00:00:37,850 --> 00:00:35,040

two UFO occupant cases from France by

4
00:00:40,250 --> 00:00:37,860

Charles Lear there are two cases out of

5
00:00:42,650 --> 00:00:40,260

France around the time of the 1973

6
00:00:44,990 --> 00:00:42,660

United States humanoid wave that are

7
00:00:46,610 --> 00:00:45,000

remarkably similar in some aspects and

8
00:00:49,910 --> 00:00:46,620

occurred within a few months of each

9
00:00:51,650 --> 00:00:49,920

other the first case from 1973 shows up

10
00:00:54,229 --> 00:00:51,660

in the second edition of the center for

11
00:00:57,590 --> 00:00:54,239

UFO studies publication by David Webb

12
00:01:00,650 --> 00:00:57,600

titled 1973 the year of the humanoids

13
00:01:03,290 --> 00:01:00,660

and the second case from 1974 shows up

14

00:01:06,590 --> 00:01:03,300

in the 1976 book by Jim and Carl

15

00:01:08,929 --> 00:01:06,600

Lorenzen titled UFO occupants the first

16

00:01:12,910 --> 00:01:08,939

encounter reportedly occurred in puy

17

00:01:15,830 --> 00:01:12,920

verde in late September or early October

18

00:01:18,170 --> 00:01:15,840

1973. according to Webb who lists this

19

00:01:20,090 --> 00:01:18,180

as a first-hand investigation the

20

00:01:22,370 --> 00:01:20,100

witness was riding a motorcycle on his

21

00:01:24,890 --> 00:01:22,380

way to work when it misfired and stopped

22

00:01:26,870 --> 00:01:24,900

as a bright light appeared up ahead the

23

00:01:29,270 --> 00:01:26,880

witness saw a luminous oval object

24

00:01:31,910 --> 00:01:29,280

hovering above the ground with smoke

25

00:01:34,370 --> 00:01:31,920

underneath a humanoid appeared and came

26
00:01:36,170 --> 00:01:34,380
towards the witness it put its hand on

27
00:01:38,749 --> 00:01:36,180
his shoulder and offered reassuring

28
00:01:41,330 --> 00:01:38,759
words the creatures described as being

29
00:01:43,550 --> 00:01:41,340
thin about two meters six foot six

30
00:01:46,130 --> 00:01:43,560
inches tall and wearing an aluminum

31
00:01:48,469 --> 00:01:46,140
colored uniform with a helmet resting on

32
00:01:50,870 --> 00:01:48,479
its shoulders that had a tube like a

33
00:01:53,210 --> 00:01:50,880
snorkel on its right side the face

34
00:01:55,850 --> 00:01:53,220
looked like it was covered with a nylon

35
00:01:57,830 --> 00:01:55,860
stocking that had slits for the eyes the

36
00:02:00,469 --> 00:01:57,840
creature was carrying what looked like a

37
00:02:02,270 --> 00:02:00,479
pistol that it held pointing down the

38
00:02:04,910 --> 00:02:02,280

creature asked the witness where he was

39

00:02:07,010 --> 00:02:04,920

going and the witness answered to my job

40

00:02:09,109 --> 00:02:07,020

the creature then returned to the craft

41

00:02:11,750 --> 00:02:09,119

telling the witness not to look at it

42

00:02:14,030 --> 00:02:11,760

too closely it went underneath the craft

43

00:02:16,670 --> 00:02:14,040

and entered it the craft rose straight

44

00:02:19,490 --> 00:02:16,680

up and then moved off the motorcycle was

45

00:02:22,690 --> 00:02:19,500

then able to start normally the second

46

00:02:25,670 --> 00:02:22,700

case reportedly occurred on February 28

47

00:02:28,309 --> 00:02:25,680

1974. we looked for the original source

48

00:02:30,710 --> 00:02:28,319

of the story and found the report by the

49

00:02:33,890 --> 00:02:30,720

French investigators monsieurs Bighorn

50

00:02:37,210 --> 00:02:33,900

Shabbat and fortui that was published in

51
00:02:40,430 --> 00:02:37,220
the November 1974 Lumia

52
00:02:44,089 --> 00:02:40,440
number 139 according to the report

53
00:02:47,449 --> 00:02:44,099
titled the events of arini and tirash

54
00:02:51,050 --> 00:02:47,459
and a funny for the week of February

55
00:02:53,570 --> 00:02:51,060
24th through March 2nd 1974 the witness

56
00:02:55,910 --> 00:02:53,580
was a simple man who was 59 years old

57
00:02:58,610 --> 00:02:55,920
and was aged by the hard labor of his

58
00:03:01,670 --> 00:02:58,620
job as a forge worker according to the

59
00:03:03,530 --> 00:03:01,680
investigators the witness absolutely did

60
00:03:05,930 --> 00:03:03,540
not believe all that nonsense about

61
00:03:08,089 --> 00:03:05,940
flying saucers and knew nothing of the

62
00:03:10,190 --> 00:03:08,099
UFO phenomenon the investigators

63
00:03:12,410 --> 00:03:10,200

described the witness as being reluctant

64

00:03:14,690 --> 00:03:12,420

to speak with them to the point of

65

00:03:16,670 --> 00:03:14,700

actually fleeing from them according to

66

00:03:18,649 --> 00:03:16,680

them they were only able to meet with

67

00:03:21,170 --> 00:03:18,659

them after exchanging letters with his

68

00:03:23,449 --> 00:03:21,180

wife and one of his sons because of this

69

00:03:25,970 --> 00:03:23,459

their investigation took place around

70

00:03:30,710 --> 00:03:25,980

two months after the reported incident

71

00:03:33,350 --> 00:03:30,720

at 5 30 a.m on Thursday February 28 1974

72

00:03:37,009 --> 00:03:33,360

the witness was on his motorcycle riding

73

00:03:39,949 --> 00:03:37,019

to work he was on RN 363 just leaving

74

00:03:41,809 --> 00:03:39,959

the Hamlet of routers he rounded a bend

75

00:03:44,509 --> 00:03:41,819

and crossed the bridge over the river

76
00:03:47,030 --> 00:03:44,519
thawn and found himself suddenly stopped

77
00:03:49,190 --> 00:03:47,040
and nose to nose with two cosmonauts

78
00:03:51,350 --> 00:03:49,200
which is how he referred to them the

79
00:03:54,050 --> 00:03:51,360
witness was confused because he didn't

80
00:03:56,390 --> 00:03:54,060
remember slowing down or breaking he put

81
00:03:58,490 --> 00:03:56,400
a foot down on the ground to stay

82
00:04:01,250 --> 00:03:58,500
upright and the creatures were on both

83
00:04:03,890 --> 00:04:01,260
sides of him holding the handlebars he

84
00:04:07,070 --> 00:04:03,900
described them as being about 1.7 meters

85
00:04:09,710 --> 00:04:07,080
five foot six inches tall and said they

86
00:04:12,110 --> 00:04:09,720
wore what looked like astronaut uniforms

87
00:04:14,330 --> 00:04:12,120
with square helmets that had openings

88
00:04:16,490 --> 00:04:14,340

for their faces he said he couldn't see

89

00:04:18,469 --> 00:04:16,500

their features because the inside of the

90

00:04:20,629 --> 00:04:18,479

helmets were dark and it seemed like

91

00:04:22,550 --> 00:04:20,639

their faces were covered he said they

92

00:04:24,909 --> 00:04:22,560

were five-fingered gloves which ended up

93

00:04:27,830 --> 00:04:24,919

at their shoulders like those worn by

94

00:04:30,650 --> 00:04:27,840

inseminators off to his left the witness

95

00:04:33,290 --> 00:04:30,660

noticed a dark circular Mass the size of

96

00:04:35,749 --> 00:04:33,300

two cars in the grass below the level of

97

00:04:38,150 --> 00:04:35,759

the road he assumed that this was the

98

00:04:40,129 --> 00:04:38,160

creature ship the creatures started

99

00:04:42,110 --> 00:04:40,139

gesticulating and he thought they might

100

00:04:44,270 --> 00:04:42,120

have been trying to tell him they needed

101
00:04:46,010 --> 00:04:44,280
food the witness is described as

102
00:04:48,110 --> 00:04:46,020
panicking at this point and the

103
00:04:50,030 --> 00:04:48,120
creatures is turning their helmets and

104
00:04:52,070 --> 00:04:50,040
looking at each other the creature on

105
00:04:53,629 --> 00:04:52,080
the left made a signal and the one on

106
00:04:55,850 --> 00:04:53,639
the right started searching for

107
00:04:57,890 --> 00:04:55,860
something with its hand behind its back

108
00:04:59,810 --> 00:04:57,900
it then showed the witness something

109
00:05:01,790 --> 00:04:59,820
that was the size and color of the

110
00:05:03,950 --> 00:05:01,800
chocolate the witness is said to have

111
00:05:06,770 --> 00:05:03,960
called it a chocolate in its right hand

112
00:05:08,930 --> 00:05:06,780
and indicated with its left hand that

113
00:05:11,090 --> 00:05:08,940

the witness should eat it the witness is

114

00:05:13,490 --> 00:05:11,100

described as being completely panicked

115

00:05:15,950 --> 00:05:13,500

at this point and he took the piece put

116

00:05:18,830 --> 00:05:15,960

it in his mouth and ate it the chocolate

117

00:05:20,749 --> 00:05:18,840

is described as having no taste and

118

00:05:23,330 --> 00:05:20,759

being softer than an actual chocolate

119

00:05:25,550 --> 00:05:23,340

the creatures watched the witness as he

120

00:05:28,010 --> 00:05:25,560

ate waited for him to finish and then

121

00:05:30,350 --> 00:05:28,020

let go of the motorcycle he took the

122

00:05:32,330 --> 00:05:30,360

opportunity to immediately ride away

123

00:05:34,490 --> 00:05:32,340

without looking back he couldn't

124

00:05:36,890 --> 00:05:34,500

remember whether his engine had been

125

00:05:39,110 --> 00:05:36,900

stopped or not Accord according to the

126

00:05:41,810 --> 00:05:39,120

investigators when the witness got to

127

00:05:44,029 --> 00:05:41,820

work he was acting strangely having been

128

00:05:46,909 --> 00:05:44,039

traumatized by the encounter and his

129

00:05:49,550 --> 00:05:46,919

co-workers questioned him he innocently

130

00:05:52,070 --> 00:05:49,560

told them about his encounter and he was

131

00:05:54,529 --> 00:05:52,080

ridiculed and this caused him to fall

132

00:05:56,390 --> 00:05:54,539

into a depression regarding possible

133

00:05:59,029 --> 00:05:56,400

trace evidence from What Might Have Been

134

00:06:01,969 --> 00:05:59,039

a landed craft the investigators report

135

00:06:04,430 --> 00:06:01,979

that neither the witness his wife nor

136

00:06:06,710 --> 00:06:04,440

their two sons went to the location to

137

00:06:08,629 --> 00:06:06,720

investigate but there were neighbors and

138

00:06:11,210 --> 00:06:08,639

colleagues who did and they found

139

00:06:13,909 --> 00:06:11,220

crushed grass in the area the witness

140

00:06:16,370 --> 00:06:13,919

described according to the investigators

141

00:06:18,529 --> 00:06:16,380

for a week and a half around the time of

142

00:06:21,409 --> 00:06:18,539

the reported encounter Witnesses and

143

00:06:23,870 --> 00:06:21,419

routers reported seeing red luminous

144

00:06:26,270 --> 00:06:23,880

balls appear at the top of a facing

145

00:06:28,790 --> 00:06:26,280

slope that would suddenly shoot down the

146

00:06:31,309 --> 00:06:28,800

slope and then go up the opposite slope

147

00:06:34,550 --> 00:06:31,319

and disappear behind the woods another

148

00:06:37,309 --> 00:06:34,560

witness Mr theatan reported seeing a

149

00:06:39,290 --> 00:06:37,319

yellow orange cigar shape object to the

150

00:06:41,510 --> 00:06:39,300

jean-darmarie who came out to

151

00:06:44,150 --> 00:06:41,520

investigate a week later according to

152

00:06:47,090 --> 00:06:44,160

the investigators he saw a flashing red

153

00:06:49,249 --> 00:06:47,100

light described as a big fire in a

154

00:06:50,809 --> 00:06:49,259

meadow according to the report it

155

00:06:53,029 --> 00:06:50,819

stopped blinking every time he

156

00:06:55,969 --> 00:06:53,039

approached and he gave up after the

157

00:06:58,070 --> 00:06:55,979

third try Charles Lear is the author of
