

ROSWELL

1
00:00:00,150 --> 00:00:20,150

[Music]

2
00:00:27,990 --> 00:00:22,770

greetings citizens and welcome to

3
00:00:30,179 --> 00:00:28,000

unknown I'm Jason McClellan thanks for

4
00:00:32,640 --> 00:00:30,189

hanging out with me we're only a couple

5
00:00:34,710 --> 00:00:32,650

weeks away from the Roswell UFO festival

6
00:00:35,369 --> 00:00:34,720

that takes place every year in Roswell

7
00:00:37,830 --> 00:00:35,379

New Mexico

8
00:00:41,430 --> 00:00:37,840

to commemorate the alleged crash of a

9
00:00:44,729 --> 00:00:41,440

UFO or UFOs in the desert outside of

10
00:00:46,320 --> 00:00:44,739

Roswell back in 1947 there hasn't been a

11
00:00:48,210 --> 00:00:46,330

tremendous amount of new information

12
00:00:50,700 --> 00:00:48,220

related to the Roswell incident to

13
00:00:54,569 --> 00:00:50,710

emerge in the past couple decades some

14

00:00:57,959 --> 00:00:54,579

but not much but by far the most

15

00:01:01,200 --> 00:00:57,969

exciting recent activity is the research

16

00:01:03,270 --> 00:01:01,210

of Roswell resident Frank Imbler rank is

17

00:01:04,740 --> 00:01:03,280

a geologist and an assistant professor

18

00:01:08,310 --> 00:01:04,750

of earth science at the New Mexico

19

00:01:10,200 --> 00:01:08,320

Military Institute in Roswell he spent

20

00:01:12,570 --> 00:01:10,210

considerable time searching the debris

21

00:01:15,210 --> 00:01:12,580

field an area once covered with wreckage

22

00:01:18,029 --> 00:01:15,220

and debris from the alleged 1947 UFO

23

00:01:21,359 --> 00:01:18,039

crash and he's found some pretty

24

00:01:24,120 --> 00:01:21,369

interesting artifacts again Frank is a

25

00:01:25,980 --> 00:01:24,130

scientist and he's actively looking to

26

00:01:28,620 --> 00:01:25,990

find out what exactly he found in the

27

00:01:31,020 --> 00:01:28,630

desert he's had this material tested by

28

00:01:33,480 --> 00:01:31,030

labs and the results so far have been

29

00:01:36,449 --> 00:01:33,490

pretty interesting to say the least

30

00:01:37,919 --> 00:01:36,459

but more testing is needed before Frank

31

00:01:40,710 --> 00:01:37,929

is ready to come out and say something

32

00:01:42,960 --> 00:01:40,720

like the data supports the notion that

33

00:01:45,410 --> 00:01:42,970

this material was manufactured by

34

00:01:48,029 --> 00:01:45,420

intelligent extraterrestrials

35

00:01:50,279 --> 00:01:48,039

unfortunately he might not even get the

36

00:01:52,260 --> 00:01:50,289

chance to answer the question of whether

37

00:01:53,820 --> 00:01:52,270

the material is from an alien craft or

38

00:01:56,010 --> 00:01:53,830

something more mundane and earthly

39

00:01:58,559 --> 00:01:56,020

that's because the Bureau of Land

40

00:02:00,809 --> 00:01:58,569

Management has taken an interest in the

41

00:02:03,620 --> 00:02:00,819

samples he's collected and they've

42

00:02:05,669 --> 00:02:03,630

requested to see the material in person

43

00:02:10,919 --> 00:02:05,679

Frank recently explained the situation

44

00:02:13,770 --> 00:02:10,929

to me holy smokes this is this is Jason

45

00:02:17,070 --> 00:02:13,780

this is absolutely this is insane stuff

46

00:02:19,670 --> 00:02:17,080

it really is and this this just happened

47

00:02:23,600 --> 00:02:19,680

they just contacted you out of the blue

48

00:02:27,209 --> 00:02:23,610

no actually it wasn't out of the blue

49

00:02:30,120 --> 00:02:27,219

this all started I sort of started this

50

00:02:36,510 --> 00:02:30,130

because I was having a

51
00:02:39,600 --> 00:02:36,520
a bit of a feud the landowner yeah in

52
00:02:42,840 --> 00:02:39,610
and it's the bogles and what happens is

53
00:02:44,940 --> 00:02:42,850
these three sisters and the Big Cheese

54
00:02:49,740 --> 00:02:44,950
of the three sisters her name is Lauren

55
00:02:53,310 --> 00:02:49,750
and so they basically took over the

56
00:02:56,210 --> 00:02:53,320
Bogle ranch now Lauren claims that she's

57
00:02:59,670 --> 00:02:56,220
a ranch and girl but she is actually

58
00:03:02,430 --> 00:02:59,680
probably a city slicker I don't know but

59
00:03:05,280 --> 00:03:02,440
she has a marketing degree and he's

60
00:03:08,550 --> 00:03:05,290
fairly successful so she decided to

61
00:03:12,210 --> 00:03:08,560
exploit the crash like she's okay run

62
00:03:14,250 --> 00:03:12,220
tours right and we're to run tours out

63
00:03:18,270 --> 00:03:14,260

to the crash site and we're going to

64

00:03:20,040 --> 00:03:18,280

charge \$65 for the tour right for the

65

00:03:22,310 --> 00:03:20,050

poor people and then we're gonna charge

66

00:03:25,500 --> 00:03:22,320

this huge amount for the rich people and

67

00:03:27,690 --> 00:03:25,510

the VIP tour and we're gonna let him

68

00:03:30,480 --> 00:03:27,700

we're gonna have metal detectors for

69

00:03:33,200 --> 00:03:30,490

them to rent Wow well that's yeah I said

70

00:03:38,150 --> 00:03:33,210

well that set up a red flag for me a

71

00:03:42,000 --> 00:03:38,160

commercialization site that's big know

72

00:03:44,160 --> 00:03:42,010

Don Schmidt found out about it so he

73

00:03:46,220 --> 00:03:44,170

bitched and moaned to the BLM about them

74

00:03:48,750 --> 00:03:46,230

commercializing the site and not

75

00:03:50,940 --> 00:03:48,760

protecting the archeological aspects of

76

00:03:54,930 --> 00:03:50,950

it yeah and he must have rattled some

77

00:03:57,420 --> 00:03:54,940

cages because pretty soon Don Schmidt

78

00:03:59,340 --> 00:03:57,430

gets a telephone call from the BLM and

79

00:04:02,010 --> 00:03:59,350

how do I know this because Don called me

80

00:04:04,890 --> 00:04:02,020

yes Don Schmidt gets his telephone call

81

00:04:07,860 --> 00:04:04,900

from a lady by the name of Courtney

82

00:04:11,100 --> 00:04:07,870

she's the archaeologist at the BLM here

83

00:04:14,610 --> 00:04:11,110

in the Roswell district office so they

84

00:04:16,800 --> 00:04:14,620

told basically that day but she told Don

85

00:04:18,660 --> 00:04:16,810

that she sort of kind of threatened him

86

00:04:20,940 --> 00:04:18,670

with you know you could go to jail you

87

00:04:23,970 --> 00:04:20,950

could go to prison we could find you all

88

00:04:28,920 --> 00:04:23,980

kinds of crap that's what Don told me

89

00:04:31,950 --> 00:04:28,930

yeah then after that conversation um she

90

00:04:34,500 --> 00:04:31,960

called me and she was she got me on the

91

00:04:36,510 --> 00:04:34,510

phone and she says she says Frank she

92

00:04:40,440 --> 00:04:36,520

says I understand that you have some

93

00:04:42,990 --> 00:04:40,450

concerns with the with the alleged crash

94

00:04:43,950 --> 00:04:43,000

site and I said yeah I do I said I I

95

00:04:50,730 --> 00:04:43,960

don't want

96

00:04:52,320 --> 00:04:50,740

to be it needs to be protected and she

97

00:04:54,809 --> 00:04:52,330

says well I can guarantee you that

98

00:04:59,550 --> 00:04:54,819

nobody is going to go out to that site

99

00:05:02,909 --> 00:04:59,560

and I have full enforcement authority

100

00:05:05,909 --> 00:05:02,919

and nobody is going to go out there and

101

00:05:07,230 --> 00:05:05,919

and it's this no there's gonna be no

102

00:05:09,270 --> 00:05:07,240

metal attack being there's not going to

103

00:05:11,189 --> 00:05:09,280

be anything that happens and they're

104

00:05:13,529 --> 00:05:11,199

only gonna go to the monument right I

105

00:05:15,659 --> 00:05:13,539

said that's fair and then she says oh by

106

00:05:18,300 --> 00:05:15,669

the way we heard you we're going to take

107

00:05:19,680 --> 00:05:18,310

some people out there and I said well

108

00:05:21,120 --> 00:05:19,690

yeah I'm gonna take some people out

109

00:05:22,830 --> 00:05:21,130

there but I'm not going to be doing any

110

00:05:24,510 --> 00:05:22,840

metal detector right and it says well

111

00:05:28,320 --> 00:05:24,520

you've metal detected before and it says

112

00:05:29,700 --> 00:05:28,330

well yeah probably and then she says was

113

00:05:31,290 --> 00:05:29,710

there anything you want to tell us or

114

00:05:36,420 --> 00:05:31,300

anything you want to share and I said no

115

00:05:39,180 --> 00:05:36,430

and she said okay I just want to inform

116

00:05:43,260 --> 00:05:39,190

you that this kind of act stuff needs to

117

00:05:44,969 --> 00:05:43,270

stop and and everything and so anyway

118

00:05:46,499 --> 00:05:44,979

that was the end she said something else

119

00:05:49,469 --> 00:05:46,509

I don't remember what it was but anyway

120

00:05:51,659 --> 00:05:49,479

kind of set up more red flags for me

121

00:05:55,320 --> 00:05:51,669

about what said it was it was this whole

122

00:06:00,570 --> 00:05:55,330

enforcement thing again so what I did

123

00:06:05,339 --> 00:06:00,580

was that following day which was about a

124

00:06:09,870 --> 00:06:05,349

week ago I said you know what I'm gonna

125

00:06:11,219 --> 00:06:09,880

go down and talk to them so I went down

126

00:06:13,140 --> 00:06:11,229

first I emailed them and nobody

127

00:06:14,820 --> 00:06:13,150

responded and then I called them up

128

00:06:15,990 --> 00:06:14,830

nobody responded so I just dropped in I

129

00:06:17,909 --> 00:06:16,000

made sure I was there early in the

130

00:06:20,149 --> 00:06:17,919

morning I said hey I want to talk to I

131

00:06:23,219 --> 00:06:20,159

want to talk to Kourtney and and or

132

00:06:27,510 --> 00:06:23,229

Blaine or plan there or whatever his

133

00:06:30,510 --> 00:06:27,520

name is he's the the the Kourtney is the

134

00:06:33,290 --> 00:06:30,520

archaeologist and Blaine probably

135

00:06:36,659 --> 00:06:33,300

getting his name wrong is there

136

00:06:38,670 --> 00:06:36,669

recreational specialist so they came out

137

00:06:41,430 --> 00:06:38,680

in the lobby and I'm talking to him

138

00:06:44,580 --> 00:06:41,440

and I said I need to I need to get

139

00:06:47,610 --> 00:06:44,590

clarification on something so I was

140

00:06:49,879 --> 00:06:47,620

talking to her in what I asked her I

141

00:06:53,640 --> 00:06:49,889

says let me ask you a question I says

142

00:06:56,219 --> 00:06:53,650

has the status of the beat of the

143

00:06:57,909 --> 00:06:56,229

alleged press like changed and she says

144

00:07:01,020 --> 00:06:57,919

as not a nice

145

00:07:05,379 --> 00:07:01,030

the BLM did a resource planning

146

00:07:07,869 --> 00:07:05,389

evaluation planning thing on it back in

147

00:07:10,390 --> 00:07:07,879

1979 have you guys amended that or

148

00:07:12,879 --> 00:07:10,400

change that she says no it's in that and

149

00:07:16,239 --> 00:07:12,889

then then she asked then I asked for

150

00:07:18,610 --> 00:07:16,249

another question and I says so this is

151
00:07:22,600 --> 00:07:18,620
not an archaeologically protected site I

152
00:07:25,089 --> 00:07:22,610
said no I says it isn't NSO right and

153
00:07:26,980 --> 00:07:25,099
Insano stands for no surface occupation

154
00:07:30,909 --> 00:07:26,990
she says yes but she's answering all my

155
00:07:32,830 --> 00:07:30,919
questions and I says then I threw a

156
00:07:35,080 --> 00:07:32,840
document number out to her and I says

157
00:07:37,629 --> 00:07:35,090
well according to CRS whatever blah blah

158
00:07:40,510 --> 00:07:37,639
blah the American antiquities Act it

159
00:07:42,129 --> 00:07:40,520
basically says that anything that you

160
00:07:44,260 --> 00:07:42,139
picked up that is less than a hundred

161
00:07:47,499 --> 00:07:44,270
years old is not considered a historical

162
00:07:49,240 --> 00:07:47,509
artifact she says that is true she says

163
00:07:50,050 --> 00:07:49,250

there's also another one when I says

164

00:07:53,439 --> 00:07:50,060

which one is that

165

00:07:55,749 --> 00:07:53,449

she said oh this one was 1969 and it's

166

00:07:57,670 --> 00:07:55,759

the historical cultural resource so

167

00:08:00,790 --> 00:07:57,680

whatever she quoted that and says that

168

00:08:06,129 --> 00:08:00,800

one says fifty years and I'm going oh

169

00:08:10,719 --> 00:08:06,139

really and so I said I didn't know that

170

00:08:13,119 --> 00:08:10,729

and so she says well tell me what you

171

00:08:14,769 --> 00:08:13,129

have so I said you know what it's pretty

172

00:08:16,480 --> 00:08:14,779

easy to I mean you can go google my name

173

00:08:19,300 --> 00:08:16,490

and you come up with all kinds of things

174

00:08:21,219 --> 00:08:19,310

that I found out at the crash site so I

175

00:08:24,700 --> 00:08:21,229

can't hide that from you guys but I do

176

00:08:27,999 --> 00:08:24,710

have I do have some material and she

177

00:08:30,339 --> 00:08:28,009

says well I need to I need to run this

178

00:08:35,019 --> 00:08:30,349

by well I also mentioned I said you know

179

00:08:37,750 --> 00:08:35,029

what are you guys gonna confiscate this

180

00:08:39,850 --> 00:08:37,760

stuff she said it's not up to me

181

00:08:41,500 --> 00:08:39,860

it's it's up to our enforcement officer

182

00:08:43,569 --> 00:08:41,510

and he's not in right now you're gonna

183

00:08:45,550 --> 00:08:43,579

have to wear I'm gonna have to review

184

00:08:50,410 --> 00:08:45,560

that with him and I says well you know

185

00:08:52,300 --> 00:08:50,420

I'm one step away from proving the

186

00:08:54,430 --> 00:08:52,310

existence of extraterrestrials at the

187

00:08:58,360 --> 00:08:54,440

Roswell crash site and I told her about

188

00:09:00,579 --> 00:08:58,370

a little 3% molybdenum that I had found

189

00:09:02,620 --> 00:09:00,589

or not I found but was found in a you

190

00:09:05,439 --> 00:09:02,630

know on a test that was done through the

191

00:09:07,960 --> 00:09:05,449

Smithsonian Institute through their

192

00:09:09,670 --> 00:09:07,970

documentary and I says I have a few

193

00:09:11,740 --> 00:09:09,680

other things that need to be tested too

194

00:09:14,320 --> 00:09:11,750

and I says if you guys conference

195

00:09:18,640 --> 00:09:14,330

the material that shuts my research

196

00:09:20,680 --> 00:09:18,650

completely down and then she said

197

00:09:22,540 --> 00:09:20,690

something well she says I think that's

198

00:09:24,310 --> 00:09:22,550

probably the least of your worries right

199

00:09:26,920 --> 00:09:24,320

now and I says well tell me what my

200

00:09:28,600 --> 00:09:26,930

worries are and then she said probably

201
00:09:31,840 --> 00:09:28,610
getting your permit because I talked to

202
00:09:36,310 --> 00:09:31,850
her about getting a permit to do an

203
00:09:38,440 --> 00:09:36,320
actual scientific thing and such so then

204
00:09:43,960 --> 00:09:38,450
she says well I'm gonna have to run this

205
00:09:45,190 --> 00:09:43,970
by my my enforcement officer now I says

206
00:09:48,250 --> 00:09:45,200
does this mean you're gonna break my

207
00:09:49,900 --> 00:09:48,260
door down and she says no does that

208
00:09:51,640 --> 00:09:49,910
require she was kind of smaug is that

209
00:09:55,380 --> 00:09:51,650
required a lot of paperwork to do that

210
00:09:58,360 --> 00:09:55,390
and a lot of to do a search warrant and

211
00:09:59,620 --> 00:09:58,370
she says you seem to be pretty something

212
00:10:01,540 --> 00:09:59,630
like you know you're nice or whatever

213
00:10:04,180 --> 00:10:01,550

like you know that's cordial kind of

214

00:10:06,160 --> 00:10:04,190

person that's as nice as I all abide by

215

00:10:07,360 --> 00:10:06,170

whatever you guys want and and she says

216

00:10:08,860 --> 00:10:07,370

well I don't want you to go back out

217

00:10:11,050 --> 00:10:08,870

there and this says no I'm not gonna go

218

00:10:14,080 --> 00:10:11,060

out there and you have my word on and I

219

00:10:15,430 --> 00:10:14,090

will not go looking for things with the

220

00:10:15,850 --> 00:10:15,440

muddled effector out there and she says

221

00:10:18,579 --> 00:10:15,860

okay

222

00:10:21,730 --> 00:10:18,589

and I says nor hit like commercially

223

00:10:24,370 --> 00:10:21,740

exploited it in any way and she says I

224

00:10:27,730 --> 00:10:24,380

needed to hear that really bad and she

225

00:10:31,810 --> 00:10:27,740

also said that the resource specialist

226

00:10:33,030 --> 00:10:31,820

which was there as well she said and he

227

00:10:37,329 --> 00:10:33,040

needed to hear that

228

00:10:39,040 --> 00:10:37,339

so that sort of ended the conversation I

229

00:10:40,690 --> 00:10:39,050

thought this was a done deal because it

230

00:10:42,579 --> 00:10:40,700

was last life didn't think she didn't do

231

00:10:45,130 --> 00:10:42,589

any more so I get this telephone call a

232

00:10:48,010 --> 00:10:45,140

couple of days ago says hi this is

233

00:10:49,720 --> 00:10:48,020

Courtney with BLM and we want you to

234

00:10:52,360 --> 00:10:49,730

bring your artifacts in so our

235

00:10:54,579 --> 00:10:52,370

enforcement officer could look at it and

236

00:10:56,310 --> 00:10:54,589

I said okay when and she says that I

237

00:10:59,890 --> 00:10:56,320

said tomorrow is no Monday

238

00:11:01,600 --> 00:10:59,900

how about 10:30 10:15 10:30 and I said

239

00:11:04,450 --> 00:11:01,610

no that's okay Monday all I'll bring

240

00:11:07,470 --> 00:11:04,460

down the material that I have and that

241

00:11:11,910 --> 00:11:07,480

was the end of that and then I'm going

242

00:11:16,570 --> 00:11:11,920

okay well this could be a prelude to

243

00:11:20,760 --> 00:11:16,580

confiscation and or a find and it's kind

244

00:11:25,570 --> 00:11:20,770

of scared me but I also emailed her a

245

00:11:27,580 --> 00:11:25,580

document and this is what really irks me

246

00:11:29,530 --> 00:11:27,590

because there is a document out there

247

00:11:33,040 --> 00:11:29,540

and you can go out and Google this

248

00:11:34,600 --> 00:11:33,050

document it's called collecting on

249

00:11:36,490 --> 00:11:34,610

public land

250

00:11:39,010 --> 00:11:36,500

that's the name collecting on public

251
00:11:42,210 --> 00:11:39,020
land Bureau of Land Management it's like

252
00:11:45,720 --> 00:11:42,220
the first thing that comes up in Google

253
00:11:48,850 --> 00:11:45,730
yet click on it has this beautiful

254
00:11:50,860 --> 00:11:48,860
little pamphlet that pops up with a

255
00:11:54,160 --> 00:11:50,870
gecko lizard on it and it says

256
00:11:56,920 --> 00:11:54,170
collecting on public land BLM and it's

257
00:11:59,110 --> 00:11:56,930
got it's from their website but it's if

258
00:12:00,880 --> 00:11:59,120
actually the nevada BLM but other

259
00:12:03,550 --> 00:12:00,890
offices use it because I've seen it

260
00:12:06,940 --> 00:12:03,560
published elsewhere this is the nicest

261
00:12:10,090 --> 00:12:06,950
one and if you read through it it gets

262
00:12:13,990 --> 00:12:10,100
down to a section that's called cultural

263
00:12:16,720 --> 00:12:14,000

artifacts and metal detecting Jason it

264

00:12:21,460 --> 00:12:16,730

clearly says in their own blasted

265

00:12:23,380 --> 00:12:21,470

document as long as artifacts are less

266

00:12:26,770 --> 00:12:23,390

than a hundred years old

267

00:12:30,240 --> 00:12:26,780

you can collect them by using a metal

268

00:12:33,160 --> 00:12:30,250

detector and according to that document

269

00:12:36,190 --> 00:12:33,170

everything I've done is illegal right

270

00:12:38,290 --> 00:12:36,200

right and this is this now I sent that

271

00:12:39,490 --> 00:12:38,300

document to her she didn't respond if

272

00:12:41,380 --> 00:12:39,500

she ever received it maybe she I

273

00:12:43,720 --> 00:12:41,390

mentioned it to her during our

274

00:12:46,960 --> 00:12:43,730

conversation she says I would really

275

00:12:48,670 --> 00:12:46,970

like to see that document and I sent it

276

00:12:50,950 --> 00:12:48,680

to her but she never responded to it

277

00:12:53,620 --> 00:12:50,960

that kind of irks me a little bit that

278

00:12:57,400 --> 00:12:53,630

she didn't respond it also hurts me

279

00:13:01,510 --> 00:12:57,410

because she might be trying to use this

280

00:13:03,430 --> 00:13:01,520

50-year rule but it also says then every

281

00:13:05,320 --> 00:13:03,440

single antiquities document that the

282

00:13:06,040 --> 00:13:05,330

United States has and this is another

283

00:13:11,560 --> 00:13:06,050

clincher

284

00:13:13,960 --> 00:13:11,570

it says artifacts of human origin

285

00:13:16,450 --> 00:13:13,970

doesn't say anything about birds doesn't

286

00:13:19,840 --> 00:13:16,460

say anything about turtles reptiles

287

00:13:21,810 --> 00:13:19,850

it says of human origin so if the

288

00:13:24,070 --> 00:13:21,820

material that I have is of

289

00:13:26,200 --> 00:13:24,080

extraterrestrial origin then all of the

290

00:13:30,730 --> 00:13:26,210

laws the United States are in fact a

291

00:13:33,190 --> 00:13:30,740

mute point so that goes back to well

292

00:13:34,090 --> 00:13:33,200

these things that I picked up out there

293

00:13:36,090 --> 00:13:34,100

are very tiny

294

00:13:38,620 --> 00:13:36,100

they could be trash it could be

295

00:13:39,380 --> 00:13:38,630

extraterrestrial some of them are

296

00:13:40,790 --> 00:13:39,390

anomalous

297

00:13:45,280 --> 00:13:40,800

we're gonna get some more testing done

298

00:13:48,710 --> 00:13:45,290

on it but if the BLM takes the material

299

00:13:50,930 --> 00:13:48,720

then the issue comes in that what's

300

00:13:53,240 --> 00:13:50,940

gonna happen to the research and how in

301

00:13:55,700 --> 00:13:53,250

the heck can I pull this off if I don't

302

00:13:57,560 --> 00:13:55,710

have it she just smiles and says well if

303

00:13:59,660 --> 00:13:57,570

we take it you'll still have access to

304

00:14:02,770 --> 00:13:59,670

it I got one thing to say about that

305

00:14:05,270 --> 00:14:02,780

excuse my language [h__h] right

306

00:14:07,460 --> 00:14:05,280

because you know as well as I do that

307

00:14:08,960 --> 00:14:07,470

anything that has an alien stamp on it

308

00:14:10,190 --> 00:14:08,970

the government's gonna snag it and

309

00:14:11,690 --> 00:14:10,200

they're gonna lose it and it's going to

310

00:14:14,780 --> 00:14:11,700

disappear off the face of the planet

311

00:14:17,120 --> 00:14:14,790

nobody will ever see you like that story

312

00:14:20,090 --> 00:14:17,130

so I've been I've been posting all of

313

00:14:25,940 --> 00:14:20,100

this stuff on Facebook and it has gone

314

00:14:30,050 --> 00:14:25,950

crazy so that's the story this is all

315

00:14:33,980 --> 00:14:30,060

very irritating I bet I I'm sitting here

316

00:14:36,320 --> 00:14:33,990

going am I gonna get fined

317

00:14:40,760 --> 00:14:36,330

right um are they going to put me in

318

00:14:42,560 --> 00:14:40,770

jail I already spoke to my work about it

319

00:14:44,120 --> 00:14:42,570

because it's gone all the way to that

320

00:14:45,680 --> 00:14:44,130

it's gone all the way that since I work

321

00:14:49,310 --> 00:14:45,690

in a military school it's gone all the

322

00:14:51,860 --> 00:14:49,320

way to the top right and one of their

323

00:14:54,590 --> 00:14:51,870

one of the generals came up to me and

324

00:14:57,410 --> 00:14:54,600

basically said I I asked him I says you

325

00:14:58,880 --> 00:14:57,420

know is my job like gonna be in trouble

326

00:15:01,100 --> 00:14:58,890

or something because of this he says

327

00:15:03,590 --> 00:15:01,110

what this is much to do about nothing I

328

00:15:05,060 --> 00:15:03,600

don't think so so he was very nice and I

329

00:15:07,070 --> 00:15:05,070

says if you need some help and just let

330

00:15:08,930 --> 00:15:07,080

me know so okay so the hierarchy knows

331

00:15:10,550 --> 00:15:08,940

what's going on they're just keeping a

332

00:15:11,870 --> 00:15:10,560

low profile they let me deal with it

333

00:15:13,460 --> 00:15:11,880

which is good then they told me I was

334

00:15:16,790 --> 00:15:13,470

winning some kind of an award I have no

335

00:15:18,320 --> 00:15:16,800

idea what awarded it that they kind of

336

00:15:20,270 --> 00:15:18,330

said oops and I'm going well must have

337

00:15:23,690 --> 00:15:20,280

done something right over here so right

338

00:15:25,970 --> 00:15:23,700

and you know the feelings that are going

339

00:15:28,940 --> 00:15:25,980

through my my it's weird

340

00:15:31,850 --> 00:15:28,950

one of them is fear one of them is being

341

00:15:34,460 --> 00:15:31,860

scared the one of them is elation I

342

00:15:36,050 --> 00:15:34,470

guess because I'm getting and I started

343

00:15:39,590 --> 00:15:36,060

it basically I'm getting a lot of media

344

00:15:42,560 --> 00:15:39,600

attention on this sure I'm really hoping

345

00:15:43,240 --> 00:15:42,570

that that that the media people will

346

00:15:47,120 --> 00:15:43,250

show up

347

00:15:49,910 --> 00:15:47,130

this started making me think that maybe

348

00:15:52,310 --> 00:15:49,920

the government really is pulling some

349

00:15:54,020 --> 00:15:52,320

strings somewhere in trying to shut down

350

00:15:58,160 --> 00:15:54,030

my research I mean what would somebody

351
00:16:00,490 --> 00:15:58,170
think Jason would you think that it yeah

352
00:16:03,470 --> 00:16:00,500
I mean it certainly would raise flags

353
00:16:05,330 --> 00:16:03,480
and I'm going now and mandating this

354
00:16:06,710 --> 00:16:05,340
this meeting and to bring your material

355
00:16:07,210 --> 00:16:06,720
so they can be reviewed it's very

356
00:16:11,630 --> 00:16:07,220
strange

357
00:16:13,850 --> 00:16:11,640
these other people just backing down

358
00:16:16,340 --> 00:16:13,860
because they don't want to they don't

359
00:16:18,740 --> 00:16:16,350
want to do the media coverage about the

360
00:16:20,960 --> 00:16:18,750
four that I was kind of hoping that all

361
00:16:22,280 --> 00:16:20,970
of Roswell would show up for support for

362
00:16:25,310 --> 00:16:22,290
me but now I don't know if anybody's

363
00:16:27,860 --> 00:16:25,320

going to show up so although I heard I

364

00:16:29,450 --> 00:16:27,870

heard a little little bird say that may

365

00:16:31,550 --> 00:16:29,460

be a good morning America might show up

366

00:16:35,150 --> 00:16:31,560

that would be exciting I would love that

367

00:16:36,770 --> 00:16:35,160

yeah um I would love CNN and Fox and

368

00:16:38,630 --> 00:16:36,780

everything because you know what in this

369

00:16:41,720 --> 00:16:38,640

particular case I really think that the

370

00:16:43,760 --> 00:16:41,730

BLM is dead wrong simply because of that

371

00:16:45,320 --> 00:16:43,770

one pamphlet that says it's okay to pick

372

00:16:47,990 --> 00:16:45,330

up stuff that's a hundred years over

373

00:16:50,180 --> 00:16:48,000

absolutely I mean it lays it out that

374

00:16:52,610 --> 00:16:50,190

metal detecting is just fine and you can

375

00:16:55,490 --> 00:16:52,620

pick up all the stuff as long as it's

376

00:16:57,380 --> 00:16:55,500

less than a hundred years old I mean I

377

00:16:59,000 --> 00:16:57,390

don't know how you get clearer than that

378

00:17:00,770 --> 00:16:59,010

and you're right I mean what do they

379

00:17:02,750 --> 00:17:00,780

know that you don't know do they know

380

00:17:06,590 --> 00:17:02,760

that it's more than a hundred years old

381

00:17:08,960 --> 00:17:06,600

they don't know and what what's gonna

382

00:17:11,179 --> 00:17:08,970

happen is I'm gonna show them I'm going

383

00:17:12,290 --> 00:17:11,189

to show them the pieces some of it not

384

00:17:13,730 --> 00:17:12,300

all of them but I'm going to show them

385

00:17:15,470 --> 00:17:13,740

some of the pieces that I picked up out

386

00:17:19,160 --> 00:17:15,480

there representative sample of all of

387

00:17:21,500 --> 00:17:19,170

them and they're gonna see the material

388

00:17:23,420 --> 00:17:21,510

I'm gonna say now you guys have I'm not

389

00:17:25,069 --> 00:17:23,430

gonna ask I'm gonna answer any questions

390

00:17:26,449 --> 00:17:25,079

for them but I don't care who hears this

391

00:17:28,310 --> 00:17:26,459

I mean I'm just going to show it and I

392

00:17:30,140 --> 00:17:28,320

says well here's here's the trash from

393

00:17:31,670 --> 00:17:30,150

the Roswell debris field you guys figure

394

00:17:35,360 --> 00:17:31,680

out which one of these is alien and

395

00:17:37,430 --> 00:17:35,370

which one is not now that's hard to do

396

00:17:40,040 --> 00:17:37,440

because you have tested all the testing

397

00:17:41,930 --> 00:17:40,050

is expensive Jason I've got three maybe

398

00:17:43,730 --> 00:17:41,940

four different kinds of aluminum alloys

399

00:17:47,620 --> 00:17:43,740

they're out there some of it may very

400

00:17:50,060 --> 00:17:47,630

well be aluminum trash from campers or

401
00:17:52,490 --> 00:17:50,070
whatever other parts of it could be

402
00:17:54,500 --> 00:17:52,500
pieces of an alien spacecraft well the

403
00:17:56,780 --> 00:17:54,510
only way to test this stuff is to test

404
00:17:59,360 --> 00:17:56,790
all of it right and it would cost them a

405
00:18:01,550 --> 00:17:59,370
huge pile of money to test at all yeah

406
00:18:03,050 --> 00:18:01,560
and if the government has a thing and I

407
00:18:06,140 --> 00:18:03,060
test it because they don't give a flying

408
00:18:08,450 --> 00:18:06,150
here yeah well this is wild and I

409
00:18:12,050 --> 00:18:08,460
I guess more answers will will come

410
00:18:13,610 --> 00:18:12,060
after Monday right know what they're

411
00:18:15,800 --> 00:18:13,620
going to do what's gonna come of all

412
00:18:17,720 --> 00:18:15,810
this I may have blown this all out of

413
00:18:19,850 --> 00:18:17,730

proportion but I really hope that the

414

00:18:22,070 --> 00:18:19,860

Bureau of Land Management is getting

415

00:18:24,470 --> 00:18:22,080

there I'm hoping that their emails have

416

00:18:27,490 --> 00:18:24,480

exploded in their phone service has shut

417

00:18:30,890 --> 00:18:27,500

down from anybody calling them up I

418

00:18:33,560 --> 00:18:30,900

don't know and I I don't know what's

419

00:18:37,870 --> 00:18:33,570

going to happen on Monday in which case

420

00:18:42,260 --> 00:18:37,880

whatever happens let's put it this way

421

00:18:45,050 --> 00:18:42,270

if the BLM considers this stuff it's

422

00:18:48,470 --> 00:18:45,060

everyday common trash is just laying

423

00:18:52,250 --> 00:18:48,480

around out in a field and they don't do

424

00:18:55,070 --> 00:18:52,260

anything about it then I will say you

425

00:18:56,870 --> 00:18:55,080

know that BLM is really fair and I will

426

00:18:58,580 --> 00:18:56,880

treat them with utmost respect

427

00:19:00,560 --> 00:18:58,590

I've not bashed them I haven't bashed

428

00:19:04,190 --> 00:19:00,570

him at all I've simply said that what

429

00:19:07,520 --> 00:19:04,200

they're doing is kind of unfair so if

430

00:19:09,260 --> 00:19:07,530

they do that if they do that part and

431

00:19:11,840 --> 00:19:09,270

they just let it go then I'll be happy

432

00:19:13,610 --> 00:19:11,850

I'm kind of thinking that maybe they

433

00:19:16,040 --> 00:19:13,620

won't that they might try to set an

434

00:19:18,200 --> 00:19:16,050

example I don't know but I do have that

435

00:19:21,770 --> 00:19:18,210

one document that says that it's okay to

436

00:19:25,760 --> 00:19:21,780

do it if they so if they do that part

437

00:19:28,070 --> 00:19:25,770

then no no harm no foul and then I will

438

00:19:29,750 --> 00:19:28,080

send really nice things out reference to

439

00:19:32,360 --> 00:19:29,760

the BLM and I will give them my full

440

00:19:35,660 --> 00:19:32,370

support I will share all of my data with

441

00:19:38,660 --> 00:19:35,670

them all of the research that I've done

442

00:19:40,460 --> 00:19:38,670

we'll go we'll go to them besides it's

443

00:19:42,020 --> 00:19:40,470

available to the public anybody can have

444

00:19:42,380 --> 00:19:42,030

it but once it I don't hide any of that

445

00:19:45,080 --> 00:19:42,390

stuff

446

00:19:47,120 --> 00:19:45,090

you know that I will give them

447

00:19:48,860 --> 00:19:47,130

everything that I've got and they can

448

00:19:52,130 --> 00:19:48,870

put it in their files and keep it for

449

00:19:53,810 --> 00:19:52,140

posterity and they can they can set it

450

00:19:54,590 --> 00:19:53,820

up a matter of fact it might help the

451
00:19:57,410 --> 00:19:54,600
BLM

452
00:19:59,750 --> 00:19:57,420
set the area as an archaeological as a

453
00:20:02,050 --> 00:19:59,760
protected archaeological site which is

454
00:20:04,430 --> 00:20:02,060
really what I would like to see done

455
00:20:07,340 --> 00:20:04,440
because I think I have enough research

456
00:20:10,060 --> 00:20:07,350
to sort of help prove some things and

457
00:20:12,470 --> 00:20:10,070
the research that I would do on that

458
00:20:15,890 --> 00:20:12,480
complete complete the research that I'm

459
00:20:18,740 --> 00:20:15,900
doing and make it make it a true

460
00:20:20,060 --> 00:20:18,750
monument and that that's a doable thing

461
00:20:24,230 --> 00:20:20,070
how

462
00:20:26,779 --> 00:20:24,240
if it takes the other path if they

463
00:20:28,340 --> 00:20:26,789

decide you're going to find me and I

464

00:20:30,110 --> 00:20:28,350

don't know how is I don't think it would

465

00:20:32,149 --> 00:20:30,120

stand up with that one document that I

466

00:20:34,370 --> 00:20:32,159

can that I'm going to pull out during

467

00:20:38,510 --> 00:20:34,380

the meeting with them if they decide

468

00:20:41,180 --> 00:20:38,520

they're going to be mean then then we'll

469

00:20:44,450 --> 00:20:41,190

say all hell breaks loose and I've

470

00:20:46,549 --> 00:20:44,460

already got the backings a couple of

471

00:20:49,159 --> 00:20:46,559

really big attorneys that are out there

472

00:20:52,279 --> 00:20:49,169

and I will go to the American Civil

473

00:20:55,130 --> 00:20:52,289

Liberties Union I will this will be the

474

00:20:58,250 --> 00:20:55,140

biggest fiasco that the BLM has ever

475

00:21:00,350 --> 00:20:58,260

seen and I can guarantee that I don't

476

00:21:02,330 --> 00:21:00,360

care if they have good lawyers they will

477

00:21:04,220 --> 00:21:02,340

lose and that's a guarantee and I'll

478

00:21:06,139 --> 00:21:04,230

still come out on top although I might

479

00:21:08,210 --> 00:21:06,149

lose the material in the process which

480

00:21:09,830 --> 00:21:08,220

would be set that would be I mean that's

481

00:21:10,970 --> 00:21:09,840

that there would be the the saddest

482

00:21:12,230 --> 00:21:10,980

thing that could come out of this right

483

00:21:15,560 --> 00:21:12,240

I mean we don't want to lose the

484

00:21:17,360 --> 00:21:15,570

research um and you're right I mean

485

00:21:19,480 --> 00:21:17,370

these things have disappeared before and

486

00:21:21,409 --> 00:21:19,490

that would just be absolutely

487

00:21:23,210 --> 00:21:21,419

devastating and I know you've worked so

488

00:21:25,669 --> 00:21:23,220

hard on this and and we all want to see

489

00:21:26,960 --> 00:21:25,679

it through the end but I mean yeah I

490

00:21:29,149 --> 00:21:26,970

guess there are so many different

491

00:21:30,710 --> 00:21:29,159

outcomes that could happen but I guess

492

00:21:33,080 --> 00:21:30,720

we'll have to wait and wait and find out

493

00:21:35,060 --> 00:21:33,090

I know and that's that's might be the

494

00:21:36,470 --> 00:21:35,070

thing that the newspaper is waiting for

495

00:21:38,870 --> 00:21:36,480

they want to see how this is gonna play

496

00:21:40,279 --> 00:21:38,880

out you know is Frank gonna get an even

497

00:21:43,460 --> 00:21:40,289

more trouble are they gonna let it go

498

00:21:45,230 --> 00:21:43,470

right so maybe they're just waiting for

499

00:21:46,010 --> 00:21:45,240

that maybe I'm blowing this all out of

500

00:21:49,669 --> 00:21:46,020

proportion

501
00:21:50,720 --> 00:21:49,679
let's hope yeah let's hope it's really

502
00:21:55,549 --> 00:21:50,730
blowing this all out of proportion

503
00:21:58,010 --> 00:21:55,559
because it's I wanted to protect myself

504
00:21:59,840 --> 00:21:58,020
in these days the best way to protect

505
00:22:02,320 --> 00:21:59,850
yourself is to get as much media

506
00:22:06,440 --> 00:22:02,330
coverage as you can possibly get in

507
00:22:08,330 --> 00:22:06,450
basically Facebook at Twitter it do

508
00:22:11,659 --> 00:22:08,340
everything you can to get the name out

509
00:22:13,310 --> 00:22:11,669
there as fast as possible then then they

510
00:22:15,590 --> 00:22:13,320
have a and they have a tough time to

511
00:22:18,110 --> 00:22:15,600
deal with with stuff then it makes them

512
00:22:21,289 --> 00:22:18,120
sort of kinda in a way look like the bad

513
00:22:23,389 --> 00:22:21,299

guys and I don't want the Bureau of Land

514

00:22:26,779 --> 00:22:23,399

Management to look like the bad guys and

515

00:22:29,149 --> 00:22:26,789

like I said I will work with them and

516

00:22:32,269 --> 00:22:29,159

give them every all the research I've

517

00:22:33,480 --> 00:22:32,279

got that they need to let this go so

518

00:22:34,919 --> 00:22:33,490

that I can either prove

519

00:22:37,200 --> 00:22:34,929

stuff is trash to prove that it's

520

00:22:39,840 --> 00:22:37,210

extraterrestrial and that's what they

521

00:22:41,720 --> 00:22:39,850

need to let me do and I can't do it if

522

00:22:44,430 --> 00:22:41,730

the material is under their control

523

00:22:45,720 --> 00:22:44,440

right and it would be nice if they would

524

00:22:48,540 --> 00:22:45,730

give you something more concrete than

525

00:22:50,580 --> 00:22:48,550

well maybe the reason that we want to

526

00:22:52,980 --> 00:22:50,590

see this stuff is because maybe

527

00:22:57,330 --> 00:22:52,990

something that a document from the 60s

528

00:22:59,700 --> 00:22:57,340

says you know they need to be more more

529

00:23:01,560 --> 00:22:59,710

direct with you with you know the

530

00:23:03,090 --> 00:23:01,570

purpose of them pulling you in and the

531

00:23:05,190 --> 00:23:03,100

objections they have to anything that

532

00:23:07,080 --> 00:23:05,200

you've done they've never demanded

533

00:23:10,110 --> 00:23:07,090

anything this is voluntary I mean I

534

00:23:12,240 --> 00:23:10,120

don't have to go there but I am a man of

535

00:23:14,669 --> 00:23:12,250

my word and I told them on the phone I

536

00:23:16,680 --> 00:23:14,679

says yeah I'll bring I'll bring the

537

00:23:19,260 --> 00:23:16,690

material down that I found out there and

538

00:23:21,990 --> 00:23:19,270

I'll let your officer take a look at it

539

00:23:24,570 --> 00:23:22,000

but they have to make that determination

540

00:23:28,410 --> 00:23:24,580

whether this stuff is worthwhile for

541

00:23:30,510 --> 00:23:28,420

them to pursue on whatever they use as

542

00:23:32,460 --> 00:23:30,520

their ground their 50-year rule for

543

00:23:34,440 --> 00:23:32,470

cultural artifacts which I can't stand

544

00:23:39,210 --> 00:23:34,450

you know what this is funny Jason I know

545

00:23:42,180 --> 00:23:39,220

I'm rambling on but gosh darn um the

546

00:23:46,230 --> 00:23:42,190

50-year old rule as a cultural artifact

547

00:23:49,350 --> 00:23:46,240

means that me I'm 61 I can actually

548

00:23:50,970 --> 00:23:49,360

register myself as a historical cultural

549

00:23:53,330 --> 00:23:50,980

artifact what do you think you think I

550

00:23:56,790 --> 00:23:53,340

should do that

551
00:23:59,310 --> 00:23:56,800
well you are to me Frank I could be that

552
00:24:01,230 --> 00:23:59,320
I could be a protected archaeological

553
00:24:03,299 --> 00:24:01,240
resource you can't touch me you can't

554
00:24:05,820 --> 00:24:03,309
arrest me because you don't have the

555
00:24:07,799 --> 00:24:05,830
proper curation facilities in order to

556
00:24:09,660 --> 00:24:07,809
take care of me because I'm a protected

557
00:24:11,910 --> 00:24:09,670
resource I think that would be cool and

558
00:24:13,950 --> 00:24:11,920
I think every I think everybody that's

559
00:24:16,080 --> 00:24:13,960
older than 50 years old should make an

560
00:24:17,940 --> 00:24:16,090
application to that and then they could

561
00:24:19,680 --> 00:24:17,950
probably never be put in prison because

562
00:24:23,250 --> 00:24:19,690
there's no way that they could curate

563
00:24:25,049 --> 00:24:23,260

you to take care of you as a protected

564

00:24:26,850 --> 00:24:25,059

archaeological research which tells you

565

00:24:28,590 --> 00:24:26,860

how stupid some of the US laws are

566

00:24:31,799 --> 00:24:28,600

that's pretty funny yeah you should do

567

00:24:33,480 --> 00:24:31,809

that Frank it's done I heard everyone to

568

00:24:35,660 --> 00:24:33,490

do that that's older than 50 if you

569

00:24:37,650 --> 00:24:35,670

register as an archaeological resource

570

00:24:40,360 --> 00:24:37,660

well I'm sorry you're having to deal

571

00:24:42,490 --> 00:24:40,370

with this that's so unfortunate and

572

00:24:44,980 --> 00:24:42,500

you know I can't wait to hear what the

573

00:24:49,390 --> 00:24:44,990

resolution is if I ever hear from you

574

00:24:51,880 --> 00:24:49,400

again Frank well yeah I told the general

575

00:24:53,650 --> 00:24:51,890

one of the I told the general that says

576

00:24:55,990 --> 00:24:53,660

I was getting some award I says is that

577

00:24:58,000 --> 00:24:56,000

going to be before or after I I'm in

578

00:24:59,650 --> 00:24:58,010

jail and he just laughed he said he says

579

00:25:05,370 --> 00:24:59,660

I don't think anything's gonna come of

580

00:25:10,480 --> 00:25:07,720

this is indeed an interesting

581

00:25:13,390 --> 00:25:10,490

development in Frank's research again

582

00:25:15,970 --> 00:25:13,400

he's always been very public with what

583

00:25:18,760 --> 00:25:15,980

he's found and how he found it and the

584

00:25:20,830 --> 00:25:18,770

testing he's having done why does the

585

00:25:24,580 --> 00:25:20,840

BLM have an interest in these artifacts

586

00:25:26,970 --> 00:25:24,590

now like Frank said the BLM pamphlet

587

00:25:29,950 --> 00:25:26,980

titled collecting on public lands

588

00:25:33,070 --> 00:25:29,960

explicitly states that metal detector

589

00:25:35,790 --> 00:25:33,080

use is permitted and that artifacts more

590

00:25:38,680 --> 00:25:35,800

than 100 years old may not be collected

591

00:25:40,360 --> 00:25:38,690

does the BLM plan to conduct their own

592

00:25:43,260 --> 00:25:40,370

testing on these samples to determine

593

00:25:46,210 --> 00:25:43,270

age it's weird

594

00:25:48,760 --> 00:25:46,220

we'll just have to wait and see what if

595

00:25:51,760 --> 00:25:48,770

anything comes of this after Frank's

596

00:25:54,190 --> 00:25:51,770

meeting with the BLM even he admits that

597

00:25:56,669 --> 00:25:54,200

he may very well be blowing this all out

598

00:25:59,169 --> 00:25:56,679

of proportion and nothing will happen

599

00:26:03,130 --> 00:25:59,179

that's what I'm suspecting will be the

600

00:26:04,630 --> 00:26:03,140

case at least I hope it will we'll

601
00:26:07,000 --> 00:26:04,640
update you on this story as it develops

602
00:26:09,400 --> 00:26:07,010
and I'll catch up with Frank when I'm at
