**PATRICK JACKSON**

**STEVE COLBERN**

1  
00:00:42,869 --> 00:00:15,080

[Music]

2  
00:00:46,310 --> 00:00:44,470

hello and welcome to the show i'm martin

3  
00:00:48,549 --> 00:00:46,320

willis your host and we have an

4  
00:00:51,670 --> 00:00:48,559

interesting show for you this evening

5  
00:00:55,510 --> 00:00:51,680

we have patrick jackson and

6  
00:00:57,750 --> 00:00:55,520

stephen colburn and they have basically

7  
00:01:00,310 --> 00:00:57,760

patrick's come up with a theory on what

8  
00:01:01,830 --> 00:01:00,320

he thinks things are related

9  
00:01:04,070 --> 00:01:01,840

all related and

10  
00:01:06,870 --> 00:01:04,080

when it comes to some of the paranormal

11  
00:01:08,390 --> 00:01:06,880

some people will argue that ufos are not

12  
00:01:09,429 --> 00:01:08,400

paranormal because there's so much

13  
00:01:10,870 --> 00:01:09,439

evidence

14

00:01:13,429 --> 00:01:10,880

that they're here

15

00:01:16,310 --> 00:01:13,439

that they're not exactly paranormal but

16

00:01:18,630 --> 00:01:16,320

anyway uh that's minor compared to uh

17

00:01:21,190 --> 00:01:18,640

i'm interested in just hearing what his

18

00:01:22,710 --> 00:01:21,200

thoughts are on what we may be seeing

19

00:01:24,710 --> 00:01:22,720

now he does a lot of work with orbs

20

00:01:26,950 --> 00:01:24,720

which may be different than your average

21

00:01:28,149 --> 00:01:26,960

ufo i'm not sure we'll be talking about

22

00:01:30,069 --> 00:01:28,159

all that

23

00:01:33,590 --> 00:01:30,079

in just a minute this week we have

24

00:01:35,590 --> 00:01:33,600

charles lear back with our blog and this

25

00:01:38,230 --> 00:01:35,600

weekend it's called when ufos were left

26

00:01:40,710 --> 00:01:38,240

to private investigators and there's a

27

00:01:43,030 --> 00:01:40,720

number of people including

28

00:01:45,429 --> 00:01:43,040

donald keyhole who you don't think of i

29

00:01:47,830 --> 00:01:45,439

guess he did some investigating after

30

00:01:49,190 --> 00:01:47,840

his years with the service in the

31

00:01:51,510 --> 00:01:49,200

military

32

00:01:53,030 --> 00:01:51,520

but anyway it's a great blog as usual so

33

00:01:55,749 --> 00:01:53,040

check that out

34

00:01:57,350 --> 00:01:55,759

and uh next week we have my friend lee

35

00:01:59,749 --> 00:01:57,360

spiegel will be on

36

00:02:02,069 --> 00:01:59,759

and we are good to go i'm going to bring

37

00:02:04,310 --> 00:02:02,079

in our guests starting with uh patrick

38

00:02:06,149 --> 00:02:04,320

jackson welcome to the show patrick

39

00:02:08,070 --> 00:02:06,159

hi how are you doing all right

40

00:02:09,669 --> 00:02:08,080

doing well thank you and glad to see you

41

00:02:10,869 --> 00:02:09,679

here and we're a little he's having a

42

00:02:12,150 --> 00:02:10,879

little trouble with this camera but at

43

00:02:14,630 --> 00:02:12,160

least he's here

44

00:02:16,949 --> 00:02:14,640

stephen how are you uh steven you're in

45

00:02:18,309 --> 00:02:16,959

oxnard california and patrick you're

46

00:02:19,430 --> 00:02:18,319

that's right uk

47

00:02:21,990 --> 00:02:19,440

yes

48

00:02:24,150 --> 00:02:22,000

and so patrick where where are you in

49

00:02:26,470 --> 00:02:24,160

the what part of the uk

50

00:02:27,910 --> 00:02:26,480

um do you live where do you live i'm in

51

00:02:31,030 --> 00:02:27,920

uh west london

52

00:02:32,710 --> 00:02:31,040

west london oh okay and i've heard a lot

53

00:02:35,350 --> 00:02:32,720

now i brought this up recently i think

54

00:02:37,509 --> 00:02:35,360

it was with philip mantle i said uh

55

00:02:39,990 --> 00:02:37,519

that some people tell me that

56

00:02:42,070 --> 00:02:40,000

a lot of there's not a lot of sightings

57

00:02:43,750 --> 00:02:42,080

in a lot of the uk because of the

58

00:02:46,229 --> 00:02:43,760

weather is that is that something you

59

00:02:48,150 --> 00:02:46,239

ever hear about or does it not matter

60

00:02:50,630 --> 00:02:48,160

they're everywhere

61

00:02:52,470 --> 00:02:50,640

um it's probably because it's so cloudy

62

00:02:54,390 --> 00:02:52,480

cloudy most of the time yeah so it's

63

00:02:55,350 --> 00:02:54,400

probably happening above the clouds

64

00:02:57,030 --> 00:02:55,360

um

65

00:02:59,190 --> 00:02:57,040

but i think that just it's just as

66

00:03:01,350 --> 00:02:59,200

common here as it is anywhere else

67

00:03:03,509 --> 00:03:01,360

yes we don't see it as much because of

68

00:03:05,990 --> 00:03:03,519

the weather yeah because it's more

69

00:03:08,070 --> 00:03:06,000

dark and gray uh in our in you know

70

00:03:09,910 --> 00:03:08,080

generally uh but like right now we've

71

00:03:11,350 --> 00:03:09,920

got a really good summer so

72

00:03:13,190 --> 00:03:11,360

you know people will start seeing more

73

00:03:16,710 --> 00:03:13,200

about this time of year

74

00:03:19,190 --> 00:03:16,720

and as and steve and where you're at um

75

00:03:21,350 --> 00:03:19,200

is the number one place in the country

76

00:03:22,710 --> 00:03:21,360

where not not just because of the

77

00:03:24,309 --> 00:03:22,720

population

78

00:03:27,350 --> 00:03:24,319

but uh because of there's a lot of

79

00:03:28,949 --> 00:03:27,360

really great weather out in california

80

00:03:30,229 --> 00:03:28,959

yeah that's right um it's partly to the

81

00:03:32,869 --> 00:03:30,239

weather and probably because southern

82

00:03:35,270 --> 00:03:32,879

california here is a major ufo hot spot

83

00:03:36,949 --> 00:03:35,280

as well

84

00:03:38,070 --> 00:03:36,959

the uk is probably just as hot they just

85

00:03:40,309 --> 00:03:38,080

don't see them as much because of the

86

00:03:42,309 --> 00:03:40,319

clouds like patrick was saying and

87

00:03:44,229 --> 00:03:42,319

arizona is actually a big hot spot too

88

00:03:47,430 --> 00:03:44,239

just across the

89

00:03:49,589 --> 00:03:47,440  
california eastern border there

90

00:03:50,789 --> 00:03:49,599  
in the hobby desert in general

91

00:03:53,190 --> 00:03:50,799  
right uh-huh

92

00:03:55,589 --> 00:03:53,200  
so patrick let's let's start on well

93

00:03:58,309 --> 00:03:55,599  
first of all the name of your book uh

94

00:04:00,550 --> 00:03:58,319  
put it out there if you would

95

00:04:02,229 --> 00:04:00,560  
uh the name is quantum paranormal a 21st

96

00:04:03,350 --> 00:04:02,239  
century analysis of the paranormal

97

00:04:05,509 --> 00:04:03,360  
phenomena

98

00:04:07,990 --> 00:04:05,519  
and what made you well first of all were

99

00:04:09,830 --> 00:04:08,000  
you interested in

100

00:04:12,390 --> 00:04:09,840  
so-called paranormal

101  
00:04:13,990 --> 00:04:12,400  
before you for a long time and and then

102  
00:04:16,390 --> 00:04:14,000  
you kind of put your study in that

103  
00:04:18,550 --> 00:04:16,400  
together is that how that happened

104  
00:04:21,749 --> 00:04:18,560  
yeah so i kind of grew up in a a very

105  
00:04:23,590 --> 00:04:21,759  
powerful paranormal hotspot with um go

106  
00:04:24,390 --> 00:04:23,600  
send ufos kind of like being seen quite

107  
00:04:26,950 --> 00:04:24,400  
a lot

108  
00:04:28,870 --> 00:04:26,960  
and i don't actually mean by big flying

109  
00:04:30,870 --> 00:04:28,880  
saucers flying over the place

110  
00:04:32,790 --> 00:04:30,880  
i mean i used to see these little balls

111  
00:04:34,710 --> 00:04:32,800  
of light flying over the uh the street

112  
00:04:37,110 --> 00:04:34,720  
lights a lot and i never knew what they

113  
00:04:38,310 --> 00:04:37,120

were so i just used to watch them and

114

00:04:39,510 --> 00:04:38,320

not be that

115

00:04:42,469 --> 00:04:39,520

um

116

00:04:44,469 --> 00:04:42,479

but the paranormal is all well basically

117

00:04:46,469 --> 00:04:44,479

backing up a bit is

118

00:04:48,070 --> 00:04:46,479

one day i was sitting there on the field

119

00:04:48,950 --> 00:04:48,080

and i looked across

120

00:04:51,270 --> 00:04:48,960

and

121

00:04:52,629 --> 00:04:51,280

i saw a guy dressed as a monk in the

122

00:04:54,310 --> 00:04:52,639

middle of the field

123

00:04:55,510 --> 00:04:54,320

and i wondered what it was i was like

124

00:04:56,469 --> 00:04:55,520

you know i just thought he was some

125

00:04:58,230 --> 00:04:56,479

crazy guy

126

00:05:00,310 --> 00:04:58,240

uh standing in the middle of the field

127

00:05:01,510 --> 00:05:00,320

and um so i started shouting abuse at

128

00:05:03,029 --> 00:05:01,520

him for a while

129

00:05:04,950 --> 00:05:03,039

and then uh that he didn't have any sort

130

00:05:06,469 --> 00:05:04,960

of reaction so i pulled out my laser

131

00:05:10,230 --> 00:05:06,479

pointer and i put a laser right on his

132

00:05:11,909 --> 00:05:10,240

face or where his face would be um and

133

00:05:13,749 --> 00:05:11,919

what it was was like it's uh it looked

134

00:05:15,350 --> 00:05:13,759

like a monk with his hood up and a

135

00:05:17,590 --> 00:05:15,360

completely black face

136

00:05:18,629 --> 00:05:17,600

so i put the laser right on his face and

137

00:05:20,790 --> 00:05:18,639

um

138

00:05:21,990 --> 00:05:20,800

it kind of reflected and but you

139

00:05:23,590 --> 00:05:22,000

couldn't see anything it was just like a

140

00:05:25,430 --> 00:05:23,600

big black mass

141

00:05:27,110 --> 00:05:25,440

and that kind of you know interests me a

142

00:05:28,870 --> 00:05:27,120

bit so i just got up and started walking

143

00:05:30,870 --> 00:05:28,880

towards it because i actually just

144

00:05:33,350 --> 00:05:30,880

thought it was someone had dumped a

145

00:05:35,830 --> 00:05:33,360

like a statue in the middle of the field

146

00:05:37,029 --> 00:05:35,840

and i got within about 15 feet of it

147

00:05:39,350 --> 00:05:37,039

something like that

148

00:05:40,710 --> 00:05:39,360

and it just disappeared in front of me

149

00:05:42,550 --> 00:05:40,720

and i'd never seen anything like that

150

00:05:43,990 --> 00:05:42,560

before so i kind of like that's kind of

151  
00:05:45,990 --> 00:05:44,000  
like woke me up a bit i think you know

152  
00:05:48,230 --> 00:05:46,000  
that's that's interesting you know

153  
00:05:51,189 --> 00:05:48,240  
and then i i basically um

154  
00:05:53,909 --> 00:05:51,199  
i said uh to the local villages in like

155  
00:05:55,830 --> 00:05:53,919  
the local pub and i said to them um like

156  
00:05:58,070 --> 00:05:55,840  
a week later i just said

157  
00:06:00,469 --> 00:05:58,080  
i think i saw like a look like a monk

158  
00:06:02,230 --> 00:06:00,479  
across the field or something you know

159  
00:06:03,510 --> 00:06:02,240  
and they go oh yeah that's the mad monk

160  
00:06:05,270 --> 00:06:03,520  
he haunts here

161  
00:06:07,189 --> 00:06:05,280  
and i was like

162  
00:06:09,990 --> 00:06:07,199  
what's that you know so i never said

163  
00:06:12,230 --> 00:06:10,000

that before and um and that kind of got

164

00:06:14,309 --> 00:06:12,240

me into it i i was like well

165

00:06:15,590 --> 00:06:14,319

you know normally um

166

00:06:17,670 --> 00:06:15,600

people dismiss

167

00:06:19,110 --> 00:06:17,680

ghosts and stuff but when you actually

168

00:06:21,110 --> 00:06:19,120

see it for a long period of time with

169

00:06:23,110 --> 00:06:21,120

your own eyes and also you shine lasers

170

00:06:24,550 --> 00:06:23,120

on it and stuff like that

171

00:06:28,150 --> 00:06:24,560

that's when it kind of gets interesting

172

00:06:29,670 --> 00:06:28,160

and that's what uh that got me into it

173

00:06:32,550 --> 00:06:29,680

and so basically

174

00:06:35,110 --> 00:06:32,560

yeah so fast forward a bit longer is is

175

00:06:36,870 --> 00:06:35,120

my background is um

176

00:06:38,550 --> 00:06:36,880

well to

177

00:06:40,710 --> 00:06:38,560

so after that i basically started

178

00:06:42,230 --> 00:06:40,720

watching all the paranormal tv shows uh

179

00:06:43,110 --> 00:06:42,240

everything from the us and here in the

180

00:06:45,430 --> 00:06:43,120

uk

181

00:06:46,629 --> 00:06:45,440

for years and uh but nothing really

182

00:06:48,629 --> 00:06:46,639

gelled with me

183

00:06:50,710 --> 00:06:48,639

um it all just didn't make sense to me

184

00:06:53,830 --> 00:06:50,720

you know um they say like a spirit came

185

00:06:55,430 --> 00:06:53,840

back from the dead or a guy from 400

186

00:06:57,110 --> 00:06:55,440

years ago was haunting the place or

187

00:06:58,950 --> 00:06:57,120

something like that i know none of it

188

00:07:00,390 --> 00:06:58,960

really gelled with me none of it made

189

00:07:01,990 --> 00:07:00,400

any sense

190

00:07:04,070 --> 00:07:02,000

and it kept on bugging me for a long

191

00:07:04,870 --> 00:07:04,080

time um

192

00:07:07,749 --> 00:07:04,880

so

193

00:07:09,110 --> 00:07:07,759

eventually uh i think it was in 2014

194

00:07:11,110 --> 00:07:09,120

2015

195

00:07:13,110 --> 00:07:11,120

i decided to really make a go of it and

196

00:07:17,110 --> 00:07:13,120

see if i could figure it out

197

00:07:19,350 --> 00:07:17,120

um so basically my day job is um i'm a

198

00:07:21,749 --> 00:07:19,360

database guy i work in

199

00:07:23,189 --> 00:07:21,759

processes and reverse engineering

200

00:07:25,350 --> 00:07:23,199

um so

201  
00:07:26,950 --> 00:07:25,360  
how that generally works is is a

202  
00:07:28,710 --> 00:07:26,960  
developer will turn up for the company

203  
00:07:31,110 --> 00:07:28,720  
develop a load of good stuff and then

204  
00:07:33,110 --> 00:07:31,120  
he'll leave and no one knows how it

205  
00:07:34,550 --> 00:07:33,120  
works so someone like me would have to

206  
00:07:36,550 --> 00:07:34,560  
come along and figure it all out and

207  
00:07:39,350 --> 00:07:36,560  
document it so the company can then

208  
00:07:41,110 --> 00:07:39,360  
replicate it or modify it or do whatever

209  
00:07:43,189 --> 00:07:41,120  
and this is this is nothing special in

210  
00:07:44,869 --> 00:07:43,199  
it this is what a lot of people do the

211  
00:07:47,430 --> 00:07:44,879  
only difference is is that i use the

212  
00:07:48,710 --> 00:07:47,440  
same kind of uh meant the same

213  
00:07:51,029 --> 00:07:48,720

thought process

214

00:07:52,869 --> 00:07:51,039

uh on the paranormal and that's what i

215

00:07:53,749 --> 00:07:52,879

that's what i did

216

00:07:55,589 --> 00:07:53,759

so i

217

00:07:57,029 --> 00:07:55,599

i basically rented out a place called 30

218

00:07:59,350 --> 00:07:57,039

years drive

219

00:08:01,189 --> 00:07:59,360

which is uh said to be the most violent

220

00:08:02,629 --> 00:08:01,199

politician uk

221

00:08:03,990 --> 00:08:02,639

um because i wanted to figure out what

222

00:08:06,150 --> 00:08:04,000

party guys were

223

00:08:07,430 --> 00:08:06,160

to start you know

224

00:08:08,950 --> 00:08:07,440

and um

225

00:08:09,830 --> 00:08:08,960

so i did and i stayed there for quite a

226  
00:08:11,270 --> 00:08:09,840  
while

227  
00:08:13,350 --> 00:08:11,280  
and uh i

228  
00:08:15,270 --> 00:08:13,360  
i was in there and i had some ideas but

229  
00:08:16,790 --> 00:08:15,280  
none of it really made sense and after a

230  
00:08:18,309 --> 00:08:16,800  
few couple of couple of days have been

231  
00:08:19,270 --> 00:08:18,319  
in there all my theories were completely

232  
00:08:20,950 --> 00:08:19,280  
trashed

233  
00:08:22,550 --> 00:08:20,960  
so i was like i had to start from from

234  
00:08:24,869 --> 00:08:22,560  
scratch again

235  
00:08:26,790 --> 00:08:24,879  
but what i had the whole thing filmed

236  
00:08:28,309 --> 00:08:26,800  
and i noticed that

237  
00:08:30,390 --> 00:08:28,319  
i finally got i finally got hold of this

238  
00:08:32,469 --> 00:08:30,400

image and when i looked at it and i put

239

00:08:34,870 --> 00:08:32,479

it through some imaging software

240

00:08:36,790 --> 00:08:34,880

it came out as a small silver ball

241

00:08:38,550 --> 00:08:36,800

and i was like that looks familiar and i

242

00:08:41,269 --> 00:08:38,560

realized that that's the same thing as i

243

00:08:42,630 --> 00:08:41,279

used to see growing up uh flying over my

244

00:08:45,430 --> 00:08:42,640

village

245

00:08:47,910 --> 00:08:45,440

and then once i saw this small silver

246

00:08:50,230 --> 00:08:47,920

sphere in the in the building

247

00:08:51,670 --> 00:08:50,240

i looked at its behavior patterns

248

00:08:53,030 --> 00:08:51,680

and then i realized that the behavior

249

00:08:54,790 --> 00:08:53,040

patterns in in the

250

00:08:56,310 --> 00:08:54,800

in these haunted houses

251  
00:08:58,550 --> 00:08:56,320  
aren't human at all

252  
00:09:00,470 --> 00:08:58,560  
that they're actually process driven

253  
00:09:02,389 --> 00:09:00,480  
it's computer-like

254  
00:09:04,550 --> 00:09:02,399  
so the same thing keeps happening each

255  
00:09:06,470 --> 00:09:04,560  
time the same door will keep banging

256  
00:09:09,110 --> 00:09:06,480  
you'll see the same processes

257  
00:09:10,949 --> 00:09:09,120  
replicating around around the world

258  
00:09:12,070 --> 00:09:10,959  
and when i when i saw that it was like

259  
00:09:14,389 --> 00:09:12,080  
okay so

260  
00:09:15,829 --> 00:09:14,399  
what's going on there you know

261  
00:09:17,030 --> 00:09:15,839  
and then i realized after a little bit

262  
00:09:18,070 --> 00:09:17,040  
of study

263  
00:09:22,949 --> 00:09:18,080

that

264

00:09:25,030 --> 00:09:22,959

the pilots saw during world war ii

265

00:09:26,630 --> 00:09:25,040

which was the foo fighters

266

00:09:28,550 --> 00:09:26,640

and then i realized after a bit more

267

00:09:29,829 --> 00:09:28,560

digging that there's three variants of

268

00:09:32,230 --> 00:09:29,839

the foo fighters

269

00:09:34,230 --> 00:09:32,240

there's type one two and three which how

270

00:09:36,150 --> 00:09:34,240

i describe it

271

00:09:38,470 --> 00:09:36,160

so the type ones operate at a hundred

272

00:09:40,550 --> 00:09:38,480

thousand feet that's seen from the iss

273

00:09:41,590 --> 00:09:40,560

they're seen from the by the u.s navy

274

00:09:43,030 --> 00:09:41,600

currently

275

00:09:45,190 --> 00:09:43,040

um they're seen

276  
00:09:46,470 --> 00:09:45,200  
by commercial airliners they're seen all

277  
00:09:49,350 --> 00:09:46,480  
over the place

278  
00:09:50,949 --> 00:09:49,360  
and they operate in swarms and clusters

279  
00:09:52,949 --> 00:09:50,959  
and what they do is

280  
00:09:53,990 --> 00:09:52,959  
they intercept external groups and

281  
00:09:56,389 --> 00:09:54,000  
interests

282  
00:09:58,070 --> 00:09:56,399  
so they intercept um

283  
00:10:00,870 --> 00:09:58,080  
other ufos

284  
00:10:03,269 --> 00:10:00,880  
other other flying sources other craft

285  
00:10:05,110 --> 00:10:03,279  
and how they do this is through a very

286  
00:10:06,870 --> 00:10:05,120  
particular type of mechanism

287  
00:10:08,470 --> 00:10:06,880  
so what happens is is that there's three

288  
00:10:10,550 --> 00:10:08,480

types you have type one two and three

289

00:10:12,550 --> 00:10:10,560

that the type one's also up there the

290

00:10:14,150 --> 00:10:12,560

type twos are smaller they're about the

291

00:10:16,790 --> 00:10:14,160

size of a um

292

00:10:18,870 --> 00:10:16,800

or a football or yeah about a football

293

00:10:20,069 --> 00:10:18,880

uh like the betsaire was that's that was

294

00:10:21,670 --> 00:10:20,079

a type two

295

00:10:24,550 --> 00:10:21,680

and what they do is they are they

296

00:10:26,949 --> 00:10:24,560

operate in areas such as woodlands or

297

00:10:29,030 --> 00:10:26,959

areas of harsh environments so up

298

00:10:31,430 --> 00:10:29,040

mountains uh woodlands

299

00:10:33,430 --> 00:10:31,440

jungle uh middle of the ocean kind of

300

00:10:35,430 --> 00:10:33,440

thing and then you have to type threes

301  
00:10:37,990 --> 00:10:35,440  
which are the smaller variants and

302  
00:10:40,949 --> 00:10:38,000  
they're about the size of a baseball and

303  
00:10:44,150 --> 00:10:40,959  
they operate in buildings and they are

304  
00:10:46,630 --> 00:10:44,160  
the root cause of poltergeist activity

305  
00:10:48,630 --> 00:10:46,640  
so how it works is this when the type

306  
00:10:50,630 --> 00:10:48,640  
ones are up in the atmosphere and they

307  
00:10:52,389 --> 00:10:50,640  
detect something in the atmosphere they

308  
00:10:53,269 --> 00:10:52,399  
can't signal each other because if they

309  
00:10:55,110 --> 00:10:53,279  
do

310  
00:10:56,550 --> 00:10:55,120  
the one in the middle will detect them

311  
00:10:59,509 --> 00:10:56,560  
so what they do is they do a signal

312  
00:11:01,110 --> 00:10:59,519  
redirect down to the ground

313  
00:11:01,990 --> 00:11:01,120

and so what they do is that they signal

314

00:11:04,310 --> 00:11:02,000

down

315

00:11:06,630 --> 00:11:04,320

the type uh threes and buildings the

316

00:11:07,910 --> 00:11:06,640

type tree will come online

317

00:11:10,630 --> 00:11:07,920

and then what will happen is it will

318

00:11:12,389 --> 00:11:10,640

start emitting gamma rays and microwaves

319

00:11:13,829 --> 00:11:12,399

and that's why people start feeling sick

320

00:11:15,590 --> 00:11:13,839

and they start fainting in haunted

321

00:11:17,110 --> 00:11:15,600

houses they get headaches and they feel

322

00:11:18,710 --> 00:11:17,120

nauseous because it's low-level

323

00:11:20,550 --> 00:11:18,720

radiation poisoning

324

00:11:22,389 --> 00:11:20,560

they use a thing called burst relaying

325

00:11:24,310 --> 00:11:22,399

um protocol

326

00:11:26,550 --> 00:11:24,320

so if you if you um

327

00:11:28,630 --> 00:11:26,560

if you look at all the haunted houses in

328

00:11:30,790 --> 00:11:28,640

the uk and map them you'll notice that

329

00:11:32,470 --> 00:11:30,800

they operate in lines and clusters

330

00:11:34,389 --> 00:11:32,480

which means that it mimics or very

331

00:11:36,550 --> 00:11:34,399

similar to our own microwave-based

332

00:11:38,150 --> 00:11:36,560

communication networks

333

00:11:39,590 --> 00:11:38,160

so what they do is they signal down and

334

00:11:40,870 --> 00:11:39,600

signal back up again and then what

335

00:11:43,030 --> 00:11:40,880

happens is once

336

00:11:45,430 --> 00:11:43,040

that data link is established they can

337

00:11:47,829 --> 00:11:45,440

then triangulate on the objects surround

338

00:11:49,910 --> 00:11:47,839

it and intercept it

339

00:11:51,509 --> 00:11:49,920  
before being detected

340

00:11:52,550 --> 00:11:51,519  
and then once the whole process is up

341

00:11:54,870 --> 00:11:52,560  
and down

342

00:11:57,110 --> 00:11:54,880  
it will then shut down

343

00:11:59,030 --> 00:11:57,120  
so but while this this

344

00:12:00,389 --> 00:11:59,040  
transmission is occurring because of the

345

00:12:02,550 --> 00:12:00,399  
high energy emissions it will cause

346

00:12:04,550 --> 00:12:02,560  
diversions to move people away

347

00:12:06,310 --> 00:12:04,560  
so it will bang the door downstairs like

348

00:12:07,030 --> 00:12:06,320  
in 30 years drive

349

00:12:12,790 --> 00:12:07,040  
the

350

00:12:14,550 --> 00:12:12,800  
downstairs

351  
00:12:15,910 --> 00:12:14,560  
so everybody in the house rushes down to

352  
00:12:17,269 --> 00:12:15,920  
the coal shed door

353  
00:12:18,790 --> 00:12:17,279  
but if you actually look at the map of

354  
00:12:20,629 --> 00:12:18,800  
the house it's actually the most

355  
00:12:22,230 --> 00:12:20,639  
shielded part of the house

356  
00:12:23,829 --> 00:12:22,240  
so if you're missing gamma rays and

357  
00:12:25,829 --> 00:12:23,839  
microwaves it's the most safest part of

358  
00:12:28,389 --> 00:12:25,839  
the building to be in because the walls

359  
00:12:29,910 --> 00:12:28,399  
would absorb all the emissions

360  
00:12:31,190 --> 00:12:29,920  
so what they tried to do is that they

361  
00:12:33,190 --> 00:12:31,200  
move people away from high energy

362  
00:12:35,509 --> 00:12:33,200  
emissions and this behavior is

363  
00:12:37,590 --> 00:12:35,519

replicated time and time again in all

364

00:12:40,069 --> 00:12:37,600

these haunted houses and all the haunt

365

00:12:41,670 --> 00:12:40,079

all these uh poltergeist footage is

366

00:12:43,430 --> 00:12:41,680

where people have been dragged away or

367

00:12:45,190 --> 00:12:43,440

been held in positions

368

00:12:46,870 --> 00:12:45,200

um and it's because

369

00:12:49,750 --> 00:12:46,880

it's that they're trying to keep people

370

00:12:50,829 --> 00:12:49,760

out of the way of high energy emissions

371

00:12:53,670 --> 00:12:50,839

it's that

372

00:12:54,870 --> 00:12:53,680

simple and so this is why poltergeist

373

00:12:56,629 --> 00:12:54,880

activity

374

00:12:59,110 --> 00:12:56,639

is so intermittent because it's a

375

00:13:01,430 --> 00:12:59,120

transponder it comes online does its

376

00:13:03,350 --> 00:13:01,440

thing and then shuts down

377

00:13:05,110 --> 00:13:03,360

so something will happen on a monday and

378

00:13:06,870 --> 00:13:05,120

then nothing for a week

379

00:13:08,310 --> 00:13:06,880

and it'll happen again

380

00:13:10,710 --> 00:13:08,320

it doesn't matter what you do or what

381

00:13:13,509 --> 00:13:10,720

you say or how much you coax it nothing

382

00:13:15,509 --> 00:13:13,519

will happen until it comes online again

383

00:13:17,829 --> 00:13:15,519

and that's what's happened and this has

384

00:13:19,670 --> 00:13:17,839

actually been proven recently

385

00:13:21,190 --> 00:13:19,680

by one of um

386

00:13:23,670 --> 00:13:21,200

brandon's uh

387

00:13:26,230 --> 00:13:23,680

brandon's guys a guy called jim

388

00:13:28,150 --> 00:13:26,240

he put a load of gamma-ray and

389

00:13:28,949 --> 00:13:28,160

and microwave detectors

390

00:13:33,750 --> 00:13:28,959

in

391

00:13:35,829 --> 00:13:33,760

and guess what he detected

392

00:13:38,310 --> 00:13:35,839

ray and microwave birth are you talking

393

00:13:39,990 --> 00:13:38,320

about screenwalker

394

00:13:41,030 --> 00:13:40,000

uh he is one of his one of his guys i

395

00:13:42,069 --> 00:13:41,040

think it's something to do with the

396

00:13:44,389 --> 00:13:42,079

basins

397

00:13:46,829 --> 00:13:44,399

uh one of one of those buildings but he

398

00:13:49,509 --> 00:13:46,839

put a load of sensors in in a group of

399

00:13:51,590 --> 00:13:49,519

buildings and he was picking up gamma

400

00:13:54,150 --> 00:13:51,600

ray and microwave bursts

401  
00:13:56,150 --> 00:13:54,160  
which is exactly how i modeled it

402  
00:14:00,310 --> 00:13:56,160  
now when you were talking about the

403  
00:14:03,189 --> 00:14:00,320  
triangulation and the orbs and all that

404  
00:14:05,030 --> 00:14:03,199  
you seem pretty confident that you

405  
00:14:06,470 --> 00:14:05,040  
that this is what is happening how do

406  
00:14:07,750 --> 00:14:06,480  
you how do you know this is what's

407  
00:14:09,990 --> 00:14:07,760  
really happening

408  
00:14:12,150 --> 00:14:10,000  
because there's video of it

409  
00:14:13,509 --> 00:14:12,160  
there's um there's images from it from

410  
00:14:17,110 --> 00:14:13,519  
the pentagon

411  
00:14:18,629 --> 00:14:17,120  
there's images from 1950s

412  
00:14:20,790 --> 00:14:18,639  
all you have to do is get the image and

413  
00:14:23,269 --> 00:14:20,800

boost it up a little bit with contrast

414

00:14:25,509 --> 00:14:23,279

and lower down the the

415

00:14:29,590 --> 00:14:25,519

brightness and you can see them

416

00:14:32,230 --> 00:14:30,790

so uh

417

00:14:34,550 --> 00:14:32,240

you had some of these things on your

418

00:14:37,350 --> 00:14:34,560

facebook page is that is that

419

00:14:43,110 --> 00:14:37,360

is that what you're talking about

420

00:14:48,069 --> 00:14:45,509

but before i do that

421

00:14:49,829 --> 00:14:48,079

i should ask our other guests

422

00:14:51,590 --> 00:14:49,839

um steve

423

00:14:55,030 --> 00:14:51,600

uh basically

424

00:14:56,870 --> 00:14:55,040

what what got you interested in this

425

00:14:59,269 --> 00:14:56,880

topic to begin with and how did you

426

00:15:00,470 --> 00:14:59,279

connect with patrick

427

00:15:03,189 --> 00:15:00,480

well i've always been interested in the

428

00:15:06,069 --> 00:15:03,199

topic and um

429

00:15:07,829 --> 00:15:06,079

i got into uh being a ufo um an

430

00:15:10,150 --> 00:15:07,839

abduction researcher in a major way

431

00:15:11,269 --> 00:15:10,160

about

432

00:15:13,509 --> 00:15:11,279

around

433

00:15:15,829 --> 00:15:13,519

2008 when um

434

00:15:17,670 --> 00:15:15,839

i'm an experiencer myself and the aliens

435

00:15:18,629 --> 00:15:17,680

put out an

436

00:15:21,189 --> 00:15:18,639

uh

437

00:15:22,470 --> 00:15:21,199

an implant in my left second toe and i

438

00:15:24,949 --> 00:15:22,480

went to

439

00:15:26,949 --> 00:15:24,959

talk to dr lear about it and we ended up

440

00:15:28,310 --> 00:15:26,959

becoming partners and he took the object

441

00:15:30,949 --> 00:15:28,320

out and um

442

00:15:32,550 --> 00:15:30,959

i analyzed it with some uh state of the

443

00:15:33,910 --> 00:15:32,560

art instrumentation i had at my work at

444

00:15:37,269 --> 00:15:33,920

that time

445

00:15:40,150 --> 00:15:37,279

and um so i've been a a

446

00:15:42,790 --> 00:15:40,160

researcher of the subject ever since and

447

00:15:46,550 --> 00:15:44,949

i um heard about patrick's work and

448

00:15:51,189 --> 00:15:46,560

thought it was very interesting and uh

449

00:15:56,069 --> 00:15:54,310

sorry and steve actually um he uh did a

450

00:15:58,470 --> 00:15:56,079

material analysis on one of the fears

451

00:16:01,110 --> 00:15:58,480

that crashed four years ago

452

00:16:02,870 --> 00:16:01,120

yeah i've yeah i've i've got uh analysis

453

00:16:04,389 --> 00:16:02,880

of several uh implants that dr lear

454

00:16:06,150 --> 00:16:04,399

removed from his patients including my

455

00:16:09,189 --> 00:16:06,160

own and

456

00:16:11,350 --> 00:16:09,199

i have a piece of um a sphere that uh

457

00:16:14,710 --> 00:16:11,360

patrick is calling a type one

458

00:16:17,670 --> 00:16:14,720

that crashed in mexico back around

459

00:16:18,629 --> 00:16:17,680

around uh 2000 that uh massan got a hold

460

00:16:20,310 --> 00:16:18,639

of

461

00:16:22,310 --> 00:16:20,320

and it turned out to be a very

462

00:16:26,230 --> 00:16:22,320

interesting piece of technology it's a

463

00:16:28,230 --> 00:16:26,240

it's a titanium alloy but it's got um

464

00:16:30,629 --> 00:16:28,240

nanomaterials embedded in the metal

465

00:16:31,990 --> 00:16:30,639

including carbon nanotubes

466

00:16:33,670 --> 00:16:32,000

and

467

00:16:35,430 --> 00:16:33,680

it also had voids deliberately

468

00:16:38,069 --> 00:16:35,440

introduced into the metal to lower the

469

00:16:39,350 --> 00:16:38,079

density and it's incredibly strong stuff

470

00:16:40,710 --> 00:16:39,360

it was very hard to cut and the only

471

00:16:42,310 --> 00:16:40,720

reason i was able to cut a piece off i

472

00:16:43,829 --> 00:16:42,320

think is because um

473

00:16:45,670 --> 00:16:43,839

parts of it were damaged by heat from

474

00:16:46,949 --> 00:16:45,680

the crash um

475

00:16:48,470 --> 00:16:46,959

it apparently had an electromagnetic

476

00:16:51,269 --> 00:16:48,480

field around it that was really strong

477

00:16:52,150 --> 00:16:51,279

and it collapsed when the object crashed

478

00:16:53,590 --> 00:16:52,160

and

479

00:16:55,269 --> 00:16:53,600

most of the heat was dumped into the

480

00:16:57,269 --> 00:16:55,279

poles of the sphere and vaporized some

481

00:16:58,629 --> 00:16:57,279

of the metal and the um the area around

482

00:17:00,629 --> 00:16:58,639

the areas that were vaporized were

483

00:17:02,710 --> 00:17:00,639

damaged by heat and lowered the strength

484

00:17:04,390 --> 00:17:02,720

a bit so i was able to get a piece off

485

00:17:05,829 --> 00:17:04,400

for analysis

486

00:17:07,590 --> 00:17:05,839

and um

487

00:17:09,990 --> 00:17:07,600

uh

488

00:17:12,230 --> 00:17:10,000

massan said that um the

489

00:17:13,909 --> 00:17:12,240

rancher that um that witnessed the crash

490

00:17:16,150 --> 00:17:13,919

that it killed a cow under the blast

491

00:17:17,429 --> 00:17:16,160

killed a cow 100 meters away

492

00:17:19,590 --> 00:17:17,439

so there's an incredible amount of

493

00:17:22,390 --> 00:17:19,600

energy in these things when they're um

494

00:17:25,029 --> 00:17:22,400

charged up and uh flying

495

00:17:26,549 --> 00:17:25,039

um is any of those the images of what

496

00:17:29,750 --> 00:17:26,559

you're talking about

497

00:17:30,950 --> 00:17:29,760

in on the facebook page available to to

498

00:17:32,789 --> 00:17:30,960

see

499

00:17:35,510 --> 00:17:32,799

yes yeah um

500

00:17:37,750 --> 00:17:35,520

so yeah i i can i i have the uh the

501  
00:17:40,150 --> 00:17:37,760  
report on the um the object and uh

502  
00:17:42,230 --> 00:17:40,160  
you're welcome to have a copy

503  
00:17:43,190 --> 00:17:42,240  
yeah that's on the facebook page as well

504  
00:17:45,270 --> 00:17:43,200  
and

505  
00:17:48,310 --> 00:17:45,280  
as far as uh

506  
00:17:51,430 --> 00:17:48,320  
you know you you talk about this crashed

507  
00:17:53,669 --> 00:17:51,440  
piece and all that and also your uh the

508  
00:17:55,430 --> 00:17:53,679  
topic has come to come up on the show

509  
00:17:56,390 --> 00:17:55,440  
before with what happened to roger

510  
00:17:58,710 --> 00:17:56,400  
lear's

511  
00:18:01,270 --> 00:17:58,720  
you know uh implants that he removed

512  
00:18:04,630 --> 00:18:01,280  
supposedly removed and where are they

513  
00:18:06,470 --> 00:18:04,640

now are and what type of testing has

514

00:18:08,310 --> 00:18:06,480

been done on them you're familiar with

515

00:18:11,190 --> 00:18:08,320

all that

516

00:18:12,830 --> 00:18:11,200

oh yeah i've analyzed um i've analyzed

517

00:18:15,510 --> 00:18:12,840

about five of the

518

00:18:17,430 --> 00:18:15,520

objects and and what do what what do you

519

00:18:18,909 --> 00:18:17,440

know about them

520

00:18:21,110 --> 00:18:18,919

they're sophisticated pieces of

521

00:18:23,510 --> 00:18:21,120

nanotechnology uh they're they're a lot

522

00:18:26,470 --> 00:18:23,520

like the um like the sphere

523

00:18:29,029 --> 00:18:26,480

sample they have their metal with um

524

00:18:30,390 --> 00:18:29,039

with nanotechnology built into the metal

525

00:18:33,190 --> 00:18:30,400

and um

526

00:18:34,630 --> 00:18:33,200

uh they they give off radio frequencies

527

00:18:36,470 --> 00:18:34,640

and they they're self-powering

528

00:18:38,870 --> 00:18:36,480

apparently they connect to the nervous

529

00:18:40,870 --> 00:18:38,880

system they have they have

530

00:18:43,350 --> 00:18:40,880

apparently enzymes in the

531

00:18:45,590 --> 00:18:43,360

enzyme or some chemical cue in the

532

00:18:47,350 --> 00:18:45,600

surface of the metal that allows

533

00:18:49,029 --> 00:18:47,360

or causes

534

00:18:50,230 --> 00:18:49,039

proprioceptor nerves to grow into the

535

00:18:53,029 --> 00:18:50,240

objects

536

00:18:54,830 --> 00:18:53,039

and they develop a very tough

537

00:18:55,830 --> 00:18:54,840

outer membrane

538

00:18:57,750 --> 00:18:55,840

that um

539

00:18:59,750 --> 00:18:57,760

apparently acts as the uh the interface

540

00:19:02,070 --> 00:18:59,760

between the electronics and the device

541

00:19:04,470 --> 00:19:02,080

and the nervous system

542

00:19:09,350 --> 00:19:04,480

and um they're in my opinion way beyond

543

00:19:14,390 --> 00:19:11,590

now they're also made of meteoric iron

544

00:19:16,150 --> 00:19:14,400

or or all the ones i've analyzed have a

545

00:19:17,590 --> 00:19:16,160

certain percentage of meteoric iron some

546

00:19:19,029 --> 00:19:17,600

are pure meteoric iron some are a

547

00:19:22,549 --> 00:19:19,039

percentage

548

00:19:24,789 --> 00:19:22,559

yeah so um they're off planet apparently

549

00:19:27,830 --> 00:19:24,799

well yeah i mean i've i've heard of

550

00:19:29,990 --> 00:19:27,840

these things but i've never really seen

551

00:19:31,830 --> 00:19:30,000

um you know any reports on them or

552

00:19:34,070 --> 00:19:31,840

anything like that so is there anything

553

00:19:36,070 --> 00:19:34,080

here we can take a look at

554

00:19:37,669 --> 00:19:36,080

that uh in particular either one of you

555

00:19:39,430 --> 00:19:37,679

can answer uh

556

00:19:41,750 --> 00:19:39,440

i don't know if there's

557

00:19:43,750 --> 00:19:41,760

i'm just going through all these images

558

00:19:45,909 --> 00:19:43,760

so if you stop there and see the one

559

00:19:49,909 --> 00:19:45,919

second from the left

560

00:19:51,430 --> 00:19:49,919

if i can

561

00:19:52,710 --> 00:19:51,440

are you talking about

562

00:19:54,070 --> 00:19:52,720

this one right here with a bunch of

563

00:19:55,990 --> 00:19:54,080

images

564

00:19:57,669 --> 00:19:56,000  
so that's the one in the 30s drive

565

00:19:59,110 --> 00:19:57,679  
that's the type three it's about the

566

00:20:01,669 --> 00:19:59,120  
size of a um

567

00:20:03,190 --> 00:20:01,679  
as a of a baseball uh there's a lower

568

00:20:05,270 --> 00:20:03,200  
picture there and that's the same thing

569

00:20:09,909 --> 00:20:05,280  
in a field which also create crop

570

00:20:12,230 --> 00:20:09,919  
circles oh yes uh that's one i've seen

571

00:20:14,310 --> 00:20:12,240  
that's the one on the next to it on the

572

00:20:16,390 --> 00:20:14,320  
right

573

00:20:18,310 --> 00:20:16,400  
this one is something to do with um the

574

00:20:20,789 --> 00:20:18,320  
one that went into the water off of the

575

00:20:23,430 --> 00:20:20,799  
omaha or something like that yeah it's

576

00:20:25,510 --> 00:20:23,440

the same object as you just saw um it's

577

00:20:28,710 --> 00:20:25,520

a type three so it's hovering next next

578

00:20:31,350 --> 00:20:28,720

to the uh the ship

579

00:20:34,950 --> 00:20:31,360

okay and

580

00:20:38,630 --> 00:20:34,960

let's see uh so i'm just scrolling

581

00:20:39,510 --> 00:20:38,640

through these and taking a look

582

00:20:41,270 --> 00:20:39,520

and

583

00:20:43,750 --> 00:20:41,280

it looks like well there's a lot of

584

00:20:45,750 --> 00:20:43,760

images but you i still did see a couple

585

00:20:47,270 --> 00:20:45,760

things of that i recognize

586

00:20:49,669 --> 00:20:47,280

i just i just saw the sphere that i got

587

00:20:53,270 --> 00:20:49,679

a sample of uh down below

588

00:20:55,190 --> 00:20:53,280

okay tell me where where i go keep going

589

00:20:56,789 --> 00:20:55,200

yeah keep it and um i will have this in

590

00:21:00,830 --> 00:20:56,799

the show notes for those of you that are

591

00:21:04,149 --> 00:21:03,110

going keep going

592

00:21:05,430 --> 00:21:04,159

okay

593

00:21:07,190 --> 00:21:05,440

uh

594

00:21:08,070 --> 00:21:07,200

thanks for going it's almost there i

595

00:21:10,630 --> 00:21:08,080

think

596

00:21:11,909 --> 00:21:10,640

there it is there it is the gray metal

597

00:21:18,390 --> 00:21:11,919

sphere

598

00:21:23,830 --> 00:21:21,430

and where was that where was that found

599

00:21:26,630 --> 00:21:23,840

that was found uh about a hundred miles

600

00:21:28,470 --> 00:21:26,640

south of the u.s border um uh

601  
00:21:32,230 --> 00:21:28,480  
closest to u.s town was brownsville

602  
00:21:33,350 --> 00:21:32,240  
texas on the um east coast of mexico

603  
00:21:35,270 --> 00:21:33,360  
okay

604  
00:21:37,190 --> 00:21:35,280  
and now if you if you go up you'll see

605  
00:21:42,310 --> 00:21:37,200  
the zero analysis of that if you go keep

606  
00:21:47,909 --> 00:21:45,270  
all the way up uh but i'm wondering why

607  
00:21:51,190 --> 00:21:47,919  
you have this da vinci painting here

608  
00:21:54,070 --> 00:21:51,200  
so to see is um if you look at them uh

609  
00:21:54,950 --> 00:21:54,080  
say the second image from the left

610  
00:21:57,750 --> 00:21:54,960  
on the

611  
00:22:00,070 --> 00:21:57,760  
you see the spheres would up up up up

612  
00:22:02,950 --> 00:22:00,080  
this one right here yeah can i control

613  
00:22:04,549 --> 00:22:02,960

the mouse at all or this one here

614

00:22:05,590 --> 00:22:04,559

you're talking about

615

00:22:09,990 --> 00:22:05,600

uh

616

00:22:11,430 --> 00:22:10,000

no unfortunately not

617

00:22:12,710 --> 00:22:11,440

okay so

618

00:22:16,149 --> 00:22:12,720

uh if you

619

00:22:20,870 --> 00:22:18,950

if you if you go up up a bit

620

00:22:23,590 --> 00:22:20,880

yeah see the one on the left next to

621

00:22:25,510 --> 00:22:23,600

note down a bit you see the one

622

00:22:27,510 --> 00:22:25,520

where you see the flying saucer

623

00:22:29,990 --> 00:22:27,520

top left

624

00:22:32,630 --> 00:22:30,000

okay oh this one you're talking about

625

00:22:34,710 --> 00:22:32,640

right here that one yeah so what you see

626

00:22:35,590 --> 00:22:34,720

is a is a three c is surrounding it like

627

00:22:39,590 --> 00:22:35,600

this

628

00:22:42,230 --> 00:22:39,600

triangulation process so what happens is

629

00:22:44,149 --> 00:22:42,240

is in this in this um configuration the

630

00:22:45,669 --> 00:22:44,159

craft has nowhere to go because it can't

631

00:22:47,350 --> 00:22:45,679

get away in this once once it's

632

00:22:49,909 --> 00:22:47,360

information

633

00:22:51,590 --> 00:22:49,919

this can't escape weapons lock so

634

00:22:54,149 --> 00:22:51,600

basically these will surround it and

635

00:22:57,029 --> 00:22:54,159

then fire all at once and the craft will

636

00:22:58,870 --> 00:22:57,039

be atomized and then if you close this

637

00:23:01,110 --> 00:22:58,880

one

638

00:23:02,549 --> 00:23:01,120

some uh some ufos presumably belonging

639

00:23:04,549 --> 00:23:02,559

to a different species actually launch

640

00:23:07,669 --> 00:23:04,559

these uh these orbs too

641

00:23:10,070 --> 00:23:07,679

yeah and also remy masana's film of

642

00:23:12,870 --> 00:23:10,080

hundreds of these type one uh orbs

643

00:23:14,070 --> 00:23:12,880

docking with uh snake-like um

644

00:23:15,909 --> 00:23:14,080

uh

645

00:23:17,350 --> 00:23:15,919

bases or whatever you wanna call it

646

00:23:18,630 --> 00:23:17,360

about a hundred thousand feet altitude

647

00:23:20,789 --> 00:23:18,640

so high up you can't see them from the

648

00:23:22,549 --> 00:23:20,799

ground yeah stop there go back up that

649

00:23:24,630 --> 00:23:22,559

down

650

00:23:27,190 --> 00:23:24,640

i'm just i'm just looking real quickly

651  
00:23:30,549 --> 00:23:27,200  
here okay and uh i will because uh these

652  
00:23:33,350 --> 00:23:30,559  
right here i wanted to know uh what

653  
00:23:35,270 --> 00:23:33,360  
what's what's the story

654  
00:23:36,390 --> 00:23:35,280  
um well if there's a better picture than

655  
00:23:38,630 --> 00:23:36,400  
that but

656  
00:23:40,149 --> 00:23:38,640  
in a nutshell um

657  
00:23:41,830 --> 00:23:40,159  
i'll show you

658  
00:23:43,190 --> 00:23:41,840  
close that

659  
00:23:45,350 --> 00:23:43,200  
this one here you see the one next to it

660  
00:23:47,269 --> 00:23:45,360  
on the right that's it so the top one

661  
00:23:49,029 --> 00:23:47,279  
here is the one in 30 years drive it's a

662  
00:23:50,549 --> 00:23:49,039  
the type 3 which

663  
00:23:53,110 --> 00:23:50,559

by the size of a baseball this one here

664

00:23:55,110 --> 00:23:53,120

is a bet sphere one below the one below

665

00:23:57,510 --> 00:23:55,120

that is the one steve um

666

00:23:59,590 --> 00:23:57,520

tested and this one here setting up set

667

00:24:01,029 --> 00:23:59,600

outside the vatican

668

00:24:03,510 --> 00:24:01,039

so it appears

669

00:24:04,549 --> 00:24:03,520

it appears that i mean this is a um

670

00:24:06,470 --> 00:24:04,559

sculpture

671

00:24:09,110 --> 00:24:06,480

and it appears to be the same thing as

672

00:24:11,830 --> 00:24:09,120

the spheres that we are we're testing on

673

00:24:14,390 --> 00:24:11,840

oh i see yeah these are these all here

674

00:24:16,470 --> 00:24:14,400

are in uh italian sculpt sculptures

675

00:24:18,470 --> 00:24:16,480

that's right yeah

676

00:24:20,310 --> 00:24:18,480

the one i analyzed was titanium alloy

677

00:24:21,909 --> 00:24:20,320

with uh a lot of nanotechnology and at

678

00:24:24,789 --> 00:24:21,919

the bet sphere there's some other uh

679

00:24:27,669 --> 00:24:24,799

very high density material

680

00:24:29,510 --> 00:24:27,679

yeah okay and and i just i did ask uh

681

00:24:31,430 --> 00:24:29,520

what what why do you have this

682

00:24:32,870 --> 00:24:31,440

particular painting

683

00:24:35,029 --> 00:24:32,880

so if you're looking if you look in the

684

00:24:37,430 --> 00:24:35,039

uh the series holding in his hand

685

00:24:39,110 --> 00:24:37,440

right you'll see there's three lights

686

00:24:41,909 --> 00:24:39,120

oh yeah that's that's a reflection and

687

00:24:44,149 --> 00:24:41,919

by the way this this painting was 83

688

00:24:46,710 --> 00:24:44,159

restored so everything you see in this

689

00:24:49,350 --> 00:24:46,720

painting 80 over 80 percent of it is new

690

00:24:50,710 --> 00:24:49,360

paint um yeah i know who the restorer

691

00:24:53,510 --> 00:24:50,720

was and everything

692

00:24:55,430 --> 00:24:53,520

but if you look at the next image along

693

00:24:58,149 --> 00:24:55,440

it match that configuration of the

694

00:25:00,230 --> 00:24:58,159

lights that the that one there

695

00:25:02,470 --> 00:25:00,240

this one here the one down there yeah

696

00:25:03,830 --> 00:25:02,480

that's the intercept process that's what

697

00:25:05,190 --> 00:25:03,840

they look like when they're intercepting

698

00:25:07,110 --> 00:25:05,200

other targets

699

00:25:08,549 --> 00:25:07,120

which looks exactly the same with what's

700

00:25:10,710 --> 00:25:08,559

in the uh

701  
00:25:12,230 --> 00:25:10,720  
what's in the ball

702  
00:25:14,630 --> 00:25:12,240  
i see the reflection on the ball but

703  
00:25:15,990 --> 00:25:14,640  
that yeah well

704  
00:25:17,750 --> 00:25:16,000  
okay

705  
00:25:20,390 --> 00:25:17,760  
similar yeah

706  
00:25:21,830 --> 00:25:20,400  
all right so anyway we can get back to i

707  
00:25:24,070 --> 00:25:21,840  
see you have a lot of things that look

708  
00:25:25,190 --> 00:25:24,080  
pretty familiar um

709  
00:25:26,789 --> 00:25:25,200  
through here

710  
00:25:28,310 --> 00:25:26,799  
uh different

711  
00:25:30,390 --> 00:25:28,320  
ones that i've seen but what is in

712  
00:25:32,070 --> 00:25:30,400  
particular what is this right here

713  
00:25:34,789 --> 00:25:32,080

that's another one another sample that

714

00:25:36,149 --> 00:25:34,799

we're testing uh we can't talk too much

715

00:25:37,190 --> 00:25:36,159

about that one there's there's a lot of

716

00:25:38,230 --> 00:25:37,200

stuff going on with that in the

717

00:25:39,830 --> 00:25:38,240

background

718

00:25:41,110 --> 00:25:39,840

but that's uh that's actually one that's

719

00:25:43,430 --> 00:25:41,120

intact

720

00:25:45,830 --> 00:25:43,440

and it's still semi-active

721

00:25:47,909 --> 00:25:45,840

so you're saying that this

722

00:25:50,310 --> 00:25:47,919

well let's get back to

723

00:25:52,470 --> 00:25:50,320

um steve what you said that you took a

724

00:25:54,549 --> 00:25:52,480

piece of and how

725

00:25:56,310 --> 00:25:54,559

how did you take

726  
00:25:57,590 --> 00:25:56,320  
how did you actually remove a piece from

727  
00:25:59,269 --> 00:25:57,600  
this and why didn't you just take the

728  
00:26:00,789 --> 00:25:59,279  
whole thing

729  
00:26:02,310 --> 00:26:00,799  
well it belongs to jaime massan he

730  
00:26:04,630 --> 00:26:02,320  
didn't want us he didn't want to part

731  
00:26:07,990 --> 00:26:04,640  
with the whole thing but he he consented

732  
00:26:10,470 --> 00:26:08,000  
to give me a piece for analysis and um

733  
00:26:11,909 --> 00:26:10,480  
uh a colleague and i cut a piece off of

734  
00:26:14,070 --> 00:26:11,919  
it with a

735  
00:26:15,510 --> 00:26:14,080  
dremel moto tool with a silicon carbide

736  
00:26:16,630 --> 00:26:15,520  
disc

737  
00:26:17,669 --> 00:26:16,640  
and um

738  
00:26:19,669 --> 00:26:17,679

i don't think that even would have

739

00:26:21,830 --> 00:26:19,679

scratched it if um uh it hadn't been

740

00:26:23,510 --> 00:26:21,840

damaged by heat though the edges of the

741

00:26:25,029 --> 00:26:23,520

metal around there were where i took the

742

00:26:26,870 --> 00:26:25,039

sample and those are definitely damaged

743

00:26:28,470 --> 00:26:26,880

by heat

744

00:26:30,549 --> 00:26:28,480

the rest of the metal i'd estimate was

745

00:26:32,310 --> 00:26:30,559

at least uh three or four times stronger

746

00:26:33,510 --> 00:26:32,320

than that area

747

00:26:35,990 --> 00:26:33,520

um

748

00:26:38,549 --> 00:26:36,000

it was so strong that uh carbide would

749

00:26:40,630 --> 00:26:38,559

barely scratch it and

750

00:26:42,310 --> 00:26:40,640

we actually had another an implant from

751  
00:26:43,909 --> 00:26:42,320  
patient 16 and

752  
00:26:46,630 --> 00:26:43,919  
dr lear's

753  
00:26:47,750 --> 00:26:46,640  
project that was made of a material that

754  
00:26:49,990 --> 00:26:47,760  
um

755  
00:26:51,750 --> 00:26:50,000  
was an iron alloy reinforced carbon

756  
00:26:53,510 --> 00:26:51,760  
nanotubes that was so strong that even

757  
00:26:54,950 --> 00:26:53,520  
diamond tools wouldn't cut it we had to

758  
00:26:59,430 --> 00:26:54,960  
use a high energy laser to cut it in

759  
00:27:03,590 --> 00:27:02,630  
well that's interesting so um so once

760  
00:27:05,430 --> 00:27:03,600  
you take

761  
00:27:06,870 --> 00:27:05,440  
it just seems to me like a couple of

762  
00:27:08,950 --> 00:27:06,880  
different things

763  
00:27:11,269 --> 00:27:08,960

and i want to ask you uh maybe i'll

764

00:27:12,390 --> 00:27:11,279

start with you patrick on this

765

00:27:14,630 --> 00:27:12,400

um

766

00:27:16,149 --> 00:27:14,640

so the the sphere that i brought up just

767

00:27:18,710 --> 00:27:16,159

whoops i don't know that came went up by

768

00:27:21,590 --> 00:27:18,720

accident the sphere that

769

00:27:24,549 --> 00:27:21,600

came up uh that you said you can't talk

770

00:27:26,710 --> 00:27:24,559

about i just headed up and

771

00:27:29,190 --> 00:27:26,720

what is the particular reason

772

00:27:30,950 --> 00:27:29,200

why you can't talk about that right now

773

00:27:31,830 --> 00:27:30,960

you say you're doing some work on it is

774

00:27:32,789 --> 00:27:31,840

there

775

00:27:35,909 --> 00:27:32,799

yeah

776

00:27:37,350 --> 00:27:35,919

uh what can you tell us about it

777

00:27:39,350 --> 00:27:37,360

um it's a real thing and it's

778

00:27:44,389 --> 00:27:39,360

semi-active

779

00:27:48,149 --> 00:27:44,399

it rolls around all day on its own it's

780

00:27:50,870 --> 00:27:48,159

basically the best sphere 2.0

781

00:27:53,269 --> 00:27:50,880

and so do you have like if this thing is

782

00:27:55,029 --> 00:27:53,279

rolling around where is it kept is it

783

00:27:57,110 --> 00:27:55,039

kept by

784

00:27:59,430 --> 00:27:57,120

um someone that doesn't want to show it

785

00:28:01,430 --> 00:27:59,440

to other people or or

786

00:28:03,110 --> 00:28:01,440

something like that yeah yeah

787

00:28:05,430 --> 00:28:03,120

as i say there's there's a lot of stuff

788

00:28:06,630 --> 00:28:05,440

going on in the background with it

789

00:28:08,310 --> 00:28:06,640

but that that's going to be coming out

790

00:28:11,430 --> 00:28:08,320

in the next few months

791

00:28:14,310 --> 00:28:11,440

okay so if this thing really was

792

00:28:16,870 --> 00:28:14,320

some alien type technology

793

00:28:19,110 --> 00:28:16,880

it kind of would put a lot of things

794

00:28:21,029 --> 00:28:19,120

to bed wouldn't it you know as far as

795

00:28:23,510 --> 00:28:21,039

the debate of

796

00:28:25,110 --> 00:28:23,520

uh things coming here or not and and all

797

00:28:26,389 --> 00:28:25,120

that i mean this seems like it could be

798

00:28:29,510 --> 00:28:26,399

something

799

00:28:31,350 --> 00:28:29,520

really major if this was the case

800

00:28:33,029 --> 00:28:31,360

and change everything if this was the

801  
00:28:34,789 --> 00:28:33,039  
case and so

802  
00:28:35,590 --> 00:28:34,799  
i guess a couple of questions i have for

803  
00:28:37,669 --> 00:28:35,600  
you

804  
00:28:40,470 --> 00:28:37,679  
is um

805  
00:28:41,590 --> 00:28:40,480  
it's not in government hands right

806  
00:28:43,029 --> 00:28:41,600  
no

807  
00:28:45,909 --> 00:28:43,039  
and is there

808  
00:28:48,070 --> 00:28:45,919  
is this person working exclusively with

809  
00:28:50,870 --> 00:28:48,080  
anyone that can get the word

810  
00:28:53,669 --> 00:28:50,880  
out there if the thing really

811  
00:28:55,750 --> 00:28:53,679  
ends up being something spectacular

812  
00:28:58,310 --> 00:28:55,760  
yeah they're working with me so if i

813  
00:29:00,230 --> 00:28:58,320

have the exclusive access to it and how

814

00:29:01,510 --> 00:29:00,240

would you like if all right let's just

815

00:29:03,990 --> 00:29:01,520

say

816

00:29:05,909 --> 00:29:04,000

let's just run a scenario let's

817

00:29:09,269 --> 00:29:05,919

say this thing did

818

00:29:10,470 --> 00:29:09,279

incredible things it would uh it was uh

819

00:29:13,990 --> 00:29:10,480

intelligent

820

00:29:15,830 --> 00:29:14,000

uh and could maneuver on its own or

821

00:29:18,630 --> 00:29:15,840

whatever and

822

00:29:20,310 --> 00:29:18,640

uh you actually have it captured and

823

00:29:22,389 --> 00:29:20,320

wherever it is and it's not going to get

824

00:29:24,549 --> 00:29:22,399

away

825

00:29:26,149 --> 00:29:24,559

how would you get the word out

826

00:29:28,549 --> 00:29:26,159

who would you get the word out to if

827

00:29:30,710 --> 00:29:28,559

this is the case if this thing somehow

828

00:29:32,870 --> 00:29:30,720

seemed to be off planet an off-planet

829

00:29:35,190 --> 00:29:32,880

type of thing how would you get the word

830

00:29:37,430 --> 00:29:35,200

out there to the world

831

00:29:38,950 --> 00:29:37,440

uh the media there's a lot there's quite

832

00:29:41,269 --> 00:29:38,960

a few media who are interested in this

833

00:29:43,110 --> 00:29:41,279

already

834

00:29:44,789 --> 00:29:43,120

and how long has this thing been known

835

00:29:47,430 --> 00:29:44,799

about in and

836

00:29:49,110 --> 00:29:47,440

what country is it in

837

00:29:51,830 --> 00:29:49,120

it's been known about for a little while

838

00:29:53,350 --> 00:29:51,840

uh but i can't say where it is

839

00:29:55,669 --> 00:29:53,360

but as i say you will find out soon

840

00:29:58,230 --> 00:29:55,679

because it's it's just uh it's in

841

00:30:00,310 --> 00:29:58,240

progress so you'll find out soon

842

00:30:01,669 --> 00:30:00,320

all right and um

843

00:30:04,630 --> 00:30:01,679

can you tell me

844

00:30:06,870 --> 00:30:04,640

what type of uh science is there

845

00:30:09,269 --> 00:30:06,880

would there be access like for instance

846

00:30:11,350 --> 00:30:09,279

if we talked off air and i said hey look

847

00:30:13,269 --> 00:30:11,360

i've got this great scientist guy that

848

00:30:16,630 --> 00:30:13,279

works with metal and

849

00:30:19,110 --> 00:30:16,640

and metallurgy and and all that and

850

00:30:21,830 --> 00:30:19,120

uh because i actually do have uh access

851  
00:30:24,230 --> 00:30:21,840  
to some some people like this that would

852  
00:30:26,149 --> 00:30:24,240  
be very interested is this something

853  
00:30:28,310 --> 00:30:26,159  
that could be observed

854  
00:30:29,990 --> 00:30:28,320  
by someone in the science field

855  
00:30:31,029 --> 00:30:30,000  
yes and that's been arranged

856  
00:30:33,350 --> 00:30:31,039  
yeah

857  
00:30:37,029 --> 00:30:33,360  
it could be arranged no it has been

858  
00:30:39,669 --> 00:30:37,039  
arranged it is being arranged

859  
00:30:42,310 --> 00:30:39,679  
okay um all right well i'd i'd be

860  
00:30:44,549 --> 00:30:42,320  
interested to to know more about that as

861  
00:30:46,549 --> 00:30:44,559  
yeah as as of course you know anytime

862  
00:30:48,310 --> 00:30:46,559  
you say you can't talk about something

863  
00:30:50,710 --> 00:30:48,320

that's all the email you're going to get

864

00:30:52,070 --> 00:30:50,720

and myself is okay everyone wants to

865

00:30:54,149 --> 00:30:52,080

know why you can't talk about it and

866

00:30:55,830 --> 00:30:54,159

what is it

867

00:30:57,830 --> 00:30:55,840

well that's the way it works yeah i'm

868

00:30:59,509 --> 00:30:57,840

afraid that's where it works is if you

869

00:31:01,029 --> 00:30:59,519

want something properly tested it has to

870

00:31:03,669 --> 00:31:01,039

be done quietly

871

00:31:05,430 --> 00:31:03,679

um you can't be done really in the media

872

00:31:07,350 --> 00:31:05,440

now have you physically seen this

873

00:31:09,590 --> 00:31:07,360

yourself or have you seen it

874

00:31:11,110 --> 00:31:09,600

you have physically seen this yeah yeah

875

00:31:13,190 --> 00:31:11,120

in fact i've seen quite a few spheres

876  
00:31:15,269 --> 00:31:13,200  
and throughout my research

877  
00:31:17,669 --> 00:31:15,279  
um in buildings

878  
00:31:19,509 --> 00:31:17,679  
personally and outside

879  
00:31:21,590 --> 00:31:19,519  
so i've seen quite a few

880  
00:31:22,710 --> 00:31:21,600  
there are several crash spears that uh

881  
00:31:25,269 --> 00:31:22,720  
are

882  
00:31:26,710 --> 00:31:25,279  
in private hands right now that

883  
00:31:28,630 --> 00:31:26,720  
might be bought for the right price as

884  
00:31:31,190 --> 00:31:28,640  
well here

885  
00:31:33,110 --> 00:31:31,200  
yeah well hey look if something was

886  
00:31:36,070 --> 00:31:33,120  
could be proven that it was off planet

887  
00:31:38,230 --> 00:31:36,080  
um their price could be whatever

888  
00:31:39,990 --> 00:31:38,240

someone puts on it you know that because

889

00:31:43,190 --> 00:31:40,000

that would change everything

890

00:31:45,269 --> 00:31:43,200

so uh i i guess i would

891

00:31:46,789 --> 00:31:45,279

like to say to you if that's so is that

892

00:31:49,029 --> 00:31:46,799

something you know the whereabouts and

893

00:31:50,950 --> 00:31:49,039

all that

894

00:31:54,470 --> 00:31:50,960

yeah i know where it is yeah

895

00:31:56,389 --> 00:31:54,480

um is it for sale no

896

00:31:57,909 --> 00:31:56,399

yeah

897

00:31:59,509 --> 00:31:57,919

but i'm i'm talking to you stephen you

898

00:32:01,509 --> 00:31:59,519

say you know where these things are you

899

00:32:03,669 --> 00:32:01,519

know where some things are

900

00:32:05,110 --> 00:32:03,679

or you just i i i used to know where a

901  
00:32:05,990 --> 00:32:05,120  
couple of them were i could find out

902  
00:32:08,549 --> 00:32:06,000  
again

903  
00:32:10,230 --> 00:32:08,559  
if they're still available but um they

904  
00:32:12,549 --> 00:32:10,240  
apparently uh

905  
00:32:15,110 --> 00:32:12,559  
fall out of the sky on a fairly regular

906  
00:32:16,149 --> 00:32:15,120  
basis and and i have reason to believe

907  
00:32:17,509 --> 00:32:16,159  
that at least two or three are in

908  
00:32:20,870 --> 00:32:17,519  
private hands besides the one that

909  
00:32:26,310 --> 00:32:23,590  
okay here's a question here

910  
00:32:30,630 --> 00:32:26,320  
uh mary grace wants to know do these

911  
00:32:33,190 --> 00:32:30,640  
does the active sphere make any sound

912  
00:32:35,590 --> 00:32:33,200  
uh no but it does vibrate a lot

913  
00:32:39,029 --> 00:32:35,600

it vibrates and

914

00:32:41,350 --> 00:32:39,039

and uh all right so i saw when i showed

915

00:32:42,870 --> 00:32:41,360

the picture of it i showed it being on a

916

00:32:44,710 --> 00:32:42,880

stand

917

00:32:47,190 --> 00:32:44,720

and uh let me see if i can bring that

918

00:32:48,950 --> 00:32:47,200

back up uh

919

00:32:51,110 --> 00:32:48,960

i i saw it being in a stand when you

920

00:32:52,870 --> 00:32:51,120

when the thing is put on the

921

00:32:54,549 --> 00:32:52,880

on the ground this isn't the thing

922

00:32:57,990 --> 00:32:54,559

anyway here but when it's put on the

923

00:32:59,509 --> 00:32:58,000

ground does it supposedly

924

00:33:00,870 --> 00:32:59,519

do anything

925

00:33:03,269 --> 00:33:00,880

that one does not

926  
00:33:04,950 --> 00:33:03,279  
that one stone is not active anymore no

927  
00:33:05,750 --> 00:33:04,960  
i'm sorry i meant to put up the other

928  
00:33:12,070 --> 00:33:05,760  
one

929  
00:33:13,909 --> 00:33:12,080  
it's uh it's on some it looks like a

930  
00:33:16,389 --> 00:33:13,919  
plant holder or something a plant pot

931  
00:33:17,669 --> 00:33:16,399  
holder when it's put on the ground what

932  
00:33:20,149 --> 00:33:17,679  
happens

933  
00:33:22,389 --> 00:33:20,159  
it rolls around all day

934  
00:33:24,470 --> 00:33:22,399  
right so this right here it rolls around

935  
00:33:25,830 --> 00:33:24,480  
all day and what about

936  
00:33:28,310 --> 00:33:25,840  
um any

937  
00:33:31,509 --> 00:33:28,320  
readings off of it on the outside

938  
00:33:34,230 --> 00:33:31,519

yeah it makes gamma rays

939

00:33:36,830 --> 00:33:34,240

it's uh gamma rays

940

00:33:38,789 --> 00:33:36,840

uh dangerous

941

00:33:41,029 --> 00:33:38,799

is but it's much higher than background

942

00:33:44,549 --> 00:33:41,039

not radiation

943

00:33:45,509 --> 00:33:44,559

okay um any any other type of readings

944

00:33:47,110 --> 00:33:45,519

um

945

00:33:48,950 --> 00:33:47,120

this but it might be microwaves coming

946

00:33:50,630 --> 00:33:48,960

from we need to do more testing on this

947

00:33:51,750 --> 00:33:50,640

one and that's what we're setting up

948

00:33:52,549 --> 00:33:51,760

soon

949

00:33:54,070 --> 00:33:52,559

all right

950

00:33:56,870 --> 00:33:54,080

i'd be surprised if it's not giving off

951  
00:33:57,990 --> 00:33:56,880  
microwaves and rf at some level

952  
00:34:00,070 --> 00:33:58,000  
probably

953  
00:34:02,310 --> 00:34:00,080  
yeah something like this uh you would

954  
00:34:03,830 --> 00:34:02,320  
expect um if it flew at one time it

955  
00:34:06,710 --> 00:34:03,840  
would fly again

956  
00:34:09,990 --> 00:34:06,720  
the thing just sits there on that stand

957  
00:34:12,149 --> 00:34:10,000  
uh well the thing is is that um

958  
00:34:14,629 --> 00:34:12,159  
this one is not damaged

959  
00:34:16,950 --> 00:34:14,639  
it appears it's just not online

960  
00:34:20,069 --> 00:34:16,960  
so technically with the right signal it

961  
00:34:21,030 --> 00:34:20,079  
could come back online

962  
00:34:22,869 --> 00:34:21,040  
okay

963  
00:34:25,270 --> 00:34:22,879

um maybe maybe the aliens are just

964

00:34:26,869 --> 00:34:25,280

allowing them to possess it uh for for a

965

00:34:28,629 --> 00:34:26,879

while for some reason best known to

966

00:34:30,950 --> 00:34:28,639

themselves

967

00:34:33,109 --> 00:34:30,960

yeah i would think so steve you you

968

00:34:34,869 --> 00:34:33,119

pretty much think that whatever this is

969

00:34:36,869 --> 00:34:34,879

is is aliens

970

00:34:39,510 --> 00:34:36,879

most likely yeah

971

00:34:41,190 --> 00:34:39,520

and uh what are your thoughts as well

972

00:34:43,430 --> 00:34:41,200

uh patrick

973

00:34:46,310 --> 00:34:43,440

oh it's completely yeah

974

00:34:47,349 --> 00:34:46,320

completely detect that the the abilities

975

00:34:49,829 --> 00:34:47,359

that the ones that happen in the

976

00:34:51,829 --> 00:34:49,839

buildings are is uh amazing they can

977

00:34:54,230 --> 00:34:51,839

perform a thing called quantum tunneling

978

00:34:55,750 --> 00:34:54,240

which was witnessed during world war two

979

00:34:57,270 --> 00:34:55,760

so what will happen is is that uh

980

00:34:59,430 --> 00:34:57,280

because the air crews saw the bigger

981

00:35:01,030 --> 00:34:59,440

variants of these during world war two

982

00:35:02,470 --> 00:35:01,040

uh and they used to appear outside the

983

00:35:04,630 --> 00:35:02,480

aircraft and then fly inside the

984

00:35:06,230 --> 00:35:04,640

aircraft and then fly around through

985

00:35:07,270 --> 00:35:06,240

they go right through walls very easily

986

00:35:08,950 --> 00:35:07,280

yeah they can go right through walls

987

00:35:11,349 --> 00:35:08,960

it's called tunneling

988

00:35:13,510 --> 00:35:11,359

and that's what they can perform uh and

989

00:35:16,870 --> 00:35:13,520

that's uh we can only do that on a small

990

00:35:18,470 --> 00:35:16,880

scale in in the lab um but these things

991

00:35:20,310 --> 00:35:18,480

can have perfected it

992

00:35:21,750 --> 00:35:20,320

uh and they can they as i said they

993

00:35:25,589 --> 00:35:21,760

operate in buildings they can pass

994

00:35:26,950 --> 00:35:25,599

through pretty much anything they want

995

00:35:30,470 --> 00:35:26,960

john

996

00:35:33,030 --> 00:35:30,480

experiments have seen the effect

997

00:35:36,470 --> 00:35:33,040

and i would imagine the government's uh

998

00:35:40,150 --> 00:35:36,480

seeing it extensively in their labs

999

00:35:40,160 --> 00:35:43,109

aliens that is

1000

00:35:48,790 --> 00:35:45,910

a lot of times i've seen like light orbs

1001  
00:35:50,230 --> 00:35:48,800  
or people talk about light orbs but i'm

1002  
00:35:52,710 --> 00:35:50,240  
i'm hearing you talk quite a bit about

1003  
00:35:56,150 --> 00:35:52,720  
the silver metallic

1004  
00:35:57,750 --> 00:35:56,160  
type um how often are people i i don't

1005  
00:35:58,710 --> 00:35:57,760  
know myself i guess i'm asking the

1006  
00:36:01,349 --> 00:35:58,720  
question

1007  
00:36:03,270 --> 00:36:01,359  
is how often are people do people seem

1008  
00:36:04,710 --> 00:36:03,280  
to be talking about these

1009  
00:36:07,030 --> 00:36:04,720  
so the light is a byproduct of the

1010  
00:36:08,150 --> 00:36:07,040  
propulsion system so where you have the

1011  
00:36:12,870 --> 00:36:08,160  
high energy

1012  
00:36:13,990 --> 00:36:12,880  
is interacting with our gas environment

1013  
00:36:15,910 --> 00:36:14,000

uh

1014

00:36:18,230 --> 00:36:15,920

basically creating photons it stimulates

1015

00:36:19,270 --> 00:36:18,240

the gas molecules creating photons which

1016

00:36:20,950 --> 00:36:19,280

is light

1017

00:36:22,230 --> 00:36:20,960

which is the same process of that of

1018

00:36:24,310 --> 00:36:22,240

lightning

1019

00:36:26,470 --> 00:36:24,320

so depending on how either how high the

1020

00:36:28,310 --> 00:36:26,480

drive is it can either look metallic or

1021

00:36:30,630 --> 00:36:28,320

it can glow red or

1022

00:36:33,190 --> 00:36:30,640

orange or yellow or white depending on

1023

00:36:35,109 --> 00:36:33,200

depending on the frequency and the gases

1024

00:36:36,390 --> 00:36:35,119

is passing through at the time you will

1025

00:36:38,950 --> 00:36:36,400

look different colors but they're all

1026  
00:36:42,710 --> 00:36:38,960  
atomic colors

1027  
00:36:44,390 --> 00:36:42,720  
and so are you saying like i've heard

1028  
00:36:47,990 --> 00:36:44,400  
people suggest

1029  
00:36:50,069 --> 00:36:48,000  
that uh certain vibration things can

1030  
00:36:52,310 --> 00:36:50,079  
possibly go through walls things like

1031  
00:36:53,589 --> 00:36:52,320  
that so is that kind of along the same

1032  
00:36:56,550 --> 00:36:53,599  
line is which

1033  
00:36:59,190 --> 00:36:56,560  
what you're talking about

1034  
00:37:00,710 --> 00:36:59,200  
like it's a frequency vibration

1035  
00:37:03,670 --> 00:37:00,720  
uh no

1036  
00:37:04,630 --> 00:37:03,680  
a very particular process isn't it's uh

1037  
00:37:07,109 --> 00:37:04,640  
i don't think anything to do with

1038  
00:37:08,870 --> 00:37:07,119

vibrations it's a very particular atomic

1039

00:37:10,550 --> 00:37:08,880

process

1040

00:37:12,630 --> 00:37:10,560

i'm not sure the details of how to do it

1041

00:37:13,910 --> 00:37:12,640

but it's probably a combination of very

1042

00:37:16,390 --> 00:37:13,920

high

1043

00:37:19,430 --> 00:37:16,400

electric fields and certain frequencies

1044

00:37:21,030 --> 00:37:19,440

as well that cause it to do that

1045

00:37:22,870 --> 00:37:21,040

the the atoms i think are being moved

1046

00:37:25,349 --> 00:37:22,880

aside slightly in floor space and it

1047

00:37:26,390 --> 00:37:25,359

renders the the material um

1048

00:37:31,829 --> 00:37:26,400

uh

1049

00:37:36,069 --> 00:37:31,839

liquid in our dimension

1050

00:37:38,630 --> 00:37:36,079

so that the object can pass through it

1051  
00:37:39,910 --> 00:37:38,640  
okay well um

1052  
00:37:42,550 --> 00:37:39,920  
so

1053  
00:37:45,910 --> 00:37:42,560  
the the thing i guess that i'm

1054  
00:37:47,109 --> 00:37:45,920  
uh well interested in the most is that

1055  
00:37:49,270 --> 00:37:47,119  
there's

1056  
00:37:51,750 --> 00:37:49,280  
some type of object that's in someone's

1057  
00:37:53,030 --> 00:37:51,760  
hands i i can't get that out of my head

1058  
00:37:54,630 --> 00:37:53,040  
as we're doing this

1059  
00:37:57,430 --> 00:37:54,640  
uh talk that

1060  
00:38:00,390 --> 00:37:57,440  
um and that it was can you describe how

1061  
00:38:03,190 --> 00:38:00,400  
that was found at least and and

1062  
00:38:05,829 --> 00:38:03,200  
how this person obtained that and why

1063  
00:38:09,510 --> 00:38:05,839

did he did he see this thing flying and

1064

00:38:11,910 --> 00:38:09,520

somehow it crashed or what happened

1065

00:38:13,510 --> 00:38:11,920

so the story is is that um

1066

00:38:14,470 --> 00:38:13,520

many years ago

1067

00:38:19,349 --> 00:38:14,480

a

1068

00:38:20,870 --> 00:38:19,359

ufo hovering over his property

1069

00:38:22,230 --> 00:38:20,880

and he scared the family so much they

1070

00:38:23,430 --> 00:38:22,240

locked themselves in the in the house

1071

00:38:25,270 --> 00:38:23,440

for two days

1072

00:38:26,069 --> 00:38:25,280

and when they came out when they came

1073

00:38:27,589 --> 00:38:26,079

out

1074

00:38:29,670 --> 00:38:27,599

all these silver seers were all over the

1075

00:38:31,030 --> 00:38:29,680

property i think it's like a dozen of

1076

00:38:31,829 --> 00:38:31,040

them

1077

00:38:34,710 --> 00:38:31,839

so

1078

00:38:36,230 --> 00:38:34,720

one the farmer gave one of these spheres

1079

00:38:39,030 --> 00:38:36,240

to the guy i know

1080

00:38:40,550 --> 00:38:39,040

uh and i think he sold the other ones to

1081

00:38:42,790 --> 00:38:40,560

the military

1082

00:38:44,310 --> 00:38:42,800

so that's what happened and basically

1083

00:38:46,630 --> 00:38:44,320

it's been left in his shed for the last

1084

00:38:49,670 --> 00:38:46,640

30 odd years

1085

00:38:52,150 --> 00:38:49,680

he's i is this speculation that he sold

1086

00:38:54,470 --> 00:38:52,160

them to the military or did he say that

1087

00:38:56,470 --> 00:38:54,480

he sold him to the military no it's a

1088

00:38:57,910 --> 00:38:56,480

it's probably a logical conclusion that

1089

00:39:00,069 --> 00:38:57,920

he did

1090

00:39:01,270 --> 00:39:00,079

because he came back in a hurry trying

1091

00:39:03,030 --> 00:39:01,280

to get the

1092

00:39:05,030 --> 00:39:03,040

the one that he gave away

1093

00:39:06,550 --> 00:39:05,040

uh he wanted that one back

1094

00:39:07,910 --> 00:39:06,560

and so the only reason why he would do

1095

00:39:10,390 --> 00:39:07,920

that is if he was offered a big price

1096

00:39:17,270 --> 00:39:13,030

okay um so we don't know where the other

1097

00:39:20,150 --> 00:39:18,550

yeah

1098

00:39:22,870 --> 00:39:20,160

okay uh

1099

00:39:25,190 --> 00:39:22,880

well this is all interesting and i uh i

1100

00:39:27,109 --> 00:39:25,200

guess i would have to ask you to

1101  
00:39:28,630 --> 00:39:27,119  
you know please do follow up with me if

1102  
00:39:30,790 --> 00:39:28,640  
anything happens

1103  
00:39:32,230 --> 00:39:30,800  
along these lines you know with this

1104  
00:39:34,550 --> 00:39:32,240  
thing being

1105  
00:39:36,230 --> 00:39:34,560  
uh you know tested and

1106  
00:39:38,069 --> 00:39:36,240  
and all yeah

1107  
00:39:39,990 --> 00:39:38,079  
you know i mean it would

1108  
00:39:41,270 --> 00:39:40,000  
totally make the difference

1109  
00:39:43,829 --> 00:39:41,280  
uh in

1110  
00:39:45,670 --> 00:39:43,839  
basically and what everybody is

1111  
00:39:48,310 --> 00:39:45,680  
you know the debates out there whether

1112  
00:39:49,990 --> 00:39:48,320  
we're being visit visited or not in this

1113  
00:39:52,230 --> 00:39:50,000

uh if this was

1114

00:39:53,990 --> 00:39:52,240

something that was actually off world

1115

00:39:57,750 --> 00:39:54,000

and could be proven it was off world

1116

00:39:58,710 --> 00:39:57,760

then you know you would have um

1117

00:40:01,109 --> 00:39:58,720

the most

1118

00:40:02,390 --> 00:40:01,119

significant find ever

1119

00:40:05,510 --> 00:40:02,400

by the

1120

00:40:07,109 --> 00:40:05,520

men you know our species really i mean

1121

00:40:09,030 --> 00:40:07,119

if you think about it

1122

00:40:10,470 --> 00:40:09,040

well according according to what i can

1123

00:40:12,230 --> 00:40:10,480

tell um

1124

00:40:13,670 --> 00:40:12,240

the see the type ones only sequel down

1125

00:40:15,990 --> 00:40:13,680

to the type threes

1126

00:40:17,990 --> 00:40:16,000

when there's intercepts occurring

1127

00:40:19,510 --> 00:40:18,000

uh which when you look at the actual

1128

00:40:21,190 --> 00:40:19,520

patterns in the houses

1129

00:40:23,190 --> 00:40:21,200

it means that they're coming online at

1130

00:40:24,550 --> 00:40:23,200

least once or twice a week

1131

00:40:28,870 --> 00:40:24,560

which means that the intercepts are

1132

00:40:28,880 --> 00:40:32,390

once or twice a week

1133

00:40:37,430 --> 00:40:35,510

and and and where exactly are

1134

00:40:39,430 --> 00:40:37,440

all over the world

1135

00:40:43,109 --> 00:40:39,440

and let me ask you this i think of this

1136

00:40:47,430 --> 00:40:46,069

why why us if there's intelligent life

1137

00:40:49,670 --> 00:40:47,440

all through the

1138

00:40:52,390 --> 00:40:49,680

you know the galaxy through the universe

1139

00:40:54,630 --> 00:40:52,400

uh why would it bother with us if life

1140

00:40:56,069 --> 00:40:54,640

is everywhere

1141

00:40:58,470 --> 00:40:56,079

if that's well there's a problem there's

1142

00:41:00,069 --> 00:40:58,480

a problem in genetics for synergy

1143

00:41:03,109 --> 00:41:00,079

um i don't know if you're aware of that

1144

00:41:07,030 --> 00:41:04,790

i'm sorry synergy there's a gum in

1145

00:41:09,190 --> 00:41:07,040

genetics called synergy

1146

00:41:10,790 --> 00:41:09,200

so basically what that means is is that

1147

00:41:12,870 --> 00:41:10,800

what we're seeing currently in small

1148

00:41:15,190 --> 00:41:12,880

isolated villages uh say like the

1149

00:41:17,430 --> 00:41:15,200

villages up the mountains and so forth

1150

00:41:19,910 --> 00:41:17,440

uh when they all start having uh

1151

00:41:21,349 --> 00:41:19,920

children together they're like their

1152

00:41:23,270 --> 00:41:21,359

cousins will have children with the

1153

00:41:25,750 --> 00:41:23,280

other cousins and so forth

1154

00:41:27,670 --> 00:41:25,760

what happens is a simple synergy

1155

00:41:30,069 --> 00:41:27,680

which basically means is that the

1156

00:41:31,910 --> 00:41:30,079

genetics will get screwed up uh and

1157

00:41:33,510 --> 00:41:31,920

you'll have children that will die at

1158

00:41:35,910 --> 00:41:33,520

the age of 10 years old they just drop

1159

00:41:38,390 --> 00:41:35,920

dead or they have lots of mental or

1160

00:41:40,470 --> 00:41:38,400

physical disabilities or problems

1161

00:41:42,150 --> 00:41:40,480

uh it's it's like what happens when you

1162

00:41:44,230 --> 00:41:42,160

when your sister has a baby with a

1163

00:41:46,230 --> 00:41:44,240

brother and then what happens is

1164

00:41:48,230 --> 00:41:46,240

the genetic call becomes so small it

1165

00:41:49,910 --> 00:41:48,240

starts causing lots of errors to the

1166

00:41:52,950 --> 00:41:49,920

point where it implodes

1167

00:41:54,950 --> 00:41:52,960

so what happens is mathematically uh the

1168

00:41:57,589 --> 00:41:54,960

problems that we're seeing in currently

1169

00:42:00,870 --> 00:41:57,599

in small little villages um will one day

1170

00:42:02,790 --> 00:42:00,880

propagate out to towns and then cities

1171

00:42:05,670 --> 00:42:02,800

and then countries and then it'll be

1172

00:42:07,270 --> 00:42:05,680

global so the only way you can fix this

1173

00:42:09,349 --> 00:42:07,280

problem is by

1174

00:42:10,790 --> 00:42:09,359

going to another finding another group

1175

00:42:12,550 --> 00:42:10,800

that's compatible

1176  
00:42:14,710 --> 00:42:12,560  
and then you extract dna from them to

1177  
00:42:17,589 --> 00:42:14,720  
then insert into your own race so they

1178  
00:42:19,030 --> 00:42:17,599  
extend the lifespan of that race

1179  
00:42:21,030 --> 00:42:19,040  
that's how it works so the only reason

1180  
00:42:23,349 --> 00:42:21,040  
why the other groups are coming the only

1181  
00:42:25,349 --> 00:42:23,359  
reason why ufos are coming is for

1182  
00:42:27,910 --> 00:42:25,359  
genetic extraction

1183  
00:42:29,750 --> 00:42:27,920  
and that's it simple as that

1184  
00:42:33,910 --> 00:42:29,760  
so what do you think they they want to

1185  
00:42:37,990 --> 00:42:36,230  
they're extracting human dna

1186  
00:42:39,829 --> 00:42:38,000  
they're incorporating certain uh

1187  
00:42:42,630 --> 00:42:39,839  
characteristics of our race into their

1188  
00:42:44,950 --> 00:42:42,640

own because they realize that by um

1189

00:42:46,550 --> 00:42:44,960

getting rid of uh emotions uh in their

1190

00:42:47,910 --> 00:42:46,560

race a long time ago they've limited

1191

00:42:50,550 --> 00:42:47,920

themselves there are certain uh

1192

00:42:51,910 --> 00:42:50,560

advantages to at least some individuals

1193

00:42:56,150 --> 00:42:51,920

in their

1194

00:42:58,470 --> 00:42:56,160

having uh

1195

00:43:00,230 --> 00:42:58,480

reactions to things like humans have

1196

00:43:02,550 --> 00:43:00,240

yeah but in a nutshell in a nutshell

1197

00:43:03,990 --> 00:43:02,560

it's a case of they need

1198

00:43:07,190 --> 00:43:04,000

external dna

1199

00:43:09,589 --> 00:43:07,200

in order to extend the lifespan of their

1200

00:43:10,950 --> 00:43:09,599

own race

1201

00:43:12,309 --> 00:43:10,960

and the same thing

1202

00:43:13,990 --> 00:43:12,319

that might be it as well but now they

1203

00:43:15,670 --> 00:43:14,000

want they want certain characteristics

1204

00:43:17,829 --> 00:43:15,680

that they they did not possess at this

1205

00:43:19,829 --> 00:43:17,839

point yeah maybe as well

1206

00:43:21,589 --> 00:43:19,839

that is a fundamental reason

1207

00:43:22,470 --> 00:43:21,599

and the same thing will happen to us one

1208

00:43:23,829 --> 00:43:22,480

day

1209

00:43:27,030 --> 00:43:23,839

and we'll have to go out there and do

1210

00:43:29,190 --> 00:43:27,040

exactly the same thing

1211

00:43:31,589 --> 00:43:29,200

uh what do you think about uh there are

1212

00:43:34,550 --> 00:43:31,599

some theories that say dr michael

1213

00:43:36,710 --> 00:43:34,560

masters thinks that ufos could be time

1214

00:43:39,190 --> 00:43:36,720

travelers would that somehow fit in the

1215

00:43:41,030 --> 00:43:39,200

realm of things with your thoughts

1216

00:43:43,190 --> 00:43:41,040

well i don't know about that and all i

1217

00:43:45,349 --> 00:43:43,200

know is is that uh

1218

00:43:47,030 --> 00:43:45,359

to see is the type ones and are

1219

00:43:49,670 --> 00:43:47,040

basically intercepting

1220

00:43:53,589 --> 00:43:49,680

uh excel groups and interests um on a

1221

00:43:56,630 --> 00:43:54,790

okay

1222

00:43:57,829 --> 00:43:56,640

i know the aliens have time travel it's

1223

00:43:59,430 --> 00:43:57,839

part it's possible that some of the

1224

00:44:01,589 --> 00:43:59,440

aliens that we see are are time

1225

00:44:06,069 --> 00:44:01,599

travelers but um i don't think most of

1226  
00:44:11,670 --> 00:44:08,870  
another another thought comes up a lot

1227  
00:44:13,190 --> 00:44:11,680  
and that is that whatever it is that

1228  
00:44:16,550 --> 00:44:13,200  
everybody is seeing

1229  
00:44:18,470 --> 00:44:16,560  
uh there could be uh could be multiple

1230  
00:44:21,270 --> 00:44:18,480  
theories so multiple things happening

1231  
00:44:23,109 --> 00:44:21,280  
not just one particular thing so what

1232  
00:44:25,670 --> 00:44:23,119  
have what's your thoughts on that

1233  
00:44:27,270 --> 00:44:25,680  
patrick in general well from an i.t

1234  
00:44:29,109 --> 00:44:27,280  
point of view uh from a logic point of

1235  
00:44:30,550 --> 00:44:29,119  
view i'm seeing the same patterns

1236  
00:44:31,430 --> 00:44:30,560  
occurring again and again all around the

1237  
00:44:34,230 --> 00:44:31,440  
world

1238  
00:44:36,069 --> 00:44:34,240

uh the same c is set up the same way and

1239

00:44:38,309 --> 00:44:36,079

they all point in the same direction and

1240

00:44:39,030 --> 00:44:38,319

they all um and even over skinwalker as

1241

00:44:40,550 --> 00:44:39,040

well

1242

00:44:42,710 --> 00:44:40,560

uh in fact there's images of them being

1243

00:44:44,390 --> 00:44:42,720

deployed from skinwalker and then in the

1244

00:44:46,069 --> 00:44:44,400

distance you see a smoke trail of one

1245

00:44:48,550 --> 00:44:46,079

when how they've intercepted them and

1246

00:44:53,190 --> 00:44:48,560

brought them down

1247

00:44:55,030 --> 00:44:53,200

um i i had what i'd consider a very

1248

00:44:57,829 --> 00:44:55,040

uh strange

1249

00:44:59,750 --> 00:44:57,839

like poltergeist situation happen

1250

00:45:01,750 --> 00:44:59,760

um and

1251

00:45:02,550 --> 00:45:01,760

i saw it all firsthand

1252

00:45:04,470 --> 00:45:02,560

now

1253

00:45:05,829 --> 00:45:04,480

um i didn't see anything right in front

1254

00:45:07,990 --> 00:45:05,839

of my eyes

1255

00:45:10,870 --> 00:45:08,000

but what i did was uh you know i walked

1256

00:45:12,630 --> 00:45:10,880

out into a hallway in a a bedroom door

1257

00:45:13,829 --> 00:45:12,640

closet door slammed shut with all the

1258

00:45:16,230 --> 00:45:13,839

windows down

1259

00:45:17,589 --> 00:45:16,240

and the carpet was uh you had to drag

1260

00:45:18,870 --> 00:45:17,599

the door across

1261

00:45:21,030 --> 00:45:18,880

the carpet

1262

00:45:22,710 --> 00:45:21,040

um so it was it wasn't a door that would

1263

00:45:24,790 --> 00:45:22,720

shut for any reason at all you have to

1264

00:45:28,630 --> 00:45:24,800

really force it to close

1265

00:45:30,950 --> 00:45:28,640

and then a broom uh stood up um i didn't

1266

00:45:32,630 --> 00:45:30,960

see it happen but the front door slammed

1267

00:45:34,950 --> 00:45:32,640

in a broom that i had slid down the

1268

00:45:38,550 --> 00:45:34,960

stairway earlier stood up against it and

1269

00:45:41,190 --> 00:45:40,390

that was not the basement that was down

1270

00:45:43,510 --> 00:45:41,200

in the

1271

00:45:45,670 --> 00:45:43,520

front entryway but i had three three

1272

00:45:47,910 --> 00:45:45,680

different things happen in a basket

1273

00:45:49,750 --> 00:45:47,920

adhered itself to a floor cement floor

1274

00:45:51,430 --> 00:45:49,760

and broke in half when i picked went to

1275

00:45:53,589 --> 00:45:51,440

pick it up and it was freely sitting

1276

00:45:54,550 --> 00:45:53,599

there so all these weird things

1277

00:45:58,150 --> 00:45:54,560

happening

1278

00:46:01,510 --> 00:45:58,160

um so i guess i'm gonna ask you

1279

00:46:02,630 --> 00:46:01,520

how um how would that

1280

00:46:04,390 --> 00:46:02,640

work

1281

00:46:05,349 --> 00:46:04,400

you know so the type three is a dynamic

1282

00:46:06,790 --> 00:46:05,359

network

1283

00:46:07,750 --> 00:46:06,800

which means it can move around to its

1284

00:46:09,670 --> 00:46:07,760

needs

1285

00:46:11,270 --> 00:46:09,680

so in some cases well generally it stays

1286

00:46:12,150 --> 00:46:11,280

in the same areas but it can also move

1287

00:46:13,750 --> 00:46:12,160

around

1288

00:46:15,910 --> 00:46:13,760

so if it needs to be in an area which

1289

00:46:18,390 --> 00:46:15,920

isn't covered you'll temporarily go into

1290

00:46:19,829 --> 00:46:18,400

that into that building uh and then when

1291

00:46:21,270 --> 00:46:19,839

it's in that building it will do it will

1292

00:46:22,309 --> 00:46:21,280

start emission it'll start causing

1293

00:46:23,349 --> 00:46:22,319

emissions

1294

00:46:25,109 --> 00:46:23,359

and then it will start causing

1295

00:46:26,550 --> 00:46:25,119

diversions to hold you in place or put

1296

00:46:29,349 --> 00:46:26,560

you in a certain area

1297

00:46:31,430 --> 00:46:29,359

while that's occurring in your case it

1298

00:46:33,829 --> 00:46:31,440

it's probably operating in the attic so

1299

00:46:36,390 --> 00:46:33,839

it kept you uh it kept you busy

1300

00:46:38,150 --> 00:46:36,400

downstairs while it was broadcasting

1301

00:46:40,550 --> 00:46:38,160

so it's kind of like

1302

00:46:42,710 --> 00:46:40,560

you think like it's keeping me away from

1303

00:46:44,069 --> 00:46:42,720

an area or something like that is that

1304

00:46:45,910 --> 00:46:44,079

it's an alignment with the inverse

1305

00:46:47,510 --> 00:46:45,920

square law of radiation

1306

00:46:49,270 --> 00:46:47,520

so basically the sphere itself is

1307

00:46:50,790 --> 00:46:49,280

emitting radiation

1308

00:46:52,230 --> 00:46:50,800

so it's keeping you at a distance which

1309

00:46:53,829 --> 00:46:52,240

is keeping you safe

1310

00:46:56,309 --> 00:46:53,839

so you actually think there was a a

1311

00:46:57,430 --> 00:46:56,319

sphere somewhere in that in that

1312

00:46:58,710 --> 00:46:57,440

property

1313

00:47:00,550 --> 00:46:58,720

that's right

1314

00:47:03,750 --> 00:47:00,560

yeah i never i never saw anything like

1315

00:47:06,069 --> 00:47:03,760

that and um but i i do know one thing is

1316

00:47:07,510 --> 00:47:06,079

that it really did happen and scared the

1317

00:47:09,670 --> 00:47:07,520

heck out of me

1318

00:47:10,870 --> 00:47:09,680

you haven't received the gym as well

1319

00:47:12,309 --> 00:47:10,880

there's a video on twitter of it

1320

00:47:14,630 --> 00:47:12,319

happening in a gym

1321

00:47:16,550 --> 00:47:14,640

where uh obviously the the network had

1322

00:47:17,910 --> 00:47:16,560

moved got into a gym

1323

00:47:20,390 --> 00:47:17,920

and actually dragged the guy out of the

1324

00:47:21,750 --> 00:47:20,400

way it dragged him away to the wall

1325

00:47:23,829 --> 00:47:21,760

only and held him there for a few

1326

00:47:24,870 --> 00:47:23,839

seconds while uh the broadcast was

1327

00:47:26,710 --> 00:47:24,880

occurring

1328

00:47:28,950 --> 00:47:26,720

and then once once the broadcast is done

1329

00:47:30,790 --> 00:47:28,960

they let them go

1330

00:47:33,030 --> 00:47:30,800

also it's not unusual for you not to see

1331

00:47:34,549 --> 00:47:33,040

anything uh when ufos are around when

1332

00:47:36,069 --> 00:47:34,559

they're seen they usually it's usually

1333

00:47:37,910 --> 00:47:36,079

because they want to be seen

1334

00:47:40,150 --> 00:47:37,920

they can cloak in several different ways

1335

00:47:41,829 --> 00:47:40,160

they can control your mind if you just

1336

00:47:43,670 --> 00:47:41,839

don't notice them they cannot they can

1337

00:47:45,990 --> 00:47:43,680

physically cloak um

1338

00:47:48,710 --> 00:47:46,000

and um they can appear as different

1339

00:47:50,790 --> 00:47:48,720

objects like aircraft if they want to

1340

00:47:52,870 --> 00:47:50,800

you see visual stuff isn't hard it's

1341

00:47:55,829 --> 00:47:52,880

really not hard it's just to redirect to

1342

00:47:58,790 --> 00:47:55,839

photons and you can control photons with

1343

00:48:00,790 --> 00:47:58,800

a gravitational uh wave or if you can

1344

00:48:02,870 --> 00:48:00,800

redirect gravity around the shell

1345

00:48:04,150 --> 00:48:02,880

you you redirect light so one could be

1346

00:48:06,230 --> 00:48:04,160

literally in front of you and you won't

1347

00:48:07,910 --> 00:48:06,240

see it

1348

00:48:09,910 --> 00:48:07,920

well i have heard of people saying

1349

00:48:12,470 --> 00:48:09,920

things like you know they'll they'll see

1350

00:48:14,150 --> 00:48:12,480

it it'll blink out and then

1351  
00:48:15,589 --> 00:48:14,160  
then it shows up in another place

1352  
00:48:17,990 --> 00:48:15,599  
instantly and

1353  
00:48:19,510 --> 00:48:18,000  
or it'll just blink out and it's gone

1354  
00:48:22,309 --> 00:48:19,520  
you know not like they saw it shoot off

1355  
00:48:23,750 --> 00:48:22,319  
they just say they just saw it blink out

1356  
00:48:25,349 --> 00:48:23,760  
it's hard to say what's happening there

1357  
00:48:27,589 --> 00:48:25,359  
it could be teleporting or it could be

1358  
00:48:30,069 --> 00:48:27,599  
um shooting off so fast that you just

1359  
00:48:31,829 --> 00:48:30,079  
can't see it with your eyes um

1360  
00:48:34,230 --> 00:48:31,839  
but um there are several explanations

1361  
00:48:36,309 --> 00:48:34,240  
for that but also uh with the spheres

1362  
00:48:37,990 --> 00:48:36,319  
what people see is uh they'll be in a

1363  
00:48:40,470 --> 00:48:38,000

triangle and then they'll disappear and

1364

00:48:41,990 --> 00:48:40,480

then they'll be in a different area

1365

00:48:43,430 --> 00:48:42,000

now what's happening now you see when it

1366

00:48:45,430 --> 00:48:43,440

drops into like a stealth mode it's

1367

00:48:48,390 --> 00:48:45,440

redirecting the gravitational wave

1368

00:48:50,390 --> 00:48:48,400

around it uh as a result it can't

1369

00:48:52,710 --> 00:48:50,400

uh send or receive signals

1370

00:48:54,950 --> 00:48:52,720

so what it does it once it's in this uh

1371

00:48:57,030 --> 00:48:54,960

cloaked state is is basically although

1372

00:48:58,950 --> 00:48:57,040

it's invisible it can't send or receive

1373

00:49:04,230 --> 00:48:58,960

signals so it goes where it needs to go

1374

00:49:07,990 --> 00:49:05,829

well um

1375

00:49:10,309 --> 00:49:08,000

well this is all this is all really

1376

00:49:11,829 --> 00:49:10,319

interesting and you know but here's

1377

00:49:14,470 --> 00:49:11,839

another thing you know you're talking

1378

00:49:16,950 --> 00:49:14,480

about spheres you did show like a disc

1379

00:49:18,470 --> 00:49:16,960

with spheres around it but can we always

1380

00:49:20,390 --> 00:49:18,480

think that

1381

00:49:22,150 --> 00:49:20,400

whatever type of objects people talk

1382

00:49:24,309 --> 00:49:22,160

about these great big huge triangles

1383

00:49:26,470 --> 00:49:24,319

that people are seeing they talk about

1384

00:49:27,750 --> 00:49:26,480

all different types of shapes

1385

00:49:29,430 --> 00:49:27,760

that they're seeing

1386

00:49:31,349 --> 00:49:29,440

how would this

1387

00:49:33,030 --> 00:49:31,359

thing fit in are you just assuming that

1388

00:49:34,549 --> 00:49:33,040

there has to be these little spheres

1389

00:49:37,030 --> 00:49:34,559

around them

1390

00:49:39,430 --> 00:49:37,040

well that's what appears to be the case

1391

00:49:41,270 --> 00:49:39,440

in fact most images that i see

1392

00:49:44,790 --> 00:49:41,280

if you uh if you

1393

00:49:47,109 --> 00:49:44,800

increase the contrast you can see them

1394

00:49:48,390 --> 00:49:47,119

including in all the late us navy images

1395

00:49:51,109 --> 00:49:48,400

as well

1396

00:49:53,030 --> 00:49:51,119

do we actually see them in there if you

1397

00:50:00,630 --> 00:49:53,040

yeah but and are you the only one that

1398

00:50:05,510 --> 00:50:03,430

who looks can see them

1399

00:50:07,829 --> 00:50:05,520

i've seen a ufo launch uh smaller

1400

00:50:11,990 --> 00:50:07,839

spheres myself so

1401  
00:50:14,230 --> 00:50:12,000  
it's a pretty common phenomenon i'd say

1402  
00:50:16,790 --> 00:50:14,240  
yeah i mean i have seen videos that look

1403  
00:50:19,750 --> 00:50:16,800  
really interesting where there's

1404  
00:50:21,829 --> 00:50:19,760  
uh spheres dropping out of

1405  
00:50:23,990 --> 00:50:21,839  
you know like uh you'll see like a light

1406  
00:50:26,309 --> 00:50:24,000  
and then spheres dropping down and stuff

1407  
00:50:29,190 --> 00:50:26,319  
like that

1408  
00:50:30,710 --> 00:50:29,200  
it is pretty interesting so i'm not sure

1409  
00:50:32,710 --> 00:50:30,720  
if that's

1410  
00:50:35,750 --> 00:50:32,720  
you know where

1411  
00:50:38,230 --> 00:50:35,760  
scientifically you you seem like you

1412  
00:50:42,230 --> 00:50:38,240  
have like the scientific thought on this

1413  
00:50:44,710 --> 00:50:42,240

but i mean is there any like

1414

00:50:46,790 --> 00:50:44,720

paper for definitive

1415

00:50:48,069 --> 00:50:46,800

uh measuring of of these things or

1416

00:50:49,510 --> 00:50:48,079

anything like that

1417

00:50:51,190 --> 00:50:49,520

how'd you be measuring you know what in

1418

00:50:53,589 --> 00:50:51,200

particular what

1419

00:50:55,910 --> 00:50:53,599

uh that these are around and their

1420

00:50:57,829 --> 00:50:55,920

purpose for being there

1421

00:50:59,670 --> 00:50:57,839

you can tell by the behavior patterns

1422

00:51:01,190 --> 00:50:59,680

you see in reverse engineering you you

1423

00:51:02,150 --> 00:51:01,200

what you do is you observe behavior

1424

00:51:03,910 --> 00:51:02,160

plans

1425

00:51:05,670 --> 00:51:03,920

uh and process

1426

00:51:08,790 --> 00:51:05,680

and what you observe and as explained in

1427

00:51:10,309 --> 00:51:08,800

my book is uh explains all the processes

1428

00:51:11,670 --> 00:51:10,319

and behavior patterns

1429

00:51:13,030 --> 00:51:11,680

and the same behavior patterns occur

1430

00:51:16,390 --> 00:51:13,040

around the world

1431

00:51:17,750 --> 00:51:16,400

almost every day

1432

00:51:19,750 --> 00:51:17,760

yeah there's reason to believe that they

1433

00:51:21,589 --> 00:51:19,760

do a lot of things and putting together

1434

00:51:24,069 --> 00:51:21,599

information and do the paranormal

1435

00:51:25,349 --> 00:51:24,079

activity like patrick is saying but um

1436

00:51:26,549 --> 00:51:25,359

the aliens are pretty secretive they're

1437

00:51:28,790 --> 00:51:26,559

not gonna they're not gonna tell you

1438

00:51:30,470 --> 00:51:28,800

what's going on we just have to uh infer

1439

00:51:31,349 --> 00:51:30,480

what's going on from their behavior as

1440

00:51:33,430 --> 00:51:31,359

he says

1441

00:51:35,190 --> 00:51:33,440

and you see this is why you might notice

1442

00:51:37,510 --> 00:51:35,200

that there's a huge mental illness

1443

00:51:39,910 --> 00:51:37,520

problem in the paranormal community

1444

00:51:40,870 --> 00:51:39,920

because or in the who do ghost hunting

1445

00:51:42,549 --> 00:51:40,880

anyway

1446

00:51:44,470 --> 00:51:42,559

it's because they they keep getting

1447

00:51:45,670 --> 00:51:44,480

exposed to high-energy emissions which

1448

00:51:47,270 --> 00:51:45,680

has a neural

1449

00:51:48,950 --> 00:51:47,280

neurological effect

1450

00:51:50,710 --> 00:51:48,960

well that an alien's

1451  
00:51:52,069 --> 00:51:50,720  
aliens are powerful telepaths and they

1452  
00:51:54,309 --> 00:51:52,079  
can also mess with your mind if they

1453  
00:51:56,630 --> 00:51:54,319  
want to everything

1454  
00:51:58,309 --> 00:51:56,640  
i think that the constant exposure to

1455  
00:52:01,190 --> 00:51:58,319  
these signals cause all sorts of mental

1456  
00:52:05,109 --> 00:52:02,790  
which is why people go crazy who live in

1457  
00:52:08,150 --> 00:52:05,119  
these hornets houses

1458  
00:52:09,750 --> 00:52:08,160  
yeah yeah um i actually had uh

1459  
00:52:11,910 --> 00:52:09,760  
unfortunately had something come up

1460  
00:52:14,230 --> 00:52:11,920  
during the show and i'm going to this is

1461  
00:52:16,790 --> 00:52:14,240  
going to be an hour show this evening so

1462  
00:52:19,030 --> 00:52:16,800  
um i would like for you to if you would

1463  
00:52:22,390 --> 00:52:19,040

give out the uh your website how people

1464

00:52:24,150 --> 00:52:22,400

can uh reach you and your book one more

1465

00:52:25,349 --> 00:52:24,160

time if you would

1466

00:52:27,829 --> 00:52:25,359

yeah the book is called quantum

1467

00:52:29,589 --> 00:52:27,839

paranormal a 21st century analysis or

1468

00:52:33,109 --> 00:52:29,599

the paranormal phenomena it's free to

1469

00:52:34,069 --> 00:52:33,119

read on amazon unlimited um and it's

1470

00:52:36,150 --> 00:52:34,079

actually

1471

00:52:38,870 --> 00:52:36,160

the only uh paranormal book in the world

1472

00:52:40,950 --> 00:52:38,880

that gets uh technical specialist and

1473

00:52:43,030 --> 00:52:40,960

military endorsements

1474

00:52:45,030 --> 00:52:43,040

endorsements yes yes all right well

1475

00:52:46,790 --> 00:52:45,040

thank you so much patrick

1476

00:52:49,190 --> 00:52:46,800

yeah don't worry thank you very much all

1477

00:52:51,510 --> 00:52:49,200

right and thank you also stephen

1478

00:52:52,950 --> 00:52:51,520

all right thank you all right take care

1479

00:52:54,870 --> 00:52:52,960

yeah bye

1480

00:52:56,790 --> 00:52:54,880

all right everyone so we'll be back next

1481

00:52:58,710 --> 00:52:56,800

week sorry i had to cut this short i

1482

00:53:00,390 --> 00:52:58,720

have an issue i gotta take care of thank

1483

00:53:02,710 --> 00:53:00,400

you so much we'll be back

1484

00:53:06,610 --> 00:53:02,720

next week with lee spiegel and remember

1485

00:53:15,930 --> 00:53:06,620

to keep your eyes to the sky
