

GARY JONES

#557

1
00:00:01,260 --> 00:00:07,550
foreign

2
00:00:39,229 --> 00:00:25,030
[Music]

3
00:00:57,360 --> 00:00:41,110
foreign

4
00:00:57,370 --> 00:01:02,229
[Music]

5
00:01:07,370 --> 00:01:04,609
hello and welcome to the show I'm Martin

6
00:01:09,289 --> 00:01:07,380
Willis your host we have a great show

7
00:01:14,510 --> 00:01:09,299
for you this evening it's about a really

8
00:01:16,690 --> 00:01:14,520
interesting sighting in uh Danby uh UK

9
00:01:20,090 --> 00:01:16,700
that happened back I think was January

10
00:01:23,510 --> 00:01:20,100
3rd 2012. I do believe there's a lot

11
00:01:26,570 --> 00:01:23,520
lots of witnesses and so we have Gary

12
00:01:30,050 --> 00:01:26,580
Jones on for that and he's coming right

13
00:01:33,770 --> 00:01:30,060

up as our guest tonight uh this week in

14

00:01:36,469 --> 00:01:33,780

our blog from Charles Lear is to you two

15

00:01:38,230 --> 00:01:36,479

UFO occupant cases from France one

16

00:01:41,330 --> 00:01:38,240

happened in 1973

17

00:01:44,630 --> 00:01:41,340

1974 where they had they called it the

18

00:01:46,789 --> 00:01:44,640

year of uh humanoids and France uh

19

00:01:49,490 --> 00:01:46,799

Charles Lear does the blogs and audio

20

00:01:52,130 --> 00:01:49,500

blogs he's also the author of The Flying

21

00:01:54,950 --> 00:01:52,140

Saucer investigators you can see that on

22

00:01:56,030 --> 00:01:54,960

Amazon and our guest this evening also

23

00:01:58,190 --> 00:01:56,040

has a book we're going to be talking

24

00:02:00,710 --> 00:01:58,200

about that he wrote a book and he also

25

00:02:02,810 --> 00:02:00,720

has a documentary on the sighting and

26

00:02:14,420 --> 00:02:02,820

I'm going to play a clip from that just

27

00:02:18,290 --> 00:02:16,490

[Music]

28

00:02:19,790 --> 00:02:18,300

well just like that here we are Gary

29

00:02:21,650 --> 00:02:19,800

height

30

00:02:23,089 --> 00:02:21,660

welcome

31

00:02:25,250 --> 00:02:23,099

hi how you doing

32

00:02:27,410 --> 00:02:25,260

I'm doing great thanks for being on the

33

00:02:29,330 --> 00:02:27,420

show I realize that it's uh after

34

00:02:31,190 --> 00:02:29,340

midnight and we're going to be hanging

35

00:02:33,170 --> 00:02:31,200

out

36

00:02:36,650 --> 00:02:33,180

remember that song does anyone know that

37

00:02:38,690 --> 00:02:36,660

song uh dating myself no after midnight

38

00:02:40,790 --> 00:02:38,700

we're gonna hang out and on that song Oh

39

00:02:43,550 --> 00:02:40,800

anyway uh

40

00:02:46,490 --> 00:02:43,560

so welcome and I'm glad you're stayed up

41

00:02:49,369 --> 00:02:46,500

for us and I would like to find out who

42

00:02:51,229 --> 00:02:49,379

Gary Jones is first if you would tell us

43

00:02:53,150 --> 00:02:51,239

how you got interested in the topic of

44

00:02:55,369 --> 00:02:53,160

UFOs

45

00:02:56,630 --> 00:02:55,379

uh well I've always had an interest in

46

00:02:59,210 --> 00:02:56,640

it

47

00:03:02,030 --> 00:02:59,220

um I kind of felt in a way this

48

00:03:04,670 --> 00:03:02,040

subject kind of um shows me in a way

49

00:03:06,410 --> 00:03:04,680

I'll just explain why I had a first

50

00:03:09,170 --> 00:03:06,420

sight when I was seven years old it was

51
00:03:10,790 --> 00:03:09,180
a clear UFO something oval shaped my

52
00:03:12,470 --> 00:03:10,800
friends and I saw it

53
00:03:14,149 --> 00:03:12,480
for like three minutes it was there and

54
00:03:16,070 --> 00:03:14,159
then it wasn't it just disappeared I

55
00:03:17,089 --> 00:03:16,080
don't know like it disappeared in the

56
00:03:19,130 --> 00:03:17,099
thin air

57
00:03:20,750 --> 00:03:19,140
I could describe it a little bit it had

58
00:03:23,470 --> 00:03:20,760
these like strange yellow red orange

59
00:03:26,750 --> 00:03:23,480
lights and it just moved like the like a

60
00:03:28,790 --> 00:03:26,760
lava lamp in ways but it glowed very

61
00:03:30,770 --> 00:03:28,800
unusually and

62
00:03:32,930 --> 00:03:30,780
um from then I knew these things were

63
00:03:34,790 --> 00:03:32,940

real and I just from there developed

64

00:03:36,910 --> 00:03:34,800

more of an interest as time went on I

65

00:03:39,290 --> 00:03:36,920

watched documentaries and shows

66

00:03:41,210 --> 00:03:39,300

newspapers and then into books and then

67

00:03:43,670 --> 00:03:41,220

into documentaries and then now of

68

00:03:45,470 --> 00:03:43,680

course I've been involved in a lot of

69

00:03:47,210 --> 00:03:45,480

research and I just decided at some

70

00:03:50,690 --> 00:03:47,220

point I'm going to investigate it and

71

00:03:52,550 --> 00:03:50,700

here we are now your friends uh are they

72

00:03:53,869 --> 00:03:52,560

aware that you've gone this far with the

73

00:03:56,110 --> 00:03:53,879

topic

74

00:03:58,789 --> 00:03:56,120

some of them friends yeah

75

00:04:01,369 --> 00:03:58,799

and do you ever talk to them about that

76

00:04:03,470 --> 00:04:01,379

was it a nighttime or daytime site

77

00:04:07,009 --> 00:04:03,480

uh well the one from when I was seven

78

00:04:10,369 --> 00:04:08,809

uh I don't really get much of a chance

79

00:04:12,470 --> 00:04:10,379

to bring it up actually not many people

80

00:04:13,610 --> 00:04:12,480

are interested in uh my own sightings

81

00:04:15,350 --> 00:04:13,620

they're more interested in the work that

82

00:04:17,210 --> 00:04:15,360

I do but

83

00:04:20,270 --> 00:04:17,220

um no I mean I always bring it up when

84

00:04:23,450 --> 00:04:20,280

I'm asked you know I said look it was it

85

00:04:24,710 --> 00:04:23,460

was most unusual it it glowed it hovered

86

00:04:26,210 --> 00:04:24,720

silently it kind of moved like it was

87

00:04:28,969 --> 00:04:26,220

like floating on water you know like a

88

00:04:31,129 --> 00:04:28,979

calm sort of water like that and I just

89

00:04:32,390 --> 00:04:31,139

remember the lights I know all the

90

00:04:34,430 --> 00:04:32,400

lights when they moved it was very

91

00:04:37,249 --> 00:04:34,440

hypnotic in ways it had like a bluish

92

00:04:40,070 --> 00:04:37,259

Hue like a plasma I don't know very

93

00:04:42,469 --> 00:04:40,080

brightish blue kind of look to it and

94

00:04:44,510 --> 00:04:42,479

but in the center it was like I had a

95

00:04:46,730 --> 00:04:44,520

story printed in the Daily Star

96

00:04:48,530 --> 00:04:46,740

newspaper but they didn't really get the

97

00:04:50,629 --> 00:04:48,540

details right but how it moved it's like

98

00:04:52,370 --> 00:04:50,639

it would go from left to right

99

00:04:53,870 --> 00:04:52,380

and I often remember it like the Knight

100

00:04:55,670 --> 00:04:53,880

Rider car you know remember the old

101

00:04:56,930 --> 00:04:55,680

flashing red light oh yeah

102

00:04:58,909 --> 00:04:56,940

um you know you see the bright bit and

103

00:05:00,950 --> 00:04:58,919

then the little feedy bits after it but

104

00:05:04,909 --> 00:05:00,960

this would go from red to orange to

105

00:05:07,010 --> 00:05:04,919

yellowish kind of color like this and um

106

00:05:08,210 --> 00:05:07,020

yeah I I must have stayed I mean my

107

00:05:09,710 --> 00:05:08,220

friends must have looked at it I think

108

00:05:12,110 --> 00:05:09,720

one of my friends even jokingly said it

109

00:05:14,030 --> 00:05:12,120

was a UFO but we're seven years old what

110

00:05:15,290 --> 00:05:14,040

the hell do I know what UFO means I just

111

00:05:17,990 --> 00:05:15,300

thought it meant you can't identify

112

00:05:19,490 --> 00:05:18,000

something so it must be a normal thing

113

00:05:21,350 --> 00:05:19,500

never realized I was looking at

114

00:05:23,689 --> 00:05:21,360

something quite impressive like that but

115

00:05:25,310 --> 00:05:23,699

I think I turned my head away a couple

116

00:05:27,230 --> 00:05:25,320

of seconds I looked back and it was gone

117

00:05:29,090 --> 00:05:27,240

I mean I don't know where it went

118

00:05:30,830 --> 00:05:29,100

yeah if it was a helicopter or a plane

119

00:05:33,050 --> 00:05:30,840

it would have needed at least about 45

120

00:05:35,090 --> 00:05:33,060

seconds to get from the nemus you know

121

00:05:36,650 --> 00:05:35,100

to get over the nearest Horizon away

122

00:05:39,710 --> 00:05:36,660

from me but it was gone in like a matter

123

00:05:40,969 --> 00:05:39,720

of seconds so yeah it's very strange no

124

00:05:43,490 --> 00:05:40,979

sound either

125

00:05:45,770 --> 00:05:43,500

yeah that's uh when I had my sighting

126
00:05:47,810 --> 00:05:45,780
which doesn't sound anywhere near as

127
00:05:49,909 --> 00:05:47,820
spectacular as that but when I had my

128
00:05:52,490 --> 00:05:49,919
sighting uh that was the thing that

129
00:05:54,050 --> 00:05:52,500
freaked me out the most the no sound

130
00:05:56,810 --> 00:05:54,060
thing I was thinking how does this thing

131
00:05:59,390 --> 00:05:56,820
move and stop and move and it might not

132
00:06:00,650 --> 00:05:59,400
make any noise at all the second one I

133
00:06:02,990 --> 00:06:00,660
had if you just want to hear it quickly

134
00:06:04,790 --> 00:06:03,000
oh yeah it's like one of these large

135
00:06:06,710 --> 00:06:04,800
actually I would say after that site and

136
00:06:09,710 --> 00:06:06,720
I kind of really started to get into the

137
00:06:12,650 --> 00:06:11,029
um you may even say it was like a

138
00:06:15,170 --> 00:06:12,660

trigger event I don't know but it

139

00:06:18,110 --> 00:06:15,180
started from there more or less

140

00:06:20,570 --> 00:06:18,120
um the real in-depth research anyway but

141

00:06:22,249 --> 00:06:20,580
I was I was coming home from work one

142

00:06:23,330 --> 00:06:22,259
day it was just after the New Year's Eve

143

00:06:26,090 --> 00:06:23,340
you know the New Year's Eve Christmas

144

00:06:28,129 --> 00:06:26,100
fashion everything so the January sales

145

00:06:30,230 --> 00:06:28,139
are on it's the last bus home I'm

146

00:06:32,390 --> 00:06:30,240
walking down some road to the back uh

147

00:06:34,189 --> 00:06:32,400
the back hill of uh where I live

148

00:06:35,629 --> 00:06:34,199
there was a young lady behind me she was

149

00:06:37,309 --> 00:06:35,639
just going up to a place I was just

150

00:06:39,170 --> 00:06:37,319
going to my place and as we sort of like

151
00:06:41,029 --> 00:06:39,180
got off the bus it's gonna be more than

152
00:06:41,749 --> 00:06:41,039
15 20 seconds I got off it and then look

153
00:06:43,850 --> 00:06:41,759
up

154
00:06:45,129 --> 00:06:43,860
uh it was very cloudy you know like very

155
00:06:47,570 --> 00:06:45,139
low cloud

156
00:06:49,010 --> 00:06:47,580
it's only like a few thousand it's just

157
00:06:51,110 --> 00:06:49,020
barely coming over the mountains you

158
00:06:52,249 --> 00:06:51,120
know so and here in Wales we have a lot

159
00:06:54,170 --> 00:06:52,259
of Hill you know a lot of hills and

160
00:06:56,210 --> 00:06:54,180
mountains like just barely coming over

161
00:06:57,529 --> 00:06:56,220
that but this thing came below the

162
00:07:00,230 --> 00:06:57,539
clouds

163
00:07:01,550 --> 00:07:00,240

and it was huge I mean it filled my you

164

00:07:02,930 --> 00:07:01,560

know my vision from you know what you

165

00:07:05,450 --> 00:07:02,940

call the peripheral vision from your

166

00:07:07,129 --> 00:07:05,460

from end to end and it just had that

167

00:07:08,749 --> 00:07:07,139

sort of like if I describe the shape

168

00:07:10,670 --> 00:07:08,759

like that you know these like really

169

00:07:12,830 --> 00:07:10,680

brownish lights in them

170

00:07:15,890 --> 00:07:12,840

and uh silence

171

00:07:18,170 --> 00:07:15,900

very quick you know I could kind of move

172

00:07:20,210 --> 00:07:18,180

very fast like a fast jet but you know

173

00:07:22,430 --> 00:07:20,220

we both looked at it and I mean

174

00:07:25,189 --> 00:07:22,440

it was like and then it disappeared

175

00:07:27,409 --> 00:07:25,199

again and we're just like

176

00:07:29,210 --> 00:07:27,419

what was that

177

00:07:32,210 --> 00:07:29,220

didn't make any noise you didn't rumble

178

00:07:34,309 --> 00:07:32,220

or you know make the sky you know sort

179

00:07:35,930 --> 00:07:34,319

of despite it even went up above the

180

00:07:38,150 --> 00:07:35,940

cloud it didn't seem to make the clouds

181

00:07:40,969 --> 00:07:38,160

move that much either it was very very

182

00:07:42,950 --> 00:07:40,979

strange yeah that's one thing they seem

183

00:07:45,830 --> 00:07:42,960

to all have in common strange I'm going

184

00:07:48,770 --> 00:07:45,840

to show a quick video of what I thought

185

00:07:49,969 --> 00:07:48,780

I was seeing UFO but I it's explainable

186

00:07:52,610 --> 00:07:49,979

but I'm going to show it right here now

187

00:07:59,570 --> 00:07:52,620

it's it's not that it's just a few uh

188

00:08:06,050 --> 00:08:02,210

I think I can talk now so I was in Miami

189

00:08:08,330 --> 00:08:06,060

and I was on a cruise ship and something

190

00:08:10,070 --> 00:08:08,340

caught my eye and I'm looking over and I

191

00:08:12,770 --> 00:08:10,080

was lucky enough to get my camera you

192

00:08:14,390 --> 00:08:12,780

know my phone out my camera and play

193

00:08:17,029 --> 00:08:14,400

this and I'm like looking at it it

194

00:08:18,589 --> 00:08:17,039

disappears and it comes back I'm saying

195

00:08:20,809 --> 00:08:18,599

you got to be kidding me I'm actually

196

00:08:22,430 --> 00:08:20,819

having UFO sighting

197

00:08:24,529 --> 00:08:22,440

and

198

00:08:27,950 --> 00:08:24,539

then

199

00:08:31,249 --> 00:08:27,960

uh it ended up being a banner being

200

00:08:33,949 --> 00:08:31,259

pulled by a plane a plane an advertising

201
00:08:37,969 --> 00:08:33,959
Banner it's just that it was turning and

202
00:08:39,829 --> 00:08:37,979
it was far away and as it got closer I

203
00:08:41,690 --> 00:08:39,839
mean you know I mean you first see that

204
00:08:43,490 --> 00:08:41,700
clip and you think wow that is really

205
00:08:46,370 --> 00:08:43,500
that's a UFO right there and it

206
00:08:48,530 --> 00:08:46,380
disappears and yeah but anyway it's

207
00:08:52,490 --> 00:08:48,540
unexplainable it's an ifo

208
00:08:53,750 --> 00:08:52,500
yeah but it but anyway my eye says I

209
00:08:55,310 --> 00:08:53,760
always say in the end of my shows Keep

210
00:08:57,470 --> 00:08:55,320
Your Eyes to the Sky my eyes are always

211
00:08:58,850 --> 00:08:57,480
to the sky I'm always looking yes I

212
00:09:02,389 --> 00:08:58,860
never know you never know what you're

213
00:09:03,949 --> 00:09:02,399

gonna see so this case in particular how

214

00:09:06,829 --> 00:09:03,959

did you first hear about it and how did

215

00:09:07,790 --> 00:09:06,839

you become the person to do all the work

216

00:09:11,210 --> 00:09:07,800

on it

217

00:09:12,769 --> 00:09:11,220

I sort of took it to the way it needed

218

00:09:15,650 --> 00:09:12,779

to go

219

00:09:18,710 --> 00:09:15,660

um well I'll just explain

220

00:09:21,170 --> 00:09:18,720

um I mean I came across this case I

221

00:09:23,750 --> 00:09:21,180

underst I came across it actually in

222

00:09:25,490 --> 00:09:23,760

late December 2017 because by that point

223

00:09:27,410 --> 00:09:25,500

I was working on another case the

224

00:09:29,690 --> 00:09:27,420

pantook incident which we can talk about

225

00:09:33,350 --> 00:09:29,700

some other time if you want

226

00:09:35,090 --> 00:09:33,360

um the I was looking for a lot of uh

227

00:09:37,490 --> 00:09:35,100

video evidence maybe someone had caught

228

00:09:39,110 --> 00:09:37,500

to that case you know but then I saw

229

00:09:41,449 --> 00:09:39,120

something up in North Wales and there it

230

00:09:44,329 --> 00:09:41,459

was right there you know some UFO caught

231

00:09:46,970 --> 00:09:44,339

on video in North Wales and okay this is

232

00:09:48,710 --> 00:09:46,980

that's really interesting and then a

233

00:09:51,230 --> 00:09:48,720

couple of months later I was up in North

234

00:09:53,150 --> 00:09:51,240

Wales visiting the family and they

235

00:09:55,130 --> 00:09:53,160

showed me the full video you know the

236

00:09:56,750 --> 00:09:55,140

real full video and I could tell

237

00:09:58,910 --> 00:09:56,760

straight away I said what you felt that

238

00:10:01,070 --> 00:09:58,920

at night and you know in the middle of a

239

00:10:02,690 --> 00:10:01,080

storm as well and I said has anybody

240

00:10:03,590 --> 00:10:02,700

ever done any investigative work on this

241

00:10:05,750 --> 00:10:03,600

and

242

00:10:07,430 --> 00:10:05,760

there was a preliminary investigation I

243

00:10:08,990 --> 00:10:07,440

call it done by a man named Peter Glenn

244

00:10:11,269 --> 00:10:09,000

he was like a local researcher at the

245

00:10:13,610 --> 00:10:11,279

time and he interviewed the family you

246

00:10:14,990 --> 00:10:13,620

know he went up to the tracks and after

247

00:10:16,250 --> 00:10:15,000

the Farmland to see if there was any

248

00:10:19,670 --> 00:10:16,260

human

249

00:10:21,050 --> 00:10:19,680

there that might explain it and he had a

250

00:10:22,790 --> 00:10:21,060

look around and he did some really you

251
00:10:25,370 --> 00:10:22,800
know good in that it's a little bit of

252
00:10:26,810 --> 00:10:25,380
analysis here and that excuse me

253
00:10:28,070 --> 00:10:26,820
and I thought well that's interesting

254
00:10:29,810 --> 00:10:28,080
you know you've got some real good stuff

255
00:10:31,730 --> 00:10:29,820
there but I could really think I would

256
00:10:33,290 --> 00:10:31,740
take this further you know I could do a

257
00:10:34,550 --> 00:10:33,300
sit down with all the family you know

258
00:10:37,130 --> 00:10:34,560
really walk the grounds and understand

259
00:10:38,570 --> 00:10:37,140
this look at all the radar returns of

260
00:10:41,150 --> 00:10:38,580
planes and you know get the video

261
00:10:43,070 --> 00:10:41,160
analyzed and you know really bring the

262
00:10:44,569 --> 00:10:43,080
the full details of this case out you

263
00:10:46,910 --> 00:10:44,579

know because I felt that that was a lot

264

00:10:49,069 --> 00:10:46,920

of stuff that wasn't you know

265

00:10:50,750 --> 00:10:49,079

I just knew this was a really solid case

266

00:10:52,670 --> 00:10:50,760

it just needed the details to be real

267

00:10:54,949 --> 00:10:52,680

but that's how I that's how I came to do

268

00:10:56,750 --> 00:10:54,959

it and uh of course you know um it all

269

00:11:00,110 --> 00:10:56,760

came together in the end with the book

270

00:11:02,210 --> 00:11:00,120

there which is on sale on Amazon now

271

00:11:03,710 --> 00:11:02,220

um and the reason you know the reason I

272

00:11:05,930 --> 00:11:03,720

call it a truthful argument for the

273

00:11:08,750 --> 00:11:05,940

existence of UFOs I mean

274

00:11:10,370 --> 00:11:08,760

for me it's not that I don't need

275

00:11:12,949 --> 00:11:10,380

convincing it's just if someone's

276

00:11:14,690 --> 00:11:12,959

looking for a case to convince them you

277

00:11:16,370 --> 00:11:14,700

know it's like oh yeah okay UFOs maybe

278

00:11:17,690 --> 00:11:16,380

real but show me one case that actually

279

00:11:19,730 --> 00:11:17,700

may

280

00:11:21,290 --> 00:11:19,740

offers some definitive evidence I would

281

00:11:23,210 --> 00:11:21,300

say that's the case right there

282

00:11:25,190 --> 00:11:23,220

because you've got video evidence for

283

00:11:26,569 --> 00:11:25,200

great Witnesses you know you've got a

284

00:11:30,470 --> 00:11:26,579

situation that can't be explained away

285

00:11:32,690 --> 00:11:30,480

as balloons or helicopters or planes or

286

00:11:35,090 --> 00:11:32,700

or any of the other usual things which I

287

00:11:38,210 --> 00:11:35,100

go into detail in the book you know so

288

00:11:39,710 --> 00:11:38,220

you have to conclude and that the expert

289

00:11:43,370 --> 00:11:39,720

independent analysis done by Jason

290

00:11:45,110 --> 00:11:43,380

gleaves now he's a former RAF man yes I

291

00:11:47,750 --> 00:11:45,120

know Jason yep yeah yeah you're very

292

00:11:49,250 --> 00:11:47,760

good he is he's very good does UF only

293

00:11:51,889 --> 00:11:49,260

um he he concluded that it was

294

00:11:54,350 --> 00:11:51,899

unexplained and you know

295

00:11:55,670 --> 00:11:54,360

once you've eliminated uh all the

296

00:11:57,829 --> 00:11:55,680

problem whatever remains must be the

297

00:12:00,350 --> 00:11:57,839

answer right no so isn't that the same

298

00:12:03,769 --> 00:12:00,360

well you know when you look at the the

299

00:12:05,690 --> 00:12:03,779

part where uh early on

300

00:12:07,850 --> 00:12:05,700

in that that clip that I showed earlier

301

00:12:10,790 --> 00:12:07,860

you look in that part and it's sort of

302

00:12:12,650 --> 00:12:10,800

you're doing a nice uh overlay of you

303

00:12:14,870 --> 00:12:12,660

know the night shot and then the day

304

00:12:17,269 --> 00:12:14,880

shot and back and forth and it looks

305

00:12:20,030 --> 00:12:17,279

like it's just like on a tree level like

306

00:12:24,590 --> 00:12:20,040

in a tree level and my my question has

307

00:12:27,350 --> 00:12:24,600

anyone gone to that site where this was

308

00:12:30,949 --> 00:12:27,360

and and look for any type of anything

309

00:12:33,410 --> 00:12:30,959

you know I mean you can see what it

310

00:12:35,750 --> 00:12:33,420

looks like it could be behind the trees

311

00:12:38,389 --> 00:12:35,760

or in the trees or just above three line

312

00:12:43,910 --> 00:12:38,399

did that yourself I've been there myself

313

00:12:45,590 --> 00:12:43,920

I went up there in uh was it late 2018.

314

00:12:47,449 --> 00:12:45,600

so it's a couple years after but like I

315

00:12:49,490 --> 00:12:47,459

said Peter Glenn

316

00:12:51,170 --> 00:12:49,500

the original local research he'd been up

317

00:12:53,210 --> 00:12:51,180

there himself but this is just a few

318

00:12:55,490 --> 00:12:53,220

days or a week or so after the event to

319

00:12:56,870 --> 00:12:55,500

see there was any signs of UFO or any

320

00:12:57,949 --> 00:12:56,880

sort of you know human activity because

321

00:12:59,030 --> 00:12:57,959

you know there's a farm there and

322

00:13:01,069 --> 00:12:59,040

there's a golf course there and

323

00:13:03,290 --> 00:13:01,079

everything maybe it could have been that

324

00:13:05,090 --> 00:13:03,300

now I know what you're getting at

325

00:13:06,710 --> 00:13:05,100

um I actually went up there myself and

326

00:13:08,329 --> 00:13:06,720

when you see where the lights are along

327

00:13:09,650 --> 00:13:08,339

the sort of like just a little so like

328

00:13:11,629 --> 00:13:09,660

the layout of the Land There was what we

329

00:13:12,769 --> 00:13:11,639

call it um the horizon line there

330

00:13:14,990 --> 00:13:12,779

whatever you call it you know where you

331

00:13:17,090 --> 00:13:15,000

can see the tops of the Hill yeah you

332

00:13:19,069 --> 00:13:17,100

know the lights run

333

00:13:20,509 --> 00:13:19,079

sort of parallel along that line you

334

00:13:22,790 --> 00:13:20,519

know just sort of like stays on it but

335

00:13:24,470 --> 00:13:22,800

it goes into the trees and then it seems

336

00:13:27,110 --> 00:13:24,480

to like you know come around again now

337

00:13:29,509 --> 00:13:27,120

if that's some

338

00:13:32,690 --> 00:13:29,519

you know who's the one who does metabunk

339

00:13:34,850 --> 00:13:32,700

oh yes uh Mick West yeah you know I

340

00:13:36,170 --> 00:13:34,860

sometimes find him I sometimes find him

341

00:13:38,629 --> 00:13:36,180

interesting you know because he does

342

00:13:40,490 --> 00:13:38,639

offer some unique insights into things

343

00:13:42,889 --> 00:13:40,500

oh yeah sometimes he's he's actually

344

00:13:44,090 --> 00:13:42,899

solved a couple of things yeah I know I

345

00:13:45,829 --> 00:13:44,100

mean I like the critic I like the

346

00:13:47,389 --> 00:13:45,839

critics because they keep me on my toes

347

00:13:48,650 --> 00:13:47,399

because you need someone to be critical

348

00:13:51,590 --> 00:13:48,660

of you otherwise you've just got people

349

00:13:53,810 --> 00:13:51,600

accepting you from for what it is but I

350

00:13:56,389 --> 00:13:53,820

mean he's gone out there on ridiculous

351
00:13:58,310 --> 00:13:56,399
claims on a few others you know with all

352
00:14:02,889 --> 00:13:58,320
this Gimbal and all that you know yeah

353
00:14:05,509 --> 00:14:02,899
you call this one aliens on golf carts

354
00:14:07,910 --> 00:14:05,519
that sounds like something something he

355
00:14:09,889 --> 00:14:07,920
would do I will I will give you uh I

356
00:14:11,090 --> 00:14:09,899
will give you um 10 out of 10 for that

357
00:14:14,569 --> 00:14:11,100
one because I didn't think of that one

358
00:14:17,629 --> 00:14:14,579
uh I didn't think of that one but um no

359
00:14:19,150 --> 00:14:17,639
I mean the golf course is over to the

360
00:14:21,530 --> 00:14:19,160
left there's a quarry over to the right

361
00:14:23,150 --> 00:14:21,540
there's a farm in the middle I thought

362
00:14:25,490 --> 00:14:23,160
maybe it's the farmer but he doesn't

363
00:14:27,470 --> 00:14:25,500

work at night in that area anyway

364

00:14:30,410 --> 00:14:27,480

and if there's somebody driving around

365

00:14:31,610 --> 00:14:30,420

in a vehicle on that part of the Hill

366

00:14:33,769 --> 00:14:31,620

there

367

00:14:36,769 --> 00:14:33,779

um it would have to be

368

00:14:38,269 --> 00:14:36,779

basically going into the forest and

369

00:14:40,069 --> 00:14:38,279

somehow driving through thick dense

370

00:14:41,750 --> 00:14:40,079

wooded areas and then coming back out

371

00:14:44,030 --> 00:14:41,760

they would have to be hitting all the

372

00:14:45,710 --> 00:14:44,040

trees and the fences and the poles and

373

00:14:47,810 --> 00:14:45,720

everything there's just

374

00:14:49,730 --> 00:14:47,820

Peter Glenn found no evidence of anyone

375

00:14:52,069 --> 00:14:49,740

up there with a vehicle that night or

376

00:14:53,569 --> 00:14:52,079

evidence of anyone else and when I had a

377

00:14:55,730 --> 00:14:53,579

look around myself and I started looking

378

00:14:58,389 --> 00:14:55,740

at satellite images and possible

379

00:15:01,790 --> 00:14:58,399

explanations nothing nothing came close

380

00:15:04,730 --> 00:15:01,800

it's just a crusted is it a crested Hill

381

00:15:06,769 --> 00:15:04,740

or does it carry on a while at that

382

00:15:08,210 --> 00:15:06,779

height

383

00:15:11,509 --> 00:15:08,220

uh I'm not sure what you mean by cross

384

00:15:14,050 --> 00:15:11,519

to tell well it shows like a hill and

385

00:15:17,569 --> 00:15:14,060

I'm just wondering is it a is it like a

386

00:15:19,069 --> 00:15:17,579

do you want to call it a mountain or I

387

00:15:21,350 --> 00:15:19,079

mean does it continue going on up behind

388

00:15:23,389 --> 00:15:21,360

it yeah does it keep continue level or

389

00:15:24,650 --> 00:15:23,399

does it is it six level a stage level

390

00:15:26,689 --> 00:15:24,660

but then it sort of like goes down

391

00:15:28,790 --> 00:15:26,699

behind this so if anyone was driving a

392

00:15:30,470 --> 00:15:28,800

vehicle that it would be hidden by the

393

00:15:31,850 --> 00:15:30,480

um so like the little Mound bit there

394

00:15:35,449 --> 00:15:31,860

before yeah that's right like this oh

395

00:15:36,769 --> 00:15:35,459

yeah yeah yeah yeah so no that's good

396

00:15:38,870 --> 00:15:36,779

you have to check out all these things

397

00:15:41,150 --> 00:15:38,880

you know because you have to if you can

398

00:15:43,670 --> 00:15:41,160

replicate it somehow by doing something

399

00:15:46,670 --> 00:15:43,680

then you know that would be an answer

400

00:15:48,889 --> 00:15:46,680

but uh but this also the lights behaved

401

00:15:51,949 --> 00:15:48,899

very unusually didn't they

402

00:15:53,750 --> 00:15:51,959

oh yeah I mean um the four Witnesses uh

403

00:15:56,210 --> 00:15:53,760

the first one to see it wasn't uh Nathan

404

00:15:57,829 --> 00:15:56,220

Thomas he was 12 at the time it's like 3

405

00:16:00,290 --> 00:15:57,839

A.M in the morning and he's just

406

00:16:02,030 --> 00:16:00,300

watching television and he hit a bang

407

00:16:04,550 --> 00:16:02,040

outside the window blown has been over

408

00:16:06,290 --> 00:16:04,560

and he looks over and he thinks you know

409

00:16:08,269 --> 00:16:06,300

there's something out there that's

410

00:16:10,430 --> 00:16:08,279

making a night but he turns back to his

411

00:16:11,689 --> 00:16:10,440

television I think no maybe it's just a

412

00:16:14,389 --> 00:16:11,699

reflection but then he opens the window

413

00:16:16,129 --> 00:16:14,399

and there it is in the distance and his

414

00:16:18,889 --> 00:16:16,139

brother and his mother his brother Alex

415

00:16:21,829 --> 00:16:18,899

his mother Linda Pritchard and uh the

416

00:16:24,710 --> 00:16:21,839

granddaughter of their mother

417

00:16:26,449 --> 00:16:24,720

um Kira George they all saw it and they

418

00:16:28,430 --> 00:16:26,459

all describe the light to me like

419

00:16:30,170 --> 00:16:28,440

rotating

420

00:16:31,610 --> 00:16:30,180

and flashing like fun you know like

421

00:16:33,670 --> 00:16:31,620

instant flashes but then they sort of

422

00:16:36,710 --> 00:16:33,680

dim down instant Flash and they dim down

423

00:16:38,030 --> 00:16:36,720

Kira would describe it in ways like if

424

00:16:39,410 --> 00:16:38,040

you're watching a light Shimmer

425

00:16:40,970 --> 00:16:39,420

underwater you know it's like you get

426

00:16:43,069 --> 00:16:40,980

that sort of shimmering kind of effect

427

00:16:44,569 --> 00:16:43,079

you've seen that on a cam the water's

428

00:16:46,310 --> 00:16:44,579

calm but it's shimmering and it's like

429

00:16:50,030 --> 00:16:46,320

the lights are like that

430

00:16:51,650 --> 00:16:50,040

and here's the thing that you probably I

431

00:16:53,749 --> 00:16:51,660

do describe it in the book and in the in

432

00:16:56,389 --> 00:16:53,759

the video documentary The the actual

433

00:16:57,769 --> 00:16:56,399

lights start doing this start tilting at

434

00:16:59,389 --> 00:16:57,779

around 40 degrees so they're not level

435

00:17:02,329 --> 00:16:59,399

anymore they've tilted up to like 40

436

00:17:05,030 --> 00:17:02,339

degrees like this and then in sequence I

437

00:17:07,789 --> 00:17:05,040

mean like in a like in a row you're

438

00:17:10,549 --> 00:17:07,799

saying oh yeah they continue to flash in

439

00:17:13,189 --> 00:17:10,559

this very unusual pattern and yeah

440

00:17:14,569 --> 00:17:13,199

uh but there as they as they're flashing

441

00:17:16,730 --> 00:17:14,579

they don't have some they don't seem to

442

00:17:17,870 --> 00:17:16,740

say pan but they do seem to look the way

443

00:17:21,530 --> 00:17:17,880

they flash you know you've got some

444

00:17:24,230 --> 00:17:21,540

smaller ones and larger ones and it's I

445

00:17:25,909 --> 00:17:24,240

I'm like what is that you know what I

446

00:17:27,289 --> 00:17:25,919

mean but it's it's sometimes it's doing

447

00:17:30,110 --> 00:17:27,299

it it's doing this you know the the

448

00:17:32,210 --> 00:17:30,120

continuing flashes move if you imagine

449

00:17:33,590 --> 00:17:32,220

this is the object I believe it is to be

450

00:17:35,630 --> 00:17:33,600

like a normal shaped object they're

451
00:17:37,010 --> 00:17:35,640
flashing along that line but then you

452
00:17:39,049 --> 00:17:37,020
know they tilt up and then they flash

453
00:17:41,390 --> 00:17:39,059
along like that and that's very clearly

454
00:17:43,789 --> 00:17:41,400
stated in the eyewitness testimonies I

455
00:17:45,830 --> 00:17:43,799
got from all four family members I mean

456
00:17:47,090 --> 00:17:45,840
you know they're very consistent in

457
00:17:48,650 --> 00:17:47,100
everything they say that's why they make

458
00:17:50,990 --> 00:17:48,660
such great Witnesses

459
00:17:53,270 --> 00:17:51,000
now what about um I did notice it was a

460
00:17:54,830 --> 00:17:53,280
red a red light

461
00:17:56,990 --> 00:17:54,840
like I don't know I can't remember it

462
00:17:59,029 --> 00:17:57,000
was flashing or if it was just a red

463
00:18:01,070 --> 00:17:59,039

light I did see a red light didn't I

464

00:18:02,390 --> 00:18:01,080

there's a red light somewhere I mean

465

00:18:04,010 --> 00:18:02,400

where the lights are flashing there

466

00:18:05,210 --> 00:18:04,020

there is yeah I know the image you're

467

00:18:07,430 --> 00:18:05,220

talking about that's actually a red

468

00:18:09,590 --> 00:18:07,440

light that's on the top of something

469

00:18:11,210 --> 00:18:09,600

it's flashing there's something red on

470

00:18:13,010 --> 00:18:11,220

the top and there's um

471

00:18:14,390 --> 00:18:13,020

you may have seen an image that clearly

472

00:18:16,070 --> 00:18:14,400

shows that yeah you've got the big blue

473

00:18:18,710 --> 00:18:16,080

lights or whitish blue lights and you've

474

00:18:20,930 --> 00:18:18,720

got that red one and on the top there

475

00:18:23,630 --> 00:18:20,940

um that was mentioned by all four family

476

00:18:25,909 --> 00:18:23,640

members and this this is where David

477

00:18:28,430 --> 00:18:25,919

Williams he's the next door neighbor of

478

00:18:30,409 --> 00:18:28,440

these this family and he's known them

479

00:18:32,330 --> 00:18:30,419

all his life and I don't know how we

480

00:18:34,789 --> 00:18:32,340

done it right but he he got the video

481

00:18:36,230 --> 00:18:34,799

himself he screen captured an image he

482

00:18:37,669 --> 00:18:36,240

must have caught the most perfect image

483

00:18:38,390 --> 00:18:37,679

over them all right to be able to do

484

00:18:40,549 --> 00:18:38,400

this

485

00:18:43,130 --> 00:18:40,559

and he just enhanced it and enhanced it

486

00:18:46,310 --> 00:18:43,140

and somehow he he was able to generate

487

00:18:49,130 --> 00:18:46,320

that lovely clear you could even see the

488

00:18:51,529 --> 00:18:49,140

top part of what looks to be like the

489

00:18:54,169 --> 00:18:51,539

oval top of this object where the red

490

00:18:56,029 --> 00:18:54,179

light meets up and I was just like how

491

00:18:58,370 --> 00:18:56,039

did you manage that because

492

00:18:59,990 --> 00:18:58,380

I tried with a number of screen captures

493

00:19:01,669 --> 00:19:00,000

where I think the lights are the most

494

00:19:04,130 --> 00:19:01,679

well lit up

495

00:19:05,930 --> 00:19:04,140

to actually you know maybe get some sort

496

00:19:07,610 --> 00:19:05,940

of shape or definition to it and I can't

497

00:19:08,510 --> 00:19:07,620

get anywhere near as good as what you've

498

00:19:09,890 --> 00:19:08,520

done

499

00:19:12,289 --> 00:19:09,900

you know but

500

00:19:13,909 --> 00:19:12,299

uh no I don't think it was I think if

501
00:19:15,470 --> 00:19:13,919
whatever that comment said an aircraft

502
00:19:17,570 --> 00:19:15,480
Market I don't think I don't think was

503
00:19:18,770 --> 00:19:17,580
an aircraft of any kind because you know

504
00:19:20,690 --> 00:19:18,780
like I've said

505
00:19:22,909 --> 00:19:20,700
they they are all four funnels they

506
00:19:24,529 --> 00:19:22,919
clearly say this thing is rotating and

507
00:19:26,870 --> 00:19:24,539
at some point it's tilting and rotating

508
00:19:28,430 --> 00:19:26,880
and the lights are still continuing to

509
00:19:30,529 --> 00:19:28,440
flash and

510
00:19:32,630 --> 00:19:30,539
you know I mean they saw this thing for

511
00:19:34,730 --> 00:19:32,640
15 minutes and I have to point this out

512
00:19:36,770 --> 00:19:34,740
it was a storm that night

513
00:19:39,830 --> 00:19:36,780

you know so it's like early hours of the

514

00:19:42,350 --> 00:19:39,840

morning Winds of up to 50 60 miles an

515

00:19:44,570 --> 00:19:42,360

hour it's pouring down with rain

516

00:19:46,610 --> 00:19:44,580

and you know it's like freezing it's

517

00:19:49,010 --> 00:19:46,620

like zero degrees outside you know just

518

00:19:50,750 --> 00:19:49,020

above zero so it's not the kind of ideal

519

00:19:53,210 --> 00:19:50,760

conditions for anyone to be doing any

520

00:19:54,830 --> 00:19:53,220

flying or walking or training or

521

00:19:57,710 --> 00:19:54,840

anything in really

522

00:19:59,990 --> 00:19:57,720

so let's go into how

523

00:20:01,850 --> 00:20:00,000

um the you said it was a younger one I

524

00:20:04,370 --> 00:20:01,860

can't remember what age you said 12 or

525

00:20:07,789 --> 00:20:04,380

something yeah he first of all he was up

526

00:20:10,850 --> 00:20:07,799

at 3am and he was watching TV and he saw

527

00:20:13,730 --> 00:20:10,860

something like uh through the window how

528

00:20:16,250 --> 00:20:13,740

how did that all how did it all start

529

00:20:18,230 --> 00:20:16,260

well like I said he was um they were

530

00:20:20,090 --> 00:20:18,240

just just watching television late at

531

00:20:22,070 --> 00:20:20,100

night very quietly

532

00:20:24,350 --> 00:20:22,080

um the wind blew has been over he looked

533

00:20:25,730 --> 00:20:24,360

outside to inspect what he was he didn't

534

00:20:26,930 --> 00:20:25,740

know it was the benefits of course it

535

00:20:29,210 --> 00:20:26,940

was like a loud bang he thought what's

536

00:20:30,409 --> 00:20:29,220

that and as he as he looks out his

537

00:20:32,390 --> 00:20:30,419

window the window's not open he's

538

00:20:34,669 --> 00:20:32,400

looking through the window of course you

539

00:20:36,230 --> 00:20:34,679

see something flashing there's something

540

00:20:38,390 --> 00:20:36,240

between you know like flashing in the

541

00:20:39,830 --> 00:20:38,400

distance so you thought oh that's

542

00:20:41,450 --> 00:20:39,840

probably the TV or something you know

543

00:20:43,370 --> 00:20:41,460

it's just a reflection on my television

544

00:20:44,450 --> 00:20:43,380

so he looked at the television he looks

545

00:20:45,950 --> 00:20:44,460

at the window and there's nothing there

546

00:20:48,169 --> 00:20:45,960

but then as he not it's not coming from

547

00:20:50,270 --> 00:20:48,179

the television he opens the window you

548

00:20:51,590 --> 00:20:50,280

know he actually opens it now and you

549

00:20:54,250 --> 00:20:51,600

can see it's coming from the distance

550

00:20:57,890 --> 00:20:54,260

there it's actually physically out there

551

00:21:00,529 --> 00:20:57,900

you know so did either and then the

552

00:21:02,870 --> 00:21:00,539

family all obviously walk up the whole

553

00:21:04,909 --> 00:21:02,880

family yeah they started the way Nathan

554

00:21:07,610 --> 00:21:04,919

went to go get his brother Alex who was

555

00:21:09,230 --> 00:21:07,620

14 then and I think he kind of felt he

556

00:21:10,669 --> 00:21:09,240

was being wound up a little bit by uh

557

00:21:11,990 --> 00:21:10,679

Nathan he said oh there's a you I think

558

00:21:13,850 --> 00:21:12,000

I don't know if he said if it was a UFO

559

00:21:17,990 --> 00:21:13,860

aside or there's some some sort of alien

560

00:21:20,150 --> 00:21:18,000

uh maybe he did say uh UFO and Alex

561

00:21:21,650 --> 00:21:20,160

Sawyer was just winding him up but you

562

00:21:23,210 --> 00:21:21,660

know he's tired he wants to go to sleep

563

00:21:25,850 --> 00:21:23,220

he goes there and well you know

564

00:21:27,529 --> 00:21:25,860

instantly he wakes up you know wow what

565

00:21:28,850 --> 00:21:27,539

is that and that's that's something that

566

00:21:29,990 --> 00:21:28,860

really struck me you know you're tired

567

00:21:32,230 --> 00:21:30,000

you want to go to sleep but then

568

00:21:34,430 --> 00:21:32,240

instantly you're focused on this thing

569

00:21:35,810 --> 00:21:34,440

that's when he started filming you know

570

00:21:38,090 --> 00:21:35,820

because he'd had this

571

00:21:39,950 --> 00:21:38,100

camera given to him for his birthday

572

00:21:41,810 --> 00:21:39,960

Nathan and he just decided to start

573

00:21:43,310 --> 00:21:41,820

filming at him and I was like dude I'm

574

00:21:44,690 --> 00:21:43,320

so glad you've done that

575

00:21:46,070 --> 00:21:44,700

too bad you're gonna have more of a

576

00:21:47,810 --> 00:21:46,080

steady hand

577

00:21:49,549 --> 00:21:47,820

but it's hard you know when you get

578

00:21:52,430 --> 00:21:49,559

excited over something like this it's

579

00:21:55,070 --> 00:21:52,440

hard for anyone to be able to to you

580

00:21:58,730 --> 00:21:55,080

know plus he was walking I and adults

581

00:22:00,230 --> 00:21:58,740

got involved so or one adult anyway was

582

00:22:02,510 --> 00:22:00,240

it more than one adult

583

00:22:04,610 --> 00:22:02,520

it was their mother she was sleeping

584

00:22:06,409 --> 00:22:04,620

downstairs and

585

00:22:07,669 --> 00:22:06,419

one I think he may have been Alex who

586

00:22:09,649 --> 00:22:07,679

went and woke her up you know because

587

00:22:11,149 --> 00:22:09,659

they wanted her to see this because they

588

00:22:13,190 --> 00:22:11,159

were quite excited you know they were

589

00:22:14,029 --> 00:22:13,200

getting really really uh excited by it

590

00:22:17,270 --> 00:22:14,039

all

591

00:22:18,830 --> 00:22:17,280

and uh she was like you know she thought

592

00:22:20,390 --> 00:22:18,840

maybe you know the way they're reacting

593

00:22:21,590 --> 00:22:20,400

you know is the house on fire or

594

00:22:23,690 --> 00:22:21,600

something you know you know she had to

595

00:22:25,190 --> 00:22:23,700

react like that you know the excitement

596

00:22:26,810 --> 00:22:25,200

that they had but she went upstairs she

597

00:22:29,149 --> 00:22:26,820

looked out the window and

598

00:22:31,130 --> 00:22:29,159

you know you can you can hear their

599

00:22:32,750 --> 00:22:31,140

voices in the video I had to subtitle

600

00:22:35,810 --> 00:22:32,760

just you know just let people see what

601
00:22:38,029 --> 00:22:35,820
they were saying yeah and um you can

602
00:22:40,490 --> 00:22:38,039
hear me clearly hear them say you know

603
00:22:42,649 --> 00:22:40,500
they don't know what it is but it's

604
00:22:43,970 --> 00:22:42,659
amazing you know you can hear it in

605
00:22:46,310 --> 00:22:43,980
their tone of voice the way they're

606
00:22:49,310 --> 00:22:46,320
talking the words they're using you know

607
00:22:50,870 --> 00:22:49,320
they know that they know their area they

608
00:22:53,510 --> 00:22:50,880
know they've lived there all their lives

609
00:22:55,430 --> 00:22:53,520
you know up until that point and they

610
00:22:57,230 --> 00:22:55,440
understand what's normal and what's not

611
00:23:00,770 --> 00:22:57,240
normal and so on

612
00:23:02,570 --> 00:23:00,780
but um this is this is something clearly

613
00:23:10,850 --> 00:23:02,580

uh

614

00:23:13,130 --> 00:23:10,860

got four witnesses to the actual event

615

00:23:15,169 --> 00:23:13,140

did they anyone having an inclination to

616

00:23:17,090 --> 00:23:15,179

drive toward it

617

00:23:19,909 --> 00:23:17,100

no no I don't think so I think they

618

00:23:21,770 --> 00:23:19,919

maybe may have been a bit uh

619

00:23:24,409 --> 00:23:21,780

too excited and focused on what they

620

00:23:26,270 --> 00:23:24,419

were seeing rather than to go out there

621

00:23:27,590 --> 00:23:26,280

um I don't know I I mean it's not

622

00:23:29,210 --> 00:23:27,600

something that normally people would do

623

00:23:30,110 --> 00:23:29,220

to go and drive towards someone like

624

00:23:32,570 --> 00:23:30,120

that

625

00:23:34,310 --> 00:23:32,580

but no no one found in England to do

626

00:23:35,930 --> 00:23:34,320

that no they were they were in a good

627

00:23:38,990 --> 00:23:35,940

position to see it from where they were

628

00:23:41,510 --> 00:23:39,000

yeah and as far as you know were there

629

00:23:43,010 --> 00:23:41,520

any other Witnesses from I mean that is

630

00:23:45,049 --> 00:23:43,020

in the middle of the night so for there

631

00:23:48,350 --> 00:23:45,059

to be other Witnesses would be you know

632

00:23:50,930 --> 00:23:48,360

kind of uh pretty rare but did you did

633

00:23:53,690 --> 00:23:50,940

anyone try to find any put any type of

634

00:23:55,610 --> 00:23:53,700

notation out there I did put out a feel

635

00:23:58,310 --> 00:23:55,620

a couple of times to see if anybody else

636

00:23:59,930 --> 00:23:58,320

knew or if anyone else saw it but they

637

00:24:01,549 --> 00:23:59,940

seem to be the only ones who saw it you

638

00:24:03,770 --> 00:24:01,559

know it was just by pure chance that

639

00:24:06,289 --> 00:24:03,780

Nathan's been blew over to alert him to

640

00:24:08,270 --> 00:24:06,299

it when you say a bin blew over do you

641

00:24:10,070 --> 00:24:08,280

mean like a a garbage can or something

642

00:24:11,870 --> 00:24:10,080

yeah well you know oh yeah you know

643

00:24:13,250 --> 00:24:11,880

those big uh Council bins you know

644

00:24:15,890 --> 00:24:13,260

they're quite sizable bins you know

645

00:24:18,049 --> 00:24:15,900

they're like um the size of a large

646

00:24:20,930 --> 00:24:18,059

child you know you know big big wheelie

647

00:24:22,430 --> 00:24:20,940

bin kind of thing I see yeah it was full

648

00:24:24,289 --> 00:24:22,440

of rubbish as well you know because the

649

00:24:25,730 --> 00:24:24,299

Christmas rational so you know it takes

650

00:24:26,810 --> 00:24:25,740

it means I'm taking a fair gust of wind

651

00:24:29,029 --> 00:24:26,820

to blow it over because those things

652

00:24:31,130 --> 00:24:29,039

don't knock over easy yeah and what type

653

00:24:32,870 --> 00:24:31,140

of storm was there that night

654

00:24:34,190 --> 00:24:32,880

oh you know the kind of gale force

655

00:24:36,350 --> 00:24:34,200

trotting of the wind you know the

656

00:24:37,310 --> 00:24:36,360

typical Stones we get over here you know

657

00:24:40,070 --> 00:24:37,320

I mean

658

00:24:42,230 --> 00:24:40,080

gale force winds heavy downpour rain

659

00:24:43,610 --> 00:24:42,240

you know real you know it was I think it

660

00:24:45,230 --> 00:24:43,620

was one I won't say it was a wreck

661

00:24:46,789 --> 00:24:45,240

record-breaking storm but it was

662

00:24:48,710 --> 00:24:46,799

definitely one for the record books

663

00:24:50,149 --> 00:24:48,720

excuse me yeah

664

00:24:52,010 --> 00:24:50,159

um

665

00:24:54,049 --> 00:24:52,020

I've talked to other people in the UK

666

00:24:55,730 --> 00:24:54,059

and they say you know there's not

667

00:24:57,890 --> 00:24:55,740

there would be more sightings here

668

00:25:01,430 --> 00:24:57,900

probably but the weather you know

669

00:25:05,029 --> 00:25:01,440

there's a lot of uh you know uh soggy

670

00:25:06,470 --> 00:25:05,039

days and uh you know uh but so this is

671

00:25:07,250 --> 00:25:06,480

interesting that happened in the middle

672

00:25:11,210 --> 00:25:07,260

of

673

00:25:13,909 --> 00:25:11,220

makes it even more special yeah yeah

674

00:25:16,850 --> 00:25:13,919

that's that's pretty interesting so how

675

00:25:20,029 --> 00:25:16,860

did this thing end how did they did they

676
00:25:23,210 --> 00:25:20,039
see it take off or or did Black you know

677
00:25:25,970 --> 00:25:23,220
blink out or or what was the end of it

678
00:25:28,070 --> 00:25:25,980
well Nathan and Alex and Allen were

679
00:25:31,130 --> 00:25:28,080
still watching it and

680
00:25:32,510 --> 00:25:31,140
I think Alex was like Alex's voice is

681
00:25:35,269 --> 00:25:32,520
probably the best one to describe it

682
00:25:37,669 --> 00:25:35,279
because the lights just went off

683
00:25:40,250 --> 00:25:37,679
hmm one minute is turning blinking doing

684
00:25:41,810 --> 00:25:40,260
that unusual glowing thing and then it

685
00:25:43,850 --> 00:25:41,820
just stops

686
00:25:45,769 --> 00:25:43,860
and then I can hear it in the video you

687
00:25:47,210 --> 00:25:45,779
know if you watch excuse me you watch

688
00:25:48,350 --> 00:25:47,220

the documentary

689

00:25:50,690 --> 00:25:48,360

um

690

00:25:54,310 --> 00:25:50,700

you know it's like he just says oh don't

691

00:25:58,430 --> 00:25:56,690

and it was just like

692

00:26:01,370 --> 00:25:58,440

why would you care if it stopped you

693

00:26:05,570 --> 00:26:01,380

know if it's just a regular thing

694

00:26:07,190 --> 00:26:05,580

yeah and uh did did they like watch for

695

00:26:09,409 --> 00:26:07,200

a long time afterwards to see if it

696

00:26:11,450 --> 00:26:09,419

might come back I think they did watch

697

00:26:13,430 --> 00:26:11,460

for a little while but I'm not sure how

698

00:26:15,350 --> 00:26:13,440

long I think maybe yeah probably stay

699

00:26:18,230 --> 00:26:15,360

there for 30 40 more minutes and then

700

00:26:20,510 --> 00:26:18,240

maybe an hour in the morning yeah yeah I

701
00:26:21,830 --> 00:26:20,520
know but it never it never came back and

702
00:26:24,110 --> 00:26:21,840
then of course

703
00:26:26,810 --> 00:26:24,120
um I'll tell you this you know it's been

704
00:26:28,490 --> 00:26:26,820
it was January 3rd 2012 so we're into

705
00:26:30,350 --> 00:26:28,500
the 11th year of it now and they're

706
00:26:32,149 --> 00:26:30,360
still dying to see it again

707
00:26:34,789 --> 00:26:32,159
so that no one's ever seen anything like

708
00:26:36,769 --> 00:26:34,799
it again since well since no the only

709
00:26:38,690 --> 00:26:36,779
thing I was able to find on that is when

710
00:26:40,549 --> 00:26:38,700
I was doing some research on the history

711
00:26:41,870 --> 00:26:40,559
of the area I mean this place has had a

712
00:26:43,490 --> 00:26:41,880
lot of sightings

713
00:26:45,049 --> 00:26:43,500

and they well I think I thought if it

714

00:26:47,690 --> 00:26:45,059

was a week before or just a week after

715

00:26:49,730 --> 00:26:47,700

somebody took a picture of some disc

716

00:26:51,890 --> 00:26:49,740

shaped object that was not too far away

717

00:26:54,470 --> 00:26:51,900

from where this one happened just near

718

00:26:56,630 --> 00:26:54,480

the castle there Denby has a castle an

719

00:26:58,610 --> 00:26:56,640

ancient castle it was quite old you know

720

00:27:00,970 --> 00:26:58,620

it's a bit it's a bit run down but it's

721

00:27:03,590 --> 00:27:00,980

still standing in some parts and

722

00:27:05,230 --> 00:27:03,600

bacteria has seen a lot of a lot of

723

00:27:07,610 --> 00:27:05,240

activity over the years

724

00:27:10,190 --> 00:27:07,620

and how far is it away is that from

725

00:27:12,350 --> 00:27:10,200

where you actually live

726

00:27:14,330 --> 00:27:12,360

oh I'm down in the South part of Wales

727

00:27:16,909 --> 00:27:14,340

so I don't know how long it is maybe

728

00:27:19,789 --> 00:27:16,919

just over 100 odd miles Maybe

729

00:27:23,330 --> 00:27:19,799

yeah yeah so families to go

730

00:27:26,870 --> 00:27:23,340

yeah and and and the area is known for

731

00:27:29,390 --> 00:27:26,880

other events besides uh the one you just

732

00:27:30,950 --> 00:27:29,400

mentioned yeah I mean um there was a

733

00:27:32,810 --> 00:27:30,960

case that happened there I think it was

734

00:27:34,010 --> 00:27:32,820

in I found them exactly the air right

735

00:27:43,450 --> 00:27:34,020

now but it was The Bear Went Mountain

736

00:27:50,090 --> 00:27:46,970

how I pronounce it anyway it was a UFO

737

00:27:53,390 --> 00:27:50,100

case that happened in 19 oh forgive me

738

00:27:54,590 --> 00:27:53,400

if I get this wrong but 1974 local the

739

00:27:56,570 --> 00:27:54,600

mountains are not too far away from

740

00:28:00,169 --> 00:27:56,580

where the MB is anyway

741

00:28:02,450 --> 00:28:00,179

but um local residents heard uh An

742

00:28:04,430 --> 00:28:02,460

Almighty explosion which shook the

743

00:28:06,169 --> 00:28:04,440

ground rattled their homes and windows

744

00:28:08,750 --> 00:28:06,179

and everything

745

00:28:11,510 --> 00:28:08,760

um there was a some sort of seismic

746

00:28:13,909 --> 00:28:11,520

single record I think it was like a 3.6

747

00:28:16,010 --> 00:28:13,919

but uh during that time the military

748

00:28:18,769 --> 00:28:16,020

were on the scene pretty quickly for the

749

00:28:20,870 --> 00:28:18,779

residents to to notice them they thought

750

00:28:22,730 --> 00:28:20,880

a plane had crashed or something

751
00:28:24,610 --> 00:28:22,740
and they wanted to come and help and see

752
00:28:26,570 --> 00:28:24,620
if they could actually you know maybe

753
00:28:28,730 --> 00:28:26,580
offer some assistance because some

754
00:28:29,930 --> 00:28:28,740
people were trained in in the medical

755
00:28:32,269 --> 00:28:29,940
field

756
00:28:34,130 --> 00:28:32,279
and there was a witness I think her name

757
00:28:36,049 --> 00:28:34,140
was Pat she was with her two daughters

758
00:28:38,870 --> 00:28:36,059
but I believe she had children with her

759
00:28:41,029 --> 00:28:38,880
she was able to see what the what this

760
00:28:43,789 --> 00:28:41,039
object was and it was like some large

761
00:28:44,690 --> 00:28:43,799
spherical glowing red object of some

762
00:28:46,789 --> 00:28:44,700
kind

763
00:28:48,350 --> 00:28:46,799

uh she couldn't you know she wasn't like

764

00:28:50,330 --> 00:28:48,360

right by but she could see it on the

765

00:28:51,950 --> 00:28:50,340

other side of a you know a month inside

766

00:28:53,510 --> 00:28:51,960

or something

767

00:28:55,730 --> 00:28:53,520

and it appeared to be like the military

768

00:28:57,289 --> 00:28:55,740

were around it they had you know lights

769

00:29:00,830 --> 00:28:57,299

flat shining on it like they were

770

00:29:03,830 --> 00:29:00,840

studying it and

771

00:29:06,950 --> 00:29:03,840

um yeah the object was there for a while

772

00:29:09,049 --> 00:29:06,960

and then I believe as some others have

773

00:29:11,330 --> 00:29:09,059

uh researched it

774

00:29:12,830 --> 00:29:11,340

it took off and went somewhere else but

775

00:29:17,029 --> 00:29:12,840

it was um

776

00:29:18,889 --> 00:29:17,039

written off as a a a storm of you know

777

00:29:21,049 --> 00:29:18,899

sort of flashing some flashing meteor

778

00:29:23,210 --> 00:29:21,059

and storm at the same time or something

779

00:29:25,190 --> 00:29:23,220

like that anyway but that's a very

780

00:29:27,769 --> 00:29:25,200

well-known case in Wales but there have

781

00:29:31,090 --> 00:29:27,779

been others you know there's been um

782

00:29:34,490 --> 00:29:31,100

it was a one called

783

00:29:36,529 --> 00:29:34,500

which I have in the book

784

00:29:39,470 --> 00:29:36,539

um I think that one happened in 1979

785

00:29:41,149 --> 00:29:39,480

some bullet-shaped craft came down

786

00:29:43,549 --> 00:29:41,159

landed in a farm field behind a

787

00:29:46,490 --> 00:29:43,559

residency and six or seven Witnesses

788

00:29:48,529 --> 00:29:46,500

definitely saw some occupants get out of

789

00:29:51,590 --> 00:29:48,539

this thing you know typical object it

790

00:29:54,289 --> 00:29:51,600

had no rollerblades or or propellers or

791

00:29:56,090 --> 00:29:54,299

anything it came down silently seemed to

792

00:29:57,830 --> 00:29:56,100

have a different type of

793

00:30:00,590 --> 00:29:57,840

propulsion system on it you know the

794

00:30:03,169 --> 00:30:00,600

type of we would say is anti-gravity and

795

00:30:05,750 --> 00:30:03,179

I actually met one lady when I was on uh

796

00:30:07,010 --> 00:30:05,760

when I was um up in North Wales she

797

00:30:10,010 --> 00:30:07,020

spoke to me

798

00:30:11,810 --> 00:30:10,020

and a few others and she said she saw

799

00:30:13,970 --> 00:30:11,820

two occupants who were like seven feet

800

00:30:15,409 --> 00:30:13,980

tall and they were walking in the pair

801
00:30:16,909 --> 00:30:15,419
you know alongside I feel like they were

802
00:30:18,889 --> 00:30:16,919
collecting samples or just doing some

803
00:30:20,149 --> 00:30:18,899
sort of some sort of observations and

804
00:30:21,590 --> 00:30:20,159
then they got back in this object and

805
00:30:23,269 --> 00:30:21,600
took off and then the military came

806
00:30:26,750 --> 00:30:23,279
there quickly

807
00:30:28,610 --> 00:30:26,760
and um uh again you know like the

808
00:30:31,250 --> 00:30:28,620
military just show up and start you know

809
00:30:33,529 --> 00:30:31,260
taking over the place

810
00:30:34,310 --> 00:30:33,539
um there's there's also another one uh I

811
00:30:36,409 --> 00:30:34,320
don't know if you've heard of a

812
00:30:40,850 --> 00:30:36,419
researcher named Gary Rowe

813
00:30:42,590 --> 00:30:40,860

no but before we move on to to Gary uh

814

00:30:44,269 --> 00:30:42,600

just a couple of questions you said

815

00:30:46,370 --> 00:30:44,279

there was a bullet shape that was a

816

00:30:48,350 --> 00:30:46,380

bullet shaped craft is that what you

817

00:30:49,850 --> 00:30:48,360

said yeah it was a bullet-shaped craft

818

00:30:51,889 --> 00:30:49,860

you know it's in a it's in something

819

00:30:53,149 --> 00:30:51,899

called bufora it's like the British UFO

820

00:30:54,889 --> 00:30:53,159

research oh yeah

821

00:30:56,330 --> 00:30:54,899

yeah there's a case it's actually it's

822

00:30:58,010 --> 00:30:56,340

all it's in my book you know I actually

823

00:30:59,090 --> 00:30:58,020

mentioned in these cases in a book you

824

00:31:01,370 --> 00:30:59,100

know that

825

00:31:03,409 --> 00:31:01,380

North Wales is definitely a hot spot for

826

00:31:06,950 --> 00:31:03,419

UFO activity trust me

827

00:31:09,649 --> 00:31:06,960

and did the woman that you met did she

828

00:31:12,049 --> 00:31:09,659

describe what the occupant looked like

829

00:31:13,850 --> 00:31:12,059

yeah uh two of them actually they were

830

00:31:15,110 --> 00:31:13,860

very humanoid you know they were

831

00:31:17,029 --> 00:31:15,120

definitely arms and legs but they had

832

00:31:19,250 --> 00:31:17,039

like these sort of like you could

833

00:31:21,710 --> 00:31:19,260

describe them as radiation suits on like

834

00:31:24,470 --> 00:31:21,720

some sort of silvery colored suit with a

835

00:31:25,490 --> 00:31:24,480

stripe maybe on them and uh let me see

836

00:31:27,350 --> 00:31:25,500

if we can get an image do you want to

837

00:31:29,029 --> 00:31:27,360

see if I'll if I don't find it it's

838

00:31:30,409 --> 00:31:29,039

fine but there is an image in the book

839

00:31:32,389 --> 00:31:30,419

here

840

00:31:34,970 --> 00:31:32,399

but um

841

00:31:36,889 --> 00:31:34,980

no North Wales definitely has a lot of

842

00:31:38,990 --> 00:31:36,899

sightings but you actually described

843

00:31:40,490 --> 00:31:39,000

them as two seven foot tall beings you

844

00:31:42,169 --> 00:31:40,500

know arms and legs like everyone else

845

00:31:46,490 --> 00:31:42,179

but um

846

00:31:51,110 --> 00:31:46,500

there it is on page 45.

847

00:31:54,370 --> 00:31:51,120

yeah um oh yeah that is the suit that is

848

00:31:56,990 --> 00:31:54,380

the suit she uh suit yeah

849

00:32:00,529 --> 00:31:57,000

wow and this is uh what year was this

850

00:32:02,210 --> 00:32:00,539

one 1979 I believe yeah

851

00:32:04,490 --> 00:32:02,220

well I tell you what if uh you know I

852

00:32:06,110 --> 00:32:04,500

mean the argument goes for you know a

853

00:32:07,789 --> 00:32:06,120

lot of people say that it's so you know

854

00:32:10,130 --> 00:32:07,799

it was military secret craft I don't

855

00:32:12,649 --> 00:32:10,140

there's another case where you know in

856

00:32:14,750 --> 00:32:12,659

1979 if we had a bullet shape thing that

857

00:32:16,090 --> 00:32:14,760

could land and why we would have seven

858

00:32:19,190 --> 00:32:16,100

foot people

859

00:32:21,470 --> 00:32:19,200

uh in it uh taking samples you know I

860

00:32:23,149 --> 00:32:21,480

mean that's it's it would be one there's

861

00:32:24,769 --> 00:32:23,159

a lot of other cases I could mention you

862

00:32:27,350 --> 00:32:24,779

know yeah you just mentioned uh Gary

863

00:32:29,149 --> 00:32:27,360

something another Gary Rosary a

864

00:32:30,470 --> 00:32:29,159

researcher he's he's been doing this a

865

00:32:33,409 --> 00:32:30,480

long time and if you ever speak to him

866

00:32:35,570 --> 00:32:33,419

he's a wealth of knowledge he did

867

00:32:38,690 --> 00:32:35,580

something called um the European Roswell

868

00:32:41,630 --> 00:32:38,700

I think that was a case up in uh

869

00:32:43,669 --> 00:32:41,640

which is just sort of like uh sort of

870

00:32:44,450 --> 00:32:43,679

Midwest Wales area

871

00:32:47,149 --> 00:32:44,460

um

872

00:32:49,430 --> 00:32:47,159

he recovered some very strange piece of

873

00:32:51,710 --> 00:32:49,440

craft I don't know if it was a military

874

00:32:53,450 --> 00:32:51,720

or Advanced military or whatever but

875

00:32:55,909 --> 00:32:53,460

he's had this thing tested and he says

876

00:32:57,830 --> 00:32:55,919

it's very unusual but he's got this

877

00:32:59,690 --> 00:32:57,840

little honeycomb

878

00:33:01,490 --> 00:32:59,700

um piece as well he says it's very light

879

00:33:02,930 --> 00:33:01,500

but it's very strong like steel you can

880

00:33:04,370 --> 00:33:02,940

stand on it it won't even it won't even

881

00:33:05,990 --> 00:33:04,380

so much as

882

00:33:07,549 --> 00:33:06,000

you know I mean he's got this like large

883

00:33:09,289 --> 00:33:07,559

green piece of it as well apparently

884

00:33:11,690 --> 00:33:09,299

there was something that had exploded

885

00:33:13,669 --> 00:33:11,700

and left the Brio over the place

886

00:33:14,630 --> 00:33:13,679

some farmer had called in to say if you

887

00:33:16,310 --> 00:33:14,640

want to come out here and have a look

888

00:33:17,870 --> 00:33:16,320

you know but by the time he got there

889

00:33:19,850 --> 00:33:17,880

the military or somebody had come in

890

00:33:22,029 --> 00:33:19,860

there and clean it up and

891

00:33:25,370 --> 00:33:22,039

you know

892

00:33:27,110 --> 00:33:25,380

these pieces supposedly exist somewhere

893

00:33:28,570 --> 00:33:27,120

yeah he's got a piece of it like in a

894

00:33:31,190 --> 00:33:28,580

security lock box

895

00:33:33,409 --> 00:33:31,200

has he ever had it tested

896

00:33:36,350 --> 00:33:33,419

according to him he had it tested and

897

00:33:38,570 --> 00:33:36,360

it's got some sort of strange paint or

898

00:33:40,310 --> 00:33:38,580

um some sort of covering on it that

899

00:33:41,750 --> 00:33:40,320

would be very useful for today's modern

900

00:33:44,450 --> 00:33:41,760

aircraft because obviously when we fly

901
00:33:45,649 --> 00:33:44,460
crafted mark one Mark II Mark III or

902
00:33:47,690 --> 00:33:45,659
whatever they they seem this this

903
00:33:49,850 --> 00:33:47,700
materials was very resistant to that

904
00:33:53,090 --> 00:33:49,860
kind of it's very aerodynamic kind of

905
00:33:55,070 --> 00:33:53,100
covering coating sort of stuff you know

906
00:33:57,289 --> 00:33:55,080
very Advanced I don't understand it

907
00:33:59,450 --> 00:33:57,299
myself but that's what he told me

908
00:34:01,250 --> 00:33:59,460
yeah I mean it's it seems like someone

909
00:34:03,649 --> 00:34:01,260
would want to do as much testing on

910
00:34:06,409 --> 00:34:03,659
something like that as they could yeah I

911
00:34:08,270 --> 00:34:06,419
agree I I I never really um I mean there

912
00:34:09,770 --> 00:34:08,280
is a documentary on it called the

913
00:34:11,210 --> 00:34:09,780

European Roswell

914

00:34:13,250 --> 00:34:11,220

that's what it's called the the what's

915

00:34:16,310 --> 00:34:13,260

up the European yeah the European was

916

00:34:18,710 --> 00:34:16,320

Roswell sorry it's a very interesting

917

00:34:20,270 --> 00:34:18,720

case I mean like I said I thought I mean

918

00:34:21,950 --> 00:34:20,280

you know down in the South part of Wales

919

00:34:23,570 --> 00:34:21,960

I've got one here look the pan Turk

920

00:34:25,490 --> 00:34:23,580

incident I've done that one with cast

921

00:34:27,050 --> 00:34:25,500

clock I know she's been on each show

922

00:34:29,329 --> 00:34:27,060

before so we you probably already know

923

00:34:30,589 --> 00:34:29,339

the details that one we've now confirmed

924

00:34:31,730 --> 00:34:30,599

I'd just like to say this we've now

925

00:34:34,730 --> 00:34:31,740

confirmed

926
00:34:37,430 --> 00:34:34,740
that um the Welsh government were not

927
00:34:39,290 --> 00:34:37,440
informed of an exercise and we've just

928
00:34:41,030 --> 00:34:39,300
didn't learn that the police and the

929
00:34:42,950 --> 00:34:41,040
other local areas we know anyway they

930
00:34:44,389 --> 00:34:42,960
weren't informed but we've uncovered the

931
00:34:46,849 --> 00:34:44,399
truth about them never been informed

932
00:34:49,609 --> 00:34:46,859
about an exercise but the best one

933
00:34:51,409 --> 00:34:49,619
is uh we wrote to the mod and we asked

934
00:34:54,230 --> 00:34:51,419
him did you have any training or low

935
00:34:57,410 --> 00:34:54,240
flying exercises for South Wales in

936
00:34:59,570 --> 00:34:57,420
February of 2016 and the answer was no

937
00:35:01,730 --> 00:34:59,580
they did not so what was all that

938
00:35:03,290 --> 00:35:01,740

military Firepower and Equipment doing

939

00:35:05,390 --> 00:35:03,300

around you that night if you weren't on

940

00:35:07,730 --> 00:35:05,400

a low flying training exercise

941

00:35:09,170 --> 00:35:07,740

you saw yeah we've had Witnesses who

942

00:35:10,609 --> 00:35:09,180

actually saw what was shot down in

943

00:35:12,470 --> 00:35:10,619

smilogue woods because something was

944

00:35:15,470 --> 00:35:12,480

shot down that night

945

00:35:18,109 --> 00:35:15,480

and and how many have more witnesses

946

00:35:19,490 --> 00:35:18,119

wait uh this is a question I just got to

947

00:35:21,470 --> 00:35:19,500

get it out of the way that popped up and

948

00:35:24,290 --> 00:35:21,480

thank you for putting it in caps those

949

00:35:27,410 --> 00:35:24,300

of you in chat uh this goes back to your

950

00:35:29,390 --> 00:35:27,420

case the the den the Danby lights did

951
00:35:31,550 --> 00:35:29,400
you check and we'll jump right back to

952
00:35:33,290 --> 00:35:31,560
to what we're talking about but did you

953
00:35:36,349 --> 00:35:33,300
check with the local law enforcement

954
00:35:38,450 --> 00:35:36,359
about the uh Denby like yeah the

955
00:35:41,150 --> 00:35:38,460
situation the police were actually

956
00:35:43,430 --> 00:35:41,160
contacted by the family themselves and

957
00:35:45,230 --> 00:35:43,440
yeah they asked them you know do you

958
00:35:46,609 --> 00:35:45,240
know what this is they were shown the

959
00:35:48,829 --> 00:35:46,619
video

960
00:35:50,870 --> 00:35:48,839
you know they were informed about what

961
00:35:54,170 --> 00:35:50,880
had happened

962
00:35:56,630 --> 00:35:54,180
um they radioed I think some office that

963
00:35:58,069 --> 00:35:56,640

they they have contact with you know um

964

00:35:59,870 --> 00:35:58,079

were there any helicopters out that

965

00:36:01,910 --> 00:35:59,880

night did anybody fly something that

966

00:36:04,550 --> 00:36:01,920

night and they confirmed no

967

00:36:06,589 --> 00:36:04,560

there's nothing up that night uh they

968

00:36:08,569 --> 00:36:06,599

just put the um

969

00:36:11,390 --> 00:36:08,579

the video down to nothing more than

970

00:36:13,609 --> 00:36:11,400

Ramblers which in our country is people

971

00:36:15,470 --> 00:36:13,619

walking the countryside at night

972

00:36:17,329 --> 00:36:15,480

you know get people who like to walk the

973

00:36:19,250 --> 00:36:17,339

countryside because we've got a lot of

974

00:36:22,069 --> 00:36:19,260

lovely mountains and walk you know

975

00:36:23,569 --> 00:36:22,079

famous Trails here but uh I don't know

976

00:36:24,710 --> 00:36:23,579

why would they would say that but I

977

00:36:27,710 --> 00:36:24,720

guess they were just looking for any

978

00:36:30,050 --> 00:36:27,720

excuse I have tried to um get that

979

00:36:31,849 --> 00:36:30,060

report from the police you know I even

980

00:36:33,710 --> 00:36:31,859

filed another foia request but there's a

981

00:36:35,270 --> 00:36:33,720

lot of data protection laws around it so

982

00:36:37,550 --> 00:36:35,280

I'll probably get my hands on it

983

00:36:39,410 --> 00:36:37,560

sometime but you know but they were

984

00:36:40,370 --> 00:36:39,420

contacted they said it was Ramblers you

985

00:36:42,589 --> 00:36:40,380

know and that was about as far as they

986

00:36:44,030 --> 00:36:42,599

went but at least

987

00:36:47,270 --> 00:36:44,040

um they confirmed there was no aircraft

988

00:36:50,030 --> 00:36:47,280

there at the time right getting back to

989

00:36:52,730 --> 00:36:50,040

the pen test how how do you pronounce

990

00:36:55,910 --> 00:36:52,740

that and Turk to say pen and Turk you

991

00:36:56,690 --> 00:36:55,920

know like turkey getting back to that

992

00:37:00,470 --> 00:36:56,700

um

993

00:37:02,750 --> 00:37:00,480

since I spoke with Cass have there been

994

00:37:06,170 --> 00:37:02,760

more witnesses that actually came

995

00:37:07,730 --> 00:37:06,180

forward since that yes uh I don't know

996

00:37:09,770 --> 00:37:07,740

when exactly you spoke with Canada I

997

00:37:12,230 --> 00:37:09,780

think it was but we've had

998

00:37:14,870 --> 00:37:12,240

at least three three new Witnesses we've

999

00:37:17,270 --> 00:37:14,880

got about maybe 10 or 12 now

1000

00:37:19,130 --> 00:37:17,280

but only so many are willing to go

1001
00:37:22,010 --> 00:37:19,140
publicly or at least allow us to release

1002
00:37:25,190 --> 00:37:22,020
some sort of uh recording of themselves

1003
00:37:27,950 --> 00:37:25,200
we've got a Mark Morris uh Jacob Coleman

1004
00:37:30,470 --> 00:37:27,960
they both saw the green objects

1005
00:37:32,510 --> 00:37:30,480
the helicopters were chasing

1006
00:37:34,970 --> 00:37:32,520
um some very interesting things from

1007
00:37:36,109 --> 00:37:34,980
Jacob he says he saw two Apaches you

1008
00:37:37,370 --> 00:37:36,119
know describes I guess you know this is

1009
00:37:38,810 --> 00:37:37,380
the green object let's see this is the

1010
00:37:41,210 --> 00:37:38,820
green object here there are two Apaches

1011
00:37:42,410 --> 00:37:41,220
looking right at it locked onto it with

1012
00:37:44,510 --> 00:37:42,420
their weapons you can clearly see

1013
00:37:45,770 --> 00:37:44,520

they're armed and it's like you know he

1014

00:37:47,089 --> 00:37:45,780

can see them just all over the area

1015

00:37:49,670 --> 00:37:47,099

where the green went we know something

1016

00:37:52,790 --> 00:37:49,680

had been shot down

1017

00:37:54,050 --> 00:37:52,800

um Jacob Coleman no sorry uh Mark Morris

1018

00:37:56,270 --> 00:37:54,060

says he saw

1019

00:37:58,430 --> 00:37:56,280

two red two green orbs they were like

1020

00:38:00,589 --> 00:37:58,440

moving like this and moving in and out

1021

00:38:03,470 --> 00:38:00,599

of each other shining some sign of light

1022

00:38:05,210 --> 00:38:03,480

around the area like they were trying to

1023

00:38:07,550 --> 00:38:05,220

I don't know how you describe it but he

1024

00:38:08,990 --> 00:38:07,560

said it was very unusual they would like

1025

00:38:10,310 --> 00:38:09,000

they would just like they were signaling

1026

00:38:11,930 --> 00:38:10,320

or something

1027

00:38:13,430 --> 00:38:11,940

um no noise from either of these objects

1028

00:38:16,310 --> 00:38:13,440

again

1029

00:38:18,530 --> 00:38:16,320

um and we've had someone who spoke to

1030

00:38:20,930 --> 00:38:18,540

cats who up our website you know the

1031

00:38:23,210 --> 00:38:20,940

where you can contact safely you know

1032

00:38:25,609 --> 00:38:23,220

contact us safely he and a friend were

1033

00:38:27,050 --> 00:38:25,619

actually camping in or uh the Woodside

1034

00:38:29,089 --> 00:38:27,060

night they're outdoor people they like

1035

00:38:32,030 --> 00:38:29,099

to do survival stuff and all that

1036

00:38:33,890 --> 00:38:32,040

and they hit her the bang they went down

1037

00:38:35,569 --> 00:38:33,900

to the area to look around and they saw

1038

00:38:38,750 --> 00:38:35,579

that the military

1039

00:38:41,030 --> 00:38:38,760

were actually uh like some people in

1040

00:38:42,650 --> 00:38:41,040

white hazmat suits as well approaching

1041

00:38:45,230 --> 00:38:42,660

an object that it hits some trees which

1042

00:38:47,569 --> 00:38:45,240

we now identify as the crash site and

1043

00:38:49,069 --> 00:38:47,579

they were watching quietly and when they

1044

00:38:51,710 --> 00:38:49,079

thought oh you know it's the military

1045

00:38:53,089 --> 00:38:51,720

it's fine I don't know why they decided

1046

00:38:55,010 --> 00:38:53,099

to step out and as soon as they stepped

1047

00:38:57,290 --> 00:38:55,020

out they grabbed them put him in a car

1048

00:38:59,569 --> 00:38:57,300

took their phones off them deleted all

1049

00:39:00,710 --> 00:38:59,579

the information and left told the never

1050

00:39:02,450 --> 00:39:00,720

to go back

1051

00:39:04,730 --> 00:39:02,460

now we've just recently put all that

1052

00:39:06,710 --> 00:39:04,740

information on the pentuck UFO website

1053

00:39:09,109 --> 00:39:06,720

YouTube page it's all there you can see

1054

00:39:10,790 --> 00:39:09,119

it you know we've got a lot of new

1055

00:39:11,750 --> 00:39:10,800

evidence now we're hopefully gonna get

1056

00:39:15,650 --> 00:39:11,760

some more

1057

00:39:18,230 --> 00:39:15,660

now as far as now what are people afraid

1058

00:39:20,150 --> 00:39:18,240

of I I understand at the time it sounds

1059

00:39:23,210 --> 00:39:20,160

like there were some more or less

1060

00:39:26,150 --> 00:39:23,220

threats going on but why are people

1061

00:39:27,950 --> 00:39:26,160

afraid now they're to talk about it

1062

00:39:29,870 --> 00:39:27,960

ridicule

1063

00:39:31,910 --> 00:39:29,880

some people got some of the witnesses

1064

00:39:33,470 --> 00:39:31,920

have got family members they're they're

1065

00:39:35,750 --> 00:39:33,480

not going to jeopardize their safety

1066

00:39:37,190 --> 00:39:35,760

over just because uh

1067

00:39:38,870 --> 00:39:37,200

you know there might be some people who

1068

00:39:40,370 --> 00:39:38,880

might take it the wrong way I don't know

1069

00:39:42,290 --> 00:39:40,380

you know they got their personal and

1070

00:39:45,290 --> 00:39:42,300

security reasons as well so family

1071

00:39:47,210 --> 00:39:45,300

reasons uh some of these people do have

1072

00:39:49,670 --> 00:39:47,220

you know some very

1073

00:39:52,069 --> 00:39:49,680

uh what can I say you know that their

1074

00:39:54,109 --> 00:39:52,079

jobs you know are very um specific you

1075

00:39:55,910 --> 00:39:54,119

know I think some you know they they

1076

00:39:57,470 --> 00:39:55,920

can't you know they have very high

1077

00:39:59,030 --> 00:39:57,480

profile kind of jobs in their

1078

00:40:01,069 --> 00:39:59,040

professions and

1079

00:40:03,290 --> 00:40:01,079

you know they don't want to risk losing

1080

00:40:04,670 --> 00:40:03,300

that maybe if someone were to find out

1081

00:40:06,589 --> 00:40:04,680

they

1082

00:40:08,270 --> 00:40:06,599

witness the UFO event because there's a

1083

00:40:09,829 --> 00:40:08,280

lot of ridicule and stigma around this

1084

00:40:11,210 --> 00:40:09,839

case still even though we're you know

1085

00:40:13,569 --> 00:40:11,220

we're sort of getting around all that

1086

00:40:16,310 --> 00:40:13,579

but yeah yeah

1087

00:40:18,670 --> 00:40:16,320

isn't this sort of in a rural area do I

1088

00:40:20,870 --> 00:40:18,680

have that wrong

1089

00:40:22,910 --> 00:40:20,880

yeah it's like a it's like a country

1090

00:40:25,730 --> 00:40:22,920

area you know sort of like a farm

1091

00:40:27,050 --> 00:40:25,740

Farmland Countryside kind of area yeah I

1092

00:40:30,370 --> 00:40:27,060

mean I wouldn't picture that there'd be

1093

00:40:32,569 --> 00:40:30,380

a lot of people with an important

1094

00:40:34,190 --> 00:40:32,579

you know it's not real like you know if

1095

00:40:35,930 --> 00:40:34,200

you like a house your house there it's a

1096

00:40:36,829 --> 00:40:35,940

town you know it's a small town like a

1097

00:40:38,450 --> 00:40:36,839

village

1098

00:40:40,790 --> 00:40:38,460

that sort of thing

1099

00:40:43,190 --> 00:40:40,800

because Clark has come under a lower

1100

00:40:44,510 --> 00:40:43,200

stick even the family up in North Wales

1101
00:40:47,930 --> 00:40:44,520
you know if you want to go back to this

1102
00:40:49,130 --> 00:40:47,940
I mean they they Nathan in particular I

1103
00:40:51,710 --> 00:40:49,140
mean

1104
00:40:54,109 --> 00:40:51,720
these all these people have done is

1105
00:40:56,210 --> 00:40:54,119
attack him for doing what what the hell

1106
00:40:58,490 --> 00:40:56,220
has he done wrong he gave you a video of

1107
00:41:00,470 --> 00:40:58,500
something incredible

1108
00:41:02,089 --> 00:41:00,480
try to share it with you you know we've

1109
00:41:04,609 --> 00:41:02,099
put all the evidence for all this

1110
00:41:07,130 --> 00:41:04,619
evidence together you're going back to

1111
00:41:08,510 --> 00:41:07,140
the Demby lights yeah

1112
00:41:09,349 --> 00:41:08,520
um I was just going to say because Kaz

1113
00:41:10,849 --> 00:41:09,359

Clark

1114

00:41:12,410 --> 00:41:10,859

has come under a lot of stick and a lot

1115

00:41:13,250 --> 00:41:12,420

of fire for what she's done right come

1116

00:41:14,810 --> 00:41:13,260

public

1117

00:41:16,490 --> 00:41:14,820

and because the other Witnesses have

1118

00:41:18,710 --> 00:41:16,500

gone public as well it's there's just so

1119

00:41:22,550 --> 00:41:18,720

much backlash and so much hatred and

1120

00:41:23,870 --> 00:41:22,560

it's like why you know I mean aren't we

1121

00:41:25,670 --> 00:41:23,880

now getting to the point where we're

1122

00:41:28,609 --> 00:41:25,680

accepting this as a reality rather than

1123

00:41:30,530 --> 00:41:28,619

something that needs to be constantly

1124

00:41:32,450 --> 00:41:30,540

you know bashed and ridiculed all the

1125

00:41:35,030 --> 00:41:32,460

time it's yeah that's one of the things

1126
00:41:38,510 --> 00:41:35,040
that's one of the things it almost seems

1127
00:41:40,069 --> 00:41:38,520
to me that people are looking to bash in

1128
00:41:42,050 --> 00:41:40,079
any circumstance

1129
00:41:44,990 --> 00:41:42,060
you know like one side or another or

1130
00:41:46,250 --> 00:41:45,000
black and white or whatever it is uh so

1131
00:41:48,589 --> 00:41:46,260
in this case

1132
00:41:50,329 --> 00:41:48,599
um I understand where he's going uh were

1133
00:41:51,710 --> 00:41:50,339
there any electric wires up there on the

1134
00:41:53,030 --> 00:41:51,720
hill

1135
00:41:56,690 --> 00:41:53,040
uh

1136
00:41:58,310 --> 00:41:56,700
there are electrical wires around there

1137
00:41:59,990 --> 00:41:58,320
I did actually look for electrical

1138
00:42:01,910 --> 00:42:00,000

arcing in this

1139

00:42:04,490 --> 00:42:01,920

yeah there's no electrical arcing that

1140

00:42:06,650 --> 00:42:04,500

in the images that I no no you know like

1141

00:42:09,470 --> 00:42:06,660

a Transformer or anything I should point

1142

00:42:10,849 --> 00:42:09,480

out as well that I um the family uh

1143

00:42:12,650 --> 00:42:10,859

certain that

1144

00:42:20,810 --> 00:42:12,660

the

1145

00:42:29,150 --> 00:42:23,510

oh yeah it just went off

1146

00:42:29,160 --> 00:42:33,829

so can you repeat what you just said

1147

00:42:38,150 --> 00:42:36,050

yeah um I was just saying the family

1148

00:42:40,550 --> 00:42:38,160

think or they're very certain that the

1149

00:42:43,069 --> 00:42:40,560

object was a lot closer than actually

1150

00:42:44,569 --> 00:42:43,079

where you know the hill is up there

1151
00:42:46,370 --> 00:42:44,579
because one of the things I do in the

1152
00:42:49,130 --> 00:42:46,380
documentary and I describe it in the

1153
00:42:50,569 --> 00:42:49,140
book also is I try to see the left and

1154
00:42:51,950 --> 00:42:50,579
right side of the lights you know the

1155
00:42:53,750 --> 00:42:51,960
furthest points of where the lights are

1156
00:42:56,270 --> 00:42:53,760
you know you're thinking that that's the

1157
00:42:58,010 --> 00:42:56,280
end of the object there you know and I

1158
00:42:59,630 --> 00:42:58,020
think okay if I can line up that one and

1159
00:43:02,210 --> 00:42:59,640
line up that one with the image and then

1160
00:43:04,250 --> 00:43:02,220
put it on the you know the Google Earth

1161
00:43:06,349 --> 00:43:04,260
and just see how far apart they are and

1162
00:43:08,630 --> 00:43:06,359
we can get an idea of maybe how big this

1163
00:43:11,030 --> 00:43:08,640

thing is in diameter

1164

00:43:13,250 --> 00:43:11,040

um they're certain it's around the

1165

00:43:15,710 --> 00:43:13,260

football field area a place called Kai

1166

00:43:16,849 --> 00:43:15,720

Howell it's just not too far away from

1167

00:43:18,829 --> 00:43:16,859

where they live

1168

00:43:20,450 --> 00:43:18,839

and that would be consistent with what

1169

00:43:22,309 --> 00:43:20,460

I've done with my analysis in this that

1170

00:43:23,809 --> 00:43:22,319

this thing's probably about 60 70 feet

1171

00:43:25,490 --> 00:43:23,819

wide

1172

00:43:27,410 --> 00:43:25,500

and um

1173

00:43:29,450 --> 00:43:27,420

if it was up on the hill if the lights

1174

00:43:31,190 --> 00:43:29,460

are that hill and it is some sort of

1175

00:43:33,650 --> 00:43:31,200

disc object Maybe

1176

00:43:35,210 --> 00:43:33,660

it's uh it would have to be maybe three

1177

00:43:36,950 --> 00:43:35,220

four hundred feet wide and I don't think

1178

00:43:37,970 --> 00:43:36,960

it was that big at all you know it just

1179

00:43:39,770 --> 00:43:37,980

doesn't

1180

00:43:42,349 --> 00:43:39,780

and they are certainly was a lot closer

1181

00:43:44,270 --> 00:43:42,359

and I you know I I checked for

1182

00:43:46,250 --> 00:43:44,280

electrical arcing electrical wires and

1183

00:43:47,990 --> 00:43:46,260

all that stuff planes fireworks

1184

00:43:50,750 --> 00:43:48,000

sparklers

1185

00:43:52,730 --> 00:43:50,760

lightning storms you know there's just

1186

00:43:55,670 --> 00:43:52,740

nothing that will explain it

1187

00:43:58,130 --> 00:43:55,680

uh you know this uh a person's also

1188

00:44:00,950 --> 00:43:58,140

saying uh you know this video shows a

1189

00:44:03,109 --> 00:44:00,960

fireball moving along the power lines uh

1190

00:44:06,050 --> 00:44:03,119

I'm you know I mean he's trying to get

1191

00:44:08,329 --> 00:44:06,060

at the point where uh but you've you've

1192

00:44:10,609 --> 00:44:08,339

gone over any possibility of this type

1193

00:44:13,250 --> 00:44:10,619

of situation I've looked at everything I

1194

00:44:14,569 --> 00:44:13,260

don't know if he's describing a fireball

1195

00:44:15,890 --> 00:44:14,579

along a power line I'd like to know

1196

00:44:17,510 --> 00:44:15,900

where the power line is because there's

1197

00:44:19,670 --> 00:44:17,520

not many power lines that run along that

1198

00:44:21,109 --> 00:44:19,680

area there's a big road that runs up to

1199

00:44:25,190 --> 00:44:21,119

the farm there and I've been on the site

1200

00:44:27,530 --> 00:44:25,200

myself on two occasions and

1201

00:44:30,109 --> 00:44:27,540

um you know it's it's not in that area

1202

00:44:32,390 --> 00:44:30,119

it's it's more

1203

00:44:34,190 --> 00:44:32,400

Central and it's in line with the wooded

1204

00:44:36,530 --> 00:44:34,200

area rather than you know the power

1205

00:44:38,809 --> 00:44:36,540

lines as he's describing I think at the

1206

00:44:41,210 --> 00:44:38,819

end I'm gonna run that uh the video clip

1207

00:44:42,650 --> 00:44:41,220

one more time so people can see you know

1208

00:44:45,290 --> 00:44:42,660

there's a little bit of footage there I

1209

00:44:46,550 --> 00:44:45,300

mean I can't just talk about uh

1210

00:44:47,930 --> 00:44:46,560

something else that seems to be

1211

00:44:49,450 --> 00:44:47,940

consistent with all these interesting

1212

00:44:51,950 --> 00:44:49,460

UFO sightings

1213

00:44:54,309 --> 00:44:51,960

they run along what some people would

1214

00:44:57,050 --> 00:44:54,319

call Ley lines you know

1215

00:44:58,790 --> 00:44:57,060

the Earth has like these you know these

1216

00:45:00,410 --> 00:44:58,800

lines of energy that go through in

1217

00:45:02,510 --> 00:45:00,420

certain directions and then they meet at

1218

00:45:03,950 --> 00:45:02,520

certain points you know like six Central

1219

00:45:06,470 --> 00:45:03,960

points

1220

00:45:09,050 --> 00:45:06,480

well a lot of the UFO cases in Wales

1221

00:45:11,930 --> 00:45:09,060

seem to have a

1222

00:45:13,670 --> 00:45:11,940

the actual events seem to happen along

1223

00:45:15,410 --> 00:45:13,680

them lines you know with Denby is and

1224

00:45:16,910 --> 00:45:15,420

where Bearwood mountain is and where

1225

00:45:18,710 --> 00:45:16,920

Khan Academy there's those cases I just

1226
00:45:20,210 --> 00:45:18,720
mentioned the bullet shaped one they all

1227
00:45:22,010 --> 00:45:20,220
run along a Leyland that goes along

1228
00:45:23,089 --> 00:45:22,020
North Wales there

1229
00:45:24,589 --> 00:45:23,099
um there's another one that comes down

1230
00:45:27,230 --> 00:45:24,599
to the South which runs along the side

1231
00:45:29,210 --> 00:45:27,240
of pen Turk and you know we've got other

1232
00:45:31,010 --> 00:45:29,220
famous sites here like the rendelstrom

1233
00:45:33,290 --> 00:45:31,020
forest one uh there was another one in

1234
00:45:34,190 --> 00:45:33,300
Wills for Nottingham and Sheffield and

1235
00:45:36,170 --> 00:45:34,200
all that

1236
00:45:37,849 --> 00:45:36,180
Scotland way and they all run along

1237
00:45:40,370 --> 00:45:37,859
where these lines are where they're

1238
00:45:42,050 --> 00:45:40,380

supposed to run along anyway I just find

1239

00:45:45,650 --> 00:45:42,060

that really interesting because that to

1240

00:45:47,210 --> 00:45:45,660

me suggests there's some connection and

1241

00:45:48,950 --> 00:45:47,220

I would just like to point out as well

1242

00:45:51,890 --> 00:45:48,960

it always seems to be this this thing

1243

00:45:53,690 --> 00:45:51,900

about cutting down trees and

1244

00:45:55,190 --> 00:45:53,700

tripping away or digging up soil

1245

00:45:57,829 --> 00:45:55,200

depending on where I guess they are

1246

00:45:59,390 --> 00:45:57,839

there's a Woods up there where you say

1247

00:46:02,569 --> 00:45:59,400

the woods are quite I think it's called

1248

00:46:05,270 --> 00:46:02,579

crack uh Christ melwoods I guess how you

1249

00:46:07,490 --> 00:46:05,280

pronounce it it's very unusual name

1250

00:46:09,710 --> 00:46:07,500

um the trees just a couple of weeks

1251
00:46:10,370 --> 00:46:09,720
after it happened and we're all chopped

1252
00:46:11,990 --> 00:46:10,380
down

1253
00:46:13,730 --> 00:46:12,000
you know this area was a beautiful

1254
00:46:16,670 --> 00:46:13,740
wooded area it was a lovely scenery

1255
00:46:18,109 --> 00:46:16,680
place and uh Margaret Pritchard and

1256
00:46:20,870 --> 00:46:18,119
Linda Pritchard you know they're sisters

1257
00:46:22,849 --> 00:46:20,880
you know and Margaret is uh the sister

1258
00:46:25,010 --> 00:46:22,859
of Linda Linda obviously sword but

1259
00:46:26,329 --> 00:46:25,020
Margaret didn't but she let this on to

1260
00:46:27,829 --> 00:46:26,339
me she said well these were we were

1261
00:46:29,870 --> 00:46:27,839
walking the area I said well these were

1262
00:46:32,329 --> 00:46:29,880
all cut down just six weeks or so after

1263
00:46:33,290 --> 00:46:32,339

it and I contacted

1264

00:46:35,210 --> 00:46:33,300

um

1265

00:46:36,170 --> 00:46:35,220

whoever it is responsible for that piece

1266

00:46:37,670 --> 00:46:36,180

of land

1267

00:46:41,030 --> 00:46:37,680

and they couldn't seem to give me an

1268

00:46:42,829 --> 00:46:41,040

answer but it obviously wasn't uh uh a

1269

00:46:44,750 --> 00:46:42,839

failing you know like a like a licensed

1270

00:46:47,510 --> 00:46:44,760

felon they just chopped the trees down

1271

00:46:51,170 --> 00:46:47,520

after the logs are still there even now

1272

00:46:53,750 --> 00:46:51,180

now the war the Warminster thing they

1273

00:46:56,750 --> 00:46:53,760

used to call it is that like hundreds of

1274

00:46:58,790 --> 00:46:56,760

miles away from from you

1275

00:47:02,450 --> 00:46:58,800

Warminster Will's fault I think I've

1276

00:47:04,609 --> 00:47:02,460

mentioned uh uh Warminster uh maybe I

1277

00:47:06,470 --> 00:47:04,619

have that wrong it was uh I had someone

1278

00:47:08,450 --> 00:47:06,480

on years ago that was talking about that

1279

00:47:13,809 --> 00:47:08,460

and I thought it was

1280

00:47:19,550 --> 00:47:16,970

okay all right well I'm sure there's uh

1281

00:47:22,609 --> 00:47:19,560

I think this is from back many years but

1282

00:47:23,990 --> 00:47:22,619

I'm not I don't remember the details on

1283

00:47:28,190 --> 00:47:24,000

it

1284

00:47:30,470 --> 00:47:28,200

anyway uh yeah I mean I I love these

1285

00:47:32,510 --> 00:47:30,480

these sightings in one area and it

1286

00:47:34,849 --> 00:47:32,520

doesn't make any sense you know I mean

1287

00:47:37,430 --> 00:47:34,859

anytime there's an area where there's a

1288

00:47:38,930 --> 00:47:37,440

lot of UFO sightings to me uh you know I

1289

00:47:41,870 --> 00:47:38,940

mean some of them are interesting

1290

00:47:43,910 --> 00:47:41,880

because there's something geological and

1291

00:47:44,809 --> 00:47:43,920

you're mentioning the Ley lines you know

1292

00:47:47,410 --> 00:47:44,819

that's

1293

00:47:49,569 --> 00:47:47,420

I guess you would call that a geological

1294

00:47:52,309 --> 00:47:49,579

anomaly or not

1295

00:47:54,349 --> 00:47:52,319

sorry I'm interrupt you uh there's

1296

00:47:56,870 --> 00:47:54,359

definitely a connection there I just

1297

00:47:58,609 --> 00:47:56,880

don't know what it is but if

1298

00:48:00,410 --> 00:47:58,619

if there's I mean there's there's

1299

00:48:02,329 --> 00:48:00,420

ancient structures there's Ley lines

1300

00:48:04,250 --> 00:48:02,339

mystical forests you know and all these

1301
00:48:06,710 --> 00:48:04,260
ancient tales of

1302
00:48:08,390 --> 00:48:06,720
very unusual things and they always seem

1303
00:48:10,309 --> 00:48:08,400
to happen on these you know the really

1304
00:48:11,930 --> 00:48:10,319
good UFO sites now where you know you

1305
00:48:15,230 --> 00:48:11,940
have really good Witnesses good evidence

1306
00:48:17,990 --> 00:48:15,240
and some some sort of craft that is uh

1307
00:48:20,870 --> 00:48:18,000
very unusual so

1308
00:48:23,450 --> 00:48:20,880
yeah yeah there's something to it

1309
00:48:25,370 --> 00:48:23,460
that's right so I'm gonna run the clip

1310
00:48:27,950 --> 00:48:25,380
one more time just for those uh people

1311
00:48:29,809 --> 00:48:27,960
who who uh didn't catch her just

1312
00:48:31,970 --> 00:48:29,819
watching part of the show or just

1313
00:48:37,670 --> 00:48:31,980

started joining us just now I'm gonna

1314

00:48:44,450 --> 00:48:40,550

well they're almost like fading and in

1315

00:48:46,550 --> 00:48:44,460

and fading out you know and also I did I

1316

00:48:49,130 --> 00:48:46,560

see blue blue lights as well I thought

1317

00:48:51,950 --> 00:48:49,140

it saw a blue light

1318

00:48:53,510 --> 00:48:51,960

is that my imagination no the lights are

1319

00:48:54,890 --> 00:48:53,520

kind of I guess it depends on how you

1320

00:48:56,809 --> 00:48:54,900

look at it I mean the lights are

1321

00:48:58,250 --> 00:48:56,819

definitely bluish and very white bright

1322

00:48:59,990 --> 00:48:58,260

kind of things

1323

00:49:02,210 --> 00:49:00,000

but it's just the way that they flash in

1324

00:49:03,589 --> 00:49:02,220

the way that they shim it I mean I I the

1325

00:49:05,150 --> 00:49:03,599

only way I can describe it it's like a

1326

00:49:06,790 --> 00:49:05,160

it's like a flash of lightning you know

1327

00:49:09,770 --> 00:49:06,800

but it's it's very

1328

00:49:12,589 --> 00:49:09,780

encapsulated within that area um or you

1329

00:49:15,710 --> 00:49:12,599

know focused in that area I meant to say

1330

00:49:17,630 --> 00:49:15,720

um I would I did actually try to get a

1331

00:49:20,510 --> 00:49:17,640

really good frame of it once and do a

1332

00:49:22,910 --> 00:49:20,520

real in-depth analysis on it um

1333

00:49:24,950 --> 00:49:22,920

I wish I had a picture but I mean I can

1334

00:49:28,970 --> 00:49:24,960

clearly see like triangular formations

1335

00:49:30,650 --> 00:49:28,980

in there and circular formations and

1336

00:49:33,290 --> 00:49:30,660

I find it quickly because I don't want

1337

00:49:36,170 --> 00:49:33,300

to take too much time on this

1338

00:49:38,569 --> 00:49:36,180

but I mean I did a real analysis of the

1339

00:49:40,670 --> 00:49:38,579

frame of some of the some of these uh do

1340

00:49:42,770 --> 00:49:40,680

anyone else uh that does that type of

1341

00:49:44,630 --> 00:49:42,780

work you know video analysis says have

1342

00:49:46,970 --> 00:49:44,640

other people looked at it try to figure

1343

00:49:48,829 --> 00:49:46,980

it out the only one I know besides you

1344

00:49:50,329 --> 00:49:48,839

know besides myself is Jason glees I

1345

00:49:51,829 --> 00:49:50,339

mean if anyone else would like to take a

1346

00:49:55,190 --> 00:49:51,839

look at it I mean what was happy to but

1347

00:49:56,630 --> 00:49:55,200

if you look at page 179 I mean

1348

00:49:58,910 --> 00:49:56,640

I don't know if you could say I mean I

1349

00:50:00,349 --> 00:49:58,920

highlight certain areas look yeah it

1350

00:50:02,510 --> 00:50:00,359

might not be it might not be so it might

1351

00:50:04,910 --> 00:50:02,520

not be so clear there but you can

1352

00:50:06,950 --> 00:50:04,920

clearly see on page 179 there's like two

1353

00:50:08,630 --> 00:50:06,960

blue lights then there's four lights and

1354

00:50:10,250 --> 00:50:08,640

there's like you can see the red light

1355

00:50:12,530 --> 00:50:10,260

on top again and there's like the

1356

00:50:14,329 --> 00:50:12,540

triangle formation and there's like it's

1357

00:50:15,710 --> 00:50:14,339

almost like it's like in a lampshade in

1358

00:50:16,910 --> 00:50:15,720

something I can only describe it like a

1359

00:50:18,710 --> 00:50:16,920

lampshade effect you know what I mean

1360

00:50:19,910 --> 00:50:18,720

like it's like it's coming from like you

1361

00:50:21,950 --> 00:50:19,920

ever seen like a traffic light and you

1362

00:50:24,710 --> 00:50:21,960

get those like cones that keep the light

1363

00:50:26,510 --> 00:50:24,720

inside the the plastic outline like you

1364

00:50:29,150 --> 00:50:26,520

know the plastic thing on top of it it's

1365

00:50:31,069 --> 00:50:29,160

kind of like that yeah so yeah describe

1366

00:50:33,470 --> 00:50:31,079

it yeah that does kind of look something

1367

00:50:35,329 --> 00:50:33,480

like that yeah well excellent thank you

1368

00:50:36,710 --> 00:50:35,339

so much and uh it's time for you to go

1369

00:50:39,890 --> 00:50:36,720

to bed

1370

00:50:41,630 --> 00:50:39,900

but I really appreciate uh it's just

1371

00:50:43,309 --> 00:50:41,640

about 1am there for you I really do

1372

00:50:45,890 --> 00:50:43,319

appreciate you uh joining us trying to

1373

00:50:47,870 --> 00:50:45,900

say one thing I mean I'm just going to

1374

00:50:50,450 --> 00:50:47,880

London tomorrow I know you don't mind me

1375

00:50:52,849 --> 00:50:50,460

saying this but yeah I mean I know and I

1376
00:50:54,470 --> 00:50:52,859
know in America you're having uh this

1377
00:50:55,970 --> 00:50:54,480
this family so we're going to the school

1378
00:50:57,470 --> 00:50:55,980
boards about you know this new sex

1379
00:50:59,870 --> 00:50:57,480
curriculum thing that they're putting

1380
00:51:02,329 --> 00:50:59,880
through you've heard about that

1381
00:51:03,829 --> 00:51:02,339
um no but go ahead yeah well there's a

1382
00:51:05,690 --> 00:51:03,839
group over here called Public Child

1383
00:51:07,190 --> 00:51:05,700
Protection whales who are taking the

1384
00:51:08,750 --> 00:51:07,200
Welsh government to call my Welsh

1385
00:51:09,950 --> 00:51:08,760
government to court because they're

1386
00:51:12,589 --> 00:51:09,960
trying to introduce or they are

1387
00:51:14,870 --> 00:51:12,599
introducing a very highly sexualized SEC

1388
00:51:16,790 --> 00:51:14,880

you know curriculum which is

1389

00:51:18,710 --> 00:51:16,800

well let's just say it's not good for

1390

00:51:20,089 --> 00:51:18,720

children and it's not age appropriate at

1391

00:51:21,290 --> 00:51:20,099

all and they're going to London

1392

00:51:23,089 --> 00:51:21,300

Parliament square and they're going to

1393

00:51:24,410 --> 00:51:23,099

raise awareness they've got a fundraiser

1394

00:51:26,750 --> 00:51:24,420

going on because they need to raise

1395

00:51:28,190 --> 00:51:26,760

money for the court fees it's in appeal

1396

00:51:29,450 --> 00:51:28,200

right now but they're really putting up

1397

00:51:31,309 --> 00:51:29,460

a good effort and I just think you know

1398

00:51:32,990 --> 00:51:31,319

for anyone who's a parent or anyone

1399

00:51:34,130 --> 00:51:33,000

who's got children in school having

1400

00:51:35,930 --> 00:51:34,140

trouble with this you might want to look

1401
00:51:37,790 --> 00:51:35,940
at that so I just wanted to mention that

1402
00:51:40,010 --> 00:51:37,800
I hope you don't mind yeah that's fine

1403
00:51:42,829 --> 00:51:40,020
all right you take care now thank you

1404
00:51:45,589 --> 00:51:42,839
and good luck with the book all right

1405
00:51:48,230 --> 00:51:45,599
all right everyone so we will be back uh

1406
00:51:50,569 --> 00:51:48,240
next week with uh Chrissy Newton and I

1407
00:51:52,430 --> 00:51:50,579
want to thank you all very much for uh

1408
00:51:54,410 --> 00:51:52,440
hanging out with us tonight and we'll

1409
00:51:54,870 --> 00:51:54,420
see you next week Keep Your Eyes to the

1410
00:52:06,130 --> 00:51:54,880
Sky
