

JASON McCLELLAN

How To See UFOs

1
00:00:20,599 --> 00:00:18,980
I'm Jason McClellan and I'm thrilled to

2
00:00:23,509 --> 00:00:20,609
be here with you today at all the

3
00:00:26,150 --> 00:00:23,519
strange 2020 today I thought it would

4
00:00:27,950 --> 00:00:26,160
take this time to answer a question that

5
00:00:33,110 --> 00:00:27,960
I've been asked so many times over the

6
00:00:35,420 --> 00:00:33,120
years and that is how do I see a UFO I'd

7
00:00:38,149 --> 00:00:35,430
speculate that most people fascinated by

8
00:00:40,310 --> 00:00:38,159
the strange want to experience it for

9
00:00:42,829 --> 00:00:40,320
themselves if they haven't already

10
00:00:46,790 --> 00:00:42,839
you'd be surprised by the number of UFO

11
00:00:49,219 --> 00:00:46,800
researchers leading UFO researchers who

12
00:00:51,530 --> 00:00:49,229
spent their entire lives investigating

13
00:00:53,420 --> 00:00:51,540

and researching the phenomenon but never

14

00:00:56,030 --> 00:00:53,430

personally witnessed a UFO for

15

00:00:57,799 --> 00:00:56,040

themselves I've seen lots of strange

16

00:01:00,469 --> 00:00:57,809

stuff in the sky during my career in the

17

00:01:02,539 --> 00:01:00,479

weird and wonderful world of UFOs but

18

00:01:05,509 --> 00:01:02,549

I've been able to identify most of those

19

00:01:07,940 --> 00:01:05,519

objects that being said I've seen

20

00:01:09,469 --> 00:01:07,950

approximately a dozen strange aerial

21

00:01:13,039 --> 00:01:09,479

objects that I haven't been able to

22

00:01:16,340 --> 00:01:13,049

explain before I address the question of

23

00:01:18,560 --> 00:01:16,350

how to see a UFO let's back up briefly

24

00:01:21,830 --> 00:01:18,570

and look at a foundational question for

25

00:01:25,160 --> 00:01:21,840

this whole exercise and that is are UFOs

26

00:01:28,370 --> 00:01:25,170

real well the quick and dirty answer is

27

00:01:32,060 --> 00:01:28,380

of course UFOs are real I love to point

28

00:01:35,270 --> 00:01:32,070

out that UFOs are seen everyday by

29

00:01:38,930 --> 00:01:35,280

people from all walks of life all around

30

00:01:41,060 --> 00:01:38,940

the world UFOs have been and still are

31

00:01:43,430 --> 00:01:41,070

officially investigated by governments

32

00:01:45,830 --> 00:01:43,440

around the world you may have seen

33

00:01:47,930 --> 00:01:45,840

recent headlines about an official

34

00:01:50,270 --> 00:01:47,940

statement from the Pentagon announcing

35

00:01:52,700 --> 00:01:50,280

the official release of three UFO videos

36

00:01:57,260 --> 00:01:52,710

that contain mysterious objects it

37

00:02:01,130 --> 00:01:57,270

refers to you as unidentified yes UFOs

38

00:02:03,740 --> 00:02:01,140

are very real what are they well they're

39

00:02:06,289 --> 00:02:03,750

probably lots of different things could

40

00:02:08,749 --> 00:02:06,299

some be extraterrestrial craft yes

41

00:02:11,630 --> 00:02:08,759

that's always a possibility

42

00:02:14,000 --> 00:02:11,640

but here's the bottom line we have

43

00:02:17,720 --> 00:02:14,010

unknown objects flying around in our

44

00:02:19,789 --> 00:02:17,730

airspace that we can't identify and some

45

00:02:22,160 --> 00:02:19,799

of these objects display some pretty

46

00:02:24,289 --> 00:02:22,170

incredible flight characteristics moving

47

00:02:27,290 --> 00:02:24,299

in incredible speeds and seemingly

48

00:02:28,940 --> 00:02:27,300

defying the laws of physics it can be

49

00:02:29,480 --> 00:02:28,950

pretty exciting to see something like

50

00:02:32,600 --> 00:02:29,490

this

51
00:02:36,440 --> 00:02:32,610
so I definitely get the desire to see a

52
00:02:40,190 --> 00:02:36,450
UFO then back to the original question

53
00:02:43,040 --> 00:02:40,200
how do you see a UFO let's explore that

54
00:02:45,040 --> 00:02:43,050
today I'll go over four different ideas

55
00:02:48,860 --> 00:02:45,050
that have worked for people in the past

56
00:02:52,220 --> 00:02:48,870
first up is hot spots you may have heard

57
00:02:54,650 --> 00:02:52,230
the term UFO hot spots before and as the

58
00:02:57,160 --> 00:02:54,660
name indicates this is simply a location

59
00:02:59,510 --> 00:02:57,170
where lots of UFO sightings are reported

60
00:03:01,220 --> 00:02:59,520
there are currently two main UFO

61
00:03:04,520 --> 00:03:01,230
reporting agencies in the United States

62
00:03:06,700 --> 00:03:04,530
move on the mutual UFO network and new

63
00:03:09,320 --> 00:03:06,710

Fork the national UFO Reporting Center

64

00:03:11,300 --> 00:03:09,330

these are our best data sources to

65

00:03:14,180 --> 00:03:11,310

identify locations receiving greater

66

00:03:15,890 --> 00:03:14,190

numbers of UFO sighting reports I also

67

00:03:18,830 --> 00:03:15,900

suggest checking out Cheryl Costa and

68

00:03:21,440 --> 00:03:18,840

Linda Miller costes book UFO sightings

69

00:03:24,800 --> 00:03:21,450

Desk Reference it's filled with UFO

70

00:03:27,050 --> 00:03:24,810

sighting data and statistics what you've

71

00:03:29,780 --> 00:03:27,060

identified a UFO hotspot go spend some

72

00:03:32,450 --> 00:03:29,790

time there it stands a reason that your

73

00:03:35,000 --> 00:03:32,460

odds of seeing a UFO will increase if

74

00:03:38,150 --> 00:03:35,010

you go to a location where more UFOs are

75

00:03:42,890 --> 00:03:38,160

reported my next suggestion for how to

76
00:03:45,290 --> 00:03:42,900
see a UFO is walk your dog I know that

77
00:03:47,420 --> 00:03:45,300
sounds ridiculous and simplistic but I

78
00:03:49,670 --> 00:03:47,430
can't tell you how many UFO sighting

79
00:03:51,410 --> 00:03:49,680
stories I've heard or reports I've read

80
00:03:53,480 --> 00:03:51,420
that start out with the witness

81
00:03:56,560 --> 00:03:53,490
explaining that he or she was out

82
00:03:59,060 --> 00:03:56,570
walking the dog when they noticed a UFO

83
00:04:02,530 --> 00:03:59,070
there have also been indications that

84
00:04:06,020 --> 00:04:02,540
maybe dogs are UFO detectors of sorts

85
00:04:08,270 --> 00:04:06,030
okay it might be overreaching a bit but

86
00:04:10,640 --> 00:04:08,280
there are countless incidents where

87
00:04:13,640 --> 00:04:10,650
witnesses report dogs barking and/or

88
00:04:17,300 --> 00:04:13,650

behaving strangely before during and

89

00:04:20,420 --> 00:04:17,310

after UFO events spending more time with

90

00:04:22,540 --> 00:04:20,430

your dogs is always a good idea but try

91

00:04:25,940 --> 00:04:22,550

spending more time with them outside

92

00:04:28,520 --> 00:04:25,950

they're already your best friend but who

93

00:04:32,000 --> 00:04:28,530

knows maybe they'll be the best way to

94

00:04:35,120 --> 00:04:32,010

witness a UFO - okay the next suggestion

95

00:04:38,750 --> 00:04:35,130

for how to see a UFO isn't for everybody

96

00:04:41,570 --> 00:04:38,760

and I'm not even completely sure how I'd

97

00:04:42,579 --> 00:04:41,580

categorize it maybe something as simple

98

00:04:46,919 --> 00:04:42,589

as

99

00:04:49,269 --> 00:04:46,929

wish upon a star what do I mean by that

100

00:04:52,119 --> 00:04:49,279

there are varying ideas out there that

101
00:04:55,149 --> 00:04:52,129
on a very basic level are essentially

102
00:04:59,199 --> 00:04:55,159
the same concept and that is if you wish

103
00:05:01,209 --> 00:04:59,209
for it hard enough you'll see a UFO yes

104
00:05:03,309 --> 00:05:01,219
this is grossly oversimplifying this

105
00:05:05,559 --> 00:05:03,319
approach but that's the basics of it

106
00:05:08,759 --> 00:05:05,569
some believe that special forms of

107
00:05:10,959 --> 00:05:08,769
meditation can essentially call UFOs

108
00:05:14,349 --> 00:05:10,969
that you can communicate telepathically

109
00:05:16,689 --> 00:05:14,359
with extraterrestrials and ask them

110
00:05:20,109 --> 00:05:16,699
kindly to flip on their headlights for

111
00:05:22,389 --> 00:05:20,119
your amusement so to speak I'm not

112
00:05:25,089 --> 00:05:22,399
personally a proponent of this approach

113
00:05:27,129 --> 00:05:25,099

it sounds pretty strange to me to be

114

00:05:29,949 --> 00:05:27,139

completely fair I've never attempted it

115

00:05:32,769 --> 00:05:29,959

but it's something lots of people do you

116

00:05:35,799 --> 00:05:32,779

swear by so look into it if this is

117

00:05:38,169 --> 00:05:35,809

something that appeals to you finally

118

00:05:40,599 --> 00:05:38,179

I'll share my favorite suggestion for

119

00:05:46,899 --> 00:05:40,609

how to see a UFO and it's the one I

120

00:05:48,209 --> 00:05:46,909

share most often and that is look up can

121

00:05:51,039 --> 00:05:48,219

it really be as simple as that

122

00:05:53,499 --> 00:05:51,049

we know that UFOs are seen everyday all

123

00:05:55,769 --> 00:05:53,509

around the world UFOs are seen both

124

00:05:59,229 --> 00:05:55,779

during the day and during the night

125

00:06:02,019 --> 00:05:59,239

there is lots of stuff in the sky a lot

126
00:06:05,049 --> 00:06:02,029
we know about and plenty we don't know

127
00:06:08,799 --> 00:06:05,059
about how often in life do we allocate

128
00:06:11,649 --> 00:06:08,809
time to simply staring into the sky I'm

129
00:06:14,589 --> 00:06:11,659
sure some do but for most of us I

130
00:06:17,319 --> 00:06:14,599
suspect the answer is not often if at

131
00:06:19,719 --> 00:06:17,329
all the people walking their dogs who

132
00:06:21,759 --> 00:06:19,729
see UFOs just happen to be looking in

133
00:06:23,919 --> 00:06:21,769
the sky at the right time and not

134
00:06:27,729 --> 00:06:23,929
staring at their phones like most people

135
00:06:29,049 --> 00:06:27,739
I believe that if you really want to see

136
00:06:31,839 --> 00:06:29,059
a UFO for yourself

137
00:06:34,929 --> 00:06:31,849
investing time to actively scanning the

138
00:06:37,269 --> 00:06:34,939

skies is your best bet I've had plenty

139

00:06:39,059 --> 00:06:37,279

of good success with this method but

140

00:06:42,789 --> 00:06:39,069

it's definitely not for everybody

141

00:06:44,949 --> 00:06:42,799

staring into the sky for hours isn't the

142

00:06:48,429 --> 00:06:44,959

most exciting way to pass the time it

143

00:06:51,249 --> 00:06:48,439

requires lots of patience and in the end

144

00:06:53,319 --> 00:06:51,259

you might not see anything at all we

145

00:06:55,990 --> 00:06:53,329

give it a try if you're interested I'd

146

00:06:57,550 --> 00:06:56,000

be curious to hear how it goes for you

147

00:07:00,160 --> 00:06:57,560

well there you go those are four

148

00:07:02,410 --> 00:07:00,170

different ideas for how to see a UFO I

149

00:07:05,140 --> 00:07:02,420

hope one of these works for you in your

150

00:07:07,600 --> 00:07:05,150

personal search and I always love

151

00:07:10,210 --> 00:07:07,610

hearing UFO sighting stories if you do

152

00:07:12,310 --> 00:07:10,220

happen to see a UFO after trying one of

153

00:07:13,420 --> 00:07:12,320

these methods or if you've seen one in

154

00:07:15,840 --> 00:07:13,430

the past and you want to share your

155

00:07:19,960 --> 00:07:15,850

story you can always reach me by email

156

00:07:22,150 --> 00:07:19,970

that address is Jason at rogue planet TV

157

00:07:24,970 --> 00:07:22,160

you can also hit me up on Twitter at

158

00:07:28,390 --> 00:07:24,980

eccentric and on the UFO geek on

159

00:07:29,920 --> 00:07:28,400

Facebook thanks so much for taking time
