the sky

20

00:01:26,390 --> 00:01:25,759

21

00:01:29,350 --> 00:01:26,400

22

00:01:32,789 --> 00:01:29,360

00:01:51,990 --> 00:01:48,799

uh dakota things started happening there

30

00:01:54,789 --> 00:01:52,000

back in 1953 including cattle

31

00:01:56,789 --> 00:01:54,799

mutilations and all kinds of odd things

32

00:01:59,670 --> 00:01:56,799

going on lots of ufo

33

00:02:02,310 --> 00:01:59,680

and lots of ufo encounters

34

00:02:06,149 --> 00:02:02,320

and the blog this week by charles lear

35

00:02:09,510 --> 00:02:06,159

36

00:02:10,949 --> 00:02:09,520

38

00:02:16,309 --> 00:02:14,720

00:02:32,229 --> 00:02:30,000

uh support under support the show

46

00:02:33,990 --> 00:02:32,239

so we are ready to bring in

47

00:02:36,630 --> 00:02:34,000

our guest mario welcome to the show

48

00:02:38,550 --> 00:02:36,640

mario hello martin how are you

49

00:02:41,270 --> 00:02:38,560

i'm really well thank you

50

00:02:43,910 --> 00:02:41,280

and uh you know i heard i heard i i

51
00:02:45,030 --> 00:02:43,920
believe i saw unidentified when you were

52
00:02:46,470 --> 00:02:45,040
on that

53
00:02:48,949 --> 00:02:46,480
yeah uh

54
00:02:50,550 --> 00:02:48,959
when i said two two years ago i believe

55
00:02:53,589 --> 00:02:50,560
correct yeah

56
00:02:55,110 --> 00:02:53,599
and uh it's it's quite a story and a lot

57
00:02:57,270 --> 00:02:55,120
a lot happened

58
00:03:00,070 --> 00:02:57,280
um and i think

59
00:03:02,070 --> 00:03:00,080
i've only heard part of the story and so

60
00:03:03,990 --> 00:03:02,080
i'm really interested to

61
00:03:06,390 --> 00:03:04,000
uh you and i talked on the phone a while

62
00:03:08,550 --> 00:03:06,400
back and you told me some unbelievable

63
00:03:11,750 --> 00:03:08,560

things that were happening there and you

64

00:03:14,869 --> 00:03:11,760

know uh when it comes to nukes uh

65

00:03:15,830 --> 00:03:14,879

there's there was 150 i believe warheads

66

00:03:17,190 --> 00:03:15,840

correct

67

00:03:18,630 --> 00:03:17,200

and

68

00:03:21,589 --> 00:03:18,640

things are happening you know you hear

69

00:03:23,670 --> 00:03:21,599

about maelstrom back in the 60s but this

70

00:03:25,589 --> 00:03:23,680

is kind of a case you don't hear much

71

00:03:27,910 --> 00:03:25,599

about

72

00:03:29,270 --> 00:03:27,920

yeah that's true i um

73

00:03:30,949 --> 00:03:29,280

you know working not only in the

74

00:03:33,030 --> 00:03:30,959

military but also with the department of

75

00:03:35,350 --> 00:03:33,040

energy for about 14 years you know with

76

00:03:37,110 --> 00:03:35,360

acute clearance you can't really um

77

00:03:39,430 --> 00:03:37,120

could never disclose anything until

78

00:03:40,470 --> 00:03:39,440

after i left department of energy in 96

79

00:03:42,550 --> 00:03:40,480

which i

80

00:03:45,270 --> 00:03:42,560

when i did that i contacted mufon

81

00:03:47,270 --> 00:03:45,280

several times and uh linda molten howe

82

00:03:49,430 --> 00:03:47,280

also of ancient aliens

83

00:03:51,910 --> 00:03:49,440

at that time when i was there in south

84

00:03:54,309 --> 00:03:51,920

dakota during the 70s i was there from

85

00:03:55,589 --> 00:03:54,319

75 to 79

86

00:03:57,509 --> 00:03:55,599

and uh

87

00:04:00,470 --> 00:03:57,519

she was investigating cattle mutilations

88

00:04:02,710 --> 00:04:00,480

there right and i you know and the only

89

00:04:05,429 --> 00:04:02,720

reason i knew that's because she had a

90

00:04:07,830 --> 00:04:05,439

special it was on the local tv channel

91

00:04:09,910 --> 00:04:07,840

and it really raised some eyebrows

92

00:04:12,470 --> 00:04:09,920

because she was in our area

93

00:04:15,589 --> 00:04:12,480

investigating that very thing and

94

00:04:17,270 --> 00:04:15,599

uh at one point uh i've had a large cat

95

00:04:19,189 --> 00:04:17,280

back then and took him to my

96

00:04:21,189 --> 00:04:19,199

veterinarian and he also you know

97

00:04:23,350 --> 00:04:21,199

serviced like cattle and everything i

98

00:04:24,790 --> 00:04:23,360

mean rapid city south dakota is really a

99

00:04:27,270 --> 00:04:24,800

nice place and

100

00:04:28,870 --> 00:04:27,280

and uh there's still a lot of

101
00:04:30,390 --> 00:04:28,880
western type

102
00:04:32,070 --> 00:04:30,400
things that happen there so these

103
00:04:33,590 --> 00:04:32,080
veterinarians you know they tend

104
00:04:35,670 --> 00:04:33,600
everything you know they whether it be

105
00:04:37,030 --> 00:04:35,680
owls or birds of prey other birds of

106
00:04:39,350 --> 00:04:37,040
prey or

107
00:04:41,110 --> 00:04:39,360
cattle or horses and i just happened to

108
00:04:43,830 --> 00:04:41,120
ask him about it and he said he had

109
00:04:46,070 --> 00:04:43,840
actually seen you know a couple of

110
00:04:48,070 --> 00:04:46,080
mutilations and couldn't explain it

111
00:04:50,230 --> 00:04:48,080
and later on while i was at ellsworth i

112
00:04:51,270 --> 00:04:50,240
did witness along with my partner at the

113
00:04:53,830 --> 00:04:51,280

time

114

00:04:54,710 --> 00:04:53,840

his name's mark wade we actually stopped

115

00:04:58,469 --> 00:04:54,720

at a

116

00:05:00,870 --> 00:04:58,479

these everything out in the missile

117

00:05:02,310 --> 00:05:00,880

fields are all clay roads

118

00:05:04,390 --> 00:05:02,320

and uh

119

00:05:06,070 --> 00:05:04,400

two cattle have been had been mutilated

120

00:05:08,150 --> 00:05:06,080

and it was weird because they were on

121

00:05:10,710 --> 00:05:08,160

their back with their legs straight up

122

00:05:13,189 --> 00:05:10,720

in the air and how does a cow with a

123

00:05:14,870 --> 00:05:13,199

rounded back and

124

00:05:16,150 --> 00:05:14,880

i don't know it's a very strange thing

125

00:05:18,230 --> 00:05:16,160

to see that

126
00:05:19,830 --> 00:05:18,240
and yeah i mean i walked up close and

127
00:05:21,270 --> 00:05:19,840
personal to it and you know they were

128
00:05:22,950 --> 00:05:21,280
asking if we saw anything which we

129
00:05:24,550 --> 00:05:22,960
hadn't but we've been on a

130
00:05:26,950 --> 00:05:24,560
launch facility that was very close

131
00:05:29,350 --> 00:05:26,960
there it was in belfouse actually south

132
00:05:31,749 --> 00:05:29,360
dakota and uh

133
00:05:33,670 --> 00:05:31,759
uh but anyway he had a sheriff out there

134
00:05:35,270 --> 00:05:33,680
and some other investigators and and it

135
00:05:38,310 --> 00:05:35,280
was really some strange stuff to see

136
00:05:40,469 --> 00:05:38,320
that you know eyes removed or you know

137
00:05:41,430 --> 00:05:40,479
incision around the eyes just perfectly

138
00:05:43,749 --> 00:05:41,440

removed

139

00:05:46,390 --> 00:05:43,759

tongues around the gum area some parts

140

00:05:49,350 --> 00:05:46,400

of the gum yeah not teeth but just gum

141

00:05:51,830 --> 00:05:49,360

area i've seen the pictures it's yeah it

142

00:05:54,230 --> 00:05:51,840

is really a puzzle another another

143

00:05:56,070 --> 00:05:54,240

strange mystery um

144

00:05:58,230 --> 00:05:56,080

yeah so you were in the service do you

145

00:05:59,749 --> 00:05:58,240

want to talk a little bit about um well

146

00:06:00,710 --> 00:05:59,759

first of all i want to ask you had you

147

00:06:03,749 --> 00:06:00,720

ever

148

00:06:06,469 --> 00:06:03,759

thought about ufos and encounters and

149

00:06:07,590 --> 00:06:06,479

anything like that prior to oh yeah are

150

00:06:10,230 --> 00:06:07,600

you dead yeah

151
00:06:11,990 --> 00:06:10,240
well when i was uh i was in first grade

152
00:06:13,909 --> 00:06:12,000
in port arthur texas my mother was

153
00:06:15,590 --> 00:06:13,919
taking me my sister

154
00:06:17,749 --> 00:06:15,600
and a friend of mine that i played with

155
00:06:22,309 --> 00:06:17,759
to school i was about five i think five

156
00:06:25,749 --> 00:06:22,319
or six years old d queen elementary 1961

157
00:06:27,670 --> 00:06:25,759
and um we were just literally in line to

158
00:06:29,110 --> 00:06:27,680
be dropped off and there was probably 10

159
00:06:31,270 --> 00:06:29,120
cars in front of us

160
00:06:33,029 --> 00:06:31,280
that was in 61 now and

161
00:06:34,870 --> 00:06:33,039
the school was a school that went from

162
00:06:36,469 --> 00:06:34,880
first grade to 12th grade it's still

163
00:06:38,790 --> 00:06:36,479

there today i got to see it a few years

164

00:06:40,629 --> 00:06:38,800

ago but of course it's been modernized

165

00:06:42,629 --> 00:06:40,639

and they had the road directly in front

166

00:06:45,029 --> 00:06:42,639

of the school front doors blocked off

167

00:06:46,230 --> 00:06:45,039

and they had the entire next block was

168

00:06:48,950 --> 00:06:46,240

playground

169

00:06:51,189 --> 00:06:48,960

so there was always you know what 150

170

00:06:52,230 --> 00:06:51,199

200 kids out there playing my age and

171

00:06:53,430 --> 00:06:52,240

older

172

00:06:55,189 --> 00:06:53,440

and uh

173

00:06:57,589 --> 00:06:55,199

so as we were sitting in line my mom

174

00:06:58,629 --> 00:06:57,599

said look anthony my middle name as she

175

00:07:00,870 --> 00:06:58,639

called me

176

00:07:02,790 --> 00:07:00,880

she goes there's flying saucers

177

00:07:04,950 --> 00:07:02,800

and sitting right next to the school

178

00:07:06,790 --> 00:07:04,960

about 30 feet in the air and it was

179

00:07:09,430 --> 00:07:06,800

right over a church that no longer

180

00:07:10,710 --> 00:07:09,440

exists the concrete pad is still there i

181

00:07:12,950 --> 00:07:10,720

saw that

182

00:07:15,749 --> 00:07:12,960

um there were these three silver white

183

00:07:18,070 --> 00:07:15,759

saucers about 25 30 feet in diameter

184

00:07:21,430 --> 00:07:18,080

exactly the same all of them

185

00:07:23,270 --> 00:07:21,440

and they sat there for probably 45

186

00:07:26,070 --> 00:07:23,280

seconds to a minute and a half it scared

187

00:07:29,430 --> 00:07:26,080

me to death i was looking onto the

188

00:07:31,270 --> 00:07:29,440

to the dashboard looking up like that

189

00:07:32,710 --> 00:07:31,280

at these things and i think i can't ask

190

00:07:34,150 --> 00:07:32,720

my mom what do they want what do they

191

00:07:36,230 --> 00:07:34,160

want you know

192

00:07:38,070 --> 00:07:36,240

and uh they all had the same pattern of

193

00:07:40,710 --> 00:07:38,080

lights on them which weren't which was

194

00:07:42,710 --> 00:07:40,720

not a lot but it was a couple of blips

195

00:07:44,869 --> 00:07:42,720

and it was you know there was a portion

196

00:07:46,950 --> 00:07:44,879

rotating underneath them

197

00:07:49,430 --> 00:07:46,960

oh really i've heard about that i've

198

00:07:52,469 --> 00:07:49,440

heard i've heard about the rotating

199

00:07:53,749 --> 00:07:52,479

yeah and it's in the it's in i looked it

200

00:07:54,550 --> 00:07:53,759

up in um

201

00:07:57,350 --> 00:07:54,560

uh

202

00:07:59,990 --> 00:07:57,360

some kind of a newspaper but of course

203

00:08:04,070 --> 00:08:00,000

today it was on micro fish then it's not

204

00:08:05,589 --> 00:08:04,080

it wasn't on data but or in data but um

205

00:08:07,589 --> 00:08:05,599

anyway and just as they were sitting

206

00:08:09,270 --> 00:08:07,599

there they all three at one time

207

00:08:11,430 --> 00:08:09,280

simultaneously

208

00:08:13,589 --> 00:08:11,440

poof went straight up out of sight i

209

00:08:16,469 --> 00:08:13,599

mean i watched them go completely out of

210

00:08:18,710 --> 00:08:16,479

sight from this size to

211

00:08:20,150 --> 00:08:18,720

to that size and gone

212

00:08:22,070 --> 00:08:20,160

so how many people would you say that

213

00:08:23,270 --> 00:08:22,080

you knew that witnessed that

214

00:08:25,589 --> 00:08:23,280

a lot of people

215

00:08:27,189 --> 00:08:25,599

oh every kid you could hear a pin drop

216

00:08:29,589 --> 00:08:27,199

on a playground

217

00:08:31,510 --> 00:08:29,599

wow all the teachers and students were

218

00:08:33,509 --> 00:08:31,520

hanging out the windows on the would

219

00:08:35,589 --> 00:08:33,519

have been the uh west side of the

220

00:08:37,509 --> 00:08:35,599

building i mean literally we had wooden

221

00:08:39,190 --> 00:08:37,519

windows you know i mean

222

00:08:40,790 --> 00:08:39,200

and they had the windows up looking out

223

00:08:42,630 --> 00:08:40,800

pointing up i remember seeing that

224

00:08:44,310 --> 00:08:42,640

because i just couldn't believe that

225

00:08:46,150 --> 00:08:44,320

they were there but the funny part about

226

00:08:47,350 --> 00:08:46,160

it when they when they left

227

00:08:50,389 --> 00:08:47,360

everybody just went back to what they

228

00:08:52,150 --> 00:08:50,399

were doing it was no big deal

229

00:08:53,750 --> 00:08:52,160

i don't know how you can say that but

230

00:08:55,110 --> 00:08:53,760

that's exactly right everybody just went

231

00:08:56,470 --> 00:08:55,120

oh well

232

00:08:58,790 --> 00:08:56,480

yeah

233

00:09:00,070 --> 00:08:58,800

you know it's i hear so many things like

234

00:09:02,070 --> 00:09:00,080

that it's just

235

00:09:03,269 --> 00:09:02,080

and it makes me wonder if there's some

236

00:09:05,110 --> 00:09:03,279

yeah i'm really going to go out there

237

00:09:07,829 --> 00:09:05,120

when i say this so this may be some type

238

00:09:09,509 --> 00:09:07,839

of mind control or something yeah they

239

00:09:11,509 --> 00:09:09,519

were there for a reason they were there

240

00:09:13,670 --> 00:09:11,519

i mean i really do

241

00:09:15,670 --> 00:09:13,680

i mean you know that kind of technology

242

00:09:16,870 --> 00:09:15,680

and i just want to say that right off

243

00:09:19,350 --> 00:09:16,880

the rip that

244

00:09:22,070 --> 00:09:19,360

the type of technology that these beings

245

00:09:24,630 --> 00:09:22,080

possess

246

00:09:26,150 --> 00:09:24,640

is is only limited to us by our own

247

00:09:27,990 --> 00:09:26,160

imagination

248

00:09:29,990 --> 00:09:28,000

i mean they've overcome quite a bit to

249

00:09:31,990 --> 00:09:30,000

get where they are today

250

00:09:34,150 --> 00:09:32,000

how long their civilization's been alive

251

00:09:35,910 --> 00:09:34,160

and thriving and they'll telling how

252

00:09:38,310 --> 00:09:35,920

long they've been you know doing what

253

00:09:40,389 --> 00:09:38,320

they're doing yeah i'm sure they find

254

00:09:41,350 --> 00:09:40,399

you know lesser civilizations whether

255

00:09:43,829 --> 00:09:41,360

you know

256

00:09:45,990 --> 00:09:43,839

whatever their purpose is whatever their

257

00:09:47,590 --> 00:09:46,000

investigation is

258

00:09:50,070 --> 00:09:47,600

and they're going to continue to do that

259

00:09:52,070 --> 00:09:50,080

but their technology levels are they're

260

00:09:53,430 --> 00:09:52,080

not within a hundred years of us we're

261

00:09:56,470 --> 00:09:53,440

not going to be where they are in 100

262

00:09:58,710 --> 00:09:56,480

years yeah no way there's no way

263

00:10:00,230 --> 00:09:58,720

well yeah and who and

264

00:10:03,110 --> 00:10:00,240

if they're all the same i mean there

265

00:10:05,350 --> 00:10:03,120

could be so many different also

266

00:10:07,190 --> 00:10:05,360

absolutely yeah it's so hard to to

267

00:10:08,150 --> 00:10:07,200

understand um

268

00:10:12,550 --> 00:10:08,160

how

269

00:10:14,389 --> 00:10:12,560

what they think of us and usually

270

00:10:17,110 --> 00:10:14,399

historically

271

00:10:20,069 --> 00:10:17,120

what we do in our societies

272

00:10:21,430 --> 00:10:20,079

is that uh the the stronger

273

00:10:22,470 --> 00:10:21,440

tribal

274

00:10:24,310 --> 00:10:22,480

uh

275

00:10:25,990 --> 00:10:24,320

segment will take over the weaker one

276

00:10:27,030 --> 00:10:26,000

you know that's that's unfortunately

277

00:10:30,230 --> 00:10:27,040

that's

278

00:10:32,870 --> 00:10:30,240

a human nature luckily it's not

279

00:10:35,750 --> 00:10:32,880

so far as we know it's not their nature

280

00:10:37,350 --> 00:10:35,760

uh because if they they obviously uh

281

00:10:38,710 --> 00:10:37,360

whatever they are or whoever they are

282

00:10:41,190 --> 00:10:38,720

wherever they're from

283

00:10:43,190 --> 00:10:41,200

um like you said to get here

284

00:10:45,590 --> 00:10:43,200

they have to have some type of high

285

00:10:47,670 --> 00:10:45,600

intelligence that we can't even probably

286

00:10:50,069 --> 00:10:47,680

can't even imagine

287

00:10:52,069 --> 00:10:50,079

i just think that something was going on

288

00:10:55,030 --> 00:10:52,079

on this planet thousands and thousands

289

00:10:56,949 --> 00:10:55,040

of years ago yeah and it's all good

290

00:10:59,670 --> 00:10:56,959

and for some reason maybe maybe it

291

00:11:00,790 --> 00:10:59,680

wasn't the ice age maybe it was pangaea

292

00:11:02,389 --> 00:11:00,800

i don't know

293

00:11:03,670 --> 00:11:02,399

for some reason

294

00:11:05,509 --> 00:11:03,680

that all left

295

00:11:07,590 --> 00:11:05,519

and i think the aftermath is what we

296

00:11:09,430 --> 00:11:07,600

have in ruins around us today

297

00:11:12,870 --> 00:11:09,440

which still of everything we know is

298

00:11:14,949 --> 00:11:12,880

only about 10 of what's there so

299

00:11:17,190 --> 00:11:14,959

archaeology continues which is a real

300

00:11:19,670 --> 00:11:17,200

favorite subject of mine and i study it

301
00:11:21,269 --> 00:11:19,680
quite a bit because in my experiences

302
00:11:23,350 --> 00:11:21,279
especially the experience i had in

303
00:11:25,829 --> 00:11:23,360
november five i became

304
00:11:26,949 --> 00:11:25,839
literally obsessed with the shape of a

305
00:11:29,110 --> 00:11:26,959
pyramid

306
00:11:30,630 --> 00:11:29,120
and when i saw that movie close

307
00:11:33,110 --> 00:11:30,640
encounters was the third kind and i've

308
00:11:35,190 --> 00:11:33,120
said i said this and identified also

309
00:11:36,630 --> 00:11:35,200
and then just this discovery plus uh

310
00:11:38,470 --> 00:11:36,640
alien endgame

311
00:11:39,670 --> 00:11:38,480
you know it was as if when i was in that

312
00:11:41,829 --> 00:11:39,680
theater

313
00:11:43,430 --> 00:11:41,839

when that part when that roy got you

314

00:11:46,069 --> 00:11:43,440

know roy richard dreyfuss is sitting in

315

00:11:47,269 --> 00:11:46,079

front of the mailbox yeah boxes and he's

316

00:11:49,910 --> 00:11:47,279

trying to look at a map he's got a

317

00:11:52,550 --> 00:11:49,920

flashlight in his mouth yeah and when

318

00:11:55,670 --> 00:11:52,560

that those lights pop on

319

00:11:57,670 --> 00:11:55,680

and he's i it's it's as if the vacuum or

320

00:12:01,030 --> 00:11:57,680

something the air

321

00:12:03,110 --> 00:12:01,040

was pulled out of that vehicle and he

322

00:12:04,710 --> 00:12:03,120

kind of moved several ways in which he

323

00:12:05,590 --> 00:12:04,720

seemed like

324

00:12:07,910 --> 00:12:05,600

like

325

00:12:09,590 --> 00:12:07,920

sound or something was entering his mind

326

00:12:11,750 --> 00:12:09,600

or maybe thoughts or something he was

327

00:12:13,670 --> 00:12:11,760

like being programmed from above i don't

328

00:12:14,470 --> 00:12:13,680

know if that's a proper way to describe

329

00:12:16,230 --> 00:12:14,480

it but

330

00:12:17,910 --> 00:12:16,240

you know he he played that part pretty

331

00:12:20,470 --> 00:12:17,920

well i had to get up and leave the

332

00:12:23,269 --> 00:12:20,480

theater i couldn't i couldn't watch that

333

00:12:25,670 --> 00:12:23,279

yeah because this that you actually that

334

00:12:27,750 --> 00:12:25,680

that movie premiered shortly after you

335

00:12:30,870 --> 00:12:27,760

had your incident yeah so we'll get into

336

00:12:32,710 --> 00:12:30,880

all that yeah as we go so let's uh let's

337

00:12:34,230 --> 00:12:32,720

talk you went through high school

338

00:12:35,190 --> 00:12:34,240

obviously and you decided to join the

339

00:12:37,750 --> 00:12:35,200

service

340

00:12:40,310 --> 00:12:37,760

i did i lost my father real young he was

341

00:12:42,069 --> 00:12:40,320

in a car accident 73 my first day of my

342

00:12:44,150 --> 00:12:42,079

senior high school year

343

00:12:45,670 --> 00:12:44,160

and um yeah and i wouldn't he was a

344

00:12:47,509 --> 00:12:45,680

merchant seaman of chief a chief

345

00:12:48,550 --> 00:12:47,519

engineer with texaco and he was quite

346

00:12:50,710 --> 00:12:48,560

interesting

347

00:12:52,310 --> 00:12:50,720

uh he was from banaca honduras and he

348

00:12:53,990 --> 00:12:52,320

was a self-taught engineer and later

349

00:12:56,710 --> 00:12:54,000

went to school and did really good

350

00:12:58,710 --> 00:12:56,720

things wow and um he used to tell me

351
00:12:59,990 --> 00:12:58,720
about things that they would see under

352
00:13:01,750 --> 00:13:00,000
the ocean

353
00:13:03,190 --> 00:13:01,760
really killed all of his life yeah he

354
00:13:04,629 --> 00:13:03,200
said son there's things out there in

355
00:13:06,790 --> 00:13:04,639
that ocean

356
00:13:09,190 --> 00:13:06,800
that are fast as jets

357
00:13:10,629 --> 00:13:09,200
you know i just growing up i just shook

358
00:13:12,870 --> 00:13:10,639
that off and didn't think nothing about

359
00:13:15,990 --> 00:13:12,880
it he said something's there

360
00:13:18,389 --> 00:13:16,000
and uh he also talked about a legend

361
00:13:20,550 --> 00:13:18,399
that existed in some part of banaca

362
00:13:21,430 --> 00:13:20,560
honduras honduras

363
00:13:23,910 --> 00:13:21,440

that

364

00:13:27,030 --> 00:13:23,920

there were these uh

365

00:13:28,470 --> 00:13:27,040

these these uh i guess some type of a

366

00:13:30,870 --> 00:13:28,480

being that

367

00:13:33,670 --> 00:13:30,880

that were tall and they were

368

00:13:36,470 --> 00:13:33,680

real pale skin red headed

369

00:13:38,150 --> 00:13:36,480

long hair bearded and they didn't walk

370

00:13:40,310 --> 00:13:38,160

they floated above the ground like three

371

00:13:41,110 --> 00:13:40,320

or four feet and his kids they they saw

372

00:13:42,710 --> 00:13:41,120

them

373

00:13:45,590 --> 00:13:42,720

and they said their eyes were like

374

00:13:47,750 --> 00:13:45,600

they're they had like burning eyes so

375

00:13:48,470 --> 00:13:47,760

i just thought i said yeah dad okay you

376

00:13:49,829 --> 00:13:48,480

know

377

00:13:51,829 --> 00:13:49,839

i don't think nothing about it but he

378

00:13:53,829 --> 00:13:51,839

said that several times and there were

379

00:13:55,110 --> 00:13:53,839

ruins on his property that's never been

380

00:13:57,350 --> 00:13:55,120

excavated

381

00:14:00,069 --> 00:13:57,360

really well yeah wow

382

00:14:01,030 --> 00:14:00,079

i was here i'm gonna pop this this up

383

00:14:02,470 --> 00:14:01,040

here

384

00:14:04,389 --> 00:14:02,480

back in um

385

00:14:06,389 --> 00:14:04,399

well that was uh beautiful

386

00:14:09,030 --> 00:14:06,399

that's down in central america i was

387

00:14:11,670 --> 00:14:09,040

there with some friends uh several

388

00:14:14,069 --> 00:14:11,680

several months ago um yeah pyramids are

389

00:14:16,710 --> 00:14:14,079

really interesting and

390

00:14:18,150 --> 00:14:16,720

you know i mean you think of how they

391

00:14:19,829 --> 00:14:18,160

could you know how they had the

392

00:14:21,509 --> 00:14:19,839

technology to build them and how they

393

00:14:22,389 --> 00:14:21,519

could quarry them and

394

00:14:25,030 --> 00:14:22,399

and

395

00:14:27,670 --> 00:14:25,040

get them you know from so many miles

396

00:14:28,790 --> 00:14:27,680

away these blocks that weighed

397

00:14:33,590 --> 00:14:28,800

you know

398

00:14:35,829 --> 00:14:33,600

some of them um and there's like 24

399

00:14:37,509 --> 00:14:35,839

million in the one of the gaza

400

00:14:39,509 --> 00:14:37,519

uh something like i mean i can't

401
00:14:41,670 --> 00:14:39,519
remember how many million there's there

402
00:14:43,509 --> 00:14:41,680
are blocks in the in the gaza pyramid

403
00:14:45,670 --> 00:14:43,519
but yeah that that's that's always

404
00:14:48,790 --> 00:14:45,680
fascinating i like archaeology too you

405
00:14:51,670 --> 00:14:48,800
know that's the geodetic geodetic center

406
00:14:53,590 --> 00:14:51,680
of the planet of all land masses

407
00:14:55,350 --> 00:14:53,600
did you know that i mean

408
00:14:58,150 --> 00:14:55,360
and then also

409
00:14:59,829 --> 00:14:58,160
from the weight of the great pyramid it

410
00:15:01,910 --> 00:14:59,839
can it could be nowhere else but where

411
00:15:03,590 --> 00:15:01,920
it is because they actually built a base

412
00:15:04,389 --> 00:15:03,600
for it to sit on

413
00:15:06,949 --> 00:15:04,399

and

414

00:15:09,269 --> 00:15:06,959

yeah that those those stones are just

415

00:15:11,269 --> 00:15:09,279

gigantic and they're under the pyramid i

416

00:15:12,949 --> 00:15:11,279

mean the whole plateau

417

00:15:14,150 --> 00:15:12,959

was put there

418

00:15:16,230 --> 00:15:14,160

so

419

00:15:18,310 --> 00:15:16,240

these guys in loincloths and copper

420

00:15:21,030 --> 00:15:18,320

hammers and tools and the round rocks

421

00:15:23,269 --> 00:15:21,040

that they used to chip endocyte and red

422

00:15:25,750 --> 00:15:23,279

granite are you kidding me

423

00:15:28,230 --> 00:15:25,760

no it's amazing

424

00:15:30,069 --> 00:15:28,240

i read somewhere where this is so hard

425

00:15:33,189 --> 00:15:30,079

to believe and i'm sure they'll be

426

00:15:33,990 --> 00:15:33,199

preserved if humankind is still around

427

00:15:35,590 --> 00:15:34,000

uh

428

00:15:38,150 --> 00:15:35,600

not that we will be but at something

429

00:15:41,030 --> 00:15:38,160

like 30 some odd million years

430

00:15:44,150 --> 00:15:41,040

there'd be no sign of the pyramids

431

00:15:45,189 --> 00:15:44,160

that if if the normal wear and tear and

432

00:15:47,670 --> 00:15:45,199

weather

433

00:15:49,590 --> 00:15:47,680

supposedly they'd get worn down within

434

00:15:51,189 --> 00:15:49,600

30 something million years which is so

435

00:15:53,509 --> 00:15:51,199

hard to believe isn't it

436

00:15:55,350 --> 00:15:53,519

yeah i mean but think about something

437

00:15:58,310 --> 00:15:55,360

built so well that it could last that

438

00:16:01,269 --> 00:15:58,320

long what has men built that could last

439

00:16:02,949 --> 00:16:01,279

you know 500 years yeah not not a lot i

440

00:16:05,670 --> 00:16:02,959

mean i'm just i'm going back to ancient

441

00:16:07,350 --> 00:16:05,680

times but i mean really

442

00:16:09,509 --> 00:16:07,360

there's construction measures and

443

00:16:12,790 --> 00:16:09,519

methods that they had that is is

444

00:16:14,310 --> 00:16:12,800

completely missing to us

445

00:16:16,949 --> 00:16:14,320

yeah amazing well we're getting way off

446

00:16:19,350 --> 00:16:16,959

the subject ufos yeah that's okay so you

447

00:16:21,590 --> 00:16:19,360

you joined the air force and yeah yeah

448

00:16:23,749 --> 00:16:21,600

let's let's talk about how all that went

449

00:16:25,910 --> 00:16:23,759

okay i uh went into the security but

450

00:16:29,189 --> 00:16:25,920

went into security police and we were a

451

00:16:30,629 --> 00:16:29,199

part of um there's two branches of

452

00:16:32,949 --> 00:16:30,639

security police in the air force one's

453

00:16:35,430 --> 00:16:32,959

law enforcement the others basically

454

00:16:37,749 --> 00:16:35,440

security police which protects resources

455

00:16:39,910 --> 00:16:37,759

and sensitive nuclear materials weapon

456

00:16:42,310 --> 00:16:39,920

storage areas and that kind of thing law

457

00:16:43,990 --> 00:16:42,320

enforcement on the base kind of kind of

458

00:16:45,910 --> 00:16:44,000

protects like um

459

00:16:48,230 --> 00:16:45,920

you know all the admin offices that kind

460

00:16:51,110 --> 00:16:48,240

of thing gate security all that

461

00:16:52,629 --> 00:16:51,120

everybody's armed everybody has you know

462

00:16:54,949 --> 00:16:52,639

uh

463

00:16:57,030 --> 00:16:54,959

protection authorities of all types and

464

00:16:59,430 --> 00:16:57,040

use of deadly force of course but

465

00:17:00,790 --> 00:16:59,440

there's a little bit different uh aspect

466

00:17:02,069 --> 00:17:00,800

of doing the duty you know you're

467

00:17:04,470 --> 00:17:02,079

actually like the

468

00:17:06,549 --> 00:17:04,480

the special forces portion of

469

00:17:08,470 --> 00:17:06,559

you know of security police

470

00:17:10,069 --> 00:17:08,480

and i guess his special forces today is

471

00:17:11,029 --> 00:17:10,079

what they call them i'm really not sure

472

00:17:13,189 --> 00:17:11,039

but uh

473

00:17:14,949 --> 00:17:13,199

but i like to think so because we were

474

00:17:16,549 --> 00:17:14,959

we were really trained well and we had

475

00:17:18,230 --> 00:17:16,559

really good equipment and it was only

476

00:17:20,309 --> 00:17:18,240

getting better and what they have today

477

00:17:21,990 --> 00:17:20,319

was far better than what we had

478

00:17:23,909 --> 00:17:22,000

back then

479

00:17:25,350 --> 00:17:23,919

smart response vehicles and that kind of

480

00:17:28,470 --> 00:17:25,360

thing oh yeah

481

00:17:30,630 --> 00:17:28,480

yeah um so

482

00:17:33,029 --> 00:17:30,640

i was my first base ellsworth air force

483

00:17:35,190 --> 00:17:33,039

base and and i went right into missiles

484

00:17:37,110 --> 00:17:35,200

because i was in security and

485

00:17:39,430 --> 00:17:37,120

i worked all three areas out there

486

00:17:41,350 --> 00:17:39,440

worked the 66 down in the badlands and

487

00:17:43,110 --> 00:17:41,360

then i worked the 67th which was up

488

00:17:45,830 --> 00:17:43,120

north of uh

489

00:17:46,789 --> 00:17:45,840

of ellsworth air force base itself you

490

00:17:48,470 --> 00:17:46,799

know because

491

00:17:50,870 --> 00:17:48,480

ellsworth is the main supporting base

492

00:17:52,549 --> 00:17:50,880

then all these facilities that you work

493

00:17:54,950 --> 00:17:52,559

are called launch control facilities

494

00:17:55,830 --> 00:17:54,960

where you live three days on four days

495

00:17:58,150 --> 00:17:55,840

off

496

00:18:01,190 --> 00:17:58,160

now let me ask you this is that is that

497

00:18:03,029 --> 00:18:01,200

all on an adjoined property or these

498

00:18:05,270 --> 00:18:03,039

separate properties oh they're all

499

00:18:07,190 --> 00:18:05,280

separated yeah they're everywhere

500

00:18:08,870 --> 00:18:07,200

and it forms part of norad you know

501
00:18:10,070 --> 00:18:08,880
which you have minot north dakota

502
00:18:12,310 --> 00:18:10,080
maelstrom

503
00:18:14,070 --> 00:18:12,320
fe warren and what's the other one you

504
00:18:16,630 --> 00:18:14,080
had ellsworth and you had offutt air

505
00:18:18,630 --> 00:18:16,640
force base nebraska i mean you have all

506
00:18:19,669 --> 00:18:18,640
these they all form that network and

507
00:18:21,830 --> 00:18:19,679
then of course

508
00:18:23,190 --> 00:18:21,840
cheyenne mountain you know as norad you

509
00:18:28,789 --> 00:18:23,200
know

510
00:18:32,070 --> 00:18:28,799
it's really was really quite a uh quite

511
00:18:33,750 --> 00:18:32,080
a complex you know and i guess since 81

512
00:18:35,510 --> 00:18:33,760
is when i guess something was reached

513
00:18:37,110 --> 00:18:35,520

for the soviet union

514

00:18:39,190 --> 00:18:37,120

and um president reagan they

515

00:18:40,549 --> 00:18:39,200

decommissioned the missile side at

516

00:18:43,350 --> 00:18:40,559

ellsworth but they of course they've got

517

00:18:45,270 --> 00:18:43,360

b-2 bombers there so those are those are

518

00:18:47,350 --> 00:18:45,280

alert aircraft you know

519

00:18:49,990 --> 00:18:47,360

everybody thinks that you know if these

520

00:18:51,669 --> 00:18:50,000

nukes were to ever launch you know

521

00:18:53,750 --> 00:18:51,679

how long would it take to get there well

522

00:18:55,830 --> 00:18:53,760

what's the the shortest area there is

523

00:18:57,270 --> 00:18:55,840

over the north pole right that's exactly

524

00:18:59,669 --> 00:18:57,280

what the soviet would do what we would

525

00:19:00,789 --> 00:18:59,679

do so you know talking 15 minutes or

526

00:19:02,150 --> 00:19:00,799

less

527

00:19:03,750 --> 00:19:02,160

that's pretty scary when you really

528

00:19:05,350 --> 00:19:03,760

think about it you know

529

00:19:08,310 --> 00:19:05,360

the whole the whole thing i mean it

530

00:19:11,270 --> 00:19:08,320

really is uh when you think about

531

00:19:13,590 --> 00:19:11,280

like if uh you you know you saw the

532

00:19:15,750 --> 00:19:13,600

movie war games i'm sure absolutely you

533

00:19:17,430 --> 00:19:15,760

know i mean how close

534

00:19:20,390 --> 00:19:17,440

you could be to the end of the world it

535

00:19:22,870 --> 00:19:20,400

could happen so easily

536

00:19:24,870 --> 00:19:22,880

i can tell you it's it's pretty it's

537

00:19:27,590 --> 00:19:24,880

been real close several times more than

538

00:19:30,150 --> 00:19:27,600

civilian population we'll know yeah and

539

00:19:32,549 --> 00:19:30,160

you were you were involved in something

540

00:19:33,510 --> 00:19:32,559

that seemed like it could have happened

541

00:19:35,350 --> 00:19:33,520

i don't know

542

00:19:37,350 --> 00:19:35,360

if we want to talk about that now or we

543

00:19:38,710 --> 00:19:37,360

should we talk about the series of

544

00:19:41,750 --> 00:19:38,720

events that

545

00:19:43,029 --> 00:19:41,760

uh well i can do either um

546

00:19:43,750 --> 00:19:43,039

well let's since we're talking about

547

00:19:46,230 --> 00:19:43,760

that

548

00:19:47,029 --> 00:19:46,240

particular

549

00:19:49,270 --> 00:19:47,039

um

550

00:19:50,710 --> 00:19:49,280

you told me a story on on when i was

551
00:19:52,390 --> 00:19:50,720
driving

552
00:19:54,789 --> 00:19:52,400
and we were talking on the phone

553
00:19:56,310 --> 00:19:54,799
and i i want to hear that about driving

554
00:19:58,870 --> 00:19:56,320
the trucks uh

555
00:20:00,870 --> 00:19:58,880
oh yeah yeah you know everybody always

556
00:20:03,430 --> 00:20:00,880
talks about how um

557
00:20:05,190 --> 00:20:03,440
signals were lost or how these missiles

558
00:20:07,430 --> 00:20:05,200
would go offline in the launch control

559
00:20:10,149 --> 00:20:07,440
facilities in the in the missile combat

560
00:20:12,789 --> 00:20:10,159
crew down in underground you know we're

561
00:20:14,950 --> 00:20:12,799
the response team they direct us to go

562
00:20:17,270 --> 00:20:14,960
to these affected missile sites

563
00:20:20,070 --> 00:20:17,280

and um you know we have an alert team

564

00:20:21,909 --> 00:20:20,080

that a a security response team that's

565

00:20:24,230 --> 00:20:21,919

primary during days and then at night

566

00:20:25,830 --> 00:20:24,240

you have a secondary team everybody

567

00:20:28,149 --> 00:20:25,840

works 12-hour shifts

568

00:20:30,789 --> 00:20:28,159

and so on a facility just right off the

569

00:20:32,630 --> 00:20:30,799

rip you've got six security policemen

570

00:20:34,310 --> 00:20:32,640

uh one our team

571

00:20:35,830 --> 00:20:34,320

formed two people then you have a backup

572

00:20:37,830 --> 00:20:35,840

alert team two people and two you have

573

00:20:39,990 --> 00:20:37,840

two flight security controllers and they

574

00:20:41,990 --> 00:20:40,000

direct those art teams but the real

575

00:20:43,590 --> 00:20:42,000

direction comes from downstairs when

576
00:20:45,190 --> 00:20:43,600
there is an alarm

577
00:20:46,549 --> 00:20:45,200
you know on a site whether it be an

578
00:20:48,470 --> 00:20:46,559
outer perimeter

579
00:20:50,070 --> 00:20:48,480
alarm or inner perimeter alarm which is

580
00:20:51,669 --> 00:20:50,080
much more serious which is what happened

581
00:20:53,430 --> 00:20:51,679
november 5.

582
00:20:55,510 --> 00:20:53,440
uh you have a facility manager and you

583
00:20:57,110 --> 00:20:55,520
have four officers there so two are on

584
00:20:59,590 --> 00:20:57,120
duty at any given time they work the

585
00:21:01,750 --> 00:20:59,600
same shifts we do they're underground 12

586
00:21:03,909 --> 00:21:01,760
you know 12 hours at a time and then up

587
00:21:05,270 --> 00:21:03,919
you know and then for three days on four

588
00:21:07,350 --> 00:21:05,280

days off

589

00:21:09,909 --> 00:21:07,360

um

590

00:21:11,669 --> 00:21:09,919

this particular night uh

591

00:21:14,230 --> 00:21:11,679

if you mean to just go into that but

592

00:21:16,789 --> 00:21:14,240

yeah sure yeah okay the um

593

00:21:17,990 --> 00:21:16,799

a lot of times if if if the missiles

594

00:21:20,070 --> 00:21:18,000

went off

595

00:21:22,070 --> 00:21:20,080

line of course everybody lost their

596

00:21:23,830 --> 00:21:22,080

minds and we didn't know which way to go

597

00:21:24,710 --> 00:21:23,840

we were waiting for direction of what to

598

00:21:27,990 --> 00:21:24,720

do

599

00:21:29,190 --> 00:21:28,000

so you know within that uh echelon of

600

00:21:31,110 --> 00:21:29,200

rank

601
00:21:33,190 --> 00:21:31,120
uh these officers i guess i don't know

602
00:21:35,590 --> 00:21:33,200
how they discussed it with each other we

603
00:21:38,070 --> 00:21:35,600
talked to norad i mean who joined chiefs

604
00:21:39,669 --> 00:21:38,080
of staff whoever they discussed it with

605
00:21:41,430 --> 00:21:39,679
you know with the problem

606
00:21:42,470 --> 00:21:41,440
but for us

607
00:21:43,830 --> 00:21:42,480
the main

608
00:21:46,149 --> 00:21:43,840
thing that used to really get me was

609
00:21:47,669 --> 00:21:46,159
when these missiles cycled themselves to

610
00:21:50,230 --> 00:21:47,679
launch

611
00:21:51,750 --> 00:21:50,240
meaning that they had no control over

612
00:21:53,590 --> 00:21:51,760
what it was doing it just went through

613
00:21:56,710 --> 00:21:53,600

the whole process on their on their

614

00:21:59,110 --> 00:21:56,720

panel downstairs okay november november

615

00:22:01,029 --> 00:21:59,120

10 is going to launch you know and what

616

00:22:01,909 --> 00:22:01,039

they would do how can we stop it we

617

00:22:07,190 --> 00:22:01,919

can't

618

00:22:10,870 --> 00:22:07,200

so so can you can you tell me was there

619

00:22:12,710 --> 00:22:10,880

a ufo involved in this particular case

620

00:22:15,669 --> 00:22:12,720

i don't know i sometimes it was

621

00:22:17,510 --> 00:22:15,679

sometimes there weren't so these things

622

00:22:19,029 --> 00:22:17,520

does is this something that

623

00:22:21,029 --> 00:22:19,039

can happen

624

00:22:23,029 --> 00:22:21,039

i mean

625

00:22:24,549 --> 00:22:23,039

after what i saw any damn thing can

626
00:22:25,510 --> 00:22:24,559
happen

627
00:22:27,190 --> 00:22:25,520
yeah

628
00:22:29,270 --> 00:22:27,200
that is just crazy

629
00:22:30,230 --> 00:22:29,280
something that dangerous can

630
00:22:33,350 --> 00:22:30,240
yeah

631
00:22:35,190 --> 00:22:33,360
arm itself somehow somehow

632
00:22:37,350 --> 00:22:35,200
and prepare itself for launch i mean

633
00:22:38,390 --> 00:22:37,360
those are solid fuel rockets you know so

634
00:22:41,590 --> 00:22:38,400
there's underground there's

635
00:22:43,750 --> 00:22:41,600
dehumidifiers that keeps those rockets

636
00:22:45,909 --> 00:22:43,760
dehumidified or the or the fuel source

637
00:22:47,909 --> 00:22:45,919
which is a powder at that time

638
00:22:49,190 --> 00:22:47,919

now they're liquid

639

00:22:51,430 --> 00:22:49,200

but um

640

00:22:53,110 --> 00:22:51,440

so we would be dispatched in a hurry get

641

00:22:54,870 --> 00:22:53,120

there as quick as you can

642

00:22:56,950 --> 00:22:54,880

open the gates

643

00:22:59,110 --> 00:22:56,960

drive onto the site you know there's a

644

00:23:00,549 --> 00:22:59,120

13-ton blast door that sits on top of

645

00:23:02,710 --> 00:23:00,559

these missiles

646

00:23:06,870 --> 00:23:02,720

and if that missile were to launch in

647

00:23:09,750 --> 00:23:06,880

reality in real world that blast door it

648

00:23:11,510 --> 00:23:09,760

goes back at supersonic speed almost and

649

00:23:13,590 --> 00:23:11,520

it hits a great big steel plate about

650

00:23:14,470 --> 00:23:13,600

two and a half three inches deep or

651
00:23:15,990 --> 00:23:14,480
thick

652
00:23:17,350 --> 00:23:16,000
and it's on rails just like on a

653
00:23:19,190 --> 00:23:17,360
railroad track

654
00:23:21,669 --> 00:23:19,200
and you can see simulations there you

655
00:23:24,070 --> 00:23:21,679
can see actual launches i think from one

656
00:23:25,909 --> 00:23:24,080
of the bases in california how these

657
00:23:27,590 --> 00:23:25,919
things launch and how they work

658
00:23:29,590 --> 00:23:27,600
um but anyway

659
00:23:31,190 --> 00:23:29,600
it's supposed to trip the door and blow

660
00:23:32,710 --> 00:23:31,200
it up and blow it up and out and over

661
00:23:34,149 --> 00:23:32,720
the fence which is supposed to blow it

662
00:23:35,830 --> 00:23:34,159
about an eighth of a mile believe it or

663
00:23:38,310 --> 00:23:35,840

not

664

00:23:40,470 --> 00:23:38,320

but what they had us do was being this

665

00:23:42,950 --> 00:23:40,480

missile was you know they've lost

666

00:23:44,630 --> 00:23:42,960

control of it and it was cycling itself

667

00:23:46,470 --> 00:23:44,640

to launch

668

00:23:48,390 --> 00:23:46,480

they would have us drive our vehicles

669

00:23:50,950 --> 00:23:48,400

out there as quickly as possible two-man

670

00:23:51,750 --> 00:23:50,960

team in one vehicle an f-154 pickup

671

00:23:54,390 --> 00:23:51,760

truck

672

00:23:56,470 --> 00:23:54,400

and sit it on top of the missile side or

673

00:23:58,310 --> 00:23:56,480

sit it on top of the blast door

674

00:24:00,310 --> 00:23:58,320

and then put it in neutral

675

00:24:02,149 --> 00:24:00,320

and get off the site by a mile just in

676
00:24:04,390 --> 00:24:02,159
case that they had one thing launched

677
00:24:05,830 --> 00:24:04,400
hoping that when the blast door

678
00:24:07,909 --> 00:24:05,840
blew off

679
00:24:09,990 --> 00:24:07,919
being the vehicle was in neutral it

680
00:24:10,950 --> 00:24:10,000
would drop down on the missile and it

681
00:24:12,789 --> 00:24:10,960
would

682
00:24:14,630 --> 00:24:12,799
mess it up in some way or its guidance

683
00:24:16,470 --> 00:24:14,640
system and it would just go off and hit

684
00:24:18,230 --> 00:24:16,480
the ground and detonate you know

685
00:24:20,470 --> 00:24:18,240
conventional it wouldn't be nuclear i

686
00:24:21,510 --> 00:24:20,480
don't guess but i don't really know that

687
00:24:24,310 --> 00:24:21,520
but

688
00:24:26,630 --> 00:24:24,320

we did that i don't know how many times

689

00:24:29,350 --> 00:24:26,640

and now from that was from geez i think

690

00:24:31,029 --> 00:24:29,360

that was from 76 all the way to 79 i

691

00:24:33,110 --> 00:24:31,039

probably responded i probably went to

692

00:24:35,190 --> 00:24:33,120

eight or ten of those and i was it was

693

00:24:36,950 --> 00:24:35,200

i'm just one i was one of 800 security

694

00:24:38,070 --> 00:24:36,960

policemen so

695

00:24:40,070 --> 00:24:38,080

that is

696

00:24:41,669 --> 00:24:40,080

yeah and my incident wasn't alone you

697

00:24:43,029 --> 00:24:41,679

know i was you're never alone in any of

698

00:24:45,029 --> 00:24:43,039

these situations you always have a

699

00:24:46,789 --> 00:24:45,039

partner or you have another team member

700

00:24:48,549 --> 00:24:46,799

that's with you or you maybe there may

701
00:24:50,870 --> 00:24:48,559
be two teams or

702
00:24:52,310 --> 00:24:50,880
you may have several six or eight people

703
00:24:55,110 --> 00:24:52,320
with you

704
00:24:56,630 --> 00:24:55,120
that seems like such a national security

705
00:24:57,990 --> 00:24:56,640
issue

706
00:24:59,029 --> 00:24:58,000
it just seems

707
00:25:04,470 --> 00:24:59,039
like

708
00:25:05,909 --> 00:25:04,480
but there are there are cases even in

709
00:25:08,149 --> 00:25:05,919
russia

710
00:25:09,590 --> 00:25:08,159
but it did involve a ufo

711
00:25:11,029 --> 00:25:09,600
yes where

712
00:25:12,789 --> 00:25:11,039
the line secrets

713
00:25:14,149 --> 00:25:12,799

yeah we had several that did also but

714

00:25:15,590 --> 00:25:14,159

there were several times it went to a

715

00:25:17,430 --> 00:25:15,600

site where there was nothing it had

716

00:25:21,430 --> 00:25:17,440

already been there

717

00:25:24,070 --> 00:25:21,440

they would leave i mean you might see a

718

00:25:25,350 --> 00:25:24,080

streak across the sky i didn't see that

719

00:25:27,190 --> 00:25:25,360

you know i saw something completely

720

00:25:29,830 --> 00:25:27,200

different on november 5.

721

00:25:32,070 --> 00:25:29,840

yeah there was no question what i saw

722

00:25:33,990 --> 00:25:32,080

yeah well you know we've got like an

723

00:25:38,070 --> 00:25:34,000

hour and a half we've got plenty of time

724

00:25:39,909 --> 00:25:38,080

to talk about all this so uh but um

725

00:25:42,470 --> 00:25:39,919

you know uh the

726

00:25:45,510 --> 00:25:42,480

aftermath of

727

00:25:46,870 --> 00:25:45,520

of just that alone that's that's i mean

728

00:25:48,070 --> 00:25:46,880

you must have been scared out of your

729

00:25:50,789 --> 00:25:48,080

wits

730

00:25:53,590 --> 00:25:50,799

well it it's an awakening and sobering

731

00:25:55,350 --> 00:25:53,600

uh career field you know

732

00:25:56,990 --> 00:25:55,360

you're not even thinking anything like

733

00:25:59,269 --> 00:25:57,000

that you're thinking you know

734

00:26:00,950 --> 00:25:59,279

anti-terrorism and you know what could

735

00:26:03,750 --> 00:26:00,960

happen if somebody would access one of

736

00:26:06,470 --> 00:26:03,760

these sites which would be pretty i mean

737

00:26:09,110 --> 00:26:06,480

i guess it could be possible but

738

00:26:10,470 --> 00:26:09,120

to get to an actual warhead on one of

739

00:26:12,310 --> 00:26:10,480

those sites

740

00:26:14,549 --> 00:26:12,320

believe me there would it would be a

741

00:26:15,909 --> 00:26:14,559

huge firefight because we we would know

742

00:26:17,909 --> 00:26:15,919

you're there and we would bring

743

00:26:19,269 --> 00:26:17,919

everything to stop

744

00:26:21,110 --> 00:26:19,279

yeah and uh you know that was in the

745

00:26:23,269 --> 00:26:21,120

time of russell means and the indian

746

00:26:24,630 --> 00:26:23,279

movement that was going on out there and

747

00:26:26,789 --> 00:26:24,640

it was we had there was a whole bunch of

748

00:26:29,190 --> 00:26:26,799

threats always so we were always in a

749

00:26:30,950 --> 00:26:29,200

heightened in a state of awareness you

750

00:26:32,470 --> 00:26:30,960

know and our patrols you know we

751
00:26:34,149 --> 00:26:32,480
patrolled every day you just don't stay

752
00:26:36,470 --> 00:26:34,159
at a missile site wait for dispatch you

753
00:26:38,630 --> 00:26:36,480
know you patrol do launch facility but

754
00:26:40,789 --> 00:26:38,640
checks and all that stuff so you check

755
00:26:43,350 --> 00:26:40,799
everything you escort people out there

756
00:26:45,029 --> 00:26:43,360
you escort the alert teams that come out

757
00:26:47,669 --> 00:26:45,039
to do work or

758
00:26:49,110 --> 00:26:47,679
um you know or to reach you know

759
00:26:51,350 --> 00:26:49,120
whatever they had to do to the missile

760
00:26:52,470 --> 00:26:51,360
itself or the platform or anything like

761
00:26:53,909 --> 00:26:52,480
that

762
00:26:58,470 --> 00:26:53,919
so

763
00:26:59,990 --> 00:26:58,480

even 150 warheads how many miles apart

764

00:27:02,310 --> 00:27:00,000

were was the total

765

00:27:04,230 --> 00:27:02,320

would you say i mean how much mileage

766

00:27:05,190 --> 00:27:04,240

would that cover like square miles or

767

00:27:07,669 --> 00:27:05,200

whatever

768

00:27:10,630 --> 00:27:07,679

you mean the entire network there yeah

769

00:27:13,190 --> 00:27:10,640

yeah well if you looked at a map i mean

770

00:27:15,110 --> 00:27:13,200

it started it started at ellsworth from

771

00:27:17,590 --> 00:27:15,120

the badlands

772

00:27:20,710 --> 00:27:17,600

all the way over into wyoming at fe

773

00:27:23,190 --> 00:27:20,720

warren so wow it went completely and all

774

00:27:25,350 --> 00:27:23,200

the way north into minot north dakota

775

00:27:27,110 --> 00:27:25,360

then all the way northwest to malstrom

776

00:27:28,870 --> 00:27:27,120

air force base so you can kind of see

777

00:27:30,470 --> 00:27:28,880

this vast

778

00:27:32,470 --> 00:27:30,480

you know it's a

779

00:27:34,389 --> 00:27:32,480

missile network that exists there and

780

00:27:35,590 --> 00:27:34,399

all those except those words still exist

781

00:27:39,110 --> 00:27:35,600

today

782

00:27:41,269 --> 00:27:39,120

now it is a network is it is it yeah and

783

00:27:42,310 --> 00:27:41,279

so with a centralized

784

00:27:44,710 --> 00:27:42,320

control

785

00:27:46,549 --> 00:27:44,720

center that type of thing well i mean

786

00:27:48,950 --> 00:27:46,559

you know of course the president has the

787

00:27:51,830 --> 00:27:48,960

ultimate uh launch capability but you

788

00:27:54,789 --> 00:27:51,840

know if directives are are done or or

789

00:27:57,669 --> 00:27:54,799

carried out each launch control facility

790

00:27:59,750 --> 00:27:57,679

the the missile crew that are there the

791

00:28:01,909 --> 00:27:59,760

officers that are there you know they

792

00:28:04,549 --> 00:28:01,919

have the keys and lock boxes below

793

00:28:06,549 --> 00:28:04,559

ground in in their facility there's two

794

00:28:08,630 --> 00:28:06,559

weapons there and not one person can

795

00:28:10,870 --> 00:28:08,640

turn two keys not one person can launch

796

00:28:13,029 --> 00:28:10,880

a nuclear weapon there's no way

797

00:28:15,190 --> 00:28:13,039

physically possible to do that that's

798

00:28:17,510 --> 00:28:15,200

good that's very good i remember there

799

00:28:18,310 --> 00:28:17,520

was a accident where someone dropped a

800

00:28:21,669 --> 00:28:18,320

tool

801
00:28:24,549 --> 00:28:21,679
a wrench a wrench yeah yeah and a pool

802
00:28:26,549 --> 00:28:24,559
line and that was a liquid fuel rocket

803
00:28:29,590 --> 00:28:26,559
that was a that was a uh that was a

804
00:28:31,590 --> 00:28:29,600
titan not a min not a minuteman oh okay

805
00:28:33,110 --> 00:28:31,600
and it blew a crater

806
00:28:35,269 --> 00:28:33,120
i mean

807
00:28:37,430 --> 00:28:35,279
gargantuan

808
00:28:39,430 --> 00:28:37,440
yeah yeah yeah it was terrible they

809
00:28:41,110 --> 00:28:39,440
couldn't stop it you know and now of

810
00:28:42,630 --> 00:28:41,120
course you know everything's tethered to

811
00:28:45,510 --> 00:28:42,640
people that work on them they didn't do

812
00:28:47,190 --> 00:28:45,520
that then oh wow all tools are tethered

813
00:28:49,510 --> 00:28:47,200

to an individual oh yeah yeah that makes

814

00:28:51,750 --> 00:28:49,520

that totally makes sense yeah yeah i'm

815

00:28:54,470 --> 00:28:51,760

sure that's the initiation of it

816

00:28:56,710 --> 00:28:54,480

when that happened oh my god yeah

817

00:28:58,149 --> 00:28:56,720

terrible thing yeah yeah i think it's

818

00:29:02,389 --> 00:28:58,159

still i think it's still costing people

819

00:29:06,310 --> 00:29:02,399

their lives but uh but it was bad

820

00:29:08,789 --> 00:29:06,320

wow so uh you heard uh

821

00:29:11,669 --> 00:29:08,799

since this all happened to you you heard

822

00:29:14,149 --> 00:29:11,679

about the particular area you were in

823

00:29:16,230 --> 00:29:14,159

there were people seeing ufos starting

824

00:29:18,549 --> 00:29:16,240

all the way back in 1953 is that right

825

00:29:20,070 --> 00:29:18,559

absolutely yeah and what did you how did

826

00:29:21,029 --> 00:29:20,080

you hear about that who talked about

827

00:29:22,950 --> 00:29:21,039

that

828

00:29:25,110 --> 00:29:22,960

uh well i i met a couple of officers

829

00:29:28,230 --> 00:29:25,120

there i played a lot of tennis back then

830

00:29:29,669 --> 00:29:28,240

and i was pretty good at it and uh

831

00:29:32,149 --> 00:29:29,679

really tried to seek a professional

832

00:29:33,110 --> 00:29:32,159

career that at one time but um

833

00:29:35,909 --> 00:29:33,120

you know

834

00:29:37,350 --> 00:29:35,919

these b-52 bomber officers and other

835

00:29:39,029 --> 00:29:37,360

missile officers that were there they

836

00:29:40,549 --> 00:29:39,039

would talk about things and they'd been

837

00:29:42,230 --> 00:29:40,559

there several years

838

00:29:44,630 --> 00:29:42,240

and when i first got there there were

839

00:29:47,190 --> 00:29:44,640

actually two f-86

840

00:29:49,430 --> 00:29:47,200

fighter aircraft and two hangars

841

00:29:51,269 --> 00:29:49,440

but they had they had

842

00:29:53,510 --> 00:29:51,279

a couple of sightings where these air

843

00:29:55,590 --> 00:29:53,520

these crab came right down on the runway

844

00:29:58,549 --> 00:29:55,600

at ellsworth now mind you they had an

845

00:30:00,549 --> 00:29:58,559

uploaded b-52 bomber wing so you got

846

00:30:02,789 --> 00:30:00,559

these buffs sitting everywhere on the on

847

00:30:05,350 --> 00:30:02,799

the alert pad and they're uploaded with

848

00:30:06,789 --> 00:30:05,360

with nukes they're ready to go

849

00:30:08,549 --> 00:30:06,799

and um

850

00:30:10,950 --> 00:30:08,559

it was as if they were being the flight

851
00:30:12,070 --> 00:30:10,960
controllers were actually being taunted

852
00:30:16,870 --> 00:30:12,080
by these

853
00:30:19,269 --> 00:30:16,880
and they would come down within 25 or 30

854
00:30:21,510 --> 00:30:19,279
feet of the runway over it

855
00:30:24,230 --> 00:30:21,520
and then wait for these fighter jets to

856
00:30:26,950 --> 00:30:24,240
be scrambled and just lead them away

857
00:30:28,710 --> 00:30:26,960
north toward minot north dakota and then

858
00:30:30,549 --> 00:30:28,720
just run away from them

859
00:30:32,389 --> 00:30:30,559
and they that happened six or eight

860
00:30:34,389 --> 00:30:32,399
times

861
00:30:36,789 --> 00:30:34,399
yeah from from those years that year you

862
00:30:39,990 --> 00:30:36,799
just described all the way into

863
00:30:41,909 --> 00:30:40,000

i guess the late 60s and early 70s now i

864

00:30:43,269 --> 00:30:41,919

was working in the missile field so i

865

00:30:45,029 --> 00:30:43,279

didn't see any of that but there but

866

00:30:45,830 --> 00:30:45,039

that did happen a few times while i was

867

00:30:47,510 --> 00:30:45,840

there

868

00:30:50,389 --> 00:30:47,520

i wonder if any of these can be found in

869

00:30:51,909 --> 00:30:50,399

project blue book files you know because

870

00:30:54,149 --> 00:30:51,919

that was

871

00:30:57,750 --> 00:30:54,159

yeah 1969 was the last year they were

872

00:31:00,230 --> 00:30:57,760

around 59. yeah um i don't know you know

873

00:31:03,430 --> 00:31:00,240

i i think project blue book was just a

874

00:31:06,230 --> 00:31:03,440

information controlled uh yeah uh window

875

00:31:07,990 --> 00:31:06,240

dressing yeah um so

876

00:31:11,509 --> 00:31:08,000

and and since it was military it

877

00:31:13,990 --> 00:31:11,519

probably was just kept hush hush yes

878

00:31:17,110 --> 00:31:14,000

and they could do away with they did

879

00:31:20,870 --> 00:31:17,120

yeah yeah so we're gonna talk let's talk

880

00:31:23,029 --> 00:31:20,880

about you talk about this november five

881

00:31:24,029 --> 00:31:23,039

excellent okay and what what year

882

00:31:25,909 --> 00:31:24,039

was that

883

00:31:28,070 --> 00:31:25,919

1977

884

00:31:29,830 --> 00:31:28,080

um on this particular night i don't know

885

00:31:31,110 --> 00:31:29,840

the exact date but it was before

886

00:31:33,669 --> 00:31:31,120

thanksgiving

887

00:31:36,549 --> 00:31:33,679

uh in 1977 it was cold it had already

888

00:31:37,350 --> 00:31:36,559

been a blizzard in late october

889

00:31:40,870 --> 00:31:37,360

yeah

890

00:31:42,549 --> 00:31:40,880

it's like 50 but dakotas are really

891

00:31:44,070 --> 00:31:42,559

something yeah i'm going to hear yeah

892

00:31:46,470 --> 00:31:44,080

and believe me you're prepared for it

893

00:31:49,430 --> 00:31:46,480

you've got parkas bunny boots pant

894

00:31:51,509 --> 00:31:49,440

parkas you know i mean i mean you have

895

00:31:53,990 --> 00:31:51,519

really great cold weather gear

896

00:31:56,630 --> 00:31:54,000

and uh that's what kept keeps us alive

897

00:31:59,269 --> 00:31:56,640

out there believe it or not yeah

898

00:32:00,549 --> 00:31:59,279

anyway this one particular night

899

00:32:01,990 --> 00:32:00,559

i was working with a new guy named

900

00:32:04,070 --> 00:32:02,000

michael johnson

901
00:32:06,870 --> 00:32:04,080
and a real nice guy and

902
00:32:08,070 --> 00:32:06,880
he was working vacation relief

903
00:32:11,350 --> 00:32:08,080
uh

904
00:32:13,350 --> 00:32:11,360
i stepped outside about 9 15 9 20. i

905
00:32:14,950 --> 00:32:13,360
smoked back then and i just wanted some

906
00:32:16,789 --> 00:32:14,960
fresh air you know and our missile sides

907
00:32:18,789 --> 00:32:16,799
we only there was only three tv channels

908
00:32:20,630 --> 00:32:18,799
back then yeah and uh

909
00:32:22,389 --> 00:32:20,640
we had a nice day room you know you have

910
00:32:23,669 --> 00:32:22,399
a kitchen you have a cheap cook and all

911
00:32:24,870 --> 00:32:23,679
that stuff so

912
00:32:26,149 --> 00:32:24,880
you know you got your flight security

913
00:32:28,470 --> 00:32:26,159

controller's office and you have your

914

00:32:30,549 --> 00:32:28,480

bedrooms in the back where your facility

915

00:32:32,549 --> 00:32:30,559

manager sleeps and

916

00:32:34,630 --> 00:32:32,559

two off-duty officers they sleep in

917

00:32:37,110 --> 00:32:34,640

those back rooms and then you have of

918

00:32:39,830 --> 00:32:37,120

course your off-duty security placement

919

00:32:41,430 --> 00:32:39,840

and so we were on duty from the 6 pm to

920

00:32:43,669 --> 00:32:41,440

6 a.m shift

921

00:32:45,990 --> 00:32:43,679

and as i said about 9 30 i just stepped

922

00:32:48,149 --> 00:32:46,000

outside to smoke a cigarette

923

00:32:50,389 --> 00:32:48,159

and just right out the front door and

924

00:32:51,909 --> 00:32:50,399

of the vegetable and every every

925

00:32:54,470 --> 00:32:51,919

building up there has a vegetable to

926
00:32:55,669 --> 00:32:54,480
protect from cold into the warm area you

927
00:32:57,750 --> 00:32:55,679
know

928
00:32:58,870 --> 00:32:57,760
expose it with a door on the inside but

929
00:33:00,950 --> 00:32:58,880
anyway

930
00:33:02,549 --> 00:33:00,960
our vehicle was kept directly outside

931
00:33:03,990 --> 00:33:02,559
the flight security controller's office

932
00:33:05,269 --> 00:33:04,000
and it was plugged in

933
00:33:07,430 --> 00:33:05,279
we had a

934
00:33:10,870 --> 00:33:07,440
a warmer that kept the transmission

935
00:33:12,870 --> 00:33:10,880
fluid uh and the fluids uh warm right

936
00:33:15,669 --> 00:33:12,880
now in the event of this and the bad

937
00:33:18,470 --> 00:33:15,679
weather in cold weather like you know 50

938
00:33:20,310 --> 00:33:18,480

below yeah yeah so i i've seen the tires

939

00:33:22,230 --> 00:33:20,320

frozen to the cement but or frozen to

940

00:33:24,149 --> 00:33:22,240

the parking lot before

941

00:33:26,710 --> 00:33:24,159

yeah so anyway i just stepped outside to

942

00:33:27,830 --> 00:33:26,720

smoke a cigarette it's about 9 20 9 30

943

00:33:29,350 --> 00:33:27,840

at night

944

00:33:31,590 --> 00:33:29,360

and i just happened to look and i would

945

00:33:33,990 --> 00:33:31,600

be looking east

946

00:33:36,149 --> 00:33:34,000

and i see this object or i see something

947

00:33:38,870 --> 00:33:36,159

i didn't know as an object at the time

948

00:33:40,230 --> 00:33:38,880

at about a 30 degree

949

00:33:41,750 --> 00:33:40,240

elevation

950

00:33:43,269 --> 00:33:41,760

maybe

951
00:33:45,669 --> 00:33:43,279
i don't know

952
00:33:46,870 --> 00:33:45,679
five six miles away

953
00:33:49,029 --> 00:33:46,880
and i thought it would first it was a

954
00:33:50,950 --> 00:33:49,039
helicopter or i said well it could be

955
00:33:53,110 --> 00:33:50,960
b-52 bombers but

956
00:33:55,269 --> 00:33:53,120
you know because they'll do these really

957
00:33:56,870 --> 00:33:55,279
low running sorties that when they do

958
00:33:59,110 --> 00:33:56,880
their practice bomb runs that's what

959
00:34:01,029 --> 00:33:59,120
they do they come in real low altitude

960
00:34:02,950 --> 00:34:01,039
they're really fast you know and i i

961
00:34:04,630 --> 00:34:02,960
didn't know a b52 bomber could do that i

962
00:34:06,870 --> 00:34:04,640
thought it was all high altitude stuff

963
00:34:07,990 --> 00:34:06,880

and that's not true so

964

00:34:09,829 --> 00:34:08,000

um

965

00:34:11,990 --> 00:34:09,839

anyway i see this thing and

966

00:34:14,629 --> 00:34:12,000

it looked odd it was a different color

967

00:34:17,270 --> 00:34:14,639

or something it was flickering different

968

00:34:19,190 --> 00:34:17,280

i mean what the heck is that

969

00:34:20,389 --> 00:34:19,200

so i'd looked away and i looked back at

970

00:34:22,149 --> 00:34:20,399

it and it's still there and it was

971

00:34:24,629 --> 00:34:22,159

stationary i said well that's not that's

972

00:34:26,629 --> 00:34:24,639

not a planet it's not you know

973

00:34:28,230 --> 00:34:26,639

it's not a star i know not a star you

974

00:34:30,629 --> 00:34:28,240

know you see jupiter or venus or

975

00:34:32,710 --> 00:34:30,639

whatever

976

00:34:34,389 --> 00:34:32,720

well maybe it's a helicopter i said i'm

977

00:34:36,149 --> 00:34:34,399

so

978

00:34:37,669 --> 00:34:36,159

i don't know what came over me i said

979

00:34:39,349 --> 00:34:37,679

i'm gonna off

980

00:34:40,470 --> 00:34:39,359

i'm gonna flip the security lights at

981

00:34:42,470 --> 00:34:40,480

this thing

982

00:34:44,069 --> 00:34:42,480

so not even thinking they could see you

983

00:34:46,310 --> 00:34:44,079

you know or anything like that but out

984

00:34:49,750 --> 00:34:46,320

there this missile side or this launch

985

00:34:50,790 --> 00:34:49,760

control facility would stand out

986

00:34:53,190 --> 00:34:50,800

like

987

00:34:55,190 --> 00:34:53,200

you know a welder's light because it's

988

00:34:58,230 --> 00:34:55,200

all prairie i mean these buffalo run the

989

00:34:59,990 --> 00:34:58,240

prairies there you know

990

00:35:01,109 --> 00:35:00,000

and um

991

00:35:03,349 --> 00:35:01,119

so

992

00:35:04,630 --> 00:35:03,359

i walked inside and bill holloman he was

993

00:35:05,990 --> 00:35:04,640

a staff sergeant he was our flight

994

00:35:06,870 --> 00:35:06,000

security controller a good friend of

995

00:35:08,390 --> 00:35:06,880

mine

996

00:35:10,150 --> 00:35:08,400

he was on the phone with his wife back

997

00:35:11,990 --> 00:35:10,160

in rapid city and i said bill i said i

998

00:35:12,950 --> 00:35:12,000

see something out here man in the air in

999

00:35:15,190 --> 00:35:12,960

the sky

1000

00:35:16,550 --> 00:35:15,200

it says right over here you know to the

1001
00:35:18,069 --> 00:35:16,560
east of us

1002
00:35:20,069 --> 00:35:18,079
he just looked at me and kind of waved

1003
00:35:21,910 --> 00:35:20,079
at me like that he was talking his wife

1004
00:35:23,270 --> 00:35:21,920
i said i'm gonna flip the lights at it i

1005
00:35:25,910 --> 00:35:23,280
think it's a helicopter or something

1006
00:35:27,510 --> 00:35:25,920
i'll see if it flips back you know

1007
00:35:29,750 --> 00:35:27,520
the only reason i did that's because it

1008
00:35:31,750 --> 00:35:29,760
when i sailed with my father back in the

1009
00:35:33,910 --> 00:35:31,760
summers when i was growing up

1010
00:35:35,589 --> 00:35:33,920
ships sometimes signal lights and you've

1011
00:35:37,349 --> 00:35:35,599
seen that on movies in the navy they

1012
00:35:39,589 --> 00:35:37,359
flicked lights at each other yeah

1013
00:35:42,310 --> 00:35:39,599

communicate at sea right right

1014

00:35:44,069 --> 00:35:42,320

i did just that i just no sequence no

1015

00:35:46,470 --> 00:35:44,079

sos or anything i don't even know if i

1016

00:35:48,710 --> 00:35:46,480

knew what an sos was like

1017

00:35:50,390 --> 00:35:48,720

i think i was supposed to but i didn't

1018

00:35:52,470 --> 00:35:50,400

and i just flipped the facility lights

1019

00:35:55,109 --> 00:35:52,480

there's about 12 to 14 of these big

1020

00:35:56,390 --> 00:35:55,119

large cans you know on all the perimeter

1021

00:35:57,670 --> 00:35:56,400

fencing and on the perimeter of the

1022

00:36:00,310 --> 00:35:57,680

building

1023

00:36:03,270 --> 00:36:00,320

so it looked like

1024

00:36:05,109 --> 00:36:03,280

it was a big signal you know yeah and

1025

00:36:07,670 --> 00:36:05,119

one switch controlled them all so i just

1026

00:36:10,150 --> 00:36:07,680

went blip blip blip blip blip

1027

00:36:11,589 --> 00:36:10,160

back one walked outside and looked

1028

00:36:12,870 --> 00:36:11,599

thinking you know if it's a helicopter

1029

00:36:14,710 --> 00:36:12,880

they'll maybe they're going to come this

1030

00:36:16,390 --> 00:36:14,720

way or something

1031

00:36:18,950 --> 00:36:16,400

so i just i was looking at it and all

1032

00:36:20,710 --> 00:36:18,960

sudden it just went off

1033

00:36:22,230 --> 00:36:20,720

in about five seconds pass and it popped

1034

00:36:25,109 --> 00:36:22,240

back on and i went

1035

00:36:29,589 --> 00:36:27,829

so i did it again

1036

00:36:31,510 --> 00:36:29,599

i went back in you know i'm only i'm

1037

00:36:33,670 --> 00:36:31,520

only 10 feet up outside the door you

1038

00:36:35,670 --> 00:36:33,680

know run back in i say man i got

1039

00:36:38,550 --> 00:36:35,680

flipping this light at something so i

1040

00:36:40,710 --> 00:36:38,560

did it again and i go back up

1041

00:36:43,670 --> 00:36:40,720

and lo and behold

1042

00:36:45,510 --> 00:36:43,680

it goes out again and pops back on

1043

00:36:47,589 --> 00:36:45,520

i did this three times and i went and i

1044

00:36:49,270 --> 00:36:47,599

got michael johnson all right i told him

1045

00:36:51,109 --> 00:36:49,280

i said you got to see this i asked bill

1046

00:36:53,349 --> 00:36:51,119

holloman to come out there

1047

00:36:55,109 --> 00:36:53,359

and uh he was he didn't even he didn't

1048

00:36:56,550 --> 00:36:55,119

want to even acknowledge me really he

1049

00:36:58,550 --> 00:36:56,560

was just on the phone with his wife

1050

00:37:00,630 --> 00:36:58,560

worried about kids but

1051
00:37:02,150 --> 00:37:00,640
anyway so michael johnson comes out and

1052
00:37:03,670 --> 00:37:02,160
i said man you got to check this out i

1053
00:37:05,349 --> 00:37:03,680
said i flipped the lights of this thing

1054
00:37:07,349 --> 00:37:05,359
i said it's not moving

1055
00:37:09,589 --> 00:37:07,359
yeah it's not moving

1056
00:37:10,710 --> 00:37:09,599
um watch this i said i'm gonna go flip

1057
00:37:12,150 --> 00:37:10,720
the lights out

1058
00:37:13,750 --> 00:37:12,160
so i flipped the lights at it again that

1059
00:37:15,990 --> 00:37:13,760
would have been the fourth time third or

1060
00:37:17,190 --> 00:37:16,000
fourth time

1061
00:37:19,190 --> 00:37:17,200
and uh

1062
00:37:22,390 --> 00:37:19,200
it went out

1063
00:37:25,589 --> 00:37:22,400

didn't come back on

1064

00:37:27,349 --> 00:37:25,599

back on and i went

1065

00:37:29,430 --> 00:37:27,359

well man this is really strange i say

1066

00:37:31,510 --> 00:37:29,440

what maybe it turned the other direction

1067

00:37:33,910 --> 00:37:31,520

so i can't see the light you know or

1068

00:37:38,150 --> 00:37:33,920

whatever it was i don't know just i

1069

00:37:41,510 --> 00:37:38,160

don't know landed i don't know so

1070

00:37:42,870 --> 00:37:41,520

michael johnson walked back in

1071

00:37:44,230 --> 00:37:42,880

and i hung around outside and i was

1072

00:37:46,150 --> 00:37:44,240

still looking just kind of questioning

1073

00:37:49,510 --> 00:37:46,160

what i'd seen

1074

00:37:52,710 --> 00:37:49,520

and all of a sudden to the north

1075

00:37:55,910 --> 00:37:52,720

boom it just pops on and it seemed like

1076
00:37:57,829 --> 00:37:55,920
from where it was to where it ended up

1077
00:37:59,670 --> 00:37:57,839
it moved

1078
00:38:02,230 --> 00:37:59,680
kind of like to its left kind of like

1079
00:38:04,390 --> 00:38:02,240
more westerly kind of like to out toward

1080
00:38:06,390 --> 00:38:04,400
the north of where

1081
00:38:07,990 --> 00:38:06,400
i had originally seen it to the east put

1082
00:38:10,069 --> 00:38:08,000
it that way

1083
00:38:12,470 --> 00:38:10,079
and it kind of maybe it went in a been

1084
00:38:14,470 --> 00:38:12,480
at an angle kind of uh because it wasn't

1085
00:38:16,390 --> 00:38:14,480
as far away it was brighter

1086
00:38:17,190 --> 00:38:16,400
when it popped back on

1087
00:38:18,950 --> 00:38:17,200
so

1088
00:38:20,630 --> 00:38:18,960

it kind of startled me when i saw that

1089

00:38:22,230 --> 00:38:20,640

and i'm like wow

1090

00:38:23,750 --> 00:38:22,240

maybe that is a plane but i couldn't you

1091

00:38:24,790 --> 00:38:23,760

know it wasn't moving like a plane it

1092

00:38:27,349 --> 00:38:24,800

was just

1093

00:38:29,190 --> 00:38:27,359

stationary in the sky

1094

00:38:30,870 --> 00:38:29,200

so

1095

00:38:32,230 --> 00:38:30,880

i went back in one more time and i

1096

00:38:35,349 --> 00:38:32,240

flipped the lights at it again when i

1097

00:38:37,109 --> 00:38:35,359

came back out it was out it was gone

1098

00:38:39,990 --> 00:38:37,119

and that was about probably quarter to

1099

00:38:42,069 --> 00:38:40,000

ten then you know so 15 20 minutes i

1100

00:38:43,750 --> 00:38:42,079

messed with this thing you know this i

1101

00:38:44,950 --> 00:38:43,760

did the light thing

1102

00:38:46,630 --> 00:38:44,960

so i didn't worry about it went back

1103

00:38:48,630 --> 00:38:46,640

into the day room picked up a book or

1104

00:38:50,550 --> 00:38:48,640

looked at one of the three tv channels

1105

00:38:53,750 --> 00:38:50,560

that we had and we're just north of a

1106

00:38:56,470 --> 00:38:53,760

little town called newell south dakota

1107

00:38:57,910 --> 00:38:56,480

the population there was 230. they were

1108

00:38:58,790 --> 00:38:57,920

real proud of that because there's a

1109

00:39:00,950 --> 00:38:58,800

sign

1110

00:39:03,190 --> 00:39:00,960

coming on how you know are coming north

1111

00:39:05,270 --> 00:39:03,200

on highway 79

1112

00:39:07,030 --> 00:39:05,280

as you enter newell

1113

00:39:09,990 --> 00:39:07,040

and then on as you exit newell so on

1114

00:39:12,870 --> 00:39:10,000

both internet entry and exit

1115

00:39:15,750 --> 00:39:12,880

population 230.

1116

00:39:18,310 --> 00:39:15,760

today at 670. i was just there oh is

1117

00:39:20,390 --> 00:39:18,320

that right yeah now is this that's not

1118

00:39:22,630 --> 00:39:20,400

renewal there oh that right there that's

1119

00:39:24,870 --> 00:39:22,640

a november five missile site that's okay

1120

00:39:28,310 --> 00:39:24,880

yeah all right

1121

00:39:31,109 --> 00:39:28,320

google earth uh longitude latitude

1122

00:39:35,430 --> 00:39:32,710

so you were just saying that population

1123

00:39:37,990 --> 00:39:35,440

grew to 670 i think you said since this

1124

00:39:39,109 --> 00:39:38,000

four since 40 something 43 years ago

1125

00:39:40,710 --> 00:39:39,119

yeah

1126

00:39:42,950 --> 00:39:40,720

so um

1127

00:39:44,790 --> 00:39:42,960

anyway like i said i went back inside

1128

00:39:47,030 --> 00:39:44,800

and just sat down and watched some tv

1129

00:39:49,510 --> 00:39:47,040

read a book and just messed around went

1130

00:39:50,950 --> 00:39:49,520

and talked to bill holloman a little bit

1131

00:39:53,829 --> 00:39:50,960

and didn't do too much and all of a

1132

00:39:56,630 --> 00:39:53,839

sudden about 12 20 12 30

1133

00:39:59,109 --> 00:39:56,640

the mcc phone from the capsule crew from

1134

00:40:00,950 --> 00:39:59,119

the officers downstairs it just went off

1135

00:40:02,710 --> 00:40:00,960

and it was you know that means you're

1136

00:40:04,390 --> 00:40:02,720

going to go somewhere and when it goes

1137

00:40:07,430 --> 00:40:04,400

off it's one of those phones that rings

1138

00:40:08,790 --> 00:40:07,440

like it doesn't ring it goes

1139

00:40:11,109 --> 00:40:08,800

like that

1140

00:40:12,870 --> 00:40:11,119

gotta pick it up or die listening to it

1141

00:40:15,670 --> 00:40:12,880

one of the two that's real loud you

1142

00:40:17,109 --> 00:40:15,680

can't miss it yeah so it was one of the

1143

00:40:19,670 --> 00:40:17,119

it was a captain downstairs i don't

1144

00:40:22,870 --> 00:40:19,680

remember his name um

1145

00:40:23,510 --> 00:40:22,880

uh anyway so we had a sit four which is

1146

00:40:42,230 --> 00:40:23,520

a

1147

00:40:43,750 --> 00:40:42,240

levels

1148

00:40:44,870 --> 00:40:43,760

alarmed

1149

00:40:47,589 --> 00:40:44,880

and uh

1150

00:40:49,670 --> 00:40:47,599

the outer outer perimeter alarm was is a

1151
00:40:51,589 --> 00:40:49,680
normal thing birds and rabbits or owls

1152
00:40:52,710 --> 00:40:51,599
or whatever you know set those off all

1153
00:40:55,190 --> 00:40:52,720
the time

1154
00:40:57,750 --> 00:40:55,200
and uh but that inner perimeter alarm is

1155
00:40:58,950 --> 00:40:57,760
or a inner alarm is really a serious

1156
00:41:00,870 --> 00:40:58,960
deal so

1157
00:41:02,550 --> 00:41:00,880
uh we got our security briefing and all

1158
00:41:04,710 --> 00:41:02,560
that stuff from the capsule crew and our

1159
00:41:06,470 --> 00:41:04,720
travel time is about 15 minutes and all

1160
00:41:08,390 --> 00:41:06,480
that stuff is pre-arranged and set up

1161
00:41:10,790 --> 00:41:08,400
and well organized

1162
00:41:14,309 --> 00:41:10,800
so crank the vehicle up got it going got

1163
00:41:15,349 --> 00:41:14,319

our ditty bags our weapons our usk code

1164

00:41:18,470 --> 00:41:15,359

tables

1165

00:41:20,870 --> 00:41:18,480

all of our stuff to go to november 5.

1166

00:41:23,109 --> 00:41:20,880

and uh michael johnson was a team leader

1167

00:41:25,270 --> 00:41:23,119

he outranked me by about two months so

1168

00:41:27,670 --> 00:41:25,280

that's that's

1169

00:41:30,390 --> 00:41:27,680

tuesday yeah oh it's just laughing how

1170

00:41:32,470 --> 00:41:30,400

the rank works yeah yeah two months it

1171

00:41:35,430 --> 00:41:32,480

can be one day it doesn't matter really

1172

00:41:37,430 --> 00:41:35,440

wow yeah that's the nature of things but

1173

00:41:38,230 --> 00:41:37,440

really it's a good thing but uh anyhow

1174

00:41:40,790 --> 00:41:38,240

so

1175

00:41:43,910 --> 00:41:40,800

he was driving i was a passenger

1176

00:41:45,270 --> 00:41:43,920

and at no at november one where we were

1177

00:41:46,309 --> 00:41:45,280

november one is the launch control

1178

00:41:48,150 --> 00:41:46,319

facility

1179

00:41:50,470 --> 00:41:48,160

and all the missiles the surrounding

1180

00:41:51,910 --> 00:41:50,480

area are all november missiles in our in

1181

00:41:55,030 --> 00:41:51,920

our little squadron

1182

00:41:57,349 --> 00:41:55,040

you have kilo not far away oscar mike

1183

00:41:59,030 --> 00:41:57,359

lima all the way down the the phonetic

1184

00:42:00,630 --> 00:41:59,040

alphabet you know

1185

00:42:04,150 --> 00:42:00,640

and um

1186

00:42:05,589 --> 00:42:04,160

so uh and that's our emblem for uh 44

1187

00:42:07,910 --> 00:42:05,599

squadron yeah

1188

00:42:09,109 --> 00:42:07,920

and uh so anyway we get everything

1189

00:42:11,349 --> 00:42:09,119

issued and

1190

00:42:13,589 --> 00:42:11,359

vehicles rolling and uh

1191

00:42:15,270 --> 00:42:13,599

we go out the gate and down to the end

1192

00:42:17,430 --> 00:42:15,280

of the road and turn the left turn left

1193

00:42:19,270 --> 00:42:17,440

on a play road these clay roads go from

1194

00:42:22,069 --> 00:42:19,280

one state to the other just as straight

1195

00:42:23,750 --> 00:42:22,079

as an arrow on plane

1196

00:42:25,589 --> 00:42:23,760

but uh at the

1197

00:42:26,870 --> 00:42:25,599

corner turn left next corner turn

1198

00:42:29,270 --> 00:42:26,880

another left then i was approaching we

1199

00:42:31,430 --> 00:42:29,280

were approaching highway 79

1200

00:42:36,630 --> 00:42:31,440

so as we and that was about i guess it's

1201
00:42:40,630 --> 00:42:38,230
so as we're approaching you're kind of

1202
00:42:42,470 --> 00:42:40,640
like down in a little uh little valley

1203
00:42:44,069 --> 00:42:42,480
kind of thing that i

1204
00:42:45,829 --> 00:42:44,079
you know it's a prairie so you have

1205
00:42:47,829 --> 00:42:45,839
these ups and downs

1206
00:42:50,150 --> 00:42:47,839
and uh all the road beds there like

1207
00:42:51,910 --> 00:42:50,160
highways are built up a little bit on on

1208
00:42:53,270 --> 00:42:51,920
a bed so

1209
00:42:55,190 --> 00:42:53,280
i guess so

1210
00:42:57,750 --> 00:42:55,200
snow and so forth will run off of them

1211
00:42:58,790 --> 00:42:57,760
as they as it melts or outside it's uh

1212
00:43:01,510 --> 00:42:58,800
plowed

1213
00:43:05,829 --> 00:43:01,520

and uh so as i approached we got up to

1214

00:43:07,109 --> 00:43:05,839

highway 79 that wrote it went up 279. i

1215

00:43:09,430 --> 00:43:07,119

just happened to look over to about the

1216

00:43:11,510 --> 00:43:09,440

four o'clock position in you know where

1217

00:43:13,270 --> 00:43:11,520

november 5 would be as the crow flies

1218

00:43:16,309 --> 00:43:13,280

about five miles away

1219

00:43:19,670 --> 00:43:16,319

and i honestly see this glow

1220

00:43:21,829 --> 00:43:19,680

from the ground it looked like

1221

00:43:22,710 --> 00:43:21,839

like the sun sitting there i mean i was

1222

00:43:24,710 --> 00:43:22,720

like

1223

00:43:26,710 --> 00:43:24,720

michael you see that

1224

00:43:28,470 --> 00:43:26,720

i said you see that i said that's the

1225

00:43:30,550 --> 00:43:28,480

color that i said that's that that's

1226

00:43:33,030 --> 00:43:30,560

that thing that was in the air

1227

00:43:35,750 --> 00:43:33,040

he's like it freaked him out

1228

00:43:37,349 --> 00:43:35,760

he he uh oh now would this would this be

1229

00:43:40,150 --> 00:43:37,359

this image here

1230

00:43:42,630 --> 00:43:40,160

that would be it but not yet but not

1231

00:43:44,150 --> 00:43:42,640

there yet all right

1232

00:43:45,990 --> 00:43:44,160

so

1233

00:43:47,670 --> 00:43:46,000

anyway we turn right

1234

00:43:50,309 --> 00:43:47,680

as we turn right of course that four

1235

00:43:52,309 --> 00:43:50,319

o'clock position came to my about my two

1236

00:43:53,750 --> 00:43:52,319

o'clock position because we're up on a

1237

00:43:55,990 --> 00:43:53,760

we're up on a rise now on top of the

1238

00:43:58,150 --> 00:43:56,000

plateau plateau heading down toward

1239

00:44:00,230 --> 00:43:58,160

newell which was about i guess about

1240

00:44:02,390 --> 00:44:00,240

eight miles seven maybe eight miles to

1241

00:44:04,710 --> 00:44:02,400

the stop sign in newell there is one

1242

00:44:06,390 --> 00:44:04,720

stop sign and there's one traffic light

1243

00:44:08,950 --> 00:44:06,400

and that's it

1244

00:44:10,150 --> 00:44:08,960

literally that's it and it still is

1245

00:44:12,630 --> 00:44:10,160

today

1246

00:44:15,190 --> 00:44:12,640

um so as we got to the stop sign of

1247

00:44:16,470 --> 00:44:15,200

course as we went down the hill

1248

00:44:18,150 --> 00:44:16,480

you know i kind of lost sight of the

1249

00:44:21,270 --> 00:44:18,160

glow and i kept saying man that's that

1250

00:44:23,270 --> 00:44:21,280

same object or that's that same glow

1251
00:44:25,349 --> 00:44:23,280
he he really couldn't even speak and

1252
00:44:28,550 --> 00:44:25,359
we'd never worked together before this

1253
00:44:29,829 --> 00:44:28,560
was our first time together ever so

1254
00:44:31,430 --> 00:44:29,839
you know what i've been working with him

1255
00:44:32,950 --> 00:44:31,440
now it's six hours

1256
00:44:34,790 --> 00:44:32,960
you know and that's just the way

1257
00:44:37,510 --> 00:44:34,800
vacation relief went you came out and

1258
00:44:39,190 --> 00:44:37,520
worked a cycle or a tour of duty

1259
00:44:40,870 --> 00:44:39,200
as vacation relief and then you went

1260
00:44:43,030 --> 00:44:40,880
back to your normal flight that's what

1261
00:44:44,550 --> 00:44:43,040
it was called

1262
00:44:47,109 --> 00:44:44,560
so

1263
00:44:49,349 --> 00:44:47,119

when we got to the stop sign i have no

1264

00:44:51,270 --> 00:44:49,359

can't see it and i'm i'm wondering what

1265

00:44:52,230 --> 00:44:51,280

is this what is that you know i mean

1266

00:44:54,069 --> 00:44:52,240

that's

1267

00:44:57,270 --> 00:44:54,079

i just kept saying it to myself i hope

1268

00:44:59,829 --> 00:44:57,280

it's whatever it is is gone i hope

1269

00:45:02,230 --> 00:44:59,839

so the road as we turn right

1270

00:45:06,630 --> 00:45:02,240

on the ormond road you can look it up on

1271

00:45:09,910 --> 00:45:06,640

on google maps ormond road orman

1272

00:45:11,829 --> 00:45:09,920

it go it goes out

1273

00:45:13,990 --> 00:45:11,839

it goes to the right it's about a mile

1274

00:45:16,230 --> 00:45:14,000

and a half and then it dog legs to the

1275

00:45:17,510 --> 00:45:16,240

left and it drops off back onto clay

1276

00:45:19,829 --> 00:45:17,520

again

1277

00:45:21,990 --> 00:45:19,839

and when we rounded that corner

1278

00:45:23,750 --> 00:45:22,000

that november 5 picture you just popped

1279

00:45:25,589 --> 00:45:23,760

up there a minute ago

1280

00:45:28,710 --> 00:45:25,599

that object was sitting on top of that

1281

00:45:31,109 --> 00:45:28,720

missile side about five foot in the air

1282

00:45:33,750 --> 00:45:31,119

so was it was it sitting like it shows

1283

00:45:35,430 --> 00:45:33,760

here in the image and by the way i can

1284

00:45:38,150 --> 00:45:35,440

i'm going to have these images in show

1285

00:45:39,829 --> 00:45:38,160

notes it did not it did not make contact

1286

00:45:42,150 --> 00:45:39,839

with the ground it was sitting about

1287

00:45:45,190 --> 00:45:42,160

five to ten feet off the ground

1288

00:45:46,870 --> 00:45:45,200

and so was it like a like a sphere

1289

00:45:49,109 --> 00:45:46,880

it was just as you see it right there it

1290

00:45:51,030 --> 00:45:49,119

looked like a mini sun

1291

00:45:53,990 --> 00:45:51,040

and uh

1292

00:45:55,670 --> 00:45:54,000

that movie that travis walton is is in

1293

00:45:58,150 --> 00:45:55,680

that they made that fire in the sky oh

1294

00:46:01,030 --> 00:45:58,160

yeah that's the color that that thing

1295

00:46:03,030 --> 00:46:01,040

emanated it was as if it had a gaseous

1296

00:46:05,670 --> 00:46:03,040

exterior on it there's no hard edges

1297

00:46:07,670 --> 00:46:05,680

there's no leading edges or any metal or

1298

00:46:08,710 --> 00:46:07,680

any insignias or anything that i could

1299

00:46:10,390 --> 00:46:08,720

see

1300

00:46:11,589 --> 00:46:10,400

while i could look at it because it was

1301
00:46:13,829 --> 00:46:11,599
so bright

1302
00:46:16,790 --> 00:46:13,839
that it was extremely difficult to

1303
00:46:18,710 --> 00:46:16,800
really try to focus on and to get lost

1304
00:46:20,870 --> 00:46:18,720
in that thought of looking at it

1305
00:46:24,230 --> 00:46:20,880
was it was it lighting up the whole area

1306
00:46:27,109 --> 00:46:24,240
like absolutely oh yes sir

1307
00:46:29,190 --> 00:46:27,119
it lit up everything and you see where

1308
00:46:31,829 --> 00:46:29,200
the in that picture where we positioned

1309
00:46:34,390 --> 00:46:31,839
our vehicle which was at a 45 degree

1310
00:46:35,910 --> 00:46:34,400
angle which was a normal response angle

1311
00:46:37,829 --> 00:46:35,920
and that little line in front of it

1312
00:46:39,510 --> 00:46:37,839
that's a cattle crossing gate which is

1313
00:46:41,190 --> 00:46:39,520

still here today

1314

00:46:43,430 --> 00:46:41,200
and that distance from that cattle

1315

00:46:45,910 --> 00:46:43,440
crossing gate to the main gate

1316

00:46:47,430 --> 00:46:45,920
of that of the launch facility

1317

00:46:50,390 --> 00:46:47,440
is only about

1318

00:46:54,470 --> 00:46:50,400
25 yards it's very close but that object

1319

00:46:56,390 --> 00:46:54,480
was so large if i can just say this that

1320

00:47:01,430 --> 00:46:56,400
when i

1321

00:47:04,390 --> 00:47:01,440
seal of that f-150

1322

00:47:10,069 --> 00:47:04,400
well let me let my back up a little bit

1323

00:47:10,079 --> 00:47:13,510
and um

1324

00:47:19,030 --> 00:47:16,069
it was so bright and overwhelming

1325

00:47:23,670 --> 00:47:21,190
i don't know i don't know i should say

1326

00:47:25,270 --> 00:47:23,680

this but

1327

00:47:27,349 --> 00:47:25,280

you could close your eyes and you could

1328

00:47:28,950 --> 00:47:27,359

see this thing behind your eyelids it

1329

00:47:29,990 --> 00:47:28,960

was that bright it was like a welder's

1330

00:47:31,910 --> 00:47:30,000

light

1331

00:47:34,790 --> 00:47:31,920

and all of a sudden it was all in one

1332

00:47:36,630 --> 00:47:34,800

motion as if and our windows are up

1333

00:47:39,190 --> 00:47:36,640

you know we're in full blown parkas i've

1334

00:47:40,549 --> 00:47:39,200

got my m16 right here for my legs and

1335

00:47:44,069 --> 00:47:40,559

you know i'm just sitting just like this

1336

00:47:45,589 --> 00:47:44,079

i had my i had one mitten on

1337

00:47:48,309 --> 00:47:45,599

and um

1338

00:47:50,790 --> 00:47:48,319

i had my mag light and all of a sudden

1339

00:47:51,990 --> 00:47:50,800

it got so bright in that truck that you

1340

00:47:54,069 --> 00:47:52,000

couldn't even really look at the

1341

00:47:55,670 --> 00:47:54,079

dashboard this is this has this is an

1342

00:47:57,430 --> 00:47:55,680

f-154

1343

00:47:59,670 --> 00:47:57,440

dark blue exterior

1344

00:48:02,470 --> 00:47:59,680

and blue interior you know the old vinyl

1345

00:48:05,270 --> 00:48:02,480

interior that they had on them then

1346

00:48:07,430 --> 00:48:05,280

and all of a sudden all the oxygen

1347

00:48:10,630 --> 00:48:07,440

and everything in that vehicle was like

1348

00:48:12,710 --> 00:48:10,640

it was just pulled up and out of it

1349

00:48:15,349 --> 00:48:12,720

and i remember i looked at michael

1350

00:48:17,430 --> 00:48:15,359

johnson and he was like in a globe to my

1351

00:48:19,510 --> 00:48:17,440

he's to my left as he was driving the

1352

00:48:21,030 --> 00:48:19,520

vehicle and he was stuck to the wheel

1353

00:48:23,430 --> 00:48:21,040

just like this

1354

00:48:25,510 --> 00:48:23,440

he never he never looked to me or looked

1355

00:48:27,030 --> 00:48:25,520

to my to his right he never looked at me

1356

00:48:28,790 --> 00:48:27,040

never said anything

1357

00:48:30,870 --> 00:48:28,800

to my knowledge

1358

00:48:32,710 --> 00:48:30,880

now just pardon me for one second did

1359

00:48:35,750 --> 00:48:32,720

you get on the horn and you know on the

1360

00:48:37,910 --> 00:48:35,760

radio and radio this thing in

1361

00:48:39,270 --> 00:48:37,920

i don't i don't think i did i don't

1362

00:48:41,990 --> 00:48:39,280

think i could

1363

00:48:44,790 --> 00:48:42,000

uh all i wanted was relief

1364

00:48:46,950 --> 00:48:44,800

all i could think of was please release

1365

00:48:50,230 --> 00:48:46,960

me from whatever this is that i'm

1366

00:48:51,349 --> 00:48:50,240

involved in i mean the the feeling of

1367

00:48:53,829 --> 00:48:51,359

pressure

1368

00:48:56,790 --> 00:48:53,839

and again i'm shaking now the feeling of

1369

00:48:59,750 --> 00:48:56,800

pressure and no air in my lungs

1370

00:49:01,990 --> 00:48:59,760

and i was extremely athletic and

1371

00:49:04,230 --> 00:49:02,000

all i knew to do was ask for relief and

1372

00:49:06,309 --> 00:49:04,240

why this came upon me i do not know i

1373

00:49:09,109 --> 00:49:06,319

rolled that window down

1374

00:49:11,270 --> 00:49:09,119

of that f-154 truck and we had these big

1375

00:49:13,430 --> 00:49:11,280

western mirrors this big aluminum

1376

00:49:16,069 --> 00:49:13,440

looking oh yeah inside of it

1377

00:49:16,950 --> 00:49:16,079

and i have my maglite in my right hand

1378

00:49:20,470 --> 00:49:16,960

and i

1379

00:49:23,270 --> 00:49:20,480

grabbed the blue bubble on top of the

1380

00:49:25,190 --> 00:49:23,280

vehicle our response blew lights and i

1381

00:49:27,750 --> 00:49:25,200

pulled myself out on that window sill i

1382

00:49:29,510 --> 00:49:27,760

was so i couldn't get out of the vehicle

1383

00:49:32,069 --> 00:49:29,520

normally nothing would frighten me like

1384

00:49:34,710 --> 00:49:32,079

that and i pulled myself out on that

1385

00:49:36,710 --> 00:49:34,720

window sill

1386

00:49:38,470 --> 00:49:36,720

and i flashed my flashlight at this

1387

00:49:41,030 --> 00:49:38,480

thing just like i did back at the site

1388

00:49:43,030 --> 00:49:41,040

that's all i knew to do

1389

00:49:45,270 --> 00:49:43,040

i did that just click click click click

1390

00:49:47,670 --> 00:49:45,280

click and i slid back down on the seat

1391

00:49:50,630 --> 00:49:47,680

and all i was asking for relief

1392

00:49:52,230 --> 00:49:50,640

is what's in my mind please stop

1393

00:49:54,230 --> 00:49:52,240

please stop that's what i was that's

1394

00:49:55,589 --> 00:49:54,240

what i was in my mind what i was saying

1395

00:49:56,950 --> 00:49:55,599

to myself

1396

00:49:58,870 --> 00:49:56,960

because i didn't know how much longer i

1397

00:50:01,190 --> 00:49:58,880

could stay

1398

00:50:03,510 --> 00:50:01,200

my with my wits about me or or stay

1399

00:50:04,309 --> 00:50:03,520

awake i felt as if i was just going into

1400

00:50:06,150 --> 00:50:04,319

a

1401

00:50:08,069 --> 00:50:06,160

tunnel or something

1402

00:50:10,150 --> 00:50:08,079

now i'm surprised that you know i know

1403

00:50:13,109 --> 00:50:10,160

you have to go up you said you had to

1404

00:50:15,910 --> 00:50:13,119

pull up at a 45 degree angle and all

1405

00:50:18,710 --> 00:50:15,920

that but i'm surprised that

1406

00:50:21,270 --> 00:50:18,720

you're the driver mike didn't like try

1407

00:50:24,470 --> 00:50:21,280

to retreat

1408

00:50:26,390 --> 00:50:24,480

he was as if he was frozen

1409

00:50:29,349 --> 00:50:26,400

the last thing he said to me was

1410

00:50:31,589 --> 00:50:29,359

whatever back at highway 79 when i said

1411

00:50:33,750 --> 00:50:31,599

i think that's that object over there he

1412

00:50:36,470 --> 00:50:33,760

said whatever

1413

00:50:38,150 --> 00:50:36,480

last thing he said to me

1414

00:50:40,870 --> 00:50:38,160

he didn't speak another time and there's

1415

00:50:41,829 --> 00:50:40,880

still hours that we can discuss here but

1416

00:50:44,309 --> 00:50:41,839

so

1417

00:50:46,950 --> 00:50:44,319

i asked this thing to stop or for relief

1418

00:50:50,950 --> 00:50:46,960

and i've sat back down in the seat

1419

00:50:55,990 --> 00:50:54,309

i'll never forget it i roll my window up

1420

00:50:58,790 --> 00:50:56,000

and it was as if tunnel vision just

1421

00:51:00,069 --> 00:50:58,800

closed in on me and i just did my head

1422

00:51:00,870 --> 00:51:00,079

like this

1423

00:51:02,549 --> 00:51:00,880

and i

1424

00:51:04,790 --> 00:51:02,559

i sensed something

1425

00:51:06,150 --> 00:51:04,800

and i turned to my right as if like slow

1426
00:51:08,630 --> 00:51:06,160
motion

1427
00:51:11,829 --> 00:51:08,640
and i'm i'm seeing something like as in

1428
00:51:13,349 --> 00:51:11,839
a tunnel and i saw these

1429
00:51:15,589 --> 00:51:13,359
four

1430
00:51:17,190 --> 00:51:15,599
beings that were

1431
00:51:19,589 --> 00:51:17,200
coming from

1432
00:51:22,069 --> 00:51:19,599
the passenger side of this vehicle

1433
00:51:23,030 --> 00:51:22,079
now i'm gonna put up the what you drew

1434
00:51:25,510 --> 00:51:23,040
later

1435
00:51:27,270 --> 00:51:25,520
okay and let me ask you how and there's

1436
00:51:28,630 --> 00:51:27,280
three here but you said there were four

1437
00:51:29,430 --> 00:51:28,640
yeah

1438
00:51:33,829 --> 00:51:29,440

how

1439

00:51:37,349 --> 00:51:33,839

draw these was this a recent drawing

1440

00:51:39,750 --> 00:51:37,359

that was uh about a year ago

1441

00:51:41,990 --> 00:51:39,760

so this is kind of what you recall yes

1442

00:51:44,150 --> 00:51:42,000

they were sort of bluish

1443

00:51:46,470 --> 00:51:44,160

yes

1444

00:51:48,549 --> 00:51:46,480

and then the uh the tall one he had

1445

00:51:51,670 --> 00:51:48,559

something he had a uniform on that had

1446

00:51:55,109 --> 00:51:51,680

these really strange creases in it

1447

00:51:57,750 --> 00:51:55,119

some type of black uniform

1448

00:51:59,270 --> 00:51:57,760

so that this is what you saw

1449

00:52:02,549 --> 00:51:59,280

with an additional

1450

00:52:05,190 --> 00:52:02,559

being kind of walking toward the truck

1451
00:52:06,790 --> 00:52:05,200
yeah i'd did some cruder drawings of

1452
00:52:08,309 --> 00:52:06,800
of them that i

1453
00:52:10,549 --> 00:52:08,319
that i did i did

1454
00:52:13,190 --> 00:52:10,559
the little guys i did separate

1455
00:52:15,190 --> 00:52:13,200
and then uh the taller one i had another

1456
00:52:17,030 --> 00:52:15,200
picture of him and i put the three

1457
00:52:20,230 --> 00:52:17,040
together like that but really in my

1458
00:52:21,829 --> 00:52:20,240
hypnosis i saw four or i said i saw four

1459
00:52:23,510 --> 00:52:21,839
for the best of my ability yes that's

1460
00:52:26,309 --> 00:52:23,520
what i originally drew

1461
00:52:28,230 --> 00:52:26,319
and this now these these here though

1462
00:52:30,230 --> 00:52:28,240
did you which color were they these are

1463
00:52:33,190 --> 00:52:30,240

sort of an orange color i just drew it

1464

00:52:34,790 --> 00:52:33,200

in tan they were more of a bluish color

1465

00:52:38,390 --> 00:52:34,800

that's all i had to draw with at the

1466

00:52:43,190 --> 00:52:40,710

and so

1467

00:52:45,990 --> 00:52:43,200

yeah keep keep going this is interesting

1468

00:52:47,430 --> 00:52:46,000

so they started walking toward the truck

1469

00:52:49,750 --> 00:52:47,440

they walked toward the truck and all i

1470

00:52:53,109 --> 00:52:49,760

could hear in my mind was do not fear

1471

00:52:55,910 --> 00:52:54,549

and that's the last thing that i

1472

00:52:57,190 --> 00:52:55,920

remembered for

1473

00:52:59,109 --> 00:52:57,200

a little bit

1474

00:53:00,630 --> 00:52:59,119

and the next thing that came upon me i

1475

00:53:02,950 --> 00:53:00,640

don't know how much time passed when i

1476
00:53:04,549 --> 00:53:02,960
kept hearing do not fear do not fear and

1477
00:53:06,230 --> 00:53:04,559
the do not fear

1478
00:53:07,270 --> 00:53:06,240
i just want to make this

1479
00:53:09,990 --> 00:53:07,280
clear

1480
00:53:10,790 --> 00:53:10,000
was not like you and i talking

1481
00:53:15,190 --> 00:53:10,800
this

1482
00:53:19,109 --> 00:53:15,200
like

1483
00:53:21,670 --> 00:53:19,119
to talk to me or something i don't know

1484
00:53:24,549 --> 00:53:21,680
how that even makes sense but it was as

1485
00:53:27,270 --> 00:53:24,559
if the thought or

1486
00:53:29,349 --> 00:53:27,280
you know it was like talking underwater

1487
00:53:31,589 --> 00:53:29,359
like somebody goes under the pool and

1488
00:53:33,750 --> 00:53:31,599

tries to talk to you it was like that

1489

00:53:36,630 --> 00:53:33,760

but it was clear as a bell

1490

00:53:40,230 --> 00:53:36,640

and it was it was soft it wasn't harsh

1491

00:53:43,910 --> 00:53:40,240

he just said do not fear do not fear

1492

00:53:46,950 --> 00:53:46,069

i don't know how long it was but the the

1493

00:53:56,230 --> 00:53:46,960

uh

1494

00:53:57,190 --> 00:53:56,240

i'm on my back

1495

00:53:59,670 --> 00:53:57,200

and i'm

1496

00:54:00,710 --> 00:53:59,680

coming away from the vehicle

1497

00:54:03,270 --> 00:54:00,720

is that

1498

00:54:04,870 --> 00:54:03,280

does that make sense or is this um well

1499

00:54:07,109 --> 00:54:04,880

that was that was a little bit later

1500

00:54:08,549 --> 00:54:07,119

that okay all right sorry yeah that's

1501
00:54:10,790 --> 00:54:08,559
okay um

1502
00:54:12,950 --> 00:54:10,800
but i'm on my back and i'm looking and i

1503
00:54:15,030 --> 00:54:12,960
see the door

1504
00:54:16,870 --> 00:54:15,040
of the security police vehicle says u.s

1505
00:54:19,190 --> 00:54:16,880
air force on the side of it in gold

1506
00:54:20,790 --> 00:54:19,200
letters about an inch tall

1507
00:54:23,109 --> 00:54:20,800
so the door was closed and i'm on my

1508
00:54:24,630 --> 00:54:23,119
back but i'm going like i'm i'm about

1509
00:54:26,230 --> 00:54:24,640
four feet off the ground and i'm on my

1510
00:54:28,950 --> 00:54:26,240
back and i'm looking

1511
00:54:30,710 --> 00:54:28,960
and then something placed it up i think

1512
00:54:32,950 --> 00:54:30,720
when he's being put his hand

1513
00:54:35,430 --> 00:54:32,960

on my right shoulder and kept telling me

1514

00:54:36,710 --> 00:54:35,440

do not fear

1515

00:54:39,589 --> 00:54:36,720

i don't know what happened to michael

1516

00:54:41,270 --> 00:54:39,599

johnson i have no idea i don't know if

1517

00:54:45,190 --> 00:54:41,280

anything happened to him over there with

1518

00:54:49,910 --> 00:54:47,910

i i honestly i didn't you know when all

1519

00:54:51,750 --> 00:54:49,920

this happened i really didn't know to

1520

00:54:54,069 --> 00:54:51,760

whether

1521

00:54:56,069 --> 00:54:54,079

um

1522

00:54:57,990 --> 00:54:56,079

i couldn't to shoot at it

1523

00:55:00,470 --> 00:54:58,000

to

1524

00:55:01,589 --> 00:55:00,480

literally mess myself

1525

00:55:03,510 --> 00:55:01,599

run

1526

00:55:05,990 --> 00:55:03,520

hide i mean you feel like the you feel

1527

00:55:08,470 --> 00:55:06,000

like the i'm not a hunter i don't hunt

1528

00:55:11,670 --> 00:55:08,480

animals but um

1529

00:55:13,910 --> 00:55:11,680

been trained not men man but uh

1530

00:55:16,309 --> 00:55:13,920

i felt like the rabbit behind the only

1531

00:55:18,150 --> 00:55:16,319

bush in the desert you know really in

1532

00:55:20,870 --> 00:55:18,160

the desert and there was something after

1533

00:55:23,270 --> 00:55:20,880

me and i couldn't do nothing about it

1534

00:55:24,230 --> 00:55:23,280

so all right from that point i was on my

1535

00:55:25,750 --> 00:55:24,240

back

1536

00:55:27,589 --> 00:55:25,760

and something put touching me here and

1537

00:55:29,750 --> 00:55:27,599

told me do not fear

1538

00:55:31,349 --> 00:55:29,760

was that verbal or was that again a

1539

00:55:35,670 --> 00:55:31,359

thought it was inside it's all inside

1540

00:55:37,349 --> 00:55:35,680

yeah there's never any never any any

1541

00:55:39,190 --> 00:55:37,359

things if you and i are talking any

1542

00:55:40,150 --> 00:55:39,200

noises being made it was all inside my

1543

00:55:42,069 --> 00:55:40,160

body

1544

00:55:43,990 --> 00:55:42,079

of course i was speaking you know i

1545

00:55:47,430 --> 00:55:44,000

spoke at times

1546

00:55:48,789 --> 00:55:47,440

and later when we get into this but

1547

00:55:50,390 --> 00:55:48,799

you know like i asked where michael

1548

00:55:52,710 --> 00:55:50,400

johnson was

1549

00:55:56,549 --> 00:55:52,720

where's michael where's michael and i

1550

00:55:56,559 --> 00:55:59,109

but um

1551

00:56:05,430 --> 00:56:02,630

i remember um

1552

00:56:07,430 --> 00:56:05,440

this strange feeling that i had i was in

1553

00:56:10,069 --> 00:56:07,440

some type of a gel

1554

00:56:13,190 --> 00:56:10,079

of some of some kind

1555

00:56:14,710 --> 00:56:13,200

and it was and it was real warm

1556

00:56:16,470 --> 00:56:14,720

and i don't know if i was clothed

1557

00:56:18,150 --> 00:56:16,480

they're not clothed

1558

00:56:20,950 --> 00:56:18,160

that i remember i just felt like i was

1559

00:56:24,309 --> 00:56:20,960

in like not tar but some kind of a some

1560

00:56:26,950 --> 00:56:24,319

kind of a gel a jello i don't know

1561

00:56:28,549 --> 00:56:26,960

from from head to foot and

1562

00:56:31,190 --> 00:56:28,559

i don't know if i was submerged in it

1563

00:56:33,030 --> 00:56:31,200

but i kept thinking to myself because

1564

00:56:35,910 --> 00:56:33,040

you know

1565

00:56:37,670 --> 00:56:35,920

these thoughts that you have and

1566

00:56:39,750 --> 00:56:37,680

they're so hard to relay because you

1567

00:56:42,309 --> 00:56:39,760

don't have words for it

1568

00:56:44,549 --> 00:56:42,319

and um

1569

00:56:46,549 --> 00:56:44,559

i just felt as i was as if i was within

1570

00:56:51,030 --> 00:56:46,559

myself

1571

00:56:56,390 --> 00:56:52,230

i remember

1572

00:57:01,270 --> 00:56:59,190

and much more things came out i i've

1573

00:57:03,510 --> 00:57:01,280

been hypnotized a couple times by a

1574

00:57:04,870 --> 00:57:03,520

mufon uh

1575

00:57:07,910 --> 00:57:04,880

hypnotist

1576
00:57:09,510 --> 00:57:07,920
he certified everything and um

1577
00:57:11,349 --> 00:57:09,520
some things came out there that i didn't

1578
00:57:13,750 --> 00:57:11,359
know

1579
00:57:16,069 --> 00:57:13,760
and um

1580
00:57:18,470 --> 00:57:16,079
the next thing i remember

1581
00:57:21,510 --> 00:57:18,480
after that after that gel feeling or

1582
00:57:24,069 --> 00:57:21,520
whatever it was and pain in my wrist

1583
00:57:27,109 --> 00:57:24,079
is all sudden i open my eyes

1584
00:57:28,950 --> 00:57:27,119
and it's completely dark

1585
00:57:30,710 --> 00:57:28,960
and uh

1586
00:57:32,309 --> 00:57:30,720
i thought i looked and i looked at

1587
00:57:36,309 --> 00:57:32,319
michael looked at michael johnson and

1588
00:57:37,190 --> 00:57:36,319

he's still frozen to that steering wheel

1589

00:57:38,870 --> 00:57:37,200

wow

1590

00:57:41,030 --> 00:57:38,880

just literally he is frozen to that

1591

00:57:42,870 --> 00:57:41,040

steering wheel he wouldn't say a word

1592

00:57:45,430 --> 00:57:42,880

and i kept saying michael where are

1593

00:57:47,510 --> 00:57:45,440

where what are we doing where are we now

1594

00:57:49,910 --> 00:57:47,520

this was a sit four mind you this was a

1595

00:57:52,069 --> 00:57:49,920

real serious

1596

00:57:54,789 --> 00:57:52,079

alarm you know on a missile site on a

1597

00:57:56,950 --> 00:57:54,799

minuteman two nuclear missile site this

1598

00:57:59,109 --> 00:57:56,960

is a real serious alarm

1599

00:58:01,270 --> 00:57:59,119

so it can't go unanswered you have to

1600

00:58:04,150 --> 00:58:01,280

know what caused it you have to provide

1601
00:58:06,390 --> 00:58:04,160
a reason you have to do a function

1602
00:58:09,349 --> 00:58:06,400
as a security policeman on that facility

1603
00:58:11,349 --> 00:58:09,359
it can't go undone

1604
00:58:12,950 --> 00:58:11,359
so i looked to my right

1605
00:58:14,549 --> 00:58:12,960
as because he wouldn't answer me and i

1606
00:58:15,990 --> 00:58:14,559
was just kind of i didn't know what to

1607
00:58:17,109 --> 00:58:16,000
do at that point

1608
00:58:19,910 --> 00:58:17,119
and i looked at my right and there's

1609
00:58:22,630 --> 00:58:19,920
this white wall

1610
00:58:25,589 --> 00:58:22,640
sitting next to me and i thought

1611
00:58:27,910 --> 00:58:25,599
where the hell am i

1612
00:58:30,230 --> 00:58:27,920
and i i looked up and it went as far as

1613
00:58:32,069 --> 00:58:30,240

i could see

1614

00:58:33,910 --> 00:58:32,079

so i opened the door when i opened the

1615

00:58:36,470 --> 00:58:33,920

door i had on bunny boots and bunny

1616

00:58:38,710 --> 00:58:36,480

boots are for real cold extreme weather

1617

00:58:40,390 --> 00:58:38,720

yeah we were in south dakota you inflate

1618

00:58:42,230 --> 00:58:40,400

them you know right they're white and

1619

00:58:44,950 --> 00:58:42,240

they're yeah they inflate yep these were

1620

00:58:47,430 --> 00:58:44,960

dark blue oh oh and that's but i know

1621

00:58:48,789 --> 00:58:47,440

the type yeah i stepped out and i was in

1622

00:58:51,109 --> 00:58:48,799

mud

1623

00:58:52,549 --> 00:58:51,119

now mind you the temperature was between

1624

00:58:54,230 --> 00:58:52,559

nine and 12 degrees and they've been

1625

00:58:55,910 --> 00:58:54,240

that way for

1626

00:58:57,990 --> 00:58:55,920

quite you know quite some time and i

1627

00:58:59,750 --> 00:58:58,000

looked that up i went back in sequence

1628

00:59:01,510 --> 00:58:59,760

weather events to see

1629

00:59:03,510 --> 00:59:01,520

you know how cold it actually was

1630

00:59:05,430 --> 00:59:03,520

because i knew it was it was jet cold

1631

00:59:07,270 --> 00:59:05,440

you know

1632

00:59:09,430 --> 00:59:07,280

and i said i stepped out of the vehicle

1633

00:59:11,990 --> 00:59:09,440

i still couldn't figure out where i was

1634

00:59:14,150 --> 00:59:12,000

at this white wall and as i was thinking

1635

00:59:16,630 --> 00:59:14,160

about that that radio cracked a life and

1636

00:59:19,270 --> 00:59:16,640

it said wing security control november

1637

00:59:20,630 --> 00:59:19,280

1. what's your location

1638

00:59:22,150 --> 00:59:20,640

i looked at michael johnson i said

1639

00:59:23,750 --> 00:59:22,160

you're going to get that

1640

00:59:28,710 --> 00:59:23,760

because we weren't anywhere near

1641

00:59:34,150 --> 00:59:30,829

and

1642

00:59:37,109 --> 00:59:34,160

um he didn't answer

1643

00:59:38,390 --> 00:59:37,119

so i kept trying to talk to him

1644

00:59:40,950 --> 00:59:38,400

and um

1645

00:59:43,670 --> 00:59:40,960

i picked the radio up and i said uh

1646

00:59:45,430 --> 00:59:43,680

november 1 wsc i said it's sergeant

1647

00:59:47,990 --> 00:59:45,440

woods i said

1648

00:59:49,589 --> 00:59:48,000

uh he goes what's your location

1649

00:59:51,190 --> 00:59:49,599

what's your 20 i said i don't i don't

1650

00:59:52,069 --> 00:59:51,200

know sir i said i don't know where we

1651
00:59:54,309 --> 00:59:52,079
are

1652
00:59:55,829 --> 00:59:54,319
i said my team leader michael johnson's

1653
00:59:57,430 --> 00:59:55,839
not talking i said i don't know what's

1654
00:59:58,870 --> 00:59:57,440
wrong with him

1655
01:00:00,710 --> 00:59:58,880
and um

1656
01:00:01,670 --> 01:00:00,720
he said i want you to keep talking don't

1657
01:00:03,430 --> 01:00:01,680
you do

1658
01:00:05,430 --> 01:00:03,440
one-minute checks with me so we're

1659
01:00:10,789 --> 01:00:05,440
trying to

1660
01:00:12,309 --> 01:00:10,799
to find your location you know

1661
01:00:15,430 --> 01:00:12,319
and i that was the weirdest statement i

1662
01:00:17,910 --> 01:00:15,440
think i've ever heard in my life

1663
01:00:19,430 --> 01:00:17,920

and i wore an old-time i wore timex

1664

01:00:21,510 --> 01:00:19,440

watch back then it wasn't old it was

1665

01:00:23,910 --> 01:00:21,520

just a timex watch back then

1666

01:00:26,069 --> 01:00:23,920

and i looked down at my watch and it was

1667

01:00:28,390 --> 01:00:26,079

working

1668

01:00:30,630 --> 01:00:28,400

but it was after 6am

1669

01:00:31,750 --> 01:00:30,640

and we arrived at missile site

1670

01:00:33,750 --> 01:00:31,760

in about

1671

01:00:36,309 --> 01:00:33,760

quarter till one eight about quarter to

1672

01:00:38,950 --> 01:00:36,319

one one o'clock

1673

01:00:41,349 --> 01:00:38,960

so we had we had five hours of missing

1674

01:00:45,670 --> 01:00:43,589

couldn't account for anything

1675

01:00:48,230 --> 01:00:45,680

only thing i remember is fluff you know

1676

01:00:49,670 --> 01:00:48,240

flash that flashlight at that at that

1677

01:00:51,670 --> 01:00:49,680

craft

1678

01:00:54,230 --> 01:00:51,680

don't remember leaving but the size of

1679

01:00:57,750 --> 01:00:54,240

this thing i got you got to know this i

1680

01:00:59,670 --> 01:00:57,760

used a comparison on on unidentified

1681

01:01:01,270 --> 01:00:59,680

where people could understand it because

1682

01:01:03,829 --> 01:01:01,280

you know

1683

01:01:05,589 --> 01:01:03,839

back then nobody really had a reference

1684

01:01:07,510 --> 01:01:05,599

size aircraft carrier well not many

1685

01:01:09,349 --> 01:01:07,520

people know about an aircraft carrier

1686

01:01:11,510 --> 01:01:09,359

but

1687

01:01:13,430 --> 01:01:11,520

that that that crap was the size of a

1688

01:01:16,150 --> 01:01:13,440

super walmart center

1689

01:01:19,589 --> 01:01:16,160

it was gargantuan and even when i just

1690

01:01:21,030 --> 01:01:19,599

was on discovery plus on alien in-game

1691

01:01:25,589 --> 01:01:21,040

um

1692

01:01:27,750 --> 01:01:25,599

size of it which i didn't appreciate

1693

01:01:29,829 --> 01:01:27,760

and uh none of these programs have ever

1694

01:01:32,230 --> 01:01:29,839

told the entire

1695

01:01:33,990 --> 01:01:32,240

incident as it happened

1696

01:01:35,910 --> 01:01:34,000

so i appreciate what you're doing and

1697

01:01:39,430 --> 01:01:35,920

allowing me to to speak freely about

1698

01:01:42,150 --> 01:01:39,440

this yeah going back to this white wall

1699

01:01:43,910 --> 01:01:42,160

i still had no idea where we were

1700

01:01:47,109 --> 01:01:43,920

and man i just got to calm down here for

1701

01:01:50,710 --> 01:01:49,349

so yeah let me i'll

1702

01:01:52,390 --> 01:01:50,720

you take your time

1703

01:01:54,470 --> 01:01:52,400

your you're

1704

01:01:56,230 --> 01:01:54,480

did you actually have to step out of the

1705

01:01:57,990 --> 01:01:56,240

truck to yeah

1706

01:01:59,589 --> 01:01:58,000

yeah so the white wall and you looked up

1707

01:02:02,390 --> 01:01:59,599

and it yeah it's like

1708

01:02:04,390 --> 01:02:02,400

as far north and south as i could see

1709

01:02:06,789 --> 01:02:04,400

and that's exactly what it was north and

1710

01:02:09,750 --> 01:02:06,799

south and i didn't know that until just

1711

01:02:12,230 --> 01:02:09,760

last um september the second when

1712

01:02:13,750 --> 01:02:12,240

when uh well i went back there

1713

01:02:14,789 --> 01:02:13,760

i've never been back there since it

1714

01:02:17,270 --> 01:02:14,799

happened

1715

01:02:18,789 --> 01:02:17,280

i didn't know where i was at that time

1716

01:02:21,270 --> 01:02:18,799

and um

1717

01:02:23,510 --> 01:02:21,280

and i've never been there before so

1718

01:02:26,789 --> 01:02:23,520

literally when i went back uh august

1719

01:02:29,190 --> 01:02:26,799

31st with uh discovery plus was um

1720

01:02:31,349 --> 01:02:29,200

uh to the sept to september 2nd as the

1721

01:02:33,430 --> 01:02:31,359

first time i'd ever been there and the

1722

01:02:35,270 --> 01:02:33,440

crazy part about that is while we were

1723

01:02:39,270 --> 01:02:35,280

filming that

1724

01:02:40,150 --> 01:02:39,280

this ormond road that i described was um

1725

01:02:42,470 --> 01:02:40,160

you know

1726
01:02:45,190 --> 01:02:42,480
you you talk in the middle of nowhere in

1727
01:02:47,430 --> 01:02:45,200
newell south dakota the net going west

1728
01:02:50,230 --> 01:02:47,440
is belfoo south dakota and wyoming so

1729
01:02:52,549 --> 01:02:50,240
you know 30 miles away literally to the

1730
01:02:54,549 --> 01:02:52,559
wyoming line or less

1731
01:02:56,069 --> 01:02:54,559
and um

1732
01:02:58,230 --> 01:02:56,079
there were a bunch of people watching

1733
01:02:59,829 --> 01:02:58,240
this film well these two guys didn't

1734
01:03:00,870 --> 01:02:59,839
know each other they knew each other but

1735
01:03:02,470 --> 01:03:00,880
you know of course they didn't

1736
01:03:04,150 --> 01:03:02,480
communicate all the time

1737
01:03:06,470 --> 01:03:04,160
one was in a four-wheeler and one was in

1738
01:03:08,710 --> 01:03:06,480

a side-by-side honda and they were you

1739

01:03:10,870 --> 01:03:08,720

know land owners you know

1740

01:03:12,390 --> 01:03:10,880

so as we we were kind of wrapping up

1741

01:03:14,230 --> 01:03:12,400

what we were doing because it was real

1742

01:03:18,150 --> 01:03:14,240

emotional for me

1743

01:03:19,270 --> 01:03:18,160

um being there and seeing that and uh

1744

01:03:21,349 --> 01:03:19,280

again

1745

01:03:22,630 --> 01:03:21,359

and feeling that i mean literally i felt

1746

01:03:24,230 --> 01:03:22,640

as if the thing was right there in the

1747

01:03:26,710 --> 01:03:24,240

sky you know

1748

01:03:28,950 --> 01:03:26,720

and um

1749

01:03:31,910 --> 01:03:28,960

these two guys identified themselves you

1750

01:03:33,670 --> 01:03:31,920

know age old ranchers there

1751

01:03:36,309 --> 01:03:33,680

one his father

1752

01:03:39,190 --> 01:03:36,319

was a state trooper at the time that

1753

01:03:40,309 --> 01:03:39,200

this incident happened in 77

1754

01:03:42,390 --> 01:03:40,319

and the other

1755

01:03:45,510 --> 01:03:42,400

he was a deputy sheriff in sturgis

1756

01:03:48,710 --> 01:03:45,520

sturgis is just like 29 miles south of

1757

01:03:51,589 --> 01:03:48,720

newell i only mean it's 25 29 miles

1758

01:03:54,870 --> 01:03:51,599

maybe 20 miles i guess i don't know

1759

01:03:58,390 --> 01:03:54,880

and he and two other teams

1760

01:04:01,270 --> 01:03:58,400

sheriff's deputies were were sent you

1761

01:04:03,910 --> 01:04:01,280

know this guy's my age i'm 66

1762

01:04:08,630 --> 01:04:06,230

it might be older than i am

1763

01:04:10,549 --> 01:04:08,640

i was 27 at the time 26 of the time this

1764

01:04:13,190 --> 01:04:10,559

this happened to me

1765

01:04:14,710 --> 01:04:13,200

and uh

1766

01:04:16,950 --> 01:04:14,720

they were sent

1767

01:04:18,549 --> 01:04:16,960

to by um

1768

01:04:20,230 --> 01:04:18,559

based security when security control

1769

01:04:22,789 --> 01:04:20,240

requested their presence to come look

1770

01:04:24,870 --> 01:04:22,799

for their arm response team us

1771

01:04:28,230 --> 01:04:24,880

i never do that beforehand i didn't know

1772

01:04:30,470 --> 01:04:28,240

that three additional backup alert teams

1773

01:04:33,349 --> 01:04:30,480

our guys were looking for us

1774

01:04:35,670 --> 01:04:33,359

so that's five four or five there

1775

01:04:37,190 --> 01:04:35,680

and then the other fella his father was

1776

01:04:39,510 --> 01:04:37,200

a state trooper

1777

01:04:41,589 --> 01:04:39,520

and his is he remembered it very well

1778

01:04:42,870 --> 01:04:41,599

because his father he was called you

1779

01:04:45,029 --> 01:04:42,880

know at

1780

01:04:46,950 --> 01:04:45,039

three o'clock in the morning to come out

1781

01:04:48,470 --> 01:04:46,960

i guess they did you know they were

1782

01:04:51,589 --> 01:04:48,480

called as needed and not just on the

1783

01:04:55,270 --> 01:04:51,599

road all night back then in 77

1784

01:04:57,270 --> 01:04:55,280

and uh he he remembers his dad saying

1785

01:04:59,190 --> 01:04:57,280

to wing security control whoever the

1786

01:05:01,109 --> 01:04:59,200

officer was that called him

1787

01:05:02,950 --> 01:05:01,119

you remember his dad saying well why am

1788

01:05:05,910 --> 01:05:02,960

i why are you asking me to go look for

1789

01:05:08,710 --> 01:05:05,920

them for them because they're they're

1790

01:05:10,390 --> 01:05:08,720

they're equipped way better than i am

1791

01:05:11,990 --> 01:05:10,400

which made sense which we were we were

1792

01:05:14,710 --> 01:05:12,000

heavily armed

1793

01:05:15,430 --> 01:05:14,720

and um so his father participated in

1794

01:05:19,430 --> 01:05:15,440

that

1795

01:05:21,589 --> 01:05:19,440

chief an assistant flight chief so

1796

01:05:24,309 --> 01:05:21,599

really there were about seven patrols

1797

01:05:25,990 --> 01:05:24,319

two-man teams looking for us local law

1798

01:05:27,270 --> 01:05:26,000

enforcement and security police

1799

01:05:28,870 --> 01:05:27,280

personnel

1800

01:05:30,630 --> 01:05:28,880

in the air force

1801
01:05:32,549 --> 01:05:30,640
and um

1802
01:05:33,829 --> 01:05:32,559
i think it was a sergeant garza that got

1803
01:05:35,430 --> 01:05:33,839
to us

1804
01:05:37,430 --> 01:05:35,440
you know they

1805
01:05:38,789 --> 01:05:37,440
it i've just kept doing them radio

1806
01:05:40,309 --> 01:05:38,799
checks and trying to talk to michael

1807
01:05:41,990 --> 01:05:40,319
johnson

1808
01:05:44,069 --> 01:05:42,000
can i just interrupt and ask you a

1809
01:05:45,990 --> 01:05:44,079
question yep so when you're seeing this

1810
01:05:48,390 --> 01:05:46,000
white wall are you still seeing that

1811
01:05:50,309 --> 01:05:48,400
object as well no no no it's gone we're

1812
01:05:51,670 --> 01:05:50,319
no it's gone yeah i woke up as to

1813
01:05:53,589 --> 01:05:51,680

remember it was totally oh yeah yeah it

1814

01:05:56,710 --> 01:05:53,599

was black that's right i'm sorry not at

1815

01:05:58,870 --> 01:05:56,720

the mobile side anymore

1816

01:06:00,549 --> 01:05:58,880

pardon me for that yeah okay

1817

01:06:03,990 --> 01:06:00,559

we never drove

1818

01:06:06,789 --> 01:06:04,000

we didn't arrive there

1819

01:06:08,069 --> 01:06:06,799

and it's really strange but

1820

01:06:13,670 --> 01:06:08,079

that

1821

01:06:16,549 --> 01:06:13,680

wasn't even a road as a trail

1822

01:06:19,430 --> 01:06:16,559

that was the new lake reservoir dam that

1823

01:06:21,750 --> 01:06:19,440

we were behind ah

1824

01:06:24,630 --> 01:06:21,760

yes sir and where those wheels of that

1825

01:06:26,710 --> 01:06:24,640

truck were sitting we were in mud

1826

01:06:29,349 --> 01:06:26,720

and looking north and south the north

1827

01:06:31,670 --> 01:06:29,359

end of that dam there's a spillover

1828

01:06:33,750 --> 01:06:31,680

and that fed i guess at times when it

1829

01:06:35,349 --> 01:06:33,760

really a lot of rain you know the whole

1830

01:06:36,150 --> 01:06:35,359

thing went you know started spilling

1831

01:06:38,150 --> 01:06:36,160

over

1832

01:06:40,789 --> 01:06:38,160

there was a lake down below us which had

1833

01:06:43,270 --> 01:06:40,799

been on michael johnson's side

1834

01:06:45,270 --> 01:06:43,280

and it was about 50 60 feet down where

1835

01:06:47,750 --> 01:06:45,280

we were sitting well these are just two

1836

01:06:48,630 --> 01:06:47,760

wheel drive vehicles that we had

1837

01:06:51,349 --> 01:06:48,640

um

1838

01:06:52,710 --> 01:06:51,359

our f-150s

1839

01:06:54,630 --> 01:06:52,720

but if he'd have stepped out of that

1840

01:06:57,029 --> 01:06:54,640

driver's side door and walked four foot

1841

01:06:59,430 --> 01:06:57,039

he'd gone straight down

1842

01:07:02,150 --> 01:06:59,440

you know a really steep embankment into

1843

01:07:04,870 --> 01:07:02,160

a lake that was down there now over

1844

01:07:06,230 --> 01:07:04,880

that's a spillage flow over or overflow

1845

01:07:08,549 --> 01:07:06,240

for the dam

1846

01:07:09,990 --> 01:07:08,559

i'd never been back there before i i've

1847

01:07:11,829 --> 01:07:10,000

never seen that down before i didn't

1848

01:07:14,390 --> 01:07:11,839

know it was there

1849

01:07:18,069 --> 01:07:14,400

and uh and it's well is well back off

1850

01:07:19,910 --> 01:07:18,079

the highway of highway 79 and it's about

1851
01:07:23,270 --> 01:07:19,920
i guess about

1852
01:07:24,789 --> 01:07:23,280
nine and a half miles from november five

1853
01:07:26,470 --> 01:07:24,799
and about

1854
01:07:29,430 --> 01:07:26,480
uh

1855
01:07:31,190 --> 01:07:29,440
seven miles six miles seven miles from

1856
01:07:31,990 --> 01:07:31,200
november one

1857
01:07:34,069 --> 01:07:32,000
so

1858
01:07:36,870 --> 01:07:34,079
that triangulation looking at the

1859
01:07:39,190 --> 01:07:36,880
triangulation of those points on a map

1860
01:07:41,190 --> 01:07:39,200
where november one is where november

1861
01:07:43,270 --> 01:07:41,200
five is and then where

1862
01:07:46,150 --> 01:07:43,280
where new lake reservoir is it forms

1863
01:07:47,589 --> 01:07:46,160

this pythagorean triangle

1864

01:07:50,309 --> 01:07:47,599

and

1865

01:07:52,789 --> 01:07:50,319

it encompasses 20.9 miles but we never

1866

01:07:54,870 --> 01:07:52,799

drove to this dam

1867

01:07:56,150 --> 01:07:54,880

and as i say in the only way

1868

01:07:57,510 --> 01:07:56,160

that you could we could have got in

1869

01:07:59,750 --> 01:07:57,520

there and got out to start with would

1870

01:08:01,270 --> 01:07:59,760

have been the back down in there

1871

01:08:02,870 --> 01:08:01,280

at whatever time in the morning that

1872

01:08:04,630 --> 01:08:02,880

could have been

1873

01:08:06,549 --> 01:08:04,640

um because there's nowhere to turn

1874

01:08:08,710 --> 01:08:06,559

around where the wheel sats all you

1875

01:08:10,230 --> 01:08:08,720

could do was go in there one way and one

1876

01:08:11,670 --> 01:08:10,240

way out you couldn't turn a vehicle

1877

01:08:12,950 --> 01:08:11,680

around

1878

01:08:15,589 --> 01:08:12,960

and um

1879

01:08:18,630 --> 01:08:15,599

there's a tree that exists just up past

1880

01:08:20,789 --> 01:08:18,640

the dam on the south side and it's on a

1881

01:08:22,709 --> 01:08:20,799

bend and that i remembered that tree

1882

01:08:24,870 --> 01:08:22,719

when we just went back out there

1883

01:08:27,030 --> 01:08:24,880

it's still there a big great big tree

1884

01:08:28,870 --> 01:08:27,040

doesn't have any branches on it

1885

01:08:31,269 --> 01:08:28,880

remind me of an old hangman tree that

1886

01:08:34,309 --> 01:08:31,279

you'd see out west or something but it's

1887

01:08:36,070 --> 01:08:34,319

still there and um

1888

01:08:38,149 --> 01:08:36,080

i remember seeing where the sun came up

1889

01:08:40,789 --> 01:08:38,159

and i went what time is it and it was

1890

01:08:44,149 --> 01:08:40,799

after 6 00 6 a.m

1891

01:08:48,789 --> 01:08:46,070

sergeant garza got to us and he and i

1892

01:08:50,550 --> 01:08:48,799

said i jumped out of the vehicle

1893

01:08:52,709 --> 01:08:50,560

and i said hey sergeant guards i said he

1894

01:08:54,309 --> 01:08:52,719

goes mario i said he said i said i'm

1895

01:08:55,990 --> 01:08:54,319

having trouble with michael johnson he's

1896

01:08:58,149 --> 01:08:56,000

not he won't talk or anything he's just

1897

01:09:00,470 --> 01:08:58,159

frozen to the steering wheel

1898

01:09:01,430 --> 01:09:00,480

and wow so that was a long time he was

1899

01:09:03,990 --> 01:09:01,440

frozen

1900

01:09:05,829 --> 01:09:04,000

yeah i mean he was just he was just like

1901

01:09:06,950 --> 01:09:05,839

this his hands were just clenched on

1902

01:09:09,749 --> 01:09:06,960

that blue

1903

01:09:13,829 --> 01:09:09,759

plastic steering wheel wow just clinched

1904

01:09:17,269 --> 01:09:15,510

anyway he um

1905

01:09:19,189 --> 01:09:17,279

he said mario he says

1906

01:09:21,030 --> 01:09:19,199

i can't talk i said what the hell i said

1907

01:09:22,870 --> 01:09:21,040

what's going on he says i can't talk to

1908

01:09:24,630 --> 01:09:22,880

you about it he goes we're here to take

1909

01:09:26,390 --> 01:09:24,640

you back november 1.

1910

01:09:28,070 --> 01:09:26,400

and i said well michael johnson's not

1911

01:09:29,349 --> 01:09:28,080

driving i said i mean i need some help

1912

01:09:31,269 --> 01:09:29,359

because i got to get him to the

1913

01:09:33,669 --> 01:09:31,279

passenger side of this vehicle and of

1914

01:09:35,269 --> 01:09:33,679

course you know i said i said he's like

1915

01:09:37,669 --> 01:09:35,279

he's like

1916

01:09:40,390 --> 01:09:37,679

frozen i don't know what else to say

1917

01:09:41,990 --> 01:09:40,400

catatonic sort of catatonic yeah he just

1918

01:09:43,349 --> 01:09:42,000

he couldn't do nothing

1919

01:09:44,950 --> 01:09:43,359

he was blinking his eyes and he was

1920

01:09:46,950 --> 01:09:44,960

breathing that's all i cared about as

1921

01:09:48,950 --> 01:09:46,960

long as you used that you know we take

1922

01:09:50,950 --> 01:09:48,960

care of him but um

1923

01:09:52,470 --> 01:09:50,960

so i unbelted him we just had you know

1924

01:09:53,669 --> 01:09:52,480

we didn't we just had seat belts we went

1925

01:09:55,990 --> 01:09:53,679

around the waist we didn't have shoulder

1926

01:09:58,310 --> 01:09:56,000

belts at that time and i slid him over

1927

01:10:00,070 --> 01:09:58,320

and put him in that seatbelt and uh i

1928

01:10:01,430 --> 01:10:00,080

kept talking to him so

1929

01:10:02,870 --> 01:10:01,440

you know they were like three teams

1930

01:10:04,709 --> 01:10:02,880

there now so they because they

1931

01:10:05,910 --> 01:10:04,719

triangulated our position and then we

1932

01:10:08,149 --> 01:10:05,920

all backed out of there and we went

1933

01:10:09,750 --> 01:10:08,159

november one well when i got there the

1934

01:10:10,870 --> 01:10:09,760

flight chief and assistant flight chief

1935

01:10:12,149 --> 01:10:10,880

were there

1936

01:10:13,830 --> 01:10:12,159

and um

1937

01:10:15,750 --> 01:10:13,840

and of course these people they the

1938

01:10:17,830 --> 01:10:15,760

other our teams they respond you know

1939

01:10:19,350 --> 01:10:17,840

they escorted us there

1940

01:10:20,950 --> 01:10:19,360

and they went back to where they were

1941

01:10:22,950 --> 01:10:20,960

going to and we had our backup alert

1942

01:10:24,790 --> 01:10:22,960

team which became active now because it

1943

01:10:26,390 --> 01:10:24,800

was after 6 a.m

1944

01:10:27,990 --> 01:10:26,400

you know and they kept saying mario what

1945

01:10:29,590 --> 01:10:28,000

happened and i couldn't answer the

1946

01:10:31,270 --> 01:10:29,600

questions you know so

1947

01:10:34,070 --> 01:10:31,280

michael johnson we got him out of the

1948

01:10:35,830 --> 01:10:34,080

vehicle they did i didn't i went in

1949

01:10:37,750 --> 01:10:35,840

they seated me in the day room and they

1950

01:10:39,590 --> 01:10:37,760

took michael johnson in the back room

1951

01:10:41,830 --> 01:10:39,600

and in our

1952

01:10:43,669 --> 01:10:41,840

one in our bedroom where where you know

1953

01:10:45,030 --> 01:10:43,679

we had bunk beds at the time they took

1954

01:10:46,470 --> 01:10:45,040

him back there to talk to him and lay

1955

01:10:47,910 --> 01:10:46,480

him down i guess

1956

01:10:49,110 --> 01:10:47,920

that was the flight assistant flight

1957

01:10:50,950 --> 01:10:49,120

chief and the flight chief started

1958

01:10:52,470 --> 01:10:50,960

asking me questions

1959

01:10:55,110 --> 01:10:52,480

and i couldn't really give him answers

1960

01:10:57,110 --> 01:10:55,120

other than what i saw and what happened

1961

01:10:58,870 --> 01:10:57,120

to the best of my knowledge

1962

01:11:00,630 --> 01:10:58,880

and he says we got to go to we have to

1963

01:11:02,070 --> 01:11:00,640

go to ellsworth we you know we got to

1964

01:11:03,750 --> 01:11:02,080

debrief you we got to see what's going

1965

01:11:04,630 --> 01:11:03,760

on with this you know and i said yes

1966

01:11:06,870 --> 01:11:04,640

right

1967

01:11:08,149 --> 01:11:06,880

you know i was just a young troop so

1968

01:11:10,950 --> 01:11:08,159

i got to be careful i don't want to put

1969

01:11:12,550 --> 01:11:10,960

himself in afib again but um

1970

01:11:15,910 --> 01:11:12,560

i swear the first time i got hypnotized

1971

01:11:18,870 --> 01:11:15,920

that's when i first went to asia but um

1972

01:11:20,630 --> 01:11:18,880

i'm not in it now but uh

1973

01:11:23,510 --> 01:11:20,640

anyhow um

1974

01:11:27,669 --> 01:11:23,520

i just i wanted to be alone for a minute

1975

01:11:29,510 --> 01:11:27,679

and uh you know i i i said i got to go

1976

01:11:30,870 --> 01:11:29,520
to the restroom so i went to the

1977

01:11:33,750 --> 01:11:30,880
restroom and

1978

01:11:35,669 --> 01:11:33,760
and uh you know it's a normal two-stall

1979

01:11:37,510 --> 01:11:35,679
kind of thing you know and showers and

1980

01:11:39,590 --> 01:11:37,520
everything in there

1981

01:11:42,149 --> 01:11:39,600
of course and um so i just went and i

1982

01:11:43,669 --> 01:11:42,159
sat in a stall and i you know i just sat

1983

01:11:45,110 --> 01:11:43,679
there and was in the uniform i just kind

1984

01:11:47,350 --> 01:11:45,120
of sat there just

1985

01:11:48,149 --> 01:11:47,360
getting my thoughts together

1986

01:11:50,070 --> 01:11:48,159
and

1987

01:11:53,030 --> 01:11:50,080
the strangest feeling came over me i

1988

01:11:54,870 --> 01:11:53,040

felt as if i was leaving my body

1989

01:11:57,270 --> 01:11:54,880

wouldn't say just felt as if i was going

1990

01:11:59,669 --> 01:11:57,280

i was i was going out through my feet

1991

01:12:00,470 --> 01:11:59,679

how that could be i don't know

1992

01:12:02,790 --> 01:12:00,480

but

1993

01:12:05,350 --> 01:12:02,800

i was like this is the weirdest i

1994

01:12:08,550 --> 01:12:05,360

thought just like i thought am i dying

1995

01:12:10,149 --> 01:12:08,560

that's that's one thing i said to myself

1996

01:12:11,830 --> 01:12:10,159

and i don't know how long i was in that

1997

01:12:13,030 --> 01:12:11,840

state or how long i was really in there

1998

01:12:14,229 --> 01:12:13,040

but

1999

01:12:16,950 --> 01:12:14,239

what kind of

2000

01:12:20,149 --> 01:12:16,960

what took me out of it was

2001

01:12:21,910 --> 01:12:20,159

i see these shiny cochrane

2002

01:12:24,310 --> 01:12:21,920

law enforcement boots walking by the

2003

01:12:26,390 --> 01:12:24,320

stall door

2004

01:12:28,709 --> 01:12:26,400

and to the left of those shiny boots was

2005

01:12:31,110 --> 01:12:28,719

four fur legs and that was a german

2006

01:12:32,870 --> 01:12:31,120

shepherd drug dog

2007

01:12:34,070 --> 01:12:32,880

so they were out there to inspect make

2008

01:12:36,390 --> 01:12:34,080

sure there was no drugs or anything like

2009

01:12:37,990 --> 01:12:36,400

that involved which that's that's

2010

01:12:39,189 --> 01:12:38,000

standard you know

2011

01:12:41,510 --> 01:12:39,199

but

2012

01:12:44,070 --> 01:12:41,520

you know and he asked me says uh he said

2013

01:12:46,070 --> 01:12:44,080

mario you okay he knew me and i said man

2014

01:12:48,229 --> 01:12:46,080

i don't know what i am right now i said

2015

01:12:49,270 --> 01:12:48,239

i feel really strange

2016

01:12:50,630 --> 01:12:49,280

and uh

2017

01:12:52,229 --> 01:12:50,640

he said well they want to talk to you

2018

01:12:54,310 --> 01:12:52,239

man he says everybody wants to talk to

2019

01:12:56,390 --> 01:12:54,320

you i said well is michael johnson

2020

01:12:57,189 --> 01:12:56,400

saying things he won't say anything

2021

01:12:59,270 --> 01:12:57,199

wow

2022

01:13:01,350 --> 01:12:59,280

and i remember i can't remember his name

2023

01:13:04,870 --> 01:13:01,360

but i can see his face might have been

2024

01:13:06,630 --> 01:13:04,880

uh steve guy but um so i was in there

2025

01:13:08,310 --> 01:13:06,640

about 20 minutes and i washed my face

2026

01:13:10,070 --> 01:13:08,320

and my hands and just splashed water i

2027

01:13:11,830 --> 01:13:10,080

made a mess of everything i didn't care

2028

01:13:13,430 --> 01:13:11,840

at that particular point

2029

01:13:15,510 --> 01:13:13,440

and then uh went back out in the day

2030

01:13:17,110 --> 01:13:15,520

room and uh

2031

01:13:19,110 --> 01:13:17,120

sergeant greg and matt sergeant grace

2032

01:13:20,870 --> 01:13:19,120

that um we're gonna have to go back to

2033

01:13:23,430 --> 01:13:20,880

ellsworth you're gonna arrive at me said

2034

01:13:26,229 --> 01:13:23,440

michael's gonna arrive with the

2035

01:13:27,990 --> 01:13:26,239

assistant fly chief sergeant hawkins so

2036

01:13:29,750 --> 01:13:28,000

we um

2037

01:13:30,470 --> 01:13:29,760

got our diddy bags and all that stuff

2038

01:13:32,149 --> 01:13:30,480

and

2039

01:13:33,669 --> 01:13:32,159

you know our that's what we call them

2040

01:13:36,470 --> 01:13:33,679

diddy bags that you carried all your

2041

01:13:37,830 --> 01:13:36,480

stuff in and everything and

2042

01:13:39,350 --> 01:13:37,840

got in the vehicle and took us to

2043

01:13:41,910 --> 01:13:39,360

ellsworth and i guess we got there at

2044

01:13:43,510 --> 01:13:41,920

about 10 30 in the morning

2045

01:13:44,950 --> 01:13:43,520

and i don't know where they took michael

2046

01:13:46,550 --> 01:13:44,960

johnson but he took me straight to

2047

01:13:48,229 --> 01:13:46,560

commander's office as a colonel's

2048

01:13:51,830 --> 01:13:48,239

breaker

2049

01:13:54,870 --> 01:13:53,750

it was four or five people in there and

2050

01:13:57,510 --> 01:13:54,880

there was a

2051

01:13:59,510 --> 01:13:57,520

a young osi guy

2052

01:14:01,590 --> 01:13:59,520

who uh who's

2053

01:14:03,110 --> 01:14:01,600

been involved in several things and on

2054

01:14:04,149 --> 01:14:03,120

some of these channels called richard

2055

01:14:06,070 --> 01:14:04,159

dodie

2056

01:14:07,750 --> 01:14:06,080

he was a young guy at the town and i

2057

01:14:09,510 --> 01:14:07,760

outranked him and he was there as a

2058

01:14:11,110 --> 01:14:09,520

witness but he had a supervisor he

2059

01:14:13,189 --> 01:14:11,120

reported to and then there was another

2060

01:14:15,189 --> 01:14:13,199

man there in civilian clothing

2061

01:14:16,870 --> 01:14:15,199

and he was in a suit

2062

01:14:18,550 --> 01:14:16,880

excuse me did you did you just say that

2063

01:14:19,430 --> 01:14:18,560

richard doughty was there

2064

01:14:23,669 --> 01:14:19,440

yeah

2065

01:14:25,350 --> 01:14:23,679

my goodness okay

2066

01:14:27,430 --> 01:14:25,360

he was stationed there he was a young

2067

01:14:29,510 --> 01:14:27,440

osi guy i don't know if he'd been in

2068

01:14:30,870 --> 01:14:29,520

security police or law enforcer le

2069

01:14:32,870 --> 01:14:30,880

before but uh

2070

01:14:36,550 --> 01:14:32,880

he somehow got cross-trained over in the

2071

01:14:38,790 --> 01:14:36,560

osi and which is good you know it's it's

2072

01:14:40,630 --> 01:14:38,800

office of special investigation so it's

2073

01:14:43,030 --> 01:14:40,640

kind of like being the detective you

2074

01:14:45,590 --> 01:14:43,040

know that kind of thing but we all had

2075

01:14:47,430 --> 01:14:45,600

had those um investigative rights and

2076

01:14:49,030 --> 01:14:47,440

and uh training so

2077

01:14:50,950 --> 01:14:49,040

it just takes it a step further but he

2078

01:14:52,630 --> 01:14:50,960

was there he had like i said he had a

2079

01:14:55,350 --> 01:14:52,640

person he reported to

2080

01:14:57,669 --> 01:14:55,360

and then there was a man that was in um

2081

01:14:59,110 --> 01:14:57,679

in a suit you know he had i think he was

2082

01:15:00,550 --> 01:14:59,120

a civilian he might have may have been a

2083

01:15:01,990 --> 01:15:00,560

government guy i was not introduced to

2084

01:15:03,030 --> 01:15:02,000

him and he didn't say anything he just

2085

01:15:04,630 --> 01:15:03,040

listened

2086

01:15:09,030 --> 01:15:04,640

and of course colonel sprecker was there

2087

01:15:13,189 --> 01:15:10,709

i think somebody wins security control

2088

01:15:15,270 --> 01:15:13,199

was there as well and um

2089

01:15:17,750 --> 01:15:15,280

like a high-ranking individual and of

2090

01:15:19,430 --> 01:15:17,760

course they asked me everything you know

2091

01:15:21,830 --> 01:15:19,440

what what i saw

2092

01:15:23,830 --> 01:15:21,840

what i did what i didn't do you know for

2093

01:15:25,350 --> 01:15:23,840

one we did not strike the site which was

2094

01:15:26,149 --> 01:15:25,360

the procedure that was supposed to be

2095

01:15:28,070 --> 01:15:26,159

done

2096

01:15:30,149 --> 01:15:28,080

what does that mean exactly that means

2097

01:15:31,990 --> 01:15:30,159

perform the security function

2098

01:15:34,229 --> 01:15:32,000

on the facility you know what what

2099

01:15:35,990 --> 01:15:34,239

caused the alarm you know i see anything

2100

01:15:37,270 --> 01:15:36,000

there was there

2101

01:15:39,750 --> 01:15:37,280

anything

2102

01:15:42,630 --> 01:15:39,760

so um someone else did that later i

2103

01:15:46,870 --> 01:15:45,189

at a later time you know that night one

2104

01:15:48,790 --> 01:15:46,880

of the backup alert teams went to

2105

01:15:49,910 --> 01:15:48,800

november five we weren't there because i

2106

01:15:53,350 --> 01:15:49,920

didn't know that all these people were

2107

01:15:55,189 --> 01:15:53,360

looking for us to start with and um but

2108

01:15:56,709 --> 01:15:55,199

the site had to be addressed regardless

2109

01:15:58,470 --> 01:15:56,719

the mission had to be done no matter

2110

01:15:59,990 --> 01:15:58,480

what somebody had to go to that missile

2111

01:16:02,390 --> 01:16:00,000

site of course there was nothing there

2112

01:16:03,510 --> 01:16:02,400

as far as i knew i never heard but i

2113

01:16:05,189 --> 01:16:03,520

didn't know all these people were

2114

01:16:07,510 --> 01:16:05,199

looking for so i'm just in this from

2115

01:16:09,669 --> 01:16:07,520

civilian side of law enforcement

2116

01:16:12,229 --> 01:16:09,679

and of course um

2117

01:16:14,310 --> 01:16:12,239

i i literally got grilled for the next

2118

01:16:16,950 --> 01:16:14,320

four hours and everything that i saw on

2119

01:16:18,950 --> 01:16:16,960

trying to describe it and i got you know

2120

01:16:21,750 --> 01:16:18,960

even got laughed at one time which i i

2121

01:16:23,990 --> 01:16:21,760

didn't appreciate and that was a

2122

01:16:25,669 --> 01:16:24,000

one of these guys that were just i guess

2123

01:16:26,870 --> 01:16:25,679

out of wing security control so yeah

2124

01:16:28,790 --> 01:16:26,880

like right but

2125

01:16:30,870 --> 01:16:28,800

there's been many more incidents similar

2126
01:16:33,510 --> 01:16:30,880
to that

2127
01:16:35,270 --> 01:16:33,520
in the missile field but um

2128
01:16:37,669 --> 01:16:35,280
anyway they were taking it serious and

2129
01:16:39,669 --> 01:16:37,679
of course i had to write a report on i

2130
01:16:41,590 --> 01:16:39,679
don't know i don't know the name of the

2131
01:16:42,950 --> 01:16:41,600
number of the report

2132
01:16:45,430 --> 01:16:42,960
but um

2133
01:16:47,350 --> 01:16:45,440
and it was it was three pages i mean it

2134
01:16:48,870 --> 01:16:47,360
was one of those carbon copy things you

2135
01:16:50,149 --> 01:16:48,880
know like three page

2136
01:16:52,790 --> 01:16:50,159
you do the original page and it

2137
01:16:55,110 --> 01:16:52,800
transfers down to two additional pages

2138
01:16:57,430 --> 01:16:55,120

and it was three pages of that that i

2139

01:16:58,630 --> 01:16:57,440

wrote because i i had everything in my

2140

01:17:02,070 --> 01:16:58,640

memory

2141

01:17:04,709 --> 01:17:02,080

and i even wrote in i wrote it i wrote

2142

01:17:06,310 --> 01:17:04,719

do not fear what which is what i heard

2143

01:17:08,950 --> 01:17:06,320

i wrote the description of what i

2144

01:17:11,590 --> 01:17:08,960

thought i saw or what i saw to me

2145

01:17:14,550 --> 01:17:11,600

and what i felt and where we ended up

2146

01:17:17,510 --> 01:17:14,560

and what we did or we didn't do i wrote

2147

01:17:19,910 --> 01:17:17,520

everything in there and um so from when

2148

01:17:21,270 --> 01:17:19,920

that was all said and done then um

2149

01:17:22,790 --> 01:17:21,280

colonel speaker said we're going to send

2150

01:17:24,790 --> 01:17:22,800

you over to the flight surgeon they want

2151

01:17:27,350 --> 01:17:24,800

to take a look at you

2152

01:17:28,149 --> 01:17:27,360

and so richard doty went there too with

2153

01:17:35,669 --> 01:17:28,159

his

2154

01:17:38,390 --> 01:17:35,679

and then there was a nurse and then

2155

01:17:40,070 --> 01:17:38,400

there was his doctor um

2156

01:17:41,830 --> 01:17:40,080

there were five or six five or six

2157

01:17:43,590 --> 01:17:41,840

people that came over there while i was

2158

01:17:45,669 --> 01:17:43,600

just being looked at you know it wasn't

2159

01:17:46,790 --> 01:17:45,679

anything personal at that particular

2160

01:17:49,590 --> 01:17:46,800

time

2161

01:17:53,510 --> 01:17:51,350

as of course i had to take off my i had

2162

01:17:55,910 --> 01:17:53,520

to take off my outer outer garment you

2163

01:17:56,870 --> 01:17:55,920

know my outer fatigue jacket

2164

01:17:59,750 --> 01:17:56,880

uh

2165

01:18:00,790 --> 01:17:59,760

you know uniform so i was in my t-shirt

2166

01:18:02,709 --> 01:18:00,800

and

2167

01:18:05,189 --> 01:18:02,719

surgeon he kept lifting up my head like

2168

01:18:07,590 --> 01:18:05,199

this he did ears eyes nose throat you

2169

01:18:10,310 --> 01:18:07,600

know looked at me you know asked me to

2170

01:18:12,310 --> 01:18:10,320

cough check my heartbeat pushed on my

2171

01:18:15,430 --> 01:18:12,320

internals a little bit and check me you

2172

01:18:19,270 --> 01:18:17,590

and um

2173

01:18:21,030 --> 01:18:19,280

he goes let me ask you something he said

2174

01:18:23,189 --> 01:18:21,040

uh

2175

01:18:25,270 --> 01:18:23,199

he goes you know you got burns on you

2176

01:18:27,669 --> 01:18:25,280

right and i said what he goes you're you

2177

01:18:29,430 --> 01:18:27,679

know like a sunburn i said

2178

01:18:31,910 --> 01:18:29,440

i didn't even think about that but i did

2179

01:18:33,350 --> 01:18:31,920

this this is the right side of my head i

2180

01:18:35,669 --> 01:18:33,360

went wow

2181

01:18:37,430 --> 01:18:35,679

you know i'm from florida and i know

2182

01:18:40,070 --> 01:18:37,440

what a sunburn is and living in south

2183

01:18:41,830 --> 01:18:40,080

dakota you lose that ability to fight

2184

01:18:43,430 --> 01:18:41,840

off the sun so

2185

01:18:46,070 --> 01:18:43,440

you know it don't take long you're

2186

01:18:48,070 --> 01:18:46,080

creamy white you know yeah yeah i can't

2187

01:18:49,910 --> 01:18:48,080

i mean i don't know how to say it but

2188

01:18:51,750 --> 01:18:49,920

uh but even though it gets blast and hot

2189

01:18:53,270 --> 01:18:51,760

there it's not the same but

2190

01:18:54,870 --> 01:18:53,280

anyway so

2191

01:18:57,350 --> 01:18:54,880

i was burned here on the right side of

2192

01:18:59,110 --> 01:18:57,360

my face i don't know for the extent of

2193

01:19:00,310 --> 01:18:59,120

it but he took a skin sample from right

2194

01:19:01,990 --> 01:19:00,320

up here

2195

01:19:03,430 --> 01:19:02,000

and then i was burned on the back of my

2196

01:19:06,149 --> 01:19:03,440

hand and this was the hand that was

2197

01:19:08,310 --> 01:19:06,159

exposed that i had my flashlight in

2198

01:19:09,990 --> 01:19:08,320

my neck light it was a big old d cell

2199

01:19:11,669 --> 01:19:10,000

three cell

2200

01:19:13,590 --> 01:19:11,679

three

2201

01:19:15,510 --> 01:19:13,600

cell d cell

2202

01:19:18,229 --> 01:19:15,520

mag light weighed about 40 pounds it

2203

01:19:19,590 --> 01:19:18,239

seen we used them as batons if we had to

2204

01:19:21,350 --> 01:19:19,600

you know but

2205

01:19:22,950 --> 01:19:21,360

um so he took a scan sample off the back

2206

01:19:24,550 --> 01:19:22,960

of my hand too

2207

01:19:26,229 --> 01:19:24,560

asked me several questions you know

2208

01:19:28,390 --> 01:19:26,239

could i taste

2209

01:19:29,750 --> 01:19:28,400

that kind of thing he swabbed my mouth

2210

01:19:31,590 --> 01:19:29,760

um

2211

01:19:33,750 --> 01:19:31,600

you know i don't know what else they

2212

01:19:35,110 --> 01:19:33,760

eat they kept the skin samples and they

2213

01:19:37,350 --> 01:19:35,120

i don't know if they kept the swab or

2214

01:19:39,590 --> 01:19:37,360

whatever i'm sure they probably did they

2215

01:19:40,630 --> 01:19:39,600

checked you for radiation too

2216

01:19:42,550 --> 01:19:40,640

that's what he was checking he was

2217

01:19:44,149 --> 01:19:42,560

checking me for radiation

2218

01:19:46,790 --> 01:19:44,159

that's what he said and we didn't have

2219

01:19:48,630 --> 01:19:46,800

tlds or anything that any dosimeters or

2220

01:19:49,750 --> 01:19:48,640

anything like that back then because we

2221

01:19:52,070 --> 01:19:49,760

weren't you know everything was

2222

01:19:54,149 --> 01:19:52,080

protected underground so

2223

01:19:56,070 --> 01:19:54,159

well we didn't have any direct uh

2224

01:19:58,229 --> 01:19:56,080

contact you know

2225

01:19:59,830 --> 01:19:58,239

unless you went down into the sea plug

2226

01:20:00,630 --> 01:19:59,840

you would you could reach up and touch

2227

01:20:01,910 --> 01:20:00,640

it or

2228

01:20:03,189 --> 01:20:01,920

you know you wanted to write something

2229

01:20:04,950 --> 01:20:03,199

on the side of these missiles but i

2230

01:20:06,229 --> 01:20:04,960

never did you know that wasn't a big

2231

01:20:08,390 --> 01:20:06,239

offense

2232

01:20:11,270 --> 01:20:08,400

um but anyway um

2233

01:20:13,830 --> 01:20:11,280

so i was there for another

2234

01:20:16,229 --> 01:20:13,840

wait maybe do something outside

2235

01:20:18,149 --> 01:20:16,239

with my back or something i don't know

2236

01:20:19,590 --> 01:20:18,159

anyway i was there for about two and a

2237

01:20:21,270 --> 01:20:19,600

half hours

2238

01:20:22,950 --> 01:20:21,280

and um

2239

01:20:25,110 --> 01:20:22,960

they talked amongst themselves and

2240

01:20:27,030 --> 01:20:25,120

finally i was able to i was able to be

2241

01:20:29,030 --> 01:20:27,040

released from him and he went back to

2242

01:20:31,189 --> 01:20:29,040

the seta building which was our main

2243

01:20:33,430 --> 01:20:31,199

organizational building where colonel

2244

01:20:36,390 --> 01:20:33,440

breaker and the base commander and the

2245

01:20:38,070 --> 01:20:36,400

wing security control uh commander or

2246

01:20:39,750 --> 01:20:38,080

officer in charge were

2247

01:20:41,030 --> 01:20:39,760

and they asked me several more questions

2248

01:20:41,910 --> 01:20:41,040

you know and asked me about michael

2249

01:20:44,950 --> 01:20:41,920

johnson

2250

01:20:46,870 --> 01:20:44,960

how well did i know him

2251

01:20:48,790 --> 01:20:46,880

and which was not very well at all so

2252

01:20:51,189 --> 01:20:48,800

you know he was evident he was working

2253

01:20:52,390 --> 01:20:51,199

vacation belief you know because my

2254

01:20:54,629 --> 01:20:52,400

normal guy

2255

01:20:57,270 --> 01:20:54,639

who was my member went on vacation to

2256

01:20:59,270 --> 01:20:57,280

get married and um

2257

01:21:01,270 --> 01:20:59,280

so that's all that's

2258

01:21:03,270 --> 01:21:01,280

all i worked with him was that one night

2259

01:21:05,189 --> 01:21:03,280

and i didn't see him again we were

2260

01:21:06,950 --> 01:21:05,199

separated from that point

2261

01:21:09,350 --> 01:21:06,960

and uh i didn't know i never went back

2262

01:21:10,790 --> 01:21:09,360

to november control again they sent me

2263

01:21:12,790 --> 01:21:10,800

to

2264

01:21:14,629 --> 01:21:12,800

let me back up a minute

2265

01:21:16,550 --> 01:21:14,639

so normally i'd be out there for three

2266

01:21:18,790 --> 01:21:16,560

days on and four days off so they didn't

2267

01:21:21,510 --> 01:21:18,800

send me back out there that day so i got

2268

01:21:23,350 --> 01:21:21,520

like a week and a half off you know

2269

01:21:27,110 --> 01:21:23,360

which my wife at the time didn't

2270

01:21:30,790 --> 01:21:28,870

i i couldn't tell her

2271

01:21:31,910 --> 01:21:30,800

but she saw that i was sunburned she had

2272

01:21:34,790 --> 01:21:31,920

questions where'd you would you get

2273

01:21:37,110 --> 01:21:34,800

sunburned like that you know

2274

01:21:38,629 --> 01:21:37,120

and i honestly i couldn't tell her you

2275

01:21:41,030 --> 01:21:38,639

know

2276

01:21:43,510 --> 01:21:41,040

it bothered me a great deal

2277

01:21:45,110 --> 01:21:43,520

but uh i had to i just had to because i

2278

01:21:47,350 --> 01:21:45,120

signed that non-disclosure and that

2279

01:21:49,270 --> 01:21:47,360

meant everything you you know you start

2280

01:21:51,189 --> 01:21:49,280

talking and they know it there they find

2281

01:21:52,310 --> 01:21:51,199

out because they will actually

2282

01:21:56,070 --> 01:21:52,320

they will

2283

01:21:58,229 --> 01:21:56,080

somebody i'm serious well what about now

2284

01:21:59,990 --> 01:21:58,239

you talking about it yeah well i don't

2285

01:22:01,189 --> 01:22:00,000

have a clearance any longer and i don't

2286

01:22:04,310 --> 01:22:01,199

have a

2287

01:22:08,629 --> 01:22:04,320

a usdoe q clearance any longer as i left

2288

01:22:10,709 --> 01:22:08,639

uh doe in 19 or yeah 1996. yeah i don't

2289

01:22:12,229 --> 01:22:10,719

know how that works but you know i mean

2290

01:22:14,709 --> 01:22:12,239

is there a certain amount of time that

2291

01:22:16,390 --> 01:22:14,719

you're able to speak about this freely

2292

01:22:18,310 --> 01:22:16,400

or

2293

01:22:20,390 --> 01:22:18,320

not really just as long as i'm not in a

2294

01:22:22,390 --> 01:22:20,400

i'm not in a um

2295

01:22:24,070 --> 01:22:22,400

in a career field now that requires a

2296

01:22:25,510 --> 01:22:24,080

clearance or anything anything of that

2297

01:22:27,110 --> 01:22:25,520

nature to

2298

01:22:29,110 --> 01:22:27,120

for this subject matter and i think it's

2299

01:22:31,830 --> 01:22:29,120

out i think it's out now back then they

2300

01:22:33,590 --> 01:22:31,840

didn't want you talking about it

2301

01:22:36,470 --> 01:22:33,600

and they held you to that

2302

01:22:38,629 --> 01:22:36,480

so as i said they separated us and they

2303

01:22:41,750 --> 01:22:38,639

sent me to kilo control which was the

2304

01:22:43,510 --> 01:22:41,760

command center or the command

2305

01:22:46,390 --> 01:22:43,520

area for

2306

01:22:48,390 --> 01:22:46,400

the 68th area which would comprise the

2307

01:22:50,229 --> 01:22:48,400

five sites

2308

01:22:52,550 --> 01:22:50,239

and and that's what the flight chief and

2309

01:22:54,310 --> 01:22:52,560

assistant flight chief also stayed

2310

01:22:55,350 --> 01:22:54,320

during the three days out and four days

2311

01:22:57,750 --> 01:22:55,360

off

2312

01:23:00,149 --> 01:22:57,760

so i did that in about eight months

2313

01:23:01,590 --> 01:23:00,159

later is when i got an assignment osan

2314

01:23:04,390 --> 01:23:01,600

air base korea

2315

01:23:05,750 --> 01:23:04,400

and i went to the i went to my commander

2316

01:23:08,310 --> 01:23:05,760

and begged him i said you know i'm a

2317

01:23:10,470 --> 01:23:08,320

newlywed i said you know i've been

2318

01:23:11,189 --> 01:23:10,480

working missiles i've said i've been you

2319

01:23:13,110 --> 01:23:11,199

know

2320

01:23:14,870 --> 01:23:13,120

an outstanding

2321

01:23:16,550 --> 01:23:14,880

security policeman and got letters you

2322

01:23:18,870 --> 01:23:16,560

know and standboard evaluations of

2323

01:23:20,790 --> 01:23:18,880

outstanding work and everything and i

2324

01:23:23,350 --> 01:23:20,800

asked him i said you know can i get

2325

01:23:25,270 --> 01:23:23,360

something else where my wife can go

2326

01:23:27,510 --> 01:23:25,280

and they would they just you're going

2327

01:23:28,629 --> 01:23:27,520

remote for a year and that's what it

2328

01:23:31,110 --> 01:23:28,639

ended up doing actually it ended up

2329

01:23:32,950 --> 01:23:31,120

being 14 months and of course it cost my

2330

01:23:36,870 --> 01:23:32,960

marriage too but you know that's the way

2331

01:23:42,229 --> 01:23:39,910

no matter what i did you know i was uh

2332

01:23:44,310 --> 01:23:42,239

from that point forward you know

2333

01:23:45,800 --> 01:23:44,320

you know we everything was scrutinized

2334

01:23:47,189 --> 01:23:45,810

and you always were

2335

01:23:51,030 --> 01:23:47,199

[Music]

2336

01:23:53,350 --> 01:23:51,040

ask questions about it and um

2337

01:23:55,750 --> 01:23:53,360

another thing too a weapon was never

2338

01:23:58,550 --> 01:23:55,760

taken these other these other for some

2339

01:24:00,310 --> 01:23:58,560

reason these other uh

2340

01:24:01,910 --> 01:24:00,320

unidentified

2341

01:24:03,189 --> 01:24:01,920

we were relieved of our weapons that

2342

01:24:04,950 --> 01:24:03,199

never happened

2343

01:24:06,790 --> 01:24:04,960

and i can't believe they come up they

2344

01:24:08,550 --> 01:24:06,800

just made they just said that and that

2345

01:24:11,590 --> 01:24:08,560

really tore me off and they know it too

2346

01:24:13,030 --> 01:24:11,600

and that's lou alizondo on those guys

2347

01:24:15,189 --> 01:24:13,040

but um

2348

01:24:17,510 --> 01:24:15,199

sure that wasn't like on the

2349

01:24:19,590 --> 01:24:17,520

in the editing room someone

2350

01:24:20,550 --> 01:24:19,600

i don't know i mean i have no idea but

2351

01:24:23,510 --> 01:24:20,560

it

2352

01:24:25,270 --> 01:24:23,520

went another i guess i don't know but

2353

01:24:27,110 --> 01:24:25,280

i'm not i'm not complaining i just don't

2354

01:24:29,510 --> 01:24:27,120

like falsehoods you know it's hard

2355

01:24:31,189 --> 01:24:29,520

enough to tell

2356

01:24:32,870 --> 01:24:31,199

many many people that something like

2357

01:24:35,110 --> 01:24:32,880

this happened because i have no question

2358

01:24:37,270 --> 01:24:35,120

in my mind there is life elsewhere on

2359

01:24:38,950 --> 01:24:37,280

this in this in this universe and

2360

01:24:41,189 --> 01:24:38,960

there's a lot more than one of them and

2361

01:24:44,149 --> 01:24:41,199

they are highly highly intelligent we

2362

01:24:46,070 --> 01:24:44,159

can't even we don't even have a clue so

2363

01:24:49,030 --> 01:24:46,080

did they talk did you did you talk about

2364

01:24:49,910 --> 01:24:49,040

the beings when you were being debriefed

2365

01:24:52,310 --> 01:24:49,920

yes

2366

01:24:54,470 --> 01:24:52,320

and and what how was that

2367

01:24:56,950 --> 01:24:54,480

how was that handled

2368

01:24:58,950 --> 01:24:56,960

uh some scoffs and some hands over the

2369

01:25:01,350 --> 01:24:58,960

head like that and that kind and that

2370

01:25:03,110 --> 01:25:01,360

kind of thing i just told the truth

2371

01:25:04,950 --> 01:25:03,120

i had nothing to hide

2372

01:25:07,030 --> 01:25:04,960

yeah

2373

01:25:09,830 --> 01:25:07,040

even when i you know this is another

2374

01:25:13,030 --> 01:25:09,840

thing too i i want to tell you

2375

01:25:15,270 --> 01:25:13,040

how this follows you

2376

01:25:17,510 --> 01:25:15,280

after the air force

2377

01:25:19,030 --> 01:25:17,520

i uh i literally when i got out of the

2378

01:25:21,350 --> 01:25:19,040

air force i had a

2379

01:25:22,950 --> 01:25:21,360

an ex-commander that um

2380

01:25:24,390 --> 01:25:22,960

he went to work for department of energy

2381

01:25:26,950 --> 01:25:24,400

and i started at general electric

2382

01:25:28,149 --> 01:25:26,960

neutron devices in usdoe and largo

2383

01:25:30,390 --> 01:25:28,159

florida

2384

01:25:32,390 --> 01:25:30,400

with there we made an rtg it was a

2385

01:25:33,910 --> 01:25:32,400

triggering device for a nuclear weapon

2386

01:25:35,430 --> 01:25:33,920

every there's 13 bomb building

2387

01:25:37,189 --> 01:25:35,440

facilities in the country this is not

2388

01:25:38,950 --> 01:25:37,199

classified information this is you can

2389

01:25:42,070 --> 01:25:38,960

find this out anywhere

2390

01:25:43,669 --> 01:25:42,080

so we we made the rtg radioisotopic

2391

01:25:45,510 --> 01:25:43,679

thermal nuclear

2392

01:25:48,310 --> 01:25:45,520

generator it's about

2393

01:25:50,390 --> 01:25:48,320

it's about 12 13 inches long about two

2394

01:25:52,550 --> 01:25:50,400

and a half three inches in diameter

2395

01:25:53,990 --> 01:25:52,560

and it's about 115 degrees if you pick

2396

01:25:56,470 --> 01:25:54,000

it up and hold it it'll stay like that

2397

01:25:58,950 --> 01:25:56,480

for ten thousand years it's a battery

2398

01:26:00,709 --> 01:25:58,960

and it's it's the ignition thing in a

2399

01:26:02,229 --> 01:26:00,719

nuclear weapon between two hemi shells

2400

01:26:04,709 --> 01:26:02,239

but anyway and that's not classified

2401

01:26:05,910 --> 01:26:04,719

either i got a complete drawing of a

2402

01:26:09,590 --> 01:26:05,920

weapon here but

2403

01:26:13,669 --> 01:26:12,070

when i when i obtained my clearance

2404

01:26:16,229 --> 01:26:13,679

you know i was with guys that were ex

2405

01:26:17,110 --> 01:26:16,239

police officers them some delta force

2406

01:26:19,350 --> 01:26:17,120

people

2407

01:26:22,550 --> 01:26:19,360

rangers

2408

01:26:24,550 --> 01:26:22,560

all kinds of people would you know

2409

01:26:26,870 --> 01:26:24,560

highly qualified individuals with really

2410

01:26:29,590 --> 01:26:26,880

good clearances really good backgrounds

2411

01:26:32,229 --> 01:26:29,600

i mean literally before 1983 you could

2412

01:26:34,149 --> 01:26:32,239

drive your personal own vehicle up to

2413

01:26:37,990 --> 01:26:34,159

any nuclear

2414

01:26:39,750 --> 01:26:38,000

national security complex literally

2415

01:26:41,430 --> 01:26:39,760

and walk through a door and it'd be

2416

01:26:43,830 --> 01:26:41,440

there'd be weapons-grade material on the

2417

01:26:45,750 --> 01:26:43,840

table and you could access it

2418

01:26:47,750 --> 01:26:45,760

it was just that bad security on these

2419

01:26:50,229 --> 01:26:47,760

facilities was terrible

2420

01:26:52,310 --> 01:26:50,239

it was like the old keystone police

2421

01:26:54,070 --> 01:26:52,320

keystone cops you know i've seen

2422

01:26:56,470 --> 01:26:54,080

response vehicles with three-wheel

2423

01:26:58,229 --> 01:26:56,480

bicycles with one guy pushing and one

2424

01:27:01,189 --> 01:26:58,239

guy pedaling

2425

01:27:02,550 --> 01:27:01,199

yeah yeah in 1983 it's all changed now

2426

01:27:04,550 --> 01:27:02,560

of course but

2427

01:27:06,709 --> 01:27:04,560

anyway so getting back to clearance so

2428

01:27:08,709 --> 01:27:06,719

when you when you apply for acute

2429

01:27:11,270 --> 01:27:08,719

clearance you literally you're going

2430

01:27:12,790 --> 01:27:11,280

back to about third or fourth grade of

2431

01:27:15,189 --> 01:27:12,800

your life

2432

01:27:16,870 --> 01:27:15,199

and up to date and i mean everything i

2433

01:27:19,030 --> 01:27:16,880

mean i've got i wish i should have

2434

01:27:20,149 --> 01:27:19,040

pulled that out for you my cue clearance

2435

01:27:22,070 --> 01:27:20,159

is about

2436

01:27:24,070 --> 01:27:22,080

two inches thick

2437

01:27:26,550 --> 01:27:24,080

and that's just investigative material

2438

01:27:27,430 --> 01:27:26,560

that runs behind you wherever you go

2439

01:27:29,510 --> 01:27:27,440

you know

2440

01:27:34,709 --> 01:27:29,520

everybody that's got acute clearance uh

2441

01:27:36,629 --> 01:27:34,719

it has the same thing and um

2442

01:27:38,229 --> 01:27:36,639

anyway

2443

01:27:39,669 --> 01:27:38,239

with my back i've never been arrested

2444

01:27:41,510 --> 01:27:39,679

never been in trouble never done

2445

01:27:42,870 --> 01:27:41,520

anything wrong that you know where

2446

01:27:44,870 --> 01:27:42,880

there'd be any kind of charges or

2447

01:27:47,430 --> 01:27:44,880

anything like that i just this is not in

2448

01:27:49,430 --> 01:27:47,440

me but um

2449

01:27:52,629 --> 01:27:49,440

my acute clearance because of that

2450

01:27:55,669 --> 01:27:52,639

incident in 1977

2451
01:27:57,270 --> 01:27:55,679
took eight months for me to obtain and

2452
01:28:00,229 --> 01:27:57,280
in that eight months

2453
01:28:02,870 --> 01:28:00,239
i was called into doing offices three

2454
01:28:04,709 --> 01:28:02,880
times and questioned about

2455
01:28:06,790 --> 01:28:04,719
is there anything else that i wanted to

2456
01:28:08,390 --> 01:28:06,800
disclose that happened back in my

2457
01:28:10,870 --> 01:28:08,400
military time

2458
01:28:12,390 --> 01:28:10,880
and of course if i'd talked about it and

2459
01:28:15,270 --> 01:28:12,400
i knew this and these people were from

2460
01:28:16,870 --> 01:28:15,280
oak ridge and in washington dc that

2461
01:28:19,590 --> 01:28:16,880
interviewed me

2462
01:28:21,430 --> 01:28:19,600
if i'd have spoken about that

2463
01:28:23,270 --> 01:28:21,440

i don't think i'd ever been i would have

2464

01:28:26,470 --> 01:28:23,280

never been cleared and my family

2465

01:28:27,990 --> 01:28:26,480

depended on me you know

2466

01:28:29,590 --> 01:28:28,000

maybe that's why they asked you three

2467

01:28:31,110 --> 01:28:29,600

times to see if you talk about it maybe

2468

01:28:33,430 --> 01:28:31,120

they knew about it in time and then

2469

01:28:35,110 --> 01:28:33,440

every five years that you were there

2470

01:28:37,750 --> 01:28:35,120

you know they redo your clearance and

2471

01:28:39,669 --> 01:28:37,760

they can do just a sporadic clearance

2472

01:28:41,750 --> 01:28:39,679

that just they'll just tell you where

2473

01:28:43,350 --> 01:28:41,760

you know you're being

2474

01:28:44,390 --> 01:28:43,360

you're being processed for another q

2475

01:28:46,629 --> 01:28:44,400

clearance or

2476

01:28:48,470 --> 01:28:46,639

it's going to be redone on you yeah so

2477

01:28:49,430 --> 01:28:48,480

all my buddies that i just described

2478

01:28:53,189 --> 01:28:49,440

that

2479

01:28:54,629 --> 01:28:53,199

the military some didn't

2480

01:28:56,629 --> 01:28:54,639

you know they'd get their clearances in

2481

01:28:58,870 --> 01:28:56,639

three four months you know and of course

2482

01:29:01,430 --> 01:28:58,880

i did have like 51 addresses from all

2483

01:29:03,669 --> 01:29:01,440

the places that i live you know from my

2484

01:29:06,149 --> 01:29:03,679

father being a merchant seaman and you

2485

01:29:08,070 --> 01:29:06,159

know we go from city to city as he was a

2486

01:29:08,830 --> 01:29:08,080

sign you know with texaco

2487

01:29:11,510 --> 01:29:08,840

and

2488

01:29:13,590 --> 01:29:11,520

um but um

2489

01:29:15,430 --> 01:29:13,600

it was it was really uh

2490

01:29:17,590 --> 01:29:15,440

and it was really only one or two people

2491

01:29:19,990 --> 01:29:17,600

that generally neutron devices before i

2492

01:29:21,830 --> 01:29:20,000

went to oak ridge at the y12 plant that

2493

01:29:23,350 --> 01:29:21,840

even knew this incident happened to me

2494

01:29:25,430 --> 01:29:23,360

that's how close to heart you have to

2495

01:29:27,270 --> 01:29:25,440

keep this especially back during that

2496

01:29:30,149 --> 01:29:27,280

time

2497

01:29:33,270 --> 01:29:30,159

so it's it's been an ongoing

2498

01:29:35,430 --> 01:29:33,280

it's really been an ongoing uh

2499

01:29:37,590 --> 01:29:35,440

topic for me you know and and then to be

2500

01:29:40,470 --> 01:29:37,600

able to finally speak about it

2501

01:29:42,390 --> 01:29:40,480

and openly and and

2502

01:29:45,030 --> 01:29:42,400

and feel what i feel and especially to

2503

01:29:47,110 --> 01:29:45,040

go back there and see it again it just

2504

01:29:48,709 --> 01:29:47,120

i can't tell you how

2505

01:29:51,270 --> 01:29:48,719

it just uh

2506

01:29:53,350 --> 01:29:51,280

it really kind of it got to me yeah i

2507

01:29:55,750 --> 01:29:53,360

saw it i saw it when i

2508

01:29:57,350 --> 01:29:55,760

watched that many people saw that but i

2509

01:29:59,750 --> 01:29:57,360

couldn't help myself and you know it

2510

01:30:02,870 --> 01:29:59,760

wasn't all that i mean they just edited

2511

01:30:04,950 --> 01:30:02,880

out so much that i was like okay

2512

01:30:08,229 --> 01:30:04,960

so you took three days and it's at eight

2513

01:30:10,390 --> 01:30:08,239

minutes i'm not i'm not a camera feeding

2514

01:30:12,950 --> 01:30:10,400

and i don't expect anything i'm not i'm

2515

01:30:15,350 --> 01:30:12,960

not looking at a motion picture

2516

01:30:17,750 --> 01:30:15,360

nothing like that i'm a working guy

2517

01:30:19,510 --> 01:30:17,760

and i love to go to the range i shoot a

2518

01:30:20,470 --> 01:30:19,520

race radio control race car that's my

2519

01:30:22,229 --> 01:30:20,480

hobby

2520

01:30:24,149 --> 01:30:22,239

and um

2521

01:30:26,629 --> 01:30:24,159

you know i'm just easy going and i ride

2522

01:30:28,229 --> 01:30:26,639

my motorcycle i just enjoy life you know

2523

01:30:30,229 --> 01:30:28,239

and um

2524

01:30:31,990 --> 01:30:30,239

it just blows my mind now you know the

2525

01:30:35,189 --> 01:30:32,000

secrecy that that

2526
01:30:36,950 --> 01:30:35,199
has to uh go along with these instances

2527
01:30:38,950 --> 01:30:36,960
and there there are many more that

2528
01:30:40,870 --> 01:30:38,960
people just can't speak about them you

2529
01:30:42,070 --> 01:30:40,880
know so let's talk a little bit more

2530
01:30:43,110 --> 01:30:42,080
about

2531
01:30:44,470 --> 01:30:43,120
um

2532
01:30:46,070 --> 01:30:44,480
distance

2533
01:30:49,350 --> 01:30:46,080
what do you say do you know what the

2534
01:30:52,310 --> 01:30:49,360
distance is that you actually ended up

2535
01:30:55,750 --> 01:30:52,320
from where you last remember

2536
01:30:58,149 --> 01:30:55,760
oh yeah uh from november that

2537
01:30:59,510 --> 01:30:58,159
where that little uh where that newell

2538
01:31:00,790 --> 01:30:59,520

is located

2539

01:31:03,270 --> 01:31:00,800

we were just a

2540

01:31:04,390 --> 01:31:03,280

couple of my like two miles away from

2541

01:31:07,830 --> 01:31:04,400

newell

2542

01:31:11,830 --> 01:31:09,910

maps like that and it goes from november

2543

01:31:13,430 --> 01:31:11,840

5 but i couldn't get november 5 on a map

2544

01:31:17,189 --> 01:31:13,440

to plot to

2545

01:31:19,830 --> 01:31:17,199

new lake reservoir so uh november 1 to

2546

01:31:21,910 --> 01:31:19,840

november 5 was about seven and a half

2547

01:31:23,750 --> 01:31:21,920

miles eight miles

2548

01:31:26,070 --> 01:31:23,760

and then over to newell lake i think it

2549

01:31:28,390 --> 01:31:26,080

all totaled 20.9 miles i believe

2550

01:31:32,070 --> 01:31:28,400

something like that but it was like nine

2551

01:31:35,350 --> 01:31:32,080

nine and a half 9.8 miles from

2552

01:31:37,350 --> 01:31:35,360

newell from november 5 missile site

2553

01:31:39,350 --> 01:31:37,360

over to newell lake and i've never been

2554

01:31:41,189 --> 01:31:39,360

there before so that's and the only

2555

01:31:43,590 --> 01:31:41,199

reason we i want to go back to that

2556

01:31:45,910 --> 01:31:43,600

point those two gentlemen

2557

01:31:48,070 --> 01:31:45,920

that came up in a and identified

2558

01:31:50,390 --> 01:31:48,080

themselves that were one next police

2559

01:31:52,470 --> 01:31:50,400

officer and once his and his dad was a

2560

01:31:54,870 --> 01:31:52,480

trooper

2561

01:31:57,270 --> 01:31:54,880

when we and i was with the richard

2562

01:31:59,510 --> 01:31:57,280

emberling he was my host

2563

01:32:01,590 --> 01:31:59,520

and they started talking about you know

2564

01:32:03,830 --> 01:32:01,600

i said i don't know where this place is

2565

01:32:05,510 --> 01:32:03,840

where this damn or whatever he's is you

2566

01:32:07,910 --> 01:32:05,520

know and he goes that's new lake

2567

01:32:10,229 --> 01:32:07,920

reservoir he goes go back up to highway

2568

01:32:11,990 --> 01:32:10,239

79 and take a left and go all the way up

2569

01:32:14,070 --> 01:32:12,000

the highway i would have never even gone

2570

01:32:15,830 --> 01:32:14,080

i didn't know where it was

2571

01:32:17,189 --> 01:32:15,840

i'd never i would have never done that

2572

01:32:18,950 --> 01:32:17,199

it would have been over that day after

2573

01:32:21,189 --> 01:32:18,960

we left november 5 because i don't even

2574

01:32:23,189 --> 01:32:21,199

know where that that point

2575

01:32:25,510 --> 01:32:23,199

on the map was i didn't know it was a

2576

01:32:27,350 --> 01:32:25,520

new lake reservoir or dam

2577

01:32:29,350 --> 01:32:27,360

so follow their directions and went

2578

01:32:31,110 --> 01:32:29,360

right to went right to it and it was

2579

01:32:34,310 --> 01:32:31,120

well back off the beaten path off the

2580

01:32:36,470 --> 01:32:34,320

highway almost up near castle rock which

2581

01:32:38,870 --> 01:32:36,480

is down just up

2582

01:32:42,629 --> 01:32:38,880

just up uh highway 79

2583

01:32:45,590 --> 01:32:43,990

interesting

2584

01:32:48,629 --> 01:32:45,600

and so

2585

01:32:51,189 --> 01:32:48,639

wild and there was okay so this

2586

01:32:53,669 --> 01:32:51,199

you're you're missing like five hours

2587

01:32:56,709 --> 01:32:53,679

about yeah and

2588

01:32:59,350 --> 01:32:56,719

and you you end up at this damn you have

2589

01:33:03,110 --> 01:32:59,360

no idea why or no one else probably has

2590

01:33:04,149 --> 01:33:03,120

any idea why or how how we got there

2591

01:33:04,870 --> 01:33:04,159

yeah

2592

01:33:06,629 --> 01:33:04,880

and

2593

01:33:08,709 --> 01:33:06,639

there were no tire tracks behind us

2594

01:33:11,750 --> 01:33:08,719

beside us or anything else we really

2595

01:33:13,590 --> 01:33:11,760

here and where we were we were in mud

2596

01:33:16,070 --> 01:33:13,600

so i don't know if the snow melted but

2597

01:33:17,830 --> 01:33:16,080

at nine degrees it don't melt very much

2598

01:33:19,510 --> 01:33:17,840

and it had been that way for a couple of

2599

01:33:21,669 --> 01:33:19,520

you know for three or four days so the

2600

01:33:23,110 --> 01:33:21,679

ground was pretty well frozen everywhere

2601

01:33:24,709 --> 01:33:23,120

else that we had been

2602

01:33:26,390 --> 01:33:24,719

that's all like that's what i can attest

2603

01:33:27,990 --> 01:33:26,400

to but when i stepped out in those money

2604

01:33:29,590 --> 01:33:28,000

boots i stepped in mud

2605

01:33:31,430 --> 01:33:29,600

now maybe the bottom of that dam was

2606

01:33:32,149 --> 01:33:31,440

leaking because if you looked at it from

2607

01:33:55,030 --> 01:33:32,159

a

2608

01:33:58,550 --> 01:33:55,040

from the southern point to the northern

2609

01:34:00,310 --> 01:33:58,560

point maybe 200 yards

2610

01:34:01,430 --> 01:34:00,320

i was trying to find an image of it

2611

01:34:03,350 --> 01:34:01,440

online

2612

01:34:04,470 --> 01:34:03,360

can't quite find it but yeah it's very

2613

01:34:06,070 --> 01:34:04,480

difficult

2614

01:34:08,709 --> 01:34:06,080

how many people knew about new lake

2615

01:34:11,510 --> 01:34:08,719

reservoir yeah yeah

2616

01:34:13,510 --> 01:34:11,520

so uh and and i i can't foresee that

2617

01:34:16,470 --> 01:34:13,520

mike johnson would have been driving if

2618

01:34:18,790 --> 01:34:16,480

he was frozen yeah he was frozen when

2619

01:34:21,590 --> 01:34:18,800

you saw the the big object you know this

2620

01:34:23,830 --> 01:34:21,600

object yes he he was just frozen to the

2621

01:34:26,470 --> 01:34:23,840

wheel then and and remained as far as

2622

01:34:28,070 --> 01:34:26,480

you know remained frozen to the wheel

2623

01:34:30,950 --> 01:34:28,080

the entire time

2624

01:34:32,390 --> 01:34:30,960

had you ever been able to locate

2625

01:34:34,310 --> 01:34:32,400

mike johnson

2626

01:34:36,950 --> 01:34:34,320

okay we'll continue that after the

2627

01:34:39,030 --> 01:34:36,960

entire incident was over said and done

2628

01:34:41,430 --> 01:34:39,040

i was back at my apartment

2629

01:34:43,750 --> 01:34:41,440

uh with my wife it was about two weeks

2630

01:34:46,870 --> 01:34:43,760

after the incident happened and i you

2631

01:34:49,109 --> 01:34:46,880

know i had i still had all kinds of

2632

01:34:50,950 --> 01:34:49,119

strange dreams and uh

2633

01:34:52,310 --> 01:34:50,960

cold sweats and all kind of things and

2634

01:34:55,189 --> 01:34:52,320

still my wife didn't know what was going

2635

01:34:57,830 --> 01:34:55,199

on but i came became so interested in

2636

01:34:59,109 --> 01:34:57,840

the pyramids i i don't know how or why

2637

01:35:01,750 --> 01:34:59,119

but i mean that's still an interest

2638

01:35:03,510 --> 01:35:01,760

today a knock came at my door we lived

2639

01:35:06,229 --> 01:35:03,520

in a place called haines way apartments

2640

01:35:08,390 --> 01:35:06,239

are still there i went by

2641

01:35:10,390 --> 01:35:08,400

i had to just see you know all this was

2642

01:35:11,910 --> 01:35:10,400

really here still you know

2643

01:35:14,149 --> 01:35:11,920

and um

2644

01:35:16,070 --> 01:35:14,159

michael johnson came up came the door

2645

01:35:17,990 --> 01:35:16,080

and like i said we weren't friends and i

2646

01:35:20,550 --> 01:35:18,000

didn't know him but he had asked

2647

01:35:23,109 --> 01:35:20,560

somebody that knew me where i lived and

2648

01:35:25,109 --> 01:35:23,119

it was important enough for him to come

2649

01:35:27,270 --> 01:35:25,119

knock on my door and when he did i

2650

01:35:28,629 --> 01:35:27,280

couldn't believe you standing there

2651

01:35:30,950 --> 01:35:28,639

and for a minute i couldn't remember his

2652

01:35:33,830 --> 01:35:30,960

first name he said i'm michael i said

2653

01:35:35,510 --> 01:35:33,840

yeah yeah yeah michael come in you know

2654

01:35:37,350 --> 01:35:35,520

and he goes man because i got to talk to

2655

01:35:39,910 --> 01:35:37,360

you about this stuff because

2656

01:35:41,109 --> 01:35:39,920

i don't because i'm you know i i don't

2657

01:35:42,870 --> 01:35:41,119

even know what to think i don't know

2658

01:35:45,189 --> 01:35:42,880

what to say he goes

2659

01:35:47,990 --> 01:35:45,199

you know they they moved him somewhere

2660

01:35:50,070 --> 01:35:48,000

like the 66 or something like that

2661

01:35:51,510 --> 01:35:50,080

and um you think pardon me do you think

2662

01:35:54,070 --> 01:35:51,520

they divided you

2663

01:35:56,950 --> 01:35:54,080

separated you purposely absolutely

2664

01:35:58,790 --> 01:35:56,960

absolutely i do and he told me he lived

2665

01:36:00,390 --> 01:35:58,800

in chicago illinois

2666

01:36:02,310 --> 01:36:00,400

is what i remembered

2667

01:36:04,870 --> 01:36:02,320

and i could have sworn i wrote down

2668

01:36:06,629 --> 01:36:04,880

either his somebody in his family

2669

01:36:09,030 --> 01:36:06,639

like whether it was his parents or

2670

01:36:11,990 --> 01:36:09,040

whatever you know because he was he was

2671

01:36:13,270 --> 01:36:12,000

25 26 years old too back then we all you

2672

01:36:14,870 --> 01:36:13,280

know if our parents were alive we had

2673

01:36:16,070 --> 01:36:14,880

contact with our parents all the time

2674

01:36:18,390 --> 01:36:16,080

you know

2675

01:36:19,990 --> 01:36:18,400

and um he wrote down his name and where

2676
01:36:21,510 --> 01:36:20,000
he's from and a phone number and i put

2677
01:36:23,669 --> 01:36:21,520
it in my bible

2678
01:36:25,510 --> 01:36:23,679
and i i

2679
01:36:27,109 --> 01:36:25,520
i i i don't know what happened to it of

2680
01:36:29,510 --> 01:36:27,119
course many years have transpired you

2681
01:36:31,350 --> 01:36:29,520
know and many moves and divorce and

2682
01:36:33,189 --> 01:36:31,360
every damn thing else but

2683
01:36:35,990 --> 01:36:33,199
um

2684
01:36:40,149 --> 01:36:36,000
i i can't i can't find it but

2685
01:36:44,229 --> 01:36:42,390
i shouldn't use his name i don't think

2686
01:36:46,070 --> 01:36:44,239
anyway they've paid for investigators

2687
01:36:47,350 --> 01:36:46,080
and even even um

2688
01:36:48,950 --> 01:36:47,360

uh

2689

01:36:49,910 --> 01:36:48,960

rich embling

2690

01:36:52,310 --> 01:36:49,920

uh

2691

01:36:55,270 --> 01:36:52,320

who who's the next police officer it was

2692

01:36:56,390 --> 01:36:55,280

on discovery plus as a host he um

2693

01:36:58,070 --> 01:36:56,400

they put together this little

2694

01:37:00,310 --> 01:36:58,080

investigative team and others have done

2695

01:37:02,310 --> 01:37:00,320

this too and we've spent about

2696

01:37:04,310 --> 01:37:02,320

nine thousand dollars i think

2697

01:37:05,590 --> 01:37:04,320

the investigators trying to find michael

2698

01:37:07,430 --> 01:37:05,600

johnson

2699

01:37:09,910 --> 01:37:07,440

he's a real light-skinned black fella

2700

01:37:12,510 --> 01:37:09,920

super nice he's he's not he's not huge

2701

01:37:15,990 --> 01:37:12,520

he was he was thin he was maybe

2702

01:37:18,629 --> 01:37:16,000

175 pounds soaking wet and

2703

01:37:21,350 --> 01:37:18,639

built nice and just really a super sharp

2704

01:37:23,350 --> 01:37:21,360

individual and uh

2705

01:37:25,270 --> 01:37:23,360

i wish i could find him again we've been

2706

01:37:27,350 --> 01:37:25,280

looking for him for well i guess when we

2707

01:37:28,709 --> 01:37:27,360

started this thing um

2708

01:37:30,870 --> 01:37:28,719

back with um

2709

01:37:32,629 --> 01:37:30,880

with uh robert hastings you know he's

2710

01:37:36,550 --> 01:37:32,639

the one i contacted after all those all

2711

01:37:40,950 --> 01:37:39,510

the molten howl and um

2712

01:37:42,790 --> 01:37:40,960

and um

2713

01:37:44,790 --> 01:37:42,800

anyway so and you know as let's say we

2714

01:37:46,629 --> 01:37:44,800

spent probably about eight nine thousand

2715

01:37:48,550 --> 01:37:46,639

dollars on investigators but nobody's

2716

01:37:50,550 --> 01:37:48,560

ever come up to

2717

01:37:52,310 --> 01:37:50,560

finding him you know and even through

2718

01:37:53,430 --> 01:37:52,320

the freedom of information act we've

2719

01:37:55,750 --> 01:37:53,440

used that

2720

01:37:57,750 --> 01:37:55,760

and in my i don't know what i was on

2721

01:37:59,109 --> 01:37:57,760

micro fish that came out of ellsworth

2722

01:38:01,030 --> 01:37:59,119

from the missile side of it because

2723

01:38:04,070 --> 01:38:01,040

aircraft are still there for personnel

2724

01:38:06,550 --> 01:38:04,080

records but i can't hardly find anybody

2725

01:38:08,149 --> 01:38:06,560

you know can you go up pardon me can you

2726

01:38:09,270 --> 01:38:08,159

go more into the conversation that you

2727

01:38:11,990 --> 01:38:09,280

had with mike

2728

01:38:13,590 --> 01:38:12,000

sure sure well what we did you know my

2729

01:38:14,950 --> 01:38:13,600

wife was there of course

2730

01:38:16,149 --> 01:38:14,960

and i didn't care as long as he was

2731

01:38:17,910 --> 01:38:16,159

there and he was going to talk about it

2732

01:38:21,430 --> 01:38:17,920

i was going to talk about it you know

2733

01:38:23,990 --> 01:38:21,440

so we drew what we saw

2734

01:38:26,790 --> 01:38:24,000

and we drew basically the same type of

2735

01:38:27,590 --> 01:38:26,800

craft you know a spherical craft with

2736

01:38:28,629 --> 01:38:27,600

like

2737

01:38:29,350 --> 01:38:28,639

a sun

2738

01:38:31,430 --> 01:38:29,360

with

2739

01:38:33,830 --> 01:38:31,440

i know the whole exterior was moving as

2740

01:38:36,229 --> 01:38:33,840

if there was gas around it like red

2741

01:38:38,070 --> 01:38:36,239

yellow and orange colors

2742

01:38:39,910 --> 01:38:38,080

i mean there's like nothing i can even

2743

01:38:42,149 --> 01:38:39,920

it's hard to describe

2744

01:38:45,990 --> 01:38:42,159

now when we're looking at this picture

2745

01:38:47,750 --> 01:38:46,000

was there a a warhead underneath

2746

01:38:49,750 --> 01:38:47,760

yeah directly underneath it there should

2747

01:38:51,750 --> 01:38:49,760

be a picture from above

2748

01:38:53,350 --> 01:38:51,760

oh that's right let me let me get that

2749

01:38:56,229 --> 01:38:53,360

yeah yeah

2750

01:38:59,430 --> 01:38:56,239

um and it's it's my interpretation it's

2751

01:39:01,270 --> 01:38:59,440

crew but it's there that's a 13 ton

2752

01:39:03,750 --> 01:39:01,280

blaster that would be looking from above

2753

01:39:05,189 --> 01:39:03,760

the side and that that diamond-shaped uh

2754

01:39:07,430 --> 01:39:05,199

object right there in the middle of that

2755

01:39:09,590 --> 01:39:07,440

would be what the blast door on the top

2756

01:39:11,189 --> 01:39:09,600

of that missile is that missile is about

2757

01:39:13,669 --> 01:39:11,199

um

2758

01:39:15,910 --> 01:39:13,679

60 feet underground

2759

01:39:17,830 --> 01:39:15,920

so that door would blow off to the rear

2760

01:39:19,990 --> 01:39:17,840

to the most pointed part of it to the

2761

01:39:22,229 --> 01:39:20,000

upper portion would blow off and it

2762

01:39:24,229 --> 01:39:22,239

would blow it about an eighth of a mile

2763

01:39:25,910 --> 01:39:24,239

and then that missile would deploy

2764

01:39:27,830 --> 01:39:25,920

immediately because it's a solid fuel

2765

01:39:29,830 --> 01:39:27,840

rocket there's no hesitation that goes

2766

01:39:32,550 --> 01:39:29,840

right right now

2767

01:39:33,990 --> 01:39:32,560

so so besides drawing did he

2768

01:39:35,990 --> 01:39:34,000

tell you

2769

01:39:39,350 --> 01:39:36,000

his experience and why he was frozen to

2770

01:39:43,430 --> 01:39:41,109

he just said he couldn't he couldn't

2771

01:39:44,950 --> 01:39:43,440

move he just said i was just i would i

2772

01:39:47,030 --> 01:39:44,960

couldn't do anything

2773

01:39:48,310 --> 01:39:47,040

all i could do was breathe and

2774

01:39:53,109 --> 01:39:48,320

he couldn't

2775

01:39:54,950 --> 01:39:53,119

was seeing did he see beings too he

2776

01:39:56,950 --> 01:39:54,960

didn't say

2777

01:39:59,270 --> 01:39:56,960

and i didn't tell him i wanted to see

2778

01:40:01,750 --> 01:39:59,280

where it went with him i see

2779

01:40:04,550 --> 01:40:01,760

the other thing was he told me

2780

01:40:05,990 --> 01:40:04,560

he asked me about my my mitten and this

2781

01:40:08,550 --> 01:40:06,000

is the real

2782

01:40:11,910 --> 01:40:08,560

real really a strange thing but he asked

2783

01:40:13,990 --> 01:40:11,920

me about my mitten from my right hand

2784

01:40:15,510 --> 01:40:14,000

of course i didn't have it on but i had

2785

01:40:18,550 --> 01:40:15,520

it with me

2786

01:40:20,709 --> 01:40:18,560

and he said he saw one of my gloves on a

2787

01:40:22,550 --> 01:40:20,719

shiny floor

2788

01:40:25,350 --> 01:40:22,560

well you know the floor port in that

2789

01:40:27,990 --> 01:40:25,360

f-150 is black black vinyl rubber or

2790

01:40:29,030 --> 01:40:28,000

whatever you can call it you know

2791

01:40:31,430 --> 01:40:29,040

and

2792

01:40:34,870 --> 01:40:31,440

he goes you you did you get you have

2793

01:40:37,270 --> 01:40:34,880

your glove from a shiny floor

2794

01:40:39,030 --> 01:40:37,280

and i and i kind of said what do you

2795

01:40:41,109 --> 01:40:39,040

mean michael my glove i said my gloves

2796

01:40:42,790 --> 01:40:41,119

are in my bag you know he goes well i

2797

01:40:44,229 --> 01:40:42,800

saw

2798

01:40:45,830 --> 01:40:44,239

a glove

2799

01:40:47,189 --> 01:40:45,840

you're one of your mittens because i was

2800

01:40:49,270 --> 01:40:47,199

one of the only guys that had those

2801
01:40:51,189 --> 01:40:49,280
because the b-52 bomber pilot gave it to

2802
01:40:53,910 --> 01:40:51,199
me and it what it does it covers these

2803
01:40:55,350 --> 01:40:53,920
three fingers your trigger fingers free

2804
01:40:57,189 --> 01:40:55,360
and it comes they come down to about

2805
01:40:59,270 --> 01:40:57,199
here and they lash over like that and

2806
01:41:01,189 --> 01:40:59,280
there they get there made of kangaroo

2807
01:41:03,910 --> 01:41:01,199
skin and they got his fur on the back of

2808
01:41:05,590 --> 01:41:03,920
them they are really awesome gloves i

2809
01:41:09,430 --> 01:41:05,600
mean you know you can do some hundred

2810
01:41:12,310 --> 01:41:09,440
degree below zero with those things but

2811
01:41:13,669 --> 01:41:12,320
anyway when he said that i i went well

2812
01:41:15,350 --> 01:41:13,679
wait a minute i'm gonna check this so

2813
01:41:17,270 --> 01:41:15,360

i'm running i go in my bedroom and i

2814

01:41:19,430 --> 01:41:17,280

grab my ditty bag big old like duffle

2815

01:41:21,990 --> 01:41:19,440

bag and i come out of the living room on

2816

01:41:24,149 --> 01:41:22,000

the couch and i just dump it right there

2817

01:41:26,229 --> 01:41:24,159

clothes and underwear and

2818

01:41:27,910 --> 01:41:26,239

toiletries and all that stuff's there

2819

01:41:30,310 --> 01:41:27,920

and there's my left hand glove but

2820

01:41:32,149 --> 01:41:30,320

there's no right hand glove

2821

01:41:33,270 --> 01:41:32,159

so i guess i left my right hand glove

2822

01:41:34,550 --> 01:41:33,280

with him

2823

01:41:36,629 --> 01:41:34,560

how about that

2824

01:41:38,310 --> 01:41:36,639

yeah and he remembered that and he

2825

01:41:39,510 --> 01:41:38,320

remembered that and i didn't even think

2826

01:41:41,189 --> 01:41:39,520

about that

2827

01:41:43,270 --> 01:41:41,199

yeah and then i kept telling him you

2828

01:41:45,590 --> 01:41:43,280

know did you hear any did you hear us

2829

01:41:47,750 --> 01:41:45,600

did you hear us talking to you he says i

2830

01:41:50,390 --> 01:41:47,760

was in it he said it was in a tunnel

2831

01:41:52,470 --> 01:41:50,400

he said i was in a tunnel

2832

01:41:53,990 --> 01:41:52,480

i've never had anything like this i

2833

01:41:55,990 --> 01:41:54,000

can't even describe

2834

01:41:57,189 --> 01:41:56,000

what i feel and i said you've been

2835

01:41:58,709 --> 01:41:57,199

having dreams because i dreamed a

2836

01:42:00,870 --> 01:41:58,719

nuclear war

2837

01:42:03,430 --> 01:42:00,880

i dreamed of all kind of catastrophic

2838

01:42:05,109 --> 01:42:03,440

things man just

2839

01:42:06,790 --> 01:42:05,119

i just out of the blue and i don't

2840

01:42:09,109 --> 01:42:06,800

normally think that way you know and i

2841

01:42:12,390 --> 01:42:09,119

still have vivid dreams today i don't i

2842

01:42:14,229 --> 01:42:12,400

think it's it's still it never goes away

2843

01:42:16,390 --> 01:42:14,239

honestly there's not a time when i walk

2844

01:42:19,030 --> 01:42:16,400

out of here for work in the morning at 4

2845

01:42:20,629 --> 01:42:19,040

30 or so

2846

01:42:21,669 --> 01:42:20,639

that i don't look up and think about

2847

01:42:23,750 --> 01:42:21,679

that

2848

01:42:26,149 --> 01:42:23,760

literally in south dakota at november 5

2849

01:42:29,189 --> 01:42:26,159

i could smell the air just like it was

2850

01:42:30,629 --> 01:42:29,199

it was like i was electrified that night

2851

01:42:32,149 --> 01:42:30,639

you know

2852

01:42:33,910 --> 01:42:32,159

looking out that window i mean when i

2853

01:42:35,750 --> 01:42:33,920

climbed up on it pulled myself out on

2854

01:42:38,790 --> 01:42:35,760

that windowsill why i did that i don't

2855

01:42:42,310 --> 01:42:40,470

you know i guess there are some things

2856

01:42:44,229 --> 01:42:42,320

that you can do in your life that will

2857

01:42:45,910 --> 01:42:44,239

it make a difference 10 years from today

2858

01:42:48,189 --> 01:42:45,920

you know i wonder what would have

2859

01:42:51,510 --> 01:42:48,199

happened had i got out if i had the

2860

01:42:52,550 --> 01:42:51,520

strength in my body

2861

01:42:55,189 --> 01:42:52,560

in the

2862

01:42:56,870 --> 01:42:55,199

to do that to walk to get out and walk

2863

01:42:59,510 --> 01:42:56,880

up to that i never opened the gate of

2864

01:43:02,070 --> 01:42:59,520

the fence or nothing to go in the site

2865

01:43:03,189 --> 01:43:02,080

what would happen had i done that

2866

01:43:05,189 --> 01:43:03,199

yeah

2867

01:43:06,229 --> 01:43:05,199

and did you happen to hear speaking of

2868

01:43:07,669 --> 01:43:06,239

the site

2869

01:43:09,189 --> 01:43:07,679

you said that someone else went and

2870

01:43:10,390 --> 01:43:09,199

checked on it and did whatever the

2871

01:43:12,390 --> 01:43:10,400

process is

2872

01:43:13,830 --> 01:43:12,400

yeah did they did was there anything

2873

01:43:15,270 --> 01:43:13,840

that was affected because that thing was

2874

01:43:15,990 --> 01:43:15,280

directly over

2875

01:43:20,709 --> 01:43:16,000

no

2876
01:43:22,310 --> 01:43:20,719
and what type of an alarm would go off

2877
01:43:25,270 --> 01:43:22,320
that that thing would set off would it

2878
01:43:27,590 --> 01:43:25,280
be like a perimeter type situation

2879
01:43:29,430 --> 01:43:27,600
you mean as far as noise-wise would go

2880
01:43:31,990 --> 01:43:29,440
no no as far as that when you were first

2881
01:43:33,750 --> 01:43:32,000
alerted to go out to it oh the sensors

2882
01:43:34,790 --> 01:43:33,760
would be interacted with would be

2883
01:43:37,590 --> 01:43:34,800
breached

2884
01:43:39,669 --> 01:43:37,600
so then that that that uh that's from

2885
01:43:42,070 --> 01:43:39,679
above it would be from above as well

2886
01:43:44,149 --> 01:43:42,080
absolutely yeah see those is on that one

2887
01:43:46,229 --> 01:43:44,159
side on that one november 5 picture

2888
01:43:48,070 --> 01:43:46,239

looking from the side you see three

2889

01:43:49,910 --> 01:43:48,080

little things sticking up like look like

2890

01:43:51,189 --> 01:43:49,920

ears look like this

2891

01:43:52,950 --> 01:43:51,199

yeah

2892

01:43:54,790 --> 01:43:52,960

just this thing here those little black

2893

01:43:56,310 --> 01:43:54,800

things right there

2894

01:43:58,310 --> 01:43:56,320

there's three of those on the side they

2895

01:44:00,790 --> 01:43:58,320

look like ears and what they are they

2896

01:44:02,310 --> 01:44:00,800

they form a a belt from about five

2897

01:44:03,430 --> 01:44:02,320

inches off the ground

2898

01:44:06,229 --> 01:44:03,440

up to about

2899

01:44:07,910 --> 01:44:06,239

15 feet above the side itself like a

2900

01:44:09,830 --> 01:44:07,920

bird will fly over like those those

2901
01:44:12,390 --> 01:44:09,840
kites you see out on the beach and stuff

2902
01:44:13,669 --> 01:44:12,400
um those little bird kites are called

2903
01:44:15,270 --> 01:44:13,679
kites

2904
01:44:17,350 --> 01:44:15,280
they used to always

2905
01:44:19,510 --> 01:44:17,360
set those alarms off you know

2906
01:44:20,950 --> 01:44:19,520
and even the snow which said would set

2907
01:44:23,270 --> 01:44:20,960
those off we'd have to go dig out

2908
01:44:25,270 --> 01:44:23,280
between all the antennas to the ground

2909
01:44:27,109 --> 01:44:25,280
oh how about that yeah and if we

2910
01:44:28,870 --> 01:44:27,119
couldn't get a reset then a camper alert

2911
01:44:32,950 --> 01:44:28,880
team would be called to sit on the site

2912
01:44:34,470 --> 01:44:32,960
until they got a reset of all alarms but

2913
01:44:36,070 --> 01:44:34,480

looking back at that picture looking

2914

01:44:39,030 --> 01:44:36,080

straight down

2915

01:44:41,669 --> 01:44:39,040

if you can pull that up real quick

2916

01:44:43,669 --> 01:44:41,679

you see the you see the blast door takes

2917

01:44:45,830 --> 01:44:43,679

takes me a minute because yes there's a

2918

01:44:49,990 --> 01:44:45,840

lot we got a lot of pictures here

2919

01:44:54,790 --> 01:44:52,390

okay this one right here here we go yeah

2920

01:44:56,629 --> 01:44:54,800

looking down there um

2921

01:44:59,270 --> 01:44:56,639

you'll see sitting right out here in

2922

01:45:01,510 --> 01:44:59,280

front there's another little round

2923

01:45:04,229 --> 01:45:01,520

little round drawing right there right

2924

01:45:05,910 --> 01:45:04,239

the access that would be the sea plug

2925

01:45:08,149 --> 01:45:05,920

and that would be open it you know these

2926

01:45:10,470 --> 01:45:08,159

things are all like super thick doors

2927

01:45:12,950 --> 01:45:10,480

that you know that's decommissioned so

2928

01:45:14,790 --> 01:45:12,960

it's not classified i speak about that

2929

01:45:16,629 --> 01:45:14,800

you know that was opened by that was

2930

01:45:18,229 --> 01:45:16,639

opened by a combination

2931

01:45:19,830 --> 01:45:18,239

and we'd open one door then the

2932

01:45:21,270 --> 01:45:19,840

maintenance team would have combos for

2933

01:45:23,189 --> 01:45:21,280

the next

2934

01:45:25,590 --> 01:45:23,199

section down and further

2935

01:45:27,669 --> 01:45:25,600

so that was the c plug that real small

2936

01:45:28,629 --> 01:45:27,679

little drawing in front there best i can

2937

01:45:32,229 --> 01:45:28,639

do it

2938

01:45:33,830 --> 01:45:32,239

and you said across the road there was

2939

01:45:35,669 --> 01:45:33,840

another craft

2940

01:45:37,669 --> 01:45:35,679

this little guy this thing down here in

2941

01:45:40,470 --> 01:45:37,679

the bottom that was when i

2942

01:45:42,550 --> 01:45:40,480

i think i think that's where i was taken

2943

01:45:44,390 --> 01:45:42,560

because i was taken from the side of my

2944

01:45:46,390 --> 01:45:44,400

vehicle you can see my vehicle parked

2945

01:45:48,149 --> 01:45:46,400

there at the cattle gate and you know

2946

01:45:50,390 --> 01:45:48,159

our vehicle in that position

2947

01:45:52,709 --> 01:45:50,400

and there was another a smaller craft

2948

01:45:54,149 --> 01:45:52,719

here across the road and it was sitting

2949

01:45:55,830 --> 01:45:54,159

on the ground

2950

01:45:57,910 --> 01:45:55,840

and i think that's where these beings

2951

01:45:59,430 --> 01:45:57,920

came from and i think this this large

2952

01:46:04,470 --> 01:45:59,440

ship was

2953

01:46:06,070 --> 01:46:04,480

yeah that's who you're you're

2954

01:46:08,310 --> 01:46:06,080

speculating

2955

01:46:09,189 --> 01:46:08,320

and how did you leave it you you said

2956

01:46:11,990 --> 01:46:09,199

you got

2957

01:46:14,070 --> 01:46:12,000

mike johnson's phone number and you lost

2958

01:46:16,149 --> 01:46:14,080

it and put in the bible and all that but

2959

01:46:18,550 --> 01:46:16,159

how did you well the conversation must

2960

01:46:20,149 --> 01:46:18,560

have been really quite amazing yeah we

2961

01:46:22,950 --> 01:46:20,159

we talked for we talked for a couple

2962

01:46:25,669 --> 01:46:22,960

hours we sat there and

2963

01:46:27,270 --> 01:46:25,679

drank some sweet tea you know and

2964

01:46:29,669 --> 01:46:27,280

just discussed everything about our

2965

01:46:32,709 --> 01:46:29,679

families about these dreams and

2966

01:46:34,470 --> 01:46:32,719

what happened and what we saw and what i

2967

01:46:35,510 --> 01:46:34,480

saw was completely different than what

2968

01:46:39,270 --> 01:46:35,520

he saw

2969

01:46:41,510 --> 01:46:39,280

and he didn't he didn't really say

2970

01:46:42,390 --> 01:46:41,520

any beings or anything he didn't see

2971

01:46:47,350 --> 01:46:42,400

that

2972

01:46:48,229 --> 01:46:47,360

because i know what i heard

2973

01:46:51,109 --> 01:46:48,239

and

2974

01:46:54,390 --> 01:46:51,119

he he did say something about

2975

01:46:56,870 --> 01:46:54,400

have no fear do not fear

2976

01:46:58,870 --> 01:46:56,880

and you know and also he said that uh

2977

01:47:00,470 --> 01:46:58,880

and i'm trying to you know i'm as we sit

2978

01:47:02,870 --> 01:47:00,480

here i'm trying to think

2979

01:47:04,550 --> 01:47:02,880

i'm trying to see him

2980

01:47:06,390 --> 01:47:04,560

just as we work because that's that's

2981

01:47:08,870 --> 01:47:06,400

how well i can picture this stuff i mean

2982

01:47:10,870 --> 01:47:08,880

i can just like put myself there

2983

01:47:13,910 --> 01:47:10,880

um

2984

01:47:16,950 --> 01:47:13,920

and i remember that glow that that

2985

01:47:18,950 --> 01:47:16,960

glow from that object was behind him

2986

01:47:19,990 --> 01:47:18,960

looking at him

2987

01:47:22,629 --> 01:47:20,000

and and

2988

01:47:23,750 --> 01:47:22,639

seeing it around his profile it was just

2989

01:47:25,109 --> 01:47:23,760

striking

2990

01:47:27,189 --> 01:47:25,119

i mean i've

2991

01:47:29,590 --> 01:47:27,199

never seen a human being lit up like

2992

01:47:31,350 --> 01:47:29,600

that you know i guess i was too because

2993

01:47:33,830 --> 01:47:31,360

i was evidently burned when i exposed

2994

01:47:36,310 --> 01:47:33,840

myself out of the vehicle

2995

01:47:39,350 --> 01:47:36,320

but um

2996

01:47:40,950 --> 01:47:39,360

and what is what are these here these

2997

01:47:42,629 --> 01:47:40,960

marks pockmarks

2998

01:47:44,310 --> 01:47:42,639

that's my left ankle and that's

2999

01:47:46,950 --> 01:47:44,320

underneath my left arm those are pock

3000

01:47:47,669 --> 01:47:46,960

marks is what i've been told they are

3001

01:47:49,910 --> 01:47:47,679

with

3002

01:47:51,270 --> 01:47:49,920

discover them when they were looking

3003

01:47:52,709 --> 01:47:51,280

looking at you

3004

01:47:53,830 --> 01:47:52,719

uh i i

3005

01:47:58,790 --> 01:47:53,840

i

3006

01:48:01,430 --> 01:47:58,800

know underneath you know a doctor you

3007

01:48:04,310 --> 01:48:01,440

know to ask about him he said i said is

3008

01:48:06,149 --> 01:48:04,320

there any treatment that you would do

3009

01:48:08,709 --> 01:48:06,159

i've never been in a in a situation

3010

01:48:10,229 --> 01:48:08,719

where my life was in danger or

3011

01:48:11,590 --> 01:48:10,239

you know or

3012

01:48:13,590 --> 01:48:11,600

anything like that where emergency

3013

01:48:15,590 --> 01:48:13,600

procedures had to be done on me

3014

01:48:18,470 --> 01:48:15,600

but um he said that is completely

3015

01:48:20,070 --> 01:48:18,480

unorthodox he said those are he looked

3016

01:48:21,750 --> 01:48:20,080

at him really really close with a little

3017

01:48:23,830 --> 01:48:21,760

magnifying glass he goes they are

3018

01:48:25,830 --> 01:48:23,840

identical and what they're doing in

3019

01:48:27,910 --> 01:48:25,840

those parts parts of your body he said i

3020

01:48:29,030 --> 01:48:27,920

can't explain it there's no procedure

3021

01:48:30,070 --> 01:48:29,040

that he knew

3022

01:48:33,750 --> 01:48:30,080

that would

3023

01:48:36,629 --> 01:48:33,760

do that

3024

01:48:37,990 --> 01:48:36,639

now you you think that that the light

3025

01:48:40,229 --> 01:48:38,000

you saw

3026

01:48:49,030 --> 01:48:40,239

the days before

3027

01:48:50,070 --> 01:48:49,040

you went out

3028

01:48:51,990 --> 01:48:50,080

no

3029

01:48:53,990 --> 01:48:52,000

that was the same night martin oh that

3030

01:48:55,430 --> 01:48:54,000

was all the same night that was 9 30

3031

01:48:56,790 --> 01:48:55,440

yeah so you think that was the same

3032

01:48:59,189 --> 01:48:56,800

object than others

3033

01:49:00,550 --> 01:48:59,199

yes yeah absolutely oh okay that's right

3034

01:49:02,229 --> 01:49:00,560

that was like at one o'clock in the

3035

01:49:04,229 --> 01:49:02,239

morning when you were called out i got

3036

01:49:07,109 --> 01:49:04,239

it it's just really strange and you know

3037

01:49:09,189 --> 01:49:07,119

november 5 was the absolute closest

3038

01:49:10,709 --> 01:49:09,199

launch facility

3039

01:49:12,870 --> 01:49:10,719
to november 1.

3040

01:49:14,709 --> 01:49:12,880
our travel time was the least amount of

3041

01:49:16,070 --> 01:49:14,719
time to get there than it was anywhere

3042

01:49:19,350 --> 01:49:16,080
else

3043

01:49:20,870 --> 01:49:19,360
all of our missiles in november flight

3044

01:49:22,470 --> 01:49:20,880
it seems to me that

3045

01:49:24,229 --> 01:49:22,480
it's kind of funny they only send two

3046

01:49:25,430 --> 01:49:24,239
people out when there's a something

3047

01:49:26,709 --> 01:49:25,440
triggers off

3048

01:49:28,709 --> 01:49:26,719
something at a

3049

01:49:30,310 --> 01:49:28,719
missile signal i mean you're a heavily

3050

01:49:32,070 --> 01:49:30,320
armed response team i mean it's no

3051

01:49:33,750 --> 01:49:32,080

different than you know then police

3052

01:49:35,990 --> 01:49:33,760

officers in the street today you know i

3053

01:49:37,109 --> 01:49:36,000

mean really you're just you know

3054

01:49:39,270 --> 01:49:37,119

government

3055

01:49:41,030 --> 01:49:39,280

you know it's a lot different you know

3056

01:49:43,350 --> 01:49:41,040

but you're you're you're you're

3057

01:49:45,270 --> 01:49:43,360

extremely well armed and equipped so and

3058

01:49:45,990 --> 01:49:45,280

you've been trained for that very thing

3059

01:49:50,550 --> 01:49:46,000

and

3060

01:49:52,229 --> 01:49:50,560

environment that you're in you um

3061

01:49:54,229 --> 01:49:52,239

this is the response team right here

3062

01:49:56,550 --> 01:49:54,239

right that's correct that would be a

3063

01:49:59,030 --> 01:49:56,560

backup alert team it's primary response

3064

01:50:00,709 --> 01:49:59,040

team and you see the helicopter yeah

3065

01:50:02,790 --> 01:50:00,719

that'd be a quick reaction time they

3066

01:50:05,510 --> 01:50:02,800

would be from the main base they would

3067

01:50:07,990 --> 01:50:05,520

be sent immediately as we engaged

3068

01:50:09,990 --> 01:50:08,000

whatever was happening on a missile site

3069

01:50:13,750 --> 01:50:10,000

everybody around our personnel carrier

3070

01:50:15,910 --> 01:50:13,760

there should be a 50 or a 60 uh

3071

01:50:17,830 --> 01:50:15,920

or an m60 in that turret of that armored

3072

01:50:19,350 --> 01:50:17,840

personnel that's a cadillac gauge armor

3073

01:50:22,470 --> 01:50:19,360

personnel carrier

3074

01:50:24,629 --> 01:50:22,480

so um but that quick reaction team 55

3075

01:50:26,310 --> 01:50:24,639

miles at 200 something miles an hour

3076

01:50:28,550 --> 01:50:26,320

it'd be a six-man fire team in that

3077

01:50:30,629 --> 01:50:28,560

helicopter and he'd probably have some

3078

01:50:31,830 --> 01:50:30,639

type of machine guns in that chopper

3079

01:50:34,070 --> 01:50:31,840

also so

3080

01:50:35,910 --> 01:50:34,080

you know we we could protect what we had

3081

01:50:36,709 --> 01:50:35,920

out there there's no doubt about it and

3082

01:50:39,430 --> 01:50:36,719

uh

3083

01:50:42,070 --> 01:50:39,440

now what is this particular

3084

01:50:44,229 --> 01:50:42,080

uh site here that this driver that is a

3085

01:50:47,030 --> 01:50:44,239

memory from um i'm not sure if it's a

3086

01:50:48,390 --> 01:50:47,040

dream or out of hypnosis to where

3087

01:50:51,270 --> 01:50:48,400

um

3088

01:50:53,910 --> 01:50:51,280

i'm i'm in a room and it's

3089

01:50:55,510 --> 01:50:53,920

ex i i can't i don't i'm not good enough

3090

01:50:57,750 --> 01:50:55,520

to draw

3091

01:51:00,310 --> 01:50:57,760

all the panels that would be closest to

3092

01:51:03,189 --> 01:51:00,320

me and on my right and what these are

3093

01:51:05,109 --> 01:51:03,199

these are old items

3094

01:51:07,109 --> 01:51:05,119

from like the 20s and the 30s and stuff

3095

01:51:08,390 --> 01:51:07,119

that i was asked to look at i don't know

3096

01:51:10,390 --> 01:51:08,400

how that

3097

01:51:12,149 --> 01:51:10,400

i was asked to look at these things and

3098

01:51:14,070 --> 01:51:12,159

that's when all i remember that stand-up

3099

01:51:15,430 --> 01:51:14,080

lamp because we had one in our house in

3100

01:51:18,629 --> 01:51:15,440

port author texas when i was really

3101
01:51:20,709 --> 01:51:18,639
young that was a black and white tv box

3102
01:51:22,229 --> 01:51:20,719
stereo on a sewing machine is down i

3103
01:51:24,229 --> 01:51:22,239
mean i know

3104
01:51:26,550 --> 01:51:24,239
things that were in this room

3105
01:51:28,390 --> 01:51:26,560
but i was told and this is the strangest

3106
01:51:29,910 --> 01:51:28,400
thing and these are bits and pieces that

3107
01:51:31,669 --> 01:51:29,920
are in my mind

3108
01:51:33,430 --> 01:51:31,679
i was told that i could look out this

3109
01:51:37,430 --> 01:51:33,440
window that's

3110
01:51:39,750 --> 01:51:37,440
behind that or to the left of this lamp

3111
01:51:41,270 --> 01:51:39,760
and it was a round window but there was

3112
01:51:43,109 --> 01:51:41,280
it was

3113
01:51:45,270 --> 01:51:43,119

it had like a

3114

01:51:47,669 --> 01:51:45,280

it was it was round but there was like a

3115

01:51:49,109 --> 01:51:47,679

it was like a pie shape

3116

01:51:51,589 --> 01:51:49,119

but

3117

01:51:54,629 --> 01:51:51,599

uh how should i say it

3118

01:51:56,390 --> 01:51:54,639

it was a round window but in in the in

3119

01:51:58,229 --> 01:51:56,400

that roundness there was a pie shape

3120

01:51:59,270 --> 01:51:58,239

that was blocked out

3121

01:52:00,870 --> 01:51:59,280

so

3122

01:52:02,470 --> 01:52:00,880

three quarters of it you could see out

3123

01:52:03,430 --> 01:52:02,480

of but i was too afraid to look out the

3124

01:52:05,189 --> 01:52:03,440

window

3125

01:52:06,790 --> 01:52:05,199

i wouldn't do i wouldn't do it i said no

3126
01:52:08,709 --> 01:52:06,800
i'm not doing that and

3127
01:52:10,229 --> 01:52:08,719
so you don't really uh pardon me you

3128
01:52:13,990 --> 01:52:10,239
don't really know if this is a real

3129
01:52:16,390 --> 01:52:14,000
memory or or something that it's a dream

3130
01:52:17,930 --> 01:52:16,400
i'm pretty sure it's a real memory and

3131
01:52:21,109 --> 01:52:17,940
then i remembered following

3132
01:52:23,270 --> 01:52:21,119
[Music]

3133
01:52:25,270 --> 01:52:23,280
i remember following

3134
01:52:26,870 --> 01:52:25,280
a a small little

3135
01:52:28,310 --> 01:52:26,880
being to come

3136
01:52:30,950 --> 01:52:28,320
talk with him

3137
01:52:33,109 --> 01:52:30,960
and take it into a hallway

3138
01:52:35,510 --> 01:52:33,119

and then opening another door and

3139

01:52:37,189 --> 01:52:35,520

there's like fog

3140

01:52:38,950 --> 01:52:37,199

and then i wake up

3141

01:52:42,229 --> 01:52:38,960

or then i'm out of it

3142

01:52:45,030 --> 01:52:42,239

wow but i've had it more than one time

3143

01:52:46,870 --> 01:52:45,040

some of these things are reoccurring

3144

01:52:50,629 --> 01:52:46,880

well i'll tell you what i can't believe

3145

01:52:53,430 --> 01:52:50,639

that two hours went by this quickly

3146

01:52:55,510 --> 01:52:53,440

it really did but uh i really appreciate

3147

01:52:57,990 --> 01:52:55,520

i i could tell this was uh

3148

01:53:00,149 --> 01:52:58,000

kind of an emotional thing for you and i

3149

01:53:01,990 --> 01:53:00,159

really appreciate i hope in some way

3150

01:53:04,790 --> 01:53:02,000

that it helps you to talk about it

3151
01:53:07,270 --> 01:53:04,800
absolutely does every time yeah it does

3152
01:53:10,070 --> 01:53:07,280
but there are parts of it that

3153
01:53:12,470 --> 01:53:10,080
just it just slams you you know and i it

3154
01:53:13,990 --> 01:53:12,480
just puts you mentally there for just a

3155
01:53:15,750 --> 01:53:14,000
flash just

3156
01:53:18,550 --> 01:53:15,760
because it never goes away and i think

3157
01:53:20,470 --> 01:53:18,560
when i went out there last year

3158
01:53:23,109 --> 01:53:20,480
boy it really rekindled some things

3159
01:53:25,510 --> 01:53:23,119
because i've got a dream log that i

3160
01:53:27,990 --> 01:53:25,520
i mean i

3161
01:53:30,390 --> 01:53:28,000
i hope those things never happen

3162
01:53:33,030 --> 01:53:30,400
because it's always like calamity major

3163
01:53:35,350 --> 01:53:33,040

calamity stuff oh geez yeah

3164

01:53:36,709 --> 01:53:35,360

yeah yeah you're not alone in and having

3165

01:53:38,870 --> 01:53:36,719

those dreams i've heard a lot of people

3166

01:53:41,430 --> 01:53:38,880

3167

01:53:43,589 --> 01:53:41,440
