[Music]

6
00:00:38,689 --> 00:00:32,569
I'm Jason McClellan thanks for hanging

7
00:00:40,910 --> 00:00:38,699
out with me you may have seen some

8
00:00:44,060 --> 00:00:40,920
things in the news lately about strange

9
00:00:46,069 --> 00:00:44,070
metals and mysterious material that just

10
00:00:47,000 --> 00:00:46,079
might be from extraterrestrial

11
00:00:49,819 --> 00:00:47,010
spacecraft

12
00:00:51,380 --> 00:00:49,829
today I'll spend some time walking you

13
00:00:53,509 --> 00:00:51,390

through what's going on in this arena

14

00:00:55,670 --> 00:00:53,519

I'll share some of my personal

15

00:00:58,219 --> 00:00:55,680

experience with this type of thing and

16

00:01:12,100 --> 00:00:58,229

you bet all over my personal opinion

17

00:01:17,990 --> 00:01:16,190

so on August 14th to the Stars Academy

18

00:01:19,970 --> 00:01:18,000

of Arts and Sciences published a video

19

00:01:22,040 --> 00:01:19,980

to its YouTube channel showing the

20

00:01:25,490 --> 00:01:22,050

organization's effort to collect and

21

00:01:28,640 --> 00:01:25,500

analyze alien material material that

22

00:01:32,090 --> 00:01:28,650

could prove to be from mundane earth

23

00:01:35,390 --> 00:01:32,100

objects or just possibly could be from

24

00:01:35,870 --> 00:01:35,400

something extraterrestrial the video is

25

00:01:40,219 --> 00:01:35,880

titled

26

00:01:42,200 --> 00:01:40,229

the atom research project begins the

27

00:01:44,600 --> 00:01:42,210

atom research project which is an

28

00:01:48,020 --> 00:01:44,610

acronym for acquisition and data

29

00:01:52,310 --> 00:01:48,030

analysis of materials was announced by

30

00:01:55,100 --> 00:01:52,320

titi si on July 26th the organization

31

00:01:57,710 --> 00:01:55,110

describes this project as quote an

32

00:02:00,050 --> 00:01:57,720

academic research program focused on

33

00:02:04,040 --> 00:02:00,060

exotic materials for technology

34

00:02:06,859 --> 00:02:04,050

innovation in quote TC sa asserts that

35

00:02:09,590 --> 00:02:06,869

quote from time to time various sources

36

00:02:11,600 --> 00:02:09,600

have collected material samples reported

37

00:02:14,720 --> 00:02:11,610

to have come from advanced aerospace

38

00:02:17,420 --> 00:02:14,730

vehicles of unknown origin popularly

39

00:02:21,770 --> 00:02:17,430

known as uap unidentified aerial

40

00:02:24,290 --> 00:02:21,780

phenomena or UFO in quote an atom

41

00:02:26,509 --> 00:02:24,300

research project aims to quote subject

42

00:02:28,790 --> 00:02:26,519

these materials to detailed and rigorous

43

00:02:31,280 --> 00:02:28,800

scientific evaluation whenever feasible

44

00:02:33,410 --> 00:02:31,290

unquote this is being achieved through a

45

00:02:35,479 --> 00:02:33,420

contract with earth tech international a

46

00:02:36,440 --> 00:02:35,489

privately funded research organization

47

00:02:38,870 --> 00:02:36,450

in Austin Texas

48

00:02:41,150 --> 00:02:38,880

founded by T TSA vice-president of

49

00:02:43,940 --> 00:02:41,160

science and technology dr. Hal put off

50

00:02:46,729 --> 00:02:43,950

the recently released video feels like a

51
00:02:50,360 --> 00:02:46,739
teaser trailer and that's not by

52
00:02:52,729 --> 00:02:50,370
accident an integral component of TT si

53
00:02:54,590 --> 00:02:52,739
is its entertainment division which has

54
00:02:57,080 --> 00:02:54,600
several feature films and scripted

55
00:02:59,750 --> 00:02:57,090
series in the works after watching this

56
00:03:02,030 --> 00:02:59,760
video about the atom research project my

57
00:03:05,660 --> 00:03:02,040
guess is that there's a video series a

58
00:03:09,110 --> 00:03:05,670
television show or a documentary focused

59
00:03:12,320 --> 00:03:09,120
on the work associated with atom and not

60
00:03:12,770 --> 00:03:12,330
gonna lie whatever it is I'm excited for

61
00:03:17,420 --> 00:03:12,780
it

62
00:03:19,399 --> 00:03:17,430
if you followed the news that broke in

63
00:03:21,920 --> 00:03:19,409

December of 2017 about the Pentagon's

64

00:03:24,110 --> 00:03:21,930

official UFO program you may have read

65

00:03:25,429 --> 00:03:24,120

about how Robert Bigelow a private space

66

00:03:27,140 --> 00:03:25,439

pioneer with whom the Pentagon

67

00:03:29,119 --> 00:03:27,150

contracted for its official program

68

00:03:33,589 --> 00:03:29,129

modified buildings at Bigelow Aerospace

69

00:03:35,539 --> 00:03:33,599

in Las Vegas to house alien materials so

70

00:03:37,250 --> 00:03:35,549

we've seen a lot of conversation lately

71

00:03:40,220 --> 00:03:37,260

about supposed extraterrestrial

72

00:03:43,640 --> 00:03:40,230

artifacts the biggest question I always

73

00:03:45,410 --> 00:03:43,650

have and you should have too when it

74

00:03:48,530 --> 00:03:45,420

comes to claims of possession of UFO

75

00:03:50,720 --> 00:03:48,540

artifacts is about the provenance of

76
00:03:52,610 --> 00:03:50,730
these objects where do they come from

77
00:03:54,860 --> 00:03:52,620
what is the credibility of the

78
00:03:57,110 --> 00:03:54,870
individuals who quote-unquote owned

79
00:03:59,119 --> 00:03:57,120
these alleged fragments of alien

80
00:04:01,429 --> 00:03:59,129
spaceships I can't tell you how many

81
00:04:03,710 --> 00:04:01,439
times we had people show up at our

82
00:04:05,960 --> 00:04:03,720
office when I worked at UFO media

83
00:04:09,559 --> 00:04:05,970
company open lines claiming to have

84
00:04:10,899 --> 00:04:09,569
pieces of alien spacecraft I don't

85
00:04:14,210 --> 00:04:10,909
remember how many times that happened

86
00:04:17,330 --> 00:04:14,220
but it certainly happened more times

87
00:04:19,640 --> 00:04:17,340
than I thought it would at open minds we

88
00:04:22,850 --> 00:04:19,650

facilitated the testing of some of the

89

00:04:24,730 --> 00:04:22,860

alleged UFO material but the results

90

00:04:30,320 --> 00:04:24,740

always turned out to be mundane or

91

00:04:31,939 --> 00:04:30,330

inconclusive it can be incredibly

92

00:04:33,980 --> 00:04:31,949

difficult to remain objective and

93

00:04:35,540 --> 00:04:33,990

level-headed when it comes to material

94

00:04:37,070 --> 00:04:35,550

that is supposedly from an alien

95

00:04:40,010 --> 00:04:37,080

spacecraft right

96

00:04:42,710 --> 00:04:40,020

I mean how incredible would that be it's

97

00:04:44,270 --> 00:04:42,720

thrilling and pretty undescrivable how

98

00:04:46,939 --> 00:04:44,280

you feel when you're dealing with

99

00:04:49,339 --> 00:04:46,949

something that might be from an

100

00:04:52,070 --> 00:04:49,349

extraterrestrial civilization it's also

101

00:04:53,500 --> 00:04:52,080

interesting to note that sometimes the

102

00:04:57,290 --> 00:04:53,510

people who get the most excited about

103

00:04:59,659 --> 00:04:57,300

testing alleged UFO material are the

104

00:05:02,629 --> 00:04:59,669

same people who firmly believe that UFOs

105

00:05:04,490 --> 00:05:02,639

aren't physical objects but instead of

106

00:05:06,939 --> 00:05:04,500

something intangible like a mental

107

00:05:11,149 --> 00:05:06,949

projection interdimensional creatures

108

00:05:13,339 --> 00:05:11,159

etc I find that fascinating but in the

109

00:05:16,010 --> 00:05:13,349

end if through the scientific testing an

110

00:05:18,140 --> 00:05:16,020

object is determined to be anomalous or

111

00:05:21,830 --> 00:05:18,150

likely to have been manufactured off

112

00:05:24,610 --> 00:05:21,840

planet what does that do where does that

113

00:05:27,640 --> 00:05:24,620

leave us in our UFO exploration

114

00:05:30,310 --> 00:05:27,650

is it getting wool vermin does it

115

00:05:32,340 --> 00:05:30,320

vindicate and validate everything that

116

00:05:35,170 --> 00:05:32,350

UFO believers have suspected for years

117

00:05:38,890 --> 00:05:35,180

does it prove that extraterrestrials are

118

00:05:40,960 --> 00:05:38,900

visiting our planet with such results be

119

00:05:45,040 --> 00:05:40,970

the disclosure that so many people are

120

00:05:50,290 --> 00:05:45,050

waiting for well the realistic and

121

00:05:52,840 --> 00:05:50,300

perhaps disappointing answer is no now

122

00:05:56,620 --> 00:05:52,850

go ahead and yell at me and call me Adi

123

00:05:58,900 --> 00:05:56,630

bunker or better yet Akram uh Gian but I

124

00:06:01,270 --> 00:05:58,910

promise I'm not trying to be a downer

125

00:06:03,210 --> 00:06:01,280

and I'm sorry if what I think burst your

126
00:06:05,770 --> 00:06:03,220
balloon this that's not my intent

127
00:06:07,900 --> 00:06:05,780
again this is just my opinion and I'm

128
00:06:10,840 --> 00:06:07,910
trying to keep my personal desires and

129
00:06:13,210 --> 00:06:10,850
excitement in check because as a

130
00:06:15,730 --> 00:06:13,220
researcher and journalist that's my

131
00:06:18,279 --> 00:06:15,740
responsibility here's why I don't think

132
00:06:20,650 --> 00:06:18,289
the results of the material testing no

133
00:06:23,950 --> 00:06:20,660
matter how incredible they are we'll

134
00:06:26,500 --> 00:06:23,960
have much of an effect first the

135
00:06:29,800 --> 00:06:26,510
scientific results of any research are

136
00:06:33,510 --> 00:06:29,810
always debated it's even worse when that

137
00:06:37,360 --> 00:06:33,520
research is associated with UFOs and/or

138
00:06:39,940 --> 00:06:37,370

extraterrestrials second just because

139

00:06:41,950 --> 00:06:39,950

one scientist at one lab concludes that

140

00:06:44,350 --> 00:06:41,960

something is weird and displays

141

00:06:47,020 --> 00:06:44,360

properties suggesting that it must be

142

00:06:50,140 --> 00:06:47,030

from another world that's just one

143

00:06:52,120 --> 00:06:50,150

opinion not all scientists have the same

144

00:06:56,469 --> 00:06:52,130

life experiences or specialized

145

00:07:00,189 --> 00:06:56,479

knowledge third we live in a strange

146

00:07:03,129 --> 00:07:00,199

time people don't really care or fully

147

00:07:04,870 --> 00:07:03,139

appreciate major news just look at the

148

00:07:06,820 --> 00:07:04,880

reaction to the New York Times story in

149

00:07:09,580 --> 00:07:06,830

December of 2017 about the Pentagon's

150

00:07:11,760 --> 00:07:09,590

UFO program it made headlines for a

151
00:07:16,260 --> 00:07:11,770
short while people thought it was neat

152
00:07:20,230 --> 00:07:16,270
then people moved on and finally fourth

153
00:07:21,730 --> 00:07:20,240
we've seen it before we've seen strange

154
00:07:24,250 --> 00:07:21,740
materials subjected to scientific

155
00:07:27,370 --> 00:07:24,260
testing where the results suggest that

156
00:07:30,010 --> 00:07:27,380
the object was manufactured in space or

157
00:07:31,600 --> 00:07:30,020
somewhere off earth I'm thinking

158
00:07:33,820 --> 00:07:31,610
specifically about some of the material

159
00:07:35,320 --> 00:07:33,830
collected by geologist Frank Imbler at

160
00:07:35,930 --> 00:07:35,330
the debris field from the alleged

161
00:07:38,990 --> 00:07:35,940
Roswell

162
00:07:42,160 --> 00:07:39,000
UFO crash and then there are the alleged

163
00:07:44,690 --> 00:07:42,170

alien implants removed by dr. Roger Leir

164

00:07:46,970 --> 00:07:44,700

then there are several examples from

165

00:07:49,600 --> 00:07:46,980

mainstream scientists who have published

166

00:07:52,250 --> 00:07:49,610

research alleging proof of microbial

167

00:07:53,780 --> 00:07:52,260

extraterrestrial life my cautionary

168

00:07:57,100 --> 00:07:53,790

advice to anyone following this

169

00:08:01,220 --> 00:07:57,110

fascinating saga is to remain calm

170

00:08:04,190 --> 00:08:01,230

objective and enjoy the ride no matter

171

00:08:06,800 --> 00:08:04,200

what the outcome I think it's fantastic

172

00:08:08,630 --> 00:08:06,810

and incredibly important that there are

173

00:08:11,480 --> 00:08:08,640

people willing to invest the time and

174

00:08:14,810 --> 00:08:11,490

money into scientifically testing

175

00:08:16,400 --> 00:08:14,820

material that might be from a UFO there

176

00:08:18,050 --> 00:08:16,410

are many people who are frustrated by

177

00:08:19,880 --> 00:08:18,060

the expenditure of money on things like

178

00:08:21,500 --> 00:08:19,890

the study program which is known

179

00:08:23,540 --> 00:08:21,510

predominantly for its use of radio

180

00:08:25,360 --> 00:08:23,550

telescopes to listen for signals from

181

00:08:27,710 --> 00:08:25,370

extraterrestrial civilizations I

182

00:08:29,810 --> 00:08:27,720

disagree with those people I always

183

00:08:33,560 --> 00:08:29,820

think it's worthwhile to approach the

184

00:08:36,190 --> 00:08:33,570

UFO et mystery from all angles that

185

00:08:38,270 --> 00:08:36,200

includes listening for alien signals and

186

00:08:43,070 --> 00:08:38,280

testing possible materials from

187

00:08:45,770 --> 00:08:43,080

extraterrestrial spacecraft but again be

188

00:08:48,320 --> 00:08:45,780

cautious and accept results of any

189

00:08:51,770 --> 00:08:48,330

testing that claim extraordinary things

190

00:08:55,280 --> 00:08:51,780

for what they are more results that

191

00:08:58,190 --> 00:08:55,290

suggest possibilities to us scientific

192

00:09:02,180 --> 00:08:58,200

tests with anomalous results suggesting

193

00:09:05,360 --> 00:09:02,190

otherworldly origin are exciting but

194

00:09:06,860 --> 00:09:05,370

they don't prove conclusively that our

195

00:09:09,650 --> 00:09:06,870

planet is being visited by

196

00:09:11,630 --> 00:09:09,660

extraterrestrials and spaceships it

197

00:09:14,150 --> 00:09:11,640

still comes down to belief it's up to

198

00:09:16,820 --> 00:09:14,160

you a believing the results of the

199

00:09:18,710 --> 00:09:16,830

testing and B believing that

200

00:09:21,140 --> 00:09:18,720

extraterrestrial origin is the only

201
00:09:25,340 --> 00:09:21,150
possible explanation for such results

202
00:09:28,150 --> 00:09:25,350
also keep in mind that if and when we do

203
00:09:31,430 --> 00:09:28,160
have conclusive proof of manufactured

204
00:09:35,480 --> 00:09:31,440
extraterrestrial material that's not the

205
00:09:38,090 --> 00:09:35,490
end of UFO study on the contrary that

206
00:09:40,550 --> 00:09:38,100
will just be the beginning just when it

207
00:09:42,590 --> 00:09:40,560
starts getting exciting there are plenty

208
00:09:46,190 --> 00:09:42,600
of people who will breathe a sigh of

209
00:09:48,170 --> 00:09:46,200
relief and feel validated and vindicated

210
00:09:49,700 --> 00:09:48,180
such an announcement feeling that

211
00:09:52,670 --> 00:09:49,710
scientific proof of something

212
00:09:56,060 --> 00:09:52,680
manufactured offworld proves everything

213
00:09:58,540 --> 00:09:56,070

they've always believed I understand

214

00:10:01,340 --> 00:09:58,550

that mindset but a piece of

215

00:10:04,940 --> 00:10:01,350

extraterrestrial material doesn't prove

216

00:10:06,070 --> 00:10:04,950

that aliens are currently visiting us it

217

00:10:09,920 --> 00:10:06,080

doesn't prove that extraterrestrials

218

00:10:11,600 --> 00:10:09,930

have visited our planet for centuries it

219

00:10:12,890 --> 00:10:11,610

doesn't prove that extraterrestrials

220

00:10:15,950 --> 00:10:12,900

abduct

221

00:10:18,640 --> 00:10:15,960

and it doesn't prove that the government

222

00:10:21,020 --> 00:10:18,650

knows more about UFOs than they tell us

223

00:10:23,870 --> 00:10:21,030

it can bolster our belief in these

224

00:10:26,630 --> 00:10:23,880

things serving is added supporting

225

00:10:30,160 --> 00:10:26,640

material and that's awesome more is

226

00:10:33,380 --> 00:10:30,170

always better but that's what it does

227

00:10:36,550 --> 00:10:33,390

testing that suggests material came from

228

00:10:40,040 --> 00:10:36,560

a fabricated extraterrestrial spacecraft

229

00:10:43,430 --> 00:10:40,050

isn't GAMEOVER it doesn't answer all the

230

00:10:46,580 --> 00:10:43,440

questions or offer final proof of any of

231

00:10:50,990 --> 00:10:46,590

our questions in fact it just makes the

232

00:10:53,780 --> 00:10:51,000

mystery even bigger these are crazy

233

00:10:56,450 --> 00:10:53,790

exciting times and it's so easy to get

234

00:10:59,720 --> 00:10:56,460

worked up jump to conclusions and read

235

00:11:02,630 --> 00:10:59,730

way too much into things because then

236

00:11:04,670 --> 00:11:02,640

what you wanting them to be we all have

237

00:11:07,250 --> 00:11:04,680

to make up our own minds and decide for

238

00:11:10,730 --> 00:11:07,260

ourselves what to make of such grand

239

00:11:12,560 --> 00:11:10,740

claims when they come and how to handle

240

00:11:15,350 --> 00:11:12,570

the news when things don't turn out the

241

00:11:18,190 --> 00:11:15,360

way we hope they would I just urge you

242

00:11:20,870 --> 00:11:18,200

to try really hard and remain objective

243

00:11:23,840 --> 00:11:20,880

take the information as it comes and

244

00:11:25,080 --> 00:11:23,850

decide for yourself what you want to do

245

00:11:27,260 --> 00:11:25,090

with that information

246

00:11:29,580 --> 00:11:27,270

[Music]
