[Music]

2
00:00:37,750 --> 00:00:35,510

french hairy dwarves and whatsits

3
00:00:40,229 --> 00:00:37,760

chapter 7 from the flying saucer

4
00:00:43,670 --> 00:00:40,239

investigators the new book by charles

5
00:00:46,150 --> 00:00:43,680

lear while 1954 in america was mostly

6
00:00:48,630 --> 00:00:46,160

about the saucers that year in france

7
00:00:51,110 --> 00:00:48,640

was more about the occupants also known

8
00:00:53,189 --> 00:00:51,120

as humanoids it was then that french

9
00:00:54,950 --> 00:00:53,199

researcher emme michelle came to

10
00:00:57,350 --> 00:00:54,960

international prominence as he

11
00:00:59,430 --> 00:00:57,360

investigated collected data and tried to

12
00:01:01,590 --> 00:00:59,440

unravel the mystery the young jacques

13
00:01:03,670 --> 00:01:01,600

filet first became interested in flying

14

00:01:05,750 --> 00:01:03,680

saucers at this time he was later

15

00:01:08,469 --> 00:01:05,760

inspired by michelle's work and went on

16

00:01:10,710 --> 00:01:08,479

to achieve prominence as a respected and

17

00:01:14,310 --> 00:01:10,720

influential figure in the field on

18

00:01:16,710 --> 00:01:14,320

september 10 1954 34 year old karuba

19

00:01:18,630 --> 00:01:16,720

resident marius dewild reported an

20

00:01:20,710 --> 00:01:18,640

incident to the local police that

21

00:01:23,350 --> 00:01:20,720

received extensive press coverage not

22

00:01:25,910 --> 00:01:23,360

only in france but worldwide according

23

00:01:27,590 --> 00:01:25,920

to the wild at 10 30 pm he was sitting

24

00:01:30,230 --> 00:01:27,600

in his house located next to some

25

00:01:32,630 --> 00:01:30,240

railroad tracks when his dog kiki

26
00:01:34,950 --> 00:01:32,640
started barking outside equipped with a

27
00:01:37,429 --> 00:01:34,960
flashlight he went to investigate

28
00:01:39,830 --> 00:01:37,439
outside he noticed a large object which

29
00:01:41,990 --> 00:01:39,840
he assumed was a harvest cart six meters

30
00:01:44,230 --> 00:01:42,000
from his front door he then saw two

31
00:01:46,149 --> 00:01:44,240
figures on a nearby path that was often

32
00:01:47,749 --> 00:01:46,159
used by smugglers he pointed his

33
00:01:49,910 --> 00:01:47,759
flashlight at them and there was a

34
00:01:52,389 --> 00:01:49,920
reflection that seemed to be on a glass

35
00:01:53,910 --> 00:01:52,399
helmet with a head inside he only got a

36
00:01:55,990 --> 00:01:53,920
quick look but the head seemed

37
00:01:57,749 --> 00:01:56,000
especially large he estimated the

38
00:02:00,149 --> 00:01:57,759

figures were both about a meter in

39

00:02:02,149 --> 00:02:00,159

height at that moment a door opened up

40

00:02:03,830 --> 00:02:02,159

on the side of the object a blinding

41

00:02:06,550 --> 00:02:03,840

light came out and the wild was

42

00:02:08,469 --> 00:02:06,560

paralyzed by fear he closed his eyes and

43

00:02:10,869 --> 00:02:08,479

by the time he opened them the object

44

00:02:13,430 --> 00:02:10,879

had risen 10 meters in the air it then

45

00:02:15,510 --> 00:02:13,440

shot off to the west like lightning as

46

00:02:17,910 --> 00:02:15,520

the story made its way from newspaper to

47

00:02:19,750 --> 00:02:17,920

newspaper the wild being paralyzed by

48

00:02:22,150 --> 00:02:19,760

fear turned into the wild being

49

00:02:24,229 --> 00:02:22,160

paralyzed by a beam of light the press

50

00:02:26,070 --> 00:02:24,239

was now paying attention and many more

51
00:02:28,550 --> 00:02:26,080
sightings and encounters followed the

52
00:02:31,350 --> 00:02:28,560
two types of craft most often reported

53
00:02:33,270 --> 00:02:31,360
were soucoops fallance and cigarvalance

54
00:02:35,750 --> 00:02:33,280
which translate to flying saucers and

55
00:02:37,990 --> 00:02:35,760
flying cigars respectively the cigar

56
00:02:40,390 --> 00:02:38,000
valance were sometimes called churchills

57
00:02:42,229 --> 00:02:40,400
due to the constant presence of a cigar

58
00:02:44,630 --> 00:02:42,239
in the mouth of the famous british prime

59
00:02:46,550 --> 00:02:44,640
minister in addition to the craft there

60
00:02:49,270 --> 00:02:46,560
were many reports of small humanoid

61
00:02:51,509 --> 00:02:49,280
occupants in diving suits hairy dwarves

62
00:02:54,190 --> 00:02:51,519
electrical and mechanical malfunctions

63
00:02:56,309 --> 00:02:54,200

mostly involving stalled cars and more

64

00:02:58,550 --> 00:02:56,319

paralysis-inducing rays of light

65

00:03:00,949 --> 00:02:58,560

according to valet the flying saucer

66

00:03:03,190 --> 00:03:00,959

began to lose its academic character and

67

00:03:05,350 --> 00:03:03,200

entered the experience of daily life it

68

00:03:07,589 --> 00:03:05,360

completely monopolized the press and

69

00:03:09,509 --> 00:03:07,599

general conversation because of all the

70

00:03:11,910 --> 00:03:09,519

press coverage people started seeing

71

00:03:14,229 --> 00:03:11,920

saucers and little creatures everywhere

72

00:03:16,070 --> 00:03:14,239

james mosley covered some of the stories

73

00:03:18,630 --> 00:03:16,080

beginning with one which he printed in

74

00:03:21,830 --> 00:03:18,640

its original french with no translation

75

00:03:23,670 --> 00:03:21,840

in the august 1954 nexus in the december

76

00:03:25,910 --> 00:03:23,680

issue we covered several stories

77

00:03:28,229 --> 00:03:25,920

including one from perpignon involving a

78

00:03:30,149 --> 00:03:28,239

saucer and an occupant in a diverse suit

79

00:03:32,390 --> 00:03:30,159

that rapidly re-entered his ship and

80

00:03:35,030 --> 00:03:32,400

took off after seeing the two dogs of

81

00:03:36,869 --> 00:03:35,040

the witness this story is juxtaposed by

82

00:03:38,789 --> 00:03:36,879

another story in the same paragraph

83

00:03:41,589 --> 00:03:38,799

where the saucer man took time to pet

84

00:03:43,509 --> 00:03:41,599

the witness's dog mosley comments this

85

00:03:45,670 --> 00:03:43,519

leaves us here at nexus headquarters in

86

00:03:48,869 --> 00:03:45,680

a state of confusion as to whether space

87

00:03:52,390 --> 00:03:48,879

men like dogs or not apparently some do

88

00:03:54,630 --> 00:03:52,400

and some don't the january 1955 issue

89

00:03:56,789 --> 00:03:54,640

includes a case written about by mosley

90

00:03:59,030 --> 00:03:56,799

that almost turned deadly empire

91

00:04:01,110 --> 00:03:59,040

language of the share valley district

92

00:04:03,110 --> 00:04:01,120

was walking home in the rain he came

93

00:04:05,350 --> 00:04:03,120

upon what he perceived to be a spaceman

94

00:04:07,589 --> 00:04:05,360

in a luminous suit the man seemed to be

95

00:04:09,429 --> 00:04:07,599

mounting a ray gun on his spaceship with

96

00:04:11,990 --> 00:04:09,439

the aid of a metal claw coming out of

97

00:04:14,550 --> 00:04:12,000

his sleeve lang hwa quickly went home

98

00:04:16,710 --> 00:04:14,560

got his shotgun came back and fired at

99

00:04:18,949 --> 00:04:16,720

the creature a few minutes later a

100

00:04:21,670 --> 00:04:18,959

motorist passing by stopped and gave

101
00:04:23,510 --> 00:04:21,680
assistance to m andre lacoste who was

102
00:04:25,909 --> 00:04:23,520
dressed in a white raincoat and had

103
00:04:28,230 --> 00:04:25,919
buckshot in his ribs and arms the

104
00:04:30,469 --> 00:04:28,240
spaceship was a renault the ray gun was

105
00:04:32,950 --> 00:04:30,479
a carburetor and the metallic claw was a

106
00:04:35,030 --> 00:04:32,960
monkey wrench despite the more farcical

107
00:04:37,189 --> 00:04:35,040
episodes there were cases to be taken

108
00:04:39,590 --> 00:04:37,199
seriously that were reported by those

109
00:04:42,469 --> 00:04:39,600
the french call dyna de foie which in

110
00:04:45,270 --> 00:04:42,479
english amounts to credible witnesses in

111
00:04:47,590 --> 00:04:45,280
gills police officer m baccalard

112
00:04:49,909 --> 00:04:47,600
reported that on october 18th he was

113
00:04:52,629 --> 00:04:49,919

driving a police van making his rounds

114

00:04:54,950 --> 00:04:52,639

at 5 30 pm he came upon a cigar-shaped

115

00:04:57,430 --> 00:04:54,960

object that was approximately 10 meters

116

00:04:59,830 --> 00:04:57,440

long and two to three meters high his

117

00:05:02,469 --> 00:04:59,840

van started misfiring and he experienced

118

00:05:04,469 --> 00:05:02,479

feelings of semi-paralysis he then found

119

00:05:06,390 --> 00:05:04,479

himself entering the village of kohi

120

00:05:08,550 --> 00:05:06,400

which was not part of his route with no

121

00:05:10,230 --> 00:05:08,560

recollection of how he got there in the

122

00:05:12,310 --> 00:05:10,240

midst of all the press there was no

123

00:05:14,790 --> 00:05:12,320

shortage of opinions regarding the cause

124

00:05:18,230 --> 00:05:14,800

of all the sightings in the october 25th

125

00:05:20,310 --> 00:05:18,240

1954 edition of time famed psychiatrist

126

00:05:22,310 --> 00:05:20,320

carl jung posited that the sightings

127

00:05:25,510 --> 00:05:22,320

were either hallucinations brought on by

128

00:05:28,950 --> 00:05:25,520

cold war fears or actual alien craft in

129

00:05:30,950 --> 00:05:28,960

the october 24th 1954 american weekly

130

00:05:33,590 --> 00:05:30,960

professor hermann oberth was far more

131

00:05:35,590 --> 00:05:33,600

definite and declared it is my thesis

132

00:05:37,670 --> 00:05:35,600

that flying saucers are real and that

133

00:05:38,469 --> 00:05:37,680

they are spaceships from another solar

134

00:05:41,270 --> 00:05:38,479

system

135

00:05:43,510 --> 00:05:41,280

many american researchers such as kiho

136

00:05:45,510 --> 00:05:43,520

were not open to the humanoid reports

137

00:05:47,909 --> 00:05:45,520

one group of researchers that was open

138

00:05:50,230 --> 00:05:47,919

to them was civilian saucer intelligence

139

00:05:52,230 --> 00:05:50,240

which had formed in new york that year

140

00:05:54,310 --> 00:05:52,240

some members of the group also had a

141

00:05:57,110 --> 00:05:54,320

relationship with aimee michelle having

142

00:05:59,830 --> 00:05:57,120

translated his book lurs surley sukup's

143

00:06:02,309 --> 00:05:59,840

filance the truth about flying saucers

144

00:06:05,350 --> 00:06:02,319

into english the may michelle's book was

145

00:06:07,029 --> 00:06:05,360

published in 1954 just before the onset

146

00:06:08,870 --> 00:06:07,039

of the french reports and he found

147

00:06:11,510 --> 00:06:08,880

himself in the position of being that

148

00:06:13,350 --> 00:06:11,520

nation's flying saucer expert out of

149

00:06:15,350 --> 00:06:13,360

thousands of reports michelle

150

00:06:17,670 --> 00:06:15,360

investigated and collected data on

151

00:06:20,150 --> 00:06:17,680

nearly 300 reports that he felt were

152

00:06:22,629 --> 00:06:20,160

credible while doing so he developed the

153

00:06:24,710 --> 00:06:22,639

theory called orthoty based on his

154

00:06:26,710 --> 00:06:24,720

observation that sightings occurred

155

00:06:28,710 --> 00:06:26,720

along straight lines that would change

156

00:06:30,469 --> 00:06:28,720

daily to michelle this proved the

157

00:06:32,469 --> 00:06:30,479

sightings were real and that there was

158

00:06:35,270 --> 00:06:32,479

intelligence behind the objects being

159

00:06:37,350 --> 00:06:35,280

seen he noted that from september 23rd

160

00:06:39,270 --> 00:06:37,360

to october 10th the sightings followed

161

00:06:41,749 --> 00:06:39,280

the pattern and then afterwards they

162

00:06:43,670 --> 00:06:41,759

deviated he speculated that the objects

163

00:06:45,909 --> 00:06:43,680

were alien craft deployed on a

164

00:06:48,550 --> 00:06:45,919

methodical survey mission the emerging

165

00:06:51,029 --> 00:06:48,560

randomness was due to a follow-up survey

166

00:06:53,990 --> 00:06:51,039

with separate areas of focus michelle

167

00:06:57,749 --> 00:06:54,000

published his findings in his 1958 book

168

00:06:59,589 --> 00:06:57,759

mysteria objects celeste which csi also

169

00:07:02,469 --> 00:06:59,599

translated and it was published in

170

00:07:04,550 --> 00:07:02,479

america that same year as flying saucers

171

00:07:06,790 --> 00:07:04,560

and the straight line mystery jacques

172

00:07:09,990 --> 00:07:06,800

filet was a 19 year old college student

173

00:07:11,749 --> 00:07:10,000

when he read mysteria objects celeste he

174

00:07:13,749 --> 00:07:11,759

was impressed enough by the book that he

175

00:07:15,430 --> 00:07:13,759

wrote michelle a letter praising it he

176
00:07:17,430 --> 00:07:15,440
didn't agree with everything in the book

177
00:07:18,870 --> 00:07:17,440
and argued against michelle's opinion

178
00:07:21,110 --> 00:07:18,880
that there was an unbridgeable

179
00:07:23,430 --> 00:07:21,120
evolutionary gap between ourselves and

180
00:07:25,510 --> 00:07:23,440
the visitors he closed his letter

181
00:07:27,909 --> 00:07:25,520
telling michelle that his book gives us

182
00:07:30,710 --> 00:07:27,919
a reason to face the problem it enables

183
00:07:33,029 --> 00:07:30,720
us to be in valuable research quietly

184
00:07:35,430 --> 00:07:33,039
serious work can start now at last

185
00:07:37,110 --> 00:07:35,440
because of you fellai's passion was most

186
00:07:40,390 --> 00:07:37,120
likely spawned by his own sighting in

187
00:07:42,230 --> 00:07:40,400
1955 along with his mother of a disc

188
00:07:44,230 --> 00:07:42,240

with a bubble dome hovering over a

189

00:07:47,110 --> 00:07:44,240

church near his house fellaia and

190

00:07:49,270 --> 00:07:47,120

Michelle both contributed to the 1969

191

00:07:52,629 --> 00:07:49,280

book the humanoids which has become a

192

00:07:54,629 --> 00:07:52,639

classic in ufo literature the 1954

193

00:07:57,110 --> 00:07:54,639

sightings stuck with valet and the small

194

00:07:58,950 --> 00:07:57,120

humanoids reported then reminded valet

195

00:08:01,110 --> 00:07:58,960

of small humanoid reports throughout

196

00:08:02,950 --> 00:08:01,120

human history he set about comparing

197

00:08:04,710 --> 00:08:02,960

them and developed the theory that what

198

00:08:07,029 --> 00:08:04,720

was being seen whether fairies

199

00:08:09,350 --> 00:08:07,039

leprechauns elves or aliens were all

200

00:08:12,150 --> 00:08:09,360

manifestations of an intelligence that

201
00:08:15,189 --> 00:08:12,160
co-exists with us and is deceptive he

202
00:08:17,189 --> 00:08:15,199
published his ideas in his 1993 book

203
00:08:18,790 --> 00:08:17,199
passport to magonia and was an

204
00:08:21,510 --> 00:08:18,800
influential contributor to the

205
00:08:23,749 --> 00:08:21,520
interdimensional hypothesis and michelle

206
00:08:25,350 --> 00:08:23,759
came to similar conclusions but the idea

207
00:08:27,510 --> 00:08:25,360
that we were interacting with something

208
00:08:30,309 --> 00:08:27,520
unknowable bothered him enough that he

209
00:08:33,110 --> 00:08:30,319
abandoned his investigation in 1980 a

210
00:08:35,430 --> 00:08:33,120
lasting result of the 1954 flap is still

211
00:08:37,589 --> 00:08:35,440
