

1  
00:00:04,230 --> 00:00:02,550  
so boylan's prediction harkens back to

2  
00:00:05,510 --> 00:00:04,240  
contactees such as

3  
00:00:07,190 --> 00:00:05,520  
those who channeled various

4  
00:00:08,470 --> 00:00:07,200  
extraterrestrials that were in reality

5  
00:00:10,790 --> 00:00:08,480  
ascended masters

6  
00:00:11,830 --> 00:00:10,800  
he's linking human spiritual traditions

7  
00:00:13,589 --> 00:00:11,840  
to his teachings on the

8  
00:00:14,310 --> 00:00:13,599  
extraterrestrials while also passing

9  
00:00:18,310 --> 00:00:14,320  
govern

10  
00:00:19,990 --> 00:00:18,320  
the churches

11  
00:00:22,470 --> 00:00:20,000  
the coming of the space visitors will

12  
00:00:24,550 --> 00:00:22,480  
shake up human religion and spirituality

13  
00:00:26,790 --> 00:00:24,560

just the same as it's going to shake up

14

00:00:28,950 --> 00:00:26,800

the political affairs of the time

15

00:00:30,070 --> 00:00:28,960

so speaking of religion obviously the

16

00:00:32,150 --> 00:00:30,080

star visitors possess

17

00:00:33,910 --> 00:00:32,160

a moral and ethical system far in

18

00:00:36,950 --> 00:00:33,920

advance of whatever

19

00:00:39,830 --> 00:00:36,960

we possess here i mean clearly right so

20

00:00:41,110 --> 00:00:39,840

the 11 universal and 11 spiritual laws

21

00:00:42,869 --> 00:00:41,120

of the cosmos

22

00:00:45,270 --> 00:00:42,879

are a set of principles divulged to

23

00:00:47,510 --> 00:00:45,280

humanity by the star nations

24

00:00:48,869 --> 00:00:47,520

remember the star nations they are the

25

00:00:51,510 --> 00:00:48,879

governing organization

26

00:00:52,549 --> 00:00:51,520

of our milky way and um in boylan's

27

00:00:55,990 --> 00:00:52,559

words quote

28

00:00:57,910 --> 00:00:56,000

conducts conducts star trek like

29

00:00:59,830 --> 00:00:57,920

outreach expeditions to potentially

30

00:01:02,150 --> 00:00:59,840

inhabited star systems

31

00:01:03,510 --> 00:01:02,160

and the laws or principles consist of 11

32

00:01:06,550 --> 00:01:03,520

paired concepts

33

00:01:07,590 --> 00:01:06,560

and these are you know very broad in

34

00:01:09,429 --> 00:01:07,600

some cases

35

00:01:11,350 --> 00:01:09,439

universal principle of change and

36

00:01:12,710 --> 00:01:11,360

spiritual principle of growth

37

00:01:14,950 --> 00:01:12,720

and there are others that are more

38

00:01:15,830 --> 00:01:14,960

explicitly linked to new age spiritual

39

00:01:17,670 --> 00:01:15,840

concepts

40

00:01:19,910 --> 00:01:17,680

universal principle of light sound

41

00:01:21,030 --> 00:01:19,920

vibration and the spiritual principle of

42

00:01:23,749 --> 00:01:21,040

intuition

43

00:01:25,350 --> 00:01:23,759

or paranormal phenomenon universal

44

00:01:28,630 --> 00:01:25,360

principle of perception

45

00:01:30,390 --> 00:01:28,640

spiritual principle of future sight

46

00:01:32,630 --> 00:01:30,400

when they encounter inhabited planets

47

00:01:32,950 --> 00:01:32,640

boiling explains they impart the wisdom

48

00:01:35,670 --> 00:01:32,960

of

49

00:01:37,109 --> 00:01:35,680

the 11 11 principles which are the

50

00:01:38,950 --> 00:01:37,119

highest information

51  
00:01:40,390 --> 00:01:38,960  
they're able to share the highest

52  
00:01:41,350 --> 00:01:40,400  
spiritual information they're allowed to

53  
00:01:44,069 --> 00:01:41,360  
share with us

54  
00:01:44,550 --> 00:01:44,079  
the laws were revealed to humanity via

55  
00:01:46,950 --> 00:01:44,560  
quote

56  
00:01:48,950 --> 00:01:46,960  
interstellar symbolic language glyphs

57  
00:01:49,670 --> 00:01:48,960  
and quote inscribed into a piece of

58  
00:01:52,230 --> 00:01:49,680  
wreckage

59  
00:01:53,190 --> 00:01:52,240  
from the craft that here we go crashed
