A Young Japanese Man Visits Other Planets [Part 3] by Hachiro Kubota

(Continued from No.4 issue)

K: Hachiro Kubota, Representative of GAP-Japan.

H: Shoichi Harukawa, A contactee who visited Venus, Mercury and an unknown planet of another solar system in the direction of Cassiopeia.

An Ore from Another Planet

(Here, Mr. Harukawa showed me a small ore shining in golden color, and told me(Kubota)to keep it. It was a piece of copper pyrites. He told me that one of the space people had picked up this stone in the midst of the Himalayas when they had landed there in their space ship (scout ship), and had brought it to him. He also told me that this stone was emitting high quality waves,

stones of a high frequency level, picked up at various places on the earth. Once they brought me such a large block of lapis lazuli from India (here he showed its size by making a large circle with his hands). I understand there is a mountain in India, where a lot of these stones are found.

In Canada, there is an area called Labrador Peninsula, where a special kind of ore radiating unique waves is found. It is called Labrador-lite. They have brought it to me as well. According to them, this stone can be found only at the sea bottom recently near Labrador Peninsula.

K: Have those stones good influences on human bodies?

H: Yes. Take this copper pyrites for instance. If you touch it, you will feel yourself getting warmer inside, or getting more energetic even during your hard work, although this is from the earth. And in

[Applause]

2
00:00:11,440 --> 00:00:16,630
i never got any money from you

3
00:00:21,330 --> 00:00:18,630
ufo might just as well stand for

4
00:00:26,230 --> 00:00:21,340
unprecedented financial opportunity

5
00:00:28,470 --> 00:00:26,240
[Music]

6
00:00:30,310 --> 00:00:28,480
this is the saucer life a podcast in

7
00:00:32,069 --> 00:00:30,320
which we examine concepts events or

8
00:00:33,110 --> 00:00:32,079
people orbiting the world of flying

9
00:00:35,270 --> 00:00:33,120
saucers

10
00:00:37,670 --> 00:00:35,280
few preconceptions snark when justified

11
00:00:39,990 --> 00:00:37,680
no belief no debunking

12
00:00:43,750 --> 00:00:40,000
something a little lighter this time

13
00:00:45,830 --> 00:00:43,760

this is the story of shoiichi harakawa

14

00:00:48,069 --> 00:00:45,840

part one so

15

00:00:50,869 --> 00:00:48,079

back in the fall of last year which as

16

00:00:52,709 --> 00:00:50,879

i'm recording this was 2021 we looked at

17

00:00:55,029 --> 00:00:52,719

some contact e stories from japan

18

00:00:57,590 --> 00:00:55,039

published in the 1980s in the pages of

19

00:00:59,830 --> 00:00:57,600

ufo contact e the newsletter of the

20

00:01:01,750 --> 00:00:59,840

japanese branch of the george adamski

21

00:01:04,710 --> 00:01:01,760

get acquainted program

22

00:01:07,030 --> 00:01:04,720

and one of the features of this run of

23

00:01:07,990 --> 00:01:07,040

newsletters which i found as usual on

24

00:01:17,030 --> 00:01:08,000

the

25

00:01:20,149 --> 00:01:17,040

interview with a young man named

26
00:01:22,230 --> 00:01:20,159
shoichi harakawa who claimed that from

27
00:01:23,190 --> 00:01:22,240
adolescence onward he was

28
00:01:25,830 --> 00:01:23,200
having

29
00:01:27,830 --> 00:01:25,840
contacts with beings from other planets

30
00:01:29,190 --> 00:01:27,840
and visiting other planets and may have

31
00:01:32,069 --> 00:01:29,200
actually lived

32
00:01:33,830 --> 00:01:32,079
one of his lives on another planet and

33
00:01:35,429 --> 00:01:33,840
it's an interesting story it was too

34
00:01:39,270 --> 00:01:35,439
long and too involved

35
00:01:41,350 --> 00:01:39,280
for the more varied accounts of of

36
00:01:44,789 --> 00:01:41,360
tales and things that we had in that

37
00:01:46,789 --> 00:01:44,799
episode about um east asia back in the

38
00:01:49,670 --> 00:01:46,799

fall but i thought

39

00:01:52,870 --> 00:01:49,680

that dipping into the story of shoiichi

40

00:01:55,830 --> 00:01:52,880

harakawa from time to time here during

41

00:01:59,350 --> 00:01:55,840

2022 would be interesting and enjoyable

42

00:02:00,630 --> 00:01:59,360

and especially useful as a sort of i'm

43

00:02:03,270 --> 00:02:00,640

not sure if this is the right way to say

44

00:02:05,990 --> 00:02:03,280

it but a sort of palette cleanser after

45

00:02:08,790 --> 00:02:06,000

particularly heavy topics like

46

00:02:11,430 --> 00:02:08,800

two episodes in a row looking at

47

00:02:14,470 --> 00:02:11,440

military and intelligence agency

48

00:02:16,869 --> 00:02:14,480

influence on alien abductions and the

49

00:02:19,750 --> 00:02:16,879

whole mind control thing associated with

50

00:02:21,430 --> 00:02:19,760

that let's talk to a guy from japan who

51
00:02:23,910 --> 00:02:21,440
had some interesting and charming

52
00:02:27,270 --> 00:02:23,920
encounters with space brothers and space

53
00:02:29,350 --> 00:02:27,280
sisters back in the 1970s and talking

54
00:02:31,430 --> 00:02:29,360
about them in the 1980s so this is what

55
00:02:33,830 --> 00:02:31,440
we're going to do sort of to format

56
00:02:36,150 --> 00:02:33,840
these shouichi harakawa episodes

57
00:02:38,390 --> 00:02:36,160
throughout the year is i'll go through

58
00:02:42,229 --> 00:02:38,400
one part of the story as presented in

59
00:02:43,350 --> 00:02:42,239
ufo contact the newsletter and then

60
00:02:45,830 --> 00:02:43,360
usually

61
00:02:48,710 --> 00:02:45,840
sort of supplement that with another

62
00:02:51,270 --> 00:02:48,720
feature from the newsletter in this case

63
00:02:54,550 --> 00:02:51,280

this is from ufo contact number three

64

00:02:57,270 --> 00:02:54,560

january 1987 and the headline is a young

65

00:02:59,750 --> 00:02:57,280

japanese man visits other planets part

66

00:03:02,550 --> 00:02:59,760

one so you've got shuichi harakawa being

67

00:03:05,270 --> 00:03:02,560

interviewed by hachirah kubota who was

68

00:03:09,030 --> 00:03:05,280

the head of the get acquainted program

69

00:03:10,790 --> 00:03:09,040

in japan and the japanese translator of

70

00:03:13,430 --> 00:03:10,800

adamski's works so we're gonna go

71

00:03:15,350 --> 00:03:13,440

through part one of this and then

72

00:03:17,190 --> 00:03:15,360

after the break we're going to look at

73

00:03:20,470 --> 00:03:17,200

another feature in this newsletter which

74

00:03:23,750 --> 00:03:20,480

is george adamski answers your questions

75

00:03:26,550 --> 00:03:23,760

circa 1957 so 30 years before we've got

76
00:03:29,310 --> 00:03:26,560
some q a with george adamski which is

77
00:03:35,589 --> 00:03:29,320
fun so let's get started

78
00:03:38,350 --> 00:03:35,599
[Music]

79
00:03:41,430 --> 00:03:38,360
kubota begins his presentation of

80
00:03:44,070 --> 00:03:41,440
shoichiharakawa's story with a claim

81
00:03:45,589 --> 00:03:44,080
that is a little surprising coming from

82
00:03:48,309 --> 00:03:45,599
someone who

83
00:03:50,149 --> 00:03:48,319
is part of the george adamski contact

84
00:03:51,830 --> 00:03:50,159
east scene

85
00:03:53,910 --> 00:03:51,840
no one will dispute the fact that there

86
00:03:56,710 --> 00:03:53,920
is no life on other planets in our solar

87
00:03:58,550 --> 00:03:56,720
system in order to prove this some space

88
00:04:01,030 --> 00:03:58,560

probes have played important roles in

89

00:04:05,429 --> 00:04:01,040

the research of planets venus saturn

90

00:04:09,670 --> 00:04:07,429

what did i just

91

00:04:11,429 --> 00:04:09,680

experience no one's disputing that

92

00:04:14,229 --> 00:04:11,439

there's no life on planets in the solar

93

00:04:16,789 --> 00:04:14,239

system besides earth this undermines

94

00:04:19,509 --> 00:04:16,799

everything we know from reading the

95

00:04:21,030 --> 00:04:19,519

works of george adamski and other

96

00:04:22,390 --> 00:04:21,040

contactees

97

00:04:25,830 --> 00:04:22,400

but never fear

98

00:04:28,230 --> 00:04:25,840

mr kubota is not done he's simply

99

00:04:30,870 --> 00:04:28,240

reeling us in appealing to our sense of

100

00:04:34,310 --> 00:04:30,880

outrage that he might actually be

101
00:04:35,749 --> 00:04:34,320
betraying the memory of george damski by

102
00:04:38,710 --> 00:04:35,759
acknowledging that there's no life in

103
00:04:41,030 --> 00:04:38,720
the solar system luckily he disabuses us

104
00:04:42,310 --> 00:04:41,040
of that notion fairly quickly he says

105
00:04:44,710 --> 00:04:42,320
however there have been a number of

106
00:04:46,310 --> 00:04:44,720
contactees in many countries claiming to

107
00:04:49,189 --> 00:04:46,320
have gone aboard spaceships from other

108
00:04:51,270 --> 00:04:49,199
worlds belonging to our solar system so

109
00:04:52,710 --> 00:04:51,280
if these flying machines

110
00:04:54,790 --> 00:04:52,720
really come from the planets in outer

111
00:04:57,189 --> 00:04:54,800
space we must recognize

112
00:04:59,670 --> 00:04:57,199
that civilizations must exist on some of

113
00:05:02,790 --> 00:04:59,680

them and he says quote do the us and

114

00:05:04,710 --> 00:05:02,800

ussr cover up the astounding facts for

115

00:05:08,790 --> 00:05:04,720

fear that the world will be stricken by

116

00:05:09,830 --> 00:05:08,800

a serious panic end quote this is a

117

00:05:12,629 --> 00:05:09,840

common

118

00:05:14,390 --> 00:05:12,639

explanation by some supporters of george

119

00:05:16,550 --> 00:05:14,400

adamski and other

120

00:05:18,950 --> 00:05:16,560

people who have made contact with beings

121

00:05:21,029 --> 00:05:18,960

in the solar system that the various

122

00:05:23,830 --> 00:05:21,039

probes and tests that have been done on

123

00:05:27,350 --> 00:05:23,840

the atmospheres and and surfaces and

124

00:05:29,670 --> 00:05:27,360

conditions on venus and mars and other

125

00:05:31,749 --> 00:05:29,680

places are being covered up or

126

00:05:33,830 --> 00:05:31,759

manipulated in order to

127

00:05:36,310 --> 00:05:33,840

prevent the public from finding out the

128

00:05:38,390 --> 00:05:36,320

truth kubota goes on to explain that

129

00:05:41,749 --> 00:05:38,400

george damski quote an american

130

00:05:43,990 --> 00:05:41,759

contactee end quote like people reading

131

00:05:45,749 --> 00:05:44,000

the newsletter of the george damski get

132

00:05:47,830 --> 00:05:45,759

acquainted program aren't going to know

133

00:05:51,029 --> 00:05:47,840

he's an american contactee but he says

134

00:05:54,070 --> 00:05:51,039

that adamski you know had met people

135

00:05:55,830 --> 00:05:54,080

from venus and saturn and that it's not

136

00:05:57,749 --> 00:05:55,840

as strange as it seems because there has

137

00:06:01,909 --> 00:05:57,759

been quote a large number of sightings

138

00:06:03,749 --> 00:06:01,919

of a damski type craft in japan recently

139

00:06:05,430 --> 00:06:03,759

and as well as all over the world he

140

00:06:07,909 --> 00:06:05,440

relates the story of the young girl who

141

00:06:11,510 --> 00:06:07,919

we talked about back in the fall who saw

142

00:06:13,350 --> 00:06:11,520

something in the summer of 1986. he says

143

00:06:14,550 --> 00:06:13,360

there's sufficient evidence

144

00:06:20,629 --> 00:06:14,560

that

145

00:06:23,510 --> 00:06:20,639

adamski's stories were quote absolutely

146

00:06:26,469 --> 00:06:23,520

true and then he introduces us to

147

00:06:28,629 --> 00:06:26,479

shoichi harakawa

148

00:06:31,110 --> 00:06:28,639

we have an amazing story of a japanese

149

00:06:33,749 --> 00:06:31,120

contact d named shoichi harakawa

150

00:06:35,670 --> 00:06:33,759

pseudonym 26 who also claims to have

151

00:06:38,469 --> 00:06:35,680

gone aboard a flying saucer and the

152

00:06:40,870 --> 00:06:38,479

mother ship many times he was supposedly

153

00:06:42,950 --> 00:06:40,880

taken to venus mercury and an unknown

154

00:06:44,469 --> 00:06:42,960

planet in another solar system in the

155

00:06:48,230 --> 00:06:44,479

direction of the constellation of

156

00:06:51,430 --> 00:06:49,909

i really love that in the direction of

157

00:06:53,589 --> 00:06:51,440

cassiopeia not

158

00:06:55,909 --> 00:06:53,599

in cassiopeia but you know you're on the

159

00:06:57,430 --> 00:06:55,919

way to cassiopeia and it's it's right

160

00:06:58,950 --> 00:06:57,440

around there it's a planet sort of i

161

00:07:00,950 --> 00:06:58,960

don't know two-thirds of the way there

162

00:07:04,469 --> 00:07:00,960

you can't miss it it's i don't know on

163

00:07:07,110 --> 00:07:04,479

the left so shoichiharakawa pseudonym

164

00:07:09,830 --> 00:07:07,120

now lives in a small city and works as a

165

00:07:11,909 --> 00:07:09,840

government official ooh intriguing they

166

00:07:14,150 --> 00:07:11,919

don't say what kind of government

167

00:07:16,790 --> 00:07:14,160

official it is but to

168

00:07:18,950 --> 00:07:16,800

i don't know bolster his claims

169

00:07:21,749 --> 00:07:18,960

kubota says quote if it is of any

170

00:07:23,830 --> 00:07:21,759

concern his father is in a high position

171

00:07:27,430 --> 00:07:23,840

at the prefectural office

172

00:07:30,230 --> 00:07:27,440

end quote so dad's a higher up somewhere

173

00:07:31,749 --> 00:07:30,240

at the sort of prefecture level

174

00:07:34,950 --> 00:07:31,759

kubota describes

175

00:07:37,510 --> 00:07:34,960

harakawa as very sincere and honest he's

176

00:07:39,029 --> 00:07:37,520

also an excellent telepathist showing

177

00:07:41,270 --> 00:07:39,039

quote wonderful abilities of

178

00:07:44,629 --> 00:07:41,280

clairvoyance and perception of man's

179

00:07:46,629 --> 00:07:44,639

aura and the story that is going to be

180

00:07:48,869 --> 00:07:46,639

related in this newsletter is something

181

00:07:50,390 --> 00:07:48,879

that kubota says he has heard

182

00:07:52,150 --> 00:07:50,400

many times

183

00:07:53,749 --> 00:07:52,160

from shoichi himself they've talked

184

00:07:55,589 --> 00:07:53,759

about it a long time it had been

185

00:07:58,309 --> 00:07:55,599

published in the japanese language

186

00:08:00,869 --> 00:07:58,319

version of the ufo contacting newsletter

187

00:08:03,270 --> 00:08:00,879

and was very popular

188

00:08:06,309 --> 00:08:03,280

supposedly in the words of kubota

189

00:08:08,230 --> 00:08:06,319

created a sensation so they decided to

190

00:08:11,189 --> 00:08:08,240

publish it in the international english

191

00:08:14,230 --> 00:08:11,199

language version and this is basically a

192

00:08:17,670 --> 00:08:14,240

dialogue or interview between kubota and

193

00:08:18,950 --> 00:08:17,680

shoichi harakawa and each section is

194

00:08:19,830 --> 00:08:18,960

headed by

195

00:08:22,790 --> 00:08:19,840

little

196

00:08:25,430 --> 00:08:22,800

headlines which are which are kind of

197

00:08:28,390 --> 00:08:25,440

evocative this first one is sending out

198

00:08:31,990 --> 00:08:28,400

his thoughts to the starry sky and

199

00:08:35,110 --> 00:08:32,000

kubota asks harukawa quote what prompted

200

00:08:37,190 --> 00:08:35,120

you to contact the space people

201
00:08:38,709 --> 00:08:37,200
i was a second year student at a junior

202
00:08:41,110 --> 00:08:38,719
high school when i awakened to the

203
00:08:43,430 --> 00:08:41,120
wonders of space at first i lived in a

204
00:08:45,670 --> 00:08:43,440
large city and then moved to the country

205
00:08:47,350 --> 00:08:45,680
surrounded by mountains at school my

206
00:08:49,350 --> 00:08:47,360
classmates often teased me because i

207
00:08:51,269 --> 00:08:49,360
moved from the city i had no friends

208
00:08:53,829 --> 00:08:51,279
then and was very sad and lonely in my

209
00:08:56,230 --> 00:08:53,839
state of affairs one day i read about

210
00:09:02,310 --> 00:08:56,240
space and strongly felt like making an

211
00:09:07,509 --> 00:09:05,110
so our hero here is actively looking to

212
00:09:09,750 --> 00:09:07,519
make some kind of contact this isn't you

213
00:09:11,590 --> 00:09:09,760

know wandering through the desert or

214

00:09:12,550 --> 00:09:11,600

driving on your way home from work and

215

00:09:16,310 --> 00:09:12,560

being

216

00:09:18,710 --> 00:09:16,320

intentional

217

00:09:20,389 --> 00:09:18,720

every night for a month he sends out

218

00:09:23,030 --> 00:09:20,399

intense thoughts that he says are almost

219

00:09:23,990 --> 00:09:23,040

like prayers and he sent a message that

220

00:09:26,710 --> 00:09:24,000

was

221

00:09:28,870 --> 00:09:26,720

this quote if anyone recognizes me on a

222

00:09:31,590 --> 00:09:28,880

small planet in space that is earth

223

00:09:34,470 --> 00:09:31,600

please show me some kind of a reaction

224

00:09:36,550 --> 00:09:34,480

end quote he did it every night and by

225

00:09:39,829 --> 00:09:36,560

the 30th day he was sending his thoughts

226

00:09:41,509 --> 00:09:39,839

out for an hour at a time and he

227

00:09:42,550 --> 00:09:41,519

couldn't find anything nothing was

228

00:09:45,350 --> 00:09:42,560

happening

229

00:09:48,070 --> 00:09:45,360

but then one night he saw an object an

230

00:09:50,310 --> 00:09:48,080

orange object fly across the sky leaving

231

00:09:53,110 --> 00:09:50,320

a curve and it surprised him and he was

232

00:09:54,790 --> 00:09:53,120

thinking maybe his desire to see space

233

00:09:57,110 --> 00:09:54,800

people had been fulfilled at long last

234

00:09:59,110 --> 00:09:57,120

he's 14 years old at this point he's a

235

00:10:01,509 --> 00:09:59,120

junior high kid and he keeps sending

236

00:10:03,670 --> 00:10:01,519

these messages every day and it's just

237

00:10:06,470 --> 00:10:03,680

kind of sweet you know because he's just

238

00:10:09,110 --> 00:10:06,480

a kid and he wants to meet space people

239

00:10:11,190 --> 00:10:09,120

and honestly given what he said up to

240

00:10:12,710 --> 00:10:11,200

this point he's lonely he doesn't seem

241

00:10:14,069 --> 00:10:12,720

to have any friends he's moved out to

242

00:10:16,389 --> 00:10:14,079

the countryside he used to live in the

243

00:10:19,829 --> 00:10:16,399

city people are making fun of him

244

00:10:22,150 --> 00:10:19,839

he just wants a friend and occasionally

245

00:10:24,949 --> 00:10:22,160

he does notice the sort of orange light

246

00:10:26,949 --> 00:10:24,959

outside his window but it seems to be

247

00:10:29,350 --> 00:10:26,959

when he's trying to cheer himself up

248

00:10:31,910 --> 00:10:29,360

then he sees the ufo when he's

249

00:10:34,230 --> 00:10:31,920

being sad that he's not seeing anything

250

00:10:36,230 --> 00:10:34,240

the ufo doesn't appear so

251
00:10:38,389 --> 00:10:36,240
the sighting is connected to his

252
00:10:39,670 --> 00:10:38,399
feelings and connected to his emotions

253
00:10:41,269 --> 00:10:39,680
and i'm sure

254
00:10:43,190 --> 00:10:41,279
that somebody were to

255
00:10:45,829 --> 00:10:43,200
sort of look at this through the lens of

256
00:10:47,269 --> 00:10:45,839
greg bishop's co-creation hypothesis or

257
00:10:49,030 --> 00:10:47,279
other ideas like that you could come up

258
00:10:50,710 --> 00:10:49,040
with some pretty interesting ideas but

259
00:10:53,030 --> 00:10:50,720
for now i'm just trying to tell the

260
00:10:56,069 --> 00:10:53,040
story so when he cheers himself up he

261
00:10:58,949 --> 00:10:56,079
sees the ufo and he's able to get

262
00:11:01,110 --> 00:10:58,959
a better look at it and thus is able to

263
00:11:02,790 --> 00:11:01,120

give us a better description at this

264

00:11:04,949 --> 00:11:02,800

point

265

00:11:06,870 --> 00:11:04,959

at first the ufo was so small that i

266

00:11:08,470 --> 00:11:06,880

could almost not see it but the object

267

00:11:10,389 --> 00:11:08,480

became bigger and bigger until it

268

00:11:12,630 --> 00:11:10,399

finally became one large object like

269

00:11:14,389 --> 00:11:12,640

this he shows a large circle with the

270

00:11:16,230 --> 00:11:14,399

fingers of his hands

271

00:11:18,710 --> 00:11:16,240

when it descended it was milk white or

272

00:11:21,030 --> 00:11:18,720

pink when it approached me i told the

273

00:11:22,150 --> 00:11:21,040

object by telepathy turn at a right

274

00:11:27,350 --> 00:11:22,160

angle

275

00:11:29,030 --> 00:11:27,360

as i wished the object appeared to move

276

00:11:31,430 --> 00:11:29,040

according to my mind and i became a

277

00:11:33,750 --> 00:11:31,440

little afraid had i been connected with

278

00:11:35,509 --> 00:11:33,760

a phantom but i enjoyed it so much that

279

00:11:37,509 --> 00:11:35,519

i kept on doing it

280

00:11:40,389 --> 00:11:37,519

by the time i was a third year student i

281

00:11:42,630 --> 00:11:40,399

came to see large ufos for example i

282

00:11:44,470 --> 00:11:42,640

incidentally saw a large hull moving

283

00:11:45,269 --> 00:11:44,480

endlessly between the rain clouds one

284

00:11:47,590 --> 00:11:45,279

day

285

00:11:50,150 --> 00:11:47,600

i supposed it was a giant mothership and

286

00:11:54,550 --> 00:11:50,160

i was greatly moved by the sight feeling

287

00:11:59,430 --> 00:11:57,030

i suspect that some of the

288

00:12:01,910 --> 00:11:59,440

language use and word choice here is the

289

00:12:03,670 --> 00:12:01,920

result of translating between japanese

290

00:12:07,350 --> 00:12:03,680

and english but i also want to believe

291

00:12:09,430 --> 00:12:07,360

that shoichiharakawa is just an insanely

292

00:12:12,470 --> 00:12:09,440

amazing master of the use of flowery

293

00:12:13,910 --> 00:12:12,480

language when it comes to discussing

294

00:12:16,310 --> 00:12:13,920

ufos

295

00:12:19,590 --> 00:12:16,320

so one night he goes to bed a little

296

00:12:23,430 --> 00:12:19,600

past 11 p.m it's dark he's thinking

297

00:12:25,750 --> 00:12:23,440

about the ufos and he

298

00:12:28,949 --> 00:12:25,760

starts to receive telepathic

299

00:12:30,790 --> 00:12:28,959

communications from the aliens he says

300

00:12:32,710 --> 00:12:30,800

that he was trying to sleep and it

301
00:12:34,389 --> 00:12:32,720
seemed very bright even though his eyes

302
00:12:36,310 --> 00:12:34,399
were shut and he

303
00:12:38,790 --> 00:12:36,320
feels this that this is a weird

304
00:12:41,190 --> 00:12:38,800
situation and he sees black letters in

305
00:12:43,190 --> 00:12:41,200
his eyes against the brightness i guess

306
00:12:44,870 --> 00:12:43,200
and there were seven letters that he

307
00:12:46,710 --> 00:12:44,880
jumps out of bed turns on the lights

308
00:12:49,990 --> 00:12:46,720
right downs the letters that he's seeing

309
00:12:51,750 --> 00:12:50,000
in his mind one by one and he's sort of

310
00:12:53,670 --> 00:12:51,760
i don't know this isn't quite automatic

311
00:12:54,949 --> 00:12:53,680
writing it's just a telepathic message

312
00:12:59,110 --> 00:12:54,959
is broadcast

313
00:13:00,550 --> 00:12:59,120

letter by letter i guess and eventually

314

00:13:03,509 --> 00:13:00,560

he receives

315

00:13:05,269 --> 00:13:03,519

fuller messages

316

00:13:07,110 --> 00:13:05,279

meanwhile i came to succeed in the

317

00:13:09,910 --> 00:13:07,120

transmission and reception of messages

318

00:13:11,910 --> 00:13:09,920

by using sentences i wrote down what i

319

00:13:12,790 --> 00:13:11,920

thought in my notebook and concentrated

320

00:13:14,710 --> 00:13:12,800

hard

321

00:13:17,269 --> 00:13:14,720

then space people who were supposedly in

322

00:13:19,430 --> 00:13:17,279

a spaceship hovering somewhere in space

323

00:13:21,509 --> 00:13:19,440

would catch my telepathic thought wave

324

00:13:23,829 --> 00:13:21,519

and send their message back to me

325

00:13:26,550 --> 00:13:23,839

this was a rather short stage and after

326

00:13:29,430 --> 00:13:26,560

that i finally came to contact the

327

00:13:33,910 --> 00:13:31,350

that first contact came about in this

328

00:13:35,910 --> 00:13:33,920

way it was a sunday morning and shoeichi

329

00:13:36,949 --> 00:13:35,920

had planned to go to a bookstore later

330

00:13:38,470 --> 00:13:36,959

in the day

331

00:13:40,790 --> 00:13:38,480

but during the late morning he had a

332

00:13:43,670 --> 00:13:40,800

strange feeling that he had to go to the

333

00:13:46,550 --> 00:13:43,680

city of shizuoka it was a strong feeling

334

00:13:48,710 --> 00:13:46,560

he says that was beyond description so

335

00:13:50,550 --> 00:13:48,720

he goes to the city and strolls around

336

00:13:52,710 --> 00:13:50,560

the downtown area sort of window

337

00:13:54,790 --> 00:13:52,720

shopping just sort of walking around

338

00:13:56,710 --> 00:13:54,800

checking things out

339

00:13:58,870 --> 00:13:56,720

as a man came walking from the opposite

340

00:14:01,269 --> 00:13:58,880

direction i suddenly felt as if i was

341

00:14:03,110 --> 00:14:01,279

being pulled by him he was apparently an

342

00:14:05,430 --> 00:14:03,120

ordinary businessman wearing a reddish

343

00:14:07,670 --> 00:14:05,440

necktie and blue clothes the cut of his

344

00:14:09,269 --> 00:14:07,680

suit was very stylish my first

345

00:14:12,069 --> 00:14:09,279

impression was that he kept himself

346

00:14:14,230 --> 00:14:12,079

clean anyway he walked toward me so i

347

00:14:16,069 --> 00:14:14,240

tried to make way for him but then again

348

00:14:17,350 --> 00:14:16,079

he came to me so i tried to avoid him

349

00:14:19,189 --> 00:14:17,360

once more

350

00:14:21,750 --> 00:14:19,199

for the nth time he walked in my

351

00:14:24,150 --> 00:14:21,760

direction i realized he was interested

352

00:14:25,590 --> 00:14:24,160

in me and i asked him by telepathy are

353

00:14:26,790 --> 00:14:25,600

you from space

354

00:14:29,030 --> 00:14:26,800

he answered

355

00:14:31,350 --> 00:14:29,040

yes in japanese by uttering the word

356

00:14:34,790 --> 00:14:31,360

through his mouth i was much surprised

357

00:14:39,509 --> 00:14:37,030

he pats shoeichi on the shoulder and

358

00:14:40,949 --> 00:14:39,519

says come along with me they go down to

359

00:14:42,629 --> 00:14:40,959

an underground market in front of the

360

00:14:45,030 --> 00:14:42,639

train station and go into a little

361

00:14:46,550 --> 00:14:45,040

coffee shop showichi begins to tell him

362

00:14:49,110 --> 00:14:46,560

about his strange experiences which

363

00:14:51,590 --> 00:14:49,120

quote i thought had something to do with

364

00:14:55,750 --> 00:14:53,829

to my surprise he knew everything about

365

00:14:58,230 --> 00:14:55,760

the secret experiences such as my own

366

00:15:01,030 --> 00:14:58,240

sightings and telepathic phenomenas he

367

00:15:03,030 --> 00:15:01,040

said we space people have misgivings

368

00:15:05,189 --> 00:15:03,040

about the current state of earth but we

369

00:15:07,030 --> 00:15:05,199

don't want to interfere with people's

370

00:15:08,710 --> 00:15:07,040

affairs by giving them answers to their

371

00:15:10,629 --> 00:15:08,720

ordeals from the beginning

372

00:15:13,030 --> 00:15:10,639

however we can give you some hints to

373

00:15:17,430 --> 00:15:13,040

stimulate your progress that's the only

374

00:15:21,269 --> 00:15:19,829

so this very much has a george damski

375

00:15:23,030 --> 00:15:21,279

sort of feel you know we we know what

376

00:15:24,870 --> 00:15:23,040

you're going through we

377

00:15:27,269 --> 00:15:24,880

have problems with some of the choices

378

00:15:28,629 --> 00:15:27,279

you're making here on earth but we can't

379

00:15:29,670 --> 00:15:28,639

give you the answers we can just give

380

00:15:32,870 --> 00:15:29,680

you some

381

00:15:35,030 --> 00:15:32,880

guidance and this idea of saving you

382

00:15:37,829 --> 00:15:35,040

it's very much in line with george

383

00:15:40,389 --> 00:15:37,839

damski you'd think that maybe shoichi

384

00:15:42,790 --> 00:15:40,399

had read some george damski before he

385

00:15:45,189 --> 00:15:42,800

had his contact but as we're going to

386

00:15:45,910 --> 00:15:45,199

see that isn't entirely the case

387

00:15:47,030 --> 00:15:45,920

so

388

00:15:49,110 --> 00:15:47,040

the two

389

00:15:52,230 --> 00:15:49,120

men one from earth one from space talk

390

00:15:54,310 --> 00:15:52,240

for about two hours they say goodbye and

391

00:15:57,430 --> 00:15:54,320

since then shoichi says he's met six

392

00:16:00,150 --> 00:15:57,440

people from space all from other planets

393

00:16:01,829 --> 00:16:00,160

including a woman the contacts continue

394

00:16:03,590 --> 00:16:01,839

for several years and some of them are

395

00:16:05,990 --> 00:16:03,600

interesting one time he receives a

396

00:16:08,790 --> 00:16:06,000

message to uh for the next meeting bring

397

00:16:10,949 --> 00:16:08,800

along a map of japan and then the space

398

00:16:14,069 --> 00:16:10,959

man put marks on several places and said

399

00:16:16,790 --> 00:16:14,079

remember the places and so

400

00:16:18,230 --> 00:16:16,800

soichi says quote i sometimes sent

401
00:16:20,470 --> 00:16:18,240
messages by telepathy to one of the

402
00:16:22,870 --> 00:16:20,480
marked places and they sent back answers

403
00:16:24,310 --> 00:16:22,880
the marked place was their secret base

404
00:16:26,310 --> 00:16:24,320
they told me how they were maneuvering

405
00:16:28,389 --> 00:16:26,320
and what their network was like in japan

406
00:16:30,310 --> 00:16:28,399
it was a marvelous network if you could

407
00:16:32,069 --> 00:16:30,320
skillfully send a message by telepathy

408
00:16:33,990 --> 00:16:32,079
to one of their bases you would be able

409
00:16:37,110 --> 00:16:34,000
to know where ufos were flying over

410
00:16:38,389 --> 00:16:37,120
japan and their purposes it was very

411
00:16:39,749 --> 00:16:38,399
interesting

412
00:16:42,550 --> 00:16:39,759
end quote

413
00:16:46,069 --> 00:16:42,560

indeed it was so we move now to a

414

00:16:48,550 --> 00:16:46,079

section headed tremendous civilizations

415

00:16:50,870 --> 00:16:48,560

on other planets so

416

00:16:52,870 --> 00:16:50,880

kubota asks initially were the six space

417

00:16:56,069 --> 00:16:52,880

people whom you contacted all of the

418

00:16:57,829 --> 00:16:56,079

japanese type and uh shoiichi harakawa

419

00:16:59,030 --> 00:16:57,839

says that no one spaceman was a tall

420

00:17:00,629 --> 00:16:59,040

white man

421

00:17:03,590 --> 00:17:00,639

others were

422

00:17:04,789 --> 00:17:03,600

more of average height and they were all

423

00:17:07,429 --> 00:17:04,799

sort of

424

00:17:09,189 --> 00:17:07,439

very attractive and they had their hair

425

00:17:10,949 --> 00:17:09,199

cut just like they had just gotten out

426

00:17:14,150 --> 00:17:10,959

of the barber shop their skin was very

427

00:17:17,590 --> 00:17:14,160

smooth very beardless of the woman he

428

00:17:20,789 --> 00:17:17,600

met was appeared to be japanese shuichi

429

00:17:23,029 --> 00:17:20,799

is asked if they're all from venus no

430

00:17:25,110 --> 00:17:23,039

the answer is no three were venusians

431

00:17:27,350 --> 00:17:25,120

and the others were from mercury and the

432

00:17:30,630 --> 00:17:27,360

man he first met and talked to at the

433

00:17:33,350 --> 00:17:30,640

coffee shop was from mercury as well now

434

00:17:37,029 --> 00:17:33,360

venus has a very highly advanced

435

00:17:39,830 --> 00:17:37,039

civilization doesn't it shoichi

436

00:17:41,750 --> 00:17:39,840

oh yes this planet has a tremendous one

437

00:17:43,430 --> 00:17:41,760

i knew because i was taken there there

438

00:17:45,110 --> 00:17:43,440

were lots of awfully beautiful domes

439

00:17:46,710 --> 00:17:45,120

which glistened like rainbows that when

440

00:17:48,870 --> 00:17:46,720

i entered a house i could see the

441

00:17:50,950 --> 00:17:48,880

outside as if there were no walls this

442

00:17:53,190 --> 00:17:50,960

was a marvel there were two kinds of

443

00:17:55,510 --> 00:17:53,200

doors in the house sliding doors and

444

00:17:57,750 --> 00:17:55,520

double leafed hinge doors i found such

445

00:17:59,430 --> 00:17:57,760

doors in their spaceships too in any

446

00:18:01,909 --> 00:17:59,440

case when the doors were shut i couldn't

447

00:18:04,070 --> 00:18:01,919

see any seam or a joint on the wall

448

00:18:05,669 --> 00:18:04,080

this was also very strange rooms were

449

00:18:07,590 --> 00:18:05,679

not brightly lighted up but were

450

00:18:09,830 --> 00:18:07,600

illuminated so softly that i could not

451
00:18:13,990 --> 00:18:09,840
recognize the source of light this was

452
00:18:18,150 --> 00:18:15,830
it's at this point that kubota asks the

453
00:18:20,470 --> 00:18:18,160
obvious questions about whether or not

454
00:18:22,630 --> 00:18:20,480
uh shoeichi was reading adamski's books

455
00:18:24,470 --> 00:18:22,640
at the time show which he says he wasn't

456
00:18:26,150 --> 00:18:24,480
his friends recommended them but he

457
00:18:28,630 --> 00:18:26,160
didn't feel he really needed to because

458
00:18:30,710 --> 00:18:28,640
he was seeing the spaceships themselves

459
00:18:33,270 --> 00:18:30,720
then we learned that he visited other

460
00:18:36,150 --> 00:18:33,280
planets besides mercury one of them

461
00:18:38,710 --> 00:18:36,160
should not be a surprise to you

462
00:18:40,549 --> 00:18:38,720
yes i was taken to venus in addition i

463
00:18:42,070 --> 00:18:40,559

was invited to an unknown planet

464

00:18:44,150 --> 00:18:42,080

existing in the direction of

465

00:18:46,630 --> 00:18:44,160

constellation cassiopeia which belongs

466

00:18:48,470 --> 00:18:46,640

to another solar system to my surprise

467

00:18:50,710 --> 00:18:48,480

all the plants were very big on the

468

00:18:53,350 --> 00:18:50,720

unknown planet insects and animals were

469

00:18:55,590 --> 00:18:53,360

large too bees were as big as this he

470

00:18:57,430 --> 00:18:55,600

shows a large circle with his hands

471

00:19:00,390 --> 00:18:57,440

interestingly enough the bees don't have

472

00:19:02,870 --> 00:19:00,400

any stings also i saw a plant similar to

473

00:19:04,710 --> 00:19:02,880

a rose without thorns therefore i

474

00:19:06,310 --> 00:19:04,720

believed that plants as well as animals

475

00:19:08,630 --> 00:19:06,320

had evolved without the instinct to

476

00:19:10,230 --> 00:19:08,640

protect themselves i might add that the

477

00:19:12,150 --> 00:19:10,240

people on the planet were all about two

478

00:19:13,990 --> 00:19:12,160

meters tall on the average they looked

479

00:19:16,150 --> 00:19:14,000

like caucasians and were very pleasant

480

00:19:18,470 --> 00:19:16,160

people all were like movie stars with

481

00:19:20,310 --> 00:19:18,480

handsome features buildings were quite

482

00:19:22,870 --> 00:19:20,320

strange in style because they resembled

483

00:19:25,029 --> 00:19:22,880

the tower of babel in ancient times i

484

00:19:27,029 --> 00:19:25,039

felt as if all this were a dream so i

485

00:19:29,190 --> 00:19:27,039

asked the space people why did you bring

486

00:19:30,870 --> 00:19:29,200

me to this planet they told me that the

487

00:19:33,430 --> 00:19:30,880

planet was very much like earth a long

488

00:19:34,230 --> 00:19:33,440

time ago but had evolved ideally since

489

00:19:36,390 --> 00:19:34,240

then

490

00:19:38,230 --> 00:19:36,400

i asked half-wishingly is there a

491

00:19:39,029 --> 00:19:38,240

possibility that earth will evolve like

492

00:19:41,669 --> 00:19:39,039

that

493

00:19:46,070 --> 00:19:41,679

they said yes there is i was most

494

00:19:49,750 --> 00:19:47,750

so soichi is told that he has an

495

00:19:51,510 --> 00:19:49,760

important mission to carry out on earth

496

00:19:53,830 --> 00:19:51,520

and that he must not move to another

497

00:19:56,390 --> 00:19:53,840

planet as much as he might think he

498

00:19:58,789 --> 00:19:56,400

wants to but um

499

00:20:01,029 --> 00:19:58,799

they tell him that his descendants will

500

00:20:03,270 --> 00:20:01,039

steadily increase and that

501
00:20:06,070 --> 00:20:03,280
they will do great things and so

502
00:20:07,510 --> 00:20:06,080
shuichi's presence on earth is vital for

503
00:20:09,270 --> 00:20:07,520
that to continue so they know a little

504
00:20:12,470 --> 00:20:09,280
bit about his future and they know a

505
00:20:15,270 --> 00:20:12,480
little bit about his past as well they

506
00:20:17,590 --> 00:20:15,280
tell him that he had originally or

507
00:20:20,870 --> 00:20:17,600
earlier been

508
00:20:22,789 --> 00:20:20,880
an inhabitant in a previous life on that

509
00:20:25,669 --> 00:20:22,799
planet in the direction of the

510
00:20:28,630 --> 00:20:25,679
constellation cassiopeia and then later

511
00:20:30,710 --> 00:20:28,640
he was reborn on earth mr kubota then

512
00:20:32,789 --> 00:20:30,720
asks him if all the flying saucers and

513
00:20:35,830 --> 00:20:32,799

motherships that he went aboard were

514

00:20:37,669 --> 00:20:35,840

actually just from the planet venus

515

00:20:39,590 --> 00:20:37,679

no some of them were from venus and

516

00:20:42,950 --> 00:20:39,600

others mercury i went to board many

517

00:20:44,630 --> 00:20:42,960

times i left earth 14 to 15 times on the

518

00:20:46,710 --> 00:20:44,640

spaceships i sat in company with

519

00:20:48,230 --> 00:20:46,720

strangers from earth i think there have

520

00:20:49,830 --> 00:20:48,240

been a lot of people who went aboard

521

00:20:51,990 --> 00:20:49,840

these spaceships but they don't reveal

522

00:20:53,669 --> 00:20:52,000

their experiences in the light of that

523

00:20:55,990 --> 00:20:53,679

mr adamski seemed to have a great

524

00:20:57,669 --> 00:20:56,000

courage and a stout heart if a man going

525

00:20:59,590 --> 00:20:57,679

aboard a flying saucer tells the public

526
00:21:02,870 --> 00:20:59,600
about it he will be attacked and

527
00:21:05,510 --> 00:21:02,880
eventually wrecked by them

528
00:21:07,909 --> 00:21:05,520
yeah i i'd say that's probably

529
00:21:09,510 --> 00:21:07,919
true and then mr kubota explains that

530
00:21:11,350 --> 00:21:09,520
it's you know very important to be

531
00:21:13,669 --> 00:21:11,360
careful because if someone is not

532
00:21:15,830 --> 00:21:13,679
careful quote he may be killed by the

533
00:21:17,430 --> 00:21:15,840
silence

534
00:21:19,990 --> 00:21:17,440
i just want to jump in here and say how

535
00:21:21,909 --> 00:21:20,000
cool it is that somebody in the 1980s

536
00:21:25,510 --> 00:21:21,919
the late 1980s was still using the

537
00:21:27,350 --> 00:21:25,520
phrase silence groups rather than um men

538
00:21:31,190 --> 00:21:27,360

in black which is

539

00:21:33,430 --> 00:21:31,200

absolutely wonderful i love that and

540

00:21:36,149 --> 00:21:33,440

i'm all for bringing back the silence

541

00:21:39,190 --> 00:21:36,159

group as a term we use

542

00:21:42,310 --> 00:21:39,200

throughout uh saucerology and i hope you

543

00:21:45,430 --> 00:21:42,320

join with me in trying to make that term

544

00:21:48,710 --> 00:21:45,440

more current again anyway back to um

545

00:21:50,789 --> 00:21:48,720

shoichi harakawa's reply

546

00:21:52,789 --> 00:21:50,799

yes as a matter of fact i had a thin

547

00:21:54,710 --> 00:21:52,799

time in the past some men in black

548

00:21:56,390 --> 00:21:54,720

appeared around me from nowhere when i

549

00:21:58,470 --> 00:21:56,400

was contacting and were deliberately

550

00:22:00,549 --> 00:21:58,480

standing at a place to be seen

551
00:22:03,029 --> 00:22:00,559
as this was a great pressure to me i was

552
00:22:04,870 --> 00:22:03,039
often oppressed with fear but these days

553
00:22:06,470 --> 00:22:04,880
their appearances are sparse

554
00:22:08,149 --> 00:22:06,480
i think they have changed their plan in

555
00:22:10,870 --> 00:22:08,159
order not to make the public believe in

556
00:22:12,470 --> 00:22:10,880
the existence of ufos also the men in

557
00:22:14,149 --> 00:22:12,480
black seem to have recognized that the

558
00:22:15,110 --> 00:22:14,159
control of information is good enough

559
00:22:16,870 --> 00:22:15,120
for them

560
00:22:19,350 --> 00:22:16,880
therefore instead of being nervous they

561
00:22:20,870 --> 00:22:19,360
have only to make up false contactees

562
00:22:23,270 --> 00:22:20,880
talking through their hats

563
00:22:25,669 --> 00:22:23,280

then genuine contact men are looked upon

564

00:22:27,270 --> 00:22:25,679

as lunatics and neglected by the public

565

00:22:29,750 --> 00:22:27,280

there are more than a few would-be

566

00:22:32,149 --> 00:22:29,760

contactees being manipulated by wire

567

00:22:33,669 --> 00:22:32,159

pullers space people don't point out the

568

00:22:35,909 --> 00:22:33,679

false contactees but i can

569

00:22:37,990 --> 00:22:35,919

telepathically recognize them by waves

570

00:22:40,070 --> 00:22:38,000

being emitted i can also recognize

571

00:22:45,510 --> 00:22:40,080

whether ufo photographs are genuine or

572

00:22:50,230 --> 00:22:47,510

okay yes as soon as i sing the praises

573

00:22:52,230 --> 00:22:50,240

of using the term silence group shoiichi

574

00:22:54,310 --> 00:22:52,240

here uses the term men in black it's

575

00:22:57,270 --> 00:22:54,320

okay you can use both terms i just want

576
00:22:59,430 --> 00:22:57,280
to see silence group pushed in to things

577
00:23:01,750 --> 00:22:59,440
with a little more a little more

578
00:23:03,590 --> 00:23:01,760
confidence also

579
00:23:05,669 --> 00:23:03,600
they are no longer contactees they are

580
00:23:08,549 --> 00:23:05,679
contact men

581
00:23:11,350 --> 00:23:08,559
which is an unfortunately gendered term

582
00:23:13,750 --> 00:23:11,360
we'll adapt it to contact people i don't

583
00:23:15,350 --> 00:23:13,760
know contact men just sounds

584
00:23:18,950 --> 00:23:15,360
again not like something you'd hear in

585
00:23:21,990 --> 00:23:18,960
1987 and i put that down to uh to

586
00:23:24,230 --> 00:23:22,000
translation issues so we go into a

587
00:23:26,470 --> 00:23:24,240
little bit of detail for the next couple

588
00:23:28,630 --> 00:23:26,480

pages about um

589

00:23:31,590 --> 00:23:28,640

shoichi harakawa's ability to read

590

00:23:33,750 --> 00:23:31,600

people's auras and to determine who is a

591

00:23:35,909 --> 00:23:33,760

true contactee and who is a false

592

00:23:39,669 --> 00:23:35,919

contactee through these auras and the

593

00:23:41,990 --> 00:23:39,679

ability to detect real or fake um ufo

594

00:23:43,510 --> 00:23:42,000

photographs which i think would be a

595

00:23:46,070 --> 00:23:43,520

really really

596

00:23:48,870 --> 00:23:46,080

honestly kind of a useless skill in a

597

00:23:50,789 --> 00:23:48,880

lot of ways i do like this idea that the

598

00:23:53,029 --> 00:23:50,799

silence group doesn't need to to

599

00:23:54,710 --> 00:23:53,039

threaten or shut up any contactees they

600

00:23:57,029 --> 00:23:54,720

just need to flood the market with

601
00:23:59,269 --> 00:23:57,039
enough fake contactees to confuse the

602
00:24:00,950 --> 00:23:59,279
issue enough that the real contactees

603
00:24:02,710 --> 00:24:00,960
aren't taken seriously

604
00:24:05,669 --> 00:24:02,720
i mean honestly i'm pretty sure that's

605
00:24:08,630 --> 00:24:05,679
what goes on anyway so

606
00:24:11,830 --> 00:24:08,640
again it's you've got this mix of

607
00:24:13,909 --> 00:24:11,840
of classic contactism with

608
00:24:15,830 --> 00:24:13,919
a dash of

609
00:24:17,510 --> 00:24:15,840
a little bit of more modern sort of

610
00:24:20,470 --> 00:24:17,520
understanding of disinformation

611
00:24:23,269 --> 00:24:20,480
techniques and things like that this

612
00:24:26,310 --> 00:24:23,279
idea of auras and thought waves and

613
00:24:28,390 --> 00:24:26,320

photographs of ufos gets expanded upon a

614

00:24:30,950 --> 00:24:28,400

little bit more and

615

00:24:33,590 --> 00:24:30,960

it's weird so i'm going to

616

00:24:35,590 --> 00:24:33,600

just play you this as well as the the

617

00:24:37,110 --> 00:24:35,600

sort of headline that begins this

618

00:24:39,029 --> 00:24:37,120

section

619

00:24:42,710 --> 00:24:39,039

earth man's thought waves reach space

620

00:24:44,630 --> 00:24:42,720

people by seeing photographs of ufos

621

00:24:46,630 --> 00:24:44,640

while they often altered my frequencies

622

00:24:49,430 --> 00:24:46,640

my power to see a man's aura gradually

623

00:24:51,430 --> 00:24:49,440

became stronger aura a kind of rays of

624

00:24:53,590 --> 00:24:51,440

magnetic force emitted from a man's body

625

00:24:54,470 --> 00:24:53,600

as well as all things has an interesting

626
00:24:56,390 --> 00:24:54,480
nature

627
00:24:58,470 --> 00:24:56,400
when a man having a strong aura is in

628
00:25:00,470 --> 00:24:58,480
the company of a weaker man some of the

629
00:25:03,110 --> 00:25:00,480
stronger aura is pulled by the lesser

630
00:25:04,710 --> 00:25:03,120
one and both are inclined to be even

631
00:25:06,630 --> 00:25:04,720
i think the reason why the space people

632
00:25:08,630 --> 00:25:06,640
don't openly make their appearances is

633
00:25:10,789 --> 00:25:08,640
quite apparent the moment they are

634
00:25:12,870 --> 00:25:10,799
identified by earth men exchange of both

635
00:25:15,029 --> 00:25:12,880
energy may begin and the space people's

636
00:25:17,350 --> 00:25:15,039
energy will be absorbed by the other the

637
00:25:19,669 --> 00:25:17,360
space people said taking photographs of

638
00:25:22,230 --> 00:25:19,679

ufos by earth men is a serious matter

639

00:25:24,390 --> 00:25:22,240

for us this means that the earth men's

640

00:25:26,070 --> 00:25:24,400

thought waves will be sent to ufos in

641

00:25:27,669 --> 00:25:26,080

the process and they will have to

642

00:25:32,230 --> 00:25:27,679

protect themselves by keeping the

643

00:25:36,710 --> 00:25:34,310

this may be the weakest reason yet why

644

00:25:39,750 --> 00:25:36,720

they don't make themselves openly

645

00:25:42,149 --> 00:25:39,760

apparent to humankind we get other

646

00:25:45,110 --> 00:25:42,159

stories a flying saucer is started by

647

00:25:46,390 --> 00:25:45,120

man's thought waves and another section

648

00:25:48,390 --> 00:25:46,400

how to get

649

00:25:50,549 --> 00:25:48,400

what a man wants the space people said

650

00:25:52,149 --> 00:25:50,559

quote if you want something or live a

651
00:25:54,390 --> 00:25:52,159
life as you wish you should always

652
00:25:56,710 --> 00:25:54,400
visualize it in your mind or draw the

653
00:25:59,510 --> 00:25:56,720
picture on a piece of paper repeatedly

654
00:26:01,269 --> 00:25:59,520
so it's kind of like you know the secret

655
00:26:04,470 --> 00:26:01,279
sort of sort of making your intentions

656
00:26:08,149 --> 00:26:04,480
known and the universe will provide

657
00:26:11,750 --> 00:26:08,159
these things and harukawa has a you know

658
00:26:13,510 --> 00:26:11,760
a good opinion of this practice

659
00:26:15,510 --> 00:26:13,520
therefore i think a great number of

660
00:26:17,669 --> 00:26:15,520
people should practice visualizing an

661
00:26:19,190 --> 00:26:17,679
image of a highly advanced earth then

662
00:26:21,510 --> 00:26:19,200
earth will become a better place for

663
00:26:23,430 --> 00:26:21,520

sure it is not up to the countries nor

664

00:26:28,789 --> 00:26:23,440

enterprises but to each individual to

665

00:26:33,430 --> 00:26:31,350

hey if it works knock yourself out we

666

00:26:36,390 --> 00:26:33,440

learn a little bit more about the quote

667

00:26:38,310 --> 00:26:36,400

incredible circumstances on venus

668

00:26:41,190 --> 00:26:38,320

they say according to adamski there are

669

00:26:43,830 --> 00:26:41,200

many dome type houses on the planet is

670

00:26:48,149 --> 00:26:45,830

yes adamski is correct in saying that

671

00:26:49,909 --> 00:26:48,159

there are many dome type houses but if

672

00:26:51,190 --> 00:26:49,919

you see the walls from the inside you

673

00:26:53,590 --> 00:26:51,200

can see the outside through the

674

00:26:55,909 --> 00:26:53,600

transparent walls it's just like a magic

675

00:26:58,230 --> 00:26:55,919

mirror a house can move itself freely

676

00:27:00,230 --> 00:26:58,240

too i saw a house move into a large

677

00:27:02,070 --> 00:27:00,240

crater-like cavity where the earth rose

678

00:27:05,110 --> 00:27:02,080

gradually until the house became

679

00:27:10,070 --> 00:27:07,750

mr kubota then asks are venusians of the

680

00:27:12,070 --> 00:27:10,080

oriental type

681

00:27:14,630 --> 00:27:12,080

no most of them are of the caucasian

682

00:27:16,630 --> 00:27:14,640

type but quite a few people are oriental

683

00:27:18,630 --> 00:27:16,640

looking i saw some japanese who were

684

00:27:20,310 --> 00:27:18,640

taken from japan to work there

685

00:27:22,549 --> 00:27:20,320

actually quite a few japanese people

686

00:27:24,230 --> 00:27:22,559

were working on planet venus at first i

687

00:27:26,149 --> 00:27:24,240

was surprised at their japanese language

688

00:27:30,549 --> 00:27:26,159

so i asked where they came from they

689

00:27:33,430 --> 00:27:31,909

this sounds so much like some of the

690

00:27:35,190 --> 00:27:33,440

other contact these stories you've seen

691

00:27:36,950 --> 00:27:35,200

especially um

692

00:27:38,950 --> 00:27:36,960

they're cold ass or iarga i think cold

693

00:27:41,029 --> 00:27:38,960

ass where we've got people from

694

00:27:42,549 --> 00:27:41,039

denmark and switzerland or wherever

695

00:27:43,909 --> 00:27:42,559

living on these other planets and not

696

00:27:46,310 --> 00:27:43,919

fitting in and then

697

00:27:48,950 --> 00:27:46,320

going home so this installment this

698

00:27:50,870 --> 00:27:48,960

first installment of this uh story ends

699

00:27:53,190 --> 00:27:50,880

with um this is my favorite question

700

00:27:56,710 --> 00:27:53,200

ever how do the space people evaluate

701
00:27:59,029 --> 00:27:56,720
ufo research groups on earth

702
00:28:00,870 --> 00:27:59,039
they don't evaluate any groups at all

703
00:28:03,190 --> 00:28:00,880
they are only appealing to the public on

704
00:28:04,630 --> 00:28:03,200
earth

705
00:28:06,070 --> 00:28:04,640
so um

706
00:28:08,230 --> 00:28:06,080
what do the space brothers look for in a

707
00:28:09,430 --> 00:28:08,240
good research organization that they

708
00:28:10,470 --> 00:28:09,440
don't know anything about you and they

709
00:28:12,070 --> 00:28:10,480
don't care

710
00:28:13,590 --> 00:28:12,080
they're going directly to the people i

711
00:28:16,710 --> 00:28:13,600
like that i like sort of takes the wind

712
00:28:19,990 --> 00:28:16,720
out of the sails of the ufo research

713
00:28:22,470 --> 00:28:20,000

organization as an institution so that's

714

00:28:24,310 --> 00:28:22,480

the first part and it's good i think

715

00:28:26,870 --> 00:28:24,320

we'll keep going with this at various

716

00:28:28,470 --> 00:28:26,880

times during the uh during the year i

717

00:28:29,990 --> 00:28:28,480

was gonna say during the semester but

718

00:28:31,590 --> 00:28:30,000

during the year let's take a little

719

00:28:33,510 --> 00:28:31,600

break i'll share some information with

720

00:28:35,830 --> 00:28:33,520

you and then we'll come back for a few

721

00:28:37,909 --> 00:28:35,840

questions and answers by george adamski

722

00:28:39,990 --> 00:28:37,919

from 1957

723

00:28:42,310 --> 00:28:40,000

that were published by adamski and sent

724

00:28:43,350 --> 00:28:42,320

to quote his co-workers all over the

725

00:28:45,110 --> 00:28:43,360

world

726
00:28:47,480 --> 00:28:45,120
it contains much valuable information on

727
00:28:52,789 --> 00:28:47,490
ufo issues even now

728
00:28:54,310 --> 00:28:52,799
[Music]

729
00:28:55,510 --> 00:28:54,320
we will be back in a week fielding your

730
00:28:57,110 --> 00:28:55,520
questions and comments about this

731
00:28:58,630 --> 00:28:57,120
episode so be sure to get those to us in

732
00:29:00,630 --> 00:28:58,640
the comments section under this episode

733

time and his and his publications views

754
00:29:54,950 --> 00:29:51,840
on the saucer scene back in the 60s and

755
00:29:56,470 --> 00:29:54,960
onward are very very interesting so that

756
00:29:58,070 --> 00:29:56,480

780

00:30:56,389 --> 00:30:54,000

48480 okay let's wrap it up with some

781

00:30:59,029 --> 00:30:56,399

questions and answers from george

782

00:31:00,960 --> 00:30:59,039

adamski or adamski however i want to

783

00:31:06,789 --> 00:31:00,970

pronounce it this week

784

00:31:10,950 --> 00:31:08,789

okay no background noise or sound

785

00:31:12,950 --> 00:31:10,960

effects or any special uh presentation

786

00:31:15,190 --> 00:31:12,960

on these just some straight up questions

787

00:31:16,789 --> 00:31:15,200

and answers we're not doing um the whole

788

00:31:18,710 --> 00:31:16,799

thing because some of these are pretty

789

00:31:20,789 --> 00:31:18,720

long-winded but

790

00:31:22,630 --> 00:31:20,799

question do you have information from

791

00:31:26,950 --> 00:31:22,640

the space brothers regarding the russian

792

00:31:29,190 --> 00:31:26,960

satellite sputnik okay so this is 1957

793

00:31:31,269 --> 00:31:29,200

and the russians have launched sputnik

794

00:31:32,549 --> 00:31:31,279

and turned the world

795

00:31:35,269 --> 00:31:32,559

upside down

796

00:31:37,750 --> 00:31:35,279

what is george's answer george says

797

00:31:40,230 --> 00:31:37,760

quote no to the present date october

798

00:31:41,669 --> 00:31:40,240

18th 1957 i have not had a meeting with

799

00:31:44,310 --> 00:31:41,679

the space people since the launching of

800

00:31:46,070 --> 00:31:44,320

russia's baby moon however the next time

801
00:31:47,669 --> 00:31:46,080
we meet i will make inquiries about this

802
00:31:49,750 --> 00:31:47,679
matter and include what information they

803
00:31:50,870 --> 00:31:49,760
give me in the next number of questions

804
00:31:53,269 --> 00:31:50,880
and answers

805
00:31:54,710 --> 00:31:53,279
one thing i do know the shell first

806
00:31:56,870 --> 00:31:54,720
reported to be following the little

807
00:31:59,350 --> 00:31:56,880
satellite and now said to be leading it

808
00:32:00,630 --> 00:31:59,360
is a spaceship a check of information

809
00:32:02,950 --> 00:32:00,640
released on the subject will show

810
00:32:04,789 --> 00:32:02,960
reports of more than one shell orbiting

811
00:32:06,549 --> 00:32:04,799
with the russian moon during a meeting

812
00:32:08,630 --> 00:32:06,559
with the space people not long ago we

813
00:32:10,470 --> 00:32:08,640

discussed the possibility of some nation

814

00:32:12,789 --> 00:32:10,480

succeeding in getting a device to orbit

815

00:32:14,710 --> 00:32:12,799

around our planet at that time they told

816

00:32:16,630 --> 00:32:14,720

me when any country did succeed with

817

00:32:18,630 --> 00:32:16,640

such a project it would be watched

818

00:32:20,630 --> 00:32:18,640

closely if it proved to be purely

819

00:32:22,789 --> 00:32:20,640

scientific they would leave it alone

820

00:32:25,029 --> 00:32:22,799

this seems to be their present policy

821

00:32:27,590 --> 00:32:25,039

end quote and the next question is also

822

00:32:30,389 --> 00:32:27,600

sputnik related why didn't the space

823

00:32:32,789 --> 00:32:30,399

people help us get a satellite out first

824

00:32:34,630 --> 00:32:32,799

and adamski replies quote according to

825

00:32:36,470 --> 00:32:34,640

information i've received not directly

826

00:32:38,310 --> 00:32:36,480

from russia herself but from people in

827

00:32:40,230 --> 00:32:38,320

other nations who are in touch with

828

00:32:42,070 --> 00:32:40,240

russia there have been many sightings

829

00:32:44,470 --> 00:32:42,080

and a number of landings in that country

830

00:32:46,230 --> 00:32:44,480

from all i have been able to learn

831

00:32:47,830 --> 00:32:46,240

some governments have given instructions

832

00:32:50,389 --> 00:32:47,840

to their air forces to fire upon

833

00:32:52,470 --> 00:32:50,399

spacecraft and no nation can expect help

834

00:32:54,149 --> 00:32:52,480

from people at whom they shoot and whose

835

00:32:56,230 --> 00:32:54,159

information they ignore

836

00:32:57,909 --> 00:32:56,240

remember the space visitors know no

837

00:32:59,830 --> 00:32:57,919

divisions and support no particular

838

00:33:02,310 --> 00:32:59,840

class they're non-political and

839

00:33:04,470 --> 00:33:02,320

non-sectarian recognizing all mankind as

840

00:33:06,710 --> 00:33:04,480

brothers and sisters their interest lies

841

00:33:08,630 --> 00:33:06,720

in humanity as a whole wherever they

842

00:33:10,710 --> 00:33:08,640

find it whether on our planet or

843

00:33:13,669 --> 00:33:10,720

elsewhere in the vast universe but i can

844

00:33:16,950 --> 00:33:13,679

assure you they will support no one in

845

00:33:19,669 --> 00:33:16,960

hostility end quote okay am i reading

846

00:33:21,669 --> 00:33:19,679

slash hearing that wrong or did george

847

00:33:24,149 --> 00:33:21,679

damski basically just sort of come out

848

00:33:27,110 --> 00:33:24,159

and say the russians were the good guys

849

00:33:29,350 --> 00:33:27,120

in this situation so

850

00:33:31,029 --> 00:33:29,360

he sort of implies it doesn't he

851

00:33:32,389 --> 00:33:31,039

i've heard not from the russians but

852

00:33:33,750 --> 00:33:32,399

from other people

853

00:33:34,870 --> 00:33:33,760

that

854

00:33:36,549 --> 00:33:34,880

you know

855

00:33:38,630 --> 00:33:36,559

there have been landings

856

00:33:40,950 --> 00:33:38,640

and the aliens aren't going to help

857

00:33:43,509 --> 00:33:40,960

anybody who shoots at them

858

00:33:46,230 --> 00:33:43,519

and they didn't help the united states

859

00:33:49,750 --> 00:33:46,240

and suddenly the soviets have a baby

860

00:33:52,789 --> 00:33:49,760

moon i like that baby

861

00:33:55,029 --> 00:33:52,799

baby moon okay i i won't sing anymore

862

00:33:57,430 --> 00:33:55,039

but i think um i think there's

863

00:33:59,509 --> 00:33:57,440

absolutely an implication here that uh

864

00:34:00,549 --> 00:33:59,519

if the russians haven't received direct

865

00:34:03,430 --> 00:34:00,559

aid

866

00:34:06,950 --> 00:34:03,440

from the aliens then at least the aliens

867

00:34:08,629 --> 00:34:06,960

do not have a dog in the cold war fight

868

00:34:11,430 --> 00:34:08,639

and i should say i should point out that

869

00:34:13,589 --> 00:34:11,440

in all the fbi documents about adamski

870

00:34:16,790 --> 00:34:13,599

that i've read none of them have

871

00:34:18,950 --> 00:34:16,800

addressed this point so

872

00:34:21,430 --> 00:34:18,960

honestly i think by 57 the fbi might

873

00:34:22,869 --> 00:34:21,440

have been done looking at a damski maybe

874

00:34:25,109 --> 00:34:22,879

i'll go back and check that out at some

875

00:34:27,669 --> 00:34:25,119

point but i don't know he never really

876

00:34:29,589 --> 00:34:27,679

comes out and says yes yay russians or

877

00:34:31,990 --> 00:34:29,599

anything like that but this is the

878

00:34:34,950 --> 00:34:32,000

closest i've i think i've come to

879

00:34:38,069 --> 00:34:34,960

him sort of wading into the conflict in

880

00:34:38,950 --> 00:34:38,079

his actual writings another question

881

00:34:41,909 --> 00:34:38,960

why

882

00:34:44,310 --> 00:34:41,919

are the space people coming our way

883

00:34:46,149 --> 00:34:44,320

adamski says quote their presence in

884

00:34:48,629 --> 00:34:46,159

such numbers at this particular time is

885

00:34:50,310 --> 00:34:48,639

largely for scientific study by now

886

00:34:52,310 --> 00:34:50,320

almost everybody has heard something

887

00:34:54,069 --> 00:34:52,320

about the change our planet earth is

888

00:34:55,829 --> 00:34:54,079

making on its axis this is a natural

889

00:34:57,910 --> 00:34:55,839

phenomenon which takes place at regular

890

00:34:59,510 --> 00:34:57,920

cycles on all planets they are observing

891

00:35:00,950 --> 00:34:59,520

this closely since the change anywhere

892

00:35:03,030 --> 00:35:00,960

in the system affects the whole system

893

00:35:04,950 --> 00:35:03,040

to some degree it may also be noted

894

00:35:06,950 --> 00:35:04,960

their present visitations coincide with

895

00:35:08,390 --> 00:35:06,960

the international geophysical year

896

00:35:10,310 --> 00:35:08,400

during which time the foremost

897

00:35:12,790 --> 00:35:10,320

scientists of all nations are seriously

898

00:35:14,630 --> 00:35:12,800

studying earth and its actions

899

00:35:16,550 --> 00:35:14,640

furthermore we are being alerted to the

900

00:35:18,550 --> 00:35:16,560

existence of neighbors in space by their

901
00:35:20,310 --> 00:35:18,560
craft through our atmosphere prior to

902
00:35:21,990 --> 00:35:20,320
proof of their reality a large majority

903
00:35:24,390 --> 00:35:22,000
of the people were unaware of human

904
00:35:26,230 --> 00:35:24,400
inhabitants on other planets it is their

905
00:35:27,990 --> 00:35:26,240
sincere hope to bring us into the family

906
00:35:31,030 --> 00:35:28,000
of our solar system

907
00:35:33,190 --> 00:35:31,040
through knowledge end quote well that

908
00:35:37,030 --> 00:35:33,200
makes sense and i have to say that the

909
00:35:38,710 --> 00:35:37,040
the axis shift the axis tilt um this

910
00:35:41,270 --> 00:35:38,720
natural phenomenon that all planets

911
00:35:44,630 --> 00:35:41,280
undergo is one of the things that gets

912
00:35:46,710 --> 00:35:44,640
downplayed a lot in adamski's writings

913
00:35:47,430 --> 00:35:46,720

often by adamski himself it doesn't come

914

00:35:50,390 --> 00:35:47,440

up

915

00:35:51,349 --> 00:35:50,400

very often the philosophical and

916

00:35:53,910 --> 00:35:51,359

sort of

917

00:35:55,589 --> 00:35:53,920

social messages come to the fore most

918

00:35:57,430 --> 00:35:55,599

often but

919

00:35:59,270 --> 00:35:57,440

i don't know he changed his message he

920

00:36:01,190 --> 00:35:59,280

didn't change his message he changed

921

00:36:02,870 --> 00:36:01,200

what emphasis he placed on different

922

00:36:05,750 --> 00:36:02,880

parts of his message

923

00:36:07,270 --> 00:36:05,760

throughout his uh throughout his career

924

00:36:08,870 --> 00:36:07,280

but um

925

00:36:10,230 --> 00:36:08,880

to be honest i was i was thinking about

926

00:36:12,630 --> 00:36:10,240

a deep dive on the international

927

00:36:14,710 --> 00:36:12,640

geophysical year but

928

00:36:17,910 --> 00:36:14,720

i don't know despite taking a couple

929

00:36:20,069 --> 00:36:17,920

geology classes in uh in college i don't

930

00:36:23,109 --> 00:36:20,079

think i could sustain my own interest in

931

00:36:25,270 --> 00:36:23,119

that let alone anyone else's

932

00:36:26,710 --> 00:36:25,280

all right another question are space

933

00:36:29,270 --> 00:36:26,720

travelers like us

934

00:36:31,270 --> 00:36:29,280

quote yes our spiritual teachings tell

935

00:36:33,270 --> 00:36:31,280

us we on earth are created in the image

936

00:36:35,430 --> 00:36:33,280

and likeness of the creator since this

937

00:36:36,870 --> 00:36:35,440

is true and since this same creator is

938

00:36:38,870 --> 00:36:36,880

the father of the cosmos and all

939

00:36:40,470 --> 00:36:38,880

contained therein would not his children

940

00:36:42,870 --> 00:36:40,480

in other rooms in his house of many

941

00:36:44,950 --> 00:36:42,880

mansions also be like us

942

00:36:46,710 --> 00:36:44,960

end quote um

943

00:36:49,670 --> 00:36:46,720

he's making some assumptions about

944

00:36:52,550 --> 00:36:49,680

spiritual teachings quote on earth as

945

00:36:54,550 --> 00:36:52,560

though there were only um well not only

946

00:36:55,910 --> 00:36:54,560

one he does sort of pluralize that but

947

00:36:57,030 --> 00:36:55,920

he kind of makes the assumption that

948

00:36:59,910 --> 00:36:57,040

they all

949

00:37:02,630 --> 00:36:59,920

you know have this very similar creation

950

00:37:04,310 --> 00:37:02,640

story he goes on to say quote on earth

951
00:37:06,310 --> 00:37:04,320
we have people of various sizes and

952
00:37:08,310 --> 00:37:06,320
colors but the same condition exists in

953
00:37:10,230 --> 00:37:08,320
other worlds but while we divide these

954
00:37:11,829 --> 00:37:10,240
colors into races the dwellers on other

955
00:37:13,910 --> 00:37:11,839
planets glorify their father in his

956
00:37:16,150 --> 00:37:13,920
wisdom for bringing forth the variations

957
00:37:17,990 --> 00:37:16,160
of himself no one is judged by outward

958
00:37:20,710 --> 00:37:18,000
appearance but all are revered for

959
00:37:23,109 --> 00:37:20,720
the divine life within

960
00:37:25,589 --> 00:37:23,119
end quote so the answer goes on we'll

961
00:37:26,630 --> 00:37:25,599
get to it but this is one of the places

962
00:37:28,790 --> 00:37:26,640
i don't want to say one of the few

963
00:37:31,109 --> 00:37:28,800

places but one of the places that are

964

00:37:33,910 --> 00:37:31,119

relatively rare compared to other topics

965

00:37:35,349 --> 00:37:33,920

adamski covers where

966

00:37:37,670 --> 00:37:35,359

humanity's

967

00:37:40,150 --> 00:37:37,680

racial issues are addressed but he does

968

00:37:43,430 --> 00:37:40,160

so in such a very

969

00:37:44,390 --> 00:37:43,440

vague way i mean this is 1957. this is

970

00:37:46,550 --> 00:37:44,400

this is

971

00:37:50,310 --> 00:37:46,560

you know the era of letter from

972

00:37:52,790 --> 00:37:50,320

birmingham jail and little rock and all

973

00:37:56,470 --> 00:37:52,800

that stuff and you never see him

974

00:37:58,069 --> 00:37:56,480

commenting on specific issues like that

975

00:38:01,510 --> 00:37:58,079

um he's

976
00:38:02,550 --> 00:38:01,520
sort of cynically savvy in that sense he

977
00:38:05,190 --> 00:38:02,560
he makes

978
00:38:06,950 --> 00:38:05,200
very good noises about racial equality

979
00:38:12,310 --> 00:38:06,960
but never really

980
00:38:14,870 --> 00:38:12,320
jumps into any any specific issues or

981
00:38:17,030 --> 00:38:14,880
or circumstances he goes on to explain

982
00:38:19,030 --> 00:38:17,040
quote space travelers are identical to

983
00:38:20,950 --> 00:38:19,040
us only they have a deeper understanding

984
00:38:23,349 --> 00:38:20,960
of themselves and the cosmos of which we

985
00:38:25,589 --> 00:38:23,359
are all inhabitants when we too learn to

986
00:38:28,230 --> 00:38:25,599
master space travel our concept of the

987
00:38:31,829 --> 00:38:28,240
cosmos will be infinitely broadened

988
00:38:33,990 --> 00:38:31,839

end quote um that's interesting sort of

989

00:38:37,270 --> 00:38:34,000

explaining or or sort of claiming that

990

00:38:39,990 --> 00:38:37,280

our conception conception our conception

991

00:38:42,870 --> 00:38:40,000

of the cosmos won't be broadened until

992

00:38:45,270 --> 00:38:42,880

we master space travel

993

00:38:47,109 --> 00:38:45,280

but later on i mean just a couple years

994

00:38:48,550 --> 00:38:47,119

later he'd be doing his science of life

995

00:38:51,109 --> 00:38:48,560

courses and the cosmic philosophy

996

00:38:52,310 --> 00:38:51,119

courses which teach all these things

997

00:38:54,470 --> 00:38:52,320

prior to

998

00:38:55,589 --> 00:38:54,480

us having mastered space travel of

999

00:38:57,990 --> 00:38:55,599

course

1000

00:38:59,990 --> 00:38:58,000

i don't know exactly how he defines

1001
00:39:03,750 --> 00:39:00,000
mastering space travel by the early

1002
00:39:06,630 --> 00:39:03,760
1960s we've put people in orbit we being

1003
00:39:08,550 --> 00:39:06,640
humanity not like we here at the show um

1004
00:39:10,870 --> 00:39:08,560
so maybe that is close enough to

1005
00:39:12,230 --> 00:39:10,880
mastering space travel that he thinks

1006
00:39:13,190 --> 00:39:12,240
it's safe to

1007
00:39:16,470 --> 00:39:13,200
you know

1008
00:39:18,630 --> 00:39:16,480
slip the secret knowledge to people but

1009
00:39:20,069 --> 00:39:18,640
um i don't know i'm probably thinking

1010
00:39:22,470 --> 00:39:20,079
about that more

1011
00:39:25,349 --> 00:39:22,480
than uh more than he ever did

1012
00:39:28,710 --> 00:39:25,359
okay do the visitors support any

1013
00:39:31,109 --> 00:39:28,720

specific form of earth's society

1014

00:39:32,950 --> 00:39:31,119

adamski answers no

1015

00:39:35,430 --> 00:39:32,960

such support would be complying with our

1016

00:39:36,870 --> 00:39:35,440

custom of divisions they recognize no

1017

00:39:38,790 --> 00:39:36,880

false divisions of any kind they

1018

00:39:40,829 --> 00:39:38,800

understand life is eternal and every

1019

00:39:43,109 --> 00:39:40,839

person is born to fulfill a definite

1020

00:39:45,349 --> 00:39:43,119

destiny each must learn his own lessons

1021

00:39:46,870 --> 00:39:45,359

as he travels the pathway of life many

1022

00:39:49,270 --> 00:39:46,880

have mastered lessons that others have

1023

00:39:51,190 --> 00:39:49,280

yet to learn yet stretching before all

1024

00:39:53,349 --> 00:39:51,200

is the eternal pathway without beginning

1025

00:39:55,349 --> 00:39:53,359

or ending therefore all are respected

1026

00:39:57,990 --> 00:39:55,359

alike so they have neither preference

1027

00:40:00,630 --> 00:39:58,000

nor judgment for any specific form of

1028

00:40:02,550 --> 00:40:00,640

our society end quote now this is one of

1029

00:40:04,790 --> 00:40:02,560

those things i've got a little bit of a

1030

00:40:07,030 --> 00:40:04,800

problem with you know that we recognize

1031

00:40:08,790 --> 00:40:07,040

no divisions you know we don't we you

1032

00:40:11,270 --> 00:40:08,800

know have no preference or judgment for

1033

00:40:12,309 --> 00:40:11,280

any specific form of society

1034

00:40:13,589 --> 00:40:12,319

hitler

1035

00:40:15,589 --> 00:40:13,599

stalin

1036

00:40:17,190 --> 00:40:15,599

you know that's fine you know you're the

1037

00:40:18,550 --> 00:40:17,200

ones who make those divisions not us

1038

00:40:19,750 --> 00:40:18,560

it's all the same to us we don't

1039

00:40:22,390 --> 00:40:19,760

recognize

1040

00:40:23,510 --> 00:40:22,400

any preference here we don't think that

1041

00:40:27,030 --> 00:40:23,520

i don't know

1042

00:40:29,910 --> 00:40:27,040

switzerland is any better than

1043

00:40:31,829 --> 00:40:29,920

fascist italy we we see that as the same

1044

00:40:33,990 --> 00:40:31,839

thing really i

1045

00:40:38,150 --> 00:40:34,000

i don't know it doesn't

1046

00:40:39,990 --> 00:40:38,160

i mean yeah i i get it i get it but i

1047

00:40:41,349 --> 00:40:40,000

i've got a i've got a problem with that

1048

00:40:46,710 --> 00:40:41,359

we are

1049

00:40:48,150 --> 00:40:46,720

two world wars and for the space

1050

00:40:50,150 --> 00:40:48,160

brothers to

1051

00:40:52,790 --> 00:40:50,160

preach about our need to

1052

00:40:54,309 --> 00:40:52,800

overcome our differences while

1053

00:40:56,309 --> 00:40:54,319

saying we don't really have any problem

1054

00:40:58,069 --> 00:40:56,319

with with any particular society you're

1055

00:41:00,630 --> 00:40:58,079

all pretty much the same to us

1056

00:41:02,069 --> 00:41:00,640

i don't know that's um

1057

00:41:04,470 --> 00:41:02,079

that's bad

1058

00:41:06,390 --> 00:41:04,480

but let's move out of the uh the sort of

1059

00:41:08,230 --> 00:41:06,400

philosophical realm into good

1060

00:41:11,109 --> 00:41:08,240

old-fashioned flying saucer questions

1061

00:41:12,870 --> 00:41:11,119

for george adamski the next question is

1062

00:41:16,710 --> 00:41:12,880

why do we not hear of spacecraft

1063

00:41:18,230 --> 00:41:16,720

crashing as we did in the early 1950s

1064

00:41:19,750 --> 00:41:18,240

yeah that

1065

00:41:21,750 --> 00:41:19,760

i think that's a typo

1066

00:41:23,190 --> 00:41:21,760

the answer quote the early crashes were

1067

00:41:24,790 --> 00:41:23,200

caused when the radiation in our

1068

00:41:26,309 --> 00:41:24,800

atmosphere was taken into their craft

1069

00:41:28,069 --> 00:41:26,319

through a process similar to our air

1070

00:41:30,390 --> 00:41:28,079

conditioning our air conditioning

1071

00:41:33,030 --> 00:41:30,400

systems the crews became ill and lost

1072

00:41:34,950 --> 00:41:33,040

fatalities had taken place the crews on

1073

00:41:37,109 --> 00:41:34,960

other ships began studying conditions

1074

00:41:38,790 --> 00:41:37,119

and seeking ways to avoid such disasters

1075

00:41:40,710 --> 00:41:38,800

now they have succeeded they have

1076

00:41:42,309 --> 00:41:40,720

perfected a small object which each crew

1077

00:41:44,309 --> 00:41:42,319

member carries on as person while their

1078

00:41:46,870 --> 00:41:44,319

ship is moving through our atmosphere a

1079

00:41:48,470 --> 00:41:46,880

similar object on such a larger scale is

1080

00:41:50,630 --> 00:41:48,480

used to purify the atmosphere within

1081

00:41:51,910 --> 00:41:50,640

their craft no space person ever comes

1082

00:41:53,670 --> 00:41:51,920

to earth without one of these for

1083

00:41:55,510 --> 00:41:53,680

protection to help them withstand our

1084

00:41:58,230 --> 00:41:55,520

rate the radiation present not only in

1085

00:41:59,510 --> 00:41:58,240

our atmosphere but in our food and water

1086

00:42:01,750 --> 00:41:59,520

as well

1087

00:42:02,950 --> 00:42:01,760

end quote um

1088

00:42:06,870 --> 00:42:02,960

okay

1089

00:42:08,710 --> 00:42:06,880

that's as good a suggestion as any

1090

00:42:09,589 --> 00:42:08,720

um

1091

00:42:11,349 --> 00:42:09,599

yeah

1092

00:42:14,230 --> 00:42:11,359

okay i i don't really have much to say

1093

00:42:17,670 --> 00:42:14,240

about that and i don't have much to say

1094

00:42:18,790 --> 00:42:17,680

about the rest of this oh wait one more

1095

00:42:19,750 --> 00:42:18,800

question i think we'll do one more

1096

00:42:22,710 --> 00:42:19,760

question

1097

00:42:24,710 --> 00:42:22,720

is there family life similar to ours

1098

00:42:26,550 --> 00:42:24,720

answer quote yes

1099

00:42:27,910 --> 00:42:26,560

their intimate family life is very

1100

00:42:29,990 --> 00:42:27,920

similar

1101

00:42:31,990 --> 00:42:30,000

intimate family life children are

1102

00:42:33,829 --> 00:42:32,000

conceived and born the same as on earth

1103

00:42:36,150 --> 00:42:33,839

life is more joyous for all are working

1104

00:42:37,910 --> 00:42:36,160

and living in the common good they work

1105

00:42:39,990 --> 00:42:37,920

study play and participate in interest

1106

00:42:42,230 --> 00:42:40,000

parallel to ours by preference they are

1107

00:42:44,150 --> 00:42:42,240

vegetarians but not strictly so although

1108

00:42:46,230 --> 00:42:44,160

they eat meat on occasions they do not

1109

00:42:47,910 --> 00:42:46,240

raise cattle for slaughter their houses

1110

00:42:50,390 --> 00:42:47,920

vary in size according to their family

1111

00:42:53,030 --> 00:42:50,400

needs all homes contain innovations to

1112

00:42:54,870 --> 00:42:53,040

remove the drudgery from housework with

1113

00:42:56,870 --> 00:42:54,880

a zest for life they enjoy community

1114

00:42:58,950 --> 00:42:56,880

gatherings and competitive sports events

1115

00:43:01,109 --> 00:42:58,960

in other words their lives are normal by

1116

00:43:03,030 --> 00:43:01,119

our standards but they have overcome all

1117

00:43:05,510 --> 00:43:03,040

jealous possessiveness which is a blight

1118

00:43:07,270 --> 00:43:05,520

haunting many families on earth end

1119

00:43:09,349 --> 00:43:07,280

quote

1120

00:43:11,349 --> 00:43:09,359

so

1121

00:43:13,510 --> 00:43:11,359

it's not too different from what we saw

1122

00:43:15,510 --> 00:43:13,520

in the janos people they work study play

1123

00:43:18,069 --> 00:43:15,520

participate in interest parallel to ours

1124

00:43:20,470 --> 00:43:18,079

they make love like the humans do you

1125

00:43:23,030 --> 00:43:20,480

know it's wow and

1126
00:43:24,470 --> 00:43:23,040
it is again a very

1127
00:43:25,829 --> 00:43:24,480
sort of

1128
00:43:28,950 --> 00:43:25,839
suburban

1129
00:43:31,589 --> 00:43:28,960
1950s kind of life

1130
00:43:33,589 --> 00:43:31,599
um it's very middle class

1131
00:43:35,589 --> 00:43:33,599
they're vegetarians but they're not

1132
00:43:37,430 --> 00:43:35,599
they're not uptight about it they eat

1133
00:43:39,829 --> 00:43:37,440
meat on occasions he doesn't

1134
00:43:42,950 --> 00:43:39,839
mention whether these are like chunks of

1135
00:43:45,109 --> 00:43:42,960
uh chunks of fish sort of grilled by the

1136
00:43:46,309 --> 00:43:45,119
lake doesn't mention that but it's very

1137
00:43:48,309 --> 00:43:46,319
interesting and it's very interesting to

1138
00:43:51,510 --> 00:43:48,319

me of course how you know he says this

1139

00:43:53,589 --> 00:43:51,520

is a normal lifestyle they have a normal

1140

00:43:54,470 --> 00:43:53,599

lifestyle by which he means you know an

1141

00:43:57,030 --> 00:43:54,480

american

1142

00:43:58,710 --> 00:43:57,040

lifestyle despite you know them seeing

1143

00:44:00,069 --> 00:43:58,720

no divisions they see no divisions

1144

00:44:01,990 --> 00:44:00,079

between humanity because everybody

1145

00:44:05,030 --> 00:44:02,000

should be like the americans i don't

1146

00:44:07,950 --> 00:44:05,040

know anyway i think that is enough for

1147

00:44:09,910 --> 00:44:07,960

now

1148

00:44:12,069 --> 00:44:09,920
