aliotho is joining he filled in so

9
00:01:21,050 --> 00:01:18,960
graciously when I was out sick and I'm

10
00:01:22,310 --> 00:01:21,060
really glad that we'll be having a

11
00:01:25,490 --> 00:01:22,320
discussion tonight we're going to be

12
00:01:28,609 --> 00:01:25,500
talking a lot about the legislation that

13
00:01:29,710 --> 00:01:28,619

was signed uh recently and what that

14

00:01:34,249 --> 00:01:29,720

means

15

00:01:36,109 --> 00:01:34,259

and we will accept your questions as we

16

00:01:39,109 --> 00:01:36,119

go along if you're in the chat room

17

00:01:42,530 --> 00:01:39,119

please put your questions in chat uh

18

00:01:45,590 --> 00:01:42,540

your all caps so I catch them and let's

19

00:01:47,330 --> 00:01:45,600

see for the blog this week Charles Lear

20

00:01:49,249 --> 00:01:47,340

wrote a really great blog it's called

21

00:01:54,770 --> 00:01:49,259

The National Enquirer

22

00:01:56,870 --> 00:01:54,780

panel now I hadn't realized this I

23

00:01:58,609 --> 00:01:56,880

always think of the inquiries being you

24

00:02:01,010 --> 00:01:58,619

know a tabloid

25

00:02:03,590 --> 00:02:01,020

um but they actually had a like what

26

00:02:05,929 --> 00:02:03,600

they called a blue ribbon panel Jay

27

00:02:07,130 --> 00:02:05,939

Allen heineck Leo sprinkle and several

28

00:02:10,010 --> 00:02:07,140

other people were involved in that and

29

00:02:13,130 --> 00:02:10,020

they did take UFO investigations very

30

00:02:16,250 --> 00:02:13,140

seriously at one time and again which I

31

00:02:18,890 --> 00:02:16,260

never knew there is a some type of CIA

32

00:02:20,990 --> 00:02:18,900

connection there to uh well it's

33

00:02:24,050 --> 00:02:21,000

interesting so check out that blog on

34

00:02:25,790 --> 00:02:24,060

our website which is podcast ufo.com you

35

00:02:28,670 --> 00:02:25,800

can also see you can support the show

36

00:02:30,830 --> 00:02:28,680

for only two dollars or more a month and

37

00:02:34,550 --> 00:02:30,840

uh that would be would be very grateful

38

00:02:36,290 --> 00:02:34,560

for any uh support you can give and I do

39

00:02:39,610 --> 00:02:36,300

appreciate every listener and I want to

40

00:02:43,550 --> 00:02:39,620

wish everyone a happy and healthy

41

00:02:47,809 --> 00:02:43,560

2023 and with that I'm going to bring in

42

00:02:50,030 --> 00:02:47,819

my guest Dean welcome welcome back thank

43

00:02:51,410 --> 00:02:50,040

you Martin great to be back and uh great

44

00:02:53,809 --> 00:02:51,420

to be on your wonderful show with your

45

00:02:55,910 --> 00:02:53,819

wonderful listeners and yes that's right

46

00:02:58,490 --> 00:02:55,920

if you're not a listener if you're if

47

00:03:02,089 --> 00:02:58,500

you're watching it what are you are you

48

00:03:04,330 --> 00:03:02,099

with visuals no a visual or yeah a

49

00:03:07,610 --> 00:03:04,340

visualler yeah yeah yeah yeah

50

00:03:09,350 --> 00:03:07,620

but anyway I I still want to I want to

51
00:03:12,110 --> 00:03:09,360
thank you again for filling it for me

52
00:03:13,610 --> 00:03:12,120
for those several weeks and a lot of

53
00:03:17,930 --> 00:03:13,620
people are asking when's Dean coming

54
00:03:19,670 --> 00:03:17,940
back so here you are and uh a lot of

55
00:03:21,170 --> 00:03:19,680
people really enjoyed uh and thought you

56
00:03:24,170 --> 00:03:21,180
did a wonderful job a lot of great

57
00:03:26,270 --> 00:03:24,180
feedback and uh well as much fun as I

58
00:03:26,990 --> 00:03:26,280
had it was uh even more fun to see you

59
00:03:30,530 --> 00:03:27,000
back

60
00:03:34,430 --> 00:03:30,540
and crushing it and again um it's always

61
00:03:36,530 --> 00:03:34,440
fun always fun yeah hanging with you so

62
00:03:39,890 --> 00:03:36,540
looking forward to it that's great thank

63
00:03:44,390 --> 00:03:39,900

you so uh let's see so we had some

64

00:03:47,110 --> 00:03:44,400

things signed uh by uh Biden recently

65

00:03:50,149 --> 00:03:47,120

and in that there was some legislation

66

00:03:52,789 --> 00:03:50,159

and uh you made a good point

67

00:03:55,250 --> 00:03:52,799

um that it's not really the task force

68

00:03:58,850 --> 00:03:55,260

what do you what do you uh it's back to

69

00:04:01,369 --> 00:03:58,860

the Pentagon which is kind of puzzling

70

00:04:04,130 --> 00:04:01,379

um how do you think the whole thing is

71

00:04:07,610 --> 00:04:04,140

going to uh turn out what did you get

72

00:04:10,610 --> 00:04:08,149

um

73

00:04:13,490 --> 00:04:10,620

let's see there's the

74

00:04:15,470 --> 00:04:13,500

the unadulterated response then there's

75

00:04:17,150 --> 00:04:15,480

a politically correct response

76
00:04:20,689 --> 00:04:17,160
we're going to go with the unadulterated

77
00:04:22,730 --> 00:04:20,699
response uh sounds like a you know

78
00:04:24,530 --> 00:04:22,740
sounds like a

79
00:04:26,810 --> 00:04:24,540
um

80
00:04:28,430 --> 00:04:26,820
to be honest the problem here is that

81
00:04:33,290 --> 00:04:28,440
you have the dod policing themselves

82
00:04:36,590 --> 00:04:33,300
again and that's worked great uh when

83
00:04:38,030 --> 00:04:36,600
and so it it feels like you know there

84
00:04:39,110 --> 00:04:38,040
they've got the Whistleblower thing

85
00:04:41,090 --> 00:04:39,120
which is kind of weird is it a

86
00:04:43,070 --> 00:04:41,100
whistleblower is it just reporting what

87
00:04:45,170 --> 00:04:43,080
you see it should no longer be called

88
00:04:47,570 --> 00:04:45,180

whistleblowing it should be you have

89

00:04:49,670 --> 00:04:47,580

this you know this opportunity to come

90

00:04:51,530 --> 00:04:49,680

forth and say this and and report it but

91

00:04:55,550 --> 00:04:51,540

you're not going to be able to report it

92

00:04:59,270 --> 00:04:55,560

directly to the UAP task force which is

93

00:05:02,510 --> 00:04:59,280

the you know the the um uh the

94

00:05:04,850 --> 00:05:02,520

congress's you know um direct link to

95

00:05:08,210 --> 00:05:04,860

the government and what's going on uh

96

00:05:10,310 --> 00:05:08,220

force it it doesn't it's it's segregated

97

00:05:13,909 --> 00:05:10,320

so when you have if you're and again

98

00:05:15,890 --> 00:05:13,919

this this legislation really refers to

99

00:05:18,050 --> 00:05:15,900

only two two kinds of people they're the

100

00:05:20,150 --> 00:05:18,060

people who are in the military and then

101
00:05:21,950 --> 00:05:20,160
there are the contractors that work with

102
00:05:23,629 --> 00:05:21,960
the military so those are the two people

103
00:05:25,129 --> 00:05:23,639
that they're mentioned that that get a

104
00:05:27,650 --> 00:05:25,139
partake in this

105
00:05:29,570 --> 00:05:27,660
um reporting if you will so again it's

106
00:05:32,870 --> 00:05:29,580
not going to

107
00:05:33,890 --> 00:05:32,880
um the uh UAP task force it's going to

108
00:05:37,310 --> 00:05:33,900
Arrow

109
00:05:38,270 --> 00:05:37,320
and so and what they do with it is up to

110
00:05:41,090 --> 00:05:38,280
them

111
00:05:43,909 --> 00:05:41,100
so how do we get that information

112
00:05:46,370 --> 00:05:43,919
now the UAP task force already had

113
00:05:49,430 --> 00:05:46,380

behind closed doors were they able to

114

00:05:50,450 --> 00:05:49,440

say to the Congress men and women this

115

00:05:52,490 --> 00:05:50,460

is what

116

00:05:53,749 --> 00:05:52,500

is going on here's stuff that we're

117

00:05:56,950 --> 00:05:53,759

worried about here's stuff that we want

118

00:05:59,450 --> 00:05:56,960

to keep you know uh keep off record

119

00:06:00,830 --> 00:05:59,460

because we feel like it could you know

120

00:06:02,990 --> 00:06:00,840

interfere with what we're doing or

121

00:06:06,730 --> 00:06:03,000

technology we're working on Etc

122

00:06:09,590 --> 00:06:06,740

so it really feels like to me

123

00:06:12,350 --> 00:06:09,600

that you know they're saying well we're

124

00:06:14,450 --> 00:06:12,360

going to continue what we're doing

125

00:06:17,330 --> 00:06:14,460

but the wording the only difference here

126

00:06:19,129 --> 00:06:17,340

really is that I guess and it's good is

127

00:06:20,629 --> 00:06:19,139

that you're not going to maybe lose your

128

00:06:23,390 --> 00:06:20,639

job or you're not going to be threatened

129

00:06:26,029 --> 00:06:23,400

with being reassigned that can't be

130

00:06:27,650 --> 00:06:26,039

discounted that's huge so you know my

131

00:06:29,809 --> 00:06:27,660

hat's off for that that to me is the

132

00:06:31,189 --> 00:06:29,819

biggest win here to be honest

133

00:06:34,010 --> 00:06:31,199

um because it's not saying that there's

134

00:06:36,950 --> 00:06:34,020

going to be some transparent

135

00:06:39,590 --> 00:06:36,960

um uh you know a pipeline going directly

136

00:06:41,809 --> 00:06:39,600

to Congress which will feed to us

137

00:06:44,029 --> 00:06:41,819

so for all of us that want more

138

00:06:46,010 --> 00:06:44,039

information and and want all of that you

139

00:06:47,510 --> 00:06:46,020

know out there

140

00:06:49,670 --> 00:06:47,520

um I I feel like we're still being

141

00:06:52,189 --> 00:06:49,680

filtered heavily

142

00:06:55,010 --> 00:06:52,199

um now now this does not preclude people

143

00:06:57,529 --> 00:06:55,020

from all over the world who are not in

144

00:06:59,870 --> 00:06:57,539

the military and who are not contractors

145

00:07:01,730 --> 00:06:59,880

of the military from reporting what they

146

00:07:03,350 --> 00:07:01,740

say but again it has so much more

147

00:07:05,270 --> 00:07:03,360

gravitas you know you look at James

148

00:07:08,390 --> 00:07:05,280

Fox's you know great documentary The

149

00:07:11,330 --> 00:07:08,400

phenomenon and it really focuses on

150

00:07:14,210 --> 00:07:11,340

on the government cases and there's a

151
00:07:17,270 --> 00:07:14,220
reason for that you know media and the

152
00:07:18,129 --> 00:07:17,280
perception of the phenomenon gets really

153
00:07:21,890 --> 00:07:18,139
um

154
00:07:24,110 --> 00:07:21,900
uh look it's it's The credibility Factor

155
00:07:27,110 --> 00:07:24,120
shoots up when you have people that are

156
00:07:29,270 --> 00:07:27,120
you know uh looking at this phenomenon

157
00:07:31,249 --> 00:07:29,280
up close and personal who especially if

158
00:07:33,050 --> 00:07:31,259
in the Air Force or Navy or all the

159
00:07:35,270 --> 00:07:33,060
different branches that have their their

160
00:07:37,850 --> 00:07:35,280
air and underwater

161
00:07:38,570 --> 00:07:37,860
um uh you know forces are witnessing

162
00:07:40,070 --> 00:07:38,580
this

163
00:07:41,749 --> 00:07:40,080

and so

164

00:07:43,730 --> 00:07:41,759

um yeah so that's kind of my initial

165

00:07:46,129 --> 00:07:43,740

take if you will and sorry for dropping

166

00:07:48,550 --> 00:07:46,139

the F-bomb but that's going to happen I

167

00:07:51,650 --> 00:07:48,560

know this is a uh safe for work podcast

168

00:07:54,230 --> 00:07:51,660

yeah I'm gonna have to do the NS

169

00:07:56,270 --> 00:07:54,240

whatever they they call it not safe for

170

00:08:01,010 --> 00:07:56,280

work yeah yeah

171

00:08:03,589 --> 00:08:01,020

uh but uh so anyway the the aaro stands

172

00:08:07,730 --> 00:08:03,599

for all domain anomaly resolution

173

00:08:10,249 --> 00:08:07,740

office and when it means all domain it

174

00:08:15,050 --> 00:08:10,259

does mean all domain whether it's air C

175

00:08:18,950 --> 00:08:15,060

uh you know underwater uh land uh but it

176

00:08:22,129 --> 00:08:18,960

but anyway uh so I feel like it has

177

00:08:25,010 --> 00:08:22,139

you know at this point it has uh I I

178

00:08:27,050 --> 00:08:25,020

think maybe what you're you're saying uh

179

00:08:28,850 --> 00:08:27,060

makes a lot of sense like here we go

180

00:08:31,309 --> 00:08:28,860

again you know that type of thing like

181

00:08:33,290 --> 00:08:31,319

we're not uh we're not going to be

182

00:08:34,850 --> 00:08:33,300

learning anything it sounds like it's

183

00:08:37,850 --> 00:08:34,860

very possible that we won't be learning

184

00:08:41,389 --> 00:08:37,860

anything whereas we had hope as this was

185

00:08:43,969 --> 00:08:41,399

going to be a very transparent thing uh

186

00:08:46,610 --> 00:08:43,979

and now it seems like it may not uh at

187

00:08:48,530 --> 00:08:46,620

this point yeah the timing is again a

188

00:08:49,970 --> 00:08:48,540

little strange you know we've got the

189

00:08:51,710 --> 00:08:49,980

UAP task force and all of a sudden

190

00:08:54,530 --> 00:08:51,720

they've got their task force

191

00:08:57,050 --> 00:08:54,540

and so it's you know and who's going to

192

00:08:58,310 --> 00:08:57,060

have more gravitas you know is it going

193

00:09:02,990 --> 00:08:58,320

to be

194

00:09:05,930 --> 00:09:03,000

Arrow you know and then we've got NASA

195

00:09:08,030 --> 00:09:05,940

that has their own program now uh that

196

00:09:11,210 --> 00:09:08,040

will spend not a hundred thousand but up

197

00:09:14,509 --> 00:09:11,220

to a hundred thousand I know which is

198

00:09:17,810 --> 00:09:14,519

quite uh minimal if you ask me yeah so

199

00:09:20,870 --> 00:09:17,820

so uh I want to I want to read uh some

200

00:09:23,389 --> 00:09:20,880

of these things that uh let's see Chris

201
00:09:25,370 --> 00:09:23,399
Mellon pointed out let me let me see if

202
00:09:27,170 --> 00:09:25,380
I can present this

203
00:09:30,290 --> 00:09:27,180
um as a share

204
00:09:31,790 --> 00:09:30,300
and pull that up let's see

205
00:09:34,970 --> 00:09:31,800
um

206
00:09:36,650 --> 00:09:34,980
okay so Chris melon I basically pointed

207
00:09:37,490 --> 00:09:36,660
out these articles let me just put it up

208
00:09:38,870 --> 00:09:37,500
here

209
00:09:41,630 --> 00:09:38,880
and

210
00:09:44,030 --> 00:09:41,640
um that is

211
00:09:46,730 --> 00:09:44,040
I just go through these

212
00:09:49,430 --> 00:09:46,740
these numbered things real quickly and

213
00:09:51,829 --> 00:09:49,440

what he's saying I I don't need to read

214

00:09:52,970 --> 00:09:51,839

every single thing but number one this

215

00:09:56,150 --> 00:09:52,980

is uh

216

00:09:58,310 --> 00:09:56,160

in what he was uh

217

00:10:00,769 --> 00:09:58,320

talking about what was signed in number

218

00:10:03,170 --> 00:10:00,779

one proves provides greatly enhanced

219

00:10:05,769 --> 00:10:03,180

authorities and resources for the all

220

00:10:08,509 --> 00:10:05,779

domain anomaly resolution office

221

00:10:10,790 --> 00:10:08,519

aaro which now reports directly to the

222

00:10:13,070 --> 00:10:10,800

leaders of the defense department and

223

00:10:15,470 --> 00:10:13,080

the intelligence Community the

224

00:10:16,970 --> 00:10:15,480

organization's usual name is intended to

225

00:10:19,970 --> 00:10:16,980

clarify that it's

226

00:10:22,490 --> 00:10:19,980

purview extends to anomalous objects

227

00:10:24,710 --> 00:10:22,500

regardless of their location I.E Land

228

00:10:27,230 --> 00:10:24,720

Air undersea or space

229

00:10:28,850 --> 00:10:27,240

number two mandates a review of

230

00:10:30,650 --> 00:10:28,860

intelligence of all intelligence

231

00:10:35,810 --> 00:10:30,660

documents involving

232

00:10:38,389 --> 00:10:35,820

UAP from 1945 to present which I think

233

00:10:40,790 --> 00:10:38,399

is great because you know prior to this

234

00:10:44,509 --> 00:10:40,800

they had only wanted to look

235

00:10:46,310 --> 00:10:44,519

um from 2004 I believe it was forward so

236

00:10:49,730 --> 00:10:46,320

because in their their argument for that

237

00:10:52,550 --> 00:10:49,740

was that the data was you know outdated

238

00:10:53,750 --> 00:10:52,560

and not as good as uh you know modern

239

00:10:56,210 --> 00:10:53,760

technology

240

00:10:57,829 --> 00:10:56,220

um in the past but if they really truly

241

00:10:59,449 --> 00:10:57,839

do look back they're going to find all

242

00:11:02,389 --> 00:10:59,459

kinds of things

243

00:11:06,170 --> 00:11:02,399

um that that had happened over the years

244

00:11:07,870 --> 00:11:06,180

that absolutely make no sense for uh any

245

00:11:11,569 --> 00:11:07,880

of our technology

246

00:11:12,949 --> 00:11:11,579

that existed at the time and even now so

247

00:11:14,930 --> 00:11:12,959

you know there were things that were

248

00:11:18,230 --> 00:11:14,940

clocked at many thousands of miles an

249

00:11:20,389 --> 00:11:18,240

hour back in the 1960s so there's no

250

00:11:23,389 --> 00:11:20,399

explanation for that if we had that type

251
00:11:26,569 --> 00:11:23,399
of Technology then it certainly would be

252
00:11:30,410 --> 00:11:26,579
out by now uh okay number three with

253
00:11:32,990 --> 00:11:30,420
cars DOD DHS and the IC to identify

254
00:11:37,389 --> 00:11:33,000
any non-disclosure agreements slated

255
00:11:41,170 --> 00:11:37,399
related to UAP and provide those to the

256
00:11:45,530 --> 00:11:41,180
aaro office number four directs the new

257
00:11:48,350 --> 00:11:45,540
aaro office to develop a UAP science

258
00:11:50,509 --> 00:11:48,360
plan to assess the sometimes mysterious

259
00:11:53,750 --> 00:11:50,519
and mind-bending capabilities being

260
00:11:55,850 --> 00:11:53,760
reported as well as a collection plan to

261
00:11:58,430 --> 00:11:55,860
leverage America's vast technology

262
00:12:01,009 --> 00:11:58,440
intelligence apparatus to determine

263
00:12:04,190 --> 00:12:01,019

where these objects are coming from and

264

00:12:06,949 --> 00:12:04,200

their capabilities as well as intent the

265

00:12:08,870 --> 00:12:06,959

aggressive UAP investigation using

266

00:12:10,490 --> 00:12:08,880

America's unparalleled intelligence

267

00:12:13,490 --> 00:12:10,500

capabilities

268

00:12:16,130 --> 00:12:13,500

is this is in uh Chris mellon's words is

269

00:12:20,269 --> 00:12:16,140

what I had hoped to accomplish when he

270

00:12:23,150 --> 00:12:20,279

brought the famous doduap videos Gimbal

271

00:12:25,670 --> 00:12:23,160

and the Fleur uh he talks about

272

00:12:27,230 --> 00:12:25,680

um how that broke back on uh back in

273

00:12:30,530 --> 00:12:27,240

December

274

00:12:31,490 --> 00:12:30,540

um 2017. number five this is uh the

275

00:12:33,889 --> 00:12:31,500

important one that you were talking

276

00:12:36,350 --> 00:12:33,899

about provides a secure process for

277

00:12:39,110 --> 00:12:36,360

anyone who has signed an official U.S

278

00:12:41,870 --> 00:12:39,120

government secrecy agreement related to

279

00:12:46,610 --> 00:12:41,880

UAP to come forward and reveal that

280

00:12:48,710 --> 00:12:46,620

information to aaro and to Congress so

281

00:12:50,990 --> 00:12:48,720

to Congress that's the good point right

282

00:12:53,449 --> 00:12:51,000

there regardless of the level of

283

00:12:55,790 --> 00:12:53,459

classification without fear of

284

00:12:58,430 --> 00:12:55,800

Retribution or prosecution

285

00:13:00,350 --> 00:12:58,440

this provision is intended to determine

286

00:13:02,750 --> 00:13:00,360

the veracity of the long-standing

287

00:13:03,829 --> 00:13:02,760

allegations indicating that the U.S

288

00:13:06,410 --> 00:13:03,839

government has recovered

289

00:13:08,870 --> 00:13:06,420

extraterrestrial technology and perhaps

290

00:13:13,129 --> 00:13:08,880

even extraterrestrial beings the alleged

291

00:13:14,329 --> 00:13:13,139

UAP crash in 1947 near Roswell New

292

00:13:17,750 --> 00:13:14,339

Mexico

293

00:13:20,210 --> 00:13:17,760

uh Trinity and blah blah blah so anyway

294

00:13:25,310 --> 00:13:20,220

that's just it kind of some really good

295

00:13:26,030 --> 00:13:25,320

points that Chris Mellon had pointed out

296

00:13:28,069 --> 00:13:26,040

um

297

00:13:30,829 --> 00:13:28,079

I don't know that you can directly go to

298

00:13:32,870 --> 00:13:30,839

Congress that doesn't sound right that

299

00:13:35,090 --> 00:13:32,880

these uh people who witness this stuff

300

00:13:36,350 --> 00:13:35,100

can go to Congress who are you going to

301
00:13:39,230 --> 00:13:36,360
go to Congress because Congress doesn't

302
00:13:40,250 --> 00:13:39,240
have a task force the UAP task force is

303
00:13:42,650 --> 00:13:40,260
a separate

304
00:13:44,810 --> 00:13:42,660
entity that's that's working with

305
00:13:47,269 --> 00:13:44,820
Congress so I don't I don't know that

306
00:13:50,090 --> 00:13:47,279
you can go down just a little mix of

307
00:13:53,690 --> 00:13:50,100
wording there perhaps yeah

308
00:13:55,550 --> 00:13:53,700
um so yeah so again what that means to

309
00:13:58,910 --> 00:13:55,560
me is um

310
00:14:01,430 --> 00:13:58,920
is um sorry I'm I'm very distracted

311
00:14:04,009 --> 00:14:01,440
right now because of

312
00:14:05,990 --> 00:14:04,019
um what Jenkins uh at the Wall Street

313
00:14:09,290 --> 00:14:06,000

times

314

00:14:10,610 --> 00:14:09,300

um wrote Oh yes yes isn't that something

315

00:14:13,009 --> 00:14:10,620

so you want to talk a little bit about

316

00:14:14,150 --> 00:14:13,019

that yeah well let's we'll finish this

317

00:14:16,009 --> 00:14:14,160

but but

318

00:14:19,250 --> 00:14:16,019

um I'm just saying that's kind of what's

319

00:14:21,530 --> 00:14:19,260

because I'm I'm separating the two and

320

00:14:22,970 --> 00:14:21,540

and going okay well this has been signed

321

00:14:24,949 --> 00:14:22,980

finally

322

00:14:27,470 --> 00:14:24,959

um and we'll see what happens

323

00:14:29,629 --> 00:14:27,480

because there's every potential

324

00:14:34,250 --> 00:14:29,639

that nothing may happen

325

00:14:36,829 --> 00:14:34,260

you know it might just kind of you know

326

00:14:39,769 --> 00:14:36,839

it might it might become something that

327

00:14:41,030 --> 00:14:39,779

that kind of Fades without you know uh

328

00:14:43,009 --> 00:14:41,040

the Press

329

00:14:44,389 --> 00:14:43,019

checking in and hounding them and going

330

00:14:45,769 --> 00:14:44,399

hey what's going on here and if the

331

00:14:46,790 --> 00:14:45,779

Press is all of a sudden going in a

332

00:14:48,230 --> 00:14:46,800

different direction

333

00:14:50,449 --> 00:14:48,240

for whatever reason we can talk about

334

00:14:52,910 --> 00:14:50,459

possible reasons for that

335

00:14:55,550 --> 00:14:52,920

um that doesn't happen

336

00:14:57,470 --> 00:14:55,560

you know because again

337

00:14:59,449 --> 00:14:57,480

I mean there's you know we've got 18

338

00:15:01,430 --> 00:14:59,459

months I guess it is that they've got to

339

00:15:03,949 --> 00:15:01,440

report what's going on

340

00:15:05,449 --> 00:15:03,959

um but even now the UAP Task Force is is

341

00:15:06,829 --> 00:15:05,459

late there was a report that was

342

00:15:09,650 --> 00:15:06,839

supposed to come out last Halloween

343

00:15:12,230 --> 00:15:09,660

still hasn't that's correct yes

344

00:15:16,250 --> 00:15:12,240

and and and we heard little bits and

345

00:15:17,389 --> 00:15:16,260

pieces of it but never you know it

346

00:15:19,550 --> 00:15:17,399

didn't really

347

00:15:23,629 --> 00:15:19,560

uh nothing really showed up

348

00:15:25,730 --> 00:15:23,639

yeah so I'm I'm very you know don't take

349

00:15:27,889 --> 00:15:25,740

this uh wrong I'm not saying that that

350

00:15:31,310 --> 00:15:27,899

this whole thing is uh smoke and mirrors

351
00:15:33,430 --> 00:15:31,320
but I'm saying that this isn't um

352
00:15:37,009 --> 00:15:33,440
there's nothing really to kind of

353
00:15:38,449 --> 00:15:37,019
celebrate yet we can kind of um

354
00:15:40,189 --> 00:15:38,459
you know we can pull out the cigars but

355
00:15:42,769 --> 00:15:40,199
we can't like them yet I guess is what

356
00:15:47,150 --> 00:15:42,779
I'm saying here is the the National

357
00:15:48,730 --> 00:15:47,160
Defense authorization act uh 2023. this

358
00:15:51,470 --> 00:15:48,740
is right from the government's website

359
00:15:53,870 --> 00:15:51,480
and you know it goes on and on on a

360
00:15:56,569 --> 00:15:53,880
breakdown and

361
00:15:58,490 --> 00:15:56,579
uh but you know you try to search for

362
00:15:59,930 --> 00:15:58,500
the UAP through there and it becomes

363
00:16:01,370 --> 00:15:59,940

very difficult

364

00:16:02,990 --> 00:16:01,380

and

365

00:16:04,550 --> 00:16:03,000

um you have to

366

00:16:06,110 --> 00:16:04,560

you have to look at these other things

367

00:16:07,210 --> 00:16:06,120

let me pull some things up you have to

368

00:16:10,670 --> 00:16:07,220

go to section

369

00:16:13,550 --> 00:16:10,680

1673 A4 B

370

00:16:16,009 --> 00:16:13,560

and um yeah you got to do some digging

371

00:16:18,889 --> 00:16:16,019

in order to really yeah you know pull

372

00:16:22,670 --> 00:16:18,899

that in yep and I I did uh I pulled up

373

00:16:25,430 --> 00:16:22,680

some a couple of uh PDFs

374

00:16:27,889 --> 00:16:25,440

um let's see which one

375

00:16:29,629 --> 00:16:27,899

that that uh

376

00:16:31,610 --> 00:16:29,639

I'm not even sure if this is showing

377

00:16:33,290 --> 00:16:31,620

right now I can't see oh there it is yep

378

00:16:35,210 --> 00:16:33,300

okay

379

00:16:38,569 --> 00:16:35,220

um but anyway

380

00:16:40,850 --> 00:16:38,579

um I will have all these into Linked In

381

00:16:42,829 --> 00:16:40,860

the show show notes but I think I had

382

00:16:45,590 --> 00:16:42,839

that in the section where it talks about

383

00:16:48,710 --> 00:16:45,600

UAP uh when it first came up here it is

384

00:16:50,569 --> 00:16:48,720

right here section 1673 I don't know

385

00:16:52,610 --> 00:16:50,579

Define an almost phenomenon reporting

386

00:16:54,769 --> 00:16:52,620

procedures where it goes through all

387

00:16:56,810 --> 00:16:54,779

that I mean just to see this in any type

388

00:17:00,230 --> 00:16:56,820

of legislation is pretty

389

00:17:01,610 --> 00:17:00,240

uh you know pretty amazing really it is

390

00:17:04,309 --> 00:17:01,620

yeah

391

00:17:07,850 --> 00:17:04,319

but but where where are we going to be

392

00:17:09,829 --> 00:17:07,860

back to to Ground Zero again is that is

393

00:17:10,970 --> 00:17:09,839

that what you're you know I mean here's

394

00:17:11,870 --> 00:17:10,980

the thing you just talked about the

395

00:17:13,130 --> 00:17:11,880

media

396

00:17:15,289 --> 00:17:13,140

and

397

00:17:17,270 --> 00:17:15,299

I I've said this before we have a very

398

00:17:20,150 --> 00:17:17,280

ephemeral Society you hardly ever hear

399

00:17:22,789 --> 00:17:20,160

about things like the war and you know

400

00:17:24,650 --> 00:17:22,799

or anything you know it just it's a

401
00:17:27,530 --> 00:17:24,660
flash in the pan and then move on to the

402
00:17:29,990 --> 00:17:27,540
next whatever it is so

403
00:17:32,470 --> 00:17:30,000
um I I think if the media is not

404
00:17:35,390 --> 00:17:32,480
hounding for information

405
00:17:36,950 --> 00:17:35,400
and I you know in some ways I'm thinking

406
00:17:38,810 --> 00:17:36,960
that the whole thing could just quiet

407
00:17:41,210 --> 00:17:38,820
down and maybe we'll won't hear unless

408
00:17:43,549 --> 00:17:41,220
we are the agitators

409
00:17:46,909 --> 00:17:43,559
um nothing's going to be really brought

410
00:17:50,270 --> 00:17:46,919
up yeah yeah and so

411
00:17:52,789 --> 00:17:50,280
um again right now I'm looking at you

412
00:17:55,190 --> 00:17:52,799
know speaking of the press and and uh

413
00:17:59,029 --> 00:17:55,200

we've got Jenkins you know article oh

414

00:18:01,909 --> 00:17:59,039

yes coming out and and the title of

415

00:18:05,210 --> 00:18:01,919

which is so condescending the UF UFO

416

00:18:07,669 --> 00:18:05,220

bubble goes pop that's right

417

00:18:10,190 --> 00:18:07,679

um yeah you saw that I'm not

418

00:18:10,800 --> 00:18:10,200

I'm not calling him one but that's a

419

00:18:12,590 --> 00:18:10,810

dick move

420

00:18:15,350 --> 00:18:12,600

[Laughter]

421

00:18:17,090 --> 00:18:15,360

I'm sorry yeah I'm sorry it's like come

422

00:18:19,010 --> 00:18:17,100

on so you're the guy who's gonna pop the

423

00:18:21,289 --> 00:18:19,020

bubble you've you've figured it out

424

00:18:22,669 --> 00:18:21,299

after decades and decades and now you're

425

00:18:25,490 --> 00:18:22,679

going to bring everyone back to Earth

426

00:18:26,990 --> 00:18:25,500

good job and the fact is he's

427

00:18:29,029 --> 00:18:27,000

ill-informed he has not done his

428

00:18:32,150 --> 00:18:29,039

homework as Chris melon has pointed out

429

00:18:34,870 --> 00:18:32,160

yes um and so

430

00:18:37,310 --> 00:18:34,880

um I my feeling is

431

00:18:38,690 --> 00:18:37,320

what does that do you're cherry picking

432

00:18:41,510 --> 00:18:38,700

stuff you're not doing any solid

433

00:18:43,190 --> 00:18:41,520

research and it's like a catchy tagline

434

00:18:44,690 --> 00:18:43,200

I guess

435

00:18:46,310 --> 00:18:44,700

um it's time you know but that's what

436

00:18:47,570 --> 00:18:46,320

the media does is they'll build

437

00:18:49,549 --> 00:18:47,580

something up build something up can't

438

00:18:51,950 --> 00:18:49,559

wait for is this now the time to kick

439

00:18:53,870 --> 00:18:51,960

down the pedestal great I'm gonna try to

440

00:18:56,750 --> 00:18:53,880

get in there before anyone else uh an

441

00:18:57,950 --> 00:18:56,760

echo of that was uh Julian Barnes with

442

00:18:59,690 --> 00:18:57,960

the New York Times now the New York

443

00:19:01,669 --> 00:18:59,700

Times has changed a little bit Ralph

444

00:19:03,470 --> 00:19:01,679

Blumenthal um will tell you that his

445

00:19:05,450 --> 00:19:03,480

article on experiences was going to be

446

00:19:07,850 --> 00:19:05,460

coming out but because there's some new

447

00:19:10,250 --> 00:19:07,860

people in there it wasn't welcomed and

448

00:19:13,669 --> 00:19:10,260

he'd been working on this for a while

449

00:19:17,330 --> 00:19:13,679

and um yeah and that was uh uh

450

00:19:19,490 --> 00:19:17,340

unfortunate and so and and that article

451

00:19:21,650 --> 00:19:19,500

um that Julian Barnes did um just for

452

00:19:23,270 --> 00:19:21,660

those who don't remember this or have a

453

00:19:26,029 --> 00:19:23,280

dart board that they throw darts at

454

00:19:27,590 --> 00:19:26,039

[Laughter]

455

00:19:29,390 --> 00:19:27,600

um I got off on the wrong side of the

456

00:19:31,909 --> 00:19:29,400

bed I think it was on the wrong side of

457

00:19:34,070 --> 00:19:31,919

spaceship this morning I guess

458

00:19:36,650 --> 00:19:34,080

um yeah yeah so so that one was

459

00:19:38,630 --> 00:19:36,660

basically saying that oh the military

460

00:19:41,630 --> 00:19:38,640

has said basically we're wrong that

461

00:19:43,730 --> 00:19:41,640

there's 144 cases and we've discovered

462

00:19:45,350 --> 00:19:43,740

that it's you know there's prosaic

463

00:19:47,390 --> 00:19:45,360

answers for all them and it's primarily

464

00:19:48,650 --> 00:19:47,400

two things which is

465

00:19:51,950 --> 00:19:48,660

um space

466

00:19:53,570 --> 00:19:51,960

garbage Space trash Oh yeah and and the

467

00:19:55,850 --> 00:19:53,580

other thing is that it's drones

468

00:19:58,070 --> 00:19:55,860

yeah and I'm like okay cool and like

469

00:19:59,630 --> 00:19:58,080

Chris melon says in his article

470

00:20:02,029 --> 00:19:59,640

he says hey if it is that if it's

471

00:20:03,830 --> 00:20:02,039

prosaic if it is you know You Know The

472

00:20:05,570 --> 00:20:03,840

Enemy or whatever great now we know who

473

00:20:07,370 --> 00:20:05,580

it is let's let's pivot to how we're

474

00:20:09,169 --> 00:20:07,380

going to deal with that doesn't have to

475

00:20:10,370 --> 00:20:09,179

be that but the whole point is that

476

00:20:13,370 --> 00:20:10,380

there's this threat that's out there

477

00:20:14,870 --> 00:20:13,380

that that precipitated us you know was a

478

00:20:17,090 --> 00:20:14,880

privilege to us creating these programs

479

00:20:20,270 --> 00:20:17,100

so Julian Barnes

480

00:20:22,690 --> 00:20:20,280

he he says those two things does he say

481

00:20:26,570 --> 00:20:22,700

to the his Anonymous you know Government

482

00:20:28,549 --> 00:20:26,580

contact okay cool can you check the

483

00:20:30,230 --> 00:20:28,559

files and show me footage of space

484

00:20:32,930 --> 00:20:30,240

debris

485

00:20:34,610 --> 00:20:32,940

so we can see where that looks yeah so

486

00:20:35,870 --> 00:20:34,620

we can see what that looks like so we

487

00:20:37,970 --> 00:20:35,880

can compare it to other things that

488

00:20:40,130 --> 00:20:37,980

we've seen or heard you you can't do

489

00:20:41,810 --> 00:20:40,140

that okay that can't be classified

490

00:20:44,630 --> 00:20:41,820

because there's stuff that comes down

491

00:20:45,950 --> 00:20:44,640

all the time from you know other stuff

492

00:20:47,570 --> 00:20:45,960

that I mean there's so much crap up

493

00:20:49,250 --> 00:20:47,580

there I think it's I don't know if it's

494

00:20:50,930 --> 00:20:49,260

up to Millions now but it's all

495

00:20:52,490 --> 00:20:50,940

categorized even screws they know

496

00:20:53,390 --> 00:20:52,500

everything that's out there that comes

497

00:20:56,510 --> 00:20:53,400

down

498

00:20:58,970 --> 00:20:56,520

okay so can you show me a drone show me

499

00:21:00,409 --> 00:20:58,980

Chinese Drone footage because if a whole

500

00:21:01,970 --> 00:21:00,419

bunch of this stuff is happening and we

501
00:21:03,590 --> 00:21:01,980
know that you're shooting and filming

502
00:21:08,090 --> 00:21:03,600
this stuff guys

503
00:21:10,789 --> 00:21:08,100
um Mr F you know 1618 Pilots it's it's

504
00:21:12,890 --> 00:21:10,799
and above it's there and so my question

505
00:21:15,890 --> 00:21:12,900
is

506
00:21:17,450 --> 00:21:15,900
um did it did he ask them do these

507
00:21:19,549 --> 00:21:17,460
drones

508
00:21:22,730 --> 00:21:19,559
change course

509
00:21:25,010 --> 00:21:22,740
on a on a dime yeah do they stop on a

510
00:21:26,630 --> 00:21:25,020
dime yeah just a Hypersonic technology

511
00:21:29,210 --> 00:21:26,640
that I'm aware of and we've just made

512
00:21:31,310 --> 00:21:29,220
some new advances you know the US uh

513
00:21:33,590 --> 00:21:31,320

defense has just had some new advances

514

00:21:35,049 --> 00:21:33,600

it goes really fast but it goes in One

515

00:21:38,029 --> 00:21:35,059

Direction

516

00:21:40,730 --> 00:21:38,039

and so you know Hypersonic speed that's

517

00:21:42,890 --> 00:21:40,740

great but these things aren't doing that

518

00:21:44,630 --> 00:21:42,900

and again you know the the other

519

00:21:46,669 --> 00:21:44,640

criticism I have and I'm just throwing

520

00:21:47,690 --> 00:21:46,679

it all out it's a new year so let's get

521

00:21:50,450 --> 00:21:47,700

it all out

522

00:21:54,770 --> 00:21:50,460

is um the crap I hear

523

00:21:57,590 --> 00:21:54,780

um when people are talking about how um

524

00:22:00,049 --> 00:21:57,600

uh Pilots aren't scientists so how would

525

00:22:01,669 --> 00:22:00,059

they really know oh that's ridiculous I

526

00:22:03,169 --> 00:22:01,679

love that one that's great because then

527

00:22:04,250 --> 00:22:03,179

I want to say to the scientists who's

528

00:22:06,950 --> 00:22:04,260

saying that

529

00:22:09,169 --> 00:22:06,960

are you a pilot yeah how many experience

530

00:22:11,930 --> 00:22:09,179

are you in Top Gun you know what Top Gun

531

00:22:15,049 --> 00:22:11,940

is right yeah oh you're not so you don't

532

00:22:16,789 --> 00:22:15,059

have so okay well that pretty much

533

00:22:18,710 --> 00:22:16,799

cancels out your your opinion because

534

00:22:20,090 --> 00:22:18,720

you've got a chalkboard and they have

535

00:22:25,370 --> 00:22:20,100

the whole sky

536

00:22:28,010 --> 00:22:25,380

so and rant yeah yeah no really that's

537

00:22:31,130 --> 00:22:28,020

that's really a great point and yeah

538

00:22:33,649 --> 00:22:31,140

that is that it always it's always funny

539

00:22:36,590 --> 00:22:33,659

that they'd never they always try to

540

00:22:40,310 --> 00:22:36,600

categorize it like that and just just

541

00:22:44,090 --> 00:22:40,320

sweep it all away by proclamation but it

542

00:22:46,250 --> 00:22:44,100

never it never accounts for the facts of

543

00:22:47,570 --> 00:22:46,260

what people have been witnessing for

544

00:22:51,770 --> 00:22:47,580

decades

545

00:22:53,149 --> 00:22:51,780

and that could no in no way ever be a

546

00:22:55,310 --> 00:22:53,159

drone or

547

00:22:57,890 --> 00:22:55,320

you know space junk it just doesn't

548

00:23:02,450 --> 00:22:57,900

behave like that yeah yeah

549

00:23:04,970 --> 00:23:02,460

and so if we back up and and to to what

550

00:23:07,430 --> 00:23:04,980

our main topic here is we also have to

551

00:23:09,529 --> 00:23:07,440

include two things one is

552

00:23:10,850 --> 00:23:09,539

um the motivation

553

00:23:11,990 --> 00:23:10,860

why is this happening now well it's

554

00:23:13,789 --> 00:23:12,000

happening because the press and everyone

555

00:23:17,169 --> 00:23:13,799

the footage has come out and so there's

556

00:23:19,430 --> 00:23:17,179

genuine interest and uh you have

557

00:23:22,250 --> 00:23:19,440

congresspersons who are very concerned

558

00:23:24,590 --> 00:23:22,260

about this and under the guise of this

559

00:23:26,990 --> 00:23:24,600

possibly being a threat and it is not

560

00:23:28,549 --> 00:23:27,000

possible it is a threat anything that

561

00:23:30,830 --> 00:23:28,559

impedes

562

00:23:31,810 --> 00:23:30,840

um a even an exercise by the US

563

00:23:36,049 --> 00:23:31,820

government

564

00:23:38,210 --> 00:23:36,059

military that's a threat and so um you

565

00:23:39,649 --> 00:23:38,220

know people can lose lives uh in a

566

00:23:41,510 --> 00:23:39,659

situation where they're not accounting

567

00:23:43,130 --> 00:23:41,520

for certain things

568

00:23:44,990 --> 00:23:43,140

um that come in that can outmaneuver the

569

00:23:47,149 --> 00:23:45,000

hell out of us so

570

00:23:48,710 --> 00:23:47,159

so the motivation here it sounds like

571

00:23:50,210 --> 00:23:48,720

okay where the Congress is putting

572

00:23:51,649 --> 00:23:50,220

pressure on them the media is putting

573

00:23:53,690 --> 00:23:51,659

pressure

574

00:23:56,330 --> 00:23:53,700

um on things and and the media is what

575

00:23:58,490 --> 00:23:56,340

kind of dictates everything

576

00:24:02,090 --> 00:23:58,500

um and so uh

577

00:24:03,590 --> 00:24:02,100

so it is it's strange that

578

00:24:05,090 --> 00:24:03,600

that this is happening and a lot of

579

00:24:06,830 --> 00:24:05,100

people like to say oh it's disclosure

580

00:24:09,409 --> 00:24:06,840

you know disclosure people are getting

581

00:24:11,090 --> 00:24:09,419

ready to disclose something and again I

582

00:24:12,649 --> 00:24:11,100

keep saying why why would the government

583

00:24:18,310 --> 00:24:12,659

disclose anything

584

00:24:20,990 --> 00:24:18,320

that they don't have to there's no

585

00:24:24,590 --> 00:24:21,000

please you know write in right now

586

00:24:26,029 --> 00:24:24,600

comment tell me a valid reason why the

587

00:24:28,970 --> 00:24:26,039

government would want to come out and

588

00:24:30,890 --> 00:24:28,980

say yes there's technology that's out

589

00:24:33,649 --> 00:24:30,900

there I'm not talking about the reverse

590

00:24:36,049 --> 00:24:33,659

engineering you know um

591

00:24:38,510 --> 00:24:36,059

um theories and stuff just talking about

592

00:24:40,730 --> 00:24:38,520

what is the motivation

593

00:24:43,430 --> 00:24:40,740

for the government to come out and say

594

00:24:45,770 --> 00:24:43,440

yes we are dealing with uh these these

595

00:24:48,590 --> 00:24:45,780

beans and stuff and by the way

596

00:24:51,169 --> 00:24:48,600

these crafts are so huge the idea that

597

00:24:53,390 --> 00:24:51,179

it's a simple drone I mean we send

598

00:24:56,510 --> 00:24:53,400

drones to other countries I'm pretty

599

00:24:58,789 --> 00:24:56,520

sure that are probably about this big

600

00:25:00,950 --> 00:24:58,799

um at this point yeah why would you need

601
00:25:03,950 --> 00:25:00,960
something that big what's inside of that

602
00:25:07,970 --> 00:25:03,960
and and if this is extraterrestrial are

603
00:25:10,789 --> 00:25:07,980
as uh my buddy Michael Masters likes to

604
00:25:12,830 --> 00:25:10,799
say you know they're from the future

605
00:25:14,690 --> 00:25:12,840
um which is just as credible

606
00:25:16,070 --> 00:25:14,700
um why aren't they getting out and

607
00:25:18,110 --> 00:25:16,080
stretching their legs are they you know

608
00:25:19,730 --> 00:25:18,120
why would you just fly over and just do

609
00:25:21,470 --> 00:25:19,740
drive-bys it doesn't you know kind of

610
00:25:22,789 --> 00:25:21,480
make sense to me and and the

611
00:25:24,409 --> 00:25:22,799
government's not getting into any of

612
00:25:25,490 --> 00:25:24,419
that stuff that's pretty big rabbit hole

613
00:25:28,010 --> 00:25:25,500

to go in

614

00:25:30,350 --> 00:25:28,020

that's right and if they can't

615

00:25:31,909 --> 00:25:30,360

uh you know what like you just said

616

00:25:33,830 --> 00:25:31,919

we'll get to this question here in a

617

00:25:35,930 --> 00:25:33,840

second here but

618

00:25:37,310 --> 00:25:35,940

like you said what would their incentive

619

00:25:39,710 --> 00:25:37,320

be

620

00:25:42,230 --> 00:25:39,720

um that they don't why would they say

621

00:25:45,230 --> 00:25:42,240

that we really don't know what this

622

00:25:46,669 --> 00:25:45,240

technology is that's that we can't that

623

00:25:48,710 --> 00:25:46,679

is coming in

624

00:25:50,330 --> 00:25:48,720

to our skies we do not know how to

625

00:25:53,690 --> 00:25:50,340

protect you from it you know they want

626
00:25:55,370 --> 00:25:53,700
to stay away from any of those topics so

627
00:25:57,890 --> 00:25:55,380
they don't want to ever have to answer

628
00:26:00,769 --> 00:25:57,900
those type of questions I believe

629
00:26:03,529 --> 00:26:00,779
yeah but that's confusing they're not no

630
00:26:05,630 --> 00:26:03,539
one's been shot shot at you know no no

631
00:26:08,029 --> 00:26:05,640
UFO that I know of and I've done a

632
00:26:10,549 --> 00:26:08,039
little bit of research into that uh

633
00:26:12,529 --> 00:26:10,559
there was one Italian case but that has

634
00:26:14,330 --> 00:26:12,539
some holes in it

635
00:26:16,850 --> 00:26:14,340
um well I think it was a helicopter that

636
00:26:18,169 --> 00:26:16,860
got supposedly tagged uh by that but

637
00:26:20,630 --> 00:26:18,179
they're not you know this isn't

638
00:26:23,950 --> 00:26:20,640

Independence Day that's not happening so

639

00:26:27,470 --> 00:26:23,960

the threat is that they are basically

640

00:26:28,750 --> 00:26:27,480

you know showing up showing off and

641

00:26:32,330 --> 00:26:28,760

taking off

642

00:26:34,430 --> 00:26:32,340

and so it's it's you know it it yes it

643

00:26:37,010 --> 00:26:34,440

is dangerous and is a threat and we need

644

00:26:38,510 --> 00:26:37,020

to try to understand it even as and and

645

00:26:40,130 --> 00:26:38,520

they're properly calling it it's a

646

00:26:41,330 --> 00:26:40,140

phenomena we need to understand that

647

00:26:42,769 --> 00:26:41,340

phenomena just like the Northern Lights

648

00:26:46,190 --> 00:26:42,779

is a phenomenon we need to understand

649

00:26:47,450 --> 00:26:46,200

that so that that makes sense to me but

650

00:26:49,789 --> 00:26:47,460

um the best we're going to get out of

651
00:26:52,190 --> 00:26:49,799
this is more confirmation of them saying

652
00:26:55,190 --> 00:26:52,200
yes this is happening great and we'll

653
00:26:56,870 --> 00:26:55,200
get more footage right the ultimate goal

654
00:26:58,549 --> 00:26:56,880
is we want to see more footage and we

655
00:27:00,769 --> 00:26:58,559
want to see clear footage please and we

656
00:27:04,370 --> 00:27:00,779
don't want to see three frames we want

657
00:27:06,169 --> 00:27:04,380
to see something longer yeah yeah well

658
00:27:10,430 --> 00:27:06,179
I'd mentioned this I believe on the last

659
00:27:12,409 --> 00:27:10,440
podcast was that of the supposedly I

660
00:27:16,070 --> 00:27:12,419
remember you know about a year and a

661
00:27:18,470 --> 00:27:16,080
half ago Lou Elizondo said first on

662
00:27:21,110 --> 00:27:18,480
someone's podcast not mine but

663
00:27:24,289 --> 00:27:21,120

that we're expecting to see a 23-minute

664

00:27:27,230 --> 00:27:24,299

film that shows multiple

665

00:27:30,350 --> 00:27:27,240

um objects you know anomalous objects in

666

00:27:31,669 --> 00:27:30,360

it and that never usually when Lou has

667

00:27:33,950 --> 00:27:31,679

said something like that those things

668

00:27:35,930 --> 00:27:33,960

have happened but not in this case I

669

00:27:38,269 --> 00:27:35,940

haven't heard anything more about that I

670

00:27:40,789 --> 00:27:38,279

did ask him the last time he was on the

671

00:27:43,130 --> 00:27:40,799

show and uh you know I can't really

672

00:27:46,310 --> 00:27:43,140

remember what his uh final answer to

673

00:27:48,409 --> 00:27:46,320

that was but uh like it's it'll come

674

00:27:50,750 --> 00:27:48,419

along at some point you know there was

675

00:27:55,250 --> 00:27:50,760

no definitive time

676

00:27:57,110 --> 00:27:55,260

well yeah I mean you kind of

677

00:27:59,330 --> 00:27:57,120

you're kind of fantasize and go well

678

00:28:01,010 --> 00:27:59,340

what would have happened if Lou

679

00:28:03,590 --> 00:28:01,020

hadn't resigned

680

00:28:05,750 --> 00:28:03,600

and this was happening

681

00:28:07,370 --> 00:28:05,760

what what who could he have brought as

682

00:28:09,590 --> 00:28:07,380

Witnesses and what footage could he have

683

00:28:13,549 --> 00:28:09,600

been bringing in the inside

684

00:28:14,149 --> 00:28:13,559

now that that wonderment that that

685

00:28:19,130 --> 00:28:14,159

um

686

00:28:20,450 --> 00:28:19,140

doesn't make sense because we're here

687

00:28:22,490 --> 00:28:20,460

because

688

00:28:24,649 --> 00:28:22,500

that of what Lou did with getting out

689

00:28:27,769 --> 00:28:24,659

you know the the go fast you know

690

00:28:28,970 --> 00:28:27,779

footage and the other um Clips getting

691

00:28:31,370 --> 00:28:28,980

that out

692

00:28:33,049 --> 00:28:31,380

caused all of this the ripples of this

693

00:28:35,390 --> 00:28:33,059

so we don't get her without him doing

694

00:28:37,669 --> 00:28:35,400

that right but if he had stayed in there

695

00:28:40,190 --> 00:28:37,679

and not resigned and you know and and

696

00:28:41,870 --> 00:28:40,200

you know God knows Lou had his reasons

697

00:28:43,909 --> 00:28:41,880

for doing that

698

00:28:44,930 --> 00:28:43,919

um you know I just wonder what would

699

00:28:46,669 --> 00:28:44,940

have happened and is there someone

700

00:28:47,450 --> 00:28:46,679

inside who's going to be kind of like a

701
00:28:51,110 --> 00:28:47,460
Lou

702
00:28:54,169 --> 00:28:51,120
uh that's that's uh still you know

703
00:28:58,269 --> 00:28:54,179
working for the man if you will

704
00:29:00,409 --> 00:28:58,279
um yeah so um

705
00:29:02,210 --> 00:29:00,419
never really thought much about that

706
00:29:04,789 --> 00:29:02,220
because Chris Mellon was already out

707
00:29:07,010 --> 00:29:04,799
there you know I I had interviewed him

708
00:29:09,529 --> 00:29:07,020
and a few other people did and he was

709
00:29:13,610 --> 00:29:09,539
out there but he didn't have any of this

710
00:29:16,370 --> 00:29:13,620
information until Lou came forward

711
00:29:20,690 --> 00:29:16,380
um but not saying that the gimbal

712
00:29:22,789 --> 00:29:20,700
was out there earlier you know a few

713
00:29:25,669 --> 00:29:22,799

years earlier some German

714

00:29:27,710 --> 00:29:25,679

company or something I think it was in

715

00:29:31,010 --> 00:29:27,720

Germany where that was first released

716

00:29:34,130 --> 00:29:31,020

somehow I don't know how the exact uh

717

00:29:36,470 --> 00:29:34,140

Origins it was but it's kind of like

718

00:29:38,810 --> 00:29:36,480

um you know an actor who's been out

719

00:29:40,850 --> 00:29:38,820

there working forever and all and all of

720

00:29:42,590 --> 00:29:40,860

a sudden they break yeah oh my God

721

00:29:44,930 --> 00:29:42,600

where'd this person come from you know

722

00:29:46,430 --> 00:29:44,940

she or he came from you know doing a lot

723

00:29:47,889 --> 00:29:46,440

of you know work and getting stuff out

724

00:29:50,990 --> 00:29:47,899

there but mostly it was that I wasn't

725

00:29:52,549 --> 00:29:51,000

presented in the best way it you know

726

00:29:58,690 --> 00:29:52,559

was talking about yourself again aren't

727

00:30:04,549 --> 00:30:01,610

all right let's read Steven's question

728

00:30:07,010 --> 00:30:04,559

here what agency distinguishes evidence

729

00:30:10,370 --> 00:30:07,020

between unknown and unknown drone Tech

730

00:30:13,490 --> 00:30:10,380

and something from an off World

731

00:30:15,409 --> 00:30:13,500

um yeah because we had uh John Ramirez

732

00:30:18,049 --> 00:30:15,419

from the CIA he said that wouldn't be

733

00:30:19,970 --> 00:30:18,059

something that they would do they were

734

00:30:22,789 --> 00:30:19,980

mostly in into you know foreign

735

00:30:25,130 --> 00:30:22,799

intelligence so it would be would it be

736

00:30:27,889 --> 00:30:25,140

the dod I mean I have I really don't

737

00:30:30,409 --> 00:30:27,899

have an idea myself I don't think there

738

00:30:33,110 --> 00:30:30,419

is one first of all

739

00:30:35,090 --> 00:30:33,120

it's what what branch

740

00:30:37,430 --> 00:30:35,100

if something happens with the Navy and

741

00:30:38,630 --> 00:30:37,440

they're seeing drones the first thing

742

00:30:41,149 --> 00:30:38,640

they do is they're going to try to

743

00:30:42,590 --> 00:30:41,159

determine what this is and whether they

744

00:30:45,649 --> 00:30:42,600

refer to the James I think it's the

745

00:30:48,830 --> 00:30:45,659

James book of aeronautic uh uh you know

746

00:30:50,149 --> 00:30:48,840

airplanes and and uh you know the enemy

747

00:30:51,350 --> 00:30:50,159

Fighters and stuff you distinguish you

748

00:30:52,909 --> 00:30:51,360

have to distinguish you have to identify

749

00:30:55,430 --> 00:30:52,919

what is this if it's none of those

750

00:30:57,649 --> 00:30:55,440

things then it becomes this you know

751
00:30:59,450 --> 00:30:57,659
unknown thing this UAP

752
00:31:01,610 --> 00:30:59,460
and then at that moment

753
00:31:04,310 --> 00:31:01,620
you know

754
00:31:05,389 --> 00:31:04,320
it's it's it's it's isolated it's within

755
00:31:08,210 --> 00:31:05,399
that department

756
00:31:09,950 --> 00:31:08,220
so Steven's asking does it get kicked up

757
00:31:12,350 --> 00:31:09,960
at that point you know we found

758
00:31:14,269 --> 00:31:12,360
something that we've we've separated it

759
00:31:16,310 --> 00:31:14,279
from what we know

760
00:31:18,350 --> 00:31:16,320
now we're bringing up to you guys and

761
00:31:20,090 --> 00:31:18,360
you guys figured out here is the data

762
00:31:22,909 --> 00:31:20,100
that we have

763
00:31:24,409 --> 00:31:22,919

um I think that it's I don't and then if

764

00:31:26,630 --> 00:31:24,419

it goes up there

765

00:31:28,130 --> 00:31:26,640

I think it's just more of the same

766

00:31:31,130 --> 00:31:28,140

because it's already been analyzed by

767

00:31:33,049 --> 00:31:31,140

the top people in in their branch

768

00:31:34,789 --> 00:31:33,059

so I don't think that there's a specific

769

00:31:36,350 --> 00:31:34,799

division it's that sounds kind of smart

770

00:31:37,850 --> 00:31:36,360

to be able to have

771

00:31:39,710 --> 00:31:37,860

you know someone who just breaks it down

772

00:31:41,389 --> 00:31:39,720

and says okay I look at radar and I

773

00:31:43,789 --> 00:31:41,399

distinguish between this and that I look

774

00:31:45,049 --> 00:31:43,799

at you know flare footage I look at you

775

00:31:47,690 --> 00:31:45,059

know whatever

776

00:31:49,850 --> 00:31:47,700

I wonder if they would Shuffle it off to

777

00:31:51,649 --> 00:31:49,860

like to say if it did go in one of the

778

00:31:53,930 --> 00:31:51,659

Departments if they would say hey should

779

00:31:55,730 --> 00:31:53,940

this go to space force should this go to

780

00:31:59,029 --> 00:31:55,740

NORAD where should this go you know that

781

00:32:01,070 --> 00:31:59,039

type of that type of thing or um you

782

00:32:03,289 --> 00:32:01,080

know I mean those things have been

783

00:32:05,389 --> 00:32:03,299

happening all along so it makes you

784

00:32:08,630 --> 00:32:05,399

wonder where where these things actually

785

00:32:12,169 --> 00:32:08,640

all right trickle to well let's unpack

786

00:32:15,289 --> 00:32:12,179

that so if it's the Navy

787

00:32:16,430 --> 00:32:15,299

and it's the underwater submersible

788

00:32:18,110 --> 00:32:16,440

craft

789

00:32:19,370 --> 00:32:18,120

vehicle

790

00:32:23,870 --> 00:32:19,380

then

791

00:32:25,490 --> 00:32:23,880

better than DOD

792

00:32:28,490 --> 00:32:25,500

what they're seeing you know as Mark

793

00:32:31,850 --> 00:32:28,500

d'antonio had his own experience on the

794

00:32:34,610 --> 00:32:31,860

sub I think I call fast Runners right

795

00:32:36,529 --> 00:32:34,620

um that so then you've got that then you

796

00:32:38,090 --> 00:32:36,539

have the air and then so if it's in

797

00:32:41,269 --> 00:32:38,100

space I'm guessing it would be the you

798

00:32:43,610 --> 00:32:41,279

know the space force right so each has

799

00:32:46,610 --> 00:32:43,620

their own territory

800

00:32:47,750 --> 00:32:46,620

yeah that that may very well be a

801
00:32:50,630 --> 00:32:47,760
question

802
00:32:53,149 --> 00:32:50,640
to you do you think these UFOs we keep

803
00:32:55,310 --> 00:32:53,159
seeing are American Technology

804
00:32:57,529 --> 00:32:55,320
you kind of said you didn't think so

805
00:32:59,269 --> 00:32:57,539
earlier no

806
00:33:01,370 --> 00:32:59,279
um it's not

807
00:33:05,389 --> 00:33:01,380
this is if this had been going on since

808
00:33:07,430 --> 00:33:05,399
2005 2004 I would say oh yeah there's

809
00:33:09,289 --> 00:33:07,440
probably a good chance that the

810
00:33:11,990 --> 00:33:09,299
technology is is off grid that we're

811
00:33:13,250 --> 00:33:12,000
aware of that is so far out there you

812
00:33:14,810 --> 00:33:13,260
know like the stealth bomber but even

813
00:33:17,210 --> 00:33:14,820

further

814

00:33:19,009 --> 00:33:17,220

um but no this has been going on for

815

00:33:21,649 --> 00:33:19,019

decades and the Tic Tac is not a unique

816

00:33:24,049 --> 00:33:21,659

shape it's been described forever if you

817

00:33:27,169 --> 00:33:24,059

if you really read down into the details

818

00:33:30,110 --> 00:33:27,179

of the Socorro New Mexico

819

00:33:32,810 --> 00:33:30,120

um case Lonnie Zamora he describes it as

820

00:33:34,669 --> 00:33:32,820

a dictate Tic Tac he he doesn't say Tic

821

00:33:35,750 --> 00:33:34,679

Tac but he describes it as this thing

822

00:33:38,690 --> 00:33:35,760

that was laying outside almost like

823

00:33:42,710 --> 00:33:38,700

egg-shaped oblong well that sounds like

824

00:33:44,450 --> 00:33:42,720

a Tic Tac to me and so um it's it's you

825

00:33:47,870 --> 00:33:44,460

know these things have been around for

826

00:33:49,549 --> 00:33:47,880

way way too long way too long

827

00:33:50,269 --> 00:33:49,559

um and I'm not even getting into the you

828

00:33:52,970 --> 00:33:50,279

know

829

00:33:55,310 --> 00:33:52,980

going back and ancient

830

00:33:57,049 --> 00:33:55,320

um yeah I'm not going to say I'm not

831

00:34:01,130 --> 00:33:57,059

going to say that word

832

00:34:03,409 --> 00:34:01,140

but it's it's you know it yeah so no the

833

00:34:04,250 --> 00:34:03,419

sorry the question the answer is no I do

834

00:34:07,250 --> 00:34:04,260

not

835

00:34:08,750 --> 00:34:07,260

I like uh I I kind of like what um again

836

00:34:10,669 --> 00:34:08,760

I just mentioned his name a minute ago

837

00:34:12,050 --> 00:34:10,679

John Ramirez said

838

00:34:14,690 --> 00:34:12,060

um but other people have said it too

839

00:34:16,369 --> 00:34:14,700

it's not his own but that uh maybe

840

00:34:19,310 --> 00:34:16,379

they've always been here they've been

841

00:34:22,190 --> 00:34:19,320

here long before us you know and in a

842

00:34:24,109 --> 00:34:22,200

different form or something uh you know

843

00:34:27,430 --> 00:34:24,119

it's very possible

844

00:34:30,470 --> 00:34:27,440

um you know what getting back to um

845

00:34:31,070 --> 00:34:30,480

Calicut question his question

846

00:34:33,530 --> 00:34:31,080

um

847

00:34:35,450 --> 00:34:33,540

I guess one could say because you know

848

00:34:38,690 --> 00:34:35,460

there's a whole didn't have we reversed

849

00:34:40,210 --> 00:34:38,700

engineered this technology

850

00:34:43,070 --> 00:34:40,220

um

851
00:34:46,490 --> 00:34:43,080
reverse engineering technology of that

852
00:34:48,710 --> 00:34:46,500
level is I would imagine

853
00:34:51,050 --> 00:34:48,720
um I'm not a physicist but I would

854
00:34:53,270 --> 00:34:51,060
imagine it would be impossible

855
00:34:55,190 --> 00:34:53,280
uh are pretty damn close to it because

856
00:34:57,410 --> 00:34:55,200
you're dealing with things that are

857
00:34:59,270 --> 00:34:57,420
breaking physics the laws of physics as

858
00:35:01,370 --> 00:34:59,280
we know them I mean there's so many

859
00:35:04,430 --> 00:35:01,380
levels to reverse engineering you know

860
00:35:06,109 --> 00:35:04,440
people it's not just you know the the

861
00:35:08,870 --> 00:35:06,119
um Nuts and Bolts

862
00:35:10,730 --> 00:35:08,880
you know I've had conversations

863
00:35:13,010 --> 00:35:10,740

um you know with um

864

00:35:14,510 --> 00:35:13,020

uh with Lou about this technology being

865

00:35:16,370 --> 00:35:14,520

organic

866

00:35:19,670 --> 00:35:16,380

um and um

867

00:35:22,250 --> 00:35:19,680

would your light just go out yes when

868

00:35:26,210 --> 00:35:22,260

the Lights Went Out the Lights Went Out

869

00:35:28,609 --> 00:35:26,220

in Georgia get this bad boy back

870

00:35:32,450 --> 00:35:28,619

that's a Night the Lights Went Out in

871

00:35:36,349 --> 00:35:32,460

Georgia yeah maybe that's a sign oh now

872

00:35:39,050 --> 00:35:36,359

he meant deep Shadow probably the

873

00:35:40,490 --> 00:35:39,060

hold on one second I can find out yes

874

00:35:42,589 --> 00:35:40,500

hold on yeah

875

00:35:46,010 --> 00:35:42,599

all right I'm gonna put this uh this

876

00:35:48,710 --> 00:35:46,020

question up here from

877

00:35:52,190 --> 00:35:48,720

Dr Richard

878

00:35:56,870 --> 00:35:52,200

what happened you're falling apart there

879

00:36:04,910 --> 00:36:01,490

well anyway uh this question from

880

00:36:08,210 --> 00:36:04,920

uh Dr Richard if the ETS

881

00:36:11,150 --> 00:36:08,220

compel the government cover-ups on

882

00:36:14,930 --> 00:36:11,160

threat of severe retaliation

883

00:36:18,050 --> 00:36:14,940

the Congress compels disclosure what is

884

00:36:21,170 --> 00:36:18,060

the government to do wow yeah if that

885

00:36:25,310 --> 00:36:22,670

we I

886

00:36:27,890 --> 00:36:25,320

there there has as far as we know

887

00:36:31,190 --> 00:36:27,900

there's never been a threat as of yet

888

00:36:32,210 --> 00:36:31,200

but you're saying if they do uh what

889

00:36:39,170 --> 00:36:32,220

would

890

00:36:41,690 --> 00:36:39,180

was it Independence Day

891

00:36:43,609 --> 00:36:41,700

something like that you know I don't

892

00:36:47,630 --> 00:36:43,619

know I would think that

893

00:36:49,490 --> 00:36:47,640

the world uh the governments throughout

894

00:36:51,650 --> 00:36:49,500

the world would get together and try to

895

00:36:54,710 --> 00:36:51,660

figure something out

896

00:36:57,290 --> 00:36:54,720

um I don't know what else uh

897

00:37:00,109 --> 00:36:57,300

could be done Dina you having to rebuild

898

00:37:06,230 --> 00:37:01,990

Dean

899

00:37:09,109 --> 00:37:06,240

he will be back uh so I don't know how

900

00:37:11,210 --> 00:37:09,119

to answer that question because uh you

901
00:37:13,550 --> 00:37:11,220
know I would think that you would think

902
00:37:15,770 --> 00:37:13,560
that there would be Unity between all

903
00:37:18,589 --> 00:37:15,780
countries because we would have just

904
00:37:21,290 --> 00:37:18,599
like Reagan said we would have you know

905
00:37:23,690 --> 00:37:21,300
this whole threat against us all

906
00:37:27,109 --> 00:37:23,700
I think you I think uh being in studio

907
00:37:32,450 --> 00:37:27,119
completely broke down there

908
00:37:39,710 --> 00:37:35,089
out of there

909
00:37:43,790 --> 00:37:40,790
um all right so I'm going to look

910
00:37:46,849 --> 00:37:43,800
through a couple more questions

911
00:37:50,210 --> 00:37:46,859
right here I do think that Dean will

912
00:37:52,250 --> 00:37:50,220
probably be coming back

913
00:37:54,829 --> 00:37:52,260

so someone wanted to know

914

00:37:57,170 --> 00:37:54,839

uh wanted asking Dean if he thinks

915

00:37:58,430 --> 00:37:57,180

there's more than one species visiting

916

00:38:01,430 --> 00:37:58,440

Earth

917

00:38:03,050 --> 00:38:01,440

um so well I guess I could give my

918

00:38:04,970 --> 00:38:03,060

opinion

919

00:38:07,550 --> 00:38:04,980

um I I think

920

00:38:10,190 --> 00:38:07,560

I kind of like the the method that it's

921

00:38:12,470 --> 00:38:10,200

more than one thing that is happening

922

00:38:14,569 --> 00:38:12,480

here uh and chocolate has talked about

923

00:38:17,690 --> 00:38:14,579

that early on

924

00:38:20,750 --> 00:38:17,700

um but I and you know Dean mentioned

925

00:38:23,870 --> 00:38:20,760

earlier about uh Dr Michael Master's

926

00:38:26,810 --> 00:38:23,880

idea of time travelers which is also a

927

00:38:28,490 --> 00:38:26,820

great Theory there he is he's back

928

00:38:32,030 --> 00:38:28,500

and

929

00:38:34,150 --> 00:38:32,040

so uh the question is here

930

00:38:37,250 --> 00:38:34,160

do you think there's more than one of

931

00:38:38,690 --> 00:38:37,260

species visiting Earth

932

00:38:40,450 --> 00:38:38,700

oh boy

933

00:38:42,950 --> 00:38:40,460

um

934

00:38:43,849 --> 00:38:42,960

you know yeah yeah

935

00:38:46,730 --> 00:38:43,859

um

936

00:38:48,530 --> 00:38:46,740

I would say uh well

937

00:38:50,630 --> 00:38:48,540

I wanted to get back to the one thing

938

00:38:52,430 --> 00:38:50,640

that the point that we're on before all

939

00:38:55,370 --> 00:38:52,440

right so my news we'll get back to this

940

00:38:57,890 --> 00:38:55,380

question yeah before my new setup took a

941

00:39:01,609 --> 00:38:59,569

um so

942

00:39:03,230 --> 00:39:01,619

um we were talking about the technology

943

00:39:04,069 --> 00:39:03,240

of reverse Engineers so if the

944

00:39:07,310 --> 00:39:04,079

government

945

00:39:09,710 --> 00:39:07,320

uh was able to do that

946

00:39:13,069 --> 00:39:09,720

um then I you know there is an argument

947

00:39:15,829 --> 00:39:13,079

that they would have that technology but

948

00:39:19,250 --> 00:39:15,839

again and this has been stated time and

949

00:39:21,290 --> 00:39:19,260

time uh um by

950

00:39:24,470 --> 00:39:21,300

um Air Force officials and by Dave

951
00:39:26,870 --> 00:39:24,480
fraver especially they would never break

952
00:39:28,849 --> 00:39:26,880
it out during an exercise

953
00:39:31,190 --> 00:39:28,859
they will never pull that because you're

954
00:39:33,950 --> 00:39:31,200
putting Americans at risk and if some

955
00:39:36,770 --> 00:39:33,960
some were to die and it got out oh my

956
00:39:39,890 --> 00:39:36,780
God Court martial they take that that

957
00:39:42,050 --> 00:39:39,900
stuff very very serious so

958
00:39:44,810 --> 00:39:42,060
um I'm still I've not seen any any clear

959
00:39:46,450 --> 00:39:44,820
evidence that um that that has our

960
00:39:50,390 --> 00:39:46,460
technology that'd be our technology

961
00:39:52,550 --> 00:39:50,400
tested upon ourselves uh basically yeah

962
00:39:53,510 --> 00:39:52,560
it is way too dangerous because think of

963
00:39:55,730 --> 00:39:53,520

all the things that could have happened

964

00:39:58,490 --> 00:39:55,740

they could have fired on them you know

965

00:40:00,890 --> 00:39:58,500

uh and that could have turned into a

966

00:40:03,589 --> 00:40:00,900

mess you know the one thing you know

967

00:40:05,930 --> 00:40:03,599

just staying on this topic in particular

968

00:40:08,210 --> 00:40:05,940

one thing that puzzles me and I've asked

969

00:40:10,250 --> 00:40:08,220

uh people like Kevin Day in the past and

970

00:40:12,770 --> 00:40:10,260

a few others that were involved in that

971

00:40:15,050 --> 00:40:12,780

is it seems like if these things were

972

00:40:18,530 --> 00:40:15,060

showing up on radar and they were out

973

00:40:20,690 --> 00:40:18,540

there and you know for days it would you

974

00:40:23,329 --> 00:40:20,700

would think that there would be more of

975

00:40:25,310 --> 00:40:23,339

an engagement to try to figure out what

976

00:40:28,310 --> 00:40:25,320

they were instead of just you know

977

00:40:30,050 --> 00:40:28,320

sending a couple of uh teams out and

978

00:40:31,370 --> 00:40:30,060

coming back and getting a little bit of

979

00:40:33,230 --> 00:40:31,380

footage here and there you would think

980

00:40:36,109 --> 00:40:33,240

that they would really want to know

981

00:40:39,349 --> 00:40:36,119

and would go to the cat point where they

982

00:40:41,510 --> 00:40:39,359

showed up you know and and just try to

983

00:40:44,390 --> 00:40:41,520

figure out what they were explore it

984

00:40:45,829 --> 00:40:44,400

more because uh were they a threat or

985

00:40:48,530 --> 00:40:45,839

not

986

00:40:50,690 --> 00:40:48,540

you know I mean well they didn't they

987

00:40:52,790 --> 00:40:50,700

didn't have any weapons with him in this

988

00:40:54,050 --> 00:40:52,800

exercise no they did not because they

989

00:40:57,589 --> 00:40:54,060

don't want them to be actually

990

00:41:00,950 --> 00:40:57,599

accidentally firing on themselves

991

00:41:03,109 --> 00:41:00,960

um friendly fire so I I think uh it was

992

00:41:05,030 --> 00:41:03,119

more of this is what we have and and you

993

00:41:06,589 --> 00:41:05,040

know Kevin day will tell you it was just

994

00:41:07,730 --> 00:41:06,599

kind of like hey let's just check this

995

00:41:10,490 --> 00:41:07,740

out

996

00:41:11,930 --> 00:41:10,500

so that's how that whole thing you know

997

00:41:15,470 --> 00:41:11,940

kind of played out

998

00:41:16,849 --> 00:41:15,480

yeah but it it does uh it does to me it

999

00:41:19,370 --> 00:41:16,859

just seems like they had an opportunity

1000

00:41:22,490 --> 00:41:19,380

and why they didn't

1001
00:41:24,050 --> 00:41:22,500
do some more research at that time and

1002
00:41:26,230 --> 00:41:24,060
also you know when they were talking

1003
00:41:30,349 --> 00:41:26,240
when um

1004
00:41:32,990 --> 00:41:30,359
Graves was talking about in 2014 like a

1005
00:41:35,270 --> 00:41:33,000
daily type sightings you know I'm

1006
00:41:37,130 --> 00:41:35,280
wondering why there wasn't more research

1007
00:41:39,109 --> 00:41:37,140
done

1008
00:41:41,510 --> 00:41:39,119
at that point like what are these things

1009
00:41:44,210 --> 00:41:41,520
are they a threat you know yeah they are

1010
00:41:46,490 --> 00:41:44,220
I don't I don't know if if he's being

1011
00:41:47,150 --> 00:41:46,500
literal I still don't know

1012
00:41:48,890 --> 00:41:47,160
um

1013
00:41:52,670 --> 00:41:48,900

because if these things are happening

1014

00:41:55,370 --> 00:41:52,680

daily for weeks on end and no one is out

1015

00:41:57,770 --> 00:41:55,380

there videotaping this shooting it that

1016

00:41:59,450 --> 00:41:57,780

does that makes zero sense to me so what

1017

00:42:00,950 --> 00:41:59,460

that means is now this law is passed are

1018

00:42:02,930 --> 00:42:00,960

we going to see a bunch of his buddies

1019

00:42:05,210 --> 00:42:02,940

people that he knows coming out with

1020

00:42:07,670 --> 00:42:05,220

footage because we know

1021

00:42:10,849 --> 00:42:07,680

that Pilots do take their cell phones up

1022

00:42:13,190 --> 00:42:10,859

sometimes and videotape as the UAP task

1023

00:42:15,470 --> 00:42:13,200

force presented someone was video you

1024

00:42:17,810 --> 00:42:15,480

know sharing their camera yeah so so

1025

00:42:20,690 --> 00:42:17,820

that's that was a very distracting short

1026
00:42:22,609 --> 00:42:20,700
video that meant really not too much it

1027
00:42:24,829 --> 00:42:22,619
was like four frames six frames if that

1028
00:42:27,109 --> 00:42:24,839
yeah that was crazy they presented that

1029
00:42:29,690 --> 00:42:27,119
yeah I mean you can see stuff better on

1030
00:42:33,589 --> 00:42:29,700
on YouTube so

1031
00:42:36,069 --> 00:42:33,599
um I I do know that that Jeremy and

1032
00:42:38,990 --> 00:42:36,079
George Knapp recently said that that

1033
00:42:40,790 --> 00:42:39,000
they're going to be um

1034
00:42:46,250 --> 00:42:40,800
that's some amazing stuff's going to be

1035
00:42:47,990 --> 00:42:46,260
coming out this month in January and and

1036
00:42:50,630 --> 00:42:48,000
um I don't know what what that means

1037
00:42:53,930 --> 00:42:50,640
they were not very specific about it but

1038
00:42:55,790 --> 00:42:53,940

why would that why would they know

1039

00:42:58,849 --> 00:42:55,800

um because

1040

00:43:01,730 --> 00:42:58,859

it's it sounded to me like they've been

1041

00:43:03,290 --> 00:43:01,740

waiting for this Bill to pass the people

1042

00:43:05,390 --> 00:43:03,300

who are going to be coming out these you

1043

00:43:07,130 --> 00:43:05,400

know the whistleblowers and so now that

1044

00:43:09,410 --> 00:43:07,140

it's passed now it's going to be you

1045

00:43:11,690 --> 00:43:09,420

know coming out so I hope that happens

1046

00:43:14,270 --> 00:43:11,700

I'll be you know be very excited and and

1047

00:43:17,510 --> 00:43:14,280

you know George has certainly pulled out

1048

00:43:20,270 --> 00:43:17,520

stuff beforehand same with Jeremy so but

1049

00:43:22,910 --> 00:43:20,280

this has to you know this has to be

1050

00:43:24,890 --> 00:43:22,920

really you know special for me I'm kind

1051
00:43:28,730 --> 00:43:24,900
of like I I don't want to see any more

1052
00:43:31,910 --> 00:43:28,740
footage unless it's nuts and bolts close

1053
00:43:34,670 --> 00:43:31,920
up I don't want to see dark flare

1054
00:43:38,030 --> 00:43:34,680
footage moving along that has anyone

1055
00:43:40,190 --> 00:43:38,040
questioning I I really would love to see

1056
00:43:42,470 --> 00:43:40,200
um something you know Shotwell where I

1057
00:43:45,410 --> 00:43:42,480
see details like like UFO Witnesses

1058
00:43:47,030 --> 00:43:45,420
describe but again it seems like you

1059
00:43:49,430 --> 00:43:47,040
know you know a lot of people will say

1060
00:43:51,589 --> 00:43:49,440
well that's because the agenda of this

1061
00:43:52,970 --> 00:43:51,599
is not controlled by humans is

1062
00:43:54,530 --> 00:43:52,980
controlled by Whoever has this

1063
00:43:56,569 --> 00:43:54,540

technology whether they're future humans

1064

00:43:58,849 --> 00:43:56,579

or not they determine when we're going

1065

00:44:00,230 --> 00:43:58,859

to see what we're going to see but I

1066

00:44:04,190 --> 00:44:00,240

think we can all assume that the

1067

00:44:08,329 --> 00:44:04,200

military has got Crystal Clear footage

1068

00:44:10,370 --> 00:44:08,339

I I would think so and you know and what

1069

00:44:11,329 --> 00:44:10,380

would their reason be for holding that

1070

00:44:14,329 --> 00:44:11,339

back

1071

00:44:17,329 --> 00:44:15,589

um well

1072

00:44:18,710 --> 00:44:17,339

up until now it's been we don't want to

1073

00:44:20,870 --> 00:44:18,720

admit that these things are out there

1074

00:44:22,790 --> 00:44:20,880

that they can run circles around us and

1075

00:44:24,589 --> 00:44:22,800

now they're like yeah there are out

1076

00:44:25,910 --> 00:44:24,599

there we're not going to say that it's

1077

00:44:28,069 --> 00:44:25,920

something else we're not going to say

1078

00:44:31,190 --> 00:44:28,079

it's China and it's Russia it's not

1079

00:44:34,490 --> 00:44:31,200

so I think in a way that again that's

1080

00:44:37,430 --> 00:44:34,500

been the big needle pushing where the

1081

00:44:38,809 --> 00:44:37,440

needle you know went from you know

1082

00:44:44,930 --> 00:44:38,819

you know

1083

00:44:46,490 --> 00:44:44,940

would almost say it's 12 o'clock if I'm

1084

00:44:49,130 --> 00:44:46,500

gonna be an optimist you know it's not

1085

00:44:50,870 --> 00:44:49,140

all the way over but it it feels like

1086

00:44:53,630 --> 00:44:50,880

it's kind of halfway there we've gotten

1087

00:44:54,890 --> 00:44:53,640

an acknowledgment great terrific people

1088

00:44:57,650 --> 00:44:54,900

aren't going to be fired over this

1089

00:45:02,210 --> 00:44:57,660

awesome that's that's a whole sea change

1090

00:45:07,510 --> 00:45:02,220

of of uh of you know of a mindset so I

1091

00:45:12,829 --> 00:45:11,870

I just had John Ramirez on and I said if

1092

00:45:18,829 --> 00:45:12,839

you

1093

00:45:21,109 --> 00:45:18,839

talk about

1094

00:45:24,530 --> 00:45:21,119

some things involving the UAP that would

1095

00:45:26,930 --> 00:45:24,540

make a difference and he said yes so and

1096

00:45:29,510 --> 00:45:26,940

Lou Elizondo has said the same thing on

1097

00:45:31,790 --> 00:45:29,520

not just my show but other shows so

1098

00:45:33,650 --> 00:45:31,800

here's two people that if they have an

1099

00:45:36,109 --> 00:45:33,660

amnesty situation

1100

00:45:38,750 --> 00:45:36,119

and they're not gonna whatever it is

1101

00:45:41,510 --> 00:45:38,760

lose their pension or or get fined in

1102

00:45:45,230 --> 00:45:41,520

some other type of way for breaking the

1103

00:45:48,650 --> 00:45:45,240

NDA now is there opportunity is more or

1104

00:45:50,210 --> 00:45:48,660

less right well it means that John and

1105

00:45:54,250 --> 00:45:50,220

Lou are free

1106

00:45:58,069 --> 00:45:54,260

to go and speak about this but who did

1107

00:46:01,550 --> 00:45:58,079

exactly yeah not to us not directly to

1108

00:46:05,030 --> 00:46:01,560

congressmen congresswoman but to these

1109

00:46:11,809 --> 00:46:05,040

task force force and so

1110

00:46:17,150 --> 00:46:14,210

so they may talk about it but again we

1111

00:46:19,069 --> 00:46:17,160

may not ever be able to know anything

1112

00:46:21,290 --> 00:46:19,079

yeah it's really confusing because

1113

00:46:23,690 --> 00:46:21,300

everyone that at first blush we were

1114

00:46:25,069 --> 00:46:23,700

thinking oh this is this is great now

1115

00:46:26,510 --> 00:46:25,079

anyone can talk about this they're not

1116

00:46:28,609 --> 00:46:26,520

going to get sued if they sign you know

1117

00:46:31,309 --> 00:46:28,619

signed uh you know non-disclosure

1118

00:46:34,250 --> 00:46:31,319

agreements terrific God

1119

00:46:38,390 --> 00:46:34,260

but it still is being filtered by these

1120

00:46:40,910 --> 00:46:38,400

task force by Arrow by even the you know

1121

00:46:42,010 --> 00:46:40,920

um UAP task force

1122

00:46:44,510 --> 00:46:42,020

so

1123

00:46:49,190 --> 00:46:44,520

it's not

1124

00:46:50,930 --> 00:46:49,200

if you will got to come up with a better

1125

00:46:52,550 --> 00:46:50,940

word because it has so much branding but

1126

00:46:54,650 --> 00:46:52,560

disclosure it's not disclosure it's not

1127

00:46:55,849 --> 00:46:54,660

going to be until people can directly

1128

00:46:58,130 --> 00:46:55,859

come out and say all right this is what

1129

00:47:00,290 --> 00:46:58,140

I shot I just you know came back from a

1130

00:47:01,750 --> 00:47:00,300

mission and I shot this footage

1131

00:47:08,390 --> 00:47:01,760

you know

1132

00:47:11,089 --> 00:47:08,400

intrigued by by what he said he kind of

1133

00:47:14,329 --> 00:47:11,099

loaded to what it was or do you remember

1134

00:47:17,390 --> 00:47:14,339

that what had to do it with he didn't

1135

00:47:19,430 --> 00:47:17,400

really uh no I didn't catch that or I

1136

00:47:21,170 --> 00:47:19,440

don't recall exactly what you mean

1137

00:47:22,490 --> 00:47:21,180

I thought he was kind of teasing a

1138

00:47:24,170 --> 00:47:22,500

little bit that I can tell you that it

1139

00:47:26,510 --> 00:47:24,180

would be about this if I would talk

1140

00:47:28,370 --> 00:47:26,520

about it but I forgot what it was but it

1141

00:47:31,069 --> 00:47:28,380

felt like it was

1142

00:47:33,290 --> 00:47:31,079

like he was he's dying to talk about it

1143

00:47:35,270 --> 00:47:33,300

and yeah you know and I believe that

1144

00:47:37,550 --> 00:47:35,280

there was a question came up in chat

1145

00:47:40,069 --> 00:47:37,560

like hey when this thing passes will you

1146

00:47:42,290 --> 00:47:40,079

talk about it and I believe he said he

1147

00:47:44,210 --> 00:47:42,300

would do you know I'd have to go back

1148

00:47:47,210 --> 00:47:44,220

and listen to it but

1149

00:47:49,609 --> 00:47:47,220

um here's a question for you men for you

1150

00:47:53,089 --> 00:47:49,619

Dean do you think there's more than one

1151
00:47:56,569 --> 00:47:53,099
species visiting Earth

1152
00:47:57,470 --> 00:47:56,579
um I always say about the UFO phenomenon

1153
00:47:59,329 --> 00:47:57,480
um

1154
00:48:00,650 --> 00:47:59,339
uh I believe in none of the above and

1155
00:48:03,349 --> 00:48:00,660
all of the above

1156
00:48:06,890 --> 00:48:03,359
because

1157
00:48:09,349 --> 00:48:06,900
um you know uh I've heard credible

1158
00:48:11,589 --> 00:48:09,359
experiencers tell me that they've you

1159
00:48:14,569 --> 00:48:11,599
know seen you know seven foot tall

1160
00:48:16,370 --> 00:48:14,579
praying mantis beans

1161
00:48:20,930 --> 00:48:16,380
um I doubt that they come from the same

1162
00:48:22,910 --> 00:48:20,940
place that a humanoid would come from

1163
00:48:26,089 --> 00:48:22,920

um and um

1164

00:48:28,370 --> 00:48:26,099

so I I think

1165

00:48:31,849 --> 00:48:28,380

I think the chances are that

1166

00:48:34,069 --> 00:48:31,859

we are having these you know the the

1167

00:48:36,530 --> 00:48:34,079

Extraterrestrial hypothesis is probably

1168

00:48:39,109 --> 00:48:36,540

correct because as we are seeing more

1169

00:48:40,430 --> 00:48:39,119

and more with the James Webb Telescope

1170

00:48:42,290 --> 00:48:40,440

um that

1171

00:48:43,790 --> 00:48:42,300

uh there are other planets like us are

1172

00:48:45,770 --> 00:48:43,800

they going to look like us are they

1173

00:48:47,809 --> 00:48:45,780

going to be humanoid or as

1174

00:48:49,910 --> 00:48:47,819

um you know I interviewed Michio calcu

1175

00:48:52,130 --> 00:48:49,920

for my doc series

1176

00:48:53,750 --> 00:48:52,140

he said they're most likely to be kind

1177

00:48:56,329 --> 00:48:53,760

of amphibious you know to be like

1178

00:48:58,970 --> 00:48:56,339

lobster people if anything because life

1179

00:49:00,470 --> 00:48:58,980

stems from water more than it does land

1180

00:49:02,809 --> 00:49:00,480

and so

1181

00:49:04,069 --> 00:49:02,819

um you know but again you know Michael

1182

00:49:05,089 --> 00:49:04,079

Masters

1183

00:49:07,370 --> 00:49:05,099

um

1184

00:49:09,589 --> 00:49:07,380

you know his theory about how we're

1185

00:49:11,329 --> 00:49:09,599

going to evolve into looking like these

1186

00:49:12,230 --> 00:49:11,339

gray beans

1187

00:49:15,050 --> 00:49:12,240

um

1188

00:49:16,670 --> 00:49:15,060

that to me is a front runner I I've kind

1189

00:49:18,470 --> 00:49:16,680

of you know it's like if you've got a

1190

00:49:19,730 --> 00:49:18,480

best list of like your favorite songs or

1191

00:49:21,230 --> 00:49:19,740

your favorite movies and then you kind

1192

00:49:23,690 --> 00:49:21,240

of change the order occasionally every

1193

00:49:25,370 --> 00:49:23,700

year whatever that one is like my number

1194

00:49:26,510 --> 00:49:25,380

one kind of right now it seems to make

1195

00:49:28,309 --> 00:49:26,520

sense and it seems to be the most

1196

00:49:30,890 --> 00:49:28,319

prosaic

1197

00:49:32,450 --> 00:49:30,900

um out of all the things but they could

1198

00:49:34,250 --> 00:49:32,460

be from easily From Another Dimension

1199

00:49:37,130 --> 00:49:34,260

that makes sense as well you know the

1200

00:49:38,890 --> 00:49:37,140

idea that they've been here all along

1201

00:49:42,349 --> 00:49:38,900

um you know I don't believe in the

1202

00:49:45,230 --> 00:49:42,359

annunooki I can't even say that right

1203

00:49:47,030 --> 00:49:45,240

I don't I don't you know such and uh

1204

00:49:48,470 --> 00:49:47,040

sitchin has even said that you know he

1205

00:49:50,510 --> 00:49:48,480

was barring and

1206

00:49:51,950 --> 00:49:50,520

you know from this or that mythology to

1207

00:49:53,870 --> 00:49:51,960

create that

1208

00:49:54,650 --> 00:49:53,880

um so

1209

00:49:57,650 --> 00:49:54,660

um

1210

00:50:01,550 --> 00:49:57,660

I don't know I mean that's a whole God

1211

00:50:04,370 --> 00:50:01,560

that's a deep rabbit hole it is yeah so

1212

00:50:06,230 --> 00:50:04,380

but it's you know the things that there

1213

00:50:09,349 --> 00:50:06,240

are a lot of things that can't be

1214

00:50:13,190 --> 00:50:09,359

explained that actually could be

1215

00:50:15,829 --> 00:50:13,200

explained by uh interdimensional you

1216

00:50:17,990 --> 00:50:15,839

know how they would come over into this

1217

00:50:20,089 --> 00:50:18,000

and I'm talking about ghosts and maybe

1218

00:50:22,370 --> 00:50:20,099

even Bigfoot or Cryptids or something

1219

00:50:24,770 --> 00:50:22,380

like that where there's no sign of them

1220

00:50:28,910 --> 00:50:24,780

in any type of way uh people have talked

1221

00:50:31,670 --> 00:50:28,920

about uh UFOs like fading out out fading

1222

00:50:34,490 --> 00:50:31,680

in and fading out you know uh

1223

00:50:36,530 --> 00:50:34,500

and I'm not saying for sure that I I

1224

00:50:38,809 --> 00:50:36,540

have no idea what these things are I

1225

00:50:42,589 --> 00:50:38,819

really don't at

1226

00:50:45,290 --> 00:50:42,599

um I I it's all just speculation yeah at

1227

00:50:48,109 --> 00:50:45,300

this point yeah I mean

1228

00:50:50,630 --> 00:50:48,119

until we get our hands on something

1229

00:50:53,870 --> 00:50:50,640

and yeah are really able to figure it

1230

00:50:58,250 --> 00:50:53,880

out we'll we none of us will really know

1231

00:51:01,970 --> 00:50:58,260

um I I like kind of um parking um some

1232

00:51:03,950 --> 00:51:01,980

of my um researcher interest in the idea

1233

00:51:05,510 --> 00:51:03,960

that that they're traveling in the

1234

00:51:07,849 --> 00:51:05,520

astral plane

1235

00:51:10,250 --> 00:51:07,859

meaning that you know people have said

1236

00:51:11,930 --> 00:51:10,260

they've seen deceased loved ones on some

1237

00:51:13,430 --> 00:51:11,940

of these crafts so if we're talking

1238

00:51:16,730 --> 00:51:13,440

about that we're going to entertain that

1239

00:51:18,530 --> 00:51:16,740

again I haven't seen anything

1240

00:51:20,210 --> 00:51:18,540

um you know someone was just asking if

1241

00:51:22,849 --> 00:51:20,220

you've seen a UFO someone just posted

1242

00:51:23,990 --> 00:51:22,859

that question yeah I I've not I did see

1243

00:51:25,790 --> 00:51:24,000

something

1244

00:51:26,630 --> 00:51:25,800

um near my home that I videotaped and

1245

00:51:28,849 --> 00:51:26,640

again

1246

00:51:30,829 --> 00:51:28,859

it would be footage that I would say if

1247

00:51:32,569 --> 00:51:30,839

someone showed to me I'd be God say God

1248

00:51:36,530 --> 00:51:32,579

give me something

1249

00:51:39,890 --> 00:51:36,540

close and clean but um

1250

00:51:41,270 --> 00:51:39,900

um but it was a you know as much as it

1251
00:51:43,730 --> 00:51:41,280
was weird and my girlfriend and I both

1252
00:51:45,950 --> 00:51:43,740
saw it and videotaped it it was weird uh

1253
00:51:47,329 --> 00:51:45,960
it was it was too far away and uh it was

1254
00:51:49,490 --> 00:51:47,339
just moving very strange and kind of

1255
00:51:52,130 --> 00:51:49,500
appearing and disappearing but you know

1256
00:51:53,870 --> 00:51:52,140
there might be some other explanations

1257
00:51:56,089 --> 00:51:53,880
um you know for it whether it was Birds

1258
00:51:58,370 --> 00:51:56,099
and the sun was hitting them or kite or

1259
00:52:01,130 --> 00:51:58,380
something except it seemed metallic and

1260
00:52:04,010 --> 00:52:01,140
again it was making you know sharp turns

1261
00:52:06,770 --> 00:52:04,020
and stuff but uh yeah anyway

1262
00:52:08,210 --> 00:52:06,780
um uh that's as close as I've as I've

1263
00:52:10,010 --> 00:52:08,220

gotten um

1264

00:52:11,210 --> 00:52:10,020

you know it's funny all my friends are

1265

00:52:17,930 --> 00:52:11,220

dropping like

1266

00:52:20,990 --> 00:52:17,940

um that that haven't seen them

1267

00:52:23,089 --> 00:52:21,000

uh you know Dave Foley has now with

1268

00:52:24,530 --> 00:52:23,099

Jeremy Jeremy hadn't seen him now Jeremy

1269

00:52:31,490 --> 00:52:24,540

has seen one

1270

00:52:33,549 --> 00:52:31,500

um so I'm like Last Man Standing I'm

1271

00:52:37,790 --> 00:52:33,559

waiting for my opportunity

1272

00:52:40,010 --> 00:52:37,800

to see one but I can tell you this that

1273

00:52:42,049 --> 00:52:40,020

I've spent you know half a decade

1274

00:52:46,250 --> 00:52:42,059

um and before that was always an

1275

00:52:49,190 --> 00:52:46,260

armchair you know um uh researcher

1276
00:52:50,510 --> 00:52:49,200
um but hardcore for the past five years

1277
00:52:52,010 --> 00:52:50,520
um researching this and talking to

1278
00:52:53,630 --> 00:52:52,020
people who have and and going to

1279
00:52:56,030 --> 00:52:53,640
experience their support groups as well

1280
00:52:58,309 --> 00:52:56,040
so covering the full spectrum of the

1281
00:53:00,290 --> 00:52:58,319
phenomenon and I can tell you that I I

1282
00:53:01,609 --> 00:53:00,300
you know after working on crime shows

1283

1287
00:53:13,970 --> 00:53:11,760

1288
00:53:16,970 --> 00:53:13,980

someone's suffering from PTSD like an

1289

00:53:20,930 --> 00:53:16,980

experiencer you can't fake PTSD so right

1290

00:53:23,510 --> 00:53:20,940

1291

00:53:25,370 --> 00:53:23,520
