

1
00:00:05,670 --> 00:00:03,350
hello i told you there'd be video and

2
00:00:09,830 --> 00:00:05,680
there's video it's not live necessarily

3
00:00:11,350 --> 00:00:09,840
because i was in a variety of places and

4
00:00:13,110 --> 00:00:11,360
internet connections were not always

5
00:00:15,589 --> 00:00:13,120
good but here i am on the first day of

6
00:00:17,990 --> 00:00:15,599
my little road trip to the american

7
00:00:20,150 --> 00:00:18,000
south i'm in south carolina right now

8
00:00:22,230 --> 00:00:20,160
tomorrow morning i'm going to cross the

9
00:00:24,710 --> 00:00:22,240
state line into georgia

10
00:00:26,470 --> 00:00:24,720
and i'm going to go visit the georgia

11
00:00:28,790 --> 00:00:26,480
guidestones which

12
00:00:30,550 --> 00:00:28,800
should be of interest to

13
00:00:31,509 --> 00:00:30,560

people who've read my conspiracy theory

14

00:00:33,190 --> 00:00:31,519

book

15

00:00:35,510 --> 00:00:33,200

it's it's a fun

16

00:00:37,830 --> 00:00:35,520

it's a fun topic it's not a a saucer

17

00:00:40,069 --> 00:00:37,840

related topic but i do more than saucer

18

00:00:41,270 --> 00:00:40,079

stuff so um

19

00:00:43,190 --> 00:00:41,280

i've wanted to go to the georgia

20

00:00:45,029 --> 00:00:43,200

guidestones for a long time so tomorrow

21

00:00:48,150 --> 00:00:45,039

morning i'm going to be at the georgia

22

00:00:51,590 --> 00:00:48,160

guidestones so

23

00:00:53,990 --> 00:00:51,600

that is where i will see you next thank

24

00:00:59,510 --> 00:00:55,910

where's the button

25

00:01:01,430 --> 00:00:59,520

hello i am here in the middle of

26

00:01:03,590 --> 00:01:01,440

nowhere georgia

27

00:01:05,750 --> 00:01:03,600

um on a hill there's better that's

28

00:01:08,310 --> 00:01:05,760

there's better that's uh it's better you

29

00:01:10,710 --> 00:01:08,320

can sort of see me there is very sunny

30

00:01:16,230 --> 00:01:13,990

nine o'clock in the morning i am here

31

00:01:18,630 --> 00:01:16,240

at the uh what i think is according to

32

00:01:21,109 --> 00:01:18,640

the plaque over there

33

00:01:22,070 --> 00:01:21,119

the highest point in elberton county

34

00:01:23,990 --> 00:01:22,080

georgia

35

00:01:25,030 --> 00:01:24,000

and i am

36

00:01:29,350 --> 00:01:25,040

at

37

00:01:35,190 --> 00:01:33,030

georgia guidestones yes there we go the

38

00:01:37,590 --> 00:01:35,200

georgia guidestones um the american

39

00:01:39,910 --> 00:01:37,600

stonehenge as it is sometimes stupidly

40

00:01:41,910 --> 00:01:39,920

called apparently because it's got one

41

00:01:46,389 --> 00:01:41,920

rock stacked on other rocks this was

42

00:01:48,469 --> 00:01:46,399

built in uh in in 1980 and it's it's

43

00:01:50,870 --> 00:01:48,479

become sort of a

44

00:01:53,030 --> 00:01:50,880

a part of the proof of a global

45

00:01:55,109 --> 00:01:53,040

conspiracy to depopulate and enslave

46

00:01:57,590 --> 00:01:55,119

humanity because of some of these sort

47

00:01:59,590 --> 00:01:57,600

of environmentalist conservationist

48

00:02:01,190 --> 00:01:59,600

minded things

49

00:02:02,789 --> 00:02:01,200

particularly the first one i don't know

50

00:02:06,830 --> 00:02:02,799

how well you can

51
00:02:12,869 --> 00:02:09,749
maintain population maintain humanity

52
00:02:14,309 --> 00:02:12,879
under 500 million in perpetual balance

53
00:02:17,270 --> 00:02:14,319
of nature

54
00:02:19,830 --> 00:02:17,280
improve guide reproduction wisely

55
00:02:22,949 --> 00:02:19,840
improving fitness and diversity unite

56
00:02:24,630 --> 00:02:22,959
humanity with a living new language rule

57
00:02:26,949 --> 00:02:24,640
passion

58
00:02:30,869 --> 00:02:26,959
and uh faith tradition and all things

59
00:02:33,110 --> 00:02:30,879
with tempered reason etc etc

60
00:02:35,430 --> 00:02:33,120
so this uh and it's it's in a bunch of

61
00:02:38,229 --> 00:02:35,440
different languages and uh

62
00:02:40,869 --> 00:02:38,239
the guidestones group

63
00:02:43,670 --> 00:02:40,879

funded it um a guy with a pseudonym of

64

00:02:47,030 --> 00:02:43,680

rc christian or mr christian um

65

00:02:48,550 --> 00:02:47,040

organized the whole thing now now i

66

00:02:50,229 --> 00:02:48,560

wrote about this in my conspiracy

67

00:02:52,710 --> 00:02:50,239

theories book a few years ago and i've

68

00:02:54,790 --> 00:02:52,720

been wanting to see it forever and i'm

69

00:02:57,350 --> 00:02:54,800

really glad that i'm i'm able to be down

70

00:03:00,790 --> 00:02:57,360

here to see it it's uh

71

00:03:02,149 --> 00:03:00,800

it's it's really hot

72

00:03:03,430 --> 00:03:02,159

but the georgia guide stone is really

73

00:03:06,710 --> 00:03:03,440

interesting because

74

00:03:08,229 --> 00:03:06,720

although it seems to have this

75

00:03:11,589 --> 00:03:08,239

conspiratorial

76

00:03:13,830 --> 00:03:11,599

overtone to it

77

00:03:15,750 --> 00:03:13,840

reduce the human popular or maintain

78

00:03:17,750 --> 00:03:15,760

humanity not reduce humanity maintain

79

00:03:19,990 --> 00:03:17,760

humanity

80

00:03:22,630 --> 00:03:20,000

yes it looks very new world orderly in

81

00:03:24,630 --> 00:03:22,640

the context of the 1990s when people

82

00:03:26,630 --> 00:03:24,640

were beginning to get worried about a

83

00:03:29,190 --> 00:03:26,640

new world order conspiracy type thing

84

00:03:31,430 --> 00:03:29,200

but in the context of 1979 or even

85

00:03:32,789 --> 00:03:31,440

earlier when this group might have been

86

00:03:34,710 --> 00:03:32,799

planning this

87

00:03:37,270 --> 00:03:34,720

books like the population bomb had just

88

00:03:38,309 --> 00:03:37,280

come out and and so

89

00:03:42,229 --> 00:03:38,319

this is

90

00:03:44,630 --> 00:03:42,239

it is in the realm of

91

00:03:46,550 --> 00:03:44,640

later conspiracy theory culture but

92

00:03:49,350 --> 00:03:46,560

but i think contextually

93

00:03:52,550 --> 00:03:49,360

it's it's very much a an example and an

94

00:03:55,110 --> 00:03:52,560

expression of of 1970s

95

00:03:56,390 --> 00:03:55,120

sort of environmental paranoia although

96

00:03:59,830 --> 00:03:56,400

the uh

97

00:04:02,390 --> 00:03:59,840

sort of um i'm looking up to make sure

98

00:04:04,550 --> 00:04:02,400

i'm reading it correctly the uh the

99

00:04:06,390 --> 00:04:04,560

improving fitness and diversity of and

100

00:04:09,910 --> 00:04:06,400

guiding reproduction wisely is is a

101

00:04:12,229 --> 00:04:09,920

little uh a little eugenicsy um but this

102

00:04:16,469 --> 00:04:12,239

it's uh this these same things are are

103

00:04:18,310 --> 00:04:16,479

printed in different languages arabic

104

00:04:20,310 --> 00:04:18,320

ancient cuneiform

105

00:04:22,950 --> 00:04:20,320

all kinds of things but it's a neat

106

00:04:24,310 --> 00:04:22,960

it's a neat thing and

107

00:04:26,230 --> 00:04:24,320

there's a lot of

108

00:04:29,830 --> 00:04:26,240

a lot of talk about it

109

00:04:31,590 --> 00:04:29,840

you can see the cuneiform

110

00:04:32,870 --> 00:04:31,600

up there at the top on the sort of

111

00:04:36,469 --> 00:04:32,880

capstone

112

00:04:42,950 --> 00:04:40,390

sort of some slits and

113

00:04:45,909 --> 00:04:42,960

sort of holes at various places the

114

00:04:50,310 --> 00:04:49,110

and there's a plaque over here

115

00:04:52,070 --> 00:04:50,320

the plaque

116

00:04:54,469 --> 00:04:52,080

talks about

117

00:04:56,310 --> 00:04:54,479

the um

118

00:05:01,189 --> 00:04:56,320

the

119

00:05:02,070 --> 00:05:01,199

in addition

120

00:05:04,230 --> 00:05:02,080

to

121

00:05:05,909 --> 00:05:04,240

these conservation messages the monument

122

00:05:07,110 --> 00:05:05,919

displays a number of astronomical

123

00:05:09,350 --> 00:05:07,120

features

124

00:05:10,950 --> 00:05:09,360

they they don't really say what those

125

00:05:13,430 --> 00:05:10,960

are but

126
00:05:14,469 --> 00:05:13,440
there are astronomical features here

127
00:05:15,909 --> 00:05:14,479
anyway

128
00:05:17,909 --> 00:05:15,919
you know a lot of times if you look

129
00:05:20,230 --> 00:05:17,919
around you can find exactly what you're

130
00:05:22,469 --> 00:05:20,240
looking for like a discussion of the

131
00:05:23,990 --> 00:05:22,479
astronomical features of the georgia

132
00:05:26,070 --> 00:05:24,000
guidestones

133
00:05:28,469 --> 00:05:26,080
turns out if i walk around to the other

134
00:05:30,150 --> 00:05:28,479
side of the georgia guidestones there is

135
00:05:31,110 --> 00:05:30,160
a giant

136
00:05:32,710 --> 00:05:31,120
plaque

137
00:05:35,830 --> 00:05:32,720
set down in the ground

138
00:05:39,909 --> 00:05:35,840

that talks about the georgia guidestones

139

00:05:41,189 --> 00:05:39,919

center cluster erected march 22nd 1980

140

00:05:43,430 --> 00:05:41,199

which

141

00:05:46,710 --> 00:05:43,440

makes me think they wanted to have other

142

00:05:48,870 --> 00:05:46,720

stones um shows the languages cuneiform

143

00:05:50,830 --> 00:05:48,880

hieroglyphics sanskrit classical greek

144

00:05:53,670 --> 00:05:50,840

those are on the

145

00:05:55,510 --> 00:05:53,680

um the capstone that you can't see

146

00:05:59,510 --> 00:05:55,520

because of the sun uh you saw it from

147

00:06:02,390 --> 00:05:59,520

the other side but um let these guide

148

00:06:03,350 --> 00:06:02,400

let these be guide stones to an age of

149

00:06:05,350 --> 00:06:03,360

reason

150

00:06:07,350 --> 00:06:05,360

now good luck pal

151

00:06:09,350 --> 00:06:07,360

um it lists the classical or the

152

00:06:10,550 --> 00:06:09,360

classical languages at the top

153

00:06:13,510 --> 00:06:10,560

the uh

154

00:06:14,870 --> 00:06:13,520

sort of modern languages that uh

155

00:06:16,309 --> 00:06:14,880

that are

156

00:06:17,749 --> 00:06:16,319

on the guide stone

157

00:06:19,270 --> 00:06:17,759

additional information is that the

158

00:06:21,510 --> 00:06:19,280

elberton

159

00:06:23,990 --> 00:06:21,520

granite museum and exhibit

160

00:06:26,070 --> 00:06:24,000

on college avenue in elberton georgia

161

00:06:29,110 --> 00:06:26,080

they mostly have a pdf that you can find

162

00:06:34,790 --> 00:06:29,120

out there now of it

163

00:06:39,830 --> 00:06:37,110

through stone indicates celestial pole

164

00:06:42,070 --> 00:06:39,840

horizontal slot annual travel of sun

165

00:06:43,510 --> 00:06:42,080

sunbeam through capstone marks moon time

166

00:06:47,510 --> 00:06:43,520

throughout the year

167

00:06:51,350 --> 00:06:47,520

author rc christian a pseudonym

168

00:06:52,309 --> 00:06:51,360

oh gosh that's misspelled isn't it

169

00:06:56,870 --> 00:06:52,319

oh

170

00:06:59,189 --> 00:06:56,880

a small group of americans who seek the

171

00:07:02,710 --> 00:06:59,199

age of reason time capsule placed six

172

00:07:05,189 --> 00:07:02,720

feet below the spot to be opened on

173

00:07:06,550 --> 00:07:05,199

it doesn't say ah

174

00:07:07,749 --> 00:07:06,560

and then there's uh then there's some

175

00:07:09,029 --> 00:07:07,759

physical data

176

00:07:11,830 --> 00:07:09,039

here so this is

177

00:07:13,670 --> 00:07:11,840

this is pretty cool

178

00:07:14,790 --> 00:07:13,680

it's pretty cool and it is kind of

179

00:07:16,950 --> 00:07:14,800

creepy

180

00:07:18,150 --> 00:07:16,960

mysterious groups erecting monuments out

181

00:07:20,390 --> 00:07:18,160

in the middle of nowhere in georgia

182

00:07:21,909 --> 00:07:20,400

although there's a reason why elberton

183

00:07:24,390 --> 00:07:21,919

georgia was

184

00:07:26,070 --> 00:07:24,400

um was chosen for this i think when i

185

00:07:28,150 --> 00:07:26,080

drove into elberton georgia it's a

186

00:07:30,150 --> 00:07:28,160

granite capital of i'm not sure if it's

187

00:07:31,830 --> 00:07:30,160

a granite capital of georgia or granite

188

00:07:33,670 --> 00:07:31,840

capital of the universe or something but

189

00:07:36,870 --> 00:07:33,680

it's the granite capital

190

00:07:38,070 --> 00:07:36,880

of some significantly sized region

191

00:07:39,830 --> 00:07:38,080

which means if you're going to build a

192
