

The

SKINWALKER

Debrief

1
00:00:00,440 --> 00:00:38,710

[Music]

2
00:00:42,650 --> 00:00:40,940

welcome to the skinwalker debrief I'm

3
00:00:45,260 --> 00:00:42,660

your host TJ Allard and I'm one of the

4
00:00:46,640 --> 00:00:45,270

executive producers of the new TV series

5
00:00:47,540 --> 00:00:46,650

on history called the secret of

6
00:00:49,729 --> 00:00:47,550

skinwalker ranch

7
00:00:51,650 --> 00:00:49,739

I'm joined each week by Jason McClellan

8
00:00:53,540 --> 00:00:51,660

and Marine Ellsbury and together we'll

9
00:00:54,880 --> 00:00:53,550

dissect each episode to give you more

10
00:00:57,439 --> 00:00:54,890

insight into the show

11
00:00:59,150 --> 00:00:57,449

Jason has been exploring all the strange

12
00:01:01,460 --> 00:00:59,160

for more than a decade and he's appeared

13
00:01:04,100 --> 00:01:01,470

on Nat Geo sci-fi and history and he's

14

00:01:05,270 --> 00:01:04,110

the author of only weirdos see UFOs an

15

00:01:07,040 --> 00:01:05,280

introduction to the public's

16

00:01:09,080 --> 00:01:07,050

misperception of unidentified aerial

17

00:01:11,240 --> 00:01:09,090

phenomenon and extraterrestrial life

18

00:01:13,190 --> 00:01:11,250

marine is a journalist researcher and

19

00:01:15,469 --> 00:01:13,200

podcaster specializing in the anomalous

20

00:01:17,600 --> 00:01:15,479

she starred in a docu-series uncovering

21

00:01:19,040 --> 00:01:17,610

aliens on Animal Planet and served as

22

00:01:21,380 --> 00:01:19,050

the ambassador for science channels are

23

00:01:23,450 --> 00:01:21,390

we alone initiative and tonight we'd

24

00:01:25,400 --> 00:01:23,460

like to welcome back the superintendent

25

00:01:27,859 --> 00:01:25,410

at skinwalker ranch none other than

26

00:01:30,499 --> 00:01:27,869

Thomas Winterton Thomas thank you for

27

00:01:31,670 --> 00:01:30,509

joining us thanks for inviting me this

28

00:01:36,620 --> 00:01:31,680

is great man I'm glad you could be here

29

00:01:38,090 --> 00:01:36,630

with us no I was here first time's good

30

00:01:39,590 --> 00:01:38,100

the second time is better because it

31

00:01:43,550 --> 00:01:39,600

means I didn't mess up too bad than the

32

00:01:45,760 --> 00:01:43,560

first time no it's always great having

33

00:01:49,249 --> 00:01:45,770

you and hopefully we'll continue these

34

00:01:51,109 --> 00:01:49,259

going forward I think people are really

35

00:01:54,109 --> 00:01:51,119

enjoying getting the insight from you

36

00:01:56,330 --> 00:01:54,119

guys you and the rest of the team so I

37

00:01:58,969 --> 00:01:56,340

just you know we didn't have a show this

38

00:02:01,430 --> 00:01:58,979

week but there's a ton of questions that

39

00:02:02,900 --> 00:02:01,440

people have out there why don't you give

40

00:02:04,309 --> 00:02:02,910

us an update on what's going on with

41

00:02:05,180 --> 00:02:04,319

your world though first like how are

42

00:02:07,940 --> 00:02:05,190

things going

43

00:02:11,300 --> 00:02:07,950

you know I was stuff been at the ranch

44

00:02:12,740 --> 00:02:11,310

what's going on well you know it's

45

00:02:15,729 --> 00:02:12,750

important for people to remember that

46

00:02:19,130 --> 00:02:15,739

this investigations been ongoing now for

47

00:02:21,199 --> 00:02:19,140

20-plus years it started really with

48

00:02:23,750 --> 00:02:21,209

Bigelow and then has continued and he

49

00:02:25,580 --> 00:02:23,760

passed the torch on to Brandon and so

50

00:02:29,240 --> 00:02:25,590

we've been investigating this entire

51
00:02:31,250 --> 00:02:29,250
time and you know I'm so thrilled that

52
00:02:33,470 --> 00:02:31,260
we've been able to bring people on a

53
00:02:36,080 --> 00:02:33,480
journey and give them a peek behind the

54
00:02:39,280 --> 00:02:36,090
curtain of what's going on there at the

55
00:02:42,679 --> 00:02:39,290
ranch but when the cameras go down and

56
00:02:47,240 --> 00:02:42,689
the crews leave the science continues

57
00:02:49,760 --> 00:02:47,250
and so we're always in the process

58
00:02:51,920 --> 00:02:49,770
of fine-tuning our instruments

59
00:02:53,780 --> 00:02:51,930
fine-tuning the methods that we're using

60
00:02:58,640 --> 00:02:53,790
you know it's always test measure and

61
00:03:01,130 --> 00:02:58,650
adjust and so you know I feel like we've

62
00:03:04,310 --> 00:03:01,140
had a really successful season season

63
00:03:07,340 --> 00:03:04,320

one we've had I'm grateful for everybody

64

00:03:11,660 --> 00:03:07,350

that's tuned in and and followed along

65

00:03:13,430 --> 00:03:11,670

with us and you know if reason stands to

66

00:03:17,720 --> 00:03:13,440

hold that you know we're gonna be able

67

00:03:19,940 --> 00:03:17,730

to continue this journey I hope and and

68

00:03:22,580 --> 00:03:19,950

so in in light of that obviously there's

69

00:03:25,550 --> 00:03:22,590

a lot of things that you look back at

70

00:03:27,020 --> 00:03:25,560

season one and you say you know boy we'd

71

00:03:30,680 --> 00:03:27,030

like to improve this or it would've been

72

00:03:32,030 --> 00:03:30,690

nice if we had a camera here or or then

73

00:03:35,390 --> 00:03:32,040

you've got mountains and mountains of

74

00:03:37,280 --> 00:03:35,400

data that's like I've always said we are

75

00:03:39,470 --> 00:03:37,290

spending and our resources always

76
00:03:42,530 --> 00:03:39,480
followed the data so as we get new data

77
00:03:44,720 --> 00:03:42,540
then it then we say gal you know we were

78
00:03:46,220 --> 00:03:44,730
picking up these things over here on

79
00:03:47,530 --> 00:03:46,230
this side of the ranch I wonder if we're

80
00:03:52,220 --> 00:03:47,540
seeing the same thing on the other side

81
00:03:57,520 --> 00:03:52,230
so we're always busy I have a task list

82
00:04:01,340 --> 00:03:57,530
a mile long that where I was deploying

83
00:04:03,320 --> 00:04:01,350
new instruments new cameras and you know

84
00:04:05,600 --> 00:04:03,330
the like the viewers have seen on the

85
00:04:08,600 --> 00:04:05,610
television show we encounter a lot of

86
00:04:12,500 --> 00:04:08,610
electromagnetic interference out there

87
00:04:14,840 --> 00:04:12,510
and it has raised hell with all of our

88
00:04:17,690 --> 00:04:14,850

electronics so not only are we trying to

89

00:04:21,800 --> 00:04:17,700

install new things but we're constantly

90

00:04:24,890 --> 00:04:21,810

having to replace and try to upgrade our

91

00:04:27,650 --> 00:04:24,900

old things matter of fact today we just

92

00:04:32,530 --> 00:04:27,660

I spent the day with Eric bard at the

93

00:04:36,620 --> 00:04:32,540

ranch we had some electronic boards that

94

00:04:40,040 --> 00:04:36,630

mysteriously got fried Chandra you know

95

00:04:43,600 --> 00:04:40,050

we spent the day trying to look at that

96

00:04:46,219 --> 00:04:43,610

and and replace some of things there and

97

00:04:48,800 --> 00:04:46,229

so it's always a busy time at the ranch

98

00:04:51,710 --> 00:04:48,810

and we're always trying to improve and

99

00:04:55,219 --> 00:04:51,720

fine-tune our methods and and you know

100

00:04:56,900 --> 00:04:55,229

hopefully get some more answers sure now

101
00:05:00,590 --> 00:04:56,910
it's just so everyone knows I mean the

102
00:05:02,330 --> 00:05:00,600
show us film last year right now you

103
00:05:04,400 --> 00:05:02,340
because it's it's everything is

104
00:05:06,530 --> 00:05:04,410
transient obviously since we've seen and

105
00:05:07,610 --> 00:05:06,540
it seems like it's cyclical are things

106
00:05:10,100 --> 00:05:07,620
happening right now are you getting

107
00:05:14,120 --> 00:05:10,110
another activity right now the ranch has

108
00:05:17,900 --> 00:05:14,130
been very active I've personally had

109
00:05:21,410 --> 00:05:17,910
quite a few things happen over the last

110
00:05:26,420 --> 00:05:21,420
few months specifically really over the

111
00:05:28,160 --> 00:05:26,430
last eight weeks and so yeah it's it's

112
00:05:29,930 --> 00:05:28,170
active things are still happening it is

113
00:05:32,270 --> 00:05:29,940

transient it comes and goes

114

00:05:34,760 --> 00:05:32,280

right and when it goes you don't know

115

00:05:38,570 --> 00:05:34,770

when it's going to come back and so

116

00:05:41,210 --> 00:05:38,580

we're just sit and watch got it so you

117

00:05:44,270 --> 00:05:41,220

know since there wasn't an episode we're

118

00:05:46,760 --> 00:05:44,280

saying I mean Jason marine you know we

119

00:05:47,870 --> 00:05:46,770

were talking earlier that just getting a

120

00:05:49,280 --> 00:05:47,880

lot of the same questions I think more

121

00:05:51,980 --> 00:05:49,290

you said that some people are asking you

122

00:05:53,180 --> 00:05:51,990

a bunch of the same you were hearing a

123

00:05:56,180 --> 00:05:53,190

lot of the same questions not

124

00:05:58,060 --> 00:05:56,190

specifically submitted for tonight but

125

00:06:01,310 --> 00:05:58,070

what's what are some of those that

126

00:06:04,130 --> 00:06:01,320

you're getting a lot of sure so one of

127

00:06:06,020 --> 00:06:04,140

the things and and you know this depends

128

00:06:11,300 --> 00:06:06,030

on how much you're actually able to talk

129

00:06:14,120 --> 00:06:11,310

about this is what whether or not the

130

00:06:18,620 --> 00:06:14,130

current ranch investigation crew has

131

00:06:22,610 --> 00:06:18,630

been working at least comprehensively in

132

00:06:24,500 --> 00:06:22,620

terms of analyzing and talking to the

133

00:06:27,860 --> 00:06:24,510

crew that investigated previously with

134

00:06:30,020 --> 00:06:27,870

Bigelow's team needs and whether any of

135

00:06:33,590 --> 00:06:30,030

that data is or you're trying to

136

00:06:37,700 --> 00:06:33,600

correlate yeah it's a good question from

137

00:06:41,300 --> 00:06:37,710

the very beginning the Brandon as people

138

00:06:44,810 --> 00:06:41,310

see Brandon's very he likes to

139

00:06:47,690 --> 00:06:44,820

collaborate and he is an individual that

140

00:06:49,250 --> 00:06:47,700

looks for cooperation and he's always

141

00:06:51,830 --> 00:06:49,260

said all along the tents big enough for

142

00:06:55,160 --> 00:06:51,840

everybody to come in and add their piece

143

00:06:58,580 --> 00:06:55,170

to it so from the very beginning there's

144

00:07:00,860 --> 00:06:58,590

always been an outreach to that previous

145

00:07:05,150 --> 00:07:00,870

group bigelow didn't hand us over any

146

00:07:08,540 --> 00:07:05,160

data really we are limited to the same

147

00:07:12,770 --> 00:07:08,550

data that everybody else has now you

148

00:07:14,250 --> 00:07:12,780

know Bigelow did mr. Bigelow did you

149

00:07:19,110 --> 00:07:14,260

know speak with Brandon during the

150

00:07:21,810 --> 00:07:19,120

of purchasing the ranch but there's

151
00:07:24,650 --> 00:07:21,820
still no scientific data that wasn't

152
00:07:28,290 --> 00:07:24,660
exchanged we started with a clean slate

153
00:07:33,870 --> 00:07:28,300
we've obviously asked many many times

154
00:07:35,670 --> 00:07:33,880
and I think I just think I can't help

155
00:07:38,640 --> 00:07:35,680
but think that a lot of what Bigelow had

156
00:07:40,830 --> 00:07:38,650
is classified because of the government

157
00:07:44,040 --> 00:07:40,840
money that was spent because they're

158
00:07:45,810 --> 00:07:44,050
just been they've helped where they can

159
00:07:49,920 --> 00:07:45,820
but they've been very limited in what

160
00:07:52,440 --> 00:07:49,930
they will share so yes we have done an

161
00:07:54,960 --> 00:07:52,450
outreach and will continue to do so and

162
00:07:58,050 --> 00:07:54,970
hopefully as time goes on we'll be able

163
00:07:59,670 --> 00:07:58,060

to get more and more but we've really

164

00:08:03,630 --> 00:07:59,680

been limited as to what we've gotten

165

00:08:05,670 --> 00:08:03,640

from them oh sorry I was just gonna give

166

00:08:09,000 --> 00:08:05,680

a quick follow up question have you

167

00:08:12,930 --> 00:08:09,010

yourself personally spent any time

168

00:08:16,560 --> 00:08:12,940

really digging over what is out there in

169

00:08:19,500 --> 00:08:16,570

terms of what they had released early on

170

00:08:22,230 --> 00:08:19,510

prior to obviously a lot of the

171

00:08:26,610 --> 00:08:22,240

classified things or the dark coal of

172

00:08:29,040 --> 00:08:26,620

the 22 million dollar program just done

173

00:08:31,320 --> 00:08:29,050

research on what they had studied and

174

00:08:35,550 --> 00:08:31,330

what they alleged to have found have you

175

00:08:38,339 --> 00:08:35,560

read hunt for the skinwalker etc so

176

00:08:40,200 --> 00:08:38,349

personally no I have never read any of

177

00:08:47,040 --> 00:08:40,210

the books I've never watched any of the

178

00:08:49,530 --> 00:08:47,050

movies we have I know that as a ranch

179

00:08:52,470 --> 00:08:49,540

team Brandon in there it could compiled

180

00:08:56,070 --> 00:08:52,480

all of the known information that was

181

00:08:58,290 --> 00:08:56,080

pertinent to the investigation and so I

182

00:09:00,690 --> 00:08:58,300

have been I've been privileged to look

183

00:09:02,700 --> 00:09:00,700

over that which I think takes a lot of

184

00:09:06,570 --> 00:09:02,710

the stories and anecdotal stuff out and

185

00:09:09,600 --> 00:09:06,580

really focuses in on I think it's just a

186

00:09:11,280 --> 00:09:09,610

more targeted approach so I have seen

187

00:09:13,530 --> 00:09:11,290

that and I have looked over that and

188

00:09:15,570 --> 00:09:13,540

then you know I've had the privilege of

189

00:09:18,510 --> 00:09:15,580

being able to speak personally with the

190

00:09:20,940 --> 00:09:18,520

prior team I've been able to I think

191

00:09:25,020 --> 00:09:20,950

I've met just about all of the players

192

00:09:27,380 --> 00:09:25,030

that that were here before so then had

193

00:09:30,600 --> 00:09:27,390

the chance to speak with them

194

00:09:33,870 --> 00:09:30,610

awesome Thomas what is a would you say

195

00:09:37,320 --> 00:09:33,880

like the most frustrating thing has been

196

00:09:39,540 --> 00:09:37,330

with this information exchange or lack

197

00:09:42,600 --> 00:09:39,550

thereof like you get this a lot you know

198

00:09:45,300 --> 00:09:42,610

where when you when I do go on any of

199

00:09:46,950 --> 00:09:45,310

the social media stuff no read people

200

00:09:48,960 --> 00:09:46,960

like saying oh why isn't this one sure

201
00:09:50,340 --> 00:09:48,970
that had been shared you know obviously

202
00:09:52,830 --> 00:09:50,350
like what you said the classified nature

203
00:09:54,870 --> 00:09:52,840
of things that you know is government

204
00:09:55,920 --> 00:09:54,880
money that paid for it and they're not

205
00:09:57,450 --> 00:09:55,930
gonna share it but is there been

206
00:09:59,940 --> 00:09:57,460
anything that you're like I need to know

207
00:10:02,790 --> 00:09:59,950
X Y or Z that you just haven't been able

208
00:10:04,970 --> 00:10:02,800
to get that you think would be super

209
00:10:07,470 --> 00:10:04,980
helpful for you or have have you been

210
00:10:08,700 --> 00:10:07,480
looped in enough where you're like okay

211
00:10:10,380 --> 00:10:08,710
you know what I get it

212
00:10:11,700 --> 00:10:10,390
I know where I'm at that's my baseline

213
00:10:13,170 --> 00:10:11,710

and I'm gonna go forward from here I

214

00:10:16,410 --> 00:10:13,180

didn't know if there was anything that

215

00:10:18,660 --> 00:10:16,420

you've been just kind of really chomping

216

00:10:22,440 --> 00:10:18,670

at the bit for I will say that I'm

217

00:10:24,930 --> 00:10:22,450

frustrated take for example the digging

218

00:10:27,840 --> 00:10:24,940

okay when I came on and I was told no

219

00:10:30,450 --> 00:10:27,850

digging there was no why there was just

220

00:10:35,520 --> 00:10:30,460

no digging that's that's very

221

00:10:37,980 --> 00:10:35,530

frustrating because you know I want to

222

00:10:40,350 --> 00:10:37,990

know well why not is this is this that

223

00:10:43,140 --> 00:10:40,360

we're there's a body buried on it and

224

00:10:45,900 --> 00:10:43,150

we're just trying to avoid desecrating a

225

00:10:47,700 --> 00:10:45,910

grave or is there something dangerous to

226

00:10:49,350 --> 00:10:47,710

it like there was no why that's very

227

00:10:51,390 --> 00:10:49,360

frustrating for an individual like me

228

00:10:54,930 --> 00:10:51,400

especially when I set out to do a task

229

00:10:58,950 --> 00:10:54,940

you know and and so there's frustration

230

00:11:06,300 --> 00:10:58,960

of that there have been statements made

231

00:11:08,450 --> 00:11:06,310

by individuals of the prior group little

232

00:11:10,640 --> 00:11:08,460

statements like I would never do that

233

00:11:13,920 --> 00:11:10,650

well why not

234

00:11:17,580 --> 00:11:13,930

like do you have information that would

235

00:11:18,930 --> 00:11:17,590

land it what do you have information

236

00:11:21,570 --> 00:11:18,940

that was suggest that that's dangerous

237

00:11:24,000 --> 00:11:21,580

like you can't just say yeah I would

238

00:11:25,590 --> 00:11:24,010

have like you can't give me the

239

00:11:28,050 --> 00:11:25,600

statement I'll never step foot on

240

00:11:31,020 --> 00:11:28,060

skinwalker ranch again and leave it at

241

00:11:32,880 --> 00:11:31,030

that what why not I stepped on am I in

242

00:11:36,480 --> 00:11:32,890

danger so those type of things are

243

00:11:40,050 --> 00:11:36,490

extremely frustrating and I'm fake vague

244

00:11:43,020 --> 00:11:40,060

generalities generalities Wow yes

245

00:11:46,770 --> 00:11:43,030

yes it when statements like that are

246

00:11:47,910 --> 00:11:46,780

made to me you know don't dig oh you

247

00:11:50,480 --> 00:11:47,920

know I'm never gonna step foot on

248

00:11:52,770 --> 00:11:50,490

skinwalker ranch again or of the like

249

00:11:55,500 --> 00:11:52,780

those kind of things really bother me

250

00:11:57,510 --> 00:11:55,510

because I think if if you know of

251
00:12:00,330 --> 00:11:57,520
something that's dangerous and you're

252
00:12:03,690 --> 00:12:00,340
not sharing that with us that to me

253
00:12:07,050 --> 00:12:03,700
that's reckless it's irresponsible and

254
00:12:08,430 --> 00:12:07,060
so then if it you know and I would I

255
00:12:12,090 --> 00:12:08,440
would like to believe that these

256
00:12:14,010 --> 00:12:12,100
individuals are good people and they're

257
00:12:15,930 --> 00:12:14,020
caring people and they wouldn't ever

258
00:12:20,100 --> 00:12:15,940
want to put anybody in harm's way so

259
00:12:21,650 --> 00:12:20,110
then you have to say well I'm sure I'm

260
00:12:24,900 --> 00:12:21,660
gonna give them the benefit of the doubt

261
00:12:27,480 --> 00:12:24,910
that they're not withholding something

262
00:12:29,130 --> 00:12:27,490
dangerous from us they're not

263
00:12:30,990 --> 00:12:29,140

withholding something dangerous then it

264

00:12:33,840 --> 00:12:31,000

lends the question okay if it's not

265

00:12:36,180 --> 00:12:33,850

dangerous then again why not what is it

266

00:12:38,100 --> 00:12:36,190

what do you know that you're not telling

267

00:12:40,020 --> 00:12:38,110

us and that's very frustrating and and

268

00:12:41,820 --> 00:12:40,030

it's probably the thing that bothers me

269

00:12:43,140 --> 00:12:41,830

the most about being on the ranch

270

00:12:45,000 --> 00:12:43,150

there's all these things that have been

271

00:12:48,030 --> 00:12:45,010

said by the individuals that were there

272

00:12:51,180 --> 00:12:48,040

prior to us and then not having any type

273

00:12:54,120 --> 00:12:51,190

of follow-up to know even what direction

274

00:12:55,680 --> 00:12:54,130

to take that right I could see how

275

00:12:58,110 --> 00:12:55,690

that'd be frustrating especially if it's

276

00:13:00,660 --> 00:12:58,120

risky and get hurt

277

00:13:04,920 --> 00:13:00,670

I mean I wouldn't pay you don't help

278

00:13:07,410 --> 00:13:04,930

anybody know at all you know I feel like

279

00:13:09,690 --> 00:13:07,420

everyone's been battling that you know

280

00:13:11,250 --> 00:13:09,700

for a while it's I want to tell you

281

00:13:13,080 --> 00:13:11,260

about this super cool and dangerous

282

00:13:14,880 --> 00:13:13,090

thing that happens but if I tell you I

283

00:13:18,150 --> 00:13:14,890

have to kill you kind of thing ya know

284

00:13:19,920 --> 00:13:18,160

just tell me if you know if anything all

285

00:13:22,500 --> 00:13:19,930

it does is perpetuate the mystery it

286

00:13:25,200 --> 00:13:22,510

doesn't help in any way other than to

287

00:13:28,250 --> 00:13:25,210

further the mystery the lore that's

288

00:13:30,870 --> 00:13:28,260

frustrating I feel for you buddy

289

00:13:33,960 --> 00:13:30,880

well and it just it goes further as far

290

00:13:35,310 --> 00:13:33,970

as you know it's something there's been

291

00:13:37,890 --> 00:13:35,320

a lot of injuries on skinwalker ranch

292

00:13:40,950 --> 00:13:37,900

there have been a lot of people that

293

00:13:41,550 --> 00:13:40,960

have been hurt on the ranch now we get

294

00:13:49,410 --> 00:13:41,560

chalk

295

00:13:51,450 --> 00:13:49,420

them up to something I imagine but when

296

00:13:53,369 --> 00:13:51,460

they start making statements like this

297

00:13:55,109 --> 00:13:53,379

then

298

00:13:56,969 --> 00:13:55,119

have to wonder what is it that they're

299

00:13:58,710 --> 00:13:56,979

holding back and that's that's a that's

300

00:14:00,210 --> 00:13:58,720

the part that I really have a hard time

301

00:14:05,879 --> 00:14:00,220

with you know even if they would say

302

00:14:07,769 --> 00:14:05,889

don't dig it's dangerous okay like but

303

00:14:10,139 --> 00:14:07,779

but there's no it's dangerous that's

304

00:14:11,999 --> 00:14:10,149

don't dig what is it yeah and even if

305

00:14:15,149 --> 00:14:12,009

that what does dangerous mean dangerous

306

00:14:17,249 --> 00:14:15,159

for what how for whom you know is

307

00:14:18,960 --> 00:14:17,259

dangerous because I'm gonna go blind and

308

00:14:22,409 --> 00:14:18,970

I gonna hurt myself it's somebody else

309

00:14:23,609 --> 00:14:22,419

gonna die you know no I get that and

310

00:14:25,259 --> 00:14:23,619

that's why I was asking because you know

311

00:14:27,119 --> 00:14:25,269

you I imagine you're out there man

312

00:14:28,589 --> 00:14:27,129

you're on the on the front line I you

313

00:14:31,409 --> 00:14:28,599

know when I first started going out

314

00:14:33,689 --> 00:14:31,419

there and you know it's scary it's it's

315

00:14:35,969 --> 00:14:33,699

unnerving because there's so much on so

316

00:14:38,279 --> 00:14:35,979

many unknown things and you just never

317

00:14:41,279 --> 00:14:38,289

know because it's always so always seems

318

00:14:42,689 --> 00:14:41,289

so secretive and even like with you my

319

00:14:44,369 --> 00:14:42,699

conversations with you you know like

320

00:14:46,139 --> 00:14:44,379

you're saying right now yeah I don't

321

00:14:49,409 --> 00:14:46,149

really know why but we were just told

322

00:14:51,960 --> 00:14:49,419

that well for anybody that's just it's

323

00:14:53,369 --> 00:14:51,970

it drives you mad after a while you're

324

00:14:54,659 --> 00:14:53,379

like are you just messing with me are

325

00:14:56,249 --> 00:14:54,669

you messing with me or is there really a

326

00:14:59,159 --> 00:14:56,259

reason why are you just saying that to

327

00:15:01,439 --> 00:14:59,169

stop me from doing something so I don't

328

00:15:02,069 --> 00:15:01,449

think and then look who looks like a

329

00:15:04,559 --> 00:15:02,079

dumbass

330

00:15:06,509 --> 00:15:04,569

when they're when when you know

331

00:15:10,579 --> 00:15:06,519

production comes on alright and we're

332

00:15:15,840 --> 00:15:10,589

like don't dig why not I don't know that

333

00:15:18,889 --> 00:15:15,850

like they're sitting on data that we're

334

00:15:21,329 --> 00:15:18,899

like don't dig because XY and Z happens

335

00:15:23,069 --> 00:15:21,339

but if you're if you're sitting there

336

00:15:24,989 --> 00:15:23,079

you're carrying these narratives and and

337

00:15:26,729 --> 00:15:24,999

you know these have been told to us by

338

00:15:28,799 --> 00:15:26,739

credible people these aren't nut jobs

339

00:15:30,179 --> 00:15:28,809

these are phd's these are individuals

340

00:15:32,369 --> 00:15:30,189

that are respected out in the community

341

00:15:35,789 --> 00:15:32,379

so it's not like some drunk guy told me

342

00:15:38,759 --> 00:15:35,799

you know you shouldn't drug - oh no this

343

00:15:41,849 --> 00:15:38,769

is coming from a person I respect and

344

00:15:43,529 --> 00:15:41,859

then and then when it comes down to us

345

00:15:44,639 --> 00:15:43,539

and like well we don't want to dig on

346

00:15:47,189 --> 00:15:44,649

the ranch well why not

347

00:15:48,749 --> 00:15:47,199

I don't know cuz somebody told us well

348

00:15:52,289 --> 00:15:48,759

who told you well I can't tell you they

349

00:15:55,259 --> 00:15:52,299

told me like I'm like yeah right you

350

00:16:00,029 --> 00:15:55,269

know yeah crazy

351

00:16:02,460 --> 00:16:00,039

command yeah yeah okay sure you know and

352

00:16:05,110 --> 00:16:02,470

that's Travis oh okay you guys sound

353

00:16:07,930 --> 00:16:05,120

batshit crazy yes we do I admit it

354

00:16:09,460 --> 00:16:07,940

yeah so if you have you heard from

355

00:16:11,200 --> 00:16:09,470

speaking of charity you heard from it

356

00:16:13,600 --> 00:16:11,210

all have you kept in touch with any

357

00:16:14,920 --> 00:16:13,610

anyone after I mean the size of guys are

358

00:16:16,690 --> 00:16:14,930

there all the time I mean Travis isn't

359

00:16:19,269 --> 00:16:16,700

there all the time you said for

360

00:16:23,980 --> 00:16:19,279

production time but have you heard from

361

00:16:26,490 --> 00:16:23,990

you at all oh yeah there there have been

362

00:16:29,400 --> 00:16:26,500

reasons that necessitate it you know we

363

00:16:31,450 --> 00:16:29,410

text back and forth as a group and

364

00:16:33,250 --> 00:16:31,460

there's been some things that have

365

00:16:36,010 --> 00:16:33,260

arisen over the we'll call it the off

366

00:16:42,160 --> 00:16:36,020

season right yep that have necessitated

367

00:16:45,730 --> 00:16:42,170

a group huddle and no no major injuries

368

00:16:48,670 --> 00:16:45,740

or anything to report nothing no nothing

369

00:16:50,170 --> 00:16:48,680

bad going on and I'm not prodding you or

370

00:16:52,570 --> 00:16:50,180

anything I'm just like genuinely curious

371

00:16:54,490 --> 00:16:52,580

like I know I think I think everybody's

372

00:16:56,950 --> 00:16:54,500

healthy I think every you know I think

373

00:17:00,370 --> 00:16:56,960

everybody's doing well good good you

374

00:17:03,400 --> 00:17:00,380

know I saw online somebody asked this

375

00:17:07,179 --> 00:17:03,410

question and this is kind of one of

376

00:17:10,419 --> 00:17:07,189

those I don't know if I put a lot of

377

00:17:13,630 --> 00:17:10,429

Merit into it but that was talking about

378

00:17:14,980 --> 00:17:13,640

how many people on the ranch they come

379

00:17:17,470 --> 00:17:14,990

there and then they have these really

380

00:17:20,980 --> 00:17:17,480

terrifying nightmares when they leave

381

00:17:22,299 --> 00:17:20,990

that haunt them forever to me I I'm kind

382

00:17:24,340 --> 00:17:22,309

of weird about dreams I had a dream

383

00:17:27,370 --> 00:17:24,350

about skinwalker ranch that I was there

384

00:17:32,770 --> 00:17:27,380

last week or so and it was very detailed

385

00:17:34,600 --> 00:17:32,780

sure they sure do the abridged version

386

00:17:39,310 --> 00:17:34,610

and just change the names to protect the

387

00:17:42,820 --> 00:17:39,320

innocent well no I was just all of a

388

00:17:45,010 --> 00:17:42,830

sudden on the ridge but like the command

389

00:17:46,720 --> 00:17:45,020

center was my parents front porch oddly

390

00:17:48,700 --> 00:17:46,730

enough and there's a bunch of people

391

00:17:51,100 --> 00:17:48,710

there and I was up on the ridge and had

392

00:17:53,410 --> 00:17:51,110

this overwhelming sense of dread and the

393

00:17:55,419 --> 00:17:53,420

wind came up and was pushing me towards

394

00:17:57,520 --> 00:17:55,429

something or away from something I

395

00:18:00,040 --> 00:17:57,530

wasn't sure and then I ended up back

396

00:18:02,950 --> 00:18:00,050

down on the patio and like electronics

397

00:18:06,220 --> 00:18:02,960

were failing I made fun of Travis Taylor

398

00:18:08,410 --> 00:18:06,230

for some reason and with everyone

399

00:18:09,970 --> 00:18:08,420

laughing about something I don't know

400

00:18:11,860 --> 00:18:09,980

but anyways it was quite detailed and

401
00:18:13,270 --> 00:18:11,870
then like a creature was involved coming

402
00:18:15,370 --> 00:18:13,280
out of the woods when I was in the dark

403
00:18:18,670 --> 00:18:15,380
and that was kind of scary but what I'm

404
00:18:20,890 --> 00:18:18,680
saying is that's just

405
00:18:23,290 --> 00:18:20,900
me because I went to bed after talking

406
00:18:26,470 --> 00:18:23,300
and skinwalker ranch for a long time

407
00:18:29,350 --> 00:18:26,480
every week for panels so I don't know if

408
00:18:31,660 --> 00:18:29,360
I tie that in but my question is because

409
00:18:34,030 --> 00:18:31,670
people are asking about experiences that

410
00:18:36,640 --> 00:18:34,040
everyone's having with the dreams is

411
00:18:38,350 --> 00:18:36,650
that something that plagues you as well

412
00:18:41,290 --> 00:18:38,360
I know somebody heard Travis Taylor

413
00:18:44,290 --> 00:18:41,300

mentioned that on a podcast that he has

414

00:18:48,310 --> 00:18:44,300

dreams or the nightmares yeah there's

415

00:18:50,110 --> 00:18:48,320

about the ranch yeah so have I had

416

00:18:52,450 --> 00:18:50,120

nightmares before about the ranch

417

00:18:54,580 --> 00:18:52,460

yes but it's it was just part of my

418

00:18:56,470 --> 00:18:54,590

normal there was nothing out of the

419

00:18:58,450 --> 00:18:56,480

ordinary from my normal sleep patterns I

420

00:19:00,220 --> 00:18:58,460

don't have a lot of nightmares but on

421

00:19:03,550 --> 00:19:00,230

occasion I do have nightmares about

422

00:19:06,910 --> 00:19:03,560

various things and where I spend so much

423

00:19:08,350 --> 00:19:06,920

time on on the ranch and where I some of

424

00:19:11,800 --> 00:19:08,360

my scariest moments of my life

425

00:19:14,050 --> 00:19:11,810

well not some of these scariest moments

426

00:19:16,570 --> 00:19:14,060

of my life have taken place on that

427

00:19:17,920 --> 00:19:16,580

ranch and because of that ranch it would

428

00:19:19,570 --> 00:19:17,930

stand the reason that I might have a

429

00:19:21,820 --> 00:19:19,580

nightmare too but nothing that I would

430

00:19:25,360 --> 00:19:21,830

attribute to nothing that I would feel

431

00:19:32,890 --> 00:19:25,370

like is the ranch trying to mess with me

432

00:19:35,380 --> 00:19:32,900

that's me personally I will say trout

433

00:19:36,850 --> 00:19:35,390

yes Travis has had some nightmares and I

434

00:19:44,460 --> 00:19:36,860

know some other individuals have had

435

00:19:48,460 --> 00:19:46,690

have to be careful cuz these really

436

00:19:52,780 --> 00:19:48,470

aren't mine to share but I'll just say

437

00:19:57,040 --> 00:19:52,790

that there was enough there to pretty

438

00:19:59,860 --> 00:19:57,050

safely say that they had something to do

439

00:20:02,140 --> 00:19:59,870

with connection to the ranch and and by

440

00:20:04,720 --> 00:20:02,150

that I mean there's enough evidence to

441

00:20:09,640 --> 00:20:04,730

suggest that they weren't just regular

442

00:20:12,610 --> 00:20:09,650

nightmares very interesting very

443

00:20:14,020 --> 00:20:12,620

interesting so let's go into some of

444

00:20:16,060 --> 00:20:14,030

these questions I see we have a bunch

445

00:20:19,150 --> 00:20:16,070

they seem to be very Twitter heavy this

446

00:20:21,400 --> 00:20:19,160

week but I think there's at least one of

447

00:20:24,250 --> 00:20:21,410

those from one from email Maureen do you

448

00:20:25,930 --> 00:20:24,260

have that don't email ones in front of

449

00:20:27,820 --> 00:20:25,940

you I think we always just go like

450

00:20:29,320 --> 00:20:27,830

marine does the emails Jason does the

451

00:20:31,570 --> 00:20:29,330

Facebook or the Twitter ones and I

452

00:20:32,200 --> 00:20:31,580

usually read the Facebook ones sure this

453

00:20:37,840 --> 00:20:32,210

is

454

00:20:40,749 --> 00:20:37,850

asking whether the UFO that was seen in

455

00:20:43,239 --> 00:20:40,759

the episode high strangeness looks like

456

00:20:47,259 --> 00:20:43,249

the UFO seen in the surveillance episode

457

00:20:52,239 --> 00:20:47,269

so we're the UFO spotted that were shown

458

00:20:54,009 --> 00:20:52,249

on camera the same in your opinion all

459

00:20:55,419 --> 00:20:54,019

right I know this is horrible but you're

460

00:20:57,249 --> 00:20:55,429

gonna have to forgive me I don't know

461

00:20:59,440 --> 00:20:57,259

them by names I know them by numbers

462

00:21:08,889 --> 00:20:59,450

shows that like episode er sorry episode

463

00:21:12,009 --> 00:21:08,899

episode episode 7 no so I don't think we

464

00:21:15,580 --> 00:21:12,019

had an eyewitness on 7 and so what

465

00:21:18,460 --> 00:21:15,590

you're seeing there on camera is what we

466

00:21:23,470 --> 00:21:18,470

saw which did not look anything like

467

00:21:25,389 --> 00:21:23,480

what we saw in episode 4 and and I will

468

00:21:29,710 --> 00:21:25,399

speak real quickly to the one that we

469

00:21:32,200 --> 00:21:29,720

saw in episode 7 with the cow and people

470

00:21:33,909 --> 00:21:32,210

have a right or they're justified in

471

00:21:37,779 --> 00:21:33,919

feeling like you know how can you really

472

00:21:39,549 --> 00:21:37,789

tell that's a crafter or what not it's

473

00:21:41,109 --> 00:21:39,559

almost impossible with the camera as

474

00:21:44,039 --> 00:21:41,119

most people know to tell depth

475

00:21:47,109 --> 00:21:44,049

perception and so you can get a fly

476
00:21:48,970 --> 00:21:47,119
that's 2 inches away from the lens of

477
00:21:54,100 --> 00:21:48,980
your camera that can look exactly like a

478
00:21:57,789 --> 00:21:54,110
UFO speeding across the sky the reason

479
00:22:01,269 --> 00:21:57,799
why after looking at that closely we

480
00:22:03,940 --> 00:22:01,279
could rule out the bugs is that at one

481
00:22:05,200 --> 00:22:03,950
brief point it passes behind a branch of

482
00:22:07,779 --> 00:22:05,210
the treats that are in the background

483
00:22:11,440 --> 00:22:07,789
and the branch is actually in front of

484
00:22:13,840 --> 00:22:11,450
it and so that gives us an idea on the

485
00:22:17,200 --> 00:22:13,850
distance that we're dealing with and to

486
00:22:20,080 --> 00:22:17,210
be that far away from the camera and

487
00:22:21,700 --> 00:22:20,090
still show up guys would give you an

488
00:22:25,330 --> 00:22:21,710

indication that it you know had to be

489

00:22:27,220 --> 00:22:25,340

fairly significant size then so when we

490

00:22:29,769 --> 00:22:27,230

were doing the analysis you know I saw a

491

00:22:33,310 --> 00:22:29,779

lot of comments like oh that's a fly or

492

00:22:35,379 --> 00:22:33,320

that's we were basing it off the fact

493

00:22:37,359 --> 00:22:35,389

that we were looking for objects that

494

00:22:39,369 --> 00:22:37,369

either went behind or in front to tell

495

00:22:43,570 --> 00:22:39,379

and that's how we were able to gauge

496

00:22:46,390 --> 00:22:43,580

that it's good for people to hear

497

00:22:50,200 --> 00:22:46,400

and it's also important to realize - we

498

00:22:54,010 --> 00:22:50,210

see we see hundreds of UFOs at the ranch

499

00:22:56,590 --> 00:22:54,020

every week they start out as UFOs and by

500

00:22:58,660 --> 00:22:56,600

the time Eric and the guys work their

501
00:23:03,610 --> 00:22:58,670
magic there is OS they're identified

502
00:23:06,730 --> 00:23:03,620
objects and so it's it's just because

503
00:23:11,320 --> 00:23:06,740
there's a UFO we hear that term and we

504
00:23:12,120 --> 00:23:11,330
automatically think paranormal sometimes

505
00:23:18,490 --> 00:23:12,130
it takes

506
00:23:20,530 --> 00:23:18,500
Eric bard is a master of Oh forensics to

507
00:23:23,170 --> 00:23:20,540
take a video yeah yeah I mean he's real

508
00:23:24,820 --> 00:23:23,180
he's written some code and he's done

509
00:23:27,040 --> 00:23:24,830
some really magical things with these

510
00:23:30,010 --> 00:23:27,050
videos to really see if they pass the

511
00:23:32,890 --> 00:23:30,020
mustard and there's a couple that I

512
00:23:34,150 --> 00:23:32,900
thought absolutely matter of fact I

513
00:23:37,120 --> 00:23:34,160

found with my own eyes

514

00:23:39,880 --> 00:23:37,130

but once Eric goes in and does his magic

515

00:23:43,570 --> 00:23:39,890

with them they quickly go from UFO to

516

00:23:45,610 --> 00:23:43,580

IFO and you know they're a UFO for a

517

00:23:50,350 --> 00:23:45,620

week or two until he had time to look at

518

00:23:54,940 --> 00:23:50,360

him straight I really hope that if and

519

00:23:57,370 --> 00:23:54,950

when season 2 takes place that we will

520

00:23:59,890 --> 00:23:57,380

be able to spend more time looking at

521

00:24:03,970 --> 00:23:59,900

some of these things because what people

522

00:24:06,640 --> 00:24:03,980

need to realize is that they're seeing

523

00:24:08,380 --> 00:24:06,650

like the highlights but we're debunking

524

00:24:10,390 --> 00:24:08,390

ninety-eight ninety-nine percent of the

525

00:24:12,760 --> 00:24:10,400

stuff that's taking place there is a

526

00:24:15,970 --> 00:24:12,770

mundane reason for most of what happens

527

00:24:18,550 --> 00:24:15,980

at the ranch and if you don't go through

528

00:24:20,650 --> 00:24:18,560

that process and show the fact that

529

00:24:22,900 --> 00:24:20,660

we're not drinking the kool-aid not

530

00:24:26,350 --> 00:24:22,910

every fly that goes across the camera is

531

00:24:30,160 --> 00:24:26,360

a UFO not every UFO in the sky is a UFO

532

00:24:31,480 --> 00:24:30,170

you know I think that or the credibility

533

00:24:35,710 --> 00:24:31,490

of the show it's going to be very

534

00:24:38,550 --> 00:24:35,720

important to spend some time showing the

535

00:24:42,610 --> 00:24:38,560

guys you know Travis and Eric and and

536

00:24:45,400 --> 00:24:42,620

Jim Cigala going through using sound

537

00:24:48,310 --> 00:24:45,410

scientific principles and eliminating

538

00:24:50,710 --> 00:24:48,320

those things of known origin and then

539

00:24:52,120 --> 00:24:50,720

you know maybe we arrive at the end and

540

00:24:53,530 --> 00:24:52,130

they say a gal we've gone through

541

00:24:57,800 --> 00:24:53,540

everything that we can think it is we've

542

00:25:00,170 --> 00:24:57,810

we put this through all of the

543

00:25:01,670 --> 00:25:00,180

tests that we know how to do I guess at

544

00:25:06,530 --> 00:25:01,680

this point we're gonna have to let it

545

00:25:08,750 --> 00:25:06,540

stand that it's anomalous or what we're

546

00:25:11,450 --> 00:25:08,760

gonna see 99% of the time is they're

547

00:25:15,230 --> 00:25:11,460

gonna say oh my gosh that's not a UFO

548

00:25:20,170 --> 00:25:15,240

that's flight seven eight one two out of

549

00:25:21,890 --> 00:25:20,180

you know going to to Denver and and so I

550

00:25:24,020 --> 00:25:21,900

I'm with you guys

551
00:25:26,420 --> 00:25:24,030
I hope moving forward that we're gonna

552
00:25:30,080 --> 00:25:26,430
be able to devote more time in showing

553
00:25:31,760 --> 00:25:30,090
the behind the scenes and it look I want

554
00:25:33,470 --> 00:25:31,770
to show the highlights to it's fun to

555
00:25:36,230 --> 00:25:33,480
see some of the crazy stuff that's going

556
00:25:37,910 --> 00:25:36,240
on because it's legit but for

557
00:25:43,640 --> 00:25:37,920
credibility sake we also need to show

558
00:25:44,510 --> 00:25:43,650
the 99% that is not legit that's really

559
00:25:47,060 --> 00:25:44,520
like the sound of that

560
00:25:49,270 --> 00:25:47,070
I think people would love to hear that

561
00:25:52,490 --> 00:25:49,280
get their hands on some of that raw data

562
00:25:55,040 --> 00:25:52,500
I know going forward to we're getting

563
00:25:56,510 --> 00:25:55,050

ready to launch a website where some of

564

00:25:58,970 --> 00:25:56,520

this data and these white papers are

565

00:26:01,100 --> 00:25:58,980

gonna be posted there and really that's

566

00:26:02,750 --> 00:26:01,110

going to be the chance and and you know

567

00:26:04,850 --> 00:26:02,760

what I think I'm excited about it

568

00:26:08,660 --> 00:26:04,860

because I think it's going to be an

569

00:26:12,680 --> 00:26:08,670

opportunity I think Prometheus has done

570

00:26:14,180 --> 00:26:12,690

a great job of trying to - they've got a

571

00:26:16,100 --> 00:26:14,190

difficult challenge I'm trying to show a

572

00:26:19,400 --> 00:26:16,110

science show and keep it interesting and

573

00:26:23,480 --> 00:26:19,410

and keep it in and but still keep it

574

00:26:25,700 --> 00:26:23,490

true to the facts and and I think this

575

00:26:28,970 --> 00:26:25,710

website having the scientists put the

576
00:26:31,190 --> 00:26:28,980
hard data on their papers being able to

577
00:26:34,760 --> 00:26:31,200
show how they've arrived at some of

578
00:26:36,230 --> 00:26:34,770
these conclusions that will be I think

579
00:26:37,820 --> 00:26:36,240
it'll be good for everybody involved

580
00:26:39,350 --> 00:26:37,830
including the production because it's

581
00:26:41,060 --> 00:26:39,360
going to keep people honest you know

582
00:26:44,270 --> 00:26:41,070
that it's going to remove that

583
00:26:46,310 --> 00:26:44,280
temptation to sensationalize and

584
00:26:48,140 --> 00:26:46,320
dramatize because if things are gonna

585
00:26:49,610 --> 00:26:48,150
get posted on the website in a month and

586
00:26:51,770 --> 00:26:49,620
they're gonna contradict what you're

587
00:26:53,780 --> 00:26:51,780
trying to show on TV that that's gonna

588
00:26:55,670 --> 00:26:53,790

be bad for the show so I think on all

589

00:26:57,440 --> 00:26:55,680

around it's gonna be great and it'll

590

00:26:59,270 --> 00:26:57,450

back up and validate what we're seeing

591

00:27:01,840 --> 00:26:59,280

on the television show it's gonna be

592

00:27:04,100 --> 00:27:01,850

awesome especially when you get the

593

00:27:06,950 --> 00:27:04,110

peer-reviewed aspect of it you know

594

00:27:08,750 --> 00:27:06,960

that's gonna be really important but

595

00:27:10,100 --> 00:27:08,760

what's next we got coming up other

596

00:27:12,310 --> 00:27:10,110

questions we get up there

597

00:27:14,210 --> 00:27:12,320

we've got Twitter so we jump to Twitter

598

00:27:17,600 --> 00:27:14,220

sure let's do it

599

00:27:19,430 --> 00:27:17,610

alright so Timothy asks I heard in an

600

00:27:21,590 --> 00:27:19,440

interview he recently saw a group of

601
00:27:23,899 --> 00:27:21,600
crafts over the ranch did the cameras

602
00:27:26,799 --> 00:27:23,909
get footage of the incident and if so

603
00:27:31,549 --> 00:27:26,809
how can we see the surveillance footage

604
00:27:33,769 --> 00:27:31,559
there you go that's a fantastic question

605
00:27:36,169 --> 00:27:33,779
and yes I did reference that in an

606
00:27:39,980 --> 00:27:36,179
interview so this is one of those things

607
00:27:42,259 --> 00:27:39,990
were spotted and then Eric will work his

608
00:27:43,789 --> 00:27:42,269
magic on it not just Eric but I know

609
00:27:48,440 --> 00:27:43,799
that the others been taking a look at it

610
00:27:51,230 --> 00:27:48,450
as well and and then I've been told to

611
00:27:53,320 --> 00:27:51,240
not comment any further on it simply

612
00:27:55,610 --> 00:27:53,330
because if it ends up being something

613
00:27:58,190 --> 00:27:55,620

spectacular we'll want to share that

614

00:27:59,870 --> 00:27:58,200

with people in the future and if not I

615

00:28:03,919 --> 00:27:59,880

hope they'll share how they arrived at

616

00:28:08,210 --> 00:28:03,929

that either way right there you go

617

00:28:10,009 --> 00:28:08,220

thanks Thomas all right this next one it

618

00:28:11,870 --> 00:28:10,019

seems to be a popular question lately

619

00:28:13,039 --> 00:28:11,880

and I think it comes up on every show

620

00:28:15,430 --> 00:28:13,049

but Shawna's

621

00:28:18,440 --> 00:28:15,440

asks are they getting more tourists now

622

00:28:23,269 --> 00:28:18,450

holy smokes

623

00:28:25,279 --> 00:28:23,279

yeah I mean yeah over the last couple

624

00:28:26,750 --> 00:28:25,289

well so I was down working at the

625

00:28:29,680 --> 00:28:26,760

turnaround so people that haven't been

626
00:28:32,629 --> 00:28:29,690
to the ranch as you approach the ranch

627
00:28:34,580 --> 00:28:32,639
where the road turns from a public road

628
00:28:36,230 --> 00:28:34,590
to a private road there's a little spot

629
00:28:37,669 --> 00:28:36,240
to turn around and that's where the sign

630
00:28:40,159 --> 00:28:37,679
there's a great big sign people have

631
00:28:41,899 --> 00:28:40,169
probably seen it online tells them not

632
00:28:46,549 --> 00:28:41,909
to go any further they'll be trespassing

633
00:28:48,710 --> 00:28:46,559
and and and that if you go beyond that

634
00:28:52,600 --> 00:28:48,720
point then we do site we've been riding

635
00:28:56,450 --> 00:28:52,610
out quite a few trespassing citations

636
00:28:59,450 --> 00:28:56,460
calling the cops regularly and I'm very

637
00:29:01,310 --> 00:28:59,460
grateful for our relationship with both

638
00:29:05,000 --> 00:29:01,320

you and a County Sheriff's Department

639

00:29:07,580 --> 00:29:05,010

and the Bureau of Indian Affairs the

640

00:29:09,649 --> 00:29:07,590

Federal Police they both respond very

641

00:29:11,419 --> 00:29:09,659

quickly and I've been our partners and

642

00:29:13,909 --> 00:29:11,429

making sure that we keep the ranch

643

00:29:16,570 --> 00:29:13,919

secured I just want to throw that out

644

00:29:20,060 --> 00:29:16,580

there for those people to get ideas but

645

00:29:22,460 --> 00:29:20,070

yeah so there's like two or three weeks

646

00:29:23,539 --> 00:29:22,470

ago I was down there actually working on

647

00:29:26,989 --> 00:29:23,549

some equipment

648

00:29:29,960 --> 00:29:26,999

updating some of our lights and our

649

00:29:31,070 --> 00:29:29,970

cameras and I put in a new fence down

650

00:29:33,649 --> 00:29:31,080

there so I was down there for the whole

651
00:29:36,289 --> 00:29:33,659
week working and just in that week I met

652
00:29:39,560 --> 00:29:36,299
people from South Carolina Arkansas

653
00:29:44,090 --> 00:29:39,570
Louisiana Minnesota Texas California

654
00:29:46,609 --> 00:29:44,100
Idaho Colorado and dozens of people from

655
00:29:48,259 --> 00:29:46,619
the Wasatch Front out in Salt Lake City

656
00:29:52,460 --> 00:29:48,269
area which is about two and a half hours

657
00:29:54,200 --> 00:29:52,470
from us and the the people that were

658
00:29:57,080 --> 00:29:54,210
coming from out of state for the

659
00:29:59,659 --> 00:29:57,090
specific purpose of just driving to see

660
00:30:01,639 --> 00:29:59,669
the ranch I felt bad to be like well

661
00:30:04,009 --> 00:30:01,649
this is all you can see take a picture

662
00:30:05,090 --> 00:30:04,019
of the sign and yeah that's all we can

663
00:30:08,720 --> 00:30:05,100

let you see ep

664

00:30:11,899 --> 00:30:08,730

but yes tourism has increased a lot I'd

665

00:30:15,080 --> 00:30:11,909

say now on an average day where we're

666

00:30:18,259 --> 00:30:15,090

seeing significant travel down to that

667

00:30:22,039 --> 00:30:18,269

turnaround so good job staying at home

668

00:30:24,889 --> 00:30:22,049

people you're right I think this party's

669

00:30:28,190 --> 00:30:24,899

driven I can't tell like people that are

670

00:30:30,529 --> 00:30:28,200

far away I'm thinking there's a group

671

00:30:34,970 --> 00:30:30,539

from both the same day I met some people

672

00:30:37,609 --> 00:30:34,980

from Crawford Texas and I'm like Austin

673

00:30:39,799 --> 00:30:37,619

and they're just like oh we're so we had

674

00:30:41,359 --> 00:30:39,809

cabin fever we're so sick and tired of

675

00:30:43,310 --> 00:30:41,369

this quarantine that we just figured

676

00:30:45,799 --> 00:30:43,320

we'll take a road trip and they so they

677

00:30:48,590 --> 00:30:45,809

like took the opportunity to drive to

678

00:30:52,190 --> 00:30:48,600

the ranch and take a road trip to a

679

00:30:54,139 --> 00:30:52,200

place I supposed to go why not sure I'm

680

00:30:58,190 --> 00:30:54,149

like there's not a lot to see here folks

681

00:30:59,570 --> 00:30:58,200

I mean you drove a long ways and I can

682

00:31:01,190 --> 00:30:59,580

let you take a picture of the sign and

683

00:31:03,950 --> 00:31:01,200

then you got to be on your way so I

684

00:31:06,049 --> 00:31:03,960

think there's this misperception that it

685

00:31:07,310 --> 00:31:06,059

is like a movie step you know that

686

00:31:08,720 --> 00:31:07,320

you're gonna see something fantastic

687

00:31:10,820 --> 00:31:08,730

like oh my god if we go there we're

688

00:31:13,340 --> 00:31:10,830

gonna see lights and cameras and you

689

00:31:15,080 --> 00:31:13,350

know dollies and jib arms no you're

690

00:31:15,889 --> 00:31:15,090

gonna see a ranch actually no you won't

691

00:31:19,609 --> 00:31:15,899

even see that you're gonna see some

692

00:31:21,590 --> 00:31:19,619

trees a fence a big gate and the thing

693

00:31:23,749 --> 00:31:21,600

says turn around that's what you're

694

00:31:24,950 --> 00:31:23,759

gonna see eventually something outside

695

00:31:26,690 --> 00:31:24,960

the ranch will have to be set up like

696

00:31:28,999 --> 00:31:26,700

Jurassic Park to let people drive

697

00:31:30,470 --> 00:31:29,009

through and right get their little

698

00:31:33,529 --> 00:31:30,480

thrills and then they can get a t-shirt

699

00:31:37,100 --> 00:31:33,539

and leave keep them off the ranch yeah

700

00:31:41,570 --> 00:31:39,410

real quick and I think cuz this was

701
00:31:44,710 --> 00:31:41,580
brought up on Twitter too is is last

702
00:31:47,990 --> 00:31:44,720
week last episode Jim Morris mentioned

703
00:31:50,660 --> 00:31:48,000
that you know you have to kind of treat

704
00:31:52,280 --> 00:31:50,670
the ranch like area 51 and there was

705
00:31:55,610 --> 00:31:52,290
some confusion and what he meant there

706
00:31:57,500 --> 00:31:55,620
but I think honestly it's kind of like

707
00:31:59,780 --> 00:31:57,510
that it's it he mentioned you know it's

708
00:32:01,539 --> 00:31:59,790
a living laboratory and the science is

709
00:32:04,789 --> 00:32:01,549
going on so you have to treat it like

710
00:32:06,620 --> 00:32:04,799
it's a secure location so people aren't

711
00:32:08,780 --> 00:32:06,630
trespassing on the ranch to ruin all

712
00:32:10,400 --> 00:32:08,790
these experiments so I just wanted to

713
00:32:12,799 --> 00:32:10,410

clarify that because I think you're

714

00:32:14,750 --> 00:32:12,809

you're basically saying that with you

715

00:32:18,350 --> 00:32:14,760

know the trespassing that's people

716

00:32:20,570 --> 00:32:18,360

should not be doing that yeah yeah and

717

00:32:23,060 --> 00:32:20,580

you know I we've we've had quite a few

718

00:32:25,310 --> 00:32:23,070

people there like storm storm skinwalker

719

00:32:29,930 --> 00:32:25,320

ranch and don't put that out there holy

720

00:32:31,669 --> 00:32:29,940

cow you know I go on immediately as some

721

00:32:34,070 --> 00:32:31,679

of them I can tell they're joking like

722

00:32:36,380 --> 00:32:34,080

they're just they're just joking but I

723

00:32:39,320 --> 00:32:36,390

every time I see that I will comment and

724

00:32:42,080 --> 00:32:39,330

remind people you know where as area 51

725

00:32:43,549 --> 00:32:42,090

is government you know they could call

726

00:32:46,490 --> 00:32:43,559

in the troops if they need to they have

727

00:32:50,510 --> 00:32:46,500

the ability to keep area 51 secure we're

728

00:32:52,700 --> 00:32:50,520

private property and I want remind

729

00:32:53,990 --> 00:32:52,710

people you wouldn't want somebody coming

730

00:32:56,900 --> 00:32:54,000

climbing over the fence into your

731

00:32:59,120 --> 00:32:56,910

backyard this is private property we're

732

00:33:01,340 --> 00:32:59,130

not spending any public dollars out

733

00:33:04,280 --> 00:33:01,350

there and every time someone tries to

734

00:33:06,049 --> 00:33:04,290

press passes and they they foul up an

735

00:33:09,169 --> 00:33:06,059

experiment that we're doing or they

736

00:33:10,880 --> 00:33:09,179

cause damage to the ranch that's

737

00:33:12,830 --> 00:33:10,890

somebody's hard-earned money that has to

738

00:33:14,510 --> 00:33:12,840

pay to fix that that's not that's not

739

00:33:17,539 --> 00:33:14,520

the government just pick you know

740

00:33:19,340 --> 00:33:17,549

pitching and covering it so I really I

741

00:33:22,430 --> 00:33:19,350

try to remind people that there's a big

742

00:33:25,549 --> 00:33:22,440

difference yes we have to stay secure

743

00:33:26,630 --> 00:33:25,559

like area 51 1 it's dangerous and worker

744

00:33:28,730 --> 00:33:26,640

and we're trying to protect the

745

00:33:32,030 --> 00:33:28,740

integrity of the ranch was private

746

00:33:34,330 --> 00:33:32,040

property and and so I just ask people to

747

00:33:37,490 --> 00:33:34,340

be respectful of that fact

748

00:33:38,270 --> 00:33:37,500

absolutely all right let's move on to

749

00:33:41,510 --> 00:33:38,280

the next one

750

00:33:43,549 --> 00:33:41,520

Ashley asks in an article with MJ vinius

751
00:33:45,470 --> 00:33:43,559
Thomas had told the story about the time

752
00:33:47,299 --> 00:33:45,480
he and his wife were at the command

753
00:33:49,520 --> 00:33:47,309
center when they both started to hear

754
00:33:50,990 --> 00:33:49,530
banging as well as a disembodied voice

755
00:33:54,260 --> 00:33:51,000
telling them to get

756
00:33:56,300 --> 00:33:54,270
out has Thomas experienced any similar

757
00:34:03,260 --> 00:33:56,310
paranormal activities like that since

758
00:34:06,920 --> 00:34:03,270
then so I've heard well use her term

759
00:34:11,180 --> 00:34:06,930
disembodied voices I've heard those a

760
00:34:14,149 --> 00:34:11,190
total of like distinctly three times on

761
00:34:16,760 --> 00:34:14,159
the ranch and that one time was with my

762
00:34:19,010 --> 00:34:16,770
wife and it actually accompanied a whole

763
00:34:20,889 --> 00:34:19,020

bunch of strange occurrences that night

764

00:34:23,659 --> 00:34:20,899

we did hear the banging in the bedrooms

765

00:34:25,430 --> 00:34:23,669

we heard the footsteps across what used

766

00:34:28,430 --> 00:34:25,440

to be Bigelow's bedroom when he would

767

00:34:30,800 --> 00:34:28,440

come and stay on the ranch and it's and

768

00:34:33,980 --> 00:34:30,810

interestingly enough the whole reason we

769

00:34:36,560 --> 00:34:33,990

were there that night was because we had

770

00:34:40,700 --> 00:34:36,570

our cameras were behaving very strangely

771

00:34:42,919 --> 00:34:40,710

and so eric reached out to me and said

772

00:34:46,369 --> 00:34:42,929

we've got we've got some problems out

773

00:34:48,500 --> 00:34:46,379

there and Eric's pretty he's pretty good

774

00:34:50,480 --> 00:34:48,510

about cutting through what's serious and

775

00:34:52,460 --> 00:34:50,490

what can wait for later so when Eric

776
00:34:55,129 --> 00:34:52,470
calls at midnight and says we got some

777
00:34:56,659 --> 00:34:55,139
problems like I always take know and

778
00:34:59,120 --> 00:34:56,669
it's like okay we got to get out there

779
00:35:01,130 --> 00:34:59,130
immediately so the interesting thing is

780
00:35:03,500 --> 00:35:01,140
is that we're having we're suffering

781
00:35:07,070 --> 00:35:03,510
some pretty serious malfunctions or

782
00:35:11,930 --> 00:35:07,080
these cameras that he's able to view

783
00:35:15,590 --> 00:35:11,940
remotely at that particular time and as

784
00:35:17,690 --> 00:35:15,600
like you can see as we pull into the

785
00:35:21,680 --> 00:35:17,700
command center the cameras all go back

786
00:35:25,040 --> 00:35:21,690
to fully functioning like from there on

787
00:35:27,470 --> 00:35:25,050
they're all smoothens and so that was

788
00:35:29,240 --> 00:35:27,480

strange that night was so creepy when we

789

00:35:31,520 --> 00:35:29,250

pulled on like the hair stood up on my

790

00:35:33,500 --> 00:35:31,530

arms like it was not a good night to be

791

00:35:35,120 --> 00:35:33,510

on the ranch I knew it the second we

792

00:35:37,310 --> 00:35:35,130

pulled in I didn't shut the car off I

793

00:35:39,740 --> 00:35:37,320

left my car running as a getaway vehicle

794

00:35:41,300 --> 00:35:39,750

because it just didn't feel right but as

795

00:35:43,610 --> 00:35:41,310

far as voices I've heard him three times

796

00:35:46,720 --> 00:35:43,620

one plowing snow one chasing a

797

00:35:50,930 --> 00:35:46,730

trespasser and one in the command center

798

00:35:53,330 --> 00:35:50,940

and I have heard things before matter of

799

00:35:54,590 --> 00:35:53,340

fact just two weeks ago I was out I

800

00:36:02,060 --> 00:35:54,600

think it was like 2:30 in the morning

801
00:36:03,980 --> 00:36:02,070
and every week I we get water terms and

802
00:36:05,480 --> 00:36:03,990
for people that don't live in the desert

803
00:36:07,790 --> 00:36:05,490
they don't understand like the only way

804
00:36:10,580 --> 00:36:07,800
we can water things is to actually carry

805
00:36:12,470 --> 00:36:10,590
through the ditches and irrigate the

806
00:36:16,610 --> 00:36:12,480
land and and water out here is more

807
00:36:19,520 --> 00:36:16,620
valuable than gold and so our water turn

808
00:36:21,710 --> 00:36:19,530
actually lasts it starts in the evening

809
00:36:22,790 --> 00:36:21,720
on one day and it goes all the way

810
00:36:23,780 --> 00:36:22,800
through the night all the way through

811
00:36:26,720 --> 00:36:23,790
the day and then all the way through

812
00:36:29,440 --> 00:36:26,730
there the next night and so a majority

813
00:36:32,630 --> 00:36:29,450

of the time that I have to irrigate is

814

00:36:34,670 --> 00:36:32,640

like through the night and so for these

815

00:36:37,550 --> 00:36:34,680

couple days every single week I'm out on

816

00:36:39,020 --> 00:36:37,560

the ranch a couple times during the

817

00:36:41,660 --> 00:36:39,030

night and I was out there it was like

818

00:36:43,790 --> 00:36:41,670

hey about 2:30 in the morning 3 o'clock

819

00:36:48,080 --> 00:36:43,800

in the morning and I'm over by Homestead

820

00:36:51,200 --> 00:36:48,090

3 and I'm adjusting the head gate in the

821

00:36:55,190 --> 00:36:51,210

flow of the water and I can hear like a

822

00:36:57,500 --> 00:36:55,200

radio playing and I'm thinking what the

823

00:36:59,180 --> 00:36:57,510

heck and I had a pretty I had a pretty

824

00:37:02,660 --> 00:36:59,190

bright spotlight so I'm like shining

825

00:37:05,120 --> 00:37:02,670

around thinking maybe somebody's like

826

00:37:09,800 --> 00:37:05,130

around ya messing with me

827

00:37:12,110 --> 00:37:09,810

and so I'm shining around and I couldn't

828

00:37:13,610 --> 00:37:12,120

see anything and I couldn't even tell

829

00:37:16,130 --> 00:37:13,620

what direction it was coming from either

830

00:37:18,800 --> 00:37:16,140

it was it was just like his faint radio

831

00:37:21,080 --> 00:37:18,810

sound like what the heck I get in the

832

00:37:22,820 --> 00:37:21,090

Jeep and I make sure that the radio

833

00:37:25,240 --> 00:37:22,830

wasn't on on the Jeep I thought maybe my

834

00:37:29,210 --> 00:37:25,250

phone maybe I'd accidentally hit my

835

00:37:31,790 --> 00:37:29,220

music on my phone it was none of that so

836

00:37:34,370 --> 00:37:31,800

I I finish what I'm doing there I'm not

837

00:37:36,380 --> 00:37:34,380

too creeped out yet I back out and I

838

00:37:38,660 --> 00:37:36,390

head back over and there's another head

839

00:37:40,520 --> 00:37:38,670

gate right by homestead too and so I'm

840

00:37:45,320 --> 00:37:40,530

getting out and I'm adjusting it and I

841

00:37:48,440 --> 00:37:45,330

hear the same like faint music like a

842

00:37:50,420 --> 00:37:48,450

radio plan and I don't know where it was

843

00:37:52,820 --> 00:37:50,430

coming from like I couldn't identify it

844

00:37:55,760 --> 00:37:52,830

but I started to get a little creeped

845

00:37:57,530 --> 00:37:55,770

out at that point and I just I had one

846

00:38:01,100 --> 00:37:57,540

more head gate to go I didn't hear it

847

00:38:02,450 --> 00:38:01,110

over there on head gate 3 but over there

848

00:38:04,760 --> 00:38:02,460

on the by thought 2 homesteads I heard

849

00:38:07,610 --> 00:38:04,770

the radio like this faint music playing

850

00:38:09,620 --> 00:38:07,620

I don't know where I was coming from but

851

00:38:11,870 --> 00:38:09,630

it's a spooky

852

00:38:13,430 --> 00:38:11,880

that's exactly what the experience I was

853

00:38:14,970 --> 00:38:13,440

having when I went back to the East

854

00:38:16,650 --> 00:38:14,980

Coast

855

00:38:18,750 --> 00:38:16,660

middle of night I'm just hearing faint

856

00:38:21,660 --> 00:38:18,760

music and I couldn't not identify mean I

857

00:38:24,060 --> 00:38:21,670

remember my wife broke up with me I hit

858

00:38:25,550 --> 00:38:24,070

my head against the steps listening like

859

00:38:27,780 --> 00:38:25,560

where the hell is the music coming from

860

00:38:29,070 --> 00:38:27,790

she couldn't hear it I was only one

861

00:38:30,599 --> 00:38:29,080

hearing it and every time I hear

862

00:38:33,530 --> 00:38:30,609

somebody else to tell that story it just

863

00:38:36,960 --> 00:38:33,540

it's insurer's up my back man that is uh

864

00:38:39,210 --> 00:38:36,970

yeah to this day I don't know experience

865

00:38:42,020 --> 00:38:39,220

it was there a type of music you were

866

00:38:46,200 --> 00:38:42,030

hearing was it like reg tiny or

867

00:38:47,430 --> 00:38:46,210

something specific or just like I mean I

868

00:38:49,290 --> 00:38:47,440

couldn't really even tell I was being

869

00:38:54,960 --> 00:38:49,300

played it just you know it was like

870

00:38:56,310 --> 00:38:54,970

hearing a radio play like like almost

871

00:38:57,630 --> 00:38:56,320

like the neighbors have it playing and

872

00:39:03,300 --> 00:38:57,640

you can't quite tell us claimed it's

873

00:39:04,880 --> 00:39:03,310

exactly exactly the description see see

874

00:39:10,280 --> 00:39:04,890

I can't wait for my wife to see this I

875

00:39:16,650 --> 00:39:14,970

don't know what it was I do know my

876

00:39:20,790 --> 00:39:16,660

fascination at the ranch is not so much

877

00:39:23,490 --> 00:39:20,800

UFOs like I to be honest I could really

878

00:39:25,770 --> 00:39:23,500

care less the crafts I know it plays a

879

00:39:28,440 --> 00:39:25,780

part in it and that's a huge fascination

880

00:39:30,420 --> 00:39:28,450

for people but for me personally I'm

881

00:39:35,340 --> 00:39:30,430

more interested in the cognitive stuff

882

00:39:37,140 --> 00:39:35,350

that's going on you know and and so

883

00:39:40,470 --> 00:39:37,150

there have been there's been a couple

884

00:39:42,660 --> 00:39:40,480

times where myself and other individuals

885

00:39:44,040 --> 00:39:42,670

that have been on the ranch with me

886

00:39:47,280 --> 00:39:44,050

either that day or the day before

887

00:39:49,380 --> 00:39:47,290

we're woken up in our sleep at the like

888

00:39:52,410 --> 00:39:49,390

within minutes of each other both woke

889

00:39:55,890 --> 00:39:52,420

up to music playing and there again not

890

00:39:57,870 --> 00:39:55,900

hearing not hearing now they describe

891

00:39:59,940 --> 00:39:57,880

there's more as a music box type music

892

00:40:03,000 --> 00:39:59,950

where mine's more like a radio so I

893

00:40:04,950 --> 00:40:03,010

don't know like how that how that is but

894

00:40:09,330 --> 00:40:04,960

yeah so there's been some strange things

895

00:40:12,120 --> 00:40:09,340

like that and moving on is I'm not gonna

896

00:40:13,710 --> 00:40:12,130

sleep tonight yeah well you know here's

897

00:40:16,920 --> 00:40:13,720

another question that we get asked

898

00:40:18,510 --> 00:40:16,930

seemingly every week and you know Thomas

899

00:40:21,510 --> 00:40:18,520

you just mentioned cameras and TJ you

900

00:40:23,790 --> 00:40:21,520

can jump in on this too but this relates

901
00:40:25,440 --> 00:40:23,800
to production cameras so Danny asks do

902
00:40:27,690 --> 00:40:25,450
any of the production cameras lose

903
00:40:28,110 --> 00:40:27,700
battery power when cell phones and other

904
00:40:33,680 --> 00:40:28,120
equip

905
00:40:36,630 --> 00:40:33,690
lose their power as well yeah so here's

906
00:40:38,120 --> 00:40:36,640
here's another I'm not gonna say

907
00:40:44,270 --> 00:40:38,130
frustration we're all learning together

908
00:40:48,540 --> 00:40:44,280
but the first season we kept it strictly

909
00:40:50,940 --> 00:40:48,550
about us and the production crew did

910
00:40:53,940 --> 00:40:50,950
experiments equipment failures and

911
00:40:56,340 --> 00:40:53,950
battery drainages and that and and again

912
00:41:00,210 --> 00:40:56,350
moving forward you know if and when

913
00:41:02,940 --> 00:41:00,220

second season happens it's my hope that

914

00:41:04,800 --> 00:41:02,950

maybe we can allow some of these things

915

00:41:07,320 --> 00:41:04,810

to be shown I know no they don't want to

916

00:41:10,500 --> 00:41:07,330

become part of the story but when when

917

00:41:12,450 --> 00:41:10,510

you have the production a lot of the

918

00:41:14,610 --> 00:41:12,460

criticisms like oh you see that that

919

00:41:17,580 --> 00:41:14,620

35,000 drop dollar drone couldn't

920

00:41:21,690 --> 00:41:17,590

connect and yeah look they've got the

921

00:41:23,580 --> 00:41:21,700

network's drone work just fine and there

922

00:41:26,130 --> 00:41:23,590

were times when the network strong did

923

00:41:27,990 --> 00:41:26,140

not work just fine and I wished and I

924

00:41:30,270 --> 00:41:28,000

hope moving forward that maybe more of

925

00:41:33,270 --> 00:41:30,280

that can be shown and it can be like oh

926
00:41:34,770 --> 00:41:33,280
they're they're experiencing the same

927
00:41:38,250 --> 00:41:34,780
struggles that we are because they're

928
00:41:42,600 --> 00:41:38,260
not immune for a moment I mean our DJI

929
00:41:44,550 --> 00:41:42,610
phantom 3 Pro I mean yeah craft right

930
00:41:46,590 --> 00:41:44,560
out that we were out there I mean that

931
00:41:49,170 --> 00:41:46,600
just starts freaking out batteries die

932
00:41:50,820 --> 00:41:49,180
it happens I mean it just happens it's

933
00:41:52,560 --> 00:41:50,830
just because you don't see it like if if

934
00:41:54,300 --> 00:41:52,570
everyone saw everything that failed

935
00:41:56,610 --> 00:41:54,310
there'd be no show it'd be everything

936
00:41:59,550 --> 00:41:56,620
failing that's all the footage would be

937
00:42:02,630 --> 00:41:59,560
of stuff failing so yeah that's all you

938
00:42:05,790 --> 00:42:02,640

have redundancy backups on backups

939

00:42:08,820 --> 00:42:05,800

alright Anna asks I would like to know

940

00:42:12,420 --> 00:42:08,830

about the changes and injury in his head

941

00:42:14,820 --> 00:42:12,430

how was he doing oh that's nice thank

942

00:42:16,620 --> 00:42:14,830

you I appreciate the love and concern

943

00:42:19,080 --> 00:42:16,630

people show me everywhere I go that's

944

00:42:22,110 --> 00:42:19,090

the first question I get some was my

945

00:42:24,150 --> 00:42:22,120

head my first injured the most severe

946

00:42:27,060 --> 00:42:24,160

injury the one that you see that the

947

00:42:29,580 --> 00:42:27,070

scans on television and the the the most

948

00:42:34,440 --> 00:42:29,590

traumatic injury for me took place back

949

00:42:38,070 --> 00:42:34,450

in March of 2017 and and so luckily I've

950

00:42:41,670 --> 00:42:38,080

been able to make a good recovery I

951

00:42:46,829 --> 00:42:41,680

still have some lingering effects we

952

00:42:48,690 --> 00:42:46,839

of it and and as you saw on was episode

953

00:42:51,059 --> 00:42:48,700

two or three you know I've had some

954

00:42:54,329 --> 00:42:51,069

small reoccurrences where the swelling

955

00:42:56,339 --> 00:42:54,339

will start back up again and and now I

956

00:43:01,589 --> 00:42:56,349

don't mess around I go right into the

957

00:43:03,210 --> 00:43:01,599

hospital because I didn't you get you

958

00:43:04,349 --> 00:43:03,220

get worried that it's gonna go great

959

00:43:07,260 --> 00:43:04,359

here we go again

960

00:43:08,670 --> 00:43:07,270

but luckily they've just been smaller

961

00:43:12,059 --> 00:43:08,680

occurrences nothing major

962

00:43:15,630 --> 00:43:12,069

so I actually I'm in good health and I

963

00:43:20,309 --> 00:43:15,640

feel good and and so but I appreciate

964

00:43:22,920 --> 00:43:20,319

the concern from everybody so we got

965

00:43:24,540 --> 00:43:22,930

from Facebook Gail asks as a native of

966

00:43:26,400 --> 00:43:24,550

the basin did Thomas ever have any

967

00:43:31,490 --> 00:43:26,410

unique experiences growing up there

968

00:43:33,870 --> 00:43:31,500

prior to working on the ranch yeah so I

969

00:43:37,349 --> 00:43:33,880

and I think I actually spoke about this

970

00:43:39,210 --> 00:43:37,359

in the first podcast you did so I'll

971

00:43:40,589 --> 00:43:39,220

encourage her to go back and watch that

972

00:43:42,780 --> 00:43:40,599

one that you guys first interviewed

973

00:43:44,760 --> 00:43:42,790

because I I did talk about how I became

974

00:43:47,250 --> 00:43:44,770

associated with the ranch and as far as

975

00:43:50,069 --> 00:43:47,260

experiences I just assure people I had

976
00:43:53,000 --> 00:43:50,079
one UFO experience when I was a kid but

977
00:43:55,140 --> 00:43:53,010
it was simply looking out my window and

978
00:43:58,349 --> 00:43:55,150
seeing what I thought was a big

979
00:44:00,270 --> 00:43:58,359
beautiful moon out there only to realize

980
00:44:03,109 --> 00:44:00,280
next morning when I tell my mom about it

981
00:44:05,880 --> 00:44:03,119
that there was no moon out that night so

982
00:44:07,710 --> 00:44:05,890
it wasn't a scary experience or anything

983
00:44:10,410 --> 00:44:07,720
I who was gorgeous it was this big

984
00:44:14,370 --> 00:44:10,420
beautiful orange moon out there in the

985
00:44:15,390 --> 00:44:14,380
sky above the oil refinery and it wasn't

986
00:44:17,220 --> 00:44:15,400
there when I looked out the window a

987
00:44:19,470 --> 00:44:17,230
little bit later but I just figured it

988
00:44:21,150 --> 00:44:19,480

it's set beyond the horizon and didn't

989

00:44:23,039 --> 00:44:21,160

think anything of it and then the next

990

00:44:24,270 --> 00:44:23,049

morning when I was telling my mom man

991

00:44:27,660 --> 00:44:24,280

you should have saw the moon last night

992

00:44:29,190 --> 00:44:27,670

it was so pretty and my mom was like I

993

00:44:31,650 --> 00:44:29,200

don't think there was a moon out there

994

00:44:33,510 --> 00:44:31,660

and so we checked the calendar and sure

995

00:44:34,230 --> 00:44:33,520

enough it was it was a night there was

996

00:44:36,569 --> 00:44:34,240

no moon

997

00:44:38,970 --> 00:44:36,579

so don't know what it was that I saw but

998

00:44:41,400 --> 00:44:38,980

it was not the moon that's that's

999

00:44:45,020 --> 00:44:41,410

begging for a Star Wars reference I'm so

1000

00:44:48,420 --> 00:44:45,030

sorry that's no moon it's no moon

1001
00:44:53,099 --> 00:44:48,430
there's no moon but really other than

1002
00:44:54,390 --> 00:44:53,109
that no I don't and you know I've been

1003
00:44:55,020 --> 00:44:54,400
thinking about it because I actually get

1004
00:44:58,650 --> 00:44:55,030
a set

1005
00:45:00,390 --> 00:44:58,660
question a lot but obviously I kind of

1006
00:45:02,340 --> 00:45:00,400
had anything too traumatic because it

1007
00:45:05,220 --> 00:45:02,350
doesn't come to me off the top of my

1008
00:45:06,540 --> 00:45:05,230
head okay well thanks for sharing all

1009
00:45:08,490 --> 00:45:06,550
this stuff is there anything else like

1010
00:45:11,640 --> 00:45:08,500
I'll top your head or that you want to

1011
00:45:12,480 --> 00:45:11,650
you know address is anything that you

1012
00:45:15,090 --> 00:45:12,490
haven't had a chance to speak about

1013
00:45:17,520 --> 00:45:15,100

either here online I mean I know people

1014

00:45:19,260 --> 00:45:17,530

throw questions at you all the time if

1015

00:45:20,370 --> 00:45:19,270

not that's cool I just wanted to open it

1016

00:45:21,900 --> 00:45:20,380

up in case there was something you were

1017

00:45:24,330 --> 00:45:21,910

like oh you guys didn't talk about this

1018

00:45:31,110 --> 00:45:24,340

it's been an interesting ride of

1019

00:45:33,630 --> 00:45:31,120

emotions the last eight weeks and like I

1020

00:45:39,180 --> 00:45:33,640

say that the ranch for me the cognitive

1021

00:45:41,280 --> 00:45:39,190

side the way that it boy you know if we

1022

00:45:43,530 --> 00:45:41,290

find out that this is just RF signals

1023

00:45:47,370 --> 00:45:43,540

then the way that they interact with the

1024

00:45:48,930 --> 00:45:47,380

body or the even in the last 24 hours

1025

00:45:52,230 --> 00:45:48,940

I've spent a lot of time out there in

1026
00:45:54,570 --> 00:45:52,240
the last 24 hours trying to work on some

1027
00:45:56,870 --> 00:45:54,580
specific equipment and worker there

1028
00:46:00,240 --> 00:45:56,880
borrowed on some specific things and

1029
00:46:02,130 --> 00:46:00,250
even even in the last 24 hours

1030
00:46:05,310 --> 00:46:02,140
there are things I was just joking with

1031
00:46:08,760 --> 00:46:05,320
Erik like two hours before I got on this

1032
00:46:12,960 --> 00:46:08,770
podcast he was sharing some things that

1033
00:46:15,020 --> 00:46:12,970
had taken place to him I had left for a

1034
00:46:17,580 --> 00:46:15,030
little while and and while I was gone

1035
00:46:19,020 --> 00:46:17,590
some things happen and it's one of those

1036
00:46:20,280 --> 00:46:19,030
things I just shake I just told him I'm

1037
00:46:22,230 --> 00:46:20,290
like you know it's just a coincidence

1038
00:46:23,850 --> 00:46:22,240

right and he laughed things like

1039

00:46:26,630 --> 00:46:23,860

everything everything's a coincidence

1040

00:46:28,680 --> 00:46:26,640

here at skinwalker ranch it's just a

1041

00:46:32,640 --> 00:46:28,690

million little things that drive you

1042

00:46:35,010 --> 00:46:32,650

crazy and really make you question your

1043

00:46:37,380 --> 00:46:35,020

sanity and and as we're drawing to a

1044

00:46:39,150 --> 00:46:37,390

close on the season finale like my mind

1045

00:46:41,370 --> 00:46:39,160

has really spent a lot of time analyzing

1046

00:46:45,900 --> 00:46:41,380

like where where am I at with all of

1047

00:46:47,400 --> 00:46:45,910

this and and really in quite honesty you

1048

00:46:50,790 --> 00:46:47,410

know I've had some conversations with my

1049

00:46:55,110 --> 00:46:50,800

wife like how much more this can I can I

1050

00:46:57,950 --> 00:46:55,120

take because at some point when you

1051

00:47:00,840 --> 00:46:57,960

start you really start to question

1052

00:47:05,400 --> 00:47:00,850

reality and sanity and those type of

1053

00:47:07,350 --> 00:47:05,410

things and I can see down the road maybe

1054

00:47:08,829 --> 00:47:07,360

sooner than later I don't know having to

1055

00:47:12,940 --> 00:47:08,839

step away because

1056

00:47:16,329 --> 00:47:12,950

for my own peace of mind yeah no we're

1057

00:47:17,349 --> 00:47:16,339

blaming why could see why when you come

1058

00:47:18,670 --> 00:47:17,359

on you think you know this is the

1059

00:47:20,349 --> 00:47:18,680

coolest place in the world I'd like with

1060

00:47:21,700 --> 00:47:20,359

the big low team in that I've always

1061

00:47:23,289 --> 00:47:21,710

wondered like why would you sell that

1062

00:47:26,229 --> 00:47:23,299

why would you step away from that why

1063

00:47:28,690 --> 00:47:26,239

would you and and Here I am I've been on

1064

00:47:31,029 --> 00:47:28,700

the ranch for years now and there's a

1065

00:47:34,059 --> 00:47:31,039

part of me that's saying actually I I

1066

00:47:36,190 --> 00:47:34,069

can start to understand why at some

1067

00:47:40,269 --> 00:47:36,200

point you would say it's somebody else's

1068

00:47:45,130 --> 00:47:40,279

turn because I gave it my best shot but

1069

00:47:49,239 --> 00:47:45,140

you know kicked my butt you're holding

1070

00:47:52,829 --> 00:47:49,249

up pretty good Ninh alright

1071

00:47:57,609 --> 00:47:52,839

I agree well again Thomas thanks man for

1072

00:47:59,440 --> 00:47:57,619

coming out and now we have well marine

1073

00:48:03,009 --> 00:47:59,450

or Jason don't we have something coming

1074

00:48:05,979 --> 00:48:03,019

up next what three days with these guys

1075

00:48:08,200 --> 00:48:05,989

some of these skinwalker guys yeah and

1076

00:48:11,950 --> 00:48:08,210

actually some of the Colombians that we

1077

00:48:14,729 --> 00:48:11,960

had people had to ask that we did not

1078

00:48:18,489 --> 00:48:14,739

answer will be answered on Saturday

1079

00:48:20,680 --> 00:48:18,499

we'll have a Jason can give details on

1080

a skinwalker ranch panel with TJ Thomas

1082

00:48:32,950 --> 00:48:29,450

dragon and Jim Morse and we dive into

1083

00:48:34,950 --> 00:48:32,960

some interesting ranch experiences

1084

00:48:38,499 --> 00:48:34,960

topics and dealing with the show so

1085

00:48:41,979 --> 00:48:38,509

Jason where is this panel being held

1086

00:48:44,829 --> 00:48:41,989

this panel is part of a virtual Expo

1087

00:48:46,599 --> 00:48:44,839

called all the strange and you can find

1088

00:48:49,329 --> 00:48:46,609

all the information about that at all

1089

00:48:53,259 --> 00:48:49,339

the strange calm this event takes place

1090

00:48:57,849 --> 00:48:53,269

it's completely free so tomorrow so

1094

00:49:06,519 --> 00:49:04,670

tomorrow yes

1095

00:49:08,589 --> 00:49:06,529

oh right that's right yeah tomorrow but

1096

00:49:12,519 --> 00:49:08,599

time people here yes because their

1097

00:49:15,940 --> 00:49:12,529

podcast magic yes yes the magic of magic

1098

00:49:17,859 --> 00:49:15,950

casting yes so I mean that's uh I guess

1099

00:49:19,509 --> 00:49:17,869

that is it for this episode of the

1100

00:49:21,400 --> 00:49:19,519

skinwalker debriefs now this coming

1103

00:49:25,870 --> 00:49:25,250

the secretive skinwalker ranch on

history

1105

00:49:30,730 --> 00:49:27,920

I think the episode title is revelations

1106

00:49:34,450 --> 00:49:30,740

so you know Thomas says he hasn't seen

1107

00:49:37,750 --> 00:49:34,460
