COVER-UP? LIVE

Tonight 8pm

1
00:00:02,760 --> 00:00:11,020
foreign

2
00:00:38,270 --> 00:00:16,310
[Music]

3
00:00:41,389 --> 00:00:38,280
behind the scenes of UFO cover-up live

4
00:00:43,010 --> 00:00:41,399
by Charles Lear if one was to pick a

5
00:00:46,729 --> 00:00:43,020
point when you followed you went off the

6
00:00:49,130 --> 00:00:46,739
rails October 14 1988 is one to consider

7
00:00:52,729 --> 00:00:49,140
that was the date that a television show

8
00:00:54,410 --> 00:00:52,739
UFO cover-up live aired on 130

9
00:00:57,290 --> 00:00:54,420
syndicated channels throughout the

10
00:00:58,970 --> 00:00:57,300
United States it was a flop but an

11
00:01:00,950 --> 00:00:58,980
examination of the people who were

12
00:01:03,349 --> 00:01:00,960
involved in the production provides

13
00:01:05,870 --> 00:01:03,359

insight into how it came to be that a

14

00:01:08,090 --> 00:01:05,880

few dubious individuals left us with

15

00:01:10,670 --> 00:01:08,100

what had been convincingly argued are

16

00:01:12,770 --> 00:01:10,680

bogus stories and documents that support

17

00:01:15,170 --> 00:01:12,780

the idea that the government has

18

00:01:18,050 --> 00:01:15,180

recovered crash alien spaceships and

19

00:01:20,330 --> 00:01:18,060

bodies a lasting belief is that this

20

00:01:22,090 --> 00:01:20,340

came about as the result of an organized

21

00:01:25,130 --> 00:01:22,100

government disinformation program

22

00:01:27,530 --> 00:01:25,140

targeting the UFO Community a question

23

00:01:30,350 --> 00:01:27,540

this writer is examining is whether or

24

00:01:32,330 --> 00:01:30,360

not this too is bogus this is a

25

00:01:34,370 --> 00:01:32,340

complicated story that starts with

26

00:01:37,130 --> 00:01:34,380

self-proclaimed disinformation agent

27

00:01:39,590 --> 00:01:37,140

Richard Dodie dody's Air Force service

28

00:01:41,929 --> 00:01:39,600

records show that he worked his way up

29

00:01:45,170 --> 00:01:41,939

from being a gate guard at wide spotten

30

00:01:47,090 --> 00:01:45,180

Air Base in Germany in 1973 to being a

31

00:01:49,429 --> 00:01:47,100

detective with the Air Force office of

32

00:01:51,710 --> 00:01:49,439

special investigations at Kirtland Air

33

00:01:55,850 --> 00:01:51,720

Force Base in Albuquerque New Mexico in

34

00:01:57,950 --> 00:01:55,860

1979 during his time with afosi he

35

00:01:59,569 --> 00:01:57,960

became involved with William Moore who

36

00:02:01,749 --> 00:01:59,579

had just come into prominence with the

37

00:02:03,710 --> 00:02:01,759

1980 book the Roswell incident

38

00:02:06,770 --> 00:02:03,720

co-authored with Charles Berlitz

39

00:02:08,990 --> 00:02:06,780

according to both Dodie and Moore Dodie

40

00:02:10,910 --> 00:02:09,000

made an arrangement with more to provide

41

00:02:14,150 --> 00:02:10,920

him with information that the government

42

00:02:16,430 --> 00:02:14,160

had on UFOs and extraterrestrials in

43

00:02:19,430 --> 00:02:16,440

exchange for Moore's cooperation in

44

00:02:21,589 --> 00:02:19,440

monitoring private UFO investigators and

45

00:02:23,330 --> 00:02:21,599

disseminating information this

46

00:02:25,369 --> 00:02:23,340

Arrangement is reported to have been

47

00:02:27,650 --> 00:02:25,379

partly responsible for the mental

48

00:02:30,530 --> 00:02:27,660

collapse of investigator Paul benowitz

49

00:02:33,410 --> 00:02:30,540

Greg Bishop a friend of Morse wrote a

50

00:02:35,630 --> 00:02:33,420

2005 Book Project beta which presents

51
00:02:38,210 --> 00:02:35,640
what he could put together of this story

52
00:02:40,910 --> 00:02:38,220
according to Bishop benowitz had his own

53
00:02:43,250 --> 00:02:40,920
company Thunder scientific and worked on

54
00:02:45,650 --> 00:02:43,260
Military contracts he believed he had

55
00:02:47,930 --> 00:02:45,660
seen and filmed UFOs over the Manzano

56
00:02:50,150 --> 00:02:47,940
weapons storage facility which he could

57
00:02:52,009 --> 00:02:50,160
see from his second story deck he was

58
00:02:54,350 --> 00:02:52,019
skilled in electronics and set up an

59
00:02:56,690 --> 00:02:54,360
array of signal detection devices and

60
00:02:59,089 --> 00:02:56,700
became convinced he was receiving alien

61
00:03:01,610 --> 00:02:59,099
Transmissions he approached officials at

62
00:03:03,589 --> 00:03:01,620
Kirtland which has offices housing a

63
00:03:07,369 --> 00:03:03,599

wide variety of intelligence agencies

64

00:03:09,650 --> 00:03:07,379

including the CIA and NSA and he made a

65

00:03:11,630 --> 00:03:09,660

presentation of his findings naturally

66

00:03:13,130 --> 00:03:11,640

they became concerned given that

67

00:03:16,130 --> 00:03:13,140

benowitz had signaled detection

68

00:03:18,350 --> 00:03:16,140

equipment aimed at a secure facility and

69

00:03:21,589 --> 00:03:18,360

was most likely recording classified

70

00:03:23,509 --> 00:03:21,599

Transmissions according to Dodie he was

71

00:03:25,430 --> 00:03:23,519

tasked with diverting benowitz's

72

00:03:27,229 --> 00:03:25,440

attention away from Kirtland and he

73

00:03:29,509 --> 00:03:27,239

convinced benowitz that there was

74

00:03:31,550 --> 00:03:29,519

something too benowitz's belief that

75

00:03:34,430 --> 00:03:31,560

there was an underground alien base in

76

00:03:36,530 --> 00:03:34,440

Dulce New Mexico and went so far as the

77

00:03:38,750 --> 00:03:36,540

plant props in the area that would

78

00:03:41,210 --> 00:03:38,760

support this and then fly them over the

79

00:03:43,910 --> 00:03:41,220

area pointing them out in addition to

80

00:03:46,430 --> 00:03:43,920

this Moore and Dodie visited benowitz at

81

00:03:48,589 --> 00:03:46,440

his home to review his findings Bishop

82

00:03:50,149 --> 00:03:48,599

in his book described the interactions

83

00:03:53,030 --> 00:03:50,159

of Dodie and more with benowitz

84

00:03:55,009 --> 00:03:53,040

according to Bishop benowitz built his

85

00:03:57,350 --> 00:03:55,019

own computers and wrote his own software

86

00:03:59,270 --> 00:03:57,360

for them to fit his needs he was

87

00:04:01,369 --> 00:03:59,280

interested in decoding what he believed

88

00:04:03,770 --> 00:04:01,379

were alien messages and he wrote a

89

00:04:06,229 --> 00:04:03,780

program he believed could do that Bishop

90

00:04:08,330 --> 00:04:06,239

tells the reader he later wrote that he

91

00:04:11,750 --> 00:04:08,340

had established direct contact with the

92

00:04:14,210 --> 00:04:11,760

alien using a computer and a form of hex

93

00:04:16,670 --> 00:04:14,220

decimal code with graphics and printout

94

00:04:19,310 --> 00:04:16,680

there is another story the sole source

95

00:04:21,530 --> 00:04:19,320

of which Bishop writes was more that J

96

00:04:24,890 --> 00:04:21,540

Allen heineck confessed the more during

97

00:04:27,050 --> 00:04:24,900

a 1982 Mutual UFO Network convention

98

00:04:29,330 --> 00:04:27,060

that he had given benowitz a computer

99

00:04:31,550 --> 00:04:29,340

with the same sort of program at the

100

00:04:33,830 --> 00:04:31,560

behest of the Air Force a look into

101
00:04:35,270 --> 00:04:33,840
heineck's life and efforts should shed

102
00:04:37,550 --> 00:04:35,280
light on The credibility quality of

103
00:04:39,830 --> 00:04:37,560
Moore's claim and also on the

104
00:04:42,050 --> 00:04:39,840
credibility of more other books have

105
00:04:44,150 --> 00:04:42,060
been written covering this story and one

106
00:04:47,030 --> 00:04:44,160
of them miragemen written by Mark

107
00:04:48,950 --> 00:04:47,040
Pilkington and published in 2010 was

108
00:04:52,670 --> 00:04:48,960
made into a documentary with the same

109
00:04:55,249 --> 00:04:52,680
title and released in 2013. in these

110
00:04:56,870 --> 00:04:55,259
works as in Bishops the story is told

111
00:04:58,909 --> 00:04:56,880
that Moore and Dodie encouraged

112
00:05:00,650 --> 00:04:58,919
benwitz's belief while discussing his

113
00:05:03,350 --> 00:05:00,660

findings with him and he eventually

114

00:05:05,030 --> 00:05:03,360

became extremely paranoid benowitz

115

00:05:07,430 --> 00:05:05,040

believed there was an alien invasion

116

00:05:10,370 --> 00:05:07,440

underway and wrote a report he called

117

00:05:12,830 --> 00:05:10,380

project beta Bishop published the report

118

00:05:15,230 --> 00:05:12,840

as an appendix in his book and states

119

00:05:17,749 --> 00:05:15,240

that it was previously only available on

120

00:05:20,810 --> 00:05:17,759

the internet in the form of incomplete

121

00:05:23,810 --> 00:05:20,820

or severely edited copies according to

122

00:05:26,450 --> 00:05:23,820

him benowitz sent copies to senators

123

00:05:29,570 --> 00:05:26,460

dominici and Schmidt President Reagan

124

00:05:31,370 --> 00:05:29,580

apro and other researchers among the

125

00:05:34,310 --> 00:05:31,380

things described in the document are

126

00:05:36,950 --> 00:05:34,320

these alien Communications an alien

127

00:05:38,749 --> 00:05:36,960

based and Dulce plans for an alien

128

00:05:41,270 --> 00:05:38,759

takeover using mind control through

129

00:05:43,610 --> 00:05:41,280

implants cattle mutilations by the

130

00:05:46,370 --> 00:05:43,620

aliens for the purposes of feeding

131

00:05:49,010 --> 00:05:46,380

humanoids and alien human gene splicing

132

00:05:50,990 --> 00:05:49,020

and how the alien can be fought using a

133

00:05:53,570 --> 00:05:51,000

beam weapon that had been funded and

134

00:05:55,969 --> 00:05:53,580

constructed by my company according to

135

00:05:58,670 --> 00:05:55,979

Bishop Gary Massey a friend of benowitz

136

00:06:01,070 --> 00:05:58,680

described this benowitz had finally

137

00:06:03,290 --> 00:06:01,080

barricaded himself in the house and had

138

00:06:06,670 --> 00:06:03,300

piled sandbags all around the windows

139

00:06:09,110 --> 00:06:06,680

Bishop tells the reader that in 1988

140

00:06:11,270 --> 00:06:09,120

benowitz's family took him to Anna

141

00:06:13,249 --> 00:06:11,280

kaseman mental health facility and

142

00:06:16,490 --> 00:06:13,259

checked him in for nervous exhaustion

143

00:06:18,890 --> 00:06:16,500

the two main sources for this story are

144

00:06:21,650 --> 00:06:18,900

Moore and Dodie Moore told his version

145

00:06:24,050 --> 00:06:21,660

to Bishop and Dodie told his version to

146

00:06:26,809 --> 00:06:24,060

both bishop and Pilkington Moore and

147

00:06:29,029 --> 00:06:26,819

Dodie also became involved in the mj-12

148

00:06:31,129 --> 00:06:29,039

story which involved a suspected group

149

00:06:33,230 --> 00:06:31,139

of government insiders who knew the

150

00:06:35,450 --> 00:06:33,240

truth about crashed and recovered UFOs

151

00:06:37,550 --> 00:06:35,460

and alien bodies and who prepared

152

00:06:40,309 --> 00:06:37,560

briefings for every U.S president from

153

00:06:42,350 --> 00:06:40,319

Truman to Reagan the story also came out

154

00:06:44,930 --> 00:06:42,360

that Dodie was part of another group of

155

00:06:47,150 --> 00:06:44,940

insiders who used the names of birds as

156

00:06:50,090 --> 00:06:47,160

code names and that group became known

157

00:06:52,490 --> 00:06:50,100

as the Aviary this group supposedly

158

00:06:54,770 --> 00:06:52,500

included some who promoted public

159

00:06:57,590 --> 00:06:54,780

disclosure of what it was that the

160

00:06:58,969 --> 00:06:57,600

government knew about UFOs if true there

161

00:07:01,490 --> 00:06:58,979

seems to have been a struggle between

162

00:07:04,490 --> 00:07:01,500

efforts at disclosure and efforts to

163

00:07:07,010 --> 00:07:04,500

disinform if one takes this tale at face

164

00:07:09,529 --> 00:07:07,020

value it's complicated and convoluted

165

00:07:11,809 --> 00:07:09,539

one way to approach it is to apply the

166

00:07:14,510 --> 00:07:11,819

principle of parsimony also known as

167

00:07:15,890 --> 00:07:14,520

Occam's razor which is the idea that

168

00:07:18,230 --> 00:07:15,900

when there are competing stories

169

00:07:20,510 --> 00:07:18,240

regarding a particular question the

170

00:07:22,610 --> 00:07:20,520

simplest one is to be preferred the

171

00:07:24,950 --> 00:07:22,620

simplest explanation for the actions of

172

00:07:27,290 --> 00:07:24,960

Dodie and more and how they led to the

173

00:07:30,589 --> 00:07:27,300

Fantastic stories promoted by them and

174

00:07:33,290 --> 00:07:30,599

others on UFO cover-up live seems to be

175

00:07:35,809 --> 00:07:33,300

that Dodie Was a Serial liar who puffed

176

00:07:38,150 --> 00:07:35,819

himself up as a covert CIA trained

177

00:07:40,550 --> 00:07:38,160

disinformation agent in the eyes of the

178

00:07:42,890 --> 00:07:40,560

UFO community and that Moore was driven

179

00:07:55,220 --> 00:07:42,900

by a combination of belief and avarice
