

A man with short blonde hair and white-rimmed glasses is looking directly at the camera. He is in a room filled with UFO-related items. On a shelf behind him are figurines of a man and a woman, a book titled 'TO THE STARS', and a model of a spacecraft. To his right, a sign reads 'I WANT BELI'. Below the main text, a microphone is visible. The background also shows shelves with various items and a sign that says 'CAM 2' and 'CAM 3'.

**3 THINGS:**

**for UFO fans in late 2018**

1  
00:00:04,370 --> 00:00:03,200  
reading citizens I'm Jace McClellan and

2  
00:00:05,990 --> 00:00:04,380  
I want to let you know about three

3  
00:00:08,839 --> 00:00:06,000  
things you fo fans can look forward to

4  
00:00:11,390 --> 00:00:08,849  
later this year histories Project Blue

5  
00:00:13,070 --> 00:00:11,400  
Book histories upcoming new drama series

6  
00:00:14,839 --> 00:00:13,080  
Project Blue Book is based on the

7  
00:00:16,640 --> 00:00:14,849  
real-life study of UFOs and related

8  
00:00:19,790 --> 00:00:16,650  
phenomena conducted by the US Air Force

9  
00:00:22,220 --> 00:00:19,800  
from 1952 to 1968 if you're familiar

10  
00:00:23,840 --> 00:00:22,230  
with Project Blue Book the real Project

11  
00:00:25,910 --> 00:00:23,850  
Blue Book you're probably familiar with

12  
00:00:27,500 --> 00:00:25,920  
dr. J Allen Hynek the Ohio State

13  
00:00:28,880 --> 00:00:27,510

astronomy professor recruited by the

14

00:00:31,429 --> 00:00:28,890

government to serve as a scientific

15

00:00:33,110 --> 00:00:31,439

consultant on the project histories

16

00:00:34,370 --> 00:00:33,120

dramatized version of blue book puts

17

00:00:36,590 --> 00:00:34,380

Hynek in the driver's seat of the

18

00:00:38,450 --> 00:00:36,600

project rather than the consultant role

19

00:00:40,880 --> 00:00:38,460

in which he actually served but this

20

00:00:44,389 --> 00:00:40,890

isn't a documentary this is a dramatized

21

00:00:45,799 --> 00:00:44,399

fiction based on Project Blue Book so if

22

00:00:47,779 --> 00:00:45,809

you're gonna get upset by inaccuracies

23

00:00:49,970 --> 00:00:47,789

or misrepresentations you're probably

24

00:00:52,310 --> 00:00:49,980

gonna want to skip the show but if you

25

00:00:53,810 --> 00:00:52,320

like UFOs and UFO history and you want

26  
00:00:55,670 --> 00:00:53,820  
to watch a fun show about the topic you

27  
00:00:57,619 --> 00:00:55,680  
love then Project Blue Book should be a

28  
00:00:59,420 --> 00:00:57,629  
fun series a premiere date hasn't been

29  
00:01:00,920 --> 00:00:59,430  
announced yet which you can sign up on

30

40

00:01:22,160 --> 00:01:19,860

successfully managed to grow the event

41

00:01:24,289 --> 00:01:22,170

into a much broader convention featuring
