The

SWINWALKER

Debrief

1  
00:00:38,120 --> 00:00:38,110

[Music]

2  
00:00:40,820 --> 00:00:40,130

hi everyone welcome to skid Walker

3  
00:00:42,410 --> 00:00:40,830

debrief

4  
00:00:44,600 --> 00:00:42,420

I'm your host TJ Allard and I'm one of

5  
00:00:46,520 --> 00:00:44,610

the executive producers of the TV series

6  
00:00:48,440 --> 00:00:46,530

on History Channel called the secret of

7  
00:00:50,270 --> 00:00:48,450

skinwalker ranch and I'm joined each

8  
00:00:52,729 --> 00:00:50,280

week by Jason McClellan and marine

9  
00:00:54,500 --> 00:00:52,739

Ellsbury and together we'll dissect each

10  
00:00:56,900 --> 00:00:54,510

episode of the series to give you more

11  
00:00:59,570 --> 00:00:56,910

insight into the show now since season 1

12  
00:01:00,979 --> 00:00:59,580

is over and there's not relationship

13  
00:01:03,530 --> 00:01:00,989

talk about we'll continue the discussion

14

00:01:06,830 --> 00:01:03,540

of all things related to seeing Walker

15

00:01:09,560 --> 00:01:06,840

ranch and today for the first time on

16

00:01:10,730 --> 00:01:09,570

the podcast we're joined by the owner of

17

00:01:13,010 --> 00:01:10,740

skinwalker ranch

18

00:01:14,780 --> 00:01:13,020

brynne and fugle Brandon thank you so

19

00:01:17,120 --> 00:01:14,790

much for making the time man trisha eyer

20

00:01:18,430 --> 00:01:17,130

it's a pleasure to be with you and thank

21

00:01:22,490 --> 00:01:18,440

you for your support of our

22

00:01:26,870 --> 00:01:22,500

groundbreaking hit series on history a

23

00:01:29,300 --> 00:01:26,880

very exciting year and it has been quite

24

00:01:31,460 --> 00:01:29,310

a journey to this point so it's it's a

25

00:01:32,990 --> 00:01:31,470

privilege to join all of you and look

26  
00:01:35,870 --> 00:01:33,000  
forward to answering any questions you

27  
00:01:39,370 --> 00:01:35,880  
have regarding the series our our

28  
00:01:42,219 --> 00:01:39,380  
ongoing investigation and and really

29  
00:01:45,710 --> 00:01:42,229  
everything that you wish to know

30  
00:01:47,930 --> 00:01:45,720  
Walker ranch great I don't know this is

31  
00:01:50,120 --> 00:01:47,940  
the first time you're you know meeting

32  
00:01:52,550 --> 00:01:50,130  
Jason and Maureen right I don't know if

33  
00:01:56,300 --> 00:01:52,560  
you guys never met before as you're

34  
00:02:00,880 --> 00:01:56,310  
meeting you I've had fun watching your

35  
00:02:06,139 --> 00:02:00,890  
podcasts with or your your debriefs with

36  
00:02:10,520 --> 00:02:06,149  
dragon and Winterton I I saw part of the

37  
00:02:13,610 --> 00:02:10,530  
one with Uncle Jim Morse but it's it

38  
00:02:17,240 --> 00:02:13,620

great to join with you today I am joined

39

00:02:19,490 --> 00:02:17,250

by the original animatronic head from

40

00:02:22,430 --> 00:02:19,500

Terminator 2 this one is the the one

41

00:02:27,559 --> 00:02:22,440

from the opening sequence of t2 that the

42

00:02:30,650 --> 00:02:27,569

famed late prop master special effects

43

00:02:34,970 --> 00:02:30,660

whis wizard Stan Winston actually pretty

44

00:02:39,020 --> 00:02:34,980

much for James Cameron and I yes you may

45

00:02:42,530 --> 00:02:39,030

know I collect movie props and a number

46

00:02:43,520 --> 00:02:42,540

of other things of intro no brainer what

47

00:02:45,679 --> 00:02:43,530

are you working on though are you

48

00:02:46,730 --> 00:02:45,689

looking to be done something these days

49

00:02:48,530 --> 00:02:46,740

I remember

50

00:02:50,750 --> 00:02:48,540

last time I think you were you were

51  
00:02:52,100 --> 00:02:50,760  
looking at no it wasn't the terminator

52  
00:02:54,230 --> 00:02:52,110  
jacket because I think you had already

53  
00:02:56,420 --> 00:02:54,240  
had that but there was another jacket

54  
00:02:58,820 --> 00:02:56,430  
maybe Indiana Jones was it doesn't you

55  
00:03:02,780 --> 00:02:58,830  
were looking at yeah is Indiana Jones

56  
00:03:04,970 --> 00:03:02,790  
and you know I I want I want to somehow

57  
00:03:10,700 --> 00:03:04,980  
track down the kurgan sword from

58  
00:03:14,140 --> 00:03:10,710  
Highlander that's that's what I'm hoping

59  
00:03:16,910 --> 00:03:14,150  
for I mean I've you know I I see online

60  
00:03:19,820 --> 00:03:16,920  
on occasion there there are comments

61  
00:03:22,550 --> 00:03:19,830  
from people who who will take different

62  
00:03:25,730 --> 00:03:22,560  
screen grabs from the show and they see

63  
00:03:27,590 --> 00:03:25,740

in the background of my downtown office

64

00:03:29,840 --> 00:03:27,600

I'm right now broadcasting from my

65

00:03:34,730 --> 00:03:29,850

suburban office but my downtown office

66

00:03:38,060 --> 00:03:34,740

has on the Shelf one of the Hellraiser

67

00:03:40,130 --> 00:03:38,070

puzzle boxes it said the limb the lament

68

00:03:44,780 --> 00:03:40,140

configuration box and it's actually

69

00:03:48,920 --> 00:03:44,790

signed by Doug Bradley the the actor who

70

00:03:52,280 --> 00:03:48,930

played pinhead in that horror series by

71

00:03:53,480 --> 00:03:52,290

Clive Barker but it's you can see it up

72

00:03:56,240 --> 00:03:53,490

on the shelf I don't know if you've seen

73

00:03:59,270 --> 00:03:56,250

online people will comment anything how

74

00:04:02,720 --> 00:03:59,280

many Hellraiser puzzle boxes does fuggle

75

00:04:06,680 --> 00:04:02,730

have and in next to that is the original

76  
00:04:08,840 --> 00:04:06,690  
samurai sword that was wielded by Tom

77  
00:04:10,790 --> 00:04:08,850  
Cruise in The Last Samurai in that last

78  
00:04:14,240 --> 00:04:10,800  
epic battle it's his special-effects

79  
00:04:18,140 --> 00:04:14,250  
katana that sits there along with the

80  
00:04:20,780 --> 00:04:18,150  
original FBI badges for you know agent

81  
00:04:24,350 --> 00:04:20,790  
Fox Mulder and Dana Scully so I love

82  
00:04:27,470 --> 00:04:24,360  
collecting pieces of pop culture history

83  
00:04:31,880 --> 00:04:27,480  
and it's a pleasure being with you

84  
00:04:34,490 --> 00:04:31,890  
today and love joining with with you and

85  
00:04:36,380 --> 00:04:34,500  
your enthusiasm for the new series and

86  
00:04:38,540 --> 00:04:36,390  
what we're doing at a skinwalker ranch I

87  
00:04:40,670 --> 00:04:38,550  
mean just as much as it's about the

88  
00:04:42,260 --> 00:04:40,680

series you know people are interested in

89

00:04:44,480 --> 00:04:42,270

you in particular I mean obviously

90

00:04:46,610 --> 00:04:44,490

because you're opened you know open this

91

00:04:48,050 --> 00:04:46,620

up to everyone and I think one of the

92

00:04:50,150 --> 00:04:48,060

first things I think you and I had

93

00:04:53,090 --> 00:04:50,160

talked about when this was all getting

94

00:04:55,760 --> 00:04:53,100

started was that you know this is giving

95

00:04:57,140 --> 00:04:55,770

other people a chance to experience

96

00:04:59,719 --> 00:04:57,150

something that they they wouldn't and

97

00:05:00,500 --> 00:04:59,729

you see that coming from you know a lot

98

00:05:02,150 --> 00:05:00,510

of the comments you

99

00:05:03,410 --> 00:05:02,160

see online like people are you know

100

00:05:05,000 --> 00:05:03,420

thank you thank you for sharing the

101  
00:05:07,490 --> 00:05:05,010  
journey thank you for you know opening

102  
00:05:08,660 --> 00:05:07,500  
the you know opening this up to us and I

103  
00:05:10,370 --> 00:05:08,670  
think that was something that in the

104  
00:05:12,320 --> 00:05:10,380  
beginning you kind of you know we're

105  
00:05:13,700 --> 00:05:12,330  
we're looking forward to like he wanted

106  
00:05:15,200 --> 00:05:13,710  
to share the journey you didn't just

107  
00:05:17,600 --> 00:05:15,210  
want to keep all the information and

108  
00:05:19,790 --> 00:05:17,610  
hoard it to yourself I mean I think we

109  
00:05:20,780 --> 00:05:19,800  
had these discussions early on and I

110  
00:05:22,160 --> 00:05:20,790  
always thought that was great that you

111  
00:05:23,930 --> 00:05:22,170  
really wanted to share what you were

112  
00:05:26,720 --> 00:05:23,940  
doing as opposed to you know being very

113  
00:05:30,080 --> 00:05:26,730

secretive and no this is mine no this is

114

00:05:32,930 --> 00:05:30,090

everyone's is I think something you I've

115

00:05:36,140 --> 00:05:32,940

always seen my ownership of skinwalker

116

00:05:38,870 --> 00:05:36,150

ranch as a stewardship it's a special

117

00:05:42,680 --> 00:05:38,880

stewardship and you know being able to

118

00:05:46,090 --> 00:05:42,690

inform the public of our investigation

119

00:05:52,040 --> 00:05:46,100

and and really to be able to reveal the

120

00:05:54,290 --> 00:05:52,050

the the absolute truth behind the

121

00:05:55,910 --> 00:05:54,300

phenomena that were that we're recording

122

00:05:59,420 --> 00:05:55,920

that we're observing on the ranch there

123

00:06:02,500 --> 00:05:59,430

is a reality to what we have experienced

124

00:06:05,450 --> 00:06:02,510

on the ranch that we we have really

125

00:06:09,950 --> 00:06:05,460

enjoyed sharing with the public I mean

126

00:06:11,150 --> 00:06:09,960

the ranch you've got a 512 acre piece of

127

00:06:12,890 --> 00:06:11,160

property that is to the most

128

00:06:15,380 --> 00:06:12,900

scientifically studied paranormal

129

00:06:20,060 --> 00:06:15,390

hotspot arguably on the planet and with

130

00:06:21,230 --> 00:06:20,070

that and all the the various events that

131

00:06:23,150 --> 00:06:21,240

happen on that property you have

132

00:06:26,390 --> 00:06:23,160

liability issues you can't just open

133

00:06:28,640 --> 00:06:26,400

something like this up to the public as

134

00:06:30,440 --> 00:06:28,650

much as it is it would be nice I think

135

00:06:31,760 --> 00:06:30,450

it would compromise not only the

136

00:06:35,570 --> 00:06:31,770

scientific integrity of our

137

00:06:39,260 --> 00:06:35,580

investigation but also you know it opens

138

00:06:43,100 --> 00:06:39,270

us up to liability people get hurt we've

139

00:06:45,230 --> 00:06:43,110

had some real unfortunate incident where

140

00:06:47,900 --> 00:06:45,240

a number of our team members have ended

141

00:06:51,950 --> 00:06:47,910

up you know going to the hospital with

142

00:06:54,320 --> 00:06:51,960

injuries that for this day baffle the

143

00:06:56,630 --> 00:06:54,330

attendant completion and the medical

144

00:07:00,560 --> 00:06:56,640

professionals that have advised on on

145

00:07:02,150 --> 00:07:00,570

their cases and and so we we take you

146

00:07:04,340 --> 00:07:02,160

know the the injuries that have been

147

00:07:07,340 --> 00:07:04,350

sustained on the ranch and really the

148

00:07:09,620 --> 00:07:07,350

the nature of what we're observing and

149

00:07:13,010 --> 00:07:09,630

experiencing on the ranch very seriously

150

00:07:14,210 --> 00:07:13,020

you probably saw in the first episode as

151  
00:07:17,060 --> 00:07:14,220  
as we

152  
00:07:18,560 --> 00:07:17,070  
or did dr. Travis Taylor after the

153  
00:07:21,650 --> 00:07:18,570  
wrench in the helicopter

154  
00:07:25,040 --> 00:07:21,660  
my brother Cameron who is who is a

155  
00:07:27,970 --> 00:07:25,050  
full-time pilot and runs our baby

156  
00:07:31,940 --> 00:07:27,980  
interest I mean Cameron offered a prayer

157  
00:07:33,830 --> 00:07:31,950  
or for protection as they were entering

158  
00:07:35,750 --> 00:07:33,840  
the airspace and that was not staged

159  
00:07:37,580 --> 00:07:35,760  
that is something that happens

160  
00:07:40,070 --> 00:07:37,590  
yay did that every time every time I

161  
00:07:42,170 --> 00:07:40,080  
went up when we did that exactly I mean

162  
00:07:45,290 --> 00:07:42,180  
that is your show that's not part of

163  
00:07:48,820 --> 00:07:45,300

some act we we truly enter the ranch

164

00:07:52,040 --> 00:07:48,830

with a degree of humility and reverence

165

00:07:55,040 --> 00:07:52,050

every visit and it's it's because we're

166

00:07:57,200 --> 00:07:55,050

dealing with forces that frankly we

167

00:07:59,900 --> 00:07:57,210

don't understand and that are both

168

00:08:02,240 --> 00:07:59,910

malevolent and benevolent I don't think

169

00:08:05,870 --> 00:08:02,250

that it's all negative I think we're

170

00:08:08,240 --> 00:08:05,880

seeing a whole diversity phenomena out

171

00:08:09,560 --> 00:08:08,250

at the property absolutely and I think

172

00:08:11,120 --> 00:08:09,570

what he had said something about like

173

00:08:12,920 --> 00:08:11,130

you know might as well power up or like

174

00:08:14,000 --> 00:08:12,930

you know armor up or something like that

175

00:08:16,060 --> 00:08:14,010

you know if you're gonna go into

176

00:08:20,240 --> 00:08:16,070

something they hey whatever you can use

177

00:08:23,300 --> 00:08:20,250

yeah take it it's important to armor arm

178

00:08:26,090 --> 00:08:23,310

yourself and to prepare I think you need

179

00:08:27,830 --> 00:08:26,100

to prepare spiritually as well as

180

00:08:30,320 --> 00:08:27,840

physically when you enter a place like

181

00:08:32,959 --> 00:08:30,330

this sure and we definitely don't need

182

00:08:37,520 --> 00:08:32,969

like a Jurassic Park of the paranormal

183

00:08:39,890 --> 00:08:37,530

and no I think too in people who know

184

00:08:42,110 --> 00:08:39,900

and have research the ranch prior

185

00:08:45,110 --> 00:08:42,120

obviously there was a direct shift I

186

00:08:47,690 --> 00:08:45,120

think Jason can allude to this as well

187

00:08:49,310 --> 00:08:47,700

where you know we know George and Jeremy

188

00:08:51,829 --> 00:08:49,320

Korbel George Knapp and Jeremy Korbel

189

00:08:54,500 --> 00:08:51,839

personally as well and when all of a

190

00:08:57,140 --> 00:08:54,510

sudden Jeremy was like hey you know I've

191

00:08:59,030 --> 00:08:57,150

got access to create this documentary on

192

00:09:01,430 --> 00:08:59,040

the ranch and that was a huge shift

193

00:09:03,890 --> 00:09:01,440

because it had been quiet for so long

194

00:09:06,800 --> 00:09:03,900

because after the mid Sara and then

195

00:09:08,990 --> 00:09:06,810

Bigelow you know not being as

196

00:09:12,110 --> 00:09:09,000

forthcoming then all of a sudden we were

197

00:09:14,780 --> 00:09:12,120

being shared information about new stuff

198

00:09:16,730 --> 00:09:14,790

happening and that was obviously super

199

00:09:19,130 --> 00:09:16,740

fascinating for people that research it

200

00:09:21,230 --> 00:09:19,140

so I think that's where - you're getting

201  
00:09:23,660 --> 00:09:21,240  
that level of people saying hey you're

202  
00:09:25,490 --> 00:09:23,670  
being so transparent thank you for

203  
00:09:27,380 --> 00:09:25,500  
sharing the information and we agree on

204  
00:09:31,460 --> 00:09:27,390  
that as well it's

205  
00:09:33,980 --> 00:09:31,470  
it's been like a sort of a peek inside

206  
00:09:36,290 --> 00:09:33,990  
outside of a window into something

207  
00:09:38,870 --> 00:09:36,300  
that's blocked off for a long time no

208  
00:09:41,320 --> 00:09:38,880  
it's it's it's been an honor to share

209  
00:09:44,020 --> 00:09:41,330  
this experience with the public and

210  
00:09:46,880 --> 00:09:44,030  
you're right for decades I mean since

211  
00:09:48,260 --> 00:09:46,890  
1996 this property has been under

212  
00:09:50,840 --> 00:09:48,270  
constant surveillance and has

213  
00:09:53,240 --> 00:09:50,850

essentially been locked down and for a

214

00:09:55,880 --> 00:09:53,250

period of time during the previous

215

00:09:58,430 --> 00:09:55,890

ownership era it was of course part of a

216

00:10:02,230 --> 00:09:58,440

Pentagon funded black budget program

217

00:10:05,660 --> 00:10:02,240

that to this day is is is really

218

00:10:08,450 --> 00:10:05,670

classified in nature and you know we we

219

00:10:13,130 --> 00:10:08,460

have yet to you know uncover at least

220

00:10:14,780 --> 00:10:13,140

the the data from those years but I I

221

00:10:16,700 --> 00:10:14,790

frankly believe that what we're

222

00:10:20,660 --> 00:10:16,710

recording and observing with our team

223

00:10:24,260 --> 00:10:20,670

actually surpasses anything that was

224

00:10:26,480 --> 00:10:24,270

observed asked and if you talk to mr.

225

00:10:30,350 --> 00:10:26,490

Bigelow's you know previous science

226

00:10:32,930 --> 00:10:30,360

advisors and his team they all confirm

227

00:10:33,980 --> 00:10:32,940

the same that what we're observing on

228

00:10:38,810 --> 00:10:33,990

the ranch and what we're actually

229

00:10:41,960 --> 00:10:38,820

recording is now surpassing that which

230

00:10:44,540 --> 00:10:41,970

in large part they had had been able to

231

00:10:46,700 --> 00:10:44,550

really document before I it's it's no

232

00:10:50,060 --> 00:10:46,710

secret that the phenomena at the ranch

233

00:10:53,090 --> 00:10:50,070

is elusive its transient in nature and

234

00:10:55,010 --> 00:10:53,100

that it's unpredictable which which

235

00:10:57,860 --> 00:10:55,020

really creates some frustration from a

236

00:11:00,770 --> 00:10:57,870

scientific perspective to not have the

237

00:11:03,890 --> 00:11:00,780

ability to repeat or to see repeatable

238

00:11:07,610 --> 00:11:03,900

results that are easily characterized or

239

00:11:09,290 --> 00:11:07,620

quantified it's it it presents a bit of

240

00:11:12,800 --> 00:11:09,300

a challenge and we're trying to overcome

241

00:11:16,000 --> 00:11:12,810

those challenges in in trying to to

242

00:11:19,670 --> 00:11:16,010

really employ scientific rigor and

243

00:11:22,850 --> 00:11:19,680

discipline with what we're what we're

244

00:11:23,390 --> 00:11:22,860

conducting I mean in it it seems to be

245

00:11:25,610 --> 00:11:23,400

working

246

00:11:27,860 --> 00:11:25,620

I mean people are definitely taking an

247

00:11:32,480 --> 00:11:27,870

interest in the you know the stuff that

248

00:11:34,100 --> 00:11:32,490

we've seen on television so far it's

249

00:11:37,820 --> 00:11:34,110

really opening people's eyes and kind of

250

00:11:39,740 --> 00:11:37,830

like wow this is not BS like there's

251  
00:11:41,140 --> 00:11:39,750  
actually something going on here so

252  
00:11:43,360 --> 00:11:41,150  
you've taken it out of the realm of a

253  
00:11:44,950 --> 00:11:43,370  
science fiction in in books you know

254  
00:11:46,900 --> 00:11:44,960  
just words on a page and now you're

255  
00:11:49,060 --> 00:11:46,910  
actually seeing it with not just one

256  
00:11:50,710 --> 00:11:49,070  
piece of data but multiple you know

257  
00:11:54,310 --> 00:11:50,720  
multiple pieces of data in multiple

258  
00:11:55,750 --> 00:11:54,320  
angles where there's multiple cameras or

259  
00:11:57,340 --> 00:11:55,760  
cameras and some other measurement

260  
00:11:59,110 --> 00:11:57,350  
device like you're seeing things have

261  
00:12:01,480 --> 00:11:59,120  
never been shown before so this is kind

262  
00:12:04,630 --> 00:12:01,490  
of it is like Maureen said it's a shift

263  
00:12:08,350 --> 00:12:04,640

in a good way very good way yeah being

264

00:12:10,540 --> 00:12:08,360

started yeah I've I've been a bit

265

00:12:13,000 --> 00:12:10,550

baffled by some of the criticism I feel

266

00:12:15,700 --> 00:12:13,010

like in the first 15 minutes of episode

267

00:12:20,770 --> 00:12:15,710

one we revealed more than the totality

268

00:12:24,130 --> 00:12:20,780

of 20 years previous and I it's a little

269

00:12:28,000 --> 00:12:24,140

bit discouraging you know it you know

270

00:12:31,150 --> 00:12:28,010

following kind of our presentation of

271

00:12:33,250 --> 00:12:31,160

not only recent evidence but also a

272

00:12:38,620 --> 00:12:33,260

pretty thorough review of what had come

273

00:12:40,120 --> 00:12:38,630

before and to you know to still not pass

274

00:12:42,460 --> 00:12:40,130

muster with a lot of people and then

275

00:12:45,250 --> 00:12:42,470

yesterday's a little discouraging and we

276

00:12:48,460 --> 00:12:45,260

hope to we hope to continue informing

277

00:12:51,460 --> 00:12:48,470

the public and allowing everyone on the

278

00:12:54,700 --> 00:12:51,470

journey this Jason worrying have a lot

279

00:12:56,590 --> 00:12:54,710

more experience with that than I do and

280

00:12:59,130 --> 00:12:56,600

so you you guys can both speak to this

281

00:13:01,930 --> 00:12:59,140

the idea of you know even though

282

00:13:04,300 --> 00:13:01,940

everything you're seeing it's it's more

283

00:13:05,590 --> 00:13:04,310

than it's been revealed before obviously

284

00:13:07,000 --> 00:13:05,600

there's gonna be criticism but is this

285

00:13:08,920 --> 00:13:07,010

this is kind of a thing that happens

286

00:13:10,450 --> 00:13:08,930

right I mean you're never gonna you know

287

00:13:12,370 --> 00:13:10,460

please everyone in the especially in

288

00:13:16,960 --> 00:13:12,380

this community is that pretty safe to

289

00:13:19,690 --> 00:13:16,970

say yes they're these are people that

290

00:13:22,540 --> 00:13:19,700

are sitting and only watching TV they're

291

00:13:25,420 --> 00:13:22,550

possibly not doing any hard research

292

00:13:27,610 --> 00:13:25,430

they're just you know going on on social

293

00:13:29,290 --> 00:13:27,620

media and interacting with other people

294

00:13:31,660 --> 00:13:29,300

who are watching the show that may not

295

00:13:35,650 --> 00:13:31,670

necessarily have a background so what

296

00:13:37,720 --> 00:13:35,660

they're seeing is seeing things like you

297

00:13:40,300 --> 00:13:37,730

know talking about the the pillar of

298

00:13:42,700 --> 00:13:40,310

light in the sky and then that's not

299

00:13:45,250 --> 00:13:42,710

addressed again on the show so in their

300

00:13:46,930 --> 00:13:45,260

mind you just gave up on that that line

301  
00:13:49,450 --> 00:13:46,940  
of research which is not the case

302  
00:13:51,760 --> 00:13:49,460  
because behind the scenes stuff is going

303  
00:13:54,910 --> 00:13:51,770  
on all the time so there's it's

304  
00:13:56,410 --> 00:13:54,920  
virtually it's not it yeah

305  
00:14:00,700 --> 00:13:56,420  
the television format is very

306  
00:14:02,830 --> 00:14:00,710  
challenging you know there is no perfect

307  
00:14:04,660 --> 00:14:02,840  
medium in my opinion to be able to

308  
00:14:06,910 --> 00:14:04,670  
disseminate this information and to

309  
00:14:08,890 --> 00:14:06,920  
really inform the public it's it's

310  
00:14:10,540 --> 00:14:08,900  
either too much science or they're not

311  
00:14:12,460 --> 00:14:10,550  
entertained enough or they feel like I

312  
00:14:15,190 --> 00:14:12,470  
mean for example you know people are

313  
00:14:17,740 --> 00:14:15,200

people are very critical of the season

314

00:14:19,930 --> 00:14:17,750

finale saying well well that was just a

315

00:14:22,810 --> 00:14:19,940

big recap as episode all you did was

316

00:14:26,920 --> 00:14:22,820

recap I'm like well no [h\_\_\h] Sherlock I

317

00:14:30,220 --> 00:14:26,930

mean of course it was what we felt like

318

00:14:33,880 --> 00:14:30,230

you know in order to properly summarize

319

00:14:35,920 --> 00:14:33,890

the events of the season and and the

320

00:14:39,520 --> 00:14:35,930

events that occurred over a three-month

321

00:14:42,550 --> 00:14:39,530

period we felt like it was it was

322

00:14:44,860 --> 00:14:42,560

appropriate and necessary to be able to

323

00:14:48,010 --> 00:14:44,870

go back and reflect on the experiences

324

00:14:50,590 --> 00:14:48,020

of the team and and really look at the

325

00:14:53,230 --> 00:14:50,600

cumulative evidence and the cumulative

326

00:14:56,320 --> 00:14:53,240

experiences that were had on the

327

00:14:58,030 --> 00:14:56,330

property in order to I think be able to

328

00:15:01,030 --> 00:14:58,040

not only you know chart the course

329

00:15:05,280 --> 00:15:01,040

forward but also properly assess the

330

00:15:07,450 --> 00:15:05,290

data and the problem set so it I

331

00:15:10,240 --> 00:15:07,460

understand I really do understand the

332

00:15:12,250 --> 00:15:10,250

criticism and and I wish that there was

333

00:15:14,950 --> 00:15:12,260

a better way a better format that could

334

00:15:18,730 --> 00:15:14,960

please everyone and you know all we can

335

00:15:22,330 --> 00:15:18,740

do is try our best to improve and and

336

00:15:29,670 --> 00:15:22,340

and you learn from the past and try to

337

00:15:34,120 --> 00:15:32,410

cliffhanger or something super exciting

338

00:15:37,360 --> 00:15:34,130

and then season 2 didn't happen it would

339

00:15:38,860 --> 00:15:37,370

have been awkward well I think you're

340

00:15:41,260 --> 00:15:38,870

right and I think a lot of people don't

341

00:15:43,030 --> 00:15:41,270

realize I mean I had two conditions when

342

00:15:45,510 --> 00:15:43,040

I entered into the deal with the History

343

00:15:48,430 --> 00:15:45,520

Channel in A&E Network number one

344

00:15:51,430 --> 00:15:48,440

everything had to be true nothing could

345

00:15:55,330 --> 00:15:51,440

be fabricated or contrived it had to be

346

00:15:58,120 --> 00:15:55,340

absolute truth or nothing I did not want

347

00:16:00,660 --> 00:15:58,130

to be part of some effort that that that

348

00:16:04,810 --> 00:16:00,670

would ever be questioned as far as its

349

00:16:08,350 --> 00:16:04,820

integrity and number two was I insisted

350

00:16:10,269 --> 00:16:08,360

on using our team the individuals that

351

00:16:13,720 --> 00:16:10,279

I have built relationships of trust with

352

00:16:15,790 --> 00:16:13,730

going back decades and you know the the

353

00:16:19,090 --> 00:16:15,800

actual people who've been working on the

354

00:16:23,019 --> 00:16:19,100

ranch and engaged with me as the primary

355

00:16:24,970 --> 00:16:23,029

core team since April of 2016 and you

356

00:16:26,590 --> 00:16:24,980

know none of these people have been part

357

00:16:28,840 --> 00:16:26,600

of any television effort I mean with the

358

00:16:30,579 --> 00:16:28,850

exception of dr. Taylor who has really

359

00:16:33,009 --> 00:16:30,589

brought in as an outsider to really

360

00:16:34,480 --> 00:16:33,019

challenge the team and to help us push

361

00:16:37,240 --> 00:16:34,490

the investigation forward I mean

362

00:16:40,300 --> 00:16:37,250

everyone profiled has come into this

363

00:16:43,269 --> 00:16:40,310

with no acting experience no television

364

00:16:45,670 --> 00:16:43,279

experience and this was truly a totally

365

00:16:49,389 --> 00:16:45,680

unscripted effort I mean I I didn't even

366

00:16:51,610 --> 00:16:49,399

have notes when it came to my interviews

367

00:16:53,470 --> 00:16:51,620

and the background that I was providing

368

00:16:56,259 --> 00:16:53,480

that was interspersed with the episodes

369

00:16:58,960 --> 00:16:56,269

I was just kind of shooting from the hip

370

00:17:02,199 --> 00:16:58,970

and trying to get my honest opinion and

371

00:17:04,299 --> 00:17:02,209

assessment of what we were facing on the

372

00:17:06,549 --> 00:17:04,309

ranch and the history associated with it

373

00:17:08,880 --> 00:17:06,559

and you know what what what appeared on

374

00:17:13,630 --> 00:17:08,890

television was about as authentic and

375

00:17:17,020 --> 00:17:13,640

Rahma and and transparent as could be

376

00:17:20,860 --> 00:17:17,030

hoped for with of course you know the

377

00:17:24,159 --> 00:17:20,870

the dramatic music and and whatnot they

378

00:17:25,240 --> 00:17:24,169

add for for editing and for us it is

379

00:17:26,439 --> 00:17:25,250

television you have to make it

380

00:17:27,610 --> 00:17:26,449

interesting you know you have to make it

381

00:17:29,799 --> 00:17:27,620

entertaining as well as it's just

382

00:17:32,560 --> 00:17:29,809

interesting I mean it's you know what

383

00:17:34,600 --> 00:17:32,570

the flavor to it yeah I mean TJ that

384

00:17:37,810 --> 00:17:34,610

they did add I mean you have to add

385

00:17:40,030 --> 00:17:37,820

certain thematic cues to help the

386

00:17:44,070 --> 00:17:40,040

audience you know to propel the the

387

00:17:46,240 --> 00:17:44,080

narrative and in in none of that is

388

00:17:49,330 --> 00:17:46,250

inappropriate I mean as far as I mean

389

00:17:52,390 --> 00:17:49,340

the score or the the music that

390

00:17:54,190 --> 00:17:52,400

accompanied the the investigation in the

391

00:17:57,039 --> 00:17:54,200

series I think it was appropriate a

392

00:17:59,289 --> 00:17:57,049

little of a little bit dramatic overly

393

00:18:01,539 --> 00:17:59,299

Connecticut times and I didn't really

394

00:18:05,409 --> 00:18:01,549

control that but I have to give a lot of

395

00:18:08,380 --> 00:18:05,419

credit and in the quads to the the folks

396

00:18:10,840 --> 00:18:08,390

at Prometheus I mean this is this is an

397

00:18:13,330 --> 00:18:10,850

unprecedented effort I mean are you guys

398

00:18:16,750 --> 00:18:13,340

aware of another series like this I mean

399

00:18:19,690 --> 00:18:16,760

eight hours of television regarding a

400

00:18:20,730 --> 00:18:19,700

place like this that was actually part

401  
00:18:22,210 --> 00:18:20,740  
of a bonafide

402  
00:18:27,180 --> 00:18:22,220  
government fund

403  
00:18:30,639 --> 00:18:27,190  
black-budget project it has a history

404  
00:18:32,350 --> 00:18:30,649  
these type of phenomena I mean III I

405  
00:18:36,279 --> 00:18:32,360  
don't think that anything has come

406  
00:18:39,279 --> 00:18:36,289  
before that that even yeah would be

407  
00:18:41,619 --> 00:18:39,289  
comparable and I I'll be surprised if

408  
00:18:43,330 --> 00:18:41,629  
anyone can come up with anything in the

409  
00:18:46,330 --> 00:18:43,340  
future that would actually match what

410  
00:18:49,210 --> 00:18:46,340  
we've been attempting to bring to the

411  
00:18:51,759 --> 00:18:49,220  
public in the warm secrets in Walker

412  
00:18:54,279 --> 00:18:51,769  
Ranch as far as I know there's nothing

413  
00:18:56,619 --> 00:18:54,289

else out there even remotely close to

414

00:18:59,560 --> 00:18:56,629

enough Jason Maureen would you guys know

415

00:19:00,730 --> 00:18:59,570

this like what do you know like is there

416

00:19:03,759 --> 00:19:00,740

something else that you would say that

417

00:19:06,159 --> 00:19:03,769

is comparable or is this kind of uh is

418

00:19:09,009 --> 00:19:06,169

is it is it an unprecedented thing right

419

00:19:12,070 --> 00:19:09,019

now well as we've discussed before I

420

00:19:16,119 --> 00:19:12,080

mean this is a unique situation with

421

00:19:20,139 --> 00:19:16,129

this paranormal hotspot that has this

422

00:19:22,450 --> 00:19:20,149

rich history that has you know for lack

423

00:19:24,940 --> 00:19:22,460

of a better word a fan base you know a

424

00:19:27,310 --> 00:19:24,950

group of people who have been familiar

425

00:19:29,740 --> 00:19:27,320

with the stories of the ranch and and

426

00:19:32,730 --> 00:19:29,750

the lore of the the region for a long

427

00:19:36,460 --> 00:19:32,740

time and as you mentioned from the start

428

00:19:38,799 --> 00:19:36,470

there was closed gates put up there by

429

00:19:41,289 --> 00:19:38,809

you know previous efforts to do

430

00:19:43,539 --> 00:19:41,299

investigations on the ranch and now all

431

00:19:45,249 --> 00:19:43,549

of a sudden we have open gates we we

432

00:19:48,580 --> 00:19:45,259

have that peer through the window and

433

00:19:50,409 --> 00:19:48,590

it's being televised so this doesn't

434

00:19:53,769 --> 00:19:50,419

really happen before certainly in the

435

00:19:55,869 --> 00:19:53,779

genre so it's it's a you know really

436

00:19:57,909 --> 00:19:55,879

appealing for people who have known the

437

00:20:00,519 --> 00:19:57,919

story and for new people learning about

438

00:20:02,230 --> 00:20:00,529

the ranch for the first time and as you

439

00:20:03,999 --> 00:20:02,240

mentioned there's no way that you can

440

00:20:05,440 --> 00:20:04,009

please everybody you're not going to be

441

00:20:07,990 --> 00:20:05,450

able to do that and I don't think you

442

00:20:10,090 --> 00:20:08,000

should really ever try to please

443

00:20:11,529 --> 00:20:10,100

everybody because that's not the focus

444

00:20:13,899 --> 00:20:11,539

here the focus is getting at the truth

445

00:20:15,249 --> 00:20:13,909

and I think that's that's what you're

446

00:20:17,560 --> 00:20:15,259

doing and you mentioned there's no

447

00:20:20,320 --> 00:20:17,570

perfect medium but you know you have

448

00:20:23,409 --> 00:20:20,330

alluded to you and mention before the

449

00:20:26,169 --> 00:20:23,419

the web portal that that you guys are

450

00:20:28,690 --> 00:20:26,179

rolling out would you would you be able

451  
00:20:30,759 --> 00:20:28,700  
to provide more details about that yeah

452  
00:20:32,950 --> 00:20:30,769  
we are in the process in fact I've seen

453  
00:20:35,520 --> 00:20:32,960  
the beta version of that that has been

454  
00:20:37,290 --> 00:20:35,530  
in development and we you know we're

455  
00:20:39,840 --> 00:20:37,300  
actually going to be unveiling a web

456  
00:20:43,440 --> 00:20:39,850  
portal that will actually publish and

457  
00:20:46,730 --> 00:20:43,450  
present more detail relative to the

458  
00:20:49,080 --> 00:20:46,740  
ongoing investigation the historical

459  
00:20:52,500 --> 00:20:49,090  
investigation and background and and I

460  
00:20:55,230 --> 00:20:52,510  
think provide a forum for people to to

461  
00:20:57,510 --> 00:20:55,240  
not only review a deeper level of

462  
00:21:00,720 --> 00:20:57,520  
content but also interact on a

463  
00:21:03,780 --> 00:21:00,730

peer-reviewed basis and be able to

464

00:21:06,480 --> 00:21:03,790

analyze a lot of the the photo images

465

00:21:09,270 --> 00:21:06,490

the video the video that we've captured

466

00:21:11,760 --> 00:21:09,280

of UFO phenomena on the property and and

467

00:21:14,010 --> 00:21:11,770

other anomalies that I think bear

468

00:21:16,440 --> 00:21:14,020

further investigation I I've always

469

00:21:19,170 --> 00:21:16,450

believed that a collaborative effort

470

00:21:23,040 --> 00:21:19,180

that involves a lot of diversity of

471

00:21:25,020 --> 00:21:23,050

talented people more eyes on this will

472

00:21:27,600 --> 00:21:25,030

help us I think better understand the

473

00:21:30,180 --> 00:21:27,610

nature of it and better I think

474

00:21:33,630 --> 00:21:30,190

I think separate the signal from the

475

00:21:36,990 --> 00:21:33,640

noise I used that kind of reference

476

00:21:39,780 --> 00:21:37,000

often when I look at and try to try to

477

00:21:43,620 --> 00:21:39,790

explain what we're doing at skinwalker

478

00:21:46,560 --> 00:21:43,630

ranch and I think you know the the

479

00:21:48,690 --> 00:21:46,570

process of investigation really involves

480

00:21:51,390 --> 00:21:48,700

really separating that signal from the

481

00:21:55,890 --> 00:21:51,400

noise and being able to extract the real

482

00:22:00,210 --> 00:21:55,900

truth the real substantive data and and

483

00:22:06,300 --> 00:22:00,220

and that which frankly rises above the

484

00:22:08,430 --> 00:22:06,310

prosaic or the the more mundane this is

485

00:22:11,280 --> 00:22:08,440

the the one time that I've had to

486

00:22:13,230 --> 00:22:11,290

specify the word portal because I

487

00:22:14,790 --> 00:22:13,240

brought this up I think last episode and

488

00:22:17,280 --> 00:22:14,800

then realized people are gonna think I

489

00:22:20,460 --> 00:22:17,290

need a portal over the ranch so I had to

490

00:22:22,200 --> 00:22:20,470

specify this web portal but I'm and I

491

00:22:24,570 --> 00:22:22,210

know a lot of people yeah a lot of

492

00:22:26,880 --> 00:22:24,580

people are curious about this right

493

00:22:30,450 --> 00:22:26,890

before the the premiere episode of the

494

00:22:33,210 --> 00:22:30,460

show you did a livestream from the ranch

495

00:22:35,450 --> 00:22:33,220

is the portal gonna have things like

496

00:22:38,970 --> 00:22:35,460

that associated with it as well

497

00:22:41,220 --> 00:22:38,980

yes we have the capability to be able to

498

00:22:43,770 --> 00:22:41,230

provide some live stream I mean we're

499

00:22:45,660 --> 00:22:43,780

going to I mean were again we're going

500

00:22:48,300 --> 00:22:45,670

through a learning process right now and

501  
00:22:48,690 --> 00:22:48,310  
you know it's a it's a process not in

502  
00:22:51,629 --> 00:22:48,700  
the

503  
00:22:54,359 --> 00:22:51,639  
hey you know to bring all online at once

504  
00:22:57,299 --> 00:22:54,369  
it's a bit of a task and you know a

505  
00:23:00,149 --> 00:22:57,309  
lot of people don't recognize that the

506  
00:23:04,320 --> 00:23:00,159  
events that happened as depicted on the

507  
00:23:06,919 --> 00:23:04,330  
show and shown where last year I mean

508  
00:23:10,560 --> 00:23:06,929  
you know I was getting calls about the

509  
00:23:13,320 --> 00:23:10,570  
infamous alpaca incident as if literally

510  
00:23:17,430 --> 00:23:13,330  
we were out beginning with that last

511  
00:23:20,099 --> 00:23:17,440  
night and I was like wait sorry we we

512  
00:23:23,789 --> 00:23:20,109  
were dealing with that challenge a year

513  
00:23:25,830 --> 00:23:23,799

ago I mean that was and that was a long

514

00:23:28,169 --> 00:23:25,840

time ago and I think getting all of that

515

00:23:31,529 --> 00:23:28,179

archival material and being able to

516

00:23:34,379 --> 00:23:31,539

present that and post it in a in a

517

00:23:37,769 --> 00:23:34,389

user-friendly way that is need to

518

00:23:39,840 --> 00:23:37,779

navigate will be part of the trick in in

519

00:23:41,849 --> 00:23:39,850

the publishing the right web portal and

520

00:23:45,509 --> 00:23:41,859

I think I think it'll it'll give people

521

00:23:47,430 --> 00:23:45,519

a a deeper understanding of what we've

522

00:23:50,190 --> 00:23:47,440

accomplished with the show with the

523

00:23:53,430 --> 00:23:50,200

investigation as shown on the History

524

00:23:54,599 --> 00:23:53,440

Channel and I think I think you know

525

00:23:56,220 --> 00:23:54,609

being able to share the journey and

526

00:23:58,320 --> 00:23:56,230

especially like this way now that this

527

00:24:00,989 --> 00:23:58,330

show is in production or between seasons

528

00:24:02,759 --> 00:24:00,999

we're gonna say being able to

529

00:24:05,220 --> 00:24:02,769

continuously update people through a

530

00:24:07,229 --> 00:24:05,230

portal or through podcast or through

531

00:24:08,580 --> 00:24:07,239

social media presence I think that

532

00:24:10,320 --> 00:24:08,590

you're gonna continue to keep that

533

00:24:11,580 --> 00:24:10,330

connection in the momentum going and

534

00:24:13,859 --> 00:24:11,590

it's just going to generate more

535

00:24:15,269 --> 00:24:13,869

interest and more interest and the

536

00:24:16,889 --> 00:24:15,279

contributions that people are going to

537

00:24:18,269 --> 00:24:16,899

make and what's a portal goes up and

538

00:24:20,580 --> 00:24:18,279

people can get their hands on the data

539

00:24:22,080 --> 00:24:20,590

it's gonna be pretty amazing you things

540

00:24:25,999 --> 00:24:22,090

are gonna come out of it that wouldn't

541

00:24:30,180 --> 00:24:26,009

even think of yeah and hopes are right

542

00:24:33,509 --> 00:24:30,190

again we're doing this in a

543

00:24:36,299 --> 00:24:33,519

collaborative fashion int in service to

544

00:24:38,460 --> 00:24:36,309

the truth I mean I you know a lot of

545

00:24:40,680 --> 00:24:38,470

people say yeah yeah a lot of people

546

00:24:42,749 --> 00:24:40,690

will ask me you know what is my agenda

547

00:24:45,359 --> 00:24:42,759

what was I trying to accomplish by

548

00:24:48,149 --> 00:24:45,369

acquiring the ranch from mr. Bigelow and

549

00:24:52,379 --> 00:24:48,159

really it was a search for truth it was

550

00:24:54,960 --> 00:24:52,389

it was the potential of having a living

551  
00:24:57,049 --> 00:24:54,970  
laboratory that could that could prove

552  
00:25:01,880 --> 00:24:57,059  
that we're not alone in the universe and

553  
00:25:05,270 --> 00:25:01,890  
to be able to present the results

554  
00:25:08,810 --> 00:25:05,280  
of that investigation and being able to

555  
00:25:11,030 --> 00:25:08,820  
to present that to the general public I

556  
00:25:14,780 --> 00:25:11,040  
think is important again it's part of

557  
00:25:16,670 --> 00:25:14,790  
the stewardship involved with with

558  
00:25:19,040 --> 00:25:16,680  
owning the ranch and I think we all

559  
00:25:22,850 --> 00:25:19,050  
share in that journey we all share in

560  
00:25:24,980 --> 00:25:22,860  
that that that stewardship and I look at

561  
00:25:28,370 --> 00:25:24,990  
my team members as partners and

562  
00:25:30,790 --> 00:25:28,380  
collaborators I mean TJ I see you as a

563  
00:25:34,190 --> 00:25:30,800

partner of course I mean focus of the

564

00:25:37,640 --> 00:25:34,200

court TJ spent a year begging to get an

565

00:25:39,950 --> 00:25:37,650

organ I wouldn't even respond to a text

566

00:25:42,740 --> 00:25:39,960

message let alone agree to a meeting

567

00:25:45,170 --> 00:25:42,750

because I had no interest in really

568

00:25:48,580 --> 00:25:45,180

engaging in this fashion and and really

569

00:25:51,380 --> 00:25:48,590

opening up you know

570

00:25:53,540 --> 00:25:51,390

therefore for a televised effort I I

571

00:25:55,160 --> 00:25:53,550

wasn't quite sure what would be

572

00:25:57,200 --> 00:25:55,170

appropriate and I felt like it was

573

00:26:01,370 --> 00:25:57,210

important that we continue to focus on

574

00:26:03,440 --> 00:26:01,380

more observational science but but you

575

00:26:08,240 --> 00:26:03,450

know I was eventually convinced that

576

00:26:10,970 --> 00:26:08,250

this that this could prove quite quite

577

00:26:13,430 --> 00:26:10,980

useful and in what people have to

578

00:26:15,890 --> 00:26:13,440

understand is you stuck to your initial

579

00:26:18,530 --> 00:26:15,900

idea of the way you wanted to do it it

580

00:26:19,850 --> 00:26:18,540

was you were going to bend or change

581

00:26:21,470 --> 00:26:19,860

anything that you were doing for

582

00:26:23,810 --> 00:26:21,480

television this was happening with or

583

00:26:24,980 --> 00:26:23,820

without a TV crew and that's you know

584

00:26:27,500 --> 00:26:24,990

I've tried to make it really clear to

585

00:26:30,110 --> 00:26:27,510

people and this why this was a plug in

586

00:26:32,360 --> 00:26:30,120

play event so they were doing it

587

00:26:34,370 --> 00:26:32,370

regardless if television was happening

588

00:26:36,320 --> 00:26:34,380

Brandon had this plan already in motion

589

00:26:37,580 --> 00:26:36,330

and it was like oh you know the

590

00:26:38,750 --> 00:26:37,590

network's like wait I can just come in

591

00:26:41,120 --> 00:26:38,760

plug cameras in and this is just

592

00:26:44,660 --> 00:26:41,130

happening yeah well yeah what's

593

00:26:47,030 --> 00:26:44,670

happening the ranch doesn't exist

594

00:26:50,480 --> 00:26:47,040

because of the Dane television program I

595

00:26:52,070 --> 00:26:50,490

mean that the second that the that the

596

00:26:54,770 --> 00:26:52,080

cameras stopped rolling the

597

00:26:57,530 --> 00:26:54,780

investigation just continued and and has

598

00:27:00,350 --> 00:26:57,540

continued unabated ever since I don't

599

00:27:02,660 --> 00:27:00,360

think I don't think people realized that

600

00:27:04,850 --> 00:27:02,670

I mean even this past week were were

601  
00:27:08,720 --> 00:27:04,860  
recording strange phenomena we've had

602  
00:27:12,470 --> 00:27:08,730  
all sorts of experiences you know on the

603  
00:27:14,060 --> 00:27:12,480  
ranch that continue to not only I think

604  
00:27:18,380 --> 00:27:14,070  
teach up

605  
00:27:21,520 --> 00:27:18,390  
what is that work but also I think open

606  
00:27:24,380 --> 00:27:21,530  
up new doors of understanding and also

607  
00:27:26,180 --> 00:27:24,390  
new avenues that we can explore in the

608  
00:27:31,550 --> 00:27:26,190  
future that will hopefully end up being

609  
00:27:34,250 --> 00:27:31,560  
recorded and and ultimately presented to

610  
00:27:37,130 --> 00:27:34,260  
the audience well speaking of the

611  
00:27:39,800 --> 00:27:37,140  
audience so I have to say this this week

612  
00:27:42,920 --> 00:27:39,810  
has been nuts online we have gotten more

613  
00:27:44,720 --> 00:27:42,930

questions for you I mean you know I I'm

614

00:27:47,990 --> 00:27:44,730

gonna hurt dragons feelings Ragan he

615

00:27:49,780 --> 00:27:48,000

just buried you man the requests or

616

00:27:52,820 --> 00:27:49,790

questions for Brandon were just crazy

617

00:27:54,860 --> 00:27:52,830

and I think it's well it's the first

618

00:27:56,480 --> 00:27:54,870

time you know you're on but it's like I

619

00:27:59,120 --> 00:27:56,490

had a little book the two of you like

620

00:28:00,980 --> 00:27:59,130

Jason marine I mean I've just seen a

621

00:28:03,230 --> 00:28:00,990

response that seems to be announced he

622

00:28:07,970 --> 00:28:03,240

was coming on it was it was you know

623

00:28:10,100 --> 00:28:07,980

bananas I know you guys great great

624

00:28:12,140 --> 00:28:10,110

response this week and I mean since

625

00:28:14,510 --> 00:28:12,150

since we started this show people have

626

00:28:17,210 --> 00:28:14,520

been asking us to have a conversation

627

00:28:18,650 --> 00:28:17,220

with Brandon for sure I mean people who

628

00:28:21,140 --> 00:28:18,660

are interested in the ranch want to hear

629

00:28:24,830 --> 00:28:21,150

from the person who is behind the ranch

630

00:28:28,850 --> 00:28:24,840

so it it's understandable well bring it

631

00:28:30,980 --> 00:28:28,860

on yes it's emotions ask me anything I

632

00:28:33,620 --> 00:28:30,990

have nothing to hide and I'm anxious to

633

00:28:36,770 --> 00:28:33,630

tan store any question and shed further

634

00:28:38,060 --> 00:28:36,780

light on what what we're doing very cool

635

00:28:40,040 --> 00:28:38,070

so we usually you know we'll get some

636

00:28:43,250 --> 00:28:40,050

through email something Facebook and

637

00:28:45,380 --> 00:28:43,260

some through Twitter and typically um

638

00:28:48,290 --> 00:28:45,390

Marino's take start off with the email

639

00:28:50,210 --> 00:28:48,300

ones so kind of been going so Lauren uh

640

00:28:54,280 --> 00:28:50,220

why don't you start with those and we'll

641

00:28:56,840 --> 00:28:54,290

just move from there so we have Janine

642

00:28:59,090 --> 00:28:56,850

on email asked is there any research

643

00:29:01,460 --> 00:28:59,100

being done with the county or the town

644

00:29:03,710 --> 00:29:01,470

records regarding permit of what could

645

00:29:06,110 --> 00:29:03,720

possibly be buried on the land or

646

00:29:08,420 --> 00:29:06,120

interviews done with prior owners of the

647

00:29:10,790 --> 00:29:08,430

land before the schurmans to see if they

648

00:29:12,560 --> 00:29:10,800

could shed any light on if there is

649

00:29:14,720 --> 00:29:12,570

something buried on the property since

650

00:29:18,050 --> 00:29:14,730

there was stipulation there could be no

651  
00:29:20,270 --> 00:29:18,060  
digging on the property or even use deep

652  
00:29:23,360 --> 00:29:20,280  
penetrating metal detectors to determine

653  
00:29:25,640 --> 00:29:23,370  
or ground-penetrating radar I think

654  
00:29:27,850 --> 00:29:25,650  
would be the option to determine if the

655  
00:29:33,490 --> 00:29:27,860  
thing in the ground is metal

656  
00:29:35,799 --> 00:29:33,500  
uh okay there's a lot there yeah so one

657  
00:29:38,560 --> 00:29:35,809  
of the one of my highest priorities the

658  
00:29:40,960 --> 00:29:38,570  
week that I closed on the property was

659  
00:29:44,440 --> 00:29:40,970  
really to start documenting the history

660  
00:29:47,410 --> 00:29:44,450  
of the property and go back to all of

661  
00:29:49,870 --> 00:29:47,420  
the decades predating the sale of the

662  
00:29:53,049 --> 00:29:49,880  
property to the Sherman's and ultimately

663  
00:29:56,470 --> 00:29:53,059

to mr. Bigelow I wanted to understand

664

00:29:58,960 --> 00:29:56,480

the historical context and and and

665

00:30:04,299 --> 00:29:58,970

really get to the bottom of whether the

666

00:30:06,700 --> 00:30:04,309

the the reports started with Sherman or

667

00:30:09,700 --> 00:30:06,710

whether there were strange events that

668

00:30:12,450 --> 00:30:09,710

preceded their occupation on the

669

00:30:15,909 --> 00:30:12,460

property and so one of the things that I

670

00:30:17,289 --> 00:30:15,919

trusted Jim Morse with was really

671

00:30:19,780 --> 00:30:17,299

reaching out to the community and

672

00:30:21,490 --> 00:30:19,790

meeting with all of the neighbors the

673

00:30:25,030 --> 00:30:21,500

owners of the neighboring properties and

674

00:30:28,299 --> 00:30:25,040

seeking out those whose families

675

00:30:31,570 --> 00:30:28,309

actually resided on the ranch as the

676  
00:30:33,760 --> 00:30:31,580  
original homesteaders I wanted to really

677  
00:30:35,490 --> 00:30:33,770  
get to the bottom of whether they had

678  
00:30:37,630 --> 00:30:35,500  
experienced anything historically

679  
00:30:41,020 --> 00:30:37,640  
regarding the property and what their

680  
00:30:44,020 --> 00:30:41,030  
feelings were and experiences what kind

681  
00:30:46,570 --> 00:30:44,030  
of historical records are available that

682  
00:30:51,700 --> 00:30:46,580  
that would help shed some light on this

683  
00:30:54,220 --> 00:30:51,710  
very unique piece of property and and so

684  
00:30:56,350 --> 00:30:54,230  
you know with that you know we have

685  
00:30:58,720 --> 00:30:56,360  
pulled together an incredible historic

686  
00:31:01,930 --> 00:30:58,730  
record I mean we we've gone all the way

687  
00:31:04,930 --> 00:31:01,940  
back to for example the 1930s as far as

688  
00:31:08,580 --> 00:31:04,940

verifying reports involving strange

689

00:31:11,890 --> 00:31:08,590

cattle mutilations for example that that

690

00:31:15,100 --> 00:31:11,900

that were actually recorded by the Locke

691

00:31:19,720 --> 00:31:15,110

family who actually resided in Homestead

692

00:31:22,900 --> 00:31:19,730

3 you know their heirs have have

693

00:31:25,150 --> 00:31:22,910

actually met with us and reported on the

694

00:31:27,820 --> 00:31:25,160

family history and have been willing to

695

00:31:29,860 --> 00:31:27,830

go on record regarding not only the

696

00:31:32,620 --> 00:31:29,870

cattle mutilation phenomenon going back

697

00:31:34,919 --> 00:31:32,630

to the 30s for whatever reason on this

698

00:31:39,010 --> 00:31:34,929

property but also other high strangeness

699

00:31:41,260 --> 00:31:39,020

we've we've we have others that that

700

00:31:43,750 --> 00:31:41,270

have you know firsthand

701  
00:31:48,360 --> 00:31:43,760  
you know the decades following even the

702  
00:31:53,080 --> 00:31:48,370  
1980s I with a very very credible

703  
00:31:56,130 --> 00:31:53,090  
respected gentleman who who actually had

704  
00:32:01,180 --> 00:31:56,140  
an experience on the property in 1982

705  
00:32:04,180 --> 00:32:01,190  
that that he and his best friend had and

706  
00:32:06,310 --> 00:32:04,190  
that to this day you know is shaking

707  
00:32:08,020 --> 00:32:06,320  
them and the fact that they do not want

708  
00:32:09,520 --> 00:32:08,030  
to go public with their identities

709  
00:32:11,050 --> 00:32:09,530  
they're willing to go on record and

710  
00:32:13,720 --> 00:32:11,060  
they're willing to sign affidavits or

711  
00:32:15,730 --> 00:32:13,730  
whatever relative to the reality of what

712  
00:32:18,400 --> 00:32:15,740  
they experienced on the property but so

713  
00:32:21,550 --> 00:32:18,410

many people are hesitant to come forward

714

00:32:23,320 --> 00:32:21,560

simply because they've seen what has

715

00:32:25,780 --> 00:32:23,330

happened with the Sherman family and the

716

00:32:28,900 --> 00:32:25,790

notoriety and in potential harassment

717

00:32:32,350 --> 00:32:28,910

that people have experienced that have a

718

00:32:33,910 --> 00:32:32,360

have a past or a tie historically to the

719

00:32:36,010 --> 00:32:33,920

property and a lot of people just want

720

00:32:38,470 --> 00:32:36,020

to be left alone they don't want the

721

00:32:40,930 --> 00:32:38,480

controversy and frankly they don't want

722

00:32:43,540 --> 00:32:40,940

their name their names associated with

723

00:32:46,300 --> 00:32:43,550

these topics as much as they're willing

724

00:32:48,910 --> 00:32:46,310

to go on record to say look privately

725

00:32:51,580 --> 00:32:48,920

confidentially you know these things are

726

00:32:53,800 --> 00:32:51,590

real you know we've experienced these

727

00:32:56,410 --> 00:32:53,810

things on the property you know a lot of

728

00:32:58,930 --> 00:32:56,420

people do not want the the fame or the

729

00:33:00,700 --> 00:32:58,940

attention the notoriety that would come

730

00:33:04,060 --> 00:33:00,710

from that and we respect that

731

00:33:06,190 --> 00:33:04,070

confidentiality we respect that you know

732

00:33:07,870 --> 00:33:06,200

that request which has been made by a

733

00:33:12,130 --> 00:33:07,880

number of people and then you have jr

734

00:33:14,800 --> 00:33:12,140

hicks joseph jr yet who who passed away

735

00:33:18,160 --> 00:33:14,810

this week you know right before i mean

736

00:33:20,980 --> 00:33:18,170

two weeks before his 93rd birthday you

737

00:33:23,080 --> 00:33:20,990

know jr. Hicks's is recognized by

738

00:33:25,840 --> 00:33:23,090

everyone as really the resident

739

00:33:28,780 --> 00:33:25,850

historian of the Uintah Basin who has

740

00:33:31,990 --> 00:33:28,790

spent you know over seventy years of his

741

00:33:33,820 --> 00:33:32,000

life documenting strange phenomena you

742

00:33:37,690 --> 00:33:33,830

know not only UFO sightings in the

743

00:33:40,750 --> 00:33:37,700

basement but also other activity and you

744

00:33:42,760 --> 00:33:40,760

know hid his work obviously you know

745

00:33:46,030 --> 00:33:42,770

became a part of a book called the you

746

00:33:48,370 --> 00:33:46,040

owe the Utah UFO display that was

747

00:33:51,700 --> 00:33:48,380

actually penned by dr. Frank salisbirk

748

00:33:53,860 --> 00:33:51,710

who's also passed on but you know you

749

00:33:57,700 --> 00:33:53,870

look at jr. Hicks

750

00:33:59,560 --> 00:33:57,710

and you know his his history and his

751  
00:34:03,280 --> 00:33:59,570  
background relative the property I mean

752  
00:34:06,220 --> 00:34:03,290  
we have hours of interview footage with

753  
00:34:07,990 --> 00:34:06,230  
junior Hicks I mean TJ at the

754  
00:34:10,990 --> 00:34:08,000  
opportunity to be there for a lot of

755  
00:34:15,700 --> 00:34:11,000  
that and to have that historical record

756  
00:34:18,190 --> 00:34:15,710  
and his his remembered property it it's

757  
00:34:20,770 --> 00:34:18,200  
really a very special part of the

758  
00:34:23,010 --> 00:34:20,780  
historical record right and I want to

759  
00:34:26,379 --> 00:34:23,020  
clarify with everyone there are numerous

760  
00:34:31,950 --> 00:34:26,389  
first-hand accounts that predates the

761  
00:34:35,530 --> 00:34:31,960  
Sherman's that verify and validate that

762  
00:34:37,840 --> 00:34:35,540  
the UFO phenomena related to the ranch

763  
00:34:40,360 --> 00:34:37,850

and the surrounding properties along

764

00:34:43,060 --> 00:34:40,370

with the other high strangeness is not

765

00:34:46,000 --> 00:34:43,070

something new and is not something that

766

00:34:49,169 --> 00:34:46,010

was fabricated or brought on by Sherman

767

00:34:52,720 --> 00:34:49,179

or the Bigelow it knew that they

768

00:34:55,930 --> 00:34:52,730

inherited it's something that they they

769

00:34:58,270 --> 00:34:55,940

ended up grappling with and I I have

770

00:35:01,060 --> 00:34:58,280

great respect for the previous ownership

771

00:35:02,830 --> 00:35:01,070

of the property and and what they had to

772

00:35:06,490 --> 00:35:02,840

contend with because it's something that

773

00:35:09,700 --> 00:35:06,500

my team has had to deal with I mean it

774

00:35:12,030 --> 00:35:09,710

not just injuries you know that people

775

00:35:13,990 --> 00:35:12,040

to the hospital but also you know

776

00:35:19,300 --> 00:35:14,000

equipment malfunctions

777

00:35:21,580 --> 00:35:19,310

mean people often people often ask

778

00:35:23,320 --> 00:35:21,590

online on Twitter they say well how are

779

00:35:25,690 --> 00:35:23,330

you able to record the television show

780

00:35:28,840 --> 00:35:25,700

if this confident battery drainage and

781

00:35:30,790 --> 00:35:28,850

the equipment malfunctions how are you

782

00:35:33,310 --> 00:35:30,800

able to get all of those beautiful drone

783

00:35:34,810 --> 00:35:33,320

you know shots and and be able to

784

00:35:37,470 --> 00:35:34,820

actually document this and that the

785

00:35:40,600 --> 00:35:37,480

truth is you know we lost footage

786

00:35:43,090 --> 00:35:40,610

constantly while trying to document what

787

00:35:46,360 --> 00:35:43,100

was happening with the team equipment

788

00:35:49,060 --> 00:35:46,370

malfunction camera failures even just

789

00:35:51,960 --> 00:35:49,070

missing missing footage altogether that

790

00:35:55,480 --> 00:35:51,970

was deleted from the the hard drives

791

00:35:59,350 --> 00:35:55,490

associated with the the show it just

792

00:36:01,750 --> 00:35:59,360

become it became a just a common theme

793

00:36:04,210 --> 00:36:01,760

at first I think it caught everyone off

794

00:36:06,220 --> 00:36:04,220

guard I mean all of the the production

795

00:36:07,660 --> 00:36:06,230

people who came in from California

796

00:36:10,270 --> 00:36:07,670

primarily I

797

00:36:12,039 --> 00:36:10,280

you know most of them would would what I

798

00:36:13,210 --> 00:36:12,049

think verified that they were skeptics

799

00:36:15,849 --> 00:36:13,220

they didn't believe that there was

800

00:36:17,200 --> 00:36:15,859

really any validity to to what was being

801  
00:36:21,039 --> 00:36:17,210  
claimed and they were out there to do a

802  
00:36:23,260 --> 00:36:21,049  
job and to follow the team and to to

803  
00:36:25,990 --> 00:36:23,270  
create you know to create a television

804  
00:36:28,990 --> 00:36:26,000  
program and I think I would be surprised

805  
00:36:31,450 --> 00:36:29,000  
if there's anyone who served on that

806  
00:36:36,069 --> 00:36:31,460  
property who are part of the production

807  
00:36:38,140 --> 00:36:36,079  
team that left aged epic the left saying

808  
00:36:41,500 --> 00:36:38,150  
that there was nothing going on I think

809  
00:36:44,289 --> 00:36:41,510  
everyone universally experienced strange

810  
00:36:47,170 --> 00:36:44,299  
phenomena and and had things that really

811  
00:36:49,510 --> 00:36:47,180  
shook what the you know their view of

812  
00:36:51,760 --> 00:36:49,520  
reality or their view of the world and I

813  
00:36:54,849 --> 00:36:51,770

think you know changing everyone's

814

00:36:58,079 --> 00:36:54,859

worldview to a degree is is is part and

815

00:37:00,849 --> 00:36:58,089

parcel of a ranch experience if you will

816

00:37:03,039 --> 00:37:00,859

yeah I know a lot of your team has

817

00:37:05,470 --> 00:37:03,049

shared that with us over previous

818

00:37:07,359 --> 00:37:05,480

episodes that their views on life have

819

00:37:10,599 --> 00:37:07,369

drastically changed since being on the

820

00:37:12,250 --> 00:37:10,609

ranch and and you know we had Jim Morse

821

00:37:14,230 --> 00:37:12,260

kind of covered a little bit about this

822

00:37:17,380 --> 00:37:14,240

on one of our interviews that

823

00:37:22,120 --> 00:37:17,390

whitefeather is asking with knowing the

824

00:37:23,920 --> 00:37:22,130

history between the original battle of

825

00:37:27,430 --> 00:37:23,930

the curse sort of the two tribes of the

826

00:37:29,559 --> 00:37:27,440

youths and the Navajo whether anyone has

827

00:37:31,349 --> 00:37:29,569

gotten the Chiefs together for a healing

828

00:37:34,539 --> 00:37:31,359

circle on the ranch

829

00:37:36,490 --> 00:37:34,549

that's a good question we we haven't

830

00:37:39,190 --> 00:37:36,500

been able to pull together the Chiefs

831

00:37:41,620 --> 00:37:39,200

but we have brought a number of Native

832

00:37:42,370 --> 00:37:41,630

American spiritual advisors to the

833

00:37:46,720 --> 00:37:42,380

property

834

00:37:49,270 --> 00:37:46,730

I mean recognized shaman or spiritual

835

00:37:51,039 --> 00:37:49,280

advisors that that are both that are

836

00:37:53,829 --> 00:37:51,049

both with the you tribe and the Navajo

837

00:37:57,849 --> 00:37:53,839

tribe that have actually spent time with

838

00:38:01,329 --> 00:37:57,859

the team that have counseled with with

839

00:38:04,210 --> 00:38:01,339

the team with Jim and Dragan and Thomas

840

00:38:04,990 --> 00:38:04,220

Winterton and you know dr. Taylor and

841

00:38:07,749 --> 00:38:05,000

Jim Cigala

842

00:38:12,279 --> 00:38:07,759

and I think

843

00:38:16,029 --> 00:38:12,289

I think showing a reverence for what

844

00:38:19,089 --> 00:38:16,039

they actually perceived to be happening

845

00:38:21,849 --> 00:38:19,099

on the property and in the surrounding

846

00:38:23,620 --> 00:38:21,859

area is an important part of I think our

847

00:38:24,969 --> 00:38:23,630

ownership and our stewardship of the

848

00:38:29,199 --> 00:38:24,979

property I mean we're dealing with

849

00:38:33,819 --> 00:38:29,209

forces that that are that are truly

850

00:38:38,620 --> 00:38:33,829

unknown and elusive and and I think you

851  
00:38:41,319 --> 00:38:38,630  
know counseling with people that come at

852  
00:38:42,969 --> 00:38:41,329  
this problem set that approached the

853  
00:38:44,709 --> 00:38:42,979  
ranch from a different perspective I

854  
00:38:46,839 --> 00:38:44,719  
think there's a there's a spiritual

855  
00:38:48,969 --> 00:38:46,849  
aspect of the property there's there's

856  
00:38:50,919 --> 00:38:48,979  
the consciousness studies there are

857  
00:38:53,679 --> 00:38:50,929  
consciousness studies associated with

858  
00:38:55,269 --> 00:38:53,689  
the property that the people wish to it

859  
00:39:00,669 --> 00:38:55,279  
to explore and I think all of that has

860  
00:39:03,219 --> 00:39:00,679  
some validity absolutely all right well

861  
00:39:04,989 --> 00:39:03,229  
you've also and I appreciate that as

862  
00:39:06,549 --> 00:39:04,999  
well because I think it's an important

863  
00:39:10,289 --> 00:39:06,559

part of the ranches history like you

864

00:39:12,969 --> 00:39:10,299

said one more question from email and

865

00:39:16,089 --> 00:39:12,979

you know you've mentioned that a lot of

866

00:39:17,649 --> 00:39:16,099

people want to stay sort of in the dark

867

00:39:19,659 --> 00:39:17,659

and not have their identities revealed

868

00:39:21,579 --> 00:39:19,669

and and you know for a while you were

869

00:39:24,549 --> 00:39:21,589

doing the same thing where where you

870

00:39:27,309 --> 00:39:24,559

didn't want your name out there so we

871

00:39:29,889 --> 00:39:27,319

have Ryan asks now that you know you've

872

00:39:31,569 --> 00:39:29,899

come out and revealed yourself as the

873

00:39:34,089 --> 00:39:31,579

owner how do your family and friends

874

00:39:38,139 --> 00:39:34,099

support or reject your life's choices

875

00:39:41,139 --> 00:39:38,149

to pursue this ongoing mystery no good

876

00:39:45,519 --> 00:39:41,149

question I I think you know for the most

877

00:39:48,009 --> 00:39:45,529

part it has been supportive I think it

878

00:39:50,589 --> 00:39:48,019

remains to be seen I was very concerned

879

00:39:53,159 --> 00:39:50,599

I mean I went almost four years with not

880

00:39:56,799 --> 00:39:53,169

revealing my identity I wanted to keep

881

00:40:00,659 --> 00:39:56,809

you know my my identity is the owner of

882

00:40:04,120 --> 00:40:00,669

the property private and confidential

883

00:40:07,329 --> 00:40:04,130

indefinitely to be honest I didn't have

884

00:40:09,159 --> 00:40:07,339

any intention when I started the

885

00:40:13,449 --> 00:40:09,169

discussion with the History Channel and

886

00:40:15,819 --> 00:40:13,459

the producers you know I really I really

887

00:40:18,819 --> 00:40:15,829

wanted to stay out of the limelight and

888

00:40:20,469 --> 00:40:18,829

and frankly felt like the team should be

889

00:40:21,060 --> 00:40:20,479

front and center and that it wasn't

890

00:40:24,960 --> 00:40:21,070

really net

891

00:40:28,290 --> 00:40:24,970

Cerie for me to to really to go public I

892

00:40:31,170 --> 00:40:28,300

also didn't want my involvement with the

893

00:40:34,860 --> 00:40:31,180

ranch to compromise my professional

894

00:40:37,860 --> 00:40:34,870

activities I I you know I I have a

895

00:40:40,250 --> 00:40:37,870

responsibility to my clients to the

896

00:40:43,410 --> 00:40:40,260

communities that I serve and to my firm

897

00:40:49,080 --> 00:40:43,420

to really focus my energies and my

898

00:40:51,030 --> 00:40:49,090

efforts on on those those projects and I

899

00:40:54,200 --> 00:40:51,040

take that responsibility very seriously

900

00:40:58,160 --> 00:40:54,210

and I didn't want my interest and

901  
00:41:02,190 --> 00:40:58,170  
ownership of this property to in any way

902  
00:41:05,700 --> 00:41:02,200  
distract or compromise those efforts and

903  
00:41:07,320 --> 00:41:05,710  
I'm you know so far so good I mean a lot

904  
00:41:08,850 --> 00:41:07,330  
of people I think would be surprised to

905  
00:41:12,060 --> 00:41:08,860  
know that the the ranch really only

906  
00:41:14,430 --> 00:41:12,070  
comprises maybe five percent of my focus

907  
00:41:17,220 --> 00:41:14,440  
or my attention ninety-five percent of

908  
00:41:19,710 --> 00:41:17,230  
my attention remains really focused on

909  
00:41:22,080 --> 00:41:19,720  
my commercial real estate enterprise and

910  
00:41:24,510 --> 00:41:22,090  
other business interests it's not that

911  
00:41:25,770 --> 00:41:24,520  
the ranch isn't important it's just you

912  
00:41:28,470 --> 00:41:25,780  
know I have other commitments and

913  
00:41:33,380 --> 00:41:28,480

priorities that that frankly take

914

00:41:36,470 --> 00:41:33,390

precedent and are our higher most days

915

00:41:39,060 --> 00:41:36,480

right that's it for email questions

916

00:41:41,160 --> 00:41:39,070

Jason yeah for sure so this first

917

00:41:44,310 --> 00:41:41,170

question from Twitter comes from Brian

918

00:41:46,320 --> 00:41:44,320

and this relates to a story that you

919

00:41:48,060 --> 00:41:46,330

shared a couple different times and it

920

00:41:50,520 --> 00:41:48,070

was covered on the the TV show as well

921

00:41:53,040 --> 00:41:50,530

and it relates to George so the question

922

00:41:55,080 --> 00:41:53,050

is does George have any residual effects

923

00:41:59,160 --> 00:41:55,090

from his being unable to move for 10

924

00:42:01,230 --> 00:41:59,170

minutes that day huh he did following

925

00:42:05,100 --> 00:42:01,240

his visit the the day following his

926

00:42:08,100 --> 00:42:05,110

visit to the ranch he was he was in the

927

00:42:11,970 --> 00:42:08,110

hospital and very ill or at least three

928

00:42:13,590 --> 00:42:11,980

weeks and and and it was a mysterious

929

00:42:16,770 --> 00:42:13,600

illness it wasn't something that they

930

00:42:20,280 --> 00:42:16,780

were able to actually diagnose it wasn't

931

00:42:26,180 --> 00:42:20,290

the flu but it actually put him flat on

932

00:42:29,610 --> 00:42:26,190

his back and and and really rendered him

933

00:42:31,680 --> 00:42:29,620

really a you know very very ill

934

00:42:33,330 --> 00:42:31,690

bedridden for a period of weeks

935

00:42:35,400 --> 00:42:33,340

following his

936

00:42:38,820 --> 00:42:35,410

his business to the ranch she was there

937

00:42:41,220 --> 00:42:38,830

as security as as really the security

938

00:42:44,160 --> 00:42:41,230

detail accompanying a guest or a

939

00:42:48,420 --> 00:42:44,170

dignitary that we allowed access to the

940

00:42:51,990 --> 00:42:48,430

property at that time and yeah I haven't

941

00:42:54,510 --> 00:42:52,000

spoken or communicated with George for a

942

00:42:55,890 --> 00:42:54,520

couple of years since that incident

943

00:42:59,670 --> 00:42:55,900

since their visit

944

00:43:02,340 --> 00:42:59,680

we really haven't kept in touch but it

945

00:43:04,230 --> 00:43:02,350

was very real and it had a real impact

946

00:43:06,030 --> 00:43:04,240

it was funny I think it's important to

947

00:43:10,950 --> 00:43:06,040

note and this is something that hasn't

948

00:43:17,300 --> 00:43:10,960

come out in the past you know George and

949

00:43:20,280 --> 00:43:17,310

others that visited that day were fitted

950

00:43:23,280 --> 00:43:20,290

they did not come expecting to see

951  
00:43:26,160 --> 00:43:23,290  
anything unusual in fact I remember

952  
00:43:27,810 --> 00:43:26,170  
asking them the morning of their visit I

953  
00:43:30,330 --> 00:43:27,820  
said did you know so what do you think

954  
00:43:32,370 --> 00:43:30,340  
of the UFO phenomena do you believe in

955  
00:43:34,410 --> 00:43:32,380  
any of this stuff and you know several

956  
00:43:38,580 --> 00:43:34,420  
of them said absolutely not we're just

957  
00:43:40,350 --> 00:43:38,590  
here out of respect to to this gentleman

958  
00:43:42,390 --> 00:43:40,360  
that we're accompanying and you know we

959  
00:43:44,370 --> 00:43:42,400  
look forward to being safe and and

960  
00:43:45,990 --> 00:43:44,380  
having a productive day and it was funny

961  
00:43:48,180 --> 00:43:46,000  
at that time I had never had an

962  
00:43:50,910 --> 00:43:48,190  
experience you know I had never seen a

963  
00:43:53,220 --> 00:43:50,920

UFO or a ghost or anything of a

964

00:43:55,860 --> 00:43:53,230

supernatural or paranormal nature and I

965

00:43:57,750 --> 00:43:55,870

I chuckled and shared their skepticism I

966

00:44:00,810 --> 00:43:57,760

said well I I've never seen with my own

967

00:44:02,910 --> 00:44:00,820

eyes anything that would that would you

968

00:44:05,520 --> 00:44:02,920

know validate these things you know I I

969

00:44:08,100 --> 00:44:05,530

have an open mind but you know I haven't

970

00:44:09,990 --> 00:44:08,110

had my own compelling experience and

971

00:44:13,970 --> 00:44:10,000

that's the way that we started that

972

00:44:15,810 --> 00:44:13,980

fateful day all right

973

00:44:18,210 --> 00:44:15,820

here's a question I know you've been

974

00:44:19,800 --> 00:44:18,220

asked a few times but it's a it's a fun

975

00:44:22,440 --> 00:44:19,810

one I like asking it and hope that

976  
00:44:24,930 --> 00:44:22,450  
something else slips out but Ryan asks

977  
00:44:27,000 --> 00:44:24,940  
it can Brandon comment at all about what

978  
00:44:31,020 --> 00:44:27,010  
he and Robert Bigelow talked about when

979  
00:44:35,580 --> 00:44:31,030  
he handed over the keys well it's a good

980  
00:44:38,310 --> 00:44:35,590  
question you know I I had one very you

981  
00:44:41,310 --> 00:44:38,320  
know primary visit with mr. Bigelow the

982  
00:44:43,020 --> 00:44:41,320  
one visit initially that preceded my

983  
00:44:45,150 --> 00:44:43,030  
acquisition of the property I had never

984  
00:44:46,730 --> 00:44:45,160  
seen the property in fact I almost

985  
00:44:48,680 --> 00:44:46,740  
really acquired the prop

986  
00:44:51,220 --> 00:44:48,690  
pretty sight unseen I had inspected it I

987  
00:44:55,270 --> 00:44:51,230  
think maybe what three days before

988  
00:44:58,970 --> 00:44:55,280

actually closing on the acquisition

989

00:45:01,640 --> 00:44:58,980

movies start acquiring property without

990

00:45:04,070 --> 00:45:01,650

seeing it first yeah it's you know I I

991

00:45:06,470 --> 00:45:04,080

flew down to Las Vegas and had the

992

00:45:10,940 --> 00:45:06,480

opportunity to meet with mr. Bigelow and

993

00:45:13,880 --> 00:45:10,950

and you know we we really primarily

994

00:45:15,710 --> 00:45:13,890

discussed the the historical record

995

00:45:19,790 --> 00:45:15,720

relative to the property and I asked

996

00:45:21,980 --> 00:45:19,800

both he and dr. Kong Kelleher who served

997

00:45:24,109 --> 00:45:21,990

as chief scientist over the property for

998

00:45:27,290 --> 00:45:24,119

a number of years I said hey you know is

999

00:45:29,330 --> 00:45:27,300

there reality to to these reports I mean

1000

00:45:32,750 --> 00:45:29,340

is that which is reported in George

1001  
00:45:35,330 --> 00:45:32,760  
Knapp and Kong Kelleher's book based in

1002  
00:45:37,460 --> 00:45:35,340  
truth I mean did those events actually

1003  
00:45:39,980 --> 00:45:37,470  
happen or were there certain creative

1004  
00:45:44,180 --> 00:45:39,990  
liberties taken and you know they sat

1005  
00:45:47,300 --> 00:45:44,190  
there you know totally sober and serious

1006  
00:45:49,460 --> 00:45:47,310  
and stated yes you know what what we

1007  
00:45:51,950 --> 00:45:49,470  
experienced and what the knids team and

1008  
00:45:53,870 --> 00:45:51,960  
later the bass team experienced on the

1009  
00:45:56,390 --> 00:45:53,880  
property it was absolutely real

1010  
00:45:58,640 --> 00:45:56,400  
and and I said well are you willing to

1011  
00:46:02,599 --> 00:45:58,650  
share the documentation a lot of that

1012  
00:46:05,180 --> 00:46:02,609  
evidence and could we could we have that

1013  
00:46:07,240 --> 00:46:05,190

as part of the transfer of ownership you

1014

00:46:10,550 --> 00:46:07,250

know the the passing of the torch and

1015

00:46:17,990 --> 00:46:10,560

mr. Bigelow in a very respectful way

1016

00:46:19,760 --> 00:46:18,000

said not only no but hell no Bob and I

1017

00:46:21,380 --> 00:46:19,770

totally respected Bob said look there

1018

00:46:24,970 --> 00:46:21,390

are certain things that are classified

1019

00:46:28,690 --> 00:46:24,980

that that I don't have the ability to

1020

00:46:31,099 --> 00:46:28,700

turn over because it was part of a

1021

00:46:33,859 --> 00:46:31,109

government funded effort and there are

1022

00:46:37,040 --> 00:46:33,869

other things that I'm frankly keeping

1023

00:46:40,310 --> 00:46:37,050

you know private and you know we wish

1024

00:46:43,340 --> 00:46:40,320

you the best mr. fogle but you know

1025

00:46:46,130 --> 00:46:43,350

you're you're in essence on your own and

1026  
00:46:47,960 --> 00:46:46,140  
I totally expected that I I did not have

1027  
00:46:50,720 --> 00:46:47,970  
any negative feelings I didn't have a

1028  
00:46:53,060 --> 00:46:50,730  
negative experience dealing with that

1029  
00:46:54,760 --> 00:46:53,070  
mr. Bigelow or members of the team in

1030  
00:46:59,990 --> 00:46:54,770  
fact I found them to be very

1031  
00:47:00,590 --> 00:47:00,000  
professional accommodating and I've had

1032  
00:47:03,950 --> 00:47:00,600  
the pleasure

1033  
00:47:06,050 --> 00:47:03,960  
of enjoying you know a I think a

1034  
00:47:08,960 --> 00:47:06,060  
friendship and a continued association

1035  
00:47:12,140 --> 00:47:08,970  
at least from afar that that remained

1036  
00:47:15,170 --> 00:47:12,150  
warm and healthy no I I I have no

1037  
00:47:18,550 --> 00:47:15,180  
criticism we had the previous team in

1038  
00:47:21,200 --> 00:47:18,560

their effort just a quick follow-up I

1039

00:47:22,610 --> 00:47:21,210

know you've had a chance to meet with

1040

00:47:24,020 --> 00:47:22,620

several of the people who who had

1041

00:47:26,870 --> 00:47:24,030

previously previously spent time on the

1042

00:47:30,050 --> 00:47:26,880

ranch and were associated with with

1043

00:47:31,130 --> 00:47:30,060

Bigelow's research team and I was

1044

00:47:32,510 --> 00:47:31,140

thinking because I know you were

1045

00:47:35,840 --> 00:47:32,520

recently you recently did an interview

1046

00:47:38,060 --> 00:47:35,850

with erica luke's and you know she was

1047

00:47:40,940 --> 00:47:38,070

talking about you know rumors and

1048

00:47:43,430 --> 00:47:40,950

speculation possibility of testing of of

1049

00:47:47,030 --> 00:47:43,440

non-lethal weapons on or near the ranch

1050

00:47:49,820 --> 00:47:47,040

and that that led me to want to ask you

1051  
00:47:53,780 --> 00:47:49,830  
if you'd had a chance to speak with john

1052  
00:47:55,970 --> 00:47:53,790  
alexander at all you know i've had one

1053  
00:47:57,920 --> 00:47:55,980  
conversation brief conversation with

1054  
00:48:01,910 --> 00:47:57,930  
john alexander and it was after this

1055  
00:48:04,100 --> 00:48:01,920  
show aired i I didn't really have any

1056  
00:48:06,770 --> 00:48:04,110  
interaction with him at all

1057  
00:48:09,080 --> 00:48:06,780  
not via email or anything else it was

1058  
00:48:12,470 --> 00:48:09,090  
with others that had been involved with

1059  
00:48:14,660 --> 00:48:12,480  
with the Bigelow team and so I you know

1060  
00:48:17,900 --> 00:48:14,670  
I still have yet to meet John Alexander

1061  
00:48:20,510 --> 00:48:17,910  
or really really have an in-depth

1062  
00:48:22,730 --> 00:48:20,520  
conversation relative to his insight or

1063  
00:48:24,980 --> 00:48:22,740

experiences or perspective regarding the

1064

00:48:26,480 --> 00:48:24,990

ranch okay the reason yeah the reason I

1065

00:48:28,940 --> 00:48:26,490

thought him obviously is his his

1066

00:48:32,060 --> 00:48:28,950

military career was spent focused on

1067

00:48:35,150 --> 00:48:32,070

non-lethal weapons and you know and he

1068

00:48:36,200 --> 00:48:35,160

spent a lot of time on the ranch and one

1069

00:48:37,910 --> 00:48:36,210

would think that somebody who

1070

00:48:39,710 --> 00:48:37,920

specialized in non-lethal weapons would

1071

00:48:41,000 --> 00:48:39,720

be aware if you know that type of thing

1072

00:48:43,130 --> 00:48:41,010

was on the rancher of what he was

1073

00:48:45,110 --> 00:48:43,140

experiencing on the ranch had something

1074

00:48:47,330 --> 00:48:45,120

to do potentially with non-lethal

1075

00:48:49,010 --> 00:48:47,340

weapons so interesting conversation to

1076  
00:48:51,560 --> 00:48:49,020  
have but John Alexander is a great guy

1077  
00:48:53,260 --> 00:48:51,570  
great translation with that guy so if

1078  
00:48:57,290 --> 00:48:53,270  
you get a chance I highly recommend it

1079  
00:48:59,000 --> 00:48:57,300  
no I'm only on fan yeah the brief the

1080  
00:49:01,460 --> 00:48:59,010  
brief interaction that I've had was very

1081  
00:49:03,440 --> 00:49:01,470  
positive and again have great respect

1082  
00:49:06,290 --> 00:49:03,450  
for him and the others that the

1083  
00:49:08,510 --> 00:49:06,300  
conducted research before you know I

1084  
00:49:12,290 --> 00:49:08,520  
when I acquired the property and ever

1085  
00:49:14,510 --> 00:49:12,300  
since I have been very vocal in stating

1086  
00:49:20,020 --> 00:49:14,520  
that I have I've seen know Evan

1087  
00:49:23,420 --> 00:49:20,030  
of any real advanced you know program

1088  
00:49:25,520 --> 00:49:23,430

that predates you know my ownership of

1089

00:49:26,870 --> 00:49:25,530

the property I mean when I acquired the

1090

00:49:29,660 --> 00:49:26,880

property there wasn't even a

1091

00:49:31,970 --> 00:49:29,670

sophisticated gated entrance with the

1092

00:49:33,490 --> 00:49:31,980

guard shack I mean I you know we we've

1093

00:49:36,280 --> 00:49:33,500

we've enhanced the fiber-optic

1094

00:49:40,910 --> 00:49:36,290

infrastructure we brought in new power

1095

00:49:42,080 --> 00:49:40,920

you know I think you know we've taken it

1096

00:49:45,920 --> 00:49:42,090

to a whole new level

1097

00:49:48,710 --> 00:49:45,930

it the place let's just say I see zero

1098

00:49:51,109 --> 00:49:48,720

evidence of anything of that nature ever

1099

00:49:55,460 --> 00:49:51,119

occurring or being conducted on the

1100

00:49:57,740 --> 00:49:55,470

property predating me sure or even and

1101  
00:49:59,570 --> 00:49:57,750  
of course we'd have nothing to do with

1102  
00:50:01,730 --> 00:49:59,580  
anything of that nature I I've never

1103  
00:50:04,430 --> 00:50:01,740  
been part of a government program in my

1104  
00:50:06,650 --> 00:50:04,440  
life I'm just a an entrepreneurial a

1105  
00:50:09,470 --> 00:50:06,660  
private individual life I've never held

1106  
00:50:12,170 --> 00:50:09,480  
a security clearance and you know the

1107  
00:50:17,060 --> 00:50:12,180  
sorts of thing I've I've I've had as far

1108  
00:50:18,470 --> 00:50:17,070  
as interaction with these these types of

1109  
00:50:21,950 --> 00:50:18,480  
groups is I've had the privilege of

1110  
00:50:23,870 --> 00:50:21,960  
working on the Falcon Hill aerospace and

1111  
00:50:26,480 --> 00:50:23,880  
research park up at Hill Air Force Base

1112  
00:50:29,300 --> 00:50:26,490  
and you know we've we've been building

1113  
00:50:31,040 --> 00:50:29,310

really I think the premier aerospace

1114

00:50:33,770 --> 00:50:31,050

research park in the country

1115

00:50:38,480 --> 00:50:33,780

and worked with Northrop Grumman and

1116

00:50:40,550 --> 00:50:38,490

Lockheed BAE and a host of others but it

1117

00:50:42,790 --> 00:50:40,560

has been purely private sector or

1118

00:50:45,260 --> 00:50:42,800

commercial real estate oriented work

1119

00:50:51,700 --> 00:50:45,270

well I'm sure the government has a file

1120

00:51:01,450 --> 00:50:57,050

six-inch oh yeah well they're learning a

1121

00:51:05,840 --> 00:51:03,320

TJ you want to jump to Facebook

1122

00:51:07,370 --> 00:51:05,850

questions yeah and it's just let's plow

1123

00:51:11,750 --> 00:51:07,380

through these here this is from Facebook

1124

00:51:13,640 --> 00:51:11,760

someone named Det a date data I would

1125

00:51:15,349 --> 00:51:13,650

like to know how long mr. fuel has been

1126  
00:51:18,140 --> 00:51:15,359  
interested in skinwalker ranch and how

1127  
00:51:20,480 --> 00:51:18,150  
he first became aware aware it

1128  
00:51:22,640 --> 00:51:20,490  
she loves the show and the whole crew

1129  
00:51:25,370 --> 00:51:22,650  
looking forward to season two good

1130  
00:51:27,410 --> 00:51:25,380  
question I picked up the book hunt for

1131  
00:51:27,890 --> 00:51:27,420  
the skinwalker at Barnes and Noble

1132  
00:51:31,099 --> 00:51:27,900  
Rob

1133  
00:51:34,910 --> 00:51:31,109  
a decade or more a lot or longer ago I

1134  
00:51:37,339 --> 00:51:34,920  
read it quickly in a weekend and found

1135  
00:51:38,839 --> 00:51:37,349  
it interesting and then I put it on the

1136  
00:51:43,720 --> 00:51:38,849  
shelf and really didn't think about it

1137  
00:51:47,599 --> 00:51:43,730  
until I was approached mid year 2015

1138  
00:51:49,329 --> 00:51:47,609

bye-bye you know one individual but

1139

00:51:51,950 --> 00:51:49,339

really several individuals ultimately

1140

00:51:54,109 --> 00:51:51,960

that made the introduction to mr.

1141

00:51:57,829 --> 00:51:54,119

Bigelow and really asked asked me if I

1142

00:52:01,160 --> 00:51:57,839

would be interested in in potentially

1143

00:52:03,589 --> 00:52:01,170

taking forward the the research that had

1144

00:52:05,779 --> 00:52:03,599

been conducted on the property so I had

1145

00:52:09,859 --> 00:52:05,789

very little exposure to the property or

1146

00:52:14,299 --> 00:52:09,869

interest until until I you know I was

1147

00:52:16,519 --> 00:52:14,309

approached in 2015 by science advisors

1148

00:52:19,279 --> 00:52:16,529

to mr. Bigelow that I had worked with on

1149

00:52:21,230 --> 00:52:19,289

a previous project and had built a

1150

00:52:23,240 --> 00:52:21,240

relationship of trust with years before

1151  
00:52:25,039 --> 00:52:23,250  
so I was actually gonna ask you that so

1152  
00:52:28,039 --> 00:52:25,049  
why would they pick you to ask like

1153  
00:52:31,039 --> 00:52:28,049  
randomly hey this property but no if you

1154  
00:52:35,269 --> 00:52:31,049  
worked with them yeah yeah so I had

1155  
00:52:39,019 --> 00:52:35,279  
funded and helped lead a an effort a

1156  
00:52:41,500 --> 00:52:39,029  
decade ago involved with gravitational

1157  
00:52:46,190 --> 00:52:41,510  
physics theory you know testing various

1158  
00:52:48,349 --> 00:52:46,200  
theories and and you know the science

1159  
00:52:50,630 --> 00:52:48,359  
advisors that were involved with that

1160  
00:52:54,710 --> 00:52:50,640  
effort unbeknownst to me at the time

1161  
00:52:57,829 --> 00:52:54,720  
were also involved with mr. Bigelow and

1162  
00:53:00,109 --> 00:52:57,839  
it wasn't until years later that that

1163  
00:53:05,299 --> 00:53:00,119

really the introduction was made and the

1164

00:53:08,150 --> 00:53:05,309

the the dialogue you know really came to

1165

00:53:11,690 --> 00:53:08,160

the the front as far as the opportunity

1166

00:53:12,950 --> 00:53:11,700

with the ranch I feel like that's been a

1167

00:53:17,660 --> 00:53:12,960

question has been floating around for a

1168

00:53:20,690 --> 00:53:17,670

while another one here we have this is

1169

00:53:22,339 --> 00:53:20,700

Donna asking I was curious if any of

1170

00:53:24,200 --> 00:53:22,349

those is very specific actually I'm

1171

00:53:26,510 --> 00:53:24,210

curious if any of these surveillance

1172

00:53:29,779 --> 00:53:26,520

cameras on the property have infrared

1173

00:53:31,640 --> 00:53:29,789

capability currently yeah absolutely

1174

00:53:34,819 --> 00:53:31,650

we have many infrared cameras we have

1175

00:53:38,410 --> 00:53:34,829

thermographic imaging systems night

1176  
00:53:41,600 --> 00:53:38,420  
vision as well as just the conventional

1177  
00:53:45,380 --> 00:53:41,610  
surveillance capabilities we have

1178  
00:53:48,020 --> 00:53:45,390  
dozens of cameras positioned tracking

1179  
00:53:51,380 --> 00:53:48,030  
all the activity in the airspace and and

1180  
00:53:53,120 --> 00:53:51,390  
on the property now I've seen this a few

1181  
00:53:55,220 --> 00:53:53,130  
times

1182  
00:53:59,690 --> 00:53:55,230  
Willie and you kind of addressed it

1183  
00:54:01,400 --> 00:53:59,700  
earlier but I have an add-on to this so

1184  
00:54:03,710 --> 00:54:01,410  
they asked multiple people have asked

1185  
00:54:05,060 --> 00:54:03,720  
will you allow other teams to study or

1186  
00:54:07,940 --> 00:54:05,070  
have you determined that it's best to

1187  
00:54:09,200 --> 00:54:07,950  
keep keep it with your own team now I

1188  
00:54:11,180 --> 00:54:09,210

know you've said you this is your

1189

00:54:12,730 --> 00:54:11,190

hand-picked team but you know bringing

1190

00:54:15,770 --> 00:54:12,740

in Travis Taylor are there plans to

1191

00:54:18,440 --> 00:54:15,780

rotate those specialists out like Travis

1192

00:54:20,120 --> 00:54:18,450

were there others absolutely again I

1193

00:54:23,800 --> 00:54:20,130

like to take a collaborative approach

1194

00:54:26,750 --> 00:54:23,810

I'm I believe that the the more

1195

00:54:29,690 --> 00:54:26,760

brilliant you know minds that we bring

1196

00:54:33,320 --> 00:54:29,700

to the table you know you know having a

1197

00:54:36,800 --> 00:54:33,330

diversified multidisciplinary approach

1198

00:54:39,200 --> 00:54:36,810

to the problem set at the ranch is going

1199

00:54:40,910 --> 00:54:39,210

to ultimately help us yield results and

1200

00:54:44,180 --> 00:54:40,920

better understand what is it work and so

1201

00:54:46,880 --> 00:54:44,190

we look forward to to inviting others

1202

00:54:50,540 --> 00:54:46,890

onto the property as appropriate I mean

1203

00:54:52,520 --> 00:54:50,550

you see on the ranch on the secretive

1204

00:54:54,500 --> 00:54:52,530

skinwalker ranch I think a lot of people

1205

00:54:56,900 --> 00:54:54,510

don't realize almost every episode we

1206

00:55:00,260 --> 00:54:56,910

brought a third party engineer and

1207

00:55:02,030 --> 00:55:00,270

former expert and and again I I don't

1208

00:55:04,370 --> 00:55:02,040

understand a lot of the criticism you

1209

00:55:06,970 --> 00:55:04,380

know okay well we're all the scientists

1210

00:55:09,710 --> 00:55:06,980

you know why aren't you real experts in

1211

00:55:11,690 --> 00:55:09,720

talking about we brought in I don't know

1212

00:55:14,150 --> 00:55:11,700

three four different third party

1213

00:55:16,430 --> 00:55:14,160

engineering firms and scientists and

1214

00:55:20,200 --> 00:55:16,440

experts involved with ground-penetrating

1215

00:55:24,380 --> 00:55:20,210

radar studies resist resistivity studies

1216

00:55:26,510 --> 00:55:24,390

the thermographic imaging I mean you you

1217

00:55:28,310 --> 00:55:26,520

look at all of the experts that we we

1218

00:55:31,280 --> 00:55:28,320

attempted to bring onto the property to

1219

00:55:33,470 --> 00:55:31,290

consult with the team not including you

1220

00:55:37,550 --> 00:55:33,480

know dr. Taylor and his incredible

1221

00:55:40,130 --> 00:55:37,560

resume and I again with we were quite

1222

00:55:42,530 --> 00:55:40,140

proud of the the effort that we made I

1223

00:55:45,980 --> 00:55:42,540

mean you look at this we have three

1224

00:55:49,130 --> 00:55:45,990

scientists engaged in the property in in

1225

00:55:51,020 --> 00:55:49,140

pretty much a full-time capacity we have

1226

00:55:55,160 --> 00:55:51,030

you know Eric Bard

1227

00:55:58,220 --> 00:55:55,170

who is a very accomplished in credential

1228

00:56:01,040 --> 00:55:58,230

I mean Eric barred a plasma this by

1229

00:56:02,660 --> 00:56:01,050

training hold the numerous patent I mean

1230

00:56:04,520 --> 00:56:02,670

he's one of the only scientists that

1231

00:56:06,460 --> 00:56:04,530

I've come into contact with that can

1232

00:56:09,050 --> 00:56:06,470

actually claim that he has taken

1233

00:56:11,180 --> 00:56:09,060

innovations and ideas from the idea

1234

00:56:13,940 --> 00:56:11,190

stage all the way through to

1235

00:56:16,010 --> 00:56:13,950

commercialization right oh yeah I've

1236

00:56:18,350 --> 00:56:16,020

seen over a hundred million dollar in

1237

00:56:21,110 --> 00:56:18,360

annual revenue produced just in this

1238

00:56:24,410 --> 00:56:21,120

valley as a result of Eric barbs

1239

00:56:27,830 --> 00:56:24,420

innovations and to have his expertise

1240

00:56:29,810 --> 00:56:27,840

involved with the ranches is quite a

1241

00:56:33,670 --> 00:56:29,820

privilege and then you take dr. Sagawa I

1242

00:56:36,650 --> 00:56:33,680

mean Jim Sigala again very credential

1243

00:56:39,410 --> 00:56:36,660

professor at the University of Rhode

1244

00:56:43,190 --> 00:56:39,420

Island I've worked on so many other

1245

00:56:45,200 --> 00:56:43,200

research projects and you know it is

1246

00:56:47,570 --> 00:56:45,210

highly respected and acclaimed and then

1247

00:56:50,540 --> 00:56:47,580

of course you have dr. Taylor who holds

1248

00:56:54,620 --> 00:56:50,550

multiple PhDs 3 Master degrees

1249

00:56:56,960 --> 00:56:54,630

if consulting with NAFTA and and a

1250

00:56:59,270 --> 00:56:56,970

number of other agencies relative to

1251  
00:57:02,930 --> 00:56:59,280  
scientific endeavors and you know I

1252  
00:57:06,110 --> 00:57:02,940  
would be hard-pressed to find anyone in

1253  
00:57:08,840 --> 00:57:06,120  
in the public domain with thethe

1254  
00:57:10,760 --> 00:57:08,850  
credentials that would be willing to

1255  
00:57:13,610 --> 00:57:10,770  
submit themselves to this type of

1256  
00:57:15,680 --> 00:57:13,620  
project and this type of effort and so

1257  
00:57:18,470 --> 00:57:15,690  
you bring three scientists onto the

1258  
00:57:21,260 --> 00:57:18,480  
property coupled with a team that rain

1259  
00:57:22,790 --> 00:57:21,270  
you know security expertise property

1260  
00:57:26,000 --> 00:57:22,800  
management expertise and really

1261  
00:57:29,810 --> 00:57:26,010  
construction know-how and you really

1262  
00:57:32,600 --> 00:57:29,820  
have a dynamic effort that that I think

1263  
00:57:35,750 --> 00:57:32,610

provides a solid foundation for the

1264

00:57:37,760 --> 00:57:35,760

future so we look forward to enhancing

1265

00:57:40,940 --> 00:57:37,770

that team with other experts in the

1266

00:57:43,340 --> 00:57:40,950

future and being able to to continue to

1267

00:57:45,950 --> 00:57:43,350

raise the bar that's awesome I'm sure

1268

00:57:48,380 --> 00:57:45,960

people are gonna love to hear that so uh

1269

00:57:50,330 --> 00:57:48,390

we'll keep this is the last one and this

1270

00:57:51,920 --> 00:57:50,340

is gonna play to your science your

1271

00:57:52,850 --> 00:57:51,930

sci-fi background here a little bit you

1272

00:57:56,990 --> 00:57:52,860

know as you're sitting next to

1273

00:57:59,330 --> 00:57:57,000

Terminator head so someone asks or

1274

00:58:01,070 --> 00:57:59,340

Carolyn asks you know what experiments

1275

00:58:02,360 --> 00:58:01,080

are you wanting to see next season now I

1276

00:58:04,550 --> 00:58:02,370

know you touch them at the end of the

1277

00:58:06,620 --> 00:58:04,560

last that last episode going around the

1278

00:58:08,270 --> 00:58:06,630

you know the room but since then has

1279

00:58:08,570 --> 00:58:08,280

anything like all you saw a movie you're

1280

00:58:10,550 --> 00:58:08,580

like

1281

00:58:12,050 --> 00:58:10,560

we should try to do that or something

1282

00:58:13,310 --> 00:58:12,060

like that Eric what do you think about

1283

00:58:15,470 --> 00:58:13,320

that how do you whip up something the

1284

00:58:17,150 --> 00:58:15,480

you know that kind of experiment like I

1285

00:58:19,430 --> 00:58:17,160

see you thinking out of like you know

1286

00:58:21,380 --> 00:58:19,440

out of the box they're good question I I

1287

00:58:23,240 --> 00:58:21,390

think you know what we're trying to get

1288

00:58:26,480 --> 00:58:23,250

to the bottom of what is it work here

1289

00:58:30,770 --> 00:58:26,490

what is the origin the agenda and also

1290

00:58:33,560 --> 00:58:30,780

what type of repeatable you know whether

1291

00:58:35,390 --> 00:58:33,570

it be electromagnetic fingerprints or

1292

00:58:37,820 --> 00:58:35,400

signatures attend to these various

1293

00:58:39,440 --> 00:58:37,830

activities I mean you look at the the

1294

00:58:43,070 --> 00:58:39,450

season finale and you look at the

1295

00:58:45,590 --> 00:58:43,080

incident with the cow it wasn't the fact

1296

00:58:48,290 --> 00:58:45,600

that you we we happen to see a UFO on

1297

00:58:52,310 --> 00:58:48,300

the surveillance footage that appeared

1298

00:58:54,080 --> 00:58:52,320

in tandem with the cow dying that was

1299

00:58:56,420 --> 00:58:54,090

most interesting what I found most

1300

00:58:58,820 --> 00:58:56,430

interesting was the fact that we had

1301  
00:59:00,890 --> 00:58:58,830  
other correlated incidents what are the

1302  
00:59:03,380 --> 00:59:00,900  
chances what is this what is the

1303  
00:59:05,960 --> 00:59:03,390  
statistical probability that you're

1304  
00:59:08,360 --> 00:59:05,970  
going to pick up gamma radiation you

1305  
00:59:10,250 --> 00:59:08,370  
know microwave energy surrounding this

1306  
00:59:12,110 --> 00:59:10,260  
cow out in the middle of nowhere you're

1307  
00:59:14,120 --> 00:59:12,120  
going to have multiple smart phones

1308  
00:59:16,210 --> 00:59:14,130  
malfunctioning with completely different

1309  
00:59:19,790 --> 00:59:16,220  
operating systems you've got one guy

1310  
00:59:22,900 --> 00:59:19,800  
Caleb that has an iPhone and then you

1311  
00:59:26,330 --> 00:59:22,910  
have Thomas Winterton that has a a

1312  
00:59:28,580 --> 00:59:26,340  
samsung galaxy you have all of these

1313  
00:59:31,730 --> 00:59:28,590

these anomalies that are happening

1314

00:59:33,890 --> 00:59:31,740

simultaneously you have the heard all of

1315

00:59:36,500 --> 00:59:33,900

the other cattle but for some mysterious

1316

00:59:39,230 --> 00:59:36,510

reason ended up moving to the complete

1317

00:59:41,090 --> 00:59:39,240

opposite side of the ranch and we're in

1318

00:59:44,090 --> 00:59:41,100

it we're in an area that they had never

1319

00:59:46,550 --> 00:59:44,100

ventured to before and then following

1320

00:59:49,760 --> 00:59:46,560

all of these incidents after recording

1321

00:59:52,040 --> 00:59:49,770

all of this this data and and logging

1322

00:59:59,120 --> 00:59:52,050

all of these observations what happens

1323

01:00:02,210 --> 00:59:59,130

to the carcass of the cow this day the

1324

01:00:05,870 --> 01:00:02,220

carcass the remains of this cow remain

1325

01:00:08,450 --> 01:00:05,880

untouched no figures have touched it it

1326

01:00:13,220 --> 01:00:08,460

still sits out there essentially fully

1327

01:00:15,200 --> 01:00:13,230

intact explain explain what what is the

1328

01:00:17,180 --> 01:00:15,210

statistical probability that you would

1329

01:00:21,080 --> 01:00:17,190

see all of these events occur

1330

01:00:22,160 --> 01:00:21,090

simultaneously with this event and I

1331

01:00:24,470 --> 01:00:22,170

think that

1332

01:00:26,750 --> 01:00:24,480

you know I I hear criticism from

1333

01:00:30,020 --> 01:00:26,760

skeptics like Nick West who says oh

1334

01:00:32,600 --> 01:00:30,030

that's a fly and I'm like okay well

1335

01:00:34,100 --> 01:00:32,610

notwithstanding the fact that you may

1336

01:00:36,200 --> 01:00:34,110

think that that's a flier there may be

1337

01:00:37,910 --> 01:00:36,210

some type of prosaic mundane explanation

1338

01:00:40,070 --> 01:00:37,920

for what you're seeing that you're

1339

01:00:42,290 --> 01:00:40,080

you're just observing an artifact on the

1340

01:00:44,510 --> 01:00:42,300

video how do you explain all the other

1341

01:00:46,790 --> 01:00:44,520

anomalies how do you explain all of the

1342

01:00:50,150 --> 01:00:46,800

other high strangeness that attended

1343

01:00:52,730 --> 01:00:50,160

that activity in that event good luck I

1344

01:00:55,070 --> 01:00:52,740

mean one businessman but you know in

1345

01:00:56,840 --> 01:00:55,080

business you know we work for you know

1346

01:00:59,630 --> 01:00:56,850

we look for results bottom-line results

1347

01:01:02,900 --> 01:00:59,640

but we also look at all of the other

1348

01:01:04,910 --> 01:01:02,910

data that were accumulating you know

1349

01:01:06,110 --> 01:01:04,920

when when when really investigating

1350

01:01:08,870 --> 01:01:06,120

something like this they're really

1351  
01:01:12,680 --> 01:01:08,880  
tackling a problem and when you see so

1352  
01:01:14,780 --> 01:01:12,690  
many correlating events it really begs a

1353  
01:01:17,540 --> 01:01:14,790  
question what is really at work and I

1354  
01:01:19,130 --> 01:01:17,550  
think it's interesting that seems to get

1355  
01:01:20,540 --> 01:01:19,140  
you know be what gets your mind going

1356  
01:01:22,010 --> 01:01:20,550  
you you know you kind of understand

1357  
01:01:24,200 --> 01:01:22,020  
yourself not just a businessman you have

1358  
01:01:25,850 --> 01:01:24,210  
a friggin Terminator skull on your desk

1359  
01:01:29,000 --> 01:01:25,860  
you're a businessman with a Terminator

1360  
01:01:30,770 --> 01:01:29,010  
skull on hey we don't know whether time

1361  
01:01:33,320 --> 01:01:30,780  
travel may be involved with the

1362  
01:01:36,020 --> 01:01:33,330  
phenomenon the property and maybe time

1363  
01:01:38,270 --> 01:01:36,030

travel it may be multi-dimensional it

1364

01:01:40,610 --> 01:01:38,280

may be extraterrestrial I think that

1365

01:01:42,950 --> 01:01:40,620

what we're witnessing is all of the

1366

01:01:45,110 --> 01:01:42,960

above I think that it is not easily

1367

01:01:46,880 --> 01:01:45,120

categorized and I do I do not believe

1368

01:01:49,790 --> 01:01:46,890

that there is one point of origin or

1369

01:01:52,970 --> 01:01:49,800

agenda afoot here I think that there are

1370

01:01:56,960 --> 01:01:52,980

multiple agendas multiple points of

1371

01:01:58,370 --> 01:01:56,970

origin and frankly multiple causes to to

1372

01:02:01,130 --> 01:01:58,380

what we're observing on the ranch and

1373

01:02:03,650 --> 01:02:01,140

for whatever reason the ranch seems to

1374

01:02:05,230 --> 01:02:03,660

be situated in a place that allows for

1375

01:02:07,760 --> 01:02:05,240

these type of interactions to occur

1376

01:02:09,110 --> 01:02:07,770

whether it be you know if you if you're

1377

01:02:11,990 --> 01:02:09,120

looking at it from a spiritual

1378

01:02:14,210 --> 01:02:12,000

standpoint and you stay that you know

1379

01:02:16,640 --> 01:02:14,220

the veil between this world and the

1380

01:02:18,080 --> 01:02:16,650

spiritual realms is thin for whatever

1381

01:02:20,930 --> 01:02:18,090

reason or whether there are other

1382

01:02:23,840 --> 01:02:20,940

dimensions or wormholes that allow for

1383

01:02:26,840 --> 01:02:23,850

various phenomena to to appear and

1384

01:02:28,700 --> 01:02:26,850

disappear instantaneously I mean what

1385

01:02:32,090 --> 01:02:28,710

I've observed with my own eyes on the

1386

01:02:35,540 --> 01:02:32,100

property defies all conventional or

1387

01:02:35,839 --> 01:02:35,550

natural explanation and I I'd never seen

1388

01:02:38,210 --> 01:02:35,849

any

1389

01:02:39,710 --> 01:02:38,220

like this before owning the property I

1390

01:02:42,829 --> 01:02:39,720

thought the property as a healthy

1391

01:02:45,499 --> 01:02:42,839

skeptic I honestly believed that there

1392

01:02:48,049 --> 01:02:45,509

would be a natural explanation most

1393

01:02:50,479 --> 01:02:48,059

likely behind what had been recorded and

1394

01:02:53,299 --> 01:02:50,489

I I figured that those who had claimed

1395

01:02:55,640 --> 01:02:53,309

to have had experienced this were really

1396

01:02:58,460 --> 01:02:55,650

kind of the product of groupthink of

1397

01:03:04,249 --> 01:02:58,470

kind of a scientific snipe hunt up north

1398

01:03:06,380 --> 01:03:04,259

and I was wrong you know I I've had to

1399

01:03:09,890 --> 01:03:06,390

help myself I've had to admit that you

1400

01:03:13,729 --> 01:03:09,900

know what there is something to this yes

1401

01:03:15,049 --> 01:03:13,739

it's not easily dismiss it means a lot

1402

01:03:16,519 --> 01:03:15,059

like you have enough people out there

1403

01:03:18,680 --> 01:03:16,529

saying these things credentialed people

1404

01:03:20,960 --> 01:03:18,690

you know like quote-unquote serious

1405

01:03:22,370 --> 01:03:20,970

people with air quality here that are

1406

01:03:24,739 --> 01:03:22,380

saying these things and that are

1407

01:03:26,539 --> 01:03:24,749

entertaining these ideas it's not a it's

1408

01:03:28,700 --> 01:03:26,549

not just like oh yeah it's a TV show no

1409

01:03:29,870 --> 01:03:28,710

this is there something happening you're

1410

01:03:32,329 --> 01:03:29,880

going to get to the bottom of it if

1411

01:03:35,870 --> 01:03:32,339

anyone is and it's been happening for

1412

01:03:39,049 --> 01:03:35,880

decades if not hundreds of years if not

1413

01:03:41,089 --> 01:03:39,059

millennia we've we've at least been able

1414

01:03:43,269 --> 01:03:41,099

to document high strangeness on the

1415

01:03:46,219 --> 01:03:43,279

property from firsthand witnesses and

1416

01:03:50,299 --> 01:03:46,229

actual credible historical accounts

1417

01:03:51,499 --> 01:03:50,309

going back to 1930 and this is this is

1418

01:03:53,690 --> 01:03:51,509

great I mean hearing you talk like this

1419

01:03:55,579 --> 01:03:53,700

we could go on and on I mean we've had

1420

01:03:57,529 --> 01:03:55,589

you so long I just I can't we can't keep

1421

01:04:02,150 --> 01:03:57,539

you anymore this is terrible we're just

1422

01:04:04,009 --> 01:04:02,160

like well I I really appreciate the

1423

01:04:08,420 --> 01:04:04,019

opportunity to to set the record

1424

01:04:10,849 --> 01:04:08,430

straight and to frankly speak with with

1425

01:04:12,559 --> 01:04:10,859

confidence relative to the reality of

1426

01:04:15,650 --> 01:04:12,569

what we're seeing out there it's Ken

1427

01:04:17,029 --> 01:04:15,660

Walker ranch this isn't some type of you

1428

01:04:19,459 --> 01:04:17,039

know promotional stunt

1429

01:04:21,559 --> 01:04:19,469

you know you know none of none of my

1430

01:04:24,499 --> 01:04:21,569

team members really wanted Fame or

1431

01:04:26,329 --> 01:04:24,509

expected that they'd City any real you

1432

01:04:27,620 --> 01:04:26,339

know significant compensation that would

1433

01:04:32,319 --> 01:04:27,630

come from this and I think we're still

1434

01:04:38,930 --> 01:04:34,670

he's always combines the courage in the

1435

01:04:41,390 --> 01:04:38,940

car Wow dragon dragon will always have

1436

01:04:44,959 --> 01:04:41,400

permanent [h\_\_\h] that's just that's

1437

01:04:49,280 --> 01:04:44,969

just part of the reality and interacting

1438

01:04:54,859 --> 01:04:51,830

right before this that I went on

1439

01:04:56,570 --> 01:04:54,869

Facebook earlier to look I want to

1440

01:04:58,370 --> 01:04:56,580

delete facebook it's an awful place but

1441

01:05:00,380 --> 01:04:58,380

I went on there to look to see if there

1442

01:05:02,960 --> 01:05:00,390

was any new questions before this and I

1443

01:05:04,970 --> 01:05:02,970

saw a string of women talking about

1444

01:05:07,480 --> 01:05:04,980

starting a fan page for Dragon so

1445

01:05:12,380 --> 01:05:07,490

apparently there's one for to office too

1446

01:05:14,599 --> 01:05:12,390

so it's a table that is happening oh you

1447

01:05:17,570 --> 01:05:14,609

know my dream is not now as we as we

1448

01:05:20,420 --> 01:05:17,580

concluded season one and there may be a

1449

01:05:22,940 --> 01:05:20,430

season two in our future we'll see you

1450

01:05:24,710 --> 01:05:22,950

know my hope is you know maybe maybe at

1451

01:05:26,840 --> 01:05:24,720

the very least what may come of this

1452

01:05:30,500 --> 01:05:26,850

effort is you know I'd love to see

1453

01:05:32,420 --> 01:05:30,510

something like an Adult Swim cartoon The

1454

01:05:38,960 --> 01:05:32,430

Adventures of Dragon that chronicle his

1455

01:05:49,940 --> 01:05:38,970

fighters on the ranch yes yes you just

1456

01:05:53,180 --> 01:05:49,950

opened a can of worms concept mock-ups

1457

01:05:54,650 --> 01:05:53,190

for that no no no you guys are really

1458

01:05:56,720 --> 01:05:54,660

good friends you a dragon like he's

1459

01:06:01,790 --> 01:05:56,730

never either if never gonna let him that

1460

01:06:03,080 --> 01:06:01,800

down ever no no and never wanted to be

1461

01:06:05,630 --> 01:06:03,090

called drag and you guys know the

1462

01:06:07,820 --> 01:06:05,640

history of that but it's funny I think I

1463

01:06:10,310 --> 01:06:07,830

think anyone who knows me who really

1464

01:06:13,810 --> 01:06:10,320

knows me understands that I'm just a 17

1465

01:06:16,130 --> 01:06:13,820

year old stuck in a 47 year old body and

1466

01:06:18,890 --> 01:06:16,140

you know it when it comes down to it I

1467

01:06:21,950 --> 01:06:18,900

I'm the most curious of all of us when

1468

01:06:24,530 --> 01:06:21,960

it comes to really you know trying to

1469

01:06:29,060 --> 01:06:24,540

get to the bottom of what is bunny ranch

1470

01:06:31,370 --> 01:06:29,070

and and you know being excited by a lot

1471

01:06:33,290 --> 01:06:31,380

of what has been observed so no I've

1472

01:06:36,740 --> 01:06:33,300

appreciated this opportunity to join

1473

01:06:39,820 --> 01:06:36,750

with all three you and to to have you as

1474

01:06:42,020 --> 01:06:39,830

part of our journey thank you so much

1475

01:06:44,270 --> 01:06:42,030

we're gonna keep doing this I mean this

1476

01:06:45,980 --> 01:06:44,280

is gonna keep going and obviously open

1477

01:06:48,859 --> 01:06:45,990

invitation whenever you can whatever you

1478

01:06:50,660 --> 01:06:48,869

want to maybe we communicate so you know

1479

01:06:53,150 --> 01:06:50,670

as time goes on if things keep going

1480

01:06:54,620 --> 01:06:53,160

we'll get you back out here and you know

1481

01:06:55,940 --> 01:06:54,630

people love the direct communication

1482

01:06:57,859 --> 01:06:55,950

with you they love that you actually

1483

01:06:59,810 --> 01:06:57,869

participate and get involved in the

1484

01:07:02,420 --> 01:06:59,820

community and in answer questions online

1485

01:07:02,930 --> 01:07:02,430

and do things like this you don't back

1486

01:07:05,030 --> 01:07:02,940

away from me

1487

01:07:08,599 --> 01:07:05,040

interviews you know people have opposing

1488

01:07:10,700 --> 01:07:08,609

views you're straight in you know yeah I

1489

01:07:13,670 --> 01:07:10,710

have nothing to hide I have nothing to

1490

01:07:15,980 --> 01:07:13,680

hide I want I want to get to the truth

1491

01:07:17,839 --> 01:07:15,990

just as much as everyone else and I and

1492

01:07:20,630 --> 01:07:17,849

I welcome the opportunity to to

1493

01:07:24,500 --> 01:07:20,640

collaborate and to to make this a a

1494

01:07:27,319 --> 01:07:24,510

partnership with the public in in really

1495

01:07:29,329 --> 01:07:27,329

being able to to prove with with

1496

01:07:31,520 --> 01:07:29,339

scientific empiricism that we're not

1497

01:07:33,440 --> 01:07:31,530

alone in the universe and that there's

1498

01:07:36,800 --> 01:07:33,450

more to our reality than meets the eye

1499

01:07:38,870 --> 01:07:36,810

hey if if if the ranch investigation

1500

01:07:41,839 --> 01:07:38,880

ultimately proves that we live in the

1501  
01:07:44,660 --> 01:07:41,849  
matrix how cool would that be that's the

1502  
01:07:47,329 --> 01:07:44,670  
next cut I love it the simulation theory

1503  
01:07:49,040 --> 01:07:47,339  
so that's my yeah that's my next project

1504  
01:07:50,510 --> 01:07:49,050  
so I've been saying this for a while I'm

1505  
01:07:51,589 --> 01:07:50,520  
constantly looking for projects and I

1506  
01:07:53,569 --> 01:07:51,599  
feel like there's something there

1507  
01:07:55,880 --> 01:07:53,579  
there's a simulation theory project that

1508  
01:07:57,589 --> 01:07:55,890  
I gather I have to find the the experts

1509  
01:08:00,109 --> 01:07:57,599  
the simulation theory experts to kind of

1510  
01:08:02,150 --> 01:08:00,119  
see we can do with them but Brandon

1511  
01:08:03,410 --> 01:08:02,160  
thank you again so much this has been

1512  
01:08:07,230 --> 01:08:03,420  
great appreciate it
