

...a gift of money... a student...
with a... these men...
ever... these men...
I asked... if you were
to build?
And he laughed and said, "Oh, no indeed.
Common labor is all I need.
I can easily work in a day or two
what builders have taken years to do."
So I asked myself as I went my way,
Which of these roles have I tried to play?
Am I a builder who works with care,
Who measures life with a rule and a square?
Or am I a wrecker, who wails the town
Content with the labor of tearing down?"

S.T.A.R. Activities

The SLINK OF LIGHT Conference will have
representation from 24 states and 2 foreign
nations in total. It is with genuine regret
that we had to return over 20 applications.
We did receive - and fairly - offers for
a first-come-first-served formula, but we
don't really want those of you who would
to come and would not be accommodating at
this first S.T.A.R. home weekend. Perhaps
it will turn into an annual event and then
we'll see you next year! Where and when
we're sure to reveal the November 19th "roadmap"
to be held at S.T.A.R. home in 1992.
We'll guarantee your own place. Call Bob
at 900-82 8282 if you can't hold a place
for you at this end.

ATTENTION ALL S.T.A.R. CONFERENCE ATTENDEES:
If you have transportation, please use the
following information. We have some special
arrangements for attendees & without them!

A special welcome about the "home" week
at S.T.A.R. in the Conference and S.T.A.R.
we offer for 1992 week residents at S.T.A.R.
week with our 1992 agenda.

When you come to S.T.A.R. you will take part in
many things. You will be able to meet
other S.T.A.R. members and staff. You will
also be able to see the S.T.A.R. office and
the S.T.A.R. office. You will be able to see
the S.T.A.R. office and the S.T.A.R. office.

[Music]

2
00:00:15,440 --> 00:00:13,139

okay hi um looking of the mic I was

3
00:00:17,330 --> 00:00:15,450

looking the microphone hi Aaron here

4
00:00:19,490 --> 00:00:17,340

from the saucer life with some

5
00:00:23,890 --> 00:00:19,500

interesting things to show you I think

6
00:00:27,620 --> 00:00:23,900

you'll remember from a variety of places

7
00:00:31,880 --> 00:00:27,630

Greta woodrue the contactee that way too

8
00:00:33,680 --> 00:00:31,890

few people have have heard about the

9
00:00:35,690 --> 00:00:33,690

saucer life we are striving to be your

10
00:00:39,920 --> 00:00:35,700

number one source for information about

11
00:00:42,799 --> 00:00:39,930

Greta woodrue and thanks to two to

12
00:00:44,330 --> 00:00:42,809

listener Martin we we are able to do

13
00:00:49,700 --> 00:00:44,340

that Martin searched through his

14

00:00:52,250 --> 00:00:49,710

archives and found three issues of the

15

00:00:55,010 --> 00:00:52,260

woodrue update the newsletter that I was

16

00:00:56,750 --> 00:00:55,020

not able to find copies of online now

17

00:00:59,450 --> 00:00:56,760

these are not originals these these are

18

00:01:02,470 --> 00:00:59,460

scans that Martin sent me and that I

19

00:01:06,679 --> 00:01:02,480

that I printed off in the interests of

20

00:01:08,359 --> 00:01:06,689

verisimilitude so what do we have here

21

00:01:11,480 --> 00:01:08,369

we'll be looking at these probably in a

22

00:01:16,730 --> 00:01:11,490

saucer afterlife segment at some point

23

00:01:21,020 --> 00:01:16,740

in the near future January February 86

24

00:01:24,859 --> 00:01:21,030

when elf is not a pixie I think this is

25

00:01:28,609 --> 00:01:24,869

about extremely low frequency type type

26

00:01:30,050 --> 00:01:28,619

stuff and dick and I have first-hand

27

00:01:32,179 --> 00:01:30,060

knowledge of the elf effect we were

28

00:01:34,069 --> 00:01:32,189

victimized by it in Reykjavik when the

29

00:01:37,850 --> 00:01:34,079

Russians were beaming from their station

30

00:01:41,830 --> 00:01:37,860

in riga nausea uncontrollable emotional

31

00:01:44,539 --> 00:01:41,840

weakness and dizziness occurred

32

00:01:46,100 --> 00:01:44,549

non-lethal weapons we'll be hearing some

33

00:01:48,170 --> 00:01:46,110

more about non-lethal weapons in our

34

00:01:50,840 --> 00:01:48,180

next episode where we look a little more

35

00:01:53,899 --> 00:01:50,850

deeply at the story of Leah Haley and

36

00:01:56,060 --> 00:01:53,909

and some of her writings non-lethal

37

00:01:59,690 --> 00:01:56,070

weapons research and some of the people

38

00:02:01,399 --> 00:01:59,700

behind it are a consistent theme in some

39

00:02:03,770 --> 00:02:01,409

of the figures in ufology over the last

40

00:02:08,180 --> 00:02:03,780

few decades so

41

00:02:10,010 --> 00:02:08,190

Greta on on the on the forefront in the

42

00:02:11,580 --> 00:02:10,020

vanguard if you will of that

43

00:02:16,790 --> 00:02:11,590

[Music]

44

00:02:21,570 --> 00:02:16,800

quite a bit a cliffhanger March April

45

00:02:25,380 --> 00:02:21,580

1986 apparently their their car ran off

46

00:02:30,720 --> 00:02:25,390

the road and snow which who among us has

47

00:02:33,270 --> 00:02:30,730

not there was something else cool here

48

00:02:35,369 --> 00:02:33,280

first announcement of their first slide

49

00:02:37,380 --> 00:02:35,379

of light conference at the big house

50

00:02:39,240 --> 00:02:37,390

that the big house is probably not the

51
00:02:42,119 --> 00:02:39,250
best way to put it at the very large

52
00:02:44,520 --> 00:02:42,129
house and conference center that they

53
00:02:47,039 --> 00:02:44,530
that they put together and a special

54
00:02:50,069 --> 00:02:47,049
welcome to the Californians who joined

55
00:02:52,289 --> 00:02:50,079
after our broadcast on open mind with

56
00:02:54,960 --> 00:02:52,299
host Bill Jenkins we used a clip from

57
00:02:57,539 --> 00:02:54,970
that in the credit would road which

58
00:03:00,630 --> 00:02:57,549
means we can narrow that down to the

59
00:03:05,150 --> 00:03:00,640
first half by the first quarter of 1986

60
00:03:10,319 --> 00:03:05,160
so that is amazing

61
00:03:13,530 --> 00:03:10,329
May June 1986 noxious raise under your

62
00:03:16,069 --> 00:03:13,540
bed this might be the most 1986 story

63
00:03:18,870 --> 00:03:16,079

you'll see all day this is about radon

64

00:03:21,509 --> 00:03:18,880

remember radon I mean it's still a thing

65

00:03:25,319 --> 00:03:21,519

but remember when radon was the big

66

00:03:27,180 --> 00:03:25,329

thing judging by what demographics I've

67

00:03:28,259 --> 00:03:27,190

seen about sort of life listeners yes

68

00:03:30,150 --> 00:03:28,269

you do

69

00:03:33,449 --> 00:03:30,160

some of you might be too young to

70

00:03:36,629 --> 00:03:33,459

remember the the radon scare of the the

71

00:03:38,479 --> 00:03:36,639

mid-1980s when radon was was new and

72

00:03:42,599 --> 00:03:38,489

frightening well newly discovered and

73

00:03:45,809 --> 00:03:42,609

frightening so anyway in this coming

74

00:03:46,650 --> 00:03:45,819

week we've got actually a week from when

75

00:03:51,720 --> 00:03:46,660

I'm recording this

76
00:03:55,740 --> 00:03:51,730
we've got Leah Haley we've got a number

77
00:03:57,059 --> 00:03:55,750
of saucer afterlife episodes that that

78
00:03:58,349 --> 00:03:57,069
are in the can and schedule I sort of

79
00:04:01,020 --> 00:03:58,359
just just sort of crank those out

80
00:04:03,420 --> 00:04:01,030
whenever I'm feeling whenever I'm

81
00:04:06,300 --> 00:04:03,430
feeling sort of ambitious and they're

82
00:04:09,930 --> 00:04:06,310
like five minutes apiece so it's it's

83
00:04:12,569 --> 00:04:09,940
easy to do we've got one coming up with

84
00:04:16,469 --> 00:04:12,579
some interesting news headline clippings

85
00:04:17,190 --> 00:04:16,479
from 1980s from a file I found buried on

86
00:04:20,159 --> 00:04:17,200
my harddrive

87
00:04:21,959 --> 00:04:20,169
we've got the one that came out today

88
00:04:23,909 --> 00:04:21,969

was about a very interesting sort of

89

00:04:25,050 --> 00:04:23,919

sighting story with man and black

90

00:04:28,650 --> 00:04:25,060

overtones

91

00:04:31,170 --> 00:04:28,660

from Great Britain in in this and from

92

00:04:32,700 --> 00:04:31,180

in the pages of flying saucer review

93

00:04:34,230 --> 00:04:32,710

speaking the flying saucer review I

94

00:04:37,580 --> 00:04:34,240

think in a couple of weeks the saucer

95

00:04:39,900 --> 00:04:37,590

afterlife episode is going to be about

96

00:04:42,060 --> 00:04:39,910

it's going to be me reading some

97

00:04:45,420 --> 00:04:42,070

excerpts of those weird wild sort of

98

00:04:49,020 --> 00:04:45,430

outrageous editorials in my weird wild

99

00:04:55,020 --> 00:04:49,030

outrageous editorial voice by Gordon

100

00:04:58,050 --> 00:04:55,030

Creighton of flying saucer review people

101

00:05:00,900 --> 00:04:58,060

on the staff liked it so that's what's

102

00:05:03,090 --> 00:05:00,910

going on and we'll probably have some

103

00:05:05,700 --> 00:05:03,100

more would route update things in the

104

00:05:07,379 --> 00:05:05,710

future saucer afterlife episode there's

105

00:05:10,290 --> 00:05:07,389

going to be a flying saucer movie night

106

00:05:15,230 --> 00:05:10,300

episode coming up we're going to have

107

00:05:18,830 --> 00:05:15,240

some contact Dee's Wayne Wayne a ho and

108

00:05:22,460 --> 00:05:18,840

Otis T car just some pretty interesting

109

00:05:27,240 --> 00:05:22,470

pretty interesting if you like Liars

110

00:05:29,310 --> 00:05:27,250

which we all do and gosh some other

111

00:05:33,860 --> 00:05:29,320

stuff that's coming up that I just can't

112

00:05:38,550 --> 00:05:36,330

no got nothing written up there so

113

00:05:42,330 --> 00:05:38,560

anyway thanks a lot for for watching

114

00:05:42,890 --> 00:05:42,340

listening if you have I'll talk to you

115

00:05:46,170 --> 00:05:42,900

later

116

00:05:47,670 --> 00:05:46,180

I've got the whole video set up here

117

00:05:51,410 --> 00:05:47,680

thing for work so I might as well just
