cheese Oh media studios international

8  
00:00:31,640 --> 00:00:28,349

and our upcoming episode is about sito's

9  
00:00:33,760 --> 00:00:31,650

new friends which you may have you may

10  
00:00:37,010 --> 00:00:33,770

have heard of before by Leah Haley

11  
00:00:42,139 --> 00:00:37,020

illustrated by Lisa dusenbery and I just

12  
00:00:44,869 --> 00:00:42,149

wanted to give you a little bit of an

13  
00:00:46,850 --> 00:00:44,879

inside look at some of these pictures if

14

00:00:48,560 --> 00:00:46,860

you haven't seen them before sito's an

15

00:00:52,279 --> 00:00:48,570

alien he befriends two earth children

16

00:00:56,240 --> 00:00:52,289

Seth and Annie Seto

17

00:00:58,220 --> 00:00:56,250

cannot talk with his eyes I'm not

18

00:01:01,220 --> 00:00:58,230

cutting again Seto cannot talk with his

19

00:01:06,010 --> 00:01:01,230

mouth he talks with his eyes the kids

20

00:01:12,700 --> 00:01:08,899

he taught them how to talk with their

21

00:01:16,039 --> 00:01:12,710

eyes now these kids look at these kids

22

00:01:18,350 --> 00:01:16,049

these kids I don't know if uncanny

23

00:01:19,910 --> 00:01:18,360

valley is the right phrase to use to

24

00:01:24,230 --> 00:01:19,920

describe these drawings of these kids

25

00:01:27,200 --> 00:01:24,240

but what I notice about the kids is that

26

00:01:29,300 --> 00:01:27,210

if you take each individual part of

27

00:01:31,249 --> 00:01:29,310

their Anatomy that's been drawn it sort

28

00:01:32,810 --> 00:01:31,259

of looks okay the hair is good the eyes

29

00:01:36,679 --> 00:01:32,820

are good the mouth is good the nose are

30

00:01:39,020 --> 00:01:36,689

good but you put it all together and it

31

00:01:41,899 --> 00:01:39,030

doesn't quite work and one of the things

32

00:01:45,020 --> 00:01:41,909

I discuss in the episode is that I

33

00:01:46,130 --> 00:01:45,030

really think that content aside the

34

00:01:50,660 --> 00:01:46,140

illustrations

35

00:01:53,960 --> 00:01:50,670

the weird kids and the alien being so

36

00:01:55,940 --> 00:01:53,970

obviously a grey the illustrations are

37

00:02:00,920 --> 00:01:55,950

what makes see those new friends much

38

00:02:04,010 --> 00:02:00,930

more and be troubling then then it then

39

00:02:05,990 --> 00:02:04,020

it needed to be really if we compare it

40

00:02:08,119 --> 00:02:06,000

to Greta wood Drew's children's book

41

00:02:10,520 --> 00:02:08,129

here are the colors see the music

42

00:02:13,500 --> 00:02:10,530

there's not automatically or plot-wise

43

00:02:15,660 --> 00:02:13,510

much difference but

44

00:02:18,509 --> 00:02:15,670

you don't have a gray so we're gonna

45

00:02:20,369 --> 00:02:18,519

talk about sito's new friends reaction

46

00:02:24,960 --> 00:02:20,379

to see those new friends and some other

47

00:02:28,110 --> 00:02:24,970

kid targeted UFO stuff from the 1990s

48

00:02:29,850 --> 00:02:28,120

early 21st century right up to the

49

00:02:34,470 --> 00:02:29,860

modern day we're going to be looking at

50

00:02:36,930 --> 00:02:34,480

some stuff like that so hope you listen

51

00:02:38,550 --> 00:02:36,940

you can find the show at [saucer live.com](http://saucerlive.com)

52
