2
00:00:36,069 --> 00:00:32,719

a ufo in occupants in british columbia

3
00:00:38,950 --> 00:00:36,079

canada by charles lear on january 1st

4
00:00:41,670 --> 00:00:38,960

1970 the new year dawned in canada with

5
00:00:43,190 --> 00:00:41,680

a ufo and occupants report this was in

6
00:00:45,750 --> 00:00:43,200

the midst of a flap centered on

7
00:00:48,229 --> 00:00:45,760

vancouver island british columbia it was

8
00:00:50,709 --> 00:00:48,239

investigated by john major editor and

9
00:00:52,869 --> 00:00:50,719

publisher of the canadian ufo report and

10
00:00:55,350 --> 00:00:52,879

he provided a report to the victoria

11
00:00:57,189 --> 00:00:55,360

times the victoria times published an

12
00:01:00,470 --> 00:00:57,199

article on the case on page 1 of the

13
00:01:02,549 --> 00:01:00,480

january 5th 1970 edition and major

14

00:01:04,710 --> 00:01:02,559

published his version in the volume 1

15

00:01:07,350 --> 00:01:04,720

number 7 summer issue of the canadian

16

00:01:09,830 --> 00:01:07,360

ufo report news indicating there was an

17

00:01:12,710 --> 00:01:09,840

ongoing flap in the area turns up in the

18

00:01:15,830 --> 00:01:12,720

december 22nd 1969 edition of the

19

00:01:18,630 --> 00:01:15,840

victoria times under the headline lookup

20

00:01:20,550 --> 00:01:18,640

islanders the ufos are watching you a

21

00:01:22,950 --> 00:01:20,560

sighting by four witnesses in the lady

22

00:01:25,830 --> 00:01:22,960

smith area is described two of the

23

00:01:28,469 --> 00:01:25,840

witnesses graham toole 21 and albert

24

00:01:29,990 --> 00:01:28,479

birkeland 22 reported they were driving

25

00:01:32,149 --> 00:01:30,000

when they saw an object with three

26
00:01:33,030 --> 00:01:32,159
lights white on top and red on the

27
00:01:35,590 --> 00:01:33,040
bottom

28
00:01:38,069 --> 00:01:35,600
mr and mrs ray knight reported what the

29
00:01:40,630 --> 00:01:38,079
reporter for the times wrote must be the

30
00:01:42,789 --> 00:01:40,640
same object according to the article

31
00:01:45,590 --> 00:01:42,799
they agreed with tool in birkeland that

32
00:01:47,749 --> 00:01:45,600
it moved about a mile a second mr knight

33
00:01:49,429 --> 00:01:47,759
said he had seen an object in september

34
00:01:52,149 --> 00:01:49,439
where you could see the cabin lights

35
00:01:54,469 --> 00:01:52,159
clearly the article also describes a

36
00:01:57,030 --> 00:01:54,479
grayish saucer-shaped object with a

37
00:01:59,350 --> 00:01:57,040
transparent center seen by five people

38
00:02:01,350 --> 00:01:59,360

over an elementary school in duncan the

39

00:02:03,030 --> 00:02:01,360

occupant report came from a nurse who

40

00:02:05,670 --> 00:02:03,040

worked the night shift at cowichan

41

00:02:08,309 --> 00:02:05,680

district hospital in duncan according to

42

00:02:11,110 --> 00:02:08,319

major's article ufo occupants senior

43

00:02:12,949 --> 00:02:11,120

hospital in the canadian ufo report

44

00:02:15,110 --> 00:02:12,959

doreen kendall was checking on an

45

00:02:19,270 --> 00:02:15,120

elderly patient in the extended care

46

00:02:21,110 --> 00:02:19,280

ward around 5 am on january 1st 1970.

47

00:02:23,030 --> 00:02:21,120

she turned on the light and went to part

48

00:02:25,190 --> 00:02:23,040

the drapes of nearby window to let in

49

00:02:27,510 --> 00:02:25,200

some fresh air she said that as she

50

00:02:29,030 --> 00:02:27,520

pulled the drapes open a brilliant light

51
00:02:31,430 --> 00:02:29,040
hit me in the eyes

52
00:02:33,350 --> 00:02:31,440
she said that 60 feet away there was a

53
00:02:35,589 --> 00:02:33,360
large bright object and that she could

54
00:02:37,589 --> 00:02:35,599
see it clearly miss kendall was on the

55
00:02:39,830 --> 00:02:37,599
second floor and she said the object

56
00:02:41,750 --> 00:02:39,840
which she described as circular was just

57
00:02:43,830 --> 00:02:41,760
above the children's ward which was on

58
00:02:46,470 --> 00:02:43,840
the third floor it had a silver

59
00:02:48,790 --> 00:02:46,480
bowl-shaped bottom and a domed top made

60
00:02:51,110 --> 00:02:48,800
of some sort of clear glass or plastic

61
00:02:53,030 --> 00:02:51,120
that was lit up from the inside allowing

62
00:02:55,670 --> 00:02:53,040
her to see into it there were lights

63
00:02:57,350 --> 00:02:55,680

around it like a necklace she said she

64

00:02:59,830 --> 00:02:57,360

saw two figures inside that were

65

00:03:02,070 --> 00:02:59,840

male-like one behind the other she

66

00:03:04,390 --> 00:03:02,080

described them this way they looked like

67

00:03:06,229 --> 00:03:04,400

fine tall well-built men they were

68

00:03:08,470 --> 00:03:06,239

dressed in tight-fitting suits of the

69

00:03:10,630 --> 00:03:08,480

same dark material that covered their

70

00:03:12,550 --> 00:03:10,640

heads but their hands were bare and i

71

00:03:15,830 --> 00:03:12,560

noticed how human they looked their

72

00:03:18,070 --> 00:03:15,840

flesh seemed just like ours she said she

73

00:03:20,229 --> 00:03:18,080

never felt so peaceful in her life and

74

00:03:21,910 --> 00:03:20,239

wished she could talk to them she

75

00:03:24,789 --> 00:03:21,920

noticed she was seeing more and more of

76

00:03:26,789 --> 00:03:24,799

the interior and realized the craft was

77

00:03:28,470 --> 00:03:26,799

tilting the creature in front was

78

00:03:30,550 --> 00:03:28,480

looking with intensity at a large

79

00:03:32,470 --> 00:03:30,560

instrument panel as if it was dealing

80

00:03:34,229 --> 00:03:32,480

with something important this gave

81

00:03:36,789 --> 00:03:34,239

kendall the impression that they might

82

00:03:38,229 --> 00:03:36,799

have been having mechanical problems she

83

00:03:40,070 --> 00:03:38,239

thought they might have landed on the

84

00:03:42,630 --> 00:03:40,080

roof of the children's ward and were

85

00:03:45,110 --> 00:03:42,640

having trouble taking off kendall came

86

00:03:47,190 --> 00:03:45,120

from a family of race car enthusiasts so

87

00:03:49,990 --> 00:03:47,200

the instrument panel was of particular

88

00:03:51,670 --> 00:03:50,000

interest to her she said there were what

89

00:03:54,229 --> 00:03:51,680

looked like instruments of different

90

00:03:56,390 --> 00:03:54,239

sizes inside into the chrome-like metal

91

00:03:58,710 --> 00:03:56,400

of the panel she then remembered her

92

00:04:01,830 --> 00:03:58,720

patient frida wilson whom she had come

93

00:04:04,070 --> 00:04:01,840

to check on she said that at this point

94

00:04:05,910 --> 00:04:04,080

i guess i hesitated i felt i mustn't

95

00:04:08,070 --> 00:04:05,920

make a noise or do anything that would

96

00:04:10,309 --> 00:04:08,080

break the trend of what was happening

97

00:04:13,030 --> 00:04:10,319

major tells the reader that the creature

98

00:04:15,270 --> 00:04:13,040

in the back turned and faced her almost

99

00:04:17,110 --> 00:04:15,280

as if her thoughts were being read she

100

00:04:19,509 --> 00:04:17,120

said she couldn't see its face because

101
00:04:21,270 --> 00:04:19,519
it was covered with a darkish material

102
00:04:23,510 --> 00:04:21,280
that looked softer than the rest of his

103
00:04:25,270 --> 00:04:23,520
suit she was sure the creature saw her

104
00:04:26,950 --> 00:04:25,280
because of what happened next the

105
00:04:28,950 --> 00:04:26,960
creature turned and touched the back of

106
00:04:31,430 --> 00:04:28,960
the creature in front the creature in

107
00:04:33,990 --> 00:04:31,440
front then grabbed a lever and pushed it

108
00:04:36,230 --> 00:04:34,000
back and forth the craft started to

109
00:04:38,150 --> 00:04:36,240
circle counterclockwise and kendall

110
00:04:40,710 --> 00:04:38,160
called the wilson to come and look

111
00:04:42,550 --> 00:04:40,720
majors spoke to wilson and she said she

112
00:04:45,030 --> 00:04:42,560
came over and saw a bright light about

113
00:04:46,790 --> 00:04:45,040

the size of a car she didn't see a top

114

00:04:49,350 --> 00:04:46,800

or bottom or any of the details

115

00:04:51,830 --> 00:04:49,360

described by kendall she said the object

116

00:04:53,830 --> 00:04:51,840

circled slowly and then moved off she

117

00:04:56,469 --> 00:04:53,840

described it as being too bright to be a

118

00:04:58,950 --> 00:04:56,479

plastic bag with candles as some people

119

00:05:01,110 --> 00:04:58,960

had reportedly suggested according to

120

00:05:03,350 --> 00:05:01,120

her it would take a million candles to

121

00:05:05,430 --> 00:05:03,360

make it as bright as that two other

122

00:05:07,590 --> 00:05:05,440

nurses intrigued by the comments made by

123

00:05:09,990 --> 00:05:07,600

kendall and wilson went and looked out

124

00:05:12,230 --> 00:05:10,000

another window they saw a bright light

125

00:05:14,310 --> 00:05:12,240

moving off in the distance and two more

126
00:05:16,870 --> 00:05:14,320
nurses who went to look were too late to

127
00:05:18,629 --> 00:05:16,880
see anything major tells the reader that

128
00:05:20,870 --> 00:05:18,639
the nurses didn't go public with their

129
00:05:22,870 --> 00:05:20,880
story and that he was alerted to it by a

130
00:05:26,950 --> 00:05:22,880
