[Music]

3
00:00:39,110 --> 00:00:36,660
the Betty and Barney Hill UFO Abduction

4
00:00:41,750 --> 00:00:39,120
story from its primary sources by

5
00:00:44,270 --> 00:00:41,760
Charles Lear the story of the September

6
00:00:46,310 --> 00:00:44,280
1961 case involving the possible

7
00:00:48,650 --> 00:00:46,320
Abduction of Betty and Barney Hill by

8
00:00:50,869 --> 00:00:48,660
UFO occupants has been related and

9
00:00:53,630 --> 00:00:50,879
examined in numerous Publications and

10
00:00:56,090 --> 00:00:53,640
formats it's an intriguing case and was

11
00:00:58,369 --> 00:00:56,100
the first of the late 20th century UFO

12
00:01:00,830 --> 00:00:58,379
Abduction reports to receive serious

13
00:01:02,990 --> 00:01:00,840

consideration and publication by

14

00:01:05,329 --> 00:01:03,000

investigators this makes it a case

15

00:01:06,950 --> 00:01:05,339

worthy of attention because the story

16

00:01:08,630 --> 00:01:06,960

told by the hills couldn't have been

17

00:01:10,789 --> 00:01:08,640

influenced by previous abduction

18

00:01:12,890 --> 00:01:10,799

narratives the main source for the

19

00:01:15,469 --> 00:01:12,900

abduction story that is focused on by

20

00:01:17,630 --> 00:01:15,479

most researchers such as John Fuller who

21

00:01:20,149 --> 00:01:17,640

wrote the 1966 book about the case

22

00:01:22,010 --> 00:01:20,159

titled the interrupted journey is the

23

00:01:24,410 --> 00:01:22,020

tapes from the hypnosis sessions the

24

00:01:27,230 --> 00:01:24,420

hills went through in 1964 with Dr

25

00:01:29,149 --> 00:01:27,240

Benjamin Simon before that the case was

26
00:01:31,370 --> 00:01:29,159
considered to be merely a citing report

27
00:01:33,530 --> 00:01:31,380
that's how it was presented by Walter

28
00:01:36,969 --> 00:01:33,540
Webb the primary investigator who

29
00:01:39,710 --> 00:01:36,979
submitted a a report dated October 26

30
00:01:42,590 --> 00:01:39,720
1961 to the National investigations

31
00:01:44,569 --> 00:01:42,600
committee on aerial phenomena after news

32
00:01:47,270 --> 00:01:44,579
of the hills possibly having been

33
00:01:49,850 --> 00:01:47,280
abducted got out Webb was moved to

34
00:01:53,450 --> 00:01:49,860
submit an updated report dated August

35
00:01:56,149 --> 00:01:53,460
30th 1965 that contains the abduction

36
00:01:58,190 --> 00:01:56,159
account included in that report is a

37
00:02:00,889 --> 00:01:58,200
copy of the letter Betty Hill wrote to

38
00:02:02,710 --> 00:02:00,899

nycap director Donald Kehoe dated

39

00:02:05,990 --> 00:02:02,720

September 26

40

00:02:07,670 --> 00:02:06,000

1961. this is the first document with a

41

00:02:10,430 --> 00:02:07,680

complete version of the Hill's sighting

42

00:02:12,589 --> 00:02:10,440

as it was consciously remembered as for

43

00:02:15,170 --> 00:02:12,599

the abduction account Webb included a

44

00:02:17,150 --> 00:02:15,180

copy of a five-page document written by

45

00:02:19,190 --> 00:02:17,160

Betty a little over a month after the

46

00:02:21,830 --> 00:02:19,200

sighting that shows that it actually

47

00:02:24,170 --> 00:02:21,840

originated in a series of Dreams Betty

48

00:02:26,390 --> 00:02:24,180

had on consecutive nights shortly after

49

00:02:28,490 --> 00:02:26,400

the encounter the letter and document

50

00:02:30,470 --> 00:02:28,500

are included in the interrupted Journey

51
00:02:32,690 --> 00:02:30,480
but their significance as the first

52
00:02:35,270 --> 00:02:32,700
recorded account of the hills experience

53
00:02:37,850 --> 00:02:35,280
very close to the time of the event is

54
00:02:40,790 --> 00:02:37,860
not emphasized by Fuller in Betty's

55
00:02:42,410 --> 00:02:40,800
letter to Keo she Begins by asking if

56
00:02:45,290 --> 00:02:42,420
he's written any more books about

57
00:02:47,570 --> 00:02:45,300
unidentified flying objects since the

58
00:02:50,150 --> 00:02:47,580
Flying Saucer conspiracy as she and

59
00:02:52,009 --> 00:02:50,160
Barney had been unsuccessful in their

60
00:02:54,589 --> 00:02:52,019
search for any more up-to-date

61
00:02:56,809 --> 00:02:54,599
information she then goes into the

62
00:02:59,210 --> 00:02:56,819
details of their sighting according to

63
00:03:01,430 --> 00:02:59,220

her around midnight on September 20th

64

00:03:03,530 --> 00:03:01,440

she and Barney were driving through the

65

00:03:05,990 --> 00:03:03,540

national forest section of the White

66

00:03:09,050 --> 00:03:06,000

Mountains in New Hampshire she describes

67

00:03:11,630 --> 00:03:09,060

the area as desolate and uninhabited

68

00:03:14,509 --> 00:03:11,640

they noticed a bright object moving

69

00:03:16,850 --> 00:03:14,519

rapidly in the sky they stopped and got

70

00:03:18,949 --> 00:03:16,860

out to look at it with binoculars it

71

00:03:21,589 --> 00:03:18,959

then suddenly reversed and went from

72

00:03:24,110 --> 00:03:21,599

moving North to Southeast it then

73

00:03:26,570 --> 00:03:24,120

appeared to be flying in a very erratic

74

00:03:28,850 --> 00:03:26,580

pattern they continued driving and

75

00:03:31,070 --> 00:03:28,860

repeatedly stopped to look at the object

76

00:03:33,350 --> 00:03:31,080

it was spinning and seemed to be lit

77

00:03:35,570 --> 00:03:33,360

only on one side and this gave it a

78

00:03:37,670 --> 00:03:35,580

twinkling of effect as they were driving

79

00:03:40,130 --> 00:03:37,680

it approached their car and then hovered

80

00:03:42,589 --> 00:03:40,140

in front of them Betty describes it as

81

00:03:44,690 --> 00:03:42,599

pancake shaped with Windows ringing the

82

00:03:47,149 --> 00:03:44,700

front through which we could see bright

83

00:03:49,550 --> 00:03:47,159

blue white lights Barney was standing in

84

00:03:51,949 --> 00:03:49,560

the road and two red lights suddenly

85

00:03:54,470 --> 00:03:51,959

appeared moving outwards on wingtips as

86

00:03:56,990 --> 00:03:54,480

they protruded according to Betty the

87

00:03:59,630 --> 00:03:57,000

object moved closer and Barney was able

88

00:04:00,890 --> 00:03:59,640

to see figures scurrying about as if

89

00:04:03,410 --> 00:04:00,900

they were getting ready for something

90

00:04:05,630 --> 00:04:03,420

she describes one figure that seemed to

91

00:04:07,430 --> 00:04:05,640

be watching her and Bernie from Betty

92

00:04:09,649 --> 00:04:07,440

and Barney's point of view the figure

93

00:04:12,229 --> 00:04:09,659

appeared to be about the size of a

94

00:04:14,750 --> 00:04:12,239

pencil and seemed to be dressed in some

95

00:04:16,789 --> 00:04:14,760

type of shiny black uniform Barney

96

00:04:19,490 --> 00:04:16,799

suddenly panicked he'd left the car

97

00:04:21,110 --> 00:04:19,500

running and he jumped back in laughing

98

00:04:23,810 --> 00:04:21,120

and repeating that they were going to

99

00:04:26,570 --> 00:04:23,820

capture us as he drove off they heard

100

00:04:28,189 --> 00:04:26,580

several buzzing and beeping sounds which

101
00:04:30,950 --> 00:04:28,199
seemed to be hitting the trunk of the

102
00:04:32,629 --> 00:04:30,960
car they didn't see the object leave but

103
00:04:34,670 --> 00:04:32,639
they didn't see it again after they

104
00:04:37,670 --> 00:04:34,680
drove off when they were 30 miles

105
00:04:40,490 --> 00:04:37,680
further south they were again bombarded

106
00:04:42,650 --> 00:04:40,500
by these same beeping sounds Betty tells

107
00:04:45,110 --> 00:04:42,660
Keo that they reported their sighting to

108
00:04:47,270 --> 00:04:45,120
an Air Force officer who seemed to be

109
00:04:49,670 --> 00:04:47,280
very interested in the wings and red

110
00:04:52,490 --> 00:04:49,680
lights she adds that they didn't tell

111
00:04:55,010 --> 00:04:52,500
him what Barney saw inside the object as

112
00:04:57,770 --> 00:04:55,020
it seems to be too fantastic to be true

113
00:05:00,110 --> 00:04:57,780

Betty describes Barney's mind as being

114

00:05:02,210 --> 00:05:00,120

blacked out regarding what he saw when

115

00:05:04,070 --> 00:05:02,220

he panicked and that he's left very

116

00:05:06,650 --> 00:05:04,080

frightened whenever he attempts to

117

00:05:09,110 --> 00:05:06,660

recall the moment she tells Kehoe that

118

00:05:11,450 --> 00:05:09,120

they are considering the possibility of

119

00:05:14,210 --> 00:05:11,460

a competent psychiatrist who uses

120

00:05:16,490 --> 00:05:14,220

hypnotism Betty includes more details

121

00:05:19,129 --> 00:05:16,500

about the object which she describes as

122

00:05:21,290 --> 00:05:19,139

being noiseless at least as large as a

123

00:05:23,210 --> 00:05:21,300

four motor plane and notes that the

124

00:05:25,670 --> 00:05:23,220

light from the interior didn't reflect

125

00:05:28,070 --> 00:05:25,680

on the ground she adds that there didn't

126

00:05:30,110 --> 00:05:28,080

seem to be any damage to the car from

127

00:05:32,150 --> 00:05:30,120

the beeping sounds the document

128

00:05:34,370 --> 00:05:32,160

containing the abduction account is

129

00:05:37,969 --> 00:05:34,380

titled Betty Hill's own account of her

130

00:05:39,950 --> 00:05:37,979

dreams written November 1961. according

131

00:05:42,110 --> 00:05:39,960

to Betty in her account her dreams

132

00:05:44,990 --> 00:05:42,120

weren't chronological but she arranged

133

00:05:46,670 --> 00:05:45,000

them that way the story she tells picks

134

00:05:49,370 --> 00:05:46,680

up after the sighting as they're driving

135

00:05:51,230 --> 00:05:49,380

home they noticed a sharp left hand turn

136

00:05:53,510 --> 00:05:51,240

in the road and that the road then

137

00:05:55,550 --> 00:05:53,520

curved back to the right and at this

138

00:05:57,890 --> 00:05:55,560

moment they saw eight to eleven men

139

00:06:00,950 --> 00:05:57,900

Betty's word standing in front of him

140

00:06:02,629 --> 00:06:00,960

Barney slowed down and the motor died as

141

00:06:04,969 --> 00:06:02,639

he tried to restart it the men

142

00:06:07,070 --> 00:06:04,979

surrounded the car the hills sat

143

00:06:09,529 --> 00:06:07,080

speechless Betty describes being

144

00:06:11,930 --> 00:06:09,539

terrified and the men opened their doors

145

00:06:13,790 --> 00:06:11,940

and took each of them by the arm Betty

146

00:06:15,469 --> 00:06:13,800

makes note that what follows comes from

147

00:06:18,469 --> 00:06:15,479

her first stream though she doesn't

148

00:06:20,749 --> 00:06:18,479

Define where the next Dream Begins she

149

00:06:23,210 --> 00:06:20,759

describes struggling to wake up and that

150

00:06:25,730 --> 00:06:23,220

it was as if she was at the bottom of a

151
00:06:28,730 --> 00:06:25,740
deep well and must get out she managed

152
00:06:30,650 --> 00:06:28,740
to get her eyes open and was amazed she

153
00:06:33,469 --> 00:06:30,660
found herself walking on a path in the

154
00:06:35,990 --> 00:06:33,479
woods with a man on each side two in the

155
00:06:38,090 --> 00:06:36,000
front and two in the back she then saw

156
00:06:40,129 --> 00:06:38,100
Barney with a man on each side of him

157
00:06:42,950 --> 00:06:40,139
and two and back of him and she called

158
00:06:45,890 --> 00:06:42,960
out his name he didn't respond and she

159
00:06:48,350 --> 00:06:45,900
describes him as sleepwalking the mantor

160
00:06:50,689 --> 00:06:48,360
left spoke to her and asked her if what

161
00:06:53,210 --> 00:06:50,699
she called out was Barney's name and she

162
00:06:54,950 --> 00:06:53,220
refused to answer the man then assured

163
00:06:57,590 --> 00:06:54,960

her that she and Barney would be all

164

00:07:00,170 --> 00:06:57,600

right he explained that they needed to

165

00:07:02,270 --> 00:07:00,180

do some tests that she and Barney would

166

00:07:04,969 --> 00:07:02,280

be returned to their car and that they

167

00:07:07,610 --> 00:07:04,979

had nothing to fear Betty noticed that

168

00:07:10,070 --> 00:07:07,620

only one man spoke English in a foreign

169

00:07:12,170 --> 00:07:10,080

accent while the others were silent she

170

00:07:15,110 --> 00:07:12,180

described them as being five to five and

171

00:07:17,450 --> 00:07:15,120

a half feet tall and very human in their

172

00:07:19,850 --> 00:07:17,460

appearance she wrote that their chests

173

00:07:23,210 --> 00:07:19,860

were larger than a human's and that they

174

00:07:25,490 --> 00:07:23,220

had large noses like Jimmy durante's she

175

00:07:28,010 --> 00:07:25,500

described their skin as being gray like

176

00:07:30,409 --> 00:07:28,020

gray paint with a black base their eyes

177

00:07:32,930 --> 00:07:30,419

and hair is being very dark possibly

178

00:07:35,210 --> 00:07:32,940

black and their lips as having a bluish

179

00:07:37,430 --> 00:07:35,220

tin Accord according to Betty they all

180

00:07:39,529 --> 00:07:37,440

wore similar slightly gray shaded navy

181

00:07:42,529 --> 00:07:39,539

blue clothing that she presumed were

182

00:07:44,570 --> 00:07:42,539

uniforms they wore pants and had jackets

183

00:07:46,850 --> 00:07:44,580

that looked like zippered sports jackets

184

00:07:50,029 --> 00:07:46,860

though she didn't see any zippers or

185

00:07:52,850 --> 00:07:50,039

buttons they wore low slip-on shoes that

186

00:07:55,249 --> 00:07:52,860

looked like boots and caps similar to

187

00:07:57,469 --> 00:07:55,259

those worn in the Air Force but not so

188

00:07:59,450 --> 00:07:57,479

broad on top they got to a clearing

189

00:08:01,850 --> 00:07:59,460

where there was a disc about as big as a

190

00:08:04,189 --> 00:08:01,860

house Betty describes it as metallic

191

00:08:06,110 --> 00:08:04,199

with no window she could see but she

192

00:08:08,629 --> 00:08:06,120

felt they were approaching it from the

193

00:08:11,150 --> 00:08:08,639

back they stepped up to a ramp and Betty

194

00:08:12,950 --> 00:08:11,160

got scared and refused to go further the

195

00:08:15,469 --> 00:08:12,960

leader assured her there was nothing to

196

00:08:17,689 --> 00:08:15,479

be afraid of and emphasized that the

197

00:08:20,210 --> 00:08:17,699

less she cooperated the longer it would

198

00:08:22,309 --> 00:08:20,220

take to get back to her car according to

199

00:08:24,830 --> 00:08:22,319

Betty She Shrugged her shoulders and

200

00:08:26,629 --> 00:08:24,840

agreed since she had no choice and

201
00:08:28,790 --> 00:08:26,639
thought they might as well get it over

202
00:08:30,890 --> 00:08:28,800
with Betty and Barney were taken to

203
00:08:33,350 --> 00:08:30,900
separate examination rooms and she

204
00:08:35,209 --> 00:08:33,360
protested until it was explained to her

205
00:08:37,510 --> 00:08:35,219
that the they only had enough equipment

206
00:08:40,250 --> 00:08:37,520
in each room to examine a single person

207
00:08:43,190 --> 00:08:40,260
once in the room she was left alone with

208
00:08:44,930 --> 00:08:43,200
a being she called The Examiner he asked

209
00:08:46,610 --> 00:08:44,940
what their ages were and what they ate

210
00:08:48,470 --> 00:08:46,620
and Betty found herself trying to

211
00:08:50,750 --> 00:08:48,480
explain the color yellow as she was

212
00:08:53,389 --> 00:08:50,760
describing squash but she couldn't make

213
00:08:55,790 --> 00:08:53,399

the creature understand Betty told this

214

00:08:58,550 --> 00:08:55,800

same story almost word for word during

215

00:09:01,610 --> 00:08:58,560

the Hill's hypnosis sessions and this is

216

00:09:03,889 --> 00:09:01,620

examined in detail and captured the 2007

217

00:09:06,530 --> 00:09:03,899

book co-authored by Betty's niece

218

00:09:08,630 --> 00:09:06,540

Kathleen Martin and Stanton Friedman

219

00:09:10,610 --> 00:09:08,640

three details that came out of the

220

00:09:12,350 --> 00:09:10,620

hypnosis sessions that are repeated

221

00:09:15,050 --> 00:09:12,360

throughout the literature on this case

222

00:09:17,570 --> 00:09:15,060

also showed up first in Betty's dreams

223

00:09:20,650 --> 00:09:17,580

one is her being given a pregnancy test

224

00:09:23,150 --> 00:09:20,660

using a long needle much like modern

225

00:09:26,389 --> 00:09:23,160

amniocentesis which was far from common

226
00:09:28,790 --> 00:09:26,399
at the time and unknown to Betty another

227
00:09:30,949 --> 00:09:28,800
is the leader pulling at Betty's teeth

228
00:09:33,110 --> 00:09:30,959
and being confused that they didn't come

229
00:09:35,810 --> 00:09:33,120
out like Barney's whereupon Betty

230
00:09:37,850 --> 00:09:35,820
explained that Barney had Dentures the

231
00:09:40,670 --> 00:09:37,860
third is Betty being shown a star map

232
00:09:42,470 --> 00:09:40,680
with a binary star system and being told

233
00:09:44,990 --> 00:09:42,480
by the leader that that's where they

234
00:09:47,030 --> 00:09:45,000
came from the story of Betty and Barney

235
00:09:49,310 --> 00:09:47,040
Hill has received a lot of attention

236
00:09:51,650 --> 00:09:49,320
over the years and the question of how

237
00:09:54,290 --> 00:09:51,660
much Betty's dreams influenced her and

238
00:09:56,990 --> 00:09:54,300

Barney's recall under hypnosis has been

239

00:09:59,650 --> 00:09:57,000

explored extensively for example in

240

00:10:02,449 --> 00:09:59,660

captured as part of the North Carolina

241

00:10:03,310 --> 00:10:02,459

Prosecutor's resource online there is

242

00:10:06,710 --> 00:10:03,320

section

243

00:10:09,350 --> 00:10:06,720

664.1 repressed memories and hypnosis

244

00:10:11,329 --> 00:10:09,360

where it is stated there is an ongoing

245

00:10:14,389 --> 00:10:11,339

debate within the scientific Community

246

00:10:16,310 --> 00:10:14,399

about the validity and accuracy of such

247

00:10:19,250 --> 00:10:16,320

recovered memories followed by

248

00:10:21,829 --> 00:10:19,260

references as strange as the abduction

249

00:10:23,570 --> 00:10:21,839

experience seems to be perhaps Betty's

250

00:10:25,790 --> 00:10:23,580

dreams should be considered as being

251
00:10:28,610 --> 00:10:25,800
possibly more valid than her and

252
00:10:31,190 --> 00:10:28,620
Barney's Recollections under hypnosis in

253
00:10:32,990 --> 00:10:31,200
any case Betty's letter and account are

254
00:10:35,329 --> 00:10:33,000
an excellent starting point for students

255
00:10:38,509 --> 00:10:35,339
of the case more material is available
