

**LESLIE KEAN**

**CONGRESSIONAL  
UAP HEARING**

**#508A**

1  
00:00:44,549 --> 00:00:16,350

[Music]

2  
00:00:48,950 --> 00:00:46,790

hello and welcome to the show i'm martin

3  
00:00:51,750 --> 00:00:48,960

willis your host and we have an

4  
00:00:54,389 --> 00:00:51,760

excellent a really big shoe tonight

5  
00:00:56,069 --> 00:00:54,399

uh we have a we have two shows going on

6  
00:00:57,830 --> 00:00:56,079

tonight the first hour

7  
00:01:00,950 --> 00:00:57,840

i'm glad to see i have an exclusive

8  
00:01:03,510 --> 00:01:00,960

interview about the uh uap hearing last

9  
00:01:05,350 --> 00:01:03,520

week uh leslie kane who was actually in

10  
00:01:07,750 --> 00:01:05,360

attendance there

11  
00:01:09,670 --> 00:01:07,760

and it was a week ago today

12  
00:01:11,590 --> 00:01:09,680

and uh there's been a lot of grumbling i

13  
00:01:13,590 --> 00:01:11,600

like what uh i like what ralph

14

00:01:16,550 --> 00:01:13,600

blumenthal said last week he said let's

15

00:01:18,710 --> 00:01:16,560

not focus on the negative let's focus on

16

00:01:20,550 --> 00:01:18,720

the positive where this thing has led

17

00:01:23,190 --> 00:01:20,560

and i agree with that we're going to be

18

00:01:25,030 --> 00:01:23,200

talking about uh things with leslie what

19

00:01:26,950 --> 00:01:25,040

it was like being there and what it was

20

00:01:29,990 --> 00:01:26,960

like being there after i think that's

21

00:01:32,550 --> 00:01:30,000

also uh really important as well so the

22

00:01:35,590 --> 00:01:32,560

first hour if you're watching live uh if

23

00:01:37,590 --> 00:01:35,600

you're listening live to kg r a radio no

24

00:01:39,510 --> 00:01:37,600

problem everything's going to be all set

25

00:01:41,030 --> 00:01:39,520

for you if you're watching live what

26

00:01:43,670 --> 00:01:41,040

you're going to have to do is jump over

27

00:01:45,350 --> 00:01:43,680

to the next stream right after the hour

28

00:01:46,950 --> 00:01:45,360

is up and i'm going to be talking with

29

00:01:49,429 --> 00:01:46,960

randall nickerson

30

00:01:52,550 --> 00:01:49,439

over there about his film that just

31

00:01:56,069 --> 00:01:52,560

released last friday and that is the

32

00:01:57,670 --> 00:01:56,079

aerial phenomenon a great film and so

33

00:02:00,789 --> 00:01:57,680

just remember you want to jump over to

34

00:02:03,910 --> 00:02:00,799

the next show and that's right over on

35

00:02:05,830 --> 00:02:03,920

our youtube channel and over on facebook

36

00:02:08,469 --> 00:02:05,840

as well

37

00:02:11,830 --> 00:02:08,479

so uh our blog this week

38

00:02:14,710 --> 00:02:11,840

is a ufo and humanoids reported in

39

00:02:17,430 --> 00:02:14,720

canada by charles lear great blog as

40

00:02:19,990 --> 00:02:17,440

always and just so you know next week we

41

00:02:23,190 --> 00:02:20,000

have uh former us air force sergeant

42

00:02:25,350 --> 00:02:23,200

mario woods about a uh very frightening

43

00:02:26,869 --> 00:02:25,360

ufo encounter the hit that he had uh is

44

00:02:29,350 --> 00:02:26,879

very interesting he's been on

45

00:02:31,430 --> 00:02:29,360

unidentified in a number of other shows

46

00:02:33,190 --> 00:02:31,440

talking about that i think it's a

47

00:02:36,470 --> 00:02:33,200

discovery plus he's going to be on that

48

00:02:38,390 --> 00:02:36,480

uh soon as well so uh here we go i'm

49

00:02:41,190 --> 00:02:38,400

bringing in our guest

50

00:02:42,550 --> 00:02:41,200

leslie kane welcome hello hi martin good

51

00:02:46,710 --> 00:02:42,560

to be with you

52

00:02:49,589 --> 00:02:46,720

i always enjoy our discussions

53

00:02:52,949 --> 00:02:49,599

uh really uh i think i had you on fairly

54

00:02:54,869 --> 00:02:52,959

early you had enough faith in me that uh

55

00:02:56,390 --> 00:02:54,879

you i think you might have checked me

56

00:02:57,670 --> 00:02:56,400

out a little bit and thought i might be

57

00:02:59,110 --> 00:02:57,680

okay

58

00:03:01,509 --> 00:02:59,120

when was that are you talking when you

59

00:03:03,750 --> 00:03:01,519

say earlier when does that mean uh well

60

00:03:05,589 --> 00:03:03,760

you know i i started my show back in

61

00:03:09,110 --> 00:03:05,599

2011.

62

00:03:11,990 --> 00:03:09,120

okay and when i met in person in 2013 in

63

00:03:14,229 --> 00:03:12,000

north carolina right i remember

64

00:03:16,949 --> 00:03:14,239

and that's also when i read i met

65

00:03:19,350 --> 00:03:16,959

randall nickerson as well at the same at

66

00:03:22,630 --> 00:03:19,360

the same place right and i believe you

67

00:03:24,949 --> 00:03:22,640

were on once before that time so anyway

68

00:03:25,750 --> 00:03:24,959

you've been on a number of times and you

69

00:03:27,990 --> 00:03:25,760

uh

70

00:03:29,910 --> 00:03:28,000

i like what you have done

71

00:03:33,430 --> 00:03:29,920

and how you have helped

72

00:03:36,869 --> 00:03:33,440

move the needle and of course december

73

00:03:38,949 --> 00:03:36,879

16 2017 the new york times article

74

00:03:40,149 --> 00:03:38,959

really pushed everything ahead

75

00:03:43,270 --> 00:03:40,159

no one can

76

00:03:47,190 --> 00:03:43,280

deny that in any type of way so let's

77

00:03:49,589 --> 00:03:47,200

talk about last week and also you know

78

00:03:51,589 --> 00:03:49,599

you released an article you knew you

79

00:03:53,750 --> 00:03:51,599

somehow you knew you and ralph knew

80

00:03:54,869 --> 00:03:53,760

ahead of all of us that this was going

81

00:03:57,990 --> 00:03:54,879

to happen and

82

00:04:00,470 --> 00:03:58,000

and why such short notice first of all

83

00:04:02,309 --> 00:04:00,480

on on that did not give a very long

84

00:04:04,390 --> 00:04:02,319

notice they they didn't give up it was

85

00:04:06,789 --> 00:04:04,400

only i think didn't our story come out

86

00:04:08,390 --> 00:04:06,799

like a week before the event something

87

00:04:11,190 --> 00:04:08,400

like that yeah and

88

00:04:12,949 --> 00:04:11,200

so i found out about it maybe four or

89

00:04:15,429 --> 00:04:12,959

five days i mean i knew it was going to

90

00:04:18,710 --> 00:04:15,439

happen i just didn't know when

91

00:04:20,629 --> 00:04:18,720

and i was on hold with carson's office

92

00:04:23,430 --> 00:04:20,639

and uh

93

00:04:25,590 --> 00:04:23,440

got word okay it's happening

94

00:04:28,310 --> 00:04:25,600

you know may 17th

95

00:04:30,870 --> 00:04:28,320

uh it gave us a very very short time to

96

00:04:31,830 --> 00:04:30,880

do the story um but the biggest thing

97

00:04:33,430 --> 00:04:31,840

was

98

00:04:34,950 --> 00:04:33,440

we were waiting to get an interview with

99

00:04:37,749 --> 00:04:34,960

mr carson

100

00:04:40,070 --> 00:04:37,759

because we that was core to the uh story

101  
00:04:42,070 --> 00:04:40,080  
was to have him on the record and not

102  
00:04:43,830 --> 00:04:42,080  
just a manufactured quote like you put

103  
00:04:45,830 --> 00:04:43,840  
out in his press releases

104  
00:04:48,710 --> 00:04:45,840  
so i i it was really amazing because the

105  
00:04:50,390 --> 00:04:48,720  
story was due on a monday

106  
00:04:52,870 --> 00:04:50,400  
because we wanted to get it out

107  
00:04:55,270 --> 00:04:52,880  
the day before i guess it was

108  
00:04:57,270 --> 00:04:55,280  
of my sense of timing um

109  
00:04:58,950 --> 00:04:57,280  
anyway we want oh yeah because they were

110  
00:05:00,310 --> 00:04:58,960  
going to announce it at 10 a.m on a

111  
00:05:03,510 --> 00:05:00,320  
tuesday

112  
00:05:06,710 --> 00:05:03,520  
our we had permission from them to get

113  
00:05:09,189 --> 00:05:06,720

our story out at 3 a.m that same day or

114

00:05:11,189 --> 00:05:09,199

midnight or something so we had to get

115

00:05:14,550 --> 00:05:11,199

it into the new york times

116

00:05:16,550 --> 00:05:14,560

uh you know by noon on the monday

117

00:05:20,150 --> 00:05:16,560

and i we didn't get the interview with

118

00:05:21,990 --> 00:05:20,160

carson until 10 on that very day so

119

00:05:24,870 --> 00:05:22,000

ralph and i worked over the weekend on

120

00:05:26,150 --> 00:05:24,880

crafting the story and then we had i i

121

00:05:27,990 --> 00:05:26,160

mean i was the one that ended up doing

122

00:05:30,469 --> 00:05:28,000

the interview and then we had to i had

123

00:05:32,230 --> 00:05:30,479

to quickly process that interview and

124

00:05:34,629 --> 00:05:32,240

pick pick what we were going to put from

125

00:05:36,629 --> 00:05:34,639

him and it was very very rushed

126

00:05:37,990 --> 00:05:36,639

um because we were supposed to have had

127

00:05:40,070 --> 00:05:38,000

the interview earlier but they couldn't

128

00:05:41,749 --> 00:05:40,080

make it happen so anyway that's how it

129

00:05:43,990 --> 00:05:41,759

often goes when you're writing stories

130

00:05:45,830 --> 00:05:44,000

for the new york times but i love the

131

00:05:47,350 --> 00:05:45,840

quote that he gave for the that i put at

132

00:05:49,590 --> 00:05:47,360

the very end

133

00:05:51,189 --> 00:05:49,600

about the bipartisanship the importance

134

00:05:53,430 --> 00:05:51,199

of bipartisanship but that maybe this is

135

00:05:55,029 --> 00:05:53,440

one thing that republicans democrats

136

00:05:57,990 --> 00:05:55,039

won't fight about

137

00:06:00,309 --> 00:05:58,000

uh at least at least for a while he said

138

00:06:01,430 --> 00:06:00,319

and i think that's the case it's

139

00:06:03,189 --> 00:06:01,440  
remained

140

00:06:06,150 --> 00:06:03,199  
very bipartisan and it's just such a

141

00:06:08,150 --> 00:06:06,160  
wonderful thing to to witness that right

142

00:06:09,990 --> 00:06:08,160  
it's kind of like reagan used to say he

143

00:06:12,150 --> 00:06:10,000  
said that quote many times what if we

144

00:06:14,230 --> 00:06:12,160  
were all of a sudden contacted by an

145

00:06:15,749 --> 00:06:14,240  
extraterrestrial intelligence we would

146

00:06:17,590 --> 00:06:15,759  
all come together

147

00:06:20,230 --> 00:06:17,600  
something along those lines and who

148

00:06:22,390 --> 00:06:20,240  
knows if that would actually happen if

149

00:06:24,710 --> 00:06:22,400  
things got you know more obvious to the

150

00:06:27,029 --> 00:06:24,720  
world but we don't know um but for right

151

00:06:28,309 --> 00:06:27,039

now it's it's pretty hard to politicize

152

00:06:30,070 --> 00:06:28,319

this issue

153

00:06:33,189 --> 00:06:30,080

do you think that other countries were

154

00:06:34,790 --> 00:06:33,199

paying attention to this oh definitely

155

00:06:37,430 --> 00:06:34,800

oh yeah this was this was covered by

156

00:06:39,110 --> 00:06:37,440

media all over the world this hearing

157

00:06:41,350 --> 00:06:39,120

oh they were paying attention all over

158

00:06:43,909 --> 00:06:41,360

the world i mean the countries that

159

00:06:45,430 --> 00:06:43,919

you know i mean oh yeah i think this was

160

00:06:47,990 --> 00:06:45,440

a really big deal

161

00:06:50,469 --> 00:06:48,000

for you for everyone yeah i do too and

162

00:06:51,430 --> 00:06:50,479

hopefully there'll be more i don't know

163

00:06:54,710 --> 00:06:51,440

you know

164

00:06:57,110 --> 00:06:54,720

information whether we know that there

165

00:07:00,070 --> 00:06:57,120

will be more public hearings

166

00:07:01,189 --> 00:07:00,080

i mean i only know what people have said

167

00:07:02,629 --> 00:07:01,199

um

168

00:07:05,110 --> 00:07:02,639

you know that we should have them we

169

00:07:06,710 --> 00:07:05,120

will have them i mean lou elizondo have

170

00:07:09,110 --> 00:07:06,720

said we will definitely be having more

171

00:07:10,870 --> 00:07:09,120

hearings you know whether he where he's

172

00:07:12,710 --> 00:07:10,880

getting that information from i'm not

173

00:07:14,230 --> 00:07:12,720

completely sure but

174

00:07:15,589 --> 00:07:14,240

even some of the members of congress

175

00:07:17,110 --> 00:07:15,599

have implied that we should have more

176

00:07:19,430 --> 00:07:17,120

hearings and i think there's some

177

00:07:20,950 --> 00:07:19,440

speculation about maybe the senate is

178

00:07:23,350 --> 00:07:20,960

going to want to jump in now that the

179

00:07:25,670 --> 00:07:23,360

house has done it uh and the senate

180

00:07:27,189 --> 00:07:25,680

hearings maybe will be broader in terms

181

00:07:28,469 --> 00:07:27,199

of the kind of witnesses that they would

182

00:07:30,950 --> 00:07:28,479

call

183

00:07:32,390 --> 00:07:30,960

so it's like it's like steps and it's

184

00:07:33,990 --> 00:07:32,400

hard for me to imagine that there won't

185

00:07:37,670 --> 00:07:34,000

be more hearings

186

00:07:39,430 --> 00:07:37,680

i mean it's so clear that a lot of the

187

00:07:41,189 --> 00:07:39,440

people people in both the house and the

188

00:07:43,510 --> 00:07:41,199

senate in the intelligence committees

189

00:07:45,990 --> 00:07:43,520

committed committees are really

190

00:07:47,350 --> 00:07:46,000

passionate about this they care

191

00:07:49,350 --> 00:07:47,360

they're committed

192

00:07:51,110 --> 00:07:49,360

and it's it's we're on our way there's

193

00:07:52,309 --> 00:07:51,120

no turning back at this point and i

194

00:07:54,469 --> 00:07:52,319

really do believe that they're going to

195

00:07:56,150 --> 00:07:54,479

stay on this and that they are committed

196

00:07:58,790 --> 00:07:56,160

to it and

197

00:08:00,629 --> 00:07:58,800

so i suspect there will be more hearings

198

00:08:03,670 --> 00:08:00,639

yes and i'd want to just take a quick

199

00:08:05,670 --> 00:08:03,680

step back uh if if we could because you

200

00:08:07,909 --> 00:08:05,680

know you were talking about the new york

201  
00:08:09,350 --> 00:08:07,919  
times and

202  
00:08:11,189 --> 00:08:09,360  
uh that

203  
00:08:14,150 --> 00:08:11,199  
people should know that the new york

204  
00:08:17,510 --> 00:08:14,160  
times they're very very cautious

205  
00:08:18,950 --> 00:08:17,520  
i believe you told me before when you

206  
00:08:21,749 --> 00:08:18,960  
published the

207  
00:08:24,710 --> 00:08:21,759  
i forget how long it took the december

208  
00:08:26,469 --> 00:08:24,720  
16 2017 article

209  
00:08:28,469 --> 00:08:26,479  
before you publish that

210  
00:08:30,309 --> 00:08:28,479  
what type of scrutiny just quickly i

211  
00:08:31,990 --> 00:08:30,319  
want you to tell the listening audience

212  
00:08:33,750 --> 00:08:32,000  
what type of scrutiny that the new york

213  
00:08:35,589 --> 00:08:33,760

times has

214

00:08:37,750 --> 00:08:35,599

intense scrutiny

215

00:08:39,829 --> 00:08:37,760

multiple editors multiple layers of

216

00:08:41,909 --> 00:08:39,839

editing especially for that story i mean

217

00:08:44,630 --> 00:08:41,919

i'm sure this last one was not like that

218

00:08:46,550 --> 00:08:44,640

this is it but um

219

00:08:49,269 --> 00:08:46,560

the editing process was really really

220

00:08:51,350 --> 00:08:49,279

intense for that story and there were

221

00:08:53,110 --> 00:08:51,360

things we wished all three of us helene

222

00:08:55,190 --> 00:08:53,120

cooper and ralph and i wished could have

223

00:08:57,269 --> 00:08:55,200

stayed in there that were taken out you

224

00:08:59,030 --> 00:08:57,279

know they were they requested they were

225

00:09:00,710 --> 00:08:59,040

told us we had to get some skeptical

226

00:09:02,550 --> 00:09:00,720

comments which had nothing to do with

227

00:09:04,949 --> 00:09:02,560

the story and kind of looked ridiculous

228

00:09:06,710 --> 00:09:04,959

in there but we had to do that um you

229

00:09:08,870 --> 00:09:06,720

know and i fully respect the i mean i

230

00:09:12,070 --> 00:09:08,880

don't want to disparage them i respect

231

00:09:13,670 --> 00:09:12,080

the standards that the times holds

232

00:09:15,910 --> 00:09:13,680

i love the fact that they have such high

233

00:09:18,230 --> 00:09:15,920

standards i love the fact that they are

234

00:09:19,910 --> 00:09:18,240

on the conservative side because that's

235

00:09:21,030 --> 00:09:19,920

what gives them the credibility that

236

00:09:22,790 --> 00:09:21,040

they have

237

00:09:24,070 --> 00:09:22,800

that's why the new york times is able to

238

00:09:25,670 --> 00:09:24,080

move the needle

239

00:09:27,590 --> 00:09:25,680

you know because people know that about

240

00:09:29,670 --> 00:09:27,600

the paper and it has a lot of authority

241

00:09:32,870 --> 00:09:29,680

and you know we don't we can't publish

242

00:09:36,230 --> 00:09:32,880

stories with anonymous sources which

243

00:09:37,110 --> 00:09:36,240

other publications do on a regular basis

244

00:09:39,190 --> 00:09:37,120

uh

245

00:09:41,910 --> 00:09:39,200

it's just it's very we have you know

246

00:09:43,829 --> 00:09:41,920

there are so many stories that we see

247

00:09:45,430 --> 00:09:43,839

other publications being able to cover

248

00:09:47,110 --> 00:09:45,440

that we just can't for the new york

249

00:09:48,630 --> 00:09:47,120

times because they don't rise to the

250

00:09:51,990 --> 00:09:48,640

level of standard that the times

251  
00:09:53,269 --> 00:09:52,000  
requires and it's frustrating but it's

252  
00:09:55,269 --> 00:09:53,279  
also

253  
00:09:57,350 --> 00:09:55,279  
meaningful that when we do a story it

254  
00:09:59,910 --> 00:09:57,360  
really means something

255  
00:10:01,990 --> 00:09:59,920  
so it's it's it is um that that first

256  
00:10:04,389 --> 00:10:02,000  
story was really really

257  
00:10:05,910 --> 00:10:04,399  
intense um but i'm very happy with the

258  
00:10:08,470 --> 00:10:05,920  
way it turned out

259  
00:10:11,110 --> 00:10:08,480  
um just just because i have a moderator

260  
00:10:12,870 --> 00:10:11,120  
in there and thank you moderator um and

261  
00:10:14,870 --> 00:10:12,880  
he just noted that

262  
00:10:15,829 --> 00:10:14,880  
you did not want to discuss

263  
00:10:18,550 --> 00:10:15,839

the

264

00:10:20,389 --> 00:10:18,560

wilson document but i just want to just

265

00:10:21,750 --> 00:10:20,399

and it's because you just don't know

266

00:10:23,590 --> 00:10:21,760

enough about it

267

00:10:25,990 --> 00:10:23,600

right i mean i just want to get that out

268

00:10:27,990 --> 00:10:26,000

there i mean the wilson document

269

00:10:30,630 --> 00:10:28,000

i just don't want to comment on it uh

270

00:10:32,550 --> 00:10:30,640

ralph and i you know we've we've had a

271

00:10:35,750 --> 00:10:32,560

we've been together working on certain

272

00:10:37,670 --> 00:10:35,760

things around that but um

273

00:10:39,350 --> 00:10:37,680

you know i don't have any special

274

00:10:42,550 --> 00:10:39,360

insight into it that anyone else doesn't

275

00:10:44,470 --> 00:10:42,560

have uh i think that a lot of

276  
00:10:47,110 --> 00:10:44,480  
researchers like richard dolan have done

277  
00:10:49,750 --> 00:10:47,120  
really good analyses of that document

278  
00:10:51,509 --> 00:10:49,760  
uh i've have my own sources i talked to

279  
00:10:53,590 --> 00:10:51,519  
but i don't have anything particularly

280  
00:10:55,430 --> 00:10:53,600  
to add to the dialogue about that i just

281  
00:10:57,590 --> 00:10:55,440  
don't want to comment on it at this

282  
00:10:59,110 --> 00:10:57,600  
point i'm glad that it's

283  
00:11:00,870 --> 00:10:59,120  
in the congressional record i think

284  
00:11:02,790 --> 00:11:00,880  
that's a good thing

285  
00:11:05,430 --> 00:11:02,800  
yeah just look into it

286  
00:11:06,470 --> 00:11:05,440  
yeah speaking of that um one of the

287  
00:11:09,110 --> 00:11:06,480  
things

288  
00:11:09,829 --> 00:11:09,120

i think this is very important myself

289

00:11:18,870 --> 00:11:09,839

is

290

00:11:21,110 --> 00:11:18,880

now moultrie i guess he's had an

291

00:11:22,949 --> 00:11:21,120

interest in this but when someone first

292

00:11:25,910 --> 00:11:22,959

starts looking at this topic you can

293

00:11:28,550 --> 00:11:25,920

certainly by error go down all kinds of

294

00:11:30,790 --> 00:11:28,560

rabbit holes there's all kinds of traps

295

00:11:32,550 --> 00:11:30,800

laid out there when it comes to youtube

296

00:11:35,190 --> 00:11:32,560

videos when it comes to

297

00:11:36,870 --> 00:11:35,200

um the fringe that sounds really

298

00:11:38,069 --> 00:11:36,880

interesting things that have been

299

00:11:40,470 --> 00:11:38,079

disproven

300

00:11:42,870 --> 00:11:40,480

how when they're going to investigate

301

00:11:44,949 --> 00:11:42,880

how are they going to avoid

302

00:11:48,630 --> 00:11:44,959

these little sand traps

303

00:11:51,110 --> 00:11:48,640

of uh you know the the hoaxes etc out

304

00:11:53,190 --> 00:11:51,120

there i mean do they it's almost like

305

00:11:54,069 --> 00:11:53,200

they need someone like you or someone

306

00:11:56,949 --> 00:11:54,079

that's

307

00:11:58,790 --> 00:11:56,959

really well versed in the ufo topic

308

00:12:00,310 --> 00:11:58,800

that has a level head that's not going

309

00:12:02,389 --> 00:12:00,320

to let them go down

310

00:12:05,269 --> 00:12:02,399

the the wrong paths

311

00:12:07,030 --> 00:12:05,279

i think they will i mean i i think that

312

00:12:07,990 --> 00:12:07,040

people like lou elizondo and chris

313

00:12:09,829 --> 00:12:08,000

mellon

314

00:12:12,230 --> 00:12:09,839

can provide those kinds of services to

315

00:12:14,710 --> 00:12:12,240

them and i i assume that they will

316

00:12:15,990 --> 00:12:14,720

consult with chris and lou and and

317

00:12:18,069 --> 00:12:16,000

others um

318

00:12:19,750 --> 00:12:18,079

and i just want to also just take my hat

319

00:12:21,430 --> 00:12:19,760

off to chris mellon and louis lozando

320

00:12:23,509 --> 00:12:21,440

because if it weren't for them

321

00:12:26,389 --> 00:12:23,519

there wouldn't have been any hearings

322

00:12:28,069 --> 00:12:26,399

and they have just been incredibly

323

00:12:29,430 --> 00:12:28,079

important working behind the scenes i

324

00:12:30,550 --> 00:12:29,440

mean i've been in touch with them over

325

00:12:32,230 --> 00:12:30,560

the years

326

00:12:33,350 --> 00:12:32,240

about the work they do behind the scenes

327

00:12:34,710 --> 00:12:33,360

and i don't know if everybody knows

328

00:12:37,030 --> 00:12:34,720

about it especially from chris because

329

00:12:41,350 --> 00:12:37,040

he's pretty quiet about it but they are

330

00:12:44,069 --> 00:12:41,360

absolutely major players in this and

331

00:12:45,990 --> 00:12:44,079

i think that they are in touch with the

332

00:12:46,870 --> 00:12:46,000

key people in both the senate and the

333

00:12:48,870 --> 00:12:46,880

house

334

00:12:50,710 --> 00:12:48,880

that are looking into this and and i'm

335

00:12:53,350 --> 00:12:50,720

sure that those members will go to them

336

00:12:55,350 --> 00:12:53,360

for advice um about you know issues that

337

00:12:56,470 --> 00:12:55,360

are of the craziness of things they can

338

00:12:58,069 --> 00:12:56,480

run into

339

00:12:59,509 --> 00:12:58,079

i'm sure they have good people guiding

340

00:13:01,990 --> 00:12:59,519

them about that

341

00:13:03,829 --> 00:13:02,000

yeah i know i know louis and washington

342

00:13:05,990 --> 00:13:03,839

dc quite a bit

343

00:13:08,389 --> 00:13:06,000

um yeah you know just when because i've

344

00:13:10,389 --> 00:13:08,399

been in touch with this uh with his wife

345

00:13:12,870 --> 00:13:10,399

i'm just you know trying to communicate

346

00:13:15,590 --> 00:13:12,880

with him basically so it's interesting

347

00:13:16,870 --> 00:13:15,600

and you're not the first person that has

348

00:13:19,430 --> 00:13:16,880

said that to me that this would have

349

00:13:20,949 --> 00:13:19,440

never happened without their efforts

350

00:13:23,030 --> 00:13:20,959

which is great i mean the first the

351

00:13:25,910 --> 00:13:23,040

first step in the whole domino effect

352

00:13:28,470 --> 00:13:25,920

was lou resigning from the dod

353

00:13:30,069 --> 00:13:28,480

lou resigning from atip that's what set

354

00:13:31,110 --> 00:13:30,079

everything in motion and then allowing

355

00:13:32,629 --> 00:13:31,120

us to

356

00:13:35,030 --> 00:13:32,639

publish that story in the new york times

357

00:13:37,350 --> 00:13:35,040

and that but it was really him he he

358

00:13:39,110 --> 00:13:37,360

started the whole thing and he's still

359

00:13:40,710 --> 00:13:39,120

deeply involved in making a major

360

00:13:42,310 --> 00:13:40,720

contribution

361

00:13:44,790 --> 00:13:42,320

yes yep

362

00:13:46,949 --> 00:13:44,800

and uh he has stepped back from doing

363

00:13:49,189 --> 00:13:46,959

podcasts for a little while

364

00:13:51,430 --> 00:13:49,199

there's uh there's a lot of controversy

365

00:13:54,069 --> 00:13:51,440

uh people are attacking him and things

366

00:13:56,389 --> 00:13:54,079

like that so um but he's always got a

367

00:13:57,509 --> 00:13:56,399

welcome place here whenever um he would

368

00:14:00,949 --> 00:13:57,519

like to talk

369

00:14:03,350 --> 00:14:00,959

so um let's talk about you decided you

370

00:14:04,710 --> 00:14:03,360

were going to go to the hearing and so

371

00:14:07,189 --> 00:14:04,720

how did all that

372

00:14:08,629 --> 00:14:07,199

how was that yeah i didn't just decide

373

00:14:10,470 --> 00:14:08,639

you can't just sort of decide and say

374

00:14:12,629 --> 00:14:10,480

i'm going you have to get in that's not

375

00:14:13,910 --> 00:14:12,639

easy the reason i was able to go was

376

00:14:16,230 --> 00:14:13,920

because i'm working

377

00:14:19,189 --> 00:14:16,240

with c i'm working on a five-part series

378

00:14:21,030 --> 00:14:19,199

for cnn on ufos with breakthrough films

379

00:14:23,189 --> 00:14:21,040

which is the same film company that did

380

00:14:24,710 --> 00:14:23,199

surviving death for netflix based on my

381

00:14:26,389 --> 00:14:24,720

other book

382

00:14:27,750 --> 00:14:26,399

met my book called surviving death and

383

00:14:29,670 --> 00:14:27,760

um so i've worked with this company for

384

00:14:31,430 --> 00:14:29,680

years and um

385

00:14:33,430 --> 00:14:31,440

because of the the fact that we're doing

386

00:14:35,829 --> 00:14:33,440

the series for cnn i was able to get a

387

00:14:37,430 --> 00:14:35,839

press pass through cnn

388

00:14:39,110 --> 00:14:37,440

because as an independent journalist

389

00:14:40,710 --> 00:14:39,120

otherwise i wouldn't you know yeah i

390

00:14:43,110 --> 00:14:40,720

have to get a press pass from somebody

391

00:14:45,910 --> 00:14:43,120

to get in and you have to go through the

392

00:14:47,750 --> 00:14:45,920

uh required assess you know whatever

393

00:14:49,590 --> 00:14:47,760

they have to do to approve you

394

00:14:51,350 --> 00:14:49,600

which which they did for me at cnn so

395

00:14:52,310 --> 00:14:51,360

that's how i was able to sit in that

396

00:14:53,910 --> 00:14:52,320

room

397

00:14:55,750 --> 00:14:53,920

with the rest of the media that was in

398

00:14:57,269 --> 00:14:55,760

there and you couldn't see them

399

00:14:59,030 --> 00:14:57,279

they're sort of in the back of the room

400

00:15:01,590 --> 00:14:59,040

in little tables so you when they when

401  
00:15:04,069 --> 00:15:01,600  
they showed it on c-span you can't see

402  
00:15:05,509 --> 00:15:04,079  
all the media that are sitting around

403  
00:15:07,509 --> 00:15:05,519  
but you know there were people there

404  
00:15:08,790 --> 00:15:07,519  
from the washington post and major media

405  
00:15:09,829 --> 00:15:08,800  
all of them were there

406  
00:15:11,670 --> 00:15:09,839  
um

407  
00:15:15,110 --> 00:15:11,680  
and it was just

408  
00:15:17,670 --> 00:15:15,120  
i just felt it really uh thrilling to be

409  
00:15:19,910 --> 00:15:17,680  
physically in that space i mean

410  
00:15:21,829 --> 00:15:19,920  
it was like i couldn't see the it was a

411  
00:15:24,150 --> 00:15:21,839  
huge room as you can see and i couldn't

412  
00:15:26,069 --> 00:15:24,160  
really see the faces of the of the the

413  
00:15:27,990 --> 00:15:26,079

members who were asking the questions i

414

00:15:31,110 --> 00:15:28,000

was sort of sitting to the side and kind

415

00:15:32,150 --> 00:15:31,120

of behind the two witnesses so

416

00:15:33,749 --> 00:15:32,160

it's like

417

00:15:35,990 --> 00:15:33,759

but none of that really mattered to me

418

00:15:37,350 --> 00:15:36,000

you know i could hear everything and and

419

00:15:38,629 --> 00:15:37,360

when they first showed the video i

420

00:15:40,710 --> 00:15:38,639

couldn't even see it because i was

421

00:15:42,629 --> 00:15:40,720

behind the screen then eventually i

422

00:15:44,310 --> 00:15:42,639

stood up and was able to see it but

423

00:15:46,790 --> 00:15:44,320

it you know the the what was important

424

00:15:49,269 --> 00:15:46,800

to me was just this the thrill of being

425

00:15:51,350 --> 00:15:49,279

in that physical space for this historic

426

00:15:53,030 --> 00:15:51,360

event and i really do feel i know people

427

00:15:55,749 --> 00:15:53,040

are unhappy with a lot of what happened

428

00:15:57,590 --> 00:15:55,759

there but i feel like as ralph said

429

00:15:59,269 --> 00:15:57,600

that overall this was an amazing

430

00:16:01,670 --> 00:15:59,279

positive development that this hearing

431

00:16:03,269 --> 00:16:01,680

happened at all and that the members did

432

00:16:04,949 --> 00:16:03,279

ask good questions

433

00:16:08,389 --> 00:16:04,959

and it just teaches us where we need to

434

00:16:09,910 --> 00:16:08,399

go next and that's really valuable so i

435

00:16:11,509 --> 00:16:09,920

just was really really i felt so

436

00:16:13,509 --> 00:16:11,519

fortunate that i could be in that in

437

00:16:15,189 --> 00:16:13,519

that room that was the main thing um

438

00:16:17,509 --> 00:16:15,199

yeah and just absorbed the energy of

439

00:16:19,030 --> 00:16:17,519

that and this you know being or hanging

440

00:16:21,030 --> 00:16:19,040

around while they were setting up and

441

00:16:23,269 --> 00:16:21,040

the members were filing in and watching

442

00:16:24,389 --> 00:16:23,279

carson you know he sat there for like 15

443

00:16:26,870 --> 00:16:24,399

minutes

444

00:16:29,829 --> 00:16:26,880

just studying his notes and

445

00:16:32,150 --> 00:16:29,839

just kind of um you know media walking

446

00:16:33,829 --> 00:16:32,160

around doing spot photos and interviews

447

00:16:35,670 --> 00:16:33,839

with people and then

448

00:16:37,110 --> 00:16:35,680

just being able to be present for it was

449

00:16:39,670 --> 00:16:37,120

was really cool

450

00:16:41,509 --> 00:16:39,680

that's great i'm going to play a clip of

451  
00:16:43,829 --> 00:16:41,519  
scott bray

452  
00:16:47,749 --> 00:16:43,839  
okay it's just a short clip right here

453  
00:16:51,430 --> 00:16:49,670  
chairman schiff chairman carson ranking

454  
00:16:53,110 --> 00:16:51,440  
member crawford and committee members

455  
00:16:54,310 --> 00:16:53,120  
thank you very much for the opportunity

456  
00:16:55,509 --> 00:16:54,320  
to be here today to highlight the

457  
00:16:57,990 --> 00:16:55,519  
ongoing work of the department of

458  
00:17:01,509 --> 00:16:58,000  
defense regarding unidentified aerial

459  
00:17:03,509 --> 00:17:01,519  
phenomena since the early 2000s

460  
00:17:05,750 --> 00:17:03,519  
we have seen an increasing number of

461  
00:17:06,789 --> 00:17:05,760  
unauthorized and or unidentified

462  
00:17:08,949 --> 00:17:06,799  
aircraft or objects in

463  
00:17:10,870 --> 00:17:08,959

military-controlled training areas

464

00:17:11,909 --> 00:17:10,880

and training ranges and other designated

465

00:17:14,230 --> 00:17:11,919

airspace

466

00:17:15,510 --> 00:17:14,240

reports of sightings are frequent and

467

00:17:17,510 --> 00:17:15,520

continuing

468

00:17:19,189 --> 00:17:17,520

we attribute this increase in reporting

469

00:17:21,510 --> 00:17:19,199

to a number of factors including our

470

00:17:23,510 --> 00:17:21,520

work to destigmatize reporting an

471

00:17:25,510 --> 00:17:23,520

increase in the number of new systems

472

00:17:27,750 --> 00:17:25,520

such as quadcopters and unmanned aerial

473

00:17:29,430 --> 00:17:27,760

systems that are in our airspace

474

00:17:31,350 --> 00:17:29,440

identification of what we can classify

475

00:17:33,430 --> 00:17:31,360

as clutter mylar balloons and other

476

00:17:35,270 --> 00:17:33,440

types of air trash

477

00:17:37,669 --> 00:17:35,280

and improvements in the capabilities of

478

00:17:39,190 --> 00:17:37,679

our various sensors to detect things in

479

00:17:41,110 --> 00:17:39,200

our airspace

480

00:17:42,630 --> 00:17:41,120

almost two years ago in august of 2020

481

00:17:43,909 --> 00:17:42,640

deputy secretary defense nordquist

482

00:17:46,230 --> 00:17:43,919

directed the establishment of the

483

00:17:48,710 --> 00:17:46,240

unidentified aerial phenomena task force

484

00:17:50,630 --> 00:17:48,720

within the department of the navy the

485

00:17:52,870 --> 00:17:50,640

uap task force was built on the

486

00:17:54,390 --> 00:17:52,880

foundation of the navy's initial efforts

487

00:17:56,950 --> 00:17:54,400

to respond to the reports from our

488

00:17:58,950 --> 00:17:56,960

aviators on unidentified objects

489

00:18:01,430 --> 00:17:58,960

observed in our training ranges

490

00:18:03,430 --> 00:18:01,440

the basic issues then and now are

491

00:18:05,029 --> 00:18:03,440

twofold first

492

00:18:07,110 --> 00:18:05,039

incursions in our training ranges by

493

00:18:09,110 --> 00:18:07,120

unidentified objects represent serious

494

00:18:12,230 --> 00:18:09,120

hazards to safety of flight

495

00:18:14,549 --> 00:18:12,240

in every aspect of naval aviation safety

496

00:18:15,669 --> 00:18:14,559

of our air crews is paramount

497

00:18:17,669 --> 00:18:15,679

second

498

00:18:19,909 --> 00:18:17,679

intrusions by unknown aircraft or

499

00:18:22,710 --> 00:18:19,919

objects pose potential threats to the

500

00:18:24,950 --> 00:18:22,720

security of our operations our aviators

501  
00:18:27,190 --> 00:18:24,960  
train as they would fight

502  
00:18:29,270 --> 00:18:27,200  
so any intrusions that may compromise

503  
00:18:31,510 --> 00:18:29,280  
the security of our operations by

504  
00:18:33,350 --> 00:18:31,520  
revealing our capabilities our tactics

505  
00:18:35,750 --> 00:18:33,360  
techniques or procedures

506  
00:18:37,750 --> 00:18:35,760  
are of great concern to the navy and the

507  
00:18:39,750 --> 00:18:37,760  
department of defense

508  
00:18:42,870 --> 00:18:39,760  
from the very beginning we took these

509  
00:18:44,630 --> 00:18:42,880  
reports very seriously we instituted a

510  
00:18:46,390 --> 00:18:44,640  
data-driven approach to the

511  
00:18:48,549 --> 00:18:46,400  
investigations where we could collect as

512  
00:18:50,950 --> 00:18:48,559  
much data as possible and use all

513  
00:18:52,390 --> 00:18:50,960

available resources to analyze and make

514

00:18:54,870 --> 00:18:52,400

informed decisions on the best ways to

515

00:18:57,510 --> 00:18:54,880

address our findings our main objective

516

00:19:00,310 --> 00:18:57,520

was to transition uap efforts from an

517

00:19:02,950 --> 00:19:00,320

anecdotal or narrative based

518

00:19:05,909 --> 00:19:02,960

approach to a rigorous science and

519

00:19:07,830 --> 00:19:05,919

technology engineering focused study

520

00:19:09,830 --> 00:19:07,840

this data-driven approach

521

00:19:11,190 --> 00:19:09,840

requires input from a wide variety of

522

00:19:13,350 --> 00:19:11,200

sources

523

00:19:14,710 --> 00:19:13,360

in the early stages the task force

524

00:19:16,710 --> 00:19:14,720

worked to standardize the reporting

525

00:19:18,230 --> 00:19:16,720

mechanisms and processes to make it as

526

00:19:19,990 --> 00:19:18,240

easy as possible

527

00:19:21,990 --> 00:19:20,000

for personnel to report any engagement

528

00:19:27,350 --> 00:19:22,000

so that we were getting that wide range

529

00:19:31,430 --> 00:19:29,110

well i think i think that's all very

530

00:19:34,150 --> 00:19:31,440

important because

531

00:19:35,669 --> 00:19:34,160

think of the change of the way

532

00:19:41,190 --> 00:19:35,679

it was

533

00:19:43,029 --> 00:19:41,200

subject before and now

534

00:19:44,789 --> 00:19:43,039

it's like they're handing them an easy

535

00:19:46,789 --> 00:19:44,799

way to report it

536

00:19:48,070 --> 00:19:46,799

um and the best line i like in that

537

00:19:50,230 --> 00:19:48,080

whole thing is

538

00:19:52,870 --> 00:19:50,240

to change it from anecdotal

539

00:19:54,470 --> 00:19:52,880

to you know science-based

540

00:19:55,590 --> 00:19:54,480

data

541

00:19:57,669 --> 00:19:55,600

i think that's

542

00:19:59,669 --> 00:19:57,679

yeah let's hope it happens i mean i

543

00:20:01,990 --> 00:19:59,679

think he's describing

544

00:20:04,710 --> 00:20:02,000

something that hasn't is he describes it

545

00:20:06,390 --> 00:20:04,720

as if more has happened in that regard

546

00:20:08,470 --> 00:20:06,400

than actually has happened i mean i

547

00:20:10,390 --> 00:20:08,480

think they they still have a long way to

548

00:20:13,350 --> 00:20:10,400

go to pull all this data together and

549

00:20:15,990 --> 00:20:13,360

get their project their program rolling

550

00:20:17,830 --> 00:20:16,000

um so he's putting his best face on it

551  
00:20:19,669 --> 00:20:17,840  
but um

552  
00:20:20,789 --> 00:20:19,679  
yeah i mean

553  
00:20:24,710 --> 00:20:20,799  
it's not a whole lot you know i think

554  
00:20:26,230 --> 00:20:24,720  
we've we've all seen that many times and

555  
00:20:27,990 --> 00:20:26,240  
you know i don't know what i i don't

556  
00:20:29,830 --> 00:20:28,000  
know what else to say about it but i i

557  
00:20:32,710 --> 00:20:29,840  
mean i'm very positive about the whole

558  
00:20:33,510 --> 00:20:32,720  
thing but you know but i do feel like i

559  
00:20:35,990 --> 00:20:33,520  
mean

560  
00:20:38,630 --> 00:20:36,000  
there was a sense that these guys first

561  
00:20:39,909 --> 00:20:38,640  
of all don't know all that much about

562  
00:20:41,669 --> 00:20:39,919  
ufos

563  
00:20:43,430 --> 00:20:41,679

yeah and their their job is really to

564

00:20:45,270 --> 00:20:43,440

pull these programs together and kind of

565

00:20:47,350 --> 00:20:45,280

collect data and get everything

566

00:20:49,669 --> 00:20:47,360

organized and it's not to sit around and

567

00:20:51,430 --> 00:20:49,679

look at cases themselves

568

00:20:53,190 --> 00:20:51,440

it was good to hear they finally have a

569

00:20:55,029 --> 00:20:53,200

director for the program which took a

570

00:20:57,510 --> 00:20:55,039

while and um so

571

00:20:59,909 --> 00:20:57,520

yeah you know anyway i think it's all

572

00:21:01,590 --> 00:20:59,919

good um it might be it might be fun to

573

00:21:03,110 --> 00:21:01,600

watch this um

574

00:21:06,230 --> 00:21:03,120

to talk a little bit about tim burchett

575

00:21:09,029 --> 00:21:06,240

because he's such a stark contrast to

576

00:21:10,549 --> 00:21:09,039

what you saw here i mean uh yeah the

577

00:21:13,190 --> 00:21:10,559

hearing was over

578

00:21:16,149 --> 00:21:13,200

so congressman tim burchett from

579

00:21:19,590 --> 00:21:16,159

tennessee is like this fire brand you

580

00:21:20,789 --> 00:21:19,600

know passionate outspoken bold person on

581

00:21:23,430 --> 00:21:20,799

this issue

582

00:21:25,190 --> 00:21:23,440

and he was the only member of congress

583

00:21:26,870 --> 00:21:25,200

other than the house members who were

584

00:21:28,789 --> 00:21:26,880

who were part of the committee who who

585

00:21:31,110 --> 00:21:28,799

came to the hearing he was kind of

586

00:21:32,390 --> 00:21:31,120

pulled by a poll by that he

587

00:21:34,310 --> 00:21:32,400

you know why should he have been the

588

00:21:36,710 --> 00:21:34,320

only one there he was unhappy there

589

00:21:38,549 --> 00:21:36,720

weren't more people that just came from

590

00:21:40,230 --> 00:21:38,559

outside the committee he was he was

591

00:21:41,830 --> 00:21:40,240

pleased that schiff was there which

592

00:21:44,710 --> 00:21:41,840

which was really great

593

00:21:46,549 --> 00:21:44,720

but after the um the hearing you know

594

00:21:48,310 --> 00:21:46,559

he was somebody just asked him a

595

00:21:49,110 --> 00:21:48,320

question as he was leaving the hearing

596

00:21:50,870 --> 00:21:49,120

room

597

00:21:52,950 --> 00:21:50,880

and before you knew it the media was

598

00:21:54,710 --> 00:21:52,960

just swarmed around him with their their

599

00:21:56,390 --> 00:21:54,720

microphones and their and i was there

600

00:21:58,630 --> 00:21:56,400

with my cell phone

601  
00:22:00,390 --> 00:21:58,640  
and he was just you know people loved

602  
00:22:01,830 --> 00:22:00,400  
the kinds of the way he was answering

603  
00:22:04,230 --> 00:22:01,840  
these questions

604  
00:22:05,350 --> 00:22:04,240  
so i put i took a a clip with my cell

605  
00:22:06,789 --> 00:22:05,360  
phone

606  
00:22:08,070 --> 00:22:06,799  
and i guess you have it martin if you

607  
00:22:10,390 --> 00:22:08,080  
want to display that i just think it'd

608  
00:22:12,070 --> 00:22:10,400  
be really fun for people to see it and

609  
00:22:13,830 --> 00:22:12,080  
get the energy of this this very

610  
00:22:16,149 --> 00:22:13,840  
different kind of guy who's

611  
00:22:17,990 --> 00:22:16,159  
talking about this yeah here we go

612  
00:22:19,430 --> 00:22:18,000  
what needs to happen i think we need to

613  
00:22:20,870 --> 00:22:19,440

be transparent we need to trust the

614

00:22:22,549 --> 00:22:20,880

american public

615

00:22:24,630 --> 00:22:22,559

people that would

616

00:22:26,470 --> 00:22:24,640

just give them all that we have quit

617

00:22:28,230 --> 00:22:26,480

giving these redacted reports quit

618

00:22:29,990 --> 00:22:28,240

telling us we're going to have a report

619

00:22:31,909 --> 00:22:30,000

comes out come out and it's something i

620

00:22:33,750 --> 00:22:31,919

could have written in the fifth grade

621

00:22:35,830 --> 00:22:33,760

and and just then say oh we gave you a

622

00:22:38,149 --> 00:22:35,840

report then they move on it's just the

623

00:22:39,350 --> 00:22:38,159

arrogance of the military and the

624

00:22:40,950 --> 00:22:39,360

pentagon

625

00:22:43,029 --> 00:22:40,960

and congress

626

00:22:45,510 --> 00:22:43,039

it's that's why people don't trust us i

627

00:22:47,350 --> 00:22:45,520

have a t-shirt that i sell on my website

628

00:22:48,230 --> 00:22:47,360

and it sells very well it says more

629

00:22:50,549 --> 00:22:48,240

people

630

00:22:53,350 --> 00:22:50,559

believe in ufos and believe in congress

631

00:22:55,029 --> 00:22:53,360

and this is the very example why because

632

00:22:56,950 --> 00:22:55,039

uh and i'm not holding any of the

633

00:22:59,350 --> 00:22:56,960

committee members at fault or these

634

00:23:01,110 --> 00:22:59,360

people here but because what they have i

635

00:23:04,390 --> 00:23:01,120

think is a very compartmentalized

636

00:23:15,029 --> 00:23:04,400

knowledge of what is going on really

637

00:23:18,630 --> 00:23:17,029

i guess you know my biggest surprise

638

00:23:20,310 --> 00:23:18,640

when i got to congress was that i wasn't

639

00:23:22,149 --> 00:23:20,320

surprised the biggest surprise in here

640

00:23:24,470 --> 00:23:22,159

was i wasn't surprised they're not going

641

00:23:26,789 --> 00:23:24,480

to come forth with any information

642

00:23:28,950 --> 00:23:26,799

any of the photos or any uh

643

00:23:31,830 --> 00:23:28,960

real witnesses and i know what they'll

644

00:23:33,830 --> 00:23:31,840

say it's all under classified but if i

645

00:23:34,950 --> 00:23:33,840

know about it i'm not in a classic it

646

00:23:37,510 --> 00:23:34,960

seems as though it's all under

647

00:23:40,070 --> 00:23:37,520

classified or they were not given the

648

00:23:42,630 --> 00:23:40,080

official report we saw

649

00:23:43,430 --> 00:23:42,640

gallagher raised uh some concerns about

650

00:23:45,430 --> 00:23:43,440

some

651  
00:23:47,110 --> 00:23:45,440  
variants yeah and that has been

652  
00:23:49,590 --> 00:23:47,120  
something that's been out for a long

653  
00:23:51,750 --> 00:23:49,600  
time i was i was sort of surprised that

654  
00:23:52,789 --> 00:23:51,760  
they denied even knowledge of it which

655  
00:23:55,350 --> 00:23:52,799  
to me is

656  
00:23:56,870 --> 00:23:55,360  
is there is um

657  
00:23:58,950 --> 00:23:56,880  
it's pretty much

658  
00:24:00,390 --> 00:23:58,960  
typified the whole hearing i think and

659  
00:24:01,909 --> 00:24:00,400  
what all this is we keep hearing about

660  
00:24:03,830 --> 00:24:01,919  
sources and methods that have to be

661  
00:24:05,669 --> 00:24:03,840  
protected um is there a way to find out

662  
00:24:08,390 --> 00:24:05,679  
in closed session whether or not

663  
00:24:10,310 --> 00:24:08,400

these objects are coming from space i

664

00:24:11,590 --> 00:24:10,320

mean that question seems to be

665

00:24:13,430 --> 00:24:11,600

i think that's going to be a logical

666

00:24:15,909 --> 00:24:13,440

question

667

00:24:21,269 --> 00:24:15,919

yeah i i don't know i'm not in i'm not i

668

00:24:24,630 --> 00:24:23,110

how high the radar contract but is there

669

00:24:25,430 --> 00:24:24,640

a way to just simply ask in closed

670

00:24:27,990 --> 00:24:25,440

session

671

00:24:29,430 --> 00:24:28,000

did it come from 100 percent

672

00:24:31,669 --> 00:24:29,440

yeah do you think it's counterproductive

673

00:24:33,590 --> 00:24:31,679

what congressman gallagher brought up

674

00:24:35,029 --> 00:24:33,600

no i think gallagher

675

00:24:36,710 --> 00:24:35,039

raised a very good question it just

676

00:24:38,789 --> 00:24:36,720

proved my point that they're not very

677

00:24:41,510 --> 00:24:38,799

forthcoming with information but i

678

00:24:42,549 --> 00:24:41,520

believe it's because of uh

679

00:24:47,110 --> 00:24:42,559

their knowledge is very

680

00:24:51,110 --> 00:24:49,510

yeah he's really he's really cool

681

00:24:52,390 --> 00:24:51,120

it's like we're being the reporter right

682

00:24:54,549 --> 00:24:52,400

in the room

683

00:24:56,390 --> 00:24:54,559

he said um you know

684

00:24:58,950 --> 00:24:56,400

basically he thinks that there's he

685

00:25:00,549 --> 00:24:58,960

calls it a cover-up and he says um he

686

00:25:03,029 --> 00:25:00,559

doesn't trust the dod

687

00:25:05,190 --> 00:25:03,039

and he says why are we giving the agency

688

00:25:07,430 --> 00:25:05,200

that's responsible for the cover-up

689

00:25:09,830 --> 00:25:07,440

giving them the power to be the ones to

690

00:25:12,310 --> 00:25:09,840

do the investigation

691

00:25:14,070 --> 00:25:12,320

like the fox and the house exactly i

692

00:25:16,710 --> 00:25:14,080

mean that's uh he makes that point all

693

00:25:19,350 --> 00:25:16,720

the time and you know i mean regardless

694

00:25:21,909 --> 00:25:19,360

if many maybe other members are thinking

695

00:25:24,149 --> 00:25:21,919

that they wouldn't say it and he's just

696

00:25:26,390 --> 00:25:24,159

he just let's lets it rip

697

00:25:28,789 --> 00:25:26,400

yeah i love that and so there was

698

00:25:30,390 --> 00:25:28,799

besides schiff and him there was no one

699

00:25:31,990 --> 00:25:30,400

else from outside

700

00:25:33,990 --> 00:25:32,000

that attention there was no one else i

701  
00:25:35,990 --> 00:25:34,000  
mean he sat in this the rows you know

702  
00:25:37,830 --> 00:25:36,000  
that were behind the two were behind

703  
00:25:39,029 --> 00:25:37,840  
moultrie and bray there were some rows

704  
00:25:41,269 --> 00:25:39,039  
of seats

705  
00:25:43,269 --> 00:25:41,279  
which were for people like him he sat

706  
00:25:45,110 --> 00:25:43,279  
there but there wasn't one other

707  
00:25:46,470 --> 00:25:45,120  
elected official there

708  
00:25:48,549 --> 00:25:46,480  
except for him

709  
00:25:49,990 --> 00:25:48,559  
and he was unhappy about that yeah yeah

710  
00:25:51,909 --> 00:25:50,000  
but you know they they'll probably i'm

711  
00:25:53,830 --> 00:25:51,919  
sure they're all watching it

712  
00:25:56,070 --> 00:25:53,840  
i mean they you know they know they can

713  
00:25:57,350 --> 00:25:56,080

watch it on on the video so maybe that's

714

00:25:59,990 --> 00:25:57,360

why

715

00:26:02,870 --> 00:26:00,000

he's really devoted to this issue

716

00:26:04,630 --> 00:26:02,880

yeah and um i like his t-shirt too

717

00:26:07,350 --> 00:26:04,640

yeah he's just uh

718

00:26:10,070 --> 00:26:07,360

has a lot of passion i am was able to go

719

00:26:11,190 --> 00:26:10,080

speak with him some more afterwards and

720

00:26:13,830 --> 00:26:11,200

the other person that was there with

721

00:26:15,029 --> 00:26:13,840

ryan graves who also held court with the

722

00:26:16,789 --> 00:26:15,039

media

723

00:26:18,390 --> 00:26:16,799

after the uh

724

00:26:20,149 --> 00:26:18,400

after it happened he was out in the hall

725

00:26:21,830 --> 00:26:20,159

and the media came all i mean they were

726

00:26:22,630 --> 00:26:21,840

they were really interested in these

727

00:26:24,470 --> 00:26:22,640

other

728

00:26:27,029 --> 00:26:24,480

people that were there like him and and

729

00:26:29,029 --> 00:26:27,039

burchett and i actually introduced ryan

730

00:26:31,510 --> 00:26:29,039

to timber chet so they met for the first

731

00:26:32,390 --> 00:26:31,520

time and it was great that he was there

732

00:26:34,789 --> 00:26:32,400

um

733

00:26:37,029 --> 00:26:34,799

he really added a lot to you know being

734

00:26:39,110 --> 00:26:37,039

being available for interviews so

735

00:26:41,669 --> 00:26:39,120

that was cool yeah yeah yeah that's

736

00:26:44,230 --> 00:26:41,679

great and he touched on just for a

737

00:26:47,430 --> 00:26:44,240

second on historic

738

00:26:49,190 --> 00:26:47,440

you know basically on historic cases uh

739

00:26:50,070 --> 00:26:49,200

that gallagher brought up

740

00:26:50,789 --> 00:26:50,080

and

741

00:26:56,549 --> 00:26:50,799

i

742

00:26:59,909 --> 00:26:56,559

you know whether these are our

743

00:27:02,630 --> 00:26:59,919

adversaries whether these are you know

744

00:27:04,549 --> 00:27:02,640

china or russia or you know

745

00:27:06,549 --> 00:27:04,559

some other technology that we're unaware

746

00:27:08,789 --> 00:27:06,559

of i really like the fact that they said

747

00:27:10,950 --> 00:27:08,799

there's no blue on blue which means it's

748

00:27:12,950 --> 00:27:10,960

not we're not chasing our own tales that

749

00:27:15,590 --> 00:27:12,960

type of thing but

750

00:27:18,789 --> 00:27:15,600

when it comes to historical cases that

751  
00:27:20,710 --> 00:27:18,799  
seems like it's always lacking because

752  
00:27:22,630 --> 00:27:20,720  
as you know you know these there have

753  
00:27:24,789 --> 00:27:22,640  
been accounts of things

754  
00:27:26,630 --> 00:27:24,799  
you know maneuvering like people are

755  
00:27:28,950 --> 00:27:26,640  
seeing today the military is seeing

756  
00:27:30,549 --> 00:27:28,960  
today many many years ago before it

757  
00:27:33,110 --> 00:27:30,559  
would just be impossible for that

758  
00:27:34,789 --> 00:27:33,120  
technology to be available at the time

759  
00:27:37,510 --> 00:27:34,799  
that people have witnessed them in the

760  
00:27:40,149 --> 00:27:37,520  
60s and the 70s and 80s you know

761  
00:27:41,590 --> 00:27:40,159  
and if that technology existed out there

762  
00:27:44,549 --> 00:27:41,600  
we would know about it

763  
00:27:46,549 --> 00:27:44,559

there's there's just no way around it

764

00:27:48,549 --> 00:27:46,559

i i agree with you i mean i don't see

765

00:27:50,310 --> 00:27:48,559

how it could possibly possibly be

766

00:27:52,230 --> 00:27:50,320

russian or chinese

767

00:27:54,549 --> 00:27:52,240

certainly not all of them

768

00:27:56,230 --> 00:27:54,559

i mean you know it's just uh and tim

769

00:27:57,750 --> 00:27:56,240

burchard will come right out and say

770

00:28:00,789 --> 00:27:57,760

that it's just

771

00:28:02,230 --> 00:28:00,799

not possible i think we are moving more

772

00:28:03,669 --> 00:28:02,240

towards more and more people being

773

00:28:05,110 --> 00:28:03,679

willing to really

774

00:28:06,710 --> 00:28:05,120

say that but

775

00:28:09,750 --> 00:28:06,720

there's always that

776

00:28:12,230 --> 00:28:09,760

they leave that door open you know that

777

00:28:13,430 --> 00:28:12,240

and certainly the witnesses were very uh

778

00:28:14,710 --> 00:28:13,440

you know

779

00:28:16,230 --> 00:28:14,720

careful about

780

00:28:17,830 --> 00:28:16,240

saying anything too radical and they

781

00:28:20,710 --> 00:28:17,840

would leave that door open no they could

782

00:28:23,909 --> 00:28:20,720

they could be adversarial technology

783

00:28:25,830 --> 00:28:23,919

um it seems pretty unlikely i mean

784

00:28:27,269 --> 00:28:25,840

and i think the question that he raised

785

00:28:29,110 --> 00:28:27,279

about

786

00:28:31,510 --> 00:28:29,120

do they come from space that was another

787

00:28:34,389 --> 00:28:31,520

question that chris mellon raised before

788

00:28:35,750 --> 00:28:34,399

the hearing he wrote a brilliant

789

00:28:37,830 --> 00:28:35,760

uh

790

00:28:39,110 --> 00:28:37,840

you know post about questions that he

791

00:28:41,269 --> 00:28:39,120

thought should have been asked and that

792

00:28:43,110 --> 00:28:41,279

was one of the top questions it's like

793

00:28:45,350 --> 00:28:43,120

do we have data that shows the objects

794

00:28:46,310 --> 00:28:45,360

coming from space i mean that would be

795

00:28:48,870 --> 00:28:46,320

very

796

00:28:51,110 --> 00:28:48,880

revealing just to put it mildly and you

797

00:28:52,870 --> 00:28:51,120

know i wish somebody had asked them that

798

00:28:53,990 --> 00:28:52,880

um i don't know what they would have

799

00:28:56,389 --> 00:28:54,000

said they might have said we have to

800

00:28:59,190 --> 00:28:56,399

save that for close sessions who knows

801  
00:29:01,590 --> 00:28:59,200  
but it is a really really good question

802  
00:29:04,149 --> 00:29:01,600  
i think so i've wondered that for years

803  
00:29:06,070 --> 00:29:04,159  
we we have the technology to see

804  
00:29:07,669 --> 00:29:06,080  
something incoming

805  
00:29:09,430 --> 00:29:07,679  
we have satellites you know that can

806  
00:29:11,430 --> 00:29:09,440  
monitor that kind of thing and i'm sure

807  
00:29:14,389 --> 00:29:11,440  
we do have data like that it's just a

808  
00:29:17,750 --> 00:29:14,399  
question of i'm sure it's classified too

809  
00:29:19,590 --> 00:29:17,760  
so you know um but i i like the way i

810  
00:29:21,830 --> 00:29:19,600  
mean they certainly talked about

811  
00:29:23,190 --> 00:29:21,840  
transparency being important

812  
00:29:25,269 --> 00:29:23,200  
and i know what's important to the

813  
00:29:27,909 --> 00:29:25,279

congressman i mean for when i spoke to

814

00:29:30,149 --> 00:29:27,919

carson he was so adamant

815

00:29:31,990 --> 00:29:30,159

he's very passionate about this as well

816

00:29:34,470 --> 00:29:32,000

you couldn't really tell from the him at

817

00:29:37,110 --> 00:29:34,480

this at the session but he was

818

00:29:38,789 --> 00:29:37,120

very humanly connected to this issue he

819

00:29:40,470 --> 00:29:38,799

really does care about it he started

820

00:29:42,789 --> 00:29:40,480

looking into ufos reading books about

821

00:29:45,190 --> 00:29:42,799

him when he was 16. so something he

822

00:29:46,789 --> 00:29:45,200

cares about and um

823

00:29:48,950 --> 00:29:46,799

i think uh

824

00:29:50,950 --> 00:29:48,960

yeah so i forget what we were talking

825

00:29:53,110 --> 00:29:50,960

about but

826

00:29:55,190 --> 00:29:53,120

i lost my train of thought martin well

827

00:29:57,590 --> 00:29:55,200

we're talking about historic cases yeah

828

00:29:59,750 --> 00:29:57,600

more or less you know yeah

829

00:30:02,230 --> 00:29:59,760

and that you know the russian or chinese

830

00:30:04,389 --> 00:30:02,240

i mean i think people like carson are

831

00:30:06,870 --> 00:30:04,399

are very aware that these are not from

832

00:30:09,590 --> 00:30:06,880

here i mean i just oh oh i'm sorry

833

00:30:12,470 --> 00:30:09,600

extraterrestrial possibilities

834

00:30:13,350 --> 00:30:12,480

yes and it's just a question of

835

00:30:17,350 --> 00:30:13,360

how

836

00:30:19,669 --> 00:30:17,360

that known

837

00:30:22,310 --> 00:30:19,679

what kind of data you need to have you

838

00:30:24,070 --> 00:30:22,320

know and all this sort of the process of

839

00:30:25,990 --> 00:30:24,080

of a slow um

840

00:30:28,470 --> 00:30:26,000

revealing of all of that and a slow

841

00:30:30,230 --> 00:30:28,480

unfolding of that um i mean it's

842

00:30:32,549 --> 00:30:30,240

actually been relatively fast if you

843

00:30:34,470 --> 00:30:32,559

look at it in the last starting in 2017

844

00:30:37,190 --> 00:30:34,480

compared to what it was before

845

00:30:38,630 --> 00:30:37,200

exactly but nonetheless um

846

00:30:42,230 --> 00:30:38,640

you know it's just i think it's just

847

00:30:44,149 --> 00:30:42,240

going to keep unrolling and um hopefully

848

00:30:47,029 --> 00:30:44,159

some of these other kinds of questions

849

00:30:49,510 --> 00:30:47,039

will be asked at the next hearing

850

00:30:51,110 --> 00:30:49,520

and i think birchit knows what questions

851  
00:30:53,029 --> 00:30:51,120  
need to be asked

852  
00:30:55,750 --> 00:30:53,039  
he just wasn't part of the committee so

853  
00:30:57,909 --> 00:30:55,760  
he didn't get to ask any questions

854  
00:30:59,190 --> 00:30:57,919  
and there was a there was a point where

855  
00:31:01,269 --> 00:30:59,200  
uh

856  
00:31:02,149 --> 00:31:01,279  
scott bray said something along the

857  
00:31:03,990 --> 00:31:02,159  
lines

858  
00:31:06,230 --> 00:31:04,000  
that they didn't want to reveal

859  
00:31:07,990 --> 00:31:06,240  
something that may be classified in

860  
00:31:10,230 --> 00:31:08,000  
their their methods and things like that

861  
00:31:12,470 --> 00:31:10,240  
or if they find something out they

862  
00:31:14,950 --> 00:31:12,480  
wouldn't want it to be revealed to an

863  
00:31:16,190 --> 00:31:14,960

adversary so that made me question of

864

00:31:18,149 --> 00:31:16,200

course you could go into a

865

00:31:19,669 --> 00:31:18,159

conspiratorial a little bit about that

866

00:31:22,230 --> 00:31:19,679

does that mean that if they find out

867

00:31:24,470 --> 00:31:22,240

that it's extraterrestrial life

868

00:31:25,750 --> 00:31:24,480

per se would that be something that they

869

00:31:27,750 --> 00:31:25,760

would keep want to keep from their

870

00:31:29,509 --> 00:31:27,760

adversaries which would mean that they

871

00:31:30,549 --> 00:31:29,519

would have to keep it from the public in

872

00:31:31,669 --> 00:31:30,559

general

873

00:31:33,110 --> 00:31:31,679

i know that's such an interesting

874

00:31:35,430 --> 00:31:33,120

question because what they always talk

875

00:31:37,909 --> 00:31:35,440

about is its sources and methods it's

876

00:31:40,070 --> 00:31:37,919

our it's our technology it's our sensor

877

00:31:42,070 --> 00:31:40,080

capabilities it's our re you know all

878

00:31:44,149 --> 00:31:42,080

the technology that we have that we use

879

00:31:46,070 --> 00:31:44,159

to study these phenomena

880

00:31:48,149 --> 00:31:46,080

and perhaps the day some of the data

881

00:31:49,909 --> 00:31:48,159

that we've acquired about the technology

882

00:31:52,310 --> 00:31:49,919

of the phenomena is what we don't want

883

00:31:54,630 --> 00:31:52,320

our adversaries to to have

884

00:31:57,190 --> 00:31:54,640

but one of the congressmen did ask about

885

00:31:58,950 --> 00:31:57,200

you know could we have more cases that

886

00:32:01,830 --> 00:31:58,960

just involve

887

00:32:05,110 --> 00:32:01,840

uh witness accounts witness data you

888

00:32:07,269 --> 00:32:05,120

know more data about specific events

889

00:32:09,190 --> 00:32:07,279

and um i remember they yeah it was

890

00:32:09,909 --> 00:32:09,200

either i think it was bray who said you

891

00:32:11,990 --> 00:32:09,919

know

892

00:32:14,230 --> 00:32:12,000

um i'm committed to being transparent

893

00:32:15,830 --> 00:32:14,240

and releasing those things as long as we

894

00:32:17,110 --> 00:32:15,840

can remove the sources and methods

895

00:32:19,029 --> 00:32:17,120

component

896

00:32:21,509 --> 00:32:19,039

so we'll see whether they do that i mean

897

00:32:23,509 --> 00:32:21,519

it it takes time and energy to

898

00:32:25,029 --> 00:32:23,519

to make that happen and they probably

899

00:32:26,070 --> 00:32:25,039

have other things they're focusing on

900

00:32:28,070 --> 00:32:26,080

but

901  
00:32:29,750 --> 00:32:28,080  
it does seem to be that what they're

902  
00:32:31,350 --> 00:32:29,760  
talking about is

903  
00:32:33,590 --> 00:32:31,360  
more sources and methods but then that's

904  
00:32:35,750 --> 00:32:33,600  
a really interesting question if they

905  
00:32:36,710 --> 00:32:35,760  
if they determine that some of these

906  
00:32:38,789 --> 00:32:36,720  
objects

907  
00:32:41,430 --> 00:32:38,799  
if they can feel that they can prove

908  
00:32:43,830 --> 00:32:41,440  
conclusively they're not from here

909  
00:32:45,669 --> 00:32:43,840  
does that become a question

910  
00:32:46,950 --> 00:32:45,679  
that i mean obviously

911  
00:32:48,630 --> 00:32:46,960  
many people would believe that's a

912  
00:32:50,310 --> 00:32:48,640  
question that belongs to the to everyone

913  
00:32:52,710 --> 00:32:50,320

on this planet

914

00:32:55,110 --> 00:32:52,720

but would they feel that that needed to

915

00:32:56,630 --> 00:32:55,120

be kept classified for

916

00:32:59,110 --> 00:32:56,640

because of something to do with our

917

00:33:01,029 --> 00:32:59,120

adversaries i really don't know um

918

00:33:02,950 --> 00:33:01,039

i don't know how they would

919

00:33:05,190 --> 00:33:02,960

how they would relate to that and

920

00:33:07,190 --> 00:33:05,200

probably some of them already are aware

921

00:33:09,430 --> 00:33:07,200

of that so

922

00:33:11,590 --> 00:33:09,440

but they'd have to have very solid data

923

00:33:13,029 --> 00:33:11,600

to ever make a statement of the to that

924

00:33:15,029 --> 00:33:13,039

to that effect

925

00:33:16,630 --> 00:33:15,039

um you know so i don't know where that

926

00:33:19,750 --> 00:33:16,640

where that would fall

927

00:33:22,230 --> 00:33:19,760

right and how you know like

928

00:33:24,549 --> 00:33:22,240

that would be such a hard thing to

929

00:33:27,590 --> 00:33:24,559

release for people to actually take it

930

00:33:30,630 --> 00:33:27,600

seriously and i have been talking to a

931

00:33:33,190 --> 00:33:30,640

number of people out there and my good

932

00:33:35,430 --> 00:33:33,200

friend has as well like she talked to

933

00:33:37,110 --> 00:33:35,440

her hairdresser and people like that hey

934

00:33:38,950 --> 00:33:37,120

did you hear about the hearing

935

00:33:39,750 --> 00:33:38,960

no what hearing what are you talking

936

00:33:42,310 --> 00:33:39,760

about

937

00:33:44,230 --> 00:33:42,320

um do you think that it it got

938

00:33:46,149 --> 00:33:44,240

mainstream enough

939

00:33:48,310 --> 00:33:46,159

i mean it seems like that's a big deal

940

00:33:51,430 --> 00:33:48,320

to me it's a big deal to all of us who

941

00:33:53,029 --> 00:33:51,440

care about ufos huge deal and it was all

942

00:33:54,710 --> 00:33:53,039

over the media

943

00:33:56,070 --> 00:33:54,720

but i mean that doesn't mean that the

944

00:33:58,549 --> 00:33:56,080

average person

945

00:34:01,430 --> 00:33:58,559

has any awareness of it i think i i tend

946

00:34:03,029 --> 00:34:01,440

to lose perspective on that um

947

00:34:05,590 --> 00:34:03,039

you know because it's so much part of my

948

00:34:08,470 --> 00:34:05,600

world and i associate with so many other

949

00:34:10,629 --> 00:34:08,480

people who who it's also important to

950

00:34:11,990 --> 00:34:10,639

that i kind of forget that we really are

951  
00:34:13,750 --> 00:34:12,000  
in a minority

952  
00:34:15,190 --> 00:34:13,760  
you know and just because it's all over

953  
00:34:17,349 --> 00:34:15,200  
the evening news

954  
00:34:19,669 --> 00:34:17,359  
doesn't mean that everybody's paying any

955  
00:34:23,030 --> 00:34:19,679  
attention to it or even cares

956  
00:34:24,710 --> 00:34:23,040  
we have a very ephemeral society

957  
00:34:26,389 --> 00:34:24,720  
things like

958  
00:34:28,149 --> 00:34:26,399  
one day and then the next day they're on

959  
00:34:30,550 --> 00:34:28,159  
to something you know it's something

960  
00:34:32,389 --> 00:34:30,560  
else exactly it's true yeah all this

961  
00:34:33,510 --> 00:34:32,399  
information blasting at us from all over

962  
00:34:36,950 --> 00:34:33,520  
the place

963  
00:34:39,750 --> 00:34:36,960

um you know so i don't know what we can

964

00:34:41,270 --> 00:34:39,760

really expect or or hope for but

965

00:34:43,190 --> 00:34:41,280

i'm just wondering if it would be the

966

00:34:44,950 --> 00:34:43,200

same thing if all of a sudden there was

967

00:34:47,349 --> 00:34:44,960

an announcement yes

968

00:34:50,230 --> 00:34:47,359

we have just discovered that these

969

00:34:51,829 --> 00:34:50,240

are uh extraterrestrial visiting and

970

00:34:54,550 --> 00:34:51,839

don't be afraid everything's going to be

971

00:34:56,069 --> 00:34:54,560

okay nothing's happened yet uh you know

972

00:34:58,550 --> 00:34:56,079

if they announced that

973

00:35:01,190 --> 00:34:58,560

uh you would think that it would be like

974

00:35:02,550 --> 00:35:01,200

really earth-shattering and changing and

975

00:35:05,109 --> 00:35:02,560

all that but who knows it might be

976

00:35:07,109 --> 00:35:05,119

another situation where oh yeah i heard

977

00:35:09,270 --> 00:35:07,119

that yeah yeah and and people not really

978

00:35:11,349 --> 00:35:09,280

taking you seriously i i wonder about

979

00:35:13,589 --> 00:35:11,359

that i know i wonder about it too i i

980

00:35:15,829 --> 00:35:13,599

can't imagine it wouldn't be a big deal

981

00:35:18,069 --> 00:35:15,839

i mean really paradigm shifts are a big

982

00:35:21,829 --> 00:35:18,079

deal that's a paradigm shift

983

00:35:23,589 --> 00:35:21,839

but the reactions and the impacts may

984

00:35:25,670 --> 00:35:23,599

might not happen overnight you know but

985

00:35:27,430 --> 00:35:25,680

i i think it would have a huge

986

00:35:29,750 --> 00:35:27,440

ramifications but i think there'd also

987

00:35:31,190 --> 00:35:29,760

be a segment of the population that

988

00:35:33,430 --> 00:35:31,200

wouldn't care

989

00:35:35,030 --> 00:35:33,440

yeah they just want to they need to take

990

00:35:36,470 --> 00:35:35,040

care of their families and go to work

991

00:35:38,230 --> 00:35:36,480

and live their lives and they don't want

992

00:35:41,030 --> 00:35:38,240

to be bothered with this kind of thing

993

00:35:43,109 --> 00:35:41,040

and you know they'll say well nothing's

994

00:35:45,349 --> 00:35:43,119

they haven't harmed us yet

995

00:35:47,750 --> 00:35:45,359

so i'm not scared about it i think we're

996

00:35:49,670 --> 00:35:47,760

you know i don't know but i think it'll

997

00:35:51,190 --> 00:35:49,680

be a big moment when that happens if and

998

00:35:52,950 --> 00:35:51,200

when that happens um

999

00:35:54,870 --> 00:35:52,960

[Music]

1000

00:35:56,310 --> 00:35:54,880

just like so many i mean so many people

1001  
00:35:58,470 --> 00:35:56,320  
in the ufo community have thought about

1002  
00:35:59,990 --> 00:35:58,480  
this thing for a long time probably more

1003  
00:36:00,870 --> 00:36:00,000  
a lot more than i have

1004  
00:36:05,349 --> 00:36:00,880  
uh

1005  
00:36:06,790 --> 00:36:05,359  
i don't know but it is a huge deal for

1006  
00:36:09,030 --> 00:36:06,800  
that to happen

1007  
00:36:12,310 --> 00:36:09,040  
if there's a definitive announcement

1008  
00:36:15,030 --> 00:36:12,320  
with data to back it up you know some

1009  
00:36:17,190 --> 00:36:15,040  
kind of a report that shows analysis of

1010  
00:36:19,750 --> 00:36:17,200  
a retrieved object or something like

1011  
00:36:21,270 --> 00:36:19,760  
that um you know and i still think it

1012  
00:36:24,390 --> 00:36:21,280  
would be a small

1013  
00:36:26,470 --> 00:36:24,400

section of our society that would

1014

00:36:28,390 --> 00:36:26,480

that would actually believe it

1015

00:36:30,310 --> 00:36:28,400

i still think no matter what date is out

1016

00:36:31,589 --> 00:36:30,320

there it would be really hard for some

1017

00:36:33,990 --> 00:36:31,599

people to

1018

00:36:35,430 --> 00:36:34,000

understand or believe that

1019

00:36:36,950 --> 00:36:35,440

that's probably true a lot of people

1020

00:36:37,990 --> 00:36:36,960

wouldn't believe it no matter what was

1021

00:36:39,670 --> 00:36:38,000

said

1022

00:36:41,910 --> 00:36:39,680

you know i was a little this uh question

1023

00:36:45,109 --> 00:36:41,920

comes about the the video

1024

00:36:46,790 --> 00:36:45,119

um and that they showed at the hearing

1025

00:36:47,990 --> 00:36:46,800

all right and i was kind of disappointed

1026  
00:36:49,910 --> 00:36:48,000  
with that and i was thinking is that

1027  
00:36:50,790 --> 00:36:49,920  
really the best they have

1028  
00:36:53,349 --> 00:36:50,800  
you know

1029  
00:36:55,910 --> 00:36:53,359  
it's not yeah i i know

1030  
00:36:58,069 --> 00:36:55,920  
uh you know we've heard about videos

1031  
00:36:59,990 --> 00:36:58,079  
being absconded all the way back when

1032  
00:37:01,910 --> 00:37:00,000  
gordon cooper was out in the desert you

1033  
00:37:04,390 --> 00:37:01,920  
know i mean there must be some really

1034  
00:37:05,829 --> 00:37:04,400  
good video out there and which of course

1035  
00:37:07,990 --> 00:37:05,839  
they probably don't have those those

1036  
00:37:10,550 --> 00:37:08,000  
older videos i mean this task force is a

1037  
00:37:13,589 --> 00:37:10,560  
really new operation but they certainly

1038  
00:37:15,510 --> 00:37:13,599

have if they have what atip had

1039

00:37:17,510 --> 00:37:15,520

which assumedly they do because they're

1040

00:37:19,270 --> 00:37:17,520

essentially sort of a continuity from

1041

00:37:20,470 --> 00:37:19,280

atip um

1042

00:37:22,790 --> 00:37:20,480

you know

1043

00:37:24,790 --> 00:37:22,800

i mean lou elzano has talked publicly

1044

00:37:26,630 --> 00:37:24,800

about the incredible videos that they

1045

00:37:28,470 --> 00:37:26,640

have it had it ate it but he has

1046

00:37:29,349 --> 00:37:28,480

personally seen

1047

00:37:31,910 --> 00:37:29,359

which

1048

00:37:34,069 --> 00:37:31,920

are far superior to the three navy

1049

00:37:35,270 --> 00:37:34,079

videos that came out

1050

00:37:37,430 --> 00:37:35,280

so

1051  
00:37:39,990 --> 00:37:37,440  
you know the one that they showed it's

1052  
00:37:42,069 --> 00:37:40,000  
not nothing special i mean it's it's

1053  
00:37:43,750 --> 00:37:42,079  
really nothing special at all and we

1054  
00:37:45,670 --> 00:37:43,760  
know that they have better

1055  
00:37:46,950 --> 00:37:45,680  
so the better ones are similarly are

1056  
00:37:48,950 --> 00:37:46,960  
classified

1057  
00:37:51,030 --> 00:37:48,960  
just like there's a buzz

1058  
00:37:54,310 --> 00:37:51,040  
yeah there's buzz out there now

1059  
00:37:55,990 --> 00:37:54,320  
on twitter that you know someone sent me

1060  
00:37:58,230 --> 00:37:56,000  
that saying another video is going to be

1061  
00:38:00,710 --> 00:37:58,240  
released by next weekend i don't know if

1062  
00:38:01,990 --> 00:38:00,720  
that's just a rumor or have you heard

1063  
00:38:03,510 --> 00:38:02,000

that as well

1064

00:38:05,670 --> 00:38:03,520

i don't know if they're talking about

1065

00:38:07,990 --> 00:38:05,680

the um conference that's happening in

1066

00:38:09,829 --> 00:38:08,000

utah at the end of this month oh that's

1067

00:38:11,990 --> 00:38:09,839

that might be it the homeland security

1068

00:38:14,150 --> 00:38:12,000

videos that are coming out that's

1069

00:38:17,270 --> 00:38:14,160

probably what it is that's probably i

1070

00:38:19,190 --> 00:38:17,280

suspect that's what it is yeah yeah so

1071

00:38:22,470 --> 00:38:19,200

who knows what to uh

1072

00:38:24,790 --> 00:38:22,480

what that will be all about but um

1073

00:38:25,910 --> 00:38:24,800

so when you're when you were there in

1074

00:38:28,630 --> 00:38:25,920

the room

1075

00:38:30,710 --> 00:38:28,640

were you actually able to see the video

1076

00:38:32,550 --> 00:38:30,720

and it's too bad they wasted so much

1077

00:38:34,870 --> 00:38:32,560

time on that trying to find that little

1078

00:38:36,790 --> 00:38:34,880

i know that was crazy wasn't it i mean

1079

00:38:38,390 --> 00:38:36,800

that they didn't anticipate in advance

1080

00:38:40,630 --> 00:38:38,400

that probably they're going to be able

1081

00:38:41,670 --> 00:38:40,640

to they're going to need to stop on that

1082

00:38:42,870 --> 00:38:41,680

image

1083

00:38:45,589 --> 00:38:42,880

i mean you know i'm surprised they

1084

00:38:46,550 --> 00:38:45,599

didn't have a still image already to

1085

00:38:48,630 --> 00:38:46,560

show

1086

00:38:50,550 --> 00:38:48,640

but yeah i mean i i couldn't really i'm

1087

00:38:52,470 --> 00:38:50,560

sitting sort of behind the screen where

1088

00:38:53,109 --> 00:38:52,480

the one where he got up and pointed to

1089

00:38:54,630 --> 00:38:53,119

it

1090

00:38:56,630 --> 00:38:54,640

and there's actually actually was able

1091

00:38:58,870 --> 00:38:56,640

to find some photos online that showed

1092

00:39:01,190 --> 00:38:58,880

me sitting there but there was a screen

1093

00:39:02,390 --> 00:39:01,200

across the room but it was very far away

1094

00:39:05,109 --> 00:39:02,400

from where i was sitting so i couldn't

1095

00:39:06,550 --> 00:39:05,119

see it very well at all but i knew that

1096

00:39:08,710 --> 00:39:06,560

i would be able to look at it online so

1097

00:39:10,790 --> 00:39:08,720

it didn't really matter

1098

00:39:13,190 --> 00:39:10,800

and so afterwards

1099

00:39:15,030 --> 00:39:13,200

uh what was i mean i were you kind of i

1100

00:39:16,790 --> 00:39:15,040

was surprised that it got over as

1101

00:39:18,550 --> 00:39:16,800

quickly as it did

1102

00:39:20,950 --> 00:39:18,560

did you have any idea that it was going

1103

00:39:23,190 --> 00:39:20,960

to be an hour and a half well yeah and i

1104

00:39:25,109 --> 00:39:23,200

was told it would be about that actually

1105

00:39:27,430 --> 00:39:25,119

yeah from carson's office so i wasn't

1106

00:39:29,750 --> 00:39:27,440

surprised um but it looked like some of

1107

00:39:31,910 --> 00:39:29,760

the committee members were not present

1108

00:39:33,510 --> 00:39:31,920

there were some empty seats

1109

00:39:35,670 --> 00:39:33,520

um i haven't gone through the list to

1110

00:39:37,190 --> 00:39:35,680

figure out who was president who wasn't

1111

00:39:38,310 --> 00:39:37,200

maybe i'm sure some people have done

1112

00:39:39,910 --> 00:39:38,320

that but

1113

00:39:42,230 --> 00:39:39,920

um it may have been that it would have

1114

00:39:43,589 --> 00:39:42,240

been a little longer if all the maybe

1115

00:39:45,030 --> 00:39:43,599

i'm wrong but there were it looked like

1116

00:39:46,390 --> 00:39:45,040

there were empty seats there so i don't

1117

00:39:48,390 --> 00:39:46,400

know if all the members were there i

1118

00:39:50,870 --> 00:39:48,400

think jim tim burcha was saying that

1119

00:39:51,829 --> 00:39:50,880

they weren't all there

1120

00:39:53,510 --> 00:39:51,839

um and

1121

00:39:55,109 --> 00:39:53,520

does that change anything when they're

1122

00:39:57,670 --> 00:39:55,119

when they're not there i think as long

1123

00:39:59,190 --> 00:39:57,680

as there's a quorum they're fine i see

1124

00:40:00,790 --> 00:39:59,200

he kept talking about oh i don't know if

1125

00:40:02,470 --> 00:40:00,800

there was a quorum

1126  
00:40:05,109 --> 00:40:02,480  
and i don't know why if that matters or

1127  
00:40:07,109 --> 00:40:05,119  
not he seemed to think it did um

1128  
00:40:09,190 --> 00:40:07,119  
so i i don't know but i think there was

1129  
00:40:11,349 --> 00:40:09,200  
enough people there for quorum i mean

1130  
00:40:12,870 --> 00:40:11,359  
it's it's well i know you have

1131  
00:40:15,109 --> 00:40:12,880  
absolutely no idea what happened in the

1132  
00:40:17,750 --> 00:40:15,119  
classified section

1133  
00:40:19,990 --> 00:40:17,760  
of of the meeting later on that day and

1134  
00:40:22,870 --> 00:40:20,000  
there's nothing really to say about that

1135  
00:40:26,630 --> 00:40:22,880  
but do you think that would you

1136  
00:40:28,630 --> 00:40:26,640  
um speculate that what happened there is

1137  
00:40:30,870 --> 00:40:28,640  
going to move things

1138  
00:40:32,790 --> 00:40:30,880

forward more

1139

00:40:34,390 --> 00:40:32,800

i assume i mean the more classified

1140

00:40:36,230 --> 00:40:34,400

briefings that the members of congress

1141

00:40:37,349 --> 00:40:36,240

can get the better the more informed

1142

00:40:39,430 --> 00:40:37,359

they are

1143

00:40:41,430 --> 00:40:39,440

and in those briefings hopefully they're

1144

00:40:43,430 --> 00:40:41,440

putting more pressure on

1145

00:40:45,589 --> 00:40:43,440

on moultrie and bray to

1146

00:40:47,430 --> 00:40:45,599

do what they want them to do

1147

00:40:49,589 --> 00:40:47,440

so uh you know

1148

00:40:52,950 --> 00:40:49,599

yeah so there's the the director and

1149

00:40:54,710 --> 00:40:52,960

then there's moultrie and bray is that

1150

00:40:56,069 --> 00:40:54,720

really it and everything else is like

1151  
00:40:58,630 --> 00:40:56,079  
outside

1152  
00:41:00,550 --> 00:40:58,640  
um i want to say like contractors but

1153  
00:41:01,430 --> 00:41:00,560  
outside consulting

1154  
00:41:03,750 --> 00:41:01,440  
is that

1155  
00:41:05,430 --> 00:41:03,760  
i mean i i'm sure they have staff that

1156  
00:41:07,829 --> 00:41:05,440  
are involved with this they just aren't

1157  
00:41:09,910 --> 00:41:07,839  
open about it but this this office you

1158  
00:41:11,990 --> 00:41:09,920  
know what they call the task force and

1159  
00:41:14,390 --> 00:41:12,000  
then it also has that weird

1160  
00:41:17,430 --> 00:41:14,400  
aims gog or whatever it is

1161  
00:41:19,190 --> 00:41:17,440  
i know so hard to pronounce way too many

1162  
00:41:21,270 --> 00:41:19,200  
way too many words they have people

1163  
00:41:23,190 --> 00:41:21,280

working on that i'm sure beyond just i

1164

00:41:25,510 --> 00:41:23,200

mean those two guys are more supervisors

1165

00:41:26,950 --> 00:41:25,520

so if they hire a director i'm

1166

00:41:27,990 --> 00:41:26,960

assumingly they're going to have staff

1167

00:41:29,670 --> 00:41:28,000

as well

1168

00:41:32,230 --> 00:41:29,680

and they have liaisons to all these

1169

00:41:34,230 --> 00:41:32,240

different other other agencies i mean

1170

00:41:36,710 --> 00:41:34,240

i don't know i'm not privy to all the

1171

00:41:37,829 --> 00:41:36,720

inside workings of it but it seems like

1172

00:41:41,829 --> 00:41:37,839

they

1173

00:41:43,910 --> 00:41:41,839

progress and i think that's the sense i

1174

00:41:45,990 --> 00:41:43,920

got from lou elizondo who's really on

1175

00:41:47,990 --> 00:41:46,000

the inside of this that

1176

00:41:50,630 --> 00:41:48,000

they have a ways to go in terms of

1177

00:41:53,190 --> 00:41:50,640

really making all this stuff happen that

1178

00:41:54,950 --> 00:41:53,200

that the legislation has mandated needs

1179

00:41:58,470 --> 00:41:54,960

to happen i mean they're supposed to

1180

00:42:01,030 --> 00:41:58,480

issue a report for the public in october

1181

00:42:02,790 --> 00:42:01,040

uh they don't seem very close to being

1182

00:42:04,790 --> 00:42:02,800

able to do that i mean according to this

1183

00:42:06,790 --> 00:42:04,800

i believe the first port report

1184

00:42:09,030 --> 00:42:06,800

according to the gila brand legislation

1185

00:42:11,589 --> 00:42:09,040

is due in october

1186

00:42:13,829 --> 00:42:11,599

so they just need to

1187

00:42:15,910 --> 00:42:13,839

get things going a little more you know

1188

00:42:18,230 --> 00:42:15,920

get things happening and i think this

1189

00:42:19,510 --> 00:42:18,240

hearing is is a nudge for them to do

1190

00:42:21,349 --> 00:42:19,520

that

1191

00:42:23,349 --> 00:42:21,359

because it they haven't been moving very

1192

00:42:26,950 --> 00:42:23,359

quickly it doesn't seem like

1193

00:42:28,470 --> 00:42:26,960

and how would that work as far as

1194

00:42:30,309 --> 00:42:28,480

would they

1195

00:42:33,109 --> 00:42:30,319

entertain

1196

00:42:34,630 --> 00:42:33,119

of working with allies other countries i

1197

00:42:36,790 --> 00:42:34,640

know that you've been an advocate for

1198

00:42:38,470 --> 00:42:36,800

that oh definitely and i know that lou

1199

00:42:40,470 --> 00:42:38,480

lou feels lou elizando feels that's

1200

00:42:41,990 --> 00:42:40,480

extremely important and he made an

1201

00:42:43,750 --> 00:42:42,000

interesting comment because there were a

1202

00:42:45,910 --> 00:42:43,760

number of points

1203

00:42:48,309 --> 00:42:45,920

in the hearing where um

1204

00:42:49,990 --> 00:42:48,319

some of them where the witnesses said i

1205

00:42:51,990 --> 00:42:50,000

don't remember which one

1206

00:42:54,950 --> 00:42:52,000

that they were you know the allies some

1207

00:42:56,710 --> 00:42:54,960

of the allies were sharing data with us

1208

00:42:58,390 --> 00:42:56,720

some countries were sharing with us and

1209

00:43:01,109 --> 00:42:58,400

we're sharing with some countries i

1210

00:43:02,470 --> 00:43:01,119

remember saying that um

1211

00:43:04,150 --> 00:43:02,480

and

1212

00:43:06,309 --> 00:43:04,160

i don't know i mean

1213

00:43:07,030 --> 00:43:06,319

el lou elizano made the point that he's

1214

00:43:10,150 --> 00:43:07,040

been

1215

00:43:12,710 --> 00:43:10,160

out to him

1216

00:43:14,150 --> 00:43:12,720

saying we have nobody's been contacting

1217

00:43:15,430 --> 00:43:14,160

us

1218

00:43:17,030 --> 00:43:15,440

uh

1219

00:43:19,109 --> 00:43:17,040

you know they want to work with us and

1220

00:43:21,270 --> 00:43:19,119

they need to work with us and i think

1221

00:43:23,109 --> 00:43:21,280

louis lozando is is helping to

1222

00:43:25,190 --> 00:43:23,119

facilitate that

1223

00:43:27,670 --> 00:43:25,200

but um i don't get the sense that it's

1224

00:43:29,589 --> 00:43:27,680

quite as developed those relationships

1225

00:43:31,829 --> 00:43:29,599

as they might have indicated at the

1226

00:43:34,309 --> 00:43:31,839

hearing i'm not sure though

1227

00:43:36,790 --> 00:43:34,319

but it's it's a really really important

1228

00:43:40,150 --> 00:43:36,800

part of the of the whole process that

1229

00:43:42,950 --> 00:43:40,160

it's got to be an international effort i

1230

00:43:45,589 --> 00:43:42,960

think that's so important

1231

00:43:47,190 --> 00:43:45,599

every country has data to share every

1232

00:43:49,510 --> 00:43:47,200

country can learn from every other

1233

00:43:52,230 --> 00:43:49,520

country and ultimately when we get to

1234

00:43:55,109 --> 00:43:52,240

the bottom of what this is

1235

00:43:57,829 --> 00:43:55,119

that's a planetary issue it is a

1236

00:44:00,470 --> 00:43:57,839

planetary issue and it has existential

1237

00:44:02,550 --> 00:44:00,480

ramifications for every human being

1238

00:44:04,069 --> 00:44:02,560

so the more sharing that there is the

1239

00:44:06,870 --> 00:44:04,079

better it's not something that should be

1240

00:44:08,550 --> 00:44:06,880

owned by any one country ultimately i

1241

00:44:10,230 --> 00:44:08,560

mean we have to be concerned about the

1242

00:44:11,510 --> 00:44:10,240

the national security side of it

1243

00:44:13,670 --> 00:44:11,520

obviously

1244

00:44:16,150 --> 00:44:13,680

but there's another side of this

1245

00:44:18,390 --> 00:44:16,160

which is goes beyond that which is just

1246

00:44:20,630 --> 00:44:18,400

the fact that it is what it is and what

1247

00:44:23,430 --> 00:44:20,640

does that mean for us as human beings

1248

00:44:25,510 --> 00:44:23,440

how does that redefine who we are how we

1249

00:44:27,270 --> 00:44:25,520

see ourselves you know the bigger

1250

00:44:29,270 --> 00:44:27,280

questions that are associated with this

1251

00:44:31,109 --> 00:44:29,280

and i think because of those bigger

1252

00:44:33,190 --> 00:44:31,119

questions

1253

00:44:36,870 --> 00:44:33,200

it's part of the reason why it needs to

1254

00:44:38,230 --> 00:44:36,880

become a global effort i mean i i just

1255

00:44:40,150 --> 00:44:38,240

that just

1256

00:44:42,150 --> 00:44:40,160

seems really important to me and i think

1257

00:44:43,910 --> 00:44:42,160

to many others um

1258

00:44:45,910 --> 00:44:43,920

and let's hope that i think we will move

1259

00:44:48,309 --> 00:44:45,920

more in that direction

1260

00:44:50,309 --> 00:44:48,319

it makes total sense because like you

1261

00:44:53,270 --> 00:44:50,319

said you know there was a great

1262

00:44:54,790 --> 00:44:53,280

bipartisan well it should be a great you

1263

00:44:56,150 --> 00:44:54,800

know world

1264

00:44:58,710 --> 00:44:56,160

uniting

1265

00:45:00,230 --> 00:44:58,720

um to to find out the truth i mean

1266

00:45:02,150 --> 00:45:00,240

there's nothing

1267

00:45:03,990 --> 00:45:02,160

that i can think that would be

1268

00:45:06,390 --> 00:45:04,000

in uh

1269

00:45:08,069 --> 00:45:06,400

in a negative way about that

1270

00:45:10,870 --> 00:45:08,079

yeah although there will be countries

1271

00:45:12,790 --> 00:45:10,880

that want that are just only focused on

1272

00:45:14,390 --> 00:45:12,800

acquiring the technology and having the

1273

00:45:16,550 --> 00:45:14,400

advantage

1274

00:45:18,390 --> 00:45:16,560

of you know being able to

1275

00:45:20,230 --> 00:45:18,400

have that technology i mean whoever has

1276

00:45:22,550 --> 00:45:20,240

that technology

1277

00:45:24,309 --> 00:45:22,560

rules the world basically so it's always

1278

00:45:26,550 --> 00:45:24,319

going to be i think the conflict about

1279

00:45:28,230 --> 00:45:26,560

that i can't imagine that

1280

00:45:29,829 --> 00:45:28,240

russia china and america are just going

1281

00:45:31,430 --> 00:45:29,839

to let all that go and be best friends

1282

00:45:33,270 --> 00:45:31,440

and share whatever they know i don't

1283

00:45:34,069 --> 00:45:33,280

think that's going to happen

1284

00:45:36,550 --> 00:45:34,079

but

1285

00:45:38,390 --> 00:45:36,560

there can be a lot more um

1286

00:45:40,309 --> 00:45:38,400

you know of a global i think the more

1287

00:45:41,430 --> 00:45:40,319

that other countries besides if those

1288

00:45:43,349 --> 00:45:41,440

three

1289

00:45:45,510 --> 00:45:43,359

can come on board with this and and

1290

00:45:47,349 --> 00:45:45,520

start to establish their own

1291

00:45:48,950 --> 00:45:47,359

authority within this

1292

00:45:50,630 --> 00:45:48,960

you know within this investigation and

1293

00:45:53,109 --> 00:45:50,640

start contributing

1294

00:45:55,190 --> 00:45:53,119

that's going to help balance out

1295

00:45:56,309 --> 00:45:55,200

the sort of focus on china russia and

1296

00:45:57,349 --> 00:45:56,319

america

1297

00:45:59,030 --> 00:45:57,359

um

1298

00:46:01,750 --> 00:45:59,040

and i think that would be a positive

1299

00:46:03,109 --> 00:46:01,760

thing do you think that they more or

1300

00:46:05,030 --> 00:46:03,119

less

1301

00:46:07,030 --> 00:46:05,040

claimed that there's no

1302

00:46:09,270 --> 00:46:07,040

crashed retrieval

1303

00:46:12,550 --> 00:46:09,280

uh material they did they absolutely

1304

00:46:14,309 --> 00:46:12,560

said they said not in our possession

1305

00:46:15,510 --> 00:46:14,319

not in the possession of the task force

1306

00:46:17,109 --> 00:46:15,520

well yeah

1307

00:46:19,510 --> 00:46:17,119

you can be sure that if these things

1308

00:46:21,589 --> 00:46:19,520

exist they're not sitting there in the

1309

00:46:23,430 --> 00:46:21,599

office of the task force they're in a

1310

00:46:24,550 --> 00:46:23,440

you know deeply buried special access

1311

00:46:26,950 --> 00:46:24,560

program

1312

00:46:29,270 --> 00:46:26,960

uh so i think that was that doesn't mean

1313

00:46:31,109 --> 00:46:29,280

we don't have it it just means the task

1314

00:46:32,790 --> 00:46:31,119

force doesn't have it

1315

00:46:33,750 --> 00:46:32,800

and i mentioned this last week when i

1316

00:46:35,589 --> 00:46:33,760

had

1317

00:46:36,550 --> 00:46:35,599

ralph blumenthal on for a few minutes

1318

00:46:40,829 --> 00:46:36,560

that

1319

00:46:44,550 --> 00:46:40,839

they had a specialist in metallurgy

1320

00:46:47,670 --> 00:46:44,560

yeah totally what does that mean right

1321

00:46:50,790 --> 00:46:47,680

i mean you know i i just don't think

1322

00:46:53,430 --> 00:46:50,800

the task force is not the ultimate

1323

00:46:55,510 --> 00:46:53,440

you know they don't have everything

1324

00:46:56,950 --> 00:46:55,520

and they don't know everything

1325

00:46:58,390 --> 00:46:56,960

and

1326  
00:46:59,510 --> 00:46:58,400  
they haven't been around that long i

1327  
00:47:00,950 --> 00:46:59,520  
mean think of all the things that go

1328  
00:47:02,550 --> 00:47:00,960  
back decades right they haven't been

1329  
00:47:03,270 --> 00:47:02,560  
around for more than a couple of years

1330  
00:47:05,270 --> 00:47:03,280  
so

1331  
00:47:07,430 --> 00:47:05,280  
right um

1332  
00:47:09,510 --> 00:47:07,440  
and if we have any retrieved

1333  
00:47:11,270 --> 00:47:09,520  
craft or retrieved debris or whatever

1334  
00:47:12,870 --> 00:47:11,280  
we've had it for longer than that so

1335  
00:47:14,790 --> 00:47:12,880  
it's already

1336  
00:47:16,390 --> 00:47:14,800  
locked up somewhere

1337  
00:47:17,990 --> 00:47:16,400  
right um

1338  
00:47:20,230 --> 00:47:18,000

so fascinating

1339

00:47:22,069 --> 00:47:20,240

if it exists if it exists and i i

1340

00:47:22,870 --> 00:47:22,079

believe that it does i believe that

1341

00:47:24,710 --> 00:47:22,880

there

1342

00:47:26,950 --> 00:47:24,720

our government does possess

1343

00:47:28,309 --> 00:47:26,960

some physical evidence um lots of

1344

00:47:29,589 --> 00:47:28,319

sources have told me that and there have

1345

00:47:31,190 --> 00:47:29,599

actually been briefings that have been

1346

00:47:35,109 --> 00:47:31,200

conducted

1347

00:47:36,630 --> 00:47:35,119

program for members of congress and

1348

00:47:38,870 --> 00:47:36,640

others

1349

00:47:40,309 --> 00:47:38,880

basically discussing that so

1350

00:47:42,390 --> 00:47:40,319

as we wrote about in our new york times

1351

00:47:43,990 --> 00:47:42,400

story in july of 2020

1352

00:47:45,670 --> 00:47:44,000

where we address the question of crash

1353

00:47:47,270 --> 00:47:45,680

retrieval so

1354

00:47:49,030 --> 00:47:47,280

um you know

1355

00:47:50,549 --> 00:47:49,040

there's pretty it's pretty highly highly

1356

00:47:53,109 --> 00:47:50,559

likely that

1357

00:47:55,750 --> 00:47:53,119

they do have stuff and and

1358

00:47:58,390 --> 00:47:55,760

yeah people i think that's becoming more

1359

00:48:00,309 --> 00:47:58,400

and more clear as time goes on

1360

00:48:03,510 --> 00:48:00,319

well the

1361

00:48:04,710 --> 00:48:03,520

for for one thing the reverse technology

1362

00:48:06,790 --> 00:48:04,720

i'm not sure

1363

00:48:08,390 --> 00:48:06,800

if that's even if we could even

1364

00:48:10,150 --> 00:48:08,400

understand

1365

00:48:12,309 --> 00:48:10,160

what what we're looking at right now

1366

00:48:15,109 --> 00:48:12,319

that's that's the big question

1367

00:48:17,270 --> 00:48:15,119

you know could someone 300 years ago

1368

00:48:18,870 --> 00:48:17,280

understand how a cell phone works you

1369

00:48:21,510 --> 00:48:18,880

know that

1370

00:48:24,069 --> 00:48:21,520

beautiful i mean i i have no idea but

1371

00:48:25,910 --> 00:48:24,079

i'm just speculating that the technology

1372

00:48:28,390 --> 00:48:25,920

must be incredible

1373

00:48:31,270 --> 00:48:28,400

if that's if that's what it is you know

1374

00:48:33,430 --> 00:48:31,280

if that's if it came from

1375

00:48:35,030 --> 00:48:33,440

extraterrestrial if it made it here it

1376

00:48:38,549 --> 00:48:35,040

seems like it would have to have a

1377

00:48:40,870 --> 00:48:38,559

technology beyond and then often times

1378

00:48:43,270 --> 00:48:40,880

you hear in that case well if that's so

1379

00:48:44,549 --> 00:48:43,280

then how come it crashed

1380

00:48:46,710 --> 00:48:44,559

you know that's what you hear all these

1381

00:48:49,030 --> 00:48:46,720

questions i mean it may not be from

1382

00:48:51,829 --> 00:48:49,040

another planet either i mean we don't

1383

00:48:53,349 --> 00:48:51,839

know where these things are from yeah um

1384

00:48:56,870 --> 00:48:53,359

so

1385

00:48:59,750 --> 00:48:56,880

we just have no idea but um

1386

00:49:02,630 --> 00:48:59,760

it's all it's such a huge mystery martin

1387

00:49:04,150 --> 00:49:02,640

right as schiff acknowledged and you

1388

00:49:05,750 --> 00:49:04,160

know i loved that he said that one of

1389

00:49:07,349 --> 00:49:05,760

the greatest mysteries of our time or

1390

00:49:09,030 --> 00:49:07,359

went up something like that

1391

00:49:10,950 --> 00:49:09,040

right it's absolutely true it's hard to

1392

00:49:12,870 --> 00:49:10,960

put all the pieces together of what we

1393

00:49:14,950 --> 00:49:12,880

know about this phenomenon and have them

1394

00:49:18,069 --> 00:49:14,960

all make sense

1395

00:49:20,390 --> 00:49:18,079

and um i think that's part of what

1396

00:49:22,309 --> 00:49:20,400

is intriguing about the whole thing is

1397

00:49:23,990 --> 00:49:22,319

to try to do that

1398

00:49:25,750 --> 00:49:24,000

and see if we ever can get to the bottom

1399

00:49:27,510 --> 00:49:25,760

of it maybe we never will maybe it's

1400

00:49:28,309 --> 00:49:27,520

something completely incomprehensible to

1401

00:49:31,750 --> 00:49:28,319

us

1402

00:49:36,630 --> 00:49:31,760

yeah i i i almost think that

1403

00:49:38,630 --> 00:49:36,640

is probably so myself yeah yeah

1404

00:49:42,470 --> 00:49:38,640

can you talk at all about

1405

00:49:45,190 --> 00:49:42,480

what exactly the cnn and the cnn

1406

00:49:46,549 --> 00:49:45,200

series will be can you yeah it's i mean

1407

00:49:48,870 --> 00:49:46,559

i can say a little bit about it it's

1408

00:49:51,750 --> 00:49:48,880

called the title of it is finally it's

1409

00:49:53,190 --> 00:49:51,760

called um ufos investigating

1410

00:49:57,030 --> 00:49:53,200

investigating the unknown i believe

1411

00:49:59,030 --> 00:49:57,040

that's the title and it's five episodes

1412

00:50:01,670 --> 00:49:59,040

um and its focus is really on the

1413

00:50:03,589 --> 00:50:01,680

relationship between government and ufo

1414

00:50:05,829 --> 00:50:03,599

investigations

1415

00:50:07,270 --> 00:50:05,839

so it covers um

1416

00:50:09,349 --> 00:50:07,280

some of what's happened you know a lot

1417

00:50:11,670 --> 00:50:09,359

of what's happened since 2017 it also

1418

00:50:13,109 --> 00:50:11,680

covers goes back through time and looks

1419

00:50:15,990 --> 00:50:13,119

back at

1420

00:50:18,950 --> 00:50:16,000

um the project blue book phase and some

1421

00:50:20,950 --> 00:50:18,960

of the cases that occurred after that um

1422

00:50:23,349 --> 00:50:20,960

and you know i can't i can't say a whole

1423

00:50:25,670 --> 00:50:23,359

lot about the details of it but i for

1424

00:50:27,589 --> 00:50:25,680

some of the ufo people out there they're

1425

00:50:28,470 --> 00:50:27,599

going to say oh we already know all this

1426

00:50:31,349 --> 00:50:28,480

but

1427

00:50:32,870 --> 00:50:31,359

i we have to remember that this show is

1428

00:50:34,710 --> 00:50:32,880

geared towards an audience that doesn't

1429

00:50:37,349 --> 00:50:34,720

know anything and they're the ones that

1430

00:50:38,470 --> 00:50:37,359

need to be reached

1431

00:50:39,190 --> 00:50:38,480

that's right

1432

00:50:40,870 --> 00:50:39,200

and

1433

00:50:42,390 --> 00:50:40,880

there is also a lot of new stuff in

1434

00:50:44,069 --> 00:50:42,400

there i think there's some absolutely

1435

00:50:46,150 --> 00:50:44,079

great interviews with people that

1436

00:50:48,870 --> 00:50:46,160

everyone will find fascinating and the

1437

00:50:51,349 --> 00:50:48,880

filmmakers did a great job so um

1438

00:50:52,950 --> 00:50:51,359

i think it's it's going to be and it was

1439

00:50:54,950 --> 00:50:52,960

supposed to come out in july but and

1440

00:50:57,030 --> 00:50:54,960

we're not sure yet now if that's still

1441

00:50:59,109 --> 00:50:57,040

going to happen we're not i think the

1442

00:51:01,270 --> 00:50:59,119

date is just being decided now

1443

00:51:03,589 --> 00:51:01,280

yeah oh i see well i'll tell you what

1444

00:51:06,710 --> 00:51:03,599

when that when that is

1445

00:51:08,710 --> 00:51:06,720

about ready to come out uh please do

1446

00:51:11,349 --> 00:51:08,720

let me know and i'll make sure that you

1447

00:51:13,030 --> 00:51:11,359

know i get it out there on this show

1448

00:51:15,030 --> 00:51:13,040

great yeah thank you

1449

00:51:18,069 --> 00:51:15,040

and i'm posting right now in the chat

1450

00:51:20,870 --> 00:51:18,079

room i'm posting the link to our next

1451  
00:51:23,190 --> 00:51:20,880  
show which begins in about nine minutes

1452  
00:51:26,230 --> 00:51:23,200  
so and i want to recommend to people i

1453  
00:51:27,910 --> 00:51:26,240  
mean i've i've known randy for years

1454  
00:51:31,510 --> 00:51:27,920  
he's a great friend of mine randy

1455  
00:51:35,030 --> 00:51:31,520  
nickerson and he made an amazing film

1456  
00:51:38,390 --> 00:51:35,040  
it's really moving it's really um

1457  
00:51:40,069 --> 00:51:38,400  
just sort of transcends all the

1458  
00:51:42,470 --> 00:51:40,079  
fighting that's going on about this

1459  
00:51:44,790 --> 00:51:42,480  
topic it's not about government it's not

1460  
00:51:45,990 --> 00:51:44,800  
about officials it's just about human

1461  
00:51:48,710 --> 00:51:46,000  
beings

1462  
00:51:50,630 --> 00:51:48,720  
yes a lot of them children

1463  
00:51:52,870 --> 00:51:50,640

and then you see them as adults it's

1464

00:51:55,510 --> 00:51:52,880

about the impact on these human beings

1465

00:51:58,069 --> 00:51:55,520

of having this encounter and it's

1466

00:52:00,309 --> 00:51:58,079

it's just a really really great

1467

00:52:01,829 --> 00:52:00,319

journey that randy went through and ran

1472

00:52:12,069 --> 00:52:10,400

1473

1474

00:52:16,470 --> 00:52:13,839
