#558

1
00:00:01,920 --> 00:00:08,920
foreign

2
00:00:47,590 --> 00:00:18,060
[Music]

3
00:00:53,450 --> 00:00:50,389
Wilshire host and we have a great guest

4
00:00:55,850 --> 00:00:53,460
on our show tonight Christy Newton and

5
00:00:57,770 --> 00:00:55,860
it's funny I met uh Well Chrissy threw

6
00:00:59,990 --> 00:00:57,780
emails and I think we talked on the

7
00:01:02,770 --> 00:01:00,000
phone a couple of times the last several

8
00:01:06,590 --> 00:01:02,780
years she's gotten us some great guests

9
00:01:09,890 --> 00:01:06,600
in the UFO world and I always knew her

10
00:01:13,789 --> 00:01:09,900
as a publicist that had really great UFO

11
00:01:15,410 --> 00:01:13,799
uh guests for engaging in this topic

12
00:01:18,530 --> 00:01:15,420
and then all of a sudden I saw a little

13
00:01:21,530 --> 00:01:18,540

while ago what what Chrissy's speaking

14

00:01:24,350 --> 00:01:21,540
somewhere and uh so I I didn't even know

15

00:01:27,770 --> 00:01:24,360
her well enough to know that she had a

16

00:01:30,590 --> 00:01:27,780
lifelong interest in this topic so uh

17

00:01:32,630 --> 00:01:30,600
we'll be talking about that and our blog

18

00:01:34,910 --> 00:01:32,640
from Charles Lear the author of The

19

00:01:37,429 --> 00:01:34,920
Flying Saucer invest Flying Saucer

20

00:01:40,010 --> 00:01:37,439
investigators he does our blog for us

21

00:01:43,730 --> 00:01:40,020
every week along with an audio blog this

22

00:01:47,569 --> 00:01:43,740
week is James W Mosley's considers a UFO

23

00:01:49,609 --> 00:01:47,579
crash story in 1955.

24

00:01:52,130 --> 00:01:49,619
um you know besides Roswell you wouldn't

25

00:01:54,469 --> 00:01:52,140
hear too much about that at all as a

26
00:01:57,830 --> 00:01:54,479
matter of fact Roswell that supposed

27
00:01:59,569 --> 00:01:57,840
Crasher whatever really happened it kind

28
00:02:01,010 --> 00:01:59,579
of went away real quickly within the

29
00:02:03,770 --> 00:02:01,020
next couple of days and a lot of people

30
00:02:05,510 --> 00:02:03,780
never heard about it until uh 1980 I

31
00:02:07,910 --> 00:02:05,520
believe it was something like that when

32
00:02:12,410 --> 00:02:07,920
uh Stanton Friedman uncovered the story

33
00:02:13,910 --> 00:02:12,420
uh but anyway so James Mosley was a UFO

34
00:02:17,089 --> 00:02:13,920
investigator all the way back in the

35
00:02:19,729 --> 00:02:17,099
1950s he died in 1912 another really

36
00:02:23,089 --> 00:02:19,739
good blog by Charles check that out on

37
00:02:25,070 --> 00:02:23,099
our website which is podcast ufo.com

38
00:02:27,530 --> 00:02:25,080

if you'd like to support the show anyone

39

00:02:29,690 --> 00:02:27,540

can for just a couple dollars or more

40

00:02:31,690 --> 00:02:29,700

per month on patreon that link is right

41

00:02:33,949 --> 00:02:31,700

on our website podcast

42

00:02:36,229 --> 00:02:33,959

ufo.com and if you support the show

43

00:02:38,570 --> 00:02:36,239

already thank you very much and we do

44

00:02:40,850 --> 00:02:38,580

appreciate every listener and Watcher of

45

00:02:42,949 --> 00:02:40,860

these YouTube programs and I'm going to

46

00:02:45,589 --> 00:02:42,959

bring in my guest now Chrissy welcome to

47

00:02:47,330 --> 00:02:45,599

the show hey good to see you Martin yeah

48

00:02:49,610 --> 00:02:47,340

I was uh you know you must have heard me

49

00:02:51,470 --> 00:02:49,620

talking and I I was kind of like hey

50

00:02:54,170 --> 00:02:51,480

wait a minute she's out there talking

51
00:02:57,650 --> 00:02:54,180
about UFOs hold on she's the one who's

52
00:02:59,690 --> 00:02:57,660
getting all these guests so anyway uh so

53
00:03:02,030 --> 00:02:59,700
let's let's hear the story you you had

54
00:03:04,089 --> 00:03:02,040
an interest uh for a long time in this

55
00:03:07,729 --> 00:03:04,099
topic yeah since I've been a little girl

56
00:03:09,949 --> 00:03:07,739
my dad had a major UFO sighting with a

57
00:03:12,589 --> 00:03:09,959
group of people uh I believe it was like

58
00:03:15,350 --> 00:03:12,599
later 70s early 80s he was pretty young

59
00:03:17,570 --> 00:03:15,360
he was a teenager and he had a mass

60
00:03:19,490 --> 00:03:17,580
sighting well for him I guess it was it

61
00:03:21,649 --> 00:03:19,500
was five people I believe in a context

62
00:03:24,410 --> 00:03:21,659
of a mass sighting but a group sighting

63
00:03:28,369 --> 00:03:24,420

in just Northern Ontario he ended up

64
00:03:30,710 --> 00:03:28,379
seeing a UFO like a disc shape UFO going

65
00:03:33,350 --> 00:03:30,720
up near the highway near 401 I believe

66
00:03:34,790 --> 00:03:33,360
and going up north to a cottage and this

67
00:03:36,949 --> 00:03:34,800
UFO ended up they ended up kind of like

68
00:03:39,410 --> 00:03:36,959
following it for a couple hours but then

69
00:03:41,030 --> 00:03:39,420
when they pulled over they saw the UFO

70
00:03:45,110 --> 00:03:41,040
and they actually flashed their lights

71
00:03:47,449 --> 00:03:45,120
at it in the UFO flashback so my dad you

72
00:03:49,070 --> 00:03:47,459
know from from that point on obviously

73
00:03:51,110 --> 00:03:49,080
was like something's going on and then

74
00:03:52,729 --> 00:03:51,120
he took his scope they had like a they

75
00:03:54,110 --> 00:03:52,739
had a rifle so what he ended up doing

76

00:03:55,070 --> 00:03:54,120
was taking out the rifle and they

77

00:03:57,170 --> 00:03:55,080
weren't hunting they were doing

78

00:04:00,350 --> 00:03:57,180
something from don't ask me what but

79

00:04:01,970 --> 00:04:00,360
nothing illegal but um anyway there's a

80

00:04:04,190 --> 00:04:01,980
scope on the on the gun and they ended

81

00:04:07,009 --> 00:04:04,200
up looking at it and the UFO ended up

82

00:04:08,570 --> 00:04:07,019
taking off down the highway and so you

83

00:04:11,990 --> 00:04:08,580
know almost like it almost like it

84

00:04:13,910 --> 00:04:12,000
detected a uh a gun aiming at it yeah

85

00:04:15,770 --> 00:04:13,920
sorry yeah it was a gun it was a rifle

86

00:04:17,030 --> 00:04:15,780
with a scope on the gun but they were

87

00:04:18,949 --> 00:04:17,040
just looking at it through the scope

88

00:04:20,569 --> 00:04:18,959

yeah yeah they weren't gonna harm it in

89

00:04:22,370 --> 00:04:20,579

any way but but they and they didn't

90

00:04:24,409 --> 00:04:22,380

shoot at it but what happened was the

91

00:04:26,330 --> 00:04:24,419

UFO record organized it or saw some kind

92

00:04:28,310 --> 00:04:26,340

of threat and then it identified it and

93

00:04:29,990 --> 00:04:28,320

like took off down the road once they

94

00:04:32,090 --> 00:04:30,000

put the rifle at it with the looked

95

00:04:34,670 --> 00:04:32,100

through the scope so this was going

96

00:04:37,310 --> 00:04:34,680

along a road above a road that's kind of

97

00:04:38,870 --> 00:04:37,320

bizarre yes my dad has a photo of it and

98

00:04:40,370 --> 00:04:38,880

when you see in the photo it's really

99

00:04:42,530 --> 00:04:40,380

great because you can see perspective

100

00:04:44,930 --> 00:04:42,540

right and it's on film so it's not as

101
00:04:47,330 --> 00:04:44,940
obviously as clear as we have HD now but

102
00:04:49,790 --> 00:04:47,340
the photo has it's a sun it kind of

103
00:04:52,310 --> 00:04:49,800
looks like the sun object but you see

104
00:04:55,010 --> 00:04:52,320
the light post but then you also see the

105
00:04:56,330 --> 00:04:55,020
the car tail lights that are red so you

106
00:04:58,790 --> 00:04:56,340
can see the perspective and they were

107
00:05:00,950 --> 00:04:58,800
really close to it my dad said it wasn't

108
00:05:03,290 --> 00:05:00,960
that big it was a small like little kids

109
00:05:05,450 --> 00:05:03,300
could fit into it and this is way before

110
00:05:07,370 --> 00:05:05,460
drone technology even though I believe

111
00:05:09,230 --> 00:05:07,380
they had some form of kind of drone

112
00:05:11,450 --> 00:05:09,240
technology then from what I've what I've

113
00:05:13,730 --> 00:05:11,460

known but Northern Ontario if they were

114

00:05:16,550 --> 00:05:13,740

testing it who knows he doesn't know if

115

00:05:18,350 --> 00:05:16,560

it was ET related his feel though that

116

00:05:21,890 --> 00:05:18,360

it was reconnaissance that's what he's

117

00:05:23,390 --> 00:05:21,900

told me my entire life he just said his

118

00:05:24,590 --> 00:05:23,400

Instinct said it was something from

119

00:05:26,629 --> 00:05:24,600

somewhere else and he said and I feel

120

00:05:27,890 --> 00:05:26,639

that it was observing us he's like but I

121

00:05:29,810 --> 00:05:27,900

don't know if anything was in it he's

122

00:05:32,510 --> 00:05:29,820

like but I think that it was maybe off

123

00:05:34,550 --> 00:05:32,520

Planet he had he had no idea but growing

124

00:05:36,469 --> 00:05:34,560

up my dad was always you know familiar

125

00:05:38,450 --> 00:05:36,479

with the UFO topic so he would think

126

00:05:40,189 --> 00:05:38,460

just through cultural feedback loops

127

00:05:41,689 --> 00:05:40,199

that obviously it's off world because

128

00:05:44,629 --> 00:05:41,699

that's what he always heard in like the

129

00:05:47,210 --> 00:05:44,639

80s and the 70s and before that but for

130

00:05:49,010 --> 00:05:47,220

his own experience you know he he said

131

00:05:50,810 --> 00:05:49,020

it was unbelievable and he showed me

132

00:05:53,090 --> 00:05:50,820

that photo when I was a little girl and

133

00:05:55,070 --> 00:05:53,100

it just all kind of went from there it

134

00:05:57,650 --> 00:05:55,080

sparked all this amazing interest in me

135

00:06:00,350 --> 00:05:57,660

and I've still loved it for that day

136

00:06:01,510 --> 00:06:00,360

since that day so yeah yeah

137

00:06:04,129 --> 00:06:01,520

um

138

00:06:06,409 --> 00:06:04,139

when you talk about the flashlight

139

00:06:09,350 --> 00:06:06,419

that's um You probably have looked into

140

00:06:12,050 --> 00:06:09,360

this because that's not unusual there's

141

00:06:14,210 --> 00:06:12,060

many times that people have done like a

142

00:06:16,850 --> 00:06:14,220

flashlight or flashing the lights and

143

00:06:21,230 --> 00:06:16,860

there's a reciprocal you know flashback

144

00:06:24,430 --> 00:06:21,240

and which is is pretty amazing to me and

145

00:06:26,809 --> 00:06:24,440

um even if there was drone technology

146

00:06:28,129 --> 00:06:26,819

would they have that on there or why

147

00:06:30,950 --> 00:06:28,139

would they have that on there if they

148

00:06:33,290 --> 00:06:30,960

did you know uh so uh you know it's

149

00:06:35,090 --> 00:06:33,300

really uh and back I'm gonna say this is

150

00:06:38,029 --> 00:06:35,100

probably the 70s is that what we're

151
00:06:40,730 --> 00:06:38,039
thinking back yeah yeah I believe he

152
00:06:44,270 --> 00:06:40,740
said to me the later 70s early 80s

153
00:06:46,129 --> 00:06:44,280
so it was in that Circa a time period so

154
00:06:48,050 --> 00:06:46,139
and and that was the same conversation

155
00:06:49,430 --> 00:06:48,060
we were having around Bob Lazar doesn't

156
00:06:51,290 --> 00:06:49,440
mean Bob Lazar is right and

157
00:06:53,749 --> 00:06:51,300
authenticating any of this stuff but

158
00:06:55,969 --> 00:06:53,759
it's interesting because my dad followed

159
00:06:58,430 --> 00:06:55,979
the Bulbasaur story for years too and we

160
00:07:00,290 --> 00:06:58,440
actually saw Bob Lazar speak together I

161
00:07:01,730 --> 00:07:00,300
believe in my early 20s at the UFO

162
00:07:03,529 --> 00:07:01,740
Congress and that was an interesting

163
00:07:05,930 --> 00:07:03,539

moment for both of us especially for my

164

00:07:07,670 --> 00:07:05,940

dad yeah well

165

00:07:10,490 --> 00:07:07,680

I don't want to get started on Bal

166

00:07:12,490 --> 00:07:10,500

Bazaar but I agree with you it's

167

00:07:15,110 --> 00:07:12,500

but but anyway

168

00:07:16,010 --> 00:07:15,120

I was there during that uh conference

169

00:07:23,809 --> 00:07:16,020

yeah

170

00:07:25,909 --> 00:07:23,819

story and that it was small and that it

171

00:07:28,610 --> 00:07:25,919

was going along the road that's also

172

00:07:30,770 --> 00:07:28,620

rather bizarre and

173

00:07:33,469 --> 00:07:30,780

um is your father still interested in

174

00:07:36,529 --> 00:07:33,479

this topic oh yeah 100 and what does he

175

00:07:39,230 --> 00:07:36,539

think about everything since uh 2017 in

176

00:07:41,749 --> 00:07:39,240

the New York Times well I think for him

177

00:07:43,730 --> 00:07:41,759

he's happy it's mainstream he still

178

00:07:45,950 --> 00:07:43,740

won't talk about his experience publicly

179

00:07:48,050 --> 00:07:45,960

because he's just I think the ridicule

180

00:07:49,430 --> 00:07:48,060

was so bad and he doesn't want any form

181

00:07:51,170 --> 00:07:49,440

of press he'll talk about it with

182

00:07:52,850 --> 00:07:51,180

friends and when people ask him but he

183

00:07:54,170 --> 00:07:52,860

doesn't want any he doesn't want to do

184

00:07:56,510 --> 00:07:54,180

publicity around it which I don't blame

185

00:07:57,650 --> 00:07:56,520

him my dad's a very private person but

186

00:07:59,809 --> 00:07:57,660

you know and he's like you can talk

187

00:08:01,670 --> 00:07:59,819

about it it's fine Chrissy but outside

188

00:08:05,210 --> 00:08:01,680

of that you know I think for him

189

00:08:06,589 --> 00:08:05,220

watching this unveil is amazing for him

190

00:08:08,450 --> 00:08:06,599

because he never thought that he'd be

191

00:08:09,890 --> 00:08:08,460

able to talk about it I think and people

192

00:08:11,749 --> 00:08:09,900

would actually really believe him

193

00:08:14,270 --> 00:08:11,759

outside of you know somebody that knows

194

00:08:16,730 --> 00:08:14,280

him so it's amazing and now what happens

195

00:08:18,589 --> 00:08:16,740

is he used to teach me so much and now

196

00:08:20,510 --> 00:08:18,599

it's reversing where you know I come

197

00:08:22,490 --> 00:08:20,520

home I just go visit them and I'm saying

198

00:08:24,170 --> 00:08:22,500

hey like this is who I'm talking to this

199

00:08:26,990 --> 00:08:24,180

is what I'm hearing this is what we're

200

00:08:28,730 --> 00:08:27,000

doing at the debrief you know he

201
00:08:29,809 --> 00:08:28,740
I think for him he's just like he always

202
00:08:32,630 --> 00:08:29,819
says this and I said this an interview

203
00:08:34,370 --> 00:08:32,640
before he recently he just goes wow like

204
00:08:36,589 --> 00:08:34,380
every time I come home where I tell him

205
00:08:38,870 --> 00:08:36,599
something he's like wow like it's so

206
00:08:41,449 --> 00:08:38,880
amazing to him and and I it's something

207
00:08:43,370 --> 00:08:41,459
special for me to be able to to keep

208
00:08:44,930 --> 00:08:43,380
talking about UFOs with him and with

209
00:08:48,949 --> 00:08:44,940
other people and have that shared

210
00:08:50,329 --> 00:08:48,959
experience and and hobby together right

211
00:08:52,550 --> 00:08:50,339
um I don't know if you caught the

212
00:08:54,949 --> 00:08:52,560
recently Gary Nolan I was trying to just

213
00:08:57,230 --> 00:08:54,959

find quickly where he was at

214

00:08:59,389 --> 00:08:57,240

um on the East Coast when he talked

215

00:09:00,710 --> 00:08:59,399

about when someone was asking questions

216

00:09:03,110 --> 00:09:00,720

about you know what do you think the

217

00:09:05,389 --> 00:09:03,120

possibility of um you know

218

00:09:07,550 --> 00:09:05,399

extraterrestrial life on this Earth did

219

00:09:09,350 --> 00:09:07,560

you happen to catch that yeah I saw a

220

00:09:11,810 --> 00:09:09,360

little clip of it that people were

221

00:09:13,930 --> 00:09:11,820

sharing on UFO Twitter so yeah yeah it's

222

00:09:16,370 --> 00:09:13,940

pretty amazing and he says 100

223

00:09:18,050 --> 00:09:16,380

you know that's his uh you know that's

224

00:09:20,150 --> 00:09:18,060

the probability and

225

00:09:22,430 --> 00:09:20,160

um I'm going to play that at some point

226

00:09:23,990 --> 00:09:22,440
um on this I'll link it to the show

227

00:09:26,509 --> 00:09:24,000
notes anyway so someone can watch that

228

00:09:28,850 --> 00:09:26,519
but it's really quite an amazing

229

00:09:30,710 --> 00:09:28,860
uh you know quite an amazing uh

230

00:09:32,870 --> 00:09:30,720
interview that he had there also he

231

00:09:35,810 --> 00:09:32,880
talks about you know the crash material

232

00:09:37,970 --> 00:09:35,820
that there you know that there is some

233

00:09:40,310 --> 00:09:37,980
somewhere you know being looked at

234

00:09:43,790 --> 00:09:40,320
supposedly you know and you know we'll

235

00:09:45,889 --> 00:09:43,800
see you know I I think uh well

236

00:09:47,449 --> 00:09:45,899
I'd like to find out more what you feel

237

00:09:50,509 --> 00:09:47,459
about you know this is kind of your your

238

00:09:52,790 --> 00:09:50,519

thing and and you know public relations

239

00:09:54,650 --> 00:09:52,800

what do you think about uh what's been

240

00:09:56,509 --> 00:09:54,660

happening in the last several years and

241

00:09:58,730 --> 00:09:56,519

how people are treating this compared to

242

00:10:01,190 --> 00:09:58,740

the way they used to that's such a big

243

00:10:03,590 --> 00:10:01,200

question because obviously in the past

244

00:10:06,889 --> 00:10:03,600

there was just so much ridicule and it

245

00:10:08,870 --> 00:10:06,899

was also run by entertainment and people

246

00:10:10,790 --> 00:10:08,880

you know making fun of it making light

247

00:10:12,530 --> 00:10:10,800

out of it and that's really changed and

248

00:10:15,350 --> 00:10:12,540

I think that's really wonderful like for

249

00:10:17,750 --> 00:10:15,360

myself you know I moved into this around

250

00:10:20,210 --> 00:10:17,760

2017 because I could I could actually

251

00:10:22,310 --> 00:10:20,220

use my skills and public relations to be

252

00:10:24,889 --> 00:10:22,320

able to contribute to something of Truth

253

00:10:26,630 --> 00:10:24,899

and transparency and an issue that I've

254

00:10:29,090 --> 00:10:26,640

been following for a really long time in

255

00:10:31,370 --> 00:10:29,100

a counterculture I'm part of so this was

256

00:10:33,110 --> 00:10:31,380

my place to say you know what uh there's

257

00:10:34,730 --> 00:10:33,120

tons of wonderful publicists don't get

258

00:10:36,590 --> 00:10:34,740

me wrong but I said you know I really

259

00:10:38,990 --> 00:10:36,600

been following this my entire life so

260

00:10:40,970 --> 00:10:39,000

why not get involved and contribute and

261

00:10:43,430 --> 00:10:40,980

anybody can but in my way it was like I

262

00:10:46,490 --> 00:10:43,440

can do it through my field and by 2017

263

00:10:48,590 --> 00:10:46,500

that happened the ridicule was obviously

264

00:10:50,269 --> 00:10:48,600

not as bad and I wasn't scared about

265

00:10:53,090 --> 00:10:50,279

getting blacklisted after that because

266

00:10:56,509 --> 00:10:53,100

my real initial fear was that before

267

00:10:57,829 --> 00:10:56,519

2017 I wasn't able to work on this or

268

00:10:59,210 --> 00:10:57,839

talk about it with media because people

269

00:11:00,829 --> 00:10:59,220

will laugh at me and I would never be

270

00:11:01,670 --> 00:11:00,839

able to work with any other media after

271

00:11:04,550 --> 00:11:01,680

that

272

00:11:07,250 --> 00:11:04,560

so now it's changed immensely and where

273

00:11:09,650 --> 00:11:07,260

we are now with media is unbelievable

274

00:11:11,449 --> 00:11:09,660

like Whoever thought we'd be here

275

00:11:13,970 --> 00:11:11,459

you know and I've been doing a deep dive

276

00:11:16,069 --> 00:11:13,980

because my uh my presentation in my

277

00:11:18,290 --> 00:11:16,079

lecture at contacted the desert is about

278

00:11:20,329 --> 00:11:18,300

media and it's also about government but

279

00:11:22,250 --> 00:11:20,339

I look at media from a perspective of a

280

00:11:24,650 --> 00:11:22,260

public relations professional and I look

281

00:11:26,750 --> 00:11:24,660

at it and how media has observed how his

282

00:11:29,210 --> 00:11:26,760

media has captured the way that we

283

00:11:31,430 --> 00:11:29,220

identify UFOs the way that we use our

284

00:11:32,930 --> 00:11:31,440

lexicon and a lot of us know this if we

285

00:11:34,550 --> 00:11:32,940

obviously followed Kenneth Arnold's

286

00:11:36,530 --> 00:11:34,560

first citing that blew up in Life

287

00:11:38,690 --> 00:11:36,540

magazine that started from a local

288

00:11:40,730 --> 00:11:38,700

Outlet which is you know our champion

289

00:11:42,110 --> 00:11:40,740

press which is amazing is these local

290

00:11:44,329 --> 00:11:42,120

media Outlets that have really

291

00:11:46,730 --> 00:11:44,339

championed the UFO topic for years not

292

00:11:48,530 --> 00:11:46,740

always the mainstream so looking at that

293

00:11:50,870 --> 00:11:48,540

and then looking at like Pulp magazines

294

00:11:53,090 --> 00:11:50,880

and how it identify how we identify the

295

00:11:54,889 --> 00:11:53,100

actual look of UFOs and flying saucers

296

00:11:56,750 --> 00:11:54,899

you know the look and the concept of

297

00:11:59,090 --> 00:11:56,760

flying saucer did not come from Kenneth

298

00:12:01,250 --> 00:11:59,100

Arnold the the saying actually came from

299

00:12:04,190 --> 00:12:01,260

media but the way that it looks actually

300

00:12:07,250 --> 00:12:04,200

comes from Pulp magazines so deep diving

301
00:12:09,230 --> 00:12:07,260
into you know before Kenneth Arnold pulp

302
00:12:11,389 --> 00:12:09,240
magazines all the way down to now where

303
00:12:13,790 --> 00:12:11,399
the New York times where they first

304
00:12:16,310 --> 00:12:13,800
started reporting about UFOs about

305
00:12:18,050 --> 00:12:16,320
Donald Kehoe and having these balanced

306
00:12:20,569 --> 00:12:18,060
arguments which was really really

307
00:12:22,130 --> 00:12:20,579
interesting for a mainstream Outlet to

308
00:12:25,069 --> 00:12:22,140
still pretty much be balanced and

309
00:12:27,290 --> 00:12:25,079
positive around the topic and then move

310
00:12:29,150 --> 00:12:27,300
into now that it's been still really

311
00:12:30,650 --> 00:12:29,160
consistent which I think is wonderful

312
00:12:32,090 --> 00:12:30,660
for the New York Times it shows that

313
00:12:33,949 --> 00:12:32,100

they're they're beat that they're

314

00:12:35,990 --> 00:12:33,959

they've stayed consistent for those many

315

00:12:38,150 --> 00:12:36,000

years especially around this topic

316

00:12:39,829 --> 00:12:38,160

and then where we're going to move

317

00:12:42,350 --> 00:12:39,839

forward with them it's it's really

318

00:12:45,470 --> 00:12:42,360

exciting and it's been nice to be able

319

00:12:46,910 --> 00:12:45,480

to to have that to look at media from a

320

00:12:49,490 --> 00:12:46,920

different perspective not just media

321

00:12:51,230 --> 00:12:49,500

Clips but media is an entire identity

322

00:12:52,730 --> 00:12:51,240

and body talking about this in

323

00:12:54,110 --> 00:12:52,740

Publications

324

00:12:56,569 --> 00:12:54,120

um and how they're pushing this through

325

00:12:59,269 --> 00:12:56,579

and how we identify it as people

326

00:13:01,490 --> 00:12:59,279

let me ask you this an opinion asking

327

00:13:02,870 --> 00:13:01,500

for your opinion sure what do you do you

328

00:13:04,550 --> 00:13:02,880

think that

329

00:13:06,769 --> 00:13:04,560

um if

330

00:13:08,690 --> 00:13:06,779

this whole movement with the government

331

00:13:12,949 --> 00:13:08,700

and looking into this topic you know

332

00:13:15,410 --> 00:13:12,959

pretty seriously and do you think that

333

00:13:16,670 --> 00:13:15,420

eventually will be able to know their

334

00:13:22,370 --> 00:13:16,680

findings

335

00:13:25,430 --> 00:13:22,380

we've seen if past becomes the future

336

00:13:28,250 --> 00:13:25,440

then right now the past would tell us

337

00:13:30,590 --> 00:13:28,260

that we won't right yes because we've

338

00:13:32,690 --> 00:13:30,600

seen that that they won't and we've seen

339

00:13:34,670 --> 00:13:32,700

multiple press conferences that they've

340

00:13:37,129 --> 00:13:34,680

done over the years with the art we know

341

00:13:39,769 --> 00:13:37,139

with the with armed for uh sorry with um

342

00:13:42,710 --> 00:13:39,779

my God pilots and and you name it from

343

00:13:45,650 --> 00:13:42,720

from years on for and and still coming

344

00:13:47,629 --> 00:13:45,660

obviously but I would say that you know

345

00:13:49,850 --> 00:13:47,639

I'm hopeful that it will change because

346

00:13:51,350 --> 00:13:49,860

of social media and it's funny we're

347

00:13:52,670 --> 00:13:51,360

talking about this today because I was

348

00:13:54,829 --> 00:13:52,680

literally thinking about this this

349

00:13:56,449 --> 00:13:54,839

morning when I got up you know taking a

350

00:13:58,370 --> 00:13:56,459

shower sometimes the most interesting

351

00:14:00,949 --> 00:13:58,380

thoughts and it's because of social

352

00:14:02,509 --> 00:14:00,959

media I feel that this might change and

353

00:14:04,310 --> 00:14:02,519

we have the ability to change it because

354

00:14:06,470 --> 00:14:04,320

the average person now is able to say

355

00:14:08,269 --> 00:14:06,480

something you know it's not controlled

356

00:14:09,710 --> 00:14:08,279

by just immediate identities it's not

357

00:14:11,629 --> 00:14:09,720

controlled by broadcasters it's not

358

00:14:13,250 --> 00:14:11,639

controlled by the government the way

359

00:14:15,110 --> 00:14:13,260

that the government does their messaging

360

00:14:16,730 --> 00:14:15,120

is controlled but the people now have a

361

00:14:19,550 --> 00:14:16,740

say to push and to push for train

362

00:14:21,170 --> 00:14:19,560

transparency so I think we might have a

363

00:14:22,850 --> 00:14:21,180

different outcome compared to what we

364

00:14:25,129 --> 00:14:22,860

had in the future if we still keep going

365

00:14:27,050 --> 00:14:25,139

the way we are and people asking for

366

00:14:28,550 --> 00:14:27,060

more truth and asking questions and

367

00:14:30,410 --> 00:14:28,560

being able to almost interact with

368

00:14:32,269 --> 00:14:30,420

people like Sean Kirkpatrick which I

369

00:14:34,129 --> 00:14:32,279

think is really interesting you know the

370

00:14:36,710 --> 00:14:34,139

government is looking at UFO Twitter is

371

00:14:38,810 --> 00:14:36,720

watching podcasts we know that it's the

372

00:14:40,610 --> 00:14:38,820

media is watching it so out of a

373

00:14:42,769 --> 00:14:40,620

counterculture it's really unbelievable

374

00:14:45,530 --> 00:14:42,779

how much

375

00:14:47,629 --> 00:14:45,540

not control but sway

376

00:14:49,129 --> 00:14:47,639

I think the UFO Community actually has

377

00:14:50,509 --> 00:14:49,139

on Publications and in government

378

00:14:52,490 --> 00:14:50,519

perspectives

379

00:14:54,230 --> 00:14:52,500

it's not and we don't see that in many

380

00:14:57,410 --> 00:14:54,240

kind of counter cultures to be honest

381

00:14:58,790 --> 00:14:57,420

well one of the one of the I guess the I

382

00:15:02,090 --> 00:14:58,800

don't know if I want to call it a fear

383

00:15:04,670 --> 00:15:02,100

or a but but one of the thoughts I have

384

00:15:08,990 --> 00:15:04,680

um that could or may or may not happen

385

00:15:11,810 --> 00:15:09,000

is that they will use the blanket of uh

386

00:15:14,150 --> 00:15:11,820

National Security to withhold things

387

00:15:17,090 --> 00:15:14,160

in other words if they

388

00:15:19,490 --> 00:15:17,100

I mean how easy would it be for them to

389

00:15:21,310 --> 00:15:19,500

come out and say uh yes we have proof

390

00:15:24,850 --> 00:15:21,320

that we're being visited from

391

00:15:29,269 --> 00:15:24,860

extraterrestrial uh you know a star

392

00:15:32,509 --> 00:15:29,279

somewhere in our you know uh Galaxy or

393

00:15:34,910 --> 00:15:32,519

something like that you know I mean how

394

00:15:37,189 --> 00:15:34,920

how would they actually be able to

395

00:15:39,650 --> 00:15:37,199

breach that and feel comfortable about

396

00:15:42,650 --> 00:15:39,660

it or would they just tuck it into well

397

00:15:44,930 --> 00:15:42,660

that's you know that's going to

398

00:15:48,170 --> 00:15:44,940

um upset the apple cart so therefore

399

00:15:51,110 --> 00:15:48,180

it'll affect National Security so we're

400

00:15:53,030 --> 00:15:51,120

not going to we're not going to uh talk

401
00:15:55,850 --> 00:15:53,040
about it you know I mean that's kind of

402
00:15:58,370 --> 00:15:55,860
my thoughts I don't know you know maybe

403
00:16:01,009 --> 00:15:58,380
I'm I'm totally wrong I mean I think I

404
00:16:05,629 --> 00:16:01,019
think the world has been getting ready

405
00:16:07,129 --> 00:16:05,639
to hear uh you know this I do believe I

406
00:16:09,350 --> 00:16:07,139
do believe that it would be much easier

407
00:16:12,050 --> 00:16:09,360
than it would have been you know 20

408
00:16:14,090 --> 00:16:12,060
years ago even five years ago really for

409
00:16:16,009 --> 00:16:14,100
sure I think that when you're packaging

410
00:16:18,170 --> 00:16:16,019
something to the masses

411
00:16:20,150 --> 00:16:18,180
you have to be mindful that the cultural

412
00:16:22,490 --> 00:16:20,160
impact is still there and I know a lot

413
00:16:24,650 --> 00:16:22,500

of people are saying we're ready but I

414

00:16:26,870 --> 00:16:24,660

don't I don't think we are I I say that

415

00:16:28,970 --> 00:16:26,880

because it's not that the average person

416

00:16:30,769 --> 00:16:28,980

for us we've gone or going people are

417

00:16:32,629 --> 00:16:30,779

going through a paradigm shift or we're

418

00:16:34,430 --> 00:16:32,639

you know we're in one right now or we've

419

00:16:36,170 --> 00:16:34,440

gone through our entire lives or we've

420

00:16:38,269 --> 00:16:36,180

thought UFOs are real our entire life

421

00:16:40,069 --> 00:16:38,279

right like myself for my dad

422

00:16:42,769 --> 00:16:40,079

so my Paradigm shift's been interesting

423

00:16:44,629 --> 00:16:42,779

you know and not as drastic I would say

424

00:16:47,090 --> 00:16:44,639

as people that are you know never ever

425

00:16:48,769 --> 00:16:47,100

entered this topic so that's Mindful and

426

00:16:50,990 --> 00:16:48,779

then looking at all the repercussions

427

00:16:53,090 --> 00:16:51,000

from coming talk talking about that you

428

00:16:54,650 --> 00:16:53,100

know for an adversary conversations you

429

00:16:55,850 --> 00:16:54,660

know as I can again we looked at the

430

00:16:57,889 --> 00:16:55,860

cold war is that going to be used

431

00:16:59,870 --> 00:16:57,899

against us and very Echoes very similar

432

00:17:01,610 --> 00:16:59,880

what's happening now I think

433

00:17:03,710 --> 00:17:01,620

so I think if the government's going to

434

00:17:05,090 --> 00:17:03,720

package something like that I am not

435

00:17:07,850 --> 00:17:05,100

opposed to not everyone's gonna like

436

00:17:09,770 --> 00:17:07,860

this I'm not opposed to a slow drip

437

00:17:10,850 --> 00:17:09,780

and it doesn't mean I I will I'm going

438

00:17:12,650 --> 00:17:10,860

to stay away from the Extraterrestrial

439

00:17:15,230 --> 00:17:12,660

conversation and just specifically talk

440

00:17:17,750 --> 00:17:15,240

about UFOs because I think that that

441

00:17:20,270 --> 00:17:17,760

drip is there for a reason where science

442

00:17:22,309 --> 00:17:20,280

hopefully can catch up and we can then

443

00:17:25,010 --> 00:17:22,319

talk about this in the most academic

444

00:17:26,809 --> 00:17:25,020

level and have evidence to back up and

445

00:17:28,850 --> 00:17:26,819

support it more than we have now even

446

00:17:30,770 --> 00:17:28,860

though we have a fair amount and tons of

447

00:17:32,510 --> 00:17:30,780

testimonies and if we're looking at

448

00:17:35,029 --> 00:17:32,520

crash retrievals you know we're looking

449

00:17:37,190 --> 00:17:35,039

at Gary Nolan parts of the brain right

450

00:17:38,930 --> 00:17:37,200

that are right right exactly like we're

451
00:17:41,330 --> 00:17:38,940
seeing things that are in within us that

452
00:17:43,250 --> 00:17:41,340
might be associated with this so we're

453
00:17:44,870 --> 00:17:43,260
getting to that point and and hopefully

454
00:17:46,850 --> 00:17:44,880
I think what Sean Kirkpatrick might be

455
00:17:49,370 --> 00:17:46,860
doing and this is not my expertise but

456
00:17:51,169 --> 00:17:49,380
my opinion is waiting for the science to

457
00:17:53,270 --> 00:17:51,179
catch up because it doesn't mean that he

458
00:17:54,470 --> 00:17:53,280
doesn't actually follow this and think

459
00:17:56,570 --> 00:17:54,480
what's happening and all these other

460
00:17:58,070 --> 00:17:56,580
testimonies testimonies are what are

461
00:18:00,289 --> 00:17:58,080
going on and he might not believe them

462
00:18:02,150 --> 00:18:00,299
or believe them we do not know but I

463
00:18:04,250 --> 00:18:02,160

think what will happen is he wants to be

464

00:18:06,289 --> 00:18:04,260

able to show that science to have it

465

00:18:07,669 --> 00:18:06,299

rooted in science so that people take it

466

00:18:10,610 --> 00:18:07,679

more seriously

467

00:18:12,770 --> 00:18:10,620

and I agree with that I really do even

468

00:18:14,690 --> 00:18:12,780

though as much as I love the topic I

469

00:18:16,250 --> 00:18:14,700

love the science part of it and I think

470

00:18:18,169 --> 00:18:16,260

it's important because that's how you

471

00:18:19,970 --> 00:18:18,179

that's how you can attach yourself to

472

00:18:21,830 --> 00:18:19,980

the average person and explain to them

473

00:18:23,510 --> 00:18:21,840

maybe what's going on in their Paradigm

474

00:18:27,890 --> 00:18:23,520

Shift isn't going to be so

475

00:18:28,970 --> 00:18:27,900

difficult or controversial for them so I

476

00:18:31,130 --> 00:18:28,980

think that's where you go and then

477

00:18:33,230 --> 00:18:31,140

people can agree on science most of the

478

00:18:36,650 --> 00:18:33,240

time yeah right and that's a good place

479

00:18:38,270 --> 00:18:36,660

to start no I I 100 agree with

480

00:18:41,150 --> 00:18:38,280

everything you just said that you know

481

00:18:43,370 --> 00:18:41,160

that's really where you know the facts

482

00:18:46,430 --> 00:18:43,380

you've got to follow the facts and you

483

00:18:48,650 --> 00:18:46,440

know so far we don't have that solid

484

00:18:51,169 --> 00:18:48,660

science yet I mean we have so many

485

00:18:53,690 --> 00:18:51,179

things that are it's so close you know

486

00:18:56,270 --> 00:18:53,700

with the um with the experiences people

487

00:18:58,210 --> 00:18:56,280

have had and whatever type of trace

488

00:19:01,070 --> 00:18:58,220

evidence there is out there I mean it's

489

00:19:03,650 --> 00:19:01,080

and we're talking um you know all the

490

00:19:07,789 --> 00:19:03,660

data radar data whatever

491

00:19:11,510 --> 00:19:07,799

and visuals and pictures and video and

492

00:19:13,669 --> 00:19:11,520

all that but uh but we just don't have

493

00:19:16,789 --> 00:19:13,679

um like when I interviewed Seth shostak

494

00:19:19,370 --> 00:19:16,799

we don't have that uh crashed UFO in the

495

00:19:21,830 --> 00:19:19,380

Smithsonian Wing yet you know so maybe

496

00:19:24,529 --> 00:19:21,840

one day yeah because that's what I asked

497

00:19:26,690 --> 00:19:24,539

I asked Seth straw stack from seti I

498

00:19:28,909 --> 00:19:26,700

said what would it take for you to

499

00:19:30,770 --> 00:19:28,919

believe that we're being visited from

500

00:19:32,870 --> 00:19:30,780

extraterrestrials I'm not saying we are

501
00:19:35,090 --> 00:19:32,880
but what would it take for you when you

502
00:19:37,370 --> 00:19:35,100
said that yeah crashed UFO in the

503
00:19:40,909 --> 00:19:37,380
Smithsonian Wing in the Smithsonian

504
00:19:42,470 --> 00:19:40,919
that's what he said oh yeah I I agree

505
00:19:44,570 --> 00:19:42,480
with you it's going to take some time

506
00:19:46,870 --> 00:19:44,580
and I I hope I think we'll get to that

507
00:19:49,789 --> 00:19:46,880
place I think it's not going to be

508
00:19:51,470 --> 00:19:49,799
anytime soon but we're getting there and

509
00:19:52,730 --> 00:19:51,480
again I think people this topic will

510
00:19:55,430 --> 00:19:52,740
never go away it hasn't gone away for

511
00:19:57,529 --> 00:19:55,440
like more than 75 years it's for sure

512
00:19:59,210 --> 00:19:57,539
not going anyway anytime soon so we're I

513
00:20:00,890 --> 00:19:59,220

think we're at the beginning of some

514

00:20:03,950 --> 00:20:00,900

Catalyst moments that are going to shift

515

00:20:05,590 --> 00:20:03,960

science and entertainment too in the

516

00:20:07,610 --> 00:20:05,600

next five to ten years because

517

00:20:09,830 --> 00:20:07,620

entertainment can't even keep doing what

518

00:20:11,450 --> 00:20:09,840

it's doing it's nobody wants to watch it

519

00:20:13,190 --> 00:20:11,460

and we're seeing everybody's going to

520

00:20:13,970 --> 00:20:13,200

content like this because that's where

521

00:20:15,230 --> 00:20:13,980

they're getting in the information

522

00:20:16,430 --> 00:20:15,240

that's where they're getting the news

523

00:20:18,830 --> 00:20:16,440

and that's where they're feeling

524

00:20:20,570 --> 00:20:18,840

informed so I think science and

525

00:20:22,549 --> 00:20:20,580

entertainment will start to pick up and

526

00:20:25,430 --> 00:20:22,559

that's going to be really exciting

527

00:20:28,150 --> 00:20:25,440

yeah now you're young-ish okay I'll say

528

00:20:31,310 --> 00:20:28,160

you're young yeah do you think there's

529

00:20:33,770 --> 00:20:31,320

young people that are interested in this

530

00:20:35,930 --> 00:20:33,780

topic do you think what do you see at

531

00:20:38,990 --> 00:20:35,940

these like for instance contact in the

532

00:20:42,230 --> 00:20:39,000

desert as far as the mixture uh you know

533

00:20:44,630 --> 00:20:42,240

I I was going to you know um

534

00:20:46,250 --> 00:20:44,640

the UFO Congress you know when I've been

535

00:20:47,870 --> 00:20:46,260

there and I've thought well there's a

536

00:20:49,669 --> 00:20:47,880

lot of people my age you know I'm older

537

00:20:52,610 --> 00:20:49,679

and there's not too many young people

538

00:20:54,169 --> 00:20:52,620

but do you think there's and I see so

539

00:20:56,630 --> 00:20:54,179

many young people like the Comic Cons

540

00:20:58,610 --> 00:20:56,640

things like that you know and that are

541

00:21:00,650 --> 00:20:58,620

they show up at places like that and do

542

00:21:02,450 --> 00:21:00,660

you think they that young people or more

543

00:21:04,850 --> 00:21:02,460

of them are getting involved

544

00:21:07,070 --> 00:21:04,860

uh how does that look to you yeah it's a

545

00:21:08,630 --> 00:21:07,080

great question because I've never been

546

00:21:10,430 --> 00:21:08,640

to contact in the desert this will be my

547

00:21:12,710 --> 00:21:10,440

first time too so I'm not sure exactly

548

00:21:14,990 --> 00:21:12,720

of Their audience but I can speak to UFO

549

00:21:19,010 --> 00:21:15,000

Congress when I started going in around

550

00:21:20,810 --> 00:21:19,020

like 25 between 20 and 25 with my dad I

551
00:21:23,450 --> 00:21:20,820
was legitly like the youngest person

552
00:21:25,310 --> 00:21:23,460
there and I remember thinking that and

553
00:21:26,210 --> 00:21:25,320
let's be honest like it's in Arizona you

554
00:21:28,430 --> 00:21:26,220
have tons of people that are

555
00:21:29,750 --> 00:21:28,440
snowboarding and want to go to the

556
00:21:31,130 --> 00:21:29,760
conference when it was in February

557
00:21:33,529 --> 00:21:31,140
that's when we would go so you're going

558
00:21:35,690 --> 00:21:33,539
to get a larger demographic of that so

559
00:21:37,310 --> 00:21:35,700
you have that as to keep in mind but

560
00:21:39,169 --> 00:21:37,320
just in general yeah I was one of the

561
00:21:40,730 --> 00:21:39,179
youngest people there and and also one

562
00:21:43,970 --> 00:21:40,740
of the only females which I found was

563
00:21:45,830 --> 00:21:43,980

interesting but yeah uh and there were

564

00:21:48,409 --> 00:21:45,840

there are women but for sure it's more

565

00:21:51,230 --> 00:21:48,419

prom predominantly men and it's you know

566

00:21:52,549 --> 00:21:51,240

it's changing so I would say in

567

00:21:54,289 --> 00:21:52,559

conference depending on how the

568

00:21:56,690 --> 00:21:54,299

conference is presented moving forward

569

00:21:58,549 --> 00:21:56,700

in the future young people will attach

570

00:22:01,070 --> 00:21:58,559

themselves I think because it's in the

571

00:22:03,710 --> 00:22:01,080

mainstream media there are shows like

572

00:22:06,789 --> 00:22:03,720

this there's interest in UFOs I think

573

00:22:10,070 --> 00:22:06,799

it's there the really Young Generation

574

00:22:11,870 --> 00:22:10,080

they are curious and I asked this like I

575

00:22:14,270 --> 00:22:11,880

asked them or I asked my friends that

576

00:22:15,409 --> 00:22:14,280

have children I talk to them about it I

577

00:22:16,549 --> 00:22:15,419

had a really good friend of mine that's

578

00:22:18,470 --> 00:22:16,559

a director

579

00:22:20,990 --> 00:22:18,480

he called me and he's like my son is

580

00:22:22,850 --> 00:22:21,000

doing I forget one type of project if it

581

00:22:25,070 --> 00:22:22,860

was an essay or something to that extent

582

00:22:27,230 --> 00:22:25,080

and they had said it was on UFOs and he

583

00:22:28,909 --> 00:22:27,240

said can you talk to him so he can quote

584

00:22:32,870 --> 00:22:28,919

you in his project and I said yeah 100

585

00:22:35,090 --> 00:22:32,880

let's talk so we were in I think we were

586

00:22:37,490 --> 00:22:35,100

on a speaker in in his car and his son

587

00:22:40,070 --> 00:22:37,500

was about 10 years old I believe between

588

00:22:42,470 --> 00:22:40,080

10 and 12. and had these wonderful

589

00:22:43,730 --> 00:22:42,480

questions about science in UFOs and I

590

00:22:45,529 --> 00:22:43,740

said to him you know I'm not a science

591

00:22:48,409 --> 00:22:45,539

MPR side and I do more journalistic

592

00:22:51,110 --> 00:22:48,419

stuff but um I can I can speak to the

593

00:22:52,490 --> 00:22:51,120

landscape so we chatted about it and his

594

00:22:55,130 --> 00:22:52,500

interest in his questions were really

595

00:22:57,010 --> 00:22:55,140

great in that it made me really hopeful

596

00:22:59,149 --> 00:22:57,020

and I was also really

597

00:23:00,710 --> 00:22:59,159

amazingly surprised with my friend

598

00:23:02,990 --> 00:23:00,720

because I'm like you're a very

599

00:23:05,330 --> 00:23:03,000

open-minded father thank you for even

600

00:23:07,789 --> 00:23:05,340

going to like sources to fact check

601
00:23:09,529 --> 00:23:07,799
stuff to teach him how to do that and be

602
00:23:11,930 --> 00:23:09,539
able to ask really great questions so

603
00:23:13,610 --> 00:23:11,940
when I see stuff like that I it makes me

604
00:23:17,210 --> 00:23:13,620
very hopeful I look at like Christina

605
00:23:19,190 --> 00:23:17,220
Gomez for example yeah she's like 20 22

606
00:23:21,110 --> 00:23:19,200
I think super young she's doing a great

607
00:23:23,090 --> 00:23:21,120
job yeah and she's trying she's doing

608
00:23:26,330 --> 00:23:23,100
her best and she's learning and

609
00:23:28,310 --> 00:23:26,340
navigating so I think it's there and I

610
00:23:30,049 --> 00:23:28,320
hope because she's such she's such a

611
00:23:32,029 --> 00:23:30,059
bright young woman like she really is

612
00:23:33,470 --> 00:23:32,039
and I hope that she keeps doing what

613
00:23:36,649 --> 00:23:33,480

she's doing and bringing other women

614

00:23:37,970 --> 00:23:36,659

into it around her age and and men but

615

00:23:38,930 --> 00:23:37,980

you know it's nice because they're

616

00:23:41,450 --> 00:23:38,940

looking at this from a different

617

00:23:42,590 --> 00:23:41,460

perspective than maybe we would and also

618

00:23:44,930 --> 00:23:42,600

they're the ones that are going to move

619

00:23:47,390 --> 00:23:44,940

this forward you know I'm I'm 39 I'm

620

00:23:49,610 --> 00:23:47,400

gonna be 40 in January so anyone that's

621

00:23:51,710 --> 00:23:49,620

20 years younger younger than me will be

622

00:23:53,990 --> 00:23:51,720

the next guard too we just have to keep

623

00:23:55,789 --> 00:23:54,000

educating and keep asking good questions

624

00:23:57,289 --> 00:23:55,799

and keep focusing again on science

625

00:23:59,450 --> 00:23:57,299

because I think we'll get our answer is

626

00:24:02,210 --> 00:23:59,460

there and the new generation will be

627

00:24:03,950 --> 00:24:02,220

more inquisitive and new scientists that

628

00:24:05,529 --> 00:24:03,960

are coming in that are young won't feel

629

00:24:08,570 --> 00:24:05,539

so

630

00:24:11,029 --> 00:24:08,580

scrutinized for asking really difficult

631

00:24:14,210 --> 00:24:11,039

or let's say weird as they would

632

00:24:15,710 --> 00:24:14,220

classify topics that are Fringe instead

633

00:24:17,930 --> 00:24:15,720

it will just become normal which is

634

00:24:20,270 --> 00:24:17,940

exciting yeah I think that is exciting I

635

00:24:23,149 --> 00:24:20,280

think we we've seen science sort of turn

636

00:24:24,649 --> 00:24:23,159

that way people like Avi Loeb and you

637

00:24:26,990 --> 00:24:24,659

know there's a number of people at the

638

00:24:29,390 --> 00:24:27,000

SCU and all that and it's a great thing

639

00:24:30,830 --> 00:24:29,400

because you know we've needed that and I

640

00:24:34,250 --> 00:24:30,840

remember when I first started doing the

641

00:24:35,930 --> 00:24:34,260

show 12 years ago I was saying you know

642

00:24:37,610 --> 00:24:35,940

what's it going to take for science to

643

00:24:40,909 --> 00:24:37,620

take a look at this I mean isn't this

644

00:24:43,250 --> 00:24:40,919

the most amazing Topic in the world if

645

00:24:45,350 --> 00:24:43,260

it could be cracked you know I mean

646

00:24:46,610 --> 00:24:45,360

really where these things coming from I

647

00:24:48,289 --> 00:24:46,620

don't care if they're extraterrestrial

648

00:24:49,789 --> 00:24:48,299

or if they're coming from the center of

649

00:24:52,210 --> 00:24:49,799

the earth you know wherever they're

650

00:24:55,370 --> 00:24:52,220

coming from it's just an amazing thing

651
00:24:58,010 --> 00:24:55,380
it is because it's an unexplainable we

652
00:24:59,090 --> 00:24:58,020
and I just think it would be very

653
00:25:03,409 --> 00:24:59,100
interesting

654
00:25:06,350 --> 00:25:03,419
can learn but

655
00:25:09,649 --> 00:25:06,360
you know most most people you know we

656
00:25:11,990 --> 00:25:09,659
have to live we have to survive we look

657
00:25:14,149 --> 00:25:12,000
at our phones all day you know we don't

658
00:25:15,830 --> 00:25:14,159
look up in the sky too often you know

659
00:25:18,710 --> 00:25:15,840
what I mean so there's a lot of people

660
00:25:22,970 --> 00:25:18,720
that this is not even on their agenda in

661
00:25:26,390 --> 00:25:22,980
any type of way and if they heard about

662
00:25:28,909 --> 00:25:26,400
um there are some people to also that if

663
00:25:30,470 --> 00:25:28,919

you told them oh yeah um there's

664

00:25:31,549 --> 00:25:30,480

there was a landing on the White House

665

00:25:33,830 --> 00:25:31,559

law and I'm just saying that because

666

00:25:35,930 --> 00:25:33,840

everyone always says it right and um you

667

00:25:38,330 --> 00:25:35,940

know so and they would say oh yeah okay

668

00:25:40,610 --> 00:25:38,340

what's for breakfast you know and um I

669

00:25:42,350 --> 00:25:40,620

think I have a sister like that now my

670

00:25:43,730 --> 00:25:42,360

sisters like that I brought my sister

671

00:25:45,710 --> 00:25:43,740

here

672

00:25:49,490 --> 00:25:45,720

um she helped me out when I uh had

673

00:25:50,930 --> 00:25:49,500

surgery uh last year and so I sat her

674

00:25:52,909 --> 00:25:50,940

down I said okay we're gonna watch the

675

00:25:54,590 --> 00:25:52,919

Ariel incident the aerial School

676

00:25:55,909 --> 00:25:54,600

incident we're going to watch all this

677

00:25:57,470 --> 00:25:55,919

stuff and I'd show her one thing after

678

00:25:59,450 --> 00:25:57,480

another one thing after another and she

679

00:26:02,210 --> 00:25:59,460

goes well what's for dinner you know she

680

00:26:05,690 --> 00:26:02,220

had absolutely no interest it didn't do

681

00:26:10,250 --> 00:26:05,700

anything now my brother-in-law uh PhD in

682

00:26:13,250 --> 00:26:10,260

chemistry Los Alamos labs for 30 years

683

00:26:16,070 --> 00:26:13,260

or whatever it was and I said two of

684

00:26:17,830 --> 00:26:16,080

them I said his name is Wilbur and I

685

00:26:21,110 --> 00:26:17,840

said hey Wilbur what do you think about

686

00:26:23,269 --> 00:26:21,120

uh the possibility of extraterrestrials

687

00:26:24,409 --> 00:26:23,279

visiting us here on Earth meaning we

688

00:26:26,570 --> 00:26:24,419

said

689

00:26:29,210 --> 00:26:26,580

well you know I think it's very possible

690

00:26:31,730 --> 00:26:29,220

you know and here's a it's just a

691

00:26:33,769 --> 00:26:31,740

purebred scientist and for him to say

692

00:26:35,409 --> 00:26:33,779

that and then my sister who's married to

693

00:26:38,750 --> 00:26:35,419

him is like

694

00:26:40,789 --> 00:26:38,760

it's true my family my sister doesn't

695

00:26:42,649 --> 00:26:40,799

doesn't really care for this topic

696

00:26:44,690 --> 00:26:42,659

hasn't for years

697

00:26:46,730 --> 00:26:44,700

would say stuff you know like everyone

698

00:26:49,490 --> 00:26:46,740

knows of Paul halyard in Canada the

699

00:26:51,110 --> 00:26:49,500

former um Minister of Defense right that

700

00:26:53,269 --> 00:26:51,120

passed away years ago unfortunately and

701
00:26:55,490 --> 00:26:53,279
such an amazing man and I know people

702
00:26:57,169 --> 00:26:55,500
have their own thoughts I've met Paul I

703
00:26:58,430 --> 00:26:57,179
went to his book signings you know I've

704
00:27:00,350 --> 00:26:58,440
sat with him in his house and talked

705
00:27:02,149 --> 00:27:00,360
about UFOs like he's just he was a great

706
00:27:04,610 --> 00:27:02,159
man he said yeah I was a gentle giant

707
00:27:06,649 --> 00:27:04,620
and he meant so well and you know

708
00:27:08,210 --> 00:27:06,659
everyone called him a kook too and I

709
00:27:09,830 --> 00:27:08,220
remember my sister the one time said the

710
00:27:11,570 --> 00:27:09,840
same thing at a dinner table and I was

711
00:27:12,529 --> 00:27:11,580
like well everyone just says he's a kook

712
00:27:14,090 --> 00:27:12,539
and I'm like but that's what everybody

713
00:27:16,130 --> 00:27:14,100

says around this and this this is before

714

00:27:18,649 --> 00:27:16,140

2017 right

715

00:27:20,269 --> 00:27:18,659

so I think that's consistent you know we

716

00:27:22,130 --> 00:27:20,279

hear it all the time it's getting better

717

00:27:24,470 --> 00:27:22,140

but I agree some people just don't care

718

00:27:28,850 --> 00:27:24,480

or they say well how does it affect me

719

00:27:30,289 --> 00:27:28,860

and I say well you know if I if the

720

00:27:32,149 --> 00:27:30,299

government comes forward and says

721

00:27:34,370 --> 00:27:32,159

multiple could be multiple things

722

00:27:35,930 --> 00:27:34,380

doesn't mean it's true but possible

723

00:27:37,789 --> 00:27:35,940

theories right they're walking Among Us

724

00:27:39,049 --> 00:27:37,799

they are extraterrestrial they're

725

00:27:40,669 --> 00:27:39,059

interdimensional

726

00:27:42,769 --> 00:27:40,679

you know tell me they're they're Time

727

00:27:45,409 --> 00:27:42,779

Travelers there's so many I just won't

728

00:27:47,690 --> 00:27:45,419

go to work anymore like I just I'd be

729

00:27:49,130 --> 00:27:47,700

like I quit like I I to me I laugh

730

00:27:51,350 --> 00:27:49,140

because I'm like why am I working like

731

00:27:53,029 --> 00:27:51,360

why wouldn't I and to be honest I should

732

00:27:55,130 --> 00:27:53,039

probably just live my life the way I I

733

00:27:56,930 --> 00:27:55,140

try to live my life the way that you

734

00:27:58,730 --> 00:27:56,940

know if that was the case that I would

735

00:28:00,950 --> 00:27:58,740

still just keep doing podcasting and all

736

00:28:03,230 --> 00:28:00,960

the stuff that I'm doing around UFOs but

737

00:28:04,970 --> 00:28:03,240

a part of me is like I think that

738

00:28:06,890 --> 00:28:04,980

structure would break down because if I

739

00:28:08,930 --> 00:28:06,900

think that lots of people would I'm like

740

00:28:10,730 --> 00:28:08,940

well what if if aliens are walking Among

741

00:28:12,350 --> 00:28:10,740

Us and they're here already or things

742

00:28:13,909 --> 00:28:12,360

are going on then there's something

743

00:28:16,970 --> 00:28:13,919

going on in the system that I know

744

00:28:19,549 --> 00:28:16,980

nothing about then does my reality is it

745

00:28:23,029 --> 00:28:19,559

even real and that's the question of

746

00:28:24,529 --> 00:28:23,039

many people will have it's a very you

747

00:28:26,090 --> 00:28:24,539

know it's a hard question to ask

748

00:28:28,370 --> 00:28:26,100

obviously and people have thought about

749

00:28:30,950 --> 00:28:28,380

it with simulation Theory and that but I

750

00:28:32,930 --> 00:28:30,960

think that initially some people will go

751
00:28:34,490 --> 00:28:32,940
okay well whatever I don't care or move

752
00:28:36,470 --> 00:28:34,500
on with their day but some people will

753
00:28:40,190 --> 00:28:36,480
stop and really question their existence

754
00:28:42,590 --> 00:28:40,200
and and and wonder and really you look

755
00:28:44,029 --> 00:28:42,600
inside and it would slowly kind of think

756
00:28:45,950 --> 00:28:44,039
I eat at you

757
00:28:47,750 --> 00:28:45,960
right because you would you would look

758
00:28:49,370 --> 00:28:47,760
at everything around you and if the

759
00:28:50,870 --> 00:28:49,380
reality is what you're seeing and what

760
00:28:53,570 --> 00:28:50,880
you've been told and what you've learned

761
00:28:54,529 --> 00:28:53,580
your entire life that's how I see it and

762
00:28:56,330 --> 00:28:54,539
even though I've gone through the

763
00:28:57,890 --> 00:28:56,340

paradigm shift I think about those

764

00:28:59,450 --> 00:28:57,900

moments and I always joke around I'm

765

00:29:01,130 --> 00:28:59,460

like why am I going to work then like

766

00:29:02,990 --> 00:29:01,140

where would I go to work

767

00:29:05,210 --> 00:29:03,000

you know I don't think any of us would

768

00:29:07,909 --> 00:29:05,220

and I actually done this as a test with

769

00:29:10,370 --> 00:29:07,919

friends when before I bought my house I

770

00:29:11,870 --> 00:29:10,380

had a condo and it was uh there was like

771

00:29:13,490 --> 00:29:11,880

a balcony and it was pretty high I was

772

00:29:15,049 --> 00:29:13,500

like 10th floor and I would sit with

773

00:29:16,490 --> 00:29:15,059

friends on the balcony and they would

774

00:29:18,950 --> 00:29:16,500

ask me questions about UFOs and I said

775

00:29:21,590 --> 00:29:18,960

okay let's do an exercise I'm like let's

776

00:29:25,370 --> 00:29:21,600

look out the balcony and if you saw a

777

00:29:27,350 --> 00:29:25,380

craft you know like hang out in in front

778

00:29:29,690 --> 00:29:27,360

of you for days on end like District

779

00:29:31,970 --> 00:29:29,700

nine would you go to work

780

00:29:34,070 --> 00:29:31,980

and they're like that's a good point I'm

781

00:29:36,110 --> 00:29:34,080

like exactly I'm like most people

782

00:29:38,630 --> 00:29:36,120

wouldn't I'm like because you'd be like

783

00:29:41,450 --> 00:29:38,640

what is that massive insane craft that's

784

00:29:43,669 --> 00:29:41,460

the size of the moon or larger you know

785

00:29:45,830 --> 00:29:43,679

hanging out on top of I live in Toronto

786

00:29:48,649 --> 00:29:45,840

I'm like hanging out you know by the CN

787

00:29:50,269 --> 00:29:48,659

tower you you wouldn't go to work like

788

00:29:52,549 --> 00:29:50,279

no I don't think anybody would and if

789

00:29:54,710 --> 00:29:52,559

you did I would question that to be

790

00:29:56,210 --> 00:29:54,720

honest so that's usually we do and then

791

00:29:57,850 --> 00:29:56,220

people stop because you make them you

792

00:30:00,350 --> 00:29:57,860

put them in a position to actually

793

00:30:02,090 --> 00:30:00,360

visualize it and be able to like think

794

00:30:04,549 --> 00:30:02,100

of it and imagine it in front of you and

795

00:30:06,470 --> 00:30:04,559

what that moment would feel like so I I

796

00:30:10,130 --> 00:30:06,480

tried it weirdly enough I try to do that

797

00:30:12,529 --> 00:30:10,140

a lot to see how I react to it yeah

798

00:30:16,190 --> 00:30:12,539

um have you ever heard of this guy named

799

00:30:19,850 --> 00:30:16,200

Donald Hoffman yes yeah yeah yeah

800

00:30:21,950 --> 00:30:19,860

um he basically kind of says in a way

801
00:30:23,810 --> 00:30:21,960
that you know whatever we think our

802
00:30:26,630 --> 00:30:23,820
reality

803
00:30:30,169 --> 00:30:26,640
um it does not really exist

804
00:30:31,730 --> 00:30:30,179
and uh uh so I I encourage someone I

805
00:30:35,450 --> 00:30:31,740
mean this guy is really something he was

806
00:30:38,330 --> 00:30:35,460
on uh Lex Friedman I think uh but Donald

807
00:30:40,610 --> 00:30:38,340
Hoffman's reality is an illusion and how

808
00:30:43,010 --> 00:30:40,620
Evolution hid the truth

809
00:30:44,870 --> 00:30:43,020
um Lex Friedman I said if you're

810
00:30:46,789 --> 00:30:44,880
interested in any of this topic and

811
00:30:49,490 --> 00:30:46,799
you're you're watching this uh I

812
00:30:51,590 --> 00:30:49,500
strongly suggest you listen to this guy

813
00:30:53,389 --> 00:30:51,600

it's really fascinating really

814

00:30:56,330 --> 00:30:53,399

fascinating really makes you rethink

815

00:30:59,149 --> 00:30:56,340

everything after you listen to that

816

00:31:01,370 --> 00:30:59,159

um here's a question that came uh in the

817

00:31:03,950 --> 00:31:01,380

chat here do you think this is from Dr

818

00:31:06,289 --> 00:31:03,960

Richard do you think that the ETS might

819

00:31:09,350 --> 00:31:06,299

design their presentations quote unquote

820

00:31:12,049 --> 00:31:09,360

to get our media to produce content that

821

00:31:14,510 --> 00:31:12,059

further their own goals in some way

822

00:31:18,049 --> 00:31:14,520

interesting question very interesting hi

823

00:31:19,610 --> 00:31:18,059

Dr Richard uh I would say right now we

824

00:31:21,169 --> 00:31:19,620

obviously don't have any evidence that

825

00:31:23,990 --> 00:31:21,179

they're influencing anything that we're

826

00:31:25,549 --> 00:31:24,000

doing do I think in the future I think

827

00:31:27,230 --> 00:31:25,559

the only way that you'd ever have an

828

00:31:29,690 --> 00:31:27,240

influence is when you have you know

829

00:31:31,010 --> 00:31:29,700

contact that is National and everybody's

830

00:31:33,590 --> 00:31:31,020

talked about and there's a press release

831

00:31:35,690 --> 00:31:33,600

and you have some form of you know we

832

00:31:37,970 --> 00:31:35,700

use the word disclosure that you know

833

00:31:39,470 --> 00:31:37,980

some ET presence is there so no I don't

834

00:31:42,350 --> 00:31:39,480

think they're personally interfering

835

00:31:43,730 --> 00:31:42,360

with it now but I you never know in the

836

00:31:45,230 --> 00:31:43,740

future if we actually did have contact

837

00:31:47,690 --> 00:31:45,240

but that's why we're putting together

838

00:31:50,330 --> 00:31:47,700

we're looking at legislation like I did

839

00:31:52,070 --> 00:31:50,340

an interview with Danny Sheehan uh two

840

00:31:53,630 --> 00:31:52,080

weeks ago or sorry last week my fault

841

00:31:55,669 --> 00:31:53,640

that aired and we talked about

842

00:31:58,730 --> 00:31:55,679

legislation and I had him break down the

843

00:32:01,190 --> 00:31:58,740

legislation with me and that reason why

844

00:32:02,510 --> 00:32:01,200

and again I bring back to social media

845

00:32:04,490 --> 00:32:02,520

and the reason why people are so

846

00:32:06,710 --> 00:32:04,500

wonderful to Champion this topic is that

847

00:32:08,990 --> 00:32:06,720

so when we look at exopolitics or

848

00:32:10,850 --> 00:32:09,000

anything in legislation we're we're

849

00:32:12,649 --> 00:32:10,860

moving legislation forward for moments

850

00:32:14,930 --> 00:32:12,659

like that of any form of contact and

851

00:32:16,970 --> 00:32:14,940

what that's going to look like so we

852

00:32:19,669 --> 00:32:16,980

have to make sure as people in North

853

00:32:22,070 --> 00:32:19,679

America say this I am Canadian but I

854

00:32:24,529 --> 00:32:22,080

play him both fields that even in the

855

00:32:26,450 --> 00:32:24,539

Canadian side we have a UFO office now

856

00:32:29,210 --> 00:32:26,460

that we have to look at that legislation

857

00:32:30,710 --> 00:32:29,220

is actually in in the right space for

858

00:32:32,029 --> 00:32:30,720

the right people and for when that

859

00:32:33,529 --> 00:32:32,039

happens and it doesn't mean that

860

00:32:35,750 --> 00:32:33,539

everybody knows but it has to be

861

00:32:37,130 --> 00:32:35,760

Collective and I feel that as a

862

00:32:38,990 --> 00:32:37,140

community and a Counter Culture we're

863

00:32:42,470 --> 00:32:39,000

generally pretty good at self-governing

864

00:32:45,710 --> 00:32:42,480

and asking for truth and looking to make

865

00:32:47,269 --> 00:32:45,720

things properly uh accurate as possible

866

00:32:48,830 --> 00:32:47,279

so I think what we're going to go

867

00:32:50,690 --> 00:32:48,840

through those moments and it's going to

868

00:32:52,730 --> 00:32:50,700

take years but we will get to a form of

869

00:32:54,950 --> 00:32:52,740

legislation at some point that probably

870

00:32:56,510 --> 00:32:54,960

has something to do with that

871

00:32:58,310 --> 00:32:56,520

um at some point when we get into more

872

00:33:00,049 --> 00:32:58,320

exopolitics but we're watching like

873

00:33:04,130 --> 00:33:00,059

literally the beginning of all this

874

00:33:06,230 --> 00:33:04,140

which I think is really cool and very

875

00:33:08,149 --> 00:33:06,240

important that all of us know what is

876

00:33:10,850 --> 00:33:08,159

going on so that we can have some form

877

00:33:13,009 --> 00:33:10,860

of influence or say or just be updated

878

00:33:14,870 --> 00:33:13,019

on what policies are putting forward

879

00:33:16,370 --> 00:33:14,880

because people's children and everyone

880

00:33:19,250 --> 00:33:16,380

else is going to have to live with us

881

00:33:21,590 --> 00:33:19,260

for years to come right

882

00:33:22,730 --> 00:33:21,600

um I've been trying to get as you as

883

00:33:23,810 --> 00:33:22,740

you know because I've talked to you

884

00:33:26,269 --> 00:33:23,820

about this if you're trying to get Danny

885

00:33:28,909 --> 00:33:26,279

Sheehan um my show for a while now

886

00:33:30,950 --> 00:33:28,919

hopefully he will be at some point but

887

00:33:34,070 --> 00:33:30,960

yeah he's uh he's quite an amazing guy

888

00:33:36,409 --> 00:33:34,080

and uh isn't he's a very well educated

889

00:33:38,029 --> 00:33:36,419

too right isn't he like oh yeah oh yeah

890

00:33:41,330 --> 00:33:38,039

there's something I can't remember yeah

891

00:33:42,649 --> 00:33:41,340

Danny is Danny has an outside of UFO

892

00:33:45,649 --> 00:33:42,659

related

893

00:33:47,930 --> 00:33:45,659

the topics he has championed civil

894

00:33:49,430 --> 00:33:47,940

rights and I have so much perspective

895

00:33:51,710 --> 00:33:49,440

for him he's championed the digits

896

00:33:53,630 --> 00:33:51,720

communities and has done stuff with like

897

00:33:55,669 --> 00:33:53,640

both boarding schools to stop that like

898

00:33:57,889 --> 00:33:55,679

it's it's pretty unbelievable what he's

899

00:33:59,990 --> 00:33:57,899

done so outside of that I think he means

900

00:34:01,370 --> 00:34:00,000

really well and he's really looked at

901

00:34:03,529 --> 00:34:01,380

the legislation and he's working with

902

00:34:06,230 --> 00:34:03,539

whistleblowers currently too that have

903

00:34:07,970 --> 00:34:06,240

testified to Sean Kirkpatrick so he will

904

00:34:11,690 --> 00:34:07,980

probably have a lot more to say in the

905

00:34:14,210 --> 00:34:11,700

months to come oh yeah yeah and uh you

906

00:34:16,129 --> 00:34:14,220

know I couldn't a lot of people you talk

907

00:34:17,869 --> 00:34:16,139

about Sean Kirkpatrick but his name's

908

00:34:21,470 --> 00:34:17,879

come up a few times you know when I I

909

00:34:25,369 --> 00:34:21,480

was kind of disappointed in Sean

910

00:34:26,629 --> 00:34:25,379

um you know the last I was watching

911

00:34:27,770 --> 00:34:26,639

um the hearing

912

00:34:29,690 --> 00:34:27,780

um but

913

00:34:32,210 --> 00:34:29,700

you know I mean I also have respect for

914

00:34:33,649 --> 00:34:32,220

him too but there was a rumor going

915

00:34:35,750 --> 00:34:33,659

around I wondered if you had heard this

916

00:34:37,730 --> 00:34:35,760

that he himself had had a UFO sighting

917

00:34:39,290 --> 00:34:37,740

did you hear anything about that no I've

918

00:34:41,690 --> 00:34:39,300

never heard that no

919

00:34:43,909 --> 00:34:41,700

well if he did he's probably not going

920

00:34:45,649 --> 00:34:43,919

to let anyone know yeah but uh yeah and

921

00:34:47,389 --> 00:34:45,659

that might that might be just just a

922

00:34:49,430 --> 00:34:47,399

plain rumor but

923

00:34:51,829 --> 00:34:49,440

um so

924

00:34:55,369 --> 00:34:51,839

um it really would be very interesting

925

00:34:56,869 --> 00:34:55,379

to know what they are hearing that we

926
00:34:58,190 --> 00:34:56,879
don't know that they're hearing now I

927
00:35:00,890 --> 00:34:58,200
know that there's been some test

928
00:35:03,109 --> 00:35:00,900
testimony and from some people I know

929
00:35:05,870 --> 00:35:03,119
that have been on this show that

930
00:35:08,690 --> 00:35:05,880
uh for instance Bob Salas and there's a

931
00:35:12,230 --> 00:35:08,700
number of people that have uh testified

932
00:35:13,790 --> 00:35:12,240
directly to them and um you know I mean

933
00:35:15,890 --> 00:35:13,800
like you said earlier you know maybe

934
00:35:18,230 --> 00:35:15,900
they believe maybe they don't you know

935
00:35:19,930 --> 00:35:18,240
maybe that's that's where it is at this

936
00:35:22,910 --> 00:35:19,940
point but I think this thing about

937
00:35:25,010 --> 00:35:22,920
amnesty for the whistle whistleblowers

938
00:35:26,510 --> 00:35:25,020

or whatever you want to call it is just

939

00:35:29,030 --> 00:35:26,520

a wonderful thing and I think it really

940

00:35:31,190 --> 00:35:29,040

will loosen up the more people find out

941

00:35:32,870 --> 00:35:31,200

about that

942

00:35:36,530 --> 00:35:32,880

um the more I think it's going to be

943

00:35:38,990 --> 00:35:36,540

helpful and uh John Ramirez from the CIA

944

00:35:40,910 --> 00:35:39,000

um he's he's excited about some things

945

00:35:43,190 --> 00:35:40,920

uh according to him you know things are

946

00:35:45,050 --> 00:35:43,200

moving along but I don't know for sure I

947

00:35:46,790 --> 00:35:45,060

just had some back and forth with him a

948

00:35:49,010 --> 00:35:46,800

little bit that's amazing all right

949

00:35:50,690 --> 00:35:49,020

John's John's a gems too and the stuff

950

00:35:52,430 --> 00:35:50,700

that he's done in his presentations of

951

00:35:53,990 --> 00:35:52,440

anyone's at a conference go see it

952

00:35:56,390 --> 00:35:54,000

because they're they're really great

953

00:35:58,490 --> 00:35:56,400

like they're really really good

954

00:36:01,250 --> 00:35:58,500

um I agree I I you know I think Sean

955

00:36:03,230 --> 00:36:01,260

Kirkpatrick's doing his best it's not an

956

00:36:06,230 --> 00:36:03,240

easy place to sit when you have

957

00:36:08,089 --> 00:36:06,240

everybody online watching you he knows

958

00:36:09,950 --> 00:36:08,099

that yeah again you have so much

959

00:36:12,890 --> 00:36:09,960

information and you can only put forward

960

00:36:14,990 --> 00:36:12,900

to Congress or in any hearing uh

961

00:36:16,550 --> 00:36:15,000

information that you feel is validated

962

00:36:18,470 --> 00:36:16,560

and you can show evidence for he's just

963

00:36:20,750 --> 00:36:18,480

doing the best job he can as a scientist

964

00:36:22,430 --> 00:36:20,760

so I don't think we all a lot of people

965

00:36:25,430 --> 00:36:22,440

shouldn't rag on him too much for that

966

00:36:26,930 --> 00:36:25,440

because he is trying to work for us and

967

00:36:28,630 --> 00:36:26,940

I know Danny Sheehan said into my

968

00:36:31,010 --> 00:36:28,640

interview that you know it's not

969

00:36:32,450 --> 00:36:31,020

reactive he's not going out and

970

00:36:34,490 --> 00:36:32,460

searching for it he's having Congress

971

00:36:36,470 --> 00:36:34,500

give him the information instead of him

972

00:36:37,970 --> 00:36:36,480

going out and looking at it and so for

973

00:36:39,770 --> 00:36:37,980

example like we look at Project Blue

974

00:36:41,750 --> 00:36:39,780

Book we look at project

975

00:36:44,089 --> 00:36:41,760

um project sign we look at project I

976

00:36:45,290 --> 00:36:44,099

always call it grunge Grudge I know I

977

00:36:46,849 --> 00:36:45,300

always call it project grunge I'm like

978

00:36:49,450 --> 00:36:46,859

from the 90s I don't always do that all

979

00:36:53,930 --> 00:36:51,770

and then you know we and then we look

980

00:36:55,730 --> 00:36:53,940

from atip and everywhere else we've seen

981

00:36:58,130 --> 00:36:55,740

that people have gone out to find this

982

00:36:59,810 --> 00:36:58,140

information too it's the opposite and

983

00:37:01,190 --> 00:36:59,820

Danny Sheehan was really correct when he

984

00:37:04,010 --> 00:37:01,200

said that to me and I never thought

985

00:37:06,230 --> 00:37:04,020

about that until last week where he's

986

00:37:08,089 --> 00:37:06,240

taking a real passive role which is

987

00:37:10,310 --> 00:37:08,099

interesting he's having people come to

988

00:37:12,650 --> 00:37:10,320

him with stories and analyzing but he's

989

00:37:13,849 --> 00:37:12,660

not really out looking for it there will

990

00:37:15,589 --> 00:37:13,859

be one point where there's a public

991

00:37:17,150 --> 00:37:15,599

portal and he speaks about that in the

992

00:37:18,410 --> 00:37:17,160

hearing so I'm curious to see what

993

00:37:20,930 --> 00:37:18,420

that's going to look like and what the

994

00:37:23,329 --> 00:37:20,940

protections for privacy will be and what

995

00:37:25,730 --> 00:37:23,339

information and we know this in a UAP

996

00:37:27,410 --> 00:37:25,740

space that anything is a public portal

997

00:37:30,829 --> 00:37:27,420

I'm more concerned about because you're

998

00:37:32,510 --> 00:37:30,839

getting Mass amounts of data right given

999

00:37:34,550 --> 00:37:32,520

for free and let's be honest there's

1000

00:37:37,490 --> 00:37:34,560

more issues related to health concerns

1001
00:37:38,810 --> 00:37:37,500
with uaps that could be submitted that

1002
00:37:40,550 --> 00:37:38,820
could potentially I don't want to use

1003
00:37:42,829 --> 00:37:40,560
the word used against us because it's

1004
00:37:44,630 --> 00:37:42,839
such a conspiratorial thing

1005
00:37:47,270 --> 00:37:44,640
um but I know exactly where you're going

1006
00:37:48,950 --> 00:37:47,280
You're right right and that's more of my

1007
00:37:51,290 --> 00:37:48,960
concern I'm like who's doing the public

1008
00:37:54,349 --> 00:37:51,300
portal is this a private company that's

1009
00:37:55,970 --> 00:37:54,359
doing a portal a public portal is this a

1010
00:37:58,250 --> 00:37:55,980
government thing how is this regulated

1011
00:38:00,230 --> 00:37:58,260
where is the information going who's

1012
00:38:01,910 --> 00:38:00,240
keeping it where is it being stored is

1013
00:38:03,589 --> 00:38:01,920

it access for the general public like

1014

00:38:06,230 --> 00:38:03,599

there's so many questions around that

1015

00:38:09,010 --> 00:38:06,240

that I'm more concerned about personally

1016

00:38:12,290 --> 00:38:09,020

than I would say you know right now

1017

00:38:14,210 --> 00:38:12,300

let's talk about uh aliens because like

1018

00:38:15,950 --> 00:38:14,220

we're not at that point yet and I don't

1019

00:38:17,690 --> 00:38:15,960

think we will be and I know everybody

1020

00:38:20,030 --> 00:38:17,700

really wants it in their championing it

1021

00:38:21,230 --> 00:38:20,040

but we have to take some time

1022

00:38:23,030 --> 00:38:21,240

um this is the first time he's ever

1023

00:38:24,770 --> 00:38:23,040

spoke live so we need to give him time

1024

00:38:26,750 --> 00:38:24,780

to show his efforts and what he's doing

1025

00:38:29,630 --> 00:38:26,760

you know he's writing papers with Avi

1026

00:38:32,630 --> 00:38:29,640

Loeb so you know Everyone's a Critic

1027

00:38:34,010 --> 00:38:32,640

everyone's gonna somehow be down on him

1028

00:38:35,569 --> 00:38:34,020

because people that have been interested

1029

00:38:39,050 --> 00:38:35,579

in this topic for years are going to say

1030

00:38:40,790 --> 00:38:39,060

you know alien or ET right but we need

1031

00:38:42,650 --> 00:38:40,800

to wait to see I think more evidence and

1032

00:38:44,030 --> 00:38:42,660

obviously I have a science pick up and

1033

00:38:45,410 --> 00:38:44,040

then ask questions around what

1034

00:38:47,150 --> 00:38:45,420

governments or what the government's

1035

00:38:48,530 --> 00:38:47,160

doing again with the public portal and

1036

00:38:49,790 --> 00:38:48,540

everything else because to me I think

1037

00:38:52,910 --> 00:38:49,800

that's more

1038

00:38:55,430 --> 00:38:52,920

that is way more important I think at

1039

00:38:57,650 --> 00:38:55,440

this point because dissemination of

1040

00:39:00,349 --> 00:38:57,660

information is the way that you know

1041

00:39:02,870 --> 00:39:00,359

through media or how all the information

1042

00:39:04,609 --> 00:39:02,880

that they're getting is a way to talk to

1043

00:39:07,130 --> 00:39:04,619

the masses or be able to persuade the

1044

00:39:10,430 --> 00:39:07,140

masses so we have to be mindful of that

1045

00:39:14,329 --> 00:39:10,440

when you when the term is out there like

1046

00:39:17,089 --> 00:39:14,339

a lot of people have a sighting and it's

1047

00:39:19,609 --> 00:39:17,099

so spectacular and I had the thought too

1048

00:39:21,710 --> 00:39:19,619

when I had my sighting was that it's not

1049

00:39:23,930 --> 00:39:21,720

of this Earth You know basically it's

1050

00:39:25,370 --> 00:39:23,940

whatever it is it's it can't be of this

1051
00:39:26,870 --> 00:39:25,380
Earth there's nothing that I could

1052
00:39:27,470 --> 00:39:26,880
imagine

1053
00:39:30,950 --> 00:39:27,480
um

1054
00:39:34,069 --> 00:39:30,960
but that that being it's it's maybe

1055
00:39:36,170 --> 00:39:34,079
alien to us but we can't say that we

1056
00:39:39,050 --> 00:39:36,180
know where where they're from whatever

1057
00:39:41,390 --> 00:39:39,060
it is we have no idea where where it's

1058
00:39:43,490 --> 00:39:41,400
from whether even though it's alien to

1059
00:39:46,970 --> 00:39:43,500
not to us it may not be extraterrestrial

1060
00:39:49,609 --> 00:39:46,980
it may be something else but um what I'm

1061
00:39:51,470 --> 00:39:49,619
worried about in this public portal

1062
00:39:54,170 --> 00:39:51,480
and kind of where I think you were we're

1063
00:39:56,150 --> 00:39:54,180

going maybe not but the wheat from the

1064

00:39:59,510 --> 00:39:56,160

chaff you know I mean all they would

1065

00:40:02,810 --> 00:39:59,520

just be absolutely flooded

1066

00:40:05,510 --> 00:40:02,820

um you know for anyone that has have

1067

00:40:08,270 --> 00:40:05,520

seen a you know a Chinese lantern you

1068

00:40:11,089 --> 00:40:08,280

know on and it would be very very hard

1069

00:40:13,609 --> 00:40:11,099

to sort out I mean you know like Peter

1070

00:40:16,010 --> 00:40:13,619

Davenport he's like a one-man band they

1071

00:40:20,089 --> 00:40:16,020

should put him in charge of Fielding

1072

00:40:22,370 --> 00:40:20,099

that portal you know uh well I look at

1073

00:40:24,349 --> 00:40:22,380

private entities like Enigma labs and

1074

00:40:26,270 --> 00:40:24,359

you know we don't know much about them

1075

00:40:28,510 --> 00:40:26,280

and they've said they've met Alejandra

1076

00:40:31,490 --> 00:40:28,520

Rojas

1077

00:40:33,470 --> 00:40:31,500

yeah I Love Alejandro I just asked

1078

00:40:35,210 --> 00:40:33,480

questions about um transparency with

1079

00:40:38,569 --> 00:40:35,220

them and that that's where I ask is

1080

00:40:39,710 --> 00:40:38,579

where's your transparency and also uh if

1081

00:40:41,510 --> 00:40:39,720

you're going to be working with Sean

1082

00:40:43,790 --> 00:40:41,520

Kirkpatrick creating this public portal

1083

00:40:45,530 --> 00:40:43,800

then we need to see those private

1084

00:40:47,329 --> 00:40:45,540

identities if it's not even Enigma Labs

1085

00:40:49,370 --> 00:40:47,339

whoever it is what are the transparency

1086

00:40:50,390 --> 00:40:49,380

and I like to see it listed I like to

1087

00:40:51,950 --> 00:40:50,400

see what you're going to do with it and

1088

00:40:53,990 --> 00:40:51,960

if you're working with private companies

1089

00:40:55,370 --> 00:40:54,000

are they going to be able to be foia are

1090

00:40:57,170 --> 00:40:55,380

we going to request foia's from them

1091

00:40:59,329 --> 00:40:57,180

because you can't legally

1092

00:41:01,670 --> 00:40:59,339

uh because of private companies they're

1093

00:41:03,589 --> 00:41:01,680

protected that's right right so we need

1094

00:41:05,030 --> 00:41:03,599

to be able to say no this needs to be

1095

00:41:07,069 --> 00:41:05,040

foia because this is our information

1096

00:41:08,810 --> 00:41:07,079

this is the Publix people information

1097

00:41:11,089 --> 00:41:08,820

that's submitting we need to be able to

1098

00:41:13,190 --> 00:41:11,099

know what you know and to have those

1099

00:41:15,530 --> 00:41:13,200

conversations too because they can't be

1100

00:41:17,270 --> 00:41:15,540

protected under that under that act or

1101

00:41:19,730 --> 00:41:17,280

I'm not sure exactly what it would be

1102

00:41:21,230 --> 00:41:19,740

called but they are protected so there's

1103

00:41:24,050 --> 00:41:21,240

lots of loopholes that you can get

1104

00:41:26,630 --> 00:41:24,060

around so I think it needs like a triage

1105

00:41:31,190 --> 00:41:26,640

or something something to get you know

1106

00:41:33,290 --> 00:41:31,200

through some filters before it can get

1107

00:41:35,210 --> 00:41:33,300

into something important like that in my

1108

00:41:37,130 --> 00:41:35,220

opinion you know otherwise I mean

1109

00:41:39,710 --> 00:41:37,140

they're just going to be inundated with

1110

00:41:41,810 --> 00:41:39,720

all kinds of and Roxanne Cooks because

1111

00:41:44,930 --> 00:41:41,820

there could be you know a lot of

1112

00:41:47,810 --> 00:41:44,940

legitimate people but it's just has to

1113

00:41:50,810 --> 00:41:47,820

be filtered in that's the only way I can

1114

00:41:53,089 --> 00:41:50,820

can put it well my my thoughts to that

1115

00:41:55,190 --> 00:41:53,099

would be now thinking of it would be

1116

00:41:57,109 --> 00:41:55,200

corporate identities are not allowed to

1117

00:42:00,050 --> 00:41:57,119

have any stake in this whatsoever and

1118

00:42:01,670 --> 00:42:00,060

none in the UAP conversation for data

1119

00:42:03,890 --> 00:42:01,680

collecting in Big Data because they can

1120

00:42:06,589 --> 00:42:03,900

sell it and make millions to billions

1121

00:42:09,050 --> 00:42:06,599

off people's personal data they can

1122

00:42:10,970 --> 00:42:09,060

breach people's trust I would say then

1123

00:42:13,010 --> 00:42:10,980

private companies are not allowed to do

1124

00:42:14,750 --> 00:42:13,020

it I would say educational institutes

1125

00:42:17,810 --> 00:42:14,760

are where this has to be partner with

1126
00:42:19,730 --> 00:42:17,820
Harvard partner yeah partner with them

1127
00:42:21,530 --> 00:42:19,740
because they're the ones that will be

1128
00:42:23,450 --> 00:42:21,540
able to look at academically look at

1129
00:42:25,910 --> 00:42:23,460
this and be able to create really strong

1130
00:42:28,010 --> 00:42:25,920
structures whoops I don't know so I was

1131
00:42:29,510 --> 00:42:28,020
trying to put yes put another one up and

1132
00:42:31,370 --> 00:42:29,520
that one came up I accidentally it's

1133
00:42:33,410 --> 00:42:31,380
okay I think that's where we just we

1134
00:42:34,910 --> 00:42:33,420
need to go with that and leave corporate

1135
00:42:36,470 --> 00:42:34,920
identities out because the corruption

1136
00:42:38,390 --> 00:42:36,480
we've seen through politics and

1137
00:42:40,790 --> 00:42:38,400
everything else shows us that corporate

1138
00:42:41,930 --> 00:42:40,800

is not the way to do these things I

1139

00:42:43,910 --> 00:42:41,940

would say let's leave it to the

1140

00:42:47,329 --> 00:42:43,920

academics in education

1141

00:42:49,190 --> 00:42:47,339

here's a question that came in and uh

1142

00:42:50,990 --> 00:42:49,200

abduction you know uh whatever

1143

00:42:53,150 --> 00:42:51,000

experiences or whatever you want to call

1144

00:42:55,490 --> 00:42:53,160

them that's that's like um

1145

00:42:57,410 --> 00:42:55,500

you know I do get into that here here

1146

00:42:59,089 --> 00:42:57,420

and there on this show

1147

00:43:02,809 --> 00:42:59,099

um not a lot but every once in a while

1148

00:43:05,750 --> 00:43:02,819

I'll talk about it and uh

1149

00:43:08,150 --> 00:43:05,760

um I have I have mixed feelings about it

1150

00:43:09,290 --> 00:43:08,160

abductions

1151

00:43:12,170 --> 00:43:09,300

um not

1152

00:43:13,730 --> 00:43:12,180

not all of them but

1153

00:43:15,650 --> 00:43:13,740

um I guess the mixed feelings I have

1154

00:43:18,770 --> 00:43:15,660

about abductions is the claims that

1155

00:43:21,170 --> 00:43:18,780

there's so many of them going on and

1156

00:43:23,150 --> 00:43:21,180

there's people are going to get angry at

1157

00:43:27,770 --> 00:43:23,160

me but there is

1158

00:43:29,930 --> 00:43:27,780

some some of them have probably do come

1159

00:43:32,030 --> 00:43:29,940

from sleep paralysis but not all of them

1160

00:43:34,670 --> 00:43:32,040

I think some of them are definitely

1161

00:43:36,290 --> 00:43:34,680

legitimately something and I'm being

1162

00:43:37,430 --> 00:43:36,300

very careful how I say this because I

1163

00:43:40,430 --> 00:43:37,440

know I'm going to get a lot of hate mail

1164

00:43:42,050 --> 00:43:40,440

if I say uh that

1165

00:43:44,510 --> 00:43:42,060

um all of them are I don't believe all

1166

00:43:46,670 --> 00:43:44,520

of them are uh sleep you know sleep

1167

00:43:47,690 --> 00:43:46,680

problems or things like that I think

1168

00:43:50,329 --> 00:43:47,700

some of them

1169

00:43:53,569 --> 00:43:50,339

do have an amazing

1170

00:43:56,150 --> 00:43:53,579

you know quality to them and also the

1171

00:43:58,609 --> 00:43:56,160

fact that uh

1172

00:44:00,650 --> 00:43:58,619

if we are being visited by whoever we're

1173

00:44:03,109 --> 00:44:00,660

being visited from I don't think it

1174

00:44:06,710 --> 00:44:03,119

would be unusual for them to take a

1175

00:44:08,390 --> 00:44:06,720

specimen and examine and then you know

1176

00:44:09,890 --> 00:44:08,400

release or whatever

1177

00:44:14,030 --> 00:44:09,900

um so I think you know it is very

1178

00:44:15,710 --> 00:44:14,040

possible something's happening but uh so

1179

00:44:19,430 --> 00:44:15,720

can we answer this person's question

1180

00:44:20,930 --> 00:44:19,440

after my long yeah no deliberation it's

1181

00:44:23,690 --> 00:44:20,940

challenging because

1182

00:44:25,730 --> 00:44:23,700

I have a lot of empathy for people that

1183

00:44:27,829 --> 00:44:25,740

have had experiences because I anything

1184

00:44:30,890 --> 00:44:27,839

that's real and that creates any form of

1185

00:44:32,390 --> 00:44:30,900

trauma that and you have to find a group

1186

00:44:33,890 --> 00:44:32,400

of people that you can relate to because

1187

00:44:36,410 --> 00:44:33,900

not everyone's experiencing it that's

1188

00:44:38,450 --> 00:44:36,420

not easy like we've all dealt with some

1189

00:44:41,569 --> 00:44:38,460

form of trauma and finding people to

1190

00:44:43,250 --> 00:44:41,579

relate to and believe you uh can be very

1191

00:44:45,290 --> 00:44:43,260

hard and it can really play in your

1192

00:44:47,630 --> 00:44:45,300

mental health so I feel for any of those

1193

00:44:49,790 --> 00:44:47,640

people that have gone through it I also

1194

00:44:51,829 --> 00:44:49,800

look at some of it as sleep paralysis I

1195

00:44:53,630 --> 00:44:51,839

have a friend recently that said to me

1196

00:44:55,730 --> 00:44:53,640

he had you know he woke up in the middle

1197

00:44:57,770 --> 00:44:55,740

of the night Frozen but he had these

1198

00:45:00,349 --> 00:44:57,780

like aliens around him and then he broke

1199

00:45:02,809 --> 00:45:00,359

out of the sleep paralysis and then they

1200

00:45:04,910 --> 00:45:02,819

disappeared so that legitly was sleep

1201
00:45:06,710 --> 00:45:04,920
paralysis for him and I believe that

1202
00:45:09,050 --> 00:45:06,720
some elusive dreaming is part of it for

1203
00:45:12,230 --> 00:45:09,060
so for sure there's something going on

1204
00:45:13,730 --> 00:45:12,240
there but there is a small group a very

1205
00:45:16,490 --> 00:45:13,740
very small group as well that are having

1206
00:45:19,370 --> 00:45:16,500
experiences and are they related to to

1207
00:45:21,650 --> 00:45:19,380
UFOs yes is there an E.T phenomenon

1208
00:45:23,750 --> 00:45:21,660
potentially related to it yes we don't

1209
00:45:25,970 --> 00:45:23,760
know it also could be many other things

1210
00:45:28,250 --> 00:45:25,980
that we have no idea about or of any

1211
00:45:30,770 --> 00:45:28,260
perception to what's actually happening

1212
00:45:32,270 --> 00:45:30,780
and who knows if it's interdimensional

1213
00:45:34,609 --> 00:45:32,280

like it could be something totally

1214

00:45:37,430 --> 00:45:34,619

outside of the UFO topic that is just

1215

00:45:40,010 --> 00:45:37,440

somehow connected but there's something

1216

00:45:41,450 --> 00:45:40,020

going on and I don't know what it is and

1217

00:45:42,890 --> 00:45:41,460

I think that we will come to a point

1218

00:45:45,589 --> 00:45:42,900

where we will hopefully figure it out

1219

00:45:47,990 --> 00:45:45,599

and this is why I love like love Gary

1220

00:45:49,609 --> 00:45:48,000

Nolan's work for like looking at the

1221

00:45:51,950 --> 00:45:49,619

center of the brain and there's an area

1222

00:45:55,790 --> 00:45:51,960

called the katipotainment that's he's

1223

00:45:57,829 --> 00:45:55,800

been able to identify that hereditary uh

1224

00:46:00,109 --> 00:45:57,839

hereditarily like people have this in

1225

00:46:01,430 --> 00:46:00,119

their brain and so it's enlarged we all

1226

00:46:03,290 --> 00:46:01,440

have it but people that have had

1227

00:46:05,630 --> 00:46:03,300

multiple different experiences have an

1228

00:46:07,370 --> 00:46:05,640

over large cardi battainment and so

1229

00:46:09,170 --> 00:46:07,380

that's really interesting are they and

1230

00:46:11,150 --> 00:46:09,180

then the question to that is are they

1231

00:46:14,329 --> 00:46:11,160

able just to see it and perceive it

1232

00:46:16,309 --> 00:46:14,339

because of the overarchediatement

1233

00:46:18,050 --> 00:46:16,319

um or is it just happening to them

1234

00:46:19,970 --> 00:46:18,060

because of the large body containment

1235

00:46:21,710 --> 00:46:19,980

like there's so many questions so I

1236

00:46:24,710 --> 00:46:21,720

think Gary Nolan's on the right track

1237

00:46:26,150 --> 00:46:24,720

and I will forever follow him and try to

1238

00:46:28,970 --> 00:46:26,160

1238 speak with him about that because I

1239

00:46:31,309 --> 00:46:28,980

think the neurology is a huge part of

1240

00:46:32,990 --> 00:46:31,319

how we experience anything related to

1241

00:46:36,410 --> 00:46:33,000

UFOs and ETS

1242

00:46:39,710 --> 00:46:36,420

yes and you know one more thing on the

1243

00:46:43,670 --> 00:46:39,720

abduction part I have to say that

1244

00:46:46,309 --> 00:46:43,680

I can only use my empathy like in this

1245

00:46:49,130 --> 00:46:46,319

way to say that if something like that

1246

00:46:51,109 --> 00:46:49,140

was happening to me yeah and I really

1247

00:46:52,910 --> 00:46:51,119

thought I was being abducted by aliens

1248

00:46:54,710 --> 00:46:52,920

and going on the ship and being examined

1249

00:46:57,050 --> 00:46:54,720

or whatever and they could do it anytime

1250

00:46:58,970 --> 00:46:57,060

they wanted it wanted I don't know how

1251

00:47:00,950 --> 00:46:58,980

I'd function in life I don't think I

1252

00:47:03,550 --> 00:47:00,960

could I don't think I think the whole

1253

00:47:07,490 --> 00:47:03,560

rest of my life would be just a blur and

1254

00:47:09,589 --> 00:47:07,500

uh full of fear so I do have empathy for

1255

00:47:11,329 --> 00:47:09,599

those people that are going I don't I

1256

00:47:13,550 --> 00:47:11,339

don't know how they would do it if this

1257

00:47:15,950 --> 00:47:13,560

is what they think is going on and how

1258

00:47:18,530 --> 00:47:15,960

scary is that and if nobody believes you

1259

00:47:20,809 --> 00:47:18,540

having something done to you just not

1260

00:47:22,309 --> 00:47:20,819

even inside of the UFO topic for anyone

1261

00:47:24,410 --> 00:47:22,319

to relate and says well I don't believe

1262

00:47:26,329 --> 00:47:24,420

them it's like well if you had anything

1263

00:47:27,710 --> 00:47:26,339

done to you that was negative and you

1264

00:47:30,069 --> 00:47:27,720

went and told somebody and they just

1265

00:47:32,930 --> 00:47:30,079

said nah whatever

1266

00:47:35,809 --> 00:47:32,940

you would be traumatized and you're like

1267

00:47:37,370 --> 00:47:35,819

I'm not believed in any capacity so take

1268

00:47:39,290 --> 00:47:37,380

that experience if you've never believed

1269

00:47:40,930 --> 00:47:39,300

and then you know times it by a hundred

1270

00:47:43,430 --> 00:47:40,940

to something that you can't even explain

1271

00:47:44,930 --> 00:47:43,440

so that that's how I look at so I listen

1272

00:47:46,490 --> 00:47:44,940

to people I let them tell their stories

1273

00:47:49,010 --> 00:47:46,500

because for them it's real and that's

1274

00:47:52,849 --> 00:47:49,020

just as important as it being a real or

1275

00:47:54,950 --> 00:47:52,859

unsure of what it is yeah right uh

1276

00:47:57,349 --> 00:47:54,960

here's another one from Dr Richard if

1277

00:47:59,750 --> 00:47:57,359

the ETS are compelling the cover-up on

1278

00:48:01,849 --> 00:47:59,760

the pain of some of the awful punishment

1279

00:48:04,490 --> 00:48:01,859

then wouldn't the government

1280

00:48:06,349 --> 00:48:04,500

be right to cover up the phenomenon

1281

00:48:08,510 --> 00:48:06,359

I guess that's the question is health

1282

00:48:10,550 --> 00:48:08,520

concerns right are they we know that in

1283

00:48:11,569 --> 00:48:10,560

Project Blue Book I believe and lots of

1284

00:48:13,430 --> 00:48:11,579

other

1285

00:48:15,589 --> 00:48:13,440

um information and data that has been

1286

00:48:17,930 --> 00:48:15,599

collected around UFO experiences that

1287

00:48:20,510 --> 00:48:17,940

have been extremely negative and harmful

1288

00:48:24,170 --> 00:48:20,520

and people dying from other obviously

1289

00:48:25,910 --> 00:48:24,180

radiation and dying of cancer so yeah we

1290

00:48:27,890 --> 00:48:25,920

don't hear of that you know I believe

1291

00:48:29,690 --> 00:48:27,900

Jacques valet when he did one of the

1292

00:48:31,550 --> 00:48:29,700

first databases a lot of that

1293

00:48:34,130 --> 00:48:31,560

information I believe could potentially

1294

00:48:36,230 --> 00:48:34,140

be in there and so that's a concern and

1295

00:48:38,990 --> 00:48:36,240

he's mentioned that that is a concern

1296

00:48:41,150 --> 00:48:39,000

for him is the health concerns not so

1297

00:48:43,790 --> 00:48:41,160

much the other information the health

1298

00:48:45,530 --> 00:48:43,800

related information so yes that that

1299

00:48:47,510 --> 00:48:45,540

could be possible that they don't want

1300

00:48:49,130 --> 00:48:47,520

to share as much as they know because

1301

00:48:50,930 --> 00:48:49,140

they're scared to scare they're scared

1302

00:48:54,170 --> 00:48:50,940

of scaring people because they're not

1303

00:48:55,910 --> 00:48:54,180

sure what this is potentially and if you

1304

00:48:58,010 --> 00:48:55,920

can't know what something is and it is

1305

00:48:59,809 --> 00:48:58,020

hurting people how do you temper the

1306

00:49:02,569 --> 00:48:59,819

public with that

1307

00:49:03,650 --> 00:49:02,579

right right well unfortunately I'm not

1308

00:49:05,690 --> 00:49:03,660

going to be able to make it out to the

1309

00:49:07,430 --> 00:49:05,700

contact in the desert the things I took

1310

00:49:09,050 --> 00:49:07,440

on a project and it would have been

1311

00:49:11,510 --> 00:49:09,060

really fun to hang out with you but we

1312

00:49:13,790 --> 00:49:11,520

have just a about four minutes left here

1313

00:49:16,130 --> 00:49:13,800

so let's talk a little bit about that

1314

00:49:19,370 --> 00:49:16,140

you know some of the speakers and uh

1315

00:49:21,109 --> 00:49:19,380

where this is in what's the name of the

1316

00:49:23,630 --> 00:49:21,119

town in California yeah that's right

1317

00:49:27,530 --> 00:49:23,640

Indian Springs yeah yeah it's a by the

1318

00:49:29,870 --> 00:49:27,540

Palm Desert out there so yeah so you

1319

00:49:31,790 --> 00:49:29,880

must be excited to go there's gonna be a

1320

00:49:34,309 --> 00:49:31,800

lot of people oh yeah I'm super excited

1321

00:49:36,349 --> 00:49:34,319

it's a real collection of people which

1322

00:49:38,150 --> 00:49:36,359

is interesting it's not everyone that I

1323

00:49:41,410 --> 00:49:38,160

would always go to see in a conference

1324

00:49:45,109 --> 00:49:41,420

so I'm curious It's well put

1325

00:49:46,970 --> 00:49:45,119

I know I I agree yeah it's it's and I'm

1326

00:49:49,790 --> 00:49:46,980

open-minded So and I've heard other

1327

00:49:51,170 --> 00:49:49,800

people speak so I'm I will sit in one's

1328

00:49:53,270 --> 00:49:51,180

lectures that I wouldn't generally

1329

00:49:54,530 --> 00:49:53,280

always go to because I'm open-minded and

1330

00:49:59,630 --> 00:49:54,540

curious

1331

00:50:01,190 --> 00:49:59,640

best part about the UFO community in

1332

00:50:02,870 --> 00:50:01,200

these type of conferences and you know

1333

00:50:06,349 --> 00:50:02,880

Martin is you get to meet people in real

1334

00:50:07,910 --> 00:50:06,359

life which I think is amazing yeah and

1335

00:50:10,010 --> 00:50:07,920

then you also get to if you've seen

1336

00:50:11,630 --> 00:50:10,020

their work or follow it meeting them in

1337

00:50:13,790 --> 00:50:11,640

real life you get to really realize

1338

00:50:15,230 --> 00:50:13,800

you're like oh this is like a totally

1339

00:50:16,790 --> 00:50:15,240

different perception of them and

1340

00:50:19,309 --> 00:50:16,800

sometimes it is what you thought and

1341

00:50:21,470 --> 00:50:19,319

sometimes it's totally different so to

1342

00:50:22,970 --> 00:50:21,480

me that's getting closer to truth too is

1343

00:50:25,010 --> 00:50:22,980

when I get to meet those people that

1344

00:50:26,809 --> 00:50:25,020

have been doing this research and also

1345

00:50:28,550 --> 00:50:26,819

just like thank a lot of them because

1346

00:50:30,950 --> 00:50:28,560

I've followed their careers for so long

1347

00:50:33,410 --> 00:50:30,960

and you know they've added so much to my

1348

00:50:35,030 --> 00:50:33,420

life so that's I'm excited and to be

1349

00:50:37,849 --> 00:50:35,040

honest I know how controversial Graham

1350

00:50:39,710 --> 00:50:37,859

Hancock is but as a publicist when you

1351
00:50:42,650 --> 00:50:39,720
get to talk to him it makes me excited

1352
00:50:45,950 --> 00:50:42,660
because I do I like Graham Hancock I

1353
00:50:48,230 --> 00:50:45,960
know he is controversial but um I

1354
00:50:50,410 --> 00:50:48,240
recently watched a series on Netflix and

1355
00:50:55,130 --> 00:50:50,420
I said bye golly I like this guy yeah

1356
00:50:57,349 --> 00:50:55,140
he's very very likable yeah so uh and

1357
00:51:00,290 --> 00:50:57,359
and he really does you know put some

1358
00:51:02,990 --> 00:51:00,300
things out there to really Ponder you

1359
00:51:04,430 --> 00:51:03,000
know about our ancient civilizations and

1360
00:51:07,010 --> 00:51:04,440
things like that it's very very

1361
00:51:11,390 --> 00:51:07,020
interesting and I don't think you know

1362
00:51:14,210 --> 00:51:11,400
uh that that's not 100 science

1363
00:51:16,250 --> 00:51:14,220

um to to Discount everything he says

1364

00:51:17,690 --> 00:51:16,260

because there's a lot of things I think

1365

00:51:20,150 --> 00:51:17,700

we're going to find out in the future

1366

00:51:22,190 --> 00:51:20,160

about our past that we don't know yet

1367

00:51:23,930 --> 00:51:22,200

and they'll have to rewrite the book so

1368

00:51:26,270 --> 00:51:23,940

that they don't want to do but they will

1369

00:51:29,809 --> 00:51:26,280

have to rewrite the books I do think 100

1370

00:51:32,510 --> 00:51:29,819

agree and it's nice to see somebody who

1371

00:51:35,030 --> 00:51:32,520

has such stature to a degree right he's

1372

00:51:36,530 --> 00:51:35,040

very well respected open-minded to

1373

00:51:38,569 --> 00:51:36,540

coming to different types of conferences

1374

00:51:40,549 --> 00:51:38,579

like this too so it's you know it's a

1375

00:51:41,870 --> 00:51:40,559

new Evolution and this is a new way of

1376

00:51:44,870 --> 00:51:41,880

the contact in the desert because it has

1377

00:51:46,670 --> 00:51:44,880

new ownership now and yeah and it will

1378

00:51:49,670 --> 00:51:46,680

move forward and potentially it's going

1379

00:51:51,710 --> 00:51:49,680

to grow tomorrow futurism and science so

1380

00:51:53,990 --> 00:51:51,720

we'll see that and maybe what's going to

1381

00:51:56,210 --> 00:51:54,000

happen is we'll see these worlds that

1382

00:51:57,710 --> 00:51:56,220

are generally more Fringe and science

1383

00:51:59,329 --> 00:51:57,720

come together and maybe potentially

1384

00:52:01,309 --> 00:51:59,339

contact in the desert in the future will

1385

00:52:02,930 --> 00:52:01,319

be that meeting place where we can find

1386

00:52:06,890 --> 00:52:02,940

that middle ground which would be really

1387

00:52:09,470 --> 00:52:06,900

nice yeah well uh Chrissy thank you so

1388

00:52:13,790 --> 00:52:09,480

much it's been a real pleasure and don't

1389

00:52:16,849 --> 00:52:13,800

forget to get me Dan Sheehan well we've

1390

00:52:18,470 --> 00:52:16,859

sent him a message so yeah Dan's a hard

1391

00:52:20,329 --> 00:52:18,480

one to get a hold of he's a hard one to

1392

00:52:22,609 --> 00:52:20,339

track down it took me a while too took

1393

00:52:24,710 --> 00:52:22,619

me meeting him in real life you know to

1394

00:52:28,130 --> 00:52:24,720

to finally get that interview so I 100

1395

00:52:31,309 --> 00:52:28,140

we will try our best all right oh thanks

1396

00:52:33,109 --> 00:52:31,319

very much and have a blast uh at contact

1397

00:52:36,290 --> 00:52:33,119

in the desert awesome good to see you

1398

00:52:37,910 --> 00:52:36,300

Martin okay take care bye all right

1399

00:52:41,210 --> 00:52:37,920

everyone so thank you so much for

1400

00:52:44,450 --> 00:52:41,220

watching our guest next week is uh Ron

1401

00:52:46,430 --> 00:52:44,460

James and at seven o'clock and thank you
