

UFO | QUICK  LOOK

 UFO 
Crash Retrievals!

 Sexy!

1
00:00:03,350 --> 00:00:01,589
someone in a recent new york times

2
00:00:05,829 --> 00:00:03,360
article made the bold claim

3
00:00:07,749 --> 00:00:05,839
that not only have ufos crashed on earth

4
00:00:09,669 --> 00:00:07,759
but materials from these crashes

5
00:00:16,960 --> 00:00:09,679
have been collected and studied by

6
00:00:26,470 --> 00:00:16,970
unnamed groups

7
00:00:28,230 --> 00:00:26,480
[Music]

8
00:00:30,470 --> 00:00:28,240
i'm jason and today we're taking a quick

9
00:00:32,870 --> 00:00:30,480
look at ufo crash retrievals

10
00:00:34,310 --> 00:00:32,880
on july 23 2020 the new york times

11
00:00:36,630 --> 00:00:34,320
published an article titled

12
00:00:39,030 --> 00:00:36,640
no longer in the shadows pentagon's ufo

13
00:00:40,790 --> 00:00:39,040

unit will make some findings public

14

00:00:42,310 --> 00:00:40,800

the article's authors leslie kane and

15

00:00:44,069 --> 00:00:42,320

ralph blumenthal point out

16

00:00:46,389 --> 00:00:44,079

that former senate majority leader harry

17

00:00:47,590 --> 00:00:46,399

reid believes the crashes of objects of

18

00:00:49,350 --> 00:00:47,600

unknown origin

19

00:00:51,110 --> 00:00:49,360

may have occurred and that retrieved

20

00:00:52,630 --> 00:00:51,120

materials should be studied

21

00:00:54,869 --> 00:00:52,640

reed has mentioned this a couple times

22

00:00:55,830 --> 00:00:54,879

to klas investigative reporter george

23

00:00:59,990 --> 00:00:55,840

knapp

24

00:01:03,029 --> 00:01:00,000

some people say that there are some

25

00:01:05,750 --> 00:01:03,039

public corporations that have uh

26

00:01:07,190 --> 00:01:05,760

materials that we should look at now i

27

00:01:09,510 --> 00:01:07,200

wanted to make sure

28

00:01:11,270 --> 00:01:09,520

that that was valid or not valid but i

29

00:01:12,710 --> 00:01:11,280

couldn't get they would

30

00:01:14,469 --> 00:01:12,720

defense department wouldn't approve it

31

00:01:15,030 --> 00:01:14,479

the titans article also mentions eric

32

00:01:17,510 --> 00:01:15,040

davis

33

00:01:19,109 --> 00:01:17,520

a former pentagon subcontractor who says

34

00:01:21,030 --> 00:01:19,119

he gave a classified briefing to a

35

00:01:21,590 --> 00:01:21,040

defense department agency as recently as

36

00:01:24,230 --> 00:01:21,600

march

37

00:01:26,149 --> 00:01:24,240

about retrievals from off-world vehicles

38

00:01:27,830 --> 00:01:26,159

not made on this earth

39

00:01:30,230 --> 00:01:27,840
davis was contracted by bigelow

40

00:01:32,310 --> 00:01:30,240
aerospace advanced space studies or bass

41

00:01:34,630 --> 00:01:32,320
a private organization owned by real

42

00:01:37,109 --> 00:01:34,640
estate and private space tycoon

43

00:01:38,469 --> 00:01:37,119
robert bigelow bass received a

44

00:01:40,630 --> 00:01:38,479
government contract to study

45

00:01:41,590 --> 00:01:40,640
all sorts of strange things including

46

00:01:44,230 --> 00:01:41,600
ufos

47

00:01:45,830 --> 00:01:44,240
back in december 2017 the new york times

48

00:01:47,830 --> 00:01:45,840
published an article that not only

49

00:01:49,670 --> 00:01:47,840
revealed this government-funded study

50

00:01:51,749 --> 00:01:49,680
but also reported that the company

51
00:01:53,270 --> 00:01:51,759
modified buildings in las vegas for the

52
00:01:55,510 --> 00:01:53,280
storage of metal alloys

53
00:01:56,950 --> 00:01:55,520
and other materials that mr elizondo and

54
00:01:58,310 --> 00:01:56,960
program contractors

55
00:02:00,870 --> 00:01:58,320
said had been recovered from

56
00:02:03,429 --> 00:02:00,880
unidentified aerial phenomena

57
00:02:05,510 --> 00:02:03,439
the mr elizondo mentioned here was also

58
00:02:06,230 --> 00:02:05,520
mentioned in the july 23 new york times

59
00:02:08,469 --> 00:02:06,240
article

60
00:02:10,150 --> 00:02:08,479
this is luis elizondo the former head of

61
00:02:11,510 --> 00:02:10,160
the pentagon's ufo project

62
00:02:13,270 --> 00:02:11,520
the advanced aerospace threat

63
00:02:15,270 --> 00:02:13,280

identification program

64

00:02:16,949 --> 00:02:15,280

the article says that mr elizondo is

65

00:02:18,869 --> 00:02:16,959

among a small group of former government

66

00:02:19,830 --> 00:02:18,879

officials and scientists with security

67

00:02:21,990 --> 00:02:19,840

clearances who

68

00:02:23,589 --> 00:02:22,000

without presenting physical proof say

69

00:02:24,949 --> 00:02:23,599

they are convinced that objects of

70

00:02:27,110 --> 00:02:24,959

undetermined origin

71

00:02:28,949 --> 00:02:27,120

have crashed on earth with materials

72

00:02:30,869 --> 00:02:28,959

retrieved for study

73

00:02:32,229 --> 00:02:30,879

that government-funded study was put in

74

00:02:34,630 --> 00:02:32,239

motion by harry reid

75

00:02:35,750 --> 00:02:34,640

who is a long-time friend of robert

76

00:02:37,589 --> 00:02:35,760

bigelow

77

00:02:40,150 --> 00:02:37,599

and the times points out that reid's

78

00:02:41,910 --> 00:02:40,160

interest in ufos came from mr bigelow

79

00:02:43,589 --> 00:02:41,920

so you can quickly start to see that a

80

00:02:44,790 --> 00:02:43,599

lot of these recent claims or recovered

81

00:02:47,910 --> 00:02:44,800

ufo crashes

82

00:02:49,589 --> 00:02:47,920

stem from a single source

83

00:02:51,670 --> 00:02:49,599

robert bigelow's interest in alleged

84

00:02:53,350 --> 00:02:51,680

alien materials is well documented

85

00:02:55,910 --> 00:02:53,360

and we know that to the star's academy

86

00:02:56,229 --> 00:02:55,920

of arts and science is actively engaged

87

00:02:59,910 --> 00:02:56,239

in

88

00:03:01,670 --> 00:02:59,920

elizondo

89

00:03:03,830 --> 00:03:01,680

is currently the director of government

90

00:03:04,949 --> 00:03:03,840

programs and services at this company

91

00:03:06,949 --> 00:03:04,959

and chris mellon

92

00:03:08,710 --> 00:03:06,959

the former deputy assistant secretary of

93

00:03:11,509 --> 00:03:08,720

defense for intelligence

94

00:03:13,589 --> 00:03:11,519

serves on the advisory board for ttsa

95

00:03:15,430 --> 00:03:13,599

millen was asked by cnn recently to

96

00:03:16,550 --> 00:03:15,440

share his thoughts about eric davis

97

00:03:18,630 --> 00:03:16,560

statements

98

00:03:20,630 --> 00:03:18,640

i was quoting eric davis i know you're

99

00:03:22,550 --> 00:03:20,640

familiar with his work when i read that

100

00:03:24,949 --> 00:03:22,560

that uh new york times paragraph a

101
00:03:25,670 --> 00:03:24,959
moment ago do you believe that there are

102
00:03:28,229 --> 00:03:25,680
objects

103
00:03:29,190 --> 00:03:28,239
in our possession broadly defined our

104
00:03:31,190 --> 00:03:29,200
possession

105
00:03:33,670 --> 00:03:31,200
that are from something other than this

106
00:03:35,589 --> 00:03:33,680
earth

107
00:03:38,149 --> 00:03:35,599
what i will say about that is that i

108
00:03:39,430 --> 00:03:38,159
think that assertion should be taken

109
00:03:43,030 --> 00:03:39,440
seriously

110
00:03:47,110 --> 00:03:43,040
um i i'm aware i know eric very well

111
00:03:50,229 --> 00:03:47,120
um i understand his arguments i was

112
00:03:53,509 --> 00:03:50,239
present in his briefings on the hill

113
00:03:54,630 --> 00:03:53,519

and he tried to provide some leads for

114

00:03:56,710 --> 00:03:54,640

them to follow

115

00:03:58,630 --> 00:03:56,720

to enable them potentially to confirm

116

00:04:00,309 --> 00:03:58,640

this

117

00:04:02,630 --> 00:04:00,319

it is an issue that should be taken

118

00:04:05,030 --> 00:04:02,640

seriously in the new york times article

119

00:04:06,550 --> 00:04:05,040

the authors cautiously and responsibly

120

00:04:08,949 --> 00:04:06,560

added statements like

121

00:04:11,030 --> 00:04:08,959

in some cases earthly explanations have

122

00:04:12,070 --> 00:04:11,040

been found for previously unexplained

123

00:04:14,070 --> 00:04:12,080

incidents

124

00:04:15,750 --> 00:04:14,080

even lacking a plausible terrestrial

125

00:04:17,590 --> 00:04:15,760

explanation does not

126
00:04:19,909 --> 00:04:17,600
make an extraterrestrial one the most

127
00:04:22,469 --> 00:04:19,919
likely astrophysicists say

128
00:04:23,990 --> 00:04:22,479
and no crash artifacts have been

129
00:04:25,189 --> 00:04:24,000
publicly produced for independent

130
00:04:27,510 --> 00:04:25,199
verification

131
00:04:28,790 --> 00:04:27,520
some retrieved objects such as unusual

132
00:04:30,629 --> 00:04:28,800
metallic fragments

133
00:04:32,790 --> 00:04:30,639
were later identified from laboratory

134
00:04:35,270 --> 00:04:32,800
studies as man-made

135
00:04:37,749 --> 00:04:35,280
this is good responsible objective

136
00:04:39,510 --> 00:04:37,759
journalism on the part of the authors

137
00:04:41,030 --> 00:04:39,520
but don't misinterpret this as saying

138
00:04:42,629 --> 00:04:41,040

there's nothing noteworthy to look at

139

00:04:44,070 --> 00:04:42,639

when it comes to the subject of ufo

140

00:04:45,749 --> 00:04:44,080

crash retrievals

141

00:04:47,590 --> 00:04:45,759

also don't think that this is some new

142

00:04:49,670 --> 00:04:47,600

sexy angle being added to the ufo

143

00:04:51,270 --> 00:04:49,680

discussion

144

00:04:54,550 --> 00:04:51,280

crash retrievals have always been part

145

00:04:55,030 --> 00:04:54,560

of ufo lore the 1947 roswell ufo

146

00:04:57,590 --> 00:04:55,040

incident

147

00:04:58,310 --> 00:04:57,600

is a prime example it is just one of so

148

00:04:59,590 --> 00:04:58,320

many

149

00:05:02,150 --> 00:04:59,600

so much has been written on crash

150

00:05:03,430 --> 00:05:02,160

retrievals and it is its own subset of

151

00:05:05,749 --> 00:05:03,440

ufo research

152

00:05:06,950 --> 00:05:05,759

it's a really fascinating topic and i

153

00:05:09,189 --> 00:05:06,960

get into it a bit more

154

00:05:11,029 --> 00:05:09,199

on this episode of the ufo podcast
