[Music]

3
00:00:39,410 --> 00:00:34,250
strange creatures reported during the

4
00:00:41,990 --> 00:00:39,420
1973 U.S UFO flap by Charles Lear 1973

5
00:00:44,209 --> 00:00:42,000
was a special year for UFO enthusiasts

6
00:00:46,549 --> 00:00:44,219
Not only was there a huge number of

7
00:00:48,529 --> 00:00:46,559
reports in the newspapers as can be seen

8
00:00:50,389 --> 00:00:48,539
in the issues of the UFO news clipping

9
00:00:52,910 --> 00:00:50,399
service from that year there were many

10
00:00:54,889 --> 00:00:52,920
that were especially strange this was

11
00:00:56,750 --> 00:00:54,899
the year of the coin incident involving

12
00:00:59,029 --> 00:00:56,760
a report that EOS Army Reserve

13
00:01:01,549 --> 00:00:59,039

helicopter in the sky over Cleveland was

14

00:01:03,889 --> 00:01:01,559

pulled up by a UFO while its controls

15

00:01:06,350 --> 00:01:03,899

were set to descend and the pascagoul

16

00:01:08,570 --> 00:01:06,360

incident involving a report by two men

17

00:01:10,609 --> 00:01:08,580

that they were taken aboard a crack by

18

00:01:13,250 --> 00:01:10,619

floating elephant-skinned robot-like

19

00:01:16,609 --> 00:01:13,260

creatures these two cases made the front

20

00:01:18,530 --> 00:01:16,619

page of the September October 1973 afro

21

00:01:21,050 --> 00:01:18,540

bulletin but a case that has been

22

00:01:24,289 --> 00:01:21,060

overshadowed by these two cases has the

23

00:01:26,570 --> 00:01:24,299

big headline occupants in Indiana as the

24

00:01:28,969 --> 00:01:26,580

lead story in that issue according to

25

00:01:31,190 --> 00:01:28,979

the reporter presumably one or both of

26
00:01:32,870 --> 00:01:31,200
the lorenzen's Tim and coral who were

27
00:01:35,749 --> 00:01:32,880
the founders of Abra and ran it until

28
00:01:40,130 --> 00:01:35,759
their deaths in the late 1980s at 9 45

29
00:01:41,990 --> 00:01:40,140
pm on October 22nd 1973 Donna and Dwayne

30
00:01:45,109 --> 00:01:42,000
Donathan were heading East on Indiana

31
00:01:47,030 --> 00:01:45,119
State Road 26 from Mrs donathan's

32
00:01:49,429 --> 00:01:47,040
mother's house to their home in Hartford

33
00:01:51,410 --> 00:01:49,439
City Indiana the description in the

34
00:01:53,090 --> 00:01:51,420
article of what happened from there is

35
00:01:55,370 --> 00:01:53,100
made up of quotes taken from an

36
00:01:57,950 --> 00:01:55,380
interview Mrs Jonathan gave to April

37
00:02:00,289 --> 00:01:57,960
field investigator Donald Worley Mrs

38
00:02:02,030 --> 00:02:00,299

Donathan was driving and Mr Donathan was

39

00:02:04,190 --> 00:02:02,040

in the passenger seat with their baby

40

00:02:06,230 --> 00:02:04,200

about one block from their home after

41

00:02:08,330 --> 00:02:06,240

rounding a curve and coming over a small

42

00:02:10,550 --> 00:02:08,340

hill they saw what they thought were two

43

00:02:12,830 --> 00:02:10,560

children about four feet tall standing

44

00:02:14,750 --> 00:02:12,840

in the road Mrs Donathan stopped about

45

00:02:16,729 --> 00:02:14,760

30 feet away from them and with the

46

00:02:19,010 --> 00:02:16,739

headlights on them saw that they weren't

47

00:02:22,309 --> 00:02:19,020

children according to her they seemed

48

00:02:24,830 --> 00:02:22,319

confused and hopped she said their feet

49

00:02:27,110 --> 00:02:24,840

would come up slowly one at a time and

50

00:02:29,150 --> 00:02:27,120

their arms would flop funny they moved

51
00:02:31,490 --> 00:02:29,160
slower than humans and their feet and

52
00:02:33,410 --> 00:02:31,500
arms would go up funny her feet came off

53
00:02:35,809 --> 00:02:33,420
the ground easy and they were bright

54
00:02:38,089 --> 00:02:35,819
silver in color according to the

55
00:02:40,130 --> 00:02:38,099
reporter Mrs Donathan said they had a

56
00:02:42,890 --> 00:02:40,140
light build and in the reporter's words

57
00:02:44,809 --> 00:02:42,900
straight informed to the ground her

58
00:02:46,550 --> 00:02:44,819
attention was on their feet and she

59
00:02:48,770 --> 00:02:46,560
didn't remember seeing heads or any

60
00:02:51,050 --> 00:02:48,780
other features she said the feet had

61
00:02:53,449 --> 00:02:51,060
what looked like boxes on them somewhat

62
00:02:56,150 --> 00:02:53,459
larger than a shoe and she said she

63
00:02:58,610 --> 00:02:56,160

didn't see any hands she said she didn't

64
00:03:00,530 --> 00:02:58,620
remember hearing a sound but the car was

65
00:03:03,050 --> 00:03:00,540
still running and the tape was playing

66
00:03:05,449 --> 00:03:03,060
in the machine at a high volume she

67
00:03:07,790 --> 00:03:05,459
didn't notice an odor and said that in

68
00:03:09,710 --> 00:03:07,800
the reporter's words the clothing or the

69
00:03:11,930 --> 00:03:09,720
surface of the creatures appeared to be

70
00:03:14,449 --> 00:03:11,940
tight fitting according to the reporter

71
00:03:17,089 --> 00:03:14,459
Mrs Jonathan was quite frightened and

72
00:03:18,949 --> 00:03:17,099
sped off quickly past the creatures she

73
00:03:21,649 --> 00:03:18,959
drove in a panic for several blocks

74
00:03:24,229 --> 00:03:21,659
before Mr Donathan got her to stop in an

75
00:03:25,910 --> 00:03:24,239
old church Mr Donathan hadn't gotten a

76
00:03:28,130 --> 00:03:25,920
good look at the creatures and wasn't

77
00:03:30,410 --> 00:03:28,140
convinced they weren't children despite

78
00:03:32,930 --> 00:03:30,420
her fear Mrs Donathan was convinced by

79
00:03:34,910 --> 00:03:32,940
Mr Donathan to drive back to the area

80
00:03:37,070 --> 00:03:34,920
and if it turned out that what they saw

81
00:03:38,930 --> 00:03:37,080
were children he was prepared to scold

82
00:03:40,789 --> 00:03:38,940
them when they got there all they saw

83
00:03:43,729 --> 00:03:40,799
were unidentified lights in the north

84
00:03:45,710 --> 00:03:43,739
and paid little attention to them they

85
00:03:48,530 --> 00:03:45,720
went back to Mrs Donovan's mother's

86
00:03:50,509 --> 00:03:48,540
house and Mrs Donathan was so upset they

87
00:03:52,550 --> 00:03:50,519
thought she would need a doctor but she

88
00:03:54,589 --> 00:03:52,560

eventually recovered another witness

89

00:03:57,050 --> 00:03:54,599

account is described in the article

90

00:03:59,330 --> 00:03:57,060

after the Donovan account according to

91

00:04:01,789 --> 00:03:59,340

the reporter gas station owner and

92

00:04:03,949 --> 00:04:01,799

record driver Gary flatter heard a call

93

00:04:06,410 --> 00:04:03,959

come in about the Donovan sighting when

94

00:04:08,809 --> 00:04:06,420

he was with his friend Deputy Sheriff Ed

95

00:04:11,030 --> 00:04:08,819

Townsend and a state policeman that

96

00:04:13,130 --> 00:04:11,040

didn't wish to be named they went out to

97

00:04:15,649 --> 00:04:13,140

the area and saw nothing but they did

98

00:04:17,629 --> 00:04:15,659

report hearing high frequency noise at a

99

00:04:19,849 --> 00:04:17,639

certain spot along the road platter

100

00:04:22,670 --> 00:04:19,859

returned in his record along with the

101
00:04:24,830 --> 00:04:22,680
state policeman in his patrol car they

102
00:04:26,810 --> 00:04:24,840
separated and flattered noticed a large

103
00:04:28,909 --> 00:04:26,820
number of animals running across the

104
00:04:31,730 --> 00:04:28,919
road he stopped to avoid hitting them

105
00:04:34,850 --> 00:04:31,740
and counted six or seven rabbits upon

106
00:04:36,950 --> 00:04:34,860
awesome a raccoon and some cats he also

107
00:04:39,350 --> 00:04:36,960
heard the same sound he'd heard before

108
00:04:41,749 --> 00:04:39,360
looking around he spotted two small

109
00:04:44,030 --> 00:04:41,759
creatures in a plowed field he got them

110
00:04:46,189 --> 00:04:44,040
in his headlights and stayed 75 feet

111
00:04:48,530 --> 00:04:46,199
away according to him they were about

112
00:04:50,629 --> 00:04:48,540
four feet tall and were silvery

113
00:04:52,550 --> 00:04:50,639

tight-fitting uniforms he said they

114

00:04:54,530 --> 00:04:52,560

glared in the light about halfway

115

00:04:57,170 --> 00:04:54,540

between galvanized sheet metal and

116

00:04:58,790 --> 00:04:57,180

aluminum he put a spotlight on them and

117

00:05:00,710 --> 00:04:58,800

they turned their entire bodies around

118

00:05:02,689 --> 00:05:00,720

giving him the impression that they

119

00:05:04,189 --> 00:05:02,699

didn't like the light the light from the

120

00:05:06,290 --> 00:05:04,199

spotlight that reflected off the

121

00:05:08,930 --> 00:05:06,300

creatures was blinding so he turned the

122

00:05:11,629 --> 00:05:08,940

spotlight off ladder's description added

123

00:05:13,610 --> 00:05:11,639

more details to that of Mrs Donathan he

124

00:05:16,249 --> 00:05:13,620

said the creatures had egg-shaped heads

125

00:05:17,870 --> 00:05:16,259

with masks that had a tube coming out of

126

00:05:21,409 --> 00:05:17,880

them that went into the creature's

127

00:05:23,689 --> 00:05:21,419

chests he didn't see eyes or ears he

128

00:05:25,730 --> 00:05:23,699

said their arms had no hands on the ends

129

00:05:27,950 --> 00:05:25,740

of them and that their feet were square

130

00:05:30,409 --> 00:05:27,960

with a heel a little odor in the back

131

00:05:32,450 --> 00:05:30,419

platter described their movement and his

132

00:05:34,730 --> 00:05:32,460

description was similar to the that of

133

00:05:37,129 --> 00:05:34,740

Mrs Donovan they would move about three

134

00:05:40,189 --> 00:05:37,139

feet off the ground then go back down

135

00:05:42,830 --> 00:05:40,199

all of this in slow motion they did this

136

00:05:44,749 --> 00:05:42,840

three times and then they flew off like

137

00:05:47,689 --> 00:05:44,759

a helicopter in the feet down position

138

00:05:50,029 --> 00:05:47,699

and disappeared into the darkness the

139

00:05:52,550 --> 00:05:50,039

next day flattered Deputy Townsend and

140

00:05:54,650 --> 00:05:52,560

Mr Donathan went to the area of the

141

00:05:57,170 --> 00:05:54,660

Jonathan's encounter in a nearby

142

00:05:59,029 --> 00:05:57,180

cornfield they reportedly found seven

143

00:06:01,249 --> 00:05:59,039

three-quarter inch Impressions three

144

00:06:03,230 --> 00:06:01,259

inches wide that according to the

145

00:06:05,390 --> 00:06:03,240

reporter looked as though they had been

146

00:06:07,969 --> 00:06:05,400

made by a heel that was not as round as

147

00:06:10,610 --> 00:06:07,979

ordinary Hills it had not rain for days

148

00:06:14,330 --> 00:06:10,620

and the three men weighing an average of

149

00:06:17,689 --> 00:06:14,340

200 pounds left no Footprints this story

150

00:06:20,210 --> 00:06:17,699

also appears in the 1976 book encounters

151
00:06:22,670 --> 00:06:20,220
with UFO occupants by Jim and coral

152
00:06:25,670 --> 00:06:22,680
Lorenzen in the chapter titled floating

153
00:06:27,529 --> 00:06:25,680
flying euphonots in this version it is

154
00:06:29,570 --> 00:06:27,539
reported that the donovans drove into

155
00:06:31,610 --> 00:06:29,580
Hartford City to report their sighting

156
00:06:34,550 --> 00:06:31,620
to the Sheriff's Office where flatter

157
00:06:37,249 --> 00:06:34,560
was with Townsend who was on duty the

158
00:06:39,490 --> 00:06:37,259
story also shows up in the 1974 Center

159
00:06:42,590 --> 00:06:39,500
for UFO studies publication

160
00:06:45,050 --> 00:06:42,600
1973 the year of the humanoids by David

161
00:06:47,390 --> 00:06:45,060
Webb with an additional setting by a

162
00:06:49,909 --> 00:06:47,400
woman this is Debbie carrying the same

163
00:06:51,830 --> 00:06:49,919

night as the other sightings according

164

00:06:53,930 --> 00:06:51,840

to the narrative she saw two

165

00:06:56,330 --> 00:06:53,940

silver-suited four-foot humanoids while

166

00:06:58,309 --> 00:06:56,340

driving and they made a loud noise and

167

00:07:00,290 --> 00:06:58,319

raised their arms as if to scare her

168

00:07:02,809 --> 00:07:00,300

platter sighting is reported to have

169

00:07:05,390 --> 00:07:02,819

been the next day what would a UFO story

170

00:07:08,450 --> 00:07:05,400

be without at least a little discrepancy

171

00:07:10,610 --> 00:07:08,460

Charles Lear is the author of The Flying
