1  
00:00:56,170 --> 00:00:05,450

[Music]

2  
00:01:01,670 --> 00:00:58,850

and welcome to the show on Martin Willis

3  
00:01:04,670 --> 00:01:01,680

your host and we have a great guest a

4  
00:01:07,510 --> 00:01:04,680

timely guest I should say tonight Bryce

5  
00:01:11,510 --> 00:01:07,520

Sable Bryce has been

6  
00:01:14,149 --> 00:01:11,520

he has joined up with

7  
00:01:16,070 --> 00:01:14,159

uh Ross coldheart of the need to know

8  
00:01:18,590 --> 00:01:16,080

they have this show called The need to

9  
00:01:21,530 --> 00:01:18,600

need to know I sat in uh Bryce's living

10  
00:01:23,810 --> 00:01:21,540

room a few years ago and he was talking

11  
00:01:26,390 --> 00:01:23,820

about starting this whole thing that was

12  
00:01:30,350 --> 00:01:26,400

a very interesting evening is a very

13  
00:01:32,149 --> 00:01:30,360

interesting gentleman and uh I can't

14

00:01:34,070 --> 00:01:32,159

wait to talk to him tonight but I always

15

00:01:36,890 --> 00:01:34,080

like having him on the show

16

00:01:39,890 --> 00:01:36,900

and if you haven't seen the need to know

17

00:01:43,850 --> 00:01:39,900

podcast uh the link is in the show notes

18

00:01:46,550 --> 00:01:43,860

it's a really great uh show done I think

19

00:01:49,490 --> 00:01:46,560

it's every week I do catch it it seems

20

00:01:52,910 --> 00:01:49,500

like every week with uh Bryson Sable and

21

00:01:56,630 --> 00:01:52,920

Ross coldheart now Ross has broken the

22

00:01:58,910 --> 00:01:56,640

big major story uh that came out I'm

23

00:02:01,670 --> 00:01:58,920

sorry this is uh I'm trying to get to a

24

00:02:05,090 --> 00:02:01,680

graphic here and let me see if I can

25

00:02:07,490 --> 00:02:05,100

find it oh yes uh hopefully you have

26

00:02:10,550 --> 00:02:07,500

watched the full interview of David

27

00:02:12,770 --> 00:02:10,560

grush that is also linked in the show

28

00:02:15,050 --> 00:02:12,780

notes in the text of this show if you're

29

00:02:17,990 --> 00:02:15,060

on YouTube but I'm waiting actually

30

00:02:21,530 --> 00:02:18,000

waiting for Bryce to come in he had to

31

00:02:23,990 --> 00:02:21,540

reboot his computer so he should be here

32

00:02:26,030 --> 00:02:24,000

um very soon so I have a I have a lot of

33

00:02:28,970 --> 00:02:26,040

questions to ask Bryce you know he did

34

00:02:31,190 --> 00:02:28,980

spend some time with David rush they

35

00:02:33,650 --> 00:02:31,200

went out to dinner I believe and spent

36

00:02:36,470 --> 00:02:33,660

some time together so I'm really looking

37

00:02:40,490 --> 00:02:36,480

forward to talking to them asking them a

38

00:02:43,309 --> 00:02:40,500

bunch of questions and if you are

39

00:02:45,710 --> 00:02:43,319

if you are in our

40

00:02:49,190 --> 00:02:45,720

chat uh and you want to ask a question

41

00:02:50,750 --> 00:02:49,200

please make it a good one and

42

00:02:52,550 --> 00:02:50,760

let's see I'm just trying to figure out

43

00:02:55,910 --> 00:02:52,560

my camera settings here while I'm

44

00:02:57,890 --> 00:02:55,920

waiting for Price uh so anyway if you

45

00:03:00,350 --> 00:02:57,900

have some questions please put them in

46

00:03:02,270 --> 00:03:00,360

caps if they're relevant and I can ask

47

00:03:04,910 --> 00:03:02,280

the questions I will I did have some

48

00:03:07,729 --> 00:03:04,920

people send me some questions for him so

49

00:03:10,130 --> 00:03:07,739

since this whole thing broke

50

00:03:12,410 --> 00:03:10,140

um a lot if you haven't listened to

51  
00:03:14,330 --> 00:03:12,420  
Ralph Blumenthal he was on Friday I did

52  
00:03:16,130 --> 00:03:14,340  
a special show with him on Friday you

53  
00:03:18,050 --> 00:03:16,140  
can see that on our YouTube channel and

54  
00:03:21,710 --> 00:03:18,060  
our podcast feed as well

55  
00:03:24,470 --> 00:03:21,720  
and so that was an interesting uh

56  
00:03:27,410 --> 00:03:24,480  
interesting chat and I'd like to find

57  
00:03:29,630 --> 00:03:27,420  
out more about what is happening out

58  
00:03:32,930 --> 00:03:29,640  
there since this has broken I I gotta

59  
00:03:34,790 --> 00:03:32,940  
tell you I have been uh disappointed at

60  
00:03:36,949 --> 00:03:34,800  
uh I'm just going to bring this up I'm

61  
00:03:38,930 --> 00:03:36,959  
very disappointed and when you see

62  
00:03:41,809 --> 00:03:38,940  
headlines like this right here

63  
00:03:43,610 --> 00:03:41,819

uh this just came out today the New York

64

00:03:46,850 --> 00:03:43,620

New Yorker I think it is our New York

65

00:03:49,610 --> 00:03:46,860

Magazine The Whistleblower is back with

66

00:03:51,949 --> 00:03:49,620

more crazy claims that's the headline

67

00:03:54,649 --> 00:03:51,959

that's not what we need we don't need

68

00:03:56,089 --> 00:03:54,659

this type of thing to happen uh but it

69

00:03:59,210 --> 00:03:56,099

was a very if you haven't caught the

70

00:04:02,869 --> 00:03:59,220

full interview he does say some pretty

71

00:04:04,610 --> 00:04:02,879

fantastic things but I'm not um you know

72

00:04:07,610 --> 00:04:04,620

I'm I'm approaching this with an open

73

00:04:09,710 --> 00:04:07,620

mind I hope I hope you can too like for

74

00:04:12,850 --> 00:04:09,720

instance he talks about the Vatican was

75

00:04:16,250 --> 00:04:12,860

it on the UFO cover cover up back in

76

00:04:18,710 --> 00:04:16,260

1933 supposedly there was a crash in

77

00:04:20,810 --> 00:04:18,720

magenta and there that uh was actually

78

00:04:23,210 --> 00:04:20,820

housed at the Vatican that was part of

79

00:04:25,370 --> 00:04:23,220

the claims there may be massive crafts

80

00:04:28,370 --> 00:04:25,380

well if anyone has listened to this show

81

00:04:30,110 --> 00:04:28,380

for any amount of time uh we've heard a

82

00:04:33,050 --> 00:04:30,120

lot of people talk about that the size

83

00:04:35,090 --> 00:04:33,060

of football fields and larger the

84

00:04:37,670 --> 00:04:35,100

Phoenix Lights for instance people that

85

00:04:39,409 --> 00:04:37,680

actually saw a structured craft uh

86

00:04:42,890 --> 00:04:39,419

Sometimes some of them were saying it

87

00:04:46,610 --> 00:04:42,900

could be miles long not just you know a

88

00:04:48,950 --> 00:04:46,620

football field but miles wide and when

89

00:04:52,730 --> 00:04:48,960

people say to me

90

00:04:53,990 --> 00:04:52,740

on the show and otherwise that uh well

91

00:04:56,990 --> 00:04:54,000

maybe

92

00:04:59,990 --> 00:04:57,000

it's just like a black project that's in

93

00:05:01,249 --> 00:05:00,000

its uh you know a secret project that we

94

00:05:03,890 --> 00:05:01,259

have we're flying these things around

95

00:05:05,990 --> 00:05:03,900

with no sound or whatever it is

96

00:05:08,270 --> 00:05:06,000

I always say to them well you know if

97

00:05:10,909 --> 00:05:08,280

something's like a football field

98

00:05:13,969 --> 00:05:10,919

uh wide where are they housing these

99

00:05:16,490 --> 00:05:13,979

things and why are they flying in the

100

00:05:20,150 --> 00:05:16,500

public where people can see them so I

101  
00:05:22,490 --> 00:05:20,160  
don't know you know I'm I'm kind of uh

102  
00:05:24,650 --> 00:05:22,500  
on defense about it but I don't think I

103  
00:05:27,590 --> 00:05:24,660  
really don't think they're government I

104  
00:05:30,650 --> 00:05:27,600  
mean I it just seems that we would have

105  
00:05:32,450 --> 00:05:30,660  
absolutely know something by now you

106  
00:05:37,189 --> 00:05:32,460  
know I have spoken to

107  
00:05:40,670 --> 00:05:37,199  
uh a a friend that talks about seeing a

108  
00:05:42,469 --> 00:05:40,680  
huge huge triangle and that was 1977 and

109  
00:05:44,650 --> 00:05:42,479  
it floated it made no sound it was over

110  
00:05:48,170 --> 00:05:44,660  
her car her aunt was there

111  
00:05:50,029 --> 00:05:48,180  
and uh it's an amazing story back in

112  
00:05:53,689 --> 00:05:50,039  
1977

113  
00:05:55,550 --> 00:05:53,699

and if they had that technology back

114

00:05:58,969 --> 00:05:55,560

then wouldn't you think that we'd know

115

00:06:01,850 --> 00:05:58,979

about it by now somehow someone would

116

00:06:04,150 --> 00:06:01,860

leak it that oh we have this craft it's

117

00:06:09,050 --> 00:06:04,160

the size of a football field or larger

118

00:06:10,670 --> 00:06:09,060

and it it travels without using uh any

119

00:06:14,029 --> 00:06:10,680

known propulsion

120

00:06:16,670 --> 00:06:14,039

and it's it's quiet and

121

00:06:18,170 --> 00:06:16,680

uh yeah we have this craft stored away

122

00:06:20,810 --> 00:06:18,180

or something you just think it would be

123

00:06:22,730 --> 00:06:20,820

you know the the technology would be

124

00:06:24,469 --> 00:06:22,740

talked about by now is what I'm getting

125

00:06:26,629 --> 00:06:24,479

at I see Bryce

126

00:06:30,170 --> 00:06:26,639

but I don't see Bryce I see a blank

127

00:06:32,749 --> 00:06:30,180

screen price down below I'm hoping um

128

00:06:35,689 --> 00:06:32,759

I'm gonna see his camera go on and all

129

00:06:38,450 --> 00:06:35,699

that so he should be on up there he is

130

00:06:40,510 --> 00:06:38,460

the one and only Bryce zabel welcome to

131

00:06:43,610 --> 00:06:40,520

the show Bryce

132

00:06:45,170 --> 00:06:43,620

I just want to explain to everybody it's

133

00:06:47,390 --> 00:06:45,180

been a hectic few days as you might

134

00:06:49,850 --> 00:06:47,400

imagine but the other thing is I've

135

00:06:51,890 --> 00:06:49,860

learned uh through the podcasts that

136

00:06:53,749 --> 00:06:51,900

I've done with Ross coldheart who is on

137

00:06:55,969 --> 00:06:53,759

the other side of the planet that one of

138

00:06:58,309 --> 00:06:55,979

the things we always have to do is I

139

00:07:01,370 --> 00:06:58,319

can't use Safari I have to use

140

00:07:03,590 --> 00:07:01,380

um Chrome and I also have to reboot the

141

00:07:08,230 --> 00:07:03,600

computer so that we're in sync so we

142

00:07:12,770 --> 00:07:11,330

so I had to do that and you know it

143

00:07:15,469 --> 00:07:12,780

takes a while you can't hurry a computer

144

00:07:17,150 --> 00:07:15,479

anyway my apologies I'm here

145

00:07:19,909 --> 00:07:17,160

um yeah and I appreciate you having me

146

00:07:21,830 --> 00:07:19,919

on thanks so much yes uh Bryce I was

147

00:07:23,629 --> 00:07:21,840

talking earlier about I had such a

148

00:07:26,150 --> 00:07:23,639

pleasant visit with you when I was out

149

00:07:28,129 --> 00:07:26,160

there a couple years ago and yeah we had

150

00:07:30,170 --> 00:07:28,139

some some of the most amazing

151  
00:07:31,730 --> 00:07:30,180  
conversations I've had in my life were

152  
00:07:33,950 --> 00:07:31,740  
right in your living room late at night

153  
00:07:35,510 --> 00:07:33,960  
I thought that was really fantastic I

154  
00:07:37,969 --> 00:07:35,520  
really enjoyed it a lot conversations

155  
00:07:39,469 --> 00:07:37,979  
that must never ever be put on the air

156  
00:07:42,170 --> 00:07:39,479  
of course

157  
00:07:44,089 --> 00:07:42,180  
no I'm kidding about that yeah you know

158  
00:07:45,830 --> 00:07:44,099  
when you do a podcast as you well know

159  
00:07:48,350 --> 00:07:45,840  
almost anything that your brain thinks

160  
00:07:50,150 --> 00:07:48,360  
your mouth can say yeah yeah that's true

161  
00:07:53,210 --> 00:07:50,160  
especially when you're live you got to

162  
00:07:55,070 --> 00:07:53,220  
watch it yeah yeah totally yeah so you

163  
00:07:57,710 --> 00:07:55,080

know one of the things I just pulled up

164

00:07:59,570 --> 00:07:57,720

um which I would I am upset about and

165

00:08:01,370 --> 00:07:59,580

I'm gonna just show you what not this

166

00:08:03,050 --> 00:08:01,380

one in particular but let me show you

167

00:08:05,870 --> 00:08:03,060

the one in particular I just the

168

00:08:08,390 --> 00:08:05,880

headline of this one is just terrible

169

00:08:09,950 --> 00:08:08,400

this is the New York Magazine and this

170

00:08:12,110 --> 00:08:09,960

isn't the way that I was hoping this

171

00:08:15,050 --> 00:08:12,120

whole thing would go

172

00:08:17,150 --> 00:08:15,060

um and no one that's you know wants this

173

00:08:18,010 --> 00:08:17,160

to move forward wants to see things like

174

00:08:20,990 --> 00:08:18,020

that

175

00:08:23,869 --> 00:08:21,000

did you just show the headline here oh

176

00:08:25,909 --> 00:08:23,879

yes I'm sorry the headline says it says

177

00:08:30,230 --> 00:08:25,919

the UFO whistleblower is back with more

178

00:08:32,389 --> 00:08:30,240

crazy claims New York Magazine wow yeah

179

00:08:34,969 --> 00:08:32,399

not not nice

180

00:08:36,409 --> 00:08:34,979

well not you know

181

00:08:41,269 --> 00:08:36,419

nice

182

00:08:43,430 --> 00:08:41,279

anybody in in Media or Hollywood or

183

00:08:46,130 --> 00:08:43,440

frankly in life you take what you get

184

00:08:48,350 --> 00:08:46,140

what it what it really is though is

185

00:08:50,090 --> 00:08:48,360

ignorant it's probably written by

186

00:08:53,650 --> 00:08:50,100

someone who knows very little about the

187

00:08:56,329 --> 00:08:53,660

topic and if if nothing else it

188

00:08:58,790 --> 00:08:56,339

misunderstands exactly what Dave crush

189

00:09:01,610 --> 00:08:58,800

is all about in the first place he's

190

00:09:05,269 --> 00:09:01,620

he's yes he's making claims but he's

191

00:09:08,150 --> 00:09:05,279

stating that he is a highly classified

192

00:09:10,190 --> 00:09:08,160

uh individual who's been working inside

193

00:09:12,949 --> 00:09:10,200

our government and he's telling this

194

00:09:17,030 --> 00:09:12,959

story and he's told it in detail with

195

00:09:19,910 --> 00:09:17,040

documents with names dates Etc to Senate

196

00:09:22,730 --> 00:09:19,920

and House uh intelligence committees and

197

00:09:25,009 --> 00:09:22,740

to the Inspector General of the

198

00:09:27,110 --> 00:09:25,019

intelligence Community who described his

199

00:09:29,090 --> 00:09:27,120

claims as urgent and credible I bet

200

00:09:31,310 --> 00:09:29,100

that's probably not in the article I'm

201  
00:09:32,750 --> 00:09:31,320  
thinking about probably not uh probably

202  
00:09:34,970 --> 00:09:32,760  
not a lot of things like that in the

203  
00:09:36,949 --> 00:09:34,980  
article and you know everything

204  
00:09:40,250 --> 00:09:36,959  
there's momentum here and I call this

205  
00:09:42,410 --> 00:09:40,260  
show the momentum you know of and I

206  
00:09:45,710 --> 00:09:42,420  
believe there is and I hope I'm hoping

207  
00:09:47,509 --> 00:09:45,720  
it stays in a positive uh momentum and

208  
00:09:50,090 --> 00:09:47,519  
just now just released was the

209  
00:09:52,430 --> 00:09:50,100  
unclassified uh document of the

210  
00:09:53,990 --> 00:09:52,440  
complaint and I have that that's going

211  
00:09:56,150 --> 00:09:54,000  
to be in the show I already have it in

212  
00:09:59,449 --> 00:09:56,160  
the show notes and you can you can read

213  
00:10:02,690 --> 00:09:59,459

it there so uh yeah so that that was I

214

00:10:06,590 --> 00:10:02,700

actually read I have read that about uh

215

00:10:09,670 --> 00:10:06,600

maybe a month ago yeah yeah so no it's

216

00:10:13,610 --> 00:10:09,680

it's uh it's it's a very exciting time

217

00:10:15,590 --> 00:10:13,620

and I gotta say you know here when I was

218

00:10:16,670 --> 00:10:15,600

watching the full interview I was

219

00:10:19,430 --> 00:10:16,680

thinking

220

00:10:21,410 --> 00:10:19,440

well I hope Ross really asks you know

221

00:10:23,389 --> 00:10:21,420

this in the asset and you know what he

222

00:10:25,490 --> 00:10:23,399

did he asked anything that I could think

223

00:10:28,850 --> 00:10:25,500

of and things that I couldn't think of

224

00:10:31,490 --> 00:10:28,860

he he did an excellent interview and and

225

00:10:33,590 --> 00:10:31,500

he put him to task on a number of things

226

00:10:35,930 --> 00:10:33,600

because it's an extraordinary claim

227

00:10:39,110 --> 00:10:35,940

absolutely and you you have to do that

228

00:10:41,630 --> 00:10:39,120

and you know I I do think we do need you

229

00:10:44,150 --> 00:10:41,640

know to have a skeptical balance I think

230

00:10:45,949 --> 00:10:44,160

Mick West goes overboard I don't want to

231

00:10:47,569 --> 00:10:45,959

give him any credit for anything when it

232

00:10:49,550 --> 00:10:47,579

comes to this I will give him credit for

233

00:10:51,710 --> 00:10:49,560

some of the things just one one thing

234

00:10:53,990 --> 00:10:51,720

there's there's two words at play here

235

00:10:55,790 --> 00:10:54,000

there's skepticism and then there's

236

00:10:58,190 --> 00:10:55,800

debunking debunking right yeah

237

00:10:59,569 --> 00:10:58,200

skepticism is something that everybody

238

00:11:02,870 --> 00:10:59,579

in their life should have about

239

00:11:04,610 --> 00:11:02,880

everything right you know we we need in

240

00:11:07,190 --> 00:11:04,620

order to go about being a successful

241

00:11:09,530 --> 00:11:07,200

living being or a citizen you have to

242

00:11:10,970 --> 00:11:09,540

have a certain amount of skepticism but

243

00:11:12,829 --> 00:11:10,980

uh there are certain people out there

244

00:11:15,050 --> 00:11:12,839

and I'm not going to get into nail you

245

00:11:18,530 --> 00:11:15,060

know naming everybody but the truth of

246

00:11:19,910 --> 00:11:18,540

the matter is we we have so many

247

00:11:22,370 --> 00:11:19,920

um

248

00:11:25,490 --> 00:11:22,380

people who literally are just out to

249

00:11:28,670 --> 00:11:25,500

make their point as opposed to study the

250

00:11:31,130 --> 00:11:28,680

issue so right I'm sorry I'm sorry that

251  
00:11:32,990 --> 00:11:31,140  
happens but I must say both Ross and I

252  
00:11:36,769 --> 00:11:33,000  
were well aware that it was going to

253  
00:11:39,350 --> 00:11:36,779  
happen on this story because obviously

254  
00:11:41,090 --> 00:11:39,360  
people are out there and and people

255  
00:11:43,370 --> 00:11:41,100  
would love it listen I would have loved

256  
00:11:45,410 --> 00:11:43,380  
it if uh when I met Dave grush he said

257  
00:11:47,090 --> 00:11:45,420  
and I got a piece of the spacecraft out

258  
00:11:49,610 --> 00:11:47,100  
in the trunk of my car if you want to go

259  
00:11:51,530 --> 00:11:49,620  
look at it and by the way let me show

260  
00:11:53,210 --> 00:11:51,540  
you my phone here I have a picture of an

261  
00:11:55,009 --> 00:11:53,220  
alien that you by the way you can see

262  
00:11:58,190 --> 00:11:55,019  
that Ross goldthart is calling me right

263  
00:12:00,769 --> 00:11:58,200

now hey Ross so he's gonna have to yeah

264

00:12:03,769 --> 00:12:00,779

cold art you're gonna have to worry if

265

00:12:06,050 --> 00:12:03,779

you want to yeah I'm sorry yeah no

266

00:12:08,870 --> 00:12:06,060

that's fine that's what like that's what

267

00:12:10,790 --> 00:12:08,880

you get with a live show you get uh yeah

268

00:12:13,370 --> 00:12:10,800

you get colder you muted your phone

269

00:12:15,110 --> 00:12:13,380

anyway that's good yeah exactly yeah

270

00:12:16,610 --> 00:12:15,120

yeah I see you have Wilson in the

271

00:12:19,370 --> 00:12:16,620

background I forgot about that I do have

272

00:12:21,889 --> 00:12:19,380

Wilson in the background yeah uh

273

00:12:25,190 --> 00:12:21,899

I I don't know you know a few years ago

274

00:12:27,230 --> 00:12:25,200

I just uh I I I just thought it would be

275

00:12:30,050 --> 00:12:27,240

fun and I thought I wonder if you can

276

00:12:33,230 --> 00:12:30,060

get a Wilson so just out of curiosity I

277

00:12:36,530 --> 00:12:33,240

searched for Wilson volleyball

278

00:12:38,509 --> 00:12:36,540

um from the movie on on uh Amazon and

279

00:12:40,550 --> 00:12:38,519

there it was you can get one yourself

280

00:12:44,509 --> 00:12:40,560

today I don't make any money from this

281

00:12:46,310 --> 00:12:44,519

but I do love my Wilson yeah yeah that

282

00:12:47,569 --> 00:12:46,320

was uh that was tragic when he lost it

283

00:12:50,930 --> 00:12:47,579

overboard

284

00:12:52,850 --> 00:12:50,940

um yeah uh so there's some questions

285

00:12:54,769 --> 00:12:52,860

some people were nice enough

286

00:12:56,690 --> 00:12:54,779

to send some questions in but of course

287

00:12:58,970 --> 00:12:56,700

I have you know some that I have thought

288

00:13:01,370 --> 00:12:58,980

of and first of all

289

00:13:03,230 --> 00:13:01,380

um well while we're just focusing on the

290

00:13:05,509 --> 00:13:03,240

negative I want to get through that yes

291

00:13:07,190 --> 00:13:05,519

and of course another thing today I

292

00:13:10,790 --> 00:13:07,200

listened to uh I listened to a podcast

293

00:13:13,550 --> 00:13:10,800

occasionally by Sam Harris and uh today

294

00:13:16,069 --> 00:13:13,560

I was very disappointed to hear him say

295

00:13:18,230 --> 00:13:16,079

that you know the internet is a place

296

00:13:20,389 --> 00:13:18,240

with wild conspiracy says now we even

297

00:13:23,030 --> 00:13:20,399

have aliens that land here

298

00:13:24,769 --> 00:13:23,040

and it was like ah so another thing

299

00:13:27,230 --> 00:13:24,779

here's a scientist again not looking

300

00:13:28,670 --> 00:13:27,240

into it at all just seeing it on the

301  
00:13:30,590 --> 00:13:28,680  
surface and just counting it right away

302  
00:13:32,449 --> 00:13:30,600  
that's that's what I see in this

303  
00:13:34,069 --> 00:13:32,459  
situation and unfortunately that's what

304  
00:13:37,430 --> 00:13:34,079  
we're going to see in a lot of

305  
00:13:40,370 --> 00:13:37,440  
situations out there with people uh you

306  
00:13:43,250 --> 00:13:40,380  
know for instance I was on on a deck at

307  
00:13:44,210 --> 00:13:43,260  
a lake the other day with my sister and

308  
00:13:47,030 --> 00:13:44,220  
her

309  
00:13:49,550 --> 00:13:47,040  
um daughters my nieces and I started

310  
00:13:52,250 --> 00:13:49,560  
talking about this and they started like

311  
00:13:56,269 --> 00:13:52,260  
giving me that look you know it's crazy

312  
00:14:00,829 --> 00:13:56,279  
Uncle Marty you know type of look so uh

313  
00:14:04,009 --> 00:14:00,839

you know Marty Martin I I call that uh

314

00:14:06,050 --> 00:14:04,019

for years I've been saying I've I've on

315

00:14:07,730 --> 00:14:06,060

this this subject I'm I've often been

316

00:14:10,129 --> 00:14:07,740

treated as the drunk uncle at the

317

00:14:13,490 --> 00:14:10,139

wedding so you've just invoked that and

318

00:14:15,889 --> 00:14:13,500

and it still happens not as often

319

00:14:17,629 --> 00:14:15,899

um I do in in addition to having people

320

00:14:19,790 --> 00:14:17,639

who will still treat me as the drunk

321

00:14:22,610 --> 00:14:19,800

uncle I do have a whole

322

00:14:25,610 --> 00:14:22,620

growing amount of friends who literally

323

00:14:28,069 --> 00:14:25,620

will see something uh well I think the

324

00:14:29,870 --> 00:14:28,079

thing that's ironic is they'll see an

325

00:14:31,970 --> 00:14:29,880

article that of course I've read because

326

00:14:34,490 --> 00:14:31,980

I'm like you I have to stay up on all

327

00:14:36,230 --> 00:14:34,500

this stuff as if I'd never seen or heard

328

00:14:38,389 --> 00:14:36,240

of it you know by the way I thought you

329

00:14:40,370 --> 00:14:38,399

might want to see you know and I'm

330

00:14:42,230 --> 00:14:40,380

getting that too from friends like on

331

00:14:44,210 --> 00:14:42,240

the outside the nice thing is they send

332

00:14:46,550 --> 00:14:44,220

it because they say I want to know what

333

00:14:50,930 --> 00:14:46,560

you think about it so yeah at least

334

00:14:53,689 --> 00:14:50,940

there's a uh growing curiosity that uh

335

00:14:55,550 --> 00:14:53,699

is is coming around this and and among a

336

00:14:57,650 --> 00:14:55,560

lot of people who pay attention there's

337

00:14:59,389 --> 00:14:57,660

an increasing awareness that you have

338

00:15:00,710 --> 00:14:59,399

something very very real is indeed

339

00:15:03,410 --> 00:15:00,720

Happening Here

340

00:15:05,329 --> 00:15:03,420

right and uh by the way I love your

341

00:15:07,009 --> 00:15:05,339

podcasts I gave it a plug when we first

342

00:15:08,810 --> 00:15:07,019

started you did thank you I'm very

343

00:15:11,150 --> 00:15:08,820

grateful thanks again yeah yeah it's a

344

00:15:13,430 --> 00:15:11,160

it's a great one you guys just have it

345

00:15:16,490 --> 00:15:13,440

you know you have what it takes and and

346

00:15:18,050 --> 00:15:16,500

uh uh you know Ross does such a

347

00:15:21,350 --> 00:15:18,060

wonderful job on his end it's really

348

00:15:23,449 --> 00:15:21,360

great uh so I guess someone said that

349

00:15:24,410 --> 00:15:23,459

when I call the man back

350

00:15:27,710 --> 00:15:24,420

yeah

351

00:15:30,230 --> 00:15:27,720

okay uh when did you first hear uh Dave

352

00:15:32,389 --> 00:15:30,240

David grush's name uh how do you

353

00:15:34,910 --> 00:15:32,399

pronounce it it's not when did you first

354

00:15:36,410 --> 00:15:34,920

hear it oh yeah well you know what it is

355

00:15:39,949 --> 00:15:36,420

funny I do hear a lot of people calling

356

00:15:42,430 --> 00:15:39,959

him David groosh uh it's uh and it's

357

00:15:46,069 --> 00:15:42,440

spelled uh

358

00:15:48,290 --> 00:15:46,079

g-r-u-s-c-h not g-r-u-s-h so now you

359

00:15:49,449 --> 00:15:48,300

know David grunge and it rhymes with

360

00:15:51,590 --> 00:15:49,459

Brooke

361

00:15:53,629 --> 00:15:51,600

so when did I first hear about David

362

00:15:57,170 --> 00:15:53,639

Crush that's actually

363

00:15:59,150 --> 00:15:57,180

um not a completely simple question

364

00:16:00,290 --> 00:15:59,160

um Ross and I've been doing need to know

365

00:16:02,870 --> 00:16:00,300

for

366

00:16:05,269 --> 00:16:02,880

um something like 18 months now and

367

00:16:10,910 --> 00:16:05,279

we're pretty close we talk often

368

00:16:13,250 --> 00:16:10,920

um we share information and I knew and

369

00:16:17,509 --> 00:16:13,260

do know about many of the people that

370

00:16:19,490 --> 00:16:17,519

he's talked to and I've been he has not

371

00:16:21,769 --> 00:16:19,500

spoken only to to

372

00:16:23,810 --> 00:16:21,779

um David grush by the way he's talked to

373

00:16:25,310 --> 00:16:23,820

many people over that time period that

374

00:16:28,009 --> 00:16:25,320

I've known him and then of course before

375

00:16:30,069 --> 00:16:28,019

that so I've been hearing the rumbles of

376

00:16:33,050 --> 00:16:30,079

what grush represents without

377

00:16:34,610 --> 00:16:33,060

specifically knowing it was a man named

378

00:16:38,030 --> 00:16:34,620

David grush

379

00:16:39,470 --> 00:16:38,040

um that changed uh fairly recently and

380

00:16:42,530 --> 00:16:39,480

then

381

00:16:44,509 --> 00:16:42,540

so that I I heard about it through raw

382

00:16:46,310 --> 00:16:44,519

sort of briefing me about his

383

00:16:47,509 --> 00:16:46,320

investigations as I tell him what I'm up

384

00:16:51,110 --> 00:16:47,519

to

385

00:16:54,889 --> 00:16:51,120

important obviously

386

00:16:58,970 --> 00:16:54,899

um he came out to Los Angeles uh to

387

00:17:02,389 --> 00:16:58,980

interview David grush on camera and uh a

388

00:17:04,309 --> 00:17:02,399

deal had been struck to have news Nation

389

00:17:06,289 --> 00:17:04,319

shoot it which by the way answers

390

00:17:08,449 --> 00:17:06,299

people's question why can't I see all

391

00:17:12,350 --> 00:17:08,459

the raw tape right now well because news

392

00:17:14,870 --> 00:17:12,360

Nation shot it not us and they control

393

00:17:17,090 --> 00:17:14,880

the first bite of that Apple now

394

00:17:19,970 --> 00:17:17,100

interestingly enough though uh that was

395

00:17:23,090 --> 00:17:19,980

May 9th so on May 9th in a North

396

00:17:26,090 --> 00:17:23,100

Hollywood Warehouse uh Ross Colt art sat

397

00:17:28,429 --> 00:17:26,100

down with David grush about three to

398

00:17:30,230 --> 00:17:28,439

five cameras by my count they spent two

399

00:17:32,030 --> 00:17:30,240

hours doing the lighting they set it up

400

00:17:34,610 --> 00:17:32,040

beautifully and as you saw it was

401  
00:17:36,830 --> 00:17:34,620  
wonderfully recorded the day before that

402  
00:17:39,710 --> 00:17:36,840  
May 8th

403  
00:17:42,350 --> 00:17:39,720  
um I met David grush in person for the

404  
00:17:45,409 --> 00:17:42,360  
first time and literally

405  
00:17:47,510 --> 00:17:45,419  
the man came to my house all right and

406  
00:17:48,770 --> 00:17:47,520  
we recorded what we call the safety

407  
00:17:49,549 --> 00:17:48,780  
interview

408  
00:17:53,450 --> 00:17:49,559  
um

409  
00:17:57,049 --> 00:17:53,460  
let me explain we were concerned of two

410  
00:17:59,630 --> 00:17:57,059  
things that possibly on May 9th uh David

411  
00:18:02,690 --> 00:17:59,640  
might have changed his mind or gotten

412  
00:18:04,570 --> 00:18:02,700  
pressured or whatever and decided not to

413  
00:18:07,130 --> 00:18:04,580

do it period

414

00:18:09,770 --> 00:18:07,140

or we were concerned that we showed up

415

00:18:12,370 --> 00:18:09,780

at that North Hollywood warehouse and

416

00:18:14,330 --> 00:18:12,380

were met by agents of some

417

00:18:16,549 --> 00:18:14,340

institution telling us that the

418

00:18:20,090 --> 00:18:16,559

interview was not going to happen so for

419

00:18:22,130 --> 00:18:20,100

for protection we recorded uh another

420

00:18:25,130 --> 00:18:22,140

interview with David grush that was sort

421

00:18:27,049 --> 00:18:25,140

of just uh like I said a safety put that

422

00:18:29,510 --> 00:18:27,059

one away in case something happens to

423

00:18:31,549 --> 00:18:29,520

the news Nation one so

424

00:18:33,890 --> 00:18:31,559

um we actually interviewed Dave grush

425

00:18:35,390 --> 00:18:33,900

twice uh once on the eighth kind of

426

00:18:38,210 --> 00:18:35,400

informally

427

00:18:40,250 --> 00:18:38,220

um my son actually shot that who is a a

428

00:18:42,590 --> 00:18:40,260

film director yeah I met a people French

429

00:18:46,130 --> 00:18:42,600

on it and you met him I think you met my

430

00:18:47,870 --> 00:18:46,140

son his film is is done and I said and I

431

00:18:51,049 --> 00:18:47,880

knew he had the equipment I said get

432

00:18:53,150 --> 00:18:51,059

over here right away so he came over and

433

00:18:55,490 --> 00:18:53,160

we we recorded it on the spur of the

434

00:18:57,770 --> 00:18:55,500

moment and then of course May 9th was

435

00:18:59,750 --> 00:18:57,780

the was the big one that's kind of a

436

00:19:01,190 --> 00:18:59,760

long answer to when did I first hear

437

00:19:03,529 --> 00:19:01,200

about David rush but that's kind of how

438

00:19:05,750 --> 00:19:03,539

it went down yeah and uh you know

439

00:19:08,570 --> 00:19:05,760

there's a question already in chat about

440

00:19:10,430 --> 00:19:08,580

the Las Vegas thing and I think that's I

441

00:19:12,770 --> 00:19:10,440

had a long conversation today with uh

442

00:19:15,230 --> 00:19:12,780

Ben Hansen and part of that was it's

443

00:19:17,690 --> 00:19:15,240

about that which you know it seems like

444

00:19:20,150 --> 00:19:17,700

it's shaping up to be a hoax

445

00:19:22,430 --> 00:19:20,160

um so but nobody you know it's not I

446

00:19:24,770 --> 00:19:22,440

want to keep an open mind about it

447

00:19:27,950 --> 00:19:24,780

um but it looks like that's probably

448

00:19:30,350 --> 00:19:27,960

most likely a hoax unfortunately it's

449

00:19:32,870 --> 00:19:30,360

it's certainly unfortunately is correct

450

00:19:35,450 --> 00:19:32,880

I I part of the look there will be

451  
00:19:38,090 --> 00:19:35,460  
hoaxes or there may be anomalous events

452  
00:19:40,490 --> 00:19:38,100  
that uh need more investigation and

453  
00:19:41,810 --> 00:19:40,500  
possibly this is one of those but I

454  
00:19:43,490 --> 00:19:41,820  
think the problem

455  
00:19:46,250 --> 00:19:43,500  
it's not really a problem it's just

456  
00:19:47,990 --> 00:19:46,260  
unfortunate as you said it's unfortunate

457  
00:19:51,529 --> 00:19:48,000  
that it happened at the same time the

458  
00:19:53,750 --> 00:19:51,539  
rush interview was um yeah because news

459  
00:19:55,430 --> 00:19:53,760  
organizations tended to go oh great

460  
00:19:58,549 --> 00:19:55,440  
we're going to talk about UFOs and

461  
00:20:00,830 --> 00:19:58,559  
aliens boom they go into the same pot

462  
00:20:02,870 --> 00:20:00,840  
and they get conflated so I I thought

463  
00:20:04,850 --> 00:20:02,880

that was unfortunate in the same way by

464

00:20:10,250 --> 00:20:04,860

the way that the um

465

00:20:11,810 --> 00:20:10,260

Stephen Greer uh uh uh Stephen gurr

466

00:20:14,150 --> 00:20:11,820

event at the national Press Club that

467

00:20:15,830 --> 00:20:14,160

took place the day after the rush

468

00:20:18,529 --> 00:20:15,840

interview aired you know that's

469

00:20:20,810 --> 00:20:18,539

unfortunate timing uh Ross and I didn't

470

00:20:22,789 --> 00:20:20,820

pick that timing news Nation decided

471

00:20:25,070 --> 00:20:22,799

when they thought that the the full

472

00:20:28,610 --> 00:20:25,080

finished product should air

473

00:20:30,470 --> 00:20:28,620

um and and uh obviously it aired the day

474

00:20:33,110 --> 00:20:30,480

before the the Greer thing but it's

475

00:20:35,390 --> 00:20:33,120

unfortunate because all of those stories

476  
00:20:37,970 --> 00:20:35,400  
could could stand breathing on their own

477  
00:20:40,370 --> 00:20:37,980  
it would be nice if if Crush was taken

478  
00:20:43,070 --> 00:20:40,380  
for exactly what he was and debated

479  
00:20:45,289 --> 00:20:43,080  
without the other external stuff and it

480  
00:20:47,150 --> 00:20:45,299  
would be nice frankly I'm sure Stephen

481  
00:20:49,370 --> 00:20:47,160  
Greer would say the same thing he

482  
00:20:51,230 --> 00:20:49,380  
probably would have wished in an ideal

483  
00:20:54,830 --> 00:20:51,240  
world that what he was saying would be

484  
00:20:56,510 --> 00:20:54,840  
taken at its own uh value in the moment

485  
00:20:58,789 --> 00:20:56,520  
but that's not the way the world works

486  
00:21:01,370 --> 00:20:58,799  
yeah we're gonna say there's aliens

487  
00:21:03,710 --> 00:21:01,380  
crashing in Las Vegas at the same time

488  
00:21:04,789 --> 00:21:03,720

the rush interviews airing at the same

489

00:21:07,789 --> 00:21:04,799

time the Greer thing has happened

490

00:21:09,770 --> 00:21:07,799

happening that's um on one level it's

491

00:21:11,510 --> 00:21:09,780

unfortunate as we said but on the other

492

00:21:14,690 --> 00:21:11,520

level it shows there are people talking

493

00:21:16,130 --> 00:21:14,700

about this topic so right yeah I want to

494

00:21:17,630 --> 00:21:16,140

I want to sort of tease something a

495

00:21:19,430 --> 00:21:17,640

little bit here but I have to be careful

496

00:21:22,970 --> 00:21:19,440

and that is

497

00:21:24,350 --> 00:21:22,980

um this whole story has uh well I should

498

00:21:27,590 --> 00:21:24,360

backtrack a little bit about three years

499

00:21:30,710 --> 00:21:27,600

ago I was contacted by someone that said

500

00:21:33,549 --> 00:21:30,720

he had a friend in the military that

501  
00:21:35,930 --> 00:21:33,559  
actually Came Upon something a situation

502  
00:21:39,049 --> 00:21:35,940  
and you know he does not want to talk

503  
00:21:42,169 --> 00:21:39,059  
about it well because of what Dave Rush

504  
00:21:45,049 --> 00:21:42,179  
has done has made him feel like this is

505  
00:21:47,149 --> 00:21:45,059  
the right time beautiful so that's what

506  
00:21:48,950 --> 00:21:47,159  
we're hoping more of these type of

507  
00:21:50,870 --> 00:21:48,960  
things will happen I'm going to meet on

508  
00:21:53,630 --> 00:21:50,880  
the other hand um it can also work the

509  
00:21:56,690 --> 00:21:53,640  
other way uh somebody who's thinking of

510  
00:21:58,190 --> 00:21:56,700  
talking sees how grush is being treated

511  
00:22:01,549 --> 00:21:58,200  
and says I don't want any part of that

512  
00:22:03,830 --> 00:22:01,559  
one of the one of the things that Ross

513  
00:22:06,169 --> 00:22:03,840

and I have become aware of and I I don't

514

00:22:07,909 --> 00:22:06,179

want to speak about this beyond the the

515

00:22:10,070 --> 00:22:07,919

general at this point but there

516

00:22:12,470 --> 00:22:10,080

certainly are other whistleblowers there

517

00:22:14,330 --> 00:22:12,480

are other people yes but other stories

518

00:22:16,730 --> 00:22:14,340

from inside the government who have

519

00:22:19,730 --> 00:22:16,740

taken advantage of the National Defense

520

00:22:22,130 --> 00:22:19,740

authorization act passing with all that

521

00:22:23,450 --> 00:22:22,140

language protecting whistleblowers who

522

00:22:25,610 --> 00:22:23,460

have in fact brought their stories

523

00:22:27,890 --> 00:22:25,620

forward who have told them to the uh

524

00:22:30,230 --> 00:22:27,900

intelligence Community Inspector General

525

00:22:31,430 --> 00:22:30,240

who have in many cases told them to

526  
00:22:34,610 --> 00:22:31,440  
Congress

527  
00:22:35,450 --> 00:22:34,620  
and in a an allusion to what you just

528  
00:22:36,950 --> 00:22:35,460  
said

529  
00:22:38,810 --> 00:22:36,960  
um some of those people were literally

530  
00:22:41,810 --> 00:22:38,820  
waiting to see how Dave Crush got

531  
00:22:44,630 --> 00:22:41,820  
treated did he get dismissed did he get

532  
00:22:46,730 --> 00:22:44,640  
embraced and I guess I would argue sure

533  
00:22:49,270 --> 00:22:46,740  
it's about what we could expect he was

534  
00:22:52,250 --> 00:22:49,280  
both dismissed and embraced

535  
00:22:54,169 --> 00:22:52,260  
we'll see how things progress you know

536  
00:22:56,810 --> 00:22:54,179  
after they have the hearing something I

537  
00:22:59,149 --> 00:22:56,820  
don't think is is uh talked about enough

538  
00:23:03,350 --> 00:22:59,159

and I would like to really

539

00:23:06,049 --> 00:23:03,360

focus on this one phrase and that is if

540

00:23:08,690 --> 00:23:06,059

he indeed was lying about this whole

541

00:23:10,850 --> 00:23:08,700

thing under oath he could spend up to

542

00:23:13,250 --> 00:23:10,860

five years in prison absolutely so

543

00:23:15,890 --> 00:23:13,260

that's a very I think that's a powerful

544

00:23:17,870 --> 00:23:15,900

statement that has not been said enough

545

00:23:18,590 --> 00:23:17,880

you know clearly

546

00:23:21,470 --> 00:23:18,600

um

547

00:23:23,149 --> 00:23:21,480

well look having spent the time I I did

548

00:23:25,549 --> 00:23:23,159

with Dave grush I can tell you my own

549

00:23:28,850 --> 00:23:25,559

personal opinion is that guy ain't lying

550

00:23:30,890 --> 00:23:28,860

I mean he he's telling a story that he

551  
00:23:32,450 --> 00:23:30,900  
experienced now you could say well maybe

552  
00:23:35,149 --> 00:23:32,460  
he didn't really experience it maybe

553  
00:23:37,190 --> 00:23:35,159  
maybe they're gaslighting him or maybe

554  
00:23:39,049 --> 00:23:37,200  
he's mentally deranged or whatever well

555  
00:23:41,990 --> 00:23:39,059  
those are a lot of maybes but one thing

556  
00:23:45,110 --> 00:23:42,000  
I will tell you is that his story his

557  
00:23:46,669 --> 00:23:45,120  
credentials check out perfectly and you

558  
00:23:49,130 --> 00:23:46,679  
don't have to take my opinion nobody's

559  
00:23:51,770 --> 00:23:49,140  
arguing that yeah every everybody that

560  
00:23:53,690 --> 00:23:51,780  
looked at his story uh agreed that his

561  
00:23:57,529 --> 00:23:53,700  
credentials were solid and that

562  
00:24:00,169 --> 00:23:57,539  
continues to be uh true so what happens

563  
00:24:02,690 --> 00:24:00,179

then is the uh if you're a debunker you

564

00:24:04,430 --> 00:24:02,700

can't say oh well you know that thing

565

00:24:07,850 --> 00:24:04,440

that you saw in that video that wasn't

566

00:24:10,789 --> 00:24:07,860

really uh anomalous that was a a jet

567

00:24:13,070 --> 00:24:10,799

aircraft and whatever well with Dave

568

00:24:15,470 --> 00:24:13,080

grush it's different you can't say oh

569

00:24:17,270 --> 00:24:15,480

people misperceived that the only thing

570

00:24:19,789 --> 00:24:17,280

you say about grush is you have to

571

00:24:22,789 --> 00:24:19,799

either I've heard debate debunkers do

572

00:24:26,090 --> 00:24:22,799

this they either say he's lying or that

573

00:24:28,010 --> 00:24:26,100

a lot of people around him lied in this

574

00:24:31,370 --> 00:24:28,020

great internal

575

00:24:33,049 --> 00:24:31,380

um conspiracy to lie to send him out

576

00:24:34,850 --> 00:24:33,059

there and a lot of people go well of

577

00:24:37,430 --> 00:24:34,860

course it's a psyop

578

00:24:38,750 --> 00:24:37,440

I have a hard time exactly getting my

579

00:24:42,169 --> 00:24:38,760

brain around

580

00:24:43,970 --> 00:24:42,179

what would be the purpose of a psyop to

581

00:24:46,990 --> 00:24:43,980

send this heavily credentialed guy out

582

00:24:49,250 --> 00:24:47,000

there to talk about these things

583

00:24:51,049 --> 00:24:49,260

if you're trying to cover it up what is

584

00:24:54,110 --> 00:24:51,059

what is happening there why would that

585

00:24:55,730 --> 00:24:54,120

be advantageous and I I don't see it but

586

00:24:57,289 --> 00:24:55,740

that's that's my opinion otherwise you

587

00:25:00,590 --> 00:24:57,299

would have to be such an organized

588

00:25:03,770 --> 00:25:00,600

disinformation situation to be able to

589

00:25:05,570 --> 00:25:03,780

do that with so many different variables

590

00:25:06,950 --> 00:25:05,580

and the different people that he's

591

00:25:08,990 --> 00:25:06,960

spoken with I mean it would have to be

592

00:25:11,330 --> 00:25:09,000

very very involved and very

593

00:25:13,010 --> 00:25:11,340

sophisticated if that's the case that's

594

00:25:15,950 --> 00:25:13,020

what I keep going back to I have a

595

00:25:18,649 --> 00:25:15,960

question for you sure does Eric Davis

596

00:25:20,149 --> 00:25:18,659

have any connection to this whole thing

597

00:25:21,710 --> 00:25:20,159

coming out

598

00:25:24,710 --> 00:25:21,720

um

599

00:25:26,390 --> 00:25:24,720

to the best of my knowledge no okay I

600

00:25:30,169 --> 00:25:26,400

don't I don't know that he did or didn't

601  
00:25:32,210 --> 00:25:30,179  
I have not spoken about Dave Crush in a

602  
00:25:35,149 --> 00:25:32,220  
context of Eric Davis to anybody ever

603  
00:25:37,310 --> 00:25:35,159  
okay I know all right

604  
00:25:39,590 --> 00:25:37,320  
um that that's good to know I I was

605  
00:25:45,110 --> 00:25:39,600  
wondering about that and uh you know

606  
00:25:48,769 --> 00:25:45,120  
when he if he went directly to Arrow uh

607  
00:25:52,190 --> 00:25:48,779  
would he be able to like just say for

608  
00:25:54,590 --> 00:25:52,200  
instance does Kirkpatrick have a high

609  
00:25:56,450 --> 00:25:54,600  
enough clearance that he could talk

610  
00:25:59,570 --> 00:25:56,460  
about everything

611  
00:26:02,990 --> 00:25:59,580  
are you aware of what level of uh

612  
00:26:05,870 --> 00:26:03,000  
clearance that Kirkpatrick has as far as

613  
00:26:08,390 --> 00:26:05,880

what he can be uh you know what type of

614

00:26:10,490 --> 00:26:08,400

information he can be shared well I mean

615

00:26:12,950 --> 00:26:10,500

I should State up front I'm not an

616

00:26:15,590 --> 00:26:12,960

expert on government classification

617

00:26:17,210 --> 00:26:15,600

um policy about who can say what to whom

618

00:26:19,970 --> 00:26:17,220

however

619

00:26:22,730 --> 00:26:19,980

um it doesn't strike me as uh realistic

620

00:26:24,470 --> 00:26:22,740

that I

621

00:26:27,230 --> 00:26:24,480

he

622

00:26:28,549 --> 00:26:27,240

let me roll back again yeah ask that

623

00:26:30,610 --> 00:26:28,559

question again because I want to get my

624

00:26:33,950 --> 00:26:30,620

brain around this thing

625

00:26:36,549 --> 00:26:33,960

you were saying yeah did Kirkpatrick

626

00:26:39,549 --> 00:26:36,559

have a high enough clearance

627

00:26:41,570 --> 00:26:39,559

like I mean he's heading the arrow

628

00:26:44,210 --> 00:26:41,580

Kirkpatrick does not have I think it's

629

00:26:47,330 --> 00:26:44,220

called title 50. I don't think he had it

630

00:26:48,710 --> 00:26:47,340

and I think Sean I mean uh David Rush

631

00:26:51,230 --> 00:26:48,720

does however

632

00:26:53,750 --> 00:26:51,240

that doesn't mean that Kirkpatrick can't

633

00:26:56,210 --> 00:26:53,760

hear from people tell their stories I

634

00:26:58,850 --> 00:26:56,220

mean maybe he's not classified enough to

635

00:27:02,330 --> 00:26:58,860

see a document or a photo or a video of

636

00:27:04,730 --> 00:27:02,340

some kind I don't know but yeah his

637

00:27:06,710 --> 00:27:04,740

the fact that you do or don't have a

638

00:27:08,990 --> 00:27:06,720

classification probably doesn't prevent

639

00:27:10,370 --> 00:27:09,000

you from hearing somebody else tell

640

00:27:13,370 --> 00:27:10,380

their story to you

641

00:27:15,950 --> 00:27:13,380

because they're not he Dave grush

642

00:27:17,510 --> 00:27:15,960

telling his story to Arrow is what is

643

00:27:20,390 --> 00:27:17,520

supposed to be happening

644

00:27:22,850 --> 00:27:20,400

uh now I do think it's pretty clear that

645

00:27:25,549 --> 00:27:22,860

when the dod put out their response to

646

00:27:27,110 --> 00:27:25,559

grush they basically said well I don't

647

00:27:29,269 --> 00:27:27,120

think Arrow knows anything about this

648

00:27:31,490 --> 00:27:29,279

but in fact that's different than saying

649

00:27:32,870 --> 00:27:31,500

the Department of Defense doesn't know

650

00:27:36,169 --> 00:27:32,880

anything about this

651  
00:27:37,970 --> 00:27:36,179  
because Arrow may not know by Design I

652  
00:27:38,810 --> 00:27:37,980  
mean I think this story

653  
00:27:42,169 --> 00:27:38,820  
um

654  
00:27:44,390 --> 00:27:42,179  
is going to grow and I think some of

655  
00:27:46,730 --> 00:27:44,400  
these These are what I call the

656  
00:27:49,190 --> 00:27:46,740  
secondary and tertiary questions that

657  
00:27:51,950 --> 00:27:49,200  
are going to come in the aftermath of

658  
00:27:53,870 --> 00:27:51,960  
what Russia said and I welcome them this

659  
00:27:55,669 --> 00:27:53,880  
is what the journalistic community

660  
00:27:57,830 --> 00:27:55,679  
should be doing right now they should be

661  
00:28:00,590 --> 00:27:57,840  
saying okay that was interesting

662  
00:28:02,930 --> 00:28:00,600  
loved hearing the Colt art interview I

663  
00:28:04,789 --> 00:28:02,940

loved reading what Kane and Blumenthal

664

00:28:07,190 --> 00:28:04,799

had to say

665

00:28:08,750 --> 00:28:07,200

um and now let's look into the details

666

00:28:11,510 --> 00:28:08,760

ourselves a little bit further because

667

00:28:13,130 --> 00:28:11,520

it's a great story and so I I think that

668

00:28:15,250 --> 00:28:13,140

some of that is happening as you

669

00:28:17,390 --> 00:28:15,260

mentioned earlier there may be some

670

00:28:20,210 --> 00:28:17,400

journalistic debunking going on too

671

00:28:23,149 --> 00:28:20,220

because the truth is journalists are

672

00:28:25,909 --> 00:28:23,159

even worse than the average member of

673

00:28:27,590 --> 00:28:25,919

the public when it comes to having

674

00:28:30,409 --> 00:28:27,600

conflicted

675

00:28:35,269 --> 00:28:30,419

opinions about how to think about the

676  
00:28:37,669 --> 00:28:35,279  
issue of UFO UAP reality because I I the

677  
00:28:40,250 --> 00:28:37,679  
closest explanation I can say is that

678  
00:28:44,149 --> 00:28:40,260  
having been in journalism for many years

679  
00:28:46,130 --> 00:28:44,159  
uh before I went to work in Hollywood

680  
00:28:47,630 --> 00:28:46,140  
um you know journalists don't want to

681  
00:28:51,830 --> 00:28:47,640  
appear silly

682  
00:28:54,049 --> 00:28:51,840  
they want to keep their cred right and

683  
00:28:56,210 --> 00:28:54,059  
if they're not sure

684  
00:28:59,210 --> 00:28:56,220  
what their own audience thinks about the

685  
00:29:01,630 --> 00:28:59,220  
UFO UAP issue then they are going to be

686  
00:29:05,269 --> 00:29:01,640  
less likely to want to push it

687  
00:29:07,789 --> 00:29:05,279  
journalists tend to follow what's on the

688  
00:29:10,490 --> 00:29:07,799

public mind and not lead it that's not a

689

00:29:12,110 --> 00:29:10,500

hundred percent but on this issue in

690

00:29:13,730 --> 00:29:12,120

particular I think history is pretty

691

00:29:16,190 --> 00:29:13,740

clear on that front

692

00:29:17,769 --> 00:29:16,200

you know I I when I was talking to Ben

693

00:29:20,330 --> 00:29:17,779

Hanson today

694

00:29:24,049 --> 00:29:20,340

this whole situation kind of reminded me

695

00:29:27,370 --> 00:29:24,059

of something and that is back in 2017 it

696

00:29:29,510 --> 00:29:27,380

was October Tom DeLonge had his special

697

00:29:32,210 --> 00:29:29,520

luellizondo talk I watched the live

698

00:29:33,830 --> 00:29:32,220

stream then the next day happened and

699

00:29:37,310 --> 00:29:33,840

I'm thinking why isn't everybody talking

700

00:29:40,010 --> 00:29:37,320

about this this is Major and then it

701  
00:29:42,889 --> 00:29:40,020  
came out in the New York Times December

702  
00:29:45,409 --> 00:29:42,899  
uh 16th I believe

703  
00:29:49,190 --> 00:29:45,419  
and all of a sudden all hell broke loose

704  
00:29:53,169 --> 00:29:49,200  
right and this story is bigger

705  
00:29:58,669 --> 00:29:53,179  
and it certainly is if it's if it's true

706  
00:30:00,830 --> 00:29:58,679  
uh it dwarfs the December uh 2017 story

707  
00:30:01,669 --> 00:30:00,840  
that the New York Times printed but part

708  
00:30:04,070 --> 00:30:01,679  
of it

709  
00:30:05,930 --> 00:30:04,080  
um that I've noticed in just being a

710  
00:30:08,330 --> 00:30:05,940  
part of the coverage and observing the

711  
00:30:10,190 --> 00:30:08,340  
coverage and being inside it

712  
00:30:12,769 --> 00:30:10,200  
um is that

713  
00:30:14,990 --> 00:30:12,779

a lot of people and and

714

00:30:16,789 --> 00:30:15,000

well let me just back up for those of

715

00:30:18,950 --> 00:30:16,799

you who were lucky enough to find how to

716

00:30:21,350 --> 00:30:18,960

watch news nation and you watched Ross's

717

00:30:24,110 --> 00:30:21,360

uh one hour special there was one hour

718

00:30:27,889 --> 00:30:24,120

after it and the Anchorman uh Brian

719

00:30:29,450 --> 00:30:27,899

enton who I think is a good Anchorman

720

00:30:32,690 --> 00:30:29,460

um but

721

00:30:35,510 --> 00:30:32,700

he's not an expert on the UFO UAP issue

722

00:30:37,490 --> 00:30:35,520

yet I think he's about to become one but

723

00:30:39,289 --> 00:30:37,500

even on his first day of coverage when

724

00:30:41,750 --> 00:30:39,299

he appeared on the Elizabeth Vargas show

725

00:30:43,310 --> 00:30:41,760

he was saying you know I I really don't

726

00:30:46,190 --> 00:30:43,320

know much about this topic I'm coming

727

00:30:47,630 --> 00:30:46,200

into it fresh as if you know this is a

728

00:30:49,970 --> 00:30:47,640

pretty big topic as all of your

729

00:30:53,990 --> 00:30:49,980

listeners and viewers know you don't

730

00:30:55,909 --> 00:30:54,000

just figure it out you know overnight it

731

00:30:58,430 --> 00:30:55,919

takes some you know getting up to speed

732

00:31:01,250 --> 00:30:58,440

and then I noticed in that show after

733

00:31:03,590 --> 00:31:01,260

the special that Ross did he said three

734

00:31:07,190 --> 00:31:03,600

times you know I

735

00:31:09,529 --> 00:31:07,200

as if he was trying to explain why this

736

00:31:10,789 --> 00:31:09,539

couldn't be possible or people would

737

00:31:12,950 --> 00:31:10,799

think it's possible he would just say

738

00:31:15,649 --> 00:31:12,960

it's just too much you know basically

739

00:31:19,070 --> 00:31:15,659

it's like it's more than I expected and

740

00:31:21,470 --> 00:31:19,080

I I think uh what some people have hit

741

00:31:23,630 --> 00:31:21,480

upon is that we were just getting used

742

00:31:26,330 --> 00:31:23,640

to well there are some things flying

743

00:31:29,029 --> 00:31:26,340

around that are anomalous that our

744

00:31:31,490 --> 00:31:29,039

government agrees to okay

745

00:31:34,070 --> 00:31:31,500

that okay they're but they're not saying

746

00:31:35,870 --> 00:31:34,080

they're alien yet but they're saying we

747

00:31:37,549 --> 00:31:35,880

don't make them and they're saying the

748

00:31:40,669 --> 00:31:37,559

Chinese and the Russians probably don't

749

00:31:42,850 --> 00:31:40,679

make them so who is that who who's left

750

00:31:47,029 --> 00:31:42,860

and I think people's heads

751  
00:31:49,490 --> 00:31:47,039  
are getting acclimated to that space now

752  
00:31:52,730 --> 00:31:49,500  
along comes grush and says forget about

753  
00:31:55,669 --> 00:31:52,740  
that that that's that's Elementary

754  
00:31:58,010 --> 00:31:55,679  
School let me take you to cosplay yeah

755  
00:32:01,130 --> 00:31:58,020  
yeah so now he gives the college course

756  
00:32:02,570 --> 00:32:01,140  
on this thing and says you know you have

757  
00:32:04,070 --> 00:32:02,580  
to ask yourself folks if there are

758  
00:32:05,930 --> 00:32:04,080  
things flying around in the sky who's

759  
00:32:09,669 --> 00:32:05,940  
flying and who's piloting them who's

760  
00:32:11,990 --> 00:32:09,679  
making them and um if they you know are

761  
00:32:15,470 --> 00:32:12,000  
what what is what does the government

762  
00:32:18,049 --> 00:32:15,480  
know about that and to his credit Dave

763  
00:32:19,730 --> 00:32:18,059

crush is a guy who actually did get to

764

00:32:23,990 --> 00:32:19,740

know what the government was thinking

765

00:32:26,930 --> 00:32:24,000

about it and what he he saw was so

766

00:32:29,450 --> 00:32:26,940

compelling to him that he felt as a

767

00:32:32,930 --> 00:32:29,460

patriotic American since the government

768

00:32:36,470 --> 00:32:32,940

had had 90 years with this secret it was

769

00:32:39,230 --> 00:32:36,480

uh probably acceptable to take a grave

770

00:32:42,289 --> 00:32:39,240

personal risk to his freedom and his own

771

00:32:45,470 --> 00:32:42,299

safety to try to bring this to people so

772

00:32:48,710 --> 00:32:45,480

when people people just you know make it

773

00:32:50,630 --> 00:32:48,720

so personal about him I I just I that is

774

00:32:53,269 --> 00:32:50,640

the only part that bothers me I think

775

00:32:55,789 --> 00:32:53,279

it's completely reasonable to say I want

776

00:32:57,769 --> 00:32:55,799

to see more proof but the question is

777

00:33:01,190 --> 00:32:57,779

who's supposed to provide that proof

778

00:33:03,289 --> 00:33:01,200

David grush well listen David grush was

779

00:33:05,510 --> 00:33:03,299

lucky to get the pentagon based on their

780

00:33:08,450 --> 00:33:05,520

rules to allow him to speak about

781

00:33:10,250 --> 00:33:08,460

certain things right but they do you

782

00:33:11,990 --> 00:33:10,260

think that the Pentagon allowed him to

783

00:33:14,090 --> 00:33:12,000

take that piece of aircraft or

784

00:33:17,509 --> 00:33:14,100

spacecraft and put it in his car did the

785

00:33:20,810 --> 00:33:17,519

Pentagon give him a photo of an alien no

786

00:33:23,690 --> 00:33:20,820

so he he didn't get to walk out and have

787

00:33:26,149 --> 00:33:23,700

that to show all of us now do those

788

00:33:28,009 --> 00:33:26,159

things exist I believe they do and I

789

00:33:31,009 --> 00:33:28,019

believe that grush has not only spoken

790

00:33:33,470 --> 00:33:31,019

to Congress about it but potentially

791

00:33:37,549 --> 00:33:33,480

delivered these items through different

792

00:33:39,889 --> 00:33:37,559

uh methodologies to these committees or

793

00:33:41,930 --> 00:33:39,899

at least some of them so things are

794

00:33:45,470 --> 00:33:41,940

about to get interesting because again

795

00:33:47,990 --> 00:33:45,480

the he has sort of called The Bluff he

796

00:33:50,149 --> 00:33:48,000

said you created a whistleblower act I'm

797

00:33:53,090 --> 00:33:50,159

a whistleblower here's what I know and

798

00:33:56,389 --> 00:33:53,100

now it's up to Congress to investigate

799

00:34:01,669 --> 00:33:59,570

whoops your mic just went off I think

800

00:34:05,149 --> 00:34:01,679

hold on

801  
00:34:13,970 --> 00:34:07,930  
well now it's on there okay

802  
00:34:16,609 --> 00:34:13,980  
now my mic is off damn yeah okay okay

803  
00:34:17,990 --> 00:34:16,619  
the if they were to have public hearings

804  
00:34:20,930 --> 00:34:18,000  
right now and I believe they're going to

805  
00:34:22,909 --> 00:34:20,940  
in July August I don't believe that you

806  
00:34:23,750 --> 00:34:22,919  
can look at those hearings as likely to

807  
00:34:26,990 --> 00:34:23,760  
be

808  
00:34:28,609 --> 00:34:27,000  
the Blockbuster that would naturally

809  
00:34:31,669 --> 00:34:28,619  
come because

810  
00:34:33,649 --> 00:34:31,679  
for Russia's statements to be checked

811  
00:34:35,270 --> 00:34:33,659  
out people are going to be checking

812  
00:34:36,530 --> 00:34:35,280  
those out behind the scenes before

813  
00:34:39,409 --> 00:34:36,540

they're having a public hearing about

814

00:34:42,290 --> 00:34:39,419

them I think at least that's my thought

815

00:34:48,109 --> 00:34:45,530

it seems to reason that other people

816

00:34:51,470 --> 00:34:48,119

will come forward in the same manner

817

00:34:53,629 --> 00:34:51,480

especially people involved or are they

818

00:34:57,349 --> 00:34:53,639

in too deep you know that's that's the

819

00:34:59,210 --> 00:34:57,359

the mystery yeah you know I mean are

820

00:35:02,750 --> 00:34:59,220

they gonna you know are they gonna be

821

00:35:05,270 --> 00:35:02,760

protected by what they you know even

822

00:35:07,070 --> 00:35:05,280

if they handled the things themselves

823

00:35:07,670 --> 00:35:07,080

well

824

00:35:09,470 --> 00:35:07,680

um

825

00:35:11,750 --> 00:35:09,480

that's why a lot of people are watching

826

00:35:12,950 --> 00:35:11,760

how Grouch is treated but

827

00:35:17,390 --> 00:35:12,960

look

828

00:35:18,829 --> 00:35:17,400

you and I know and so does probably 95

829

00:35:21,650 --> 00:35:18,839

percent of the people who are listening

830

00:35:25,069 --> 00:35:21,660

or viewing this right now that there's a

831

00:35:28,310 --> 00:35:25,079

there there when it comes to UI UFO UAP

832

00:35:33,710 --> 00:35:28,320

reality yep so

833

00:35:36,770 --> 00:35:33,720

that means that if crush is correct uh

834

00:35:39,710 --> 00:35:36,780

it's been massive and sustained but even

835

00:35:42,470 --> 00:35:39,720

if he's not correct it means something

836

00:35:45,410 --> 00:35:42,480

is still going on uh

837

00:35:47,089 --> 00:35:45,420

and and I I guess I would say if

838

00:35:49,910 --> 00:35:47,099

something has been going on for as long

839

00:35:52,550 --> 00:35:49,920

as it has and has been likely as well

840

00:35:56,270 --> 00:35:52,560

funded as it has they have definitely

841

00:35:58,010 --> 00:35:56,280

put some of their money into how to keep

842

00:36:00,470 --> 00:35:58,020

this secret secret

843

00:36:03,290 --> 00:36:00,480

because it can be done as Rush himself

844

00:36:04,790 --> 00:36:03,300

said he said well you know if Ross asked

845

00:36:07,250 --> 00:36:04,800

him about that and Rush seemed to say

846

00:36:09,770 --> 00:36:07,260

well you know um I know a lot of things

847

00:36:11,510 --> 00:36:09,780

that nobody else knows and nobody's

848

00:36:13,430 --> 00:36:11,520

gonna know and nobody has found out in

849

00:36:14,450 --> 00:36:13,440

all this time so yeah Secrets can be

850

00:36:15,950 --> 00:36:14,460

kept

851

00:36:18,109 --> 00:36:15,960

yes

852

00:36:21,109 --> 00:36:18,119

um before I move on I just had forgot to

853

00:36:24,109 --> 00:36:21,119

mention the great blog that uh Charles

854

00:36:27,050 --> 00:36:24,119

Lear did this week on our website did

855

00:36:29,569 --> 00:36:27,060

Einstein inspect a crash UFO in aliens

856

00:36:31,870 --> 00:36:29,579

from Roswell there's just a lot going uh

857

00:36:34,310 --> 00:36:31,880

it was like current news out there and

858

00:36:36,890 --> 00:36:34,320

he tackled it

859

00:36:38,569 --> 00:36:36,900

um and also I I do have to say that uh

860

00:36:40,550 --> 00:36:38,579

Palmer who helps out a lot with this

861

00:36:43,089 --> 00:36:40,560

show gave some pretty good questions

862

00:36:46,130 --> 00:36:43,099

here but I want to know how

863

00:36:48,530 --> 00:36:46,140

uh David is

864

00:36:50,750 --> 00:36:48,540

um grush is doing right now how is he

865

00:36:55,490 --> 00:36:50,760

doing right now what is it like being

866

00:36:59,210 --> 00:36:57,589

I think he's fine but I'm not going to

867

00:37:01,130 --> 00:36:59,220

go beyond that that's his own personal

868

00:37:03,530 --> 00:37:01,140

life and I I want to respect the

869

00:37:05,930 --> 00:37:03,540

boundaries that he has obviously he's

870

00:37:07,310 --> 00:37:05,940

he's um it's no secret that he must be

871

00:37:09,109 --> 00:37:07,320

talking to other people about who he's

872

00:37:12,170 --> 00:37:09,119

going to tell this story to but I don't

873

00:37:14,750 --> 00:37:12,180

sense that he's in a rush to do it uh

874

00:37:16,730 --> 00:37:14,760

but not beyond that I'm be I'm just

875

00:37:19,490 --> 00:37:16,740

going to let that play out I don't think

876

00:37:21,650 --> 00:37:19,500

you're going to see him do a giant tour

877

00:37:24,470 --> 00:37:21,660

of the podcast Universe in the same way

878

00:37:26,030 --> 00:37:24,480

that luellizando did and I and I don't

879

00:37:28,370 --> 00:37:26,040

know that either of them is right or

880

00:37:31,250 --> 00:37:28,380

wrong for the choices they've made

881

00:37:33,890 --> 00:37:31,260

um I just I think it's fluid and that's

882

00:37:36,829 --> 00:37:33,900

all I can really comment about that I

883

00:37:39,589 --> 00:37:36,839

think um I I hope he whatever it is he

884

00:37:42,230 --> 00:37:39,599

uses great caution and takes advice from

885

00:37:45,530 --> 00:37:42,240

someone like you or Ross you know or

886

00:37:48,170 --> 00:37:45,540

Ralph or Leslie and you know what what

887

00:37:51,829 --> 00:37:48,180

is next it's funny I I wouldn't presume

888

00:37:54,050 --> 00:37:51,839

to give Dave advice uh myself but you

889

00:37:55,970 --> 00:37:54,060

know I do think I I can't remember when

890

00:37:58,010 --> 00:37:55,980

I first was thinking about this say that

891

00:37:59,990 --> 00:37:58,020

well if anybody should get on the phone

892

00:38:01,849 --> 00:38:00,000

with them it should be louelizando

893

00:38:03,530 --> 00:38:01,859

because you know Lou probably knows

894

00:38:04,250 --> 00:38:03,540

better than most what he's about to go

895

00:38:06,290 --> 00:38:04,260

through

896

00:38:07,730 --> 00:38:06,300

I think he commented on him the other

897

00:38:09,770 --> 00:38:07,740

day I think I saw something on Twitter

898

00:38:13,370 --> 00:38:09,780

probably I know they know each other

899

00:38:17,089 --> 00:38:13,380

obviously yeah yeah so there's this uh

900

00:38:20,569 --> 00:38:17,099

23 minute video that's ambiguous video

901  
00:38:22,310 --> 00:38:20,579  
that Lou speaking of him mentioned oh

902  
00:38:24,770 --> 00:38:22,320  
well over a year ago that we should be

903  
00:38:27,470 --> 00:38:24,780  
seeing right um have you heard anything

904  
00:38:28,790 --> 00:38:27,480  
about that at all that that's I've

905  
00:38:30,770 --> 00:38:28,800  
always wondered what happened to that

906  
00:38:32,930 --> 00:38:30,780  
because usually when Lou would say

907  
00:38:35,329 --> 00:38:32,940  
something something would happen

908  
00:38:37,010 --> 00:38:35,339  
and uh it's supposed to be a very good

909  
00:38:39,650 --> 00:38:37,020  
and interesting

910  
00:38:41,750 --> 00:38:39,660  
uh like profound

911  
00:38:44,990 --> 00:38:41,760  
uh with multiple crafts and things like

912  
00:38:46,970 --> 00:38:45,000  
that 23 minutes long I have heard

913  
00:38:47,930 --> 00:38:46,980

um I've heard enough to believe it's

914

00:38:51,170 --> 00:38:47,940

true

915

00:38:53,390 --> 00:38:51,180

uh I have not seen it I don't actually

916

00:38:54,710 --> 00:38:53,400

know anyone who has seen it

917

00:38:57,770 --> 00:38:54,720

um and I don't know what's going to

918

00:39:00,290 --> 00:38:57,780

happen with it uh it would it sounds as

919

00:39:02,390 --> 00:39:00,300

described though that it's the ultimate

920

00:39:04,190 --> 00:39:02,400

Game Changer you show it to if you

921

00:39:05,690 --> 00:39:04,200

showed it to a room of people you'd have

922

00:39:07,130 --> 00:39:05,700

a room of people who said yeah that's

923

00:39:10,310 --> 00:39:07,140

not ours

924

00:39:12,890 --> 00:39:10,320

so I all I can say is I hope the time

925

00:39:14,810 --> 00:39:12,900

will come sooner than later where we all

926  
00:39:18,050 --> 00:39:14,820  
get to be in that room

927  
00:39:21,170 --> 00:39:18,060  
and do you know I don't know how deeply

928  
00:39:23,030 --> 00:39:21,180  
anyone spoke to Dave about

929  
00:39:25,190 --> 00:39:23,040  
certain things like this this is a

930  
00:39:27,829 --> 00:39:25,200  
question from Palmer he said did Dave

931  
00:39:30,470 --> 00:39:27,839  
grush have access to complete Sensa data

932  
00:39:32,569 --> 00:39:30,480  
for the Tic Tac video and other two

933  
00:39:33,349 --> 00:39:32,579  
clips

934  
00:39:34,970 --> 00:39:33,359  
um

935  
00:39:36,770 --> 00:39:34,980  
you know I don't know if you even I want

936  
00:39:40,250 --> 00:39:36,780  
to just be listen I just want to be

937  
00:39:43,130 --> 00:39:40,260  
careful uh in in I don't want to

938  
00:39:45,650 --> 00:39:43,140

it's such an important situation I don't

939

00:39:49,190 --> 00:39:45,660

want to extend the argument with hearsay

940

00:39:51,470 --> 00:39:49,200

of my own but I my I believe that the

941

00:39:54,349 --> 00:39:51,480

answer to your question if I'm rolling

942

00:39:55,970 --> 00:39:54,359

through my own memory tapes is um and

943

00:39:58,490 --> 00:39:55,980

again let me let me hear your question

944

00:40:02,329 --> 00:39:58,500

specifically again so answer it uh did

945

00:40:04,910 --> 00:40:02,339

uh he have any access to data oh um for

946

00:40:08,450 --> 00:40:04,920

the Tic Tac I I believe that is an

947

00:40:11,089 --> 00:40:08,460

affirmative yeah I mean I think that I

948

00:40:14,329 --> 00:40:11,099

think that he had portfolio and

949

00:40:16,310 --> 00:40:14,339

classifications necessary to ask pretty

950

00:40:18,109 --> 00:40:16,320

much anybody about anything

951  
00:40:20,870 --> 00:40:18,119  
yeah yeah

952  
00:40:24,410 --> 00:40:20,880  
um I asked uh Ralph the other day uh

953  
00:40:26,530 --> 00:40:24,420  
questions and um I guess I I guess I'm

954  
00:40:29,930 --> 00:40:26,540  
going to ask you the same question

955  
00:40:31,990 --> 00:40:29,940  
and uh I I don't know if I'll give you

956  
00:40:35,329 --> 00:40:32,000  
the same answer but go ahead yeah yeah

957  
00:40:37,609 --> 00:40:35,339  
uh okay for this whole thing I'm going

958  
00:40:39,050 --> 00:40:37,619  
to start out with a negative

959  
00:40:41,270 --> 00:40:39,060  
um what do you consider would be the

960  
00:40:43,069 --> 00:40:41,280  
worst case scenario out of this whole

961  
00:40:45,470 --> 00:40:43,079  
thing

962  
00:40:48,890 --> 00:40:45,480  
well

963  
00:40:50,990 --> 00:40:48,900

I mean the obvious worst case scenario I

964

00:40:52,849 --> 00:40:51,000

mean the worst worst worst case scenario

965

00:40:56,150 --> 00:40:52,859

is that

966

00:40:58,310 --> 00:40:56,160

he was completely conned and it's the

967

00:41:00,470 --> 00:40:58,320

greatest example of uh

968

00:41:02,690 --> 00:41:00,480

you know of a hit job that that

969

00:41:06,650 --> 00:41:02,700

anybody's ever seen I don't believe that

970

00:41:09,410 --> 00:41:06,660

is the is the case a bad scenario would

971

00:41:11,390 --> 00:41:09,420

be he's exactly who he says he is and

972

00:41:13,910 --> 00:41:11,400

might even be that every word he said is

973

00:41:17,569 --> 00:41:13,920

completely true but that for whatever

974

00:41:19,970 --> 00:41:17,579

reason uh the media Society the

975

00:41:22,370 --> 00:41:19,980

political institutions the scientific

976  
00:41:25,130 --> 00:41:22,380  
institutions we're not ready to accept

977  
00:41:27,190 --> 00:41:25,140  
it and it kind of gets rolled back and

978  
00:41:30,230 --> 00:41:27,200  
put under that rock again

979  
00:41:32,510 --> 00:41:30,240  
that's the most likely

980  
00:41:34,609 --> 00:41:32,520  
bad scenario but I don't think that's

981  
00:41:36,650 --> 00:41:34,619  
going to happen either I just think it's

982  
00:41:38,270 --> 00:41:36,660  
you know for people that we're hoping

983  
00:41:40,609 --> 00:41:38,280  
and listen I have hope like everybody

984  
00:41:41,630 --> 00:41:40,619  
else I was hoping well I'd like this to

985  
00:41:44,510 --> 00:41:41,640  
be the

986  
00:41:46,609 --> 00:41:44,520  
dividing line you know remember Richard

987  
00:41:48,950 --> 00:41:46,619  
Dolan and I wrote a book A.D after

988  
00:41:51,530 --> 00:41:48,960

disclosure right we were saying there

989

00:41:53,930 --> 00:41:51,540

was all of history up to this point and

990

00:41:57,170 --> 00:41:53,940

then after that point it's A.D it's

991

00:42:00,890 --> 00:41:57,180

after disclosure that kind of goes to

992

00:42:03,589 --> 00:42:00,900

how you view disclosure uh to use a

993

00:42:06,170 --> 00:42:03,599

Hollywood metaphor is it a slow dissolve

994

00:42:08,390 --> 00:42:06,180

or a hard cut I was thinking Rush might

995

00:42:11,870 --> 00:42:08,400

Usher in a hard cut but I don't think

996

00:42:14,030 --> 00:42:11,880

that based on how I saw the media handle

997

00:42:16,849 --> 00:42:14,040

this story and even people and even

998

00:42:18,349 --> 00:42:16,859

people in the UFO community so I don't

999

00:42:21,349 --> 00:42:18,359

think it's going to be a hard cut it's

1000

00:42:23,569 --> 00:42:21,359

clearly not but I think it is a valid

1001  
00:42:26,150 --> 00:42:23,579  
and important and critical moment on the

1002  
00:42:30,349 --> 00:42:26,160  
slow dissolved toward openness

1003  
00:42:32,089 --> 00:42:30,359  
yeah yeah my girlfriend has said

1004  
00:42:33,770 --> 00:42:32,099  
something funny the other day she like

1005  
00:42:35,510 --> 00:42:33,780  
told her brother you know the whole

1006  
00:42:37,250 --> 00:42:35,520  
thing and she was really excited telling

1007  
00:42:38,750 --> 00:42:37,260  
him and everything he goes you know he

1008  
00:42:40,490 --> 00:42:38,760  
basically has the attitude well yeah

1009  
00:42:43,849 --> 00:42:40,500  
well what's for dinner

1010  
00:42:45,650 --> 00:42:43,859  
you know there's a lot you know that

1011  
00:42:47,870 --> 00:42:45,660  
used to frustrate me

1012  
00:42:49,670 --> 00:42:47,880  
more than it does now I'm giving myself

1013  
00:42:51,349 --> 00:42:49,680

permission not to freak out over it

1014

00:42:53,750 --> 00:42:51,359

because the truth is

1015

00:42:55,670 --> 00:42:53,760

people do what they're the best that

1016

00:42:57,470 --> 00:42:55,680

they're capable of doing look I have um

1017

00:43:00,710 --> 00:42:57,480

I have three kids

1018

00:43:03,349 --> 00:43:00,720

um and I don't think one of them has

1019

00:43:05,870 --> 00:43:03,359

read ad after disclosure I have three

1020

00:43:07,970 --> 00:43:05,880

kids I don't think one of them yet has

1021

00:43:10,849 --> 00:43:07,980

seen the full one-hour interview that

1022

00:43:13,849 --> 00:43:10,859

Ross did and you know their dad's been

1023

00:43:15,530 --> 00:43:13,859

working on it for for quite a while and

1024

00:43:18,109 --> 00:43:15,540

and it and they know it's super

1025

00:43:20,870 --> 00:43:18,119

important not only to me but that I've

1026

00:43:22,730 --> 00:43:20,880

been saying look this is this is a big

1027

00:43:24,710 --> 00:43:22,740

freaking deal and yet they've they

1028

00:43:27,829 --> 00:43:24,720

haven't watched it even though you know

1029

00:43:29,870 --> 00:43:27,839

they they will if if uh pushed they'll

1030

00:43:32,750 --> 00:43:29,880

say well no no I I don't think my dad's

1031

00:43:34,790 --> 00:43:32,760

misled I think he's telling the truth as

1032

00:43:36,710 --> 00:43:34,800

he sees it and I just don't think about

1033

00:43:39,170 --> 00:43:36,720

it very much and they don't they're

1034

00:43:42,589 --> 00:43:39,180

involved with their lives you know they

1035

00:43:45,710 --> 00:43:42,599

have mortgages they have uh friends they

1036

00:43:49,970 --> 00:43:45,720

have uh parties to go to they have life

1037

00:43:53,630 --> 00:43:49,980

and at this point they don't see this

1038

00:43:56,870 --> 00:43:53,640

issue as some thing that should impact

1039

00:43:58,630 --> 00:43:56,880

their their lives now people like us and

1040

00:44:01,010 --> 00:43:58,640

again the people who are watching us

1041

00:44:03,589 --> 00:44:01,020

we've already sort of fallen off that

1042

00:44:05,150 --> 00:44:03,599

one and we it is impacting our lives and

1043

00:44:07,010 --> 00:44:05,160

that's why you and I are talking to each

1044

00:44:09,950 --> 00:44:07,020

other right now because we're all

1045

00:44:12,589 --> 00:44:09,960

concerned about it and and the the thing

1046

00:44:14,890 --> 00:44:12,599

is if we're right and they're not then

1047

00:44:18,050 --> 00:44:14,900

what's going to happen is that

1048

00:44:21,170 --> 00:44:18,060

eventually everybody on the planet is

1049

00:44:22,730 --> 00:44:21,180

going to say oh yeah uh we're not alone

1050

00:44:25,190 --> 00:44:22,740

now

1051  
00:44:27,470 --> 00:44:25,200  
it may very well be I if you were to ask

1052  
00:44:29,150 --> 00:44:27,480  
me right now do you think that they

1053  
00:44:31,730 --> 00:44:29,160  
whoever they are the people in charge

1054  
00:44:33,890 --> 00:44:31,740  
have a plan I would have told you five

1055  
00:44:35,750 --> 00:44:33,900  
years ago yes they have a plan and it's

1056  
00:44:38,390 --> 00:44:35,760  
all part of you know maybe they're going

1057  
00:44:40,970 --> 00:44:38,400  
to roll this out and and maybe this is

1058  
00:44:41,990 --> 00:44:40,980  
the slow roll and I'm not so sure

1059  
00:44:44,390 --> 00:44:42,000  
anybody

1060  
00:44:47,630 --> 00:44:44,400  
got a good plan together I think there's

1061  
00:44:49,730 --> 00:44:47,640  
divisions of opinion within

1062  
00:44:52,190 --> 00:44:49,740  
um the community I'm not talking about

1063  
00:44:54,589 --> 00:44:52,200

the UFO UAP Community I'm talking about

1064

00:44:57,530 --> 00:44:54,599

people within government and Industry

1065

00:44:59,510 --> 00:44:57,540

and Aerospace and science who have been

1066

00:45:02,030 --> 00:44:59,520

involved in it I think there is a

1067

00:45:04,970 --> 00:45:02,040

division of opinion about what to do

1068

00:45:08,089 --> 00:45:04,980

about it and what may end up happening

1069

00:45:10,190 --> 00:45:08,099

and this happens rarely but it often it

1070

00:45:10,910 --> 00:45:10,200

can happen where

1071

00:45:12,890 --> 00:45:10,920

um

1072

00:45:15,770 --> 00:45:12,900

something good happens

1073

00:45:18,890 --> 00:45:15,780

without a plan and not by Design and we

1074

00:45:20,569 --> 00:45:18,900

may be in that situation right now where

1075

00:45:21,950 --> 00:45:20,579

ultimately

1076

00:45:25,849 --> 00:45:21,960

um

1077

00:45:28,250 --> 00:45:25,859

maybe a slow roll has been good I don't

1078

00:45:30,349 --> 00:45:28,260

know but we seem to be in it right now

1079

00:45:33,349 --> 00:45:30,359

and maybe it will turn out later that

1080

00:45:36,050 --> 00:45:33,359

that actually when the when the words

1081

00:45:38,870 --> 00:45:36,060

actually come from official dumb

1082

00:45:40,670 --> 00:45:38,880

uh we are not alone people will say to

1083

00:45:42,470 --> 00:45:40,680

themselves yeah I know that I mean we

1084

00:45:44,630 --> 00:45:42,480

knew that years ago right

1085

00:45:47,030 --> 00:45:44,640

because if that's what how the

1086

00:45:49,190 --> 00:45:47,040

information is ultimately received then

1087

00:45:51,230 --> 00:45:49,200

that's probably a good outcome as

1088

00:45:54,109 --> 00:45:51,240

opposed to people taking to the streets

1089

00:45:56,630 --> 00:45:54,119

and you know burning buildings I guess

1090

00:45:58,609 --> 00:45:56,640

I'd rather that they thought yeah yeah

1091

00:46:00,410 --> 00:45:58,619

well we are of course I know we're not

1092

00:46:01,490 --> 00:46:00,420

alone I mean that that's a better

1093

00:46:04,370 --> 00:46:01,500

outcome

1094

00:46:07,250 --> 00:46:04,380

you know what I I can't expect people to

1095

00:46:09,050 --> 00:46:07,260

to think and feel the way I do but I

1096

00:46:12,109 --> 00:46:09,060

feel as though it would be the biggest

1097

00:46:13,849 --> 00:46:12,119

story of all time of course

1098

00:46:15,890 --> 00:46:13,859

you know this is why it's frustrating

1099

00:46:18,290 --> 00:46:15,900

Martin when you tell when you start

1100

00:46:21,349 --> 00:46:18,300

talking about this with somebody and and

1101

00:46:25,790 --> 00:46:21,359

you are aware that it it that it it that

1102

00:46:28,790 --> 00:46:25,800

it a it's quite likely true and B if if

1103

00:46:31,490 --> 00:46:28,800

a is true then b means it's the biggest

1104

00:46:33,290 --> 00:46:31,500

story of all time I mean you know I'm a

1105

00:46:34,849 --> 00:46:33,300

trained journalist I I got a degree in

1106

00:46:38,390 --> 00:46:34,859

broadcast journalism from the University

1107

00:46:40,910 --> 00:46:38,400

of Oregon I mean by every criteria that

1108

00:46:42,890 --> 00:46:40,920

I was taught uh in my journalistic

1109

00:46:45,230 --> 00:46:42,900

training this is the biggest story of

1110

00:46:46,730 --> 00:46:45,240

all time because it hits all the top

1111

00:46:48,770 --> 00:46:46,740

ones one of the things I remember in

1112

00:46:50,750 --> 00:46:48,780

particular I had a one Professor who

1113

00:46:53,990 --> 00:46:50,760

said it's the job of the media to answer

1114

00:46:56,150 --> 00:46:54,000

one central question uh are we safe

1115

00:46:58,010 --> 00:46:56,160

right and if you apply that to the 11

1116

00:46:59,510 --> 00:46:58,020

o'clock news

1117

00:47:02,630 --> 00:46:59,520

um you that's the first thing that the

1118

00:47:04,550 --> 00:47:02,640

news answers so if there's a fire in

1119

00:47:06,829 --> 00:47:04,560

Indianapolis and I live in Los Angeles

1120

00:47:09,230 --> 00:47:06,839

it doesn't lead but if I'm in Los

1121

00:47:12,230 --> 00:47:09,240

Angeles and there's a fire in Los

1122

00:47:14,390 --> 00:47:12,240

Angeles that leads right because they're

1123

00:47:19,670 --> 00:47:14,400

answering to the audience are you safe

1124

00:47:21,770 --> 00:47:19,680

well in the case of UAP UFO reality uh

1125

00:47:24,410 --> 00:47:21,780

it affects the entire world there is no

1126  
00:47:26,930 --> 00:47:24,420  
local jurisdiction either we're safe or

1127  
00:47:29,170 --> 00:47:26,940  
we're not safe and therefore it ought to

1128  
00:47:33,290 --> 00:47:29,180  
be worthy of

1129  
00:47:37,069 --> 00:47:33,300  
valid and and continuing investigation

1130  
00:47:38,329 --> 00:47:37,079  
which is where I hope we are soon to be

1131  
00:47:41,089 --> 00:47:38,339  
yes

1132  
00:47:43,790 --> 00:47:41,099  
um speaking of safe and not safe one of

1133  
00:47:47,329 --> 00:47:43,800  
the comments during the interview was

1134  
00:47:48,650 --> 00:47:47,339  
that there were possibly some that

1135  
00:47:52,370 --> 00:47:48,660  
weren't safe

1136  
00:47:54,050 --> 00:47:52,380  
yes and uh that that wasn't uh I think

1137  
00:47:56,030 --> 00:47:54,060  
Ross said something now you got me

1138  
00:47:57,589 --> 00:47:56,040

scared or something like that well you

1139

00:47:59,870 --> 00:47:57,599

know listen you're talking to the guy

1140

00:48:04,010 --> 00:47:59,880

remember I created the NBC series dark

1141

00:48:06,349 --> 00:48:04,020

skies and the log line of the series was

1142

00:48:08,930 --> 00:48:06,359

um they're here

1143

00:48:11,030 --> 00:48:08,940

they're hostile and powerful people

1144

00:48:14,990 --> 00:48:11,040

don't want you to know

1145

00:48:16,609 --> 00:48:15,000

so if I had to amend that at all I might

1146

00:48:18,710 --> 00:48:16,619

say they're here

1147

00:48:20,329 --> 00:48:18,720

some of them might be hostile and

1148

00:48:24,050 --> 00:48:20,339

powerful people don't want you to know

1149

00:48:27,890 --> 00:48:24,060

because uh if you listen to grush

1150

00:48:30,230 --> 00:48:27,900

he he has confirmed multiple non-human

1151

00:48:34,430 --> 00:48:30,240

intelligences it's not just a singular

1152

00:48:36,230 --> 00:48:34,440

one and he has made it clear that some

1153

00:48:38,809 --> 00:48:36,240

of them I don't think he's saying

1154

00:48:40,490 --> 00:48:38,819

they're overtly hostile you know like

1155

00:48:43,069 --> 00:48:40,500

it's not Independence Day they're going

1156

00:48:44,990 --> 00:48:43,079

to come blow up the the White House and

1157

00:48:47,809 --> 00:48:45,000

subjugate the world

1158

00:48:50,390 --> 00:48:47,819

it doesn't appear but that some of their

1159

00:48:54,109 --> 00:48:50,400

interactions with us lead to fatalities

1160

00:48:57,050 --> 00:48:54,119

and they may not treat us

1161

00:48:59,630 --> 00:48:57,060

any better than we

1162

00:49:01,010 --> 00:48:59,640

treat a chicken you know we we don't we

1163

00:49:03,290 --> 00:49:01,020

don't really know

1164

00:49:05,930 --> 00:49:03,300

right somebody might know I'm just

1165

00:49:07,910 --> 00:49:05,940

saying somebody might know I personally

1166

00:49:10,609 --> 00:49:07,920

don't know I've had people tell me

1167

00:49:12,410 --> 00:49:10,619

different things and as a citizen of

1168

00:49:14,569 --> 00:49:12,420

this country and a citizen of the world

1169

00:49:15,890 --> 00:49:14,579

I think I should know just like I think

1170

00:49:18,890 --> 00:49:15,900

you should know and everyone who's

1171

00:49:21,710 --> 00:49:18,900

watching should know we should know if

1172

00:49:24,290 --> 00:49:21,720

we're safe and if we're not safe we

1173

00:49:27,170 --> 00:49:24,300

should know that yeah I mean that's just

1174

00:49:29,569 --> 00:49:27,180

logic yeah you know one of the I'm sure

1175

00:49:32,450 --> 00:49:29,579

you heard this a million times maybe not

1176

00:49:35,270 --> 00:49:32,460

a million maybe half a million but

1177

00:49:36,890 --> 00:49:35,280

you know uh in Midwest Mick West had

1178

00:49:38,630 --> 00:49:36,900

something running on on Twitter the

1179

00:49:40,609 --> 00:49:38,640

other night and I I commented to it

1180

00:49:44,870 --> 00:49:40,619

basically that we don't know we don't

1181

00:49:47,390 --> 00:49:44,880

know type of thing but he said Okay so

1182

00:49:49,250 --> 00:49:47,400

we've been flying for you know just over

1183

00:49:51,829 --> 00:49:49,260

100 years

1184

00:49:55,430 --> 00:49:51,839

um and they supposedly to get here had

1185

00:49:57,650 --> 00:49:55,440

to be you know flying for whatever and

1186

00:50:00,770 --> 00:49:57,660

and yet they crash what do you mean they

1187

00:50:02,450 --> 00:50:00,780

crash you know so that that's what you

1188

00:50:05,329 --> 00:50:02,460

hear a lot when you're talking about how

1189

00:50:08,990 --> 00:50:05,339

could they be practical review I'll I'm

1190

00:50:11,150 --> 00:50:09,000

looking forward to debating Mick West at

1191

00:50:13,250 --> 00:50:11,160

some point because first of all I'm sort

1192

00:50:15,530 --> 00:50:13,260

of tired of that there's so many

1193

00:50:18,050 --> 00:50:15,540

different ways to look at that but one

1194

00:50:22,790 --> 00:50:18,060

of them in particular is the craft that

1195

00:50:24,770 --> 00:50:22,800

are flying and crashing may not be craft

1196

00:50:28,190 --> 00:50:24,780

that have traveled across the universe

1197

00:50:31,010 --> 00:50:28,200

to get here okay in this anymore than if

1198

00:50:33,290 --> 00:50:31,020

we crash in F-18 in the Iraqi desert

1199

00:50:36,470 --> 00:50:33,300

that it flew all the way from the United

1200

00:50:39,530 --> 00:50:36,480

States it may very well be that these

1201  
00:50:42,609 --> 00:50:39,540  
giant craft that people keep seeing are

1202  
00:50:45,230 --> 00:50:42,619  
the equivalent of ocean liners or or uh

1203  
00:50:48,109 --> 00:50:45,240  
battleships that have traveled across

1204  
00:50:51,170 --> 00:50:48,119  
distances to get here but that some of

1205  
00:50:53,750 --> 00:50:51,180  
these smaller craft are in fact

1206  
00:50:55,430 --> 00:50:53,760  
doing whatever you know again I'm not

1207  
00:50:57,049 --> 00:50:55,440  
going to ascribe what they're doing here

1208  
00:50:58,730 --> 00:50:57,059  
exactly but whatever they're doing

1209  
00:51:01,069 --> 00:50:58,740  
they're not the ones that cross the

1210  
00:51:03,890 --> 00:51:01,079  
universe or if you listen to the Dave

1211  
00:51:06,109 --> 00:51:03,900  
grush interview he went on at length

1212  
00:51:09,049 --> 00:51:06,119  
about why he wouldn't call them aliens

1213  
00:51:11,030 --> 00:51:09,059

and uh he wasn't going to ascribe where

1214

00:51:13,010 --> 00:51:11,040

they come from and he talked about the

1215

00:51:17,450 --> 00:51:13,020

physics of um

1216

00:51:20,809 --> 00:51:17,460

you know there being other other ways to

1217

00:51:23,569 --> 00:51:20,819

for example to coexist in our space

1218

00:51:26,030 --> 00:51:23,579

but out of our time or in our space

1219

00:51:29,390 --> 00:51:26,040

but in another dimension or whatever so

1220

00:51:31,730 --> 00:51:29,400

yeah maybe a craft is traveling from

1221

00:51:33,890 --> 00:51:31,740

there to here and it's a different kind

1222

00:51:34,670 --> 00:51:33,900

of problem or maybe they're crashing

1223

00:51:37,130 --> 00:51:34,680

them

1224

00:51:39,410 --> 00:51:37,140

as gifts I don't know why they're

1225

00:51:40,609 --> 00:51:39,420

crashing but we have we have a pretty

1226  
00:51:41,210 --> 00:51:40,619  
successful

1227  
00:51:43,490 --> 00:51:41,220  
um

1228  
00:51:45,589 --> 00:51:43,500  
Airline situation in the world but

1229  
00:51:48,829 --> 00:51:45,599  
things crash things that are engineered

1230  
00:51:51,890 --> 00:51:48,839  
sometimes don't work or potentially some

1231  
00:51:54,049 --> 00:51:51,900  
of the things that are that that we do

1232  
00:51:55,849 --> 00:51:54,059  
um like there was there were rumors

1233  
00:51:57,829 --> 00:51:55,859  
initially that our radar actually

1234  
00:52:00,470 --> 00:51:57,839  
crashed a few of these things which

1235  
00:52:02,569 --> 00:52:00,480  
seems unlikely I was just gonna say that

1236  
00:52:04,549 --> 00:52:02,579  
yeah that that's one of the things I've

1237  
00:52:06,410 --> 00:52:04,559  
heard for years you know the speculation

1238  
00:52:08,470 --> 00:52:06,420

that it could be radar which could be

1239

00:52:11,990 --> 00:52:08,480

very primitive to them and unexpected

1240

00:52:14,270 --> 00:52:12,000

you know yeah that type of situation but

1241

00:52:18,170 --> 00:52:14,280

you know also

1242

00:52:21,470 --> 00:52:18,180

um a person that contacted me uh through

1243

00:52:24,770 --> 00:52:21,480

someone else was saying that uh there's

1244

00:52:26,990 --> 00:52:24,780

possible shoot Downs yes oh well that's

1245

00:52:29,089 --> 00:52:27,000

a whole that's a

1246

00:52:31,849 --> 00:52:29,099

that's a whole separate thing I don't

1247

00:52:34,910 --> 00:52:31,859

think um even though I will say this uh

1248

00:52:36,950 --> 00:52:34,920

in the second episode of Dark Skies that

1249

00:52:38,569 --> 00:52:36,960

was our explanation for Roswell that we

1250

00:52:42,609 --> 00:52:38,579

shot it down now I don't personally

1251

00:52:44,870 --> 00:52:42,619

believe that it was uh more of a of a

1252

00:52:49,190 --> 00:52:44,880

dramatic and uh

1253

00:52:52,370 --> 00:52:49,200

attempt to create a television series uh

1254

00:52:55,549 --> 00:52:52,380

that that featured Roswell in it but I

1255

00:52:58,190 --> 00:52:55,559

do think Roswell was a true event and I

1256

00:53:00,710 --> 00:52:58,200

do think that some of them seem to have

1257

00:53:02,150 --> 00:53:00,720

been shot down Dave Crush again seemed

1258

00:53:04,609 --> 00:53:02,160

to imply

1259

00:53:06,530 --> 00:53:04,619

um will not imply he seemed to say that

1260

00:53:08,990 --> 00:53:06,540

that had happened

1261

00:53:10,970 --> 00:53:09,000

uh-huh listen I want to say goodbye to

1262

00:53:12,349 --> 00:53:10,980

everyone over at kgra we're gonna if

1263

00:53:13,430 --> 00:53:12,359

it's our review we'll talk a little bit

1264

00:53:17,809 --> 00:53:13,440

longer because I have a lot of questions

1265

00:53:20,329 --> 00:53:17,819

absolutely great and uh so

1266

00:53:22,430 --> 00:53:20,339

um I I guess I'm gonna post pop this one

1267

00:53:24,710 --> 00:53:22,440

up right here I had something in mind to

1268

00:53:26,510 --> 00:53:24,720

ask you what the heck was it sorry I get

1269

00:53:28,730 --> 00:53:26,520

I so many distractions here behind you

1270

00:53:30,710 --> 00:53:28,740

throw one thing in for those of you I

1271

00:53:32,930 --> 00:53:30,720

you know I I don't do a good enough job

1272

00:53:34,970 --> 00:53:32,940

of this I'm going to do it if you uh

1273

00:53:36,710 --> 00:53:34,980

have heard about the podcast I do with

1274

00:53:39,230 --> 00:53:36,720

uh Ross coltard

1275

00:53:41,089 --> 00:53:39,240

um that's at need to know dot today and

1276

00:53:42,589 --> 00:53:41,099

also we have a YouTube channel where

1277

00:53:43,970 --> 00:53:42,599

we've you know I've been trying to

1278

00:53:47,930 --> 00:53:43,980

curate

1279

00:53:50,690 --> 00:53:47,940

incredible content that's sort of this

1280

00:53:52,490 --> 00:53:50,700

it's like a what you know a firehouse of

1281

00:53:55,190 --> 00:53:52,500

content that's coming out so I've been

1282

00:53:57,170 --> 00:53:55,200

uh curating some of that content on our

1283

00:53:59,089 --> 00:53:57,180

YouTube page which is also called need

1284

00:54:01,010 --> 00:53:59,099

to know yeah and that's all in the show

1285

00:54:02,930 --> 00:54:01,020

notes everyone so I know what I was

1286

00:54:04,430 --> 00:54:02,940

gonna say uh Palmer had written this but

1287

00:54:06,109 --> 00:54:04,440

I didn't post it up so I don't have it

1288

00:54:08,089 --> 00:54:06,119

in front of me but something along the

1289

00:54:11,210 --> 00:54:08,099

lines where where you were when you were

1290

00:54:13,190 --> 00:54:11,220

filming dark style Dark Skies sure you

1291

00:54:15,170 --> 00:54:13,200

were visited by someone from the

1292

00:54:17,089 --> 00:54:15,180

possibly from the government

1293

00:54:18,829 --> 00:54:17,099

yeah and he wanted you to elaborate on

1294

00:54:20,690 --> 00:54:18,839

that if since we you just mentioned Dark

1295

00:54:22,790 --> 00:54:20,700

Skies yeah we don't have to spend much

1296

00:54:25,370 --> 00:54:22,800

time on it but something happened it's

1297

00:54:27,410 --> 00:54:25,380

definitely worth a lot of time

1298

00:54:28,430 --> 00:54:27,420

um I am writing a book that will include

1299

00:54:33,470 --> 00:54:28,440

it

1300

00:54:35,690 --> 00:54:33,480

on the trail of the saucers currently uh

1301  
00:54:37,309 --> 00:54:35,700  
what I I I'm you know I'm I'm not going

1302  
00:54:39,950 --> 00:54:37,319  
to scoop myself and I also don't have

1303  
00:54:42,530 --> 00:54:39,960  
two hours to explain it all on your show

1304  
00:54:45,049 --> 00:54:42,540  
right now but the Highlight is

1305  
00:54:48,109 --> 00:54:45,059  
uh two things happened during Dark Skies

1306  
00:54:48,829 --> 00:54:48,119  
on the night of our Premier party

1307  
00:54:50,930 --> 00:54:48,839  
um

1308  
00:54:54,430 --> 00:54:50,940  
with 200 people who were Studio

1309  
00:54:56,569 --> 00:54:54,440  
Executives Network Executives

1310  
00:54:58,790 --> 00:54:56,579  
actors people that worked on our

1311  
00:55:02,030 --> 00:54:58,800  
production the writers directors

1312  
00:55:05,450 --> 00:55:02,040  
um all the cast and crew basically we

1313  
00:55:07,490 --> 00:55:05,460

had a party at my house okay so now my

1314

00:55:10,010 --> 00:55:07,500

house is becoming I don't know what to

1315

00:55:12,349 --> 00:55:10,020

say about this but at my house I'm

1316

00:55:15,650 --> 00:55:12,359

hosting 200 people for a premier party

1317

00:55:19,609 --> 00:55:15,660

uh which was I believe September 26 of

1318

00:55:22,130 --> 00:55:19,619

96 and um no one had seen Dark Skies at

1319

00:55:23,870 --> 00:55:22,140

this point of course because it hadn't

1320

00:55:25,910 --> 00:55:23,880

aired yet that doesn't mean no one had

1321

00:55:27,470 --> 00:55:25,920

seen it I mean obviously we had cut it

1322

00:55:30,170 --> 00:55:27,480

and so forth

1323

00:55:33,049 --> 00:55:30,180

but we all have little badges little

1324

00:55:35,510 --> 00:55:33,059

Majestic badges because Dark Skies took

1325

00:55:37,250 --> 00:55:35,520

place inside Majestic 12 uh that was

1326

00:55:38,809 --> 00:55:37,260

sort of the organization and so

1327

00:55:41,030 --> 00:55:38,819

everybody who attended the party got a

1328

00:55:42,710 --> 00:55:41,040

cute little Majestic well badge

1329

00:55:44,150 --> 00:55:42,720

but there was one guy that showed up at

1330

00:55:47,270 --> 00:55:44,160

the party that didn't have a badge

1331

00:55:48,890 --> 00:55:47,280

because he wasn't on the list and one of

1332

00:55:52,430 --> 00:55:48,900

my producers said you got to go talk to

1333

00:55:55,609 --> 00:55:52,440

this guy and there was a guy there who

1334

00:55:59,630 --> 00:55:55,619

um said he was there

1335

00:56:01,250 --> 00:55:59,640

um he I believes at that party stated he

1336

00:56:04,010 --> 00:56:01,260

was from The Office of Naval

1337

00:56:07,190 --> 00:56:04,020

intelligence and that they thought we

1338

00:56:09,650 --> 00:56:07,200

did a really good job with the show and

1339

00:56:12,470 --> 00:56:09,660

uh they thought we might want some help

1340

00:56:13,849 --> 00:56:12,480

in order to get more things right

1341

00:56:16,250 --> 00:56:13,859

to which

1342

00:56:17,630 --> 00:56:16,260

I thought well yeah this is man

1343

00:56:19,370 --> 00:56:17,640

what do you what are you doing you're

1344

00:56:21,710 --> 00:56:19,380

breaking into my house get get out of

1345

00:56:25,130 --> 00:56:21,720

here but I said to him kind of being a

1346

00:56:27,890 --> 00:56:25,140

wise ass uh because he said we'd seen it

1347

00:56:30,650 --> 00:56:27,900

and we like it and I said oh yeah well

1348

00:56:33,109 --> 00:56:30,660

okay you're so smart what happens after

1349

00:56:35,329 --> 00:56:33,119

loan guard sees the crop circle

1350

00:56:37,130 --> 00:56:35,339

and the guy said oh well they take him

1351  
00:56:39,770 --> 00:56:37,140  
back to Majestic 12 and they do the art

1352  
00:56:41,990 --> 00:56:39,780  
and the blah blah and yeah I mean he

1353  
00:56:44,690 --> 00:56:42,000  
absolutely had seen the show so there

1354  
00:56:46,549 --> 00:56:44,700  
was that now wow other things happened

1355  
00:56:49,130 --> 00:56:46,559  
and that'll all be in the book but what

1356  
00:56:50,990 --> 00:56:49,140  
happened after that is that

1357  
00:56:52,849 --> 00:56:51,000  
um we went on about our lives because

1358  
00:56:54,109 --> 00:56:52,859  
remember just because the show was

1359  
00:56:56,270 --> 00:56:54,119  
airing I was still in the middle of

1360  
00:56:58,849 --> 00:56:56,280  
production and production on a

1361  
00:57:01,370 --> 00:56:58,859  
television series of the scope and scale

1362  
00:57:04,130 --> 00:57:01,380  
of Dark Skies was just

1363  
00:57:05,809 --> 00:57:04,140

insane and of course I I'm married and I

1364

00:57:07,970 --> 00:57:05,819

had three kids and you know that were

1365

00:57:10,790 --> 00:57:07,980

really young and and you know it's just

1366

00:57:12,589 --> 00:57:10,800

a lot and the network really didn't care

1367

00:57:14,270 --> 00:57:12,599

whether I was talking to O and I or not

1368

00:57:17,329 --> 00:57:14,280

they cared whether I got the show in on

1369

00:57:21,170 --> 00:57:17,339

time and on budget so a week or so pass

1370

00:57:23,569 --> 00:57:21,180

and uh this guy calls my partner and uh

1371

00:57:26,450 --> 00:57:23,579

says your your partner meaning me

1372

00:57:28,670 --> 00:57:26,460

doesn't appear very convinced you know I

1373

00:57:30,829 --> 00:57:28,680

wonder if he wants to meet my boss

1374

00:57:33,589 --> 00:57:30,839

so this guy showed up at the Dark Skies

1375

00:57:35,569 --> 00:57:33,599

offices which I allowed to happen simply

1376  
00:57:38,270 --> 00:57:35,579  
because we had security there I thought

1377  
00:57:41,349 --> 00:57:38,280  
you know we have show security so okay

1378  
00:57:44,390 --> 00:57:41,359  
let him bring a guy and Brent my

1379  
00:57:46,670 --> 00:57:44,400  
co-creator on dark skies and I spent two

1380  
00:57:48,829 --> 00:57:46,680  
hours with uh this guy that came to the

1381  
00:57:49,790 --> 00:57:48,839  
party and the guy that he said was his

1382  
00:57:52,430 --> 00:57:49,800  
boss

1383  
00:57:55,130 --> 00:57:52,440  
two guys that did not look like you know

1384  
00:57:57,170 --> 00:57:55,140  
goofballs they looked like Navy Seals in

1385  
00:57:59,150 --> 00:57:57,180  
terms of you know how they presented

1386  
00:58:02,690 --> 00:57:59,160  
themselves and everything and they

1387  
00:58:07,190 --> 00:58:02,700  
proceeded to brief us if you will uh

1388  
00:58:08,630 --> 00:58:07,200

on things as they supposedly were

1389

00:58:10,670 --> 00:58:08,640

and and

1390

00:58:13,309 --> 00:58:10,680

um and they said some things frankly

1391

00:58:16,370 --> 00:58:13,319

that I heard again from Dave Crush

1392

00:58:18,230 --> 00:58:16,380

so I heard those back in in 96 I'm going

1393

00:58:20,750 --> 00:58:18,240

to be delineating that a little clearer

1394

00:58:23,210 --> 00:58:20,760

when I get to writing about it

1395

00:58:25,549 --> 00:58:23,220

but at the same time I threw them out of

1396

00:58:27,470 --> 00:58:25,559

the office eventually because I said I

1397

00:58:30,290 --> 00:58:27,480

said I I've got a show to produce you've

1398

00:58:32,329 --> 00:58:30,300

got to leave yeah and um wow and and

1399

00:58:33,650 --> 00:58:32,339

then and then now I'll wrap the story up

1400

00:58:35,089 --> 00:58:33,660

and uh

1401

00:58:37,370 --> 00:58:35,099

because you know obviously I'm

1402

00:58:40,490 --> 00:58:37,380

shorthand everything but after the

1403

00:58:45,049 --> 00:58:43,250

they called my partner the the guy that

1404

00:58:47,030 --> 00:58:45,059

crashed my party the first time called

1405

00:58:49,490 --> 00:58:47,040

my partner Brent

1406

00:58:50,930 --> 00:58:49,500

and he said you know your partner really

1407

00:58:55,069 --> 00:58:50,940

is

1408

00:58:57,170 --> 00:58:55,079

a skeptic you know uh he seems to need a

1409

00:58:59,630 --> 00:58:57,180

little more convincing and Brent allowed

1410

00:59:03,890 --> 00:58:59,640

is how that was probably true

1411

00:59:06,530 --> 00:59:03,900

and they proposed meeting

1412

00:59:09,470 --> 00:59:06,540

the I believe it was an admiral but it

1413

00:59:11,870 --> 00:59:09,480

could have been whoever was in charge of

1414

00:59:13,990 --> 00:59:11,880

a ship that was in the Long Beach Harbor

1415

00:59:17,089 --> 00:59:14,000

okay that we were to go to Long Beach

1416

00:59:19,730 --> 00:59:17,099

and on this part I say this and people

1417

00:59:21,289 --> 00:59:19,740

always go oh come on that's crazy but

1418

00:59:22,370 --> 00:59:21,299

all I can tell you is this is what

1419

00:59:23,270 --> 00:59:22,380

happened

1420

00:59:25,849 --> 00:59:23,280

um

1421

00:59:30,049 --> 00:59:25,859

the guy said that we were to meet this

1422

00:59:31,910 --> 00:59:30,059

guy at a cemetery in Long Beach at

1423

00:59:35,809 --> 00:59:31,920

midnight

1424

00:59:38,569 --> 00:59:35,819

and I said at that time I have three

1425

00:59:41,390 --> 00:59:38,579

children I am meeting nobody at a

1426

00:59:43,130 --> 00:59:41,400

cemetery in Long Beach at midnight and

1427

00:59:46,670 --> 00:59:43,140

then and that's the last I ever heard of

1428

00:59:48,109 --> 00:59:46,680

those guys wow boy that is something now

1429

00:59:50,450 --> 00:59:48,119

I gotta say one thing that's funny about

1430

00:59:52,930 --> 00:59:50,460

that is Brenda and I for years have

1431

00:59:55,849 --> 00:59:52,940

always sort of laughed about it and said

1432

00:59:58,069 --> 00:59:55,859

interesting because a great TV show

1433

01:00:00,289 --> 00:59:58,079

would be the two guys that go to the

1434

01:00:01,789 --> 01:00:00,299

cemetery in Long Beach at midnight yeah

1435

01:00:03,470 --> 01:00:01,799

because I don't know what would have

1436

01:00:05,089 --> 01:00:03,480

happened either I'd have ended up dead

1437

01:00:07,370 --> 01:00:05,099

or they'd have given me a piece of the

1438

01:00:09,470 --> 01:00:07,380

Roswell crash I don't know but it was a

1439

01:00:10,670 --> 01:00:09,480

risk I wasn't prepared to take yeah you

1440

01:00:13,849 --> 01:00:10,680

could have made that one of the episodes

1441

01:00:15,349 --> 01:00:13,859

yeah yeah here's I'm gonna post a couple

1442

01:00:16,849 --> 01:00:15,359

of questions

1443

01:00:18,770 --> 01:00:16,859

um and I don't even know if you were

1444

01:00:20,870 --> 01:00:18,780

told any of this or if any of it could

1445

01:00:23,030 --> 01:00:20,880

be even shared how serious were the

1446

01:00:25,549 --> 01:00:23,040

threats made toward rush for going

1447

01:00:27,289 --> 01:00:25,559

public or or is that is that what the

1448

01:00:31,270 --> 01:00:27,299

threats weren't really because he was

1449

01:00:36,410 --> 01:00:35,030

the situation quite quite accurately he

1450

01:00:37,430 --> 01:00:36,420

was

1451

01:00:40,010 --> 01:00:37,440

um

1452

01:00:44,089 --> 01:00:40,020

he pushed for openness as I understand

1453

01:00:46,490 --> 01:00:44,099

it and uh actions of Retribution took

1454

01:00:49,250 --> 01:00:46,500

place against him including having his

1455

01:00:52,370 --> 01:00:49,260

house broken into as I understand it and

1456

01:00:55,730 --> 01:00:52,380

he then filed that complaint because he

1457

01:00:58,549 --> 01:00:55,740

had been uh you know his uh his

1458

01:01:00,049 --> 01:00:58,559

complaint of Retribution he filed that

1459

01:01:02,870 --> 01:01:00,059

with the intelligence Community

1460

01:01:05,210 --> 01:01:02,880

Inspector General who listened to him

1461

01:01:08,450 --> 01:01:05,220

interviewed other Witnesses

1462

01:01:11,030 --> 01:01:08,460

Etc and at the end of that concluded as

1463

01:01:13,609 --> 01:01:11,040

he forwarded grush's case to the House

1464

01:01:16,609 --> 01:01:13,619

and Senate intelligence committees the

1465

01:01:18,349 --> 01:01:16,619

igic as that person is called forwarded

1466

01:01:20,390 --> 01:01:18,359

and said that that what gresh was saying

1467

01:01:22,190 --> 01:01:20,400

was urgent and credible

1468

01:01:24,829 --> 01:01:22,200

so

1469

01:01:28,309 --> 01:01:24,839

um I I don't believe

1470

01:01:30,170 --> 01:01:28,319

anybody I mean I think people were

1471

01:01:32,630 --> 01:01:30,180

threatening I think things happened

1472

01:01:34,370 --> 01:01:32,640

because he was talking but to say that

1473

01:01:35,270 --> 01:01:34,380

he was

1474

01:01:36,950 --> 01:01:35,280

um

1475

01:01:39,890 --> 01:01:36,960

you know sort of threaten or attack

1476

01:01:41,809 --> 01:01:39,900

foregoing or if he went public I don't

1477

01:01:44,630 --> 01:01:41,819

think he was talking about going public

1478

01:01:48,650 --> 01:01:44,640

with anybody I don't think that was the

1479

01:01:51,230 --> 01:01:48,660

plan until after he started meeting and

1480

01:01:53,329 --> 01:01:51,240

then he filed the paperwork that would

1481

01:01:55,069 --> 01:01:53,339

allow him to talk and people say well

1482

01:01:58,190 --> 01:01:55,079

why would the government allow him to

1483

01:02:00,049 --> 01:01:58,200

talk about anything it's crazy well the

1484

01:02:02,450 --> 01:02:00,059

one the only as I understand it again

1485

01:02:05,510 --> 01:02:02,460

and I am not the world's expert on this

1486

01:02:08,150 --> 01:02:05,520

kind of policy but as I understand it

1487

01:02:09,829 --> 01:02:08,160

um if the government would have shut him

1488

01:02:12,410 --> 01:02:09,839

down and said you can't talk to anybody

1489

01:02:14,390 --> 01:02:12,420

about anything then he has a right to

1490

01:02:17,089 --> 01:02:14,400

appeal that and that's a public appeal

1491

01:02:19,370 --> 01:02:17,099

so the the net effect would have been

1492

01:02:21,289 --> 01:02:19,380

the same thing it would have looked like

1493

01:02:22,970 --> 01:02:21,299

the government was trying to stop him

1494

01:02:24,710 --> 01:02:22,980

from doing it it's the same thing that

1495

01:02:28,010 --> 01:02:24,720

Lou Elizondo has had to go through

1496

01:02:30,230 --> 01:02:28,020

frankly for his book okay you can say

1497

01:02:32,470 --> 01:02:30,240

what he wants to say in his book but he

1498

01:02:34,549 --> 01:02:32,480

has to submit it

1499

01:02:36,770 --> 01:02:34,559

for um

1500

01:02:38,329 --> 01:02:36,780

to to be looked at by the defense

1501

01:02:40,730 --> 01:02:38,339

department sure to see if there's

1502

01:02:42,530 --> 01:02:40,740

anything classified in there and you

1503

01:02:46,370 --> 01:02:42,540

know the question I had asked Ralph

1504

01:02:49,370 --> 01:02:46,380

Blumenthal the other night was I mean it

1505

01:02:53,150 --> 01:02:49,380

seems to me that if we do have these

1506

01:02:55,270 --> 01:02:53,160

crashed vehicles off-world vehicles

1507

01:02:57,470 --> 01:02:55,280

seems like that would be the highest

1508

01:03:00,530 --> 01:02:57,480

classification you could possibly have

1509

01:03:02,390 --> 01:03:00,540

yeah and you know what what do you and

1510

01:03:03,589 --> 01:03:02,400

how come they're letting him talk about

1511

01:03:06,109 --> 01:03:03,599

that

1512

01:03:08,210 --> 01:03:06,119

you know because again

1513

01:03:11,089 --> 01:03:08,220

um look at the reaction he's talking

1514

01:03:13,370 --> 01:03:11,099

about it and a whole bunch of people are

1515

01:03:15,230 --> 01:03:13,380

going oh it's a psyop and a whole bunch

1516

01:03:17,150 --> 01:03:15,240

of people are saying I won't believe

1517

01:03:18,829 --> 01:03:17,160

anything until I see proof

1518

01:03:20,630 --> 01:03:18,839

you know so

1519

01:03:23,930 --> 01:03:20,640

um and frankly had he come out with

1520

01:03:25,789 --> 01:03:23,940

proof of a of a of a craft uh what would

1521

01:03:27,349 --> 01:03:25,799

people have said then some of them would

1522

01:03:29,870 --> 01:03:27,359

have said oh well you know you can

1523

01:03:30,710 --> 01:03:29,880

Photoshop anything so yeah I I'm just

1524

01:03:33,069 --> 01:03:30,720

not

1525

01:03:35,270 --> 01:03:33,079

yeah you know

1526

01:03:37,730 --> 01:03:35,280

he went through the channels to do it

1527

01:03:40,609 --> 01:03:37,740

right so he did according to the new

1528

01:03:44,089 --> 01:03:40,619

legislation he followed those rules he

1529

01:03:47,270 --> 01:03:44,099

got an attorney who was uh well versed

1530

01:03:49,849 --> 01:03:47,280

on those rules and and he he went

1531

01:03:52,250 --> 01:03:49,859

through the process yeah and the

1532

01:03:54,349 --> 01:03:52,260

attorney was just for the process people

1533

01:03:56,870 --> 01:03:54,359

are saying oh you're misled it had

1534

01:03:58,430 --> 01:03:56,880

nothing to do with UFOs no one ever said

1535

01:04:00,829 --> 01:03:58,440

it had anything to do with having an

1536

01:04:03,230 --> 01:04:00,839

attorney for the UFOs it had to do with

1537

01:04:06,650 --> 01:04:03,240

the process and there's also some uh

1538

01:04:09,829 --> 01:04:06,660

confusion the the law firm that

1539

01:04:12,349 --> 01:04:09,839

represented him I think has broken their

1540

01:04:15,170 --> 01:04:12,359

Association but his lawyer hasn't he

1541

01:04:16,849 --> 01:04:15,180

still got the same lawyer right and you

1542

01:04:19,609 --> 01:04:16,859

know I look at that I've had like seven

1543

01:04:21,589 --> 01:04:19,619

lawyers in my career right I think I

1544

01:04:23,990 --> 01:04:21,599

fired a couple and I think they've fired

1545

01:04:25,849 --> 01:04:24,000

me to and you know lawyers come and go

1546

01:04:28,609 --> 01:04:25,859

that's just at least in my business

1547

01:04:29,289 --> 01:04:28,619

that's what happens so

1548

01:04:32,150 --> 01:04:29,299

um

1549

01:04:33,589 --> 01:04:32,160

his lawyer is still with them and law

1550

01:04:35,690 --> 01:04:33,599

firms have a different way to look at

1551

01:04:38,030 --> 01:04:35,700

things you know I can see a law firm

1552

01:04:41,690 --> 01:04:38,040

saying we don't want all our other

1553

01:04:44,750 --> 01:04:41,700

clients in this Law Firm to be sucked

1554

01:04:46,730 --> 01:04:44,760

into the UFO issue and that would be

1555

01:04:49,609 --> 01:04:46,740

perfectly legitimate on the law firm's

1556

01:04:51,890 --> 01:04:49,619

part I don't actually uh you know I

1557

01:04:53,450 --> 01:04:51,900

can't be quoted as a fact-bearer on this

1558

01:04:55,309 --> 01:04:53,460

thing I haven't talked to any of these

1559

01:04:58,549 --> 01:04:55,319

lawyers and I don't know for sure but

1560

01:05:01,130 --> 01:04:58,559

I'm if I don't think it it is as

1561

01:05:04,609 --> 01:05:01,140

nefarious or undermining as it has been

1562

01:05:05,750 --> 01:05:04,619

portrayed by some people yeah yeah

1563

01:05:08,990 --> 01:05:05,760

um so

1564

01:05:13,069 --> 01:05:09,000

right away on Monday morning when the

1565

01:05:15,530 --> 01:05:13,079

story broke last week uh not even an

1566

01:05:18,410 --> 01:05:15,540

hour later uh my girlfriend was looking

1567

01:05:20,450 --> 01:05:18,420

through the internet and comments and

1568

01:05:22,130 --> 01:05:20,460

things and right away someone says oh

1569

01:05:24,470 --> 01:05:22,140

this guy's just looking for a book deal

1570

01:05:26,630 --> 01:05:24,480

I mean I'm not a book deal a movie deal

1571

01:05:29,270 --> 01:05:26,640

so I wanna I'll I'm gonna post this

1572

01:05:30,829 --> 01:05:29,280

question because I want to address the

1573

01:05:32,750 --> 01:05:30,839

thoughts that people are having out

1574

01:05:34,910 --> 01:05:32,760

there so Bryce have you secured rights

1575

01:05:37,549 --> 01:05:34,920

to a screenplay for the David grush

1576

01:05:39,890 --> 01:05:37,559

story and that's not even on your not

1577

01:05:42,470 --> 01:05:39,900

even on your mind I bet I mean this had

1578

01:05:45,890 --> 01:05:42,480

nothing to do with well no I mean listen

1579

01:05:48,829 --> 01:05:45,900

I'm a I'm a multi-hyphenate here I'm a

1580

01:05:51,049 --> 01:05:48,839

writer I'm a director I'm a producer I'm

1581

01:05:53,870 --> 01:05:51,059

a journalist right okay it's a fair

1582

01:05:56,510 --> 01:05:53,880

question yeah I mean I I I would love to

1583

01:05:58,730 --> 01:05:56,520

write uh the screenplay that is the Dave

1584

01:06:01,370 --> 01:05:58,740

Crush Story the problem I have right now

1585

01:06:04,549 --> 01:06:01,380

is I'm a lifetime member of the writer's

1586

01:06:08,030 --> 01:06:04,559

Guild of America and I'm on strike

1587

01:06:09,770 --> 01:06:08,040

so uh on a technical level

1588

01:06:11,750 --> 01:06:09,780

um I'm not allowed to go make that deal

1589

01:06:13,670 --> 01:06:11,760

with Dave Crush I'd be happy to make it

1590

01:06:16,250 --> 01:06:13,680

I would make it tomorrow

1591

01:06:17,870 --> 01:06:16,260

um if you were listening now and sent me

1592

01:06:19,789 --> 01:06:17,880

a text saying let's you know make a deal

1593

01:06:21,589 --> 01:06:19,799

when the strike is over I'd be happy but

1594

01:06:23,750 --> 01:06:21,599

that I have not spoken to him about it

1595

01:06:25,549 --> 01:06:23,760

and I don't know if anyone else has I

1596

01:06:28,490 --> 01:06:25,559

mean I don't know I don't think that I

1597

01:06:30,710 --> 01:06:28,500

mean uh Ralph had the idea that there

1598

01:06:32,390 --> 01:06:30,720

was no such thoughts uh he didn't get

1599

01:06:33,950 --> 01:06:32,400

any of those type of thoughts well no no

1600

01:06:36,589 --> 01:06:33,960

I never got any of those kind of

1601  
01:06:38,150 --> 01:06:36,599  
thoughts I'm just from him but you know

1602  
01:06:40,970 --> 01:06:38,160  
it's my job to have those kind of

1603  
01:06:43,010 --> 01:06:40,980  
thoughts right I have and I have gone uh

1604  
01:06:45,109 --> 01:06:43,020  
Schmidt's book with Mr Roswell under

1605  
01:06:48,529 --> 01:06:45,119  
option I have Stanton Friedman's book

1606  
01:06:50,809 --> 01:06:48,539  
top secret magic under option I have uh

1607  
01:06:53,690 --> 01:06:50,819  
Stan Friedman and Kathy Martin's book

1608  
01:06:57,890 --> 01:06:53,700  
captured under options more than happy

1609  
01:07:00,529 --> 01:06:57,900  
to be the uh the person to spend time

1610  
01:07:03,170 --> 01:07:00,539  
with Dave and and figure out what the

1611  
01:07:04,250 --> 01:07:03,180  
dramatic way to tell his story is and I

1612  
01:07:05,930 --> 01:07:04,260  
don't see anything wrong with that and

1613  
01:07:09,710 --> 01:07:05,940

first first of all I will tell you that

1614

01:07:11,750 --> 01:07:09,720

even if a movie gets made about him he

1615

01:07:14,990 --> 01:07:11,760

may not participate in it in a direct

1616

01:07:17,569 --> 01:07:15,000

way and even if he did he may not you

1617

01:07:20,029 --> 01:07:17,579

know people are not people who license

1618

01:07:21,470 --> 01:07:20,039

their rights for films don't get rich I

1619

01:07:24,470 --> 01:07:21,480

mean and people who write books about

1620

01:07:26,870 --> 01:07:24,480

UFOs don't get rich I'm right about UFOs

1621

01:07:28,670 --> 01:07:26,880

because I've lived an interesting life

1622

01:07:31,010 --> 01:07:28,680

and I've had things like what happened

1623

01:07:33,410 --> 01:07:31,020

at Dark Skies happened to me I've had

1624

01:07:34,910 --> 01:07:33,420

things like meeting Dave grush and and

1625

01:07:36,950 --> 01:07:34,920

getting him interviewed at my house

1626  
01:07:38,829 --> 01:07:36,960  
happened to me I feel like that's a book

1627  
01:07:42,410 --> 01:07:38,839  
that's worthy of

1628  
01:07:45,410 --> 01:07:42,420  
excuse me that's that's a story worth

1629  
01:07:49,130 --> 01:07:45,420  
telling I don't expect make much money

1630  
01:07:51,049 --> 01:07:49,140  
from it if any but uh but I liked I like

1631  
01:07:52,849 --> 01:07:51,059  
to write so I'll I'll write it and by

1632  
01:07:54,589 --> 01:07:52,859  
the way one of the reasons I'm working

1633  
01:07:56,089 --> 01:07:54,599  
on it right now is I'm on strike and I'm

1634  
01:07:58,130 --> 01:07:56,099  
allowed to write a book I'm not allowed

1635  
01:08:00,589 --> 01:07:58,140  
to write a screenplay how about that

1636  
01:08:02,809 --> 01:08:00,599  
okay so I'm going to ask some I'm going

1637  
01:08:04,609 --> 01:08:02,819  
to pop up some questions and chat Brett

1638  
01:08:07,010 --> 01:08:04,619

always has good questions has there been

1639

01:08:09,529 --> 01:08:07,020

any reaction from foreign countries that

1640

01:08:11,870 --> 01:08:09,539

you know about well I think you guys

1641

01:08:14,150 --> 01:08:11,880

um all know as well as I do that yes

1642

01:08:16,189 --> 01:08:14,160

people all over the world are commenting

1643

01:08:17,990 --> 01:08:16,199

about this just go on the internet look

1644

01:08:20,090 --> 01:08:18,000

around you'll see that people are are

1645

01:08:21,470 --> 01:08:20,100

talking about it uh the only thing I

1646

01:08:25,309 --> 01:08:21,480

know and I'm not going to be specific

1647

01:08:29,689 --> 01:08:25,319

about it but there are uh conversations

1648

01:08:32,390 --> 01:08:29,699

going on from you know foreign entities

1649

01:08:35,450 --> 01:08:32,400

that would like to broadcast or stream

1650

01:08:38,269 --> 01:08:35,460

or otherwise show the interview that

1651

01:08:40,130 --> 01:08:38,279

Ross did with him in their own countries

1652

01:08:42,229 --> 01:08:40,140

um I don't think that's letting any cat

1653

01:08:43,370 --> 01:08:42,239

out of the bag I mean of course this is

1654

01:08:46,189 --> 01:08:43,380

one of the more

1655

01:08:48,349 --> 01:08:46,199

incredible stories ever told and unlike

1656

01:08:50,090 --> 01:08:48,359

the Bob Lazar story where Bob told his

1657

01:08:52,249 --> 01:08:50,100

story and people couldn't nail down who

1658

01:08:55,130 --> 01:08:52,259

he was exactly and you know there were

1659

01:08:58,490 --> 01:08:55,140

some flags on that play there are none

1660

01:08:59,329 --> 01:08:58,500

from that point of view on Dave grush so

1661

01:09:02,150 --> 01:08:59,339

um

1662

01:09:04,249 --> 01:09:02,160

yeah so because of that people all over

1663

01:09:07,550 --> 01:09:04,259

the world would like to know more people

1664

01:09:09,289 --> 01:09:07,560

you know the United States is not the

1665

01:09:11,510 --> 01:09:09,299

only place that cares about this issue

1666

01:09:14,150 --> 01:09:11,520

uh in fact that people all over the

1667

01:09:18,229 --> 01:09:14,160

world care about it and uh they they

1668

01:09:21,349 --> 01:09:18,239

want answers too and and uh I look

1669

01:09:23,809 --> 01:09:21,359

forward to a time when the world joins

1670

01:09:26,030 --> 01:09:23,819

in Partnership uh to get to the bottom

1671

01:09:29,090 --> 01:09:26,040

of this

1672

01:09:32,209 --> 01:09:29,100

yeah yeah I I sure hope I'm looking for

1673

01:09:35,269 --> 01:09:32,219

a specific question that um a friend of

1674

01:09:37,550 --> 01:09:35,279

mine PO says he posted but I didn't see

1675

01:09:40,910 --> 01:09:37,560

it but he sent me the text and it says

1676

01:09:43,249 --> 01:09:40,920

uh let's see who brought rush to

1677

01:09:46,990 --> 01:09:43,259

do you know who brought them crushed to

1678

01:09:49,789 --> 01:09:47,000

keen and Blumenthal did someone actually

1679

01:09:52,430 --> 01:09:49,799

uh was some was there an intermediary

1680

01:09:55,430 --> 01:09:52,440

involved

1681

01:09:57,229 --> 01:09:55,440

that would ask me to comment on um how

1682

01:09:58,850 --> 01:09:57,239

Leslie and Ralph did their business and

1683

01:10:01,850 --> 01:09:58,860

I I don't actually know the answer to

1684

01:10:04,430 --> 01:10:01,860

that okay I do know that Ralph and

1685

01:10:06,890 --> 01:10:04,440

Leslie and Ross were

1686

01:10:10,070 --> 01:10:06,900

it from my

1687

01:10:12,530 --> 01:10:10,080

my distant observation all sort of

1688

01:10:14,390 --> 01:10:12,540

chasing the same story at roughly at the

1689

01:10:16,669 --> 01:10:14,400

same time but if you'd ask me I would

1690

01:10:19,910 --> 01:10:16,679

have said Ross was there first I know

1691

01:10:22,189 --> 01:10:19,920

for example that Ross like I said uh

1692

01:10:24,290 --> 01:10:22,199

brought rush to Los Angeles for these

1693

01:10:26,149 --> 01:10:24,300

interviews on May 8th and 9th and you

1694

01:10:28,370 --> 01:10:26,159

can do the math the debrief article

1695

01:10:30,110 --> 01:10:28,380

aired I mean you know was printed much

1696

01:10:33,410 --> 01:10:30,120

later but that doesn't mean when they

1697

01:10:36,169 --> 01:10:33,420

knew him uh you know that's a Ralph and

1698

01:10:37,669 --> 01:10:36,179

Leslie and Ross and Dave and other

1699

01:10:39,530 --> 01:10:37,679

people would have to get their calendars

1700

01:10:41,570 --> 01:10:39,540

out to figure that answer out and and

1701

01:10:43,490 --> 01:10:41,580

that's nothing I know about

1702

01:10:46,490 --> 01:10:43,500

yeah we're

1703

01:10:50,270 --> 01:10:46,500

was everyone afraid of getting scooped

1704

01:10:53,450 --> 01:10:50,280

on this you know I mean uh I'm sure that

1705

01:10:55,910 --> 01:10:53,460

uh Dave would be right up front with you

1706

01:10:57,590 --> 01:10:55,920

know like someone Wolf Blitzer called me

1707

01:11:00,110 --> 01:10:57,600

or something like that yeah you know

1708

01:11:02,570 --> 01:11:00,120

what I I don't think so as I again I'm

1709

01:11:05,209 --> 01:11:02,580

I'm uh

1710

01:11:07,250 --> 01:11:05,219

the people who were there in meetings

1711

01:11:09,830 --> 01:11:07,260

are the ones that are the primary

1712

01:11:11,090 --> 01:11:09,840

sources I'm I'm a secondary here but um

1713

01:11:18,649 --> 01:11:11,100

my

1714

01:11:21,470 --> 01:11:18,659

himself felt that the way he wanted his

1715

01:11:26,090 --> 01:11:21,480

story to get out was a big print drop

1716

01:11:29,689 --> 01:11:26,100

first followed by Ross's interview so he

1717

01:11:33,770 --> 01:11:29,699

gave Ross an exclusive interview and and

1718

01:11:36,110 --> 01:11:33,780

I believe gave Ralph and and Leslie

1719

01:11:37,550 --> 01:11:36,120

some version of of an exclusive

1720

01:11:41,030 --> 01:11:37,560

interview for print

1721

01:11:42,470 --> 01:11:41,040

and Dave all along thought it was going

1722

01:11:44,750 --> 01:11:42,480

to be the New York Times or the

1723

01:11:46,970 --> 01:11:44,760

Washington Post which ultimately turned

1724

01:11:49,729 --> 01:11:46,980

out not to be the place then it went to

1725

01:11:52,430 --> 01:11:49,739

the hill and Politico and for their own

1726

01:11:54,229 --> 01:11:52,440

reasons they also did not choose to go

1727

01:11:56,810 --> 01:11:54,239

forward with it and that's how I ended

1728

01:12:00,110 --> 01:11:56,820

up at the debrief yeah

1729

01:12:03,530 --> 01:12:00,120

yeah and um I'm hoping that more

1730

01:12:04,550 --> 01:12:03,540

mainstream media runs with this I mean

1731

01:12:06,950 --> 01:12:04,560

that's what

1732

01:12:09,169 --> 01:12:06,960

we need more of the ball rolling on this

1733

01:12:10,970 --> 01:12:09,179

thing well I can't give you the um the

1734

01:12:14,030 --> 01:12:10,980

specifics they're not sitting in front

1735

01:12:17,330 --> 01:12:14,040

of me and it's not mine to tell but I'm

1736

01:12:19,250 --> 01:12:17,340

I I'm very clear that the ratings for

1737

01:12:23,649 --> 01:12:19,260

news Nation exceeded what they normally

1738

01:12:27,950 --> 01:12:25,669

I'm hopeful

1739

01:12:30,350 --> 01:12:27,960

um I I thought news Nation did a pretty

1740

01:12:32,390 --> 01:12:30,360

fair job with this thing I was on a

1741

01:12:35,750 --> 01:12:32,400

couple of times talked to Chris Cuomo

1742

01:12:38,390 --> 01:12:35,760

once talked to Elizabeth not Elizabeth

1743

01:12:40,490 --> 01:12:38,400

um Laura Ingram Asha and also Dr Laura

1744

01:12:42,050 --> 01:12:40,500

Ingram talking about news Nation I

1745

01:12:44,870 --> 01:12:42,060

thought

1746

01:12:47,930 --> 01:12:44,880

um understood that they had an

1747

01:12:52,149 --> 01:12:47,940

incredible story and treated it

1748

01:12:56,209 --> 01:12:52,159

um as such and uh and added a lot of

1749

01:12:59,390 --> 01:12:56,219

external uh information uh and and did

1750

01:13:02,030 --> 01:12:59,400

it well as and at least didn't run from

1751

01:13:04,370 --> 01:13:02,040

it they ran into it and this is what

1752

01:13:06,649 --> 01:13:04,380

it's going to take and so I'm I'm

1753

01:13:08,090 --> 01:13:06,659

grateful that they did that I hope they

1754

01:13:11,630 --> 01:13:08,100

continue and I believe they will

1755

01:13:13,250 --> 01:13:11,640

continue to follow this story and uh I

1756

01:13:15,110 --> 01:13:13,260

guess the message to the rest of the

1757

01:13:17,390 --> 01:13:15,120

media is like come on in the water's

1758

01:13:20,209 --> 01:13:17,400

fine let's do this together

1759

01:13:22,850 --> 01:13:20,219

right right another uh question was

1760

01:13:26,510 --> 01:13:22,860

asked did Russia ever talk about the

1761

01:13:28,189 --> 01:13:26,520

nature of their propulsion system

1762

01:13:30,649 --> 01:13:28,199

do you happen to know that

1763

01:13:34,370 --> 01:13:30,659

I don't yeah

1764

01:13:37,550 --> 01:13:34,380

and he probably did um yeah I'm blanking

1765

01:13:40,370 --> 01:13:37,560

on on it right now I don't I don't have

1766

01:13:42,050 --> 01:13:40,380

any specific memory no all right for is

1767

01:13:45,229 --> 01:13:42,060

there anything that you can think of

1768

01:13:46,729 --> 01:13:45,239

Bryce that you'd like to clear the air

1769

01:13:49,430 --> 01:13:46,739

on on some of the things that are being

1770

01:13:50,990 --> 01:13:49,440

said out there that are you know are

1771

01:13:52,550 --> 01:13:51,000

misleading

1772

01:13:54,410 --> 01:13:52,560

that you can think of right off the top

1773

01:13:56,810 --> 01:13:54,420

of your head well one thing I'm just

1774

01:13:58,550 --> 01:13:56,820

seeing someone who said wait Chris Cuomo

1775

01:14:00,169 --> 01:13:58,560

wasn't having any of this the first

1776

01:14:02,209 --> 01:14:00,179

night the story was given to him that

1777

01:14:04,430 --> 01:14:02,219

person is correct um they are not

1778

01:14:07,010 --> 01:14:04,440

incorrect in saying that Chris Cuomo

1779

01:14:08,570 --> 01:14:07,020

even we when he was at CNN I recall

1780

01:14:11,090 --> 01:14:08,580

seeing him doing a handoff with Don

1781

01:14:14,270 --> 01:14:11,100

Lemon between shows and there was a UAP

1782

01:14:17,209 --> 01:14:14,280

story and they both seemed to not take

1783

01:14:19,070 --> 01:14:17,219

it seriously and it made me angry I

1784

01:14:21,709 --> 01:14:19,080

remember recording it and I was going to

1785

01:14:24,770 --> 01:14:21,719

do a big I think I mentioned it even on

1786

01:14:27,590 --> 01:14:24,780

a need to know podcast but

1787

01:14:29,149 --> 01:14:27,600

I will say this when I did an interview

1788

01:14:30,890 --> 01:14:29,159

with Chris Cuomo it was about five

1789

01:14:34,189 --> 01:14:30,900

minutes long it's up on our Need to Know

1790

01:14:37,130 --> 01:14:34,199

YouTube site so you can see for yourself

1791

01:14:40,370 --> 01:14:37,140

I thought he had pivoted

1792

01:14:42,229 --> 01:14:40,380

considerably he wasn't saying oh I'm a

1793

01:14:44,570 --> 01:14:42,239

Believer because who's asking him to

1794

01:14:47,930 --> 01:14:44,580

believe nobody yeah I think what but

1795

01:14:49,370 --> 01:14:47,940

what he did say was he seemed

1796

01:14:52,250 --> 01:14:49,380

kinda

1797

01:14:54,110 --> 01:14:52,260

ticked off that if the government has

1798

01:14:56,810 --> 01:14:54,120

been withholding information whether

1799

01:14:58,970 --> 01:14:56,820

it's about aliens or some kind of black

1800

01:15:01,070 --> 01:14:58,980

program or whatever that's gone on this

1801

01:15:03,350 --> 01:15:01,080

long he seemed

1802

01:15:05,689 --> 01:15:03,360

really in favor of getting to the bottom

1803

01:15:07,729 --> 01:15:05,699

of it which I found also interesting

1804

01:15:10,310 --> 01:15:07,739

because when I talked with Laura Ingram

1805

01:15:12,470 --> 01:15:10,320

on Fox you know these two people are not

1806

01:15:14,390 --> 01:15:12,480

on the same side of the political

1807

01:15:16,850 --> 01:15:14,400

spectrum of the best of my knowledge but

1808

01:15:18,709 --> 01:15:16,860

she had the same point of view or hers

1809

01:15:21,590 --> 01:15:18,719

was well this has gone on long enough

1810

01:15:23,630 --> 01:15:21,600

let's get to the bottom of it yeah and I

1811

01:15:26,390 --> 01:15:23,640

think if Cricket just all agree with

1812

01:15:28,430 --> 01:15:26,400

that instead of picking everybody apart

1813

01:15:30,649 --> 01:15:28,440

right now what we should say is this

1814

01:15:32,750 --> 01:15:30,659

deserves more information more

1815

01:15:35,030 --> 01:15:32,760

investigation and there's no time like

1816

01:15:38,750 --> 01:15:35,040

the present let's get started

1817

01:15:40,070 --> 01:15:38,760

did Rush want it to be in big print like

1818

01:15:42,890 --> 01:15:40,080

the New York Times or something like

1819

01:15:44,870 --> 01:15:42,900

that just to get it make the big impact

1820

01:15:46,850 --> 01:15:44,880

is that what he was looking for I don't

1821

01:15:48,290 --> 01:15:46,860

know if he was looking for impact he was

1822

01:15:49,189 --> 01:15:48,300

looking for

1823

01:15:52,669 --> 01:15:49,199

um

1824

01:15:54,290 --> 01:15:52,679

the ability to say I've been vetted by

1825

01:15:56,450 --> 01:15:54,300

you know the wash when it was the

1826

01:15:58,250 --> 01:15:56,460

Washington Post most of the time that

1827

01:16:00,290 --> 01:15:58,260

yeah it looked like it was going to go

1828

01:16:02,270 --> 01:16:00,300

with and I think he was thinking to

1829

01:16:05,990 --> 01:16:02,280

himself look Washington Post broke

1830

01:16:08,810 --> 01:16:06,000

Watergate if they uh take this story and

1831

01:16:12,410 --> 01:16:08,820

they check my sources and they check my

1832

01:16:15,709 --> 01:16:12,420

statements about my uh bio and resume uh

1833

01:16:18,770 --> 01:16:15,719

that's good that's good for the story so

1834

01:16:20,750 --> 01:16:18,780

um yeah I I don't think he was

1835

01:16:22,729 --> 01:16:20,760

you know I I didn't see a guy that had

1836

01:16:25,070 --> 01:16:22,739

stars in his eyes about oh boy this will

1837

01:16:27,470 --> 01:16:25,080

be great I think he was just saying look

1838

01:16:30,770 --> 01:16:27,480

this is a major story I'm laying on

1839

01:16:32,689 --> 01:16:30,780

people and it needs to be done in a way

1840

01:16:35,630 --> 01:16:32,699

where people are ready to perceive the

1841

01:16:38,570 --> 01:16:35,640

information so a nice print article that

1842

01:16:41,810 --> 01:16:38,580

goes into the not only the statements

1843

01:16:44,330 --> 01:16:41,820

but also his credentials at length is a

1844

01:16:47,149 --> 01:16:44,340

great is a better way in his brain to

1845

01:16:49,010 --> 01:16:47,159

start it because it answers a lot of

1846

01:16:51,169 --> 01:16:49,020

those questions and then when people

1847

01:16:53,510 --> 01:16:51,179

wanted to see more he thought it would

1848

01:16:55,610 --> 01:16:53,520

be good to sit down with a investigative

1849

01:16:58,010 --> 01:16:55,620

journalist who's as competent and

1850

01:17:01,669 --> 01:16:58,020

credentialed and award-winning is Ross

1851

01:17:03,590 --> 01:17:01,679

coltard and sit with him for hours and

1852

01:17:07,130 --> 01:17:03,600

and take any question he wants to ask

1853

01:17:09,290 --> 01:17:07,140

and he did exactly that and while no

1854

01:17:10,490 --> 01:17:09,300

rollout is ever perfect I thought it was

1855

01:17:13,370 --> 01:17:10,500

pretty good

1856

01:17:14,930 --> 01:17:13,380

you know he uh he answered like he

1857

01:17:17,689 --> 01:17:14,940

lobbed back

1858

01:17:20,030 --> 01:17:17,699

an answer to Ross and Ross said I'm

1859

01:17:22,130 --> 01:17:20,040

gonna hold you to this I love that right

1860

01:17:23,570 --> 01:17:22,140

he really pushed him on a question well

1861

01:17:24,830 --> 01:17:23,580

you know there's one other thing Martin

1862

01:17:27,470 --> 01:17:24,840

I see someone else saying hey it's

1863

01:17:29,990 --> 01:17:27,480

pretty simple go and look I agree with

1864

01:17:32,270 --> 01:17:30,000

that let's remember one thing Dave grush

1865

01:17:34,189 --> 01:17:32,280

has gone to the House and Senate

1866

01:17:36,530 --> 01:17:34,199

intelligence committees and the the

1867

01:17:40,030 --> 01:17:36,540

Inspector General and to the best of my

1868

01:17:43,010 --> 01:17:40,040

knowledge he has provided names dates

1869

01:17:45,830 --> 01:17:43,020

programs and locations

1870

01:17:48,050 --> 01:17:45,840

all right so what is the solution here

1871

01:17:50,209 --> 01:17:48,060

well it is pretty darn simple go and

1872

01:17:52,490 --> 01:17:50,219

look yeah these committees have

1873

01:17:55,430 --> 01:17:52,500

investigators they know how to subpoena

1874

01:17:57,290 --> 01:17:55,440

material they've done this before you

1875

01:17:59,390 --> 01:17:57,300

know the uh

1876

01:18:02,330 --> 01:17:59,400

they should go look

1877

01:18:05,750 --> 01:18:02,340

they if they have to rate It Go rate it

1878

01:18:08,090 --> 01:18:05,760

uh they have to if they can uh file the

1879

01:18:12,709 --> 01:18:08,100

right paperwork to get in do that but

1880

01:18:14,630 --> 01:18:12,719

you know uh the ball is is well look

1881

01:18:18,110 --> 01:18:14,640

this this Secret's coming out no matter

1882

01:18:20,870 --> 01:18:18,120

what anyway but it was certainly urge it

1883

01:18:23,330 --> 01:18:20,880

along to see Congress get deeply

1884

01:18:25,669 --> 01:18:23,340

involved in taking the information that

1885

01:18:28,490 --> 01:18:25,679

Dave grush has provided plus these other

1886

01:18:30,890 --> 01:18:28,500

whistleblowers that are behind him and

1887

01:18:32,330 --> 01:18:30,900

say okay well we've heard a lot of

1888

01:18:34,910 --> 01:18:32,340

specifics here

1889

01:18:37,310 --> 01:18:34,920

we have investigators let's go look

1890

01:18:40,250 --> 01:18:37,320

that's my policy and I that should be

1891

01:18:42,649 --> 01:18:40,260

their policy right right I'm not

1892

01:18:44,630 --> 01:18:42,659

familiar with this are you uh Tim is

1893

01:18:46,310 --> 01:18:44,640

writing uh what are your thoughts on the

1894

01:18:48,470 --> 01:18:46,320

house reps who said they were shown

1895

01:18:50,209 --> 01:18:48,480

craft in Florida recently are you

1896

01:18:51,649 --> 01:18:50,219

familiar with that I am not up on that

1897

01:18:53,750 --> 01:18:51,659

story yeah I have not heard anything

1898

01:18:55,729 --> 01:18:53,760

about that it would be interesting to

1899

01:18:58,130 --> 01:18:55,739

know more if that person wouldn't mind

1900

01:18:59,570 --> 01:18:58,140

uh throwing a Lincoln

1901

01:19:03,350 --> 01:18:59,580

um you know what's funny about it though

1902

01:19:06,110 --> 01:19:03,360

uh I'm not sure that that's uh uh true

1903

01:19:08,090 --> 01:19:06,120

but I'd be I'd be really curious if

1904

01:19:10,310 --> 01:19:08,100

somebody is alleging that the last time

1905

01:19:12,530 --> 01:19:10,320

anybody claimed to have craft shown to

1906

01:19:14,810 --> 01:19:12,540

them in Florida was Jackie Gleason who

1907

01:19:16,550 --> 01:19:14,820

said right Richard Nixon took him a

1908

01:19:20,149 --> 01:19:16,560

story I might point out

1909

01:19:23,810 --> 01:19:20,159

that I've never 100 bought into yeah

1910

01:19:27,410 --> 01:19:23,820

okay however stories like that

1911

01:19:28,490 --> 01:19:27,420

become more credible as we established

1912

01:19:31,910 --> 01:19:28,500

that

1913

01:19:33,649 --> 01:19:31,920

the phenomena is real and as we start to

1914

01:19:37,430 --> 01:19:33,659

hear whistleblowers come forward about

1915

01:19:38,689 --> 01:19:37,440

it it makes certain stories things that

1916

01:19:40,790 --> 01:19:38,699

you have to take a second look at

1917

01:19:43,970 --> 01:19:40,800

whether it be Jackie Gleason and Richard

1918

01:19:46,610 --> 01:19:43,980

Nixon going to what Homestead Air Force

1919

01:19:48,950 --> 01:19:46,620

Base or whether it's Bob Lazar or

1920

01:19:51,070 --> 01:19:48,960

whether it's Betty and Barney Hill right

1921

01:19:55,610 --> 01:19:51,080

or whether it's Roswell and by the way

1922

01:19:58,130 --> 01:19:55,620

brush says without question Roswell yes

1923

01:20:00,890 --> 01:19:58,140

yeah definitely was an anomalous event

1924

01:20:04,070 --> 01:20:00,900

something that I've felt for years now

1925

01:20:06,530 --> 01:20:04,080

decades now but I'm real I'm speaking at

1926

01:20:08,570 --> 01:20:06,540

Roswell frankly in a couple of weeks and

1927

01:20:12,229 --> 01:20:08,580

I couldn't I couldn't have a better gift

1928

01:20:13,850 --> 01:20:12,239

to sort of you know make this speech uh

1929

01:20:16,610 --> 01:20:13,860

something I really am looking forward to

1930

01:20:20,090 --> 01:20:16,620

give than to have someone of uh grush's

1931

01:20:22,910 --> 01:20:20,100

abilities say that it happened

1932

01:20:25,610 --> 01:20:22,920

right I had thought about going then but

1933

01:20:26,750 --> 01:20:25,620

there's a conflict I'm sorry I can't see

1934

01:20:28,310 --> 01:20:26,760

you there

1935

01:20:30,050 --> 01:20:28,320

um so

1936

01:20:32,149 --> 01:20:30,060

um Shane wants to know any word and when

1937

01:20:33,890 --> 01:20:32,159

we'll see the full seven hours of

1938

01:20:36,709 --> 01:20:33,900

interviews I really want to break this

1939

01:20:38,390 --> 01:20:36,719

down because I what what I don't want is

1940

01:20:41,390 --> 01:20:38,400

for people to think oh people are

1941

01:20:43,910 --> 01:20:41,400

holding things back and then yeah I get

1942

01:20:46,729 --> 01:20:43,920

it I I understand it and I really want

1943

01:20:48,709 --> 01:20:46,739

to address it so here here it goes yeah

1944

01:20:50,630 --> 01:20:48,719

The Seven Hour thing I have to take

1945

01:20:53,510 --> 01:20:50,640

credit for I think I must have tossed

1946

01:20:55,729 --> 01:20:53,520

that off on uh on need to know and

1947

01:20:58,189 --> 01:20:55,739

sometimes when you're lying you know you

1948

01:20:59,750 --> 01:20:58,199

know as well as I do you know words just

1949

01:21:01,550 --> 01:20:59,760

come out and then later you're like I

1950

01:21:03,590 --> 01:21:01,560

didn't say that as artfully as I wanted

1951

01:21:05,570 --> 01:21:03,600

to you must have that happen I I

1952

01:21:07,010 --> 01:21:05,580

certainly do I'm I'm a human being I

1953

01:21:09,649 --> 01:21:07,020

make mistakes

1954

01:21:11,390 --> 01:21:09,659

so let me just clarify backing up to the

1955

01:21:13,790 --> 01:21:11,400

35 000 feet

1956

01:21:16,070 --> 01:21:13,800

Dave grosh comes to Los Angeles

1957

01:21:18,350 --> 01:21:16,080

we shoot a safety interview with them at

1958

01:21:23,030 --> 01:21:18,360

my house right

1959

01:21:25,430 --> 01:21:23,040

in my head it was a long time I think he

1960

01:21:28,070 --> 01:21:25,440

was certainly at the house for four

1961

01:21:29,810 --> 01:21:28,080

hours or so maybe more I don't know if

1962

01:21:30,950 --> 01:21:29,820

that the camera was turned on the entire

1963

01:21:36,410 --> 01:21:30,960

time

1964

01:21:38,630 --> 01:21:36,420

he goes to the North Hollywood location

1965

01:21:40,850 --> 01:21:38,640

and shoots the full news Nation

1966

01:21:42,470 --> 01:21:40,860

interview and in my head that is about

1967

01:21:45,350 --> 01:21:42,480

three and a half hours cameras were

1968

01:21:47,090 --> 01:21:45,360

rolling but now two points point one

1969

01:21:48,709 --> 01:21:47,100

the thing that took place on the eighth

1970

01:21:50,390 --> 01:21:48,719

and the thing that took place on the

1971

01:21:53,450 --> 01:21:50,400

ninth are roughly the same interview

1972

01:21:56,270 --> 01:21:53,460

right working from the same notes so

1973

01:21:58,189 --> 01:21:56,280

even though there are moments where he

1974

01:21:59,810 --> 01:21:58,199

may have articulated what he was saying

1975

01:22:02,149 --> 01:21:59,820

differently than other times there's

1976

01:22:04,729 --> 01:22:02,159

really one interview so now we're let's

1977

01:22:08,810 --> 01:22:04,739

talk about as if there's just three

1978

01:22:10,790 --> 01:22:08,820

hours of tape rolling okay people who

1979

01:22:13,970 --> 01:22:10,800

have seen interviews with tape rolling

1980

01:22:17,330 --> 01:22:13,980

also will understand in that three plus

1981

01:22:19,850 --> 01:22:17,340

hours there were stops and starts there

1982

01:22:22,910 --> 01:22:19,860

were moments where the camera guys going

1983

01:22:24,350 --> 01:22:22,920

I gotta change uh you know I gotta do

1984

01:22:26,990 --> 01:22:24,360

something or the lighting guys that

1985

01:22:28,729 --> 01:22:27,000

light went out or let's go have lunch or

1986

01:22:31,250 --> 01:22:28,739

you know there's just things that happen

1987

01:22:34,910 --> 01:22:31,260

during that thing and then there's also

1988

01:22:37,370 --> 01:22:34,920

repetition and there's there's things so

1989

01:22:39,590 --> 01:22:37,380

out of that three hours uh I don't know

1990

01:22:44,270 --> 01:22:39,600

but there's less than three hours of

1991

01:22:46,850 --> 01:22:44,280

actual content so what has aired so far

1992

01:22:48,530 --> 01:22:46,860

in my view having listened to both of

1993

01:22:51,410 --> 01:22:48,540

those interviews

1994

01:22:54,770 --> 01:22:51,420

um the revelations if you will

1995

01:22:57,050 --> 01:22:54,780

that are in the one hour news Nation

1996

01:22:59,570 --> 01:22:57,060

show

1997

01:23:02,030 --> 01:22:59,580

pretty well hit the highlights okay now

1998

01:23:04,790 --> 01:23:02,040

if you were to see the entire uncut

1999

01:23:07,189 --> 01:23:04,800

interview uh there might be a little a

2000

01:23:09,169 --> 01:23:07,199

little bit of amplification or you'd

2001  
01:23:11,030 --> 01:23:09,179  
have more time to study his face as he

2002  
01:23:14,689 --> 01:23:11,040  
I'm not saying you shouldn't see that

2003  
01:23:16,189 --> 01:23:14,699  
but it's also not as simple as well hey

2004  
01:23:17,810 --> 01:23:16,199  
why are you guys holding it back why

2005  
01:23:20,209 --> 01:23:17,820  
don't you just put it out there well

2006  
01:23:23,330 --> 01:23:20,219  
again news Nation

2007  
01:23:26,330 --> 01:23:23,340  
um in order to provide the platform to

2008  
01:23:28,970 --> 01:23:26,340  
get it out there and to provide the

2009  
01:23:32,750 --> 01:23:28,980  
money to shoot it appropriately

2010  
01:23:35,450 --> 01:23:32,760  
um has the rights to deal with

2011  
01:23:37,850 --> 01:23:35,460  
the the video I'm not privy to that deal

2012  
01:23:39,890 --> 01:23:37,860  
but obviously they get first bite of the

2013  
01:23:43,430 --> 01:23:39,900

apple and they've they've taken it with

2014

01:23:46,910 --> 01:23:43,440

the promos followed by the show and um

2015

01:23:49,910 --> 01:23:46,920

I believe negotiate not negotiations I

2016

01:23:50,450 --> 01:23:49,920

believe conversations are being had

2017

01:23:52,610 --> 01:23:50,460

um

2018

01:23:55,729 --> 01:23:52,620

to figure out what is the proper

2019

01:23:58,189 --> 01:23:55,739

platform to at least edit together the

2020

01:23:59,990 --> 01:23:58,199

sort of the the I guess I'm going to

2021

01:24:03,110 --> 01:24:00,000

call it the director's cut or whatever

2022

01:24:06,410 --> 01:24:03,120

you know the the part with all the

2023

01:24:07,970 --> 01:24:06,420

that shows all the

2024

01:24:10,130 --> 01:24:07,980

stuff that wouldn't make it into a

2025

01:24:11,930 --> 01:24:10,140

network cut and I think people are

2026

01:24:14,750 --> 01:24:11,940

looking into doing that so it's a

2027

01:24:16,669 --> 01:24:14,760

process and um and again I'm not in

2028

01:24:18,229 --> 01:24:16,679

charge of the process

2029

01:24:22,010 --> 01:24:18,239

um I didn't make any of these deals

2030

01:24:23,930 --> 01:24:22,020

there it's not my uh it's not my tape I

2031

01:24:26,750 --> 01:24:23,940

guess I technically

2032

01:24:28,550 --> 01:24:26,760

well I guess if new news Nation owns the

2033

01:24:30,530 --> 01:24:28,560

tape of their interview because they put

2034

01:24:32,750 --> 01:24:30,540

up the money and shot it I probably own

2035

01:24:36,229 --> 01:24:32,760

the first one because my son shot it and

2036

01:24:38,030 --> 01:24:36,239

I paid him so you know maybe but that

2037

01:24:39,830 --> 01:24:38,040

one looks a little more like a hostage

2038

01:24:42,229 --> 01:24:39,840

video and it's it's it you know it's not

2039

01:24:44,930 --> 01:24:42,239

adding I'm going to review all of it I'm

2040

01:24:47,930 --> 01:24:44,940

in the yeah my son and I are in the

2041

01:24:49,850 --> 01:24:47,940

process of reviewing that first tape uh

2042

01:24:51,950 --> 01:24:49,860

which takes a while because first you

2043

01:24:53,630 --> 01:24:51,960

have to look at the news Nation tape and

2044

01:24:55,130 --> 01:24:53,640

now I'm looking at the first date and

2045

01:24:57,169 --> 01:24:55,140

I'm trying to see are there

2046

01:25:00,229 --> 01:24:57,179

contradictions or anything that deserves

2047

01:25:03,110 --> 01:25:00,239

to be talked about yeah I can't do that

2048

01:25:06,530 --> 01:25:03,120

overnight I'm doing it as best I can and

2049

01:25:08,330 --> 01:25:06,540

uh also uh I don't want to undermine the

2050

01:25:11,290 --> 01:25:08,340

people who were nice enough to shoot the

2051  
01:25:14,330 --> 01:25:11,300  
news Nation tape in the first place yeah

2052  
01:25:15,890 --> 01:25:14,340  
yeah the uh biggest complaint I'm

2053  
01:25:18,709 --> 01:25:15,900  
hearing out there and just to get it out

2054  
01:25:21,050 --> 01:25:18,719  
uh people are saying why don't we have

2055  
01:25:23,390 --> 01:25:21,060  
you know the documents why don't we have

2056  
01:25:25,010 --> 01:25:23,400  
the direct evidence I mean do you think

2057  
01:25:26,470 --> 01:25:25,020  
we can look forward to the possibility

2058  
01:25:29,390 --> 01:25:26,480  
of seeing do you think there'll be

2059  
01:25:32,450 --> 01:25:29,400  
transparency eventually if if it comes

2060  
01:25:34,850 --> 01:25:32,460  
to that sure but I mean again Dave grush

2061  
01:25:37,070 --> 01:25:34,860  
didn't get to leave with documents and

2062  
01:25:40,790 --> 01:25:37,080  
photos right when he walked out of the

2063  
01:25:43,310 --> 01:25:40,800

Pentagon on bad terms basically they're

2064

01:25:46,070 --> 01:25:43,320

not loading them up with suitcases and

2065

01:25:48,410 --> 01:25:46,080

hard drives that's not how it works now

2066

01:25:50,689 --> 01:25:48,420

do you think it will lead go to these

2067

01:25:53,030 --> 01:25:50,699

the Senate uh to the Senate the house

2068

01:25:55,130 --> 01:25:53,040

and the Inspector General because they

2069

01:25:58,310 --> 01:25:55,140

do have the classification

2070

01:26:01,729 --> 01:25:58,320

right and he was able in some way shape

2071

01:26:04,490 --> 01:26:01,739

or form to turn them on to documents and

2072

01:26:08,149 --> 01:26:04,500

and other evidence and it will be up to

2073

01:26:10,729 --> 01:26:08,159

the people in our nation who who make

2074

01:26:13,550 --> 01:26:10,739

the decisions about classification which

2075

01:26:15,430 --> 01:26:13,560

is a Hot Topic right now to decide what

2076

01:26:18,470 --> 01:26:15,440

of that can or cannot be classified

2077

01:26:20,689 --> 01:26:18,480

Declassified into a public hearing but

2078

01:26:23,750 --> 01:26:20,699

it's not up to Ross Colt art or Leslie

2079

01:26:25,430 --> 01:26:23,760

Kane or Ralph Blumenthal and it's not

2080

01:26:28,310 --> 01:26:25,440

even up to Dave Crush

2081

01:26:32,570 --> 01:26:28,320

I mean he's done what he's done the best

2082

01:26:36,110 --> 01:26:32,580

a guy in his position can do and I my uh

2083

01:26:38,450 --> 01:26:36,120

my admiration for his courage and his

2084

01:26:41,570 --> 01:26:38,460

guts and his essential patriotism

2085

01:26:43,790 --> 01:26:41,580

remains undiminished at this time

2086

01:26:45,770 --> 01:26:43,800

you know I the one thing I'm worried

2087

01:26:48,850 --> 01:26:45,780

about is the umbrella of National

2088

01:26:51,350 --> 01:26:48,860

Security and that you know we may not

2089

01:26:53,689 --> 01:26:51,360

ever get to know more I'm worried about

2090

01:26:56,090 --> 01:26:53,699

that but I mean no sense worrying it

2091

01:26:58,610 --> 01:26:56,100

it's either going to happen or it's not

2092

01:27:01,310 --> 01:26:58,620

as far as uh we're going to know or or

2093

01:27:02,750 --> 01:27:01,320

not know it's a question that a lot of

2094

01:27:04,669 --> 01:27:02,760

people have there was some other people

2095

01:27:06,709 --> 01:27:04,679

asking the same thing do you believe

2096

01:27:10,850 --> 01:27:06,719

more witnesses will step forward

2097

01:27:13,729 --> 01:27:10,860

especially direct Witnesses yes

2098

01:27:15,169 --> 01:27:13,739

by the way I see something here and I

2099

01:27:17,149 --> 01:27:15,179

um

2100

01:27:19,490 --> 01:27:17,159

power of one says too much about making

2101  
01:27:21,830 --> 01:27:19,500  
money rather than getting the evidence I

2102  
01:27:23,990 --> 01:27:21,840  
I'm sorry you feel that way I I really

2103  
01:27:26,030 --> 01:27:24,000  
am I don't see anybody making a ton of

2104  
01:27:29,030 --> 01:27:26,040  
money off anything it takes money to

2105  
01:27:31,129 --> 01:27:29,040  
shoot things and to platform them and I

2106  
01:27:33,709 --> 01:27:31,139  
don't see anybody

2107  
01:27:36,050 --> 01:27:33,719  
making a lot of money I see people who

2108  
01:27:38,689 --> 01:27:36,060  
care about this topic doing the best

2109  
01:27:42,649 --> 01:27:38,699  
they can under difficult circumstances

2110  
01:27:45,649 --> 01:27:42,659  
and um and that's how I see it yeah

2111  
01:27:47,570 --> 01:27:45,659  
yep uh yeah I agree with that

2112  
01:27:50,149 --> 01:27:47,580  
well I want to Bryce I want to thank you

2113  
01:27:52,790 --> 01:27:50,159

so much it's been another wonderful

2114

01:27:55,310 --> 01:27:52,800

conversations we've had many and uh it's

2115

01:27:57,590 --> 01:27:55,320

been really enjoyable and the show again

2116

01:28:00,169 --> 01:27:57,600

the need to know uh the Youtube channel

2117

01:28:02,629 --> 01:28:00,179

everything is is down below in the text

2118

01:28:04,669 --> 01:28:02,639

and or in the show notes and check out

2119

01:28:06,950 --> 01:28:04,679

it's a great show I try not to miss them

2120

01:28:09,290 --> 01:28:06,960

and uh really enjoy what you and Ross

2121

01:28:11,629 --> 01:28:09,300

are doing together well we enjoy your

2122

01:28:13,490 --> 01:28:11,639

show and and again just like the guys

2123

01:28:15,229 --> 01:28:13,500

who said they were from o and I and just

2124

01:28:18,729 --> 01:28:15,239

like Dave grush you've been to my house

2125

01:28:21,410 --> 01:28:18,739

so there you go that's right

2126

01:28:23,450 --> 01:28:21,420

it's a beautiful place yes yeah well

2127

01:28:25,550 --> 01:28:23,460

thank you listen thanks so much for the

2128

01:28:27,410 --> 01:28:25,560

interview thank you to all of you for

2129

01:28:29,330 --> 01:28:27,420

your great comments I really appreciate

2130

01:28:31,729 --> 01:28:29,340

it and we're each learning a little bit

2131

01:28:34,790 --> 01:28:31,739

more all the time and and I look forward

2132

01:28:37,729 --> 01:28:34,800

to uh getting the answers so thanks

2133

01:28:39,950 --> 01:28:37,739

again yes very good take care

2134

01:28:42,830 --> 01:28:39,960

all right everyone so I don't know why

2135

01:28:44,930 --> 01:28:42,840

I'm not back here there it is uh so I'm

2136

01:28:48,050 --> 01:28:44,940

back next week with Richard solder now I

2137

01:28:49,669 --> 01:28:48,060

I had Glenn Richardson was scheduled for

2138

01:28:51,470 --> 01:28:49,679

this week but I thought it was it was

2139

01:28:54,350 --> 01:28:51,480

too important and that could happen

2140

01:28:55,669 --> 01:28:54,360

again depending if I get another very

2141

01:28:58,550 --> 01:28:55,679

important

2142

01:29:00,890 --> 01:28:58,560

um you know guest for next week so far I

2143

01:29:02,810 --> 01:29:00,900

have scheduled uh Richard souter he

2144

01:29:05,030 --> 01:29:02,820

should be on next week and I want to

2145

01:29:06,709 --> 01:29:05,040

thank everyone uh for watching and

2146

01:29:07,710 --> 01:29:06,719

listening and remember to keep your eyes

2147

01:29:18,960 --> 01:29:07,720

to the sky
