**PHILIP MANTLE**

**CHARLES LEAR**

1  
00:01:02,389 --> 00:00:21,310

[Music]

2  
00:01:06,390 --> 00:01:04,229

hello and welcome to the show i'm martin

3  
00:01:08,710 --> 00:01:06,400

willis your host and we have a great

4  
00:01:10,469 --> 00:01:08,720

show for you this evening the first hour

5  
00:01:11,750 --> 00:01:10,479

is actually a pre-record but you're not

6  
00:01:12,789 --> 00:01:11,760

going to be able to tell because it's

7  
00:01:17,190 --> 00:01:12,799

going to

8  
00:01:19,990 --> 00:01:17,200

part with charles lear the first guest

9  
00:01:21,830 --> 00:01:20,000

tonight is philip mantle from the uk and

10  
00:01:24,149 --> 00:01:21,840

the reason we're pre-recording is

11  
00:01:26,710 --> 00:01:24,159

because of the time zones of course over

12  
00:01:29,109 --> 00:01:26,720

in england would be too late over there

13  
00:01:30,950 --> 00:01:29,119

at the normal lifetime so like i said

14

00:01:32,710 --> 00:01:30,960

the first hour was with philip mantle

15

00:01:35,749 --> 00:01:32,720

he's going to be talking about his new

16

00:01:37,270 --> 00:01:35,759

book uh where he looks at ufo landing

17

00:01:41,030 --> 00:01:37,280

cases in the uk

18

00:01:43,590 --> 00:01:41,040

and also uh one i believe in ireland and

19

00:01:47,350 --> 00:01:43,600

this is uh long before the modern era of

20

00:01:49,190 --> 00:01:47,360

ufo sightings began back in 1947. guess

21

00:01:51,429 --> 00:01:49,200

two in the second hour charles lear a

22

00:01:54,870 --> 00:01:51,439

long time blogger for our website

23

00:01:57,749 --> 00:01:54,880

podcast ufo and he has a new book the

24

00:01:59,590 --> 00:01:57,759

flying saucer investigators and which

25

00:02:02,550 --> 00:01:59,600

that is about uh people that are

26

00:02:04,310 --> 00:02:02,560

involved in the mystery of

27

00:02:06,389 --> 00:02:04,320

flying saucers as well as the

28

00:02:09,109 --> 00:02:06,399

investigators and witnesses

29

00:02:12,390 --> 00:02:09,119

and the gold this is starting at the

30

00:02:13,350 --> 00:02:12,400

golden age of flying saucers which began

31

00:02:17,510 --> 00:02:13,360

back in

32

00:02:20,949 --> 00:02:17,520

uh 1947 what they call the modern uh

33

00:02:22,630 --> 00:02:20,959

ufos as they say uh not the ancient

34

00:02:24,869 --> 00:02:22,640

aliens or whatever

35

00:02:26,790 --> 00:02:24,879

uh but anyway the blog that charles

36

00:02:29,110 --> 00:02:26,800

wrote for us this week is called when

37

00:02:31,430 --> 00:02:29,120

ufos were flying discs and a lot of that

38

00:02:33,910 --> 00:02:31,440

is about um hoaxes that people have done

39

00:02:38,070 --> 00:02:33,920

over the year which is unfortunately a

40

00:02:40,470 --> 00:02:38,080

sad part of ufology all the the hoax is

41

00:02:43,030 --> 00:02:40,480

now it gets easier and easier every day

42

00:02:44,470 --> 00:02:43,040

with uh cgi

43

00:02:47,910 --> 00:02:44,480

there's some great ones out there that

44

00:02:48,869 --> 00:02:47,920

look so real but they're not and uh it's

45

00:02:53,270 --> 00:02:48,879

too bad

46

00:02:55,190 --> 00:02:53,280

some right this is cgi uh enjoy it and

47

00:02:56,949 --> 00:02:55,200

but a lot of them not a lot of them but

48

00:03:00,470 --> 00:02:56,959

uh some of them are out there

49

00:03:02,309 --> 00:03:00,480

are cgi fakes and hoaxes so just be

50

00:03:04,710 --> 00:03:02,319

careful when you're looking at you know

51  
00:03:06,790 --> 00:03:04,720  
places like youtube and things like that

52  
00:03:09,270 --> 00:03:06,800  
if you're looking for the real deal

53  
00:03:12,229 --> 00:03:09,280  
tomorrow night wednesday night uh the

54  
00:03:15,030 --> 00:03:12,239  
15th june 15th at 8pm

55  
00:03:17,270 --> 00:03:15,040  
uh live on the everything else show is

56  
00:03:20,390 --> 00:03:17,280  
becky ferreira and she's a science

57  
00:03:23,190 --> 00:03:20,400  
writer and she is going to be on

58  
00:03:25,350 --> 00:03:23,200  
talking about the possibility of life on

59  
00:03:27,670 --> 00:03:25,360  
jupiter's moon europa

60  
00:03:28,470 --> 00:03:27,680  
and with that we are going to get the

61  
00:03:30,550 --> 00:03:28,480  
show

62  
00:03:32,630 --> 00:03:30,560  
this is for tomorrow night and the link

63  
00:03:34,869 --> 00:03:32,640

will be down into

64

00:03:37,430 --> 00:03:34,879

the uh text of this

65

00:03:39,589 --> 00:03:37,440

show below and also on my youtube

66

00:03:42,070 --> 00:03:39,599

channel and here we go with our great

67

00:03:42,869 --> 00:03:42,080

guests from the uk philip welcome to the

68

00:03:44,630 --> 00:03:42,879

show

69

00:03:47,110 --> 00:03:44,640

yeah good evening marty nice to speak to

70

00:03:47,990 --> 00:03:47,120

you again always nice to speak to you as

71

00:03:50,789 --> 00:03:48,000

well

72

00:03:53,190 --> 00:03:50,799

so uh thank you for joining us and uh

73

00:03:55,190 --> 00:03:53,200

let's talk about your book how many

74

00:03:57,589 --> 00:03:55,200

books have you written all together i

75

00:04:01,750 --> 00:03:57,599

don't know you know

76

00:04:02,710 --> 00:04:01,760

some some might say enough

77

00:04:07,990 --> 00:04:02,720

you know

78

00:04:10,309 --> 00:04:08,000

six or seven books but then i i did some

79

00:04:12,229 --> 00:04:10,319

little booklets for uh a younger

80

00:04:13,589 --> 00:04:12,239

audience many years back so i don't know

81

00:04:16,310 --> 00:04:13,599

if they're

82

00:04:18,229 --> 00:04:16,320

if he clashed them as well um

83

00:04:20,550 --> 00:04:18,239

and i've i've written some books and

84

00:04:22,310 --> 00:04:20,560

then a few years later later i've done a

85

00:04:24,629 --> 00:04:22,320

revised edition of the same way you know

86

00:04:27,350 --> 00:04:24,639

brought it up to date

87

00:04:29,270 --> 00:04:27,360

yeah so you know i'm still going i think

88

00:04:32,310 --> 00:04:29,280

i might still have one or two

89

00:04:34,790 --> 00:04:32,320  
more left in me so we shall see

90

00:04:37,189 --> 00:04:34,800  
yeah now uh the children's book i think

91

00:04:39,270 --> 00:04:37,199  
that's great that you have written that

92

00:04:40,230 --> 00:04:39,280  
there's a few out there there's uh i met

93

00:04:42,629 --> 00:04:40,240  
someone

94

00:04:44,310 --> 00:04:42,639  
recently that is sort of writing in that

95

00:04:46,710 --> 00:04:44,320  
way um

96

00:04:48,390 --> 00:04:46,720  
katie cook she's uh known country

97

00:04:50,629 --> 00:04:48,400  
western but she's also interested in the

98

00:04:51,990 --> 00:04:50,639  
topic and she's writing children's books

99

00:04:54,629 --> 00:04:52,000  
and i think it's a

100

00:04:57,430 --> 00:04:54,639  
i i believe it's a very good

101  
00:05:00,469 --> 00:04:57,440  
thing to start out young about the

102  
00:05:02,070 --> 00:05:00,479  
possibility of you know not not saying

103  
00:05:04,950 --> 00:05:02,080  
again i i know you wouldn't be the type

104  
00:05:07,189 --> 00:05:04,960  
to say i know these are aliens from

105  
00:05:09,830 --> 00:05:07,199  
zeta reticuli or something like that i

106  
00:05:12,710 --> 00:05:09,840  
uh i know you you always you have a good

107  
00:05:15,749 --> 00:05:12,720  
level head so i'm sure your books are

108  
00:05:17,990 --> 00:05:15,759  
really good might as well um let them

109  
00:05:20,310 --> 00:05:18,000  
take a look at a young age and

110  
00:05:22,469 --> 00:05:20,320  
and get the curiosity going yeah i've

111  
00:05:24,150 --> 00:05:22,479  
always find young people probably you

112  
00:05:25,430 --> 00:05:24,160  
know a better audience certainly when

113  
00:05:27,029 --> 00:05:25,440

speaking in front of them they seem to

114

00:05:29,110 --> 00:05:27,039

ask more intelligent questions of the

115

00:05:30,550 --> 00:05:29,120

adults sometimes

116

00:05:32,390 --> 00:05:30,560

yeah that was a long time back and it

117

00:05:33,749 --> 00:05:32,400

was a publisher who were doing a series

118

00:05:36,629 --> 00:05:33,759

of books and they

119

00:05:38,629 --> 00:05:36,639

they asked me to sort of proofread

120

00:05:39,749 --> 00:05:38,639

something and i thought you know

121

00:05:41,510 --> 00:05:39,759

with every

122

00:05:43,350 --> 00:05:41,520

greatest respect to your authors they've

123

00:05:45,110 --> 00:05:43,360

got a lot of things wrong so this

124

00:05:46,950 --> 00:05:45,120

invited me down to london and i told

125

00:05:48,950 --> 00:05:46,960

them what was wrong with it and they

126

00:05:50,710 --> 00:05:48,960

said well will you write it i said yeah

127

00:05:53,029 --> 00:05:50,720

fine so you know

128

00:05:55,909 --> 00:05:53,039

we were up and running that's great

129

00:05:58,870 --> 00:05:55,919

that's great so um i understand that you

130

00:06:01,590 --> 00:05:58,880

started back in 1980 which wow you're

131

00:06:04,070 --> 00:06:01,600

going back 42 years now so

132

00:06:06,629 --> 00:06:04,080

what uh spark but you had an interest

133

00:06:08,790 --> 00:06:06,639

before did you before that yeah yeah

134

00:06:11,029 --> 00:06:08,800

absolutely i mean as far back as i can

135

00:06:12,150 --> 00:06:11,039

remember martin i always had an interest

136

00:06:19,670 --> 00:06:12,160

in

137

00:06:21,909 --> 00:06:19,680

um

138

00:06:23,909 --> 00:06:21,919

a city called leeds in the north of

139

00:06:26,390 --> 00:06:23,919

england in west yorkshire

140

00:06:28,309 --> 00:06:26,400

and i i was fortunate

141

00:06:30,469 --> 00:06:28,319

the lady that lived opposite us was my

142

00:06:32,629 --> 00:06:30,479

best friend's grandmother

143

00:06:34,469 --> 00:06:32,639

and she used to go to the uh the local

144

00:06:36,390 --> 00:06:34,479

spiritualist church

145

00:06:37,670 --> 00:06:36,400

and now and again i would you know i tag

146

00:06:39,270 --> 00:06:37,680

along with her and i found it

147

00:06:41,350 --> 00:06:39,280

fascinating

148

00:06:43,990 --> 00:06:41,360

i didn't necessarily agree with

149

00:06:46,309 --> 00:06:44,000

everything they said of course but

150

00:06:47,670 --> 00:06:46,319

uh nonetheless it was great and it

151

00:06:49,830 --> 00:06:47,680

wasn't about when you were at high

152

00:06:52,070 --> 00:06:49,840

school marching but i know for us after

153

00:06:54,070 --> 00:06:52,080

the the summer recess

154

00:06:55,749 --> 00:06:54,080

when we went back to school

155

00:06:56,629 --> 00:06:55,759

the teacher would often say all right

156

00:06:58,309 --> 00:06:56,639

you know

157

00:07:00,309 --> 00:06:58,319

stand up one at a time and tell us what

158

00:07:02,870 --> 00:07:00,319

you did during the summer holidays some

159

00:07:04,710 --> 00:07:02,880

people went you know overseas

160

00:07:08,230 --> 00:07:04,720

others were riding their horse what did

161

00:07:10,309 --> 00:07:08,240

you do phillip or at all you know

162

00:07:12,230 --> 00:07:10,319

i went to the spiritualist

163

00:07:14,790 --> 00:07:12,240

church sir

164

00:07:16,870 --> 00:07:14,800

and uh it wasn't a great one for getting

165

00:07:17,909 --> 00:07:16,880

a girlfriend at school i can't assure

166

00:07:20,469 --> 00:07:17,919

you you know

167

00:07:23,749 --> 00:07:20,479

yeah but that's how it all started i and

168

00:07:25,270 --> 00:07:23,759

um i was also you know fascinated by the

169

00:07:28,070 --> 00:07:25,280

space programme

170

00:07:30,950 --> 00:07:28,080

and astronomy in general and still do

171

00:07:33,670 --> 00:07:30,960

keep a a passing interest in it

172

00:07:35,909 --> 00:07:33,680

and um i've read one book on astronomy i

173

00:07:39,589 --> 00:07:35,919

have no idea what it was called and he

174

00:07:43,189 --> 00:07:39,599

had one chapter in it mentioned in ufos

175

00:07:45,270 --> 00:07:43,199

and it pretty much dismissed the subject

176  
00:07:47,350 --> 00:07:45,280  
marching which i found peculiar because

177  
00:07:49,749 --> 00:07:47,360  
elsewhere in this book

178  
00:07:52,550 --> 00:07:49,759  
were some very hypothetical

179  
00:07:54,150 --> 00:07:52,560  
you know astronomical um things i

180  
00:07:56,790 --> 00:07:54,160  
thought well you you'll accept them as

181  
00:07:59,670 --> 00:07:56,800  
possibilities but not ufos well that's

182  
00:08:01,029 --> 00:07:59,680  
strange but it sparked the interest

183  
00:08:03,270 --> 00:08:01,039  
so i left

184  
00:08:05,029 --> 00:08:03,280  
high school in 1974

185  
00:08:06,710 --> 00:08:05,039  
at the age of 16.

186  
00:08:07,990 --> 00:08:06,720  
no idea what i was going to do but i

187  
00:08:10,629 --> 00:08:08,000  
still had this

188  
00:08:13,270 --> 00:08:10,639

this this burning interest so

189

00:08:15,749 --> 00:08:13,280

eventually i ended up in in

190

00:08:18,950 --> 00:08:15,759

late 1978

191

00:08:20,629 --> 00:08:18,960

over into the over the winter into 1979

192

00:08:22,629 --> 00:08:20,639

i ended up working in west germany with

193

00:08:24,390 --> 00:08:22,639

a friend of mine

194

00:08:28,150 --> 00:08:24,400

couldn't speak a word of the language i

195

00:08:29,749 --> 00:08:28,160

mean not one word and um so i tell you

196

00:08:31,430 --> 00:08:29,759

from my mom and said mom can you send me

197

00:08:33,350 --> 00:08:31,440

some books to read

198

00:08:35,829 --> 00:08:33,360

and she sent me a box of books and they

199

00:08:38,149 --> 00:08:35,839

were all about ufos martin and the whole

200

00:08:39,909 --> 00:08:38,159

box full so i would sit there on a night

201  
00:08:43,190 --> 00:08:39,919  
you know reading away so what when i

202  
00:08:46,790 --> 00:08:43,200  
came back in 1979 i had a bit more of a

203  
00:08:49,509 --> 00:08:46,800  
a grasp on the subject still very naive

204  
00:08:51,910 --> 00:08:49,519  
in that respect and like i said i lived

205  
00:08:54,310 --> 00:08:51,920  
just outside of the city of leeds

206  
00:08:56,870 --> 00:08:54,320  
and leads then and still does now

207  
00:09:00,230 --> 00:08:56,880  
publishes a newspaper on an evening and

208  
00:09:01,990 --> 00:09:00,240  
it's called the yorkshire evening post

209  
00:09:03,750 --> 00:09:02,000  
my auntie who lived just around the

210  
00:09:05,750 --> 00:09:03,760  
corner from us she brought the newspaper

211  
00:09:07,190 --> 00:09:05,760  
around one evening and said philip

212  
00:09:09,829 --> 00:09:07,200  
have you seen this

213  
00:09:12,310 --> 00:09:09,839

and there was a small advertisement

214

00:09:14,949 --> 00:09:12,320

for the formation of the yorkshire ufo

215

00:09:17,110 --> 00:09:14,959

society it was coming up that sunday and

216

00:09:19,190 --> 00:09:17,120

there was a meeting in leeds

217

00:09:20,949 --> 00:09:19,200

so i caught the bus i didn't drive in

218

00:09:23,910 --> 00:09:20,959

those days and on a sunday everything

219

00:09:26,710 --> 00:09:23,920

used to close here in the uk martin

220

00:09:28,790 --> 00:09:26,720

i found this this building where i found

221

00:09:30,230 --> 00:09:28,800

this gathering there were about 20 30

222

00:09:32,949 --> 00:09:30,240

people there

223

00:09:34,790 --> 00:09:32,959

and and the yorkshire ufo society was

224

00:09:37,750 --> 00:09:34,800

set up by two brothers

225

00:09:40,070 --> 00:09:37,760

uh mark and graham bertsel

226

00:09:41,750 --> 00:09:40,080

and they put on a presentation

227

00:09:44,070 --> 00:09:41,760

um because they'd obviously been

228

00:09:46,230 --> 00:09:44,080

involved for a few years already and

229

00:09:48,310 --> 00:09:46,240

that was it martin i was hooked

230

00:09:50,470 --> 00:09:48,320

you know i thought i felt like this was

231

00:09:52,150 --> 00:09:50,480

the right place at the right time

232

00:09:53,350 --> 00:09:52,160

i felt i could come home in some

233

00:09:55,430 --> 00:09:53,360

respects

234

00:09:57,350 --> 00:09:55,440

uh still very naive of course i thought

235

00:09:59,190 --> 00:09:57,360

i'll read a few more books

236

00:10:00,949 --> 00:09:59,200

maybe write a few letters to people and

237

00:10:01,750 --> 00:10:00,959

i'll know everything i want to know you

238

00:10:05,750 --> 00:10:01,760

know

239

00:10:08,470 --> 00:10:05,760

plus years ago and i'm still asking the

240

00:10:11,110 --> 00:10:08,480

same damn questions now

241

00:10:13,750 --> 00:10:11,120

you know and that's how it all began

242

00:10:14,949 --> 00:10:13,760

literally so i joined the yorkshire ufo

243

00:10:17,030 --> 00:10:14,959

society

244

00:10:19,750 --> 00:10:17,040

i think my membership fee for the whole

245

00:10:21,750 --> 00:10:19,760

year was about two pounds it's about

246

00:10:23,430 --> 00:10:21,760

you know three dollars

247

00:10:24,230 --> 00:10:23,440

and and we were up and running and that

248

00:10:27,990 --> 00:10:24,240

that

249

00:10:30,069 --> 00:10:28,000

well um

250

00:10:33,190 --> 00:10:30,079

in all those years have you ever

251  
00:10:35,990 --> 00:10:33,200  
personally had a ufo sighting i've

252  
00:10:38,790 --> 00:10:36,000  
seen two things um

253  
00:10:40,470 --> 00:10:38,800  
where we live our county is split up

254  
00:10:43,190 --> 00:10:40,480  
into four

255  
00:10:45,590 --> 00:10:43,200  
it's north south east and west yorkshire

256  
00:10:47,750 --> 00:10:45,600  
in north yorkshire we have the yorkshire

257  
00:10:49,670 --> 00:10:47,760  
dales national park

258  
00:10:51,350 --> 00:10:49,680  
a beautiful part of the world

259  
00:10:52,790 --> 00:10:51,360  
and there was an area there in the early

260  
00:10:55,509 --> 00:10:52,800  
1980s

261  
00:10:58,069 --> 00:10:55,519  
uh outside of the town of skipton

262  
00:11:00,550 --> 00:10:58,079  
above a little village called carlton

263  
00:11:03,430 --> 00:11:00,560

simply called more you know you drive

264

00:11:05,509 --> 00:11:03,440

through the village go up the other side

265

00:11:08,550 --> 00:11:05,519

and it's moorland heather

266

00:11:11,030 --> 00:11:08,560

uh the there's there's very few uh

267

00:11:13,910 --> 00:11:11,040

houses it's mainly

268

00:11:15,269 --> 00:11:13,920

for game birds you know grouse pheasant

269

00:11:18,870 --> 00:11:15,279

that kind of thing

270

00:11:20,870 --> 00:11:18,880

so there isn't any sheep or cows

271

00:11:23,190 --> 00:11:20,880

and for whatever reason martin in and

272

00:11:25,590 --> 00:11:23,200

around these hills and dales

273

00:11:27,030 --> 00:11:25,600

we had a lot of ufo sightings and a lot

274

00:11:28,790 --> 00:11:27,040

of them reached us

275

00:11:31,910 --> 00:11:28,800

so we would go there on occasion

276

00:11:35,269 --> 00:11:31,920

sometimes we'd organize a sky watch

277

00:11:36,790 --> 00:11:35,279

other times uh graeme bertsell sadly no

278

00:11:38,710 --> 00:11:36,800

longer with us grain would phone me and

279

00:11:40,949 --> 00:11:38,720

said do you want to go to count more for

280

00:11:44,470 --> 00:11:40,959

an hour and it was about 90 minutes

281

00:11:46,790 --> 00:11:44,480

drive i i didn't drive at that point

282

00:11:48,630 --> 00:11:46,800

so graeme and i were on cal tomorrow

283

00:11:50,470 --> 00:11:48,640

night and there's a place where you can

284

00:11:52,069 --> 00:11:50,480

park the car and you can see the whole

285

00:11:54,230 --> 00:11:52,079

moor in front of you

286

00:11:56,389 --> 00:11:54,240

there's not a building in sight martin

287

00:11:58,629 --> 00:11:56,399

no lights no nothing

288

00:12:01,269 --> 00:11:58,639

and we were chatting away you know about

289

00:12:03,990 --> 00:12:01,279

a half as 12 1 o'clock in the morning

290

00:12:06,069 --> 00:12:04,000

talking about the football or whatever

291

00:12:09,190 --> 00:12:06,079

and then being

292

00:12:10,870 --> 00:12:09,200

out across the mall this light appeared

293

00:12:11,910 --> 00:12:10,880

graham looked at me and i looked at him

294

00:12:13,590 --> 00:12:11,920

and i thought

295

00:12:16,069 --> 00:12:13,600

there's nothing there

296

00:12:17,350 --> 00:12:16,079

that we know of it so we jumped in the

297

00:12:19,190 --> 00:12:17,360

car

298

00:12:19,910 --> 00:12:19,200

now those that know graham or did know

299

00:12:21,590 --> 00:12:19,920

him

300

00:12:24,389 --> 00:12:21,600

he used to drive like a maniac at the

301  
00:12:27,430 --> 00:12:24,399  
best of times martin you know so we're

302  
00:12:29,670 --> 00:12:27,440  
literally tearing across the moorland

303  
00:12:31,750 --> 00:12:29,680  
pitch black graham's driving i'm looking

304  
00:12:33,829 --> 00:12:31,760  
out of the window

305  
00:12:36,150 --> 00:12:33,839  
and at one point all these fields are

306  
00:12:37,350 --> 00:12:36,160  
all surrounded by what we call dry stone

307  
00:12:41,350 --> 00:12:37,360  
walls

308  
00:12:43,670 --> 00:12:41,360  
stone but there's no there's no concrete

309  
00:12:46,150 --> 00:12:43,680  
or mortar holding them together

310  
00:12:48,389 --> 00:12:46,160  
and um i don't know whether the wall was

311  
00:12:49,910 --> 00:12:48,399  
down or it was a gate that was open but

312  
00:12:51,350 --> 00:12:49,920  
i could see right down this little

313  
00:12:53,990 --> 00:12:51,360

valley

314

00:12:55,190 --> 00:12:54,000

and and hanging in the sky

315

00:12:57,350 --> 00:12:55,200

um

316

00:12:58,949 --> 00:12:57,360

not not miles away i mean right there

317

00:13:00,230 --> 00:12:58,959

and in your face

318

00:13:02,550 --> 00:13:00,240

was

319

00:13:04,790 --> 00:13:02,560

like a cartwheel of lights

320

00:13:07,030 --> 00:13:04,800

it's almost as if you got the london eye

321

00:13:08,870 --> 00:13:07,040

cartwheel and stuck it in the sky and it

322

00:13:10,870 --> 00:13:08,880

was there

323

00:13:12,870 --> 00:13:10,880

and it was massive

324

00:13:15,190 --> 00:13:12,880

and i screamed at graham

325

00:13:17,670 --> 00:13:15,200

so he finally brought the car to a halt

326

00:13:19,670 --> 00:13:17,680

and we we jumped over this wall but

327

00:13:21,430 --> 00:13:19,680

it had gone graham was just mad as hell

328

00:13:23,750 --> 00:13:21,440

because he hadn't seen it because he was

329

00:13:25,430 --> 00:13:23,760

selling keepers on the road

330

00:13:27,509 --> 00:13:25,440

and there was a road that used to

331

00:13:28,550 --> 00:13:27,519

circumnavigate the whole moor so we

332

00:13:31,350 --> 00:13:28,560

drove

333

00:13:33,190 --> 00:13:31,360

on this road we went all around

334

00:13:34,389 --> 00:13:33,200

uh i managed to persuade him to slow

335

00:13:36,310 --> 00:13:34,399

down at one point

336

00:13:38,069 --> 00:13:36,320

and we never saw anything again that

337

00:13:39,189 --> 00:13:38,079

night so what it was i don't know but it

338

00:13:40,870 --> 00:13:39,199

was

339

00:13:42,389 --> 00:13:40,880

fairly typical

340

00:13:44,629 --> 00:13:42,399

with the sight of things that were

341

00:13:47,590 --> 00:13:44,639

reported in and around

342

00:13:50,389 --> 00:13:47,600

uh this area that we call carlton moore

343

00:13:53,110 --> 00:13:50,399

uh near skipton in in north yorkshire

344

00:13:55,670 --> 00:13:53,120

i'm making it what you will martin i i

345

00:13:57,189 --> 00:13:55,680

have no idea i don't talk about it much

346

00:14:00,550 --> 00:13:57,199

because graham's

347

00:14:02,230 --> 00:14:00,560

passed away sadly so he can't confirm it

348

00:14:04,069 --> 00:14:02,240

and with no photographic i mean my

349

00:14:06,069 --> 00:14:04,079

camera was in the boot of the car you

350

00:14:08,949 --> 00:14:06,079

know yeah

351  
00:14:10,389 --> 00:14:08,959  
yeah you know

352  
00:14:13,269 --> 00:14:10,399  
did that light with the was the

353  
00:14:17,030 --> 00:14:13,279  
formation really was it

354  
00:14:19,110 --> 00:14:17,040  
like a a very unique formation and

355  
00:14:20,550 --> 00:14:19,120  
symmetrical and all that absolutely i

356  
00:14:21,430 --> 00:14:20,560  
you know i don't know if you've seen you

357  
00:14:23,829 --> 00:14:21,440  
know

358  
00:14:25,750 --> 00:14:23,839  
2001 the space odyssey the moon where

359  
00:14:28,069 --> 00:14:25,760  
they have the space stations that's

360  
00:14:30,470 --> 00:14:28,079  
circular people like that right it was

361  
00:14:32,150 --> 00:14:30,480  
like the london eye a big big catherine

362  
00:14:34,870 --> 00:14:32,160  
wheel just

363  
00:14:35,670 --> 00:14:34,880

stationed me there multi-coloured

364

00:14:37,509 --> 00:14:35,680

you know

365

00:14:39,509 --> 00:14:37,519

complete and i don't i don't know what

366

00:14:41,670 --> 00:14:39,519

it was but there's nothing there martian

367

00:14:44,629 --> 00:14:41,680

there's nothing on that more that could

368

00:14:46,949 --> 00:14:44,639

account for it i mean absolutely zero um

369

00:14:49,350 --> 00:14:46,959

at the far end of the mort for example

370

00:14:50,949 --> 00:14:49,360

there used to be a gentleman that used

371

00:14:52,389 --> 00:14:50,959

to run a cattery

372

00:14:53,990 --> 00:14:52,399

so you you know take your cat there

373

00:14:55,110 --> 00:14:54,000

while you leave it there while you go on

374

00:14:57,509 --> 00:14:55,120

holiday

375

00:14:58,949 --> 00:14:57,519

um he'd had a sighting

376

00:15:01,430 --> 00:14:58,959

and um

377

00:15:02,629 --> 00:15:01,440

we we interviewed him some time before

378

00:15:05,110 --> 00:15:02,639

this

379

00:15:08,310 --> 00:15:05,120

when you come out of his house

380

00:15:10,389 --> 00:15:08,320

the the moor just fell away behind you

381

00:15:11,350 --> 00:15:10,399

and he said philip i had a routine every

382

00:15:12,949 --> 00:15:11,360

night

383

00:15:15,030 --> 00:15:12,959

you know no matter what the weather i

384

00:15:16,790 --> 00:15:15,040

used to do one last check

385

00:15:19,030 --> 00:15:16,800

of all the i don't know what you put the

386

00:15:21,030 --> 00:15:19,040

cats in you know

387

00:15:22,790 --> 00:15:21,040

but he said i did it every night you

388

00:15:24,470 --> 00:15:22,800

know without fail

389

00:15:25,829 --> 00:15:24,480

he said i come out one night i check

390

00:15:27,509 --> 00:15:25,839

this and i check that and i turned

391

00:15:29,829 --> 00:15:27,519

around and there's that

392

00:15:32,069 --> 00:15:29,839

he lived in a stone cottage

393

00:15:34,870 --> 00:15:32,079

and he said there are these

394

00:15:37,189 --> 00:15:34,880

five huge orange lights and again i'm

395

00:15:39,030 --> 00:15:37,199

not talking about little things in the

396

00:15:41,509 --> 00:15:39,040

distance i'm talking

397

00:15:43,350 --> 00:15:41,519

literally right behind his house and he

398

00:15:46,389 --> 00:15:43,360

said all i can describe as they were

399

00:15:48,310 --> 00:15:46,399

doing aerial acrobatics

400

00:15:49,910 --> 00:15:48,320

right behind the house

401  
00:15:51,430 --> 00:15:49,920  
and he said

402  
00:15:52,870 --> 00:15:51,440  
you know i have no idea what the i

403  
00:15:54,470 --> 00:15:52,880  
thought these were the kinds of things

404  
00:15:57,269 --> 00:15:54,480  
that were reported

405  
00:15:59,430 --> 00:15:57,279  
um in and around these areas

406  
00:16:01,749 --> 00:15:59,440  
all kinds of things man we made

407  
00:16:03,269 --> 00:16:01,759  
ourselves very visible in these areas

408  
00:16:05,269 --> 00:16:03,279  
martin's it's pre

409  
00:16:07,430 --> 00:16:05,279  
internet day so we would

410  
00:16:09,829 --> 00:16:07,440  
hand out flyers to

411  
00:16:11,910 --> 00:16:09,839  
local police stations

412  
00:16:13,350 --> 00:16:11,920  
reference libraries even the local pub

413  
00:16:15,670 --> 00:16:13,360

there used to be a little pub called the

414

00:16:17,110 --> 00:16:15,680

swan in carlton village

415

00:16:19,189 --> 00:16:17,120

put a flyer and we asked them if we

416

00:16:20,790 --> 00:16:19,199

could put it on their notice board

417

00:16:22,790 --> 00:16:20,800

and it was always amazing when people

418

00:16:25,590 --> 00:16:22,800

would contact us we'd always ask them

419

00:16:27,189 --> 00:16:25,600

how they found us so we knew which which

420

00:16:28,230 --> 00:16:27,199

things were working and which things

421

00:16:32,710 --> 00:16:28,240

weren't

422

00:16:33,509 --> 00:16:32,720

directory or anything like that um

423

00:16:37,189 --> 00:16:33,519

but

424

00:16:38,949 --> 00:16:37,199

we managed to see it ourselves well i

425

00:16:41,189 --> 00:16:38,959

did anyway and a great grain didn't

426

00:16:43,749 --> 00:16:41,199

unfortunately um

427

00:16:46,230 --> 00:16:43,759

but it was our hope and intention to get

428

00:16:47,749 --> 00:16:46,240

up close and personal and photograph it

429

00:16:50,629 --> 00:16:47,759

but we never managed to do that i'm

430

00:16:51,670 --> 00:16:50,639

afraid yeah well you know it's

431

00:16:53,350 --> 00:16:51,680

one of the

432

00:16:55,350 --> 00:16:53,360

the ways that i've had

433

00:16:57,509 --> 00:16:55,360

conversations with people

434

00:17:00,710 --> 00:16:57,519

it's kind of funny but wearing

435

00:17:02,310 --> 00:17:00,720

uh a ufo t-shirt or hat

436

00:17:03,749 --> 00:17:02,320

and people just open up and start

437

00:17:05,029 --> 00:17:03,759

talking about it's pretty interesting in

438

00:17:07,350 --> 00:17:05,039

the different ways

439

00:17:09,590 --> 00:17:07,360

that uh you know but it's so many people

440

00:17:12,309 --> 00:17:09,600

which is really amazing

441

00:17:14,949 --> 00:17:12,319

that either had some type of sighting or

442

00:17:17,189 --> 00:17:14,959

their relative did or friend or

443

00:17:18,549 --> 00:17:17,199

something like that so and it's easier

444

00:17:21,350 --> 00:17:18,559

today than ever

445

00:17:23,350 --> 00:17:21,360

you know with um because of the stigma

446

00:17:24,949 --> 00:17:23,360

uh being less and all that earlier i

447

00:17:26,630 --> 00:17:24,959

mentioned to you

448

00:17:28,710 --> 00:17:26,640

that you probably don't go say that

449

00:17:30,150 --> 00:17:28,720

these are little green men you know you

450

00:17:33,830 --> 00:17:30,160

know where they're from but i just

451  
00:17:36,630 --> 00:17:33,840  
wanted in that same realm i wanted to uh

452  
00:17:38,230 --> 00:17:36,640  
talk about this article that i was sent

453  
00:17:40,310 --> 00:17:38,240  
from a listener

454  
00:17:41,990 --> 00:17:40,320  
and this is in the new york times and

455  
00:17:44,789 --> 00:17:42,000  
nasa plans to join

456  
00:17:47,029 --> 00:17:44,799  
ufo research efforts efforts which i

457  
00:17:49,430 --> 00:17:47,039  
think is is great and all that but this

458  
00:17:51,110 --> 00:17:49,440  
is written by kenneth chang and this is

459  
00:17:53,430 --> 00:17:51,120  
his first line

460  
00:17:55,830 --> 00:17:53,440  
ufos almost certainly are not alien

461  
00:17:56,870 --> 00:17:55,840  
visitors buzzing buzzing the earth's uh

462  
00:17:59,270 --> 00:17:56,880  
skies

463  
00:18:01,430 --> 00:17:59,280

um you know it starts out like that like

464

00:18:02,950 --> 00:18:01,440

he knows what they are yeah you know he

465

00:18:05,029 --> 00:18:02,960

he knows what they are they're not

466

00:18:07,830 --> 00:18:05,039

they're most certainly not alien

467

00:18:09,430 --> 00:18:07,840

visitors and and i find that kind of

468

00:18:11,669 --> 00:18:09,440

funny that

469

00:18:12,950 --> 00:18:11,679

there are people like on both

470

00:18:14,549 --> 00:18:12,960

sides of this

471

00:18:15,669 --> 00:18:14,559

but he already made up his mind that

472

00:18:16,470 --> 00:18:15,679

they're not

473

00:18:18,470 --> 00:18:16,480

yeah

474

00:18:19,750 --> 00:18:18,480

i mean you can be honest and say in my

475

00:18:22,390 --> 00:18:19,760

my opinion

476

00:18:23,909 --> 00:18:22,400

and that's all it is but he's trying to

477

00:18:25,669 --> 00:18:23,919

say that as a fact

478

00:18:29,350 --> 00:18:25,679

right you know and it's not a fact

479

00:18:31,590 --> 00:18:29,360

that's his his opinion uh and uh you

480

00:18:33,590 --> 00:18:31,600

know i could say you know i i believe

481

00:18:35,430 --> 00:18:33,600

you know aliens are

482

00:18:36,789 --> 00:18:35,440

you know little fairies at the bottom of

483

00:18:39,110 --> 00:18:36,799

the garden but it's not a fact that

484

00:18:41,190 --> 00:18:39,120

would be my own opinion yeah you know

485

00:18:43,190 --> 00:18:41,200

yeah and but it's unfortunate when they

486

00:18:45,750 --> 00:18:43,200

start like that and i think you know

487

00:18:48,150 --> 00:18:45,760

when we get any official body

488

00:18:49,830 --> 00:18:48,160

uh as significant as nasa

489

00:18:51,909 --> 00:18:49,840

involved in the subject i mean people

490

00:18:52,950 --> 00:18:51,919

have been calling for it for years for

491

00:18:56,310 --> 00:18:52,960

decades

492

00:18:59,430 --> 00:18:56,320

i think back in the 70s nasa were asked

493

00:19:03,270 --> 00:18:59,440

to get involved in the subject and and

494

00:19:05,350 --> 00:19:03,280

they declined um perhaps they saw

495

00:19:06,789 --> 00:19:05,360

how project blue book was run and it

496

00:19:08,710 --> 00:19:06,799

wasn't that great

497

00:19:10,549 --> 00:19:08,720

and they didn't want to get involved in

498

00:19:12,470 --> 00:19:10,559

anything of that nature but now times

499

00:19:13,669 --> 00:19:12,480

have changed of course

500

00:19:15,350 --> 00:19:13,679

and uh

501  
00:19:17,510 --> 00:19:15,360  
especially when the department of

502  
00:19:19,110 --> 00:19:17,520  
defense are trying to break down the

503  
00:19:21,029 --> 00:19:19,120  
stigma whether you believe them or not

504  
00:19:22,390 --> 00:19:21,039  
it's a different matter i can only quote

505  
00:19:24,870 --> 00:19:22,400  
what they've said but they're trying to

506  
00:19:26,789 --> 00:19:24,880  
break down the stigma

507  
00:19:28,789 --> 00:19:26,799  
um certainly from

508  
00:19:30,710 --> 00:19:28,799  
you know military people military

509  
00:19:32,630 --> 00:19:30,720  
personnel to report their sightings to

510  
00:19:34,950 --> 00:19:32,640  
them and it's something we've battled

511  
00:19:37,510 --> 00:19:34,960  
against as civilian researchers for

512  
00:19:39,830 --> 00:19:37,520  
decades is the stigma

513  
00:19:42,150 --> 00:19:39,840

and um you know i remember speaking to a

514

00:19:43,029 --> 00:19:42,160

number of people and i would not say no

515

00:19:51,270 --> 00:19:43,039

no

516

00:19:53,830 --> 00:19:51,280

but it was it was the stigma uh

517

00:19:56,470 --> 00:19:53,840

but we're in an era now where

518

00:19:58,630 --> 00:19:56,480

you know the stigma is vastly reduced

519

00:20:00,710 --> 00:19:58,640

compared to what it used to be

520

00:20:02,789 --> 00:20:00,720

so that can only be a good thing martin

521

00:20:04,630 --> 00:20:02,799

you know when when you see a lot of the

522

00:20:06,630 --> 00:20:04,640

mainstream media taking the subject

523

00:20:08,950 --> 00:20:06,640

seriously like they did

524

00:20:10,149 --> 00:20:08,960

in the middle of the 1990s when dr john

525

00:20:11,830 --> 00:20:10,159

mack

526

00:20:13,750 --> 00:20:11,840

uh stepped forward and said there's

527

00:20:15,430 --> 00:20:13,760

something to this and then you know

528

00:20:16,789 --> 00:20:15,440

you're doing a disservice by just

529

00:20:17,830 --> 00:20:16,799

dismissing it

530

00:20:20,070 --> 00:20:17,840

you then

531

00:20:21,830 --> 00:20:20,080

had a lot of the media take a serious

532

00:20:23,990 --> 00:20:21,840

look at the subject plus we had the

533

00:20:26,710 --> 00:20:24,000

x-files which helped you know the tv

534

00:20:29,270 --> 00:20:26,720

show was growing great guns yes and and

535

00:20:31,990 --> 00:20:29,280

you had a harvard professor a pulitzer

536

00:20:33,590 --> 00:20:32,000

prize winner as well um

537

00:20:36,470 --> 00:20:33,600

saying look guys you know there is

538

00:20:38,149 --> 00:20:36,480

something to this subject uh and

539

00:20:40,390 --> 00:20:38,159

similarly now we've got the department

540

00:20:42,390 --> 00:20:40,400

of defense you have the congressional

541

00:20:44,390 --> 00:20:42,400

hearings whether you believe that it'll

542

00:20:46,390 --> 00:20:44,400

amount to anything or not doesn't really

543

00:20:48,789 --> 00:20:46,400

matter at this moment in time what it

544

00:20:51,750 --> 00:20:48,799

has done as far as the general public's

545

00:20:53,909 --> 00:20:51,760

concerned and a lot n

546

00:20:55,830 --> 00:20:53,919

never will be all it's persuaded the

547

00:20:59,270 --> 00:20:55,840

mainstream media that perhaps we should

548

00:21:02,230 --> 00:20:59,280

take a a serious look at this subject

549

00:21:05,270 --> 00:21:02,240

what what they used to call it here um

550

00:21:07,110 --> 00:21:05,280

martin was a silly season subject

551  
00:21:08,630 --> 00:21:07,120  
and the media and of course in the

552  
00:21:11,029 --> 00:21:08,640  
summer here

553  
00:21:12,070 --> 00:21:11,039  
uh we have no football football season's

554  
00:21:14,070 --> 00:21:12,080  
finished

555  
00:21:16,789 --> 00:21:14,080  
parliament is in recess

556  
00:21:18,470 --> 00:21:16,799  
so they were looking for stories

557  
00:21:20,950 --> 00:21:18,480  
and and that's when they said oh it's a

558  
00:21:23,350 --> 00:21:20,960  
silly season subject that so

559  
00:21:26,710 --> 00:21:23,360  
when i was a conference organizer i

560  
00:21:28,230 --> 00:21:26,720  
always had the conferences in the summer

561  
00:21:30,470 --> 00:21:28,240  
because i knew i could probably

562  
00:21:31,990 --> 00:21:30,480  
guarantee getting some media attention

563  
00:21:34,149 --> 00:21:32,000

because the football season and

564

00:21:34,870 --> 00:21:34,159

finishing parliament was in recess you

565

00:21:39,190 --> 00:21:34,880

know

566

00:21:42,310 --> 00:21:39,200

i've been speaking to a gentleman just

567

00:21:43,830 --> 00:21:42,320

just today who runs a very very

568

00:21:46,390 --> 00:21:43,840

high

569

00:21:48,070 --> 00:21:46,400

uh public and i mean hybrid publication

570

00:21:48,950 --> 00:21:48,080

it would be the last place you would

571

00:21:52,390 --> 00:21:48,960

think

572

00:21:55,830 --> 00:21:52,400

of of of detailing ufos or having an

573

00:21:57,029 --> 00:21:55,840

article about ufos uh and he he's

574

00:21:59,590 --> 00:21:57,039

considering

575

00:22:02,390 --> 00:21:59,600

uh publishing something in it i mean

576

00:22:04,230 --> 00:22:02,400

it's astonishing um and let's hope it

577

00:22:06,390 --> 00:22:04,240

lasts shall we

578

00:22:09,190 --> 00:22:06,400

yes and that's a very good point about

579

00:22:10,789 --> 00:22:09,200

it lasting because you know you you look

580

00:22:12,870 --> 00:22:10,799

like now if you

581

00:22:15,510 --> 00:22:12,880

i try to stay away from the news as much

582

00:22:17,830 --> 00:22:15,520

as possible but if you look at the news

583

00:22:20,549 --> 00:22:17,840

um they're hardly you know ukraine comes

584

00:22:22,310 --> 00:22:20,559

up like way way down and and it's still

585

00:22:23,110 --> 00:22:22,320

going on and there's still

586

00:22:25,350 --> 00:22:23,120

you know

587

00:22:29,590 --> 00:22:25,360

unfortunately people dying

588

00:22:31,029 --> 00:22:29,600

for who knows what uh a big ego uh putin

589

00:22:31,830 --> 00:22:31,039

and all that but

590

00:22:34,549 --> 00:22:31,840

uh

591

00:22:36,149 --> 00:22:34,559

what i'm getting at is i'm hoping

592

00:22:39,270 --> 00:22:36,159

you know this has public interest right

593

00:22:42,470 --> 00:22:39,280

now yep and we're we're so ephemeral

594

00:22:43,590 --> 00:22:42,480

that it's here and gone so quickly and

595

00:22:45,510 --> 00:22:43,600

i'm just

596

00:22:46,549 --> 00:22:45,520

you know part of me wonders

597

00:22:47,430 --> 00:22:46,559

if

598

00:22:49,350 --> 00:22:47,440

they

599

00:22:51,029 --> 00:22:49,360

just want to drag this out until it

600

00:22:53,110 --> 00:22:51,039

becomes nothing

601  
00:22:54,710 --> 00:22:53,120  
um well we'll have to wait and see you

602  
00:22:57,029 --> 00:22:54,720  
but but it's it's still in the public

603  
00:22:58,390 --> 00:22:57,039  
domain for example on daytime television

604  
00:22:59,750 --> 00:22:58,400  
here today

605  
00:23:03,190 --> 00:22:59,760  
we had uh

606  
00:23:05,510 --> 00:23:03,200  
britain's astronaut major tim peaks

607  
00:23:09,430 --> 00:23:05,520  
interviewed live in the studios and he's

608  
00:23:10,870 --> 00:23:09,440  
not ruling out e.t

609  
00:23:12,390 --> 00:23:10,880  
he's opening remarks with the office

610  
00:23:14,710 --> 00:23:12,400  
that's good that's what it should be

611  
00:23:16,549 --> 00:23:14,720  
yeah he's opening remarks

612  
00:23:18,149 --> 00:23:16,559  
well the opposite to that that article

613  
00:23:20,870 --> 00:23:18,159

you've just read out and he's saying he

614

00:23:22,710 --> 00:23:20,880

did they don't appear to be you know of

615

00:23:24,310 --> 00:23:22,720

earthly manufacturer

616

00:23:26,230 --> 00:23:24,320

he's not saying he knows anything you

617

00:23:27,350 --> 00:23:26,240

know he's just that was just voicing his

618

00:23:29,669 --> 00:23:27,360

opinion

619

00:23:32,230 --> 00:23:29,679

but uh he's a bonafide astronaut you

620

00:23:36,390 --> 00:23:32,240

know he's been on the space station

621

00:23:39,510 --> 00:23:36,400

um i i was i was surprised to be honest

622

00:23:41,430 --> 00:23:39,520

you know what he had to say but you know

623

00:23:43,510 --> 00:23:41,440

so that's that's going to make headlines

624

00:23:45,430 --> 00:23:43,520

in in many different places

625

00:23:47,190 --> 00:23:45,440

and we'll see how long it lasts

626

00:23:48,230 --> 00:23:47,200

right right now

627

00:23:50,870 --> 00:23:48,240

we're going to be talking about your

628

00:23:53,590 --> 00:23:50,880

book but before that um besides what

629

00:23:54,870 --> 00:23:53,600

we're talking about now these last

630

00:23:57,269 --> 00:23:54,880

couple of minutes

631

00:23:59,029 --> 00:23:57,279

what other things have you seen change

632

00:24:02,230 --> 00:23:59,039

since you started to look at the topic

633

00:24:04,149 --> 00:24:02,240

back in 1980

634

00:24:06,630 --> 00:24:04,159

whoa all kinds of things have changed

635

00:24:08,470 --> 00:24:06,640

martin you know certainly the stigma

636

00:24:10,710 --> 00:24:08,480

that that's been a biggie i mean i

637

00:24:12,630 --> 00:24:10,720

remember

638

00:24:13,990 --> 00:24:12,640

when i was trying to research my first

639

00:24:16,070 --> 00:24:14,000

book which was on

640

00:24:17,669 --> 00:24:16,080

uh abduction accounts in the uk the

641

00:24:18,630 --> 00:24:17,679

amount of people who just would not talk

642

00:24:21,510 --> 00:24:18,640

to us

643

00:24:23,430 --> 00:24:21,520

you know i mean i i have a a file full

644

00:24:25,590 --> 00:24:23,440

of letters that i kept

645

00:24:27,510 --> 00:24:25,600

you know because no internet in those

646

00:24:30,549 --> 00:24:27,520

days martin you either had to phone

647

00:24:32,470 --> 00:24:30,559

someone or write to them okay get in

648

00:24:35,430 --> 00:24:32,480

your car and go visit them

649

00:24:36,710 --> 00:24:35,440

so the initial contact was mainly made

650

00:24:39,350 --> 00:24:36,720

um

651  
00:24:40,310 --> 00:24:39,360  
in the post you know writing to people

652  
00:24:42,950 --> 00:24:40,320  
and

653  
00:24:45,110 --> 00:24:42,960  
there's one lady who's in the uh

654  
00:24:47,909 --> 00:24:45,120  
it was in my files

655  
00:24:51,350 --> 00:24:47,919  
and i wrote to her back in in in the

656  
00:24:53,269 --> 00:24:51,360  
late 1980s early 1990s and i knew she'd

657  
00:24:57,510 --> 00:24:53,279  
had an encounter but she didn't actually

658  
00:24:58,549 --> 00:24:57,520  
reveal it for 20 30 years you know

659  
00:24:59,350 --> 00:24:58,559  
um

660  
00:25:01,110 --> 00:24:59,360  
but

661  
00:25:03,350 --> 00:25:01,120  
what had happened was the stigma had

662  
00:25:05,430 --> 00:25:03,360  
changed you know she felt confident that

663  
00:25:06,710 --> 00:25:05,440

she could do that so that's that that's

664

00:25:08,149 --> 00:25:06,720

a good thing

665

00:25:10,549 --> 00:25:08,159

and of course

666

00:25:11,990 --> 00:25:10,559

uh the sharing of information is much

667

00:25:13,830 --> 00:25:12,000

easier today

668

00:25:16,070 --> 00:25:13,840

um than it's ever been because of the

669

00:25:17,350 --> 00:25:16,080

technology that we have at our disposal

670

00:25:20,230 --> 00:25:17,360

i used to be

671

00:25:22,390 --> 00:25:20,240

the mufon representative for england

672

00:25:24,230 --> 00:25:22,400

and and the head guy move from them was

673

00:25:26,549 --> 00:25:24,240

walter andrews

674

00:25:27,750 --> 00:25:26,559

and i i used to write to walt and i

675

00:25:29,750 --> 00:25:27,760

remember him saying at one of our

676  
00:25:31,830 --> 00:25:29,760  
conferences he says philip writes to me

677  
00:25:33,510 --> 00:25:31,840  
faster than i can reply

678  
00:25:35,909 --> 00:25:33,520  
you know

679  
00:25:37,510 --> 00:25:35,919  
well now we've got email and and

680  
00:25:39,190 --> 00:25:37,520  
marvelous things like like we've got

681  
00:25:40,390 --> 00:25:39,200  
this technology you and i are speaking

682  
00:25:42,390 --> 00:25:40,400  
with today

683  
00:25:45,029 --> 00:25:42,400  
and uh i still

684  
00:25:46,470 --> 00:25:45,039  
i still think it's fantastic

685  
00:25:47,909 --> 00:25:46,480  
i'm a yorkshire man i'm born and bred in

686  
00:25:49,990 --> 00:25:47,919  
the auction we're known for being tight

687  
00:25:51,669 --> 00:25:50,000  
with our money martin so i think it's

688  
00:25:53,909 --> 00:25:51,679

amazing that i can speak to people

689

00:25:56,470 --> 00:25:53,919

around the world free of charge you know

690

00:25:58,149 --> 00:25:56,480

it's it's great um

691

00:26:00,149 --> 00:25:58,159

so those two things you know the

692

00:26:03,909 --> 00:26:00,159

technology in some degree has helped

693

00:26:05,269 --> 00:26:03,919

enormously um on the downside

694

00:26:06,549 --> 00:26:05,279

like when i

695

00:26:09,350 --> 00:26:06,559

first began

696

00:26:11,029 --> 00:26:09,360

i joined my local ufo group and there

697

00:26:12,070 --> 00:26:11,039

used to be lots of them throughout the

698

00:26:14,070 --> 00:26:12,080

uk

699

00:26:15,669 --> 00:26:14,080

plus there was a national organization

700

00:26:17,990 --> 00:26:15,679

as well where they've pretty much not

701  
00:26:19,909 --> 00:26:18,000  
all of them but most of them have gone

702  
00:26:21,669 --> 00:26:19,919  
you know they used to hold monthly

703  
00:26:23,029 --> 00:26:21,679  
meetings publish their own little

704  
00:26:25,350 --> 00:26:23,039  
newsletters

705  
00:26:27,990 --> 00:26:25,360  
i mean they would have you know

706  
00:26:30,549 --> 00:26:28,000  
had some fascinating information in them

707  
00:26:33,269 --> 00:26:30,559  
uh and we made our own little magazine

708  
00:26:34,549 --> 00:26:33,279  
um you know it started off with about 30

709  
00:26:35,990 --> 00:26:34,559  
copies

710  
00:26:37,909 --> 00:26:36,000  
and uh

711  
00:26:39,669 --> 00:26:37,919  
i look at it now think oh my god dude we

712  
00:26:42,310 --> 00:26:39,679  
actually used to charge money for these

713  
00:26:45,350 --> 00:26:43,110

so

714

00:26:46,950 --> 00:26:45,360

you know there's been pluses and minuses

715

00:26:49,510 --> 00:26:46,960

in that respect

716

00:26:51,750 --> 00:26:49,520

yeah that's right and uh uh you know

717

00:26:53,669 --> 00:26:51,760

then that it's a double-edged sword you

718

00:26:56,310 --> 00:26:53,679

know it really is because

719

00:26:58,549 --> 00:26:56,320

you know you can get so much information

720

00:27:01,669 --> 00:26:58,559

but what is the real information you

721

00:27:02,710 --> 00:27:01,679

know that's that's the tricky part

722

00:27:07,669 --> 00:27:02,720

you know

723

00:27:09,190 --> 00:27:07,679

i mean we're here you are

724

00:27:11,430 --> 00:27:09,200

i don't know how many thousand miles

725

00:27:13,110 --> 00:27:11,440

away you are from me and

726  
00:27:14,549 --> 00:27:13,120  
here we are recording i mean who would

727  
00:27:16,230 --> 00:27:14,559  
have ever thought that you know back in

728  
00:27:18,310 --> 00:27:16,240  
1980 that we could do something like

729  
00:27:20,630 --> 00:27:18,320  
this it would have been science science

730  
00:27:21,430 --> 00:27:20,640  
fiction would you not

731  
00:27:23,909 --> 00:27:21,440  
yeah

732  
00:27:25,350 --> 00:27:23,919  
and were you a fan of science fiction as

733  
00:27:27,510 --> 00:27:25,360  
well a lot of people

734  
00:27:30,710 --> 00:27:27,520  
were you know early on that started to

735  
00:27:32,789 --> 00:27:30,720  
look at ufo a little bit not not not not

736  
00:27:34,710 --> 00:27:32,799  
overly interested and still i still

737  
00:27:37,269 --> 00:27:34,720  
aren't to be honest i've read a few

738  
00:27:39,830 --> 00:27:37,279

science fiction books but

739

00:27:41,269 --> 00:27:39,840

only a handful uh i was more of a horror

740

00:27:42,549 --> 00:27:41,279

movie fan

741

00:27:45,510 --> 00:27:42,559

and um

742

00:27:47,029 --> 00:27:45,520

our local cinema in wakefield used to

743

00:27:49,269 --> 00:27:47,039

have uh

744

00:27:51,590 --> 00:27:49,279

you could join it and they had a whole

745

00:27:53,669 --> 00:27:51,600

all night horror showings

746

00:27:55,350 --> 00:27:53,679

so you go when when the main there was

747

00:27:57,110 --> 00:27:55,360

no multi screens there you know i had

748

00:27:59,669 --> 00:27:57,120

three screens

749

00:28:01,350 --> 00:27:59,679

and someone once the main features had

750

00:28:02,630 --> 00:28:01,360

finished at night all those weirdos

751  
00:28:04,789 --> 00:28:02,640  
would pile in

752  
00:28:07,029 --> 00:28:04,799  
and watch a stream of horror films what

753  
00:28:09,350 --> 00:28:07,039  
used to be peculiar about it though

754  
00:28:11,010 --> 00:28:09,360  
martin just to lighten it in between

755  
00:28:13,909 --> 00:28:11,020  
they used to show cartoons

756  
00:28:14,630 --> 00:28:13,919  
[Laughter]

757  
00:28:16,549 --> 00:28:14,640  
so

758  
00:28:17,909 --> 00:28:16,559  
i preferred horror films rather than

759  
00:28:19,110 --> 00:28:17,919  
science fiction

760  
00:28:21,510 --> 00:28:19,120  
uh although

761  
00:28:23,510 --> 00:28:21,520  
one of my favorite movies of all time is

762  
00:28:25,350 --> 00:28:23,520  
a science fiction film and that's the

763  
00:28:27,830 --> 00:28:25,360

original version uh

764

00:28:30,870 --> 00:28:27,840

of uh the day they are stood still oh

765

00:28:33,190 --> 00:28:30,880

yes yeah um so um

766

00:28:35,350 --> 00:28:33,200

but no no i'm not not a great fan of

767

00:28:38,070 --> 00:28:35,360

science fiction no but it's so you know

768

00:28:39,190 --> 00:28:38,080

i i like some of it but

769

00:28:46,389 --> 00:28:39,200

no

770

00:28:48,070 --> 00:28:46,399

five or six years ago

771

00:28:49,110 --> 00:28:48,080

and they said well you know there's not

772

00:28:50,310 --> 00:28:49,120

a lot of

773

00:28:52,789 --> 00:28:50,320

sightings

774

00:28:54,710 --> 00:28:52,799

where i live because of the weather

775

00:28:58,630 --> 00:28:54,720

and um is that

776

00:29:00,149 --> 00:28:58,640

do you have a a lot of cloudy rain stays

777

00:29:02,310 --> 00:29:00,159

there where you're at

778

00:29:04,470 --> 00:29:02,320

well you know we get a bit of everything

779

00:29:05,430 --> 00:29:04,480

here in the uk uh you know i don't think

780

00:29:08,950 --> 00:29:05,440

you can

781

00:29:11,110 --> 00:29:08,960

accuse the weather you blame the weather

782

00:29:12,870 --> 00:29:11,120

it's certain parts of the country are

783

00:29:15,590 --> 00:29:12,880

renowned for its bad weather they always

784

00:29:17,350 --> 00:29:15,600

take make fun of manchester as always

785

00:29:19,190 --> 00:29:17,360

raining because

786

00:29:20,230 --> 00:29:19,200

manchester is at the top of the pennine

787

00:29:22,389 --> 00:29:20,240

hills

788

00:29:24,310 --> 00:29:22,399

and of course we get a lot of

789

00:29:27,190 --> 00:29:24,320

weather systems coming in from the west

790

00:29:28,710 --> 00:29:27,200

and when they reach the hills of course

791

00:29:30,630 --> 00:29:28,720

the only way that the weather systems

792

00:29:32,070 --> 00:29:30,640

can get any higher is to dump whatever

793

00:29:35,510 --> 00:29:32,080

water they're carrying and it usually

794

00:29:38,070 --> 00:29:35,520

ends up being on manchester you know

795

00:29:40,789 --> 00:29:38,080

it's a great city by the way is a truly

796

00:29:42,230 --> 00:29:40,799

great city so but no i mean i don't

797

00:29:43,750 --> 00:29:42,240

think you can't blame the weather you

798

00:29:45,430 --> 00:29:43,760

really get i mean it's a beautiful day

799

00:29:48,470 --> 00:29:45,440

here today so i've got the t-shirt on

800

00:29:51,430 --> 00:29:48,480

martin oh yes you know yeah yeah yeah so

801  
00:29:53,510 --> 00:29:51,440  
i you know you mentioned um you did

802  
00:29:55,110 --> 00:29:53,520  
other things and

803  
00:29:57,350 --> 00:29:55,120  
one of the things you think about when

804  
00:30:01,430 --> 00:29:57,360  
it comes to abductions or experiences

805  
00:30:03,430 --> 00:30:01,440  
whatever they it it's it seems to be

806  
00:30:05,669 --> 00:30:03,440  
lighter in

807  
00:30:07,269 --> 00:30:05,679  
basically europe than in the united

808  
00:30:09,590 --> 00:30:07,279  
states seems like there's a lot of

809  
00:30:11,190 --> 00:30:09,600  
people that are claiming they're

810  
00:30:13,190 --> 00:30:11,200  
experiencing

811  
00:30:14,950 --> 00:30:13,200  
um you know abductions that type of

812  
00:30:17,269 --> 00:30:14,960  
thing and i know you wrote that book

813  
00:30:18,630 --> 00:30:17,279

early on would you say that's accurate

814

00:30:20,230 --> 00:30:18,640

or would you say that there's a lot of

815

00:30:22,470 --> 00:30:20,240

people up in

816

00:30:23,830 --> 00:30:22,480

in europe or england

817

00:30:25,190 --> 00:30:23,840

that talk about

818

00:30:27,750 --> 00:30:25,200

having these experiences i don't know

819

00:30:29,269 --> 00:30:27,760

it's it's difficult to say that martin

820

00:30:30,950 --> 00:30:29,279

because

821

00:30:32,630 --> 00:30:30,960

we don't know how many accounts have

822

00:30:35,029 --> 00:30:32,640

gone unreported

823

00:30:37,510 --> 00:30:35,039

you know i know from my own research

824

00:30:38,470 --> 00:30:37,520

that like i said i've got a file back

825

00:30:40,549 --> 00:30:38,480

from a

826

00:30:42,549 --> 00:30:40,559

i did i did a big feature for one of the

827

00:30:44,149 --> 00:30:42,559

daily newspapers once and it encouraged

828

00:30:45,990 --> 00:30:44,159

people to write to me

829

00:30:47,430 --> 00:30:46,000

uh and they you know they're up to me in

830

00:30:48,470 --> 00:30:47,440

their droves

831

00:30:49,830 --> 00:30:48,480

um

832

00:30:53,190 --> 00:30:49,840

and these were people who had never

833

00:30:54,950 --> 00:30:53,200

reported that these incidents beforehand

834

00:30:56,950 --> 00:30:54,960

so it's always difficult to say there's

835

00:30:58,950 --> 00:30:56,960

more of this here and more of that there

836

00:31:00,870 --> 00:30:58,960

because there's a great deal that we

837

00:31:01,830 --> 00:31:00,880

i'll give you an example

838

00:31:05,509 --> 00:31:01,840

um

839

00:31:08,470 --> 00:31:05,519

i did some tv work last year

840

00:31:11,350 --> 00:31:08,480

and during lockdown when we were allowed

841

00:31:13,830 --> 00:31:11,360

to to come out a local guy

842

00:31:16,310 --> 00:31:13,840

contacted me and says you know mr mantle

843

00:31:18,149 --> 00:31:16,320

up saw you on the tv

844

00:31:19,430 --> 00:31:18,159

realize you you're quite close to where

845

00:31:20,630 --> 00:31:19,440

i live i've got something i want to come

846

00:31:22,389 --> 00:31:20,640

and show you

847

00:31:25,029 --> 00:31:22,399

so roundy come

848

00:31:27,269 --> 00:31:25,039

now this was his wife's

849

00:31:29,990 --> 00:31:27,279

grandfather

850

00:31:32,870 --> 00:31:30,000

uh it was deceased and he said because

851

00:31:35,269 --> 00:31:32,880

this area where we live uh martin

852

00:31:36,630 --> 00:31:35,279

was a big industrial area

853

00:31:38,549 --> 00:31:36,640

like i said my father worked down the

854

00:31:40,950 --> 00:31:38,559

coal mine all your life there was mills

855

00:31:43,990 --> 00:31:40,960

and factories i worked in a factory

856

00:31:47,430 --> 00:31:44,000

and um he says his wife's grandfather

857

00:31:49,590 --> 00:31:47,440

had been a um a mining engineer so he

858

00:31:51,430 --> 00:31:49,600

would design the lift shafts and and all

859

00:31:54,070 --> 00:31:51,440

this kind of stuff

860

00:31:57,269 --> 00:31:54,080

and before he died he wrote his memoirs

861

00:31:59,830 --> 00:31:57,279

it's not a huge great volume of work and

862

00:32:01,590 --> 00:31:59,840

he printed 10 copies out for the members

863

00:32:04,389 --> 00:32:01,600

of the family

864

00:32:06,710 --> 00:32:04,399

and he said it's split into two parts

865

00:32:08,470 --> 00:32:06,720

the second part is about his life as a

866

00:32:10,389 --> 00:32:08,480

mining engineer

867

00:32:12,789 --> 00:32:10,399

and he said don't read it phillip

868

00:32:14,389 --> 00:32:12,799

because he's dreadfully boring it really

869

00:32:17,590 --> 00:32:14,399

is you know

870

00:32:19,669 --> 00:32:17,600

but his first part is is about his life

871

00:32:21,590 --> 00:32:19,679

and how where he was born where he was

872

00:32:23,590 --> 00:32:21,600

brought up and he was brought up just

873

00:32:26,789 --> 00:32:23,600

outside of manchester

874

00:32:28,789 --> 00:32:26,799

uh which is less than 40 miles from here

875

00:32:31,110 --> 00:32:28,799

and the right smack bang in the middle

876

00:32:33,430 --> 00:32:31,120

of this memoir is the biggest chapter in

877

00:32:35,430 --> 00:32:33,440

it and it is called

878

00:32:38,950 --> 00:32:35,440

the encounter

879

00:32:41,830 --> 00:32:38,960

and it goes back to 1911.

880

00:32:44,149 --> 00:32:41,840

so this gentleman and his and his friend

881

00:32:45,830 --> 00:32:44,159

he was nine years old at the time were

882

00:32:47,669 --> 00:32:45,840

on their way to a park one morning a

883

00:32:49,269 --> 00:32:47,679

local park

884

00:32:50,870 --> 00:32:49,279

this these were days when you still let

885

00:32:51,990 --> 00:32:50,880

your children out on their own martin

886

00:32:53,509 --> 00:32:52,000

you know

887

00:32:55,029 --> 00:32:53,519

not like today

888

00:32:57,590 --> 00:32:55,039

and off they went

889

00:33:00,070 --> 00:32:57,600

and he said we come across this clearing

890

00:33:02,149 --> 00:33:00,080

and he said there is this thing

891

00:33:04,389 --> 00:33:02,159

on the ground

892

00:33:05,909 --> 00:33:04,399

it's like a cigar shaped thing

893

00:33:08,630 --> 00:33:05,919

and they approached it and the door

894

00:33:10,870 --> 00:33:08,640

opened and these humanoids appeared

895

00:33:15,190 --> 00:33:10,880

and he said he described them as almost

896

00:33:16,549 --> 00:33:15,200

um oriental or asian southeast asian

897

00:33:17,990 --> 00:33:16,559

because of the clothing they were

898

00:33:18,950 --> 00:33:18,000

wearing and they even

899

00:33:22,870 --> 00:33:18,960

had a

900

00:33:25,269 --> 00:33:22,880

went inside it was shown around they

901  
00:33:26,310 --> 00:33:25,279  
were conversed and see you later on you

902  
00:33:28,710 --> 00:33:26,320  
go

903  
00:33:30,950 --> 00:33:28,720  
and this is 1911

904  
00:33:33,110 --> 00:33:30,960  
wow and it appears in this little

905  
00:33:36,549 --> 00:33:33,120  
self-written memoir that this gentleman

906  
00:33:40,230 --> 00:33:36,559  
wrote for his family and his family only

907  
00:33:42,710 --> 00:33:40,240  
so the chances are he never told us so

908  
00:33:45,029 --> 00:33:42,720  
uh so it shows you what is lying around

909  
00:33:46,230 --> 00:33:45,039  
martin that's never been reported

910  
00:33:48,070 --> 00:33:46,240  
before

911  
00:33:49,830 --> 00:33:48,080  
and and that is one of them i wrote an

912  
00:33:52,070 --> 00:33:49,840  
article about it

913  
00:33:54,710 --> 00:33:52,080

and i've i've some people saw all these

914

00:33:57,269 --> 00:33:54,720

old cases i'm sick of sick i find them

915

00:33:58,950 --> 00:33:57,279

fascinating personally you know

916

00:34:00,950 --> 00:33:58,960

um because there was there was no

917

00:34:03,990 --> 00:34:00,960

literature from which he could copy this

918

00:34:07,110 --> 00:34:04,000

there was no flying sources you know

919

00:34:09,750 --> 00:34:07,120

and why do it why why do it if it's only

920

00:34:11,589 --> 00:34:09,760

for your own your own family that you're

921

00:34:13,750 --> 00:34:11,599

leaving this for let's just give you an

922

00:34:15,030 --> 00:34:13,760

example that's a that's a great and

923

00:34:16,950 --> 00:34:15,040

we're going to be talking about that i

924

00:34:19,510 --> 00:34:16,960

want to show you this first because i

925

00:34:20,750 --> 00:34:19,520

found it really interesting this is uh

926  
00:34:22,389 --> 00:34:20,760  
in

927  
00:34:25,109 --> 00:34:22,399  
1796

928  
00:34:28,790 --> 00:34:25,119  
and it explains about it's hard to see

929  
00:34:30,470 --> 00:34:28,800  
here that um and this was i

930  
00:34:34,470 --> 00:34:30,480  
i can't remember where

931  
00:34:37,909 --> 00:34:34,480  
and i thought it was in off england on a

932  
00:34:41,349 --> 00:34:37,919  
ship the simon perkins diary uh october

933  
00:34:44,389 --> 00:34:41,359  
12 1796 you can google it and it talks

934  
00:34:47,430 --> 00:34:44,399  
about um a a ufo

935  
00:34:49,750 --> 00:34:47,440  
uh that is like a ship in the sky

936  
00:34:51,430 --> 00:34:49,760  
and those are all fascinating to me well

937  
00:34:52,389 --> 00:34:51,440  
let me read you one little instance from

938  
00:34:54,710 --> 00:34:52,399

the book

939

00:34:57,430 --> 00:34:54,720

okay sure yeah please um it's in chapter

940

00:34:59,030 --> 00:34:57,440

one it's actually on page six

941

00:35:01,030 --> 00:34:59,040

and it's an extract from something

942

00:35:04,230 --> 00:35:01,040

called the british magazine

943

00:35:06,950 --> 00:35:04,240

published in 1767.

944

00:35:10,069 --> 00:35:06,960

wow it's on page 500

945

00:35:12,470 --> 00:35:10,079

and uh it's an extract of a letter

946

00:35:15,109 --> 00:35:12,480

from a chap in edinburgh so somebody's

947

00:35:17,190 --> 00:35:15,119

written to this magazine so excuse the

948

00:35:19,750 --> 00:35:17,200

lang the the terminology because this is

949

00:35:22,390 --> 00:35:19,760

the way they used to talk in those days

950

00:35:25,270 --> 00:35:22,400

it says we hear from persia

951  
00:35:29,109 --> 00:35:25,280  
that an uncommon phenomenon was observed

952  
00:35:32,150 --> 00:35:29,119  
on the water of isla near cooper angus

953  
00:35:34,069 --> 00:35:32,160  
preceded by a thick dark smoke which

954  
00:35:37,430 --> 00:35:34,079  
soon dispelled

955  
00:35:39,589 --> 00:35:37,440  
and discovered a large luminous body

956  
00:35:42,870 --> 00:35:39,599  
like a house on fire

957  
00:35:45,990 --> 00:35:42,880  
but presently after took the thaw the

958  
00:35:48,870 --> 00:35:46,000  
form of something pyramidal

959  
00:35:50,310 --> 00:35:48,880  
and wrote forwards with impetuous i

960  
00:35:51,910 --> 00:35:50,320  
can't pronounce that next word but it

961  
00:35:54,470 --> 00:35:51,920  
moved forward

962  
00:35:57,190 --> 00:35:54,480  
uh at this pyramidal object and this is

963  
00:36:00,950 --> 00:35:57,200

1767.

964

00:36:05,030 --> 00:36:00,960

wow i mean i love these stories yeah so

965

00:36:07,510 --> 00:36:05,040

for for me you know the these stories uh

966

00:36:09,430 --> 00:36:07,520

are fascinating and people will class

967

00:36:13,349 --> 00:36:09,440

them as folklore and history and legend

968

00:36:14,630 --> 00:36:13,359

and rightfully so but what it does show

969

00:36:16,630 --> 00:36:14,640

is that

970

00:36:19,349 --> 00:36:16,640

despite what we might think today these

971

00:36:21,349 --> 00:36:19,359

kind of encounters are not a modern day

972

00:36:23,190 --> 00:36:21,359

phenomena

973

00:36:25,510 --> 00:36:23,200

in all likelihood

974

00:36:26,710 --> 00:36:25,520

martin in 200 years from now people

975

00:36:29,109 --> 00:36:26,720

might pick up

976

00:36:31,750 --> 00:36:29,119

copies of of the ufo literature that's

977

00:36:34,630 --> 00:36:31,760

been published today and class it

978

00:36:36,150 --> 00:36:34,640

as folklore you know we might never

979

00:36:38,390 --> 00:36:36,160

thought of that but yeah you're probably

980

00:36:40,550 --> 00:36:38,400

right yeah

981

00:36:43,349 --> 00:36:40,560

but and i'll give you another little

982

00:36:45,670 --> 00:36:43,359

thing about finding things

983

00:36:46,630 --> 00:36:45,680

a few years back i was contact contacted

984

00:36:49,990 --> 00:36:46,640

by

985

00:36:52,230 --> 00:36:50,000

a film company in in the usa they made

986

00:36:54,470 --> 00:36:52,240

tv movies

987

00:36:56,950 --> 00:36:54,480

one of their clients was a lady who was

988

00:36:58,150 --> 00:36:56,960

a private investigator and she passed

989

00:36:59,990 --> 00:36:58,160

away

990

00:37:02,310 --> 00:37:00,000

and her son had been going through her

991

00:37:04,710 --> 00:37:02,320

possessions and in her files

992

00:37:05,829 --> 00:37:04,720

there was one file

993

00:37:08,150 --> 00:37:05,839

marked

994

00:37:11,910 --> 00:37:08,160

roswell

995

00:37:14,069 --> 00:37:11,920

in this file was a vhs video tape

996

00:37:16,390 --> 00:37:14,079

and some paperwork

997

00:37:19,270 --> 00:37:16,400

so he played the videotape

998

00:37:20,630 --> 00:37:19,280

on that video is an informal

999

00:37:22,950 --> 00:37:20,640

interview

1000

00:37:24,950 --> 00:37:22,960

with the gentleman by the name of deputy

1001

00:37:27,510 --> 00:37:24,960

charles fargus

1002

00:37:28,390 --> 00:37:27,520

retired he's now he's now deceased

1003

00:37:30,950 --> 00:37:28,400

but

1004

00:37:33,670 --> 00:37:30,960

what the deputy went on to say and and

1005

00:37:35,109 --> 00:37:33,680

as the the camera pans around the room

1006

00:37:37,190 --> 00:37:35,119

you can see his

1007

00:37:39,270 --> 00:37:37,200

stripes from being in the military in

1008

00:37:40,950 --> 00:37:39,280

the 40s during the war

1009

00:37:43,109 --> 00:37:40,960

pictures of him as a young man in his

1010

00:37:44,950 --> 00:37:43,119

police uniform he didn't come from

1011

00:37:47,190 --> 00:37:44,960

roswell he come from a place called big

1012

00:37:50,230 --> 00:37:47,200

spring in texas

1013

00:37:52,310 --> 00:37:50,240

and he goes on to say he said in 1947

1014

00:37:54,230 --> 00:37:52,320

we've been looking for a guy

1015

00:37:56,710 --> 00:37:54,240

cashing false checks

1016

00:37:57,750 --> 00:37:56,720

and had been caught and put in the local

1017

00:37:59,349 --> 00:37:57,760

jail

1018

00:38:01,430 --> 00:37:59,359

in roswell

1019

00:38:04,470 --> 00:38:01,440

and me and my sheriff

1020

00:38:05,990 --> 00:38:04,480

went to pick this prisoner up and on

1021

00:38:08,470 --> 00:38:06,000

route

1022

00:38:10,230 --> 00:38:08,480

we heard about the incident on the

1023

00:38:12,790 --> 00:38:10,240

police radio

1024

00:38:14,870 --> 00:38:12,800

we managed to find the location i'm

1025

00:38:17,750 --> 00:38:14,880

cutting a long story short here we we

1026

00:38:19,990 --> 00:38:17,760

saw the recovery of the the object

1027

00:38:23,750 --> 00:38:20,000

this thing had crashed into the the wall

1028

00:38:25,109 --> 00:38:23,760

the cliff wall we saw the dead creatures

1029

00:38:27,430 --> 00:38:25,119

so we weren't allowed to view it for

1030

00:38:29,430 --> 00:38:27,440

long but long enough before we were

1031

00:38:30,390 --> 00:38:29,440

politely but firmly asked to leave the

1032

00:38:32,630 --> 00:38:30,400

area

1033

00:38:34,390 --> 00:38:32,640

and he said we went and picked up

1034

00:38:36,950 --> 00:38:34,400

our prisoner

1035

00:38:38,950 --> 00:38:36,960

and went back to to texas

1036

00:38:41,510 --> 00:38:38,960

and um he says that me and the sheriff

1037

00:38:42,630 --> 00:38:41,520

never really talked about it again

1038

00:38:44,870 --> 00:38:42,640

now

1039

00:38:46,550 --> 00:38:44,880

we published this article

1040

00:38:48,150 --> 00:38:46,560

published an article about the the late

1041

00:38:50,390 --> 00:38:48,160

deputy fergus

1042

00:38:52,150 --> 00:38:50,400

uh and eventually we ended up speaking

1043

00:38:54,390 --> 00:38:52,160

with his son

1044

00:38:58,390 --> 00:38:54,400

and he said my father was in the

1045

00:39:00,470 --> 00:38:58,400

the the the army i believe it was before

1046

00:39:02,390 --> 00:39:00,480

and i've got his military discharge

1047

00:39:04,069 --> 00:39:02,400

purpose for example he says he came

1048

00:39:06,230 --> 00:39:04,079

straight out of the military straight

1049

00:39:08,630 --> 00:39:06,240

into the police force and he says he

1050

00:39:11,589 --> 00:39:08,640

told us about this this this thing back

1051

00:39:13,190 --> 00:39:11,599

in the 1950s but of course in the in the

1052

00:39:15,109 --> 00:39:13,200

50s martin

1053

00:39:17,750 --> 00:39:15,119

roswell was dead and gone he had 15

1054

00:39:20,150 --> 00:39:17,760

million he had 15 minutes of fame wasn't

1055

00:39:23,270 --> 00:39:20,160

any books newspapers magazines so he

1056

00:39:24,870 --> 00:39:23,280

can't really anywhere not until 1980

1057

00:39:28,710 --> 00:39:24,880

exactly

1058

00:39:31,829 --> 00:39:28,720

so and that was lying around in a

1059

00:39:34,230 --> 00:39:31,839

form of private investigators files

1060

00:39:35,829 --> 00:39:34,240

isn't that amazing and so that kind of

1061

00:39:37,190 --> 00:39:35,839

it sort of backs up the theory that

1062

00:39:39,510 --> 00:39:37,200

there were two

1063

00:39:41,670 --> 00:39:39,520

uh there was the debris field

1064

00:39:42,470 --> 00:39:41,680

and then there was also another

1065

00:39:45,190 --> 00:39:42,480

like

1066

00:39:47,670 --> 00:39:45,200

some people have speculated the pod

1067

00:39:49,829 --> 00:39:47,680

that he released from the you know the

1068

00:39:51,670 --> 00:39:49,839

the craft i think stanton friedman

1069

00:39:54,150 --> 00:39:51,680

thought there were it was a collision of

1070

00:39:56,150 --> 00:39:54,160

two but uh you know i don't who knows

1071

00:39:59,190 --> 00:39:56,160

what but still that's another

1072

00:40:01,109 --> 00:39:59,200

confirmation about the bodies and that

1073

00:40:03,030 --> 00:40:01,119

people have talked about yeah and not

1074

00:40:03,829 --> 00:40:03,040

only that when when people talk about oh

1075

00:40:07,349 --> 00:40:03,839

it's

1076  
00:40:10,470 --> 00:40:07,359  
is another possible piece to the puzzle

1077  
00:40:11,990 --> 00:40:10,480  
i'm not saying this gentleman's is

1078  
00:40:13,829 --> 00:40:12,000  
telling the truth or he's lying all i'm

1079  
00:40:15,349 --> 00:40:13,839  
saying is here what we've uncovered

1080  
00:40:17,589 --> 00:40:15,359  
here's what this gentleman had to say

1081  
00:40:19,750 --> 00:40:17,599  
it's on the tape the paperwork that was

1082  
00:40:21,430 --> 00:40:19,760  
in the file was actually a transcript of

1083  
00:40:23,430 --> 00:40:21,440  
their conversation

1084  
00:40:25,430 --> 00:40:23,440  
and we published it and you

1085  
00:40:27,190 --> 00:40:25,440  
you know i add that information to the

1086  
00:40:28,790 --> 00:40:27,200  
research that's already been done you

1087  
00:40:30,790 --> 00:40:28,800  
can either accept it or dismiss it

1088  
00:40:33,430 --> 00:40:30,800

that's entirely up to you but that's the

1089

00:40:35,030 --> 00:40:33,440

kind of so there's two examples

1090

00:40:36,790 --> 00:40:35,040

of things that were lying around that

1091

00:40:39,750 --> 00:40:36,800

nobody had a clue about we've got this

1092

00:40:41,829 --> 00:40:39,760

mining engineer from 1911 and we've and

1093

00:40:45,190 --> 00:40:41,839

we've got you know a former police

1094

00:40:48,630 --> 00:40:45,200

deputy deputy sheriff from big spring in

1095

00:40:52,390 --> 00:40:48,640

texas not big springs big spring

1096

00:40:54,470 --> 00:40:52,400

and and i i even i i contacted various

1097

00:40:56,630 --> 00:40:54,480

locations in big spring

1098

00:40:58,470 --> 00:40:56,640

and they sent me a little mail aftermath

1099

00:41:01,750 --> 00:40:58,480

and they sent me a photograph of the

1100

00:41:04,390 --> 00:41:01,760

sheriff's office from the late 1930s and

1101

00:41:06,069 --> 00:41:04,400

it just looked like look like john wayne

1102

00:41:08,069 --> 00:41:06,079

was going to be sat there with his feet

1103

00:41:10,150 --> 00:41:08,079

up you know in complete

1104

00:41:12,470 --> 00:41:10,160

cowboy outfit you know

1105

00:41:15,030 --> 00:41:12,480

it was that kind of place and i can't

1106

00:41:16,470 --> 00:41:15,040

imagine in 1947 it would have been much

1107

00:41:18,870 --> 00:41:16,480

different

1108

00:41:21,430 --> 00:41:18,880

yeah boy the coincidence of all that

1109

00:41:23,990 --> 00:41:21,440

coming together this person

1110

00:41:25,910 --> 00:41:24,000

uh enroute when this this whole thing

1111

00:41:26,950 --> 00:41:25,920

was heard on the police radio and all

1112

00:41:28,790 --> 00:41:26,960

that that's

1113

00:41:31,750 --> 00:41:28,800

that's fascinating and you know you're

1114

00:41:32,829 --> 00:41:31,760

making such a good point because

1115

00:41:35,910 --> 00:41:32,839

right after

1116

00:41:38,870 --> 00:41:35,920

1947 it was you know put away as a

1117

00:41:41,190 --> 00:41:38,880

weather balloon and not talked about and

1118

00:41:43,510 --> 00:41:41,200

that was back right after the war world

1119

00:41:44,870 --> 00:41:43,520

war ii where people listened to the

1120

00:41:46,630 --> 00:41:44,880

government no matter what they said

1121

00:41:48,390 --> 00:41:46,640

because they just got through that you

1122

00:41:50,470 --> 00:41:48,400

know horrendous war

1123

00:41:52,309 --> 00:41:50,480

and so okay the government says it's the

1124

00:41:53,990 --> 00:41:52,319

weather balloon that's what it is move

1125

00:41:56,309 --> 00:41:54,000

on and so

1126

00:42:00,230 --> 00:41:56,319

you know for this to to show up

1127

00:42:02,390 --> 00:42:00,240

like that is it's quite incredible

1128

00:42:04,069 --> 00:42:02,400

uh absolutely somebody but

1129

00:42:07,030 --> 00:42:04,079

when we were talking about are there

1130

00:42:09,510 --> 00:42:07,040

more more cases in this country compared

1131

00:42:11,589 --> 00:42:09,520

to that country all i'm saying is we

1132

00:42:13,190 --> 00:42:11,599

it's not a it's not a conclusion we can

1133

00:42:16,230 --> 00:42:13,200

reach because we don't know how many

1134

00:42:17,670 --> 00:42:16,240

things go unreported all we do know is

1135

00:42:19,750 --> 00:42:17,680

that there are a lot of things going

1136

00:42:22,390 --> 00:42:19,760

reported and these those were just two

1137

00:42:24,069 --> 00:42:22,400

examples of them i i could go on all day

1138

00:42:25,190 --> 00:42:24,079

and give you others you know

1139

00:42:30,069 --> 00:42:25,200

um

1140

00:42:32,069 --> 00:42:30,079

this country than perhaps our cousins in

1141

00:42:35,030 --> 00:42:32,079

the united states as well

1142

00:42:36,550 --> 00:42:35,040

and that plays a part of it you know as

1143

00:42:38,150 --> 00:42:36,560

as well martin

1144

00:42:39,990 --> 00:42:38,160

um

1145

00:42:42,069 --> 00:42:40,000

so there you go

1146

00:42:44,710 --> 00:42:42,079

yeah so let's talk about some of the

1147

00:42:47,270 --> 00:42:44,720

cases in your book of the uh landings i

1148

00:42:51,589 --> 00:42:47,280

i'm always fascinated by landings and

1149

00:42:54,470 --> 00:42:51,599

uh you know that there are some that are

1150

00:42:56,230 --> 00:42:54,480

really stand out um but i i'm not

1151

00:42:59,109 --> 00:42:56,240

familiar at all with any of them that i

1152

00:43:00,630 --> 00:42:59,119

can think of in the uk so well that's

1153

00:43:02,630 --> 00:43:00,640

that's one of the reasons for writing

1154

00:43:04,870 --> 00:43:02,640

the book martin i mean

1155

00:43:07,510 --> 00:43:04,880

um

1156

00:43:09,750 --> 00:43:07,520

some of the mainstream media not all but

1157

00:43:11,430 --> 00:43:09,760

some of it and certain debunkers would

1158

00:43:13,030 --> 00:43:11,440

have us believe that

1159

00:43:14,470 --> 00:43:13,040

these encounters only happen in the

1160

00:43:15,510 --> 00:43:14,480

united states

1161

00:43:18,069 --> 00:43:15,520

in the

1162

00:43:20,710 --> 00:43:18,079

desert of new mexico or whatever and we

1163

00:43:22,390 --> 00:43:20,720

know that's not the case now when i

1164

00:43:24,069 --> 00:43:22,400

first started

1165

00:43:26,710 --> 00:43:24,079

in 1980

1166

00:43:28,230 --> 00:43:26,720

and to try and become a a ufo research

1167

00:43:31,030 --> 00:43:28,240

and investigator

1168

00:43:32,630 --> 00:43:31,040

um i did some local media

1169

00:43:34,150 --> 00:43:32,640

and a lady rang us

1170

00:43:35,270 --> 00:43:34,160

and she said philip you won't believe me

1171

00:43:37,430 --> 00:43:35,280

you won't believe me you won't believe

1172

00:43:39,990 --> 00:43:37,440

me well give us a chance

1173

00:43:42,470 --> 00:43:40,000

you know anyway she lived just up the

1174

00:43:44,870 --> 00:43:42,480

road from us just a few miles in a small

1175

00:43:48,470 --> 00:43:44,880

mining town called normanton

1176

00:43:51,030 --> 00:43:48,480

so myself and my colleague mark bertsel

1177

00:43:53,990 --> 00:43:51,040

uh we went to speak to this lady

1178

00:43:55,829 --> 00:43:54,000

what she told us was

1179

00:43:58,150 --> 00:43:55,839

was a day um

1180

00:43:59,190 --> 00:43:58,160

a lovely sunny day and she had five

1181

00:44:01,109 --> 00:43:59,200

children

1182

00:44:02,870 --> 00:44:01,119

she lived in a cul-de-sac

1183

00:44:04,710 --> 00:44:02,880

and there was no houses opposite and she

1184

00:44:06,630 --> 00:44:04,720

lived in a terraced house

1185

00:44:09,030 --> 00:44:06,640

which was an elevated household there

1186

00:44:10,630 --> 00:44:09,040

was five or six steps to go up to get in

1187

00:44:12,150 --> 00:44:10,640

the front door

1188

00:44:13,510 --> 00:44:12,160

just after lunch

1189

00:44:14,630 --> 00:44:13,520

she was in the kitchen washing the

1190

00:44:16,069 --> 00:44:14,640

dishes

1191

00:44:18,550 --> 00:44:16,079

uh one of the children who've been

1192

00:44:20,470 --> 00:44:18,560

playing outside come running in

1193

00:44:21,430 --> 00:44:20,480

said mum mum

1194

00:44:24,630 --> 00:44:21,440

there's a

1195

00:44:26,069 --> 00:44:24,640

field

1196

00:44:27,829 --> 00:44:26,079

um because at the bottom of this

1197

00:44:29,670 --> 00:44:27,839

cul-de-sac with some trees and a little

1198

00:44:31,670 --> 00:44:29,680

stream and then a field with some

1199

00:44:34,069 --> 00:44:31,680

electricity pylons in

1200

00:44:35,910 --> 00:44:34,079

so she come out the front door and

1201  
00:44:38,390 --> 00:44:35,920  
because it's an elevated house you could

1202  
00:44:40,230 --> 00:44:38,400  
see across to this field

1203  
00:44:43,190 --> 00:44:40,240  
and she says phillip it it wasn't an

1204  
00:44:44,950 --> 00:44:43,200  
airplane it was shaped like a

1205  
00:44:46,470 --> 00:44:44,960  
like a mexican hat

1206  
00:44:47,910 --> 00:44:46,480  
she didn't call it a sombrero it's a

1207  
00:44:50,630 --> 00:44:47,920  
mexican hat

1208  
00:44:52,630 --> 00:44:50,640  
but like a silver gray color

1209  
00:44:54,950 --> 00:44:52,640  
so she got out of the children you walk

1210  
00:44:56,630 --> 00:44:54,960  
down through the cul-de-sac

1211  
00:44:58,470 --> 00:44:56,640  
through the trees and you lose sight of

1212  
00:45:00,550 --> 00:44:58,480  
this hill because there's a little dip

1213  
00:45:02,950 --> 00:45:00,560

you come up the other side and the field

1214

00:45:05,270 --> 00:45:02,960

is bordered by a fence

1215

00:45:07,349 --> 00:45:05,280

this thing is still there on the ground

1216

00:45:09,910 --> 00:45:07,359

but now there are three

1217

00:45:12,150 --> 00:45:09,920

tall humanoid creatures beans whatever

1218

00:45:14,550 --> 00:45:12,160

you want to call them

1219

00:45:15,430 --> 00:45:14,560

all dressed in white we call them boiler

1220

00:45:18,870 --> 00:45:15,440

suits

1221

00:45:20,710 --> 00:45:18,880

you call them coveralls i believe um and

1222

00:45:21,990 --> 00:45:20,720

they were so close

1223

00:45:23,670 --> 00:45:22,000

they could see that these these

1224

00:45:25,349 --> 00:45:23,680

creatures didn't have

1225

00:45:27,430 --> 00:45:25,359

uh gloves on their hands they had

1226  
00:45:29,750 --> 00:45:27,440  
mittens

1227  
00:45:31,510 --> 00:45:29,760  
and they had a visor over their face and

1228  
00:45:33,109 --> 00:45:31,520  
they would seem to be waving something

1229  
00:45:34,790 --> 00:45:33,119  
over the ground

1230  
00:45:36,630 --> 00:45:34,800  
one of the children tried to climb the

1231  
00:45:37,990 --> 00:45:36,640  
fence but this lady was called mrs

1232  
00:45:39,589 --> 00:45:38,000  
westerman

1233  
00:45:41,349 --> 00:45:39,599  
held him back

1234  
00:45:42,150 --> 00:45:41,359  
these beings went to the back of this

1235  
00:45:45,190 --> 00:45:42,160  
thing

1236  
00:45:47,510 --> 00:45:45,200  
it rose silently stopped in mid-air and

1237  
00:45:49,270 --> 00:45:47,520  
was gone in a flash

1238  
00:45:50,950 --> 00:45:49,280

so amazed

1239

00:45:53,349 --> 00:45:50,960

she thought this will be on the local

1240

00:45:55,829 --> 00:45:53,359

television news tonight

1241

00:45:58,230 --> 00:45:55,839

and she sat down to watch it nothing

1242

00:46:00,630 --> 00:45:58,240

yeah she bought the local newspaper that

1243

00:46:01,510 --> 00:46:00,640

week not a thing she even asked some of

1244

00:46:04,870 --> 00:46:01,520

her

1245

00:46:06,230 --> 00:46:04,880

anything because it was a beautiful

1246

00:46:08,150 --> 00:46:06,240

sunny day

1247

00:46:10,230 --> 00:46:08,160

and and the children were out playing

1248

00:46:12,390 --> 00:46:10,240

that's why and but no

1249

00:46:14,870 --> 00:46:12,400

and she had no idea she didn't call it a

1250

00:46:16,069 --> 00:46:14,880

flying saucer or anything just this

1251  
00:46:17,990 --> 00:46:16,079  
thing

1252  
00:46:19,430 --> 00:46:18,000  
and um

1253  
00:46:21,030 --> 00:46:19,440  
we even interviewed one of the

1254  
00:46:22,790 --> 00:46:21,040  
children's friends

1255  
00:46:25,109 --> 00:46:22,800  
he hadn't seen anything because he'd

1256  
00:46:26,150 --> 00:46:25,119  
gone home for his lunch and he'd come

1257  
00:46:28,230 --> 00:46:26,160  
back

1258  
00:46:29,670 --> 00:46:28,240  
a while later and you know all the

1259  
00:46:31,589 --> 00:46:29,680  
excitement was over they were all

1260  
00:46:33,349 --> 00:46:31,599  
talking about it

1261  
00:46:35,670 --> 00:46:33,359  
uh and

1262  
00:46:37,349 --> 00:46:35,680  
mrs westerman you know her husband

1263  
00:46:39,670 --> 00:46:37,359

worked in the mining industry just like

1264

00:46:41,910 --> 00:46:39,680

my father did the children were playing

1265

00:46:44,150 --> 00:46:41,920

a ball game like i used to play in the

1266

00:46:46,230 --> 00:46:44,160

street when i was their age

1267

00:46:48,230 --> 00:46:46,240

she wouldn't let us take a photograph

1268

00:46:50,150 --> 00:46:48,240

couldn't use her name we didn't want any

1269

00:46:51,990 --> 00:46:50,160

publicity

1270

00:46:53,910 --> 00:46:52,000

we did all the usual checks we couldn't

1271

00:46:55,589 --> 00:46:53,920

find any rational explanation for it

1272

00:46:58,230 --> 00:46:55,599

much and so you had to say

1273

00:47:00,550 --> 00:46:58,240

this lady and the children are lying for

1274

00:47:02,230 --> 00:47:00,560

some reason or they're telling the truth

1275

00:47:03,349 --> 00:47:02,240

and i couldn't find any reason why they

1276  
00:47:05,030 --> 00:47:03,359  
were lying

1277  
00:47:07,430 --> 00:47:05,040  
what is interesting

1278  
00:47:09,829 --> 00:47:07,440  
um just before

1279  
00:47:11,670 --> 00:47:09,839  
the colby

1280  
00:47:14,069 --> 00:47:11,680  
i did a podcast for someone i mentioned

1281  
00:47:15,910 --> 00:47:14,079  
this incident but i forgot to mention

1282  
00:47:19,030 --> 00:47:15,920  
the lady's name

1283  
00:47:19,990 --> 00:47:19,040  
and um a lady from new zealand emailed

1284  
00:47:21,190 --> 00:47:20,000  
me

1285  
00:47:22,870 --> 00:47:21,200  
she said i'll listen to you on the

1286  
00:47:25,190 --> 00:47:22,880  
podcast phil if i used to live in

1287  
00:47:26,710 --> 00:47:25,200  
normanton i've actually immigrated to

1288  
00:47:29,190 --> 00:47:26,720

new zealand

1289

00:47:31,430 --> 00:47:29,200

what was the family's name

1290

00:47:34,390 --> 00:47:31,440

so i said it was westerman

1291

00:47:36,790 --> 00:47:34,400

and she said my best friend was called

1292

00:47:39,829 --> 00:47:36,800

westerman and she still lives there i

1293

00:47:41,829 --> 00:47:39,839

i'll i'll contact her and she did and

1294

00:47:44,150 --> 00:47:41,839

that her best friend was one of those

1295

00:47:46,150 --> 00:47:44,160

children from all those years back

1296

00:47:49,190 --> 00:47:46,160

and she she changed the name now because

1297

00:47:51,589 --> 00:47:49,200

she got married she got her own family

1298

00:47:53,910 --> 00:47:51,599

and we corresponded and she

1299

00:47:55,030 --> 00:47:53,920

said yep we saw this this this this and

1300

00:47:57,829 --> 00:47:55,040

this

1301

00:47:59,670 --> 00:47:57,839

and uh that confirmed it again for me

1302

00:48:02,470 --> 00:47:59,680

you know and that was the first landing

1303

00:48:05,270 --> 00:48:02,480

case in in the uk i ever looked into

1304

00:48:07,109 --> 00:48:05,280

martin bear in mind pretty much nearly

1305

00:48:09,030 --> 00:48:07,119

all but not quite all but nearly all the

1306

00:48:11,109 --> 00:48:09,040

books i'd read at that point were all

1307

00:48:13,349 --> 00:48:11,119

american based

1308

00:48:15,910 --> 00:48:13,359

and here is something that happened

1309

00:48:18,390 --> 00:48:15,920

literally in my backyard i i still only

1310

00:48:20,150 --> 00:48:18,400

live a few miles from norman to now you

1311

00:48:21,589 --> 00:48:20,160

know i only live about 10 miles from

1312

00:48:23,750 --> 00:48:21,599

where i was born

1313

00:48:26,230 --> 00:48:23,760

and

1314

00:48:28,230 --> 00:48:26,240

it just fascinated me mrs westerman was

1315

00:48:30,069 --> 00:48:28,240

just puzzled

1316

00:48:31,270 --> 00:48:30,079

by the fact that no one else seems to

1317

00:48:32,470 --> 00:48:31,280

have seen it

1318

00:48:34,309 --> 00:48:32,480

i mean

1319

00:48:37,349 --> 00:48:34,319

the major motorway in this part of the

1320

00:48:40,069 --> 00:48:37,359

world is called the m62 martin it goes

1321

00:48:42,230 --> 00:48:40,079

from hull on the east coast and

1322

00:48:43,829 --> 00:48:42,240

liverpool on the west coast and it goes

1323

00:48:47,430 --> 00:48:43,839

right past normandy and he gets

1324

00:48:49,349 --> 00:48:47,440

thousands of enough cars an hour go past

1325

00:48:52,470 --> 00:48:49,359

nobody seems to have seen anything and i

1326

00:48:54,870 --> 00:48:52,480

always puzzled her it really did

1327

00:48:57,510 --> 00:48:54,880

but well funny i i have a friend that's

1328

00:48:59,670 --> 00:48:57,520

also i'm a fine art antique appraiser

1329

00:49:00,870 --> 00:48:59,680

and i have a friend that's also one and

1330

00:49:02,950 --> 00:49:00,880

he lives in

1331

00:49:05,750 --> 00:49:02,960

uh montreal

1332

00:49:06,630 --> 00:49:05,760

and uh we had a conversation one day as

1333

00:49:08,150 --> 00:49:06,640

friends

1334

00:49:09,589 --> 00:49:08,160

and i said well you know you might think

1335

00:49:12,630 --> 00:49:09,599

this is kind of weird but i do a show on

1336

00:49:15,349 --> 00:49:12,640

ufos too bad i have to say that but uh

1337

00:49:17,190 --> 00:49:15,359

but anyway he he said well i said let me

1338

00:49:19,349 --> 00:49:17,200

tell you what happened to me you know i

1339

00:49:21,190 --> 00:49:19,359

love hearing those type of stories but

1340

00:49:23,750 --> 00:49:21,200

he kind of said the same thing when he

1341

00:49:26,230 --> 00:49:23,760

was out he had a a party out on his deck

1342

00:49:27,109 --> 00:49:26,240

a barbecue with a of like 20 or 30

1343

00:49:29,109 --> 00:49:27,119

people

1344

00:49:30,549 --> 00:49:29,119

um all there and they're watching this

1345

00:49:33,270 --> 00:49:30,559

fighter jet

1346

00:49:34,710 --> 00:49:33,280

chasing a disc and it's like it goes one

1347

00:49:35,829 --> 00:49:34,720

way and across the sky and then the

1348

00:49:36,870 --> 00:49:35,839

other way and all of a sudden it just

1349

00:49:39,589 --> 00:49:36,880

takes off

1350

00:49:41,750 --> 00:49:39,599

and he says that's gotta be in that's

1351

00:49:43,349 --> 00:49:41,760

gotta be on the news i mean

1352

00:49:44,630 --> 00:49:43,359

it was uh it was some type of

1353

00:49:48,630 --> 00:49:44,640

celebration

1354

00:49:52,870 --> 00:49:48,640

there was a lot of people outside

1355

00:49:55,670 --> 00:49:52,880

um during that holiday in the summer

1356

00:49:58,230 --> 00:49:55,680

but anyway he said that he just was

1357

00:50:00,549 --> 00:49:58,240

totally shocked that it wasn't in the

1358

00:50:02,470 --> 00:50:00,559

newspaper it wasn't on the news

1359

00:50:05,270 --> 00:50:02,480

so i get that and when you see something

1360

00:50:07,510 --> 00:50:05,280

profound like that you just assume

1361

00:50:09,829 --> 00:50:07,520

that other people have to see it yeah i

1362

00:50:11,430 --> 00:50:09,839

think being a car crash or a major crime

1363

00:50:12,470 --> 00:50:11,440

or whatever it would have been on the

1364

00:50:15,349 --> 00:50:12,480

news but

1365

00:50:17,589 --> 00:50:15,359

yeah she was amazed it was almost you

1366

00:50:19,910 --> 00:50:17,599

had to be there at that location at that

1367

00:50:22,309 --> 00:50:19,920

time to have witnessed this thing i mean

1368

00:50:23,910 --> 00:50:22,319

that's just pure speculation i'm not

1369

00:50:24,950 --> 00:50:23,920

saying that as a fact

1370

00:50:27,270 --> 00:50:24,960

um

1371

00:50:29,190 --> 00:50:27,280

but i don't know we've run the story in

1372

00:50:31,030 --> 00:50:29,200

the local media a couple of times down

1373

00:50:32,230 --> 00:50:31,040

the years to see if it would draw anyone

1374

00:50:35,109 --> 00:50:32,240

else forward

1375

00:50:36,549 --> 00:50:35,119

not a thing i mean not anything

1376

00:50:38,470 --> 00:50:36,559

and um

1377

00:50:40,549 --> 00:50:38,480

so but that what it did i hadn't been

1378

00:50:41,670 --> 00:50:40,559

involved that long martin

1379

00:50:43,510 --> 00:50:41,680

um

1380

00:50:45,829 --> 00:50:43,520

and it confirmed to me that i wasn't

1381

00:50:48,710 --> 00:50:45,839

wasting my time you know it was worth

1382

00:50:50,470 --> 00:50:48,720

yeah it was worth me investing my time

1383

00:50:52,230 --> 00:50:50,480

and effort and money

1384

00:50:54,069 --> 00:50:52,240

researching this subject i still thought

1385

00:50:56,470 --> 00:50:54,079

i'd find all the answers in no diamond

1386

00:50:58,309 --> 00:50:56,480

doll i know

1387

00:50:59,829 --> 00:50:58,319

yeah but but but it

1388

00:51:02,309 --> 00:50:59,839

what it did also

1389

00:51:05,510 --> 00:51:02,319

uh inside me kept this interesting in

1390

00:51:07,589 --> 00:51:05,520

ufo landing cases uh and as dr heineck

1391

00:51:09,349 --> 00:51:07,599

called them high strangeness

1392

00:51:11,990 --> 00:51:09,359

when you when you're up close and you're

1393

00:51:14,390 --> 00:51:12,000

pers and personal it's

1394

00:51:16,470 --> 00:51:14,400

extremely difficult to say

1395

00:51:18,069 --> 00:51:16,480

that they have misidentified a

1396

00:51:19,430 --> 00:51:18,079

conventional object when you're not

1397

00:51:21,430 --> 00:51:19,440

literally only yard for it i'm not

1398

00:51:23,109 --> 00:51:21,440

saying it's impossible because as soon

1399

00:51:24,710 --> 00:51:23,119

as i say if i said it was impossible

1400

00:51:27,829 --> 00:51:24,720

somebody would give me an example of why

1401

00:51:29,190 --> 00:51:27,839

it's no so yes it's it's extremely

1402

00:51:31,589 --> 00:51:29,200

unlikely

1403

00:51:34,870 --> 00:51:31,599

i mean this thing didn't make a noise

1404

00:51:36,630 --> 00:51:34,880

um it was a dangerous operation for a

1405

00:51:38,549 --> 00:51:36,640

helicopter because there was electricity

1406

00:51:39,910 --> 00:51:38,559

pylons there one why the hell would a

1407

00:51:41,750 --> 00:51:39,920

helicopter land there anyway there's

1408

00:51:44,630 --> 00:51:41,760

nothing there it's just an empty field

1409

00:51:46,710 --> 00:51:44,640

nothing in it but grass you know um did

1410

00:51:48,790 --> 00:51:46,720

you ask them did you happen to ask

1411

00:51:50,390 --> 00:51:48,800

pardon me did you happen to ask them if

1412

00:51:52,069 --> 00:51:50,400

they look to see

1413

00:51:53,829 --> 00:51:52,079

the landing if there was anything at the

1414

00:51:56,470 --> 00:51:53,839

landing area there was no marks on the

1415

00:51:58,870 --> 00:51:56,480

ground at all no whatsoever and this was

1416

00:52:01,430 --> 00:51:58,880

a time when crop circles were in the

1417

00:52:03,109 --> 00:52:01,440

news yeah so it would have been easy for

1418

00:52:05,910 --> 00:52:03,119

them to say oh it looked like one of

1419

00:52:08,390 --> 00:52:05,920

them circle thingies you know but but no

1420

00:52:09,750 --> 00:52:08,400

no no no not a blade of grass seems to

1421

00:52:11,589 --> 00:52:09,760

have been dented

1422

00:52:13,670 --> 00:52:11,599

but it was only short grass and it was

1423

00:52:16,470 --> 00:52:13,680

hard anyway so

1424

00:52:17,829 --> 00:52:16,480

it could be a reason for that um being

1425

00:52:19,030 --> 00:52:17,839

in the summer that you know the ground

1426  
00:52:19,910 --> 00:52:19,040  
was dry

1427  
00:52:21,270 --> 00:52:19,920  
um

1428  
00:52:24,309 --> 00:52:21,280  
but no

1429  
00:52:26,549 --> 00:52:24,319  
naughty thing you know uh i'm

1430  
00:52:28,870 --> 00:52:26,559  
mark mark bertzler was with me on this

1431  
00:52:30,870 --> 00:52:28,880  
mark was quite a good artist and while

1432  
00:52:32,710 --> 00:52:30,880  
we're speaking to mrs westerman and the

1433  
00:52:34,470 --> 00:52:32,720  
children he's scribbling away i'm

1434  
00:52:36,069 --> 00:52:34,480  
thinking he's taking notes

1435  
00:52:37,910 --> 00:52:36,079  
but he's not he's actually doing an

1436  
00:52:39,910 --> 00:52:37,920  
artist impression as we speak and he

1437  
00:52:41,750 --> 00:52:39,920  
said wow did he look anything like that

1438  
00:52:42,870 --> 00:52:41,760

and she says oh yeah

1439

00:52:44,309 --> 00:52:42,880

yeah

1440

00:52:47,349 --> 00:52:44,319

you know

1441

00:52:49,430 --> 00:52:47,359

and uh make of it what you will and that

1442

00:52:50,790 --> 00:52:49,440

that was kind of a catalyst if you like

1443

00:52:52,790 --> 00:52:50,800

although i never thought of a book at

1444

00:52:55,270 --> 00:52:52,800

the time but

1445

00:52:58,470 --> 00:52:55,280

it was that case that has eventually led

1446

00:53:01,109 --> 00:52:58,480

to my new book ufo landings uk all those

1447

00:53:03,349 --> 00:53:01,119

years ago because i would collect

1448

00:53:05,190 --> 00:53:03,359

encounters as i went along

1449

00:53:08,069 --> 00:53:05,200

uh from other colleagues from other

1450

00:53:10,870 --> 00:53:08,079

publications or i would go and interview

1451

00:53:13,510 --> 00:53:10,880

people you know face to face and i'll

1452

00:53:15,190 --> 00:53:13,520

give you an example another little case

1453

00:53:17,030 --> 00:53:15,200

not that startling it won't make the

1454

00:53:19,990 --> 00:53:17,040

headlines but this happened

1455

00:53:21,549 --> 00:53:20,000

uh in the middle of the second world war

1456

00:53:24,309 --> 00:53:21,559

it was may

1457

00:53:25,990 --> 00:53:24,319

1943 and involved a gentleman by the

1458

00:53:28,870 --> 00:53:26,000

name of john warren

1459

00:53:31,030 --> 00:53:28,880

and he was based at raf loddam which was

1460

00:53:34,309 --> 00:53:31,040

in norwich in norfolk

1461

00:53:36,069 --> 00:53:34,319

um he was an armorer so the the aircraft

1462

00:53:38,790 --> 00:53:36,079

that they had on base there he would fit

1463

00:53:41,270 --> 00:53:38,800

them with their various um you know

1464

00:53:43,750 --> 00:53:41,280

bombs and bullets and so on

1465

00:53:46,549 --> 00:53:43,760

and he got a night off

1466

00:53:48,790 --> 00:53:46,559

so he went to a local dance

1467

00:53:50,950 --> 00:53:48,800

and he said you know

1468

00:53:52,230 --> 00:53:50,960

unfortunately i missed the last train

1469

00:53:53,349 --> 00:53:52,240

back

1470

00:53:55,829 --> 00:53:53,359

um

1471

00:53:57,990 --> 00:53:55,839

and he said it was a 12 mile walk back

1472

00:53:59,510 --> 00:53:58,000

to base and he said it wasn't the 12

1473

00:54:01,510 --> 00:53:59,520

miles that bothered me it's the fact in

1474

00:54:03,589 --> 00:54:01,520

those days if you were late coming back

1475

00:54:05,510 --> 00:54:03,599

you could be in big trouble

1476  
00:54:07,750 --> 00:54:05,520  
and the chances of you getting another

1477  
00:54:10,470 --> 00:54:07,760  
pass to go out

1478  
00:54:12,150 --> 00:54:10,480  
you know so he sets off he walks the 12

1479  
00:54:14,950 --> 00:54:12,160  
miles back

1480  
00:54:16,470 --> 00:54:14,960  
as he's approaching the base literally

1481  
00:54:19,670 --> 00:54:16,480  
on the road up to it

1482  
00:54:21,270 --> 00:54:19,680  
he sees this green glow up ahead

1483  
00:54:23,030 --> 00:54:21,280  
and he knows he knows there's nothing

1484  
00:54:25,270 --> 00:54:23,040  
there it shouldn't be there as he gets

1485  
00:54:28,309 --> 00:54:25,280  
closer there is a

1486  
00:54:30,549 --> 00:54:28,319  
a humanoid being stood

1487  
00:54:32,549 --> 00:54:30,559  
at the side of the road

1488  
00:54:33,990 --> 00:54:32,559

and it's got a it's got a box on its

1489

00:54:36,150 --> 00:54:34,000

chest

1490

00:54:40,230 --> 00:54:36,160

and coming out of the top of this box is

1491

00:54:42,069 --> 00:54:40,240

this green glow shining up into its face

1492

00:54:43,829 --> 00:54:42,079

and it looks like it's got a big smirk

1493

00:54:45,670 --> 00:54:43,839

on its face but

1494

00:54:47,750 --> 00:54:45,680

i don't know if you did it as a as a as

1495

00:54:50,950 --> 00:54:47,760

a youngster martin you put a flashlight

1496

00:54:56,069 --> 00:54:53,349

yeah and

1497

00:54:58,150 --> 00:54:56,079

behind this thing was a grass verge

1498

00:54:59,990 --> 00:54:58,160

there was an object on the ground

1499

00:55:02,069 --> 00:55:00,000

that was illuminated mr one said it

1500

00:55:04,309 --> 00:55:02,079

looked like a bell tent

1501  
00:55:06,470 --> 00:55:04,319  
to the other side again further back

1502  
00:55:08,630 --> 00:55:06,480  
there were two more of these entities

1503  
00:55:11,190 --> 00:55:08,640  
it scared the living daylights out of

1504  
00:55:13,670 --> 00:55:11,200  
him he ran back to the base

1505  
00:55:15,270 --> 00:55:13,680  
fortunately for him a friend had been

1506  
00:55:17,430 --> 00:55:15,280  
waiting up and let him in through a

1507  
00:55:19,030 --> 00:55:17,440  
window so he didn't get into trouble and

1508  
00:55:20,630 --> 00:55:19,040  
he told his friend

1509  
00:55:22,630 --> 00:55:20,640  
and he said

1510  
00:55:24,710 --> 00:55:22,640  
it's not in the book because he he asked

1511  
00:55:27,270 --> 00:55:24,720  
me not to publish it then so

1512  
00:55:28,789 --> 00:55:27,280  
i've kept that but i can tell the story

1513  
00:55:30,309 --> 00:55:28,799

he said phillip

1514

00:55:32,390 --> 00:55:30,319

had it been armed

1515

00:55:33,829 --> 00:55:32,400

i would have shot it

1516

00:55:37,109 --> 00:55:33,839

i would have literally shot it because

1517

00:55:38,789 --> 00:55:37,119

it wasn't one of us this is 1943

1518

00:55:41,270 --> 00:55:38,799

middle of the second world war outside

1519

00:55:43,270 --> 00:55:41,280

and royal air force base yeah i said but

1520

00:55:47,270 --> 00:55:43,280

you don't you don't take a sidearm to a

1521

00:55:51,910 --> 00:55:49,750

and um he reported it initially i think

1522

00:55:54,630 --> 00:55:51,920

he was in the 60s or the 70s

1523

00:55:56,870 --> 00:55:54,640

and then he saw me in a local newspaper

1524

00:55:59,990 --> 00:55:56,880

in the 80s and contacted me and i i went

1525

00:56:00,829 --> 00:56:00,000

and sat in in front of mr warren in his

1526

00:56:03,750 --> 00:56:00,839

home

1527

00:56:05,589 --> 00:56:03,760

um there were no books on ufos or

1528

00:56:07,349 --> 00:56:05,599

magazines he wasn't interested in the

1529

00:56:08,710 --> 00:56:07,359

subject at all

1530

00:56:10,069 --> 00:56:08,720

and um

1531

00:56:12,309 --> 00:56:10,079

you know there's a little sketch in

1532

00:56:14,390 --> 00:56:12,319

there of what he drew

1533

00:56:17,030 --> 00:56:14,400

and and a picture of him as well i

1534

00:56:19,349 --> 00:56:17,040

believe and it's just a another little

1535

00:56:20,870 --> 00:56:19,359

fascinating case that

1536

00:56:23,670 --> 00:56:20,880

you know you wouldn't probably find

1537

00:56:26,470 --> 00:56:23,680

anywhere else martin right i love the

1538

00:56:28,470 --> 00:56:26,480

fact that you actually talk directly

1539

00:56:30,390 --> 00:56:28,480

you know a lot of a lot of times when

1540

00:56:33,430 --> 00:56:30,400

people are writing books

1541

00:56:35,750 --> 00:56:33,440

it's all you know through research only

1542

00:56:37,750 --> 00:56:35,760

and not through you know speaking

1543

00:56:39,109 --> 00:56:37,760

directly with people so

1544

00:56:41,510 --> 00:56:39,119

you have uh

1545

00:56:42,789 --> 00:56:41,520

is that the case with a number of these

1546

00:56:45,589 --> 00:56:42,799

that you've written about

1547

00:56:47,430 --> 00:56:45,599

i mean initially when i first began you

1548

00:56:49,030 --> 00:56:47,440

know that was the way you did it you

1549

00:56:51,589 --> 00:56:49,040

would write to them or you would phone

1550

00:56:53,109 --> 00:56:51,599

them to make the initial contact

1551  
00:56:54,789 --> 00:56:53,119  
uh and then

1552  
00:56:55,670 --> 00:56:54,799  
you get in the car i used to have a kit

1553  
00:56:59,910 --> 00:56:55,680  
bag

1554  
00:57:01,750 --> 00:56:59,920  
lenses batteries

1555  
00:57:04,710 --> 00:57:01,760  
you know extra film

1556  
00:57:06,230 --> 00:57:04,720  
uh a little tape recorder a notebook and

1557  
00:57:08,630 --> 00:57:06,240  
a couple of pens

1558  
00:57:10,950 --> 00:57:08,640  
and my wife you used to say what time

1559  
00:57:12,789 --> 00:57:10,960  
will you be oh my i have no idea what

1560  
00:57:15,430 --> 00:57:12,799  
time i'm gonna get there there was no

1561  
00:57:17,430 --> 00:57:15,440  
sat nav you know you had a map and you

1562  
00:57:20,069 --> 00:57:17,440  
figured out your own little way

1563  
00:57:22,390 --> 00:57:20,079

and um wow you know i interviewed like i

1564

00:57:24,549 --> 00:57:22,400

said mr one unfortunately when

1565

00:57:25,510 --> 00:57:24,559

mrs westerman were local

1566

00:57:27,750 --> 00:57:25,520

so

1567

00:57:29,670 --> 00:57:27,760

it just made sense that you know only

1568

00:57:33,030 --> 00:57:29,680

live two minutes away go and speak to

1569

00:57:35,430 --> 00:57:33,040

them but another incident in the book um

1570

00:57:37,109 --> 00:57:35,440

probably the the best well-known one

1571

00:57:38,549 --> 00:57:37,119

uh involved a gentleman called robert

1572

00:57:40,549 --> 00:57:38,559

taylor

1573

00:57:43,270 --> 00:57:40,559

in scotland as you know the uk is made

1574

00:57:44,230 --> 00:57:43,280

up of england island scotland and wales

1575

00:57:47,430 --> 00:57:44,240

and

1576

00:57:49,109 --> 00:57:47,440

in november 1970 79 he lived in a little

1577

00:57:51,829 --> 00:57:49,119

place called livingston

1578

00:57:53,589 --> 00:57:51,839

which is about halfway between

1579

00:57:57,109 --> 00:57:53,599

glasgow and edinburgh

1580

00:57:58,150 --> 00:57:57,119

smallish town he was a forestry worker

1581

00:58:00,230 --> 00:57:58,160

so he

1582

00:58:02,470 --> 00:58:00,240

says goodbye to his wife gets in his

1583

00:58:03,990 --> 00:58:02,480

truck with his dog and he's going to a

1584

00:58:05,910 --> 00:58:04,000

little place just on the edge of town

1585

00:58:07,510 --> 00:58:05,920

called deckmont woods

1586

00:58:09,910 --> 00:58:07,520

parks the truck

1587

00:58:12,950 --> 00:58:09,920

walks down a dirt track it's it's a cold

1588

00:58:15,349 --> 00:58:12,960

november day in scotland

1589

00:58:17,750 --> 00:58:15,359

and there's a clearing in the woods

1590

00:58:20,789 --> 00:58:17,760

and there in this clearing is this

1591

00:58:23,190 --> 00:58:20,799

dome-shaped object on the ground

1592

00:58:25,829 --> 00:58:23,200

uh he had a skirt around the bottom of

1593

00:58:27,670 --> 00:58:25,839

it mr taylor actually called it a flange

1594

00:58:29,990 --> 00:58:27,680

there's a skirt going around it with

1595

00:58:31,430 --> 00:58:30,000

these little things sticking up reminded

1596

00:58:33,750 --> 00:58:31,440

me of the old-fashioned you know

1597

00:58:36,630 --> 00:58:33,760

airplane propellers

1598

00:58:37,990 --> 00:58:36,640

and he stood there you know transfixed

1599

00:58:39,829 --> 00:58:38,000

and then

1600

00:58:41,829 --> 00:58:39,839

from either behind it or underneath it

1601  
00:58:43,910 --> 00:58:41,839  
came these balls

1602  
00:58:47,030 --> 00:58:43,920  
that had spikes on

1603  
00:58:48,390 --> 00:58:47,040  
it reminded him of the second world war

1604  
00:58:50,309 --> 00:58:48,400  
sea mines

1605  
00:58:52,390 --> 00:58:50,319  
but not as big as nose

1606  
00:58:55,030 --> 00:58:52,400  
and because it was damp

1607  
00:58:57,190 --> 00:58:55,040  
he could hear these things plopping

1608  
00:58:58,870 --> 00:58:57,200  
across the ground as they rolled across

1609  
00:59:01,349 --> 00:58:58,880  
the ground towards him

1610  
00:59:04,150 --> 00:59:01,359  
they came up the side of him

1611  
00:59:06,069 --> 00:59:04,160  
he felt a tug in on his trousers and he

1612  
00:59:08,309 --> 00:59:06,079  
passed out

1613  
00:59:10,150 --> 00:59:08,319

when he came around he had this

1614

00:59:12,870 --> 00:59:10,160

high-pitched whistling noise

1615

00:59:15,990 --> 00:59:12,880

there was a strong smell of sulfur

1616

00:59:18,950 --> 00:59:16,000

his dog was doing cartwheels

1617

00:59:20,870 --> 00:59:18,960

and this thing had gone so he

1618

00:59:21,829 --> 00:59:20,880

he staggered literally staggered to his

1619

00:59:24,309 --> 00:59:21,839

feet

1620

00:59:25,829 --> 00:59:24,319

up to his truck tried to drive it

1621

00:59:27,030 --> 00:59:25,839

couldn't yeah i think he ended up in a

1622

00:59:30,069 --> 00:59:27,040

ditch

1623

00:59:32,789 --> 00:59:30,079

so he walked back down home

1624

00:59:33,990 --> 00:59:32,799

his wife's still at home he's covered in

1625

00:59:35,510 --> 00:59:34,000

mud

1626  
00:59:38,470 --> 00:59:35,520  
and she said what on earth happened to

1627  
00:59:40,710 --> 00:59:38,480  
you he says i've been attacked

1628  
00:59:42,390 --> 00:59:40,720  
so his wife rung the police

1629  
00:59:44,789 --> 00:59:42,400  
and the police came

1630  
00:59:46,950 --> 00:59:44,799  
mr taylor told them what had happened

1631  
00:59:49,030 --> 00:59:46,960  
he went to the local hospital to be

1632  
00:59:51,270 --> 00:59:49,040  
checked out but got fed up waiting he

1633  
00:59:52,390 --> 00:59:51,280  
felt all right so he came back home the

1634  
00:59:54,950 --> 00:59:52,400  
police

1635  
00:59:57,430 --> 00:59:54,960  
went to the location and lo and behold

1636  
00:59:59,430 --> 00:59:57,440  
in that clearing and in that clearing

1637  
01:00:01,670 --> 00:59:59,440  
only

1638  
01:00:04,069 --> 01:00:01,680

were some marks on the ground

1639

01:00:06,309 --> 01:00:04,079

and there were two like tractor marks

1640

01:00:08,710 --> 01:00:06,319

and there was a variety of like u-shaped

1641

01:00:10,950 --> 01:00:08,720

marks indents in the grass

1642

01:00:12,870 --> 01:00:10,960

uh so they taped it off that night it

1643

01:00:15,829 --> 01:00:12,880

was cold and the ground froze so it

1644

01:00:17,430 --> 01:00:15,839

preserved these marks mr taylor's

1645

01:00:19,750 --> 01:00:17,440

trousers

1646

01:00:21,030 --> 01:00:19,760

were the heavy thick working man's

1647

01:00:22,870 --> 01:00:21,040

trousers

1648

01:00:23,990 --> 01:00:22,880

had been ripped where these things had

1649

01:00:25,430 --> 01:00:24,000

gripped him they were ripped right

1650

01:00:27,990 --> 01:00:25,440

through to the skin

1651

01:00:30,390 --> 01:00:28,000

they were taken away by the police and

1652

01:00:32,870 --> 01:00:30,400

because mr taylor was such an upstanding

1653

01:00:35,750 --> 01:00:32,880

member of the community they conducted a

1654

01:00:37,990 --> 01:00:35,760

full forensic investigation

1655

01:00:40,630 --> 01:00:38,000

which included them doing a diagram a

1656

01:00:43,990 --> 01:00:40,640

detailed diagram of these indentations

1657

01:00:45,990 --> 01:00:44,000

in the ground photographs of them and

1658

01:00:48,069 --> 01:00:46,000

they sent these trousers to the forensic

1659

01:00:50,470 --> 01:00:48,079

science laboratory

1660

01:00:52,150 --> 01:00:50,480

and they couldn't figure out what caused

1661

01:00:53,109 --> 01:00:52,160

them all they would say is that these

1662

01:00:55,190 --> 01:00:53,119

rips

1663

01:00:57,190 --> 01:00:55,200

were consistent with what mr taylor had

1664

01:00:59,510 --> 01:00:57,200

reported there's something grabbing him

1665

01:01:00,549 --> 01:00:59,520

and pulling in upwards

1666

01:01:03,990 --> 01:01:00,559

and

1667

01:01:05,910 --> 01:01:04,000

officers involved have gone on the

1668

01:01:08,150 --> 01:01:05,920

record since then

1669

01:01:09,349 --> 01:01:08,160

i went to speak to mr taylor after he'd

1670

01:01:11,430 --> 01:01:09,359

retired

1671

01:01:12,390 --> 01:01:11,440

uh it moved from livingston to another

1672

01:01:13,750 --> 01:01:12,400

town

1673

01:01:15,670 --> 01:01:13,760

uh i went with my colleague from

1674

01:01:16,950 --> 01:01:15,680

scotland malcolm robinson

1675

01:01:19,190 --> 01:01:16,960

and he was a

1676

01:01:21,270 --> 01:01:19,200

when you talk about a down-to-earth

1677

01:01:23,430 --> 01:01:21,280

person martin you couldn't get any more

1678

01:01:24,950 --> 01:01:23,440

down to earth than mr taylor

1679

01:01:26,710 --> 01:01:24,960

so malcolm and i

1680

01:01:28,549 --> 01:01:26,720

went to decamont woods

1681

01:01:30,549 --> 01:01:28,559

malcolm knew the location because he'd

1682

01:01:33,829 --> 01:01:30,559

been there originally i think within a

1683

01:01:35,510 --> 01:01:33,839

day or two of the incident happening

1684

01:01:37,030 --> 01:01:35,520

the trees have obviously grown a lot

1685

01:01:39,430 --> 01:01:37,040

taller since then

1686

01:01:41,270 --> 01:01:39,440

and it where this clearing in the woods

1687

01:01:43,270 --> 01:01:41,280

it still is

1688

01:01:45,349 --> 01:01:43,280

the the local council had put a picnic

1689

01:01:48,870 --> 01:01:45,359

bench and it was concreted into it so i

1690

01:01:50,710 --> 01:01:48,880

just said to malcolm off off cough

1691

01:01:53,349 --> 01:01:50,720

why don't you get a little blast brass

1692

01:01:55,670 --> 01:01:53,359

plaquemine and screw it onto the picnic

1693

01:01:58,710 --> 01:01:55,680

bench i'm sure nobody all mined

1694

01:02:01,430 --> 01:01:58,720

so malcolm much to his credit martin

1695

01:02:03,510 --> 01:02:01,440

went to the local council with this idea

1696

01:02:05,990 --> 01:02:03,520

and it ended up not just a little brass

1697

01:02:08,470 --> 01:02:06,000

plaque but a huge great stone cane with

1698

01:02:10,309 --> 01:02:08,480

a with a with a plaque on it and today

1699

01:02:12,630 --> 01:02:10,319

there's even signage telling you about

1700

01:02:15,510 --> 01:02:12,640

it and that's all to malcolm's credit

1701

01:02:16,870 --> 01:02:15,520

i'm i i may have opened my mouth and

1702

01:02:18,309 --> 01:02:16,880

mentioned it but

1703

01:02:20,390 --> 01:02:18,319

i don't take any credit for it it was

1704

01:02:23,430 --> 01:02:20,400

all down to malcolm and

1705

01:02:24,390 --> 01:02:23,440

you know mr taylor has sadly passed away

1706

01:02:25,990 --> 01:02:24,400

now

1707

01:02:28,069 --> 01:02:26,000

malcolm robinson wrote a whole book

1708

01:02:30,309 --> 01:02:28,079

about this but i have free i have

1709

01:02:31,430 --> 01:02:30,319

featured it in my new book ufo landings

1710

01:02:33,990 --> 01:02:31,440

uk

1711

01:02:36,710 --> 01:02:34,000

so you see you see a drawing of it the

1712

01:02:39,430 --> 01:02:36,720

the police diagram is reproduced and the

1713

01:02:42,069 --> 01:02:39,440

photographs and one of the pages from

1714

01:02:45,990 --> 01:02:42,079

their their official report and it's the

1715

01:02:48,710 --> 01:02:46,000

only ufo landing case martin in the uk

1716

01:02:51,109 --> 01:02:48,720

that's had a full forensic police

1717

01:02:53,190 --> 01:02:51,119

investigation carried out on it that's

1718

01:02:55,109 --> 01:02:53,200

the only one i've ever heard of as well

1719

01:02:57,029 --> 01:02:55,119

i did hear about that and i i can't

1720

01:02:59,510 --> 01:02:57,039

remember where i read about it but we

1721

01:03:02,870 --> 01:02:59,520

are out of time thank you so much and uh

1722

01:03:05,510 --> 01:03:02,880

the the book is called ufo landings uk

1723

01:03:08,789 --> 01:03:05,520

and it's right down in the text uh below

1724

01:03:10,549 --> 01:03:08,799

or in the show notes as always uh philip

1725

01:03:12,150 --> 01:03:10,559

it's a real pleasure speaking with you

1726

01:03:14,870 --> 01:03:12,160

now the pleasure's all mine martin thank

1727

01:03:16,470 --> 01:03:14,880

you very much all right you take care

1728

01:03:18,309 --> 01:03:16,480

bye bye bye

1729

01:03:20,390 --> 01:03:18,319

and uh if

1730

01:03:22,549 --> 01:03:20,400

everything is working fine you should be

1731

01:03:24,069 --> 01:03:22,559

seeing me back here with charles lear in

1732

01:03:25,990 --> 01:03:24,079

just one minute

1733

01:03:28,390 --> 01:03:26,000

the believer is the chilling true story

1734

01:03:30,710 --> 01:03:28,400

of dr john mack a renowned harvard

1735

01:03:33,270 --> 01:03:30,720

psychiatrist and pulitzer prize winner

1736

01:03:35,990 --> 01:03:33,280

this is a outreach program from the

1737

01:03:38,390 --> 01:03:36,000

cosmos to the consciously impaired he

1738

01:03:40,150 --> 01:03:38,400

risked it all to investigate human

1739

01:03:41,349 --> 01:03:40,160

encounters with aelia

1740

01:03:44,069 --> 01:03:41,359

the believer

1741

01:03:46,309 --> 01:03:44,079

alien encounters hard science and the

1742

01:03:48,150 --> 01:03:46,319

passion of john mack written by

1743

01:03:50,470 --> 01:03:48,160

award-winning former new york times

1744

01:03:52,549 --> 01:03:50,480

sure to leave even the die hard skeptic

1754  
01:04:23,589 --> 01:04:20,559  
wandering

1755  
01:04:26,309 --> 01:04:23,599  
by charles lehrer new york usa

1756  
01:04:30,150 --> 01:04:26,319  
the flying saucer investigators

1757  
01:04:32,870 --> 01:04:30,160  
available on amazon from june 2022

1758  
01:04:39,190 --> 01:04:32,880  
the flying saucer investigators flying

1759  
01:04:43,750 --> 01:04:41,829  
all right and uh we're back and we're

1760  
01:04:46,150 --> 01:04:43,760  
going to be coming right up with charles

1761  
01:04:47,990 --> 01:04:46,160  
in just a second i did want to

1762  
01:04:50,870 --> 01:04:48,000  
say that um

1763  
01:04:52,390 --> 01:04:50,880

something came in while this was going

1764

01:04:53,589 --> 01:04:52,400

on remember tomorrow night i'm going to

1765

01:04:54,390 --> 01:04:53,599

be over

1766

01:04:56,870 --> 01:04:54,400

at

1767

01:04:59,910 --> 01:04:56,880

right here on youtube and facebook as

1768

01:05:03,349 --> 01:04:59,920

well um with becky ferreira uh talking

1769

01:05:05,190 --> 01:05:03,359

about possible life on europa

1770

01:05:08,150 --> 01:05:05,200

and uh so

1771

01:05:11,270 --> 01:05:08,160

mark d'antonio will be enjoy uh joining

1772

01:05:13,510 --> 01:05:11,280

me then as a co-host so that should be

1773

01:05:15,029 --> 01:05:13,520

extra exciting because of all the great

1774

01:05:16,789 --> 01:05:15,039

questions that they'll

1775

01:05:18,870 --> 01:05:16,799

maybe even both have for each other but

1776

01:05:20,789 --> 01:05:18,880

it should be great so remember tomorrow

1777

01:05:23,190 --> 01:05:20,799

night at eight o'clock right here on the

1778

01:05:24,870 --> 01:05:23,200

youtube channel and i am going to run

1779

01:05:26,870 --> 01:05:24,880

that eventually in a couple days that

1780

01:05:29,589 --> 01:05:26,880

will go through the podcast

1781

01:05:33,109 --> 01:05:29,599

feed as well and so it gives me great

1782

01:05:34,549 --> 01:05:33,119

pleasure to talk tonight to charles lear

1783

01:05:37,109 --> 01:05:34,559

he's been

1784

01:05:39,670 --> 01:05:37,119

doing some wonderful blogs over the last

1785

01:05:42,870 --> 01:05:39,680

several years and if you watch this

1786

01:05:45,430 --> 01:05:42,880

youtube channel or you are a subscriber

1787

01:05:47,190 --> 01:05:45,440

to the podcast you hear the audio blogs

1788

01:05:50,870 --> 01:05:47,200

he puts his great words

1789

01:05:51,910 --> 01:05:50,880

that he writes into audio he uh composed

1790

01:05:53,349 --> 01:05:51,920

a book

1791

01:05:55,589 --> 01:05:53,359

and uh we're going to be talking about

1792

01:05:57,349 --> 01:05:55,599

that right now and here he is charles

1793

01:05:59,829 --> 01:05:57,359

welcome to the show charles

1794

01:06:01,990 --> 01:05:59,839

hello martin good to see you

1795

01:06:04,390 --> 01:06:02,000

how are we saying

1796

01:06:06,789 --> 01:06:04,400

i was we're all good we're all good

1797

01:06:08,390 --> 01:06:06,799

it was great actually we hung out and at

1798

01:06:10,870 --> 01:06:08,400

pine bush a little bit that was a lot of

1799

01:06:12,309 --> 01:06:10,880

fun i was it was really cool good to see

1800

01:06:14,870 --> 01:06:12,319

you man

1801  
01:06:16,470 --> 01:06:14,880  
yeah yeah it was great so i i do want to

1802  
01:06:19,270 --> 01:06:16,480  
first of all i want to thank you for all

1803  
01:06:20,309 --> 01:06:19,280  
your great work it's uh it's been such a

1804  
01:06:22,230 --> 01:06:20,319  
pleasure

1805  
01:06:23,829 --> 01:06:22,240  
you really you really do a lot of

1806  
01:06:26,150 --> 01:06:23,839  
research and for and you i know you're

1807  
01:06:28,870 --> 01:06:26,160  
going back out to new mexico but you

1808  
01:06:31,670 --> 01:06:28,880  
were out at dave marlar's

1809  
01:06:33,190 --> 01:06:31,680  
archives working away digging through

1810  
01:06:35,270 --> 01:06:33,200  
for a lot of these

1811  
01:06:37,109 --> 01:06:35,280  
uh blogs that you write which i think is

1812  
01:06:39,910 --> 01:06:37,119  
uh i mean you really go

1813  
01:06:41,510 --> 01:06:39,920

beyond and and not just

1814

01:06:43,589 --> 01:06:41,520

uh googling stuff

1815

01:06:45,910 --> 01:06:43,599

so you go in pretty deep i think it's a

1816

01:06:47,430 --> 01:06:45,920

bit of uh obsessive-compulsive disorder

1817

01:06:49,589 --> 01:06:47,440

quite frankly

1818

01:06:51,029 --> 01:06:49,599

well i'm glad you have it about this

1819

01:06:53,589 --> 01:06:51,039

yeah yeah well you know as long as you

1820

01:06:55,270 --> 01:06:53,599

channel it it can be a good thing

1821

01:06:58,309 --> 01:06:55,280

that's right that's right

1822

01:07:01,670 --> 01:06:58,319

so the book i'm so glad that you wrote

1823

01:07:04,069 --> 01:07:01,680

this that you decided to to do this

1824

01:07:05,510 --> 01:07:04,079

and uh i can't remember what that it was

1825

01:07:06,470 --> 01:07:05,520

about a year you were working on this

1826

01:07:08,069 --> 01:07:06,480

wasn't it

1827

01:07:10,390 --> 01:07:08,079

um

1828

01:07:12,230 --> 01:07:10,400

two years ago i i got started was it two

1829

01:07:14,309 --> 01:07:12,240

years yeah i can't i can't even

1830

01:07:15,510 --> 01:07:14,319

understand how time seems like it passes

1831

01:07:16,950 --> 01:07:15,520

so quickly

1832

01:07:19,029 --> 01:07:16,960

yeah what's that that seems like it's

1833

01:07:21,750 --> 01:07:19,039

flying folks

1834

01:07:25,270 --> 01:07:21,760

yeah that's right that's right so uh so

1835

01:07:27,109 --> 01:07:25,280

it's been two years and uh and

1836

01:07:30,069 --> 01:07:27,119

and uh

1837

01:07:33,510 --> 01:07:30,079

i guess i haven't really had you on very

1838

01:07:34,870 --> 01:07:33,520

long previously to ask you this question

1839

01:07:37,190 --> 01:07:34,880

in the first place because i know you

1840

01:07:38,470 --> 01:07:37,200

have a a whole bunch of varying

1841

01:07:40,829 --> 01:07:38,480

interests

1842

01:07:43,270 --> 01:07:40,839

um what started you looking at this

1843

01:07:45,670 --> 01:07:43,280

topic to begin with

1844

01:07:47,109 --> 01:07:45,680

born interested in this um

1845

01:07:54,230 --> 01:07:47,119

the

1846

01:07:56,950 --> 01:07:54,240

charles burlitz

1847

01:07:59,990 --> 01:07:56,960

but when uh when you could get i had an

1848

01:08:01,750 --> 01:08:00,000

awesome video store in uh there was in

1849

01:08:04,549 --> 01:08:01,760

williamsburg that had

1850

01:08:06,549 --> 01:08:04,559

every ufo documentary you could think of

1851

01:08:09,750 --> 01:08:06,559

on videotape

1852

01:08:12,069 --> 01:08:09,760

and i started just

1853

01:08:13,990 --> 01:08:12,079

i i ran it every damn one and watched

1854

01:08:15,990 --> 01:08:14,000

every damn one repeatedly and the best

1855

01:08:18,470 --> 01:08:16,000

thing was is that um

1856

01:08:21,110 --> 01:08:18,480

i like taking naps with them on because

1857

01:08:22,950 --> 01:08:21,120

the synth music was really cool and it's

1858

01:08:24,870 --> 01:08:22,960

kind of like baseball to me uh you know

1859

01:08:26,789 --> 01:08:24,880

it was interesting enough that it's cool

1860

01:08:29,590 --> 01:08:26,799

when i'm awake and if i drift off and

1861

01:08:32,229 --> 01:08:29,600

come back i probably didn't miss much

1862

01:08:34,470 --> 01:08:32,239

but you could also watch them repeatedly

1863

01:08:36,229 --> 01:08:34,480

that way

1864

01:08:38,630 --> 01:08:36,239

but what

1865

01:08:42,309 --> 01:08:38,640

really got me uh

1866

01:08:44,470 --> 01:08:42,319

in uh deep was writing for you and um i

1867

01:08:45,430 --> 01:08:44,480

actually started writing for martin

1868

01:08:48,550 --> 01:08:45,440

because

1869

01:08:51,510 --> 01:08:48,560

he used to offer this second hour as

1870

01:08:53,910 --> 01:08:51,520

premium uh and in order to oh that's

1871

01:08:57,349 --> 01:08:53,920

right get that you had to

1872

01:08:59,189 --> 01:08:57,359

uh it was a little uh contribution via

1873

01:09:02,229 --> 01:08:59,199

paypal i didn't want to get a paypal

1874

01:09:03,749 --> 01:09:02,239

account i said hey martin uh i see you

1875

01:09:06,390 --> 01:09:03,759

have a uh

1876

01:09:08,789 --> 01:09:06,400

a guest blog spot would it be cool if i

1877

01:09:11,030 --> 01:09:08,799

wrote you a blog on a regular basis and

1878

01:09:14,390 --> 01:09:11,040

could i get that second hour he said

1879

01:09:17,189 --> 01:09:14,400

sure so i started writing and uh you're

1880

01:09:18,950 --> 01:09:17,199

like my cbgbs martin you gave me a place

1881

01:09:22,309 --> 01:09:18,960

to be bad

1882

01:09:24,470 --> 01:09:22,319

so hopefully i've improved i've

1883

01:09:28,070 --> 01:09:24,480

i've learned a great deal just writing

1884

01:09:30,390 --> 01:09:28,080

i've actually uh really um

1885

01:09:32,550 --> 01:09:30,400

studied things like grammar so now i

1886

01:09:35,749 --> 01:09:32,560

know like things i know what an

1887

01:09:38,870 --> 01:09:35,759

independent clause is a dependent clause

1888

01:09:40,229 --> 01:09:38,880

uh noun pronoun uh subject object all

1889

01:09:43,349 --> 01:09:40,239

these you know

1890

01:09:46,070 --> 01:09:43,359

uh arcane uh this arcane knowledge i've

1891

01:09:48,470 --> 01:09:46,080

acquired just writing for you

1892

01:09:51,590 --> 01:09:48,480

um but it

1893

01:09:55,910 --> 01:09:51,600

that so yeah that but they it

1894

01:09:57,910 --> 01:09:57,030

um

1895

01:10:00,470 --> 01:09:57,920

really

1896

01:10:04,630 --> 01:10:00,480

my plate

1897

01:10:07,030 --> 01:10:04,640

i guess a niche a perspective uh and i

1898

01:10:09,910 --> 01:10:07,040

guess an approach just came about how i

1899

01:10:12,070 --> 01:10:09,920

like to approach the subject and how i

1900

01:10:13,669 --> 01:10:12,080

interest um

1901

01:10:15,030 --> 01:10:13,679

how i

1902

01:10:16,630 --> 01:10:15,040

uh

1903

01:10:19,270 --> 01:10:16,640

do i get the most enjoyment out of the

1904

01:10:22,550 --> 01:10:19,280

subject and that's looking at it uh

1905

01:10:25,350 --> 01:10:22,560

factually and historically and the

1906

01:10:27,430 --> 01:10:25,360

history is fact and

1907

01:10:30,870 --> 01:10:27,440

you know what's amazing is you've got

1908

01:10:32,630 --> 01:10:30,880

police reports you've got

1909

01:10:34,070 --> 01:10:32,640

witness testimony

1910

01:10:36,149 --> 01:10:34,080

you've got

1911

01:10:38,870 --> 01:10:36,159

air force reports

1912

01:10:42,550 --> 01:10:38,880

and all the documentation

1913

01:10:44,709 --> 01:10:42,560

that's real and i really like that and

1914

01:10:45,590 --> 01:10:44,719

some of the stories they tell you to say

1915

01:10:46,709 --> 01:10:45,600

no

1916

01:10:49,430 --> 01:10:46,719

okay

1917

01:10:51,030 --> 01:10:49,440

um you know and yeah well i like the

1918

01:10:53,669 --> 01:10:51,040

fact that you have

1919

01:10:55,510 --> 01:10:53,679

you have um

1920

01:10:57,189 --> 01:10:55,520

well you don't you don't really you kind

1921

01:10:59,510 --> 01:10:57,199

of put it out there this is for the

1922

01:11:01,990 --> 01:10:59,520

blogs you know you kind of put it out

1923

01:11:04,709 --> 01:11:02,000

there and then you let the people decide

1924

01:11:06,870 --> 01:11:04,719

well this is absolutely crazy

1925

01:11:08,870 --> 01:11:06,880

or it's not and but you you write

1926

01:11:10,790 --> 01:11:08,880

exactly what they say

1927

01:11:13,270 --> 01:11:10,800

and you know their witness report and

1928

01:11:15,270 --> 01:11:13,280

sometimes you know it's way out there

1929

01:11:18,149 --> 01:11:15,280

but yeah but you still you still this is

1930

01:11:20,390 --> 01:11:18,159

this is what he reported and then um i

1931

01:11:21,910 --> 01:11:20,400

like it at the end sometimes you have

1932

01:11:23,110 --> 01:11:21,920

like a little bit of humor at the end

1933

01:11:24,830 --> 01:11:23,120

the way you

1934

01:11:28,790 --> 01:11:24,840

you know yeah i like

1935

01:11:31,189 --> 01:11:28,800

it yeah a little comic button yeah if if

1936

01:11:32,070 --> 01:11:31,199

it's appropriate sometimes it'll just

1937

01:11:33,270 --> 01:11:32,080

end

1938

01:11:36,070 --> 01:11:33,280

but

1939

01:11:37,990 --> 01:11:36,080

yeah and uh i i put everything under

1940

01:11:39,110 --> 01:11:38,000

what i like to call my according to

1941

01:11:41,030 --> 01:11:39,120

umbrella

1942

01:11:43,430 --> 01:11:41,040

so according to yes according to that's

1943

01:11:45,110 --> 01:11:43,440

right yeah yeah and there's some really

1944

01:11:47,590 --> 01:11:45,120

bizarre things i mean you did a

1945

01:11:50,550 --> 01:11:47,600

four-part series i think it was four

1946

01:11:52,870 --> 01:11:50,560

parts on that woman that um

1947

01:11:54,870 --> 01:11:52,880

and she was uh

1948

01:11:57,110 --> 01:11:54,880

how can i say this in a nice way she

1949

01:11:58,870 --> 01:11:57,120

would have a really hard time walking 65

1950

01:12:02,390 --> 01:11:58,880

miles i think it was something like that

1951

01:12:04,070 --> 01:12:02,400

right yeah yes she was in brazil rather

1952

01:12:06,390 --> 01:12:04,080

robust

1953

01:12:09,350 --> 01:12:06,400

yeah that's the way to put it yes yeah

1954

01:12:12,229 --> 01:12:09,360

but um but she in in the night when she

1955

01:12:14,149 --> 01:12:12,239

said she was abducted by aliens no no

1956

01:12:16,709 --> 01:12:14,159

she that's what's cool she didn't say

1957

01:12:18,070 --> 01:12:16,719

that oh that's right that's what i liked

1958

01:12:20,709 --> 01:12:18,080

about it it was other people's

1959

01:12:23,270 --> 01:12:20,719

speculating right right yeah she was on

1960

01:12:26,229 --> 01:12:23,280

um well the story is real quick for the

1961

01:12:29,430 --> 01:12:26,239

listeners is that uh she saw a bright

1962

01:12:31,189 --> 01:12:29,440

flash this is argentina

1963

01:12:33,590 --> 01:12:31,199

and

1964

01:12:35,830 --> 01:12:33,600

next thing she knew she

1965

01:12:41,750 --> 01:12:35,840

woke up on the side of a road in a town

1966

01:12:45,430 --> 01:12:43,189

shorter or longer

1967

01:12:48,310 --> 01:12:45,440

i think it's about 65 miles away

1968

01:12:49,669 --> 01:12:48,320

somebody google that but anyway

1969

01:12:51,590 --> 01:12:49,679

and

1970

01:12:52,870 --> 01:12:51,600

the night before there was a police

1971

01:12:55,030 --> 01:12:52,880

search for her

1972

01:12:56,229 --> 01:12:55,040

her husband was just mystified where did

1973

01:12:57,910 --> 01:12:56,239

she go

1974

01:12:59,110 --> 01:12:57,920

she called her family from the side of

1975

01:13:00,870 --> 01:12:59,120

the road

1976

01:13:02,310 --> 01:13:00,880

and

1977

01:13:04,229 --> 01:13:02,320

uh

1978

01:13:05,590 --> 01:13:04,239

you know the the the police in the town

1979

01:13:07,430 --> 01:13:05,600

picked her up

1980

01:13:10,149 --> 01:13:07,440

and she went to the hospital they

1981

01:13:11,590 --> 01:13:10,159

examined her and

1982

01:13:13,910 --> 01:13:11,600

you know this

1983

01:13:15,910 --> 01:13:13,920

she had no idea what happened to her and

1984

01:13:16,870 --> 01:13:15,920

nobody else did either and the case was

1985

01:13:19,270 --> 01:13:16,880

actually

1986

01:13:21,990 --> 01:13:19,280

investigated by the local district

1987

01:13:24,149 --> 01:13:22,000

attorney in the town where she was found

1988

01:13:25,990 --> 01:13:24,159

uh

1989

01:13:27,350 --> 01:13:26,000

they said you know as a criminal case

1990

01:13:28,550 --> 01:13:27,360

because this could have been a human

1991

01:13:29,990 --> 01:13:28,560

abduction

1992

01:13:33,350 --> 01:13:30,000

um

1993

01:13:35,669 --> 01:13:33,360

sorry so she uh yeah this was a real

1994

01:13:37,669 --> 01:13:35,679

this was you know a real thing really

1995

01:13:39,189 --> 01:13:37,679

investigated and a strange story yeah

1996

01:13:41,590 --> 01:13:39,199

when she was interviewed on a local

1997

01:13:43,430 --> 01:13:41,600

television station yeah they kept saying

1998

01:13:45,189 --> 01:13:43,440

so it's this where you were abducted by

1999

01:13:47,110 --> 01:13:45,199

the aliens and she's i don't know what

2000

01:13:49,350 --> 01:13:47,120

happened to me and she stuck to that

2001

01:13:51,189 --> 01:13:49,360

which i admired a great deal

2002

01:13:53,030 --> 01:13:51,199

unfortunately

2003

01:13:54,310 --> 01:13:53,040

very recently

2004

01:14:01,590 --> 01:13:54,320

she

2005

01:14:04,149 --> 01:14:01,600

whoever took her uh and

2006

01:14:06,390 --> 01:14:04,159

she came forward in the press uh saying

2007

01:14:09,910 --> 01:14:06,400

you know yeah i think i was impregnated

2008

01:14:12,310 --> 01:14:09,920

by uh extraterrestrials and i need to go

2009

01:14:14,070 --> 01:14:12,320

get an ultrasound and she

2010

01:14:16,149 --> 01:14:14,080

write to the reporter you think i could

2011

01:14:17,830 --> 01:14:16,159

so she went right that she went no no

2012

01:14:19,669 --> 01:14:17,840

she talked to the reporter and said can

2013

01:14:22,149 --> 01:14:19,679

you slip me a little something something

2014

01:14:24,229 --> 01:14:22,159

i don't have very much money

2015

01:14:25,830 --> 01:14:24,239

so she hit the reporter up for money

2016

01:14:29,510 --> 01:14:25,840

during the interview

2017

01:14:31,430 --> 01:14:29,520

um oh that's perfect yeah yeah so

2018

01:14:32,630 --> 01:14:31,440

that puts it into a really odd

2019

01:14:34,790 --> 01:14:32,640

perspective though because in the

2020

01:14:36,310 --> 01:14:34,800

beginning it's it really seems like

2021

01:14:37,590 --> 01:14:36,320

something definitely happened to this

2022

01:14:39,590 --> 01:14:37,600

poor woman

2023

01:14:42,310 --> 01:14:39,600

that she can't explain

2024

01:14:44,870 --> 01:14:42,320

uh but then you know being rather

2025

01:14:47,669 --> 01:14:44,880

unsophisticated she

2026

01:14:50,709 --> 01:14:47,679

went into this whole different area and

2027

01:14:53,110 --> 01:14:50,719

for me you know that doesn't

2028

01:14:55,030 --> 01:14:53,120

kill the whole story for me maybe

2029

01:14:58,229 --> 01:14:55,040

you know i don't believe she was

2030

01:15:01,110 --> 01:14:58,239

impregnated by aliens necessarily you

2031

01:15:03,430 --> 01:15:01,120

know i i haven't seen any follow-up on

2032

01:15:05,350 --> 01:15:03,440

it since but i had the pressure sure

2033

01:15:07,189 --> 01:15:05,360

just dropped it i haven't seen a thing

2034

01:15:08,550 --> 01:15:07,199

about it afterwards

2035

01:15:11,750 --> 01:15:08,560

but you know that's an interesting

2036

01:15:14,070 --> 01:15:11,760

example of how a case can

2037

01:15:16,470 --> 01:15:14,080

you know there's a really credible core

2038

01:15:17,910 --> 01:15:16,480

to a case and then all of a sudden

2039

01:15:19,669 --> 01:15:17,920

something

2040

01:15:21,270 --> 01:15:19,679

throws it out of whack i don't think it

2041

01:15:23,669 --> 01:15:21,280

necessarily means you throw the whole

2042

01:15:26,390 --> 01:15:23,679

thing out i think that was that that's

2043

01:15:29,110 --> 01:15:26,400

what really intrigued me about that case

2044

01:15:31,030 --> 01:15:29,120

yeah yeah so let's talk about your book

2045

01:15:32,070 --> 01:15:31,040

how did you approach

2046

01:15:33,990 --> 01:15:32,080

um

2047

01:15:36,229 --> 01:15:34,000

writing your book first of all did you

2048

01:15:37,990 --> 01:15:36,239

decide to do it right off on you know

2049

01:15:39,910 --> 01:15:38,000

like the historic cases like you like to

2050

01:15:43,430 --> 01:15:39,920

dive into a lot of the historic

2051

01:15:45,910 --> 01:15:43,440

uh occasions a lot of unknown cases but

2052

01:15:49,350 --> 01:15:45,920

sorry yeah um

2053

01:15:52,149 --> 01:15:49,360

yeah what really got me i i was

2054

01:15:53,430 --> 01:15:52,159

when you read the mothman prophecies by

2055

01:15:55,430 --> 01:15:53,440

john keel

2056

01:15:57,910 --> 01:15:55,440

he's got all these

2057

01:16:01,830 --> 01:15:57,920

amazing characters in there

2058

01:16:03,590 --> 01:16:01,840

jim mosely gray barker ivan t sanderson

2059

01:16:05,350 --> 01:16:03,600

and

2060

01:16:10,709 --> 01:16:05,360

i

2061

01:16:13,430 --> 01:16:10,719

more about them

2062

01:16:14,950 --> 01:16:13,440

uh and i started learning about them i

2063

01:16:18,470 --> 01:16:14,960

mean you know it's fascinating jim

2064

01:16:20,550 --> 01:16:18,480

mosley and gray barker kind of torturing

2065

01:16:22,390 --> 01:16:20,560

poor john gill by making prank phone

2066

01:16:25,430 --> 01:16:22,400

calls and pretending they were like men

2067

01:16:28,470 --> 01:16:25,440

in black or you know barclays

2068

01:16:31,189 --> 01:16:28,480

barker talked to him as barker john kill

2069

01:16:33,350 --> 01:16:31,199

has notes that uh doug skinner cat doug

2070

01:16:34,950 --> 01:16:33,360

kenner skinner runs a website called

2071

01:16:36,790 --> 01:16:34,960

johnkeel.com

2072

01:16:39,110 --> 01:16:36,800

and doug skinner

2073

01:16:41,110 --> 01:16:39,120

actually has john keel's actual notes

2074

01:16:43,110 --> 01:16:41,120

about this phone call from gray barker

2075

01:16:44,790 --> 01:16:43,120

gray barker was an investigator he was

2076

01:16:47,510 --> 01:16:44,800

the guy who investigated the flatwoods

2077

01:16:49,910 --> 01:16:47,520

monster case and wrote about it uh they

2078

01:16:52,550 --> 01:16:49,920

knew too much about flying saucers uh

2079

01:16:54,390 --> 01:16:52,560

1956 book i believe but he investigated

2080

01:16:55,110 --> 01:16:54,400

in 1952.

2081

01:16:56,669 --> 01:16:55,120

so

2082

01:16:58,630 --> 01:16:56,679

yeah great in

2083

01:17:00,630 --> 01:16:58,640

1967 uh

2084

01:17:02,070 --> 01:17:00,640

keel was investigating the mothman and

2085

01:17:06,470 --> 01:17:02,080

barker

2086

01:17:09,270 --> 01:17:06,480

together investigating the case and then

2087

01:17:12,709 --> 01:17:09,280

they kind of went their separate ways

2088

01:17:15,110 --> 01:17:12,719

uh barker at one point it seems barker

2089

01:17:17,990 --> 01:17:15,120

called keel

2090

01:17:19,990 --> 01:17:18,000

as gray barker but called in mr keel and

2091

01:17:22,790 --> 01:17:20,000

said you know there's this case hello mr

2092

01:17:24,149 --> 01:17:22,800

kiel yes uh there's this case in

2093

01:17:26,070 --> 01:17:24,159

pennsylvania i think you should

2094

01:17:28,149 --> 01:17:26,080

investigate mr keel

2095

01:17:30,229 --> 01:17:28,159

eddie kept calling him mr keel and kept

2096

01:17:32,870 --> 01:17:30,239

acting like he didn't really know him

2097

01:17:35,990 --> 01:17:32,880

and it's is this great parker yes mr

2098

01:17:37,430 --> 01:17:36,000

keel and i'm mr barker yeah and

2099

01:17:39,430 --> 01:17:37,440

somebody had been calling heels

2100

01:17:42,390 --> 01:17:39,440

pretending to be barker's wife barker

2101  
01:17:44,149 --> 01:17:42,400  
was gay so he said something called me

2102  
01:17:45,910 --> 01:17:44,159  
saying you were my you know your wife

2103  
01:17:47,750 --> 01:17:45,920  
called oh

2104  
01:17:49,669 --> 01:17:47,760  
mrs barker isn't here or something like

2105  
01:17:51,990 --> 01:17:49,679  
that but anyway keel has all these notes

2106  
01:17:54,390 --> 01:17:52,000  
about this phone call and

2107  
01:17:57,510 --> 01:17:54,400  
you know more odds are it was

2108  
01:18:00,070 --> 01:17:57,520  
barker uh calling him with a bizarre

2109  
01:18:02,550 --> 01:18:00,080  
sense of humor uh

2110  
01:18:05,189 --> 01:18:02,560  
you know uh making up this whole thing

2111  
01:18:07,590 --> 01:18:05,199  
and messing with him and

2112  
01:18:10,229 --> 01:18:07,600  
kia was already crazy paranoid and so

2113  
01:18:11,510 --> 01:18:10,239

him him and mostly mess mostly in him

2114

01:18:12,790 --> 01:18:11,520

messing with

2115

01:18:15,110 --> 01:18:12,800

uh keel

2116

01:18:17,350 --> 01:18:15,120

uh it didn't help

2117

01:18:20,070 --> 01:18:17,360

so i i had to know who these people were

2118

01:18:21,830 --> 01:18:20,080

so i started looking into it and i

2119

01:18:24,870 --> 01:18:21,840

started actually a couple of times i i

2120

01:18:27,350 --> 01:18:24,880

wrote blogs about them uh right you

2121

01:18:30,470 --> 01:18:27,360

yeah and then i got the idea you know

2122

01:18:31,270 --> 01:18:30,480

that it would make a really good book um

2123

01:18:32,870 --> 01:18:31,280

and

2124

01:18:35,430 --> 01:18:32,880

i'm not sure if i had the idea for the

2125

01:18:38,149 --> 01:18:35,440

book before uh you got

2126

01:18:38,950 --> 01:18:38,159

uh introduced me to uh philip

2127

01:18:43,189 --> 01:18:38,960

uh

2128

01:18:45,510 --> 01:18:43,199

flying death press

2129

01:18:48,070 --> 01:18:45,520

um but yeah so i pitched the idea to

2130

01:18:49,669 --> 01:18:48,080

philip and uh he went for it and we were

2131

01:18:51,189 --> 01:18:49,679

off to the races

2132

01:18:53,189 --> 01:18:51,199

um

2133

01:18:55,430 --> 01:18:53,199

so and and what was really cool is

2134

01:18:58,070 --> 01:18:55,440

writing your blog

2135

01:19:01,750 --> 01:18:58,080

uh i learned where all the archives are

2136

01:19:04,790 --> 01:19:01,760

there are online archives that are just

2137

01:19:06,310 --> 01:19:04,800

comprehensive you can get uh you've got

2138

01:19:08,149 --> 01:19:06,320

af uh

2139

01:19:10,950 --> 01:19:08,159

the archives for the unexplained they're

2140

01:19:13,110 --> 01:19:10,960

based in sweden they have a huge

2141

01:19:15,189 --> 01:19:13,120

physical collection uh and they've

2142

01:19:18,070 --> 01:19:15,199

digitized a good deal of it

2143

01:19:19,669 --> 01:19:18,080

uh wow now is that through does class

2144

01:19:23,510 --> 01:19:19,679

fun have anything to do with that yeah

2145

01:19:26,149 --> 01:19:23,520

that's class fun class fun yeah yes

2146

01:19:27,910 --> 01:19:26,159

now just so uh the listener knows it's

2147

01:19:34,110 --> 01:19:27,920

tough to find so i'm going to give it to

2148

01:19:38,790 --> 01:19:36,550

files.afu.se and that will get you the

2149

01:19:41,350 --> 01:19:38,800

the mother lode but they uh their

2150

01:19:43,750 --> 01:19:41,360

website it's it's difficult to find uh

2151  
01:19:46,070 --> 01:19:43,760  
so i'm giving that to you yeah uh david

2152  
01:19:48,070 --> 01:19:46,080  
marlar calls them the the vikings

2153  
01:19:50,470 --> 01:19:48,080  
because they come over here and to our

2154  
01:19:52,870 --> 01:19:50,480  
country and uh raid our archives and

2155  
01:19:53,910 --> 01:19:52,880  
drag them back to sweden

2156  
01:19:59,189 --> 01:19:53,920  
so

2157  
01:20:01,430 --> 01:19:59,199  
national investigations committee on

2158  
01:20:03,910 --> 01:20:01,440  
aerial phenomena that was donald kehoe's

2159  
01:20:06,229 --> 01:20:03,920  
group our donna kia was the director of

2160  
01:20:08,629 --> 01:20:06,239  
it and essentially it was his group

2161  
01:20:11,110 --> 01:20:08,639  
they've got they still have an active

2162  
01:20:13,750 --> 01:20:11,120  
website that's run by fran rich you can

2163  
01:20:14,950 --> 01:20:13,760

find a lot of their case files on that

2164

01:20:16,149 --> 01:20:14,960

website

2165

01:20:18,229 --> 01:20:16,159

um

2166

01:20:21,669 --> 01:20:18,239

the center for ufo studies the group

2167

01:20:24,070 --> 01:20:21,679

started by jl and heineck in 1973.

2168

01:20:26,070 --> 01:20:24,080

they have you can find their case files

2169

01:20:29,910 --> 01:20:26,080

there and they're my favorite they're

2170

01:20:32,470 --> 01:20:30,950

and

2171

01:20:34,470 --> 01:20:32,480

there are derp

2172

01:20:37,430 --> 01:20:34,480

archives.com

2173

01:20:39,030 --> 01:20:37,440

are.org archive.org so

2174

01:20:41,430 --> 01:20:39,040

there are

2175

01:20:42,390 --> 01:20:41,440

so many uh

2176

01:20:45,189 --> 01:20:42,400

uh

2177

01:20:47,189 --> 01:20:45,199

archives just available online and i

2178

01:20:49,270 --> 01:20:47,199

discovered all these and bookmarked them

2179

01:20:50,790 --> 01:20:49,280

writing for you so when the time it came

2180

01:20:53,189 --> 01:20:50,800

time to write the book it was just bang

2181

01:20:55,510 --> 01:20:53,199

bang bang bang bang you know

2182

01:20:58,070 --> 01:20:55,520

well you can see this down in down below

2183

01:21:01,189 --> 01:20:58,080

uh peach polisson says someone type that

2184

01:21:02,550 --> 01:21:01,199

in the show notes please and so uh so

2185

01:21:04,790 --> 01:21:02,560

when we get done here i'm going to ask

2186

01:21:06,870 --> 01:21:04,800

you to email me of those links if you

2187

01:21:09,350 --> 01:21:06,880

would and give away all your precious

2188

01:21:11,510 --> 01:21:09,360

sources uh but we'll have that in the

2189

01:21:13,350 --> 01:21:11,520

show notes and i'll try to remember to

2190

01:21:15,830 --> 01:21:13,360

put that down into the youtube

2191

01:21:18,229 --> 01:21:15,840

video as as as well in the notes down

2192

01:21:20,229 --> 01:21:18,239

there yeah but yeah it's it's it's it's

2193

01:21:22,550 --> 01:21:20,239

great it's it's actually let me give a

2194

01:21:23,750 --> 01:21:22,560

shout out shout out to peach hi peach

2195

01:21:27,350 --> 01:21:23,760

good to see you daryl oh you know who

2196

01:21:29,669 --> 01:21:27,360

that is oh yes i do i know her very well

2197

01:21:32,390 --> 01:21:29,679

yep yep

2198

01:21:34,550 --> 01:21:32,400

so yes i will put those in uh so i'd say

2199

01:21:37,430 --> 01:21:34,560

that you know within the next uh several

2200

01:21:39,189 --> 01:21:37,440

hours they will be in the show notes and

2201

01:21:41,590 --> 01:21:39,199

when uh most people listen to this

2202

01:21:43,590 --> 01:21:41,600

through audio um you can always get to

2203

01:21:45,910 --> 01:21:43,600

the show notes through audio the link is

2204

01:21:49,110 --> 01:21:45,920

always there and as well as and i'll put

2205

01:21:52,310 --> 01:21:49,120

them in and facebook and and uh youtube

2206

01:21:55,590 --> 01:21:52,320

here so we'll have all that so anyway um

2207

01:21:57,830 --> 01:21:55,600

so that's great i'm i'm glad you uh you

2208

01:21:59,830 --> 01:21:57,840

decided to do this i saw that in chapter

2209

01:22:01,350 --> 01:21:59,840

one you might as well i think it's

2210

01:22:04,070 --> 01:22:01,360

chapter one or

2211

01:22:06,070 --> 01:22:04,080

oh chapter one is called what if so why

2212

01:22:07,910 --> 01:22:06,080

don't you explain kind of what what if

2213

01:22:10,470 --> 01:22:07,920

that sounds well this is this is kind of

2214

01:22:12,870 --> 01:22:10,480

funny i i just did a uh

2215

01:22:14,870 --> 01:22:12,880

a show uh i'm not gonna name them but uh

2216

01:22:17,590 --> 01:22:14,880

they they broadcast uh

2217

01:22:19,189 --> 01:22:17,600

from uh one coast to the other coast uh

2218

01:22:21,510 --> 01:22:19,199

i think we

2219

01:22:23,510 --> 01:22:21,520

in two hours we never got past chapter

2220

01:22:26,070 --> 01:22:23,520

three and i'm pretty sure

2221

01:22:28,470 --> 01:22:26,080

uh the guy only read three chapters but

2222

01:22:32,390 --> 01:22:30,310

but he was comprehensive in his

2223

01:22:35,430 --> 01:22:32,400

questions they were really good and we

2224

01:22:38,870 --> 01:22:35,440

had a great chat uh but what was a shame

2225

01:22:39,669 --> 01:22:38,880

is the first three chapters i have um

2226

01:22:41,590 --> 01:22:39,679

there

2227

01:22:44,149 --> 01:22:41,600

are some very sketchy cases you have the

2228

01:22:46,550 --> 01:22:44,159

maury island case oh yeah

2229

01:22:51,270 --> 01:22:46,560

you also have the shaver mystery you

2230

01:22:56,950 --> 01:22:54,310

the darrows uh who live underground and

2231

01:22:58,229 --> 01:22:56,960

control us up here on earth with uh

2232

01:22:59,910 --> 01:22:58,239

uh

2233

01:23:01,030 --> 01:22:59,920

mind control rays

2234

01:23:02,229 --> 01:23:01,040

um

2235

01:23:07,990 --> 01:23:02,239

and

2236

01:23:09,110 --> 01:23:08,000

we got in a little bit into um

2237

01:23:15,669 --> 01:23:09,120

the

2238

01:23:17,910 --> 01:23:15,679

about by frank scully which um involved

2239

01:23:21,990 --> 01:23:17,920

what it turned out to be two con men

2240

01:23:24,070 --> 01:23:22,000

uh selling an oil to that they they were

2241

01:23:25,350 --> 01:23:24,080

selling oil leases telling their

2242

01:23:28,070 --> 01:23:25,360

prospective

2243

01:23:30,070 --> 01:23:28,080

suckers that uh they had a device that

2244

01:23:31,189 --> 01:23:30,080

could find oil it's something known as a

2245

01:23:32,070 --> 01:23:31,199

doodlebug

2246

01:23:34,470 --> 01:23:32,080

uh

2247

01:23:37,110 --> 01:23:34,480

and that they made it with a technology

2248

01:23:39,830 --> 01:23:37,120

from a crash flying saucer uh silas p

2249

01:23:41,990 --> 01:23:39,840

newton and uh leo caballer

2250

01:23:43,030 --> 01:23:42,000

so you know so these are the only cases

2251

01:23:45,669 --> 01:23:43,040

we talked

2252

01:23:47,270 --> 01:23:45,679

about you know i got why don't we stop

2253

01:23:48,709 --> 01:23:47,280

there for just one second because i want

2254

01:23:49,910 --> 01:23:48,719

to talk a little bit about that because

2255

01:23:52,149 --> 01:23:49,920

we're both

2256

01:23:54,550 --> 01:23:52,159

i'm a huge fan of dave marlar i know

2257

01:23:56,870 --> 01:23:54,560

you're you really like dave marlar a lot

2258

01:23:59,110 --> 01:23:56,880

uh you spent a lot of time there but he

2259

01:24:02,229 --> 01:23:59,120

is he has

2260

01:24:03,270 --> 01:24:02,239

surprisingly he's all behind scott and

2261

01:24:06,709 --> 01:24:03,280

susan

2262

01:24:11,189 --> 01:24:06,719

ramsey's idea that the aztec

2263

01:24:13,270 --> 01:24:11,199

crash really happened yeah which is

2264

01:24:15,510 --> 01:24:13,280

yeah i mean he really thinks it happened

2265

01:24:17,270 --> 01:24:15,520

and i you know so i had them both on

2266

01:24:19,990 --> 01:24:17,280

along with someone else

2267

01:24:22,310 --> 01:24:20,000

and i questioned them about you know the

2268

01:24:25,510 --> 01:24:22,320

the whole con man thing they seem to

2269

01:24:27,910 --> 01:24:25,520

have kind of an answer for everything uh

2270

01:24:29,750 --> 01:24:27,920

surprisingly and you know this is where

2271

01:24:32,550 --> 01:24:29,760

it gets really cloudy

2272

01:24:34,229 --> 01:24:32,560

like you can't really tell what's real

2273

01:24:37,750 --> 01:24:34,239

and what's not real

2274

01:24:40,629 --> 01:24:37,760

um you know it's really it's really one

2275

01:24:42,390 --> 01:24:40,639

of those cases like you you kind of go

2276

01:24:45,030 --> 01:24:42,400

back to and say well

2277

01:24:47,510 --> 01:24:45,040

what if you know because of this

2278

01:24:50,070 --> 01:24:47,520

happened or that happened but they they

2279

01:24:52,550 --> 01:24:50,080

seemed totally convinced and i'm i'm

2280

01:24:55,189 --> 01:24:52,560

surprised to say that dave marlar

2281

01:24:56,830 --> 01:24:55,199

um believes that they

2282

01:24:59,030 --> 01:24:56,840

are on to something

2283

01:25:01,430 --> 01:24:59,040

so what are you what are your thoughts

2284

01:25:03,270 --> 01:25:01,440

about that in general i mean

2285

01:25:04,790 --> 01:25:03,280

that particular case when you look into

2286

01:25:06,870 --> 01:25:04,800

it i mean it seems

2287

01:25:09,270 --> 01:25:06,880

like it was a con type of thing more

2288

01:25:14,790 --> 01:25:09,280

than it's hard it's hard to tell though

2289

01:25:19,430 --> 01:25:17,750

you know for the for the for the person

2290

01:25:21,669 --> 01:25:19,440

you know that they're talking that they

2291

01:25:24,229 --> 01:25:21,679

said uh 16 bodies

2292

01:25:26,390 --> 01:25:24,239

dressed in uh the manner of the i think

2293

01:25:28,790 --> 01:25:26,400

it was the 1820s

2294

01:25:30,709 --> 01:25:28,800

so you know he's talking space aliens

2295

01:25:32,709 --> 01:25:30,719

probably dressed in uniforms with brass

2296

01:25:34,790 --> 01:25:32,719

buttons down on them you know

2297

01:25:37,030 --> 01:25:34,800

um maybe they invented a time machine a

2298

01:25:38,070 --> 01:25:37,040

long time ago who knows yeah well in any

2299

01:25:40,950 --> 01:25:38,080

case

2300

01:25:43,750 --> 01:25:40,960

but you know you can make the argument

2301

01:25:45,830 --> 01:25:43,760

uh that this was based on you know where

2302

01:25:47,990 --> 01:25:45,840

did these guys hear about this crash did

2303

01:25:49,030 --> 01:25:48,000

these guys hear about an actual crash

2304

01:25:50,790 --> 01:25:49,040

and then

2305

01:25:53,030 --> 01:25:50,800

you know make up their own shuck and

2306

01:25:54,390 --> 01:25:53,040

jive around that in order to sell their

2307

01:25:55,830 --> 01:25:54,400

doodle bug

2308

01:25:58,229 --> 01:25:55,840

or you know to

2309

01:26:00,470 --> 01:25:58,239

their their scheme uh you know you can

2310

01:26:01,669 --> 01:26:00,480

make that argument and i'm open to it

2311

01:26:03,910 --> 01:26:01,679

absolutely

2312

01:26:06,390 --> 01:26:03,920

and you know can you kind of there's a

2313

01:26:09,110 --> 01:26:06,400

for the news new person that's not

2314

01:26:11,990 --> 01:26:09,120

uh that has just started listening they

2315

01:26:14,070 --> 01:26:12,000

may have no idea at all about this crash

2316

01:26:15,910 --> 01:26:14,080

do you know any details about that in

2317

01:26:17,350 --> 01:26:15,920

particular of what was said to have

2318

01:26:19,990 --> 01:26:17,360

happened

2319

01:26:22,790 --> 01:26:20,000

uh it shows up in frank's frank scully's

2320

01:26:23,830 --> 01:26:22,800

book frank scully wrote for variety

2321

01:26:25,830 --> 01:26:23,840

um

2322

01:26:28,149 --> 01:26:25,840

and

2323

01:26:30,229 --> 01:26:28,159

what happened

2324

01:26:32,310 --> 01:26:30,239

an article showed up in a denver

2325

01:26:34,709 --> 01:26:32,320

newspaper that this guy had given a

2326

01:26:36,470 --> 01:26:34,719

lecture about crash flying saucers i

2327

01:26:37,590 --> 01:26:36,480

think it was three in america and one in

2328

01:26:38,950 --> 01:26:37,600

africa

2329

01:26:41,189 --> 01:26:38,960

and

2330

01:26:42,310 --> 01:26:41,199

who was this mystery man

2331

01:26:45,910 --> 01:26:42,320

uh

2332

01:26:47,350 --> 01:26:45,920

and they found out it was silas p newton

2333

01:26:49,030 --> 01:26:47,360

uh

2334

01:26:54,550 --> 01:26:49,040

so

2335

01:26:56,390 --> 01:26:54,560

got in touch with him and

2336

01:26:58,310 --> 01:26:56,400

uh i think he wrote two articles in

2337

01:27:00,629 --> 01:26:58,320

variety about this case and then wrote

2338

01:27:03,510 --> 01:27:00,639

it in the entire book

2339

01:27:05,510 --> 01:27:03,520

and newton introduced him

2340

01:27:07,910 --> 01:27:05,520

more than likely to a guy named leo

2341

01:27:11,350 --> 01:27:07,920

gebauer leoga bauer

2342

01:27:12,629 --> 01:27:11,360

is mentioned in scully's book as the

2343

01:27:14,870 --> 01:27:12,639

they

2344

01:27:16,950 --> 01:27:14,880

behind the flying saucers i'm pretty

2345

01:27:18,709 --> 01:27:16,960

sure

2346

01:27:21,990 --> 01:27:18,719

you mentioned in scully's book as the

2347

01:27:25,830 --> 01:27:22,000

mysterious dr g so dr g is like the

2348

01:27:28,709 --> 01:27:25,840

insider the government insider who is um

2349

01:27:30,310 --> 01:27:28,719

examined the the the crash material and

2350

01:27:32,790 --> 01:27:30,320

another i think he had a little sport

2351

01:27:36,070 --> 01:27:32,800

model as well uh

2352

01:27:37,350 --> 01:27:36,080

and so he gave um

2353

01:27:43,510 --> 01:27:37,360

and

2354

01:27:46,629 --> 01:27:43,520

did really well

2355

01:27:50,149 --> 01:27:46,639

and and the the story is is that on a

2356

01:27:52,390 --> 01:27:50,159

mesa in aztec new mexico uh they now

2357

01:27:54,070 --> 01:27:52,400

have a very nice jogging trail around

2358

01:27:56,390 --> 01:27:54,080

there with uh

2359

01:27:57,990 --> 01:27:56,400

a memorial to the crash or information

2360

01:28:00,149 --> 01:27:58,000

you know a plaque i think they've got a

2361

01:28:02,310 --> 01:28:00,159

plaque too

2362

01:28:05,430 --> 01:28:02,320

and

2363

01:28:07,990 --> 01:28:05,440

so on this mace of this really big disc

2364

01:28:10,149 --> 01:28:08,000

99 feet in diameter and

2365

01:28:12,950 --> 01:28:10,159

according to

2366

01:28:14,629 --> 01:28:12,960

all the dimensions were uh divisible by

2367

01:28:17,430 --> 01:28:14,639

nine uh for

2368

01:28:18,550 --> 01:28:17,440

mysterious reasons that only the aliens

2369

01:28:20,790 --> 01:28:18,560

understand

2370

01:28:21,669 --> 01:28:20,800

and um

2371

01:28:25,350 --> 01:28:21,679

uh

2372

01:28:28,470 --> 01:28:25,360

in any case the book did work so and and

2373

01:28:30,550 --> 01:28:28,480

he talks about them bombarding it

2374

01:28:32,950 --> 01:28:30,560

with geiger counter rays

2375

01:28:36,870 --> 01:28:32,960

i mean it's it's a little technically

2376

01:28:38,790 --> 01:28:36,880

inept the way he described it uh so they

2377

01:28:42,070 --> 01:28:38,800

made sure it was safe and then they

2378

01:28:44,070 --> 01:28:42,080

pushed they saw a hole in the ship they

2379

01:28:46,550 --> 01:28:44,080

pushed a stick through the hole and

2380

01:28:49,270 --> 01:28:46,560

poked a button and the ship opened up

2381

01:28:50,149 --> 01:28:49,280

and there were 16 bodies in there

2382

01:28:52,070 --> 01:28:50,159

uh

2383

01:28:53,350 --> 01:28:52,080

i think i didn't hear this particular

2384

01:28:56,470 --> 01:28:53,360

account so yeah i think they were

2385

01:28:58,950 --> 01:28:56,480

between four and five feet tall their

2386

01:29:00,709 --> 01:28:58,960

skin was uh chocolate brown

2387

01:29:03,270 --> 01:29:00,719

turned

2388

01:29:06,709 --> 01:29:03,280

chocolate brown they were burned because

2389

01:29:07,590 --> 01:29:06,719

they speculate uh by our atmosphere

2390

01:29:09,189 --> 01:29:07,600

uh

2391

01:29:13,189 --> 01:29:09,199

and they were addressed in the manner of

2392

01:29:15,110 --> 01:29:13,199

the 18 it might have been 1890s

2393

01:29:16,070 --> 01:29:15,120

um

2394

01:29:18,070 --> 01:29:16,080

so

2395

01:29:19,990 --> 01:29:18,080

that that was the story

2396

01:29:22,310 --> 01:29:20,000

um

2397

01:29:23,750 --> 01:29:22,320

and actually scully's book it's like

2398

01:29:29,030 --> 01:29:23,760

this

2399

01:29:31,669 --> 01:29:29,040

in the beginning he has a lot of uh

2400

01:29:32,870 --> 01:29:31,679

astronomical facts and in the end he has

2401  
01:29:35,590 --> 01:29:32,880  
all these

2402  
01:29:37,510 --> 01:29:35,600  
crash reports taken from newspapers that

2403  
01:29:39,990 --> 01:29:37,520  
is actually to me really valuable

2404  
01:29:41,990 --> 01:29:40,000  
because that's a lot of archive stuff

2405  
01:29:43,830 --> 01:29:42,000  
that might have just gone missing so

2406  
01:29:47,270 --> 01:29:43,840  
you've actually got actual

2407  
01:29:48,870 --> 01:29:47,280  
uh not crash reports but ufo reports uh

2408  
01:29:50,550 --> 01:29:48,880  
in his book in the beginning is this

2409  
01:29:52,470 --> 01:29:50,560  
astronomical stuff that's pretty

2410  
01:29:54,950 --> 01:29:52,480  
accurate and then you've got the story

2411  
01:29:55,830 --> 01:29:54,960  
kind of sandwiched in there

2412  
01:29:58,070 --> 01:29:55,840  
so

2413  
01:30:01,110 --> 01:29:58,080

that's the genesis of the story well

2414

01:30:03,750 --> 01:30:01,120

what happened was this guy jp khan wrote

2415

01:30:06,870 --> 01:30:03,760

an article for true magazine

2416

01:30:10,070 --> 01:30:06,880

and he looked into it and he smelled a

2417

01:30:11,910 --> 01:30:10,080

rat and he looked into silas p newton uh

2418

01:30:14,310 --> 01:30:11,920

silas p newton

2419

01:30:16,629 --> 01:30:14,320

uh basically passed him off himself off

2420

01:30:17,910 --> 01:30:16,639

as a big man in the oil industry

2421

01:30:21,270 --> 01:30:17,920

uh

2422

01:30:22,470 --> 01:30:21,280

khan found his office it was basically

2423

01:30:28,070 --> 01:30:22,480

uh

2424

01:30:31,510 --> 01:30:28,080

an office for the secretary

2425

01:30:34,550 --> 01:30:31,520

and uh i think it was in denver

2426

01:30:39,229 --> 01:30:34,560

um he had a chat with uh

2427

01:30:45,030 --> 01:30:42,310

re-discovered the rangeley oil field uh

2428

01:30:47,030 --> 01:30:45,040

at the time a subsidiary of uh standard

2429

01:30:48,629 --> 01:30:47,040

oil was running it and so khan went out

2430

01:30:50,070 --> 01:30:48,639

there to talk to them

2431

01:30:52,310 --> 01:30:50,080

no he didn't

2432

01:30:54,149 --> 01:30:52,320

and uh then the guy told him you know

2433

01:30:56,070 --> 01:30:54,159

what this guy does he says he runs the

2434

01:30:59,430 --> 01:30:56,080

doodlebug operation

2435

01:31:02,550 --> 01:30:59,440

uh he brings people out and uh

2436

01:31:04,470 --> 01:31:02,560

sells some worthless oil leases

2437

01:31:05,350 --> 01:31:04,480

so

2438

01:31:06,950 --> 01:31:05,360

khan

2439

01:31:08,790 --> 01:31:06,960

you know uh

2440

01:31:09,910 --> 01:31:08,800

went in on uh

2441

01:31:14,470 --> 01:31:09,920

uh

2442

01:31:16,709 --> 01:31:14,480

by scully to newton

2443

01:31:21,110 --> 01:31:16,719

and newton was flashing around this

2444

01:31:24,229 --> 01:31:21,120

piece of this crash flying saucer a

2445

01:31:25,350 --> 01:31:24,239

aluminum-looking disc

2446

01:31:27,590 --> 01:31:25,360

khan

2447

01:31:29,910 --> 01:31:27,600

had his own maid and

2448

01:31:32,470 --> 01:31:29,920

actually managed to switch the disc and

2449

01:31:34,629 --> 01:31:32,480

take the one that newton had

2450

01:31:37,270 --> 01:31:34,639

uh and switch it for his own

2451  
01:31:39,510 --> 01:31:37,280  
uh khan went and tested the disc turned

2452  
01:31:42,390 --> 01:31:39,520  
out to be ordinary cookware aluminum

2453  
01:31:45,830 --> 01:31:42,400  
that melted at the proper temperature

2454  
01:31:46,950 --> 01:31:45,840  
not like uh 25 000 degrees that or

2455  
01:31:49,189 --> 01:31:46,960  
something like

2456  
01:31:50,149 --> 01:31:49,199  
you know something big that uh newton

2457  
01:31:51,189 --> 01:31:50,159  
claimed

2458  
01:31:52,950 --> 01:31:51,199  
um

2459  
01:31:57,510 --> 01:31:52,960  
so

2460  
01:31:59,669 --> 01:31:57,520  
article about this basically

2461  
01:32:00,629 --> 01:31:59,679  
you know exposing who newton was and he

2462  
01:32:02,709 --> 01:32:00,639  
also

2463  
01:32:05,750 --> 01:32:02,719

tracked down leo gabaler

2464

01:32:08,310 --> 01:32:05,760

uh and pretty much said i think this guy

2465

01:32:10,310 --> 01:32:08,320

was the mysterious doctor g

2466

01:32:11,750 --> 01:32:10,320

and then he wrote a form

2467

01:32:15,189 --> 01:32:11,760

he

2468

01:32:17,110 --> 01:32:15,199

people saw this article and

2469

01:32:18,950 --> 01:32:17,120

started saying you know i i

2470

01:32:22,070 --> 01:32:18,960

these guys took me these guys took me

2471

01:32:24,070 --> 01:32:22,080

and and khan put out the word you know

2472

01:32:26,229 --> 01:32:24,080

because statute of limitations was

2473

01:32:27,510 --> 01:32:26,239

running out khan put out the word like

2474

01:32:29,350 --> 01:32:27,520

hey you know you

2475

01:32:30,790 --> 01:32:29,360

if anybody wants to prosecute you you

2476

01:32:32,870 --> 01:32:30,800

better do it soon

2477

01:32:35,350 --> 01:32:32,880

and he found somebody i think

2478

01:32:37,750 --> 01:32:35,360

newton and uh gebauer took him to the

2479

01:32:41,350 --> 01:32:37,760

tune of over 300 000

2480

01:32:42,229 --> 01:32:41,360

and we're talking you know 1947 money

2481

01:32:44,149 --> 01:32:42,239

okay

2482

01:32:46,709 --> 01:32:44,159

millions millions today probably wasn't

2483

01:32:49,110 --> 01:32:46,719

mean and a half today yeah it wasn't 47

2484

01:32:52,149 --> 01:32:49,120

it was a little later than that uh i

2485

01:32:53,669 --> 01:32:52,159

think yeah so they went on trial

2486

01:32:55,030 --> 01:32:53,679

uh yeah this was uh must have been

2487

01:32:57,110 --> 01:32:55,040

around the 50s

2488

01:32:58,950 --> 01:32:57,120

they went on trial

2489

01:33:00,629 --> 01:32:58,960

i don't know yeah this guy brought

2490

01:33:03,189 --> 01:33:00,639

charges against him and they went on

2491

01:33:06,550 --> 01:33:03,199

trial in denver and were found guilty

2492

01:33:10,470 --> 01:33:06,560

uh and ordered to pay restitution

2493

01:33:12,149 --> 01:33:10,480

so the first thing newton did to uh

2494

01:33:14,470 --> 01:33:12,159

get up some of the money was sell

2495

01:33:17,270 --> 01:33:14,480

worthless uranium stock

2496

01:33:19,510 --> 01:33:17,280

and he got busted for that but somehow

2497

01:33:22,550 --> 01:33:19,520

he stayed out of prison and so that the

2498

01:33:23,990 --> 01:33:22,560

conspiracy theorists take that

2499

01:33:26,629 --> 01:33:24,000

how did this guy

2500

01:33:28,629 --> 01:33:26,639

you know get convicted and not end up in

2501

01:33:30,950 --> 01:33:28,639

prison for it so you know that's a

2502

01:33:33,350 --> 01:33:30,960

mystery in itself but yeah that's so

2503

01:33:35,510 --> 01:33:33,360

that's the story in the nutshell

2504

01:33:37,830 --> 01:33:35,520

yeah thank you so here's a question in

2505

01:33:40,629 --> 01:33:37,840

chat right here after all your research

2506

01:33:42,550 --> 01:33:40,639

do you believe concepts in ufology like

2507

01:33:46,629 --> 01:33:42,560

men in black stem from practical jokes

2508

01:33:48,070 --> 01:33:46,639

and embellishments i.e kiel and barker

2509

01:33:50,709 --> 01:33:48,080

interesting question

2510

01:33:53,350 --> 01:33:50,719

yeah uh

2511

01:33:58,709 --> 01:33:56,149

it they certainly helped the mythos

2512

01:33:59,750 --> 01:33:58,719

uh the mythos really got started with

2513

01:34:03,830 --> 01:33:59,760

the

2514

01:34:05,910 --> 01:34:03,840

arnold actually investigated that's uh

2515

01:34:06,870 --> 01:34:05,920

chapter two in the book

2516

01:34:09,350 --> 01:34:06,880

um

2517

01:34:11,910 --> 01:34:09,360

yeah he uh kenneth arnold

2518

01:34:14,550 --> 01:34:11,920

uh at the behest of ray palmer ray

2519

01:34:18,390 --> 01:34:14,560

palmer published fate magazine

2520

01:34:20,870 --> 01:34:18,400

uh with curtis fuller in the uh

2521

01:34:22,550 --> 01:34:20,880

and took advantage of the uh

2522

01:34:25,030 --> 01:34:22,560

uh

2523

01:34:27,189 --> 01:34:25,040

the flying saucer mystery as soon as he

2524

01:34:29,830 --> 01:34:27,199

could uh

2525

01:34:31,350 --> 01:34:29,840

palmer was a little uh behind the ball

2526

01:34:35,030 --> 01:34:31,360

he was

2527

01:34:37,030 --> 01:34:35,040

a editor at uh amazing stories

2528

01:34:39,270 --> 01:34:37,040

and he was getting in trouble for

2529

01:34:40,790 --> 01:34:39,280

publishing too many shaver mystery

2530

01:34:43,030 --> 01:34:40,800

stories

2531

01:34:44,629 --> 01:34:43,040

and the the readers were getting fed up

2532

01:34:46,229 --> 01:34:44,639

with him and the management and they

2533

01:34:47,669 --> 01:34:46,239

also were going to move so he and curtis

2534

01:34:49,750 --> 01:34:47,679

fuller said you know let's start our own

2535

01:34:51,910 --> 01:34:49,760

magazine and he was eager to get started

2536

01:34:54,229 --> 01:34:51,920

with the flying saucer thing so he

2537

01:34:56,950 --> 01:34:54,239

published fate magazine and he reached

2538

01:34:59,430 --> 01:34:56,960

out to arnold and said you know

2539

01:35:01,109 --> 01:34:59,440

uh write your story but then

2540

01:35:04,709 --> 01:35:01,119

these guys got in touch with them that

2541

01:35:06,390 --> 01:35:04,719

they had some strange material and

2542

01:35:08,629 --> 01:35:06,400

palmer said

2543

01:35:11,430 --> 01:35:08,639

uh is it tell me it's from a flying

2544

01:35:14,390 --> 01:35:11,440

saucer oh it's from a flying saucer yes

2545

01:35:16,149 --> 01:35:14,400

sir yes sir so he got in touch with

2546

01:35:18,790 --> 01:35:16,159

arnold and sent him out to mori island

2547

01:35:20,870 --> 01:35:18,800

to investigate well as he's talking to

2548

01:35:22,629 --> 01:35:20,880

the these two guys involved this is a

2549

01:35:24,550 --> 01:35:22,639

hugely complex story i don't want to get

2550

01:35:26,470 --> 01:35:24,560

into you can look that up

2551  
01:35:28,709 --> 01:35:26,480  
but uh

2552  
01:35:29,590 --> 01:35:28,719  
what happened is one of the guys harold

2553  
01:35:30,550 --> 01:35:29,600  
dahl

2554  
01:35:33,030 --> 01:35:30,560  
uh

2555  
01:35:35,270 --> 01:35:33,040  
he and his partner friend chrisman

2556  
01:35:37,109 --> 01:35:35,280  
uh ran a uh

2557  
01:35:39,350 --> 01:35:37,119  
they they called themselves a harbor

2558  
01:35:40,790 --> 01:35:39,360  
patrol they were really salvaging logs

2559  
01:35:42,950 --> 01:35:40,800  
on on a boat

2560  
01:35:44,629 --> 01:35:42,960  
uh tacoma washington

2561  
01:35:47,510 --> 01:35:44,639  
and

2562  
01:35:50,870 --> 01:35:49,590  
doll said that

2563  
01:35:52,229 --> 01:35:50,880

a man

2564

01:35:53,910 --> 01:35:52,239

in black

2565

01:35:55,430 --> 01:35:53,920

i think he i'm pretty sure he was in

2566

01:35:58,310 --> 01:35:55,440

black i think he said he was in a black

2567

01:36:00,149 --> 01:35:58,320

suit uh

2568

01:36:02,070 --> 01:36:00,159

you know

2569

01:36:04,550 --> 01:36:02,080

contacted him and wanted to meet him for

2570

01:36:06,070 --> 01:36:04,560

breakfast drove up and they went out to

2571

01:36:08,149 --> 01:36:06,080

breakfast together

2572

01:36:10,229 --> 01:36:08,159

which was not unusual that was often how

2573

01:36:11,669 --> 01:36:10,239

deals for salvage logs were done as as

2574

01:36:15,830 --> 01:36:11,679

doll described it

2575

01:36:17,510 --> 01:36:15,840

and so doll told arnold that this guy

2576

01:36:19,750 --> 01:36:17,520

knew everything about their sighting

2577

01:36:20,629 --> 01:36:19,760

their side the dolls claimed to have

2578

01:36:24,870 --> 01:36:20,639

seen

2579

01:36:26,629 --> 01:36:24,880

six donut shaped uh flying saucers uh

2580

01:36:29,109 --> 01:36:26,639

one of which was in trouble and dumped a

2581

01:36:31,189 --> 01:36:29,119

whole bunch of material uh

2582

01:36:35,510 --> 01:36:31,199

while he was on the boat out near mari

2583

01:36:40,149 --> 01:36:35,520

island uh near tacoma washington uh

2584

01:36:43,590 --> 01:36:42,790

um and

2585

01:36:45,030 --> 01:36:43,600

so

2586

01:36:46,790 --> 01:36:45,040

this guy

2587

01:36:48,470 --> 01:36:46,800

claimed to have

2588

01:36:50,070 --> 01:36:48,480

told him every according to the doll

2589

01:36:51,669 --> 01:36:50,080

this guy told him everything about he

2590

01:36:54,149 --> 01:36:51,679

had seen it

2591

01:36:56,550 --> 01:36:54,159

related the whole experience to him

2592

01:36:57,910 --> 01:36:56,560

and like he was there and then said you

2593

01:37:00,709 --> 01:36:57,920

know if you care about your family

2594

01:37:03,910 --> 01:37:00,719

you'll shut up about this so that's

2595

01:37:06,310 --> 01:37:03,920

the first mention as far as i know of uh

2596

01:37:07,669 --> 01:37:06,320

you know a modern flying saucer man in

2597

01:37:10,310 --> 01:37:07,679

black

2598

01:37:11,350 --> 01:37:10,320

then you have albert k bender albert k

2599

01:37:13,669 --> 01:37:11,360

bender

2600

01:37:18,229 --> 01:37:13,679

uh started the international flying

2601  
01:37:19,990 --> 01:37:18,239  
saucer bureau in 1952

2602  
01:37:22,629 --> 01:37:20,000  
that was the first one to go

2603  
01:37:23,590 --> 01:37:22,639  
international hence the name

2604  
01:37:25,109 --> 01:37:23,600  
uh

2605  
01:37:27,830 --> 01:37:25,119  
the aerial phenomena research

2606  
01:37:30,310 --> 01:37:27,840  
organization started by coral e lorenzen

2607  
01:37:32,070 --> 01:37:30,320  
started in late 1951 but he was the

2608  
01:37:33,590 --> 01:37:32,080  
first to go international

2609  
01:37:35,189 --> 01:37:33,600  
so he got big

2610  
01:37:37,030 --> 01:37:35,199  
really fast

2611  
01:37:39,189 --> 01:37:37,040  
and

2612  
01:37:40,430 --> 01:37:39,199  
he only lasted about a year it started

2613  
01:37:47,430 --> 01:37:40,440

october

2614

01:37:50,310 --> 01:37:47,440

issue of space review which was their

2615

01:37:53,510 --> 01:37:52,310

saying that uh

2616

01:37:59,030 --> 01:37:53,520

he was going to have to shut down the

2617

01:38:03,350 --> 01:38:01,270

there were people's

2618

01:38:06,390 --> 01:38:03,360

essentially uh this

2619

01:38:07,830 --> 01:38:06,400

i forget what the action i should

2620

01:38:09,669 --> 01:38:07,840

reach all the way over here and look it

2621

01:38:11,270 --> 01:38:09,679

up but and then anyway

2622

01:38:13,750 --> 01:38:11,280

he uh

2623

01:38:15,669 --> 01:38:13,760

the story came out that he was visited

2624

01:38:17,590 --> 01:38:15,679

i forget what he wrote in the uh space

2625

01:38:19,669 --> 01:38:17,600

review but um

2626  
01:38:21,669 --> 01:38:19,679  
that it was basically announcing he was

2627  
01:38:23,910 --> 01:38:21,679  
shutting down the bureau and then the

2628  
01:38:26,229 --> 01:38:23,920  
story came out that

2629  
01:38:28,550 --> 01:38:26,239  
he said he was visited by three men in

2630  
01:38:31,510 --> 01:38:28,560  
black who told him

2631  
01:38:33,590 --> 01:38:31,520  
to stop talking about flying saucers he

2632  
01:38:36,790 --> 01:38:33,600  
claimed they told him the secret

2633  
01:38:40,229 --> 01:38:36,800  
uh but he couldn't tell anybody else

2634  
01:38:41,750 --> 01:38:40,239  
so and then he shut the bureau now so do

2635  
01:38:43,669 --> 01:38:41,760  
you think that's the kind of the first

2636  
01:38:45,270 --> 01:38:43,679  
account of men in black

2637  
01:38:47,910 --> 01:38:45,280  
that's the first time they get like you

2638  
01:38:49,750 --> 01:38:47,920

know i i think that a lot of people will

2639

01:38:52,390 --> 01:38:49,760

say the maury island thing is the first

2640

01:38:53,990 --> 01:38:52,400

account uh but that's the first okay

2641

01:38:55,910 --> 01:38:54,000

after that they become three men in

2642

01:38:58,790 --> 01:38:55,920

black so the three men in black enters

2643

01:39:00,310 --> 01:38:58,800

the mythos from that point on but there

2644

01:39:01,669 --> 01:39:00,320

are people

2645

01:39:03,109 --> 01:39:01,679

who

2646

01:39:05,590 --> 01:39:03,119

you know

2647

01:39:08,149 --> 01:39:05,600

seem to credibly claim to

2648

01:39:09,910 --> 01:39:08,159

uh have actually been visited by men in

2649

01:39:12,390 --> 01:39:09,920

black and

2650

01:39:13,830 --> 01:39:12,400

that's a weird thing about it i i agree

2651

01:39:15,750 --> 01:39:13,840

with that i've had enough

2652

01:39:17,350 --> 01:39:15,760

i've heard enough of it over the years

2653

01:39:18,950 --> 01:39:17,360

and it's a weird thing about this thing

2654

01:39:22,310 --> 01:39:18,960

is sometimes

2655

01:39:24,950 --> 01:39:22,320

like mosley jim mosley um

2656

01:39:29,270 --> 01:39:24,960

who put out saucer smear until his death

2657

01:39:34,470 --> 01:39:31,990

known as the the gesture of ufology he

2658

01:39:36,470 --> 01:39:34,480

wrote a great book called uh

2659

01:39:38,830 --> 01:39:36,480

shockingly close to the truth

2660

01:39:41,109 --> 01:39:38,840

confessions of a grave-robbing

2661

01:39:41,910 --> 01:39:41,119

ufologist um

2662

01:39:50,709 --> 01:39:41,920

he

2663

01:39:52,550 --> 01:39:50,719

bender uh

2664

01:39:54,470 --> 01:39:52,560

it was

2665

01:39:56,790 --> 01:39:54,480

couldn't handle it and it just made up

2666

01:39:58,070 --> 01:39:56,800

the story as a as an excuse to close the

2667

01:40:00,229 --> 01:39:58,080

bureau

2668

01:40:03,109 --> 01:40:00,239

um

2669

01:40:04,790 --> 01:40:03,119

but but james mosley but yeah that's

2670

01:40:06,390 --> 01:40:04,800

where i was going with it james mosley

2671

01:40:07,189 --> 01:40:06,400

actually

2672

01:40:08,790 --> 01:40:07,199

uh

2673

01:40:09,990 --> 01:40:08,800

hoaxed a

2674

01:40:11,830 --> 01:40:10,000

just

2675

01:40:13,669 --> 01:40:11,840

made up a report made up a report i

2676  
01:40:15,189 --> 01:40:13,679  
think it was over the waunakee reservoir

2677  
01:40:17,270 --> 01:40:15,199  
new jersey

2678  
01:40:18,870 --> 01:40:17,280  
i just made it up and then after that

2679  
01:40:20,149 --> 01:40:18,880  
people started

2680  
01:40:22,149 --> 01:40:20,159  
claiming that

2681  
01:40:24,550 --> 01:40:22,159  
they were seeing ufos so there were

2682  
01:40:26,709 --> 01:40:24,560  
actual ufo reports after that is it

2683  
01:40:28,629 --> 01:40:26,719  
because mosley reported or were people

2684  
01:40:31,270 --> 01:40:28,639  
actually seeing it but one thing that

2685  
01:40:32,629 --> 01:40:31,280  
seems to happen with the mystery

2686  
01:40:34,070 --> 01:40:32,639  
is that

2687  
01:40:36,149 --> 01:40:34,080  
um

2688  
01:40:38,149 --> 01:40:36,159

even if somebody makes something up the

2689

01:40:40,470 --> 01:40:38,159

mystery reflects it back

2690

01:40:41,910 --> 01:40:40,480

uh and

2691

01:40:43,830 --> 01:40:41,920

you know you could say well it's just

2692

01:40:46,310 --> 01:40:43,840

people heard the first person well we're

2693

01:40:48,830 --> 01:40:46,320

talking pre-internet days really early

2694

01:40:51,990 --> 01:40:48,840

and sometimes somebody will

2695

01:40:53,669 --> 01:40:52,000

report something or just make something

2696

01:40:56,229 --> 01:40:53,679

up in one part of the country and then

2697

01:40:57,430 --> 01:40:56,239

somebody way far away in another part of

2698

01:40:58,950 --> 01:40:57,440

the country

2699

01:41:02,390 --> 01:40:58,960

where the story hasn't made the news

2700

01:41:04,950 --> 01:41:02,400

wires will report the same thing

2701

01:41:06,950 --> 01:41:04,960

and it's strange isn't it a lot of

2702

01:41:09,750 --> 01:41:06,960

people manifested

2703

01:41:13,109 --> 01:41:09,760

yeah a lot a lot of people actually

2704

01:41:15,189 --> 01:41:13,119

believe that the phenomena actually

2705

01:41:16,470 --> 01:41:15,199

is some kind of consciousness that

2706

01:41:17,270 --> 01:41:16,480

reflects

2707

01:41:19,270 --> 01:41:17,280

uh

2708

01:41:21,030 --> 01:41:19,280

reflects our own you know

2709

01:41:23,510 --> 01:41:21,040

the machinations of the the human

2710

01:41:25,750 --> 01:41:23,520

consciousness

2711

01:41:27,750 --> 01:41:25,760

so so you know for me

2712

01:41:30,550 --> 01:41:27,760

i i don't discount

2713

01:41:33,189 --> 01:41:30,560

the fact that people experience

2714

01:41:35,350 --> 01:41:33,199

men in black encounters

2715

01:41:36,550 --> 01:41:35,360

yeah yeah somebody knows this is a

2716

01:41:39,109 --> 01:41:36,560

question

2717

01:41:40,790 --> 01:41:39,119

oh sorry go ahead i was going to say

2718

01:41:43,270 --> 01:41:40,800

even though it seems that you know the

2719

01:41:44,629 --> 01:41:43,280

the first accounts were more than likely

2720

01:41:46,950 --> 01:41:44,639

made up

2721

01:41:49,350 --> 01:41:46,960

yeah yeah it's weird like that a lot of

2722

01:41:51,750 --> 01:41:49,360

things seem to manifest you know i mean

2723

01:41:52,709 --> 01:41:51,760

back in 1947

2724

01:41:54,950 --> 01:41:52,719

you know

2725

01:41:56,709 --> 01:41:54,960

all of a sudden there was a ton of ufo

2726

01:41:58,470 --> 01:41:56,719

sightings and everybody was seeing them

2727

01:42:00,790 --> 01:41:58,480

all over the place now was that because

2728

01:42:04,390 --> 01:42:00,800

they were looking for them or

2729

01:42:05,830 --> 01:42:04,400

was imagination part of that in 1952 you

2730

01:42:07,910 --> 01:42:05,840

know was another

2731

01:42:10,709 --> 01:42:07,920

what they call a wave where everyone was

2732

01:42:13,030 --> 01:42:10,719

seeing ufos all over the country yeah 52

2733

01:42:15,030 --> 01:42:13,040

was crazy i write about that in the book

2734

01:42:17,669 --> 01:42:15,040

as well i mean that that

2735

01:42:19,430 --> 01:42:17,679

the project blue book was overwhelmed i

2736

01:42:21,270 --> 01:42:19,440

think they were working you know 14-hour

2737

01:42:24,070 --> 01:42:21,280

days seven days a week

2738

01:42:26,229 --> 01:42:24,080

uh and just

2739

01:42:27,189 --> 01:42:26,239

flying all over the country talking to

2740

01:42:29,510 --> 01:42:27,199

people

2741

01:42:32,950 --> 01:42:29,520

and then that was the the the washington

2742

01:42:34,790 --> 01:42:32,960

ufo flap two weekends in july in 1952.

2743

01:42:35,990 --> 01:42:34,800

these things showed up on rate four

2744

01:42:38,629 --> 01:42:36,000

radars

2745

01:42:41,109 --> 01:42:38,639

um they sent it they scrambled jets uh

2746

01:42:43,590 --> 01:42:41,119

jets would come in they disappear and uh

2747

01:42:45,990 --> 01:42:43,600

just leave they'd pop back on and it

2748

01:42:47,830 --> 01:42:46,000

freaked freaked a lot of very high very

2749

01:42:50,070 --> 01:42:47,840

high powered people in the uh department

2750

01:42:52,709 --> 01:42:50,080

of defense uh freaked them out they had

2751

01:42:54,470 --> 01:42:52,719

the larger there's a misconception too

2752

01:42:57,030 --> 01:42:54,480

about that pardon me go ahead go ahead

2753

01:43:00,229 --> 01:42:57,040

finish oh they had the the largest press

2754

01:43:01,750 --> 01:43:00,239

conference uh since the war uh over this

2755

01:43:04,390 --> 01:43:01,760

incident

2756

01:43:06,070 --> 01:43:04,400

but yeah what was the misconception

2757

01:43:09,510 --> 01:43:06,080

the misconception is

2758

01:43:12,310 --> 01:43:09,520

a lot of times when in 1952 ufos over

2759

01:43:14,390 --> 01:43:12,320

the capital uh you can google that i

2760

01:43:18,310 --> 01:43:14,400

mean i'm i'm doing it right now to see

2761

01:43:20,470 --> 01:43:18,320

uh there's images and it basically shows

2762

01:43:22,390 --> 01:43:20,480

uh in the image it looks like there's

2763

01:43:25,109 --> 01:43:22,400

actually ufos flying over the capitol

2764

01:43:27,030 --> 01:43:25,119

i'm going to try to put this up um here

2765

01:43:27,990 --> 01:43:27,040

because that is that is not really

2766

01:43:29,750 --> 01:43:28,000

what's happening what about the

2767

01:43:31,669 --> 01:43:29,760

reflections of lights those are not

2768

01:43:33,590 --> 01:43:31,679

that's exactly right that's that's what

2769

01:43:35,510 --> 01:43:33,600

i'm what they call yeah the only thing

2770

01:43:37,270 --> 01:43:35,520

is from getting

2771

01:43:39,189 --> 01:43:37,280

yeah i'm getting

2772

01:43:41,189 --> 01:43:39,199

the reason i'm talking about it is

2773

01:43:42,070 --> 01:43:41,199

because when people google that they see

2774

01:43:44,550 --> 01:43:42,080

this

2775

01:43:48,229 --> 01:43:44,560

and then they think that oh there's the

2776

01:43:50,390 --> 01:43:48,239

ufos this is not ufos this is the lights

2777

01:43:52,390 --> 01:43:50,400

below it's a camera

2778

01:43:55,590 --> 01:43:52,400

a trick of the camera so that's not

2779

01:43:58,470 --> 01:43:55,600

really no one saw the ufos on the ground

2780

01:44:00,149 --> 01:43:58,480

that was all all on on radar basically

2781

01:44:02,470 --> 01:44:00,159

right no no

2782

01:44:03,350 --> 01:44:02,480

there were visual sightings uh radar for

2783

01:44:04,310 --> 01:44:03,360

the world

2784

01:44:05,990 --> 01:44:04,320

yeah

2785

01:44:07,510 --> 01:44:06,000

but that picture doesn't have anything

2786

01:44:08,629 --> 01:44:07,520

to do with it is what i'm getting it

2787

01:44:10,470 --> 01:44:08,639

correct

2788

01:44:12,390 --> 01:44:10,480

but yeah one radar tower called another

2789

01:44:13,990 --> 01:44:12,400

radar tower and said hey we're we're

2790

01:44:16,550 --> 01:44:14,000

picking something up that you should be

2791

01:44:18,870 --> 01:44:16,560

able to see do you see it and they said

2792

01:44:20,550 --> 01:44:18,880

yes we do

2793

01:44:22,310 --> 01:44:20,560

so there were there were visual

2794

01:44:24,709 --> 01:44:22,320

sightings as well

2795

01:44:26,950 --> 01:44:24,719

yeah and now here's just a question off

2796

01:44:28,470 --> 01:44:26,960

topic um just someone that listens to

2797

01:44:29,830 --> 01:44:28,480

all your audio blogs they want to know

2798

01:44:32,390 --> 01:44:29,840

how long it takes

2799

01:44:36,149 --> 01:44:32,400

to uh create an audio blog you put a lot

2800

01:44:38,310 --> 01:44:36,159

of time into these things i imagine yeah

2801

01:44:39,910 --> 01:44:38,320

i i record them at three in the morning

2802

01:44:42,149 --> 01:44:39,920

it's the only time i live next to the

2803

01:44:43,350 --> 01:44:42,159

brooklyn queens expressway

2804

01:44:45,510 --> 01:44:43,360

uh so

2805

01:44:47,270 --> 01:44:45,520

and i've got a lot of very loud birds

2806

01:44:48,550 --> 01:44:47,280

and i live in a house with a bunch of

2807

01:44:51,109 --> 01:44:48,560

people so

2808

01:44:53,830 --> 01:44:51,119

uh that's a great time to record

2809

01:44:55,189 --> 01:44:53,840

um and so i i've got a pretty rough

2810

01:44:56,709 --> 01:44:55,199

morning voice

2811

01:44:58,310 --> 01:44:56,719

um

2812

01:44:59,350 --> 01:44:58,320

well i do appreciate it

2813

01:45:00,550 --> 01:44:59,360

but

2814

01:45:03,030 --> 01:45:00,560

everyone

2815

01:45:05,430 --> 01:45:03,040

yeah i do it because it's fun too but so

2816

01:45:07,350 --> 01:45:05,440

yeah so what i do is i i say each

2817

01:45:09,109 --> 01:45:07,360

sentence three times

2818

01:45:10,709 --> 01:45:09,119

um

2819

01:45:12,229 --> 01:45:10,719

and

2820

01:45:18,229 --> 01:45:12,239

you know

2821

01:45:20,950 --> 01:45:18,239

a work anything's messed up i i can

2822

01:45:22,790 --> 01:45:20,960

pretty much fix anything that way

2823

01:45:24,870 --> 01:45:22,800

oftentimes it'll just be the first

2824

01:45:27,270 --> 01:45:24,880

sentence and the other two go away

2825

01:45:28,470 --> 01:45:27,280

so it takes you know generally takes me

2826

01:45:30,310 --> 01:45:28,480

about

2827

01:45:31,430 --> 01:45:30,320

between half an hour and 40 minutes to

2828

01:45:34,550 --> 01:45:31,440

record

2829

01:45:37,109 --> 01:45:34,560

and about four hours to edit

2830

01:45:40,790 --> 01:45:37,119

oh wow oh my god wow

2831

01:45:42,149 --> 01:45:40,800

i'm like i'm obsessive uh i

2832

01:45:44,550 --> 01:45:42,159

you know i got to get rid of all the

2833

01:45:48,070 --> 01:45:44,560

breaths um you know there are like

2834

01:45:50,310 --> 01:45:48,080

things you can do i put silences

2835

01:45:53,430 --> 01:45:50,320

i have recorded silence i recorded

2836

01:45:54,790 --> 01:45:53,440

silence uh and uh i

2837

01:45:56,470 --> 01:45:54,800

stick that in

2838

01:45:57,350 --> 01:45:56,480

you know anywhere you gotta

2839

01:45:58,390 --> 01:45:57,360

you know

2840

01:46:00,470 --> 01:45:58,400

and or

2841

01:46:02,550 --> 01:46:00,480

clicks or you know all the the mouth

2842

01:46:04,629 --> 01:46:02,560

noises and um

2843

01:46:07,910 --> 01:46:04,639

there there is noise reduction

2844

01:46:08,950 --> 01:46:07,920

i i do use that uh but it you know

2845

01:46:10,629 --> 01:46:08,960

it if

2846

01:46:13,189 --> 01:46:10,639

it doesn't get rid of a lot of things

2847

01:46:14,470 --> 01:46:13,199

and and uh so yeah so i get rid of all

2848

01:46:17,590 --> 01:46:14,480

the uh the

2849

01:46:21,109 --> 01:46:17,600

the sp i put silence in all the spaces

2850

01:46:22,709 --> 01:46:21,119

uh the big ones and uh there's also a

2851

01:46:24,310 --> 01:46:22,719

wonderful thing you should know

2852

01:46:27,990 --> 01:46:24,320

everybody should know about this i do it

2853

01:46:29,430 --> 01:46:28,000

in audacity uh there's a plug-in called

2854

01:46:33,189 --> 01:46:29,440

the d-clicker

2855

01:46:35,109 --> 01:46:33,199

dry mouth and you've got all these

2856

01:46:36,550 --> 01:46:35,119

clicks and pops it

2857

01:46:38,790 --> 01:46:36,560

bang they're gone

2858

01:46:41,510 --> 01:46:38,800

so that that's that's saved me about

2859

01:46:43,430 --> 01:46:41,520

another four hours right there wow i do

2860

01:46:46,310 --> 01:46:43,440

everything live and it just is what it

2861

01:46:50,470 --> 01:46:48,790

yeah it is what it is so uh let's talk

2862

01:46:52,629 --> 01:46:50,480

i'm gonna talk a little bit let's see we

2863

01:46:54,629 --> 01:46:52,639

we have only looks like about six or

2864

01:46:56,629 --> 01:46:54,639

seven minutes left here so i want to

2865

01:46:58,070 --> 01:46:56,639

talk about some of the

2866

01:47:01,030 --> 01:46:58,080

i like the fact that you did the high

2867

01:47:02,709 --> 01:47:01,040

neck crossover one and let's talk about

2868

01:47:04,229 --> 01:47:02,719

uh because a lot of people ask you know

2869

01:47:06,870 --> 01:47:04,239

what what made

2870

01:47:08,790 --> 01:47:06,880

a high neck crossover and there's been

2871

01:47:11,189 --> 01:47:08,800

like the rumor i know you looked into

2872

01:47:13,750 --> 01:47:11,199

this a lot more than i have but

2873

01:47:16,470 --> 01:47:13,760

it was kind of a rumor that

2874

01:47:17,990 --> 01:47:16,480

uh the socorro case is the thing that

2875

01:47:19,990 --> 01:47:18,000

kind of made him cross over what did you

2876

01:47:22,390 --> 01:47:20,000

find out in your research he was super

2877

01:47:23,990 --> 01:47:22,400

impressed by socorro he went back twice

2878

01:47:25,510 --> 01:47:24,000

on his own time

2879

01:47:27,990 --> 01:47:25,520

um

2880

01:47:30,070 --> 01:47:28,000

he went on his own time yeah yeah yeah

2881

01:47:33,109 --> 01:47:30,080

he was super impressed by that

2882

01:47:35,590 --> 01:47:33,119

uh so that that was probably a catalyst

2883

01:47:37,270 --> 01:47:35,600

it didn't like he wasn't

2884

01:47:38,629 --> 01:47:37,280

in one day

2885

01:47:46,709 --> 01:47:38,639

uh

2886

01:47:49,910 --> 01:47:46,719

famous french researcher

2887

01:47:51,669 --> 01:47:49,920

uh the model for dr claude lacombe in

2888

01:47:53,109 --> 01:47:51,679

close encounters of the third kind for

2889

01:47:55,590 --> 01:47:53,119

those who don't know

2890

01:47:55,600 --> 01:47:58,550

jacques villa

2891

01:48:04,149 --> 01:47:59,910

wanted to work

2892

01:48:07,750 --> 01:48:06,149

they met villa was very impressed by

2893

01:48:08,550 --> 01:48:07,760

heinek uh

2894

01:48:10,149 --> 01:48:08,560

and

2895

01:48:12,149 --> 01:48:10,159

wanted to hang out with him

2896

01:48:15,590 --> 01:48:12,159

uh like you know

2897

01:48:17,750 --> 01:48:15,600

frequently i guess so

2898

01:48:20,149 --> 01:48:17,760

there was a job heinek taught at

2899

01:48:21,990 --> 01:48:20,159

northwestern university i believe he was

2900

01:48:23,109 --> 01:48:22,000

the head of the astronomy department at

2901

01:48:24,629 --> 01:48:23,119

the time

2902

01:48:28,310 --> 01:48:24,639

and

2903

01:48:32,950 --> 01:48:30,629

a job came up for a computer systems

2904

01:48:34,550 --> 01:48:32,960

programmer and heineken alerted valet to

2905

01:48:37,109 --> 01:48:34,560

it and delay took the job so they were

2906

01:48:39,350 --> 01:48:37,119

co-workers

2907

01:48:43,350 --> 01:48:41,270

when

2908

01:48:45,270 --> 01:48:43,360

so that and

2909

01:48:47,109 --> 01:48:45,280

they started doing the what's known as

2910

01:48:50,470 --> 01:48:47,119

the invisible college people would meet

2911

01:48:52,870 --> 01:48:50,480

and just discuss ufos and you know what

2912

01:48:56,950 --> 01:48:52,880

they could possibly be so

2913

01:49:01,270 --> 01:48:56,960

you know the the influence with valet

2914

01:49:03,910 --> 01:49:01,280

combined with the socorro incident uh

2915

01:49:06,390 --> 01:49:03,920

opening his mind more

2916

01:49:09,750 --> 01:49:06,400

that was both of them

2917

01:49:11,830 --> 01:49:09,760

those two factors just kind of let him

2918

01:49:13,430 --> 01:49:11,840

but he didn't come out publicly

2919

01:49:14,870 --> 01:49:13,440

on the side of it until he met james

2920

01:49:21,990 --> 01:49:14,880

mcdonald

2921

01:49:23,109 --> 01:49:22,000

investigating and

2922

01:49:24,550 --> 01:49:23,119

he

2923

01:49:26,830 --> 01:49:24,560

dove right in

2924

01:49:30,870 --> 01:49:26,840

with both feet

2925

01:49:32,709 --> 01:49:30,880

and he became a believer real fast

2926

01:49:36,470 --> 01:49:32,719

and

2927

01:49:38,870 --> 01:49:36,480

he met with heinek uh well he

2928

01:49:41,589 --> 01:49:38,880

he got managed to get a grant

2929

01:49:42,790 --> 01:49:41,599

uh that involved

2930

01:49:44,149 --> 01:49:42,800

looking

2931

01:49:46,229 --> 01:49:44,159

working with

2932

01:49:47,510 --> 01:49:46,239

lasers something to do with atmospheric

2933

01:49:49,589 --> 01:49:47,520

physics

2934

01:49:52,149 --> 01:49:49,599

but part of it they asked him to look

2935

01:49:55,109 --> 01:49:52,159

into ufos and said look we can slip you

2936

01:49:57,910 --> 01:49:55,119

a little money to do your ufo research

2937

01:49:59,990 --> 01:49:57,920

and make it'll be justified

2938

01:50:01,430 --> 01:50:00,000

and we could he

2939

01:50:03,510 --> 01:50:01,440

made arrangements to visit

2940

01:50:05,910 --> 01:50:03,520

wright-patterson air force base the

2941

01:50:07,990 --> 01:50:05,920

office and the offices of uh project

2942

01:50:09,750 --> 01:50:08,000

blue book that were housed there

2943

01:50:11,510 --> 01:50:09,760

and he went out there he looked at the

2944

01:50:14,709 --> 01:50:11,520

project blue book files and he was

2945

01:50:16,750 --> 01:50:14,719

appalled he saw case after case that

2946

01:50:18,629 --> 01:50:16,760

just you know the ridiculous

2947

01:50:19,430 --> 01:50:18,639

exclamations i mean there's some years

2948

01:50:21,030 --> 01:50:19,440

where

2949

01:50:22,470 --> 01:50:21,040

blue book was better than others and

2950

01:50:24,550 --> 01:50:22,480

root belt you know

2951  
01:50:25,830 --> 01:50:24,560  
had some integrity but uh there were

2952  
01:50:28,790 --> 01:50:25,840  
other years where

2953  
01:50:31,030 --> 01:50:28,800  
the guy in charge was just so anti uh

2954  
01:50:34,070 --> 01:50:31,040  
saucer ufo that uh

2955  
01:50:35,510 --> 01:50:34,080  
they would just explain cases away no

2956  
01:50:37,510 --> 01:50:35,520  
matter what and

2957  
01:50:39,430 --> 01:50:37,520  
he also saw that heineken signed off on

2958  
01:50:41,189 --> 01:50:39,440  
a lot of these ridiculous

2959  
01:50:42,070 --> 01:50:41,199  
explanations

2960  
01:50:44,550 --> 01:50:42,080  
so

2961  
01:50:46,310 --> 01:50:44,560  
he made arrangements to visit heinek

2962  
01:50:47,990 --> 01:50:46,320  
and honey oh yeah it'd be wonderful to

2963  
01:50:51,750 --> 01:50:48,000

come out and talk

2964

01:50:53,270 --> 01:50:51,760

and they had lunch together with filet

2965

01:50:54,310 --> 01:50:53,280

and valet writes about it in his

2966

01:50:56,470 --> 01:50:54,320

journals

2967

01:50:57,669 --> 01:50:56,480

um forbidden science

2968

01:51:00,550 --> 01:50:57,679

and

2969

01:51:02,950 --> 01:51:00,560

he he laid into heinek

2970

01:51:05,109 --> 01:51:02,960

uh just said you know how you know how

2971

01:51:07,189 --> 01:51:05,119

could you write you know put your name

2972

01:51:10,070 --> 01:51:07,199

on these ridiculous explanations why

2973

01:51:12,629 --> 01:51:10,080

didn't you speak up you know

2974

01:51:13,350 --> 01:51:12,639

you have a duty as a scientist

2975

01:51:15,430 --> 01:51:13,360

and

2976

01:51:16,950 --> 01:51:15,440

heinrich said which is true yeah

2977

01:51:20,070 --> 01:51:16,960

well yeah but

2978

01:51:21,669 --> 01:51:20,080

it's also it's interesting heinek was

2979

01:51:23,990 --> 01:51:21,679

kind of you could say it was sort of in

2980

01:51:25,430 --> 01:51:24,000

the same position william moore was with

2981

01:51:27,589 --> 01:51:25,440

richard doughty he's like oh i'm getting

2982

01:51:30,070 --> 01:51:27,599

this information and you know if i play

2983

01:51:30,950 --> 01:51:30,080

ball i'll still get the information uh

2984

01:51:36,550 --> 01:51:30,960

you know

2985

01:51:38,310 --> 01:51:36,560

if he speaks up he loses he's not gonna

2986

01:51:40,149 --> 01:51:38,320

he's not gonna be an insider anymore

2987

01:51:41,510 --> 01:51:40,159

they're gonna just boot him

2988

01:51:42,950 --> 01:51:41,520

so you know

2989

01:51:45,350 --> 01:51:42,960

but uh

2990

01:51:48,709 --> 01:51:45,360

in any case mcdonald

2991

01:51:55,430 --> 01:51:51,910

mcdonald haranguing him uh

2992

01:51:58,310 --> 01:51:55,440

caused him to go public and he started

2993

01:52:02,310 --> 01:51:58,320

going public on the side of uh

2994

01:52:04,870 --> 01:52:02,320

scientific research uh for ufos uh in

2995

01:52:08,149 --> 01:52:04,880

the press so he took a public stance he

2996

01:52:10,070 --> 01:52:08,159

finally did do that um and it's mainly

2997

01:52:11,750 --> 01:52:10,080

due to uh being yelled at by james

2998

01:52:12,550 --> 01:52:11,760

mcdonald

2999

01:52:14,950 --> 01:52:12,560

yeah

3000

01:52:17,990 --> 01:52:14,960

as far as like as far as my research uh

3001  
01:52:21,350 --> 01:52:19,270

yes

3002  
01:52:23,030 --> 01:52:21,360

yeah so we are we're just we're right

3003  
01:52:24,709 --> 01:52:23,040

out of time here charles just real

3004  
01:52:26,790 --> 01:52:24,719

quickly what was your favorite chapter

3005  
01:52:28,790 --> 01:52:26,800

to write in the book

3006  
01:52:30,950 --> 01:52:28,800

um

3007  
01:52:33,109 --> 01:52:30,960

that's a good one i i like to overt

3008  
01:52:34,629 --> 01:52:33,119

contact uh

3009  
01:52:36,390 --> 01:52:34,639

very

3010  
01:52:38,550 --> 01:52:36,400

people getting injured by ufos i know

3011  
01:52:40,709 --> 01:52:38,560

that sounds terrible but i actually

3012  
01:52:43,030 --> 01:52:40,719

think that the investigators dropped the

3013  
01:52:44,390 --> 01:52:43,040

ball on that because there's a lot of

3014

01:52:47,030 --> 01:52:44,400

medical

3015

01:52:48,149 --> 01:52:47,040

reports that nobody got that are gone

3016

01:52:51,030 --> 01:52:48,159

forever

3017

01:52:53,350 --> 01:52:51,040

of people getting hurt by

3018

01:52:55,830 --> 01:52:53,360

flying saucers ufos getting zapped

3019

01:52:58,229 --> 01:52:55,840

getting burned

3020

01:53:01,030 --> 01:52:58,239

and there are a lot of reports out there

3021

01:53:03,189 --> 01:53:01,040

and uh yeah even though

3022

01:53:04,950 --> 01:53:03,199

has been talking about this as as well

3023

01:53:07,030 --> 01:53:04,960

as some of his last shows we're

3024

01:53:08,470 --> 01:53:07,040

unfortunate we're out of time the flying

3025

01:53:09,830 --> 01:53:08,480

saucer investigators and i'll look

3026

01:53:12,149 --> 01:53:09,840

forward to those links that you'll be

3027

01:53:13,830 --> 01:53:12,159

sending me thank you charles very cool

3028

01:53:15,510 --> 01:53:13,840

great cheers great as always thank you

3029

01:53:17,430 --> 01:53:15,520

very much all right

3030

01:53:19,669 --> 01:53:17,440

all right everyone so uh don't forget to

3031

01:53:22,229 --> 01:53:19,679

tune in tomorrow night uh we're going to

3032

01:53:24,470 --> 01:53:22,239

be on uh with uh

3033

01:53:27,990 --> 01:53:24,480

becky ferreira and marc d'antonio is

3034

01:53:30,470 --> 01:53:28,000

joining me and that's on youtube and

3035

01:53:32,390 --> 01:53:30,480

facebook and next week we have mario

3036

01:53:33,990 --> 01:53:32,400

woods he will be on thanks so much

3037

01:53:37,040 --> 01:53:34,000

everyone and remember to keep your eyes

3038

01:53:46,350 --> 01:53:37,050

to the sky
