

MARIO WOODS

**AIR FORCE BASE
ENCOUNTER**

#539

1
00:00:37,130 --> 00:00:01,610

[Music]

2
00:00:41,450 --> 00:00:39,229

hello and welcome to the show on Martin

3
00:00:43,310 --> 00:00:41,460

Willis your host and we've got another

4
00:00:46,069 --> 00:00:43,320

great show for you this evening backed

5
00:00:48,470 --> 00:00:46,079

by popular demand as they say is Mario

6
00:00:51,350 --> 00:00:48,480

Woods last time he was on it was a

7
00:00:52,850 --> 00:00:51,360

pre-recorded show and this uh time

8
00:00:56,930 --> 00:00:52,860

you'll have an opportunity if you're

9
00:00:58,250 --> 00:00:56,940

watching live to uh ask a question or

10
00:00:59,569 --> 00:00:58,260

two and just remember when you're doing

11
00:01:01,250 --> 00:00:59,579

that in chat

12
00:01:03,229 --> 00:01:01,260

um that you want to do all caps so I

13
00:01:05,509 --> 00:01:03,239

catch the question and if it fits and I

14

00:01:07,490 --> 00:01:05,519

can use it or I can go back to it at a

15

00:01:09,289 --> 00:01:07,500

later time and use it in another part of

16

00:01:10,730 --> 00:01:09,299

the conversation I'll be glad to do that

17

00:01:13,070 --> 00:01:10,740

for you

18

00:01:15,170 --> 00:01:13,080

um I want to uh thank everyone that

19

00:01:17,270 --> 00:01:15,180

supports the show and anyone can do that

20

00:01:21,109 --> 00:01:17,280

all you have to go do is go to podcast

21

00:01:23,090 --> 00:01:21,119

ufo.com and the support page

22

00:01:24,890 --> 00:01:23,100

um and there are people that support the

23

00:01:27,590 --> 00:01:24,900

show in so many other ways and I want to

24

00:01:29,929 --> 00:01:27,600

thank them as well first of all uh

25

00:01:31,490 --> 00:01:29,939

Charles Lear who does the blogs and

26

00:01:34,190 --> 00:01:31,500

audio blogs I can't thank him enough

27

00:01:35,810 --> 00:01:34,200

this week a trucker reports a harrowing

28

00:01:39,230 --> 00:01:35,820

UFO encounter that's the name of the

29

00:01:41,749 --> 00:01:39,240

blog and that was back in 1973 and it's

30

00:01:43,850 --> 00:01:41,759

very interesting uh Charles is uh the

31

00:01:45,469 --> 00:01:43,860

author of The Flying Saucer investigator

32

00:01:47,330 --> 00:01:45,479

is a great book

33

00:01:48,649 --> 00:01:47,340

um I hope you uh get that the link to

34

00:01:51,590 --> 00:01:48,659

that is on

35

00:01:53,149 --> 00:01:51,600

um is on the page as well and now I'm

36

00:01:55,670 --> 00:01:53,159

putting them in his blogs that he does

37

00:01:58,550 --> 00:01:55,680

uh we have Grant Cameron next week

38

00:02:01,249 --> 00:01:58,560

coming up and uh I want to thank a few

39

00:02:04,429 --> 00:02:01,259

people uh Donna my producer for all that

40

00:02:06,530 --> 00:02:04,439

she does thank you very much uh Brock is

41

00:02:08,809 --> 00:02:06,540

helping out over on Facebook thank you

42

00:02:11,330 --> 00:02:08,819

very much for all that you do Brock he

43

00:02:14,510 --> 00:02:11,340

also helps me by sending me interesting

44

00:02:17,210 --> 00:02:14,520

things and through emails and so does

45

00:02:20,869 --> 00:02:17,220

Phil Long Time listener and friend and

46

00:02:22,490 --> 00:02:20,879

supporter uh Palmer uh thank you Palmer

47

00:02:24,530 --> 00:02:22,500

use he sends me some very interesting

48

00:02:26,150 --> 00:02:24,540

stuff I'm getting a lot of I think it's

49

00:02:27,710 --> 00:02:26,160

eyes on Cinema a lot of people are

50

00:02:30,410 --> 00:02:27,720

sending me links to that there are some

51
00:02:32,449 --> 00:02:30,420
fascinating uh YouTube videos that have

52
00:02:34,250 --> 00:02:32,459
come up I'm not really sure where

53
00:02:36,830 --> 00:02:34,260
they're coming from but they're really

54
00:02:39,470 --> 00:02:36,840
great so uh and I've tried to get the

55
00:02:41,150 --> 00:02:39,480
person that is running that channel

56
00:02:43,490 --> 00:02:41,160
um on this show but I have not heard

57
00:02:45,470 --> 00:02:43,500
back from him but anyway

58
00:02:47,330 --> 00:02:45,480
um I think I've talked enough that's

59
00:02:49,490 --> 00:02:47,340
it's about me and again remember when

60
00:02:51,890 --> 00:02:49,500
you're in chat and you want to post a

61
00:02:53,750 --> 00:02:51,900
question please use all caps so I catch

62
00:02:56,330 --> 00:02:53,760
them and I'm bringing them in now Mario

63
00:03:00,290 --> 00:02:56,340

welcome to the show thank you Martin

64

00:03:02,449 --> 00:03:00,300

nice to be here with you again yes yes I

65

00:03:05,690 --> 00:03:02,459

had a lot of people really excited about

66

00:03:08,930 --> 00:03:05,700

you you coming back on so uh and I'm

67

00:03:10,910 --> 00:03:08,940

glad you're here and there you know I

68

00:03:13,250 --> 00:03:10,920

mean we'll talk about

69

00:03:15,410 --> 00:03:13,260

I know this is you know one type of

70

00:03:17,630 --> 00:03:15,420

situation that happened to you but it's

71

00:03:19,309 --> 00:03:17,640

fascinating and a lot of people may have

72

00:03:23,089 --> 00:03:19,319

not caught the first show so I do want

73

00:03:27,530 --> 00:03:23,099

to go over the the whole uh situation at

74

00:03:29,750 --> 00:03:27,540

November 5 is that the name of the uh

75

00:03:31,250 --> 00:03:29,760

where the encounter happened yes that

76

00:03:33,530 --> 00:03:31,260

was that was the missile site launch

77

00:03:36,110 --> 00:03:33,540

facility yes the launching facility is

78

00:03:39,050 --> 00:03:36,120

called November 5. correct and and

79

00:03:41,509 --> 00:03:39,060

that's at um Ellsworth is that right

80

00:03:44,509 --> 00:03:41,519

Ellsworth well Ellsworth is the main

81

00:03:46,970 --> 00:03:44,519

support base and I see you're you're we

82

00:03:49,670 --> 00:03:46,980

we were at November 1 uh launch control

83

00:03:51,589 --> 00:03:49,680

facility where we live for three days at

84

00:03:54,670 --> 00:03:51,599

a time then you're off for three days

85

00:03:57,170 --> 00:03:54,680

so we simply responded to an alarm

86

00:03:59,630 --> 00:03:57,180

and I can go into that if you'd like but

87

00:04:02,570 --> 00:03:59,640

yeah November 5 was the affected launch

88

00:04:04,729 --> 00:04:02,580

facility Minuteman missile site and we

89

00:04:07,550 --> 00:04:04,739

arrived there you know maybe quarter

90

00:04:10,130 --> 00:04:07,560

till one or ten to one A.M

91

00:04:12,470 --> 00:04:10,140

on November cold night and everything

92

00:04:14,630 --> 00:04:12,480

started from that point

93

00:04:16,550 --> 00:04:14,640

yeah yeah and we'll we'll get right into

94

00:04:19,069 --> 00:04:16,560

that and everything but first of all I

95

00:04:22,189 --> 00:04:19,079

wanted to tell you last time you were on

96

00:04:24,530 --> 00:04:22,199

you mentioned about your childhood UFO

97

00:04:26,570 --> 00:04:24,540

sighting and you're sighting that you

98

00:04:28,249 --> 00:04:26,580

had I think you said it was back in 1961

99

00:04:29,530 --> 00:04:28,259

or something like that out of the school

100

00:04:33,650 --> 00:04:29,540

yard

101
00:04:36,409 --> 00:04:33,660
and my mother yes yeah your your uh

102
00:04:38,270 --> 00:04:36,419
sighting was very much like a person in

103
00:04:40,670 --> 00:04:38,280
the UFO field had a very similar

104
00:04:43,070 --> 00:04:40,680
sighting his name is Peter Robbins he

105
00:04:45,170 --> 00:04:43,080
talks about three silver discs him and

106
00:04:48,830 --> 00:04:45,180
his sister saw

107
00:04:50,270 --> 00:04:48,840
um and uh it just sounded so similar in

108
00:04:53,270 --> 00:04:50,280
formation the way they were flying and

109
00:04:55,189 --> 00:04:53,280
all that uh I I mentioned it to him and

110
00:04:57,530 --> 00:04:55,199
he listened to your podcasts and yeah he

111
00:04:58,790 --> 00:04:57,540
thought there was some uh similarities

112
00:05:01,969 --> 00:04:58,800
in the two

113
00:05:05,590 --> 00:05:01,979

um and it could have been right around

114

00:05:10,010 --> 00:05:08,749

yeah and he's uh where were you at the

115

00:05:13,390 --> 00:05:10,020

time like this is what I can't remember

116

00:05:15,590 --> 00:05:13,400

Port Arthur Texas oh you're in Texas

117

00:05:17,689 --> 00:05:15,600

yeah my father shipped in and out of

118

00:05:20,210 --> 00:05:17,699

Port Arthur yes I believe he was right

119

00:05:22,850 --> 00:05:20,220

in New York City or right in right near

120

00:05:25,610 --> 00:05:22,860

there uh I believe so but yeah I mean

121

00:05:26,950 --> 00:05:25,620

they just doesn't matter to those guys

122

00:05:30,370 --> 00:05:26,960

right

123

00:05:32,930 --> 00:05:30,380

yeah yeah and this is a schoolyard

124

00:05:34,310 --> 00:05:32,940

situation why don't you just for the

125

00:05:36,409 --> 00:05:34,320

person that hasn't heard that why don't

126

00:05:38,450 --> 00:05:36,419

you kind of go over what exactly

127

00:05:41,150 --> 00:05:38,460

happened you were were you actually in

128

00:05:42,890 --> 00:05:41,160

the car with your yes my mother was

129

00:05:45,050 --> 00:05:42,900

taking me to schools matter of fact I

130

00:05:48,290 --> 00:05:45,060

was five or six years old like six years

131

00:05:49,969 --> 00:05:48,300

old I was born in 55 and um

132

00:05:52,370 --> 00:05:49,979

anyway I was sitting in the front seat

133

00:05:55,129 --> 00:05:52,380

uh six-year-olds were allowed to do that

134

00:05:57,290 --> 00:05:55,139

back then and we were just two blocks

135

00:06:01,129 --> 00:05:57,300

from the school anyway but the school

136

00:06:03,650 --> 00:06:01,139

was a a facility where you kindergarten

137

00:06:04,610 --> 00:06:03,660

to 12th grade it was a one building

138

00:06:07,249 --> 00:06:04,620

School

139

00:06:10,010 --> 00:06:07,259

and uh they had this street directly in

140

00:06:11,689 --> 00:06:10,020

front of it uh fenced off and then the

141

00:06:13,070 --> 00:06:11,699

block across the street from the school

142

00:06:15,350 --> 00:06:13,080

was a playground

143

00:06:17,510 --> 00:06:15,360

and I don't know the exact number of

144

00:06:19,850 --> 00:06:17,520

students there uh

145

00:06:21,890 --> 00:06:19,860

never did it was a lot of a lot of kids

146

00:06:24,890 --> 00:06:21,900

and young teenagers there because I said

147

00:06:27,170 --> 00:06:24,900

it went to 12th grade and we were

148

00:06:29,090 --> 00:06:27,180

probably fifth or sixth in line that I

149

00:06:30,890 --> 00:06:29,100

can remember looking at the cars in

150

00:06:33,409 --> 00:06:30,900

front of me that I can I can think back

151
00:06:34,730 --> 00:06:33,419
that far and see them I always try to

152
00:06:37,070 --> 00:06:34,740
take a picture of something that's

153
00:06:40,189 --> 00:06:37,080
important in my mind I don't know how I

154
00:06:41,930 --> 00:06:40,199
can do that but I can always go back to

155
00:06:44,210 --> 00:06:41,940
that for some reason but

156
00:06:46,189 --> 00:06:44,220
my mother actually saw them first she

157
00:06:48,590 --> 00:06:46,199
was driving and uh

158
00:06:50,270 --> 00:06:48,600
she said Anthony my middle name she goes

159
00:06:52,070 --> 00:06:50,280
look at those flying saucers and my

160
00:06:53,270 --> 00:06:52,080
sister was in the back seat and I was in

161
00:06:56,090 --> 00:06:53,280
the front seat

162
00:06:58,129 --> 00:06:56,100
and I just went where and she was

163
00:07:00,830 --> 00:06:58,139

pointing to them and they were to her

164

00:07:03,890 --> 00:07:00,840

left and there was a church on the left

165

00:07:05,809 --> 00:07:03,900

and it was directly next side by side to

166

00:07:07,790 --> 00:07:05,819

the school it's no longer there but it

167

00:07:08,510 --> 00:07:07,800

was a really pretty Brick Church at the

168

00:07:10,070 --> 00:07:08,520

time

169

00:07:12,469 --> 00:07:10,080

and uh

170

00:07:14,330 --> 00:07:12,479

I got under the window and I just looked

171

00:07:16,309 --> 00:07:14,340

at it you know like looking out of the

172

00:07:18,650 --> 00:07:16,319

top of the window underneath the the

173

00:07:20,749 --> 00:07:18,660

rear view visor there your rear view

174

00:07:23,210 --> 00:07:20,759

mirror you know and I just couldn't

175

00:07:25,129 --> 00:07:23,220

believe what I was seeing and everybody

176

00:07:26,990 --> 00:07:25,139

everything just went quiet and everybody

177

00:07:28,969 --> 00:07:27,000

was looking at them all the cars in

178

00:07:31,969 --> 00:07:28,979

front of us and people were hanging out

179

00:07:34,670 --> 00:07:31,979

the uh out of the within the Western

180

00:07:36,050 --> 00:07:34,680

Windows of the school looking up and

181

00:07:38,330 --> 00:07:36,060

pointing and all the kids on the

182

00:07:40,670 --> 00:07:38,340

playground I just did a quick scan at

183

00:07:42,589 --> 00:07:40,680

six years old when I saw this because I

184

00:07:44,629 --> 00:07:42,599

couldn't believe it was happening but it

185

00:07:47,809 --> 00:07:44,639

was the most normal thing

186

00:07:49,790 --> 00:07:47,819

to happen I don't there was not any fear

187

00:07:51,350 --> 00:07:49,800

or anything but it was like hey they're

188

00:07:52,670 --> 00:07:51,360

supposed to be here they just they're

189

00:07:56,150 --> 00:07:52,680

supposed to be here

190

00:07:58,790 --> 00:07:56,160

and they probably sat there for

191

00:08:00,469 --> 00:07:58,800

a minute or two maybe maybe three

192

00:08:03,529 --> 00:08:00,479

minutes I'm really not sure but enough

193

00:08:06,830 --> 00:08:03,539

to get a really good good look at them

194

00:08:09,830 --> 00:08:06,840

and my sister said I'm scared I'm scared

195

00:08:11,870 --> 00:08:09,840

Anthony my middle name and uh

196

00:08:13,670 --> 00:08:11,880

I didn't even answer I just kept looking

197

00:08:15,650 --> 00:08:13,680

and then all of a sudden

198

00:08:18,770 --> 00:08:15,660

just as they were there they went

199

00:08:21,589 --> 00:08:18,780

straight up completely almost like to

200

00:08:23,689 --> 00:08:21,599

punch a hole in the sky together at the

201
00:08:26,270 --> 00:08:23,699
same time there was not one two three it

202
00:08:29,270 --> 00:08:26,280
was all three at one time just

203
00:08:31,490 --> 00:08:29,280
boost straight up I mean in a blast of a

204
00:08:33,290 --> 00:08:31,500
second they were just out of view out of

205
00:08:35,570 --> 00:08:33,300
the atmosphere I guess

206
00:08:37,070 --> 00:08:35,580
now if I remember right nobody talked

207
00:08:38,690 --> 00:08:37,080
about it really that much no everybody

208
00:08:40,610 --> 00:08:38,700
just went back to playing like nothing

209
00:08:43,490 --> 00:08:40,620
had happened it was

210
00:08:46,130 --> 00:08:43,500
as if nothing happened it was just the

211
00:08:47,570 --> 00:08:46,140
craziest thing you know and when I went

212
00:08:49,310 --> 00:08:47,580
back I was working for a shipping

213
00:08:53,030 --> 00:08:49,320

company out of Norway and when I was I

214

00:08:55,610 --> 00:08:53,040

was back there in 08. and um

215

00:08:57,410 --> 00:08:55,620

I I was in Port Arthur so I went right

216

00:08:59,030 --> 00:08:57,420

by the old right by my school matter of

217

00:09:01,550 --> 00:08:59,040

fact I picked up picked up a couple of

218

00:09:03,650 --> 00:09:01,560

rocks I have today from the playground

219

00:09:05,269 --> 00:09:03,660

that's still there and of course the

220

00:09:07,730 --> 00:09:05,279

school's been rebuilt and the church is

221

00:09:09,610 --> 00:09:07,740

gone but I sat on that corner for a

222

00:09:13,070 --> 00:09:09,620

moment because it meant something to me

223

00:09:15,769 --> 00:09:13,080

at that point in time I guess and and uh

224

00:09:18,110 --> 00:09:15,779

just reflected you know what what was

225

00:09:21,350 --> 00:09:18,120

that and you know how cool that was to

226

00:09:23,690 --> 00:09:21,360

witnessed that but yeah it was it was

227

00:09:26,509 --> 00:09:23,700

really quite extraordinary to see that

228

00:09:28,630 --> 00:09:26,519

so throughout your life you must have

229

00:09:32,329 --> 00:09:28,640

wondered what this whole thing is about

230

00:09:34,070 --> 00:09:32,339

always always my you know my father used

231

00:09:36,350 --> 00:09:34,080

to you know he was a Siemens he was a

232

00:09:38,030 --> 00:09:36,360

chief engineer with Texaco and you know

233

00:09:39,769 --> 00:09:38,040

he would sometimes we would fish

234

00:09:43,190 --> 00:09:39,779

together and he would sometimes talk of

235

00:09:45,650 --> 00:09:43,200

Lights Under the Sea and uh I never you

236

00:09:47,810 --> 00:09:45,660

know I I never really

237

00:09:49,490 --> 00:09:47,820

said too much about him and he said yeah

238

00:09:52,310 --> 00:09:49,500

there's there are things under the sea

239

00:09:55,009 --> 00:09:52,320

that move extremely fast 50 times faster

240

00:09:56,990 --> 00:09:55,019

than our ships you know and you know

241

00:09:58,970 --> 00:09:57,000

most most vessels coming up there coming

242

00:10:01,009 --> 00:09:58,980

up the Gulf Stream you know surrounding

243

00:10:02,329 --> 00:10:01,019

Florida they're running 30 knots you

244

00:10:03,829 --> 00:10:02,339

know I mean they pick up the Gulf Stream

245

00:10:07,430 --> 00:10:03,839

and they're flying they said these

246

00:10:08,630 --> 00:10:07,440

things just blow by them you know or you

247

00:10:10,310 --> 00:10:08,640

know he's even he'd even talked about

248

00:10:12,110 --> 00:10:10,320

things coming up and out of the Sea and

249

00:10:13,310 --> 00:10:12,120

the whole crew would see it a crew of 29

250

00:10:14,650 --> 00:10:13,320

or 30 men

251

00:10:17,210 --> 00:10:14,660

boy

252

00:10:19,730 --> 00:10:17,220

something to talk to someone that

253

00:10:21,350 --> 00:10:19,740

actually witnessed those absolutely when

254

00:10:23,090 --> 00:10:21,360

I worked for that shipping company I

255

00:10:24,889 --> 00:10:23,100

used to always ask the captains of my

256

00:10:28,490 --> 00:10:24,899

vessels they were all Filipino we had

257

00:10:31,910 --> 00:10:28,500

four vessels that were uh uh had

258

00:10:34,550 --> 00:10:31,920

latvians on board and uh but anything

259

00:10:36,350 --> 00:10:34,560

coming out of Mobile Alabama or Panama

260

00:10:38,030 --> 00:10:36,360

City I would always ask the captains hey

261

00:10:41,210 --> 00:10:38,040

anything weird going out there you know

262

00:10:43,070 --> 00:10:41,220

because I I have two of my my dad's uh

263

00:10:45,949 --> 00:10:43,080

cousins went down on the Marine sofa

264

00:10:47,569 --> 00:10:45,959

Queen I think that was in 63 if I'm not

265

00:10:51,350 --> 00:10:47,579

mistaken and my dad got off of that

266

00:10:54,889 --> 00:10:51,360

vessel uh in Port Arthur and as she's

267

00:10:56,090 --> 00:10:54,899

when she sailed she sunk hmm that was

268

00:10:57,590 --> 00:10:56,100

the last of that that was the marine

269

00:11:00,590 --> 00:10:57,600

sofa queen that was in uh Charles

270

00:11:02,810 --> 00:11:00,600

berlitz's book also the Bermuda Triangle

271

00:11:05,030 --> 00:11:02,820

wow wow

272

00:11:07,850 --> 00:11:05,040

um so what did he think about your

273

00:11:09,470 --> 00:11:07,860

sighting that you had at the schoolyard

274

00:11:11,930 --> 00:11:09,480

I don't really know if he ever

275

00:11:14,210 --> 00:11:11,940

remembered my mother ever told him

276

00:11:15,769 --> 00:11:14,220

my toddler was always at Sea man I mean

277

00:11:18,710 --> 00:11:15,779

I was like the man of the house you know

278

00:11:20,449 --> 00:11:18,720

always even from a young age I mean I

279

00:11:22,670 --> 00:11:20,459

took care of my mom my sister and then

280

00:11:28,130 --> 00:11:22,680

my my two baby brothers you know yeah

281

00:11:31,130 --> 00:11:28,140

yeah wow and so time goes by and you

282

00:11:33,530 --> 00:11:31,140

enlist and that was like the only

283

00:11:34,910 --> 00:11:33,540

encounter you had until the Air Force

284

00:11:37,190 --> 00:11:34,920

encounter right

285

00:11:40,069 --> 00:11:37,200

yeah it's I had seen a few things in the

286

00:11:42,410 --> 00:11:40,079

in the atmosphere like over in Tampa and

287

00:11:44,569 --> 00:11:42,420

um one time over at uh in Cocoa Beach

288

00:11:46,009 --> 00:11:44,579

but it wasn't anything definitive it

289

00:11:49,069 --> 00:11:46,019

wasn't any kind of crap that I could

290

00:11:50,750 --> 00:11:49,079

identify or or anything like that I may

291

00:11:53,150 --> 00:11:50,760

have just been an aircraft you know from

292

00:11:54,590 --> 00:11:53,160

the Air Force or special projects I

293

00:11:57,650 --> 00:11:54,600

don't know you know that was an early

294

00:11:59,449 --> 00:11:57,660

time so yeah yeah no not until not until

295

00:12:00,590 --> 00:11:59,459

South Dakota did I really see something

296

00:12:06,530 --> 00:12:00,600

that

297

00:12:08,509 --> 00:12:06,540

since you have been on what we when

298

00:12:11,449 --> 00:12:08,519

you're on the last time I know that

299

00:12:14,990 --> 00:12:11,459

someone contacted you that uh through my

300

00:12:17,329 --> 00:12:15,000

podcast uh that you were that you were

301

00:12:19,910 --> 00:12:17,339

in I don't know if you were you in

302

00:12:22,069 --> 00:12:19,920

elsewhere at the same time or where

303

00:12:23,509 --> 00:12:22,079

where are you stationed together that

304

00:12:27,650 --> 00:12:23,519

was on air base

305

00:12:31,730 --> 00:12:27,660

oh uh-huh yeah and uh and but anyway

306

00:12:33,710 --> 00:12:31,740

have you had has it been any other like

307

00:12:37,250 --> 00:12:33,720

new developments in any type of way

308

00:12:39,069 --> 00:12:37,260

other than her getting in touch with you

309

00:12:41,210 --> 00:12:39,079

um since we've last talked

310

00:12:44,030 --> 00:12:41,220

yeah it's funny you should ask that

311

00:12:47,210 --> 00:12:44,040

because uh I did something last night um

312

00:12:50,269 --> 00:12:47,220

with it with another moderator and uh

313

00:12:52,670 --> 00:12:50,279

um anyway I I several people contacted

314

00:12:54,050 --> 00:12:52,680

me because I put my email out there and

315

00:12:56,030 --> 00:12:54,060

you know I told you that in my

316

00:12:58,190 --> 00:12:56,040

debriefing in Colonel spraker's office

317

00:13:01,490 --> 00:12:58,200

at Ellsworth the day the day following

318

00:13:03,110 --> 00:13:01,500

it the occurrence but um or the day of

319

00:13:05,509 --> 00:13:03,120

it was just really late in the afternoon

320

00:13:06,590 --> 00:13:05,519

by that time but

321

00:13:10,250 --> 00:13:06,600

um

322

00:13:12,170 --> 00:13:10,260

Richard Doty was at Mighty briefing and

323

00:13:13,730 --> 00:13:12,180

he was a young trainee at the time and I

324

00:13:15,050 --> 00:13:13,740

put out several times on several

325

00:13:16,910 --> 00:13:15,060

different shows that I would like to

326

00:13:19,550 --> 00:13:16,920

Speak with him because you know getting

327

00:13:21,530 --> 00:13:19,560

that verification you know is important

328

00:13:23,690 --> 00:13:21,540

you know that you get somebody that says

329

00:13:25,250 --> 00:13:23,700

yep I remember this guy I remember this

330

00:13:27,470 --> 00:13:25,260

guy I remember what we did and what we

331

00:13:29,569 --> 00:13:27,480

talked about because he was like one of

332

00:13:30,889 --> 00:13:29,579

six people five or six people that were

333

00:13:33,110 --> 00:13:30,899

there but he was

334

00:13:35,810 --> 00:13:33,120

he was of young training at the time I

335

00:13:38,509 --> 00:13:35,820

do know that for a fact so as of today

336

00:13:40,790 --> 00:13:38,519

uh he was given my number and my email

337

00:13:42,650 --> 00:13:40,800

and hope that he'll call me I just want

338

00:13:44,750 --> 00:13:42,660

to discuss it with him I'm gonna say Hey

339

00:13:47,509 --> 00:13:44,760

you remember me because I remember you I

340

00:13:49,850 --> 00:13:47,519

remember your face you know I mean I

341

00:13:51,769 --> 00:13:49,860

really do but and it I've been saying it

342

00:13:52,850 --> 00:13:51,779

all along I just like the I'd like to

343

00:13:55,250 --> 00:13:52,860

talk to him

344

00:13:57,949 --> 00:13:55,260

now I heard I heard through the

345

00:13:59,750 --> 00:13:57,959

grapevine that he confirmed that he did

346

00:14:02,050 --> 00:13:59,760

that he was there

347

00:14:06,050 --> 00:14:02,060

I don't know

348

00:14:08,329 --> 00:14:06,060

anything or seen anything concerning

349

00:14:11,030 --> 00:14:08,339

that but I would really speak with him

350

00:14:14,329 --> 00:14:11,040

yeah yeah so why don't we get into it

351

00:14:17,090 --> 00:14:14,339

because this is uh this is one of the

352

00:14:19,250 --> 00:14:17,100

most amazing Stories and I know I heard

353

00:14:22,370 --> 00:14:19,260

it once and a lot of our listeners

354

00:14:25,490 --> 00:14:22,380

perhaps heard it when you were on last

355

00:14:27,889 --> 00:14:25,500

year but let's uh let's get into that

356

00:14:30,410 --> 00:14:27,899

night uh that this happened and what was

357

00:14:32,090 --> 00:14:30,420

the date again on that uh it was in

358

00:14:35,210 --> 00:14:32,100

November it was just before

359

00:14:37,490 --> 00:14:35,220

um Thanksgiving yeah it was 1977 and a

360

00:14:39,949 --> 00:14:37,500

blizzard had taken place in late October

361

00:14:41,329 --> 00:14:39,959

and the temperature in South Dakota gets

362

00:14:43,189 --> 00:14:41,339

extremely cold especially on the

363

00:14:45,170 --> 00:14:43,199

Prairies now in Rapid City it's usually

364

00:14:47,810 --> 00:14:45,180

a few degrees different because that's

365

00:14:49,850 --> 00:14:47,820

the banana belt of the Black Hills and

366

00:14:52,790 --> 00:14:49,860

uh as winds come from the Northwest the

367

00:14:53,629 --> 00:14:52,800

Black Hills insulate Rapid City somewhat

368

00:14:55,430 --> 00:14:53,639

um

369

00:14:58,310 --> 00:14:55,440

but yeah on the Prairies it's extremely

370

00:15:01,850 --> 00:14:58,320

cold now and and November 1 we were

371

00:15:02,629 --> 00:15:01,860

located north of uh Sturgis

372

00:15:05,990 --> 00:15:02,639

um

373

00:15:09,290 --> 00:15:06,000

and east of the Wyoming state line and

374

00:15:10,910 --> 00:15:09,300

uh I'd say probably 40 miles away to the

375

00:15:13,910 --> 00:15:10,920

Wyoming state line

376

00:15:15,650 --> 00:15:13,920

but uh the next town north of us is

377

00:15:17,150 --> 00:15:15,660

Belle Fourche I think that's about 29

378

00:15:19,310 --> 00:15:17,160

miles away from us

379

00:15:20,949 --> 00:15:19,320

what you see there is Newell Lake

380

00:15:24,949 --> 00:15:20,959

Reservoir Dam

381

00:15:27,410 --> 00:15:24,959

that's where you end up and well I'm

382

00:15:29,629 --> 00:15:27,420

sorry I was I saw the map and I just

383

00:15:31,490 --> 00:15:29,639

pulled it up but um oh

384

00:15:33,470 --> 00:15:31,500

um and this was from the last time they

385

00:15:35,870 --> 00:15:33,480

were on is this does this have any

386

00:15:37,550 --> 00:15:35,880

significance that's November 5 missile

387

00:15:40,069 --> 00:15:37,560

site from oh that's the November five

388

00:15:41,810 --> 00:15:40,079

years site okay all right so but anyway

389

00:15:43,730 --> 00:15:41,820

go ahead and continue sorry for that

390

00:15:46,129 --> 00:15:43,740

well do you want me to start when it

391

00:15:48,350 --> 00:15:46,139

happened or when it uh went up First

392

00:15:51,410 --> 00:15:48,360

Signal them or how or I think uh when

393

00:15:53,569 --> 00:15:51,420

you you first I remember you went

394

00:15:55,670 --> 00:15:53,579

outside to smoke a cigarette I did and

395

00:15:57,050 --> 00:15:55,680

you saw a light at a distance or you

396

00:15:59,769 --> 00:15:57,060

thought it was a light or you didn't

397

00:16:03,949 --> 00:15:59,779

know what it was and then I remember you

398

00:16:05,750 --> 00:16:03,959

signaled your the big cans uh the

399

00:16:08,090 --> 00:16:05,760

whatever they call those floodlight cans

400

00:16:10,910 --> 00:16:08,100

yeah and uh yeah so go ahead and let's

401
00:16:13,069 --> 00:16:10,920
let's talk about the whole thing it was

402
00:16:14,930 --> 00:16:13,079
about nine about 9 30 at night nine

403
00:16:16,490 --> 00:16:14,940
stepped outside and it was extremely

404
00:16:21,710 --> 00:16:16,500
cold I think the temperature of between

405
00:16:23,210 --> 00:16:21,720
nine and 13 degrees and uh I just got

406
00:16:24,889 --> 00:16:23,220
walked out to stretch my legs because

407
00:16:28,490 --> 00:16:24,899
you're only gonna have three channels

408
00:16:30,350 --> 00:16:28,500
there to watch TV or read a book or play

409
00:16:32,689 --> 00:16:30,360
a board game or something you know or

410
00:16:34,310 --> 00:16:32,699
something like that but anyway I stepped

411
00:16:35,870 --> 00:16:34,320
out just to take a break and I smoked a

412
00:16:38,629 --> 00:16:35,880
cigarette I did that then

413
00:16:41,569 --> 00:16:38,639

and I see this object to the to the east

414

00:16:43,310 --> 00:16:41,579

direct east of us or to our location

415

00:16:46,310 --> 00:16:43,320

uh to the launch control facility

416

00:16:48,710 --> 00:16:46,320

location uh which is November one and it

417

00:16:50,329 --> 00:16:48,720

was about a 30 degree angle in the sky

418

00:16:52,490 --> 00:16:50,339

and I thought it was really strange

419

00:16:54,470 --> 00:16:52,500

because of the luminosity

420

00:16:57,230 --> 00:16:54,480

the brightness and the color of the

421

00:17:00,290 --> 00:16:57,240

light just was unfamiliar to me

422

00:17:03,170 --> 00:17:00,300

and uh you know you see a Searchlight

423

00:17:04,370 --> 00:17:03,180

from a helicopter or something like that

424

00:17:07,309 --> 00:17:04,380

today

425

00:17:09,049 --> 00:17:07,319

this was just different you see uh

426

00:17:11,270 --> 00:17:09,059

aircraft lights near a Runway or

427

00:17:12,829 --> 00:17:11,280

something this was just different than

428

00:17:15,470 --> 00:17:12,839

that and it's very difficult to explain

429

00:17:19,309 --> 00:17:15,480

how different it is but it gets your

430

00:17:24,890 --> 00:17:22,250

anyway as I watched it it just the

431

00:17:27,289 --> 00:17:24,900

intensity of it was just really baffling

432

00:17:29,870 --> 00:17:27,299

and I went well is that a helicopter is

433

00:17:33,289 --> 00:17:29,880

that B-52 bombers because elsewhere

434

00:17:38,930 --> 00:17:33,299

supported a strategic uh wing of ready

435

00:17:41,090 --> 00:17:38,940

alert bombers B-52s at the time and uh

436

00:17:43,909 --> 00:17:41,100

so just for fun

437

00:17:45,529 --> 00:17:43,919

and that's the only way I can put it uh

438

00:17:48,350 --> 00:17:45,539

after watching it four or five minutes

439

00:17:50,169 --> 00:17:48,360

literally I just walked inside and my

440

00:17:53,270 --> 00:17:50,179

buddy Bill Holland was on the phone

441

00:17:54,950 --> 00:17:53,280

talking to his wife and uh back at uh in

442

00:17:56,510 --> 00:17:54,960

Rapid City and I said Bill I said

443

00:17:58,669 --> 00:17:56,520

there's something out here in the

444

00:18:00,289 --> 00:17:58,679

atmosphere you know in the air I said I

445

00:18:01,610 --> 00:18:00,299

don't know what it is I said Is it real

446

00:18:05,210 --> 00:18:01,620

bright light I said I don't know if it's

447

00:18:07,430 --> 00:18:05,220

uh helicopters or any word from anybody

448

00:18:09,169 --> 00:18:07,440

on anything and he just waved me off and

449

00:18:11,029 --> 00:18:09,179

I I just thought well I'm gonna flip the

450

00:18:13,549 --> 00:18:11,039

facility lights out and there's 12 to 14

451
00:18:15,049 --> 00:18:13,559
of those two foot cans which are

452
00:18:16,730 --> 00:18:15,059
security perimeter lights and we have

453
00:18:18,590 --> 00:18:16,740
what an eight or ten foot fence around

454
00:18:20,570 --> 00:18:18,600
the entire area

455
00:18:22,010 --> 00:18:20,580
and they are just what they say they are

456
00:18:25,730 --> 00:18:22,020
they're security perimeter lights that

457
00:18:27,590 --> 00:18:25,740
light up everything outside you know so

458
00:18:29,210 --> 00:18:27,600
I just walked up to one rocker switch

459
00:18:32,029 --> 00:18:29,220
and I just flipped it off and on three

460
00:18:34,490 --> 00:18:32,039
or four times just blip blip

461
00:18:36,830 --> 00:18:34,500
walk back outside we looked at the

462
00:18:38,930 --> 00:18:36,840
looked it's probably just sitting there

463
00:18:40,730 --> 00:18:38,940

and all sudden it just flipped off and

464

00:18:42,070 --> 00:18:40,740

flipped on flipped off and flipped back

465

00:18:46,370 --> 00:18:42,080

on and I went

466

00:18:47,630 --> 00:18:46,380

wow that worked you know I just kind of

467

00:18:50,390 --> 00:18:47,640

laughed

468

00:18:54,590 --> 00:18:50,400

uh it's funny I got a helicopter passing

469

00:18:55,850 --> 00:18:54,600

overhead right now but no anyway

470

00:18:57,169 --> 00:18:55,860

um

471

00:18:58,970 --> 00:18:57,179

so I thought well that's that's

472

00:18:59,990 --> 00:18:58,980

interesting so I walked back inside

473

00:19:01,549 --> 00:19:00,000

again

474

00:19:03,289 --> 00:19:01,559

and I didn't say anything to Bill

475

00:19:06,289 --> 00:19:03,299

Holloman but I did say something to

476

00:19:08,090 --> 00:19:06,299

Michael Johnson and I said Michael this

477

00:19:09,529 --> 00:19:08,100

guy is working vacation relief so I

478

00:19:11,450 --> 00:19:09,539

really don't know him it was our first

479

00:19:14,029 --> 00:19:11,460

time we ever worked together and he

480

00:19:16,010 --> 00:19:14,039

replaced my partner who's going back to

481

00:19:17,810 --> 00:19:16,020

the Carolinas get married

482

00:19:20,029 --> 00:19:17,820

and normally I would be the team leader

483

00:19:21,830 --> 00:19:20,039

but he outranked Me by two months real

484

00:19:23,870 --> 00:19:21,840

nice guy Michael Johnson

485

00:19:28,490 --> 00:19:23,880

been trying to find him for years now

486

00:19:30,350 --> 00:19:28,500

but um with no with no luck but uh so

487

00:19:31,730 --> 00:19:30,360

anyway I I said you got to see this man

488

00:19:33,950 --> 00:19:31,740

I just flipped the lights of this thing

489

00:19:36,110 --> 00:19:33,960

out here and it slid the lights back at

490

00:19:37,970 --> 00:19:36,120

me or it went off and went back on like

491

00:19:39,830 --> 00:19:37,980

I flipped the lights at it

492

00:19:41,270 --> 00:19:39,840

and he just kind of looked at me kind of

493

00:19:42,590 --> 00:19:41,280

strange you know

494

00:19:44,450 --> 00:19:42,600

hmm

495

00:19:46,430 --> 00:19:44,460

and you know you got to mind you're in

496

00:19:49,250 --> 00:19:46,440

the middle of a prairie there is nothing

497

00:19:51,230 --> 00:19:49,260

but Buffalo running out there there are

498

00:19:53,390 --> 00:19:51,240

no there's no trees you know the the

499

00:19:54,710 --> 00:19:53,400

state tree is a mall Bell telephone pole

500

00:19:55,789 --> 00:19:54,720

that's the way you always used to have a

501
00:19:57,409 --> 00:19:55,799
joke

502
00:19:59,930 --> 00:19:57,419
and um

503
00:20:02,090 --> 00:19:59,940
uh anyway so I'll walk back outside and

504
00:20:04,310 --> 00:20:02,100
it's still there

505
00:20:06,350 --> 00:20:04,320
he came out a few minutes later and I

506
00:20:07,789 --> 00:20:06,360
said watch this thing you know so it

507
00:20:09,289 --> 00:20:07,799
didn't do anything I went back in and

508
00:20:11,750 --> 00:20:09,299
flipped the lights on this went on three

509
00:20:13,850 --> 00:20:11,760
times and it did flip the lights back

510
00:20:16,250 --> 00:20:13,860
off and back on and the last time it did

511
00:20:20,450 --> 00:20:16,260
it it moved further north

512
00:20:21,770 --> 00:20:20,460
uh with the lights with it off and part

513
00:20:23,330 --> 00:20:21,780

of that it just seemed as if it was

514

00:20:24,830 --> 00:20:23,340

staying in the same place I thought it

515

00:20:27,529 --> 00:20:24,840

was coming towards us it didn't get

516

00:20:29,210 --> 00:20:27,539

bigger or anything like that it just it

517

00:20:32,150 --> 00:20:29,220

just stayed the same

518

00:20:34,970 --> 00:20:32,160

but when it went off the last time and

519

00:20:37,610 --> 00:20:34,980

prior to it coming back on it had moved

520

00:20:39,650 --> 00:20:37,620

more North but yet

521

00:20:42,650 --> 00:20:39,660

kind of West too kind of like at an

522

00:20:46,010 --> 00:20:42,660

angle like a Northwest trajectory

523

00:20:47,870 --> 00:20:46,020

and when it came back on I saw it

524

00:20:49,610 --> 00:20:47,880

and I went wow well he had walked back

525

00:20:51,049 --> 00:20:49,620

inside because he just didn't know

526
00:20:52,370 --> 00:20:51,059
whatever he didn't think anything about

527
00:20:53,870 --> 00:20:52,380
it

528
00:20:55,669 --> 00:20:53,880
and I'd say that's probably right around

529
00:20:57,409 --> 00:20:55,679
quarter to ten ten till 10 something

530
00:20:59,810 --> 00:20:57,419
like that I try to keep the time

531
00:21:02,390 --> 00:20:59,820
straight but

532
00:21:04,370 --> 00:21:02,400
so it it went off and I didn't see it

533
00:21:06,529 --> 00:21:04,380
again and there I remember saying to

534
00:21:08,150 --> 00:21:06,539
myself I said I guess this show's over

535
00:21:11,270 --> 00:21:08,160
and uh

536
00:21:14,510 --> 00:21:12,590
you know turning around and looking

537
00:21:16,130 --> 00:21:14,520
again over my shoulder back in the front

538
00:21:18,230 --> 00:21:16,140

door of the lcf

539

00:21:22,070 --> 00:21:18,240

and uh

540

00:21:23,990 --> 00:21:22,080

nothing so anyway we started doing

541

00:21:26,570 --> 00:21:24,000

something and the TV went off or the

542

00:21:28,310 --> 00:21:26,580

channels end at midnight so you get

543

00:21:29,870 --> 00:21:28,320

those weird warble things or whatever

544

00:21:31,370 --> 00:21:29,880

you know on the screen you just turn the

545

00:21:34,730 --> 00:21:31,380

TV off because that's there's no more

546

00:21:37,549 --> 00:21:34,740

programming and uh yeah that antenna is

547

00:21:38,870 --> 00:21:37,559

still standing I helped erect that still

548

00:21:42,470 --> 00:21:38,880

in the back of the building man I

549

00:21:44,810 --> 00:21:42,480

couldn't believe it but anyway uh

550

00:21:48,830 --> 00:21:44,820

I guess it was it was right after it was

551
00:21:51,590 --> 00:21:48,840
about 12 30 or so and the in the the uh

552
00:21:53,810 --> 00:21:51,600
flight Security controller's office he's

553
00:21:55,549 --> 00:21:53,820
the one that dispatches us but yet he's

554
00:21:57,289 --> 00:21:55,559
there's there's

555
00:21:59,029 --> 00:21:57,299
in a configuration on the launch control

556
00:22:01,010 --> 00:21:59,039
facility you have six security police

557
00:22:03,470 --> 00:22:01,020
officers three or which are on duty at

558
00:22:05,810 --> 00:22:03,480
all times one flight security controller

559
00:22:07,250 --> 00:22:05,820
he is the one that tells us where we're

560
00:22:10,010 --> 00:22:07,260
going what we're doing

561
00:22:12,230 --> 00:22:10,020
kind of like our our guy in charge for

562
00:22:14,630 --> 00:22:12,240
us for security police and then we

563
00:22:17,210 --> 00:22:14,640

answer to the launch control uh capsule

564

00:22:19,789 --> 00:22:17,220

members uh which uh captain and a

565

00:22:21,470 --> 00:22:19,799

lieutenant uh commander and an assistant

566

00:22:24,230 --> 00:22:21,480

Underground

567

00:22:26,690 --> 00:22:24,240

and um anyway they're monitoring all the

568

00:22:29,450 --> 00:22:26,700

missiles underground 60 75 feet however

569

00:22:32,450 --> 00:22:29,460

deep we have one facility manager

570

00:22:34,610 --> 00:22:32,460

and then you have a site cook also and

571

00:22:36,710 --> 00:22:34,620

in reserve you have three security

572

00:22:40,330 --> 00:22:36,720

officers one flight security controller

573

00:22:42,770 --> 00:22:40,340

two response officers or or as we were

574

00:22:45,710 --> 00:22:42,780

and then you have two additional

575

00:22:47,690 --> 00:22:45,720

officers that are that are the launch

576

00:22:51,289 --> 00:22:47,700

control relief officers so you have four

577

00:22:53,270 --> 00:22:51,299

officers six cops facility manager and a

578

00:22:56,090 --> 00:22:53,280

site cook on a site at one time all the

579

00:22:58,130 --> 00:22:56,100

time 24 hours seven days a week

580

00:23:00,350 --> 00:22:58,140

so anyway the alarm goes off on this

581

00:23:02,510 --> 00:23:00,360

phone and as that phone rings it's one

582

00:23:04,370 --> 00:23:02,520

of those direct alert phones that have

583

00:23:06,110 --> 00:23:04,380

that really strange sound and like that

584

00:23:07,370 --> 00:23:06,120

you know it rings until you pick it up

585

00:23:10,730 --> 00:23:07,380

hmm

586

00:23:13,310 --> 00:23:10,740

so Bill Holloman gets picks the phone up

587

00:23:15,890 --> 00:23:13,320

and he's listening to what the commander

588

00:23:17,450 --> 00:23:15,900

is telling him we I hear sit for

589

00:23:19,970 --> 00:23:17,460

November 5.

590

00:23:21,590 --> 00:23:19,980

he said he says 10-4 that will do this

591

00:23:23,690 --> 00:23:21,600

do that you know we followed our normal

592

00:23:25,490 --> 00:23:23,700

procedures our code tables our weapons

593

00:23:28,310 --> 00:23:25,500

and everything our vehicle was sitting

594

00:23:31,370 --> 00:23:28,320

directly outside the door an f-154

595

00:23:32,930 --> 00:23:31,380

pickup truck which we have our ditty

596

00:23:35,210 --> 00:23:32,940

bags ready and everything ready to go

597

00:23:37,010 --> 00:23:35,220

our flat pants our parkas and all that

598

00:23:39,770 --> 00:23:37,020

stuff's ready to go

599

00:23:41,390 --> 00:23:39,780

get all in get in everything and uh once

600

00:23:43,310 --> 00:23:41,400

we got our safety briefing from

601
00:23:45,770 --> 00:23:43,320
downstairs which Michael Johnson

602
00:23:48,230 --> 00:23:45,780
obtained that Wing security control

603
00:23:50,570 --> 00:23:48,240
chimes in and now they're back at the

604
00:23:52,549 --> 00:23:50,580
main sport base at Ellsworth they're

605
00:23:54,770 --> 00:23:52,559
like the overseeing security Force for

606
00:23:57,890 --> 00:23:54,780
everybody they can they do many things

607
00:24:00,049 --> 00:23:57,900
whether it be on the the aircraft alert

608
00:24:01,669 --> 00:24:00,059
pad back at base or whether we have an

609
00:24:04,490 --> 00:24:01,679
incident out in the field they're like

610
00:24:07,010 --> 00:24:04,500
the central controlling uh uh office

611
00:24:09,890 --> 00:24:07,020
that looks at everything so

612
00:24:12,230 --> 00:24:09,900
anyway we get in our vehicle we've got

613
00:24:15,710 --> 00:24:12,240

about a 15-minute travel time to

614

00:24:17,870 --> 00:24:15,720

November 1 and as we depart the site go

615

00:24:19,850 --> 00:24:17,880

out the end of the road take a left go

616

00:24:22,010 --> 00:24:19,860

to and it's these are all clay roads now

617

00:24:24,409 --> 00:24:22,020

they go all the way to Wyoming or all

618

00:24:26,930 --> 00:24:24,419

the way to Montana on Clay Road that

619

00:24:29,630 --> 00:24:26,940

better than most interstate highways are

620

00:24:30,649 --> 00:24:29,640

they plowed though excuse me are they

621

00:24:34,669 --> 00:24:30,659

plowed

622

00:24:36,350 --> 00:24:34,679

uh yeah yeah they really are and also we

623

00:24:38,330 --> 00:24:36,360

have a front end loader on the facility

624

00:24:40,549 --> 00:24:38,340

if they ever get we got snowed in a few

625

00:24:43,130 --> 00:24:40,559

times and we used our front end loader

626
00:24:46,909 --> 00:24:43,140
to plow all the way out to Highway 79.

627
00:24:48,909 --> 00:24:46,919
so um but yes sir that that's true and

628
00:24:51,049 --> 00:24:48,919
but the state keeps really really good

629
00:24:52,850 --> 00:24:51,059
everything's really good power's always

630
00:24:55,789 --> 00:24:52,860
on because they built underground all

631
00:24:58,370 --> 00:24:55,799
those years ago oh wow yeah even even in

632
00:25:01,909 --> 00:24:58,380
Rapid City you never lose power but uh

633
00:25:05,810 --> 00:25:01,919
so anyway we proceeded onward and um the

634
00:25:07,669 --> 00:25:05,820
time now was probably 12 35 12 40. we

635
00:25:10,789 --> 00:25:07,679
had a 15 minute travel time

636
00:25:13,130 --> 00:25:10,799
and as we took that left and went on to

637
00:25:15,409 --> 00:25:13,140
a clay road directly in front of

638
00:25:18,049 --> 00:25:15,419

November 1 goes to the next intersection

639

00:25:20,029 --> 00:25:18,059

four-way intersection dirt road took

640

00:25:21,710 --> 00:25:20,039

another left to go to Highway 79 it's

641

00:25:23,390 --> 00:25:21,720

about four and a half miles up to

642

00:25:25,850 --> 00:25:23,400

Highway 79.

643

00:25:28,730 --> 00:25:25,860

and while you're traveling up to Highway

644

00:25:31,909 --> 00:25:28,740

79 the road beds normally built up

645

00:25:34,610 --> 00:25:31,919

higher so moisture and snow and water

646

00:25:36,890 --> 00:25:34,620

and ice will flow off of them before

647

00:25:38,450 --> 00:25:36,900

they even salt them or what have you so

648

00:25:40,430 --> 00:25:38,460

as they were going up that hill I just

649

00:25:41,390 --> 00:25:40,440

I'm in the passenger side and this is

650

00:25:43,310 --> 00:25:41,400

important

651

00:25:45,649 --> 00:25:43,320

I looked over to the four o'clock

652

00:25:47,990 --> 00:25:45,659

position now this is just flat Prairie

653

00:25:51,110 --> 00:25:48,000

Land you got you know it's I mean you

654

00:25:53,390 --> 00:25:51,120

can see a long way out there and I saw

655

00:25:55,310 --> 00:25:53,400

this faint glow

656

00:25:56,990 --> 00:25:55,320

at about my four o'clock position over

657

00:26:00,649 --> 00:25:57,000

my right shoulder looking out the window

658

00:26:03,590 --> 00:26:00,659

of this F1 54 pickup truck

659

00:26:04,789 --> 00:26:03,600

and I was like man I said Michael do you

660

00:26:06,649 --> 00:26:04,799

see that

661

00:26:09,289 --> 00:26:06,659

well he didn't even really look and he

662

00:26:12,230 --> 00:26:09,299

just kind of said whatever as we as we

663

00:26:14,930 --> 00:26:12,240

pulled up on the Highway 79 so now that

664

00:26:17,570 --> 00:26:14,940

four o'clock position changed to about a

665

00:26:19,310 --> 00:26:17,580

two o'clock maybe 1 30 position as the

666

00:26:21,950 --> 00:26:19,320

clock would look in front of you

667

00:26:23,750 --> 00:26:21,960

and we're going down the hill downhill

668

00:26:26,029 --> 00:26:23,760

toward Newell

669

00:26:27,830 --> 00:26:26,039

and you could see a brighter glow now

670

00:26:31,549 --> 00:26:27,840

because we were up on a we were up on

671

00:26:34,789 --> 00:26:31,559

like a top of a plateau on that road

672

00:26:37,430 --> 00:26:34,799

and uh as we Traverse toward Newell the

673

00:26:39,169 --> 00:26:37,440

road goes back downhill again so we lost

674

00:26:40,669 --> 00:26:39,179

that glow but I kept saying I said you

675

00:26:41,810 --> 00:26:40,679

see that I said I'm telling you that's

676
00:26:43,850 --> 00:26:41,820
that object

677
00:26:46,130 --> 00:26:43,860
he just he didn't even know what to say

678
00:26:47,510 --> 00:26:46,140
he just said whatever I don't think so

679
00:26:48,830 --> 00:26:47,520
or whatever

680
00:26:51,890 --> 00:26:48,840
oh

681
00:26:55,490 --> 00:26:51,900
so the town of Newell at that time had a

682
00:26:58,850 --> 00:26:55,500
population of 234 I believe

683
00:27:00,950 --> 00:26:58,860
and it's only like 650 or 670 for today

684
00:27:04,630 --> 00:27:00,960
I was just out there last year oh it

685
00:27:08,990 --> 00:27:07,310
super nice people and all of them are

686
00:27:12,830 --> 00:27:09,000
Great Cooks but we stopped at some

687
00:27:15,769 --> 00:27:12,840
really nice places there but uh

688
00:27:18,529 --> 00:27:15,779

as there's a stop sign we came to that's

689

00:27:20,990 --> 00:27:18,539

Ormond road and it goes to the right and

690

00:27:23,029 --> 00:27:21,000

that's where November 5 is off of

691

00:27:25,130 --> 00:27:23,039

there's one stop sign and there's one

692

00:27:26,810 --> 00:27:25,140

stop light in Newell South Dakota and

693

00:27:29,210 --> 00:27:26,820

it's the start the stoplight is straight

694

00:27:31,190 --> 00:27:29,220

ahead about a mile and we've stopped at

695

00:27:32,990 --> 00:27:31,200

the stop sign still there today same

696

00:27:36,649 --> 00:27:33,000

stop sign

697

00:27:38,990 --> 00:27:36,659

turn right onto Ormond Road

698

00:27:42,289 --> 00:27:39,000

it goes out about a mile and a half and

699

00:27:44,990 --> 00:27:42,299

it drops from pavement back off to Clay

700

00:27:46,430 --> 00:27:45,000

and when it did that the road dog legs

701
00:27:47,990 --> 00:27:46,440
to the left There's an actual Golf

702
00:27:49,610 --> 00:27:48,000
Course out there today that's on the

703
00:27:52,130 --> 00:27:49,620
left side of the road at Ormond road you

704
00:27:53,930 --> 00:27:52,140
can look it up on Google Maps

705
00:27:57,049 --> 00:27:53,940
and when we tell when we turn that

706
00:28:00,890 --> 00:27:57,059
corner to the left there was an object

707
00:28:03,049 --> 00:28:00,900
there was an object sitting there and

708
00:28:04,730 --> 00:28:03,059
it was and I'm gonna tell you this and

709
00:28:06,710 --> 00:28:04,740
I've used this as a description because

710
00:28:08,930 --> 00:28:06,720
I mean people can relate to it it was a

711
00:28:11,029 --> 00:28:08,940
size of a super Walmart building

712
00:28:13,970 --> 00:28:11,039
and it was sitting about 10 foot in the

713
00:28:17,810 --> 00:28:13,980

air directly on top of November 5. no

714

00:28:21,130 --> 00:28:17,820

noise no sound no leading edges no hard

715

00:28:25,010 --> 00:28:21,140

edges no thrust no wings no cockpit

716

00:28:26,690 --> 00:28:25,020

nothing but a huge plasma sphere a craft

717

00:28:29,810 --> 00:28:26,700

of some type

718

00:28:31,669 --> 00:28:29,820

that I can't even explain it I it looked

719

00:28:33,049 --> 00:28:31,679

like a looked like the sun sitting there

720

00:28:35,570 --> 00:28:33,059

yes

721

00:28:38,149 --> 00:28:35,580

oh in that picture where our vehicle is

722

00:28:39,950 --> 00:28:38,159

pulled up at a 45 degree angle there's a

723

00:28:41,570 --> 00:28:39,960

cattle gauge just beyond that and from

724

00:28:43,669 --> 00:28:41,580

Beyond that cattle gate to the site it's

725

00:28:46,130 --> 00:28:43,679

only about 20 yards

726

00:28:48,169 --> 00:28:46,140

the diameter of this is really not true

727

00:28:50,510 --> 00:28:48,179

that because the diameter of that object

728

00:28:54,830 --> 00:28:50,520

seen by me

729

00:28:56,510 --> 00:28:54,840

was literally over this almost

730

00:28:59,690 --> 00:28:56,520

maybe 20 maybe

731

00:29:02,330 --> 00:28:59,700

20 yards away from how should I explain

732

00:29:05,330 --> 00:29:02,340

this their circumference was so large

733

00:29:07,730 --> 00:29:05,340

that where our vehicle sat it wasn't far

734

00:29:08,930 --> 00:29:07,740

to where the edge of the of the craft

735

00:29:11,149 --> 00:29:08,940

was

736

00:29:13,190 --> 00:29:11,159

Ah that's really not a good way to say

737

00:29:17,810 --> 00:29:13,200

it either

738

00:29:22,090 --> 00:29:17,820

the diameter was huge and um

739

00:29:33,789 --> 00:29:26,149

it was as if

740

00:29:36,169 --> 00:29:33,799

electrical plasma light

741

00:29:37,850 --> 00:29:36,179

I've seen I've seen welding and I've

742

00:29:40,789 --> 00:29:37,860

seen plasma burning and that's what it

743

00:29:43,970 --> 00:29:40,799

reminds me of but it was the atmosphere

744

00:29:46,970 --> 00:29:43,980

was just almost electric or ionized

745

00:29:52,070 --> 00:29:49,310

and in that thought

746

00:29:54,769 --> 00:29:52,080

the uh

747

00:29:57,950 --> 00:29:54,779

my partner he just he just literally

748

00:30:01,430 --> 00:29:57,960

froze on that steering wheel and uh

749

00:30:04,190 --> 00:30:01,440

I remember seeing a uh

750

00:30:05,630 --> 00:30:04,200

there was like a glow on the left hand

751
00:30:08,090 --> 00:30:05,640
side of him

752
00:30:09,350 --> 00:30:08,100
that I've never seen anybody lit up like

753
00:30:11,389 --> 00:30:09,360
that

754
00:30:13,250 --> 00:30:11,399
in any way

755
00:30:16,130 --> 00:30:13,260
and

756
00:30:19,490 --> 00:30:16,140
so fast this came at me was that the

757
00:30:24,710 --> 00:30:22,850
was as if someone just sucked it out it

758
00:30:26,210 --> 00:30:24,720
was as if the light was so bright you

759
00:30:29,090 --> 00:30:26,220
could close your eyes and see through

760
00:30:34,250 --> 00:30:31,130
but couldn't breathe

761
00:30:35,990 --> 00:30:34,260
and I honestly felt in that parka and

762
00:30:38,570 --> 00:30:36,000
those flat pants and everything I had on

763
00:30:41,870 --> 00:30:38,580

me that I was I felt as if I was about

764

00:30:43,370 --> 00:30:41,880

to burn up but yet I felt as if I was

765

00:30:45,049 --> 00:30:43,380

being pulled up in the back of that seat

766

00:30:47,389 --> 00:30:45,059

now these weren't cab plus Vehicles

767

00:30:49,549 --> 00:30:47,399

these were single cab f-154 pickup

768

00:30:52,190 --> 00:30:49,559

trucks with Western mirrors

769

00:30:54,289 --> 00:30:52,200

and something sparked in my mind and I

770

00:30:58,430 --> 00:30:54,299

don't know why this happened I'm shaking

771

00:31:03,649 --> 00:31:01,190

I uh roll the window down and I had my

772

00:31:06,649 --> 00:31:03,659

Maglite and uh

773

00:31:10,549 --> 00:31:06,659

a D cell Maglite you know they give no

774

00:31:15,590 --> 00:31:13,250

and I had a mitten on my left hand and

775

00:31:17,930 --> 00:31:15,600

my right hand was was Bare

776

00:31:19,549 --> 00:31:17,940

and uh I had my Maglite in it and I

777

00:31:20,930 --> 00:31:19,559

reached up and I pulled myself up on

778

00:31:22,789 --> 00:31:20,940

that Western mirror which was big

779

00:31:25,190 --> 00:31:22,799

stainless steel mirrors and I pulled

780

00:31:27,230 --> 00:31:25,200

myself up on the windowsill why would I

781

00:31:30,529 --> 00:31:27,240

do that I was you know I was a 210 pound

782

00:31:32,510 --> 00:31:30,539

man six foot two you know but I was

783

00:31:35,029 --> 00:31:32,520

scared to get out of that truck with a

784

00:31:37,610 --> 00:31:35,039

weapon or not I mean nothing that you

785

00:31:39,950 --> 00:31:37,620

can think of can can you use or even

786

00:31:42,110 --> 00:31:39,960

think of think of employing at a time

787

00:31:45,470 --> 00:31:42,120

like that

788

00:31:48,889 --> 00:31:47,330

I'll call myself up on that seat

789

00:31:52,490 --> 00:31:48,899

apologize

790

00:31:56,810 --> 00:31:52,500

I pull myself up on that seat

791

00:32:00,590 --> 00:31:59,210

and I took my mad lot Maglite and I held

792

00:32:03,470 --> 00:32:00,600

on to the blue bubble on top of the

793

00:32:07,490 --> 00:32:03,480

vehicle and I flashed this in a little

794

00:32:10,010 --> 00:32:07,500

Maglite a D cell Maglite at this object

795

00:32:12,230 --> 00:32:10,020

in no sequential order I just flashed it

796

00:32:14,930 --> 00:32:12,240

like okay it's me that's what I that's

797

00:32:17,450 --> 00:32:14,940

what I had to say that's what I and as

798

00:32:18,250 --> 00:32:17,460

soon as I did that the atmosphere came

799

00:32:21,830 --> 00:32:18,260

back

800

00:32:23,830 --> 00:32:21,840

and when that happened I I said okay and

801
00:32:26,330 --> 00:32:23,840
I remember saying something else too

802
00:32:27,769 --> 00:32:26,340
when I slid back down on that seat I put

803
00:32:30,049 --> 00:32:27,779
my weapon between my leg and I told

804
00:32:31,789 --> 00:32:30,059
Michael Johnson I said it'll be okay

805
00:32:33,889 --> 00:32:31,799
I said it'll be okay that's what I said

806
00:32:35,630 --> 00:32:33,899
and then I then everything just kind of

807
00:32:38,510 --> 00:32:35,640
tunnel visioned

808
00:32:43,430 --> 00:32:40,789
uh

809
00:32:46,669 --> 00:32:43,440
I just I just went out

810
00:32:53,510 --> 00:32:49,610
the next thing I know when I uh

811
00:32:57,230 --> 00:32:53,520
then I'm going to tell you this but the

812
00:32:58,909 --> 00:32:57,240
before I before I went out

813
00:33:00,529 --> 00:32:58,919

you know you you're sitting there

814

00:33:01,850 --> 00:33:00,539

thinking in a situation like this you

815

00:33:06,049 --> 00:33:01,860

know what

816

00:33:12,049 --> 00:33:10,250

and I I was able I looked to my right

817

00:33:14,570 --> 00:33:12,059

not wanting to

818

00:33:17,870 --> 00:33:14,580

in a in a tunnel configure in a tunnel

819

00:33:20,870 --> 00:33:17,880

vision type feeling or something

820

00:33:23,090 --> 00:33:20,880

and I saw figures to my right

821

00:33:26,269 --> 00:33:23,100

and I was so afraid because it was only

822

00:33:28,789 --> 00:33:26,279

a small thin eighth inch plate glass

823

00:33:31,549 --> 00:33:28,799

window glass between me and whatever was

824

00:33:34,669 --> 00:33:31,559

out there is it this uh that you did a

825

00:33:36,710 --> 00:33:34,679

drawing of that's correct yeah that that

826

00:33:39,110 --> 00:33:36,720

one in that waist belt or whatever that

827

00:33:42,049 --> 00:33:39,120

is right there that thing scared me

828

00:33:43,549 --> 00:33:42,059

literally to death but the one behind

829

00:33:45,169 --> 00:33:43,559

actually there's four of them there's

830

00:33:47,210 --> 00:33:45,179

three of those little guys but the one

831

00:33:49,250 --> 00:33:47,220

that was behind them the tall one

832

00:33:51,110 --> 00:33:49,260

he had something on his chest that

833

00:33:53,990 --> 00:33:51,120

protruded out of his the top of his

834

00:33:55,850 --> 00:33:54,000

chest under his so-called chin that's a

835

00:33:58,250 --> 00:33:55,860

later drawing that's not as good as the

836

00:34:01,930 --> 00:33:58,260

original ones but

837

00:34:06,230 --> 00:34:05,149

I know this is uh

838

00:34:08,629 --> 00:34:06,240

yeah

839

00:34:11,210 --> 00:34:08,639

but uh I know this is this is hard for

840

00:34:13,909 --> 00:34:11,220

you to talk because uh

841

00:34:16,070 --> 00:34:13,919

when we talked before even offline I

842

00:34:18,950 --> 00:34:16,080

know it it gets you emotional to talk

843

00:34:23,149 --> 00:34:18,960

about this this was a major thing in

844

00:34:25,909 --> 00:34:23,159

your life yeah so I understand that in

845

00:34:28,369 --> 00:34:25,919

these these are not creatures these

846

00:34:30,889 --> 00:34:28,379

these beings are not creatures these are

847

00:34:32,810 --> 00:34:30,899

beings man these beings they exist

848

00:34:34,310 --> 00:34:32,820

they've been here and they've been here

849

00:34:36,169 --> 00:34:34,320

a long time and they've been coming here

850

00:34:38,270 --> 00:34:36,179

and doing anything whatever they want to

851
00:34:40,550 --> 00:34:38,280
do okay can't be stopped I don't need

852
00:34:43,010 --> 00:34:40,560
nothing to be understood the technology

853
00:34:44,990 --> 00:34:43,020
is just that our our knowledge is just

854
00:34:49,190 --> 00:34:45,000
that much different

855
00:34:52,310 --> 00:34:49,200
but to complete what I what happened

856
00:34:55,250 --> 00:34:52,320
after that I went black

857
00:34:57,770 --> 00:34:55,260
yeah before before we move on I just

858
00:34:58,910 --> 00:34:57,780
want to ask you this if you can try to

859
00:35:01,430 --> 00:34:58,920
describe

860
00:35:04,190 --> 00:35:01,440
the sphere

861
00:35:06,230 --> 00:35:04,200
was it did it seem like it was perfectly

862
00:35:09,290 --> 00:35:06,240
round or

863
00:35:12,589 --> 00:35:09,300

uh you know or do you think this thing

864

00:35:17,050 --> 00:35:12,599

was sideways like a disc any ideas at

865

00:35:18,829 --> 00:35:17,060

all no it was round is a baseball round

866

00:35:21,530 --> 00:35:18,839

completely round

867

00:35:24,770 --> 00:35:21,540

and that's what I that's what I saw to

868

00:35:27,290 --> 00:35:24,780

the east on November November 1.

869

00:35:30,230 --> 00:35:27,300

but I didn't know the size of it yeah

870

00:35:34,730 --> 00:35:30,240

well I don't know if the plasma was is a

871

00:35:36,950 --> 00:35:34,740

way in which its uh shape is kept uh uh

872

00:35:38,870 --> 00:35:36,960

from being seen I don't know

873

00:35:42,290 --> 00:35:38,880

I don't know what's in the middle of it

874

00:35:45,829 --> 00:35:42,300

but I only know that it looked as if it

875

00:35:47,870 --> 00:35:45,839

was literally on fire but yet controlled

876

00:35:49,190 --> 00:35:47,880

fire if that makes sense

877

00:35:52,010 --> 00:35:49,200

hmm

878

00:35:53,450 --> 00:35:52,020

wow so then you everything went black

879

00:35:55,130 --> 00:35:53,460

for you

880

00:35:56,990 --> 00:35:55,140

yes sir

881

00:36:02,089 --> 00:35:57,000

um

882

00:36:05,690 --> 00:36:02,099

somebody just turned me off

883

00:36:07,370 --> 00:36:05,700

and then uh literally somebody flipped a

884

00:36:10,270 --> 00:36:07,380

switch I get I don't know how else to

885

00:36:16,370 --> 00:36:12,950

at that time how far away would you say

886

00:36:19,370 --> 00:36:16,380

the beings were uh guess guessing

887

00:36:22,310 --> 00:36:19,380

20-foot and approaching me wow so they

888

00:36:23,990 --> 00:36:22,320

were fairly close yes

889

00:36:26,569 --> 00:36:24,000

so you so you were able to get a good

890

00:36:28,670 --> 00:36:26,579

look at him and and your partner in the

891

00:36:29,870 --> 00:36:28,680

truck he's Frozen he's not even looking

892

00:36:32,750 --> 00:36:29,880

right

893

00:36:35,329 --> 00:36:32,760

no not that I could see I mean at that

894

00:36:37,430 --> 00:36:35,339

particular point I the last I saw of him

895

00:36:39,710 --> 00:36:37,440

was when I told him really the last time

896

00:36:41,990 --> 00:36:39,720

I focused on him was when I told him

897

00:36:44,930 --> 00:36:42,000

it'd be okay you know after I used the

898

00:36:46,730 --> 00:36:44,940

Maglite and I sat back down in the in

899

00:36:49,069 --> 00:36:46,740

the seat and I put my weapon between my

900

00:36:54,290 --> 00:36:50,930

um

901
00:36:56,630 --> 00:36:54,300
the next thing that I know

902
00:36:59,390 --> 00:36:56,640
is I woke up

903
00:37:01,849 --> 00:36:59,400
and everything is Pitch Black

904
00:37:04,069 --> 00:37:01,859
pitch black nothing running just pitch

905
00:37:08,450 --> 00:37:06,230
oh

906
00:37:10,730 --> 00:37:08,460
and I was looking around and I said

907
00:37:13,849 --> 00:37:10,740
where are we I said Michael what are you

908
00:37:15,890 --> 00:37:13,859
doing what are we doing no answer no

909
00:37:20,450 --> 00:37:15,900
answer at all

910
00:37:22,550 --> 00:37:20,460
I I activated my Maglite it worked

911
00:37:24,950 --> 00:37:22,560
I said man what are we what are we doing

912
00:37:26,870 --> 00:37:24,960
where are we because we weren't where we

913
00:37:29,329 --> 00:37:26,880

were

914

00:37:31,730 --> 00:37:29,339

and I popped the door open and when I

915

00:37:35,270 --> 00:37:31,740

did I put my my I had bunny boots on

916

00:37:39,290 --> 00:37:35,280

which are inflatable cold weather boots

917

00:37:42,230 --> 00:37:39,300

um that protect your feet

918

00:37:44,510 --> 00:37:42,240

and I stepped out in mud

919

00:37:48,109 --> 00:37:44,520

now it had been cold you know well below

920

00:37:48,849 --> 00:37:48,119

zero for probably 10 days eight or ten

921

00:37:51,170 --> 00:37:48,859

days

922

00:37:52,670 --> 00:37:51,180

and most of the ground elsewhere was

923

00:37:55,010 --> 00:37:52,680

frozen when you walked on it had all

924

00:37:57,770 --> 00:37:55,020

crunched you know so I couldn't figure

925

00:37:59,270 --> 00:37:57,780

out why I was standing in mud and of

926

00:38:01,190 --> 00:37:59,280

course that mud is not muddling it's

927

00:38:03,109 --> 00:38:01,200

Clay you know it's it's really not mud

928

00:38:07,130 --> 00:38:03,119

mud but it's Clay

929

00:38:08,990 --> 00:38:07,140

and uh I I stepped out with one leg

930

00:38:10,790 --> 00:38:09,000

and I looked to my right and there's a

931

00:38:13,430 --> 00:38:10,800

white wall

932

00:38:15,170 --> 00:38:13,440

not a wall that's a 90 degree straight

933

00:38:18,829 --> 00:38:15,180

up from the from the ground straight up

934

00:38:22,210 --> 00:38:18,839

to your side but at an angle

935

00:38:27,470 --> 00:38:25,310

as far south as I could that would be

936

00:38:29,930 --> 00:38:27,480

North and South so as far north as I

937

00:38:32,270 --> 00:38:29,940

could see it continued and as far south

938

00:38:34,490 --> 00:38:32,280

as I could see it continued not knowing

939

00:38:35,990 --> 00:38:34,500

where we were and as I was in that mode

940

00:38:38,030 --> 00:38:36,000

of thinking all of a sudden all of a

941

00:38:41,270 --> 00:38:38,040

sudden the radio came to life

942

00:38:42,950 --> 00:38:41,280

and it's at WSC to November 1. what's

943

00:38:45,890 --> 00:38:42,960

your location

944

00:38:48,710 --> 00:38:45,900

and I I turned to Michael Johnson who's

945

00:38:51,470 --> 00:38:48,720

still frozen on that steering wheel

946

00:38:53,810 --> 00:38:51,480

literally he is just like that stuck on

947

00:38:57,410 --> 00:38:53,820

a on a light blue plastic steering wheel

948

00:38:59,750 --> 00:38:57,420

on that F-150 Ford I never forget that

949

00:39:02,270 --> 00:38:59,760

his arms were flexed you know he'd been

950

00:39:04,310 --> 00:39:02,280

hanging on that steering wheel like

951
00:39:06,770 --> 00:39:04,320
catatonic State I guess and his eyes

952
00:39:07,810 --> 00:39:06,780
were open he was breathing but he wasn't

953
00:39:10,930 --> 00:39:07,820
there

954
00:39:15,829 --> 00:39:10,940
I don't know

955
00:39:17,870 --> 00:39:15,839
um

956
00:39:19,849 --> 00:39:17,880
I talked to him and talked to him and I

957
00:39:21,710 --> 00:39:19,859
got you know best I could and I stayed

958
00:39:24,050 --> 00:39:21,720
on I got on a wing security control and

959
00:39:25,730 --> 00:39:24,060
I said his senior Emma Woods I said he

960
00:39:26,990 --> 00:39:25,740
asked my location I said I don't know he

961
00:39:28,550 --> 00:39:27,000
said I need you to do one minute

962
00:39:30,349 --> 00:39:28,560
Security checks and I said yesterday

963
00:39:31,430 --> 00:39:30,359

because we're trying to triangulate your

964

00:39:32,870 --> 00:39:31,440

position

965

00:39:34,310 --> 00:39:32,880

he didn't say anything about anything

966

00:39:37,250 --> 00:39:34,320

else

967

00:39:39,349 --> 00:39:37,260

and I didn't know what to ask

968

00:39:42,290 --> 00:39:39,359

so I did what they said

969

00:39:43,849 --> 00:39:42,300

and as that's going on I'm still trying

970

00:39:45,290 --> 00:39:43,859

to you know say something to Michael

971

00:39:47,990 --> 00:39:45,300

Johnson to

972

00:39:51,109 --> 00:39:48,000

answer me that hey man I'm shaking him

973

00:39:52,849 --> 00:39:51,119

I'm pushing his head nothing nothing I

974

00:39:54,589 --> 00:39:52,859

mean I really tried in every way try to

975

00:39:56,450 --> 00:39:54,599

you know pull his arms pull his hands

976
00:39:58,490 --> 00:39:56,460
off of the steering wheel I mean it

977
00:40:01,310 --> 00:39:58,500
would come but I could tell he wasn't

978
00:40:03,530 --> 00:40:01,320
supposed to and I just left him alone

979
00:40:07,370 --> 00:40:03,540
thinking maybe he would unfreeze you

980
00:40:13,010 --> 00:40:10,069
all of a sudden it started getting light

981
00:40:16,370 --> 00:40:13,020
and I hadn't even looked at my watch and

982
00:40:17,930 --> 00:40:16,380
and it was working the low Timex watch

983
00:40:20,150 --> 00:40:17,940
and uh

984
00:40:21,829 --> 00:40:20,160
five hours had passed and the sun was

985
00:40:24,109 --> 00:40:21,839
coming up in the east

986
00:40:26,510 --> 00:40:24,119
and on the south side of us there's an

987
00:40:28,970 --> 00:40:26,520
old there's a tree it looks like an old

988
00:40:32,030 --> 00:40:28,980

western movie Hanging Tree that's about

989

00:40:33,710 --> 00:40:32,040

a half a mile away it's still there

990

00:40:35,990 --> 00:40:33,720

today

991

00:40:38,329 --> 00:40:36,000

that tree and we were on the back side

992

00:40:40,310 --> 00:40:38,339

not knowing this but I'll finish the

993

00:40:42,770 --> 00:40:40,320

part of this first but

994

00:40:44,390 --> 00:40:42,780

the first people to get to us was a

995

00:40:47,390 --> 00:40:44,400

security Response Team back up alert

996

00:40:49,430 --> 00:40:47,400

team and it was a sergeant Garza

997

00:40:51,230 --> 00:40:49,440

and uh he got out of the vehicle he

998

00:40:53,270 --> 00:40:51,240

parked about 20 yards away he got out of

999

00:40:56,089 --> 00:40:53,280

the vehicle and walked towards us he he

1000

00:40:57,950 --> 00:40:56,099

had his weapon on

1001
00:40:59,390 --> 00:40:57,960
and I stepped out of the vehicle and I

1002
00:41:00,770 --> 00:40:59,400
walked toward him and I said he goes

1003
00:41:02,390 --> 00:41:00,780
stay right there Mario stay right there

1004
00:41:04,670 --> 00:41:02,400
he said are you okay I said I'm okay but

1005
00:41:06,410 --> 00:41:04,680
my Michael Johnson's not and none of us

1006
00:41:08,510 --> 00:41:06,420
really knew Michael Johnson as I said he

1007
00:41:10,130 --> 00:41:08,520
was working vacation relief he was from

1008
00:41:13,190 --> 00:41:10,140
another flight

1009
00:41:15,710 --> 00:41:13,200
he's normally under the 66 area down by

1010
00:41:17,030 --> 00:41:15,720
the Badlands but vacation relief they

1011
00:41:19,370 --> 00:41:17,040
send you anywhere they want where

1012
00:41:23,390 --> 00:41:19,380
there's a vacancy

1013
00:41:25,550 --> 00:41:23,400

so I said man what happened because all

1014

00:41:27,470 --> 00:41:25,560

I'm worried about is we didn't strike

1015

00:41:29,210 --> 00:41:27,480

that site we didn't we didn't perform

1016

00:41:30,950 --> 00:41:29,220

what we were supposed to do on that

1017

00:41:32,950 --> 00:41:30,960

facility I knew there was trouble from

1018

00:41:35,750 --> 00:41:32,960

that because it was an important alarm

1019

00:41:37,730 --> 00:41:35,760

and that can't be left undone somebody

1020

00:41:40,370 --> 00:41:37,740

had to go on that site

1021

00:41:42,230 --> 00:41:40,380

and uh

1022

00:41:44,630 --> 00:41:42,240

he said I can't talk to you about that

1023

00:41:47,270 --> 00:41:44,640

Mario we're just here to take you and

1024

00:41:49,130 --> 00:41:47,280

him back in November control

1025

00:41:51,050 --> 00:41:49,140

I said okay I said I need some help

1026

00:41:52,550 --> 00:41:51,060

moving him I said he is frozen to the

1027

00:41:54,589 --> 00:41:52,560

steering wheel I said he won't talk or

1028

00:41:56,810 --> 00:41:54,599

anything I said he's breathing and he

1029

00:41:58,730 --> 00:41:56,820

didn't really know what to say when I

1030

00:42:00,290 --> 00:41:58,740

told him that but he helped me move him

1031

00:42:01,730 --> 00:42:00,300

over and I put him in the passenger seat

1032

00:42:04,130 --> 00:42:01,740

and I drove

1033

00:42:06,109 --> 00:42:04,140

we went back to November 1.

1034

00:42:08,589 --> 00:42:06,119

we'll come to find out we're on the back

1035

00:42:11,630 --> 00:42:08,599

side of November Lake

1036

00:42:13,550 --> 00:42:11,640

Reservoir Dam

1037

00:42:16,490 --> 00:42:13,560

and the other thing was the vehicle was

1038

00:42:18,530 --> 00:42:16,500

pointing to the South

1039

00:42:21,109 --> 00:42:18,540

uh which would be the lower part of that

1040

00:42:23,569 --> 00:42:21,119

screen where those two white dots of

1041

00:42:26,950 --> 00:42:23,579

snow are now that's a holding Reserve

1042

00:42:30,770 --> 00:42:26,960

down there in case that Dam overflows

1043

00:42:33,829 --> 00:42:30,780

in the upper part of that

1044

00:42:35,150 --> 00:42:33,839

damn the slew is on the far end there at

1045

00:42:37,310 --> 00:42:35,160

the very bottom

1046

00:42:38,810 --> 00:42:37,320

and that's where they release water when

1047

00:42:40,069 --> 00:42:38,820

this thing when this thing is full I

1048

00:42:41,990 --> 00:42:40,079

don't know how deep it is I don't think

1049

00:42:44,210 --> 00:42:42,000

it's that deep it's just a big Reservoir

1050

00:42:44,990 --> 00:42:44,220

you know a new that's just a reservoir

1051
00:42:47,630 --> 00:42:45,000
down

1052
00:42:49,550 --> 00:42:47,640
but um

1053
00:42:51,530 --> 00:42:49,560
that's what the white wall was and it

1054
00:42:53,150 --> 00:42:51,540
was covered in snow

1055
00:42:54,589 --> 00:42:53,160
didn't know that we were down at the

1056
00:42:56,089 --> 00:42:54,599
very center of it now had Michael

1057
00:42:58,190 --> 00:42:56,099
Johnson

1058
00:42:59,750 --> 00:42:58,200
been okay and stepped out of that

1059
00:43:02,510 --> 00:42:59,760
vehicle this is the weird part about it

1060
00:43:04,670 --> 00:43:02,520
these are only two-wheel drive vehicles

1061
00:43:07,370 --> 00:43:04,680
there was no way to drive down in there

1062
00:43:09,290 --> 00:43:07,380
and turn around and in face South which

1063
00:43:11,329 --> 00:43:09,300

is where we were facing

1064

00:43:13,609 --> 00:43:11,339

because there was really not a road what

1065

00:43:15,530 --> 00:43:13,619

we were sitting on that's why Sergeant

1066

00:43:17,990 --> 00:43:15,540

guard is a parked 20 yards away he

1067

00:43:20,990 --> 00:43:18,000

parked up at an area where he you know

1068

00:43:22,670 --> 00:43:21,000

he you could access and do it safely but

1069

00:43:24,290 --> 00:43:22,680

had Michael Johnson stepped out of the

1070

00:43:25,790 --> 00:43:24,300

vehicle on the driver's side he'd have

1071

00:43:28,130 --> 00:43:25,800

taken two steps and he had gone down

1072

00:43:31,250 --> 00:43:28,140

about 30 feet into that little holding

1073

00:43:32,870 --> 00:43:31,260

Reservoir down there and that was a big

1074

00:43:35,089 --> 00:43:32,880

lake it's like well I was just out there

1075

00:43:36,950 --> 00:43:35,099

I mean it was it was sizable I said well

1076

00:43:37,910 --> 00:43:36,960

I didn't have no idea that it was that

1077

00:43:39,710 --> 00:43:37,920

large

1078

00:43:41,990 --> 00:43:39,720

you could have driven right in there by

1079

00:43:44,329 --> 00:43:42,000

accident too well you couldn't turn

1080

00:43:45,829 --> 00:43:44,339

around though I mean we were facing the

1081

00:43:48,890 --> 00:43:45,839

only direction that you could travel in

1082

00:43:50,390 --> 00:43:48,900

to get out of there hmm that that's

1083

00:43:52,790 --> 00:43:50,400

that's what I'm trying to say there was

1084

00:43:54,530 --> 00:43:52,800

no way to drive in there and turn around

1085

00:43:56,690 --> 00:43:54,540

and come back out

1086

00:43:58,670 --> 00:43:56,700

where we were located it's almost like

1087

00:44:00,890 --> 00:43:58,680

you backed in

1088

00:44:02,750 --> 00:44:00,900

I don't think we backed it all there

1089

00:44:03,589 --> 00:44:02,760

were no tracks as far as I know going in

1090

00:44:10,790 --> 00:44:03,599

there

1091

00:44:12,829 --> 00:44:10,800

wow

1092

00:44:14,630 --> 00:44:12,839

so we went to number one from that point

1093

00:44:17,210 --> 00:44:14,640

and got back to the launch control

1094

00:44:19,010 --> 00:44:17,220

facility whereas there was a lot of

1095

00:44:20,569 --> 00:44:19,020

people waiting on us when we got there a

1096

00:44:21,890 --> 00:44:20,579

flight Chief assistant flight Chief

1097

00:44:25,069 --> 00:44:21,900

there was some other law enforcement

1098

00:44:29,089 --> 00:44:25,079

personnel there uh

1099

00:44:32,750 --> 00:44:29,099

all the backup alert teams were there

1100

00:44:34,849 --> 00:44:32,760

um the officers that were off duty now

1101

00:44:37,670 --> 00:44:34,859

as and were on duty while they

1102

00:44:38,750 --> 00:44:37,680

dispatched us were talking to us asking

1103

00:44:40,550 --> 00:44:38,760

questions

1104

00:44:41,930 --> 00:44:40,560

and uh they didn't talk to us they

1105

00:44:44,510 --> 00:44:41,940

talked to me because they took Michael

1106

00:44:46,010 --> 00:44:44,520

Johnson in the back room to see if they

1107

00:44:47,569 --> 00:44:46,020

couldn't do something medically for him

1108

00:44:48,710 --> 00:44:47,579

and I don't know if flight Chief kind of

1109

00:44:50,089 --> 00:44:48,720

or not the flight Chief but the

1110

00:44:52,250 --> 00:44:50,099

assistant flight Chief and the site

1111

00:44:54,349 --> 00:44:52,260

manager kind of took care of him now I

1112

00:44:56,390 --> 00:44:54,359

don't know what what medical

1113

00:44:58,430 --> 00:44:56,400

stuff they did or maybe some smelling

1114

00:45:01,130 --> 00:44:58,440

sauce or something but he never talked

1115

00:45:03,770 --> 00:45:01,140

again he didn't ever speak again at from

1116

00:45:06,589 --> 00:45:03,780

the time we left November 1 that night

1117

00:45:08,809 --> 00:45:06,599

up to Highway 79. when he said whatever

1118

00:45:11,030 --> 00:45:08,819

was the last thing he uttered before six

1119

00:45:13,450 --> 00:45:11,040

o'clock the next morning or whatever the

1120

00:45:17,150 --> 00:45:13,460

next morning to anybody if he did

1121

00:45:19,370 --> 00:45:17,160

so they separated us and I just I was so

1122

00:45:21,650 --> 00:45:19,380

talked out and trying to explain what I

1123

00:45:22,970 --> 00:45:21,660

had seen

1124

00:45:25,190 --> 00:45:22,980

and there was a lot of communication

1125

00:45:28,130 --> 00:45:25,200

going on back at Ellsworth uh to

1126

00:45:30,109 --> 00:45:28,140

November control I remember that and I

1127

00:45:31,790 --> 00:45:30,119

wasn't privy to listen to a lot of it I

1128

00:45:33,349 --> 00:45:31,800

don't know I was I was hoping maybe I

1129

00:45:35,690 --> 00:45:33,359

heard something about radar or anything

1130

00:45:38,089 --> 00:45:35,700

like that but I didn't

1131

00:45:40,250 --> 00:45:38,099

and um I just wanted to get away from

1132

00:45:42,470 --> 00:45:40,260

everybody and this was the strangest

1133

00:45:44,630 --> 00:45:42,480

thing I I I knew I said I'm gonna I

1134

00:45:47,630 --> 00:45:44,640

gotta go to the restroom didn't have to

1135

00:45:50,510 --> 00:45:47,640

I just wanted to and I went in it was

1136

00:45:54,290 --> 00:45:50,520

two stalls there and uh

1137

00:45:56,690 --> 00:45:54,300

I went in there and I just sat down on a

1138

00:46:00,950 --> 00:45:58,910

and just trying to get my thoughts and

1139

00:46:03,890 --> 00:46:00,960

just breathe you know just think about

1140

00:46:05,990 --> 00:46:03,900

what had happened and and the void or

1141

00:46:07,970 --> 00:46:06,000

something or whatever I felt I I it's

1142

00:46:11,950 --> 00:46:07,980

very difficult to explain when you can't

1143

00:46:14,329 --> 00:46:11,960

account for for time or you know

1144

00:46:15,470 --> 00:46:14,339

something like that something like that

1145

00:46:17,450 --> 00:46:15,480

but

1146

00:46:20,450 --> 00:46:17,460

foreign

1147

00:46:22,790 --> 00:46:20,460

something tripped in me I don't know

1148

00:46:24,530 --> 00:46:22,800

what but I felt all of a sudden

1149

00:46:26,750 --> 00:46:24,540

lightheaded

1150

00:46:30,890 --> 00:46:26,760

and then I felt as if

1151

00:46:32,569 --> 00:46:30,900

I thought I was dying I I um I started I

1152

00:46:34,730 --> 00:46:32,579

started to leave my body

1153

00:46:37,010 --> 00:46:34,740

and I was going down through my body to

1154

00:46:39,829 --> 00:46:37,020

my I knew I was going through my feet if

1155

00:46:42,170 --> 00:46:39,839

that makes any sense which I don't I

1156

00:46:43,670 --> 00:46:42,180

don't know anything about that but I

1157

00:46:45,530 --> 00:46:43,680

just felt as if I was going down through

1158

00:46:46,849 --> 00:46:45,540

my body and I was I was going to leave

1159

00:46:49,190 --> 00:46:46,859

my body

1160

00:46:51,170 --> 00:46:49,200

and really I'd almost

1161

00:46:53,510 --> 00:46:51,180

you know giving up on the fact that

1162

00:46:56,750 --> 00:46:53,520

there was no way I could stop it and I

1163

00:46:58,130 --> 00:46:56,760

and I just opened my eyes a little bit I

1164

00:47:01,730 --> 00:46:58,140

heard something

1165

00:47:04,130 --> 00:47:01,740

and I saw four furry legs four Furry

1166

00:47:05,150 --> 00:47:04,140

Paws on the floor in front of the stall

1167

00:47:07,069 --> 00:47:05,160

door

1168

00:47:08,569 --> 00:47:07,079

which belonged to a German Shepherd Drug

1169

00:47:10,430 --> 00:47:08,579

dog

1170

00:47:13,550 --> 00:47:10,440

and then behind them was a set of

1171

00:47:15,170 --> 00:47:13,560

Cochran shiny spit polished boots which

1172

00:47:17,930 --> 00:47:15,180

was a law enforcement guy that I knew

1173

00:47:20,089 --> 00:47:17,940

from Ellsworth and uh and I said hey man

1174

00:47:21,890 --> 00:47:20,099

how you doing he goes hey Mario we're

1175

00:47:23,630 --> 00:47:21,900

all right and I said my ditty bags out

1176

00:47:25,730 --> 00:47:23,640

there he said we already checked it

1177

00:47:27,410 --> 00:47:25,740

you're good are you all right and I said

1178

00:47:30,410 --> 00:47:27,420

I don't know what I am man

1179

00:47:32,329 --> 00:47:30,420

I don't know who that was but uh

1180

00:47:34,069 --> 00:47:32,339

anyway

1181

00:47:36,710 --> 00:47:34,079

I said I'll be out in a minute and I'll

1182

00:47:38,809 --> 00:47:36,720

wash my face really good and just try to

1183

00:47:40,069 --> 00:47:38,819

gather myself and when I went back out

1184

00:47:42,050 --> 00:47:40,079

to the day room

1185

00:47:45,829 --> 00:47:42,060

uh

1186

00:47:48,829 --> 00:47:45,839

going to go to proceed back to Ellsworth

1187

00:47:50,809 --> 00:47:48,839

we were relieved and so we gathered up

1188

00:47:51,829 --> 00:47:50,819

all of our stuff which was in the day

1189

00:47:53,329 --> 00:47:51,839

room

1190

00:47:54,890 --> 00:47:53,339

I don't even think I took it out of the

1191

00:47:56,030 --> 00:47:54,900

vehicle but somebody didn't put it in

1192

00:47:58,250 --> 00:47:56,040

the day room

1193

00:47:59,990 --> 00:47:58,260

and uh

1194

00:48:02,809 --> 00:48:00,000

so I got in a vehicle with him and

1195

00:48:04,069 --> 00:48:02,819

Michael Johnson was taken by two by the

1196

00:48:06,349 --> 00:48:04,079

assistant flight Chief and I think

1197

00:48:08,390 --> 00:48:06,359

somebody else wrote with him and we were

1198

00:48:10,609 --> 00:48:08,400

all taken back to the main base which

1199

00:48:12,230 --> 00:48:10,619

you know was over an hour ride so I got

1200

00:48:13,609 --> 00:48:12,240

to talk you know Sergeant great he just

1201
00:48:14,630 --> 00:48:13,619
asked me all kinds of things and I told

1202
00:48:16,670 --> 00:48:14,640
him everything that I knew and

1203
00:48:19,730 --> 00:48:16,680
everything that I saw and he was an

1204
00:48:21,470 --> 00:48:19,740
Alabama boy I remember that and he uh

1205
00:48:23,690 --> 00:48:21,480
he just he didn't even know what to

1206
00:48:25,970 --> 00:48:23,700
think he just you know I mean these

1207
00:48:27,890 --> 00:48:25,980
supervisors they go through a lot they

1208
00:48:29,990 --> 00:48:27,900
hear everything from everybody all walks

1209
00:48:31,910 --> 00:48:30,000
of life at all times and I think this

1210
00:48:33,770 --> 00:48:31,920
pretty much did him in he was a big guy

1211
00:48:36,109 --> 00:48:33,780
too he's really a nice guy

1212
00:48:37,670 --> 00:48:36,119
and um

1213
00:48:39,530 --> 00:48:37,680

so he said we're gonna you know we're

1214

00:48:41,450 --> 00:48:39,540

gonna the commander wants to talk to you

1215

00:48:43,910 --> 00:48:41,460

Colonel's breaker and

1216

00:48:46,550 --> 00:48:43,920

that kind of thing and I said yes sir

1217

00:48:48,109 --> 00:48:46,560

you know I expected all that so he said

1218

00:48:50,390 --> 00:48:48,119

can you can you write a report and I

1219

00:48:51,710 --> 00:48:50,400

said of course I can you know so it was

1220

00:48:53,630 --> 00:48:51,720

entries made on the security police

1221

00:48:55,069 --> 00:48:53,640

blotter I know that

1222

00:48:57,890 --> 00:48:55,079

um at the site

1223

00:48:59,930 --> 00:48:57,900

at at November 1 which was a security

1224

00:49:01,730 --> 00:48:59,940

police blotters all actions everything

1225

00:49:04,069 --> 00:49:01,740

had taken place you know on a facility

1226
00:49:06,170 --> 00:49:04,079
that's annotated even your social

1227
00:49:07,490 --> 00:49:06,180
security numbers on those blotters so I

1228
00:49:12,349 --> 00:49:07,500
wish I could get hold of one of those

1229
00:49:17,150 --> 00:49:14,930
which would give me information to find

1230
00:49:20,510 --> 00:49:17,160
Michael Johnson been looking for for

1231
00:49:22,370 --> 00:49:20,520
many many years and substantial monies

1232
00:49:24,589 --> 00:49:22,380
have been spent and try to find trying

1233
00:49:27,890 --> 00:49:24,599
to find him with investigators nothing

1234
00:49:29,630 --> 00:49:27,900
bad just trying to locate him all media

1235
00:49:32,569 --> 00:49:29,640
platforms social platforms anything

1236
00:49:36,470 --> 00:49:32,579
together we served platform anything I

1237
00:49:41,569 --> 00:49:39,589
looking for him but so get back to the

1238
00:49:43,790 --> 00:49:41,579

base and we go to the main sateaf

1239

00:49:46,250 --> 00:49:43,800

building which is a converted uh

1240

00:49:48,589 --> 00:49:46,260

aircraft Hangar from World War II as I

1241

00:49:50,270 --> 00:49:48,599

guess they they had bombers in there at

1242

00:49:52,010 --> 00:49:50,280

one time and that was our Security

1243

00:49:53,450 --> 00:49:52,020

Police Operations Center where law

1244

00:49:57,530 --> 00:49:53,460

enforcement security social security

1245

00:50:01,670 --> 00:49:57,540

control and all all the officers uh head

1246

00:50:02,329 --> 00:50:01,680

offices and uh OSI was there

1247

00:50:04,970 --> 00:50:02,339

um

1248

00:50:07,010 --> 00:50:04,980

there was a man in a suit and my

1249

00:50:08,450 --> 00:50:07,020

commander I'm not sure if it's the

1250

00:50:11,089 --> 00:50:08,460

assistant based Commander or possibly

1251

00:50:13,250 --> 00:50:11,099

the base commander I can't remember uh

1252

00:50:15,349 --> 00:50:13,260

there were probably it there were

1253

00:50:16,930 --> 00:50:15,359

probably seven people in that office

1254

00:50:20,510 --> 00:50:16,940

when I went I was only introduced

1255

00:50:22,069 --> 00:50:20,520

basically to terms breaker now or just I

1256

00:50:24,530 --> 00:50:22,079

made myself available to Colonel's

1257

00:50:26,930 --> 00:50:24,540

Breakers you know I reported to so I had

1258

00:50:29,870 --> 00:50:26,940

to do that formally and uh then he had

1259

00:50:31,370 --> 00:50:29,880

asked me to sit down and he wanted me to

1260

00:50:32,990 --> 00:50:31,380

be at ease to talk about what had

1261

00:50:34,370 --> 00:50:33,000

happened and I tried to my best to

1262

00:50:35,930 --> 00:50:34,380

explain it to him

1263

00:50:38,390 --> 00:50:35,940

and um

1264

00:50:40,430 --> 00:50:38,400

and everybody in the room now there was

1265

00:50:42,230 --> 00:50:40,440

a young OSI guy there

1266

00:50:44,750 --> 00:50:42,240

I mean Richard Dodie who's been on

1267

00:50:47,210 --> 00:50:44,760

several different things and he was in

1268

00:50:49,309 --> 00:50:47,220

training I understand in OSI

1269

00:50:50,990 --> 00:50:49,319

and uh I've been trying to make contact

1270

00:50:52,670 --> 00:50:51,000

with him for a long time too because he

1271

00:50:55,309 --> 00:50:52,680

was at my debrief

1272

00:50:56,930 --> 00:50:55,319

uh Not only was he there but he also

1273

00:50:59,809 --> 00:50:56,940

went over to the flight surgeon's office

1274

00:51:01,370 --> 00:50:59,819

where I was later examined but my

1275

00:51:04,010 --> 00:51:01,380

debrief took about three and a half to

1276

00:51:05,450 --> 00:51:04,020

four hours and within that time I was

1277

00:51:07,069 --> 00:51:05,460

asked every single question that they

1278

00:51:09,710 --> 00:51:07,079

could come up with and what I thought it

1279

00:51:10,549 --> 00:51:09,720

was what I saw what I didn't see so they

1280

00:51:13,069 --> 00:51:10,559

said

1281

00:51:14,870 --> 00:51:13,079

or how I felt about what I saw in the

1282

00:51:17,690 --> 00:51:14,880

Mike and Michael Johnson how well that I

1283

00:51:20,390 --> 00:51:17,700

know him uh did I know what I knew about

1284

00:51:23,329 --> 00:51:20,400

him I mean they really were diving deep

1285

00:51:25,190 --> 00:51:23,339

into you know how much I knew about

1286

00:51:27,290 --> 00:51:25,200

Michael Johnson which was nothing

1287

00:51:29,510 --> 00:51:27,300

literally nothing I mean we had met at

1288

00:51:31,849 --> 00:51:29,520

six we we met on the bus ride out there

1289

00:51:33,650 --> 00:51:31,859

you know school bus rides out there they

1290

00:51:34,970 --> 00:51:33,660

had dark blue buses they took took us

1291

00:51:36,950 --> 00:51:34,980

out in you know

1292

00:51:38,990 --> 00:51:36,960

um so

1293

00:51:41,150 --> 00:51:39,000

excuse me but uh

1294

00:51:43,130 --> 00:51:41,160

I didn't know anything about him he said

1295

00:51:45,109 --> 00:51:43,140

he was from Chicago Illinois I did know

1296

00:51:47,510 --> 00:51:45,119

that or he said he was

1297

00:51:51,230 --> 00:51:47,520

and um

1298

00:51:52,849 --> 00:51:51,240

so I did a uh a formal report uh I can't

1299

00:51:55,430 --> 00:51:52,859

remember the report number I thought it

1300

00:51:57,109 --> 00:51:55,440

was a 1000 but we we found out that

1301

00:51:58,130 --> 00:51:57,119

wasn't the case that's different that's

1302

00:52:00,109 --> 00:51:58,140

a different report number because

1303

00:52:01,970 --> 00:52:00,119

everything's got a form number and I

1304

00:52:05,030 --> 00:52:01,980

know I did this because it had to be

1305

00:52:07,370 --> 00:52:05,040

done with a number two skillcraft pin

1306

00:52:10,460 --> 00:52:07,380

and it was in triplicates so I print

1307

00:52:10,849 --> 00:52:10,470

really well and I print real small and

1308

00:52:11,750 --> 00:52:10,859

[Music]

1309

00:52:14,390 --> 00:52:11,760

um

1310

00:52:16,069 --> 00:52:14,400

I remember taking a long long long time

1311

00:52:18,130 --> 00:52:16,079

to write down every single thing that I

1312

00:52:22,130 --> 00:52:18,140

could recollect in my mind now I did not

1313

00:52:23,569 --> 00:52:22,140

say what I saw out the East out of this

1314

00:52:25,430 --> 00:52:23,579

side of my window

1315

00:52:27,170 --> 00:52:25,440

because you know there's there's certain

1316

00:52:29,109 --> 00:52:27,180

things you know when you have a secret

1317

00:52:32,329 --> 00:52:29,119

or top secret clearance

1318

00:52:34,670 --> 00:52:32,339

you know you can't uh at that particular

1319

00:52:35,990 --> 00:52:34,680

time in 1977 regardless of what was

1320

00:52:38,390 --> 00:52:36,000

going on out there with Academy

1321

00:52:41,030 --> 00:52:38,400

relations or other sightings and so

1322

00:52:42,829 --> 00:52:41,040

forth you could not say well I I happen

1323

00:52:45,530 --> 00:52:42,839

to see some little guys out here on the

1324

00:52:47,809 --> 00:52:45,540

you know outside of my window so you

1325

00:52:49,670 --> 00:52:47,819

didn't tell you didn't tell anyone that

1326

00:52:51,770 --> 00:52:49,680

all right we're going to take just just

1327

00:52:54,410 --> 00:52:51,780

a quick break uh just for just a second

1328

00:52:57,829 --> 00:52:54,420

just to say goodbye to everyone over at

1329

00:53:00,170 --> 00:52:57,839

uh kgrra radio and again we'll be back uh

1330

00:53:02,150 --> 00:53:00,180

with Grant camera next week thank you

1331

00:53:03,829 --> 00:53:02,160

over there and thank you Bill

1332

00:53:05,510 --> 00:53:03,839

um so but we're going to continue we're

1333

00:53:06,950 --> 00:53:05,520

going to uh go into some of the

1334

00:53:08,690 --> 00:53:06,960

questions

1335

00:53:10,549 --> 00:53:08,700

um again if you would put those in caps

1336

00:53:13,730 --> 00:53:10,559

uh we're going to be doing that as we

1337

00:53:16,370 --> 00:53:13,740

move along here but uh but but go ahead

1338

00:53:21,470 --> 00:53:16,380

and continue if you would

1339

00:53:26,390 --> 00:53:23,210

that lasted about three and a half to

1340

00:53:29,829 --> 00:53:26,400

four hours and that whole debrief and

1341

00:53:33,109 --> 00:53:29,839

then uh Colonel spraker uh once he was

1342

00:53:35,150 --> 00:53:33,119

satisfied somewhat and he asked another

1343

00:53:36,829 --> 00:53:35,160

officer a couple of questions but not

1344

00:53:38,930 --> 00:53:36,839

with me being able to hear it kind of

1345

00:53:41,510 --> 00:53:38,940

like shielding his mouth and talking

1346

00:53:43,190 --> 00:53:41,520

over his right shoulder and over his

1347

00:53:45,710 --> 00:53:43,200

right shoulder was a was a gentleman

1348

00:53:48,770 --> 00:53:45,720

that was in a suit and a and a hat he

1349

00:53:53,510 --> 00:53:48,780

wasn't very tall and on his right was

1350

00:53:56,690 --> 00:53:53,520

OSI an officer a captain and then this

1351
00:53:58,190 --> 00:53:56,700
Richard Dodie was a young NCO he was

1352
00:54:01,490 --> 00:53:58,200
standing to his right

1353
00:54:02,809 --> 00:54:01,500
and uh wearing glasses I I looked right

1354
00:54:05,450 --> 00:54:02,819
at him and I thought I've seen you I've

1355
00:54:06,829 --> 00:54:05,460
seen you on his base you know I I uh I

1356
00:54:07,910 --> 00:54:06,839
guess he was kind of new or something I

1357
00:54:09,890 --> 00:54:07,920
don't know but

1358
00:54:11,510 --> 00:54:09,900
uh there were 800 security policemen on

1359
00:54:13,970 --> 00:54:11,520
on Ellsworth Air Force Base at that

1360
00:54:16,730 --> 00:54:13,980
particular time and uh

1361
00:54:17,870 --> 00:54:16,740
many many different things happened uh

1362
00:54:20,569 --> 00:54:17,880
to a lot of people in all these

1363
00:54:22,190 --> 00:54:20,579

different areas in these missiles or on

1364

00:54:24,950 --> 00:54:22,200

these missile sites but

1365

00:54:27,770 --> 00:54:24,960

anyway so from there I was taken to um

1366

00:54:31,309 --> 00:54:27,780

the flight surgeon's office whether it

1367

00:54:33,290 --> 00:54:31,319

was a doctor uh another guy uh I don't

1368

00:54:34,670 --> 00:54:33,300

know if he was another doctor it was a

1369

00:54:35,390 --> 00:54:34,680

nurse

1370

00:54:37,250 --> 00:54:35,400

um

1371

00:54:42,170 --> 00:54:37,260

OSI

1372

00:54:47,089 --> 00:54:44,109

there were five people there

1373

00:54:48,950 --> 00:54:47,099

and uh the doc the main doc the other

1374

00:54:50,990 --> 00:54:48,960

dog one of them just kind of stood back

1375

00:54:54,530 --> 00:54:51,000

and this this other doctor he checked my

1376

00:54:56,750 --> 00:54:54,540

ears eyes nose throat pulse heartbeat

1377

00:54:58,370 --> 00:54:56,760

everything and you know was talking to

1378

00:55:01,910 --> 00:54:58,380

me did the finger thing in front of my

1379

00:55:03,710 --> 00:55:01,920

eyes that kind of thing uh reflexes you

1380

00:55:05,150 --> 00:55:03,720

know asked me how I felt and I told him

1381

00:55:07,010 --> 00:55:05,160

of my incident you know in the bathroom

1382

00:55:09,890 --> 00:55:07,020

and how I felt and he he didn't really

1383

00:55:11,089 --> 00:55:09,900

comment on that and uh at the very end

1384

00:55:13,069 --> 00:55:11,099

of all of it

1385

00:55:15,530 --> 00:55:13,079

he looked at my teeth too looked at my

1386

00:55:17,170 --> 00:55:15,540

teeth and gums I remember that and uh

1387

00:55:19,130 --> 00:55:17,180

which I thought was weird

1388

00:55:21,410 --> 00:55:19,140

and uh

1389

00:55:23,390 --> 00:55:21,420

he goes I need to he said I need to take

1390

00:55:26,089 --> 00:55:23,400

a couple of skin samples from you and uh

1391

00:55:27,770 --> 00:55:26,099

and uh I just kind of sat back and I

1392

00:55:29,750 --> 00:55:27,780

said because I'm sitting up on this end

1393

00:55:31,490 --> 00:55:29,760

of this table you know and I I said

1394

00:55:34,370 --> 00:55:31,500

excuse me he goes I need to take a skin

1395

00:55:38,210 --> 00:55:34,380

sample two skin samples

1396

00:55:41,270 --> 00:55:38,220

and I said uh why and he goes well

1397

00:55:43,490 --> 00:55:41,280

you're sunburned yeah I went what he

1398

00:55:44,930 --> 00:55:43,500

goes your face is burned and your hand

1399

00:55:47,450 --> 00:55:44,940

is burned

1400

00:55:49,370 --> 00:55:47,460

and I looked and I didn't really think

1401
00:55:50,630 --> 00:55:49,380
about it but when I tapped my skin like

1402
00:55:53,030 --> 00:55:50,640
a sunburn

1403
00:55:55,250 --> 00:55:53,040
I could feel it and then I can feel my

1404
00:55:57,890 --> 00:55:55,260
face so here on the right side above my

1405
00:56:00,470 --> 00:55:57,900
eye he took he took one or two pinches

1406
00:56:03,230 --> 00:56:00,480
of skin just enough to cause blood to

1407
00:56:04,730 --> 00:56:03,240
flow and just put a small Band-Aid on it

1408
00:56:07,309 --> 00:56:04,740
and he did the same thing on the back of

1409
00:56:10,069 --> 00:56:07,319
my right hand and uh I never got the

1410
00:56:13,190 --> 00:56:10,079
results of any of that and never

1411
00:56:15,710 --> 00:56:13,200
I don't even have the paperwork from the

1412
00:56:18,230 --> 00:56:15,720
actual um examination would you think it

1413
00:56:19,549 --> 00:56:18,240

was radiation I mean that's the only

1414

00:56:21,049 --> 00:56:19,559

thing that would make sense I mean

1415

00:56:22,790 --> 00:56:21,059

you're in the winter in South Dakota I

1416

00:56:25,010 --> 00:56:22,800

mean yeah my first time back to Tampa

1417

00:56:26,750 --> 00:56:25,020

Florida my home I um I went to

1418

00:56:28,910 --> 00:56:26,760

Clearwater Beach and fell asleep and

1419

00:56:31,849 --> 00:56:28,920

almost got an Article 15 because I got

1420

00:56:34,790 --> 00:56:31,859

smoked on the beach and had to go to

1421

00:56:37,190 --> 00:56:34,800

MacDill for help I got burned up pretty

1422

00:56:39,829 --> 00:56:37,200

bad but um yeah that was that was really

1423

00:56:42,650 --> 00:56:39,839

strange and uh

1424

00:56:45,770 --> 00:56:42,660

uh you know this weirdest part was you

1425

00:56:48,849 --> 00:56:45,780

know I was married at the time and um

1426

00:56:51,530 --> 00:56:48,859

uh I couldn't I couldn't uh explain this

1427

00:56:53,450 --> 00:56:51,540

uh and first of all I'd only been out

1428

00:56:55,010 --> 00:56:53,460

one day so normally I'd be gone for

1429

00:56:56,569 --> 00:56:55,020

three days and then be off for three

1430

00:56:58,370 --> 00:56:56,579

days but

1431

00:56:59,690 --> 00:56:58,380

um when I when I was told I could call

1432

00:57:01,549 --> 00:56:59,700

my wife it was right around three

1433

00:57:02,870 --> 00:57:01,559

o'clock in the afternoon in the evening

1434

00:57:03,950 --> 00:57:02,880

that then

1435

00:57:13,849 --> 00:57:03,960

and

1436

00:57:16,309 --> 00:57:13,859

because I was I was told you know I

1437

00:57:18,530 --> 00:57:16,319

signed what I signed as a non-disclosure

1438

00:57:20,510 --> 00:57:18,540

agreement that I would not discuss this

1439

00:57:22,309 --> 00:57:20,520

in any way that this this was classified

1440

00:57:26,210 --> 00:57:22,319

and

1441

00:57:28,130 --> 00:57:26,220

classify top secret but I didn't sign

1442

00:57:30,530 --> 00:57:28,140

any com you know top secret document I

1443

00:57:33,349 --> 00:57:30,540

just signed a letter saying I would not

1444

00:57:35,270 --> 00:57:33,359

discuss this with anyone in including

1445

00:57:38,150 --> 00:57:35,280

family or whatever members I remember

1446

00:57:41,510 --> 00:57:38,160

that and I signed it and printed my name

1447

00:57:44,450 --> 00:57:41,520

and my social security number and

1448

00:57:46,730 --> 00:57:44,460

my security police badge number j4292.

1449

00:57:48,710 --> 00:57:46,740

so uh but you feel comfortable talking

1450

00:57:50,750 --> 00:57:48,720

about it now I don't have a clearance

1451

00:57:53,809 --> 00:57:50,760

any longer I see it was for clearance

1452

00:57:54,829 --> 00:57:53,819

yeah right and uh in 83 when I got out I

1453

00:57:56,390 --> 00:57:54,839

went to work for the United States

1454

00:58:00,049 --> 00:57:56,400

Department of energy

1455

00:58:01,849 --> 00:58:00,059

and as a security inspector and um so

1456

00:58:04,970 --> 00:58:01,859

with the Q clearance which is above

1457

00:58:07,250 --> 00:58:04,980

secret uh I certainly couldn't talk

1458

00:58:09,650 --> 00:58:07,260

about it and I did not

1459

00:58:11,690 --> 00:58:09,660

and um but I was questioned about it

1460

00:58:13,309 --> 00:58:11,700

heavily a couple of different times and

1461

00:58:16,609 --> 00:58:13,319

it took me eight months to obtain my

1462

00:58:19,910 --> 00:58:16,619

first clearance and then uh your bra

1463

00:58:23,450 --> 00:58:19,920

before a board three to five people from

1464

00:58:27,410 --> 00:58:23,460

the Oak Ridge office and uh they in turn

1465

00:58:33,950 --> 00:58:30,829

hmm and so so they they kind of trick

1466

00:58:36,289 --> 00:58:33,960

you in to things they try to see if

1467

00:58:37,490 --> 00:58:36,299

you'll divulge what you sign saying you

1468

00:58:40,010 --> 00:58:37,500

would not

1469

00:58:42,410 --> 00:58:40,020

uh you do then they negate your acute

1470

00:58:43,789 --> 00:58:42,420

clearance or the year put on a casual

1471

00:58:44,750 --> 00:58:43,799

type of

1472

00:58:47,270 --> 00:58:44,760

uh

1473

00:58:49,010 --> 00:58:47,280

clearance where you can't really do your

1474

00:58:50,809 --> 00:58:49,020

job because you're under PRP and

1475

00:58:53,930 --> 00:58:50,819

everything else a first responder and

1476
00:58:55,549 --> 00:58:53,940
what have you so if you give up bad you

1477
00:58:58,309 --> 00:58:55,559
know what else would you give up if you

1478
00:59:01,730 --> 00:58:58,319
had to so who's the first person you

1479
00:59:01,740 --> 00:59:08,990
foreign

1480
00:59:12,589 --> 00:59:10,730
a counselor

1481
00:59:14,990 --> 00:59:12,599
uh-huh

1482
00:59:16,230 --> 00:59:15,000
and that was probably uh

1483
00:59:16,490 --> 00:59:16,240
19

1484
00:59:18,049 --> 00:59:16,500
[Music]

1485
00:59:23,030 --> 00:59:18,059
um

1486
00:59:25,069 --> 00:59:23,040
97 98 yeah yeah so all that time you

1487
00:59:26,809 --> 00:59:25,079
kept it to yourself that was a long time

1488
00:59:28,670 --> 00:59:26,819

to keep it to yourself yeah something

1489

00:59:30,289 --> 00:59:28,680

that yeah I did have contact with

1490

00:59:32,150 --> 00:59:30,299

Michael Johnson two weeks after the

1491

00:59:33,289 --> 00:59:32,160

incident he came to my apartment in

1492

00:59:35,210 --> 00:59:33,299

Rapid City

1493

00:59:37,190 --> 00:59:35,220

how he found out where I live I don't

1494

00:59:38,870 --> 00:59:37,200

know lived I don't know so what was that

1495

00:59:40,549 --> 00:59:38,880

like well it was it was really

1496

00:59:41,870 --> 00:59:40,559

interesting because it was a couple of

1497

00:59:45,589 --> 00:59:41,880

things that uh

1498

00:59:49,010 --> 00:59:45,599

that was uh profound I must say so he

1499

00:59:51,530 --> 00:59:49,020

came in and uh he knocked on my door

1500

00:59:52,609 --> 00:59:51,540

and uh I answered the door and I I

1501

00:59:54,410 --> 00:59:52,619

opened it I couldn't believe it was him

1502

00:59:56,930 --> 00:59:54,420

I said Michael Johnson I said how you

1503

00:59:59,510 --> 00:59:56,940

doing man he goes I had to come find you

1504

01:00:00,829 --> 00:59:59,520

and I said well I I said I'm glad you

1505

01:00:03,170 --> 01:00:00,839

did I said I've been wanting to talk to

1506

01:00:04,609 --> 01:00:03,180

you I had no idea where you were or how

1507

01:00:07,190 --> 01:00:04,619

to contact you

1508

01:00:09,589 --> 01:00:07,200

and uh he said somebody somebody had

1509

01:00:11,210 --> 01:00:09,599

told him where I lived and uh which was

1510

01:00:12,890 --> 01:00:11,220

downtown in Rapid City Haynes Way

1511

01:00:15,770 --> 01:00:12,900

Apartments

1512

01:00:17,930 --> 01:00:15,780

so when he came in I introduced him to

1513

01:00:21,650 --> 01:00:17,940

my wife

1514

01:00:23,809 --> 01:00:21,660

and I I just kind of said you know we

1515

01:00:25,730 --> 01:00:23,819

saw something together

1516

01:00:27,470 --> 01:00:25,740

and we haven't seen each other since it

1517

01:00:28,730 --> 01:00:27,480

happened and it was traumatic and she

1518

01:00:31,190 --> 01:00:28,740

knew it was because she knew something

1519

01:00:33,530 --> 01:00:31,200

was going on with me and um

1520

01:00:34,490 --> 01:00:33,540

and uh and I still didn't divulge what

1521

01:00:36,470 --> 01:00:34,500

it was

1522

01:00:40,430 --> 01:00:36,480

but uh

1523

01:00:42,349 --> 01:00:40,440

anyway he went I put him over by my sofa

1524

01:00:44,930 --> 01:00:42,359

and a coffee table and I went to the

1525

01:00:47,210 --> 01:00:44,940

dining room table and I said with paper

1526

01:00:49,250 --> 01:00:47,220

in pencil and I said I want you to draw

1527

01:00:53,329 --> 01:00:49,260

what you saw and I'm going to draw what

1528

01:00:54,829 --> 01:00:53,339

I saw and we did that good idea he saw

1529

01:00:56,809 --> 01:00:54,839

that craft

1530

01:01:03,470 --> 01:00:56,819

um

1531

01:01:05,329 --> 01:01:03,480

and we were very similar in many of the

1532

01:01:07,250 --> 01:01:05,339

visuals that we both witnessed together

1533

01:01:10,849 --> 01:01:07,260

that night even though I thought he was

1534

01:01:13,849 --> 01:01:10,859

incoherent but he wasn't hmm

1535

01:01:16,309 --> 01:01:13,859

both of us recollect and really it

1536

01:01:18,589 --> 01:01:16,319

wasn't in it was really strange because

1537

01:01:22,370 --> 01:01:18,599

we both heard the words in our bodies do

1538

01:01:25,250 --> 01:01:22,380

not fear we want fear really over and

1539

01:01:27,170 --> 01:01:25,260

over again and it it wasn't as if

1540

01:01:30,410 --> 01:01:27,180

somebody was talking like you and I are

1541

01:01:34,190 --> 01:01:30,420

it was inside my body in in his body too

1542

01:01:37,190 --> 01:01:34,200

do not fear do not fear

1543

01:01:38,809 --> 01:01:37,200

all you can do is fear you you don't

1544

01:01:42,829 --> 01:01:38,819

know anything but fear because you can't

1545

01:01:45,349 --> 01:01:42,839

understand what it is hmm

1546

01:01:47,630 --> 01:01:45,359

anyway he stayed for about an hour and

1547

01:01:50,210 --> 01:01:47,640

we talked about it and of course I from

1548

01:01:52,190 --> 01:01:50,220

that point then I had to

1549

01:01:54,170 --> 01:01:52,200

I asked him and I asked him a question

1550

01:01:57,530 --> 01:01:54,180

it's kind of strange I'm up to that

1551

01:01:59,390 --> 01:01:57,540

point you know I've I always um

1552

01:02:02,210 --> 01:01:59,400

I'll play tennis and I did all kind of

1553

01:02:04,430 --> 01:02:02,220

stuff and then I still did but um

1554

01:02:06,950 --> 01:02:04,440

I became so interested in pyramid

1555

01:02:08,390 --> 01:02:06,960

structures I don't know how to explain

1556

01:02:11,329 --> 01:02:08,400

that

1557

01:02:13,130 --> 01:02:11,339

uh I had to draw him and read about him

1558

01:02:14,630 --> 01:02:13,140

and find out every dadgum thing I could

1559

01:02:16,849 --> 01:02:14,640

find out about I'm still due to this day

1560

01:02:19,190 --> 01:02:16,859

for what reason I don't know but there's

1561

01:02:21,470 --> 01:02:19,200

something I had to find out about and

1562

01:02:22,549 --> 01:02:21,480

I'm and I still researched them today so

1563

01:02:25,849 --> 01:02:22,559

I'm kind of like a shoestring

1564

01:02:28,190 --> 01:02:25,859

archaeologist in my own way you know

1565

01:02:30,170 --> 01:02:28,200

something that I just do and yeah

1566

01:02:32,150 --> 01:02:30,180

they're all over the world yeah it's

1567

01:02:34,549 --> 01:02:32,160

pretty amazing and it's all in the same

1568

01:02:38,569 --> 01:02:34,559

33rd parallel thing you know it's it's

1569

01:02:38,579 --> 01:02:41,329

foreign

1570

01:02:46,130 --> 01:02:44,150

that whole incident just um

1571

01:02:48,349 --> 01:02:46,140

it never goes away

1572

01:02:50,089 --> 01:02:48,359

and it's a

1573

01:02:51,470 --> 01:02:50,099

it's always there

1574

01:02:54,829 --> 01:02:51,480

the other thing that Michael Johnson

1575

01:03:00,829 --> 01:02:57,829

this just blows me away

1576

01:03:03,010 --> 01:03:00,839

he goes I saw one a year ago I saw your

1577

01:03:06,530 --> 01:03:03,020

glove on the floor

1578

01:03:08,450 --> 01:03:06,540

and uh you know I at that particular

1579

01:03:10,730 --> 01:03:08,460

point you know my ditty bag was you know

1580

01:03:12,710 --> 01:03:10,740

it's a it's a ready bag it's really

1581

01:03:14,809 --> 01:03:12,720

large you can put anything on that thing

1582

01:03:16,730 --> 01:03:14,819

you could carry 300 pounds in it if you

1583

01:03:19,190 --> 01:03:16,740

want to so it's got all of our cold

1584

01:03:22,010 --> 01:03:19,200

weather gear in it our underwear our

1585

01:03:23,870 --> 01:03:22,020

our our all of our toiletries you just

1586

01:03:25,250 --> 01:03:23,880

carry everything you have to have for

1587

01:03:26,930 --> 01:03:25,260

these three days out in the field you

1588

01:03:29,030 --> 01:03:26,940

literally live out of that bag all your

1589

01:03:31,190 --> 01:03:29,040

clothes everything

1590

01:03:33,170 --> 01:03:31,200

and uh

1591

01:03:36,069 --> 01:03:33,180

he goes I saw one of your one of your

1592

01:03:38,870 --> 01:03:36,079

gloves meaning my mittens on the floor

1593

01:03:41,690 --> 01:03:38,880

and I said what floor what floor Michael

1594

01:03:46,370 --> 01:03:41,700

here in my bag he goes no on a shiny

1595

01:03:51,349 --> 01:03:49,789

I said really he said yeah I said wait a

1596

01:03:53,390 --> 01:03:51,359

minute so I ran in my bedroom and I

1597

01:03:56,150 --> 01:03:53,400

grabbed that ditty bag which the only

1598

01:03:57,589 --> 01:03:56,160

thing it was minus was dirty clothes and

1599

01:03:59,450 --> 01:03:57,599

I brought it out on the couch or he was

1600

01:04:03,890 --> 01:03:59,460

sitting and I just opened it up and I

1601
01:04:09,170 --> 01:04:06,289
all my items were there and accounted

1602
01:04:10,789 --> 01:04:09,180
for except my right hand glove

1603
01:04:12,829 --> 01:04:10,799
it was gone

1604
01:04:14,990 --> 01:04:12,839
and I did he see that on the floor

1605
01:04:17,270 --> 01:04:15,000
because I don't know where it went and a

1606
01:04:19,430 --> 01:04:17,280
pilot a B-52 bomber pilot gave me those

1607
01:04:21,230 --> 01:04:19,440
gloves and they were kind of cherished

1608
01:04:23,630 --> 01:04:21,240
items to me when I first got there that

1609
01:04:24,410 --> 01:04:23,640
they were cool mittens you know I mean

1610
01:04:28,490 --> 01:04:24,420
they

1611
01:04:31,490 --> 01:04:28,500
special gloves

1612
01:04:33,230 --> 01:04:31,500
and uh that just shocked me that that

1613
01:04:35,150 --> 01:04:33,240

glove was gone but yet he remembered

1614

01:04:37,250 --> 01:04:35,160

seeing it on a shiny floor

1615

01:04:38,750 --> 01:04:37,260

so I was thinking it could be a craft

1616

01:04:42,109 --> 01:04:38,760

possibly

1617

01:04:44,569 --> 01:04:42,119

well or something like that it was left

1618

01:04:46,430 --> 01:04:44,579

on the floor and it had a fur back and

1619

01:04:48,470 --> 01:04:46,440

it was like yellow kangaroo skin on the

1620

01:04:50,030 --> 01:04:48,480

three on the three finger side

1621

01:04:51,770 --> 01:04:50,040

I think this finger's free for the

1622

01:04:54,109 --> 01:04:51,780

operation of your weapon and you open

1623

01:04:55,789 --> 01:04:54,119

your trigger guard on your weapon so you

1624

01:04:57,890 --> 01:04:55,799

can use your one finger and they come up

1625

01:05:00,530 --> 01:04:57,900

they come up to about right here and

1626

01:05:02,569 --> 01:05:00,540

they fasten into onto your parka you

1627

01:05:05,329 --> 01:05:02,579

know so they're you know you get 50

1628

01:05:08,690 --> 01:05:05,339

below zero you need something you've got

1629

01:05:11,210 --> 01:05:08,700

to have them you know yeah so

1630

01:05:12,950 --> 01:05:11,220

that really set me back when he told me

1631

01:05:14,210 --> 01:05:12,960

that and then we did that Discovery

1632

01:05:16,609 --> 01:05:14,220

together

1633

01:05:17,390 --> 01:05:16,619

and so I got his information where he

1634

01:05:20,750 --> 01:05:17,400

lived

1635

01:05:22,190 --> 01:05:20,760

uh his parents home and that's he said

1636

01:05:24,470 --> 01:05:22,200

Chicago Illinois

1637

01:05:26,690 --> 01:05:24,480

and I had it in my Bible of course I you

1638

01:05:29,270 --> 01:05:26,700

know I went overseas not long after that

1639

01:05:31,490 --> 01:05:29,280

everything kind of changed concerning

1640

01:05:33,230 --> 01:05:31,500

the Air Force after that for me

1641

01:05:35,809 --> 01:05:33,240

um

1642

01:05:37,849 --> 01:05:35,819

meaning eight months later I was uh I

1643

01:05:40,130 --> 01:05:37,859

got an assignment goes on everybody's

1644

01:05:42,530 --> 01:05:40,140

career I was sent remote

1645

01:05:44,990 --> 01:05:42,540

and I could have selected a two-year

1646

01:05:47,329 --> 01:05:45,000

tour which I tried to and I could have

1647

01:05:48,770 --> 01:05:47,339

taken her with me but um that wasn't my

1648

01:05:50,150 --> 01:05:48,780

commander Colonel sprecker said no you

1649

01:05:51,530 --> 01:05:50,160

can't do that you're going you got to go

1650

01:05:53,870 --> 01:05:51,540

remote

1651
01:05:56,210 --> 01:05:53,880
which means by yourself so

1652
01:05:57,829 --> 01:05:56,220
that's what I did

1653
01:05:59,690 --> 01:05:57,839
and um

1654
01:06:01,609 --> 01:05:59,700
much was okay it was all right supposed

1655
01:06:03,109 --> 01:06:01,619
to be

1656
01:06:05,750 --> 01:06:03,119
um

1657
01:06:09,170 --> 01:06:05,760
and uh just everything changed it really

1658
01:06:12,950 --> 01:06:09,180
did everything so was that a lot of this

1659
01:06:15,950 --> 01:06:12,960
change happened because of this incident

1660
01:06:17,630 --> 01:06:15,960
and I did have an inside I did have a

1661
01:06:20,349 --> 01:06:17,640
you remember when that movie Close

1662
01:06:22,789 --> 01:06:20,359
Encounters of the Third yeah

1663
01:06:25,069 --> 01:06:22,799

well I've been hearing about it and it

1664

01:06:26,270 --> 01:06:25,079

came out in 77 I don't know the exact

1665

01:06:29,750 --> 01:06:26,280

time but

1666

01:06:31,549 --> 01:06:29,760

anyway I went there and we went together

1667

01:06:35,569 --> 01:06:31,559

and um

1668

01:06:37,370 --> 01:06:35,579

that part where uh uh Roy neri's at the

1669

01:06:39,289 --> 01:06:37,380

mailbox scene after these objects are

1670

01:06:42,770 --> 01:06:39,299

have been seen in the atmosphere you

1671

01:06:44,450 --> 01:06:42,780

know light powers out and all this stuff

1672

01:06:45,829 --> 01:06:44,460

he's sitting by the mailbox and he's got

1673

01:06:47,150 --> 01:06:45,839

that flashlight in his mouth and he's

1674

01:06:49,490 --> 01:06:47,160

looking at a map

1675

01:06:50,569 --> 01:06:49,500

and it still shakes me up today if I see

1676

01:06:53,329 --> 01:06:50,579

that but

1677

01:06:55,130 --> 01:06:53,339

uh

1678

01:06:58,490 --> 01:06:55,140

that light appears in his rear window

1679

01:07:00,950 --> 01:06:58,500

and it gets extremely bright

1680

01:07:04,849 --> 01:07:00,960

as it did that night for us

1681

01:07:07,849 --> 01:07:06,470

it looks as if the atmosphere is being

1682

01:07:09,349 --> 01:07:07,859

pulled out of that truck but something

1683

01:07:11,450 --> 01:07:09,359

else is happening to him and I don't

1684

01:07:13,670 --> 01:07:11,460

know why like he's being maybe shocked

1685

01:07:14,990 --> 01:07:13,680

mildly or something I mean just the

1686

01:07:16,609 --> 01:07:15,000

expressions of an actor of what he's

1687

01:07:19,849 --> 01:07:16,619

doing I mean he just there was

1688

01:07:22,190 --> 01:07:19,859

similarities there I felt and mailbox is

1689

01:07:23,510 --> 01:07:22,200

shaking I never saw that but you know or

1690

01:07:25,730 --> 01:07:23,520

anything like that but just the the

1691

01:07:28,250 --> 01:07:25,740

incident itself there was some similar

1692

01:07:30,170 --> 01:07:28,260

stuff to it and it upset me so much in

1693

01:07:33,170 --> 01:07:30,180

the theater I didn't see the Indian of

1694

01:07:34,870 --> 01:07:33,180

it I got up and left because I just said

1695

01:07:37,849 --> 01:07:34,880

and I didn't see it to a later time

1696

01:07:39,710 --> 01:07:37,859

because of that and then of course I was

1697

01:07:41,870 --> 01:07:39,720

asked Well why'd you get up so upset and

1698

01:07:43,010 --> 01:07:41,880

I I just I really didn't want to go into

1699

01:07:45,829 --> 01:07:43,020

that with her

1700

01:07:48,430 --> 01:07:45,839

so but I it was it was maybe a year

1701

01:07:51,410 --> 01:07:48,440

later when I finally saw it

1702

01:07:52,490 --> 01:07:51,420

maybe I think I was in Tampa Florida or

1703

01:07:54,589 --> 01:07:52,500

something I don't even I don't even know

1704

01:07:56,270 --> 01:07:54,599

at that time at that point but well

1705

01:07:58,549 --> 01:07:56,280

Spielberg certainly did a lot of

1706

01:08:01,609 --> 01:07:58,559

research and talked to a lot of you know

1707

01:08:03,470 --> 01:08:01,619

UFO researchers about encounters and so

1708

01:08:05,930 --> 01:08:03,480

we had a lot of things you know that

1709

01:08:08,930 --> 01:08:05,940

were pretty uh I would do I want to say

1710

01:08:10,430 --> 01:08:08,940

accurate but uh a lot of things that

1711

01:08:13,970 --> 01:08:10,440

were accurate to what people have

1712

01:08:16,189 --> 01:08:13,980

discussed over the years right so yeah I

1713

01:08:18,590 --> 01:08:16,199

mean I can see why I would make

1714

01:08:22,249 --> 01:08:18,600

um you know that impact

1715

01:08:24,950 --> 01:08:22,259

um so it was really something how he uh

1716

01:08:27,470 --> 01:08:24,960

how he centered on Devil's Tower the

1717

01:08:28,970 --> 01:08:27,480

shape of Devil's Tower which could be a

1718

01:08:30,709 --> 01:08:28,980

pyramid I don't know if that's

1719

01:08:32,990 --> 01:08:30,719

similarities there but

1720

01:08:34,970 --> 01:08:33,000

I'm telling you that that pyramid thing

1721

01:08:37,610 --> 01:08:34,980

burned into my mind for some reason I

1722

01:08:40,010 --> 01:08:37,620

have no idea why or what but

1723

01:08:42,410 --> 01:08:40,020

that's never gone away well you never

1724

01:08:44,510 --> 01:08:42,420

know you may be on to something you

1725

01:08:46,490 --> 01:08:44,520

never know uh so I'm going to pop up a

1726

01:08:48,410 --> 01:08:46,500

couple of questions here do you think it

1727

01:08:50,470 --> 01:08:48,420

was a my lab military abduction or

1728

01:08:59,689 --> 01:08:50,480

extraterrestrial

1729

01:09:02,689 --> 01:08:59,699

uh yeah I mean by the discussion of the

1730

01:09:04,970 --> 01:09:02,699

what you saw as far as the creatures go

1731

01:09:07,669 --> 01:09:04,980

it certainly wouldn't be

1732

01:09:09,349 --> 01:09:07,679

anything would you say that drawing on

1733

01:09:11,689 --> 01:09:09,359

pop putting that up and it'll be in the

1734

01:09:13,070 --> 01:09:11,699

show Notes too uh the drawing that you

1735

01:09:15,709 --> 01:09:13,080

did would you say that was pretty

1736

01:09:18,349 --> 01:09:15,719

accurate for like the eyes and and uh

1737

01:09:20,329 --> 01:09:18,359

yeah yeah the heads are a little bit not

1738

01:09:23,209 --> 01:09:20,339

quite shaped like that I mean I'm not a

1739

01:09:26,030 --> 01:09:23,219

good artist and uh and were they flesh

1740

01:09:27,769 --> 01:09:26,040

tone that from what you can remember uh

1741

01:09:30,169 --> 01:09:27,779

no they were more bluish than they

1742

01:09:32,990 --> 01:09:30,179

looking back they had that they had that

1743

01:09:35,030 --> 01:09:33,000

night gray blue tint to them if that's

1744

01:09:36,050 --> 01:09:35,040

the proper word I tried to capture it

1745

01:09:38,930 --> 01:09:36,060

there but

1746

01:09:40,490 --> 01:09:38,940

this is not quite what I wanted either

1747

01:09:42,769 --> 01:09:40,500

and they were wearing some type of

1748

01:09:45,829 --> 01:09:42,779

uniform or something to look like yes

1749

01:09:48,950 --> 01:09:45,839

yeah yeah I never understand why I see

1750

01:09:51,349 --> 01:09:48,960

people I see pictures or

1751

01:09:53,570 --> 01:09:51,359

drawings and these and these beings have

1752

01:09:56,689 --> 01:09:53,580

no clothes on what what is that who

1753

01:10:00,530 --> 01:09:56,699

comes up with that I don't get that

1754

01:10:02,990 --> 01:10:00,540

yeah well they travel next they travel a

1755

01:10:04,550 --> 01:10:03,000

craft Across the Universe through a

1756

01:10:08,270 --> 01:10:04,560

wormhole or whatever and they come here

1757

01:10:11,330 --> 01:10:08,280

naked are you kidding me no I'm sorry

1758

01:10:13,010 --> 01:10:11,340

anyway and and how did your uh someone

1759

01:10:15,290 --> 01:10:13,020

posted a question here but I'm not going

1760

01:10:17,150 --> 01:10:15,300

to put it up because of some of the

1761

01:10:19,189 --> 01:10:17,160

question is a little bit sensitive but

1762

01:10:22,550 --> 01:10:19,199

another part of it is

1763

01:10:24,770 --> 01:10:22,560

um how did your spouse uh react to

1764

01:10:27,590 --> 01:10:24,780

disclosing this

1765

01:10:30,709 --> 01:10:27,600

incident

1766

01:10:32,450 --> 01:10:30,719

I don't think she believed me uh I

1767

01:10:37,430 --> 01:10:32,460

really don't I don't know if she ever

1768

01:10:41,810 --> 01:10:39,950

uh let's see here's another question

1769

01:10:43,430 --> 01:10:41,820

here do you know if these facilities

1770

01:10:45,550 --> 01:10:43,440

would have been equipped with closed

1771

01:10:48,290 --> 01:10:45,560

circuit cameras back in

1772

01:10:51,350 --> 01:10:48,300

1977. uh no they were not they were not

1773

01:10:53,209 --> 01:10:51,360

not a launch facility perhaps um

1774

01:10:56,570 --> 01:10:53,219

Cheyenne Mountain and some of those

1775

01:10:58,850 --> 01:10:56,580

places were but not a launch facility I

1776

01:11:01,570 --> 01:10:58,860

mean there were 150 of them 150

1777

01:11:04,310 --> 01:11:01,580

Minuteman missile sites just at um

1778

01:11:07,669 --> 01:11:04,320

Ellsworth alone

1779

01:11:10,370 --> 01:11:07,679

um and these were remote sites uh they

1780

01:11:13,310 --> 01:11:10,380

had the power to do that but with the

1781

01:11:14,870 --> 01:11:13,320

arrays of alarms and sensors and so

1782

01:11:16,550 --> 01:11:14,880

forth that were these sites were

1783

01:11:19,189 --> 01:11:16,560

equipped but they never they didn't do

1784

01:11:20,330 --> 01:11:19,199

that I don't have the capability to be

1785

01:11:21,610 --> 01:11:20,340

honest with you

1786

01:11:24,590 --> 01:11:21,620

yeah yeah

1787

01:11:26,750 --> 01:11:24,600

it spread out so many miles I think this

1788

01:11:28,850 --> 01:11:26,760

is a good question from Greg Gardner do

1789

01:11:32,649 --> 01:11:28,860

you feel it's been therapeutic talking

1790

01:11:40,669 --> 01:11:36,169

you know a lot of times it affects me in

1791

01:11:41,810 --> 01:11:40,679

different ways uh it's all to me it's

1792

01:11:46,130 --> 01:11:41,820

how much

1793

01:11:52,450 --> 01:11:49,310

for instance going to November 5 with

1794

01:11:54,830 --> 01:11:52,460

Discovery plus I just about passed out

1795

01:11:57,290 --> 01:11:54,840

standing in front of that site and I and

1796

01:11:59,570 --> 01:11:57,300

and really the show The Producers didn't

1797

01:12:01,669 --> 01:11:59,580

want to get on the site or in front of

1798

01:12:03,530 --> 01:12:01,679

the site because there's a cattle

1799

01:12:05,149 --> 01:12:03,540

processing facility on it now just a

1800

01:12:05,990 --> 01:12:05,159

just a metal building but it's nice

1801
01:12:07,910 --> 01:12:06,000
looking

1802
01:12:09,770 --> 01:12:07,920
you know the ranchers took over these

1803
01:12:12,890 --> 01:12:09,780
these these properties where these

1804
01:12:15,110 --> 01:12:12,900
facilities were uh decommissioned and

1805
01:12:18,709 --> 01:12:15,120
they were built so well that they

1806
01:12:20,209 --> 01:12:18,719
the the rock that they used on the

1807
01:12:22,970 --> 01:12:20,219
facilities and the fencing are still

1808
01:12:25,250 --> 01:12:22,980
there so they they put their feed and

1809
01:12:27,770 --> 01:12:25,260
all kind of stuff there and and it keeps

1810
01:12:29,570 --> 01:12:27,780
it dry but standing in that missile site

1811
01:12:31,550 --> 01:12:29,580
that I mean I felt as if they were going

1812
01:12:33,950 --> 01:12:31,560
to pop out of the sky right in front of

1813
01:12:35,810 --> 01:12:33,960

me for some reason I mean really it it

1814

01:12:38,330 --> 01:12:35,820

took me

1815

01:12:41,030 --> 01:12:38,340

quite a while to gather my thoughts and

1816

01:12:44,709 --> 01:12:41,040

my feelings and control my emotions to

1817

01:12:47,510 --> 01:12:44,719

stand on that very spot where I hmm

1818

01:12:49,070 --> 01:12:47,520

pulled myself up on the truck on that

1819

01:12:51,830 --> 01:12:49,080

windowsill of that truck

1820

01:12:52,729 --> 01:12:51,840

did you ever feel like going uh back

1821

01:12:55,430 --> 01:12:52,739

there

1822

01:12:57,050 --> 01:12:55,440

to check it out while you were on the on

1823

01:12:59,810 --> 01:12:57,060

the base

1824

01:13:01,970 --> 01:12:59,820

afterwards I did

1825

01:13:04,010 --> 01:13:01,980

you go there did you go there or did you

1826

01:13:05,990 --> 01:13:04,020

think about it no I went by I went by

1827

01:13:07,610 --> 01:13:06,000

there several times but that Amber went

1828

01:13:09,350 --> 01:13:07,620

back to November one they sent me to

1829

01:13:11,390 --> 01:13:09,360

kilo control which was the command

1830

01:13:13,250 --> 01:13:11,400

center for the 68th area

1831

01:13:15,830 --> 01:13:13,260

so I was with the supervisor and

1832

01:13:17,270 --> 01:13:15,840

assistant and and flight a flight Chief

1833

01:13:20,950 --> 01:13:17,280

and assistant flight Chief at all times

1834

01:13:25,970 --> 01:13:23,330

and that's kind of bothered me you know

1835

01:13:27,950 --> 01:13:25,980

I thought well sure you know I felt I

1836

01:13:30,590 --> 01:13:27,960

was being I was really being checked at

1837

01:13:32,090 --> 01:13:30,600

all points for everything and there was

1838

01:13:34,850 --> 01:13:32,100

an investigator out there from Denver

1839

01:13:37,490 --> 01:13:34,860

she was investigating Academy relations

1840

01:13:40,070 --> 01:13:37,500

Linda Moulton house oh yeah and I'd seen

1841

01:13:41,810 --> 01:13:40,080

her on the news several times now my

1842

01:13:43,970 --> 01:13:41,820

partner and I was a guy named Mark Wade

1843

01:13:45,530 --> 01:13:43,980

I worked with and uh we had the same

1844

01:13:46,850 --> 01:13:45,540

initials and he was a great guy and I

1845

01:13:48,229 --> 01:13:46,860

talked to him several times since then

1846

01:13:51,830 --> 01:13:48,239

but I don't have contact with him any

1847

01:13:54,649 --> 01:13:51,840

longer and we witnessed Academy Elation

1848

01:13:58,250 --> 01:13:54,659

um I think it was one of the kilo sites

1849

01:14:00,649 --> 01:13:58,260

and uh it was about a mile from the site

1850

01:14:02,209 --> 01:14:00,659

itself where we had been camping we had

1851

01:14:03,950 --> 01:14:02,219

to camp on the site one night waiting

1852

01:14:05,750 --> 01:14:03,960

for a maintenance team the next day

1853

01:14:07,430 --> 01:14:05,760

and um because that's what happened they

1854

01:14:09,649 --> 01:14:07,440

couldn't reset an alarm you stayed there

1855

01:14:10,970 --> 01:14:09,659

until a maintenance team came out and a

1856

01:14:12,290 --> 01:14:10,980

camper alert team would come out and

1857

01:14:14,030 --> 01:14:12,300

relieve you and you go back to your

1858

01:14:15,470 --> 01:14:14,040

launch control facility

1859

01:14:17,149 --> 01:14:15,480

and uh

1860

01:14:20,570 --> 01:14:17,159

anyway they were there were two dead

1861

01:14:23,570 --> 01:14:20,580

cattle and when we went back by there

1862

01:14:25,790 --> 01:14:23,580

we didn't see anything but we went past

1863

01:14:27,590 --> 01:14:25,800

the site past the corner area where this

1864

01:14:29,090 --> 01:14:27,600

Corral was

1865

01:14:31,729 --> 01:14:29,100

there are a bunch of Law Enforcement

1866

01:14:33,709 --> 01:14:31,739

Officers some uh maybe some fire fire

1867

01:14:34,669 --> 01:14:33,719

prevention Personnel or Volunteer Fire

1868

01:14:37,430 --> 01:14:34,679

Department

1869

01:14:38,990 --> 01:14:37,440

and um in law enforcement and they were

1870

01:14:40,310 --> 01:14:39,000

all in a couple of veterinarians they

1871

01:14:42,830 --> 01:14:40,320

were they were looking at these cattle

1872

01:14:44,270 --> 01:14:42,840

that had been mutilated and it was

1873

01:14:45,410 --> 01:14:44,280

really strange we got out and looked at

1874

01:14:47,030 --> 01:14:45,420

them and they asked if we saw anything

1875

01:14:48,530 --> 01:14:47,040

because we told them we were we were on

1876

01:14:50,270 --> 01:14:48,540

that missile site all night long and

1877

01:14:52,630 --> 01:14:50,280

they and we told them we didn't see

1878

01:14:58,250 --> 01:14:55,189

interesting anyway she was out there and

1879

01:15:00,050 --> 01:14:58,260

we were told it's funny how I guess

1880

01:15:02,750 --> 01:15:00,060

these Base information officers they

1881

01:15:05,390 --> 01:15:02,760

pick up on things like this

1882

01:15:08,510 --> 01:15:05,400

and they put out they put out these

1883

01:15:10,669 --> 01:15:08,520

these memorandums or whatever you you we

1884

01:15:12,410 --> 01:15:10,679

were they were they're ready guard mount

1885

01:15:14,510 --> 01:15:12,420

to us any of these briefings and so

1886

01:15:15,950 --> 01:15:14,520

forth before we dispatch into the field

1887

01:15:18,110 --> 01:15:15,960

as a flight

1888

01:15:20,870 --> 01:15:18,120

and they say you know if anybody

1889

01:15:22,250 --> 01:15:20,880

you know these things were going on UFO

1890

01:15:23,810 --> 01:15:22,260

sightings were happening all the way

1891

01:15:25,490 --> 01:15:23,820

down under the Badlands they were

1892

01:15:26,810 --> 01:15:25,500

happening at Minot they were happening

1893

01:15:29,590 --> 01:15:26,820

at Maelstrom they were happening

1894

01:15:32,510 --> 01:15:29,600

Cheyenne or Fe Warren

1895

01:15:35,090 --> 01:15:32,520

you're not to you're not to engage any

1896

01:15:37,430 --> 01:15:35,100

media Personnel or anybody like that who

1897

01:15:39,229 --> 01:15:37,440

was that it was a newspaper from New

1898

01:15:40,910 --> 01:15:39,239

York um

1899

01:15:49,370 --> 01:15:40,920

uh

1900

01:15:51,790 --> 01:15:49,380

I don't know if it was that or or one

1901

01:15:53,930 --> 01:15:51,800

that writes up all kind of

1902

01:15:54,890 --> 01:15:53,940

felonious things about people I don't

1903

01:15:57,229 --> 01:15:54,900

know

1904

01:15:59,330 --> 01:15:57,239

anyway uh you're not to talk to any

1905

01:16:01,370 --> 01:15:59,340

reporters TV reporters looking at any

1906

01:16:03,290 --> 01:16:01,380

cattle or any sightings or anything like

1907

01:16:07,810 --> 01:16:03,300

that to anyone you're first I'll refer

1908

01:16:10,090 --> 01:16:07,820

them all to the base information officer

1909

01:16:13,189 --> 01:16:10,100

report it to us

1910

01:16:15,830 --> 01:16:13,199

so it was well known it was it was going

1911

01:16:18,050 --> 01:16:15,840

on and and continued to go on and of

1912

01:16:19,910 --> 01:16:18,060

course I was circumvented by only

1913

01:16:23,510 --> 01:16:19,920

staying another eight or nine months and

1914

01:16:25,610 --> 01:16:23,520

then uh left for overseas base

1915

01:16:28,010 --> 01:16:25,620

and she did I think Ellsworth was

1916

01:16:29,770 --> 01:16:28,020

decommissioned and it was at 81 I can't

1917

01:16:32,990 --> 01:16:29,780

remember now I don't know

1918

01:16:35,090 --> 01:16:33,000

all the missiles uh not the base was was

1919

01:16:37,550 --> 01:16:35,100

not decommissioned just the just the

1920

01:16:38,689 --> 01:16:37,560

missile Wing was so all those mental

1921

01:16:40,610 --> 01:16:38,699

sites and all those launch control

1922

01:16:43,189 --> 01:16:40,620

facilities are still there they're just

1923

01:16:46,850 --> 01:16:43,199

decommissioned yeah there's no weapon

1924

01:16:48,410 --> 01:16:46,860

inside I'm sure right right yeah so that

1925

01:16:50,810 --> 01:16:48,420

night that particular night this

1926

01:16:52,490 --> 01:16:50,820

incident happened

1927

01:16:55,270 --> 01:16:52,500

um it was uh it was an alarm that

1928

01:16:57,890 --> 01:16:55,280

something had breached the perimeter

1929

01:16:59,930 --> 01:16:57,900

inner and outer inner and outer

1930

01:17:03,290 --> 01:16:59,940

perimeter which was the antenna array

1931

01:17:06,050 --> 01:17:03,300

and a and another underground uh alarm

1932

01:17:08,630 --> 01:17:06,060

which which uh designated a situation

1933

01:17:10,669 --> 01:17:08,640

four which meant something not only

1934

01:17:12,530 --> 01:17:10,679

penetrated the alarm array above ground

1935

01:17:16,130 --> 01:17:12,540

but something penetrated sensors under

1936

01:17:17,689 --> 01:17:16,140

the ground Chase so you all of a sudden

1937

01:17:20,149 --> 01:17:17,699

you and

1938

01:17:24,110 --> 01:17:20,159

um Michael Is It Michael all of a sudden

1939

01:17:25,910 --> 01:17:24,120

just disappear from there yeah what did

1940

01:17:28,310 --> 01:17:25,920

they do what is what do they do back at

1941

01:17:31,430 --> 01:17:28,320

the base I mean they got to cover this

1942

01:17:33,350 --> 01:17:31,440

situation right they have to report uh

1943

01:17:35,930 --> 01:17:33,360

what's happening so what happened after

1944

01:17:38,390 --> 01:17:35,940

that after you were missing

1945

01:17:39,890 --> 01:17:38,400

well I really don't know well I mean we

1946

01:17:42,590 --> 01:17:39,900

were completely out of pocket for the

1947

01:17:45,350 --> 01:17:42,600

next five hours and so they had to send

1948

01:17:47,630 --> 01:17:45,360

a backup alert team to that site to see

1949

01:17:50,270 --> 01:17:47,640

what happened they had to send people

1950

01:17:52,490 --> 01:17:50,280

looking for us now one of the most

1951

01:17:55,610 --> 01:17:52,500

fascinating things is that during the

1952

01:17:57,770 --> 01:17:55,620

discovery plus uh

1953

01:18:00,050 --> 01:17:57,780

Journey out there

1954

01:18:02,209 --> 01:18:00,060

a bunch of people came out on the Ormond

1955

01:18:03,350 --> 01:18:02,219

Road it looked like an interstate on a

1956

01:18:04,669 --> 01:18:03,360

dirt road while we were out there

1957

01:18:06,590 --> 01:18:04,679

filming they didn't know what was going

1958

01:18:08,570 --> 01:18:06,600

on and of course they had questions and

1959

01:18:11,450 --> 01:18:08,580

some people were talking you know from

1960

01:18:13,790 --> 01:18:11,460

the filming people and uh but two guys

1961

01:18:16,370 --> 01:18:13,800

kind of hung behind one was on a

1962

01:18:18,950 --> 01:18:16,380

four-wheeler and the other was in a

1963

01:18:19,910 --> 01:18:18,960

enclosed like Rhino or something like

1964

01:18:26,750 --> 01:18:19,920

that

1965

01:18:29,030 --> 01:18:26,760

Rhino he owned like 20 20 30 000 Acres

1966

01:18:30,709 --> 01:18:29,040

back there Court back toward bear or no

1967

01:18:31,970 --> 01:18:30,719

toward Castle Rock which is a little bit

1968

01:18:34,970 --> 01:18:31,980

further north

1969

01:18:37,970 --> 01:18:34,980

and then the guy that was um on a

1970

01:18:39,830 --> 01:18:37,980

regular four-wheeler uh he owned a bunch

1971

01:18:43,750 --> 01:18:39,840

of property and he was from Newell now

1972

01:18:47,870 --> 01:18:43,760

he was a deputy sheriff he was probably

1973

01:18:49,970 --> 01:18:47,880

66 67 my age but he was a deputy sheriff

1974

01:18:53,090 --> 01:18:49,980

a young deputy sheriff in Sturgis South

1975

01:18:55,130 --> 01:18:53,100

Dakota which is about 29 miles south of

1976

01:18:57,709 --> 01:18:55,140

Newell South Dakota

1977

01:18:59,649 --> 01:18:57,719

so what he told us was that Wing

1978

01:19:02,090 --> 01:18:59,659

security control

1979

01:19:06,229 --> 01:19:02,100

contacted state

1980

01:19:08,390 --> 01:19:06,239

officials in Sturgis and Newell to

1981

01:19:11,270 --> 01:19:08,400

search for us we never I never knew any

1982

01:19:14,209 --> 01:19:11,280

of this and then this fellow was in the

1983

01:19:16,550 --> 01:19:14,219

enclosed Rhino he he said that his

1984

01:19:19,250 --> 01:19:16,560

father was a State Trooper at the time

1985

01:19:20,750 --> 01:19:19,260

and he remembers the call that his

1986

01:19:23,990 --> 01:19:20,760

father got at two o'clock in the morning

1987

01:19:26,510 --> 01:19:24,000

to come search for us and his question

1988

01:19:29,450 --> 01:19:26,520

to whoever he was speaking with back at

1989

01:19:31,189 --> 01:19:29,460

Ellsworth then he overheard him he said

1990

01:19:33,169 --> 01:19:31,199

well why am I going to go look for them

1991

01:19:35,950 --> 01:19:33,179

they're equipped better than I am to

1992

01:19:38,390 --> 01:19:35,960

handle any situation which we were

1993

01:19:41,030 --> 01:19:38,400

so we had these other law enforcement

1994

01:19:43,850 --> 01:19:41,040

Personnel looking for us plus our own

1995

01:19:46,790 --> 01:19:43,860

backup alert teams and art armed

1996

01:19:48,890 --> 01:19:46,800

response teams looking for us so it was

1997

01:19:51,590 --> 01:19:48,900

three Security Police patrols that's

1998

01:19:53,450 --> 01:19:51,600

that's six security police officers and

1999

01:19:56,870 --> 01:19:53,460

at least two

2000

01:19:59,270 --> 01:19:56,880

uh Deputy sheriffs and a state patrolman

2001

01:20:02,510 --> 01:19:59,280

looking for us all at the same time

2002

01:20:05,390 --> 01:20:02,520

now the state trooper this guy told and

2003

01:20:06,649 --> 01:20:05,400

we've got his name and so forth he told

2004

01:20:10,910 --> 01:20:06,659

um

2005

01:20:12,050 --> 01:20:10,920

whoever is he reported to at Ellsworth

2006

01:20:14,030 --> 01:20:12,060

that he saw

2007

01:20:16,189 --> 01:20:14,040

some strange lights in the sky he didn't

2008

01:20:17,810 --> 01:20:16,199

expound on any of that and then that's

2009

01:20:19,550 --> 01:20:17,820

what this fellow told us that his father

2010

01:20:22,490 --> 01:20:19,560

saw some strange lies in this guy and he

2011

01:20:23,990 --> 01:20:22,500

reported it to the people at Ellsworth I

2012

01:20:26,810 --> 01:20:24,000

don't know if anything was ever on radar

2013

01:20:29,090 --> 01:20:26,820

I never was privy to any of that so I

2014

01:20:30,950 --> 01:20:29,100

really honestly don't know but I never

2015

01:20:33,770 --> 01:20:30,960

knew those people were looking for us

2016

01:20:36,470 --> 01:20:33,780

too until I went out there with

2017

01:20:39,229 --> 01:20:36,480

Discovery plus people uh why that's

2018

01:20:41,209 --> 01:20:39,239

something now I'm sure that they were on

2019

01:20:44,870 --> 01:20:41,219

the radio with you that entire time

2020

01:20:47,870 --> 01:20:44,880

trying to be and you were most likely

2021

01:20:50,810 --> 01:20:47,880

both unconscious or at least not

2022

01:20:53,330 --> 01:20:50,820

reactionary to what was going on

2023

01:20:54,950 --> 01:20:53,340

um so the the question here in chat it

2024

01:20:57,770 --> 01:20:54,960

I'm going to kind of expand on a little

2025

01:20:59,930 --> 01:20:57,780

bit they're asking if your clothing was

2026
01:21:01,610 --> 01:20:59,940
put on weird after the event and what

2027
01:21:02,830 --> 01:21:01,620
they're getting at was was there any

2028
01:21:05,050 --> 01:21:02,840
type of

2029
01:21:09,470 --> 01:21:05,060
signs of

2030
01:21:11,870 --> 01:21:09,480
disruption like you may have been taken

2031
01:21:14,750 --> 01:21:11,880
in any type of way

2032
01:21:17,450 --> 01:21:14,760
like clothing or anything else I know

2033
01:21:19,250 --> 01:21:17,460
you mentioned the glove but uh

2034
01:21:21,229 --> 01:21:19,260
but was there anything else that made

2035
01:21:22,669 --> 01:21:21,239
you suspicious when you thought about it

2036
01:21:25,610 --> 01:21:22,679
later

2037
01:21:28,010 --> 01:21:25,620
well I have two marks on my body

2038
01:21:30,950 --> 01:21:28,020

um both on the left side of my body

2039

01:21:33,110 --> 01:21:30,960

and um don't know where they came from I

2040

01:21:34,430 --> 01:21:33,120

never remember any injuries there or

2041

01:21:38,470 --> 01:21:34,440

anything like that

2042

01:21:40,970 --> 01:21:38,480

and uh one is under my left arm here

2043

01:21:43,970 --> 01:21:40,980

it's under here I've got pictures of it

2044

01:21:46,610 --> 01:21:43,980

close up it's a scoop Mark and then on

2045

01:21:49,070 --> 01:21:46,620

my inner left ankle in the same area

2046

01:21:52,790 --> 01:21:49,080

behind my ankle bone which have been

2047

01:21:55,610 --> 01:21:52,800

looked at and I I asked uh a few doctors

2048

01:21:59,350 --> 01:21:55,620

that I know and one that I go to had he

2049

01:22:02,630 --> 01:21:59,360

ever what would these be in a medical

2050

01:22:03,950 --> 01:22:02,640

emergency which I've never really had

2051

01:22:06,830 --> 01:22:03,960

um

2052

01:22:08,330 --> 01:22:06,840

I never had an emergency being in an

2053

01:22:09,950 --> 01:22:08,340

accident or car accident or something

2054

01:22:11,689 --> 01:22:09,960

like that where I was

2055

01:22:13,729 --> 01:22:11,699

transported by ambulance or anything

2056

01:22:15,530 --> 01:22:13,739

like that but um

2057

01:22:17,510 --> 01:22:15,540

he said there was no known medical

2058

01:22:20,689 --> 01:22:17,520

procedure that he could think of why

2059

01:22:22,790 --> 01:22:20,699

anyone or why these areas would be

2060

01:22:24,229 --> 01:22:22,800

penetrated with anything to either draw

2061

01:22:26,990 --> 01:22:24,239

blood or

2062

01:22:28,370 --> 01:22:27,000

or whatever they were meant to do he

2063

01:22:31,310 --> 01:22:28,380

said he that that made no sense

2064

01:22:33,470 --> 01:22:31,320

whatsoever but they're identical to each

2065

01:22:35,390 --> 01:22:33,480

other I mean in close-up photography

2066

01:22:37,550 --> 01:22:35,400

which we've done which is really I've

2067

01:22:41,090 --> 01:22:37,560

got pictures of it I can see uh that

2068

01:22:43,790 --> 01:22:41,100

right there right I just found this yeah

2069

01:22:46,430 --> 01:22:43,800

so that was uh the mark and when did how

2070

01:22:48,709 --> 01:22:46,440

soon afterwards did you discover this

2071

01:22:50,570 --> 01:22:48,719

I don't know maybe a year year and a

2072

01:22:52,250 --> 01:22:50,580

half I never I never knew it and then

2073

01:22:55,189 --> 01:22:52,260

the one on the inside of my ankle I I I

2074

01:22:57,290 --> 01:22:55,199

don't looks exactly like that it's crazy

2075

01:22:59,390 --> 01:22:57,300

yeah yeah

2076

01:23:01,070 --> 01:22:59,400

wow okay

2077

01:23:04,189 --> 01:23:01,080

um so if someone want to know here would

2078

01:23:05,870 --> 01:23:04,199

you be interested in hypnotherapy to

2079

01:23:08,330 --> 01:23:05,880

help remember the incident have you

2080

01:23:11,330 --> 01:23:08,340

thought about that regression I've done

2081

01:23:12,770 --> 01:23:11,340

that twice you have done it yeah and and

2082

01:23:15,530 --> 01:23:12,780

how did that go

2083

01:23:21,110 --> 01:23:15,540

uh well actually the first time

2084

01:23:23,050 --> 01:23:21,120

um a uh very credible mufon uh hypnotist

2085

01:23:28,250 --> 01:23:23,060

investigator

2086

01:23:31,510 --> 01:23:28,260

uh hypnotize me and um

2087

01:23:33,130 --> 01:23:31,520

uh I know during during the uh

2088

01:23:37,370 --> 01:23:33,140

hypnosis

2089

01:23:39,470 --> 01:23:37,380

I I really got uh kind of away from

2090

01:23:41,209 --> 01:23:39,480

myself or something I I don't know but I

2091

01:23:43,790 --> 01:23:41,219

remember several things that I'd never

2092

01:23:46,669 --> 01:23:43,800

seen before or knew before

2093

01:23:50,450 --> 01:23:46,679

and uh it put me in AFib

2094

01:23:53,390 --> 01:23:50,460

and oh my God yeah wow and I had to be I

2095

01:23:55,550 --> 01:23:53,400

had to go get the shocks and um and I

2096

01:23:57,590 --> 01:23:55,560

went in afib again a week later and it

2097

01:24:01,250 --> 01:23:57,600

was funny because

2098

01:24:07,490 --> 01:24:05,330

for about three weeks I was I I sleep in

2099

01:24:08,450 --> 01:24:07,500

this room because I work shift work and

2100

01:24:12,649 --> 01:24:08,460

uh

2101
01:24:14,870 --> 01:24:12,659
so I don't disturb anybody else and um

2102
01:24:17,810 --> 01:24:14,880
I just kept feeling like there was a

2103
01:24:20,149 --> 01:24:17,820
presence around me or something that I

2104
01:24:22,790 --> 01:24:20,159
felt back and I was back in November 5.

2105
01:24:26,709 --> 01:24:22,800
and um I really can't explain that but

2106
01:24:30,169 --> 01:24:26,719
I've had that several times but by my my

2107
01:24:32,450 --> 01:24:30,179
hours that I wake up at night are just

2108
01:24:37,070 --> 01:24:32,460
really really strange

2109
01:24:40,970 --> 01:24:37,080
so like 111 310 311 411

2110
01:24:44,030 --> 01:24:40,980
oh like consistently yes uh I've got a

2111
01:24:46,310 --> 01:24:44,040
dream log about four inches thick you

2112
01:24:49,130 --> 01:24:46,320
know I mean apocalyptic stuff you know

2113
01:24:51,950 --> 01:24:49,140

like tidal waves nuclear explosions uh

2114

01:24:54,229 --> 01:24:51,960

uh famine just really done you know not

2115

01:24:56,630 --> 01:24:54,239

fun stuff wake you up sweating you know

2116

01:24:59,450 --> 01:24:56,640

you think wow this can't happen you know

2117

01:25:01,729 --> 01:24:59,460

I don't know how to stop that well

2118

01:25:03,649 --> 01:25:01,739

here's kind of a question related have

2119

01:25:05,510 --> 01:25:03,659

you ever worked on dealing with the

2120

01:25:08,090 --> 01:25:05,520

resolving the trauma

2121

01:25:10,910 --> 01:25:08,100

because you deserve to uh well yeah I

2122

01:25:12,890 --> 01:25:10,920

mean that sounds like PTSD I don't I

2123

01:25:14,689 --> 01:25:12,900

don't know through counseling I guess

2124

01:25:16,430 --> 01:25:14,699

that's been mentioned to me several

2125

01:25:19,010 --> 01:25:16,440

times that I really don't know how to

2126
01:25:22,250 --> 01:25:19,020
follow up on that you know I associate

2127
01:25:24,050 --> 01:25:22,260
PTSD with a you know with a wartime act

2128
01:25:25,669 --> 01:25:24,060
or something that you see or feel I

2129
01:25:27,410 --> 01:25:25,679
guess you can get it at any time and

2130
01:25:30,470 --> 01:25:27,420
right this would have definitely been an

2131
01:25:34,330 --> 01:25:30,480
early onset of that uh because I'm

2132
01:25:37,610 --> 01:25:34,340
definitely a uh a guarded person and uh

2133
01:25:40,070 --> 01:25:37,620
you know in every way uh I just have to

2134
01:25:41,689 --> 01:25:40,080
be I mean really you I just have to be

2135
01:25:43,310 --> 01:25:41,699
and there's nothing the thing about it

2136
01:25:45,370 --> 01:25:43,320
there's nothing you can do to stop these

2137
01:25:47,870 --> 01:25:45,380
beings there's not one thing you can do

2138
01:25:49,729 --> 01:25:47,880

and you hope that if they ever show

2139

01:25:52,550 --> 01:25:49,739

themselves again

2140

01:25:54,950 --> 01:25:52,560

that you can withstand it that you can

2141

01:25:58,250 --> 01:25:54,960

look at them you know instead of

2142

01:25:59,930 --> 01:25:58,260

flipping out or losing your mind I guess

2143

01:26:02,030 --> 01:25:59,940

I don't know

2144

01:26:04,250 --> 01:26:02,040

yeah I don't like using the word I don't

2145

01:26:07,370 --> 01:26:04,260

know but in this case I really don't

2146

01:26:09,890 --> 01:26:07,380

know yeah well I can't I can't even

2147

01:26:12,950 --> 01:26:09,900

imagine uh what that what is that like

2148

01:26:15,649 --> 01:26:12,960

have you met other people that are

2149

01:26:18,229 --> 01:26:15,659

saying they're abductees or experiences

2150

01:26:20,510 --> 01:26:18,239

as they say I have and I've talked with

2151
01:26:22,550 --> 01:26:20,520
two of them and uh there's some pretty

2152
01:26:26,209 --> 01:26:22,560
credible people and they they've got a

2153
01:26:29,530 --> 01:26:26,219
lot of uh resume behind them in this in

2154
01:26:35,270 --> 01:26:32,290
and uh have you ever this is another

2155
01:26:36,290 --> 01:26:35,280
question from Electric jellyfish I like

2156
01:26:38,149 --> 01:26:36,300
that one

2157
01:26:40,129 --> 01:26:38,159
um have you ever thought of yeah have

2158
01:26:41,090 --> 01:26:40,139
you ever thought of writing a book yes I

2159
01:26:43,250 --> 01:26:41,100
have

2160
01:26:45,110 --> 01:26:43,260
got a friend that's been writing books

2161
01:26:47,990 --> 01:26:45,120
and he's he's really really good at it

2162
01:26:50,810 --> 01:26:48,000
and I'm gonna see if I can to have him

2163
01:26:52,550 --> 01:26:50,820

up for maybe showing me how or I mean

2164

01:26:54,590 --> 01:26:52,560

I've got enough notes probably to put

2165

01:26:56,090 --> 01:26:54,600

together for it because I I do take a

2166

01:26:58,550 --> 01:26:56,100

lot of notes and I do write a lot to

2167

01:27:02,090 --> 01:26:58,560

myself or like a journal kind of Entry

2168

01:27:04,310 --> 01:27:02,100

you know but um my sister said the same

2169

01:27:07,310 --> 01:27:04,320

thing she said I should write a book but

2170

01:27:09,169 --> 01:27:07,320

uh you know it seemed it seems like it

2171

01:27:10,490 --> 01:27:09,179

would be very interesting for a lot of

2172

01:27:13,010 --> 01:27:10,500

people

2173

01:27:15,050 --> 01:27:13,020

um do you know if there's another uh

2174

01:27:17,450 --> 01:27:15,060

question here do you know if the nearby

2175

01:27:19,129 --> 01:27:17,460

Air Base caught anything on radar did

2176

01:27:21,649 --> 01:27:19,139

anyone catch anything on radar when this

2177

01:27:23,390 --> 01:27:21,659

was happening that you're aware of uh

2178

01:27:26,090 --> 01:27:23,400

I'm not aware of it but you know Rapid

2179

01:27:28,550 --> 01:27:26,100

City Airport was actually closer than

2180

01:27:30,649 --> 01:27:28,560

Ellsworth Air Force Base

2181

01:27:33,050 --> 01:27:30,659

um so I I don't know if either either

2182

01:27:34,970 --> 01:27:33,060

did and I didn't even know to ask and I

2183

01:27:37,010 --> 01:27:34,980

was too afraid to ask to be honest with

2184

01:27:39,470 --> 01:27:37,020

you because you have to realize you know

2185

01:27:42,890 --> 01:27:39,480

it's a whole lot different for an Airman

2186

01:27:45,290 --> 01:27:42,900

or an NCO to have an incident

2187

01:27:47,990 --> 01:27:45,300

and to talk about it

2188

01:27:51,890 --> 01:27:48,000

versus an officer

2189

01:27:53,570 --> 01:27:51,900

and and meaning that an officer usually

2190

01:27:55,550 --> 01:27:53,580

has

2191

01:27:57,649 --> 01:27:55,560

uh

2192

01:27:58,610 --> 01:27:57,659

you know a different higher chain of

2193

01:28:01,610 --> 01:27:58,620

command

2194

01:28:03,290 --> 01:28:01,620

uh to discuss things with and you know

2195

01:28:04,910 --> 01:28:03,300

like a launch control officer sitting on

2196

01:28:07,129 --> 01:28:04,920

the ground when all his all 10 of his

2197

01:28:10,070 --> 01:28:07,139

missiles go offline

2198

01:28:12,950 --> 01:28:10,080

well it's not only known by him it's

2199

01:28:15,110 --> 01:28:12,960

known by everybody that monitors the

2200

01:28:17,570 --> 01:28:15,120

capability of our nuclear weapon Arsenal

2201

01:28:19,070 --> 01:28:17,580

I mean it's just not in combine it's

2202

01:28:23,090 --> 01:28:19,080

just not confined to them everybody

2203

01:28:24,350 --> 01:28:23,100

knows about it you know yeah and uh so

2204

01:28:26,270 --> 01:28:24,360

everything you know everything

2205

01:28:27,770 --> 01:28:26,280

transpires from that many reports are

2206

01:28:29,750 --> 01:28:27,780

generated just from that one incident

2207

01:28:31,870 --> 01:28:29,760

there but for something like what

2208

01:28:36,070 --> 01:28:31,880

happened to us

2209

01:28:38,930 --> 01:28:36,080

I I think that they really honestly

2210

01:28:40,729 --> 01:28:38,940

don't know how to approach it and don't

2211

01:28:43,550 --> 01:28:40,739

want to acknowledge it and say it never

2212

01:28:45,830 --> 01:28:43,560

happened or it can happen or we don't

2213

01:28:47,930 --> 01:28:45,840

understand it so it can't happen so

2214

01:28:49,729 --> 01:28:47,940

don't talk about it or you will be in

2215

01:28:51,350 --> 01:28:49,739

trouble you're still going overseas no

2216

01:28:53,030 --> 01:28:51,360

matter what you do

2217

01:28:54,770 --> 01:28:53,040

and that that's just the way it that's

2218

01:28:58,070 --> 01:28:54,780

the way it just pans out unfortunately

2219

01:29:01,010 --> 01:28:58,080

it all rolls downhill right right and

2220

01:29:03,229 --> 01:29:01,020

now this as of this year with the new

2221

01:29:04,930 --> 01:29:03,239

bill that was signed

2222

01:29:08,209 --> 01:29:04,940

um there's going to be an investigation

2223

01:29:09,189 --> 01:29:08,219

of these type of situations all the way

2224

01:29:12,290 --> 01:29:09,199

back to

2225

01:29:14,689 --> 01:29:12,300

1945. so this is something I hope that

2226

01:29:16,550 --> 01:29:14,699

they do take a look at you know this

2227

01:29:18,770 --> 01:29:16,560

this particular situation and the other

2228

01:29:20,810 --> 01:29:18,780

you know like Maelstrom air base and

2229

01:29:22,910 --> 01:29:20,820

other uh you know when there was

2230

01:29:26,030 --> 01:29:22,920

interference with with nukes because

2231

01:29:28,189 --> 01:29:26,040

this is this these weren't nukes they

2232

01:29:31,310 --> 01:29:28,199

were what were they

2233

01:29:35,590 --> 01:29:31,320

what were these missiles nukes oh they

2234

01:29:41,930 --> 01:29:39,649

each yes yeah nasty little things so

2235

01:29:44,149 --> 01:29:41,940

yeah so there was interference with

2236

01:29:45,950 --> 01:29:44,159

these nukes

2237

01:29:48,649 --> 01:29:45,960

um I think you know I mean if that's not

2238

01:29:50,629 --> 01:29:48,659

National Security what is I mean this

2239

01:29:52,250 --> 01:29:50,639

should be an investigation yeah and you

2240

01:29:54,110 --> 01:29:52,260

know you and I discussed before you know

2241

01:29:56,390 --> 01:29:54,120

a lot of people talk about well they

2242

01:29:58,129 --> 01:29:56,400

shut this down they shut these sides

2243

01:29:59,870 --> 01:29:58,139

down they shut these missiles off right

2244

01:30:01,610 --> 01:29:59,880

and then all of a sudden they came back

2245

01:30:04,430 --> 01:30:01,620

on well you know it wasn't always like

2246

01:30:05,990 --> 01:30:04,440

that now there were times I I think they

2247

01:30:08,149 --> 01:30:06,000

have fun with us I think they like to

2248

01:30:09,590 --> 01:30:08,159

see what we do I mean I really think

2249

01:30:12,169 --> 01:30:09,600

they have a sense of humor in some way

2250

01:30:13,129 --> 01:30:12,179

they have to have not the first one that

2251

01:30:13,810 --> 01:30:13,139

said that

2252

01:30:17,990 --> 01:30:13,820

um

2253

01:30:19,790 --> 01:30:18,000

they gotta laugh at that but yeah but

2254

01:30:22,310 --> 01:30:19,800

you know the other thing is it really

2255

01:30:25,189 --> 01:30:22,320

gets me what I I it used to Blow Me Away

2256

01:30:27,470 --> 01:30:25,199

was to get dispatched to a missile site

2257

01:30:28,970 --> 01:30:27,480

whether it be November or Oscar or Echo

2258

01:30:31,010 --> 01:30:28,980

any place that you worked all of a

2259

01:30:33,950 --> 01:30:31,020

sudden because I did vacation relief

2260

01:30:35,689 --> 01:30:33,960

also you know and um but everybody knew

2261

01:30:38,209 --> 01:30:35,699

about this

2262

01:30:39,709 --> 01:30:38,219

a missile starts to cycle itself to

2263

01:30:43,490 --> 01:30:39,719

Launch

2264

01:30:45,770 --> 01:30:43,500
out of the blue not turn itself off but

2265

01:30:47,330 --> 01:30:45,780
cycle to launch start going through the

2266

01:30:50,930 --> 01:30:47,340
launch sequence

2267

01:30:52,010 --> 01:30:50,940
on their on their uh com boards

2268

01:30:54,229 --> 01:30:52,020
Underground

2269

01:30:56,270 --> 01:30:54,239
so they call in a panic oh my god well

2270

01:30:57,530 --> 01:30:56,280
you know we need you to do something so

2271

01:30:59,930 --> 01:30:57,540
they're trying to think of things for

2272

01:31:02,930 --> 01:30:59,940
you to stop this rocket you know in case

2273

01:31:04,550 --> 01:31:02,940
it does launch uh now the nuclear part

2274

01:31:07,310 --> 01:31:04,560
couldn't couldn't function they haven't

2275

01:31:08,689 --> 01:31:07,320
been armed wouldn't be armed but

2276

01:31:11,209 --> 01:31:08,699

but that wouldn't matter to someone

2277

01:31:13,370 --> 01:31:11,219

seeing a missile coming would it yeah it

2278

01:31:15,470 --> 01:31:13,380

wouldn't matter but the thing about it

2279

01:31:17,030 --> 01:31:15,480

is so what's the amino what's the

2280

01:31:19,310 --> 01:31:17,040

immediate thing that we can do to stop

2281

01:31:21,770 --> 01:31:19,320

this prevent this from happening first

2282

01:31:22,669 --> 01:31:21,780

thing jump in your vehicle with your

2283

01:31:25,010 --> 01:31:22,679

partner

2284

01:31:26,870 --> 01:31:25,020

haul buggy out to this missile site

2285

01:31:29,209 --> 01:31:26,880

literally

2286

01:31:32,149 --> 01:31:29,219

put your Mist Drive up onto the blast

2287

01:31:34,010 --> 01:31:32,159

door which is a 13-ton concrete octagon

2288

01:31:36,290 --> 01:31:34,020

shaped door with a Cattle Trail at one

2289

01:31:37,970 --> 01:31:36,300

end of it and it blows it off on Rails

2290

01:31:40,310 --> 01:31:37,980

if it goes there's about I don't know

2291

01:31:41,870 --> 01:31:40,320

how many hundreds of pounds of uh of

2292

01:31:43,790 --> 01:31:41,880

explosives there are in that door to

2293

01:31:45,709 --> 01:31:43,800

blow it off but it's immediate when that

2294

01:31:47,750 --> 01:31:45,719

door blows that missile goes it's just

2295

01:31:50,209 --> 01:31:47,760

that fast there's no hesitation

2296

01:31:52,070 --> 01:31:50,219

but anyway in hopes that you put your

2297

01:31:54,350 --> 01:31:52,080

vehicle a one and a half ton vehicle on

2298

01:31:56,030 --> 01:31:54,360

top of that door you face it in the

2299

01:31:59,090 --> 01:31:56,040

direction of the Cattle Trail

2300

01:32:01,310 --> 01:31:59,100

put it in neutral get it get your stuff

2301
01:32:03,590 --> 01:32:01,320
and run off that site and get a mile

2302
01:32:06,950 --> 01:32:03,600
away from it this is that's a standard

2303
01:32:09,410 --> 01:32:06,960
sop get a mile away from it and watch

2304
01:32:11,810 --> 01:32:09,420
now if it launches that door is going to

2305
01:32:13,910 --> 01:32:11,820
blow off and hopefully that

2306
01:32:16,189 --> 01:32:13,920
vehicle will fall down on top of that

2307
01:32:17,930 --> 01:32:16,199
missile before it launches and it'll

2308
01:32:19,729 --> 01:32:17,940
mess up the gyro and it'll cause it to

2309
01:32:20,930 --> 01:32:19,739
go off and just crash in the in the

2310
01:32:24,229 --> 01:32:20,940
prairie somewhere

2311
01:32:26,750 --> 01:32:24,239
that's crazy how close did one get to

2312
01:32:28,970 --> 01:32:26,760
launching I really don't know but I mean

2313
01:32:30,649 --> 01:32:28,980

that was what we used to have to do when

2314

01:32:32,390 --> 01:32:30,659

they did it and of course they didn't

2315

01:32:33,649 --> 01:32:32,400

launch so then we were told all clear to

2316

01:32:38,050 --> 01:32:33,659

go back and get your vehicle and get off

2317

01:32:42,229 --> 01:32:41,149

what was the investigation and uh what

2318

01:32:44,090 --> 01:32:42,239

did they come up with for an

2319

01:32:46,669 --> 01:32:44,100

investigation of why this happened we

2320

01:32:48,530 --> 01:32:46,679

were never told you know the only ICBM

2321

01:32:50,629 --> 01:32:48,540

that ever flew literally out of out of

2322

01:32:52,490 --> 01:32:50,639

one of the uh launch facilities was that

2323

01:32:54,050 --> 01:32:52,500

November too and that was a test

2324

01:32:56,510 --> 01:32:54,060

sequence I think it flew for five

2325

01:32:57,950 --> 01:32:56,520

seconds before they detonated it you

2326

01:33:00,410 --> 01:32:57,960

know blew it up conventionally had it

2327

01:33:01,910 --> 01:33:00,420

was not armed it was just a test to see

2328

01:33:03,310 --> 01:33:01,920

that they would fly

2329

01:33:06,530 --> 01:33:03,320

yeah yeah

2330

01:33:07,729 --> 01:33:06,540

wow boy this is uh this is really

2331

01:33:10,610 --> 01:33:07,739

something

2332

01:33:12,110 --> 01:33:10,620

um let's see this is I think this is

2333

01:33:15,830 --> 01:33:12,120

actually a good question now I know this

2334

01:33:17,870 --> 01:33:15,840

is 1977. but were you really thirsty

2335

01:33:19,129 --> 01:33:17,880

immediately after the situation do you

2336

01:33:21,350 --> 01:33:19,139

happen to remember

2337

01:33:23,090 --> 01:33:21,360

say that again I'm glad you remember

2338

01:33:25,610 --> 01:33:23,100

that yeah

2339

01:33:27,290 --> 01:33:25,620

was he asked if I was really thirsty I'm

2340

01:33:30,649 --> 01:33:27,300

telling you man I could have drank new

2341

01:33:32,209 --> 01:33:30,659

Lake dry and I'm not kidding you he just

2342

01:33:33,470 --> 01:33:32,219

asked if I was thirsty after my

2343

01:33:37,250 --> 01:33:33,480

abduction

2344

01:33:39,709 --> 01:33:37,260

yeah right and and I'm wondering what

2345

01:33:41,629 --> 01:33:39,719

what is related to uh where he came up

2346

01:33:43,910 --> 01:33:41,639

with that and because I've never heard

2347

01:33:46,910 --> 01:33:43,920

of anyone talk about

2348

01:33:50,510 --> 01:33:46,920

that I've never been asked out

2349

01:33:51,470 --> 01:33:50,520

yeah yeah well I remember I asked Travis

2350

01:33:53,510 --> 01:33:51,480

Walton

2351

01:33:55,629 --> 01:33:53,520

if it was four days where did you go the

2352

01:34:01,070 --> 01:33:55,639

bathroom

2353

01:34:02,149 --> 01:34:01,080

facilities uh you know if you remembered

2354

01:34:04,250 --> 01:34:02,159

any of that

2355

01:34:06,590 --> 01:34:04,260

um and he he doesn't remember any of

2356

01:34:07,910 --> 01:34:06,600

that but uh but this has been a real

2357

01:34:10,250 --> 01:34:07,920

pleasure let me just see if there's

2358

01:34:12,709 --> 01:34:10,260

anything else we got going here

2359

01:34:14,689 --> 01:34:12,719

uh let's see given all that you've been

2360

01:34:18,110 --> 01:34:14,699

through would you voluntarily go through

2361

01:34:19,669 --> 01:34:18,120

another event like 1977 I think you you

2362

01:34:20,570 --> 01:34:19,679

said that was horrifying you really

2363

01:34:22,970 --> 01:34:20,580

wouldn't

2364

01:34:25,010 --> 01:34:22,980

right I mean this is nothing you're

2365

01:34:27,110 --> 01:34:25,020

really interested in I think that if the

2366

01:34:29,689 --> 01:34:27,120

opportunity well I don't know if it'd be

2367

01:34:31,310 --> 01:34:29,699

an opportunity or not but if they come

2368

01:34:32,870 --> 01:34:31,320

for you you

2369

01:34:33,830 --> 01:34:32,880

you're there's nothing you can do about

2370

01:34:37,850 --> 01:34:33,840

it

2371

01:34:40,729 --> 01:34:37,860

more understanding

2372

01:34:44,149 --> 01:34:40,739

uh I would try to

2373

01:34:45,890 --> 01:34:44,159

I would try to keep my composure

2374

01:34:49,010 --> 01:34:45,900

and uh

2375

01:34:51,770 --> 01:34:49,020

try to keep a logical head about me

2376

01:34:54,709 --> 01:34:51,780

I I don't know if I could ever you know

2377

01:34:56,330 --> 01:34:54,719

you'd like to think that um

2378

01:34:58,010 --> 01:34:56,340

that you could stick your hand out say

2379

01:35:00,050 --> 01:34:58,020

how you doing you know like like they

2380

01:35:01,310 --> 01:35:00,060

did in closing Canada whatever that was

2381

01:35:03,050 --> 01:35:01,320

you know but

2382

01:35:04,550 --> 01:35:03,060

I don't know if you can't I mean you're

2383

01:35:06,649 --> 01:35:04,560

talking about a completely different

2384

01:35:09,290 --> 01:35:06,659

species from somewhere far off in the

2385

01:35:10,729 --> 01:35:09,300

universe you know or light light years

2386

01:35:13,070 --> 01:35:10,739

away I don't know

2387

01:35:15,169 --> 01:35:13,080

uh or maybe they've been here for many

2388

01:35:17,810 --> 01:35:15,179

many thousands of years Under the Sea

2389

01:35:19,850 --> 01:35:17,820

Under the Ground who knows again they

2390

01:35:22,070 --> 01:35:19,860

want to do I don't think it seems like I

2391

01:35:25,310 --> 01:35:22,080

I hear that kind of

2392

01:35:27,350 --> 01:35:25,320

uh narration quite a bit lately that uh

2393

01:35:29,750 --> 01:35:27,360

you know maybe they've been here for a

2394

01:35:32,209 --> 01:35:29,760

long time I had someone from a former

2395

01:35:34,550 --> 01:35:32,219

CIA on uh recently who kind of said the

2396

01:35:38,090 --> 01:35:34,560

same thing and uh it seems like I'm

2397

01:35:39,950 --> 01:35:38,100

hearing that uh you know more and more

2398

01:35:41,209 --> 01:35:39,960

these days

2399

01:35:43,189 --> 01:35:41,219

and

2400

01:35:44,930 --> 01:35:43,199

let's see is it's related to the time

2401

01:35:46,490 --> 01:35:44,940

dilation between different reference

2402

01:35:48,770 --> 01:35:46,500

frames I'm not really sure what that

2403

01:35:52,430 --> 01:35:48,780

that's not really a question

2404

01:35:53,750 --> 01:35:52,440

but uh here's uh I'm just gonna pop up a

2405

01:35:56,030 --> 01:35:53,760

couple more questions here and then

2406

01:35:58,129 --> 01:35:56,040

we'll call it a night do you think you

2407

01:35:59,930 --> 01:35:58,139

could have overpowered them physically

2408

01:36:02,090 --> 01:35:59,940

if

2409

01:36:05,030 --> 01:36:02,100

um they didn't knock you out

2410

01:36:06,770 --> 01:36:05,040

you know I mean would you even dare to

2411

01:36:09,770 --> 01:36:06,780

try

2412

01:36:13,610 --> 01:36:09,780

I I want to say this if um

2413

01:36:17,470 --> 01:36:15,950

when I was standing in November 5 when I

2414

01:36:20,510 --> 01:36:17,480

was just out there

2415

01:36:23,390 --> 01:36:20,520

last year I mean I'm this is this I did

2416

01:36:23,400 --> 01:36:26,450

whether to run

2417

01:36:32,510 --> 01:36:29,090

and I was armed heavily armed shoot at

2418

01:36:36,050 --> 01:36:34,729

and I said this on live TV or mess

2419

01:36:38,689 --> 01:36:36,060

myself

2420

01:36:41,330 --> 01:36:38,699

because you you're literally in that

2421

01:36:43,550 --> 01:36:41,340

state of mind to where you're the rabbit

2422

01:36:45,770 --> 01:36:43,560

behind the bush

2423

01:36:48,430 --> 01:36:45,780

in the middle of the desert and there's

2424

01:36:52,129 --> 01:36:48,440

so only one Bush and you're behind it

2425

01:36:54,169 --> 01:36:52,139

and the worst biggest baddest Hunter on

2426

01:36:55,490 --> 01:36:54,179

in that you could ever think of is on

2427

01:36:58,010 --> 01:36:55,500

the other side of that bush looking at

2428

01:37:02,209 --> 01:36:58,020

you knowing you're there

2429

01:37:04,010 --> 01:37:02,219

I don't I don't know if I could uh

2430

01:37:06,649 --> 01:37:04,020

I don't know if I could overpower them I

2431

01:37:09,649 --> 01:37:06,659

mean I guess physically I could

2432

01:37:12,169 --> 01:37:09,659

I I think but who knows maybe they don't

2433

01:37:13,669 --> 01:37:12,179

need muscle maybe they use their mind to

2434

01:37:17,090 --> 01:37:13,679

do whatever they want maybe they can

2435

01:37:18,770 --> 01:37:17,100

manipulate you me anybody as they want

2436

01:37:19,910 --> 01:37:18,780

to you know you don't think anybody

2437

01:37:21,610 --> 01:37:19,920

could

2438

01:37:24,649 --> 01:37:21,620

but

2439

01:37:26,149 --> 01:37:24,659

we don't know their capabilities yeah

2440

01:37:28,850 --> 01:37:26,159

honestly

2441

01:37:31,189 --> 01:37:28,860

I kind of agree with you there it's uh

2442

01:37:34,129 --> 01:37:31,199

it seems to me that they could do about

2443

01:37:37,070 --> 01:37:34,139

anything they wanted to in my opinion

2444

01:37:38,870 --> 01:37:37,080

from what you know I've heard uh people

2445

01:37:42,590 --> 01:37:38,880

have talked about over the years it just

2446

01:37:44,030 --> 01:37:42,600

seems like uh like you know where that

2447

01:37:46,970 --> 01:37:44,040

they're so they're on a different level

2448

01:37:49,129 --> 01:37:46,980

and we can't even imagine the level

2449

01:37:52,610 --> 01:37:49,139

at the Run

2450

01:37:54,229 --> 01:37:52,620

but um this one last question here just

2451

01:37:57,350 --> 01:37:54,239

popped up are you familiar with the perk

2452

01:37:59,270 --> 01:37:57,360

the Berkshires UFO incident

2453

01:38:01,250 --> 01:37:59,280

did you look into that I've heard of it

2454

01:38:04,390 --> 01:38:01,260

I've heard of The Berkshire that's up in

2455

01:38:08,050 --> 01:38:04,400

uh is that New York Massachusetts

2456

01:38:10,490 --> 01:38:08,060

yeah I've heard of it yeah

2457

01:38:13,790 --> 01:38:10,500

it's uh where did that come from it's

2458

01:38:15,770 --> 01:38:13,800

quite interesting and uh it's really

2459

01:38:16,490 --> 01:38:15,780

it's on Netflix

2460

01:38:20,350 --> 01:38:16,500

um

2461

01:38:23,510 --> 01:38:20,360

Unsolved Mysteries uh season or so ago

2462

01:38:25,970 --> 01:38:23,520

but it's really quite quite a very it's

2463

01:38:29,930 --> 01:38:25,980

they did a really good job with it and a

2464

01:38:31,850 --> 01:38:29,940

lot of people knew it as the Tom Reed uh

2465

01:38:34,790 --> 01:38:31,860

abduction you know family abduction and

2466

01:38:37,070 --> 01:38:34,800

there's a monument and all that yeah I

2467

01:38:39,590 --> 01:38:37,080

do know about that yeah I was awesome so

2468

01:38:42,649 --> 01:38:39,600

many people yeah I was also amazed that

2469

01:38:44,390 --> 01:38:42,659

Graham Hancock's uh what is it uh

2470

01:38:47,689 --> 01:38:44,400

ancient um

2471

01:38:51,290 --> 01:38:47,699

not ancient archaeologist uh

2472

01:38:54,649 --> 01:38:51,300

he just he just did that on Netflix uh

2473

01:38:57,169 --> 01:38:54,659

yeah archeology but ancient apocalypse I

2474

01:38:59,390 --> 01:38:57,179

think is what he said what it was and it

2475

01:39:01,550 --> 01:38:59,400

is it's phenomenal some of the stuff

2476

01:39:03,070 --> 01:39:01,560

that uh that he's gotten and and how

2477

01:39:05,450 --> 01:39:03,080

they've dated some of these things again

2478

01:39:06,830 --> 01:39:05,460

archeology is just telling so much and

2479

01:39:09,350 --> 01:39:06,840

you know for everything that's there

2480

01:39:12,290 --> 01:39:09,360

it's only about six percent of what

2481

01:39:13,910 --> 01:39:12,300

exists so that just blows my mind you

2482

01:39:16,490 --> 01:39:13,920

know I mean it's Sahara desert in Egypt

2483

01:39:18,410 --> 01:39:16,500

but it's even there 12 000 years ago it

2484

01:39:20,870 --> 01:39:18,420

was a lot well they have no way to date

2485

01:39:23,570 --> 01:39:20,880

unless they find something that was

2486

01:39:25,970 --> 01:39:23,580

contemporary with whatever it is they

2487

01:39:27,709 --> 01:39:25,980

find you can't date stone you know you

2488

01:39:29,990 --> 01:39:27,719

can do all kinds of things with pottery

2489

01:39:31,729 --> 01:39:30,000

and wood and you can date all that stuff

2490

01:39:34,490 --> 01:39:31,739

but when it comes to Stone they you

2491

01:39:36,950 --> 01:39:34,500

can't date when it was shaped and formed

2492

01:39:38,930 --> 01:39:36,960

and moved and you know the stone itself

2493

01:39:41,209 --> 01:39:38,940

is you know millions of years old so

2494

01:39:43,189 --> 01:39:41,219

they can't they can't date those times

2495

01:39:45,890 --> 01:39:43,199

but anyway a fascinating conversation

2496

01:39:47,629 --> 01:39:45,900

Mario thank you so much thank you very

2497

01:39:49,370 --> 01:39:47,639

much I really appreciate you having me

2498

01:39:51,830 --> 01:39:49,380

yeah and I like our talks even when

2499

01:39:53,810 --> 01:39:51,840

we're not talking on the radio it's

2500

01:39:56,330 --> 01:39:53,820

always fun to talk to you so you take

2501

01:39:58,490 --> 01:39:56,340

care you too and thank you again all

2502

01:40:00,770 --> 01:39:58,500

right thanks all right everyone so thank

2503

01:40:03,410 --> 01:40:00,780

you so much I'll be back next week with

2504

01:40:05,149 --> 01:40:03,420

Grant Cameron and what did I see someone

2505

01:40:08,090 --> 01:40:05,159

sent me this I thought it was kind of

2506

01:40:09,709 --> 01:40:08,100

funny uh keep looking and keep watching

2507

01:40:13,250 --> 01:40:09,719

the skies well that's similar to what I

2508

01:40:17,920 --> 01:40:13,260

say uh so keep your eyes to the sky and

2509

01:40:28,750 --> 01:40:17,930

we'll see you next week at the same time
