

CONGRESS

A PREVIEW OF

1  
00:00:00,150 --> 00:00:22,099

[Music]

2  
00:00:29,710 --> 00:00:26,450

hello friends and welcome to unknown

3  
00:00:32,409 --> 00:00:29,720

[Music]

4  
00:00:33,060 --> 00:00:32,419

I'm Jason McClellan thanks for hanging

5  
00:00:36,100 --> 00:00:33,070

out with me

6  
00:00:38,470 --> 00:00:36,110

it's mid-january and that means the

7  
00:00:41,380 --> 00:00:38,480

International UFO Congress is right

8  
00:00:43,180 --> 00:00:41,390

around the corner the International UFO

9  
00:00:46,290 --> 00:00:43,190

Congress is a long-running UFO

10  
00:00:49,720 --> 00:00:46,300

conference that's entering its 27th year

11  
00:00:53,319 --> 00:00:49,730

as far as annual conferences focused on

12  
00:00:54,090 --> 00:00:53,329

UFOs go this one has been the best in my

13  
00:00:57,880 --> 00:00:54,100

opinion

14

00:00:59,290 --> 00:00:57,890

yeah I'm probably biased because we had

15

00:01:01,569 --> 00:00:59,300

rogue planet were part of the

16

00:01:05,140 --> 00:01:01,579

conference's organization and management

17

00:01:07,750 --> 00:01:05,150

team for many years but still this is a

18

00:01:10,060 --> 00:01:07,760

five-day conference filled with more

19

00:01:13,000 --> 00:01:10,070

than 20 presentations on a variety of

20

00:01:14,649 --> 00:01:13,010

UFO related topics the International UFO

21

00:01:17,020 --> 00:01:14,659

Congress is under new ownership this

22

00:01:19,300 --> 00:01:17,030

year but promises to deliver the same

23

00:01:21,429 --> 00:01:19,310

experience people have come to expect at

24

00:01:23,320 --> 00:01:21,439

the event to give you a little preview

25

00:01:25,840 --> 00:01:23,330

of this year's conference I recently

26

00:01:30,999 --> 00:01:25,850

spoke with Alejandro Rojas the events

27

00:01:31,810 --> 00:01:31,009

emcee and one of its organizers mr.

28

00:01:34,600 --> 00:01:31,820

Rojas

29

00:01:38,890 --> 00:01:34,610

I am giddy to be chatting with you right

30

00:01:41,050 --> 00:01:38,900

now because I don't know if if you feel

31

00:01:43,540 --> 00:01:41,060

the same way but I to me it seems like

32

00:01:48,399 --> 00:01:43,550

every time we're on the mic together we

33

00:01:52,930 --> 00:01:48,409

caused trouble yeah lots of trouble lots

34

00:01:55,090 --> 00:01:52,940

of fun though - yeah yeah yeah it was

35

00:01:56,230 --> 00:01:55,100

it's always fun being on the air with

36

00:01:58,930 --> 00:01:56,240

you you were one of my favorite people

37

00:02:01,660 --> 00:01:58,940

to talk to well you know I I do miss our

38

00:02:03,880 --> 00:02:01,670

good old days on open minds UFO radio we

39

00:02:05,770 --> 00:02:03,890

did get into quite a bit of trouble on

40

00:02:08,169 --> 00:02:05,780

that show together it was good times

41

00:02:09,999 --> 00:02:08,179

it's almost impossible not to get in

42

00:02:12,399 --> 00:02:10,009

trouble just sharing your an opinion

43

00:02:14,199 --> 00:02:12,409

that's right now they cause a lot of

44

00:02:16,479 --> 00:02:14,209

people do that's right unfortunately you

45

00:02:19,930 --> 00:02:16,489

and I never never really fought all that

46

00:02:25,270 --> 00:02:19,940

much we got heated sometimes but yeah

47

00:02:27,520 --> 00:02:25,280

not really even if we disagree yeah yeah

48

00:02:29,800 --> 00:02:27,530

well yeah neither of us are that type of

49

00:02:32,440 --> 00:02:29,810

person that's right all he did and

50

00:02:34,360 --> 00:02:32,450

everything and usually we were in the

51  
00:02:37,870 --> 00:02:34,370  
same room together so we just like make

52  
00:02:39,970 --> 00:02:37,880  
faces at each other yeah exactly well

53  
00:02:43,330 --> 00:02:39,980  
buddy I am happy to have you on today

54  
00:02:45,940 --> 00:02:43,340  
because you are the man to talk to

55  
00:02:48,670 --> 00:02:45,950  
when it comes to the International UFO

56  
00:02:52,479 --> 00:02:48,680  
Congress and is surprising it as as it

57  
00:02:55,150 --> 00:02:52,489  
is it's almost Congress time I know time

58  
00:02:56,800 --> 00:02:55,160  
flies it's crazy it just seems like a

59  
00:02:59,800 --> 00:02:56,810  
few months ago that we wrapped up the

60  
00:03:03,070 --> 00:02:59,810  
last one here we are again right in the

61  
00:03:04,509 --> 00:03:03,080  
heat of it you know I bet yeah it's it's

62  
00:03:08,229 --> 00:03:04,519  
sneaking up this time of year always

63  
00:03:11,199 --> 00:03:08,239

comes so fast and so I wanted to have

64

00:03:13,270 --> 00:03:11,209

you on today to kind of talk about this

65

00:03:16,360 --> 00:03:13,280

event with you because you are the man

66

00:03:18,729 --> 00:03:16,370

to talk to you about this and I'm sure

67

00:03:20,440 --> 00:03:18,739

that most people interested in UFOs and

68

00:03:22,570 --> 00:03:20,450

certainly people who listen to UFO

69

00:03:24,490 --> 00:03:22,580

podcasts are probably familiar with the

70

00:03:26,590 --> 00:03:24,500

International UFO Congress at this point

71

00:03:28,660 --> 00:03:26,600

but for people who might not be familiar

72

00:03:31,720 --> 00:03:28,670

with it or you know haven't attended

73

00:03:35,320 --> 00:03:31,730

this conference before what is the

74

00:03:39,940 --> 00:03:35,330

international UFO Congress it is the

75

00:03:42,640 --> 00:03:39,950

largest UFO centered event in the

76  
00:03:44,050 --> 00:03:42,650  
country perhaps more I mean we've got a

77  
00:03:46,330 --> 00:03:44,060  
competition but I think you know we're

78  
00:03:48,640 --> 00:03:46,340  
more UFO centered than anything else and

79  
00:03:50,920 --> 00:03:48,650  
we are confident a conference in the way

80  
00:03:53,470 --> 00:03:50,930  
a traditional you know you go to a hotel

81  
00:03:58,770 --> 00:03:53,480  
you listen to lectures we just do one at

82  
00:04:01,330 --> 00:03:58,780  
a time and and we still no one has been

83  
00:04:04,870 --> 00:04:01,340  
given the Guinness world record for the

84  
00:04:08,620 --> 00:04:04,880  
largest conference since we have in 2014

85  
00:04:10,930 --> 00:04:08,630  
so we still hold that that title the

86  
00:04:12,490 --> 00:04:10,940  
guest world record holding a conference

87  
00:04:15,400 --> 00:04:12,500  
for largest UFO conference in the world

88  
00:04:18,340 --> 00:04:15,410

that's super cool and I mean it's it's

89

00:04:20,409 --> 00:04:18,350

hard to wrap your head around just what

90

00:04:23,080 --> 00:04:20,419

a monster of an event this is because

91

00:04:26,320 --> 00:04:23,090

there are so many speakers people there

92

00:04:27,760 --> 00:04:26,330

giving lectures yeah other conferences

93

00:04:31,120 --> 00:04:27,770

you know would you typically last a

94

00:04:34,090 --> 00:04:31,130

weekend and even then maybe they try to

95

00:04:35,830 --> 00:04:34,100

pack in as much as they can which can be

96

00:04:38,020 --> 00:04:35,840

kind of a bummer because then you don't

97

00:04:40,900 --> 00:04:38,030

get as much time to mingle and talk with

98

00:04:43,360 --> 00:04:40,910

one another or they just don't have very

99

00:04:45,219 --> 00:04:43,370

many speakers and so the beauty of this

100

00:04:47,680 --> 00:04:45,229

one being five days is that you have a

101  
00:04:49,990 --> 00:04:47,690  
ton of speakers but we also have a ton

102  
00:04:52,120 --> 00:04:50,000  
of time for people to interact with each

103  
00:04:54,040 --> 00:04:52,130  
other and that's always been a really

104  
00:04:56,279 --> 00:04:54,050  
important part of this conference and

105  
00:04:58,200 --> 00:04:56,289  
not just for

106  
00:05:01,409 --> 00:04:58,210  
people to interact with each other but

107  
00:05:04,529 --> 00:05:01,419  
also for people who do work in this

108  
00:05:06,329 --> 00:05:04,539  
field to interact with each other so we

109  
00:05:08,959 --> 00:05:06,339  
have a lot of people coming to the

110  
00:05:11,219 --> 00:05:08,969  
conference who you know aren't even

111  
00:05:13,260 --> 00:05:11,229  
speakers but art like Stanton Friedman

112  
00:05:15,119 --> 00:05:13,270  
or kathleen mart and who come to the

113  
00:05:16,980 --> 00:05:15,129

event every year and so you can talk

114

00:05:19,489 --> 00:05:16,990

with them and and they get to interact

115

00:05:23,850 --> 00:05:19,499

with their colleagues and everything so

116

00:05:26,609 --> 00:05:23,860

yeah it's an exciting time you know when

117

00:05:29,639 --> 00:05:26,619

you and I first when we brought it to

118

00:05:31,230 --> 00:05:29,649

Arizona we didn't know how it would go

119

00:05:33,779 --> 00:05:31,240

and we wanted to keep the tradition of

120

00:05:36,299 --> 00:05:33,789

what the conference was and luckily it's

121

00:05:37,649 --> 00:05:36,309

continued to do well and grow I mean

122

00:05:39,809 --> 00:05:37,659

it's a lot bigger than it used to be

123

00:05:41,189 --> 00:05:39,819

yeah definitely you know I'm so glad you

124

00:05:43,859 --> 00:05:41,199

brought up that point of the social

125

00:05:45,179 --> 00:05:43,869

aspect because you know I think if you

126  
00:05:47,670 --> 00:05:45,189  
have an experience that a lot of people

127  
00:05:50,070 --> 00:05:47,680  
are familiar that that's such an

128  
00:05:52,559 --> 00:05:50,080  
important aspect of a conference like

129  
00:05:54,149 --> 00:05:52,569  
this you know some people say why would

130  
00:05:56,129 --> 00:05:54,159  
I go to a conference I've heard these

131  
00:05:58,980 --> 00:05:56,139  
people give that lecture before or they

132  
00:06:01,649 --> 00:05:58,990  
talk about it all the time online or why

133  
00:06:04,439 --> 00:06:01,659  
can't I stream this online and just

134  
00:06:06,029 --> 00:06:04,449  
watch it from my computer you know all

135  
00:06:07,980 --> 00:06:06,039  
those things are great and yes if you're

136  
00:06:09,779 --> 00:06:07,990  
just after like give me the information

137  
00:06:11,699 --> 00:06:09,789  
I want it now and I'm done that's that's

138  
00:06:14,699 --> 00:06:11,709

fine you know you can get that elsewhere

139

00:06:17,129 --> 00:06:14,709

but the real value of an event like this

140

00:06:19,110 --> 00:06:17,139

I think is that social interaction you

141

00:06:21,570 --> 00:06:19,120

can't get that anywhere else and you get

142

00:06:24,059 --> 00:06:21,580

that real sense of community there and

143

00:06:26,639 --> 00:06:24,069

it's just so cool walking down those

144

00:06:28,709 --> 00:06:26,649

halls seeing all these researchers and

145

00:06:31,379 --> 00:06:28,719

just like minded people people who were

146

00:06:33,899 --> 00:06:31,389

so enthusiastic and excited to have

147

00:06:36,239 --> 00:06:33,909

conversations to hear what others have

148

00:06:38,369 --> 00:06:36,249

to say I think it's so important and I

149

00:06:40,109 --> 00:06:38,379

highly encourage people to check out a

150

00:06:43,109 --> 00:06:40,119

conference this conference in particular

151  
00:06:45,509 --> 00:06:43,119  
for nothing you know if for nothing more

152  
00:06:47,730 --> 00:06:45,519  
than that for that sense of community

153  
00:06:50,219 --> 00:06:47,740  
and just having conversations with

154  
00:06:51,570 --> 00:06:50,229  
people and one thing I want to talk

155  
00:06:54,420 --> 00:06:51,580  
about because this was an experience

156  
00:06:57,119 --> 00:06:54,430  
that we had together it's just the venue

157  
00:06:59,609 --> 00:06:57,129  
is is remarkable it's so gorgeous and

158  
00:07:02,100 --> 00:06:59,619  
nice and it was funny because when you

159  
00:07:04,439 --> 00:07:02,110  
and I when they they asked us to come to

160  
00:07:07,409 --> 00:07:04,449  
a visit their rates were just way too

161  
00:07:09,480 --> 00:07:07,419  
high yes but we did it twofold because

162  
00:07:10,110 --> 00:07:09,490  
it's so nice out there plus we figured

163  
00:07:13,290 --> 00:07:10,120

we get a free

164

00:07:15,420 --> 00:07:13,300

lunch out of it and at the end you know

165

00:07:18,090 --> 00:07:15,430

we said well we've got an offer that's

166

00:07:21,450 --> 00:07:18,100

way way way lower than what you've got

167

00:07:22,710 --> 00:07:21,460

right unless you can match that then I

168

00:07:26,129 --> 00:07:22,720

think we're gonna go with the other one

169

00:07:29,040 --> 00:07:26,139

and to our surprise they matched it

170

00:07:31,500 --> 00:07:29,050

right which would ya very much a

171

00:07:36,000 --> 00:07:31,510

surprise because it's a ridiculously

172

00:07:38,659 --> 00:07:36,010

nice resort mm-hmm and the desert is

173

00:07:41,280 --> 00:07:38,669

hard to be it is just beautiful desert

174

00:07:42,629 --> 00:07:41,290

and that's something you experience if

175

00:07:45,000 --> 00:07:42,639

you go to this conference because you

176  
00:07:46,560 --> 00:07:45,010  
are right there in the heart of it so

177  
00:07:48,810 --> 00:07:46,570  
before we get into some of the the other

178  
00:07:52,050 --> 00:07:48,820  
aspects of the conference and what it

179  
00:07:55,170 --> 00:07:52,060  
has to offer let's dive into some of the

180  
00:07:57,990 --> 00:07:55,180  
people you have coming this year again

181  
00:07:59,430 --> 00:07:58,000  
like I said a massive lineup because

182  
00:08:02,520 --> 00:07:59,440  
that's something that the Congress has

183  
00:08:05,909 --> 00:08:02,530  
always had what is it something like 25

184  
00:08:13,710 --> 00:08:05,919  
speakers yeah I think right now we've

185  
00:08:16,589 --> 00:08:13,720  
got 25 that we're at yeah 20 well it

186  
00:08:19,560 --> 00:08:16,599  
depends on who you include it's more

187  
00:08:21,150 --> 00:08:19,570  
along the lines of 22 actual speakers

188  
00:08:23,550 --> 00:08:21,160

but then we have people like Ben Hansen

189

00:08:27,480 --> 00:08:23,560

who do the Sky Watch in a von Smith who

190

00:08:31,529 --> 00:08:27,490

hosts the abduction panel and then me

191

00:08:33,449 --> 00:08:31,539

who MCS right and the panel discussions

192

00:08:36,180 --> 00:08:33,459

are always cool too and let's highlight

193

00:08:39,420 --> 00:08:36,190

that for a minute because you know

194

00:08:43,350 --> 00:08:39,430

Travis Walton is somebody who has spoken

195

00:08:45,360 --> 00:08:43,360

at this event several times but for

196

00:08:49,050 --> 00:08:45,370

people who want to poopoo that and say

197

00:08:51,240 --> 00:08:49,060

oh Chavez Walton I've heard it before he

198

00:08:55,740 --> 00:08:51,250

manages to and certainly at this event

199

00:08:59,310 --> 00:08:55,750

he's managed to bring new elements to

200

00:09:02,310 --> 00:08:59,320

the Travis Walton case you know I know

201  
00:09:04,110 --> 00:09:02,320  
when when we had a Travis panel there

202  
00:09:06,750 --> 00:09:04,120  
were people there you know his

203  
00:09:09,180 --> 00:09:06,760  
colleagues who were present when the

204  
00:09:11,610 --> 00:09:09,190  
incident occurred and having them on a

205  
00:09:13,440 --> 00:09:11,620  
panel and hearing them verify the story

206  
00:09:15,210 --> 00:09:13,450  
and talk about their you know what was

207  
00:09:18,060 --> 00:09:15,220  
going through their own minds hearing

208  
00:09:19,940 --> 00:09:18,070  
that stuff is just an unreal experience

209  
00:09:22,079 --> 00:09:19,950  
for anybody

210  
00:09:23,970 --> 00:09:22,089  
you know who knows anything about the

211  
00:09:26,400 --> 00:09:23,980  
case and you're doing it again this

212  
00:09:28,710 --> 00:09:26,410  
with something new yeah that's what's

213  
00:09:31,020 --> 00:09:28,720

funny is that there are often speakers

214

00:09:32,820 --> 00:09:31,030

where people will say oh not him again

215

00:09:34,800 --> 00:09:32,830

but you know what we've never had that

216

00:09:37,590 --> 00:09:34,810

with Travis you know he's pretty much

217

00:09:40,350 --> 00:09:37,600

we've had a policy where we don't ask

218

00:09:42,360 --> 00:09:40,360

someone back the next couple years

219

00:09:44,580 --> 00:09:42,370

you know we typically like to wait at

220

00:09:47,280 --> 00:09:44,590

least three years or you know before we

221

00:09:49,470 --> 00:09:47,290

have someone bash or the only one that

222

00:09:52,950 --> 00:09:49,480

we haven't done that with we used to

223

00:09:57,000 --> 00:09:52,960

have jaime mmm you know but you know

224

00:09:58,890 --> 00:09:57,010

well honestly I had issues I don't know

225

00:10:00,720 --> 00:09:58,900

would want to admit whether or not you

226

00:10:02,370 --> 00:10:00,730

had issues with some of because we would

227

00:10:05,880 --> 00:10:02,380

write stories about a lot of the cases

228

00:10:07,890 --> 00:10:05,890

and you know write about how it was

229

00:10:10,380 --> 00:10:07,900

figured out what this or that was right

230

00:10:12,660 --> 00:10:10,390

yeah I'm with you and then that would be

231

00:10:15,270 --> 00:10:12,670

a big big highlighted component of his

232

00:10:18,360 --> 00:10:15,280

presentation come on come on

233

00:10:22,920 --> 00:10:18,370

luckily his antics caught up with him

234

00:10:25,260 --> 00:10:22,930

and so he's no longer a regular but

235

00:10:27,420 --> 00:10:25,270

Travis has been because he's local yeah

236

00:10:29,850 --> 00:10:27,430

and there's so much to the story and

237

00:10:32,190 --> 00:10:29,860

people want to hear more more more and

238

00:10:34,950 --> 00:10:32,200

more and this year's great so these are

239

00:10:36,840 --> 00:10:34,960

two people that actually my girlfriend

240

00:10:38,850 --> 00:10:36,850

Karen she helped run the 40th

241

00:10:40,620 --> 00:10:38,860

anniversary for she ran it for Travis

242

00:10:44,130 --> 00:10:40,630

Walton let's run an event out in the

243

00:10:46,320 --> 00:10:44,140

woods a small event and to do that she

244

00:10:48,870 --> 00:10:46,330

researched and she was able to find the

245

00:10:51,120 --> 00:10:48,880

police officer who was on the scene

246

00:10:53,310 --> 00:10:51,130

first so when those guys were freaked

247

00:10:55,620 --> 00:10:53,320

out they couldn't find Travis after they

248

00:10:59,160 --> 00:10:55,630

they saw this craft and everything they

249

00:11:01,080 --> 00:10:59,170

called the cops they got the dispatch

250

00:11:03,180 --> 00:11:01,090

told okay go to this parking lot and

251  
00:11:06,510 --> 00:11:03,190  
we'll have an officer meet you that

252  
00:11:08,730 --> 00:11:06,520  
officer was Chuck Ellison and the first

253  
00:11:12,540 --> 00:11:08,740  
time he had singing any of these guys so

254  
00:11:14,820 --> 00:11:12,550  
first time he had met Travis at all and

255  
00:11:17,910 --> 00:11:14,830  
seen any of these guys since event had

256  
00:11:20,130 --> 00:11:17,920  
occurred was at that event a few a

257  
00:11:23,160 --> 00:11:20,140  
couple years ago for the anniversary and

258  
00:11:25,440 --> 00:11:23,170  
he was just great he was really cool it

259  
00:11:28,560 --> 00:11:25,450  
was really interesting and to speak to

260  
00:11:30,210 --> 00:11:28,570  
the credibility of the case nobody knew

261  
00:11:32,190 --> 00:11:30,220  
what he was gonna say he could have said

262  
00:11:34,080 --> 00:11:32,200  
oh I knew from the moment I sat laid

263  
00:11:37,020 --> 00:11:34,090

eyes on these guys they were full of it

264

00:11:39,330 --> 00:11:37,030

so nobody knew what he was gonna say

265

00:11:42,090 --> 00:11:39,340

so it was really cool to hear him speak

266

00:11:42,900 --> 00:11:42,100

he can he's just down-to-earth and he

267

00:11:44,610 --> 00:11:42,910

just makes sense

268

00:11:45,870 --> 00:11:44,620

people ask him tough questions why

269

00:11:48,030 --> 00:11:45,880

didn't you guys do this why didn't you

270

00:11:50,100 --> 00:11:48,040

guys do that as police officers and he

271

00:11:52,200 --> 00:11:50,110

says here's why here's why we did what

272

00:11:54,300 --> 00:11:52,210

we did and here's what I felt about

273

00:11:56,370 --> 00:11:54,310

things so I don't want to reveal kind of

274

00:11:58,380 --> 00:11:56,380

for people exactly all the details I've

275

00:12:00,630 --> 00:11:58,390

seen the video online but really cool

276

00:12:03,390 --> 00:12:00,640

and then so that's really interesting

277

00:12:05,070 --> 00:12:03,400

the other one is his brother his brother

278

00:12:06,990 --> 00:12:05,080

I don't think he's ever talked before in

279

00:12:09,030 --> 00:12:07,000

a public manner except for at that

280

00:12:11,070 --> 00:12:09,040

anniversary thing again Karen was able

281

00:12:12,960 --> 00:12:11,080

to tuck him into that and now they're

282

00:12:14,900 --> 00:12:12,970

both he's also coming to the event and

283

00:12:18,180 --> 00:12:14,910

his brother has a really interesting

284

00:12:20,640 --> 00:12:18,190

story because what happened when Travis

285

00:12:22,560 --> 00:12:20,650

was gone is this media frenzy people are

286

00:12:24,360 --> 00:12:22,570

you know mobbing their home and

287

00:12:27,120 --> 00:12:24,370

everything like you see on television it

288

00:12:28,770 --> 00:12:27,130

was just insanity and so that that

289

00:12:31,830 --> 00:12:28,780

aspect of the story that he has to share

290

00:12:33,690 --> 00:12:31,840

is also very very interesting and it

291

00:12:35,460 --> 00:12:33,700

adds a lot to the case and the

292

00:12:36,930 --> 00:12:35,470

credibility of the case and that's

293

00:12:38,990 --> 00:12:36,940

what's fascinating about this case

294

00:12:41,820 --> 00:12:39,000

knowing Travis knowing these witnesses

295

00:12:44,370 --> 00:12:41,830

the more you find out in the more you

296

00:12:46,920 --> 00:12:44,380

know to me the more credibility this

297

00:12:49,710 --> 00:12:46,930

case gets so this is going to be a lot

298

00:12:53,550 --> 00:12:49,720

of fun and you know that's also

299

00:12:55,950 --> 00:12:53,560

something else it just one of my pet

300

00:12:58,350 --> 00:12:55,960

peeves with the UFO research field is

301

00:13:02,760 --> 00:12:58,360

just the the quickness with which many

302

00:13:05,070 --> 00:13:02,770

people dismiss old cases you know they

303

00:13:06,660 --> 00:13:05,080

think oh it happened in the past I've

304

00:13:10,320 --> 00:13:06,670

heard all the information there is to

305

00:13:12,240 --> 00:13:10,330

hear about it kind of done move on don't

306

00:13:14,900 --> 00:13:12,250

want to hear about it again but let's

307

00:13:18,000 --> 00:13:14,910

take Travis's case in particular and

308

00:13:20,130 --> 00:13:18,010

look how much a new information has come

309

00:13:23,220 --> 00:13:20,140

out just in recent years I mean this is

310

00:13:24,930 --> 00:13:23,230

a case that continues to evolve yeah for

311

00:13:26,850 --> 00:13:24,940

instance the hearing from these two

312

00:13:29,340 --> 00:13:26,860

people you haven't heard this before

313

00:13:32,700 --> 00:13:29,350

exactly maybe you were at that event and

314

00:13:34,380 --> 00:13:32,710

you heard some yeah but that was the

315

00:13:36,870 --> 00:13:34,390

first time anybody had heard any of this

316

00:13:38,490 --> 00:13:36,880

and now at this event now that some of

317

00:13:39,990 --> 00:13:38,500

us have experience with knowing what

318

00:13:42,630 --> 00:13:40,000

they had talked about we can even

319

00:13:44,520 --> 00:13:42,640

explore more and hear more information

320

00:13:46,290 --> 00:13:44,530

that just never been heard about this

321

00:13:48,390 --> 00:13:46,300

event that's so cool

322

00:13:49,670 --> 00:13:48,400

well good job with that one that one's

323

00:13:53,960 --> 00:13:49,680

super exciting

324

00:13:58,010 --> 00:13:53,970

another very exciting element for this

325

00:13:59,329 --> 00:13:58,020

year's event is the International aspect

326

00:14:01,010 --> 00:13:59,339

and you know that's always been

327

00:14:04,880 --> 00:14:01,020

something of the International UFO

328

00:14:08,060 --> 00:14:04,890

Congress but it's definitely present

329

00:14:11,630 --> 00:14:08,070

this year and somebody who have coming

330

00:14:15,230 --> 00:14:11,640

is Hawk town octagon and he's fantastic

331

00:14:17,060 --> 00:14:15,240

for nothing other than his his name like

332

00:14:19,010 --> 00:14:17,070

it's fun to say his name I don't octagon

333

00:14:20,840 --> 00:14:19,020

like I can't wait till you get to get on

334

00:14:23,840 --> 00:14:20,850

stage and introduce Hawk town octagon

335

00:14:25,519 --> 00:14:23,850

yeah yeah he's cool - yeah yeah I know

336

00:14:27,620 --> 00:14:25,529

you've met him he spoke at the

337

00:14:30,860 --> 00:14:27,630

conference before we had it right when

338

00:14:32,450 --> 00:14:30,870

you know you and I went back when they

339

00:14:35,090 --> 00:14:32,460

had it and Laughlin the previous owners

340

00:14:36,800 --> 00:14:35,100

and a really cool guy really interesting

341

00:14:39,019 --> 00:14:36,810

stuff he's done some important stuff

342

00:14:41,000 --> 00:14:39,029

there in Turkey right so we were lucky

343

00:14:43,100 --> 00:14:41,010

to get him and really it's just been

344

00:14:45,530 --> 00:14:43,110

luck it's hard to get international

345

00:14:47,930 --> 00:14:45,540

people because they're expensive yep and

346

00:14:49,760 --> 00:14:47,940

the coordination is really difficult and

347

00:14:52,519 --> 00:14:49,770

this event you know to your point

348

00:14:54,500 --> 00:14:52,529

earlier it costs tens of thousands of

349

00:14:56,900 --> 00:14:54,510

dollars if people saw the size of these

350

00:14:59,570 --> 00:14:56,910

bills right their jaws would drop that's

351

00:15:02,420 --> 00:14:59,580

why we can't give it all out for free

352

00:15:05,210 --> 00:15:02,430

I mean and there's a lot of money on the

353

00:15:07,340 --> 00:15:05,220

line so luckily this year we've been

354

00:15:09,620 --> 00:15:07,350

able to get a few great international

355

00:15:11,600 --> 00:15:09,630

people yeah that's great and like I said

356

00:15:14,390 --> 00:15:11,610

more times than not it just comes down

357

00:15:16,699 --> 00:15:14,400

to to luck and things just happening to

358

00:15:18,410 --> 00:15:16,709

align at the right time mmm-hmm that's

359

00:15:20,390 --> 00:15:18,420

cool and you got Robbie Graham - Robbie

360

00:15:22,610 --> 00:15:20,400

Graham is always fun cool to see him

361

00:15:25,610 --> 00:15:22,620

coming yeah that's super exciting

362

00:15:28,640 --> 00:15:25,620

because he keeps you know he's been a

363

00:15:30,290 --> 00:15:28,650

big splash at least in two UFO

364

00:15:32,090 --> 00:15:30,300

researchers who have seen us work and

365

00:15:33,710 --> 00:15:32,100

everything and then you know he released

366

00:15:36,740 --> 00:15:33,720

his book I think you're in the book

367

00:15:39,019 --> 00:15:36,750

right I am NOT I I was in the initial

368

00:15:40,850 --> 00:15:39,029

stages of the book but no I'm not part

369

00:15:42,400 --> 00:15:40,860

of the book but so many so many people

370

00:15:45,650 --> 00:15:42,410

are in this book but the Corey buddy

371

00:15:47,300 --> 00:15:45,660

Ryan Sprague is yeah for sure a great

372

00:15:49,010 --> 00:15:47,310

bishop who spoke Lasher he's a great

373

00:15:51,769 --> 00:15:49,020

right he's going to be at the conference

374

00:15:54,019 --> 00:15:51,779

because he's in the book and this is a

375

00:15:56,540 --> 00:15:54,029

chance for a lot of people to meet

376

00:15:58,430 --> 00:15:56,550

Robbie because we many of us haven't met

377

00:16:00,110 --> 00:15:58,440

him because he's out in the UK and I

378

00:16:03,350 --> 00:16:00,120

don't know that he's ever even spoken

379

00:16:06,139 --> 00:16:03,360

and at a conference so I was really

380

00:16:07,430 --> 00:16:06,149

excited when he accepted because I know

381

00:16:10,250 --> 00:16:07,440

he's been playing with the idea of

382

00:16:12,650 --> 00:16:10,260

moving on from the UFO field sure who

383

00:16:14,420 --> 00:16:12,660

knows if he will or not but he kind of

384

00:16:16,910 --> 00:16:14,430

felt like maybe this could be a last

385

00:16:19,190 --> 00:16:16,920

hurrah when it comes to UFOs right and

386

00:16:21,139 --> 00:16:19,200

why not do it at that the biggest event

387

00:16:24,019 --> 00:16:21,149

so I think he's going to be very

388

00:16:26,780 --> 00:16:24,029

controversial what he has to say but

389

00:16:28,880 --> 00:16:26,790

that's always fun controversies not a

390

00:16:30,860 --> 00:16:28,890

bad thing of course we often have it at

391

00:16:34,430 --> 00:16:30,870

the conference and it responds a lot of

392

00:16:37,610 --> 00:16:34,440

discussion and debate and creates a vibe

393

00:16:40,100 --> 00:16:37,620

and an energy that but becomes fun

394

00:16:43,130 --> 00:16:40,110

absolutely I mean you and I talked about

395

00:16:45,019 --> 00:16:43,140

this so often but the goal of the

396

00:16:47,870 --> 00:16:45,029

conference isn't to put together a

397

00:16:49,370 --> 00:16:47,880

church where people come in you know

398

00:16:51,769 --> 00:16:49,380

preach to the choir and Pat each other

399

00:16:54,110 --> 00:16:51,779

on the back and you know all is its its

400

00:16:56,690 --> 00:16:54,120

presenting different ideas and hearing

401  
00:16:59,810 --> 00:16:56,700  
other viewpoints and having civil

402  
00:17:02,509 --> 00:16:59,820  
discussion exactly and you know

403  
00:17:05,299 --> 00:17:02,519  
certainly there's a lot of speakers here

404  
00:17:07,250 --> 00:17:05,309  
that you know I'm not the only one who

405  
00:17:13,309 --> 00:17:07,260  
decides who the speakers are nor have I

406  
00:17:16,150 --> 00:17:13,319  
ever been sure you know but so even the

407  
00:17:18,829 --> 00:17:16,160  
people though that I do want to bring

408  
00:17:21,890 --> 00:17:18,839  
it's because it's to present people who

409  
00:17:24,169 --> 00:17:21,900  
are doing real genuine and from research

410  
00:17:26,900 --> 00:17:24,179  
I think people whose hearts in their

411  
00:17:28,880 --> 00:17:26,910  
hearts they believe that they are trying

412  
00:17:30,320 --> 00:17:28,890  
to figure out this mystery and they're

413  
00:17:32,000 --> 00:17:30,330

not trying to fool people they're just

414

00:17:34,970 --> 00:17:32,010

trying to research and get information

415

00:17:37,100 --> 00:17:34,980

out and even and many of those these

416

00:17:40,370 --> 00:17:37,110

people we disagree with I think you and

417

00:17:44,380 --> 00:17:40,380

I luckily have similar views but not on

418

00:17:47,210 --> 00:17:44,390

everything right nobody does and so

419

00:17:49,130 --> 00:17:47,220

that's one aspect of this yeah is just

420

00:17:52,430 --> 00:17:49,140

bringing as many different voices and

421

00:17:54,289 --> 00:17:52,440

points of view as possible so a quick

422

00:17:57,110 --> 00:17:54,299

sidenote you know and you can certainly

423

00:18:00,260 --> 00:17:57,120

include people from this upcoming event

424

00:18:02,780 --> 00:18:00,270

too but do you have a favorite person

425

00:18:05,450 --> 00:18:02,790

you can single out is like in your mind

426

00:18:08,620 --> 00:18:05,460

to you personally the most exciting

427

00:18:11,120 --> 00:18:08,630

person that we or others have managed to

428

00:18:16,490 --> 00:18:11,130

bring to the International UFO Congress

429

00:18:18,200 --> 00:18:16,500

Congress hmm that is a really tough

430

00:18:20,270 --> 00:18:18,210

and I don't know if I have an answer for

431

00:18:24,830 --> 00:18:20,280

myself either you know it's hard to yeah

432

00:18:26,060 --> 00:18:24,840

to not you know consider Bob Lazar in

433

00:18:28,700 --> 00:18:26,070

that just because that was such a

434

00:18:30,260 --> 00:18:28,710

historical event being able to bring Bob

435

00:18:32,960 --> 00:18:30,270

to the conference

436

00:18:35,150 --> 00:18:32,970

you know then we had Richard Hoover NASA

437

00:18:37,010 --> 00:18:35,160

astrobiologist yeah got on stage and

438

00:18:39,410 --> 00:18:37,020

said we found extraterrestrial life many

439

00:18:41,150 --> 00:18:39,420

times over so that was really cool and

440

00:18:42,800 --> 00:18:41,160

that was your work you were able to get

441

00:18:44,750 --> 00:18:42,810

him to come that was that that was a big

442

00:18:47,510 --> 00:18:44,760

that was totes to me that was huge

443

00:18:50,030 --> 00:18:47,520

that's definitely one at the top so yeah

444

00:18:51,950 --> 00:18:50,040

so that that's a top one but it's really

445

00:18:54,170 --> 00:18:51,960

hard to say

446

00:18:57,230 --> 00:18:54,180

for me I'm a lot of you know I'm a big

447

00:18:58,970 --> 00:18:57,240

fan and Nick Pope I think some of the

448

00:19:01,790 --> 00:18:58,980

Travis events things that we've had have

449

00:19:03,890 --> 00:19:01,800

been fun yeah I think you know one of

450

00:19:06,920 --> 00:19:03,900

the kind of biggest of course Bob Lazar

451  
00:19:09,110 --> 00:19:06,930  
was a big deal but Emily trim one of the

452  
00:19:12,590 --> 00:19:09,120  
witnesses from the aerial event that was

453  
00:19:14,630 --> 00:19:12,600  
just a real moment as well when she told

454  
00:19:16,730 --> 00:19:14,640  
her story and she had that emotion that

455  
00:19:18,950 --> 00:19:16,740  
was you know just everybody who

456  
00:19:22,160 --> 00:19:18,960  
experienced that felt wow this is this

457  
00:19:23,780 --> 00:19:22,170  
is really an important moment so things

458  
00:19:25,400 --> 00:19:23,790  
like that I think that you know this

459  
00:19:28,280 --> 00:19:25,410  
Travis Walton panel we're gonna bring

460  
00:19:32,810 --> 00:19:28,290  
will be similar to that will get that

461  
00:19:35,030 --> 00:19:32,820  
evoke those sort of emotions but I don't

462  
00:19:38,900 --> 00:19:35,040  
know it's really hard to say who would

463  
00:19:40,040 --> 00:19:38,910

be the best I am even though you know we

464

00:19:42,740 --> 00:19:40,050

talked about having different

465

00:19:44,540 --> 00:19:42,750

perspectives I'm excited to see Bill

466

00:19:46,610 --> 00:19:44,550

burns I know you know he and I certainly

467

00:19:48,950 --> 00:19:46,620

don't share all the same perspectives

468

00:19:50,840 --> 00:19:48,960

but he's such a character right he's

469

00:19:52,400 --> 00:19:50,850

such an interesting character and we've

470

00:19:54,140 --> 00:19:52,410

got a lot of great characters you know

471

00:19:56,330 --> 00:19:54,150

Steve ambassador into how those are

472

00:19:58,310 --> 00:19:56,340

really interesting characters rather

473

00:20:01,490 --> 00:19:58,320

than my heart or I think it's a really

474

00:20:03,500 --> 00:20:01,500

interesting character Brice is able oh

475

00:20:07,460 --> 00:20:03,510

my gosh I mean talk about a character

476

00:20:09,590 --> 00:20:07,470

exactly so we've got a lot of that sort

477

00:20:11,720 --> 00:20:09,600

of thing and those are always kind of

478

00:20:14,390 --> 00:20:11,730

fun moments so it would it's really hard

479

00:20:16,880 --> 00:20:14,400

to say and what's fun though is M seeing

480

00:20:19,190 --> 00:20:16,890

it right introducing all of these people

481

00:20:21,560 --> 00:20:19,200

because it's like you're on a podcast

482

00:20:23,780 --> 00:20:21,570

you know it's fun to introduce them

483

00:20:25,340 --> 00:20:23,790

because it's I'm so excited that they're

484

00:20:28,610 --> 00:20:25,350

gonna be on stage sharing their

485

00:20:30,040 --> 00:20:28,620

information and so it's a great it's

486

00:20:32,140 --> 00:20:30,050

great to be able to in

487

00:20:33,640 --> 00:20:32,150

reduce these people and and hopefully

488

00:20:37,230 --> 00:20:33,650

have the audience share in my excitement

489

00:20:40,600 --> 00:20:37,240

to bring them because everybody almost

490

00:20:42,700 --> 00:20:40,610

practically in fact it would be just as

491

00:20:45,970 --> 00:20:42,710

hard if a question to ask who was really

492

00:20:47,800 --> 00:20:45,980

awful and who was just like yeah was

493

00:20:51,370 --> 00:20:47,810

that true not worth it and you totally

494

00:20:53,230 --> 00:20:51,380

regret it and and that would be another

495

00:20:55,570 --> 00:20:53,240

hard one to answer because everybody has

496

00:20:56,920 --> 00:20:55,580

something interesting to share that's

497

00:20:59,860 --> 00:20:56,930

right that's why they're speaking at the

498

00:21:01,450 --> 00:20:59,870

International UFO Congress mm-hmm all

499

00:21:06,430 --> 00:21:01,460

right so we touched on some of the

500

00:21:09,430 --> 00:21:06,440

lectures so many more and sure sure go

501  
00:21:11,410 --> 00:21:09,440  
for it I was I I felt it was a great

502  
00:21:14,110 --> 00:21:11,420  
honor just like having Robby Graham for

503  
00:21:15,730 --> 00:21:14,120  
the first time on stage I felt really

504  
00:21:19,390 --> 00:21:15,740  
honored to have Brian Sprague I think

505  
00:21:20,560 --> 00:21:19,400  
he's a great guy I was really happy that

506  
00:21:22,630 --> 00:21:20,570  
we were able to bring him to the

507  
00:21:25,300 --> 00:21:22,640  
conference and he did an amazing job

508  
00:21:28,270 --> 00:21:25,310  
and that was one of the highlights for

509  
00:21:30,730 --> 00:21:28,280  
me recently was being able to have be

510  
00:21:33,870 --> 00:21:30,740  
the first to bring him on stage that's

511  
00:21:38,200 --> 00:21:33,880  
very cool yeah and I know that one was

512  
00:21:39,370 --> 00:21:38,210  
received quite well mm-hmm oh yeah cool

513  
00:21:41,980 --> 00:21:39,380

for Ryan

514

00:21:44,770 --> 00:21:41,990

so there are plenty of great lectures

515

00:21:46,870 --> 00:21:44,780

and that is the the real meat of the

516

00:21:49,270 --> 00:21:46,880

event but you know this is something

517

00:21:52,050 --> 00:21:49,280

that has a large vendor hall with

518

00:21:55,720 --> 00:21:52,060

exhibitors selling a variety of things

519

00:21:57,790 --> 00:21:55,730

you also have a Film Festival right yeah

520

00:22:01,480 --> 00:21:57,800

so we've got a Film Festival it's packed

521

00:22:03,970 --> 00:22:01,490

with movies this year we only have so

522

00:22:06,390 --> 00:22:03,980

what happens is to Tuesday today before

523

00:22:09,520 --> 00:22:06,400

the conference everybody watches all our

524

00:22:12,340 --> 00:22:09,530

volunteer judges come to the back room

525

00:22:13,960 --> 00:22:12,350

had the conference and they watch all

526  
00:22:15,550 --> 00:22:13,970  
the films so they get there in the

527  
00:22:17,500 --> 00:22:15,560  
morning and they watch films until the

528  
00:22:19,450 --> 00:22:17,510  
night they watch all of them and then

529  
00:22:21,430 --> 00:22:19,460  
they choose the top three for each

530  
00:22:23,830 --> 00:22:21,440  
category long form and short form and

531  
00:22:26,830 --> 00:22:23,840  
then we show those on Thursday and

532  
00:22:28,330 --> 00:22:26,840  
Friday night this year we only have

533  
00:22:29,770 --> 00:22:28,340  
three long forms so they're all going to

534  
00:22:31,810 --> 00:22:29,780  
make it but they're really tough

535  
00:22:34,090 --> 00:22:31,820  
competition they're all well produced

536  
00:22:36,790 --> 00:22:34,100  
and the short form ones also are very

537  
00:22:39,550 --> 00:22:36,800  
well produced so I think that people are

538  
00:22:42,070 --> 00:22:39,560

gonna love these films I'll be posting

539

00:22:43,379 --> 00:22:42,080

who the people the films are I haven't

540

00:22:44,639 --> 00:22:43,389

even let them know that there

541

00:22:46,529 --> 00:22:44,649

trees have been accepted I'll probably

542

00:22:48,209 --> 00:22:46,539

be doing that today or tomorrow and then

543

00:22:50,099 --> 00:22:48,219

post that on the website in the next

544

00:22:51,719 --> 00:22:50,109

couple days as well so yeah the Film

545

00:22:52,229 --> 00:22:51,729

Festival this year is gonna be really

546

00:22:54,629 --> 00:22:52,239

good

547

00:22:56,459 --> 00:22:54,639

that's pretty exciting mm-hmm and new

548

00:22:58,079 --> 00:22:56,469

people that you know people have never

549

00:23:00,599 --> 00:22:58,089

heard of and that's really exciting in

550

00:23:03,029 --> 00:23:00,609

fact I think maybe only one or two of

551

00:23:05,099 --> 00:23:03,039

these people are repeats that's the

552

00:23:07,139 --> 00:23:05,109

present yeah so they've never even

553

00:23:10,379 --> 00:23:07,149

submitted to the festival before Wow

554

00:23:12,180 --> 00:23:10,389

very cool that's something else it's

555

00:23:13,919 --> 00:23:12,190

always a highlight and you know this is

556

00:23:17,279 --> 00:23:13,929

something that we get asked all the time

557

00:23:21,449 --> 00:23:17,289

and that's you know where where can I go

558

00:23:24,419 --> 00:23:21,459

to see a UFO or you know how do I sky

559

00:23:27,509 --> 00:23:24,429

watch and you know something pretty much

560

00:23:29,339 --> 00:23:27,519

every year Ben Hansen is there and this

561

00:23:31,379 --> 00:23:29,349

is something I really encourage people

562

00:23:35,039 --> 00:23:31,389

to do because it gives you the

563

00:23:38,039 --> 00:23:35,049

opportunity to see what super high

564

00:23:40,409 --> 00:23:38,049

quality military-grade night-vision can

565

00:23:42,680 --> 00:23:40,419

do and how it enhances your ability to

566

00:23:45,389 --> 00:23:42,690

see strange stuff in the sky at night

567

00:23:48,690 --> 00:23:45,399

mm-hmm yeah Ben's a great person to do

568

00:23:51,499 --> 00:23:48,700

it too because he's he's patient he's a

569

00:23:54,779 --> 00:23:51,509

great instructor he does it a lot and

570

00:23:57,839 --> 00:23:54,789

and sometimes you know something is seen

571

00:23:59,399 --> 00:23:57,849

now typically at least I think I and I

572

00:24:02,009 --> 00:23:59,409

think Ben would feel that we've been

573

00:24:04,289 --> 00:24:02,019

able to explain everything that has been

574

00:24:08,399 --> 00:24:04,299

seen at these Nightwatch sky watches he

575

00:24:11,430 --> 00:24:08,409

does however that is not the case for

576  
00:24:13,379 --> 00:24:11,440  
everyone there are definitely people who

577  
00:24:14,759 --> 00:24:13,389  
walk away feeling that they had seen

578  
00:24:18,089 --> 00:24:14,769  
something that they bill is

579  
00:24:20,729 --> 00:24:18,099  
extraterrestrial in nature sure and and

580  
00:24:22,499 --> 00:24:20,739  
who knows but so that's always a lot of

581  
00:24:25,799 --> 00:24:22,509  
fun and it's something that you and I

582  
00:24:28,979 --> 00:24:25,809  
agree on and and we try to say this many

583  
00:24:30,869 --> 00:24:28,989  
times but although it might be a little

584  
00:24:32,999 --> 00:24:30,879  
disappointing if you don't see an

585  
00:24:35,789 --> 00:24:33,009  
extraterrestrial spacecraft it's

586  
00:24:38,729 --> 00:24:35,799  
incredibly valuable to see things in the

587  
00:24:40,649 --> 00:24:38,739  
sky with that night vision and then be

588  
00:24:42,389 --> 00:24:40,659

able to explain them I think it's

589

00:24:44,310 --> 00:24:42,399

incredibly important and valuable for

590

00:24:46,319 --> 00:24:44,320

people to see that stuff go wow that's

591

00:24:49,560 --> 00:24:46,329

weird and then hear what the explanation

592

00:24:51,539 --> 00:24:49,570

is because that helps eliminate that

593

00:24:53,279 --> 00:24:51,549

when they see that in the future so they

594

00:24:55,769 --> 00:24:53,289

can focus on the more interesting things

595

00:24:57,650 --> 00:24:55,779

yeah I think people get frustrated with

596

00:25:00,480 --> 00:24:57,660

people like us because of core

597

00:25:02,070 --> 00:25:00,490

we get excited yeah something gets

598

00:25:04,290 --> 00:25:02,080

explained right and people I think get

599

00:25:06,380 --> 00:25:04,300

mad like why are you excited it does

600

00:25:09,480 --> 00:25:06,390

improve you know what we're trying to

601  
00:25:10,770 --> 00:25:09,490  
tell people right and it's because you

602  
00:25:12,960 --> 00:25:10,780  
know when you're looking for the truth

603  
00:25:15,450 --> 00:25:12,970  
and the real answer is it's because now

604  
00:25:17,370 --> 00:25:15,460  
I know I can put that one aside and we

605  
00:25:20,610 --> 00:25:17,380  
all learned something we don't know how

606  
00:25:24,120 --> 00:25:20,620  
to identify this sort of object whatever

607  
00:25:27,150 --> 00:25:24,130  
was misidentified yeah absolutely you're

608  
00:25:29,760 --> 00:25:27,160  
right I don't think people are as

609  
00:25:31,680 --> 00:25:29,770  
excited as we are about that stuff yeah

610  
00:25:33,120 --> 00:25:31,690  
I wouldn't that if we in the past had

611  
00:25:34,590 --> 00:25:33,130  
high-fived each other in the office

612  
00:25:36,930 --> 00:25:34,600  
because we figure something out and

613  
00:25:42,470 --> 00:25:36,940

which a lot of that definitely happened

614

00:25:45,120 --> 00:25:42,480

happy so in the past there have been

615

00:25:46,890 --> 00:25:45,130

awards presented at this conference our

616

00:25:51,180 --> 00:25:46,900

awards continuing this year beyond the

617

00:25:53,000 --> 00:25:51,190

film festival yeah they are and I think

618

00:25:55,860 --> 00:25:53,010

you're probably asking because the

619

00:25:58,290 --> 00:25:55,870

conference ownership has changed hand so

620

00:26:00,090 --> 00:25:58,300

sure the owner of open mind used to own

621

00:26:02,940 --> 00:26:00,100

the conference and now the conference is

622

00:26:05,880 --> 00:26:02,950

owned by Karen Burrard who someone who

623

00:26:11,930 --> 00:26:05,890

put on that Travis Walton event and is

624

00:26:14,370 --> 00:26:11,940

happens to be my significant other and

625

00:26:16,170 --> 00:26:14,380

yeah we're still gonna do awards I'm

626

00:26:17,970 --> 00:26:16,180

okay I think awards are really important

627

00:26:20,550 --> 00:26:17,980

I think it's important a lot of times

628

00:26:23,430 --> 00:26:20,560

people you know it can a lot of these

629

00:26:25,380 --> 00:26:23,440

people in some way our unsung heroes and

630

00:26:27,450 --> 00:26:25,390

I and of course it's always

631

00:26:31,080 --> 00:26:27,460

controversial when we make these awards

632

00:26:32,820 --> 00:26:31,090

people disagree with sometimes not as

633

00:26:34,520 --> 00:26:32,830

much the Lifetime Achievement but

634

00:26:36,930 --> 00:26:34,530

sometimes they disagree with the

635

00:26:38,910 --> 00:26:36,940

researcher of the year right but then

636

00:26:41,970 --> 00:26:38,920

again you know I took so much crap for

637

00:26:44,550 --> 00:26:41,980

last year none of it and I stood by the

638

00:26:46,500 --> 00:26:44,560

decision the entire year even and took

639

00:26:49,680 --> 00:26:46,510

it you know bring it on I'll tell you

640

00:26:52,290 --> 00:26:49,690

why we give the award to Tom DeLonge and

641

00:26:54,240 --> 00:26:52,300

I think that they're probably still some

642

00:26:57,600 --> 00:26:54,250

people who would disagree but I've heard

643

00:27:01,170 --> 00:26:57,610

from dozens and dozens a lot of people

644

00:27:05,370 --> 00:27:01,180

who say okay I guess I you know it what

645

00:27:08,730 --> 00:27:05,380

he did is significant so and it was I

646

00:27:10,650 --> 00:27:08,740

feel so it was really important and it

647

00:27:10,980 --> 00:27:10,660

led to you know what's what's happened

648

00:27:14,340 --> 00:27:10,990

in the

649

00:27:17,160 --> 00:27:14,350

last few weeks oh so yeah this year will

650

00:27:20,610 --> 00:27:17,170

probably be controversial again um we'll

651

00:27:23,310 --> 00:27:20,620

see but it's fun because I think that it

652

00:27:24,960 --> 00:27:23,320

these always go to people who put in a

653

00:27:28,650 --> 00:27:24,970

lot of effort and do some important

654

00:27:31,340 --> 00:27:28,660

things so you know I'll be doing if you

655

00:27:34,770 --> 00:27:31,350

probably already made the decision but

656

00:27:39,000 --> 00:27:34,780

if I can throw throw my vote in just to

657

00:27:40,770 --> 00:27:39,010

let you so the few weeks ago on Ryan

658

00:27:45,180 --> 00:27:40,780

spragues podcast and we're in the skies

659

00:27:47,100 --> 00:27:45,190

we discussed who our researcher of the

660

00:27:50,280 --> 00:27:47,110

year might be if we were to name a

661

00:27:53,340 --> 00:27:50,290

researcher of the year and I cast my

662

00:27:55,230 --> 00:27:53,350

vote for one of your speakers Cheryl

663

00:27:58,380 --> 00:27:55,240

Costa oh that's really interesting

664

00:28:00,930 --> 00:27:58,390

because Cheryl you know there when it

665

00:28:02,940 --> 00:28:00,940

comes to UFO research these days you

666

00:28:05,490 --> 00:28:02,950

know there's not a lot of you know

667

00:28:08,940 --> 00:28:05,500

digging into files and looking at

668

00:28:11,970 --> 00:28:08,950

numbers and putting together data you

669

00:28:14,190 --> 00:28:11,980

know and she and and her partner really

670

00:28:15,750 --> 00:28:14,200

did that and and did it well with the

671

00:28:18,720 --> 00:28:15,760

the book they released about UFO

672

00:28:20,850 --> 00:28:18,730

sighting statistics so I agree I mean

673

00:28:23,460 --> 00:28:20,860

that's why she's there this year and I

674

00:28:25,680 --> 00:28:23,470

think that the other aspect that I I

675

00:28:28,260 --> 00:28:25,690

appreciate which I'm sure you do as well

676

00:28:31,230 --> 00:28:28,270

as his media you and I are love the

677

00:28:33,150 --> 00:28:31,240

media where media guys and she did all

678

00:28:36,720 --> 00:28:33,160

of this outreach to let people know

679

00:28:38,190 --> 00:28:36,730

about her book and and the significance

680

00:28:40,049 --> 00:28:38,200

of that you know there are a lot more

681

00:28:43,470 --> 00:28:40,059

sightings out there than people realize

682

00:28:46,410 --> 00:28:43,480

and and her book got written up in the

683

00:28:48,299 --> 00:28:46,420

New York Times who knows I can't

684

00:28:50,190 --> 00:28:48,309

remember all the other places but tons

685

00:28:51,750 --> 00:28:50,200

yeah she was very successful in

686

00:28:53,430 --> 00:28:51,760

generating those headlines and getting

687

00:28:55,200 --> 00:28:53,440

the attention and getting people to

688

00:28:58,020 --> 00:28:55,210

notice that it was really cool to see

689

00:29:00,480 --> 00:28:58,030

him so before this DoD thing really her

690

00:29:03,330 --> 00:29:00,490

efforts brought a lot of legitimacy to

691

00:29:04,919 --> 00:29:03,340

this to this field and I agree she's

692

00:29:08,520 --> 00:29:04,929

she's done a tremendous job this year

693

00:29:10,710 --> 00:29:08,530

and lastly I think we most certainly

694

00:29:13,770 --> 00:29:10,720

need to talk about this exciting recent

695

00:29:16,919 --> 00:29:13,780

edition of Lou Elizondo so tell me about

696

00:29:20,159 --> 00:29:16,929

that yeah this has been super cool we're

697

00:29:22,860 --> 00:29:20,169

so happy to be in contact with Lou

698

00:29:24,150 --> 00:29:22,870

Elizondo the man of the hour the man of

699

00:29:27,120 --> 00:29:24,160

the decade

700

00:29:29,610 --> 00:29:27,130

yes me at least regarding UFOs because I

701

00:29:31,680 --> 00:29:29,620

think this is a this is probably I feel

702

00:29:33,660 --> 00:29:31,690

and I I don't know if you feel the same

703

00:29:35,600 --> 00:29:33,670

the most important thing to happen in

704

00:29:37,890 --> 00:29:35,610

this field since I've been involved with

705

00:29:40,920 --> 00:29:37,900

following it

706

00:29:42,750 --> 00:29:40,930

it certainly is sort of earth-shattering

707

00:29:45,270 --> 00:29:42,760

in in our world and and the world at

708

00:29:48,390 --> 00:29:45,280

large I mean this yeah yeah because of

709

00:29:52,020 --> 00:29:48,400

his work and what he's done just in a

710

00:29:54,360 --> 00:29:52,030

matter of months has really altered UFO

711

00:29:55,050 --> 00:29:54,370

history yeah and the way people perceive

712

00:29:58,170 --> 00:29:55,060

it

713

00:30:00,510 --> 00:29:58,180

I feel so we're really happy to be in

714

00:30:02,880 --> 00:30:00,520

contact and he wanted to be at the

715

00:30:04,890 --> 00:30:02,890

conference but he's not however he is

716

00:30:07,710 --> 00:30:04,900

allowing us to go to his home and

717

00:30:09,930 --> 00:30:07,720

videotape an interview with him and

718

00:30:12,480 --> 00:30:09,940

we're good we're asking for people to

719

00:30:16,470 --> 00:30:12,490

send us questions okay they can send

720

00:30:19,350 --> 00:30:16,480

them to Alejandro at UFO congress.com

721

00:30:21,420 --> 00:30:19,360

and then we'll compile some questions of

722

00:30:26,220 --> 00:30:21,430

course I have a ton that we'll be able

723

00:30:28,380 --> 00:30:26,230

to ask him but this is really cool so as

724

00:30:32,160 --> 00:30:28,390

you know you know there there we talked

725

00:30:34,350 --> 00:30:32,170

about earlier the researcher of the Year

726

00:30:36,450 --> 00:30:34,360

award and I think that no doubt Lou

727

00:30:40,380 --> 00:30:36,460

Elizondo would be one of the people he

728

00:30:46,500 --> 00:30:40,390

is a UFO researcher in secret but you

729

00:30:47,970 --> 00:30:46,510

know he was doing that and he this was

730

00:30:50,070 --> 00:30:47,980

really cool I want to read to you what

731

00:30:54,150 --> 00:30:50,080

he said he said I don't want any sort of

732

00:30:56,760 --> 00:30:54,160

award at all well he said in fact if

733

00:30:59,070 --> 00:30:56,770

there is indeed an award to be given it

734

00:31:02,040 --> 00:30:59,080

should be awarded as a group to all

735

00:31:04,650 --> 00:31:02,050

those in the UFO community who have been

736

00:31:07,560 --> 00:31:04,660

ridiculed and marginalized and yet

737

00:31:09,870 --> 00:31:07,570

somehow doggedly persisted in their

738

00:31:14,250 --> 00:31:09,880

pursuit of the truth despite the

739

00:31:17,040 --> 00:31:14,260

naysayers and the cynics what a nice guy

740

00:31:19,290 --> 00:31:17,050

yeah and he continues to talk like that

741

00:31:21,510 --> 00:31:19,300

he he was really excited to come to the

742

00:31:23,520 --> 00:31:21,520

conference to mingle with these people

743

00:31:26,100 --> 00:31:23,530

because you can tell and he says he was

744

00:31:28,920 --> 00:31:26,110

partly inspired by these people who have

745

00:31:33,390 --> 00:31:28,930

been looking into this so he really has

746

00:31:35,220 --> 00:31:33,400

a lot of sympathy and appreciates the

747

00:31:36,690 --> 00:31:35,230

people that are interested in all of

748

00:31:38,049 --> 00:31:36,700

this and have been looking into it for

749

00:31:40,509 --> 00:31:38,059

years so

750

00:31:44,830 --> 00:31:40,519

well yeah that is really cool so I think

751

00:31:47,139 --> 00:31:44,840

eventually here as time rolls on he's

752

00:31:49,239 --> 00:31:47,149

asked me you know if you want me to talk

753

00:31:50,950 --> 00:31:49,249

to some people that's cool so I'll be

754

00:31:53,080 --> 00:31:50,960

getting him in contact with a lot of

755

00:31:54,909 --> 00:31:53,090

people and I think as time goes on we'll

756

00:31:57,399 --> 00:31:54,919

all be communicating with him and

757

00:32:00,549 --> 00:31:57,409

interacting with him and I think that's

758

00:32:03,249 --> 00:32:00,559

gonna be another huge benefit for this

759

00:32:06,639 --> 00:32:03,259

field because he's just a really cool

760

00:32:08,979 --> 00:32:06,649

genuine person with obviously incredible

761

00:32:10,690 --> 00:32:08,989

experience now of course there are some

762

00:32:13,450 --> 00:32:10,700

things that he can't talk about still

763

00:32:16,029 --> 00:32:13,460

but even what he can talk about and

764

00:32:18,549 --> 00:32:16,039

being someone of his caliber that is

765

00:32:21,369 --> 00:32:18,559

willing to out be out here with us

766

00:32:25,180 --> 00:32:21,379

looking into this topic is is a huge

767

00:32:28,239 --> 00:32:25,190

gain a huge benefit for all of us so we

768

00:32:30,129 --> 00:32:28,249

are extremely excited about that we

769

00:32:32,349 --> 00:32:30,139

couldn't be happier we wanted for that

770

00:32:36,579 --> 00:32:32,359

Saturday night spot to have it related

771

00:32:38,440 --> 00:32:36,589

to this whole situations or and luckily

772

00:32:39,249 --> 00:32:38,450

we got the best guy you could imagine

773

00:32:40,749 --> 00:32:39,259

for it

774

00:32:43,749 --> 00:32:40,759

that's fantastic what a great addition

775

00:32:46,209 --> 00:32:43,759

and when I know you need to move on

776

00:32:47,589 --> 00:32:46,219

there so when is the deadline really for

777

00:32:51,249 --> 00:32:47,599

people who want to submit questions for

778

00:32:54,609 --> 00:32:51,259

possible deadlines about giving them to

779

00:32:56,859 --> 00:32:54,619

us by next week by Friday the 19th would

780

00:32:58,959 --> 00:32:56,869

be probably guys okay cool

781

00:33:01,019 --> 00:32:58,969

so that would be sooner the better

782

00:33:03,489 --> 00:33:01,029

alejandra at UFO Congress calm you said

783

00:33:06,159 --> 00:33:03,499

exactly alright fantastic well that's

784

00:33:10,149 --> 00:33:06,169

super exciting yeah very very exciting

785

00:33:12,729 --> 00:33:10,159

yeah fantastic well what is one thing I

786

00:33:14,979 --> 00:33:12,739

know there are many things but if you

787

00:33:17,259 --> 00:33:14,989

had to name one thing that might be

788

00:33:19,419 --> 00:33:17,269

something that somebody from the general

789

00:33:21,070 --> 00:33:19,429

public you know somebody in the local

790

00:33:23,529 --> 00:33:21,080

Phoenix area who is just kind of

791

00:33:26,139 --> 00:33:23,539

casually interested in UFOs

792

00:33:27,339 --> 00:33:26,149

what's one it one thing that someone

793

00:33:29,759 --> 00:33:27,349

from the general public might find most

794

00:33:33,729 --> 00:33:29,769

interesting at the conference this year

795

00:33:38,469 --> 00:33:33,739

one thing can I do three you can do

796

00:33:40,419 --> 00:33:38,479

three what a sales man good for you just

797

00:33:42,310 --> 00:33:40,429

because tal Keller we have it he

798

00:33:43,810 --> 00:33:42,320

actually I've wanted him to speak for a

799

00:33:46,180 --> 00:33:43,820

while because he was an engineer who

800

00:33:48,609 --> 00:33:46,190

worked in the space in aerospace

801  
00:33:51,700 --> 00:33:48,619  
industry good friend which aren't Jan

802  
00:33:53,230 --> 00:33:51,710  
Harrison who runs MUFON and and I

803  
00:33:55,000 --> 00:33:53,240  
really excited that he'll be speaking

804  
00:33:57,519 --> 00:33:55,010  
this year and he's going to be talking

805  
00:33:59,649 --> 00:33:57,529  
about aerospace and just observation at

806  
00:34:01,779 --> 00:33:59,659  
different craft and and our some of them

807  
00:34:05,019 --> 00:34:01,789  
ours or some of them there's I think

808  
00:34:06,639 --> 00:34:05,029  
that's gonna be really fascinating along

809  
00:34:08,619 --> 00:34:06,649  
those lines we have a guy who used to

810  
00:34:10,810 --> 00:34:08,629  
work for NASA his entire career and this

811  
00:34:12,490 --> 00:34:10,820  
is another win for Karen because this

812  
00:34:14,109 --> 00:34:12,500  
guy has kind of been behind the scenes

813  
00:34:16,359 --> 00:34:14,119

helping out MUFON and other

814

00:34:18,700 --> 00:34:16,369

organizations and this is the first time

815

00:34:21,599 --> 00:34:18,710

he's going to come talk this is Alan

816

00:34:24,639 --> 00:34:21,609

Holt who is a NASA project

817

00:34:26,349 --> 00:34:24,649

analyst manager and the other person

818

00:34:29,200 --> 00:34:26,359

that I think is really fun as it's Deena

819

00:34:32,589 --> 00:34:29,210

Alioto who's a filmmaker and he made

820

00:34:35,109 --> 00:34:32,599

this film as a student about alien

821

00:34:38,200 --> 00:34:35,119

abduction and what shocking is this is

822

00:34:41,470 --> 00:34:38,210

before this was a first-person thriller

823

00:34:44,079 --> 00:34:41,480

found footage thriller way before Blair

824

00:34:46,599 --> 00:34:44,089

Witch or any of them hmm and it was a

825

00:34:48,460 --> 00:34:46,609

big hit and to this day there are a lot

826  
00:34:51,070 --> 00:34:48,470  
of people who have all these conspiracy

827  
00:34:52,570 --> 00:34:51,080  
theories around his film so he thinks

828  
00:34:54,310 --> 00:34:52,580  
that's funny he hasn't wanted to talk

829  
00:34:55,659 --> 00:34:54,320  
about any of it and he decided you know

830  
00:34:57,940 --> 00:34:55,669  
what I want to do it I'm gonna see if

831  
00:34:59,980 --> 00:34:57,950  
these UFO Congress people let me talk

832  
00:35:01,990 --> 00:34:59,990  
about it and so he's gonna be talking

833  
00:35:05,290 --> 00:35:02,000  
about that and I'm really excited about

834  
00:35:08,260 --> 00:35:05,300  
that but one last thing is we have a

835  
00:35:09,430 --> 00:35:08,270  
large number of women this year which is

836  
00:35:11,890 --> 00:35:09,440  
a lot of fun and I think that's

837  
00:35:14,079 --> 00:35:11,900  
something great with the Karen we always

838  
00:35:18,250 --> 00:35:14,089

focus on that I mean trying to bring as

839

00:35:21,130 --> 00:35:18,260

many as possible and Karen I think done

840

00:35:23,050 --> 00:35:21,140

a lot of great outreach so everything

841

00:35:25,770 --> 00:35:23,060

from Jennifer Stein with some great

842

00:35:28,329 --> 00:35:25,780

research on rock crop circles to

843

00:35:32,650 --> 00:35:28,339

abduction researchers like Suzy Hanson

844

00:35:35,410 --> 00:35:32,660

and Nancy doTERRA tan and and then Susan

845

00:35:37,810 --> 00:35:35,420

Palmer who's a professor of sociology

846

00:35:40,060 --> 00:35:37,820

going to talk about the sociology of all

847

00:35:42,609 --> 00:35:40,070

of this and then aunt ruffles daughter

848

00:35:45,490 --> 00:35:42,619

because aunt ruffle famous very famous

849

00:35:47,079 --> 00:35:45,500

in this field she's gotten quite old and

850

00:35:48,820 --> 00:35:47,089

she couldn't make it to travel out we've

851  
00:35:50,589 --> 00:35:48,830  
been trying to get her but her daughter

852  
00:35:53,680 --> 00:35:50,599  
decided to come and talk and her

853  
00:35:55,170 --> 00:35:53,690  
daughter is wonderful she does talks for

854  
00:35:58,300 --> 00:35:55,180  
a church group about climate change

855  
00:36:00,460 --> 00:35:58,310  
around the world she is a lecturer and

856  
00:36:02,650 --> 00:36:00,470  
it's gonna be wonderful to have her talk

857  
00:36:03,930 --> 00:36:02,660  
about her mom's work wow that's really

858  
00:36:06,660 --> 00:36:03,940  
cool

859  
00:36:08,279 --> 00:36:06,670  
yeah we got in like five or six yeah you

860  
00:36:10,200 --> 00:36:08,289  
squeezed it but that's all right no I

861  
00:36:12,329 --> 00:36:10,210  
definitely think that stuff that the

862  
00:36:14,940 --> 00:36:12,339  
general public would be interested in so

863  
00:36:17,460 --> 00:36:14,950

all right we're looking at February 14th

864

00:36:20,099 --> 00:36:17,470

through the 18th for the International

865

00:36:21,120 --> 00:36:20,109

UFO Congress where can people go to get

866

00:36:25,140 --> 00:36:21,130

tickets

867

00:36:28,039 --> 00:36:25,150

yeah UFO Congress comm so UFO Congress

868

00:36:31,140 --> 00:36:28,049

comm don't forget that URL is UFO

869

00:36:33,420 --> 00:36:31,150

congress.com and that's where people can

870

00:36:36,569 --> 00:36:33,430

get tickets and really the tickets if

871

00:36:38,279 --> 00:36:36,579

you want to come for the weekend it's a

872

00:36:39,990 --> 00:36:38,289

steal I mean it's only like 100 bucks

873

00:36:42,680 --> 00:36:40,000

it's a little more than that if you want

874

00:36:47,069 --> 00:36:42,690

to come for the entire thing it's about

875

00:36:49,349 --> 00:36:47,079

300 but there are we're not the most

876  
00:36:51,630 --> 00:36:49,359  
expensive event even though we're more

877  
00:36:54,270 --> 00:36:51,640  
than twice as long as most of the other

878  
00:36:56,490 --> 00:36:54,280  
events so a lot of these weekend events

879  
00:36:59,190 --> 00:36:56,500  
are priced even higher than we are so

880  
00:37:03,630 --> 00:36:59,200  
it's a great deal bang for your buck

881  
00:37:07,020 --> 00:37:03,640  
yeah all right and let's talk lodging

882  
00:37:10,109 --> 00:37:07,030  
obviously the host hotel is a major

883  
00:37:13,019 --> 00:37:10,119  
booked out oh so where would you

884  
00:37:15,269 --> 00:37:13,029  
recommend people go to find lodging a

885  
00:37:17,250 --> 00:37:15,279  
nearby the event yeah that is an

886  
00:37:19,230 --> 00:37:17,260  
important thing we sell out earlier and

887  
00:37:21,990 --> 00:37:19,240  
earlier I mean yeah I mean you know when

888  
00:37:25,109 --> 00:37:22,000

you and I went and looked for venues and

889

00:37:27,150 --> 00:37:25,119

we chose the hotel we did we it had

890

00:37:29,039 --> 00:37:27,160

enough rooms for the number of people

891

00:37:31,890 --> 00:37:29,049

right used to come to the conference and

892

00:37:33,839 --> 00:37:31,900

we didn't know if we were gonna get the

893

00:37:37,470 --> 00:37:33,849

attendance they they had gotten the past

894

00:37:41,400 --> 00:37:37,480

we were lucky and that we got more than

895

00:37:43,260 --> 00:37:41,410

we ever wanted and the hotel keeps

896

00:37:44,789 --> 00:37:43,270

booking out earlier and earlier every

897

00:37:48,480 --> 00:37:44,799

year it's kind of like our own little

898

00:37:50,519 --> 00:37:48,490

mini comic-con so this one this time it

899

00:37:53,010 --> 00:37:50,529

booked out in August before we had even

900

00:37:54,839 --> 00:37:53,020

announced any speakers or anything you

901  
00:37:57,210 --> 00:37:54,849  
know that was up was a date in the car

902  
00:37:58,859 --> 00:37:57,220  
the hotel was booked up so Daisy this

903  
00:38:00,720 --> 00:37:58,869  
book you can't get on a waiting list

904  
00:38:03,180 --> 00:38:00,730  
sometimes people get on but I would

905  
00:38:05,250 --> 00:38:03,190  
recommend that people go look at other

906  
00:38:09,329 --> 00:38:05,260  
options and there are plenty so if you

907  
00:38:11,039 --> 00:38:09,339  
go to the lodging page at the UFO

908  
00:38:14,579 --> 00:38:11,049  
Congress calm you're gonna see a whole

909  
00:38:16,440 --> 00:38:14,589  
list of other places you can stay now

910  
00:38:17,790 --> 00:38:16,450  
some of those are starting to get booked

911  
00:38:18,870 --> 00:38:17,800  
up because you know

912  
00:38:21,270 --> 00:38:18,880  
now that people are going to the

913  
00:38:24,570 --> 00:38:21,280

secondary but some of these places offer

914

00:38:28,050 --> 00:38:24,580

discounted prices for us so you'll see

915

00:38:29,340 --> 00:38:28,060

that there otherwise we also have more

916

00:38:32,610 --> 00:38:29,350

towards the bottom some of the very

917

00:38:35,100 --> 00:38:32,620

affordable places so you could save a

918

00:38:37,230 --> 00:38:35,110

lot of money by staying for example at

919

00:38:39,600 --> 00:38:37,240

the Econo Lodge and then renting a car

920

00:38:41,880 --> 00:38:39,610

cuz you can rent a car for like 20 bucks

921

00:38:45,060 --> 00:38:41,890

a day these days so that's another

922

00:38:46,710 --> 00:38:45,070

option well excellent and like you said

923

00:38:49,410 --> 00:38:46,720

you've got all that information at UFO

924

00:38:50,730 --> 00:38:49,420
