UFOs and tiny creatures in Malaysia by

4
00:00:48,529 --> 00:00:46,559
Charles Lear according to an article

5
00:00:51,290 --> 00:00:48,539
headlined humanoid Encounters in

6
00:00:53,869 --> 00:00:51,300
Malaysia written by West Malaysia mufon

7
00:00:57,049 --> 00:00:53,879
representative Ahmad jamalidan and

8
00:01:00,650 --> 00:00:57,059
published in the November 1979 mufon UFO

9
00:01:02,569 --> 00:01:00,660
journal in 1970 four boys in Johari Baro

10
00:01:04,070 --> 00:01:02,579
told their Headmaster that while on

11
00:01:06,890 --> 00:01:04,080
their way to school they saw some

12
00:01:09,410 --> 00:01:06,900
six-inch creatures in the small UFO news

13
00:01:11,450 --> 00:01:09,420

got around school in a search ensued the

14

00:01:13,789 --> 00:01:11,460

only thing found to possibly back up the

15

00:01:15,830 --> 00:01:13,799

boy's story was a burnt patch on the

16

00:01:17,390 --> 00:01:15,840

ground but this report was the first of

17

00:01:20,149 --> 00:01:17,400

several throughout the decade of small

18

00:01:22,969 --> 00:01:20,159

UFOs and Associated creatures ranging

19

00:01:25,310 --> 00:01:22,979

from 3 inches to 6 inches to Maladin

20

00:01:27,530 --> 00:01:25,320

lists seven cases along with their dates

21

00:01:29,149 --> 00:01:27,540

localities and descriptions he makes

22

00:01:31,190 --> 00:01:29,159

note of the fact that five of the

23

00:01:32,749 --> 00:01:31,200

reports came from school children in

24

00:01:35,270 --> 00:01:32,759

which the encounters were said to have

25

00:01:37,609 --> 00:01:35,280

taken place on school premises according

26

00:01:39,410 --> 00:01:37,619

to him the creatures were described is

27

00:01:42,050 --> 00:01:39,420

wearing one-piece suits and being

28

00:01:44,330 --> 00:01:42,060

equipped with a type of ray gun some had

29

00:01:46,969 --> 00:01:44,340

large heads and round eyes and some of

30

00:01:48,710 --> 00:01:46,979

the three-inch creatures had antennas he

31

00:01:50,990 --> 00:01:48,720

mentions that there were three more

32

00:01:53,149 --> 00:01:51,000

probable encounters with tiny humanoids

33

00:01:55,789 --> 00:01:53,159

but unfortunately the origins of the

34

00:01:58,370 --> 00:01:55,799

incidents cannot be traced with that in

35

00:02:00,889 --> 00:01:58,380

mind it should be noted that jamalidan

36

00:02:03,230 --> 00:02:00,899

fails to cite any of his sources or give

37

00:02:05,749 --> 00:02:03,240

any of the witnesses names in the

38

00:02:08,270 --> 00:02:05,759

article many entities at kuantan Air

39

00:02:11,530 --> 00:02:08,280

Base published in the January 1981

40

00:02:14,270 --> 00:02:11,540

Flying Saucer review volume 26 number 5

41

00:02:18,650 --> 00:02:14,280

jamalidan describes a report that in

42

00:02:20,990 --> 00:02:18,660

1975 or 1976 a UFO and a tiny entity

43

00:02:23,510 --> 00:02:21,000

landed at the Royal Malaysian air force

44

00:02:25,970 --> 00:02:23,520

base this time he does cite a newspaper

45

00:02:28,729 --> 00:02:25,980

as a source and includes the names of

46

00:02:30,710 --> 00:02:28,739

witnesses according to him a friend of

47

00:02:32,650 --> 00:02:30,720

his sentiment report that was on the

48

00:02:35,510 --> 00:02:32,660

front page of the new Straight times

49

00:02:37,490 --> 00:02:35,520

unfortunately the date was missing and

50

00:02:39,530 --> 00:02:37,500

there was no mention of a UFO in the

51
00:02:41,449 --> 00:02:39,540
newspaper article he wrote that he tried

52
00:02:44,390 --> 00:02:41,459
to contact the reporter who wrote the

53
00:02:46,250 --> 00:02:44,400
story but unfortunately he resigned a

54
00:02:48,410 --> 00:02:46,260
few years ago and is now working

55
00:02:50,390 --> 00:02:48,420
somewhere in the government departments

56
00:02:52,729 --> 00:02:50,400
according to the article headlined

57
00:02:55,729 --> 00:02:52,739
Believe It or Not nine-year-old Paul

58
00:02:58,070 --> 00:02:55,739
lazario a student at the rmaf primary

59
00:03:00,170 --> 00:02:58,080
school said he saw a three-inch creature

60
00:03:02,390 --> 00:03:00,180
drinking from a drain he said he caught

61
00:03:04,729 --> 00:03:02,400
it and that it managed to escape and run

62
00:03:06,949 --> 00:03:04,739
into some undergrowth he described it as

63
00:03:09,410 --> 00:03:06,959

brown and looking like a man he said it

64

00:03:11,990 --> 00:03:09,420

held a steel-like rod in its hand had

65

00:03:14,330 --> 00:03:12,000

feelers on its head and a pistol hanging

66

00:03:16,309 --> 00:03:14,340

from its waist Rosario said he told his

67

00:03:18,170 --> 00:03:16,319

friends and that he and two others went

68

00:03:21,050 --> 00:03:18,180

back in the evening and twelve-year-old

69

00:03:23,149 --> 00:03:21,060

Neil Lee Ann told the reporter that all

70

00:03:25,369 --> 00:03:23,159

three saw the creature before it ran

71

00:03:28,070 --> 00:03:25,379

back into the undergrowth a teacher at

72

00:03:29,930 --> 00:03:28,080

the school Mr you Kim Guan said that he

73

00:03:32,330 --> 00:03:29,940

went to investigate and while he didn't

74

00:03:34,490 --> 00:03:32,340

see the creature he did find a partly

75

00:03:36,830 --> 00:03:34,500

crushed red indian-like Wigwam

76

00:03:39,649 --> 00:03:36,840

beautifully weaved out of grass in his

77

00:03:41,690 --> 00:03:39,659

comments jamality notes that up to that

78

00:03:43,910 --> 00:03:41,700

point there were no humanoid reports in

79

00:03:46,009 --> 00:03:43,920

Malaysia where the entities were taller

80

00:03:48,410 --> 00:03:46,019

than six inches he wrote that he had

81

00:03:50,570 --> 00:03:48,420

documented 24 reports and that 90

82

00:03:53,809 --> 00:03:50,580

percent of those came from children and

83

00:03:56,449 --> 00:03:53,819

only 50 percent involved UFOs in his

84

00:03:58,850 --> 00:03:56,459

article yet once again reports of tiny

85

00:04:01,910 --> 00:03:58,860

alien entities in Malaysia published in

86

00:04:05,270 --> 00:04:01,920

the winter 1993 Flying Saucer review Vol

87

00:04:07,430 --> 00:04:05,280

38 number four jamalidan manages to

88

00:04:08,990 --> 00:04:07,440

provide the reader with his sources and

89

00:04:10,789 --> 00:04:09,000

includes the dates of the reported

90

00:04:13,309 --> 00:04:10,799

encounters and the names of the

91

00:04:15,770 --> 00:04:13,319

witnesses the article starts off this

92

00:04:17,990 --> 00:04:15,780

way a flying saucer believed to be from

93

00:04:20,990 --> 00:04:18,000

an alien planet was seen the land at

94

00:04:22,969 --> 00:04:21,000

kempang parit rambai at pontian several

95

00:04:25,010 --> 00:04:22,979

nights ago and caused the commotion

96

00:04:27,290 --> 00:04:25,020

amongst the inhabitants and has been the

97

00:04:29,450 --> 00:04:27,300

main topic of discussion there it is

98

00:04:31,670 --> 00:04:29,460

described as having been about the size

99

00:04:33,890 --> 00:04:31,680

of a volleyball and to have landed near

100

00:04:36,770 --> 00:04:33,900

a group of drummers causing them to stop

101
00:04:39,409 --> 00:04:36,780
playing one of the drummers Yahya

102
00:04:41,749 --> 00:04:39,419
sheem said he saw a bright light and

103
00:04:43,850 --> 00:04:41,759
then several minutes later the saucer

104
00:04:45,650 --> 00:04:43,860
landed near them it is reported that

105
00:04:48,409 --> 00:04:45,660
before anyone could get a closer look at

106
00:04:50,689 --> 00:04:48,419
it the object took off the second report

107
00:04:53,150 --> 00:04:50,699

00:05:12,110 --> 00:05:09,840

group of tiny people this is said to

115

00:05:14,030 --> 00:05:12,120

have caused much excitement at the

116

00:05:16,490 --> 00:05:14,040

school when the students told of their

117

00:05:18,409 --> 00:05:16,500

encounters during their 3 pm recess on

118

00:05:21,590 --> 00:05:18,419

the days in question eight-year-old

creatures it stabbed his hand and he

122

00:05:30,650 --> 00:05:27,479

showed a small bruise on his left hand

123

00:05:32,150 --> 00:05:30,660

to school authorities as proof he said

124

00:05:34,670 --> 00:05:32,160

that when he was playing with his fellow

125

00:05:36,529 --> 00:05:34,680

students he saw hundreds of tiny people

126

00:05:38,930 --> 00:05:36,539

Creatures Flying Saucer review editor

137

00:06:04,490 --> 00:06:02,460

Gordon Creighton comments on the reports

138

00:06:07,129 --> 00:06:04,500

jamalidan had sent them throughout the

139

00:06:09,650 --> 00:06:07,139

years and cautions we have absolutely

140

00:06:11,990 --> 00:06:09,660

got to accept the whole thing with the

141

00:06:14,510 --> 00:06:12,000

greatest Reserve however he wrote that

142

00:06:16,189 --> 00:06:14,520

he refused to dismiss the reports given

143

00:06:18,650 --> 00:06:16,199

that he had spent many years as a

144

00:06:21,529 --> 00:06:18,660

researcher working and residing or

145

00:06:23,809 --> 00:06:21,539

traveling on five continents seeking out

146

00:06:27,050 --> 00:06:23,819

and what is more listening carefully to

147

00:06:29,450 --> 00:06:27,060

such individuals always adults who had

148

00:06:31,790 --> 00:06:29,460

these Strange Tales to tell he is

149

00:06:33,950 --> 00:06:31,800

referring here to fairy lore and fairies

150

00:06:36,350 --> 00:06:33,960

remain a possible explanation for some

151

00:06:38,870 --> 00:06:36,360

humanoid reports to researchers such as

152

00:06:49,500 --> 00:06:38,880

Josh who has studied fairy lore
