1
00:00:03,000 --> 00:00:07,820
foreign

2
00:01:07,370 --> 00:00:25,300
[Music]

3
00:01:11,929 --> 00:01:09,649
you have to admit that was a pretty

4
00:01:14,810 --> 00:01:11,939
interesting opening wasn't it

5
00:01:16,370 --> 00:01:14,820
that's what happens when we start at the

6
00:01:18,050 --> 00:01:16,380
very last second I was uploading

7
00:01:19,910 --> 00:01:18,060
something and everything went crazy

8
00:01:23,270 --> 00:01:19,920
welcome to the show everyone my name is

9
00:01:24,710 --> 00:01:23,280
Martin Willis and I'd like to dedicate

10
00:01:27,609 --> 00:01:24,720
this show

11
00:01:31,310 --> 00:01:27,619
to a long time listener it was back in

12
00:01:36,170 --> 00:01:31,320
2012. I got an email from a gentleman

13
00:01:38,390 --> 00:01:36,180

named Lee McDonald up in Canada and uh

14

00:01:40,789 --> 00:01:38,400

hilarious absolutely hilarious and

15

00:01:43,310 --> 00:01:40,799

people may remember him from the chat

16

00:01:46,429 --> 00:01:43,320

room he was in the chat room many years

17

00:01:49,130 --> 00:01:46,439

cracking some wonderful jokes uh he

18

00:01:53,149 --> 00:01:49,140

passed away uh not that long ago this

19

00:01:55,850 --> 00:01:53,159

year now Lee uh was someone that was a

20

00:01:59,210 --> 00:01:55,860

firefighter himself he did a dedication

21

00:02:02,749 --> 00:01:59,220

for 911 uh the people of that and I'm

22

00:02:04,370 --> 00:02:02,759

going to play that poem that he wrote uh

23

00:02:06,350 --> 00:02:04,380

him reciting it

24

00:02:09,949 --> 00:02:06,360

at the very end of the show it's about

25

00:02:12,770 --> 00:02:09,959

four minutes and it's quite moving

26

00:02:15,589 --> 00:02:12,780

um it's called calling all angels and

27

00:02:18,110 --> 00:02:15,599

it's for fallen firefighters uh which he

28

00:02:21,589 --> 00:02:18,120

was one he was a captain in the fire

29

00:02:25,490 --> 00:02:21,599

department and up near Ontario Ontario

30

00:02:27,530 --> 00:02:25,500

he himself uh was in a building that

31

00:02:29,270 --> 00:02:27,540

collapsed and he thought he wasn't going

32

00:02:31,850 --> 00:02:29,280

to make it he told me the details quite

33

00:02:34,190 --> 00:02:31,860

a while ago about it and he was rescued

34

00:02:36,050 --> 00:02:34,200

by fellow firefighters

35

00:02:38,690 --> 00:02:36,060

um and and just you know he he thought

36

00:02:43,190 --> 00:02:38,700

that was the end well unfortunately this

37

00:02:45,350 --> 00:02:43,200

year uh cancer uh took him and he tried

38

00:02:48,949 --> 00:02:45,360

to fight it I talked to him many times

39

00:02:51,290 --> 00:02:48,959
on the phone and through email and chat

40

00:02:53,150 --> 00:02:51,300
on Facebook and he was extremely

41

00:02:56,150 --> 00:02:53,160
optimistic that he was going to beat it

42

00:02:58,430 --> 00:02:56,160
he said the doctors are are telling me

43

00:03:00,350 --> 00:02:58,440
that I'm dying and I don't believe him I

44

00:03:02,449 --> 00:03:00,360
feel so good and he really had a great

45

00:03:03,949 --> 00:03:02,459
attitude but you may remember him from

46

00:03:06,410 --> 00:03:03,959
all the funny stuff that he would put in

47

00:03:09,350 --> 00:03:06,420
chat over over the years and for

48

00:03:12,050 --> 00:03:09,360
instance I have this uh he wrote me this

49

00:03:13,430 --> 00:03:12,060
here this email here hey Martin yeah

50

00:03:14,750 --> 00:03:13,440
well first of all he wrote me in the

51
00:03:17,030 --> 00:03:14,760
subject line fortunately it doesn't show

52
00:03:19,210 --> 00:03:17,040
there he said he had a new tagline for

53
00:03:23,210 --> 00:03:19,220
me instead of Keep Your Eyes to the Sky

54
00:03:24,949 --> 00:03:23,220
I should say always stare up there

55
00:03:27,589 --> 00:03:24,959
and then he said he was listening

56
00:03:30,170 --> 00:03:27,599
tonight this is back in 2016 but he

57
00:03:32,750 --> 00:03:30,180
couldn't get into the chat room and so

58
00:03:35,089 --> 00:03:32,760
he was typing telepathically so that was

59
00:03:37,130 --> 00:03:35,099
a kind of emails and texts and things

60
00:03:39,170 --> 00:03:37,140
that I would get from him anyway I hope

61
00:03:41,030 --> 00:03:39,180
he rests in peace he was a great man

62
00:03:43,190 --> 00:03:41,040
so a little bit about the show tonight

63
00:03:44,930 --> 00:03:43,200

we have a great guest repeat guest I

64

00:03:47,750 --> 00:03:44,940

always love having him on he's always

65

00:03:50,270 --> 00:03:47,760

been very active in the UFO World Peter

66

00:03:52,789 --> 00:03:50,280

Robbins and I consider him a good friend

67

00:03:53,809 --> 00:03:52,799

as well he's been traveling all over the

68

00:03:55,190 --> 00:03:53,819

place he's going to talk a little bit

69

00:03:57,229 --> 00:03:55,200

about that then we're going to talk

70

00:04:01,369 --> 00:03:57,239

about something pretty interesting and

71

00:04:03,949 --> 00:04:01,379

it's vilham and uh what he did and his

72

00:04:06,530 --> 00:04:03,959

connection to UFOs the cloud busting

73

00:04:08,149 --> 00:04:06,540

machine and all that stuff so uh and

74

00:04:09,589 --> 00:04:08,159

then also we're going to talk a little

75

00:04:11,750 --> 00:04:09,599

bit about what's changed since the last

76

00:04:13,729 --> 00:04:11,760

time Peter was on it's been a while he

77

00:04:15,470 --> 00:04:13,739

was on on my 10th anniversary but um

78

00:04:17,629 --> 00:04:15,480

it's been a while since he's been a

79

00:04:18,949 --> 00:04:17,639

guest on my show and if you support our

80

00:04:21,710 --> 00:04:18,959

show I want to thank you very much

81

00:04:24,530 --> 00:04:21,720

anyone can do that you just go over to

82

00:04:28,370 --> 00:04:24,540

podcast UFO and on the menu bar you see

83

00:04:29,930 --> 00:04:28,380

a support support us link for two I

84

00:04:33,770 --> 00:04:29,940

think it's two dollars or more a month

85

00:04:36,950 --> 00:04:33,780

you can help us out and this week the

86

00:04:40,610 --> 00:04:36,960

blog by Charles Lear is a photo

87

00:04:42,290 --> 00:04:40,620

of a UFO and humanoid it's probably kind

88

00:04:44,810 --> 00:04:42,300

of an iffy photo it's a pretty good

89

00:04:46,610 --> 00:04:44,820

looking photo too but uh anyway check

90

00:04:48,950 --> 00:04:46,620

that blog out that'll be an audio blog

91

00:04:52,909 --> 00:04:48,960

as they always are up on YouTube and in

92

00:04:55,730 --> 00:04:52,919

the podcast stream so that is enough for

93

00:04:58,310 --> 00:04:55,740

me I well I'm very happy to bring in my

94

00:05:00,650 --> 00:04:58,320

guest Peter welcome to show Peter Thanks

95

00:05:02,450 --> 00:05:00,660

Martin good to be back with you yes

96

00:05:04,490 --> 00:05:02,460

always Peter and you just told me you

97

00:05:05,590 --> 00:05:04,500

were all over the place all over the

98

00:05:08,749 --> 00:05:05,600

world actually

99

00:05:11,150 --> 00:05:08,759

England and everywhere so uh but you're

100

00:05:13,070 --> 00:05:11,160

pretty active in the UFO community and

101

00:05:14,990 --> 00:05:13,080

I'm so sorry I missed you up in Exeter

102

00:05:16,790 --> 00:05:15,000

it's always uh fun getting there it

103

00:05:19,129 --> 00:05:16,800

always it was on Labor Day weekend I

104

00:05:20,870 --> 00:05:19,139

getting out and back to Rockland Maine

105

00:05:22,969 --> 00:05:20,880

where I live the traffic you might as

106

00:05:24,710 --> 00:05:22,979

well just park your car somewhere you

107

00:05:26,689 --> 00:05:24,720

know I mean it's that it's really bad so

108

00:05:29,210 --> 00:05:26,699

I didn't come down because of that

109

00:05:33,050 --> 00:05:29,220

but how was it this year

110

00:05:36,110 --> 00:05:33,060

actually uh we went in with a great deal

111

00:05:37,010 --> 00:05:36,120

of concern like every other event on the

112

00:05:39,110 --> 00:05:37,020

planet

113

00:05:43,189 --> 00:05:39,120

um it's been pushed back for two full

114

00:05:45,290 --> 00:05:43,199

years and it's I think my sentimental

115

00:05:48,170 --> 00:05:45,300

favorite UFO event on the yearly

116

00:05:52,189 --> 00:05:48,180

calendar I'm honored to be a co-founder

117

00:05:53,629 --> 00:05:52,199

of the Exeter New Hampshire UFO Festival

118

00:05:55,490 --> 00:05:53,639

and Conference

119

00:05:58,010 --> 00:05:55,500

and

120

00:06:00,529 --> 00:05:58,020

it's distinguished by the fact that once

121

00:06:03,950 --> 00:06:00,539

all the bills are paid speakers receive

122

00:06:07,249 --> 00:06:03,960

their honorariums the hall is covered

123

00:06:09,590 --> 00:06:07,259

um every cent of profit goes to

124

00:06:12,830 --> 00:06:09,600

Children's Services of the greater

125

00:06:15,950 --> 00:06:12,840

Exeter area the Seacoast area there and

126

00:06:19,610 --> 00:06:15,960

always administered by the Kiwanis a

127

00:06:23,150 --> 00:06:19,620

great local uh chapter which also

128

00:06:25,249 --> 00:06:23,160

organizes the events in question and we

129

00:06:27,830 --> 00:06:25,259

just didn't know whether people would be

130

00:06:29,570 --> 00:06:27,840

returning or returning in numbers and

131

00:06:32,570 --> 00:06:29,580

everybody from the food concession

132

00:06:34,029 --> 00:06:32,580

people to those who print up the posters

133

00:06:38,870 --> 00:06:34,039

to

134

00:06:42,230 --> 00:06:38,880

local merchants

135

00:06:44,510 --> 00:06:42,240

really were not sure but I think overall

136

00:06:46,790 --> 00:06:44,520

people took a chance and it turned out

137

00:06:50,150 --> 00:06:46,800

probably be the most successful

138

00:06:53,710 --> 00:06:50,160

one that we've had so far I know on

139

00:06:56,749 --> 00:06:53,720

Saturday they clocked over 600 people

140

00:07:00,770 --> 00:06:56,759

who were either in the town hall

141

00:07:04,370 --> 00:07:00,780

listening to the talks or taking the

142

00:07:06,950 --> 00:07:04,380

tour of the location of the events of

143

00:07:10,490 --> 00:07:06,960

the incident at Exeter I think everybody

144

00:07:12,710 --> 00:07:10,500

had a great time as well and that was I

145

00:07:15,350 --> 00:07:12,720

think my last live event for the season

146

00:07:17,510 --> 00:07:15,360

right now but the start of the year like

147

00:07:19,029 --> 00:07:17,520

most of us a little cross-eyed and

148

00:07:23,689 --> 00:07:19,039

Homebound

149

00:07:28,430 --> 00:07:23,699

and received an invitation to speak at a

150

00:07:30,770 --> 00:07:28,440

UFO conference in Edinburg Texas which

151

00:07:33,290 --> 00:07:30,780

really interested me because it's 20

152

00:07:35,870 --> 00:07:33,300

minutes from the border with Mexico

153

00:07:38,450 --> 00:07:35,880

I have never been to that part of Texas

154

00:07:41,510 --> 00:07:38,460

and I've never been to Mexico and I

155

00:07:43,550 --> 00:07:41,520

thought how interesting to have a

156

00:07:46,490 --> 00:07:43,560

cultural experience of that kind

157

00:07:48,950 --> 00:07:46,500

superimposed on the UFO subject and I

158

00:07:51,830 --> 00:07:48,960

wasn't disappointed it was a first-rate

159

00:07:54,890 --> 00:07:51,840

conference organized by the city we were

160

00:07:58,730 --> 00:07:54,900

all treated great I had a terrific time

161

00:08:00,790 --> 00:07:58,740

and hopefully uh talk was well received

162

00:08:05,510 --> 00:08:00,800

in

163

00:08:08,170 --> 00:08:05,520

April

164

00:08:10,490 --> 00:08:08,180

um in May I spoke in Hull England

165

00:08:13,010 --> 00:08:10,500

another conference that had been pushed

166

00:08:16,550 --> 00:08:13,020

back for two years and another great

167

00:08:20,089 --> 00:08:16,560

success sponsored by The Outer Limits

168

00:08:21,909 --> 00:08:20,099

magazine an online monthly uh

169

00:08:25,150 --> 00:08:21,919

publication

170

00:08:27,170 --> 00:08:25,160

from there I went on a completely

171

00:08:32,630 --> 00:08:27,180

non-ufo related

172

00:08:35,029 --> 00:08:32,640

job and some certainly r r to a small

173

00:08:37,250 --> 00:08:35,039

island in the Bahamas for two weeks yeah

174

00:08:39,469 --> 00:08:37,260

that sounds just terrible just terrible

175

00:08:42,250 --> 00:08:39,479

I know somebody's got to do it Martin

176

00:08:45,350 --> 00:08:42,260

that's right and it was very welcome

177

00:08:47,990 --> 00:08:45,360

although it was in part to document

178

00:08:50,750 --> 00:08:48,000

the incredible Damage Done by a

179

00:08:53,210 --> 00:08:50,760

hurricane that hit about three years ago

180

00:08:55,430 --> 00:08:53,220

right and I I've never seen anything

181

00:08:58,130 --> 00:08:55,440

like it it was truly a war zone with

182

00:09:01,190 --> 00:08:58,140

nature this island is a particularly

183

00:09:04,670 --> 00:09:01,200

poor one it is not a tourist in Island

184

00:09:06,230 --> 00:09:04,680

much and people are still living amid

185

00:09:08,810 --> 00:09:06,240

the Carnage

186

00:09:12,470 --> 00:09:08,820

um she's obviously we're off topic here

187

00:09:14,870 --> 00:09:12,480

but just to say that at one point a

188

00:09:18,110 --> 00:09:14,880

tidal surge swept across a good part of

189

00:09:21,230 --> 00:09:18,120

this island and in some cases carried

190

00:09:24,350 --> 00:09:21,240

things like containers you know half a

191

00:09:27,110 --> 00:09:24,360

mile or so and uh one thing that stood

192

00:09:28,550 --> 00:09:27,120

out for me was a good sized boat larger

193

00:09:31,430 --> 00:09:28,560

than a tugboat sitting in the middle of

194

00:09:33,050 --> 00:09:31,440

a farm field you know half a mile in

195

00:09:36,470 --> 00:09:33,060

land anyway

196

00:09:39,050 --> 00:09:36,480

um crazy I was in very honored to speak

197

00:09:41,630 --> 00:09:39,060

at this year's muffon Symposium in

198

00:09:44,930 --> 00:09:41,640

Denver in August and again just a week

199

00:09:49,250 --> 00:09:44,940

and a half ago ending my live world tour

200

00:09:52,550 --> 00:09:49,260

for of the year in Exeter New Hampshire

201

00:09:55,009 --> 00:09:52,560

excellent wow Ah that's a lot now I

202

00:09:56,870 --> 00:09:55,019

wanted to tell you I think I sent you an

203

00:09:59,690 --> 00:09:56,880

email but you I probably you're probably

204

00:10:01,610 --> 00:09:59,700

off busy and I don't think I heard back

205

00:10:04,730 --> 00:10:01,620

from you maybe maybe again you were just

206

00:10:08,630 --> 00:10:04,740

busy and that happens sometimes but uh

207

00:10:12,350 --> 00:10:08,640

I spoke to someone that had a sighting

208

00:10:14,690 --> 00:10:12,360

so much like your childhood citing that

209

00:10:16,910 --> 00:10:14,700

I was trying to connect you somehow with

210

00:10:20,269 --> 00:10:16,920

this person I don't know you must have

211

00:10:23,449 --> 00:10:20,279

missed it yeah please resend it yeah I

212

00:10:26,389 --> 00:10:23,459

mean I'll try to find it but it was so

213

00:10:30,230 --> 00:10:26,399

almost identical to what you said

214

00:10:31,670 --> 00:10:30,240

um the only difference was it was a

215

00:10:33,410 --> 00:10:31,680

schoolyard

216

00:10:36,710 --> 00:10:33,420

type of situation

217

00:10:38,930 --> 00:10:36,720

and uh but but the silver discs I can't

218

00:10:40,970 --> 00:10:38,940

remember exactly what it was but there

219

00:10:43,070 --> 00:10:40,980

were three of them and it just seemed

220

00:10:46,009 --> 00:10:43,080

like there was so much that was close to

221

00:10:47,990 --> 00:10:46,019

yours that um I wanted to connect to you

222

00:10:50,210 --> 00:10:48,000

too and you know now that I brought that

223

00:10:53,210 --> 00:10:50,220

up I know you've told it probably 10

224

00:10:55,310 --> 00:10:53,220

times on my show so over the years but

225

00:10:57,050 --> 00:10:55,320

if you could in a nutshell can you talk

226
00:10:58,910 --> 00:10:57,060
about that particular sighting because

227
00:11:01,069 --> 00:10:58,920
that's really what got you interested in

228
00:11:03,769 --> 00:11:01,079
the topic I know you put it away for

229
00:11:08,090 --> 00:11:03,779
years and popped back into your life

230
00:11:10,790 --> 00:11:08,100
right yeah well it became the most

231
00:11:12,769 --> 00:11:10,800
massive repressed memory of My Life

232
00:11:14,630 --> 00:11:12,779
um although I do have to joke with

233
00:11:17,030 --> 00:11:14,640
people that if I have other repressed

234
00:11:20,930 --> 00:11:17,040
memories I don't remember them

235
00:11:22,610 --> 00:11:20,940
um but this was a very unambiguous

236
00:11:25,610 --> 00:11:22,620
daylight sighting

237
00:11:28,009 --> 00:11:25,620
when I was 14 years old growing up on

238
00:11:29,769 --> 00:11:28,019

Long Island about 30 miles east of

239

00:11:32,889 --> 00:11:29,779

Manhattan

240

00:11:37,190 --> 00:11:32,899

on a late June morning

241

00:11:38,690 --> 00:11:37,200

with one of my sisters and we observed

242

00:11:41,389 --> 00:11:38,700

five

243

00:11:43,370 --> 00:11:41,399

silvery white disc shaped objects coming

244

00:11:45,829 --> 00:11:43,380

in at a high rate of speed and stopping

245

00:11:48,410 --> 00:11:45,839

over the neighbor's house

246

00:11:52,069 --> 00:11:48,420

and um

247

00:11:55,090 --> 00:11:52,079

they were oval they were in a very

248

00:11:57,850 --> 00:11:55,100

precise V as in Victor type formation

249

00:12:00,290 --> 00:11:57,860

we could make out regular

250

00:12:02,269 --> 00:12:00,300

slightly lighter detailing around the

251

00:12:04,130 --> 00:12:02,279

edge of each that we could only

252

00:12:06,050 --> 00:12:04,140

read as Windows when we finally

253

00:12:08,210 --> 00:12:06,060

discussed this more than 14 years later

254

00:12:08,930 --> 00:12:08,220

and

255

00:12:12,530 --> 00:12:08,940

um

256

00:12:14,690 --> 00:12:12,540

it really overloaded my circuits I I was

257

00:12:17,030 --> 00:12:14,700

a very naive kid growing up in a simpler

258

00:12:18,410 --> 00:12:17,040

time I really didn't have an interest in

259

00:12:20,990 --> 00:12:18,420

this subject I certainly had other

260

00:12:23,509 --> 00:12:21,000

interests but the only connection I had

261

00:12:26,509 --> 00:12:23,519

with you UFOs was

262

00:12:28,430 --> 00:12:26,519

the B movies that I grew up on and would

263

00:12:29,930 --> 00:12:28,440

occasionally see you know with my

264

00:12:31,990 --> 00:12:29,940

friends at our local theater on a

265

00:12:33,530 --> 00:12:32,000

Saturday afternoon

266

00:12:35,569 --> 00:12:33,540

but

267

00:12:38,930 --> 00:12:35,579

um I it was really too much for me to

268

00:12:41,630 --> 00:12:38,940

deal with and I packed it away quite

269

00:12:44,269 --> 00:12:41,640

well uh

270

00:12:46,009 --> 00:12:44,279

more than 14 years later a number of

271

00:12:48,230 --> 00:12:46,019

things triggered that memory and it came

272

00:12:50,690 --> 00:12:48,240

roaring back like a freight train

273

00:12:51,949 --> 00:12:50,700

it was a very difficult afternoon for me

274

00:12:53,930 --> 00:12:51,959

because

275

00:12:56,389 --> 00:12:53,940

you know you think you're having a major

276

00:12:58,910 --> 00:12:56,399

mental episode how could you possibly

277

00:13:00,889 --> 00:12:58,920

repress the most profoundly memorable

278

00:13:02,470 --> 00:13:00,899

memory of your life on a certain level

279

00:13:04,009 --> 00:13:02,480

but we can do it

280

00:13:06,410 --> 00:13:04,019

and

281

00:13:09,410 --> 00:13:06,420

um I really gave some thought before I

282

00:13:12,230 --> 00:13:09,420

telephone my sister because I did not

283

00:13:14,690 --> 00:13:12,240

want to just blurt out what I remembered

284

00:13:16,790 --> 00:13:14,700

and have her say yes or no that would

285

00:13:19,610 --> 00:13:16,800

not really constitute confirmation for

286

00:13:21,769 --> 00:13:19,620

me so by the time I called her I was

287

00:13:24,829 --> 00:13:21,779

able to just say I've had a memory

288

00:13:26,210 --> 00:13:24,839

return set the scene the time of day the

289

00:13:27,829 --> 00:13:26,220

weather where we were standing in

290

00:13:29,150 --> 00:13:27,839

relation to each other and she just cut

291

00:13:30,410 --> 00:13:29,160

me off and said I know what you're

292

00:13:33,470 --> 00:13:30,420

talking about

293

00:13:34,310 --> 00:13:33,480

and we very quickly dispense with the

294

00:13:37,009 --> 00:13:34,320

matter

295

00:13:39,769 --> 00:13:37,019

but that's when my life completely

296

00:13:42,290 --> 00:13:39,779

changed and she said but there's more

297

00:13:44,569 --> 00:13:42,300

and then went on to describe to me

298

00:13:46,610 --> 00:13:44,579

a series of very conscious memories

299

00:13:48,530 --> 00:13:46,620

things she had never forgotten

300

00:13:49,509 --> 00:13:48,540

but never felt compelled to talk about

301
00:13:54,530 --> 00:13:49,519
either

302
00:13:57,190 --> 00:13:54,540
of what we would now regard as extremely

303
00:14:00,110 --> 00:13:57,200
archetypical classic

304
00:14:03,350 --> 00:14:00,120
UFO Abduction related memories

305
00:14:06,590 --> 00:14:03,360
being lifted into the air being walked

306
00:14:08,690 --> 00:14:06,600
through a curved metal hallway of beings

307
00:14:10,310 --> 00:14:08,700
that we would Now call Grays although

308
00:14:13,069 --> 00:14:10,320
that term didn't exist

309
00:14:17,269 --> 00:14:13,079
when we first discussed this back in the

310
00:14:18,470 --> 00:14:17,279
1970s and I thought for a moment my

311
00:14:21,470 --> 00:14:18,480
sister must be

312
00:14:24,050 --> 00:14:21,480
going crazy or not telling the truth

313
00:14:25,910 --> 00:14:24,060

but then you catch yourself say ah five

314

00:14:28,490 --> 00:14:25,920
seconds ago it was all right

315

00:14:30,829 --> 00:14:28,500
for five

316

00:14:32,329 --> 00:14:30,839
disc shaped objects close enough to see

317

00:14:34,370 --> 00:14:32,339
windows on them to be hanging over the

318

00:14:37,250 --> 00:14:34,380
Parker's house but Helen's crazy

319

00:14:38,150 --> 00:14:37,260
and you know Martin people say

320

00:14:39,889 --> 00:14:38,160
um

321

00:14:42,829 --> 00:14:39,899
the phrase my life changed overnight

322

00:14:43,790 --> 00:14:42,839
mine changed in about 90 seconds I

323

00:14:46,790 --> 00:14:43,800
really

324

00:14:48,769 --> 00:14:46,800
was lucky enough as a young person

325

00:14:51,829 --> 00:14:48,779
to know what I wanted to do and be good

326

00:14:54,590 --> 00:14:51,839

at it and by the time this memory

327

00:14:56,150 --> 00:14:54,600

resurfaced I was in my late 20s and I

328

00:14:58,629 --> 00:14:56,160

was pursuing a career as a painter in

329

00:15:01,189 --> 00:14:58,639

lower Manhattan and living that dream

330

00:15:02,629 --> 00:15:01,199

but this became an obsession what had

331

00:15:04,850 --> 00:15:02,639

happened to my sister

332

00:15:06,530 --> 00:15:04,860

and never having heard of I didn't know

333

00:15:08,629 --> 00:15:06,540

there were UFO conferences I didn't know

334

00:15:11,810 --> 00:15:08,639

there were people

335

00:15:15,170 --> 00:15:11,820

Like Me Now who did this you know it was

336

00:15:20,810 --> 00:15:15,180

fairly serious work or

337

00:15:23,689 --> 00:15:20,820

it was a land unto itself but my

338

00:15:25,610 --> 00:15:23,699

career train kind of jumped the tracks

339

00:15:28,189 --> 00:15:25,620

and here I am all these years later

340

00:15:30,290 --> 00:15:28,199

doing this

341

00:15:32,750 --> 00:15:30,300

right now I know

342

00:15:35,810 --> 00:15:32,760

um you your sister was beautiful she was

343

00:15:37,250 --> 00:15:35,820

also a rock star and unfortunately we

344

00:15:39,350 --> 00:15:37,260

lost her

345

00:15:41,210 --> 00:15:39,360

um over the years and it was a great a

346

00:15:43,970 --> 00:15:41,220

terrible loss so

347

00:15:47,090 --> 00:15:43,980

um but I do I have that right she was

348

00:15:50,509 --> 00:15:47,100

wasn't she you do a musician and doing

349

00:15:53,710 --> 00:15:50,519

pretty well as a musician yes Helen was

350

00:15:55,550 --> 00:15:53,720

a golden platinum record award-winning

351
00:15:58,430 --> 00:15:55,560
singer-songwriter who wrote that's

352
00:16:00,110 --> 00:15:58,440
amazing songs for the Blue Oyster Cult

353
00:16:02,810 --> 00:16:00,120
um performed with her band for 10 years

354
00:16:05,030 --> 00:16:02,820
in the greater New York area

355
00:16:07,129 --> 00:16:05,040
um a marvelous Lyricist and an

356
00:16:11,110 --> 00:16:07,139
electrifying performer who was one of

357
00:16:14,210 --> 00:16:11,120
the Vanguard of that first wave of

358
00:16:16,250 --> 00:16:14,220
what became called punk music I mean she

359
00:16:20,329 --> 00:16:16,260
opened for

360
00:16:21,410 --> 00:16:20,339
the talking heads for Iggy for Ramones

361
00:16:23,930 --> 00:16:21,420
um wow

362
00:16:26,870 --> 00:16:23,940
uh kind of the pantheon

363
00:16:29,629 --> 00:16:26,880

um and without realizing that you were

364

00:16:32,930 --> 00:16:29,639

kind of at this a moment in pop music

365

00:16:36,889 --> 00:16:32,940

history I went along for the ride and uh

366

00:16:39,170 --> 00:16:36,899

it was but she passed in in 2000 uh

367

00:16:42,889 --> 00:16:39,180

following complications from a surgery

368

00:16:45,590 --> 00:16:42,899

but her music is out there and she had a

369

00:16:48,530 --> 00:16:45,600

lot of courage in being a very public

370

00:16:50,150 --> 00:16:48,540

person about this subject back when

371

00:16:53,509 --> 00:16:50,160

there weren't a lot of them

372

00:16:55,850 --> 00:16:53,519

right is that right see that see this

373

00:16:57,650 --> 00:16:55,860

someone just said Helen Wheels that's it

374

00:16:59,509 --> 00:16:57,660

that was really performing name yeah

375

00:17:02,410 --> 00:16:59,519

having nothing to do as people

376

00:17:05,449 --> 00:17:02,420

occasionally ask with the Paul McCartney

377

00:17:08,750 --> 00:17:05,459

song of that name which came out several

378

00:17:11,630 --> 00:17:08,760

years before she was Christian Helen

379

00:17:14,630 --> 00:17:11,640

Wheels a pun on the fact that she could

380

00:17:17,510 --> 00:17:14,640

be Hell on Wheels by uh the lead singer

381

00:17:20,710 --> 00:17:17,520

of the one of the other original hole

382

00:17:23,030 --> 00:17:20,720

punk band Vanguard bands the dictators

383

00:17:24,710 --> 00:17:23,040

handsome dick Manitoba gave her that

384

00:17:27,350 --> 00:17:24,720

name and it stuck

385

00:17:30,350 --> 00:17:27,360

ah how about that I'm having a little

386

00:17:32,390 --> 00:17:30,360

bit of technical issues Peter and uh so

387

00:17:33,530 --> 00:17:32,400

I'm going to ask you a question and have

388

00:17:34,970 --> 00:17:33,540

you talk I'm going to leave the studio

389

00:17:38,029 --> 00:17:34,980

and come back in you're not going to go

390

00:17:40,310 --> 00:17:38,039

anywhere but uh so let's see if that

391

00:17:43,549 --> 00:17:40,320

will make a difference if I reboot or

392

00:17:45,650 --> 00:17:43,559

something like that sure so let's uh

393

00:17:48,409 --> 00:17:45,660

um I don't want to miss anything we're

394

00:17:51,049 --> 00:17:48,419

going to talk about him right a little

395

00:17:53,930 --> 00:17:51,059

bit but so I want I'm trying to think of

396

00:17:55,549 --> 00:17:53,940

what can get you on for a topic that you

397

00:17:56,630 --> 00:17:55,559

can speak on for a while and I know

398

00:17:58,909 --> 00:17:56,640

you're very good at speaking about

399

00:18:00,470 --> 00:17:58,919

anything so I guess I'll ask you this

400

00:18:06,230 --> 00:18:00,480

when you go to

401

00:18:10,270 --> 00:18:06,240

your conference of what is uh your

402

00:18:13,190 --> 00:18:10,280

subject that you pick and about at a UFO

403

00:18:14,870 --> 00:18:13,200

conference like you said you did in

404

00:18:16,789 --> 00:18:14,880

Texas someone in England and stuff like

405

00:18:18,110 --> 00:18:16,799

so if you wouldn't mind just addressing

406

00:18:21,169 --> 00:18:18,120

a little bit of that and I'll be right

407

00:18:22,909 --> 00:18:21,179

back all right all right okay I'll be

408

00:18:25,630 --> 00:18:22,919

right back

409

00:18:29,270 --> 00:18:25,640

well uh following on Martin's request

410

00:18:30,890 --> 00:18:29,280

the Edinburgh UFO Festival and

411

00:18:32,870 --> 00:18:30,900

Conference

412

00:18:35,770 --> 00:18:32,880

um again

413

00:18:39,529 --> 00:18:35,780

maybe 20 minutes from the

414

00:18:42,070 --> 00:18:39,539

Mexican-American border and a part of

415

00:18:47,630 --> 00:18:42,080

America that has been culturally Mexican

416

00:18:49,250 --> 00:18:47,640

Mexican-American for 150 years and it

417

00:18:51,890 --> 00:18:49,260

was a wonderful culture to be immersed

418

00:18:54,230 --> 00:18:51,900

in and I had given them as I sometimes

419

00:18:57,010 --> 00:18:54,240

do and I'm asked to speak

420

00:19:01,669 --> 00:18:57,020

half a dozen eight different

421

00:19:03,590 --> 00:19:01,679

subjects that um I could lecture on or

422

00:19:07,789 --> 00:19:03,600

if they had something in particular they

423

00:19:08,770 --> 00:19:07,799

wanted me to discuss and they chose what

424

00:19:13,190 --> 00:19:08,780

was

425

00:19:14,630 --> 00:19:13,200

the most well-known uh and best

426

00:19:17,750 --> 00:19:14,640

documented

427

00:19:19,970 --> 00:19:17,760

UFO incident in the history of the

428

00:19:24,710 --> 00:19:19,980

Soviet Union

429

00:19:27,650 --> 00:19:24,720

um barring the tunguska event in 1908

430

00:19:30,350 --> 00:19:27,660

which is still somewhat mysterious this

431

00:19:33,710 --> 00:19:30,360

happened in the Russian city of vorenos

432

00:19:38,330 --> 00:19:33,720

and I'm sure pronouncing that wrong in

433

00:19:40,390 --> 00:19:38,340

1989 with the landing of a fully

434

00:19:42,950 --> 00:19:40,400

articulated

435

00:19:47,150 --> 00:19:42,960

unidentified flying object a machine of

436

00:19:50,110 --> 00:19:47,160

undetermined origin in a public park in

437

00:19:54,470 --> 00:19:50,120

the city which is about 300 miles south

438

00:19:56,510 --> 00:19:54,480

southeast of Moscow and afternoon time

439

00:19:59,570 --> 00:19:56,520

as school was getting out a lot of kid

440

00:20:00,350 --> 00:19:59,580

Witnesses a lot of adult Witnesses

441

00:20:02,750 --> 00:20:00,360

um

442

00:20:05,690 --> 00:20:02,760

local investigators coming into the area

443

00:20:08,770 --> 00:20:05,700

almost immediately and collecting

444

00:20:11,330 --> 00:20:08,780

samples documenting the

445

00:20:14,450 --> 00:20:11,340

anomalous changes to the organic

446

00:20:15,730 --> 00:20:14,460

material that this incident so to say

447

00:20:18,110 --> 00:20:15,740

bumped up against

448

00:20:21,110 --> 00:20:18,120

but they had asked me to give the talk

449

00:20:22,909 --> 00:20:21,120

in part because it was a younger

450

00:20:24,890 --> 00:20:22,919

audience and they wanted it to be

451
00:20:28,130 --> 00:20:24,900
something of a history lesson because

452
00:20:30,890 --> 00:20:28,140
the event superimposed itself on the

453
00:20:33,409 --> 00:20:30,900
disintegration of the Soviet Union and I

454
00:20:37,190 --> 00:20:33,419
ended up corresponding for several years

455
00:20:39,549 --> 00:20:37,200
and becoming quite close with a Russian

456
00:20:43,130 --> 00:20:39,559
Professor also ufologist

457
00:20:45,470 --> 00:20:43,140
Inverness and it made a kind of a unique

458
00:20:48,310 --> 00:20:45,480
investigation otherwise

459
00:20:52,610 --> 00:20:48,320
the talks that I gave this year

460
00:20:54,770 --> 00:20:52,620
were variations on a subject that has

461
00:20:56,810 --> 00:20:54,780
fascinated me for decades

462
00:20:59,990 --> 00:20:56,820
and that I've spoken on occasionally but

463
00:21:02,810 --> 00:21:00,000

I finally came back to and pulled

464

00:21:04,370 --> 00:21:02,820

together as a full documented

465

00:21:06,230 --> 00:21:04,380

presentation

466

00:21:07,789 --> 00:21:06,240

and it's something that's occurred to

467

00:21:08,810 --> 00:21:07,799

most people who have some interest in

468

00:21:10,730 --> 00:21:08,820

UFOs

469

00:21:12,710 --> 00:21:10,740

but then you move on to other things

470

00:21:15,409 --> 00:21:12,720

which is

471

00:21:18,490 --> 00:21:15,419

the ridicule attached to the subject has

472

00:21:21,110 --> 00:21:18,500

been ferocious for most of the time

473

00:21:24,289 --> 00:21:21,120

since the beginning of the Modern Age of

474

00:21:27,049 --> 00:21:24,299

UFOs in 1947 when we

475

00:21:29,450 --> 00:21:27,059

there are earlier events but that's when

476

00:21:32,990 --> 00:21:29,460

it's officially dated from by most folks

477

00:21:34,789 --> 00:21:33,000

and how it came to pass that almost

478

00:21:37,549 --> 00:21:34,799

instantaneously

479

00:21:40,669 --> 00:21:37,559

in the summer of 1947

480

00:21:42,230 --> 00:21:40,679

the American public and by extension the

481

00:21:45,350 --> 00:21:42,240

Western world

482

00:21:47,029 --> 00:21:45,360

had their brains rewired in a way

483

00:21:52,010 --> 00:21:47,039

to

484

00:21:54,649 --> 00:21:52,020

simply stating

485

00:21:56,570 --> 00:21:54,659

that they had seen something in the sky

486

00:21:58,370 --> 00:21:56,580

that was unusual that they had never

487

00:22:00,590 --> 00:21:58,380

seen before that they didn't recognize

488

00:22:02,690 --> 00:22:00,600

that maneuvered in a manner that they

489

00:22:06,110 --> 00:22:02,700

were unfamiliar with

490

00:22:08,450 --> 00:22:06,120

which seems like a perfectly

491

00:22:10,669 --> 00:22:08,460

logical

492

00:22:14,630 --> 00:22:10,679

thing to be curious about

493

00:22:16,970 --> 00:22:14,640

but to respond not by saying or thinking

494

00:22:18,529 --> 00:22:16,980

gee that's interesting I wonder what it

495

00:22:22,490 --> 00:22:18,539

was too

496

00:22:25,010 --> 00:22:22,500

but by responding or thinking what's

497

00:22:29,450 --> 00:22:25,020

wrong with this person are they mentally

498

00:22:31,130 --> 00:22:29,460

ill do they want to feel special do they

499

00:22:34,970 --> 00:22:31,140

think this is going to make them wealthy

500

00:22:37,490 --> 00:22:34,980

or famous do they uh have a desire to

501
00:22:38,990 --> 00:22:37,500
con me is this some kind of hoax are

502
00:22:41,690 --> 00:22:39,000
they a member of a cult

503
00:22:44,830 --> 00:22:41,700
none of it makes sense at all

504
00:22:48,590 --> 00:22:44,840
and so I really started to dig into it

505
00:22:50,690 --> 00:22:48,600
and to try to find the actual mechanisms

506
00:22:59,270 --> 00:22:50,700
and

507
00:23:02,630 --> 00:22:59,280
I wrote

508
00:23:05,210 --> 00:23:02,640
to trace it down to key individuals

509
00:23:08,630 --> 00:23:05,220
within the Truman Administration and

510
00:23:10,730 --> 00:23:08,640
within the major world of mass media

511
00:23:14,149 --> 00:23:10,740
which at the time was dominated by

512
00:23:15,470 --> 00:23:14,159
newspapers it's 1947. anyway

513
00:23:19,310 --> 00:23:15,480

um

514

00:23:21,890 --> 00:23:19,320

once I finished my final variation on

515

00:23:23,750 --> 00:23:21,900

the presentation in Exeter that gets

516

00:23:26,330 --> 00:23:23,760

filed and move on to

517

00:23:28,789 --> 00:23:26,340

other material that I'm developing for

518

00:23:30,590 --> 00:23:28,799

my own curiosity and research and for

519

00:23:33,590 --> 00:23:30,600

future presentations

520

00:23:35,810 --> 00:23:33,600

excellent well yes I'm I'm sorry I

521

00:23:36,950 --> 00:23:35,820

couldn't I mean I did reboot and it

522

00:23:40,070 --> 00:23:36,960

seems much better now and everything

523

00:23:42,529 --> 00:23:40,080

seems fine but um I thought the days of

524

00:23:44,210 --> 00:23:42,539

rebooting computers was over you know

525

00:23:46,250 --> 00:23:44,220

remember we used to have to reboot them

526

00:23:48,770 --> 00:23:46,260

all the time yeah even just the word

527

00:23:50,270 --> 00:23:48,780

alone sounds so wonderfully dated uh in

528

00:23:52,270 --> 00:23:50,280

my ear

529

00:23:55,549 --> 00:23:52,280

um yeah I think just as a footnote

530

00:23:58,789 --> 00:23:55,559

Exeter TV the local television network

531

00:24:01,490 --> 00:23:58,799

in Exeter New Hampshire they ran the AV

532

00:24:03,710 --> 00:24:01,500

and they filmed all the talks and I

533

00:24:06,710 --> 00:24:03,720

think this week and I guess it's Exeter

534

00:24:09,169 --> 00:24:06,720

tv.com I'm not sure they're starting to

535

00:24:11,690 --> 00:24:09,179

make them available the Talks by the

536

00:24:14,149 --> 00:24:11,700

various presenters and it was a terrific

537

00:24:16,250 --> 00:24:14,159

group of presentations I must say yeah

538

00:24:18,529 --> 00:24:16,260

my friend Paulino is always there was

539

00:24:20,450 --> 00:24:18,539

been there this year too yes they did

540

00:24:23,029 --> 00:24:20,460

their usual radio show live from the

541

00:24:26,630 --> 00:24:23,039

event yeah with all of the speakers and

542

00:24:29,570 --> 00:24:26,640

Q a and gave a terrific talk together

543

00:24:32,270 --> 00:24:29,580

once again as always they are perennials

544

00:24:34,250 --> 00:24:32,280

at this event and much be loved you know

545

00:24:35,029 --> 00:24:34,260

it's it's something you know you talk

546

00:24:37,010 --> 00:24:35,039

about

547

00:24:39,230 --> 00:24:37,020

um covid and what it's changed and

548

00:24:42,230 --> 00:24:39,240

everyone holding back and same thing I'm

549

00:24:45,409 --> 00:24:42,240

on my way to Phoenix later on uh uh

550

00:24:48,529 --> 00:24:45,419

actually doing on my second talk on the

551
00:24:51,710 --> 00:24:48,539
UFO Topic in uh and shag Harbor coming

552
00:24:54,470 --> 00:24:51,720
up October 1st terrific and Phoenix I'm

553
00:24:56,690 --> 00:24:54,480
going to help and my friend Donna and I

554
00:24:59,029 --> 00:24:56,700
are both going out there and it's going

555
00:25:01,669 --> 00:24:59,039
to be a lot of fun like it always is but

556
00:25:03,950 --> 00:25:01,679
it's been was it three years it's been

557
00:25:04,970 --> 00:25:03,960
two years two years that it was uh

558
00:25:07,010 --> 00:25:04,980
virtual

559
00:25:08,810 --> 00:25:07,020
and I think the same thing's going to

560
00:25:11,510 --> 00:25:08,820
happen there I think there's going to be

561
00:25:15,049 --> 00:25:11,520
a lot of people coming and I'm as I

562
00:25:17,149 --> 00:25:15,059
mentioned the last show uh that if

563
00:25:19,250 --> 00:25:17,159

you're going to be out in Phoenix please

564

00:25:21,470 --> 00:25:19,260

do send me an email at Martin podcast

565

00:25:23,090 --> 00:25:21,480

ufo.com and I'm sorry I haven't

566

00:25:25,370 --> 00:25:23,100

responded to the people that wrote last

567

00:25:26,750 --> 00:25:25,380

week but uh that doesn't mean uh I'm

568

00:25:27,769 --> 00:25:26,760

going to put you all in one area and I'm

569

00:25:30,470 --> 00:25:27,779

gonna

570

00:25:32,269 --> 00:25:30,480

text you all and and uh it'll be nice to

571

00:25:34,789 --> 00:25:32,279

catch up with people and I may do a

572

00:25:36,710 --> 00:25:34,799

round robin I'd like to invite people to

573

00:25:40,250 --> 00:25:36,720

be in the audience of the round robin as

574

00:25:41,570 --> 00:25:40,260

well but um I do think that you know I

575

00:25:43,490 --> 00:25:41,580

mean there's going to be some people

576

00:25:45,230 --> 00:25:43,500

wearing masks I know there's still a

577

00:25:47,510 --> 00:25:45,240

problem it's not like this thing has

578

00:25:50,029 --> 00:25:47,520

gone away there's you know I I had

579

00:25:53,090 --> 00:25:50,039

people I I was at an estate sale I had

580

00:25:55,310 --> 00:25:53,100

an estate sale last weekend and you know

581

00:25:57,590 --> 00:25:55,320

there were some people that walked in

582

00:25:59,149 --> 00:25:57,600

and not wearing a mask in the day before

583

00:26:01,130 --> 00:25:59,159

the woman was in her car and she said

584

00:26:03,830 --> 00:26:01,140

she had coveted and I recognized her she

585

00:26:05,690 --> 00:26:03,840

came in without a mask so I mean it's it

586

00:26:07,549 --> 00:26:05,700

with that type of thing you know it

587

00:26:10,070 --> 00:26:07,559

that's just irresponsible yeah

588

00:26:13,669 --> 00:26:10,080

incredibly irresponsible and greedy too

589

00:26:15,649 --> 00:26:13,679

yeah in a way yes but anyway I think

590

00:26:18,289 --> 00:26:15,659

that for the most part that these

591

00:26:20,029 --> 00:26:18,299

conferences people have you know spent a

592

00:26:22,070 --> 00:26:20,039

few years and they're they're dying to

593

00:26:23,630 --> 00:26:22,080

get out and I think uh they're going to

594

00:26:26,690 --> 00:26:23,640

be successful so it doesn't surprise me

595

00:26:29,149 --> 00:26:26,700

at all about the 600 people but I want

596

00:26:32,510 --> 00:26:29,159

to ask you this did more were there

597

00:26:34,669 --> 00:26:32,520

people at the end because that's meaning

598

00:26:37,010 --> 00:26:34,679

that they're really interested in their

599

00:26:40,010 --> 00:26:37,020

and I think that there are more people

600

00:26:42,110 --> 00:26:40,020

interested than than ever before at this

601
00:26:43,490 --> 00:26:42,120
time there's certainly were Martin

602
00:26:46,610 --> 00:26:43,500
although

603
00:26:50,930 --> 00:26:46,620
always almost always noticeably Less in

604
00:26:53,090 --> 00:26:50,940
this case the last presenter finished at

605
00:26:55,970 --> 00:26:53,100
five o'clock each day and that second

606
00:26:58,610 --> 00:26:55,980
day you know most folks are traveling

607
00:27:00,950 --> 00:26:58,620
many of them by car and in some cases

608
00:27:02,930 --> 00:27:00,960
considerable distances I

609
00:27:06,529 --> 00:27:02,940
like some of the other speakers stayed

610
00:27:09,470 --> 00:27:06,539
over that final Sunday night because I

611
00:27:13,070 --> 00:27:09,480
and a colleague of mine had a a six or

612
00:27:14,930 --> 00:27:13,080
seven or hour drive back to uh the

613
00:27:17,990 --> 00:27:14,940

Ithaca New York area and Central New

614

00:27:20,750 --> 00:27:18,000

York state so not something you want to

615

00:27:23,870 --> 00:27:20,760

start out at at six in the evening but

616

00:27:27,169 --> 00:27:23,880

again a very successful conference very

617

00:27:30,470 --> 00:27:27,179

well run and as I understand it we

618

00:27:32,510 --> 00:27:30,480

raised more for children's services than

619

00:27:34,130 --> 00:27:32,520

we ever have before and it's usually

620

00:27:36,169 --> 00:27:34,140

pretty considerable so we're all very

621

00:27:37,990 --> 00:27:36,179

proud of that yeah that's excellent I'll

622

00:27:40,310 --> 00:27:38,000

try to make it next year

623

00:27:42,169 --> 00:27:40,320

and I've said that I've been there a few

624

00:27:44,450 --> 00:27:42,179

times the last time I was there Stanton

625

00:27:46,190 --> 00:27:44,460

Friedman was there and uh you'll

626
00:27:47,750 --> 00:27:46,200
remember that one and uh it was so funny

627
00:27:49,850 --> 00:27:47,760
these young girls went around him with

628
00:27:52,010 --> 00:27:49,860
aliens big blow up aliens they're all

629
00:27:55,610 --> 00:27:52,020
excited he's free was friendly to

630
00:27:57,529 --> 00:27:55,620
everybody uh it was great it was great

631
00:28:01,010 --> 00:27:57,539
um so I want to talk a little bit

632
00:28:03,350 --> 00:28:01,020
because uh I did uh I did some homework

633
00:28:06,289 --> 00:28:03,360
yesterday because I wanted to talk about

634
00:28:08,269 --> 00:28:06,299
vilham Reich in his cloud-busting

635
00:28:10,370 --> 00:28:08,279
machine his connection

636
00:28:13,130 --> 00:28:10,380
um to UFOs I know you did some work on

637
00:28:16,130 --> 00:28:13,140
that and uh I've always wanted to talk

638
00:28:18,590 --> 00:28:16,140

to you about that because it his last

639

00:28:21,370 --> 00:28:18,600

place was right in the state of Maine so

640

00:28:24,409 --> 00:28:21,380

my friend and I drove up there yesterday

641

00:28:25,390 --> 00:28:24,419

and here's the uh that was his home

642

00:28:30,169 --> 00:28:25,400

right

643

00:28:33,350 --> 00:28:30,179

that is the building is called organon

644

00:28:36,289 --> 00:28:33,360

um it it was his home but it was also

645

00:28:39,289 --> 00:28:36,299

his laboratory his Observer his

646

00:28:42,110 --> 00:28:39,299

Observatory and his art studio

647

00:28:44,930 --> 00:28:42,120

um and examination rooms and library in

648

00:28:48,769 --> 00:28:44,940

fact it was designed in such

649

00:28:51,470 --> 00:28:48,779

um a functional organic way that every

650

00:28:55,210 --> 00:28:51,480

visit I've made there I I just am taken

651
00:28:58,130 --> 00:28:55,220
aback at how

652
00:29:01,010 --> 00:28:58,140
sensible how really brilliant in a quiet

653
00:29:03,470 --> 00:29:01,020
sort of way the structure is you move

654
00:29:06,049 --> 00:29:03,480
from environment to environment it's

655
00:29:08,210 --> 00:29:06,059
built mostly with these old fieldstones

656
00:29:10,269 --> 00:29:08,220
from the original Farmhouse that it

657
00:29:13,730 --> 00:29:10,279
replaced on the estate that Reich bought

658
00:29:16,010 --> 00:29:13,740
in the early 1950s when he moved to

659
00:29:17,330 --> 00:29:16,020
Maine and

660
00:29:18,889 --> 00:29:17,340
um

661
00:29:21,649 --> 00:29:18,899
it

662
00:29:23,630 --> 00:29:21,659
I should I should say here that I first

663
00:29:25,730 --> 00:29:23,640

was introduced to the writings of

664

00:29:28,850 --> 00:29:25,740

Wilhelm Reich when I was still a

665

00:29:32,090 --> 00:29:28,860

teenager and

666

00:29:34,909 --> 00:29:32,100

the science that he pioneered which he

667

00:29:38,990 --> 00:29:34,919

called organomy people get caught up on

668

00:29:41,269 --> 00:29:39,000

on Words especially if the content can

669

00:29:44,690 --> 00:29:41,279

make them feel uneasy yeah and a lot of

670

00:29:47,710 --> 00:29:44,700

you know the root word organism Etc

671

00:29:53,930 --> 00:29:51,230

the science of how energy functions in

672

00:29:56,930 --> 00:29:53,940

the living and the non-living Realms and

673

00:29:59,990 --> 00:29:56,940

as a result in his 45-year or so

674

00:30:04,130 --> 00:30:00,000

exploration as a scientist as a

675

00:30:06,169 --> 00:30:04,140

psychotherapist as a social historian uh

676
00:30:07,730 --> 00:30:06,179
has a brilliant Observer of The Human

677
00:30:13,370 --> 00:30:07,740
Condition

678
00:30:14,810 --> 00:30:13,380
if you're not aware of the

679
00:30:16,669 --> 00:30:14,820
that the thread that runs through

680
00:30:19,730 --> 00:30:16,679
everything is about the study of energy

681
00:30:23,330 --> 00:30:19,740
it seems kind of slip shot or Helter

682
00:30:26,750 --> 00:30:23,340
Skelter he researched and explored areas

683
00:30:29,750 --> 00:30:26,760
as diverse as weather formation human

684
00:30:32,750 --> 00:30:29,760
behavior cancer formation

685
00:30:36,610 --> 00:30:32,760
um the raising of healthy children

686
00:30:37,750 --> 00:30:36,620
how galaxies form how organisms split

687
00:30:39,310 --> 00:30:37,760
[Music]

688
00:30:43,669 --> 00:30:39,320

fascism

689

00:30:46,310 --> 00:30:43,679

versus democracy but it was like a gun

690

00:30:49,250 --> 00:30:46,320

sight straight through these areas of

691

00:30:52,730 --> 00:30:49,260

study the last of which he focused on in

692

00:30:56,649 --> 00:30:52,740

his last years having to do with the UFO

693

00:31:01,130 --> 00:30:56,659

phenomena fairly recent at that time but

694

00:31:03,470 --> 00:31:01,140

just forewarned there is no way that we

695

00:31:06,590 --> 00:31:03,480

can do this subject

696

00:31:09,590 --> 00:31:06,600

any real Justice here other than kind of

697

00:31:12,230 --> 00:31:09,600

looking across the landscape of the work

698

00:31:16,370 --> 00:31:12,240

and you know answering whatever specific

699

00:31:20,450 --> 00:31:16,380

questions I can I will say that for

700

00:31:21,230 --> 00:31:20,460

people interested in UFOs

701

00:31:25,630 --> 00:31:21,240

um

702

00:31:30,130 --> 00:31:25,640

who study or who read his last book

703

00:31:32,389 --> 00:31:30,140

called contact with space it can be over

704

00:31:35,529 --> 00:31:32,399

romanticized and I would say that it's

705

00:31:38,870 --> 00:31:35,539

probably the worst book to read first

706

00:31:41,330 --> 00:31:38,880

because it's the culmination again in 45

707

00:31:45,230 --> 00:31:41,340

years of work going back to His

708

00:31:47,750 --> 00:31:45,240

Brilliant years as uh Freud's first

709

00:31:52,730 --> 00:31:47,760

assistant in the later 1920s in Vienna

710

00:31:55,549 --> 00:31:52,740

right and managing to escape well

711

00:31:57,830 --> 00:31:55,559

Hitler literally as the the doors were

712

00:32:00,769 --> 00:31:57,840

closing and then being a refugee in

713

00:32:04,610 --> 00:32:00,779

Europe for years until he was invited to

714

00:32:06,830 --> 00:32:04,620

speak uh to be a instructor at the new

715

00:32:08,750 --> 00:32:06,840

school for social research in New York

716

00:32:10,730 --> 00:32:08,760

in nineteen

717

00:32:14,870 --> 00:32:10,740

41 or so

718

00:32:16,610 --> 00:32:14,880

um but for me he was a millennial genius

719

00:32:19,190 --> 00:32:16,620

and

720

00:32:21,769 --> 00:32:19,200

there is no other philosopher scientist

721

00:32:24,529 --> 00:32:21,779

social thinker who has had a more

722

00:32:26,210 --> 00:32:24,539

profound effect on my thinking and the

723

00:32:28,730 --> 00:32:26,220

way that I see

724

00:32:29,930 --> 00:32:28,740

the world as it is

725

00:32:32,990 --> 00:32:29,940

um

726

00:32:34,370 --> 00:32:33,000

contact with space for what it's worth

727

00:32:37,389 --> 00:32:34,380

um was

728

00:32:41,210 --> 00:32:37,399

published a month after Reich died in

729

00:32:45,169 --> 00:32:41,220

1957. uh it was published by sumasly and

730

00:32:48,169 --> 00:32:45,179

only 500 copies were ever printed so if

731

00:32:49,149 --> 00:32:48,179

you have an original copy of it hold on

732

00:32:52,250 --> 00:32:49,159

to it

733

00:32:54,289 --> 00:32:52,260

there are uh reproductions of the book

734

00:32:56,930 --> 00:32:54,299

that are available through the Wilhelm

735

00:33:00,310 --> 00:32:56,940

Reich Museum bookstore which is easy

736

00:33:04,250 --> 00:33:00,320

enough to find online and

737

00:33:05,630 --> 00:33:04,260

I my first 10 years of of studying his

738

00:33:08,870 --> 00:33:05,640

work

739

00:33:11,090 --> 00:33:08,880

um really the subject of his UFO

740

00:33:13,070 --> 00:33:11,100

involvement interested me least of all

741

00:33:14,930 --> 00:33:13,080

because again I was repressing that

742

00:33:17,750 --> 00:33:14,940

memory and that part of his work didn't

743

00:33:20,509 --> 00:33:17,760

interest me and then quite radically it

744

00:33:23,630 --> 00:33:20,519

did and I ended up

745

00:33:26,090 --> 00:33:23,640

realizing I was obsessed in a way that

746

00:33:28,430 --> 00:33:26,100

was unhealthy with what the hell

747

00:33:31,070 --> 00:33:28,440

happened to my sister and what was this

748

00:33:33,470 --> 00:33:31,080

phenomena and what was it all about

749

00:33:35,769 --> 00:33:33,480

and I for the first time in my life felt

750

00:33:38,509 --> 00:33:35,779

I really needed a therapist and

751
00:33:40,430 --> 00:33:38,519
remembered Reich has had an involvement

752
00:33:43,549 --> 00:33:40,440
in this subject and quite a remarkable

753
00:33:45,289 --> 00:33:43,559
one and that his first assistant for the

754
00:33:47,750 --> 00:33:45,299
last 11 years of his life

755
00:33:50,269 --> 00:33:47,760
I did a little looking into and learned

756
00:33:52,610 --> 00:33:50,279
that Dr Ellsworth F Baker

757
00:33:54,830 --> 00:33:52,620
in his later 70s was alive and well and

758
00:33:56,870 --> 00:33:54,840
still practicing in the method that

759
00:33:59,509 --> 00:33:56,880
Reich had instructed him in

760
00:34:01,850 --> 00:33:59,519
both in his home office in Red Bank New

761
00:34:03,470 --> 00:34:01,860
Jersey in an office that he'd had for

762
00:34:06,830 --> 00:34:03,480
years on the Upper East Side in

763
00:34:09,829 --> 00:34:06,840

Manhattan and after an initial contact

764

00:34:11,930 --> 00:34:09,839

with him I decided to go into therapy

765

00:34:14,329 --> 00:34:11,940

with him and did for almost seven years

766

00:34:17,090 --> 00:34:14,339

and it was one of the smartest and most

767

00:34:17,389 --> 00:34:17,100

valuable things I ever did for myself

768

00:34:18,589 --> 00:34:17,399

[Music]

769

00:34:21,829 --> 00:34:18,599

um

770

00:34:24,770 --> 00:34:21,839

I will also say that

771

00:34:28,129 --> 00:34:24,780

the cloud Buster which along with the

772

00:34:31,190 --> 00:34:28,139

orgone energy accumulator often referred

773

00:34:32,230 --> 00:34:31,200

to usually derogatorily as the orgone

774

00:34:35,750 --> 00:34:32,240

Box

775

00:34:39,829 --> 00:34:35,760

these are simple laboratory devices but

776

00:34:41,810 --> 00:34:39,839

there that is what remains of the very

777

00:34:45,589 --> 00:34:41,820

first cloudbuster it doesn't bear much

778

00:34:48,710 --> 00:34:45,599

of resemblance to more modern ones and

779

00:34:51,649 --> 00:34:48,720

the best I can do is tell you that

780

00:34:55,970 --> 00:34:51,659

the accumulator which came first

781

00:34:58,310 --> 00:34:55,980

and one made for a person might be the

782

00:35:01,430 --> 00:34:58,320

size of an old-fashioned phone booth

783

00:35:04,550 --> 00:35:01,440

it's basically layers of organic and

784

00:35:08,870 --> 00:35:04,560

inorganic material for example

785

00:35:13,390 --> 00:35:08,880

um steel wool and plywood and the more

786

00:35:15,829 --> 00:35:13,400

layers the more potential it has for

787

00:35:18,370 --> 00:35:15,839

capturing and holding energy organic

788

00:35:22,490 --> 00:35:18,380

material holds energy

789

00:35:27,109 --> 00:35:22,500

metallic material reflects energy and

790

00:35:31,790 --> 00:35:27,119

they work you feel a genuine uh

791

00:35:37,190 --> 00:35:31,800

difference in the way that you feel they

792

00:35:41,510 --> 00:35:40,310

a better sense of well-being

793

00:35:45,170 --> 00:35:41,520

um

794

00:35:49,130 --> 00:35:45,180

in some cases fighting certain diseases

795

00:35:53,750 --> 00:35:49,140

and conditions the cloud Buster is

796

00:35:55,609 --> 00:35:53,760

simply a series of long metal pipes and

797

00:35:57,710 --> 00:35:55,619

Mark experimented with different Metals

798

00:36:01,730 --> 00:35:57,720

for some time before hitting on the ones

799

00:36:06,829 --> 00:36:01,740

that were Optimum that are then attached

800

00:36:08,450 --> 00:36:06,839

to hollow Industrial Level BX cable

801
00:36:12,109 --> 00:36:08,460
we're all familiar with the BX cable

802
00:36:16,130 --> 00:36:12,119
that runs through our homes but a actual

803
00:36:17,750 --> 00:36:16,140
working Cloud Buster to address an

804
00:36:20,930 --> 00:36:17,760
atmospheric condition

805
00:36:24,050 --> 00:36:20,940
uses this larger cable material very

806
00:36:26,630 --> 00:36:24,060
flexible and they are simply attached at

807
00:36:29,750 --> 00:36:26,640
the back of these tubes and the cables

808
00:36:34,430 --> 00:36:29,760
themselves empty of the wiring are then

809
00:36:38,109 --> 00:36:34,440
grounded in running water or a well or a

810
00:36:41,990 --> 00:36:38,119
pond and the water is a natural

811
00:36:44,510 --> 00:36:42,000
energetic attractor and when the pipes

812
00:36:49,210 --> 00:36:44,520
are aimed in a certain direction

813
00:36:52,490 --> 00:36:49,220

it draws energy to it in the atmosphere

814

00:36:55,970 --> 00:36:52,500

and in the case of a stagnant atmosphere

815

00:36:58,250 --> 00:36:55,980

as we find in a drought it gets the

816

00:37:00,050 --> 00:36:58,260

atmosphere moving again and what Reich

817

00:37:03,710 --> 00:37:00,060

was able to do

818

00:37:06,109 --> 00:37:03,720

and I only wish that there were

819

00:37:07,790 --> 00:37:06,119

more people in mainstream science that

820

00:37:09,530 --> 00:37:07,800

would at least try to replicate some of

821

00:37:12,230 --> 00:37:09,540

these experiments for themselves to see

822

00:37:12,890 --> 00:37:12,240

how brilliantly they work

823

00:37:16,010 --> 00:37:12,900

um

824

00:37:17,390 --> 00:37:16,020

it can break droughts in fact the

825

00:37:20,450 --> 00:37:17,400

leading

826

00:37:21,950 --> 00:37:20,460

um individual in the world who did more

827

00:37:25,130 --> 00:37:21,960

of this work certainly than Reich or

828

00:37:27,770 --> 00:37:25,140

anyone else Dr James demaio whose

829

00:37:30,410 --> 00:37:27,780

laboratory uh you know there's a another

830

00:37:32,810 --> 00:37:30,420

variation uh whose laboratory was

831

00:37:34,730 --> 00:37:32,820

outside of Ashland Oregon passed away

832

00:37:38,030 --> 00:37:34,740

earlier this year Jim was an old friend

833

00:37:40,310 --> 00:37:38,040

of mine going back to the 70s and he

834

00:37:42,349 --> 00:37:40,320

broke droughts over the years

835

00:37:47,089 --> 00:37:42,359

for the French government the German

836

00:37:48,530 --> 00:37:47,099

government Israel Eritrea

837

00:37:51,349 --> 00:37:48,540

it works

838

00:37:53,210 --> 00:37:51,359

but because of the controversy which is

839

00:37:55,790 --> 00:37:53,220

not unlike the controversy surrounding

840

00:37:57,470 --> 00:37:55,800

taking UFO seriously at least until

841

00:37:59,450 --> 00:37:57,480

recently

842

00:38:01,970 --> 00:37:59,460

he always had to sign non-disclosure

843

00:38:04,310 --> 00:38:01,980

agreements you know as far as major

844

00:38:08,170 --> 00:38:04,320

publicity of the fact that this

845

00:38:16,810 --> 00:38:12,550

Reich was seen

846

00:38:19,750 --> 00:38:16,820

by officialdom to a degree at the time

847

00:38:24,530 --> 00:38:19,760

of his coming over to the United States

848

00:38:26,690 --> 00:38:24,540

as a potential security threat he was

849

00:38:29,270 --> 00:38:26,700

the most virulent anti-communist person

850

00:38:30,710 --> 00:38:29,280

you could imagine but you know he was an

851
00:38:32,930 --> 00:38:30,720
Eastern European guy and you got to keep

852
00:38:35,390 --> 00:38:32,940
an eye on those people and a doctor and

853
00:38:36,470 --> 00:38:35,400
you know spoke with an accent so you

854
00:38:41,270 --> 00:38:36,480
never know

855
00:38:44,630 --> 00:38:41,280
uh but in the FDA at the time because

856
00:38:47,270 --> 00:38:44,640
there is no question that in many cases

857
00:38:48,109 --> 00:38:47,280
of people who used

858
00:38:53,569 --> 00:38:48,119
um

859
00:38:56,569 --> 00:38:53,579
word

860
00:38:59,210 --> 00:38:56,579
for energy it would be the same as the

861
00:39:01,849 --> 00:38:59,220
19th century the victorians referring to

862
00:39:05,290 --> 00:39:01,859
the ether or Hindu culture referring to

863
00:39:10,490 --> 00:39:05,300

The Prana that the Oregon energy

864

00:39:13,790 --> 00:39:10,500

enhanced uh one's ability to build up

865

00:39:16,370 --> 00:39:13,800

tolerance to pleasure something sadly

866

00:39:21,770 --> 00:39:16,380

that our culture is lacking into a great

867

00:39:26,150 --> 00:39:21,780

degree and experience Fuller more uh

868

00:39:28,849 --> 00:39:26,160

um pleasurable orgasms as well as a

869

00:39:30,770 --> 00:39:28,859

deeper sense of feeling in general and

870

00:39:35,150 --> 00:39:30,780

so he was immediately labeled a sex

871

00:39:36,770 --> 00:39:35,160

quack in the 40s by the FDA but they

872

00:39:37,730 --> 00:39:36,780

were never able to get anybody to

873

00:39:41,030 --> 00:39:37,740

complain

874

00:39:42,589 --> 00:39:41,040

no patient no individual that had ever

875

00:39:45,710 --> 00:39:42,599

worked with them or had ever used any of

876

00:39:48,410 --> 00:39:45,720

the medical equipment that

877

00:39:51,670 --> 00:39:48,420

working from his schematics or that was

878

00:39:55,370 --> 00:39:51,680

produced by uh his his laboratory

879

00:39:58,670 --> 00:39:55,380

ever had an issue with it ever

880

00:40:01,790 --> 00:39:58,680

but then the FDA was able to push

881

00:40:04,970 --> 00:40:01,800

through legislation to

882

00:40:07,250 --> 00:40:04,980

um at least halt Interstate shipping as

883

00:40:08,530 --> 00:40:07,260

experimental medical devices which is

884

00:40:12,730 --> 00:40:08,540

certainly fine

885

00:40:14,510 --> 00:40:12,740

unfortunately one of his Physicians

886

00:40:18,410 --> 00:40:14,520

completely

887

00:40:20,810 --> 00:40:18,420

forgot and on a certain order shipped

888

00:40:24,170 --> 00:40:20,820

panels for an accumulator

889

00:40:26,510 --> 00:40:24,180

from Rangeley Maine to New York State

890

00:40:30,290 --> 00:40:26,520

and they had him on a technicality

891

00:40:31,210 --> 00:40:30,300

and Reich who was brilliant but in some

892

00:40:32,750 --> 00:40:31,220

ways

893

00:40:35,150 --> 00:40:32,760

idealistic

894

00:40:37,430 --> 00:40:35,160

in a way that did not serve him decided

895

00:40:40,670 --> 00:40:37,440

that if he was going to trial he would

896

00:40:42,770 --> 00:40:40,680

use it as an opportunity to prove the

897

00:40:44,990 --> 00:40:42,780

viability and the reality of the science

898

00:40:47,170 --> 00:40:45,000

that he had developed and the judge

899

00:40:52,490 --> 00:40:47,180

would have none of it he lost the case

900

00:40:55,190 --> 00:40:52,500

and was sentenced to a year in prison in

901

00:40:58,190 --> 00:40:55,200

um where he died right

902

00:41:01,010 --> 00:40:58,200

yes Lewisburg federal penitentiary in

903

00:41:03,950 --> 00:41:01,020

Pennsylvania where he was found dead in

904

00:41:08,089 --> 00:41:03,960

his cell about a week before he was

905

00:41:11,690 --> 00:41:08,099

scheduled for parole release and don't

906

00:41:14,510 --> 00:41:11,700

it's so uh easy to understand some folks

907

00:41:17,329 --> 00:41:14,520

jumping to the conclusion myself as well

908

00:41:22,250 --> 00:41:17,339

originally that this might have been

909

00:41:24,770 --> 00:41:22,260

some foul play it might have been but he

910

00:41:29,150 --> 00:41:24,780

being imprisoned with a life dedicated

911

00:41:31,490 --> 00:41:29,160

to literally to freedom and nature and

912

00:41:34,010 --> 00:41:31,500

natural functioning that had to be

913

00:41:35,329 --> 00:41:34,020

crushing to him plus he was a chain

914

00:41:38,210 --> 00:41:35,339

smoker

915

00:41:40,849 --> 00:41:38,220

shot of whiskey at night a heavy

916

00:41:43,730 --> 00:41:40,859

European diet type a character

917

00:41:46,550 --> 00:41:43,740

high blood pressure you know you don't

918

00:41:49,670 --> 00:41:46,560

need to look too far for conspiracy

919

00:41:53,150 --> 00:41:49,680

again I will say I have used these

920

00:41:55,370 --> 00:41:53,160

devices and they work more as far as a

921

00:41:59,510 --> 00:41:55,380

cloud Buster goes

922

00:42:03,470 --> 00:41:59,520

for 10 years from my late 20s into my

923

00:42:06,430 --> 00:42:03,480

later 30s I was reading this material

924

00:42:09,410 --> 00:42:06,440

well actually starting when I was 19

925

00:42:11,329 --> 00:42:09,420

voraciously and I understood and

926
00:42:14,030 --> 00:42:11,339
accepted the principles the energetic

927
00:42:17,030 --> 00:42:14,040
principles that the cloud Buster

928
00:42:18,410 --> 00:42:17,040
operated under but it's one thing to

929
00:42:20,329 --> 00:42:18,420
accept something intellectually and

930
00:42:23,089 --> 00:42:20,339
another thing to actually experience it

931
00:42:26,270 --> 00:42:23,099
or see it in action and on a very

932
00:42:29,510 --> 00:42:26,280
memorable day in probably in the later

933
00:42:31,550 --> 00:42:29,520
70s a number of us who had worked as

934
00:42:33,770 --> 00:42:31,560
fundraisers who went on to become the

935
00:42:35,630 --> 00:42:33,780
American College of organomy in

936
00:42:37,250 --> 00:42:35,640
Princeton New Jersey which I have not

937
00:42:41,329 --> 00:42:37,260
had any association with for many years

938
00:42:42,310 --> 00:42:41,339

but was proud to help put into effect

939

00:42:46,250 --> 00:42:42,320

um

940

00:42:48,310 --> 00:42:46,260

a local farmer who

941

00:42:51,290 --> 00:42:48,320

was a friend of the college

942

00:42:53,990 --> 00:42:51,300

allowed his property to be used for

943

00:42:56,390 --> 00:42:54,000

demonstration and one of the best

944

00:42:57,829 --> 00:42:56,400

trained Cloud Busters ever a man who I

945

00:42:59,109 --> 00:42:57,839

still stay in touch with who lives out

946

00:43:01,670 --> 00:42:59,119

in Oregon now

947

00:43:07,210 --> 00:43:01,680

did a demonstration it was trailer

948

00:43:10,730 --> 00:43:07,220

mounted on a behind a a pickup truck

949

00:43:13,970 --> 00:43:10,740

it had it was operated from a cable

950

00:43:17,329 --> 00:43:13,980

drive with a long electrical wire it

951

00:43:21,589 --> 00:43:17,339

when it's operating Can it can put on

952

00:43:24,710 --> 00:43:21,599

a somewhat toxic field enough to make

953

00:43:27,890 --> 00:43:24,720

you not feel good and in extreme cases

954

00:43:31,430 --> 00:43:27,900

to give you a really bad sore throat or

955

00:43:33,950 --> 00:43:31,440

a headache or whatever and it was very

956

00:43:38,450 --> 00:43:33,960

methodical this is not it was not again

957

00:43:41,390 --> 00:43:38,460

an operation to affect a major change in

958

00:43:44,210 --> 00:43:41,400

the weather in the area but I'll tell

959

00:43:47,569 --> 00:43:44,220

you Martin it it's indelible in my mind

960

00:43:50,450 --> 00:43:47,579

at one point starting out uh John said

961

00:43:54,230 --> 00:43:50,460

that cloud Bank over there over the next

962

00:43:55,670 --> 00:43:54,240

10 minutes or so I am going to

963

00:43:58,490 --> 00:43:55,680

remove

964

00:44:01,130 --> 00:43:58,500

and then I'm going to create a cloud

965

00:44:05,390 --> 00:44:01,140

Bank over here where there is none

966

00:44:09,470 --> 00:44:05,400

now I'm going to cut this cloud in half

967

00:44:13,010 --> 00:44:09,480

and within maybe two minutes of

968

00:44:17,089 --> 00:44:13,020

drawing on it not only did he do it but

969

00:44:18,950 --> 00:44:17,099

if the if this Cloud Buster had 10 pipes

970

00:44:24,290 --> 00:44:18,960

I don't remember

971

00:44:27,230 --> 00:44:24,300

we watched in complete awe as before it

972

00:44:30,530 --> 00:44:27,240

split in half you could make out 10

973

00:44:33,130 --> 00:44:30,540

rough Jagged holes for several moments

974

00:44:37,010 --> 00:44:33,140

and then dissipating and then two parts

975

00:44:39,230 --> 00:44:37,020

and so on it was something I will never

976
00:44:41,510 --> 00:44:39,240
forget and

977
00:44:43,730 --> 00:44:41,520
on the other side of it

978
00:44:45,650 --> 00:44:43,740
to manufacture one of these things can

979
00:44:51,050 --> 00:44:45,660
be deceptively simple

980
00:44:56,150 --> 00:44:53,450
if you you know are want to just show

981
00:44:57,829 --> 00:44:56,160
off and create some movement in the

982
00:45:01,430 --> 00:44:57,839
atmosphere so to say

983
00:45:03,410 --> 00:45:01,440
you can create damaging conditions and

984
00:45:05,930 --> 00:45:03,420
well I gotta tell I'd like to tell you a

985
00:45:08,510 --> 00:45:05,940
story if I could real quickly that had

986
00:45:12,470 --> 00:45:08,520
to do with this and so when I was in my

987
00:45:15,710 --> 00:45:12,480
uh 20s I'm trying to remember kind of

988
00:45:18,589 --> 00:45:15,720

early 20s I was a park ranger

989

00:45:21,309 --> 00:45:18,599

and California in the San Diego area

990

00:45:25,430 --> 00:45:21,319

lower Otay Lake was the name of the park

991

00:45:27,710 --> 00:45:25,440

and so I had to I had to do a talk

992

00:45:30,950 --> 00:45:27,720

um and and walk people over to the dam

993

00:45:33,109 --> 00:45:30,960

and back in oh God it seems like it was

994

00:45:34,910 --> 00:45:33,119

1913. oh by the way I have a picture of

995

00:45:37,550 --> 00:45:34,920

myself as a ranger now don't laugh too

996

00:45:40,490 --> 00:45:37,560

hard I won't yeah okay because it's

997

00:45:43,670 --> 00:45:40,500

pretty funny uh I can't speak to your

998

00:45:46,130 --> 00:45:43,680

audience stuff I have a tarantula on me

999

00:45:47,930 --> 00:45:46,140

that a pet tarantula here it is right

1000

00:45:50,630 --> 00:45:47,940

here yes

1001

00:45:54,950 --> 00:45:50,640

so that's me in my 20s

1002

00:45:59,329 --> 00:45:54,960

um and I'm I'm giving this talk on on

1003

00:46:02,690 --> 00:45:59,339

the damn and and all that and the the

1004

00:46:05,270 --> 00:46:02,700

amazing thing is that they had a drought

1005

00:46:08,150 --> 00:46:05,280

a really bad drought and they called a

1006

00:46:10,490 --> 00:46:08,160

cloud Buster in that the the town or

1007

00:46:13,490 --> 00:46:10,500

something was going to pay him something

1008

00:46:15,650 --> 00:46:13,500

like 5 000 big money for back then like

1009

00:46:19,370 --> 00:46:15,660

five thousand dollars he did the cloud

1010

00:46:22,609 --> 00:46:19,380

Buster it rained so hard the damn burst

1011

00:46:25,069 --> 00:46:22,619

and it killed like 120 farmers down down

1012

00:46:27,170 --> 00:46:25,079

river below the dam so they of course

1013

00:46:28,910 --> 00:46:27,180

didn't pay them but that that that is a

1014

00:46:30,950 --> 00:46:28,920

true story and I used to tell it when I

1015

00:46:33,309 --> 00:46:30,960

used to tour people

1016

00:46:35,930 --> 00:46:33,319

um I've never heard that yeah

1017

00:46:37,849 --> 00:46:35,940

if you could uh look at it yeah and it

1018

00:46:41,510 --> 00:46:37,859

was it wasn't

1019

00:46:44,569 --> 00:46:41,520

I know that this was pre uh Wilhelm

1020

00:46:46,849 --> 00:46:44,579

Reich but um it was some type of cloud

1021

00:46:49,730 --> 00:46:46,859

thing that he supposedly shot up in the

1022

00:46:54,650 --> 00:46:52,370

we're talking about

1023

00:46:58,069 --> 00:46:54,660

when you say pre-will home Reich yeah

1024

00:47:00,410 --> 00:46:58,079

this was this was uh in like 1913 or 15

1025

00:47:03,050 --> 00:47:00,420

or you know what I'm going to do Peter

1026

00:47:04,370 --> 00:47:03,060

we'll talk offline and I'll get all the

1027

00:47:07,130 --> 00:47:04,380

information because I used to do the

1028

00:47:10,069 --> 00:47:07,140

talk but you know that was that was 40

1029

00:47:12,050 --> 00:47:10,079

years ago you know to the best of my

1030

00:47:14,569 --> 00:47:12,060

knowledge no one had developed this

1031

00:47:15,890 --> 00:47:14,579

technology back then so it wasn't called

1032

00:47:16,970 --> 00:47:15,900

the cloud Buster but it was something

1033

00:47:19,190 --> 00:47:16,980

else

1034

00:47:21,410 --> 00:47:19,200

and it was something shot up into the

1035

00:47:23,410 --> 00:47:21,420

atmosphere and I will get nothing

1036

00:47:26,569 --> 00:47:23,420

nothing is shot up into the atmosphere

1037

00:47:28,670 --> 00:47:26,579

with a cloud Buster yeah it's a total

1038

00:47:30,650 --> 00:47:28,680

different thing but still it was it was

1039

00:47:32,390 --> 00:47:30,660

quite a story I used to have to tell and

1040

00:47:34,370 --> 00:47:32,400

uh I'll look into that and get the

1041

00:47:36,109 --> 00:47:34,380

details but I know this is way off the

1042

00:47:40,190 --> 00:47:36,119

UFO subject I hope people are still

1043

00:47:42,109 --> 00:47:40,200

enjoying it but didn't he aim the didn't

1044

00:47:44,630 --> 00:47:42,119

he think that he could send the signals

1045

00:47:47,630 --> 00:47:44,640

out to the UFOs or something like that

1046

00:47:51,230 --> 00:47:47,640

there's no signals involved in that

1047

00:47:54,470 --> 00:47:51,240

um or the energy focusing energy and it

1048

00:47:57,050 --> 00:47:54,480

wasn't that he thought that he could he

1049

00:48:01,190 --> 00:47:57,060

did and it was multiple observed and

1050

00:48:04,670 --> 00:48:01,200

documented repeatedly in Maine as well

1051
00:48:07,130 --> 00:48:04,680
as the following year near Tucson where

1052
00:48:08,950 --> 00:48:07,140
they had at least a space to use the

1053
00:48:11,329 --> 00:48:08,960
cloud buster

1054
00:48:14,450 --> 00:48:11,339
specifically in one of the driest parts

1055
00:48:16,370 --> 00:48:14,460
of the United States

1056
00:48:17,930 --> 00:48:16,380
so that if they produce the results they

1057
00:48:19,670 --> 00:48:17,940
were after which they did they broke

1058
00:48:22,250 --> 00:48:19,680
every weather record in the history of

1059
00:48:26,030 --> 00:48:22,260
Arizona it would it would be less in

1060
00:48:31,089 --> 00:48:26,040
dispute but um yes he did and each time

1061
00:48:36,290 --> 00:48:31,099
that he aimed the cloud Buster at a UFO

1062
00:48:37,609 --> 00:48:36,300
it either dimmed or wobbled or moved or

1063
00:48:39,650 --> 00:48:37,619

disappeared

1064

00:48:42,890 --> 00:48:39,660

wow

1065

00:48:45,530 --> 00:48:42,900

that that is something else so there

1066

00:48:48,589 --> 00:48:45,540

there could be something now someone you

1067

00:48:52,010 --> 00:48:48,599

said is very simplistic to create

1068

00:48:54,230 --> 00:48:52,020

was there ever a Pat Uh patent on it

1069

00:48:57,349 --> 00:48:54,240

that someone could reproduce something

1070

00:49:00,349 --> 00:48:57,359

no no he did not

1071

00:49:03,650 --> 00:49:00,359

take out a patent on the cloud Buster or

1072

00:49:06,650 --> 00:49:03,660

the uh Oregon energy accumulator and

1073

00:49:09,829 --> 00:49:06,660

with simple schematics anybody can

1074

00:49:11,450 --> 00:49:09,839

reproduce it I would say if you have any

1075

00:49:14,930 --> 00:49:11,460

interest in at least learning about it

1076

00:49:18,230 --> 00:49:14,940

responsibly the best

1077

00:49:21,349 --> 00:49:18,240

book available ever published is the

1078

00:49:24,530 --> 00:49:21,359

late Dr James demaio's orgone energy

1079

00:49:27,950 --> 00:49:24,540

accumulator book

1080

00:49:31,790 --> 00:49:27,960

um and I think that's available from the

1081

00:49:38,589 --> 00:49:34,309

orgone biophysical research laboratory

1082

00:49:43,130 --> 00:49:38,599

in Ashland Maine or just remember obrl

1083

00:49:46,130 --> 00:49:43,140

a huge archive and very well documented

1084

00:49:47,870 --> 00:49:46,140

yeah so this this kind of reminds me a

1085

00:49:49,730 --> 00:49:47,880

little bit of Tesla I was talking to my

1086

00:49:51,230 --> 00:49:49,740

friend Donna today and you know she

1087

00:49:52,430 --> 00:49:51,240

brought that up it's kind of like you

1088

00:49:56,930 --> 00:49:52,440

know

1089

00:49:59,329 --> 00:49:56,940

mean Tesla's papers whatever happened to

1090

00:50:01,309 --> 00:49:59,339

them you know right after he died

1091

00:50:04,450 --> 00:50:01,319

um what did they ascend on his property

1092

00:50:07,910 --> 00:50:04,460

when he when he died

1093

00:50:11,690 --> 00:50:07,920

they they send it on his property while

1094

00:50:12,470 --> 00:50:11,700

he was alive and confiscated

1095

00:50:14,750 --> 00:50:12,480

um

1096

00:50:16,670 --> 00:50:14,760

in the Eisenhower Administration between

1097

00:50:19,430 --> 00:50:16,680

I think 56

1098

00:50:23,930 --> 00:50:19,440

and 1960 a few months before Kennedy was

1099

00:50:27,170 --> 00:50:23,940

inaugurated something like eight tons of

1100

00:50:30,530 --> 00:50:27,180

original literature hardcover books

1101

00:50:33,410 --> 00:50:30,540

medical journals if they had even a

1102

00:50:37,250 --> 00:50:33,420

reference to the term orgone energy

1103

00:50:40,430 --> 00:50:37,260

because the FDA had decided and declared

1104

00:50:42,589 --> 00:50:40,440

that there was no such thing therefore

1105

00:50:46,910 --> 00:50:42,599

this was some kind of fraud

1106

00:50:49,790 --> 00:50:46,920

and his books were burned by the ton by

1107

00:50:52,250 --> 00:50:49,800

the United States government and

1108

00:50:55,490 --> 00:50:52,260

crazy it's a dark moment

1109

00:50:58,130 --> 00:50:55,500

um in scientific history and one that

1110

00:51:02,270 --> 00:50:58,140

most people have no awareness of at all

1111

00:51:06,290 --> 00:51:02,280

so as far as Tesla goes he died at the

1112

00:51:08,109 --> 00:51:06,300

New Yorker Hotel in 1942 following hit

1113

00:51:13,569 --> 00:51:08,119

by a car

1114

00:51:16,069 --> 00:51:13,579

and most smart money says it was the FBI

1115

00:51:18,410 --> 00:51:16,079

that got into his room and cleaned out

1116

00:51:21,950 --> 00:51:18,420

the safe uh

1117

00:51:23,450 --> 00:51:21,960

I will say as a footnote I know from my

1118

00:51:26,270 --> 00:51:23,460

father who

1119

00:51:28,970 --> 00:51:26,280

used to Delight in sharing with me and

1120

00:51:32,450 --> 00:51:28,980

occasionally other people that I was

1121

00:51:35,390 --> 00:51:32,460

conceived in the hotel New Yorker while

1122

00:51:37,910 --> 00:51:35,400

he was AWOL which means there's probably

1123

00:51:40,250 --> 00:51:37,920

one chance in 300 or so

1124

00:51:43,490 --> 00:51:40,260

yes that I was conceived in the room

1125

00:51:45,829 --> 00:51:43,500

that Nicola Destra was passed away in

1126

00:51:50,410 --> 00:51:45,839

I'll leave it at that makes yeah that

1127

00:51:56,270 --> 00:51:54,109

it's true no I stayed there one night

1128

00:51:59,030 --> 00:51:56,280

and you know what I fell asleep thinking

1129

00:52:00,109 --> 00:51:59,040

could this be in the room but yeah you

1130

00:52:02,809 --> 00:52:00,119

know you don't want to think about it

1131

00:52:04,970 --> 00:52:02,819

too hard yeah yeah no didn't he live in

1132

00:52:06,890 --> 00:52:04,980

he lived in a fairly big like a not a

1133

00:52:09,890 --> 00:52:06,900

penthouse or anything like that but but

1134

00:52:11,809 --> 00:52:09,900

a pretty sizable Suite uh wasn't it I

1135

00:52:13,970 --> 00:52:11,819

have no idea but George Westinghouse

1136

00:52:16,549 --> 00:52:13,980

could afford it and George Westinghouse

1137

00:52:19,609 --> 00:52:16,559

essentially robbed him of about a

1138

00:52:21,710 --> 00:52:19,619

billion dollars absolutely so much per

1139

00:52:24,109 --> 00:52:21,720

horsepower of every electric motor that

1140

00:52:26,569 --> 00:52:24,119

was ever produced uh I don't even know

1141

00:52:30,530 --> 00:52:26,579

it'd be in the trillions by now probably

1142

00:52:32,770 --> 00:52:30,540

yeah you know Tesla was

1143

00:52:35,690 --> 00:52:32,780

a millennial Genius of a different sort

1144

00:52:38,569 --> 00:52:35,700

and at the same time somewhat naive and

1145

00:52:42,710 --> 00:52:38,579

idealistic and what Westinghouse put to

1146

00:52:45,109 --> 00:52:42,720

him in the earlier 1900s was with your

1147

00:52:47,390 --> 00:52:45,119

discoveries and a little thing I've

1148

00:52:49,309 --> 00:52:47,400

created called General Electric we can

1149

00:52:51,890 --> 00:52:49,319

transform the world in a good way but

1150

00:52:53,809 --> 00:52:51,900

I'll go broke if you keep me you know to

1151
00:52:55,309 --> 00:52:53,819
our original agreement so can I just pay

1152
00:52:56,049 --> 00:52:55,319
you a million dollars and we'll call it

1153
00:52:58,609 --> 00:52:56,059
even

1154
00:53:00,890 --> 00:52:58,619
that's right up there with by Manhattan

1155
00:53:03,290 --> 00:53:00,900
Island for 24 dollars in beads as far as

1156
00:53:07,069 --> 00:53:03,300
I'm concerned yeah yeah

1157
00:53:08,809 --> 00:53:07,079
that's something else we have uh just uh

1158
00:53:11,150 --> 00:53:08,819
I think we're just about out of time

1159
00:53:13,190 --> 00:53:11,160
Peter this show went so fast with you

1160
00:53:14,870 --> 00:53:13,200
and I'd like to have you on sooner than

1161
00:53:17,270 --> 00:53:14,880
later again and we'll talk about it I'll

1162
00:53:19,910 --> 00:53:17,280
be glad to um other subjects but right

1163
00:53:23,150 --> 00:53:19,920

now it's uh time for me to run this

1164

00:53:26,150 --> 00:53:23,160

beautiful uh video showing this uh poem

1165

00:53:29,750 --> 00:53:26,160

uh dedicated to 911 which was just a

1166

00:53:33,410 --> 00:53:29,760

couple of days ago and uh and one thing

1167

00:53:34,190 --> 00:53:33,420

he did was uh he always posted this on

1168

00:53:43,370 --> 00:53:34,200

his

1169

00:53:45,890 --> 00:53:43,380

tribute to a great man lee McDonald and

1170

00:53:47,690 --> 00:53:45,900

here he is with his poem right here and

1171

00:53:50,270 --> 00:53:47,700

we'll be back next week everyone with

1172

00:53:52,790 --> 00:53:50,280

Ben hurl and thank you so much and what

1173

00:53:54,770 --> 00:53:52,800

what was it that he wanted me to say

1174

00:53:57,470 --> 00:53:54,780

stare up in the air or something like

1175

00:54:15,950 --> 00:53:57,480

that but I'll say I would say it right

1176
00:54:15,960 --> 00:54:46,880
foreign

1177
00:54:52,190 --> 00:54:48,309
[Music]

1178
00:54:55,490 --> 00:54:52,200
calling all Angels calling all angels

1179
00:54:58,370 --> 00:54:55,500
went out his thunderous plea I am thy

1180
00:54:59,569 --> 00:54:58,380
Lord beseeching my horde to assemble in

1181
00:55:01,849 --> 00:54:59,579
front of me

1182
00:55:04,549 --> 00:55:01,859
in a Flash the Angels did Dash to gather

1183
00:55:07,849 --> 00:55:04,559
at his feet and hear his plan to help

1184
00:55:10,250 --> 00:55:07,859
all Man by use of Heaven's Elite

1185
00:55:11,089 --> 00:55:10,260
the Devils made a play this September

1186
00:55:13,849 --> 00:55:11,099
Day

1187
00:55:16,430 --> 00:55:13,859
to hurt the ones I love

1188
00:55:19,309 --> 00:55:16,440

he's loosed upon Earth his demonic worth

1189

00:55:22,309 --> 00:55:19,319

now push has come to shove

1190

00:55:24,710 --> 00:55:22,319

I'll not stand by and have good men die

1191

00:55:28,069 --> 00:55:24,720

without awareness in their heart

1192

00:55:30,349 --> 00:55:28,079

so this day in my planful way a battle

1193

00:55:33,950 --> 00:55:30,359

I'm going to start

1194

00:55:37,069 --> 00:55:33,960

Gabriel old friend to this end welcome

1195

00:55:40,010 --> 00:55:37,079

every woman and man that'll come our way

1196

00:55:40,849 --> 00:55:40,020

this fateful day who died by Satan's

1197

00:55:43,970 --> 00:55:40,859

hand

1198

00:55:46,270 --> 00:55:43,980

and before you go you need to know a few

1199

00:55:49,849 --> 00:55:46,280

you'll bring straight to me

1200

00:55:52,730 --> 00:55:49,859

firefighters all now Standing Tall known

1201
00:55:55,250 --> 00:55:52,740
as the 343

1202
00:55:58,370 --> 00:55:55,260
with Gabriel gone and quiet the throng

1203
00:56:01,069 --> 00:55:58,380
they wandered at his plan to send and

1204
00:56:02,450 --> 00:56:01,079
quell the Flames of Hell by use of

1205
00:56:05,270 --> 00:56:02,460
mortal man

1206
00:56:08,450 --> 00:56:05,280
all manner of Doubt filled the strongest

1207
00:56:11,150 --> 00:56:08,460
in Stout of Heaven's holy array

1208
00:56:15,049 --> 00:56:11,160
and fear fell upon the Heavenly thrawn

1209
00:56:17,510 --> 00:56:15,059
at the plan the Lord set this day

1210
00:56:20,690 --> 00:56:17,520
I can sense in thy Hearts hesitation to

1211
00:56:25,069 --> 00:56:20,700
start a battle you don't understand

1212
00:56:27,609 --> 00:56:25,079
but confused as you Satan is too and

1213
00:56:30,349 --> 00:56:27,619

that is the heart of my plan

1214

00:56:33,530 --> 00:56:30,359

fearing not for what I've wrought

1215

00:56:36,710 --> 00:56:33,540

I'll ask none here to face his Fork but

1216

00:56:39,950 --> 00:56:36,720

I'll send into hell those who fell the

1217

00:56:42,290 --> 00:56:39,960

firefighters from New York and the Lord

1218

00:56:44,510 --> 00:56:42,300

raised his staff and began to laugh in

1219

00:56:47,089 --> 00:56:44,520

Roaring thunderous Glee

1220

00:56:50,150 --> 00:56:47,099

then in a blaze they stepped from a haze

1221

00:56:52,190 --> 00:56:50,160

the Angelic 343

1222

00:56:55,190 --> 00:56:52,200

they fell into the line in very short

1223

00:56:57,470 --> 00:56:55,200

time making perfect formations of rose

1224

00:57:00,710 --> 00:56:57,480

and the Lord caused the slip on every

1225

00:57:03,410 --> 00:57:00,720

man's hip a golden Heavenly hose

1226
00:57:06,890 --> 00:57:03,420
the gravest mistake Satan didn't make

1227
00:57:09,650 --> 00:57:06,900
when he struck down these men so brave

1228
00:57:12,890 --> 00:57:09,660
thinking Idol I'd stand not extending my

1229
00:57:15,650 --> 00:57:12,900
hand and their souls I would not save

1230
00:57:19,069 --> 00:57:15,660
have no fear for the men standing here

1231
00:57:21,530 --> 00:57:19,079
the way to his place they know well

1232
00:57:24,589 --> 00:57:21,540
for verily each day they've collected

1233
00:57:26,809 --> 00:57:24,599
their pay by stepping into hell

1234
00:57:28,970 --> 00:57:26,819
these men know their task now angels I

1235
00:57:31,430 --> 00:57:28,980
ask that you hasten straight to Earth

1236
00:57:33,950 --> 00:57:31,440
and comfort their friends when the tally

1237
00:57:35,030 --> 00:57:33,960
begins and they start to question their

1238
00:57:38,150 --> 00:57:35,040

worth

1239

00:57:39,049 --> 00:57:38,160

console them with wings and all Heavenly

1240

00:57:42,470 --> 00:57:39,059

things

1241

00:57:44,510 --> 00:57:42,480

on their shoulder your head is to rest

1242

00:57:46,730 --> 00:57:44,520

send Whispers of thanks from our

1243

00:58:04,900 --> 00:57:46,740

Heavenly ranks say
