

A close-up portrait of a middle-aged man with a shaved head, wearing black-rimmed glasses, a black turtleneck, and a red jacket. He is looking slightly to the left of the camera with a neutral expression. The background is dark and blurry, suggesting an outdoor setting at night.

foreign

4  
00:01:10,609 --> 00:01:09,350  
host and we have actually two shows this

5  
00:01:12,890 --> 00:01:10,619  
evening actually if you're on YouTube

6  
00:01:15,530 --> 00:01:12,900  
you're going to want to jump over to

7  
00:01:18,530 --> 00:01:15,540  
Brandon fuggle at eight o'clock now it's

8  
00:01:21,170 --> 00:01:18,540  
funny I changed the information on that

9  
00:01:24,289 --> 00:01:21,180  
oh I don't know maybe three four days

10  
00:01:26,690 --> 00:01:24,299  
ago in the platform that I use for all

11  
00:01:28,249 --> 00:01:26,700  
the streams and showed that it was

12  
00:01:31,429 --> 00:01:28,259  
changed there but it was not it was

13  
00:01:33,649 --> 00:01:31,439

showing that it started at 6 00 p.m on

14

00:01:35,450 --> 00:01:33,659

YouTube so I apologize for that not sure

15

00:01:38,210 --> 00:01:35,460

how that happened but anyway he's coming

16

00:01:41,030 --> 00:01:38,220

up at eight o'clock and the guest I have

17

00:01:42,830 --> 00:01:41,040

now is a great guest that I had on uh

18

00:01:44,450 --> 00:01:42,840

previous I don't know a year and a half

19

00:01:47,810 --> 00:01:44,460

ago or so

20

00:01:51,830 --> 00:01:47,820

and it's Graham rundowell from the UK

21

00:01:54,649 --> 00:01:51,840

and he's a real great uh UFO nuts and

22

00:01:56,929 --> 00:01:54,659

bolts researcher and he is coming up on

23

00:01:58,730 --> 00:01:56,939

this show in just a few minutes so a

24

00:02:00,710 --> 00:01:58,740

couple things

25

00:02:02,990 --> 00:02:00,720

um the blog this week from Charles Lear

26

00:02:08,029 --> 00:02:03,000

is Letters From Mari Island principals

27

00:02:11,750 --> 00:02:08,039

in the 1967 Mercy side UFO bulletin so

28

00:02:13,250 --> 00:02:11,760

check that out on podcast ufo.com and I

29

00:02:14,809 --> 00:02:13,260

do want to thank all the supporters I

30

00:02:17,089 --> 00:02:14,819

want to thank all the listeners as well

31

00:02:19,309 --> 00:02:17,099

anyone can help us out we have to pay

32

00:02:21,650 --> 00:02:19,319

for certain things like graphics and

33

00:02:24,110 --> 00:02:21,660

blogs and things like that so anyone can

34

00:02:26,410 --> 00:02:24,120

help us out at patreon and that link is

35

00:02:30,050 --> 00:02:26,420

over on our website podcast

36

00:02:31,430 --> 00:02:30,060

ufo.com so we're supposed to have it's

37

00:02:32,869 --> 00:02:31,440

kind of I've been trying to find out

38

00:02:35,030 --> 00:02:32,879

information that's supposed to be a

39

00:02:37,850 --> 00:02:35,040

hearing tomorrow

40

00:02:40,070 --> 00:02:37,860

um from the all domain anomaly

41

00:02:43,369 --> 00:02:40,080

resolution office is what it's called

42

00:02:46,610 --> 00:02:43,379

now open close so I'm not really sure I

43

00:02:48,229 --> 00:02:46,620

heard it was a public uh

44

00:02:51,530 --> 00:02:48,239

you know there was going to be public

45

00:02:53,930 --> 00:02:51,540

testimony and Etc I think at least one

46

00:02:55,550 --> 00:02:53,940

person is is giving testimony but I

47

00:02:57,949 --> 00:02:55,560

can't find out any information about

48

00:03:00,410 --> 00:02:57,959

that maybe if you were going along here

49

00:03:01,729 --> 00:03:00,420

and someone in chat can uh enlighten me

50

00:03:02,570 --> 00:03:01,739

a little more on that that would be

51  
00:03:05,930 --> 00:03:02,580  
great

52  
00:03:09,110 --> 00:03:05,940  
um so anyway uh uh it will be another

53  
00:03:11,509 --> 00:03:09,120  
interesting time I do believe that our

54  
00:03:13,910 --> 00:03:11,519  
government is appearing to take this

55  
00:03:16,190 --> 00:03:13,920  
subject seriously and I hope they are

56  
00:03:18,770 --> 00:03:16,200  
and so I think I'm going to move ahead

57  
00:03:22,130 --> 00:03:18,780  
and just remember that uh this show is

58  
00:03:24,110 --> 00:03:22,140  
going to go to about 7 50 or so p.m uh

59  
00:03:26,809 --> 00:03:24,120  
eastern time and then we're jumping over

60  
00:03:29,149 --> 00:03:26,819  
to Brandon fugel the other show at uh

61  
00:03:30,589 --> 00:03:29,159  
eight o'clock sharp over there so join

62  
00:03:31,610 --> 00:03:30,599  
us over there after this one if you

63  
00:03:32,869 --> 00:03:31,620

would

64

00:03:35,630 --> 00:03:32,879

um if you're listening to the audio

65

00:03:37,550 --> 00:03:35,640

you'll get both of these in the audio

66

00:03:39,530 --> 00:03:37,560

podcast

67

00:03:41,089 --> 00:03:39,540

um so you can listen to them on any type

68

00:03:43,610 --> 00:03:41,099

of media that you listen to our show on

69

00:03:46,070 --> 00:03:43,620

and Graham welcome to the show hello

70

00:03:48,289 --> 00:03:46,080

Milton thanks the the invite me back

71

00:03:51,890 --> 00:03:48,299

it's great yes and yeah I think it's

72

00:03:53,809 --> 00:03:51,900

what uh is it midnight there midnight

73

00:03:56,229 --> 00:03:53,819

yeah it's just gone midnight in the UK

74

00:03:58,970 --> 00:03:56,239

so yeah

75

00:04:00,830 --> 00:03:58,980

well I remember last time I had you on I

76

00:04:04,070 --> 00:04:00,840

was like really impressed so I'm really

77

00:04:06,289 --> 00:04:04,080

glad I have you back on again and uh the

78

00:04:07,729 --> 00:04:06,299

people that are watching this live uh

79

00:04:10,970 --> 00:04:07,739

they're going to wonder what they're

80

00:04:14,270 --> 00:04:10,980

looking at in your background uh so

81

00:04:16,009 --> 00:04:14,280

it's a book cover it is yeah it's part

82

00:04:17,689 --> 00:04:16,019

of the cover of the of the new book uh

83

00:04:19,449 --> 00:04:17,699

intercept and identify your aerial

84

00:04:21,710 --> 00:04:19,459

encounters uh

85

00:04:23,749 --> 00:04:21,720

1953-1954. so that's the latest in a

86

00:04:26,030 --> 00:04:23,759

series of books that I've written about

87

00:04:29,629 --> 00:04:26,040

pilots and air crew encounters or UFOs

88

00:04:32,030 --> 00:04:29,639

since basically the the early 1940s and

89

00:04:35,390 --> 00:04:32,040

what is this particular image of what is

90

00:04:38,030 --> 00:04:35,400

that encounter so this is from October

91

00:04:40,550 --> 00:04:38,040

1954 and it's a Gloucester meteor pilot

92

00:04:43,189 --> 00:04:40,560

so it's an RAF pilot who encountered

93

00:04:47,810 --> 00:04:43,199

this particular object over the south of

94

00:04:55,749 --> 00:04:52,670

and um and that is that was it caught on

95

00:04:58,850 --> 00:04:55,759

any type of radar or anything like that

96

00:05:01,370 --> 00:04:58,860

not this particular case the um the the

97

00:05:04,129 --> 00:05:01,380

pilot he's the only one actually saw it

98

00:05:05,990 --> 00:05:04,139

and you know he he came back to base he

99

00:05:08,090 --> 00:05:06,000

reported it he reported it to the

100

00:05:11,090 --> 00:05:08,100

squadron's intelligence officer who

101  
00:05:13,249 --> 00:05:11,100  
later on a few a few years down the line

102  
00:05:16,790 --> 00:05:13,259  
actually became the um one of the

103  
00:05:19,189 --> 00:05:16,800  
editors of flying saucer of uh review in

104  
00:05:21,469 --> 00:05:19,199  
the UK that the other the UFO magazine

105  
00:05:24,230 --> 00:05:21,479  
so it was quite it was quite strange

106  
00:05:27,290 --> 00:05:24,240  
actually how that Linked UP And if that

107  
00:05:30,050 --> 00:05:27,300  
never if that a person hadn't been you

108  
00:05:32,330 --> 00:05:30,060  
know the the hadn't become an editor of

109  
00:05:34,610 --> 00:05:32,340  
flying sort of a review then that case

110  
00:05:36,050 --> 00:05:34,620  
may never have come to light because he

111  
00:05:38,570 --> 00:05:36,060  
was the one that kind of pushed it if

112  
00:05:41,330 --> 00:05:38,580  
you like and you know printed details of

113  
00:05:44,330 --> 00:05:41,340

it so this was back in the time when the

114

00:05:47,330 --> 00:05:44,340

RAF were clamping down on Pilots talking

115

00:05:49,670 --> 00:05:47,340

about their UFO sightings they were told

116

00:05:52,430 --> 00:05:49,680

not to talk to the Press

117

00:05:54,469 --> 00:05:52,440

um about this sort of time 1954

118

00:05:55,430 --> 00:05:54,479

um beforehand there'd been a few who

119

00:05:58,010 --> 00:05:55,440

would actually managed to have

120

00:05:59,689 --> 00:05:58,020

interviews with the media with the BBC

121

00:06:02,150 --> 00:05:59,699

and with with other

122

00:06:06,050 --> 00:06:02,160

um you know on film newsreels

123

00:06:07,969 --> 00:06:06,060

but uh at one particular time the RF and

124

00:06:10,550 --> 00:06:07,979

the ministry of Defense decided to clamp

125

00:06:12,110 --> 00:06:10,560

down on these releases of information so

126

00:06:14,570 --> 00:06:12,120

everything had to go through you know

127

00:06:16,490 --> 00:06:14,580

more official channels and of course you

128

00:06:17,629 --> 00:06:16,500

know when the Press asked about these

129

00:06:19,070 --> 00:06:17,639

kind of things then they just got

130

00:06:20,870 --> 00:06:19,080

denials

131

00:06:23,330 --> 00:06:20,880

um you know also you as we know and love

132

00:06:25,309 --> 00:06:23,340

you know they're like that's the kind of

133

00:06:27,710 --> 00:06:25,319

you know the story that went through the

134

00:06:29,629 --> 00:06:27,720

1950s and 1960s and onwards that you

135

00:06:31,490 --> 00:06:29,639

know just all these categoric denials

136

00:06:33,110 --> 00:06:31,500

that anything was actually happening

137

00:06:35,809 --> 00:06:33,120

I wonder how many things we missed

138

00:06:38,870 --> 00:06:35,819

because of that oh it would be lots of

139

00:06:41,270 --> 00:06:38,880

stories that went unreported

140

00:06:43,309 --> 00:06:41,280

um if you look at the kind of the stigma

141

00:06:45,469 --> 00:06:43,319

that started not just in Britain but

142

00:06:47,749 --> 00:06:45,479

also in the United States

143

00:06:49,969 --> 00:06:47,759

um there's a story in in flying source

144

00:06:52,129 --> 00:06:49,979

of fever uh that's the previous book to

145

00:06:54,830 --> 00:06:52,139

this one the the deals with 50 to 52

146

00:06:57,950 --> 00:06:54,840

cases of Edward rupelt who was the first

147

00:06:59,990 --> 00:06:57,960

director of Blue Book and he was on a

148

00:07:02,570 --> 00:07:00,000

flight uh that had a layover for a

149

00:07:04,370 --> 00:07:02,580

couple of hours at Chicago I believe and

150

00:07:06,170 --> 00:07:04,380

you got talking to the crew of the

151

00:07:08,930 --> 00:07:06,180

aircraft that he was flying on it was a

152

00:07:11,029 --> 00:07:08,940

scheduled airliner and they they saw his

153

00:07:12,529 --> 00:07:11,039

Air Force uniform that and he was asking

154

00:07:14,210 --> 00:07:12,539

about UFOs and they were initially

155

00:07:15,950 --> 00:07:14,220

dismissive but then when they found out

156

00:07:19,010 --> 00:07:15,960

he was actually you know the head of the

157

00:07:21,050 --> 00:07:19,020

investigation uh project then they they

158

00:07:22,790 --> 00:07:21,060

warmed to him and they actually got a it

159

00:07:24,529 --> 00:07:22,800

was an impromptu group

160

00:07:26,689 --> 00:07:24,539

um a meeting that was arranged in a

161

00:07:28,490 --> 00:07:26,699

coffee shop nearby and there was various

162

00:07:31,309 --> 00:07:28,500

pilots from different airlines turned up

163

00:07:33,469 --> 00:07:31,319

and had a chat with rupelt but they were

164

00:07:35,330 --> 00:07:33,479

saying to him then that because of the

165

00:07:38,210 --> 00:07:35,340

stigma and and you know they just

166

00:07:40,490 --> 00:07:38,220

weren't going to report these cases so

167

00:07:42,230 --> 00:07:40,500

you take it from there and also the

168

00:07:43,430 --> 00:07:42,240

military side of things where if

169

00:07:44,809 --> 00:07:43,440

somebody reports something and then

170

00:07:47,089 --> 00:07:44,819

they're told afterwards well it's it's

171

00:07:48,770 --> 00:07:47,099

Venus or it's a weather balloon then

172

00:07:50,570 --> 00:07:48,780

they're not going to like report and

173

00:07:52,430 --> 00:07:50,580

again are they or if they're Squadron

174

00:07:54,650 --> 00:07:52,440

mates you'll see this kind of thing

175

00:07:56,930 --> 00:07:54,660

happening then why why would you cause

176

00:07:58,730 --> 00:07:56,940

yourself so much hassle you just keep

177

00:08:00,650 --> 00:07:58,740

quiet about what you saw and that's

178

00:08:02,210 --> 00:08:00,660

really what happened so there's a you

179

00:08:04,189 --> 00:08:02,220

know countless probably countless

180

00:08:06,290 --> 00:08:04,199

numbers of cases which will have gone

181

00:08:08,290 --> 00:08:06,300

unreported and people have just kept

182

00:08:10,249 --> 00:08:08,300

quiet about them over over the years and

183

00:08:12,589 --> 00:08:10,259

especially back then

184

00:08:15,409 --> 00:08:12,599

well you know it's in every aspect not

185

00:08:19,189 --> 00:08:15,419

just the military where people have for

186

00:08:20,450 --> 00:08:19,199

years you know felt uh threatened or you

187

00:08:23,629 --> 00:08:20,460

know they didn't want to be called a nut

188

00:08:24,830 --> 00:08:23,639

case so uh you know I mean we're at a

189

00:08:27,890 --> 00:08:24,840

time now where I believe that people

190

00:08:31,189 --> 00:08:27,900

aren't so you know afraid to

191

00:08:33,769 --> 00:08:31,199

of the ridicule Factor anymore and uh I

192

00:08:35,690 --> 00:08:33,779

think it's a really good time so uh so

193

00:08:37,490 --> 00:08:35,700

anyway if you would can you uh for the

194

00:08:38,630 --> 00:08:37,500

person has never heard you before can

195

00:08:41,449 --> 00:08:38,640

you give a little bit about your

196

00:08:43,670 --> 00:08:41,459

background of what got you interested

197

00:08:46,250 --> 00:08:43,680

um in the UFO topic to begin with yeah

198

00:08:48,230 --> 00:08:46,260

so um I suppose if I go even further

199

00:08:50,210 --> 00:08:48,240

back than that I I was interested in

200

00:08:52,610 --> 00:08:50,220

aircraft from a really early age I'm

201  
00:08:54,410 --> 00:08:52,620  
talking about the age of four when I was

202  
00:08:57,170 --> 00:08:54,420  
given uh model aircraft kits to

203  
00:08:58,790 --> 00:08:57,180  
basically keep me quiet uh as a rather

204  
00:09:00,290 --> 00:08:58,800  
precocious kid

205  
00:09:02,870 --> 00:09:00,300  
um who was into everything you know I

206  
00:09:04,310 --> 00:09:02,880  
was a typical nerdy kid if I was

207  
00:09:07,070 --> 00:09:04,320  
interested in something I wanted to know

208  
00:09:08,570 --> 00:09:07,080  
everything about it so I learned a lot

209  
00:09:09,710 --> 00:09:08,580  
about aircraft just by getting books

210  
00:09:11,210 --> 00:09:09,720  
from the library and getting books for

211  
00:09:12,230 --> 00:09:11,220  
my birthday and all the rest of it but I

212  
00:09:14,090 --> 00:09:12,240  
was also interested in the science

213  
00:09:15,829 --> 00:09:14,100

fiction from an early age and I was I

214

00:09:17,630 --> 00:09:15,839

was an early reader and I was reading

215

00:09:19,550 --> 00:09:17,640

things like Isaac Asimov's books uh

216

00:09:21,170 --> 00:09:19,560

novels when I was eight or nine years

217

00:09:23,269 --> 00:09:21,180

old and of course they had nice pictures

218

00:09:25,850 --> 00:09:23,279

of um you know artwork on the friends of

219

00:09:28,370 --> 00:09:25,860

spacecraft uh and all this kind of stuff

220

00:09:30,050 --> 00:09:28,380

and my mother bless her um she bought me

221

00:09:31,550 --> 00:09:30,060

a book that she thought was one of these

222

00:09:33,230 --> 00:09:31,560

books uh one of these science fiction

223

00:09:34,910 --> 00:09:33,240

novels but it turned out to be a book

224

00:09:37,070 --> 00:09:34,920

about UFOs because it had a picture of a

225

00:09:39,650 --> 00:09:37,080

flying saucer in the front and that got

226

00:09:41,030 --> 00:09:39,660

me hooked on this particular subject so

227

00:09:42,710 --> 00:09:41,040

I was about eight or nine when that

228

00:09:44,269 --> 00:09:42,720

happened and of course these similar

229

00:09:45,829 --> 00:09:44,279

sort of things happened again you know

230

00:09:48,110 --> 00:09:45,839

read everything I could from the local

231

00:09:49,730 --> 00:09:48,120

library when I exhausted that particular

232

00:09:51,889 --> 00:09:49,740

stock of books then it was a city

233

00:09:53,030 --> 00:09:51,899

library and so there was more books

234

00:09:54,889 --> 00:09:53,040

there and I was getting books for my

235

00:09:57,290 --> 00:09:54,899

birthday Etc and it just went from there

236

00:09:59,750 --> 00:09:57,300

but of course this was this was in the

237

00:10:02,210 --> 00:09:59,760

late 1970s so you know you're talking

238

00:10:03,650 --> 00:10:02,220

way before the the internet age and

239

00:10:06,710 --> 00:10:03,660

therefore for somebody who's like you

240

00:10:08,449 --> 00:10:06,720

know um like so that kind of age you

241

00:10:11,389 --> 00:10:08,459

have limited opportunities to be able to

242

00:10:13,490 --> 00:10:11,399

get into the subject Beyond reading what

243

00:10:15,590 --> 00:10:13,500

you have in your local library I didn't

244

00:10:17,690 --> 00:10:15,600

know about UFO newsletters in the United

245

00:10:19,610 --> 00:10:17,700

States there were you know I didn't know

246

00:10:21,949 --> 00:10:19,620

how it even approach the people who ran

247

00:10:25,070 --> 00:10:21,959

them in in the UK so it was quite

248

00:10:26,810 --> 00:10:25,080

limited uh until much later on that I

249

00:10:29,210 --> 00:10:26,820

managed to you know start doing a bit

250

00:10:32,090 --> 00:10:29,220

more about the hobby uh which you know I

251

00:10:34,670 --> 00:10:32,100

had back then of UFOs and turned it into

252

00:10:35,630 --> 00:10:34,680

well not quite a career but a writing

253

00:10:37,490 --> 00:10:35,640

career

254

00:10:39,530 --> 00:10:37,500

um so you know I write books about them

255

00:10:40,970 --> 00:10:39,540

now and that's only you know much more

256

00:10:43,910 --> 00:10:40,980

recently than I've managed to do that

257

00:10:45,470 --> 00:10:43,920

but um you know when okay sorry when I

258

00:10:47,930 --> 00:10:45,480

came on the show last you know it was

259

00:10:49,910 --> 00:10:47,940

December 2021 to speak to you about the

260

00:10:53,389 --> 00:10:49,920

Foo Fighters that was when the three

261

00:10:54,769 --> 00:10:53,399

interests that I really had uh of you

262

00:10:56,930 --> 00:10:54,779

know long-standing interests that I've

263

00:10:59,690 --> 00:10:56,940

had came together so that's some

264

00:11:02,150 --> 00:10:59,700

aircraft uh World War II secret weapons

265

00:11:04,329 --> 00:11:02,160

the German secret weapons and UFOs and

266

00:11:07,310 --> 00:11:04,339

that came together with the Foo Fighters

267

00:11:10,610 --> 00:11:07,320

wow and the Foo Fighters I I think it's

268

00:11:12,769 --> 00:11:10,620

such a fascinating thing and just for I

269

00:11:17,389 --> 00:11:12,779

have a lot of new people they were back

270

00:11:20,269 --> 00:11:17,399

in 1945 right or 46. uh I get them

271

00:11:24,110 --> 00:11:20,279

confused I know the the ghost Rockets

272

00:11:29,630 --> 00:11:26,810

but uh they were during World War II but

273

00:11:31,370 --> 00:11:29,640

when was the first Foo Fighter reported

274

00:11:33,170 --> 00:11:31,380

that you know of well if you call them

275

00:11:35,389 --> 00:11:33,180

if you actually told me about Foo

276

00:11:38,030 --> 00:11:35,399

Fighters per se as in that particular

277

00:11:40,670 --> 00:11:38,040

phenomenon then the first reports were

278

00:11:42,889 --> 00:11:40,680

in about September 1944 the legend

279

00:11:43,970 --> 00:11:42,899

suggests that it was November 44 but

280

00:11:45,769 --> 00:11:43,980

actually it's much earlier it's like

281

00:11:47,509 --> 00:11:45,779

several months earlier that the

282

00:11:49,730 --> 00:11:47,519

Americans start seeing things at night

283

00:11:51,889 --> 00:11:49,740

over Western Europe but actually if

284

00:11:54,590 --> 00:11:51,899

you're looking at UFOs just generally in

285

00:11:58,310 --> 00:11:54,600

World War II then there are reports from

286

00:12:00,230 --> 00:11:58,320

as early as sort of May 1940 in the book

287

00:12:01,970 --> 00:12:00,240

that I wrote but since then I've been

288

00:12:04,190 --> 00:12:01,980

researching for maybe a follow-up to

289

00:12:06,350 --> 00:12:04,200

that book and I'm finding things from

290

00:12:07,730 --> 00:12:06,360

RAF intelligence documents which

291

00:12:10,009 --> 00:12:07,740

suggests that there were things going on

292

00:12:11,569 --> 00:12:10,019

as early as March 1940 which is really

293

00:12:13,370 --> 00:12:11,579

early in the war and this isn't even

294

00:12:15,590 --> 00:12:13,380

before the bombing campaign got you know

295

00:12:17,389 --> 00:12:15,600

got going in Earnest they're being um

296

00:12:19,790 --> 00:12:17,399

RAF bombers are being followed by

297

00:12:22,250 --> 00:12:19,800

strange lights in the skies or the over

298

00:12:25,550 --> 00:12:22,260

over Germany and over France so you know

299

00:12:27,170 --> 00:12:25,560

things are really strange and the don't

300

00:12:28,550 --> 00:12:27,180

get a grip on what's Happening the

301

00:12:31,850 --> 00:12:28,560

intelligence people are just completely

302

00:12:33,410 --> 00:12:31,860

dumbfounded and they have no clue after

303

00:12:35,930 --> 00:12:33,420

months and months and even years of

304

00:12:37,250 --> 00:12:35,940

analysis and they're just none the wiser

305

00:12:38,269 --> 00:12:37,260

they think they're German aircraft but

306

00:12:40,190 --> 00:12:38,279

they're not

307

00:12:42,290 --> 00:12:40,200

um because they don't um you know they

308

00:12:43,790 --> 00:12:42,300

don't try and shoot the bombers down uh

309

00:12:46,009 --> 00:12:43,800

they just follow them someplace hundreds

310

00:12:47,930 --> 00:12:46,019

of miles at a time so it's really weird

311

00:12:49,370 --> 00:12:47,940

and I'm still going through the

312

00:12:52,430 --> 00:12:49,380

intelligence files that I managed to

313

00:12:53,569 --> 00:12:52,440

find in in the archives but this is a

314

00:12:55,310 --> 00:12:53,579

case of you know people haven't done

315

00:12:57,710 --> 00:12:55,320

this before but it's maybe just a case

316

00:12:59,449 --> 00:12:57,720

of also that people didn't know where

317

00:13:01,730 --> 00:12:59,459

some of these documents were and I've

318

00:13:04,129 --> 00:13:01,740

stumbled across a lot of them

319

00:13:06,110 --> 00:13:04,139

um so yeah it's it's interesting work

320

00:13:07,430 --> 00:13:06,120

but it's also painstaking work and it's

321

00:13:08,569 --> 00:13:07,440

going to take me a while to get go

322

00:13:11,629 --> 00:13:08,579

through everything

323

00:13:14,150 --> 00:13:11,639

okay so someone just uh gave me this

324

00:13:15,949 --> 00:13:14,160

information thank you Wyatt hello Martin

325

00:13:18,590 --> 00:13:15,959

the hearing tomorrow will be

326

00:13:21,170 --> 00:13:18,600

first held behind closed doors and then

327

00:13:23,210 --> 00:13:21,180

the public hearing will start so I'm

328

00:13:24,949 --> 00:13:23,220

going to try to follow that and I uh

329

00:13:27,590 --> 00:13:24,959

suggest anyone else interested in this

330

00:13:28,730 --> 00:13:27,600

topic may try to follow that if you can

331

00:13:31,069 --> 00:13:28,740

find

332

00:13:32,930 --> 00:13:31,079

um you know the links on online on how

333

00:13:35,090 --> 00:13:32,940

to actually watch that live I'm sure

334

00:13:37,190 --> 00:13:35,100

there'll be some once it's public it

335

00:13:40,430 --> 00:13:37,200

should be live I would think

336

00:13:42,590 --> 00:13:40,440

uh we'll we'll see be addressing anyway

337

00:13:43,730 --> 00:13:42,600

uh and this just came about you know

338

00:13:47,090 --> 00:13:43,740

it's like

339

00:13:49,550 --> 00:13:47,100

if I don't even know if uh I could

340

00:13:52,129 --> 00:13:49,560

attend anything like that as if I wasn't

341

00:13:54,050 --> 00:13:52,139

a journalist but it seems like if it's a

342

00:13:56,210 --> 00:13:54,060

public hearing that we'd be able to show

343

00:13:58,009 --> 00:13:56,220

up there but I mean it's funny it's like

344

00:13:59,690 --> 00:13:58,019

all of a sudden I think it was Wednesday

345

00:14:01,850 --> 00:13:59,700

of last week hey there's going to be a

346

00:14:03,949 --> 00:14:01,860

hearing on the 19th and yeah it happened

347

00:14:05,210 --> 00:14:03,959

fast it's been building for a while I

348

00:14:07,310 --> 00:14:05,220

mean there's been talk of it happening

349

00:14:08,750 --> 00:14:07,320

and then the date came out to you know

350

00:14:10,790 --> 00:14:08,760

kind of came out the blue a little while

351  
00:14:13,129 --> 00:14:10,800  
ago and then the news that it was going

352  
00:14:14,930 --> 00:14:13,139  
to be as you know um correspondent there

353  
00:14:16,550 --> 00:14:14,940  
says it was going to be a close hearing

354  
00:14:18,410 --> 00:14:16,560  
to start with at an open hearing

355  
00:14:20,569 --> 00:14:18,420  
afterwards and apparently that's not

356  
00:14:21,949 --> 00:14:20,579  
necessarily unusual it just seems a bit

357  
00:14:23,990 --> 00:14:21,959  
strange

358  
00:14:26,090 --> 00:14:24,000  
um but you know I'm not I'm not that

359  
00:14:28,069 --> 00:14:26,100  
kind of versed on on American politics

360  
00:14:30,170 --> 00:14:28,079  
so I'm not sure how kind of significant

361  
00:14:31,910 --> 00:14:30,180  
that is in in what the ramifications are

362  
00:14:33,590 --> 00:14:31,920  
but I'm sure it'll be all discussed to

363  
00:14:34,910 --> 00:14:33,600

death afterwards and also it'll be

364

00:14:37,850 --> 00:14:34,920

watching it live as well from here in

365

00:14:39,350 --> 00:14:37,860

the UK well you're very uh you're much

366

00:14:41,290 --> 00:14:39,360

better off not getting involved in

367

00:14:45,230 --> 00:14:41,300

American politics

368

00:14:47,449 --> 00:14:45,240

anyway so here's a question up here from

369

00:14:49,310 --> 00:14:47,459

Christopher are there surviving records

370

00:14:51,769 --> 00:14:49,320

of reports of Foo Fighters by German

371

00:14:52,790 --> 00:14:51,779

Pilots no Christopher that's a good

372

00:14:54,829 --> 00:14:52,800

question

373

00:14:56,449 --> 00:14:54,839

um every time that you you see people

374

00:14:58,310 --> 00:14:56,459

commentating on the Foo Fighters there's

375

00:15:00,470 --> 00:14:58,320

always this kind of statement of well

376

00:15:02,810 --> 00:15:00,480

the Germans saw them as well now that's

377

00:15:04,610 --> 00:15:02,820

all very well the same but proving it is

378

00:15:07,009 --> 00:15:04,620

a different thing entirely there are

379

00:15:09,829 --> 00:15:07,019

anecdotal stories about German pilots

380

00:15:11,870 --> 00:15:09,839

who say they saw things but there's no

381

00:15:13,370 --> 00:15:11,880

records that I know of

382

00:15:14,810 --> 00:15:13,380

um but somebody might you know come

383

00:15:16,009 --> 00:15:14,820

along and say oh here's here's a

384

00:15:18,590 --> 00:15:16,019

document that proves you otherwise

385

00:15:20,569 --> 00:15:18,600

you're on grain but I've never seen a

386

00:15:22,550 --> 00:15:20,579

document that actually translates it

387

00:15:23,750 --> 00:15:22,560

says that you know that here the Germans

388

00:15:25,790 --> 00:15:23,760

are saying that they saw something they

389

00:15:28,009 --> 00:15:25,800

saw something strange but there are

390

00:15:29,990 --> 00:15:28,019

stories certainly and I Do cover those

391

00:15:32,210 --> 00:15:30,000

in the book that I wrote called UFOs

392

00:15:33,949 --> 00:15:32,220

before uh before Roswell and there's

393

00:15:35,210 --> 00:15:33,959

about maybe a half a dozen to a dozen

394

00:15:36,769 --> 00:15:35,220

stories

395

00:15:38,509 --> 00:15:36,779

um at different times during the war of

396

00:15:40,490 --> 00:15:38,519

German Pilots saying they saw strange

397

00:15:42,829 --> 00:15:40,500

things but there's no documentation to

398

00:15:45,230 --> 00:15:42,839

do you know to go with them unlike the

399

00:15:47,389 --> 00:15:45,240

RAF side and like the America the US

400

00:15:49,610 --> 00:15:47,399

Army Air Force side so it's a different

401  
00:15:51,769 --> 00:15:49,620  
thing entirely there's also stories

402  
00:15:53,629 --> 00:15:51,779  
about prisoners of War uh German

403  
00:15:55,910 --> 00:15:53,639  
prisoners of War pilots who were taking

404  
00:15:58,069 --> 00:15:55,920  
prisoner who were telling their the

405  
00:16:00,050 --> 00:15:58,079  
captors about things like this but again

406  
00:16:01,730 --> 00:16:00,060  
it's actually trying to you know get

407  
00:16:04,009 --> 00:16:01,740  
those details

408  
00:16:05,810 --> 00:16:04,019  
um in in some kind of documentation form

409  
00:16:07,850 --> 00:16:05,820  
rather than just kind of word of mouth

410  
00:16:09,170 --> 00:16:07,860  
uh because you know we've all heard

411  
00:16:10,790 --> 00:16:09,180  
stories about certain things are

412  
00:16:13,430 --> 00:16:10,800  
happening but until you actually get

413  
00:16:16,370 --> 00:16:13,440

documents to prove it then they are only

414

00:16:19,550 --> 00:16:16,380

stories that's true yeah I mean that's

415

00:16:22,370 --> 00:16:19,560

that's uh I really appreciate your work

416

00:16:24,769 --> 00:16:22,380

because that's what you are looking for

417

00:16:27,410 --> 00:16:24,779

and you wouldn't put it out there unless

418

00:16:28,790 --> 00:16:27,420

you had that information so

419

00:16:30,350 --> 00:16:28,800

um I think I do try to discriminate

420

00:16:32,449 --> 00:16:30,360

between the two things I'll certainly

421

00:16:34,370 --> 00:16:32,459

include stories like that if the if the

422

00:16:36,230 --> 00:16:34,380

germane to the the you know the thing

423

00:16:37,670 --> 00:16:36,240

I'm writing about but I'll try and

424

00:16:39,230 --> 00:16:37,680

discriminate between the fact that you

425

00:16:41,449 --> 00:16:39,240

know this is somebody just like coming

426

00:16:43,009 --> 00:16:41,459

up with a story or it's hearsay and then

427

00:16:44,569 --> 00:16:43,019

this one's actually backed up by

428

00:16:46,550 --> 00:16:44,579

documents now point to where those

429

00:16:47,930 --> 00:16:46,560

documents exist yeah so that people can

430

00:16:49,790 --> 00:16:47,940

do their own homework if they're like

431

00:16:51,410 --> 00:16:49,800

they can look to see where I've got that

432

00:16:53,569 --> 00:16:51,420

information from but more importantly

433

00:16:55,730 --> 00:16:53,579

Martin they can see what the context of

434

00:16:57,889 --> 00:16:55,740

that information where it lies so it's

435

00:17:00,290 --> 00:16:57,899

not just me cherry picking certain words

436

00:17:02,150 --> 00:17:00,300

and certain phrases to try and kind of

437

00:17:04,250 --> 00:17:02,160

justify a narrative because I don't

438

00:17:06,169 --> 00:17:04,260

really have a narrative in the books

439

00:17:09,230 --> 00:17:06,179

um I'm not one who says look you know I

440

00:17:10,610 --> 00:17:09,240

know what these things are this is why

441

00:17:12,350 --> 00:17:10,620

um I'll just say look this is what

442

00:17:14,750 --> 00:17:12,360

happened at the time this is what was

443

00:17:16,549 --> 00:17:14,760

reported you know the reader makes their

444

00:17:18,350 --> 00:17:16,559

own mind up as to what I'm talking about

445

00:17:20,090 --> 00:17:18,360

and I think that's a much more fair way

446

00:17:22,429 --> 00:17:20,100

of doing it because I'm really at the

447

00:17:24,770 --> 00:17:22,439

end of the day have as much clue or or

448

00:17:26,510 --> 00:17:24,780

less clue than everybody else as to

449

00:17:29,450 --> 00:17:26,520

what's happening you know and I'm not

450

00:17:32,390 --> 00:17:29,460

afraid to say that yeah I say that often

451

00:17:34,909 --> 00:17:32,400

show it's almost like I almost seem to

452

00:17:38,029 --> 00:17:34,919

know less than I did when I started but

453

00:17:41,029 --> 00:17:38,039

uh anyway it's such a curious topic and

454

00:17:43,549 --> 00:17:41,039

I don't ever seeing see that myself

455

00:17:44,990 --> 00:17:43,559

getting tired of this topic yeah

456

00:17:46,430 --> 00:17:45,000

yeah

457

00:17:49,190 --> 00:17:46,440

um so I'm going to just talk quickly

458

00:17:53,150 --> 00:17:49,200

about your books UFOs before Roswell

459

00:17:56,450 --> 00:17:53,160

dawn of the flying saucers and

460

00:17:58,789 --> 00:17:56,460

uh let's see Ariel Ariel and UFO and

461

00:18:02,630 --> 00:17:58,799

official investigations in 1946 through

462

00:18:06,770 --> 00:18:02,640

1949 and then flying saucer fever Ariel

463

00:18:10,330 --> 00:18:06,780

encounters between 1950 1952.

464

00:18:14,810 --> 00:18:10,340

intercept and identify aerial encounters

465

00:18:17,029 --> 00:18:14,820

1953 through 1954 of all those books

466

00:18:19,549 --> 00:18:17,039

that you wrote in those those time spans

467

00:18:22,909 --> 00:18:19,559

between each of them what would you say

468

00:18:25,610 --> 00:18:22,919

that the 1950 1952 was the most active

469

00:18:28,490 --> 00:18:25,620

when it comes to at least United States

470

00:18:30,289 --> 00:18:28,500

encounters or I think things will yeah I

471

00:18:31,370 --> 00:18:30,299

think things were building up really you

472

00:18:33,529 --> 00:18:31,380

know it was almost like a kind of

473

00:18:36,230 --> 00:18:33,539

pressure cooker that was going to

474

00:18:39,289 --> 00:18:36,240

explode and and that kind of you know

475

00:18:42,529 --> 00:18:39,299

situation almost a a rose in those two

476

00:18:44,930 --> 00:18:42,539

weekends in July 1952 when

477

00:18:48,470 --> 00:18:44,940

um when the the U.S capital was I

478

00:18:50,330 --> 00:18:48,480

suppose the words besieged by UFOs

479

00:18:52,549 --> 00:18:50,340

um and and of course yeah and the or air

480

00:18:54,049 --> 00:18:52,559

defenses didn't have a response to that

481

00:18:55,490 --> 00:18:54,059

they were sending aircraft up and the

482

00:18:57,169 --> 00:18:55,500

things were disappearing and then as

483

00:18:58,909 --> 00:18:57,179

soon as the aircraft you know were low

484

00:19:00,590 --> 00:18:58,919

on fuel and had to return the base then

485

00:19:02,870 --> 00:19:00,600

they were back again

486

00:19:05,810 --> 00:19:02,880

um and it showed the kind of inadequacy

487

00:19:07,909 --> 00:19:05,820

of of American Air defenses I mean that

488

00:19:09,289 --> 00:19:07,919

had already been proved just by if you

489

00:19:13,610 --> 00:19:09,299

go through the cases that have happened

490

00:19:16,310 --> 00:19:13,620

in the late like 40s and 1951 1952 there

491

00:19:18,890 --> 00:19:16,320

was no kind of adequate response that

492

00:19:20,210 --> 00:19:18,900

the American Interceptor fleets could do

493

00:19:22,549 --> 00:19:20,220

with these things that were being

494

00:19:25,630 --> 00:19:22,559

reported but that was kind of writ large

495

00:19:28,430 --> 00:19:25,640

over Washington DC because you know

496

00:19:30,529 --> 00:19:28,440

you've got your nation's capital the you

497

00:19:33,230 --> 00:19:30,539

know the city of democracy and these

498

00:19:35,330 --> 00:19:33,240

things are flying over you know they can

499

00:19:37,850 --> 00:19:35,340

do what they like and and your Air Force

500

00:19:40,250 --> 00:19:37,860

have basically powerless to stop them

501  
00:19:43,370 --> 00:19:40,260  
um so yeah things came ahead didn't they

502  
00:19:45,049 --> 00:19:43,380  
and the numbers of cases were were like

503  
00:19:47,990 --> 00:19:45,059  
multiplying if you like now I'm sure

504  
00:19:50,029 --> 00:19:48,000  
some cases were copycats and people were

505  
00:19:51,470 --> 00:19:50,039  
trying to get onto a bandwagon and try

506  
00:19:53,090 --> 00:19:51,480  
and get their names and their papers and

507  
00:19:54,529 --> 00:19:53,100  
all this kind of thing

508  
00:19:56,750 --> 00:19:54,539  
um bearing in mind I'm looking at aerial

509  
00:19:58,490 --> 00:19:56,760  
cases but I'm ignoring the you know

510  
00:20:00,289 --> 00:19:58,500  
people on the ground who were seeing

511  
00:20:01,789 --> 00:20:00,299  
things up in the sky but there were

512  
00:20:04,730 --> 00:20:01,799  
still thousands and thousands of

513  
00:20:06,350 --> 00:20:04,740

sightings and yet people were you know

514

00:20:08,450 --> 00:20:06,360

some people would have probably just

515

00:20:09,830 --> 00:20:08,460

tried to jump on a bandwagon but when he

516

00:20:11,810 --> 00:20:09,840

actually boil the the aerial site

517

00:20:14,390 --> 00:20:11,820

settings down you've got professional

518

00:20:17,090 --> 00:20:14,400

Pilots you know airline pilots and Crews

519

00:20:18,950 --> 00:20:17,100

seeing things and and they're you know

520

00:20:21,110 --> 00:20:18,960

effectively beyond your approach you've

521

00:20:22,310 --> 00:20:21,120

got military aviators who are highly

522

00:20:24,470 --> 00:20:22,320

trained

523

00:20:26,870 --> 00:20:24,480

um you're professional Pilots but also

524

00:20:28,730 --> 00:20:26,880

they're trained observers uh you're

525

00:20:30,529 --> 00:20:28,740

looking straight things which are out of

526

00:20:32,750 --> 00:20:30,539

the ordinary and because their lives

527

00:20:34,310 --> 00:20:32,760

could depend on it sometime and they're

528

00:20:35,810 --> 00:20:34,320

reporting these things as well and those

529

00:20:38,810 --> 00:20:35,820

numbers of cases are just going up and

530

00:20:40,850 --> 00:20:38,820

up until that weekend but then of course

531

00:20:43,310 --> 00:20:40,860

you have this press conference that is

532

00:20:45,169 --> 00:20:43,320

hastily convened just after those

533

00:20:47,750 --> 00:20:45,179

weekends right and you've got you know

534

00:20:49,850 --> 00:20:47,760

and you've got high ranking US Air Force

535

00:20:52,430 --> 00:20:49,860

um a general comes up and he's high up

536

00:20:54,529 --> 00:20:52,440

in intelligence and air intelligence and

537

00:20:56,210 --> 00:20:54,539

they're trying to put the lid on it and

538

00:20:57,470 --> 00:20:56,220

they're trying to dampen it all down and

539

00:20:59,830 --> 00:20:57,480

they're trying to say that you know what

540

00:21:02,390 --> 00:20:59,840

the scene of a washing were radar um

541

00:21:05,270 --> 00:21:02,400

sorry temperature inversions which were

542

00:21:07,070 --> 00:21:05,280

causing your false radar Echoes

543

00:21:09,770 --> 00:21:07,080

um and that doesn't quite wash with the

544

00:21:12,590 --> 00:21:09,780

radar expert who's giving testimony a

545

00:21:15,169 --> 00:21:12,600

the the um at the press conference as

546

00:21:17,570 --> 00:21:15,179

well but the Press basically lap it up

547

00:21:20,210 --> 00:21:17,580

and they accept it because it's coming

548

00:21:22,070 --> 00:21:20,220

from some high ranking officer yes and

549

00:21:25,730 --> 00:21:22,080

they go away so that kind of does

550

00:21:28,789 --> 00:21:25,740

diffuse things a bit but even so the

551  
00:21:30,649 --> 00:21:28,799  
numbers of cases still get reported it's

552  
00:21:33,590 --> 00:21:30,659  
not as if they're just quietly you know

553  
00:21:35,810 --> 00:21:33,600  
sort of dies off and people stop and

554  
00:21:37,850 --> 00:21:35,820  
stop reporting them in the in the Years

555  
00:21:40,370 --> 00:21:37,860  
afterwards you still get lots of reports

556  
00:21:43,490 --> 00:21:40,380  
again from professional at you um from

557  
00:21:45,470 --> 00:21:43,500  
aviators so I I want to talk I think

558  
00:21:47,510 --> 00:21:45,480  
obviously I want to say

559  
00:21:49,310 --> 00:21:47,520  
Sanderson was but I can't remember who

560  
00:21:51,590 --> 00:21:49,320  
it was the high-ranking officer you

561  
00:21:54,110 --> 00:21:51,600  
mentioned but anyway I'd like to where

562  
00:21:56,390 --> 00:21:54,120  
was it Sanders Sanford oh Stanford

563  
00:22:00,049 --> 00:21:56,400

that's right okay I want to uh I want to

564

00:22:02,090 --> 00:22:00,059

kind of put uh kill a myth here because

565

00:22:04,789 --> 00:22:02,100

I I get a lot of people saying well what

566

00:22:06,470 --> 00:22:04,799

about these UFOs over Washington and

567

00:22:07,669 --> 00:22:06,480

what this is a lot of people have seen

568

00:22:09,230 --> 00:22:07,679

this picture and I'm going to put it in

569

00:22:11,029 --> 00:22:09,240

the show Notes too but you're seeing it

570

00:22:14,029 --> 00:22:11,039

live on YouTube

571

00:22:16,490 --> 00:22:14,039

um twitch and uh Facebook right right

572

00:22:19,250 --> 00:22:16,500

now and that is that picture that you

573

00:22:23,630 --> 00:22:19,260

see when everyone shows Washington DC

574

00:22:26,870 --> 00:22:23,640

July 12 1952 UFO sighting over UFO

575

00:22:29,870 --> 00:22:26,880

sightings over the capital that is

576

00:22:31,970 --> 00:22:29,880

reflections of the lights in the camera

577

00:22:33,710 --> 00:22:31,980

the reflections of the lights they

578

00:22:36,590 --> 00:22:33,720

totally match up with the lights Below

579

00:22:38,450 --> 00:22:36,600

in uh the street lamps and it's just

580

00:22:40,190 --> 00:22:38,460

what it was an anomaly in the camera and

581

00:22:42,289 --> 00:22:40,200

everyone thinks those are the UFOs that

582

00:22:43,430 --> 00:22:42,299

those are not the UFOs just to let you

583

00:22:44,930 --> 00:22:43,440

know

584

00:22:48,289 --> 00:22:44,940

so

585

00:22:49,850 --> 00:22:48,299

um anyway uh and there's there are all

586

00:22:52,430 --> 00:22:49,860

types of the camera anomalies that

587

00:22:53,930 --> 00:22:52,440

people do think Are UFOs there's a

588

00:22:56,029 --> 00:22:53,940

famous One in a diner and it's a

589

00:22:59,210 --> 00:22:56,039

reflection of you know overhead lights

590

00:23:00,010 --> 00:22:59,220

on the window you know and that yeah but

591

00:23:02,810 --> 00:23:00,020

anyway

592

00:23:04,730 --> 00:23:02,820

uh yeah that's that's an interesting

593

00:23:06,710 --> 00:23:04,740

time span so

594

00:23:07,850 --> 00:23:06,720

what do you of all the books that you

595

00:23:10,549 --> 00:23:07,860

have written I'm just going to pop them

596

00:23:15,049 --> 00:23:10,559

up here this is this one this is behind

597

00:23:16,570 --> 00:23:15,059

you right now that's 1953 to 1954.

598

00:23:21,590 --> 00:23:16,580

um and this one is

599

00:23:24,710 --> 00:23:21,600

1946 is it to 1949. that's right and uh

600

00:23:27,830 --> 00:23:24,720

this one is one I had up before 1950 to

601  
00:23:29,169 --> 00:23:27,840  
1952 uh what was your favorite book to

602  
00:23:31,909 --> 00:23:29,179  
write in all those

603  
00:23:34,730 --> 00:23:31,919  
they all have their moments so you know

604  
00:23:36,350 --> 00:23:34,740  
the the process of writing them is the

605  
00:23:38,570 --> 00:23:36,360  
same each time it's a kind of void a

606  
00:23:40,370 --> 00:23:38,580  
discovery I guess every you know people

607  
00:23:42,830 --> 00:23:40,380  
who have looked at the historical record

608  
00:23:44,630 --> 00:23:42,840  
they know about certain cases so you

609  
00:23:46,310 --> 00:23:44,640  
know about the Thomas mantel case you

610  
00:23:49,310 --> 00:23:46,320  
know about maybe the George Gorman case

611  
00:23:51,350 --> 00:23:49,320  
these are like late 40s cases but then

612  
00:23:53,090 --> 00:23:51,360  
you'll have other ones where you'll be

613  
00:23:55,669 --> 00:23:53,100

aware of them in terms of maybe the

614

00:23:57,110 --> 00:23:55,679

location and maybe a rough date but you

615

00:23:58,789 --> 00:23:57,120

might not know much about what happened

616

00:24:00,590 --> 00:23:58,799

and there will be other ones which are

617

00:24:02,510 --> 00:24:00,600

just completely you know new and that

618

00:24:04,010 --> 00:24:02,520

happened to me as well when I was

619

00:24:05,750 --> 00:24:04,020

researching these and when I was looking

620

00:24:07,070 --> 00:24:05,760

for the intelligence information and the

621

00:24:10,190 --> 00:24:07,080

other documents associated with the case

622

00:24:11,690 --> 00:24:10,200

to write about them so it was you know

623

00:24:13,850 --> 00:24:11,700

it was it was really good for me a

624

00:24:15,950 --> 00:24:13,860

process of writing about things which I

625

00:24:17,810 --> 00:24:15,960

knew I had some information on and I was

626

00:24:20,149 --> 00:24:17,820

aware of other cases but some were just

627

00:24:21,950 --> 00:24:20,159

completely you know oh oh this is just

628

00:24:23,930 --> 00:24:21,960

so exciting you know learning about

629

00:24:25,850 --> 00:24:23,940

things for the first time so each of

630

00:24:28,669 --> 00:24:25,860

those books had that particular kind of

631

00:24:30,470 --> 00:24:28,679

you know thing to them but I guess in in

632

00:24:32,690 --> 00:24:30,480

terms of maybe in the writing the one

633

00:24:34,490 --> 00:24:32,700

I'm most kind of proud of it would be

634

00:24:36,169 --> 00:24:34,500

the the first one dawn of the flying

635

00:24:38,870 --> 00:24:36,179

sources in terms of chronological order

636

00:24:40,850 --> 00:24:38,880

because that's the you know the dawn of

637

00:24:43,010 --> 00:24:40,860

this kind of modern day phenomenon that

638

00:24:45,409 --> 00:24:43,020

we're all you know interested in it's

639

00:24:47,029 --> 00:24:45,419

not necessarily the first UFOs but it's

640

00:24:49,850 --> 00:24:47,039

the ones that's going to break through

641

00:24:51,409 --> 00:24:49,860

into the kind of public psyche in some

642

00:24:53,270 --> 00:24:51,419

which is you know it becomes a

643

00:24:56,630 --> 00:24:53,280

phenomenon that everybody starts talking

644

00:24:58,730 --> 00:24:56,640

about yeah um you know so and it's these

645

00:25:00,230 --> 00:24:58,740

really early cases and the ones like you

646

00:25:02,090 --> 00:25:00,240

know the Thomas mantel case the George

647

00:25:03,710 --> 00:25:02,100

Gorman case the child's wit head case

648

00:25:06,110 --> 00:25:03,720

from back then these are all pilot

649

00:25:08,630 --> 00:25:06,120

encounters they're all really really

650

00:25:10,730 --> 00:25:08,640

interesting you know people know about

651  
00:25:13,610 --> 00:25:10,740  
Thomas mantel about how he allegedly

652  
00:25:15,770 --> 00:25:13,620  
chased Venus or or a balloon to his

653  
00:25:19,070 --> 00:25:15,780  
death but also you've got George Gorman

654  
00:25:22,130 --> 00:25:19,080  
who had a dog fight with a light over

655  
00:25:23,270 --> 00:25:22,140  
 Fargo in North Dakota

656  
00:25:25,010 --> 00:25:23,280  
um one night

657  
00:25:26,810 --> 00:25:25,020  
um and this thing and effectively that

658  
00:25:28,250 --> 00:25:26,820  
could well be you know if that had been

659  
00:25:31,490 --> 00:25:28,260  
a few years earlier that would have been

660  
00:25:33,470 --> 00:25:31,500  
classes of Foo Fighters yeah so and and

661  
00:25:34,789 --> 00:25:33,480  
yet they were trying to put that off as

662  
00:25:36,529 --> 00:25:34,799  
being some kind of maybe a military

663  
00:25:40,010 --> 00:25:36,539

aircraft that had come over from Canada

664

00:25:42,110 --> 00:25:40,020

and it was you know just um sort of you

665

00:25:44,870 --> 00:25:42,120

know playing tag with with the with the

666

00:25:47,029 --> 00:25:44,880

Goldman's uh f-51 Mustang well that

667

00:25:49,070 --> 00:25:47,039

didn't happen but that's a story that

668

00:25:51,409 --> 00:25:49,080

was almost concocted as a possible

669

00:25:54,049 --> 00:25:51,419

explanation at the time of course it was

670

00:25:55,669 --> 00:25:54,059

it was dismissed soon afterwards but

671

00:25:56,690 --> 00:25:55,679

yeah and then I think another thing that

672

00:25:59,450 --> 00:25:56,700

said oh well it would be a weather

673

00:26:02,029 --> 00:25:59,460

balloon that was another suggestion uh

674

00:26:03,590 --> 00:26:02,039

you know so why was he chasing a weather

675

00:26:05,750 --> 00:26:03,600

balloon that was making head-on passes

676

00:26:06,649 --> 00:26:05,760

on his aircraft so you know it just

677

00:26:09,409 --> 00:26:06,659

doesn't matter

678

00:26:13,190 --> 00:26:09,419

and you know there was speculation that

679

00:26:15,769 --> 00:26:13,200

he went higher than his oxygen uh level

680

00:26:18,110 --> 00:26:15,779

Montel here yes well not Thomas mantel

681

00:26:20,210 --> 00:26:18,120

yeah there is speculation but even then

682

00:26:22,310 --> 00:26:20,220

when you look at the um the testimony

683

00:26:23,930 --> 00:26:22,320

from the surviving Pilots it doesn't

684

00:26:26,269 --> 00:26:23,940

quite add up

685

00:26:28,430 --> 00:26:26,279

um there are some sort of discrepancies

686

00:26:30,769 --> 00:26:28,440

and I cover these in the book that in so

687

00:26:32,210 --> 00:26:30,779

much as one of one of the pilots was

688

00:26:35,210 --> 00:26:32,220

having trouble at 12 and a half thousand

689

00:26:37,010 --> 00:26:35,220

feet now Nokia is quite a thing in terms

690

00:26:39,110 --> 00:26:37,020

of you know Pilots getting oxygen

691

00:26:40,669 --> 00:26:39,120

deprivation and it can come on really

692

00:26:42,230 --> 00:26:40,679

suddenly and if somebody's having

693

00:26:45,110 --> 00:26:42,240

trouble at twelve and a half thousand

694

00:26:47,870 --> 00:26:45,120

and then the the records that they said

695

00:26:50,450 --> 00:26:47,880

they went up to 20 000 feet or or just

696

00:26:52,490 --> 00:26:50,460

below that then there's little chance

697

00:26:54,289 --> 00:26:52,500

that the Pilot's struggling at you know

698

00:26:57,110 --> 00:26:54,299

much lower down would be able to get up

699

00:26:59,210 --> 00:26:57,120

to an altitude like that without a you

700

00:27:01,789 --> 00:26:59,220

know a serious things happening let

701  
00:27:04,430 --> 00:27:01,799  
alone Thomas mantel climbing even higher

702  
00:27:06,590 --> 00:27:04,440  
up in in you know afterwards after a UFO

703  
00:27:09,230 --> 00:27:06,600  
so there's parts of that story that

704  
00:27:11,269 --> 00:27:09,240  
don't quite add up and if people do have

705  
00:27:13,490 --> 00:27:11,279  
look at the book dawn of the flying

706  
00:27:15,470 --> 00:27:13,500  
saucers you'll see it all laid out Blow

707  
00:27:17,269 --> 00:27:15,480  
by blow and you'll see the testimony

708  
00:27:19,789 --> 00:27:17,279  
from the surviving pilots and you can

709  
00:27:22,010 --> 00:27:19,799  
see where it doesn't quite sort of add

710  
00:27:23,930 --> 00:27:22,020  
up entirely so there's there's something

711  
00:27:26,330 --> 00:27:23,940  
going on there

712  
00:27:29,269 --> 00:27:26,340  
um that doesn't doesn't quite you know

713  
00:27:32,330 --> 00:27:29,279

sort of tally too much now that's not

714

00:27:34,190 --> 00:27:32,340

necessarily proof of UFO involvement but

715

00:27:36,590 --> 00:27:34,200

it just shows that the story isn't

716

00:27:38,110 --> 00:27:36,600

exactly what everybody sort of suggests

717

00:27:42,529 --> 00:27:38,120

it is

718

00:27:44,029 --> 00:27:42,539

and your book that's 1946 who is it 1949

719

00:27:44,930 --> 00:27:44,039

I believe

720

00:27:47,149 --> 00:27:44,940

um

721

00:27:50,570 --> 00:27:47,159

I'm sure roswell's in there but the

722

00:27:52,850 --> 00:27:50,580

funny is it or is it not yeah well it's

723

00:27:54,470 --> 00:27:52,860

it's mentioned it's not an aerial case

724

00:27:57,169 --> 00:27:54,480

because obviously that wasn't a pilot in

725

00:27:59,330 --> 00:27:57,179

aircraft you say well that's true it was

726

00:28:01,549 --> 00:27:59,340

a crush on the ground yeah but the way

727

00:28:04,010 --> 00:28:01,559

that I kind of address Roswell and it's

728

00:28:05,630 --> 00:28:04,020

an outlier to me because I I struggled

729

00:28:07,310 --> 00:28:05,640

to try and fit it into everything else

730

00:28:08,630 --> 00:28:07,320

that was going on then

731

00:28:10,909 --> 00:28:08,640

um I'm not suggesting that Roswell

732

00:28:12,710 --> 00:28:10,919

didn't happen it's just when you look at

733

00:28:14,750 --> 00:28:12,720

the intelligence documents and you look

734

00:28:16,430 --> 00:28:14,760

at everything else that was going on you

735

00:28:19,310 --> 00:28:16,440

just wonder how it all fits in with like

736

00:28:21,230 --> 00:28:19,320

so you know the creation of project sign

737

00:28:23,269 --> 00:28:21,240

um now I'm not necessarily a conspiracy

738

00:28:25,010 --> 00:28:23,279

theorist but I understand that some

739

00:28:27,890 --> 00:28:25,020

people suggested it was a cover-up going

740

00:28:29,210 --> 00:28:27,900

on behind the scenes uh but you know

741

00:28:31,190 --> 00:28:29,220

it's just one of those things that I

742

00:28:32,690 --> 00:28:31,200

have to deal with the kind of facts as I

743

00:28:35,029 --> 00:28:32,700

see them and I try to put things through

744

00:28:37,430 --> 00:28:35,039

in a fairly straightforward way and I

745

00:28:39,890 --> 00:28:37,440

don't go too far down the kind of rabbit

746

00:28:41,269 --> 00:28:39,900

hole of of conspiracy theories

747

00:28:43,430 --> 00:28:41,279

um and in the introduction to the book

748

00:28:45,950 --> 00:28:43,440

and in the epilogue I do touch on

749

00:28:47,330 --> 00:28:45,960

Roswell but I basically be hold the

750

00:28:49,789 --> 00:28:47,340

hands up and say you know where does

751

00:28:51,769 --> 00:28:49,799

this all fit in I don't understand so

752

00:28:53,990 --> 00:28:51,779

hopefully better Minds than mine will

753

00:28:55,730 --> 00:28:54,000

come along and explain that someday and

754

00:28:58,130 --> 00:28:55,740

hopefully we might get a resolution to

755

00:28:59,930 --> 00:28:58,140

Roswell in the future but then again we

756

00:29:01,669 --> 00:28:59,940

might not because unfortunately you know

757

00:29:03,830 --> 00:29:01,679

pretty much everybody who's associated

758

00:29:07,310 --> 00:29:03,840

with the actual incident now is dead

759

00:29:08,690 --> 00:29:07,320

yeah um so in terms of eyewitnesses so

760

00:29:10,490 --> 00:29:08,700

it might be one of those things that

761

00:29:12,529 --> 00:29:10,500

just becomes a kind of urban legend if

762

00:29:13,850 --> 00:29:12,539

you like and everybody thinks that

763

00:29:15,049 --> 00:29:13,860

something happened there but proving

764

00:29:17,510 --> 00:29:15,059

it's a completely different matter

765

00:29:20,269 --> 00:29:17,520

unfortunately I wonder what would have

766

00:29:22,669 --> 00:29:20,279

happened if Stanton Friedman didn't

767

00:29:25,010 --> 00:29:22,679

stumble across it all happened I believe

768

00:29:27,470 --> 00:29:25,020

he told me when someone didn't show up

769

00:29:29,510 --> 00:29:27,480

for an interview or something and when

770

00:29:31,310 --> 00:29:29,520

he was at a radio station and they said

771

00:29:33,769 --> 00:29:31,320

oh you gotta talk to this guy over in

772

00:29:36,049 --> 00:29:33,779

Homer that's right you know he's he

773

00:29:39,289 --> 00:29:36,059

claims he's sorry UFO that didn't happen

774

00:29:42,110 --> 00:29:39,299

that day I wonder what Roswell would be

775

00:29:43,850 --> 00:29:42,120

today yeah there's a lot of this isn't

776

00:29:45,470 --> 00:29:43,860

there it might have come out later on in

777

00:29:47,149 --> 00:29:45,480

a different way or it just may they've

778

00:29:49,190 --> 00:29:47,159

not have and yet there's so many people

779

00:29:50,750 --> 00:29:49,200

associated with it it just took that

780

00:29:52,250 --> 00:29:50,760

kind of thing to break the ice didn't it

781

00:29:53,330 --> 00:29:52,260

and then everybody else came out the

782

00:29:55,250 --> 00:29:53,340

woodwork

783

00:29:58,130 --> 00:29:55,260

um and say oh yeah I was I was you know

784

00:29:59,330 --> 00:29:58,140

I was part of that yeah well you know I

785

00:30:03,049 --> 00:29:59,340

mean I think I think it's a very

786

00:30:05,990 --> 00:30:03,059

interesting case in but um yeah it has

787

00:30:08,690 --> 00:30:06,000

like you said it's it it can morph into

788

00:30:10,669 --> 00:30:08,700

I always kind of worried about things

789

00:30:13,490 --> 00:30:10,679

morphing into

790

00:30:15,590 --> 00:30:13,500

far away from the the truths and the

791

00:30:19,310 --> 00:30:15,600

facts you know I mean that's how things

792

00:30:21,110 --> 00:30:19,320

can seem to go into like their own uh

793

00:30:23,029 --> 00:30:21,120

you know like something if it's in print

794

00:30:24,889 --> 00:30:23,039

people think it's real you know that

795

00:30:26,510 --> 00:30:24,899

that type of situation that's why that's

796

00:30:29,029 --> 00:30:26,520

why I'm really careful not to kind of

797

00:30:31,070 --> 00:30:29,039

speculate too much uh about you know the

798

00:30:33,529 --> 00:30:31,080

origin of of these things are being

799

00:30:35,389 --> 00:30:33,539

reported I mean you know I've read books

800

00:30:37,310 --> 00:30:35,399

in the past where people have sort of

801  
00:30:39,590 --> 00:30:37,320  
you know tried to come up with a kind of

802  
00:30:41,149 --> 00:30:39,600  
a gender or a narrative and then you'll

803  
00:30:43,310 --> 00:30:41,159  
see that they try to dance on the head

804  
00:30:44,930 --> 00:30:43,320  
of a PIN to try and make you know facts

805  
00:30:47,330 --> 00:30:44,940  
shoot what they're writing about yes

806  
00:30:48,830 --> 00:30:47,340  
we've all seen books like that over over

807  
00:30:50,630 --> 00:30:48,840  
the decades

808  
00:30:52,310 --> 00:30:50,640  
um and but you know when I when I first

809  
00:30:54,289 --> 00:30:52,320  
like embarked on writing these books I

810  
00:30:55,970 --> 00:30:54,299  
was determined not to do that because

811  
00:30:57,649 --> 00:30:55,980  
the last thing I want is people going

812  
00:30:59,450 --> 00:30:57,659  
away thinking oh yeah he's just trying

813  
00:31:01,370 --> 00:30:59,460

to sell something he's trying to sell a

814

00:31:02,930 --> 00:31:01,380

story he's trying to sell an idea he's

815

00:31:05,029 --> 00:31:02,940

got in his head and that's the last

816

00:31:07,909 --> 00:31:05,039

thing from my mind I'm basically putting

817

00:31:09,590 --> 00:31:07,919

down you know what the the in in detail

818

00:31:11,570 --> 00:31:09,600

I guess when I looked at these books

819

00:31:13,789 --> 00:31:11,580

some of these books in the 70s you would

820

00:31:15,470 --> 00:31:13,799

see these write-ups of some of the cases

821

00:31:17,750 --> 00:31:15,480

that I've covered but they're going to

822

00:31:19,850 --> 00:31:17,760

be a paragraph and me being this kind of

823

00:31:21,110 --> 00:31:19,860

sponge back then yeah I was always what

824

00:31:23,149 --> 00:31:21,120

desperate for more information about

825

00:31:24,470 --> 00:31:23,159

these cases I want to know more rather

826

00:31:27,049 --> 00:31:24,480

than just you know two or three or six

827

00:31:28,490 --> 00:31:27,059

or seven lines about a case and this is

828

00:31:30,049 --> 00:31:28,500

when I wrote these books I thought look

829

00:31:33,169 --> 00:31:30,059

I'm trying to kind of throw everything I

830

00:31:34,850 --> 00:31:33,179

can in terms of particular cases at the

831

00:31:36,889 --> 00:31:34,860

reader so they've got more information

832

00:31:38,510 --> 00:31:36,899

they know what to do with but at least

833

00:31:40,610 --> 00:31:38,520

then you can make a much more informed

834

00:31:43,010 --> 00:31:40,620

kind of opinion as to what a case you

835

00:31:44,810 --> 00:31:43,020

know you know what represents rather

836

00:31:45,649 --> 00:31:44,820

than just a few lines on a page of a

837

00:31:47,570 --> 00:31:45,659

book

838

00:31:50,690 --> 00:31:47,580

right right now I'm I've been reading a

839

00:31:54,470 --> 00:31:50,700

manuscript from Chris Styles about the

840

00:31:56,510 --> 00:31:54,480

Shelburne uh 1960 incident in shag

841

00:31:59,149 --> 00:31:56,520

Harbor how they both kind of they

842

00:32:00,889 --> 00:31:59,159

mingled together so and I even had Chris

843

00:32:02,090 --> 00:32:00,899

on my show I'm going to be writing a

844

00:32:05,690 --> 00:32:02,100

forward for the book but I even had

845

00:32:08,330 --> 00:32:05,700

Chris on the show where um I said to him

846

00:32:10,190 --> 00:32:08,340

well didn't people see like uh two

847

00:32:13,669 --> 00:32:10,200

crafts down and one was in danger he

848

00:32:15,289 --> 00:32:13,679

goes no that's that's Shelburne uh well

849

00:32:16,750 --> 00:32:15,299

you know I mean it's a long they're just

850

00:32:20,330 --> 00:32:16,760

mixed in together

851  
00:32:24,470 --> 00:32:20,340  
in 1960 and what happened in 1967 and

852  
00:32:26,330 --> 00:32:24,480  
but yeah I mean it's when someone goes

853  
00:32:28,850 --> 00:32:26,340  
like on TV or whatever and they mix them

854  
00:32:29,870 --> 00:32:28,860  
together it's so hard to undo it you

855  
00:32:33,110 --> 00:32:29,880  
know

856  
00:32:37,149 --> 00:32:33,120  
um so that is those years are very

857  
00:32:39,950 --> 00:32:37,159  
interesting from 1946 to 1949 as well

858  
00:32:41,930 --> 00:32:39,960  
and uh what are some of the cases that

859  
00:32:44,029 --> 00:32:41,940  
stand out if you can recall I know we

860  
00:32:45,950 --> 00:32:44,039  
have three three sections three books it

861  
00:32:48,110 --> 00:32:45,960  
might be hard to pull one out of the hat

862  
00:32:50,690 --> 00:32:48,120  
but uh what can you recall that's an

863  
00:32:52,669 --> 00:32:50,700

interesting case in that book well I

864

00:32:55,730 --> 00:32:52,679

mean I mentioned um the George Goldman

865

00:32:58,010 --> 00:32:55,740

case there so that was that was 1948.

866

00:33:00,049 --> 00:32:58,020

um I'll I'll go through a couple of

867

00:33:01,370 --> 00:33:00,059

those really you talk about the tech

868

00:33:03,590 --> 00:33:01,380

you're talking about the modern day

869

00:33:07,250 --> 00:33:03,600

phenomena you talk about the Tic Tac now

870

00:33:09,409 --> 00:33:07,260

let's go back to uh February 1949 and

871

00:33:11,570 --> 00:33:09,419

there was a training aircraft it was a

872

00:33:13,490 --> 00:33:11,580

an 8011 Kansas so this was like a

873

00:33:15,110 --> 00:33:13,500

navigation Trader and there's a crew on

874

00:33:16,490 --> 00:33:15,120

board this aircraft and they saw

875

00:33:18,350 --> 00:33:16,500

something that they declared was

876

00:33:20,029 --> 00:33:18,360

actually sausage shaped

877

00:33:22,789 --> 00:33:20,039

um the the forward and the trailing ends

878

00:33:24,889 --> 00:33:22,799

looked like a B-29 nose so it was a kind

879

00:33:26,570 --> 00:33:24,899

of like a cucumber Chef I guess now that

880

00:33:29,090 --> 00:33:26,580

could be misinter you know could it be

881

00:33:32,090 --> 00:33:29,100

interpreted as a Tic Tac that's yeah

882

00:33:33,889 --> 00:33:32,100

almost a classic cigar shape kind of uh

883

00:33:35,690 --> 00:33:33,899

you know a thing that was that was a

884

00:33:37,669 --> 00:33:35,700

phrase that was used probably through

885

00:33:39,169 --> 00:33:37,679

the 60s and 70s wasn't it you know I

886

00:33:41,269 --> 00:33:39,179

remember that from books I used to to

887

00:33:44,930 --> 00:33:41,279

read back then as well of descriptions

888

00:33:46,850 --> 00:33:44,940

of objects and that now I suppose they

889

00:33:48,649 --> 00:33:46,860

call them Tic Tacs so there's a case

890

00:33:51,710 --> 00:33:48,659

from back then that has that resonates

891

00:33:53,450 --> 00:33:51,720

today and then you've got well this

892

00:33:55,130 --> 00:33:53,460

comes from flying source of fever this

893

00:33:57,169 --> 00:33:55,140

particular one and we're looking at the

894

00:34:00,409 --> 00:33:57,179

Yellow Sea which is which is off China

895

00:34:03,049 --> 00:34:00,419

isn't it uh and this is in about

896

00:34:05,509 --> 00:34:03,059

um I think this is October 1951 and the

897

00:34:07,909 --> 00:34:05,519

crew of a flying bit of a US Navy flying

898

00:34:09,649 --> 00:34:07,919

boat and they say this thing well first

899

00:34:11,450 --> 00:34:09,659

of all that one of the Gunners sees it

900

00:34:13,790 --> 00:34:11,460

and then it's picked up on radar so this

901  
00:34:16,250 --> 00:34:13,800  
is a radar visual case

902  
00:34:18,649 --> 00:34:16,260  
um and it's it looks almost like a

903  
00:34:20,510 --> 00:34:18,659  
mig-15 fighter without the tail and

904  
00:34:22,010 --> 00:34:20,520  
without the cockpit and they've actually

905  
00:34:23,869 --> 00:34:22,020  
got a drawing of it in the Blue Book

906  
00:34:26,089 --> 00:34:23,879  
files um but it obviously comes from

907  
00:34:27,829 --> 00:34:26,099  
Grudge because it it's it took place

908  
00:34:30,530 --> 00:34:27,839  
before Blue Book was actually set up in

909  
00:34:32,629 --> 00:34:30,540  
March 19 152 and then the intelligence

910  
00:34:34,550 --> 00:34:32,639  
people are trying the damndest to try

911  
00:34:37,790 --> 00:34:34,560  
and reconcile this thing this this

912  
00:34:39,950 --> 00:34:37,800  
strange craft with a mig-15 to try and

913  
00:34:41,450 --> 00:34:39,960

say well look it's a it's a Meek it's a

914

00:34:44,810 --> 00:34:41,460

Russian fighter

915

00:34:46,849 --> 00:34:44,820

um even though the the way scene would

916

00:34:49,010 --> 00:34:46,859

be in almost Beyond

917

00:34:50,389 --> 00:34:49,020

um a Russian pilot being able to fly one

918

00:34:52,849 --> 00:34:50,399

of these Fighters bear in mind they had

919

00:34:55,310 --> 00:34:52,859

a very uh very small fuel load back in

920

00:34:57,950 --> 00:34:55,320

those days to get to where it was and

921

00:35:00,050 --> 00:34:57,960

get back home safely but you can see why

922

00:35:01,790 --> 00:35:00,060

that they're trying to you know try to

923

00:35:03,170 --> 00:35:01,800

say oh you know it's just a Russian

924

00:35:05,210 --> 00:35:03,180

fighter

925

00:35:08,329 --> 00:35:05,220

um so that was an interesting case as

926  
00:35:11,150 --> 00:35:08,339  
well that this strange looking tailless

927  
00:35:13,430 --> 00:35:11,160  
craft without with these short stubby

928  
00:35:15,349 --> 00:35:13,440  
wings and this huge uh plume of orange

929  
00:35:17,630 --> 00:35:15,359  
red and white Flames coming out the back

930  
00:35:18,829 --> 00:35:17,640  
of it and then and the intelligence

931  
00:35:20,569 --> 00:35:18,839  
people are just trying to say oh yeah

932  
00:35:22,310 --> 00:35:20,579  
you just saw a Russian aircraft but

933  
00:35:23,990 --> 00:35:22,320  
that's quite a detailed case as well and

934  
00:35:26,510 --> 00:35:24,000  
that was quite interesting and actually

935  
00:35:28,069 --> 00:35:26,520  
on the cover of flying saucer fever

936  
00:35:30,589 --> 00:35:28,079  
um for people who have seen the cover

937  
00:35:32,450 --> 00:35:30,599  
there's a picture of a B-36 Peacemaker

938  
00:35:36,069 --> 00:35:32,460

which was a huge

939

00:35:38,230 --> 00:35:36,079

um sex propeller uh four jet engine

940

00:35:41,450 --> 00:35:38,240

nuclear bias

941

00:35:43,970 --> 00:35:41,460

it's a huge your aircraft I think it had

942

00:35:45,770 --> 00:35:43,980

like 15 crew members on board and this

943

00:35:49,010 --> 00:35:45,780

this aircraft was being watched from the

944

00:35:51,349 --> 00:35:49,020

ground flying over over an Airfield

945

00:35:54,290 --> 00:35:51,359

um in the south of America

946

00:35:57,710 --> 00:35:54,300

um and as they as they looked at it from

947

00:36:00,410 --> 00:35:57,720

the ground there was one UFO near it but

948

00:36:02,750 --> 00:36:00,420

also another one which appeared to be in

949

00:36:04,849 --> 00:36:02,760

between the tail of the aircraft and the

950

00:36:06,829 --> 00:36:04,859

trailing edge of the wing so it was

951  
00:36:09,710 --> 00:36:06,839  
nestled in between you know right next

952  
00:36:12,650 --> 00:36:09,720  
to the airplane and of actually of the

953  
00:36:14,810 --> 00:36:12,660  
of the intelligence file to do with the

954  
00:36:17,270 --> 00:36:14,820  
case so that the investigation

955  
00:36:19,609 --> 00:36:17,280  
the actual bit that's available publicly

956  
00:36:21,770 --> 00:36:19,619  
is only a very small proportion of the

957  
00:36:23,089 --> 00:36:21,780  
overall case and the intelligence

958  
00:36:25,010 --> 00:36:23,099  
officer who actually was on the ground

959  
00:36:26,569 --> 00:36:25,020  
he was one of the witnesses he was also

960  
00:36:28,550 --> 00:36:26,579  
the person who actually had to come up

961  
00:36:29,750 --> 00:36:28,560  
with this file to pass it on to Blue

962  
00:36:31,250 --> 00:36:29,760  
Book

963  
00:36:33,530 --> 00:36:31,260

um and he reckoned it was one of the

964

00:36:35,810 --> 00:36:33,540

biggest kind of case you know Case Files

965

00:36:37,310 --> 00:36:35,820

that was ever it was ever dreamed up in

966

00:36:39,589 --> 00:36:37,320

terms of what was sent out and it was

967

00:36:41,630 --> 00:36:39,599

something like 70 odd pages and yet only

968

00:36:43,130 --> 00:36:41,640

a few of the pages actually remain so

969

00:36:45,230 --> 00:36:43,140

you just have to wonder what was in the

970

00:36:48,650 --> 00:36:45,240

rest of the pages yeah you would love to

971

00:36:50,030 --> 00:36:48,660

see the crew uh kind of reports what

972

00:36:51,829 --> 00:36:50,040

they saw from the airplane because they

973

00:36:53,630 --> 00:36:51,839

were right next to this thing whereas

974

00:36:55,430 --> 00:36:53,640

they don't appear it's only the grand

975

00:36:57,109 --> 00:36:55,440

Witnesses actually appear in the

976

00:36:58,609 --> 00:36:57,119

intelligence files this is a real shame

977

00:37:00,710 --> 00:36:58,619

so you just have to wonder you know

978

00:37:02,810 --> 00:37:00,720

what's going on there so that that's an

979

00:37:04,069 --> 00:37:02,820

interesting case as well

980

00:37:06,050 --> 00:37:04,079

um and then of course also the cover

981

00:37:08,089 --> 00:37:06,060

which we talked about earlier about the

982

00:37:10,069 --> 00:37:08,099

the cluster meteor pilot that's on the

983

00:37:11,569 --> 00:37:10,079

front of the cover of intercept and

984

00:37:14,750 --> 00:37:11,579

identify

985

00:37:17,870 --> 00:37:14,760

um which is the 1953 1954 cases but also

986

00:37:21,050 --> 00:37:17,880

in that book Kelly Johnson who was the

987

00:37:23,690 --> 00:37:21,060

chief engineer of Lockheed he turns out

988

00:37:26,109 --> 00:37:23,700

that he saw one from his Ranch but it's

989

00:37:28,130 --> 00:37:26,119

also in conjunction with a U.S Navy

990

00:37:29,810 --> 00:37:28,140

constellation aircraft that was up in

991

00:37:31,730 --> 00:37:29,820

the air at the time and the PLA and the

992

00:37:34,190 --> 00:37:31,740

crew on bought that saw the same thing

993

00:37:37,010 --> 00:37:34,200

so you've got these kind of you know um

994

00:37:39,050 --> 00:37:37,020

multiple witness sightings and that's

995

00:37:40,130 --> 00:37:39,060

quite an interesting case as well so and

996

00:37:44,870 --> 00:37:40,140

that happened

997

00:37:50,210 --> 00:37:44,880

1953

998

00:37:52,010 --> 00:37:50,220

so yeah there's you know there's various

999

00:37:53,990 --> 00:37:52,020

cases peppered through these books which

1000

00:37:55,430 --> 00:37:54,000

some of them you know people that may

1001

00:37:58,190 --> 00:37:55,440

have never come across before when they

1002

00:38:00,470 --> 00:37:58,200

read them uh but you know they're really

1003

00:38:02,329 --> 00:38:00,480

interesting in their own right and I

1004

00:38:03,589 --> 00:38:02,339

think that they deserve more of an

1005

00:38:06,470 --> 00:38:03,599

airing that they have in the past

1006

00:38:08,510 --> 00:38:06,480

because a lot as I said before a lot of

1007

00:38:10,370 --> 00:38:08,520

these these cases I've never come across

1008

00:38:12,230 --> 00:38:10,380

them before they've obviously been

1009

00:38:14,089 --> 00:38:12,240

buried away in the Blue Book files and

1010

00:38:16,130 --> 00:38:14,099

the documentation and if they have

1011

00:38:18,530 --> 00:38:16,140

appeared in print before it's only been

1012

00:38:21,109 --> 00:38:18,540

maybe a few lines and you know out of a

1013

00:38:22,370 --> 00:38:21,119

you know a huge book but they deserve

1014

00:38:25,370 --> 00:38:22,380

much more

1015

00:38:27,650 --> 00:38:25,380

do you have uh any idea through all

1016

00:38:30,890 --> 00:38:27,660

these books any

1017

00:38:33,349 --> 00:38:30,900

um let's see verified speeds that were

1018

00:38:35,630 --> 00:38:33,359

just you know non

1019

00:38:37,730 --> 00:38:35,640

oh yeah we couldn't have done it yeah

1020

00:38:40,069 --> 00:38:37,740

and and what was like the highest speed

1021

00:38:42,770 --> 00:38:40,079

of any thing that you can recall right

1022

00:38:44,210 --> 00:38:42,780

off hand so most of the cases every 10

1023

00:38:45,770 --> 00:38:44,220

if you look at the kind of late 40s

1024

00:38:48,230 --> 00:38:45,780

early 1950s

1025

00:38:50,089 --> 00:38:48,240

um the American all-weather interceptors

1026

00:38:52,190 --> 00:38:50,099

and I'm talking about the f94 stealth

1027

00:38:54,410 --> 00:38:52,200

Starfire at this time it was a two-seat

1028

00:38:56,030 --> 00:38:54,420

lockage jet fighter and that was the

1029

00:38:57,770 --> 00:38:56,040

standard all-weather Interceptor and it

1030

00:38:59,870 --> 00:38:57,780

could do about 600 miles an hour it

1031

00:39:02,569 --> 00:38:59,880

wasn't supersonic but it could do about

1032

00:39:04,370 --> 00:39:02,579

600 100 knots and these things were

1033

00:39:06,770 --> 00:39:04,380

outpacing it you know twice the speed of

1034

00:39:09,470 --> 00:39:06,780

it so straight away you can tell that

1035

00:39:11,329 --> 00:39:09,480

and this is even faster than the fastest

1036

00:39:13,370 --> 00:39:11,339

aircraft at the time uh the

1037

00:39:14,990 --> 00:39:13,380

record-breaking aircraft so you can tell

1038

00:39:16,910 --> 00:39:15,000

from then that these things were

1039

00:39:20,329 --> 00:39:16,920

demonstrating the speeds that were you

1040

00:39:22,130 --> 00:39:20,339

know unknown to humankind uh it was they

1041

00:39:24,290 --> 00:39:22,140

were definitely beyond what was what was

1042

00:39:25,910 --> 00:39:24,300

you know people were capable of whether

1043

00:39:28,490 --> 00:39:25,920

it was American aircraft it was Russian

1044

00:39:30,530 --> 00:39:28,500

aircraft or British or whatever and then

1045

00:39:32,810 --> 00:39:30,540

there are other cases of things even

1046

00:39:34,190 --> 00:39:32,820

faster I I can't give you a figure off

1047

00:39:35,990 --> 00:39:34,200

the top of my head you know particular

1048

00:39:37,250 --> 00:39:36,000

figures but some of them were really

1049

00:39:39,170 --> 00:39:37,260

quick

1050

00:39:40,370 --> 00:39:39,180

um and and you know sometimes they say

1051

00:39:41,690 --> 00:39:40,380

that they've just disappeared off into

1052

00:39:44,030 --> 00:39:41,700

the heavens

1053

00:39:47,210 --> 00:39:44,040

um and sometimes they just they

1054

00:39:49,490 --> 00:39:47,220

um almost demonstrate uh fantastic rate

1055

00:39:51,829 --> 00:39:49,500

of climb as well in the George Gorman

1056

00:39:53,569 --> 00:39:51,839

case from October 1948.

1057

00:39:56,210 --> 00:39:53,579

um the thing actually the the light

1058

00:39:58,250 --> 00:39:56,220

basically just goes upwards and he's

1059

00:40:00,410 --> 00:39:58,260

trying to fly after it uh he's climbing

1060

00:40:02,690 --> 00:40:00,420

in his f-51 Mustang and he gets to the

1061

00:40:05,210 --> 00:40:02,700

point where the engine can't basically

1062

00:40:07,010 --> 00:40:05,220

Propel him upwards any further it goes

1063

00:40:08,930 --> 00:40:07,020

it what called an engine stall and he

1064

00:40:10,670 --> 00:40:08,940

drops out of the sky you know because

1065

00:40:12,170 --> 00:40:10,680

this you just can't chase after this

1066

00:40:15,770 --> 00:40:12,180

thing's aircraft's just not powerful

1067

00:40:18,770 --> 00:40:15,780

enough to chase after it yeah yeah uh

1068

00:40:20,450 --> 00:40:18,780

you know I I bring that up um a lot of

1069

00:40:23,150 --> 00:40:20,460

times when you see like images people

1070

00:40:25,910 --> 00:40:23,160

have seen things like this and then you

1071

00:40:27,950 --> 00:40:25,920

know the characteristics of travel

1072

00:40:32,030 --> 00:40:27,960

um and unusual Maneuvers and things like

1073

00:40:34,430 --> 00:40:32,040

that yeah that people have seen and then

1074

00:40:36,829 --> 00:40:34,440

I talked to someone and they'll say oh

1075

00:40:39,589 --> 00:40:36,839

you know what we're what everybody's

1076

00:40:42,770 --> 00:40:39,599

seeing is just military crap that we're

1077

00:40:45,290 --> 00:40:42,780

not we're not aware of yet and then I I

1078

00:40:47,569 --> 00:40:45,300

I kind of like everyone forgets the

1079

00:40:49,250 --> 00:40:47,579

history and you know what people have

1080

00:40:50,810 --> 00:40:49,260

been seeing for you know many

1081

00:40:51,470 --> 00:40:50,820

generations

1082

00:40:54,710 --> 00:40:51,480

um

1083

00:40:57,050 --> 00:40:54,720

that defy uh some of them Define what we

1084

00:40:59,569 --> 00:40:57,060

could do with the top of our technology

1085

00:41:02,870 --> 00:40:59,579

today that people were seeing back in

1086

00:41:04,910 --> 00:41:02,880

the 1940s say you know if they if they

1087

00:41:06,349 --> 00:41:04,920

these things were kind of you know high

1088

00:41:08,630 --> 00:41:06,359

technology aircraft that either the

1089

00:41:10,370 --> 00:41:08,640

America was inventing or the Russians

1090

00:41:12,589 --> 00:41:10,380

were experimenting with or some other

1091

00:41:14,390 --> 00:41:12,599

Nation around around the world then

1092

00:41:17,569 --> 00:41:14,400

surely without evidence of these things

1093

00:41:19,790 --> 00:41:17,579

by now so you can't write off

1094

00:41:22,190 --> 00:41:19,800

um you know the the early 19 the the

1095

00:41:24,290 --> 00:41:22,200

sorry the early 1950s or the late 1940s

1096

00:41:26,329 --> 00:41:24,300

sightings as experimental aircraft

1097

00:41:28,370 --> 00:41:26,339

because you know they were documented

1098

00:41:30,530 --> 00:41:28,380

now there would be in history books by

1099

00:41:32,270 --> 00:41:30,540

now yeah even if even if there were

1100

00:41:34,069 --> 00:41:32,280

failures uh ended being written off

1101  
00:41:35,870 --> 00:41:34,079  
surely this information would have come

1102  
00:41:38,750 --> 00:41:35,880  
out by now you only have to look at the

1103  
00:41:41,270 --> 00:41:38,760  
gestation period of the stealth the f117

1104  
00:41:42,890 --> 00:41:41,280  
or the B2 stealth bomber to know that

1105  
00:41:45,890 --> 00:41:42,900  
you know there's a certain time lag

1106  
00:41:49,190 --> 00:41:45,900  
between them being developed built flown

1107  
00:41:51,050 --> 00:41:49,200  
and then being publicly unveiled

1108  
00:41:53,390 --> 00:41:51,060  
um you know even some experimental

1109  
00:41:55,490 --> 00:41:53,400  
Russian aircraft from the 50s and 60s

1110  
00:41:58,010 --> 00:41:55,500  
there might have been fairly unknown to

1111  
00:42:00,530 --> 00:41:58,020  
most western people but the air

1112  
00:42:03,349 --> 00:42:00,540  
intelligence you know um Assets in in

1113  
00:42:05,390 --> 00:42:03,359

nato in America they were still aware of

1114

00:42:08,089 --> 00:42:05,400

these things you know years before a lot

1115

00:42:10,790 --> 00:42:08,099

of them were made unveiled publicly so

1116

00:42:13,670 --> 00:42:10,800

the these kind of like explanations for

1117

00:42:16,010 --> 00:42:13,680

UFOs back in the 40s and 50s simply

1118

00:42:18,230 --> 00:42:16,020

don't wash and you can't blame drones

1119

00:42:20,930 --> 00:42:18,240

back then because drones in those days

1120

00:42:23,990 --> 00:42:20,940

were full-size aircraft practically yeah

1121

00:42:25,670 --> 00:42:24,000

um you know the drones were V1 um the

1122

00:42:27,589 --> 00:42:25,680

the American the US Navy were expecting

1123

00:42:30,650 --> 00:42:27,599

were copies of the V1 flying bomb it's

1124

00:42:33,410 --> 00:42:30,660

called The jv2 Loon that was a drone uh

1125

00:42:36,650 --> 00:42:33,420

the Russians had turbo jet-powered uh

1126

00:42:38,630 --> 00:42:36,660

aircraft like aircraft sized drones

1127

00:42:41,329 --> 00:42:38,640

um that they were experimenting with in

1128

00:42:44,329 --> 00:42:41,339

the early 50s but you know those kind of

1129

00:42:46,069 --> 00:42:44,339

things didn't and couldn't maneuver or

1130

00:42:48,410 --> 00:42:46,079

go as quick as some of the things that

1131

00:42:49,310 --> 00:42:48,420

were reported so yes okay you might be

1132

00:42:51,410 --> 00:42:49,320

able to write off certain things

1133

00:42:55,730 --> 00:42:51,420

nowadays as drones but certainly not

1134

00:42:58,250 --> 00:42:55,740

learn that's right that's right and you

1135

00:43:01,910 --> 00:42:58,260

know I think as we move on through our

1136

00:43:03,530 --> 00:43:01,920

technology it will be I mean tougher and

1137

00:43:05,930 --> 00:43:03,540

tougher to figure things out I mean look

1138

00:43:08,870 --> 00:43:05,940

at starlink for one I mean so many

1139

00:43:10,490 --> 00:43:08,880

people think that's you know a UFO a

1140

00:43:12,770 --> 00:43:10,500

friend of mine like contacted me you

1141

00:43:15,349 --> 00:43:12,780

can't believe what I saw you know and uh

1142

00:43:17,210 --> 00:43:15,359

out in uh he was in Arizona I think at

1143

00:43:20,089 --> 00:43:17,220

the time but you know it's just really

1144

00:43:22,490 --> 00:43:20,099

hard to uh it's going to be more

1145

00:43:24,710 --> 00:43:22,500

difficult and CGI is going to get better

1146

00:43:26,809 --> 00:43:24,720

and it's going to be harder and harder

1147

00:43:28,490 --> 00:43:26,819

to know what's real and what's not and

1148

00:43:31,010 --> 00:43:28,500

that's oh yeah there's so many people

1149

00:43:32,450 --> 00:43:31,020

said yeah people send me pictures and

1150

00:43:33,829 --> 00:43:32,460

people send me video

1151  
00:43:35,569 --> 00:43:33,839  
um you know a little direct message me

1152  
00:43:37,190 --> 00:43:35,579  
and send me things and say you know Greg

1153  
00:43:39,829 --> 00:43:37,200  
what do you think they say is I'm not a

1154  
00:43:42,470 --> 00:43:39,839  
photo expert you know I can't really say

1155  
00:43:44,150 --> 00:43:42,480  
what they are and really my opinion at

1156  
00:43:47,690 --> 00:43:44,160  
the end of the day is no worse no better

1157  
00:43:49,490 --> 00:43:47,700  
than anybody else's so you know it's I

1158  
00:43:51,230 --> 00:43:49,500  
mean I I don't I don't really want to

1159  
00:43:53,030 --> 00:43:51,240  
say to people like don't send me stuff

1160  
00:43:55,550 --> 00:43:53,040  
like this because I can't really help

1161  
00:43:57,230 --> 00:43:55,560  
you but effectively that's what it boils

1162  
00:43:58,730 --> 00:43:57,240  
down to because I'm not you know I'm not

1163  
00:44:01,430 --> 00:43:58,740

qualified to be able to say to somebody

1164

00:44:04,130 --> 00:44:01,440

yeah that's real or yeah that's a that's

1165

00:44:05,690 --> 00:44:04,140

a forgery or uh that's what that is I

1166

00:44:07,730 --> 00:44:05,700

simply don't know they'll be better off

1167

00:44:10,309 --> 00:44:07,740

saying those to people who can you know

1168

00:44:11,750 --> 00:44:10,319

look at and analyze imagery you know

1169

00:44:14,630 --> 00:44:11,760

professionally

1170

00:44:17,150 --> 00:44:14,640

right I'm trying to uh someone asked if

1171

00:44:20,870 --> 00:44:17,160

we discuss Cape Verde Missouri

1172

00:44:23,870 --> 00:44:20,880

uh case and I think that was 19 wasn't

1173

00:44:26,450 --> 00:44:23,880

that very early on are you familiar with

1174

00:44:27,890 --> 00:44:26,460

that case not of hand unless it unless

1175

00:44:29,450 --> 00:44:27,900

it's under a different name or something

1176

00:44:31,970 --> 00:44:29,460

or it's got like uh you know people

1177

00:44:34,550 --> 00:44:31,980

associate with it love let them I had a

1178

00:44:38,210 --> 00:44:34,560

granddaughter uh on this show that

1179

00:44:40,250 --> 00:44:38,220

discussed that uh uh of supposed the

1180

00:44:43,309 --> 00:44:40,260

Reverend or I believe that's what it was

1181

00:44:46,010 --> 00:44:43,319

that her grandfather was it anyway it's

1182

00:44:48,290 --> 00:44:46,020

a it's it's interesting uh to answer

1183

00:44:50,390 --> 00:44:48,300

Joni's uh question

1184

00:44:53,210 --> 00:44:50,400

um no it doesn't really fit into what

1185

00:44:55,250 --> 00:44:53,220

we're discussing this evening what are

1186

00:44:58,069 --> 00:44:55,260

some of the really interesting European

1187

00:44:59,990 --> 00:44:58,079

cases in in any of these books that uh

1188

00:45:04,069 --> 00:45:00,000

you can think of

1189

00:45:06,290 --> 00:45:04,079

European cases this well the the gloss

1190

00:45:08,510 --> 00:45:06,300

to meet your um case the flight

1191

00:45:10,670 --> 00:45:08,520

Lieutenant James Saladin the the October

1192

00:45:12,290 --> 00:45:10,680

1954 case that you can see on the

1193

00:45:13,970 --> 00:45:12,300

picture behind me you know that that's

1194

00:45:16,190 --> 00:45:13,980

that's one of the classic ones from back

1195

00:45:18,650 --> 00:45:16,200

then there were other kind of British

1196

00:45:20,270 --> 00:45:18,660

crews who on transatlantic flights that

1197

00:45:22,250 --> 00:45:20,280

were seeing strange things

1198

00:45:24,470 --> 00:45:22,260

um about that time there was a crew that

1199

00:45:26,630 --> 00:45:24,480

were flying over Labrador I moved up

1200

00:45:29,329 --> 00:45:26,640

quite Europe but it's a you know there

1201

00:45:31,790 --> 00:45:29,339

were a boak uh that's a a British

1202

00:45:34,190 --> 00:45:31,800

Airline a transatlantic Airline and they

1203

00:45:36,650 --> 00:45:34,200

saw something that it was like seven

1204

00:45:38,569 --> 00:45:36,660

seven objects of which one of them the

1205

00:45:41,030 --> 00:45:38,579

biggest one was actually changing shape

1206

00:45:42,410 --> 00:45:41,040

uh so it started off it wasn't a shape

1207

00:45:44,150 --> 00:45:42,420

and then it kind of morphed into

1208

00:45:46,010 --> 00:45:44,160

something else and the official

1209

00:45:48,250 --> 00:45:46,020

explanation was that they were seeing

1210

00:45:51,470 --> 00:45:48,260

Mars

1211

00:45:53,089 --> 00:45:51,480

yeah morphs all the time yeah and it

1212

00:45:54,710 --> 00:45:53,099

also has a lot of about six other

1213

00:45:58,010 --> 00:45:54,720

objects with it so you know how does

1214

00:45:59,870 --> 00:45:58,020

that work yeah I I love some of the uh

1215

00:46:03,349 --> 00:45:59,880

explanations it's been you know the

1216

00:46:05,930 --> 00:46:03,359

swamp gas explanations over over the

1217

00:46:10,849 --> 00:46:05,940

years how ridiculous they they can be

1218

00:46:12,950 --> 00:46:10,859

you know Venus Venus is can be tricky

1219

00:46:16,730 --> 00:46:12,960

you know I mean because it's so bright

1220

00:46:18,770 --> 00:46:16,740

in the sky and and uh you know people

1221

00:46:20,390 --> 00:46:18,780

see that like at first you think about

1222

00:46:21,829 --> 00:46:20,400

what is that you know that type of thing

1223

00:46:23,270 --> 00:46:21,839

sometimes it could be like that and

1224

00:46:25,730 --> 00:46:23,280

that's the thing though isn't it it'll

1225

00:46:27,950 --> 00:46:25,740

fool you know some of us some of the

1226

00:46:30,349 --> 00:46:27,960

time but if you're a professional let's

1227

00:46:32,089 --> 00:46:30,359

say nylon pilot and you're flying you

1228

00:46:34,069 --> 00:46:32,099

know day after day night after night on

1229

00:46:35,569 --> 00:46:34,079

the same kind of scheduled run because

1230

00:46:37,450 --> 00:46:35,579

that's what they usually do they would

1231

00:46:39,770 --> 00:46:37,460

fly to the same cities most of the time

1232

00:46:42,230 --> 00:46:39,780

they would say that these kind of things

1233

00:46:44,690 --> 00:46:42,240

on a regular basis so they would see

1234

00:46:45,829 --> 00:46:44,700

Venus they would see other stars they

1235

00:46:47,569 --> 00:46:45,839

would say

1236

00:46:49,490 --> 00:46:47,579

um that you would see other aircraft in

1237

00:46:51,829 --> 00:46:49,500

the skies they would see strange weather

1238

00:46:53,390 --> 00:46:51,839

you know they would know if you were

1239

00:46:54,950 --> 00:46:53,400

flying long enough

1240

00:46:56,150 --> 00:46:54,960

um even if you were flying transatlantic

1241

00:46:58,790 --> 00:46:56,160

or you're flying over America or

1242

00:47:00,109 --> 00:46:58,800

wherever you'd recognize these things

1243

00:47:02,089 --> 00:47:00,119

for what they were after a certain

1244

00:47:04,190 --> 00:47:02,099

period of time if you're a new crew were

1245

00:47:05,329 --> 00:47:04,200

you a new well and fair enough but if

1246

00:47:07,970 --> 00:47:05,339

you'd have you know hundreds or

1247

00:47:10,250 --> 00:47:07,980

thousands of hours under your belt then

1248

00:47:12,650 --> 00:47:10,260

you would know you're what you were

1249

00:47:14,270 --> 00:47:12,660

looking at and also more importantly you

1250

00:47:15,650 --> 00:47:14,280

would know what you you'd seen for the

1251

00:47:17,329 --> 00:47:15,660

first time and it was something out of

1252

00:47:18,829 --> 00:47:17,339

the ordinary and these were the pilots

1253

00:47:21,950 --> 00:47:18,839

who were coming forward and saying look

1254

00:47:23,690 --> 00:47:21,960

this is not what you're saying it is you

1255

00:47:25,970 --> 00:47:23,700

know this is something different and yet

1256

00:47:28,550 --> 00:47:25,980

it was still being written off as you

1257

00:47:30,349 --> 00:47:28,560

know Venus swamp well swamp gases later

1258

00:47:32,990 --> 00:47:30,359

on uh weather balloons you know other

1259

00:47:35,390 --> 00:47:33,000

aircraft concrete Reflections all these

1260

00:47:37,250 --> 00:47:35,400

kind of things were being trotted out to

1261

00:47:39,109 --> 00:47:37,260

explain things which when you look at

1262

00:47:40,069 --> 00:47:39,119

the the testimony and you look at the

1263

00:47:42,290 --> 00:47:40,079

information that were past the

1264

00:47:44,210 --> 00:47:42,300

Intelligence Officers to to be passed up

1265

00:47:47,390 --> 00:47:44,220

to Blue Book and the other and sign and

1266

00:47:49,550 --> 00:47:47,400

Grudge Etc that um they just don't it

1267

00:47:51,349 --> 00:47:49,560

just doesn't Stack Up on the throat yeah

1268

00:47:54,230 --> 00:47:51,359

you know it's kind of an insult to

1269

00:47:55,730 --> 00:47:54,240

people that have you know they take a

1270

00:47:57,770 --> 00:47:55,740

chance and come forward and talk about

1271

00:47:59,390 --> 00:47:57,780

what they've seen and then you know

1272

00:48:02,150 --> 00:47:59,400

they're they're kind of insulted by

1273

00:48:03,670 --> 00:48:02,160

saying no you saw you know you saw Venus

1274

00:48:06,109 --> 00:48:03,680

you know is

1275

00:48:08,750 --> 00:48:06,119

well I didn't know Venus could you know

1276

00:48:10,849 --> 00:48:08,760

do right angle turns at 2 000 miles an

1277

00:48:13,250 --> 00:48:10,859

hour you know that type of thing you

1278

00:48:15,470 --> 00:48:13,260

know I mean that's like it's yeah and I

1279

00:48:16,730 --> 00:48:15,480

think it's just getting that I don't

1280

00:48:17,870 --> 00:48:16,740

know you want to call it debunking or

1281

00:48:19,730 --> 00:48:17,880

whatever it is getting that word out

1282

00:48:22,329 --> 00:48:19,740

there and getting it in print and

1283

00:48:25,069 --> 00:48:22,339

whatever it is didn't kind of deflates

1284

00:48:26,630 --> 00:48:25,079

anyone's uh testimony yeah it's just

1285

00:48:28,309 --> 00:48:26,640

basically just getting keeping a lid on

1286

00:48:30,530 --> 00:48:28,319

the situation and just trying to defuse

1287

00:48:32,690 --> 00:48:30,540

it and um just diminish it you know

1288

00:48:34,309 --> 00:48:32,700

importance yeah and just say look you

1289

00:48:36,829 --> 00:48:34,319

know nothing to see here move on and

1290

00:48:38,329 --> 00:48:36,839

that's all it was I guess yeah and how

1291

00:48:40,309 --> 00:48:38,339

they couldn't explain themselves so you

1292

00:48:41,990 --> 00:48:40,319

know just just like you just say oh yeah

1293

00:48:43,430 --> 00:48:42,000

you're just saying things yeah and how

1294

00:48:45,890 --> 00:48:43,440

much have you had to drink and all that

1295

00:48:47,510 --> 00:48:45,900

type of thing exactly yeah yeah uh

1296

00:48:50,329 --> 00:48:47,520

Graham where can someone get a hold of

1297

00:48:52,790 --> 00:48:50,339

you I know you're on uh Twitter yeah so

1298

00:48:53,750 --> 00:48:52,800

yeah so uh I bought a 750 is my Twitter

1299

00:48:55,250 --> 00:48:53,760

handle

1300

00:48:57,109 --> 00:48:55,260

um if you look for me on Amazon if you

1301  
00:48:58,730 --> 00:48:57,119  
just put my name into an Amazon search

1302  
00:49:00,109 --> 00:48:58,740  
engine then you'll you'll you'll see the

1303  
00:49:02,089 --> 00:49:00,119  
book titles come up that way that's the

1304  
00:49:04,730 --> 00:49:02,099  
easiest way but if you look at my bio on

1305  
00:49:06,410 --> 00:49:04,740  
on on Twitter you'll find my website

1306  
00:49:09,470 --> 00:49:06,420  
there as well so it's easy just to go

1307  
00:49:10,910 --> 00:49:09,480  
that way yeah excellent well I hope to

1308  
00:49:13,309 --> 00:49:10,920  
have you back on again you're always

1309  
00:49:16,550 --> 00:49:13,319  
really a great guest thank you really

1310  
00:49:18,890 --> 00:49:16,560  
enjoyable and I I called you I'm gonna

1311  
00:49:21,190 --> 00:49:18,900  
embarrass you I called you the Dave

1312  
00:49:23,390 --> 00:49:21,200  
Marler of the UK

1313  
00:49:25,550 --> 00:49:23,400

I wouldn't go I wouldn't I wouldn't

1314

00:49:28,190 --> 00:49:25,560

label myself in the same universe as

1315

00:49:31,069 --> 00:49:28,200

Dave Marlow he's alone to himself he's

1316

00:49:32,870 --> 00:49:31,079

uh he's he's a great guy and he's got a

1317

00:49:34,430 --> 00:49:32,880

great thing going with uh with this new

1318

00:49:36,050 --> 00:49:34,440

initiative that he's got to digitize

1319

00:49:38,829 --> 00:49:36,060

it's pretty exciting all the

1320

00:49:41,990 --> 00:49:38,839

documentation yeah yeah

1321

00:49:43,250 --> 00:49:42,000

supporting that yeah yeah all right well

1322

00:49:45,710 --> 00:49:43,260

thank you so much it's been a real

1323

00:49:47,750 --> 00:49:45,720

pleasure you take care yeah cheers

1324

00:49:49,250 --> 00:49:47,760

Martin bye-bye all right bye now all

1325

00:49:51,770 --> 00:49:49,260

right everyone so why don't you jump

1326

00:49:54,589 --> 00:49:51,780

over to our other stream we have Brandon

1327

00:49:56,390 --> 00:49:54,599

fugle coming on in a couple minutes and

1328

00:49:59,329 --> 00:49:56,400

for those of you just listening to this
