

04.21

UFO

Happy Hour

1
00:00:00,310 --> 00:00:04,309

[Music]

2
00:00:08,950 --> 00:00:05,829
greetings to all the lovers of the

3
00:00:08,960 --> 00:00:12,470
the sky watchers of the night

4
00:00:35,830 --> 00:00:16,500
hello citizens and welcome to unknown

5
00:00:37,590 --> 00:00:35,840
[Music]

6
00:00:38,869 --> 00:00:37,600
i'm jason mcclellan i'm here with my

7
00:00:40,869 --> 00:00:38,879
favorite people today

8
00:00:43,430 --> 00:00:40,879
maureen ellsberry ryan sprague shane

9
00:00:44,950 --> 00:00:43,440
hurd and i are all here for our monthly

10
00:00:46,869 --> 00:00:44,960
ufo happy hour

11
00:00:48,709 --> 00:00:46,879
thanks for hanging out with us and guys

12
00:00:49,590 --> 00:00:48,719
you know i i don't say it enough but i

13
00:00:52,069 --> 00:00:49,600

really do

14

00:00:53,029 --> 00:00:52,079

appreciate you guys making the time and

15

00:00:56,069 --> 00:00:53,039

i look forward to

16

00:00:58,790 --> 00:00:56,079

our monthly happy hour hangouts thanks

17

00:01:00,790 --> 00:00:58,800

for being here guys

18

00:01:01,830 --> 00:01:00,800

well the whole point of these is for us

19

00:01:04,149 --> 00:01:01,840

to get together

20

00:01:05,590 --> 00:01:04,159

and kind of look back at the stories

21

00:01:08,149 --> 00:01:05,600

that have made some headlines

22

00:01:09,429 --> 00:01:08,159

in uh the specific month and we're at

23

00:01:10,830 --> 00:01:09,439

the end of february here as we're

24

00:01:13,750 --> 00:01:10,840

recording this

25

00:01:15,990 --> 00:01:13,760

so as there always are a lot of ufo

26
00:01:18,870 --> 00:01:16,000
related stories that happened this month

27
00:01:19,830 --> 00:01:18,880
and so i guess looking back let's start

28
00:01:21,830 --> 00:01:19,840
at one that

29
00:01:23,749 --> 00:01:21,840
probably made the the biggest buzz and

30
00:01:25,270 --> 00:01:23,759
and the most headlines and certainly in

31
00:01:28,550 --> 00:01:25,280
the ufo community

32
00:01:31,109 --> 00:01:28,560
and that was about ufo debris

33
00:01:32,149 --> 00:01:31,119
and allegations that here we go again

34
00:01:35,510 --> 00:01:32,159
the pentagon

35
00:01:36,710 --> 00:01:35,520
admitted to us that they have ufo debris

36
00:01:39,990 --> 00:01:36,720
so shane you want to tell us about this

37
00:01:41,830 --> 00:01:40,000
story yeah there's a ufo researcher by

38
00:01:43,030 --> 00:01:41,840

the name of anthony brugalia and he

39

00:01:44,870 --> 00:01:43,040

posted a

40

00:01:47,270 --> 00:01:44,880

an article recently that was pretty

41

00:01:50,069 --> 00:01:47,280

sensational at least the headline on it

42

00:01:51,190 --> 00:01:50,079

and that was pentagon admits it has ufo

43

00:01:54,389 --> 00:01:51,200

debris

44

00:01:54,870 --> 00:01:54,399

releases test results and this was based

45

00:01:57,590 --> 00:01:54,880

on a

46

00:01:58,550 --> 00:01:57,600

foia article that he had submitted our

47

00:02:01,990 --> 00:01:58,560

foia request

48

00:02:04,149 --> 00:02:02,000

in 2017 and he got the information

49

00:02:06,069 --> 00:02:04,159

back let me just give you an excerpt

50

00:02:08,949 --> 00:02:06,079

from the beginning of the article

51
00:02:11,910 --> 00:02:08,959
it says a stunning admission by the u.s

52
00:02:13,830 --> 00:02:11,920
government that it possesses ufo debris

53
00:02:16,150 --> 00:02:13,840
was recently made in response to a

54
00:02:18,309 --> 00:02:16,160
freedom of information act request

55
00:02:19,350 --> 00:02:18,319
filed over three years ago by this

56
00:02:21,430 --> 00:02:19,360
author

57
00:02:23,190 --> 00:02:21,440
in a reply letter the u.s defense

58
00:02:26,390 --> 00:02:23,200
intelligence agency

59
00:02:28,710 --> 00:02:26,400
has ended decades of speculation by

60
00:02:31,910 --> 00:02:28,720
verifying that ufo material

61
00:02:35,270 --> 00:02:31,920
has indeed been recovered

62
00:02:39,110 --> 00:02:35,280
however his interpretation goes in

63
00:02:42,630 --> 00:02:39,120

to tie in the roswell crash its debris

64

00:02:45,670 --> 00:02:42,640

as well as robert bigelow

65

00:02:47,110 --> 00:02:45,680

you know asap and atip all of those

66

00:02:50,309 --> 00:02:47,120

organizations

67

00:02:51,509 --> 00:02:50,319

and he did receive some pretty

68

00:02:54,070 --> 00:02:51,519

interesting stuff though

69

00:02:54,790 --> 00:02:54,080

he he got uh technical reports five of

70

00:02:57,430 --> 00:02:54,800

them called

71

00:02:59,270 --> 00:02:57,440

durds and those have been actually the

72

00:03:01,830 --> 00:02:59,280

subject of discussion for a while

73

00:03:04,149 --> 00:03:01,840

allegedly there's like 38 of them

74

00:03:05,030 --> 00:03:04,159

uh they're supposed to exist and many

75

00:03:08,149 --> 00:03:05,040

feel that they're

76

00:03:10,390 --> 00:03:08,159

related directly to ufo recovery

77

00:03:13,190 --> 00:03:10,400

and and the the debris and the

78

00:03:16,390 --> 00:03:13,200

scientific you know analysis of that

79

00:03:17,190 --> 00:03:16,400

um and five were returned in this one uh

80

00:03:20,550 --> 00:03:17,200

one was about

81

00:03:21,430 --> 00:03:20,560

metallic glass another biomaterials and

82

00:03:23,509 --> 00:03:21,440

other

83

00:03:25,270 --> 00:03:23,519

materials for advanced aerospace

84

00:03:28,710 --> 00:03:25,280

platforms

85

00:03:29,190 --> 00:03:28,720

metallic spintronics and metamaterials

86

00:03:32,550 --> 00:03:29,200

for

87

00:03:34,470 --> 00:03:32,560

aerospace applications however

88

00:03:36,949 --> 00:03:34,480

there's already controversy regarding

89

00:03:39,190 --> 00:03:36,959

that interpretation

90

00:03:40,149 --> 00:03:39,200

that it's an admission by the dod and

91

00:03:43,509 --> 00:03:40,159

that's

92

00:03:45,030 --> 00:03:43,519

related to ufo or uap at all rather the

93

00:03:46,149 --> 00:03:45,040

argument is that they're related

94

00:03:49,830 --> 00:03:46,159

specifically

95

00:03:54,710 --> 00:03:49,840

to the aawsa program

96

00:03:57,509 --> 00:03:54,720

not roswell not uap not ufos just simply

97

00:03:58,789 --> 00:03:57,519

advanced aerospace technology and the

98

00:04:01,630 --> 00:03:58,799

primary objection

99

00:04:03,350 --> 00:04:01,640

comes from john greenwald of

100

00:04:05,190 --> 00:04:03,360

blackvault.com

101
00:04:06,710 --> 00:04:05,200
i think we all know john's a highly

102
00:04:09,589 --> 00:04:06,720
experienced

103
00:04:11,110 --> 00:04:09,599
foia requester and he feels that the

104
00:04:13,270 --> 00:04:11,120
most important part of it

105
00:04:15,350 --> 00:04:13,280
the durds is being ignored because of

106
00:04:17,189 --> 00:04:15,360
the sensationalistic

107
00:04:20,150 --> 00:04:17,199
implications of it being directly

108
00:04:23,189 --> 00:04:20,160
related to ufos or uap

109
00:04:24,469 --> 00:04:23,199
and so um they kind of had a little bit

110
00:04:27,510 --> 00:04:24,479
of an exchange

111
00:04:28,310 --> 00:04:27,520
john did a little video kind of talking

112
00:04:31,350 --> 00:04:28,320
about

113
00:04:31,990 --> 00:04:31,360

that point and then anthony came back

114

00:04:33,590 --> 00:04:32,000

with

115

00:04:35,749 --> 00:04:33,600

some comments i'll just read these two

116

00:04:38,390 --> 00:04:35,759

tweets first one is by

117

00:04:39,990 --> 00:04:38,400

anthony you said i wish you'd let me

118

00:04:41,909 --> 00:04:40,000

know that you're going to do a video

119

00:04:44,150 --> 00:04:41,919

critique of my article i would have been

120

00:04:46,070 --> 00:04:44,160

able to respond point by point

121

00:04:48,790 --> 00:04:46,080

you are misleading viewers by having

122

00:04:49,670 --> 00:04:48,800

them believe that the dia was responding

123

00:04:53,030 --> 00:04:49,680

to anything

124

00:04:53,749 --> 00:04:53,040

other than a very specific unambiguous

125

00:04:57,749 --> 00:04:53,759

request

126
00:05:01,270 --> 00:04:57,759
for test results on uap and ufo material

127
00:05:04,310 --> 00:05:01,280
held by bigelow aerospace

128
00:05:07,270 --> 00:05:04,320
the reply from the dia was to provide me

129
00:05:08,390 --> 00:05:07,280
technical reports on extraordinary

130
00:05:10,070 --> 00:05:08,400
materials

131
00:05:11,990 --> 00:05:10,080
no matter what you're implying it seems

132
00:05:14,230 --> 00:05:12,000
that the context in which i received the

133
00:05:16,950 --> 00:05:14,240
documents was in direct response

134
00:05:18,790 --> 00:05:16,960
to requests for information derived from

135
00:05:21,469 --> 00:05:18,800
recovered ufo debris

136
00:05:23,670 --> 00:05:21,479
and the testing of potentially

137
00:05:26,150 --> 00:05:23,680
extraterrestrial material

138
00:05:27,909 --> 00:05:26,160

you naively assume that such reports

139

00:05:31,189 --> 00:05:27,919

would actually reference

140

00:05:31,510 --> 00:05:31,199

aliens roswell etc it does not work that

141

00:05:33,270 --> 00:05:31,520

way

142

00:05:35,029 --> 00:05:33,280

and you're thinking that these technical

143

00:05:35,749 --> 00:05:35,039

reports would discuss such things in

144

00:05:37,990 --> 00:05:35,759

such a way

145

00:05:39,510 --> 00:05:38,000

shows that you do not have a true grasp

146

00:05:42,150 --> 00:05:39,520

of material science and

147

00:05:45,110 --> 00:05:42,160

engineering studies my requests for

148

00:05:47,350 --> 00:05:45,120

documents were for the aerospace

149

00:05:48,230 --> 00:05:47,360

advanced aerospace threat identification

150

00:05:51,430 --> 00:05:48,240

program

151
00:05:52,950 --> 00:05:51,440
but there's deliberate obfuscation and

152
00:05:56,390 --> 00:05:52,960
purposeful confusion

153
00:05:59,510 --> 00:05:56,400
coming from the dia the program operated

154
00:06:02,550 --> 00:05:59,520
earlier under another name

155
00:06:04,550 --> 00:06:02,560
and that was aawsa and the documents are

156
00:06:07,590 --> 00:06:04,560
stamped with this program rather than

157
00:06:09,590 --> 00:06:07,600
atip this allows the dia to claim the

158
00:06:11,590 --> 00:06:09,600
studies related to an advanced military

159
00:06:15,029 --> 00:06:11,600
weapons program for defense

160
00:06:17,189 --> 00:06:15,039
rather than to an aero program

161
00:06:18,070 --> 00:06:17,199
identifying possible threats from outer

162
00:06:20,150 --> 00:06:18,080
space

163
00:06:21,670 --> 00:06:20,160

and the associated retrieval of flying

164

00:06:23,670 --> 00:06:21,680

saucer material

165

00:06:26,150 --> 00:06:23,680

i've contacted two of the scientist

166

00:06:26,469 --> 00:06:26,160

authors what they say will be reported

167

00:06:28,790 --> 00:06:26,479

on

168

00:06:29,590 --> 00:06:28,800

in a future article this was not a

169

00:06:31,590 --> 00:06:29,600

mistake

170

00:06:33,990 --> 00:06:31,600

on the part of the dia and provided me

171

00:06:37,350 --> 00:06:34,000

with those reports

172

00:06:39,270 --> 00:06:37,360

so here's john's response actually i did

173

00:06:41,430 --> 00:06:39,280

not feel the need to contact you you

174

00:06:44,390 --> 00:06:41,440

published your foia request

175

00:06:45,430 --> 00:06:44,400

and the foia response in full that was

176

00:06:47,590 --> 00:06:45,440

all i needed

177

00:06:49,749 --> 00:06:47,600

i specifically addressed your foia and

178

00:06:51,909 --> 00:06:49,759

the fact that your line item number five

179

00:06:54,230 --> 00:06:51,919

likely triggered them to have the five

180

00:06:56,629 --> 00:06:54,240

responsive documents they did

181

00:06:58,150 --> 00:06:56,639

nothing else i've worked with the dia

182

00:07:01,270 --> 00:06:58,160

for foia

183

00:07:03,110 --> 00:07:01,280

for nearly 25 years and have learned how

184

00:07:05,350 --> 00:07:03,120

they respond to requests which echoes

185

00:07:07,189 --> 00:07:05,360

out of many foia offices the reports

186

00:07:08,150 --> 00:07:07,199

were close to your item five and they

187

00:07:11,189 --> 00:07:08,160

were given

188

00:07:14,230 --> 00:07:11,199

an unclassified or for official

189

00:07:16,070 --> 00:07:14,240

use only stamps they release them to

190

00:07:17,749 --> 00:07:16,080

address your line item

191

00:07:19,589 --> 00:07:17,759

for you to imply that any of that is

192

00:07:22,070 --> 00:07:19,599

connected to uap debris

193

00:07:23,749 --> 00:07:22,080

is misleading at best in addition there

194

00:07:24,469 --> 00:07:23,759

are many things your article i did not

195

00:07:26,309 --> 00:07:24,479

address

196

00:07:28,309 --> 00:07:26,319

as a courtesy that i wasn't trying to

197

00:07:29,510 --> 00:07:28,319

attack you rather to address the foia

198

00:07:31,029 --> 00:07:29,520

material

199

00:07:32,629 --> 00:07:31,039

however for you to have an entire

200

00:07:33,990 --> 00:07:32,639

section about how reports had been

201
00:07:36,309 --> 00:07:34,000
released before

202
00:07:38,469 --> 00:07:36,319
and how you were confused on why they

203
00:07:40,469 --> 00:07:38,479
would redact the names you again

204
00:07:42,390 --> 00:07:40,479
yet again is misleading and factually

205
00:07:43,270 --> 00:07:42,400
incorrect you fail to inform your

206
00:07:46,710 --> 00:07:43,280
readers that

207
00:07:49,430 --> 00:07:46,720
those were unauthorized leaks of fo

208
00:07:50,950 --> 00:07:49,440
duo material they were never officially

209
00:07:52,869 --> 00:07:50,960
released so your entire section with

210
00:07:55,029 --> 00:07:52,879
your accusation is also

211
00:07:56,790 --> 00:07:55,039
wrong there plain and simple not a

212
00:08:00,230 --> 00:07:56,800
single page of your release has anything

213
00:08:03,029 --> 00:08:00,240

to do with uaps ufos aliens or fairies

214

00:08:05,189 --> 00:08:03,039

they coincide with what asap was about

215

00:08:07,510 --> 00:08:05,199

and to have a headline with the content

216

00:08:09,830 --> 00:08:07,520

such as yours is entirely misleading and

217

00:08:11,430 --> 00:08:09,840

does this build zero favors

218

00:08:13,110 --> 00:08:11,440

there are other factual errors in your

219

00:08:13,830 --> 00:08:13,120

article which i would recommend you bet

220

00:08:15,670 --> 00:08:13,840

again

221

00:08:17,589 --> 00:08:15,680

i'm not here to attack you but rather to

222

00:08:18,469 --> 00:08:17,599

put the foia documents in the proper

223

00:08:21,110 --> 00:08:18,479

context

224

00:08:23,749 --> 00:08:21,120

i'm sorry to say your article did not

225

00:08:25,909 --> 00:08:23,759

you had a story with what you got

226

00:08:26,950 --> 00:08:25,919

meaning the durds but tainted the

227

00:08:29,270 --> 00:08:26,960

importance

228

00:08:30,390 --> 00:08:29,280

as it's now overshadowed by speculation

229

00:08:32,389 --> 00:08:30,400

and false claim

230

00:08:34,389 --> 00:08:32,399

that's not my opinion but rather a fact

231

00:08:37,350 --> 00:08:34,399

that the documents you show

232

00:08:38,709 --> 00:08:37,360

do not violate a single claim of your

233

00:08:41,909 --> 00:08:38,719

ufo crash

234

00:08:45,030 --> 00:08:41,919

debris and analysis claims i

235

00:08:46,710 --> 00:08:45,040

stand by my video so i'm certain there's

236

00:08:47,590 --> 00:08:46,720

going to be more to this story as time

237

00:08:51,110 --> 00:08:47,600

goes by but

238

00:08:52,150 --> 00:08:51,120

imagine that controversy with ufo

239

00:08:54,310 --> 00:08:52,160

information

240

00:08:56,630 --> 00:08:54,320

but i think we've all seen that tendency

241

00:08:58,389 --> 00:08:56,640

to sensationalize stuff

242

00:09:00,389 --> 00:08:58,399

and it's something we constantly have to

243

00:09:02,550 --> 00:09:00,399

battle so um

244

00:09:05,030 --> 00:09:02,560

but you know given nothing's ever black

245

00:09:06,710 --> 00:09:05,040

and white with ufos i'm sure

246

00:09:09,269 --> 00:09:06,720

you know we're gonna have to hear more

247

00:09:12,070 --> 00:09:09,279

and it's left up to us to

248

00:09:13,750 --> 00:09:12,080

you know form our opinion until that

249

00:09:17,910 --> 00:09:13,760

gets sorted from fiction

250

00:09:20,550 --> 00:09:17,920

you know yeah the clowns are out

251

00:09:21,430 --> 00:09:20,560

closer no but i you know this is tough

252

00:09:24,230 --> 00:09:21,440

because like

253

00:09:24,630 --> 00:09:24,240

you know everyone likes a a good drama

254

00:09:27,590 --> 00:09:24,640

like

255

00:09:29,829 --> 00:09:27,600

exchange and they're both telling each

256

00:09:32,389 --> 00:09:29,839

other that they're both being misleading

257

00:09:33,910 --> 00:09:32,399

which is hard because you know uh

258

00:09:36,150 --> 00:09:33,920

bragalia got some

259

00:09:37,430 --> 00:09:36,160

really interesting stuff that's never

260

00:09:40,870 --> 00:09:37,440

been made public before

261

00:09:43,030 --> 00:09:40,880

which is awesome but the issue being

262

00:09:44,310 --> 00:09:43,040

it has nothing to do with uap as far as

263

00:09:47,430 --> 00:09:44,320

we know um i

264

00:09:49,590 --> 00:09:47,440

understand why he would assume that

265

00:09:50,870 --> 00:09:49,600

if he did put a request in for

266

00:09:53,509 --> 00:09:50,880

information on uap

267

00:09:54,310 --> 00:09:53,519

material and this is what they gave him

268

00:09:57,030 --> 00:09:54,320

i could see

269

00:09:58,949 --> 00:09:57,040

why his brain would go that way but then

270

00:10:00,870 --> 00:09:58,959

to put out an article with a headline

271

00:10:02,310 --> 00:10:00,880

saying the government's studying the

272

00:10:05,190 --> 00:10:02,320

material at roswell

273

00:10:06,710 --> 00:10:05,200

like there is a huge gap between those

274

00:10:09,590 --> 00:10:06,720

two you cannot connect

275

00:10:10,710 --> 00:10:09,600

those dots so simply so i mean calling

276

00:10:13,110 --> 00:10:10,720

john misleading

277

00:10:13,750 --> 00:10:13,120

is extremely hypocritical in this sense

278

00:10:16,790 --> 00:10:13,760

um

279

00:10:18,550 --> 00:10:16,800

and john can be harsh and you know a lot

280

00:10:20,550 --> 00:10:18,560

of people hate him for that but i think

281

00:10:21,670 --> 00:10:20,560

the videos he put out were very clear

282

00:10:23,990 --> 00:10:21,680

very concise

283

00:10:25,190 --> 00:10:24,000

and he spoke to hal put off the guy who

284

00:10:28,389 --> 00:10:25,200

actually put

285

00:10:30,470 --> 00:10:28,399

you know the requests for those dirds

286

00:10:33,350 --> 00:10:30,480

in so that's really important too we

287

00:10:33,910 --> 00:10:33,360

know who filed the original dirts and

288

00:10:35,990 --> 00:10:33,920

everything

289

00:10:37,590 --> 00:10:36,000

so yeah that's that's my take on it i

290

00:10:39,110 --> 00:10:37,600

think it's like you said there's no

291

00:10:41,509 --> 00:10:39,120

black and white on this but

292

00:10:42,150 --> 00:10:41,519

his headline was extremely misleading

293

00:10:44,710 --> 00:10:42,160

and of course

294

00:10:46,710 --> 00:10:44,720

that's what all the sensational

295

00:10:47,190 --> 00:10:46,720

newspapers and news sites were picking

296

00:10:49,190 --> 00:10:47,200

up on

297

00:10:51,509 --> 00:10:49,200

and that does not do our field any

298

00:10:53,430 --> 00:10:51,519

service no and you you have to know that

299

00:10:55,350 --> 00:10:53,440

and especially you know a lot of us have

300

00:10:58,230 --> 00:10:55,360

backgrounds in journalism

301
00:10:59,990 --> 00:10:58,240
of that just screams that you were

302
00:11:03,030 --> 00:11:00,000
trying to

303
00:11:05,350 --> 00:11:03,040
a put false narrative out there just

304
00:11:06,790 --> 00:11:05,360
claiming those views basically like i

305
00:11:08,230 --> 00:11:06,800
know if i write it like this

306
00:11:10,389 --> 00:11:08,240
this is going to be picked up and go

307
00:11:13,509 --> 00:11:10,399
viral um and again

308
00:11:13,990 --> 00:11:13,519
like you said it's it's a disservice we

309
00:11:16,550 --> 00:11:14,000
need to be

310
00:11:17,190 --> 00:11:16,560
very blatant with with facts and

311
00:11:20,150 --> 00:11:17,200
research

312
00:11:21,030 --> 00:11:20,160
and also put in objectivity into

313
00:11:22,949 --> 00:11:21,040

everything

314

00:11:25,910 --> 00:11:22,959

otherwise it just comes off as another

315

00:11:28,310 --> 00:11:25,920

crazy ufo researcher throwing out some

316

00:11:29,190 --> 00:11:28,320

some information in it shadows like you

317

00:11:31,590 --> 00:11:29,200

said the the

318

00:11:32,389 --> 00:11:31,600

importance and the coolness of the durds

319

00:11:38,389 --> 00:11:32,399

and

320

00:11:41,670 --> 00:11:38,399

given to him from this foia request

321

00:11:44,389 --> 00:11:41,680

it's it's really just that

322

00:11:46,550 --> 00:11:44,399

one mistake you make that can carry and

323

00:11:49,670 --> 00:11:46,560

and sensationalize that so much

324

00:11:51,430 --> 00:11:49,680

and so that's unfortunate um

325

00:11:52,790 --> 00:11:51,440

and we we all just need to do our due

326

00:11:55,990 --> 00:11:52,800

diligence and i do

327

00:12:00,069 --> 00:11:56,000

appreciate john's response i think

328

00:12:03,110 --> 00:12:00,079

he was was uh was kind

329

00:12:06,230 --> 00:12:03,120

yeah so to speak in how he did it

330

00:12:07,910 --> 00:12:06,240

how he went about it for john yeah so

331

00:12:09,269 --> 00:12:07,920

we'll see but yeah like you said it's

332

00:12:11,269 --> 00:12:09,279

it's not the end of this

333

00:12:13,030 --> 00:12:11,279

this debate and i think this this plays

334

00:12:14,550 --> 00:12:13,040

into a lot of other things going on in

335

00:12:17,269 --> 00:12:14,560

the field right now too

336

00:12:18,389 --> 00:12:17,279

that we'll touch on later as well but i

337

00:12:21,269 --> 00:12:18,399

think uh

338

00:12:23,110 --> 00:12:21,279

you know john's response and insight

339

00:12:25,190 --> 00:12:23,120

into this particular instance

340

00:12:26,230 --> 00:12:25,200

instance is extremely valuable because

341

00:12:27,829 --> 00:12:26,240

of john's background

342

00:12:30,710 --> 00:12:27,839

john's intimate knowledge with this

343

00:12:33,030 --> 00:12:30,720

process and i encourage people to

344

00:12:34,710 --> 00:12:33,040

go on the black vault and read the

345

00:12:36,069 --> 00:12:34,720

article that john wrote about this or

346

00:12:37,750 --> 00:12:36,079

watch on his youtube channel the

347

00:12:38,310 --> 00:12:37,760

explanation that he provides because he

348

00:12:41,430 --> 00:12:38,320

does

349

00:12:44,870 --> 00:12:41,440

explain very convincingly

350

00:12:47,350 --> 00:12:44,880

and you know responsibly though

351
00:12:48,470 --> 00:12:47,360
the reason why there would be the type

352
00:12:52,310 --> 00:12:48,480
of response

353
00:12:55,910 --> 00:12:52,320
that anthony did get specific wordings

354
00:12:58,629 --> 00:12:55,920
specific um expedited requests

355
00:13:00,389 --> 00:12:58,639
that would merit the response that was

356
00:13:02,470 --> 00:13:00,399
given

357
00:13:05,190 --> 00:13:02,480
and another big problem i have with the

358
00:13:06,629 --> 00:13:05,200
the assumptions being made here

359
00:13:08,230 --> 00:13:06,639
are the problems that i have with a lot

360
00:13:10,310 --> 00:13:08,240
of people i think there's this this

361
00:13:13,670 --> 00:13:10,320
weird thing that's accepted

362
00:13:17,509 --> 00:13:13,680
um in some parts of the ufo research

363
00:13:20,710 --> 00:13:17,519

community and that is this

364

00:13:22,790 --> 00:13:20,720

this just acceptance of

365

00:13:24,069 --> 00:13:22,800

reading between the lines like that's an

366

00:13:26,230 --> 00:13:24,079

actual thing or

367

00:13:27,110 --> 00:13:26,240

that actually works in a scientific

368

00:13:29,990 --> 00:13:27,120

study

369

00:13:30,949 --> 00:13:30,000

like we can't go down that that line of

370

00:13:32,949 --> 00:13:30,959

thinking of saying

371

00:13:33,990 --> 00:13:32,959

well we didn't we didn't get the answer

372

00:13:36,870 --> 00:13:34,000

we wanted

373

00:13:38,310 --> 00:13:36,880

so we'll pretend that we did by reading

374

00:13:39,750 --> 00:13:38,320

between the lines because that's where

375

00:13:41,509 --> 00:13:39,760

all the real information is it's just

376

00:13:42,949 --> 00:13:41,519

it's ridiculous and like you said it

377

00:13:44,069 --> 00:13:42,959

just makes the whole thing seem

378

00:13:47,350 --> 00:13:44,079

ridiculous

379

00:13:47,990 --> 00:13:47,360

and it muddies anything possibly

380

00:13:50,310 --> 00:13:48,000

interesting

381

00:13:51,110 --> 00:13:50,320

that was generated from those requests

382

00:13:53,110 --> 00:13:51,120

like you said

383

00:13:55,350 --> 00:13:53,120

it it shifts the attention somewhere

384

00:13:59,269 --> 00:13:55,360

else where the attention doesn't belong

385

00:14:01,829 --> 00:13:59,279

and i mean for anthony it seems weird

386

00:14:03,990 --> 00:14:01,839

also to always bring it back to roswell

387

00:14:06,310 --> 00:14:04,000

especially since there's some really bad

388

00:14:08,870 --> 00:14:06,320

roswell baggage there to begin with

389

00:14:10,470 --> 00:14:08,880

talking about the roswell slides so i

390

00:14:13,189 --> 00:14:10,480

mean i would have left out the roswell

391

00:14:15,509 --> 00:14:13,199

comparison altogether but that's just me

392

00:14:17,189 --> 00:14:15,519

but yeah i think the whole thing seems

393

00:14:19,110 --> 00:14:17,199

silly and

394

00:14:20,949 --> 00:14:19,120

it doesn't do anybody any favors to go

395

00:14:23,829 --> 00:14:20,959

down that line of thinking

396

00:14:24,710 --> 00:14:23,839

anytime you have to start connecting

397

00:14:26,470 --> 00:14:24,720

dots

398

00:14:28,230 --> 00:14:26,480

i think that's a red flag already

399

00:14:29,030 --> 00:14:28,240

because you're going to have to make

400

00:14:34,870 --> 00:14:29,040

assumptions

401
00:14:35,509 --> 00:14:34,880
that's just sort of a dangerous tact to

402
00:14:38,150 --> 00:14:35,519
take and

403
00:14:39,829 --> 00:14:38,160
you know and again i know professional

404
00:14:41,670 --> 00:14:39,839
journalists kind of you know they get

405
00:14:43,430 --> 00:14:41,680
that and they're careful with that but

406
00:14:45,430 --> 00:14:43,440
and the other thing i would just say is

407
00:14:46,629 --> 00:14:45,440
i would always defer to john when it

408
00:14:49,430 --> 00:14:46,639
came to

409
00:14:50,949 --> 00:14:49,440
foyer request and the wording because

410
00:14:54,069 --> 00:14:50,959
that is literally some

411
00:14:56,790 --> 00:14:54,079
it's a game that's played you know

412
00:14:57,750 --> 00:14:56,800
it it's wordsmithing and it it's it's

413
00:15:00,069 --> 00:14:57,760

all this stuff

414

00:15:01,350 --> 00:15:00,079

and like in john's video i thought it

415

00:15:03,189 --> 00:15:01,360

was really good about

416

00:15:04,790 --> 00:15:03,199

you know kind of explaining that little

417

00:15:07,030 --> 00:15:04,800

bit of a game that goes on

418

00:15:09,269 --> 00:15:07,040

with the wording and you know you have

419

00:15:09,910 --> 00:15:09,279

to understand it but that only comes

420

00:15:11,590 --> 00:15:09,920

with

421

00:15:13,030 --> 00:15:11,600

experience you know like he was

422

00:15:15,110 --> 00:15:13,040

identifying things where

423

00:15:16,870 --> 00:15:15,120

you know the the their response is

424

00:15:19,829 --> 00:15:16,880

usually cut and paste and

425

00:15:21,829 --> 00:15:19,839

you know certain phrases and words are

426
00:15:23,590 --> 00:15:21,839
actually a clue to something else and

427
00:15:26,310 --> 00:15:23,600
if you don't know that and you know i'm

428
00:15:28,870 --> 00:15:26,320
not criticizing anthony on that part but

429
00:15:29,829 --> 00:15:28,880
you know it it always has to be

430
00:15:33,030 --> 00:15:29,839
interpreted

431
00:15:33,590 --> 00:15:33,040
what you get back in a foia and you know

432
00:15:35,910 --> 00:15:33,600
you

433
00:15:37,749 --> 00:15:35,920
that interpretation correct

434
00:15:40,069 --> 00:15:37,759
interpretation has to come from

435
00:15:40,949 --> 00:15:40,079
experience as well so and i just thought

436
00:15:43,509 --> 00:15:40,959
this was

437
00:15:45,430 --> 00:15:43,519
one of those scenarios where boy it

438
00:15:47,189 --> 00:15:45,440

would have been wise to tread a little

439

00:15:48,949 --> 00:15:47,199

more carefully and let this thing

440

00:15:50,870 --> 00:15:48,959

organically grow

441

00:15:53,110 --> 00:15:50,880

and not you know blessed out of the gate

442

00:15:55,269 --> 00:15:53,120

with that whole sensationalistic type

443

00:15:56,470 --> 00:15:55,279

type presentation i thought you were

444

00:15:59,189 --> 00:15:56,480

going to go into the

445

00:15:59,829 --> 00:15:59,199

assume makes an ass out of you and me uh

446

00:16:04,389 --> 00:15:59,839

route their

447

00:16:10,470 --> 00:16:09,269

i like cliches but not that much

448

00:16:12,389 --> 00:16:10,480

well you know we're certainly not

449

00:16:15,269 --> 00:16:12,399

getting away from discussion

450

00:16:17,189 --> 00:16:15,279

and speculation about ufo materials

451
00:16:18,790 --> 00:16:17,199
that's a hot issue

452
00:16:21,030 --> 00:16:18,800
right now and it's going to continue to

453
00:16:24,069 --> 00:16:21,040
be especially throughout this year

454
00:16:26,790 --> 00:16:24,079
no question about that and you know

455
00:16:28,150 --> 00:16:26,800
we heard more of that this month one of

456
00:16:30,310 --> 00:16:28,160
our favorite people robert bigelow has

457
00:16:32,150 --> 00:16:30,320
been popping up in headlines this month

458
00:16:34,230 --> 00:16:32,160
because he's been promoting his latest

459
00:16:35,749 --> 00:16:34,240
effort focused on exploring the unknown

460
00:16:38,150 --> 00:16:35,759
and that is this time being

461
00:16:39,910 --> 00:16:38,160
consciousness and surviving death

462
00:16:41,990 --> 00:16:39,920
and of course bigelow has a long and

463
00:16:44,389 --> 00:16:42,000

legendary career investigating

464

00:16:46,310 --> 00:16:44,399

and even facilitating the research of

465

00:16:49,590 --> 00:16:46,320

various paranormal phenomena

466

00:16:51,990 --> 00:16:49,600

so naturally in recent interviews

467

00:16:52,710 --> 00:16:52,000

robert bigelow's ufo research has come

468

00:16:54,870 --> 00:16:52,720

up

469

00:16:56,790 --> 00:16:54,880

and you probably remember the notable

470

00:16:57,990 --> 00:16:56,800

new york times article from december 16

471

00:17:00,790 --> 00:16:58,000

19 or

472

00:17:02,230 --> 00:17:00,800

2017 that revealed the pentagon's ufo

473

00:17:04,630 --> 00:17:02,240

program a tip

474

00:17:06,949 --> 00:17:04,640

and also described buildings being

475

00:17:07,829 --> 00:17:06,959

modified at bigelow aerospace to house

476

00:17:10,150 --> 00:17:07,839

materials from

477

00:17:12,230 --> 00:17:10,160

recovered ufos but now we're getting

478

00:17:15,590 --> 00:17:12,240

clarification from bigelow himself

479

00:17:17,750 --> 00:17:15,600

about this housing ufo material thing

480

00:17:19,110 --> 00:17:17,760

in recent interviews with investigative

481

00:17:21,270 --> 00:17:19,120

journalist george knapp

482

00:17:22,870 --> 00:17:21,280

bigelow explains that they never had any

483

00:17:25,029 --> 00:17:22,880

ufo material

484

00:17:27,510 --> 00:17:25,039

and you know bigelow was recently on the

485

00:17:30,390 --> 00:17:27,520

joe rogan podcast as well

486

00:17:32,070 --> 00:17:30,400

and you know again saying that never had

487

00:17:34,549 --> 00:17:32,080

any material

488

00:17:35,350 --> 00:17:34,559

so this is all you know kind of coming

489

00:17:37,909 --> 00:17:35,360

back around

490

00:17:38,950 --> 00:17:37,919

where i think a lot of people were under

491

00:17:40,870 --> 00:17:38,960

the assumption

492

00:17:43,590 --> 00:17:40,880

that robert bigelow in all of his

493

00:17:45,590 --> 00:17:43,600

decades of of researching this subject

494

00:17:46,870 --> 00:17:45,600

you know had all this recovered ufo

495

00:17:48,789 --> 00:17:46,880

material

496

00:17:50,630 --> 00:17:48,799

and people have been operating under

497

00:17:53,990 --> 00:17:50,640

that assumption with everything that

498

00:17:55,029 --> 00:17:54,000

asap did and atip and to the stars

499

00:17:56,789 --> 00:17:55,039

academy

500

00:17:58,549 --> 00:17:56,799

you know all of this talk about ufo

501
00:18:00,310 --> 00:17:58,559
material but then

502
00:18:01,990 --> 00:18:00,320
now it's coming out that a lot of the

503
00:18:04,870 --> 00:18:02,000
sources of you know

504
00:18:05,669 --> 00:18:04,880
people's expectations or assumptions

505
00:18:08,230 --> 00:18:05,679
they're saying

506
00:18:09,510 --> 00:18:08,240
don't have any so what do you guys think

507
00:18:12,870 --> 00:18:09,520
about that

508
00:18:14,549 --> 00:18:12,880
first off it drives me crazy that when

509
00:18:16,230 --> 00:18:14,559
these are things that have been going

510
00:18:18,470 --> 00:18:16,240
around for a long time

511
00:18:20,390 --> 00:18:18,480
that bigelow or someone else hasn't gone

512
00:18:21,750 --> 00:18:20,400
on the record of saying hey i was

513
00:18:26,549 --> 00:18:21,760

misquoted or

514

00:18:29,029 --> 00:18:26,559

um you know louis elizondo as well like

515

00:18:30,950 --> 00:18:29,039

this was taken out of context and

516

00:18:34,150 --> 00:18:30,960

everyone needs to understand that

517

00:18:35,909 --> 00:18:34,160

it was in preparation for not that we

518

00:18:36,789 --> 00:18:35,919

actually have these materials in

519

00:18:39,590 --> 00:18:36,799

existence

520

00:18:40,789 --> 00:18:39,600

and you know it kind of skirts the line

521

00:18:44,070 --> 00:18:40,799

where

522

00:18:46,789 --> 00:18:44,080

i think uh was bigelow involved in

523

00:18:48,230 --> 00:18:46,799

the piece that was at the atomic testing

524

00:18:52,390 --> 00:18:48,240

museum the george knapp

525

00:18:56,230 --> 00:18:52,400

um recovered metal from um

526

00:18:58,950 --> 00:18:56,240

uh the the height 411 case um

527

00:19:00,789 --> 00:18:58,960

back in the day so technically there's

528

00:19:02,549 --> 00:19:00,799

some leeway of like maybe he does have

529

00:19:04,230 --> 00:19:02,559

some material that has been studied

530

00:19:07,270 --> 00:19:04,240

scientifically

531

00:19:08,870 --> 00:19:07,280

um but but yes that it blew up in such a

532

00:19:12,470 --> 00:19:08,880

way that we thought that

533

00:19:14,789 --> 00:19:12,480

there were a lot more um background to

534

00:19:15,990 --> 00:19:14,799

this and a whole warehouse basically it

535

00:19:18,070 --> 00:19:16,000

sounded like

536

00:19:19,270 --> 00:19:18,080

that was storing these extraterrestrial

537

00:19:22,390 --> 00:19:19,280

space metals

538

00:19:23,990 --> 00:19:22,400

um so yeah i mean i i really think that

539

00:19:27,270 --> 00:19:24,000

when these stories

540

00:19:29,270 --> 00:19:27,280

come out or these research pieces that

541

00:19:30,390 --> 00:19:29,280

people have to do the due diligence of

542

00:19:32,150 --> 00:19:30,400

of saying

543

00:19:35,190 --> 00:19:32,160

this was not right and we saw this with

544

00:19:37,350 --> 00:19:35,200

the israeli prime minister as well where

545

00:19:40,150 --> 00:19:37,360

that that was wasn't necessarily a

546

00:19:42,549 --> 00:19:40,160

misquote it was a mistranslation

547

00:19:43,990 --> 00:19:42,559

uh but that story blew up in such a way

548

00:19:46,070 --> 00:19:44,000

that it was it was

549

00:19:48,150 --> 00:19:46,080

so completely out of context and i think

550

00:19:49,430 --> 00:19:48,160

that's a similar thing that's what's

551
00:19:52,230 --> 00:19:49,440
happening here

552
00:19:53,990 --> 00:19:52,240
so yeah as we know we usually get these

553
00:19:55,510 --> 00:19:54,000
big buildups of like oh my gosh all this

554
00:19:56,710 --> 00:19:55,520
cool stuff is happening and then we get

555
00:20:00,710 --> 00:19:56,720
taken back down to

556
00:20:05,350 --> 00:20:02,470
yeah the only thing i would add is you

557
00:20:07,990 --> 00:20:05,360
know why well i was disappointed to hear

558
00:20:09,990 --> 00:20:08,000
bigelow say that um i think he

559
00:20:10,470 --> 00:20:10,000
definitely has a future in storage i

560
00:20:13,590 --> 00:20:10,480
mean

561
00:20:15,270 --> 00:20:13,600
he was storing bob lazar's furniture

562
00:20:17,510 --> 00:20:15,280
he was going to be storing these ufo

563
00:20:19,830 --> 00:20:17,520

materials so i think he's got a future

564

00:20:20,310 --> 00:20:19,840

in that but um i think more importantly

565

00:20:24,630 --> 00:20:20,320

um

566

00:20:26,549 --> 00:20:24,640

is going to be talking all about the

567

00:20:29,909 --> 00:20:26,559

materials that he studied

568

00:20:33,029 --> 00:20:29,919

with uh gary nolan so you know while

569

00:20:33,990 --> 00:20:33,039

we kind of shy away from bigelow and

570

00:20:35,270 --> 00:20:34,000

everything he did

571

00:20:37,510 --> 00:20:35,280

i think we have something to look

572

00:20:40,710 --> 00:20:37,520

forward to in terms of materials

573

00:20:42,630 --> 00:20:40,720

in the study of them with valet so

574

00:20:43,990 --> 00:20:42,640

um if anything i think the future looks

575

00:20:46,950 --> 00:20:44,000

bright when it comes to

576
00:20:47,750 --> 00:20:46,960
studying materials for sure yeah and i

577
00:20:50,549 --> 00:20:47,760
would just say

578
00:20:52,310 --> 00:20:50,559
i'm still you you guys may think

579
00:20:55,669 --> 00:20:52,320
differently but

580
00:20:57,110 --> 00:20:55,679
i'm still skeptical that any of this

581
00:21:00,470 --> 00:20:57,120
debris is

582
00:21:00,950 --> 00:21:00,480
from a ufo i mean there's no provenance

583
00:21:03,350 --> 00:21:00,960
of that

584
00:21:05,590 --> 00:21:03,360
there's no one claiming on this date and

585
00:21:06,310 --> 00:21:05,600
dislocation and time in this crash this

586
00:21:09,510 --> 00:21:06,320
is

587
00:21:11,750 --> 00:21:09,520
no that it's all allegedly from a ufo

588
00:21:12,710 --> 00:21:11,760

who where did they get it you know like

589

00:21:16,070 --> 00:21:12,720

the piece from

590

00:21:17,750 --> 00:21:16,080

linda moulton howe you know she that

591

00:21:19,510 --> 00:21:17,760

that was a piece someone gave to her

592

00:21:21,669 --> 00:21:19,520

that said it was from the ufo

593

00:21:22,870 --> 00:21:21,679

right and then it got passed on and you

594

00:21:25,909 --> 00:21:22,880

know well

595

00:21:27,510 --> 00:21:25,919

how how do we know that i mean

596

00:21:30,390 --> 00:21:27,520

as far as i know the government's not

597

00:21:33,029 --> 00:21:30,400

saying these aren't from a ufo

598

00:21:34,710 --> 00:21:33,039

it's articles are written to suggest

599

00:21:37,110 --> 00:21:34,720

that but

600

00:21:39,990 --> 00:21:37,120

you know show me the proof first i don't

601
00:21:42,230 --> 00:21:40,000
care what you decide what it is or isn't

602
00:21:44,549 --> 00:21:42,240
with no provenance you can't prove that

603
00:21:46,390 --> 00:21:44,559
came from a ufo yeah

604
00:21:48,549 --> 00:21:46,400
really i so i don't need to go up on

605
00:21:51,750 --> 00:21:48,559
that but even in that original article

606
00:21:54,549 --> 00:21:51,760
that's saying he had materials well

607
00:21:55,510 --> 00:21:54,559
you know it's easy to say but prove it

608
00:21:57,990 --> 00:21:55,520
you know so i don't

609
00:21:59,029 --> 00:21:58,000
i don't even know if we have any and if

610
00:22:01,510 --> 00:21:59,039
you don't have a

611
00:22:03,430 --> 00:22:01,520
material from a crashed ufo then maybe

612
00:22:06,789 --> 00:22:03,440
you don't have crashed ufos

613
00:22:08,470 --> 00:22:06,799

yeah you know what i mean i mean again

614

00:22:10,230 --> 00:22:08,480

i struggle with that whole thing anyway

615

00:22:12,470 --> 00:22:10,240

bring john greenwald back back

616

00:22:14,070 --> 00:22:12,480

up we already talked about him but again

617

00:22:17,590 --> 00:22:14,080

he did a really good job

618

00:22:21,029 --> 00:22:17,600

of reaching out to people involved with

619

00:22:23,830 --> 00:22:21,039

this specific story you know talking to

620

00:22:26,470 --> 00:22:23,840

leslie kane with ralph blumenthal two of

621

00:22:28,870 --> 00:22:26,480

the authors of that new york times story

622

00:22:29,590 --> 00:22:28,880

where the modifications of buildings was

623

00:22:32,470 --> 00:22:29,600

mentioned

624

00:22:33,669 --> 00:22:32,480

and you know there's some conflicting

625

00:22:37,190 --> 00:22:33,679

comments there too

626

00:22:39,830 --> 00:22:37,200

where leslie says that you know she was

627

00:22:41,190 --> 00:22:39,840

convinced that you know that was was

628

00:22:44,789 --> 00:22:41,200

taking place

629

00:22:46,630 --> 00:22:44,799

um but luella lozando said you know

630

00:22:48,470 --> 00:22:46,640

there never was any material and you

631

00:22:50,950 --> 00:22:48,480

know that was all for assap anyway and

632

00:22:53,669 --> 00:22:50,960

he wasn't part of assap it was atip

633

00:22:55,190 --> 00:22:53,679

um and you know he lou was a big source

634

00:22:56,710 --> 00:22:55,200

for that new york times story so that's

635

00:22:58,950 --> 00:22:56,720

where a lot of the information came from

636

00:23:01,830 --> 00:22:58,960

so that's confusing but rob blumenthal

637

00:23:02,710 --> 00:23:01,840

you know is firmly behind the the idea

638

00:23:05,270 --> 00:23:02,720

that there was

639

00:23:06,230 --> 00:23:05,280

and is ufo material being researched and

640

00:23:10,149 --> 00:23:06,240

studied

641

00:23:11,990 --> 00:23:10,159

um but again uh john reached out to

642

00:23:13,830 --> 00:23:12,000

help put off and hal said no that's

643

00:23:15,750 --> 00:23:13,840

right there wasn't material

644

00:23:17,029 --> 00:23:15,760

so you know all these key players saying

645

00:23:19,510 --> 00:23:17,039

there wasn't material

646

00:23:20,070 --> 00:23:19,520

but you bring up a good point shane and

647

00:23:22,149 --> 00:23:20,080

that is

648

00:23:23,590 --> 00:23:22,159

you know the the arts parts the the

649

00:23:26,149 --> 00:23:23,600

linda mullen howell

650

00:23:27,830 --> 00:23:26,159

materials that we know have been tested

651
00:23:29,909 --> 00:23:27,840
mourinho brought up the

652
00:23:30,950 --> 00:23:29,919
material that george knapp had that he

653
00:23:33,590 --> 00:23:30,960
brought from russia

654
00:23:35,430 --> 00:23:33,600
that he also said he gave some to robert

655
00:23:37,750 --> 00:23:35,440
bigelow so

656
00:23:40,149 --> 00:23:37,760
and jacques valet has these materials

657
00:23:40,470 --> 00:23:40,159
and frank kimbler has these materials

658
00:23:44,470 --> 00:23:40,480
and

659
00:23:47,190 --> 00:23:44,480
of people have materials

660
00:23:47,669 --> 00:23:47,200
and maureen you and i especially uh

661
00:23:50,310 --> 00:23:47,679
became

662
00:23:52,470 --> 00:23:50,320
infinite intimately familiar with that

663
00:23:56,230 --> 00:23:52,480

working at open minds because

664

00:23:57,750 --> 00:23:56,240

having an office a business that existed

665

00:24:00,230 --> 00:23:57,760

existed solely for the purpose of

666

00:24:03,590 --> 00:24:00,240

researching ufos and extraterrestrials

667

00:24:06,630 --> 00:24:03,600

um and a storefront office

668

00:24:08,230 --> 00:24:06,640

we had countless people who would

669

00:24:10,549 --> 00:24:08,240

either make appointments or just

670

00:24:12,870 --> 00:24:10,559

randomly show up to the office

671

00:24:14,149 --> 00:24:12,880

and want to talk to us about their

672

00:24:15,669 --> 00:24:14,159

materials that they were in

673

00:24:17,990 --> 00:24:15,679

possession of and show us those

674

00:24:21,269 --> 00:24:18,000

materials and to your point shane this

675

00:24:22,470 --> 00:24:21,279

is this is the provenance of i would say

676
00:24:25,909 --> 00:24:22,480
a hundred percent

677
00:24:27,269 --> 00:24:25,919
of alleged ufo material it's people

678
00:24:30,310 --> 00:24:27,279
coming and saying

679
00:24:33,110 --> 00:24:30,320
i have this material from a ufo

680
00:24:35,110 --> 00:24:33,120
and some have pretty elaborate stories

681
00:24:35,590 --> 00:24:35,120
about how they shot down ufos so they

682
00:24:38,310 --> 00:24:35,600
know

683
00:24:39,510 --> 00:24:38,320
that was uh the one i tested on when i

684
00:24:42,390 --> 00:24:39,520
was uh doing the

685
00:24:42,870 --> 00:24:42,400
uncovering aliens project or so a lot of

686
00:24:47,750 --> 00:24:42,880
yeah

687
00:24:51,110 --> 00:24:47,760
we took it to

688
00:24:52,549 --> 00:24:51,120

to a lab to have it tested as well but

689

00:24:54,230 --> 00:24:52,559

yeah but a lot of these are just claims

690

00:24:55,990 --> 00:24:54,240

by people who say yes i know it's from

691

00:24:57,110 --> 00:24:56,000

ufo because i saw it it was dropping

692

00:24:59,510 --> 00:24:57,120

parts or whatever

693

00:25:01,750 --> 00:24:59,520

so they bring it to to people and they

694

00:25:04,789 --> 00:25:01,760

they tell the this incredible story

695

00:25:06,950 --> 00:25:04,799

and for whatever reason those people buy

696

00:25:08,149 --> 00:25:06,960

into it or don't bother to do any other

697

00:25:10,470 --> 00:25:08,159

investigation

698

00:25:12,230 --> 00:25:10,480

and they think wow we've got some some

699

00:25:13,990 --> 00:25:12,240

unearthly material here

700

00:25:15,750 --> 00:25:14,000

and that's where all this stuff starts

701
00:25:17,190 --> 00:25:15,760
and so you have people like like eric

702
00:25:19,029 --> 00:25:17,200
davis and all these people who were

703
00:25:20,789 --> 00:25:19,039
involved in some of the acquisition and

704
00:25:22,470 --> 00:25:20,799
testing of some of this material

705
00:25:23,909 --> 00:25:22,480
we know to the stars academy was doing

706
00:25:25,750 --> 00:25:23,919
that too going around to some of these

707
00:25:28,549 --> 00:25:25,760
people who made these claims of having

708
00:25:29,510 --> 00:25:28,559
said material and so they acquire that

709
00:25:32,710 --> 00:25:29,520
and they store it

710
00:25:34,070 --> 00:25:32,720
and they test it but aside from

711
00:25:36,789 --> 00:25:34,080
you know the claims that are made by

712
00:25:38,630 --> 00:25:36,799
people who deliver this material

713
00:25:40,149 --> 00:25:38,640

that's all they have to work with you

714

00:25:42,070 --> 00:25:40,159

know and then they can do the testing

715

00:25:43,830 --> 00:25:42,080

that we've all seen done many times

716

00:25:45,430 --> 00:25:43,840

with different metal or metallurgy

717

00:25:47,190 --> 00:25:45,440

testing um

718

00:25:49,510 --> 00:25:47,200

you know they can tell that there are

719

00:25:51,190 --> 00:25:49,520

some interesting isotopes here

720

00:25:53,350 --> 00:25:51,200

or some indication that it might have

721

00:25:54,390 --> 00:25:53,360

been manufactured in a zero gravity

722

00:25:57,510 --> 00:25:54,400

environment

723

00:25:59,510 --> 00:25:57,520

but you know aside from those things

724

00:26:01,430 --> 00:25:59,520

there is no providence i mean you you

725

00:26:03,269 --> 00:26:01,440

can't prove that any of these materials

726

00:26:05,909 --> 00:26:03,279

are from a ufo

727

00:26:07,990 --> 00:26:05,919

and talking about modifying buildings to

728

00:26:09,590 --> 00:26:08,000

house ufos that's the illusion

729

00:26:11,669 --> 00:26:09,600

or assumption that's created this

730

00:26:12,630 --> 00:26:11,679

narrative that they're full flying

731

00:26:14,789 --> 00:26:12,640

saucers or

732

00:26:16,549 --> 00:26:14,799

giant pieces of extraterrestrial

733

00:26:17,510 --> 00:26:16,559

spacecraft that are being collected and

734

00:26:19,190 --> 00:26:17,520

stored

735

00:26:20,470 --> 00:26:19,200

but when it comes down to it they're

736

00:26:21,669 --> 00:26:20,480

talking about these little pieces of

737

00:26:22,870 --> 00:26:21,679

metal that you know

738

00:26:25,430 --> 00:26:22,880

some you can barely pick up with

739

00:26:26,789 --> 00:26:25,440

tweezers i mean that's the ufo material

740

00:26:29,029 --> 00:26:26,799

that's being tested

741

00:26:30,470 --> 00:26:29,039

and is generating you know some interest

742

00:26:32,470 --> 00:26:30,480

because they do display

743

00:26:34,230 --> 00:26:32,480

some interesting properties some of this

744

00:26:36,390 --> 00:26:34,240

material very very

745

00:26:37,990 --> 00:26:36,400

little of this material but there is

746

00:26:39,510 --> 00:26:38,000

material that is fantastic

747

00:26:41,269 --> 00:26:39,520

and needs additional testing and

748

00:26:42,470 --> 00:26:41,279

studying and could potentially be from a

749

00:26:44,470 --> 00:26:42,480

flying saucer

750

00:26:46,070 --> 00:26:44,480

but that's what we're working with it's

751
00:26:49,590 --> 00:26:46,080
not warehouses full of build

752
00:26:53,669 --> 00:26:52,230
that you know of that we know of that's

753
00:26:56,310 --> 00:26:53,679
a very good point maureen

754
00:26:57,830 --> 00:26:56,320
very good point well you know and there

755
00:26:59,750 --> 00:26:57,840
is a lot of talk about

756
00:27:01,590 --> 00:26:59,760
you know the world taking a new interest

757
00:27:03,110 --> 00:27:01,600
in ufos and how

758
00:27:04,789 --> 00:27:03,120
countries around the world are starting

759
00:27:07,269 --> 00:27:04,799
to take this seriously well

760
00:27:08,950 --> 00:27:07,279
we all know that many countries have for

761
00:27:09,909 --> 00:27:08,960
decades and decades taking this quite

762
00:27:12,230 --> 00:27:09,919
seriously

763
00:27:13,909 --> 00:27:12,240

but nicaragua was a country that was

764

00:27:16,789 --> 00:27:13,919

making headlines this month

765

00:27:17,350 --> 00:27:16,799

for this strange and unexpected interest

766

00:27:20,870 --> 00:27:17,360

in

767

00:27:23,510 --> 00:27:20,880

so you want to talk about that maureen

768

00:27:24,470 --> 00:27:23,520

sure and and we'll keep this brief and

769

00:27:26,230 --> 00:27:24,480

again

770

00:27:27,750 --> 00:27:26,240

like jason mentioned there's so many

771

00:27:29,830 --> 00:27:27,760

countries around the world that that

772

00:27:33,510 --> 00:27:29,840

actually do have established

773

00:27:35,990 --> 00:27:33,520

um specific agencies for

774

00:27:37,669 --> 00:27:36,000

for researching unknown phenomena and or

775

00:27:40,149 --> 00:27:37,679

space activity

776

00:27:41,269 --> 00:27:40,159

so nicaragua made a lot of headlines

777

00:27:43,350 --> 00:27:41,279

because

778

00:27:44,470 --> 00:27:43,360

their president daniel ortega put

779

00:27:47,029 --> 00:27:44,480

forward this

780

00:27:48,230 --> 00:27:47,039

this ministry basically they are

781

00:27:50,310 --> 00:27:48,240

referring it to the

782

00:27:51,430 --> 00:27:50,320

national ministry for extraterrestrial

783

00:27:54,470 --> 00:27:51,440

space affairs

784

00:27:57,110 --> 00:27:54,480

the moon and other celestial bodies

785

00:27:58,149 --> 00:27:57,120

so uh a quite a mouthful of a title but

786

00:28:01,350 --> 00:27:58,159

um

787

00:28:04,630 --> 00:28:01,360

uh it passed

788

00:28:07,430 --> 00:28:04,640

almost unanimously 76 out of 92

789

00:28:08,310 --> 00:28:07,440

members which are mostly uh from the

790

00:28:11,110 --> 00:28:08,320

sandisk

791

00:28:11,909 --> 00:28:11,120

danista party which is the president's

792

00:28:13,830 --> 00:28:11,919

party

793

00:28:16,470 --> 00:28:13,840

um so that's kind of a little you know

794

00:28:19,669 --> 00:28:16,480

how that swings sometimes yeah but

795

00:28:22,310 --> 00:28:19,679

the reason why this is kind of

796

00:28:23,350 --> 00:28:22,320

interesting is because nicaragua is

797

00:28:26,549 --> 00:28:23,360

facing

798

00:28:30,230 --> 00:28:26,559

a lot of hurdles with even keeping their

799

00:28:33,590 --> 00:28:30,240

their citizens fed um

800

00:28:35,350 --> 00:28:33,600

and putting forth money into

801
00:28:36,630 --> 00:28:35,360
space affairs where they don't even have

802
00:28:39,590 --> 00:28:36,640
the scientific

803
00:28:40,470 --> 00:28:39,600
uh resources or technical backgrounds to

804
00:28:43,350 --> 00:28:40,480
jump into

805
00:28:45,269 --> 00:28:43,360
i don't want to say like oh yeah you

806
00:28:46,470 --> 00:28:45,279
shouldn't be forming a space uh

807
00:28:48,310 --> 00:28:46,480
committee because i believe that

808
00:28:49,909 --> 00:28:48,320
everyone should have the opportunity to

809
00:28:52,149 --> 00:28:49,919
jump into the space game

810
00:28:53,990 --> 00:28:52,159
however uh take care of your residents

811
00:28:55,990 --> 00:28:54,000
first probably and and it's facing a lot

812
00:28:59,029 --> 00:28:56,000
of backlash within its own country

813
00:28:59,669 --> 00:28:59,039

um they haven't had a lot of information

814

00:29:03,110 --> 00:28:59,679

about

815

00:29:05,190 --> 00:29:03,120

what the uh the ministry is actually

816

00:29:06,789 --> 00:29:05,200

going to do they report that it will

817

00:29:09,110 --> 00:29:06,799

promote the development of space

818

00:29:10,870 --> 00:29:09,120

activities with the aim of broadening

819

00:29:13,430 --> 00:29:10,880

the country's capacities in the fields

820

00:29:14,710 --> 00:29:13,440

of education education industry science

821

00:29:18,070 --> 00:29:14,720

and technology

822

00:29:21,350 --> 00:29:18,080

so that's a pretty broad statement

823

00:29:23,510 --> 00:29:21,360

um and we'll see

824

00:29:24,870 --> 00:29:23,520

what they do with it but again this is

825

00:29:26,549 --> 00:29:24,880

kind of one of those things where it

826

00:29:28,389 --> 00:29:26,559

seems like you're just throwing money

827

00:29:30,710 --> 00:29:28,399

into a

828

00:29:32,149 --> 00:29:30,720

garbage disposal and there's a lot of

829

00:29:33,110 --> 00:29:32,159

other problems that could be addressed

830

00:29:35,990 --> 00:29:33,120

right now

831

00:29:38,149 --> 00:29:36,000

it's very political heavy and

832

00:29:39,990 --> 00:29:38,159

controversial so

833

00:29:42,070 --> 00:29:40,000

i don't know again like i said i don't

834

00:29:43,750 --> 00:29:42,080

want to discourage anybody from jumping

835

00:29:46,389 --> 00:29:43,760

in the space game but

836

00:29:46,870 --> 00:29:46,399

it seems like it's kind of a wasted

837

00:29:49,510 --> 00:29:46,880

effort

838

00:29:50,389 --> 00:29:49,520

here what do you guys think they don't

839

00:29:52,630 --> 00:29:50,399

even have a space

840

00:29:53,990 --> 00:29:52,640

program i mean it's ridiculous yes maybe

841

00:29:56,630 --> 00:29:54,000

this is to help them establish

842

00:29:57,269 --> 00:29:56,640

a space program and i understand that

843

00:29:58,389 --> 00:29:57,279

but

844

00:30:00,149 --> 00:29:58,399

you have a country that doesn't even

845

00:30:01,590 --> 00:30:00,159

have a space program they're not players

846

00:30:03,750 --> 00:30:01,600

in the space game

847

00:30:05,190 --> 00:30:03,760

and while i understand the desire to get

848

00:30:06,789 --> 00:30:05,200

into that game

849

00:30:08,310 --> 00:30:06,799

their country like you said is dealing

850

00:30:09,669 --> 00:30:08,320

with a lot of other things that seem a

851

00:30:11,269 --> 00:30:09,679

little more important than getting

852

00:30:13,190 --> 00:30:11,279

involved in space

853

00:30:14,789 --> 00:30:13,200

um even their own military is like

854

00:30:17,590 --> 00:30:14,799

questioning it and saying look we can't

855

00:30:17,990 --> 00:30:17,600

how is this going to happen yeah because

856

00:30:19,669 --> 00:30:18,000

it is

857

00:30:24,310 --> 00:30:19,679

is under the leadership of the

858

00:30:27,430 --> 00:30:27,029

well the the dilemma we run into with

859

00:30:31,750 --> 00:30:27,440

that

860

00:30:33,990 --> 00:30:31,760

too is here in america with the the uap

861

00:30:35,990 --> 00:30:34,000

task force the pentagon thing i mean

862

00:30:38,389 --> 00:30:36,000

recently george knapp discovered

863

00:30:39,269 --> 00:30:38,399

that uh and i think we kind of knew this

864

00:30:41,430 --> 00:30:39,279

going into it too

865

00:30:43,430 --> 00:30:41,440

like there's no budget for this thing

866

00:30:45,510 --> 00:30:43,440

and even if there were

867

00:30:47,110 --> 00:30:45,520

people like luis elizondo have come

868

00:30:49,510 --> 00:30:47,120

forward and said

869

00:30:50,630 --> 00:30:49,520

this task force here in america was kind

870

00:30:52,630 --> 00:30:50,640

of built to

871

00:30:54,389 --> 00:30:52,640

to fail from the beginning like we're

872

00:30:54,950 --> 00:30:54,399

not giving them enough time to look at

873

00:30:58,950 --> 00:30:54,960

the

874

00:31:01,269 --> 00:30:58,960

money attached and

875

00:31:02,710 --> 00:31:01,279

he's even said here in america we have

876

00:31:03,990 --> 00:31:02,720

much more important things to worry

877

00:31:06,870 --> 00:31:04,000

about we're still in

878

00:31:08,630 --> 00:31:06,880

the middle of a pandemic uh there's

879

00:31:09,029 --> 00:31:08,640

political strife here in america as

880

00:31:11,430 --> 00:31:09,039

there

881

00:31:12,789 --> 00:31:11,440

always is um and we're dealing with a

882

00:31:14,710 --> 00:31:12,799

lot of issues so

883

00:31:17,350 --> 00:31:14,720

it's understandable why somewhere like

884

00:31:20,630 --> 00:31:17,360

nicaragua or even here in america

885

00:31:23,990 --> 00:31:20,640

why like finding out what ufos

886

00:31:26,710 --> 00:31:24,000

are or aren't isn't a priority right now

887

00:31:27,669 --> 00:31:26,720

and yeah and that angers me too because

888

00:31:29,190 --> 00:31:27,679

i'm like why now

889

00:31:31,269 --> 00:31:29,200

why does all this have to be happening

890

00:31:31,669 --> 00:31:31,279

now in the middle of all this other

891

00:31:34,470 --> 00:31:31,679

stuff

892

00:31:34,950 --> 00:31:34,480

or was it meant to be that way so yeah

893

00:31:38,230 --> 00:31:34,960

that's

894

00:31:40,149 --> 00:31:38,240

it's kind of like a

895

00:31:42,310 --> 00:31:40,159

look at us we're here uh we're doing

896

00:31:44,470 --> 00:31:42,320

something weird uh pay attention to us i

897

00:31:46,310 --> 00:31:44,480

mean nicaragua hasn't had any vaccines

898

00:31:48,230 --> 00:31:46,320

sent to them yet

899

00:31:49,590 --> 00:31:48,240

so you're looking at like you said all

900

00:31:50,310 --> 00:31:49,600

these major things happening in a

901
00:31:52,630 --> 00:31:50,320
pandemic

902
00:31:53,350 --> 00:31:52,640
and and this is so off the wall that you

903
00:31:54,950 --> 00:31:53,360
know

904
00:31:56,470 --> 00:31:54,960
that right now space and

905
00:31:58,630 --> 00:31:56,480
extraterrestrial news is

906
00:31:59,750 --> 00:31:58,640
is receiving so much attention that it's

907
00:32:02,789 --> 00:31:59,760
it's like

908
00:32:05,750 --> 00:32:02,799
don't forget about us we're here yeah

909
00:32:07,830 --> 00:32:05,760
yeah i mean i i sort of think this is

910
00:32:09,990 --> 00:32:07,840
something that will dissolve and go away

911
00:32:10,870 --> 00:32:10,000
uh especially because i think the

912
00:32:12,470 --> 00:32:10,880
current president

913
00:32:15,190 --> 00:32:12,480

they're going to have an election coming

914

00:32:15,750 --> 00:32:15,200

up so who knows if this administration

915

00:32:18,070 --> 00:32:15,760

and the

916

00:32:19,029 --> 00:32:18,080

the crazy extraterrestrial program is is

917

00:32:22,070 --> 00:32:19,039

going to survive

918

00:32:23,110 --> 00:32:22,080

but uh um something else that uh you

919

00:32:26,310 --> 00:32:23,120

know i love

920

00:32:28,950 --> 00:32:26,320

i love love love stories about

921

00:32:31,350 --> 00:32:28,960

uh pilots and ufos especially when we're

922

00:32:33,990 --> 00:32:31,360

talking about commercial airlines

923

00:32:35,590 --> 00:32:34,000

and ufo encounters and we certainly had

924

00:32:37,990 --> 00:32:35,600

one of those this month um

925

00:32:39,909 --> 00:32:38,000

ryan you want to tell us about that yeah

926
00:32:41,430 --> 00:32:39,919
yeah absolutely this is exciting

927
00:32:44,549 --> 00:32:41,440
you know we've been looking at the same

928
00:32:45,509 --> 00:32:44,559
damn three ufo videos for the past few

929
00:32:47,750 --> 00:32:45,519
years now

930
00:32:49,110 --> 00:32:47,760
um it's good to get another prominent

931
00:32:50,549 --> 00:32:49,120
case out there um

932
00:32:52,789 --> 00:32:50,559
yeah so i'm just going to read this here

933
00:32:55,269 --> 00:32:52,799
on sunday february 21st

934
00:32:56,310 --> 00:32:55,279
around 1 p.m american airlines flight

935
00:32:58,789 --> 00:32:56,320
2292

936
00:33:00,389 --> 00:32:58,799
was enroute from kentucky to phoenix

937
00:33:01,430 --> 00:33:00,399
arizona and while they were flying over

938
00:33:03,350 --> 00:33:01,440

new mexico

939

00:33:05,830 --> 00:33:03,360

something whizzed past the passenger

940

00:33:07,669 --> 00:33:05,840

flight and caught the pilot's attention

941

00:33:10,389 --> 00:33:07,679

and he immediately called the towers in

942

00:33:12,630 --> 00:33:10,399

albuquerque new mexico to report it

943

00:33:14,630 --> 00:33:12,640

and there's actually a 15 second audio

944

00:33:16,710 --> 00:33:14,640

clip that's been made public of the

945

00:33:18,789 --> 00:33:16,720

initial report of what the pilots saw

946

00:33:20,630 --> 00:33:18,799

have any targets up here we just had

947

00:33:23,269 --> 00:33:20,640

something to go right over the top of us

948

00:33:24,070 --> 00:33:23,279

and i hate to say this look like a long

949

00:33:25,750 --> 00:33:24,080

cylindrical

950

00:33:27,750 --> 00:33:25,760

object it almost looked like a cruise

951
00:33:29,190 --> 00:33:27,760
missile type of thing moving really fast

952
00:33:32,070 --> 00:33:29,200
that went right over the top of them

953
00:33:34,389 --> 00:33:32,080
yeah so this audio was actually obtained

954
00:33:35,350 --> 00:33:34,399
by an airline radio enthusiast stephen

955
00:33:37,350 --> 00:33:35,360
douglas

956
00:33:38,710 --> 00:33:37,360
who captured the uh the chatter and put

957
00:33:40,789 --> 00:33:38,720
it up on his blog

958
00:33:42,870 --> 00:33:40,799
and american airlines later confirmed

959
00:33:45,350 --> 00:33:42,880
that the audio was authentic

960
00:33:47,509 --> 00:33:45,360
and referred all further questions to

961
00:33:47,990 --> 00:33:47,519
the fbi which i found pretty interesting

962
00:33:50,470 --> 00:33:48,000
this

963
00:33:52,950 --> 00:33:50,480

clearly is a serious matter um if it's

964

00:33:55,750 --> 00:33:52,960

going to the fbi and um

965

00:33:57,669 --> 00:33:55,760

let's see the they said quote following

966

00:33:59,110 --> 00:33:57,679

a debrief with our flight crew and

967

00:34:00,950 --> 00:33:59,120

additional information

968

00:34:03,029 --> 00:34:00,960

received we can confirm this radio

969

00:34:03,990 --> 00:34:03,039

transmission came from an american

970

00:34:06,950 --> 00:34:04,000

airlines flight

971

00:34:08,629 --> 00:34:06,960

on february 21st um so then american

972

00:34:10,470 --> 00:34:08,639

airlines said in a statement

973

00:34:12,470 --> 00:34:10,480

that quote for any additional questions

974

00:34:15,270 --> 00:34:12,480

on this we encourage you to reach out

975

00:34:16,069 --> 00:34:15,280

to the fbi so i know for a fact john

976
00:34:18,230 --> 00:34:16,079
greenwald

977
00:34:20,710 --> 00:34:18,240
um uh david marlar who lives in

978
00:34:23,909 --> 00:34:20,720
albuquerque new mexico

979
00:34:27,430 --> 00:34:23,919
where this happened they both have filed

980
00:34:29,109 --> 00:34:27,440
foia requests um i have as well

981
00:34:31,030 --> 00:34:29,119
i'm pretty sure they're gonna get stuff

982
00:34:33,430 --> 00:34:31,040
on it because i don't really know what

983
00:34:37,349 --> 00:34:33,440
i'm doing with those things i just say

984
00:34:38,950 --> 00:34:37,359
government give me pilot ufo stuffs and

985
00:34:40,950 --> 00:34:38,960
i don't really know what i'm doing so

986
00:34:44,310 --> 00:34:40,960
i'm sure we'll get some stuff for them

987
00:34:45,829 --> 00:34:44,320
but um this is this kind of

988
00:34:47,669 --> 00:34:45,839

stays in line with this trend we're

989

00:34:49,389 --> 00:34:47,679

seeing with pilots i mean there was the

990

00:34:52,950 --> 00:34:49,399

ireland case in um

991

00:34:55,030 --> 00:34:52,960

2018 i think um there was the northern

992

00:34:57,990 --> 00:34:55,040

california and oregon case

993

00:34:59,510 --> 00:34:58,000

where the jets were scrambled uh where

994

00:35:00,710 --> 00:34:59,520

else there were there were other ones as

995

00:35:02,310 --> 00:35:00,720

well um phoenix

996

00:35:03,910 --> 00:35:02,320

also on the border of phoenix and new

997

00:35:05,670 --> 00:35:03,920

mexico yeah yep

998

00:35:07,829 --> 00:35:05,680

so this just keeps going down the line

999

00:35:10,710 --> 00:35:07,839

of pilots are seeing things

1000

00:35:11,829 --> 00:35:10,720

2018. so um i think it's exciting

1001
00:35:14,710 --> 00:35:11,839
supposedly

1002
00:35:16,150 --> 00:35:14,720
the pilot um the pilot is going to come

1003
00:35:18,470 --> 00:35:16,160
forward and talk about it

1004
00:35:19,910 --> 00:35:18,480
i've heard from several sources um which

1005
00:35:21,430 --> 00:35:19,920
surprises me because usually the

1006
00:35:23,910 --> 00:35:21,440
airlines keep a tight lip

1007
00:35:25,670 --> 00:35:23,920
on that sort of thing so um yeah i think

1008
00:35:27,990 --> 00:35:25,680
again it's a developing case

1009
00:35:30,310 --> 00:35:28,000
and hopefully we'll get more audio data

1010
00:35:33,670 --> 00:35:30,320
uh in the coming weeks or months from

1011
00:35:37,190 --> 00:35:33,680
someone like a greenwald or david marlar

1012
00:35:40,150 --> 00:35:37,200
yeah and i suspect like a great like

1013
00:35:41,109 --> 00:35:40,160

no i i mean fortunately yeah uh tyler

1014

00:35:43,589 --> 00:35:41,119

rogue away from

1015

00:35:44,390 --> 00:35:43,599

from the drive in the war zone um is on

1016

00:35:46,310 --> 00:35:44,400

top of this

1017

00:35:47,510 --> 00:35:46,320

and he's very good at these types of

1018

00:35:50,790 --> 00:35:47,520

cases he knows

1019

00:35:55,430 --> 00:35:50,800

aviation very well and

1020

00:35:58,550 --> 00:35:55,440

he's shown to be very good at obtaining

1021

00:35:59,030 --> 00:35:58,560

faa audio and that will be valuable to

1022

00:36:01,510 --> 00:35:59,040

have

1023

00:36:03,510 --> 00:36:01,520

the various types of communication that

1024

00:36:04,390 --> 00:36:03,520

occur not just from the pilot to the

1025

00:36:06,550 --> 00:36:04,400

ground

1026
00:36:08,310 --> 00:36:06,560
but like in the other cases like the

1027
00:36:10,710 --> 00:36:08,320
oregon case you mentioned

1028
00:36:11,990 --> 00:36:10,720
you know where we hear communication

1029
00:36:13,829 --> 00:36:12,000
from the ground um

1030
00:36:15,430 --> 00:36:13,839
you know as they're radioing around

1031
00:36:17,030 --> 00:36:15,440
trying to get more clarification on

1032
00:36:18,550 --> 00:36:17,040
things and and trying to figure out what

1033
00:36:19,430 --> 00:36:18,560
the procedures are to deal with this

1034
00:36:21,030 --> 00:36:19,440
type of thing

1035
00:36:23,349 --> 00:36:21,040
it's fascinating but something else

1036
00:36:26,710 --> 00:36:23,359
that's also fascinating to watch unfold

1037
00:36:28,150 --> 00:36:26,720
when we see stories like this come out

1038
00:36:29,990 --> 00:36:28,160

is there's a whole lot of assumption

1039

00:36:31,109 --> 00:36:30,000

that starts taking place instead of

1040

00:36:33,430 --> 00:36:31,119

waiting for

1041

00:36:36,069 --> 00:36:33,440

information and confirmation to take

1042

00:36:37,670 --> 00:36:36,079

place there's a lot of assumption and

1043

00:36:39,510 --> 00:36:37,680

something specifically i saw with this

1044

00:36:42,390 --> 00:36:39,520

case was a lot of assumption

1045

00:36:43,910 --> 00:36:42,400

that this was a near-miss case and at

1046

00:36:46,230 --> 00:36:43,920

this point we don't have anything to

1047

00:36:47,829 --> 00:36:46,240

indicate that this was a near miss

1048

00:36:50,550 --> 00:36:47,839

you know the pilot didn't say something

1049

00:36:51,270 --> 00:36:50,560

almost hit us or something barely missed

1050

00:36:52,950 --> 00:36:51,280

us

1051
00:36:55,030 --> 00:36:52,960
he says that went over the top of them

1052
00:36:56,550 --> 00:36:55,040
very fast that's all we know

1053
00:36:58,150 --> 00:36:56,560
we don't know how close it was to the

1054
00:36:59,510 --> 00:36:58,160
aircraft we don't know if the pilot

1055
00:37:01,510 --> 00:36:59,520
thought they were in danger

1056
00:37:03,589 --> 00:37:01,520
he was just from the audio he was just

1057
00:37:05,109 --> 00:37:03,599
inquiring if there was something else in

1058
00:37:06,550 --> 00:37:05,119
the sky because obviously they didn't

1059
00:37:08,390 --> 00:37:06,560
see it on their scopes

1060
00:37:11,349 --> 00:37:08,400
so we don't know that this was a

1061
00:37:13,589 --> 00:37:11,359
near-miss case or anybody was in danger

1062
00:37:14,870 --> 00:37:13,599
but we do have this unknown that

1063
00:37:17,910 --> 00:37:14,880

seemingly nobody

1064

00:37:18,470 --> 00:37:17,920

nobody knew was in the sky but then

1065

00:37:20,950 --> 00:37:18,480

again

1066

00:37:22,470 --> 00:37:20,960

we don't know what this fbi angle is

1067

00:37:23,030 --> 00:37:22,480

because that's something we saw right

1068

00:37:26,230 --> 00:37:23,040

away

1069

00:37:30,150 --> 00:37:26,240

was check with the fbi but we know from

1070

00:37:32,390 --> 00:37:30,160

the request that was given for this uap

1071

00:37:33,270 --> 00:37:32,400

report by the senate select committee on

1072

00:37:36,230 --> 00:37:33,280

intelligence

1073

00:37:37,910 --> 00:37:36,240

that the fbi is one of the sources that

1074

00:37:39,270 --> 00:37:37,920

they request the data from for that

1075

00:37:42,390 --> 00:37:39,280

report

1076
00:37:45,510 --> 00:37:42,400
and so i suspect what we're seeing here

1077
00:37:45,910 --> 00:37:45,520
is that the fbi is probably in a normal

1078
00:37:48,230 --> 00:37:45,920
role

1079
00:37:51,990 --> 00:37:48,240
of dealing with these types of scenarios

1080
00:37:57,589 --> 00:37:55,030
has really not been the ones

1081
00:37:59,270 --> 00:37:57,599
involved in near misses or investigating

1082
00:38:01,030 --> 00:37:59,280
this type of stuff which is completely

1083
00:38:02,950 --> 00:38:01,040
bizarre to me i don't get that

1084
00:38:05,270 --> 00:38:02,960
but that seems to have always been the

1085
00:38:07,349 --> 00:38:05,280
case so i'm suspecting the fbi

1086
00:38:09,829 --> 00:38:07,359
probably has been assigned the role of

1087
00:38:12,310 --> 00:38:09,839
something like the uk's air prox board

1088
00:38:13,430 --> 00:38:12,320

where they are responsible for

1089

00:38:16,470 --> 00:38:13,440

investigating

1090

00:38:17,670 --> 00:38:16,480

this type of of air mystery air incident

1091

00:38:20,470 --> 00:38:17,680

whatever you want to call it

1092

00:38:22,150 --> 00:38:20,480

it's probably the purview of the fbi in

1093

00:38:22,630 --> 00:38:22,160

our country at this time because the faa

1094

00:38:25,349 --> 00:38:22,640

seems

1095

00:38:26,470 --> 00:38:25,359

ill-equipped to do that yeah i should

1096

00:38:29,270 --> 00:38:26,480

add to jason

1097

00:38:30,550 --> 00:38:29,280

oh i'm sorry maureen oh no no you go oh

1098

00:38:33,109 --> 00:38:30,560

i was just gonna add i

1099

00:38:34,950 --> 00:38:33,119

completely forgot to mention this i mean

1100

00:38:35,990 --> 00:38:34,960

you know the guy who originally obtained

1101

00:38:39,030 --> 00:38:36,000

the audio

1102

00:38:41,190 --> 00:38:39,040

he he did say because the big

1103

00:38:42,310 --> 00:38:41,200

the big question is was this a missile

1104

00:38:44,630 --> 00:38:42,320

of some sort

1105

00:38:46,790 --> 00:38:44,640

um they said the way it moved and the

1106

00:38:49,589 --> 00:38:46,800

shape was cylindrical and this that

1107

00:38:50,390 --> 00:38:49,599

um the guy who got the audio says they

1108

00:38:52,150 --> 00:38:50,400

don't

1109

00:38:53,829 --> 00:38:52,160

the military doesn't test things on

1110

00:38:56,470 --> 00:38:53,839

sundays when this occurred

1111

00:38:57,190 --> 00:38:56,480

so that kind of um negates that and then

1112

00:38:59,190 --> 00:38:57,200

even

1113

00:39:01,589 --> 00:38:59,200

so far as tyler rogue away talk to

1114

00:39:02,710 --> 00:39:01,599

someone at white sands missile range the

1115

00:39:04,230 --> 00:39:02,720

closest range

1116

00:39:06,150 --> 00:39:04,240

that would have been near there and

1117

00:39:07,109 --> 00:39:06,160

their spokesperson said we have no idea

1118

00:39:09,109 --> 00:39:07,119

what it could have been

1119

00:39:10,230 --> 00:39:09,119

or if anything similar has been cited in

1120

00:39:13,190 --> 00:39:10,240

that area before

1121

00:39:14,390 --> 00:39:13,200

it was not something of ours so i mean

1122

00:39:16,310 --> 00:39:14,400

again yeah

1123

00:39:17,670 --> 00:39:16,320

that no wonder that the fbi is now

1124

00:39:19,990 --> 00:39:17,680

involved in this if the

1125

00:39:21,270 --> 00:39:20,000

closest military range says no it wasn't

1126

00:39:23,349 --> 00:39:21,280

us so

1127

00:39:25,109 --> 00:39:23,359

yeah sorry i just i i should have added

1128

00:39:29,030 --> 00:39:25,119

that this definitely was not a missile

1129

00:39:31,430 --> 00:39:29,040

as far as we know yeah and and i was

1130

00:39:32,390 --> 00:39:31,440

about to say the same point basically

1131

00:39:35,349 --> 00:39:32,400

ryan and

1132

00:39:36,710 --> 00:39:35,359

and you have to imagine as a pilot how

1133

00:39:40,069 --> 00:39:36,720

terrifying that would be

1134

00:39:42,630 --> 00:39:40,079

if you think that there's a missile uh

1135

00:39:43,589 --> 00:39:42,640

ahead of you that you had no idea was

1136

00:39:46,069 --> 00:39:43,599

was

1137

00:39:47,030 --> 00:39:46,079

being shot i mean that's there's a lot

1138

00:39:49,910 --> 00:39:47,040

of terrifying

1139

00:39:51,190 --> 00:39:49,920

uh ramifications that can go through

1140

00:39:55,109 --> 00:39:51,200

your head at that point

1141

00:39:56,950 --> 00:39:55,119

um and and also the fact that now we

1142

00:40:00,150 --> 00:39:56,960

have this reported

1143

00:40:03,109 --> 00:40:00,160

unknown object that is similar

1144

00:40:04,950 --> 00:40:03,119

in um sort of a description to the tic

1145

00:40:06,630 --> 00:40:04,960

tac ufo video as well

1146

00:40:09,589 --> 00:40:06,640

um so i'm sure and i don't want to read

1147

00:40:11,829 --> 00:40:09,599

between the lines or anything here but

1148

00:40:12,870 --> 00:40:11,839

you know you have just the white uh

1149

00:40:15,990 --> 00:40:12,880

cylindrical

1150

00:40:19,589 --> 00:40:16,000

objects that are being spotted lately

1151

00:40:22,870 --> 00:40:19,599

either yes it's some sort of internal

1152

00:40:24,790 --> 00:40:22,880

uh black budget project is it another

1153

00:40:25,670 --> 00:40:24,800

country testing over us or doing

1154

00:40:28,390 --> 00:40:25,680

something weird

1155

00:40:29,270 --> 00:40:28,400

observations or is this the new flying

1156

00:40:31,030 --> 00:40:29,280

saucer

1157

00:40:33,030 --> 00:40:31,040

from some sort of extraterrestrial

1158

00:40:33,589 --> 00:40:33,040

civilization it's a lot to think about

1159

00:40:36,550 --> 00:40:33,599

but uh

1160

00:40:38,630 --> 00:40:36,560

it's it's definitely a pattern i think

1161

00:40:41,750 --> 00:40:38,640

we're seeing here

1162

00:40:42,950 --> 00:40:41,760

absolutely and also let's not discount

1163

00:40:47,270 --> 00:40:42,960

the possibility

1164

00:40:50,829 --> 00:40:47,280

that even people who are

1165

00:40:52,550 --> 00:40:50,839

uh you know high quality observers like

1166

00:40:56,309 --> 00:40:52,560

pilots

1167

00:40:57,910 --> 00:40:56,319

mistakes we know that they're humans

1168

00:40:58,710 --> 00:40:57,920

they're not super humans they are pretty

1169

00:41:00,230 --> 00:40:58,720

super but

1170

00:41:02,309 --> 00:41:00,240

they're still humans and they are

1171

00:41:03,990 --> 00:41:02,319

fallible and

1172

00:41:05,910 --> 00:41:04,000

even when you see something in the sky

1173

00:41:06,390 --> 00:41:05,920

that you've seen a million times before

1174

00:41:08,790 --> 00:41:06,400

there are

1175

00:41:10,630 --> 00:41:08,800

always conditions when that same thing

1176
00:41:12,630 --> 00:41:10,640
you've seen a thousand times before

1177
00:41:13,910 --> 00:41:12,640
can appear differently than you've ever

1178
00:41:16,069 --> 00:41:13,920
seen it because

1179
00:41:17,910 --> 00:41:16,079
of the time of day because of the

1180
00:41:20,550 --> 00:41:17,920
atmospheric conditions

1181
00:41:22,230 --> 00:41:20,560
lots of things are at play especially in

1182
00:41:23,510 --> 00:41:22,240
the sky where all sorts of things are

1183
00:41:26,710 --> 00:41:23,520
going on and change

1184
00:41:27,030 --> 00:41:26,720
all the time so we can't discount that

1185
00:41:28,630 --> 00:41:27,040
this

1186
00:41:30,790 --> 00:41:28,640
is something mundane and could

1187
00:41:32,150 --> 00:41:30,800
potentially be just another plane

1188
00:41:33,990 --> 00:41:32,160

um you know we've seen things at

1189

00:41:36,309 --> 00:41:34,000

skinwalker ranch and other places

1190

00:41:37,990 --> 00:41:36,319

all over the country where there are

1191

00:41:40,710 --> 00:41:38,000

conventional aircraft

1192

00:41:43,510 --> 00:41:40,720

that for some reason or another aren't

1193

00:41:46,550 --> 00:41:43,520

able to be trapped by radar

1194

00:41:48,870 --> 00:41:46,560

this happens so again

1195

00:41:50,550 --> 00:41:48,880

we have a lot to assume with this case

1196

00:41:52,390 --> 00:41:50,560

and you know people like mick west and

1197

00:41:54,710 --> 00:41:52,400

others even pointed out that

1198

00:41:56,630 --> 00:41:54,720

several minutes before this call came in

1199

00:41:57,030 --> 00:41:56,640

there was a leader jet that went over

1200

00:42:03,109 --> 00:41:57,040

that

1201
00:42:04,630 --> 00:42:03,119
when this pilot decided to call it in

1202
00:42:07,430 --> 00:42:04,640
how soon before

1203
00:42:08,870 --> 00:42:07,440
after or immediately that call was made

1204
00:42:10,470 --> 00:42:08,880
they could have waited nine minutes they

1205
00:42:12,390 --> 00:42:10,480
could have been talking to each other

1206
00:42:14,150 --> 00:42:12,400
huh do we call this in are we gonna seem

1207
00:42:16,630 --> 00:42:14,160
weird are we gonna lose our jobs maybe

1208
00:42:18,470 --> 00:42:16,640
we shouldn't talk about seeing a ufo

1209
00:42:20,390 --> 00:42:18,480
you know we don't know if any of that

1210
00:42:22,390 --> 00:42:20,400
happened we're operating with

1211
00:42:24,150 --> 00:42:22,400
assumption we just have a short audio

1212
00:42:25,589 --> 00:42:24,160
clip that says something went over us

1213
00:42:26,470 --> 00:42:25,599

and i hate to say it it looked like a

1214

00:42:29,270 --> 00:42:26,480

cruise missile

1215

00:42:31,270 --> 00:42:29,280

that's all we have to work with we're

1216

00:42:32,790 --> 00:42:31,280

guaranteed to get more information about

1217

00:42:34,870 --> 00:42:32,800

this because it's so

1218

00:42:36,390 --> 00:42:34,880

high profile at this point and we've got

1219

00:42:38,309 --> 00:42:36,400

a lot of great researchers

1220

00:42:39,990 --> 00:42:38,319

looking into it so we're gonna get more

1221

00:42:43,349 --> 00:42:40,000

audio we're going to get more data to

1222

00:42:45,829 --> 00:42:43,359

work with and i am excited about that

1223

00:42:46,630 --> 00:42:45,839

and yeah you're right uh a learjet yeah

1224

00:42:50,069 --> 00:42:46,640

that was just a

1225

00:42:52,870 --> 00:42:50,079

shooting missile however

1226
00:42:55,990 --> 00:42:52,880
just one point i would make if we are to

1227
00:42:58,950 --> 00:42:56,000
believe the pilot's testimony

1228
00:42:59,829 --> 00:42:58,960
and he saw a cylindrical object fly over

1229
00:43:03,190 --> 00:42:59,839
them

1230
00:43:06,870 --> 00:43:03,200
and it did not appear on raider radar

1231
00:43:10,230 --> 00:43:06,880
that precludes it being a missile

1232
00:43:11,589 --> 00:43:10,240
or a rocket or an airplane see what i'm

1233
00:43:14,069 --> 00:43:11,599
saying

1234
00:43:16,470 --> 00:43:14,079
no rate the radar's picking up his plane

1235
00:43:18,710 --> 00:43:16,480
this thing's a thousand feet above him

1236
00:43:20,870 --> 00:43:18,720
and it doesn't pick hit that up that's

1237
00:43:22,630 --> 00:43:20,880
curious very curious

1238
00:43:24,630 --> 00:43:22,640

to my knowledge there's no such thing as

1239

00:43:27,190 --> 00:43:24,640

a stealth missile

1240

00:43:28,470 --> 00:43:27,200

so like you were saying jason did he

1241

00:43:30,710 --> 00:43:28,480

really see what he

1242

00:43:31,910 --> 00:43:30,720

thought he saw you know was there really

1243

00:43:34,069 --> 00:43:31,920

something there

1244

00:43:35,430 --> 00:43:34,079

wasn't on radar but on the other hand if

1245

00:43:36,790 --> 00:43:35,440

you believe him

1246

00:43:38,870 --> 00:43:36,800

there was something there that didn't

1247

00:43:39,589 --> 00:43:38,880

appear on radar i mean it's quite a

1248

00:43:41,990 --> 00:43:39,599

little

1249

00:43:43,109 --> 00:43:42,000

mystery right now and we do need no

1250

00:43:46,150 --> 00:43:43,119

doubt he saw something

1251

00:43:48,470 --> 00:43:46,160

yeah yeah for sure

1252

00:43:49,750 --> 00:43:48,480

well i'm excited i love these cases and

1253

00:43:52,309 --> 00:43:49,760

again i love

1254

00:43:54,390 --> 00:43:52,319

having confidence in the people i know

1255

00:43:59,670 --> 00:43:54,400

who are chasing this story

1256

00:44:02,870 --> 00:44:01,910

evidence real real support supporting

1257

00:44:05,349 --> 00:44:02,880

information

1258

00:44:05,910 --> 00:44:05,359

to go along with the story and give us

1259

00:44:08,230 --> 00:44:05,920

more

1260

00:44:09,670 --> 00:44:08,240

clarity into what actually took place

1261

00:44:10,790 --> 00:44:09,680

that's always exciting because as we

1262

00:44:13,910 --> 00:44:10,800

know with most

1263

00:44:15,030 --> 00:44:13,920

ufo stories you hear the initial report

1264

00:44:16,470 --> 00:44:15,040

and that's all you're going to get

1265

00:44:20,829 --> 00:44:16,480

there's not going to be a follow-up

1266

00:44:20,839 --> 00:44:24,150

information

1267

00:44:27,030 --> 00:44:25,430

well citizens that's gonna do it for

1268

00:44:28,550 --> 00:44:27,040

this episode you can always find more

1269

00:44:30,230 --> 00:44:28,560

episodes of unknown on all the major

1270

00:44:30,870 --> 00:44:30,240

podcast platforms and you can always

1271

00:44:33,270 --> 00:44:30,880

find the show

1272

00:44:34,790 --> 00:44:33,280

and our other shows at rogueplanet.tv

1273

00:44:35,510 --> 00:44:34,800

because unknown is a rogue planet

1274

00:44:37,670 --> 00:44:35,520

production

1275

00:44:38,790 --> 00:44:37,680

real planet.tv is your home for all the

1276

00:44:40,230 --> 00:44:38,800

strange

1277

00:44:42,150 --> 00:44:40,240

thanks again for hanging out today i'm

1278

00:44:45,030 --> 00:44:42,160

jason mccllellan i'm maureen elsberry

1279

00:44:46,870 --> 00:44:45,040

i'm ryan sprague and i'm shane hurt do

1280

00:44:48,069 --> 00:44:46,880

us a favor friends always treat the ufo

1281

00:44:50,390 --> 00:44:48,079

subject with the cautious and

1282

00:44:52,630 --> 00:44:50,400

responsible skepticism it deserves

1283

00:44:54,230 --> 00:44:52,640

question everything have the courage to

1284

00:44:56,150 --> 00:44:54,240

form your own opinions

1285

00:44:57,670 --> 00:44:56,160

keep truth as the focus of your quest

1286

00:44:58,309 --> 00:44:57,680

even if the truth conflicts with your
