

STATE OF THE PLANET

2 p.m. Pacific

A 2018 update
on Rogue Planet
and Q & A with
Jason McClellan

1
00:01:06,670 --> 00:01:02,680
well hey there what's goin guys going to

2
00:01:10,950 --> 00:01:06,680
hang out here for just a couple seconds

3
00:01:18,340 --> 00:01:10,960
to allow some more people to show up and

4
00:01:20,290 --> 00:01:18,350
then we'll get rolling so you might know

5
00:01:21,880 --> 00:01:20,300
my name is Jason McClellan you're

6
00:01:26,410 --> 00:01:21,890
watching this video you probably know

7
00:01:28,510 --> 00:01:26,420
but my goal today really is to just give

8
00:01:30,910 --> 00:01:28,520
you a little bit of an overview or not

9
00:01:32,980 --> 00:01:30,920
over a few I guess I just a little bit

10
00:01:34,719 --> 00:01:32,990
of teasing some highlights of some

11
00:01:35,950 --> 00:01:34,729
things that we had rogue planet have

12
00:01:39,609 --> 00:01:35,960
planned for the coming year

13
00:01:42,460 --> 00:01:39,619

and also to feel some of your questions

14

00:01:46,029 --> 00:01:42,470

that you might have and really the true

15

00:01:48,130 --> 00:01:46,039

purpose of doing this today is something

16

00:01:51,340 --> 00:01:48,140

I really enjoy doing is testing out new

17

00:01:53,700 --> 00:01:51,350

technology and software and and nifty

18

00:01:56,050 --> 00:01:53,710

tools here and there that can help

19

00:01:59,200 --> 00:01:56,060

deliver messages and do things in new

20

00:02:03,359 --> 00:01:59,210

ways so that's what I'm doing today and

21

00:02:07,179 --> 00:02:03,369

always exploring the best uses for

22

00:02:09,400 --> 00:02:07,189

communicating with audiences and of

23

00:02:12,039 --> 00:02:09,410

course that's always trial and error so

24

00:02:16,720 --> 00:02:12,049

that's what I'm doing today and again at

25

00:02:19,420 --> 00:02:16,730

rogue planet we have at least the desire

26
00:02:21,520 --> 00:02:19,430
and hopes to do many more of these in

27
00:02:23,770 --> 00:02:21,530
the future in various contexts and for

28
00:02:25,030 --> 00:02:23,780
various purposes so today that's what

29
00:02:27,009 --> 00:02:25,040
I'm going to do just talk a little bit

30
00:02:30,009 --> 00:02:27,019
about what we have planned for Red

31
00:02:34,449 --> 00:02:30,019
Planet and 2018 and then take some

32
00:02:37,030 --> 00:02:34,459
questions cool all right well if you

33
00:02:40,030 --> 00:02:37,040
don't know rogue planet is a company

34
00:02:43,390 --> 00:02:40,040
that we started oh I'd say probably back

35
00:02:45,340 --> 00:02:43,400
in 2013 is when it was actually born but

36
00:02:48,250 --> 00:02:45,350
we've done a few few different things

37
00:02:52,060 --> 00:02:48,260
here and there over the years and really

38
00:02:54,130 --> 00:02:52,070

what it is it's our media company where

39

00:02:55,509 --> 00:02:54,140

we can do whatever we want it's where we

40

00:02:58,240 --> 00:02:55,519

publish books it's where we produce

41

00:03:01,810 --> 00:02:58,250

videos podcasts all the good things that

42

00:03:05,770 --> 00:03:01,820

we enjoy and it tends to focus a lot on

43

00:03:09,789 --> 00:03:05,780

all things strange so you probably know

44

00:03:10,500 --> 00:03:09,799

I am very very much involved in the UFO

45

00:03:12,589 --> 00:03:10,510

field

46

00:03:16,140 --> 00:03:12,599

thing that I'm passionate about and have

47

00:03:17,880 --> 00:03:16,150

devoted a lot of time to so UFOs are

48

00:03:21,000 --> 00:03:17,890

near and dear to my heart

49

00:03:23,399 --> 00:03:21,010

and a lot of other strange topics too

50

00:03:25,800 --> 00:03:23,409

and rogue planet is going to be diving a

51
00:03:30,059 --> 00:03:25,810
little deeper into other paranormal

52
00:03:33,899 --> 00:03:30,069
topics in 2018

53
00:03:36,569 --> 00:03:33,909
I can tease right now that they're

54
00:03:39,240 --> 00:03:36,579
probably going to be a few ghost hunts

55
00:03:42,360 --> 00:03:39,250
happening that will definitely be

56
00:03:45,449 --> 00:03:42,370
recorded and shared with everybody on

57
00:03:47,369 --> 00:03:45,459
our website rogue planet dot TV that's

58
00:03:48,990 --> 00:03:47,379
where all of our stuff is all of our

59
00:03:53,250 --> 00:03:49,000
various shows talk a little bit about

60
00:03:55,949 --> 00:03:53,260
some of that stuff books you know last

61
00:03:59,270 --> 00:03:55,959
year I guess a little more than a year

62
00:04:01,559 --> 00:03:59,280
ago we jumped into book publishing

63
00:04:03,690 --> 00:04:01,569

that's something that we talked about

64

00:04:06,960 --> 00:04:03,700

doing for a while and finally took the

65

00:04:09,869 --> 00:04:06,970

leap spent the time to do it and you

66

00:04:12,349 --> 00:04:09,879

know my book was the first one we did

67

00:04:18,120 --> 00:04:12,359

and that would come out technically in

68

00:04:20,759 --> 00:04:18,130

2016 at the tail end of 2016 and if you

69

00:04:24,689 --> 00:04:20,769

haven't seen me post about it or read

70

00:04:26,279 --> 00:04:24,699

about it it's this book right here and

71

00:04:27,510 --> 00:04:26,289

it's called only weirdo see UFOs an

72

00:04:29,310 --> 00:04:27,520

introduction to the public's

73

00:04:32,129 --> 00:04:29,320

misperception of unidentified aerial

74

00:04:34,620 --> 00:04:32,139

phenomena and extraterrestrial life and

75

00:04:37,500 --> 00:04:34,630

of course you can get that on Amazon but

76

00:04:41,400 --> 00:04:37,510

that is the first book we put out put

77

00:04:45,689 --> 00:04:41,410

out some other I guess lighter books

78

00:04:48,629 --> 00:04:45,699

little pamphlets or with information

79

00:04:51,000 --> 00:04:48,639

that put in eBook form but we've got

80

00:04:55,350 --> 00:04:51,010

some other novels and books in the works

81

00:04:57,629 --> 00:04:55,360

I know I'm personally working on a

82

00:04:59,550 --> 00:04:57,639

couple of books I'm always working on a

83

00:05:01,560 --> 00:04:59,560

few books but will they ever see the

84

00:05:02,310 --> 00:05:01,570

light of day who knows who knows that's

85

00:05:06,089 --> 00:05:02,320

always the question

86

00:05:08,550 --> 00:05:06,099

but working on a couple right now we'll

87

00:05:12,000 --> 00:05:08,560

see how they take shape I don't know if

88

00:05:14,279 --> 00:05:12,010

we'll see any of those finished in 2018

89

00:05:18,300 --> 00:05:14,289

my plan is to have at least one of those

90

00:05:22,500 --> 00:05:18,310

done by the end of 2018 and I guess the

91

00:05:23,760 --> 00:05:22,510

one that I will tease a little bit is a

92

00:05:28,050 --> 00:05:23,770

book

93

00:05:35,279 --> 00:05:28,060

that has something to do with UFOs sure

94

00:05:37,499 --> 00:05:35,289

ghost sure and the legal system yeah you

95

00:05:40,050 --> 00:05:37,509

know not not terribly surprising being

96

00:05:43,469 --> 00:05:40,060

that I'm married to an attorney slash

97

00:05:46,379 --> 00:05:43,479

law professors so interesting things

98

00:05:48,809 --> 00:05:46,389

coming in that way so fun project there

99

00:05:50,309 --> 00:05:48,819

tell you more about it as it develops so

100

00:05:51,950 --> 00:05:50,319

that's we're doing with books and

101

00:05:54,930 --> 00:05:51,960

certainly want to do a lot more

102

00:05:57,120 --> 00:05:54,940

collaboration that's something that

103

00:05:59,399 --> 00:05:57,130

we're very big on at rogue planet and

104

00:06:03,089 --> 00:05:59,409

wanted you more collaborative works

105

00:06:05,279 --> 00:06:03,099

whether that is with books or next thing

106

00:06:06,870 --> 00:06:05,289

I'll tease documentary we've talked

107

00:06:08,339 --> 00:06:06,880

about this before but that's something

108

00:06:11,399 --> 00:06:08,349

that we're going to start doing to more

109

00:06:13,379 --> 00:06:11,409

more video content at rub planet in

110

00:06:16,709 --> 00:06:13,389

start production here pretty soon on our

111

00:06:19,469 --> 00:06:16,719

first documentary and if you happen to

112

00:06:21,990 --> 00:06:19,479

come to the 2018 international UFO

113

00:06:25,529 --> 00:06:22,000

Congress that takes place in Fountain

114

00:06:28,860 --> 00:06:25,539

Hills Arizona in February I'll be there

115

00:06:31,740 --> 00:06:28,870

hopefully Ryan Sprague will be there and

116

00:06:33,779 --> 00:06:31,750

we'll be doing a little bit of work on a

117

00:06:35,670 --> 00:06:33,789

future documentary I will certainly

118

00:06:37,860 --> 00:06:35,680

tease more details about that as the

119

00:06:40,290 --> 00:06:37,870

time comes but if you're at the

120

00:06:43,920 --> 00:06:40,300

International UFO Congress might have to

121

00:06:46,920 --> 00:06:43,930

meet up and talk and maybe get you on

122

00:06:49,170 --> 00:06:46,930

camera to talk about some UFO related

123

00:06:50,850 --> 00:06:49,180

things so that's something that's coming

124

00:06:52,110 --> 00:06:50,860

up the International UFO Congress I

125

00:06:54,029 --> 00:06:52,120

mentioned that so I'll talk a little bit

126
00:06:55,529 --> 00:06:54,039
about that yes do you plan to be there

127
00:06:59,100 --> 00:06:55,539
like I said Ryan Sprague will probably

128
00:07:00,749 --> 00:06:59,110
be there with me we'll see how much of

129
00:07:02,790 --> 00:07:00,759
the conference we'll be able to be there

130
00:07:05,339 --> 00:07:02,800
for you know we both have to look at our

131
00:07:06,510 --> 00:07:05,349
schedules and things like that I most

132
00:07:11,189 --> 00:07:06,520
likely will just be there for the

133
00:07:13,620 --> 00:07:11,199
weekend but again when I figure out what

134
00:07:16,110 --> 00:07:13,630
I'm doing and well I'll be able to be

135
00:07:20,399 --> 00:07:16,120
there I'll certainly post that so

136
00:07:21,959 --> 00:07:20,409
anybody there with love to meet you if I

137
00:07:23,249 --> 00:07:21,969
haven't met you and if I met you of

138
00:07:24,659 --> 00:07:23,259

course I want to see you again always

139

00:07:27,089 --> 00:07:24,669

love talking to people out there and

140

00:07:28,860 --> 00:07:27,099

that's the greatest thing about that

141

00:07:31,559 --> 00:07:28,870

conference and other conferences is just

142

00:07:33,240 --> 00:07:31,569

being able to meet other people and

143

00:07:35,010 --> 00:07:33,250

share stories and things like that so

144

00:07:36,480 --> 00:07:35,020

looking forward to the International UFO

145

00:07:37,290 --> 00:07:36,490

Congress if you want to know the

146

00:07:40,080 --> 00:07:37,300

specific

147

00:07:42,600 --> 00:07:40,090

I don't remember at the moment I think

148

00:07:44,490 --> 00:07:42,610

it starts on Valentine's Day maybe but

149

00:07:47,189 --> 00:07:44,500

check out UFO Congress calm that's where

150

00:07:49,350 --> 00:07:47,199

you have information about that let's

151
00:07:51,540 --> 00:07:49,360
talk a little bit about podcast because

152
00:07:54,659 --> 00:07:51,550
that's something we do at rogue planet

153
00:07:57,570 --> 00:07:54,669
and something we love a lot so obviously

154
00:08:02,279 --> 00:07:57,580
we have our UFO focused podcast called

155
00:08:04,619 --> 00:08:02,289
unknown and that's something that really

156
00:08:08,999 --> 00:08:04,629
going to hopefully ramp up a little more

157
00:08:10,589 --> 00:08:09,009
than it has been in 2018 getting more

158
00:08:12,930 --> 00:08:10,599
into the roundtable format because

159
00:08:15,330 --> 00:08:12,940
that's something I enjoy and I think you

160
00:08:16,800 --> 00:08:15,340
enjoy too it's something different than

161
00:08:20,369 --> 00:08:16,810
just your typical hearing somebody

162
00:08:21,809 --> 00:08:20,379
retell a story or interview a guest I

163
00:08:23,670 --> 00:08:21,819

think all those things are important and

164

00:08:26,189 --> 00:08:23,680

there's certainly elements that I like

165

00:08:29,100 --> 00:08:26,199

to incorporate periodically but I think

166

00:08:32,100 --> 00:08:29,110

the roundtable element and that type of

167

00:08:34,009 --> 00:08:32,110

show is interesting to get more voices

168

00:08:35,639 --> 00:08:34,019

involved hear different viewpoints and

169

00:08:39,060 --> 00:08:35,649

it just makes for a more interesting

170

00:08:43,829 --> 00:08:39,070

show so I really hope to do more of that

171

00:08:45,240 --> 00:08:43,839

with unknown but we have our fingers

172

00:08:48,990 --> 00:08:45,250

crossed and we're trying to work on

173

00:08:51,660 --> 00:08:49,000

possibly reviving our rogue planet

174

00:08:53,819 --> 00:08:51,670

podcast and if you followed rogue

175

00:08:55,880 --> 00:08:53,829

planets since the beginning you might be

176

00:08:58,680 --> 00:08:55,890

familiar with the rogue planet podcast

177

00:09:02,880 --> 00:08:58,690

the rogue planet podcast was a podcast

178

00:09:05,460 --> 00:09:02,890

we started and that involved really

179

00:09:08,880 --> 00:09:05,470

friends hanging out me Maureen Elsberry

180

00:09:11,300 --> 00:09:08,890

Ryan Sprague and Caleb Hanks all hanging

181

00:09:13,740 --> 00:09:11,310

out and talking about all things strange

182

00:09:16,280 --> 00:09:13,750

dealing with a lot of pop culture things

183

00:09:20,490 --> 00:09:16,290

talking about sci-fi TV shows and movies

184

00:09:23,220 --> 00:09:20,500

books music things like that a lot of

185

00:09:27,389 --> 00:09:23,230

focus on monsters and local lore things

186

00:09:29,670 --> 00:09:27,399

like that so that's something that I'm

187

00:09:32,280 --> 00:09:29,680

super interested in and so are my

188

00:09:34,170 --> 00:09:32,290

friends I mentioned so we're gonna work

189

00:09:36,509 --> 00:09:34,180

on that because I think that is

190

00:09:38,699 --> 00:09:36,519

something different it's a deviation

191

00:09:40,290 --> 00:09:38,709

from UFOs which is great because it's

192

00:09:41,579 --> 00:09:40,300

UFOs aren't the only thing I love

193

00:09:45,120 --> 00:09:41,589

they're certainly my focus and where I

194

00:09:47,430 --> 00:09:45,130

try to devote most of my time but I have

195

00:09:50,489 --> 00:09:47,440

other interests too and rogue planet is

196

00:09:51,989 --> 00:09:50,499

focused on more than just UFOs so

197

00:09:54,599 --> 00:09:51,999

although I think it's important to have

198

00:09:59,099 --> 00:09:54,609

a dedicated UFO show which is what

199

00:10:02,939 --> 00:09:59,109

unknown is see about offering the rogue

200

00:10:06,569 --> 00:10:02,949

planet podcast again to have more broad

201
00:10:08,009 --> 00:10:06,579
appeal and have a little fun to you with

202
00:10:09,359 --> 00:10:08,019
some friends podcasts are great for

203
00:10:12,599 --> 00:10:09,369
catching up with friends and that's what

204
00:10:15,449 --> 00:10:12,609
I enjoy about them the most spacing out

205
00:10:17,819 --> 00:10:15,459
if you haven't heard spacing out has

206
00:10:20,189 --> 00:10:17,829
been revived under the rogue planet

207
00:10:22,169 --> 00:10:20,199
umbrella this is the show that Maureen

208
00:10:26,789 --> 00:10:22,179
and I started back when we were both

209
00:10:29,069 --> 00:10:26,799
with open lines and we've sort of soft

210
00:10:32,219 --> 00:10:29,079
brought it back to this point we've done

211
00:10:35,129 --> 00:10:32,229
a couple episodes and obviously we don't

212
00:10:36,659 --> 00:10:35,139
both work right next to each other like

213
00:10:38,009 --> 00:10:36,669

we did when we were at open minds in

214

00:10:40,109 --> 00:10:38,019

fact we're both in different states

215

00:10:43,259 --> 00:10:40,119

so obviously that presents some

216

00:10:44,519 --> 00:10:43,269

challenges but technology is amazing and

217

00:10:47,069 --> 00:10:44,529

it's fun to experiment with technology

218

00:10:50,219 --> 00:10:47,079

as I said at the beginning so we've

219

00:10:52,169 --> 00:10:50,229

figured out and and practiced and tested

220

00:10:54,839 --> 00:10:52,179

some different ways to do it and you

221

00:10:57,960 --> 00:10:54,849

know we've got a pretty good way down of

222

00:10:59,669 --> 00:10:57,970

doing it and so our plan is to again

223

00:11:02,339 --> 00:10:59,679

ramp our production of that and offer

224

00:11:05,149 --> 00:11:02,349

more episodes than we're currently doing

225

00:11:07,349 --> 00:11:05,159

right now we're loosely on a one a month

226

00:11:08,759 --> 00:11:07,359

schedule because that's the best we

227

00:11:11,249 --> 00:11:08,769

couldn't do with our individual

228

00:11:13,469 --> 00:11:11,259

schedules at the moment but with luck

229

00:11:15,719 --> 00:11:13,479

we'll be able to ramp that up it's

230

00:11:17,339 --> 00:11:15,729

something that I know she wants to do

231

00:11:18,059 --> 00:11:17,349

and I want to do a lot more too in the

232

00:11:23,309 --> 00:11:18,069

coming year

233

00:11:27,210 --> 00:11:23,319

he's more substantial episodes with some

234

00:11:29,969 --> 00:11:27,220

real investigations in them some travel

235

00:11:33,479 --> 00:11:29,979

some pre produced packaged content to

236

00:11:35,639 --> 00:11:33,489

roll into those shows because we really

237

00:11:38,249 --> 00:11:35,649

want to get back into you getting in the

238

00:11:39,960 --> 00:11:38,259

field going out on the road and meeting

239

00:11:41,729 --> 00:11:39,970

with people in person I mean

240

00:11:43,979 --> 00:11:41,739

Skype and other technology is fantastic

241

00:11:47,789 --> 00:11:43,989

you can do a whole lot and it makes for

242

00:11:50,699 --> 00:11:47,799

a great presentation but for us

243

00:11:53,699 --> 00:11:50,709

personally and for you as well I think

244

00:11:56,969 --> 00:11:53,709

it a story in a video when you watch it

245

00:11:59,369 --> 00:11:56,979

is so much better when you see that

246

00:12:01,589 --> 00:11:59,379

physical interaction when people are

247

00:12:04,170 --> 00:12:01,599

actually at a place or physically

248

00:12:06,180 --> 00:12:04,180

talking to a person and not just a

249

00:12:10,920 --> 00:12:06,190

Skype interview or something less

250

00:12:13,700 --> 00:12:10,930

informal or less personal so try to do

251

00:12:15,990 --> 00:12:13,710

that keep you posted on that

252

00:12:17,940 --> 00:12:16,000

yeah ma'am boots on the ground that's

253

00:12:19,920 --> 00:12:17,950

what we want to do Maureen that has been

254

00:12:24,329 --> 00:12:19,930

pushing that and really twisting my arm

255

00:12:26,130 --> 00:12:24,339

for a couple years now to to get my butt

256

00:12:27,780 --> 00:12:26,140

in gear and get out and do that and we

257

00:12:32,610 --> 00:12:27,790

really want to do that for you so see

258

00:12:36,000 --> 00:12:32,620

what happens I want to remind you that

259

00:12:38,220 --> 00:12:36,010

rug planet has a new Facebook group that

260

00:12:40,470 --> 00:12:38,230

is real planet TV just go on Facebook

261

00:12:43,050 --> 00:12:40,480

and search row Planet TV and you should

262

00:12:45,480 --> 00:12:43,060

find us and that is a great place for

263

00:12:47,820 --> 00:12:45,490

our robotic community for you to

264

00:12:49,800 --> 00:12:47,830

participate in in discussions

265

00:12:52,769 --> 00:12:49,810

conversations about all the things we

266

00:12:56,370 --> 00:12:52,779

talk about and do at rogue planet so

267

00:12:59,040 --> 00:12:56,380

anything related to UFOs ghosts Bigfoot

268

00:13:00,660 --> 00:12:59,050

anything strange anything space-related

269

00:13:03,449 --> 00:13:00,670

or anything that interest you because

270

00:13:06,540 --> 00:13:03,459

you know you guys are our friends and

271

00:13:09,720 --> 00:13:06,550

family and and our community so you know

272

00:13:11,460 --> 00:13:09,730

we don't know what it is that you know

273

00:13:13,110 --> 00:13:11,470

you're dying to hear about unless you

274

00:13:15,949 --> 00:13:13,120

share that with us and the Facebook

275

00:13:18,600 --> 00:13:15,959

group is the best place for you to do it

276

00:13:21,120 --> 00:13:18,610

North Carolina hey Ellen how are you

277

00:13:23,970 --> 00:13:21,130

yeah see it's funny because I feel weird

278

00:13:26,340 --> 00:13:23,980

I'm wearing this zip-up hoodie right now

279

00:13:31,019 --> 00:13:26,350

I'm in Phoenix and it's like 80 degrees

280

00:13:34,920 --> 00:13:31,029

right now but my house is for some

281

00:13:36,690 --> 00:13:34,930

reason extremely cold it's a 1950s block

282

00:13:39,390 --> 00:13:36,700

construction house and it seems to be

283

00:13:40,710 --> 00:13:39,400

well insulated and the temperature just

284

00:13:44,579 --> 00:13:40,720

recently dropped in the last few days

285

00:13:47,040 --> 00:13:44,589

down or rose into the 80s but the house

286

00:13:49,800 --> 00:13:47,050

is still very cold so I could just walk

287

00:13:54,150 --> 00:13:49,810

outside and warm up very quickly but no

288

00:13:56,449 --> 00:13:54,160

I'm wearing my hoodie so can pretend I'm

289

00:14:03,870 --> 00:13:56,459

on the East Coast with all your friends

290

00:14:06,540 --> 00:14:03,880

hey morning just post the link good so

291

00:14:07,680 --> 00:14:06,550

let's see what else do I want to talk

292

00:14:10,740 --> 00:14:07,690

about rope ladder before I take some

293

00:14:12,810 --> 00:14:10,750

questions oh you know what we've talked

294

00:14:13,980 --> 00:14:12,820

about this we mentioned it on I think we

295

00:14:16,440 --> 00:14:13,990

mentioned it on spacing out and

296

00:14:18,150 --> 00:14:16,450

certainly on unknown but rope planet has

297

00:14:49,199 --> 00:14:18,160

a

298

00:14:52,980 --> 00:14:49,209

of you old schoolers who would like to

299

00:14:59,519 --> 00:14:52,990

send physical mail we love physical mail

300

00:15:02,639 --> 00:14:59,529

as well as email but yeah I'm an

301
00:15:07,009 --> 00:15:02,649
old-school guy who remembers the joy of

302
00:15:09,600 --> 00:15:07,019
like signing up for fan clubs or banned

303
00:15:11,369 --> 00:15:09,610
Road teams and things like that where

304
00:15:12,900 --> 00:15:11,379
you would actually get physical things

305
00:15:16,949 --> 00:15:12,910
sent to you in the mail that was the

306
00:15:19,769 --> 00:15:16,959
greatest and again I'm talking all my

307
00:15:21,629 --> 00:15:19,779
dreams right now that's ideally what I

308
00:15:24,120 --> 00:15:21,639
would like to do more with her planet

309
00:15:25,350 --> 00:15:24,130
and send you stuff as well because who

310
00:15:27,509 --> 00:15:25,360
doesn't like getting stickers and

311
00:15:30,059 --> 00:15:27,519
awesome crap from the stuff you love in

312
00:15:31,980 --> 00:15:30,069
the mail it's a nice surprise so that's

313
00:15:34,319 --> 00:15:31,990

the mailing address you can find that on

314

00:15:39,480 --> 00:15:34,329

Road Planet TV on our contact page as

315

00:15:41,460 --> 00:15:39,490

well so I guess that's really all I

316

00:15:44,850 --> 00:15:41,470

really wanted to talk about with rogue

317

00:15:46,590 --> 00:15:44,860

planet today yeah that's our state of

318

00:15:48,079 --> 00:15:46,600

the planet address which is not very

319

00:15:52,620 --> 00:15:48,089

exciting at the moment but like I said

320

00:15:55,290 --> 00:15:52,630

2018 we've got big big plans plans don't

321

00:16:04,559 --> 00:15:55,300

always happen the way you plan but we

322

00:16:09,170 --> 00:16:04,569

have hopes and dreams maureen keeps

323

00:16:15,480 --> 00:16:13,019

rhymes with borer i don't know what the

324

00:16:21,210 --> 00:16:15,490

hell you're talking about morning i need

325

00:16:27,389 --> 00:16:21,220

better hints alright so i'll take

326

00:16:29,220 --> 00:16:27,399

questions now was it really 2011 that we

327

00:16:31,740 --> 00:16:29,230

met Alan holy cow I don't even remember

328

00:16:35,730 --> 00:16:31,750

2011 yeah so

329

00:16:39,059 --> 00:16:35,740

yeah I was I think I was involved with

330

00:16:41,490 --> 00:16:39,069

the Congress for maybe six years I want

331

00:16:42,929 --> 00:16:41,500

to say and I have to be honest although

332

00:16:46,530 --> 00:16:42,939

six years are a blur

333

00:16:47,790 --> 00:16:46,540

like I couldn't distinguish one year

334

00:16:48,780 --> 00:16:47,800

from the other because they all kind of

335

00:16:51,480 --> 00:16:48,790

blend it together

336

00:16:52,769 --> 00:16:51,490

the first year was terrifying because we

337

00:16:54,869 --> 00:16:52,779

were trying a lot of new things and we

338

00:16:59,850 --> 00:16:54,879

moved it from one location to a new

339

00:17:02,939 --> 00:16:59,860

location but second year kind of new

340

00:17:04,949 --> 00:17:02,949

everything to replicate from the first

341

00:17:08,490 --> 00:17:04,959

year and things to change then after

342

00:17:11,039 --> 00:17:08,500

that it was all all the same event but

343

00:17:13,890 --> 00:17:11,049

we had some good times so yeah what what

344

00:17:15,809 --> 00:17:13,900

Maureen wants me to to tease we teased

345

00:17:20,399 --> 00:17:15,819

this already a little bit on Facebook

346

00:17:23,039 --> 00:17:20,409

but keep your eyes open we will in the

347

00:17:25,890 --> 00:17:23,049

very near future I will say that in the

348

00:17:29,940 --> 00:17:25,900

very near future we'll be launching a

349

00:17:33,720 --> 00:17:29,950

rogue planet store so on row planet TV

350

00:17:38,039 --> 00:17:33,730

we will have a store with all sorts of

351

00:17:39,360 --> 00:17:38,049

crap that you can buy yeah that's my

352

00:17:41,850 --> 00:17:39,370

nice way of saying yeah now we're gonna

353

00:17:42,930 --> 00:17:41,860

have t-shirts we're gonna have you know

354

00:17:45,960 --> 00:17:42,940

obviously that's where you'll be able to

355

00:17:50,690 --> 00:17:45,970

buy our books movies anything we do so

356

00:17:52,710 --> 00:17:50,700

we'll have that up very soon and

357

00:17:54,779 --> 00:17:52,720

obviously we'll post it as soon as it's

358

00:17:57,450 --> 00:17:54,789

up and we'll probably even wearing the

359

00:17:59,850 --> 00:17:57,460

night together we'll do a Facebook live

360

00:18:01,320 --> 00:17:59,860

to announce that and show you guys

361

00:18:07,500 --> 00:18:01,330

around a little bit at some of the stuff

362

00:18:08,880 --> 00:18:07,510

we'll have available so Ellen said being

363

00:18:11,370 --> 00:18:08,890

Moraine we're doing all the work at the

364

00:18:13,890 --> 00:18:11,380

Congress yeah that was the fun part and

365

00:18:17,010 --> 00:18:13,900

the the not fun part of being involved

366

00:18:19,710 --> 00:18:17,020

in running a UFO conference because

367

00:18:21,570 --> 00:18:19,720

again we were a very small team trying

368

00:18:24,750 --> 00:18:21,580

to accomplish big things and you know I

369

00:18:26,669 --> 00:18:24,760

love being in that environment but that

370

00:18:30,870 --> 00:18:26,679

was super super challenging for us

371

00:18:34,460 --> 00:18:30,880

because the entire event you run around

372

00:18:36,960 --> 00:18:34,470

like a chicken with its head cut off and

373

00:18:39,810 --> 00:18:36,970

there's so much you want to do you know

374

00:18:41,279 --> 00:18:39,820

people they're speaking who you want to

375

00:18:43,350 --> 00:18:41,289

hear what they have to say you want to

376

00:18:45,120 --> 00:18:43,360

listen to the lectures there are our

377

00:18:46,890 --> 00:18:45,130

friends colleagues and and other

378

00:18:48,960 --> 00:18:46,900

people that you've met over the years

379

00:18:52,410 --> 00:18:48,970

that you'd love to spend time with and

380

00:18:55,110 --> 00:18:52,420

catch up but you just can't do that when

381

00:18:57,510 --> 00:18:55,120

you're running an event because there's

382

00:19:00,870 --> 00:18:57,520

always stuff to do so and you're usually

383

00:19:03,300 --> 00:19:00,880

up for 20 hours or so and lucky if you

384

00:19:05,940 --> 00:19:03,310

get any sleep at all so even when you do

385

00:19:07,560 --> 00:19:05,950

have the the 30 seconds to a minute to

386

00:19:09,600 --> 00:19:07,570

say hello to somebody you're kind of

387

00:19:10,770 --> 00:19:09,610

mine mindless zombie and you probably

388

00:19:12,780 --> 00:19:10,780

won't remember that you even had the

389

00:19:14,340 --> 00:19:12,790

conversation with them and you feel like

390

00:19:16,260 --> 00:19:14,350

an ass because you've got to like cut

391

00:19:18,720 --> 00:19:16,270

them off and say oh sorry nice to meet

392

00:19:20,490 --> 00:19:18,730

you got to go so there's really no time

393

00:19:24,560 --> 00:19:20,500

for that interaction that I said is so

394

00:19:27,060 --> 00:19:24,570

great about you know conferences so yeah

395

00:19:28,320 --> 00:19:27,070

hopefully I mean I got got to spend a

396

00:19:31,650 --> 00:19:28,330

little more time with people last year

397

00:19:33,450 --> 00:19:31,660

when I was at the Congress and I'll be

398

00:19:35,040 --> 00:19:33,460

able to spend more time this year to you

399

00:19:36,780 --> 00:19:35,050

but like I said it's just going to be

400

00:19:38,700 --> 00:19:36,790

the weekend most likely when I'll be

401
00:19:41,760 --> 00:19:38,710
there but if you do see me there please

402
00:19:44,160 --> 00:19:41,770
stop me and force me to say hello and

403
00:19:52,170 --> 00:19:44,170
I'll most likely have time to get a

404
00:20:00,540 --> 00:19:52,180
drink with you all right let's do some

405
00:20:04,740 --> 00:20:02,640
man I see Lin said she misses the

406
00:20:06,840 --> 00:20:04,750
magazine so much yeah open minds

407
00:20:10,320 --> 00:20:06,850
magazine it was a fantastic magazine

408
00:20:13,140 --> 00:20:10,330
that we certainly were a big part of at

409
00:20:16,350 --> 00:20:13,150
open minds and mana the best UFO

410
00:20:18,120 --> 00:20:16,360
magazine ever was so good and you can

411
00:20:19,680 --> 00:20:18,130
still find old issues of that some

412
00:20:22,770 --> 00:20:19,690
fantastic content and there and

413
00:20:25,380 --> 00:20:22,780

hopefully we'll be able to revive some

414

00:20:26,460 --> 00:20:25,390

of that content in various formats in

415

00:20:32,970 --> 00:20:26,470

the near future

416

00:20:35,310 --> 00:20:32,980

oh no more hugs yeah no Alejandro was

417

00:20:37,470 --> 00:20:35,320

certainly the person who always promised

418

00:20:39,150 --> 00:20:37,480

hugs at the the Congress you know I sort

419

00:20:40,920 --> 00:20:39,160

of got roped into that I never promised

420

00:20:43,080 --> 00:20:40,930

hugs but I won't

421

00:20:46,770 --> 00:20:43,090

I won't to won't deny hugs if somebody

422

00:20:56,130 --> 00:20:46,780

comes up and requests a hug so happy to

423

00:20:58,380 --> 00:20:56,140

oblige the hugs where did I get my I

424

00:21:01,920 --> 00:20:58,390

want to believe poster so that was

425

00:21:05,610 --> 00:21:01,930

actually a Christmas present from I

426
00:21:07,460 --> 00:21:05,620
think that was from my wife yeah I don't

427
00:21:10,020 --> 00:21:07,470
remember exactly where she got it but

428
00:21:13,830 --> 00:21:10,030
they're easy to find and it's not even

429
00:21:16,920 --> 00:21:13,840
the real one not gonna point that out

430
00:21:29,889 --> 00:21:16,930
because it's embarrassing but but I love

431
00:21:51,820 --> 00:21:32,060
just reading to make sure I didn't miss

432
00:22:02,970 --> 00:21:58,150
oh good questions so thoughts on the

433
00:22:08,530 --> 00:22:02,980
latest news with Tom so that course is

434
00:22:10,690 --> 00:22:08,540
referring to Tom DeLonge and I've got a

435
00:22:18,480 --> 00:22:10,700
lot to say about that but don't really

436
00:22:23,590 --> 00:22:18,490
go too much into it because let's see

437
00:22:26,470 --> 00:22:23,600
see that's kind of fun so if you're

438
00:22:28,930 --> 00:22:26,480

watching you see I just added the the

439

00:22:31,300 --> 00:22:28,940

question right on the screen and again

440

00:22:35,580 --> 00:22:31,310

this is why I'm doing this so I can test

441

00:22:38,200 --> 00:22:35,590

new products and see how they work

442

00:22:42,520 --> 00:22:38,210

that's pretty fun cool all right

443

00:22:44,680 --> 00:22:42,530

so thoughts on the needs of Tom so many

444

00:22:46,630 --> 00:22:44,690

of you probably know that both Maureen

445

00:22:49,960 --> 00:22:46,640

and I worked for Tom DeLonge for a

446

00:22:52,570 --> 00:22:49,970

period of time and before to the stars

447

00:22:56,020 --> 00:22:52,580

launched we were don't called us and

448

00:22:58,540 --> 00:22:56,030

asked us to basically create content for

449

00:23:00,610 --> 00:22:58,550

him to to build up his website before

450

00:23:03,670 --> 00:23:00,620

the website went live and so we wrote

451
00:23:09,550 --> 00:23:03,680
all sorts of stories for him about UFOs

452
00:23:13,360 --> 00:23:09,560
and other paranormal topics so and we

453
00:23:15,340 --> 00:23:13,370
interviewed Tom back in 2012 and that

454
00:23:16,810 --> 00:23:15,350
was you know something that I worked

455
00:23:18,310 --> 00:23:16,820
more than a year on to get that

456
00:23:21,340 --> 00:23:18,320
interview to happen so we interviewed

457
00:23:23,320 --> 00:23:21,350
him on our show spacing out but what

458
00:23:25,090 --> 00:23:23,330
really prompted that is because I you

459
00:23:27,280 --> 00:23:25,100
know I was very familiar with Tom and

460
00:23:30,280 --> 00:23:27,290
his whole history with with UFOs and UFO

461
00:23:31,690 --> 00:23:30,290
research and he had a website for a

462
00:23:33,670 --> 00:23:31,700
period of time called strange times

463
00:23:37,300 --> 00:23:33,680

there was a news aggregator that was

464

00:23:39,490 --> 00:23:37,310

just posting headlines ufo-related

465

00:23:41,530 --> 00:23:39,500

headlines paranormal related headlines

466

00:23:44,590 --> 00:23:41,540

and a lot of the content that was being

467

00:23:48,750 --> 00:23:44,600

posted on that site was stuff that I and

468

00:23:51,070 --> 00:23:48,760

others were writing at open minds so

469

00:23:53,110 --> 00:23:51,080

developed a relationship with Tom over

470

00:23:57,640 --> 00:23:53,120

the years and and that's how that all

471

00:24:00,790 --> 00:23:57,650

happened so I'm a little biased probably

472

00:24:03,760 --> 00:24:00,800

when it comes to talking about the

473

00:24:05,440 --> 00:24:03,770

latest news with Tom but - and I've

474

00:24:06,850 --> 00:24:05,450

certainly talked about it before on pod

475

00:24:11,200 --> 00:24:06,860

casting things and I'll talk about it

476

00:24:12,610 --> 00:24:11,210

much more very soon because many more

477

00:24:15,340 --> 00:24:12,620

things are gonna happen you know we're

478

00:24:20,230 --> 00:24:15,350

just at the beginning of all of this but

479

00:24:24,009 --> 00:24:20,240

I will say that I stand up and applaud

480

00:24:27,399 --> 00:24:24,019

Tom DeLonge for his efforts his passion

481

00:24:31,230 --> 00:24:27,409

and for what he's accomplished I don't

482

00:24:33,159 --> 00:24:31,240

pretend to know you know the validity of

483

00:24:36,159 --> 00:24:33,169

anything that's coming out I don't

484

00:24:40,210 --> 00:24:36,169

pretend to know the implications of it

485

00:24:42,070 --> 00:24:40,220

I do pretend to know and and you know

486

00:24:46,149 --> 00:24:42,080

even more than that I'm pretty confident

487

00:24:49,269 --> 00:24:46,159

that I know Tom's intentions are not

488

00:24:52,720 --> 00:24:49,279

money driven they're not you know

489

00:24:54,399 --> 00:24:52,730

anything ill-intentioned he is a

490

00:24:56,649 --> 00:24:54,409

passionate individual and he's doing

491

00:24:58,120 --> 00:24:56,659

what he does because he pash is

492

00:25:01,389 --> 00:24:58,130

passionate about the subject and

493

00:25:06,159 --> 00:25:01,399

genuinely wants to find answers that I

494

00:25:09,750 --> 00:25:06,169

do know we'll see what happens I mean I

495

00:25:15,909 --> 00:25:09,760

think any any effort is a good effort

496

00:25:17,769 --> 00:25:15,919

and when you can manage to secure high

497

00:25:20,289 --> 00:25:17,779

ranking you know former military and

498

00:25:22,570 --> 00:25:20,299

government officials to be on a team to

499

00:25:23,110 --> 00:25:22,580

want to look into UFOs that's pretty

500

00:25:26,110 --> 00:25:23,120

awesome

501
00:25:29,019 --> 00:25:26,120
you know we need more of that so what

502
00:25:32,409 --> 00:25:29,029
even if nothing more comes from it you

503
00:25:35,680 --> 00:25:32,419
know I think having more people involved

504
00:25:38,649 --> 00:25:35,690
always helps it's certainly nice to have

505
00:25:43,269 --> 00:25:38,659
people in these official positions who

506
00:25:45,909 --> 00:25:43,279
held official positions on the team you

507
00:25:49,690 --> 00:25:45,919
know joining the effort to search for

508
00:25:52,389 --> 00:25:49,700
answers when I have a problem is when

509
00:25:55,509 --> 00:25:52,399
said people come forward and start

510
00:25:59,230 --> 00:25:55,519
claiming to you you know have answers to

511
00:26:01,570 --> 00:25:59,240
all the questions you know rather than

512
00:26:03,340 --> 00:26:01,580
saying it's a possibility or this is

513
00:26:06,519 --> 00:26:03,350

what we know based on things that we

514

00:26:08,259 --> 00:26:06,529

personally did because everybody guesses

515

00:26:10,690 --> 00:26:08,269

there's all sorts of guessing and

516

00:26:15,639 --> 00:26:10,700

speculation that goes on that's just you

517

00:26:17,500 --> 00:26:15,649

know rampant in UFO research so I really

518

00:26:18,650 --> 00:26:17,510

think the most important thing with the

519

00:26:22,460 --> 00:26:18,660

Tom

520

00:26:24,200 --> 00:26:22,470

- whole tom thing unfolding right now is

521

00:26:25,640 --> 00:26:24,210

to wait and see because there there's

522

00:26:28,910 --> 00:26:25,650

going to be a lot more that comes out

523

00:26:30,320 --> 00:26:28,920

and we as individuals have to look at

524

00:26:33,260 --> 00:26:30,330

that information as this presented to us

525

00:26:35,090 --> 00:26:33,270

and make of it whatever we want you know

526

00:26:37,550 --> 00:26:35,100

it's up to us we can listen to what

527

00:26:39,320 --> 00:26:37,560

other experts and researchers have to

528

00:26:41,210 --> 00:26:39,330

say about that listen to their opinions

529

00:26:42,860 --> 00:26:41,220

and their insights based on their

530

00:26:45,860 --> 00:26:42,870

research and their particular knowledge

531

00:26:47,210 --> 00:26:45,870

but at the end of the day you have to

532

00:26:49,130 --> 00:26:47,220

make your make up your own mind and

533

00:26:52,220 --> 00:26:49,140

decide what that means to you in your

534

00:26:54,050 --> 00:26:52,230

search for answers so I think it's cool

535

00:26:55,790 --> 00:26:54,060

I think a lot of a lot of interesting

536

00:26:58,820 --> 00:26:55,800

and important information is going to

537

00:27:02,650 --> 00:26:58,830

come from it and certainly already I

538

00:27:06,560 --> 00:27:02,660

mean we found out that although they've

539

00:27:08,690 --> 00:27:06,570

actively told us no we don't for so many

540

00:27:10,310 --> 00:27:08,700

years we found out the Pentagon at least

541

00:27:12,620 --> 00:27:10,320

for a period of time and probably still

542

00:27:15,260 --> 00:27:12,630

does we're actively looking into UFOs

543

00:27:17,180 --> 00:27:15,270

which they should but you know these

544

00:27:20,660 --> 00:27:17,190

little things are changing UFO history

545

00:27:22,970 --> 00:27:20,670

and Flemmi people want to poopoo them

546

00:27:25,970 --> 00:27:22,980

and that's fine that's up to them to not

547

00:27:27,680 --> 00:27:25,980

be impressed or or be disappointed by

548

00:27:29,840 --> 00:27:27,690

what they're hearing because it doesn't

549

00:27:31,790 --> 00:27:29,850

you know rise to the level of what

550

00:27:35,110 --> 00:27:31,800

whatever they were expecting was a

551
00:27:38,180 --> 00:27:35,120
little more than disappointed in people

552
00:27:40,880 --> 00:27:38,190
in the UFO field who were proclaiming

553
00:27:43,310 --> 00:27:40,890
some grand disclosure it happened when

554
00:27:46,310 --> 00:27:43,320
nothing's been disclosed like all we

555
00:27:52,340 --> 00:27:46,320
know is that officially the Pentagon had

556
00:27:55,040 --> 00:27:52,350
a UFO study from 2007 to 2012 that's

557
00:27:56,980 --> 00:27:55,050
good you know that is good and that is

558
00:27:59,420 --> 00:27:56,990
something that is kind of

559
00:28:00,860 --> 00:27:59,430
earth-shattering in our world of UFO

560
00:28:02,660 --> 00:28:00,870
research because again it's something

561
00:28:05,210 --> 00:28:02,670
that was actively denied by the

562
00:28:08,180 --> 00:28:05,220
government for so many years and here

563
00:28:10,310 --> 00:28:08,190

they are saying okay we had an official

564

00:28:14,030 --> 00:28:10,320

investigation program a recent

565

00:28:17,120 --> 00:28:14,040

investigation program that is you know

566

00:28:19,190 --> 00:28:17,130

it's big news that is news and we should

567

00:28:21,620 --> 00:28:19,200

pay attention to that what

568

00:28:24,200 --> 00:28:21,630

it wasn't disclosure you know there were

569

00:28:27,560 --> 00:28:24,210

so many people you know ecstatic and and

570

00:28:29,690 --> 00:28:27,570

I felt bad for him you know don't get me

571

00:28:31,940 --> 00:28:29,700

wrong I'm very sensitive to the ridicule

572

00:28:35,389 --> 00:28:31,950

factor and that's something

573

00:28:38,090 --> 00:28:35,399

that I'm going to be dealing with a lot

574

00:28:42,590 --> 00:28:38,100

in the coming months and I'll share more

575

00:28:44,509 --> 00:28:42,600

about that with you later but you know

576
00:28:48,289 --> 00:28:44,519
that just this this eagerness of people

577
00:28:50,240 --> 00:28:48,299
to hear this news and then say finally

578
00:28:51,889 --> 00:28:50,250
it's the the validation we've been

579
00:28:54,279 --> 00:28:51,899
looking for and now my friends and

580
00:28:56,840 --> 00:28:54,289
family won't make fun of me anymore and

581
00:28:59,149 --> 00:28:56,850
you know that was it was really sad to

582
00:29:02,360 --> 00:28:59,159
me because I understand and feel that

583
00:29:05,480 --> 00:29:02,370
that ridicule is there that the giggle

584
00:29:07,159 --> 00:29:05,490
factor is is very much alive and you

585
00:29:10,549 --> 00:29:07,169
know as detrimental to a lot of people

586
00:29:13,070 --> 00:29:10,559
but what we learned the information that

587
00:29:15,009 --> 00:29:13,080
was given to us wasn't any sort of

588
00:29:17,570 --> 00:29:15,019

disclosure from the government about

589

00:29:19,430 --> 00:29:17,580

extraterrestrials existing about UFOs

590

00:29:21,830 --> 00:29:19,440

being extraterrestrial spacecraft

591

00:29:25,490 --> 00:29:21,840

it wasn't anything for people to go oh

592

00:29:27,680 --> 00:29:25,500

wow you were right all along I'm sorry I

593

00:29:29,960 --> 00:29:27,690

won't make fun of you anymore that

594

00:29:32,389 --> 00:29:29,970

hasn't happened yet and it's probably

595

00:29:36,310 --> 00:29:32,399

not ever going to happen to the level

596

00:29:38,779 --> 00:29:36,320

that a lot of people hope it will but

597

00:29:40,940 --> 00:29:38,789

yeah well we'll just have to wait and

598

00:29:43,460 --> 00:29:40,950

see I've never been somebody who

599

00:29:44,779 --> 00:29:43,470

preaches or promises that disclosure is

600

00:29:46,399 --> 00:29:44,789

going to happen because I don't think it

601
00:29:48,230 --> 00:29:46,409
will and even if it does people won't

602
00:29:51,320 --> 00:29:48,240
believe it as we saw with this we had a

603
00:29:54,789 --> 00:29:51,330
government basically a government

604
00:29:57,200 --> 00:29:54,799
sanctioned answer saying that we

605
00:29:59,810 --> 00:29:57,210
research we investigated UFOs for a

606
00:30:02,299 --> 00:29:59,820
period of time and there were plenty of

607
00:30:05,029 --> 00:30:02,309
people in the UFO field who have always

608
00:30:06,289 --> 00:30:05,039
said the government lies don't believe

609
00:30:08,210 --> 00:30:06,299
what anything they say and then the

610
00:30:11,450 --> 00:30:08,220
government says it yay finally they told

611
00:30:13,509 --> 00:30:11,460
us the truth well it's what you wanted

612
00:30:15,710 --> 00:30:13,519
to hear we don't know if it's the truth

613
00:30:17,330 --> 00:30:15,720

but also there were plenty of people

614

00:30:18,889 --> 00:30:17,340

saying oh it's the government they're

615

00:30:19,810 --> 00:30:18,899

obviously lying this is false

616

00:30:22,460 --> 00:30:19,820

information

617

00:30:25,129 --> 00:30:22,470

you know everybody's going to have a

618

00:30:28,549 --> 00:30:25,139

different take on whatever happens so I

619

00:30:32,750 --> 00:30:28,559

can't urge you and suggest strongly

620

00:30:35,060 --> 00:30:32,760

enough to make your own decisions you

621

00:30:38,180 --> 00:30:35,070

know we all have to do that it's up to

622

00:30:40,220 --> 00:30:38,190

us yes belief belief is a big part we

623

00:30:41,930 --> 00:30:40,230

have to choose what sources we want to

624

00:30:44,779 --> 00:30:41,940

listen to you and how we're going to let

625

00:30:45,539 --> 00:30:44,789

that affect how we view certain things

626

00:30:48,659 --> 00:30:45,549

and how we move

627

00:30:50,789 --> 00:30:48,669

forward from that so there we go my

628

00:30:52,139 --> 00:30:50,799

brief thoughts on the latest Tom news

629

00:30:53,999 --> 00:30:52,149

again there's gonna be so much more

630

00:30:56,399 --> 00:30:54,009

coming from that and I'll be happy to

631

00:31:05,999 --> 00:30:56,409

discuss that much more as the year

632

00:31:08,340 --> 00:31:06,009

progresses alright so what do I know

633

00:31:12,450 --> 00:31:08,350

about the garrison Utah UFO crash of

634

00:31:16,560 --> 00:31:12,460

1953 so I know that's that's an event an

635

00:31:18,359 --> 00:31:16,570

incident that I did look into but I will

636

00:31:20,099 --> 00:31:18,369

be completely honest with you I don't

637

00:31:22,499 --> 00:31:20,109

remember anything about it and I don't

638

00:31:24,930 --> 00:31:22,509

know what prompted me to look into it

639

00:31:27,330 --> 00:31:24,940

either but I know when I was looking at

640

00:31:29,669 --> 00:31:27,340

UFO crashes that's one that I did some

641

00:31:31,979 --> 00:31:29,679

digging into you but I'm sorry I'll have

642

00:31:35,609 --> 00:31:31,989

to dive back into that one the UFO

643

00:31:38,849 --> 00:31:35,619

crashes fascinate me and you know that

644

00:31:43,820 --> 00:31:38,859

plays a big part too on the whole to the

645

00:31:47,039 --> 00:31:43,830

Stars Academy saga that's unfolding and

646

00:31:48,840 --> 00:31:47,049

you know some of what will be developing

647

00:31:50,460 --> 00:31:48,850

in the coming year because one of the

648

00:31:55,769 --> 00:31:50,470

big parts big questions that people have

649

00:31:57,570 --> 00:31:55,779

about that extra-terrestrial recovered

650

00:31:59,909 --> 00:31:57,580

material this UFO material that was

651
00:32:01,769 --> 00:31:59,919
recovered that was hinted at by the New

652
00:32:03,690 --> 00:32:01,779
York Times article that Robert Bigelow

653
00:32:08,729 --> 00:32:03,700
stores in the warehouse in Las Vegas at

654
00:32:10,739 --> 00:32:08,739
Bigelow Aerospace so number one I said

655
00:32:12,299 --> 00:32:10,749
this before but I think people read a

656
00:32:16,919 --> 00:32:12,309
lot and a lot more into that than

657
00:32:18,690 --> 00:32:16,929
actually exists because we know all we

658
00:32:23,099 --> 00:32:18,700
know about that material to this point

659
00:32:25,769 --> 00:32:23,109
again more will be told to a soon in the

660
00:32:28,680 --> 00:32:25,779
coming months but all we know is that

661
00:32:32,419 --> 00:32:28,690
part of this program the contracted with

662
00:32:35,539 --> 00:32:32,429
Robert Bigelow said that's Bigelow

663
00:32:39,330 --> 00:32:35,549

altered one of his warehouses to house

664

00:32:40,499 --> 00:32:39,340

material recovered material number one

665

00:32:42,779 --> 00:32:40,509

that doesn't mean that the government

666

00:32:44,609 --> 00:32:42,789

recovered it it doesn't mean that it was

667

00:32:47,609 --> 00:32:44,619

recovered during their investigation

668

00:32:50,369 --> 00:32:47,619

period they specifically say that

669

00:32:52,950 --> 00:32:50,379

Bigelow had that and Bigelow made the

670

00:32:55,200 --> 00:32:52,960

modifications Bigelow had been doing UFO

671

00:32:58,860 --> 00:32:55,210

investigations and research before being

672

00:33:00,630 --> 00:32:58,870

contracted by US government so

673

00:33:02,820 --> 00:33:00,640

Bigelow had it and he said this was

674

00:33:04,320 --> 00:33:02,830

recovered from a UFO crash you know

675

00:33:05,730 --> 00:33:04,330

that's the information that was

676

00:33:07,500 --> 00:33:05,740

presented to them it doesn't mean that

677

00:33:09,299 --> 00:33:07,510

they confirmed that it was recovered

678

00:33:11,130 --> 00:33:09,309

from an extraterrestrial spacecraft so

679

00:33:14,190 --> 00:33:11,140

again one of those wait-and-see moments

680

00:33:15,750 --> 00:33:14,200

it's certainly possible but it's jumping

681

00:33:18,060 --> 00:33:15,760

to conclusions at this point until we

682

00:33:20,000 --> 00:33:18,070

have more information to find out you

683

00:33:24,390 --> 00:33:20,010

know whatever testing was done on those

684

00:33:26,150 --> 00:33:24,400

materials who did the testing all the

685

00:33:28,980 --> 00:33:26,160

fun things we get to deal with in

686

00:33:30,810 --> 00:33:28,990

looking at evidence and making our

687

00:33:33,960 --> 00:33:30,820

personal determinations and what we

688

00:33:35,250 --> 00:33:33,970

believe but yeah UFO crafts a big part

689

00:33:36,090 --> 00:33:35,260

of that I'm sorry I don't have a good

690

00:33:38,370 --> 00:33:36,100

answer for your question

691

00:33:52,350 --> 00:33:38,380

but yeah I'm definitely getting more

692

00:33:56,669 --> 00:33:52,360

into UFO crashes in this year yeah so I

693

00:33:58,919 --> 00:33:56,679

agree with you Jo I mean there's been so

694

00:34:03,090 --> 00:33:58,929

many people who have said this there's

695

00:34:07,590 --> 00:34:03,100

never going to be real disclosure by the

696

00:34:08,639 --> 00:34:07,600

government about certainly about history

697

00:34:11,399 --> 00:34:08,649

you know

698

00:34:13,230 --> 00:34:11,409

and Peter LaVonda is somebody I talked

699

00:34:15,899 --> 00:34:13,240

to you about this many times and and he

700

00:34:17,310 --> 00:34:15,909

said it very nicely that you know the

701
00:34:19,050 --> 00:34:17,320
the government is never going to

702
00:34:20,310 --> 00:34:19,060
disclose what they know everything they

703
00:34:21,810 --> 00:34:20,320
know about UFOs because there's no

704
00:34:24,600 --> 00:34:21,820
margin it in for them they would have to

705
00:34:25,860 --> 00:34:24,610
explain the past 50 years and and

706
00:34:29,190 --> 00:34:25,870
they're certainly not going to do that

707
00:34:31,770 --> 00:34:29,200
so you know I'm sure we'll get bits and

708
00:34:35,520 --> 00:34:31,780
pieces here I'm sure certain things will

709
00:34:38,369 --> 00:34:35,530
be declassified and released to us but

710
00:34:39,960 --> 00:34:38,379
it's all you know going to be bits and

711
00:34:41,850 --> 00:34:39,970
pieces here it's certainly not going to

712
00:34:46,369 --> 00:34:41,860
tell the whole story

713
00:34:52,470 --> 00:34:50,310

wait-and-see it's frustrating waiting to

714

00:34:55,020 --> 00:34:52,480

see especially when you know there's a

715

00:34:57,270 --> 00:34:55,030

potential for some pretty exciting stuff

716

00:35:00,210 --> 00:34:57,280

just like sitting there waiting for us

717

00:35:07,849 --> 00:35:00,220

to to hear about it but got to practice

718

00:35:20,460 --> 00:35:18,809

more questions or break-in questions

719

00:35:38,789 --> 00:35:20,470

because it gives me time to drink my

720

00:35:40,920 --> 00:35:38,799

beer before it gets warm good way to

721

00:35:44,279 --> 00:35:40,930

find the truth is to ask a good psychic

722

00:35:47,609 --> 00:35:44,289

medium they can see everything that's

723

00:35:50,569 --> 00:35:47,619

interesting Jo so I've never gone to a

724

00:35:54,720 --> 00:35:50,579

psychic medium myself I've heard heard

725

00:35:56,819 --> 00:35:54,730

varying results but and it's not

726

00:35:59,519 --> 00:35:56,829

necessarily something that I don't

727

00:36:01,200 --> 00:35:59,529

necessarily on board with but I don't

728

00:36:02,220 --> 00:36:01,210

discount it not at all

729

00:36:07,529 --> 00:36:02,230

I certainly think there could be

730

00:36:09,769 --> 00:36:07,539

something there and I write a question

731

00:36:14,569 --> 00:36:09,779

about men and black men in Black's

732

00:36:17,970 --> 00:36:14,579

supernatural or other so men in black

733

00:36:20,069 --> 00:36:17,980

interesting I know there are some

734

00:36:23,640 --> 00:36:20,079

fascinating stories out there about men

735

00:36:25,759 --> 00:36:23,650

in black and certainly some that would

736

00:36:31,140 --> 00:36:25,769

lead you to believe that they're not

737

00:36:37,380 --> 00:36:31,150

exactly human again I would I would just

738

00:36:38,880 --> 00:36:37,390

be offering a guess here because I don't

739

00:36:40,109 --> 00:36:38,890

have any personal experience with the

740

00:36:42,089 --> 00:36:40,119

men in black and that's something that

741

00:36:44,039 --> 00:36:42,099

I've been asked so many times over the

742

00:36:47,069 --> 00:36:44,049

years because of my involvement in the

743

00:36:50,460 --> 00:36:47,079

UFO field and certainly during my tenure

744

00:36:53,160 --> 00:36:50,470

at open minds you know we were we were

745

00:36:56,870 --> 00:36:53,170

pretty deep in stuff and that's what we

746

00:36:59,910 --> 00:36:56,880

did day in day out and we had some I

747

00:37:03,740 --> 00:36:59,920

guess interesting people sometimes who

748

00:37:08,819 --> 00:37:03,750

would show up at the office or kind of

749

00:37:10,499 --> 00:37:08,829

be a little odd at events but never

750

00:37:14,749 --> 00:37:10,509

anything that I would classify as men in

751

00:37:17,579 --> 00:37:14,759

black or anything that I felt as either

752

00:37:20,920 --> 00:37:17,589

extraterrestrial or government pressure

753

00:37:25,480 --> 00:37:20,930

or threats of any kind

754

00:37:27,819 --> 00:37:25,490

- watch what I say or stop doing what I

755

00:37:30,430 --> 00:37:27,829

was doing or trying to feed me

756

00:37:33,519 --> 00:37:30,440

information to deliver never had that

757

00:37:37,960 --> 00:37:33,529

experience certainly nothing credible

758

00:37:41,140 --> 00:37:37,970

there was one one instance when we

759

00:37:44,019 --> 00:37:41,150

happen to be doing we were on the radio

760

00:37:49,359 --> 00:37:44,029

in Phoenix and during that time we were

761

00:37:53,019 --> 00:37:49,369

doing open minds radio over-the-air in

762

00:37:55,960 --> 00:37:53,029

Phoenix and Alejandro Rojas was

763

00:37:59,259 --> 00:37:55,970

interviewing Stan Romanick and Stan

764

00:38:04,210 --> 00:37:59,269

Romanek being Stan Romanek and doing

765

00:38:07,029 --> 00:38:04,220

West & Romanick does started acting

766

00:38:10,269 --> 00:38:07,039

weird and and claiming to hear noises on

767

00:38:12,519 --> 00:38:10,279

the phone line or something connection

768

00:38:15,039 --> 00:38:12,529

got started getting garbled and weird

769

00:38:17,349 --> 00:38:15,049

and then a voice came on the line and

770

00:38:18,700 --> 00:38:17,359

said you better watch what you say or

771

00:38:23,140 --> 00:38:18,710

something like that and I don't know

772

00:38:25,690 --> 00:38:23,150

like the language did at the at the time

773

00:38:28,509 --> 00:38:25,700

it happened I remember just kind of

774

00:38:32,019 --> 00:38:28,519

looking at Alejandro and I think Maureen

775

00:38:36,039 --> 00:38:32,029

was there too and we kind of had this

776

00:38:39,849 --> 00:38:36,049

look of what the hell was that kind of

777

00:38:41,499 --> 00:38:39,859

weird but I certainly don't think it was

778

00:39:16,430 --> 00:38:41,509

anything government related and that's

779

00:39:22,130 --> 00:39:18,240

while I'm waiting for some more

780

00:39:29,579 --> 00:39:22,140

questions I guess I will entertain you

781

00:39:35,430 --> 00:39:29,589

with my latest UFO sighting so I this

782

00:39:39,240 --> 00:39:35,440

past weekend went to San Diego and I've

783

00:39:42,599 --> 00:39:39,250

seen several UFOs uh any time I Drive to

784

00:39:46,290 --> 00:39:42,609

San Diego and I think there's a good

785

00:39:47,609 --> 00:39:46,300

reason for that but I was driving in the

786

00:39:50,220 --> 00:39:47,619

early morning hours

787

00:39:52,980 --> 00:39:50,230

I left Phoenix at trying to remember now

788

00:39:58,440 --> 00:39:52,990

I was probably see the 5 or 6 in the

789

00:40:03,630 --> 00:39:58,450

morning and I'd gotten just beyond Gila

790

00:40:07,020 --> 00:40:03,640

Bend I think and I noticed a bright

791

00:40:10,079 --> 00:40:07,030

light in the sky and I keep driving

792

00:40:13,230 --> 00:40:10,089

toward it and I look at it if this lone

793

00:40:16,470 --> 00:40:13,240

light in the sky looks very much like a

794

00:40:18,900 --> 00:40:16,480

planet and so as I'm driving I'm

795

00:40:20,460 --> 00:40:18,910

assuming that it's a planet I keep my

796

00:40:23,550 --> 00:40:20,470

eye on it but I assume it's a planet

797

00:40:25,319 --> 00:40:23,560

it's not moving at all that I can tell

798

00:40:28,020 --> 00:40:25,329

you know I'm driving and the road is

799

00:40:30,329 --> 00:40:28,030

going up and down and winding around so

800

00:40:32,339 --> 00:40:30,339

I wouldn't be able to tell really if it

801
00:40:34,349 --> 00:40:32,349
was moving - with any degree of

802
00:40:37,890 --> 00:40:34,359
certainty but to me it looked pretty

803
00:40:39,930 --> 00:40:37,900
stationary I'm driving I see it in the

804
00:40:43,050 --> 00:40:39,940
sky for a long time and it hasn't really

805
00:40:48,829 --> 00:40:43,060
moved so again reaffirming my assumption

806
00:40:54,000 --> 00:40:48,839
that it's a planet as I get closer I

807
00:40:55,680 --> 00:40:54,010
notice it start appearing to be closer

808
00:40:58,640 --> 00:40:55,690
to the ground not that it's really

809
00:41:01,440 --> 00:40:58,650
changing an altitude but it's certainly

810
00:41:03,990 --> 00:41:01,450
lower in the sky lower on the horizon

811
00:41:06,690 --> 00:41:04,000
than a planet would be that's

812
00:41:08,640 --> 00:41:06,700
interesting because it seemed to happen

813
00:41:10,079 --> 00:41:08,650

pretty quickly and I don't know if as I

814

00:41:11,730 --> 00:41:10,089

was driving I was changing elevation or

815

00:41:13,109 --> 00:41:11,740

what happened but well that's

816

00:41:17,790 --> 00:41:13,119

interesting that's not a planet

817

00:41:19,589 --> 00:41:17,800

so kept going and I could tell that as I

818

00:41:21,740 --> 00:41:19,599

was getting closer I was getting closer

819

00:41:26,370 --> 00:41:21,750

to it you don't get closer to a planet

820

00:41:27,900 --> 00:41:26,380

without your spaceship so it's getting

821

00:41:29,070 --> 00:41:27,910

closer to this object in the sky it was

822

00:41:33,030 --> 00:41:29,080

just a stationary

823

00:41:35,640 --> 00:41:33,040

a light in the sky so when I approached

824

00:41:37,650 --> 00:41:35,650

it was getting getting almost directly

825

00:41:40,710 --> 00:41:37,660

under it and I was leaning forward

826

00:41:43,170 --> 00:41:40,720

looking out my windshield trying to to

827

00:41:44,880 --> 00:41:43,180

look at this thing as I'm driving and I

828

00:41:49,080 --> 00:41:44,890

probably should have pulled over but I

829

00:41:52,290 --> 00:41:49,090

had places to be but I looked up at this

830

00:41:55,020 --> 00:41:52,300

thing and it was definitely a solid

831

00:41:56,790 --> 00:41:55,030

object and it had multiple lights

832

00:42:00,060 --> 00:41:56,800

underneath it

833

00:42:02,580 --> 00:42:00,070

I couldn't tell exactly how many lights

834

00:42:06,800 --> 00:42:02,590

I'm gonna say probably about four four

835

00:42:11,090 --> 00:42:06,810

lights and this thing was probably

836

00:42:13,370 --> 00:42:11,100

rectangular in shape though not

837

00:42:16,530 --> 00:42:13,380

conclusively because again it was

838

00:42:18,480 --> 00:42:16,540

basically completely dark outside so

839

00:42:23,130 --> 00:42:18,490

that's just a guess

840

00:42:24,750 --> 00:42:23,140

and see being somebody who reads and and

841

00:42:26,940 --> 00:42:24,760

hears a lot of UFO reports to get

842

00:42:30,300 --> 00:42:26,950

frustrated by witnesses who say with

843

00:42:32,250 --> 00:42:30,310

certainty things about UFOs especially

844

00:42:36,090 --> 00:42:32,260

ones that happen in not so good

845

00:42:38,100 --> 00:42:36,100

visibility situations but it was

846

00:42:40,620 --> 00:42:38,110

probably rectangular rectangular ish

847

00:42:44,370 --> 00:42:40,630

with four lights in a probably a

848

00:42:47,100 --> 00:42:44,380

straight line underneath it so as I

849

00:42:49,260 --> 00:42:47,110

drove there was a rest area one mile

850

00:42:50,400 --> 00:42:49,270

away from where from when I pass

851
00:42:52,890 --> 00:42:50,410
directly under this thing

852
00:42:54,720 --> 00:42:52,900
so I said perfect I'll stop at that rest

853
00:42:57,750 --> 00:42:54,730
area I'll turn around and spend more

854
00:42:59,100 --> 00:42:57,760
time staring at this thing so in the

855
00:43:01,140 --> 00:42:59,110
time it took me to drive under this

856
00:43:04,140 --> 00:43:01,150
thing get to the rest area one mile away

857
00:43:07,260 --> 00:43:04,150
I get out of my car turn around there's

858
00:43:09,660 --> 00:43:07,270
no light in the sky and this rest area

859
00:43:12,060 --> 00:43:09,670
was in a straight line no noticeable

860
00:43:13,890 --> 00:43:12,070
change in elevation no mountains

861
00:43:16,770 --> 00:43:13,900
nothing like that that would get in the

862
00:43:20,520 --> 00:43:16,780
way the sky was clear there wasn't

863
00:43:22,470 --> 00:43:20,530

overcast or anything so I have no idea

864

00:43:25,920 --> 00:43:22,480

where this object when it was clearly

865

00:43:29,940 --> 00:43:25,930

something in the sky but in the time it

866

00:43:32,100 --> 00:43:29,950

took me to drive one mile and I was

867

00:43:37,470 --> 00:43:32,110

probably driving at that point seventy

868

00:43:41,010 --> 00:43:37,480

miles an hour gone completely gone

869

00:43:42,770 --> 00:43:41,020

nothing in the sky so that leads me to

870

00:43:45,240 --> 00:43:42,780

believe that either

871

00:43:47,940 --> 00:43:45,250

strangely it might have had lights just

872

00:43:50,130 --> 00:43:47,950

on sort of one side of it that I would

873

00:43:53,640 --> 00:43:50,140

have seen as I approached it but not

874

00:43:55,650 --> 00:43:53,650

after I'd passed it I have no idea but

875

00:43:58,290 --> 00:43:55,660

certainly interesting but I will say

876

00:44:01,380 --> 00:43:58,300

that on that route from Phoenix to San

877

00:44:03,390 --> 00:44:01,390

Diego the reason there are a lot of UFO

878

00:44:05,850 --> 00:44:03,400

sightings and certainly a lot of the

879

00:44:09,060 --> 00:44:05,860

ones I've seen is because the heavy

880

00:44:14,550 --> 00:44:09,070

border patrol activity and there are a

881

00:44:17,310 --> 00:44:14,560

lot of drones and these aerostat radar

882

00:44:19,410 --> 00:44:17,320

blimps that Homeland Security uses and

883

00:44:20,880 --> 00:44:19,420

they look strange now I don't know what

884

00:44:23,220 --> 00:44:20,890

they look like at night and I haven't

885

00:44:25,320 --> 00:44:23,230

been able to in my brief research find

886

00:44:26,730 --> 00:44:25,330

out what their appearance is at night or

887

00:44:29,010 --> 00:44:26,740

if they have lights or anything

888

00:44:31,130 --> 00:44:29,020

I know during the day some of the ones

889

00:44:34,800 --> 00:44:31,140

they use that are weird and certainly

890

00:44:37,500 --> 00:44:34,810

cut me off guard and this actually was

891

00:44:40,800 --> 00:44:37,510

in 2012 when Maureen and I were going to

892

00:44:43,650 --> 00:44:40,810

San Diego to interview Tom DeLonge we

893

00:44:45,060 --> 00:44:43,660

pulled over on a freeway because we saw

894

00:44:47,160 --> 00:44:45,070

a strange object in the sky that was

895

00:44:48,570 --> 00:44:47,170

just sitting there motionless I mean

896

00:44:53,370 --> 00:44:48,580

it's kind of swaying back and forth but

897

00:44:54,840 --> 00:44:53,380

pivoted on one single point the cameras

898

00:44:56,550 --> 00:44:54,850

we zoomed in on it and everything and

899

00:44:58,020 --> 00:44:56,560

then did research later and the strange

900

00:45:00,060 --> 00:44:58,030

thing about this was it was one of those

901
00:45:02,820 --> 00:45:00,070
UFOs that has a weird interesting

902
00:45:04,320 --> 00:45:02,830
description sound her name and that

903
00:45:06,390 --> 00:45:04,330
would goldfish

904
00:45:08,010 --> 00:45:06,400
it was goldfish shaped so well yeah we

905
00:45:10,050 --> 00:45:08,020
were report this UFO it's gonna be

906
00:45:14,430 --> 00:45:10,060
sounding weird because we reported gold

907
00:45:16,470 --> 00:45:14,440
goldfish shaped UFO so what it turned

908
00:45:18,180 --> 00:45:16,480
out to be was when these aerostat radar

909
00:45:20,280 --> 00:45:18,190
blimps there they're really shaped like

910
00:45:22,410 --> 00:45:20,290
a goldfish cracker basically these big

911
00:45:24,270 --> 00:45:22,420
white blimps so they look completely

912
00:45:26,400 --> 00:45:24,280
bizarre you look at and say oh that's

913
00:45:28,920 --> 00:45:26,410

that's not a normal blimp or that's not

914

00:45:31,260 --> 00:45:28,930

a drone that's not an airplane

915

00:45:32,850 --> 00:45:31,270

so it had a scratching our heads for a

916

00:45:35,430 --> 00:45:32,860

while but eventually we were able to

917

00:45:38,340 --> 00:45:35,440

figure out what it was and couldn't find

918

00:45:39,930 --> 00:45:38,350

out Homeland Security uses a lot of

919

00:45:42,870 --> 00:45:39,940

these things especially close to the

920

00:45:44,520 --> 00:45:42,880

border but when I saw this weekend I

921

00:45:46,980 --> 00:45:44,530

have no idea what it was I assumed it

922

00:45:49,650 --> 00:45:46,990

was something related to Homeland

923

00:46:02,740 --> 00:45:49,660

Security slash Border Patrol but I don't

924

00:46:10,660 --> 00:46:08,050

hey Joe any more questions guys I'll

925

00:46:13,420 --> 00:46:10,670

wrap this up soon don't want to go too

926
00:46:15,910 --> 00:46:13,430
long but like I said we're gonna be

927
00:46:19,089 --> 00:46:15,920
doing more of these this year for sure

928
00:46:22,630 --> 00:46:19,099
certainly when we announce our store on

929
00:46:24,640 --> 00:46:22,640
rug planet and just to keep dialogue

930
00:46:26,500 --> 00:46:24,650
going throughout the year because we

931
00:46:28,359 --> 00:46:26,510
have the technology to do this type of

932
00:46:30,640 --> 00:46:28,369
thing and do it with multiple people too

933
00:46:32,830 --> 00:46:30,650
so we'll be able to do live roundtable

934
00:46:37,890 --> 00:46:32,840
discussions too so not only will we do

935
00:46:40,450 --> 00:46:37,900
that on our UFO podcast unknown but

936
00:46:43,450 --> 00:46:40,460
we'll be able to do it here on Facebook

937
00:46:50,800 --> 00:46:43,460
live twos we'll be able to interact in

938
00:46:53,500 --> 00:46:50,810

real time and field questions to again

939

00:46:55,210 --> 00:46:53,510

rub planet TV is our website where we

940

00:46:56,770 --> 00:46:55,220

post everything we do all of our shows

941

00:46:59,200 --> 00:46:56,780

that's where all the information will be

942

00:47:05,040 --> 00:46:59,210

about any new books we have coming about

943

00:47:14,950 --> 00:47:12,970

so let's see question from James what

944

00:47:17,770 --> 00:47:14,960

technology do you believe the u.s.

945

00:47:20,650 --> 00:47:17,780

hiding at this present time for national

946

00:47:23,800 --> 00:47:20,660

security reasons why that would just be

947

00:47:27,550 --> 00:47:23,810

a giant awesome guest right thinking

948

00:47:30,520 --> 00:47:27,560

about bizarre and wildly awesome

949

00:47:32,680 --> 00:47:30,530

technology that we don't have I mean the

950

00:47:33,690 --> 00:47:32,690

technology we know about is pretty

951
00:47:36,490 --> 00:47:33,700
incredible

952
00:47:40,599 --> 00:47:36,500
so trying to imagine technology that's

953
00:47:42,310 --> 00:47:40,609
even beyond that is pretty I don't know

954
00:47:44,410 --> 00:47:42,320
I don't know if I can think that crazy

955
00:47:49,140 --> 00:47:44,420
because a lot of what we see in sci-fi

956
00:47:51,609 --> 00:47:49,150
actually does exist and specifically I

957
00:47:53,410 --> 00:47:51,619
think about space propulsion systems

958
00:47:54,940 --> 00:47:53,420
there's so many different space

959
00:47:57,790 --> 00:47:54,950
propulsion systems out there that

960
00:48:01,750 --> 00:47:57,800
actually exist and are being tested

961
00:48:03,579 --> 00:48:01,760
right now but they're not really in use

962
00:48:05,560 --> 00:48:03,589
they're not being utilized for current

963
00:48:09,220 --> 00:48:05,570

missions for current spacecraft but the

964

00:48:11,620 --> 00:48:09,230

technology exists so I suspect and

965

00:48:14,200 --> 00:48:11,630

because of a lot of what we sort of know

966

00:48:16,120 --> 00:48:14,210

with the government's involvement in

967

00:48:18,280 --> 00:48:16,130

space that some of that

968

00:48:19,780 --> 00:48:18,290

stuff is being tested out currently

969

00:48:22,450 --> 00:48:19,790

because there have been a lot of

970

00:48:25,540 --> 00:48:22,460

launches in recent years where

971

00:48:30,190 --> 00:48:25,550

government spacecraft have been launched

972

00:48:32,800 --> 00:48:30,200

and tested for years on end in space new

973

00:48:34,810 --> 00:48:32,810

propulsion systems tested I know

974

00:48:38,380 --> 00:48:34,820

twin ion engines were just being

975

00:48:40,870 --> 00:48:38,390

experimented with a couple years a few

976
00:48:43,210 --> 00:48:40,880
years ago now and for those of you who

977
00:48:45,220 --> 00:48:43,220
don't remember twin ion engines zero

978
00:48:49,200 --> 00:48:45,230
what power tie fighters from Star Wars

979
00:48:52,390 --> 00:48:49,210
yes when ion engines are a real thing so

980
00:48:55,900 --> 00:48:52,400
man I don't know I don't know what

981
00:48:58,060 --> 00:48:55,910
technology is being hidden and certainly

982
00:49:00,460 --> 00:48:58,070
I'm sure there is because a lot for

983
00:49:02,230 --> 00:49:00,470
national security purpose is is withheld

984
00:49:05,080 --> 00:49:02,240
from from the public and used for

985
00:49:07,570 --> 00:49:05,090
defense purposes whether that's good or

986
00:49:10,900 --> 00:49:07,580
bad I don't know but certainly the case

987
00:49:14,470 --> 00:49:10,910
I think I think propulsion systems are

988
00:49:16,690 --> 00:49:14,480

the biggest thing that exists incredible

989

00:49:18,310 --> 00:49:16,700

propulsion systems that the government

990

00:49:26,920 --> 00:49:18,320

is experimenting with we don't know

991

00:49:30,610 --> 00:49:26,930

about just my thoughts all right Joe

992

00:49:32,250 --> 00:49:30,620

which country or place is a hot spot at

993

00:49:38,320 --> 00:49:32,260

the moment

994

00:49:41,110 --> 00:49:38,330

hmm well I think I think every place is

995

00:49:43,300 --> 00:49:41,120

is a hot spot and this is always my

996

00:49:45,730 --> 00:49:43,310

answer to that question I think no

997

00:49:48,370 --> 00:49:45,740

matter where you go if you have the

998

00:49:50,650 --> 00:49:48,380

patience you're going to see something

999

00:49:53,890 --> 00:49:50,660

strange we're talking about specifically

1000

00:49:57,610 --> 00:49:53,900

UFOs here other things I think strange

1001
00:49:59,980 --> 00:49:57,620
things are all over the place - you can

1002
00:50:04,300 --> 00:49:59,990
go looking for those if you like but

1003
00:50:06,250 --> 00:50:04,310
UFOs really they're just in my personal

1004
00:50:08,160 --> 00:50:06,260
experience they're kind of everywhere

1005
00:50:12,880 --> 00:50:08,170
all the time

1006
00:50:15,580 --> 00:50:12,890
it does take patience I don't and maybe

1007
00:50:18,100 --> 00:50:15,590
that's why people like Steven Greer and

1008
00:50:19,990 --> 00:50:18,110
others have their methods telling you to

1009
00:50:21,400 --> 00:50:20,000
just sit there and meditate and go

1010
00:50:24,760 --> 00:50:21,410
through a procedure and then you'll see

1011
00:50:26,980 --> 00:50:24,770
a UFO but you know I've never had to do

1012
00:50:28,560 --> 00:50:26,990
that maybe it's good for some people and

1013
00:50:30,690 --> 00:50:28,570

and you know hey it might work

1014

00:50:34,650 --> 00:50:30,700

but in my experience it's not necessary

1015

00:50:36,810 --> 00:50:34,660

I think if you take the time invest the

1016

00:50:38,850 --> 00:50:36,820

time have the patience sit there and

1017

00:50:41,160 --> 00:50:38,860

stare at the sky yeah it sounds super

1018

00:50:42,900 --> 00:50:41,170

fun right but could you sit there and

1019

00:50:44,220 --> 00:50:42,910

stare at the sky you're gonna see

1020

00:50:46,200 --> 00:50:44,230

something that you won't be able to

1021

00:50:49,830 --> 00:50:46,210

explain there's so much stuff going on

1022

00:50:51,960 --> 00:50:49,840

in our skies all the time I can only

1023

00:50:53,730 --> 00:50:51,970

speak specifically for the US and

1024

00:50:55,620 --> 00:50:53,740

specifically the Southwest us because

1025

00:50:57,930 --> 00:50:55,630

that's where I am and that's where I've

1026

00:51:00,440 --> 00:50:57,940

seen the most things in my life and

1027

00:51:03,510 --> 00:51:00,450

certainly the weather is usually

1028

00:51:05,220 --> 00:51:03,520

Pleasant so that enables you to go

1029

00:51:07,970 --> 00:51:05,230

outside and spend significant time

1030

00:51:10,440 --> 00:51:07,980

staring at the sky looking for things

1031

00:51:11,700 --> 00:51:10,450

but I have a feeling if the weather

1032

00:51:13,500 --> 00:51:11,710

we're better in other parts of the world

1033

00:51:15,390 --> 00:51:13,510

it would happen more often too but

1034

00:51:19,140 --> 00:51:15,400

really it comes down to it to patience

1035

00:51:20,520 --> 00:51:19,150

and looking in terms of hot spots you're

1036

00:51:22,950 --> 00:51:20,530

talking about a place that has all sorts

1037

00:51:27,120 --> 00:51:22,960

of weird strangeness going on like a

1038

00:51:31,140 --> 00:51:27,130

skinwalker ranch or the the just a lot

1039

00:51:33,810 --> 00:51:31,150

of regions in Utah in particular there

1040

00:51:35,580 --> 00:51:33,820

are plenty of those and really the way

1041

00:51:37,860 --> 00:51:35,590

you find out about those is by talking

1042

00:51:41,070 --> 00:51:37,870

to people who live in areas and that's

1043

00:51:42,750 --> 00:51:41,080

something that's hugely fascinating to

1044

00:51:44,580 --> 00:51:42,760

me as local lore hearing different

1045

00:51:47,580 --> 00:51:44,590

legends and stories from people in

1046

00:51:49,560 --> 00:51:47,590

different regions of the world different

1047

00:51:51,300 --> 00:51:49,570

locales different cities because that

1048

00:51:54,540 --> 00:51:51,310

stuff exists all over the place

1049

00:51:56,820 --> 00:51:54,550

and I know the Great Lakes area Michigan

1050

00:52:00,420 --> 00:51:56,830

and and some other places around there

1051
00:52:04,290 --> 00:52:00,430
are known to be extremely crazy all

1052
00:52:06,960 --> 00:52:04,300
sorts of strange so you know that's

1053
00:52:09,240 --> 00:52:06,970
that's a place high on my list the the

1054
00:52:11,220 --> 00:52:09,250
Great Lakes region to do some

1055
00:52:16,010 --> 00:52:11,230
investigation and talk to people because

1056
00:52:19,800 --> 00:52:18,330
but to really answer your question I

1057
00:52:44,120 --> 00:52:19,810
think every place is a hotspot you have

1058
00:52:48,410 --> 00:52:45,230
all right guys I'm gonna wrap it up here

1059
00:52:51,290 --> 00:52:48,420
soon I've been going for almost an hour

1060
00:52:54,500 --> 00:52:51,300
which is probably too long for live but

1061
00:52:56,390 --> 00:52:54,510
I appreciate you humoring me and you

1062
00:52:57,500 --> 00:52:56,400
know allowing us to try this out tell

1063
00:52:59,810 --> 00:52:57,510

you what we're going to be up to you in

1064

00:53:01,160 --> 00:52:59,820

the year and you know hopefully we'll

1065

00:53:03,740 --> 00:53:01,170

bring more of this to you again rogue

1066

00:53:08,450 --> 00:53:03,750

planet TV is our website where all of

1067

00:53:10,220 --> 00:53:08,460

our stuff is and you know like I said

1068

00:53:11,720 --> 00:53:10,230

they'll be in announcements in the

1069

00:53:13,220 --> 00:53:11,730

coming year about new books a

1070

00:53:15,530 --> 00:53:13,230

documentary the documentary will

1071

00:53:17,330 --> 00:53:15,540

probably the thing one-ounce first

1072

00:53:18,380 --> 00:53:17,340

because we're gonna start on some

1073

00:53:22,210 --> 00:53:18,390

production with that at the

1074

00:53:27,230 --> 00:53:24,470

see what else our store will be

1075

00:53:28,760 --> 00:53:27,240

launching our rogue planet store very

1076

00:53:33,110 --> 00:53:28,770

very very soon that'll be the first

1077

00:53:35,690 --> 00:53:33,120

thing that we'll announce so let's see

1078

00:53:37,730 --> 00:53:35,700

I've got a question here about remote

1079

00:53:42,770 --> 00:53:37,740

viewing so let me say something about

1080

00:53:45,770 --> 00:53:42,780

that so Greg what are what are your

1081

00:53:48,170 --> 00:53:45,780

views on remote viewing so remote

1082

00:53:51,260 --> 00:53:48,180

viewing is fascinating to me because I

1083

00:53:53,660 --> 00:53:51,270

know I've read so many stories about

1084

00:53:55,370 --> 00:53:53,670

remote viewing and a lot of people a lot

1085

00:53:57,500 --> 00:53:55,380

of credible people seem to take this

1086

00:54:00,050 --> 00:53:57,510

seriously and I know that you know the

1087

00:54:03,500 --> 00:54:00,060

government our government US government

1088

00:54:05,210 --> 00:54:03,510

specifically you know is very interested

1089

00:54:07,760 --> 00:54:05,220

in remote viewing a lot of interesting

1090

00:54:10,780 --> 00:54:07,770

things have been claimed to have been

1091

00:54:13,850 --> 00:54:10,790

seen the remote viewing

1092

00:54:16,160 --> 00:54:13,860

you know I'm skeptical you know because

1093

00:54:17,840 --> 00:54:16,170

you're relying on one person saying

1094

00:54:20,420 --> 00:54:17,850

something and it's usually things that

1095

00:54:22,940 --> 00:54:20,430

can't really be validated so again it

1096

00:54:24,170 --> 00:54:22,950

comes down to to faith to your personal

1097

00:54:25,850 --> 00:54:24,180

belief do you are you going to believe

1098

00:54:28,100 --> 00:54:25,860

what that person says because most

1099

00:54:30,110 --> 00:54:28,110

likely we're not going to be able to

1100

00:54:31,990 --> 00:54:30,120

validate what they say certainly any

1101
00:54:34,670 --> 00:54:32,000
time soon things like you know

1102
00:54:36,410 --> 00:54:34,680
structures on the moon which you know I

1103
00:54:38,750 --> 00:54:36,420
personally think is kind of silly

1104
00:54:40,580 --> 00:54:38,760
because unless you're talking about the

1105
00:54:43,850 --> 00:54:40,590
far side of the Moon which yes has been

1106
00:54:47,090 --> 00:54:43,860
imaged but you know people want to doubt

1107
00:54:49,550 --> 00:54:47,100
the source of that imaging think people

1108
00:54:51,620 --> 00:54:49,560
are covering things up I get that but

1109
00:54:54,260 --> 00:54:51,630
you know talking about the visible side

1110
00:54:55,610 --> 00:54:54,270
of the Moon you know go outside with a

1111
00:54:57,120 --> 00:54:55,620
decent camera you can see the surface

1112
00:54:59,400 --> 00:54:57,130
for yourself

1113
00:55:00,780 --> 00:54:59,410

nikon has a cool camera called the cool

1114

00:55:02,730 --> 00:55:00,790

pics I think it's a p90 or something

1115

00:55:03,870 --> 00:55:02,740

like that that they mark it as something

1116

00:55:06,480 --> 00:55:03,880

you can shoot the moon with and

1117

00:55:09,150 --> 00:55:06,490

seriously you can handhold it and zoom

1118

00:55:11,010 --> 00:55:09,160

and get amazing shots of the surface of

1119

00:55:13,800 --> 00:55:11,020

the Moon you know so that's just a

1120

00:55:16,230 --> 00:55:13,810

camera so I mean it's something visible

1121

00:55:18,210 --> 00:55:16,240

to us you can go out and if you see a

1122

00:55:20,280 --> 00:55:18,220

structure on there that isn't just a

1123

00:55:22,950 --> 00:55:20,290

blob through a shitty camera and good

1124

00:55:24,480 --> 00:55:22,960

for you but you know again it comes it

1125

00:55:27,420 --> 00:55:24,490

comes down with specifically the remote

1126
00:55:29,340 --> 00:55:27,430
viewing comes down to how much you want

1127
00:55:31,530 --> 00:55:29,350
to believe that person and are you going

1128
00:55:33,810 --> 00:55:31,540
to be satisfied with most likely never

1129
00:55:36,210 --> 00:55:33,820
being able to validate what that person

1130
00:55:39,960 --> 00:55:36,220
says I think there could possibly be

1131
00:55:41,250 --> 00:55:39,970
something to it but you know it's not

1132
00:55:43,680 --> 00:55:41,260
something I have personal experience

1133
00:55:45,930 --> 00:55:43,690
with and you know it hasn't really been

1134
00:56:06,070 --> 00:55:45,940
validated for me so just my opinion

1135
00:56:23,650 --> 00:56:08,120
alright guys I'll take one more question

1136
00:56:23,660 --> 00:56:34,470
have to be about UFOs either

1137
00:56:40,000 --> 00:56:36,849
hey Terry good to see you bud

1138
00:56:42,760 --> 00:56:40,010

yeah there are cool cameras out there

1139

00:56:46,420 --> 00:56:42,770

and yeah I really I didn't believe what

1140

00:56:50,290 --> 00:56:46,430

I was reading about that nikon coolpix i

1141

00:56:52,480 --> 00:56:50,300

think it's the p90 seriously like they

1142

00:56:55,530 --> 00:56:52,490

were in their marketing materials saying

1143

00:56:57,099 --> 00:56:55,540

it's a camera you could shoot the moon

1144

00:57:00,099 --> 00:56:57,109

Yeah right

1145

00:57:03,730 --> 00:57:00,109

I mean it's a figure they called it's

1146

00:57:06,490 --> 00:57:03,740

like a super zoom it's a fixed lens

1147

00:57:08,049 --> 00:57:06,500

camera but it's a super zoom and it was

1148

00:57:10,140 --> 00:57:08,059

all yeah right that piece of junk is

1149

00:57:12,099 --> 00:57:10,150

going to be able to take any sort of

1150

00:57:14,170 --> 00:57:12,109

usable shot of the moon

1151
00:57:16,630 --> 00:57:14,180
especially handheld but they were

1152
00:57:18,400 --> 00:57:16,640
showing these guys going out zooming and

1153
00:57:21,250 --> 00:57:18,410
just holding the camera and getting

1154
00:57:23,460 --> 00:57:21,260
crystal-clear images of the moon well I

1155
00:57:28,109 --> 00:57:23,470
had the opportunity to use that camera

1156
00:57:31,930 --> 00:57:28,119
for a job last year and it was amazing

1157
00:57:33,549 --> 00:57:31,940
no tripod just holding it in my hands

1158
00:57:35,920 --> 00:57:33,559
zooming and I'm shaking all over the

1159
00:57:38,799 --> 00:57:35,930
place with the photos it took were

1160
00:57:41,109 --> 00:57:38,809
unreal but you could see all the craters

1161
00:57:45,099 --> 00:57:41,119
it was awesome so for a space geek like

1162
00:57:47,740 --> 00:57:45,109
me I was pretty pretty happy I'm sure

1163
00:57:58,109 --> 00:57:47,750

any lawyer would be very happy with that

1164

00:57:58,119 --> 00:58:07,470

you

1165

00:58:12,640 --> 00:58:10,000

all right James there's a great question

1166

00:58:15,340 --> 00:58:12,650

for me to end on so where do you think

1167

00:58:18,040 --> 00:58:15,350

we will be UFO UIP

1168

00:58:23,280 --> 00:58:18,050

knowledge wise in five years time any

1169

00:58:27,070 --> 00:58:23,290

the wiser man I certainly hope so I hope

1170

00:58:28,690 --> 00:58:27,080

progress will have been made and you

1171

00:58:31,360 --> 00:58:28,700

know we'll have more usable information

1172

00:58:33,970 --> 00:58:31,370

that's something that you know people

1173

00:58:36,790 --> 00:58:33,980

grumble about in the UFO field the fact

1174

00:58:39,340 --> 00:58:36,800

that you know it's it's a frustrating

1175

00:58:41,200 --> 00:58:39,350

field that really is you know we have so

1176

00:58:44,200 --> 00:58:41,210

many questions we want so many answers

1177

00:58:46,750 --> 00:58:44,210

and they just don't come and after so

1178

00:58:49,120 --> 00:58:46,760

much research after so many thousands

1179

00:58:52,210 --> 00:58:49,130

and thousands and thousands of witness

1180

00:58:55,300 --> 00:58:52,220

reports and and you know sightings

1181

00:58:59,850 --> 00:58:55,310

you know where are we where where has

1182

00:59:02,290 --> 00:58:59,860

that gotten us and to think what

1183

00:59:04,900 --> 00:59:02,300

information could we possibly get and

1184

00:59:08,170 --> 00:59:04,910

how can that information be acquired to

1185

00:59:13,540 --> 00:59:08,180

in five years leave us in a better place

1186

00:59:15,490 --> 00:59:13,550

to you know have more knowledge it's

1187

00:59:16,720 --> 00:59:15,500

hard it's hard to think about you know

1188

00:59:19,660 --> 00:59:16,730

what could be so different about the

1189

00:59:23,140 --> 00:59:19,670

next five years from the past five years

1190

00:59:25,450 --> 00:59:23,150

but I'm optimistic I think I think

1191

00:59:31,150 --> 00:59:25,460

things are progressing the way they

1192

00:59:34,120 --> 00:59:31,160

should I do think that not as rapidly as

1193

00:59:38,410 --> 00:59:34,130

it should but gradually the ridicule

1194

00:59:40,330 --> 00:59:38,420

factor is decreasing we're seeing many

1195

00:59:43,330 --> 00:59:40,340

outlets many media outlets around the

1196

00:59:47,290 --> 00:59:43,340

world covering the UFO topic and taking

1197

00:59:49,660 --> 00:59:47,300

it or seriously you know approaching it

1198

00:59:52,990 --> 00:59:49,670

and treating it with the the seriousness

1199

00:59:53,470 --> 00:59:53,000

and respect that it deserves so we'll

1200

00:59:56,940 --> 00:59:53,480

see

1201

01:00:00,040 --> 00:59:56,950

I think with the the general attitude of

1202

01:00:03,610 --> 01:00:00,050

the the public changing on the UFO topic

1203

01:00:06,790 --> 01:00:03,620

that you know enables more research to

1204

01:00:08,890 --> 01:00:06,800

happen that enables more scientists to

1205

01:00:11,590 --> 01:00:08,900

worry less about their jobs and their

1206

01:00:13,930 --> 01:00:11,600

ridicule that they'll face when spending

1207

01:00:15,370 --> 01:00:13,940

time looking into this topic I think

1208

01:00:18,340 --> 01:00:15,380

that's happening it has been happening

1209

01:00:19,640 --> 01:00:18,350

and in five years time and yeah I I

1210

01:00:21,920 --> 01:00:19,650

think for sure

1211

01:00:26,240 --> 01:00:21,930

in a better place I think we'll have a

1212

01:00:28,610 --> 01:00:26,250

ton more information to add to the pile

1213

01:00:30,650 --> 01:00:28,620

that we already have and I certainly

1214

01:00:32,510 --> 01:00:30,660

think UFOs will be in a better place in

1215

01:00:41,830 --> 01:00:32,520

five years thanks for that question

1216

01:00:50,180 --> 01:00:49,100

so Terry to answer your question so I'm

1217

01:00:53,150 --> 01:00:50,190

gonna be at the International UFO

1218

01:00:54,860 --> 01:00:53,160

Congress in February just for the

1219

01:00:57,230 --> 01:00:54,870

weekend really doing some some live

1220

01:00:58,280 --> 01:00:57,240

coverage there hopefully and also doing

1221

01:01:01,430 --> 01:00:58,290

some other projects

1222

01:01:04,340 --> 01:01:01,440

I don't what what UFO events do you guys

1223

01:01:07,610 --> 01:01:04,350

go to you know there are several that

1224

01:01:10,160 --> 01:01:07,620

happen all around the world actually and

1225

01:01:12,410 --> 01:01:10,170

you know certainly in the US throughout

1226

01:01:15,950 --> 01:01:12,420

the year you know contact in the desert

1227

01:01:17,570 --> 01:01:15,960

is happening this summer and I probably

1228

01:01:21,050 --> 01:01:17,580

won't make it to that event but I might

1229

01:01:23,900 --> 01:01:21,060

be in the area to to see some people who

1230

01:01:25,790 --> 01:01:23,910

will be there but the International UFO

1231

01:01:27,530 --> 01:01:25,800

Congress and again I'm biased because I

1232

01:01:29,510 --> 01:01:27,540

was part of that for so many years

1233

01:01:31,370 --> 01:01:29,520

that's that's my favorite and it's in my

1234

01:01:45,339 --> 01:01:31,380

backyard so it's easy for me to go and

1235

01:01:50,809 --> 01:01:48,019

hey Scott I'll answer that question yeah

1236

01:01:53,960 --> 01:01:50,819

so you're getting he from insiders about

1237

01:01:57,799 --> 01:01:53,970

Antarctica about possible disclosure of

1238

01:01:59,359 --> 01:01:57,809

archaeological sites they found so it's

1239

01:02:01,969 --> 01:01:59,369

funny I mean I've been hearing about

1240

01:02:04,519 --> 01:02:01,979

Antarctica from people for so many years

1241

01:02:07,549 --> 01:02:04,529

and and you know a lot of angry people

1242

01:02:09,739 --> 01:02:07,559

to chastising me for not covering it as

1243

01:02:13,279 --> 01:02:09,749

you know this earth-shattering

1244

01:02:16,430 --> 01:02:13,289

information and and you know of course

1245

01:02:19,190 --> 01:02:16,440

that probably stems from the fact that

1246

01:02:20,779 --> 01:02:19,200

I'm obviously a reptilian and I wouldn't

1247

01:02:23,029 --> 01:02:20,789

want to disclose the location of my

1248

01:02:25,249 --> 01:02:23,039

bases and things like that

1249

01:02:28,779 --> 01:02:25,259

I don't know again man it comes down to

1250

01:02:31,609 --> 01:02:28,789

the the source of the information and

1251

01:02:33,079 --> 01:02:31,619

the source I've seen is not really

1252

01:02:36,049 --> 01:02:33,089

something that I'm losing any sleep over

1253

01:02:39,739 --> 01:02:36,059

and and certainly not not any of that

1254

01:02:42,099 --> 01:02:39,749

person's audience certainly hasn't

1255

01:02:45,229 --> 01:02:42,109

reached out to me in recent years but

1256

01:02:48,410 --> 01:02:45,239

yeah man I mean a few years ago both

1257

01:02:50,989 --> 01:02:48,420

Maureen and I would get handed pounded

1258

01:02:52,640 --> 01:02:50,999

constantly from people wanting us to

1259

01:02:54,469 --> 01:02:52,650

tell the truth about Antarctica

1260

01:02:56,120 --> 01:02:54,479

I know interesting things could

1261

01:02:58,039 --> 01:02:56,130

potentially be happening there but you

1262

01:03:00,200 --> 01:02:58,049

know we've heard claims about Antarctica

1263

01:03:14,280 --> 01:03:00,210

from years and really haven't had any

1264

01:03:18,180 --> 01:03:15,990

alright guys I will wrap it up and leave

1265

01:03:19,770 --> 01:03:18,190

you alone again I'll do this many more

1266

01:03:21,930 --> 01:03:19,780
