

A portrait of Alejandro Rojas, a man with short, graying hair, wearing a blue and white plaid shirt. He is looking directly at the camera with a neutral expression. The background is a dark, starry night sky with a faint, glowing nebula or galaxy structure visible behind his head. The text 'ALEJANDRO ROJAS' is overlaid on the left side of the image in a large, white, bold, sans-serif font.

# ALEJANDRO ROJAS

Whistleblower **BOMBSHELL**

1  
00:00:02,220 --> 00:00:10,350  
foreign

2  
00:00:47,170 --> 00:00:19,450  
[Music]

3  
00:00:52,130 --> 00:00:49,850  
this is Martin Willis and this is a

4  
00:00:54,590 --> 00:00:52,140  
special edition it's about an hour long

5  
00:00:56,869 --> 00:00:54,600  
or so with my good buddy Alejandro Rojas

6  
00:00:59,630 --> 00:00:56,879  
and we're going to be talking about The

7  
00:01:01,369 --> 00:00:59,640  
Whistleblower I call it a bombshell it

8  
00:01:04,310 --> 00:01:01,379  
hasn't exploded like a bombshell should

9  
00:01:08,030 --> 00:01:04,320  
but um there there is still it's it's

10  
00:01:10,190 --> 00:01:08,040  
gaining momentum in the media and I was

11  
00:01:13,969 --> 00:01:10,200  
thinking uh who would be a really good

12  
00:01:16,370 --> 00:01:13,979  
person to talk uh to about this and

13  
00:01:19,609 --> 00:01:16,380

Alejandro came to mind right away uh

14

00:01:21,890 --> 00:01:19,619

Ralph Blumenthal will be on uh and that

15

00:01:24,410 --> 00:01:21,900

will be released I believe at Friday at

16

00:01:27,170 --> 00:01:24,420

8pm so check this YouTube channel out

17

00:01:29,090 --> 00:01:27,180

then but anyway Ralph uh Blumenthal

18

00:01:32,690 --> 00:01:29,100

being one of the journalists

19

00:01:36,050 --> 00:01:32,700

um so Alejandro and I will be discussing

20

00:01:36,770 --> 00:01:36,060

this you know what we know and

21

00:01:38,510 --> 00:01:36,780

um

22

00:01:42,050 --> 00:01:38,520

Alejandro welcome

23

00:01:45,230 --> 00:01:42,060

hello great to see your your cheery face

24

00:01:48,350 --> 00:01:45,240

again it's great to be back on this

25

00:01:52,910 --> 00:01:48,360

wonderful show with my wonderful buddy

26

00:01:56,210 --> 00:01:52,920

Martin Willis yeah you bet uh Alejandro

27

00:01:58,609 --> 00:01:56,220

so you know you you also we're going to

28

00:02:01,789 --> 00:01:58,619

be talking talking about Enigma Labs as

29

00:02:03,710 --> 00:02:01,799

well but let's talk about this whole

30

00:02:06,370 --> 00:02:03,720

thing you know that that will will save

31

00:02:10,130 --> 00:02:06,380

for the end of the show but basically

32

00:02:12,949 --> 00:02:10,140

this uh was it was quite the news that I

33

00:02:16,610 --> 00:02:12,959

woke up to I was I was kind of kind of

34

00:02:18,949 --> 00:02:16,620

surprised to see the debrief had

35

00:02:20,690 --> 00:02:18,959

released it and um I'm sure their

36

00:02:23,089 --> 00:02:20,700

website is getting

37

00:02:25,010 --> 00:02:23,099

I'm surprised it's still up you know

38

00:02:27,470 --> 00:02:25,020

with the amount of traffic it's been it

39

00:02:29,690 --> 00:02:27,480

has been getting but um a little

40

00:02:31,850 --> 00:02:29,700

surprise that it was published in that

41

00:02:33,650 --> 00:02:31,860

it's a great they do a great job and I'm

42

00:02:35,990 --> 00:02:33,660

not belittling them in any type of way

43

00:02:38,990 --> 00:02:36,000

at all I'm just saying that I was

44

00:02:41,690 --> 00:02:39,000

surprised it we didn't see it like in in

45

00:02:43,790 --> 00:02:41,700

the Press you know as as something would

46

00:02:44,750 --> 00:02:43,800

really seem to gain a ton of momentum

47

00:02:45,949 --> 00:02:44,760

that way

48

00:02:48,290 --> 00:02:45,959

mm-hmm

49

00:02:50,930 --> 00:02:48,300

yeah I agree 100

50

00:02:54,229 --> 00:02:50,940

um you know uh I you know there were

51  
00:02:56,509 --> 00:02:54,239  
rumors going on on UFO Twitter that uh

52  
00:02:58,729 --> 00:02:56,519  
someone would be stepping forward yeah

53  
00:03:01,369 --> 00:02:58,739  
uh and that it would be someone who was

54  
00:03:04,190 --> 00:03:01,379  
credible and had uh

55  
00:03:06,770 --> 00:03:04,200  
um you know an interesting background

56  
00:03:07,910 --> 00:03:06,780  
um there was even I think and his name

57  
00:03:11,149 --> 00:03:07,920  
leaked

58  
00:03:12,350 --> 00:03:11,159  
um somewhere or in a couple places

59  
00:03:14,990 --> 00:03:12,360  
um

60  
00:03:18,410 --> 00:03:15,000  
and I had you know at least a little bit

61  
00:03:21,170 --> 00:03:18,420  
of information to about you know some

62  
00:03:24,050 --> 00:03:21,180  
media working on it so I was also

63  
00:03:25,430 --> 00:03:24,060

surprised to see it pop up I think UFO

64

00:03:27,470 --> 00:03:25,440

Twitter was under the assumption The

65

00:03:29,170 --> 00:03:27,480

Washington Post would be putting this

66

00:03:32,690 --> 00:03:29,180

out yeah

67

00:03:35,990 --> 00:03:32,700

yeah it was the debrief

68

00:03:38,630 --> 00:03:36,000

um like you not because of uh the

69

00:03:41,509 --> 00:03:38,640

debrief itself I think it's an excellent

70

00:03:45,170 --> 00:03:41,519

Outlet I'm a huge fan of the debrief and

71

00:03:48,830 --> 00:03:45,180

and all the writers involved yeah and uh

72

00:03:50,809 --> 00:03:48,840

uh I guess it but like you the story or

73

00:03:53,149 --> 00:03:50,819

the claims are so big you would want to

74

00:03:55,009 --> 00:03:53,159

see that on on something larger however

75

00:03:57,410 --> 00:03:55,019

you know

76

00:04:00,470 --> 00:03:57,420

um not again not to disparage a debrief

77

00:04:02,390 --> 00:04:00,480

at all but you do have like some Nuance

78

00:04:06,229 --> 00:04:02,400

some quirks where I think that you

79

00:04:08,630 --> 00:04:06,239

wouldn't see in larger Outlets

80

00:04:10,550 --> 00:04:08,640

um and uh you know there were people out

81

00:04:13,789 --> 00:04:10,560

there like Bryce Sable the Roswell Daily

82

00:04:15,890 --> 00:04:13,799

News saying that uh other outlets had

83

00:04:17,930 --> 00:04:15,900

passed on the story

84

00:04:20,090 --> 00:04:17,940

um I could see that because you know

85

00:04:22,310 --> 00:04:20,100

there aren't any receipts it's once

86

00:04:24,170 --> 00:04:22,320

again claims that we have to trust the

87

00:04:26,990 --> 00:04:24,180

the anecdotal information from one

88

00:04:28,430 --> 00:04:27,000

person or uh in this case also the

89

00:04:29,810 --> 00:04:28,440

reporters and what they claim to have

90

00:04:32,270 --> 00:04:29,820

seen

91

00:04:33,830 --> 00:04:32,280

um and you know that that's not as juicy

92

00:04:36,530 --> 00:04:33,840

right it's not as

93

00:04:37,610 --> 00:04:36,540

um substantial as a lot of outlets would

94

00:04:39,290 --> 00:04:37,620

want

95

00:04:41,150 --> 00:04:39,300

um but you know I from what I understand

96

00:04:43,749 --> 00:04:41,160

they were working on it and then Ralph

97

00:04:47,870 --> 00:04:43,759

Blumenthal had tweeted that

98

00:04:49,310 --> 00:04:47,880

he they didn't they were being pressured

99

00:04:51,409 --> 00:04:49,320

um he didn't claim who they were being

100

00:04:53,450 --> 00:04:51,419

pressured by but they were being

101  
00:04:55,670 --> 00:04:53,460  
pressured to get the story out as soon

102  
00:04:58,189 --> 00:04:55,680  
as possible and that's why they didn't

103  
00:05:00,590 --> 00:04:58,199  
want to wait for the other agencies they

104  
00:05:01,749 --> 00:05:00,600  
just went straight with the debrief

105  
00:05:05,570 --> 00:05:01,759  
um

106  
00:05:07,610 --> 00:05:05,580  
what do you think uh that's about who

107  
00:05:10,370 --> 00:05:07,620  
would be leaking that so what we get on

108  
00:05:11,749 --> 00:05:10,380  
UFO Twitter and I had I got a call a

109  
00:05:13,490 --> 00:05:11,759  
couple weeks ago

110  
00:05:15,530 --> 00:05:13,500  
um from someone about this that you know

111  
00:05:17,689 --> 00:05:15,540  
expected to come out in the Washington

112  
00:05:19,450 --> 00:05:17,699  
Post it was supposed to be last Monday

113  
00:05:22,310 --> 00:05:19,460

not this Monday but the Monday before

114

00:05:24,170 --> 00:05:22,320

and so you know first thing got up early

115

00:05:26,930 --> 00:05:24,180

that Monday morning and looked at the

116

00:05:29,749 --> 00:05:26,940

Washington Post saw nothing and um but

117

00:05:31,370 --> 00:05:29,759

how do you suppose that got out there I

118

00:05:34,010 --> 00:05:31,380

mean you would think that they

119

00:05:36,430 --> 00:05:34,020

themselves would keep it very quiet I'm

120

00:05:38,590 --> 00:05:36,440

talking about Ralph and Leslie

121

00:05:41,990 --> 00:05:38,600

well

122

00:05:43,010 --> 00:05:42,000

you know when you're going around

123

00:05:44,990 --> 00:05:43,020

um

124

00:05:46,790 --> 00:05:45,000

to different outlets and sharing

125

00:05:48,529 --> 00:05:46,800

information

126

00:05:50,930 --> 00:05:48,539

um to kind of Groom them and find out

127

00:05:52,810 --> 00:05:50,940

who wants to share this story then

128

00:05:57,590 --> 00:05:52,820

you're sharing it with a lot of people

129

00:05:59,450 --> 00:05:57,600

uh and so inevitably or you know the

130

00:06:02,810 --> 00:05:59,460

more you share it with the more chances

131

00:06:05,890 --> 00:06:02,820

it's going to get leaked so uh the

132

00:06:08,450 --> 00:06:05,900

Roswell Daily News had been you know

133

00:06:10,909 --> 00:06:08,460

obviously in the loop to some degree

134

00:06:13,430 --> 00:06:10,919

because they were kind of giving clues

135

00:06:14,510 --> 00:06:13,440

that they knew what was coming up

136

00:06:16,490 --> 00:06:14,520

um

137

00:06:17,570 --> 00:06:16,500

something like a week before it had come

138

00:06:20,029 --> 00:06:17,580

out they said this was going to be

139

00:06:24,409 --> 00:06:20,039

information coming from Colorado which

140

00:06:27,830 --> 00:06:24,419

it did uh so uh and this is actually

141

00:06:30,350 --> 00:06:27,840

turns out to be an individual who

142

00:06:32,330 --> 00:06:30,360

people have been working with in the

143

00:06:35,450 --> 00:06:32,340

past uh for the last two or three years

144

00:06:39,590 --> 00:06:35,460

he was a part of the UAB task force all

145

00:06:42,529 --> 00:06:39,600

right uh famously uh now the two people

146

00:06:45,409 --> 00:06:42,539

who ran the UAP task force

147

00:06:47,689 --> 00:06:45,419

um Jay Stratton and Dr Travis Taylor who

148

00:06:50,210 --> 00:06:47,699

is the lead scientists are on television

149

00:06:52,790 --> 00:06:50,220

now on the skinwalker TV show on a

150

00:06:55,610 --> 00:06:52,800

regular basis yeah they're also touring

151

00:06:58,070 --> 00:06:55,620

with aliencon and the Ancient Aliens

152

00:06:59,870 --> 00:06:58,080

group so you know these are all very

153

00:07:01,909 --> 00:06:59,880

high profile people so I think that's

154

00:07:04,670 --> 00:07:01,919

how some of this information started to

155

00:07:07,790 --> 00:07:04,680

get out there I see yeah that makes

156

00:07:11,150 --> 00:07:07,800

sense well what do we know about David

157

00:07:13,850 --> 00:07:11,160

um Gersh uh I believe that's I may be

158

00:07:17,090 --> 00:07:13,860

pronouncing his name a little bit off

159

00:07:20,330 --> 00:07:17,100

but it's it's it's something like that

160

00:07:22,189 --> 00:07:20,340

um do we know a lot about them obviously

161

00:07:25,129 --> 00:07:22,199

um there is enough out there for

162

00:07:27,650 --> 00:07:25,139

information that he was involved in

163

00:07:31,730 --> 00:07:27,660

everything he was I believe I heard that

164

00:07:35,150 --> 00:07:31,740

he had something like a uh clearance

165

00:07:37,730 --> 00:07:35,160

good enough for over uh 2 000 programs

166

00:07:39,409 --> 00:07:37,740

or something like that so he's is he

167

00:07:41,809 --> 00:07:39,419

seems very legit

168

00:07:43,430 --> 00:07:41,819

I guess what I'm you know we hear the

169

00:07:46,790 --> 00:07:43,440

positive and negatives when anything

170

00:07:47,510 --> 00:07:46,800

like this happens we always do

171

00:07:52,070 --> 00:07:47,520

um

172

00:07:53,990 --> 00:07:52,080

the positives are his integrity

173

00:07:55,370 --> 00:07:54,000

um the negatives are well there's no

174

00:07:57,589 --> 00:07:55,380

first hand

175

00:07:59,870 --> 00:07:57,599

knowledge there's no uh he didn't

176

00:08:01,909 --> 00:07:59,880

actually see things personally these are

177

00:08:04,730 --> 00:08:01,919

things that were told to him however the

178

00:08:06,710 --> 00:08:04,740

people that told it to him are very high

179

00:08:09,170 --> 00:08:06,720

clearance uh people that would know

180

00:08:11,450 --> 00:08:09,180

these type of things so

181

00:08:13,070 --> 00:08:11,460

um I don't think that he would be I mean

182

00:08:16,249 --> 00:08:13,080

I personally don't think that he would

183

00:08:17,990 --> 00:08:16,259

be used as a disinformation agent type

184

00:08:19,490 --> 00:08:18,000

of thing I don't I mean that that's

185

00:08:20,809 --> 00:08:19,500

that's kind of silly what are your

186

00:08:23,809 --> 00:08:20,819

thoughts on that

187

00:08:25,909 --> 00:08:23,819

I mean I think anything's possible uh

188

00:08:28,670 --> 00:08:25,919

you know he's definitely a credible

189

00:08:31,630 --> 00:08:28,680

person uh high level he's worked for

190

00:08:34,250 --> 00:08:31,640

National geospatial Intelligence Agency

191

00:08:37,250 --> 00:08:34,260

uh and the nro which is a national

192

00:08:40,909 --> 00:08:37,260

reconnaissance office

193

00:08:42,889 --> 00:08:40,919

um both you know agencies that are you

194

00:08:44,570 --> 00:08:42,899

know when it comes to geospatial they're

195

00:08:47,750 --> 00:08:44,580

in charge of satellite satellite

196

00:08:49,930 --> 00:08:47,760

observation National reconnaissance the

197

00:08:53,389 --> 00:08:49,940

similar type of things so these are both

198

00:08:55,550 --> 00:08:53,399

intelligence agencies you know using um

199

00:08:59,389 --> 00:08:55,560

technology to observe what's in the

200

00:09:01,610 --> 00:08:59,399

skies uh and looking for unknown so he's

201  
00:09:04,910 --> 00:09:01,620  
definitely very credible uh there have

202  
00:09:07,790 --> 00:09:04,920  
been many people who have come out to uh

203  
00:09:11,329 --> 00:09:07,800  
to say that he's an up and up guy that

204  
00:09:13,190 --> 00:09:11,339  
he's very honest that he uh to

205  
00:09:16,850 --> 00:09:13,200  
substantiate that he did work in those

206  
00:09:18,829 --> 00:09:16,860  
departments so he seems to have a lot of

207  
00:09:24,410 --> 00:09:18,839  
credibility

208  
00:09:26,990 --> 00:09:24,420  
um the issue comes back to though is in

209  
00:09:29,329 --> 00:09:27,000  
what he's claiming so he's claiming that

210  
00:09:31,970 --> 00:09:29,339  
you know as a part of the UAP task force

211  
00:09:35,210 --> 00:09:31,980  
he had people coming to him to tell him

212  
00:09:37,670 --> 00:09:35,220  
these um you know these organizations

213  
00:09:39,889 --> 00:09:37,680

exist these uh programs that are

214

00:09:41,870 --> 00:09:39,899

technically off the books

215

00:09:44,210 --> 00:09:41,880

or are technically illegal because

216

00:09:46,250 --> 00:09:44,220

they're shirking you know Congressional

217

00:09:47,570 --> 00:09:46,260

reporting they're not reporting to

218

00:09:49,070 --> 00:09:47,580

Congress like they should be what

219

00:09:50,750 --> 00:09:49,080

they're doing

220

00:09:53,090 --> 00:09:50,760

um in order to keep secret what they've

221

00:09:55,550 --> 00:09:53,100

been working on which is allegedly you

222

00:09:58,910 --> 00:09:55,560

know uh back engineering or working on

223

00:10:01,910 --> 00:09:58,920

retrieving crashed objects

224

00:10:03,889 --> 00:10:01,920

um including bodies uh he says that

225

00:10:06,769 --> 00:10:03,899

there's been and and this is the part

226

00:10:08,750 --> 00:10:06,779

that I think I have a hard time uh

227

00:10:11,630 --> 00:10:08,760

really wrapping my head around or a hard

228

00:10:13,910 --> 00:10:11,640

pill to swallow that for the last 90

229

00:10:17,210 --> 00:10:13,920

years there's been an international arms

230

00:10:20,210 --> 00:10:17,220

race centered around retrieving alien

231

00:10:22,130 --> 00:10:20,220

technology and using it to create

232

00:10:22,910 --> 00:10:22,140

weapons

233

00:10:25,370 --> 00:10:22,920

um

234

00:10:26,990 --> 00:10:25,380

that's a bit difficult to understand I

235

00:10:29,030 --> 00:10:27,000

mean we don't really I don't think we've

236

00:10:32,389 --> 00:10:29,040

seen that with our eyes you know

237

00:10:35,389 --> 00:10:32,399

historically so uh I really have a hard

238

00:10:36,650 --> 00:10:35,399

time believing that would be the case uh

239

00:10:38,570 --> 00:10:36,660

and

240

00:10:40,550 --> 00:10:38,580

you know

241

00:10:42,949 --> 00:10:40,560

the people who have come forward thus

242

00:10:46,250 --> 00:10:42,959

far including louisando

243

00:10:48,590 --> 00:10:46,260

um Eric Davis uh Dr Eric Davis who you

244

00:10:52,130 --> 00:10:48,600

know I interviewed who told me similar

245

00:10:55,790 --> 00:10:52,140

things uh years ago

246

00:10:56,930 --> 00:10:55,800

you know they're very credible

247

00:10:59,030 --> 00:10:56,940

um and they've been telling these

248

00:11:01,190 --> 00:10:59,040

stories for a long time but we're

249

00:11:03,710 --> 00:11:01,200

lacking receipts we're lacking any proof

250

00:11:06,889 --> 00:11:03,720

of any of this and this is another

251

00:11:09,829 --> 00:11:06,899

person to add to that list of credible

252

00:11:11,569 --> 00:11:09,839

people making incredible claims but have

253

00:11:13,430 --> 00:11:11,579

yet to

254

00:11:15,829 --> 00:11:13,440

um you know substantiate those claims

255

00:11:17,509 --> 00:11:15,839

and I think that's where we're at we're

256

00:11:19,069 --> 00:11:17,519

at so I mean I know a lot of people

257

00:11:22,730 --> 00:11:19,079

interested in this field are getting

258

00:11:25,430 --> 00:11:22,740

really excited uh but I think that it's

259

00:11:27,790 --> 00:11:25,440

premature uh having done this and

260

00:11:30,350 --> 00:11:27,800

written about this for a very long time

261

00:11:31,790 --> 00:11:30,360

uh being someone who's interviewed all

262

00:11:35,269 --> 00:11:31,800

these people and knows a lot of them

263

00:11:38,030 --> 00:11:35,279

firsthand for for decades now

264

00:11:40,370 --> 00:11:38,040

um like I said on Twitter is that a lot

265

00:11:44,509 --> 00:11:40,380

of times these stories can fall apart in

266

00:11:46,970 --> 00:11:44,519

unforeseen ways uh some people ask you

267

00:11:49,069 --> 00:11:46,980

know make the point hey you know if this

268

00:11:51,230 --> 00:11:49,079

guy was was lying he's going to get in a

269

00:11:53,710 --> 00:11:51,240

lot of trouble he would never lie well

270

00:11:57,170 --> 00:11:53,720

just because he's sharing information

271

00:11:59,509 --> 00:11:57,180

that uh that he believes and has been

272

00:12:02,990 --> 00:11:59,519

convinced Israel uh doesn't mean he's

273

00:12:06,050 --> 00:12:03,000

lying but it also at least we don't know

274

00:12:08,329 --> 00:12:06,060

for a fact that he's also correct and I

275

00:12:11,290 --> 00:12:08,339

think that's what we need to wait for uh

276

00:12:14,389 --> 00:12:11,300

that'll hopefully happen and

277

00:12:16,310 --> 00:12:14,399

go ahead no no no no you had continue

278

00:12:19,550 --> 00:12:16,320

your thoughts sorry

279

00:12:20,810 --> 00:12:19,560

I was just gonna say uh you know and

280

00:12:23,569 --> 00:12:20,820

it's kind of funny someone just said

281

00:12:27,290 --> 00:12:23,579

Stephen they won't substantiate ever and

282

00:12:30,110 --> 00:12:27,300

that's the hard part is uh the path to

283

00:12:32,690 --> 00:12:30,120

substantiating this information is

284

00:12:34,430 --> 00:12:32,700

somewhat difficult uh in other words if

285

00:12:37,190 --> 00:12:34,440

they had shared classified information

286

00:12:38,870 --> 00:12:37,200

with Congress and you know Congress

287

00:12:41,329 --> 00:12:38,880

won't share classified information

288

00:12:44,810 --> 00:12:41,339

either at least people have been

289

00:12:46,730 --> 00:12:44,820

um you know read in or who have uh you

290

00:12:48,110 --> 00:12:46,740

know they're who are also you know

291

00:12:51,110 --> 00:12:48,120

they're not supposed to share classified

292

00:12:53,150 --> 00:12:51,120

information what they have to do is ask

293

00:12:55,970 --> 00:12:53,160

the Pentagon which is part of the

294

00:12:58,009 --> 00:12:55,980

executive branch to release this

295

00:12:59,509 --> 00:12:58,019

information publicly and they may not

296

00:13:00,650 --> 00:12:59,519

want to

297

00:13:03,470 --> 00:13:00,660

um and who knows what information

298

00:13:06,170 --> 00:13:03,480

Congress has given they may feel that

299

00:13:09,769 --> 00:13:06,180

secrecy is Justified uh you know there's

300

00:13:12,410 --> 00:13:09,779

a lot of scenarios in which perhaps

301

00:13:16,550 --> 00:13:12,420

uh the information is not substantiated

302

00:13:19,790 --> 00:13:16,560

so again we have you know an another

303

00:13:21,889 --> 00:13:19,800

credible person making incredible claims

304

00:13:23,930 --> 00:13:21,899

that they just can't you know get their

305

00:13:27,110 --> 00:13:23,940

hands on the receipts to prove to the

306

00:13:29,569 --> 00:13:27,120

public that's the case and I think that

307

00:13:31,490 --> 00:13:29,579

you know a lot of people are we all saw

308

00:13:34,370 --> 00:13:31,500

last week and this news has kind of

309

00:13:38,150 --> 00:13:34,380

taken over the headlines even though we

310

00:13:40,569 --> 00:13:38,160

had this uh incredible four-hour panel

311

00:13:43,970 --> 00:13:40,579

discussion you know with NASA last week

312

00:13:45,710 --> 00:13:43,980

and uh NASA is taking the stance that

313

00:13:48,410 --> 00:13:45,720

you know we've just got to collect the

314

00:13:52,550 --> 00:13:48,420

data on our own we can't trust that uh

315

00:13:54,530 --> 00:13:52,560

we'll get data from the military and we

316

00:13:56,810 --> 00:13:54,540

need to be careful and understand the

317

00:13:59,030 --> 00:13:56,820

type of data that we're getting

318

00:14:01,009 --> 00:13:59,040

um and I don't think that's a bad angle

319

00:14:03,230 --> 00:14:01,019

I'm a board member of the scientific

320

00:14:06,470 --> 00:14:03,240

Coalition for UAP studies and that's the

321

00:14:10,730 --> 00:14:06,480

same angle we take is that we're focused

322

00:14:13,129 --> 00:14:10,740

on Gathering data uh writing papers on

323

00:14:14,750 --> 00:14:13,139

the data that we can gather to to have a

324

00:14:17,629 --> 00:14:14,760

better understanding of this phenomena

325

00:14:19,850 --> 00:14:17,639

but we don't want to wait for people to

326

00:14:22,610 --> 00:14:19,860

share information with us

327

00:14:24,530 --> 00:14:22,620

um when work can be done right now and I

328

00:14:28,009 --> 00:14:24,540

think that was a suggestion with NASA

329

00:14:30,170 --> 00:14:28,019

was to go start Gathering the data you

330

00:14:32,050 --> 00:14:30,180

need to do scientific investigation and

331

00:14:34,490 --> 00:14:32,060

then do that scientific investigation

332

00:14:36,170 --> 00:14:34,500

now I think one thing people have to

333

00:14:38,389 --> 00:14:36,180

consider is if the military starts to

334

00:14:40,009 --> 00:14:38,399

make some of these claims then the

335

00:14:41,569 --> 00:14:40,019

scientific in the community is still

336

00:14:43,370 --> 00:14:41,579

going to say prove it

337

00:14:44,870 --> 00:14:43,380

because

338

00:14:46,790 --> 00:14:44,880

um you know one of the things that Eric

339

00:14:49,970 --> 00:14:46,800

Davis had shared with me is that you

340

00:14:52,189 --> 00:14:49,980

know doing uh science in Black projects

341

00:14:55,970 --> 00:14:52,199

uh you know special access programs is

342

00:14:58,490 --> 00:14:55,980

very difficult because

343

00:15:00,290 --> 00:14:58,500

science takes cooperation that's why

344

00:15:02,269 --> 00:15:00,300

there's transparency you're working with

345

00:15:04,790 --> 00:15:02,279

a lot of different experts in their

346

00:15:06,769 --> 00:15:04,800

various fields to get input to do your

347

00:15:09,050 --> 00:15:06,779

research and if you're working on a

348

00:15:10,490 --> 00:15:09,060

black project you've got only a limited

349

00:15:12,769 --> 00:15:10,500

amount of people who can work on that

350

00:15:14,389 --> 00:15:12,779

that are read into the project if you

351

00:15:15,889 --> 00:15:14,399

want to work with someone else you've

352

00:15:18,590 --> 00:15:15,899

got to get them read into the project

353

00:15:20,810 --> 00:15:18,600

and that can take literally years to get

354

00:15:24,110 --> 00:15:20,820

them uh the security clearances they

355

00:15:25,910 --> 00:15:24,120

need and that so it's very difficult to

356

00:15:28,970 --> 00:15:25,920

do that sort of research that's why Dr

357

00:15:31,250 --> 00:15:28,980

Davis claims that you know that the

358

00:15:33,310 --> 00:15:31,260

objects that have been found have been

359

00:15:36,350 --> 00:15:33,320

locked away kind of like Indiana Jones

360

00:15:38,569 --> 00:15:36,360

and they're waiting until you know they

361

00:15:40,910 --> 00:15:38,579

understand more about the nature of the

362

00:15:42,829 --> 00:15:40,920

the technology before they go try to

363

00:15:44,750 --> 00:15:42,839

take another stab at it

364

00:15:46,030 --> 00:15:44,760

but that they just can't make heads or

365

00:15:48,410 --> 00:15:46,040

tails because they don't have enough

366

00:15:50,930 --> 00:15:48,420

cooperation and big enough team to work

367

00:15:52,970 --> 00:15:50,940

on it so I mean there's there's a lot of

368

00:15:56,509 --> 00:15:52,980

nuance there's a lot

369

00:15:59,810 --> 00:15:56,519

um going on that uh

370

00:16:03,410 --> 00:15:59,820

that we need to wait and be patient and

371

00:16:04,850 --> 00:16:03,420

um watch this whole thing you know uh as

372

00:16:07,009 --> 00:16:04,860

it progresses but it does seem to be

373

00:16:08,389 --> 00:16:07,019

progressing pretty quickly because you

374

00:16:10,550 --> 00:16:08,399

definitely have a lot of people coming

375

00:16:13,069 --> 00:16:10,560

out that at least are saying hey this

376

00:16:15,410 --> 00:16:13,079

guy's very credible and now we've had at

377

00:16:17,569 --> 00:16:15,420

least one um person from the house maybe

378

00:16:19,370 --> 00:16:17,579

even two I think maybe temperature as

379

00:16:20,990 --> 00:16:19,380

well who have come out and said we want

380

00:16:23,930 --> 00:16:21,000

to have Congressional hearings and we

381

00:16:33,889 --> 00:16:23,940

want to ask the Pentagon about this uh

382

00:16:38,030 --> 00:16:36,110

well um Alejandra I seem to be I don't

383

00:16:39,470 --> 00:16:38,040

know if you're seeing me clearly here

384

00:16:41,810 --> 00:16:39,480

but I seem to be having a little bit of

385

00:16:44,990 --> 00:16:41,820

a problem with my internet

386

00:16:46,490 --> 00:16:45,000

um I I'm gonna put this up uh this up

387

00:16:50,210 --> 00:16:46,500

because this is something the Pentagon

388

00:16:53,870 --> 00:16:50,220

released yesterday midday and uh I'm

389

00:16:56,689 --> 00:16:53,880

going to uh reboot my internet and I

390

00:16:58,370 --> 00:16:56,699

want if you could talk uh to the uh

391

00:17:00,590 --> 00:16:58,380

audience on this

392

00:17:04,549 --> 00:17:00,600

um until I come right back

393

00:17:09,530 --> 00:17:07,130

all right so here uh this was released

394

00:17:14,150 --> 00:17:09,540

midday yesterday

395

00:17:16,250 --> 00:17:14,160

and they are saying yes and but let me

396

00:17:17,210 --> 00:17:16,260

just ask you this before I go and reboot

397

00:17:19,549 --> 00:17:17,220

here

398

00:17:23,030 --> 00:17:19,559

um did is this would could this be

399

00:17:26,030 --> 00:17:23,040

possible that they just plain

400

00:17:27,230 --> 00:17:26,040

uh would not know because it was not

401  
00:17:28,050 --> 00:17:27,240  
shared

402  
00:17:29,450 --> 00:17:28,060  
with them

403  
00:17:32,150 --> 00:17:29,460  
[Music]

404  
00:17:33,950 --> 00:17:32,160  
that's um difficult to say as well there

405  
00:17:36,950 --> 00:17:33,960  
are people who are claiming that you

406  
00:17:38,930 --> 00:17:36,960  
know um Arrow doesn't have the authority

407  
00:17:43,490 --> 00:17:38,940  
or enough of a clearance to be able to

408  
00:17:49,190 --> 00:17:47,450  
um so uh but there are other people that

409  
00:17:51,710 --> 00:17:49,200  
are claiming that actually there were

410  
00:17:54,650 --> 00:17:51,720  
special provisions

411  
00:17:56,450 --> 00:17:54,660  
that do allow Aero to have this sort of

412  
00:17:58,610 --> 00:17:56,460  
information

413  
00:18:00,950 --> 00:17:58,620

um this particular uh thing that you

414

00:18:05,029 --> 00:18:00,960

shared with me was from Susan Goff uh

415

00:18:08,029 --> 00:18:05,039

the representative from the Pentagon and

416

00:18:09,830 --> 00:18:08,039

you know let me I also tweeted that out

417

00:18:11,930 --> 00:18:09,840

so let me look at it so I could read

418

00:18:16,370 --> 00:18:11,940

kind of the audience everything that was

419

00:18:19,730 --> 00:18:16,380

said in there but it's very similar to

420

00:18:22,070 --> 00:18:19,740

um what they've said previously uh when

421

00:18:24,650 --> 00:18:22,080

items like this have come up but they're

422

00:18:26,630 --> 00:18:24,660

saying today Arrow has not discovered

423

00:18:28,549 --> 00:18:26,640

any verifiable information to

424

00:18:30,110 --> 00:18:28,559

substantiate claims that any programs

425

00:18:32,090 --> 00:18:30,120

regarding the possession of reverse

426

00:18:34,130 --> 00:18:32,100

engineering or extraterrestrial

427

00:18:36,529 --> 00:18:34,140

materials have existed in the past or

428

00:18:38,450 --> 00:18:36,539

exist currently error was committed to

429

00:18:41,210 --> 00:18:38,460

following the data and its investigation

430

00:18:43,010 --> 00:18:41,220

wherever it leads Arrow working with the

431

00:18:44,270 --> 00:18:43,020

office of the general counsel and the

432

00:18:47,150 --> 00:18:44,280

Air Force office of and special

433

00:18:49,610 --> 00:18:47,160

investigations has established a safe

434

00:18:51,650 --> 00:18:49,620

and secure process for individuals to

435

00:18:53,990 --> 00:18:51,660

come forward with information to Aid air

436

00:18:57,049 --> 00:18:54,000

Row in its congressionally mandated

437

00:19:00,230 --> 00:18:57,059

historical review Eros historical review

438

00:19:03,650 --> 00:19:00,240

of records and testimony is ongoing and

439

00:19:05,270 --> 00:19:03,660

due to Congress by June 2024 era

440

00:19:06,770 --> 00:19:05,280

welcomes the opportunity to speak with

441

00:19:09,590 --> 00:19:06,780

any former or current government

442

00:19:12,049 --> 00:19:09,600

employee or contractor who believes they

443

00:19:15,289 --> 00:19:12,059

have information relevant to this

444

00:19:18,710 --> 00:19:15,299

historical review and I think one of the

445

00:19:22,010 --> 00:19:18,720

key phrases in this is that they uh they

446

00:19:24,529 --> 00:19:22,020

don't have any verifiable information to

447

00:19:27,169 --> 00:19:24,539

substantiate the claims because remember

448

00:19:29,450 --> 00:19:27,179

we are talking about at least in this

449

00:19:31,070 --> 00:19:29,460

case you know one person who's come

450

00:19:33,650 --> 00:19:31,080

forward and and they would need to

451

00:19:36,289 --> 00:19:33,660

verify those claims if there are others

452

00:19:37,789 --> 00:19:36,299

who have come forward as well

453

00:19:39,350 --> 00:19:37,799

um you know they they need to

454

00:19:41,090 --> 00:19:39,360

substantiate it I don't think they're

455

00:19:43,970 --> 00:19:41,100

going to take anybody's word for

456

00:19:45,950 --> 00:19:43,980

something as uh substantial as this

457

00:19:48,289 --> 00:19:45,960

they're going to do the work to try to

458

00:19:50,450 --> 00:19:48,299

substantiate that information which

459

00:19:52,610 --> 00:19:50,460

could be uh something that takes a lot

460

00:19:54,230 --> 00:19:52,620

of time and and it's difficult so if

461

00:19:56,090 --> 00:19:54,240

someone comes in and says you know they

462

00:19:57,529 --> 00:19:56,100

were part of a program that was buried

463

00:20:00,049 --> 00:19:57,539

under this program and under this

464

00:20:01,610 --> 00:20:00,059

program and under this program then

465

00:20:04,730 --> 00:20:01,620

there's a lot of kind of Investigation

466

00:20:06,830 --> 00:20:04,740

work that has to be done to go ferret

467

00:20:09,409 --> 00:20:06,840

that information out and that certainly

468

00:20:12,110 --> 00:20:09,419

can take time so it may be the case that

469

00:20:15,110 --> 00:20:12,120

you know uh this could be just it could

470

00:20:17,510 --> 00:20:15,120

be that they are in the process of

471

00:20:20,090 --> 00:20:17,520

reviewing this information

472

00:20:22,490 --> 00:20:20,100

because we've heard from Chris Mellon

473

00:20:24,650 --> 00:20:22,500

and this article in particular that

474

00:20:26,570 --> 00:20:24,660

um you know arrow and and Congress has

475

00:20:28,430 --> 00:20:26,580

been approached and that information has

476  
00:20:31,310 --> 00:20:28,440  
been shared so

477  
00:20:33,529 --> 00:20:31,320  
um but again you know they they've got a

478  
00:20:36,830 --> 00:20:33,539  
um vet that information so they have to

479  
00:20:38,630 --> 00:20:36,840  
do the investigation to figure it out

480  
00:20:40,430 --> 00:20:38,640  
um but let's see I think Martin's not

481  
00:20:42,710 --> 00:20:40,440  
back yet but let me look at some of the

482  
00:20:43,450 --> 00:20:42,720  
questions that you guys have

483  
00:20:47,029 --> 00:20:43,460  
um

484  
00:20:52,669 --> 00:20:49,850  
news Nation uh yeah that's another news

485  
00:20:53,870 --> 00:20:52,679  
outlet that did interview Crush um I

486  
00:20:57,289 --> 00:20:53,880  
would definitely highly recommend

487  
00:20:58,610 --> 00:20:57,299  
everybody looking at news Nation uh I've

488  
00:20:59,990 --> 00:20:58,620

been tweeting those out and of course

489

00:21:02,690 --> 00:21:00,000

you can see on the screen my Twitter

490

00:21:04,610 --> 00:21:02,700

handle there uh news nation has

491

00:21:07,070 --> 00:21:04,620

interviewed gresh and they've got more

492

00:21:09,710 --> 00:21:07,080

follow-up interviews going on

493

00:21:11,090 --> 00:21:09,720

um today uh and possibly throughout the

494

00:21:13,130 --> 00:21:11,100

week it seems like they're really

495

00:21:14,510 --> 00:21:13,140

running with his story

496

00:21:17,390 --> 00:21:14,520

um which is great that there is an

497

00:21:18,890 --> 00:21:17,400

outlet that is covering it uh and you

498

00:21:20,570 --> 00:21:18,900

know someone asked me earlier they

499

00:21:22,789 --> 00:21:20,580

suggested well what if the Washington

500

00:21:25,190 --> 00:21:22,799

Post is still trying to vet this story

501  
00:21:26,690 --> 00:21:25,200  
will they post the story if they're able

502  
00:21:28,130 --> 00:21:26,700  
to do that

503  
00:21:30,770 --> 00:21:28,140  
um that's really interesting that could

504  
00:21:32,330 --> 00:21:30,780  
be possible so we'll see what's going on

505  
00:21:33,169 --> 00:21:32,340  
with that

506  
00:21:39,529 --> 00:21:33,179  
um

507  
00:21:41,690 --> 00:21:39,539  
we've just again got to be patient and

508  
00:21:44,270 --> 00:21:41,700  
and wait to get more information because

509  
00:21:44,990 --> 00:21:44,280  
we do have to

510  
00:21:49,669 --> 00:21:45,000  
um

511  
00:21:51,649 --> 00:21:49,679  
waiting for something more substantial

512  
00:21:53,450 --> 00:21:51,659  
to substantiate this

513  
00:21:55,490 --> 00:21:53,460

yeah someone mentioned the title 10

514

00:21:58,850 --> 00:21:55,500

versus the title 50 those are different

515

00:22:00,950 --> 00:21:58,860

types of levels of administration uh

516

00:22:02,390 --> 00:22:00,960

when it comes to the government

517

00:22:06,010 --> 00:22:02,400

um and that's where the point is being

518

00:22:08,990 --> 00:22:06,020

made that uh Arrow uh has a lower level

519

00:22:12,529 --> 00:22:09,000

of uh Administration than is necessary

520

00:22:14,390 --> 00:22:12,539

but there were Provisions in the ndaa to

521

00:22:16,730 --> 00:22:14,400

account for that so they could receive

522

00:22:19,610 --> 00:22:16,740

this sort of information

523

00:22:21,529 --> 00:22:19,620

um Douglas Dean Johnson

524

00:22:23,570 --> 00:22:21,539

is kind of a specialist in this area

525

00:22:26,890 --> 00:22:23,580

someone else you can find on Twitter

526

00:22:30,770 --> 00:22:26,900

that can give more information on that

527

00:22:32,930 --> 00:22:30,780

uh someone says all I know is that I'm

528

00:22:34,909 --> 00:22:32,940

getting more and more confused as uh

529

00:22:37,750 --> 00:22:34,919

this information comes on oh look at

530

00:22:40,190 --> 00:22:37,760

this I've got Martin Willis calling me

531

00:22:44,690 --> 00:22:40,200

on my phone let's see what happened to

532

00:22:49,669 --> 00:22:46,850

yep you're on speaker

533

00:22:51,470 --> 00:22:49,679

yeah I'm terribly sorry I'm I'm working

534

00:22:54,409 --> 00:22:51,480

I've rebooted my Internet it's not

535

00:22:56,630 --> 00:22:54,419

coming back and uh but hang in there I'm

536

00:23:00,289 --> 00:22:56,640

gonna try to get back in as soon as I

537

00:23:02,210 --> 00:23:00,299

can and uh this is I I seem to be having

538

00:23:04,250 --> 00:23:02,220

trouble this is in my main location I'm

539

00:23:05,690 --> 00:23:04,260

going to be in South Carolina in a

540

00:23:08,450 --> 00:23:05,700

couple weeks down there for quite a

541

00:23:10,909 --> 00:23:08,460

while so that's uh what do they call

542

00:23:13,070 --> 00:23:10,919

that fiber optics down there so

543

00:23:15,710 --> 00:23:13,080

if you get to go down there but uh sorry

544

00:23:17,149 --> 00:23:15,720

you have that image up in front of you I

545

00:23:19,669 --> 00:23:17,159

don't know if people can hear me over

546

00:23:21,830 --> 00:23:19,679

the microphone but uh probably

547

00:23:23,990 --> 00:23:21,840

yeah all right

548

00:23:28,070 --> 00:23:24,000

this will be interesting it's still no

549

00:23:30,649 --> 00:23:28,080

internet here uh so uh

550

00:23:32,090 --> 00:23:30,659

let's see as we're going along well I do

551  
00:23:33,890 --> 00:23:32,100  
want to answer a question here and I'd

552  
00:23:35,990 --> 00:23:33,900  
love to hear your response too because I

553  
00:23:38,510 --> 00:23:36,000  
think we have a similar perspective they

554  
00:23:40,610 --> 00:23:38,520  
said could bobblazar actually be legit

555  
00:23:41,570 --> 00:23:40,620  
and I think that's that's a dangerous

556  
00:23:43,250 --> 00:23:41,580  
thing

557  
00:23:45,350 --> 00:23:43,260  
um you know all of the people in the

558  
00:23:47,690 --> 00:23:45,360  
past who have had really wild claims

559  
00:23:50,510 --> 00:23:47,700  
this doesn't necessarily validate those

560  
00:23:53,390 --> 00:23:50,520  
claims and um Bob Lazar had very

561  
00:23:55,490 --> 00:23:53,400  
specific things and I don't think that

562  
00:23:58,490 --> 00:23:55,500  
uh what we're hearing from gresh does

563  
00:23:59,149 --> 00:23:58,500

validate what Bob Lazar is saying

564

00:24:02,090 --> 00:23:59,159

um

565

00:24:04,370 --> 00:24:02,100

I've done that yesterday I had some an

566

00:24:08,149 --> 00:24:04,380

email yesterday someone saying exactly

567

00:24:10,549 --> 00:24:08,159

the same thing and uh you know I mean

568

00:24:11,930 --> 00:24:10,559

you you're making a good point there's

569

00:24:14,149 --> 00:24:11,940

there's uh

570

00:24:16,070 --> 00:24:14,159

and I always get a lot of grief when I

571

00:24:18,770 --> 00:24:16,080

talk about you know bubbles are but

572

00:24:21,409 --> 00:24:18,780

there's there's so many holes you can

573

00:24:23,830 --> 00:24:21,419

punch through that that story you know a

574

00:24:26,870 --> 00:24:23,840

couple of things are coincidentally

575

00:24:28,669 --> 00:24:26,880

interesting but um you know it seems

576

00:24:30,470 --> 00:24:28,679

like he may have had some information

577

00:24:32,930 --> 00:24:30,480

but

578

00:24:33,770 --> 00:24:32,940

um I I don't you know with with all the

579

00:24:35,350 --> 00:24:33,780

other

580

00:24:38,210 --> 00:24:35,360

um things that

581

00:24:40,130 --> 00:24:38,220

uh makes his story fall apart I don't

582

00:24:41,810 --> 00:24:40,140

think it really validates him in any

583

00:24:44,630 --> 00:24:41,820

type of way I'm sure there are plenty of

584

00:24:49,490 --> 00:24:44,640

people out there that really uh want to

585

00:24:52,490 --> 00:24:49,500

make it work uh fit you know so so

586

00:24:54,049 --> 00:24:52,500

bubbles are has a a standing

587

00:24:57,350 --> 00:24:54,059

um you know that I'm sure they're going

588

00:24:59,750 --> 00:24:57,360

to want to try to make this a part of

589

00:25:02,029 --> 00:24:59,760

what they believe that makes this uh

590

00:25:03,890 --> 00:25:02,039

Story the truth and someone's making a

591

00:25:05,750 --> 00:25:03,900

point net here is that Lazar has the

592

00:25:08,510 --> 00:25:05,760

ability now to go through that whistle

593

00:25:11,810 --> 00:25:08,520

blower process but he's not

594

00:25:14,810 --> 00:25:11,820

um and I think that's a great point also

595

00:25:16,789 --> 00:25:14,820

you know to your point is that we're

596

00:25:19,250 --> 00:25:16,799

coming across more and more information

597

00:25:21,470 --> 00:25:19,260

there are researchers out there who are

598

00:25:23,810 --> 00:25:21,480

really kind of finding more and more

599

00:25:26,810 --> 00:25:23,820

information about Lazar uh being

600

00:25:30,350 --> 00:25:26,820

untruthful about his past and you know

601  
00:25:33,590 --> 00:25:30,360  
his his his criminal past

602  
00:25:36,350 --> 00:25:33,600  
um so I think the uh the background

603  
00:25:37,909 --> 00:25:36,360  
there is is sketchy

604  
00:25:40,250 --> 00:25:37,919  
um I wouldn't necessarily say that

605  
00:25:42,230 --> 00:25:40,260  
Stanton thought Bob Lazar was legit

606  
00:25:45,169 --> 00:25:42,240  
that's actually I knew Stanton very well

607  
00:25:48,049 --> 00:25:45,179  
he's a friend of mine he felt that uh

608  
00:25:49,669 --> 00:25:48,059  
Lazar was lying about his

609  
00:25:51,950 --> 00:25:49,679  
um educational background and there was

610  
00:25:53,690 --> 00:25:51,960  
no doubt about it

611  
00:25:56,870 --> 00:25:53,700  
um

612  
00:25:58,549 --> 00:25:56,880  
I've said on this show that I have

613  
00:26:01,669 --> 00:25:58,559

someone that can do

614

00:26:03,470 --> 00:26:01,679

amazing that's involved in MIT that's

615

00:26:05,570 --> 00:26:03,480

all I'm going to say in the records

616

00:26:07,490 --> 00:26:05,580

research and

617

00:26:09,769 --> 00:26:07,500

uh that person said it's absolutely

618

00:26:12,470 --> 00:26:09,779

impossible that he was there because

619

00:26:13,669 --> 00:26:12,480

with all the redundancy of Records

620

00:26:16,549 --> 00:26:13,679

there's no way it could have been

621

00:26:18,890 --> 00:26:16,559

expunged all the way through and you

622

00:26:21,409 --> 00:26:18,900

know uh so when someone lies about their

623

00:26:23,330 --> 00:26:21,419

education what else how can you trust

624

00:26:25,610 --> 00:26:23,340

every everything that they say that type

625

00:26:26,750 --> 00:26:25,620

of thing moralize

626

00:26:28,610 --> 00:26:26,760

um if you look at his criminal

627

00:26:30,350 --> 00:26:28,620

background and you look at some of the

628

00:26:33,110 --> 00:26:30,360

uh you know

629

00:26:37,010 --> 00:26:33,120

criminal records uh there's a whole

630

00:26:38,750 --> 00:26:37,020

history of uh lies and and poor

631

00:26:40,190 --> 00:26:38,760

information being shared there in fact

632

00:26:42,649 --> 00:26:40,200

you know

633

00:26:45,529 --> 00:26:42,659

um it seemed like he had a tendency to

634

00:26:47,810 --> 00:26:45,539

just make stuff up

635

00:26:49,549 --> 00:26:47,820

um instead of sharing the truth if you

636

00:26:51,350 --> 00:26:49,559

really look at his background and his

637

00:26:53,210 --> 00:26:51,360

claims in in the past and there's a lot

638

00:26:55,370 --> 00:26:53,220

more of that coming out and again

639

00:26:58,669 --> 00:26:55,380

Douglas Dean Johnson is another great

640

00:27:00,289 --> 00:26:58,679

source for some of that information but

641

00:27:01,909 --> 00:27:00,299

uh some people are asking you know where

642

00:27:04,430 --> 00:27:01,919

do we go from here what is this all

643

00:27:05,870 --> 00:27:04,440

gonna mean and it's really hard to say

644

00:27:11,149 --> 00:27:05,880

and that's what's really difficult

645

00:27:13,430 --> 00:27:11,159

because uh when and and this is why I I

646

00:27:16,909 --> 00:27:13,440

have been a little bit critical because

647

00:27:20,210 --> 00:27:16,919

we're at a stage right now where we need

648

00:27:23,029 --> 00:27:20,220

those receipts we've got people coming

649

00:27:26,090 --> 00:27:23,039

out who are making extraordinary claims

650

00:27:29,870 --> 00:27:26,100

left and right we have

651  
00:27:32,029 --> 00:27:29,880  
um you know uh um people who are very

652  
00:27:34,789 --> 00:27:32,039  
credible coming out and making claims

653  
00:27:36,710 --> 00:27:34,799  
left and right but they're just claims

654  
00:27:38,510 --> 00:27:36,720  
thus far and we don't have the receipts

655  
00:27:40,850 --> 00:27:38,520  
and you know we're past the time of

656  
00:27:42,890 --> 00:27:40,860  
making claims and I think the the issue

657  
00:27:47,690 --> 00:27:42,900  
has been ever since that New York Times

658  
00:27:50,570 --> 00:27:47,700  
2017 uh article that these claims have

659  
00:27:52,130 --> 00:27:50,580  
persisted now for years and personally

660  
00:27:55,010 --> 00:27:52,140  
being someone who works with the

661  
00:27:57,890 --> 00:27:55,020  
scientific Community who works with uh

662  
00:28:00,470 --> 00:27:57,900  
the media you know they're those are two

663  
00:28:02,990 --> 00:28:00,480

uh communities that are very very

664

00:28:06,110 --> 00:28:03,000

skeptical when it comes to this topic

665

00:28:08,390 --> 00:28:06,120

and none of this has helped at all in

666

00:28:11,630 --> 00:28:08,400

fact it's hindered because the longer we

667

00:28:14,990 --> 00:28:11,640

go with these extraordinary claims not

668

00:28:18,289 --> 00:28:15,000

being verified The credibility also goes

669

00:28:20,510 --> 00:28:18,299

down and and that's unfortunate I think

670

00:28:22,970 --> 00:28:20,520

that we all have noticed that the media

671

00:28:26,390 --> 00:28:22,980

has not picked up and have kind of gone

672

00:28:28,549 --> 00:28:26,400

away from the story of UAP mostly

673

00:28:30,950 --> 00:28:28,559

um until NASA you know did their thing

674

00:28:32,810 --> 00:28:30,960

last week and and you know I think

675

00:28:35,750 --> 00:28:32,820

that's that's great that NASA is not

676

00:28:37,970 --> 00:28:35,760

dropping this but um

677

00:28:39,950 --> 00:28:37,980

The credibility of this topic has really

678

00:28:43,070 --> 00:28:39,960

taken a beating with this information

679

00:28:46,190 --> 00:28:43,080

not being verified uh and these claims

680

00:28:48,769 --> 00:28:46,200

just being so bombastic

681

00:28:51,070 --> 00:28:48,779

um so we have to to wait and you know

682

00:28:54,590 --> 00:28:51,080

another point that I would make is that

683

00:28:56,269 --> 00:28:54,600

uh and the media sees this is that you

684

00:28:59,570 --> 00:28:56,279

know a lot of what was in that New York

685

00:29:01,250 --> 00:28:59,580

Times 2017 article by uh Ralph

686

00:29:02,630 --> 00:29:01,260

Blumenthal and Leslie Kane who also

687

00:29:05,990 --> 00:29:02,640

wrote this

688

00:29:08,330 --> 00:29:06,000

um article was inaccurate and uh for

689

00:29:11,690 --> 00:29:08,340

instance you know it wasn't a tip that

690

00:29:13,970 --> 00:29:11,700

got to 22 million dollars uh it was a

691

00:29:20,470 --> 00:29:13,980

program called ASAP that was a precursor

692

00:29:23,950 --> 00:29:20,480

to atip ASAP wasn't just a UAP research

693

00:29:27,789 --> 00:29:23,960

uh project it was actually on the face

694

00:29:30,169 --> 00:29:27,799

uh and advanced weapons analysis project

695

00:29:34,430 --> 00:29:30,179

which you know a ton of Articles had

696

00:29:36,830 --> 00:29:34,440

come out related to that uh and and

697

00:29:39,970 --> 00:29:36,840

but in the background we know from the

698

00:29:42,409 --> 00:29:39,980

guy who ran ASAP Iakatski and his book

699

00:29:45,350 --> 00:29:42,419

Skinwalker at the Pentagon it was

700

00:29:49,490 --> 00:29:45,360

actually a paranormal project hey look

701  
00:29:50,750 --> 00:29:49,500  
at I'm back yeah yeah crazy I don't know

702  
00:29:52,549 --> 00:29:50,760  
what's going on with this internet but

703  
00:29:55,130 --> 00:29:52,559  
thank you Alejandro for carrying the

704  
00:29:56,810 --> 00:29:55,140  
torch here uh hopefully I won't have any

705  
00:29:58,850 --> 00:29:56,820  
more issues

706  
00:30:00,950 --> 00:29:58,860  
with this

707  
00:30:02,930 --> 00:30:00,960  
but anyways to finish my point that you

708  
00:30:05,990 --> 00:30:02,940  
know uh usap turned out to be a

709  
00:30:09,710 --> 00:30:06,000  
paranormal program and you know when we

710  
00:30:12,110 --> 00:30:09,720  
have uh these people from the ASAP and

711  
00:30:14,389 --> 00:30:12,120  
atip and and the same people who work

712  
00:30:16,789 --> 00:30:14,399  
with UAP task force

713  
00:30:18,710 --> 00:30:16,799

um this group of people and you know

714

00:30:20,870 --> 00:30:18,720

Stephen Green Street people love to to

715

00:30:22,549 --> 00:30:20,880

hate on him and uh who writes for the

716

00:30:24,830 --> 00:30:22,559

New York Post and I personally think

717

00:30:27,409 --> 00:30:24,840

that he goes overboard in these very

718

00:30:29,750 --> 00:30:27,419

Sensational to the point that he's also

719

00:30:32,570 --> 00:30:29,760

inaccurate but you know there are people

720

00:30:34,430 --> 00:30:32,580

looking at his information where he's

721

00:30:37,070 --> 00:30:34,440

sharing and this is stuff I've written

722

00:30:39,529 --> 00:30:37,080

about for years before him that that was

723

00:30:41,690 --> 00:30:39,539

a paranormal project and so that kind of

724

00:30:43,730 --> 00:30:41,700

hurts The credibility when the same

725

00:30:46,669 --> 00:30:43,740

people are telling us Roswell was real

726

00:30:48,169 --> 00:30:46,679

we're also kind of chasing Bigfoot and

727

00:30:50,090 --> 00:30:48,179

doing all the things that you see do

728

00:30:51,470 --> 00:30:50,100

they're still doing on the skinwalker

729

00:30:53,750 --> 00:30:51,480

television show on the History Channel

730

00:30:55,549 --> 00:30:53,760

that really undermines The credibility

731

00:30:58,669 --> 00:30:55,559

especially for the scientific community

732

00:31:02,450 --> 00:30:58,679

so it makes it really hard

733

00:31:04,850 --> 00:31:02,460

um and credibility you know is something

734

00:31:08,330 --> 00:31:04,860

you and I as you and I know

735

00:31:12,289 --> 00:31:08,340

is is something that's very precious uh

736

00:31:14,389 --> 00:31:12,299

if you're trying to uh represent this

737

00:31:15,830 --> 00:31:14,399

topic in a credible way

738

00:31:19,549 --> 00:31:15,840

yes

739

00:31:21,830 --> 00:31:19,559

um there's no need to muddy the waters

740

00:31:24,830 --> 00:31:21,840

with the all the real stuff that's going

741

00:31:27,769 --> 00:31:24,840

on so yeah I think um

742

00:31:30,669 --> 00:31:27,779

this is uh I think she wants to know

743

00:31:34,310 --> 00:31:30,679

what is the content of this story

744

00:31:36,529 --> 00:31:34,320

we are talking uh we're talking about

745

00:31:38,510 --> 00:31:36,539

The Whistleblower yes but we're also

746

00:31:40,789 --> 00:31:38,520

talking about

747

00:31:43,549 --> 00:31:40,799

um what what we need

748

00:31:46,190 --> 00:31:43,559

to verify you know I mean to verify

749

00:31:48,529 --> 00:31:46,200

these things it seems like this guy

750

00:31:51,049 --> 00:31:48,539

would have the protection at this point

751  
00:31:53,389 --> 00:31:51,059  
where he could get these things verified

752  
00:31:54,950 --> 00:31:53,399  
because of the Whistleblower I don't

753  
00:31:57,590 --> 00:31:54,960  
know exactly what it was called but it's

754  
00:31:58,549 --> 00:31:57,600  
the ACT where they have amnesty more or

755  
00:31:59,810 --> 00:31:58,559  
less

756  
00:32:00,529 --> 00:31:59,820  
so

757  
00:32:03,769 --> 00:32:00,539  
um

758  
00:32:06,409 --> 00:32:03,779  
it seemed to me that this ah go ahead

759  
00:32:08,990 --> 00:32:06,419  
I'm sorry this could actually you know

760  
00:32:11,450 --> 00:32:09,000  
start a ball rolling

761  
00:32:13,610 --> 00:32:11,460  
in my opinion you know if there may be

762  
00:32:15,470 --> 00:32:13,620  
people that he was connected to that say

763  
00:32:17,990 --> 00:32:15,480

well

764

00:32:20,630 --> 00:32:18,000

um I'm protected maybe I'll talk about

765

00:32:23,389 --> 00:32:20,640

it and you know I I this could really be

766

00:32:26,750 --> 00:32:23,399

a really good Forward Motion I think

767

00:32:29,330 --> 00:32:26,760

it could be if this is all true

768

00:32:32,090 --> 00:32:29,340

I mean if there really are crash

769

00:32:34,250 --> 00:32:32,100

retrievals which I am completely still

770

00:32:37,549 --> 00:32:34,260

very skeptical of I don't think we have

771

00:32:40,070 --> 00:32:37,559

uh at least of the the crash retrieval

772

00:32:42,470 --> 00:32:40,080

cases the public is aware of I don't

773

00:32:44,570 --> 00:32:42,480

think we have a good one uh I think the

774

00:32:49,430 --> 00:32:44,580

majority of them the best is probably

775

00:32:52,850 --> 00:32:49,440

you know um Shake Harbor uh and and then

776

00:32:55,190 --> 00:32:52,860

Roswell but uh even those you know

777

00:32:58,310 --> 00:32:55,200

there's not a lot of information and

778

00:33:00,350 --> 00:32:58,320

Roswell I think is sketchy but uh the

779

00:33:02,029 --> 00:33:00,360

other ones are really bad it gets really

780

00:33:04,190 --> 00:33:02,039

bad from there where you have really

781

00:33:05,990 --> 00:33:04,200

poor information and just anecdotal

782

00:33:07,610 --> 00:33:06,000

information

783

00:33:09,830 --> 00:33:07,620

um that is kind of you know

784

00:33:12,470 --> 00:33:09,840

contradictory at times

785

00:33:15,409 --> 00:33:12,480

um so we don't have a good uh example of

786

00:33:17,149 --> 00:33:15,419

a crash case which again so if this is

787

00:33:17,930 --> 00:33:17,159

the case and I think someone made the

788

00:33:19,789 --> 00:33:17,940

point

789

00:33:23,149 --> 00:33:19,799

um someone who's written for the debrief

790

00:33:25,430 --> 00:33:23,159

MJ benais uh made the point that you

791

00:33:27,769 --> 00:33:25,440

know if that happens these guys are

792

00:33:30,289 --> 00:33:27,779

super clumsy and what the heck are they

793

00:33:33,289 --> 00:33:30,299

doing crashing all the time uh which I

794

00:33:35,389 --> 00:33:33,299

think is yeah so that comes up a lot and

795

00:33:36,950 --> 00:33:35,399

a lot of people say similar things like

796

00:33:39,350 --> 00:33:36,960

how could they possibly have the

797

00:33:41,750 --> 00:33:39,360

technology to get here and crash well

798

00:33:43,909 --> 00:33:41,760

the only thing I can say to that you

799

00:33:46,610 --> 00:33:43,919

know and just just speculation

800

00:33:49,990 --> 00:33:46,620

if if there is indeed some type of

801  
00:33:52,909 --> 00:33:50,000  
crashed vehicles here is that maybe

802  
00:33:57,350 --> 00:33:52,919  
something they encountered with our

803  
00:33:59,389 --> 00:33:57,360  
primitive to their technology somehow uh

804  
00:34:01,310 --> 00:33:59,399  
interfered with their technology

805  
00:34:03,350 --> 00:34:01,320  
you know for instance you know the

806  
00:34:04,970 --> 00:34:03,360  
speculation of radar

807  
00:34:07,370 --> 00:34:04,980  
um you know things that they may not

808  
00:34:09,550 --> 00:34:07,380  
expect to encounter

809  
00:34:12,169 --> 00:34:09,560  
um in in normal civilizations maybe

810  
00:34:13,369 --> 00:34:12,179  
somehow they encounter here you know

811  
00:34:14,690 --> 00:34:13,379  
I've wondered a lot of things like that

812  
00:34:16,909 --> 00:34:14,700  
when people are saying that you know

813  
00:34:18,530 --> 00:34:16,919

aliens are walking around breathing the

814

00:34:21,409 --> 00:34:18,540

atmosphere I wonder about

815

00:34:24,050 --> 00:34:21,419

are they inoculated you know I mean all

816

00:34:25,550 --> 00:34:24,060

the things that they know you know if

817

00:34:26,810 --> 00:34:25,560

that's the case

818

00:34:29,270 --> 00:34:26,820

um

819

00:34:31,070 --> 00:34:29,280

we don't know what an attitude would be

820

00:34:33,589 --> 00:34:31,080

towards us if for instance they're

821

00:34:35,690 --> 00:34:33,599

indifferent to us they may just come and

822

00:34:38,450 --> 00:34:35,700

retrieve their people

823

00:34:40,430 --> 00:34:38,460

um and not care who sees what

824

00:34:45,230 --> 00:34:40,440

um why do they care if they don't care

825

00:34:47,149 --> 00:34:45,240

about us or then if that has happened

826

00:34:48,950 --> 00:34:47,159

because I think we have to remember if

827

00:34:50,930 --> 00:34:48,960

there's a third party involved here if

828

00:34:53,389 --> 00:34:50,940

there are extraterrestrials visiting

829

00:34:55,310 --> 00:34:53,399

this planet they can expose themselves

830

00:34:57,770 --> 00:34:55,320

at any moment

831

00:35:01,609 --> 00:34:57,780

um and if they are visiting us then some

832

00:35:05,270 --> 00:35:01,619

for some reason they are not wanting to

833

00:35:07,430 --> 00:35:05,280

uh they're being you know elusive

834

00:35:08,630 --> 00:35:07,440

um if that's the case I think

835

00:35:10,849 --> 00:35:08,640

um

836

00:35:12,230 --> 00:35:10,859

well somebody makes a point where the

837

00:35:14,390 --> 00:35:12,240

military shoots at them but we have

838

00:35:16,550 --> 00:35:14,400

cases in which uh the military is shot

839

00:35:17,870 --> 00:35:16,560

at them and it's had no effect and I

840

00:35:19,609 --> 00:35:17,880

think these are

841

00:35:21,890 --> 00:35:19,619

um some of these are very credible cases

842

00:35:23,450 --> 00:35:21,900

and I think the most credible cases like

843

00:35:25,990 --> 00:35:23,460

the Nimitz case or the Theodore

844

00:35:30,230 --> 00:35:26,000

Roosevelt case or the Washington DC case

845

00:35:32,990 --> 00:35:30,240

uh in 1952 or the Iranian case

846

00:35:36,530 --> 00:35:33,000

um in Tehran you know you have Jets

847

00:35:37,930 --> 00:35:36,540

scrambled to go chase these objects uh

848

00:35:40,250 --> 00:35:37,940

these objects have no problem

849

00:35:42,170 --> 00:35:40,260

outmaneuvering us and then take a take

850

00:35:44,150 --> 00:35:42,180

off at great speed

851  
00:35:47,450 --> 00:35:44,160  
um so I think that's what's interesting

852  
00:35:50,089 --> 00:35:47,460  
about uh Kirkpatrick of Arrow uh

853  
00:35:52,550 --> 00:35:50,099  
bringing up in the in his Congressional

854  
00:35:54,530 --> 00:35:52,560  
hearings and at the NASA panel these

855  
00:35:56,750 --> 00:35:54,540  
metallic orbs that have been being

856  
00:35:58,310 --> 00:35:56,760  
observed because that could be the

857  
00:36:01,069 --> 00:35:58,320  
nature of the phenomena

858  
00:36:04,069 --> 00:36:01,079  
um something similar to what Abby Loeb

859  
00:36:06,829 --> 00:36:04,079  
from Harvard uh and Kirkpatrick

860  
00:36:09,230 --> 00:36:06,839  
speculated about in a paper which is the

861  
00:36:11,050 --> 00:36:09,240  
possibility of you know these or orbs

862  
00:36:13,970 --> 00:36:11,060  
coming to observe us

863  
00:36:15,470 --> 00:36:13,980

and that they can outmaneuver us and fly

864

00:36:17,329 --> 00:36:15,480

away

865

00:36:20,510 --> 00:36:17,339

um so they don't really they're they're

866

00:36:22,370 --> 00:36:20,520

not threatened by us in any way

867

00:36:25,370 --> 00:36:22,380

um that seems to make sense and I think

868

00:36:28,310 --> 00:36:25,380

that uh on the surface you know the data

869

00:36:30,410 --> 00:36:28,320

we have available to us publicly does

870

00:36:32,510 --> 00:36:30,420

make a strong case for that and I think

871

00:36:33,890 --> 00:36:32,520

Kirkpatrick has even kind of

872

00:36:36,950 --> 00:36:33,900

um

873

00:36:38,810 --> 00:36:36,960

alluded to that sort of thing

874

00:36:41,870 --> 00:36:38,820

um overtly in that paper which was just

875

00:36:44,270 --> 00:36:41,880

speculation but then partially when he's

876  
00:36:46,849 --> 00:36:44,280  
talking about these mysterious orbs that

877  
00:36:48,410 --> 00:36:46,859  
they they can't make heads or tails of

878  
00:36:49,430 --> 00:36:48,420  
here's a

879  
00:36:52,609 --> 00:36:49,440  
uh

880  
00:36:54,349 --> 00:36:52,619  
this is something that it I I sort of

881  
00:36:56,870 --> 00:36:54,359  
get where Bill is is going here all

882  
00:36:59,450 --> 00:36:56,880  
evidence is always classified so it's

883  
00:37:03,109 --> 00:36:59,460  
more than just claims and I understand

884  
00:37:06,050 --> 00:37:03,119  
what he's making by that statement and

885  
00:37:08,450 --> 00:37:06,060  
so that is an issue if it is classified

886  
00:37:11,329 --> 00:37:08,460  
and it could be under the umbrella of

887  
00:37:14,030 --> 00:37:11,339  
National Security will we ever be able

888  
00:37:16,430 --> 00:37:14,040

to see this evidence to back up these

889

00:37:20,569 --> 00:37:16,440

claims but there's a problem with that

890

00:37:22,490 --> 00:37:20,579

logic is that oh it's classified so it's

891

00:37:25,190 --> 00:37:22,500

not more than just claims it is just

892

00:37:27,230 --> 00:37:25,200

claims you're right it's classified so

893

00:37:29,450 --> 00:37:27,240

we can't verify that it is more than

894

00:37:31,910 --> 00:37:29,460

just a claim but that doesn't mean that

895

00:37:34,790 --> 00:37:31,920

it's more than just a claim

896

00:37:37,010 --> 00:37:34,800

um it's allegedly classified we don't

897

00:37:39,349 --> 00:37:37,020

know what's classified or not someone

898

00:37:41,930 --> 00:37:39,359

else said hey why doesn't he understand

899

00:37:45,650 --> 00:37:41,940

the the Inspector General has been given

900

00:37:47,270 --> 00:37:45,660

uh the information we don't know that we

901  
00:37:49,910 --> 00:37:47,280  
don't know for a fact the inspector

902  
00:37:52,010 --> 00:37:49,920  
General's seen anything substantial he

903  
00:37:55,190 --> 00:37:52,020  
could have been given fake documents he

904  
00:37:57,530 --> 00:37:55,200  
could have been given false testimony we

905  
00:37:59,030 --> 00:37:57,540  
don't know that and again that doesn't

906  
00:38:00,829 --> 00:37:59,040  
mean that Gersh is the one who's

907  
00:38:02,390 --> 00:38:00,839  
provided fake documents or false

908  
00:38:03,890 --> 00:38:02,400  
testimony

909  
00:38:05,510 --> 00:38:03,900  
um it just means that he was convinced

910  
00:38:07,670 --> 00:38:05,520  
it was real and then shared that

911  
00:38:08,990 --> 00:38:07,680  
information which is probably you know I

912  
00:38:11,390 --> 00:38:09,000  
think that we would all agree a

913  
00:38:13,490 --> 00:38:11,400

responsible thing for him to do so he

914

00:38:14,630 --> 00:38:13,500

can be a good actor in all of this and

915

00:38:16,910 --> 00:38:14,640

still

916

00:38:19,970 --> 00:38:16,920

um not have accurate information that is

917

00:38:22,130 --> 00:38:19,980

entirely possible and people are like ah

918

00:38:24,349 --> 00:38:22,140

somebody says oh come on but we've seen

919

00:38:28,310 --> 00:38:24,359

this in the past you know we've seen

920

00:38:30,290 --> 00:38:28,320

some of these same individuals that uh

921

00:38:33,230 --> 00:38:30,300

have worked with the UAP task force or

922

00:38:35,870 --> 00:38:33,240

at least with ASAP you know we're fooled

923

00:38:38,270 --> 00:38:35,880

by Dodie Richard Dodie and the false

924

00:38:41,650 --> 00:38:38,280

information that he shared they were

925

00:38:45,890 --> 00:38:41,660

fooled by uh some of them the Roswell

926

00:38:48,950 --> 00:38:45,900

information that the Roswell uh um

927

00:38:51,410 --> 00:38:48,960

uh autopsy and thought they were real

928

00:38:54,530 --> 00:38:51,420

they were also some of them fooled by

929

00:38:58,250 --> 00:38:54,540

Lazar some of that group believes Lazar

930

00:39:00,170 --> 00:38:58,260

is real so I I do not mean to disparage

931

00:39:02,690 --> 00:39:00,180

any of these people by saying that some

932

00:39:05,150 --> 00:39:02,700

of these people I consider friends I'm

933

00:39:06,530 --> 00:39:05,160

just saying that you know

934

00:39:09,710 --> 00:39:06,540

um just because they believe something

935

00:39:11,810 --> 00:39:09,720

is true doesn't mean it is true we need

936

00:39:13,910 --> 00:39:11,820

the receipts until we get the receipts

937

00:39:16,730 --> 00:39:13,920

we don't know for sure they're just

938

00:39:18,470 --> 00:39:16,740

claims to your point any of these

939

00:39:19,849 --> 00:39:18,480

substantial claims are are classified

940

00:39:22,490 --> 00:39:19,859

and they're certainly classified

941

00:39:25,130 --> 00:39:22,500

information out there that we have not

942

00:39:26,750 --> 00:39:25,140

seen yet Congress has told us that but

943

00:39:27,589 --> 00:39:26,760

we don't know what that information is

944

00:39:30,230 --> 00:39:27,599

yet

945

00:39:32,450 --> 00:39:30,240

when you say the receipts are you

946

00:39:33,589 --> 00:39:32,460

meaning documents that relate directly

947

00:39:36,470 --> 00:39:33,599

to

948

00:39:38,569 --> 00:39:36,480

you know a classified documents I mean

949

00:39:40,069 --> 00:39:38,579

yeah some sort of document Something

950

00:39:42,770 --> 00:39:40,079

official

951  
00:39:44,569 --> 00:39:42,780  
um whether that be uh you know Arrow

952  
00:39:48,050 --> 00:39:44,579  
coming out and saying we verified this

953  
00:39:49,670 --> 00:39:48,060  
it's real uh Congress coming out or

954  
00:39:53,930 --> 00:39:49,680  
someone else coming out and saying we've

955  
00:39:56,569 --> 00:39:53,940  
verified it and it's real uh or

956  
00:39:58,670 --> 00:39:56,579  
or a document that demonstrate this is

957  
00:40:00,710 --> 00:39:58,680  
real it's funny because someone says

958  
00:40:01,970 --> 00:40:00,720  
that I seem bitter

959  
00:40:03,829 --> 00:40:01,980  
um it's interesting that you say that

960  
00:40:05,870 --> 00:40:03,839  
because I don't feel better

961  
00:40:08,510 --> 00:40:05,880  
um I don't know Martin if you think I've

962  
00:40:11,270 --> 00:40:08,520  
come across bitter but uh I would say

963  
00:40:12,349 --> 00:40:11,280

perhaps that I am a little frustrated in

964

00:40:16,730 --> 00:40:12,359

that

965

00:40:17,510 --> 00:40:16,740

trying to

966

00:40:22,130 --> 00:40:17,520

um

967

00:40:24,950 --> 00:40:22,140

thing that a claim is just a claim until

968

00:40:26,870 --> 00:40:24,960

it's substantiated uh and just because

969

00:40:28,910 --> 00:40:26,880

it's allegedly classified doesn't mean

970

00:40:30,589 --> 00:40:28,920

it is classified

971

00:40:32,990 --> 00:40:30,599

um and there are there is information

972

00:40:34,430 --> 00:40:33,000

that has been classified that is

973

00:40:36,950 --> 00:40:34,440

inaccurate

974

00:40:40,069 --> 00:40:36,960

um also but it's classified because it

975

00:40:44,270 --> 00:40:40,079

can be disruptive in some way

976

00:40:46,730 --> 00:40:44,280

um or misrepresent the situation so

977

00:40:49,190 --> 00:40:46,740

um what the heck someone's talking about

978

00:40:51,349 --> 00:40:49,200

Wheat Ridge Farmers I was a Wheat Ridge

979

00:40:53,810 --> 00:40:51,359

farmer Wheat Ridge High School we were

980

00:40:56,030 --> 00:40:53,820

the farmers oh you're kidding rich

981

00:40:58,390 --> 00:40:56,040

farmer someone knows you from uh from

982

00:41:01,970 --> 00:40:58,400

high school maybe

983

00:41:03,890 --> 00:41:01,980

so hey um so I'm gonna allow the people

984

00:41:06,650 --> 00:41:03,900

we're going to be talking about Enigma

985

00:41:08,930 --> 00:41:06,660

Labs here in a few minutes but I'm going

986

00:41:10,910 --> 00:41:08,940

to allow the people if you have a

987

00:41:11,750 --> 00:41:10,920

question that you'd like to throw in

988

00:41:14,510 --> 00:41:11,760

there

989

00:41:17,870 --> 00:41:14,520

um please make it a good question and

990

00:41:20,270 --> 00:41:17,880

uh and make it in all caps if you would

991

00:41:23,810 --> 00:41:20,280

so so we catch it but

992

00:41:26,930 --> 00:41:25,670

oh yeah I mean this is this will get us

993

00:41:29,150 --> 00:41:26,940

off track but

994

00:41:30,710 --> 00:41:29,160

um having either one of us yes I do talk

995

00:41:33,829 --> 00:41:30,720

about my encounter I really don't want

996

00:41:35,270 --> 00:41:33,839

to take up the time uh in this but thank

997

00:41:37,069 --> 00:41:35,280

you for asking

998

00:41:38,930 --> 00:41:37,079

um had it told it many times in this

999

00:41:40,730 --> 00:41:38,940

podcast mine was rather a boring

1000

00:41:43,069 --> 00:41:40,740

encounter but it was enough to get me

1001  
00:41:45,290 --> 00:41:43,079  
here in this seat so mine's boring too

1002  
00:41:46,730 --> 00:41:45,300  
and I've told it on your podcast too I'm

1003  
00:41:48,589 --> 00:41:46,740  
sure

1004  
00:41:51,710 --> 00:41:48,599  
um definitely I've told you on the air

1005  
00:41:53,750 --> 00:41:51,720  
if not on my podcast or yours so um I

1006  
00:41:55,550 --> 00:41:53,760  
want poor people either go look it up

1007  
00:41:59,630 --> 00:41:55,560  
but I have had a setting like you

1008  
00:42:01,970 --> 00:41:59,640  
nothing that exciting yeah yeah well uh

1009  
00:42:03,890 --> 00:42:01,980  
let's see here's a here's what I think

1010  
00:42:05,569 --> 00:42:03,900  
is a good question will Congress share

1011  
00:42:08,390 --> 00:42:05,579  
what they find

1012  
00:42:10,550 --> 00:42:08,400  
I think that's a great question and I

1013  
00:42:12,829 --> 00:42:10,560

think that's another question that um

1014

00:42:15,530 --> 00:42:12,839

people don't realize so the Pentagon is

1015

00:42:16,609 --> 00:42:15,540

part of the executive branch of the

1016

00:42:18,170 --> 00:42:16,619

government

1017

00:42:19,810 --> 00:42:18,180

um and then uh of course you have the

1018

00:42:22,609 --> 00:42:19,820

Congressional branch of the government

1019

00:42:24,650 --> 00:42:22,619

Congress would have to ask the executive

1020

00:42:27,050 --> 00:42:24,660

to share the information if they came

1021

00:42:28,430 --> 00:42:27,060

across something but the executive could

1022

00:42:30,290 --> 00:42:28,440

take them and that's what these

1023

00:42:32,089 --> 00:42:30,300

classified briefings are these

1024

00:42:35,690 --> 00:42:32,099

classified briefings that we've seen

1025

00:42:37,490 --> 00:42:35,700

them have is the Pentagon saying hey

1026  
00:42:39,770 --> 00:42:37,500  
here's some information we can share

1027  
00:42:41,569 --> 00:42:39,780  
with you but this is classified

1028  
00:42:44,890 --> 00:42:41,579  
information that we think needs to

1029  
00:42:47,150 --> 00:42:44,900  
remain classified and Congress typically

1030  
00:42:49,609 --> 00:42:47,160  
agrees you're right this information

1031  
00:42:51,950 --> 00:42:49,619  
does have to remain classified so it

1032  
00:42:54,530 --> 00:42:51,960  
does remain classified when it comes to

1033  
00:42:56,329 --> 00:42:54,540  
these Arrow briefings I believe that the

1034  
00:42:59,329 --> 00:42:56,339  
classifying information more has to do

1035  
00:43:02,210 --> 00:42:59,339  
with foreign technology than it does uh

1036  
00:43:05,329 --> 00:43:02,220  
with alien technology but it could be

1037  
00:43:07,970 --> 00:43:05,339  
that you know that the the Congress

1038  
00:43:10,130 --> 00:43:07,980

approaches the executive and they say

1039

00:43:11,990 --> 00:43:10,140

here's what's going on and we just don't

1040

00:43:14,030 --> 00:43:12,000

think it's wise to share this and here's

1041

00:43:15,770 --> 00:43:14,040

why in Congress agrees

1042

00:43:18,230 --> 00:43:15,780

um until Congress decides not to share

1043

00:43:21,050 --> 00:43:18,240

that information either and that's not

1044

00:43:22,670 --> 00:43:21,060

unprecedented in that you know Congress

1045

00:43:24,530 --> 00:43:22,680

is not shared

1046

00:43:26,990 --> 00:43:24,540

the information that they've heard in

1047

00:43:28,550 --> 00:43:27,000

the classified UAP briefings

1048

00:43:30,650 --> 00:43:28,560

and

1049

00:43:32,270 --> 00:43:30,660

um even though they say it's compelling

1050

00:43:36,349 --> 00:43:32,280

and they think some of it should be

1051  
00:43:38,690 --> 00:43:36,359  
shared uh and I'm you know and it must

1052  
00:43:40,670 --> 00:43:38,700  
be compelling because every single

1053  
00:43:43,190 --> 00:43:40,680  
Congress member who has gone into these

1054  
00:43:45,829 --> 00:43:43,200  
classified briefings have come out

1055  
00:43:47,690 --> 00:43:45,839  
saying this is a serious topic and we

1056  
00:43:49,970 --> 00:43:47,700  
need to investigate this so they're

1057  
00:43:51,890 --> 00:43:49,980  
seeing some really interesting stuff but

1058  
00:43:53,569 --> 00:43:51,900  
they're not sharing it so Congress could

1059  
00:43:55,910 --> 00:43:53,579  
choose not to share it

1060  
00:43:58,910 --> 00:43:55,920  
you know I think the umbrella of

1061  
00:44:02,630 --> 00:43:58,920  
National Security can be pretty big so

1062  
00:44:04,730 --> 00:44:02,640  
I'm just I with that being said you know

1063  
00:44:06,770 --> 00:44:04,740

I don't have a real high confidence that

1064

00:44:09,530 --> 00:44:06,780

we're going to know

1065

00:44:11,270 --> 00:44:09,540

a lot you know someone wrote In Here

1066

00:44:13,430 --> 00:44:11,280

does this mean there's going to be

1067

00:44:15,950 --> 00:44:13,440

disclosure

1068

00:44:17,750 --> 00:44:15,960

um you know I I don't know I don't think

1069

00:44:19,430 --> 00:44:17,760

by our government that you know

1070

00:44:21,829 --> 00:44:19,440

obviously when this Pentagon made a

1071

00:44:24,050 --> 00:44:21,839

statement like they did yesterday

1072

00:44:26,210 --> 00:44:24,060

um there's they're not they don't seem

1073

00:44:27,589 --> 00:44:26,220

to be heading any particular you know I

1074

00:44:29,750 --> 00:44:27,599

mean

1075

00:44:30,890 --> 00:44:29,760

go ahead I was just going to say the

1076

00:44:32,510 --> 00:44:30,900

person who asked the Congress question

1077

00:44:34,490 --> 00:44:32,520

had a follow-up question that's also

1078

00:44:36,770 --> 00:44:34,500

good can a congress person go Rogue and

1079

00:44:38,690 --> 00:44:36,780

share even if not

1080

00:44:40,910 --> 00:44:38,700

um approval by the executive yes they

1081

00:44:42,530 --> 00:44:40,920

could but they're not gonna again

1082

00:44:43,670 --> 00:44:42,540

they're just gonna be claims at that

1083

00:44:45,950 --> 00:44:43,680

point

1084

00:44:48,290 --> 00:44:45,960

um unless they decide to go public with

1085

00:44:50,809 --> 00:44:48,300

some documents but then they are are

1086

00:44:52,790 --> 00:44:50,819

taking a huge risk they could

1087

00:44:55,190 --> 00:44:52,800

um go to jail for that just like any

1088

00:44:57,890 --> 00:44:55,200

other person so

1089

00:45:00,349 --> 00:44:57,900

um that is possible

1090

00:45:02,930 --> 00:45:00,359

and someone wants to know uh what agency

1091

00:45:05,690 --> 00:45:02,940

basically decides something is from off

1092

00:45:07,550 --> 00:45:05,700

Planet versus drone Tech I mean that's

1093

00:45:10,550 --> 00:45:07,560

another great question and that's

1094

00:45:13,130 --> 00:45:10,560

another problem and and here's why I say

1095

00:45:15,170 --> 00:45:13,140

that's a problem is that like I talked

1096

00:45:18,650 --> 00:45:15,180

about it's difficult to do science in

1097

00:45:21,109 --> 00:45:18,660

these sap programs and you know

1098

00:45:22,790 --> 00:45:21,119

um I believe that for instance the

1099

00:45:25,130 --> 00:45:22,800

information Jeremy Corbell and George

1100

00:45:28,010 --> 00:45:25,140

Knapp are sharing is most likely coming

1101  
00:45:30,890 --> 00:45:28,020  
from former UAP task force people who

1102  
00:45:33,530 --> 00:45:30,900  
believe those cases are

1103  
00:45:35,690 --> 00:45:33,540  
um unidentified but a couple of those

1104  
00:45:39,890 --> 00:45:35,700  
cases have been debunked and they were

1105  
00:45:42,410 --> 00:45:39,900  
not unidentified so we've got to rely on

1106  
00:45:44,150 --> 00:45:42,420  
the veracity

1107  
00:45:47,930 --> 00:45:44,160  
um or the

1108  
00:45:50,150 --> 00:45:47,940  
um rigor of the investigation that was

1109  
00:45:52,670 --> 00:45:50,160  
done by the military and they could be

1110  
00:45:54,710 --> 00:45:52,680  
wrong and uh that's why I think the

1111  
00:45:56,809 --> 00:45:54,720  
scientific Community most likely NASA

1112  
00:45:59,089 --> 00:45:56,819  
itself and this is the path that

1113  
00:46:00,650 --> 00:45:59,099

Kirkpatrick wants to take is that if

1114

00:46:02,809 --> 00:46:00,660

they do find anything they think is

1115

00:46:05,809 --> 00:46:02,819

truly anomalous then they'll pass that

1116

00:46:08,329 --> 00:46:05,819

on to NASA to come confirm whether or

1117

00:46:10,490 --> 00:46:08,339

not it's anomalous I think that even

1118

00:46:13,370 --> 00:46:10,500

though that's not a hard procedure at

1119

00:46:15,530 --> 00:46:13,380

this point but it is what the direction

1120

00:46:18,109 --> 00:46:15,540

Kirkpatrick wants to go I think that's

1121

00:46:19,490 --> 00:46:18,119

the way it would go publicly anyway I

1122

00:46:21,950 --> 00:46:19,500

think that NASA and the scientific

1123

00:46:24,290 --> 00:46:21,960

Community would want to verify any of

1124

00:46:25,550 --> 00:46:24,300

these military claims

1125

00:46:28,849 --> 00:46:25,560

okay

1126

00:46:31,010 --> 00:46:28,859

um here is uh the question I imagine is

1127

00:46:32,809 --> 00:46:31,020

uh supposedly he did testify under oath

1128

00:46:35,270 --> 00:46:32,819

and brought

1129

00:46:37,010 --> 00:46:35,280

um you know some documents with him and

1130

00:46:39,050 --> 00:46:37,020

is this the first time somebody has said

1131

00:46:40,490 --> 00:46:39,060

this under oath this very particular

1132

00:46:43,190 --> 00:46:40,500

thing it's hard to know we wouldn't

1133

00:46:45,470 --> 00:46:43,200

really know exactly the only other

1134

00:46:47,150 --> 00:46:45,480

situation that we know of would be Eric

1135

00:46:49,370 --> 00:46:47,160

Davis

1136

00:46:52,730 --> 00:46:49,380

um you know we have been confirmed that

1137

00:46:54,710 --> 00:46:52,740

Eric Davis has briefed uh the Congress

1138

00:46:57,109 --> 00:46:54,720

and

1139

00:46:59,630 --> 00:46:57,119

um but again Eric Davis just had second

1140

00:47:01,790 --> 00:46:59,640

hand information I think Chris Mellon

1141

00:47:03,530 --> 00:47:01,800

put it best back then when Eric Davis

1142

00:47:06,890 --> 00:47:03,540

talked to Congress and he said something

1143

00:47:09,890 --> 00:47:06,900

similar in his political uh opinion

1144

00:47:11,870 --> 00:47:09,900

piece that was also uh picked up by uh

1145

00:47:13,130 --> 00:47:11,880

Newsweek just a couple weeks ago or was

1146

00:47:15,050 --> 00:47:13,140

it it might have been just last week

1147

00:47:18,530 --> 00:47:15,060

where he said you know this is

1148

00:47:20,170 --> 00:47:18,540

information that is alleged

1149

00:47:22,609 --> 00:47:20,180

um but that they have enough information

1150

00:47:25,309 --> 00:47:22,619

uh Congress has enough information now

1151  
00:47:26,569 --> 00:47:25,319  
to go investigate to try to confirm that

1152  
00:47:30,109 --> 00:47:26,579  
information

1153  
00:47:34,069 --> 00:47:30,119  
and here's another question here uh I

1154  
00:47:35,870 --> 00:47:34,079  
personally don't know so I can't I can't

1155  
00:47:37,010 --> 00:47:35,880  
really speculate on this myself I don't

1156  
00:47:39,230 --> 00:47:37,020  
know what you think

1157  
00:47:40,490 --> 00:47:39,240  
yeah it's the same as with the rest of

1158  
00:47:42,109 --> 00:47:40,500  
all of this

1159  
00:47:46,309 --> 00:47:42,119  
um we just don't know

1160  
00:47:49,550 --> 00:47:46,319  
um again it's a claim that is very very

1161  
00:47:52,790 --> 00:47:49,560  
um uh Fringe bombastic and I don't say

1162  
00:47:54,530 --> 00:47:52,800  
that to to be despairing and I say that

1163  
00:47:57,290 --> 00:47:54,540

a lot because I don't say it for that

1164

00:47:58,790 --> 00:47:57,300

reason but I do say it because I see

1165

00:48:01,010 --> 00:47:58,800

this from the perspective of the

1166

00:48:02,870 --> 00:48:01,020

traditional scientific community and

1167

00:48:04,430 --> 00:48:02,880

media and that is going to make them

1168

00:48:06,470 --> 00:48:04,440

hesitate

1169

00:48:10,069 --> 00:48:06,480

um when they hear claims like that

1170

00:48:11,930 --> 00:48:10,079

right all right well uh I think we

1171

00:48:13,490 --> 00:48:11,940

should talk about I know you've got to

1172

00:48:16,910 --> 00:48:13,500

go I've got to go get ready for my next

1173

00:48:18,829 --> 00:48:16,920

show with uh Tony Harris from the proof

1174

00:48:20,270 --> 00:48:18,839

is out there is coming right up after

1175

00:48:21,410 --> 00:48:20,280

this show

1176  
00:48:23,809 --> 00:48:21,420  
um so

1177  
00:48:25,550 --> 00:48:23,819  
let's talk about ending the labs

1178  
00:48:26,450 --> 00:48:25,560  
that's something we're heavily involved

1179  
00:48:28,849 --> 00:48:26,460  
in

1180  
00:48:31,069 --> 00:48:28,859  
yeah Enigma Labs I'm the head of content

1181  
00:48:33,290 --> 00:48:31,079  
and research for enigma Labs uh very

1182  
00:48:36,950 --> 00:48:33,300  
exciting you know you can go to Enigma

1183  
00:48:39,470 --> 00:48:36,960  
Enigma laps.io and see more about it but

1184  
00:48:41,030 --> 00:48:39,480  
we're essentially trying to help NASA

1185  
00:48:43,609 --> 00:48:41,040  
says they need more data and that's what

1186  
00:48:45,829 --> 00:48:43,619  
we're trying to do is gather data uh via

1187  
00:48:49,849 --> 00:48:45,839  
an app and our website

1188  
00:48:53,690 --> 00:48:49,859

um we have the app out so go if you have

1189

00:48:56,210 --> 00:48:53,700

an an Apple phone go to uh the Apple

1190

00:48:58,730 --> 00:48:56,220

Store and search Enigma labs and you can

1191

00:49:01,670 --> 00:48:58,740

download our app and you'll see a very

1192

00:49:04,370 --> 00:49:01,680

cool map with uh thousands and thousands

1193

00:49:06,470 --> 00:49:04,380

of UAP sightings you can click on them

1194

00:49:08,329 --> 00:49:06,480

and get more information you'll notice

1195

00:49:11,569 --> 00:49:08,339

some of those sightings have a big

1196

00:49:13,550 --> 00:49:11,579

circle uh a bigger Circle those are ones

1197

00:49:16,730 --> 00:49:13,560

where you can click those and you're

1198

00:49:19,190 --> 00:49:16,740

going to get a full-on article that is

1199

00:49:21,170 --> 00:49:19,200

cited uh I think our articles are some

1200

00:49:23,030 --> 00:49:21,180

of the best out there about these cases

1201  
00:49:24,910 --> 00:49:23,040  
including the cases that I reviewed

1202  
00:49:28,190 --> 00:49:24,920  
earlier that I think are very credible

1203  
00:49:31,430 --> 00:49:28,200  
with tons of links to where you can find

1204  
00:49:34,609 --> 00:49:31,440  
more information about those uh cases

1205  
00:49:38,809 --> 00:49:34,619  
kind of Wikipedia style including all of

1206  
00:49:40,970 --> 00:49:38,819  
the uh um government documents one of

1207  
00:49:42,829 --> 00:49:40,980  
the uh cases that I think is is really

1208  
00:49:44,870 --> 00:49:42,839  
exciting is we have an article on UAP

1209  
00:49:46,609 --> 00:49:44,880  
and nukes and a lot of people are

1210  
00:49:49,430 --> 00:49:46,619  
familiar with the work of Robert

1211  
00:49:51,109 --> 00:49:49,440  
Hastings however who kind of brought a

1212  
00:49:54,589 --> 00:49:51,119  
lot of this to light to the to the more

1213  
00:49:57,710 --> 00:49:54,599

contemporary UFO researchers but

1214

00:50:02,750 --> 00:49:57,720

the people who brought up UAP and nukes

1215

00:50:04,849 --> 00:50:02,760

as an issue was the Army the CIA the Air

1216

00:50:07,790 --> 00:50:04,859

Force at the very beginning this is

1217

00:50:10,550 --> 00:50:07,800

during the Blue Book years that you can

1218

00:50:12,730 --> 00:50:10,560

that um this became an issue this

1219

00:50:16,130 --> 00:50:12,740

article you'll find at

1220

00:50:17,930 --> 00:50:16,140

enigmabio.io so a lot of people are are

1221

00:50:19,190 --> 00:50:17,940

kind of saying oh these guys are part of

1222

00:50:20,750 --> 00:50:19,200

the government some people are saying

1223

00:50:23,030 --> 00:50:20,760

why aren't you sharing your relationship

1224

00:50:25,130 --> 00:50:23,040

with the government what we have

1225

00:50:28,130 --> 00:50:25,140

um you know Susan Goff the same one who

1226  
00:50:30,770 --> 00:50:28,140  
spoke about Arrow earlier has said that

1227  
00:50:32,390 --> 00:50:30,780  
you know they are evaluating us

1228  
00:50:36,530 --> 00:50:32,400  
um to use us

1229  
00:50:38,510 --> 00:50:36,540  
um to help them gather data uh and um so

1230  
00:50:40,250 --> 00:50:38,520  
we're very excited about that

1231  
00:50:42,589 --> 00:50:40,260  
um you know it also came out in Politico

1232  
00:50:45,170 --> 00:50:42,599  
that we were part of a NASA

1233  
00:50:46,309 --> 00:50:45,180  
um conference where we shared data with

1234  
00:50:48,349 --> 00:50:46,319  
them

1235  
00:50:49,790 --> 00:50:48,359  
um so yeah so we are taking this very

1236  
00:50:52,430 --> 00:50:49,800  
seriously and working with different

1237  
00:50:55,910 --> 00:50:52,440  
organizations to um help them gather

1238  
00:50:57,349 --> 00:50:55,920

data and gather citing information

1239

00:50:59,569 --> 00:50:57,359

um you know some people the more

1240

00:51:01,549 --> 00:50:59,579

conspiratorial types

1241

00:51:03,589 --> 00:51:01,559

who are wondering about the data it's

1242

00:51:06,109 --> 00:51:03,599

the same kind of thing you know my whole

1243

00:51:09,109 --> 00:51:06,119

career in this field has been writing or

1244

00:51:10,970 --> 00:51:09,119

sharing information and

1245

00:51:13,130 --> 00:51:10,980

um and that's what we're doing at Enigma

1246

00:51:15,650 --> 00:51:13,140

labs for instance these articles that I

1247

00:51:17,510 --> 00:51:15,660

just told you about I mean if we were

1248

00:51:20,030 --> 00:51:17,520

really part of some kind of conspiracy

1249

00:51:21,770 --> 00:51:20,040

would we be writing an article with

1250

00:51:22,790 --> 00:51:21,780

links to all the government documents

1251  
00:51:25,790 --> 00:51:22,800  
about how it was the government

1252  
00:51:28,130 --> 00:51:25,800  
themselves who you know identified that

1253  
00:51:30,349 --> 00:51:28,140  
UAP seemed to be around nuclear

1254  
00:51:32,270 --> 00:51:30,359  
facilities more than others in fact it

1255  
00:51:35,089 --> 00:51:32,280  
was a big concern I highly recommend

1256  
00:51:38,150 --> 00:51:35,099  
people go to Enigma Labs at i o and and

1257  
00:51:40,010 --> 00:51:38,160  
go to the library and read that article

1258  
00:51:41,690 --> 00:51:40,020  
um and you know even with the sightings

1259  
00:51:43,910 --> 00:51:41,700  
if you submit your signing of course

1260  
00:51:45,650 --> 00:51:43,920  
just legit sightings please if you

1261  
00:51:46,970 --> 00:51:45,660  
submit your signing you'll see it pop up

1262  
00:51:48,890 --> 00:51:46,980  
on the map

1263  
00:51:50,809 --> 00:51:48,900

um so you'll see that transparency where

1264

00:51:52,910 --> 00:51:50,819

you'll see that that data being put out

1265

00:51:55,250 --> 00:51:52,920

there so we're all about sharing the

1266

00:51:56,630 --> 00:51:55,260

data and information

1267

00:51:59,030 --> 00:51:56,640

um so

1268

00:52:02,270 --> 00:51:59,040

um yeah that's great well I'll tell the

1269

00:52:05,510 --> 00:52:02,280

audience said I down in this YouTube and

1270

00:52:08,750 --> 00:52:05,520

under of the text of the show when I put

1271

00:52:11,750 --> 00:52:08,760

this out as a podcast we'll have the app

1272

00:52:13,490 --> 00:52:11,760

link and the show link so if you click

1273

00:52:15,829 --> 00:52:13,500

on that it'll go right it'll ask you to

1274

00:52:17,450 --> 00:52:15,839

open your and we're working on Android

1275

00:52:20,150 --> 00:52:17,460

there are a couple people who are like

1276

00:52:22,190 --> 00:52:20,160

why is that cool so sorry about that um

1277

00:52:23,930 --> 00:52:22,200

I'm Not The Tech Guy I'm not a coder so

1278

00:52:26,270 --> 00:52:23,940

I'm not sure why it's easier to do Apple

1279

00:52:29,990 --> 00:52:26,280

first but we will be on Android soon

1280

00:52:31,490 --> 00:52:30,000

yeah yeah excellent Alejandro well in

1281

00:52:32,809 --> 00:52:31,500

closing

1282

00:52:34,150 --> 00:52:32,819

um I don't know if there's anything we

1283

00:52:37,069 --> 00:52:34,160

can say

1284

00:52:39,770 --> 00:52:37,079

yes I do in closing this is a great

1285

00:52:41,089 --> 00:52:39,780

question Mike Adams says why are the

1286

00:52:43,450 --> 00:52:41,099

initial reports saying that the

1287

00:52:46,970 --> 00:52:43,460

government authorized his coming forward

1288

00:52:49,670 --> 00:52:46,980

that is a misnomer so that's a little

1289

00:52:52,250 --> 00:52:49,680

bit of confusion there what he is saying

1290

00:52:54,890 --> 00:52:52,260

is that the government okayed him to say

1291

00:52:56,630 --> 00:52:54,900

the things that he is saying that

1292

00:53:00,829 --> 00:52:56,640

doesn't mean that they're saying they're

1293

00:53:03,349 --> 00:53:00,839

true what it means is that that

1294

00:53:05,809 --> 00:53:03,359

um they're saying that he isn't

1295

00:53:07,809 --> 00:53:05,819

revealing any classified information and

1296

00:53:10,730 --> 00:53:07,819

we've seen this in the past with movies

1297

00:53:13,609 --> 00:53:10,740

with uh you know you may remember Chase

1298

00:53:15,589 --> 00:53:13,619

Brandon yes wrote a book and that was

1299

00:53:17,870 --> 00:53:15,599

also looked at by this and I've been

1300

00:53:21,290 --> 00:53:17,880

part of projects uh many projects

1301  
00:53:23,210 --> 00:53:21,300  
working with military people where the

1302  
00:53:25,730 --> 00:53:23,220  
government will look it over

1303  
00:53:27,829 --> 00:53:25,740  
to give it a thumbs up to say it's okay

1304  
00:53:30,170 --> 00:53:27,839  
but they're not looking for accuracy

1305  
00:53:32,270 --> 00:53:30,180  
they're not verifying the claims they're

1306  
00:53:34,690 --> 00:53:32,280  
just making sure there's no classified

1307  
00:53:38,030 --> 00:53:34,700  
information that shouldn't be out there

1308  
00:53:40,430 --> 00:53:38,040  
included in these claims so right

1309  
00:53:42,650 --> 00:53:40,440  
um that's what that is all right great

1310  
00:53:45,049 --> 00:53:42,660  
Point all right Alejandro thank you so

1311  
00:53:47,870 --> 00:53:45,059  
much I really appreciate it and good

1312  
00:53:49,250 --> 00:53:47,880  
luck with uh with Enigma Labs again I'm

1313  
00:53:52,010 --> 00:53:49,260

going to put all that information for

1314

00:53:53,870 --> 00:53:52,020

people so they can see that all right

1315

00:53:56,569 --> 00:53:53,880

thanks very much for those of you

1316

00:53:59,210 --> 00:53:56,579

watching live don't forget uh right at

1317

00:54:01,430 --> 00:53:59,220

seven o'clock Eastern uh Tony Harris

1318

00:54:04,010 --> 00:54:01,440

from the proof is out there we'll be on

1319

00:54:09,680 --> 00:54:04,020

thanks so much Alejandro my pleasure

1320

00:54:09,690 --> 00:54:18,950

[Music]

1321

00:54:18,960 --> 00:54:22,990

thank you
