

**INTERVIEWS FROM THE
2019 IUFOC**

episode 28 . 19

1
00:00:13,930 --> 00:00:11,160
reading citizens and welcome to unknown

2
00:00:14,350 --> 00:00:13,940
[Music]

3
00:00:33,160 --> 00:00:14,360
[Applause]

4
00:00:35,740 --> 00:00:33,170
[Music]

5
00:00:38,440 --> 00:00:35,750
I'm Jason McClellan thanks for hanging

6
00:00:40,420 --> 00:00:38,450
out with me the International UFO

7
00:00:42,790 --> 00:00:40,430
Congress took place from September 4th

8
00:00:45,430 --> 00:00:42,800
through the 8th in downtown Phoenix

9
00:00:48,790 --> 00:00:45,440
Arizona although this year marked the I

10
00:00:52,540 --> 00:00:48,800
UFO C's 28th anniversary this was the

11
00:00:54,460 --> 00:00:52,550
events first year in downtown Phoenix it

12
00:00:57,009 --> 00:00:54,470
was also a new time of year for the

13
00:01:00,310 --> 00:00:57,019

event historically the Congress has

14

00:01:02,470 --> 00:01:00,320

taken place in February so it was a year

15

00:01:05,499 --> 00:01:02,480

of big changes for the International UFO

16

00:01:07,389 --> 00:01:05,509

Congress since this conference was kind

17

00:01:08,800 --> 00:01:07,399

enough to move just a few miles down the

18

00:01:11,260 --> 00:01:08,810

street from where I live

19

00:01:13,450 --> 00:01:11,270

of course I popped in here and there to

20

00:01:14,830 --> 00:01:13,460

check it out and to spend some time with

21

00:01:15,749 --> 00:01:14,840

friends and colleagues who were in

22

00:01:18,130 --> 00:01:15,759

attendance

23

00:01:20,770 --> 00:01:18,140

Shane Hurd was there for the full

24

00:01:23,440 --> 00:01:20,780

conference he was pretty busy during the

25

00:01:26,200 --> 00:01:23,450

event but he did manage to sit down for

26

00:01:29,740 --> 00:01:26,210

a brief chat with our mutual friend zuni

27

00:01:33,550 --> 00:01:29,750

elder clifford mahooty I'm here at the

28

00:01:36,100 --> 00:01:33,560

2019 International UFO congress and i am

29

00:01:37,660 --> 00:01:36,110

here with clifford mahooty how are you

30

00:01:41,440 --> 00:01:37,670

doing Clifford and walking the Phoenix

31

00:01:44,280 --> 00:01:41,450

are doing excellent good so listen um

32

00:01:46,600 --> 00:01:44,290

what what brings you to the

33

00:01:49,960 --> 00:01:46,610

International UFO conference what do you

34

00:01:52,240 --> 00:01:49,970

enjoy I enjoy the the talks I enjoy the

35

00:01:53,319 --> 00:01:52,250

people and of course I've been around

36

00:01:55,210 --> 00:01:53,329

this for some time

37

00:01:58,030 --> 00:01:55,220

especially the Congress which is

38

00:02:00,819 --> 00:01:58,040

probably the best and the the biggest in

39

00:02:03,819 --> 00:02:00,829

in the country and I've I enjoyed

40

00:02:07,030 --> 00:02:03,829

b-being to that previous ones so this is

41

00:02:09,609 --> 00:02:07,040

a this is another one of those places

42

00:02:13,000 --> 00:02:09,619

that I really enjoyed listen to the

43

00:02:15,069 --> 00:02:13,010

speakers and of course the the people

44

00:02:17,740 --> 00:02:15,079

they come to these conferences I have a

45

00:02:20,710 --> 00:02:17,750

real good communication with them yeah I

46

00:02:23,800 --> 00:02:20,720

enjoy that too the camaraderie with with

47

00:02:27,880 --> 00:02:23,810

everyone is really special isn't it it

48

00:02:30,099 --> 00:02:27,890

sure is it just like reunion going back

49

00:02:31,900 --> 00:02:30,109

to school or college so that's sort of

50

00:02:35,170 --> 00:02:31,910

like that yeah it's great to see

51
00:02:37,990 --> 00:02:35,180
everyone on so also I was thinking that

52
00:02:40,840 --> 00:02:38,000
you know so much has been happening in

53
00:02:42,830 --> 00:02:40,850
ufology lately the last couple of years

54
00:02:45,559 --> 00:02:42,840
is there anything that the

55
00:02:48,800 --> 00:02:45,569
has really grabbed your attention well

56
00:02:51,740 --> 00:02:48,810
what are the things that you you

57
00:02:54,979 --> 00:02:51,750
ethology is that we're now increasingly

58
00:02:57,920 --> 00:02:54,989
to other areas for example being a

59
00:03:00,440 --> 00:02:57,930
Native American Indian I've included in

60
00:03:02,720 --> 00:03:00,450
some of my lectures the spirituality the

61
00:03:06,920 --> 00:03:02,730
conscious connection mother earth and

62
00:03:10,580 --> 00:03:06,930
also possibility of the star people as

63
00:03:13,580 --> 00:03:10,590

our ancestors but in this in these

64

00:03:16,729 --> 00:03:13,590

meetings we kind of cover all of that in

65

00:03:19,729 --> 00:03:16,739

one one session or at least one

66

00:03:23,180 --> 00:03:19,739

conference so the people are now really

67

00:03:25,610 --> 00:03:23,190

waking up and accepting a lot of things

68

00:03:28,370 --> 00:03:25,620

that was sort of taboo could say way

69

00:03:31,039 --> 00:03:28,380

back about 40 50 years ago yeah

70

00:03:33,860 --> 00:03:31,049

absolutely it's amazing that is so

71

00:03:35,780 --> 00:03:33,870

fascinating that connection so yeah I'm

72

00:03:37,820 --> 00:03:35,790

glad to hear that that people are being

73

00:03:40,100 --> 00:03:37,830

more receptive and and that's really

74

00:03:43,250 --> 00:03:40,110

being talked about it's very encouraging

75

00:03:45,320 --> 00:03:43,260

so I guess the last question I have you

76

00:03:49,009 --> 00:03:45,330

probably have seen this whole business

77

00:03:52,430 --> 00:03:49,019

about storm area51 it's been in the news

78

00:03:54,440 --> 00:03:52,440

a lot what do you think about that well

79

00:03:57,020 --> 00:03:54,450

you know the first impression will be

80

00:03:59,599 --> 00:03:57,030

you know this is sort of like a joke but

81

00:04:01,970 --> 00:03:59,609

I don't I don't think like that I

82

00:04:05,449 --> 00:04:01,980

believe it's something that is part of

83

00:04:08,930 --> 00:04:05,459

the the movement that's happening that

84

00:04:12,770 --> 00:04:08,940

is perhaps put forth by many different

85

00:04:17,000 --> 00:04:12,780

factors of course being the the attack

86

00:04:19,069 --> 00:04:17,010

on some of the things that the

87

00:04:21,500 --> 00:04:19,079

government has held back but I believe

88

00:04:23,900 --> 00:04:21,510

it's sort of like breaking down of a lot

89

00:04:26,690 --> 00:04:23,910

of barriers even though it seems like

90

00:04:29,629 --> 00:04:26,700

it's a fun event or it's sort of busier

91

00:04:32,240 --> 00:04:29,639

event but I believe that it's part of

92

00:04:35,719 --> 00:04:32,250

the breaking down at the disclosure of

93

00:04:40,010 --> 00:04:35,729

what has been held back for many many

94

00:04:42,529 --> 00:04:40,020

years so I really hope that a lot of

95

00:04:44,390 --> 00:04:42,539

these efforts are being brought out at

96

00:04:46,790 --> 00:04:44,400

different parts of the country yeah

97

00:04:48,860 --> 00:04:46,800

excellent that that's a great take on

98

00:04:51,170 --> 00:04:48,870

that well thank you so much and

99

00:04:53,060 --> 00:04:51,180

appreciate your time and and enjoy the

100

00:04:55,850 --> 00:04:53,070

rest of conference excellent thank you

101
00:04:56,250 --> 00:04:55,860
very much you bet Shane also caught up

102
00:04:59,010 --> 00:04:56,260
with

103
00:05:01,380 --> 00:04:59,020
and a the retired US Navy senior chief

104
00:05:04,200 --> 00:05:01,390
operations specialist who was a radar

105
00:05:07,200 --> 00:05:04,210
operator on the USS Princeton during the

106
00:05:09,140 --> 00:05:07,210
now-infamous tick-tack UFO incident that

107
00:05:15,240 --> 00:05:09,150
occurred off the coast of San Diego in

108
00:05:16,290 --> 00:05:15,250
2004 thank you my honor and pleasure to

109
00:05:18,600 --> 00:05:16,300
be speaking with you

110
00:05:20,970 --> 00:05:18,610
thanks so much listen I know you're on

111
00:05:21,720 --> 00:05:20,980
the program and you you're on a panel

112
00:05:23,460 --> 00:05:21,730
discussion

113
00:05:24,990 --> 00:05:23,470

would you like to kind of give us an

114

00:05:26,610 --> 00:05:25,000

idea what you're talking about and some

115

00:05:28,200 --> 00:05:26,620

highlights well it's gonna be up to the

116

00:05:30,120 --> 00:05:28,210

moderators to be an open question

117

00:05:31,980 --> 00:05:30,130

session so I'm pretty sure they're gonna

118

00:05:36,090 --> 00:05:31,990

be asking me lots about the Nimitz case

119

00:05:38,940 --> 00:05:36,100

that tick tack you you 2004 case and I'm

120

00:05:40,740 --> 00:05:38,950

expecting some questions on post effects

121

00:05:43,800 --> 00:05:40,750

but what happened to me since that time

122

00:05:45,630 --> 00:05:43,810

and I'm pretty sure he'll ask me about

123

00:05:47,880 --> 00:05:45,640

my book that just came out is called the

124

00:05:49,470 --> 00:05:47,890

sailor's anthology and it's on available

125

00:05:51,720 --> 00:05:49,480

on Amazon awesome

126

00:05:55,350 --> 00:05:51,730

and what the provenance of that book is

127

00:05:57,420 --> 00:05:55,360

when I retired in 2008 nobody would

128

00:05:58,890 --> 00:05:57,430

believe my story not even my own mom and

129

00:06:01,650 --> 00:05:58,900

dad and they didn't say that exactly but

130

00:06:03,060 --> 00:06:01,660

I could tell and I got frustrated and I

131

00:06:04,560 --> 00:06:03,070

didn't know what to do I would really

132

00:06:06,270 --> 00:06:04,570

really bug me because I was concerned

133

00:06:08,130 --> 00:06:06,280

about it no these things were a safety

134

00:06:10,590 --> 00:06:08,140

of flight issue and and I was thinking

135

00:06:12,330 --> 00:06:10,600

to myself what if what happened then

136

00:06:15,120 --> 00:06:12,340

happened off the coast of Iran and I did

137

00:06:17,400 --> 00:06:15,130

have missiles could it start a war you

138

00:06:19,200 --> 00:06:17,410

know an unprovoked war that's not what

139

00:06:20,520 --> 00:06:19,210

we want and I was but I didn't know

140

00:06:22,920 --> 00:06:20,530

where to go I didn't know what to do so

141

00:06:24,540 --> 00:06:22,930

what I did do is I wrote the story in a

142

00:06:27,720 --> 00:06:24,550

book and I published it in the Library

143

00:06:30,180 --> 00:06:27,730

of Congress I did not know just in case

144

00:06:32,040 --> 00:06:30,190

the story ever did break it would

145

00:06:33,720 --> 00:06:32,050

provide some sort of contemporary and

146

00:06:36,270 --> 00:06:33,730

his evidence this thing really did

147

00:06:38,610 --> 00:06:36,280

happen and I fictionalized it because

148

00:06:40,850 --> 00:06:38,620

people were still in uniform at the time

149

00:06:43,650 --> 00:06:40,860

and so that's what happened and

150

00:06:46,530 --> 00:06:43,660

Alejandro Rojas is republish my book and

151
00:06:49,910 --> 00:06:46,540
it's now for sale on Amazon so awesome

152
00:06:51,780 --> 00:06:49,920
and we're gonna use the proceeds for

153
00:06:53,160 --> 00:06:51,790
something else that probably gonna ask

154
00:06:56,060 --> 00:06:53,170
me about we're planning an expedition

155
00:06:59,250 --> 00:06:56,070
back to SoCal in November of 2020

156
00:07:02,100 --> 00:06:59,260
because it based on a hunch and a theory

157
00:07:04,830 --> 00:07:02,110
when those objects appeared on our radar

158
00:07:06,390 --> 00:07:04,840
and we intercepted him they acted like a

159
00:07:08,700 --> 00:07:06,400
flock of birds like they didn't want

160
00:07:10,200 --> 00:07:08,710
nothing at all to do with this imagine

161
00:07:11,910 --> 00:07:10,210
throwing seemed out like a bunch of

162
00:07:13,980 --> 00:07:11,920
pigeons on the ground you tossed a rock

163
00:07:16,080 --> 00:07:13,990

and they all fly away and they regroup

164

00:07:16,620 --> 00:07:16,090

and then go in a group yeah to wherever

165

00:07:18,590 --> 00:07:16,630

they're going

166

00:07:20,820 --> 00:07:18,600

that's exactly how these things behaved

167

00:07:23,160 --> 00:07:20,830

and another thing that happened is after

168

00:07:25,620 --> 00:07:23,170

commander flavor returned to the Nimitz

169

00:07:27,810 --> 00:07:25,630

after his flight the next flight was

170

00:07:29,520 --> 00:07:27,820

getting ready to launch and the flight

171

00:07:32,160 --> 00:07:29,530

Lee was his name was Chad Underwood that

172

00:07:34,410 --> 00:07:32,170

his name's just come out and he told

173

00:07:37,230 --> 00:07:34,420

Chad Underwood hey make sure you take a

174

00:07:39,090 --> 00:07:37,240

aircraft with that clear plot on it a

175

00:07:42,270 --> 00:07:39,100

forward-looking infrared radar this

176

00:07:43,560 --> 00:07:42,280

actives and Chad Underwood reply accord

177

00:07:45,780 --> 00:07:43,570

I wasn't there but according to

178

00:07:47,910 --> 00:07:45,790

testimony from other people he said I'm

179

00:07:50,640 --> 00:07:47,920

gonna go find those things and that's

180

00:07:52,500 --> 00:07:50,650

exactly what he did so I believe these

181

00:07:55,440 --> 00:07:52,510

things are findable and I also believe

182

00:07:57,570 --> 00:07:55,450

they're knowable and so we're gonna load

183

00:07:59,160 --> 00:07:57,580

up a research vessel with a bunch of top

184

00:08:00,720 --> 00:07:59,170

physicists and scientists and trained

185

00:08:02,150 --> 00:08:00,730

observers so we're gonna take some new

186

00:08:04,820 --> 00:08:02,160

technologies that are now available

187

00:08:08,100 --> 00:08:04,830

we've teamed up with some people in

188

00:08:09,450 --> 00:08:08,110

Silicon Valley and we're gonna we're

189

00:08:11,430 --> 00:08:09,460

gonna go see if we're right about that

190

00:08:14,760 --> 00:08:11,440

oh that would be fantastic

191

00:08:16,470 --> 00:08:14,770

whatever awesome so the sale at the book

192

00:08:18,630 --> 00:08:16,480

this sales from the book are gonna go

193

00:08:19,560 --> 00:08:18,640

towards that effort awesome that's

194

00:08:22,170 --> 00:08:19,570

terrific

195

00:08:24,270 --> 00:08:22,180

Wow you blew me away with that I was not

196

00:08:25,950 --> 00:08:24,280

expecting that I'll look for for your

197

00:08:28,350 --> 00:08:25,960

updates on that that's not me to read

198

00:08:31,290 --> 00:08:28,360

I'm very excited about it yeah I'm

199

00:08:32,880 --> 00:08:31,300

humbled deeply humbled by the the the

200

00:08:34,440 --> 00:08:32,890

quality and the caliber of people that

201
00:08:36,570 --> 00:08:34,450
are jumping on the team and helping us

202
00:08:39,240 --> 00:08:36,580
helping this effort wow that's gonna be

203
00:08:41,340 --> 00:08:39,250
very impactful I'm sure awesome

204
00:08:44,370 --> 00:08:41,350
well you know there there's a lot going

205
00:08:46,470 --> 00:08:44,380
on in ufology of late and you've really

206
00:08:48,060 --> 00:08:46,480
kind of been at the epicenter of it

207
00:08:49,850 --> 00:08:48,070
are there is there anything that's

208
00:08:52,620 --> 00:08:49,860
catching your attention right now

209
00:08:54,330 --> 00:08:52,630
yeah and I kind of mentioned it already

210
00:08:57,480 --> 00:08:54,340
I was I didn't know there was people

211
00:08:59,460 --> 00:08:57,490
working at UAP ufo-related actual

212
00:09:00,690 --> 00:08:59,470
technologies products there's one guy

213
00:09:02,820 --> 00:09:00,700

sitting right behind us with the made

214

00:09:04,470 --> 00:09:02,830

our system yeah have one there's there's

215

00:09:07,040 --> 00:09:04,480

another system out there

216

00:09:10,650 --> 00:09:07,050

UFO talk - it's not called UFO dat

217

00:09:14,010 --> 00:09:10,660

crystal Bryan's a company there's some

218

00:09:16,770 --> 00:09:14,020

others too and that fascinates me yeah

219

00:09:18,390 --> 00:09:16,780

me too it truly fascinates me

220

00:09:20,670 --> 00:09:18,400

yeah I've checked out his booth yet but

221

00:09:22,710 --> 00:09:20,680

I'm definitely going to he's sitting

222

00:09:24,330 --> 00:09:22,720

over there he's giving a presentation I

223

00:09:26,070 --> 00:09:24,340

think on it yeah under today or maybe

224

00:09:27,960 --> 00:09:26,080

it's tomorrow yeah that'd be terrific

225

00:09:30,030 --> 00:09:27,970

cuz well I'm definitely gonna be at that

226

00:09:32,160 --> 00:09:30,040

one yeah I want I want that gear on my

227

00:09:34,350 --> 00:09:32,170

boat when I go ahead be cool yeah I'm

228

00:09:35,790 --> 00:09:34,360

sure he'd I got a little deal yeah

229

00:09:38,490 --> 00:09:35,800

that's awesome

230

00:09:41,150 --> 00:09:38,500

I just one final question I guess it's

231

00:09:43,230 --> 00:09:41,160

sort of on the pop culture side here

232

00:09:46,740 --> 00:09:43,240

we've been seeing in the news a lot

233

00:09:49,020 --> 00:09:46,750

about the whole storm area51 thing it's

234

00:09:51,930 --> 00:09:49,030

sort of changed and morphed a little bit

235

00:09:53,280 --> 00:09:51,940

maybe into more of a festival but what's

236

00:09:55,410 --> 00:09:53,290

your thought on that whole thing when I

237

00:09:59,130 --> 00:09:55,420

first heard that I was thinking it

238

00:10:01,890 --> 00:09:59,140

reminded me of doctors Jacques Vallee

239

00:10:04,260 --> 00:10:01,900

and and doctor Eric Davis did a paper in

240

00:10:05,460 --> 00:10:04,270

if I don't quote me but I think that the

241

00:10:07,230 --> 00:10:05,470

name of the paper is the

242

00:10:10,140 --> 00:10:07,240

incommensurability of high strangeness

243

00:10:12,210 --> 00:10:10,150

and it's basically a framework for doing

244

00:10:13,430 --> 00:10:12,220

research on these observations and they

245

00:10:16,950 --> 00:10:13,440

broke down different effects that

246

00:10:18,750 --> 00:10:16,960

because these interaction with these

247

00:10:20,130 --> 00:10:18,760

things affects people there's no

248

00:10:21,270 --> 00:10:20,140

question of my did it happen to me

249

00:10:22,590 --> 00:10:21,280

personally and I didn't know what the

250

00:10:26,450 --> 00:10:22,600

hell was wrong with me for a long time

251
00:10:28,710 --> 00:10:26,460
Wow only recently I figured it out and

252
00:10:30,510 --> 00:10:28,720
there's there's six layers that they

253
00:10:33,320 --> 00:10:30,520
laid out and layer six the very last

254
00:10:37,980 --> 00:10:33,330
layer is social effects yes so this area

255
00:10:40,530 --> 00:10:37,990
51 nonsense is a it's a later six social

256
00:10:43,710 --> 00:10:40,540
effect from beli Davis awesome what a

257
00:10:44,150 --> 00:10:43,720
great reference caveat that that is that

258
00:10:46,130 --> 00:10:44,160
is

259
00:10:48,110 --> 00:10:46,140
really something and that's what I see

260
00:10:50,540 --> 00:10:48,120
yeah me too I got me with that that's uh

261
00:10:53,480 --> 00:10:50,550
you know I've been saying you know stay

262
00:10:55,190 --> 00:10:53,490
home stay pre-stain stay home baby safe

263
00:10:57,530 --> 00:10:55,200

yeah yeah that's a very bad idea you

264

00:11:00,290 --> 00:10:57,540

guys don't do this yeah yeah totally but

265

00:11:03,800 --> 00:11:00,300

your thoughts and efforts and doing

266

00:11:05,360 --> 00:11:03,810

something more productive than go and

267

00:11:06,650 --> 00:11:05,370

volunteer in your own town and help you

268

00:11:08,990 --> 00:11:06,660

out your neighbors and that kind of

269

00:11:12,470 --> 00:11:09,000

stuff great advice spend time with your

270

00:11:14,690 --> 00:11:12,480

dog yeah absolutely yeah yeah no kidding

271

00:11:16,400 --> 00:11:14,700

well thank you very much for taking a

272

00:11:19,550 --> 00:11:16,410

few minutes with my pleasure shame and

273

00:11:20,420 --> 00:11:19,560

you're a great great guy and I'm really

274

00:11:22,990 --> 00:11:20,430

looking forward to your presentation

275

00:11:26,240 --> 00:11:23,000

thank you sharing my honor you got it

276

00:11:28,820 --> 00:11:26,250

in addition to five days filled with a

277

00:11:30,920 --> 00:11:28,830

wide variety of presentations the

278

00:11:33,760 --> 00:11:30,930

Congress also features a vendor room a

279

00:11:37,160 --> 00:11:33,770

Film Festival and an awards banquet

280

00:11:39,830 --> 00:11:37,170

each year the I you FOC presents a

281

00:11:42,890 --> 00:11:39,840

researcher of the Year award and a

282

00:11:44,630 --> 00:11:42,900

Lifetime Achievement Award this year's

283

00:11:45,860 --> 00:11:44,640

recipients were the seemingly

284

00:11:48,080 --> 00:11:45,870

inseparable

285

00:11:50,510 --> 00:11:48,090

Jeremy Korbelt and George Knapp

286

00:11:52,870 --> 00:11:50,520

respectively the International UFO

287

00:11:55,880 --> 00:11:52,880

Congress is always a good time

288

00:11:58,550 --> 00:11:55,890

Wycliffe mahooty said it really feels

289

00:12:01,100 --> 00:11:58,560

like a reunion you get to see so many

290

00:12:04,130 --> 00:12:01,110

people from the UFO community all in the

291

00:12:06,170 --> 00:12:04,140

same place if you've never been to a UFO

292

00:12:13,570 --> 00:12:06,180

conference I definitely recommend

293

00:12:18,470 --> 00:12:16,310

well citizens as we wrap up this brief

294

00:12:20,720 --> 00:12:18,480

00:13:22,590 --> 00:13:20,980

me a big favor friends always treat the

320

00:13:24,299 --> 00:13:22,600

UFO subject with the cautious and

321

00:13:26,730 --> 00:13:24,309

responsible skepticism it deserves

322

00:13:29,549 --> 00:13:26,740

question everything have the courage to

323

00:13:31,710 --> 00:13:29,559

form your own opinions keep truth as the

324

00:13:33,929 --> 00:13:31,720

focus of your quest even if the truth

325

00:13:36,020 --> 00:13:33,939

conflicts with your opinions and of

326

00:13:44,540 --> 00:13:36,030

course stay strange
