The

SWINWALKER

Debrief

1
00:00:38,950 --> 00:00:14,910

[Music]

2
00:00:42,310 --> 00:00:40,549

welcome to the skinwalker debrief i'm

3
00:00:44,950 --> 00:00:42,320

your host tj allard and i am one of the

4
00:00:45,910 --> 00:00:44,960

executive producers on the new history

5
00:00:47,990 --> 00:00:45,920

series called

6
00:00:49,270 --> 00:00:48,000

the secret of skinwalker ranch i'm

7
00:00:51,430 --> 00:00:49,280

joined each week

8
00:00:53,830 --> 00:00:51,440

by jason mcclellan and maureen ellsberry

9
00:00:56,470 --> 00:00:53,840

and together we dissect each episode to

10
00:00:58,310 --> 00:00:56,480

give you more insight into the show

11
00:01:00,229 --> 00:00:58,320

jason mcclellan has been exploring all

12
00:01:00,869 --> 00:01:00,239

the strange for more than a decade he's

13
00:01:03,910 --> 00:01:00,879

appeared on

14

00:01:05,590 --> 00:01:03,920

nat geo sci-fi history and he's the

15

00:01:08,230 --> 00:01:05,600

author of

16

00:01:09,830 --> 00:01:08,240

only weirdo c ufos an introduction to

17

00:01:12,070 --> 00:01:09,840

the public's misperception of

18

00:01:13,990 --> 00:01:12,080

unidentified aerial phenomenon and

19

00:01:15,590 --> 00:01:14,000

extraterrestrial life

20

00:01:17,749 --> 00:01:15,600

maureen is a journalist researcher and

21

00:01:19,270 --> 00:01:17,759

podcaster specializing in the anomalous

22

00:01:21,270 --> 00:01:19,280

she starred in the docu-series

23

00:01:23,510 --> 00:01:21,280

uncovering aliens on animal planet and

24

00:01:24,070 --> 00:01:23,520

served as an ambassador for science

25

00:01:26,950 --> 00:01:24,080

channels

26

00:01:28,789 --> 00:01:26,960

are we alone initiative and tonight we'd

27

00:01:29,670 --> 00:01:28,799

like to welcome back the head of

28

00:01:34,149 --> 00:01:29,680

security

29

00:01:36,630 --> 00:01:34,159

at skinwalker ranch bryant dragon arnold

30

00:01:37,190 --> 00:01:36,640

thanks for joining us again man you bet

31

00:01:38,710 --> 00:01:37,200

no

32

00:01:40,789 --> 00:01:38,720

great to be back with you guys you guys

33

00:01:42,069 --> 00:01:40,799

are a pleasure to chat with so thanks

34

00:01:44,870 --> 00:01:42,079

for having me back

35

00:01:45,990 --> 00:01:44,880

awesome so this week in the spirit of

36

00:01:47,590 --> 00:01:46,000

keeping things moving

37

00:01:48,950 --> 00:01:47,600

um instead of going through each block

38

00:01:50,550 --> 00:01:48,960

of the show we're just gonna kind of

39

00:01:53,670 --> 00:01:50,560

recap the entire show

40

00:01:54,870 --> 00:01:53,680

so just go from you know 30 000 foot

41

00:01:57,429 --> 00:01:54,880

view

42

00:01:57,910 --> 00:01:57,439

and this week's title uh poke in the

43

00:02:02,950 --> 00:01:57,920

nest

44

00:02:04,870 --> 00:02:02,960

i got the three bullet points that we

45

00:02:06,469 --> 00:02:04,880

gotta hit the drilling

46

00:02:07,990 --> 00:02:06,479

i got some ground shaking telephone

47

00:02:11,589 --> 00:02:08,000

poles and some alpacas so let's start

48

00:02:15,589 --> 00:02:11,599

with the drilling so brian

49

00:02:19,350 --> 00:02:17,350

there are a couple of reasons why we

50

00:02:20,869 --> 00:02:19,360

don't just bring excavation equipment

51
00:02:22,309 --> 00:02:20,879
out and just dig the whole ranch up

52
00:02:24,150 --> 00:02:22,319
number one we're not sure what's down

53
00:02:26,630 --> 00:02:24,160
there and so it's safer to do core

54
00:02:28,949 --> 00:02:26,640
samples first

55
00:02:30,229 --> 00:02:28,959
when we pull the core sample up and we

56
00:02:32,070 --> 00:02:30,239
look at it the first thing we're doing

57
00:02:32,790 --> 00:02:32,080
is having casey check it for radioactive

58
00:02:34,309 --> 00:02:32,800
material

59
00:02:38,470 --> 00:02:34,319
there's no radiation or anything in

60
00:02:39,910 --> 00:02:38,480
there so we can keep moving

61
00:02:41,589 --> 00:02:39,920
how was that experience i mean i know

62
00:02:43,750 --> 00:02:41,599
it's been it was hard leading up to that

63
00:02:45,430 --> 00:02:43,760

and i know travis was kind of you know

64

00:02:47,830 --> 00:02:45,440

ripping you a little bit about it

65

00:02:49,030 --> 00:02:47,840

so um how did how did you feel after all

66

00:02:51,509 --> 00:02:49,040

that happened

67

00:02:53,350 --> 00:02:51,519

well i mean ultimately when you know

68

00:02:54,869 --> 00:02:53,360

brandon gave his

69

00:02:57,030 --> 00:02:54,879

you know mandate that they could go

70

00:02:57,910 --> 00:02:57,040

ahead with it then you know i mean he's

71

00:03:01,110 --> 00:02:57,920

my boss

72

00:03:03,030 --> 00:03:01,120

so um you know as much as

73

00:03:04,630 --> 00:03:03,040

it was i mean really it was his mandate

74

00:03:06,470 --> 00:03:04,640

in the beginning not to dig

75

00:03:07,750 --> 00:03:06,480

and i'm kind of taking you know the

76

00:03:09,589 --> 00:03:07,760

shots for

77

00:03:10,949 --> 00:03:09,599

saying don't do it i was just holding up

78

00:03:13,030 --> 00:03:10,959

what he had asked me and we've we've

79

00:03:16,470 --> 00:03:13,040

kind of talked about that a little bit

80

00:03:17,030 --> 00:03:16,480

um but you know once he said to do it

81

00:03:19,110 --> 00:03:17,040

then we

82

00:03:21,030 --> 00:03:19,120

decided as opposed to just going and

83

00:03:22,149 --> 00:03:21,040

excavating up the road that the best way

84

00:03:24,309 --> 00:03:22,159

to go

85

00:03:27,110 --> 00:03:24,319

given the circumstances under travis

86

00:03:30,470 --> 00:03:27,120

having been exposed to radiation

87

00:03:31,589 --> 00:03:30,480

um and you know some of the lore and the

88

00:03:33,270 --> 00:03:31,599

unknowns and

89

00:03:35,030 --> 00:03:33,280

kind of one of the very few things we

90

00:03:37,509 --> 00:03:35,040

got from the bigelow era was them

91

00:03:38,149 --> 00:03:37,519

telling us you know don't dig i think it

92

00:03:40,149 --> 00:03:38,159

was even on

93

00:03:41,350 --> 00:03:40,159

the title of the property like one of

94

00:03:44,630 --> 00:03:41,360

the

95

00:03:47,110 --> 00:03:44,640

ownership is that you weren't supposed

96

00:03:49,910 --> 00:03:47,120

to be digging um

97

00:03:50,949 --> 00:03:49,920

so i you know that's what we were going

98

00:03:52,789 --> 00:03:50,959

off of

99

00:03:54,229 --> 00:03:52,799

but beforehand before we're going to do

100

00:03:56,710 --> 00:03:54,239

that because it was in the area where

101
00:03:58,789 --> 00:03:56,720
travis was exposed to radiation

102
00:04:00,149 --> 00:03:58,799
we brought back in the experts from

103
00:04:02,949 --> 00:04:00,159
qualtech to go

104
00:04:03,750 --> 00:04:02,959
and you know do another radiation sweep

105
00:04:07,830 --> 00:04:03,760
nothing

106
00:04:10,070 --> 00:04:07,840
are you finding anything

107
00:04:11,190 --> 00:04:10,080
not at this point just just normal

108
00:04:13,910 --> 00:04:11,200
background

109
00:04:14,470 --> 00:04:13,920
yep i think really you're not getting

110
00:04:16,629 --> 00:04:14,480
anything

111
00:04:18,390 --> 00:04:16,639
as we're looking around the readings

112
00:04:18,870 --> 00:04:18,400
that we took using our instruments

113
00:04:20,629 --> 00:04:18,880

showed

114

00:04:22,230 --> 00:04:20,639

it was below what they would normally

115

00:04:23,030 --> 00:04:22,240

read and they didn't read anything

116

00:04:26,230 --> 00:04:23,040

higher than

117

00:04:27,670 --> 00:04:26,240

what we call background noise i think

118

00:04:30,230 --> 00:04:27,680

that's really

119

00:04:31,510 --> 00:04:30,240

really kind of illustrates the

120

00:04:35,110 --> 00:04:31,520

frustration of the ranch

121

00:04:36,629 --> 00:04:35,120

because you know just a few days before

122

00:04:38,710 --> 00:04:36,639

there was enough radiation there where

123

00:04:40,230 --> 00:04:38,720

travis got radiation burns he didn't

124

00:04:42,710 --> 00:04:40,240

talk about but he

125

00:04:43,510 --> 00:04:42,720

you know he told us he was being coffee

126
00:04:45,510 --> 00:04:43,520
colored

127
00:04:47,990 --> 00:04:45,520
uh pee for a couple of days which is

128
00:04:50,070 --> 00:04:48,000
another sign of radiation

129
00:04:51,990 --> 00:04:50,080
um you know various things like that so

130
00:04:53,270 --> 00:04:52,000
it was serious so we quarantined off the

131
00:04:55,430 --> 00:04:53,280
area completely

132
00:04:56,629 --> 00:04:55,440
until we had those guys come back and

133
00:04:58,469 --> 00:04:56,639
then when they came back

134
00:05:00,870 --> 00:04:58,479
they didn't even measure their major

135
00:05:01,830 --> 00:05:00,880
trace you know just basically background

136
00:05:03,990 --> 00:05:01,840
noise

137
00:05:05,749 --> 00:05:04,000
uh radiation and radiation doesn't just

138
00:05:09,189 --> 00:05:05,759

up and leave from an area it's either

139

00:05:10,150 --> 00:05:09,199

or it's not and so you know what could

140

00:05:12,070 --> 00:05:10,160

be causing

141

00:05:13,990 --> 00:05:12,080

radiation to be there one day and then

142

00:05:15,749 --> 00:05:14,000

not another enough radiation where it's

143

00:05:18,390 --> 00:05:15,759

going to cause physical burns

144

00:05:19,909 --> 00:05:18,400

and harm and set off a meter that's made

145

00:05:21,830 --> 00:05:19,919

to measure that sort of thing and then

146

00:05:23,189 --> 00:05:21,840

be completely gone so

147

00:05:25,430 --> 00:05:23,199

you know once we got the green light on

148

00:05:27,189 --> 00:05:25,440

that um you know we

149

00:05:28,710 --> 00:05:27,199

made sure he stuck around and we started

150

00:05:30,710 --> 00:05:28,720

drilling so that

151

00:05:32,710 --> 00:05:30,720

you know we could take core samples and

152

00:05:35,749 --> 00:05:32,720

make sure that we weren't poking that

153

00:05:38,469 --> 00:05:35,759

radioactive hornet's nest if you will so

154

00:05:39,270 --> 00:05:38,479

i guess that's that's the title pokemon

155

00:05:41,110 --> 00:05:39,280

i i think

156

00:05:42,790 --> 00:05:41,120

i think that's very interesting because

157

00:05:46,150 --> 00:05:42,800

we talked to eric about that

158

00:05:48,230 --> 00:05:46,160

last week a little bit and uh

159

00:05:49,270 --> 00:05:48,240

he mentioned kind of the same thing we

160

00:05:51,830 --> 00:05:49,280

asked about

161

00:05:53,270 --> 00:05:51,840

um whether or not the well water had

162

00:05:56,790 --> 00:05:53,280

gotten tested

163

00:06:00,870 --> 00:05:56,800

for radiation and he

164

00:06:04,950 --> 00:06:00,880

irritated the point that it was

165

00:06:08,469 --> 00:06:04,960

you know this bromine sort of effect

166

00:06:12,710 --> 00:06:08,479

so it's interesting to see

167

00:06:15,830 --> 00:06:12,720

uh where the radiation tests

168

00:06:17,909 --> 00:06:15,840

spike and where they don't yeah the

169

00:06:19,430 --> 00:06:17,919

transient nature of it is just

170

00:06:21,029 --> 00:06:19,440

mind-boggling that i think is the

171

00:06:22,670 --> 00:06:21,039

biggest just

172

00:06:25,270 --> 00:06:22,680

it's not just the radiation you know the

173

00:06:27,029 --> 00:06:25,280

radioactivity i mean excuse me

174

00:06:28,550 --> 00:06:27,039

all the you know electromagnetic stuff

175

00:06:30,390 --> 00:06:28,560

and everything it could be in one spot

176
00:06:32,070 --> 00:06:30,400
and move to another and everything so

177
00:06:33,990 --> 00:06:32,080
and that is definitely one of the big

178
00:06:36,950 --> 00:06:34,000
frustrations is it's such a transient

179
00:06:39,430 --> 00:06:36,960
thing that moves around and what to

180
00:06:42,469 --> 00:06:39,440
prepare for and what not to prepare

181
00:06:45,909 --> 00:06:42,479
no i know they um we brought in the

182
00:06:47,270 --> 00:06:45,919
tribal leader or the the someone to come

183
00:06:48,150 --> 00:06:47,280
and bless the land i don't want to

184
00:06:49,909 --> 00:06:48,160
misspeak and

185
00:06:51,589 --> 00:06:49,919
i you know we're going to have jim on so

186
00:06:53,110 --> 00:06:51,599
i'll ask him more

187
00:06:54,710 --> 00:06:53,120
in depth about that because i know that

188
00:06:55,830 --> 00:06:54,720

that's kind of he's got these great

189

00:06:59,270 --> 00:06:55,840

relationships with

190

00:07:01,749 --> 00:06:59,280

um with the ut tribe um

191

00:07:03,510 --> 00:07:01,759

and uh so i you know let him speak to

192

00:07:05,270 --> 00:07:03,520

that stuff but i know when they came in

193

00:07:11,749 --> 00:07:05,280

or when he came in and did that

194

00:07:11,759 --> 00:07:25,189

doctor watch you

195

00:07:28,550 --> 00:07:26,469

it just seemed like it was kind of a

196

00:07:31,589 --> 00:07:28,560

relief almost

197

00:07:32,629 --> 00:07:31,599

amongst you guys um but did you feel

198

00:07:33,830 --> 00:07:32,639

that i mean was that kind of what was

199

00:07:36,390 --> 00:07:33,840

going on or

200

00:07:37,909 --> 00:07:36,400

that was actually a really emotional day

201
00:07:39,510 --> 00:07:37,919
they they only showed a little bit and

202
00:07:41,589 --> 00:07:39,520
some of that was because

203
00:07:42,550 --> 00:07:41,599
larry says food is is the gentleman that

204
00:07:45,589 --> 00:07:42,560
came in

205
00:07:48,629 --> 00:07:45,599
um and he's a youth spiritual leader

206
00:07:50,469 --> 00:07:48,639
and uh he actually took the time and

207
00:07:53,909 --> 00:07:50,479
made him turn the cameras off

208
00:07:54,469 --> 00:07:53,919
and did a blessing with like their sweet

209
00:07:55,909 --> 00:07:54,479
grass

210
00:07:58,390 --> 00:07:55,919
and the eagle feather and everything for

211
00:07:59,670 --> 00:07:58,400
the entire crew for the camera guys

212
00:08:01,270 --> 00:07:59,680
everything i mean he individually went

213
00:08:03,990 --> 00:08:01,280

around and did that for everyone

214

00:08:05,589 --> 00:08:04,000

um as you know a protection and he

215

00:08:07,189 --> 00:08:05,599

talked about you know they briefly

216

00:08:08,790 --> 00:08:07,199

touched on how he said

217

00:08:10,629 --> 00:08:08,800

you know when you disturb the earth you

218

00:08:12,790 --> 00:08:10,639

need to do so carefully

219

00:08:13,749 --> 00:08:12,800

and with a meaning not just out there

220

00:08:15,350 --> 00:08:13,759

willy-nilly and

221

00:08:16,790 --> 00:08:15,360

that kind of plays into the narrative of

222

00:08:19,830 --> 00:08:16,800

what we've been told

223

00:08:21,510 --> 00:08:19,840

and so yeah i mean you saw a little

224

00:08:21,830 --> 00:08:21,520

snippet of our time with larry but it

225

00:08:27,430 --> 00:08:21,840

was

226

00:08:30,070 --> 00:08:27,440

yeah there did seem to be a sense of

227

00:08:31,430 --> 00:08:30,080

relief once you know he said look

228

00:08:33,110 --> 00:08:31,440

we've done everything we can i mean i've

229

00:08:34,949 --> 00:08:33,120

done everything i could

230

00:08:36,389 --> 00:08:34,959

had a radiation test he did everything

231

00:08:38,389 --> 00:08:36,399

he could so at this point

232

00:08:40,230 --> 00:08:38,399

we're gonna do it and so we went forward

233

00:08:41,909 --> 00:08:40,240

with it yes

234

00:08:43,750 --> 00:08:41,919

and that's something that that i think

235

00:08:45,670 --> 00:08:43,760

is really cool about the show

236

00:08:47,990 --> 00:08:45,680

you know and i i think a lot of people

237

00:08:49,750 --> 00:08:48,000

talking negatively about the show

238

00:08:51,269 --> 00:08:49,760

aren't actually watching the show to see

239

00:08:53,750 --> 00:08:51,279

what's taking place on the show

240

00:08:55,910 --> 00:08:53,760

and that is in instances like this

241

00:08:58,630 --> 00:08:55,920

experts are being brought in

242

00:08:59,910 --> 00:08:58,640

when it's appropriate for the particular

243

00:09:02,310 --> 00:08:59,920

uh experiment or

244

00:09:04,310 --> 00:09:02,320

or or investigation taking place and in

245

00:09:06,310 --> 00:09:04,320

this case having radiation experts

246

00:09:07,829 --> 00:09:06,320

come on and do the test rather than have

247

00:09:09,590 --> 00:09:07,839

someone like travis just walk around

248

00:09:11,110 --> 00:09:09,600

with a dose meter or a geiger counter

249

00:09:13,350 --> 00:09:11,120

and go yeah it looks good to me

250

00:09:15,509 --> 00:09:13,360

you know you've got experts coming in to

251
00:09:17,030 --> 00:09:15,519
do this along with the team and i think

252
00:09:17,910 --> 00:09:17,040
that's really admirable of the show to

253
00:09:20,870 --> 00:09:17,920
do

254
00:09:21,829 --> 00:09:20,880
well and and also that the native

255
00:09:25,910 --> 00:09:21,839
american

256
00:09:29,430 --> 00:09:25,920
youth connection is is very important

257
00:09:31,269 --> 00:09:29,440
because without that what is the story

258
00:09:33,990 --> 00:09:31,279
of skinwalker ranch so

259
00:09:34,949 --> 00:09:34,000
i appreciate that that is also brought

260
00:09:38,150 --> 00:09:34,959
into the

261
00:09:39,670 --> 00:09:38,160
the dialogue and that it was done in

262
00:09:41,910 --> 00:09:39,680
such a delicate way

263
00:09:43,590 --> 00:09:41,920

um and what people don't realize is how

264

00:09:45,750 --> 00:09:43,600

long you guys are actually there for

265

00:09:46,949 --> 00:09:45,760

so we only saw it as this quick you know

266

00:09:49,750 --> 00:09:46,959

the you know the little

267

00:09:51,190 --> 00:09:49,760

ceremony and then okay bow your heads

268

00:09:53,269 --> 00:09:51,200

and then you guys hug and it's like

269

00:09:54,790 --> 00:09:53,279

well i saw people commenting like why is

270

00:09:56,470 --> 00:09:54,800

he hugging like he

271

00:09:58,310 --> 00:09:56,480

wasn't like he was there all i'm like no

272

00:10:00,230 --> 00:09:58,320

actually he was there all day

273

00:10:01,430 --> 00:10:00,240

you know just they built a bond over

274

00:10:05,110 --> 00:10:01,440

that time period it wasn't just

275

00:10:06,710 --> 00:10:05,120

15 minutes it's tv time tv time

276

00:10:08,230 --> 00:10:06,720

he helped me a lot i was having all

277

00:10:10,870 --> 00:10:08,240

kinds of

278

00:10:12,550 --> 00:10:10,880

anxieties and things like that about you

279

00:10:14,150 --> 00:10:12,560

know all kinds of stuff and yeah

280

00:10:16,150 --> 00:10:14,160

he was a really calming influence he was

281

00:10:17,910 --> 00:10:16,160

great he was growing

282

00:10:19,190 --> 00:10:17,920

awesome so now while you were drilling

283

00:10:21,670 --> 00:10:19,200

though those poles

284

00:10:22,870 --> 00:10:21,680

what was up with the poles shaking look

285

00:10:26,069 --> 00:10:22,880

at that

286

00:10:29,509 --> 00:10:26,079

the whole power line's wobbling why is

287

00:10:35,670 --> 00:10:32,630

the wire's going nuts it was violent

288

00:10:40,470 --> 00:10:35,680

and look look all the way down there oh

289

00:10:43,110 --> 00:10:40,480

holy sh yeah it's crazy

290

00:10:44,310 --> 00:10:43,120

like there was the promo was a little

291

00:10:46,310 --> 00:10:44,320

misleading but then

292

00:10:47,670 --> 00:10:46,320

during the episode you actually saw saw

293

00:10:50,069 --> 00:10:47,680

how it was happening

294

00:10:51,750 --> 00:10:50,079

um like were you hearing it was it just

295

00:10:52,550 --> 00:10:51,760

the whole ground shaking or was it just

296

00:10:54,630 --> 00:10:52,560

those poles

297

00:10:56,470 --> 00:10:54,640

no it was just the power line it was

298

00:10:58,310 --> 00:10:56,480

that one pole and the and then all the

299

00:11:01,350 --> 00:10:58,320

wires leading down

300

00:11:02,470 --> 00:11:01,360

um just started vibrating and shaking

301
00:11:04,470 --> 00:11:02,480
really hard

302
00:11:06,150 --> 00:11:04,480
um enough to you know make enough noise

303
00:11:07,269 --> 00:11:06,160
of them clanking together and for

304
00:11:09,990 --> 00:11:07,279
everybody to look up

305
00:11:11,430 --> 00:11:10,000
and and we don't know what in the world

306
00:11:13,670 --> 00:11:11,440
that was about

307
00:11:14,949 --> 00:11:13,680
um it wasn't the drill rig wasn't on at

308
00:11:17,190 --> 00:11:14,959
the time

309
00:11:19,110 --> 00:11:17,200
um so that was okay that's good to know

310
00:11:21,670 --> 00:11:19,120
because it was kind of uh

311
00:11:23,269 --> 00:11:21,680
not now that clear yeah you guys didn't

312
00:11:24,389 --> 00:11:23,279
feel any vibration on the ground at all

313
00:11:26,630 --> 00:11:24,399

when that was happening

314

00:11:28,069 --> 00:11:26,640

no it was weird it was just the pole

315

00:11:29,829 --> 00:11:28,079

started shaking and

316

00:11:32,630 --> 00:11:29,839

you can see the lines down the way

317

00:11:34,310 --> 00:11:32,640

shaking quite a bit and you know

318

00:11:36,230 --> 00:11:34,320

i don't know you can't you can't see

319

00:11:39,590 --> 00:11:36,240

around the corner there was no

320

00:11:42,630 --> 00:11:39,600

people down there at that side so

321

00:11:44,949 --> 00:11:42,640

you know that one's a mystery to me i

322

00:11:46,230 --> 00:11:44,959

it didn't blow me away as much as you

323

00:11:48,310 --> 00:11:46,240

know some people were

324

00:11:49,750 --> 00:11:48,320

right on edge enough i've been around

325

00:11:51,750 --> 00:11:49,760

that place enough to be

326

00:11:52,949 --> 00:11:51,760

a little bit numb to some of that this

327

00:11:54,629 --> 00:11:52,959

sort of thing

328

00:11:56,629 --> 00:11:54,639

um but yeah i don't i don't know what

329

00:11:57,190 --> 00:11:56,639

caused it it happened for a few minutes

330

00:12:00,069 --> 00:11:57,200

and then

331

00:12:00,949 --> 00:12:00,079

it stopped again okay so i mean

332

00:12:03,750 --> 00:12:00,959

ultimately

333

00:12:04,470 --> 00:12:03,760

you know the drill didn't get all that

334

00:12:07,590 --> 00:12:04,480

far

335

00:12:10,389 --> 00:12:07,600

give us like the in

336

00:12:11,190 --> 00:12:10,399

inconclusive results so you know stay

337

00:12:13,430 --> 00:12:11,200

tuned

338

00:12:14,629 --> 00:12:13,440

but you know we buried the lead here um

339

00:12:15,590 --> 00:12:14,639

that everyone's been talking about the

340

00:12:18,389 --> 00:12:15,600

alpacas

341

00:12:19,110 --> 00:12:18,399

uh you know the internet's gone crazy

342

00:12:21,110 --> 00:12:19,120

and uh

343

00:12:22,150 --> 00:12:21,120

you know what can what can you say like

344

00:12:24,870 --> 00:12:22,160

being there and

345

00:12:25,750 --> 00:12:24,880

that morning and kind of give us a play

346

00:12:29,590 --> 00:12:25,760

by player

347

00:12:33,030 --> 00:12:29,600

yeah your insurance it really was

348

00:12:34,710 --> 00:12:33,040

um an unfortunate situation that

349

00:12:36,310 --> 00:12:34,720

i mean tom and candace the two

350

00:12:38,310 --> 00:12:36,320

caretakers um

351

00:12:40,230 --> 00:12:38,320

that live on the property wanted you

352

00:12:42,629 --> 00:12:40,240

know some animals

353

00:12:44,230 --> 00:12:42,639

uh different than just a herd of cows on

354

00:12:45,670 --> 00:12:44,240

the property because they you know they

355

00:12:47,350 --> 00:12:45,680

like animals they wanted

356

00:12:49,030 --> 00:12:47,360

i guess pets and so they came up with

357

00:12:49,910 --> 00:12:49,040

the idea to have alpacas because they

358

00:12:51,829 --> 00:12:49,920

studied

359

00:12:53,350 --> 00:12:51,839

that they were you know they had

360

00:12:54,710 --> 00:12:53,360

characteristics they weren't

361

00:12:55,990 --> 00:12:54,720

ones that are going to run off they're

362

00:12:58,230 --> 00:12:56,000

not going to be mean to people they're a

363

00:13:01,030 --> 00:12:58,240

little more docile than say llamas and

364

00:13:01,990 --> 00:13:01,040

and something like that so they arranged

365

00:13:04,310 --> 00:13:02,000

to get a couple

366

00:13:05,910 --> 00:13:04,320

of alpacas and you saw them bring them

367

00:13:07,030 --> 00:13:05,920

on the property and how excited they

368

00:13:09,829 --> 00:13:07,040

were and everything

369

00:13:10,310 --> 00:13:09,839

and so to acclimate them we put them in

370

00:13:12,870 --> 00:13:10,320

that

371

00:13:13,590 --> 00:13:12,880

corral right there by the ranch house so

372

00:13:15,750 --> 00:13:13,600

you know

373

00:13:17,750 --> 00:13:15,760

that they weren't just set off into the

374

00:13:21,590 --> 00:13:17,760

wild i mean it was actually

375

00:13:23,670 --> 00:13:21,600

done that way to try and help them

376

00:13:24,870 --> 00:13:23,680

you know feel safer and so on and so

377

00:13:27,430 --> 00:13:24,880

forth it was

378

00:13:30,069 --> 00:13:27,440

that night or that next very next

379

00:13:33,590 --> 00:13:30,079

morning when they came on the property

380

00:13:37,110 --> 00:13:33,600

that you know the one was was attacked

381

00:13:37,829 --> 00:13:37,120

and um you know it's unfortunate that

382

00:13:41,670 --> 00:13:37,839

our camera

383

00:13:45,670 --> 00:13:41,680

went down at that time or wasn't fixed

384

00:13:47,430 --> 00:13:45,680

and at the right time um but ultimately

385

00:13:49,990 --> 00:13:47,440

you know tom came out and chased off

386

00:13:50,550 --> 00:13:50,000

what you know my estimation was a pack

387

00:13:54,629 --> 00:13:50,560

of

388

00:13:56,550 --> 00:13:54,639

come around in packs

389

00:13:58,550 --> 00:13:56,560

um they're dangerous they've you know

390

00:14:00,470 --> 00:13:58,560

they come at people you know when

391

00:14:02,069 --> 00:14:00,480

wild dogs get together they're they're

392

00:14:03,910 --> 00:14:02,079

pretty dangerous

393

00:14:05,350 --> 00:14:03,920

based on what their reports were and

394

00:14:06,470 --> 00:14:05,360

what little footage we were able to

395

00:14:07,910 --> 00:14:06,480

capture i

396

00:14:10,230 --> 00:14:07,920

i mean that's my feeling that's my

397

00:14:12,150 --> 00:14:10,240

estimation um

398

00:14:13,670 --> 00:14:12,160

and so yeah it was serious we called the

399

00:14:17,189 --> 00:14:13,680

vet immediately

400

00:14:19,750 --> 00:14:17,199

um he came out and you know

401
00:14:20,790 --> 00:14:19,760
patched up that alpaca and got it taken

402
00:14:22,710 --> 00:14:20,800
care of and then we

403
00:14:24,150 --> 00:14:22,720
took measures and and moved them to a

404
00:14:25,590 --> 00:14:24,160
different location on the ranch which is

405
00:14:27,990 --> 00:14:25,600
much more secure

406
00:14:28,710 --> 00:14:28,000
her predators can't get into them and

407
00:14:30,870 --> 00:14:28,720
then

408
00:14:31,829 --> 00:14:30,880
you know shortly thereafter we realized

409
00:14:33,990 --> 00:14:31,839
that

410
00:14:35,910 --> 00:14:34,000
just because it was skinwalker ranch

411
00:14:38,790 --> 00:14:35,920
that they probably needed to go

412
00:14:39,990 --> 00:14:38,800
to a different place and so you know the

413
00:14:43,030 --> 00:14:40,000

last thing that

414

00:14:45,030 --> 00:14:43,040

was tried to do

415

00:14:46,069 --> 00:14:45,040

is has caused them harm they weren't

416

00:14:49,189 --> 00:14:46,079

bait

417

00:14:50,389 --> 00:14:49,199

they weren't anything like that um you

418

00:14:51,990 --> 00:14:50,399

know it's like different people we've

419

00:14:53,430 --> 00:14:52,000

talked about travis taylor

420

00:14:55,430 --> 00:14:53,440

when he came out of the ranch we'll be

421

00:14:56,550 --> 00:14:55,440

interested to see how the ranch reacts

422

00:14:58,949 --> 00:14:56,560

to travis

423

00:14:59,670 --> 00:14:58,959

and it did you know the ranch reacted

424

00:15:01,350 --> 00:14:59,680

and we thought

425

00:15:02,949 --> 00:15:01,360

you know maybe the ranch would react to

426

00:15:05,750 --> 00:15:02,959

different types of animals

427

00:15:06,870 --> 00:15:05,760

it wasn't meant to see if you know we

428

00:15:08,629 --> 00:15:06,880

could get them harmed

429

00:15:10,230 --> 00:15:08,639

or you know anything like that it

430

00:15:12,150 --> 00:15:10,240

strictly was

431

00:15:13,670 --> 00:15:12,160

you know we haven't had anything

432

00:15:16,150 --> 00:15:13,680

different on the property

433

00:15:18,629 --> 00:15:16,160

and these guys want pets and so they

434

00:15:20,470 --> 00:15:18,639

want alpacas let's bring alpacas

435

00:15:21,670 --> 00:15:20,480

it didn't work so we made sure we got

436

00:15:24,150 --> 00:15:21,680

rid of them so that they wouldn't be

437

00:15:27,030 --> 00:15:24,160

hurt again

438

00:15:28,150 --> 00:15:27,040

there it is it was not bait people so

439

00:15:29,990 --> 00:15:28,160

those were listening

440

00:15:32,230 --> 00:15:30,000

but i kind of like the fact that you

441

00:15:33,670 --> 00:15:32,240

just mentioned that travis taylor was

442

00:15:35,670 --> 00:15:33,680

kind of fake

443

00:15:37,060 --> 00:15:35,680

uh no i would i would have been okay

444

00:15:38,829 --> 00:15:37,070

with him getting chewed now

445

00:15:41,350 --> 00:15:38,839

[Laughter]

446

00:15:42,870 --> 00:15:41,360

interesting i could see that connection

447

00:15:47,350 --> 00:15:42,880

you know what's funny about that

448

00:15:52,389 --> 00:15:50,790

like travis and i hate each other's gods

449

00:15:54,870 --> 00:15:52,399

it really makes it look like we're in

450

00:15:56,470 --> 00:15:54,880

fact you know i've had people say yeah

451
00:15:58,470 --> 00:15:56,480
you said you like that guy and actually

452
00:16:00,150 --> 00:15:58,480
travis and i are very good friends you

453
00:16:02,310 --> 00:16:00,160
don't spend that much time with somebody

454
00:16:03,350 --> 00:16:02,320
day and night and obviously friends and

455
00:16:05,430 --> 00:16:03,360
everything but

456
00:16:06,949 --> 00:16:05,440
because we didn't necessarily agree on

457
00:16:09,189 --> 00:16:06,959
what you wanted to do versus

458
00:16:10,150 --> 00:16:09,199
you know what i didn't think should be

459
00:16:12,389 --> 00:16:10,160
done

460
00:16:13,269 --> 00:16:12,399
it it certainly looks that way but but

461
00:16:15,030 --> 00:16:13,279
no i

462
00:16:16,629 --> 00:16:15,040
i have nothing but good things to say

463
00:16:18,629 --> 00:16:16,639

about travis i like to poke fun of them

464

00:16:20,710 --> 00:16:18,639

but i like to do that with everybody

465

00:16:23,030 --> 00:16:20,720

absolutely i think that's the right way

466

00:16:25,269 --> 00:16:23,040

to be i wish more people could

467

00:16:26,710 --> 00:16:25,279

i wish more people watched this because

468

00:16:28,790 --> 00:16:26,720

this is who you really are

469

00:16:30,470 --> 00:16:28,800

like not that you're acting on the show

470

00:16:31,990 --> 00:16:30,480

but it's you don't get to

471

00:16:34,230 --> 00:16:32,000

know you're not but you don't get to see

472

00:16:34,790 --> 00:16:34,240

this personality come out as much you

473

00:16:37,030 --> 00:16:34,800

know because

474

00:16:39,030 --> 00:16:37,040

you're seeing it all in a microcosm of

475

00:16:41,030 --> 00:16:39,040

of a quick clip a quick clip like

476
00:16:42,629 --> 00:16:41,040
a facial expression you know a reaction

477
00:16:44,069 --> 00:16:42,639
and it's you know nobody gets to talk to

478
00:16:45,509 --> 00:16:44,079
you or have a conversation and

479
00:16:47,670 --> 00:16:45,519
i wish people could see this like you're

480
00:16:50,629 --> 00:16:47,680
a real person you're a dude

481
00:16:52,230 --> 00:16:50,639
you know you're working like that's what

482
00:16:55,509 --> 00:16:52,240
he wants you to believe

483
00:16:58,470 --> 00:16:55,519
right the thing that i make facial

484
00:17:01,430 --> 00:16:58,480
expressions come on

485
00:17:04,150 --> 00:17:01,440
no i i i mean that's that's why it's so

486
00:17:06,470 --> 00:17:04,160
hard with the internet it's like

487
00:17:07,750 --> 00:17:06,480
people don't understand that that you're

488
00:17:10,390 --> 00:17:07,760

a real person and

489

00:17:12,230 --> 00:17:10,400

and you clearly are involved in the

490

00:17:13,350 --> 00:17:12,240

investigation we've talked about it

491

00:17:16,470 --> 00:17:13,360

already

492

00:17:20,150 --> 00:17:16,480

in depth because you've been there from

493

00:17:22,309 --> 00:17:20,160

day one and uh it makes sense

494

00:17:23,829 --> 00:17:22,319

but people don't understand it so they

495

00:17:26,069 --> 00:17:23,839

think you're just like

496

00:17:27,909 --> 00:17:26,079

running around the ranch with your guns

497

00:17:31,590 --> 00:17:27,919

and

498

00:17:35,510 --> 00:17:31,600

really but it's it's it's not what's

499

00:17:38,470 --> 00:17:35,520

really happening no and and it's okay

500

00:17:40,549 --> 00:17:38,480

you know i there's definitely times when

501
00:17:42,950 --> 00:17:40,559
you know if i need to get pissed i'll

502
00:17:44,789 --> 00:17:42,960
be pissed and i've told them already i'm

503
00:17:46,230 --> 00:17:44,799
an equal opportunity [\h__\h] i've said

504
00:17:49,350 --> 00:17:46,240
that to him before

505
00:17:51,750 --> 00:17:49,360
you know and and uh if

506
00:17:53,430 --> 00:17:51,760
if if occasion calls for it then sure

507
00:17:54,310 --> 00:17:53,440
and if you know if i feel strongly about

508
00:17:58,150 --> 00:17:54,320
something sure

509
00:18:01,270 --> 00:17:58,160
but uh you know at the end of the day i

510
00:18:03,510 --> 00:18:01,280
i'm there to do a job and and they're

511
00:18:04,950 --> 00:18:03,520
just gonna do it

512
00:18:07,669 --> 00:18:04,960
no and you and you're doing a great job

513
00:18:10,150 --> 00:18:07,679

of it i mean look the criticisms are all

514

00:18:11,510 --> 00:18:10,160

personal attacks online and just yes i

515

00:18:14,310 --> 00:18:11,520

mean it's

516

00:18:15,270 --> 00:18:14,320

i don't know i i just shut off the

517

00:18:17,990 --> 00:18:15,280

internet it's kind of my

518

00:18:19,029 --> 00:18:18,000

my latest you know my latest response to

519

00:18:20,870 --> 00:18:19,039

stuff um

520

00:18:22,549 --> 00:18:20,880

because i'm looking through stuff like

521

00:18:25,190 --> 00:18:22,559

trying to find questions for

522

00:18:25,990 --> 00:18:25,200

you to ask yeah you know tonight it's

523

00:18:28,310 --> 00:18:26,000

it's like

524

00:18:29,669 --> 00:18:28,320

you know it's the same people harping on

525

00:18:31,190 --> 00:18:29,679

the same stuff and it's like well no you

526

00:18:33,350 --> 00:18:31,200

have an opportunity to ask

527

00:18:35,190 --> 00:18:33,360

him something like this is what you're

528

00:18:38,230 --> 00:18:35,200

going to say come on

529

00:18:39,669 --> 00:18:38,240

so you know i i really love this

530

00:18:41,270 --> 00:18:39,679

this dialogue with you and i want people

531

00:18:43,830 --> 00:18:41,280

to like hear this and say oh shoot

532

00:18:45,510 --> 00:18:43,840

next time ask da da you know let's get

533

00:18:47,190 --> 00:18:45,520

more info out of him like how are you

534

00:18:48,870 --> 00:18:47,200

feeling out there you know what was

535

00:18:50,549 --> 00:18:48,880

so you know what let's just go right to

536

00:18:51,909 --> 00:18:50,559

these these questions um maureen you

537

00:18:55,750 --> 00:18:51,919

want to go for the first ones

538

00:18:58,150 --> 00:18:55,760

uh from the viewers so bibi asks

539

00:18:59,590 --> 00:18:58,160

my question is when the 30 years of

540

00:19:03,669 --> 00:18:59,600

experience in the area

541

00:19:06,390 --> 00:19:03,679

dvm came out what was the answer

542

00:19:07,350 --> 00:19:06,400

when he was asked what kind of animal do

543

00:19:10,390 --> 00:19:07,360

you think

544

00:19:14,549 --> 00:19:10,400

attacked the alpaca

545

00:19:16,950 --> 00:19:14,559

uh i ever seen anything that looked like

546

00:19:18,390 --> 00:19:16,960

this attack before

547

00:19:20,390 --> 00:19:18,400

so you're talking about i guess they're

548

00:19:22,230 --> 00:19:20,400

talking about the vet that came out when

549

00:19:26,789 --> 00:19:22,240

the alpaca was back

550

00:19:29,909 --> 00:19:26,799

um and i don't necessarily think that he

551
00:19:32,310 --> 00:19:29,919
even speculated um on

552
00:19:33,270 --> 00:19:32,320
what type of animal it was he briefly

553
00:19:35,669 --> 00:19:33,280
touched on

554
00:19:36,710 --> 00:19:35,679
he was really he was really wanted to

555
00:19:38,390 --> 00:19:36,720
shy away from

556
00:19:41,029 --> 00:19:38,400
associating himself with the whole

557
00:19:43,430 --> 00:19:41,039
cattle mutilation you know stuff

558
00:19:44,710 --> 00:19:43,440
and so you you saw they gave very very

559
00:19:48,310 --> 00:19:44,720
short answers

560
00:19:51,270 --> 00:19:48,320
um to the questions yeah

561
00:19:52,150 --> 00:19:51,280
dude the fact that there's you know he's

562
00:19:53,990 --> 00:19:52,160
a professional

563
00:19:55,430 --> 00:19:54,000

and he doesn't want to you know put

564

00:19:56,710 --> 00:19:55,440

himself out there that he's

565

00:19:59,190 --> 00:19:56,720

going to say yeah something

566

00:20:01,190 --> 00:19:59,200

unexplainable mutilated he did say that

567

00:20:02,710 --> 00:20:01,200

the cow that had its tail missing

568

00:20:05,510 --> 00:20:02,720

they couldn't tell if it had been cut

569

00:20:05,990 --> 00:20:05,520

off or if it had been bitten off by

570

00:20:07,669 --> 00:20:06,000

something

571

00:20:09,990 --> 00:20:07,679

so because the nature of the wound was

572

00:20:12,789 --> 00:20:10,000

such that it was pretty clean

573

00:20:13,430 --> 00:20:12,799

it didn't look like it was torn um and

574

00:20:16,390 --> 00:20:13,440

so that's

575

00:20:18,310 --> 00:20:16,400

what when that that was when he spoke to

576
00:20:18,789 --> 00:20:18,320
you know the cow that he was called out

577
00:20:21,510 --> 00:20:18,799
when

578
00:20:23,270 --> 00:20:21,520
the sherman's on the property um that he

579
00:20:26,870 --> 00:20:23,280
knew

580
00:20:28,549 --> 00:20:26,880
you know his his speculation um

581
00:20:30,149 --> 00:20:28,559
because there's so many different

582
00:20:31,750 --> 00:20:30,159
animals around that area that are

583
00:20:33,270 --> 00:20:31,760
dangerous predators

584
00:20:35,110 --> 00:20:33,280
it could have been a mountain lion it

585
00:20:37,750 --> 00:20:35,120
could have been you know

586
00:20:39,510 --> 00:20:37,760
dogs it could have been coyotes you know

587
00:20:43,029 --> 00:20:39,520
there's a number of

588
00:20:44,310 --> 00:20:43,039

not crazy direwolf type creatures that

589

00:20:47,430 --> 00:20:44,320

live in the area that could have done

590

00:20:52,070 --> 00:20:47,440

that damage to the alpaca

591

00:20:55,510 --> 00:20:52,080

dragon have you uh seen

592

00:20:58,310 --> 00:20:55,520

crazy animal mutilation

593

00:20:59,029 --> 00:20:58,320

prior to this in terms of what's on the

594

00:21:02,070 --> 00:20:59,039

ranch

595

00:21:05,750 --> 00:21:02,080

no that you can talk that um

596

00:21:07,590 --> 00:21:05,760

since we i i can absolutely say since

597

00:21:08,950 --> 00:21:07,600

since brandon or i've been associated

598

00:21:11,430 --> 00:21:08,960

with it um

599

00:21:13,830 --> 00:21:11,440

you know we've had cows out there um

600

00:21:16,149 --> 00:21:13,840

every single year that we've been there

601
00:21:17,590 --> 00:21:16,159
and other than the one that you saw dead

602
00:21:20,630 --> 00:21:17,600
in episode one

603
00:21:23,270 --> 00:21:20,640
we've never lost an animal um

604
00:21:24,710 --> 00:21:23,280
before now you have we seen coyotes have

605
00:21:27,270 --> 00:21:24,720
they come around

606
00:21:28,710 --> 00:21:27,280
um you know have they chased the cattle

607
00:21:31,190 --> 00:21:28,720
and things like that

608
00:21:32,390 --> 00:21:31,200
we've seen mountain lions kill deer and

609
00:21:34,870 --> 00:21:32,400
elk and things like that

610
00:21:36,630 --> 00:21:34,880
on the property but as far as a

611
00:21:37,990 --> 00:21:36,640
mutilated animal we haven't come across

612
00:21:41,750 --> 00:21:38,000
any of that

613
00:21:43,750 --> 00:21:41,760

thank you armagest asked why wasn't he

614

00:21:44,870 --> 00:21:43,760

or a security team there to protect the

615

00:21:46,710 --> 00:21:44,880

alpacas

616

00:21:48,789 --> 00:21:46,720

when they're carrying rifles and

617

00:21:52,149 --> 00:21:48,799

shotguns around all the time

618

00:21:55,190 --> 00:21:52,159

isn't security around the clock

619

00:21:56,630 --> 00:21:55,200

okay no that's that's a fair question it

620

00:21:59,590 --> 00:21:56,640

actually happened

621

00:22:00,310 --> 00:21:59,600

like very early in the morning and you

622

00:22:04,470 --> 00:22:00,320

know

623

00:22:07,270 --> 00:22:04,480

with caleb and i there it's 512 acres

624

00:22:08,549 --> 00:22:07,280

so the fact of the matter is we were not

625

00:22:11,029 --> 00:22:08,559

near the homestead

626
00:22:12,070 --> 00:22:11,039
which is generally probably the safest

627
00:22:14,230 --> 00:22:12,080
place

628
00:22:16,149 --> 00:22:14,240
necessarily guarding the alpacas because

629
00:22:17,430 --> 00:22:16,159
we were thinking that there was

630
00:22:19,669 --> 00:22:17,440
necessarily a threat

631
00:22:20,549 --> 00:22:19,679
to those animals we were out doing our

632
00:22:23,590 --> 00:22:20,559
patrols

633
00:22:25,430 --> 00:22:23,600
so caleb was at i think the east side of

634
00:22:29,190 --> 00:22:25,440
the property and i was at the west

635
00:22:30,950 --> 00:22:29,200
and it just so happened that um

636
00:22:33,270 --> 00:22:30,960
whatever it was that attacked the alpaca

637
00:22:36,390 --> 00:22:33,280
came when neither of us there were there

638
00:22:38,390 --> 00:22:36,400

you know to defend them unfortunately

639

00:22:39,430 --> 00:22:38,400

i mean take place yeah that pen is so

640

00:22:41,270 --> 00:22:39,440

close to the

641

00:22:43,669 --> 00:22:41,280

to everything i mean right next to

642

00:22:45,909 --> 00:22:43,679

everything yeah well secure so

643

00:22:47,669 --> 00:22:45,919

it was obviously something pretty brazen

644

00:22:50,390 --> 00:22:47,679

right wanted to get in there

645

00:22:51,590 --> 00:22:50,400

because i mean there's a vast property

646

00:22:55,990 --> 00:22:51,600

there i mean

647

00:22:59,270 --> 00:22:56,000

like i said 512 acres is a lot to cover

648

00:23:01,350 --> 00:22:59,280

yeah for sure all right next question

649

00:23:03,029 --> 00:23:01,360

paul asks after watching this week's

650

00:23:07,430 --> 00:23:03,039

show why don't the crew

651
00:23:11,029 --> 00:23:08,710
you know that's something i would like

652
00:23:13,029 --> 00:23:11,039
to do actually um

653
00:23:14,230 --> 00:23:13,039
it's definitely something that i would

654
00:23:17,270 --> 00:23:14,240
like to do

655
00:23:19,830 --> 00:23:17,280
not only for you know we may

656
00:23:21,430 --> 00:23:19,840
see something that you know the camera

657
00:23:24,070 --> 00:23:21,440
people may not pick up

658
00:23:25,430 --> 00:23:24,080
like you know the ufo sighting episode

659
00:23:27,750 --> 00:23:25,440
four was

660
00:23:29,750 --> 00:23:27,760
that what we got on surveillance was

661
00:23:30,549 --> 00:23:29,760
does not do justice to what i saw with

662
00:23:34,310 --> 00:23:30,559
my eyes

663
00:23:36,870 --> 00:23:34,320

um but uh i would like it

664

00:23:37,669 --> 00:23:36,880

just you know from a from a security

665

00:23:39,190 --> 00:23:37,679

standpoint

666

00:23:41,430 --> 00:23:39,200

especially with the heightened amount of

667

00:23:44,470 --> 00:23:41,440

traffic we're getting at the ranch now

668

00:23:45,669 --> 00:23:44,480

there are a lot of people coming both to

669

00:23:47,510 --> 00:23:45,679

the gates as well as

670

00:23:49,430 --> 00:23:47,520

you know trespassing on the property and

671

00:23:51,430 --> 00:23:49,440

things like that yeah so i'd love it

672

00:23:53,830 --> 00:23:51,440

to have it for a safety standpoint as

673

00:23:56,630 --> 00:23:53,840

well as a liability standpoint so they

674

00:23:58,230 --> 00:23:56,640

can't make up stories but then maybe

675

00:23:59,500 --> 00:23:58,240

i wouldn't have the nickname dragon if

676

00:24:01,990 --> 00:23:59,510

people couldn't make those stories

677

00:24:05,590 --> 00:24:02,000

[Laughter]

678

00:24:09,029 --> 00:24:05,600

hey i i think we haven't had you on

679

00:24:11,029 --> 00:24:09,039

since the episode with the ufo sighting

680

00:24:11,750 --> 00:24:11,039

so i think it'd be really cool if you

681

00:24:14,789 --> 00:24:11,760

told us

682

00:24:19,029 --> 00:24:14,799

from your perspective what

683

00:24:22,710 --> 00:24:19,039

happened yeah yeah absolutely

684

00:24:24,310 --> 00:24:22,720

so um i've always just kind of held to

685

00:24:27,430 --> 00:24:24,320

the fact that i didn't want to make up

686

00:24:29,190 --> 00:24:27,440

any stories that i

687

00:24:31,430 --> 00:24:29,200

i refuse to make myself part of a

688

00:24:32,789 --> 00:24:31,440

narrative when it comes to that type of

689

00:24:33,190 --> 00:24:32,799

thing you know what i mean i'll talk

690

00:24:35,190 --> 00:24:33,200

about

691

00:24:36,630 --> 00:24:35,200

the job that i do out there but if it

692

00:24:37,510 --> 00:24:36,640

comes to experiences i'm not going to

693

00:24:38,870 --> 00:24:37,520

make stuff up

694

00:24:41,350 --> 00:24:38,880

because there's too many people that do

695

00:24:44,630 --> 00:24:41,360

that and and i won't

696

00:24:47,669 --> 00:24:44,640

i hadn't really seen anything crazy um

697

00:24:51,510 --> 00:24:47,679

visually on the property and

698

00:24:52,870 --> 00:24:51,520

so as soon as we started

699

00:24:55,350 --> 00:24:52,880

you know doing the whole rocket

700

00:24:57,590 --> 00:24:55,360

experiment it was pretty crazy

701
00:24:59,350 --> 00:24:57,600
in the fact that you know the cows

702
00:24:59,990 --> 00:24:59,360
started losing their minds and i pointed

703
00:25:03,350 --> 00:25:00,000
that out i mean

704
00:25:04,870 --> 00:25:03,360
it i don't think the the camerawork did

705
00:25:07,750 --> 00:25:04,880
that justice either

706
00:25:08,870 --> 00:25:07,760
the cows were literally slamming into

707
00:25:10,870 --> 00:25:08,880
the gate

708
00:25:12,630 --> 00:25:10,880
of the of the fence trying to get as far

709
00:25:13,990 --> 00:25:12,640
away from that area as possible and so

710
00:25:17,350 --> 00:25:14,000
that was weird

711
00:25:19,350 --> 00:25:17,360
um and then as we

712
00:25:20,549 --> 00:25:19,360
were starting to fire the rockets we

713
00:25:22,390 --> 00:25:20,559

hadn't you know

714

00:25:23,909 --> 00:25:22,400

we picked up a little bit of stuff on

715

00:25:26,950 --> 00:25:23,919

the instrumentation

716

00:25:29,029 --> 00:25:26,960

um destroyed some instrumentation

717

00:25:30,549 --> 00:25:29,039

and right as we were getting ready to

718

00:25:33,830 --> 00:25:30,559

launch that rocket

719

00:25:36,549 --> 00:25:33,840

um at first i what i thought

720

00:25:38,149 --> 00:25:36,559

i saw was like the cameraman's drone

721

00:25:40,390 --> 00:25:38,159

that was in the sky

722

00:25:42,070 --> 00:25:40,400

because it was dark when i first saw you

723

00:25:44,870 --> 00:25:42,080

know this shape and i said

724

00:25:46,710 --> 00:25:44,880

what is you know anthony's drone doing

725

00:25:48,390 --> 00:25:46,720

and i looked over and i saw anthony was

726

00:25:49,909 --> 00:25:48,400

holding his drone in his hand

727

00:25:51,990 --> 00:25:49,919

he didn't have it in the sky at that

728

00:25:53,510 --> 00:25:52,000

time so

729

00:25:55,350 --> 00:25:53,520

you know that's when we call all kind of

730

00:25:56,870 --> 00:25:55,360

went wait wait wait a minute what is

731

00:25:59,350 --> 00:25:56,880

that and we see

732

00:26:00,149 --> 00:25:59,360

this thing come into view and it was you

733

00:26:02,390 --> 00:26:00,159

know it was

734

00:26:03,990 --> 00:26:02,400

kind of this type of your your kind of

735

00:26:05,350 --> 00:26:04,000

prototypical shape

736

00:26:08,149 --> 00:26:05,360

and it was dark at first and then it

737

00:26:10,630 --> 00:26:08,159

turned and it glinted really bright

738

00:26:12,149 --> 00:26:10,640

um as if something was either reflecting

739

00:26:13,350 --> 00:26:12,159
off of it or it was putting its own

740

00:26:16,070 --> 00:26:13,360
light off

741

00:26:17,029 --> 00:26:16,080
and then it sat there for probably six

742

00:26:19,269 --> 00:26:17,039
seven seconds

743

00:26:21,110 --> 00:26:19,279
and then kind of just dissipated into a

744

00:26:24,390 --> 00:26:21,120
speck and was gone

745

00:26:26,870 --> 00:26:24,400
and i it blew my mind

746

00:26:28,470 --> 00:26:26,880
i you know i'd never seen anything like

747

00:26:29,909 --> 00:26:28,480
that you know you heard travis dragon

748

00:26:33,430 --> 00:26:29,919
you finally seen a ufo

749

00:26:36,630 --> 00:26:33,440
you know type of thing i love the voice

750

00:26:39,909 --> 00:26:36,640
and it was it was crazy

751
00:26:43,269 --> 00:26:39,919
really fun it was really crazy

752
00:26:45,269 --> 00:26:43,279
so so it changed your mind of

753
00:26:47,350 --> 00:26:45,279
of what sort of you've been

754
00:26:50,390 --> 00:26:47,360
investigating this whole time maybe

755
00:26:51,590 --> 00:26:50,400
or not um i mean

756
00:26:52,950 --> 00:26:51,600
not necessarily what we've been

757
00:26:54,390 --> 00:26:52,960
investigating because that's kind of the

758
00:26:55,269 --> 00:26:54,400
narrative and other people you know

759
00:26:57,590 --> 00:26:55,279
brandon

760
00:26:58,870 --> 00:26:57,600
stuff and tom has seen stuff i had just

761
00:27:01,590 --> 00:26:58,880
personally never

762
00:27:03,029 --> 00:27:01,600
seen anything and it was kind of

763
00:27:05,190 --> 00:27:03,039

frustrating at times because

764

00:27:06,070 --> 00:27:05,200

gosh i'd leave i'd leave for a weekend

765

00:27:07,990 --> 00:27:06,080

and

766

00:27:09,750 --> 00:27:08,000

the place would go crazy with activity

767

00:27:11,909 --> 00:27:09,760

and things like that but for me

768

00:27:14,149 --> 00:27:11,919

and i think that's why physically it had

769

00:27:15,149 --> 00:27:14,159

it kind of messed with me a little bit

770

00:27:17,510 --> 00:27:15,159

i don't know that it was the

771

00:27:18,230 --> 00:27:17,520

electromagnetics or anything like that i

772

00:27:21,269 --> 00:27:18,240

think

773

00:27:21,990 --> 00:27:21,279

truly my mind could not wrap itself

774

00:27:24,710 --> 00:27:22,000

around

775

00:27:26,470 --> 00:27:24,720

what i had just seen and so you know my

776
00:27:27,269 --> 00:27:26,480
heart started to race the adrenaline was

777
00:27:29,430 --> 00:27:27,279
pumping

778
00:27:30,389 --> 00:27:29,440
i mean it it truly was it was

779
00:27:32,710 --> 00:27:30,399
life-changing and

780
00:27:34,470 --> 00:27:32,720
i've told people i will take it to my

781
00:27:36,549 --> 00:27:34,480
grave i know what i saw

782
00:27:37,669 --> 00:27:36,559
you could say you know it was this and

783
00:27:40,870 --> 00:27:37,679
that but

784
00:27:42,630 --> 00:27:40,880
but it truly is something that i will

785
00:27:44,310 --> 00:27:42,640
always have had that experience and

786
00:27:45,830 --> 00:27:44,320
yeah i can close my eyes right now and

787
00:27:48,389 --> 00:27:45,840
see it as if it was

788
00:27:49,430 --> 00:27:48,399

you know that's awesome you can hear all

789

00:27:52,070 --> 00:27:49,440

the stories

790

00:27:54,389 --> 00:27:52,080

you know in the world but nothing

791

00:27:55,909 --> 00:27:54,399

substitutes personal experience

792

00:27:57,510 --> 00:27:55,919

right i mean even people you're very

793

00:27:59,350 --> 00:27:57,520

close with you can hear

794

00:28:01,990 --> 00:27:59,360

their personal stories of things that

795

00:28:02,630 --> 00:28:02,000

they saw or said they experienced and

796

00:28:04,630 --> 00:28:02,640

that's all

797

00:28:06,310 --> 00:28:04,640

all well and good but you know to you

798

00:28:08,549 --> 00:28:06,320

it's just somebody's story when you

799

00:28:10,070 --> 00:28:08,559

experience experience it for yourself

800

00:28:13,430 --> 00:28:10,080

that's a completely different

801
00:28:17,269 --> 00:28:13,440
situation yeah i was shaken i

802
00:28:18,870 --> 00:28:17,279
you know i i called family and was like

803
00:28:20,310 --> 00:28:18,880
they're like what is going on i'm like

804
00:28:22,950 --> 00:28:20,320
wow why

805
00:28:24,710 --> 00:28:22,960
because i was like i i just saw a

806
00:28:27,830 --> 00:28:24,720
freaking ufo and i don't know

807
00:28:30,149 --> 00:28:27,840
about that that's awesome uh next

808
00:28:33,590 --> 00:28:30,159
questions uh from facebook

809
00:28:35,350 --> 00:28:33,600
this is from sonya haltberg and she said

810
00:28:37,750 --> 00:28:35,360
even though the activity is transient

811
00:28:38,549 --> 00:28:37,760
have any patterns been found outside of

812
00:28:41,990 --> 00:28:38,559
introducing

813
00:28:44,230 --> 00:28:42,000

new people or animals have you guys seen

814

00:28:46,230 --> 00:28:44,240

or looked at astrological correlations

815

00:28:47,830 --> 00:28:46,240

to activity moon phases positions of

816

00:28:48,789 --> 00:28:47,840

planets etcetera etcetera

817

00:28:51,750 --> 00:28:48,799

have you noticed anything like that

818

00:28:53,110 --> 00:28:51,760

dragon um that's probably a better

819

00:28:55,029 --> 00:28:53,120

question for eric yeah

820

00:28:56,549 --> 00:28:55,039

as i was reading it i thought so that

821

00:28:58,310 --> 00:28:56,559

kind of stuff yeah

822

00:28:59,830 --> 00:28:58,320

yeah that's the good thing about eric

823

00:29:01,029 --> 00:28:59,840

and i can speak to that i mean you guys

824

00:29:04,630 --> 00:29:01,039

have had him on

825

00:29:06,149 --> 00:29:04,640

you okay he's brilliant um and he does

826

00:29:08,630 --> 00:29:06,159

as i mentioned i think the first time i

827

00:29:12,710 --> 00:29:08,640

was on he's going to go through

828

00:29:15,029 --> 00:29:12,720

every sort of data that he has and and

829

00:29:16,789 --> 00:29:15,039

make sure that something is legit or

830

00:29:19,269 --> 00:29:16,799

he'll put any findings out

831

00:29:21,029 --> 00:29:19,279

um so as far as patterns go that's

832

00:29:23,350 --> 00:29:21,039

actually part of the frustration that i

833

00:29:25,350 --> 00:29:23,360

spoke of a little bit earlier is that

834

00:29:26,630 --> 00:29:25,360

it doesn't seem to have a follow a

835

00:29:30,630 --> 00:29:26,640

pattern or a map

836

00:29:32,470 --> 00:29:30,640

it's just the only pattern is that

837

00:29:35,269 --> 00:29:32,480

it messes with you one day and it

838

00:29:38,470 --> 00:29:35,279

doesn't another so

839

00:29:39,350 --> 00:29:38,480

so the next questions from susan

840

00:29:42,630 --> 00:29:39,360

kaminski

841

00:29:43,350 --> 00:29:42,640

mormondo she says i want an update on

842

00:29:46,310 --> 00:29:43,360

jed

843

00:29:46,789 --> 00:29:46,320

the alpaca i think i got that yeah you

844

00:29:50,310 --> 00:29:46,799

guys

845

00:29:52,950 --> 00:29:50,320

get living happily on another ranch

846

00:29:53,990 --> 00:29:52,960

nice excellent next question from ashley

847

00:29:56,149 --> 00:29:54,000

ko couric and she

848

00:29:57,830 --> 00:29:56,159

asks what is the worst and best

849

00:29:59,430 --> 00:29:57,840

experience bryant had

850

00:30:01,190 --> 00:29:59,440

on skinwalker ranch well we just

851
00:30:04,230 --> 00:30:01,200
discussed your best experience

852
00:30:13,269 --> 00:30:04,240
by seeing the actual

853
00:30:19,830 --> 00:30:16,389
it was definitely you know the most

854
00:30:22,070 --> 00:30:19,840
um i don't know amazing

855
00:30:22,950 --> 00:30:22,080
experience i had was you know definitely

856
00:30:25,350 --> 00:30:22,960
seeing

857
00:30:27,190 --> 00:30:25,360
that ufo because i'd never had that but

858
00:30:31,110 --> 00:30:27,200
i mean i think

859
00:30:34,230 --> 00:30:31,120
the best experience was um

860
00:30:35,430 --> 00:30:34,240
just having the opportunity to

861
00:30:36,710 --> 00:30:35,440
associate with a whole bunch of

862
00:30:38,149 --> 00:30:36,720
different people that otherwise i never

863
00:30:40,310 --> 00:30:38,159

would have had the chance to

864

00:30:41,430 --> 00:30:40,320

um larry spooch the native american guy

865

00:30:44,870 --> 00:30:41,440

we had another one

866

00:30:47,029 --> 00:30:44,880

from we had another uh guy jules and i

867

00:30:50,470 --> 00:30:47,039

can't remember his last name

868

00:30:52,630 --> 00:30:50,480

um from the navajo tribe that came out

869

00:30:53,909 --> 00:30:52,640

um both incredible people different

870

00:30:57,509 --> 00:30:53,919

perspectives

871

00:30:59,509 --> 00:30:57,519

you know associating with travis um

872

00:31:01,509 --> 00:30:59,519

he's a brilliant guy and i would have

873

00:31:02,549 --> 00:31:01,519

probably never had that opportunity so

874

00:31:04,070 --> 00:31:02,559

i think the friendships and the

875

00:31:05,029 --> 00:31:04,080

association to me are the best

876
00:31:07,350 --> 00:31:05,039
experience

877
00:31:08,470 --> 00:31:07,360
that i've gained from it but definitely

878
00:31:10,789 --> 00:31:08,480
as far as

879
00:31:11,669 --> 00:31:10,799
the most exciting and you know

880
00:31:13,909 --> 00:31:11,679
mind-blowing

881
00:31:15,350 --> 00:31:13,919
like that was definitely that ufo

882
00:31:18,630 --> 00:31:15,360
experience and then

883
00:31:22,149 --> 00:31:18,640
you know negative experiences um

884
00:31:23,110 --> 00:31:22,159
yeah seeing people get hurt seeing the

885
00:31:26,870 --> 00:31:23,120
animals

886
00:31:30,070 --> 00:31:26,880
um get hurt feelings i've had where

887
00:31:31,909 --> 00:31:30,080
it's almost like you know an impending

888
00:31:33,509 --> 00:31:31,919

doom feeling and i have to get away from

889

00:31:35,350 --> 00:31:33,519

that part of the ranch there's really

890

00:31:36,950 --> 00:31:35,360

dark ominous places that

891

00:31:38,710 --> 00:31:36,960

you know sometimes are that way and

892

00:31:40,950 --> 00:31:38,720

others that aren't um

893

00:31:42,789 --> 00:31:40,960

but for the most part i honestly will

894

00:31:46,070 --> 00:31:42,799

say my experiences on the ranch

895

00:31:47,990 --> 00:31:46,080

are 95 very positive

896

00:31:49,990 --> 00:31:48,000

i i love that place it's my favorite

897

00:31:51,110 --> 00:31:50,000

place that there is

898

00:31:52,630 --> 00:31:51,120

i think that's one of the first things

899

00:31:54,070 --> 00:31:52,640

you said to me i met you like that this

900

00:31:57,269 --> 00:31:54,080

is one of your favorite places to be

901
00:31:59,029 --> 00:31:57,279
to be it's like all right well talking

902
00:32:01,029 --> 00:31:59,039
about these positive relationships

903
00:32:02,310 --> 00:32:01,039
you've developed and you know these

904
00:32:03,830 --> 00:32:02,320
positive feelings you have for the

905
00:32:05,830 --> 00:32:03,840
people you've been able to work with

906
00:32:07,900 --> 00:32:05,840
you're really working hard just to

907
00:32:11,350 --> 00:32:07,910
destroy your tv persona

908
00:32:13,990 --> 00:32:11,360
[Laughter]

909
00:32:15,669 --> 00:32:14,000
dragon hates everybody yeah i know

910
00:32:19,750 --> 00:32:15,679
that's what everyone thinks

911
00:32:22,149 --> 00:32:19,760
but what blanket hey you know what

912
00:32:23,350 --> 00:32:22,159
i it's not what people say is that i'm

913
00:32:33,669 --> 00:32:23,360

the little kid no

914

00:32:36,710 --> 00:32:35,669

they need to see this and see the real

915

00:32:39,669 --> 00:32:36,720

like it's a person

916

00:32:40,789 --> 00:32:39,679

you know see the real brian well i mean

917

00:32:43,350 --> 00:32:40,799

that's what you're

918

00:32:44,950 --> 00:32:43,360

trying to say yeah air too everybody

919

00:32:45,990 --> 00:32:44,960

thinks that everybody on the show is a

920

00:32:49,830 --> 00:32:46,000

curmudgeon

921

00:32:53,669 --> 00:32:49,840

but eric actually is but yes yes

922

00:32:54,310 --> 00:32:53,679

and and it's very opposite from what the

923

00:32:57,350 --> 00:32:54,320

case is

924

00:32:58,710 --> 00:32:57,360

is you're out there for the best

925

00:33:01,830 --> 00:32:58,720

interests of everyone

926

00:33:03,830 --> 00:33:01,840

you're a nice guy and

927

00:33:06,710 --> 00:33:03,840

you're doing your job you're doing your

928

00:33:08,549 --> 00:33:06,720

job yeah it's not like you're

929

00:33:10,549 --> 00:33:08,559

not a disneylander this isn't just a fun

930

00:33:15,029 --> 00:33:10,559

thing yeah exactly

931

00:33:17,029 --> 00:33:15,039

right now maybe you are a dick master i

932

00:33:19,590 --> 00:33:17,039

don't know

933

00:33:22,870 --> 00:33:19,600

what's dig master am i missing that is

934

00:33:29,750 --> 00:33:26,870

it's now hashtag dig master

935

00:33:31,390 --> 00:33:29,760

dragon dig master oh i'm just a big [h__\h]

936

00:33:34,389 --> 00:33:31,400

block on the ranch that's good

937
