BEN MOSS

TONY ANGIOLA

1
00:00:03,240 --> 00:00:10,130
foreign

2
00:01:06,310 --> 00:00:27,620
[Music]

3
00:01:12,350 --> 00:01:09,350
your host I'm back in Maine as you see

4
00:01:14,990 --> 00:01:12,360
my place a little messy but anyway uh

5
00:01:18,590 --> 00:01:15,000
I'm glad to be here again

6
00:01:21,050 --> 00:01:18,600
and uh last week we were off because uh

7
00:01:22,850 --> 00:01:21,060
uh the guests that I had planned was a

8
00:01:25,310 --> 00:01:22,860
little evasive I couldn't get a hold of

9
00:01:31,310 --> 00:01:25,320
her and so I just felt it was better to

10
00:01:33,350 --> 00:01:31,320
run the uh a rerun of Dr Leo sprinkle

11
00:01:35,569 --> 00:01:33,360
um I thought that was a good a good show

12
00:01:38,090 --> 00:01:35,579
to run that would aired first back in

13
00:01:41,749 --> 00:01:38,100

2015. if you haven't heard that yet it's

14

00:01:44,030 --> 00:01:41,759

a interesting one uh some things seem a

15

00:01:46,370 --> 00:01:44,040

little out there for some people but he

16

00:01:49,130 --> 00:01:46,380

was quite an amazing researcher and a

17

00:01:52,490 --> 00:01:49,140

great guy and uh so in this case we

18

00:01:55,370 --> 00:01:52,500

missed a couple of blogs by Charles Lear

19

00:01:58,670 --> 00:01:55,380

um the last week's one was UFOs over the

20

00:02:00,950 --> 00:01:58,680

Indian Point Nuclear Plant

21

00:02:05,630 --> 00:02:00,960

um that happened back in on at New

22

00:02:08,449 --> 00:02:05,640

Year's Eve back in 1982 and the uh the

23

00:02:10,729 --> 00:02:08,459

blog this week truckers report uh

24

00:02:15,350 --> 00:02:10,739

attacked by birdlight creatures from a

25

00:02:17,390 --> 00:02:15,360

UFO and this was actually 1984. uh

26

00:02:20,150 --> 00:02:17,400

Charles goes back and takes a really

27

00:02:22,910 --> 00:02:20,160

good look at some very interesting cases

28

00:02:26,330 --> 00:02:22,920

tonight we have Ben Hansen and Tony

29

00:02:29,210 --> 00:02:26,340

angiello uh they are going to be talking

30

00:02:30,830 --> 00:02:29,220

about the Lonnie Lonnie Zamora incident

31

00:02:34,670 --> 00:02:30,840

some people call it that a lot of people

32

00:02:36,530 --> 00:02:34,680

call it that the Socorro incident and uh

33

00:02:40,390 --> 00:02:36,540

let's see the government was involved

34

00:02:44,390 --> 00:02:40,400

CIA FBI the military it's never been

35

00:02:47,089 --> 00:02:44,400

debunked uh Ronnie zamor Lonnie Zamora

36

00:02:49,130 --> 00:02:47,099

was the number one reason uh because

37

00:02:50,570 --> 00:02:49,140

you're such a solid guy such a solid

38

00:02:53,509 --> 00:02:50,580

witness we're going to go over that case

39

00:02:57,290 --> 00:02:53,519

uh one of the top cases and it's the

40

00:02:59,030 --> 00:02:57,300

case that uh Alan heineck decided that

41

00:03:01,250 --> 00:02:59,040

maybe there was really something to this

42

00:03:03,530 --> 00:03:01,260

UFO thing that's the one that turned him

43

00:03:06,470 --> 00:03:03,540

from being a total skeptic to someone

44

00:03:08,750 --> 00:03:06,480

that people could count on for years to

45

00:03:10,850 --> 00:03:08,760

take a good look at what was happening

46

00:03:12,949 --> 00:03:10,860

I'm going to bring our guests in now

47

00:03:15,229 --> 00:03:12,959

hello guys

48

00:03:16,970 --> 00:03:15,239

hey I'm Ben Moss and I've been Hansen

49

00:03:18,890 --> 00:03:16,980

but uh I was honest I call you Ben

50

00:03:21,369 --> 00:03:18,900

Hanson yeah that's all right that's

51

00:03:24,589 --> 00:03:21,379

because I said I'm so sorry

52

00:03:26,030 --> 00:03:24,599

well uh yeah I don't know we were just

53

00:03:28,309 --> 00:03:26,040

talking about him all right I just

54

00:03:30,949 --> 00:03:28,319

mentioned his name before the off off

55

00:03:33,170 --> 00:03:30,959

air I'm really sorry about that but uh

56

00:03:34,430 --> 00:03:33,180

anyway you could almost body double for

57

00:03:40,070 --> 00:03:34,440

him though you look a little bit like

58

00:03:45,710 --> 00:03:41,990

first season seventh episode about

59

00:03:47,149 --> 00:03:45,720

Socorro so uh anybody that has that I

60

00:03:49,610 --> 00:03:47,159

think Ben Hansen made you look like a

61

00:03:52,430 --> 00:03:49,620

UFO witness he's six five I'm six

62

00:03:55,550 --> 00:03:52,440

two but uh yeah UFO witness first season

63

00:03:57,289 --> 00:03:55,560

episode seven at Socorro in there yeah

64

00:03:59,690 --> 00:03:57,299

so where are you guys are you in

65

00:04:03,350 --> 00:03:59,700

Virginia now that's

66

00:04:05,509 --> 00:04:03,360

yeah yeah and uh I want to thank you so

67

00:04:08,930 --> 00:04:05,519

much for coming on we met a number of

68

00:04:11,149 --> 00:04:08,940

times once that Ray Stanford's house and

69

00:04:12,890 --> 00:04:11,159

uh I think we met twice at a conference

70

00:04:15,110 --> 00:04:12,900

yeah we met at two different conferences

71

00:04:17,030 --> 00:04:15,120

one in Cherry Hill and one uh out in

72

00:04:18,409 --> 00:04:17,040

Phoenix but anyway always it was always

73

00:04:21,110 --> 00:04:18,419

a lot of fun hanging out with you guys

74

00:04:23,030 --> 00:04:21,120

but I knew right from the beginning when

75

00:04:26,689 --> 00:04:23,040

we uh talked to the very first time you

76

00:04:29,330 --> 00:04:26,699

had an interest in the Socorro case and

77

00:04:31,189 --> 00:04:29,340

really you know chasing it down and uh I

78

00:04:34,490 --> 00:04:31,199

believe the very first time we met you

79

00:04:35,810 --> 00:04:34,500

had just stopped by Socorro uh New

80

00:04:38,510 --> 00:04:35,820

Mexico which was I don't know how many

81

00:04:40,790 --> 00:04:38,520

hours away from Phoenix but uh oh what

82

00:04:42,830 --> 00:04:40,800

happened oh it was kind of blurry to me

83

00:04:46,610 --> 00:04:42,840

so I was trying to clean my room sorry

84

00:04:49,129 --> 00:04:46,620

all right all right so let's talk about

85

00:04:51,350 --> 00:04:49,139

first of all uh I have a lot of new

86

00:04:54,110 --> 00:04:51,360

people on the show listening so let's

87

00:04:55,550 --> 00:04:54,120

talk about first who you both are and

88

00:04:57,710 --> 00:04:55,560

how you got interested in the case and

89

00:05:00,590 --> 00:04:57,720

well and then I want to hear uh for the

90

00:05:03,890 --> 00:05:00,600

again for the new people and I'd like to

91

00:05:06,730 --> 00:05:03,900

hear what happened that night in April

92

00:05:09,950 --> 00:05:06,740

of 1964.

93

00:05:11,510 --> 00:05:09,960

I'm at Ben on a chance meeting a

94

00:05:15,110 --> 00:05:11,520

business meeting as a matter of fact and

95

00:05:16,850 --> 00:05:15,120

we got to talking about UFOs and uh even

96

00:05:21,050 --> 00:05:16,860

though I was already a member of mufon

97

00:05:22,730 --> 00:05:21,060

at the time since uh the mid 90s and I

98

00:05:25,129 --> 00:05:22,740

was also an investigator that hadn't

99

00:05:26,810 --> 00:05:25,139

really done too much Ben was actively

100

00:05:29,210 --> 00:05:26,820

involved as a chief field investigator

101
00:05:30,950 --> 00:05:29,220
for Virginia so he got me pulled back in

102
00:05:33,170 --> 00:05:30,960
to move on I became the assistant state

103
00:05:35,870 --> 00:05:33,180
director and we started doing cases

104
00:05:36,850 --> 00:05:35,880
together we stumbled upon the Sakura

105
00:05:40,129 --> 00:05:36,860
Case

106
00:05:43,370 --> 00:05:40,139
by listening to James Fox at a 2015

107
00:05:46,370 --> 00:05:43,380
Cherry Hill 2014 Cherry Hill conference

108
00:05:49,189 --> 00:05:46,380
which uh send us into this interesting

109
00:05:52,490 --> 00:05:49,199
rabbit hole that is the Socorro Landing

110
00:05:55,370 --> 00:05:52,500
in 1964. the one you were at

111
00:05:59,810 --> 00:05:55,380
yeah yeah yeah that we have that photo

112
00:06:04,010 --> 00:05:59,820
with um gosh me van Hansen you uh Tony

113
00:06:06,290 --> 00:06:04,020

Cataldo James Fox and um

114

00:06:08,029 --> 00:06:06,300

in our directory uh

115

00:06:11,150 --> 00:06:08,039

um

116

00:06:13,670 --> 00:06:11,160

it's been so long but yeah yeah that's

117

00:06:14,270 --> 00:06:13,680

what started the journey was there

118

00:06:17,270 --> 00:06:14,280

um

119

00:06:19,790 --> 00:06:17,280

so I'm similar I have been in the UFOs

120

00:06:22,129 --> 00:06:19,800

all my life and uh

121

00:06:24,469 --> 00:06:22,139

was investigated for move on Chief field

122

00:06:27,230 --> 00:06:24,479

investigator from Buffon and then uh you

123

00:06:30,650 --> 00:06:27,240

know we have we've formed the UFO guys

124

00:06:34,550 --> 00:06:30,660

LLC so on Facebook with the UFO guys we

125

00:06:37,670 --> 00:06:34,560

post uh what we think are real videos of

126
00:06:40,790 --> 00:06:37,680
something anomalous up there and uh we

127
00:06:41,930 --> 00:06:40,800
got started uh James Fox had mentioned

128
00:06:44,270 --> 00:06:41,940
uh

129
00:06:46,670 --> 00:06:44,280
Socorro and showed that clip with Ray

130
00:06:49,189 --> 00:06:46,680
Stanford in it and then we promised we'd

131
00:06:51,969 --> 00:06:49,199
find this footage and then we went on a

132
00:06:53,809 --> 00:06:51,979
journey to find this footage of this uh

133
00:06:56,090 --> 00:06:53,819
passenger who had been going through

134
00:06:58,610 --> 00:06:56,100
Socorro New Mexico at the time and was

135
00:07:01,249 --> 00:06:58,620
went to the site right after the landing

136
00:07:04,249 --> 00:07:01,259
of the craft in Socorro New Mexico in

137
00:07:08,270 --> 00:07:04,259
1964. so that started the whole process

138
00:07:10,550 --> 00:07:08,280

and uh wow it's been seven eight years

139

00:07:13,430 --> 00:07:10,560

nine years now that took a lot of

140

00:07:15,409 --> 00:07:13,440

research five years of writing and and

141

00:07:17,210 --> 00:07:15,419

three visits to Socorro to write that

142

00:07:20,450 --> 00:07:17,220

thing

143

00:07:23,210 --> 00:07:20,460

and uh what was your your purpose in

144

00:07:24,589 --> 00:07:23,220

general for you know Ray Stanford has

145

00:07:28,010 --> 00:07:24,599

the uh

146

00:07:29,809 --> 00:07:28,020

the go-to book uh that everyone knows

147

00:07:31,309 --> 00:07:29,819

but it it was only had one printing is

148

00:07:33,890 --> 00:07:31,319

that one of the reasons you we wrote the

149

00:07:38,749 --> 00:07:37,010

well we just happened to be working uh

150

00:07:41,210 --> 00:07:38,759

on a lot of different angles with the

151

00:07:42,890 --> 00:07:41,220

case and by visiting uh we got to

152

00:07:44,749 --> 00:07:42,900

interview a lot of interesting people

153

00:07:47,930 --> 00:07:44,759

those that who knew Ray very closely

154

00:07:50,390 --> 00:07:47,940

others who didn't uh those there's a lot

155

00:07:52,010 --> 00:07:50,400

of cases that had some speculation but

156

00:07:54,129 --> 00:07:52,020

interesting nonetheless and we

157

00:07:56,930 --> 00:07:54,139

incorporated a lot of that into the book

158

00:07:59,150 --> 00:07:56,940

with also the you know backing it up

159

00:08:01,370 --> 00:07:59,160

saying that this is just hearsay but

160

00:08:03,710 --> 00:08:01,380

other evidence that we have has a lot of

161

00:08:05,809 --> 00:08:03,720

backing Beyond it part of it yeah part

162

00:08:07,969 --> 00:08:05,819

of it was I ran across I won't mention

163

00:08:10,790 --> 00:08:07,979

any names I'm trying to be nicer as I

164

00:08:12,830 --> 00:08:10,800

get older but part of it was a Blog and

165

00:08:14,570 --> 00:08:12,840

a site that got a lot of views about a

166

00:08:16,550 --> 00:08:14,580

guy that proved that this whole thing

167

00:08:19,670 --> 00:08:16,560

was a hoax and and gave the most

168

00:08:21,350 --> 00:08:19,680

ludicrous statements I you know just and

169

00:08:23,450 --> 00:08:21,360

I actually talked to the person through

170

00:08:25,129 --> 00:08:23,460

uh email I think we had a phone call but

171

00:08:26,809 --> 00:08:25,139

you know when I talked to them he

172

00:08:28,430 --> 00:08:26,819

admitted he had never been to this site

173

00:08:30,830 --> 00:08:28,440

he didn't even know anything about the

174

00:08:33,050 --> 00:08:30,840

site he uh didn't know anything about

175

00:08:36,110 --> 00:08:33,060

the terrain so he was telling me it was

176

00:08:37,610 --> 00:08:36,120

a balloon being turned by a car you know

177

00:08:39,110 --> 00:08:37,620

in the desert with all these rocks and

178

00:08:42,589 --> 00:08:39,120

Hills that you couldn't drive a car more

179

00:08:44,870 --> 00:08:42,599

than four feet from the site but uh and

180

00:08:47,690 --> 00:08:44,880

so when I started seeing

181

00:08:50,150 --> 00:08:47,700

that history was changing the tenure and

182

00:08:53,210 --> 00:08:50,160

people going wow wasn't that a balloon

183

00:08:55,430 --> 00:08:53,220

um as we dug into it I was like let's

184

00:08:58,550 --> 00:08:55,440

let's see if it was a balloon and the

185

00:09:00,769 --> 00:08:58,560

further we dug and and Ray helped us Ray

186

00:09:02,930 --> 00:09:00,779

helped write a chapter in the book about

187

00:09:05,210 --> 00:09:02,940

the symbol and contributed information

188

00:09:09,230 --> 00:09:05,220

it was a continuation to raise the book

189

00:09:11,570 --> 00:09:09,240

basically updating the Rob Mercer's

190

00:09:13,730 --> 00:09:11,580

files that he found on oh yeah God bless

191

00:09:17,150 --> 00:09:13,740

that came from Project Blue Book it was

192

00:09:19,070 --> 00:09:17,160

280 pages of Socorro information so we

193

00:09:21,410 --> 00:09:19,080

have a lot of new stuff that Ray hadn't

194

00:09:23,329 --> 00:09:21,420

seen before so it updated everything and

195

00:09:25,130 --> 00:09:23,339

I think part of the thing that really

196

00:09:27,290 --> 00:09:25,140

made it hit home when we were trying to

197

00:09:29,030 --> 00:09:27,300

figure out what it was was all the

198

00:09:31,850 --> 00:09:29,040

newspaper articles through this time

199

00:09:34,449 --> 00:09:31,860

frame in the general area that were

200

00:09:37,190 --> 00:09:34,459

egg-shaped crafts cited by military

201
00:09:40,190 --> 00:09:37,200
several at Holloman and White Sands Air

202
00:09:42,650 --> 00:09:40,200
Force Base cited by military personnel

203
00:09:44,870 --> 00:09:42,660
um just a lot of egg shaped crafts in

204
00:09:46,730 --> 00:09:44,880
the area in this time frame this wasn't

205
00:09:48,590 --> 00:09:46,740
a one-off and then you had La Madeira

206
00:09:50,690 --> 00:09:48,600
also where where it seemed like the same

207
00:09:52,610 --> 00:09:50,700
thing happened just didn't have time to

208
00:09:55,310 --> 00:09:52,620
investigate that also it's hard to

209
00:09:58,490 --> 00:09:55,320
investigate a case that that's that old

210
00:10:01,910 --> 00:09:58,500
right yes and I know the symbol was

211
00:10:05,750 --> 00:10:01,920
something that was obscured purposely

212
00:10:07,610 --> 00:10:05,760
um just to be able to uh go back to it

213
00:10:10,009 --> 00:10:07,620

if someone said they saw something and

214

00:10:13,250 --> 00:10:10,019

they said yeah I had this symbol or that

215

00:10:15,889 --> 00:10:13,260

symbol but I mean you have the hats uh

216

00:10:18,889 --> 00:10:15,899

with the with uh the supposed real

217

00:10:21,050 --> 00:10:18,899

simple on it and but everyone seems to

218

00:10:22,850 --> 00:10:21,060

get that wrong whenever you see it on

219

00:10:25,490 --> 00:10:22,860

like Unsolved Mysteries or something

220

00:10:28,730 --> 00:10:25,500

like that they have the original

221

00:10:32,930 --> 00:10:28,740

simple that Lonnie Zamora was supposed

222

00:10:34,850 --> 00:10:32,940

to you know say or let out there right

223

00:10:36,829 --> 00:10:34,860

the umbrella yeah you know it's

224

00:10:38,269 --> 00:10:36,839

interesting because that symbol could

225

00:10:39,530 --> 00:10:38,279

have just been temporary on the side of

226

00:10:41,150 --> 00:10:39,540

the craft it could have been like an

227

00:10:42,949 --> 00:10:41,160

iPhone you know you have the screen

228

00:10:44,690 --> 00:10:42,959

blank versus having something come on it

229

00:10:47,810 --> 00:10:44,700

it's very possible that whatever

230

00:10:49,310 --> 00:10:47,820

Insignia was on that craft it went away

231

00:10:50,030 --> 00:10:49,320

just like a screen just turn the light

232

00:10:52,850 --> 00:10:50,040

off

233

00:10:55,009 --> 00:10:52,860

which is why when you see or hear about

234

00:10:57,110 --> 00:10:55,019

reported ex-shaped craft you generally

235

00:10:59,750 --> 00:10:57,120

don't hear about anything like a symbol

236

00:11:01,910 --> 00:10:59,760

being on it very very rare maybe it's

237

00:11:03,769 --> 00:11:01,920

very it's so rare that it could be like

238

00:11:06,650 --> 00:11:03,779

I said some sort of distress to alert

239

00:11:08,930 --> 00:11:06,660

others hey I'm over here I need help

240

00:11:11,569 --> 00:11:08,940

uh we're not just parked and we're

241

00:11:14,030 --> 00:11:11,579

broken down but credit you're a uh Ray

242

00:11:16,850 --> 00:11:14,040

Stanford you know when he was in touch

243

00:11:19,069 --> 00:11:16,860

with uh Captain holder's son the captain

244

00:11:21,350 --> 00:11:19,079

holder was the up-range white sand

245

00:11:24,470 --> 00:11:21,360

Commander from White Sands who came down

246

00:11:27,050 --> 00:11:24,480

investigated the case right away and his

247

00:11:30,170 --> 00:11:27,060

son told Ray he said yeah my father told

248

00:11:32,569 --> 00:11:30,180

me that they had Lonnie sign of symbol

249

00:11:35,690 --> 00:11:32,579

they kind of made up on the spot that

250

00:11:37,430 --> 00:11:35,700

way if anybody reported that symbol they

251
00:11:39,050 --> 00:11:37,440
knew they were making it up because the

252
00:11:42,050 --> 00:11:39,060
real symbol wasn't inverted me with

253
00:11:44,150 --> 00:11:42,060
three bars and we got new a couple of

254
00:11:47,030 --> 00:11:44,160
witnesses that Ray had never talked to

255
00:11:49,130 --> 00:11:47,040
or or never taught before that met with

256
00:11:50,569 --> 00:11:49,140
Lonnie and and you know drew things and

257
00:11:53,690 --> 00:11:50,579
Lonnie would kind of point to something

258
00:11:55,610 --> 00:11:53,700
it was always the three uh bars with the

259
00:11:57,410 --> 00:11:55,620
inverted V was the symbol that Lonnie

260
00:11:59,030 --> 00:11:57,420
really saw on the crowd but he was told

261
00:12:00,949 --> 00:11:59,040
not to say anything you know I was

262
00:12:03,110 --> 00:12:00,959
thinking about the symbol

263
00:12:04,730 --> 00:12:03,120

so this all started Let's uh let's go

264

00:12:07,850 --> 00:12:04,740

through the case for those who have not

265

00:12:10,670 --> 00:12:07,860

heard it before it all started in in

266

00:12:13,190 --> 00:12:10,680

April well I forget the date of 1964

267

00:12:15,410 --> 00:12:13,200

with a high-speed chase of a convertible

268

00:12:17,750 --> 00:12:15,420

let's go through the whole thing so

269

00:12:21,230 --> 00:12:17,760

police officer Lonnie Zamora was on

270

00:12:23,569 --> 00:12:21,240

random patrol on April 24th and that

271

00:12:26,269 --> 00:12:23,579

means that uh there's no designated

272

00:12:28,069 --> 00:12:26,279

place to really park or be nobody would

273

00:12:31,550 --> 00:12:28,079

know exactly where he's at or know his

274

00:12:33,769 --> 00:12:31,560

schedule he sees a speeder go by and he

275

00:12:36,170 --> 00:12:33,779

recognizes the gentleman he's a younger

276

00:12:39,230 --> 00:12:36,180

man and he's he's known to speed through

277

00:12:42,590 --> 00:12:39,240

town so Lonnie goes after him uh while

278

00:12:45,530 --> 00:12:42,600

he's in Pursuit and near the gas station

279

00:12:48,710 --> 00:12:45,540

um where another family was coming uh

280

00:12:50,870 --> 00:12:48,720

with four people in the car uh Lonnie

281

00:12:53,930 --> 00:12:50,880

lets the speeder go and what he sees in

282

00:12:55,730 --> 00:12:53,940

the sky crossing the road is this thing

283

00:12:57,170 --> 00:12:55,740

that seems to have Flames coming out of

284

00:12:59,449 --> 00:12:57,180

it and he thinks it might be an airplane

285

00:13:02,030 --> 00:12:59,459

coming down and he knows there's a

286

00:13:03,590 --> 00:13:02,040

dynamite shock over over where the

287

00:13:06,470 --> 00:13:03,600

direction that he sees it going so he

288

00:13:08,930 --> 00:13:06,480

takes his brand new police car off-road

289

00:13:11,389 --> 00:13:08,940

and really has to gun it up this hill

290

00:13:13,670 --> 00:13:11,399

and cause damage to the vehicle just to

291

00:13:15,829 --> 00:13:13,680

get up there once he reaches the top

292

00:13:19,430 --> 00:13:15,839

from about no more than like 100 feet

293

00:13:21,050 --> 00:13:19,440

away you can see there's two figures in

294

00:13:23,810 --> 00:13:21,060

white and what he describes as white

295

00:13:27,170 --> 00:13:23,820

coveralls and he knows how tall the bush

296

00:13:30,170 --> 00:13:27,180

that they're standing next to us so he

297

00:13:31,750 --> 00:13:30,180

can tell approximate how high the heads

298

00:13:35,329 --> 00:13:31,760

of these figures would be

299

00:13:38,449 --> 00:13:35,339

then he continues to move towards that

300

00:13:41,150 --> 00:13:38,459

object and he loses sight for him for

301
00:13:43,370 --> 00:13:41,160
just a moment and as his car dips down

302
00:13:47,509 --> 00:13:43,380
and comes back up to this Ravine this

303
00:13:50,569 --> 00:13:47,519
Arroyo he's no further than about 30

304
00:13:54,290 --> 00:13:50,579
feet and he gets as close as possibly 15

305
00:13:57,170 --> 00:13:54,300
to 20 feet from the vehicle which is

306
00:13:59,210 --> 00:13:57,180
um juxtaposed to what's written in the

307
00:14:00,829 --> 00:13:59,220
Air Force report and there they were

308
00:14:03,470 --> 00:14:00,839
trying to say that he was like 300 feet

309
00:14:07,190 --> 00:14:03,480
150 feet of the closest and that's not

310
00:14:09,350 --> 00:14:07,200
necessarily true he's much closer so he

311
00:14:11,750 --> 00:14:09,360
when he actually gets out of his car he

312
00:14:14,210 --> 00:14:11,760
can hear a door slamming shut that he

313
00:14:17,629 --> 00:14:14,220

describes it kind of like a submarine

314

00:14:19,970 --> 00:14:17,639

hatch shutting and then locking and then

315

00:14:23,509 --> 00:14:19,980

the Flames Begin to come from underneath

316

00:14:25,970 --> 00:14:23,519

the vehicle again slicing a bush in half

317

00:14:27,530 --> 00:14:25,980

and then it raises an elevation into

318

00:14:29,930 --> 00:14:27,540

something about what the vehicle looked

319

00:14:31,930 --> 00:14:29,940

like eggshelled craft he said we

320

00:14:34,490 --> 00:14:31,940

established that

321

00:14:36,050 --> 00:14:34,500

and also the action craft that was kind

322

00:14:38,810 --> 00:14:36,060

of tilted forward like you know you

323

00:14:41,210 --> 00:14:38,820

expect a symmetric vehicle to be level

324

00:14:43,670 --> 00:14:41,220

and it seemed like the front of it was

325

00:14:45,490 --> 00:14:43,680

tilted down like it's bowing down there

326

00:14:48,470 --> 00:14:45,500

you go

327

00:14:49,610 --> 00:14:48,480

and uh so immediately I'm thinking to

328

00:14:51,530 --> 00:14:49,620

myself well there must be something

329

00:14:53,930 --> 00:14:51,540

wrong with the thing

330

00:14:56,689 --> 00:14:53,940

um not to mention that the the people in

331

00:14:58,490 --> 00:14:56,699

the car said that this object nearly

332

00:15:01,189 --> 00:14:58,500

took their antenna off because they were

333

00:15:03,769 --> 00:15:01,199

making comments to the owner of the gas

334

00:15:07,610 --> 00:15:03,779

station that their airplanes fly

335

00:15:09,110 --> 00:15:07,620

extremely low and this is yeah and

336

00:15:11,689 --> 00:15:09,120

nobody's ever been able to chase those

337

00:15:13,790 --> 00:15:11,699

people down right that's right yeah

338

00:15:16,730 --> 00:15:13,800

they've never come forward in another

339

00:15:18,350 --> 00:15:16,740

situation ever talked about it it's

340

00:15:20,629 --> 00:15:18,360

probably you know if you weren't that

341

00:15:22,670 --> 00:15:20,639

interested at the time and you just

342

00:15:24,769 --> 00:15:22,680

didn't see the headline because it went

343

00:15:26,870 --> 00:15:24,779

around the world headline but if you

344

00:15:28,850 --> 00:15:26,880

weren't in UFOs and you just thought it

345

00:15:30,590 --> 00:15:28,860

was something weird you might not have

346

00:15:33,290 --> 00:15:30,600

heard about the story for 20 years you

347

00:15:37,670 --> 00:15:33,300

know until somebody came up again but

348

00:15:39,410 --> 00:15:37,680

yeah so it's just the thing is that when

349

00:15:41,269 --> 00:15:39,420

we looked into it and we were trying to

350

00:15:42,970 --> 00:15:41,279

figure out you know you look for any

351
00:15:45,710 --> 00:15:42,980
plausible explanation for what happened

352
00:15:48,230 --> 00:15:45,720
and basically eliminated everything and

353
00:15:50,329 --> 00:15:48,240
the fact that the Project Blue Book in

354
00:15:53,689 --> 00:15:50,339
the Air Force still has it as an unknown

355
00:15:56,090 --> 00:15:53,699
is the is the answer to the case it's an

356
00:15:58,069 --> 00:15:56,100
unknown but you know Captain holder was

357
00:15:59,750 --> 00:15:58,079
an up range White Sands Commander he

358
00:16:02,090 --> 00:15:59,760
knew all the black projects he knew

359
00:16:04,009 --> 00:16:02,100
everything that flew the radar wasn't

360
00:16:07,009 --> 00:16:04,019
turned on at the time even but nothing

361
00:16:08,870 --> 00:16:07,019
was flying that evening it was a Brisk

362
00:16:11,870 --> 00:16:08,880
45 mile an hour wind

363
00:16:14,870 --> 00:16:11,880

in the desert at about 5 45 the night

364

00:16:17,210 --> 00:16:14,880

that this object flew into and so you

365

00:16:19,009 --> 00:16:17,220

know we actually talked to the balloon

366

00:16:21,530 --> 00:16:19,019

the national headquarters for

367

00:16:23,810 --> 00:16:21,540

balloonists in Albuquerque and they said

368

00:16:26,870 --> 00:16:23,820

nobody would ever take off at that time

369

00:16:28,250 --> 00:16:26,880

of day into that type of weather in a

370

00:16:31,610 --> 00:16:28,260

balloon because it would you know

371

00:16:34,910 --> 00:16:31,620

wouldn't go well and so um you know as

372

00:16:37,009 --> 00:16:34,920

far as breaking down the the hoaxes it

373

00:16:39,530 --> 00:16:37,019

got to the point where if you just kind

374

00:16:41,449 --> 00:16:39,540

of look deeply into the case you realize

375

00:16:45,050 --> 00:16:41,459

that it couldn't be these these things

376

00:16:46,550 --> 00:16:45,060

like a hoax or a tin can or fireworks or

377

00:16:49,430 --> 00:16:46,560

you know something along and also each

378

00:16:51,290 --> 00:16:49,440

time we visited we were we felt that we

379

00:16:54,470 --> 00:16:51,300

were there during very similar

380

00:16:57,949 --> 00:16:54,480

conditions the wind was very consistent

381

00:17:00,710 --> 00:16:57,959

it was very strong and uh and blowing in

382

00:17:02,749 --> 00:17:00,720

the opposite direction of its travel so

383

00:17:05,510 --> 00:17:02,759

that tells us that the winds in that

384

00:17:08,510 --> 00:17:05,520

area are pretty pretty steady

385

00:17:10,370 --> 00:17:08,520

um and the perlite Mill also um in that

386

00:17:13,429 --> 00:17:10,380

direction it was reaching

387

00:17:16,250 --> 00:17:13,439

um supersonic speeds as the second

388

00:17:18,049 --> 00:17:16,260

police officer that Lonnie called in for

389

00:17:20,630 --> 00:17:18,059

health arrived

390

00:17:23,150 --> 00:17:20,640

now one of the things when the object

391

00:17:26,390 --> 00:17:23,160

took off you know the flame came out

392

00:17:28,850 --> 00:17:26,400

and it it rose up you know not real high

393

00:17:31,549 --> 00:17:28,860

but it rose up then the flame went out

394

00:17:33,470 --> 00:17:31,559

and then the object started moving now

395

00:17:35,750 --> 00:17:33,480

was there I know there was the sound

396

00:17:37,490 --> 00:17:35,760

with the flame but was there a sound

397

00:17:38,650 --> 00:17:37,500

after that

398

00:17:41,630 --> 00:17:38,660

yeah

399

00:17:43,310 --> 00:17:41,640

like a second engine was engaged when it

400

00:17:46,130 --> 00:17:43,320

was completely silent

401
00:17:49,250 --> 00:17:46,140
and that's how he described it it went

402
00:17:53,930 --> 00:17:49,260
from being a roaring thunderous

403
00:17:56,690 --> 00:17:53,940
um uh flame to no flame no sound and

404
00:17:58,970 --> 00:17:56,700
moving at supersonic speeds away and at

405
00:18:01,010 --> 00:17:58,980
an angle of 45 degrees

406
00:18:02,690 --> 00:18:01,020
did Lonnie himself claim that he saw

407
00:18:05,990 --> 00:18:02,700
this thing go all the way until it

408
00:18:07,730 --> 00:18:06,000
disappeared that's right you did yeah

409
00:18:10,490 --> 00:18:07,740
yeah wow

410
00:18:15,110 --> 00:18:10,500
I I know that you said that there were

411
00:18:17,150 --> 00:18:15,120
other reports of of egg-shaped craft and

412
00:18:18,710 --> 00:18:17,160
would and you said the military actually

413
00:18:21,289 --> 00:18:18,720

spotted something

414

00:18:23,150 --> 00:18:21,299

right so even as of late a lot of the

415

00:18:25,070 --> 00:18:23,160

stuff they've been calling the Tic Tac

416

00:18:27,830 --> 00:18:25,080

seems to resemble

417

00:18:29,570 --> 00:18:27,840

um an egg shape so to speak right and I

418

00:18:32,029 --> 00:18:29,580

was going to ask you about that yeah

419

00:18:35,450 --> 00:18:32,039

all right so that that could very well

420

00:18:38,630 --> 00:18:35,460

be in the same family there's a similar

421

00:18:41,750 --> 00:18:38,640

type craft recorded in France in Italy

422

00:18:43,250 --> 00:18:41,760

just all over the world yeah

423

00:18:45,950 --> 00:18:43,260

and you know we're not talking

424

00:18:48,470 --> 00:18:45,960

aerodynamics here you know that's that's

425

00:18:50,570 --> 00:18:48,480

the thing uh you know and I I don't

426

00:18:53,150 --> 00:18:50,580

think that's part of the equation anyway

427

00:18:56,029 --> 00:18:53,160

myself how these things get to where

428

00:18:57,710 --> 00:18:56,039

from point A to point B has anything to

429

00:19:00,169 --> 00:18:57,720

do with aerodynamics I don't think so

430

00:19:02,390 --> 00:19:00,179

but I mean that's speculation of course

431

00:19:04,549 --> 00:19:02,400

well yeah a lot of exotic physics seems

432

00:19:07,250 --> 00:19:04,559

to indicate that shape and aerodynamics

433

00:19:08,810 --> 00:19:07,260

uh do not matter when you're talking

434

00:19:10,930 --> 00:19:08,820

about exotic propulsion that creates

435

00:19:14,210 --> 00:19:10,940

electromagnetic fields and therefore

436

00:19:15,770 --> 00:19:14,220

those rules no longer apply

437

00:19:19,850 --> 00:19:15,780

now uh

438

00:19:21,289 --> 00:19:19,860

when when Lonnie saw these these uh he

439

00:19:23,570 --> 00:19:21,299

said they look like children this at the

440

00:19:26,930 --> 00:19:23,580

height of children they they appeared to

441

00:19:30,070 --> 00:19:26,940

be startled when they saw him

442

00:19:32,630 --> 00:19:30,080

watching them right exactly not expect

443

00:19:34,909 --> 00:19:32,640

anybody to be following them or

444

00:19:36,289 --> 00:19:34,919

especially not to appear that closely so

445

00:19:37,789 --> 00:19:36,299

quickly

446

00:19:39,529 --> 00:19:37,799

um some postulate that maybe they were

447

00:19:41,409 --> 00:19:39,539

looking for something uh he said they

448

00:19:45,110 --> 00:19:41,419

were looking up and underneath the craft

449

00:19:47,690 --> 00:19:45,120

uh possibly looking down

450

00:19:49,789 --> 00:19:47,700

um there were some uh hearsay stories

451
00:19:52,370 --> 00:19:49,799
that were pretty fantastic that we heard

452
00:19:54,289 --> 00:19:52,380
that uh said that Lonnie perhaps

453
00:19:56,570 --> 00:19:54,299
collected something that looked like a

454
00:19:58,610 --> 00:19:56,580
credit card size circuit board it was

455
00:20:00,950 --> 00:19:58,620
sent away it never came back kind of

456
00:20:02,990 --> 00:20:00,960
thing we could not find any actual

457
00:20:05,029 --> 00:20:03,000
corroborating evidence to support the

458
00:20:07,669 --> 00:20:05,039
story but you hear stuff like that

459
00:20:10,370 --> 00:20:07,679
well I know there was a I believe a

460
00:20:13,669 --> 00:20:10,380
police officer was taking images right

461
00:20:16,430 --> 00:20:13,679
away of the landing pads or Impressions

462
00:20:19,730 --> 00:20:16,440
and They confiscated his camera

463
00:20:22,549 --> 00:20:19,740

the military did right and yeah that was

464

00:20:26,690 --> 00:20:22,559

Ted Jordan always had a camera with him

465

00:20:31,370 --> 00:20:26,700

and he took a bunch of photographs uh of

466

00:20:34,010 --> 00:20:31,380

the landing site and then the government

467

00:20:35,570 --> 00:20:34,020

came in and said you know we need to

468

00:20:37,610 --> 00:20:35,580

take a camera we'll give you back the

469

00:20:39,409 --> 00:20:37,620

footage and he never got the footage

470

00:20:41,630 --> 00:20:39,419

back and you know we have him in a

471

00:20:43,669 --> 00:20:41,640

presentation on cameras talking about it

472

00:20:46,610 --> 00:20:43,679

and saying you know they'd never give me

473

00:20:49,610 --> 00:20:46,620

my damn footage back but um it was

474

00:20:51,470 --> 00:20:49,620

confirmed and Ray had some film he

475

00:20:53,990 --> 00:20:51,480

shared with us where he's talking with

476
00:20:57,409 --> 00:20:54,000
Dr heineck Who has worked on this case

477
00:21:00,409 --> 00:20:57,419
for Blue Book where Dr hanik admits that

478
00:21:01,510 --> 00:21:00,419
the the uh film was fogged due to

479
00:21:03,830 --> 00:21:01,520
radiation

480
00:21:05,630 --> 00:21:03,840
and the second day there was no

481
00:21:07,610 --> 00:21:05,640
radiation detected there so that tells

482
00:21:10,490 --> 00:21:07,620
you that whatever the radiation was from

483
00:21:12,770 --> 00:21:10,500
probably the blue flame that knife into

484
00:21:14,750 --> 00:21:12,780
the ground underneath the craft it was

485
00:21:16,430 --> 00:21:14,760
kind of a weird exotic form of

486
00:21:19,130 --> 00:21:16,440
propulsion because it was there one day

487
00:21:22,669 --> 00:21:19,140
and then gone the next which is not

488
00:21:24,890 --> 00:21:22,679

usually not how radiation works right so

489

00:21:26,450 --> 00:21:24,900

and and Lonnie was close to it so if it

490

00:21:29,149 --> 00:21:26,460

had been anything like a propellant

491

00:21:31,250 --> 00:21:29,159

driven engine you know a earth made

492

00:21:33,529 --> 00:21:31,260

rocket engine it would have cooked him

493

00:21:35,990 --> 00:21:33,539

he was 30 feet away so you know it

494

00:21:37,070 --> 00:21:36,000

wasn't a chemical reaction rocket it was

495

00:21:41,570 --> 00:21:37,080

something

496

00:21:44,029 --> 00:21:41,580

as Ray would say uh some type of

497

00:21:45,529 --> 00:21:44,039

um plasma or something you know at the

498

00:21:47,330 --> 00:21:45,539

speed of light knife into the ground

499

00:21:49,549 --> 00:21:47,340

because it didn't dig a big hole either

500

00:21:52,549 --> 00:21:49,559

vitrified glass of the sand and the

501
00:21:56,270 --> 00:21:52,559
glass which takes 2300 degrees to do

502
00:21:58,870 --> 00:21:56,280
that so that was evidence that Carol and

503
00:22:02,870 --> 00:22:00,970
yeah

504
00:22:05,690 --> 00:22:02,880
they picked up

505
00:22:07,130 --> 00:22:05,700
um and the government we found documents

506
00:22:09,700 --> 00:22:07,140
where they said they you know having to

507
00:22:11,149 --> 00:22:09,710
analyze but never heard the results

508
00:22:13,730 --> 00:22:11,159
[Music]

509
00:22:16,549 --> 00:22:13,740
isn't that interesting now

510
00:22:18,470 --> 00:22:16,559
uh this is for an opinion this is a

511
00:22:20,750 --> 00:22:18,480
question for an opinion

512
00:22:21,770 --> 00:22:20,760
and I guess it's my opinion it seems

513
00:22:23,990 --> 00:22:21,780

like

514

00:22:26,690 --> 00:22:24,000

something that would be throwing Flames

515

00:22:28,610 --> 00:22:26,700

out of it seems kind of primitive for

516

00:22:30,350 --> 00:22:28,620

what the object

517

00:22:31,490 --> 00:22:30,360

you know you would think the object

518

00:22:33,950 --> 00:22:31,500

could do

519

00:22:37,190 --> 00:22:33,960

and I just want your feedback on that

520

00:22:38,990 --> 00:22:37,200

it always felt that uh we're evolving

521

00:22:41,870 --> 00:22:39,000

they're evolving they could have been

522

00:22:43,850 --> 00:22:41,880

here long before us and maybe they

523

00:22:46,549 --> 00:22:43,860

evolved away from that and we don't see

524

00:22:49,370 --> 00:22:46,559

that kind of thing anymore uh in fact

525

00:22:51,950 --> 00:22:49,380

remember when uh we used to get a lot of

526

00:22:55,070 --> 00:22:51,960

those nuts and bolts craft like uh

527

00:22:58,730 --> 00:22:55,080

Walters out of Florida uh it seems to me

528

00:23:02,090 --> 00:22:58,740

like there was an era of artistic and

529

00:23:04,730 --> 00:23:02,100

beautifully designed craft and now we're

530

00:23:08,990 --> 00:23:04,740

seeing like over evolved triangular

531

00:23:11,090 --> 00:23:09,000

boring craft and lights and orbs I'm

532

00:23:13,010 --> 00:23:11,100

saying bring back the classical artistic

533

00:23:15,409 --> 00:23:13,020

ones yeah

534

00:23:17,090 --> 00:23:15,419

it's a new model this year's model yeah

535

00:23:20,330 --> 00:23:17,100

right I don't like the new models you

536

00:23:23,630 --> 00:23:20,340

know I I think that and this is just an

537

00:23:26,570 --> 00:23:23,640

opinion but it's kind of like when we go

538

00:23:28,490 --> 00:23:26,580

to the Moon we have one craft as it's

539

00:23:30,169 --> 00:23:28,500

engine to get us there but the one that

540

00:23:33,230 --> 00:23:30,179

lands has a completely different engine

541

00:23:35,990 --> 00:23:33,240

yeah so this could have come out of a

542

00:23:37,669 --> 00:23:36,000

bigger craft but the smaller engines

543

00:23:38,630 --> 00:23:37,679

that come out and it seems to be

544

00:23:41,450 --> 00:23:38,640

evidence

545

00:23:44,270 --> 00:23:41,460

by some of the video we have is showing

546

00:23:46,970 --> 00:23:44,280

them or terrestrial propulsion still

547

00:23:47,930 --> 00:23:46,980

exotic but meant to fly an atmosphere so

548

00:23:50,270 --> 00:23:47,940

there's a big difference in the engine

549

00:23:51,830 --> 00:23:50,280

that flies in space and one's got to go

550

00:23:53,990 --> 00:23:51,840

through an atmosphere without you know

551
00:23:55,250 --> 00:23:54,000
giving telltale signs that you're there

552
00:23:57,710 --> 00:23:55,260
for one thing

553
00:23:59,510 --> 00:23:57,720
so it could just be I mean a blue flame

554
00:24:01,549 --> 00:23:59,520
knife into the ground and then going off

555
00:24:04,070 --> 00:24:01,559
into the craft silent ferment hovering

556
00:24:07,850 --> 00:24:04,080
that's still pretty exotic technology

557
00:24:10,370 --> 00:24:07,860
even to this day yeah no no it makes

558
00:24:11,630 --> 00:24:10,380
sense I mean you know uh I never really

559
00:24:13,250 --> 00:24:11,640
looked at it that way but you're right

560
00:24:16,010 --> 00:24:13,260
it could they may have different

561
00:24:17,990 --> 00:24:16,020
propulsions for different situations you

562
00:24:19,370 --> 00:24:18,000
know in this atmosphere may be different

563
00:24:21,409 --> 00:24:19,380

than

564

00:24:24,049 --> 00:24:21,419

some other planet's atmosphere wherever

565

00:24:27,110 --> 00:24:24,059

they go or wherever they're from may be

566

00:24:29,409 --> 00:24:27,120

totally different and just to be the Boy

567

00:24:32,029 --> 00:24:29,419

Scout prepared

568

00:24:34,549 --> 00:24:32,039

so uh so what are some of the

569

00:24:36,350 --> 00:24:34,559

interesting things that you know you

570

00:24:38,810 --> 00:24:36,360

you're going through you're doing this

571

00:24:41,390 --> 00:24:38,820

research and I I know you mentioned

572

00:24:43,490 --> 00:24:41,400

earlier about the documents that were

573

00:24:45,649 --> 00:24:43,500

found you know on Craigslist that Mercy

574

00:24:47,570 --> 00:24:45,659

have found and it was a great thing

575

00:24:50,090 --> 00:24:47,580

um and I'm sure I believe Dave Marler

576
00:24:51,169 --> 00:24:50,100
has those now uh but what are some of

577
00:24:53,090 --> 00:24:51,179
the interesting things that you

578
00:24:55,490 --> 00:24:53,100
uncovered that were basically unknown

579
00:24:57,049 --> 00:24:55,500
back when this was uh first written

580
00:25:01,430 --> 00:24:57,059
about

581
00:25:03,830 --> 00:25:01,440
of you well there's a lot of things that

582
00:25:05,750 --> 00:25:03,840
you know a lot of the documents I I

583
00:25:07,850 --> 00:25:05,760
remember I talked to uh

584
00:25:09,770 --> 00:25:07,860
Kevin Randall had a little bit of a beef

585
00:25:11,450 --> 00:25:09,780
about the fact that these were an

586
00:25:13,610 --> 00:25:11,460
official Blue Book documents and he was

587
00:25:15,710 --> 00:25:13,620
right about that but their Blue Book

588
00:25:17,270 --> 00:25:15,720

files written by Blue Book employees

589

00:25:20,090 --> 00:25:17,280

that just didn't make it into the blue

590

00:25:22,970 --> 00:25:20,100

you know the final document but some of

591

00:25:24,470 --> 00:25:22,980

the things were that Captain holder was

592

00:25:26,450 --> 00:25:24,480

surprised that

593

00:25:28,669 --> 00:25:26,460

ten years later he was getting calls

594

00:25:30,529 --> 00:25:28,679

from The Joint City for staffs asking

595

00:25:32,210 --> 00:25:30,539

him you know what do you think that

596

00:25:34,130 --> 00:25:32,220

thing was he's like why the hell are

597

00:25:35,810 --> 00:25:34,140

they calling me 10 years later about

598

00:25:37,730 --> 00:25:35,820

this case and why was there so much

599

00:25:40,490 --> 00:25:37,740

interest you know the White House was

600

00:25:42,289 --> 00:25:40,500

interested years later and you know

601
00:25:44,690 --> 00:25:42,299
Hector Quintanilla they had a blue book

602
00:25:46,610 --> 00:25:44,700
told him that was the one case he was so

603
00:25:49,010 --> 00:25:46,620
mad he couldn't solve it because he got

604
00:25:50,690 --> 00:25:49,020
a top secret clearance to go he said I'm

605
00:25:52,789 --> 00:25:50,700
going to find this craft and a hanger

606
00:25:54,409 --> 00:25:52,799
somewhere because there's a lot of bases

607
00:25:56,810 --> 00:25:54,419
around there you know Albuquerque and

608
00:25:58,730 --> 00:25:56,820
White Sands but he uh he never found

609
00:26:01,730 --> 00:25:58,740
anything he had clearances to go

610
00:26:03,110 --> 00:26:01,740
anywhere there was no such craft and he

611
00:26:04,909 --> 00:26:03,120
wrote he said you know I was just

612
00:26:08,090 --> 00:26:04,919
frustrated about it but on the camera

613
00:26:10,669 --> 00:26:08,100

he'd say there's nothing to it you know

614

00:26:12,710 --> 00:26:10,679

it's you know it's not from this it's

615

00:26:13,970 --> 00:26:12,720

not from another world but he never

616

00:26:15,950 --> 00:26:13,980

tells you where it's from because he

617

00:26:20,090 --> 00:26:15,960

didn't know where it was from

618

00:26:23,210 --> 00:26:20,100

right and do we know how much the FBI

619

00:26:25,310 --> 00:26:23,220

and the the CIA right wasn't the FBI and

620

00:26:27,890 --> 00:26:25,320

the CIA in the military how much

621

00:26:31,010 --> 00:26:27,900

research did they do how many people did

622

00:26:33,049 --> 00:26:31,020

they interview do we know any of that

623

00:26:35,390 --> 00:26:33,059

um right interviewed quite a few people

624

00:26:37,610 --> 00:26:35,400

uh in those days I mean are there a lot

625

00:26:39,350 --> 00:26:37,620

of witnesses that that heard it but he

626

00:26:40,669 --> 00:26:39,360

didn't he didn't have the time to reach

627

00:26:44,390 --> 00:26:40,679

all of them but there were like hundreds

628

00:26:45,710 --> 00:26:44,400

that say they heard the sound uh and the

629

00:26:47,210 --> 00:26:45,720

reason they didn't see it is because the

630

00:26:49,370 --> 00:26:47,220

way that sound travels and the way that

631

00:26:51,169 --> 00:26:49,380

it would reverberate off of the Arroyo

632

00:26:52,250 --> 00:26:51,179

and there was a lot of contention about

633

00:26:54,769 --> 00:26:52,260

that

634

00:26:56,210 --> 00:26:54,779

um and you had a pretty much you know

635

00:26:58,190 --> 00:26:56,220

learn a little bit about Sonic and

636

00:26:59,630 --> 00:26:58,200

Acoustics in order to understand that

637

00:27:00,830 --> 00:26:59,640

explanation of how hundreds could hear

638

00:27:02,330 --> 00:27:00,840

it in the direction that it wasn't

639

00:27:04,549 --> 00:27:02,340

really quite visible

640

00:27:06,769 --> 00:27:04,559

but I can understand why people said

641

00:27:09,350 --> 00:27:06,779

they heard it yeah yeah there was there

642

00:27:12,470 --> 00:27:09,360

was just a lot of documents that showed

643

00:27:14,090 --> 00:27:12,480

interest the FBI of course said you

644

00:27:15,769 --> 00:27:14,100

can't tell anybody we were here and that

645

00:27:19,310 --> 00:27:15,779

became part of the documents and then it

646

00:27:22,669 --> 00:27:19,320

came out that yeah the FBI was there and

647

00:27:25,010 --> 00:27:22,679

I guess the CIA was formed then but uh

648

00:27:27,169 --> 00:27:25,020

I'm not sure but uh Air Force was

649

00:27:30,230 --> 00:27:27,179

involved joint Chief of Staff so the

650

00:27:32,870 --> 00:27:30,240

White House was involved there was a lot

651
00:27:35,210 --> 00:27:32,880
of a lot of interest in the data they

652
00:27:37,850 --> 00:27:35,220
got like we've never seen the vitrified

653
00:27:39,890 --> 00:27:37,860
sand reports the samples of the you know

654
00:27:43,070 --> 00:27:39,900
underneath the craft and other things

655
00:27:45,169 --> 00:27:43,080
that were hurt to be taken plant samples

656
00:27:48,049 --> 00:27:45,179
because of bush got cooked sliced in

657
00:27:50,149 --> 00:27:48,059
half by the blue plasma beam but um

658
00:27:52,789 --> 00:27:50,159
there was a lot of for them to be so

659
00:27:54,890 --> 00:27:52,799
interested 10 years later tells you that

660
00:27:56,930 --> 00:27:54,900
they really they didn't have a clue what

661
00:27:59,630 --> 00:27:56,940
it was and they really really wanted to

662
00:28:01,010 --> 00:27:59,640
know what it was because if it's nobody

663
00:28:03,110 --> 00:28:01,020

else's then

664

00:28:04,490 --> 00:28:03,120

then they had a real problem

665

00:28:06,950 --> 00:28:04,500

yeah

666

00:28:09,890 --> 00:28:06,960

and that's that's the thing about this

667

00:28:13,310 --> 00:28:09,900

case in particular like it's it's never

668

00:28:16,250 --> 00:28:13,320

been there's never been the answer for

669

00:28:18,230 --> 00:28:16,260

it and you know Lonnie uh went the rest

670

00:28:21,250 --> 00:28:18,240

of his life kind of regretting that it

671

00:28:24,350 --> 00:28:21,260

happened to him you know he was getting

672

00:28:27,890 --> 00:28:24,360

badgered you know uh people wanted to

673

00:28:30,830 --> 00:28:27,900

know we wanted to talk to him and uh uh

674

00:28:31,730 --> 00:28:30,840

I'm sure he wished he hadn't gone after

675

00:28:34,430 --> 00:28:31,740

that

676
00:28:35,930 --> 00:28:34,440
kid racing away away to begin with and

677
00:28:38,450 --> 00:28:35,940
his life would have been so much

678
00:28:41,570 --> 00:28:38,460
different but I don't think he ever

679
00:28:43,010 --> 00:28:41,580
appreciated the interesting sighting

680
00:28:45,049 --> 00:28:43,020
that he had you know I don't think that

681
00:28:46,669 --> 00:28:45,059
he was the type of person that would

682
00:28:48,669 --> 00:28:46,679
want to have a setting like that that's

683
00:28:52,130 --> 00:28:48,679
right yeah

684
00:28:54,049 --> 00:28:52,140
he said if I could do it all over God I

685
00:28:56,690 --> 00:28:54,059
wouldn't have said anything but that you

686
00:28:59,029 --> 00:28:56,700
know that's what also solidifies the him

687
00:29:01,850 --> 00:28:59,039
as a witness he was he had no reason to

688
00:29:04,730 --> 00:29:01,860

tell his story in the first place and he

689

00:29:06,649 --> 00:29:04,740

wasn't interested in UFOs and it really

690

00:29:10,130 --> 00:29:06,659

changed his life you know because we we

691

00:29:13,669 --> 00:29:10,140

talked to you know his daughter and

692

00:29:15,710 --> 00:29:13,679

friends of his and he never changed his

693

00:29:17,510 --> 00:29:15,720

story unlike some witnesses who

694

00:29:20,510 --> 00:29:17,520

embellish as things go on long story

695

00:29:21,950 --> 00:29:20,520

stays the same and you could tell and

696

00:29:25,130 --> 00:29:21,960

his family said he was never the same

697

00:29:26,630 --> 00:29:25,140

after this and all the evidence we

698

00:29:29,990 --> 00:29:26,640

looked into every possible explanation

699

00:29:31,490 --> 00:29:30,000

black project uh lunar lander or the

700

00:29:34,190 --> 00:29:31,500

lunar Landers thrown out there a lot

701
00:29:35,690 --> 00:29:34,200
even by us yes PhD scientists in New

702
00:29:38,510 --> 00:29:35,700
Mexico State I won't mention them either

703
00:29:40,310 --> 00:29:38,520
but if you do a little homework you'll

704
00:29:43,250 --> 00:29:40,320
find that the lunar lander didn't fly

705
00:29:45,769 --> 00:29:43,260
until about nine months later it flew on

706
00:29:47,570 --> 00:29:45,779
a tether uh the first three tests I

707
00:29:49,370 --> 00:29:47,580
think ended with the pilot ejecting

708
00:29:52,490 --> 00:29:49,380
before the thing blew up and fell on the

709
00:29:56,029 --> 00:29:52,500
ground and so right that it was 33 miles

710
00:30:00,230 --> 00:29:56,039
away from Holloman uh you know flying in

711
00:30:02,810 --> 00:30:00,240
Socorro with a helicopter holding to a

712
00:30:04,970 --> 00:30:02,820
cable that's just ludicrous but you know

713
00:30:06,590 --> 00:30:04,980

there's a guy out there with a big

714

00:30:08,810 --> 00:30:06,600

scientific background says there's a

715

00:30:12,169 --> 00:30:08,820

lunar lander so you know that's right

716

00:30:14,750 --> 00:30:12,179

let's talk about for the other people

717

00:30:16,610 --> 00:30:14,760

that are claiming the hoax and

718

00:30:18,830 --> 00:30:16,620

I believe it was Colgate do I have that

719

00:30:23,630 --> 00:30:21,350

yeah it was Colgate he was a professor

720

00:30:24,769 --> 00:30:23,640

yeah a nearby College any of these

721

00:30:28,430 --> 00:30:24,779

students and he claimed that the

722

00:30:31,850 --> 00:30:28,440

students during uh exam season were the

723

00:30:33,230 --> 00:30:31,860

ones perpetrating uh this hoax so that

724

00:30:35,269 --> 00:30:33,240

could have been further from the truth

725

00:30:38,029 --> 00:30:35,279

because all these students you know it

726

00:30:40,970 --> 00:30:38,039

wasn't uh it wasn't vacation time it was

727

00:30:43,190 --> 00:30:40,980

it was time to study and and do these

728

00:30:45,470 --> 00:30:43,200

tests so his uh that whole story fell

729

00:30:47,029 --> 00:30:45,480

apart very quickly and Ben even chased

730

00:30:50,090 --> 00:30:47,039

down some of the some of the people that

731

00:30:53,210 --> 00:30:50,100

were claiming uh this story and that one

732

00:30:55,789 --> 00:30:53,220

of them was ill in the hospital and

733

00:30:57,230 --> 00:30:55,799

dying and the other one just refused and

734

00:30:59,330 --> 00:30:57,240

he said it wasn't true I don't know why

735

00:31:02,210 --> 00:30:59,340

anyone's coming after me I never said it

736

00:31:04,549 --> 00:31:02,220

was true and this kind of thing yeah not

737

00:31:06,289 --> 00:31:04,559

the disparage cold cold day but you know

738

00:31:08,510 --> 00:31:06,299

doing a little homework on him he was

739

00:31:10,909 --> 00:31:08,520

the uh kind of like a party Professor I

740

00:31:12,710 --> 00:31:10,919

like to hang out and maybe smoke some

741

00:31:16,789 --> 00:31:12,720

doobies with the students and stuff but

742

00:31:18,830 --> 00:31:16,799

he I think he said this story and then

743

00:31:20,750 --> 00:31:18,840

was embarrassed that he had said it

744

00:31:23,149 --> 00:31:20,760

because he just kind of blurted out it

745

00:31:26,510 --> 00:31:23,159

was a student hoax and he said he said

746

00:31:30,529 --> 00:31:26,520

it was a candle and a bag or a candle

747

00:31:34,610 --> 00:31:30,539

you know the flame and um like a Chinese

748

00:31:36,110 --> 00:31:34,620

uh there was another guy later that I

749

00:31:39,049 --> 00:31:36,120

found a document from who's the

750

00:31:41,090 --> 00:31:39,059

president of the same College there who

751

00:31:43,070 --> 00:31:41,100

said he looked into it and that's that

752

00:31:45,230 --> 00:31:43,080

wasn't true at all and that Colgate was

753

00:31:47,870 --> 00:31:45,240

just trying to cover up something he

754

00:31:50,149 --> 00:31:47,880

said that he had no evidence for so the

755

00:31:52,789 --> 00:31:50,159

three students I actually found their

756

00:31:55,070 --> 00:31:52,799

names one of them as Tony said was sick

757

00:31:56,810 --> 00:31:55,080

and one of them finally communicated and

758

00:31:59,389 --> 00:31:56,820

said look I don't know why Colgate

759

00:32:01,789 --> 00:31:59,399

because he apparently gave up some names

760

00:32:03,529 --> 00:32:01,799

he said I don't know why Colgate threw

761

00:32:06,169 --> 00:32:03,539

me under the bus but you know we were in

762

00:32:08,029 --> 00:32:06,179

class we were having exams and if you

763

00:32:10,850 --> 00:32:08,039

look at the story there's no way a

764

00:32:12,529 --> 00:32:10,860

student could have lured Lonnie a

765

00:32:14,149 --> 00:32:12,539

quarter of a mile up a hill that took

766

00:32:17,570 --> 00:32:14,159

him three tries to get over into the

767

00:32:20,090 --> 00:32:17,580

desert to that specific spot to launch a

768

00:32:21,049 --> 00:32:20,100

candle and balloon or yeah it's just

769

00:32:23,269 --> 00:32:21,059

ridiculous

770

00:32:25,490 --> 00:32:23,279

so yeah I mean the only reason he turned

771

00:32:28,250 --> 00:32:25,500

up that way is because he saw the light

772

00:32:29,570 --> 00:32:28,260

right this guy hey Lonnie because of the

773

00:32:31,130 --> 00:32:29,580

nature of Lonnie I have a little chapter

774

00:32:32,930 --> 00:32:31,140

we have a whole chapter on that about

775

00:32:35,090 --> 00:32:32,940

the nature of Lonnie Zamora he was such

776

00:32:38,330 --> 00:32:35,100

he was a nice guy a caring guy uh

777

00:32:41,269 --> 00:32:38,340

officer a family man he thought some

778

00:32:43,130 --> 00:32:41,279

type of vehicle was in trouble so when

779

00:32:45,350 --> 00:32:43,140

he saw the blue flame crossing over the

780

00:32:47,450 --> 00:32:45,360

sky he was thinking okay that could be a

781

00:32:50,690 --> 00:32:47,460

plane crash and then when he first saw

782

00:32:52,610 --> 00:32:50,700

the craft which was white egg shape he

783

00:32:54,529 --> 00:32:52,620

thought it was an overturned vehicle or

784

00:32:58,070 --> 00:32:54,539

a camper or you know all the logical

785

00:32:59,810 --> 00:32:58,080

things you think of in 1964. but the

786

00:33:01,370 --> 00:32:59,820

fact that of his nature with a brand new

787

00:33:03,470 --> 00:33:01,380

police car that he went there he really

788

00:33:05,210 --> 00:33:03,480

thought somebody was in trouble and

789

00:33:07,190 --> 00:33:05,220

yeah that's just how that whole thing

790

00:33:09,169 --> 00:33:07,200

began it's just a lot of things had to

791

00:33:11,269 --> 00:33:09,179

come together for this whole thing to

792

00:33:13,250 --> 00:33:11,279

play out and then his encounter was like

793

00:33:14,990 --> 00:33:13,260

two minutes and 30 seconds we also found

794

00:33:18,169 --> 00:33:15,000

the dynamite shock where it was out

795

00:33:23,350 --> 00:33:18,179

there oh does that still exist or not on

796

00:33:31,070 --> 00:33:28,789

that was there yeah and I I had a

797

00:33:33,769 --> 00:33:31,080

sighting you know I Tony unfortunately

798

00:33:35,210 --> 00:33:33,779

didn't see it but we were there I

799

00:33:38,389 --> 00:33:35,220

thought it was the first or second time

800

00:33:41,389 --> 00:33:38,399

I swear to God Tony was where I think we

801
00:33:43,730 --> 00:33:41,399
were measuring the how far uh the

802
00:33:45,830 --> 00:33:43,740
creosite Bush was from where Lonnie saw

803
00:33:48,049 --> 00:33:45,840
the creatures but there was this thing

804
00:33:50,630 --> 00:33:48,059
that was about this pig

805
00:33:52,430 --> 00:33:50,640
it was shaped like a pick that this

806
00:33:54,590 --> 00:33:52,440
happened before those tastery revealing

807
00:33:55,970 --> 00:33:54,600
I think I called that but it just was

808
00:33:58,610 --> 00:33:55,980
zipping along the ground and came

809
00:34:01,009 --> 00:33:58,620
through the Aurora we were in at

810
00:34:02,750 --> 00:34:01,019
probably like 100 miles an hour and it

811
00:34:04,970 --> 00:34:02,760
was ground terrain so it was going up

812
00:34:07,130 --> 00:34:04,980
and just went off out of sight

813
00:34:11,030 --> 00:34:07,140

and like lightning is like do you see

814

00:34:14,349 --> 00:34:13,550

I was looking up at this guy yeah

815

00:34:18,349 --> 00:34:14,359

yeah

816

00:34:21,649 --> 00:34:18,359

no I know um you know there's that that

817

00:34:23,210 --> 00:34:21,659

area had been inspected by Rey you know

818

00:34:25,730 --> 00:34:23,220

Ray was there and

819

00:34:27,349 --> 00:34:25,740

you know the story about The Rock in the

820

00:34:29,510 --> 00:34:27,359

uh where the impression was and stuff

821

00:34:33,050 --> 00:34:29,520

like that that was always interesting

822

00:34:35,690 --> 00:34:33,060

but it's inconclusive because of uh the

823

00:34:37,730 --> 00:34:35,700

way it was handled unfortunately

824

00:34:39,470 --> 00:34:37,740

and that that would have been some

825

00:34:41,930 --> 00:34:39,480

pretty good trace evidence

826

00:34:44,690 --> 00:34:41,940

for sure I mean I don't know how that

827

00:34:46,369 --> 00:34:44,700

was missed by everyone I mean was it you

828

00:34:49,070 --> 00:34:46,379

know that's a strange thing that they

829

00:34:52,250 --> 00:34:49,080

didn't see it even see it

830

00:34:53,869 --> 00:34:52,260

and to me it follows the same lines of

831

00:34:57,890 --> 00:34:53,879

protocol that we hear about all the time

832

00:34:59,690 --> 00:34:57,900

uh it was handed off it disappeared but

833

00:35:02,109 --> 00:34:59,700

before it disappeared we got a report

834

00:35:05,270 --> 00:35:02,119

that corroborated it this kind of thing

835

00:35:07,970 --> 00:35:05,280

uh Ray still has The Rock and we think

836

00:35:10,190 --> 00:35:07,980

there is just enough left on there that

837

00:35:13,030 --> 00:35:10,200

with the right equipment perhaps it can

838

00:35:15,890 --> 00:35:13,040

get something off of it

839

00:35:17,990 --> 00:35:15,900

that's volcanic rock so it's got a lot

840

00:35:20,690 --> 00:35:18,000

of you know everything uranium and

841

00:35:23,810 --> 00:35:20,700

crystals and things but The Rock has

842

00:35:25,490 --> 00:35:23,820

this melted green smeared crystals and

843

00:35:28,790 --> 00:35:25,500

we're wondering you know if the blue

844

00:35:30,589 --> 00:35:28,800

flame played over it what could melt

845

00:35:32,870 --> 00:35:30,599

these crystals the way they they're

846

00:35:34,609 --> 00:35:32,880

melted and so there might still be

847

00:35:35,990 --> 00:35:34,619

something on that rock that a scientists

848

00:35:39,230 --> 00:35:36,000

could go hmm

849

00:35:40,550 --> 00:35:39,240

you know you you know as we always say

850

00:35:42,230 --> 00:35:40,560

if you give them the Rock and don't tell

851
00:35:44,390 --> 00:35:42,240
them what it is just tell me what you

852
00:35:46,790 --> 00:35:44,400
find I'll tell them it's the UFO's

853
00:35:49,310 --> 00:35:46,800
engine plate over it but if it has weird

854
00:35:50,990 --> 00:35:49,320
properties and you know things they can

855
00:35:52,370 --> 00:35:51,000
Discover it still might be some evidence

856
00:35:55,970 --> 00:35:52,380
for that event

857
00:35:57,710 --> 00:35:55,980
hmm that would be something else

858
00:35:59,930 --> 00:35:57,720
um so when

859
00:36:01,910 --> 00:35:59,940
you know a lot of a lot of people say

860
00:36:05,569 --> 00:36:01,920
they it always comes back to the same

861
00:36:07,730 --> 00:36:05,579
thing that this case's validity the

862
00:36:11,569 --> 00:36:07,740
biggest part of the validity is Ronnie

863
00:36:13,670 --> 00:36:11,579

alani's Samora himself you know because

864

00:36:15,530 --> 00:36:13,680

he was such a stand-up guy he had such a

865

00:36:18,710 --> 00:36:15,540

great reputation it was a no-nonsense

866

00:36:21,890 --> 00:36:18,720

type of guy and all that

867

00:36:25,370 --> 00:36:21,900

um do you know that if anyone had ever

868

00:36:27,349 --> 00:36:25,380

tried to talk him out of what he saw you

869

00:36:29,450 --> 00:36:27,359

know how I don't know if you heard of

870

00:36:32,450 --> 00:36:29,460

you know when it comes to Travis Walden

871

00:36:34,069 --> 00:36:32,460

and stuff like that the Philip Glass uh

872

00:36:36,770 --> 00:36:34,079

supposedly offered a check to one of the

873

00:36:38,630 --> 00:36:36,780

people there to say it was a hoax that

874

00:36:40,970 --> 00:36:38,640

type of thing when it's when the

875

00:36:42,530 --> 00:36:40,980

evidence is so compelling in a case like

876

00:36:44,990 --> 00:36:42,540

this you never know or something like

877

00:36:48,170 --> 00:36:45,000

that well let me tell you he was accused

878

00:36:49,270 --> 00:36:48,180

of of Faking it for tourism money which

879

00:36:53,150 --> 00:36:49,280

never

880

00:36:54,829 --> 00:36:53,160

listened yeah uh they uh they even made

881

00:36:58,990 --> 00:36:54,839

a fake site to keep people from coming

882

00:37:02,150 --> 00:36:59,000

to the real site and that's barely ever

883

00:37:04,609 --> 00:37:02,160

and only recently are they trying to put

884

00:37:05,990 --> 00:37:04,619

a mural up and I was blown away that

885

00:37:09,170 --> 00:37:06,000

they're using little green aliens

886

00:37:12,710 --> 00:37:09,180

holding AR-15s

887

00:37:14,030 --> 00:37:12,720

who thought of that yeah like just

888

00:37:16,190 --> 00:37:14,040

there's a lot you know I'll tell you

889

00:37:18,530 --> 00:37:16,200

what if they use the Ray's artwork and

890

00:37:21,290 --> 00:37:18,540

got permission to use it which depicts

891

00:37:22,730 --> 00:37:21,300

the what Lonnie Zamora saw in the Arroyo

892

00:37:25,430 --> 00:37:22,740

with the two little figures and all that

893

00:37:26,930 --> 00:37:25,440

it's a drawing it's in our book and uh

894

00:37:28,670 --> 00:37:26,940

that would be a great mural to have

895

00:37:30,650 --> 00:37:28,680

because it would represents what

896

00:37:35,690 --> 00:37:30,660

actually happened at least not green

897

00:37:37,550 --> 00:37:35,700

aliens with AR-15s that's crazy jeez wow

898

00:37:39,010 --> 00:37:37,560

yeah I don't think uh socorro's ever

899

00:37:43,430 --> 00:37:39,020

really become much of a tourist

900

00:37:45,650 --> 00:37:43,440

destination right to me Lonnie Lonnie

901
00:37:47,270 --> 00:37:45,660
Lonnie's life being ruined by it and

902
00:37:49,790 --> 00:37:47,280
being reluctant to ever talk about it

903
00:37:52,370 --> 00:37:49,800
says a lot yeah the thing is that he was

904
00:37:54,770 --> 00:37:52,380
contacted by you know Japan and because

905
00:37:56,690 --> 00:37:54,780
it's not in Japan for a long time Japan

906
00:37:59,329 --> 00:37:56,700
has you know sent people over here

907
00:38:01,310 --> 00:37:59,339
reporters and loves UFO stuff because a

908
00:38:03,290 --> 00:38:01,320
lot of this happens over there but he

909
00:38:05,690 --> 00:38:03,300
had so many opportunities to make money

910
00:38:08,030 --> 00:38:05,700
and be on TV and he turned them all down

911
00:38:10,069 --> 00:38:08,040
because he he said at one point I'm just

912
00:38:11,810 --> 00:38:10,079
sick of it I'm so tired tired of it I

913
00:38:13,250 --> 00:38:11,820

don't want to talk about it when we

914

00:38:15,470 --> 00:38:13,260

interviewed his friends his friends

915

00:38:17,150 --> 00:38:15,480

would say you never would bring the

916

00:38:19,670 --> 00:38:17,160

subject up they would just talk about

917

00:38:21,290 --> 00:38:19,680

regular stuff but if Lonnie wanted to

918

00:38:23,810 --> 00:38:21,300

talk about it then he'd bring it up and

919

00:38:25,849 --> 00:38:23,820

start talking about it you know when you

920

00:38:27,589 --> 00:38:25,859

say this that reminds me of Calvin

921

00:38:29,930 --> 00:38:27,599

Parker and Charlie Hixson where Hixson

922

00:38:32,270 --> 00:38:29,940

and talking about it Kyle did not want

923

00:38:33,589 --> 00:38:32,280

to talk about it so you can see how two

924

00:38:35,329 --> 00:38:33,599

people that experience the same thing

925

00:38:38,630 --> 00:38:35,339

one takes One Direction one takes the

926
00:38:40,609 --> 00:38:38,640
other exactly yeah that does happen so I

927
00:38:44,210 --> 00:38:40,619
I just want to uh I shouldn't really

928
00:38:47,630 --> 00:38:44,220
give this any any air time at all uh but

929
00:38:49,329 --> 00:38:47,640
uh there are uh you know this is in chat

930
00:38:52,310 --> 00:38:49,339
and causing

931
00:38:54,530 --> 00:38:52,320
it's actually you can hear Lonnie say he

932
00:38:56,390 --> 00:38:54,540
saw figures so go do your homework

933
00:38:58,430 --> 00:38:56,400
yeah there you go we have several

934
00:38:59,930 --> 00:38:58,440
interviews at the end he would say the

935
00:39:02,750 --> 00:38:59,940
creatures he would actually name those

936
00:39:05,750 --> 00:39:02,760
the creatures and we when we talked to

937
00:39:07,490 --> 00:39:05,760
his uh he thought there were children at

938
00:39:09,230 --> 00:39:07,500

right at first he thought they were

939

00:39:11,030 --> 00:39:09,240

children right we think he got a better

940

00:39:12,890 --> 00:39:11,040

look that he called him coveralls but we

941

00:39:14,810 --> 00:39:12,900

think he got a better look at him and it

942

00:39:17,690 --> 00:39:14,820

freaked him out because he did go to his

943

00:39:21,050 --> 00:39:17,700

uh priest and for like two two or three

944

00:39:22,609 --> 00:39:21,060

hours that night and had a long talk

945

00:39:25,250 --> 00:39:22,619

with them because we think he thought he

946

00:39:27,109 --> 00:39:25,260

saw demons as about Catholic but his

947

00:39:29,630 --> 00:39:27,119

priests we found out it told him he said

948

00:39:31,970 --> 00:39:29,640

Lonnie if you tell the story you can

949

00:39:34,370 --> 00:39:31,980

either stop talking about it or tell the

950

00:39:36,530 --> 00:39:34,380

truth and for his entire life Lonnie

951

00:39:38,450 --> 00:39:36,540

told the truth didn't embellish it

952

00:39:40,490 --> 00:39:38,460

didn't make money off of it hated that

953

00:39:43,190 --> 00:39:40,500

you know he would do he would stop doing

954

00:39:45,589 --> 00:39:43,200

interviews for 20 years and he did

955

00:39:48,230 --> 00:39:45,599

sightings I think UFO Hunters towards

956

00:39:50,210 --> 00:39:48,240

the end which a really good clip so you

957

00:39:52,690 --> 00:39:50,220

know if you do a little homework you'll

958

00:39:56,150 --> 00:39:52,700

see that he did talk about two figures

959

00:39:58,490 --> 00:39:56,160

that were standing on the craft and you

960

00:40:01,190 --> 00:39:58,500

know we're about four feet tall in white

961

00:40:02,450 --> 00:40:01,200

outfits but I think he saw something I

962

00:40:04,670 --> 00:40:02,460

think he saw something that told him

963

00:40:07,730 --> 00:40:04,680

they weren't human and that's why he was

964

00:40:09,410 --> 00:40:07,740

never the same after this

965

00:40:13,010 --> 00:40:09,420

well um

966

00:40:15,349 --> 00:40:13,020

yeah I mean it's uh it is it is a sad

967

00:40:16,970 --> 00:40:15,359

thing that he had to it was almost it

968

00:40:19,849 --> 00:40:16,980

was a burden to him this whole thing was

969

00:40:21,470 --> 00:40:19,859

a burden to him and the fact that you is

970

00:40:23,810 --> 00:40:21,480

a very good point he never made any

971

00:40:25,609 --> 00:40:23,820

money off this and that's where you know

972

00:40:27,770 --> 00:40:25,619

people would like to stand on their

973

00:40:29,089 --> 00:40:27,780

soapbox and say hey look you know he's

974

00:40:30,950 --> 00:40:29,099

doing this for the money but he never

975

00:40:32,569 --> 00:40:30,960

made a penny out of it right A lot of

976
00:40:34,550 --> 00:40:32,579
people don't realize that this wasn't a

977
00:40:37,910 --> 00:40:34,560
one-off event this was happening before

978
00:40:40,010 --> 00:40:37,920
and after this event and what is the

979
00:40:40,910 --> 00:40:40,020
most compelling sighting that people

980
00:40:45,589 --> 00:40:40,920
have

981
00:40:47,810 --> 00:40:45,599
about seeing a similar craft they

982
00:40:50,349 --> 00:40:47,820
weren't talked about much but a lot of

983
00:40:54,109 --> 00:40:50,359
the other police officers yeah yeah

984
00:40:57,530 --> 00:40:54,119
famous One La Madeira had the same uh

985
00:40:59,990 --> 00:40:57,540
same shape craft landed for

986
00:41:02,569 --> 00:41:00,000
um triangular marks same as Sequoia

987
00:41:04,970 --> 00:41:02,579
burnt in the center blue flame all the

988
00:41:07,310 --> 00:41:04,980

same information and then in two other

989

00:41:10,250 --> 00:41:07,320

cities uh I think three or four days

990

00:41:11,930 --> 00:41:10,260

before a little boy saw one and then a

991

00:41:13,430 --> 00:41:11,940

police officer was driving by I wonder

992

00:41:17,150 --> 00:41:13,440

why the boys standing the street looking

993

00:41:19,849 --> 00:41:17,160

up the sky he got out and he saw an egg

994

00:41:22,490 --> 00:41:19,859

white egg-shaped craft with a blue glow

995

00:41:25,130 --> 00:41:22,500

around it and broad daylight and there's

996

00:41:27,530 --> 00:41:25,140

like 25 articles and different

997

00:41:30,109 --> 00:41:27,540

newspapers like this of different events

998

00:41:32,630 --> 00:41:30,119

of an egg-shaped craft so you're talking

999

00:41:34,609 --> 00:41:32,640

about a flap really it also in France

1000

00:41:36,050 --> 00:41:34,619

you had the valence little case that was

1001

00:41:38,329 --> 00:41:36,060

very reminiscent because it had an

1002

00:41:39,589 --> 00:41:38,339

egg-shaped craft as well but it had a

1003

00:41:42,410 --> 00:41:39,599

separate

1004

00:41:44,329 --> 00:41:42,420

um tripod or Quad Pad that was beneath

1005

00:41:46,250 --> 00:41:44,339

it that didn't seem connected to the

1006

00:41:48,109 --> 00:41:46,260

craft and they it was it seemed to hover

1007

00:41:50,390 --> 00:41:48,119

above it and it moved up and then the

1008

00:41:52,970 --> 00:41:50,400

bottom came up after it which was kind

1009

00:41:56,390 --> 00:41:52,980

of weird almost like yeah that's like a

1010

00:41:59,210 --> 00:41:56,400

Lander of some kind similar to it you

1011

00:42:01,370 --> 00:41:59,220

know I mean it's opposite but still uh

1012

00:42:02,390 --> 00:42:01,380

yeah that's really interesting

1013

00:42:04,550 --> 00:42:02,400

um and

1014

00:42:06,829 --> 00:42:04,560

they really didn't you know besides the

1015

00:42:09,770 --> 00:42:06,839

Tic Tacs you didn't really hear much

1016

00:42:11,930 --> 00:42:09,780

about the egg shape Craft

1017

00:42:13,609 --> 00:42:11,940

um other than those those incidents

1018

00:42:16,310 --> 00:42:13,619

right

1019

00:42:18,170 --> 00:42:16,320

I mean there's a handful there's two

1020

00:42:19,730 --> 00:42:18,180

things that are strange is you don't get

1021

00:42:22,250 --> 00:42:19,740

a lot of egg-shaped graph and you get

1022

00:42:25,430 --> 00:42:22,260

very few symbols on UFOs and now you

1023

00:42:27,950 --> 00:42:25,440

have two one but you know I just think I

1024

00:42:29,630 --> 00:42:27,960

personally I think maybe there's

1025

00:42:31,730 --> 00:42:29,640

probably several civilizations looking

1026

00:42:33,829 --> 00:42:31,740

at us so they that's just what they had

1027

00:42:36,530 --> 00:42:33,839

at that time maybe they were passing

1028

00:42:38,270 --> 00:42:36,540

through this arm of the Galaxy and you

1029

00:42:40,190 --> 00:42:38,280

know that's the craft they take you know

1030

00:42:41,569 --> 00:42:40,200

come out of a smaller graph because I'm

1031

00:42:43,370 --> 00:42:41,579

of the uh we've talked about this

1032

00:42:45,710 --> 00:42:43,380

recently I'm of the impression that

1033

00:42:47,810 --> 00:42:45,720

these there's drones all over the place

1034

00:42:50,810 --> 00:42:47,820

that come from something bigger that's

1035

00:42:52,670 --> 00:42:50,820

monitoring us and probably the rest of

1036

00:42:55,910 --> 00:42:52,680

this and this this part of the Galaxy

1037

00:42:57,710 --> 00:42:55,920

but I think they're everywhere and a lot

1038

00:42:59,870 --> 00:42:57,720

you know maybe it's more than one

1039

00:43:03,050 --> 00:42:59,880

civilization that could sound crazy but

1040

00:43:05,329 --> 00:43:03,060

all the evidence is starting to a lot of

1041

00:43:08,690 --> 00:43:05,339

these videos seem to show and even the

1042

00:43:12,650 --> 00:43:08,700

government ones drones like round craft

1043

00:43:14,270 --> 00:43:12,660

you know the the um Tic Tacs the

1044

00:43:17,510 --> 00:43:14,280

performance capabilities

1045

00:43:19,069 --> 00:43:17,520

that's not China if it was China you

1046

00:43:20,170 --> 00:43:19,079

know we'd be speaking Chinese right now

1047

00:43:23,870 --> 00:43:20,180

so

1048

00:43:26,329 --> 00:43:23,880

clear out there

1049

00:43:30,130 --> 00:43:26,339

um this these are the this is a good

1050

00:43:33,650 --> 00:43:30,140

graphic I just found online of uh the

1051

00:43:35,270 --> 00:43:33,660

decoy one is this one it's clearly

1052

00:43:37,309 --> 00:43:35,280

marked right here I'll put this also in

1053

00:43:39,589 --> 00:43:37,319

the show notes for those of you that are

1054

00:43:42,050 --> 00:43:39,599

listening to just the audio

1055

00:43:44,750 --> 00:43:42,060

um so you see in all the the videos of

1056

00:43:47,990 --> 00:43:44,760

this throughout time the one that is the

1057

00:43:51,170 --> 00:43:48,000

decoy on uh the screen to the left and

1058

00:43:53,089 --> 00:43:51,180

then the genuine is the one that you uh

1059

00:43:55,309 --> 00:43:53,099

had come forward with and actually you

1060

00:43:57,829 --> 00:43:55,319

have hats made I have a hat and there's

1061

00:44:04,030 --> 00:43:57,839

also you can you can say it in Spanish

1062

00:44:04,040 --> 00:44:13,510

lineage there

1063

00:44:18,050 --> 00:44:16,130

and the thing about that is that in why

1064

00:44:19,490 --> 00:44:18,060

heinek put one line above and then two

1065

00:44:21,770 --> 00:44:19,500

in the middle it was just another

1066

00:44:23,690 --> 00:44:21,780

variation so it's either the three

1067

00:44:26,329 --> 00:44:23,700

across like that or you take one of them

1068

00:44:28,550 --> 00:44:26,339

and put it just above the point uh so

1069

00:44:31,010 --> 00:44:28,560

heinek was was proposing those the one

1070

00:44:31,910 --> 00:44:31,020

with the umbrella was the purely decoy

1071

00:44:37,490 --> 00:44:31,920

yeah

1072

00:44:39,950 --> 00:44:37,500

you know any handwriting expert has said

1073

00:44:41,690 --> 00:44:39,960

that whoever drew the symbol is not the

1074

00:44:43,730 --> 00:44:41,700

same person that signed it Lonnie's more

1075

00:44:47,349 --> 00:44:43,740

was told the scientists like signed for

1076

00:44:50,150 --> 00:44:47,359

God and Country you know Lonnie was a

1077

00:44:52,730 --> 00:44:50,160

was God in country so he would do what

1078

00:44:55,730 --> 00:44:52,740

they asked him and we think his partner

1079

00:44:57,349 --> 00:44:55,740

saw it um started in Chavez but he kept

1080

00:44:59,089 --> 00:44:57,359

thinking it was a black project and he

1081

00:45:01,010 --> 00:44:59,099

didn't want to say anything and he never

1082

00:45:03,490 --> 00:45:01,020

said anything because he didn't want to

1083

00:45:05,569 --> 00:45:03,500

get into trouble

1084

00:45:09,109 --> 00:45:05,579

so when

1085

00:45:11,750 --> 00:45:09,119

when this uh was uncovered that I mean

1086

00:45:13,670 --> 00:45:11,760

how long ago was this uncovered the

1087

00:45:15,890 --> 00:45:13,680

right type of symbol and and were there

1088

00:45:16,970 --> 00:45:15,900

any people that were claiming to see the

1089

00:45:19,190 --> 00:45:16,980

other one

1090

00:45:21,470 --> 00:45:19,200

you know the copycat type people

1091

00:45:23,089 --> 00:45:21,480

well I think Ray and Ray and Lonnie were

1092

00:45:25,730 --> 00:45:23,099

working on that original symbol right

1093

00:45:29,030 --> 00:45:25,740

from the beginning he arrived on Tuesday

1094

00:45:32,030 --> 00:45:29,040

the 26th that was when he met heineck

1095

00:45:33,470 --> 00:45:32,040

and uh and Lonnie at the site and right

1096

00:45:35,750 --> 00:45:33,480

away I think he was talking about the

1097

00:45:38,690 --> 00:45:35,760

symbol yeah what what happened was the

1098

00:45:40,130 --> 00:45:38,700

symbol came out the newspaper came out

1099

00:45:41,870 --> 00:45:40,140

every three years really fast yeah

1100

00:45:43,790 --> 00:45:41,880

before they could stop so before they

1101
00:45:46,069 --> 00:45:43,800
could get in and do all this symbol

1102
00:45:48,710 --> 00:45:46,079
changing stuff the symbol was described

1103
00:45:51,710 --> 00:45:48,720
to several police officers it was drawn

1104
00:45:54,230 --> 00:45:51,720
in the paper on the craft that the guy

1105
00:45:55,370 --> 00:45:54,240
drew a hare Baca I think right drew a

1106
00:45:57,109 --> 00:45:55,380
picture of the craft and put the

1107
00:45:59,030 --> 00:45:57,119
inverted V with three bars that the

1108
00:46:02,569 --> 00:45:59,040
government came and made him a race

1109
00:46:05,569 --> 00:46:02,579
later but uh it got out the early

1110
00:46:08,089 --> 00:46:05,579
reports are he saw an inverted V with

1111
00:46:11,329 --> 00:46:08,099
three bars and later that became the

1112
00:46:13,130 --> 00:46:11,339
umbrella assemble which was a decoy to

1113
00:46:16,370 --> 00:46:13,140

see the line about it

1114

00:46:20,210 --> 00:46:16,380

so this happened on the 24th of April

1115

00:46:22,010 --> 00:46:20,220

64. and heinek was there and did you say

1116

00:46:25,849 --> 00:46:22,020

Ray was there also in the just two days

1117

00:46:27,710 --> 00:46:25,859

later invited yeah wow I didn't realize

1118

00:46:30,410 --> 00:46:27,720

it was that over there Dre was living in

1119

00:46:31,670 --> 00:46:30,420

Texas and he drove straight over there

1120

00:46:33,109 --> 00:46:31,680

yeah

1121

00:46:35,030 --> 00:46:33,119

wow

1122

00:46:38,750 --> 00:46:35,040

um I can't remember when speaking to Ray

1123

00:46:41,270 --> 00:46:38,760

if he was able to talk to Lonnie several

1124

00:46:43,790 --> 00:46:41,280

times about this or was he able to

1125

00:46:45,530 --> 00:46:43,800

interview him at all yeah I think the

1126

00:46:47,270 --> 00:46:45,540

one of the most uh impressive things

1127

00:46:49,849 --> 00:46:47,280

that I heard him say about it when he

1128

00:46:52,010 --> 00:46:49,859

spoke to Lonnie Lonnie's daughter was

1129

00:46:54,770 --> 00:46:52,020

was looking to uh

1130

00:46:56,930 --> 00:46:54,780

to read about the story and Lonnie had

1131

00:46:58,609 --> 00:46:56,940

pointed to Rey's book and he said that's

1132

00:47:00,230 --> 00:46:58,619

the one that got it right because there

1133

00:47:01,450 --> 00:47:00,240

are a lot of books written about this

1134

00:47:03,890 --> 00:47:01,460

case

1135

00:47:07,730 --> 00:47:03,900

and so he instructed his daughter to

1136

00:47:11,510 --> 00:47:07,740

read uh Ray Stanford's book yeah Socorro

1137

00:47:12,530 --> 00:47:11,520

sauce were interviewing him when uh I

1138

00:47:15,349 --> 00:47:12,540

think they were kind of getting into

1139

00:47:17,870 --> 00:47:15,359

some good stuff when uh somebody came

1140

00:47:19,490 --> 00:47:17,880

and said that Air Force wants to talk to

1141

00:47:22,190 --> 00:47:19,500

you now or Blue Book wants to talk to

1142

00:47:23,809 --> 00:47:22,200

you now and then he went to that meeting

1143

00:47:26,050 --> 00:47:23,819

then he came out he's like I can't talk

1144

00:47:28,609 --> 00:47:26,060

about anything

1145

00:47:31,670 --> 00:47:28,619

when Ray was there but he talked to

1146

00:47:33,349 --> 00:47:31,680

other officers who said look other

1147

00:47:35,750 --> 00:47:33,359

people were seeing this craft we know

1148

00:47:37,370 --> 00:47:35,760

what Lonnie said We Believe Lonnie we're

1149

00:47:38,569 --> 00:47:37,380

not going to tell anybody if we saw it

1150

00:47:39,589 --> 00:47:38,579

because of the way Lonnie's being

1151

00:47:41,089 --> 00:47:39,599

treated

1152

00:47:43,430 --> 00:47:41,099

hmm

1153

00:47:45,770 --> 00:47:43,440

now that's it's you said you mentioned

1154

00:47:47,569 --> 00:47:45,780

the word flapper one of you did and

1155

00:47:49,670 --> 00:47:47,579

that's kind of what it sounds like you

1156

00:47:52,010 --> 00:47:49,680

know like this was all happening you

1157

00:47:54,650 --> 00:47:52,020

know there at that time and it's a

1158

00:47:56,870 --> 00:47:54,660

strange I've always had

1159

00:48:00,109 --> 00:47:56,880

a thought about a situation like this

1160

00:48:02,450 --> 00:48:00,119

that it's a very strange thing flaps are

1161

00:48:04,609 --> 00:48:02,460

very strange things to begin with but

1162

00:48:06,829 --> 00:48:04,619

like when a certain type of craft is in

1163

00:48:09,290 --> 00:48:06,839

an area and then you keep it's still in

1164

00:48:11,569 --> 00:48:09,300

the area it's still in the area

1165

00:48:14,150 --> 00:48:11,579

um it really makes you wonder

1166

00:48:17,450 --> 00:48:14,160

why you know if they could get wherever

1167

00:48:19,809 --> 00:48:17,460

they are from to hear why would they

1168

00:48:23,990 --> 00:48:19,819

focus on an area

1169

00:48:25,370 --> 00:48:24,000

between 73 and 75 we had a flap and

1170

00:48:27,950 --> 00:48:25,380

they're some of the most interesting

1171

00:48:30,710 --> 00:48:27,960

cases I ever heard of where UFO

1172

00:48:32,809 --> 00:48:30,720

following people home uh they would try

1173

00:48:35,690 --> 00:48:32,819

to mimic the sound of lawnmowers and

1174

00:48:38,690 --> 00:48:35,700

weird things like that and

1175

00:48:41,809 --> 00:48:38,700

lawnmowers

1176

00:48:44,089 --> 00:48:41,819

well as it seems to conform to wherever

1177

00:48:46,970 --> 00:48:44,099

the technology is you had the old Top

1178

00:48:49,370 --> 00:48:46,980

Hat shape back in the day and I don't

1179

00:48:52,430 --> 00:48:49,380

know I think these things can morph it's

1180

00:48:55,550 --> 00:48:52,440

uh you know for all we know there's a

1181

00:48:58,010 --> 00:48:55,560

big craft that can manufacture any shape

1182

00:49:00,950 --> 00:48:58,020

or change any shape just depending on

1183

00:49:03,650 --> 00:49:00,960

where they send it but uh you know the

1184

00:49:04,910 --> 00:49:03,660

the various shapes tell you that it

1185

00:49:06,650 --> 00:49:04,920

doesn't matter what they're shaped like

1186

00:49:08,809 --> 00:49:06,660

they fly on a completely different

1187

00:49:10,910 --> 00:49:08,819

principle and the size of them are so

1188

00:49:13,010 --> 00:49:10,920

small that they must be packed with

1189

00:49:15,050 --> 00:49:13,020

technology Gathering all kinds of data

1190

00:49:16,490 --> 00:49:15,060

but you know they're maybe the size of a

1191

00:49:18,410 --> 00:49:16,500

football or something that's just

1192

00:49:21,050 --> 00:49:18,420

amazing

1193

00:49:23,270 --> 00:49:21,060

yeah it really it really is and you know

1194

00:49:24,589 --> 00:49:23,280

people have said and I'm sure you've

1195

00:49:25,970 --> 00:49:24,599

heard this but people have said that

1196

00:49:27,829 --> 00:49:25,980

they've seen it

1197

00:49:31,569 --> 00:49:27,839

you know I guess you call it shape shift

1198

00:49:34,130 --> 00:49:31,579

they've seen things change shapes

1199

00:49:35,930 --> 00:49:34,140

and uh yeah I mean the whole thing about

1200

00:49:37,430 --> 00:49:35,940

them you know the way they vanish

1201

00:49:39,710 --> 00:49:37,440

they're not always taking off at the

1202

00:49:41,329 --> 00:49:39,720

advantage that's it always you know it's

1203

00:49:44,450 --> 00:49:41,339

always an open question to where are

1204

00:49:47,930 --> 00:49:44,460

these things coming from is it another

1205

00:49:50,510 --> 00:49:47,940

planet is in another dimension you know

1206

00:49:53,510 --> 00:49:50,520

it's it's really bizarre it's what keeps

1207

00:49:56,150 --> 00:49:53,520

me going is this great mystery we've got

1208

00:49:58,670 --> 00:49:56,160

about uh four minutes left and so your

1209

00:50:01,069 --> 00:49:58,680

book is available on Amazon

1210

00:50:03,530 --> 00:50:01,079

um I have the Kindle version Linked In

1211

00:50:06,470 --> 00:50:03,540

the show notes and and uh and the

1212

00:50:08,569 --> 00:50:06,480

YouTube text as well but other some

1213

00:50:11,150 --> 00:50:08,579

other Adventures you two are thinking

1214

00:50:14,750 --> 00:50:11,160

about collaborating on uh together

1215

00:50:17,569 --> 00:50:14,760

whether it's uh uh books or I know you

1216

00:50:22,250 --> 00:50:17,579

you have done you both were on uh was it

1217

00:50:24,050 --> 00:50:22,260

Hangar One is that yeah yeah me too do

1218

00:50:25,849 --> 00:50:24,060

you have anything going on uh in the

1219

00:50:27,530 --> 00:50:25,859

future that you know of we'll be

1220

00:50:30,770 --> 00:50:27,540

speaking of mysteries of space in the

1221

00:50:34,609 --> 00:50:30,780

sky doing a new a new presentation on

1222

00:50:37,130 --> 00:50:34,619

exotic propulsion and fast walkers oh

1223

00:50:40,069 --> 00:50:37,140

excellent and we'll soon be working on

1224

00:50:43,490 --> 00:50:40,079

some another new um presentation about

1225

00:50:44,450 --> 00:50:43,500

uh pilots from White Sands that saw

1226

00:50:47,569 --> 00:50:44,460

things

1227

00:50:49,910 --> 00:50:47,579

oh this is is this going way back

1228

00:50:52,130 --> 00:50:49,920

historically or what is that yes it's

1229

00:50:55,309 --> 00:50:52,140

gonna hopefully correlate with uh

1230

00:50:58,370 --> 00:50:55,319

Socorro and many other some real data

1231

00:51:00,890 --> 00:50:58,380

that's kind of not been out

1232

00:51:04,970 --> 00:51:00,900

that should be fascinating that's great

1233

00:51:06,770 --> 00:51:04,980

so how can uh can someone reach you you

1234

00:51:09,109 --> 00:51:06,780

said you're the UFO guys did I hear you

1235

00:51:11,390 --> 00:51:09,119

say that on Facebook definitely yeah our

1236

00:51:13,730 --> 00:51:11,400

book is called not of this world

1237

00:51:17,809 --> 00:51:13,740

um uh it's a long time now that this

1238

00:51:20,450 --> 00:51:17,819

world the 1964 Sakura UFO landing with

1239

00:51:23,270 --> 00:51:20,460

humanoids but um typing out of this

1240

00:51:25,309 --> 00:51:23,280

world and get there but and we can in

1241

00:51:27,650 --> 00:51:25,319

the United States have signed copies we

1242

00:51:29,930 --> 00:51:27,660

can send out of hard copies you do have

1243

00:51:33,049 --> 00:51:29,940

hard copies yeah yeah I mean I only saw

1244

00:51:37,430 --> 00:51:33,059

it on Amazon and Kindle but you can buy

1245

00:51:39,530 --> 00:51:37,440

it in a in a hard copy book from me

1246

00:51:41,030 --> 00:51:39,540

directly you have an email that you want

1247

00:51:43,609 --> 00:51:41,040

to know I just got it it's just a

1248

00:51:44,930 --> 00:51:43,619

Facebook page yeah over the UFO guys

1249

00:51:47,390 --> 00:51:44,940

yeah Facebook

1250

00:51:49,730 --> 00:51:47,400

excellent Facebook also so you can send

1251

00:51:51,349 --> 00:51:49,740

me a you know message on Facebook but uh

1252

00:51:53,450 --> 00:51:51,359

yeah I'm happy that you know we've

1253

00:51:55,790 --> 00:51:53,460

debated a lot of people about

1254

00:51:57,049 --> 00:51:55,800

the hoaxes and the people and this whole

1255

00:51:59,270 --> 00:51:57,059

case so

1256

00:52:01,250 --> 00:51:59,280

anybody disagrees just do a little

1257

00:52:02,329 --> 00:52:01,260

reading you know come to the table with

1258

00:52:04,069 --> 00:52:02,339

some knowledge

1259

00:52:06,410 --> 00:52:04,079

yeah yeah

1260

00:52:08,270 --> 00:52:06,420

well that's that's true I mean if you

1261

00:52:10,609 --> 00:52:08,280

really look deeply into it you know that

1262

00:52:12,829 --> 00:52:10,619

is that is the problem though and you

1263

00:52:15,589 --> 00:52:12,839

mentioned it earlier is you know when a

1264

00:52:17,690 --> 00:52:15,599

when a debunking is out there

1265

00:52:19,549 --> 00:52:17,700

um when people see it in print or see it

1266

00:52:21,290 --> 00:52:19,559

however they see it

1267

00:52:23,450 --> 00:52:21,300

um you know they they just take for

1268

00:52:24,650 --> 00:52:23,460

granted that that must be true you know

1269

00:52:27,170 --> 00:52:24,660

I mean that's

1270

00:52:29,510 --> 00:52:27,180

that's the problem with uh with hoaxes

1271

00:52:31,609 --> 00:52:29,520

too people can see a hoax and think it's

1272

00:52:33,710 --> 00:52:31,619

true because it's in it's in print

1273

00:52:35,270 --> 00:52:33,720

somewhere you know I mean but anyway

1274

00:52:37,609 --> 00:52:35,280

yeah all you have to do is be a good

1275

00:52:39,710 --> 00:52:37,619

investigator and keep looking right yeah

1276

00:52:41,450 --> 00:52:39,720

yes like we said in the book it's like

1277

00:52:44,150 --> 00:52:41,460

trying to solve a murder investigation

1278

00:52:47,329 --> 00:52:44,160

without going to the site of the murder

1279

00:52:48,890 --> 00:52:47,339

yeah yeah excellent all right guys well
