for having me guys it's been a while

14

00:00:46,889 --> 00:00:44,710

since the four of us have all been on

15

00:00:48,840 --> 00:00:46,899

together so I'm super stoked to be doing

16

00:00:51,420 --> 00:00:48,850

that well I'm super excited to you to

17

00:00:53,430 --> 00:00:51,430

have our our team here today with Ryan

18

00:00:55,469 --> 00:00:53,440

co-starred on a television special that

19

00:00:58,140 --> 00:00:55,479

just aired on the CW titled Roswell

20

00:01:00,420 --> 00:00:58,150

mysteries decoded we'll definitely talk

21

00:01:02,119 --> 00:01:00,430

about that in a bit but first let's talk

22

00:01:04,679 --> 00:01:02,129

about history's new dramatic series

23

00:01:06,649 --> 00:01:04,689

Project Blue Book Project Blue Book

24

00:01:09,060 --> 00:01:06,659

premiered on Tuesday January 8th

25

00:01:11,850 --> 00:01:09,070

according to Entertainment News company

26
00:01:14,520 --> 00:01:11,860
media entertainment arts worldwide the

27
00:01:16,890 --> 00:01:14,530
premiere received 2.1 million total

28
00:01:19,380 --> 00:01:16,900
viewers making it the network's quote

29
00:01:21,330 --> 00:01:19,390
most-watched scripted series premiere

30
00:01:24,210 --> 00:01:21,340
since the March 2013 premiere of the hit

31
00:01:26,100 --> 00:01:24,220
series Vikings so the number of viewers

32
00:01:28,469 --> 00:01:26,110
also reportedly makes the premiere

33
00:01:30,780 --> 00:01:28,479
Project Blue Book the number one new

34
00:01:34,530 --> 00:01:30,790
scripted series on cable for the season

35
00:01:38,160 --> 00:01:34,540
across all key demographics so this show

36
00:01:39,660 --> 00:01:38,170
so far has been a huge success now I

37
00:01:41,640 --> 00:01:39,670
know that all of us here have seen the

38
00:01:43,710 --> 00:01:41,650

premiere episode and I'd love to hear

39

00:01:45,149 --> 00:01:43,720

what you guys thought of it and for

40

00:01:48,539 --> 00:01:45,159

listeners our conversation right now

41

00:01:49,080 --> 00:01:48,549

will likely contain spoilers fair

42

00:01:52,020 --> 00:01:49,090

warning

43

00:01:53,609 --> 00:01:52,030

all right so I'm gonna start with with

44

00:01:55,219 --> 00:01:53,619

you Shane what did you think of the

45

00:01:58,289 --> 00:01:55,229

first episode of Project Blue Book I

46

00:02:01,350 --> 00:01:58,299

thought it was great it's it's exactly

47

00:02:04,230 --> 00:02:01,360

what I expected from the premiere we saw

48

00:02:07,469 --> 00:02:04,240

just a high quality production the

49

00:02:11,220 --> 00:02:07,479

writing was great the actors were really

50

00:02:13,979 --> 00:02:11,230

good I just thought they handled it you

51
00:02:17,309 --> 00:02:13,989
know in a very good way it you know

52
00:02:19,770 --> 00:02:17,319
though fictional and and based on you

53
00:02:21,780 --> 00:02:19,780
know the real-life events that they did

54
00:02:24,869 --> 00:02:21,790
a good job keeping the integrity of the

55
00:02:27,240 --> 00:02:24,879
of the case but obviously adding some

56
00:02:29,759 --> 00:02:27,250
you know artistic flair to it and you

57
00:02:31,399 --> 00:02:29,769
know moving the story along and kind of

58
00:02:33,989 --> 00:02:31,409
giving it I think what this whole

59
00:02:37,019 --> 00:02:33,999
program will be about as a slight

60
00:02:38,339 --> 00:02:37,029
x-files edge to it yeah I like that I

61
00:02:40,860 --> 00:02:38,349
like that thought

62
00:02:43,470 --> 00:02:40,870
Ryan what did you think loved it

63
00:02:46,589 --> 00:02:43,480

absolutely loved it I rewatched it again

64

00:02:49,800 --> 00:02:46,599

this morning just for this interview

65

00:02:52,259 --> 00:02:49,810

because I I love the case that they

66

00:02:54,479 --> 00:02:52,269

first started out with in the show which

67

00:02:56,819 --> 00:02:54,489

I'm sure we'll get to but uh yeah in

68

00:02:58,949 --> 00:02:56,829

terms of that Shane authenticity yeah we

69

00:03:00,390 --> 00:02:58,959

have to remember it's a drama so I went

70

00:03:02,819 --> 00:03:00,400

in you know even the first time

71

00:03:05,099 --> 00:03:02,829

initially watching it knowing that we

72

00:03:08,489 --> 00:03:05,109

were not going to get a documentary of

73

00:03:11,190 --> 00:03:08,499

every case in blue book so I thought it

74

00:03:11,909 --> 00:03:11,200

was slick stylistic I love that time

75

00:03:13,890 --> 00:03:11,919

period

76

00:03:17,309 --> 00:03:13,900

I love the UFO cases that came out of

77

00:03:19,379 --> 00:03:17,319

that time period and to see J Allen

78

00:03:22,080 --> 00:03:19,389

Hynek honest screen gave me chills when

79

00:03:24,229 --> 00:03:22,090

he first showed up so I am a huge fan

80

00:03:27,720 --> 00:03:24,239

I'm looking forward to this time period

81

00:03:29,280 --> 00:03:27,730

exhales as many have put it and can't

82

00:03:32,159 --> 00:03:29,290

wait dark skies that's another one that

83

00:03:34,259 --> 00:03:32,169

reminded me of oh cool yeah I know yeah

84

00:03:36,629 --> 00:03:34,269

it was right man yeah by you morning

85

00:03:39,360 --> 00:03:36,639

what do you think okay I'm gonna I'm

86

00:03:41,699 --> 00:03:39,370

gonna preface it by saying since I had

87

00:03:44,610 --> 00:03:41,709

purchased it on Amazon I had to wait

88

00:03:48,599 --> 00:03:44,620

till after midnight to watch it so I was

89

00:03:52,740 --> 00:03:48,609

tired I need to go back and re-watch it

90

00:03:55,229 --> 00:03:52,750

but I liked it I'm excited for the next

91

00:03:59,729 --> 00:03:55,239

episodes i think i hyped myself up just

92

00:04:00,869 --> 00:03:59,739

slightly a little too much but i really

93

00:04:03,050 --> 00:04:00,879

liked it and i agree with all their

94

00:04:06,300 --> 00:04:03,060

production values and slickness and

95

00:04:09,149 --> 00:04:06,310

can't add much to that so i'm really

96

00:04:10,439 --> 00:04:09,159

looking forward to where the season goes

97

00:04:12,300 --> 00:04:10,449

i know next week they're doing the

98

00:04:15,929 --> 00:04:12,310

flatwoods monster which I'm super

99

00:04:18,360 --> 00:04:15,939

psyched on yeah so yeah I'm excited

100

00:04:20,580 --> 00:04:18,370

about the fact that they're basing them

101

00:04:23,370 --> 00:04:20,590

off of real cases but then you know

102

00:04:24,870 --> 00:04:23,380

fictionalizing them because that for us

103

00:04:26,689 --> 00:04:24,880

UFO researchers you know that's

104

00:04:29,580 --> 00:04:26,699

something super exciting because we know

105

00:04:32,909 --> 00:04:29,590

what the real cases are and how they

106

00:04:35,370 --> 00:04:32,919

have affected history and how they are

107

00:04:37,080 --> 00:04:35,380

perceived today and I think this is

108

00:04:39,270 --> 00:04:37,090

gonna drive a lot of people to start

109

00:04:41,279 --> 00:04:39,280

researching these old cases as well that

110

00:04:43,920 --> 00:04:41,289

you know the general public that have no

111

00:04:47,820 --> 00:04:43,930

idea what the flatwoods monster is you

112

00:04:49,170 --> 00:04:47,830

know and and so I'm excited I'm looking

113

00:04:51,629 --> 00:04:49,180

forward to the rest of the season but

114

00:04:52,230 --> 00:04:51,639

yeah like I said I I need to watch it

115

00:04:54,990 --> 00:04:52,240

again

116

00:04:56,730 --> 00:04:55,000

nerd alert nerd alert right there's so

117

00:04:58,950 --> 00:04:56,740

much of that footer for us UFO geeks

118

00:05:01,650 --> 00:04:58,960

because this show is packed with so many

119

00:05:03,600 --> 00:05:01,660

Easter eggs and just sort of nods to the

120

00:05:04,920 --> 00:05:03,610

UFO research community so it's so it's

121

00:05:07,680 --> 00:05:04,930

so fun watching it from that perspective

122

00:05:09,779 --> 00:05:07,690

and seeing people we know are people

123

00:05:11,670 --> 00:05:09,789

that we know certain characters are

124

00:05:13,830 --> 00:05:11,680

based on or things they're bringing up

125

00:05:15,360 --> 00:05:13,840

well oh yeah they're talking about that

126
00:05:16,860 --> 00:05:15,370
that's so cool there's so many of those

127
00:05:19,379 --> 00:05:16,870
moments in this show so it's fun to

128
00:05:21,510 --> 00:05:19,389
watch from that standpoint well the

129
00:05:24,330 --> 00:05:21,520
first episode of the series is titled

130
00:05:26,040 --> 00:05:24,340
the fuller dog fight and that is

131
00:05:27,779 --> 00:05:26,050
precisely with the main characters

132
00:05:30,270 --> 00:05:27,789
Captain Michael Quinn and dr. J Allen

133
00:05:32,670 --> 00:05:30,280
Hynek investigate as not only the first

134
00:05:35,070 --> 00:05:32,680
case the audience gets to see but also

135
00:05:37,290 --> 00:05:35,080
hi next first case as well that we get

136
00:05:39,719 --> 00:05:37,300
to see in the show so as the title

137
00:05:42,330 --> 00:05:39,729
implies the case involves a military

138
00:05:44,040 --> 00:05:42,340

pilot lieutenant Henry fuller who finds

139

00:05:47,189 --> 00:05:44,050

himself in a dogfight with a UFO

140

00:05:50,520 --> 00:05:47,199

now although lieutenant Henry fuller is

141

00:05:52,620 --> 00:05:50,530

a creation for the show this case as

142

00:05:55,230 --> 00:05:52,630

with much of what you see presented in

143

00:05:58,920 --> 00:05:55,240

the show is based on something real so

144

00:06:01,560 --> 00:05:58,930

Shane if you would just briefly kind of

145

00:06:04,409 --> 00:06:01,570

walk us through what the real case is

146

00:06:05,969 --> 00:06:04,419

behind this fuller a dogfight that we

147

00:06:09,360 --> 00:06:05,979

see in the first episode of Project Blue

148

00:06:11,700 --> 00:06:09,370

Book oh yeah sure will it's it is an

149

00:06:16,020 --> 00:06:11,710

interesting case in fact it's one of the

150

00:06:18,810 --> 00:06:16,030

cases that Edie repelled in his book the

151
00:06:22,080 --> 00:06:18,820
report on the UFOs talked about being

152
00:06:25,469 --> 00:06:22,090
one of the classic cases and of course I

153
00:06:28,140 --> 00:06:25,479
think any time that you have evidence or

154
00:06:30,420 --> 00:06:28,150
a case related to the military that that

155
00:06:32,879 --> 00:06:30,430
heightens the authenticity of it and

156
00:06:36,149 --> 00:06:32,889
they certainly took it serious when it

157
00:06:38,969 --> 00:06:36,159
happened and and was reported and you

158
00:06:41,850 --> 00:06:38,979
know again it's it occurred in 1948

159
00:06:44,399 --> 00:06:41,860
again this period of time or just all of

160
00:06:46,740 --> 00:06:44,409
these UFO events were occurring really

161
00:06:49,770 --> 00:06:46,750
had the nation's attention it had had

162
00:06:51,839 --> 00:06:49,780
the military's attention so it's a great

163
00:06:54,899 --> 00:06:51,849

case that they they utilize for the

164

00:06:57,600 --> 00:06:54,909

first one for the show but yeah that the

165

00:07:01,290 --> 00:06:57,610

actual pilots name was Gorman as opposed

166

00:07:04,439 --> 00:07:01,300

to fuller but you know it's the way they

167

00:07:05,950 --> 00:07:04,449

related the case is pretty follows it

168

00:07:10,030 --> 00:07:05,960

along pretty well

169

00:07:13,030 --> 00:07:10,040

there was a group of international Guard

170

00:07:16,570 --> 00:07:13,040

pilots on a training mission they were

171

00:07:20,260 --> 00:07:16,580

near Fargo North Dakota they one of them

172

00:07:22,180 --> 00:07:20,270

dropped back this gorman to get a little

173

00:07:24,670 --> 00:07:22,190

extra flight time in at night flying

174

00:07:27,010 --> 00:07:24,680

since it was clear and then this is when

175

00:07:30,100 --> 00:07:27,020

he began to have his experience ended up

176
00:07:33,040 --> 00:07:30,110
being a 27 minute encounter where

177
00:07:36,070 --> 00:07:33,050
basically he chased it it chased him

178
00:07:38,379 --> 00:07:36,080
unlike the television program there he

179
00:07:41,710 --> 00:07:38,389
wasn't you know shooting live fire at it

180
00:07:43,810 --> 00:07:41,720
per se but mostly the event is pretty

181
00:07:45,550 --> 00:07:43,820
well accounted for and in fact what's

182
00:07:48,460 --> 00:07:45,560
really interesting I think about this

183
00:07:51,510 --> 00:07:48,470
case is that at that moment there were

184
00:07:55,960 --> 00:07:51,520
also several other witnesses there was a

185
00:07:58,600 --> 00:07:55,970
Piper Cub that was piloted by a man and

186
00:08:01,560 --> 00:07:58,610
had a passenger that was there saw these

187
00:08:04,390 --> 00:08:01,570
events as they unfolded there was the

188
00:08:07,210 --> 00:08:04,400

ground control people they also were

189

00:08:09,760 --> 00:08:07,220

seeing this object through binoculars

190

00:08:11,080 --> 00:08:09,770

and so forth so the event you know

191

00:08:14,140 --> 00:08:11,090

there's no doubt about it it really

192

00:08:18,040 --> 00:08:14,150

occurred and and Gorman was you know

193

00:08:20,980 --> 00:08:18,050

engaged he was upset by it but you know

194

00:08:23,020 --> 00:08:20,990

in the end he landed and then you know

195

00:08:25,689 --> 00:08:23,030

made his report and that investigation

196

00:08:29,020 --> 00:08:25,699

began yeah it's a it's a really exciting

197

00:08:31,019 --> 00:08:29,030

case and you know I think some people

198

00:08:33,820 --> 00:08:31,029

might might be a little concerned about

199

00:08:35,829 --> 00:08:33,830

the series Project Blue Book worrying

200

00:08:38,290 --> 00:08:35,839

that they might have come out of the

201
00:08:41,079 --> 00:08:38,300
gate with like their most amazing case

202
00:08:42,820 --> 00:08:41,089
and it can only go down from here and I

203
00:08:44,199 --> 00:08:42,830
I don't think that's going to happen

204
00:08:45,790 --> 00:08:44,209
don't worry they know what they're doing

205
00:08:47,380 --> 00:08:45,800
they wanted it to start with the bang

206
00:08:49,390 --> 00:08:47,390
for sure but they've got a lot of

207
00:08:52,030 --> 00:08:49,400
exciting stuff in store as the season

208
00:08:54,070 --> 00:08:52,040
progresses but super exciting case I

209
00:08:57,070 --> 00:08:54,080
love it and it was certainly fun to see

210
00:08:59,500 --> 00:08:57,080
it on the screen and see J Allen Hynek

211
00:09:02,380 --> 00:08:59,510
investigating this and I just thought it

212
00:09:04,720 --> 00:09:02,390
was fun and I do again have to commend

213
00:09:07,210 --> 00:09:04,730

history for what they are doing with

214

00:09:10,900 --> 00:09:07,220

this series I mean you can go right now

215

00:09:12,699 --> 00:09:10,910

to history's website and read about the

216

00:09:14,949 --> 00:09:12,709

Gorman case you know they're putting

217

00:09:17,079 --> 00:09:14,959

this real information out as sort of a

218

00:09:21,219 --> 00:09:17,089

public education camp

219

00:09:22,989 --> 00:09:21,229

to coincide with the show explaining the

220

00:09:25,809 --> 00:09:22,999

things they're showing in the in the

221

00:09:28,329 --> 00:09:25,819

film or in the series and the real-life

222

00:09:29,769 --> 00:09:28,339

things those are based on so that's

223

00:09:33,069 --> 00:09:29,779

going above and beyond they're under no

224

00:09:36,459 --> 00:09:33,079

obligation to do that but you know I

225

00:09:38,919 --> 00:09:36,469

think it's incredibly amazing that they

226

00:09:42,159 --> 00:09:38,929

are investing the money and time to do

227

00:09:44,859 --> 00:09:42,169

that well did you guys see two on the

228

00:09:46,269 --> 00:09:44,869

the bra cast at the end of each episode

229

00:09:48,849 --> 00:09:46,279

it looks like they're gonna be having

230

00:09:50,979 --> 00:09:48,859

like actual UFO researchers and

231

00:09:53,049 --> 00:09:50,989

historians explaining the actual case

232

00:09:55,419 --> 00:09:53,059

that the episode is based on I think

233

00:09:58,119 --> 00:09:55,429

they had gone on this past week the

234

00:10:00,339 --> 00:09:58,129

first episode I think Jacques Vallee

235

00:10:02,319 --> 00:10:00,349

he's involved like this is amazing

236

00:10:04,439 --> 00:10:02,329

they're going to great lengths to to

237

00:10:07,599 --> 00:10:04,449

keep this as authentic as they can and

238

00:10:10,149 --> 00:10:07,609

respectful to the case history yeah and

239

00:10:12,579 --> 00:10:10,159

I think an interesting thing about this

240

00:10:16,649 --> 00:10:12,589

case - is this period of time this

241

00:10:18,999 --> 00:10:16,659

wasn't the only time an Air Force pilot

242

00:10:20,829 --> 00:10:19,009

spotted an object like this in the sky

243

00:10:23,079 --> 00:10:20,839

we also had the mental case the same

244

00:10:26,379 --> 00:10:23,089

year where you know he died from

245

00:10:29,169 --> 00:10:26,389

allegedly passing out from lack of

246

00:10:31,689 --> 00:10:29,179

oxygen and having his plane tumbled this

247

00:10:35,139 --> 00:10:31,699

guy so it's it's not like and everyone

248

00:10:38,619 --> 00:10:35,149

said that he was chasing Jupiter oh no

249

00:10:43,449 --> 00:10:38,629

I'm sorry Venus Venus and and that was

250

00:10:46,529 --> 00:10:43,459

the the cause and yes Venus is a culprit

251
00:10:49,989 --> 00:10:46,539
of being mistaken for a UFO but

252
00:10:52,269 --> 00:10:49,999
especially with with you know the Gorman

253
00:10:55,089 --> 00:10:52,279
case with other witnesses it seems

254
00:10:57,549 --> 00:10:55,099
really odd that that would turn out to

255
00:10:59,559 --> 00:10:57,559
be what it is so there's like a lot of

256
00:11:03,369 --> 00:10:59,569
mystery and intrigue that what was going

257
00:11:05,769 --> 00:11:03,379
on during 1948 or was it just so much

258
00:11:08,439 --> 00:11:05,779
hype from the Roswell incident happening

259
00:11:10,779 --> 00:11:08,449
you know there's a lot going on and

260
00:11:13,779 --> 00:11:10,789
people should research this time period

261
00:11:15,369 --> 00:11:13,789
for sure because something strange was

262
00:11:18,249 --> 00:11:15,379
happening in the skies we don't know

263
00:11:21,099 --> 00:11:18,259

what what was the deal with the 40s you

264

00:11:22,989 --> 00:11:21,109

know yeah I thought it was cool too it

265

00:11:26,169 --> 00:11:22,999

was barely touched on it was just like a

266

00:11:28,839 --> 00:11:26,179

single line I think by captain Quinn and

267

00:11:30,670 --> 00:11:28,849

in the show but honey could ask him

268

00:11:33,250 --> 00:11:30,680

alive you ever seen anything like this

269

00:11:34,660 --> 00:11:33,260

he referred to the Foo Fighters and of

270

00:11:36,730 --> 00:11:34,670

course we you know we're pretty familiar

271

00:11:39,010 --> 00:11:36,740

with the fact Foo Fighters were both in

272

00:11:41,829 --> 00:11:39,020

the European and Pacific Theater during

273

00:11:45,040 --> 00:11:41,839

World War two however I haven't really

274

00:11:47,620 --> 00:11:45,050

heard of anything stateside you know

275

00:11:49,570 --> 00:11:47,630

since that time and when you heard the

276

00:11:51,760 --> 00:11:49,580

description both in the actual case and

277

00:11:54,280 --> 00:11:51,770

then son on the show I mean this object

278

00:11:56,470 --> 00:11:54,290

was very reminiscent of what was

279

00:11:58,510 --> 00:11:56,480

described as Foo Fighters so I mean

280

00:12:00,670 --> 00:11:58,520

there's really some depth behind that

281

00:12:02,170 --> 00:12:00,680

case and the program you got to hand it

282

00:12:04,870 --> 00:12:02,180

to them they've done a great job with it

283

00:12:06,280 --> 00:12:04,880

and I'm super stoked that they've got

284

00:12:10,030 --> 00:12:06,290

the response from the community and

285

00:12:12,100 --> 00:12:10,040

those numbers are that high yeah I - you

286

00:12:15,190 --> 00:12:12,110

know not even containing Project Blue

287

00:12:16,930 --> 00:12:15,200

Book the fact that you know they were

288

00:12:19,210 --> 00:12:16,940

looking at like The Day the Earth Stood

289

00:12:21,670 --> 00:12:19,220

Still what Hollywood was doing at the

290

00:12:24,190 --> 00:12:21,680

time - and I there was another line

291

00:12:26,949 --> 00:12:24,200

Shane that I caught - which I really

292

00:12:30,400 --> 00:12:26,959

liked was you know were we're at war

293

00:12:33,550 --> 00:12:30,410

with Hollywood right now to control the

294

00:12:36,070 --> 00:12:33,560

UFO topic in the information so let's

295

00:12:38,680 --> 00:12:36,080

start this project Bluebook in response

296

00:12:42,100 --> 00:12:38,690

to all these pilot witnesses you know

297

00:12:44,769 --> 00:12:42,110

men tell Whittier gorman all of these

298

00:12:47,110 --> 00:12:44,779

even Roswell these all prompted Project

299

00:12:48,699 --> 00:12:47,120

Blue Book you know it wasn't just some

300

00:12:50,800 --> 00:12:48,709

kook seeing these things it was the

301
00:12:52,480 --> 00:12:50,810
military so I thought it was really cool

302
00:12:56,829 --> 00:12:52,490
that they touched on that sociological

303
00:12:59,170 --> 00:12:56,839
aspect at the time - of Hollywood and

304
00:13:00,550 --> 00:12:59,180
the media and it you know they're not

305
00:13:01,720 --> 00:13:00,560
gonna go with what the military says

306
00:13:03,910 --> 00:13:01,730
they're gonna do their own things so

307
00:13:05,199 --> 00:13:03,920
let's control the narrative so that was

308
00:13:07,090 --> 00:13:05,209
really interesting - I thought that they

309
00:13:09,040 --> 00:13:07,100
tackled in the first episode you know

310
00:13:15,460 --> 00:13:09,050
there there are cooks in the military to

311
00:13:17,110 --> 00:13:15,470
rate I'm enjoying the show so far I know

312
00:13:19,329 --> 00:13:17,120
the first one may have seemed a little

313
00:13:21,430 --> 00:13:19,339

slow to some people but again you're

314

00:13:23,050 --> 00:13:21,440

starting this a show from scratch you've

315

00:13:24,850 --> 00:13:23,060

got to establish your characters and

316

00:13:26,680 --> 00:13:24,860

that's a big part of it so this

317

00:13:29,230 --> 00:13:26,690

character development I think is going

318

00:13:30,790 --> 00:13:29,240

to go you know in a way we all hope it

319

00:13:32,230 --> 00:13:30,800

will it's going to be really good really

320

00:13:33,550 --> 00:13:32,240

strong characters really well developed

321

00:13:36,460 --> 00:13:33,560

characters the writing in this is great

322

00:13:39,730 --> 00:13:36,470

and again with having two of hynek's

323

00:13:41,319 --> 00:13:39,740

sons as consultants on this show we're

324

00:13:44,079 --> 00:13:41,329

really going to see some some good

325

00:13:46,030 --> 00:13:44,089

character development with Meany I think

326

00:13:50,199 --> 00:13:46,040

so that that's gonna be coming hynix

327

00:13:51,430 --> 00:13:50,209

wife and you know I will say you might

328

00:13:53,290 --> 00:13:51,440

want to check out if you're a podcast

329

00:13:55,389 --> 00:13:53,300

listener which I hope you are because

330

00:13:59,350 --> 00:13:55,399

this is a podcast and you're listening

331

00:14:02,710 --> 00:13:59,360

to one but Syfy's websites sci-fi wire

332

00:14:04,480 --> 00:14:02,720

is doing the official project Bluebook

333

00:14:06,400 --> 00:14:04,490

podcast it's just called Project Blue

334

00:14:08,470 --> 00:14:06,410

Book official podcast and they're doing

335

00:14:10,210 --> 00:14:08,480

it after every episode and they're

336

00:14:11,860 --> 00:14:10,220

having people on the show the first

337

00:14:14,290 --> 00:14:11,870

episode they did they had the creator of

338

00:14:15,610 --> 00:14:14,300

the show on and they're going to have

339

00:14:19,150 --> 00:14:15,620

some of the actors on and they're

340

00:14:20,530 --> 00:14:19,160

talking about the reasoning behind the

341

00:14:22,000 --> 00:14:20,540

decisions they've made with the show

342

00:14:23,590 --> 00:14:22,010

they talk about the cases they're

343

00:14:26,829 --> 00:14:23,600

covering on the show they talk about

344

00:14:28,960 --> 00:14:26,839

just the process of making this series

345

00:14:30,340 --> 00:14:28,970

come to life and they do answer a lot of

346

00:14:31,900 --> 00:14:30,350

the questions that I know many of the

347

00:14:35,350 --> 00:14:31,910

people on the UFO research community

348

00:14:38,019 --> 00:14:35,360

have and it just provides incredible

349

00:14:40,030 --> 00:14:38,029

insight into the people making this show

350

00:14:43,269 --> 00:14:40,040

and why they're doing what they're doing

351

00:14:45,370 --> 00:14:43,279

I think for a lot of the naysayers out

352

00:14:46,960 --> 00:14:45,380

there are people who aren't wanting to

353

00:14:49,120 --> 00:14:46,970

give this show a chance because it's not

354

00:14:53,079 --> 00:14:49,130

a documentary or it's not portraying

355

00:14:54,730 --> 00:14:53,089

Project Blue Book 100% accurately maybe

356

00:14:56,740 --> 00:14:54,740

give these guys a chance and listen to

357

00:14:59,319 --> 00:14:56,750

some of the reasoning they've done what

358

00:15:01,780 --> 00:14:59,329

they've done and look at this for all of

359

00:15:05,310 --> 00:15:01,790

the positives that can come out of this

360

00:15:09,639 --> 00:15:05,320

and take a chill pill and enjoy a

361

00:15:12,220 --> 00:15:09,649

fictional show sorry or just simply

362

00:15:15,180 --> 00:15:12,230

don't or don't you yeah I have to and

363

00:15:17,530 --> 00:15:15,190

nobody says you do so chill out dudes

364

00:15:19,420 --> 00:15:17,540

well let's shift gears now away from

365

00:15:21,340 --> 00:15:19,430

Project Blue Book and talk about another

366

00:15:23,680 --> 00:15:21,350

piece of UFO history that's getting a

367

00:15:27,220 --> 00:15:23,690

bit of a revival on TV and that's the

368

00:15:29,470 --> 00:15:27,230

Roswell UFO incident of 1947 so the CW

369

00:15:32,139 --> 00:15:29,480

network aired a special titled Roswell

370

00:15:35,050 --> 00:15:32,149

mysteries decoded on Thursday January

371

00:15:39,340 --> 00:15:35,060

10th and it starred you mr. Ryan Sprague

372

00:15:42,670 --> 00:15:39,350

so let's talk about this show so first

373

00:15:44,889 --> 00:15:42,680

give us a brief overview of the premise

374

00:15:47,769 --> 00:15:44,899

of this show yeah so I mean this is a

375

00:15:50,560 --> 00:15:47,779

brand new investigation of Roswell and

376

00:15:53,319 --> 00:15:50,570

you know we have old this state guy

377

00:15:55,870 --> 00:15:53,329

Dracula yet again guys brought it back

378

00:15:56,930 --> 00:15:55,880

into the forefront and you know a lot of

379

00:15:58,700 --> 00:15:56,940

people were head

380

00:16:01,190 --> 00:15:58,710

think about that it's Roswell we've

381

00:16:03,710 --> 00:16:01,200

heard it a million times but the big

382

00:16:05,540 --> 00:16:03,720

thing we're stressing is this is a brand

383

00:16:08,570 --> 00:16:05,550

new network that has never explored

384

00:16:12,140 --> 00:16:08,580

Roswell before for a younger generation

385

00:16:14,360 --> 00:16:12,150

the demographic is very young for the CW

386

00:16:16,580 --> 00:16:14,370

network so they wanted to give it a

387

00:16:18,560 --> 00:16:16,590

chance they've got a new drama fiction

388

00:16:20,510 --> 00:16:18,570

series just like Project Blue Book

389

00:16:23,030 --> 00:16:20,520

coming out on their their station

390

00:16:25,790 --> 00:16:23,040

Roswell New Mexico so they wanted to

391

00:16:29,000 --> 00:16:25,800

kinda do what these guys did and tell

392

00:16:31,430 --> 00:16:29,010

the real story behind Roswell get people

393

00:16:32,750 --> 00:16:31,440

excited get them hyped but also get them

394

00:16:35,660 --> 00:16:32,760

informed about what actually happened

395

00:16:38,660 --> 00:16:35,670

before they take their drama series into

396

00:16:40,400 --> 00:16:38,670

you know Atlas stories that didn't

397

00:16:43,640 --> 00:16:40,410

actually happen and were imagined by

398

00:16:45,890 --> 00:16:43,650

writers and writers room so so they

399

00:16:48,380 --> 00:16:45,900

hired us to go out and investigate

400

00:16:50,510 --> 00:16:48,390

Roswell and see what we could find and

401
00:16:52,870 --> 00:16:50,520
we found some pretty interesting stuff I

402
00:16:55,070 --> 00:16:52,880
can't lie it was more than I expected

403
00:16:58,070 --> 00:16:55,080
even going to the project I'm like what

404
00:17:00,200 --> 00:16:58,080
could we possibly do in Roswell that

405
00:17:02,930 --> 00:17:00,210
hasn't been done before but we've

406
00:17:05,870 --> 00:17:02,940
brought forth some evidence we talked to

407
00:17:08,900 --> 00:17:05,880
people we had some revelations and it

408
00:17:11,180 --> 00:17:08,910
was a fun ride for sure now I know we

409
00:17:13,460 --> 00:17:11,190
hear a lot of people kind of

410
00:17:14,960 --> 00:17:13,470
pooh-poohing Roswell within the UFO

411
00:17:17,360 --> 00:17:14,970
community saying that here we are

412
00:17:21,110 --> 00:17:17,370
talking about this super old case from

413
00:17:23,180 --> 00:17:21,120

1947 it's been beaten into the ground

414

00:17:25,010 --> 00:17:23,190

Roswell has been done over and over and

415

00:17:27,710 --> 00:17:25,020

over again let's stop talking about

416

00:17:31,280 --> 00:17:27,720

Roswell but as I've said so many times

417

00:17:33,500 --> 00:17:31,290

over the years I am a Roswell fan I'm a

418

00:17:36,800 --> 00:17:33,510

proponent of continuing Roswell

419

00:17:39,140 --> 00:17:36,810

investigation we talk about this a lot

420

00:17:40,970 --> 00:17:39,150

guys and that's just the idea of the

421

00:17:45,050 --> 00:17:40,980

importance of Roswell not only in UFO

422

00:17:48,170 --> 00:17:45,060

history but you know continuing to keep

423

00:17:52,340 --> 00:17:48,180

it in the forefront keeping it in the

424

00:17:54,020 --> 00:17:52,350

minds of existing UFO researchers and

425

00:17:55,610 --> 00:17:54,030

new UFO researchers people getting into

426

00:17:58,580 --> 00:17:55,620

this field it's certainly a case that

427

00:18:00,110 --> 00:17:58,590

people should be aware of and should

428

00:18:02,360 --> 00:18:00,120

form their own opinions about there's so

429

00:18:04,850 --> 00:18:02,370

much mixed information out there but

430

00:18:07,100 --> 00:18:04,860

they're still in my opinion work that

431

00:18:09,250 --> 00:18:07,110

can be done so I was so excited to see a

432

00:18:11,769 --> 00:18:09,260

new investigation going out there Ryan

433

00:18:13,180 --> 00:18:11,779

and you you express this in the show but

434

00:18:14,789 --> 00:18:13,190

I got it got to ask you now that I've

435

00:18:17,200 --> 00:18:14,799

got you in person

436

00:18:18,549 --> 00:18:17,210

describe the feeling of actually going

437

00:18:20,669 --> 00:18:18,559

out to the crash site because I know

438

00:18:23,200 --> 00:18:20,679

that's something that that we've done

439

00:18:25,990 --> 00:18:23,210

Shane I didn't get to drag you out there

440

00:18:28,509 --> 00:18:26,000

I don't think but I know mornings and

441

00:18:30,250 --> 00:18:28,519

I'm you next time yeah but Maureen and

442

00:18:32,919 --> 00:18:30,260

Ryan and I have all been out there so

443

00:18:36,460 --> 00:18:32,929

Brian what describe the feeling of being

444

00:18:38,519 --> 00:18:36,470

out at the Roswell crash site yeah so

445

00:18:42,100 --> 00:18:38,529

something that didn't make it into the

446

00:18:43,450 --> 00:18:42,110

the actual show and fortunately was I'm

447

00:18:46,000 --> 00:18:43,460

sure you guys have come across this to

448

00:18:48,250 --> 00:18:46,010

it there's like this big memorial or

449

00:18:50,259 --> 00:18:48,260

placard out in the desert you know

450

00:18:53,529 --> 00:18:50,269

stating like this is where the crash

451
00:18:56,049 --> 00:18:53,539
happened in 1947 and you know something

452
00:18:58,060 --> 00:18:56,059
unearthly landed here or crash landed in

453
00:18:59,860 --> 00:18:58,070
a lot of people think that's the that's

454
00:19:03,250 --> 00:18:59,870
where it happened and they they see it

455
00:19:05,860 --> 00:19:03,260
when they leave when in reality the

456
00:19:08,769 --> 00:19:05,870
actual crash site is like 50 60 miles

457
00:19:11,669 --> 00:19:08,779
away from that so first of all like I

458
00:19:14,379 --> 00:19:11,679
went into it not knowing any of that and

459
00:19:17,409 --> 00:19:14,389
that was really exciting for me to know

460
00:19:20,740 --> 00:19:17,419
that beyond that point there was about

461
00:19:23,320 --> 00:19:20,750
60 miles of endless desert to go to and

462
00:19:26,889 --> 00:19:23,330
of course that's where something would

463
00:19:28,870 --> 00:19:26,899

crash or try to land as we we talked

464

00:19:31,299 --> 00:19:28,880

about in these special as well

465

00:19:34,409 --> 00:19:31,309

to step foot out there in what could

466

00:19:37,090 --> 00:19:34,419

presumably be the actual place of impact

467

00:19:39,720 --> 00:19:37,100

it was amazing you know not just as a

468

00:19:44,710 --> 00:19:39,730

UFO researcher but as someone who really

469

00:19:46,960 --> 00:19:44,720

likes mythology and stories it would to

470

00:19:49,269 --> 00:19:46,970

me would be like stepping foot on you

471

00:19:52,930 --> 00:19:49,279

know somewhere where a miracle happened

472

00:19:55,750 --> 00:19:52,940

or or where Bigfoot was sighted it had

473

00:19:58,539 --> 00:19:55,760

it steeped in such a rich history and

474

00:20:00,220 --> 00:19:58,549

mythology so when I got out of the Jeep

475

00:20:03,430 --> 00:20:00,230

and actually stepped foot there and

476
00:20:05,470 --> 00:20:03,440
surveyed the area where Frank Kindler

477
00:20:07,930 --> 00:20:05,480
who I'm sure we'll talk about brought us

478
00:20:10,870 --> 00:20:07,940
to so this is where it happened I got

479
00:20:13,330 --> 00:20:10,880
chills as I think anyone who knows this

480
00:20:16,690 --> 00:20:13,340
story would if this actually happened

481
00:20:18,519 --> 00:20:16,700
there Wow I I was speechless when I

482
00:20:20,440 --> 00:20:18,529
first stepped out and then I had to get

483
00:20:23,139 --> 00:20:20,450
into investigator mode and start asking

484
00:20:26,560 --> 00:20:23,149
the hard questions so so yeah I had

485
00:20:28,209 --> 00:20:26,570
moment of just pure fanboy this when it

486
00:20:29,950 --> 00:20:28,219
comes to Roswell but then it was time to

487
00:20:32,589 --> 00:20:29,960
get serious it's understandable

488
00:20:36,519 --> 00:20:32,599

I mean Roswell is such a gigantic

489

00:20:40,089 --> 00:20:36,529

element of UFO history UFO lore and pop

490

00:20:44,859 --> 00:20:40,099

culture in general so to be able to be

491

00:20:47,109 --> 00:20:44,869

at the actual crash site yeah I totally

492

00:20:49,019 --> 00:20:47,119

get it I felt the same way being out

493

00:20:52,479 --> 00:20:49,029

there it's just sort of an unreal

494

00:20:55,029 --> 00:20:52,489

realization that Wow I'm out here in

495

00:20:56,409 --> 00:20:55,039

Heath Roswell crash site kind of Awesome

496

00:20:58,719 --> 00:20:56,419

yeah

497

00:21:00,519 --> 00:20:58,729

and you got to be freezing freezing

498

00:21:01,839 --> 00:21:00,529

that's funny so you got to be there with

499

00:21:03,159 --> 00:21:01,849

Frank Kim blur I've been out there with

500

00:21:06,639 --> 00:21:03,169

Frank Ambler as well I have tremendous

501
00:21:08,619 --> 00:21:06,649
respect for Frank Kindler and you know

502
00:21:11,379 --> 00:21:08,629
it's fun seeing seeing him on the old TV

503
00:21:13,989 --> 00:21:11,389
I guess I'd love to hear from your

504
00:21:16,060 --> 00:21:13,999
perspective what it was like seeing

505
00:21:19,060 --> 00:21:16,070
Frank in his element you not only got to

506
00:21:20,950 --> 00:21:19,070
see him out in the debris field with his

507
00:21:22,659 --> 00:21:20,960
metal detector but you also got to see

508
00:21:24,869 --> 00:21:22,669
him sort of in his in his teacher mode

509
00:21:27,519 --> 00:21:24,879
there at the military Institute in

510
00:21:32,379 --> 00:21:27,529
Roswell so what was it like being around

511
00:21:35,019 --> 00:21:32,389
Frank the professional yeah so I mean we

512
00:21:36,909 --> 00:21:35,029
had just gotten off the plane in Roswell

513
00:21:38,469 --> 00:21:36,919

and started to make our way to the

514

00:21:41,019 --> 00:21:38,479

actual city of Roswell

515

00:21:43,749 --> 00:21:41,029

so Jennifer my investigative partner and

516

00:21:45,459 --> 00:21:43,759

I we were exhausted but you know our

517

00:21:48,310 --> 00:21:45,469

production crew said oh we got to meet

518

00:21:50,200 --> 00:21:48,320

with Frank tonight at his you know where

519

00:21:51,940 --> 00:21:50,210

he's most comfortable in the classroom

520

00:21:55,029 --> 00:21:51,950

where he teaches at the New Mexico

521

00:21:57,039 --> 00:21:55,039

Military Institute and he wants to show

522

00:21:59,169 --> 00:21:57,049

you guys some stuff so I didn't really

523

00:22:00,759 --> 00:21:59,179

know what we were gonna be seeing that

524

00:22:05,769 --> 00:22:00,769

night but I can tell you right now we

525

00:22:07,869 --> 00:22:05,779

were both so tired and but the minute we

526
00:22:10,329 --> 00:22:07,879
got there I shook hands with Frank and

527
00:22:12,820 --> 00:22:10,339
he showed us this really cool awed

528
00:22:15,909 --> 00:22:12,830
mented reality thing that he used to

529
00:22:18,489 --> 00:22:15,919
like triangulate and figure out the

530
00:22:20,889 --> 00:22:18,499
weather conditions during the Roswell

531
00:22:23,219 --> 00:22:20,899
UFO crash and we're like water runoff

532
00:22:25,629 --> 00:22:23,229
would have put wreckage in all this I

533
00:22:28,239 --> 00:22:25,639
immediately woke up it was like I had 10

534
00:22:31,239 --> 00:22:28,249
cups of coffee and I was ready to go so

535
00:22:32,859 --> 00:22:31,249
again being in his classroom hearing

536
00:22:36,019 --> 00:22:32,869
them start to talk about this that's

537
00:22:39,440 --> 00:22:36,029
when I really started to be like oh my

538
00:22:40,999 --> 00:22:39,450

God here we go it's like full speed so

539

00:22:44,359 --> 00:22:41,009

it was exciting it was exciting to

540

00:22:46,700 --> 00:22:44,369

finally talk to him about this and to

541

00:22:50,419 --> 00:22:46,710

see how he figured out where the crash

542

00:22:52,190 --> 00:22:50,429

site was and yeah yeah it was it was an

543

00:22:54,799 --> 00:22:52,200

incredible journey from there and I

544

00:22:58,549 --> 00:22:54,809

loved hearing him say what he said so

545

00:23:01,339 --> 00:22:58,559

many times before and what I commend him

546

00:23:03,729 --> 00:23:01,349

on every time he says it when he and I

547

00:23:06,619 --> 00:23:03,739

have conversations but he said look I

548

00:23:10,009 --> 00:23:06,629

want this to be from a flying saucer for

549

00:23:12,709 --> 00:23:10,019

sure but if it's not if it's somebody's

550

00:23:15,829 --> 00:23:12,719

tin can I want to know that too and I'll

551
00:23:18,349 --> 00:23:15,839
accept it absolutely and that's kind of

552
00:23:20,959 --> 00:23:18,359
what my partner expected when we first

553
00:23:23,479 --> 00:23:20,969
got out there she she thought we'd go to

554
00:23:26,180 --> 00:23:23,489
this crash site that Frank found the

555
00:23:29,719 --> 00:23:26,190
metals at and we'd find trash we'd find

556
00:23:31,879 --> 00:23:29,729
you know beer cans whatnot but as you

557
00:23:33,889 --> 00:23:31,889
guys can attest as well when you go out

558
00:23:36,349 --> 00:23:33,899
to this actual crash site it is with

559
00:23:40,159 --> 00:23:36,359
that it's a hundred miles from anything

560
00:23:42,169 --> 00:23:40,169
any sort of town city or life when you

561
00:23:45,049 --> 00:23:42,179
get out there I didn't see a single bug

562
00:23:47,359 --> 00:23:45,059
a bird nothing there's nothing out there

563
00:23:50,810 --> 00:23:47,369

there was no reason for those medals to

564

00:23:54,200 --> 00:23:50,820

have been out there so I I agree with

565

00:23:55,609 --> 00:23:54,210

Frank you know what why why would they

566

00:23:57,680 --> 00:23:55,619

find these things out there if something

567

00:23:59,539 --> 00:23:57,690

didn't happen and what also didn't make

568

00:24:01,339 --> 00:23:59,549

it into the show is that Frank also

569

00:24:03,859 --> 00:24:01,349

found other things out there

570

00:24:06,649 --> 00:24:03,869

military buttons from army fatigues

571

00:24:09,109 --> 00:24:06,659

dated back to the 40s so right there

572

00:24:10,820 --> 00:24:09,119

that's piling in itself it's not just

573

00:24:12,589 --> 00:24:10,830

the medals that he's found out there

574

00:24:15,619 --> 00:24:12,599

it's other things that could corroborate

575

00:24:18,019 --> 00:24:15,629

that at least the military was out at

576

00:24:21,049 --> 00:24:18,029

this site right right I was gonna bring

577

00:24:23,989 --> 00:24:21,059

up that button because I it's extremely

578

00:24:25,999 --> 00:24:23,999

interesting and yeah it for the general

579

00:24:30,109 --> 00:24:26,009

public obviously Roswell does not

580

00:24:33,459 --> 00:24:30,119

publish their their actual crash

581

00:24:36,529 --> 00:24:33,469

location because that would be a

582

00:24:38,629 --> 00:24:36,539

disaster it's basically treated like an

583

00:24:41,450 --> 00:24:38,639

archeological site and I know that every

584

00:24:43,399 --> 00:24:41,460

researcher I've that I know has been out

585

00:24:44,899 --> 00:24:43,409

there has treated the area with respect

586

00:24:47,690 --> 00:24:44,909

it was kind of interesting because when

587

00:24:49,730 --> 00:24:47,700

Jase and I were out there it was pretty

588

00:24:52,549 --> 00:24:49,740

soon after the sci-fi channel

589

00:24:55,940 --> 00:24:52,559

an investigation so there was still some

590

00:24:57,560 --> 00:24:55,950

of their markers lying around

591

00:25:01,220 --> 00:24:57,570

unfortunately but you could see where

592

00:25:02,360 --> 00:25:01,230

they were digging and and trying to find

593

00:25:09,530 --> 00:25:02,370

materials

594

00:25:11,780 --> 00:25:09,540

interested to see what Frank's reaction

595

00:25:13,940 --> 00:25:11,790

was going to be after you got the

596

00:25:17,810 --> 00:25:13,950

results that were married from his

597

00:25:21,080 --> 00:25:17,820

results in the lab but I did not see

598

00:25:24,049 --> 00:25:21,090

that yes he did not see that and I can

599

00:25:26,570 --> 00:25:24,059

tell you that we did do that the minute

600

00:25:28,370 --> 00:25:26,580

a lot of people were wondering too if

601
00:25:30,650 --> 00:25:28,380
like I knew what the results were gonna

602
00:25:32,720 --> 00:25:30,660
be no no they didn't want me knowing

603
00:25:34,760 --> 00:25:32,730
they wanted my initial reaction when we

604
00:25:36,740 --> 00:25:34,770
got those results from the metal metal

605
00:25:39,140 --> 00:25:36,750
slab and for those who don't know Frank

606
00:25:41,870 --> 00:25:39,150
has had materials tested before these

607
00:25:44,990 --> 00:25:41,880
specific materials at a lab in Canada

608
00:25:47,690 --> 00:25:45,000
and it came back with high trace

609
00:25:49,700 --> 00:25:47,700
elements of molybdenum this element that

610
00:25:51,440 --> 00:25:49,710
should not have been in that metal there

611
00:25:54,080 --> 00:25:51,450
was no reason for it to be and that is

612
00:25:56,150 --> 00:25:54,090
an unusually high amount if it were to

613
00:25:57,919 --> 00:25:56,160

be so we were excited when we learned

614

00:25:59,270 --> 00:25:57,929

about that but we wanted to get them

615

00:26:01,730 --> 00:25:59,280

tested as well so we brought him to a

616

00:26:03,919 --> 00:26:01,740

narrow space lab metals testing lab in

617

00:26:07,460 --> 00:26:03,929

Los Angeles and put him through rigorous

618

00:26:09,860 --> 00:26:07,470

testing and we got the results and those

619

00:26:12,500 --> 00:26:09,870

results were not what we had hoped for

620

00:26:14,960 --> 00:26:12,510

not what we expected but that is the

621

00:26:19,280 --> 00:26:14,970

reality part of this television thing is

622

00:26:20,660 --> 00:26:19,290

it wasn't what we expected and it wasn't

623

00:26:24,860 --> 00:26:20,670

what a lot of people probably hoped for

624

00:26:26,870 --> 00:26:24,870

alien materials you know I did you guys

625

00:26:29,090 --> 00:26:26,880

consider having that I know that there

626
00:26:31,220 --> 00:26:29,100
was leftover organic material on three

627
00:26:33,500 --> 00:26:31,230
of the six samples did you consider

628
00:26:36,740 --> 00:26:33,510
taking that organic material to another

629
00:26:38,720 --> 00:26:36,750
lab to analyze really good question yes

630
00:26:40,970 --> 00:26:38,730
so I mean these organic materials found

631
00:26:44,180 --> 00:26:40,980
on the other three obviously a metals

632
00:26:46,280 --> 00:26:44,190
lab can't test that the thing with that

633
00:26:48,200 --> 00:26:46,290
is it could be anything and we we know

634
00:26:50,270 --> 00:26:48,210
that as well it could have been trace

635
00:26:54,919 --> 00:26:50,280
elements of dirt to plant soil anything

636
00:26:57,470 --> 00:26:54,929
right water anything we were out of

637
00:27:02,000 --> 00:26:57,480
metals lab that's all the budget we had

638
00:27:03,290 --> 00:27:02,010

for this certain TV special to do so you

639

00:27:03,650 --> 00:27:03,300

know at the end of a special we even say

640

00:27:05,510 --> 00:27:03,660

there's

641

00:27:08,030 --> 00:27:05,520

more tests to be done so yammering we're

642

00:27:11,390 --> 00:27:08,040

we're taking those three other materials

643

00:27:13,850 --> 00:27:11,400

to get tested somewhere else and and to

644

00:27:17,420 --> 00:27:13,860

work with Frank on that as well we did

645

00:27:20,360 --> 00:27:17,430

film Frank's response I will say we did

646

00:27:22,190 --> 00:27:20,370

do that the moment we found out I called

647

00:27:24,920 --> 00:27:22,200

him we put him on speakerphone we had

648

00:27:27,410 --> 00:27:24,930

our two metallurgists explain what they

649

00:27:29,720 --> 00:27:27,420

found a Frank and they had a really good

650

00:27:31,910 --> 00:27:29,730

conversation about what to do with this

651
00:27:33,590 --> 00:27:31,920
where to go in what questions still need

652
00:27:35,300 --> 00:27:33,600
to be asked unfortunately because of

653
00:27:38,030 --> 00:27:35,310
time constraints they chose to edit that

654
00:27:40,280 --> 00:27:38,040
out I was a little bummed but again like

655
00:27:41,870 --> 00:27:40,290
that's the way television works they

656
00:27:44,090 --> 00:27:41,880
they wanted to be as clear and concise

657
00:27:46,100 --> 00:27:44,100
for an audience who may not know any of

658
00:27:50,180 --> 00:27:46,110
this the baggage that comes with it the

659
00:27:53,210 --> 00:27:50,190
science behind it so yeah I can tell you

660
00:27:55,190 --> 00:27:53,220
right now we're already in the works

661
00:27:57,500 --> 00:27:55,200
getting those other things tested we

662
00:27:59,960 --> 00:27:57,510
hope to go back to the site and look for

663
00:28:03,190 --> 00:27:59,970

some stuff with Frank and we have a

664

00:28:05,830 --> 00:28:03,200

bunch of testimony that we're still

665

00:28:07,970 --> 00:28:05,840

looking to get from a lot of people

666

00:28:10,940 --> 00:28:07,980

directly involved indirectly involved

667

00:28:12,740 --> 00:28:10,950

but yeah it's a journey we've kind of

668

00:28:14,330 --> 00:28:12,750

really only begun and I'm excited so

669

00:28:15,860 --> 00:28:14,340

Ryan I don't know how much you can talk

670

00:28:20,870 --> 00:28:15,870

about this but you mentioned it before

671

00:28:25,970 --> 00:28:20,880

now this was a one-off TV special that

672

00:28:28,970 --> 00:28:25,980

the CW did but that is not the endgame

673

00:28:33,020 --> 00:28:28,980

right I mean the the hope is for there

674

00:28:36,290 --> 00:28:33,030

to be more sort of growing into a series

675

00:28:38,690 --> 00:28:36,300

right yeah I mean in terms of if it's

676

00:28:41,450 --> 00:28:38,700

just Roswell I can't really speak to or

677

00:28:44,720 --> 00:28:41,460

not I mean these things are just you

678

00:28:46,910 --> 00:28:44,730

know change every day what we did is we

679

00:28:50,180 --> 00:28:46,920

were hired to do a one-hour special

680

00:28:51,980 --> 00:28:50,190

about Roswell and that was to run in

681

00:28:53,870 --> 00:28:51,990

tandem with the fictional show coming

682

00:28:56,120 --> 00:28:53,880

out Roswell New Mexico they wanted to

683

00:28:58,070 --> 00:28:56,130

get people excited get him informed so

684

00:29:02,210 --> 00:28:58,080

we did that we did our job we delivered

685

00:29:04,610 --> 00:29:02,220

it to the CW and they it kind of blew

686

00:29:07,820 --> 00:29:04,620

him away they had no idea how extensive

687

00:29:10,340 --> 00:29:07,830

the the case and the cover-up actually

688

00:29:13,640 --> 00:29:10,350

were when it came to this so they were

689

00:29:16,250 --> 00:29:13,650

super excited and they even had us film

690

00:29:16,950 --> 00:29:16,260

additional material where we said were

691

00:29:18,900 --> 00:29:16,960

not done

692

00:29:21,900 --> 00:29:18,910

there's still so much more to

693

00:29:23,820 --> 00:29:21,910

investigate so you know take that for

694

00:29:26,100 --> 00:29:23,830

what it's worth I think they're excited

695

00:29:28,080 --> 00:29:26,110

to keep exploring this we clearly are

696

00:29:29,640 --> 00:29:28,090

excited to keep looking into it I mean

697

00:29:31,710 --> 00:29:29,650

you guys know the dead ends that come

698

00:29:33,570 --> 00:29:31,720

with this case and every time you think

699

00:29:36,300 --> 00:29:33,580

you have an answer something changes so

700

00:29:38,400 --> 00:29:36,310

I hope that they want more if people do

701
00:29:41,190 --> 00:29:38,410
want more let them know because we're

702
00:29:45,300 --> 00:29:41,200
ready and raring to go I'm optimistic

703
00:29:47,010 --> 00:29:45,310
and just really excited to see this sort

704
00:29:48,510 --> 00:29:47,020
of new thing that's happening you know

705
00:29:50,730 --> 00:29:48,520
we're seeing it with Project Blue Book

706
00:29:55,620 --> 00:29:50,740
and then with Roswell seing networks

707
00:29:58,410 --> 00:29:55,630
that have this interest in the real life

708
00:30:02,310 --> 00:29:58,420
element of UFO s UFO history UFO cases

709
00:30:05,370 --> 00:30:02,320
the reality of UFOs and taking Roswell

710
00:30:07,430 --> 00:30:05,380
you know feeling that desire or seeing

711
00:30:11,640 --> 00:30:07,440
the the interest for the audience to

712
00:30:14,370 --> 00:30:11,650
have the real-life foundation laid to

713
00:30:16,890 --> 00:30:14,380

then go into a fictional show with

714

00:30:18,990 --> 00:30:16,900

history providing the real-life history

715

00:30:21,270 --> 00:30:19,000

behind the things they're presenting in

716

00:30:25,380 --> 00:30:21,280

their fictional show Project Blue Book

717

00:30:27,660 --> 00:30:25,390

that's so exciting to see and I mean we

718

00:30:31,410 --> 00:30:27,670

all know that the UFO topic is very

719

00:30:33,210 --> 00:30:31,420

popular in pop culture in Hollywood we

720

00:30:35,280 --> 00:30:33,220

see it in so many TV shows so many

721

00:30:38,610 --> 00:30:35,290

movies but now we're having networks

722

00:30:41,550 --> 00:30:38,620

want to go further and bring the reality

723

00:30:44,100 --> 00:30:41,560

the the actual reality into these

724

00:30:46,980 --> 00:30:44,110

reality shows or into TV specials or

725

00:30:49,080 --> 00:30:46,990

things like that it's it's cool man it's

726

00:30:51,360 --> 00:30:49,090

a it's a cool new world I like saying up

727

00:30:52,890 --> 00:30:51,370

me too I mean even if it wasn't Roswell

728

00:30:56,040 --> 00:30:52,900

the fact that we're getting a project

729

00:30:58,500 --> 00:30:56,050

Bluebook show alone was enough for me

730

00:31:00,720 --> 00:30:58,510

yeah you know we've we've got our thing

731

00:31:02,790 --> 00:31:00,730

we all know there's a lot of other UFO

732

00:31:04,800 --> 00:31:02,800

material coming out to the stars in

733

00:31:07,710 --> 00:31:04,810

terms of television shows documentaries

734

00:31:10,620 --> 00:31:07,720

movies this I honestly think this is

735

00:31:13,920 --> 00:31:10,630

part of that too the star syndrome and I

736

00:31:15,000 --> 00:31:13,930

love it I love this ride and we'll see

737

00:31:18,420 --> 00:31:15,010

where it goes I think it's responsible

738

00:31:21,000 --> 00:31:18,430

of these TV networks to do this to get

739

00:31:23,250 --> 00:31:21,010

the actual information out there and I

740

00:31:25,430 --> 00:31:23,260

hope we see more and more and more of

741

00:31:27,900 --> 00:31:25,440

that absolutely bring on the

742

00:31:29,790 --> 00:31:27,910

extraterrestrial invasion Hollywood

743

00:31:31,740 --> 00:31:29,800

please do

744
