

REDACTUS

ARTIFACT FROM THE
NORTHWEST GEORGIA MOUNTAINS

The military and NSA share the identical mission of detecting
and future works on Americans. However, NSA has the additional
the information from sources to be used in subsequent

[Music]

2
00:00:41,720 --> 00:00:37,260

the artifact from the Northwest Georgia

3
00:00:43,190 --> 00:00:41,730

Mountains David Lloyd contacted me

4
00:00:46,639 --> 00:00:43,200

through the redacted website on

5
00:00:49,639 --> 00:00:46,649

September first 2014 he's a college

6
00:00:52,639 --> 00:00:49,649

student in his early 20s the initial

7
00:00:54,740 --> 00:00:52,649

message was long but essentially he

8
00:00:56,689 --> 00:00:54,750

wanted to share a story about a bizarre

9
00:00:58,549 --> 00:00:56,699

series of events that occurred to him

10
00:01:01,700 --> 00:00:58,559

his friends during the previous few

11
00:01:03,590 --> 00:01:01,710

months David and his friends April and

12
00:01:06,109 --> 00:01:03,600

Brandon were camping for the weekend in

13
00:01:07,789 --> 00:01:06,119

the Northwest Georgia Mountains this was

14

00:01:11,480 --> 00:01:07,799

approximately three months before he

15

00:01:12,980 --> 00:01:11,490

contacted me one of those nights they

16

00:01:15,140 --> 00:01:12,990

were sitting around a campfire when they

17

00:01:17,570 --> 00:01:15,150

noticed an eerie green strobing light

18

00:01:20,840 --> 00:01:17,580

illuminating the forest roughly 75 feet

19

00:01:24,140 --> 00:01:20,850

away from them pulsing intensified for

20

00:01:25,969 --> 00:01:24,150

10 seconds then abruptly stopped they

21

00:01:28,550 --> 00:01:25,979

look at each other kind of freaking out

22

00:01:31,520 --> 00:01:28,560

at this point but they were more curious

23

00:01:32,990 --> 00:01:31,530

than scared so David in April walks

24

00:01:35,840 --> 00:01:33,000

slowly toward the direction where the

25

00:01:38,120 --> 00:01:35,850

light had been Brandon was too nervous

26

00:01:40,429 --> 00:01:38,130

so he stayed by the fire

27

00:01:41,870 --> 00:01:40,439

the two braver friends got to the area

28

00:01:44,359 --> 00:01:41,880

where they thought the light must have

29

00:01:47,480 --> 00:01:44,369

been but they didn't see anything out of

30

00:01:50,240 --> 00:01:47,490

the ordinary he was completely dark and

31

00:01:52,399 --> 00:01:50,250

there was no moon that night so they

32

00:01:55,550 --> 00:01:52,409

were scanning all around relying on the

33

00:01:57,380 --> 00:01:55,560

life in their flashlights April noticed

34

00:02:00,679 --> 00:01:57,390

an opening in the site of a small rocky

35

00:02:03,020 --> 00:02:00,689

hill this little cave was covered by

36

00:02:04,669 --> 00:02:03,030

trees and brush she only noticed it

37

00:02:07,399 --> 00:02:04,679

because she saw something shimmer when

38

00:02:09,290 --> 00:02:07,409

she moved her light they pushed some of

39

00:02:12,380 --> 00:02:09,300

the brush aside and knelt down to look

40

00:02:16,009 --> 00:02:12,390

inside they both saw what looked like an

41

00:02:19,729 --> 00:02:16,019

emerald crystal a smooth green shimmery

42

00:02:22,280 --> 00:02:19,739

rock before David could stop her April

43

00:02:23,570 --> 00:02:22,290

reached in and grabbed it they both

44

00:02:26,839 --> 00:02:23,580

thought it was going to light up or

45

00:02:28,550 --> 00:02:26,849

something but nothing happened they

46

00:02:31,100 --> 00:02:28,560

examined it with their flashlights and

47

00:02:33,020 --> 00:02:31,110

saw that it was completely smooth on one

48

00:02:36,830 --> 00:02:33,030

side but the other side had engraved

49

00:02:38,479 --> 00:02:36,840

symbols like hieroglyphics April threw

50

00:02:40,819 --> 00:02:38,489

it into her backpack and they returned

51
00:02:42,050 --> 00:02:40,829
to camp the following night the three

52
00:02:44,809 --> 00:02:42,060
friends were sitting around the campfire

53
00:02:47,449 --> 00:02:44,819
again and probably around the same time

54
00:02:51,050 --> 00:02:47,459
as the previous night they saw that

55
00:02:53,870 --> 00:02:51,060
eerie green strobing but this time it

56
00:02:55,970 --> 00:02:53,880
was coming from April's backpack the

57
00:02:59,030 --> 00:02:55,980
artifact continued strange glowing every

58
00:03:00,740 --> 00:02:59,040
night at the same time David sent a

59
00:03:02,690 --> 00:03:00,750
letter to the archaeology department at

60
00:03:04,309 --> 00:03:02,700
West makin University thinking someone

61
00:03:07,490 --> 00:03:04,319
there might be able to identify or

62
00:03:09,530 --> 00:03:07,500
explain the object he received a reply a

63
00:03:11,599 --> 00:03:09,540

week later requesting that he mailed the

64

00:03:14,780 --> 00:03:11,609

artifact to the University so they could

65

00:03:16,250 --> 00:03:14,790

examine it and conduct testing Daniel

66

00:03:18,110 --> 00:03:16,260

and his friends were thrilled that the

67

00:03:19,460 --> 00:03:18,120

university was interested and they were

68

00:03:22,340 --> 00:03:19,470

happy to know that they might find out

69

00:03:23,990 --> 00:03:22,350

what this weird glowing stone was he

70

00:03:25,309 --> 00:03:24,000

gave April the address provided by the

71

00:03:27,949 --> 00:03:25,319

professor in the archaeology department

72

00:03:30,129 --> 00:03:27,959

and she promptly shipped the artifact to

73

00:03:32,990 --> 00:03:30,139

the University from her local UPS store

74

00:03:35,270 --> 00:03:33,000

two weeks went by and after hearing

75

00:03:36,800 --> 00:03:35,280

nothing from the university David called

76

00:03:38,580 --> 00:03:36,810

his contact in the archaeology

77

00:03:41,910 --> 00:03:38,590

department to get an update

78

00:03:43,410 --> 00:03:41,920

it wasn't good news the professor

79

00:03:45,479 --> 00:03:43,420

informed David that they were still

80

00:03:47,160 --> 00:03:45,489

waiting to receive the artifact they had

81

00:03:49,949 --> 00:03:47,170

just assumed that David hadn't gotten

82

00:03:52,320 --> 00:03:49,959

around to mailing it yet after that

83

00:03:53,759 --> 00:03:52,330

frustrating and confusing news David

84

00:03:55,440 --> 00:03:53,769

called April and told her to check the

85

00:03:59,430 --> 00:03:55,450

packages tracking number on the UPS

86

00:04:01,500 --> 00:03:59,440

website that didn't help the tracking

87

00:04:03,210 --> 00:04:01,510

number didn't work the website returned

88

00:04:04,800 --> 00:04:03,220

an error message stating that tracking

89

00:04:07,470 --> 00:04:04,810

information could not be displayed for

90

00:04:10,770 --> 00:04:07,480

the selected shipment and to call UPS

91

00:04:12,600 --> 00:04:10,780

for assistance April walk to that UPS

92

00:04:14,339 --> 00:04:12,610

store where she mailed a package to find

93

00:04:16,650 --> 00:04:14,349

out why it hadn't been delivered to the

94

00:04:20,069 --> 00:04:16,660

University and hopefully to find its

95

00:04:21,750 --> 00:04:20,079

whereabouts the teenage associate behind

96

00:04:23,610 --> 00:04:21,760

the counter looked at April's recede and

97

00:04:26,430 --> 00:04:23,620

punched the tracking number into the

98

00:04:28,650 --> 00:04:26,440

computer he looks confused for a few

99

00:04:31,140 --> 00:04:28,660

seconds then informed her that there was

100

00:04:33,450 --> 00:04:31,150

a notation in the computer at Homeland

101
00:04:36,600 --> 00:04:33,460
Security had flagged the shipment and

102
00:04:38,790 --> 00:04:36,610
seized the package as soon as she was

103
00:04:40,920 --> 00:04:38,800
outside the UPS store April got both

104
00:04:42,330 --> 00:04:40,930
David and Brandon on a video call to

105
00:04:45,540 --> 00:04:42,340
tell them about the seizure of their

106
00:04:48,570 --> 00:04:45,550
package by the feds naturally they were

107
00:04:52,200 --> 00:04:48,580
pretty weirded out by that and a little

108
00:04:54,330 --> 00:04:52,210
nervous too but interestingly Brandon

109
00:04:55,830 --> 00:04:54,340
the guy he was too afraid to go with

110
00:04:58,230 --> 00:04:55,840
David and April to investigate the

111
00:05:00,150 --> 00:04:58,240
strobing green light in the woods felt

112
00:05:03,120 --> 00:05:00,160
pissed off and he wanted to confront the

113
00:05:04,469 --> 00:05:03,130

feds and reclaim the artifact he told

114

00:05:06,390 --> 00:05:04,479

April and David that he was going to

115

00:05:10,140 --> 00:05:06,400

stop by the local Homeland Security

116

00:05:11,640 --> 00:05:10,150

office and demand an explanation David

117

00:05:14,760 --> 00:05:11,650

and April tried to talk him out of it

118

00:05:17,600 --> 00:05:14,770

but Brandon was adamant that was the

119

00:05:20,330 --> 00:05:17,610

last time they saw Brandon

120

00:05:22,459 --> 00:05:20,340

nobody knows what happened but brendan

121

00:05:24,499 --> 00:05:22,469

hasn't been seen or heard from in more

122

00:05:26,270 --> 00:05:24,509

than two years around the same time that

123

00:05:28,909 --> 00:05:26,280

Brandon went missing maybe a little

124

00:05:31,760 --> 00:05:28,919

before that April developed a burn or

125

00:05:34,100 --> 00:05:31,770

rash on both of her hands it got

126
00:05:36,260 --> 00:05:34,110
progressively worse and she also started

127
00:05:39,200 --> 00:05:36,270
experiencing health issues lots of

128
00:05:40,850 --> 00:05:39,210
nausea and vomiting the doctors

129
00:05:43,850 --> 00:05:40,860
concluded that her condition was likely

130
00:05:47,510 --> 00:05:43,860
due to radiation exposure she died two

131
00:05:50,269 --> 00:05:47,520
weeks later Brandon contacted me because

132
00:05:51,740 --> 00:05:50,279
he wanted redacted to tell a story but

133
00:05:53,809 --> 00:05:51,750
he also wanted to know if we had ever

134
00:05:56,149 --> 00:05:53,819
heard of anything like the smooth green

135
00:05:58,219 --> 00:05:56,159
rock like object with symbols on one

136
00:06:00,920 --> 00:05:58,229
side like the artifact he and his

137
00:06:02,420 --> 00:06:00,930
friends found in the woods he was also

138
00:06:04,550 --> 00:06:02,430

hopeful that we might be able to track

139

00:06:07,040 --> 00:06:04,560

down the artifact and facilitate the

140

00:06:09,379 --> 00:06:07,050

testing he April and Brandon attempted

141

00:06:12,040 --> 00:06:09,389

to have done to figure out what the hell

142

00:06:14,149 --> 00:06:12,050

it was his story did sound pretty crazy

143

00:06:16,369 --> 00:06:14,159

especially with the conspiratorial

144

00:06:18,409 --> 00:06:16,379

aspects but i did some basic

145

00:06:20,779 --> 00:06:18,419

investigating and i was able to confirm

146

00:06:23,959 --> 00:06:20,789

that Brandon did mysteriously go missing

147

00:06:27,290 --> 00:06:23,969

I also confirmed that April died shortly

148

00:06:28,820 --> 00:06:27,300

after that of course the associates at

149

00:06:31,909 --> 00:06:28,830

the UPS store had no useful information

150

00:06:34,369 --> 00:06:31,919

I can actually get a response from a

151

00:06:36,260 --> 00:06:34,379

spokesperson at Homeland Security but

152

00:06:39,170 --> 00:06:36,270

that response simply stated that they

153

00:06:42,999 --> 00:06:39,180

had no record of a C's package from the

154

00:06:45,649 --> 00:06:43,009

person place or time in question so

155

00:06:47,029 --> 00:06:45,659

unfortunately that's where the story of

156

00:06:49,630 --> 00:06:47,039

the artifact in the Northwest Georgia

157

00:06:55,340 --> 00:06:49,640

Mountains ends
