

**DAVID MARLER**

**#532**

1  
00:00:02,580 --> 00:00:11,350  
foreign

2  
00:00:34,490 --> 00:00:26,990  
[Music]

3  
00:00:43,070 --> 00:00:36,120  
foreign

4  
00:01:04,310 --> 00:00:59,320  
[Music]

5  
00:01:08,330 --> 00:01:06,170  
hello and welcome to the show I'm Martin

6  
00:01:09,830 --> 00:01:08,340  
Willis your host and you know in a

7  
00:01:11,270 --> 00:01:09,840  
couple days were coming up on my

8  
00:01:14,210 --> 00:01:11,280  
favorite

9  
00:01:16,429 --> 00:01:14,220  
um holiday in America Thanksgiving I

10  
00:01:19,550 --> 00:01:16,439  
just love it I think it's like an upbeat

11  
00:01:21,410 --> 00:01:19,560  
time and we reflect on things we're

12  
00:01:25,130 --> 00:01:21,420  
grateful for at least I do a lot of

13  
00:01:26,810 --> 00:01:25,140

people do and uh I'm really grateful to

14

00:01:30,109 --> 00:01:26,820

be here first of all as a lot of you

15

00:01:32,690 --> 00:01:30,119

know that I uh I was out and with some

16

00:01:34,910 --> 00:01:32,700

pretty serious surgery and it's kind of

17

00:01:37,910 --> 00:01:34,920

changed my life in a way that I just I'm

18

00:01:39,350 --> 00:01:37,920

just grateful for every day and so this

19

00:01:41,990 --> 00:01:39,360

Thanksgiving is going to be extra

20

00:01:44,149 --> 00:01:42,000

special for me and I hope it is for a

21

00:01:46,850 --> 00:01:44,159

lot of you out there as well I'm real

22

00:01:50,090 --> 00:01:46,860

excited about today's show I've got

23

00:01:52,850 --> 00:01:50,100

David Marl is always a favorite here and

24

00:01:55,550 --> 00:01:52,860

Barry Greenwood which uh he's been

25

00:01:58,789 --> 00:01:55,560

researching UFOs for a long long time

26

00:02:02,149 --> 00:01:58,799

and we're going to be talking about a

27

00:02:04,190 --> 00:02:02,159

real exciting new launch David we'll be

28

00:02:07,490 --> 00:02:04,200

talking about that and Barry as we get

29

00:02:10,430 --> 00:02:07,500

into this today the blog for this week

30

00:02:13,309 --> 00:02:10,440

is Robert Gribble in the National UFO

31

00:02:15,470 --> 00:02:13,319

Reporting Center he's the founder of it

32

00:02:18,170 --> 00:02:15,480

he was kind of a controversial guide

33

00:02:20,270 --> 00:02:18,180

back way back when when it comes to

34

00:02:22,369 --> 00:02:20,280

nightcap and things like that it's a

35

00:02:25,850 --> 00:02:22,379

very interesting blog and also Wendy

36

00:02:29,809 --> 00:02:25,860

Connor uh she was involved in that too

37

00:02:32,570 --> 00:02:29,819

and if you have never heard the archives

38

00:02:34,430 --> 00:02:32,580

that Wendy Connor put together there's I

39

00:02:37,910 --> 00:02:34,440

think there's something like 252

40

00:02:40,010 --> 00:02:37,920

recordings vintage recordings of UFO

41

00:02:42,770 --> 00:02:40,020

Witnesses and that's all linked right in

42

00:02:46,309 --> 00:02:42,780

that blog so check that out in our show

43

00:02:49,430 --> 00:02:46,319

notes and I think that's about it I want

44

00:02:51,949 --> 00:02:49,440

to thank everyone for watching these

45

00:02:54,890 --> 00:02:51,959

shows and supporting the show anyone can

46

00:02:58,190 --> 00:02:54,900

do that over at [podcast.ufo.com](http://podcast.ufo.com) I

47

00:03:00,890 --> 00:02:58,200

appreciate everyone and I am thankful

48

00:03:03,290 --> 00:03:00,900

for you all and it's time to bring in my

49

00:03:05,150 --> 00:03:03,300

two guests here's Dave marlar and Barry

50

00:03:07,970 --> 00:03:05,160

Greenwood welcome

51  
00:03:10,790 --> 00:03:07,980  
yeah nice to be here Martin great to see

52  
00:03:12,830 --> 00:03:10,800  
you healthy and back back in the saddle

53  
00:03:15,589 --> 00:03:12,840  
again so just want to say it's great to

54  
00:03:18,350 --> 00:03:15,599  
see you yes and Dave we were so looking

55  
00:03:20,330 --> 00:03:18,360  
forward to hanging out together and you

56  
00:03:22,490 --> 00:03:20,340  
know then I had to have that silly

57  
00:03:25,809 --> 00:03:22,500  
operation Martin you're like a bad date

58  
00:03:30,710 --> 00:03:28,430  
shag Harbor and then Phoenix Arizona

59  
00:03:32,270 --> 00:03:30,720  
yeah I know we were saying oh great

60  
00:03:35,330 --> 00:03:32,280  
we're going to be hanging out we're all

61  
00:03:37,369 --> 00:03:35,340  
excited well just shows you who's in

62  
00:03:39,649 --> 00:03:37,379  
control not me that's all you definitely

63  
00:03:41,449 --> 00:03:39,659

had a valid excuse but in all sincerity

64

00:03:44,390 --> 00:03:41,459

it's great to see you back yeah well

65

00:03:47,690 --> 00:03:44,400

thank you very much so I'm excited this

66

00:03:51,050 --> 00:03:47,700

is kind of an exclusive uh uh talk about

67

00:03:53,210 --> 00:03:51,060

this situation and uh David I know you

68

00:03:55,250 --> 00:03:53,220

your beautiful archives out there and

69

00:03:57,949 --> 00:03:55,260

Barry you've been at it for such a long

70

00:04:00,350 --> 00:03:57,959

time and uh for those people looking

71

00:04:04,490 --> 00:04:00,360

right now you can see a lot of things

72

00:04:07,430 --> 00:04:04,500

behind uh behind Barry yeah it's all

73

00:04:10,670 --> 00:04:07,440

part of these archives and it's it's

74

00:04:12,289 --> 00:04:10,680

real exciting and so let's let's see

75

00:04:15,110 --> 00:04:12,299

Dave do you want to do you want to talk

76

00:04:17,030 --> 00:04:15,120

about how this all came about absolutely

77

00:04:19,009 --> 00:04:17,040

and I think the best place to start

78

00:04:21,650 --> 00:04:19,019

would be to really pick up where we left

79

00:04:23,810 --> 00:04:21,660

off it was 13 months ago that Barry and

80

00:04:26,629 --> 00:04:23,820

I were on the show with you that's right

81

00:04:29,629 --> 00:04:26,639

and at that time Barry and Jan Aldridge

82

00:04:32,090 --> 00:04:29,639

another colleague of ours uh we're here

83

00:04:34,490 --> 00:04:32,100

doing scanning and uh Barry what was the

84

00:04:37,670 --> 00:04:34,500

final tally about 36 000 pages that you

85

00:04:41,450 --> 00:04:37,680

scanned yeah I mean over two weeks uh

86

00:04:43,790 --> 00:04:41,460

yeah around 36 000 pages and uh you know

87

00:04:46,790 --> 00:04:43,800

it takes some time to sort all that out

88

00:04:49,070 --> 00:04:46,800

but we we had to budget the time mostly

89

00:04:51,590 --> 00:04:49,080

for scanning rather than sorting so you

90

00:04:55,010 --> 00:04:51,600

can always do the Sorting back home

91

00:04:56,210 --> 00:04:55,020

or or socializing well we get in the

92

00:04:57,650 --> 00:04:56,220

same room and none of us look at each

93

00:05:00,050 --> 00:04:57,660

other or talk to each other we're just

94

00:05:02,210 --> 00:05:00,060

busy stapling and organizing and filing

95

00:05:04,670 --> 00:05:02,220

and scanning yeah this time for that

96

00:05:06,890 --> 00:05:04,680

stuff later that's right that's right so

97

00:05:08,390 --> 00:05:06,900

and just uh as a point of clarity what

98

00:05:11,629 --> 00:05:08,400

we were working on are the historic

99

00:05:13,430 --> 00:05:11,639

nightcap and kufo's case files and so

100

00:05:16,129 --> 00:05:13,440

these are files that desperately need to

101  
00:05:17,810 --> 00:05:16,139  
be digitized and you know my hat's off

102  
00:05:19,490 --> 00:05:17,820  
to Barry really he's done the Lion's

103  
00:05:21,530 --> 00:05:19,500  
Share of work spanning about what the

104  
00:05:25,909 --> 00:05:21,540  
last six or seven years Barry I've been

105  
00:05:30,350 --> 00:05:25,919  
doing this uh each year almost uh

106  
00:05:33,290 --> 00:05:30,360  
omitting covid year uh since 2017 yeah

107  
00:05:36,110 --> 00:05:33,300  
so wow just so here's an incredible

108  
00:05:38,270 --> 00:05:36,120  
amount of work yes and and

109  
00:05:40,790 --> 00:05:38,280  
um I want to point out to the to the

110  
00:05:44,930 --> 00:05:40,800  
listener how important this is because

111  
00:05:47,390 --> 00:05:44,940  
this has nothing to do with money this

112  
00:05:49,969 --> 00:05:47,400  
costs money everyone is spending their

113  
00:05:51,710 --> 00:05:49,979

own money everyone is spending hundreds

114

00:05:55,070 --> 00:05:51,720

and hundreds of hours of their own time

115

00:05:58,129 --> 00:05:55,080

just for the passion of preserving these

116

00:06:00,529 --> 00:05:58,139

this great history and so uh you know I

117

00:06:02,629 --> 00:06:00,539

my hat's off to you both

118

00:06:04,730 --> 00:06:02,639

yeah there's been tens of thousands of

119

00:06:06,730 --> 00:06:04,740

dollars invested and I would argue that

120

00:06:09,230 --> 00:06:06,740

the the team that that we've assembled

121

00:06:10,850 --> 00:06:09,240

collectively would probably be exceeding

122

00:06:14,330 --> 00:06:10,860

a hundred thousand dollars in the amount

123

00:06:16,790 --> 00:06:14,340

of uh purchasing travel costs shipping

124

00:06:18,830 --> 00:06:16,800

costs rental of U-Haul trucks to go and

125

00:06:21,770 --> 00:06:18,840

retrieve these collections from aging or

126  
00:06:25,010 --> 00:06:21,780  
dying researchers over the years and you

127  
00:06:27,650 --> 00:06:25,020  
know really uh we decided to create this

128  
00:06:30,290 --> 00:06:27,660  
new organization we've had nycap we've

129  
00:06:33,050 --> 00:06:30,300  
had apro we've had mufon and the center

130  
00:06:35,570 --> 00:06:33,060  
for UFO studies but all of those were

131  
00:06:38,270 --> 00:06:35,580  
really uh founded with the principle of

132  
00:06:39,770 --> 00:06:38,280  
conducting UFO research and certainly

133  
00:06:42,110 --> 00:06:39,780  
that's a component to what we're trying

134  
00:06:44,330 --> 00:06:42,120  
to do Martin but Barry and myself and

135  
00:06:46,490 --> 00:06:44,340  
our colleagues we created this new

136  
00:06:49,129 --> 00:06:46,500  
institution the National UFO historical

137  
00:06:51,469 --> 00:06:49,139  
records center with the express purpose

138  
00:06:53,689 --> 00:06:51,479

of preserving the history and certainly

139

00:06:55,370 --> 00:06:53,699

researchers will will come and access

140

00:06:57,770 --> 00:06:55,380

the material to do their own research

141

00:06:59,629 --> 00:06:57,780

but historical preservation is really

142

00:07:01,090 --> 00:06:59,639

the Cornerstone of what we're trying to

143

00:07:03,830 --> 00:07:01,100

do with this new organize

144

00:07:05,330 --> 00:07:03,840

and it was born out of necessity we just

145

00:07:07,610 --> 00:07:05,340

didn't arbitrarily decide hey let's

146

00:07:09,350 --> 00:07:07,620

create a new organization

147

00:07:12,230 --> 00:07:09,360

um I think is evidenced by what you see

148

00:07:15,050 --> 00:07:12,240

behind Barry his entire home is filled

149

00:07:17,029 --> 00:07:15,060

with historical UFO material and I would

150

00:07:19,670 --> 00:07:17,039

argue it's probably the largest if not

151

00:07:21,969 --> 00:07:19,680

one of the largest in the country uh Jan

152

00:07:25,070 --> 00:07:21,979

Aldridge has much the same situation

153

00:07:28,249 --> 00:07:25,080

another colleague of ours Mr Rod Dyke

154

00:07:30,110 --> 00:07:28,259

from Seattle Washington arguably has one

155

00:07:32,390 --> 00:07:30,120

of the largest private Collections and

156

00:07:34,430 --> 00:07:32,400

uh at the top of the show it's funny

157

00:07:37,550 --> 00:07:34,440

Martin you mentioned Wendy Connors and

158

00:07:39,469 --> 00:07:37,560

Bob Gribble uh Rod Dyke has those

159

00:07:42,350 --> 00:07:39,479

collections as part of his overall

160

00:07:44,689 --> 00:07:42,360

collection and he has sent me behind me

161

00:07:47,150 --> 00:07:44,699

here stacked up you can see cassette

162

00:07:49,490 --> 00:07:47,160

tapes uh I I've actually got some of

163

00:07:51,710 --> 00:07:49,500

Wendy Connor's audio material that she

164

00:07:54,830 --> 00:07:51,720

never got around to digitizing so not

165

00:07:56,870 --> 00:07:54,840

everything is out on the internet and so

166

00:07:59,150 --> 00:07:56,880

uh we have you know Rod Dyke working

167

00:08:01,070 --> 00:07:59,160

with us we have Mr Rob swiatek who's of

168

00:08:03,409 --> 00:08:01,080

course on the international Board of

169

00:08:05,629 --> 00:08:03,419

mufon a dear friend and colleague and

170

00:08:07,909 --> 00:08:05,639

then really rounding off the group I

171

00:08:12,050 --> 00:08:07,919

think rather nicely we have Dr Mark

172

00:08:13,730 --> 00:08:12,060

rodiger and Mark representing kufos I

173

00:08:16,790 --> 00:08:13,740

became a kufos board member as their

174

00:08:18,890 --> 00:08:16,800

official archivist and having Mark in

175

00:08:20,930 --> 00:08:18,900

our fold I think is appropriate and also

176  
00:08:23,330 --> 00:08:20,940  
having Rob who is on the board of move

177  
00:08:25,309 --> 00:08:23,340  
on it really underscores the

178  
00:08:27,050 --> 00:08:25,319  
collaborative effort that you know we

179  
00:08:29,330 --> 00:08:27,060  
want to work together with these

180  
00:08:31,129 --> 00:08:29,340  
organizations and other archives that

181  
00:08:33,170 --> 00:08:31,139  
are out there not just freestanding and

182  
00:08:34,670 --> 00:08:33,180  
independent archives but Barry and I

183  
00:08:36,949 --> 00:08:34,680  
were chatting earlier this morning about

184  
00:08:38,930 --> 00:08:36,959  
Rice University and the University of

185  
00:08:41,269 --> 00:08:38,940  
Wyoming the University of Arizona that

186  
00:08:43,670 --> 00:08:41,279  
has Dr James McDonald's Case Files yes

187  
00:08:45,290 --> 00:08:43,680  
we want to create a network of archives

188  
00:08:47,269 --> 00:08:45,300

and certainly that's just here in the

189

00:08:49,310 --> 00:08:47,279

United States we could argue there's

190

00:08:52,970 --> 00:08:49,320

some uh wonderful archives outside the

191

00:08:54,470 --> 00:08:52,980

United States such as AFU in Sweden uh

192

00:08:55,970 --> 00:08:54,480

they've done a tremendous amount of work

193

00:08:58,910 --> 00:08:55,980

and really I think has set the standard

194

00:09:01,850 --> 00:08:58,920

with regard to archiving UFO material is

195

00:09:04,610 --> 00:09:01,860

that uh class fund correct yeah great

196

00:09:06,590 --> 00:09:04,620

guy great guy they've done an incredible

197

00:09:09,050 --> 00:09:06,600

amount of work uh documenting and

198

00:09:11,930 --> 00:09:09,060

chronicling and preserving uh a lot of

199

00:09:15,110 --> 00:09:11,940

European UFO history but also uh United

200

00:09:16,970 --> 00:09:15,120

States material and uh I was on a chat

201  
00:09:18,650 --> 00:09:16,980  
group earlier today and someone from

202  
00:09:21,470 --> 00:09:18,660  
Australia said I wish we had something

203  
00:09:23,870 --> 00:09:21,480  
like this and ideally in a perfect world

204  
00:09:26,990 --> 00:09:23,880  
every country I would argue should have

205  
00:09:29,810 --> 00:09:27,000  
a historical UFO archive uh admittedly

206  
00:09:32,269 --> 00:09:29,820  
it's a global phenomenon but it's also

207  
00:09:33,590 --> 00:09:32,279  
part of each country's history

208  
00:09:36,170 --> 00:09:33,600  
um true when you think of the term

209  
00:09:38,449 --> 00:09:36,180  
Flying Saucer where was that coin 75

210  
00:09:40,850 --> 00:09:38,459  
years ago this year it was in Washington

211  
00:09:43,250 --> 00:09:40,860  
state right Kenneth Arnold being

212  
00:09:46,610 --> 00:09:43,260  
misquoted the term Flying Saucer was

213  
00:09:49,670 --> 00:09:46,620

born the term UFO born out of uh the Air

214

00:09:53,090 --> 00:09:49,680

Force Project Blue Book and Captain

215

00:09:54,949 --> 00:09:53,100

Edward J Rupel and so there's a lot of

216

00:09:57,590 --> 00:09:54,959

American History that's part of this

217

00:09:59,930 --> 00:09:57,600

Global phenomenon right and you know

218

00:10:02,090 --> 00:09:59,940

what one thing I'm very happy about is

219

00:10:04,550 --> 00:10:02,100

that you decided to call it the National

220

00:10:08,030 --> 00:10:04,560

UFO historical record Center instead of

221

00:10:11,329 --> 00:10:08,040

national UAP historical record Center

222

00:10:13,009 --> 00:10:11,339

well make call me old-fashioned well no

223

00:10:14,389 --> 00:10:13,019

we've actually had a few people ask

224

00:10:17,509 --> 00:10:14,399

about that they said so you went with

225

00:10:19,310 --> 00:10:17,519

UFO and again in the vein in which this

226

00:10:21,829 --> 00:10:19,320

organization was created it's about

227

00:10:24,650 --> 00:10:21,839

preserving the history and when you look

228

00:10:27,470 --> 00:10:24,660

at the term flying disc or Flying Saucer

229

00:10:29,389 --> 00:10:27,480

those were rather short-lived terms in

230

00:10:31,430 --> 00:10:29,399

the grand scheme of this phenomenon in

231

00:10:34,130 --> 00:10:31,440

the history of the phenomenon the reason

232

00:10:36,230 --> 00:10:34,140

we went with UFO simply is because for

233

00:10:38,509 --> 00:10:36,240

the longest period of time that is the

234

00:10:42,170 --> 00:10:38,519

term that most people used to reference

235

00:10:44,329 --> 00:10:42,180

the subject right right now uh Dave you

236

00:10:46,009 --> 00:10:44,339

know I've teased you a bunch of times by

237

00:10:47,030 --> 00:10:46,019

saying you're going to need a bigger

238

00:10:49,610 --> 00:10:47,040

boat

239

00:10:52,610 --> 00:10:49,620

um you know the Jaws thing is that in

240

00:10:54,530 --> 00:10:52,620

part of what this uh was born absolutely

241

00:10:57,410 --> 00:10:54,540

like I said it was born out of necessity

242

00:10:59,210 --> 00:10:57,420

uh and again it's it's great that we're

243

00:11:02,509 --> 00:10:59,220

having this conversation 13 months later

244

00:11:04,850 --> 00:11:02,519

because literally uh very correct me if

245

00:11:06,829 --> 00:11:04,860

I'm wrong really the Inception of this

246

00:11:09,829 --> 00:11:06,839

idea took hold when you were here with

247

00:11:11,449 --> 00:11:09,839

Jan last October uh well actually I

248

00:11:13,850 --> 00:11:11,459

would push it back a little further and

249

00:11:17,210 --> 00:11:13,860

say it started when you began building

250

00:11:19,250 --> 00:11:17,220

that add-on to your house and putting

251

00:11:21,470 --> 00:11:19,260

these things in there that is the real

252

00:11:23,449 --> 00:11:21,480

beginning right but I think as far as a

253

00:11:25,190 --> 00:11:23,459

new organization I think really it was

254

00:11:27,230 --> 00:11:25,200

born out of that two-week period that

255

00:11:28,610 --> 00:11:27,240

you were here yeah I would say and where

256

00:11:31,150 --> 00:11:28,620

we really started to kind of you know

257

00:11:33,710 --> 00:11:31,160

solidify these ideas or these abstract

258

00:11:35,690 --> 00:11:33,720

visions that we had for what do we do

259

00:11:37,850 --> 00:11:35,700

with all of this material and and to

260

00:11:40,370 --> 00:11:37,860

your point uh Martin

261

00:11:41,569 --> 00:11:40,380

um Barry has run out of room I'm to a

262

00:11:45,650 --> 00:11:41,579

point where I'm very close to running

263

00:11:47,509 --> 00:11:45,660

out of room and we have uh Barry and

264

00:11:50,509 --> 00:11:47,519

Jan's material destined to come out here

265

00:11:52,009 --> 00:11:50,519

in the short term we also have Rod Dyke

266

00:11:53,449 --> 00:11:52,019

who stated if we can get a larger

267

00:11:56,410 --> 00:11:53,459

building he would send his entire

268

00:12:00,350 --> 00:11:56,420

collection Mark rodiger has already uh

269

00:12:01,910 --> 00:12:00,360

donated on loan the kufos file so that

270

00:12:04,670 --> 00:12:01,920

we can get those digitized in The

271

00:12:06,710 --> 00:12:04,680

nightcap files and in addition to that

272

00:12:07,970 --> 00:12:06,720

and quite literally I did a lecture

273

00:12:10,009 --> 00:12:07,980

Series this year I did about eight

274

00:12:11,630 --> 00:12:10,019

lectures including Nova Scotia that we

275

00:12:13,970 --> 00:12:11,640

referenced earlier

276

00:12:16,370 --> 00:12:13,980

um in going to these various venues I've

277

00:12:18,590 --> 00:12:16,380

had people come up to me stating I want

278

00:12:21,050 --> 00:12:18,600

to donate my collection of UFO files I

279

00:12:22,790 --> 00:12:21,060

was in Ohio and two researchers in Ohio

280

00:12:24,470 --> 00:12:22,800

stated can I get your contact

281

00:12:25,430 --> 00:12:24,480

information because I'm putting you in

282

00:12:27,710 --> 00:12:25,440

my will

283

00:12:29,210 --> 00:12:27,720

and so it and this is what we've been

284

00:12:31,850 --> 00:12:29,220

asking for many many years even before

285

00:12:33,949 --> 00:12:31,860

this organization existed Martin we've

286

00:12:37,190 --> 00:12:33,959

asked that people please make succession

287

00:12:38,750 --> 00:12:37,200

plans if you or a family member has a

288

00:12:41,210 --> 00:12:38,760

collection of historical materials

289

00:12:44,030 --> 00:12:41,220

because as Barry can Regale us with some

290

00:12:46,730 --> 00:12:44,040

very sad Tales over the decades many

291

00:12:49,250 --> 00:12:46,740

collections many rare items and

292

00:12:51,769 --> 00:12:49,260

historical uh artifacts have been

293

00:12:53,210 --> 00:12:51,779

discarded because simply because the

294

00:12:54,650 --> 00:12:53,220

individual died and the family wasn't

295

00:12:56,930 --> 00:12:54,660

interested in the subject and they

296

00:12:58,790 --> 00:12:56,940

literally threw it in the trash uh in

297

00:13:02,389 --> 00:12:58,800

the blog this week that Charles Lear

298

00:13:05,110 --> 00:13:02,399

writes about Robert Biddle is it Bittle

299

00:13:10,310 --> 00:13:07,009

sorry about that

300

00:13:12,590 --> 00:13:10,320

um he was frustrated uh with the UFO

301

00:13:14,810 --> 00:13:12,600

field at one point and went to the uh

302

00:13:16,790 --> 00:13:14,820

landfill and put everything in the

303

00:13:18,110 --> 00:13:16,800

landfill these things happen and as a

304

00:13:20,930 --> 00:13:18,120

matter of fact some of the Project Blue

305

00:13:23,210 --> 00:13:20,940

Book files that were found in Ohio were

306

00:13:26,150 --> 00:13:23,220

at a yard sale if I if I remember estate

307

00:13:28,670 --> 00:13:26,160

sale or something yeah Mr Robert Mr Rob

308

00:13:31,129 --> 00:13:28,680

Mercer requires those and I got in touch

309

00:13:32,629 --> 00:13:31,139

with Rob by virtue of the work that I've

310

00:13:35,389 --> 00:13:32,639

been doing but also I was lecturing out

311

00:13:37,490 --> 00:13:35,399

there in Ohio and fast forward a number

312

00:13:40,069 --> 00:13:37,500

of years we now have the Rob uh Rob

313

00:13:42,650 --> 00:13:40,079

Mercer slash Lieutenant Carmen Morano

314

00:13:44,690 --> 00:13:42,660

Project Blue Book material here next to

315

00:13:48,170 --> 00:13:44,700

I might add Dr J Allen heineck's

316

00:13:50,150 --> 00:13:48,180

original Case Files wow exciting uh one

317

00:13:52,850 --> 00:13:50,160

of the things David that comes to mind

318

00:13:56,090 --> 00:13:52,860

is I remember you know you were on this

319

00:13:57,889 --> 00:13:56,100

show a number of times talking about

320

00:14:01,790 --> 00:13:57,899

um when something happens to you that

321

00:14:04,370 --> 00:14:01,800

these archives are to be uh donated to

322

00:14:06,350 --> 00:14:04,380

the University of New Mexico to preserve

323

00:14:08,569 --> 00:14:06,360

them so what's right what how does that

324

00:14:10,610 --> 00:14:08,579

fit into all this I'm excellent question

325

00:14:12,829 --> 00:14:10,620

Martin I'm glad you brought that up uh

326

00:14:15,530 --> 00:14:12,839

to be very clear uh this new

327

00:14:17,990 --> 00:14:15,540

organization that we formed is there

328

00:14:20,150 --> 00:14:18,000

really as a stop Gap measure the

329

00:14:22,129 --> 00:14:20,160

University of New Mexico is extremely

330

00:14:23,990 --> 00:14:22,139

interested in acquiring this material

331

00:14:26,269 --> 00:14:24,000

because much like ourselves they view it

332

00:14:28,850 --> 00:14:26,279

as part of History it's not that UNM

333

00:14:32,030 --> 00:14:28,860

wants to endorse UFOs or they believe in

334

00:14:33,889 --> 00:14:32,040

UFOs uh but as as Barry can attest I

335

00:14:37,370 --> 00:14:33,899

took Barry there last last fall when he

336

00:14:39,230 --> 00:14:37,380

was here uh they view it as history and

337

00:14:41,449 --> 00:14:39,240

as such like any other element of

338

00:14:42,710 --> 00:14:41,459

History it should be preserved and as

339

00:14:45,530 --> 00:14:42,720

I'm sure you and your audience can

340

00:14:48,650 --> 00:14:45,540

appreciate especially here in New Mexico

341

00:14:51,110 --> 00:14:48,660

with Roswell with Aztec New Mexico the

342

00:14:53,930 --> 00:14:51,120

Farmington Flying Saucer Armada the

343

00:14:57,050 --> 00:14:53,940

green Fireball cited over Los Alamos and

344

00:14:58,490 --> 00:14:57,060

uh Sandia National Laboratories Kirtland

345

00:15:00,410 --> 00:14:58,500

Air Force Base

346

00:15:03,290 --> 00:15:00,420

um such a rich history Socorro New

347

00:15:05,569 --> 00:15:03,300

Mexico uh White Sands I mean there's so

348

00:15:07,910 --> 00:15:05,579

much much UFO history tied to this state

349

00:15:10,550 --> 00:15:07,920

and I will tell you from a cultural

350

00:15:12,470 --> 00:15:10,560

standpoint people are very open-minded

351  
00:15:14,569 --> 00:15:12,480  
to the UFO subject here in New Mexico I

352  
00:15:18,470 --> 00:15:14,579  
moved here 10 years ago from the St

353  
00:15:21,769 --> 00:15:18,480  
Louis area and back in St Louis it just

354  
00:15:24,530 --> 00:15:21,779  
wasn't widely uh received as it is here

355  
00:15:26,210 --> 00:15:24,540  
in New Mexico people almost accept it as

356  
00:15:28,370 --> 00:15:26,220  
any other part of History here in New

357  
00:15:29,990 --> 00:15:28,380  
Mexico so it seemed like a fitting home

358  
00:15:32,329 --> 00:15:30,000  
to have that here especially with the

359  
00:15:33,949 --> 00:15:32,339  
university being receptive but the one

360  
00:15:35,750 --> 00:15:33,959  
issue with the university and this is

361  
00:15:37,430 --> 00:15:35,760  
not a knock against UNM it's it's any

362  
00:15:40,250 --> 00:15:37,440  
major university that that's out there

363  
00:15:42,410 --> 00:15:40,260

listening to this they will agree when

364

00:15:44,210 --> 00:15:42,420

they acquire a large collection they

365

00:15:47,269 --> 00:15:44,220

have to wait for the money to be raised

366

00:15:51,110 --> 00:15:47,279

to pay student labor student work to

367

00:15:53,210 --> 00:15:51,120

come in catalog index box and file away

368

00:15:55,370 --> 00:15:53,220

the material before it can ever be

369

00:15:56,930 --> 00:15:55,380

accessible and I've been told depending

370

00:15:58,790 --> 00:15:56,940

on the size of the collection and other

371

00:16:00,949 --> 00:15:58,800

collections coming in at the time we

372

00:16:04,250 --> 00:16:00,959

could be looking at eight to ten years

373

00:16:06,470 --> 00:16:04,260

before a collection that's donated can

374

00:16:08,509 --> 00:16:06,480

be accessed by the general public for

375

00:16:11,150 --> 00:16:08,519

example if I donated everything that's

376

00:16:13,250 --> 00:16:11,160

around me today I may have to wait eight

377

00:16:14,930 --> 00:16:13,260

to ten years to see my own material even

378

00:16:16,129 --> 00:16:14,940

I couldn't access it because it

379

00:16:18,650 --> 00:16:16,139

technically would then become the

380

00:16:20,750 --> 00:16:18,660

property of the University of New Mexico

381

00:16:24,290 --> 00:16:20,760

I don't think we could wait eight to ten

382

00:16:26,329 --> 00:16:24,300

years to have my material berries jams

383

00:16:30,050 --> 00:16:26,339

Rod dikes and all of the other material

384

00:16:31,850 --> 00:16:30,060

accessed uh especially as we are now

385

00:16:33,650 --> 00:16:31,860

starting to see glimmers of Hope with

386

00:16:35,269 --> 00:16:33,660

regard to the United States government's

387

00:16:38,930 --> 00:16:35,279

interest and starting to look at the

388

00:16:41,269 --> 00:16:38,940

history with the uh draft for uh the

389

00:16:44,449 --> 00:16:41,279

National Defense authorization act for

390

00:16:45,949 --> 00:16:44,459

2023. yeah the GAO has expressed

391

00:16:48,350 --> 00:16:45,959

interest and now starting to look at the

392

00:16:50,090 --> 00:16:48,360

history so I think the timing of this

393

00:16:52,970 --> 00:16:50,100

archive the timing of this organization

394

00:16:54,230 --> 00:16:52,980

and our mission could run parallel to

395

00:16:57,410 --> 00:16:54,240

what the government is looking to do

396

00:16:59,269 --> 00:16:57,420

starting in 2023. yes I have to tell you

397

00:17:01,670 --> 00:16:59,279

when I heard you were doing this that's

398

00:17:04,610 --> 00:17:01,680

the first thing I thought of was the

399

00:17:06,770 --> 00:17:04,620

Mandate that I was reading about them

400

00:17:08,929 --> 00:17:06,780

going historically all the way back to

401  
00:17:11,210 --> 00:17:08,939  
the 1940s to look at the material which

402  
00:17:15,470 --> 00:17:11,220  
is wonderful I mean I'm so glad because

403  
00:17:16,970 --> 00:17:15,480  
you know initially it was like 2004 or

404  
00:17:19,490 --> 00:17:16,980  
something like that they were going to

405  
00:17:22,429 --> 00:17:19,500  
go back just so far because of the data

406  
00:17:24,650 --> 00:17:22,439  
well and even beyond that Martin the

407  
00:17:26,390 --> 00:17:24,660  
general dialogue if you look at the news

408  
00:17:28,130 --> 00:17:26,400  
stories that have that have circulated

409  
00:17:30,289 --> 00:17:28,140  
since the New York Times article going

410  
00:17:32,810 --> 00:17:30,299  
back to 2017 when when everything really

411  
00:17:35,390 --> 00:17:32,820  
changed with regard to the subject uh

412  
00:17:38,330 --> 00:17:35,400  
the the scripting if I can use that term

413  
00:17:40,549 --> 00:17:38,340

has been very narrowly crafted where

414

00:17:43,010 --> 00:17:40,559

they're only looking at 2004 moving

415

00:17:44,930 --> 00:17:43,020

forward and of course your audience is

416

00:17:47,150 --> 00:17:44,940

well educated on the subject and they

417

00:17:51,590 --> 00:17:47,160

know this history goes back at least to

418

00:17:54,650 --> 00:17:51,600

1947 if not further and so we felt Duty

419

00:17:57,350 --> 00:17:54,660

bound to try to expand that dialogue to

420

00:17:59,630 --> 00:17:57,360

now incorporate the history in fact

421

00:18:01,730 --> 00:17:59,640

speaking of uh the United States

422

00:18:04,250 --> 00:18:01,740

government one of the individuals now

423

00:18:05,750 --> 00:18:04,260

that we are officially registered in the

424

00:18:07,669 --> 00:18:05,760

state of New Mexico is a non-profit

425

00:18:09,350 --> 00:18:07,679

organization one of the people I look

426

00:18:10,970 --> 00:18:09,360

forward to meeting with after the first

427

00:18:13,370 --> 00:18:10,980

of the year is Senator Martin Heinrich

428

00:18:14,870 --> 00:18:13,380

of New Mexico who is one of the Senators

429

00:18:17,450 --> 00:18:14,880

on the Senate intelligence committee

430

00:18:20,870 --> 00:18:17,460

looking at the UFO or UAP subject

431

00:18:22,789 --> 00:18:20,880

wow hey um I I want to take a couple

432

00:18:26,150 --> 00:18:22,799

side Jacks uh

433

00:18:28,370 --> 00:18:26,160

but before I do that I'd like to ask

434

00:18:31,970 --> 00:18:28,380

um since uh Barry you mentioned earlier

435

00:18:33,470 --> 00:18:31,980

that you know you scan 36 000 Pages or

436

00:18:35,870 --> 00:18:33,480

something like that

437

00:18:38,330 --> 00:18:35,880

um will there be an online presence

438

00:18:41,270 --> 00:18:38,340

where people can access as well I mean

439

00:18:43,789 --> 00:18:41,280

that seems like a major under yeah we

440

00:18:45,490 --> 00:18:43,799

expect there to be many many things put

441

00:18:48,409 --> 00:18:45,500

online

442

00:18:50,150 --> 00:18:48,419

an issue with Case Files for example

443

00:18:53,090 --> 00:18:50,160

which is primarily what I've been

444

00:18:56,210 --> 00:18:53,100

working on is uh concern over the

445

00:18:58,430 --> 00:18:56,220

privacy of the individuals who made the

446

00:18:59,450 --> 00:18:58,440

reporting now many of the records go

447

00:19:02,450 --> 00:18:59,460

back

448

00:19:04,070 --> 00:19:02,460

decades so it's not really an issue but

449

00:19:06,650 --> 00:19:04,080

more recent years we have to be

450

00:19:09,710 --> 00:19:06,660

concerned and and

451  
00:19:11,450 --> 00:19:09,720  
probably take out some of the names and

452  
00:19:13,909 --> 00:19:11,460  
personal information of some of the

453  
00:19:16,130 --> 00:19:13,919  
people involved in those reportings so

454  
00:19:18,950 --> 00:19:16,140  
uh that that could be a lengthy process

455  
00:19:22,610 --> 00:19:18,960  
but I I really don't see any issue with

456  
00:19:24,470 --> 00:19:22,620  
say something prior to the mid 60s or so

457  
00:19:27,650 --> 00:19:24,480  
and there are plenty of those records to

458  
00:19:29,450 --> 00:19:27,660  
put up so you know we'll be busy with

459  
00:19:33,650 --> 00:19:29,460  
those for quite some time just getting

460  
00:19:36,110 --> 00:19:33,660  
them up and ready for people to use and

461  
00:19:38,810 --> 00:19:36,120  
let's not forget the audio files this is

462  
00:19:42,230 --> 00:19:38,820  
just one of many rare audio files which

463  
00:19:45,409 --> 00:19:42,240

I've digitized uh courtesy of Rod Dyke

464

00:19:46,789 --> 00:19:45,419

he had an incredible audio archive these

465

00:19:48,289 --> 00:19:46,799

are tapes from the national

466

00:19:50,810 --> 00:19:48,299

investigation committee on aerial

467

00:19:52,789 --> 00:19:50,820

phenomena nycap these were owned by

468

00:19:55,190 --> 00:19:52,799

Richard Hall after the organization

469

00:19:57,169 --> 00:19:55,200

disbanded and they eventually went to Mr

470

00:20:00,529 --> 00:19:57,179

Rod Dyke and they eventually have come

471

00:20:02,810 --> 00:20:00,539

here and I've digitized over 256 of

472

00:20:06,230 --> 00:20:02,820

these audio recordings uh this one being

473

00:20:10,250 --> 00:20:06,240

one of the oldest going back to 1959 of

474

00:20:11,810 --> 00:20:10,260

that that is excellent so we're at a

475

00:20:13,370 --> 00:20:11,820

place where I want to just take a a

476

00:20:15,049 --> 00:20:13,380

couple of us like I said a couple of

477

00:20:16,850 --> 00:20:15,059

side Jags that are nothing to do with

478

00:20:17,810 --> 00:20:16,860

what we're talking about and I'm going

479

00:20:21,770 --> 00:20:17,820

to start

480

00:20:26,029 --> 00:20:21,780

um with you uh David and that is um

481

00:20:29,029 --> 00:20:26,039

uh it seems to me you you're known or

482

00:20:33,409 --> 00:20:29,039

when I first when we first talked

483

00:20:35,690 --> 00:20:33,419

um you were the triangle UFO guy okay so

484

00:20:37,669 --> 00:20:35,700

uh your book comes out you do a talk

485

00:20:40,010 --> 00:20:37,679

everywhere around the country and up

486

00:20:42,110 --> 00:20:40,020

Elsewhere on the Triangular UFOs

487

00:20:44,570 --> 00:20:42,120

everyone knows you for the triangle UFOs

488

00:20:46,430 --> 00:20:44,580

and so much more but I mean that's where

489

00:20:48,049 --> 00:20:46,440

you made a big Mark

490

00:20:52,370 --> 00:20:48,059

um in that category

491

00:20:54,409 --> 00:20:52,380

and now I know I've sent you a number of

492

00:20:57,650 --> 00:20:54,419

people that have had earlier you know

493

00:20:59,990 --> 00:20:57,660

early UFO triangle UFO sightings right

494

00:21:02,409 --> 00:21:00,000

so my question is have you ever thought

495

00:21:04,909 --> 00:21:02,419

about a volume two

496

00:21:06,529 --> 00:21:04,919

uh putting them right on the spot aren't

497

00:21:08,330 --> 00:21:06,539

I only I didn't have to work for a

498

00:21:10,669 --> 00:21:08,340

living Martin

499

00:21:12,890 --> 00:21:10,679

the rare commodity most people think is

500

00:21:15,230 --> 00:21:12,900

money in my case the rarest commodity is

501  
00:21:17,630 --> 00:21:15,240  
time that's just how you find time to do

502  
00:21:19,250 --> 00:21:17,640  
this and I I should clarify because

503  
00:21:20,750 --> 00:21:19,260  
Barry always brings this up he goes you

504  
00:21:23,690 --> 00:21:20,760  
know people just assume you do this for

505  
00:21:25,669 --> 00:21:23,700  
a living I work full time yeah I also

506  
00:21:27,830 --> 00:21:25,679  
have a family my wife and two daughters

507  
00:21:29,930 --> 00:21:27,840  
who I promised them this morning I would

508  
00:21:32,750 --> 00:21:29,940  
mention them my daughters Samantha

509  
00:21:35,510 --> 00:21:32,760  
Michaela they're they're 12 and 14. they

510  
00:21:37,789 --> 00:21:35,520  
have actually started prepping the nycap

511  
00:21:39,409 --> 00:21:37,799  
kufo Space Case Files for scanning

512  
00:21:41,930 --> 00:21:39,419  
because much of the work that Barry and

513  
00:21:45,409 --> 00:21:41,940

Jan and I did was simply destapling old

514

00:21:48,710 --> 00:21:45,419

case files and re-gluing uh newspaper

515

00:21:51,590 --> 00:21:48,720

clippings on the on white sheet backing

516

00:21:52,789 --> 00:21:51,600

prior to actually scanning it so they've

517

00:21:55,070 --> 00:21:52,799

actually started making a little extra

518

00:21:57,770 --> 00:21:55,080

money working in the UFO archive I mean

519

00:21:59,870 --> 00:21:57,780

what documentation for a kid not going

520

00:22:01,610 --> 00:21:59,880

to be any child child labor issues here

521

00:22:04,330 --> 00:22:01,620

is there I don't think so I don't think

522

00:22:07,310 --> 00:22:04,340

so I pay them quite well actually so

523

00:22:10,430 --> 00:22:07,320

they haven't gone on strike yet not yet

524

00:22:11,990 --> 00:22:10,440

not yet that's good uh so no I so I've

525

00:22:13,730 --> 00:22:12,000

got my daughters now actually involved

526  
00:22:15,890 --> 00:22:13,740  
helping us get some of these files

527  
00:22:18,230 --> 00:22:15,900  
prepped and ready to scan uh to your

528  
00:22:20,029 --> 00:22:18,240  
point because we Barry and I like to say

529  
00:22:22,789 --> 00:22:20,039  
that there's two Central pillars to this

530  
00:22:24,950 --> 00:22:22,799  
new organization one is centralization

531  
00:22:27,529 --> 00:22:24,960  
of the historical UFO data in one

532  
00:22:29,690 --> 00:22:27,539  
location for the express purpose of the

533  
00:22:31,430 --> 00:22:29,700  
second pillar which is the digitization

534  
00:22:34,010 --> 00:22:31,440  
of that material

535  
00:22:36,430 --> 00:22:34,020  
all right so uh you did that very well

536  
00:22:39,289 --> 00:22:36,440  
you kind of went around my question and

537  
00:22:41,450 --> 00:22:39,299  
no uh as part of the book I would love

538  
00:22:43,190 --> 00:22:41,460

to write a second book but I would have

539

00:22:45,950 --> 00:22:43,200

to wait and see if I had some time

540

00:22:49,610 --> 00:22:45,960

afford it to me yes but uh well to

541

00:22:52,430 --> 00:22:49,620

continue on in this uh have you received

542

00:22:55,490 --> 00:22:52,440

I I know you've received a lot of very

543

00:22:57,169 --> 00:22:55,500

interesting triangle UFO uh stories

544

00:23:00,110 --> 00:22:57,179

since since you've written the book you

545

00:23:03,529 --> 00:23:00,120

must have I I I I receive them on almost

546

00:23:06,950 --> 00:23:03,539

a weekly basis and one of the largest uh

547

00:23:09,169 --> 00:23:06,960

uh batches of triangular UFO reports I

548

00:23:12,770 --> 00:23:09,179

received was approximately two years ago

549

00:23:15,590 --> 00:23:12,780

when I did the unidentified uh series

550

00:23:18,110 --> 00:23:15,600

episode with Mr Christopher melon for

551  
00:23:20,570 --> 00:23:18,120  
the History Channel yeah and in the wake

552  
00:23:23,090 --> 00:23:20,580  
of that episode initially airing and

553  
00:23:24,529 --> 00:23:23,100  
then obviously subsequent earrings I

554  
00:23:27,110 --> 00:23:24,539  
received approximately two to three

555  
00:23:29,270 --> 00:23:27,120  
hundred reports from all over the world

556  
00:23:32,870 --> 00:23:29,280  
uh people in Greece in Germany

557  
00:23:36,310 --> 00:23:32,880  
Switzerland uh the UK a and many of

558  
00:23:39,890 --> 00:23:36,320  
these reports uh go back to the 1960s

559  
00:23:42,169 --> 00:23:39,900  
1970s yeah it's not a it's not a modern

560  
00:23:43,850 --> 00:23:42,179  
manifestation of of the phenomenon as

561  
00:23:46,070 --> 00:23:43,860  
many people elude there have been people

562  
00:23:47,330 --> 00:23:46,080  
out there erroneously stating well we

563  
00:23:49,490 --> 00:23:47,340

didn't really get reports of these

564

00:23:52,010 --> 00:23:49,500

things until the 1970s or 80s when

565

00:23:54,590 --> 00:23:52,020

stealth technology was being developed

566

00:23:57,169 --> 00:23:54,600

and in fact my latest lecture series I

567

00:23:58,909 --> 00:23:57,179

just concluded across the country uh

568

00:24:00,649 --> 00:23:58,919

during covid you know we all talk about

569

00:24:01,850 --> 00:24:00,659

what we did during covid well I was on

570

00:24:04,130 --> 00:24:01,860

the other side of the file cabinets

571

00:24:07,250 --> 00:24:04,140

immediately to my right going through

572

00:24:10,669 --> 00:24:07,260

the nycap case files and I believe Barry

573

00:24:12,470 --> 00:24:10,679

uh uh confirmed this I'm the first

574

00:24:14,029 --> 00:24:12,480

researcher to go through those historic

575

00:24:18,710 --> 00:24:14,039

case files and we're talking hundreds if

576

00:24:22,250 --> 00:24:18,720

not thousands uh going from 47 to 1977

577

00:24:25,250 --> 00:24:22,260

and looking expressly for any and all

578

00:24:29,210 --> 00:24:25,260

triangular UFO reports and I found at

579

00:24:30,649 --> 00:24:29,220

least 102 in the historic files wow and

580

00:24:33,049 --> 00:24:30,659

the thing I like to point out Martin

581

00:24:35,510 --> 00:24:33,059

many people can call me today and say

582

00:24:37,610 --> 00:24:35,520

hey I saw you on TV I had a signing of

583

00:24:39,770 --> 00:24:37,620

one of those triangles back in 1965.

584

00:24:43,270 --> 00:24:39,780

it's something altogether different to

585

00:24:47,830 --> 00:24:43,280

find a contemporaneous document from

586

00:24:50,270 --> 00:24:47,840

1965. that's been on file where clearly

587

00:24:51,710 --> 00:24:50,280

there was a report filed at that time

588

00:24:53,990 --> 00:24:51,720

it's not like people are just jumping on

589

00:24:56,750 --> 00:24:54,000

the bandwagon today because this is the

590

00:24:59,210 --> 00:24:56,760

latest stylish UFO to report these are

591

00:25:03,950 --> 00:24:59,220

contemporaneous reports going back some

592

00:25:06,230 --> 00:25:03,960

to the even early 1950s mid 1950s and

593

00:25:08,810 --> 00:25:06,240

what's ironic is as I told my audience

594

00:25:10,850 --> 00:25:08,820

this year and by the way on my website

595

00:25:12,470 --> 00:25:10,860

the lecture in its entirety is out there

596

00:25:13,669 --> 00:25:12,480

so if any of your audience haven't seen

597

00:25:16,010 --> 00:25:13,679

it and they would like to see some of

598

00:25:19,190 --> 00:25:16,020

these historic cases they can go to my

599

00:25:22,130 --> 00:25:19,200

website but it's interesting because not

600

00:25:25,130 --> 00:25:22,140

only do we have the uh distribution of

601  
00:25:26,990 --> 00:25:25,140  
historical cases but the characteristics

602  
00:25:29,450 --> 00:25:27,000  
that are exemplified in those reports

603  
00:25:31,250 --> 00:25:29,460  
match the characteristic profile that I

604  
00:25:34,310 --> 00:25:31,260  
created back in 2013 when my book was

605  
00:25:36,950 --> 00:25:34,320  
published how about that wow all right

606  
00:25:38,870 --> 00:25:36,960  
so um we are going to what we're going

607  
00:25:40,669 --> 00:25:38,880  
to do here is uh I'm going to ask Barry

608  
00:25:42,649 --> 00:25:40,679  
another question that has nothing to do

609  
00:25:44,210 --> 00:25:42,659  
with what we're talking about then I'm

610  
00:25:46,370 --> 00:25:44,220  
going to jump over and look in the chat

611  
00:25:48,649 --> 00:25:46,380  
so if someone is asking a questions

612  
00:25:50,810 --> 00:25:48,659  
along the lines of the National UFO

613  
00:25:53,450 --> 00:25:50,820

historical records Center or anything

614

00:25:56,269 --> 00:25:53,460

related to records and you put your

615

00:25:58,310 --> 00:25:56,279

question in caps out and it makes sense

616

00:26:00,710 --> 00:25:58,320

I will ask

617

00:26:03,230 --> 00:26:00,720

um those questions but for right now I'm

618

00:26:05,570 --> 00:26:03,240

going to ask Barry this question Barry I

619

00:26:09,710 --> 00:26:05,580

understand that you are the first person

620

00:26:13,610 --> 00:26:09,720

to write about the mj12 documents and my

621

00:26:16,610 --> 00:26:13,620

uh my question to you is uh uh well I

622

00:26:18,950 --> 00:26:16,620

should probably keep my uh opinions to

623

00:26:21,710 --> 00:26:18,960

myself of what I have thought about

624

00:26:24,350 --> 00:26:21,720

those over the years but uh I'm gonna

625

00:26:25,570 --> 00:26:24,360

ask you what's your opinion of those

626

00:26:28,669 --> 00:26:25,580

documents

627

00:26:31,190 --> 00:26:28,679

I think they're all faked okay that's

628

00:26:35,330 --> 00:26:31,200

mine too put it in a nutshell

629

00:26:38,269 --> 00:26:35,340

uh yeah I'm I I'm credited with having

630

00:26:41,149 --> 00:26:38,279

written about it publicly first but uh

631

00:26:42,710 --> 00:26:41,159

it was a you know the peculiar way of

632

00:26:45,830 --> 00:26:42,720

getting there uh like we had heard

633

00:26:49,789 --> 00:26:45,840

rumors in the early 80s about uh the

634

00:26:52,430 --> 00:26:49,799

mj-12 and project Aquarius uh I I think

635

00:26:54,350 --> 00:26:52,440

the folks who were generating all that

636

00:26:57,710 --> 00:26:54,360

buzz were the ones involved with it

637

00:26:59,470 --> 00:26:57,720

later publicly but uh nevertheless the

638

00:27:03,470 --> 00:26:59,480

information was

639

00:27:06,710 --> 00:27:03,480

uh leaking out so to say from uh

640

00:27:08,750 --> 00:27:06,720

different Anonymous places and we had

641

00:27:10,130 --> 00:27:08,760

noted the names and all but we couldn't

642

00:27:11,450 --> 00:27:10,140

do much with it there was very little

643

00:27:15,890 --> 00:27:11,460

information

644

00:27:17,269 --> 00:27:15,900

uh in 1985 I heard from a fellow named

645

00:27:20,330 --> 00:27:17,279

Lee Graham

646

00:27:21,710 --> 00:27:20,340

who uh I I had heard of him before but I

647

00:27:24,289 --> 00:27:21,720

didn't know much about him and all and

648

00:27:28,610 --> 00:27:24,299

he uh he was very interested in filing

649

00:27:32,390 --> 00:27:28,620

foia requests on UFOs and uh at the time

650

00:27:35,810 --> 00:27:32,400

stealth aircraft uh and and he worked in

651  
00:27:37,990 --> 00:27:35,820  
the aviation industry too so uh he sent

652  
00:27:41,510 --> 00:27:38,000  
me a package one day

653  
00:27:44,450 --> 00:27:41,520  
and uh it was a more full-blown

654  
00:27:48,529 --> 00:27:44,460  
explanation of mj-12 than I had seen

655  
00:27:51,590 --> 00:27:48,539  
previously published uh with the names

656  
00:27:54,649 --> 00:27:51,600  
and high highly placed government

657  
00:27:57,649 --> 00:27:54,659  
military and governmental people and all

658  
00:27:59,690 --> 00:27:57,659  
uh it really wasn't clear where all that

659  
00:28:03,049 --> 00:27:59,700  
came from uh he was passing information

660  
00:28:04,090 --> 00:28:03,059  
along uh from as I later found out Bill

661  
00:28:08,210 --> 00:28:04,100  
Moore

662  
00:28:09,649 --> 00:28:08,220  
but uh nevertheless he he gave me enough

663  
00:28:13,490 --> 00:28:09,659

information about it and it was

664

00:28:16,250 --> 00:28:13,500

obviously intended to be made public uh

665

00:28:19,070 --> 00:28:16,260

because he was essentially sending all

666

00:28:22,250 --> 00:28:19,080

of that to the editor of a newsletter

667

00:28:24,649 --> 00:28:22,260

so I I put together an article and and

668

00:28:27,590 --> 00:28:24,659

included all that detail and it was

669

00:28:29,289 --> 00:28:27,600

published in uh my newsletter at the

670

00:28:34,310 --> 00:28:29,299

time just cause

671

00:28:36,950 --> 00:28:34,320

and uh I I was careful not to imply that

672

00:28:38,990 --> 00:28:36,960

I was endorsing any of this as genuine I

673

00:28:43,190 --> 00:28:39,000

was simply relating information that was

674

00:28:46,010 --> 00:28:43,200

given to me and uh even with that we

675

00:28:48,950 --> 00:28:46,020

still didn't really have enough to go on

676

00:28:53,210 --> 00:28:48,960

with uh with filing foia requests and

677

00:28:56,330 --> 00:28:53,220

all and uh we had to wait uh probably a

678

00:28:58,669 --> 00:28:56,340

couple of years after that until uh some

679

00:29:03,049 --> 00:28:58,679

more substance came out on the story and

680

00:29:06,409 --> 00:29:03,059

the form of documents which um uh more

681

00:29:10,010 --> 00:29:06,419

and uh Timothy good had planned to

682

00:29:12,049 --> 00:29:10,020

release publicly uh simultaneously uh in

683

00:29:16,250 --> 00:29:12,059

the spring of 1987.

684

00:29:19,850 --> 00:29:16,260

and when those came out I I took a look

685

00:29:23,149 --> 00:29:19,860

at them and I thought no this this can't

686

00:29:25,490 --> 00:29:23,159

be I I was convinced totally within

687

00:29:28,789 --> 00:29:25,500

about 10 minutes of examining them that

688

00:29:30,529 --> 00:29:28,799

there was nothing to it so I had to go

689

00:29:32,269 --> 00:29:30,539

through the motions of filing

690

00:29:34,490 --> 00:29:32,279

information requests with different

691

00:29:37,250 --> 00:29:34,500

libraries and archives and all to see if

692

00:29:39,909 --> 00:29:37,260

I could possibly track something down on

693

00:29:43,370 --> 00:29:39,919

the origins of it but

694

00:29:46,070 --> 00:29:43,380

that never surfaced uh with the

695

00:29:47,990 --> 00:29:46,080

exception of one document which was at

696

00:29:50,029 --> 00:29:48,000

the National Archives and it was found

697

00:29:51,710 --> 00:29:50,039

in a very peculiar manner which made

698

00:29:54,529 --> 00:29:51,720

that even suspicious

699

00:29:57,830 --> 00:29:54,539

uh but that they had released it and the

700

00:30:00,470 --> 00:29:57,840

other documents were made public and I I

701  
00:30:03,590 --> 00:30:00,480  
wrote a report on it in the fall of uh

702  
00:30:05,510 --> 00:30:03,600  
87 and absolutely trashed the whole

703  
00:30:06,889 --> 00:30:05,520  
thing I I just couldn't see how that

704  
00:30:10,430 --> 00:30:06,899  
could be real

705  
00:30:12,769 --> 00:30:10,440  
yeah there's uh I I was I was kind of

706  
00:30:15,230 --> 00:30:12,779  
one I had a number of conversations with

707  
00:30:17,990 --> 00:30:15,240  
Stan Friedman who actually thought there

708  
00:30:20,330 --> 00:30:18,000  
was something to them and uh you know I

709  
00:30:23,570 --> 00:30:20,340  
really had a lot of respect for him

710  
00:30:25,970 --> 00:30:23,580  
um but I I just couldn't buy

711  
00:30:28,070 --> 00:30:25,980  
um that they were they were real for

712  
00:30:30,110 --> 00:30:28,080  
many reasons that I do a lot of research

713  
00:30:33,409 --> 00:30:30,120

on documents myself for what I do for a

714

00:30:34,909 --> 00:30:33,419

living so uh you know there was a lot of

715

00:30:36,710 --> 00:30:34,919

Telltale things that just didn't seem

716

00:30:40,130 --> 00:30:36,720

right about them uh yeah you know the

717

00:30:42,889 --> 00:30:40,140

thing with uh Stan it seemed like the

718

00:30:46,490 --> 00:30:42,899

The Narrative of the story being created

719

00:30:50,510 --> 00:30:46,500

up to that time uh was in the direction

720

00:30:52,850 --> 00:30:50,520

of uh the the information in the Roswell

721

00:30:54,889 --> 00:30:52,860

incident the book that bill Moore did

722

00:30:57,769 --> 00:30:54,899

with Charles Berlitz

723

00:31:00,950 --> 00:30:57,779

and that's the story that uh that Stan

724

00:31:02,630 --> 00:31:00,960

was locked into uh and it just seemed

725

00:31:05,029 --> 00:31:02,640

too convenient that all the detail

726

00:31:06,950 --> 00:31:05,039

avored his version of the story there

727

00:31:09,169 --> 00:31:06,960

were other versions going around

728

00:31:12,710 --> 00:31:09,179

from other quarters but but this the

729

00:31:16,669 --> 00:31:12,720

mj-12 information seemed peculiar to

730

00:31:19,130 --> 00:31:16,679

Stan and obviously he was going to

731

00:31:21,190 --> 00:31:19,140

endorse it because it it agreed with his

732

00:31:25,250 --> 00:31:21,200

position and he stuck with that position

733

00:31:28,070 --> 00:31:25,260

uh for many many years afterwards uh he

734

00:31:30,889 --> 00:31:28,080

never relented on it being real but it

735

00:31:34,010 --> 00:31:30,899

just it was way too convenient uh to

736

00:31:35,990 --> 00:31:34,020

favor his part of that story and I I

737

00:31:39,049 --> 00:31:36,000

think it was constructed just for that

738

00:31:41,690 --> 00:31:39,059

effect to have Stan pulled in on it and

739

00:31:45,310 --> 00:31:41,700

and therefore endorse what they were

740

00:31:49,970 --> 00:31:47,930

uh Barry uh something I think most

741

00:31:51,710 --> 00:31:49,980

people don't know also is that prior to

742

00:31:54,710 --> 00:31:51,720

the quote-unquote mj-12 document

743

00:31:57,049 --> 00:31:54,720

surfacing there was a novel that was

744

00:31:58,430 --> 00:31:57,059

being written and I don't elaborate on

745

00:32:01,190 --> 00:31:58,440

that barrier you have such granular

746

00:32:03,830 --> 00:32:01,200

knowledge on that yeah uh we had heard

747

00:32:07,850 --> 00:32:03,840

rumors at the time that that the Surya

748

00:32:11,149 --> 00:32:07,860

was based on uh a fictional account and

749

00:32:15,289 --> 00:32:11,159

uh a colleague of mine Robert Todd had

750

00:32:20,029 --> 00:32:15,299

uh managed to track down Bob Pratt who

751  
00:32:22,430 --> 00:32:20,039  
was uh he had previously been known as a

752  
00:32:24,470 --> 00:32:22,440  
reporter for the National Enquirer he he

753  
00:32:29,389 --> 00:32:24,480  
wrote some of the more sane stories for

754  
00:32:32,570 --> 00:32:29,399  
The Inquirer uh but uh apparently what

755  
00:32:35,810 --> 00:32:32,580  
what happened was that Moore and Richard

756  
00:32:37,850 --> 00:32:35,820  
Dodie who's a rather notorious figure in

757  
00:32:41,289 --> 00:32:37,860  
the subject he had been involved in some

758  
00:32:45,409 --> 00:32:41,299  
fakery even prior to mj-12

759  
00:32:48,169 --> 00:32:45,419  
they they had teamed up to create a

760  
00:32:50,090 --> 00:32:48,179  
story with Dodie as the hero

761  
00:32:52,730 --> 00:32:50,100  
a fictional account of government

762  
00:32:55,130 --> 00:32:52,740  
Intrigue and UFOs and crash saucers and

763  
00:32:57,590 --> 00:32:55,140

all and it was called the Aquarius

764

00:33:01,370 --> 00:32:57,600

project I think that was a final version

765

00:33:03,169 --> 00:33:01,380

of it and they had Bob Pratt uh write it

766

00:33:06,950 --> 00:33:03,179

up because Pratt was an experienced

767

00:33:08,950 --> 00:33:06,960

reporter and writer so a a novel was

768

00:33:13,490 --> 00:33:08,960

created

769

00:33:16,370 --> 00:33:13,500

but at some point after that uh more and

770

00:33:18,409 --> 00:33:16,380

Dodie decided to go with the story as

771

00:33:21,889 --> 00:33:18,419

genuine instead of fictional

772

00:33:24,649 --> 00:33:21,899

at that point they had lost Pratt and

773

00:33:27,409 --> 00:33:24,659

his support he frat didn't want to do

774

00:33:30,590 --> 00:33:27,419

this as a genuine account knowing that

775

00:33:33,289 --> 00:33:30,600

it was a fiction prior to that so uh

776

00:33:36,409 --> 00:33:33,299

Pratt told Todd

777

00:33:38,269 --> 00:33:36,419

that yeah he uh he had produced a novel

778

00:33:40,370 --> 00:33:38,279

on this but he couldn't circulate it

779

00:33:42,769 --> 00:33:40,380

because essentially it was a copyrighted

780

00:33:45,889 --> 00:33:42,779

work and he had to have the approval of

781

00:33:48,789 --> 00:33:45,899

the other two authors to uh make copies

782

00:33:52,070 --> 00:33:48,799

available so for many many years

783

00:33:54,169 --> 00:33:52,080

we'd only heard about it and and Pratt's

784

00:33:57,110 --> 00:33:54,179

testimony was convincing because he was

785

00:34:00,350 --> 00:33:57,120

one of the authors that there was a real

786

00:34:01,789 --> 00:34:00,360

deep problem with this story in addition

787

00:34:06,289 --> 00:34:01,799

to all the other issues with the

788

00:34:09,409 --> 00:34:06,299

documents and so forth uh but uh

789

00:34:11,389 --> 00:34:09,419

the the document I understand it's out

790

00:34:15,290 --> 00:34:11,399

there on the net somewhere

791

00:34:16,270 --> 00:34:15,300

um and I I've seen it and it indeed is a

792

00:34:24,950 --> 00:34:16,280

uh

793

00:34:28,909 --> 00:34:24,960

whole Affair and I think that was the

794

00:34:31,730 --> 00:34:28,919

intent to uh present mj-12 as real so

795

00:34:35,149 --> 00:34:31,740

that these guys could somehow cash in on

796

00:34:39,409 --> 00:34:35,159

it yeah that that makes makes a lot of

797

00:34:40,669 --> 00:34:39,419

sense up I I was at an Auctioneer uh a

798

00:34:43,430 --> 00:34:40,679

friend of mine's an Auctioneer in

799

00:34:46,609 --> 00:34:43,440

Massachusetts and he had an estate and

800

00:34:49,430 --> 00:34:46,619

it was either a retired CIA retired FBI

801  
00:34:51,829 --> 00:34:49,440  
can't remember but uh had come back from

802  
00:34:53,750 --> 00:34:51,839  
Japan he was over there in Japan for

803  
00:34:56,329 --> 00:34:53,760  
some reason I can't remember and the

804  
00:34:58,430 --> 00:34:56,339  
Foot Locker was there his military it

805  
00:35:00,890 --> 00:34:58,440  
was like an old military Foot Locker but

806  
00:35:05,390 --> 00:35:00,900  
it had a mix of papers in it documents

807  
00:35:10,430 --> 00:35:05,400  
from uh from the 50s all the way into

808  
00:35:14,270 --> 00:35:10,440  
um say the 1990s and he pulls out the

809  
00:35:17,390 --> 00:35:14,280  
mj-12 documents from there and I

810  
00:35:18,650 --> 00:35:17,400  
remember contacting Stan I said stand I

811  
00:35:21,770 --> 00:35:18,660  
don't know what these are doing in an

812  
00:35:23,630 --> 00:35:21,780  
FBI you know Foot Locker but

813  
00:35:24,890 --> 00:35:23,640

um but anyway uh you know after I

814

00:35:27,470 --> 00:35:24,900

thought about it for a while and looked

815

00:35:29,210 --> 00:35:27,480

into that really a lot more anyone can

816

00:35:32,210 --> 00:35:29,220

have an interest in something like that

817

00:35:34,250 --> 00:35:32,220

it doesn't matter if they are ex did you

818

00:35:37,310 --> 00:35:34,260

say they were they were from an FBI

819

00:35:40,370 --> 00:35:37,320

fellow yes uh yeah I can I think I can

820

00:35:42,589 --> 00:35:40,380

explain that it the documents were in

821

00:35:45,829 --> 00:35:42,599

all likelihood sent to the FBI for

822

00:35:47,810 --> 00:35:45,839

comment and the FBI uh it issued

823

00:35:49,790 --> 00:35:47,820

statements saying that they were all a

824

00:35:52,010 --> 00:35:49,800

hoax and they had actually taken magic

825

00:35:54,290 --> 00:35:52,020

marker and written across the documents

826

00:35:57,950 --> 00:35:54,300

uh that they weren't real

827

00:36:00,109 --> 00:35:57,960

and would release those under foia and

828

00:36:01,310 --> 00:36:00,119

Martin you touched on this earlier uh

829

00:36:02,710 --> 00:36:01,320

and I know we've had private

830

00:36:05,390 --> 00:36:02,720

conversations on this over the years

831

00:36:07,609 --> 00:36:05,400

Beyond mj-12 let's remove ourselves from

832

00:36:10,490 --> 00:36:07,619

the mj-12 uh discussion for a moment

833

00:36:12,349 --> 00:36:10,500

this really gets back to a sound

834

00:36:15,109 --> 00:36:12,359

methodology when you're doing historical

835

00:36:17,270 --> 00:36:15,119

research if you can't establish the

836

00:36:19,630 --> 00:36:17,280

provenance of a document you can't hang

837

00:36:22,550 --> 00:36:19,640

your hat on it and say it's gospel truth

838

00:36:24,349 --> 00:36:22,560

and you know I really take issue with

839

00:36:27,170 --> 00:36:24,359

some of the more non-credible

840

00:36:30,349 --> 00:36:27,180

researchers out there in the field that

841

00:36:31,849 --> 00:36:30,359

disseminate these documents support the

842

00:36:34,069 --> 00:36:31,859

fact that they believe that these are

843

00:36:37,130 --> 00:36:34,079

real and then use that as a springboard

844

00:36:40,250 --> 00:36:37,140

to go into these long diatribes involved

845

00:36:43,190 --> 00:36:40,260

in conspiracy theories and cover-ups and

846

00:36:44,930 --> 00:36:43,200

I I believe that you know our argument

847

00:36:47,630 --> 00:36:44,940

for the reality of this subject

848

00:36:50,030 --> 00:36:47,640

especially now that NASA and the AIA and

849

00:36:52,550 --> 00:36:50,040

others are getting involved we have to

850

00:36:55,130 --> 00:36:52,560

have the strongest links in the chain

851

00:36:57,950 --> 00:36:55,140

for our argument we cannot react on

852

00:36:59,870 --> 00:36:57,960

these documents that you know by all

853

00:37:02,270 --> 00:36:59,880

accounts I always say they're not even

854

00:37:03,890 --> 00:37:02,280

MJ 12 documents they're mj12 photos we

855

00:37:06,230 --> 00:37:03,900

can't even analyze right paper The

856

00:37:07,550 --> 00:37:06,240

Watermark the ink yes um and that's

857

00:37:08,750 --> 00:37:07,560

really kind of underscores what we're

858

00:37:11,210 --> 00:37:08,760

trying to do with the the new

859

00:37:13,130 --> 00:37:11,220

organization we want to preserve the

860

00:37:15,050 --> 00:37:13,140

original documents we want to have those

861

00:37:18,650 --> 00:37:15,060

original Source materials so if anybody

862

00:37:22,190 --> 00:37:18,660

ever questions uh the reality or the

863

00:37:24,349 --> 00:37:22,200

validity of documents say 10 15 years

864

00:37:25,970 --> 00:37:24,359

from now they can always have recourse

865

00:37:28,430 --> 00:37:25,980

to go back to the originals in fact we

866

00:37:29,810 --> 00:37:28,440

just received a message uh in the last

867

00:37:32,510 --> 00:37:29,820

week since our press release went out

868

00:37:34,670 --> 00:37:32,520

and someone asked how do you preserve

869

00:37:36,050 --> 00:37:34,680

the Integrity of documents once they're

870

00:37:38,270 --> 00:37:36,060

scanned how do you know that they're not

871

00:37:40,430 --> 00:37:38,280

digital digitally manipulated in some

872

00:37:42,710 --> 00:37:40,440

way once they're out there on the

873

00:37:44,450 --> 00:37:42,720

internet quite simply we keep the

874

00:37:46,550 --> 00:37:44,460

originals we retain the original hard

875

00:37:49,130 --> 00:37:46,560

copy documents Dr Jalen heineck's

876

00:37:51,530 --> 00:37:49,140

original Case Files uh these are in some

877

00:37:54,670 --> 00:37:51,540

cases original documents not photo stats

878

00:37:57,890 --> 00:37:54,680

signed by the actual base Commanders

879

00:38:00,230 --> 00:37:57,900

excellent excellent um and you know

880

00:38:02,270 --> 00:38:00,240

getting to what you're you know to the

881

00:38:04,730 --> 00:38:02,280

point of what you're you're saying uh

882

00:38:07,609 --> 00:38:04,740

Dave and that is that you know there's

883

00:38:10,069 --> 00:38:07,619

so many good things out there why muddy

884

00:38:13,130 --> 00:38:10,079

the waters and there's uh there's many

885

00:38:14,750 --> 00:38:13,140

cases and you know I I get into that a

886

00:38:17,210 --> 00:38:14,760

little bit on the show every once in a

887

00:38:19,849 --> 00:38:17,220

while and I I catch heck for it when I

888

00:38:21,410 --> 00:38:19,859

bring up Bob Lazar and people like that

889

00:38:22,790 --> 00:38:21,420

um the emails come flying and I'll

890

00:38:26,150 --> 00:38:22,800

probably get some for just for saying

891

00:38:27,770 --> 00:38:26,160

that well it's interesting because I

892

00:38:30,410 --> 00:38:27,780

think I addressed this at the UFO

893

00:38:32,810 --> 00:38:30,420

Congress where I lectured recently

894

00:38:35,210 --> 00:38:32,820

when we have people especially on social

895

00:38:38,810 --> 00:38:35,220

media quite often the argument is coming

896

00:38:41,089 --> 00:38:38,820

from here not here they're it's an

897

00:38:43,130 --> 00:38:41,099

emotionally Laden conversation or

898

00:38:45,710 --> 00:38:43,140

emotionally Laden attack on an

899

00:38:48,170 --> 00:38:45,720

individual if you dare question any one

900

00:38:49,730 --> 00:38:48,180

document or individual in this field and

901  
00:38:52,730 --> 00:38:49,740  
I think we need to divorce ourselves

902  
00:38:54,470 --> 00:38:52,740  
from emotion and use our intellect and

903  
00:38:56,450 --> 00:38:54,480  
try to be objective in looking at the

904  
00:38:57,710 --> 00:38:56,460  
subject because I'm here to tell you if

905  
00:38:59,630 --> 00:38:57,720  
you're shouting and you're red in the

906  
00:39:02,690 --> 00:38:59,640  
face and you're screaming and cussing at

907  
00:39:03,950 --> 00:39:02,700  
people uh you know the government's not

908  
00:39:06,829 --> 00:39:03,960  
going to be interested in looking at the

909  
00:39:08,690 --> 00:39:06,839  
subject versus you present yourself in a

910  
00:39:11,329 --> 00:39:08,700  
professional manner you provide

911  
00:39:13,490 --> 00:39:11,339  
information and informational content

912  
00:39:15,470 --> 00:39:13,500  
whereby you can have dialogue and

913  
00:39:17,690 --> 00:39:15,480

discussion uh I just don't think it

914

00:39:20,329 --> 00:39:17,700

serves any any purpose to develop a

915

00:39:22,010 --> 00:39:20,339

belief system and it's almost like you

916

00:39:24,170 --> 00:39:22,020

know challenging a Christian that that

917

00:39:26,089 --> 00:39:24,180

Jesus was a man he wasn't the Messiah I

918

00:39:29,510 --> 00:39:26,099

mean it almost borders on that type of

919

00:39:31,430 --> 00:39:29,520

ideology and the fervor that people have

920

00:39:34,430 --> 00:39:31,440

with their beliefs on in this subject

921

00:39:36,349 --> 00:39:34,440

and I I just think we need to apply more

922

00:39:39,050 --> 00:39:36,359

common sense as opposed to emotion when

923

00:39:40,609 --> 00:39:39,060

we start looking at this subject and

924

00:39:43,250 --> 00:39:40,619

that's again something that we're trying

925

00:39:45,109 --> 00:39:43,260

to do is simply focus on the data and

926

00:39:46,910 --> 00:39:45,119

really uh I think you could take any of

927

00:39:49,370 --> 00:39:46,920

these controversial subjects Martin you

928

00:39:53,089 --> 00:39:49,380

mentioned Bob Lazar we mentioned mj-12

929

00:39:54,470 --> 00:39:53,099

let's completely imagine that mj-12 was

930

00:39:56,510 --> 00:39:54,480

never even in the discussion let's

931

00:39:59,089 --> 00:39:56,520

imagine Bob Lazar never came forward

932

00:40:02,150 --> 00:39:59,099

with his claims we still have a robust

933

00:40:04,790 --> 00:40:02,160

UFO subject to study it's exactly

934

00:40:08,150 --> 00:40:04,800

predicated on these things being real or

935

00:40:10,250 --> 00:40:08,160

not real so again people tend to have

936

00:40:12,829 --> 00:40:10,260

tunnel vision where well you have to

937

00:40:14,210 --> 00:40:12,839

believe Bob Lazar because it speaks to

938

00:40:16,790 --> 00:40:14,220

everything that we're dealing with not

939

00:40:18,890 --> 00:40:16,800

really uh UFOs are allowed around long

940

00:40:21,589 --> 00:40:18,900

before Bob Lazar UFOs were around long

941

00:40:26,270 --> 00:40:21,599

before mj-12 so I think people sometimes

942

00:40:28,250 --> 00:40:26,280

get lost in these beliefs I I agree I

943

00:40:30,829 --> 00:40:28,260

agree I'm going to pop up a couple of

944

00:40:34,250 --> 00:40:30,839

questions here uh what

945

00:40:36,710 --> 00:40:34,260

is the oldest UFO document document that

946

00:40:39,109 --> 00:40:36,720

you have how far back does do you go in

947

00:40:40,970 --> 00:40:39,119

that well I'll speak for myself and I'll

948

00:40:42,349 --> 00:40:40,980

let Barry speak because as of right now

949

00:40:44,030 --> 00:40:42,359

you know these collections are

950

00:40:46,849 --> 00:40:44,040

decentralized we don't have them all

951

00:40:48,829 --> 00:40:46,859

under one roof yet but that's the goal

952

00:40:50,030 --> 00:40:48,839

um as far as documents I don't know if

953

00:40:52,310 --> 00:40:50,040

we're talking government or just

954

00:40:55,790 --> 00:40:52,320

documents in general uh but I have some

955

00:40:58,750 --> 00:40:55,800

original 1897 original front page

956

00:41:01,970 --> 00:40:58,760

headlines uh

957

00:41:04,490 --> 00:41:01,980

just describing the airships of 1897.

958

00:41:06,170 --> 00:41:04,500

yeah how about that uh Barry had a

959

00:41:08,690 --> 00:41:06,180

chance to see those last October when he

960

00:41:10,550 --> 00:41:08,700

was here and uh that's some of that's

961

00:41:12,950 --> 00:41:10,560

probably one of the oldest items that I

962

00:41:14,390 --> 00:41:12,960

have that that Chronicle the subject and

963

00:41:17,630 --> 00:41:14,400

Barry what about you do you have

964

00:41:20,270 --> 00:41:17,640

anything earlier yeah you know if it's a

965

00:41:22,130 --> 00:41:20,280

reference to government uh the oldest

966

00:41:24,230 --> 00:41:22,140

evidence of government involvement in

967

00:41:28,370 --> 00:41:24,240

the United States that I've seen goes

968

00:41:32,030 --> 00:41:28,380

back to the war of 1812. where uh oddly

969

00:41:36,650 --> 00:41:32,040

enough uh there were incidents uh around

970

00:41:38,450 --> 00:41:36,660

uh uh the New London Harbor where an

971

00:41:41,150 --> 00:41:38,460

American Fleet was bottled up by the

972

00:41:43,970 --> 00:41:41,160

British and a number of times they tried

973

00:41:46,190 --> 00:41:43,980

to make runs out to sea to uh get

974

00:41:49,190 --> 00:41:46,200

themselves freed from the blockade and

975

00:41:51,410 --> 00:41:49,200

and people had reported seeing strange

976  
00:41:54,170 --> 00:41:51,420  
blue lights hovering over the Bluffs on

977  
00:41:58,010 --> 00:41:54,180  
either side of the the river uh entrance

978  
00:41:59,870 --> 00:41:58,020  
to the uh to the ocean so uh this went

979  
00:42:03,230 --> 00:41:59,880  
on a number of times when the fleet

980  
00:42:05,089 --> 00:42:03,240  
tried to make a run and it angered the

981  
00:42:07,790 --> 00:42:05,099  
commander at the time Stephen Decatur

982  
00:42:09,770 --> 00:42:07,800  
and and he was totally convinced that

983  
00:42:11,990 --> 00:42:09,780  
the citizens of New London were all

984  
00:42:14,390 --> 00:42:12,000  
Traders and they're trying to rat them

985  
00:42:17,569 --> 00:42:14,400  
out to the bridge British but he had

986  
00:42:20,089 --> 00:42:17,579  
reported these incidents to Congress and

987  
00:42:21,650 --> 00:42:20,099  
Congress actually launched an official

988  
00:42:24,349 --> 00:42:21,660

investigation

989

00:42:26,870 --> 00:42:24,359

into these lights and concluded that

990

00:42:29,450 --> 00:42:26,880

they didn't know what they were

991

00:42:31,270 --> 00:42:29,460

they were unknown first UFOs the first

992

00:42:33,710 --> 00:42:31,280

UFOs yeah

993

00:42:35,750 --> 00:42:33,720

people don't know that but that's uh

994

00:42:37,970 --> 00:42:35,760

that's a fact that is really interesting

995

00:42:39,530 --> 00:42:37,980

because there you know the theory of

996

00:42:41,450 --> 00:42:39,540

time travel like they're coming back

997

00:42:43,730 --> 00:42:41,460

like the Foo Fighters and you know

998

00:42:46,430 --> 00:42:43,740

during the conflicts uh to historical

999

00:42:49,250 --> 00:42:46,440

Times Like War of 1812 will be another

1000

00:42:51,589 --> 00:42:49,260

example and I'm not saying that I'm I'm

1001  
00:42:53,690 --> 00:42:51,599  
thinking that's it I I don't know what

1002  
00:42:56,030 --> 00:42:53,700  
to think about that it's just an

1003  
00:42:58,730 --> 00:42:56,040  
interesting uh coincidence possibly

1004  
00:43:01,609 --> 00:42:58,740  
here's a document that I had found

1005  
00:43:04,609 --> 00:43:01,619  
someone had sent me online this is 1796

1006  
00:43:07,730 --> 00:43:04,619  
an English document that is really cool

1007  
00:43:11,710 --> 00:43:07,740  
talks about these flying ships are

1008  
00:43:15,530 --> 00:43:11,720  
flying ship with lights over again 1796

1009  
00:43:17,210 --> 00:43:15,540  
and I'll try to remember if I can uh put

1010  
00:43:20,569 --> 00:43:17,220  
that up in the show notes but it's a

1011  
00:43:22,370 --> 00:43:20,579  
really it's a great document yeah and I

1012  
00:43:25,309 --> 00:43:22,380  
love you know anything historical myself

1013  
00:43:27,650 --> 00:43:25,319

so all this stuff is is fascinating to

1014

00:43:31,370 --> 00:43:27,660

me let me see if I can get any other uh

1015

00:43:34,190 --> 00:43:31,380

chat questions someone want to know

1016

00:43:37,250 --> 00:43:34,200

about uh the first I mean you you have

1017

00:43:39,410 --> 00:43:37,260

Project Blue Book files you have J Allen

1018

00:43:41,990 --> 00:43:39,420

heinix but you also have you talked

1019

00:43:43,910 --> 00:43:42,000

about Mercer Bob Mercer's correct

1020

00:43:46,250 --> 00:43:43,920

correct and I also have some of Dewey

1021

00:43:48,470 --> 00:43:46,260

fornay's material uh I don't often

1022

00:43:50,630 --> 00:43:48,480

mention that and for those that may not

1023

00:43:53,089 --> 00:43:50,640

uh know that name or not familiar with

1024

00:43:55,190 --> 00:43:53,099

that name Dewey fournet was the Pentagon

1025

00:43:57,230 --> 00:43:55,200

liaison officer for Project Blue Book in

1026

00:43:59,450 --> 00:43:57,240

the very early years in fact he was

1027

00:44:02,990 --> 00:43:59,460

Captain Edward J repeal's direct report

1028

00:44:05,630 --> 00:44:03,000

uh in the chain of command and uh I have

1029

00:44:08,030 --> 00:44:05,640

Dewey's uh military attache case that he

1030

00:44:11,750 --> 00:44:08,040

took through the Robertson panel in

1031

00:44:14,030 --> 00:44:11,760

Italy 1953. we have letters attesting to

1032

00:44:17,270 --> 00:44:14,040

that fact and it has his name in Boston

1033

00:44:20,809 --> 00:44:17,280

gold on the military attache case we

1034

00:44:22,490 --> 00:44:20,819

also have some of uh Colonel Coleman who

1035

00:44:24,710 --> 00:44:22,500

was the public information officer for

1036

00:44:26,329 --> 00:44:24,720

Project Blue Book in the 50s we have a

1037

00:44:28,790 --> 00:44:26,339

couple of Colonel Coleman's hats that

1038

00:44:30,890 --> 00:44:28,800

came from his estate when he was uh with

1039

00:44:33,109 --> 00:44:30,900

Project Blue Book and again as you

1040

00:44:35,930 --> 00:44:33,119

mentioned the Lieutenant Carmen Murano

1041

00:44:37,849 --> 00:44:35,940

material which has original UFO Project

1042

00:44:40,250 --> 00:44:37,859

Blue Book case files and original

1043

00:44:42,829 --> 00:44:40,260

photographs James Fox I mentioned this

1044

00:44:44,630 --> 00:44:42,839

at the UFO Congress James Fox went to

1045

00:44:47,270 --> 00:44:44,640

the National Archives to try to find

1046

00:44:51,530 --> 00:44:47,280

very clear pictures of the Socorro

1047

00:44:53,630 --> 00:44:51,540

Landing Trace location and he was rather

1048

00:44:55,849 --> 00:44:53,640

disappointed the the digital images they

1049

00:44:57,470 --> 00:44:55,859

had were very grainy and I said well you

1050

00:44:59,809 --> 00:44:57,480

know why that happened James he's like

1051  
00:45:01,609 --> 00:44:59,819  
no I said well when Blue Book shut down

1052  
00:45:04,010 --> 00:45:01,619  
the files were sent to Maxwell Air Force

1053  
00:45:05,390 --> 00:45:04,020  
Base where they were microfilmed and

1054  
00:45:07,970 --> 00:45:05,400  
then what you're looking at is a

1055  
00:45:10,010 --> 00:45:07,980  
digitized image off of the microfilmed

1056  
00:45:12,650 --> 00:45:10,020  
image and so you lose a lot of

1057  
00:45:14,930 --> 00:45:12,660  
resolution but in the lieutenant Carmen

1058  
00:45:17,210 --> 00:45:14,940  
Murano collection we have an entire set

1059  
00:45:18,790 --> 00:45:17,220  
of original black and white glossies

1060  
00:45:21,170 --> 00:45:18,800  
they're just off camera here to my left

1061  
00:45:23,630 --> 00:45:21,180  
and they look like they were developed

1062  
00:45:25,670 --> 00:45:23,640  
yesterday and James was ecstatic when he

1063  
00:45:27,109 --> 00:45:25,680

came here and he in fact used some of

1064

00:45:29,210 --> 00:45:27,119

those images for his documentary The

1065

00:45:32,210 --> 00:45:29,220

phenomenon oh right yeah when they did

1066

00:45:34,190 --> 00:45:32,220

the segment on Socorro uh here's a

1067

00:45:36,829 --> 00:45:34,200

another one here in general terms what

1068

00:45:38,450 --> 00:45:36,839

would you constitute progress in ufology

1069

00:45:40,849 --> 00:45:38,460

oh my God that's probably one of the

1070

00:45:43,010 --> 00:45:40,859

best questions I've ever been asked that

1071

00:45:45,890 --> 00:45:43,020

is a really good question what what

1072

00:45:47,750 --> 00:45:45,900

would constitute progress

1073

00:45:51,109 --> 00:45:47,760

wow Barry do you want to kick that one

1074

00:45:52,390 --> 00:45:51,119

off or oh a few words solving the

1075

00:45:54,890 --> 00:45:52,400

puzzles

1076

00:45:57,170 --> 00:45:54,900

you can find out whatever he last

1077

00:45:59,930 --> 00:45:57,180

unknown incident was then that would be

1078

00:46:02,390 --> 00:45:59,940

real progress yeah but we need we need

1079

00:46:04,250 --> 00:46:02,400

information we need we need details on

1080

00:46:07,010 --> 00:46:04,260

those stories and some of them are just

1081

00:46:10,309 --> 00:46:07,020

probably a lost cause for filling in all

1082

00:46:13,250 --> 00:46:10,319

of those blank spaces so I I think there

1083

00:46:15,829 --> 00:46:13,260

will be forever an unknown phenomenon

1084

00:46:17,990 --> 00:46:15,839

attached to this subject right I would

1085

00:46:19,309 --> 00:46:18,000

argue progress from our standpoint just

1086

00:46:21,950 --> 00:46:19,319

speaking for Barry and myself as

1087

00:46:24,710 --> 00:46:21,960

historians and historical researchers is

1088

00:46:26,990 --> 00:46:24,720

as I mentioned centralizing the data to

1089

00:46:28,730 --> 00:46:27,000

bring it all together because there may

1090

00:46:30,890 --> 00:46:28,740

be files in various collection and we've

1091

00:46:33,470 --> 00:46:30,900

talked about this a lot Barry and I on

1092

00:46:35,390 --> 00:46:33,480

the phone he may have an element in a

1093

00:46:37,490 --> 00:46:35,400

case File that ties into research that

1094

00:46:38,809 --> 00:46:37,500

I'm doing and we just don't know that

1095

00:46:41,089 --> 00:46:38,819

there's a correlation because we haven't

1096

00:46:42,950 --> 00:46:41,099

brought this material together and then

1097

00:46:46,030 --> 00:46:42,960

add to that Rod Dykes collection you

1098

00:46:49,069 --> 00:46:46,040

know Rob Swire text collection and other

1099

00:46:50,510 --> 00:46:49,079

if we can bring all this together it's

1100

00:46:52,309 --> 00:46:50,520

almost like you're finally bringing all

1101  
00:46:53,870 --> 00:46:52,319  
the pieces of the puzzle together and we

1102  
00:46:56,450 --> 00:46:53,880  
can paint a picture of what we're

1103  
00:46:58,309 --> 00:46:56,460  
dealing with but more importantly again

1104  
00:47:00,650 --> 00:46:58,319  
is not just simply bringing the data

1105  
00:47:03,710 --> 00:47:00,660  
together so we can hoard it making it

1106  
00:47:06,770 --> 00:47:03,720  
available to the worldwide UFO and

1107  
00:47:08,569 --> 00:47:06,780  
scientific Community I mentioned I did a

1108  
00:47:11,150 --> 00:47:08,579  
podcast about two weeks ago and I

1109  
00:47:13,250 --> 00:47:11,160  
mentioned that in the last several years

1110  
00:47:16,010 --> 00:47:13,260  
here in New Mexico Martin as I've been

1111  
00:47:17,990 --> 00:47:16,020  
doing UFO lectures whether at libraries

1112  
00:47:20,690 --> 00:47:18,000  
or University at the University of New

1113  
00:47:22,250 --> 00:47:20,700

Mexico inevitably I would have one or

1114

00:47:23,750 --> 00:47:22,260

two people come up that were in the

1115

00:47:25,550 --> 00:47:23,760

audience and they come up to me

1116

00:47:26,630 --> 00:47:25,560

afterwards and say I just want to let

1117

00:47:27,950 --> 00:47:26,640

you know I'm very interested in the

1118

00:47:30,410 --> 00:47:27,960

research you're doing and the UFO

1119

00:47:32,630 --> 00:47:30,420

subject by the way I work at Los Alamos

1120

00:47:35,089 --> 00:47:32,640

National Laboratories and I've had other

1121

00:47:38,750 --> 00:47:35,099

people tell me they work at Sandia as if

1122

00:47:40,550 --> 00:47:38,760

to to verify that statement two days

1123

00:47:41,690 --> 00:47:40,560

after I did the podcast I received an

1124

00:47:43,130 --> 00:47:41,700

email from a gentleman here in

1125

00:47:44,210 --> 00:47:43,140

Albuquerque and he said David I just

1126

00:47:46,670 --> 00:47:44,220

want to let you know I heard your

1127

00:47:48,950 --> 00:47:46,680

podcast I'm one of those in individuals

1128

00:47:51,470 --> 00:47:48,960

I work at Sandia although I plan to

1129

00:47:52,670 --> 00:47:51,480

retire next year please keep me apprised

1130

00:47:54,170 --> 00:47:52,680

of the work you're doing with the new

1131

00:47:55,250 --> 00:47:54,180

organization because I would love to

1132

00:47:56,750 --> 00:47:55,260

assist you

1133

00:48:00,170 --> 00:47:56,760

oh my goodness

1134

00:48:02,150 --> 00:48:00,180

isn't that something else huh uh

1135

00:48:04,970 --> 00:48:02,160

here's Andy has this question how will

1136

00:48:06,829 --> 00:48:04,980

the UFO records be searchable and you

1137

00:48:09,650 --> 00:48:06,839

know maybe I'll elaborate a little more

1138

00:48:11,930 --> 00:48:09,660

on that are these going to be in some

1139

00:48:15,050 --> 00:48:11,940

type of order or would that be keyword

1140

00:48:17,450 --> 00:48:15,060

searches when once this these digital

1141

00:48:19,550 --> 00:48:17,460

files get up there right we haven't

1142

00:48:20,690 --> 00:48:19,560

fully solidified although Barry and I

1143

00:48:22,550 --> 00:48:20,700

have talked about this a little bit

1144

00:48:25,069 --> 00:48:22,560

already we haven't solidified the

1145

00:48:27,730 --> 00:48:25,079

overall structure of the files both

1146

00:48:30,109 --> 00:48:27,740

physically as well as digitally online

1147

00:48:32,990 --> 00:48:30,119

but we do have some individuals who have

1148

00:48:35,329 --> 00:48:33,000

reached out to us who actually work uh

1149

00:48:37,490 --> 00:48:35,339

in records management and in library

1150

00:48:38,870 --> 00:48:37,500

curation a number of people have reached

1151  
00:48:40,370 --> 00:48:38,880  
out with different skill sets Martin

1152  
00:48:42,410 --> 00:48:40,380  
since our press release went out which

1153  
00:48:44,329 --> 00:48:42,420  
is exciting and we want to be able to

1154  
00:48:46,790 --> 00:48:44,339  
bring in this knowledge and this wisdom

1155  
00:48:48,770 --> 00:48:46,800  
from professionals that are used to

1156  
00:48:51,890 --> 00:48:48,780  
actually cataloging large amounts of

1157  
00:48:53,450 --> 00:48:51,900  
information so I I can just tell you

1158  
00:48:54,890 --> 00:48:53,460  
right now I will probably be deferring

1159  
00:48:57,410 --> 00:48:54,900  
to The Experts the people that do this

1160  
00:48:59,270 --> 00:48:57,420  
for a living to say what do you envision

1161  
00:49:01,309 --> 00:48:59,280  
what is the best way you see us being

1162  
00:49:02,809 --> 00:49:01,319  
able to do this and Barry do you have

1163  
00:49:05,390 --> 00:49:02,819

any thoughts on that oh yeah well right

1164

00:49:07,430 --> 00:49:05,400

now the I think the primary sort for the

1165

00:49:10,970 --> 00:49:07,440

uh the case work that we have is

1166

00:49:13,250 --> 00:49:10,980

chronological for cases right but then

1167

00:49:16,250 --> 00:49:13,260

after that once they're scanned you can

1168

00:49:19,430 --> 00:49:16,260

do just about anything uh another trick

1169

00:49:22,970 --> 00:49:19,440

is is getting the most yard uh there's a

1170

00:49:24,950 --> 00:49:22,980

wide variety of styles and forms that we

1171

00:49:27,710 --> 00:49:24,960

have to deal with the handwritten

1172

00:49:32,270 --> 00:49:27,720

letters things written even in crayon

1173

00:49:35,510 --> 00:49:32,280

that uh to create an OCR record is a bit

1174

00:49:38,089 --> 00:49:35,520

difficult so that we we need uh outside

1175

00:49:41,030 --> 00:49:38,099

help on that to determine whether all of

1176  
00:49:43,309 --> 00:49:41,040  
that can be done in an easy fashion and

1177  
00:49:44,990 --> 00:49:43,319  
related to that Martin you know we've

1178  
00:49:46,849 --> 00:49:45,000  
had a lot of people say well you guys

1179  
00:49:49,250 --> 00:49:46,859  
need to put this into a database and I'm

1180  
00:49:51,890 --> 00:49:49,260  
like tell me something I don't know but

1181  
00:49:54,050 --> 00:49:51,900  
it's incremental steps first we need to

1182  
00:49:56,870 --> 00:49:54,060  
bring it all together then we need to

1183  
00:49:59,569 --> 00:49:56,880  
digitize it once it's digital we can

1184  
00:50:01,130 --> 00:49:59,579  
share that worldwide and we do know a

1185  
00:50:03,170 --> 00:50:01,140  
number of people that are working on

1186  
00:50:05,450 --> 00:50:03,180  
database systems currently that have

1187  
00:50:07,370 --> 00:50:05,460  
expressed interest in obtaining that

1188  
00:50:09,710 --> 00:50:07,380

information once it is digitized but

1189

00:50:11,930 --> 00:50:09,720

it's a systematic step-by-step approach

1190

00:50:13,670 --> 00:50:11,940

centralize it digitize it and then make

1191

00:50:15,589 --> 00:50:13,680

it available for those that are creating

1192

00:50:17,329 --> 00:50:15,599

these databases to then incorporate it

1193

00:50:19,250 --> 00:50:17,339

into the database

1194

00:50:21,770 --> 00:50:19,260

well here's a question that came up that

1195

00:50:24,530 --> 00:50:21,780

I uh I have to put in front of some

1196

00:50:27,770 --> 00:50:24,540

other ones because I want to know what

1197

00:50:31,250 --> 00:50:27,780

you think too what do you and Barry

1198

00:50:33,650 --> 00:50:31,260

think of the Admiral Wilson documents

1199

00:50:35,450 --> 00:50:33,660

well I'll just Echo what I said earlier

1200

00:50:37,309 --> 00:50:35,460

I think it all comes down to provenance

1201  
00:50:39,230 --> 00:50:37,319  
uh you know these things that just kind

1202  
00:50:41,690 --> 00:50:39,240  
of appear on the scene I just don't take

1203  
00:50:44,270 --> 00:50:41,700  
it face value am I saying that they're

1204  
00:50:46,370 --> 00:50:44,280  
not legitimate no I I don't know if

1205  
00:50:48,230 --> 00:50:46,380  
they're legitimate or not but all I can

1206  
00:50:49,970 --> 00:50:48,240  
say is my default position on any

1207  
00:50:51,710 --> 00:50:49,980  
documents that just suddenly surface

1208  
00:50:54,290 --> 00:50:51,720  
without going through official channels

1209  
00:50:57,650 --> 00:50:54,300  
I'm very suspect what do you think about

1210  
00:50:59,450 --> 00:50:57,660  
that Barry uh I'm a bit bothered by the

1211  
00:51:02,150 --> 00:50:59,460  
way the story has evolved the

1212  
00:51:05,750 --> 00:51:02,160  
implication is that Eric Davis did an

1213  
00:51:08,270 --> 00:51:05,760

interview with Admiral uh uh Wilson and

1214

00:51:12,589 --> 00:51:08,280

and that's what's in the the paperwork

1215

00:51:15,230 --> 00:51:12,599

but uh Wilson uh has denied giving the

1216

00:51:17,750 --> 00:51:15,240

interview and Davis won't even comment

1217

00:51:19,910 --> 00:51:17,760

yeah do you think he likes the Limelight

1218

00:51:21,230 --> 00:51:19,920

and what I've been wondering why Davis

1219

00:51:23,089 --> 00:51:21,240

won't comment

1220

00:51:25,849 --> 00:51:23,099

now do you think he's liking this whole

1221

00:51:28,450 --> 00:51:25,859

thing and I I I can't really speculate

1222

00:51:31,130 --> 00:51:28,460

on that I mean he uh

1223

00:51:33,890 --> 00:51:31,140

either he's hiding something that never

1224

00:51:36,829 --> 00:51:33,900

happened or there are higher issues

1225

00:51:39,710 --> 00:51:36,839

involved that he doesn't want to get

1226

00:51:42,530 --> 00:51:39,720

himself tangled up with uh in terms of

1227

00:51:46,910 --> 00:51:42,540

dealing with government official I can't

1228

00:51:49,549 --> 00:51:46,920

say but but at least uh say you know

1229

00:51:51,410 --> 00:51:49,559

that that I did the interview and defend

1230

00:51:53,990 --> 00:51:51,420

yourself he's not doing that that

1231

00:51:55,490 --> 00:51:54,000

bothersome yeah I appreciate Jeffrey's

1232

00:51:57,710 --> 00:51:55,500

question though Martin because obviously

1233

00:52:01,250 --> 00:51:57,720

that's a very topical subject right now

1234

00:52:03,230 --> 00:52:01,260

in the field and again I think time may

1235

00:52:05,329 --> 00:52:03,240

tell you know let's just see how this

1236

00:52:08,930 --> 00:52:05,339

story evolves and where it goes

1237

00:52:10,309 --> 00:52:08,940

right um so we have to jump off of uh

1238

00:52:12,349 --> 00:52:10,319

kgra

1239

00:52:15,230 --> 00:52:12,359

so we're going to say good night to them

1240

00:52:17,210 --> 00:52:15,240

over Bill thank you so much uh for your

1241

00:52:18,890 --> 00:52:17,220

work over there at kgra Radio I'm going

1242

00:52:21,109 --> 00:52:18,900

to hang out just a little bit more so I

1243

00:52:23,089 --> 00:52:21,119

can get these uh questions through these

1244

00:52:25,309 --> 00:52:23,099

questions so good night everyone over

1245

00:52:27,829 --> 00:52:25,319

there at kgra Radio

1246

00:52:32,510 --> 00:52:27,839

and we'll be back next week with

1247

00:52:35,329 --> 00:52:32,520

uh John Ramirez xcia

1248

00:52:36,829 --> 00:52:35,339

um which will be an interesting show all

1249

00:52:38,150 --> 00:52:36,839

right so here's some other questions

1250

00:52:40,130 --> 00:52:38,160

we're going to just get to these

1251  
00:52:41,990 --> 00:52:40,140  
questions here and then we'll wrap it up

1252  
00:52:44,690 --> 00:52:42,000  
after we get through them have your

1253  
00:52:47,150 --> 00:52:44,700  
guests noticed the that famous Mass

1254  
00:52:49,430 --> 00:52:47,160  
witness events tend to be missing from

1255  
00:52:51,770 --> 00:52:49,440  
archive databases for example the

1256  
00:52:55,670 --> 00:52:51,780  
Washington overflights it was 1952

1257  
00:52:58,309 --> 00:52:55,680  
wasn't it in 1952 yeah two consecutive

1258  
00:52:59,809 --> 00:52:58,319  
weekends uh I I'm not sure if I

1259  
00:53:01,609 --> 00:52:59,819  
understand the question I mean certainly

1260  
00:53:04,490 --> 00:53:01,619  
we have a lot of data in our in our

1261  
00:53:06,829 --> 00:53:04,500  
databases on the 52 wave and I have many

1262  
00:53:10,190 --> 00:53:06,839  
of the original uh documents including

1263  
00:53:11,510 --> 00:53:10,200

the CAA report on uh the incident as

1264

00:53:13,849 --> 00:53:11,520

well as uh some of the original

1265

00:53:15,890 --> 00:53:13,859

government documents as well what about

1266

00:53:17,630 --> 00:53:15,900

other math sightings there does that

1267

00:53:20,329 --> 00:53:17,640

does it doesn't seem to matter whether

1268

00:53:22,130 --> 00:53:20,339

it's a math sighting or not right well

1269

00:53:23,990 --> 00:53:22,140

again I don't know what databases he

1270

00:53:26,630 --> 00:53:24,000

would be referring to so I unfortunately

1271

00:53:27,770 --> 00:53:26,640

I'm not quite sure you know what he's if

1272

00:53:29,870 --> 00:53:27,780

he's referencing something specific

1273

00:53:32,270 --> 00:53:29,880

typically in that regard I will say that

1274

00:53:35,030 --> 00:53:32,280

there have been Mass sightings that have

1275

00:53:36,170 --> 00:53:35,040

gone virtually unnoticed and one that I

1276

00:53:38,030 --> 00:53:36,180

think I've talked about on previous

1277

00:53:40,730 --> 00:53:38,040

shows Martin is my research into the

1278

00:53:42,410 --> 00:53:40,740

1950 Farmington Flying Saucer Armada oh

1279

00:53:44,270 --> 00:53:42,420

yeah I would argue that this is one of

1280

00:53:46,849 --> 00:53:44,280

the most significant UFO sightings that

1281

00:53:48,410 --> 00:53:46,859

we have on record yet when I had

1282

00:53:50,510 --> 00:53:48,420

lectured across the country a number of

1283

00:53:51,950 --> 00:53:50,520

years back the vast majority of people

1284

00:53:53,990 --> 00:53:51,960

had never even heard of this incident

1285

00:53:56,630 --> 00:53:54,000

and I'm not just saying that Dr James

1286

00:53:58,609 --> 00:53:56,640

McDonald in statements uh acknowledged

1287

00:54:01,370 --> 00:53:58,619

that in some of his audio recordings

1288

00:54:02,990 --> 00:54:01,380

with Witnesses he he feels that it was a

1289

00:54:06,530 --> 00:54:03,000

very significant event that was

1290

00:54:09,109 --> 00:54:06,540

underreported I I think we have a pretty

1291

00:54:12,349 --> 00:54:09,119

good handle on most of the the known

1292

00:54:14,690 --> 00:54:12,359

Mass sighting events Washington DC there

1293

00:54:17,329 --> 00:54:14,700

may be some individual documents that

1294

00:54:19,970 --> 00:54:17,339

are missing from the Blue Book record uh

1295

00:54:22,490 --> 00:54:19,980

I'm pretty sure that's the case but we

1296

00:54:25,910 --> 00:54:22,500

we have a large amount of information on

1297

00:54:29,809 --> 00:54:25,920

that uh the same with other Mass events

1298

00:54:33,950 --> 00:54:29,819

but there they were as Dave said some

1299

00:54:35,870 --> 00:54:33,960

incidents that happened for a number of

1300

00:54:38,510 --> 00:54:35,880

sightings that we weren't aware of but

1301  
00:54:40,309 --> 00:54:38,520  
they were buried in local newspapers so

1302  
00:54:43,730 --> 00:54:40,319  
that we didn't have access to them until

1303  
00:54:45,650 --> 00:54:43,740  
we started looking uh with technology

1304  
00:54:47,930 --> 00:54:45,660  
the way it is now we can look at

1305  
00:54:50,390 --> 00:54:47,940  
thousands of newspaper titles and

1306  
00:54:52,790 --> 00:54:50,400  
research all of those sources that we

1307  
00:54:55,849 --> 00:54:52,800  
could never have access to before

1308  
00:54:58,970 --> 00:54:55,859  
yeah no it is so much easier to do

1309  
00:55:01,370 --> 00:54:58,980  
things today than the old way uh here's

1310  
00:55:04,309 --> 00:55:01,380  
a interesting question do you have any

1311  
00:55:06,650 --> 00:55:04,319  
app profiles from the lorenzins Gerald

1312  
00:55:09,349 --> 00:55:06,660  
thank you for that question I really

1313  
00:55:10,730 --> 00:55:09,359

appreciate that uh again I think Barry

1314

00:55:11,809 --> 00:55:10,740

and I were just talking about this this

1315

00:55:14,510 --> 00:55:11,819

morning

1316

00:55:16,309 --> 00:55:14,520

um we are hoping to eventually acquire

1317

00:55:18,230 --> 00:55:16,319

the app profiles I do know someone

1318

00:55:21,230 --> 00:55:18,240

that's in touch directly with the

1319

00:55:23,329 --> 00:55:21,240

individual who has them and we do hope

1320

00:55:25,069 --> 00:55:23,339

that over time that they would find a

1321

00:55:28,490 --> 00:55:25,079

home here at the National UFO historical

1322

00:55:31,069 --> 00:55:28,500

records Center simply because we already

1323

00:55:33,710 --> 00:55:31,079

have the CSI New York files one of the

1324

00:55:36,109 --> 00:55:33,720

earliest civilian UFO groups we have the

1325

00:55:38,450 --> 00:55:36,119

nycap UFO case File collection we have

1326

00:55:41,569 --> 00:55:38,460

the center for UFO studies case File

1327

00:55:43,790 --> 00:55:41,579

collection mufon has their existing case

1328

00:55:47,150 --> 00:55:43,800

File collection the one we're missing

1329

00:55:48,890 --> 00:55:47,160

are the app profiles and just so your

1330

00:55:51,530 --> 00:55:48,900

audience understands if they're not

1331

00:55:55,190 --> 00:55:51,540

familiar with the app profiles uh the

1332

00:55:57,410 --> 00:55:55,200

report is that they consists of 18 four

1333

00:56:01,069 --> 00:55:57,420

and five drawer file cabinets filled

1334

00:56:03,109 --> 00:56:01,079

with UFO case files from the 1950s all

1335

00:56:06,049 --> 00:56:03,119

the way up to the 1980s

1336

00:56:08,930 --> 00:56:06,059

yeah wow that would be great if you get

1337

00:56:11,270 --> 00:56:08,940

those uh this question's from Moonbeam

1338

00:56:12,950 --> 00:56:11,280

what a name like the name question has

1339

00:56:17,930 --> 00:56:12,960

there ever been any reports of gunmetal

1340

00:56:19,549 --> 00:56:17,940

gray rectangular shaped craft yes I've

1341

00:56:21,470 --> 00:56:19,559

actually stumbled across some of those

1342

00:56:24,950 --> 00:56:21,480

reports in researching the Triangular

1343

00:56:28,490 --> 00:56:24,960

UFO phenomenon and in fact in my book I

1344

00:56:31,309 --> 00:56:28,500

reference uh two cases one from New York

1345

00:56:33,049 --> 00:56:31,319

in the 1980s and another one during the

1346

00:56:36,710 --> 00:56:33,059

the first night of the famous Belgian

1347

00:56:39,109 --> 00:56:36,720

wave November 29 1989 uh Albert kreutz

1348

00:56:41,690 --> 00:56:39,119

was a dispatcher in upon the village of

1349

00:56:44,089 --> 00:56:41,700

upon and he heard the the police

1350

00:56:47,390 --> 00:56:44,099

officers the jean-darms reporting these

1351  
00:56:49,309 --> 00:56:47,400  
triangular UFOs at one point in a break

1352  
00:56:51,410 --> 00:56:49,319  
during the radio dialogue he stepped out

1353  
00:56:54,470 --> 00:56:51,420  
on the Terrace and looked out at the

1354  
00:56:56,750 --> 00:56:54,480  
night sky and he didn't expect to see a

1355  
00:56:58,549 --> 00:56:56,760  
triangle uh because he he thought that

1356  
00:57:00,670 --> 00:56:58,559  
these guys were joking but to his

1357  
00:57:03,049 --> 00:57:00,680  
surprise he sees a rectangular

1358  
00:57:06,349 --> 00:57:03,059  
box-shaped object floating by silently

1359  
00:57:07,970 --> 00:57:06,359  
with a white light in each corner and

1360  
00:57:10,010 --> 00:57:07,980  
I've sent I found several other

1361  
00:57:12,049 --> 00:57:10,020  
historical reports having gone through

1362  
00:57:14,270 --> 00:57:12,059  
recently the The nightcap case File

1363  
00:57:16,910 --> 00:57:14,280

collection uh there are a number of

1364

00:57:19,910 --> 00:57:16,920

these shoebox or rectangular shaped UFO

1365

00:57:21,650 --> 00:57:19,920

reports that are in in the Case Files

1366

00:57:25,309 --> 00:57:21,660

going back decades

1367

00:57:27,710 --> 00:57:25,319

uh yes A friend of mine in college saw

1368

00:57:29,510 --> 00:57:27,720

what looked like a shoebox with lights

1369

00:57:31,490 --> 00:57:29,520

on each corner it's the best description

1370

00:57:33,290 --> 00:57:31,500

I can give it like like a big box

1371

00:57:35,870 --> 00:57:33,300

floating in the sky that's kind of what

1372

00:57:38,030 --> 00:57:35,880

he described it as here's a uh a great

1373

00:57:41,450 --> 00:57:38,040

question I think what about documents

1374

00:57:45,290 --> 00:57:41,460

Etc by contactees yes uh great question

1375

00:57:48,710 --> 00:57:45,300

thanks Ray uh we actually uh I had met

1376

00:57:50,089 --> 00:57:48,720

with an individual in Phoenix and when

1377

00:57:51,829 --> 00:57:50,099

we made the preliminary announcement

1378

00:57:53,870 --> 00:57:51,839

about the new organization a person came

1379

00:57:56,030 --> 00:57:53,880

up to me and said uh I just want to let

1380

00:57:57,829 --> 00:57:56,040

you know that you know my mother really

1381

00:58:00,589 --> 00:57:57,839

followed the contact e movement in the

1382

00:58:03,349 --> 00:58:00,599

1950s I have some of Georgia damskey's

1383

00:58:05,089 --> 00:58:03,359

original newsletters and photos would

1384

00:58:06,730 --> 00:58:05,099

you like me to to send those would you

1385

00:58:09,950 --> 00:58:06,740

guys be interested and I said absolutely

1386

00:58:11,870 --> 00:58:09,960

this is the thing uh it doesn't matter

1387

00:58:13,670 --> 00:58:11,880

what my personal interest is in the

1388

00:58:16,609 --> 00:58:13,680

subject or Barry Greenwoods or any of

1389

00:58:19,010 --> 00:58:16,619

our other board members uh we never know

1390

00:58:21,950 --> 00:58:19,020

what someone is interested in or what

1391

00:58:24,349 --> 00:58:21,960

someone is researching when I obtain in

1392

00:58:25,849 --> 00:58:24,359

the Lou Farish collection the contactee

1393

00:58:27,470 --> 00:58:25,859

movement it's not something that I've

1394

00:58:29,809 --> 00:58:27,480

really focused on heavily from a

1395

00:58:31,730 --> 00:58:29,819

research standpoint but when I inherited

1396

00:58:34,190 --> 00:58:31,740

Lou ferris's collection Lou was

1397

00:58:36,470 --> 00:58:34,200

fascinated by the contact D movement and

1398

00:58:39,530 --> 00:58:36,480

I have a vast Archive of original

1399

00:58:41,569 --> 00:58:39,540

contact e literature much of which uh

1400

00:58:43,849 --> 00:58:41,579

autographed by the men and women who who

1401  
00:58:46,730 --> 00:58:43,859  
authored the the various periodicals and

1402  
00:58:49,609 --> 00:58:46,740  
books and so that in conjunction with

1403  
00:58:51,530 --> 00:58:49,619  
some of Wendell Stevens material uh yes

1404  
00:58:54,589 --> 00:58:51,540  
we do have quite a bit on on the

1405  
00:58:57,829 --> 00:58:54,599  
contactees yeah it's important to stress

1406  
00:59:00,410 --> 00:58:57,839  
that this archive will appeal to all

1407  
00:59:03,289 --> 00:59:00,420  
parts of the spectrum on the subject not

1408  
00:59:05,569 --> 00:59:03,299  
just one side or another everything will

1409  
00:59:08,089 --> 00:59:05,579  
be included we want contact e-literary

1410  
00:59:11,770 --> 00:59:08,099  
we want skeptical literature anything

1411  
00:59:14,990 --> 00:59:11,780  
that'll Enlighten us to uh what the

1412  
00:59:17,089 --> 00:59:15,000  
phenomenon is all about and we'll make

1413  
00:59:20,990 --> 00:59:17,099

room for it all absolutely excellent

1414

00:59:23,510 --> 00:59:21,000

excellent here's a uh a question that I

1415

00:59:24,829 --> 00:59:23,520

mean well John wanted to know have

1416

00:59:27,410 --> 00:59:24,839

private groups governments or

1417

00:59:29,390 --> 00:59:27,420

individuals bought UFO reports and

1418

00:59:31,870 --> 00:59:29,400

removed them from Public Access but I'll

1419

00:59:35,690 --> 00:59:31,880

just I'll add to that question

1420

00:59:39,230 --> 00:59:35,700

are either one of you aware of anyone

1421

00:59:42,530 --> 00:59:39,240

attempting to remove information for any

1422

00:59:45,410 --> 00:59:42,540

particular reason uh yes uh in the early

1423

00:59:48,250 --> 00:59:45,420

years of uh Project Blue Book or then

1424

00:59:50,809 --> 00:59:48,260

project sign project Grudge

1425

00:59:52,789 --> 00:59:50,819

the eventual head of blue book Edward

1426

00:59:54,890 --> 00:59:52,799

rupelt said that there was a lot of

1427

00:59:57,349 --> 00:59:54,900

filching of files

1428

01:00:00,049 --> 00:59:57,359

from the early years he felt it was

1429

01:00:02,150 --> 01:00:00,059

souvenir hunting but uh you know there

1430

01:00:05,089 --> 01:00:02,160

may have been other reasons for it but

1431

01:00:07,430 --> 01:00:05,099

it definitely files have disappeared uh

1432

01:00:10,849 --> 01:00:07,440

for one reason or another

1433

01:00:13,849 --> 01:00:10,859

wow isn't that yeah I could see where

1434

01:00:15,230 --> 01:00:13,859

people would want to take sort of like a

1435

01:00:18,230 --> 01:00:15,240

souvenir type

1436

01:00:20,450 --> 01:00:18,240

type of thing especially if it came to

1437

01:00:22,089 --> 01:00:20,460

uh images you know I mean that that

1438

01:00:25,130 --> 01:00:22,099

would seem like that would be the most

1439

01:00:28,910 --> 01:00:25,140

uh spectacular thing that someone may

1440

01:00:31,069 --> 01:00:28,920

want to remove for their own

1441

01:00:33,710 --> 01:00:31,079

yeah it's hard it's hard to say exactly

1442

01:00:36,230 --> 01:00:33,720

what might be missing uh whether they

1443

01:00:39,890 --> 01:00:36,240

were just ordinary reports or really hot

1444

01:00:41,750 --> 01:00:39,900

ones uh there's a fair number of items

1445

01:00:44,809 --> 01:00:41,760

in Project Blue Book that are listed as

1446

01:00:47,690 --> 01:00:44,819

case missing but uh we had found later

1447

01:00:49,490 --> 01:00:47,700

that uh with a little effort in looking

1448

01:00:51,530 --> 01:00:49,500

into other parts of the National

1449

01:00:55,010 --> 01:00:51,540

Archives we did locate some of those

1450

01:00:57,049 --> 01:00:55,020

case missing uh incidents uh in in

1451

01:00:59,569 --> 01:00:57,059

especially in the files of the 460

1452

01:01:01,970 --> 01:00:59,579

second air intelligence service Squadron

1453

01:01:04,730 --> 01:01:01,980

which was sort of the buffer zone

1454

01:01:07,789 --> 01:01:04,740

between the reporting person and Project

1455

01:01:09,950 --> 01:01:07,799

Blue Book they were individuals at

1456

01:01:12,710 --> 01:01:09,960

various air bases who when something

1457

01:01:15,170 --> 01:01:12,720

would happen in that area they would

1458

01:01:17,750 --> 01:01:15,180

receive the report and decide whether it

1459

01:01:21,230 --> 01:01:17,760

was worth a follow-up or not and often

1460

01:01:23,210 --> 01:01:21,240

they would print up a a report and take

1461

01:01:25,490 --> 01:01:23,220

information and have the witness sign it

1462

01:01:27,410 --> 01:01:25,500

and all sometimes they were forwarded to

1463

01:01:29,809 --> 01:01:27,420

Project Blue Book and sometimes they

1464

01:01:33,170 --> 01:01:29,819

weren't for one reason or another again

1465

01:01:35,510 --> 01:01:33,180

you're tired to tell but we did find

1466

01:01:37,549 --> 01:01:35,520

some of the missing incidents in Blue

1467

01:01:39,829 --> 01:01:37,559

Book through those memes and we've

1468

01:01:42,170 --> 01:01:39,839

cataloged them that's great that you

1469

01:01:44,150 --> 01:01:42,180

recovered recovered that is video

1470

01:01:46,970 --> 01:01:44,160

evidence always admissible well I'd like

1471

01:01:49,549 --> 01:01:46,980

to add a little to that too do you have

1472

01:01:52,549 --> 01:01:49,559

video data

1473

01:01:55,490 --> 01:01:52,559

we have lots of videos but admittedly

1474

01:01:58,089 --> 01:01:55,500

most of those are publicly broadcasted

1475

01:02:02,089 --> 01:01:58,099

programs I I don't think we have a rich

1476  
01:02:03,530 --> 01:02:02,099  
library of actual UFO footage probably

1477  
01:02:05,150 --> 01:02:03,540  
the best source for that would be

1478  
01:02:07,430 --> 01:02:05,160  
YouTube

1479  
01:02:09,170 --> 01:02:07,440  
um we do have I think a few I Barry we

1480  
01:02:11,809 --> 01:02:09,180  
had that little clip from Brazil

1481  
01:02:13,910 --> 01:02:11,819  
remember from the 1950s yeah we also

1482  
01:02:16,309 --> 01:02:13,920  
have we also have some materials that

1483  
01:02:19,250 --> 01:02:16,319  
were submitted to Blue Book when they

1484  
01:02:22,190 --> 01:02:19,260  
were in existence some actual film 16 8

1485  
01:02:24,829 --> 01:02:22,200  
millimeter and slide photography and all

1486  
01:02:26,089 --> 01:02:24,839  
but uh yeah I mean we do have some

1487  
01:02:29,089 --> 01:02:26,099  
things that could be studied

1488  
01:02:33,710 --> 01:02:31,849

interesting uh this I'm trying to

1489

01:02:36,770 --> 01:02:33,720

understand exactly this question here

1490

01:02:40,130 --> 01:02:36,780

incidents uh verified by multiple

1491

01:02:42,710 --> 01:02:40,140

platforms and people should these not be

1492

01:02:45,410 --> 01:02:42,720

research priorities I.E the Nimitz

1493

01:02:47,150 --> 01:02:45,420

absolutely yeah yeah they are I mean uh

1494

01:02:50,030 --> 01:02:47,160

you know been a lot of research done on

1495

01:02:51,349 --> 01:02:50,040

the the Nimitz incident uh uh over the

1496

01:02:53,990 --> 01:02:51,359

years and there were there were others

1497

01:02:56,030 --> 01:02:54,000

that have been reported since then uh I

1498

01:02:58,130 --> 01:02:56,040

wish we knew about them all but the

1499

01:02:59,990 --> 01:02:58,140

government won't let us uh see what they

1500

01:03:03,109 --> 01:03:00,000

are they the reports are still

1501  
01:03:04,849 --> 01:03:03,119  
classified yeah but yeah there's been a

1502  
01:03:06,890 --> 01:03:04,859  
great deal of focus in the last five

1503  
01:03:08,690 --> 01:03:06,900  
years or so yeah I think seu did a

1504  
01:03:11,270 --> 01:03:08,700  
pretty good job trying to investigate it

1505  
01:03:13,970 --> 01:03:11,280  
but admittedly to Barry's Point uh and

1506  
01:03:17,390 --> 01:03:13,980  
and to Bran's question uh we don't have

1507  
01:03:20,390 --> 01:03:17,400  
access to the raw data we really have

1508  
01:03:22,849 --> 01:03:20,400  
videos and eyewitness testimony but as

1509  
01:03:25,870 --> 01:03:22,859  
I've mentioned uh that was released in

1510  
01:03:29,510 --> 01:03:25,880  
December of 2017 and here we are now in

1511  
01:03:31,010 --> 01:03:29,520  
almost December of 2022 we still have

1512  
01:03:33,170 --> 01:03:31,020  
yet to have one official page of

1513  
01:03:36,049 --> 01:03:33,180

document documentation or analysis

1514

01:03:39,109 --> 01:03:36,059

relating to those events

1515

01:03:41,569 --> 01:03:39,119

wow that's so we need that you know that

1516

01:03:43,849 --> 01:03:41,579

before we can really do a deep dive the

1517

01:03:45,010 --> 01:03:43,859

task force report last year indicated

1518

01:03:51,170 --> 01:03:45,020

that

1519

01:03:54,950 --> 01:03:51,180

file were unexplained

1520

01:03:57,410 --> 01:03:54,960

uh I think we only know uh maybe a bit

1521

01:03:59,450 --> 01:03:57,420

about a couple of the sightings the rest

1522

01:04:02,150 --> 01:03:59,460

of them are completely unknown and now

1523

01:04:04,849 --> 01:04:02,160

we're expecting a new report and

1524

01:04:07,910 --> 01:04:04,859

according to some leaks which I don't

1525

01:04:11,089 --> 01:04:07,920

like to quote but that's all we have

1526

01:04:12,410 --> 01:04:11,099

right now that half of the reports were

1527

01:04:15,349 --> 01:04:12,420

unexplained

1528

01:04:17,210 --> 01:04:15,359

so uh there's another group apparently

1529

01:04:19,609 --> 01:04:17,220

that's going to be added to the unknown

1530

01:04:21,829 --> 01:04:19,619

category but we have no access to them

1531

01:04:23,030 --> 01:04:21,839

but but if I made just a Brand's

1532

01:04:25,609 --> 01:04:23,040

question I think it's a great question

1533

01:04:27,890 --> 01:04:25,619

and he raises beyond the USS Nimitz

1534

01:04:29,450 --> 01:04:27,900

incident uh looking back historically

1535

01:04:32,450 --> 01:04:29,460

through the blue book case files and

1536

01:04:34,490 --> 01:04:32,460

other military files that we have uh I

1537

01:04:37,549 --> 01:04:34,500

completely agree with with bran in the

1538

01:04:40,309 --> 01:04:37,559

sense that uh it's one thing to have a

1539

01:04:43,250 --> 01:04:40,319

subjective report namely eyewitness

1540

01:04:45,589 --> 01:04:43,260

testimony it's much better even if it's

1541

01:04:47,569 --> 01:04:45,599

military or Pilots it's much better when

1542

01:04:50,450 --> 01:04:47,579

you have objective data in the form of

1543

01:04:51,890 --> 01:04:50,460

radar and sensing arrays that are

1544

01:04:54,950 --> 01:04:51,900

detecting something that you can then

1545

01:04:58,609 --> 01:04:54,960

correlate with the subjective narrative

1546

01:05:00,470 --> 01:04:58,619

uh this uh this is not really a question

1547

01:05:02,569 --> 01:05:00,480

but it's just a statement here eyes on

1548

01:05:04,789 --> 01:05:02,579

Cinema has been posting some good stuff

1549

01:05:07,970 --> 01:05:04,799

over last year have you seen some of

1550

01:05:11,870 --> 01:05:07,980

their videos eyes on Cinema yes I have

1551

01:05:13,809 --> 01:05:11,880

and I I'm a bit suspicious that a lot of

1552

01:05:16,730 --> 01:05:13,819

this is being lifted from previous

1553

01:05:20,930 --> 01:05:16,740

documentaries I recognize some of the

1554

01:05:23,030 --> 01:05:20,940

pieces there's a lot of them and um that

1555

01:05:25,190 --> 01:05:23,040

that person or that channel was booted

1556

01:05:26,990 --> 01:05:25,200

off of YouTube for a while I'm not

1557

01:05:29,750 --> 01:05:27,000

really sure and now they're back on this

1558

01:05:32,870 --> 01:05:29,760

is for education purposes only type of

1559

01:05:34,730 --> 01:05:32,880

thing so if they were lifting film from

1560

01:05:38,630 --> 01:05:34,740

other documentaries it could have been a

1561

01:05:40,309 --> 01:05:38,640

copyright issue yeah yeah but they're

1562

01:05:42,349 --> 01:05:40,319

made aware of them someone just recently

1563

01:05:45,289 --> 01:05:42,359

sent me a link yeah there's some great

1564

01:05:47,030 --> 01:05:45,299

great interviews and information there

1565

01:05:49,970 --> 01:05:47,040

wherever it's coming from it's good

1566

01:05:51,410 --> 01:05:49,980

stuff so and Martin that's that's a

1567

01:05:52,549 --> 01:05:51,420

great point because there are a lot of

1568

01:05:54,589 --> 01:05:52,559

people out there getting good

1569

01:05:58,190 --> 01:05:54,599

information out there we mentioned AFU

1570

01:06:00,530 --> 01:05:58,200

and sweet Eden Isaac Coy who Barry and I

1571

01:06:03,530 --> 01:06:00,540

spoke with just recently in the UK

1572

01:06:05,210 --> 01:06:03,540

there's really great individuals and

1573

01:06:07,609 --> 01:06:05,220

institutions out there doing this work

1574

01:06:09,470 --> 01:06:07,619

already by no means are we Pioneers

1575

01:06:11,210 --> 01:06:09,480

we're simply just trying to make it the

1576

01:06:13,670 --> 01:06:11,220

largest historical collection of

1577

01:06:15,230 --> 01:06:13,680

material here in the United States so my

1578

01:06:17,990 --> 01:06:15,240

hat's off to the other individuals out

1579

01:06:20,690 --> 01:06:18,000

there and organizations doing the Lion's

1580

01:06:23,210 --> 01:06:20,700

Share of work yes one of the things you

1581

01:06:25,609 --> 01:06:23,220

always think about is oh what if

1582

01:06:28,309 --> 01:06:25,619

something happens like

1583

01:06:31,010 --> 01:06:28,319

um fireproof you know is can a building

1584

01:06:32,750 --> 01:06:31,020

be made so it's less likely that

1585

01:06:34,549 --> 01:06:32,760

there'll ever be a fire mean to lose all

1586

01:06:38,210 --> 01:06:34,559

these things would be just absolutely

1587

01:06:40,069 --> 01:06:38,220

terrible and so but when these goals

1588

01:06:43,370 --> 01:06:40,079

when these eventually do make their way

1589

01:06:45,890 --> 01:06:43,380  
to the uh you know the university

1590

01:06:48,529 --> 01:06:45,900  
they're going to be protected there I'm

1591

01:06:49,970 --> 01:06:48,539  
sure absolutely and we do look to

1592

01:06:53,329 --> 01:06:49,980  
hopefully secure some existing

1593

01:06:55,609 --> 01:06:53,339  
Commercial Warehouse or commercial floor

1594

01:06:57,349 --> 01:06:55,619  
space and most commercial buildings are

1595

01:06:59,390 --> 01:06:57,359  
set up with sprinkler systems and things

1596

01:07:01,130 --> 01:06:59,400  
of that nature so right yeah we

1597

01:07:02,870 --> 01:07:01,140  
definitely want to try to preserve The

1598

01:07:05,329 --> 01:07:02,880  
Originals again with the focus being

1599

01:07:07,370 --> 01:07:05,339  
digitization but if we can retain The

1600

01:07:09,289 --> 01:07:07,380  
Originals in 100 years from now have

1601  
01:07:10,730 --> 01:07:09,299  
people able to access Dr jail and

1602  
01:07:13,010 --> 01:07:10,740  
heineck's original Project Blue Book

1603  
01:07:15,109 --> 01:07:13,020  
records I think that that would be a

1604  
01:07:17,930 --> 01:07:15,119  
wonderful contribution to the Future

1605  
01:07:19,970 --> 01:07:17,940  
yes here's an interesting question from

1606  
01:07:25,250 --> 01:07:19,980  
your experience over the years have the

1607  
01:07:29,270 --> 01:07:25,260  
redactions become worse or less or more

1608  
01:07:30,829 --> 01:07:29,280  
great question uh bear well I don't

1609  
01:07:33,829 --> 01:07:30,839  
think there's any

1610  
01:07:35,750 --> 01:07:33,839  
greater amount of redactions I mean I I

1611  
01:07:38,630 --> 01:07:35,760  
think they're pretty consistent with

1612  
01:07:41,150 --> 01:07:38,640  
earlier documents and over time many of

1613  
01:07:42,829 --> 01:07:41,160

those redactions are lifted anyway

1614

01:07:45,289 --> 01:07:42,839

so we'd have to wait and see what

1615

01:07:47,029 --> 01:07:45,299

happens with the the current crop of a

1616

01:07:50,690 --> 01:07:47,039

redacted paperwork

1617

01:07:53,329 --> 01:07:50,700

mm-hmm yeah yeah in 2017 I filed a foia

1618

01:07:56,329 --> 01:07:53,339

request to get the unredacted Air Force

1619

01:07:59,630 --> 01:07:56,339

office of special investigation files on

1620

01:08:02,089 --> 01:07:59,640

Farmington from 1950 uh because as as

1621

01:08:04,970 --> 01:08:02,099

late as 19 I think it was 85 Barry if I

1622

01:08:06,670 --> 01:08:04,980

remember the last foia attempt uh it was

1623

01:08:09,589 --> 01:08:06,680

restricted access to that information

1624

01:08:11,150 --> 01:08:09,599

and when I filed my foia request I

1625

01:08:13,370 --> 01:08:11,160

actually received a phone call from the

1626

01:08:14,930 --> 01:08:13,380

National Archives uh shocked me I

1627

01:08:16,669 --> 01:08:14,940

thought I'd get an email or a message

1628

01:08:18,229 --> 01:08:16,679

and the archivist called me goes Dave he

1629

01:08:20,630 --> 01:08:18,239

goes just want to let you know he goes

1630

01:08:22,910 --> 01:08:20,640

those files actually were Declassified

1631

01:08:25,729 --> 01:08:22,920

in 2014 three years before your request

1632

01:08:27,530 --> 01:08:25,739

and I'm happy to send those to you uh

1633

01:08:29,630 --> 01:08:27,540

what people don't realize is that when

1634

01:08:31,430 --> 01:08:29,640

these things are Declassified there's no

1635

01:08:33,769 --> 01:08:31,440

announcement that goes out to let people

1636

01:08:35,689 --> 01:08:33,779

know it's only by filing your foia

1637

01:08:38,030 --> 01:08:35,699

request you might find out that oh okay

1638

01:08:40,669 --> 01:08:38,040

those those that record is now available

1639

01:08:43,249 --> 01:08:40,679

not all of the people who work in

1640

01:08:45,470 --> 01:08:43,259

government or at The Archives uh work

1641

01:08:48,349 --> 01:08:45,480

hand in hand with one another the the

1642

01:08:50,030 --> 01:08:48,359

varying degrees of knowledge as to what

1643

01:08:53,390 --> 01:08:50,040

the records are and how whether they can

1644

01:08:56,630 --> 01:08:53,400

be released or not I wonder how those

1645

01:08:59,650 --> 01:08:56,640

decisions are made like a lot of times

1646

01:09:02,510 --> 01:08:59,660

there are so many years right where

1647

01:09:04,010 --> 01:09:02,520

they're classified and eventually that

1648

01:09:06,410 --> 01:09:04,020

will be lifted

1649

01:09:07,970 --> 01:09:06,420

and sometimes it's it in very correct me

1650

01:09:10,070 --> 01:09:07,980

if I'm wrong you're the expert in this

1651  
01:09:12,410 --> 01:09:10,080  
area sometimes you may have a wide

1652  
01:09:15,769 --> 01:09:12,420  
sweeping judgment that this records

1653  
01:09:17,630 --> 01:09:15,779  
group is going to stay classified and

1654  
01:09:20,630 --> 01:09:17,640  
ninety percent of it might be trivial

1655  
01:09:22,970 --> 01:09:20,640  
minutia that's in those aisles and it

1656  
01:09:25,309 --> 01:09:22,980  
might not be because it's UFO related

1657  
01:09:26,870 --> 01:09:25,319  
because the the the series of documents

1658  
01:09:29,930 --> 01:09:26,880  
you may want out of that huge records

1659  
01:09:31,610 --> 01:09:29,940  
group might only comprise 20 pages right

1660  
01:09:33,769 --> 01:09:31,620  
because there was this arbitrary

1661  
01:09:36,709 --> 01:09:33,779  
decision just to keep that records group

1662  
01:09:39,229 --> 01:09:36,719  
uh classified unfortunately we're

1663  
01:09:41,990 --> 01:09:39,239

restricted from seeing it yeah I can

1664

01:09:43,849 --> 01:09:42,000

tell you a quick story uh I I think you

1665

01:09:47,209 --> 01:09:43,859

you may have heard of the so-called

1666

01:09:50,749 --> 01:09:47,219

estimate of the situation yes a document

1667

01:09:53,830 --> 01:09:50,759

that was written in 1948 and and alleges

1668

01:09:55,910 --> 01:09:53,840

that uh UFOs are

1669

01:10:00,530 --> 01:09:55,920

interplanetary that was an early

1670

01:10:04,610 --> 01:10:00,540

conclusion by uh uh project sign well uh

1671

01:10:07,610 --> 01:10:04,620

the estimate according to Legend uh was

1672

01:10:09,950 --> 01:10:07,620

kept for a bit and it worked its way up

1673

01:10:12,050 --> 01:10:09,960

through channels the the higher brass

1674

01:10:14,510 --> 01:10:12,060

didn't feel it was supported by evidence

1675

01:10:15,530 --> 01:10:14,520

and they just ordered Declassified and

1676

01:10:18,050 --> 01:10:15,540

burned

1677

01:10:21,770 --> 01:10:18,060

and that's the way it stayed until

1678

01:10:24,729 --> 01:10:21,780

um uh Ed rupelt's book came out and told

1679

01:10:28,430 --> 01:10:24,739

a story of how he visited the Pentagon

1680

01:10:31,490 --> 01:10:28,440

and uh Dewey for an a had shown him a

1681

01:10:32,930 --> 01:10:31,500

copy of it that was in a file draw at

1682

01:10:34,669 --> 01:10:32,940

the Pentagon it should have been

1683

01:10:36,250 --> 01:10:34,679

destroyed but apparently someone had

1684

01:10:39,410 --> 01:10:36,260

saved it so

1685

01:10:41,570 --> 01:10:39,420

it was somewhat elaborated on in root

1686

01:10:43,610 --> 01:10:41,580

pelt's unpublished manuscript he went

1687

01:10:47,270 --> 01:10:43,620

into greater detail describing the

1688

01:10:50,330 --> 01:10:47,280

document and all but uh many years later

1689

01:10:54,169 --> 01:10:50,340

a colleague of mine contacted for an a

1690

01:10:56,630 --> 01:10:54,179

uh about it and Forney gave some very

1691

01:10:59,990 --> 01:10:56,640

interesting detail he said at the time

1692

01:11:02,330 --> 01:11:00,000

that he was in charge of the uh the air

1693

01:11:05,810 --> 01:11:02,340

technical intelligence service Branch

1694

01:11:08,510 --> 01:11:05,820

files which were kept at the Pentagon

1695

01:11:11,810 --> 01:11:08,520

and they were part of the broader

1696

01:11:16,130 --> 01:11:11,820

current intelligence Branch records

1697

01:11:18,050 --> 01:11:16,140

now I I tried to follow up on that and I

1698

01:11:20,930 --> 01:11:18,060

discovered that the current intelligence

1699

01:11:24,709 --> 01:11:20,940

records at that time early 50s

1700

01:11:28,729 --> 01:11:24,719

constituted about 600 boxes

1701

01:11:31,070 --> 01:11:28,739

of records that were kept at archives 2

1702

01:11:32,930 --> 01:11:31,080

which is the uh a place that's a

1703

01:11:35,350 --> 01:11:32,940

clearing house for the main national

1704

01:11:38,810 --> 01:11:35,360

archives in in downtown

1705

01:11:42,709 --> 01:11:38,820

Washington and uh

1706

01:11:44,870 --> 01:11:42,719

uh those covered a myriad of topics but

1707

01:11:48,590 --> 01:11:44,880

they were all off limits the entire

1708

01:11:50,689 --> 01:11:48,600

group were classified as a whole and if

1709

01:11:53,149 --> 01:11:50,699

the estimate is in there which I suspect

1710

01:11:56,930 --> 01:11:53,159

it could be according to forney's

1711

01:11:59,330 --> 01:11:56,940

comments uh all of that would have to be

1712

01:12:02,030 --> 01:11:59,340

Declassified first before we could see

1713

01:12:04,189 --> 01:12:02,040

if uh it was there or not

1714

01:12:06,110 --> 01:12:04,199

and in Dewey fornay's material that I

1715

01:12:10,430 --> 01:12:06,120

acquired through Bill Pitts Arkansas

1716

01:12:12,709 --> 01:12:10,440

researcher uh I have a rare recording of

1717

01:12:14,750 --> 01:12:12,719

Julie describing that he did in fact see

1718

01:12:17,630 --> 01:12:14,760

the estimate and Ed rupelt had seen it

1719

01:12:20,810 --> 01:12:17,640

so we have different uh statements

1720

01:12:22,430 --> 01:12:20,820

different uh texts that reference the

1721

01:12:26,270 --> 01:12:22,440

fact that yes it was seen it was

1722

01:12:28,370 --> 01:12:26,280

described in detail and uh I think that

1723

01:12:29,750 --> 01:12:28,380

to Barry's point there may still be a

1724

01:12:31,910 --> 01:12:29,760

copy of that floating around somewhere

1725

01:12:33,169 --> 01:12:31,920

but it's a the proverbial needle in the

1726

01:12:35,810 --> 01:12:33,179

haystack

1727

01:12:38,209 --> 01:12:35,820

uh David last time we talked you said

1728

01:12:40,550 --> 01:12:38,219

the uh the website wasn't up but I just

1729

01:12:44,030 --> 01:12:40,560

happened to do a search here and you do

1730

01:12:46,729 --> 01:12:44,040

have it it's is this a launched website

1731

01:12:48,470 --> 01:12:46,739

or is this still more to uh to do with

1732

01:12:51,050 --> 01:12:48,480

it oh there'll be much more to do with

1733

01:12:53,390 --> 01:12:51,060

it we're just beginning and uh we just

1734

01:12:55,310 --> 01:12:53,400

wanted to get uh our uh public facing

1735

01:12:57,410 --> 01:12:55,320

there and one of the most important

1736

01:12:58,850 --> 01:12:57,420

things is uh and you mentioned this

1737

01:13:01,010 --> 01:12:58,860

earlier you know the money that we've

1738

01:13:03,229 --> 01:13:01,020

spent on uh Gathering and building these

1739

01:13:04,970 --> 01:13:03,239

collections but we really need the

1740

01:13:07,189 --> 01:13:04,980

support of the general public to help us

1741

01:13:09,350 --> 01:13:07,199

raise money to get a home for the

1742

01:13:11,450 --> 01:13:09,360

history as I like to put it

1743

01:13:13,370 --> 01:13:11,460

um if we can raise the money and more

1744

01:13:14,810 --> 01:13:13,380

specifically work with local uh

1745

01:13:16,669 --> 01:13:14,820

government I plan on meeting with the

1746

01:13:19,070 --> 01:13:16,679

mayor of Albuquerque as well as the

1747

01:13:21,050 --> 01:13:19,080

Mayor of Rio Rancho where I live to see

1748

01:13:24,830 --> 01:13:21,060

if there's any existing Commercial

1749

01:13:27,169 --> 01:13:24,840

Warehouse or commercial real estate uh

1750

01:13:28,630 --> 01:13:27,179

buildings that we could secure to start

1751

01:13:31,130 --> 01:13:28,640

bringing this material together

1752

01:13:34,010 --> 01:13:31,140

obviously it would add to tourism for

1753

01:13:36,649 --> 01:13:34,020

Albuquerque or the Rio Rancho area so

1754

01:13:39,950 --> 01:13:36,659

there's a practical aspect to it from a

1755

01:13:42,770 --> 01:13:39,960

government or uh you know uh Chamber of

1756

01:13:44,149 --> 01:13:42,780

Commerce standpoint but we want to be

1757

01:13:45,770 --> 01:13:44,159

able to have a location where we can

1758

01:13:47,750 --> 01:13:45,780

start doing the work start bringing all

1759

01:13:49,370 --> 01:13:47,760

of us together and I will tell you I've

1760

01:13:50,830 --> 01:13:49,380

had just in the last week a number of

1761

01:13:53,390 --> 01:13:50,840

individuals here in Albuquerque

1762

01:13:55,070 --> 01:13:53,400

volunteer stating if you get a building

1763

01:13:56,209 --> 01:13:55,080

and you bring this material together I

1764

01:13:58,149 --> 01:13:56,219

would like to come and help you start

1765

01:14:00,830 --> 01:13:58,159

scanning that material

1766

01:14:03,250 --> 01:14:00,840

or even moving it helping moving it

1767

01:14:05,689 --> 01:14:03,260

would be good yeah

1768

01:14:07,250 --> 01:14:05,699

so I could use some assistance from some

1769

01:14:10,189 --> 01:14:07,260

younger people to help move these files

1770

01:14:12,410 --> 01:14:10,199

they're they're not liked but um so

1771

01:14:13,970 --> 01:14:12,420

that's the goal but you know we we've

1772

01:14:15,830 --> 01:14:13,980

spent tens of thousands of dollars

1773

01:14:18,110 --> 01:14:15,840

collecting the material if we can help

1774

01:14:22,250 --> 01:14:18,120

raise tens of thousands of dollars to

1775

01:14:23,990 --> 01:14:22,260

secure a home for this and again it will

1776

01:14:26,870 --> 01:14:24,000

be afforded to anyone that wants to come

1777

01:14:28,370 --> 01:14:26,880

here but also it'll be available on the

1778

01:14:30,590 --> 01:14:28,380

internet once we eventually get it all

1779

01:14:33,169 --> 01:14:30,600

scanned are you going to have a place

1780

01:14:35,750 --> 01:14:33,179

where people can contact you that are

1781

01:14:37,790 --> 01:14:35,760

willing to help financially absolutely

1782

01:14:39,050 --> 01:14:37,800

our website that you just pulled up on

1783

01:14:41,810 --> 01:14:39,060

our main page we actually have a

1784

01:14:44,270 --> 01:14:41,820

donation portal and I I do like to add

1785

01:14:46,729 --> 01:14:44,280

the fact that unlike PayPal and some of

1786

01:14:49,610 --> 01:14:46,739

the other pay platforms the one that we

1787

01:14:51,890 --> 01:14:49,620

use is designed for non-profit if you

1788

01:14:53,750 --> 01:14:51,900

donate twenty dollars the organization

1789

01:14:55,189 --> 01:14:53,760

gets all twenty dollars there's no

1790

01:14:57,770 --> 01:14:55,199

skimming off the top there's no

1791

01:14:59,450 --> 01:14:57,780

percentage that's taken out so a hundred

1792

01:15:02,090 --> 01:14:59,460

percent of your donation goes towards

1793

01:15:03,770 --> 01:15:02,100

the organizational goals and then it's a

1794

01:15:06,290 --> 01:15:03,780

tax write-off as well right absolutely

1795

01:15:08,750 --> 01:15:06,300

right non-profit yeah if if you're tax

1796

01:15:11,689 --> 01:15:08,760

depending on your tax situation you have

1797

01:15:14,390 --> 01:15:11,699

to qualify it by saying that yeah yes uh

1798

01:15:17,169 --> 01:15:14,400

they are a tax deductible uh donations

1799

01:15:19,490 --> 01:15:17,179

as a 501c3 non-profit organization

1800

01:15:21,649 --> 01:15:19,500

excellent and those aren't easy to set

1801  
01:15:23,870 --> 01:15:21,659  
up from what I understand no and Martin

1802  
01:15:27,050 --> 01:15:23,880  
I will add I almost failed to mention

1803  
01:15:28,610 --> 01:15:27,060  
within 45 minutes of posting our press

1804  
01:15:31,130 --> 01:15:28,620  
release last Friday for the new

1805  
01:15:33,350 --> 01:15:31,140  
organization I received a message which

1806  
01:15:35,570 --> 01:15:33,360  
I shared with Barry and my colleagues we

1807  
01:15:37,669 --> 01:15:35,580  
received a a very kind message from a

1808  
01:15:40,010 --> 01:15:37,679  
gentleman in South America and he stated

1809  
01:15:42,590 --> 01:15:40,020  
David I have a collection of UFO

1810  
01:15:44,330 --> 01:15:42,600  
material in Portuguese would you be

1811  
01:15:46,550 --> 01:15:44,340  
interested in that and we said

1812  
01:15:48,770 --> 01:15:46,560  
absolutely and our friend our friend

1813  
01:15:51,229 --> 01:15:48,780

Micah Hanks has some friends that can

1814

01:15:53,149 --> 01:15:51,239

translate Portuguese and so he's in the

1815

01:15:56,390 --> 01:15:53,159

process of boxing up that material to

1816

01:15:58,550 --> 01:15:56,400

send to us isn't that awesome that's

1817

01:16:01,490 --> 01:15:58,560

that's the power of press coverage

1818

01:16:03,050 --> 01:16:01,500

absolutely absolutely but within 45

1819

01:16:04,430 --> 01:16:03,060

minutes we already had an offer of

1820

01:16:05,270 --> 01:16:04,440

additional material that we didn't have

1821

01:16:07,189 --> 01:16:05,280

before

1822

01:16:09,110 --> 01:16:07,199

well I hope this brings even more and

1823

01:16:12,649 --> 01:16:09,120

you'll you're going to have to get the

1824

01:16:14,209 --> 01:16:12,659

bigger boat for sure yeah yeah so thank

1825

01:16:16,430 --> 01:16:14,219

you both so much it's been a real

1826

01:16:18,830 --> 01:16:16,440

pleasure and I wish you and your

1827

01:16:22,550 --> 01:16:18,840

families have a wonderful Thanksgiving

1828

01:16:24,470 --> 01:16:22,560

you as well and a good holiday too till

1829

01:16:25,790 --> 01:16:24,480

the end of the year that's right yeah

1830

01:16:28,189 --> 01:16:25,800

and my best to your audience as well

1831

01:16:29,330 --> 01:16:28,199

happy holidays everyone excellent all

1832

01:16:31,910 --> 01:16:29,340

right well you take care it's always

1833

01:16:34,669 --> 01:16:31,920

always a pleasure thank you Martin thank

1834

01:16:36,470 --> 01:16:34,679

you goodbye now bye-bye all right

1835

01:16:39,830 --> 01:16:36,480

everyone so next week we'll be back with

1836

01:16:41,810 --> 01:16:39,840

John Ramirez and xcia should be an

1837

01:16:44,750 --> 01:16:41,820

interesting show thank you so much and

1838

01:16:46,130 --> 01:16:44,760

for those of you in the U.S again uh

1839

01:16:47,870 --> 01:16:46,140

Happy Thanksgiving hope you have a

1840

01:16:49,669 --> 01:16:47,880

wonderful one and we'll see you next

1841

01:16:50,460 --> 01:16:49,679

week and remember to keep your eyes to

1842

01:16:53,570 --> 01:16:50,470

the sky

1843

01:16:53,580 --> 01:17:01,700

foreign
