

# SOLAR OBSERVATORY CONSPIRACY?

1  
00:00:04,610 --> 00:00:01,790  
at some point during the past couple

2  
00:00:07,280 --> 00:00:04,620  
weeks you more than likely read about or

3  
00:00:09,100 --> 00:00:07,290  
at least saw headlines about the recent

4  
00:00:11,120 --> 00:00:09,110  
closure of the sunspots solar

5  
00:00:14,720 --> 00:00:11,130  
observatory in the Lincoln National

6  
00:00:17,630 --> 00:00:14,730  
Forest in New Mexico authorities have

7  
00:00:21,769 --> 00:00:17,640  
now provided an explanation it answers

8  
00:00:24,150 --> 00:00:21,779  
some questions but raises others we'll

9  
00:00:42,479 --> 00:00:24,160  
get into it on this episode of unknown

10  
00:00:42,489 --> 00:00:48,869  
reading citizens and welcome to unknown

11  
00:00:52,730 --> 00:00:51,819  
I'm Jason McClellan thanks for hanging

12  
00:00:56,569 --> 00:00:52,740  
out with me

13  
00:00:58,400 --> 00:00:56,579

[Music]

14

00:01:01,670 --> 00:00:58,410

have you had the chance to check out the

15

00:01:03,470 --> 00:01:01,680

new film hunt for the skinwalker this

16

00:01:05,660 --> 00:01:03,480

documentary was released on Tuesday

17

00:01:08,240 --> 00:01:05,670

September 11th and you can get it on

18

00:01:10,310 --> 00:01:08,250

iTunes or Vimeo on demand if you're not

19

00:01:12,200 --> 00:01:10,320

familiar with this film it's based on

20

00:01:14,480 --> 00:01:12,210

the best-selling book by investigative

21

00:01:17,060 --> 00:01:14,490

journalist George Knapp and biochemist

22

00:01:20,570 --> 00:01:17,070

dr. Colin Kelleher the vice president of

23

00:01:22,760 --> 00:01:20,580

Bigelow Aerospace and as its synopsis

24

00:01:25,370 --> 00:01:22,770

explains the film provides quote an

25

00:01:27,649 --> 00:01:25,380

intimate and unnerving portrait of the

26  
00:01:30,499 --> 00:01:27,659  
events surrounding the most extensive

27  
00:01:33,650 --> 00:01:30,509  
scientific study of a paranormal hotspot

28  
00:01:34,910 --> 00:01:33,660  
in human history I had the privilege of

29  
00:01:36,440 --> 00:01:34,920  
attending a private screening of the

30  
00:01:39,200 --> 00:01:36,450  
film in las vegas a couple weeks ago

31  
00:01:42,380 --> 00:01:39,210  
where george knapp and filmmaker jeremy

32  
00:01:46,040 --> 00:01:42,390  
Korbel spoke about the film the story of

33  
00:01:48,290 --> 00:01:46,050  
skinwalker ranch is fascinating and it's

34  
00:01:50,810 --> 00:01:48,300  
a treat getting to experience the on

35  
00:01:53,690 --> 00:01:50,820  
location look at this mysterious ranch

36  
00:01:55,310 --> 00:01:53,700  
provided by the film much of the film is

37  
00:01:57,740 --> 00:01:55,320  
composed of footage and interviews

38  
00:01:59,630 --> 00:01:57,750

conducted by George Knapp during the

39

00:02:02,749 --> 00:01:59,640

government's primary study of the ranch

40

00:02:05,270 --> 00:02:02,759

as someone who has been following this

41

00:02:07,639 --> 00:02:05,280

bizarre location for nearly a decade now

42

00:02:10,339 --> 00:02:07,649

I was excited to see George's footage

43

00:02:12,020 --> 00:02:10,349

finally presented to the public we

44

00:02:14,479 --> 00:02:12,030

spoken with Jeremy about this film

45

00:02:16,070 --> 00:02:14,489

several times before but now that hunt

46

00:02:18,110 --> 00:02:16,080

for the skinwalker has been released

47

00:02:21,170 --> 00:02:18,120

watch for new interviews with Jeremy

48

00:02:23,210 --> 00:02:21,180

coming in the near future and check out

49

00:02:26,180 --> 00:02:23,220

the film if you haven't seen it I'd love

50

00:02:27,920 --> 00:02:26,190

to hear what you think of it if you

51  
00:02:29,630 --> 00:02:27,930  
haven't heard I'll be heading over to

52  
00:02:32,510 --> 00:02:29,640  
the east coast in November where I'm

53  
00:02:34,760 --> 00:02:32,520  
appearing at alien con if you haven't

54  
00:02:37,880 --> 00:02:34,770  
heard of alien con the website explains

55  
00:02:40,640 --> 00:02:37,890  
quote we have a fundamental desire to

56  
00:02:43,790 --> 00:02:40,650  
explore the unexplained to solve the

57  
00:02:46,040 --> 00:02:43,800  
world's mysteries alien Con 20 18 brings

58  
00:02:47,869 --> 00:02:46,050  
together all those seeking the truth

59  
00:02:51,979 --> 00:02:47,879  
about extraterrestrial existence

60  
00:02:53,990 --> 00:02:51,989  
throughout history in quote this event

61  
00:02:55,820 --> 00:02:54,000  
takes place November 9 through 11 in

62  
00:02:57,619 --> 00:02:55,830  
Baltimore Maryland and will feature

63  
00:03:00,199 --> 00:02:57,629

thought-provoking original programming

64

00:03:02,420 --> 00:03:00,209

celebrity appearances exhibits exclusive

65

00:03:02,930 --> 00:03:02,430

merchandise fan competitions and much

66

00:03:04,820 --> 00:03:02,940

more

67

00:03:06,920 --> 00:03:04,830

I'll be there my friend and colleague

68

00:03:09,350 --> 00:03:06,930

Ryan Sprague will be there Nick Pope

69

00:03:11,630 --> 00:03:09,360

Linda Moulton Howe Steve Bassett

70

00:03:13,670 --> 00:03:11,640

be there and because this is largely an

71

00:03:15,830 --> 00:03:13,680

ancient aliens fan fest of course

72

00:03:17,740 --> 00:03:15,840

Giorgio tsoukalos Erich von däniken and

73

00:03:20,810 --> 00:03:17,750

David Hatcher Childress will be there to

74

00:03:23,180 --> 00:03:20,820

check out the alien con comm for all the

75

00:03:25,670 --> 00:03:23,190

info I haven't made an appearance on the

76

00:03:27,350 --> 00:03:25,680

East Coast for years now so I'm excited

77

00:03:28,460 --> 00:03:27,360

for the opportunity to see some of you

78

00:03:31,040 --> 00:03:28,470

who live on the other side of the

79

00:03:33,380 --> 00:03:31,050

country I'm also speaking at Sedona

80

00:03:35,630 --> 00:03:33,390

MUFON in Sedona Arizona on Saturday

81

00:03:37,880 --> 00:03:35,640

November 17th I don't have all the

82

00:03:40,460 --> 00:03:37,890

details on that event yet but I'll let

83

00:03:43,280 --> 00:03:40,470

you know when I do and that info should

84

00:03:45,140 --> 00:03:43,290

be posted to Sedona MUFON comm when it's

85

00:03:49,070 --> 00:03:45,150

available so I hope to see some of my

86

00:03:59,690 --> 00:03:49,080

Arizona people at that event now let's

87

00:04:01,940 --> 00:03:59,700

get into our story for today on Thursday

88

00:04:03,740 --> 00:04:01,950

September 6th the association of

89

00:04:07,340 --> 00:04:03,750

universities for research in astronomy

90

00:04:09,830 --> 00:04:07,350

aura for short suddenly closed the

91

00:04:12,830 --> 00:04:09,840

sunspot solar observatory without any

92

00:04:15,380 --> 00:04:12,840

explanation to the public this is a

93

00:04:19,550 --> 00:04:15,390

premier facility for solar research that

94

00:04:22,969 --> 00:04:19,560

was established in 1947 and I mention

95

00:04:25,940 --> 00:04:22,979

that because if life were a movie 1947

96

00:04:29,120 --> 00:04:25,950

would be a fun little Easter Egg nod to

97

00:04:31,430 --> 00:04:29,130

the UFO crowd on September 7th the

98

00:04:34,580 --> 00:04:31,440

Alamogordo Daily News published a story

99

00:04:35,600 --> 00:04:34,590

revealing that according to a Nora

100

00:04:38,090 --> 00:04:35,610

spokeswoman

101  
00:04:40,880 --> 00:04:38,100  
the facility had been evacuated due to a

102  
00:04:42,500 --> 00:04:40,890  
security issue she added quote we are

103  
00:04:45,230 --> 00:04:42,510  
working with the proper authorities on

104  
00:04:47,030 --> 00:04:45,240  
this issue the local authorities do know

105  
00:04:49,820 --> 00:04:47,040  
and are aware of the situation

106  
00:04:52,010 --> 00:04:49,830  
end quote she also reportedly stated

107  
00:04:53,840 --> 00:04:52,020  
that she couldn't confirm if the FBI was

108  
00:04:55,610 --> 00:04:53,850  
involved in the situation

109  
00:04:58,250 --> 00:04:55,620  
but according to a Terrell County

110  
00:05:01,310 --> 00:04:58,260  
Sheriff Bennie House local authorities

111  
00:05:03,800 --> 00:05:01,320  
were in the dark mostly he told the

112  
00:05:06,590 --> 00:05:03,810  
Alamogordo Daily News quote the FBI is

113  
00:05:09,140 --> 00:05:06,600

refusing to tell us what's going on

114

00:05:11,690 --> 00:05:09,150

we've got people up there that requested

115

00:05:14,180 --> 00:05:11,700

us to stand by while they evacuated it

116

00:05:17,330 --> 00:05:14,190

nobody would really elaborate on any of

117

00:05:19,940 --> 00:05:17,340

the circumstances as to why the FBI were

118

00:05:21,119 --> 00:05:19,950

up there what their purpose was nobody

119

00:05:24,089 --> 00:05:21,129

will say and

120

00:05:26,309 --> 00:05:24,099

quote chef house also added quote there

121

00:05:28,859 --> 00:05:26,319

was a Black Hawk helicopter a bunch of

122

00:05:31,199 --> 00:05:28,869

people around antennas and work crews on

123

00:05:35,549 --> 00:05:31,209

towers but nobody would tell us anything

124

00:05:37,949 --> 00:05:35,559

in quote in addition to the evacuation

125

00:05:41,249 --> 00:05:37,959

of the observatory a post office and

126  
00:05:43,320 --> 00:05:41,259  
some residences were also evacuated the

127  
00:05:47,009 --> 00:05:43,330  
sudden closing of a solar observatory

128  
00:05:49,769 --> 00:05:47,019  
the presence of FBI comments from the

129  
00:05:52,259 --> 00:05:49,779  
local sheriff and being in conspiracy

130  
00:05:54,719 --> 00:05:52,269  
ripe New Mexico turned this mysterious

131  
00:05:57,029 --> 00:05:54,729  
story into fodder for conspiracy

132  
00:06:00,149 --> 00:05:57,039  
theorists and it really spiraled out of

133  
00:06:02,639 --> 00:06:00,159  
control claims that this and other solar

134  
00:06:04,559 --> 00:06:02,649  
observatories around the world were shut

135  
00:06:08,009 --> 00:06:04,569  
down because an extraterrestrial craft

136  
00:06:10,889 --> 00:06:08,019  
was seen claims that an entire town was

137  
00:06:14,519 --> 00:06:10,899  
forcibly removed from their homes it got

138  
00:06:16,279 --> 00:06:14,529

pretty ridiculous no solar observatories

139

00:06:18,779 --> 00:06:16,289

around the world weren't taken offline

140

00:06:21,659 --> 00:06:18,789

those who take joy in knowingly

141

00:06:24,029 --> 00:06:21,669

spreading false information pointed to

142

00:06:26,669 --> 00:06:24,039

observatories that either don't maintain

143

00:06:29,669 --> 00:06:26,679

live video streams from their telescopes

144

00:06:32,909 --> 00:06:29,679

or that discontinued offering this

145

00:06:35,759 --> 00:06:32,919

feature years ago in fact the Apache

146

00:06:38,429 --> 00:06:35,769

point observatory which is only a mile

147

00:06:41,429 --> 00:06:38,439

away from sunspot remained open during

148

00:06:44,879 --> 00:06:41,439

all of this the post office that was

149

00:06:47,850 --> 00:06:44,889

closed is on-site at the observatory and

150

00:06:51,540 --> 00:06:47,860

the residents who were evacuated were

151  
00:06:54,689 --> 00:06:51,550  
also on site there was also lots of hype

152  
00:06:57,419 --> 00:06:54,699  
created around this claim that the FBI

153  
00:06:59,759 --> 00:06:57,429  
was blocking the poor Sheriff and local

154  
00:07:01,980 --> 00:06:59,769  
police from the scene but the sheriff

155  
00:07:04,199 --> 00:07:01,990  
himself told the Alamogordo Daily News

156  
00:07:06,179 --> 00:07:04,209  
quote they wanted us up there to help

157  
00:07:08,579 --> 00:07:06,189  
evacuate but nobody would tell us

158  
00:07:10,589 --> 00:07:08,589  
anything we went up there and everything

159  
00:07:12,959 --> 00:07:10,599  
was good there was no threat

160  
00:07:14,879 --> 00:07:12,969  
nobody would identify any specific

161  
00:07:17,489 --> 00:07:14,889  
threat we hung out for a little while

162  
00:07:20,790 --> 00:07:17,499  
then we left no reason for us to be

163  
00:07:22,679 --> 00:07:20,800

there in quote according to science

164

00:07:25,169 --> 00:07:22,689

magazine sunspot director James

165

00:07:27,389 --> 00:07:25,179

MacArthur says quote shut down events

166

00:07:29,519 --> 00:07:27,399

are not unusual because remote

167

00:07:32,219 --> 00:07:29,529

mountaintop facilities can be closed due

168

00:07:33,640 --> 00:07:32,229

to sewage leaks downed power lines or

169

00:07:36,850 --> 00:07:33,650

snowstorms

170

00:07:40,390 --> 00:07:36,860

in quote and an observatory employee

171

00:07:42,909 --> 00:07:40,400

told Albuquerque's NBC affiliate KOB for

172

00:07:45,969 --> 00:07:42,919

that the facility was a breeding ground

173

00:07:48,400 --> 00:07:45,979

for crime the Sun SPOT Observatory has

174

00:07:50,469 --> 00:07:48,410

been closed for more than a week now an

175

00:07:52,659 --> 00:07:50,479

employee there wants to put some of the

176

00:07:56,140 --> 00:07:52,669

conspiracy theories to rest

177

00:08:03,279 --> 00:07:56,150

I noticed that sunspot has is basically

178

00:08:05,020 --> 00:08:03,289

a uh it's a breeding ground for car he

179

00:08:07,600 --> 00:08:05,030

asked not to be identified to protect

180

00:08:09,430 --> 00:08:07,610

his job he says that security issues

181

00:08:12,430 --> 00:08:09,440

officials attributed the shutdown to

182

00:08:14,230 --> 00:08:12,440

have been a long-standing problem the

183

00:08:17,110 --> 00:08:14,240

gang in the buildings climbed arranged

184

00:08:19,659 --> 00:08:17,120

supplies under an old computer systems

185

00:08:21,790 --> 00:08:19,669

taking those overloading basically and

186

00:08:24,219 --> 00:08:21,800

vandalism and this is a regular

187

00:08:27,850 --> 00:08:24,229

occurrence this isn't just a once in a

188

00:08:31,510 --> 00:08:27,860

blue moon thing this is a it can happen

189

00:08:33,070 --> 00:08:31,520

on a weekly basis so although the

190

00:08:36,610 --> 00:08:33,080

observatory's closure appeared

191

00:08:38,110 --> 00:08:36,620

surprising or unusual to outsiders it

192

00:08:40,870 --> 00:08:38,120

didn't really seem all that strange to

193

00:08:43,079 --> 00:08:40,880

the people at the facility so what

194

00:08:47,019 --> 00:08:43,089

actually caused this particular closure

195

00:08:49,210 --> 00:08:47,029

well on September 16th Ora issued a

196

00:08:51,699 --> 00:08:49,220

statement announcing that the facility

197

00:08:54,460 --> 00:08:51,709

closed quote as a precautionary measure

198

00:08:57,820 --> 00:08:54,470

while addressing a security issue in

199

00:09:00,940 --> 00:08:57,830

quote the statement continues quote aura

200

00:09:02,980 --> 00:09:00,950

has been cooperating with an ongoing law

201  
00:09:04,810 --> 00:09:02,990  
enforcement investigation of criminal

202  
00:09:07,120 --> 00:09:04,820  
activity that occurred at Sacramento

203  
00:09:08,920 --> 00:09:07,130  
peak during this time we became

204  
00:09:11,140 --> 00:09:08,930  
concerned that a suspect in the

205  
00:09:13,180 --> 00:09:11,150  
investigation potentially posed a threat

206  
00:09:15,550 --> 00:09:13,190  
to the safety of local staff and

207  
00:09:17,710 --> 00:09:15,560  
residents for this reason aura

208  
00:09:19,750 --> 00:09:17,720  
temporarily vacated the facility and

209  
00:09:22,780 --> 00:09:19,760  
ceased science activities at this

210  
00:09:24,579 --> 00:09:22,790  
location the decision to vacate was

211  
00:09:26,829 --> 00:09:24,589  
based on the logistical challenges

212  
00:09:29,740 --> 00:09:26,839  
associated with protecting personnel at

213  
00:09:32,320 --> 00:09:29,750

such a remote location and the need for

214

00:09:34,720 --> 00:09:32,330

expeditious response to the potential

215

00:09:36,850 --> 00:09:34,730

threat or a determined that moving the

216

00:09:38,980 --> 00:09:36,860

small number of on-site staff and

217

00:09:41,050 --> 00:09:38,990

residents off the mountain was the most

218

00:09:43,530 --> 00:09:41,060

prudent and effective action to ensure

219

00:09:46,840 --> 00:09:43,540

their safety end quote

220

00:09:49,090 --> 00:09:46,850

then on September 19th

221

00:09:51,759 --> 00:09:49,100

published a story announcing that quote

222

00:09:54,009 --> 00:09:51,769

the mysterious 11 day closure of a New

223

00:09:56,499 --> 00:09:54,019

Mexico solar observatory stemmed from an

224

00:09:58,150 --> 00:09:56,509

FBI investigation of a janitor suspected

225

00:10:00,129 --> 00:09:58,160

of using the facility's wireless

226

00:10:03,329 --> 00:10:00,139

internet service to send and receive

227

00:10:06,670 --> 00:10:03,339

child pornography end quote

228

00:10:09,759 --> 00:10:06,680

FBI files reportedly indicate that three

229

00:10:13,329 --> 00:10:09,769

cellphones five laptops one iPad an

230

00:10:16,150 --> 00:10:13,339

external hard drive 16 thumb drives 89

231

00:10:19,629 --> 00:10:16,160

compact flash disks and other material

232

00:10:21,189 --> 00:10:19,639

were seized from the suspects home but

233

00:10:23,530 --> 00:10:21,199

before they did that they seized a

234

00:10:25,480 --> 00:10:23,540

laptop containing child porn from the

235

00:10:28,449 --> 00:10:25,490

observatory that was found by the

236

00:10:30,430 --> 00:10:28,459

facility's director well when the

237

00:10:33,329 --> 00:10:30,440

janitor found out the computer was gone

238

00:10:35,889 --> 00:10:33,339

he started acting weird and making

239

00:10:38,860 --> 00:10:35,899

concerning comments about the facility's

240

00:10:41,290 --> 00:10:38,870

lack security his behavior reportedly

241

00:10:43,689 --> 00:10:41,300

grew frantic and he made disturbing

242

00:10:46,540 --> 00:10:43,699

comments like how it was only a matter

243

00:10:49,269 --> 00:10:46,550

of time before the facility got hit and

244

00:10:51,639 --> 00:10:49,279

he made comments about a serial killer

245

00:10:55,059 --> 00:10:51,649

in the area who might quote enter the

246

00:10:57,249 --> 00:10:55,069

facility and execute someone it's this

247

00:11:01,749 --> 00:10:57,259

situation that was the primary reason

248

00:11:03,850 --> 00:11:01,759

for the facility's evacuation so what

249

00:11:04,980 --> 00:11:03,860

really happened at sunspot Solar

250

00:11:08,350 --> 00:11:04,990

Observatory

251  
00:11:11,470 --> 00:11:08,360  
we don't know the full story and frankly

252  
00:11:14,590 --> 00:11:11,480  
that shouldn't be a surprise it's an

253  
00:11:16,929 --> 00:11:14,600  
ongoing FBI investigation involving an

254  
00:11:20,679 --> 00:11:16,939  
apparently problem riddled federal

255  
00:11:22,470 --> 00:11:20,689  
facility and although child pornography

256  
00:11:26,710 --> 00:11:22,480  
is apparently an element in this case

257  
00:11:29,620 --> 00:11:26,720  
it's clearly not the only element it is

258  
00:11:31,300 --> 00:11:29,630  
peculiar that the janitor who is

259  
00:11:36,699 --> 00:11:31,310  
seemingly at the center of this whole

260  
00:11:40,720 --> 00:11:36,709  
thing hasn't been arrested but again the

261  
00:11:44,170 --> 00:11:40,730  
investigation is ongoing could aliens

262  
00:11:44,800 --> 00:11:44,180  
and UFOs be involved somehow sure why

263  
00:11:46,240 --> 00:11:44,810

not

264

00:11:48,629 --> 00:11:46,250

we can always consider additional

265

00:11:52,949 --> 00:11:48,639

possibilities until all the facts are in

266

00:11:55,900 --> 00:11:52,959

but speculation isn't really helpful and

267

00:11:57,610 --> 00:11:55,910

can actually be irresponsible if that

268

00:11:59,050 --> 00:11:57,620

speculation is based on false

269

00:12:00,460 --> 00:11:59,060

information

270

00:12:02,800 --> 00:12:00,470

and if we actively spread that

271

00:12:05,730 --> 00:12:02,810

speculative information around with the

272

00:12:10,570 --> 00:12:05,740

hope of informing and persuading others

273

00:12:13,960 --> 00:12:10,580

there were and are so many people who

274

00:12:16,390 --> 00:12:13,970

for whatever reason really wanted the

275

00:12:17,380 --> 00:12:16,400

closure of sunspot to be related to

276

00:12:21,220 --> 00:12:17,390

aliens

277

00:12:25,060 --> 00:12:21,230

I understand excitement and the desire

278

00:12:29,440 --> 00:12:25,070

for such epic events to occur I really

279

00:12:32,140 --> 00:12:29,450

do but for those of us who explore the

280

00:12:35,470 --> 00:12:32,150

unknowns at the universe and who welcome

281

00:12:38,320 --> 00:12:35,480

extraordinary occurrences we always have

282

00:12:41,950 --> 00:12:38,330

to keep our emotions in check keep our

283

00:12:45,600 --> 00:12:41,960

feet on the ground and although it can

284

00:12:47,540 --> 00:12:45,610

be challenging we must respect the truth

285

00:12:55,530 --> 00:12:47,550

more than our beliefs

286

00:12:55,540 --> 00:13:01,810

[Music]
