[Music]

2
00:00:03,720 --> 00:00:09,520

foreign

3
00:00:38,110 --> 00:00:16,500

[Music]

4
00:00:44,030 --> 00:00:41,450

host and I am excited to bring on

5
00:00:46,910 --> 00:00:44,040

tonight on the premiere of season four

6
00:00:50,569 --> 00:00:46,920

Brandon fugle from The Secret of skin

7
00:00:51,610 --> 00:00:50,579

walker Ranch History Channel uh what I'm

8
00:00:55,189 --> 00:00:51,620

lucky enough

9
00:00:57,110 --> 00:00:55,199

to do what I do and to be able to get

10
00:01:00,529 --> 00:00:57,120

the screener so I was able to watch

11
00:01:02,090 --> 00:01:00,539

episode one which premieres tonight at 9

12
00:01:05,690 --> 00:01:02,100

10 Central

13
00:01:08,570 --> 00:01:05,700

on History Channel and uh again I'm

14

00:01:10,070 --> 00:01:08,580

really excited to have uh Brandon Fuego

15

00:01:12,830 --> 00:01:10,080

on and I'm going to play the trailer for

16

00:01:14,510 --> 00:01:12,840

the show uh coming up the closer that we

17

00:01:17,750 --> 00:01:14,520

are getting to the answers the more

18

00:01:19,789 --> 00:01:17,760

covert military activity continues what

19

00:01:21,410 --> 00:01:19,799

is the military doing flying over skin

20

00:01:24,109 --> 00:01:21,420

walker Ranch someone's taking an

21

00:01:26,500 --> 00:01:24,119

interest in what we're doing

22

00:01:28,130 --> 00:01:26,510

somebody's up on the ridge right there

23

00:01:30,350 --> 00:01:28,140

[Music]

24

00:01:32,990 --> 00:01:30,360

this is the largest scale experiment

25

00:01:36,050 --> 00:01:33,000

that we've ever done here so far fire

26

00:01:38,330 --> 00:01:36,060

there's something in the sky

27

00:01:40,609 --> 00:01:38,340

The Secret of Skinwalker Ranch new

28

00:01:42,530 --> 00:01:40,619

season Tuesday April 18th at 10. on the

29

00:01:44,929 --> 00:01:42,540

History Channel

30

00:01:47,270 --> 00:01:44,939

I think I said the times when it started

31

00:01:49,130 --> 00:01:47,280

backwards but they'll figure it out

32

00:01:51,889 --> 00:01:49,140

right Brandon welcome to the show again

33

00:01:54,530 --> 00:01:51,899

yeah it's good to be with you and thank

34

00:01:58,069 --> 00:01:54,540

you for following our journey tonight is

35

00:02:01,370 --> 00:01:58,079

uh is the Epic launch of our season four

36

00:02:03,230 --> 00:02:01,380

uh which which is the the documentary

37

00:02:06,050 --> 00:02:03,240

effort following our real life

38

00:02:08,749 --> 00:02:06,060

investigation out at Skinwalker Ranch

39

00:02:12,050 --> 00:02:08,759

that's right and you know not a lot of

40

00:02:14,390 --> 00:02:12,060

shows like this make it four seasons and

41

00:02:16,130 --> 00:02:14,400

so that's how popular this is of you

42

00:02:18,530 --> 00:02:16,140

know people I know that are not

43

00:02:19,729 --> 00:02:18,540

interested in UFOs or I didn't even know

44

00:02:22,970 --> 00:02:19,739

they're interested in any type of

45

00:02:27,110 --> 00:02:22,980

paranormal type of situations love that

46

00:02:30,110 --> 00:02:27,120

show well we we keep this grounded you

47

00:02:33,949 --> 00:02:30,120

know I I acquired Skinwalker Ranch back

48

00:02:36,229 --> 00:02:33,959

in 2016 as a skeptic I never intended to

49

00:02:39,350 --> 00:02:36,239

reveal my identity as the owner and you

50

00:02:41,809 --> 00:02:39,360

know after years of persistence

51
00:02:44,690 --> 00:02:41,819
uh and then over a year from the History

52
00:02:47,350 --> 00:02:44,700
Channel and their producers I finally

53
00:02:51,410 --> 00:02:47,360
agreed to at least take a meeting under

54
00:02:53,570 --> 00:02:51,420
confidentiality and and uh was

55
00:02:54,830 --> 00:02:53,580
ultimately convinced to open the gates

56
00:02:57,470 --> 00:02:54,840
and allow

57
00:03:02,330 --> 00:02:57,480
some of the finest doctor documentary

58
00:03:05,630 --> 00:03:02,340
film uh professionals on the planet uh

59
00:03:07,970 --> 00:03:05,640
inside our investigation which which is

60
00:03:10,729 --> 00:03:07,980
year round and has continued for now

61
00:03:13,250 --> 00:03:10,739
seven years documenting the reality the

62
00:03:14,690 --> 00:03:13,260
phenomenon Skinwalker Ranch yeah no

63
00:03:17,149 --> 00:03:14,700

regrets I bet

64

00:03:19,309 --> 00:03:17,159

ah it's been it's been an interesting

65

00:03:22,430 --> 00:03:19,319

learning experience

66

00:03:25,369 --> 00:03:22,440

um uh quite a roller coaster quite a

67

00:03:27,410 --> 00:03:25,379

departure from what I what I am involved

68

00:03:29,809 --> 00:03:27,420

in all day every day which is commercial

69

00:03:33,170 --> 00:03:29,819

real estate and various entrepreneurial

70

00:03:36,229 --> 00:03:33,180

Pursuits uh you know the investigation

71

00:03:41,690 --> 00:03:36,239

at Skinwalker Ranch is uh

72

00:03:45,410 --> 00:03:41,700

has is proven to be uh not only uh

73

00:03:48,050 --> 00:03:45,420

quite mysterious as far as what we've

74

00:03:50,809 --> 00:03:48,060

been able to document but uh has has

75

00:03:52,550 --> 00:03:50,819

really pulled together my team in a way

76

00:03:55,309 --> 00:03:52,560

that I would have I would have never

77

00:03:58,910 --> 00:03:55,319

ever anticipated it it really is a

78

00:04:00,229 --> 00:03:58,920

historic moment uh to to be able to

79

00:04:04,550 --> 00:04:00,239

present these things to the general

80

00:04:08,030 --> 00:04:04,560

public and allow them kind of a seat uh

81

00:04:10,729 --> 00:04:08,040

as we as we conduct I think some of the

82

00:04:13,429 --> 00:04:10,739

most aggressive research and scientific

83

00:04:14,929 --> 00:04:13,439

investigation uh relative to these

84

00:04:16,789 --> 00:04:14,939

Frontier topics

85

00:04:19,990 --> 00:04:16,799

well I hope you haven't lost out on any

86

00:04:22,009 --> 00:04:20,000

deals concentrating on this anymore

87

00:04:24,230 --> 00:04:22,019

no I'm still we have other people

88

00:04:26,390 --> 00:04:24,240

covering when you're gone that type of

89

00:04:29,210 --> 00:04:26,400

situation oh yeah well still working

90

00:04:31,670 --> 00:04:29,220

typical typically 16 to 18 hour days

91

00:04:35,450 --> 00:04:31,680

focused on selling and leasing office

92

00:04:37,790 --> 00:04:35,460

Office Buildings office parks and uh and

93

00:04:41,450 --> 00:04:37,800

take time only when necessary to be

94

00:04:44,749 --> 00:04:41,460

briefed on the uh the activities out at

95

00:04:47,689 --> 00:04:44,759

this uh this 512 acre piece of property

96

00:04:50,390 --> 00:04:47,699

that has become the center of more UFO

97

00:04:52,310 --> 00:04:50,400

sightings you know bizarre cattle

98

00:04:53,810 --> 00:04:52,320

mutilations in the past and other

99

00:04:57,770 --> 00:04:53,820

strange phenomena

100

00:05:01,070 --> 00:04:57,780

now when the the adjoining the abutters

101
00:05:04,090 --> 00:05:01,080
are any of the abutters that of the

102
00:05:07,790 --> 00:05:04,100
property there uh you know trying to

103
00:05:08,930 --> 00:05:07,800
also capitalize in some type of I'm not

104
00:05:11,510 --> 00:05:08,940
saying that that's what you're doing but

105
00:05:13,430 --> 00:05:11,520
are they trying to capitalize on what

106
00:05:15,650 --> 00:05:13,440
you're doing in the on the skin walker

107
00:05:18,170 --> 00:05:15,660
sure we've seen some of that we've seen

108
00:05:19,310 --> 00:05:18,180
some people some some efforts to try to

109
00:05:22,490 --> 00:05:19,320
exploit

110
00:05:25,490 --> 00:05:22,500
uh what we are what we are doing but we

111
00:05:29,629 --> 00:05:25,500
we stay focused on our effort and try

112
00:05:32,390 --> 00:05:29,639
not to be distracted by by anything on

113
00:05:34,490 --> 00:05:32,400

the on the periphery or or that which

114

00:05:37,490 --> 00:05:34,500

would would try to

115

00:05:40,249 --> 00:05:37,500

try to sensationalize it I mean what

116

00:05:43,610 --> 00:05:40,259

we're doing as Sensational as it is it's

117

00:05:47,330 --> 00:05:43,620

it's really grounded in in real events

118

00:05:51,529 --> 00:05:47,340

and real research that my team has been

119

00:05:53,870 --> 00:05:51,539

conducting for years uh and so I we we

120

00:05:55,430 --> 00:05:53,880

continue to be laser focused in spite of

121

00:05:58,730 --> 00:05:55,440

some of the distractions that pop up

122

00:06:01,670 --> 00:05:58,740

once in a while now uh George Knapp's

123

00:06:04,969 --> 00:06:01,680

book hunt for the skinwalker uh the

124

00:06:07,370 --> 00:06:04,979

pseudonym Gorman uh was given for Terry

125

00:06:08,990 --> 00:06:07,380

Sherman and I'm wondering uh this is a

126

00:06:10,850 --> 00:06:09,000

question from uh listener of the show

127

00:06:11,930 --> 00:06:10,860

he's wondered if you have ever spoken

128

00:06:14,570 --> 00:06:11,940

with Terry

129

00:06:17,749 --> 00:06:14,580

no we've we've had Communications

130

00:06:20,230 --> 00:06:17,759

through intermediaries with Gwen Sherman

131

00:06:24,230 --> 00:06:20,240

with Terry's wife but the Sherman family

132

00:06:27,650 --> 00:06:24,240

has uh has asked to be left alone uh

133

00:06:31,010 --> 00:06:27,660

that people respect their privacy and I

134

00:06:34,070 --> 00:06:31,020

have uh I've done so I've I've tried to

135

00:06:35,990 --> 00:06:34,080

respect their privacy and uh appreciate

136

00:06:38,330 --> 00:06:36,000

that they had enough courage you know

137

00:06:40,249 --> 00:06:38,340

decades ago to come forward with

138

00:06:42,170 --> 00:06:40,259

the reality of what they were

139

00:06:45,050 --> 00:06:42,180

experiencing that ultimately led to

140

00:06:49,370 --> 00:06:45,060

their sale of the property to Robert

141

00:06:51,590 --> 00:06:49,380

Bigelow Bigelow Aerospace right and how

142

00:06:55,629 --> 00:06:51,600

difficult would you say it is these days

143

00:06:58,249 --> 00:06:55,639

to keep people away from the gate I mean

144

00:07:00,189 --> 00:06:58,259

it's always a challenge even with our

145

00:07:02,090 --> 00:07:00,199

surveillance platforms I mean we have

146

00:07:06,170 --> 00:07:02,100

nearly 50

147

00:07:09,110 --> 00:07:06,180

cameras uh and and you know we have a

148

00:07:10,930 --> 00:07:09,120

whole gated entrance guard shack you

149

00:07:14,629 --> 00:07:10,940

know armed security

150

00:07:16,610 --> 00:07:14,639

there is a lot of excitement and

151
00:07:17,529 --> 00:07:16,620
Fascination and I don't blame people for

152
00:07:20,870 --> 00:07:17,539
being

153
00:07:23,870 --> 00:07:20,880
intrigued interested but there is danger

154
00:07:26,629 --> 00:07:23,880
we we keep our security protocols in

155
00:07:29,270 --> 00:07:26,639
place and and frankly do not allow the

156
00:07:31,809 --> 00:07:29,280
public inside or any Public tours of any

157
00:07:34,249 --> 00:07:31,819
type simply because

158
00:07:35,510 --> 00:07:34,259
there you know there have been events

159
00:07:38,629 --> 00:07:35,520
that have

160
00:07:41,450 --> 00:07:38,639
sent people to the hospital with strange

161
00:07:43,309 --> 00:07:41,460
illnesses and injuries and right and we

162
00:07:45,409 --> 00:07:43,319
are also conducting a very sensitive

163
00:07:48,129 --> 00:07:45,419

scientific investigation introducing

164

00:07:51,770 --> 00:07:48,139

anything outside into that environment

165

00:07:54,790 --> 00:07:51,780

and always poses a risk of uh of

166

00:07:58,070 --> 00:07:54,800

disrupting something that may be

167

00:08:00,830 --> 00:07:58,080

ongoing with an experiment or a specific

168

00:08:02,510 --> 00:08:00,840

research activity so uh I think it's

169

00:08:04,850 --> 00:08:02,520

important for people to realize this is

170

00:08:07,850 --> 00:08:04,860

a this is an active living laboratory

171

00:08:11,990 --> 00:08:07,860

this property has been locked down for

172

00:08:16,430 --> 00:08:12,000

27 years and secure has been the subject

173

00:08:19,070 --> 00:08:16,440

of of of investigation and focus uh

174

00:08:23,210 --> 00:08:19,080

during that period of time and we we've

175

00:08:25,610 --> 00:08:23,220

also we've we've obviously escalated the

176

00:08:29,390 --> 00:08:25,620

the research the level of sophistication

177

00:08:32,870 --> 00:08:29,400

and and I've invested in the the

178

00:08:35,029 --> 00:08:32,880

scientific platforms that uh that you

179

00:08:38,930 --> 00:08:35,039

see on the series uh that we are

180

00:08:40,850 --> 00:08:38,940

deploying in service to documenting the

181

00:08:42,290 --> 00:08:40,860

the phenomena and what we're

182

00:08:44,149 --> 00:08:42,300

experiencing

183

00:08:46,610 --> 00:08:44,159

uh what was that I was trying to

184

00:08:48,710 --> 00:08:46,620

remember uh watching the screen or

185

00:08:52,910 --> 00:08:48,720

watching the first episode

186

00:08:54,310 --> 00:08:52,920

is it 1.6 gigahertz or something the

187

00:09:00,290 --> 00:08:54,320

yeah

188

00:09:03,110 --> 00:09:00,300

attend many of the events that occur

189

00:09:06,170 --> 00:09:03,120

um and in that's part of what we

190

00:09:08,449 --> 00:09:06,180

continue to investigate and explore uh

191

00:09:10,250 --> 00:09:08,459

you know what is what is very

192

00:09:11,990 --> 00:09:10,260

interesting about the events at

193

00:09:13,610 --> 00:09:12,000

Skinwalker ranches a lot of a lot of

194

00:09:15,970 --> 00:09:13,620

times they're they're correlating events

195

00:09:18,050 --> 00:09:15,980

you you have electromagnetic anomalies

196

00:09:21,050 --> 00:09:18,060

coupled with

197

00:09:22,870 --> 00:09:21,060

uh multiple witness eyewitness

198

00:09:24,949 --> 00:09:22,880

uh testimony

199

00:09:27,829 --> 00:09:24,959

videographic photographic evidence

200

00:09:30,650 --> 00:09:27,839

coupled with the times uh acute medical

201
00:09:32,870 --> 00:09:30,660
episodes or at least people feeling you

202
00:09:35,269 --> 00:09:32,880
know something or experiencing something

203
00:09:36,670 --> 00:09:35,279
physically when you have all of those

204
00:09:40,370 --> 00:09:36,680
things happening

205
00:09:44,949 --> 00:09:40,380
simultaneously in being documented it it

206
00:09:47,150 --> 00:09:44,959
presents a very compelling data set

207
00:09:49,430 --> 00:09:47,160
relative to

208
00:09:52,250 --> 00:09:49,440
to the phenomena on these topics and and

209
00:09:54,230 --> 00:09:52,260
really the the

210
00:09:56,030 --> 00:09:54,240
nature of what we are dealing with at

211
00:09:59,210 --> 00:09:56,040
Skinwalker Ranch

212
00:10:02,449 --> 00:09:59,220
now you were involved quite a bit in

213
00:10:03,769 --> 00:10:02,459

episode one do you plan on or you

214

00:10:05,210 --> 00:10:03,779

probably already filmed or I don't know

215

00:10:07,970 --> 00:10:05,220

if it's in the can already or you're

216

00:10:10,550 --> 00:10:07,980

filming but do you plan on or are you in

217

00:10:13,190 --> 00:10:10,560

a lot of this uh season uh yeah

218

00:10:17,329 --> 00:10:13,200

periodically as needed uh I'll come out

219

00:10:20,090 --> 00:10:17,339

and and and be briefed on uh some of the

220

00:10:22,009 --> 00:10:20,100

experiments even participate as uh as

221

00:10:24,949 --> 00:10:22,019

appropriate and as I'm available

222

00:10:27,170 --> 00:10:24,959

uh in in some of the research activities

223

00:10:29,150 --> 00:10:27,180

and the experiments but I I really do

224

00:10:31,730 --> 00:10:29,160

leave it to the team

225

00:10:34,850 --> 00:10:31,740

and the Third Party credentialed Experts

226

00:10:37,430 --> 00:10:34,860

that we bring on site to uh to really

227

00:10:40,009 --> 00:10:37,440

Advance the investigation and in essence

228

00:10:42,110 --> 00:10:40,019

return and report I mean I I'm the

229

00:10:45,710 --> 00:10:42,120

steward the owner of the property but I

230

00:10:48,650 --> 00:10:45,720

I'm I'm I'm only as good as my team and

231

00:10:49,990 --> 00:10:48,660

I'm very fortunate to be uh surrounded

232

00:10:52,009 --> 00:10:50,000

by a

233

00:10:54,230 --> 00:10:52,019

multi-disciplinary group of people that

234

00:10:56,449 --> 00:10:54,240

are are really helping to advance this I

235

00:10:58,790 --> 00:10:56,459

mean several of the the individuals

236

00:11:01,130 --> 00:10:58,800

involved which were hand-picked

237

00:11:03,110 --> 00:11:01,140

selected by myself I've had you know

238

00:11:05,090 --> 00:11:03,120

I've had relationships with for decades

239

00:11:07,730 --> 00:11:05,100

I've I've worked with for a long time

240

00:11:10,670 --> 00:11:07,740

even my principal investigator and chief

241

00:11:14,150 --> 00:11:10,680

scientist Eric Bard I've worked with for

242

00:11:16,370 --> 00:11:14,160

going on 13 years relative to

243

00:11:20,210 --> 00:11:16,380

to various Endeavors I mean this is of

244

00:11:23,210 --> 00:11:20,220

course the most unusual uh most of his

245

00:11:26,269 --> 00:11:23,220

background was involved with plasma

246

00:11:30,050 --> 00:11:26,279

physics and uh and you know Optical

247

00:11:33,230 --> 00:11:30,060

physics but uh he uh he's he's been a

248

00:11:35,810 --> 00:11:33,240

remarkable uh resource and and frankly a

249

00:11:38,329 --> 00:11:35,820

a incredible

250

00:11:41,590 --> 00:11:38,339

uh leader when it comes to establishing

251
00:11:45,110 --> 00:11:41,600
the right tone and the right type of uh

252
00:11:47,030 --> 00:11:45,120
uh scientific platforms and protocols

253
00:11:49,310 --> 00:11:47,040
that we have in place and have had in

254
00:11:52,850 --> 00:11:49,320
place for a long time long before any

255
00:11:55,970 --> 00:11:52,860
docu-series effort uh which of course

256
00:12:00,290 --> 00:11:55,980
went public in 2020 we we were

257
00:12:02,269 --> 00:12:00,300
we were taking data and uh developing a

258
00:12:05,389 --> 00:12:02,279
a very compelling

259
00:12:06,889 --> 00:12:05,399
uh data set uh in order to better

260
00:12:07,850 --> 00:12:06,899
understand the nature of what we are

261
00:12:09,410 --> 00:12:07,860
dealing with

262
00:12:10,790 --> 00:12:09,420
now are you responsible for that

263
00:12:12,949 --> 00:12:10,800

helicopter

264

00:12:15,170 --> 00:12:12,959

yeah you are oh my goodness the

265

00:12:17,090 --> 00:12:15,180

Blackhawk so the Blackhawk helicopter

266

00:12:19,850 --> 00:12:17,100

that obviously has been shown in the

267

00:12:21,710 --> 00:12:19,860

previous absolutely not I you know that

268

00:12:23,930 --> 00:12:21,720

that ended up appearing and you'll

269

00:12:27,230 --> 00:12:23,940

you'll see this as the as the series

270

00:12:28,840 --> 00:12:27,240

progresses uh but we we've been under

271

00:12:29,329 --> 00:12:28,850

some really

272

00:12:30,370 --> 00:12:29,339

[Music]

273

00:12:32,690 --> 00:12:30,380

um

274

00:12:37,670 --> 00:12:32,700

concerning surveillance I mean we've had

275

00:12:41,690 --> 00:12:37,680

a covert military presence that has uh

276
00:12:42,710 --> 00:12:41,700
that has ended up just with without any

277
00:12:45,470 --> 00:12:42,720
warning

278
00:12:47,269 --> 00:12:45,480
showing up in tandem with the

279
00:12:50,210 --> 00:12:47,279
experimental activities that we are

280
00:12:52,730 --> 00:12:50,220
conducting out there uh my helicopter

281
00:12:54,769 --> 00:12:52,740
which is an Airbus h-130 I think it's

282
00:12:58,009 --> 00:12:54,779
the most advanced civilian helicopter in

283
00:13:00,710 --> 00:12:58,019
the state is is of course deployed in

284
00:13:02,389 --> 00:13:00,720
service to to some of the experimental

285
00:13:04,670 --> 00:13:02,399
activity and the research that we are

286
00:13:07,129 --> 00:13:04,680
conducting which which I don't take

287
00:13:09,889 --> 00:13:07,139
lightly I mean we're putting not only a

288
00:13:12,470 --> 00:13:09,899

very expensive piece of equipment at

289

00:13:14,870 --> 00:13:12,480

risk but more importantly we're putting

290

00:13:18,949 --> 00:13:14,880

my brother who is a full-time pilot with

291

00:13:22,730 --> 00:13:18,959

over 9 000 hours who is fully rated jet

292

00:13:26,690 --> 00:13:22,740

and helicopter pilot wow uh in in a

293

00:13:28,310 --> 00:13:26,700

position of uh of I think trying to

294

00:13:31,850 --> 00:13:28,320

navigate his way through some of these

295

00:13:34,730 --> 00:13:31,860

experiments that uh yeah that can be can

296

00:13:36,470 --> 00:13:34,740

be quite uh quite intense I know we

297

00:13:38,990 --> 00:13:36,480

can't give away too much but there is

298

00:13:41,810 --> 00:13:39,000

some scenes in episode one and the

299

00:13:46,009 --> 00:13:41,820

helicopter that are pretty amazing you

300

00:13:48,590 --> 00:13:46,019

know my son uh watched the screener with

301
00:13:52,009 --> 00:13:48,600
me and my producer the other night and

302
00:13:53,750 --> 00:13:52,019
my son is basically a skeptic he thinks

303
00:13:56,170 --> 00:13:53,760
a little more about UFO since I've

304
00:13:58,670 --> 00:13:56,180
showed him some really compelling cases

305
00:14:00,650 --> 00:13:58,680
but still he's more or less a skeptic

306
00:14:02,509 --> 00:14:00,660
and he's sitting there going wow well

307
00:14:04,430 --> 00:14:02,519
like that you know when we watched

308
00:14:06,889 --> 00:14:04,440
episode one there was a lot of things

309
00:14:10,430 --> 00:14:06,899
that and he thought it was a great show

310
00:14:13,730 --> 00:14:10,440
well let him know I was a skeptic too I

311
00:14:16,190 --> 00:14:13,740
I when I acquired the ranch I acquired

312
00:14:18,290 --> 00:14:16,200
the ranch as a as a healthy skeptic but

313
00:14:20,389 --> 00:14:18,300

someone who had never seen a UFO or a

314

00:14:23,030 --> 00:14:20,399

ghost or an orb or you know anything

315

00:14:25,190 --> 00:14:23,040

like that and uh and I believed that

316

00:14:27,470 --> 00:14:25,200

there was a natural explanation for the

317

00:14:32,269 --> 00:14:27,480

phenomena for the the

318

00:14:34,490 --> 00:14:32,279

the events reported you know and I was

319

00:14:36,949 --> 00:14:34,500

very surprised to find in time that

320

00:14:38,329 --> 00:14:36,959

there there was absolute validity too

321

00:14:42,470 --> 00:14:38,339

much of what

322

00:14:45,230 --> 00:14:42,480

what was uh what was reported and even

323

00:14:46,310 --> 00:14:45,240

though we are dealing with an inherited

324

00:14:47,810 --> 00:14:46,320

narrative

325

00:14:51,290 --> 00:14:47,820

uh

326

00:14:54,470 --> 00:14:51,300

we we are trying always to be led by the

327

00:14:57,050 --> 00:14:54,480

data and and we allow our research our

328

00:14:59,750 --> 00:14:57,060

investigation to be led by the data uh

329

00:15:02,569 --> 00:14:59,760

as opposed to just a bunch of spooky

330

00:15:04,610 --> 00:15:02,579

stories or anecdotal accounts uh as much

331

00:15:07,189 --> 00:15:04,620

as those are part of the the historical

332

00:15:08,870 --> 00:15:07,199

record and maybe important uh we're

333

00:15:10,430 --> 00:15:08,880

trying to be disciplined in the way

334

00:15:13,370 --> 00:15:10,440

we're going about this but it is crazy

335

00:15:15,769 --> 00:15:13,380

uh the ranch is something that uh I

336

00:15:17,329 --> 00:15:15,779

think catches everyone off guard

337

00:15:20,210 --> 00:15:17,339

um anyone who's come out there for any

338

00:15:21,970 --> 00:15:20,220

extended period of time ends up uh

339

00:15:24,949 --> 00:15:21,980

experiencing something whether it be

340

00:15:26,530 --> 00:15:24,959

completely unexplained uh equipment

341

00:15:29,930 --> 00:15:26,540

malfunctions

342

00:15:32,629 --> 00:15:29,940

uh electromagnetic anomalies are seeing

343

00:15:36,410 --> 00:15:32,639

literally UFO or UAP

344

00:15:38,569 --> 00:15:36,420

uh in the sky above the property and

345

00:15:41,269 --> 00:15:38,579

these aren't satellites it's not people

346

00:15:44,509 --> 00:15:41,279

getting out yeah night night vision uh

347

00:15:47,509 --> 00:15:44,519

and and and mistaking something for this

348

00:15:49,850 --> 00:15:47,519

you know starlink I mean these are very

349

00:15:51,949 --> 00:15:49,860

real events that attend some of our

350

00:15:55,430 --> 00:15:51,959

research and experimental activities

351

00:15:57,410 --> 00:15:55,440

that that are very difficult to account

352

00:15:59,810 --> 00:15:57,420

for or even explain

353

00:16:02,750 --> 00:15:59,820

you know the a lot of times it seems

354

00:16:06,069 --> 00:16:02,760

like some of the hot spots for say UFOs

355

00:16:09,290 --> 00:16:06,079

I'm talking mostly but a lot of times

356

00:16:11,329 --> 00:16:09,300

there's you know there's like uh copper

357

00:16:15,769 --> 00:16:11,339

deposits and you know certain different

358

00:16:17,750 --> 00:16:15,779

things geographically in areas and what

359

00:16:19,189 --> 00:16:17,760

would you uh I mean you know this may be

360

00:16:20,689 --> 00:16:19,199

a question for one of the scientists

361

00:16:23,990 --> 00:16:20,699

there but what would is there anything

362

00:16:26,689 --> 00:16:24,000

unique about the property as far as

363

00:16:28,610 --> 00:16:26,699

Metals Metals deposits or anything like

364

00:16:29,990 --> 00:16:28,620

that that you're a good question good

365

00:16:32,090 --> 00:16:30,000

question one of the things that I

366

00:16:34,370 --> 00:16:32,100

obtained early on the very beginning

367

00:16:37,970 --> 00:16:34,380

when I acquired the property was a soil

368

00:16:40,430 --> 00:16:37,980

study relative to the property it was uh

369

00:16:44,629 --> 00:16:40,440

it was very comprehensive nothing

370

00:16:47,509 --> 00:16:44,639

unusual noted in that soil study as as

371

00:16:48,730 --> 00:16:47,519

things have happened and as as we have

372

00:16:52,329 --> 00:16:48,740

documented

373

00:16:55,389 --> 00:16:52,339

uh our efforts we've brought

374

00:17:00,949 --> 00:16:55,399

environmental Consultants I mean qualtec

375

00:17:03,410 --> 00:17:00,959

uh semper environmental uh guideline Geo

376

00:17:04,970 --> 00:17:03,420

I mean a number of very credentialed

377

00:17:08,030 --> 00:17:04,980

third-party

378

00:17:12,710 --> 00:17:08,040

expert firms to test the environment to

379

00:17:14,929 --> 00:17:12,720

test the soil uh and and test the uh the

380

00:17:17,030 --> 00:17:14,939

ranch to see if there is a natural

381

00:17:19,010 --> 00:17:17,040

explanation is there is there some type

382

00:17:21,650 --> 00:17:19,020

of radioactive material stored on the

383

00:17:23,350 --> 00:17:21,660

property or something that is that you

384

00:17:26,990 --> 00:17:23,360

can assign cause to and the the

385

00:17:29,510 --> 00:17:27,000

disturbing thing is that in every case

386

00:17:31,610 --> 00:17:29,520

they found that whatever is creating

387

00:17:34,730 --> 00:17:31,620

this is is transient

388

00:17:37,669 --> 00:17:34,740

it's uh transient in nature and uh yeah

389

00:17:40,669 --> 00:17:37,679

with with one exception and that is as

390

00:17:45,470 --> 00:17:40,679

as we have delved into the Mesa and

391

00:17:47,570 --> 00:17:45,480

explored the uh the Earth there to just

392

00:17:50,150 --> 00:17:47,580

to see if there is anything unusual we

393

00:17:52,549 --> 00:17:50,160

have we've had surprising results uh

394

00:17:54,890 --> 00:17:52,559

anyone who has been following our

395

00:17:57,110 --> 00:17:54,900

journey knows that we pulled out of the

396

00:17:59,870 --> 00:17:57,120

Mesa I mean 400 feet

397

00:18:03,370 --> 00:17:59,880

into the depths of this Mesa Plateau we

398

00:18:05,150 --> 00:18:03,380

pulled out uh

399

00:18:06,230 --> 00:18:05,160

metallic

400

00:18:09,110 --> 00:18:06,240

uh

401
00:18:12,190 --> 00:18:09,120
objects I mean that that according to

402
00:18:16,010 --> 00:18:12,200
experts is not naturally occurring

403
00:18:18,350 --> 00:18:16,020
as far as its composition that has been

404
00:18:20,029 --> 00:18:18,360
very very intriguing and the events that

405
00:18:21,890 --> 00:18:20,039
have occurred in tandem with that

406
00:18:24,950 --> 00:18:21,900
digging activity I mean we're talking

407
00:18:27,409 --> 00:18:24,960
about just crazy equipment malfunctions

408
00:18:30,710 --> 00:18:27,419
and failures and even one of our team

409
00:18:33,830 --> 00:18:30,720
ended up having a cardiac

410
00:18:36,049 --> 00:18:33,840
uh arrest had it had had an incident a

411
00:18:37,789 --> 00:18:36,059
health incident that occurred

412
00:18:40,370 --> 00:18:37,799
simultaneous with some of our most

413
00:18:42,950 --> 00:18:40,380

aggressive digging activity and had to

414

00:18:44,930 --> 00:18:42,960

be run to the emergency room uh there's

415

00:18:48,470 --> 00:18:44,940

something going on there is some

416

00:18:50,750 --> 00:18:48,480

something I think that uh that Lies

417

00:18:53,029 --> 00:18:50,760

Beneath this property as well as above

418

00:18:57,049 --> 00:18:53,039

the property that's that

419

00:18:59,750 --> 00:18:57,059

devise any any conventional explanation

420

00:19:01,190 --> 00:18:59,760

uh and we're we're trying to get to the

421

00:19:03,590 --> 00:19:01,200

bottom of it

422

00:19:05,029 --> 00:19:03,600

right going back to you mentioned

423

00:19:07,010 --> 00:19:05,039

Bigelow

424

00:19:08,210 --> 00:19:07,020

um earlier who whom you bought the ranch

425

00:19:11,750 --> 00:19:08,220

from

426

00:19:14,630 --> 00:19:11,760

um so he was involved basically it was

427

00:19:16,970 --> 00:19:14,640

sort of a government situation the

428

00:19:19,070 --> 00:19:16,980

Pentagon was involved am I getting this

429

00:19:23,029 --> 00:19:19,080

right with funding at least for research

430

00:19:25,130 --> 00:19:23,039

there yeah the ranch yeah the ranch was

431

00:19:27,710 --> 00:19:25,140

was at the center of the pentagon-funded

432

00:19:31,250 --> 00:19:27,720

black budget program between 2008 and I

433

00:19:33,830 --> 00:19:31,260

believe 2013 when that concluded and was

434

00:19:36,890 --> 00:19:33,840

terminated uh Mr Bigelow has has

435

00:19:40,669 --> 00:19:36,900

remained uh fairly tight-lipped relative

436

00:19:43,810 --> 00:19:40,679

to you know what was documented uh that

437

00:19:46,490 --> 00:19:43,820

is either confidential or classified

438

00:19:48,650 --> 00:19:46,500

uh when I acquired the ranch I acquired

439

00:19:50,270 --> 00:19:48,660

it with no data with with nothing turned

440

00:19:51,190 --> 00:19:50,280

over and really started with a clean

441

00:19:53,750 --> 00:19:51,200

slate

442

00:19:55,850 --> 00:19:53,760

and frankly I'm thankful for that I

443

00:19:59,450 --> 00:19:55,860

believe that starting you know with a

444

00:20:03,710 --> 00:19:59,460

with with the clean Baseline and a a new

445

00:20:07,070 --> 00:20:03,720

team uh that was skeptical I mean my my

446

00:20:10,549 --> 00:20:07,080

principal investigator my chief

447

00:20:13,490 --> 00:20:10,559

scientist came on the property as a as

448

00:20:17,390 --> 00:20:13,500

an absolute skeptic a Critic he believed

449

00:20:20,630 --> 00:20:17,400

that there was a natural explanation and

450

00:20:22,909 --> 00:20:20,640

was determined to uh to prove that there

451
00:20:25,970 --> 00:20:22,919
was some type of any luminous phenomena

452
00:20:30,110 --> 00:20:25,980
was was naturally caused and that that

453
00:20:31,730 --> 00:20:30,120
maybe the geology itself somehow uh was

454
00:20:35,090 --> 00:20:31,740
involved with creating some of the

455
00:20:37,549 --> 00:20:35,100
events and even hallucinations that uh

456
00:20:39,890 --> 00:20:37,559
that that people were were claiming

457
00:20:42,169 --> 00:20:39,900
could be could be involved and what we

458
00:20:44,750 --> 00:20:42,179
found is that it that really isn't the

459
00:20:47,810 --> 00:20:44,760
case I would love to have some type of

460
00:20:50,930 --> 00:20:47,820
mundane natural explanation uh but what

461
00:20:54,710 --> 00:20:50,940
we have witnessed is anything but

462
00:20:55,789 --> 00:20:54,720
right uh don't you think it's rather odd

463
00:20:57,890 --> 00:20:55,799

that

464

00:21:00,529 --> 00:20:57,900

the government had an involvement it's

465

00:21:02,450 --> 00:21:00,539

one time and now they're surveilling

466

00:21:06,370 --> 00:21:02,460

you know do you think they're just

467

00:21:08,890 --> 00:21:06,380

curious what's ongoing well

468

00:21:12,710 --> 00:21:08,900

these are unmarked

469

00:21:16,090 --> 00:21:12,720

helicopters that are not transponding

470

00:21:18,950 --> 00:21:16,100

so not transponding yeah wow

471

00:21:21,230 --> 00:21:18,960

and and you've seen this in the past in

472

00:21:24,169 --> 00:21:21,240

some cases but I don't want to I've got

473

00:21:27,590 --> 00:21:24,179

to be very careful because all will be

474

00:21:30,110 --> 00:21:27,600

revealed but uh I'm telling you it is

475

00:21:33,049 --> 00:21:30,120

it's it is very mysterious and

476

00:21:35,870 --> 00:21:33,059

suspicious and and it's concerning the

477

00:21:38,090 --> 00:21:35,880

timing associated with the surveillance

478

00:21:40,130 --> 00:21:38,100

activity and the fact that it

479

00:21:43,310 --> 00:21:40,140

corresponds with some of the most

480

00:21:47,090 --> 00:21:43,320

dramatic events that have occurred

481

00:21:50,270 --> 00:21:47,100

and it's it's quite sobering I mean and

482

00:21:52,669 --> 00:21:50,280

I think it at times my team has felt

483

00:21:56,029 --> 00:21:52,679

like they've been placed In Harm's Way

484

00:21:58,370 --> 00:21:56,039

huh wow uh here's a question from the

485

00:22:00,250 --> 00:21:58,380

chat room from Stephen why would Bigelow

486

00:22:04,490 --> 00:22:00,260

sell a magic Ranch

487

00:22:08,330 --> 00:22:04,500

well at the time I was I was I was under

488

00:22:11,630 --> 00:22:08,340

the the assumption that he was too busy

489

00:22:14,090 --> 00:22:11,640

and grown very very much

490

00:22:15,470 --> 00:22:14,100

um involved with his Aerospace Endeavors

491

00:22:17,270 --> 00:22:15,480

you know really positioning to be the

492

00:22:19,549 --> 00:22:17,280

real estate developer of space he bought

493

00:22:22,070 --> 00:22:19,559

the the space habitats program from

494

00:22:24,950 --> 00:22:22,080

Nasser the Inflatables yeah program and

495

00:22:27,289 --> 00:22:24,960

I think he was he was working very

496

00:22:31,669 --> 00:22:27,299

aggressively to to

497

00:22:35,930 --> 00:22:31,679

deploy that and work with NASA and other

498

00:22:38,450 --> 00:22:35,940

Enterprises like SpaceX to uh to advance

499

00:22:41,390 --> 00:22:38,460

those Endeavors but I I think as time

500

00:22:44,390 --> 00:22:41,400

has gone by it it has been revealed that

501
00:22:46,250 --> 00:22:44,400
Mr Bigelow had some negative experiences

502
00:22:48,649 --> 00:22:46,260
or at least attributed some of the

503
00:22:52,669 --> 00:22:48,659
negative experiences that he had to his

504
00:22:56,029 --> 00:22:52,679
ownership of the ranch and I think that

505
00:22:58,730 --> 00:22:56,039
was that was a motivation for ultimately

506
00:23:01,370 --> 00:22:58,740
selling it to me was to

507
00:23:06,049 --> 00:23:01,380
to not only pass the stewardship but to

508
00:23:13,370 --> 00:23:09,289
rid himself of uh you know some of the

509
00:23:15,710 --> 00:23:13,380
negative aspects uh that he encountered

510
00:23:19,490 --> 00:23:15,720
associated with his ownership and are

511
00:23:22,029 --> 00:23:19,500
you feeling any of those no no I've been

512
00:23:24,350 --> 00:23:22,039
fortunate I uh I have not had

513
00:23:26,450 --> 00:23:24,360

Poltergeist phenomena

514

00:23:28,669 --> 00:23:26,460

The Hitchhiker effect or anything like

515

00:23:31,190 --> 00:23:28,679

that follow me home personally I've been

516

00:23:32,930 --> 00:23:31,200

I've been very fortunate uh that I I

517

00:23:36,549 --> 00:23:32,940

have not experienced that I I've

518

00:23:39,110 --> 00:23:36,559

witnessed uh just

519

00:23:40,970 --> 00:23:39,120

extraordinary things on the property but

520

00:23:42,710 --> 00:23:40,980

I have not had anything

521

00:23:46,490 --> 00:23:42,720

follow me home

522

00:23:49,490 --> 00:23:46,500

have you ever been like actually scared

523

00:23:50,810 --> 00:23:49,500

yes there have been a number of times

524

00:23:55,669 --> 00:23:50,820

where

525

00:23:57,890 --> 00:23:55,679

I was overcome with absolute Terror hmm

526

00:23:59,750 --> 00:23:57,900

uh on the property

527

00:24:01,789 --> 00:23:59,760

uh and

528

00:24:05,510 --> 00:24:01,799

these were not just at night during

529

00:24:06,529 --> 00:24:05,520

nighttime events uh you know some of the

530

00:24:07,970 --> 00:24:06,539

most

531

00:24:11,149 --> 00:24:07,980

uh

532

00:24:18,430 --> 00:24:13,549

incidents have occurred in broad

533

00:24:21,289 --> 00:24:18,440

daylight and and at the most

534

00:24:24,110 --> 00:24:21,299

unexpected times

535

00:24:26,870 --> 00:24:24,120

so yes honestly I have I've

536

00:24:31,669 --> 00:24:26,880

experienced fear Terror

537

00:24:35,029 --> 00:24:31,679

unlike anything else in my life hmm wow

538

00:24:35,750 --> 00:24:35,039

prior to the ranch while I've been out

539

00:24:37,730 --> 00:24:35,760

there

540

00:24:40,310 --> 00:24:37,740

well on a dare I would not sleep

541

00:24:42,590 --> 00:24:40,320

overnight under the stars there and

542

00:24:44,930 --> 00:24:42,600

there's no way I would yeah I mean I'd

543

00:24:47,390 --> 00:24:44,940

be absolutely petrified too but well I

544

00:24:49,850 --> 00:24:47,400

don't know I I have to also say I I went

545

00:24:51,710 --> 00:24:49,860

six months the first six months of my

546

00:24:54,590 --> 00:24:51,720

ownership I didn't I didn't experience

547

00:24:56,930 --> 00:24:54,600

anything unusual or negative and I was

548

00:24:59,390 --> 00:24:56,940

going out there regularly for briefings

549

00:25:01,370 --> 00:24:59,400

and to to check on what was happening

550

00:25:02,990 --> 00:25:01,380

with the ranch and uh

551
00:25:07,750 --> 00:25:03,000
and

552
00:25:11,270 --> 00:25:07,760
strikingly beautiful

553
00:25:14,270 --> 00:25:11,280
landscape in place but it was only after

554
00:25:16,730 --> 00:25:14,280
a six you know six month period that uh

555
00:25:19,789 --> 00:25:16,740
that I ended up having my own

556
00:25:22,610 --> 00:25:19,799
uh undeniable experience with Witnesses

557
00:25:25,130 --> 00:25:22,620
at my side and that was game changing

558
00:25:26,990 --> 00:25:25,140
for me so I tell people all the time I

559
00:25:30,110 --> 00:25:27,000
even told the History Channel when we

560
00:25:32,630 --> 00:25:30,120
convinced uh uh you know really filming

561
00:25:35,330 --> 00:25:32,640
the docu-series that they could very

562
00:25:39,789 --> 00:25:35,340
well come out and film for three to four

563
00:25:42,890 --> 00:25:39,799

months and not get anything unusual uh

564

00:25:44,630 --> 00:25:42,900

this is totally unpredictable and

565

00:25:49,909 --> 00:25:44,640

historically it's had that situation

566

00:25:51,890 --> 00:25:49,919

happen yeah prolonged stretches and what

567

00:25:53,510 --> 00:25:51,900

if you don't mind what was that

568

00:25:58,010 --> 00:25:53,520

experience

569

00:26:01,789 --> 00:25:58,020

uh uh it it was uh UFO sighting in broad

570

00:26:05,390 --> 00:26:01,799

daylight October 14th of 2016 at four

571

00:26:09,230 --> 00:26:05,400

o'clock in the afternoon I was uh

572

00:26:10,549 --> 00:26:09,240

I was hosting a dignitary that had two

573

00:26:14,630 --> 00:26:10,559

security

574

00:26:16,669 --> 00:26:14,640

uh people with him to to uh to watch it

575

00:26:19,430 --> 00:26:16,679

after him and both of those individuals

576

00:26:22,909 --> 00:26:19,440

profess their skepticism as I did early

577

00:26:24,190 --> 00:26:22,919

in the day and we found ourselves in

578

00:26:27,590 --> 00:26:24,200

late afternoon

579

00:26:31,430 --> 00:26:27,600

witnessing all simultaneously what can

580

00:26:34,070 --> 00:26:31,440

only be described as a a UFO a craft 40

581

00:26:36,409 --> 00:26:34,080

to 50 foot long silver grayish disc like

582

00:26:39,830 --> 00:26:36,419

object that was hovering right above the

583

00:26:41,690 --> 00:26:39,840

Mesa in front of us and maneuvered with

584

00:26:43,730 --> 00:26:41,700

split second speed

585

00:26:46,549 --> 00:26:43,740

and uh

586

00:26:49,970 --> 00:26:46,559

and within about 20 seconds after

587

00:26:54,230 --> 00:26:49,980

darting about and uh

588

00:26:56,330 --> 00:26:54,240

and just leaving us shocked it was gone

589

00:26:59,450 --> 00:26:56,340

the whole event lasted about 20 seconds

590

00:27:03,049 --> 00:26:59,460

and then it was over but it it changed

591

00:27:06,890 --> 00:27:03,059

me from a healthy skeptic to not just a

592

00:27:09,470 --> 00:27:06,900

believer but an experimenter yeah and uh

593

00:27:12,769 --> 00:27:09,480

from that point forward I I was

594

00:27:16,549 --> 00:27:12,779

determined to invest the resources

595

00:27:18,470 --> 00:27:16,559

uh into really understanding the nature

596

00:27:21,289 --> 00:27:18,480

of what is happening

597

00:27:23,510 --> 00:27:21,299

on this uh this mysterious piece of

598

00:27:25,370 --> 00:27:23,520

property this 512 Acres that is out in

599

00:27:28,130 --> 00:27:25,380

the middle of nowhere out in the middle

600

00:27:29,690 --> 00:27:28,140

of the Uinta Basin surrounded by tribal

601
00:27:32,450 --> 00:27:29,700
property

602
00:27:35,870 --> 00:27:32,460
if you were to I mean it's only a

603
00:27:36,830 --> 00:27:35,880
speculative question but why do you

604
00:27:40,850 --> 00:27:36,840
think

605
00:27:45,169 --> 00:27:43,070
uh we don't know that's one thing that

606
00:27:46,610 --> 00:27:45,179
we're trying to get to the bottom of is

607
00:27:50,049 --> 00:27:46,620
uh

608
00:27:53,510 --> 00:27:50,059
is really why this place and why is

609
00:27:57,049 --> 00:27:53,520
Skinwalker Ranch experiencing this

610
00:27:59,330 --> 00:27:57,059
activity uh is it the geology I mean it

611
00:28:01,850 --> 00:27:59,340
is right in the dead center of the Uinta

612
00:28:04,990 --> 00:28:01,860
Basin which is a big bull which is is

613
00:28:07,789 --> 00:28:05,000

truly a basin-like formation out there

614

00:28:09,649 --> 00:28:07,799

uh you know that may

615

00:28:11,990 --> 00:28:09,659

that may have something to do with it

616

00:28:13,789 --> 00:28:12,000

and that's something that we discuss

617

00:28:16,610 --> 00:28:13,799

um in our research and even on the

618

00:28:18,529 --> 00:28:16,620

series but uh we're not quite sure that

619

00:28:22,130 --> 00:28:18,539

it may it may have something to do with

620

00:28:24,950 --> 00:28:22,140

uh uh what is buried in the Mesa we

621

00:28:28,070 --> 00:28:24,960

believe that there may be something uh

622

00:28:31,250 --> 00:28:28,080

unusual on the property that is a

623

00:28:32,690 --> 00:28:31,260

contributing factor that is that is you

624

00:28:36,289 --> 00:28:32,700

know part of the

625

00:28:38,210 --> 00:28:36,299

the Catalyst if you will uh I mean we've

626

00:28:41,149 --> 00:28:38,220

we've had scientists that have

627

00:28:44,049 --> 00:28:41,159

speculated that there are portals on the

628

00:28:47,750 --> 00:28:44,059

property right we've had I mean GPS

629

00:28:49,610 --> 00:28:47,760

malfunctions uh all sorts of as I

630

00:28:53,870 --> 00:28:49,620

mentioned electromagnetic anomalies that

631

00:28:55,610 --> 00:28:53,880

defy any explanation to date and even I

632

00:28:58,789 --> 00:28:55,620

mean we have compasses that just without

633

00:29:02,570 --> 00:28:58,799

without warning will start spinning uh

634

00:29:05,049 --> 00:29:02,580

and and these are Analog Devices that uh

635

00:29:08,409 --> 00:29:05,059

that malfunction as well as Samsung

636

00:29:11,870 --> 00:29:08,419

Galaxy and iPhone devices that

637

00:29:15,529 --> 00:29:11,880

simultaneously end up uh malfunctioning

638

00:29:19,490 --> 00:29:15,539

and and wiggling out uh all captured on

639

00:29:21,230 --> 00:29:19,500

camera and and uh yeah there is

640

00:29:24,049 --> 00:29:21,240

something definitely going on that is

641

00:29:26,149 --> 00:29:24,059

very very unusual and there's other you

642

00:29:28,549 --> 00:29:26,159

know there's other places but you know I

643

00:29:31,250 --> 00:29:28,559

would say the most talked about for many

644

00:29:33,830 --> 00:29:31,260

uh years well that that I've been

645

00:29:35,750 --> 00:29:33,840

looking into this topic has been the

646

00:29:37,549 --> 00:29:35,760

Skinwalker Ranch there are some people

647

00:29:40,549 --> 00:29:37,559

that say well that's a Skinwalker Ranch

648

00:29:42,769 --> 00:29:40,559

of you know uh Georgia or you know I

649

00:29:45,950 --> 00:29:42,779

mean they'll they'll they'll have areas

650

00:29:49,190 --> 00:29:45,960

where all these odd you know things seem

651
00:29:52,430 --> 00:29:49,200
to happen which is uh which is really

652
00:29:54,529 --> 00:29:52,440
you know uh quite amazing and you know

653
00:29:56,810 --> 00:29:54,539
hard to figure

654
00:29:58,750 --> 00:29:56,820
um the Shermans before you know they

655
00:30:00,950 --> 00:29:58,760
bought that ranch

656
00:30:03,769 --> 00:30:00,960
are you aware I don't remember reading

657
00:30:05,389 --> 00:30:03,779
in George Knapp's book of the previous

658
00:30:08,090 --> 00:30:05,399
owners

659
00:30:10,070 --> 00:30:08,100
you know reporting any type of situation

660
00:30:12,889 --> 00:30:10,080
I wonder if anyone tried to look them up

661
00:30:15,110 --> 00:30:12,899
and interview them sure well the Myers

662
00:30:17,990 --> 00:30:15,120
Kenneth and Edith Myers

663
00:30:20,570 --> 00:30:18,000

who owned the ranch for decades before

664

00:30:23,330 --> 00:30:20,580

selling it uh before their

665

00:30:26,450 --> 00:30:23,340

their it was really their

666

00:30:28,430 --> 00:30:26,460

their brother-in-law that ended up

667

00:30:30,649 --> 00:30:28,440

selling the property ultimately after

668

00:30:34,610 --> 00:30:30,659

they died after they'd passed to the

669

00:30:37,430 --> 00:30:34,620

Shermans but the Myers uh Kenneth Myers

670

00:30:39,889 --> 00:30:37,440

had incidents occur

671

00:30:42,289 --> 00:30:39,899

that were documented at least I mean and

672

00:30:45,889 --> 00:30:42,299

reported on really by uh you know we had

673

00:30:47,810 --> 00:30:45,899

Deputy Sheriff Chris porritt who uh who

674

00:30:50,510 --> 00:30:47,820

who has appeared on the docu-series and

675

00:30:52,549 --> 00:30:50,520

for the first time went public with the

676

00:30:55,010 --> 00:30:52,559

fact that back in the 80s

677

00:30:57,669 --> 00:30:55,020

he was responding to incidents and in

678

00:31:00,230 --> 00:30:57,679

his capacity as deputy sheriff

679

00:31:01,909 --> 00:31:00,240

incidents of everything from bizarre

680

00:31:06,169 --> 00:31:01,919

cattle mutilations that were occurring

681

00:31:09,289 --> 00:31:06,179

on the property to uh UFO activity and

682

00:31:13,010 --> 00:31:09,299

other strangeness that was occurring uh

683

00:31:15,850 --> 00:31:13,020

with with respect to the cattle and and

684

00:31:18,289 --> 00:31:15,860

the environment and and we've had other

685

00:31:20,510 --> 00:31:18,299

independent credible Witnesses step

686

00:31:23,450 --> 00:31:20,520

forward with their own testimony over

687

00:31:26,210 --> 00:31:23,460

the course the last few years that uh

688

00:31:27,649 --> 00:31:26,220

that have gone on record with with the

689

00:31:30,649 --> 00:31:27,659

fact that this didn't start with the

690

00:31:32,210 --> 00:31:30,659

Shermans or Bigelow this is this is

691

00:31:33,889 --> 00:31:32,220

something that has been going on for a

692

00:31:36,769 --> 00:31:33,899

very long time for decades if not

693

00:31:39,350 --> 00:31:36,779

millennia before uh

694

00:31:42,529 --> 00:31:39,360

before the present ownership or at least

695

00:31:44,149 --> 00:31:42,539

the you know the the recent decades so

696

00:31:47,930 --> 00:31:44,159

it it's something that has been

697

00:31:50,029 --> 00:31:47,940

occurring for some time and uh

698

00:31:52,549 --> 00:31:50,039

and and we're trying to get to the

699

00:31:54,710 --> 00:31:52,559

bottom of it now when you meant as soon

700

00:31:55,730 --> 00:31:54,720

as you mentioned the name Myers now I'm

701
00:31:57,830 --> 00:31:55,740
thinking that it might have been in

702
00:32:00,470 --> 00:31:57,840
George Knapp's book because I remember

703
00:32:02,630 --> 00:32:00,480
that name now or or either that or we

704
00:32:05,389 --> 00:32:02,640
talked about it before I I I'm not

705
00:32:08,149 --> 00:32:05,399
really sure but here's a question from

706
00:32:09,769 --> 00:32:08,159
the chat what would you oh what would be

707
00:32:13,730 --> 00:32:09,779
your most incredible piece of data

708
00:32:16,130 --> 00:32:13,740
evidence for uh your team has collected

709
00:32:18,250 --> 00:32:16,140
at the ranch in your opinion great great

710
00:32:20,870 --> 00:32:18,260
question Brett there's a whole

711
00:32:22,669 --> 00:32:20,880
constellation of of evidence and

712
00:32:24,049 --> 00:32:22,679
activities that have occurred that uh

713
00:32:25,310 --> 00:32:24,059

constitute I think some of the best

714

00:32:27,529 --> 00:32:25,320

evidence

715

00:32:31,310 --> 00:32:27,539

um we had a you know one of the the most

716

00:32:34,370 --> 00:32:31,320

compelling incidents and uh

717

00:32:36,230 --> 00:32:34,380

and it had we have the data from that

718

00:32:39,049 --> 00:32:36,240

incident was the experiment involving

719

00:32:40,730 --> 00:32:39,059

the astronomers we had a group of uh

720

00:32:45,049 --> 00:32:40,740

astronomers that came out to the ranch

721

00:32:46,610 --> 00:32:45,059

with their their equipment and uh they

722

00:32:47,510 --> 00:32:46,620

their equipment which was a closed

723

00:32:51,230 --> 00:32:47,520

system

724

00:32:53,750 --> 00:32:51,240

ended up being manipulated in in tandem

725

00:32:58,130 --> 00:32:53,760

with that experimental activity and they

726

00:33:01,010 --> 00:32:58,140

all witnessed uh a UFO they ended up

727

00:33:03,110 --> 00:33:01,020

witnessing right above the triangle and

728

00:33:05,090 --> 00:33:03,120

where they were trying to to Really

729

00:33:06,289 --> 00:33:05,100

Point their instruments with with a lot

730

00:33:08,470 --> 00:33:06,299

of difficulty because of the

731

00:33:13,509 --> 00:33:08,480

malfunctions uh

732

00:33:15,950 --> 00:33:13,519

a a UFO and uh so again you have

733

00:33:19,430 --> 00:33:15,960

electromagnetic anomalies equipment

734

00:33:22,330 --> 00:33:19,440

malfunction UFOs appearing that do not

735

00:33:26,810 --> 00:33:22,340

match up with anything as far as the the

736

00:33:28,970 --> 00:33:26,820

satellites or or any air traffic that is

737

00:33:30,769 --> 00:33:28,980

uh that is being monitored in the Basin

738

00:33:33,350 --> 00:33:30,779

and then you have you know Witnesses

739

00:33:35,149 --> 00:33:33,360

along with the the video evidence of of

740

00:33:38,450 --> 00:33:35,159

those events

741

00:33:40,490 --> 00:33:38,460

um and and you also have you know things

742

00:33:43,310 --> 00:33:40,500

showing up with our Spectrum analyzers

743

00:33:45,710 --> 00:33:43,320

as well all of that combined data which

744

00:33:49,669 --> 00:33:45,720

you know with each incident involves

745

00:33:52,730 --> 00:33:49,679

terabytes of data uh constitutes some of

746

00:33:54,649 --> 00:33:52,740

the the best evidence uh that that we've

747

00:33:56,810 --> 00:33:54,659

we've actually collected out on the

748

00:33:59,690 --> 00:33:56,820

property we you know we've we're about

749

00:34:01,250 --> 00:33:59,700

ready to I think unveil uh some of the

750

00:34:03,529 --> 00:34:01,260

the most compelling evidence in the

751
00:34:06,529 --> 00:34:03,539
weeks ahead and that's why we've been so

752
00:34:08,629 --> 00:34:06,539
excited to uh to unveil season four and

753
00:34:11,810 --> 00:34:08,639
this isn't meant to be a tease it's this

754
00:34:13,310 --> 00:34:11,820
is I mean I'm I'm an excited Steward and

755
00:34:15,530 --> 00:34:13,320
participant

756
00:34:19,010 --> 00:34:15,540
um what we are going to be presenting to

757
00:34:21,290 --> 00:34:19,020
the public is uh is I think some of the

758
00:34:24,470 --> 00:34:21,300
the most compelling documentary evidence

759
00:34:28,190 --> 00:34:24,480
of the the reality of the phenomena and

760
00:34:29,570 --> 00:34:28,200
and the fact that we may not be alone in

761
00:34:31,849 --> 00:34:29,580
the universe or at least that there are

762
00:34:33,710 --> 00:34:31,859
our reality is much more complex

763
00:34:37,550 --> 00:34:33,720

than it might seem

764

00:34:38,930 --> 00:34:37,560

right right and do you think that

765

00:34:42,950 --> 00:34:38,940

um

766

00:34:45,050 --> 00:34:42,960

since the last few years that the UFO

767

00:34:47,810 --> 00:34:45,060

topic is less taboo do you think that's

768

00:34:50,990 --> 00:34:47,820

actually helping with your work in some

769

00:34:54,409 --> 00:34:51,000

way sure when when you have decorated

770

00:34:56,629 --> 00:34:54,419

fighter pilots radar technicians law

771

00:34:58,010 --> 00:34:56,639

enforcement all bravely now coming

772

00:34:59,570 --> 00:34:58,020

forward with their own first-hand

773

00:35:01,970 --> 00:34:59,580

accounts

774

00:35:03,890 --> 00:35:01,980

uh

775

00:35:06,530 --> 00:35:03,900

it's

776

00:35:10,550 --> 00:35:06,540

I think it is it is opening the doors

777

00:35:11,810 --> 00:35:10,560

and at least making these topics uh much

778

00:35:14,569 --> 00:35:11,820

more

779

00:35:17,270 --> 00:35:14,579

credible to approach and discuss

780

00:35:19,010 --> 00:35:17,280

I I think there was a giggle Factor

781

00:35:20,329 --> 00:35:19,020

associated with these topics that had

782

00:35:23,150 --> 00:35:20,339

been programmed into the public

783

00:35:25,550 --> 00:35:23,160

Consciousness for decades a very active

784

00:35:27,170 --> 00:35:25,560

disinformation campaign I think we still

785

00:35:29,690 --> 00:35:27,180

see that to a degree with some of our

786

00:35:32,089 --> 00:35:29,700

media and some of the the so-called

787

00:35:34,130 --> 00:35:32,099

Skeptics out there but it doesn't change

788

00:35:37,010 --> 00:35:34,140

the fact that it it's real it is

789

00:35:39,050 --> 00:35:37,020

happening we have objects of unknown or

790

00:35:41,270 --> 00:35:39,060

origin that are violating our our

791

00:35:45,230 --> 00:35:41,280

airspace indiscriminately that are that

792

00:35:47,089 --> 00:35:45,240

are operating using uh at least some

793

00:35:49,250 --> 00:35:47,099

type of advanced physics or propulsion

794

00:35:54,050 --> 00:35:49,260

and

795

00:35:57,050 --> 00:35:54,060

witnessing a uh

796

00:36:00,310 --> 00:35:57,060

an incredible time of Discovery I mean

797

00:36:03,470 --> 00:36:00,320

this is Frontier science at its best

798

00:36:06,470 --> 00:36:03,480

and uh and I'm thankful that we're we're

799

00:36:07,550 --> 00:36:06,480

a part of hopefully cracking the door

800

00:36:10,970 --> 00:36:07,560

open

801
00:36:13,849 --> 00:36:10,980
uh to to Really bringing the reality of

802
00:36:14,650 --> 00:36:13,859
some of these these topics and incidents

803
00:36:16,970 --> 00:36:14,660
forward

804
00:36:20,750 --> 00:36:16,980
speaking of cracking the door open

805
00:36:22,670 --> 00:36:20,760
Travis Taylor Dr Travis Taylor uh he

806
00:36:25,130 --> 00:36:22,680
reveals on episode one this public

807
00:36:29,210 --> 00:36:25,140
knowledge that he's now been chosen as

808
00:36:32,810 --> 00:36:29,220
Chief science uh Chief scientist for the

809
00:36:34,970 --> 00:36:32,820
uh pentagon's UAP task force that was

810
00:36:38,030 --> 00:36:34,980
pretty exciting for you to reveal right

811
00:36:42,950 --> 00:36:38,040
off the bat well yeah I mean and it was

812
00:36:44,690 --> 00:36:42,960
shocking I mean to to learn that the the

813
00:36:47,270 --> 00:36:44,700

Consulting physicists that have been

814

00:36:49,849 --> 00:36:47,280

brought in was had been acting for

815

00:36:52,490 --> 00:36:49,859

several years as the chief scientist

816

00:36:55,190 --> 00:36:52,500

for the pentagon's UAP task force and

817

00:36:56,690 --> 00:36:55,200

that he'd been doing so you know really

818

00:36:59,630 --> 00:36:56,700

Bound by

819

00:37:02,569 --> 00:36:59,640

National Security Oaths and and not able

820

00:37:06,530 --> 00:37:02,579

to to tell us it

821

00:37:09,410 --> 00:37:06,540

it was it was aggravating to members of

822

00:37:13,010 --> 00:37:09,420

my team there were there were several of

823

00:37:15,829 --> 00:37:13,020

my team that uh that were angry with Dr

824

00:37:17,990 --> 00:37:15,839

Taylor to be candid they felt betrayed

825

00:37:19,550 --> 00:37:18,000

they felt like he should have he should

826

00:37:21,410 --> 00:37:19,560

have been more forthcoming that he

827

00:37:24,530 --> 00:37:21,420

should have revealed that to us but Dr

828

00:37:27,770 --> 00:37:24,540

Taylor was very quick to

829

00:37:29,750 --> 00:37:27,780

to point out that he was he was bound by

830

00:37:32,870 --> 00:37:29,760

certain confidentiality agreements in

831

00:37:36,050 --> 00:37:32,880

his role and and was not in a position

832

00:37:37,730 --> 00:37:36,060

to to breach that and I well of course I

833

00:37:39,829 --> 00:37:37,740

mean I have to respect that I mean yeah

834

00:37:41,510 --> 00:37:39,839

when it comes down to it I I have to

835

00:37:44,150 --> 00:37:41,520

respect that he was willing to keep

836

00:37:46,430 --> 00:37:44,160

those confidences and that he really did

837

00:37:48,950 --> 00:37:46,440

take his role seriously this wasn't just

838

00:37:52,329 --> 00:37:48,960

some Lark this wasn't some live-action

839

00:37:56,410 --> 00:37:52,339

role-playing baloney you know Dr Taylor

840

00:37:58,670 --> 00:37:56,420

was was taking not only that that that

841

00:38:02,630 --> 00:37:58,680

responsibility seriously but he was

842

00:38:05,510 --> 00:38:02,640

continuing to act in his role as a

843

00:38:10,730 --> 00:38:05,520

as a physicist and as as a part of our

844

00:38:12,589 --> 00:38:10,740

team our expanded team so I it it was it

845

00:38:14,870 --> 00:38:12,599

was something we had to work through as

846

00:38:17,210 --> 00:38:14,880

a team to be honest with you yeah it was

847

00:38:19,430 --> 00:38:17,220

not met with a lot of enthusiasm I will

848

00:38:22,670 --> 00:38:19,440

tell you uh there was a lot of

849

00:38:25,430 --> 00:38:22,680

hesitation and there were some there was

850

00:38:28,490 --> 00:38:25,440

there were some hard feelings I mean it

851
00:38:31,130 --> 00:38:28,500
dragon in particular was pissed off yeah

852
00:38:34,310 --> 00:38:31,140
well he likes being pissed off right

853
00:38:35,990 --> 00:38:34,320
well yeah I mean he yeah he felt so he

854
00:38:38,089 --> 00:38:36,000
felt like that that was something that

855
00:38:39,770 --> 00:38:38,099
should have been disclosed but there

856
00:38:41,089 --> 00:38:39,780
have been all sorts of Revelations and I

857
00:38:43,490 --> 00:38:41,099
think that's what you're going to see

858
00:38:45,430 --> 00:38:43,500
with this season four that starts airing

859
00:38:48,349 --> 00:38:45,440
tonight is you're going to see

860
00:38:51,170 --> 00:38:48,359
Revelations the 14 episodes that we'll

861
00:38:53,510 --> 00:38:51,180
be unveiling in the weeks ahead

862
00:38:55,550 --> 00:38:53,520
um are revelatory and and I think it's

863
00:38:58,310 --> 00:38:55,560

it's a part of the journey we're it's a

864

00:39:00,589 --> 00:38:58,320

learning process as well there is a lot

865

00:39:03,109 --> 00:39:00,599

that we are learning I mean there are

866

00:39:06,290 --> 00:39:03,119

dead ends there are experiments and

867

00:39:08,750 --> 00:39:06,300

activities that that you know are you

868

00:39:11,450 --> 00:39:08,760

know that that don't bear fruit and

869

00:39:13,550 --> 00:39:11,460

that's okay yeah um I

870

00:39:16,069 --> 00:39:13,560

it's it's all part of the learning

871

00:39:18,410 --> 00:39:16,079

process and it's it's part of science

872

00:39:20,690 --> 00:39:18,420

Discovery Well it's like a fishing

873

00:39:22,430 --> 00:39:20,700

Expedition you know you you don't know

874

00:39:25,250 --> 00:39:22,440

what's going to happen and something

875

00:39:28,010 --> 00:39:25,260

that's non-repeatable you know you just

876

00:39:29,770 --> 00:39:28,020

or you try to make it repeatable but you

877

00:39:33,170 --> 00:39:29,780

know like again we were talking about

878

00:39:34,430 --> 00:39:33,180

1.6 gigahertz or I believe that's what

879

00:39:37,130 --> 00:39:34,440

it was

880

00:39:38,030 --> 00:39:37,140

um that was something that you use to

881

00:39:40,310 --> 00:39:38,040

try to

882

00:39:42,829 --> 00:39:40,320

agitate or whatever you were trying to

883

00:39:44,930 --> 00:39:42,839

do to try to make something uh occur

884

00:39:47,870 --> 00:39:44,940

which uh I don't want to give too much

885

00:39:51,410 --> 00:39:47,880

away but it's it's very interesting

886

00:39:53,870 --> 00:39:51,420

yeah well one thing that really I think

887

00:39:56,510 --> 00:39:53,880

sets our our effort apart is we are

888

00:39:59,390 --> 00:39:56,520

really not led by a narrative we are not

889

00:40:02,349 --> 00:39:59,400

led by an inherited narrative we are led

890

00:40:06,829 --> 00:40:02,359

by the data we are a data-driven team

891

00:40:09,950 --> 00:40:06,839

and and those findings uh are are are

892

00:40:12,829 --> 00:40:09,960

continuing to drive

893

00:40:16,609 --> 00:40:12,839

the next steps that we are taking and

894

00:40:18,770 --> 00:40:16,619

you'll see that I think manifest in in

895

00:40:20,270 --> 00:40:18,780

the docu-series you're going to see that

896

00:40:22,609 --> 00:40:20,280

in our interaction that's one thing

897

00:40:26,210 --> 00:40:22,619

we've tried to be I I've tried to be

898

00:40:27,950 --> 00:40:26,220

painfully transparent to a fault to the

899

00:40:30,650 --> 00:40:27,960

point where I'm taking advantage of my

900

00:40:33,950 --> 00:40:30,660

own transparency and honesty

901
00:40:35,210 --> 00:40:33,960
and genuine nature ends up being taken

902
00:40:39,589 --> 00:40:35,220
advantage of

903
00:40:42,829 --> 00:40:39,599
by people at times that have

904
00:40:45,349 --> 00:40:42,839
ulterior motives and uh and

905
00:40:48,589 --> 00:40:45,359
it it is what it is but I

906
00:40:49,550 --> 00:40:48,599
I am trying to Endeavor to to allow the

907
00:40:51,349 --> 00:40:49,560
public

908
00:40:55,910 --> 00:40:51,359
a

909
00:41:00,349 --> 00:40:55,920
I'm

910
00:41:02,270 --> 00:41:00,359
steward I believe that these things

911
00:41:04,609 --> 00:41:02,280
should be shared with the public I I'm

912
00:41:06,589 --> 00:41:04,619
not profiting personally off of this

913
00:41:09,050 --> 00:41:06,599

I haven't taken one penny personally I

914

00:41:12,050 --> 00:41:09,060

mean this is this is truly a labor of

915

00:41:13,609 --> 00:41:12,060

love and it's it's something that drives

916

00:41:16,910 --> 00:41:13,619

me I mean I'm trying to get the answers

917

00:41:20,089 --> 00:41:16,920

more than anyone and share those answers

918

00:41:21,770 --> 00:41:20,099

and those findings with everyone as part

919

00:41:23,450 --> 00:41:21,780

of this collaborative effort and I I

920

00:41:24,290 --> 00:41:23,460

hope people

921

00:41:26,210 --> 00:41:24,300

um

922

00:41:32,329 --> 00:41:26,220

are

923

00:41:35,450 --> 00:41:32,339

see uh these topics explored for the

924

00:41:37,550 --> 00:41:35,460

first time in this way yeah yeah I think

925

00:41:38,930 --> 00:41:37,560

it's gonna it's gonna be I think it's

926
00:41:40,550 --> 00:41:38,940
gonna be your best season the way it

927
00:41:45,310 --> 00:41:40,560
kicked off it just seems like it will be

928
00:41:48,170 --> 00:41:45,320
uh here's a question from uh again Golf

929
00:41:51,109 --> 00:41:48,180
and uh Brandon thank you for your Fresh

930
00:41:53,390 --> 00:41:51,119
Approach to this Roger this Ranch

931
00:41:55,790 --> 00:41:53,400
project have you been able to get any

932
00:41:58,190 --> 00:41:55,800
answers from military confirming that

933
00:42:01,190 --> 00:41:58,200
it's their Black Hawk helicopters you

934
00:42:02,810 --> 00:42:01,200
have observed uh

935
00:42:08,569 --> 00:42:02,820
I

936
00:42:12,170 --> 00:42:08,579
other than uh

937
00:42:13,510 --> 00:42:12,180
we're we're a bit frustrated but uh I

938
00:42:16,730 --> 00:42:13,520

I'll I'll

939

00:42:19,790 --> 00:42:16,740

that's a very very good question

940

00:42:22,010 --> 00:42:19,800

and I wish I had the answers that's part

941

00:42:24,230 --> 00:42:22,020

of the mystery

942

00:42:26,990 --> 00:42:24,240

yeah I think we were talking about this

943

00:42:30,230 --> 00:42:27,000

earlier more or less you know uh Mary

944

00:42:32,030 --> 00:42:30,240

Grace is uh asking could the unusual

945

00:42:33,890 --> 00:42:32,040

Metals materials have been left from an

946

00:42:36,530 --> 00:42:33,900

asteroid Crash from long ago that's a

947

00:42:38,150 --> 00:42:36,540

great good although the experts that

948

00:42:40,430 --> 00:42:38,160

have analyzed the material have said

949

00:42:43,250 --> 00:42:40,440

that it's not naturally occurring that

950

00:42:44,510 --> 00:42:43,260

the way the way this material is fused

951
00:42:48,950 --> 00:42:44,520
together

952
00:42:50,870 --> 00:42:48,960
uh appears to be manufactured and to

953
00:42:55,010 --> 00:42:50,880
explain why

954
00:42:57,290 --> 00:42:55,020
you know a manufactured material of this

955
00:43:00,410 --> 00:42:57,300
composition would be buried

956
00:43:01,670 --> 00:43:00,420
over 400 feet down into the the depths

957
00:43:06,530 --> 00:43:01,680
of the Mesa

958
00:43:08,750 --> 00:43:06,540
I it's it is really

959
00:43:10,790 --> 00:43:08,760
intriguing it's something that we are

960
00:43:13,130 --> 00:43:10,800
trying to uh

961
00:43:15,650 --> 00:43:13,140
to get the answers to and you'll see a

962
00:43:19,309 --> 00:43:15,660
lot of our efforts unfold we're excited

963
00:43:23,569 --> 00:43:19,319

to to have everyone along for the uh

964

00:43:25,430 --> 00:43:23,579

for the journey now uh this uh you know

965

00:43:28,130 --> 00:43:25,440

I didn't catch all of the series last

966

00:43:31,490 --> 00:43:28,140

year but I saw that you had some people

967

00:43:33,589 --> 00:43:31,500

they were out out interviewing

968

00:43:36,050 --> 00:43:33,599

people around the ranch is that is that

969

00:43:37,550 --> 00:43:36,060

what was going on uh they were briefly

970

00:43:40,250 --> 00:43:37,560

on

971

00:43:41,569 --> 00:43:40,260

is that is that something new this year

972

00:43:43,609 --> 00:43:41,579

are you

973

00:43:47,390 --> 00:43:43,619

what was that again there was a there

974

00:43:49,670 --> 00:43:47,400

was a a a woman and a man that were

975

00:43:52,430 --> 00:43:49,680

going to interview people

976

00:43:55,790 --> 00:43:52,440

uh in your briefing at the beginning

977

00:43:58,130 --> 00:43:55,800

oh well we we have we have a you know

978

00:44:00,589 --> 00:43:58,140

our my Ranch caretakers Candace Lindy

979

00:44:03,050 --> 00:44:00,599

and Tom Lewis are actively engaged as

980

00:44:05,569 --> 00:44:03,060

well as Jim Morse who has been kind of

981

00:44:07,370 --> 00:44:05,579

my my community liaison since day one

982

00:44:09,770 --> 00:44:07,380

since the day I acquired this property

983

00:44:12,589 --> 00:44:09,780

Candace Lindy I think is important to

984

00:44:14,750 --> 00:44:12,599

note is a published Anthropologist she's

985

00:44:16,490 --> 00:44:14,760

actually published a book on

986

00:44:19,309 --> 00:44:16,500

anthropology that has been used as a

987

00:44:22,010 --> 00:44:19,319

textbook she's been uh all over the

988

00:44:25,010 --> 00:44:22,020

world with archaeological digs and

989

00:44:28,309 --> 00:44:25,020

research studies and she uh she's helped

990

00:44:30,470 --> 00:44:28,319

lead the effort to pull together the uh

991

00:44:31,670 --> 00:44:30,480

the history of the area and some of the

992

00:44:34,730 --> 00:44:31,680

the

993

00:44:36,530 --> 00:44:34,740

um historical record uh as well as

994

00:44:39,040 --> 00:44:36,540

engaging with the community I mean Jim

995

00:44:40,250 --> 00:44:39,050

Morse has been such a

996

00:44:42,050 --> 00:44:40,260

[Music]

997

00:44:44,870 --> 00:44:42,060

such an incredible

998

00:44:47,030 --> 00:44:44,880

uh liaison and Advocate with the

999

00:44:48,230 --> 00:44:47,040

community he has a special love for the

1000

00:44:51,109 --> 00:44:48,240

Native American

1001
00:44:53,630 --> 00:44:51,119
people and has established I think some

1002
00:44:56,450 --> 00:44:53,640
really special relationships with tribal

1003
00:44:58,849 --> 00:44:56,460
Elders as spiritual leaders and and our

1004
00:45:00,650 --> 00:44:58,859
neighbors we want to be good neighbors

1005
00:45:04,010 --> 00:45:00,660
we want to

1006
00:45:08,870 --> 00:45:04,020
always be respectful

1007
00:45:11,870 --> 00:45:08,880
of the the cultural heritage and the the

1008
00:45:15,290 --> 00:45:11,880
history of the area and and I think that

1009
00:45:17,870 --> 00:45:15,300
the special history that attends the uh

1010
00:45:22,309 --> 00:45:17,880
the culture that we are we're fortunate

1011
00:45:24,650 --> 00:45:22,319
to be uh involved with now skin you're

1012
00:45:27,470 --> 00:45:24,660
talking about the Native American

1013
00:45:31,010 --> 00:45:27,480

uh Native American culture in that area

1014

00:45:33,349 --> 00:45:31,020

and that's basically what a skin walker

1015

00:45:36,410 --> 00:45:33,359

the description of a skinwalker is a

1016

00:45:38,809 --> 00:45:36,420

Native American term sure it's it's from

1017

00:45:41,750 --> 00:45:38,819

Native American Legend the skinwalker is

1018

00:45:44,750 --> 00:45:41,760

a shape-shifting demonic entity uh

1019

00:45:48,410 --> 00:45:44,760

essentially a Native American witch or

1020

00:45:51,710 --> 00:45:48,420

warlock that in essence sells its soul

1021

00:45:56,890 --> 00:45:51,720

in exchange for the ability to to take

1022

00:46:00,770 --> 00:45:56,900

on the skin of uh various animal forms

1023

00:46:03,670 --> 00:46:00,780

uh and and and and and have immortality

1024

00:46:06,230 --> 00:46:03,680

it's it's it for lack of a better

1025

00:46:08,329 --> 00:46:06,240

description I would say it's it's like a

1026

00:46:10,370 --> 00:46:08,339

Native American uh

1027

00:46:12,710 --> 00:46:10,380

it's the Native American version of a

1028

00:46:14,690 --> 00:46:12,720

werewolf to a degree but it's something

1029

00:46:18,890 --> 00:46:14,700

that they take very seriously

1030

00:46:20,630 --> 00:46:18,900

uh and the the ridge the Mesa Plateau

1031

00:46:23,690 --> 00:46:20,640

that runs the expanse of the property

1032

00:46:26,390 --> 00:46:23,700

from east and west uh we're told was

1033

00:46:27,950 --> 00:46:26,400

cursed was was cursed to be in the path

1034

00:46:32,089 --> 00:46:27,960

of the skinwalker

1035

00:46:35,390 --> 00:46:32,099

uh many generations ago and is part of

1036

00:46:37,670 --> 00:46:35,400

the the local lore and and really the

1037

00:46:41,210 --> 00:46:37,680

historical narrative that attends this

1038

00:46:43,490 --> 00:46:41,220

property uh it's it's an intriguing

1039

00:46:46,250 --> 00:46:43,500

aspect of the uh the history of this

1040

00:46:48,109 --> 00:46:46,260

property that that I think we we have

1041

00:46:50,870 --> 00:46:48,119

barely scratched the surface of I mean

1042

00:46:53,150 --> 00:46:50,880

we've it's difficult to address some of

1043

00:46:56,390 --> 00:46:53,160

those topics as I've mentioned we try

1044

00:46:58,370 --> 00:46:56,400

not to be led by uh by a narrative by an

1045

00:47:00,349 --> 00:46:58,380

inherited narrative we're being led by

1046

00:47:03,290 --> 00:47:00,359

the data and being data driven and

1047

00:47:05,569 --> 00:47:03,300

trying to use scientific instrumentation

1048

00:47:07,430 --> 00:47:05,579

to measure to document that which we're

1049

00:47:09,770 --> 00:47:07,440

interacting with it's a little bit more

1050

00:47:13,730 --> 00:47:09,780

elusive when you're dealing with uh

1051
00:47:16,130 --> 00:47:13,740
some of this the other phenomena uh that

1052
00:47:17,870 --> 00:47:16,140
uh that many people consider to be more

1053
00:47:19,130 --> 00:47:17,880
of a spiritual

1054
00:47:22,609 --> 00:47:19,140
nature

1055
00:47:26,030 --> 00:47:22,619
who do do you know who was the first to

1056
00:47:29,030 --> 00:47:26,040
name that Skinwalker Ranch yeah it was

1057
00:47:31,069 --> 00:47:29,040
Bigelow's team so they it was the

1058
00:47:34,849 --> 00:47:31,079
nickname given by Bigelow's team back in

1059
00:47:37,370 --> 00:47:34,859
the 90s uh after serving on the property

1060
00:47:39,290 --> 00:47:37,380
living on the property I you know they

1061
00:47:42,890 --> 00:47:39,300
started referring to it as Skinwalker

1062
00:47:47,210 --> 00:47:42,900
Ranch as opposed to the Utah ranch or

1063
00:47:49,609 --> 00:47:47,220

the Sherman Ranch and it stuck and it

1064

00:47:53,030 --> 00:47:49,619

you know they felt like the the history

1065

00:47:55,430 --> 00:47:53,040

and the Native American influence and

1066

00:47:57,109 --> 00:47:55,440

the the curse

1067

00:48:00,710 --> 00:47:57,119

that uh

1068

00:48:03,050 --> 00:48:00,720

that attended this property was uh was

1069

00:48:04,670 --> 00:48:03,060

an was an element that they they felt

1070

00:48:07,790 --> 00:48:04,680

was important and

1071

00:48:09,890 --> 00:48:07,800

was part of part of the overall

1072

00:48:12,410 --> 00:48:09,900

investigation at the time

1073

00:48:14,510 --> 00:48:12,420

I'm sure that's a trademark name but

1074

00:48:16,130 --> 00:48:14,520

it's a it's a great it's a great name

1075

00:48:19,130 --> 00:48:16,140

actually

1076

00:48:21,829 --> 00:48:19,140

yeah it's it's uh

1077

00:48:22,970 --> 00:48:21,839

yeah it's it's an interesting part of

1078

00:48:24,950 --> 00:48:22,980

the history

1079

00:48:27,589 --> 00:48:24,960

we'll bring on more questions anyone

1080

00:48:29,390 --> 00:48:27,599

yeah here's come on right now John uh

1081

00:48:32,750 --> 00:48:29,400

Burbage wants to know any thoughts on

1082

00:48:34,910 --> 00:48:32,760

the 1700s Spanish missionary

1083

00:48:37,370 --> 00:48:34,920

seeing the fiery orange sphere in the

1084

00:48:39,829 --> 00:48:37,380

ranch yeah I've heard I've heard of

1085

00:48:42,589 --> 00:48:39,839

these accounts I'm trying to to verify

1086

00:48:44,390 --> 00:48:42,599

to to see if there's a more credible

1087

00:48:48,050 --> 00:48:44,400

documentation that would back that up

1088

00:48:51,470 --> 00:48:48,060

again and there's a lot of uh there's a

1089

00:48:53,690 --> 00:48:51,480

lot of history that has been passed down

1090

00:48:56,390 --> 00:48:53,700

uh Generations on this property I mean

1091

00:48:58,910 --> 00:48:56,400

even the old homesteaders uh their

1092

00:49:00,829 --> 00:48:58,920

family histories speak of strange

1093

00:49:03,589 --> 00:49:00,839

phenomena that occurred on this property

1094

00:49:05,510 --> 00:49:03,599

and and I think going back to you know

1095

00:49:08,650 --> 00:49:05,520

the the Spanish missionaries and some of

1096

00:49:11,329 --> 00:49:08,660

the early exploration in the Basin

1097

00:49:13,569 --> 00:49:11,339

there have been reports for a very long

1098

00:49:15,770 --> 00:49:13,579

time

1099

00:49:20,270 --> 00:49:15,780

I'm trying to get to the bottom of it

1100

00:49:21,050 --> 00:49:20,280

right now I know back when

1101

00:49:24,829 --> 00:49:21,060

um

1102

00:49:26,690 --> 00:49:24,839

the uh Jason just lost their name uh the

1103

00:49:28,609 --> 00:49:26,700

the Gormans but it wasn't the Gormans

1104

00:49:31,190 --> 00:49:28,619

the Shermans the Shermans were there

1105

00:49:34,069 --> 00:49:31,200

they had seen those the strange wolf

1106

00:49:37,190 --> 00:49:34,079

that I remember the oversized wolf that

1107

00:49:38,990 --> 00:49:37,200

came in I believe attacked the dog or

1108

00:49:40,730 --> 00:49:39,000

something I can't remember exactly but

1109

00:49:42,890 --> 00:49:40,740

they shot it and then they saw like the

1110

00:49:46,190 --> 00:49:42,900

footprints disappeared and there was no

1111

00:49:49,130 --> 00:49:46,200

blood uh there are all sorts of accounts

1112

00:49:51,170 --> 00:49:49,140

crazy stuff now I want to know has

1113

00:49:53,270 --> 00:49:51,180

anyone since you've owned the ranch seen

1114

00:49:54,530 --> 00:49:53,280

any strange animals there

1115

00:49:58,250 --> 00:49:54,540

you know

1116

00:50:00,530 --> 00:49:58,260

I I'd mentioned my my liaison Community

1117

00:50:02,569 --> 00:50:00,540

liaison Jim Morse

1118

00:50:03,890 --> 00:50:02,579

who is uh you know former military

1119

00:50:05,210 --> 00:50:03,900

police

1120

00:50:09,710 --> 00:50:05,220

uh

1121

00:50:12,770 --> 00:50:09,720

very sober individual Jim

1122

00:50:16,670 --> 00:50:12,780

with another it is a witness at his side

1123

00:50:19,490 --> 00:50:16,680

he had an experience where he saw you

1124

00:50:23,450 --> 00:50:19,500

know and a figure with red glowing eyes

1125

00:50:26,329 --> 00:50:23,460

this uh creature that was standing up on

1126

00:50:29,750 --> 00:50:26,339

two legs that's that that sat stared at

1127

00:50:31,849 --> 00:50:29,760

him from a distance and then proceeded

1128

00:50:33,470 --> 00:50:31,859

to disappear up either up or into the

1129

00:50:36,109 --> 00:50:33,480

Mesa and

1130

00:50:39,109 --> 00:50:36,119

and I've never I've known Jim

1131

00:50:41,630 --> 00:50:39,119

uh since I was 18 years old I met Jim

1132

00:50:43,430 --> 00:50:41,640

back in 1991 he was developing an office

1133

00:50:45,589 --> 00:50:43,440

part called The Towers of South town

1134

00:50:47,450 --> 00:50:45,599

he's been involved with a lot of

1135

00:50:49,069 --> 00:50:47,460

Endeavors he's raised millions of

1136

00:50:50,750 --> 00:50:49,079

dollars for Native American Charities

1137

00:50:52,190 --> 00:50:50,760

over decades with American Indian

1138

00:50:55,069 --> 00:50:52,200

services

1139

00:50:58,069 --> 00:50:55,079

he's uh he's a remarkable individual and

1140

00:51:00,829 --> 00:50:58,079

I've never never seen him exaggerate

1141

00:51:04,190 --> 00:51:00,839

I've never seen him make anything up

1142

00:51:08,150 --> 00:51:04,200

like this I mean I he uh

1143

00:51:10,670 --> 00:51:08,160

he was shaken he was visibly shaken when

1144

00:51:12,890 --> 00:51:10,680

uh when coming back and telling this you

1145

00:51:15,290 --> 00:51:12,900

know giving his account and we're

1146

00:51:17,930 --> 00:51:15,300

telling everyone what what he and the

1147

00:51:21,829 --> 00:51:17,940

individual that was with him witnessed

1148

00:51:23,569 --> 00:51:21,839

and uh and so I I have to I I mean

1149

00:51:25,970 --> 00:51:23,579

that's part of the record you know

1150

00:51:27,410 --> 00:51:25,980

that's a data point uh have I seen

1151
00:51:30,410 --> 00:51:27,420
anything like that no

1152
00:51:32,390 --> 00:51:30,420
uh most of our team have you know they

1153
00:51:34,849 --> 00:51:32,400
have yet to experience or or witness

1154
00:51:37,069 --> 00:51:34,859
anything uh of that nature it doesn't

1155
00:51:38,510 --> 00:51:37,079
mean that it isn't real it just means

1156
00:51:42,230 --> 00:51:38,520
that

1157
00:51:43,190 --> 00:51:42,240
um I I don't think I have enough

1158
00:51:45,890 --> 00:51:43,200
um

1159
00:51:48,770 --> 00:51:45,900
I don't think I have enough data to

1160
00:51:50,630 --> 00:51:48,780
really make a definitive statement like

1161
00:51:53,510 --> 00:51:50,640
I can make I can make definitive

1162
00:51:54,950 --> 00:51:53,520
statements relative to UFOs that have

1163
00:51:56,510 --> 00:51:54,960

been witnessed because I've seen it for

1164

00:51:57,910 --> 00:51:56,520

myself with my own eyes with multiple

1165

00:52:01,069 --> 00:51:57,920

Witnesses

1166

00:52:05,750 --> 00:52:01,079

occurring simultaneous with with with

1167

00:52:07,490 --> 00:52:05,760

other phenomena but uh yeah yeah some of

1168

00:52:10,069 --> 00:52:07,500

these other topics are a bit

1169

00:52:11,329 --> 00:52:10,079

a bit more Elusive and frankly

1170

00:52:14,329 --> 00:52:11,339

controversial

1171

00:52:16,670 --> 00:52:14,339

right for good reason yeah you know it's

1172

00:52:18,650 --> 00:52:16,680

funny uh the red eye thing has been

1173

00:52:20,510 --> 00:52:18,660

mentioned a number of times Mothman and

1174

00:52:22,130 --> 00:52:20,520

you know I mean people have seen these

1175

00:52:25,490 --> 00:52:22,140

tall figures with red eyes which is

1176
00:52:27,770 --> 00:52:25,500
bizarre uh here's a question from

1177
00:52:29,569 --> 00:52:27,780
uh someone here is there anything about

1178
00:52:31,190 --> 00:52:29,579
the ranch that you cannot speak about

1179
00:52:34,910 --> 00:52:31,200
now I don't know if that will just lead

1180
00:52:37,490 --> 00:52:34,920
people people to speculate not really to

1181
00:52:39,710 --> 00:52:37,500
to other than that which we are going to

1182
00:52:42,109 --> 00:52:39,720
reveal over the next few months in the

1183
00:52:44,870 --> 00:52:42,119
docu-series effort

1184
00:52:46,490 --> 00:52:44,880
um there isn't anything that I'm not

1185
00:52:49,130 --> 00:52:46,500
willing to talk about or can't talk

1186
00:52:51,470 --> 00:52:49,140
about I mean this is a private and

1187
00:52:54,349 --> 00:52:51,480
entirely privately funded Endeavor you

1188
00:52:56,690 --> 00:52:54,359

know I'm not under any national security

1189

00:52:59,390 --> 00:52:56,700

Oaths I've you know I hold no security

1190

00:53:02,150 --> 00:52:59,400

clearances I'm not involved with with

1191

00:53:04,490 --> 00:53:02,160

any other entity relative to the ranch I

1192

00:53:07,970 --> 00:53:04,500

mean I this is my privately funded

1193

00:53:10,910 --> 00:53:07,980

investigation that I happen to be making

1194

00:53:13,730 --> 00:53:10,920

public I'm allowing cameras and

1195

00:53:16,549 --> 00:53:13,740

documentary professionals to uh to come

1196

00:53:19,309 --> 00:53:16,559

in and and and help

1197

00:53:21,049 --> 00:53:19,319

build a record of what is really

1198

00:53:23,690 --> 00:53:21,059

occurring on this property with my team

1199

00:53:26,870 --> 00:53:23,700

and present it to the public and I'm I'm

1200

00:53:30,309 --> 00:53:26,880

excited by that and I I don't intend to

1201

00:53:34,250 --> 00:53:30,319

withhold anything so uh

1202

00:53:37,549 --> 00:53:34,260

it's it's uh it I don't own I don't have

1203

00:53:40,609 --> 00:53:37,559

a corner on the truth and yeah I I

1204

00:53:42,230 --> 00:53:40,619

certainly uh again consider myself a

1205

00:53:44,510 --> 00:53:42,240

steward I think it's my responsibility

1206

00:53:47,390 --> 00:53:44,520

to bring these things forward as uh as

1207

00:53:50,510 --> 00:53:47,400

they manifest and as we we parse the

1208

00:53:53,750 --> 00:53:50,520

data and have have what I believe to be

1209

00:53:56,990 --> 00:53:53,760

you know events of Merit that occur

1210

00:53:58,370 --> 00:53:57,000

here we go with another question here uh

1211

00:54:01,190 --> 00:53:58,380

let's see

1212

00:54:03,710 --> 00:54:01,200

do you think that anything may be Pub

1213

00:54:06,710 --> 00:54:03,720

publishable in a scientific journal at

1214

00:54:09,349 --> 00:54:06,720

some point yeah I think at some point we

1215

00:54:11,089 --> 00:54:09,359

will publish we're still we're still

1216

00:54:14,569 --> 00:54:11,099

Gathering data we're still repeating

1217

00:54:18,829 --> 00:54:14,579

experiments uh we're still trying to

1218

00:54:22,309 --> 00:54:18,839

develop enough of a of a record uh and

1219

00:54:26,210 --> 00:54:22,319

enough of a data set to actually uh

1220

00:54:29,569 --> 00:54:26,220

present a meaningful research paper for

1221

00:54:31,790 --> 00:54:29,579

peer review on uh on a number of these

1222

00:54:33,650 --> 00:54:31,800

topics and events and incidents that

1223

00:54:36,470 --> 00:54:33,660

have occurred uh

1224

00:54:39,710 --> 00:54:36,480

and so it's it's something we intend to

1225

00:54:41,809 --> 00:54:39,720

do in time is it is that my priority no

1226

00:54:43,910 --> 00:54:41,819

I mean this is my investigation I'm not

1227

00:54:46,430 --> 00:54:43,920

doing I mean I'm doing this for me I'm

1228

00:54:49,010 --> 00:54:46,440

not trying to convince anyone as much as

1229

00:54:53,210 --> 00:54:49,020

I'm excited about it and I'm excited to

1230

00:54:56,150 --> 00:54:53,220

share the results the findings uh

1231

00:54:58,069 --> 00:54:56,160

not to I hope this doesn't sound bad but

1232

00:55:04,430 --> 00:54:58,079

I'm

1233

00:55:07,250 --> 00:55:04,440

trying to understand the nature of what

1234

00:55:11,150 --> 00:55:07,260

is happening and I'm and I happen to

1235

00:55:14,569 --> 00:55:11,160

to be open to allowing the public to to

1236

00:55:15,530 --> 00:55:14,579

have a front row seat and to to a

1237

00:55:19,790 --> 00:55:15,540

company

1238

00:55:21,650 --> 00:55:19,800

the the team on this journey so I that's

1239

00:55:24,049 --> 00:55:21,660

a long-winded answer but yeah that's my

1240

00:55:27,109 --> 00:55:24,059

intention is that Mike is that the

1241

00:55:29,329 --> 00:55:27,119

driving goal I mean at the appropriate

1242

00:55:31,370 --> 00:55:29,339

time yes but you know we're still in the

1243

00:55:34,069 --> 00:55:31,380

middle of repeating experiments and

1244

00:55:36,430 --> 00:55:34,079

Gathering Gathering as much data and

1245

00:55:39,549 --> 00:55:36,440

intelligence as we can

1246

00:55:43,609 --> 00:55:39,559

well I think you're doing a great job

1247

00:55:46,849 --> 00:55:43,619

it's been uh it's been a really fun

1248

00:55:49,849 --> 00:55:46,859

evening speaking to you tonight and The

1249

00:55:52,549 --> 00:55:49,859

Show Goes live uh in just about an hour

1250

00:55:55,670 --> 00:55:52,559

I believe no at 10 o'clock do I have

1251
00:55:57,890 --> 00:55:55,680
that yes about an hour right now 10 9

1252
00:55:59,450 --> 00:55:57,900
Central Time coming right up and I do

1253
00:56:02,870 --> 00:55:59,460
have the graphic here I'm just going to

1254
00:56:05,030 --> 00:56:02,880
pop that up for a second well and I in

1255
00:56:07,490 --> 00:56:05,040
parting I Just Want to Thank You Martin

1256
00:56:09,589 --> 00:56:07,500
I want to thank everyone else

1257
00:56:11,150 --> 00:56:09,599
thank you for following our journey and

1258
00:56:13,010 --> 00:56:11,160
for your sincere interest in these

1259
00:56:15,829 --> 00:56:13,020
topics I promise I'm not going to let

1260
00:56:17,150 --> 00:56:15,839
you down we we uh we we want to get to

1261
00:56:20,329 --> 00:56:17,160
the bottom of the truth and we're going

1262
00:56:21,710 --> 00:56:20,339
to present it as it unfolds so again I I

1263
00:56:24,170 --> 00:56:21,720

just wanted those to be kind of my

1264

00:56:25,910 --> 00:56:24,180

closing comments and and just want to

1265

00:56:28,250 --> 00:56:25,920

thank everyone especially those people

1266

00:56:30,049 --> 00:56:28,260

who are kind that are sincere Seekers

1267

00:56:31,790 --> 00:56:30,059

and guess what it's okay to be skeptical

1268

00:56:34,069 --> 00:56:31,800

to be critical

1269

00:56:36,349 --> 00:56:34,079

um I was there once as well but I I

1270

00:56:39,890 --> 00:56:36,359

think I I think we'll all hopefully

1271

00:56:43,069 --> 00:56:39,900

benefit from uh from what will unfold

1272

00:56:44,990 --> 00:56:43,079

here and be uh discovered so thank you

1273

00:56:47,809 --> 00:56:45,000

so much Martin all right thank you now

1274

00:56:49,309 --> 00:56:47,819

and take care take care all right all

1275

00:56:52,549 --> 00:56:49,319

right everyone so we'll be back next

1276

00:56:54,490 --> 00:56:52,559

week with Dan Hare and I want to thank

1277

00:56:58,309 --> 00:56:54,500

you all for watching our show tonight

1278

00:56:59,950 --> 00:56:58,319

and remember we'll see you next week and

1279

00:57:11,200 --> 00:56:59,960

keep your eyes to the sky

1280

00:57:11,210 --> 00:57:15,490

[Music]

1281

00:57:22,370 --> 00:57:18,000

thank you
