00:00:28,510 --> 00:00:26,750
I'm Jason McClellan I'm here with

6
00:00:30,510 --> 00:00:28,520
Maureen Elsberry and Shane heard today

7
00:00:33,340 --> 00:00:30,520
thanks for hanging out with us

8
00:00:35,530 --> 00:00:33,350
unidentified the new UFO show on history

9
00:00:37,660 --> 00:00:35,540
brought to us by Tom DeLonge and his

10
00:00:40,030 --> 00:00:37,670
team of military government and

11
00:00:42,910 --> 00:00:40,040
aerospace insiders at to the stars

12
00:00:45,610 --> 00:00:42,920
Academy aired its second episode on

13
00:00:48,040 --> 00:00:45,620

Friday June 7th today will provide a

14

00:00:50,170 --> 00:00:48,050

brief recap of the episode followed by

15

00:00:52,150 --> 00:00:50,180

our individual thoughts and opinions on

16

00:00:54,700 --> 00:00:52,160

the show but first let's get some

17

00:00:57,820 --> 00:00:54,710

announcements out of the way we're just

18

00:01:00,280 --> 00:00:57,830

a couple weeks away from alien con alien

19

00:01:02,200 --> 00:01:00,290

context place June 21st through the 23rd

20

00:01:03,700 --> 00:01:02,210

[Music]

40

00:02:02,889 --> 00:01:59,719

let's get things rolling with our

41

00:02:05,109 --> 00:02:02,899

unidentified conversation first Laureen

42

00:02:07,139 --> 00:02:05,119

is going to provide us with just a brief

43

00:02:11,800 --> 00:02:07,149

recap of episode 2 you have unidentified

44

00:02:14,440 --> 00:02:11,810

Maureen sure so episode 2 you know well

45

00:02:18,070 --> 00:02:14,450

I should say first episode one you know

46

00:02:20,800 --> 00:02:18,080

set the stage for this 2004 Nimitz UFO

47

00:02:23,940 --> 00:02:20,810

encounter known as the Tic Tac UFO an

48

00:02:27,670 --> 00:02:23,950

episode two primarily focused on the

49

00:02:30,460 --> 00:02:27,680

radar technicians I would say we were

50

00:02:33,210 --> 00:02:30,470

introduced to Kevin day who was a senior

51
00:02:37,180 --> 00:02:33,220
radar technician on the USS Princeton

52
00:02:41,199 --> 00:02:37,190
and then also Gary Voorhees who was also

53
00:02:42,819 --> 00:02:41,209
a technician and they did the big reveal

54
00:02:46,539 --> 00:02:42,829
even though you know this has been in

55
00:02:49,630 --> 00:02:46,549
the the news already that this was not a

56
00:02:51,160 --> 00:02:49,640
singular event of one tic-tac it was a

57
00:02:54,339 --> 00:02:51,170
whole box of Tic Tacs

58
00:02:57,580 --> 00:02:54,349
so to speak good and and that it was an

59
00:03:00,970 --> 00:02:57,590
event that occurred over four days a

60
00:03:04,270 --> 00:03:00,980
period of four days so Kevin Day claims

61
00:03:09,340 --> 00:03:04,280
that he was first spotted a bunch of

62
00:03:13,030 --> 00:03:09,350
these objects on his radar screen for

63
00:03:16,599 --> 00:03:13,040

four days he was watching them and they

64

00:03:19,690 --> 00:03:16,609

were moving at weird speeds kind of in

65

00:03:22,870 --> 00:03:19,700

formation and then he'd start to see

66

00:03:25,059 --> 00:03:22,880

some erratic behavior finally he

67

00:03:28,089 --> 00:03:25,069

convinced his superior officer hey man

68

00:03:29,319 --> 00:03:28,099

we we should intercept these let's

69

00:03:31,180 --> 00:03:29,329

intercept one of these and they got a

70

00:03:33,759 --> 00:03:31,190

little excited and so they they then

71

00:03:36,759 --> 00:03:33,769

scramble the Jets they f-18 fighter jets

72

00:03:41,500 --> 00:03:36,769

to and that's as we know from episode

73

00:03:43,720 --> 00:03:41,510

one we reviewed the pilot testimony that

74

00:03:47,199 --> 00:03:43,730

they spotted this object hovering over a

75

00:03:49,360 --> 00:03:47,209

disturbance in the water so this other

76
00:03:53,379 --> 00:03:49,370
testimony from these radar technicians

77
00:03:57,789 --> 00:03:53,389
different perspective different foremost

78
00:04:01,120 --> 00:03:57,799
sighting then we have we learned that it

79
00:04:02,830 --> 00:04:01,130
was also spotted on sonar that an object

80
00:04:06,699 --> 00:04:02,840
to dive into the water and that was

81
00:04:09,640 --> 00:04:06,709
going over 70 knots underwater near a

82
00:04:11,380 --> 00:04:09,650
nuclear submarine so and that's

83
00:04:15,550 --> 00:04:11,390
definitely double

84
00:04:19,210 --> 00:04:15,560
the speed of a any known underwater

85
00:04:20,979 --> 00:04:19,220
craft we have and I think that I mean

86
00:04:22,390 --> 00:04:20,989
it's it's interesting so we if we get

87
00:04:24,010 --> 00:04:22,400
all these different perspectives and

88
00:04:26,680 --> 00:04:24,020

we're getting a more complete picture of

89

00:04:29,710 --> 00:04:26,690

what happened in the whole stress of the

90

00:04:32,920 --> 00:04:29,720

episode to was were revealing a bit of

91

00:04:35,470 --> 00:04:32,930

government cover-up so you have Kevin

92

00:04:38,409 --> 00:04:35,480

day who says that all of the radar

93

00:04:41,530 --> 00:04:38,419

information disappeared he can't find

94

00:04:43,720 --> 00:04:41,540

any communication from that day which

95

00:04:46,960 --> 00:04:43,730

that's not something that would normally

96

00:04:49,300 --> 00:04:46,970

happen this stuff is logged and kept for

97

00:04:51,280 --> 00:04:49,310

future reference and he doesn't know

98

00:04:53,110 --> 00:04:51,290

what happened to it

99

00:04:56,500 --> 00:04:53,120

said you know I don't know why I don't

100

00:05:00,820 --> 00:04:56,510

know where and then we meet Gary who

101
00:05:03,130 --> 00:05:00,830
says that mysterious helicopter came and

102
00:05:04,990 --> 00:05:03,140
told him to destroy all the data so this

103
00:05:06,070 --> 00:05:05,000
is the reveal of like oh the

104
00:05:07,840 --> 00:05:06,080
government's trying to cover something

105
00:05:10,630 --> 00:05:07,850
up here

106
00:05:12,100 --> 00:05:10,640
we don't know who it was we don't know

107
00:05:14,380 --> 00:05:12,110
where it was taken

108
00:05:18,550 --> 00:05:14,390
some people have doubted this guy's

109
00:05:19,870 --> 00:05:18,560
testimony I know but this is a big that

110
00:05:22,600 --> 00:05:19,880
it's supposed to be the big reveal you

111
00:05:24,909 --> 00:05:22,610
know that these objects are doing

112
00:05:27,070 --> 00:05:24,919
something weird near Catalina Island

113
00:05:29,800 --> 00:05:27,080

that's where they disappeared and so

114

00:05:32,080 --> 00:05:29,810

we've got Lu Elizondo who goes to

115

00:05:34,540 --> 00:05:32,090

Catalina Island and discovers while not

116

00:05:38,140 --> 00:05:34,550

discovers they're known military bunkers

117

00:05:39,490 --> 00:05:38,150

and activity going on in that area so

118

00:05:41,830 --> 00:05:39,500

we're starting to get a bigger picture

119

00:05:45,670 --> 00:05:41,840

of this one specific event and they've

120

00:05:48,100 --> 00:05:45,680

investigations into it that that a tip

121

00:05:52,810 --> 00:05:48,110

was looking into and now they're trying

122

00:05:55,600 --> 00:05:52,820

to figure out whether these objects are

123

00:05:58,659 --> 00:05:55,610

hostile if they're from you know in

124

00:06:00,909 --> 00:05:58,669

other countries advanced military like

125

00:06:04,330 --> 00:06:00,919

how did this technology happen what are

126
00:06:06,730 --> 00:06:04,340
these things they are I mean you would

127
00:06:09,850 --> 00:06:06,740
think a threat if they are hostile that

128
00:06:13,630 --> 00:06:09,860
I believe the phrase was if these are

129
00:06:15,640 --> 00:06:13,640
hostile were screwed so yeah so that's

130
00:06:18,070 --> 00:06:15,650
kind of where we're at now we're leading

131
00:06:22,200 --> 00:06:18,080
up to going to investigate the latitude

132
00:06:23,310 --> 00:06:22,210
and longitude that Kevin day provided

133
00:06:26,940 --> 00:06:23,320
the

134
00:06:28,920 --> 00:06:26,950
team with which is an underwater we see

135
00:06:31,110 --> 00:06:28,930
the preview that they're gonna go out on

136
00:06:33,020 --> 00:06:31,120
a ship and investigate these areas I

137
00:06:36,420 --> 00:06:33,030
mean this is obviously like typical of

138
00:06:38,630 --> 00:06:36,430

this type of show and also I will say

139

00:06:42,360 --> 00:06:38,640

one more thing sorry I'm going on a

140

00:06:45,540 --> 00:06:42,370

tangent we do get one little debunking

141

00:06:47,910 --> 00:06:45,550

thing in terms of they were I shouldn't

142

00:06:53,790 --> 00:06:47,920

say debunking but they were able to rule

143

00:06:56,370 --> 00:06:53,800

out NASA was testing X 43 which is an X

144

00:06:59,400 --> 00:06:56,380

was an experimental unmanned hypersonic

145

00:07:03,120 --> 00:06:59,410

aircraft but the top speed of this

146

00:07:06,870 --> 00:07:03,130

object or this the unmanned craft was

147

00:07:09,150 --> 00:07:06,880

only over a 7,000 miles per hour when we

148

00:07:11,520 --> 00:07:09,160

hear from Kevin day he estimates the

149

00:07:16,050 --> 00:07:11,530

speed of these objects they were

150

00:07:20,220 --> 00:07:16,060

dropping mass velocity at speeds upwards

151
00:07:23,220 --> 00:07:20,230
of 24,000 miles per hour so nothing we

152
00:07:26,280 --> 00:07:23,230
know can go that fast so we have these

153
00:07:28,830 --> 00:07:26,290
really super the mysteries widening the

154
00:07:31,650 --> 00:07:28,840
objects there's more now he said that

155
00:07:35,610 --> 00:07:31,660
maybe there were hundreds or a hundred I

156
00:07:37,530 --> 00:07:35,620
should say not hundreds so yeah that's

157
00:07:39,300 --> 00:07:37,540
where we left off we're still just doing

158
00:07:42,300 --> 00:07:39,310
this little investigation with them on

159
00:07:44,880 --> 00:07:42,310
this one events though it was raining

160
00:07:47,520 --> 00:07:44,890
UFOs yeah it was an interesting thing to

161
00:07:50,210 --> 00:07:47,530
hear him say and that's just kind of

162
00:07:55,530 --> 00:07:50,220
mind-boggling to think about and it was

163
00:07:59,370 --> 00:07:55,540

gonna cool when it wasn't Lou was it no

164

00:08:02,100 --> 00:07:59,380

I think it was Chris melon who asked him

165

00:08:04,230 --> 00:08:02,110

or was it Lou who asked him to draw on

166

00:08:06,510 --> 00:08:04,240

the paper what he saw that was blue oh

167

00:08:08,010 --> 00:08:06,520

that was yeah so when Lou did that and

168

00:08:09,360 --> 00:08:08,020

just seeing all these UFOs and when he

169

00:08:12,180 --> 00:08:09,370

described that he said it was you know

170

00:08:13,860 --> 00:08:12,190

hundreds and it was raining UFOs yeah

171

00:08:15,840 --> 00:08:13,870

hey it's quite a picture in your mind

172

00:08:17,520 --> 00:08:15,850

pretty bizarre so the introduction to

173

00:08:19,560 --> 00:08:17,530

Kevin day this is really cool and

174

00:08:21,240 --> 00:08:19,570

anybody following this story closely has

175

00:08:23,510 --> 00:08:21,250

probably heard of Kevin day before and

176

00:08:27,240 --> 00:08:23,520

Shane and I got to meet Kevin in

177

00:08:29,130 --> 00:08:27,250

Laughlin at the UFO Megacon recently and

178

00:08:32,159 --> 00:08:29,140

we got to see his presentation too

179

00:08:34,320 --> 00:08:32,169

when he was talking on stage and you

180

00:08:35,459 --> 00:08:34,330

really got to get a sense of the emotion

181

00:08:36,510 --> 00:08:35,469

that he still has when he tells the

182

00:08:38,520 --> 00:08:36,520

story and that came out a little

183

00:08:40,320 --> 00:08:38,530

bitte on the episode of unidentified

184

00:08:42,570 --> 00:08:40,330

machine what did you make of Kevin when

185

00:08:44,550 --> 00:08:42,580

you met him personally yeah I thought it

186

00:08:47,010 --> 00:08:44,560

was a very genuine guy he was definitely

187

00:08:49,680 --> 00:08:47,020

not a UFO person at all just probably

188

00:08:54,090 --> 00:08:49,690

nothing had ever given any thought to

189

00:08:56,250 --> 00:08:54,100

but you know over a beer it was telling

190

00:08:58,260 --> 00:08:56,260

us basically that you know this this was

191

00:09:00,960 --> 00:08:58,270

a life-changing event for him and many

192

00:09:03,300 --> 00:09:00,970

people and you know it had a negative

193

00:09:05,520 --> 00:09:03,310

impact on their life and they dealt with

194

00:09:07,440 --> 00:09:05,530

things like depression and you know just

195

00:09:09,330 --> 00:09:07,450

it was a very upsetting thing and you

196

00:09:11,400 --> 00:09:09,340

know course with you know the typical

197

00:09:13,890 --> 00:09:11,410

ridicule that comes with it and all that

198

00:09:16,980 --> 00:09:13,900

can understand how that has an effect on

199

00:09:19,410 --> 00:09:16,990

people so however at the same time I

200

00:09:22,290 --> 00:09:19,420

just found him to be very credible very

201
00:09:25,860 --> 00:09:22,300
factual you know super knowledgeable and

202
00:09:29,960 --> 00:09:25,870
you know reasonable a reasonable guy you

203
00:09:32,760 --> 00:09:29,970
know he you know he articulated his his

204
00:09:36,180 --> 00:09:32,770
case well and his feelings on the matter

205
00:09:38,520 --> 00:09:36,190
well and you know Gary was there as well

206
00:09:41,400 --> 00:09:38,530
we were also were able to meet Gary and

207
00:09:44,700 --> 00:09:41,410
a couple of the other guys so yeah I

208
00:09:47,700 --> 00:09:44,710
think as far as witnesses goes you know

209
00:09:49,170 --> 00:09:47,710
he's he's a strong one yeah I agree

210
00:09:51,930 --> 00:09:49,180
and what did you think of the episode

211
00:09:53,520 --> 00:09:51,940
overall Shane I mean Kevin was a big

212
00:09:56,550 --> 00:09:53,530
focus of it but what did you think of

213
00:09:58,880 --> 00:09:56,560

the additions that this episode added to

214

00:10:01,320 --> 00:09:58,890

the overall nimitz case yeah I think

215

00:10:02,850 --> 00:10:01,330

like Maureen pointed out you know the

216

00:10:04,890 --> 00:10:02,860

comments that there was like a hundred

217

00:10:07,590 --> 00:10:04,900

of these think that squares with one of

218

00:10:09,330 --> 00:10:07,600

the videos we saw where you know the

219

00:10:11,220 --> 00:10:09,340

commentary of the pilot was whoa you

220

00:10:14,160 --> 00:10:11,230

know look at all of them kind of a thing

221

00:10:17,520 --> 00:10:14,170

so you know multiple and like you

222

00:10:19,380 --> 00:10:17,530

mentioned to where we were aware it

223

00:10:21,300 --> 00:10:19,390

wasn't just a singular object but that

224

00:10:23,910 --> 00:10:21,310

you know kind of paints a picture a

225

00:10:26,790 --> 00:10:23,920

little clearer and I thought the episode

226

00:10:29,970 --> 00:10:26,800

was more kind of a traditional you know

227

00:10:32,330 --> 00:10:29,980

investigative type operation I mean they

228

00:10:34,410 --> 00:10:32,340

showed you know they they kind of

229

00:10:37,020 --> 00:10:34,420

brainstormed in the office and they

230

00:10:38,760 --> 00:10:37,030

identified people and leads and then

231

00:10:40,920 --> 00:10:38,770

they went out you know actually into the

232

00:10:42,660 --> 00:10:40,930

field and they interviewed people and

233

00:10:44,850 --> 00:10:42,670

you know they had questions in mind from

234

00:10:46,500 --> 00:10:44,860

their prior research and then then they

235

00:10:48,480 --> 00:10:46,510

took that information back and they

236

00:10:49,600 --> 00:10:48,490

brainstormed again and so I mean I think

237

00:10:51,580 --> 00:10:49,610

they were showing

238

00:10:54,580 --> 00:10:51,590

you know the process of investigating

239

00:10:56,530 --> 00:10:54,590

and then the other thing I thought was

240

00:10:58,690 --> 00:10:56,540

kind of interesting was the Catalina

241

00:11:00,580 --> 00:10:58,700

Island stuff and you know for years

242

00:11:03,340 --> 00:11:00,590

there's been lots of talk of UFO

243

00:11:05,440 --> 00:11:03,350

activity there and I think like um I

244

00:11:07,450 --> 00:11:05,450

think it's a Preston Dennett maybe he

245

00:11:10,890 --> 00:11:07,460

you know that's kind of like the cases

246

00:11:12,910 --> 00:11:10,900

he's known for sunk his teeth into and

247

00:11:15,040 --> 00:11:12,920

you know it just kind of adds some

248

00:11:18,060 --> 00:11:15,050

credibility there's really what is going

249

00:11:20,500 --> 00:11:18,070

on in that area that that you know

250

00:11:24,070 --> 00:11:20,510

there's the subtraction or whatever and

251
00:11:26,710 --> 00:11:24,080
I think Lee said you know is is Catalina

252
00:11:29,770 --> 00:11:26,720
Island attracting them as it you know is

253
00:11:32,320 --> 00:11:29,780
there some strategic importance other

254
00:11:33,880 --> 00:11:32,330
than obvious military for us and you

255
00:11:36,280 --> 00:11:33,890
know they have communications tower

256
00:11:39,670 --> 00:11:36,290
towers out there and you know it's about

257
00:11:42,340 --> 00:11:39,680
50 miles off the LA COSO you know you

258
00:11:43,960 --> 00:11:42,350
can understand its strategic position in

259
00:11:45,910 --> 00:11:43,970
that way but I thought that was kind of

260
00:11:49,060 --> 00:11:45,920
fascinating not something I really had

261
00:11:50,380 --> 00:11:49,070
prior connected to to the Nimitz case so

262
00:11:53,760 --> 00:11:50,390
I thought that was really interesting

263
00:11:56,380 --> 00:11:53,770

and I like he pointed out the

264

00:11:58,870 --> 00:11:56,390

investigation process and that is the

265

00:12:00,130 --> 00:11:58,880

fun part of a show like this where

266

00:12:03,970 --> 00:12:00,140

they're leading us through that

267

00:12:10,710 --> 00:12:03,980

investigation process and I like seeing

268

00:12:14,110 --> 00:12:10,720

how both Lou and Chris Mellon are

269

00:12:17,830 --> 00:12:14,120

questioning the possibility of this

270

00:12:21,100 --> 00:12:17,840

being a military exercise or a military

271

00:12:23,820 --> 00:12:21,110

test flight you know they're looking at

272

00:12:27,010 --> 00:12:23,830

that and Lou is saying look it's maybe

273

00:12:30,250 --> 00:12:27,020

maybe conceivable that this could have

274

00:12:32,140 --> 00:12:30,260

been something us with the technology

275

00:12:34,420 --> 00:12:32,150

that currently exists well let's explore

276

00:12:38,440 --> 00:12:34,430

that and they're going through these

277

00:12:42,220 --> 00:12:38,450

things trying to recognize if that could

278

00:12:44,110 --> 00:12:42,230

potentially explain what happened and if

279

00:12:47,170 --> 00:12:44,120

not being able to eliminate that from

280

00:12:48,640 --> 00:12:47,180

the possibility so that is really cool

281

00:12:51,220 --> 00:12:48,650

to see them going through that process

282

00:12:54,370 --> 00:12:51,230

yeah and they definitely I think in in

283

00:12:57,330 --> 00:12:54,380

within this military testing like is it

284

00:13:00,460 --> 00:12:57,340

conceivable that we were testing

285

00:13:02,980 --> 00:13:00,470

super-secret aircraft while also running

286

00:13:04,570 --> 00:13:02,990

training exercises and

287

00:13:06,580 --> 00:13:04,580

you know they stressed the point of not

288

00:13:09,160 --> 00:13:06,590

and not everyone gets to know everything

289

00:13:12,370 --> 00:13:09,170

yeah I thought there may be one or two

290

00:13:15,190 --> 00:13:12,380

people privy to this information but

291

00:13:19,240 --> 00:13:15,200

this would be rare that there would be

292

00:13:23,290 --> 00:13:19,250

the intersection of our own technology

293

00:13:27,720 --> 00:13:23,300

and when I say our own I mean in the

294

00:13:33,030 --> 00:13:27,730

u.s. not foreign military technology so

295

00:13:35,590 --> 00:13:33,040

yeah did this you know secret testing

296

00:13:37,870 --> 00:13:35,600

intersect with this other routine

297

00:13:40,000 --> 00:13:37,880

operation that disrupted it so much that

298

00:13:42,430 --> 00:13:40,010

they said no we're actually going to end

299

00:13:46,750 --> 00:13:42,440

training and we're gonna do some real

300

00:13:49,630 --> 00:13:46,760

world operations here and that's very

301
00:13:54,070 --> 00:13:49,640
curious again you have Steve justice who

302
00:13:57,280 --> 00:13:54,080
is part of the to the stars crew who is

303
00:14:00,640 --> 00:13:57,290
a major player in skunkworks and you

304
00:14:02,740 --> 00:14:00,650
have him saying I'm you know I'm not

305
00:14:05,830 --> 00:14:02,750
gonna reveal anything about top-secret

306
00:14:08,260 --> 00:14:05,840
aircraft like I can't that's obviously

307
00:14:10,480 --> 00:14:08,270
need-to-know information the television

308
00:14:14,070 --> 00:14:10,490
show does not need to know in that sense

309
00:14:16,690 --> 00:14:14,080
so but you can sense he's like very very

310
00:14:18,340 --> 00:14:16,700
watching every single word he says he's

311
00:14:20,620 --> 00:14:18,350
like I'm not going to talk about that

312
00:14:22,780 --> 00:14:20,630
yeah and all these guys have to do that

313
00:14:24,790 --> 00:14:22,790

right because they still have clearances

314

00:14:26,740 --> 00:14:24,800

they can't talk about any and we saw

315

00:14:29,770 --> 00:14:26,750

Alou again and this talking to witnesses

316

00:14:33,970 --> 00:14:29,780

but not talking about anything that's

317

00:14:38,080 --> 00:14:33,980

top secret but it was kind of amusing

318

00:14:40,870 --> 00:14:38,090

that being the case seeing Alou talk to

319

00:14:42,370 --> 00:14:40,880

Eve justice when talking about this

320

00:14:44,650 --> 00:14:42,380

saying you know without revealing

321

00:14:45,520 --> 00:14:44,660

anything that's classified or you know

322

00:14:48,010 --> 00:14:45,530

top secret

323

00:14:49,690 --> 00:14:48,020

what were your procedures like clearly

324

00:14:51,490 --> 00:14:49,700

again talk about anything like

325

00:14:52,990 --> 00:14:51,500

procedures our training that would all

326

00:14:54,460 --> 00:14:53,000

be top secret when they're applying

327

00:14:57,070 --> 00:14:54,470

these things like how do you go about

328

00:15:00,580 --> 00:14:57,080

doing this well clearly he can't give an

329

00:15:03,370 --> 00:15:00,590

answer to that yeah I thought he was a

330

00:15:06,820 --> 00:15:03,380

very curious character myself he was

331

00:15:08,380 --> 00:15:06,830

almost an antagonist and you know at

332

00:15:10,260 --> 00:15:08,390

first he was really shutting it all down

333

00:15:12,630 --> 00:15:10,270

and then then

334

00:15:15,840 --> 00:15:12,640

and when it went in the conversation

335

00:15:18,450 --> 00:15:15,850

about the x43 I think he he lightened up

336

00:15:20,670 --> 00:15:18,460

on that position because then then you

337

00:15:23,750 --> 00:15:20,680

know he laid out the whole well let's

338

00:15:26,040 --> 00:15:23,760

let's take a look at it and and see and

339

00:15:27,480 --> 00:15:26,050

you know it's kind of a process of

340

00:15:30,810 --> 00:15:27,490

elimination and I think like you

341

00:15:33,690 --> 00:15:30,820

mentioned earlier in marine 24,000 miles

342

00:15:36,660 --> 00:15:33,700

an hour is at least four times you know

343

00:15:39,420 --> 00:15:36,670

the seven thousand mile per hour and you

344

00:15:41,940 --> 00:15:39,430

know it didn't behave like these in any

345

00:15:44,640 --> 00:15:41,950

way it didn't you know annex 43 B

346

00:15:46,980 --> 00:15:44,650

doesn't go up and down doesn't stop

347

00:15:48,930 --> 00:15:46,990

doesn't hover doesn't you know cross

348

00:15:50,880 --> 00:15:48,940

paths with planes it doesn't you know

349

00:15:54,510 --> 00:15:50,890

meet you at a cat point I mean need we

350

00:15:58,320 --> 00:15:54,520

go on so it was it was almost like that

351
00:16:00,540 --> 00:15:58,330
traditional UFO show tactic that's gone

352
00:16:02,460 --> 00:16:00,550
on in the past where they make this

353
00:16:04,020 --> 00:16:02,470
mysterious case and then they you know

354
00:16:06,000 --> 00:16:04,030
wrap it all up in a neat little bow

355
00:16:08,070 --> 00:16:06,010
because it was a misunderstanding but it

356
00:16:09,390 --> 00:16:08,080
didn't go that way it was looked like it

357
00:16:11,820 --> 00:16:09,400
was gonna head that way and then they

358
00:16:14,310 --> 00:16:11,830
said but actually that is not a good

359
00:16:15,810 --> 00:16:14,320
candidate you know as an explanation for

360
00:16:18,000 --> 00:16:15,820
this so I thought that was kind of

361
00:16:19,560 --> 00:16:18,010
interesting I got a little confused

362
00:16:21,030 --> 00:16:19,570
there for a minute but then then I

363
00:16:23,580 --> 00:16:21,040

figured out what you know what they're

364

00:16:25,320 --> 00:16:23,590

pointing at Dan yeah and I think I think

365

00:16:27,060 --> 00:16:25,330

it is important that they looked at that

366

00:16:29,810 --> 00:16:27,070

and showed it because if you see

367

00:16:32,640 --> 00:16:29,820

pictures you could conceivably think

368

00:16:36,090 --> 00:16:32,650

well maybe I could understand why that

369

00:16:38,400 --> 00:16:36,100

would look like it could be a candidate

370

00:16:41,280 --> 00:16:38,410

and it was during the same time of the

371

00:16:43,400 --> 00:16:41,290

testing you know and they they analyzed

372

00:16:46,950 --> 00:16:43,410

that and I think that's great but also

373

00:16:49,230 --> 00:16:46,960

clearly it does not explain the

374

00:16:50,940 --> 00:16:49,240

testimony of Kevin day who said there

375

00:16:53,880 --> 00:16:50,950

were hundreds or a hundred in these

376

00:16:57,450 --> 00:16:53,890

objects it was one singular unmanned

377

00:17:00,300 --> 00:16:57,460

aircraft that was flying above and it

378

00:17:03,600 --> 00:17:00,310

does not account for anything happening

379

00:17:05,550 --> 00:17:03,610

underwater so I think this sonar a spec

380

00:17:12,060 --> 00:17:05,560

is very interesting because now it ties

381

00:17:17,520 --> 00:17:12,070

together the churning hovering object

382

00:17:19,199 --> 00:17:17,530

that the the pilot saw with now learning

383

00:17:21,720 --> 00:17:19,209

that something actually went underwater

384

00:17:24,870 --> 00:17:21,730

and was traveling at very high rates of

385

00:17:28,290 --> 00:17:24,880

speed underwater as well

386

00:17:33,210 --> 00:17:28,300

so these are objects that are mastering

387

00:17:36,480 --> 00:17:33,220

air and water which then leads to even

388

00:17:39,900 --> 00:17:36,490

more potential for this to be a super

389

00:17:43,800 --> 00:17:39,910

super dangerous object to to us right

390

00:17:47,670 --> 00:17:43,810

now it seems like obviously we've had 15

391

00:17:53,220 --> 00:17:47,680

years pass and have not been attacked by

392

00:17:54,870 --> 00:17:53,230

these tic tacs so to speak yeah but does

393

00:17:59,280 --> 00:17:54,880

that mean that there's not potential if

394

00:18:01,830 --> 00:17:59,290

this was you know 15 years ago and this

395

00:18:06,750 --> 00:18:01,840

technology we haven't seen anything like

396

00:18:09,510 --> 00:18:06,760

this technology hit any military

397

00:18:11,970 --> 00:18:09,520

operation on this point in time around

398

00:18:14,100 --> 00:18:11,980

the world so that I think adds a little

399

00:18:16,410 --> 00:18:14,110

bit more mystery because you know if you

400

00:18:19,020 --> 00:18:16,420

look at the history of secret black

401
00:18:21,750 --> 00:18:19,030
budget projects in black budget aircraft

402
00:18:23,460 --> 00:18:21,760
we tend to see these revealed to us

403
00:18:25,500 --> 00:18:23,470
after a certain point in time and

404
00:18:28,800 --> 00:18:25,510
especially if this much information is

405
00:18:31,230 --> 00:18:28,810
coming out about it eventually that's

406
00:18:34,380 --> 00:18:31,240
gonna end up as declassified information

407
00:18:36,090 --> 00:18:34,390
that the public is privy to if you do

408
00:18:39,660 --> 00:18:36,100
your research a little bit you know so I

409
00:18:43,230 --> 00:18:39,670
think this is really weighs in on

410
00:18:45,210 --> 00:18:43,240
whether or not this technology could be

411
00:18:47,070 --> 00:18:45,220
of earthly origin or whether there is

412
00:18:48,600 --> 00:18:47,080
some other I mean at this point in time

413
00:18:51,120 --> 00:18:48,610

you know you you have on the show

414

00:18:53,370 --> 00:18:51,130

they're saying - we're not saying this

415

00:18:57,300 --> 00:18:53,380

is I think blue Elizondo said little

416

00:18:59,400 --> 00:18:57,310

green men but that he's not saying this

417

00:19:02,640 --> 00:18:59,410

is extraterrestrial in origin yet and we

418

00:19:05,490 --> 00:19:02,650

know that and that's how it should be

419

00:19:08,400 --> 00:19:05,500

hmm approached as well well like you

420

00:19:11,340 --> 00:19:08,410

never say definitely aliens until we

421

00:19:13,740 --> 00:19:11,350

rule out any rational explanation but

422

00:19:15,120 --> 00:19:13,750

right now this is a big mystery well

423

00:19:16,860 --> 00:19:15,130

into that point Maureen something that

424

00:19:20,190 --> 00:19:16,870

added a little more mystery for me in

425

00:19:23,690 --> 00:19:20,200

this recent episode was that comment by

426
00:19:25,920 --> 00:19:23,700
by Lou and and Shane with the technical

427
00:19:27,780 --> 00:19:25,930
capabilities that you pointed out the

428
00:19:32,310 --> 00:19:27,790
characteristics observed by these

429
00:19:34,920 --> 00:19:32,320
objects and with Lou saying it's maybe

430
00:19:36,500 --> 00:19:34,930
conceivable you know with the technology

431
00:19:39,590 --> 00:19:36,510
that currently exists that

432
00:19:41,930 --> 00:19:39,600
maybe we're behind this like that was a

433
00:19:43,910 --> 00:19:41,940
surprising statement right yeah what

434
00:19:46,100 --> 00:19:43,920
technology does he know about they can

435
00:19:47,900 --> 00:19:46,110
do all of these crazy things that it

436
00:19:49,850 --> 00:19:47,910
that is a good point and that's kind of

437
00:19:52,160 --> 00:19:49,860
terrifying to think about as well right

438
00:19:53,770 --> 00:19:52,170

because he he made that comment and then

439

00:19:55,940 --> 00:19:53,780

there's Steve justice who's worked on

440

00:19:58,940 --> 00:19:55,950

probably the craziest stuff that we have

441

00:20:02,690 --> 00:19:58,950

and he said yeah we can't do that so you

442

00:20:06,080 --> 00:20:02,700

know it raises more questions yeah yeah

443

00:20:08,980 --> 00:20:06,090

I mean who do you believe well in this

444

00:20:11,480 --> 00:20:08,990

this you know this this is what an

445

00:20:14,930 --> 00:20:11,490

investigation in real life is like you

446

00:20:19,070 --> 00:20:14,940

you know you don't have enough data to

447

00:20:20,690 --> 00:20:19,080

you know confidently say it is X or Y at

448

00:20:23,180 --> 00:20:20,700

first I mean it takes time to develop

449

00:20:25,040 --> 00:20:23,190

that and I think that it's important

450

00:20:27,850 --> 00:20:25,050

that they do that due diligence and

451
00:20:31,250 --> 00:20:27,860
question and you know and run down that

452
00:20:33,410 --> 00:20:31,260
that path till till it's complete to let

453
00:20:36,370 --> 00:20:33,420
you know you've eliminated it completely

454
00:20:40,010 --> 00:20:36,380
being is it a secret device of our own

455
00:20:42,380 --> 00:20:40,020
but the the other thing I it was it was

456
00:20:46,010 --> 00:20:42,390
kind of new to me I think in that they

457
00:20:49,040 --> 00:20:46,020
had a sub in in that training event and

458
00:20:50,480 --> 00:20:49,050
that they had sonar of an object under

459
00:20:53,210 --> 00:20:50,490
water I had not picked up on that

460
00:20:55,430 --> 00:20:53,220
earlier or was that out there before and

461
00:20:58,430 --> 00:20:55,440
I dismissed it or was that just revealed

462
00:21:00,080 --> 00:20:58,440
in the show um I didn't hear about it

463
00:21:01,820 --> 00:21:00,090

prior I think I've heard about that

464

00:21:03,710 --> 00:21:01,830

either but something else that they

465

00:21:05,230 --> 00:21:03,720

threw in this time and in this is

466

00:21:08,420 --> 00:21:05,240

something else that you know as

467

00:21:10,550 --> 00:21:08,430

objective viewers and observers of this

468

00:21:12,350 --> 00:21:10,560

whole thing we have to watch every

469

00:21:14,840 --> 00:21:12,360

little thing and consider it and

470

00:21:16,790 --> 00:21:14,850

understand that this is a TV show and

471

00:21:19,990 --> 00:21:16,800

not getting the farías or a

472

00:21:22,640 --> 00:21:20,000

conspiratorial at all but TV shows are

473

00:21:24,020 --> 00:21:22,650

steering a story a certain direction and

474

00:21:26,120 --> 00:21:24,030

they're telling us stories you have to

475

00:21:29,420 --> 00:21:26,130

look and see what story is even told

476
00:21:31,880 --> 00:21:29,430
here and with this information we also

477
00:21:34,910 --> 00:21:31,890
in this episode saw the return of the

478
00:21:36,560 --> 00:21:34,920
wingman pilot who stated that when she

479
00:21:39,020 --> 00:21:36,570
saw this disturbance in the water she

480
00:21:41,000 --> 00:21:39,030
her initial reaction was she thought it

481
00:21:42,940 --> 00:21:41,010
was a submarine that had surfaced and

482
00:21:44,840 --> 00:21:42,950
launched something from the submarine

483
00:21:46,610 --> 00:21:44,850
and now we hear that there was a

484
00:21:49,650 --> 00:21:46,620
submarine in the area that's interesting

485
00:21:51,650 --> 00:21:49,660
but talking about the storytelling

486
00:21:54,090 --> 00:21:51,660
we're seeing again in this episode and

487
00:21:56,070 --> 00:21:54,100
with the headlines that have been tied

488
00:21:59,520 --> 00:21:56,080

to this show I think we're getting a

489

00:22:01,260 --> 00:21:59,530

clearer picture of a larger theme and in

490

00:22:03,960 --> 00:22:01,270

a motive here behind all this and that

491

00:22:06,120 --> 00:22:03,970

is diminishing the ridicule factor with

492

00:22:08,220 --> 00:22:06,130

this topic yeah I heard that brought up

493

00:22:10,050 --> 00:22:08,230

many times again in this episode of

494

00:22:11,820 --> 00:22:10,060

people not talking because they didn't

495

00:22:13,260 --> 00:22:11,830

want to be ridiculed they didn't want to

496

00:22:16,140 --> 00:22:13,270

lose their jobs they didn't want to be

497

00:22:18,450 --> 00:22:16,150

labeled a weirdo so that is coming up

498

00:22:21,390 --> 00:22:18,460

again and again and I think that's going

499

00:22:23,100 --> 00:22:21,400

to be the overarching theme of this

500

00:22:25,500 --> 00:22:23,110

entire series if nothing else comes of

501
00:22:27,240 --> 00:22:25,510
it that's it and you know with me I

502
00:22:28,740 --> 00:22:27,250
would be very happy with that because

503
00:22:30,630 --> 00:22:28,750
you know how I feel about de

504
00:22:32,940 --> 00:22:30,640
stigmatizing this topic and and getting

505
00:22:34,980 --> 00:22:32,950
people to be able to realize the reality

506
00:22:36,840 --> 00:22:34,990
of the situation and have intelligent

507
00:22:41,070 --> 00:22:36,850
conversations about it and we certainly

508
00:22:43,290 --> 00:22:41,080
hope that our military is very concerned

509
00:22:45,330 --> 00:22:43,300
about unidentified objects in the sky

510
00:22:47,490 --> 00:22:45,340
and want people to report them so they

511
00:22:51,240 --> 00:22:47,500
can look into them I think that's a

512
00:22:55,020 --> 00:22:51,250
great point and I mean this is a little

513
00:22:57,720 --> 00:22:55,030

tricky maybe for outside people who have

514

00:23:00,060 --> 00:22:57,730

not been in this field for so long you

515

00:23:02,880 --> 00:23:00,070

know we we've spent a lot of time in

516

00:23:04,650 --> 00:23:02,890

this field and and know that it's

517

00:23:06,420 --> 00:23:04,660

totally normal to talk about this kind

518

00:23:08,790 --> 00:23:06,430

of stuff at least I feel like that I

519

00:23:11,370 --> 00:23:08,800

think I'm a normal person you know if an

520

00:23:14,520 --> 00:23:11,380

object is unidentified you shouldn't be

521

00:23:17,850 --> 00:23:14,530

you know feel like you cannot report it

522

00:23:20,730 --> 00:23:17,860

nobody's nobody should be I should say

523

00:23:23,040 --> 00:23:20,740

in intelligent conversations like this

524

00:23:25,350 --> 00:23:23,050

like you said in real world military

525

00:23:29,100 --> 00:23:25,360

pilots and other people spotting these

526

00:23:31,200 --> 00:23:29,110

objects if it's unknown it's unknown and

527

00:23:33,990 --> 00:23:31,210

it shouldn't be a thing where you are

528

00:23:37,920 --> 00:23:34,000

ridiculed for not knowing what something

529

00:23:42,270 --> 00:23:37,930

is so yeah I agree I was gonna say just

530

00:23:45,090 --> 00:23:42,280

you know but I think one of the things

531

00:23:46,370 --> 00:23:45,100

accomplished by TSA are two things the

532

00:23:48,780 --> 00:23:46,380

main thing in my mind is first

533

00:23:50,640 --> 00:23:48,790

revelation of a UFO program by the

534

00:23:53,010 --> 00:23:50,650

government right they denied that since

535

00:23:54,510 --> 00:23:53,020

69 so I think that's the biggest thing

536

00:23:57,240 --> 00:23:54,520

that's been accomplished so far but

537

00:23:59,970 --> 00:23:57,250

secondly is the reduction of that

538

00:24:02,100 --> 00:23:59,980

ridicule factor and that is so huge I

539

00:24:03,390 --> 00:24:02,110

mean you know we've all personally

540

00:24:05,670 --> 00:24:03,400

experienced it we know

541

00:24:08,100 --> 00:24:05,680

many people who have but if he even go

542

00:24:11,040 --> 00:24:08,110

back and look at you know the story of

543

00:24:15,420 --> 00:24:11,050

Kevin day and Voorhees and Turner and

544

00:24:17,730 --> 00:24:15,430

you know all of these guys you know it

545

00:24:19,470 --> 00:24:17,740

negatively impacted their life this is

546

00:24:21,660 --> 00:24:19,480

the source of that emotion you know

547

00:24:24,390 --> 00:24:21,670

what's the ridicule and again these are

548

00:24:26,070 --> 00:24:24,400

extremely highly qualified professional

549

00:24:28,320 --> 00:24:26,080

people who dedicated their lives to

550

00:24:29,880 --> 00:24:28,330

their you know technician skills and

551
00:24:32,460 --> 00:24:29,890
just you know serving our country and

552
00:24:35,490 --> 00:24:32,470
protecting us you know all in more in

553
00:24:37,680 --> 00:24:35,500
the you know the average person and all

554
00:24:40,470 --> 00:24:37,690
they wanted to do was to relate these

555
00:24:41,970 --> 00:24:40,480
factual accounts of these things

556
00:24:44,160 --> 00:24:41,980
happening in the course of you know

557
00:24:45,630 --> 00:24:44,170
serving those functions in protecting

558
00:24:47,700 --> 00:24:45,640
the country and for that they're

559
00:24:50,190 --> 00:24:47,710
ridiculed they're T's they're poopoo

560
00:24:53,250 --> 00:24:50,200
they're threatened I mean come on and

561
00:24:55,380 --> 00:24:53,260
that's that's just ridiculous so I mean

562
00:24:57,840 --> 00:24:55,390
I think it is huge and important and

563
00:25:00,360 --> 00:24:57,850

really you know heartwarming really to

564

00:25:01,830 --> 00:25:00,370

see that that you know at least from the

565

00:25:04,470 --> 00:25:01,840

military's perspective they're gonna

566

00:25:06,270 --> 00:25:04,480

listen to these people and you know and

567

00:25:08,549 --> 00:25:06,280

that in turn will free it up a little

568

00:25:10,020 --> 00:25:08,559

bit for us as well and I'm sure you guys

569

00:25:12,390 --> 00:25:10,030

have already experienced it I know I

570

00:25:14,790 --> 00:25:12,400

have that people are opening up our

571

00:25:17,160 --> 00:25:14,800

listening and not not ready killing so I

572

00:25:18,810 --> 00:25:17,170

thought that's a big deal something that

573

00:25:21,419 --> 00:25:18,820

I think we've all experienced is

574

00:25:23,600 --> 00:25:21,429

something that I loved seeing depicted

575

00:25:27,020 --> 00:25:23,610

in the show and that was the

576
00:25:29,190 --> 00:25:27,030
conservationists on Catalina Island who

577
00:25:31,590 --> 00:25:29,200
mentioned that you know when I talked

578
00:25:34,770 --> 00:25:31,600
about even up to a week ago to people

579
00:25:36,450 --> 00:25:34,780
about possibly being on this show you

580
00:25:37,770 --> 00:25:36,460
know they were telling me oh I've seen

581
00:25:40,500 --> 00:25:37,780
something strange in the sky oh I've

582
00:25:42,510 --> 00:25:40,510
seen the UFO and that's how it happens

583
00:25:45,240 --> 00:25:42,520
in the real world right I mean everybody

584
00:25:47,880 --> 00:25:45,250
who told that we are involved in UFOs

585
00:25:50,460 --> 00:25:47,890
you know they want to tell their story

586
00:25:51,840 --> 00:25:50,470
or they know somebody who's seen a UFO

587
00:25:53,970 --> 00:25:51,850
or they have a family member who has a

588
00:25:56,490 --> 00:25:53,980

story so it just kind of all unfolds

589

00:25:58,320 --> 00:25:56,500

like that so those conversations do

590

00:26:01,410 --> 00:25:58,330

happen I think the ridicule factor has

591

00:26:03,660 --> 00:26:01,420

diminished significantly I in recent

592

00:26:05,520 --> 00:26:03,670

years but it's just a side note

593

00:26:07,730 --> 00:26:05,530

something funny I thought about in that

594

00:26:10,950 --> 00:26:07,740

moment seeing that scene on this episode

595

00:26:12,840 --> 00:26:10,960

was just again something that we see

596

00:26:15,480 --> 00:26:12,850

more and more with with social media

597

00:26:16,810 --> 00:26:15,490

these days and and TV production and for

598

00:26:18,940 --> 00:26:16,820

anybody who's ever been involved

599

00:26:22,299 --> 00:26:18,950

a TV production Maureen and I certainly

600

00:26:24,009 --> 00:26:22,309

have in several and you know you have

601
00:26:26,440 --> 00:26:24,019
these things called nd as you sign

602
00:26:28,749 --> 00:26:26,450
non-disclosure agreements when you get

603
00:26:30,610 --> 00:26:28,759
engaged for any TV project or approached

604
00:26:32,740 --> 00:26:30,620
you have to sign a nondisclosure

605
00:26:34,960 --> 00:26:32,750
agreement saying that you're not going

606
00:26:37,600 --> 00:26:34,970
to talk about the show to anybody or

607
00:26:40,570 --> 00:26:37,610
tell any of what's what the network is

608
00:26:42,519 --> 00:26:40,580
what this the the subject of the show is

609
00:26:43,870 --> 00:26:42,529
going to be but clearly right there on

610
00:26:45,940 --> 00:26:43,880
camera she's saying oh yeah I was

611
00:26:51,279 --> 00:26:45,950
telling people all about it I literally

612
00:26:53,499 --> 00:26:51,289
had the exact I was like oh interesting

613
00:26:56,049 --> 00:26:53,509

she's gone around telling everyone she's

614

00:26:57,759 --> 00:26:56,059

gonna be on a TV show yeah that's funny

615

00:26:59,950 --> 00:26:57,769

I noticed that comment in fact my wife

616

00:27:01,720 --> 00:26:59,960

watch it with me and you know she's not

617

00:27:03,970 --> 00:27:01,730

really too much into this but I told her

618

00:27:06,009 --> 00:27:03,980

you gotta watch this oh so she did but

619

00:27:07,570 --> 00:27:06,019

she picked up on that too she said that

620

00:27:09,610 --> 00:27:07,580

lady almost looks like a little

621

00:27:13,119 --> 00:27:09,620

embarrassed but you can also tell that

622

00:27:15,070 --> 00:27:13,129

you know she she she had this experience

623

00:27:17,200 --> 00:27:15,080

and that you know people are talking her

624

00:27:19,180 --> 00:27:17,210

and you know and and it's a surprise

625

00:27:21,129 --> 00:27:19,190

that she stated that on the show and now

626
00:27:23,529 --> 00:27:21,139
we're not aware of the NDA's per se like

627
00:27:25,180 --> 00:27:23,539
you guys are but it just and again it

628
00:27:28,269 --> 00:27:25,190
goes back to that ridicule factor that

629
00:27:30,730 --> 00:27:28,279
you know she's it's even being overcome

630
00:27:33,070 --> 00:27:30,740
for people who are you know it's second

631
00:27:35,440 --> 00:27:33,080
third fourth tear down from you know

632
00:27:38,080 --> 00:27:35,450
being involved directly and that's

633
00:27:40,149 --> 00:27:38,090
amazing that you know just people in in

634
00:27:41,200 --> 00:27:40,159
positions you never think are affected

635
00:27:43,450 --> 00:27:41,210
by this as well

636
00:27:46,619 --> 00:27:43,460
yeah and I agree with you like she

637
00:27:50,230 --> 00:27:46,629
looked uncomfortable in terms of like

638
00:27:51,700 --> 00:27:50,240

she was smiling and like kind of just he

639

00:27:54,730 --> 00:27:51,710

was telling this really serious thing

640

00:27:58,749 --> 00:27:54,740

and she was I'm not really sure how much

641

00:28:02,590 --> 00:27:58,759

she particularly added to this show in

642

00:28:05,799 --> 00:28:02,600

terms of information I think it was more

643

00:28:08,230 --> 00:28:05,809

just like access to erase you yeah

644

00:28:13,180 --> 00:28:08,240

trying to stress that access to some of

645

00:28:14,799 --> 00:28:13,190

these locations is not you know easy but

646

00:28:16,869 --> 00:28:14,809

but yeah it's fine it's we're setting

647

00:28:18,789 --> 00:28:16,879

the stage for again and this is

648

00:28:22,090 --> 00:28:18,799

interesting I'm gonna I'm gonna say

649

00:28:24,610 --> 00:28:22,100

something a little crazy you that's not

650

00:28:28,080 --> 00:28:24,620

right no no no and it's not that crazy

651
00:28:30,630 --> 00:28:28,090
it's just you know there was so much

652
00:28:33,519 --> 00:28:30,640
news in trauma

653
00:28:35,880 --> 00:28:33,529
about the west coast of California for

654
00:28:38,980 --> 00:28:35,890
you know a couple of years with this

655
00:28:41,380 --> 00:28:38,990
stupid sorry I shouldn't say stupid

656
00:28:44,350 --> 00:28:41,390
you can tell my opinion on this is the

657
00:28:48,250 --> 00:28:44,360
underground alleged underground base in

658
00:28:50,710 --> 00:28:48,260
Malibu that was in the news for so long

659
00:28:53,860 --> 00:28:50,720
about these satellite images that were

660
00:28:56,830 --> 00:28:53,870
really strange but it's you know as as

661
00:28:57,940 --> 00:28:56,840
okay here is where I think her testimony

662
00:29:00,370 --> 00:28:57,950
kind of heard a little bit was

663
00:29:02,490 --> 00:29:00,380

interesting is talking about the

664

00:29:04,240 --> 00:29:02,500

tectonic plates and where they lie

665

00:29:06,190 --> 00:29:04,250

because this brings in another

666

00:29:11,680 --> 00:29:06,200

interesting perspective there why are

667

00:29:13,720 --> 00:29:11,690

these areas being explored and I think

668

00:29:18,700 --> 00:29:13,730

that is a huge tie in is the west coast

669

00:29:20,529 --> 00:29:18,710

is on these fault lines that are

670

00:29:23,169 --> 00:29:20,539

occurring and is this something it's

671

00:29:25,889 --> 00:29:23,179

it's similar to so much activity being

672

00:29:28,029 --> 00:29:25,899

around the nuclear bases and or

673

00:29:30,159 --> 00:29:28,039

submarines or anything else you know

674

00:29:34,960 --> 00:29:30,169

it's there's all these little tie ins

675

00:29:36,760 --> 00:29:34,970

that are going to I think lead to more

676
00:29:40,870 --> 00:29:36,770
questions than we're ever going to get

677
00:29:42,940 --> 00:29:40,880
answers to so I don't know I can see

678
00:29:44,919 --> 00:29:42,950
this happening because now we see next

679
00:29:47,440 --> 00:29:44,929
week on unidentified and they're gonna

680
00:29:50,230 --> 00:29:47,450
head on the boat and are they gonna go

681
00:29:52,299 --> 00:29:50,240
diving I mean personally I've been

682
00:29:56,350 --> 00:29:52,309
involved in a show where that's exactly

683
00:29:58,389 --> 00:29:56,360
what we did to go see what was

684
00:30:01,899 --> 00:29:58,399
underwater why these UFOs are being

685
00:30:08,049 --> 00:30:01,909
spotted in this area so it was a little

686
00:30:11,710 --> 00:30:08,059
deja vu for me yeah so so we'll we'll

687
00:30:14,320 --> 00:30:11,720
see what their whole purpose is once

688
00:30:16,240 --> 00:30:14,330

they get out to this latitude and

689

00:30:20,260 --> 00:30:16,250

longitude line that Kevin day provides

690

00:30:23,470 --> 00:30:20,270

them what exactly they're going to do

691

00:30:25,419 --> 00:30:23,480

because I mean obviously it's the whole

692

00:30:27,519 --> 00:30:25,429

process of showing the investigation if

693

00:30:30,549 --> 00:30:27,529

you have a location yeah let's go check

694

00:30:32,710 --> 00:30:30,559

it out but as you know with UFOs or

695

00:30:35,830 --> 00:30:32,720

anything that's unidentified if you have

696

00:30:37,860 --> 00:30:35,840

a location you're like again we're

697

00:30:41,440 --> 00:30:37,870

talking this is 15 years later unless

698

00:30:43,570 --> 00:30:41,450

there is some sort of weird secret thing

699

00:30:44,360 --> 00:30:43,580

underwater they can find the location

700

00:30:46,940 --> 00:30:44,370

means jack

701
00:30:49,160 --> 00:30:46,950
[h__h] because these are mobile objects

702
00:30:52,610 --> 00:30:49,170
and they're not gonna be able to find

703
00:30:56,120 --> 00:30:52,620
trace evidence in the water from 15

704
00:30:59,799 --> 00:30:56,130
years ago of these objects unless they

705
00:31:03,470 --> 00:30:59,809
have some service are er just super cool

706
00:31:05,480 --> 00:31:03,480
information so I don't know all you can

707
00:31:06,650 --> 00:31:05,490
do is look can we talk about one more

708
00:31:10,580 --> 00:31:06,660
thing though yep

709
00:31:12,920 --> 00:31:10,590
why did liaison don't need to bring his

710
00:31:24,790 --> 00:31:12,930
giant backpacking backpack into Kevin's

711
00:31:29,600 --> 00:31:27,470
that was because I feel like we saw his

712
00:31:31,310 --> 00:31:29,610
backpack highlighted multiple times in

713
00:31:33,260 --> 00:31:31,320

the first episode and then we see it

714

00:31:35,960 --> 00:31:33,270

again here what he's going in with Tom

715

00:31:38,510 --> 00:31:35,970

DeLonge like get a nice little small

716

00:31:40,280 --> 00:31:38,520

satchel be great it's gonna be Maureen

717

00:31:42,140 --> 00:31:40,290

you know it you just know I saw it and

718

00:31:47,960 --> 00:31:42,150

they're all hey can you bring that with

719

00:31:50,900 --> 00:31:47,970

you look like a you know like rugged

720

00:31:52,669 --> 00:31:50,910

yeah yeah it does give a military

721

00:31:55,100 --> 00:31:52,679

connotation right um yeah that's

722

00:31:57,470 --> 00:31:55,110

probably probably what that and what's

723

00:31:59,860 --> 00:31:57,480

behind that but but you know it is a TV

724

00:32:02,840 --> 00:31:59,870

show and there's an artistic you know

725

00:32:04,669 --> 00:32:02,850

factor to it and you know I'm I'm sure

726

00:32:06,620 --> 00:32:04,679

this is well-thought-out right you guys

727

00:32:09,260 --> 00:32:06,630

you know that entertainment aspect

728

00:32:10,730 --> 00:32:09,270

behind it we we know it that's just the

729

00:32:15,320 --> 00:32:10,740

way TV is and this is how they have to

730

00:32:17,690 --> 00:32:15,330

do it I did appreciate after our we all

731

00:32:20,180 --> 00:32:17,700

discovered our weird scared crush on

732

00:32:21,620 --> 00:32:20,190

Chris melon lastly we've got a lot of

733

00:32:25,460 --> 00:32:21,630

Chris metal and going around in

734

00:32:28,040 --> 00:32:25,470

different I we're talking to people in

735

00:32:29,660 --> 00:32:28,050

and again here is where they're doing

736

00:32:31,910 --> 00:32:29,670

the smart thing with their team is

737

00:32:34,520 --> 00:32:31,920

they're playing up to each person's

738

00:32:36,770 --> 00:32:34,530

assets and using them when they know

739

00:32:39,049 --> 00:32:36,780

it'll be beneficial to the storyline so

740

00:32:41,480 --> 00:32:39,059

you know obviously we have Steve Justice

741

00:32:46,970 --> 00:32:41,490

and skunkworks very important if we're

742

00:32:50,410 --> 00:32:46,980

talking about advanced aircraft that's

743

00:32:54,020 --> 00:32:50,420

probably top secret we've got you know

744

00:32:56,060 --> 00:32:54,030

Chris Mullin who they decided I think he

745

00:32:57,480 --> 00:32:56,070

would best be suited to interview this

746

00:33:00,110 --> 00:32:57,490

person

747

00:33:04,560 --> 00:33:00,120

and then you had Lou and Tom DeLonge

748

00:33:07,320 --> 00:33:04,570

interview Kevin day it's I think it was

749

00:33:11,910 --> 00:33:07,330

the the they chose Chris melon to

750

00:33:13,140 --> 00:33:11,920

interview Gary because they were leading

751

00:33:17,040 --> 00:33:13,150

them into that government cover-up

752

00:33:19,950 --> 00:33:17,050

comment so yeah that make you know it it

753

00:33:23,610 --> 00:33:19,960

feels like I know what they're doing but

754

00:33:25,740 --> 00:33:23,620

again I don't know the answers to the

755

00:33:28,470 --> 00:33:25,750

mystery of this story so you've got that

756

00:33:31,530 --> 00:33:28,480

TV knowledge and it's fun to watch like

757

00:33:33,870 --> 00:33:31,540

through that lens and like I even find

758

00:33:36,450 --> 00:33:33,880

myself looking at the creative editing

759

00:33:38,820 --> 00:33:36,460

and stuff too like with the woman on

760

00:33:41,070 --> 00:33:38,830

Catalina right with her that just kind

761

00:33:44,100 --> 00:33:41,080

of awkward facial expression she had

762

00:33:46,050 --> 00:33:44,110

when we was talking I wonder if that was

763

00:33:48,240 --> 00:33:46,060

actually during him talking about there

764

00:33:49,920 --> 00:33:48,250

have been a lot of incidents here or if

765

00:33:51,540 --> 00:33:49,930

it was just you know b-roll they were

766

00:33:53,970 --> 00:33:51,550

shooting at some random time when they

767

00:33:55,680 --> 00:33:53,980

were standing around and yeah and then

768

00:33:57,600 --> 00:33:55,690

they let her dating because it looked it

769

00:33:59,130 --> 00:33:57,610

was probably telling us you know we

770

00:34:00,810 --> 00:33:59,140

heard you were talking about this show

771

00:34:05,040 --> 00:34:00,820

and you weren't supposed to catch a sign

772

00:34:06,780 --> 00:34:05,050

here awkward smile yeah you know what

773

00:34:08,760 --> 00:34:06,790

though you did bring us something I

774

00:34:11,250 --> 00:34:08,770

would have liked unknown more about that

775

00:34:12,930 --> 00:34:11,260

whole tectonic plate issue and you know

776

00:34:15,780 --> 00:34:12,940

they just they had a quick picture of

777

00:34:18,240 --> 00:34:15,790

her look like some kind of kid book I've

778

00:34:21,270 --> 00:34:18,250

got a book or something and but you know

779

00:34:23,430 --> 00:34:21,280

the main reason it showed showed the the

780

00:34:25,020 --> 00:34:23,440

different plates moving stuff I mean I'm

781

00:34:26,820 --> 00:34:25,030

kind of a technical guy in a lot of ways

782

00:34:28,290 --> 00:34:26,830

so I I'm like hey I want to know more

783

00:34:30,360 --> 00:34:28,300

about that so I'm going to look that

784

00:34:32,790 --> 00:34:30,370

stuff up actually I thought it might be

785

00:34:35,010 --> 00:34:32,800

related you know yeah and I think that

786

00:34:37,530 --> 00:34:35,020

we'll see more of that I think that's a

787

00:34:40,230 --> 00:34:37,540

lead-in to future episodes

788

00:34:43,470 --> 00:34:40,240

in you know I mean this begs the

789

00:34:46,620 --> 00:34:43,480

question and maybe you know this and I

790

00:34:49,710 --> 00:34:46,630

just have not paid attention is season

791

00:34:55,560 --> 00:34:49,720

one only going to be an investigation of

792

00:34:58,560 --> 00:34:55,570

the tic-tock UFO case or anything else

793

00:35:01,140 --> 00:34:58,570

yeah so that I mean because we know we

794

00:35:03,470 --> 00:35:01,150

have the gimbal and the go-fast you know

795

00:35:08,040 --> 00:35:03,480

everything videos that have already been

796

00:35:10,770 --> 00:35:08,050

publicly released but are they going to

797

00:35:11,250 --> 00:35:10,780

get into those or are they I think I

798

00:35:13,020 --> 00:35:11,260

feel like

799

00:35:14,670 --> 00:35:13,030

it's gonna be those three videos if

800

00:35:16,380 --> 00:35:14,680

anything that are covered in this we're

801
00:35:18,690 --> 00:35:16,390
not gonna see anything that hasn't

802
00:35:21,900 --> 00:35:18,700
because other information has not been

803
00:35:26,250 --> 00:35:21,910
Declassified yet so right but how long

804
00:35:28,620 --> 00:35:26,260
is this one particular case going to be

805
00:35:31,770 --> 00:35:28,630
investigated because we know that it's

806
00:35:35,160 --> 00:35:31,780
gonna be next episode too and it's a six

807
00:35:36,600 --> 00:35:35,170
episode first season so yeah it's true

808
00:35:38,760 --> 00:35:36,610
and in case they could be using that as

809
00:35:41,730 --> 00:35:38,770
bait - right I mean see how much they

810
00:35:45,510 --> 00:35:41,740
can milk with this one video essentially

811
00:35:47,520 --> 00:35:45,520
as their primer 2hf see what the

812
00:35:50,550 --> 00:35:47,530
response is with these six episodes and

813
00:35:53,460 --> 00:35:50,560

then get a full up a full series order

814

00:35:57,480 --> 00:35:53,470

of like 13 episodes or something yeah

815

00:36:00,930 --> 00:35:57,490

well I am I'm feeling like it's quite

816

00:36:04,290 --> 00:36:00,940

likely that they'll renew the show but I

817

00:36:07,110 --> 00:36:04,300

don't know about ratings or what so well

818

00:36:10,380 --> 00:36:07,120

I do know if you look at schedule for

819

00:36:12,870 --> 00:36:10,390

alien con la they will have at least

820

00:36:15,750 --> 00:36:12,880

some semblance of presence there there

821

00:36:20,070 --> 00:36:15,760

is at least one timeslot allotted for

822

00:36:21,930 --> 00:36:20,080

this show so there will be at least a

823

00:36:25,200 --> 00:36:21,940

couple people associated with the show

824

00:36:26,880 --> 00:36:25,210

at alien con la interesting because I've

825

00:36:29,250 --> 00:36:26,890

only been paying attention to you and

826

00:36:31,170 --> 00:36:29,260

Ryan schedules like looking at where I'm

827

00:36:33,600 --> 00:36:31,180

probably going to have to be at certain

828

00:36:34,860 --> 00:36:33,610

times during the day but I haven't

829

00:36:37,110 --> 00:36:34,870

looked at the rest of the programming

830

00:36:39,330 --> 00:36:37,120

and it's continuing to be updated

831

00:36:40,860 --> 00:36:39,340

it seems daily it's a lot of stuff's

832

00:36:42,900 --> 00:36:40,870

changing even a lot of stuff is moving

833

00:36:45,600 --> 00:36:42,910

around so if you have looked at the

834

00:36:48,450 --> 00:36:45,610

schedule and you're hoping to plan your

835

00:36:50,250 --> 00:36:48,460

your time at alien con and you want to

836

00:36:52,140 --> 00:36:50,260

come and see some of our stuff you keep

837

00:36:53,880 --> 00:36:52,150

checking the schedule because that stuff

838

00:36:55,860 --> 00:36:53,890

has changed and even the stuff that we

839

00:36:57,780 --> 00:36:55,870

talked about last week when things were

840

00:37:01,110 --> 00:36:57,790

taking place somewhere that's already

841

00:37:03,570 --> 00:37:01,120

changed so yeah download alien Carnap

842

00:37:05,250 --> 00:37:03,580

yes and I'm on your phone and then yeah

843

00:37:07,980 --> 00:37:05,260

and you can stay current that way right

844

00:37:09,990 --> 00:37:07,990

well I mean you can favorite sessions

845

00:37:11,850 --> 00:37:10,000

that you're interested in and and set

846

00:37:14,160 --> 00:37:11,860

reminders when those are coming up he'd

847

00:37:15,720 --> 00:37:14,170

be notified but also the cool thing

848

00:37:18,150 --> 00:37:15,730

about the app and and Ryan and I both

849

00:37:19,559 --> 00:37:18,160

both have this experience with a link on

850

00:37:21,749 --> 00:37:19,569

Baltimore is

851
00:37:23,549 --> 00:37:21,759
the app is really well done and they've

852
00:37:26,719 --> 00:37:23,559
what they've really created this thing

853
00:37:29,370 --> 00:37:26,729
to do is create sort of an alien

854
00:37:31,920 --> 00:37:29,380
community at the event because it has a

855
00:37:33,660 --> 00:37:31,930
very active essentially like message

856
00:37:35,789 --> 00:37:33,670
board really yeah where people are just

857
00:37:38,219 --> 00:37:35,799
just having a conversation people are

858
00:37:40,680 --> 00:37:38,229
asking questions cycle oh yeah what

859
00:37:42,959 --> 00:37:40,690
hotel are you staying in or or what what

860
00:37:45,239 --> 00:37:42,969
panels are you looking forward to or

861
00:37:46,529 --> 00:37:45,249
this is my third alien con how many of

862
00:37:50,160 --> 00:37:46,539
you been to just this ongoing

863
00:37:53,069 --> 00:37:50,170

conversation zero it gets really popular

864

00:37:55,019 --> 00:37:53,079

the weekend of the event really active

865

00:37:57,059 --> 00:37:55,029

discussion so if that's something that

866

00:37:58,229 --> 00:37:57,069

interests you you check out that feature

867

00:38:00,719 --> 00:37:58,239

but I think they do a really good job

868

00:38:03,269 --> 00:38:00,729

with the app that's great it sounds like

869

00:38:05,339 --> 00:38:03,279

hostels you know like if you ever travel

870

00:38:07,499 --> 00:38:05,349

around Europe and you use hostel world

871

00:38:09,479 --> 00:38:07,509

or something like that they have oh this

872

00:38:11,880 --> 00:38:09,489

hostel has the chat board which is great

873

00:38:13,589 --> 00:38:11,890

if you're traveling by yourself and you

874

00:38:15,599 --> 00:38:13,599

want to enter a sec with people same

875

00:38:16,229 --> 00:38:15,609

thing with alien kanpur fact that's

876

00:38:19,410 --> 00:38:16,239

great to hear

877

00:38:22,229 --> 00:38:19,420

yeah I like that in in even like last

878

00:38:25,319 --> 00:38:22,239

week I think I don't know if Ryan

879

00:38:29,640 --> 00:38:25,329

announced it on the last week's episode

880

00:38:32,699 --> 00:38:29,650

but now again like you said now that

881

00:38:35,549 --> 00:38:32,709

mysteries decoded got repacked up on the

882

00:38:38,130 --> 00:38:35,559

CW that Ryan's a part of they're now

883

00:38:40,469 --> 00:38:38,140

doing a panel there and that was brand

884

00:38:42,779 --> 00:38:40,479

new programming so yeah write and

885

00:38:45,479 --> 00:38:42,789

identify we're gonna have multiple UFO

886

00:38:52,109 --> 00:38:45,489

shows represented there obviously and

887

00:38:55,680 --> 00:38:52,119

then obviously ancient aliens or the

888

00:38:58,799 --> 00:38:55,690

events based off of so very interesting

889

00:39:00,599 --> 00:38:58,809

history and I am interested that the

890

00:39:02,430 --> 00:39:00,609

fact that history is bringing in shows

891

00:39:04,709 --> 00:39:02,440

that are not on their network I think

892

00:39:06,989 --> 00:39:04,719

that's smart for them because this has

893

00:39:11,370 --> 00:39:06,999

become a bigger event it shouldn't just

894

00:39:13,620 --> 00:39:11,380

be like a fan event for just their one

895

00:39:16,079 --> 00:39:13,630

show they've recognized that yeah

896

00:39:18,390 --> 00:39:16,089

they're really building this into like a

897

00:39:22,229 --> 00:39:18,400

whole sort of community event around

898

00:39:24,660 --> 00:39:22,239

this topic and they even have again if

899

00:39:26,400 --> 00:39:24,670

you peruse the schedule you'll find all

900

00:39:28,320 --> 00:39:26,410

sorts of discoveries in there but they

901
00:39:31,710 --> 00:39:28,330
are also going to have

902
00:39:33,720 --> 00:39:31,720
a panel a presence of a show about

903
00:39:36,360 --> 00:39:33,730
skinwalker that hasn't even been

904
00:39:41,400 --> 00:39:36,370
announced yet so mm hmm interesting

905
00:39:45,150 --> 00:39:41,410
hmm Oh actually I I think I do know some

906
00:39:48,690 --> 00:39:45,160
stuff about that show mm-hmm yeah I've

907
00:39:50,460 --> 00:39:48,700
been inside this show has been a rumour

908
00:39:53,280 --> 00:39:50,470
mill for a long time and we certainly

909
00:39:56,670 --> 00:39:53,290
know some of the people who really

910
00:39:59,460 --> 00:39:56,680
executed this project some are no longer

911
00:40:01,470 --> 00:39:59,470
part of the project but yeah it's it's

912
00:40:03,450 --> 00:40:01,480
been a wild ride and and maybe we'll get

913
00:40:05,850 --> 00:40:03,460

more clarification and some official

914

00:40:08,610 --> 00:40:05,860

announcements at alien Con so yeah it's

915

00:40:11,070 --> 00:40:08,620

it's definitely turned turning into sort

916

00:40:13,500 --> 00:40:11,080

of a comic-con for for the alien UFO

917

00:40:15,960 --> 00:40:13,510

topic we're just all the production

918

00:40:17,580 --> 00:40:15,970

companies and shows and all that are

919

00:40:19,530 --> 00:40:17,590

coming together and everybody wants to

920

00:40:22,950 --> 00:40:19,540

have a presence there well in speaking

921

00:40:25,980 --> 00:40:22,960

of that on the comic-con front you know

922

00:40:29,220 --> 00:40:25,990

that that like you said all right so

923

00:40:31,230 --> 00:40:29,230

this is a fine line between the D

924

00:40:33,150 --> 00:40:31,240

stigmatizing the ridicule factor and

925

00:40:38,670 --> 00:40:33,160

also understanding that it's okay to

926

00:40:40,010 --> 00:40:38,680

like have fun with it too I mean the

927

00:40:43,380 --> 00:40:40,020

shadows and bringing it into pop culture

928

00:40:45,630 --> 00:40:43,390

right exactly so and on that note I

929

00:40:48,990 --> 00:40:45,640

think we mentioned this last week but

930

00:40:52,950 --> 00:40:49,000

Jason is a judge of the costume contest

931

00:40:55,830 --> 00:40:52,960

yes and I'm actually quite excited for

932

00:40:57,570 --> 00:40:55,840

his judging I'm not gonna I don't dress

933

00:40:58,920 --> 00:40:57,580

up I never dress up at comic-con sis

934

00:41:02,130 --> 00:40:58,930

just cause planes not my thing

935

00:41:04,040 --> 00:41:02,140

I really respect the people who put so

936

00:41:06,780 --> 00:41:04,050

much time and effort into these like

937

00:41:08,760 --> 00:41:06,790

very elaborate costumes that they build

938

00:41:11,520 --> 00:41:08,770

that take a long time to build solutely

939

00:41:15,270 --> 00:41:11,530

I have dressed up as an alien before but

940

00:41:18,060 --> 00:41:15,280

it was for a game of keg ball and I was

941

00:41:21,570 --> 00:41:18,070

painted green wearing a weird space suit

942

00:41:25,140 --> 00:41:21,580

but you will not catch me doing that in

943

00:41:29,520 --> 00:41:25,150

public at events personally because I am

944

00:41:33,060 --> 00:41:29,530

you know a researcher and I in terms of

945

00:41:34,760 --> 00:41:33,070

being at events I'd I want to be taken

946

00:41:37,470 --> 00:41:34,770

more seriously if I was walking around

947

00:41:40,950 --> 00:41:37,480

dressed up like an alien I don't think

948

00:41:43,980 --> 00:41:40,960

I'd have as many conversations or you

949

00:41:46,310 --> 00:41:43,990

more I think viola narrator test to help

950

00:41:48,109 --> 00:41:46,320

right not the right time stations yeah

951
00:41:50,760 --> 00:41:48,119
that's true

952
00:41:53,099 --> 00:41:50,770
like I said cosplay is awesome

953
00:41:55,160 --> 00:41:53,109
people are good at it if you are doing

954
00:41:59,370 --> 00:41:55,170
that and you're gonna be at alien con

955
00:42:03,270 --> 00:41:59,380
Jason will be judging you yeah so that's

956
00:42:05,609 --> 00:42:03,280
really awesome and also like please do

957
00:42:08,640 --> 00:42:05,619
come up and talk to us you know I'm not

958
00:42:11,849 --> 00:42:08,650
speaking but Shane and I will be around

959
00:42:15,030 --> 00:42:11,859
with with Jason and Ryan supporting them

960
00:42:16,680 --> 00:42:15,040
and running around and please come up

961
00:42:19,170 --> 00:42:16,690
and talk to us we want to hear his

962
00:42:22,859 --> 00:42:19,180
stories whatever say hi we don't bite

963
00:42:24,510 --> 00:42:22,869

yeah it'd be awesome yeah we're super

964

00:42:27,240 --> 00:42:24,520

excited for it it's going to be a

965

00:42:30,000 --> 00:42:27,250

weekend of fun and yeah hopefully we

966

00:42:32,310 --> 00:42:30,010

have I mean we always hope for this we

967

00:42:34,650 --> 00:42:32,320

hope for more time to just have the the

968

00:42:36,750 --> 00:42:34,660

hangouts and and talk to people and grab

969

00:42:39,900 --> 00:42:36,760

a drink but we always seem to run out of

970

00:42:49,320 --> 00:42:39,910

time so I should take something back

971

00:42:53,010 --> 00:42:49,330

Jason does by I'm judging a costume

972

00:42:55,260 --> 00:42:53,020

contest Shane okay he does accept

973

00:42:57,089 --> 00:42:55,270

bribery's in the forms of buying him

974

00:43:09,210 --> 00:42:57,099

drinks so if you're really looking to

975

00:43:12,599 --> 00:43:09,220

get the inside edge if you are with

976
00:43:14,760 --> 00:43:12,609
history and or mischief management or

977
00:43:18,359 --> 00:43:14,770
alien conure listening to this Loreen is

978
00:43:21,180 --> 00:43:18,369
just kidding my integrity is intact I

979
00:43:24,780 --> 00:43:21,190
cannot be bribed I will be innovative in

980
00:43:26,820 --> 00:43:24,790
my costume judging try to give me a

981
00:43:30,120 --> 00:43:26,830
trouble Maureen I trust you

982
00:43:31,349 --> 00:43:30,130
he it's a very fair impartial judge

983
00:43:34,200 --> 00:43:31,359
there you go

984
00:43:37,200 --> 00:43:34,210
Robert Picardo on the other hand I'm not

985
00:43:39,770 --> 00:43:37,210
gonna sling mud well I don't know I

986
00:43:43,160 --> 00:43:39,780
think he'd probably be a little bit

987
00:43:45,430 --> 00:43:43,170
lenient towards Star Trek yeah

988
00:43:49,220 --> 00:43:45,440

there there are a lot of Star Trek

989

00:43:51,440 --> 00:43:49,230

devotees at alien Con it is very popular

990

00:43:54,460 --> 00:43:51,450

there so I'm sure we'll see a lot of

991

00:43:56,690 --> 00:43:54,470

Star Trek cosplay yeah I would

992

00:43:59,510 --> 00:43:56,700

billionaires gonna be the ass and Chad's

993

00:44:01,400 --> 00:43:59,520

called my god no you guys so I had no

994

00:44:03,440 --> 00:44:01,410

idea I ended up hearing this weird

995

00:44:05,690 --> 00:44:03,450

William Shatner rap song on Friday at

996

00:44:08,000 --> 00:44:05,700

work and I wasn't really paying

997

00:44:10,130 --> 00:44:08,010

attention and somebody goes like oh yeah

998

00:44:13,160 --> 00:44:10,140

like William Shatner song and I was like

999

00:44:15,589 --> 00:44:13,170

wait what like didn't even like hear his

1000

00:44:18,160 --> 00:44:15,599

voice I guess I did I just didn't

1001

00:44:21,170 --> 00:44:18,170

realize it was like a real weird song

1002

00:44:23,960 --> 00:44:21,180

well that's hilarious at alien Con you

1003

00:44:27,380 --> 00:44:23,970

should get in line for Q&A and ask him

1004

00:44:31,670 --> 00:44:27,390

if he'll he'll rap for you right now

1005

00:44:37,970 --> 00:44:31,680

hold on I don't know anyways so he has a

1006

00:44:43,430 --> 00:44:37,980

lot of interesting musical clips yes he

1007

00:44:47,900 --> 00:44:43,440

does his musical career is fascinating

1008

00:44:51,950 --> 00:44:47,910

yeah I only know as my wife wants his

1009

00:44:53,299 --> 00:44:51,960

autograph on it on the book so I'm sure

1010

00:44:57,190 --> 00:44:53,309

she'll be standing in a very long line

1011

00:45:00,530 --> 00:44:57,200

for that yeah Oh your wife's coming yes

1012

00:45:04,839 --> 00:45:00,540

it's our anniversary on the 14th and so

1013

00:45:10,789 --> 00:45:07,430

she's such a good sport she's game for

1014

00:45:13,789 --> 00:45:10,799

anything she'll be yeah cool that's a

1015

00:45:17,180 --> 00:45:13,799

very good wife yes it is

1016

00:45:20,270 --> 00:45:17,190

I'll keep her okay

1017

00:45:22,190 --> 00:45:20,280

when did we see this oh that was 531

1018

00:45:27,349 --> 00:45:22,200

yeah sorry I just saw Bryce Sables

1019

00:45:28,849 --> 00:45:27,359

tweeting about the blue Elizondo

1020

00:45:31,099 --> 00:45:28,859

allegedly saying that the u.s.

1021

00:45:34,910 --> 00:45:31,109

government has crash crash wreckage in

1022

00:45:37,700 --> 00:45:34,920

its possession I forgot that was that I

1023

00:45:39,559 --> 00:45:37,710

don't watch fox news so I miss this

1024

00:45:42,680 --> 00:45:39,569

Tucker Carlson interview

1025

00:45:44,450 --> 00:45:42,690

yeah but but yeah I wonder how that's

1026
00:45:48,380 --> 00:45:44,460
gonna play whether that plays into the

1027
00:45:50,240 --> 00:45:48,390
show or what I'm sure it probably will

1028
00:45:51,890 --> 00:45:50,250
and again I think that's all related to

1029
00:45:53,780 --> 00:45:51,900
stuff that we've already heard since the

1030
00:45:56,030 --> 00:45:53,790
very beginning the first New York Times

1031
00:45:59,090 --> 00:45:56,040
article about Bigelow and modify

1032
00:46:00,890 --> 00:45:59,100
his hangars and all of the meta

1033
00:46:02,510 --> 00:46:00,900
materials like this we've been down this

1034
00:46:05,800 --> 00:46:02,520
road before and it's the same story

1035
00:46:08,510 --> 00:46:05,810
spinning and spawning new headlines so

1036
00:46:09,020 --> 00:46:08,520
yeah I can't yeah the atom project for

1037
00:46:11,000 --> 00:46:09,030
sure

1038
00:46:13,160 --> 00:46:11,010

so yeah right I forgot about the atom

1039

00:46:15,470 --> 00:46:13,170

project somehow well it's gonna be

1040

00:46:17,050 --> 00:46:15,480

interesting I I think the first two

1041

00:46:20,030 --> 00:46:17,060

episodes have done a done a great job

1042

00:46:21,620 --> 00:46:20,040

it's telling an interesting story from a

1043

00:46:23,720 --> 00:46:21,630

new perspective you know with all these

1044

00:46:26,630 --> 00:46:23,730

military and governments and aerospace

1045

00:46:29,210 --> 00:46:26,640

insiders so that's what really makes it

1046

00:46:32,450 --> 00:46:29,220

fun and different from other UFO shows

1047

00:46:35,860 --> 00:46:32,460

we've seen so you bring up a good point

1048

00:46:38,180 --> 00:46:35,870

worrying about are we just going to see

1049

00:46:41,630 --> 00:46:38,190

investigations related to the Tic Tac

1050

00:46:44,810 --> 00:46:41,640

incident or incidents through all six

1051

00:46:46,580 --> 00:46:44,820

episodes with the previews for next

1052

00:46:48,470 --> 00:46:46,590

episode suggesting that we're going to

1053

00:46:50,720 --> 00:46:48,480

see more of it I don't know three

1054

00:46:55,460 --> 00:46:50,730

episodes out of six it's looking like

1055

00:46:58,100 --> 00:46:55,470

that might be the case yeah I think that

1056

00:47:01,100 --> 00:46:58,110

might be the central core of this season

1057

00:47:03,950 --> 00:47:01,110

maybe it's we're gonna get one serious

1058

00:47:06,230 --> 00:47:03,960

look but again like you said at the well

1059

00:47:08,810 --> 00:47:06,240

we've talked about prior at the close of

1060

00:47:10,970 --> 00:47:08,820

each episode they have if you are a

1061

00:47:13,990 --> 00:47:10,980

military person who has seen a UFO

1062

00:47:16,970 --> 00:47:14,000

please contact us so they're building up

1063

00:47:20,510 --> 00:47:16,980

other totaled non-related cases we know

1064

00:47:23,630 --> 00:47:20,520

that yeah yeah because it's not

1065

00:47:25,400 --> 00:47:23,640

necessarily like you know one of the

1066

00:47:28,280 --> 00:47:25,410

persons involved in the Tic Tac or the

1067

00:47:30,220 --> 00:47:28,290

gimbal or what have you it's in a UFO

1068

00:47:33,770 --> 00:47:30,230

you have seen something

1069

00:47:38,600 --> 00:47:33,780

unidentified contact them I would be

1070

00:47:42,140 --> 00:47:38,610

selfish and say instead contact us no

1071

00:47:44,000 --> 00:47:42,150

I'm sure they're doing a good job of you

1072

00:47:45,920 --> 00:47:44,010

know again we have whether this is a

1073

00:47:49,760 --> 00:47:45,930

misinformation campaign or not it has

1074

00:47:52,790 --> 00:47:49,770

been in the news non-stop but outside of

1075

00:47:56,570 --> 00:47:52,800

the rumor mill and what's going on and

1076
00:47:58,430 --> 00:47:56,580
whoever if everyone says you know what

1077
00:47:59,180 --> 00:47:58,440
they say is who they are and all this

1078
00:48:02,870 --> 00:47:59,190
kind of good stuff

1079
00:48:05,030 --> 00:48:02,880
we are approaching this with they are

1080
00:48:06,890 --> 00:48:05,040
making waves and good stuffs happening

1081
00:48:08,240 --> 00:48:06,900
at least in terms of like you said d

1082
00:48:11,210 --> 00:48:08,250
stigmatizing and

1083
00:48:13,220 --> 00:48:11,220
about it so I look forward to the rest

1084
00:48:17,150 --> 00:48:13,230
of the season I guess I'm interested to

1085
00:48:18,980 --> 00:48:17,160
see in my opinion I'm guessing we're

1086
00:48:21,770 --> 00:48:18,990
gonna have no real answers at the end of

1087
00:48:24,980 --> 00:48:21,780
this like usual because because this is

1088
00:48:26,660 --> 00:48:24,990

such a giant mystery so I don't know

1089

00:48:29,420 --> 00:48:26,670

it'll be interesting to see how it's all

1090

00:48:31,250 --> 00:48:29,430

wrapped up we're still several episodes

1091

00:48:33,020 --> 00:48:31,260

away from that but we'll just have to

1092

00:48:35,510 --> 00:48:33,030

keep watching it's it's fun and I look

1093

00:48:37,370 --> 00:48:35,520

forward to you the next episode and and

1094

00:48:39,410 --> 00:48:37,380

ultimately the finale to see where we

1095

00:48:47,240 --> 00:48:39,420

where we wind up but I suspect more is

1096

00:48:48,740 --> 00:48:47,250

coming oh yeah yeah we'll citizens as we

1097

00:48:50,120 --> 00:48:48,750

wrap up this episode I invite you to
