CONNECTION**

**RECAPPING
UNIDENTIFIED**

episode 23.19

1
00:00:05,630 --> 00:00:02,850
greeting citizens and welcome to unknown

2
00:00:06,520 --> 00:00:05,640
[Music]

3
00:00:24,850 --> 00:00:06,530
[Applause]

4
00:00:27,010 --> 00:00:24,860
[Music]

5
00:00:29,320 --> 00:00:27,020
I'm Jason McClellan I'm here with

6
00:00:31,890 --> 00:00:29,330
Maureen Elsberry Ryan Sprague and Shane

7
00:00:34,330 --> 00:00:31,900
herd thanks for hanging out with us

8
00:00:37,120 --> 00:00:34,340
unidentified inside America's UFO

9
00:00:39,100 --> 00:00:37,130
investigation that new UFO show on the

10
00:00:41,140 --> 00:00:39,110
History Channel brought to us by Tom

11
00:00:43,510 --> 00:00:41,150
DeLonge and his impressive team of

12
00:00:46,330 --> 00:00:43,520
military government and aerospace

13
00:00:50,080 --> 00:00:46,340

insiders at to the stars Academy aired

14

00:00:52,750 --> 00:00:50,090

its season 1 finale on Friday July 5th I

15

00:00:54,880 --> 00:00:52,760

was in Roswell New Mexico at the UFO

16

00:00:57,130 --> 00:00:54,890

festival last week so we're playing

17

00:00:59,950 --> 00:00:57,140

catch-up today by covering the final two

18

00:01:02,140 --> 00:00:59,960

episodes of unidentified we'll get to

19

00:01:03,910 --> 00:01:02,150

that in just a minute but first let me

20

00:01:06,550 --> 00:01:03,920

tell you about the Roswell UFO festival

21

00:01:08,469 --> 00:01:06,560

so if you've never been to the Roswell

22

00:01:12,280 --> 00:01:08,479

UFO festival it happens every year

23

00:01:14,770 --> 00:01:12,290

around fourth of July weekend and it is

24

00:01:17,230 --> 00:01:14,780

it sounds like an old person thing to

25

00:01:19,420 --> 00:01:17,240

say but I don't know Roswell seems to me

26

00:01:23,230 --> 00:01:19,430

just to like lend itself to being called

27

00:01:26,200 --> 00:01:23,240

a hoot because Roswell is a hoot and I

28

00:01:28,570 --> 00:01:26,210

know all of us here have been to Roswell

29

00:01:30,550 --> 00:01:28,580

and Shane I missed you there this year

30

00:01:33,730 --> 00:01:30,560

buddy we had so much fun last year at

31

00:01:35,320 --> 00:01:33,740

the festival but this thing is fun it's

32

00:01:37,000 --> 00:01:35,330

a it's a town festival the whole town

33

00:01:39,040 --> 00:01:37,010

comes out for it they closed off Main

34

00:01:41,440 --> 00:01:39,050

Street the Main Street is lined with all

35

00:01:43,660 --> 00:01:41,450

sorts of vendors they have gotten better

36

00:01:46,750 --> 00:01:43,670

in recent years and they now have a beer

37

00:01:49,150 --> 00:01:46,760

garden that set up in the street and

38

00:01:52,090 --> 00:01:49,160

they had multiple breweries and a winery

39

00:01:53,740 --> 00:01:52,100

that had different segments of this beer

40

00:01:56,710 --> 00:01:53,750

garden so I definitely spent some time

41

00:01:59,800 --> 00:01:56,720

there they have live music they've got

42

00:02:02,350 --> 00:01:59,810

stages set up they do a human costume

43

00:02:05,290 --> 00:02:02,360

contest a pet costume contest they do a

44

00:02:08,859 --> 00:02:05,300

parade they've got lecturers all of that

45

00:02:11,800 --> 00:02:08,869

is they're the sort of structure of this

46

00:02:14,530 --> 00:02:11,810

event has remained largely unchanged

47

00:02:15,940 --> 00:02:14,540

over the last few years but they've got

48

00:02:18,130 --> 00:02:15,950

a pretty good thing going there and they

49

00:02:19,899 --> 00:02:18,140

draw a pretty good crowd every year and

50

00:02:22,509 --> 00:02:19,909

it's fun I mean if you've never been a

51
00:02:24,339 --> 00:02:22,519
Roswell Roswell is just kind of kitschy

52
00:02:27,490 --> 00:02:24,349
and fun and they've embraced the whole

53
00:02:31,240 --> 00:02:27,500
UFO thing as they should so for any UFO

54
00:02:33,790 --> 00:02:31,250
geek like us it's a it's a fun time it's

55
00:02:36,580 --> 00:02:33,800
it's a weird funky town everything is

56
00:02:37,170 --> 00:02:36,590
UFO there's a UFO painted on everything

57
00:02:42,539 --> 00:02:37,180
it's

58
00:02:45,720 --> 00:02:42,549
Street to Main Street yeah I love it yes

59
00:02:49,229 --> 00:02:45,730
that's right and as it seems to always

60
00:02:52,350 --> 00:02:49,239
do every year again it rained this year

61
00:02:54,270 --> 00:02:52,360
I don't know why that is but every

62
00:02:57,179 --> 00:02:54,280
festival it seems to rain at some point

63
00:02:59,580 --> 00:02:57,189

and or too often than not now it seems

64

00:03:02,429 --> 00:02:59,590

to be on parade night so on the night of

65

00:03:04,380 --> 00:03:02,439

the parade it it started raining a

66

00:03:05,849 --> 00:03:04,390

little bit but it wasn't anything bad

67

00:03:09,330 --> 00:03:05,859

and certainly not enough to keep the

68

00:03:13,080 --> 00:03:09,340

parade away so that image you posted of

69

00:03:16,860 --> 00:03:13,090

the woman who did the UFO roller skating

70

00:03:19,160 --> 00:03:16,870

outfit yes was so incredible whoever she

71

00:03:23,940 --> 00:03:19,170

is I give her so many props that was

72

00:03:26,759 --> 00:03:23,950

cool as hell it was awesome

73

00:03:27,809 --> 00:03:26,769

yeah it was this woman wearing a UFO was

74

00:03:30,059 --> 00:03:27,819

her costume when she's on roller skates

75

00:03:31,649 --> 00:03:30,069

and the UFO was illuminated so she's

76

00:03:33,780 --> 00:03:31,659

there skating in the parade and like

77

00:03:39,809 --> 00:03:33,790

spinning around like a flying saucer it

78

00:03:41,640 --> 00:03:39,819

was awesome there was some incredible

79

00:03:43,619 --> 00:03:41,650

costumes this year the costume contest

80

00:03:45,930 --> 00:03:43,629

both the human and the pet costume

81

00:03:48,330 --> 00:03:45,940

contest were pretty darn impressive and

82

00:03:49,949 --> 00:03:48,340

we have some photos up at rogue planet

83

00:03:53,460 --> 00:03:49,959

TV so check those out if you're

84

00:03:55,830 --> 00:03:53,470

interested but gotta say and these guys

85

00:03:57,839 --> 00:03:55,840

didn't win either but there was a group

86

00:04:00,210 --> 00:03:57,849

and the costume contest is broken out

87

00:04:02,939 --> 00:04:00,220

into different categories you know like

88

00:04:03,990 --> 00:04:02,949

children and teens and I don't know some

89

00:04:06,180 --> 00:04:04,000

other categories but one of the

90

00:04:08,520 --> 00:04:06,190

categories is groups so if you want to

91

00:04:11,210 --> 00:04:08,530

dress up and do like a team thing you

92

00:04:13,050 --> 00:04:11,220

know it's like all four of us went and

93

00:04:15,149 --> 00:04:13,060

participated in the costume contest we

94

00:04:17,219 --> 00:04:15,159

could dress up together and do like a

95

00:04:21,330 --> 00:04:17,229

group thing and be judged all together

96

00:04:24,210 --> 00:04:21,340

so like a themed thing so this group of

97

00:04:27,510 --> 00:04:24,220

teens came out in military uniform

98

00:04:31,800 --> 00:04:27,520

holding like Roswell memory metal like

99

00:04:34,339 --> 00:04:31,810

material from the crowd and the host of

100

00:04:37,589 --> 00:04:34,349

the the costume contest was interviewing

101
00:04:40,140 --> 00:04:37,599
one of the the people in this group and

102
00:04:43,830 --> 00:04:40,150
she explained that her father works at

103
00:04:46,740 --> 00:04:43,840
the New Mexico Military Institute Museum

104
00:04:50,430 --> 00:04:46,750
and with his help

105
00:04:53,550 --> 00:04:50,440
they analyzed all of the photos

106
00:04:56,640 --> 00:04:53,560
from the that are related to you the

107
00:04:59,490 --> 00:04:56,650
Roswell UFO incident looking at you know

108
00:05:01,170 --> 00:04:59,500
the infamous photos of like Jesse Marcel

109
00:05:03,720 --> 00:05:01,180
posing with the material on the ground

110
00:05:05,490 --> 00:05:03,730
and and Colonel Blanchard and you know

111
00:05:09,300 --> 00:05:05,500
all the other players they studied the

112
00:05:11,520 --> 00:05:09,310
photos and created their uniforms to be

113
00:05:15,150 --> 00:05:11,530

historically accurate based on those

114

00:05:17,790 --> 00:05:15,160

photos so down to you know the the ranks

115

00:05:19,830 --> 00:05:17,800

on people's uniform the the medals that

116

00:05:21,810 --> 00:05:19,840

they had they were all playing different

117

00:05:24,060 --> 00:05:21,820

characters from these photos from that

118

00:05:26,190 --> 00:05:24,070

time period and they took the time to do

119

00:05:28,280 --> 00:05:26,200

that research and recreate these

120

00:05:30,780 --> 00:05:28,290

uniforms that they were wearing to be

121

00:05:33,090 --> 00:05:30,790

authentic and accurate that was super

122

00:05:34,770 --> 00:05:33,100

cool especially while were like being in

123

00:05:36,840 --> 00:05:34,780

Roswell is amazing so they came out on

124

00:05:39,000 --> 00:05:36,850

stage like marching as this unit and

125

00:05:41,190 --> 00:05:39,010

they turned and they wanted to present

126

00:05:43,410 --> 00:05:41,200

their findings so they did like they're

127

00:05:45,060 --> 00:05:43,420

staged like rolling out the material

128

00:05:49,080 --> 00:05:45,070

unlike standing there with it it was

129

00:05:51,000 --> 00:05:49,090

amazing very elaborate I love that and

130

00:05:52,980 --> 00:05:51,010

for for making it historically accurate

131

00:05:55,830 --> 00:05:52,990

and for being in Roswell at the Roswell

132

00:05:58,980 --> 00:05:55,840

UFO fest of all it was amazing those

133

00:06:01,080 --> 00:05:58,990

kids were rad it's so good to hear like

134

00:06:02,880 --> 00:06:01,090

younger people like you know first of

135

00:06:06,420 --> 00:06:02,890

all knowing what the Roswell you know it

136

00:06:08,400 --> 00:06:06,430

is but getting that deep that's awesome

137

00:06:12,540 --> 00:06:08,410

it was so cool like I saw those people

138

00:06:14,520 --> 00:06:12,550

walk out on stage and I immediately felt

139

00:06:17,990 --> 00:06:14,530

embarrassed because I I'm pretty

140

00:06:20,850 --> 00:06:18,000

confident I let out an audible oh yeah

141

00:06:25,680 --> 00:06:20,860

he's like what are you doing like did

142

00:06:27,330 --> 00:06:25,690

you know I didn't deny it would have

143

00:06:30,570 --> 00:06:27,340

been difficult there was some amazing

144

00:06:32,610 --> 00:06:30,580

costumes so you know yeah I'd say for

145

00:06:34,050 --> 00:06:32,620

everyone go look at the pictures Jason

146

00:06:36,990 --> 00:06:34,060

took because I looked at them on the

147

00:06:39,000 --> 00:06:37,000

road planet post and there were some

148

00:06:41,010 --> 00:06:39,010

incredible costumes that he took some

149

00:06:43,230 --> 00:06:41,020

shots of yeah people went all out it was

150

00:06:45,090 --> 00:06:43,240

really cool to see and of course being

151

00:06:46,800 --> 00:06:45,100

being a dog-lover it was fun

152

00:06:49,230 --> 00:06:46,810

you know seeing the pet costume contest

153

00:06:50,520 --> 00:06:49,240

because you know people went some people

154

00:06:52,800 --> 00:06:50,530

went pretty crazy with their their pet

155

00:06:54,600 --> 00:06:52,810

costumes too and that was hard to see

156

00:06:56,460 --> 00:06:54,610

because they did it out you know in

157

00:06:57,659 --> 00:06:56,470

front of the the whatever it is the

158

00:07:00,510 --> 00:06:57,669

courthouse or whatever right there on

159

00:07:02,130 --> 00:07:00,520

Main Street and they didn't have it like

160

00:07:03,440 --> 00:07:02,140

up on a stage it was just down so

161

00:07:05,570 --> 00:07:03,450

everybody was like huddled

162

00:07:07,490 --> 00:07:05,580

and hundreds of people because everybody

163

00:07:09,920 --> 00:07:07,500

wanted to see the pet costume contest

164

00:07:12,980 --> 00:07:09,930

but you know and I got there early and I

165

00:07:14,930 --> 00:07:12,990

like stood there like an idiot for you

166

00:07:16,190 --> 00:07:14,940

know half hour 45 minutes so I could

167

00:07:18,110 --> 00:07:16,200

have my place where I could take good

168

00:07:20,450 --> 00:07:18,120

photos and people kept standing in front

169

00:07:22,010 --> 00:07:20,460

of me still and crowding in but

170

00:07:23,780 --> 00:07:22,020

everybody wanted to see the pet so it

171

00:07:27,470 --> 00:07:23,790

was really difficult to get photos of

172

00:07:30,350 --> 00:07:27,480

the pets but I managed some of them how

173

00:07:32,210 --> 00:07:30,360

was it with Freedman not being there for

174

00:07:34,370 --> 00:07:32,220

the first time yeah so it was really

175

00:07:36,620 --> 00:07:34,380

bizarre right and I was commenting to

176

00:07:39,440 --> 00:07:36,630

people how you know being at the Roswell

177

00:07:42,410 --> 00:07:39,450

UFO festival now feels weird because

178

00:07:46,100 --> 00:07:42,420

Stan Friedman is not there Jesse Marcel

179

00:07:49,100 --> 00:07:46,110

jr. is not there you know it just I

180

00:07:52,160 --> 00:07:49,110

don't know it feels kind of less Roswell

181

00:07:54,950 --> 00:07:52,170

to be there about those icons did they

182

00:07:58,010 --> 00:07:54,960

do a they did some sort of special

183

00:08:00,190 --> 00:07:58,020

remembrance for Standen they I I had

184

00:08:03,440 --> 00:08:00,200

people I heard people mentioning that ya

185

00:08:03,950 --> 00:08:03,450

know so they did and but like I didn't

186

00:08:06,200 --> 00:08:03,960

see anything

187

00:08:09,140 --> 00:08:06,210

no I told Kathleen they were doing

188

00:08:12,470 --> 00:08:09,150

something because I had thought I had

189

00:08:15,500 --> 00:08:12,480

read something so ya name a street after

190

00:08:16,160 --> 00:08:15,510

him they really do oh that's a great

191

00:08:19,600 --> 00:08:16,170

idea

192

00:08:24,080 --> 00:08:19,610

I think Main Street that would be rad

193

00:08:26,690 --> 00:08:24,090

absolutely nuclear Boulevard right that

194

00:08:28,130 --> 00:08:26,700

would be cool or you know change the

195

00:08:32,780 --> 00:08:28,140

name of the museum you know that's

196

00:08:35,210 --> 00:08:32,790

something the museum could decide Stan

197

00:08:38,540 --> 00:08:35,220

Freedman international UFO Museum and

198

00:08:41,780 --> 00:08:38,550

Research Center oh I tell you guys you

199

00:08:43,640 --> 00:08:41,790

know I went to elo a couple weeks ago

200

00:08:46,460 --> 00:08:43,650

but right because it's new iteration

201

00:08:51,410 --> 00:08:46,470

it's now Jeff Lynn's yellow so perfect

202

00:08:53,840 --> 00:08:51,420

Stanton Friedman's international I like

203

00:08:56,990 --> 00:08:53,850

and I will say for anybody who's been to

204

00:08:59,330 --> 00:08:57,000

the museum before you know at the museum

205

00:09:00,980 --> 00:08:59,340

for the longest time I mean they have a

206

00:09:03,170 --> 00:09:00,990

lot of information in there they have a

207

00:09:05,180 --> 00:09:03,180

lot of displays and stuff with a lot of

208

00:09:09,470 --> 00:09:05,190

information that goes beyond just the

209

00:09:11,180 --> 00:09:09,480

Roswell incident it bans UFOs it even

210

00:09:13,130 --> 00:09:11,190

goes into UFOs and pop culture it's got

211

00:09:16,850 --> 00:09:13,140

stuff about bob lazar in there like it's

212

00:09:20,570 --> 00:09:16,860

it's you know pretty robust and it's UFO

213

00:09:22,220 --> 00:09:20,580

displays but they just felt so dated I

214

00:09:24,410 --> 00:09:22,230

mean you looked at that stuff and you're

215

00:09:28,400 --> 00:09:24,420

all what decade am i and it was really

216

00:09:30,530 --> 00:09:28,410

you know dated and and not really nice

217

00:09:34,670 --> 00:09:30,540

to stand there and look at this

218

00:09:37,100 --> 00:09:34,680

important historical information but yes

219

00:09:40,390 --> 00:09:37,110

a corkboard or whatever it is right yeah

220

00:09:43,040 --> 00:09:40,400

exactly so it looked really old outdated

221

00:09:47,690 --> 00:09:43,050

they needed to do something and they did

222

00:09:50,360 --> 00:09:47,700

they have gone through and sort of

223

00:09:52,010 --> 00:09:50,370

renovated their displays in there

224

00:09:54,740 --> 00:09:52,020

they've modernized them they look really

225

00:09:56,840 --> 00:09:54,750

good they've got it's not like computer

226
00:09:58,730 --> 00:09:56,850
screens like displays with like you know

227
00:09:59,690 --> 00:09:58,740
touchscreen interaction for some of this

228
00:10:01,520 --> 00:09:59,700
stuff Wow

229
00:10:02,810 --> 00:10:01,530
yeah you know they've illuminated it so

230
00:10:05,540 --> 00:10:02,820
you can actually see what you're reading

231
00:10:08,330 --> 00:10:05,550
it looks really modern yep they did it

232
00:10:11,150 --> 00:10:08,340
it was sorely needed and I mean it's

233
00:10:12,860 --> 00:10:11,160
just it's a world of difference when you

234
00:10:15,440 --> 00:10:12,870
walk in there you know this is doesn't

235
00:10:18,140 --> 00:10:15,450
seem like the same museum about damn

236
00:10:20,060 --> 00:10:18,150
time yeah yeah exactly yeah surprised

237
00:10:23,540 --> 00:10:20,070
they didn't advertise that in some way

238
00:10:26,390 --> 00:10:23,550

yeah yeah so this is totally a story for

239

00:10:29,180 --> 00:10:26,400

another time but Jason reminded me the

240

00:10:31,610 --> 00:10:29,190

other day that we did a ghost hunt after

241

00:10:34,190 --> 00:10:31,620

hours in the Roswell museum right when

242

00:10:36,110 --> 00:10:34,200

we were there during the UFO fest years

243

00:10:38,390 --> 00:10:36,120

ago yeah that building is super-old that

244

00:10:40,700 --> 00:10:38,400

used to be a movie theater yeah we'll

245

00:10:43,930 --> 00:10:40,710

talk about that another time but I just

246

00:10:45,770 --> 00:10:43,940

wanted to bring that up because that's

247

00:10:49,940 --> 00:10:45,780

right and if you've been paying

248

00:10:53,000 --> 00:10:49,950

attention to Ben Hanson's new paranormal

249

00:10:55,220 --> 00:10:53,010

show on the Travel Channel we did our

250

00:10:56,030 --> 00:10:55,230

ghost hunt with our friend Ben Hansen

251
00:10:58,640 --> 00:10:56,040
stairs

252
00:11:00,830 --> 00:10:58,650
ghosts of Morgan City I think is the

253
00:11:02,810 --> 00:11:00,840
title yeah that's right that's right so

254
00:11:05,450 --> 00:11:02,820
yeah we we did our ghost hunt with with

255
00:11:08,860 --> 00:11:05,460
Ben when we were there and yeah had some

256
00:11:13,340 --> 00:11:08,870
interesting things we'll talk about that

257
00:11:14,900 --> 00:11:13,350
Carolyn I forgot about you remember the

258
00:11:18,380 --> 00:11:14,910
things that happen in Roswell that's

259
00:11:21,500 --> 00:11:18,390
great all right well let's get into our

260
00:11:23,720 --> 00:11:21,510
unidentified conversation first Shane is

261
00:11:25,820 --> 00:11:23,730
going to give us a brief recap of what

262
00:11:30,700 --> 00:11:25,830
episode five of unidentified showed us

263
00:11:33,790 --> 00:11:30,710

Shane yes this was entitled the atomic

264

00:11:35,920 --> 00:11:33,800

connection and it started out with them

265

00:11:38,710 --> 00:11:35,930

sort of teasing the Rendlesham incident

266

00:11:41,440 --> 00:11:38,720

they played a little bit of colonel

267

00:11:43,600 --> 00:11:41,450

Holt's tape there and then Lou came on

268

00:11:47,260 --> 00:11:43,610

and kind of made that connection between

269

00:11:50,830 --> 00:11:47,270

UFOs and carrier groups and nuclear

270

00:11:54,600 --> 00:11:50,840

weapon systems and nuclear power and all

271

00:11:56,860 --> 00:11:54,610

those sort of sources and then sort of

272

00:12:00,430 --> 00:11:56,870

wrapped up that intro with some

273

00:12:02,520 --> 00:12:00,440

commentary from George Knapp who you

274

00:12:05,560 --> 00:12:02,530

know kind of emphasized the point that

275

00:12:07,360 --> 00:12:05,570

even presidents aren't completely read

276

00:12:10,960 --> 00:12:07,370

in on all of the information regarding

277

00:12:13,690 --> 00:12:10,970

UFOs and these nuclear facilities and so

278

00:12:16,540 --> 00:12:13,700

forth so I kind of set the stage for the

279

00:12:17,620 --> 00:12:16,550

episode so the first thing that happened

280

00:12:20,470 --> 00:12:17,630

Lou

281

00:12:22,840 --> 00:12:20,480

interviewed a sheriff by the name of

282

00:12:26,110 --> 00:12:22,850

Larry Gesner from a town called

283

00:12:28,960 --> 00:12:26,120

McCluskey which was about 75 miles from

284

00:12:32,380 --> 00:12:28,970

the Minot Air force air force base in in

285

00:12:36,100 --> 00:12:32,390

North Dakota and he was also a member of

286

00:12:38,560 --> 00:12:36,110

the military at Minot when the UFO

287

00:12:41,260 --> 00:12:38,570

encounters happened there he later

288

00:12:44,560 --> 00:12:41,270

became a sheriff and then even recounted

289

00:12:48,610 --> 00:12:44,570

a incident where he observed the UFO

290

00:12:50,680 --> 00:12:48,620

near his home in 2003 and then Lou was

291

00:12:53,050 --> 00:12:50,690

off to interviewing

292

00:12:55,840 --> 00:12:53,060

he met up with George Knapp again in

293

00:12:58,510 --> 00:12:55,850

Vegas and they kind of talked about the

294

00:12:59,710 --> 00:12:58,520

many foil requests that George had done

295

00:13:02,710 --> 00:12:59,720

over the years and they looked at

296

00:13:06,550 --> 00:13:02,720

several documents from oh really the 40s

297

00:13:09,570 --> 00:13:06,560

50s all the way through the 80s and then

298

00:13:12,220 --> 00:13:09,580

they kind of looked at the Minot case

299

00:13:15,310 --> 00:13:12,230

1968 and then the Malstrom case in both

300

00:13:17,800 --> 00:13:15,320

cases where UFOs sort of activated and

301
00:13:19,750 --> 00:13:17,810
deactivated nuclear weapon systems so

302
00:13:23,320 --> 00:13:19,760
those are obviously you know pretty

303
00:13:24,760 --> 00:13:23,330
serious cases and then he moves on to

304
00:13:26,710 --> 00:13:24,770
interview Colonel halt

305
00:13:29,290 --> 00:13:26,720
they gave quite a bit of time to the

306
00:13:31,480 --> 00:13:29,300
Rendlesham case and I thought what was

307
00:13:34,270 --> 00:13:31,490
interesting there they they had that

308
00:13:37,690 --> 00:13:34,280
kind of nice commentary for from the

309
00:13:39,490 --> 00:13:37,700
Lord Norton Hill and then what I thought

310
00:13:41,770 --> 00:13:39,500
was fascinating I'm sure we'll talk more

311
00:13:43,220 --> 00:13:41,780
about it but they you know publicly

312
00:13:45,800 --> 00:13:43,230
admitted that yeah there were

313
00:13:47,480 --> 00:13:45,810

like nuclear weapons stored there so I'd

314

00:13:49,310 --> 00:13:47,490

never really heard that before

315

00:13:52,280 --> 00:13:49,320

they always alluded to it but never

316

00:13:54,260 --> 00:13:52,290

would say it and then he moved on and he

317

00:13:58,160 --> 00:13:54,270

interviewed John burrows of the

318

00:14:00,020 --> 00:13:58,170

Rendlesham incident and of course we

319

00:14:03,140 --> 00:14:00,030

know what John burrows what they focused

320

00:14:05,480 --> 00:14:03,150

on was how he was affected from being in

321

00:14:07,610 --> 00:14:05,490

close proximity to the UFO cost him some

322

00:14:11,540 --> 00:14:07,620

health issues and when he went to get

323

00:14:13,670 --> 00:14:11,550

those address at the VA his medical

324

00:14:16,150 --> 00:14:13,680

files were classified he had a real

325

00:14:19,700 --> 00:14:16,160

difficult time and he ended up engaging

326

00:14:21,320 --> 00:14:19,710

Senator John McCain and he helped kind

327

00:14:22,910 --> 00:14:21,330

of get some of that information released

328

00:14:24,400 --> 00:14:22,920

so that he could get his treatment but

329

00:14:27,080 --> 00:14:24,410

what they ended up doing was

330

00:14:29,750 --> 00:14:27,090

interviewing one of his aides by the

331

00:14:31,880 --> 00:14:29,760

name of Carol Bennett and she was one

332

00:14:33,260 --> 00:14:31,890

that really did a lot of the legwork and

333

00:14:36,170 --> 00:14:33,270

paperwork and tried to get that

334

00:14:37,850 --> 00:14:36,180

information to John and she said was one

335

00:14:41,060 --> 00:14:37,860

of her most challenging and difficult

336

00:14:43,040 --> 00:14:41,070

cases to do so that was a pretty

337

00:14:46,280 --> 00:14:43,050

interesting kind of a new thing then

338

00:14:49,090 --> 00:14:46,290

they did some questions and some

339

00:14:51,890 --> 00:14:49,100

commentary from Brian bender that the

340

00:14:54,500 --> 00:14:51,900

journalist from Politico he made some

341

00:14:57,230 --> 00:14:54,510

comments and then they went to some

342

00:15:00,320 --> 00:14:57,240

comments from Greg Bishop and in

343

00:15:02,000 --> 00:15:00,330

particular regarding Richard Doty and

344

00:15:06,320 --> 00:15:02,010

that's the Paul bennewitz case in the

345

00:15:08,960 --> 00:15:06,330

Kirtland Air Force Base and I think that

346

00:15:12,260 --> 00:15:08,970

in my view anyway Lou kind of dissed

347

00:15:14,840 --> 00:15:12,270

Doty and his tactics and how they were

348

00:15:17,480 --> 00:15:14,850

unethical they kind of made a point of

349

00:15:19,670 --> 00:15:17,490

trying to see while you you also were a

350

00:15:21,470 --> 00:15:19,680

disinformation agent what's different

351

00:15:23,420 --> 00:15:21,480

you know and they brought in chris

352

00:15:26,330 --> 00:15:23,430

mellon and they chatted a bit about it

353

00:15:29,240 --> 00:15:26,340

and they really said the difference is

354

00:15:32,930 --> 00:15:29,250

is that they you know we're promoting

355

00:15:35,150 --> 00:15:32,940

transparency of the UFO information that

356

00:15:38,000 --> 00:15:35,160

the government has not trying to mislead

357

00:15:39,650 --> 00:15:38,010

people so quite a difference there then

358

00:15:41,870 --> 00:15:39,660

they even had flavor again make some

359

00:15:44,900 --> 00:15:41,880

comments and then back to Ryan bender

360

00:15:46,430 --> 00:15:44,910

and he kind of posed the the things that

361

00:15:48,860 --> 00:15:46,440

people don't talk a lot about how

362

00:15:51,970 --> 00:15:48,870

there's these things are either foreign

363

00:15:54,470 --> 00:15:51,980

countries tech you know US secret tech

364

00:15:56,480 --> 00:15:54,480

everybody's just crazy and hallucinating

365

00:15:59,480 --> 00:15:56,490

or it could be

366

00:16:01,870 --> 00:15:59,490

technology from some others and then

367

00:16:04,820 --> 00:16:01,880

finally ended up with Lou and Tom and

368

00:16:09,380 --> 00:16:04,830

Lou kind of revealed to Tom the

369

00:16:11,000 --> 00:16:09,390

political article where it highlighted

370

00:16:13,610 --> 00:16:11,010

that the Navy was going to change their

371

00:16:16,670 --> 00:16:13,620

UFO procedures and update those and make

372

00:16:18,740 --> 00:16:16,680

it easier for military personnel to

373

00:16:20,090 --> 00:16:18,750

report and when he did I don't know I

374

00:16:24,260 --> 00:16:20,100

thought it's kind of an emotional moment

375

00:16:25,970 --> 00:16:24,270

between Tom and and Lou and Tom Karen

376

00:16:28,010 --> 00:16:25,980

went on to say this is really kind of

377

00:16:29,750 --> 00:16:28,020

the reveal of the century or you know if

378

00:16:32,060 --> 00:16:29,760

you know really important and

379

00:16:34,700 --> 00:16:32,070

significant so it's kind of how it ended

380

00:16:40,790 --> 00:16:34,710

up that's actually in the final episode

381

00:16:42,410 --> 00:16:40,800

but yeah yeah unless I'm crazy you know

382

00:16:45,380 --> 00:16:42,420

I had I think I thought I was in 16

383

00:16:51,670 --> 00:16:45,390

that's the like the end of final six

384

00:16:53,570 --> 00:16:51,680

saying you're ruining my I'm pretty sure

385

00:16:55,190 --> 00:16:53,580

you're just gonna have to go back and

386

00:16:57,260 --> 00:16:55,200

watch it both of you yeah

387

00:16:59,480 --> 00:16:57,270

all right baby they may be they you know

388

00:17:01,790 --> 00:16:59,490

got got mileage out of it and did it

389

00:17:03,770 --> 00:17:01,800

twice maybe all right well let's go back

390

00:17:06,170 --> 00:17:03,780

first so we're all extremely familiar

391

00:17:07,640 --> 00:17:06,180

with the Rendlesham UFO story but Ryan

392

00:17:09,850 --> 00:17:07,650

you've spent quite a bit of time with

393

00:17:13,130 --> 00:17:09,860

this case what are your thoughts about

394

00:17:15,740 --> 00:17:13,140

episode five and and they're covering

395

00:17:18,500 --> 00:17:15,750

Rendlesham yeah I mean it was it was

396

00:17:21,800 --> 00:17:18,510

good to see them covering the nuclear

397

00:17:24,350 --> 00:17:21,810

issue it's been a big part of this this

398

00:17:26,810 --> 00:17:24,360

field for a while in terms of the

399

00:17:29,480 --> 00:17:26,820

Rendlesham case I think they covered it

400

00:17:30,860 --> 00:17:29,490

very well I'm glad they spoke to Colonel

401
00:17:34,820 --> 00:17:30,870
halt who's probably the preeminent

402
00:17:36,770 --> 00:17:34,830
person to talk about this it was a

403
00:17:38,510 --> 00:17:36,780
pretty good I guess I'd say Cliff Notes

404
00:17:40,580 --> 00:17:38,520
version of what went on

405
00:17:43,340 --> 00:17:40,590
I think they talked to two of the most

406
00:17:44,840 --> 00:17:43,350
credible people involved the colonel and

407
00:17:47,900 --> 00:17:44,850
John Burroughs

408
00:17:50,930 --> 00:17:47,910
I found it really really cool that they

409
00:17:52,490 --> 00:17:50,940
got Senator McCain's aide to come on I

410
00:17:55,490 --> 00:17:52,500
mean she got really emotional at one

411
00:17:57,800 --> 00:17:55,500
point like almost in tears saying this

412
00:18:01,160 --> 00:17:57,810
guy's a veteran we need to help him it's

413
00:18:04,590 --> 00:18:01,170

directly connected to this UFO event so

414

00:18:06,810 --> 00:18:04,600

that was really interesting

415

00:18:08,940 --> 00:18:06,820

I was a little disappointed to be honest

416

00:18:11,760 --> 00:18:08,950

that they spent so much time on the

417

00:18:13,290 --> 00:18:11,770

Rendlesham case because it they made it

418

00:18:15,030 --> 00:18:13,300

sound and they did this a lot in this

419

00:18:17,940 --> 00:18:15,040

episode like what they were bringing

420

00:18:20,940 --> 00:18:17,950

forward was like the very first time and

421

00:18:24,030 --> 00:18:20,950

we know that isn't true I mean the Larry

422

00:18:26,520 --> 00:18:24,040

Gesner case the Rendlesham case I had

423

00:18:28,140 --> 00:18:26,530

issue with that in this episode and I'm

424

00:18:31,470 --> 00:18:28,150

sure we'll talk about the last episode

425

00:18:34,410 --> 00:18:31,480

of cases that were you know sort of

426

00:18:37,260 --> 00:18:34,420

swept under the rug for a while and and

427

00:18:39,660 --> 00:18:37,270

it kind of seems like this TV show is

428

00:18:42,870 --> 00:18:39,670

making it out to be some huge bomb show

429

00:18:44,700 --> 00:18:42,880

and mostly all of this stuff at least us

430

00:18:47,160 --> 00:18:44,710

in the ortho field already knew and

431

00:18:49,500 --> 00:18:47,170

that's kind of my overall thoughts on

432

00:18:52,620 --> 00:18:49,510

the entire six-part series or eight

433

00:18:54,630 --> 00:18:52,630

person whatever six-part series but yeah

434

00:18:55,500 --> 00:18:54,640

I love Rendlesham I think they covered

435

00:18:58,050 --> 00:18:55,510

it really well

436

00:18:59,930 --> 00:18:58,060

I just wish they had focused on some

437

00:19:02,670 --> 00:18:59,940

other cases there's so many other

438

00:19:04,470 --> 00:19:02,680

interesting nuclear cases out there that

439

00:19:05,850 --> 00:19:04,480

was for me too

440

00:19:08,910 --> 00:19:05,860

like one of the most frustrating parts

441

00:19:11,040 --> 00:19:08,920

and obviously we we all know and have

442

00:19:12,780 --> 00:19:11,050

met all these people and have spoke you

443

00:19:15,480 --> 00:19:12,790

know Colonel halt and John burrows and

444

00:19:18,840 --> 00:19:15,490

spoke with them extensively at length

445

00:19:21,480 --> 00:19:18,850

and it's so frustrating so here it

446

00:19:25,680 --> 00:19:21,490

presented like always made this

447

00:19:29,070 --> 00:19:25,690

connection between nuclear bases and

448

00:19:31,380 --> 00:19:29,080

weapons and the UFOs and I get it Stevie

449

00:19:33,210 --> 00:19:31,390

that's what they do but yes that was

450

00:19:34,470 --> 00:19:33,220

extremely frustrating so it's like that

451
00:19:35,910 --> 00:19:34,480
connection has been there that

452
00:19:38,310 --> 00:19:35,920
everyone's been talking about for

453
00:19:40,620 --> 00:19:38,320
decades I mean we know about this yeah

454
00:19:42,480 --> 00:19:40,630
and duration of sightings here's another

455
00:19:44,400 --> 00:19:42,490
thing to that I guess this is more of a

456
00:19:49,230 --> 00:19:44,410
comment and we'll get to this later but

457
00:19:52,140 --> 00:19:49,240
of this series overall but with with how

458
00:19:54,710 --> 00:19:52,150
they approached Rendlesham like and how

459
00:19:57,090 --> 00:19:54,720
they're presenting these cases is like

460
00:19:59,490 --> 00:19:57,100
something new or something they're just

461
00:20:02,670 --> 00:19:59,500
discovering or kind of trying to present

462
00:20:05,130 --> 00:20:02,680
it it seems like their audience overall

463
00:20:07,380 --> 00:20:05,140

is people who aren't familiar with this

464

00:20:09,180 --> 00:20:07,390

topic right because anybody who is

465

00:20:10,650 --> 00:20:09,190

already familiar with these cases this

466

00:20:10,890 --> 00:20:10,660

isn't earth-shattering or anything like

467

00:20:16,860 --> 00:20:10,900

that

468

00:20:17,720 --> 00:20:16,870

way they with Rendlesham and I have to

469

00:20:19,460 --> 00:20:17,730

step back when I

470

00:20:21,110 --> 00:20:19,470

so stuff and try to try to view it as

471

00:20:22,490 --> 00:20:21,120

somebody who's not in this field who

472

00:20:24,530 --> 00:20:22,500

doesn't know the people who were on the

473

00:20:26,060 --> 00:20:24,540

screen not familiar with the story and

474

00:20:28,100 --> 00:20:26,070

think of it how are they presenting this

475

00:20:31,540 --> 00:20:28,110

story you know how was the storytelling

476
00:20:33,800 --> 00:20:31,550
and what a new person just watching this

477
00:20:35,810 --> 00:20:33,810
understand the story or you know what

478
00:20:39,110 --> 00:20:35,820
are they getting from it and they really

479
00:20:41,360 --> 00:20:39,120
didn't explain the Rendlesham incident I

480
00:20:44,930 --> 00:20:41,370
mean it was sort of spotty and all over

481
00:20:46,580 --> 00:20:44,940
the place and and even the McCain thing

482
00:20:49,550 --> 00:20:46,590
like they mentioned John McCain they

483
00:20:52,100 --> 00:20:49,560
mentioned that you know he helped but

484
00:20:53,630 --> 00:20:52,110
and then presented the aid and said the

485
00:20:55,930 --> 00:20:53,640
aid you know filed his paperwork but

486
00:20:58,310 --> 00:20:55,940
they didn't really explain exactly like

487
00:21:00,650 --> 00:20:58,320
John McCain got involved what the issue

488
00:21:02,570 --> 00:21:00,660

was what the outcome was like it was

489

00:21:03,410 --> 00:21:02,580

just kind of let's throw John McCain's

490

00:21:05,810 --> 00:21:03,420

name yeh

491

00:21:07,100 --> 00:21:05,820

damn it was it was really confusing I

492

00:21:08,810 --> 00:21:07,110

mean I was confused to somebody who's

493

00:21:10,490 --> 00:21:08,820

familiar with the story so I think

494

00:21:13,100 --> 00:21:10,500

somebody new coming into it would be

495

00:21:15,290 --> 00:21:13,110

like wait a second what's going on yeah

496

00:21:17,510 --> 00:21:15,300

it's like they tried to throw everything

497

00:21:21,050 --> 00:21:17,520

the baby in with the bathwater with this

498

00:21:22,670 --> 00:21:21,060

one like it covers so much and it should

499

00:21:25,910 --> 00:21:22,680

have been its own series to be

500

00:21:30,200 --> 00:21:25,920

completely honest sure sure and yeah

501
00:21:32,000 --> 00:21:30,210
this this one seemed forced to me like

502
00:21:34,490 --> 00:21:32,010
you mentioned morning with trying to

503
00:21:38,450 --> 00:21:34,500
force that nuclear connection right

504
00:21:42,050 --> 00:21:38,460
because we are familiar with the many

505
00:21:44,660 --> 00:21:42,060
cases of UFOs and proximity to news like

506
00:21:46,010 --> 00:21:44,670
we know that people can research that

507
00:21:47,540 --> 00:21:46,020
and find plenty of information about

508
00:21:49,100 --> 00:21:47,550
that a lot of good books have been

509
00:21:53,630 --> 00:21:49,110
written specifically about that topic

510
00:21:56,660 --> 00:21:53,640
however I don't like the message that

511
00:21:59,180 --> 00:21:56,670
that's really sending that you know UFOs

512
00:22:01,670 --> 00:21:59,190
we're just discovering this and and UFOs

513
00:22:03,380 --> 00:22:01,680

are only interested in our nukes and

514

00:22:05,900 --> 00:22:03,390

they're following the aircraft carriers

515

00:22:07,880 --> 00:22:05,910

because they're nuclear-powered and so

516

00:22:10,400 --> 00:22:07,890

this is a thing like UFOs are here

517

00:22:12,050 --> 00:22:10,410

because of nukes well what about the

518

00:22:12,590 --> 00:22:12,060

millions of other sightings that happen

519

00:22:15,590 --> 00:22:12,600

all the time

520

00:22:17,840 --> 00:22:15,600

right so that was just really I don't

521

00:22:19,460 --> 00:22:17,850

know I didn't like that it's just a

522

00:22:23,690 --> 00:22:19,470

small facet of the whole picture

523

00:22:25,670 --> 00:22:23,700

basically and and yeah I think again we

524

00:22:28,070 --> 00:22:25,680

have this problem where all of us are

525

00:22:30,050 --> 00:22:28,080

immersed in this field and we've done a

526
00:22:31,020 --> 00:22:30,060
ton of research and we know all this but

527
00:22:33,900 --> 00:22:31,030
this show

528
00:22:37,710 --> 00:22:33,910
is for the general public to be slowly

529
00:22:41,010 --> 00:22:37,720
introduced in a credible way to the fact

530
00:22:44,010 --> 00:22:41,020
that we do have unexplained flying

531
00:22:47,610 --> 00:22:44,020
objects and submersible objects flying

532
00:22:51,060 --> 00:22:47,620
around diving into water that we do not

533
00:22:53,700 --> 00:22:51,070
know their origin and I think for us

534
00:22:55,980 --> 00:22:53,710
it's like ok we got a look at the story

535
00:22:57,840 --> 00:22:55,990
they're telling except that they're

536
00:23:00,780 --> 00:22:57,850
trying to be like oh this is a big

537
00:23:03,690 --> 00:23:00,790
reveal when for us it's it's old news

538
00:23:05,400 --> 00:23:03,700

yeah and it's really really hard to do

539

00:23:07,320 --> 00:23:05,410

it but you know most of us have been

540

00:23:09,410 --> 00:23:07,330

through the TV production thing we know

541

00:23:13,520 --> 00:23:09,420

how that goes how editing goes and

542

00:23:15,960 --> 00:23:13,530

that's what you have to do it but

543

00:23:18,090 --> 00:23:15,970

watching it yeah it was extremely

544

00:23:19,980 --> 00:23:18,100

frustrating episode 5 was Rober off for

545

00:23:23,400 --> 00:23:19,990

me yeah yeah I would say it's probably

546

00:23:25,830 --> 00:23:23,410

the roughest one for me so far but I

547

00:23:27,840 --> 00:23:25,840

know it's really hard for us to separate

548

00:23:30,510 --> 00:23:27,850

these these thoughts with the episode

549

00:23:32,880 --> 00:23:30,520

versus the entire series so let's move

550

00:23:34,980 --> 00:23:32,890

on to the finale really quickly episode

551
00:23:38,520 --> 00:23:34,990
6 Maureen you want to give us a quick

552
00:23:40,710 --> 00:23:38,530
synopsis of that episode yeah quick

553
00:23:42,900 --> 00:23:40,720
synopsis should I get like can I get

554
00:23:46,820 --> 00:23:42,910
like a drumroll first should get going

555
00:23:51,780 --> 00:23:46,830
here it's a finale I ruined your thing

556
00:23:54,600 --> 00:23:51,790
and I'm a drummer so ready I also play

557
00:23:57,060 --> 00:23:54,610
drum so you should talk sometime alright

558
00:23:59,640 --> 00:23:57,070
you steer at least alright so the planet

559
00:24:01,440 --> 00:23:59,650
band yeah let's get into the final

560
00:24:05,100 --> 00:24:01,450
episode of the premiere season of

561
00:24:09,720 --> 00:24:05,110
unidentified basically we start at this

562
00:24:12,210 --> 00:24:09,730
really like reality TV show emotional

563
00:24:15,480 --> 00:24:12,220

moment where Lou's packing his stuff

564

00:24:17,910 --> 00:24:15,490

into his bag is a backpack we see so

565

00:24:19,830 --> 00:24:17,920

many times in his closet and he's

566

00:24:22,350 --> 00:24:19,840

talking about how much he's given up for

567

00:24:24,750 --> 00:24:22,360

his family to do this you know I gave up

568

00:24:27,990 --> 00:24:24,760

everything my wife and my daughters are

569

00:24:31,050 --> 00:24:28,000

on the you know kind of the cautious end

570

00:24:33,810 --> 00:24:31,060

of this and I believe in this and this

571

00:24:35,730 --> 00:24:33,820

is what I feel I'm meant to do right now

572

00:24:37,560 --> 00:24:35,740

because there's something wrong with the

573

00:24:41,250 --> 00:24:37,570

way things are happening in the

574

00:24:44,340 --> 00:24:41,260

government right now so he's packing for

575

00:24:47,960 --> 00:24:44,350

a private meeting with some top

576

00:24:51,480 --> 00:24:47,970

senior Italian brass which includes

577

00:24:53,970 --> 00:24:51,490

Lieutenant Colonel Claire Bruno Verducci

578

00:24:57,409 --> 00:24:53,980

oh I believe his name and of course our

579

00:25:00,720 --> 00:24:57,419

buddy dr. Roberto Pino D who's amazing

580

00:25:03,630 --> 00:25:00,730

great guy anyways they all get together

581

00:25:07,169 --> 00:25:03,640

in Italy and have a conversation about

582

00:25:10,950 --> 00:25:07,179

how they can share information and

583

00:25:13,649 --> 00:25:10,960

what's going on in the Italian Colonels

584

00:25:15,210 --> 00:25:13,659

basically reveal this even though I'll

585

00:25:17,880 --> 00:25:15,220

go into this it's the same thing we've

586

00:25:20,159 --> 00:25:17,890

known about this event already this

587

00:25:21,600 --> 00:25:20,169

event that Lou says oh this is strange

588

00:25:25,470 --> 00:25:21,610

it's the first time I've heard about a

589

00:25:28,350 --> 00:25:25,480

hostile UFO event this is an incident

590

00:25:30,960 --> 00:25:28,360

that happened in 2004 in Sicily Italy

591

00:25:33,450 --> 00:25:30,970

and basically what happened was all

592

00:25:36,380 --> 00:25:33,460

these mysterious fires were breaking out

593

00:25:39,299 --> 00:25:36,390

in Sicily and nobody knew what they were

594

00:25:41,430 --> 00:25:39,309

what was causing them there were a lot

595

00:25:45,240 --> 00:25:41,440

of really mysterious situations around

596

00:25:47,820 --> 00:25:45,250

this and eventually they sent a

597

00:25:50,430 --> 00:25:47,830

helicopter out to sort of look around

598

00:25:53,490 --> 00:25:50,440

it's a military helicopter and a UFO

599

00:25:56,220 --> 00:25:53,500

followed it a saucer-shaped UFO there

600

00:25:59,279 --> 00:25:56,230

are images caught that civilians

601
00:26:02,279 --> 00:25:59,289
captured of this happening that

602
00:26:06,870 --> 00:26:02,289
allegedly shot a beam out like a

603
00:26:08,610 --> 00:26:06,880
solidified beam that damaged the rotors

604
00:26:11,850 --> 00:26:08,620
of the helicopter and the helicopter was

605
00:26:13,919 --> 00:26:11,860
forced to land everyone was ok but they

606
00:26:16,080 --> 00:26:13,929
have images of the damaged rotor as well

607
00:26:20,010 --> 00:26:16,090
and then there was some other

608
00:26:22,950 --> 00:26:20,020
information about the UFO sending some

609
00:26:26,610 --> 00:26:22,960
sort of energy weapon beams from like

610
00:26:28,830 --> 00:26:26,620
electromagnetic beams from the ocean so

611
00:26:34,169 --> 00:26:28,840
again we're getting that tie in with the

612
00:26:38,070 --> 00:26:34,179
submersibles and also in flight and it's

613
00:26:39,600 --> 00:26:38,080

weird so this is you get kind of little

614

00:26:43,350 --> 00:26:39,610

pieces of the conversation they're

615

00:26:47,279 --> 00:26:43,360

having and some who is kind of confusing

616

00:26:49,350 --> 00:26:47,289

of what they were actually trying to put

617

00:26:51,299 --> 00:26:49,360

forward especially since the lieutenant

618

00:26:55,950 --> 00:26:51,309

commander could not stop smiling the

619

00:26:58,230 --> 00:26:55,960

whole time anyways he kind of dropped

620

00:27:01,620 --> 00:26:58,240

the line that they may have figured out

621

00:27:06,120 --> 00:27:01,630

a way to communicate with this craft to

622

00:27:09,450 --> 00:27:06,130

explain to them that they understood the

623

00:27:12,000 --> 00:27:09,460

technology they had it was I don't we

624

00:27:13,649 --> 00:27:12,010

can get into that later but it's

625

00:27:17,730 --> 00:27:13,659

interesting because then they went and

626

00:27:20,159 --> 00:27:17,740

asked Lou has the US government tried to

627

00:27:23,850 --> 00:27:20,169

communicate with whoever could be

628

00:27:27,200 --> 00:27:23,860

piloting piloting these crafts and of

629

00:27:29,460 --> 00:27:27,210

course he says I can't answer that which

630

00:27:31,919 --> 00:27:29,470

does he know the answer or does he not

631

00:27:35,690 --> 00:27:31,929

it's one of those things but anyways so

632

00:27:39,270 --> 00:27:35,700

at the end of this meeting which again

633

00:27:41,520 --> 00:27:39,280

I'm a little confused at why Chris melon

634

00:27:43,830 --> 00:27:41,530

wasn't at this meeting and instead Lou

635

00:27:46,529 --> 00:27:43,840

and Tom were there I feel like Chris

636

00:27:48,930 --> 00:27:46,539

melon would have been very well

637

00:27:50,669 --> 00:27:48,940

appointed to be at this meeting but they

638

00:27:53,430 --> 00:27:50,679

agreed to form a global partnership

639

00:27:56,100 --> 00:27:53,440

outside of the government official

640

00:28:00,060 --> 00:27:56,110

studies because things you know need to

641

00:28:02,970 --> 00:28:00,070

be shared and the Italians give us a

642

00:28:06,419 --> 00:28:02,980

nice little thumb drive that had every

643

00:28:07,440 --> 00:28:06,429

single report they had from 1901 on of

644

00:28:10,260 --> 00:28:07,450

you APs

645

00:28:14,490 --> 00:28:10,270

including photos the briefing of the -

646

00:28:18,830 --> 00:28:14,500

of 2004 event everything all their

647

00:28:21,710 --> 00:28:18,840

information and what did we give them

648

00:28:25,500 --> 00:28:21,720

there should be cricket noises right now

649

00:28:28,230 --> 00:28:25,510

yeah I mean basically they said well you

650

00:28:29,870 --> 00:28:28,240

know we can't give you because at first

651

00:28:32,820 --> 00:28:29,880

they said if we give you something

652

00:28:35,520 --> 00:28:32,830

restricted you need to give us back some

653

00:28:39,029 --> 00:28:35,530

also restricted information like this of

654

00:28:43,200 --> 00:28:39,039

the same weight and lose like well

655

00:28:45,539 --> 00:28:43,210

probably not so I don't know I sure a

656

00:28:47,700 --> 00:28:45,549

lot went on that was clipped obviously

657

00:28:50,279 --> 00:28:47,710

to be a short meeting right but it was

658

00:28:52,230 --> 00:28:50,289

multiple hours but it sounded like they

659

00:28:55,320 --> 00:28:52,240

were being very forthcoming and sharing

660

00:28:59,610 --> 00:28:55,330

this information and they state how

661

00:29:02,460 --> 00:28:59,620

important it is for governments around

662

00:29:04,889 --> 00:29:02,470

the world to share information because

663

00:29:05,490 --> 00:29:04,899

without sharing this information it's

664

00:29:06,200 --> 00:29:05,500

useless

665

00:29:08,330 --> 00:29:06,210

yeah and I

666

00:29:12,560 --> 00:29:08,340

that's an extremely important point and

667

00:29:14,540 --> 00:29:12,570

it's true so and I get the I get the the

668

00:29:17,660 --> 00:29:14,550

fact that it might be for in technology

669

00:29:21,340 --> 00:29:17,670

but anyways so we move on we've talked

670

00:29:24,830 --> 00:29:21,350

to Steve justice and again this is where

671

00:29:27,320 --> 00:29:24,840

Shane kind of said this as well that Lou

672

00:29:30,650 --> 00:29:27,330

says you know it's either ours it's

673

00:29:35,590 --> 00:29:30,660

foreign or it's something else and you

674

00:29:39,620 --> 00:29:35,600

can see how Steve justice kind of is

675

00:29:41,810 --> 00:29:39,630

processing this stuff and says well you

676

00:29:44,420 --> 00:29:41,820

know Lou asked him how he'd feel if it

677

00:29:47,720 --> 00:29:44,430

was extraterrestrial and he said I'm

678

00:29:49,730 --> 00:29:47,730

really really hesitant to go there

679

00:29:52,790 --> 00:29:49,740

because it opens up such a can of worms

680

00:29:55,130 --> 00:29:52,800

and he said but we'd be naive the same

681

00:29:57,820 --> 00:29:55,140

sentence we all say we'd be naive to

682

00:30:01,520 --> 00:29:57,830

think we're the only ones out there and

683

00:30:03,380 --> 00:30:01,530

it's a legit possibility that that this

684

00:30:06,170 --> 00:30:03,390

could be something else you know we

685

00:30:10,510 --> 00:30:06,180

don't know and they talked about how in

686

00:30:13,280 --> 00:30:10,520

2019 again we have a Senator McCain

687

00:30:15,590 --> 00:30:13,290

contribution to the field where he was

688

00:30:18,920 --> 00:30:15,600

the one behind the release of the 37

689

00:30:21,590 --> 00:30:18,930

studies that a tip was conducting that

690

00:30:24,170 --> 00:30:21,600

involved invisibility cloaks and

691

00:30:28,130 --> 00:30:24,180

wormholes and anti-gravity and all sorts

692

00:30:31,060 --> 00:30:28,140

of fun crazy science fiction stuff and

693

00:30:36,350 --> 00:30:31,070

it's it's really crazy to think about so

694

00:30:38,900 --> 00:30:36,360

at this point we have that and Chris

695

00:30:42,770 --> 00:30:38,910

Mellon going to Vegas to meet you know

696

00:30:44,600 --> 00:30:42,780

former Senator Harry Reid who was you

697

00:30:48,320 --> 00:30:44,610

know the driving force behind a tip

698

00:30:51,650 --> 00:30:48,330

getting that launched and basically

699

00:30:53,470 --> 00:30:51,660

Mellon is talent in him probably

700

00:30:56,750 --> 00:30:53,480

everything he already knows but for TV

701
00:30:58,130 --> 00:30:56,760
on all the research they've done so far

702
00:31:00,680 --> 00:30:58,140
and all the people they have talked to

703
00:31:04,070 --> 00:31:00,690
and what's happened with these different

704
00:31:07,160 --> 00:31:04,080
incidents and how many different objects

705
00:31:10,060 --> 00:31:07,170
were cited and how they are transversing

706
00:31:14,470 --> 00:31:10,070
you know it's not only following around

707
00:31:16,940 --> 00:31:14,480
airstrike planes and missions they're

708
00:31:19,110 --> 00:31:16,950
traversing the Atlantic to the Middle

709
00:31:23,070 --> 00:31:19,120
East they were in Syria

710
00:31:25,560 --> 00:31:23,080
and in all over the place and so one

711
00:31:27,750 --> 00:31:25,570
quote I really liked from Harry Reid

712
00:31:31,530 --> 00:31:27,760
here was he said people who run from

713
00:31:35,010 --> 00:31:31,540

this are absolutely wrong and that's a

714

00:31:36,360 --> 00:31:35,020

very very good point because why are we

715

00:31:41,760 --> 00:31:36,370

running from something that is

716

00:31:44,280 --> 00:31:41,770

potentially hostile and he then starts

717

00:31:46,350 --> 00:31:44,290

talking about KGB and Putin and says

718

00:31:48,810 --> 00:31:46,360

Russia there's no way they don't have

719

00:31:50,820 --> 00:31:48,820

more information and are not further in

720

00:31:54,660 --> 00:31:50,830

research and studying what the hell is

721

00:31:58,680 --> 00:31:54,670

going on than us and it's kind of crazy

722

00:32:01,890 --> 00:31:58,690

so I think they kind of wrapped up the

723

00:32:05,970 --> 00:32:01,900

episode talking about Bigelow and then

724

00:32:08,280 --> 00:32:05,980

you know as and how Bigelow was certain

725

00:32:10,080 --> 00:32:08,290

it was extraterrestrial life and they

726

00:32:12,810 --> 00:32:10,090

kind of they're tossing this idea around

727

00:32:15,380 --> 00:32:12,820

now they've been very like what do they

728

00:32:18,060 --> 00:32:15,390

say pussyfooting around this idea of

729

00:32:20,010 --> 00:32:18,070

could this be extraterrestrial life and

730

00:32:22,650 --> 00:32:20,020

they they talked to an astrophysicist

731

00:32:24,900 --> 00:32:22,660

and he kind of talks about how many

732

00:32:29,610 --> 00:32:24,910

planets are how many could be habitable

733

00:32:32,630 --> 00:32:29,620

and all this stuff and then they wrap up

734

00:32:36,390 --> 00:32:32,640

by Tom and Lew having the emotional

735

00:32:40,590 --> 00:32:36,400

encounter that Shea mentioned talking

736

00:32:42,900 --> 00:32:40,600

about the Navy officially changing their

737

00:32:47,910 --> 00:32:42,910

reporting process and and this is a big

738

00:32:51,000 --> 00:32:47,920

thing and Tom is very much under the

739

00:32:56,130 --> 00:32:51,010

fact of I worked so hard and to see

740

00:32:58,010 --> 00:32:56,140

things actually changing is great you

741

00:33:02,460 --> 00:32:58,020

know there were a couple other meetings

742

00:33:06,720 --> 00:33:02,470

with official insiders and and whatnot

743

00:33:09,210 --> 00:33:06,730

but uh that's a basic that was a long

744

00:33:11,040 --> 00:33:09,220

wrap-up of the basic finale you know

745

00:33:14,370 --> 00:33:11,050

then we have the that I think the

746

00:33:16,650 --> 00:33:14,380

cliffhanger last scene which one where

747

00:33:18,750 --> 00:33:16,660

loose stands out and walks away where

748

00:33:21,120 --> 00:33:18,760

they say do you think the public can

749

00:33:23,700 --> 00:33:21,130

handle the truth yes sorry sorry that

750

00:33:25,890 --> 00:33:23,710

final quote yeah yeah that was the one

751
00:33:28,800 --> 00:33:25,900
moment where I was like in the middle of

752
00:33:30,899 --> 00:33:28,810
a really quiet room and I was listening

753
00:33:34,109 --> 00:33:30,909
on my headphones and I just went oh

754
00:33:37,619 --> 00:33:34,119
I loved it I loved that last moment

755
00:33:40,200 --> 00:33:37,629
there's a TV moment yeah it's such a TV

756
00:33:42,989 --> 00:33:40,210
moment I know and so maybe I just left

757
00:33:46,469 --> 00:33:42,999
that off for that reason I was like well

758
00:33:48,509 --> 00:33:46,479
you know yeah ya know that's a good

759
00:33:50,399 --> 00:33:48,519
point though morning like there were so

760
00:33:54,029 --> 00:33:50,409
much in these last two episodes it felt

761
00:33:56,669 --> 00:33:54,039
so rushed like clearly clearly we know

762
00:33:58,379 --> 00:33:56,679
what this whole season was about and I

763
00:34:00,180 --> 00:33:58,389

won't get ahead of any of what we're

764

00:34:03,029 --> 00:34:00,190

doing here in terms of like the overall

765

00:34:05,219 --> 00:34:03,039

perception of this project but like it's

766

00:34:07,769 --> 00:34:05,229

clear they have an agenda in mind with

767

00:34:09,599 --> 00:34:07,779

what they're doing and that was not any

768

00:34:13,829 --> 00:34:09,609

more obvious than in these last two

769

00:34:15,980 --> 00:34:13,839

episodes I feel yeah Shane did you have

770

00:34:21,599 --> 00:34:15,990

any thoughts on on the final episode

771

00:34:24,119 --> 00:34:21,609

yeah the I wasn't that thrilled with the

772

00:34:26,099 --> 00:34:24,129

whole Italian connection and the meeting

773

00:34:28,919 --> 00:34:26,109

and and all of that in that case in

774

00:34:30,899 --> 00:34:28,929

particular but and it was weird how like

775

00:34:33,629 --> 00:34:30,909

I was just had that weird smile this way

776

00:34:36,359 --> 00:34:33,639

the whole time but yes again I get it's

777

00:34:38,609 --> 00:34:36,369

probably editing and and like marine

778

00:34:41,399 --> 00:34:38,619

mention there's probably hours meeting

779

00:34:43,230 --> 00:34:41,409

not not five minutes wrong and also it

780

00:34:44,760 --> 00:34:43,240

got you've got a camera crew there it's

781

00:34:46,349 --> 00:34:44,770

fun like the guy is probably smiling

782

00:34:50,849 --> 00:34:46,359

saying yeah I'm on TV

783

00:34:52,740 --> 00:34:50,859

yeah exactly I mean yeah we I've heard

784

00:34:55,589 --> 00:34:52,750

from several people that a lot of these

785

00:34:57,779 --> 00:34:55,599

individuals they met with are a little

786

00:35:01,079 --> 00:34:57,789

controversial and less than credible

787

00:35:03,450 --> 00:35:01,089

sure so I I do i I do find it a little

788

00:35:05,250 --> 00:35:03,460

disheartening that they built this up to

789

00:35:08,700 --> 00:35:05,260

be some super important meeting with

790

00:35:10,890 --> 00:35:08,710

some high highly credible officials and

791

00:35:12,930 --> 00:35:10,900

scientists and government people when in

792

00:35:16,109 --> 00:35:12,940

reality these people have kind of been

793

00:35:19,140 --> 00:35:16,119

known for some dubious things in Italy

794

00:35:21,120 --> 00:35:19,150

so the fact that Elizondo didn't know

795

00:35:23,849 --> 00:35:21,130

that or didn't want to broach that topic

796

00:35:27,210 --> 00:35:23,859

it makes me a little wary moving forward

797

00:35:31,109 --> 00:35:27,220

I'm not gonna lie we'll go ahead just

798

00:35:33,839 --> 00:35:31,119

one quick thing is was this trip the

799

00:35:36,390 --> 00:35:33,849

same one that they did where Lou ended

800

00:35:39,180 --> 00:35:36,400

up showing all the was at Maier photos

801
00:35:40,260 --> 00:35:39,190
or whatever yeah he faked is they

802
00:35:41,640 --> 00:35:40,270
wouldn't yes they went there for a

803
00:35:44,279 --> 00:35:41,650
conference - yeah

804
00:35:46,650 --> 00:35:44,289
so that's and you know that was a big

805
00:35:49,230 --> 00:35:46,660
controversial thing and I think that's

806
00:35:51,230 --> 00:35:49,240
why I was saying during my recap like

807
00:35:56,670 --> 00:35:51,240
why the hell didn't they send Mellon

808
00:35:58,589 --> 00:35:56,680
yeah think that maybe maybe they must

809
00:36:00,989 --> 00:35:58,599
have filmed that a really really long

810
00:36:03,480 --> 00:36:00,999
time ago oh yeah well I mean that was

811
00:36:06,420 --> 00:36:03,490
just I think that was only what a year

812
00:36:09,599 --> 00:36:06,430
or two ago I mean I think a year time

813
00:36:11,279 --> 00:36:09,609

flies but yeah seeing pieces bits and

814

00:36:13,559 --> 00:36:11,289

pieces where they've filmed

815

00:36:16,859 --> 00:36:13,569

stuff that we've then been briefed about

816

00:36:19,019 --> 00:36:16,869

already clearly to where it then it's

817

00:36:20,789 --> 00:36:19,029

making it into the TV show but it was

818

00:36:23,700 --> 00:36:20,799

already public knowledge that this kind

819

00:36:26,910 --> 00:36:23,710

of stuff was happening so here's I guess

820

00:36:28,410 --> 00:36:26,920

two things that I want to talk about on

821

00:36:30,839 --> 00:36:28,420

this episode and I will move to our

822

00:36:32,849 --> 00:36:30,849

overall opinions of the series or

823

00:36:35,670 --> 00:36:32,859

thoughts on the series but in both

824

00:36:39,690 --> 00:36:35,680

episode 5 and 6 there was something

825

00:36:42,630 --> 00:36:39,700

major that I noticed with Lu's going to

826

00:36:46,620 --> 00:36:42,640

visit people and that is he didn't bring

827

00:36:48,989 --> 00:36:46,630

his giant backpack no he packed it that

828

00:36:50,309 --> 00:36:48,999

was the opening right no he packed it

829

00:36:52,620 --> 00:36:50,319

but when you see him going into people's

830

00:36:55,079 --> 00:36:52,630

houses to meet people he didn't have his

831

00:36:56,789 --> 00:36:55,089

backpack I noticed that too

832

00:37:02,579 --> 00:36:56,799

yes yeah I realized what a pain in the

833

00:37:05,370 --> 00:37:02,589

ass right if you like busted it out and

834

00:37:09,329 --> 00:37:05,380

just to put the thumb drive and do it

835

00:37:14,370 --> 00:37:09,339

yes would be amazing I know where I'm

836

00:37:17,880 --> 00:37:14,380

putting this in my backpack that I

837

00:37:19,259 --> 00:37:17,890

really hope that at least they gave them

838

00:37:23,400 --> 00:37:19,269

something in return

839

00:37:25,739 --> 00:37:23,410

no I thought that was actually bizarre

840

00:37:29,190 --> 00:37:25,749

I'm glad you brought it up it's weird

841

00:37:32,099 --> 00:37:29,200

that they the the guy said hey if you

842

00:37:34,380 --> 00:37:32,109

you know if we show you the hours you're

843

00:37:37,170 --> 00:37:34,390

gonna show us or yours right yeah I mean

844

00:37:38,220 --> 00:37:37,180

that whole thing and then you shut that

845

00:37:40,620 --> 00:37:38,230

down no sorry

846

00:37:43,019 --> 00:37:40,630

and then they're driving off with you

847

00:37:45,660 --> 00:37:43,029

know thirteen thousand cases and the the

848

00:37:48,779 --> 00:37:45,670

Italians entire record of their UFO

849

00:37:51,630 --> 00:37:48,789

activity I mean I again maybe editing

850

00:37:54,720 --> 00:37:51,640

but that just seemed really odd to me

851
00:37:55,020 --> 00:37:54,730
you know yes I you know I don't I don't

852
00:37:57,360 --> 00:37:55,030
know

853
00:37:58,890 --> 00:37:57,370
just like who the hell would want to

854
00:38:02,130 --> 00:37:58,900
work with us if we're gonna hang that

855
00:38:04,890 --> 00:38:02,140
right yeah here's like big bad us that's

856
00:38:06,690 --> 00:38:04,900
right we're doing something different

857
00:38:07,830 --> 00:38:06,700
than the US government but hey we're

858
00:38:12,000 --> 00:38:07,840
gonna operate just like the US

859
00:38:14,760 --> 00:38:12,010
government give us the info we're gonna

860
00:38:17,730 --> 00:38:14,770
we're gonna be cool and take all your

861
00:38:19,650 --> 00:38:17,740
info but yeah we're better than you so

862
00:38:21,510 --> 00:38:19,660
you can't have any but here's the thing

863
00:38:24,210 --> 00:38:21,520

to keep in TV in mind we could probably

864

00:38:29,730 --> 00:38:24,220

reach out to Pineau T and he'd probably

865

00:38:31,740 --> 00:38:29,740

send us that same file because other and

866

00:38:35,280 --> 00:38:31,750

I think maybe that was the most

867

00:38:38,250 --> 00:38:35,290

important part of this international

868

00:38:40,050 --> 00:38:38,260

meeting was stressing that international

869

00:38:41,670 --> 00:38:40,060

governments actually have official

870

00:38:43,620 --> 00:38:41,680

programs that are public and they do

871

00:38:47,430 --> 00:38:43,630

share and release information when they

872

00:38:52,140 --> 00:38:47,440

can and we need to be better about that

873

00:38:55,230 --> 00:38:52,150

so why are we so secretive about

874

00:38:57,450 --> 00:38:55,240

everything when everyone else is doing

875

00:39:00,060 --> 00:38:57,460

something that will benefit humanity

876

00:39:02,730 --> 00:39:00,070

like they said again all this

877

00:39:06,900 --> 00:39:02,740

information is useless if we don't share

878

00:39:10,290 --> 00:39:06,910

it with other countries again yes I get

879

00:39:11,910 --> 00:39:10,300

the whole idea of that this could be a

880

00:39:14,340 --> 00:39:11,920

foreign technology and we need to be

881

00:39:17,130 --> 00:39:14,350

careful or our own and not reveal too

882

00:39:20,760 --> 00:39:17,140

much but there is stuff outside of that

883

00:39:24,150 --> 00:39:20,770

that we can share without being a threat

884

00:39:26,820 --> 00:39:24,160

to our national security so if we're not

885

00:39:29,220 --> 00:39:26,830

sharing those types of things then what

886

00:39:31,460 --> 00:39:29,230

the hell are we doing yeah yeah maybe

887

00:39:35,100 --> 00:39:31,470

the show they were just trying to to

888

00:39:37,980 --> 00:39:35,110

reflect that the UFO phenomenon is

889

00:39:40,380 --> 00:39:37,990

global and that other governments are

890

00:39:41,400 --> 00:39:40,390

doing something and maybe maybe in a way

891

00:39:43,470 --> 00:39:41,410

what they're saying to our own

892

00:39:46,230 --> 00:39:43,480

governments hey look another government

893

00:39:47,000 --> 00:39:46,240

is perfectly willing to pony up all of

894

00:39:49,980 --> 00:39:47,010

its data

895

00:39:54,690 --> 00:39:49,990

maybe you should loosen your grip USA I

896

00:39:57,570 --> 00:39:54,700

don't know no no no no here's a comment

897

00:39:59,550 --> 00:39:57,580

I have on the series overall and I mean

898

00:40:01,980 --> 00:39:59,560

watching these episodes and you know

899

00:40:05,520 --> 00:40:01,990

with that point of like them making it a

900

00:40:07,890 --> 00:40:05,530

point to say oh we just figured out that

901
00:40:11,430 --> 00:40:07,900
the UFO phenomenon is a global one

902
00:40:13,529 --> 00:40:11,440
or oh we just figured out that there's a

903
00:40:15,150 --> 00:40:13,539
might be a nuclear connection to UFOs

904
00:40:17,730 --> 00:40:15,160
because there are lots of UFO cases

905
00:40:20,220 --> 00:40:17,740
around nukes it reminds me of watching

906
00:40:23,370 --> 00:40:20,230
anyone just diving into the UFO subject

907
00:40:24,930 --> 00:40:23,380
for the first time and I mean I said

908
00:40:27,120 --> 00:40:24,940
that from that one of the first public

909
00:40:28,710 --> 00:40:27,130
appearance as we saw with Lou Elizondo

910
00:40:30,450 --> 00:40:28,720
you know what the MUFON symposium or

911
00:40:32,010 --> 00:40:30,460
whatever where he was sort of pandering

912
00:40:33,839 --> 00:40:32,020
in my opinion and telling people you

913
00:40:36,329 --> 00:40:33,849

know you were right all along

914

00:40:39,779 --> 00:40:36,339

you know after he just figured that out

915

00:40:41,609 --> 00:40:39,789

that UFOs exist it seems like what it is

916

00:40:43,470 --> 00:40:41,619

somebody just getting into looking into

917

00:40:45,779 --> 00:40:43,480

UFOs for the first time and realizing oh

918

00:40:48,240 --> 00:40:45,789

wow there are a lot of UFOs out there a

919

00:40:52,890 --> 00:40:48,250

lot of people see UFOs military sees

920

00:40:56,420 --> 00:40:52,900

UFOs what's going on people tell us yeah

921

00:40:59,099 --> 00:40:56,430

I mean it's presenting this information

922

00:41:00,660 --> 00:40:59,109

again like it's the first time and I

923

00:41:03,839 --> 00:41:00,670

don't have a problem with that look I

924

00:41:05,670 --> 00:41:03,849

think because this show is for people

925

00:41:07,470 --> 00:41:05,680

who aren't familiar with these topics

926
00:41:09,329 --> 00:41:07,480
and don't research it and study it like

927
00:41:12,000 --> 00:41:09,339
we do I think that's great

928
00:41:14,250 --> 00:41:12,010
but you know I think the execution might

929
00:41:16,260 --> 00:41:14,260
need a little work and you know I

930
00:41:18,599 --> 00:41:16,270
personally I think the episodes work

931
00:41:21,120 --> 00:41:18,609
better as 30-minute episodes because the

932
00:41:23,579 --> 00:41:21,130
hour I mean they have about 10 to 15

933
00:41:25,650 --> 00:41:23,589
minutes worth of content in my opinion

934
00:41:27,510 --> 00:41:25,660
they need each episode because like

935
00:41:29,460 --> 00:41:27,520
every five minutes they're doing a recap

936
00:41:30,900 --> 00:41:29,470
of what they already showed us in or a

937
00:41:33,120 --> 00:41:30,910
recap of what they already showed us in

938
00:41:34,380 --> 00:41:33,130

the previous episodes or they're telling

939

00:41:36,779 --> 00:41:34,390

us what's coming up in the next five

940

00:41:39,390 --> 00:41:36,789

minutes like you hear the same thing

941

00:41:41,160 --> 00:41:39,400

over and over and over again yeah every

942

00:41:43,980 --> 00:41:41,170

episode has gone back to like Episode

943

00:41:46,079 --> 00:41:43,990

one in episode 2 of a favor and and the

944

00:41:48,359 --> 00:41:46,089

wingman pilot and you noticed all these

945

00:41:50,069 --> 00:41:48,369

same clips over and over and over and

946

00:41:52,620 --> 00:41:50,079

yell dude you have these hour-long

947

00:41:54,930 --> 00:41:52,630

episodes you've only got six episodes

948

00:41:56,579 --> 00:41:54,940

and like the ending on these felt rushed

949

00:41:58,440 --> 00:41:56,589

they don't need to be rushed because

950

00:42:00,359 --> 00:41:58,450

they've got so much time they could fill

951

00:42:02,849 --> 00:42:00,369

with content but it's all just like

952

00:42:04,650 --> 00:42:02,859

rehashing over and over yeah the same

953

00:42:07,079 --> 00:42:04,660

stuff and setting up what's coming up

954

00:42:09,329 --> 00:42:07,089

when one thing I forgot to mention that

955

00:42:12,960 --> 00:42:09,339

I think was also kind of an important

956

00:42:16,680 --> 00:42:12,970

little comment in the last episode was

957

00:42:19,720 --> 00:42:16,690

when melon was with Harry Reid and he

958

00:42:20,829 --> 00:42:19,730

asked him about the extra-terrestrial

959

00:42:24,269 --> 00:42:20,839

[Music]

960

00:42:29,880 --> 00:42:24,279

Chenin topic and whether he feels it's

961

00:42:33,069 --> 00:42:29,890

similar to what Bob Bigelow thinks and

962

00:42:36,099 --> 00:42:33,079

Reid said basically he thought it would

963

00:42:39,549 --> 00:42:36,109

affect his credibility right if he says

964

00:42:43,180 --> 00:42:39,559

something about everything he knows and

965

00:42:45,759 --> 00:42:43,190

he basically alluded to a statement

966

00:42:50,380 --> 00:42:45,769

knowing something about extraterrestrial

967

00:42:54,910 --> 00:42:50,390

life right and it sounded like he was

968

00:42:57,910 --> 00:42:54,920

kind of alluding to the fact that this

969

00:43:00,279 --> 00:42:57,920

could be very alien in nature right I

970

00:43:01,079 --> 00:43:00,289

could be wrong but that was the way it

971

00:43:03,609 --> 00:43:01,089

sounded

972

00:43:05,079 --> 00:43:03,619

yeah no I got that same same impression

973

00:43:08,680 --> 00:43:05,089

from what he was saying I think that's

974

00:43:12,519 --> 00:43:08,690

what he was alluding to me too which is

975

00:43:14,559 --> 00:43:12,529

strange I mean you know I get excited

976

00:43:16,829 --> 00:43:14,569

when I hear things like that and you

977

00:43:21,099 --> 00:43:16,839

know he is certainly an incredibly

978

00:43:23,799 --> 00:43:21,109

important person he's I think you know

979

00:43:27,339 --> 00:43:23,809

he's a trustworthy guy probably very

980

00:43:29,620 --> 00:43:27,349

credible but you know I have to remember

981

00:43:32,859 --> 00:43:29,630

and keep in mind that you know we see a

982

00:43:34,539 --> 00:43:32,869

lot of these old guys and you know he

983

00:43:38,229 --> 00:43:34,549

was looking both for my old pretty old

984

00:43:39,969 --> 00:43:38,239

on that episode but you know it reminds

985

00:43:42,729 --> 00:43:39,979

me of Paul Hellyer it really does when

986

00:43:46,089 --> 00:43:42,739

when this kind of stuff happens and he's

987

00:43:49,089 --> 00:43:46,099

you know important people who had

988

00:43:52,599 --> 00:43:49,099

high-ranking government positions start

989

00:43:55,479 --> 00:43:52,609

saying this stuff in public making some

990

00:43:57,579 --> 00:43:55,489

pretty incredible claims and the source

991

00:43:59,950 --> 00:43:57,589

of those claims are what people have

992

00:44:02,049 --> 00:43:59,960

told them not anything that they you

993

00:44:04,450 --> 00:44:02,059

know found out personally in their

994

00:44:06,400 --> 00:44:04,460

official capacity or anything but as

995

00:44:08,170 --> 00:44:06,410

they got older they started you know as

996

00:44:10,690 --> 00:44:08,180

old people do start listening to stories

997

00:44:13,299 --> 00:44:10,700

and they have no reason to not believe

998

00:44:15,219 --> 00:44:13,309

the stories being told to them so like

999

00:44:17,799 --> 00:44:15,229

Paul Hellyer reading a lot of books and

1000

00:44:19,959 --> 00:44:17,809

talking to friends and stuff like got

1001
00:44:23,620 --> 00:44:19,969
these ideas that are all sorts of aliens

1002
00:44:26,709 --> 00:44:23,630
here so I wonder if that's partially

1003
00:44:28,660 --> 00:44:26,719
true with Senator Reid and he's even

1004
00:44:31,930 --> 00:44:28,670
said like he hasn't personally gone

1005
00:44:34,390 --> 00:44:31,940
through you know the the reports from

1006
00:44:36,800 --> 00:44:34,400
stuff that that a chip did

1007
00:44:39,590 --> 00:44:36,810
you know just had like staffers do it or

1008
00:44:41,990 --> 00:44:39,600
something but like he's relying on third

1009
00:44:43,760 --> 00:44:42,000
hand testimony and stories and stuff to

1010
00:44:45,440 --> 00:44:43,770
form his opinions that's just my opinion

1011
00:44:47,570 --> 00:44:45,450
you know what do I know he could know

1012
00:44:48,980 --> 00:44:47,580
that you know and he hangs out with Bob

1013
00:44:49,850 --> 00:44:48,990

Bigelow which he probably does good

1014

00:44:51,320 --> 00:44:49,860

they're buddies and they're both in

1015

00:44:55,820 --> 00:44:51,330

Vegas like maybe they hang out and have

1016

00:44:59,330 --> 00:44:55,830

parties with aliens so yeah I mean we

1017

00:45:03,200 --> 00:44:59,340

also know that I think the end the

1018

00:45:05,330 --> 00:45:03,210

cliffhanger are two was basically the

1019

00:45:08,450 --> 00:45:05,340

fact that the government still is

1020

00:45:12,800 --> 00:45:08,460

running a project just because a tip is

1021

00:45:15,320 --> 00:45:12,810

no longer officially quote-unquote

1022

00:45:18,710 --> 00:45:15,330

running there was never a paper saying

1023

00:45:21,350 --> 00:45:18,720

it ended and that they basically Lew was

1024

00:45:24,730 --> 00:45:21,360

saying there for sure is still a

1025

00:45:28,250 --> 00:45:24,740

multi-agency program going on now

1026

00:45:30,530 --> 00:45:28,260

involving the study so and here's the

1027

00:45:33,200 --> 00:45:30,540

interesting thing with that too that you

1028

00:45:35,510 --> 00:45:33,210

know I'm keeping an eye on is you know

1029

00:45:37,850 --> 00:45:35,520

we know left his position and you know

1030

00:45:40,490 --> 00:45:37,860

he says that there's you know some bad

1031

00:45:42,080 --> 00:45:40,500

feelings still there because of his

1032

00:45:47,200 --> 00:45:42,090

leaving his position and sort of

1033

00:45:50,780 --> 00:45:47,210

exposing what a tip was but to the Stars

1034

00:45:53,990 --> 00:45:50,790

Academy is still like actively working

1035

00:45:57,800 --> 00:45:54,000

and trying to enhance their partnerships

1036

00:46:00,890 --> 00:45:57,810

with the government and you know despite

1037

00:46:02,150 --> 00:46:00,900

Lou saying these bad things about HF and

1038

00:46:04,010 --> 00:46:02,160

leaving a tip because he was frustrated

1039

00:46:05,840 --> 00:46:04,020

with it they're trying to work with them

1040

00:46:08,810 --> 00:46:05,850

and he's also saying that you know it's

1041

00:46:12,400 --> 00:46:08,820

not just operated by one group now it's

1042

00:46:15,620 --> 00:46:12,410

spread out to you know be more effective

1043

00:46:17,180 --> 00:46:15,630

so it sounds like that's a positive it

1044

00:46:19,790 --> 00:46:17,190

sounds like they're they're able to do

1045

00:46:22,220 --> 00:46:19,800

better work and get more answers but

1046

00:46:24,980 --> 00:46:22,230

still they're apparently not good

1047

00:46:27,320 --> 00:46:24,990

so yeah well let's not forget the fact

1048

00:46:29,690 --> 00:46:27,330

that that you know the gentleman that

1049

00:46:33,140 --> 00:46:29,700

came up and spoke to you guys after one

1050

00:46:35,440 --> 00:46:33,150

of your panels at alien Con was very you

1051
00:46:38,660 --> 00:46:35,450
know they have to be approved these

1052
00:46:42,350 --> 00:46:38,670
these statements they're making have to

1053
00:46:44,330 --> 00:46:42,360
be approved by Martin defense so right I

1054
00:46:46,160 --> 00:46:44,340
mean this is all going into the

1055
00:46:46,820 --> 00:46:46,170
conspiracy that all the people launched

1056
00:46:49,520 --> 00:46:46,830
about whether

1057
00:46:52,490 --> 00:46:49,530
or not this is slow disclosure whether

1058
00:46:56,120 --> 00:46:52,500
this is kind of trickiness into a dhoti

1059
00:46:59,080 --> 00:46:56,130
like Paul bennewitz situation or or

1060
00:47:01,160 --> 00:46:59,090
what-have-you or some people think it's

1061
00:47:06,800 --> 00:47:01,170
advertisement for the space forests that

1062
00:47:08,300 --> 00:47:06,810
are or what have you very you know I

1063
00:47:11,570 --> 00:47:08,310

don't know I'm not reading too much into

1064

00:47:14,000 --> 00:47:11,580

it but yeah I think the thing I sort of

1065

00:47:17,630 --> 00:47:14,010

took away from the last two episodes and

1066

00:47:19,880 --> 00:47:17,640

I guess the whole thing is that I always

1067

00:47:22,490 --> 00:47:19,890

come back to something jason said when

1068

00:47:25,760 --> 00:47:22,500

the show I think was on its first

1069

00:47:27,710 --> 00:47:25,770

episode and it just keeps driving home

1070

00:47:30,320 --> 00:47:27,720

for me the fact that this is one

1071

00:47:32,810 --> 00:47:30,330

narrative and one angle to all of this

1072

00:47:35,030 --> 00:47:32,820

and it's Tom DeLonge his narrative and

1073

00:47:36,770 --> 00:47:35,040

to the stars and the people he's working

1074

00:47:39,020 --> 00:47:36,780

with and I think it's important to

1075

00:47:41,120 --> 00:47:39,030

remember that no matter what - the star

1076

00:47:42,980 --> 00:47:41,130

says no matter what they came to in

1077

00:47:47,150 --> 00:47:42,990

terms of conclusions which I don't think

1078

00:47:48,920 --> 00:47:47,160

was anything that people all around the

1079

00:47:50,990 --> 00:47:48,930

world are having UFO sightings in

1080

00:47:54,440 --> 00:47:51,000

reporting them and it weird experiences

1081

00:47:56,870 --> 00:47:54,450

and that we should we should focus on

1082

00:47:58,400 --> 00:47:56,880

that till the start is gonna be doing

1083

00:47:59,900 --> 00:47:58,410

this we know it's about the military we

1084

00:48:02,270 --> 00:47:59,910

know it's about a threat we know it's

1085

00:48:03,950 --> 00:48:02,280

about building technology we didn't even

1086

00:48:06,560 --> 00:48:03,960

see anything from the atom project

1087

00:48:08,810 --> 00:48:06,570

what's really disappointed me I know

1088

00:48:11,960 --> 00:48:08,820

that's probably gonna be the most like

1089

00:48:14,630 --> 00:48:11,970

the longest journey when it comes to the

1090

00:48:16,820 --> 00:48:14,640

Stars is analysing metamaterials and

1091

00:48:19,250 --> 00:48:16,830

everything but I was really overall

1092

00:48:23,870 --> 00:48:19,260

disappointed with the series but it was

1093

00:48:26,180 --> 00:48:23,880

so well done and so slick and so like it

1094

00:48:28,610 --> 00:48:26,190

was cool it was cool to watch the show

1095

00:48:30,920 --> 00:48:28,620

play out and they had their own story

1096

00:48:35,600 --> 00:48:30,930

but at the end of the day it taught me

1097

00:48:37,400 --> 00:48:35,610

almost nothing except that Tom DeLonge

1098

00:48:42,140 --> 00:48:37,410

makes some pretty cool

1099

00:48:44,270 --> 00:48:42,150

background music to write you know um I

1100

00:48:47,390 --> 00:48:44,280

just curious what you guys think about

1101

00:48:51,980 --> 00:48:47,400

this you know um and we touched on a

1102

00:48:55,160 --> 00:48:51,990

little bit obviously Lou and Chris and

1103

00:49:00,229 --> 00:48:55,170

Steve and and you know the the big names

1104

00:49:02,299 --> 00:49:00,239

in TTS a are not you know ufologist

1105

00:49:06,319 --> 00:49:02,309

they're not historically knowledgeable

1106

00:49:09,559 --> 00:49:06,329

about ufology I would say Thomas that

1107

00:49:11,569 --> 00:49:09,569

Tom would be a but I don't know if they

1108

00:49:14,329 --> 00:49:11,579

have other people advising or not so

1109

00:49:17,479 --> 00:49:14,339

like kind of taking a swing and a Miss

1110

00:49:19,999 --> 00:49:17,489

on explaining Rendlesham for example or

1111

00:49:22,249 --> 00:49:20,009

some of these other cases or or missing

1112

00:49:25,999 --> 00:49:22,259

cases that might have made the point

1113

00:49:28,699 --> 00:49:26,009

better I I just I wonder is it because

1114

00:49:30,679 --> 00:49:28,709

maybe they lack that perspective and I

1115

00:49:33,829 --> 00:49:30,689

know I know you guys have said the show

1116

00:49:35,959 --> 00:49:33,839

is really you know geared toward the

1117

00:49:40,789 --> 00:49:35,969

person who's on not knowledgeable about

1118

00:49:43,159 --> 00:49:40,799

UFOs but you know obviously the UFO

1119

00:49:44,749 --> 00:49:43,169

community is watching and is supportive

1120

00:49:46,879 --> 00:49:44,759

and at the same time they're critical

1121

00:49:49,039 --> 00:49:46,889

and all those things but I just curious

1122

00:49:53,059 --> 00:49:49,049

if they really have the level of

1123

00:49:56,269 --> 00:49:53,069

knowledge of ufology in general and of

1124

00:49:58,249 --> 00:49:56,279

specific cases to really be able to you

1125

00:50:01,609 --> 00:49:58,259

know present it in in the most accurate

1126
00:50:03,769 --> 00:50:01,619
way yeah that's a good concern but you

1127
00:50:08,239 --> 00:50:03,779
know I I think you know that's not

1128
00:50:10,639 --> 00:50:08,249
really their focus and and again this is

1129
00:50:13,399 --> 00:50:10,649
just my opinion but you know you have

1130
00:50:17,889 --> 00:50:13,409
Lou who worked for a government UFO

1131
00:50:20,739 --> 00:50:17,899
project and you have Tom who is

1132
00:50:24,979 --> 00:50:20,749
extremely well read on this subject

1133
00:50:29,719 --> 00:50:24,989
knows a whole lot about this subject but

1134
00:50:33,139 --> 00:50:29,729
also has his established beliefs and and

1135
00:50:36,799 --> 00:50:33,149
you know he has been very vocal in the

1136
00:50:39,259 --> 00:50:36,809
past about the narrative and motives and

1137
00:50:41,689 --> 00:50:39,269
everything that's going on he feels that

1138
00:50:45,039 --> 00:50:41,699

you know he's got some of those answers

1139

00:50:48,559 --> 00:50:45,049

and he feels that he's had some of these

1140

00:50:53,389 --> 00:50:48,569

beliefs of his confirmed by higher-ups

1141

00:50:55,779 --> 00:50:53,399

so I think for their party of people

1142

00:50:58,459 --> 00:50:55,789

they've established this group and

1143

00:51:01,459 --> 00:50:58,469

that's the knowledge and that's the

1144

00:51:03,769 --> 00:51:01,469

narrative they're going with they're

1145

00:51:05,649 --> 00:51:03,779

using a lot of resources they have to I

1146

00:51:08,779 --> 00:51:05,659

mean we know they're working with or

1147

00:51:12,839 --> 00:51:08,789

have worked with at some point a whole

1148

00:51:16,529 --> 00:51:14,370

I was just gonna say sometimes it's

1149

00:51:18,390 --> 00:51:16,539

better not to have a panel of a whole

1150

00:51:20,549 --> 00:51:18,400

bunch of people really well-versed in

1151
00:51:23,910 --> 00:51:20,559
the UFO field especially when it comes

1152
00:51:27,829 --> 00:51:23,920
down to testing trace evidence that's

1153
00:51:30,779 --> 00:51:27,839
extremely important because I always see

1154
00:51:32,400 --> 00:51:30,789
every single time it's like oh we have

1155
00:51:33,839 --> 00:51:32,410
this awesome piece of metal and this has

1156
00:51:35,999 --> 00:51:33,849
happened to projects I've been involved

1157
00:51:37,979 --> 00:51:36,009
in and we like we found this awesome lab

1158
00:51:40,259 --> 00:51:37,989
to do it these people are very credible

1159
00:51:43,469 --> 00:51:40,269
and then you find out it's like well all

1160
00:51:52,289 --> 00:51:43,479
these lab workers or members of MUFON

1161
00:51:55,289 --> 00:51:52,299
like yeah you know this is this is the

1162
00:51:59,130 --> 00:51:55,299
thing about TV - as I guarantee you all

1163
00:52:01,289 --> 00:51:59,140

the story producers spent quite a bit of

1164

00:52:02,849 --> 00:52:01,299

time researching each case doesn't mean

1165

00:52:05,849 --> 00:52:02,859

they know everything they'll miss stuff

1166

00:52:11,549 --> 00:52:05,859

but they're the ones that are sort of

1167

00:52:17,039 --> 00:52:11,559

relaying the story and so get the Carl

1168

00:52:20,609 --> 00:52:17,049

Sagan quote yeah I should tell the

1169

00:52:23,670 --> 00:52:20,619

viewers or listeners this because it

1170

00:52:27,150 --> 00:52:23,680

drove me crazy because as much as I love

1171

00:52:28,650 --> 00:52:27,160

Chris Mellon round two I mentioned this

1172

00:52:31,019 --> 00:52:28,660

the first time he said it I think in

1173

00:52:34,890 --> 00:52:31,029

Episode one he brings up the Carl Sagan

1174

00:52:43,309 --> 00:52:34,900

quote and he misquote sit again and I

1175

00:52:46,170 --> 00:52:43,319

texted these guys and I was like right

1176
00:52:50,249 --> 00:52:46,180
what we think guys overall Maureen what

1177
00:52:52,650 --> 00:52:50,259
do you think of the series I think they

1178
00:52:54,900 --> 00:52:52,660
did a good job of making it seem like a

1179
00:52:58,979 --> 00:52:54,910
credible topic yeah I will say that

1180
00:53:01,979 --> 00:52:58,989
obviously that's my general opinion my

1181
00:53:04,140 --> 00:53:01,989
overall personal opinion as a UFO

1182
00:53:05,160 --> 00:53:04,150
researcher obviously like I said there

1183
00:53:09,059 --> 00:53:05,170
were times where I was extremely

1184
00:53:13,039 --> 00:53:09,069
frustrated and annoyed and I had a lot

1185
00:53:16,529 --> 00:53:13,049
of other feelings but overall I will say

1186
00:53:19,529 --> 00:53:16,539
they brought it to a more credible level

1187
00:53:22,289 --> 00:53:19,539
for the general public and for that

1188
00:53:25,099 --> 00:53:22,299

reason hats off to them yeah absolutely

1189

00:53:26,730 --> 00:53:25,109

what about you Shane yeah I think

1190

00:53:31,020 --> 00:53:26,740

similarly

1191

00:53:35,310 --> 00:53:31,030

I think if their goal was to educate the

1192

00:53:37,500 --> 00:53:35,320

general public on the importance of UFOs

1193

00:53:40,109 --> 00:53:37,510

in a relationship that has with the

1194

00:53:43,770 --> 00:53:40,119

military and bringing them along

1195

00:53:45,900 --> 00:53:43,780

carefully and easily I think they they

1196

00:53:48,570 --> 00:53:45,910

did a pretty good job it was different

1197

00:53:53,010 --> 00:53:48,580

than any other UFO show it was less

1198

00:53:55,859 --> 00:53:53,020

entertainment more informational but you

1199

00:53:57,690 --> 00:53:55,869

know again from our perspective having

1200

00:54:00,240 --> 00:53:57,700

you know deeper knowledge on the subject

1201
00:54:02,670 --> 00:54:00,250
yeah it was a little frustrating but I

1202
00:54:07,109 --> 00:54:02,680
think and the second piece if their goal

1203
00:54:10,589 --> 00:54:07,119
was also to use the show in combination

1204
00:54:14,310 --> 00:54:10,599
with their efforts in Washington DC to

1205
00:54:16,589 --> 00:54:14,320
generate interest and commentary from

1206
00:54:19,920 --> 00:54:16,599
Congress in other words bring this thing

1207
00:54:21,570 --> 00:54:19,930
out of the fringe into a political arena

1208
00:54:23,790 --> 00:54:21,580
where it can be addressed which is

1209
00:54:25,710 --> 00:54:23,800
really what has to happen for disclosure

1210
00:54:28,440 --> 00:54:25,720
in the first place they're the ones that

1211
00:54:31,109 --> 00:54:28,450
control you know whether it's disclosing

1212
00:54:34,560 --> 00:54:31,119
us I think they moved the needle forward

1213
00:54:37,140 --> 00:54:34,570

on that too as well so I think you know

1214

00:54:39,990 --> 00:54:37,150

overall if they hit their target they

1215

00:54:43,290 --> 00:54:40,000

they wanted to I think they did and I

1216

00:54:44,760 --> 00:54:43,300

think it you know was pretty impressive

1217

00:54:47,130 --> 00:54:44,770

and it was different than what we've

1218

00:54:49,980 --> 00:54:47,140

seen before so so in general I liked it

1219

00:54:52,020 --> 00:54:49,990

yeah I did you and I agree with Ryan I

1220

00:54:55,550 --> 00:54:52,030

think it was a really slick show it was

1221

00:54:57,630 --> 00:54:55,560

it was a you know fun visually to watch

1222

00:55:00,300 --> 00:54:57,640

you're right Shane different than other

1223

00:55:02,490 --> 00:55:00,310

UFO shows and something we've talked

1224

00:55:05,280 --> 00:55:02,500

about on a few of these episodes is just

1225

00:55:08,430 --> 00:55:05,290

how great it was to have there their

1226
00:55:10,170 --> 00:55:08,440
focus many times on D stigmatizing the

1227
00:55:11,670 --> 00:55:10,180
topic that was really important really

1228
00:55:12,150 --> 00:55:11,680
great to see how they kept harping on

1229
00:55:15,930 --> 00:55:12,160
that

1230
00:55:18,810 --> 00:55:15,940
but of course the show was primarily

1231
00:55:20,970 --> 00:55:18,820
focused on the military it did have that

1232
00:55:23,010 --> 00:55:20,980
narrative going and and certainly some

1233
00:55:24,570 --> 00:55:23,020
agendas there and that's one of the

1234
00:55:26,010 --> 00:55:24,580
negatives I thought I mean that I think

1235
00:55:28,829 --> 00:55:26,020
that brought some credibility to the

1236
00:55:30,359 --> 00:55:28,839
topic but at the same time like we've

1237
00:55:33,900 --> 00:55:30,369
already discussed on this episode I

1238
00:55:37,710 --> 00:55:33,910

think it sort of painted an inaccurate

1239

00:55:39,340 --> 00:55:37,720

picture that maybe showing that UFOs

1240

00:55:42,550 --> 00:55:39,350

only appear

1241

00:55:44,110 --> 00:55:42,560

- you know fighter pilots he didn't

1242

00:55:46,570 --> 00:55:44,120

offer to like some fishermen in Mexico

1243

00:55:48,970 --> 00:55:46,580

who talked about it but primarily it was

1244

00:55:51,580 --> 00:55:48,980

like Oh our military are seeing these

1245

00:55:53,950 --> 00:55:51,590

things and then oh we just figured out

1246

00:55:57,970 --> 00:55:53,960

that UFOs are seen in other countries -

1247

00:56:02,190 --> 00:55:57,980

I I just think the UFO history and in

1248

00:56:04,540 --> 00:56:02,200

the UFO reality as a whole sort of

1249

00:56:07,270 --> 00:56:04,550

misrepresented but again with the focus

1250

00:56:08,770 --> 00:56:07,280

on military focus on Congress you know

1251

00:56:11,770 --> 00:56:08,780

they knew what they were doing but

1252

00:56:13,540 --> 00:56:11,780

overall I liked the show I pretty

1253

00:56:16,150 --> 00:56:13,550

confident that it will be coming back

1254

00:56:18,250 --> 00:56:16,160

for a season - and I think because of

1255

00:56:20,320 --> 00:56:18,260

that and having season one under their

1256

00:56:22,300 --> 00:56:20,330

belt I think it will be a more more

1257

00:56:24,580 --> 00:56:22,310

polished product and they'll be a little

1258

00:56:25,840 --> 00:56:24,590

more comfortable and I think the the

1259

00:56:28,180 --> 00:56:25,850

storytelling will benefit from that

1260

00:56:31,690 --> 00:56:28,190

hopefully yeah yeah we'll see

1261

00:56:34,030 --> 00:56:31,700

and also if they ever interview Colonel

1262

00:56:36,640 --> 00:56:34,040

halt again I'm very curious to see if he

1263

00:56:39,760 --> 00:56:36,650

ages at all because I haven't seen him

1264

00:56:42,610 --> 00:56:39,770

in person maybe for five years or so and

1265

00:56:44,680 --> 00:56:42,620

I swear he hasn't aged at all in the

1266

00:56:46,570 --> 00:56:44,690

last two decades and it's the same with

1267

00:56:49,810 --> 00:56:46,580

Travis Walton there's some weird stuff

1268

00:56:56,860 --> 00:56:54,430

alien experiences do not age yeah what

1269
