00:00:49,750 --> 00:00:46,879

premiere who i think i consider the

5
00:00:53,189 --> 00:00:49,760

premier canadian ufo researcher chris

6
00:00:55,350 --> 00:00:53,199

rutalsky um rykowski on this evening uh

7
00:00:59,029 --> 00:00:55,360

this third time has been on the show i

8
00:01:01,590 --> 00:00:59,039

always love our conversations um this

9
00:01:04,469 --> 00:01:01,600

is a gentleman that really researches

10
00:01:06,310 --> 00:01:04,479

the ufos and the goings-on in canada and

11
00:01:08,469 --> 00:01:06,320

um you know a lot of the things he has

12
00:01:10,550 --> 00:01:08,479

an interest of course uh right across

13
00:01:12,390 --> 00:01:10,560

the border here in the united states but

14

00:01:14,550 --> 00:01:12,400

um again it's always

15

00:01:17,429 --> 00:01:14,560

always really a great conversation i'm

16

00:01:19,830 --> 00:01:17,439

sure you'll enjoy that this evening so

17

00:01:23,590 --> 00:01:19,840

uh the blog this week

18

00:01:27,109 --> 00:01:23,600

is otis carr the man who patented

19

00:01:30,230 --> 00:01:27,119

a saucer and uh it's a late 1950s sort

20

00:01:33,990 --> 00:01:30,240

of a contacty era uh blog that was

21

00:01:36,950 --> 00:01:34,000

written by michael lauk and so

22

00:01:39,429 --> 00:01:36,960

and that'll be on as a audio blog later

23

00:01:40,469 --> 00:01:39,439

this week thank you all that support

24

00:01:42,310 --> 00:01:40,479

this show

25

00:01:45,350 --> 00:01:42,320

we could always use your help anyone can

26

00:01:47,350 --> 00:01:45,360

support us over at podcastufo.com

27

00:01:49,910 --> 00:01:47,360

and you'll see the support the show link

28

00:01:52,149 --> 00:01:49,920

there uh i thank you all every each and

29

00:01:55,670 --> 00:01:52,159

every one of you for listening and in

30

00:01:57,670 --> 00:01:55,680

youtube we'll try to if you want to um

31

00:01:59,670 --> 00:01:57,680

leave a uh

32

00:02:01,270 --> 00:01:59,680

what am i trying to say if you whoops

33

00:02:02,709 --> 00:02:01,280

hang on just a minute little technical

34

00:02:04,870 --> 00:02:02,719

issue right here

35

00:02:06,469 --> 00:02:04,880

taken care of if you want to ask a

36

00:02:07,910 --> 00:02:06,479

question of our guests tonight we are

37

00:02:10,229 --> 00:02:07,920

going to take calls in the last half

38

00:02:11,830 --> 00:02:10,239

hour of the show but feel free to ask

39

00:02:14,630 --> 00:02:11,840

questions as we go along here if

40

00:02:17,190 --> 00:02:14,640

something comes up that's pertinent um i

41

00:02:20,150 --> 00:02:17,200

will ask the question uh please do put

42

00:02:22,710 --> 00:02:20,160

the questions in all caps so i catch

43

00:02:25,430 --> 00:02:22,720

them a lot of a lot of chat come comes

44

00:02:27,910 --> 00:02:25,440

in that i can't always catch so i think

45

00:02:29,910 --> 00:02:27,920

that we'll do it uh for now and we're

46

00:02:31,830 --> 00:02:29,920

gonna bring in our guest

47

00:02:34,630 --> 00:02:31,840

chris welcome to the show

48

00:02:38,150 --> 00:02:34,640

thank you glad to be here yeah always

49

00:02:39,830 --> 00:02:38,160

always glad to talk to you and so uh off

50

00:02:41,110 --> 00:02:39,840

air we had just quick little chat we

51
00:02:42,710 --> 00:02:41,120
might as well talk about it right off

52
00:02:43,830 --> 00:02:42,720
the bat well

53
00:02:45,190 --> 00:02:43,840
and then we'll

54
00:02:46,630 --> 00:02:45,200
for the person who has never heard you

55
00:02:49,350 --> 00:02:46,640
before i want you to go into your

56
00:02:51,430 --> 00:02:49,360
background a little bit but first of all

57
00:02:54,070 --> 00:02:51,440
the question was posed to you from bill

58
00:02:55,750 --> 00:02:54,080
the radio producer

59
00:02:58,630 --> 00:02:55,760
how is

60
00:03:01,030 --> 00:02:58,640
ufos looked at in canada versus the

61
00:03:02,869 --> 00:03:01,040
united states so what's your opinion on

62
00:03:04,790 --> 00:03:02,879
that

63
00:03:05,589 --> 00:03:04,800

well i think um

64

00:03:09,670 --> 00:03:05,599

uh

65

00:03:11,990 --> 00:03:09,680

canada is in some ways a little more

66

00:03:14,949 --> 00:03:12,000

transparent than the united states

67

00:03:16,470 --> 00:03:14,959

a little more open to the ufo issue and

68

00:03:18,390 --> 00:03:16,480

the reason i say that

69

00:03:19,830 --> 00:03:18,400

is actually historically

70

00:03:21,910 --> 00:03:19,840

that

71

00:03:23,910 --> 00:03:21,920

canada or the canadian government

72

00:03:25,270 --> 00:03:23,920

has been a little more transparent with

73

00:03:28,309 --> 00:03:25,280

regard to

74

00:03:29,589 --> 00:03:28,319

uh investigations and documents than the

75

00:03:34,710 --> 00:03:29,599

united states

76
00:03:37,350 --> 00:03:34,720
everybody knows you know project blue

77
00:03:40,149 --> 00:03:37,360
book ended about 1969

78
00:03:43,350 --> 00:03:40,159
and uh after that point we really have

79
00:03:45,990 --> 00:03:43,360
no information up until the recent uh

80
00:03:47,910 --> 00:03:46,000
discovery uh and the revelations from uh

81
00:03:49,990 --> 00:03:47,920
leslie keane and and so forth from the

82
00:03:52,710 --> 00:03:50,000
new york times and then more recently

83
00:03:56,589 --> 00:03:52,720
with the navy uh videos and so forth

84
00:03:58,149 --> 00:03:56,599
that between 1969 and let's say about

85
00:03:59,509 --> 00:03:58,159
2005

86
00:04:01,750 --> 00:03:59,519
uh we really had

87
00:04:03,750 --> 00:04:01,760
no official recognition that uh the

88
00:04:05,830 --> 00:04:03,760

united states government is involved in

89

00:04:08,070 --> 00:04:05,840

ufo investigations and research in any

90

00:04:10,710 --> 00:04:08,080

way uh people like paul dean of course

91

00:04:12,949 --> 00:04:10,720

have found uh numerous documents you

92

00:04:14,470 --> 00:04:12,959

know between that gap but for the most

93

00:04:16,710 --> 00:04:14,480

part we really had no information about

94

00:04:18,150 --> 00:04:16,720

what was going on with regard to ufo

95

00:04:19,670 --> 00:04:18,160

investigations and research at an

96

00:04:21,349 --> 00:04:19,680

official level

97

00:04:25,430 --> 00:04:21,359

in canada

98

00:04:26,710 --> 00:04:25,440

um we have a complete record from 1947

99

00:04:27,749 --> 00:04:26,720

to the present

100

00:04:30,070 --> 00:04:27,759

um

101

00:04:32,070 --> 00:04:30,080

the canadian version of blue book or

102

00:04:34,070 --> 00:04:32,080

sort of a spin-off of blue book uh there

103

00:04:36,390 --> 00:04:34,080

were two of them project

104

00:04:39,110 --> 00:04:36,400

magnet and project second story they

105

00:04:42,230 --> 00:04:39,120

were sort of in the in the 50s

106

00:04:44,870 --> 00:04:42,240

but after that point uh the canadian air

107

00:04:47,510 --> 00:04:44,880

force royal canadian air force uh was

108

00:04:49,189 --> 00:04:47,520

investigating ufos basically following

109

00:04:52,230 --> 00:04:49,199

the pattern of what had been done in the

110

00:04:55,270 --> 00:04:52,240

united states with the usaf

111

00:04:56,790 --> 00:04:55,280

and after 1969

112

00:04:58,550 --> 00:04:56,800

when the u.s

113

00:04:59,990 --> 00:04:58,560

terminated project blue book and the air

114

00:05:02,230 --> 00:05:00,000

force decided there was nothing of

115

00:05:03,990 --> 00:05:02,240

scientific value to be gained

116

00:05:05,909 --> 00:05:04,000

the canadian government kept on

117

00:05:09,110 --> 00:05:05,919

investigating ufos

118

00:05:10,790 --> 00:05:09,120

and in fact what happened was they the

119

00:05:12,150 --> 00:05:10,800

the air force

120

00:05:14,310 --> 00:05:12,160

passed along

121

00:05:16,870 --> 00:05:14,320

uh and transferred the responsibility

122

00:05:18,790 --> 00:05:16,880

for ufo investigations from the military

123

00:05:20,150 --> 00:05:18,800

to the scientific establishment which is

124

00:05:23,189 --> 00:05:20,160

interesting because that's what's

125

00:05:26,550 --> 00:05:23,199

happening now in the united states right

126

00:05:28,950 --> 00:05:26,560

um back in the late 1960s

127

00:05:31,510 --> 00:05:28,960

uh ufo reports became the

128

00:05:33,029 --> 00:05:31,520

uh you know responsibility of something

129

00:05:36,070 --> 00:05:33,039

called the national research council of

130

00:05:37,909 --> 00:05:36,080

canada which is the best

131

00:05:39,590 --> 00:05:37,919

equivalent i could have would be for

132

00:05:41,430 --> 00:05:39,600

example the smithsonian if you can

133

00:05:42,310 --> 00:05:41,440

imagine the smithsonian

134

00:05:45,909 --> 00:05:42,320

um

135

00:05:47,749 --> 00:05:45,919

became a the investigating body for ufos

136

00:05:51,110 --> 00:05:47,759

um because it had all the scientific

137

00:05:53,510 --> 00:05:51,120

expertise and and uh and so forth the

138

00:05:56,070 --> 00:05:53,520

national research council also uh had a

139

00:05:57,909 --> 00:05:56,080

hand um in space research and they

140

00:06:00,550 --> 00:05:57,919

certainly had also sort of an equivalent

141

00:06:02,629 --> 00:06:00,560

to nasa so if you can imagine nasa and

142

00:06:05,350 --> 00:06:02,639

smithsonian uh together that's what the

143

00:06:08,390 --> 00:06:05,360

national research council was in fact uh

144

00:06:12,150 --> 00:06:08,400

the national research council um had

145

00:06:15,510 --> 00:06:12,160

sort of blended and uh changed its its

146

00:06:18,790 --> 00:06:15,520

focus to the canadian space agency and

147

00:06:21,430 --> 00:06:18,800

that's the uh scientific body that built

148

00:06:23,590 --> 00:06:21,440

the um canadarm that you know went up

149

00:06:25,670 --> 00:06:23,600

under the shuttle and and uh now as part

150

00:06:27,670 --> 00:06:25,680

of the space station so that came from

151
00:06:32,070 --> 00:06:27,680
the national research council

152
00:06:35,029 --> 00:06:32,080
now up and for so between 1960

153
00:06:37,550 --> 00:06:35,039
66 67 somewhere in there

154
00:06:40,070 --> 00:06:37,560
actually even earlier than that um to

155
00:06:42,790 --> 00:06:40,080
1995 the national research council of

156
00:06:46,550 --> 00:06:42,800
canada was investigating and uh

157
00:06:49,990 --> 00:06:46,560
receiving ufos from official

158
00:06:53,029 --> 00:06:50,000
agencies from rcmp from national defense

159
00:06:55,749 --> 00:06:53,039
from civilians from pilots and so forth

160
00:06:58,469 --> 00:06:55,759
um and so you know there was this record

161
00:07:00,790 --> 00:06:58,479
of investigations in fact as recently as

162
00:07:03,029 --> 00:07:00,800
1994

163
00:07:04,790 --> 00:07:03,039

um i was going through some documents

164

00:07:07,029 --> 00:07:04,800

that i hope to be posting

165

00:07:10,070 --> 00:07:07,039

for everybody to see fairly soon

166

00:07:11,749 --> 00:07:10,080

um there was an rcmp investigation

167

00:07:13,830 --> 00:07:11,759

of a particular case

168

00:07:16,870 --> 00:07:13,840

where a woman had seen a very unusual

169

00:07:19,270 --> 00:07:16,880

ufo and the entire rcmp

170

00:07:21,670 --> 00:07:19,280

interrogation of this uh

171

00:07:23,510 --> 00:07:21,680

of this witness uh is actually in these

172

00:07:25,350 --> 00:07:23,520

files

173

00:07:28,469 --> 00:07:25,360

the national research council of canada

174

00:07:30,870 --> 00:07:28,479

by itself wasn't doing anything like

175

00:07:34,070 --> 00:07:30,880

this investigation because they were

176

00:07:36,150 --> 00:07:34,080

based in ottawa they had a few satellite

177

00:07:37,510 --> 00:07:36,160

agencies that were helping them but they

178

00:07:39,189 --> 00:07:37,520

realized that

179

00:07:40,790 --> 00:07:39,199

a lot of ufos

180

00:07:41,510 --> 00:07:40,800

that were being reported turned out to

181

00:07:43,670 --> 00:07:41,520

be

182

00:07:46,309 --> 00:07:43,680

you know pieces of comets and meteors

183

00:07:48,790 --> 00:07:46,319

and and shooting stars and so forth

184

00:07:52,070 --> 00:07:48,800

and they realized the value from its

185

00:07:54,869 --> 00:07:52,080

geological standpoint of meteorites and

186

00:07:58,070 --> 00:07:54,879

they reasoned that since a lot of the

187

00:07:59,670 --> 00:07:58,080

ufos that were being reported in canada

188

00:08:00,950 --> 00:07:59,680

you know turn out to be meteors and

189

00:08:02,950 --> 00:08:00,960

fireballs

190

00:08:05,110 --> 00:08:02,960

that potentially could lead to the

191

00:08:07,110 --> 00:08:05,120

discovery of a meteorite on the ground

192

00:08:08,950 --> 00:08:07,120

if you have enough people who see things

193

00:08:11,110 --> 00:08:08,960

flying overhead you can triangulate you

194

00:08:13,909 --> 00:08:11,120

can find the meteorite on the ground

195

00:08:15,830 --> 00:08:13,919

so that's one of the motivations for uh

196

00:08:17,830 --> 00:08:15,840

them to investigate

197

00:08:20,230 --> 00:08:17,840

but they were sort of they were sort of

198

00:08:21,110 --> 00:08:20,240

centralized and they didn't have any uh

199

00:08:24,230 --> 00:08:21,120

you know

200

00:08:26,790 --> 00:08:24,240

an army of officers or investigators to

201
00:08:28,150 --> 00:08:26,800
go across the country so what they did

202
00:08:31,189 --> 00:08:28,160
is they made a deal with the royal

203
00:08:32,870 --> 00:08:31,199
canadian mounted police the mounties

204
00:08:34,149 --> 00:08:32,880
because there were detachments just like

205
00:08:35,269 --> 00:08:34,159
uh

206
00:08:37,350 --> 00:08:35,279
you know that there are sheriff's

207
00:08:40,870 --> 00:08:37,360
offices all across the united states the

208
00:08:43,350 --> 00:08:40,880
rcmp in canada are more like the fbi and

209
00:08:45,990 --> 00:08:43,360
there's fbi offices throughout the

210
00:08:47,990 --> 00:08:46,000
entire uh united states so there's

211
00:08:50,630 --> 00:08:48,000
detachments of the mounties all across

212
00:08:53,590 --> 00:08:50,640
canada and so when a person

213
00:08:55,430 --> 00:08:53,600

on the west coast would see a ufo uh

214

00:08:57,030 --> 00:08:55,440

they would report it to the national

215

00:08:58,870 --> 00:08:57,040

research council or to the royal

216

00:08:59,910 --> 00:08:58,880

canadian mounted police and the royal

217

00:09:02,470 --> 00:08:59,920

canadian amount of police would

218

00:09:04,070 --> 00:09:02,480

investigate on behalf of the scientists

219

00:09:05,430 --> 00:09:04,080

and conversely if something's seen on

220

00:09:07,829 --> 00:09:05,440

the east coast or in the north or

221

00:09:09,190 --> 00:09:07,839

wherever in whatever city

222

00:09:10,870 --> 00:09:09,200

the rcmp would conduct the

223

00:09:12,310 --> 00:09:10,880

investigations and give the information

224

00:09:15,350 --> 00:09:12,320

to the national research council of

225

00:09:17,350 --> 00:09:15,360

canada and they actually did

226

00:09:19,350 --> 00:09:17,360

track down one

227

00:09:21,430 --> 00:09:19,360

meteorite this way

228

00:09:23,750 --> 00:09:21,440

but all the other reports that didn't

229

00:09:25,829 --> 00:09:23,760

seem to be

230

00:09:27,949 --> 00:09:25,839

fireballs and meteors and chunks of

231

00:09:30,070 --> 00:09:27,959

comet went into something called the

232

00:09:31,430 --> 00:09:30,080

non-meteoritic sightings file you know

233

00:09:33,030 --> 00:09:31,440

they said well these aren't meteors we

234

00:09:34,630 --> 00:09:33,040

don't know what these are there's

235

00:09:37,190 --> 00:09:34,640

something else

236

00:09:39,509 --> 00:09:37,200

and that particular file

237

00:09:41,910 --> 00:09:39,519

went into a drawer in the national

238

00:09:44,070 --> 00:09:41,920

research council in ottawa and

239

00:09:46,070 --> 00:09:44,080

every year every calendar year they

240

00:09:49,190 --> 00:09:46,080

would gather all those up and ship them

241

00:09:51,509 --> 00:09:49,200

off to the canadian national archives

242

00:09:53,030 --> 00:09:51,519

now called libraries and archives canada

243

00:09:56,230 --> 00:09:53,040

where they were made available to the

244

00:09:59,269 --> 00:09:56,240

public so the canadian public had full

245

00:10:02,230 --> 00:09:59,279

access to all the ufo reports made

246

00:10:04,230 --> 00:10:02,240

in that year by going down to the

247

00:10:06,550 --> 00:10:04,240

national archives of canada in ottawa

248

00:10:08,150 --> 00:10:06,560

and i went down there many times i you

249

00:10:09,590 --> 00:10:08,160

know got my library card i had to

250

00:10:11,990 --> 00:10:09,600

register and fill out a whole bunch of

251
00:10:13,110 --> 00:10:12,000
forms but i was in ottawa and i would go

252
00:10:14,870 --> 00:10:13,120
into

253
00:10:16,949 --> 00:10:14,880
the archives because i would be

254
00:10:19,910 --> 00:10:16,959
visiting my astronomy colleagues at the

255
00:10:22,069 --> 00:10:19,920
national research council of canada

256
00:10:23,350 --> 00:10:22,079
and would look through the the ufo files

257
00:10:25,509 --> 00:10:23,360
and sometimes i would actually just go

258
00:10:27,350 --> 00:10:25,519
right to the national research council

259
00:10:29,269 --> 00:10:27,360
itself and look in the non-meteoritic

260
00:10:31,350 --> 00:10:29,279
files because they were

261
00:10:32,949 --> 00:10:31,360
in an office that was

262
00:10:34,790 --> 00:10:32,959
associated with some of

263
00:10:36,550 --> 00:10:34,800

my colleagues in uh

264

00:10:39,030 --> 00:10:36,560

in astronomy and i would look through

265

00:10:41,030 --> 00:10:39,040

the current year's files as well so we

266

00:10:43,910 --> 00:10:41,040

have this complete record of all the

267

00:10:45,590 --> 00:10:43,920

ufos that were being reported which is

268

00:10:47,110 --> 00:10:45,600

not what was going on in the united

269

00:10:49,110 --> 00:10:47,120

states i mean certainly civilian

270

00:10:50,470 --> 00:10:49,120

investigators were compiling these but

271

00:10:52,949 --> 00:10:50,480

these were the the ones are being

272

00:10:55,190 --> 00:10:52,959

reported by the um

273

00:10:57,829 --> 00:10:55,200

police themselves pilots as well as the

274

00:10:59,910 --> 00:10:57,839

civilians from a variety of locations

275

00:11:02,310 --> 00:10:59,920

and coordinated it all into the same

276

00:11:03,990 --> 00:11:02,320

place now there's a second

277

00:11:07,030 --> 00:11:04,000

part of that i mentioned that this

278

00:11:09,590 --> 00:11:07,040

finished in 1995 but we'll get into that

279

00:11:11,910 --> 00:11:09,600

later in the uh in our discussion but

280

00:11:14,310 --> 00:11:11,920

that kind of answers your question i

281

00:11:16,790 --> 00:11:14,320

think

282

00:11:18,630 --> 00:11:16,800

but we did it right right thank you and

283

00:11:19,990 --> 00:11:18,640

i know you have an astronomy background

284

00:11:21,910 --> 00:11:20,000

as a matter of fact you were the

285

00:11:23,509 --> 00:11:21,920

president of what was it

286

00:11:25,190 --> 00:11:23,519

at one time for a while i was the

287

00:11:28,949 --> 00:11:25,200

president of the royal astronomical

288

00:11:31,110 --> 00:11:28,959

society of canada's winnipeg center um

289

00:11:33,030 --> 00:11:31,120

and uh

290

00:11:34,230 --> 00:11:33,040

uh you know so

291

00:11:35,990 --> 00:11:34,240

my thing

292

00:11:38,150 --> 00:11:36,000

was

293

00:11:40,150 --> 00:11:38,160

helping people appreciate the wonders of

294

00:11:42,389 --> 00:11:40,160

the universe uh you know during a lunar

295

00:11:45,990 --> 00:11:42,399

eclipse i would pull out the telescopes

296

00:11:47,269 --> 00:11:46,000

and set them up in a public park and

297

00:11:49,350 --> 00:11:47,279

show people

298

00:11:50,870 --> 00:11:49,360

what the lunar eclipse looks like

299

00:11:52,790 --> 00:11:50,880

what the rings of saturn look like

300

00:11:55,829 --> 00:11:52,800

through telescopes and also did my own

301

00:11:58,550 --> 00:11:55,839

research my background is actually

302

00:12:00,629 --> 00:11:58,560

my bachelor's degree is in

303

00:12:02,629 --> 00:12:00,639

astronomy my master's degree is in

304

00:12:06,550 --> 00:12:02,639

education and i specialize in science

305

00:12:12,069 --> 00:12:07,509

it's

306

00:12:14,550 --> 00:12:12,079

translate scientific jargon ease and you

307

00:12:16,710 --> 00:12:14,560

know wade through all the the scientific

308

00:12:19,110 --> 00:12:16,720

terminologies so that we can better

309

00:12:21,030 --> 00:12:19,120

understand what uh scientists are

310

00:12:23,509 --> 00:12:21,040

discovering and promoting and and so we

311

00:12:25,750 --> 00:12:23,519

can understand a little bit more of our

312

00:12:27,990 --> 00:12:25,760

place in the universe

313

00:12:31,430 --> 00:12:28,000

right and you mentioned

314

00:12:32,470 --> 00:12:31,440

project blue book stopped in 1969

315

00:12:33,910 --> 00:12:32,480

i i

316

00:12:35,750 --> 00:12:33,920

personally well

317

00:12:37,350 --> 00:12:35,760

from the people i've talked to over the

318

00:12:38,470 --> 00:12:37,360

years

319

00:12:40,230 --> 00:12:38,480

probably

320

00:12:41,990 --> 00:12:40,240

think that something was going some

321

00:12:44,150 --> 00:12:42,000

research was going on it was just kept

322

00:12:46,629 --> 00:12:44,160

off the books so to speak i would

323

00:12:49,110 --> 00:12:46,639

imagine because the phenomenon certainly

324

00:12:51,750 --> 00:12:49,120

has not stopped and you know there's

325

00:12:53,829 --> 00:12:51,760

people that claim that project blue book

326

00:12:56,550 --> 00:12:53,839

was kind of like window addressing there

327

00:12:58,230 --> 00:12:56,560

was something else uh going on behind

328

00:12:59,829 --> 00:12:58,240

the scenes with even you know deeper

329

00:13:01,750 --> 00:12:59,839

research i don't know if any of that's

330

00:13:03,350 --> 00:13:01,760

true or not but uh

331

00:13:04,230 --> 00:13:03,360

i think it is as a matter of fact there

332

00:13:05,509 --> 00:13:04,240

was a

333

00:13:06,790 --> 00:13:05,519

famous document called the low

334

00:13:09,350 --> 00:13:06,800

memorandum

335

00:13:10,710 --> 00:13:09,360

um where it was admitted in a in this

336

00:13:13,190 --> 00:13:10,720

document

337

00:13:15,829 --> 00:13:13,200

um which was made public eventually

338

00:13:17,350 --> 00:13:15,839

uh that the really good cases were not

339

00:13:18,310 --> 00:13:17,360

going to blue book

340

00:13:23,110 --> 00:13:18,320

um

341

00:13:24,949 --> 00:13:23,120

that uh the

342

00:13:26,550 --> 00:13:24,959

blue book itself was a public relations

343

00:13:28,230 --> 00:13:26,560

exercise

344

00:13:29,990 --> 00:13:28,240

so you know there's

345

00:13:32,550 --> 00:13:30,000

there's a lot of evidence that uh

346

00:13:34,710 --> 00:13:32,560

there's much more going on and you know

347

00:13:36,470 --> 00:13:34,720

since the release of uh some of the

348

00:13:38,790 --> 00:13:36,480

material that that came forward from

349

00:13:41,350 --> 00:13:38,800

leslie keene and her colleagues

350

00:13:43,590 --> 00:13:41,360

and uh the release of the navy videos

351
00:13:47,189 --> 00:13:43,600
and so forth uh we found out that there

352
00:13:49,350 --> 00:13:47,199
was a uh uh you know an actual program

353
00:13:52,389 --> 00:13:49,360
uh investigating ufos in the united

354
00:13:53,350 --> 00:13:52,399
states between 2007-2012

355
00:13:54,949 --> 00:13:53,360
and

356
00:13:57,670 --> 00:13:54,959
um

357
00:13:59,189 --> 00:13:57,680
what went on before 2007 we're not

358
00:14:00,790 --> 00:13:59,199
entirely sure

359
00:14:02,629 --> 00:14:00,800
and after that you know we're not

360
00:14:05,910 --> 00:14:02,639
entirely sure either but what we do know

361
00:14:07,829 --> 00:14:05,920
is that now with the uap task force

362
00:14:10,470 --> 00:14:07,839
uh which is actually overdue in some of

363
00:14:11,829 --> 00:14:10,480

its reports already um that you know

364

00:14:14,310 --> 00:14:11,839

maybe we're going to find out a little

365

00:14:17,430 --> 00:14:14,320

bit more about what's currently being

366

00:14:19,350 --> 00:14:17,440

seen and uh and uh uh tracked down and

367

00:14:20,550 --> 00:14:19,360

reported by uh you know military

368

00:14:23,030 --> 00:14:20,560

personnel

369

00:14:25,590 --> 00:14:23,040

yeah um you know it's funny that

370

00:14:27,509 --> 00:14:25,600

our government is talking about

371

00:14:30,389 --> 00:14:27,519

you know they're talking about looking

372

00:14:32,949 --> 00:14:30,399

mostly at the military

373

00:14:34,550 --> 00:14:32,959

you know because of the data but still i

374

00:14:36,710 --> 00:14:34,560

think there's so much that the public

375

00:14:38,069 --> 00:14:36,720

can add to this whole thing and

376

00:14:40,710 --> 00:14:38,079

hopefully they'll

377

00:14:42,629 --> 00:14:40,720

you know they'll get more information

378

00:14:44,710 --> 00:14:42,639

than just military but we'll see how

379

00:14:45,750 --> 00:14:44,720

that goes uh

380

00:14:51,350 --> 00:14:45,760

yeah

381

00:14:52,949 --> 00:14:51,360

i sympathize um with the people involved

382

00:14:54,389 --> 00:14:52,959

in this because

383

00:14:57,110 --> 00:14:54,399

uh they're looking for instrumented

384

00:14:58,710 --> 00:14:57,120

observations actually uh avilobe same

385

00:15:00,310 --> 00:14:58,720

sort of thing as project galileo they

386

00:15:01,670 --> 00:15:00,320

want instrumented observations they're

387

00:15:03,509 --> 00:15:01,680

not really interested in just the

388

00:15:04,710 --> 00:15:03,519

average person's

389

00:15:06,710 --> 00:15:04,720

first-hand

390

00:15:09,990 --> 00:15:06,720

eyewitness account they want something

391

00:15:13,269 --> 00:15:10,000

that is recorded on digital

392

00:15:15,509 --> 00:15:13,279

film or radar or whatever um so that we

393

00:15:16,629 --> 00:15:15,519

have an accurate uh understanding what

394

00:15:19,030 --> 00:15:16,639

was seen

395

00:15:20,790 --> 00:15:19,040

uh and so a lot of of the personal

396

00:15:25,590 --> 00:15:20,800

eyewitness observations the average

397

00:15:27,829 --> 00:15:25,600

person's uh ufo reports uh seem

398

00:15:30,150 --> 00:15:27,839

uninteresting or

399

00:15:32,389 --> 00:15:30,160

invalidated perhaps by by some of this

400

00:15:33,910 --> 00:15:32,399

the certainly the ufp task force doesn't

401
00:15:37,189 --> 00:15:33,920
seem to have any

402
00:15:39,110 --> 00:15:37,199
way uh or mandate to accept reports from

403
00:15:41,829 --> 00:15:39,120
the public strictly from

404
00:15:45,350 --> 00:15:41,839
uh you know high quality admittedly

405
00:15:49,030 --> 00:15:45,360
uh witnesses like military personnel but

406
00:15:50,150 --> 00:15:49,040
uh the problem is that uh eyewitness

407
00:15:52,870 --> 00:15:50,160
reports

408
00:15:54,949 --> 00:15:52,880
of objects in the sky have always been a

409
00:16:00,470 --> 00:15:54,959
part of

410
00:16:05,430 --> 00:16:00,480
ufo and now uap investigations and data

411
00:16:06,230 --> 00:16:05,440
when sputnik was launched in the 50s

412
00:16:11,829 --> 00:16:06,240
the

413
00:16:15,829 --> 00:16:11,839

public

414

00:16:18,069 --> 00:16:15,839

uh to uh you know to to track whatever

415

00:16:20,550 --> 00:16:18,079

the objects were in the sky so they can

416

00:16:23,350 --> 00:16:20,560

better understand the orbit the amateur

417

00:16:25,670 --> 00:16:23,360

radio uh enthusiasts tracked the uh the

418

00:16:26,790 --> 00:16:25,680

uh the signal as it was passing overhead

419

00:16:28,790 --> 00:16:26,800

for example

420

00:16:31,110 --> 00:16:28,800

um so that was all civilian uh in

421

00:16:34,829 --> 00:16:31,120

addition to the military

422

00:16:36,310 --> 00:16:34,839

um and you know even more recently

423

00:16:38,470 --> 00:16:36,320

when um

424

00:16:39,749 --> 00:16:38,480

uh when some of the stealth fighters

425

00:16:42,550 --> 00:16:39,759

were being tested

426

00:16:44,870 --> 00:16:42,560

uh right right over the united states uh

427

00:16:46,629 --> 00:16:44,880

they relied on um

428

00:16:49,110 --> 00:16:46,639

some plane spotters

429

00:16:52,150 --> 00:16:49,120

uh civilian plane spotters to you know

430

00:16:54,790 --> 00:16:52,160

uh to record these observations of the

431

00:16:56,550 --> 00:16:54,800

uh the jet contrails the uh the string

432

00:16:58,550 --> 00:16:56,560

of pearls contrails that were seen most

433

00:17:01,350 --> 00:16:58,560

likely most often with the stealth

434

00:17:03,910 --> 00:17:01,360

fighters and a better understanding of

435

00:17:05,669 --> 00:17:03,920

what was being flown even though they

436

00:17:08,390 --> 00:17:05,679

were classified top secret a lot of

437

00:17:09,750 --> 00:17:08,400

people in the aerospace industry because

438

00:17:11,909 --> 00:17:09,760

of civilian

439

00:17:13,429 --> 00:17:11,919

uh observations were able to piece piece

440

00:17:15,270 --> 00:17:13,439

together what some of these aircraft

441

00:17:16,630 --> 00:17:15,280

were capable of doing and they actually

442

00:17:18,949 --> 00:17:16,640

had a lot of the

443

00:17:21,510 --> 00:17:18,959

these specs pretty well worked out for

444

00:17:23,909 --> 00:17:21,520

some of the stealth fighters uh be based

445

00:17:25,429 --> 00:17:23,919

on eyewitness observations so

446

00:17:27,909 --> 00:17:25,439

you know eyewitness observations are

447

00:17:30,230 --> 00:17:27,919

still important um and give us a good

448

00:17:33,350 --> 00:17:30,240

obser a good uh

449

00:17:34,710 --> 00:17:33,360

a good data set i mean people who study

450

00:17:36,630 --> 00:17:34,720

the uh

451

00:17:37,830 --> 00:17:36,640

uh the migration of the monarch

452

00:17:40,710 --> 00:17:37,840

butterfly

453

00:17:43,029 --> 00:17:40,720

uh you know they rely on civilian uh

454

00:17:45,990 --> 00:17:43,039

ornithologists uh so not ornithologists

455

00:17:47,990 --> 00:17:46,000

but entomologists uh to uh to better

456

00:17:50,549 --> 00:17:48,000

understand you know how many uh the

457

00:17:52,630 --> 00:17:50,559

monarchs are in one particular area and

458

00:17:55,190 --> 00:17:52,640

and so forth and you know bird watchers

459

00:17:56,870 --> 00:17:55,200

same sort of thing ornithologists uh

460

00:17:59,990 --> 00:17:56,880

coming apart

461

00:18:02,230 --> 00:18:00,000

greatly assisted by uh

462

00:18:04,310 --> 00:18:02,240

by uh you know uh the average bird

463

00:18:06,549 --> 00:18:04,320

watcher so you know eyewitness

464

00:18:07,750 --> 00:18:06,559

observations are important and i i'm

465

00:18:10,470 --> 00:18:07,760

hoping that

466

00:18:11,590 --> 00:18:10,480

uh the uap task force is not going to

467

00:18:12,789 --> 00:18:11,600

just throw the baby out with the

468

00:18:15,909 --> 00:18:12,799

bathwater

469

00:18:17,830 --> 00:18:15,919

right right i wanted to show you this uh

470

00:18:19,510 --> 00:18:17,840

this someone just sent me today and i

471

00:18:21,990 --> 00:18:19,520

thought it was a great little clip and i

472

00:18:24,950 --> 00:18:22,000

could put this in the show notes too the

473

00:18:27,350 --> 00:18:24,960

it's basically um jets

474

00:18:29,510 --> 00:18:27,360

this is back in 1952 when the big flap

475

00:18:31,669 --> 00:18:29,520

was going on this is july 29th it talks

476

00:18:33,350 --> 00:18:31,679

all about the flap going on around the

477

00:18:34,950 --> 00:18:33,360

capital that we're seeing on radar and

478

00:18:37,510 --> 00:18:34,960

things like that but i thought it was

479

00:18:39,270 --> 00:18:37,520

interesting to show uh this and this is

480

00:18:40,630 --> 00:18:39,280

fall river not really that far away from

481

00:18:43,510 --> 00:18:40,640

where i am right now

482

00:18:44,470 --> 00:18:43,520

uh fall river massachusetts but anyway

483

00:18:46,710 --> 00:18:44,480

the

484

00:18:49,110 --> 00:18:46,720

interesting thing about this is it talks

485

00:18:50,950 --> 00:18:49,120

about the military having these new

486

00:18:54,230 --> 00:18:50,960

cameras and they're finally going to be

487

00:18:56,470 --> 00:18:54,240

able to solve what ufos are

488

00:18:58,549 --> 00:18:56,480

i love that so that's back in 1952 and

489

00:19:00,230 --> 00:18:58,559

they're talking about being dogged for

490

00:19:01,830 --> 00:19:00,240

seven years and now it's about time

491

00:19:03,750 --> 00:19:01,840

they're going to be able to show

492

00:19:06,070 --> 00:19:03,760

uh you know what these things are with

493

00:19:08,310 --> 00:19:06,080

his new military cameras

494

00:19:11,110 --> 00:19:08,320

yes well i'm sure well i'm sure that

495

00:19:13,270 --> 00:19:11,120

would be the case yeah

496

00:19:15,190 --> 00:19:13,280

as we've been told and still get told

497

00:19:17,029 --> 00:19:15,200

and i you know i've said on this show a

498

00:19:18,549 --> 00:19:17,039

number of times that i don't really

499

00:19:21,270 --> 00:19:18,559

believe that in my lifetime it's

500

00:19:23,190 --> 00:19:21,280

possible but i really i don't have any

501
00:19:24,950 --> 00:19:23,200
high hopes that we're going to find out

502
00:19:26,310 --> 00:19:24,960
what they are in my lifetime but it's

503
00:19:29,350 --> 00:19:26,320
possible

504
00:19:30,310 --> 00:19:29,360
be more questions is what i think it'll

505
00:19:32,549 --> 00:19:30,320
be

506
00:19:34,710 --> 00:19:32,559
the more we look into it uh so i

507
00:19:37,590 --> 00:19:34,720
promised uh the listeners that you would

508
00:19:39,909 --> 00:19:37,600
tell for the person has never heard um

509
00:19:41,830 --> 00:19:39,919
you know you on this show before if you

510
00:19:43,750 --> 00:19:41,840
give them a quick uh nutshell of your

511
00:19:46,390 --> 00:19:43,760
background and what got you interested

512
00:19:48,950 --> 00:19:46,400
in this topic

513
00:19:49,990 --> 00:19:48,960

oh well that's a

514

00:19:55,909 --> 00:19:50,000

the

515

00:19:58,120 --> 00:19:55,919

a lot of time here oh that's true

516

00:19:59,190 --> 00:19:58,130

um you know i i grew up um

517

00:20:01,110 --> 00:19:59,200

[Music]

518

00:20:02,549 --> 00:20:01,120

watching uh when i was a kid i remember

519

00:20:04,789 --> 00:20:02,559

my parents plopping me down in front of

520

00:20:07,190 --> 00:20:04,799

the tv and uh watching the mercury and

521

00:20:10,470 --> 00:20:07,200

gemini launches for example

522

00:20:12,789 --> 00:20:10,480

um and then in school i remember the

523

00:20:15,909 --> 00:20:12,799

uh the teacher rolled out a

524

00:20:19,110 --> 00:20:15,919

uh a tv set and watched we watched neil

525

00:20:21,510 --> 00:20:19,120

armstrong walk on the moon

526

00:20:23,510 --> 00:20:21,520

so you know i was sort of a product of a

527

00:20:25,029 --> 00:20:23,520

child of the space age i suppose is the

528

00:20:25,990 --> 00:20:25,039

term for it

529

00:20:27,510 --> 00:20:26,000

and

530

00:20:30,470 --> 00:20:27,520

in um

531

00:20:31,669 --> 00:20:30,480

in the mid 1970s there was a significant

532

00:20:33,830 --> 00:20:31,679

uh

533

00:20:36,230 --> 00:20:33,840

flap of ufos here in canada that was

534

00:20:38,470 --> 00:20:36,240

going on in our particular area

535

00:20:39,990 --> 00:20:38,480

and because i was i was actually i think

536

00:20:42,470 --> 00:20:40,000

a member of the astronomy club or

537

00:20:45,270 --> 00:20:42,480

something like that in high school

538

00:20:46,870 --> 00:20:45,280

very geeky by the way

539

00:20:48,230 --> 00:20:46,880

but

540

00:20:49,590 --> 00:20:48,240

and i remember in the astronomy club

541

00:20:51,750 --> 00:20:49,600

people were talking about what are these

542

00:20:53,669 --> 00:20:51,760

ufos that people are seeing so

543

00:20:54,630 --> 00:20:53,679

um i actually

544

00:20:56,789 --> 00:20:54,640

um

545

00:20:58,630 --> 00:20:56,799

you know was was curious enough to go

546

00:21:00,630 --> 00:20:58,640

out to where some of the ufos were being

547

00:21:02,070 --> 00:21:00,640

reported and talked to some of the the

548

00:21:03,750 --> 00:21:02,080

farmers who had been seeing them over

549

00:21:05,909 --> 00:21:03,760

their farm yards

550

00:21:08,230 --> 00:21:05,919

and then when i got into university and

551

00:21:10,230 --> 00:21:08,240

i was taking my astronomy courses

552

00:21:11,990 --> 00:21:10,240

my astronomy profs

553

00:21:13,669 --> 00:21:12,000

um you know they weren't crazy about the

554

00:21:15,350 --> 00:21:13,679

whole ufo thing they thought it was all

555

00:21:17,270 --> 00:21:15,360

nonsense and people saw them were

556

00:21:19,110 --> 00:21:17,280

touched in the head or something

557

00:21:21,029 --> 00:21:19,120

but the phone calls from some of the

558

00:21:22,149 --> 00:21:21,039

people who were seeing the ufos kept

559

00:21:24,310 --> 00:21:22,159

coming in

560

00:21:26,310 --> 00:21:24,320

uh to the astronomy office

561

00:21:28,310 --> 00:21:26,320

and my profs are getting a little ticked

562

00:21:29,909 --> 00:21:28,320

off at this because you know it's it's

563

00:21:31,830 --> 00:21:29,919

not something they're interested in i

564

00:21:32,950 --> 00:21:31,840

want to focus on the serious research

565

00:21:34,950 --> 00:21:32,960

you know

566

00:21:36,070 --> 00:21:34,960

and i happen to be in my one of my profs

567

00:21:37,909 --> 00:21:36,080

offices

568

00:21:39,590 --> 00:21:37,919

when a phone call came in

569

00:21:41,830 --> 00:21:39,600

and he was so miffed about it i said you

570

00:21:44,230 --> 00:21:41,840

know why don't you just let me take the

571

00:21:45,909 --> 00:21:44,240

phone calls you know on my my little

572

00:21:47,830 --> 00:21:45,919

carol where i'm i'm studying is right

573

00:21:49,190 --> 00:21:47,840

around the corner from your office next

574

00:21:50,470 --> 00:21:49,200

time a call comes in just let me know

575

00:21:51,669 --> 00:21:50,480

and i'll i'll take the call and i'll

576

00:21:53,669 --> 00:21:51,679

talk because i wanted to get on the

577

00:21:55,750 --> 00:21:53,679

profits good side

578

00:21:59,430 --> 00:21:55,760

well i started talking with

579

00:22:01,990 --> 00:21:59,440

more people who had seen ufos i

580

00:22:04,149 --> 00:22:02,000

went out into the countryside visiting

581

00:22:05,190 --> 00:22:04,159

people in their homes

582

00:22:08,390 --> 00:22:05,200

and

583

00:22:10,549 --> 00:22:08,400

for the most part i could

584

00:22:12,390 --> 00:22:10,559

explain most of the ufo reports that

585

00:22:15,430 --> 00:22:12,400

were coming in you know a lot where

586

00:22:17,590 --> 00:22:15,440

stars and planets and and some aircraft

587

00:22:19,590 --> 00:22:17,600

and so forth and satellites

588

00:22:21,430 --> 00:22:19,600

but there is you know some that i didn't

589

00:22:23,669 --> 00:22:21,440

i didn't know what those were and uh

590

00:22:26,310 --> 00:22:23,679

that was curious and so i took it upon

591

00:22:29,669 --> 00:22:26,320

it uh myself as a as a scientific

592

00:22:31,830 --> 00:22:29,679

curiosity a puzzle that had to be solved

593

00:22:33,270 --> 00:22:31,840

um but i needed more data so i began

594

00:22:35,669 --> 00:22:33,280

investigating and talking to more and

595

00:22:38,630 --> 00:22:35,679

more people

596

00:22:40,789 --> 00:22:38,640

and somewhere about uh i think was

597

00:22:43,430 --> 00:22:40,799

several months later

598

00:22:45,190 --> 00:22:43,440

there was a

599

00:22:46,870 --> 00:22:45,200

used to be a departmental meeting in the

600

00:22:49,590 --> 00:22:46,880

physics department which is where

601
00:22:51,830 --> 00:22:49,600
astronomy was at the time

602
00:22:52,870 --> 00:22:51,840
and every friday afternoon

603
00:22:55,190 --> 00:22:52,880
um

604
00:22:56,710 --> 00:22:55,200
i think it was friday's anyways every

605
00:22:58,470 --> 00:22:56,720
once in a while they had a departmental

606
00:23:00,230 --> 00:22:58,480
meeting in the boardroom and somebody

607
00:23:01,990 --> 00:23:00,240
with some interesting research

608
00:23:04,070 --> 00:23:02,000
you know could present it and usually it

609
00:23:06,710 --> 00:23:04,080
was some one of the profs

610
00:23:09,990 --> 00:23:06,720
um and somebody canceled and

611
00:23:12,070 --> 00:23:10,000
my prof uh asked me you know would you

612
00:23:13,830 --> 00:23:12,080
want to just tell people about the ufos

613
00:23:15,510 --> 00:23:13,840

that you've heard about

614

00:23:16,870 --> 00:23:15,520

i said sure which is very unusual to

615

00:23:19,029 --> 00:23:16,880

have an undergraduate student giving a

616

00:23:21,110 --> 00:23:19,039

presentation um at

617

00:23:22,950 --> 00:23:21,120

a graduate level

618

00:23:24,950 --> 00:23:22,960

but i said okay

619

00:23:26,870 --> 00:23:24,960

and they had actually advertised this

620

00:23:29,190 --> 00:23:26,880

was a couple of days in advance and when

621

00:23:30,390 --> 00:23:29,200

they advertised it somebody told the

622

00:23:32,070 --> 00:23:30,400

media

623

00:23:34,470 --> 00:23:32,080

uh that there's gonna be a talk about

624

00:23:37,190 --> 00:23:34,480

ufos at the university

625

00:23:38,630 --> 00:23:37,200

and the the morning as i was supposed to

626

00:23:40,230 --> 00:23:38,640

give the talk i was told that it was

627

00:23:41,590 --> 00:23:40,240

being moved from the departmental

628

00:23:44,470 --> 00:23:41,600

boardroom

629

00:23:46,950 --> 00:23:44,480

uh to the largest lecture hall on campus

630

00:23:49,029 --> 00:23:46,960

which was something like 500 people

631

00:23:52,870 --> 00:23:49,039

uh capacity

632

00:23:56,390 --> 00:23:52,880

and i ended up giving my first lecture

633

00:23:58,710 --> 00:23:56,400

on ufos as an undergraduate student to a

634

00:24:00,870 --> 00:23:58,720

packed house standing room only with tv

635

00:24:02,789 --> 00:24:00,880

cameras and and the whole bit and after

636

00:24:05,669 --> 00:24:02,799

that i was known as the ufo guy and

637

00:24:07,909 --> 00:24:05,679

that's how i got into the ufo thing

638

00:24:12,310 --> 00:24:07,919

you kind of you you got it was by

639

00:24:15,990 --> 00:24:14,310

that's why i'm doing this is by accident

640

00:24:18,789 --> 00:24:16,000

too you know i mean i i happened to be

641

00:24:21,110 --> 00:24:18,799

out in i had a ufo sighting

642

00:24:23,110 --> 00:24:21,120

i just happened to be out in a certain

643

00:24:25,510 --> 00:24:23,120

place at a certain time and that's why

644

00:24:28,310 --> 00:24:25,520

i'm here really you know it's uh someone

645

00:24:30,390 --> 00:24:28,320

has a question i think what uh this

646

00:24:31,430 --> 00:24:30,400

person and please do put the questions

647

00:24:34,710 --> 00:24:31,440

in caps

648

00:24:36,630 --> 00:24:34,720

from now on so this uh person was out in

649

00:24:38,149 --> 00:24:36,640

the backyard looking and saw stars and a

650

00:24:40,149 --> 00:24:38,159

succession of lights traveling in a

651
00:24:41,590 --> 00:24:40,159
straight line same speed each blinked

652
00:24:43,909 --> 00:24:41,600
out and turned back on would that be

653
00:24:45,190 --> 00:24:43,919
starlink that sure sounds like starlink

654
00:24:48,070 --> 00:24:45,200
yeah they're really

655
00:24:50,870 --> 00:24:48,080
they've ramped up uh the number now and

656
00:24:53,029 --> 00:24:50,880
uh i i'm not even sure how many uh they

657
00:24:54,950 --> 00:24:53,039
have now but we're talking you know they

658
00:24:56,710 --> 00:24:54,960
hope to get eventually 10 or 20 000 of

659
00:24:59,510 --> 00:24:56,720
these things up there

660
00:25:02,230 --> 00:24:59,520
so that'll be that'll be fun huh ufo

661
00:25:03,029 --> 00:25:02,240
reporting every five minutes and

662
00:25:07,830 --> 00:25:03,039
uh

663
00:25:09,430 --> 00:25:07,840

stealth now with all those but yeah

664

00:25:11,590 --> 00:25:09,440

right that is actually starting to be a

665

00:25:13,029 --> 00:25:11,600

concern for um

666

00:25:16,070 --> 00:25:13,039

astrophotographers who are doing some

667

00:25:18,390 --> 00:25:16,080

deep sky uh photography

668

00:25:20,470 --> 00:25:18,400

um that if you you know you just might

669

00:25:21,830 --> 00:25:20,480

get it all timed wrong where you'll get

670

00:25:24,310 --> 00:25:21,840

a satellite trail right through your

671

00:25:25,990 --> 00:25:24,320

beautiful uh photo of the orion nebula

672

00:25:28,710 --> 00:25:26,000

or something like oh no

673

00:25:30,630 --> 00:25:28,720

yeah that that could very well happen

674

00:25:33,269 --> 00:25:30,640

i have to tell you um what year did you

675

00:25:35,430 --> 00:25:33,279

say that there was a flap there

676

00:25:37,669 --> 00:25:35,440

that was 1975.

677

00:25:41,510 --> 00:25:37,679

i'm not sure exactly when but it was

678

00:25:43,029 --> 00:25:41,520

sometimes in the 70s or early 80s

679

00:25:44,549 --> 00:25:43,039

this is a story that a friend of mine

680

00:25:46,470 --> 00:25:44,559

told me in

681

00:25:50,310 --> 00:25:46,480

montreal

682

00:25:52,230 --> 00:25:50,320

worked on a big appraisal down in

683

00:25:56,149 --> 00:25:52,240

atlanta georgia and that's how i met him

684

00:25:58,470 --> 00:25:56,159

to begin with and and um i i told him in

685

00:26:01,269 --> 00:25:58,480

a conversation that i do a show on ufos

686

00:26:03,190 --> 00:26:01,279

and he told me the story that he was out

687

00:26:06,789 --> 00:26:03,200

at up he had a party at his own home he

688

00:26:09,269 --> 00:26:06,799

was out on the deck and then um i can't

689

00:26:11,430 --> 00:26:09,279

remember if he said a single fighter jet

690

00:26:13,269 --> 00:26:11,440

or more than one fighter jets were

691

00:26:14,230 --> 00:26:13,279

chasing a disc

692

00:26:16,390 --> 00:26:14,240

and

693

00:26:17,990 --> 00:26:16,400

uh everyone saw the whole everyone the

694

00:26:18,710 --> 00:26:18,000

whole party stopped everyone's like you

695

00:26:20,230 --> 00:26:18,720

know

696

00:26:21,990 --> 00:26:20,240

like a little bit of mumbling and then

697

00:26:23,830 --> 00:26:22,000

it went back on in a party and he said

698

00:26:25,269 --> 00:26:23,840

he got up the next day got the paper

699

00:26:26,950 --> 00:26:25,279

right away he said he couldn't believe

700

00:26:29,430 --> 00:26:26,960

there was nothing in the papers people

701

00:26:31,669 --> 00:26:29,440

had to see it was it was a celebratory

702

00:26:33,750 --> 00:26:31,679

uh you know weekend or whatever i'm not

703

00:26:36,390 --> 00:26:33,760

sure exactly what weekend it was

704

00:26:38,549 --> 00:26:36,400

but anyway had you heard of any stories

705

00:26:40,390 --> 00:26:38,559

where fighter jets supposedly were were

706

00:26:42,149 --> 00:26:40,400

trailing

707

00:26:44,390 --> 00:26:42,159

yeah i've heard from stories like that

708

00:26:46,470 --> 00:26:44,400

um i haven't heard that particular story

709

00:26:48,310 --> 00:26:46,480

from montreal but you know there there

710

00:26:50,230 --> 00:26:48,320

have been many cases like that both the

711

00:26:51,110 --> 00:26:50,240

united states and canada

712

00:26:53,110 --> 00:26:51,120

um

713

00:26:54,950 --> 00:26:53,120

it might even be possible to track that

714

00:26:56,549 --> 00:26:54,960
down and the reason i say that

715

00:26:58,149 --> 00:26:56,559
is one of the other things that i i've

716

00:27:01,350 --> 00:26:58,159
done is that

717

00:27:05,110 --> 00:27:01,360
in addition to writing books

718

00:27:08,230 --> 00:27:05,120
every year since 1989

719

00:27:10,549 --> 00:27:08,240
i've coordinated the canadian ufo survey

720

00:27:12,310 --> 00:27:10,559
and what happened was in the 18 late

721

00:27:14,630 --> 00:27:12,320
1980s

722

00:27:16,230 --> 00:27:14,640
um i was frustrated because i you know i

723

00:27:18,230 --> 00:27:16,240
kept hearing stories from you know all

724

00:27:20,389 --> 00:27:18,240
across the country and some people who

725

00:27:22,389 --> 00:27:20,399
are saying you know that that what they

726

00:27:24,230 --> 00:27:22,399

saw was at 11 o'clock at night and some

727

00:27:26,230 --> 00:27:24,240

were saying they saw it at four in the

728

00:27:28,070 --> 00:27:26,240

afternoon i want to know

729

00:27:30,389 --> 00:27:28,080

you know what's the distribution i are

730

00:27:31,909 --> 00:27:30,399

more seen at night than during the day

731

00:27:33,750 --> 00:27:31,919

what are the colors

732

00:27:36,470 --> 00:27:33,760

does the west coast have more sightings

733

00:27:38,870 --> 00:27:36,480

on the east coast

734

00:27:40,789 --> 00:27:38,880

so i got in touch with uh

735

00:27:44,149 --> 00:27:40,799

you know my colleagues other other ufo

736

00:27:46,070 --> 00:27:44,159

researchers and ufologists across canada

737

00:27:47,830 --> 00:27:46,080

uh and i said hey can we just you know

738

00:27:50,070 --> 00:27:47,840

coordinate on our data let's share our

739

00:27:51,510 --> 00:27:50,080

data i'll put it all into a database and

740

00:27:53,269 --> 00:27:51,520

we'll do some analysis and we'll be able

741

00:27:54,950 --> 00:27:53,279

to you know to do some scientific work

742

00:27:57,350 --> 00:27:54,960

because i was you know back i might i

743

00:28:00,830 --> 00:27:57,360

was putting on my science hat and i want

744

00:28:02,710 --> 00:28:00,840

to you know do some good science here

745

00:28:04,389 --> 00:28:02,720

so um

746

00:28:05,990 --> 00:28:04,399

the uh uh

747

00:28:09,830 --> 00:28:06,000

the first year i think we had something

748

00:28:11,430 --> 00:28:09,840

like 140 150 ufo uh reports that were

749

00:28:12,870 --> 00:28:11,440

submitted from all across canada from

750

00:28:17,029 --> 00:28:12,880

all the researchers

751

00:28:18,630 --> 00:28:17,039

um the next year there were more and but

752

00:28:21,190 --> 00:28:18,640

when we did the analysis you know we

753

00:28:22,789 --> 00:28:21,200

found some basic things that

754

00:28:24,310 --> 00:28:22,799

there were more

755

00:28:25,990 --> 00:28:24,320

sightings in the summer than the winter

756

00:28:28,710 --> 00:28:26,000

which canada you know there's more

757

00:28:30,710 --> 00:28:28,720

people looking up outside

758

00:28:32,710 --> 00:28:30,720

in this summer than they would be in 40

759

00:28:34,710 --> 00:28:32,720

below in the winter um so that kind of

760

00:28:37,510 --> 00:28:34,720

made sense and then we you know did some

761

00:28:38,630 --> 00:28:37,520

analysis on shapes and and uh

762

00:28:41,190 --> 00:28:38,640

um

763

00:28:42,310 --> 00:28:41,200

duration and what time of day and you

764

00:28:44,070 --> 00:28:42,320

know whether

765

00:28:45,909 --> 00:28:44,080

uh whether there was more than one

766

00:28:48,070 --> 00:28:45,919

witness that type of thing

767

00:28:50,149 --> 00:28:48,080

it was received very well

768

00:28:52,230 --> 00:28:50,159

and so we did it a second year

769

00:28:55,669 --> 00:28:52,240

and then a third year

770

00:28:59,110 --> 00:28:55,679

and um this past year

771

00:29:01,029 --> 00:28:59,120

in fact we've released the 2021 data

772

00:29:02,230 --> 00:29:01,039

already

773

00:29:03,909 --> 00:29:02,240

although we didn't put out a news

774

00:29:04,870 --> 00:29:03,919

release this year

775

00:29:07,269 --> 00:29:04,880

but

776

00:29:11,510 --> 00:29:07,279

we found that there on average was about

777

00:29:13,909 --> 00:29:11,520

1 000 ufo reports in canada

778

00:29:16,070 --> 00:29:13,919

over the each year for the past i don't

779

00:29:19,110 --> 00:29:16,080

know 10 years or so something like that

780

00:29:23,990 --> 00:29:21,029

and you know

781

00:29:27,430 --> 00:29:24,000

we've amassed up until this past year

782

00:29:28,549 --> 00:29:27,440

something like 23 000 separate ufo

783

00:29:30,549 --> 00:29:28,559

reports

784

00:29:33,669 --> 00:29:30,559

which is more than blue book

785

00:29:35,830 --> 00:29:33,679

wow yeah and certainly more than a a lot

786

00:29:37,590 --> 00:29:35,840

of other organizations have and we've

787

00:29:39,590 --> 00:29:37,600

done some basic analyses and we also

788

00:29:41,430 --> 00:29:39,600

made the data available we've published

789

00:29:43,190 --> 00:29:41,440

it every year

790

00:29:45,110 --> 00:29:43,200

the analysis is made

791

00:29:46,149 --> 00:29:45,120

available every year

792

00:29:47,350 --> 00:29:46,159

and

793

00:29:53,190 --> 00:29:47,360

some

794

00:29:56,310 --> 00:29:53,200

scientists for other analyses

795

00:29:58,950 --> 00:29:56,320

um we found that

796

00:30:03,430 --> 00:29:58,960

our ufo data was being used in a course

797

00:30:05,510 --> 00:30:03,440

on statistics um at a university uh i

798

00:30:06,950 --> 00:30:05,520

had requests for the data from

799

00:30:09,430 --> 00:30:06,960

scientific institutions who wanted to

800

00:30:10,630 --> 00:30:09,440

take a look at it so i think the idea is

801
00:30:13,750 --> 00:30:10,640
this is what

802
00:30:15,430 --> 00:30:13,760
you know is being seen by people and the

803
00:30:17,909 --> 00:30:15,440
reports that we get are not just you

804
00:30:20,950 --> 00:30:17,919
know things that people phone in on

805
00:30:23,669 --> 00:30:20,960
um or or these days email in

806
00:30:26,710 --> 00:30:23,679
but uh these are reports from the

807
00:30:28,870 --> 00:30:26,720
government from military from pilots

808
00:30:30,549 --> 00:30:28,880
from uh something called transport

809
00:30:32,149 --> 00:30:30,559
canada which is the canadian equivalent

810
00:30:35,430 --> 00:30:32,159
of the faa

811
00:30:37,590 --> 00:30:35,440
uh from as i mentioned the military um

812
00:30:39,830 --> 00:30:37,600
and it's all across the entire country

813
00:30:43,029 --> 00:30:39,840

so it's a snapshot of what's being

814

00:30:44,870 --> 00:30:43,039

reported in one country in one year

815

00:30:46,389 --> 00:30:44,880

and um

816

00:30:48,070 --> 00:30:46,399

you know when we were started doing it

817

00:30:49,190 --> 00:30:48,080

nobody had even

818

00:30:50,630 --> 00:30:49,200

thought of it doing it in other

819

00:30:51,909 --> 00:30:50,640

countries since then a few other

820

00:30:54,230 --> 00:30:51,919

countries have

821

00:30:56,310 --> 00:30:54,240

have gone that route and have have done

822

00:30:59,029 --> 00:30:56,320

parallel things uh peter davenport's

823

00:31:03,269 --> 00:30:59,039

nashville national national

824

00:31:05,590 --> 00:31:03,279

ufo uh investigation center

825

00:31:06,389 --> 00:31:05,600

uh new fork um

826

00:31:09,190 --> 00:31:06,399

yeah

827

00:31:10,710 --> 00:31:09,200

it's a it's a great database

828

00:31:12,230 --> 00:31:10,720

but it's all around the world of course

829

00:31:14,470 --> 00:31:12,240

uh mostly united states but certainly

830

00:31:16,389 --> 00:31:14,480

does have canadian cases in there uh we

831

00:31:20,549 --> 00:31:16,399

also got cases from

832

00:31:22,870 --> 00:31:20,559

uh mufon um and other another other ufo

833

00:31:25,029 --> 00:31:22,880

organizations so it really does gather

834

00:31:27,269 --> 00:31:25,039

together as many ufo reports in one year

835

00:31:29,269 --> 00:31:27,279

as possible from all the sources so

836

00:31:31,029 --> 00:31:29,279

we think we have a good handle on what

837

00:31:33,110 --> 00:31:31,039

people are seeing and over the course of

838

00:31:36,789 --> 00:31:33,120

using all these data

839

00:31:38,710 --> 00:31:36,799

um you know 23 000 separate data points

840

00:31:40,549 --> 00:31:38,720

we have a pretty good idea of what

841

00:31:42,549 --> 00:31:40,559

people are seeing and you know that the

842

00:31:44,310 --> 00:31:42,559

time of the day

843

00:31:46,389 --> 00:31:44,320

are fairly consistent

844

00:31:47,750 --> 00:31:46,399

but it's also true that

845

00:31:50,789 --> 00:31:47,760

um

846

00:31:51,590 --> 00:31:50,799

population is a really big factor in

847

00:31:54,630 --> 00:31:51,600

that

848

00:31:56,149 --> 00:31:54,640

uh the more population there is in a

849

00:31:57,990 --> 00:31:56,159

particular area the more likely there

850

00:31:59,990 --> 00:31:58,000

will be more ufo reports

851

00:32:01,669 --> 00:32:00,000

yes with the tree falling in the forest

852

00:32:04,470 --> 00:32:01,679

yeah in reverse

853

00:32:06,950 --> 00:32:04,480

um so it it's sort of if people say you

854

00:32:08,870 --> 00:32:06,960

know is there a ufo hot spot well i say

855

00:32:10,710 --> 00:32:08,880

the the largest number of ufo sightings

856

00:32:12,710 --> 00:32:10,720

comes from the largest city does that

857

00:32:13,990 --> 00:32:12,720

make it a hot spot or does that mean

858

00:32:15,909 --> 00:32:14,000

that just there's you know a lot of

859

00:32:20,710 --> 00:32:15,919

people there to be able to see to see

860

00:32:22,230 --> 00:32:20,720

ufos um but because we also calculate um

861

00:32:24,149 --> 00:32:22,240

you know uh

862

00:32:25,350 --> 00:32:24,159

the provinces or the you know the states

863

00:32:27,430 --> 00:32:25,360

for example

864

00:32:29,430 --> 00:32:27,440

are there more in provinces

865

00:32:31,590 --> 00:32:29,440

in the east coast versus the west coast

866

00:32:34,230 --> 00:32:31,600

and it turns out that canadian provinces

867

00:32:35,669 --> 00:32:34,240

with fairly small populations

868

00:32:39,430 --> 00:32:35,679

uh per

869

00:32:41,669 --> 00:32:39,440

um per capita have more ufo sightings

870

00:32:43,590 --> 00:32:41,679

than they should or that they they ought

871

00:32:45,190 --> 00:32:43,600

to so there's interesting things that

872

00:32:47,590 --> 00:32:45,200

come out of this

873

00:32:49,590 --> 00:32:47,600

and uh

874

00:32:52,630 --> 00:32:49,600

it's the type of thing where you know we

875

00:32:53,990 --> 00:32:52,640

have the data and be nice to be able to

876
00:32:55,990 --> 00:32:54,000
say to

877
00:32:57,669 --> 00:32:56,000
uh you know some other researchers like

878
00:32:59,269 --> 00:32:57,679
the government researchers

879
00:33:01,110 --> 00:32:59,279
hey here's the data

880
00:33:03,190 --> 00:33:01,120
um you know this is what we know about

881
00:33:04,230 --> 00:33:03,200
ufos and this is some of the results

882
00:33:06,230 --> 00:33:04,240
that we have

883
00:33:08,310 --> 00:33:06,240
uh maybe you can use some of it in your

884
00:33:10,950 --> 00:33:08,320
own research and that has been

885
00:33:13,750 --> 00:33:10,960
relatively successful

886
00:33:14,950 --> 00:33:13,760
and as a matter of fact

887
00:33:16,789 --> 00:33:14,960
i'm not sure if the news made it down

888
00:33:19,350 --> 00:33:16,799

the united states or not but canadian

889

00:33:21,990 --> 00:33:19,360

politicians have started coming out

890

00:33:24,549 --> 00:33:22,000

publicly out of the closet

891

00:33:26,870 --> 00:33:24,559

regarding interest in ufos i saw

892

00:33:30,630 --> 00:33:26,880

something about that yes yeah

893

00:33:33,029 --> 00:33:30,640

and somebody um filed a um

894

00:33:34,310 --> 00:33:33,039

an accessed information request in

895

00:33:35,750 --> 00:33:34,320

canada they're not freedom of

896

00:33:37,669 --> 00:33:35,760

information requests their access to

897

00:33:39,350 --> 00:33:37,679

information requests and somebody filed

898

00:33:42,549 --> 00:33:39,360

one because they had heard

899

00:33:45,830 --> 00:33:42,559

uh that the minister of defense here in

900

00:33:48,630 --> 00:33:45,840

canada last year in 2021

901
00:33:50,549 --> 00:33:48,640
was briefed on ufos

902
00:33:52,710 --> 00:33:50,559
as to what canada was doing

903
00:33:55,830 --> 00:33:52,720
so when they filed the request

904
00:33:58,230 --> 00:33:55,840
they were surprised to get um

905
00:33:59,830 --> 00:33:58,240
the set of slides from the powerpoint

906
00:34:01,669 --> 00:33:59,840
presentation that was given to the

907
00:34:02,950 --> 00:34:01,679
minister of defense now to put this in

908
00:34:05,430 --> 00:34:02,960
perspective

909
00:34:07,430 --> 00:34:05,440
um just imagine if the secretary of

910
00:34:09,510 --> 00:34:07,440
defense the united states

911
00:34:11,589 --> 00:34:09,520
was briefed on ufos that would be pretty

912
00:34:13,669 --> 00:34:11,599
big news and it would be pretty big to

913
00:34:14,869 --> 00:34:13,679

get the powerpoint set

914

00:34:18,069 --> 00:34:14,879

uh that was

915

00:34:19,750 --> 00:34:18,079

the secretary of defense well the the

916

00:34:21,109 --> 00:34:19,760

minister of defense in canada was

917

00:34:23,990 --> 00:34:21,119

briefed

918

00:34:25,430 --> 00:34:24,000

the person who filed it did get

919

00:34:31,829 --> 00:34:25,440

the

920

00:34:33,829 --> 00:34:31,839

government had been doing basically what

921

00:34:35,669 --> 00:34:33,839

i just talked about at the beginning and

922

00:34:37,270 --> 00:34:35,679

then a little bit later on it said

923

00:34:39,829 --> 00:34:37,280

but currently ufo reports go to chris

924

00:34:42,389 --> 00:34:39,839

murkowski of ufology research

925

00:34:44,310 --> 00:34:42,399

so the minister of defense in canada was

926
00:34:47,990 --> 00:34:44,320
told that i

927
00:34:49,829 --> 00:34:48,000
am looking into the ufos in canada

928
00:34:51,349 --> 00:34:49,839
uh i think did you write that on

929
00:34:53,430 --> 00:34:51,359
facebook or something i saw that

930
00:34:54,230 --> 00:34:53,440
somewhere i i i

931
00:34:56,069 --> 00:34:54,240
uh

932
00:34:58,310 --> 00:34:56,079
added to it somebody else had posted

933
00:34:59,990 --> 00:34:58,320
about it but i i had to respond to it

934
00:35:01,190 --> 00:35:00,000
yeah it's yeah and

935
00:35:06,390 --> 00:35:01,200
it's

936
00:35:09,670 --> 00:35:06,400
mulder there's there's no question

937
00:35:12,390 --> 00:35:09,680
yeah the resemblance is very striking

938
00:35:17,589 --> 00:35:14,829

who's scully no yeah

939

00:35:19,910 --> 00:35:17,599

so this report that you put out every

940

00:35:21,109 --> 00:35:19,920

year where can someone find that and

941

00:35:23,030 --> 00:35:21,119

what type

942

00:35:24,950 --> 00:35:23,040

i remember when it came out i remember

943

00:35:27,190 --> 00:35:24,960

one of the times anyway i don't remember

944

00:35:29,349 --> 00:35:27,200

the way the time flies by if it was last

945

00:35:31,190 --> 00:35:29,359

year or this year but when what time of

946

00:35:32,550 --> 00:35:31,200

year should they look for that and where

947

00:35:33,829 --> 00:35:32,560

do they find it

948

00:35:36,950 --> 00:35:33,839

normally we

949

00:35:39,670 --> 00:35:36,960

try to get it out march or april

950

00:35:41,990 --> 00:35:39,680

uh this year uh because of the pandemic

951
00:35:45,310 --> 00:35:42,000
and a few other things we didn't get it

952
00:35:47,910 --> 00:35:45,320
out until may but it's at

953
00:35:49,829 --> 00:35:47,920
survey.canadianufo report.com oh wait uh

954
00:35:52,230 --> 00:35:49,839
i have to make a correction uh we

955
00:35:53,190 --> 00:35:52,240
switched our internet provider

956
00:35:55,270 --> 00:35:53,200
okay

957
00:35:57,190 --> 00:35:55,280
this is what we'll do if you would when

958
00:35:59,190 --> 00:35:57,200
the show's over please email that to me

959
00:36:00,710 --> 00:35:59,200
and i'll put it in the text below and

960
00:36:02,790 --> 00:36:00,720
i'll also put it in the show notes for

961
00:36:05,030 --> 00:36:02,800
the audio listener yeah we have to

962
00:36:07,510 --> 00:36:05,040
change the uh the uh

963
00:36:10,150 --> 00:36:07,520

uh the earl because uh

964

00:36:11,310 --> 00:36:10,160

uh the provider changed it so but

965

00:36:12,630 --> 00:36:11,320

actually survey.canadian

966

00:36:14,710 --> 00:36:12,640

survey.canadianuforreport.com actually

967

00:36:16,390 --> 00:36:14,720

does get you to the original survey page

968

00:36:17,589 --> 00:36:16,400

so the the previous ones are in there

969

00:36:19,670 --> 00:36:17,599

but the most recent one is at a

970

00:36:22,390 --> 00:36:19,680

different site but uh you can you can

971

00:36:23,910 --> 00:36:22,400

find our data there yeah yeah and uh i

972

00:36:27,510 --> 00:36:23,920

read somewhere now i don't know if it

973

00:36:29,510 --> 00:36:27,520

was this year uh from last year or not

974

00:36:33,030 --> 00:36:29,520

but it said something like there was a

975

00:36:34,790 --> 00:36:33,040

big increase in in reports was that last

976
00:36:36,390 --> 00:36:34,800
year was that the year before no well

977
00:36:38,069 --> 00:36:36,400
that's curious it was the year before it

978
00:36:40,550 --> 00:36:38,079
turns out that

979
00:36:42,550 --> 00:36:40,560
um in 2020

980
00:36:44,230 --> 00:36:42,560
uh when we started compiling the ufo

981
00:36:45,829 --> 00:36:44,240
reports actually even before we were

982
00:36:47,349 --> 00:36:45,839
compiling it during the midst of the

983
00:36:48,950 --> 00:36:47,359
pandemic during the first set of

984
00:36:50,710 --> 00:36:48,960
lockdowns we noticed we were getting

985
00:36:51,670 --> 00:36:50,720
more ufo reports and more were being

986
00:36:54,069 --> 00:36:51,680
filed

987
00:36:56,390 --> 00:36:54,079
and i thought that was a little strange

988
00:36:58,470 --> 00:36:56,400

and when we finally did the analysis

989

00:37:00,390 --> 00:36:58,480

because we have to get the entire year

990

00:37:04,150 --> 00:37:00,400

and then we take a few months to work on

991

00:37:07,230 --> 00:37:04,160

it so in the early 2021 we found

992

00:37:09,910 --> 00:37:07,240

that the number of reports for 2020 were

993

00:37:10,790 --> 00:37:09,920

significantly higher

994

00:37:15,829 --> 00:37:10,800

than

995

00:37:18,069 --> 00:37:15,839

2019 in fact of the order of 30 40 50

996

00:37:19,349 --> 00:37:18,079

uh depending on the month so it's very

997

00:37:20,230 --> 00:37:19,359

significantly

998

00:37:21,670 --> 00:37:20,240

higher

999

00:37:23,190 --> 00:37:21,680

mentioned that we have somewhere around

1000

00:37:28,310 --> 00:37:23,200

a thousand cases

1001
00:37:30,390 --> 00:37:28,320
uh per year uh so i think in 2021

1002
00:37:33,829 --> 00:37:30,400
sorry 20 in 2020

1003
00:37:35,270 --> 00:37:33,839
uh i think we were up to 1500 or 1400

1004
00:37:37,349 --> 00:37:35,280
something like that

1005
00:37:38,550 --> 00:37:37,359
so it was quite significant

1006
00:37:39,589 --> 00:37:38,560
i'll say

1007
00:37:41,270 --> 00:37:39,599
however

1008
00:37:43,270 --> 00:37:41,280
oh and so the explanation was well

1009
00:37:46,150 --> 00:37:43,280
because of the pandemic people are you

1010
00:37:47,510 --> 00:37:46,160
know they can't go out to bars

1011
00:37:48,710 --> 00:37:47,520
parties or whatever so they're standing

1012
00:37:49,910 --> 00:37:48,720
around in their backyards and they're

1013
00:37:52,150 --> 00:37:49,920

looking up and that's why they're seeing

1014

00:37:56,550 --> 00:37:52,160

more ufos

1015

00:37:58,069 --> 00:37:56,560

well the trouble is that in 2021

1016

00:38:00,710 --> 00:37:58,079

you know the lockdowns were still in

1017

00:38:02,790 --> 00:38:00,720

effect in a lot of places

1018

00:38:05,670 --> 00:38:02,800

but the number of ufo ufo reports

1019

00:38:08,390 --> 00:38:05,680

plummeted in fact and one of the in fact

1020

00:38:11,190 --> 00:38:08,400

i think is the uh almost the uh the one

1021

00:38:14,150 --> 00:38:11,200

of the lowest rates of ufo uh reports on

1022

00:38:16,230 --> 00:38:14,160

record uh during the 30 years i think

1023

00:38:19,190 --> 00:38:16,240

we're down to like 700 reports which i

1024

00:38:21,589 --> 00:38:19,200

think was um probably the lowest in at

1025

00:38:23,589 --> 00:38:21,599

least 20 years 15 to 20 years or so

1026

00:38:25,270 --> 00:38:23,599

something like that

1027

00:38:27,190 --> 00:38:25,280

and so if the explanation for the

1028

00:38:29,510 --> 00:38:27,200

increase in 2020 was because of the

1029

00:38:32,069 --> 00:38:29,520

pandemic well the pandemic was still

1030

00:38:33,910 --> 00:38:32,079

you know early in 2021 we were still in

1031

00:38:37,109 --> 00:38:33,920

the midst of the pandemic

1032

00:38:39,910 --> 00:38:37,119

with a lot of lockdowns so

1033

00:38:42,310 --> 00:38:39,920

uh why was the number of ufo reports uh

1034

00:38:45,349 --> 00:38:42,320

so far down so

1035

00:38:47,589 --> 00:38:45,359

oh it's pandemic fatigue and they didn't

1036

00:38:48,870 --> 00:38:47,599

everything was fatigued yeah

1037

00:38:50,950 --> 00:38:48,880

yeah yeah

1038

00:38:52,870 --> 00:38:50,960

well that is strange isn't it really it

1039

00:38:56,069 --> 00:38:52,880

is it is curious

1040

00:38:57,910 --> 00:38:56,079

yeah um here's a question in chat and uh

1041

00:39:00,470 --> 00:38:57,920

i want to just add to it what's your

1042

00:39:02,150 --> 00:39:00,480

opinion on schoolyard ufo sightings

1043

00:39:03,990 --> 00:39:02,160

such as the ariel school encounter by

1044

00:39:05,990 --> 00:39:04,000

the way that movie is out still you can

1045

00:39:08,390 --> 00:39:06,000

still get it and i highly recommend it

1046

00:39:09,990 --> 00:39:08,400

it's a great everyone that's watched it

1047

00:39:11,990 --> 00:39:10,000

that reaches out to me

1048

00:39:14,390 --> 00:39:12,000

tells me how much they love that movie

1049

00:39:17,190 --> 00:39:14,400

the ariel phenomenon anyway

1050

00:39:19,910 --> 00:39:17,200

are there any school encounters that

1051

00:39:21,910 --> 00:39:19,920

you're aware of in canada

1052

00:39:24,550 --> 00:39:21,920

yeah there actually are a number of uh

1053

00:39:25,910 --> 00:39:24,560

school sightings i mean uh you know

1054

00:39:27,510 --> 00:39:25,920

historically there have been a lot of

1055

00:39:28,950 --> 00:39:27,520

schools schoolyard sightings around the

1056

00:39:30,790 --> 00:39:28,960

world there have been a few in canada as

1057

00:39:32,390 --> 00:39:30,800

i remember there's one up in thompson

1058

00:39:33,990 --> 00:39:32,400

manitoba

1059

00:39:36,310 --> 00:39:34,000

in the middle of winter where kids are

1060

00:39:38,150 --> 00:39:36,320

playing uh having a snowball fight and

1061

00:39:40,069 --> 00:39:38,160

then tobogganing and so forth on the ufo

1062

00:39:43,430 --> 00:39:40,079

came right over the schoolyard with

1063

00:39:46,230 --> 00:39:43,440

regard to the aerial one um i was at the

1064

00:39:47,589 --> 00:39:46,240

international ufo congress

1065

00:39:51,190 --> 00:39:47,599

trying to remember what year was this

1066

00:39:52,550 --> 00:39:51,200

now was it 2060 27 2017.

1067

00:39:55,109 --> 00:39:52,560

yeah i think

1068

00:39:58,230 --> 00:39:55,119

and emily emily trim was there emily

1069

00:39:59,910 --> 00:39:58,240

emily was there yeah um and uh i had a

1070

00:40:02,470 --> 00:39:59,920

chance to talk with her i heard her

1071

00:40:05,430 --> 00:40:02,480

story i was very impressed

1072

00:40:08,950 --> 00:40:05,440

it's a fascinating story

1073

00:40:11,510 --> 00:40:08,960

i know that um

1074

00:40:14,630 --> 00:40:11,520

uh john mack uh

1075

00:40:17,030 --> 00:40:14,640

was uh he went down there to investigate

1076

00:40:19,190 --> 00:40:17,040

the original investigator was oh i can't

1077

00:40:20,790 --> 00:40:19,200

remember her name now um

1078

00:40:21,589 --> 00:40:20,800

oh yes

1079

00:40:24,950 --> 00:40:21,599

uh

1080

00:40:26,710 --> 00:40:24,960

oh i'm going blank um

1081

00:40:28,870 --> 00:40:26,720

her in that movie but i can't remember

1082

00:40:29,750 --> 00:40:28,880

her south african woman

1083

00:40:31,430 --> 00:40:29,760

um

1084

00:40:33,430 --> 00:40:31,440

and she uh

1085

00:40:35,670 --> 00:40:33,440

she was the original investigator

1086

00:40:37,349 --> 00:40:35,680

uh did a really wonderful job john mack

1087

00:40:40,309 --> 00:40:37,359

may have actually led

1088

00:40:42,150 --> 00:40:40,319

some of the children in their testimony

1089

00:40:43,589 --> 00:40:42,160

so there's some issues with you know in

1090

00:40:44,710 --> 00:40:43,599

regard to that

1091

00:40:47,510 --> 00:40:44,720

um

1092

00:40:50,069 --> 00:40:47,520

and yet when you do listen to uh some of

1093

00:40:51,430 --> 00:40:50,079

the original witnesses like like emily

1094

00:40:53,109 --> 00:40:51,440

uh you do get

1095

00:40:54,630 --> 00:40:53,119

you know a sense that something really

1096

00:40:57,510 --> 00:40:54,640

profound occurred

1097

00:40:59,589 --> 00:40:57,520

um and uh you know whether there was

1098

00:41:01,270 --> 00:40:59,599

some contamination from other students

1099

00:41:03,430 --> 00:41:01,280

and some of us some of them may have

1100

00:41:05,109 --> 00:41:03,440

made some of the stuff up emily's story

1101

00:41:06,550 --> 00:41:05,119

is is very fascinating and very

1102

00:41:09,910 --> 00:41:06,560

convincing so

1103

00:41:11,349 --> 00:41:09,920

uh i i think as with any ufo case you

1104

00:41:13,750 --> 00:41:11,359

have to take it all with a grain of sand

1105

00:41:15,670 --> 00:41:13,760

but you have to you know objectively

1106

00:41:17,990 --> 00:41:15,680

look at what was reported and

1107

00:41:19,750 --> 00:41:18,000

you know some of the the the children uh

1108

00:41:21,430 --> 00:41:19,760

you know really report something very

1109

00:41:23,910 --> 00:41:21,440

very strange that that had happened to

1110

00:41:27,190 --> 00:41:23,920

them yeah i think if if anyone that

1111

00:41:28,069 --> 00:41:27,200

watches that movie the aerial phenomenon

1112

00:41:30,550 --> 00:41:28,079

you're

1113

00:41:33,270 --> 00:41:30,560

pro if you are on the fence

1114

00:41:35,589 --> 00:41:33,280

about that before you may not be after

1115

00:41:37,030 --> 00:41:35,599

it's just so so convincing to watch that

1116

00:41:39,510 --> 00:41:37,040

and you're right about emily she's a

1117

00:41:43,030 --> 00:41:39,520

very uh emotional story

1118

00:41:44,870 --> 00:41:43,040

and she told that personally i remember

1119

00:41:45,910 --> 00:41:44,880

i was there i think i was helping out

1120

00:41:47,589 --> 00:41:45,920

there and

1121

00:41:49,109 --> 00:41:47,599

i believe she got a standing ovation

1122

00:41:51,750 --> 00:41:49,119

because she was just you everyone could

1123

00:41:53,670 --> 00:41:51,760

tell she was so moved um and it was a

1124

00:41:56,150 --> 00:41:53,680

real traumatic thing for her to tell her

1125

00:41:58,390 --> 00:41:56,160

her story yeah and and the fact that it

1126
00:41:59,750 --> 00:41:58,400
affected her to the point where uh even

1127
00:42:02,950 --> 00:41:59,760
as an adult

1128
00:42:05,030 --> 00:42:02,960
now um you know she has vivid dreams and

1129
00:42:07,990 --> 00:42:05,040
uh it's inspired her to make beautiful

1130
00:42:10,630 --> 00:42:08,000
paintings uh spacescapes and so forth so

1131
00:42:13,510 --> 00:42:10,640
it's you know it changed your life um

1132
00:42:15,990 --> 00:42:13,520
and uh when you have cases like that

1133
00:42:17,910 --> 00:42:16,000
uh that you know make such an impact on

1134
00:42:19,430 --> 00:42:17,920
the witnesses lives it really does

1135
00:42:20,790 --> 00:42:19,440
attest to the uh

1136
00:42:23,190 --> 00:42:20,800
to the

1137
00:42:23,990 --> 00:42:23,200
significance of the phenomena

1138
00:42:26,550 --> 00:42:24,000

now

1139

00:42:28,630 --> 00:42:26,560

you're right when you first

1140

00:42:31,030 --> 00:42:28,640

were you first started getting all these

1141

00:42:34,390 --> 00:42:31,040

ufo reports and everyone was coming to

1142

00:42:36,710 --> 00:42:34,400

you for ufos and and all that was there

1143

00:42:39,109 --> 00:42:36,720

any downside to that in your life has

1144

00:42:41,589 --> 00:42:39,119

that have you ever had to face ridicule

1145

00:42:44,230 --> 00:42:41,599

for doing this type of research

1146

00:42:45,829 --> 00:42:44,240

that's a really good question um one

1147

00:42:48,630 --> 00:42:45,839

thing i often hear about is how the

1148

00:42:50,069 --> 00:42:48,640

media is not paying any attention to

1149

00:42:51,349 --> 00:42:50,079

ufos and

1150

00:42:53,109 --> 00:42:51,359

uh their

1151

00:42:54,230 --> 00:42:53,119

um they're just ridiculing the whole

1152

00:42:55,829 --> 00:42:54,240

thing

1153

00:42:57,750 --> 00:42:55,839

you know i i

1154

00:42:59,270 --> 00:42:57,760

i've been doing interviews about ufos

1155

00:43:02,069 --> 00:42:59,280

since the 70s

1156

00:43:03,510 --> 00:43:02,079

and i would say i can count on one hand

1157

00:43:04,710 --> 00:43:03,520

the number of interviews that i've done

1158

00:43:06,390 --> 00:43:04,720

with media

1159

00:43:10,390 --> 00:43:06,400

that

1160

00:43:13,589 --> 00:43:10,400

media have treated

1161

00:43:15,349 --> 00:43:13,599

me with a significant respect

1162

00:43:18,150 --> 00:43:15,359

um

1163

00:43:19,349 --> 00:43:18,160

and have treated it very very straight

1164

00:43:21,990 --> 00:43:19,359

um

1165

00:43:24,309 --> 00:43:22,000

that uh you know this is because i'm not

1166

00:43:25,589 --> 00:43:24,319

i'm not going off uh

1167

00:43:28,710 --> 00:43:25,599

like some

1168

00:43:29,990 --> 00:43:28,720

uh people in ufology talking about

1169

00:43:32,230 --> 00:43:30,000

you know

1170

00:43:33,829 --> 00:43:32,240

alien consciousness and telepathic

1171

00:43:36,390 --> 00:43:33,839

communication with extraterrestrial

1172

00:43:38,630 --> 00:43:36,400

galactic federations and you know that

1173

00:43:40,630 --> 00:43:38,640

type of thing i'm talking about the

1174

00:43:42,230 --> 00:43:40,640

facts of the matter and the facts are

1175

00:43:44,230 --> 00:43:42,240

people are reporting ufos some of the

1176

00:43:46,069 --> 00:43:44,240

people are pilots and air traffic

1177

00:43:48,470 --> 00:43:46,079

control operators this is what they're

1178

00:43:51,030 --> 00:43:48,480

reporting we have documents that attest

1179

00:43:53,270 --> 00:43:51,040

this uh we know that so many occur in

1180

00:43:55,270 --> 00:43:53,280

certain months and and other months

1181

00:43:57,910 --> 00:43:55,280

there's different data

1182

00:43:59,990 --> 00:43:57,920

uh and i treat it very straight i mean i

1183

00:44:03,990 --> 00:44:00,000

i have fun with it as you can see behind

1184

00:44:05,990 --> 00:44:04,000

me uh that uh uh i have quite a

1185

00:44:07,430 --> 00:44:06,000

huge collection of of books and

1186

00:44:10,790 --> 00:44:07,440

paraphernalia

1187

00:44:12,470 --> 00:44:10,800

um ranging from ranging from

1188

00:44:14,710 --> 00:44:12,480

ufo beer

1189

00:44:18,710 --> 00:44:14,720

uh to to the actual

1190

00:44:20,790 --> 00:44:18,720

this way to to the actual reddit alien

1191

00:44:23,349 --> 00:44:20,800

and close encounters

1192

00:44:24,630 --> 00:44:23,359

and uh this way again well i know you

1193

00:44:26,069 --> 00:44:24,640

know you're realizing you have to point

1194

00:44:27,910 --> 00:44:26,079

backwards in this

1195

00:44:31,349 --> 00:44:27,920

point records yeah yeah that's pretty

1196

00:44:34,230 --> 00:44:31,359

funny yeah people are commenting on uh

1197

00:44:36,550 --> 00:44:34,240

your adult toys they were saying

1198

00:44:38,550 --> 00:44:36,560

at the beginning of this but yeah like

1199

00:44:40,309 --> 00:44:38,560

alejandro rojas he has a lot of stuff

1200

00:44:41,750 --> 00:44:40,319

like that too yeah and philip matt

1201
00:44:43,510 --> 00:44:41,760
actually i've

1202
00:44:45,510 --> 00:44:43,520
given some stuff to philip mantle i

1203
00:44:47,990 --> 00:44:45,520
shipped some stuff off to him

1204
00:44:51,030 --> 00:44:48,000
uh he has a huge immense collection and

1205
00:44:52,630 --> 00:44:51,040
i've actually started um scaling down my

1206
00:44:54,470 --> 00:44:52,640
collection in fact

1207
00:44:57,270 --> 00:44:54,480
most of my you can't see most of the

1208
00:44:58,390 --> 00:44:57,280
bookcases in this office are empty now

1209
00:45:01,829 --> 00:44:58,400
because

1210
00:45:05,829 --> 00:45:01,839
um i've actually begun donating all my

1211
00:45:08,630 --> 00:45:05,839
files on ufo reports and my books

1212
00:45:10,069 --> 00:45:08,640
to an archives

1213
00:45:11,270 --> 00:45:10,079

the archives at the university of

1214

00:45:12,710 --> 00:45:11,280

manitoba

1215

00:45:16,150 --> 00:45:12,720

asked me one day if i would be

1216

00:45:18,630 --> 00:45:16,160

interested in donating some of my papers

1217

00:45:20,069 --> 00:45:18,640

and materials regarding ufos for

1218

00:45:21,349 --> 00:45:20,079

preservation

1219

00:45:22,870 --> 00:45:21,359

um and

1220

00:45:25,270 --> 00:45:22,880

i thought about it i thought well yeah

1221

00:45:27,030 --> 00:45:25,280

you know not a bad idea because

1222

00:45:28,630 --> 00:45:27,040

uh at least i know they're gonna go

1223

00:45:29,910 --> 00:45:28,640

somewhere and that other researchers

1224

00:45:33,190 --> 00:45:29,920

will be able to use

1225

00:45:34,790 --> 00:45:33,200

the the uh the material uh and at this

1226

00:45:37,750 --> 00:45:34,800

point i've shipped

1227

00:45:39,829 --> 00:45:37,760

all the books except up now up to i

1228

00:45:42,230 --> 00:45:39,839

think the letter s

1229

00:45:46,870 --> 00:45:42,240

uh are in archives now

1230

00:45:47,750 --> 00:45:46,880

um and as far as my ufo files um all of

1231

00:45:50,390 --> 00:45:47,760

the

1232

00:45:53,750 --> 00:45:50,400

23 000 ufo files

1233

00:45:57,030 --> 00:45:53,760

uh are now actually in the archives and

1234

00:46:00,069 --> 00:45:57,040

it's a slow process to digitize them um

1235

00:46:02,630 --> 00:46:00,079

actually uh i'm having some assistance

1236

00:46:05,270 --> 00:46:02,640

in digitizing selected years and

1237

00:46:07,270 --> 00:46:05,280

selected material and actually had hoped

1238

00:46:08,950 --> 00:46:07,280

uh by today to uh

1239

00:46:11,430 --> 00:46:08,960

to have a link for people to look at

1240

00:46:13,190 --> 00:46:11,440

some of the the uh the digitized uh

1241

00:46:14,390 --> 00:46:13,200

files hasn't hasn't happened yet

1242

00:46:15,670 --> 00:46:14,400

unfortunately

1243

00:46:17,750 --> 00:46:15,680

but um

1244

00:46:20,710 --> 00:46:17,760

uh the idea is to make it um all

1245

00:46:22,870 --> 00:46:20,720

available and uh

1246

00:46:24,710 --> 00:46:22,880

this is something that that uh has been

1247

00:46:26,950 --> 00:46:24,720

started um you people are probably aware

1248

00:46:28,390 --> 00:46:26,960

that stanton friedman after his passing

1249

00:46:31,589 --> 00:46:28,400

his family

1250

00:46:33,670 --> 00:46:31,599

donated his materials to the

1251

00:46:35,510 --> 00:46:33,680

province of new brunswick's

1252

00:46:37,750 --> 00:46:35,520

archives which is being administered by

1253

00:46:39,829 --> 00:46:37,760

the university but it's as part of the

1254

00:46:41,430 --> 00:46:39,839

the government so stanton's

1255

00:46:43,670 --> 00:46:41,440

files on the united states government

1256

00:46:45,910 --> 00:46:43,680

investigations to ufos is now being

1257

00:46:48,470 --> 00:46:45,920

looked after by the canadian government

1258

00:46:51,030 --> 00:46:48,480

perfect if you if you can imagine that

1259

00:46:52,790 --> 00:46:51,040

yeah and there's been a few other uh you

1260

00:46:54,550 --> 00:46:52,800

know good collections that have been

1261

00:46:57,750 --> 00:46:54,560

made available as well

1262

00:46:59,750 --> 00:46:57,760

i think that's great dave marler is

1263

00:47:01,990 --> 00:46:59,760

has set it up so his

1264

00:47:03,589 --> 00:47:02,000

all of his collection his beautiful

1265

00:47:05,109 --> 00:47:03,599

archives are all going to go to our

1266

00:47:07,030 --> 00:47:05,119

university as well yeah he just heard

1267

00:47:09,750 --> 00:47:07,040

that recently yep yep and everything

1268

00:47:12,710 --> 00:47:09,760

will be taken care of it'll all be in

1269

00:47:14,390 --> 00:47:12,720

archival materials uh climate controlled

1270

00:47:17,190 --> 00:47:14,400

uh you know i'm not sure most people

1271

00:47:19,030 --> 00:47:17,200

don't have that type of uh access to

1272

00:47:21,030 --> 00:47:19,040

that type of equipment you know where

1273

00:47:23,190 --> 00:47:21,040

we're in a home or something like this

1274

00:47:25,270 --> 00:47:23,200

yeah i mean the the archives that mine

1275

00:47:27,910 --> 00:47:25,280

have donated to same sort of thing

1276

00:47:30,069 --> 00:47:27,920

climate control white gloves to uh to

1277

00:47:32,390 --> 00:47:30,079

handle things and so forth so

1278

00:47:36,390 --> 00:47:32,400

uh it's uh it's gonna be good

1279

00:47:39,430 --> 00:47:36,400

yeah yeah and forever looked after and

1280

00:47:41,349 --> 00:47:39,440

when someone needs to do research

1281

00:47:43,589 --> 00:47:41,359

it's so much easier to go to a place

1282

00:47:45,510 --> 00:47:43,599

like you know university

1283

00:47:47,190 --> 00:47:45,520

and have it all in one location and

1284

00:47:48,230 --> 00:47:47,200

especially when it's coming in from

1285

00:47:50,309 --> 00:47:48,240

multiple

1286

00:47:51,510 --> 00:47:50,319

places in a large archive

1287

00:47:53,510 --> 00:47:51,520

it's going to attract people that want

1288

00:47:54,870 --> 00:47:53,520

to do research so sure and barry

1289

00:47:57,829 --> 00:47:54,880

greenwood and others

1290

00:47:59,430 --> 00:47:57,839

are uh are working on digitizing

1291

00:48:01,990 --> 00:47:59,440

uh and that's great

1292

00:48:04,230 --> 00:48:02,000

that makes it so easy yeah jen aldrich

1293

00:48:05,510 --> 00:48:04,240

barry greenwood and uh yes david marlar

1294

00:48:07,750 --> 00:48:05,520

in the

1295

00:48:08,710 --> 00:48:07,760

been digitizing isaac coy

1296

00:48:10,390 --> 00:48:08,720

um

1297

00:48:12,470 --> 00:48:10,400

and mine is going to be like that as

1298

00:48:14,870 --> 00:48:12,480

well as a matter of fact the

1299

00:48:15,990 --> 00:48:14,880

the libraries and archives canada

1300

00:48:21,549 --> 00:48:16,000

um

1301

00:48:25,910 --> 00:48:21,559

until about

1302

00:48:29,510 --> 00:48:25,920

1982 or 81 something 82 i think so um

1303

00:48:31,349 --> 00:48:29,520

all the ufo reports from the uh

1304

00:48:34,390 --> 00:48:31,359

royal canadian air force national

1305

00:48:36,710 --> 00:48:34,400

research council of canada and a lot of

1306

00:48:42,710 --> 00:48:36,720

uh rookie and mounted police files are

1307

00:48:45,750 --> 00:48:43,670

and

1308

00:48:48,390 --> 00:48:45,760

they digitized it because of the you

1309

00:48:49,910 --> 00:48:48,400

know the public interest in ufos um some

1310

00:48:51,349 --> 00:48:49,920

people said this was disclosure but it

1311

00:48:53,270 --> 00:48:51,359

wasn't disclosure they're they're

1312

00:48:54,470 --> 00:48:53,280

digitizing a lot of stuff and they just

1313

00:48:57,030 --> 00:48:54,480

said well a lot of people are interested

1314

00:49:00,630 --> 00:48:57,040

in ufos let's digitize this

1315

00:49:02,790 --> 00:49:00,640

um so i think it's something like 9 500

1316

00:49:04,870 --> 00:49:02,800

so almost 10 000

1317

00:49:06,390 --> 00:49:04,880

uh separate documents were digitized as

1318

00:49:07,589 --> 00:49:06,400

part of this project and are currently

1319

00:49:08,710 --> 00:49:07,599

available

1320

00:49:10,549 --> 00:49:08,720

um

1321

00:49:12,549 --> 00:49:10,559

and they as i understand it they don't

1322

00:49:14,150 --> 00:49:12,559

have any plans to go beyond

1323

00:49:16,870 --> 00:49:14,160

1982

1324

00:49:19,990 --> 00:49:16,880

but i'm working on that myself

1325

00:49:22,790 --> 00:49:20,000

uh i have a a good chunk of that there's

1326
00:49:24,790 --> 00:49:22,800
some missing years um because what

1327
00:49:27,270 --> 00:49:24,800
happened was that the

1328
00:49:29,750 --> 00:49:27,280
um the national research council in the

1329
00:49:31,030 --> 00:49:29,760
early 90s decided to get out of the ufo

1330
00:49:32,710 --> 00:49:31,040
biz

1331
00:49:33,829 --> 00:49:32,720
and what happened was

1332
00:49:35,510 --> 00:49:33,839
that

1333
00:49:37,829 --> 00:49:35,520
they were a little embarrassed because

1334
00:49:38,870 --> 00:49:37,839
in their annual budget they had a line

1335
00:49:41,270 --> 00:49:38,880
item

1336
00:49:44,150 --> 00:49:41,280
uh for someone to look after the

1337
00:49:46,069 --> 00:49:44,160
non-meteoritic sightings file so they ufos

1338
00:49:47,990 --> 00:49:46,079

were in their their annual budget the

1339

00:49:50,069 --> 00:49:48,000

governmental budget they thought

1340

00:49:51,510 --> 00:49:50,079

we probably shouldn't have ufos in the

1341

00:49:56,230 --> 00:49:51,520

government budget

1342

00:49:58,630 --> 00:49:56,240

um just just that's too bad yeah um

1343

00:50:00,790 --> 00:49:58,640

and also because uh the

1344

00:50:02,870 --> 00:50:00,800

uh they're working on the canadarm and

1345

00:50:05,510 --> 00:50:02,880

the canadian space agency have really

1346

00:50:06,470 --> 00:50:05,520

moved away from meteors into uh other

1347

00:50:07,910 --> 00:50:06,480

things

1348

00:50:09,349 --> 00:50:07,920

uh so they're trying to figure out a way

1349

00:50:12,230 --> 00:50:09,359

to get out of it

1350

00:50:14,390 --> 00:50:12,240

and i happen to be in ottawa talking

1351
00:50:16,150 --> 00:50:14,400
with some astronomers at the national

1352
00:50:18,069 --> 00:50:16,160
research council

1353
00:50:19,430 --> 00:50:18,079
and

1354
00:50:20,470 --> 00:50:19,440
i was having

1355
00:50:21,829 --> 00:50:20,480
lunch

1356
00:50:23,510 --> 00:50:21,839
with one of them

1357
00:50:25,190 --> 00:50:23,520
and he was just saying oh yeah all the

1358
00:50:26,950 --> 00:50:25,200
ufo stuff we really don't want to do

1359
00:50:28,950 --> 00:50:26,960
this anymore be nice if somebody could

1360
00:50:30,470 --> 00:50:28,960
take it off our hands

1361
00:50:32,710 --> 00:50:30,480
and i said

1362
00:50:35,349 --> 00:50:32,720
half jokingly well you can always just

1363
00:50:37,270 --> 00:50:35,359

give them all to me

1364

00:50:38,870 --> 00:50:37,280

and he looked at me and said oh yeah

1365

00:50:41,750 --> 00:50:38,880

yeah not a bad idea and that was the

1366

00:50:45,910 --> 00:50:41,760

last i heard of it

1367

00:50:51,190 --> 00:50:48,390

when i got a phone call

1368

00:50:55,190 --> 00:50:51,200

from a military base in canada

1369

00:50:57,109 --> 00:50:55,200

and i was a a major uh of some

1370

00:50:58,710 --> 00:50:57,119

particular um

1371

00:50:59,829 --> 00:50:58,720

uh

1372

00:51:01,430 --> 00:50:59,839

area

1373

00:51:03,109 --> 00:51:01,440

and uh he had said are you the guy we're

1374

00:51:04,069 --> 00:51:03,119

supposed to be sending the ufo reports

1375

00:51:07,190 --> 00:51:04,079

to

1376
00:51:09,510 --> 00:51:07,200
and i said yeah absolutely and i started

1377
00:51:10,630 --> 00:51:09,520
getting the ufo reports

1378
00:51:13,829 --> 00:51:10,640
um

1379
00:51:15,109 --> 00:51:13,839
and uh so from then on until present

1380
00:51:17,750 --> 00:51:15,119
i've been getting

1381
00:51:19,990 --> 00:51:17,760
uh reports sent to the

1382
00:51:21,589 --> 00:51:20,000
department of national defense

1383
00:51:22,630 --> 00:51:21,599
some to the royal canadian mounted

1384
00:51:23,589 --> 00:51:22,640
police

1385
00:51:25,270 --> 00:51:23,599
um

1386
00:51:27,910 --> 00:51:25,280
transport canada

1387
00:51:29,510 --> 00:51:27,920
uh and uh even some that are destined

1388
00:51:31,270 --> 00:51:29,520

for something called nav canada again

1389

00:51:32,950 --> 00:51:31,280

these are sort of canadian equivalents

1390

00:51:36,230 --> 00:51:32,960

of the faa

1391

00:51:38,309 --> 00:51:36,240

um and uh some of these reports are are

1392

00:51:40,390 --> 00:51:38,319

reports that are given to norad

1393

00:51:41,589 --> 00:51:40,400

uh so i do get some of the norad reports

1394

00:51:42,549 --> 00:51:41,599

as well

1395

00:51:44,790 --> 00:51:42,559

um

1396

00:51:46,790 --> 00:51:44,800

and so we have in the national research

1397

00:51:51,190 --> 00:51:46,800

council canada sort of stopped this

1398

00:51:53,829 --> 00:51:51,200

arrangement with the rcmp in 1995

1399

00:51:57,109 --> 00:51:53,839

and we you know the the

1400

00:51:58,950 --> 00:51:57,119

reports from 82 to 95 are not yet

1401
00:52:02,549 --> 00:51:58,960
available

1402
00:52:03,750 --> 00:52:02,559
ottawa and go to the archives and look

1403
00:52:05,829 --> 00:52:03,760
there but digitally they're not

1404
00:52:08,069 --> 00:52:05,839
available we're working on that and

1405
00:52:09,670 --> 00:52:08,079
after 95 there's a few years of gaps

1406
00:52:11,349 --> 00:52:09,680
that i'm working on to

1407
00:52:12,790 --> 00:52:11,359
to retrieve

1408
00:52:13,750 --> 00:52:12,800
and then there's the records that we

1409
00:52:16,150 --> 00:52:13,760
have

1410
00:52:19,430 --> 00:52:16,160
which i'm making available

1411
00:52:20,870 --> 00:52:19,440
from 1999 on and this is why i say

1412
00:52:22,309 --> 00:52:20,880
you know the kitty and government has

1413
00:52:24,150 --> 00:52:22,319

actually been a little more transparent

1414

00:52:25,589 --> 00:52:24,160

than the united states because we have

1415

00:52:28,309 --> 00:52:25,599

these reports and they're either

1416

00:52:29,829 --> 00:52:28,319

available in paper form in the archives

1417

00:52:31,829 --> 00:52:29,839

or digitally

1418

00:52:34,309 --> 00:52:31,839

or in some cases both

1419

00:52:36,069 --> 00:52:34,319

right from 1947

1420

00:52:37,030 --> 00:52:36,079

right to the present time

1421

00:52:39,510 --> 00:52:37,040

and

1422

00:52:41,190 --> 00:52:39,520

uh some of the investigations are very

1423

00:52:43,910 --> 00:52:41,200

very detailed in

1424

00:52:46,710 --> 00:52:43,920

in depth in fact a few cases have

1425

00:52:47,990 --> 00:52:46,720

um three or four hundred separate pages

1426
00:52:50,549 --> 00:52:48,000
of documents

1427
00:52:52,230 --> 00:52:50,559
uh of the investigations conducted by

1428
00:52:54,150 --> 00:52:52,240
the royal canadian air force and the

1429
00:52:56,790 --> 00:52:54,160
royal canadian mounted police

1430
00:52:58,549 --> 00:52:56,800
and it attests to the uh the

1431
00:53:00,470 --> 00:52:58,559
determination of the canadian government

1432
00:53:01,829 --> 00:53:00,480
to get more involved and try to

1433
00:53:04,790 --> 00:53:01,839
understand what was going on from a

1434
00:53:06,230 --> 00:53:04,800
scientific point of view and recently

1435
00:53:07,430 --> 00:53:06,240
now that the national research council

1436
00:53:08,549 --> 00:53:07,440
of canada

1437
00:53:10,150 --> 00:53:08,559
is

1438
00:53:11,750 --> 00:53:10,160

not involved

1439

00:53:14,549 --> 00:53:11,760

the responsibility for a lot of the

1440

00:53:17,510 --> 00:53:14,559

investigations uh seems to be

1441

00:53:19,750 --> 00:53:17,520

uh in the uh sort of the uh the

1442

00:53:23,349 --> 00:53:19,760

proprietary uh

1443

00:53:25,190 --> 00:53:23,359

division of uh transport canada the

1444

00:53:28,470 --> 00:53:25,200

canadian faa

1445

00:53:30,710 --> 00:53:28,480

so that uh pilot reports are filed

1446

00:53:33,589 --> 00:53:30,720

through there and we have access to

1447

00:53:35,990 --> 00:53:33,599

those in fact uh in canada the term is

1448

00:53:39,109 --> 00:53:36,000

still ufo in fact transport canada

1449

00:53:42,309 --> 00:53:39,119

actually has a has a box for pilots to

1450

00:53:45,349 --> 00:53:42,319

tick have you seen a ufo

1451
00:53:46,309 --> 00:53:45,359
and uap was you know you know it's an

1452
00:53:49,349 --> 00:53:46,319
american

1453
00:53:51,430 --> 00:53:49,359
uh uh decision i suppose from the united

1454
00:53:53,109 --> 00:53:51,440
states air force or whoever i was

1455
00:53:54,470 --> 00:53:53,119
working on that i mean there's been a

1456
00:53:57,750 --> 00:53:54,480
number of terms that have been bandied

1457
00:53:59,910 --> 00:53:57,760
about but in canada they're called ufos

1458
00:54:03,829 --> 00:53:59,920
and we do get reports from pilots

1459
00:54:04,870 --> 00:54:03,839
reporting ufos all the time

1460
00:54:06,790 --> 00:54:04,880
and

1461
00:54:08,390 --> 00:54:06,800
up until i guess

1462
00:54:10,950 --> 00:54:08,400
the number of reports has dropped

1463
00:54:13,589 --> 00:54:10,960

considerably over the past few years but

1464

00:54:16,470 --> 00:54:13,599

i would say you know in the 90s not the

1465

00:54:20,390 --> 00:54:16,480

90s the the 2000s and into the mid

1466

00:54:22,309 --> 00:54:20,400

20 2010s to 2015 2016

1467

00:54:24,069 --> 00:54:22,319

um pilots and air traffic controllers

1468

00:54:25,910 --> 00:54:24,079

were regularly reporting ufos to the

1469

00:54:28,230 --> 00:54:25,920

canadian government

1470

00:54:30,230 --> 00:54:28,240

you know it's funny when someone says

1471

00:54:32,309 --> 00:54:30,240

when you say to someone

1472

00:54:33,510 --> 00:54:32,319

the term uap the average person out

1473

00:54:35,829 --> 00:54:33,520

there they'll say what's that and you

1474

00:54:37,430 --> 00:54:35,839

have to say it's ufo

1475

00:54:40,390 --> 00:54:37,440

just call the ufo

1476

00:54:41,190 --> 00:54:40,400

and be done with it so listen what are

1477

00:54:43,670 --> 00:54:41,200

the

1478

00:54:46,309 --> 00:54:43,680

um what people call abductions or

1479

00:54:47,829 --> 00:54:46,319

experiencers compared to i know you know

1480

00:54:49,829 --> 00:54:47,839

there's a lot of comparisons between the

1481

00:54:51,510 --> 00:54:49,839

united states and canada how would you

1482

00:54:53,750 --> 00:54:51,520

say i know you did a book on that early

1483

00:54:56,069 --> 00:54:53,760

on or some at some point how would you

1484

00:54:57,349 --> 00:54:56,079

compare that the two countries as far as

1485

00:55:01,430 --> 00:54:57,359

what people are

1486

00:55:04,230 --> 00:55:01,440

calling the abductions or experiences

1487

00:55:07,829 --> 00:55:04,240

yeah um yeah that book is

1488

00:55:10,390 --> 00:55:07,839

titled um uh abductions in aliens what's

1489

00:55:13,270 --> 00:55:10,400

really going on

1490

00:55:14,870 --> 00:55:13,280

and what happened was that when uh

1491

00:55:17,109 --> 00:55:14,880

abductions were really starting to

1492

00:55:20,470 --> 00:55:17,119

become a little more common

1493

00:55:23,190 --> 00:55:20,480

uh i had been approached by some people

1494

00:55:24,710 --> 00:55:23,200

who had had some experiences

1495

00:55:26,549 --> 00:55:24,720

they would come up to me after some of

1496

00:55:28,390 --> 00:55:26,559

my lectures for example and want to talk

1497

00:55:30,470 --> 00:55:28,400

to me privately and

1498

00:55:31,750 --> 00:55:30,480

i would get in touch with them and we'd

1499

00:55:33,990 --> 00:55:31,760

talk

1500

00:55:36,150 --> 00:55:34,000

and i had started working with a

1501
00:55:38,630 --> 00:55:36,160
clinical psychologist

1502
00:55:41,109 --> 00:55:38,640
who specialized in doing

1503
00:55:42,390 --> 00:55:41,119
hypnotherapy

1504
00:55:45,349 --> 00:55:42,400
and

1505
00:55:47,510 --> 00:55:45,359
from a professional level

1506
00:55:50,230 --> 00:55:47,520
to try and better understand what some

1507
00:55:51,349 --> 00:55:50,240
of these people were experiencing

1508
00:55:54,630 --> 00:55:51,359
and

1509
00:55:56,630 --> 00:55:54,640
i know that a lot of people in ufology

1510
00:55:57,670 --> 00:55:56,640
were getting into uh

1511
00:55:59,750 --> 00:55:57,680
doing you know learning how to do

1512
00:56:02,549 --> 00:55:59,760
hypnosis themselves and getting involved

1513
00:56:03,750 --> 00:56:02,559

in support groups so i very grudgingly

1514

00:56:06,390 --> 00:56:03,760

started a

1515

00:56:08,309 --> 00:56:06,400

sort of a support group here in canada

1516

00:56:12,069 --> 00:56:08,319

um it was based on the

1517

00:56:14,549 --> 00:56:12,079

um you know some of the more uh typical

1518

00:56:16,230 --> 00:56:14,559

uh support group uh principles you know

1519

00:56:18,710 --> 00:56:16,240

what's what's said in the group stays in

1520

00:56:20,630 --> 00:56:18,720

the group and no crosstalk and you know

1521

00:56:23,589 --> 00:56:20,640

all this sort of stuff and we tried to

1522

00:56:24,789 --> 00:56:23,599

be as respectful as possible

1523

00:56:27,030 --> 00:56:24,799

but i

1524

00:56:29,190 --> 00:56:27,040

uh and i

1525

00:56:31,510 --> 00:56:29,200

i guess after talking with a number of

1526
00:56:33,670 --> 00:56:31,520
people who approached me i i decided

1527
00:56:35,109 --> 00:56:33,680
that ufology was not the best

1528
00:56:37,349 --> 00:56:35,119
um

1529
00:56:40,470 --> 00:56:37,359
place for abductees

1530
00:56:42,309 --> 00:56:40,480
uh to uh to come forward with their

1531
00:56:45,270 --> 00:56:42,319
stories the reason i say that

1532
00:56:47,030 --> 00:56:45,280
is because um

1533
00:56:49,510 --> 00:56:47,040
a lot of the individuals who had come

1534
00:56:51,349 --> 00:56:49,520
forward with regard to having ufo

1535
00:56:52,549 --> 00:56:51,359
experiences were experiencing a lot of

1536
00:56:56,710 --> 00:56:52,559
anxiety

1537
00:57:03,670 --> 00:57:00,069
their lives were very uh disrupted

1538
00:57:05,670 --> 00:57:03,680

and um it's sort of the my view was you

1539

00:57:08,789 --> 00:57:05,680

know uh you know

1540

00:57:10,950 --> 00:57:08,799

do no harm sort of the physician's

1541

00:57:12,630 --> 00:57:10,960

uh mentality that

1542

00:57:15,510 --> 00:57:12,640

i i thought that the clinical

1543

00:57:17,750 --> 00:57:15,520

psychologist would be better to uh deal

1544

00:57:19,910 --> 00:57:17,760

with people's experiences especially

1545

00:57:22,390 --> 00:57:19,920

something some were having such terrible

1546

00:57:25,750 --> 00:57:22,400

anxiety they actually attempted suicide

1547

00:57:27,270 --> 00:57:25,760

and that's way out of ufology i don't

1548

00:57:28,549 --> 00:57:27,280

care how good of a therapist you are i

1549

00:57:30,870 --> 00:57:28,559

mean certainly some

1550

00:57:32,710 --> 00:57:30,880

kathy martin for example uh are prepared

1551
00:57:34,789 --> 00:57:32,720
for it but the average uh you know

1552
00:57:37,349 --> 00:57:34,799
abduction researcher is not and the

1553
00:57:39,430 --> 00:57:37,359
average ufologist is not so i said you

1554
00:57:41,589 --> 00:57:39,440
know this is this is not

1555
00:57:43,030 --> 00:57:41,599
not where i should be

1556
00:57:46,950 --> 00:57:43,040
working with this

1557
00:57:49,190 --> 00:57:46,960
um so i uh referred people to a clinical

1558
00:57:51,670 --> 00:57:49,200
psychologist or to other therapists

1559
00:57:54,789 --> 00:57:51,680
and actually the support group you know

1560
00:57:55,829 --> 00:57:54,799
chugged on merrily without me and was uh

1561
00:57:58,710 --> 00:57:55,839
you know

1562
00:58:01,030 --> 00:57:58,720
heard i don't i don't know what's

1563
00:58:02,549 --> 00:58:01,040

happened uh you know uh come the

1564

00:58:04,710 --> 00:58:02,559

pandemic but

1565

00:58:07,750 --> 00:58:04,720

uh you know i think

1566

00:58:09,510 --> 00:58:07,760

the the issue is you know now that

1567

00:58:12,150 --> 00:58:09,520

contactees are

1568

00:58:13,270 --> 00:58:12,160

almost indistinguishable from abductees

1569

00:58:16,870 --> 00:58:13,280

and i mean there's always been

1570

00:58:18,549 --> 00:58:16,880

contactees uh since the 1950s uh the

1571

00:58:20,470 --> 00:58:18,559

ones who really get a lot of attention

1572

00:58:23,349 --> 00:58:20,480

at ufo conferences now

1573

00:58:25,829 --> 00:58:23,359

really are are um

1574

00:58:27,589 --> 00:58:25,839

i would say they're not even as uh as

1575

00:58:28,950 --> 00:58:27,599

interesting as some of the 1950s who

1576

00:58:31,270 --> 00:58:28,960

really got a little more

1577

00:58:32,710 --> 00:58:31,280

pizzazz i suppose to them

1578

00:58:34,230 --> 00:58:32,720

um

1579

00:58:36,309 --> 00:58:34,240

but uh

1580

00:58:38,950 --> 00:58:36,319

it's nothing i haven't heard anything

1581

00:58:41,510 --> 00:58:38,960

new in terms of uh contactees and

1582

00:58:45,270 --> 00:58:41,520

abductions abductees in terms of their

1583

00:58:46,230 --> 00:58:45,280

story content since the 1950s

1584

00:58:47,829 --> 00:58:46,240

um

1585

00:58:49,190 --> 00:58:47,839

so i think it's a recurring phenomenon

1586

00:58:50,630 --> 00:58:49,200

that needs to be addressed within

1587

00:58:52,230 --> 00:58:50,640

ufology

1588

00:58:54,630 --> 00:58:52,240

as for differences between canada the

1589

00:58:57,430 --> 00:58:54,640

united states i don't see any difference

1590

00:58:58,710 --> 00:58:57,440

between contactees and abductees

1591

00:59:00,789 --> 00:58:58,720

from any country i think there's

1592

00:59:02,630 --> 00:59:00,799

certainly going to be some contamination

1593

00:59:06,069 --> 00:59:02,640

and some similar stories no matter where

1594

00:59:08,309 --> 00:59:06,079

you go um and uh

1595

00:59:10,630 --> 00:59:08,319

uh i you know i think the

1596

00:59:12,549 --> 00:59:10,640

uh the phenomenon uh you know it's a

1597

00:59:14,950 --> 00:59:12,559

separate type of phenomenon within

1598

00:59:16,710 --> 00:59:14,960

ufology that that has to be addressed in

1599

00:59:18,630 --> 00:59:16,720

some way and i'm not entirely sure what

1600

00:59:20,870 --> 00:59:18,640

uh what branch of science or the

1601
00:59:22,789 --> 00:59:20,880
humanities needs to be involved

1602
00:59:25,750 --> 00:59:22,799
my friend a good friend of mine dean

1603
00:59:27,670 --> 00:59:25,760
eliot was doing a film on on

1604
00:59:29,510 --> 00:59:27,680
experiencers uh that should be

1605
00:59:32,789 --> 00:59:29,520
interesting and you know something is

1606
00:59:34,950 --> 00:59:32,799
going on in these poor people um you

1607
00:59:37,589 --> 00:59:34,960
know a lot of them are traumatized

1608
00:59:40,069 --> 00:59:37,599
whatever it is that's happening and um

1609
00:59:41,510 --> 00:59:40,079
i've seen them in groups you know at

1610
00:59:43,270 --> 00:59:41,520
meetings and

1611
00:59:45,510 --> 00:59:43,280
helping each other you know which is

1612
00:59:47,750 --> 00:59:45,520
which is a good thing i think uh here's

1613
00:59:50,470 --> 00:59:47,760

a great i think it's a great question

1614

00:59:52,309 --> 00:59:50,480

and uh for mary grace kirby what does

1615

00:59:53,750 --> 00:59:52,319

uh prime minister justin trudeau think

1616

00:59:55,430 --> 00:59:53,760

about ufos

1617

00:59:57,829 --> 00:59:55,440

and you can actually call it ufos in

1618

00:59:59,670 --> 00:59:57,839

that country yeah exactly has he ever

1619

01:00:02,150 --> 00:59:59,680

does he ever talk about it has he ever

1620

01:00:03,430 --> 01:00:02,160

mentioned it that you know of as far as

1621

01:00:06,549 --> 01:00:03,440

i'm aware

1622

01:00:07,829 --> 01:00:06,559

trudeau has never talked about ufos

1623

01:00:09,829 --> 01:00:07,839

however

1624

01:00:12,230 --> 01:00:09,839

um

1625

01:00:15,030 --> 01:00:12,240

two of his ministers of defense

1626
01:00:17,190 --> 01:00:15,040
are obviously involved at this point um

1627
01:00:19,910 --> 01:00:17,200
the harjin sajin who was the minister of

1628
01:00:21,190 --> 01:00:19,920
defense who got the briefing on ufos

1629
01:00:24,309 --> 01:00:21,200
um

1630
01:00:26,230 --> 01:00:24,319
uh certainly talked with uh with him

1631
01:00:27,349 --> 01:00:26,240
with trudeau about it i think there's no

1632
01:00:29,349 --> 01:00:27,359
question that we don't have any

1633
01:00:31,270 --> 01:00:29,359
documentation of that but if the

1634
01:00:33,270 --> 01:00:31,280
minister of defense got a briefing and

1635
01:00:35,510 --> 01:00:33,280
there there was a suggestion that that

1636
01:00:37,430 --> 01:00:35,520
in turn was going to be uh used in a

1637
01:00:40,390 --> 01:00:37,440
briefing that he was going to give

1638
01:00:42,470 --> 01:00:40,400

um that's certainly possible the current

1639

01:00:43,910 --> 01:00:42,480

minister of defense

1640

01:00:46,230 --> 01:00:43,920

um

1641

01:00:48,710 --> 01:00:46,240

uh probably does know because uh

1642

01:00:50,470 --> 01:00:48,720

anything that the previous minister

1643

01:00:53,109 --> 01:00:50,480

would have been briefed on would be part

1644

01:00:55,349 --> 01:00:53,119

of a package for the incoming

1645

01:00:59,589 --> 01:00:55,359

minister of defense so i suspect that

1646

01:01:02,069 --> 01:00:59,599

those two would know uh also um through

1647

01:01:03,510 --> 01:01:02,079

my own research i found that uh ufos

1648

01:01:05,510 --> 01:01:03,520

have been mentioned

1649

01:01:07,190 --> 01:01:05,520

uh in the house of commons uh in

1650

01:01:09,910 --> 01:01:07,200

parliament it'd be the equivalent of a

1651
01:01:12,390 --> 01:01:09,920
house of ufos being talked about on the

1652
01:01:14,630 --> 01:01:12,400
floor of congress

1653
01:01:17,270 --> 01:01:14,640
um and uh

1654
01:01:20,549 --> 01:01:17,280
uh they're i think something like 40 or

1655
01:01:23,190 --> 01:01:20,559
50 times over the past uh

1656
01:01:25,750 --> 01:01:23,200
uh 40 or 50 years that ufos have been

1657
01:01:27,349 --> 01:01:25,760
brought up in parliament

1658
01:01:29,430 --> 01:01:27,359
and curiously

1659
01:01:30,870 --> 01:01:29,440
um you know there's this congressional

1660
01:01:32,789 --> 01:01:30,880
briefing

1661
01:01:35,510 --> 01:01:32,799
that everybody was excited about this

1662
01:01:39,430 --> 01:01:35,520
year uh regarding the ufos well you know

1663
01:01:41,589 --> 01:01:39,440

back in 1966 gerald ford lobbied for a

1664

01:01:44,549 --> 01:01:41,599

congressional briefing and got it in

1665

01:01:46,390 --> 01:01:44,559

1968

1666

01:01:48,309 --> 01:01:46,400

and the result of that congressional

1667

01:01:50,230 --> 01:01:48,319

hearing was that blue book killed

1668

01:01:52,230 --> 01:01:50,240

everything by

1669

01:01:53,589 --> 01:01:52,240

closing down in 1969 that's whole

1670

01:01:55,190 --> 01:01:53,599

continent

1671

01:01:56,950 --> 01:01:55,200

of this most

1672

01:01:59,190 --> 01:01:56,960

current briefing but as i say there had

1673

01:02:00,870 --> 01:01:59,200

been already a a congressional briefing

1674

01:02:03,109 --> 01:02:00,880

that some people seem to have forgotten

1675

01:02:05,190 --> 01:02:03,119

about but we actually did this already

1676

01:02:06,549 --> 01:02:05,200

in the united states there have been

1677

01:02:08,710 --> 01:02:06,559

briefings

1678

01:02:11,990 --> 01:02:08,720

in canada as well

1679

01:02:14,150 --> 01:02:12,000

um there was a briefing to the canadian

1680

01:02:16,069 --> 01:02:14,160

senate uh which is i guess parallel to

1681

01:02:17,109 --> 01:02:16,079

the the american senate

1682

01:02:19,589 --> 01:02:17,119

um

1683

01:02:22,470 --> 01:02:19,599

back in 19 oh i'm trying to remember the

1684

01:02:23,910 --> 01:02:22,480

year that this happened now in the 60s

1685

01:02:25,829 --> 01:02:23,920

anyways

1686

01:02:29,349 --> 01:02:25,839

where a presentation was given to the

1687

01:02:35,510 --> 01:02:31,190

and

1688

01:02:41,029 --> 01:02:37,750

there was a briefing given

1689

01:02:43,829 --> 01:02:41,039

to another defense minister

1690

01:02:45,430 --> 01:02:43,839

to the chief of defense staff

1691

01:02:47,589 --> 01:02:45,440

which probably found its way into

1692

01:02:49,910 --> 01:02:47,599

parliament as well and i've actually

1693

01:02:52,150 --> 01:02:49,920

included the entire set of documents

1694

01:02:54,390 --> 01:02:52,160

from that in my new book

1695

01:02:56,950 --> 01:02:54,400

because it's so significant that i think

1696

01:02:59,109 --> 01:02:56,960

people should be more aware

1697

01:03:01,990 --> 01:02:59,119

that the canadian government

1698

01:03:03,750 --> 01:03:02,000

had a briefing that was presented

1699

01:03:06,390 --> 01:03:03,760

describing exactly what was going on in

1700

01:03:07,670 --> 01:03:06,400

canada with regard to ufos

1701

01:03:09,750 --> 01:03:07,680

that's great and we haven't really

1702

01:03:10,630 --> 01:03:09,760

talked about your book yet

1703

01:03:13,510 --> 01:03:10,640

so

1704

01:03:16,950 --> 01:03:13,520

we gotta we have an hour left and a half

1705

01:03:19,029 --> 01:03:16,960

hour so we'll be taking calls so what

1706

01:03:19,829 --> 01:03:19,039

what initiated this book this particular

1707

01:03:23,190 --> 01:03:19,839

book

1708

01:03:26,470 --> 01:03:23,200

and uh there also you mentioned at least

1709

01:03:29,190 --> 01:03:26,480

one time it's the lac what's that stand

1710

01:03:33,589 --> 01:03:29,200

for again library and archives canada

1711

01:03:36,950 --> 01:03:33,599

okay so you're you have access to um

1712

01:03:39,829 --> 01:03:36,960

through all these years does it does it

1713

01:03:41,750 --> 01:03:39,839

take as much work to get one as a foia

1714

01:03:44,549 --> 01:03:41,760

does for the united states or is it

1715

01:03:47,190 --> 01:03:44,559

easier access

1716

01:03:48,870 --> 01:03:47,200

um i would say it's actually easier i

1717

01:03:50,950 --> 01:03:48,880

mean well if you look at what john

1718

01:03:53,990 --> 01:03:50,960

greenwald uh does i mean he's filing

1719

01:03:55,910 --> 01:03:54,000

dozens and dozens every day um and uh

1720

01:03:58,710 --> 01:03:55,920

you know he does get his responses uh

1721

01:04:01,829 --> 01:03:58,720

quite well um

1722

01:04:03,910 --> 01:04:01,839

uh but uh i there's a reporter up here

1723

01:04:05,349 --> 01:04:03,920

in canada named daniel otis and he's

1724

01:04:07,430 --> 01:04:05,359

been filing things he's oh he's really

1725

01:04:09,190 --> 01:04:07,440

new to the ufo game and he's only been

1726

01:04:11,670 --> 01:04:09,200

filing for a couple of years

1727

01:04:14,230 --> 01:04:11,680

and i think the fastest that he's got a

1728

01:04:15,990 --> 01:04:14,240

response is a month

1729

01:04:17,670 --> 01:04:16,000

which is way faster than i think it's

1730

01:04:20,069 --> 01:04:17,680

been the experience of greenwald in the

1731

01:04:24,309 --> 01:04:20,079

united states yes um

1732

01:04:26,150 --> 01:04:24,319

and i the when i file i i mean

1733

01:04:27,910 --> 01:04:26,160

my average is a little worse than his

1734

01:04:28,870 --> 01:04:27,920

probably about six months or so but i

1735

01:04:33,270 --> 01:04:28,880

set off

1736

01:04:34,870 --> 01:04:33,280

we'll see how fast those come i i'm not

1737

01:04:36,710 --> 01:04:34,880

holding my breath those probably won't

1738

01:04:37,910 --> 01:04:36,720

show up until christmas or something

1739

01:04:41,670 --> 01:04:37,920

like that but

1740

01:04:43,430 --> 01:04:41,680

um i i did i did file uh some myself

1741

01:04:44,950 --> 01:04:43,440

um

1742

01:04:47,029 --> 01:04:44,960

and the

1743

01:04:48,309 --> 01:04:47,039

the material that i have in the in my

1744

01:04:51,270 --> 01:04:48,319

book

1745

01:04:53,029 --> 01:04:51,280

uh for the most part now i would say

1746

01:04:55,029 --> 01:04:53,039

90

1747

01:04:58,150 --> 01:04:55,039

uh come from publicly available

1748

01:05:01,029 --> 01:04:58,160

documents there we are yeah

1749

01:05:03,029 --> 01:05:01,039

and many have been declassified down

1750

01:05:06,069 --> 01:05:03,039

from secret from confidential from

1751

01:05:10,069 --> 01:05:07,109

and

1752

01:05:11,990 --> 01:05:10,079

um the library of archives canada has

1753

01:05:14,390 --> 01:05:12,000

made all these documents

1754

01:05:16,710 --> 01:05:14,400

um available

1755

01:05:19,029 --> 01:05:16,720

online and a lot of people have

1756

01:05:20,870 --> 01:05:19,039

downloaded the whole set uh

1757

01:05:22,150 --> 01:05:20,880

isaac coy for example and a few others

1758

01:05:24,470 --> 01:05:22,160

have downloaded the whole set and made

1759

01:05:25,829 --> 01:05:24,480

them available on various websites but

1760

01:05:28,789 --> 01:05:25,839

to actually spend time going through all

1761

01:05:31,190 --> 01:05:28,799

10 000 documents is a bit of a chore

1762

01:05:33,190 --> 01:05:31,200

and so i spent some time going through

1763

01:05:35,190 --> 01:05:33,200

all those documents finding some of the

1764

01:05:37,190 --> 01:05:35,200

more interesting cases and interesting

1765

01:05:39,270 --> 01:05:37,200

documents and putting them all together

1766

01:05:41,910 --> 01:05:39,280

in the book and i i think we re

1767

01:05:44,710 --> 01:05:41,920

reprinted about 50

1768

01:05:46,950 --> 01:05:44,720

of the documents

1769

01:05:48,870 --> 01:05:46,960

and i i do that because i want to give

1770

01:05:51,750 --> 01:05:48,880

the readers a chance

1771

01:05:53,029 --> 01:05:51,760

uh to look at to really look at some of

1772

01:05:54,470 --> 01:05:53,039

the more interesting documents

1773

01:05:58,230 --> 01:05:54,480

themselves to see what a government

1774

01:06:01,029 --> 01:05:58,240

document about ufos really looks like

1775

01:06:05,190 --> 01:06:03,109

one of the most interesting sets of

1776

01:06:09,270 --> 01:06:05,200

documents is what i call

1777

01:06:12,870 --> 01:06:11,270

the robertson report

1778

01:06:14,390 --> 01:06:12,880

and people are probably familiar with

1779

01:06:17,190 --> 01:06:14,400

the robertson committee

1780

01:06:19,829 --> 01:06:17,200

yeah 1953 yeah

1781

01:06:23,589 --> 01:06:19,839

and uh but in canada there's a robertson

1782

01:06:25,829 --> 01:06:23,599

briefing and it was prepared for the

1783

01:06:27,430 --> 01:06:25,839

um chief of defense staff so the the

1784

01:06:29,190 --> 01:06:27,440

person who works with the minister of

1785

01:06:30,069 --> 01:06:29,200

defense

1786

01:06:31,029 --> 01:06:30,079

and

1787

01:06:33,670 --> 01:06:31,039

um

1788

01:06:35,349 --> 01:06:33,680

in reverse to what you know the the most

1789

01:06:37,670 --> 01:06:35,359

recent for filing for the minister of

1790

01:06:39,589 --> 01:06:37,680

defense that we have the the slides but

1791

01:06:41,270 --> 01:06:39,599

we don't have the actual documentation

1792

01:06:44,630 --> 01:06:41,280

of what was said

1793

01:06:47,829 --> 01:06:44,640

um the briefing in uh in 1967 by a

1794

01:06:47,839 --> 01:06:52,710

military officer named named robertson

1795

01:06:56,309 --> 01:06:54,470

what we have

1796

01:06:59,829 --> 01:06:56,319

is the document that accompanied the

1797

01:07:02,950 --> 01:06:59,839

slides but not the slides themselves

1798

01:07:07,750 --> 01:07:02,960

the document is 28 pages long and we

1799

01:07:09,670 --> 01:07:07,760

reproduce all 28 pages in in the book

1800

01:07:10,950 --> 01:07:09,680

um because it's so

1801
01:07:12,710 --> 01:07:10,960
amazing

1802
01:07:15,910 --> 01:07:12,720
that the

1803
01:07:17,829 --> 01:07:15,920
this report goes into detail describing

1804
01:07:19,109 --> 01:07:17,839
uh six cases

1805
01:07:21,190 --> 01:07:19,119
that the

1806
01:07:22,390 --> 01:07:21,200
uh minister of defense or the department

1807
01:07:24,549 --> 01:07:22,400
of defense

1808
01:07:25,910 --> 01:07:24,559
says is not a they're not explainable as

1809
01:07:27,670 --> 01:07:25,920
a matter of fact some of the

1810
01:07:28,950 --> 01:07:27,680
the cases there's actually a line in

1811
01:07:31,430 --> 01:07:28,960
there that says neither the royal

1812
01:07:34,950 --> 01:07:31,440
canadian mounted police uh nor national

1813
01:07:36,549 --> 01:07:34,960

defense can explain this particular case

1814

01:07:38,470 --> 01:07:36,559

and when you've got cases like that and

1815

01:07:40,390 --> 01:07:38,480

they they you know list them in some

1816

01:07:42,069 --> 01:07:40,400

detail and they do some analysis of some

1817

01:07:43,670 --> 01:07:42,079

of the other cases describing the

1818

01:07:44,630 --> 01:07:43,680

numbers and so forth

1819

01:07:45,430 --> 01:07:44,640

you know

1820

01:07:48,309 --> 01:07:45,440

the

1821

01:07:50,150 --> 01:07:48,319

national defense

1822

01:07:52,549 --> 01:07:50,160

and the royal canadian amount of police

1823

01:07:55,029 --> 01:07:52,559

could not explain

1824

01:07:56,470 --> 01:07:55,039

a number of the cases and the top six

1825

01:07:58,950 --> 01:07:56,480

are actually given

1826

01:08:01,029 --> 01:07:58,960

in this briefing that was given to

1827

01:08:03,349 --> 01:08:01,039

the chief of defense staff and then

1828

01:08:04,549 --> 01:08:03,359

parlayed to the minister of defense uh

1829

01:08:05,990 --> 01:08:04,559

himself

1830

01:08:08,470 --> 01:08:06,000

it's remarkable

1831

01:08:10,549 --> 01:08:08,480

um and it's a document that sort of

1832

01:08:11,750 --> 01:08:10,559

negates what the robertson committee in

1833

01:08:12,549 --> 01:08:11,760

the united states

1834

01:08:15,589 --> 01:08:12,559

did

1835

01:08:18,070 --> 01:08:15,599

uh about you know a little bit later so

1836

01:08:21,349 --> 01:08:18,080

or a little bit earlier so it's an

1837

01:08:23,669 --> 01:08:21,359

amazing set of uh of papers

1838

01:08:25,189 --> 01:08:23,679

amazing well it's it's great that you

1839

01:08:26,709 --> 01:08:25,199

you actually

1840

01:08:27,829 --> 01:08:26,719

are getting this out there i think

1841

01:08:29,910 --> 01:08:27,839

that's a

1842

01:08:32,070 --> 01:08:29,920

that is a a great thing

1843

01:08:34,229 --> 01:08:32,080

and you know i mean nothing speaks more

1844

01:08:36,149 --> 01:08:34,239

than a government document

1845

01:08:37,990 --> 01:08:36,159

especially when it pertains to ufos i

1846

01:08:40,630 --> 01:08:38,000

think it's it's a it's really a great

1847

01:08:42,789 --> 01:08:40,640

thing and someone asked earlier and

1848

01:08:44,470 --> 01:08:42,799

you know it's all just speculation but

1849

01:08:45,349 --> 01:08:44,480

they wanted to know what your opinion

1850

01:08:48,550 --> 01:08:45,359

was

1851
01:08:51,510 --> 01:08:48,560
of ufos you know what they are and that

1852
01:08:52,870 --> 01:08:51,520
was a early question early on and

1853
01:08:54,070 --> 01:08:52,880
you know

1854
01:08:57,030 --> 01:08:54,080
do you think they're one thing do you

1855
01:08:58,149 --> 01:08:57,040
think there are a bunch of things

1856
01:09:00,630 --> 01:08:58,159
yeah i think

1857
01:09:02,789 --> 01:09:00,640
that it's not a a single problem that

1858
01:09:04,309 --> 01:09:02,799
we're dealing with um i mean there's no

1859
01:09:06,550 --> 01:09:04,319
question that most of the ufo reports

1860
01:09:07,990 --> 01:09:06,560
that people make

1861
01:09:11,030 --> 01:09:08,000
are you know they either have

1862
01:09:12,630 --> 01:09:11,040
explanations or uh there's not enough

1863
01:09:15,110 --> 01:09:12,640

information for an explanation or

1864

01:09:16,789 --> 01:09:15,120

there's possible explanations

1865

01:09:18,229 --> 01:09:16,799

in the canadian ufo survey for example

1866

01:09:19,510 --> 01:09:18,239

we have those four categories we've

1867

01:09:24,550 --> 01:09:19,520

explained

1868

01:09:26,789 --> 01:09:24,560

insufficient information

1869

01:09:29,749 --> 01:09:26,799

and they're almost

1870

01:09:32,390 --> 01:09:29,759

almost equal numbers um although the the

1871

01:09:34,709 --> 01:09:32,400

number of unexplained usually goes down

1872

01:09:37,189 --> 01:09:34,719

when you look at uh uh instead of the

1873

01:09:38,950 --> 01:09:37,199

overall picture over the years uh down

1874

01:09:41,829 --> 01:09:38,960

to every year we only have about one to

1875

01:09:44,550 --> 01:09:41,839

five percent that remain unexplained

1876

01:09:47,749 --> 01:09:44,560

um even after some uh some ruling out of

1877

01:09:50,470 --> 01:09:47,759

some some possible uh

1878

01:09:53,030 --> 01:09:50,480

um and and so i i think the ones that

1879

01:09:54,870 --> 01:09:53,040

are unexplained don't necessarily mean

1880

01:09:56,709 --> 01:09:54,880

aliens from space

1881

01:09:59,030 --> 01:09:56,719

uh there's no question that some are

1882

01:10:05,030 --> 01:09:59,040

gonna be military operations in fact we

1883

01:10:07,270 --> 01:10:05,040

can uh um go back into some uh files and

1884

01:10:09,189 --> 01:10:07,280

find cases that uh you know had been

1885

01:10:11,750 --> 01:10:09,199

unexplained at the time uh with the

1886

01:10:14,070 --> 01:10:11,760

revelation of documents describing

1887

01:10:16,630 --> 01:10:14,080

some military uh maneuvers and so forth

1888

01:10:18,630 --> 01:10:16,640

uh can have explanations so

1889

01:10:21,830 --> 01:10:18,640

uh i think it's a constantly evolving

1890

01:10:24,229 --> 01:10:21,840

thing having said that

1891

01:10:26,870 --> 01:10:24,239

my background in astronomy uh you know

1892

01:10:28,470 --> 01:10:26,880

allows me to confer with my uh my

1893

01:10:29,510 --> 01:10:28,480

colleagues

1894

01:10:31,990 --> 01:10:29,520

and

1895

01:10:35,110 --> 01:10:32,000

um you know the our son is a pretty

1896

01:10:37,669 --> 01:10:35,120

average star and

1897

01:10:39,910 --> 01:10:37,679

um there are stars that are much older

1898

01:10:42,229 --> 01:10:39,920

and some that are much younger

1899

01:10:44,870 --> 01:10:42,239

uh and so we asked the question oh

1900

01:10:47,510 --> 01:10:44,880

suppose life evolved on a planet

1901

01:10:48,950 --> 01:10:47,520

circling a star that has a bit of a jump

1902

01:10:51,110 --> 01:10:48,960

on us

1903

01:10:54,149 --> 01:10:51,120

not just a hundred years or a thousand

1904

01:10:57,110 --> 01:10:54,159

years maybe ten thousand maybe

1905

01:10:59,830 --> 01:10:57,120

a hundred thousand maybe a million years

1906

01:11:02,870 --> 01:10:59,840

uh you know would they be able to you

1907

01:11:04,709 --> 01:11:02,880

know figure out ways to uh not break the

1908

01:11:07,030 --> 01:11:04,719

laws of physics but perhaps bend the

1909

01:11:08,709 --> 01:11:07,040

laws of physics and and travel between

1910

01:11:09,750 --> 01:11:08,719

the stars in ways that we can't even

1911

01:11:11,910 --> 01:11:09,760

imagine

1912

01:11:13,750 --> 01:11:11,920

uh you know that's certainly possible

1913

01:11:16,149 --> 01:11:13,760

don't have any physical evidence any

1914

01:11:18,149 --> 01:11:16,159

physical proof that's that's going on

1915

01:11:20,790 --> 01:11:18,159

but at the same time it's it's a

1916

01:11:22,709 --> 01:11:20,800

possibility that can't be ignored in

1917

01:11:24,550 --> 01:11:22,719

fact i just saw the the new trailer for

1918

01:11:26,790 --> 01:11:24,560

the new avatar movies

1919

01:11:28,470 --> 01:11:26,800

um and i didn't know there was one

1920

01:11:31,669 --> 01:11:28,480

coming off yeah

1921

01:11:35,750 --> 01:11:31,679

there's three or four coming out um

1922

01:11:38,709 --> 01:11:35,760

and you know avatar is set on a moon

1923

01:11:41,110 --> 01:11:38,719

of a planet that's circling um i think

1924

01:11:43,430 --> 01:11:41,120

it's either alpha or beta centauri

1925

01:11:45,110 --> 01:11:43,440

and that's the those are the nearest

1926

01:11:47,350 --> 01:11:45,120

stars to earth

1927

01:11:50,070 --> 01:11:47,360

and there is some speculation that there

1928

01:11:51,830 --> 01:11:50,080

are planets uh circling those stars and

1929

01:11:54,790 --> 01:11:51,840

it's certainly possible that there could

1930

01:11:57,030 --> 01:11:54,800

be um an earth-like planet uh

1931

01:11:57,750 --> 01:11:57,040

earth-like moon circling those planets

1932

01:12:02,709 --> 01:11:57,760

so

1933

01:12:07,510 --> 01:12:02,719

best

1934

01:12:10,229 --> 01:12:07,520

for aliens living very close to us

1935

01:12:12,630 --> 01:12:10,239

um and whereas the aliens and avatar you

1936

01:12:15,110 --> 01:12:12,640

know aren't space faring one really just

1937

01:12:16,630 --> 01:12:15,120

you know needs to think in terms of a

1938

01:12:18,950 --> 01:12:16,640

difference of a few hundred thousand

1939

01:12:19,990 --> 01:12:18,960

years maybe that they would become space

1940

01:12:21,510 --> 01:12:20,000

faring and

1941

01:12:23,350 --> 01:12:21,520

uh you know but it puts it in

1942

01:12:26,470 --> 01:12:23,360

perspective that you know the nearest

1943

01:12:29,669 --> 01:12:26,480

aliens might be very very close to us um

1944

01:12:30,950 --> 01:12:29,679

but uh you know who knows they they uh

1945

01:12:32,630 --> 01:12:30,960

they might be on the other side of the

1946

01:12:35,350 --> 01:12:32,640

galaxy

1947

01:12:37,510 --> 01:12:35,360

i listened to uh i was at a conference

1948

01:12:40,550 --> 01:12:37,520

where mark d'antonio was speaking and he

1949

01:12:42,229 --> 01:12:40,560

has a theory hemet uh well it's between

1950

01:12:45,110 --> 01:12:42,239

him and robert schroeder i don't know if

1951

01:12:46,630 --> 01:12:45,120

you've heard of robert schroeder uh his

1952

01:12:48,470 --> 01:12:46,640

science background

1953

01:12:50,790 --> 01:12:48,480

um so mark

1954

01:12:53,990 --> 01:12:50,800

had a talk on basically the possibility

1955

01:12:55,510 --> 01:12:54,000

of uh traveling and

1956

01:12:57,910 --> 01:12:55,520

god i'm gonna mess this whole thing up

1957

01:13:00,070 --> 01:12:57,920

but it was interesting and like you said

1958

01:13:02,310 --> 01:13:00,080

maybe they they ban the laws of physics

1959

01:13:04,470 --> 01:13:02,320

maybe they discover something in physics

1960

01:13:07,110 --> 01:13:04,480

we haven't yet i don't know how

1961

01:13:08,709 --> 01:13:07,120

um if that's if you know if the

1962

01:13:10,310 --> 01:13:08,719

possibility that they're coming from

1963

01:13:12,950 --> 01:13:10,320

great distance they would have to do one

1964

01:13:13,750 --> 01:13:12,960

or the other i believe

1965

01:13:16,310 --> 01:13:13,760

you know

1966

01:13:19,750 --> 01:13:16,320

yeah and i mean there's discoveries in

1967

01:13:21,990 --> 01:13:19,760

physics every day in fact yesterday

1968

01:13:25,110 --> 01:13:22,000

uh yes i saw that

1969

01:13:26,950 --> 01:13:25,120

yeah it's just that cern discovered uh a

1970

01:13:28,390 --> 01:13:26,960

penta cork and i guess they actually had

1971

01:13:31,830 --> 01:13:28,400

they'd actually found a pentaquark

1972

01:13:33,830 --> 01:13:31,840

before but uh this one is uh it's uh

1973

01:13:35,350 --> 01:13:33,840

it's makeup and comfortable too or

1974

01:13:36,709 --> 01:13:35,360

something like that there's yeah like

1975

01:13:38,229 --> 01:13:36,719

yeah

1976

01:13:39,590 --> 01:13:38,239

there's new discoveries being made every

1977

01:13:41,110 --> 01:13:39,600

day and you know

1978

01:13:42,550 --> 01:13:41,120

maybe who knows

1979

01:13:44,870 --> 01:13:42,560

yeah that's right yeah that's pretty

1980

01:13:47,350 --> 01:13:44,880

exciting the building blocks

1981

01:13:49,189 --> 01:13:47,360

you know how how small do they go that's

1982

01:13:51,990 --> 01:13:49,199

really another fascinating the whole

1983

01:13:54,149 --> 01:13:52,000

thing of quantum physics and

1984

01:13:56,390 --> 01:13:54,159

how things can be interconnected you

1985

01:13:59,350 --> 01:13:56,400

know the entanglement and all that is

1986

01:14:02,070 --> 01:13:59,360

just mind-blowing because things they

1987

01:14:04,310 --> 01:14:02,080

they shouldn't make sense but they do

1988

01:14:06,390 --> 01:14:04,320

somehow you know and that that may be

1989

01:14:10,390 --> 01:14:06,400

all tied into this

1990

01:14:11,830 --> 01:14:10,400

thing too who knows now we share uh some

1991

01:14:13,910 --> 01:14:11,840

great lakes with you

1992

01:14:17,910 --> 01:14:13,920

we all you also have a coastline what

1993

01:14:19,590 --> 01:14:17,920

about uso reports in canada

1994

01:14:21,350 --> 01:14:19,600

yeah i mean there's there's no question

1995

01:14:22,630 --> 01:14:21,360

there are uh

1996

01:14:25,110 --> 01:14:22,640

objects under the water that are

1997

01:14:26,630 --> 01:14:25,120

reported in uh in canada as well

1998

01:14:28,630 --> 01:14:26,640

um

1999

01:14:29,590 --> 01:14:28,640

you know we might as well mention shag

2000

01:14:31,830 --> 01:14:29,600

harbor

2001

01:14:35,270 --> 01:14:31,840

uh that it's described as canada's

2002

01:14:36,229 --> 01:14:35,280

roswell also happened in 1967

2003

01:14:36,690 --> 01:14:36,239

where

2004

01:14:38,229 --> 01:14:36,700

um

2005

01:14:40,229 --> 01:14:38,239

[Music]

2006

01:14:42,630 --> 01:14:40,239

a number of people uh including some

2007

01:14:44,870 --> 01:14:42,640

rcmp officers had seen an object a

2008

01:14:46,229 --> 01:14:44,880

bright object flying over the uh over

2009

01:14:48,470 --> 01:14:46,239

nova scotia

2010

01:14:50,630 --> 01:14:48,480

uh heading for the ocean

2011

01:14:53,990 --> 01:14:50,640

and um

2012

01:14:59,430 --> 01:14:56,070

the story is that people saw it crash

2013

01:15:01,030 --> 01:14:59,440

into the uh ocean actually no one saw it

2014

01:15:02,470 --> 01:15:01,040

crash into the ocean

2015

01:15:04,790 --> 01:15:02,480

uh and there's a there's a little

2016

01:15:06,630 --> 01:15:04,800

asterisk that i'll mention in a second

2017

01:15:08,310 --> 01:15:06,640

but uh no one saw it they saw it moving

2018

01:15:11,590 --> 01:15:08,320

over the uh over the land and then when

2019

01:15:13,430 --> 01:15:11,600

the they got to the uh to the shore they

2020

01:15:15,030 --> 01:15:13,440

could see this bright object on the

2021

01:15:16,550 --> 01:15:15,040

water

2022

01:15:19,350 --> 01:15:16,560

um

2023

01:15:20,229 --> 01:15:19,360

and uh the rcmp

2024

01:15:22,630 --> 01:15:20,239

um

2025

01:15:24,790 --> 01:15:22,640

commandeered uh some fishing boats this

2026

01:15:26,310 --> 01:15:24,800

was like two or three in the morning

2027

01:15:27,910 --> 01:15:26,320

and they

2028

01:15:29,430 --> 01:15:27,920

got the fishermen to take them out in

2029

01:15:31,110 --> 01:15:29,440

the boat because they thought that the

2030

01:15:32,470 --> 01:15:31,120

plane had gone down or some you know

2031

01:15:35,270 --> 01:15:32,480

something had crashed into the ocean

2032

01:15:37,110 --> 01:15:35,280

they had to get their rescue operation

2033

01:15:39,030 --> 01:15:37,120

by the time the boats actually got out

2034

01:15:41,030 --> 01:15:39,040

there

2035

01:15:44,630 --> 01:15:41,040

the light had gone out but what remained

2036

01:15:46,550 --> 01:15:44,640

was a glowing greenish yellowish foam

2037

01:15:48,470 --> 01:15:46,560

that was on the surface of the of the

2038

01:15:51,830 --> 01:15:48,480

water

2039

01:15:53,669 --> 01:15:51,840

but nothing could be found found there

2040

01:15:55,110 --> 01:15:53,679

from documents that have been recovered

2041

01:15:56,870 --> 01:15:55,120

and i'm going back to documents because

2042

01:16:00,070 --> 01:15:56,880

we this is something that we can attest

2043

01:16:02,630 --> 01:16:00,080

by the way roswell the new us government

2044

01:16:04,470 --> 01:16:02,640

says nothing happened at roswell

2045

01:16:06,470 --> 01:16:04,480

canadian government not only did

2046

01:16:09,590 --> 01:16:06,480

something happen at shag harbor there

2047

01:16:11,030 --> 01:16:09,600

are documents that recommended that navy

2048

01:16:13,110 --> 01:16:11,040

skin divers

2049

01:16:15,110 --> 01:16:13,120

scuba divers go down and and see if they

2050

01:16:17,990 --> 01:16:15,120

can retrieve whatever crash down there

2051

01:16:19,270 --> 01:16:18,000

and it was described as a ufo

2052

01:16:21,750 --> 01:16:19,280

anyway so they

2053

01:16:23,990 --> 01:16:21,760

uh they didn't find anything officially

2054

01:16:26,630 --> 01:16:24,000

but there's lots and lots of stories

2055

01:16:29,030 --> 01:16:26,640

that you know i talked with some

2056

01:16:32,070 --> 01:16:29,040

uh people on the shore who said that

2057

01:16:34,390 --> 01:16:32,080

yeah we saw undercover of darkness the

2058

01:16:35,830 --> 01:16:34,400

scuba divers dragged something

2059

01:16:38,550 --> 01:16:35,840

out of the water and loaded onto a

2060

01:16:41,110 --> 01:16:38,560

flatbed truck and carted it away us navy

2061

01:16:42,070 --> 01:16:41,120

by the way had its own base not that far

2062

01:16:44,870 --> 01:16:42,080

away

2063

01:16:46,709 --> 01:16:44,880

from shag harbor in nova scotia

2064

01:16:47,830 --> 01:16:46,719

um but there's lots of stories to that

2065

01:16:49,350 --> 01:16:47,840

effect

2066

01:16:50,550 --> 01:16:49,360

and the asterisk i was going to mention

2067

01:16:52,470 --> 01:16:50,560

was that

2068

01:16:58,149 --> 01:16:52,480

just

2069

01:16:59,590 --> 01:16:58,159

chris styles who one of canada's

2070

01:17:01,030 --> 01:16:59,600

leading investigators out in the east

2071

01:17:03,189 --> 01:17:01,040

coast

2072

01:17:05,430 --> 01:17:03,199

he located um

2073

01:17:09,430 --> 01:17:05,440

a woman who said that she was a witness

2074

01:17:11,270 --> 01:17:09,440

to the object uh 50 some years ago and

2075

01:17:12,950 --> 01:17:11,280

said that she did see this thing crash

2076

01:17:15,430 --> 01:17:12,960

into the water

2077

01:17:17,350 --> 01:17:15,440

but that was 50 years ago that she came

2078

01:17:18,870 --> 01:17:17,360

forward with the story and

2079

01:17:20,870 --> 01:17:18,880

you know

2080

01:17:22,550 --> 01:17:20,880

i don't know if i i'm willing to accept

2081

01:17:25,430 --> 01:17:22,560

it completely but it's interesting that

2082

01:17:28,550 --> 01:17:25,440

we have one witness to something that

2083

01:17:30,950 --> 01:17:28,560

that happened uh more than 50 years ago

2084

01:17:32,470 --> 01:17:30,960

i didn't realize that no one

2085

01:17:37,270 --> 01:17:32,480

i thought

2086

01:17:40,070 --> 01:17:37,280

crash possible plane crash that it went

2087

01:17:42,229 --> 01:17:40,080

into the water but the only

2088

01:17:44,790 --> 01:17:42,239

thing that they saw was it going over

2089

01:17:45,830 --> 01:17:44,800

the water and then the yellow foam

2090

01:17:46,709 --> 01:17:45,840

afterward

2091

01:17:49,990 --> 01:17:46,719

yeah

2092

01:17:52,070 --> 01:17:50,000

i'm going to be up there in shag harbor

2093

01:17:55,030 --> 01:17:52,080

on the first part of october i'm going

2094

01:17:56,470 --> 01:17:55,040

to do a talk at the convention up there

2095

01:17:59,110 --> 01:17:56,480

well you're giving a talk at the shag

2096

01:18:00,950 --> 01:17:59,120

harbor ufo festival good yeah yeah i'm

2097

01:18:02,229 --> 01:18:00,960

pretty excited are you going to be there

2098

01:18:04,790 --> 01:18:02,239

i've been there a couple of times you'll

2099

01:18:06,470 --> 01:18:04,800

you'll enjoy your your time well i drove

2100

01:18:08,870 --> 01:18:06,480

there from maine and saw the last time

2101
01:18:11,430 --> 01:18:08,880
i'll ever do that again because you go

2102
01:18:13,430 --> 01:18:11,440
way up and then down i stopped and saw

2103
01:18:15,110 --> 01:18:13,440
stan friedman but you know you go way

2104
01:18:17,510 --> 01:18:15,120
way up and then

2105
01:18:20,470 --> 01:18:17,520
way way down and it right off it's right

2106
01:18:22,950 --> 01:18:20,480
off main just a a very short

2107
01:18:24,709 --> 01:18:22,960
you know i by boat it's

2108
01:18:27,830 --> 01:18:24,719
by ferry it's very short but i made the

2109
01:18:28,870 --> 01:18:27,840
mistake of doing the 16-hour drive to

2110
01:18:31,510 --> 01:18:28,880
get there

2111
01:18:33,189 --> 01:18:31,520
yeah yeah in fact even if you're in nova

2112
01:18:35,510 --> 01:18:33,199
scotia a lot of people have heard of

2113
01:18:38,470 --> 01:18:35,520

halifax as the capital of nova scotia

2114

01:18:40,870 --> 01:18:38,480

yeah it's a four-hour drive from the

2115

01:18:42,390 --> 01:18:40,880

capital of halifax the nearest place you

2116

01:18:44,870 --> 01:18:42,400

can fly into

2117

01:18:49,350 --> 01:18:46,709

yeah it's so fun

2118

01:18:51,590 --> 01:18:49,360

um so there was a i'm not talking about

2119

01:18:53,510 --> 01:18:51,600

falcon lake but there was a there was

2120

01:18:56,630 --> 01:18:53,520

another ufo

2121

01:18:59,590 --> 01:18:56,640

that i remember jordan bonaparte did a

2122

01:19:01,750 --> 01:18:59,600

show on it on nighttime podcast and it

2123

01:19:03,990 --> 01:19:01,760

was about a mounted police officer

2124

01:19:05,510 --> 01:19:04,000

looking at it through his telescope or

2125

01:19:09,510 --> 01:19:05,520

binoculars

2126
01:19:11,030 --> 01:19:09,520
are you familiar with that one yeah

2127
01:19:12,470 --> 01:19:11,040
quite a while

2128
01:19:15,030 --> 01:19:12,480
i think yeah

2129
01:19:18,470 --> 01:19:15,040
that uh that goes back uh a while as

2130
01:19:21,510 --> 01:19:18,480
well um it was a rcmp officer who was on

2131
01:19:23,510 --> 01:19:21,520
shore now was it um prince edward island

2132
01:19:25,669 --> 01:19:23,520
or was it new brunswick

2133
01:19:26,870 --> 01:19:25,679
um

2134
01:19:29,270 --> 01:19:26,880
uh

2135
01:19:30,390 --> 01:19:29,280
i think it was actually

2136
01:19:32,070 --> 01:19:30,400
uh

2137
01:19:33,990 --> 01:19:32,080
new brunswick

2138
01:19:36,550 --> 01:19:34,000

my memory's

2139

01:19:38,229 --> 01:19:36,560

patchy right now um

2140

01:19:40,709 --> 01:19:38,239

but yeah he had he watched it through

2141

01:19:42,870 --> 01:19:40,719

binoculars and uh

2142

01:19:45,669 --> 01:19:42,880

i have to mention the other thing about

2143

01:19:51,669 --> 01:19:45,679

the canadian government

2144

01:19:53,910 --> 01:19:51,679

admit that ufos are

2145

01:19:56,229 --> 01:19:53,920

are in its you know

2146

01:19:57,990 --> 01:19:56,239

they've been interested in ufos

2147

01:20:00,310 --> 01:19:58,000

uh and that they've investigated where

2148

01:20:02,870 --> 01:20:00,320

there's lots of documentation and and a

2149

01:20:05,270 --> 01:20:02,880

lot of agencies have been involved

2150

01:20:06,470 --> 01:20:05,280

the royal canadian mint

2151

01:20:08,470 --> 01:20:06,480

um

2152

01:20:11,510 --> 01:20:08,480

has actually struck

2153

01:20:13,910 --> 01:20:11,520

coins depicting some of the most famous

2154

01:20:15,510 --> 01:20:13,920

ufo cases in canada the government of

2155

01:20:16,950 --> 01:20:15,520

canada

2156

01:20:21,510 --> 01:20:16,960

recognizes

2157

01:20:23,669 --> 01:20:21,520

a handful of ufo cases as being of his

2158

01:20:25,590 --> 01:20:23,679

significant historical and national

2159

01:20:28,310 --> 01:20:25,600

interest that's one of them the one of

2160

01:20:30,470 --> 01:20:28,320

this rcmp officer shank harbor is

2161

01:20:31,510 --> 01:20:30,480

another falcon lake which we haven't got

2162

01:20:32,470 --> 01:20:31,520

to yet

2163

01:20:36,470 --> 01:20:32,480

um

2164

01:20:38,310 --> 01:20:36,480

and there's a case in in montreal uh

2165

01:20:39,669 --> 01:20:38,320

that uh that also and these are actually

2166

01:20:40,470 --> 01:20:39,679

silver coins

2167

01:20:42,070 --> 01:20:40,480

uh

2168

01:20:44,629 --> 01:20:42,080

legal tender

2169

01:20:47,270 --> 01:20:44,639

um and i don't think the us mint has as

2170

01:20:49,669 --> 01:20:47,280

commemorated uh ufos

2171

01:20:52,629 --> 01:20:49,679

no not yet but the canadian the canadian

2172

01:20:55,350 --> 01:20:52,639

government excuse me it's uap here uap

2173

01:20:56,950 --> 01:20:55,360

okay yes that's right yeah yeah so the

2174

01:20:59,030 --> 01:20:56,960

canadian government has done that as

2175

01:21:01,030 --> 01:20:59,040

well and and the this one of the rca pos

2176

01:21:02,229 --> 01:21:01,040

rcmp officer

2177

01:21:03,590 --> 01:21:02,239

um

2178

01:21:04,629 --> 01:21:03,600

is certainly uh one of the more

2179

01:21:07,590 --> 01:21:04,639

interesting ones and the thing about

2180

01:21:08,550 --> 01:21:07,600

these coins they glow in the dark

2181

01:21:11,110 --> 01:21:08,560

perfect

2182

01:21:14,470 --> 01:21:11,120

and yeah they're they're just delightful

2183

01:21:15,750 --> 01:21:14,480

radioactive uh james blackwood i believe

2184

01:21:16,550 --> 01:21:15,760

let me just see

2185

01:21:18,229 --> 01:21:16,560

uh

2186

01:21:21,590 --> 01:21:18,239

because yeah james blackwood because

2187

01:21:23,590 --> 01:21:21,600

he's now known as the raccoon whisperer

2188

01:21:25,030 --> 01:21:23,600

do you did you hear about the he was

2189

01:21:27,030 --> 01:21:25,040

originally known as the raccoon

2190

01:21:28,790 --> 01:21:27,040

whisperer but now yeah

2191

01:21:30,790 --> 01:21:28,800

you can see that on youtube he has all

2192

01:21:32,709 --> 01:21:30,800

these raccoons come to his house and he

2193

01:21:35,110 --> 01:21:32,719

feeds them it's a riot

2194

01:21:37,830 --> 01:21:35,120

so but he had quite the story that was

2195

01:21:39,669 --> 01:21:37,840

quite a uh traumatic sighting i believe

2196

01:21:42,629 --> 01:21:39,679

for him at the time

2197

01:21:45,510 --> 01:21:42,639

and uh he described it so well i believe

2198

01:21:47,590 --> 01:21:45,520

there was a tail this thing had a tail

2199

01:21:50,149 --> 01:21:47,600

it was a strange object if i remember

2200

01:21:53,110 --> 01:21:50,159

right now i haven't i heard jordan's

2201

01:21:55,189 --> 01:21:53,120

port podcast probably six years ago so i

2202

01:21:56,950 --> 01:21:55,199

don't remember it in detail

2203

01:21:59,990 --> 01:21:56,960

but um

2204

01:22:02,470 --> 01:22:00,000

i have a problem with it oh that

2205

01:22:03,430 --> 01:22:02,480

particular case and the problem i have

2206

01:22:06,709 --> 01:22:03,440

is he

2207

01:22:09,350 --> 01:22:06,719

watched it through binoculars yeah

2208

01:22:11,590 --> 01:22:09,360

and it was very low on the on the

2209

01:22:13,590 --> 01:22:11,600

horizon close to the surface of the

2210

01:22:16,470 --> 01:22:13,600

ocean

2211

01:22:19,750 --> 01:22:16,480

and he washed it for several hours

2212

01:22:21,430 --> 01:22:19,760

and when i hear somebody watching a ufo

2213

01:22:24,470 --> 01:22:21,440

through binoculars

2214

01:22:27,910 --> 01:22:24,480

for a considerable length of time the

2215

01:22:30,470 --> 01:22:27,920

first thing i think of as a star planet

2216

01:22:31,990 --> 01:22:30,480

and he was watching straight east over

2217

01:22:33,669 --> 01:22:32,000

the ocean

2218

01:22:35,750 --> 01:22:33,679

and

2219

01:22:39,669 --> 01:22:35,760

the atmospheric distortion over the

2220

01:22:40,870 --> 01:22:39,679

ocean is very very significant sure

2221

01:22:41,750 --> 01:22:40,880

um

2222

01:22:43,830 --> 01:22:41,760

and

2223

01:22:45,590 --> 01:22:43,840

um so i

2224

01:22:48,229 --> 01:22:45,600

you know i'm i'm not calling him a liar

2225

01:22:51,270 --> 01:22:48,239

there's no question he saw something

2226

01:22:52,790 --> 01:22:51,280

i suspect that what he saw has an

2227

01:22:53,590 --> 01:22:52,800

explanation

2228

01:22:55,830 --> 01:22:53,600

but

2229

01:22:56,870 --> 01:22:55,840

nevertheless it made a profound impact

2230

01:22:59,030 --> 01:22:56,880

on him

2231

01:23:00,310 --> 01:22:59,040

um and it occurred at a time when there

2232

01:23:02,870 --> 01:23:00,320

were you know other people who had

2233

01:23:06,310 --> 01:23:02,880

reported seeing some ufos as well so i

2234

01:23:08,550 --> 01:23:06,320

you know that i think contributed to um

2235

01:23:10,629 --> 01:23:08,560

his fascination and his determination to

2236

01:23:12,390 --> 01:23:10,639

look at what he was looking at

2237

01:23:15,270 --> 01:23:12,400

um but you know there's like there's

2238

01:23:16,709 --> 01:23:15,280

some red flags there uh

2239

01:23:18,950 --> 01:23:16,719

with me

2240

01:23:22,149 --> 01:23:18,960

um if i remember right though he

2241

01:23:24,950 --> 01:23:22,159

described in pretty good detail this

2242

01:23:27,110 --> 01:23:24,960

this like an object i thought he said

2243

01:23:29,110 --> 01:23:27,120

there were lights on it but maybe i'm

2244

01:23:31,030 --> 01:23:29,120

again there's no question there were but

2245

01:23:32,229 --> 01:23:31,040

i mean again he was

2246

01:23:33,750 --> 01:23:32,239

he was

2247

01:23:35,910 --> 01:23:33,760

looking at it through binoculars and i

2248

01:23:37,590 --> 01:23:35,920

think i asked the question at one point

2249

01:23:39,110 --> 01:23:37,600

when was the last time the binoculars

2250

01:23:41,189 --> 01:23:39,120

were collimated

2251

01:23:43,270 --> 01:23:41,199

and apparently that was just a set of

2252

01:23:45,030 --> 01:23:43,280

binoculars that had been kicking around

2253

01:23:47,750 --> 01:23:45,040

and nobody knew when the last time that

2254

01:23:51,110 --> 01:23:47,760

they were adjusted so i as i say there's

2255

01:23:52,870 --> 01:23:51,120

i have some some reservations about it

2256

01:23:54,790 --> 01:23:52,880

but um

2257

01:23:56,390 --> 01:23:54,800

you know he's a very very good observer

2258

01:23:58,390 --> 01:23:56,400

and uh you'd think that he would know

2259

01:23:59,910 --> 01:23:58,400

the difference between stars and planets

2260

01:24:01,750 --> 01:23:59,920

and something else

2261

01:24:04,390 --> 01:24:01,760

well you know there's the

2262

01:24:06,709 --> 01:24:04,400

the controversy also about the

2263

01:24:08,550 --> 01:24:06,719

ufo the turkey ufo

2264

01:24:11,750 --> 01:24:08,560

and you you're familiar with that roger

2265

01:24:12,790 --> 01:24:11,760

lear there yes yeah and that that could

2266

01:24:14,629 --> 01:24:12,800

have been uh

2267

01:24:18,070 --> 01:24:14,639

they think could have been a camera

2268

01:24:20,070 --> 01:24:18,080

anomaly supposedly they're used other

2269

01:24:22,950 --> 01:24:20,080

more than just one camera so i'm not

2270

01:24:25,430 --> 01:24:22,960

sure about that and that that is some

2271

01:24:28,149 --> 01:24:25,440

pretty spooky images that came out of

2272

01:24:31,350 --> 01:24:28,159

those uh that filming i don't know you

2273

01:24:33,030 --> 01:24:31,360

have looked into it so i have and i you

2274

01:24:37,350 --> 01:24:33,040

know i i

2275

01:24:42,709 --> 01:24:38,870

i think i'm reading between the lines

2276

01:24:44,470 --> 01:24:42,719

but yeah okay that's fine and um yeah um

2277

01:24:46,390 --> 01:24:44,480

i was asked about that on someone else's

2278

01:24:47,510 --> 01:24:46,400

show and i i

2279

01:24:49,669 --> 01:24:47,520

mentioned that i thought it might have

2280

01:24:50,550 --> 01:24:49,679

been a camera thing but not sure

2281

01:24:54,030 --> 01:24:50,560

um

2282

01:24:58,470 --> 01:24:56,629

855-472-5483 bill is standing by so if

2283

01:24:59,590 --> 01:24:58,480

you'd like to call in and ask our guests

2284

01:25:01,990 --> 01:24:59,600

a question

2285

01:25:03,910 --> 01:25:02,000

so what else can we learn about your

2286

01:25:05,830 --> 01:25:03,920

book

2287

01:25:07,750 --> 01:25:05,840

well i mean i do have some information

2288

01:25:09,350 --> 01:25:07,760

there about the falcon lake case and i i

2289

01:25:11,430 --> 01:25:09,360

just i know there's probably going to be

2290

01:25:13,590 --> 01:25:11,440

some calls coming in so very quickly

2291

01:25:16,149 --> 01:25:13,600

1967 a fellow was doing some amateur

2292

01:25:18,070 --> 01:25:16,159

prospecting he was a bit of a rock hound

2293

01:25:20,790 --> 01:25:18,080

he went into the the forest very very

2294

01:25:23,510 --> 01:25:20,800

rugged kind of area

2295

01:25:26,470 --> 01:25:23,520

and he saw for all intents and purposes

2296

01:25:29,030 --> 01:25:26,480

a hollywood style flying saucer uh come

2297

01:25:32,149 --> 01:25:29,040

down not far from him

2298

01:25:36,550 --> 01:25:32,159

uh he uh you know it's disc shaped dome

2299

01:25:38,149 --> 01:25:36,560

on top 35 feet in diameter 12 feet high

2300

01:25:40,149 --> 01:25:38,159

lights coming out of it he went up and

2301

01:25:41,430 --> 01:25:40,159

touched the side of it his rubberized

2302

01:25:43,430 --> 01:25:41,440

glove melted

2303

01:25:45,750 --> 01:25:43,440

when this thing took off a blast of hot

2304

01:25:47,590 --> 01:25:45,760

gas hit him in the chest knock setting

2305

01:25:49,270 --> 01:25:47,600

his clothes on fire setting fire to pine

2306

01:25:50,870 --> 01:25:49,280

needles

2307

01:25:53,430 --> 01:25:50,880

he eventually made it to a hospital

2308

01:25:55,510 --> 01:25:53,440

where he was treated for burns

2309

01:25:57,110 --> 01:25:55,520

radiation was found at the site

2310

01:25:58,629 --> 01:25:57,120

and the royal canadian mounted police

2311

01:26:02,070 --> 01:25:58,639

and the royal canadian air force

2312

01:26:03,830 --> 01:26:02,080

investigated and in the opinion of the

2313

01:26:05,669 --> 01:26:03,840

investigators they had no explanation

2314

01:26:08,709 --> 01:26:05,679

for what was found

2315

01:26:10,070 --> 01:26:08,719

and um the united states air force in

2316

01:26:12,070 --> 01:26:10,080

terms of the continent

2317

01:26:13,510 --> 01:26:12,080

committee came up investigated and they

2318

01:26:14,790 --> 01:26:13,520

decided it wasn't a very good case

2319

01:26:18,390 --> 01:26:14,800

whereas the royal canadian mounted

2320

01:26:20,790 --> 01:26:18,400

police and the air force had spent many

2321

01:26:22,709 --> 01:26:20,800

many hours investigating and looking

2322

01:26:25,030 --> 01:26:22,719

at the site and looking at the evidence

2323

01:26:26,950 --> 01:26:25,040

decided it could not be explained but i

2324

01:26:28,229 --> 01:26:26,960

have much of those documents in the book

2325

01:26:29,110 --> 01:26:28,239

too

2326

01:26:31,350 --> 01:26:29,120

and

2327

01:26:35,270 --> 01:26:31,360

the those burns were pretty

2328

01:26:36,790 --> 01:26:35,280

that he had on him like uh grill type

2329

01:26:38,390 --> 01:26:36,800

they're they're pretty

2330

01:26:41,910 --> 01:26:38,400

pretty bad he was in the hospital for a

2331

01:26:42,709 --> 01:26:41,920

while did he recover fully from that

2332

01:26:43,510 --> 01:26:42,719

well

2333

01:26:48,149 --> 01:26:43,520

he

2334

01:26:51,270 --> 01:26:48,159

recovery at home but his burns took

2335

01:26:52,790 --> 01:26:51,280

quite some time to to fade uh in fact

2336

01:26:54,390 --> 01:26:52,800

the burns

2337

01:26:56,709 --> 01:26:54,400

on his lower chest that were kind of in

2338

01:26:57,910 --> 01:26:56,719

this this checkerboard pattern

2339

01:27:01,030 --> 01:26:57,920

um

2340

01:27:03,189 --> 01:27:01,040

the the scar tissue was was you know it

2341

01:27:05,030 --> 01:27:03,199

was always underneath his uh his skin

2342

01:27:06,870 --> 01:27:05,040

you could always feel those uh he called

2343

01:27:08,550 --> 01:27:06,880

them as buttons actually

2344

01:27:10,790 --> 01:27:08,560

uh because you could you could feel them

2345

01:27:12,870 --> 01:27:10,800

like buttons under his skin

2346

01:27:14,870 --> 01:27:12,880

um and you know there's no question that

2347

01:27:16,950 --> 01:27:14,880

he was physically injured and we have

2348

01:27:18,950 --> 01:27:16,960

the medical records we have the records

2349

01:27:22,470 --> 01:27:18,960

from the rcmp in the royal canadian air

2350

01:27:24,229 --> 01:27:22,480

force we have records um from officials

2351

01:27:26,550 --> 01:27:24,239

uh this was a very intensely

2352

01:27:28,709 --> 01:27:26,560

investigated case probably more better

2353

01:27:31,510 --> 01:27:28,719

documented than roswell

2354

01:27:33,510 --> 01:27:31,520

wow and so they did they came up they

2355

01:27:35,590 --> 01:27:33,520

didn't come up with anything basically

2356

01:27:37,510 --> 01:27:35,600

that's the bottom line the the statement

2357

01:27:41,430 --> 01:27:37,520

actually on record is that they did not

2358

01:27:43,990 --> 01:27:41,440

have a satisfactory explanation

2359

01:27:45,350 --> 01:27:44,000

oh and did he talk about this afterwards

2360

01:27:50,550 --> 01:27:45,360

or

2361

01:27:53,430 --> 01:27:50,560

he want to talk about it um

2362

01:27:54,790 --> 01:27:53,440

he he thought that he actually went to

2363

01:27:56,470 --> 01:27:54,800

the press because he thought that there

2364

01:27:58,629 --> 01:27:56,480

was a danger to the public he thought

2365

01:27:59,910 --> 01:27:58,639

this was some sort of american

2366

01:28:01,189 --> 01:27:59,920

like this is just the beginning of

2367

01:28:04,310 --> 01:28:01,199

apollo so he thought this was an

2368

01:28:06,470 --> 01:28:04,320

american test of a flying vehicle

2369

01:28:08,070 --> 01:28:06,480

um and it was you know that that it was

2370

01:28:09,590 --> 01:28:08,080

dangerous to try and be out in the woods

2371

01:28:10,629 --> 01:28:09,600

if these things are gonna be flying

2372

01:28:14,149 --> 01:28:10,639

around

2373

01:28:16,070 --> 01:28:14,159

um and um then when there was such a

2374

01:28:18,310 --> 01:28:16,080

tremendous interest in this

2375

01:28:19,830 --> 01:28:18,320

um that uh they were the family was

2376

01:28:22,790 --> 01:28:19,840

bothered day and night

2377

01:28:24,149 --> 01:28:22,800

uh people camped out on their doorstep

2378

01:28:26,950 --> 01:28:24,159

um

2379

01:28:29,189 --> 01:28:26,960

and uh he eventually just said enough is

2380

01:28:33,030 --> 01:28:29,199

enough and the family stopped talking

2381

01:28:35,990 --> 01:28:33,040

about it and only because i happened to

2382

01:28:37,910 --> 01:28:36,000

know uh the family myself

2383

01:28:40,229 --> 01:28:37,920

that um that they

2384

01:28:43,750 --> 01:28:40,239

agreed to talk with me and i opened the

2385

01:28:45,669 --> 01:28:43,760

case myself in the 1970s again

2386

01:28:47,350 --> 01:28:45,679

to reinvestigate and we have all this

2387

01:28:49,189 --> 01:28:47,360

documentation and

2388

01:28:51,430 --> 01:28:49,199

three or four hundred pages separate

2389

01:28:53,830 --> 01:28:51,440

pages of documentation about this

2390

01:28:57,110 --> 01:28:53,840

particular case

2391

01:28:59,030 --> 01:28:57,120

wow and so yeah it it's it's one of the

2392

01:29:01,669 --> 01:28:59,040

ones that always seems to come up you

2393

01:29:04,390 --> 01:29:01,679

know when when anyone talks about

2394

01:29:06,310 --> 01:29:04,400

um you know the like major ufo sightings

2395

01:29:07,669 --> 01:29:06,320

in in canada

2396

01:29:08,870 --> 01:29:07,679

water anywhere

2397

01:29:09,750 --> 01:29:08,880

i would oh yeah

2398

01:29:11,189 --> 01:29:09,760

you're

2399

01:29:12,310 --> 01:29:11,199

i would challenge you to find another

2400

01:29:13,990 --> 01:29:12,320

case that

2401
01:29:16,149 --> 01:29:14,000
has three or four pages of government

2402
01:29:18,470 --> 01:29:16,159
documents documenting the case

2403
01:29:20,950 --> 01:29:18,480
physical injury to the to the witness

2404
01:29:23,430 --> 01:29:20,960
witness available to to talk to the

2405
01:29:25,910 --> 01:29:23,440
media the site is accessible

2406
01:29:27,990 --> 01:29:25,920
physical evidence found radioactive

2407
01:29:30,070 --> 01:29:28,000
material found at the site

2408
01:29:32,950 --> 01:29:30,080
you name it you give me a another case

2409
01:29:34,790 --> 01:29:32,960
that's that's documented like that

2410
01:29:36,550 --> 01:29:34,800
and what was the act what was the

2411
01:29:39,189 --> 01:29:36,560
radioactivity

2412
01:29:41,270 --> 01:29:39,199
level was it was it a very high level

2413
01:29:43,430 --> 01:29:41,280

unusually high matter of fact and we

2414

01:29:46,229 --> 01:29:43,440

have the documentation of this that the

2415

01:29:48,070 --> 01:29:46,239

radiation was so high that the the part

2416

01:29:50,709 --> 01:29:48,080

that the government considered closing

2417

01:29:52,229 --> 01:29:50,719

the area to the public

2418

01:29:58,390 --> 01:29:52,239

wow

2419

01:30:01,590 --> 01:29:59,430

right

2420

01:30:04,790 --> 01:30:01,600

can you remind me the year please and

2421

01:30:08,229 --> 01:30:04,800

what this was 1967.

2422

01:30:10,070 --> 01:30:08,239

was that 57 of the five or 67 six 67

2423

01:30:11,990 --> 01:30:10,080

1967

2424

01:30:13,350 --> 01:30:12,000

okay because i was just trying to think

2425

01:30:15,189 --> 01:30:13,360

um

2426

01:30:16,310 --> 01:30:15,199

the only other one you hear about like

2427

01:30:18,790 --> 01:30:16,320

burns

2428

01:30:21,110 --> 01:30:18,800

you know a known sighting is the cash

2429

01:30:22,629 --> 01:30:21,120

landrum case like that you know in the

2430

01:30:24,470 --> 01:30:22,639

united states and you know there is

2431

01:30:28,229 --> 01:30:24,480

speculation that that would have been

2432

01:30:29,830 --> 01:30:28,239

some type of an experimental uh vehicle

2433

01:30:30,790 --> 01:30:29,840

but in this case

2434

01:30:31,750 --> 01:30:30,800

yeah

2435

01:30:33,990 --> 01:30:31,760

and

2436

01:30:37,030 --> 01:30:34,000

was that ever something that was ever

2437

01:30:38,629 --> 01:30:37,040

thought of in this particular case

2438

01:30:41,030 --> 01:30:38,639

you know that was some time after that

2439

01:30:43,430 --> 01:30:41,040

but um yeah their parallels have been

2440

01:30:45,669 --> 01:30:43,440

have been mentioned but as in terms of

2441

01:30:47,030 --> 01:30:45,679

government documentation

2442

01:30:48,709 --> 01:30:47,040

uh you know

2443

01:30:49,830 --> 01:30:48,719

up until the point where

2444

01:30:51,590 --> 01:30:49,840

um

2445

01:30:53,830 --> 01:30:51,600

betty and uh

2446

01:30:56,470 --> 01:30:53,840

and her her friend you know

2447

01:30:58,149 --> 01:30:56,480

you know tried to get uh legal documents

2448

01:30:59,430 --> 01:30:58,159

uh regarding uh

2449

01:31:01,590 --> 01:30:59,440

what had happened

2450

01:31:04,390 --> 01:31:01,600

it uh the government documentation is

2451
01:31:06,629 --> 01:31:04,400
certainly nowhere near as significant

2452
01:31:08,229 --> 01:31:06,639
wow so again the lines are open i'm

2453
01:31:11,590 --> 01:31:08,239
surprised there's no calls and that

2454
01:31:14,149 --> 01:31:11,600
number is 855-472-5483

2455
01:31:15,590 --> 01:31:14,159
feel free to call in with your questions

2456
01:31:17,990 --> 01:31:15,600
and i just want to see if there's

2457
01:31:20,390 --> 01:31:18,000
anything else here in the in the chat

2458
01:31:23,910 --> 01:31:20,400
what are some of the one other ones you

2459
01:31:23,920 --> 01:31:27,110
well um

2460
01:31:31,510 --> 01:31:29,430
i also talk about the largest piece of

2461
01:31:34,229 --> 01:31:31,520
ufo ever found

2462
01:31:35,510 --> 01:31:34,239
oh boy i'm excited to hear about that

2463
01:31:38,310 --> 01:31:35,520

yeah well you know there's this big

2464

01:31:40,790 --> 01:31:38,320

interest right now in metamaterials and

2465

01:31:42,870 --> 01:31:40,800

you know the pieces of ufo and uh

2466

01:31:44,629 --> 01:31:42,880

there's you know there's a big debate as

2467

01:31:47,430 --> 01:31:44,639

to you know where these things come from

2468

01:31:49,830 --> 01:31:47,440

most of the pieces are are fairly tiny

2469

01:31:52,390 --> 01:31:49,840

yeah the one that people mostly see on

2470

01:31:53,510 --> 01:31:52,400

photos uh is a layered thing about that

2471

01:31:54,310 --> 01:31:53,520

big

2472

01:31:57,110 --> 01:31:54,320

um

2473

01:31:58,950 --> 01:31:57,120

was

2474

01:32:00,790 --> 01:31:58,960

created using a technique that didn't

2475

01:32:02,229 --> 01:32:00,800

exist at the time it was found or

2476
01:32:04,790 --> 01:32:02,239
something like that you may hear

2477
01:32:05,990 --> 01:32:04,800
discussion about the ubertuba fragment

2478
01:32:08,550 --> 01:32:06,000
um

2479
01:32:10,229 --> 01:32:08,560
which the the history of that

2480
01:32:13,030 --> 01:32:10,239
is such as doesn't seem to be actually

2481
01:32:15,910 --> 01:32:13,040
connected with any ufo case it there was

2482
01:32:17,189 --> 01:32:15,920
an anonymous letter that was sent uh

2483
01:32:18,950 --> 01:32:17,199
that that

2484
01:32:22,229 --> 01:32:18,960
that was received that supposedly talked

2485
01:32:23,590 --> 01:32:22,239
about it um so you know to connect to to

2486
01:32:27,110 --> 01:32:23,600
say that that's proof that i was

2487
01:32:28,629 --> 01:32:27,120
recovered from a ufo is kind of dubious

2488
01:32:31,270 --> 01:32:28,639

so there's a lot of the stuff that you

2489

01:32:34,070 --> 01:32:31,280

know of cases that seem to be

2490

01:32:36,709 --> 01:32:34,080

uh of you know questionable origin but

2491

01:32:38,390 --> 01:32:36,719

you know supposedly come from a ufo

2492

01:32:41,750 --> 01:32:38,400

well

2493

01:32:42,950 --> 01:32:41,760

um back in the early 1960s a large piece

2494

01:32:45,189 --> 01:32:42,960

of metal

2495

01:32:45,990 --> 01:32:45,199

was found um

2496

01:32:48,070 --> 01:32:46,000

uh

2497

01:32:50,390 --> 01:32:48,080

yeah on the just on the shore of the

2498

01:32:51,270 --> 01:32:50,400

ottawa river in canada

2499

01:32:53,669 --> 01:32:51,280

and

2500

01:32:56,709 --> 01:32:53,679

the suggestion was that it came from a

2501
01:33:00,390 --> 01:32:56,719
ufo a crashed ufo

2502
01:33:02,390 --> 01:33:00,400
it was a ton of metal

2503
01:33:06,830 --> 01:33:02,400
and i'm just just not just using

2504
01:33:10,390 --> 01:33:06,840
hyperbole it was a ton of metal

2505
01:33:12,470 --> 01:33:10,400
um and um

2506
01:33:13,990 --> 01:33:12,480
uh this chunk of metal was very it was

2507
01:33:16,709 --> 01:33:14,000
difficult to move

2508
01:33:18,790 --> 01:33:16,719
um in fact it was part of a there was a

2509
01:33:21,590 --> 01:33:18,800
actually uh

2510
01:33:24,550 --> 01:33:21,600
a chunk of it um that was actually sent

2511
01:33:27,189 --> 01:33:24,560
to a foundry to to melt down

2512
01:33:30,470 --> 01:33:27,199
um but a large a significant large piece

2513
01:33:33,030 --> 01:33:30,480

the size of a i don't know the size of a

2514

01:33:35,590 --> 01:33:33,040

of a washing machine

2515

01:33:37,669 --> 01:33:35,600

uh was uh was taken and studied and it

2516

01:33:40,629 --> 01:33:37,679

was analyzed by a number of

2517

01:33:43,110 --> 01:33:40,639

metallurgists uh was studied by a

2518

01:33:45,669 --> 01:33:43,120

chemical laboratory in canada and was

2519

01:33:47,990 --> 01:33:45,679

promoted by a number of ufo groups and

2520

01:33:49,350 --> 01:33:48,000

organizations at the time as being a a

2521

01:33:50,790 --> 01:33:49,360

piece of a

2522

01:33:53,510 --> 01:33:50,800

of a ufo

2523

01:33:55,669 --> 01:33:53,520

and uh pieces of that particular thing

2524

01:33:58,550 --> 01:33:55,679

the original giant chunk

2525

01:34:01,350 --> 01:33:58,560

um has has been lost if you can just

2526

01:34:02,310 --> 01:34:01,360

imagine losing a piece of ufo um that

2527

01:34:04,790 --> 01:34:02,320

big

2528

01:34:07,830 --> 01:34:04,800

but little small pieces size of the meta

2529

01:34:09,910 --> 01:34:07,840

materials these days um exist in another

2530

01:34:11,830 --> 01:34:09,920

university's archives

2531

01:34:14,550 --> 01:34:11,840

and are awaiting testing

2532

01:34:15,430 --> 01:34:14,560

uh and i document uh you know the story

2533

01:34:17,350 --> 01:34:15,440

of that

2534

01:34:19,030 --> 01:34:17,360

that piece was actually

2535

01:34:20,629 --> 01:34:19,040

examined by

2536

01:34:23,990 --> 01:34:20,639

um

2537

01:34:26,310 --> 01:34:24,000

by roy craig from uh

2538

01:34:28,070 --> 01:34:26,320

from project uh or from the condon

2539

01:34:29,430 --> 01:34:28,080

committee he wasn't all that impressed

2540

01:34:31,510 --> 01:34:29,440

with it

2541

01:34:34,310 --> 01:34:31,520

but a lot of other people involved in

2542

01:34:36,229 --> 01:34:34,320

ufology at the time in the 60s

2543

01:34:38,149 --> 01:34:36,239

were bound to determine that this was a

2544

01:34:40,790 --> 01:34:38,159

really good case

2545

01:34:43,590 --> 01:34:40,800

wow we have we have a call

2546

01:34:44,709 --> 01:34:43,600

let me get this ready here

2547

01:34:47,350 --> 01:34:44,719

we have

2548

01:34:50,149 --> 01:34:47,360

kevin in florida kevin you're on the air

2549

01:34:52,550 --> 01:34:50,159

welcome to the show

2550

01:34:55,430 --> 01:34:52,560

great to be on uh

2551

01:34:57,510 --> 01:34:55,440

i'm getting an echo in here

2552

01:34:59,270 --> 01:34:57,520

oh try to try to ignore the echo we'll

2553

01:35:02,229 --> 01:34:59,280

try we'll try to fix the echo for the

2554

01:35:05,270 --> 01:35:02,239

next caller but go ahead and try to

2555

01:35:10,310 --> 01:35:06,950

opinion on

2556

01:35:11,669 --> 01:35:10,320

uh mr heller the former defense minister

2557

01:35:13,510 --> 01:35:11,679

of canada

2558

01:35:15,590 --> 01:35:13,520

paul hillier yeah

2559

01:35:16,390 --> 01:35:15,600

my opinion

2560

01:35:18,149 --> 01:35:16,400

yeah

2561

01:35:19,590 --> 01:35:18,159

he had a number of revelations about

2562

01:35:21,430 --> 01:35:19,600

europeans

2563

01:35:24,870 --> 01:35:21,440

yeah um i

2564

01:35:29,990 --> 01:35:28,149

i have my concerns about paul hellyer um

2565

01:35:31,910 --> 01:35:30,000

at the time that

2566

01:35:34,149 --> 01:35:31,920

uh

2567

01:35:35,990 --> 01:35:34,159

he was defense minister

2568

01:35:38,229 --> 01:35:36,000

which was up until the early part of

2569

01:35:39,910 --> 01:35:38,239

1967

2570

01:35:42,870 --> 01:35:39,920

he had said that

2571

01:35:44,149 --> 01:35:42,880

no ufo cases of interest uh ever crossed

2572

01:35:45,430 --> 01:35:44,159

his desk and he wasn't all that

2573

01:35:47,350 --> 01:35:45,440

interested

2574

01:35:50,390 --> 01:35:47,360

so it was a little surprising that that

2575

01:35:52,070 --> 01:35:50,400

in early 2000s he

2576

01:35:55,510 --> 01:35:52,080

came forward with uh

2577

01:35:57,350 --> 01:35:55,520

with a story that he had been given

2578

01:35:59,109 --> 01:35:57,360

information by a person that by a source

2579

01:36:00,950 --> 01:35:59,119

that he never did name

2580

01:36:02,709 --> 01:36:00,960

um within the military who assured him

2581

01:36:04,470 --> 01:36:02,719

that a lot of the ufo stories were true

2582

01:36:06,149 --> 01:36:04,480

and that the aliens were in contact with

2583

01:36:08,870 --> 01:36:06,159

uh with military

2584

01:36:12,390 --> 01:36:08,880

uh people in uh uh you know around the

2585

01:36:14,310 --> 01:36:12,400

world um

2586

01:36:15,750 --> 01:36:14,320

he had lost his

2587

01:36:18,629 --> 01:36:15,760

um

2588

01:36:21,830 --> 01:36:18,639

uh his access his uh his high level

2589

01:36:24,790 --> 01:36:21,840

access to uh to information when he uh

2590

01:36:25,590 --> 01:36:24,800

ceased being minister of defense uh so

2591

01:36:29,910 --> 01:36:25,600

for

2592

01:36:31,669 --> 01:36:29,920

about uh

2593

01:36:34,550 --> 01:36:31,679

about ufos or what was really being done

2594

01:36:36,950 --> 01:36:34,560

in the military regarding the ufos so

2595

01:36:39,430 --> 01:36:36,960

i find his stories a little hard to

2596

01:36:41,030 --> 01:36:39,440

believe uh but a lot of people put a lot

2597

01:36:42,790 --> 01:36:41,040

of faith in him although the times that

2598

01:36:46,310 --> 01:36:42,800

i met him and talked with him

2599

01:36:49,270 --> 01:36:46,320

um i just had a lot of red flags

2600

01:36:52,390 --> 01:36:49,280

any anything else kevin

2601

01:36:55,270 --> 01:36:52,400

well as far as the radiation in a ufo

2602

01:36:57,189 --> 01:36:55,280

report there was a case in texas where a

2603

01:36:59,590 --> 01:36:57,199

couple in a car

2604

01:37:01,510 --> 01:36:59,600

were burned by radiation

2605

01:37:03,669 --> 01:37:01,520

seems to have an analogy to the incident

2606

01:37:07,430 --> 01:37:03,679

in canada yeah that's the cash landrum

2607

01:37:09,430 --> 01:37:07,440

case we're just talking about that one

2608

01:37:11,590 --> 01:37:09,440

yes didn't betty and barney hill have

2609

01:37:12,950 --> 01:37:11,600

radiation as well

2610

01:37:15,510 --> 01:37:12,960

no i don't think betty and barney hill

2611

01:37:17,669 --> 01:37:15,520

had radiation no well the the trunk of

2612

01:37:19,510 --> 01:37:17,679

the lid trunk of their car supposedly

2613

01:37:21,510 --> 01:37:19,520

had something going on but i'm not sure

2614

01:37:23,750 --> 01:37:21,520

if it was radiation i think it was some

2615

01:37:25,830 --> 01:37:23,760

a magnetic field yeah magnetic sort of

2616

01:37:28,310 --> 01:37:25,840

was yes yeah yeah

2617

01:37:29,350 --> 01:37:28,320

i remember that compass spun around

2618

01:37:30,310 --> 01:37:29,360

around yeah

2619

01:37:32,790 --> 01:37:30,320

yeah

2620

01:37:36,229 --> 01:37:32,800

well thank you for the call kevin

2621

01:37:38,470 --> 01:37:36,239

okay great all right so the line is open

2622

01:37:39,270 --> 01:37:38,480

and again that number is eight five five

2623

01:37:43,669 --> 01:37:39,280

four

2624

01:37:47,189 --> 01:37:43,679

yeah i mean those ones that where

2625

01:37:49,030 --> 01:37:47,199

they're they're burns and things and

2626

01:37:49,910 --> 01:37:49,040

boy they're kind of scary there's a

2627

01:37:52,870 --> 01:37:49,920

there's

2628

01:37:54,709 --> 01:37:52,880

no not a tremendous amount of of them

2629

01:37:56,149 --> 01:37:54,719

but there are some

2630

01:37:57,510 --> 01:37:56,159

yeah they're few and far between the

2631

01:38:00,390 --> 01:37:57,520

others i'm just going to make to another

2632

01:38:02,709 --> 01:38:00,400

point about uh paul hellyer um he also

2633

01:38:04,790 --> 01:38:02,719

said that you know as i said he he said

2634

01:38:06,950 --> 01:38:04,800

that when he was in office as minister

2635

01:38:08,470 --> 01:38:06,960

of defense he never you know was all

2636

01:38:10,390 --> 01:38:08,480

that interested in ufos and didn't see

2637

01:38:11,830 --> 01:38:10,400

anything that that was of interest

2638

01:38:13,189 --> 01:38:11,840

however

2639

01:38:14,310 --> 01:38:13,199

actually i think i have it in my book as

2640

01:38:15,590 --> 01:38:14,320

a matter of fact

2641

01:38:18,550 --> 01:38:15,600

um

2642

01:38:19,750 --> 01:38:18,560

in uh in 1967 while he was still in

2643

01:38:22,870 --> 01:38:19,760

office

2644

01:38:26,270 --> 01:38:22,880

um there was a

2645

01:38:30,629 --> 01:38:26,280

uh crop circle report

2646

01:38:32,950 --> 01:38:30,639

1967 we beat england by a long shot

2647

01:38:35,990 --> 01:38:32,960

and it was actually investigated

2648

01:38:38,390 --> 01:38:36,000

by the ministry of national defense so

2649

01:38:39,669 --> 01:38:38,400

so they brought canadian air force

2650

01:38:41,750 --> 01:38:39,679

and the royal canadian mounted police

2651

01:38:45,189 --> 01:38:41,760

were involved as well

2652

01:38:47,669 --> 01:38:45,199

and i have we found the actual report

2653

01:38:49,750 --> 01:38:47,679

from the minister from the uh department

2654

01:38:51,109 --> 01:38:49,760

of national defense on an investigation

2655

01:38:53,510 --> 01:38:51,119

of a crop circle

2656

01:38:54,790 --> 01:38:53,520

in canada in 1967.

2657

01:39:00,390 --> 01:38:54,800

um

2658

01:39:02,550 --> 01:39:00,400

the military here you go

2659

01:39:05,350 --> 01:39:02,560

and what's interesting is that

2660

01:39:07,270 --> 01:39:05,360

there's also a document on file

2661

01:39:09,830 --> 01:39:07,280

that says there was a ministerial

2662

01:39:11,990 --> 01:39:09,840

inquiry

2663

01:39:14,550 --> 01:39:12,000

requested about this particular case

2664

01:39:16,390 --> 01:39:14,560

about the crop circle in in canada and

2665

01:39:18,070 --> 01:39:16,400

at the time the minister was paul

2666

01:39:20,229 --> 01:39:18,080

hellyer

2667

01:39:22,550 --> 01:39:20,239

so how could he not

2668

01:39:25,350 --> 01:39:22,560

have any interesting cases in ufos and

2669

01:39:27,270 --> 01:39:25,360

have no comment on ufos

2670

01:39:29,510 --> 01:39:27,280

while he was in office

2671

01:39:31,350 --> 01:39:29,520

when we know for a fact that he actually

2672

01:39:33,189 --> 01:39:31,360

ordered a ministerial inquiry into the

2673

01:39:35,669 --> 01:39:33,199

crop circle ufo that was connected to

2674

01:39:38,310 --> 01:39:35,679

ufos do you think you just do you think

2675

01:39:41,030 --> 01:39:38,320

he just was keeping it quiet or

2676

01:39:43,910 --> 01:39:41,040

i mean it would be strange to keep it

2677

01:39:46,229 --> 01:39:43,920

quiet because it's on the public record

2678

01:39:48,070 --> 01:39:46,239

we have these documents that prove this

2679

01:39:49,669 --> 01:39:48,080

and these are part of the documents that

2680

01:39:51,590 --> 01:39:49,679

are part of the librarian archives

2681

01:39:52,950 --> 01:39:51,600

canada collection that are digitally

2682

01:39:55,830 --> 01:39:52,960

available

2683

01:39:59,270 --> 01:39:55,840

oh wow now would you say that canada is

2684

01:40:04,390 --> 01:39:59,280

a little more loose with classifying

2685

01:40:07,750 --> 01:40:06,070

um

2686

01:40:09,270 --> 01:40:07,760

loose well i mean there's no question

2687

01:40:11,109 --> 01:40:09,280

there's there's probably a lot of

2688

01:40:13,910 --> 01:40:11,119

documents that we don't have access to

2689

01:40:16,229 --> 01:40:13,920

and and uh i know that over the past 20

2690

01:40:19,189 --> 01:40:16,239

or 30 years more have been released uh

2691

01:40:21,430 --> 01:40:19,199

slowly per uh some uh some access to

2692

01:40:23,750 --> 01:40:21,440

information requests in fact access

2693

01:40:25,189 --> 01:40:23,760

information requests are are uh are

2694

01:40:26,709 --> 01:40:25,199

being undertaken all the time and that's

2695

01:40:28,550 --> 01:40:26,719

how we found out about this briefing for

2696

01:40:30,470 --> 01:40:28,560

the the current minister then the

2697

01:40:31,669 --> 01:40:30,480

current minister of defense

2698

01:40:34,310 --> 01:40:31,679

um

2699

01:40:37,270 --> 01:40:34,320

so things are being classified

2700

01:40:38,950 --> 01:40:37,280

but uh with requests the restrictions

2701

01:40:41,189 --> 01:40:38,960

are being released

2702

01:40:44,550 --> 01:40:41,199

and more and more information is coming

2703

01:40:46,950 --> 01:40:44,560

forward um i mentioned that um

2704

01:40:49,030 --> 01:40:46,960

in this briefing somebody had filed an

2705

01:40:51,430 --> 01:40:49,040

access information request to this

2706

01:40:53,910 --> 01:40:51,440

minister of defense and they found you

2707

01:40:56,550 --> 01:40:53,920

know this comment that chris rakowski

2708

01:40:59,109 --> 01:40:56,560

was the one receiving the ufo reports

2709

01:41:02,070 --> 01:40:59,119

um there was a little blank spot on that

2710

01:41:04,709 --> 01:41:02,080

particular slide and so somebody else

2711

01:41:06,470 --> 01:41:04,719

filed an access to information request

2712

01:41:08,390 --> 01:41:06,480

to find out what was in that blank spot

2713

01:41:10,070 --> 01:41:08,400

that had been deleted out of the that

2714

01:41:11,590 --> 01:41:10,080

particular slide

2715

01:41:14,550 --> 01:41:11,600

and then the second

2716

01:41:16,629 --> 01:41:14,560

accessed information request um they got

2717

01:41:18,550 --> 01:41:16,639

through the classification to find out

2718

01:41:19,669 --> 01:41:18,560

that it was a picture of me

2719

01:41:21,510 --> 01:41:19,679

oh

2720

01:41:23,109 --> 01:41:21,520

wow

2721

01:41:24,550 --> 01:41:23,119

how about that

2722

01:41:26,950 --> 01:41:24,560

so the

2723

01:41:29,830 --> 01:41:26,960

access information

2724

01:41:31,750 --> 01:41:29,840

when you file for that as

2725

01:41:33,669 --> 01:41:31,760

can anyone file do you have to be a

2726

01:41:35,430 --> 01:41:33,679

canadian citizen because i believe you

2727

01:41:37,590 --> 01:41:35,440

talked about paul dean who lives in

2728

01:41:39,990 --> 01:41:37,600

australia and he's been getting four

2729

01:41:42,950 --> 01:41:40,000

years from the united states

2730

01:41:45,510 --> 01:41:42,960

yeah i think i think that anyone can

2731

01:41:48,229 --> 01:41:45,520

file from any any country

2732

01:41:50,229 --> 01:41:48,239

i think there are restrictions on some

2733

01:41:52,390 --> 01:41:50,239

documents that you have to be a canadian

2734

01:41:55,350 --> 01:41:52,400

citizen to file for some of them

2735

01:41:59,590 --> 01:41:55,360

but i don't know which ones

2736

01:42:01,910 --> 01:41:59,600

and is it as much of a job as it is for

2737

01:42:04,550 --> 01:42:01,920

for freedom of information act as far as

2738

01:42:06,390 --> 01:42:04,560

the forms to fill out in the accuracy

2739

01:42:09,189 --> 01:42:06,400

and all that

2740

01:42:10,070 --> 01:42:09,199

yeah you have to be very very specific

2741

01:42:12,310 --> 01:42:10,080

um

2742

01:42:15,669 --> 01:42:12,320

there is when i was going through

2743

01:42:17,750 --> 01:42:15,679

uh sort of just like the foias

2744

01:42:20,390 --> 01:42:17,760

the atis

2745

01:42:21,910 --> 01:42:20,400

there's a list of successful and

2746

01:42:24,790 --> 01:42:21,920

unsuccessful

2747

01:42:25,830 --> 01:42:24,800

requests that you can look up

2748

01:42:28,310 --> 01:42:25,840

and

2749

01:42:30,229 --> 01:42:28,320

um there was one request i i saw there

2750

01:42:31,750 --> 01:42:30,239

was a request for

2751

01:42:34,229 --> 01:42:31,760

all the

2752

01:42:36,870 --> 01:42:34,239

documents relating to ufos

2753

01:42:37,830 --> 01:42:36,880

uh in a particular government department

2754

01:42:40,950 --> 01:42:37,840

and

2755

01:42:43,830 --> 01:42:40,960

uh they found zero documents

2756

01:42:45,430 --> 01:42:43,840

uh on this particular one anyways and i

2757

01:42:47,830 --> 01:42:45,440

was looking at i'm thinking i actually

2758

01:42:50,550 --> 01:42:47,840

have documents from this particular

2759

01:42:53,510 --> 01:42:50,560

department about ufos so

2760

01:42:55,750 --> 01:42:53,520

they obviously worded it wrong somehow

2761

01:42:57,510 --> 01:42:55,760

because i've seen others where they do

2762

01:42:59,830 --> 01:42:57,520

you know they say all documents all

2763

01:43:02,070 --> 01:42:59,840

correspondence all memos all interviews

2764

01:43:03,350 --> 01:43:02,080

all you know and you have to list all

2765

01:43:04,390 --> 01:43:03,360

the different departments so it could

2766

01:43:06,790 --> 01:43:04,400

have been

2767

01:43:08,390 --> 01:43:06,800

you know they they just missed the the

2768

01:43:10,149 --> 01:43:08,400

right wording and that's what john

2769

01:43:12,070 --> 01:43:10,159

greenwald goes through all the time you

2770

01:43:14,550 --> 01:43:12,080

know he finds out that he has to go

2771

01:43:16,629 --> 01:43:14,560

through specific wording and you have to

2772

01:43:18,550 --> 01:43:16,639

parse it exactly and the semantics

2773

01:43:20,470 --> 01:43:18,560

really does matter

2774

01:43:22,229 --> 01:43:20,480

i know he's been doing it for so many

2775

01:43:24,790 --> 01:43:22,239

years it's it's

2776

01:43:25,590 --> 01:43:24,800

it's quite quite amazing

2777

01:43:28,550 --> 01:43:25,600

uh

2778

01:43:30,950 --> 01:43:28,560

they probably say oh it's him again

2779

01:43:33,510 --> 01:43:30,960

he thinks they do i think yeah tens of

2780

01:43:35,189 --> 01:43:33,520

thousands of documents you know from him

2781

01:43:37,350 --> 01:43:35,199

what a great job he's done

2782

01:43:39,430 --> 01:43:37,360

under that you know the whole uh the

2783

01:43:42,550 --> 01:43:39,440

whole thing getting that information

2784

01:43:44,310 --> 01:43:42,560

out there and uh his website is

2785

01:43:47,669 --> 01:43:44,320

i mean how many people go on there a day

2786

01:43:50,310 --> 01:43:47,679

it's crazy so good for him for doing

2787

01:43:51,990 --> 01:43:50,320

that and what about your blog site

2788

01:43:53,990 --> 01:43:52,000

what's how do you how do people i think

2789

01:43:57,470 --> 01:43:54,000

i have that linked in your show and your

2790

01:44:00,470 --> 01:43:57,480

yeah my blog is uh

2791

01:44:01,910 --> 01:44:00,480

youforum.blogspot.com uforum

2792

01:44:07,430 --> 01:44:01,920

um

2793

01:44:08,790 --> 01:44:07,440

i've had that going for many many years

2794

01:44:11,430 --> 01:44:08,800

and i take

2795

01:44:13,830 --> 01:44:11,440

the opportunity to not not just comment

2796

01:44:15,669 --> 01:44:13,840

on current ufology but i publish

2797

01:44:17,430 --> 01:44:15,679

documents on it

2798

01:44:19,750 --> 01:44:17,440

so that if people want to see some

2799

01:44:20,629 --> 01:44:19,760

interesting stories

2800

01:44:26,550 --> 01:44:20,639

i

2801
01:44:28,070 --> 01:44:26,560
um

2802
01:44:30,149 --> 01:44:28,080
and some of them are quite

2803
01:44:32,229 --> 01:44:30,159
fascinating uh

2804
01:44:35,270 --> 01:44:32,239
to to read

2805
01:44:37,590 --> 01:44:35,280
and you know i i also have things like

2806
01:44:38,870 --> 01:44:37,600
the top 10 most interesting canadian ufo

2807
01:44:42,229 --> 01:44:38,880
cases the top

2808
01:44:44,390 --> 01:44:42,239
um 10 most unexplained ufo cases and

2809
01:44:47,350 --> 01:44:44,400
then cases from across

2810
01:44:49,270 --> 01:44:47,360
the the country places to visit for

2811
01:44:51,030 --> 01:44:49,280
uh for holidays you know you're going to

2812
01:44:52,709 --> 01:44:51,040
be coming up to canada

2813
01:44:54,790 --> 01:44:52,719

uh in october

2814

01:44:57,830 --> 01:44:54,800

um you know they're at in shag harbor

2815

01:45:00,070 --> 01:44:57,840

there's a the ufo in there

2816

01:45:02,470 --> 01:45:00,080

there's places right across the country

2817

01:45:05,109 --> 01:45:02,480

that you can visit there's a ufo landing

2818

01:45:08,390 --> 01:45:05,119

pad in saint paul alberta without you

2819

01:45:09,270 --> 01:45:08,400

right with the ufo museum that's right

2820

01:45:11,030 --> 01:45:09,280

yeah

2821

01:45:13,510 --> 01:45:11,040

uh there's no one's ever landed there

2822

01:45:15,189 --> 01:45:13,520

yet though no they haven't darn it darn

2823

01:45:16,870 --> 01:45:15,199

it yeah

2824

01:45:18,550 --> 01:45:16,880

and um

2825

01:45:20,070 --> 01:45:18,560

uh you know there's places right across

2826

01:45:23,030 --> 01:45:20,080

the country that that you can visit that

2827

01:45:25,109 --> 01:45:23,040

have a ufo or a mysterious connection

2828

01:45:27,750 --> 01:45:25,119

well let's hear we'll do a little bit of

2829

01:45:29,189 --> 01:45:27,760

a lightning round maybe we've got uh

2830

01:45:31,270 --> 01:45:29,199

about uh

2831

01:45:32,709 --> 01:45:31,280

eight minutes left uh let's hear a

2832

01:45:36,390 --> 01:45:32,719

couple of the

2833

01:45:38,790 --> 01:45:36,400

most unexplained and then uh the top the

2834

01:45:39,910 --> 01:45:38,800

top ten if you can kind of go through um

2835

01:45:41,830 --> 01:45:39,920

i don't know if you need to look at your

2836

01:45:43,669 --> 01:45:41,840

notes no

2837

01:45:45,189 --> 01:45:43,679

yeah well off the top of my head we're

2838

01:45:46,709 --> 01:45:45,199

going to talk about falcon lake and

2839

01:45:50,550 --> 01:45:46,719

we've already talked about that shag

2840

01:45:52,629 --> 01:45:50,560

harbor is quite interesting um

2841

01:45:53,510 --> 01:45:52,639

there was a um

2842

01:46:00,390 --> 01:45:53,520

uh

2843

01:46:03,030 --> 01:46:00,400

circle and do ml alberta in 1967.

2844

01:46:05,270 --> 01:46:03,040

um and i'm just going for the top six

2845

01:46:08,070 --> 01:46:05,280

that were in this uh robertson briefing

2846

01:46:10,550 --> 01:46:08,080

there were two cases uh radar cases that

2847

01:46:12,709 --> 01:46:10,560

are also included in that that uh

2848

01:46:14,790 --> 01:46:12,719

happened in trying to remember they were

2849

01:46:18,390 --> 01:46:14,800

66 or 67

2850

01:46:20,790 --> 01:46:18,400

where um uh military-based radars were

2851
01:46:22,709 --> 01:46:20,800
uh had picked up these objects and uh

2852
01:46:24,310 --> 01:46:22,719
they verified that the

2853
01:46:25,990 --> 01:46:24,320
system was functioning completely they

2854
01:46:27,510 --> 01:46:26,000
were not radar angels it was not related

2855
01:46:29,030 --> 01:46:27,520
to weather not related to insects or

2856
01:46:31,189 --> 01:46:29,040
birds

2857
01:46:34,390 --> 01:46:31,199
and so they were noted as as being very

2858
01:46:40,149 --> 01:46:38,390
there was a photographic case in calgary

2859
01:46:42,229 --> 01:46:40,159
sorry not in calgary but uh west of

2860
01:46:43,830 --> 01:46:42,239
calgary alberta

2861
01:46:46,310 --> 01:46:43,840
uh where

2862
01:46:49,109 --> 01:46:46,320
uh a disc was uh was seen moving in the

2863
01:46:52,830 --> 01:46:49,119

sky uh two photographs were taken

2864

01:46:56,070 --> 01:46:52,840

uh the uh the case uh was investigated

2865

01:46:57,669 --> 01:46:56,080

by uh the canadian air force and rcmp

2866

01:46:59,030 --> 01:46:57,679

and also this was also included in

2867

01:47:02,790 --> 01:46:59,040

condon

2868

01:47:04,709 --> 01:47:02,800

uh where uh the the photos seemed to be

2869

01:47:06,149 --> 01:47:04,719

modified there was no immediate

2870

01:47:09,030 --> 01:47:06,159

explanation

2871

01:47:11,990 --> 01:47:09,040

uh there were cases out in

2872

01:47:13,830 --> 01:47:12,000

uh in uh british columbia

2873

01:47:16,870 --> 01:47:13,840

fascinating case that a film was

2874

01:47:18,790 --> 01:47:16,880

actually made about it um

2875

01:47:21,109 --> 01:47:18,800

called space man

2876

01:47:23,030 --> 01:47:21,119

where a fellow named granger taylor was

2877

01:47:24,149 --> 01:47:23,040

uh really interested in ufos to the

2878

01:47:26,229 --> 01:47:24,159

point where he

2879

01:47:29,910 --> 01:47:26,239

um built kind of a

2880

01:47:31,750 --> 01:47:29,920

a model of a ufo uh in his backyard

2881

01:47:35,350 --> 01:47:31,760

and uh he was actually quite a large

2882

01:47:37,430 --> 01:47:35,360

little uh little camper and he ended up

2883

01:47:39,510 --> 01:47:37,440

uh you know living in it

2884

01:47:40,709 --> 01:47:39,520

or spending some time in it uh he was

2885

01:47:41,990 --> 01:47:40,719

convinced that the aliens were

2886

01:47:44,470 --> 01:47:42,000

contacting him that they were going to

2887

01:47:46,870 --> 01:47:44,480

be landing uh one day

2888

01:47:48,870 --> 01:47:46,880

uh one night he said goodbye to his

2889

01:47:51,030 --> 01:47:48,880

family uh left him behind that the

2890

01:47:53,109 --> 01:47:51,040

aliens were going to be taking him and

2891

01:47:55,990 --> 01:47:53,119

he was never heard of again that's right

2892

01:47:57,830 --> 01:47:56,000

yeah i remember that story yeah

2893

01:48:00,629 --> 01:47:57,840

you know there's some some great stories

2894

01:48:04,470 --> 01:48:00,639

as i say it turned into a film which is

2895

01:48:07,189 --> 01:48:04,480

very very moving it's a

2896

01:48:08,709 --> 01:48:07,199

a very emotional movie um that uh i

2897

01:48:11,270 --> 01:48:08,719

don't think very many people have seen

2898

01:48:14,070 --> 01:48:11,280

yeah yeah it's uh called spaceman

2899

01:48:16,629 --> 01:48:14,080

uh so there's a lot of you know really

2900

01:48:19,189 --> 01:48:16,639

curious cases right across canada that

2901

01:48:20,470 --> 01:48:19,199

uh that are worth checking into and that

2902

01:48:22,870 --> 01:48:20,480

have been documented and i want to

2903

01:48:24,870 --> 01:48:22,880

emphasize they're documented you know

2904

01:48:27,510 --> 01:48:24,880

these are not necessarily just things

2905

01:48:30,149 --> 01:48:27,520

that you know people uh say they've seen

2906

01:48:32,390 --> 01:48:30,159

and and that's the last of it there are

2907

01:48:34,470 --> 01:48:32,400

you know government documents galore i

2908

01:48:35,910 --> 01:48:34,480

mentioned that you know almost 10 000 uh

2909

01:48:39,270 --> 01:48:35,920

in the library in archives canada that

2910

01:48:42,950 --> 01:48:39,280

they've digitized um you know i've i've

2911

01:48:43,990 --> 01:48:42,960

just finished digitizing uh 250 or 300

2912

01:48:46,629 --> 01:48:44,000

cases that are going to be made

2913

01:48:48,870 --> 01:48:46,639

available that are not part of that set

2914

01:48:49,910 --> 01:48:48,880

and we're working on many many more

2915

01:48:51,590 --> 01:48:49,920

so

2916

01:48:53,750 --> 01:48:51,600

uh you know

2917

01:48:55,750 --> 01:48:53,760

and that's canada we're still waiting to

2918

01:48:57,830 --> 01:48:55,760

hear exactly what is what's been going

2919

01:48:59,830 --> 01:48:57,840

on from united states we heard in fact

2920

01:49:01,910 --> 01:48:59,840

somebody asked me what about the 144

2921

01:49:03,590 --> 01:49:01,920

that the uop task force

2922

01:49:05,030 --> 01:49:03,600

couldn't explain

2923

01:49:07,590 --> 01:49:05,040

it's not quite true that they couldn't

2924

01:49:09,590 --> 01:49:07,600

explain it what they said was they um

2925

01:49:10,709 --> 01:49:09,600

that the information wasn't sufficient

2926

01:49:12,709 --> 01:49:10,719

to to

2927

01:49:15,189 --> 01:49:12,719

adequately explain it i forget that the

2928

01:49:16,390 --> 01:49:15,199

wording in the unp task force report

2929

01:49:17,669 --> 01:49:16,400

but what that meant is that they

2930

01:49:19,189 --> 01:49:17,679

probably had an idea that it was an

2931

01:49:20,470 --> 01:49:19,199

aircraft or a drone or a balloon or

2932

01:49:22,310 --> 01:49:20,480

something but they couldn't identify

2933

01:49:24,629 --> 01:49:22,320

which aircraft or balloon

2934

01:49:26,390 --> 01:49:24,639

um but nevertheless where's the data on

2935

01:49:28,229 --> 01:49:26,400

those 144

2936

01:49:30,790 --> 01:49:28,239

you know we would like to know date time

2937

01:49:32,149 --> 01:49:30,800

location who saw it how did it move you

2938

01:49:34,709 --> 01:49:32,159

know everything you need in a standard

2939

01:49:37,430 --> 01:49:34,719

ufo report we don't have anything like

2940

01:49:40,149 --> 01:49:37,440

that so far from uh you know what's been

2941

01:49:42,310 --> 01:49:40,159

produced so uh we

2942

01:49:43,990 --> 01:49:42,320

have every right to demand a little bit

2943

01:49:45,750 --> 01:49:44,000

more information that

2944

01:49:47,030 --> 01:49:45,760

and it's not forthcoming which we still

2945

01:49:48,470 --> 01:49:47,040

don't have

2946

01:49:49,589 --> 01:49:48,480

even the information on the nimitz

2947

01:49:53,750 --> 01:49:49,599

videos

2948

01:49:56,390 --> 01:49:53,760

from the navy series um are from the

2949

01:49:58,470 --> 01:49:56,400

same event for the same the same time

2950

01:50:00,310 --> 01:49:58,480

why were they cutting in half

2951

01:50:01,750 --> 01:50:00,320

what happened in between

2952

01:50:03,350 --> 01:50:01,760

um

2953

01:50:05,510 --> 01:50:03,360

uh you know what about some of the other

2954

01:50:07,350 --> 01:50:05,520

data you know we have the the pilot uh

2955

01:50:09,510 --> 01:50:07,360

audio but doesn't seem to match to

2956

01:50:12,070 --> 01:50:09,520

what's what's being seen on the on the

2957

01:50:14,470 --> 01:50:12,080

film what is really going on we want all

2958

01:50:17,830 --> 01:50:14,480

the data we want the information that

2959

01:50:20,950 --> 01:50:17,840

would be nice um going back to the radar

2960

01:50:22,790 --> 01:50:20,960

case back in 1967 i believe you said

2961

01:50:25,510 --> 01:50:22,800

um maybe i have the year wrong i'm not

2962

01:50:28,709 --> 01:50:25,520

sure yeah but was that the one where

2963

01:50:31,750 --> 01:50:28,719

it was at a very very high speed

2964

01:50:32,950 --> 01:50:31,760

unexplainable speed

2965

01:50:35,109 --> 01:50:32,960

um

2966

01:50:37,189 --> 01:50:35,119

i think it was moving very fast yeah i

2967

01:50:39,189 --> 01:50:37,199

think it was yeah because if i remember

2968

01:50:41,589 --> 01:50:39,199

right now baby way off i remember

2969

01:50:43,990 --> 01:50:41,599

hearing about this a long time ago that

2970

01:50:47,109 --> 01:50:44,000

it was a radar case and it was over 2

2971

01:50:49,910 --> 01:50:47,119

000 miles an hour in the 60s

2972

01:50:53,030 --> 01:50:49,920

and am i getting that

2973

01:50:54,629 --> 01:50:53,040

i i'm trying to remember you know

2974

01:50:55,990 --> 01:50:54,639

off the top of my head which you know

2975

01:50:58,470 --> 01:50:56,000

whether it was uh

2976

01:51:00,470 --> 01:50:58,480

whether it was the the uh

2977

01:51:02,790 --> 01:51:00,480

you know 2000 miles an hour or something

2978

01:51:05,030 --> 01:51:02,800

like that i'm i'm fanning through my

2979

01:51:06,709 --> 01:51:05,040

book right now trying to find the actual

2980

01:51:09,109 --> 01:51:06,719

so yeah i'll put the picture of your

2981

01:51:11,350 --> 01:51:09,119

book up one more time so it's canada's

2982

01:51:12,229 --> 01:51:11,360

ufos declassified

2983

01:51:17,669 --> 01:51:12,239

and

2984

01:51:21,350 --> 01:51:17,679

in that

2985

01:51:22,790 --> 01:51:21,360

whoops what did i do unidentified radar

2986

01:51:24,870 --> 01:51:22,800

returns

2987

01:51:27,430 --> 01:51:24,880

uh

2988

01:51:29,430 --> 01:51:27,440

6th of July 1967

2989

01:51:30,950 --> 01:51:29,440

unidentified radar target was tracked

2990

01:51:32,629 --> 01:51:30,960

through seven sweeps of the radar

2991

01:51:35,430 --> 01:51:32,639

witnessed by three controllers and two

2992

01:51:38,550 --> 01:51:35,440

technicians radar plots show that this

2993

01:51:39,629 --> 01:51:38,560

target increased from a speed of 720

2994

01:51:42,950 --> 01:51:39,639

knots to

2995

01:51:44,470 --> 01:51:42,960

3600 knots in one minute and 10 seconds

2996

01:51:46,629 --> 01:51:44,480

yeah so it was even faster than i

2997

01:51:48,709 --> 01:51:46,639

thought yeah and knots are

2998

01:51:50,629 --> 01:51:48,719

yeah that's about 4 000 miles an hour

2999

01:51:53,189 --> 01:51:50,639

that's the document we actually have the

3000

01:51:54,790 --> 01:51:53,199

document yeah that's excellent i love

3001

01:51:56,070 --> 01:51:54,800

the the document part of this whole

3002

01:51:57,109 --> 01:51:56,080

thing i'm gonna have to get that book

3003

01:51:59,510 --> 01:51:57,119

myself

3004

01:52:01,109 --> 01:51:59,520

so chris as always it's

3005

01:52:03,430 --> 01:52:01,119

a great pleasure to speak with you i

3006

01:52:05,510 --> 01:52:03,440

really really enjoyed tonight as i

3007

01:52:07,109 --> 01:52:05,520

always have every time we talk

3008

01:52:08,229 --> 01:52:07,119

thanks martin i guess we've baffled

3009

01:52:11,830 --> 01:52:08,239

everybody that's why they have no

3010

01:52:13,750 --> 01:52:11,840

questions so i guess so so uh i hope to

3011

01:52:15,109 --> 01:52:13,760

have you back on again and good luck

3012

01:52:17,990 --> 01:52:15,119

with this book i hope it goes really

3013

01:52:19,270 --> 01:52:18,000

well for you thank you all right

3014

01:52:21,189 --> 01:52:19,280

take care now

3015

01:52:23,189 --> 01:52:21,199

you too bye bye

3016

01:52:26,470 --> 01:52:23,199

all right everyone so thank you so much

3017

01:52:29,430 --> 01:52:26,480

3024

01:52:46,070 --> 01:52:44,400

jackson from the uk

3025

01:52:48,390 --> 01:52:46,080

i'm not i can't remember what that

3026

01:52:50,390 --> 01:52:48,400

discussion is going to be about but um i

3027

01:52:52,709 --> 01:52:50,400

do believe it's going to be a great show

3028

01:52:55,030 --> 01:52:52,719

as uh we've been lucky to have some good

3029

01:52:55,910 --> 01:52:55,040

ones this year and i do appreciate

3030

01:52:58,229 --> 01:52:55,920

everyone

3031

01:52:59,430 --> 01:52:58,239

that follows the show and comes back

3032

01:53:03,030 --> 01:52:59,440

every week

3033

01:53:04,709 --> 01:53:03,040

and um it's been a real pleasure to do

3034

01:53:06,470 --> 01:53:04,719

this and i

3035

01:53:08,310 --> 01:53:06,480

i'm stalling time because i'm trying to

3036

01:53:10,149 --> 01:53:08,320

3037

01:53:12,540 --> 01:53:10,159

everyone so we'll see you next week and

3038

01:53:23,650 --> 01:53:12,550
