

ALIEN MATERIAL

episode 32 . 19

1
00:00:04,920 --> 00:00:02,440
reading citizens and welcome to unknown

2
00:00:05,310 --> 00:00:04,930
[Music]

3
00:00:24,140 --> 00:00:05,320
[Applause]

4
00:00:28,220 --> 00:00:26,360
I'm Jason McClellan I'm here with

5
00:00:30,100 --> 00:00:28,230
Maureen Elsberry and Ryan's frag today

6
00:00:32,150 --> 00:00:30,110
thanks for hanging out with us today

7
00:00:36,650 --> 00:00:32,160
we're going to spend a little time

8
00:00:38,720 --> 00:00:36,660
looking at alleged alien material some

9
00:00:41,330 --> 00:00:38,730
instances where people claim to possess

10
00:00:44,560 --> 00:00:41,340
items that are pieces of a flying saucer

11
00:00:47,570 --> 00:00:44,570
or other material that has an

12
00:00:50,000 --> 00:00:47,580
extraterrestrial origin we're talking

13
00:00:52,280 --> 00:00:50,010

about this subject today because alien

14

00:00:54,860 --> 00:00:52,290

material has been a subject of renewed

15

00:00:56,720 --> 00:00:54,870

interest in the past year or so because

16

00:00:58,700 --> 00:00:56,730

to the Stars Academy of Arts and Science

17

00:01:01,040 --> 00:00:58,710

and organization we've mentioned

18

00:01:03,740 --> 00:01:01,050

repeatedly on this show announced back

19

00:01:06,290 --> 00:01:03,750

in September 2018 that had acquired

20

00:01:08,840 --> 00:01:06,300

seven pieces of material that were

21

00:01:11,540 --> 00:01:08,850

purportedly from unidentified aerial

22

00:01:14,149 --> 00:01:11,550

phenomena it was during that same

23

00:01:17,180 --> 00:01:14,159

announcement that G TSA revealed that a

24

00:01:19,490 --> 00:01:17,190

material sample in their possession was

25

00:01:23,210 --> 00:01:19,500

on loan to the company a certain

26
00:01:26,719 --> 00:01:23,220
magnesium zinc bismuth sample well in

27
00:01:29,390 --> 00:01:26,729
July of 2019 t TSA announced that it had

28
00:01:31,640 --> 00:01:29,400
formally acquired this particular sample

29
00:01:34,490 --> 00:01:31,650
in the press release about the

30
00:01:37,340 --> 00:01:34,500
acquisition T TSA chief operations

31
00:01:39,260 --> 00:01:37,350
officer Steve Justus explained quote the

32
00:01:41,480 --> 00:01:39,270
structure and composition of these

33
00:01:43,610 --> 00:01:41,490
materials are not from any known

34
00:01:46,340 --> 00:01:43,620
existing military or commercial

35
00:01:48,170 --> 00:01:46,350
application in quote he went on to

36
00:01:51,560 --> 00:01:48,180
explain that the company is quote

37
00:01:53,870 --> 00:01:51,570
focusing on verifiable facts and working

38
00:01:55,970 --> 00:01:53,880

to develop independent scientific proof

39

00:01:59,210 --> 00:01:55,980

of the materials properties and

40

00:02:02,030 --> 00:01:59,220

attributes in quote he pointed out that

41

00:02:04,070 --> 00:02:02,040

quote in some cases the manufacturing

42

00:02:06,430 --> 00:02:04,080

technology required to fabricate the

43

00:02:09,919 --> 00:02:06,440

material is only now becoming available

44

00:02:13,210 --> 00:02:09,929

but the material has been in documented

45

00:02:15,949 --> 00:02:13,220

possession since the mid-1990s in quote

46

00:02:17,119 --> 00:02:15,959

the press release also stated that the

47

00:02:19,190 --> 00:02:17,129

company was actively seeking

48

00:02:21,440 --> 00:02:19,200

partnerships to help research this

49

00:02:23,690 --> 00:02:21,450

sample and as we discussed a couple

50

00:02:25,970 --> 00:02:23,700

weeks ago or a couple episodes ago

51
00:02:28,339 --> 00:02:25,980
depending on when you listen to it TTS a

52
00:02:30,710 --> 00:02:28,349
recently entered into an agreement with

53
00:02:33,530 --> 00:02:30,720
the US Army where the Army is making

54
00:02:36,410 --> 00:02:33,540
military labs available to T TSA to

55
00:02:37,970 --> 00:02:36,420
enhance TT SAS research capabilities and

56
00:02:39,830 --> 00:02:37,980
T TSA

57
00:02:41,930 --> 00:02:39,840
we'll share new findings and other

58
00:02:43,670 --> 00:02:41,940
research with the army that the army can

59
00:02:47,270 --> 00:02:43,680
then use to develop enhancements for its

60
00:02:49,190 --> 00:02:47,280
ground vehicles t TSA acquired this

61
00:02:51,140 --> 00:02:49,200
material of interest from former

62
00:02:53,960 --> 00:02:51,150
journalists and current UFO personality

63
00:02:56,300 --> 00:02:53,970

Linda Moulton Howe who herself got the

64

00:02:57,740 --> 00:02:56,310

material from the late art bill former

65

00:03:00,800 --> 00:02:57,750

host of the popular late night radio

66

00:03:03,949 --> 00:03:00,810

show coast to coast am the story behind

67

00:03:06,440 --> 00:03:03,959

this material is that it allegedly comes

68

00:03:09,740 --> 00:03:06,450

from a military retrieval of a crashed

69

00:03:11,900 --> 00:03:09,750

UFO in 1947 near the White Sands proving

70

00:03:15,860 --> 00:03:11,910

ground now the White Sands Missile Range

71

00:03:19,430 --> 00:03:15,870

in New Mexico now how has talked about

72

00:03:21,740 --> 00:03:19,440

this material for years she asserts that

73

00:03:24,680 --> 00:03:21,750

she's been facilitating various testing

74

00:03:27,289 --> 00:03:24,690

for decades and she's of course speaking

75

00:03:30,170 --> 00:03:27,299

about it again because of the recent

76

00:03:32,120 --> 00:03:30,180

transaction Angevin is recently

77

00:03:35,289 --> 00:03:32,130

published a story on Viacom's tech

78

00:03:38,120 --> 00:03:35,299

Section motherboard on November 14th in

79

00:03:39,920 --> 00:03:38,130

in the article he explains that how

80

00:03:42,650 --> 00:03:39,930

believes the material could become a

81

00:03:45,650 --> 00:03:42,660

quote lifting body with the right amount

82

00:03:48,500 --> 00:03:45,660

of electromagnetic static and certain RF

83

00:03:50,569 --> 00:03:48,510

frequency how explains that TTS a

84

00:03:53,030 --> 00:03:50,579

conducted several tests on the material

85

00:03:56,479 --> 00:03:53,040

but kept running into problems then

86

00:03:59,270 --> 00:03:56,489

later Steve Justice actually contacted

87

00:04:02,930 --> 00:03:59,280

how stating that the army might be

88

00:04:05,660 --> 00:04:02,940

interested in the material so we've

89

00:04:08,599 --> 00:04:05,670

really haven't talked much on this show

90

00:04:10,789 --> 00:04:08,609

particularly about this material or

91

00:04:13,759 --> 00:04:10,799

other meta materials in TTS A's

92

00:04:16,219 --> 00:04:13,769

possession so Ryan I know you've been

93

00:04:18,319 --> 00:04:16,229

following this story too so what are

94

00:04:20,900 --> 00:04:18,329

your thoughts about this acquisition

95

00:04:23,750 --> 00:04:20,910

this thirty-five thousand dollar

96

00:04:26,120 --> 00:04:23,760

acquisition purportedly yeah I think

97

00:04:30,830 --> 00:04:26,130

it's interesting that how like even in

98

00:04:33,200 --> 00:04:30,840

that article stated how surprised t TSA

99

00:04:35,360 --> 00:04:33,210

was at that price that she gave them

100

00:04:38,029 --> 00:04:35,370

like they were expecting something like

101
00:04:39,890 --> 00:04:38,039
you know hundred thousand maybe even

102
00:04:42,770 --> 00:04:39,900
over stuff like a million dollars for

103
00:04:45,680 --> 00:04:42,780
this this meta material and when he

104
00:04:47,630 --> 00:04:45,690
threw out rice they were like oh my god

105
00:04:48,500 --> 00:04:47,640
really yeah it's ours it was a bargain

106
00:04:51,320 --> 00:04:48,510
do it

107
00:04:53,420 --> 00:04:51,330
what a bargain on an alien material but

108
00:04:56,360 --> 00:04:53,430
um it's fascinating like you said the

109
00:04:59,300 --> 00:04:56,370
this material has been tested and tested

110
00:05:01,580 --> 00:04:59,310
and tested so many times now but there's

111
00:05:03,700 --> 00:05:01,590
like we all three of us know there's

112
00:05:06,410 --> 00:05:03,710
always more tests that can be done and

113
00:05:08,090 --> 00:05:06,420

the fact that the most expensive tests

114

00:05:10,730 --> 00:05:08,100

are the ones that haven't been done yet

115

00:05:13,760 --> 00:05:10,740

I think it's pretty cool that the army

116

00:05:17,000 --> 00:05:13,770

wants to do that it's interesting that

117

00:05:18,560 --> 00:05:17,010

it's the army that TSA is now working

118

00:05:20,780 --> 00:05:18,570

with you know they did so much headway

119

00:05:22,190 --> 00:05:20,790

with the Navy in the past and now

120

00:05:25,130 --> 00:05:22,200

they're moving to another military

121

00:05:27,410 --> 00:05:25,140

branch so I think it's actually kind of

122

00:05:29,090 --> 00:05:27,420

exciting I know a lot of people are like

123

00:05:30,860 --> 00:05:29,100

oh there go there they go

124

00:05:33,710 --> 00:05:30,870

they're working with the army now but

125

00:05:36,860 --> 00:05:33,720

look there's more to the military than

126

00:05:39,200 --> 00:05:36,870

just weaponizing things will it go that

127

00:05:41,870 --> 00:05:39,210

way who knows but um I think it's kind

128

00:05:44,120 --> 00:05:41,880

of cool not gonna lie and boring I don't

129

00:05:45,860 --> 00:05:44,130

I don't know about you but you know what

130

00:05:49,040 --> 00:05:45,870

I would I hear these stories and

131

00:05:50,960 --> 00:05:49,050

particularly this one about you know

132

00:05:53,810 --> 00:05:50,970

people throwing out thousands of dollars

133

00:05:55,910 --> 00:05:53,820

for you know alleged UFO artifacts or

134

00:05:58,630 --> 00:05:55,920

things like that it definitely gives me

135

00:06:00,770 --> 00:05:58,640

flashbacks to our time at open minds

136

00:06:04,610 --> 00:06:00,780

yeah where there were always people

137

00:06:06,440 --> 00:06:04,620

trying to get us to buy things always

138

00:06:08,810 --> 00:06:06,450

claiming to have you know pieces of

139

00:06:12,260 --> 00:06:08,820

flying saucers and you know all sorts of

140

00:06:14,630 --> 00:06:12,270

alien technology and some of it I guess

141

00:06:17,330 --> 00:06:14,640

we did buy its most of it we didn't but

142

00:06:18,890 --> 00:06:17,340

well let's let's not say we bought it

143

00:06:21,890 --> 00:06:18,900

because we didn't really have a say in

144

00:06:25,160 --> 00:06:21,900

what was purchased in what was not I

145

00:06:27,860 --> 00:06:25,170

think in terms of on the investment

146

00:06:29,900 --> 00:06:27,870

front I would have advised strongly

147

00:06:35,690 --> 00:06:29,910

against purchasing some of the things

148

00:06:38,170 --> 00:06:35,700

that were purchased and I think I'm very

149

00:06:43,280 --> 00:06:38,180

curious how Linda came up with that

150

00:06:46,760 --> 00:06:43,290

35,000 number yeah how much value does

151

00:06:49,370 --> 00:06:46,770

this random piece of metamaterial how

152

00:06:51,680 --> 00:06:49,380

much is it worth what she she did say I

153

00:06:53,660 --> 00:06:51,690

mean I'll give her this she said that

154

00:06:55,760 --> 00:06:53,670

she's been spending upwards of six

155

00:06:58,930 --> 00:06:55,770

hundred to a thousand or two thousand

156

00:07:01,640 --> 00:06:58,940

dollars per year since 1996 when she

157

00:07:05,540 --> 00:07:01,650

acquired this for Mart bill I think

158

00:07:07,219 --> 00:07:05,550

calculators 18 yeah on studying the the

159

00:07:09,140 --> 00:07:07,229

object so she was just basically like

160

00:07:14,600 --> 00:07:09,150

I'm gonna get my get my a money back a

161

00:07:17,090 --> 00:07:14,610

break even but yeah I mean who's to say

162

00:07:19,780 --> 00:07:17,100

if this comes back because some of the

163

00:07:23,780 --> 00:07:19,790

testing has come back and it's been very

164

00:07:28,100 --> 00:07:23,790

kind of like oh well it's nothing like

165

00:07:30,260 --> 00:07:28,110

really shocking yet has emerged we think

166

00:07:34,070 --> 00:07:30,270

it might be able to float in a certain

167

00:07:36,650 --> 00:07:34,080

situation but we're not sure yet so what

168

00:07:40,010 --> 00:07:36,660

happens if we spend all this government

169

00:07:42,920 --> 00:07:40,020

money on top of all the money that T TSA

170

00:07:45,050 --> 00:07:42,930

is spending and this turns out to be you

171

00:07:49,610 --> 00:07:45,060

know as some people believe like

172

00:07:52,279 --> 00:07:49,620

discarded material that was manufactured

173

00:07:54,890 --> 00:07:52,289

that kind of was was off so to speak

174

00:07:59,750 --> 00:07:54,900

right the leftover crap the accident

175

00:08:01,879 --> 00:07:59,760

accidental crap yeah sure yeah you know

176

00:08:04,279 --> 00:08:01,889

I think it's all pretty exciting to

177

00:08:08,600 --> 00:08:04,289

watch you know I'm a big fan of science

178

00:08:11,659 --> 00:08:08,610

lab testing and physical evidence so I'm

179

00:08:13,760 --> 00:08:11,669

really happy to CT TSA getting access to

180

00:08:16,070 --> 00:08:13,770

more resources to conduct further

181

00:08:19,070 --> 00:08:16,080

analysis on this material that's

182

00:08:22,850 --> 00:08:19,080

received so much attention lately that

183

00:08:26,960 --> 00:08:22,860

being said I also can't help but notice

184

00:08:31,760 --> 00:08:26,970

some illogical elements to this entire

185

00:08:37,130 --> 00:08:31,770

situation first this material allegedly

186

00:08:40,909 --> 00:08:37,140

comes from a UFO recovered by the US

187

00:08:44,230 --> 00:08:40,919

military that would mean that the

188

00:08:47,210 --> 00:08:44,240

military already has this material

189

00:08:51,740 --> 00:08:47,220

conceivably lots of this material right

190

00:08:53,680 --> 00:08:51,750

in his possession so and has since 1947

191

00:08:57,590 --> 00:08:53,690

you know if we're to believe the story

192

00:09:00,079 --> 00:08:57,600

so it's interesting that the military

193

00:09:02,930 --> 00:09:00,089

wants it if this tiny piece to do

194

00:09:05,030 --> 00:09:02,940

testing on it even though they seemingly

195

00:09:06,590 --> 00:09:05,040

have had it since the forties to test it

196

00:09:10,010 --> 00:09:06,600

and do whatever they're gonna do so

197

00:09:12,230 --> 00:09:10,020

anyway ii it seems odd that if what's

198

00:09:12,930 --> 00:09:12,240

really of interest with this material is

199

00:09:23,880 --> 00:09:12,940

it

200

00:09:26,790 --> 00:09:23,890

for ground vehicle armor right and

201
00:09:28,860 --> 00:09:26,800
camouflage right so an army spokesperson

202
00:09:32,010 --> 00:09:28,870
told em Jabin iose in his motherboard

203
00:09:33,840 --> 00:09:32,020
article quote if a novel physical

204
00:09:36,120 --> 00:09:33,850
phenomenon is discovered or empirical

205
00:09:38,160 --> 00:09:36,130
data exists that points us in a certain

206
00:09:39,870 --> 00:09:38,170
direction with a given material sample

207
00:09:42,600 --> 00:09:39,880
we will certainly apply the appropriate

208
00:09:45,960 --> 00:09:42,610
laboratory and appropriate stimulus to

209
00:09:49,110 --> 00:09:45,970
it to study the resultant phenomena and

210
00:09:52,560 --> 00:09:49,120
apply it to ground vehicle applications

211
00:09:55,380 --> 00:09:52,570
in quote this statement is consistent

212
00:09:57,090 --> 00:09:55,390
with our me comments provided in the

213
00:10:00,990 --> 00:09:57,100

press release about the research

214

00:10:04,530 --> 00:10:01,000

agreement between T TSA and the army so

215

00:10:06,900 --> 00:10:04,540

anyway i'm it's that's kind of weird to

216

00:10:08,220 --> 00:10:06,910

me I mean if the thing flows I guess

217

00:10:10,080 --> 00:10:08,230

maybe they could be wanting their ground

218

00:10:11,870 --> 00:10:10,090

vehicles to float right yeah I'm kind of

219

00:10:16,290 --> 00:10:11,880

quitting watch do you watch The Jetsons

220

00:10:19,200 --> 00:10:16,300

yeah I mean I mean think about if you

221

00:10:22,200 --> 00:10:19,210

had one of Tesla's cyber trucks that

222

00:10:24,150 --> 00:10:22,210

could like float - that thing would be

223

00:10:26,970 --> 00:10:24,160

crazy on them I would be later on there

224

00:10:29,130 --> 00:10:26,980

yes we still can't figure out

225

00:10:30,690 --> 00:10:29,140

bulletproof glass though so I think he's

226

00:10:33,180 --> 00:10:30,700

got a ways to go well maybe that's why

227

00:10:35,430 --> 00:10:33,190

they need this material you know

228

00:10:37,230 --> 00:10:35,440

so anyway I'm really looking forward to

229

00:10:39,930 --> 00:10:37,240

seeing what the results of the testing

230

00:10:41,550 --> 00:10:39,940

are but it's a really it's really

231

00:10:44,640 --> 00:10:41,560

interesting seeing this new public

232

00:10:46,440 --> 00:10:44,650

interest in alleged alien material like

233

00:10:49,500 --> 00:10:46,450

we already mentioned this specific

234

00:10:51,930 --> 00:10:49,510

material has been out there for a while

235

00:10:55,710 --> 00:10:51,940

now it's not new information

236

00:10:59,280 --> 00:10:55,720

Linda's talked about it and it's testing

237

00:11:02,730 --> 00:10:59,290

for years and I mean alien materials has

238

00:11:05,190 --> 00:11:02,740

its own sub-genre of the UFO topic UFO

239

00:11:06,900 --> 00:11:05,200

alien material there been countless

240

00:11:09,990 --> 00:11:06,910

claims over the years from people who

241

00:11:12,300 --> 00:11:10,000

allege they possess a piece of a UFO so

242

00:11:13,020 --> 00:11:12,310

I guess we can talk about a couple of

243

00:11:16,890 --> 00:11:13,030

those right now

244

00:11:19,500 --> 00:11:16,900

first because the TTS a piece is thought

245

00:11:21,900 --> 00:11:19,510

to have anti-gravity properties it

246

00:11:24,270 --> 00:11:21,910

really reminds me of a piece of material

247

00:11:26,140 --> 00:11:24,280

that investigative reporter George Knapp

248

00:11:29,260 --> 00:11:26,150

has in his possession

249

00:11:33,100 --> 00:11:29,270

an alleged UFO crash happened in Russia

250

00:11:35,800 --> 00:11:33,110

back in 1986 George Knapp travelled to

251

00:11:38,260 --> 00:11:35,810

the crash site in the 90s and he was

252

00:11:40,660 --> 00:11:38,270

given pieces multiple pieces of the

253

00:11:44,320 --> 00:11:40,670

material reportedly recovered from the

254

00:11:45,760 --> 00:11:44,330

crash site now in 2012 when the National

255

00:11:48,610 --> 00:11:45,770

atomic testing museum in Las Vegas

256

00:11:51,490 --> 00:11:48,620

Nevada opened its area51 myth or reality

257

00:11:54,790 --> 00:11:51,500

exhibit it featured a piece of this

258

00:11:56,680 --> 00:11:54,800

material donated by Knapp and the

259

00:11:59,560 --> 00:11:56,690

information card accompanying the

260

00:12:03,700 --> 00:11:59,570

exhibit called it a quote authentic

261

00:12:06,519 --> 00:12:03,710

alien artifact in quote and description

262

00:12:10,269 --> 00:12:06,529

along with this material stated quote

263

00:12:13,690 --> 00:12:10,279

three Soviet academic centers and eleven

264

00:12:16,510 --> 00:12:13,700

research institutes analyzed the objects

265

00:12:19,260 --> 00:12:16,520

from this UFO crash the distance between

266

00:12:21,970 --> 00:12:19,270

atoms is different from ordinary iron

267

00:12:25,090 --> 00:12:21,980

radar cannot be reflected from the

268

00:12:28,000 --> 00:12:25,100

material elements in the material may

269

00:12:31,480 --> 00:12:28,010

disappear and new ones reappear after

270

00:12:34,329 --> 00:12:31,490

heating one piece disappeared completely

271

00:12:37,090 --> 00:12:34,339

in front of four witnesses

272

00:12:39,100 --> 00:12:37,100

the core of the material is composed of

273

00:12:44,230 --> 00:12:39,110

a substance with anti-gravitational

274

00:12:47,320 --> 00:12:44,240

properties in quote so here again this

275

00:12:51,820 --> 00:12:47,330

is a piece of material with some pretty

276

00:12:55,510 --> 00:12:51,830

incredible claims Knapp has had these

277

00:12:59,019 --> 00:12:55,520

since the 1990s and they were on public

278

00:13:00,940 --> 00:12:59,029

display in 2012 now morning you and I

279

00:13:02,740 --> 00:13:00,950

covered the news about George providing

280

00:13:05,199 --> 00:13:02,750

this bizarre material to the museum back

281

00:13:07,150 --> 00:13:05,209

in 2012 and we were both pretty

282

00:13:10,210 --> 00:13:07,160

fascinated by the grand claims being

283

00:13:12,850 --> 00:13:10,220

made so why do you think there's

284

00:13:15,880 --> 00:13:12,860

seemingly so much more attention being

285

00:13:18,579 --> 00:13:15,890

given to Lynda's material that t TSA is

286

00:13:20,590 --> 00:13:18,589

working on now I mean to me George's

287

00:13:22,000 --> 00:13:20,600

material seems just as interesting if

288

00:13:24,820 --> 00:13:22,010

not more interesting

289

00:13:27,390 --> 00:13:24,830

well George's material is interesting

290

00:13:31,720 --> 00:13:27,400

because that case also fascinates me

291

00:13:35,770 --> 00:13:31,730

that's the height for one one it goes by

292

00:13:39,519 --> 00:13:35,780

a couple names case personally I think

293

00:13:41,739 --> 00:13:39,529

that there's a new generation of PEEP

294

00:13:49,210 --> 00:13:41,749

that have started getting interested in

295

00:13:53,290 --> 00:13:49,220

the field based on Tom's musical sort of

296

00:13:56,139 --> 00:13:53,300

status and have dived into this now and

297

00:13:57,759 --> 00:13:56,149

I think there's a lot of people that

298

00:14:00,400 --> 00:13:57,769

don't pay attention to

299

00:14:02,920 --> 00:14:00,410

off-centered articles in the I know I

300

00:14:04,420 --> 00:14:02,930

remember when that article came out

301
00:14:07,030 --> 00:14:04,430
least Spiegel wrote about it on the

302
00:14:10,449 --> 00:14:07,040
Huffington Post and there was big

303
00:14:15,699 --> 00:14:10,459
shockwaves about the title card that

304
00:14:17,049 --> 00:14:15,709
said authentic alien artifact but I

305
00:14:19,059 --> 00:14:17,059
think a lot of people weren't paying

306
00:14:22,030 --> 00:14:19,069
attention and I think people are paying

307
00:14:23,530 --> 00:14:22,040
attention now and so all these new

308
00:14:26,530 --> 00:14:23,540
people who are starting to get

309
00:14:30,040 --> 00:14:26,540
fascinated have no idea that these

310
00:14:31,689 --> 00:14:30,050
incredible other artifacts have existed

311
00:14:35,679 --> 00:14:31,699
and have been public and have been

312
00:14:37,119 --> 00:14:35,689
talked about and publicized so it's I

313
00:14:40,650 --> 00:14:37,129

think it's a new era where we're just

314

00:14:45,069 --> 00:14:40,660

having so many new people coming into

315

00:14:48,040 --> 00:14:45,079

the idea that there are unknown craft of

316

00:14:52,179 --> 00:14:48,050

unknown origin flying around in our air

317

00:14:55,079 --> 00:14:52,189

spaces and and possibly interacting with

318

00:14:57,879 --> 00:14:55,089

us whether that's military and or

319

00:15:00,819 --> 00:14:57,889

something next or terrestrial we do not

320

00:15:04,480 --> 00:15:00,829

know so yeah I think it's it's just

321

00:15:08,049 --> 00:15:04,490

based on time and when that happened it

322

00:15:08,710 --> 00:15:08,059

was probably 2000 I don't know 10 when

323

00:15:12,309 --> 00:15:08,720

was that

324

00:15:15,460 --> 00:15:12,319

George's on artifact on display we heard

325

00:15:17,439 --> 00:15:15,470

about it prior to to the museum right

326

00:15:19,360 --> 00:15:17,449

getting it on display so yeah it

327

00:15:21,850 --> 00:15:19,370

probably would have been 2010 I know

328

00:15:24,220 --> 00:15:21,860

2012 is when when we published his story

329

00:15:25,960 --> 00:15:24,230

about it okay and that's when the is iam

330

00:15:27,669 --> 00:15:25,970

open to you and we went to see it so I

331

00:15:30,639 --> 00:15:27,679

mean that was like that was a long time

332

00:15:33,460 --> 00:15:30,649

ago so seven years a lot changes

333

00:15:35,559 --> 00:15:33,470

especially in this field and I think you

334

00:15:39,150 --> 00:15:35,569

know we're seeing that and for us I

335

00:15:42,189 --> 00:15:39,160

think maybe there's a level of maybe

336

00:15:45,220 --> 00:15:42,199

annoyance or frustration that people are

337

00:15:48,400 --> 00:15:45,230

acknowledging just this one thing that's

338

00:15:49,869 --> 00:15:48,410

been around forever that's been tested I

339

00:15:51,970 --> 00:15:49,879

mean don't get me wrong it's still cool

340

00:15:52,400 --> 00:15:51,980

and more testing needs to be done and

341

00:15:55,699 --> 00:15:52,410

let's see what

342

00:15:58,069 --> 00:15:55,709

happens but because we were so involved

343

00:15:59,720 --> 00:15:58,079

and know about so many other pieces of

344

00:16:03,230 --> 00:15:59,730

material that have been going to labs

345

00:16:05,840 --> 00:16:03,240

that have come back anomalous that this

346

00:16:08,449 --> 00:16:05,850

one particular people like paying so

347

00:16:13,579 --> 00:16:08,459

much attention to it maybe for us is is

348

00:16:15,949 --> 00:16:13,589

kind of dumbfounding a little bit but in

349

00:16:19,160 --> 00:16:15,959

the grand scheme of things you know

350

00:16:22,639 --> 00:16:19,170

people are new to learning about this

351

00:16:26,139 --> 00:16:22,649

stuff right and Ryan I mean talking

352

00:16:28,129 --> 00:16:26,149

about all the way back in 2012 you know

353

00:16:29,569 --> 00:16:28,139

social media was a different thing back

354

00:16:31,850 --> 00:16:29,579

then the social media landscape is

355

00:16:34,069 --> 00:16:31,860

completely different you know so many

356

00:16:35,840 --> 00:16:34,079

years after that how much do you think

357

00:16:37,699 --> 00:16:35,850

you know the current social media

358

00:16:40,160 --> 00:16:37,709

landscape plays into that to the the

359

00:16:42,920 --> 00:16:40,170

current hype that we're seeing oh it's

360

00:16:45,199 --> 00:16:42,930

huge I mean like Maureen said the there

361

00:16:48,470 --> 00:16:45,209

were articles written in very sort of

362

00:16:51,889 --> 00:16:48,480

peripheral you know magazines websites

363

00:16:54,499 --> 00:16:51,899

all that sort of stuff about these

364

00:16:56,870 --> 00:16:54,509

topics but now when you have someone

365

00:16:59,449 --> 00:16:56,880

like Tom dong who has the resources to

366

00:17:02,059 --> 00:16:59,459

get stories like this working with the

367

00:17:04,970 --> 00:17:02,069

army and even the Nimitz Encounter

368

00:17:08,059 --> 00:17:04,980

everything out to the New York Times

369

00:17:12,049 --> 00:17:08,069

Washington Post it really changes the

370

00:17:14,270 --> 00:17:12,059

landscape of how UFOs are handled in

371

00:17:16,460 --> 00:17:14,280

mainstream media so I think it's

372

00:17:20,149 --> 00:17:16,470

interesting that we now live in an age

373

00:17:22,640 --> 00:17:20,159

where this news about what took what to

374

00:17:25,309 --> 00:17:22,650

the stars is doing we can figure it out

375

00:17:27,829 --> 00:17:25,319

immediately when back then when that was

376

00:17:30,560 --> 00:17:27,839

trying to you know brought this forward

377

00:17:33,680 --> 00:17:30,570

and wanted to get stuff analyzed and

378

00:17:36,470 --> 00:17:33,690

tested it's not as easy to find the labs

379

00:17:38,149 --> 00:17:36,480

to get more people involved so yeah I

380

00:17:41,419 --> 00:17:38,159

think it's fascinating and a lot of

381

00:17:44,090 --> 00:17:41,429

people I mean look at just secret

382

00:17:46,970 --> 00:17:44,100

Pentagon UFO program they the government

383

00:17:49,370 --> 00:17:46,980

was investigating UFOs like that came to

384

00:17:52,010 --> 00:17:49,380

a shock to many people but like you guys

385

00:17:54,560 --> 00:17:52,020

said we're so used to this stuff that we

386

00:17:58,340 --> 00:17:54,570

are like oh well yeah they did that

387

00:18:00,440 --> 00:17:58,350

before like 4050 years ago so I think it

388

00:18:03,020 --> 00:18:00,450

does have a lot to do with this

389

00:18:05,730 --> 00:18:03,030

information is new to a lot of newer

390

00:18:07,500 --> 00:18:05,740

people younger people and

391

00:18:11,010 --> 00:18:07,510

I think that's exciting that they can

392

00:18:14,220 --> 00:18:11,020

now sort of live that shock in awe that

393

00:18:16,470 --> 00:18:14,230

we might have had six seven years ago

394

00:18:18,930 --> 00:18:16,480

yeah well Brian you mentioned you know

395

00:18:23,130 --> 00:18:18,940

labs and testing so we could move on to

396

00:18:25,770 --> 00:18:23,140

other material so of course we have the

397

00:18:27,420 --> 00:18:25,780

interesting materials collected from the

398

00:18:30,390 --> 00:18:27,430

alleged debris field and Roswell New

399

00:18:33,560 --> 00:18:30,400

Mexico where a craft reportedly crashed

400

00:18:35,850 --> 00:18:33,570

back in 1947 and Ryan you recently got

401
00:18:38,910 --> 00:18:35,860
personally involved with these materials

402
00:18:41,660 --> 00:18:38,920
so why don't you tell us about them yeah

403
00:18:45,260 --> 00:18:41,670
so this was right around the time when

404
00:18:49,710 --> 00:18:45,270
new sort of broke that Frank kempler the

405
00:18:52,080 --> 00:18:49,720
the geologist in Roswell had been doing

406
00:18:54,480 --> 00:18:52,090
digs for years out at what he presumed

407
00:18:56,100 --> 00:18:54,490
was the Roswell crash site I mean how he

408
00:18:59,430 --> 00:18:56,110
found the location alone is pretty

409
00:19:01,500 --> 00:18:59,440
amazing as well but I did have the

410
00:19:04,290 --> 00:19:01,510
opportunity to go out to that site where

411
00:19:06,540 --> 00:19:04,300
he and his son had been digging and

412
00:19:08,520 --> 00:19:06,550
digging and digging for stuff and they

413
00:19:11,490 --> 00:19:08,530

found metals out there really

414

00:19:13,470 --> 00:19:11,500

interesting metals and I did I got to

415

00:19:17,640 --> 00:19:13,480

touch him I got to hold them I got to

416

00:19:21,480 --> 00:19:17,650

then get them tested at a aerospace lab

417

00:19:23,910 --> 00:19:21,490

in California so it was pretty big and

418

00:19:26,070 --> 00:19:23,920

pretty heavy you know I I wasn't sure

419

00:19:28,520 --> 00:19:26,080

what to expect it was for a TV project

420

00:19:32,720 --> 00:19:28,530

so I thought oh you know it's all

421

00:19:35,670 --> 00:19:32,730

television probably it's gonna be

422

00:19:37,200 --> 00:19:35,680

something you know very mundane and

423

00:19:40,620 --> 00:19:37,210

we're gonna make it really exciting but

424

00:19:43,710 --> 00:19:40,630

what I appreciated about the lab that we

425

00:19:46,680 --> 00:19:43,720

worked with and the production crew was

426

00:19:48,660 --> 00:19:46,690

that they just did what they could do

427

00:19:51,180 --> 00:19:48,670

and that was to get these tested out of

428

00:19:54,200 --> 00:19:51,190

metals lab and when we got our results

429

00:19:57,180 --> 00:19:54,210

back they were they were sobering but

430

00:19:59,940 --> 00:19:57,190

they were also really interesting I mean

431

00:20:01,860 --> 00:19:59,950

Frank says to this day the tests we had

432

00:20:04,920 --> 00:20:01,870

done and I do agree with him on this

433

00:20:06,930 --> 00:20:04,930

were only a tiny fraction of what could

434

00:20:09,510 --> 00:20:06,940

be done and some of the stuff we found

435

00:20:13,440 --> 00:20:09,520

was actually pretty intriguing I have to

436

00:20:15,670 --> 00:20:13,450

admit that we found that

437

00:20:18,580 --> 00:20:15,680

whatever was out in the middle of this

438

00:20:22,150 --> 00:20:18,590

desert definitely came from something

439

00:20:23,950 --> 00:20:22,160

that had to do with aerospace I mean

440

00:20:28,420 --> 00:20:23,960

it's almost unarguable at this point

441

00:20:30,970 --> 00:20:28,430

Frank has had it retested we only have

442

00:20:34,000 --> 00:20:30,980

limited resources to do the tests we did

443

00:20:36,910 --> 00:20:34,010

but I have been talking to him in the

444

00:20:39,340 --> 00:20:36,920

past few weeks now and it's pretty

445

00:20:40,750 --> 00:20:39,350

fascinating what he found out there but

446

00:20:43,450 --> 00:20:40,760

again this isn't making it out to the

447

00:20:48,280 --> 00:20:43,460

mainstream because Frank is just one guy

448

00:20:50,350 --> 00:20:48,290

in Roswell and he's not Tom DeLonge so I

449

00:20:52,480 --> 00:20:50,360

don't know I I think whatever Frank has

450

00:20:55,870 --> 00:20:52,490

out there is still worth looking at for

451
00:21:03,340 --> 00:20:55,880
sure I mean personally I think that

452
00:21:05,110 --> 00:21:03,350
Frank is celebrity status Maureen is one

453
00:21:07,420 --> 00:21:05,120
of the nicest people in the world he is

454
00:21:09,280 --> 00:21:07,430
we love Frank and morning you've also

455
00:21:12,490 --> 00:21:09,290
been out to the Roswell debris field and

456
00:21:14,470 --> 00:21:12,500
you've seen Frank's material and heard

457
00:21:16,390 --> 00:21:14,480
him speak about them many times over the

458
00:21:19,780 --> 00:21:16,400
years so what do you think about the

459
00:21:22,870 --> 00:21:19,790
stuff that he has well I I think that

460
00:21:27,550 --> 00:21:22,880
you know it it's interesting because of

461
00:21:29,200 --> 00:21:27,560
if you go out to the field and see what

462
00:21:32,790 --> 00:21:29,210
it is I mean you're in the desert in the

463
00:21:36,190 --> 00:21:32,800

middle of nowhere it's it's basically

464

00:21:39,430 --> 00:21:36,200

government-owned farmland and it's

465

00:21:41,560 --> 00:21:39,440

desolate and you can see sort of

466

00:21:43,270 --> 00:21:41,570

activity by a lot of different people

467

00:21:48,310 --> 00:21:43,280

who have come through looking for

468

00:21:51,700 --> 00:21:48,320

artifacts so finding things there is

469

00:21:55,690 --> 00:21:51,710

neat and the fact that it's come from

470

00:22:00,130 --> 00:21:55,700

sort of an aerospace angle with the

471

00:22:01,510 --> 00:22:00,140

testing is intriguing but I don't know

472

00:22:04,300 --> 00:22:01,520

again it's one of those things where

473

00:22:07,780 --> 00:22:04,310

it's at this point it's nothing till

474

00:22:10,570 --> 00:22:07,790

it's something and we kind of have to

475

00:22:12,580 --> 00:22:10,580

wait until more advanced testing can be

476
00:22:15,480 --> 00:22:12,590
done I mean I say this all the time

477
00:22:19,060 --> 00:22:15,490
because I kind of dealt with a different

478
00:22:22,210 --> 00:22:19,070
situation than Ryan when I was involved

479
00:22:25,390 --> 00:22:22,220
in a TV project and we tested metal that

480
00:22:27,610 --> 00:22:25,400
was I mean this is a much more

481
00:22:31,210 --> 00:22:27,620
far-fetched story

482
00:22:35,770 --> 00:22:31,220
was allegedly shot off of a UFO and

483
00:22:39,520 --> 00:22:35,780
melted into a guy's driveway and it came

484
00:22:43,960 --> 00:22:39,530
back we took it - it had been tested in

485
00:22:47,050 --> 00:22:43,970
various labs we took a sample to another

486
00:22:49,750 --> 00:22:47,060
lab I was not involved with picking how

487
00:22:52,330 --> 00:22:49,760
this testing was going to be done and of

488
00:22:55,420 --> 00:22:52,340

course the people who tested it are

489

00:22:57,130 --> 00:22:55,430

lovely people let me say that first we

490

00:22:59,860 --> 00:22:57,140

showed up to their lab and the first

491

00:23:04,060 --> 00:22:59,870

thing I see is like a giant Star Trek

492

00:23:04,540 --> 00:23:04,070

you know memorial lots of toys and

493

00:23:07,390 --> 00:23:04,550

things

494

00:23:10,300 --> 00:23:07,400

uh sure I know yeah basically and then I

495

00:23:14,710 --> 00:23:10,310

found out that they were in fact

496

00:23:17,740 --> 00:23:14,720

involved in the UFO community legitimate

497

00:23:19,810 --> 00:23:17,750

scientists however there's that bias and

498

00:23:21,700 --> 00:23:19,820

you hear me say this all the time that I

499

00:23:25,720 --> 00:23:21,710

think it should be definitely any

500

00:23:27,430 --> 00:23:25,730

testing done and labs should be by you

501
00:23:29,340 --> 00:23:27,440
know third-party sources that have no

502
00:23:32,140 --> 00:23:29,350
idea what people think it might be

503
00:23:34,560 --> 00:23:32,150
and/or are involved in the UFO community

504
00:23:37,900 --> 00:23:34,570
because there is a bias that definitely

505
00:23:41,830 --> 00:23:37,910
comes forward I think a little bit even

506
00:23:45,520 --> 00:23:41,840
when the science is is there the middle

507
00:23:51,220 --> 00:23:45,530
that we had had unnatural levels of one

508
00:23:54,820 --> 00:23:51,230
of strontium she you know what my brain

509
00:23:59,380 --> 00:23:54,830
my memory is so bad a years ago so that

510
00:24:02,010 --> 00:23:59,390
what the number strontium it was so it

511
00:24:07,660 --> 00:24:02,020
was coming back unusual that it was not

512
00:24:10,180 --> 00:24:07,670
man-made again cool but it could be a

513
00:24:11,950 --> 00:24:10,190

thousand things but the the level of

514

00:24:14,740 --> 00:24:11,960

testing required to be done on these

515

00:24:17,970 --> 00:24:14,750

pieces requires extensive funds and

516

00:24:21,130 --> 00:24:17,980

funds that while the Army has however

517

00:24:23,080 --> 00:24:21,140

most scenarios to test all these metals

518

00:24:24,700 --> 00:24:23,090

don't so we're entering I think like

519

00:24:29,580 --> 00:24:24,710

Ryan said earlier you know this is an

520

00:24:33,640 --> 00:24:29,590

exciting thing because the money and the

521

00:24:35,890 --> 00:24:33,650

technology is now available to TTS a do

522

00:24:37,930 --> 00:24:35,900

you have that level of testing done now

523

00:24:40,230 --> 00:24:37,940

could there be conspiracy and coverup of

524

00:24:43,080 --> 00:24:40,240

course but

525

00:24:44,430 --> 00:24:43,090

it's it's a new era so yes there's all

526

00:24:47,869 --> 00:24:44,440

these metals and all this testing is

527

00:24:50,879 --> 00:24:47,879

being done my opinion on all of it is

528

00:24:52,619 --> 00:24:50,889

I'm still waiting for the the ground

529

00:24:55,799 --> 00:24:52,629

shocking news about one of these

530

00:24:57,539 --> 00:24:55,809

mouthpieces yeah Maureen you made a good

531

00:25:00,810 --> 00:24:57,549

point to like about the science like

532

00:25:03,330 --> 00:25:00,820

sometimes it's not even wide like a high

533

00:25:06,359 --> 00:25:03,340

amount of something in these alloys or

534

00:25:09,720 --> 00:25:06,369

these metals it's what's not in it and

535

00:25:11,580 --> 00:25:09,730

at least with us like it wasn't we were

536

00:25:14,310 --> 00:25:11,590

looking for this one particular element

537

00:25:16,769 --> 00:25:14,320

molybdenum which Frank had other tests

538

00:25:18,869 --> 00:25:16,779

done that said there was a ridiculous

539

00:25:21,389 --> 00:25:18,879

amount of it in the metal and that

540

00:25:23,850 --> 00:25:21,399

should never happen on earth so we had

541

00:25:26,940 --> 00:25:23,860

that specific test done to look for that

542

00:25:31,259 --> 00:25:26,950

element now we came up with a extremely

543

00:25:33,629 --> 00:25:31,269

different result and that was very you

544

00:25:35,310 --> 00:25:33,639

know unfortunate like we were hoping

545

00:25:37,649 --> 00:25:35,320

that was gonna be it but it's actually

546

00:25:39,419 --> 00:25:37,659

what we didn't find that was more

547

00:25:41,940 --> 00:25:39,429

intriguing and Frank pointed this out to

548

00:25:46,129 --> 00:25:41,950

us that what we found or I should say

549

00:25:51,180 --> 00:25:46,139

what he found what we had tested had a

550

00:25:53,789 --> 00:25:51,190

huge amount of iron and whatever it came

551
00:25:55,950 --> 00:25:53,799
from like shouldn't have had that much

552
00:25:57,779 --> 00:25:55,960
iron and definitely was aerospace and

553
00:26:00,389 --> 00:25:57,789
was out in the middle of a desert where

554
00:26:02,039 --> 00:26:00,399
there's no life nothing so I think

555
00:26:04,529 --> 00:26:02,049
that's really interesting too and

556
00:26:04,889 --> 00:26:04,539
another thing to bring up to is that you

557
00:26:07,529 --> 00:26:04,899
know

558
00:26:10,080 --> 00:26:07,539
TTS a in the army you've got George

559
00:26:12,090 --> 00:26:10,090
Knapp in the atomic testing museum and

560
00:26:14,009 --> 00:26:12,100
then with us it was with Frank the

561
00:26:16,739 --> 00:26:14,019
government the Bureau Land Management

562
00:26:18,539 --> 00:26:16,749
wanted to take his metals so it seems to

563
00:26:20,580 --> 00:26:18,549

always go back to the military and

564

00:26:23,340 --> 00:26:20,590

government these materials somehow

565

00:26:26,039 --> 00:26:23,350

someway yeah absolutely and do we trust

566

00:26:27,509 --> 00:26:26,049

that or not it's the real question right

567

00:26:29,580 --> 00:26:27,519

but they're the only ones who have the

568

00:26:33,450 --> 00:26:29,590

money to do it so it is it's a really

569

00:26:37,289 --> 00:26:33,460

sufficient nebulous area yeah and then

570

00:26:40,980 --> 00:26:37,299

there's also the whole alien implant

571

00:26:45,509 --> 00:26:40,990

thing so I don't really want to dive

572

00:26:47,940 --> 00:26:45,519

into that today but briefly there are

573

00:26:50,430 --> 00:26:47,950

several people who over the years have

574

00:26:51,549 --> 00:26:50,440

done research on mysterious objects

575

00:26:54,759 --> 00:26:51,559

removed from in

576
00:26:57,850 --> 00:26:54,769
people dr. Roger Leir is someone who did

577
00:26:59,499 --> 00:26:57,860
extensive research in the field and he

578
00:27:01,779 --> 00:26:59,509
and his associates made some pretty big

579
00:27:05,139 --> 00:27:01,789
claims about some of these objects like

580
00:27:07,419 --> 00:27:05,149
emitting signals moving once removed

581
00:27:10,840 --> 00:27:07,429
from the body and other incredible stuff

582
00:27:12,820 --> 00:27:10,850
and some of his research indicated that

583
00:27:16,989 --> 00:27:12,830
some of these objects showed signs of

584
00:27:18,549 --> 00:27:16,999
being advanced nanotechnology jeremy

585
00:27:22,210 --> 00:27:18,559
corbels film about dr. lairs word

586
00:27:23,950 --> 00:27:22,220
patient 17 is something that you know I

587
00:27:26,109 --> 00:27:23,960
would recommend to people check out if

588
00:27:29,379 --> 00:27:26,119

you're interested in more on alleged

589

00:27:31,989 --> 00:27:29,389

alien implants but I guess briefly Ryan

590

00:27:34,899 --> 00:27:31,999

what are your thoughts on on that sort

591

00:27:37,149 --> 00:27:34,909

of alleged alien material I think it's

592

00:27:40,769 --> 00:27:37,159

interesting I mean I do speak to

593

00:27:43,269 --> 00:27:40,779

experiencers on almost a daily basis I

594

00:27:45,999 --> 00:27:43,279

personally have never had any experience

595

00:27:48,730 --> 00:27:46,009

with seeing these implants that were

596

00:27:50,980 --> 00:27:48,740

taken out or touching them or being in

597

00:27:54,369 --> 00:27:50,990

proximity to them I remember one

598

00:27:59,230 --> 00:27:54,379

experience or said they had over 2000

599

00:28:01,389 --> 00:27:59,240

implants in them I don't know if I tend

600

00:28:03,669 --> 00:28:01,399

to believe that I saw no indication of

601
00:28:06,430 --> 00:28:03,679
that but yet there are these stories

602
00:28:07,869 --> 00:28:06,440
where people had things removed and you

603
00:28:09,700 --> 00:28:07,879
know they went to get it and it would

604
00:28:12,159 --> 00:28:09,710
like literally almost like it was

605
00:28:15,009 --> 00:28:12,169
intelligent it would go away from the

606
00:28:17,590 --> 00:28:15,019
the surgeon or the people trying to get

607
00:28:20,590 --> 00:28:17,600
it so it is fascinating

608
00:28:24,310 --> 00:28:20,600
and it's interesting but nothing that I

609
00:28:27,159 --> 00:28:24,320
would really put my timer efforts into

610
00:28:30,549 --> 00:28:27,169
at this point but again unless it was

611
00:28:33,249 --> 00:28:30,559
taken out and tests were done on it the

612
00:28:36,789 --> 00:28:33,259
one person that we had that could do

613
00:28:39,399 --> 00:28:36,799

that is now gone and that's unfortunate

614

00:28:41,730 --> 00:28:39,409

there are others who are still doing

615

00:28:45,230 --> 00:28:41,740

implant removals

616

00:28:49,909 --> 00:28:45,240

morning doesn't Derrel Sims also do yes

617

00:28:52,350 --> 00:28:49,919

dr. Leir were partners at first yeah I I

618

00:28:55,470 --> 00:28:52,360

don't want to say there was a falling

619

00:28:57,149 --> 00:28:55,480

out but I think there may have been two

620

00:28:57,720 --> 00:28:57,159

where they ended up going on their own

621

00:29:02,610 --> 00:28:57,730

paths

622

00:29:06,230 --> 00:29:02,620

but yeah Daryl has a lot of things that

623

00:29:09,500 --> 00:29:06,240

are alleged to be implants and/or

624

00:29:12,450 --> 00:29:09,510

material of an origin as well and Ryan's

625

00:29:14,370 --> 00:29:12,460

do your comment about having not having

626

00:29:15,779 --> 00:29:14,380

seen them the ones I've seen there's

627

00:29:21,269 --> 00:29:15,789

certainly not much to see right I mean

628

00:29:22,700 --> 00:29:21,279

there's super tiny bodies yeah sometimes

629

00:29:26,159 --> 00:29:22,710

they're like grains of sand really

630

00:29:28,220 --> 00:29:26,169

exactly and you know again like you know

631

00:29:31,139 --> 00:29:28,230

a lot of them just look like calcified

632

00:29:34,950 --> 00:29:31,149

whatever blood or something within the

633

00:29:37,380 --> 00:29:34,960

body so I mean again it it's in the eye

634

00:29:39,360 --> 00:29:37,390

of the beholder if this experiencer has

635

00:29:42,539 --> 00:29:39,370

a story that they were abducted by

636

00:29:43,980 --> 00:29:42,549

aliens and this implant comes out of

637

00:29:46,019 --> 00:29:43,990

course they're gonna think it was put in

638

00:29:48,120 --> 00:29:46,029

there by the aliens but when you have

639

00:29:50,010 --> 00:29:48,130

someone who's never told a abduction

640

00:29:52,620 --> 00:29:50,020

story and they're still finding these

641

00:29:55,080 --> 00:29:52,630

weird things inside people that's kind

642

00:29:58,080 --> 00:29:55,090

of interesting too but yeah like like I

643

00:30:00,930 --> 00:29:58,090

said it's it's such a murky territory

644

00:30:03,060 --> 00:30:00,940

when it comes the the implant stuff for

645

00:30:06,060 --> 00:30:03,070

me personally well the implant stuff is

646

00:30:08,669 --> 00:30:06,070

so much so much more controversial to

647

00:30:11,190 --> 00:30:08,679

right I mean is this is kind of weird

648

00:30:13,680 --> 00:30:11,200

creepy territory and Maureen to your

649

00:30:17,399 --> 00:30:13,690

point especially I think with the whole

650

00:30:19,080 --> 00:30:17,409

implant thing what you said about you

651
00:30:23,310 --> 00:30:19,090
know making sure the science is good is

652
00:30:25,169 --> 00:30:23,320
is so important making sure the you know

653
00:30:27,480 --> 00:30:25,179
people doing the removing and the people

654
00:30:30,389 --> 00:30:27,490
doing any sort of testing are not

655
00:30:32,970 --> 00:30:30,399
themselves affiliated with the UFO world

656
00:30:35,789 --> 00:30:32,980
right I think that sort of taints it and

657
00:30:39,060 --> 00:30:35,799
and causes people to sort of steer the

658
00:30:40,799 --> 00:30:39,070
evidence right and and like I made that

659
00:30:43,019 --> 00:30:40,809
point the people who were doing the

660
00:30:46,110 --> 00:30:43,029
testing we're legitimate scientists and

661
00:30:49,320 --> 00:30:46,120
I am not discrediting their science they

662
00:30:51,779 --> 00:30:49,330
it's more of the fact that the

663
00:30:55,169 --> 00:30:51,789

association with the UFO phenomenon

664

00:30:55,420 --> 00:30:55,179

makes me feel like it is less credible

665

00:30:59,800 --> 00:30:55,430

to

666

00:31:01,600 --> 00:30:59,810

where's the science behind their point

667

00:31:05,710 --> 00:31:01,610

yeah the science can be you know

668

00:31:08,710 --> 00:31:05,720

completely good science but yeah that

669

00:31:12,430 --> 00:31:08,720

Association taints it yeah and you know

670

00:31:14,890 --> 00:31:12,440

that with the the implants too like Ryan

671

00:31:16,870 --> 00:31:14,900

said that's very its murky territory and

672

00:31:18,730 --> 00:31:16,880

I've seen some really weird things and

673

00:31:21,550 --> 00:31:18,740

I've obviously like Jason mentioned

674

00:31:25,570 --> 00:31:21,560

patient 17 goes over a lot of detail and

675

00:31:29,220 --> 00:31:25,580

science behind a specific implant

676
00:31:32,350 --> 00:31:29,230
removal alleged implant I should say and

677
00:31:34,150 --> 00:31:32,360
it's fascinating but unfortunately you

678
00:31:37,900 --> 00:31:34,160
know a lot of people are very disturbed

679
00:31:39,250 --> 00:31:37,910
by this idea and as Ryan mentioned you

680
00:31:43,450 --> 00:31:39,260
know he's talked to people who allege

681
00:31:47,770 --> 00:31:43,460
that they have 2008 in plants and it's

682
00:31:52,360 --> 00:31:47,780
it's a really big I think it can be a

683
00:31:54,130 --> 00:31:52,370
big mental problem health problem and

684
00:31:56,080 --> 00:31:54,140
when I say this I'm saying that people

685
00:31:58,450 --> 00:31:56,090
are going to get so scared that they may

686
00:32:00,400 --> 00:31:58,460
have an alleged alien implant that

687
00:32:01,960 --> 00:32:00,410
they're gonna try to get it out and I've

688
00:32:04,900 --> 00:32:01,970

witnessed this before and it was

689

00:32:06,700 --> 00:32:04,910

somebody trying to like dig an implant

690

00:32:09,330 --> 00:32:06,710

out of their leg and it was really gross

691

00:32:14,440 --> 00:32:09,340

and disturbing and I tried to stop it

692

00:32:16,720 --> 00:32:14,450

you know so I guess my plea is if you

693

00:32:19,960 --> 00:32:16,730

think that there is something going on

694

00:32:22,560 --> 00:32:19,970

like that do not try to hurt yourself to

695

00:32:25,390 --> 00:32:22,570

remove an implant go see somebody

696

00:32:27,790 --> 00:32:25,400

because it is not something and someone

697

00:32:30,460 --> 00:32:27,800

should do on their own and maybe it is a

698

00:32:32,800 --> 00:32:30,470

natural foreign object that has gotten

699

00:32:35,680 --> 00:32:32,810

lodged in your your your leg or where

700

00:32:39,190 --> 00:32:35,690

have you right but I mean it doesn't

701
00:32:41,920 --> 00:32:39,200
matter what what you think you know put

702
00:32:43,810 --> 00:32:41,930
that there what his origin is or what

703
00:32:46,180 --> 00:32:43,820
its actual origin may be if that's the

704
00:32:48,340 --> 00:32:46,190
case that some alien put it in you that

705
00:32:50,320 --> 00:32:48,350
really doesn't matter doctors are still

706
00:32:51,910 --> 00:32:50,330
going to help you take that out if you

707
00:32:54,880 --> 00:32:51,920
go and say I've got something weird

708
00:32:57,250 --> 00:32:54,890
inside me please get this out doctors

709
00:32:59,290 --> 00:32:57,260
are going to help you absolutely in case

710
00:33:01,900 --> 00:32:59,300
and and also like that goes with

711
00:33:04,630 --> 00:33:01,910
hypnotherapy too I mean if you think you

712
00:33:06,190 --> 00:33:04,640
were abducted by aliens or you have a

713
00:33:08,430 --> 00:33:06,200

memory of something really weird

714

00:33:10,530 --> 00:33:08,440

happening and you need to like do

715

00:33:13,530 --> 00:33:10,540

then mentally and emotionally don't go

716

00:33:17,000 --> 00:33:13,540

to an alien therapist go to a real you

717

00:33:20,460 --> 00:33:17,010

know certified therapist or

718

00:33:23,390 --> 00:33:20,470

psychoanalyst or hypnotherapist and have

719

00:33:25,980 --> 00:33:23,400

them do it I feel like no matter if it's

720

00:33:29,220 --> 00:33:25,990

hypnotherapy or testing a metal or

721

00:33:33,090 --> 00:33:29,230

getting an implant removed like go where

722

00:33:36,030 --> 00:33:33,100

the science is not where the biased is I

723

00:33:38,340 --> 00:33:36,040

would say yeah so I we we all love

724

00:33:41,520 --> 00:33:38,350

material when it comes to this strange

725

00:33:44,940 --> 00:33:41,530

world of UFOs it's exciting when you

726
00:33:47,310 --> 00:33:44,950
have something physical to analyze but

727
00:33:50,010 --> 00:33:47,320
as with anything else related to UFO

728
00:33:50,760 --> 00:33:50,020
research it's so important to remain

729
00:33:53,430 --> 00:33:50,770
objective

730
00:33:56,220 --> 00:33:53,440
avoiding any attempts to force results

731
00:33:58,650 --> 00:33:56,230
to fit your desired outcome now TTS a is

732
00:34:01,680 --> 00:33:58,660
effort could conclude that the material

733
00:34:04,850 --> 00:34:01,690
they have is just a piece of junk would

734
00:34:06,210 --> 00:34:04,860
that be bad no an expensive piece of

735
00:34:09,570 --> 00:34:06,220
junk

736
00:34:11,670 --> 00:34:09,580
so it wouldn't be bad it's it's just a

737
00:34:14,460 --> 00:34:11,680
result of scientific testing it would

738
00:34:16,950 --> 00:34:14,470

eliminate one item of interest allowing

739

00:34:20,250 --> 00:34:16,960

them to move on to the next one now if

740

00:34:22,350 --> 00:34:20,260

TTS a is test results in an incredible

741

00:34:25,950 --> 00:34:22,360

discovery then that will be pretty

742

00:34:28,430 --> 00:34:25,960

exciting as far as we're concerned we're

743

00:34:31,530 --> 00:34:28,440

just spectators at someone else's show

744

00:34:34,380 --> 00:34:31,540

we're happy to see a company with the

745

00:34:36,990 --> 00:34:34,390

necessary resources taking Gamble's on

746

00:34:39,830 --> 00:34:37,000

things like this trying to unravel

747

00:34:43,020 --> 00:34:39,840

mysteries it's a fun show to watch

748

00:34:45,180 --> 00:34:43,030

regardless of the outcome I agree I'm

749

00:34:47,700 --> 00:34:45,190

along for the ride I can't wait to see

750

00:34:50,460 --> 00:34:47,710

what comes of this material maybe

751
00:34:52,560 --> 00:34:50,470
finally we'll get an answer that Windows

752
00:34:55,980 --> 00:34:52,570
has been looking for for almost three

753
00:34:59,790 --> 00:34:55,990
decades yeah seriously but what happens

754
00:35:02,100 --> 00:34:59,800
if if the army then does testing and it

755
00:35:04,050 --> 00:35:02,110
comes back super anomalous and they're

756
00:35:07,860 --> 00:35:04,060
like oh sweet we're going to be able to

757
00:35:10,110 --> 00:35:07,870
have floating cars and do all this crazy

758
00:35:12,810 --> 00:35:10,120
stuff with this this metal on our ground

759
00:35:14,790 --> 00:35:12,820
vehicles in and then it's all black

760
00:35:18,510 --> 00:35:14,800
budget and we never hear the results I

761
00:35:21,840 --> 00:35:18,520
mean that's a concern Oh huge concern

762
00:35:25,320 --> 00:35:21,850
and a very big possibility I think so

763
00:35:27,630 --> 00:35:25,330

again it's hard because we know that to

764

00:35:29,340 --> 00:35:27,640

the stars wants to look at UFOs but at

765

00:35:32,250 --> 00:35:29,350

the end of the day I keep coming back to

766

00:35:34,280 --> 00:35:32,260

the fact that DeLong is trying to paint

767

00:35:37,740 --> 00:35:34,290

a better picture of the military and

768

00:35:39,030 --> 00:35:37,750

people seem to keep forgetting that that

769

00:35:41,940 --> 00:35:39,040

that's kind of the end goal with all

770

00:35:45,180 --> 00:35:41,950

this is to find interesting technology

771

00:35:48,210 --> 00:35:45,190

to benefit humanity and also paint a

772

00:35:50,490 --> 00:35:48,220

better picture of the US military so I

773

00:35:52,950 --> 00:35:50,500

don't know Maureen that's a really good

774

00:35:55,410 --> 00:35:52,960

point even if it does get tested and its

775

00:35:58,440 --> 00:35:55,420

anomalous will we ever even know or find

776

00:36:01,050 --> 00:35:58,450

out we'll probably be left in the dark

777

00:36:03,930 --> 00:36:01,060

yeah and again I mean that's another big

778

00:36:06,450 --> 00:36:03,940

thing too you know being able to get to

779

00:36:08,640 --> 00:36:06,460

the application stage right because even

780

00:36:12,810 --> 00:36:08,650

if you find out the material is

781

00:36:14,850 --> 00:36:12,820

anomalous or may be extraterrestrial or

782

00:36:18,270 --> 00:36:14,860

has signs to indicate that it was

783

00:36:20,430 --> 00:36:18,280

manufactured not on this planet that's

784

00:36:23,100 --> 00:36:20,440

interesting news it's stuff that makes

785

00:36:25,470 --> 00:36:23,110

us scratch our heads or makes us go wow

786

00:36:26,850 --> 00:36:25,480

that's so rad and we tell our friends

787

00:36:30,360 --> 00:36:26,860

and we discuss it and talk about the

788

00:36:32,220 --> 00:36:30,370

possibilities but that's it you know

789

00:36:33,540 --> 00:36:32,230

just because you've found a piece of

790

00:36:35,160 --> 00:36:33,550

material that's weird

791

00:36:37,290 --> 00:36:35,170

doesn't mean all of a sudden that we can

792

00:36:38,880 --> 00:36:37,300

build flying saucers yeah that's a good

793

00:36:40,980 --> 00:36:38,890

point I mean we also know that at the

794

00:36:47,700 --> 00:36:40,990

beginning Tom DeLonge wanted to build a

795

00:36:51,630 --> 00:36:47,710

spaceship what if that actually happens

796

00:36:53,610 --> 00:36:51,640

where we in our lifetime somehow you

797

00:36:56,540 --> 00:36:53,620

have well it wouldn't be a UFO would

798

00:37:00,930 --> 00:36:56,550

just be a spacecraft you're right that

799

00:37:04,050 --> 00:37:00,940

yes yeah that that is easy to and fast

800

00:37:07,680 --> 00:37:04,060

to get around the galaxy or not even the

801
00:37:10,020 --> 00:37:07,690
galaxy the universe yeah I mean hey just

802
00:37:11,940 --> 00:37:10,030
I don't think it's that crazy look at

803
00:37:15,390 --> 00:37:11,950
how far technology's come in less 10

804
00:37:15,930 --> 00:37:15,400
years it's really bad yeah I don't know

805
00:37:18,210 --> 00:37:15,940
it's crazy

806
00:37:21,270 --> 00:37:18,220
well uh especially since if if what I

807
00:37:21,930 --> 00:37:21,280
said earlier about the military if they

808
00:37:26,720 --> 00:37:21,940
did recover

809
00:37:29,880 --> 00:37:26,730
you know this crashed UFO back in 1947

810
00:37:31,080 --> 00:37:29,890
imagine what they I mean I assume it

811
00:37:33,270 --> 00:37:31,090
takes a long time to reverse-engineer

812
00:37:34,070 --> 00:37:33,280
but maybe they already have something

813
00:37:36,590 --> 00:37:34,080

cool

814

00:37:39,920 --> 00:37:36,600

and now they just need an extra piece

815

00:37:41,540 --> 00:37:39,930

one one more extra piece can make it to

816

00:37:43,700 --> 00:37:41,550

make it super tough and have great armor

817

00:37:47,240 --> 00:37:43,710

it's just missing the cup holder in this

818

00:37:50,570 --> 00:37:47,250

isn't cup holder it's a cup holder with

819

00:37:54,410 --> 00:37:50,580

a cup full of element 115 exactly that's

820

00:37:59,290 --> 00:37:54,420

what actually the pilot has to drink the

821

00:38:09,560 --> 00:37:59,300

element 115 concoction in order to fly

822

00:38:11,450 --> 00:38:09,570

humans can now fly will citizens that's

823

00:38:13,040 --> 00:38:11,460

gonna do it for this episode you could
