

THE ZINE SCENE APRO '72

1
00:00:16,510 --> 00:00:14,460
I never got any money from you

2
00:00:18,830 --> 00:00:16,520
[Music]

3
00:00:21,350 --> 00:00:18,840
UFO one just as well stand for

4
00:00:24,009 --> 00:00:21,360
unprecedented Financial opportunity

5
00:00:26,029 --> 00:00:24,019
[Applause]

6
00:00:28,189 --> 00:00:26,039
be normal

7
00:00:29,929 --> 00:00:28,199
this is the saucer life a podcast in

8
00:00:31,429 --> 00:00:29,939
which we examine Concepts events or

9
00:00:34,069 --> 00:00:31,439
people orbiting the world of flying

10
00:00:36,770 --> 00:00:34,079
saucers few preconceptions snark when

11
00:00:39,950 --> 00:00:36,780
Justified no belief no debunking today

12
00:00:42,770 --> 00:00:39,960
it's another installment of the zine

13
00:00:44,830 --> 00:00:42,780

scene this time looking at the apro

14

00:00:48,470 --> 00:00:44,840

bulletin from

15

00:00:51,830 --> 00:00:48,480

1972 and we are back after an extra week

16

00:00:56,090 --> 00:00:51,840

between episodes for among other things

17

00:00:57,950 --> 00:00:56,100

Thanksgiving and also illness my second

18

00:01:00,770 --> 00:00:57,960

sinus infection of the season so far

19

00:01:02,930 --> 00:01:00,780

it's uh it's gonna be a bad season for

20

00:01:05,750 --> 00:01:02,940

those I think still

21

00:01:09,230 --> 00:01:05,760

um not feeling great throat wise so

22

00:01:10,850 --> 00:01:09,240

we'll see how this goes so let's jump in

23

00:01:16,750 --> 00:01:10,860

to apro

24

00:01:22,670 --> 00:01:19,330

[Music]

25

00:01:25,429 --> 00:01:22,680

we've talked about apro a few times over

26

00:01:28,310 --> 00:01:25,439

the years or at least we've talked about

27

00:01:30,710 --> 00:01:28,320

its sort of leading lights Jim and coral

28

00:01:34,550 --> 00:01:30,720

Lorenson Jim and Carl Lorenson

29

00:01:39,950 --> 00:01:34,560

established apro in the early 1950s 1950

30

00:01:43,550 --> 00:01:39,960

or 1951 and coral Lorenson claimed that

31

00:01:45,530 --> 00:01:43,560

she had a UFO sighting as a child in the

32

00:01:49,550 --> 00:01:45,540

1930s she got interested in the topic

33

00:01:52,490 --> 00:01:49,560

again in the 1940s when that whole UFO

34

00:01:56,330 --> 00:01:52,500

thing sort of started up there in 1947

35

00:01:59,210 --> 00:01:56,340

and very quickly in 19 the early 1950s

36

00:02:01,550 --> 00:01:59,220

the lorensens established themselves as

37

00:02:04,429 --> 00:02:01,560

being highly organized and highly driven

38

00:02:08,449 --> 00:02:04,439

and highly interested in investigating

39

00:02:10,990 --> 00:02:08,459

all kinds of UFO sightings and all kinds

40

00:02:13,309 --> 00:02:11,000

of various encounters lots of

41

00:02:15,710 --> 00:02:13,319

Correspondence and information and

42

00:02:18,530 --> 00:02:15,720

stories and sightings from from their

43

00:02:21,470 --> 00:02:18,540

people all over the world it was in the

44

00:02:24,170 --> 00:02:21,480

pages of of the apro bulletin that we

45

00:02:28,250 --> 00:02:24,180

first hear the story of

46

00:02:30,530 --> 00:02:28,260

um Antonio uh velas Boaz who had that

47

00:02:35,930 --> 00:02:30,540

strange encounter with that strange

48

00:02:38,570 --> 00:02:35,940

woman or woman shaped creature and that

49

00:02:41,449 --> 00:02:38,580

that saucer with the strange animal-like

50

00:02:44,210 --> 00:02:41,459

sounds and so forth and apro you know

51
00:02:46,250 --> 00:02:44,220
existed at the same time as nycap the

52
00:02:47,630 --> 00:02:46,260
national investigations committee on

53
00:02:49,790 --> 00:02:47,640
aerial phenomena oh I should say what

54
00:02:53,210 --> 00:02:49,800
apra stands for the aerial phenomenon

55
00:02:55,729 --> 00:02:53,220
research organization so there we go so

56
00:02:58,130 --> 00:02:55,739
they overlapped and and there's a sort

57
00:03:01,550 --> 00:02:58,140
of natural desire I think to compare the

58
00:03:02,990 --> 00:03:01,560
two organizations and the best way I can

59
00:03:04,850 --> 00:03:03,000
do that and that's sort of the best

60
00:03:08,390 --> 00:03:04,860
explanation I have and it's it's deeply

61
00:03:11,690 --> 00:03:08,400
flawed and I I realize that but I I

62
00:03:15,949 --> 00:03:11,700
think nycap was more

63
00:03:17,930 --> 00:03:15,959

focused on getting the government to

64

00:03:19,430 --> 00:03:17,940

reveal everything it knew about the

65

00:03:20,930 --> 00:03:19,440

flying saucers because clearly the

66

00:03:24,410 --> 00:03:20,940

government knew a whole lot about flying

67

00:03:26,630 --> 00:03:24,420

saucers and apro seemed to be more

68

00:03:29,089 --> 00:03:26,640

interested in figuring out what the

69

00:03:30,770 --> 00:03:29,099

flying saucers were and and that is a

70

00:03:32,750 --> 00:03:30,780

massive generalization

71

00:03:34,610 --> 00:03:32,760

but I will say that that my favorite

72

00:03:38,149 --> 00:03:34,620

thing about apra what I like best about

73

00:03:41,330 --> 00:03:38,159

apra is the fact that in the April

74

00:03:43,850 --> 00:03:41,340

bulletin you see all kinds of encounters

75

00:03:47,330 --> 00:03:43,860

and you see Jim and Carl Lawrence and

76

00:03:50,390 --> 00:03:47,340

giving lots of time to encounters that

77

00:03:52,610 --> 00:03:50,400

are kind of strange and OB like not just

78

00:03:54,410 --> 00:03:52,620

objects but strange people and their

79

00:03:58,070 --> 00:03:54,420

book Flying Saucer occupants which we

80

00:03:59,869 --> 00:03:58,080

did an episode on a long time ago sort

81

00:04:03,830 --> 00:03:59,879

of sort of bears that out they are

82

00:04:07,070 --> 00:04:03,840

willing to entertain stories of deeply

83

00:04:09,170 --> 00:04:07,080

strange things and nicap just from

84

00:04:12,770 --> 00:04:09,180

everything I've seen of their materials

85

00:04:15,050 --> 00:04:12,780

over the years was never really into the

86

00:04:18,110 --> 00:04:15,060

super weird stuff because

87

00:04:21,349 --> 00:04:18,120

you know we know what they are they're

88

00:04:23,210 --> 00:04:21,359

alien spacecraft from other planets with

89

00:04:25,430 --> 00:04:23,220

apro you know they're leaning in that

90

00:04:27,170 --> 00:04:25,440

direction but you don't really know and

91

00:04:29,689 --> 00:04:27,180

I think it's important to note the the

92

00:04:31,909 --> 00:04:29,699

role that it's sort of pioneering role

93

00:04:34,969 --> 00:04:31,919

that Coral laurenson played in this as a

94

00:04:38,990 --> 00:04:34,979

woman in the UFO field it was it was run

95

00:04:41,270 --> 00:04:39,000

by by both Jim and Carl Lorenzin if we

96

00:04:44,930 --> 00:04:41,280

look at the Masthead of

97

00:04:46,990 --> 00:04:44,940

um of the uh of the the bulletin um you

98

00:04:49,909 --> 00:04:47,000

know Jim was the international director

99

00:04:52,909 --> 00:04:49,919

but uh Coral was the secretary treasurer

100

00:04:54,770 --> 00:04:52,919

and let's let's be honest uh Coral was

101
00:04:58,850 --> 00:04:54,780
the editor of the newsletter so the

102
00:05:01,850 --> 00:04:58,860
voice of the organization was was hers

103
00:05:04,850 --> 00:05:01,860
even if Jim's name was was there as the

104
00:05:08,210 --> 00:05:04,860
the international director so uh Coral I

105
00:05:11,390 --> 00:05:08,220
don't think gets enough credit in

106
00:05:14,570 --> 00:05:11,400
general about uh about this when there's

107
00:05:16,490 --> 00:05:14,580
there's lists of of women in ufology

108
00:05:19,070 --> 00:05:16,500
um sometimes you'll see her there more

109
00:05:21,530 --> 00:05:19,080
often than not uh you don't which I

110
00:05:23,689 --> 00:05:21,540
think is a real shame now I should note

111
00:05:25,610 --> 00:05:23,699
I've not seen every list of women in

112
00:05:27,409 --> 00:05:25,620
ufology that's ever been published so

113
00:05:29,870 --> 00:05:27,419

maybe she's out there more than I think

114

00:05:33,050 --> 00:05:29,880

but I always have this impression that

115

00:05:36,290 --> 00:05:33,060

she's not given the recognition she uh

116

00:05:38,749 --> 00:05:36,300

she's so richly deserves so that's just

117

00:05:42,469 --> 00:05:38,759

a little bit about apro let's dive into

118

00:05:44,749 --> 00:05:42,479

uh the bulletin for uh for 19 172

119

00:05:47,570 --> 00:05:44,759

starting with the January and February

120

00:05:49,730 --> 00:05:47,580

issue and even though there is a

121

00:05:52,010 --> 00:05:49,740

close-up sighting in New Jersey that is

122

00:05:54,230 --> 00:05:52,020

the the sort of big headline what I want

123

00:05:57,529 --> 00:05:54,240

to focus on first is the sort of smaller

124

00:06:00,830 --> 00:05:57,539

headline Enquirer offers fifty thousand

125

00:06:04,010 --> 00:06:02,390

the March 12th issue of the weekly

126

00:06:05,930 --> 00:06:04,020

newspaper The National Enquirer

127

00:06:07,490 --> 00:06:05,940

announced their sponsorship of a fifty

128

00:06:09,830 --> 00:06:07,500

thousand dollar reward to be paid to

129

00:06:11,930 --> 00:06:09,840

that individual who furnishes proof of

130

00:06:12,850 --> 00:06:11,940

the existence of UFOs before the 1st of

131

00:06:16,310 --> 00:06:12,860

January

132

00:06:18,770 --> 00:06:16,320

1973. the offer detailed on page 30 by

133

00:06:20,450 --> 00:06:18,780

William dick reads a reward of fifty

134

00:06:22,490 --> 00:06:20,460

thousand dollars will be paid by The

135

00:06:24,650 --> 00:06:22,500

Enquirer to the first person who can

136

00:06:27,529 --> 00:06:24,660

prove that an unidentified flying object

137

00:06:31,129 --> 00:06:27,539

came from outer space and is not a

138

00:06:38,090 --> 00:06:34,969

all right the fix is in come on inquire

139

00:06:41,870 --> 00:06:38,100

those those requirements are just

140

00:06:43,969 --> 00:06:41,880

oh they're so they're so squishy right

141

00:06:45,529 --> 00:06:43,979

it's from outer space not a natural

142

00:06:48,230 --> 00:06:45,539

phenomenon what if it's from outer space

143

00:06:49,610 --> 00:06:48,240

and a natural phenomenon I guess that

144

00:06:52,610 --> 00:06:49,620

would just be like a meteor or something

145

00:06:54,830 --> 00:06:52,620

but uh yeah it's how do you prove that

146

00:06:57,350 --> 00:06:54,840

how do you prove something is not a

147

00:06:58,969 --> 00:06:57,360

natural phenomenon isn't that sort of

148

00:07:00,950 --> 00:06:58,979

The Logical

149

00:07:03,830 --> 00:07:00,960

sort of thing where you can't logically

150

00:07:06,230 --> 00:07:03,840

prove a negative I I seem to recall that

151
00:07:08,390 --> 00:07:06,240
from teaching critical thinking courses

152
00:07:11,930 --> 00:07:08,400
at one time so what does all of this

153
00:07:15,290 --> 00:07:11,940
have to do with apro well apro is

154
00:07:16,790 --> 00:07:15,300
supplying the judges or the I don't know

155
00:07:19,010 --> 00:07:16,800
if that's the yeah yeah the judges they

156
00:07:21,890 --> 00:07:19,020
do describe it as a board that will be

157
00:07:24,529 --> 00:07:21,900
doing the final judging it's uh apro

158
00:07:26,870 --> 00:07:24,539
Consultants who are involved and it's

159
00:07:28,550 --> 00:07:26,880
going to be Dr Robert Cregan afro

160
00:07:30,770 --> 00:07:28,560
consultant and philosophy Dr James

161
00:07:33,770 --> 00:07:30,780
Harder apro consultant in civil

162
00:07:36,589 --> 00:07:33,780
engineering Dr Frank B salasbury April

163
00:07:38,930 --> 00:07:36,599

consultant and exobiology Dr R Leo

164

00:07:42,290 --> 00:07:38,940

sprinkle apro consultant and whack job

165

00:07:44,570 --> 00:07:42,300

abduction Hypno I'm sorry psychology as

166

00:07:46,249 --> 00:07:44,580

well as Jay Alan heineck Dr J Allen

167

00:07:48,890 --> 00:07:46,259

heineck head of the Department of

168

00:07:50,570 --> 00:07:48,900

astronomy at Northwestern University and

169

00:07:54,170 --> 00:07:50,580

former scientific consultant to the Air

170

00:07:56,930 --> 00:07:54,180

Force's Project Blue Book so it's a I

171

00:08:00,290 --> 00:07:56,940

was mean of me to say about Leo sprinkle

172

00:08:02,089 --> 00:08:00,300

maybe I don't know so yeah it's um it's

173

00:08:03,110 --> 00:08:02,099

a good it's a good board but the thing

174

00:08:05,089 --> 00:08:03,120

is

175

00:08:07,010 --> 00:08:05,099

how are they going to get these cases

176

00:08:11,870 --> 00:08:07,020

how are they going to investigate what

177

00:08:14,330 --> 00:08:11,880

will probably be a deluge of reports of

178

00:08:16,969 --> 00:08:14,340

people trying to claim this fifty

179

00:08:20,450 --> 00:08:16,979

thousand dollars so apro is a consultant

180

00:08:22,430 --> 00:08:20,460

and apros field investigators quote may

181

00:08:24,650 --> 00:08:22,440

be called upon to investigate those

182

00:08:27,710 --> 00:08:24,660

reports which are deemed worthy of

183

00:08:29,990 --> 00:08:27,720

protracted study end quote and they're

184

00:08:32,329 --> 00:08:30,000

encouraging all members and subscribers

185

00:08:34,370 --> 00:08:32,339

to forward any news leads pertaining to

186

00:08:36,709 --> 00:08:34,380

possible good evidence reports to afro

187

00:08:38,810 --> 00:08:36,719

headquarters they're interested in case

188

00:08:41,570 --> 00:08:38,820

of Photography physical evidence ground

189

00:08:43,909 --> 00:08:41,580

markings multiple Witnesses

190

00:08:46,070 --> 00:08:43,919

they do say keep in mind that to qualify

191

00:08:47,150 --> 00:08:46,080

for the award you must make claim in

192

00:08:49,790 --> 00:08:47,160

writing directly to the National

193

00:08:52,370 --> 00:08:49,800

Enquirer if you want to know the address

194

00:08:56,690 --> 00:08:52,380

600 South East Coast Avenue Lantana

195

00:08:57,949 --> 00:08:56,700

Florida 33460 so what I think is going

196

00:09:02,110 --> 00:08:57,959

on here

197

00:09:05,810 --> 00:09:02,120

is that the apro people are are judging

198

00:09:07,610 --> 00:09:05,820

the the contest or the challenge or

199

00:09:11,030 --> 00:09:07,620

whatever you want to call it the Bounty

200

00:09:13,850 --> 00:09:11,040

uh might be a better name for it and

201
00:09:15,769 --> 00:09:13,860
they're going to be using their field

202
00:09:17,570 --> 00:09:15,779
investigators to sort of check up on

203
00:09:19,370 --> 00:09:17,580
these things but they also want

204
00:09:20,449 --> 00:09:19,380
researchers and subscribers to send in

205
00:09:23,030 --> 00:09:20,459
cases

206
00:09:24,530 --> 00:09:23,040
to appro even though you have to send it

207
00:09:29,329 --> 00:09:24,540
to The Inquirer

208
00:09:32,509 --> 00:09:29,339
to qualify for the award so

209
00:09:35,690 --> 00:09:32,519
is is apro trying to get a bunch of

210
00:09:38,210 --> 00:09:35,700
really good cases and maybe win the

211
00:09:41,269 --> 00:09:38,220
award themselves

212
00:09:43,250 --> 00:09:41,279
I'm not I'm not entirely sure why they

213
00:09:45,110 --> 00:09:43,260

want people to send things to approach

214

00:09:47,509 --> 00:09:45,120

but then say Oh but for the reward you

215

00:09:49,550 --> 00:09:47,519

have to send it to the National Enquirer

216

00:09:52,310 --> 00:09:49,560

but it's it's an interesting thing and I

217

00:09:54,530 --> 00:09:52,320

will um I'm going to predict that uh

218

00:09:57,050 --> 00:09:54,540

nobody's gonna get that fifty thousand

219

00:09:59,269 --> 00:09:57,060

dollars okay now let's let's go to the

220

00:10:01,670 --> 00:09:59,279

the big headline close-up sighting in

221

00:10:04,190 --> 00:10:01,680

New Jersey it was investigated by a Hal

222

00:10:07,070 --> 00:10:04,200

redner one of apro's New Jersey field

223

00:10:10,430 --> 00:10:07,080

investigators a guy named Robert Aguilar

224

00:10:12,170 --> 00:10:10,440

32 was on guard duty at the Penn Central

225

00:10:15,650 --> 00:10:12,180

Railroad yards in Weehawken New Jersey

226

00:10:18,829 --> 00:10:15,660

and he sees something

227

00:10:22,730 --> 00:10:18,839

that is very strange he's watching a TV

228

00:10:24,710 --> 00:10:22,740

yes while on guard Duty uh so he's he's

229

00:10:27,170 --> 00:10:24,720

watching the TV and something catches

230

00:10:29,990 --> 00:10:27,180

his attention there's a bright series of

231

00:10:33,110 --> 00:10:30,000

Lights stationary about 20 feet away 15

232

00:10:38,030 --> 00:10:33,120

feet off the ground his description of

233

00:10:43,009 --> 00:10:40,970

big about 60 feet across it hung

234

00:10:46,190 --> 00:10:43,019

motionless absolutely motionless about

235

00:10:47,870 --> 00:10:46,200

15 feet up has a red light on top the

236

00:10:50,630 --> 00:10:47,880

rest didn't seem to have any color with

237

00:10:52,130 --> 00:10:50,640

a name just white the blocks of light

238

00:10:54,350 --> 00:10:52,140

were brighter than the rest of it and

239

00:10:56,269 --> 00:10:54,360

the blocks or Windows or portholes or

240

00:10:58,310 --> 00:10:56,279

whatever they were were stationary they

241

00:10:59,090 --> 00:10:58,320

didn't revolve they were all the same

242

00:11:00,889 --> 00:10:59,100

color

243

00:11:02,569 --> 00:11:00,899

I tried to see into the windows but they

244

00:11:04,069 --> 00:11:02,579

were too bright I couldn't see the

245

00:11:06,170 --> 00:11:04,079

bottom it was it was tilted the

246

00:11:08,090 --> 00:11:06,180

portholes began to rotate like a bicycle

247

00:11:11,389 --> 00:11:08,100

chain going around the middle of the

248

00:11:15,410 --> 00:11:13,730

so the supervisors the supervisors come

249

00:11:17,870 --> 00:11:15,420

outside and they're looking at it too

250

00:11:19,970 --> 00:11:17,880

and the object at that point had moved

251
00:11:21,710 --> 00:11:19,980
about a hundred feet away and maybe a

252
00:11:24,350 --> 00:11:21,720
hundred off the ground it's still tilted

253
00:11:27,470 --> 00:11:24,360
the rotating lights begin moving rapidly

254
00:11:29,630 --> 00:11:27,480
and he said that if he had not seen the

255
00:11:30,829 --> 00:11:29,640
portholes when it was stationary at

256
00:11:33,410 --> 00:11:30,839
first he wouldn't have been able to

257
00:11:36,050 --> 00:11:33,420
realize that the belt of light as it

258
00:11:38,690 --> 00:11:36,060
spun around was was not solid it looked

259
00:11:40,850 --> 00:11:38,700
like just a continuous belt of light uh

260
00:11:43,130 --> 00:11:40,860
flying or spinning around the sky was

261
00:11:44,990 --> 00:11:43,140
clear moon was visible there was no

262
00:11:46,610 --> 00:11:45,000
sound from the object

263
00:11:49,550 --> 00:11:46,620

um he called the police and reported the

264

00:11:51,110 --> 00:11:49,560

sighting he's Aguilar has taken a lot of

265

00:11:53,690 --> 00:11:51,120

kidding and criticism he says from his

266

00:11:57,730 --> 00:11:53,700

friends but he was happy to be contacted

267

00:12:01,069 --> 00:11:57,740

by apro investigator redner so hopefully

268

00:12:02,329 --> 00:12:01,079

there will be some follow-up in this I

269

00:12:05,329 --> 00:12:02,339

honestly can't remember if there's any

270

00:12:07,730 --> 00:12:05,339

follow-up at this on this but

271

00:12:09,590 --> 00:12:07,740

um yeah interesting case very

272

00:12:10,970 --> 00:12:09,600

interesting I like the the light

273

00:12:13,490 --> 00:12:10,980

spinning with the porthole I think

274

00:12:15,650 --> 00:12:13,500

that's it's neat when you see like what

275

00:12:17,750 --> 00:12:15,660

looks like an engine spinning up for it

276

00:12:21,170 --> 00:12:17,760

to fly off into the air or something

277

00:12:27,170 --> 00:12:21,180

apro is also getting into the computer

278

00:12:33,470 --> 00:12:30,650

as of February 15th apros project comcat

279

00:12:35,930 --> 00:12:33,480

computerized catalog of UFO reports went

280

00:12:38,210 --> 00:12:35,940

into preliminary operation a sizable

281

00:12:39,949 --> 00:12:38,220

donation by an apro member has provided

282

00:12:41,870 --> 00:12:39,959

the financial means by which apro has

283

00:12:43,550 --> 00:12:41,880

hired additional office Personnel so

284

00:12:45,889 --> 00:12:43,560

that efforts can be concentrated on

285

00:12:47,870 --> 00:12:45,899

microfilming the report files the files

286

00:12:49,430 --> 00:12:47,880

will be filmed in duplicate one copy of

287

00:12:51,350 --> 00:12:49,440

the film will go to a librarian for

288

00:12:53,329 --> 00:12:51,360

cross-referencing and the other to a

289

00:12:55,310 --> 00:12:53,339

team of computer Specialists who will

290

00:12:57,949 --> 00:12:55,320

transfer the information to punch cards

291

00:12:59,810 --> 00:12:57,959

as the filing is done specific reports

292

00:13:01,790 --> 00:12:59,820

will be pulled copied and forwarded to

293

00:13:03,410 --> 00:13:01,800

the appropriate consultant we expect

294

00:13:05,750 --> 00:13:03,420

that these efforts will yield positive

295

00:13:07,069 --> 00:13:05,760

results within the next three months we

296

00:13:08,930 --> 00:13:07,079

would like to urge those who have

297

00:13:11,269 --> 00:13:08,940

reports which have not been submitted to

298

00:13:13,550 --> 00:13:11,279

apro to forward same at the earliest

299

00:13:15,510 --> 00:13:13,560

possible opportunity so that they can be

300

00:13:19,430 --> 00:13:15,520

included in this important study

301

00:13:22,430 --> 00:13:19,440

[Music]

302

00:13:26,389 --> 00:13:22,440

you may be expecting some snark at Punch

303

00:13:29,269 --> 00:13:26,399

Cards but it's 1972. this is actually

304

00:13:31,250 --> 00:13:29,279

pretty cool that they are that they are

305

00:13:32,990 --> 00:13:31,260

doing this that they're sort of

306

00:13:36,290 --> 00:13:33,000

coming up with a system to more

307

00:13:38,090 --> 00:13:36,300

efficiently catalog and and sort of

308

00:13:41,090 --> 00:13:38,100

distribute reports to the Consultants

309

00:13:43,190 --> 00:13:41,100

who might need to be working on them

310

00:13:45,889 --> 00:13:43,200

speaking of Consultants they have

311

00:13:49,009 --> 00:13:45,899

brought on two more Consultants here at

312

00:13:53,449 --> 00:13:49,019

the beginning of 1972.

313

00:13:56,449 --> 00:13:53,459

um there's really only one that is uh

314

00:13:59,569 --> 00:13:56,459

probably known to most of us and he is

315

00:14:03,829 --> 00:13:59,579

going to be the new apro consultant in

316

00:14:07,970 --> 00:14:06,410

Mr Jacobs received a ba in history from

317

00:14:11,030 --> 00:14:07,980

the University of California Los Angeles

318

00:14:13,610 --> 00:14:11,040

in 1966 and an M.A in history from the

319

00:14:16,009 --> 00:14:13,620

University of Wisconsin-Madison in 1968.

320

00:14:17,870 --> 00:14:16,019

he is now a PhD candidate in history at

321

00:14:20,870 --> 00:14:17,880

the University of Wisconsin and should

322

00:14:22,670 --> 00:14:20,880

graduate in 1972. his field of specialty

323

00:14:24,470 --> 00:14:22,680

is the social cultural and intellectual

324

00:14:26,389 --> 00:14:24,480

history of the United States his

325

00:14:28,250 --> 00:14:26,399

doctoral thesis is entitled the

326

00:14:30,310 --> 00:14:28,260

controversy over unidentified flying

327

00:14:33,050 --> 00:14:30,320

objects in America

328

00:14:36,470 --> 00:14:33,060

1896-1970 which is a discussion of the

329

00:14:38,750 --> 00:14:36,480

historical cultural and psychological

330

00:14:39,949 --> 00:14:38,760

aspects besides having been a teaching

331

00:14:42,170 --> 00:14:39,959

assistant at the University of

332

00:14:43,610 --> 00:14:42,180

Wisconsin's history Department Mr Jacobs

333

00:14:45,470 --> 00:14:43,620

has received various scholarships

334

00:14:47,150 --> 00:14:45,480

including a Ford Foundation research

335

00:14:49,370 --> 00:14:47,160

Fellowship he is a member of the

336

00:14:50,870 --> 00:14:49,380

organization of American historians as

337

00:14:52,850 --> 00:14:50,880

described elsewhere in this issue Mr

338

00:14:55,129 --> 00:14:52,860

Jacobs is one of four graduate students

339

00:14:57,350 --> 00:14:55,139

who have utilized the UFO subject as a

340

00:14:58,790 --> 00:14:57,360

basis for a dissertation his studies on

341

00:15:01,189 --> 00:14:58,800

social interactions in the history of

342

00:15:05,269 --> 00:15:01,199

UFO sightings will be an asset to apro

343

00:15:11,569 --> 00:15:08,810

yes that is David Jacobs the future Dr

344

00:15:13,670 --> 00:15:11,579

David Jacobs getting his uh getting a

345

00:15:16,850 --> 00:15:13,680

start before he's even done with grad

346

00:15:19,970 --> 00:15:16,860

school uh working for apro or Consulting

347

00:15:22,490 --> 00:15:19,980

for apro and uh and giving them some

348

00:15:26,030 --> 00:15:22,500

historical perspective that is a very

349

00:15:28,310 --> 00:15:26,040

good use of his skills background and

350

00:15:30,050 --> 00:15:28,320

talents I think the last thing to sort

351
00:15:32,210 --> 00:15:30,060
of mention in this issue because we got

352
00:15:34,250 --> 00:15:32,220
five more to get through if we do we

353
00:15:36,949 --> 00:15:34,260
might uh we might we might not do all

354
00:15:38,810 --> 00:15:36,959
six it honestly depends on my throat at

355
00:15:43,069 --> 00:15:38,820
this point but at the very end of the

356
00:15:47,269 --> 00:15:43,079
newsletter after a very long review of a

357
00:15:50,449 --> 00:15:47,279
fairly boring book called these UFOs the

358
00:15:53,629 --> 00:15:50,459
scientists dilemma by Horace Dudley who

359
00:15:55,629 --> 00:15:53,639
is a professor of radiation physics at

360
00:15:59,389 --> 00:15:55,639
the University of Illinois Chicago

361
00:16:02,509 --> 00:15:59,399
and the consultant to apro on radiation

362
00:16:04,910 --> 00:16:02,519
physics um after that there is a a sort

363
00:16:07,430 --> 00:16:04,920

of non-type set just sort of typewriter

364

00:16:09,110 --> 00:16:07,440

note it at the end our apologies for the

365

00:16:11,150 --> 00:16:09,120

lateness of this issue an IBM

366

00:16:13,790 --> 00:16:11,160

typesetting machine refused to work

367

00:16:16,990 --> 00:16:13,800

properly and then the editor became ill

368

00:16:20,329 --> 00:16:17,000

so I'm imagining you know this sort of

369

00:16:22,250 --> 00:16:20,339

2001 Space Odyssey style IBM type

370

00:16:24,050 --> 00:16:22,260

setting machine saying I'm afraid I

371

00:16:26,329 --> 00:16:24,060

can't do that Coral you know when she's

372

00:16:27,230 --> 00:16:26,339

trying to to get this uh this newsletter

373

00:16:30,590 --> 00:16:27,240

out

374

00:16:32,569 --> 00:16:30,600

all right the March and April 1972 issue

375

00:16:35,090 --> 00:16:32,579

of the April bulletin kicks off with a

376

00:16:37,069 --> 00:16:35,100

multiple witness case in Californians

377

00:16:40,730 --> 00:16:37,079

comes to us from a field investigator

378

00:16:44,090 --> 00:16:40,740

William M Murphy uh the four teenage

379

00:16:45,850 --> 00:16:44,100

boys only one of whom Daryl Rich who's

380

00:16:48,050 --> 00:16:45,860

16 gave permission to use his name

381

00:16:49,850 --> 00:16:48,060

although the names of all the boys

382

00:16:51,230 --> 00:16:49,860

appeared in the Press stories but I

383

00:16:53,449 --> 00:16:51,240

guess those boys didn't want their name

384

00:16:56,030 --> 00:16:53,459

in the apro bulletin or their parents

385

00:16:58,910 --> 00:16:56,040

didn't want their name in the apro

386

00:17:05,809 --> 00:16:58,920

bulletin so here is the uh here's the

387

00:17:10,010 --> 00:17:07,909

the four youths were driving to another

388

00:17:13,370 --> 00:17:10,020

friend's house in Anderson California at

389

00:17:15,350 --> 00:17:13,380

9 00 pm on January 19 1972 when they

390

00:17:17,750 --> 00:17:15,360

observed what they described as a bright

391

00:17:19,970 --> 00:17:17,760

oval blue white light across the road

392

00:17:23,329 --> 00:17:19,980

ahead of their car there was a low

393

00:17:25,010 --> 00:17:23,339

overcast estimated at 400 feet the light

394

00:17:27,049 --> 00:17:25,020

did not pulsate or Flicker and it

395

00:17:28,789 --> 00:17:27,059

crossed as fast as a jet and had our

396

00:17:31,190 --> 00:17:28,799

telephone pole Heights said Daryl Rich

397

00:17:32,870 --> 00:17:31,200

the light source made no sound The

398

00:17:35,330 --> 00:17:32,880

Observers could discern and they

399

00:17:37,909 --> 00:17:35,340

estimated its distance to be about 120

400

00:17:39,830 --> 00:17:37,919

to 150 feet ahead of them they also

401
00:17:42,350 --> 00:17:39,840
estimated it to be six feet high and

402
00:17:44,450 --> 00:17:42,360
three feet wide it was very bright Rich

403
00:17:46,250 --> 00:17:44,460
told apra's field investigator and

404
00:17:47,330 --> 00:17:46,260
lighted the countryside in the inside of

405
00:17:49,730 --> 00:17:47,340
our car

406
00:17:51,230 --> 00:17:49,740
Mr Murphy states that no other reports

407
00:17:53,690 --> 00:17:51,240
of the light were made although there

408
00:17:55,850 --> 00:17:53,700
are widely scattered houses in the area

409
00:17:57,950 --> 00:17:55,860
after the observation the youths two of

410
00:18:00,409 --> 00:17:57,960
whom are brothers 14 and 16 and one

411
00:18:02,090 --> 00:18:00,419
other one aged 15 parked near the Battle

412
00:18:04,010 --> 00:18:02,100
Creek Bridge and started to cross a

413
00:18:06,529 --> 00:18:04,020

field to the creek when they heard A

414

00:18:08,510 --> 00:18:06,539

peculiar Screech and saw a tall figure

415

00:18:11,090 --> 00:18:08,520

running from them in a stooped position

416

00:18:13,130 --> 00:18:11,100

the boys claimed the figure only 30 feet

417

00:18:15,770 --> 00:18:13,140

away when the first scene was brown or

418

00:18:18,350 --> 00:18:15,780

green with no hair but lumps all over

419

00:18:19,970 --> 00:18:18,360

his body some have proposed that the

420

00:18:22,010 --> 00:18:19,980

youths were planning an illegal salmon

421

00:18:24,289 --> 00:18:22,020

tank and that a game warden scared the

422

00:18:26,029 --> 00:18:24,299

boys away the boys immediately left the

423

00:18:27,830 --> 00:18:26,039

area took a wrong turn on their way home

424

00:18:30,950 --> 00:18:27,840

and drove through a sparsely populated

425

00:18:34,549 --> 00:18:30,960

area along this deserted Road they claim

426

00:18:36,529 --> 00:18:34,559

they saw three orange balls in the sky

427

00:18:39,289 --> 00:18:36,539

which followed their car and flare type

428

00:18:41,810 --> 00:18:39,299

flashes both ahead and behind them after

429

00:18:43,430 --> 00:18:41,820

a while two of the orange balls touched

430

00:18:45,110 --> 00:18:43,440

and as they did so the third one

431

00:18:47,630 --> 00:18:45,120

reportedly flew up and disappeared into

432

00:18:50,090 --> 00:18:47,640

the overcast the other two ascended more

433

00:18:51,770 --> 00:18:50,100

slowly and faded out of sight the youths

434

00:18:53,930 --> 00:18:51,780

claimed the orange balls were as big as

435

00:18:55,549 --> 00:18:53,940

basketballs held at arm's length they

436

00:18:57,710 --> 00:18:55,559

believed them to be about one half mile

437

00:18:59,990 --> 00:18:57,720

distant later they claimed that yet

438

00:19:05,870 --> 00:19:00,000

another light blew white and oval paced

439

00:19:11,150 --> 00:19:09,710

now Daryl's father Dean Rich

440

00:19:12,830 --> 00:19:11,160

um he didn't believe the boys at first

441

00:19:14,750 --> 00:19:12,840

and I think I know where he's coming

442

00:19:16,130 --> 00:19:14,760

from there's a lot going on in the story

443

00:19:20,630 --> 00:19:16,140

with various

444

00:19:23,750 --> 00:19:20,640

balls and blumpy men running around but

445

00:19:26,090 --> 00:19:23,760

uh he went out to the scene with uh with

446

00:19:28,970 --> 00:19:26,100

with the boys one of the boys didn't

447

00:19:31,549 --> 00:19:28,980

want to go back Daddy uh daddy rich took

448

00:19:34,490 --> 00:19:31,559

along a pistol and noticed that and

449

00:19:35,930 --> 00:19:34,500

notified the police department who was

450

00:19:37,730 --> 00:19:35,940

there and the police department called

451
00:19:40,310 --> 00:19:37,740
the Shasta County Sheriff's Office and

452
00:19:44,390 --> 00:19:40,320
so there was a patrol car out there and

453
00:19:47,690 --> 00:19:44,400
nobody saw or heard anything unusual but

454
00:19:50,210 --> 00:19:47,700
uh Mr Dean owns a welding shop and is a

455
00:19:52,490 --> 00:19:50,220
respected businessman plans to run for

456
00:19:54,409 --> 00:19:52,500
city council and he's a pilot

457
00:19:56,870 --> 00:19:54,419
um Murphy conducted a thorough

458
00:19:58,789 --> 00:19:56,880
investigation which included inspection

459
00:20:01,669 --> 00:19:58,799
of the ground where the humanoid side

460
00:20:03,230 --> 00:20:01,679
took place nothing abnormal was there

461
00:20:06,049 --> 00:20:03,240
um

462
00:20:07,970 --> 00:20:06,059
Coral says quote one must accept the

463
00:20:10,370 --> 00:20:07,980

word of the boys or label the incidents

464

00:20:12,350 --> 00:20:10,380

as a hoax Mr Murphy concludes neither

465

00:20:14,690 --> 00:20:12,360

the paper reporters nor I nor the boy's

466

00:20:17,990 --> 00:20:14,700

parents nor local ranchers think it is a

467

00:20:20,510 --> 00:20:18,000

put on end quote well it's not a put on

468

00:20:22,370 --> 00:20:20,520

so that's good but I don't know it's a

469

00:20:24,049 --> 00:20:22,380

it's a weird story it seems to have a

470

00:20:25,610 --> 00:20:24,059

lot of different uh a lot of different

471

00:20:28,669 --> 00:20:25,620

elements you've got the humanoid

472

00:20:30,169 --> 00:20:28,679

sighting but you got uh flying things in

473

00:20:31,909 --> 00:20:30,179

the air at the same time you don't see

474

00:20:34,669 --> 00:20:31,919

the flying things land where the lumpy

475

00:20:36,710 --> 00:20:34,679

guy could have gotten off it's

476

00:20:38,930 --> 00:20:36,720

it's interesting but it's it's a fun

477

00:20:40,669 --> 00:20:38,940

story although it does kind of sound

478

00:20:42,830 --> 00:20:40,679

like the kind of story some kids would

479

00:20:45,169 --> 00:20:42,840

make up I don't know I'm I'm being a

480

00:20:46,669 --> 00:20:45,179

little a little dismissive but I'm sure

481

00:20:49,190 --> 00:20:46,679

if I was in a field with my friends and

482

00:20:51,950 --> 00:20:49,200

we saw a brown and or a green hairless

483

00:20:55,250 --> 00:20:51,960

lumpy guy running around

484

00:20:58,430 --> 00:20:55,260

um I'd be irritated of some podcaster uh

485

00:21:01,010 --> 00:20:58,440

40 years later said that uh I was 50

486

00:21:03,289 --> 00:21:01,020

shoot 50 years later said that I was uh

487

00:21:05,630 --> 00:21:03,299

making it up all right we've got a

488

00:21:06,890 --> 00:21:05,640

slight update on The Inquirer reward

489

00:21:10,430 --> 00:21:06,900

panel

490

00:21:12,529 --> 00:21:10,440

um it's not really much of a uh much of

491

00:21:14,330 --> 00:21:12,539

an update it uh basically just

492

00:21:17,630 --> 00:21:14,340

reiterates what was said in the last

493

00:21:22,190 --> 00:21:17,640

issue but it includes a great picture of

494

00:21:23,930 --> 00:21:22,200

the the apro UFO proof award judging

495

00:21:25,549 --> 00:21:23,940

panel you got the the whole crew there

496

00:21:27,770 --> 00:21:25,559

you've got

497

00:21:30,470 --> 00:21:27,780

um you got uh jail and heineck there

498

00:21:32,630 --> 00:21:30,480

looking like Jay Alan heineck you got

499

00:21:34,789 --> 00:21:32,640

Leo sprinkle looking remarkably like his

500

00:21:36,890 --> 00:21:34,799

weekly world news headshot

501
00:21:39,350 --> 00:21:36,900
um you've got Jim Lorenson off at one

502
00:21:40,669 --> 00:21:39,360
end sort of presiding over things kind

503
00:21:42,770 --> 00:21:40,679
of perched at the corner of the table

504
00:21:44,570 --> 00:21:42,780
not really looking like uh they set a

505
00:21:46,370 --> 00:21:44,580
seat for him because they got to get

506
00:21:48,230 --> 00:21:46,380
everybody on one side of the table for

507
00:21:50,630 --> 00:21:48,240
the photo I will try to remember to

508
00:21:53,390 --> 00:21:50,640
throw this out on social media so you

509
00:21:55,549 --> 00:21:53,400
can see this this photo that is I think

510
00:21:58,370 --> 00:21:55,559
very clearly staged but they're

511
00:22:00,950 --> 00:21:58,380
desperately trying to to not make it uh

512
00:22:02,750 --> 00:22:00,960
make it look staged there's another fun

513
00:22:04,310 --> 00:22:02,760

citing report in this issue but I also

514

00:22:07,010 --> 00:22:04,320

thought it'd be interesting for you to

515

00:22:11,450 --> 00:22:07,020

to get sort of a an idea of the network

516

00:22:13,370 --> 00:22:11,460

of of Consultants that apro I mean not

517

00:22:15,830 --> 00:22:13,380

employed but

518

00:22:18,730 --> 00:22:15,840

um you know sort of worked with we've

519

00:22:21,289 --> 00:22:18,740

got uh Aeronautics astronomy

520

00:22:23,270 --> 00:22:21,299

astrophysics civil engineering computer

521

00:22:25,490 --> 00:22:23,280

technology electrical engineering

522

00:22:26,990 --> 00:22:25,500

electrical engineering elect of three

523

00:22:29,870 --> 00:22:27,000

electrical engineers

524

00:22:34,090 --> 00:22:29,880

um geochemistry geology Metallurgy

525

00:22:37,870 --> 00:22:34,100

another Metallurgy oceanography Optics

526

00:22:41,090 --> 00:22:37,880

physics radiation physics seismology

527

00:22:42,590 --> 00:22:41,100

Anatomy biochemistry biology this sounds

528

00:22:45,590 --> 00:22:42,600

like Sally struther selling you an

529

00:22:47,930 --> 00:22:45,600

at-home job training kit doesn't it uh

530

00:22:51,789 --> 00:22:47,940

biophysics exobiology medicine

531

00:22:54,730 --> 00:22:51,799

Psychiatry and religion

534

00:23:02,930 --> 00:23:00,659

um some of those weren't real

535

00:23:04,730 --> 00:23:02,940

um probably the ones you can you can

536

00:23:06,950 --> 00:23:04,740

imagine I had the Sally Struthers

537

00:23:08,870 --> 00:23:06,960

commercial in my head for some reason

538

00:23:11,390 --> 00:23:08,880

um the uh we mentioned the the

539

00:23:14,390 --> 00:23:11,400

consultant in history already uh David

540

00:23:16,430 --> 00:23:14,400

Jacobs but also very interesting is the

541

00:23:19,250 --> 00:23:16,440

consultant in religion that's Robert S

542

00:23:20,990 --> 00:23:19,260

Elwood PhD religious study scholar who

543

00:23:24,529 --> 00:23:21,000

did a lot of work

544

00:23:27,110 --> 00:23:24,539

over the course of his career on um on

545

00:23:29,390 --> 00:23:27,120

uh contact ease especially in the UFO

546

00:23:30,649 --> 00:23:29,400

field and other other new uh new

547

00:23:33,529 --> 00:23:30,659

religions

548

00:23:35,090 --> 00:23:33,539

um very very uh quality scholar and

549

00:23:36,830 --> 00:23:35,100

don't let anybody tell you that

550

00:23:38,870 --> 00:23:36,840

religious study Scholars looking at the

551
00:23:40,430 --> 00:23:38,880
UFO field is something that only started

552
00:23:41,930 --> 00:23:40,440
happening in the last five years or

553
00:23:45,230 --> 00:23:41,940
something it's something that's been

554
00:23:49,250 --> 00:23:45,240
there for as you can tell about 50 years

555
00:23:51,350 --> 00:23:49,260
so not uh not a new thing and if you can

556
00:23:53,750 --> 00:23:51,360
get a hold of Elwood's uh any of

557
00:23:56,750 --> 00:23:53,760
Elwood's writings there they're very

558
00:23:59,330 --> 00:23:56,760
good so there is one more

559
00:24:06,950 --> 00:23:59,340
um sort of case in here and this is from

560
00:24:11,390 --> 00:24:09,350
the witness Mr Daniel loretz who

561
00:24:13,970 --> 00:24:11,400
operates a radio and TV store at tourney

562
00:24:16,970 --> 00:24:13,980
is 63 years old he has been a voluntary

563
00:24:19,430 --> 00:24:16,980

fireman since 1937 and has run his local

564

00:24:22,190 --> 00:24:19,440

fire department since 1949. the

565

00:24:25,130 --> 00:24:22,200

observation took place on March 18 1972

566

00:24:27,590 --> 00:24:25,140

at 9 25 PM local time as he was driving

567

00:24:29,270 --> 00:24:27,600

by a field returning home where he had

568

00:24:31,669 --> 00:24:29,280

from where he had left his car repaired

569

00:24:34,190 --> 00:24:31,679

Mr Lawrence's own words translated

570

00:24:36,049 --> 00:24:34,200

described the incident I was driving by

571

00:24:38,390 --> 00:24:36,059

Renault 6 when I saw a dark object

572

00:24:39,830 --> 00:24:38,400

coming from the sky right toward me I

573

00:24:41,510 --> 00:24:39,840

immediately stopped the car and the

574

00:24:44,510 --> 00:24:41,520

object landed practically vertically in

575

00:24:46,610 --> 00:24:44,520

a field about 150 meters away it was

576

00:24:48,890 --> 00:24:46,620

oval in shape dark and stood about two

577

00:24:50,630 --> 00:24:48,900

meters in height in the front were two

578

00:24:53,029 --> 00:24:50,640

pale lights coming from two portholes

579

00:24:54,409 --> 00:24:53,039

which were directed toward the ground in

580

00:24:56,630 --> 00:24:54,419

the rear was a red light of low

581

00:24:58,669 --> 00:24:56,640

intensity about 30 seconds after the

582

00:25:01,070 --> 00:24:58,679

landing the lights blinked out and it

583

00:25:03,289 --> 00:25:01,080

made a noise like a large tractor this

584

00:25:05,510 --> 00:25:03,299

created a strong impression on me and I

585

00:25:07,430 --> 00:25:05,520

hastily departed in my car but I had

586

00:25:09,350 --> 00:25:07,440

trouble in making it go the the engine

587

00:25:11,450 --> 00:25:09,360

is almost new but it coughed for several

588

00:25:13,610 --> 00:25:11,460

meters before running normally the next

589

00:25:15,710 --> 00:25:13,620

day I returned to the same place but the

590

00:25:20,570 --> 00:25:15,720

field had been plowed and all traces had

591

00:25:25,789 --> 00:25:23,149

alright so we've got a craft we've got

592

00:25:29,149 --> 00:25:25,799

the craft landing and we've got the

593

00:25:30,950 --> 00:25:29,159

craft potentially interfering with the

594

00:25:32,990 --> 00:25:30,960

operation of a car this is this is

595

00:25:34,610 --> 00:25:33,000

classic stuff and this isn't coming from

596

00:25:36,649 --> 00:25:34,620

four high school kids running around in

597

00:25:39,110 --> 00:25:36,659

the field this is coming from you know

598

00:25:41,750 --> 00:25:39,120

an older gentleman who is who is a

599

00:25:44,990 --> 00:25:41,760

business owner and runs a volunteer fire

600

00:25:49,070 --> 00:25:45,000

department now

601
00:25:50,990 --> 00:25:49,080
um the April bulletin does note that at

602
00:25:53,450 --> 00:25:51,000
this time little is known about The

603
00:25:56,210 --> 00:25:53,460
credibility of the witness and it's he's

604
00:25:59,510 --> 00:25:56,220
the only witness to anything but uh

605
00:26:01,610 --> 00:25:59,520
apres man in France is on the case and

606
00:26:03,950 --> 00:26:01,620
will provide further information when it

607
00:26:05,570 --> 00:26:03,960
is available all right that's it's the

608
00:26:07,190 --> 00:26:05,580
end of the March April issue there's

609
00:26:09,169 --> 00:26:07,200
there's all kinds of great stuff in

610
00:26:12,289 --> 00:26:09,179
these things and uh you can find these

611
00:26:15,110 --> 00:26:12,299
by the way on uh the the archives for

612
00:26:17,870 --> 00:26:15,120
The Unexplained website their repository

613
00:26:20,149 --> 00:26:17,880

of newsletters and magazines and other

614

00:26:23,149 --> 00:26:20,159

things that have been that have been

615

00:26:25,430 --> 00:26:23,159

scanned and I will I will note that the

616

00:26:27,529 --> 00:26:25,440

PDFs that they have up there I think

617

00:26:30,830 --> 00:26:27,539

Isaac Coy somebody calling themselves

618

00:26:33,769 --> 00:26:30,840

Isaac Coy is uh is involved with this um

619

00:26:36,169 --> 00:26:33,779

the scanning that they do is is really

620

00:26:38,450 --> 00:26:36,179

high quality and it is sort of the sort

621

00:26:40,909 --> 00:26:38,460

of ocr'd scanning you know optical

622

00:26:43,549 --> 00:26:40,919

character recognition so it's not just a

623

00:26:45,830 --> 00:26:43,559

picture of a page it is uh it's got text

624

00:26:48,529 --> 00:26:45,840

this red recognizable you can cut and

625

00:26:50,870 --> 00:26:48,539

paste it it's uh it's very handy and

626

00:26:55,070 --> 00:26:50,880

search it it's searchable as well and

627

00:26:58,730 --> 00:26:55,080

unsearchable PDFs are quite honestly one

628

00:26:59,330 --> 00:26:58,740

of the Banes of my existence all right

629

00:27:02,510 --> 00:26:59,340

um

630

00:27:04,669 --> 00:27:02,520

boy time flies let's take a break and uh

631

00:27:07,010 --> 00:27:04,679

we'll talk about the feedback to uh to

632

00:27:09,890 --> 00:27:07,020

our last episode and uh do the usual

633

00:27:12,529 --> 00:27:09,900

Midway break stuff and then we will jump

634

00:27:15,830 --> 00:27:12,539

into the spring and summer actually the

635

00:27:19,990 --> 00:27:15,840

summer of 1972.

636

00:27:24,169 --> 00:27:22,190

[Music]

637

00:27:25,370 --> 00:27:24,179

next time

638

00:27:27,710 --> 00:27:25,380

um

639

00:27:29,930 --> 00:27:27,720

I'm not sure it's a it's a contact e oh

640

00:27:34,070 --> 00:27:29,940

oh oh oh oh I know which contact the it

641

00:27:36,769 --> 00:27:34,080

is it is John Dean no not the White

642

00:27:38,930 --> 00:27:36,779

House Council under Richard Nixon it's a

643

00:27:40,370 --> 00:27:38,940

different John Dean

644

00:27:42,289 --> 00:27:40,380

um

645

00:27:44,149 --> 00:27:42,299

although I should do an episode about

646

00:27:46,190 --> 00:27:44,159

John Dean the White House counsel during

647

00:27:48,350 --> 00:27:46,200

the Nixon Administration that'd be fun

675

00:28:58,850 --> 00:28:57,120

questions and things from our uh our

676

00:29:02,149 --> 00:28:58,860

previous episode

677

00:29:04,610 --> 00:29:02,159

um some patrons uh first Laura says the

678

00:29:06,230 --> 00:29:04,620

Janus people episode ruined me because

679

00:29:08,810 --> 00:29:06,240

now whenever there is a story about

680

00:29:12,289 --> 00:29:08,820

interplanetary travel I am disappointed

681

00:29:14,330 --> 00:29:12,299

by the lack of barbecues seriously

682

00:29:17,090 --> 00:29:14,340

though great episode well thank you

683

00:29:20,090 --> 00:29:17,100

Laura and and yeah it's once once you

684

00:29:23,810 --> 00:29:20,100

get the um the sort of Lakeside speed

685

00:29:25,789 --> 00:29:23,820

boat barbecue scene from the Janus

686

00:29:29,570 --> 00:29:25,799

people uh into your brain it's it's

687

00:29:31,730 --> 00:29:29,580

really hard to um to sort of yeah it is

688

00:29:33,529 --> 00:29:31,740

it is a little disappointing that uh

689

00:29:34,430 --> 00:29:33,539

there weren't other contacty stories

690

00:29:37,730 --> 00:29:34,440

that got

691

00:29:39,169 --> 00:29:37,740

quite that Suburban there were ones that

692

00:29:41,510 --> 00:29:39,179

were more bizarre there are ones that

693

00:29:43,190 --> 00:29:41,520

are more sort of outlandish there are

694

00:29:46,010 --> 00:29:43,200

ones that are more realistic but I don't

695

00:29:48,769 --> 00:29:46,020

think there are any that are more

696

00:29:53,029 --> 00:29:48,779

comfy and and sort of

697

00:29:55,190 --> 00:29:53,039

sort of middle class comfyish yeah uh

698

00:29:57,470 --> 00:29:55,200

also from patreon uh Caleb says Birdman

699

00:29:59,570 --> 00:29:57,480

Birdman from Uranus sounds like an adult

700

00:30:01,549 --> 00:29:59,580

film starring some guy named Rod Biggs

701
00:30:04,549 --> 00:30:01,559
who wears a birdman costume from the old

702
00:30:06,590 --> 00:30:04,559
cartoon throughout the entire romp

703
00:30:09,830 --> 00:30:06,600
um I remember in college uh Cartoon

704
00:30:11,990 --> 00:30:09,840
Network showed the old Birdman cartoon

705
00:30:14,029 --> 00:30:12,000
um every afternoon and and me and my

706
00:30:16,909 --> 00:30:14,039
friends were really into watching the

707
00:30:18,230 --> 00:30:16,919
old Birdman cartoon and I I really

708
00:30:20,570 --> 00:30:18,240
enjoyed when they brought it back as a

709
00:30:22,430 --> 00:30:20,580
harvey Birdman attorney at law that was

710
00:30:24,710 --> 00:30:22,440
always a lot of fun

711
00:30:26,570 --> 00:30:24,720
Vincent treewell says uh hope so

712
00:30:28,310 --> 00:30:26,580
apparently the Trope that aliens and

713
00:30:30,710 --> 00:30:28,320

future humans will operate as a space

714

00:30:32,210 --> 00:30:30,720

Navy goes back almost a century this

715

00:30:33,470 --> 00:30:32,220

could serve as a prototype for so many

716

00:30:35,930 --> 00:30:33,480

narratives including Star Trek

717

00:30:38,090 --> 00:30:35,940

Battlestar Galactica Etc not to mention

718

00:30:39,950 --> 00:30:38,100

countless contact the encounters it

719

00:30:43,070 --> 00:30:39,960

seems Planetary Exploration always

720

00:30:44,810 --> 00:30:43,080

follows a roughly U.S Navy model as

721

00:30:47,630 --> 00:30:44,820

opposed to corporate Democratic gangster

722

00:30:50,330 --> 00:30:47,640

religious group academic Etc interesting

723

00:30:51,909 --> 00:30:50,340

yeah I don't know if if

724

00:30:55,130 --> 00:30:51,919

um if that's because

725

00:30:57,470 --> 00:30:55,140

it's you've got ships right and so when

726

00:30:59,810 --> 00:30:57,480

you think of ships and large groups of

727

00:31:03,169 --> 00:30:59,820

ships I think most people's minds go to

728

00:31:05,510 --> 00:31:03,179

sort of a a naval model

729

00:31:07,070 --> 00:31:05,520

um but yeah it does seem it does seem

730

00:31:09,289 --> 00:31:07,080

kind of interesting even the the most

731

00:31:13,250 --> 00:31:09,299

peace loving space Brothers seem to

732

00:31:16,250 --> 00:31:13,260

operate in terms of um of of fleets with

733

00:31:19,070 --> 00:31:16,260

with ranks and hierarchies and and

734

00:31:20,269 --> 00:31:19,080

things like that doc Pinko says I'm

735

00:31:22,370 --> 00:31:20,279

beginning to think that all these guys

736

00:31:24,110 --> 00:31:22,380

like Eugene Drake are plagiarizing horny

737

00:31:28,070 --> 00:31:24,120

Nazis

738

00:31:29,330 --> 00:31:28,080

um yeah I think that's a um a good a

739

00:31:31,970 --> 00:31:29,340

good call

740

00:31:33,470 --> 00:31:31,980

on Twitter the walking dad said it's a

741

00:31:35,450 --> 00:31:33,480

good name the walking dad says on the

742

00:31:37,669 --> 00:31:35,460

gene Drake episode and science fiction

743

00:31:39,230 --> 00:31:37,679

having promises flying cars flying cars

744

00:31:40,850 --> 00:31:39,240

exists that are quite common depending

745

00:31:44,029 --> 00:31:40,860

on where you live they're just very

746

00:31:46,669 --> 00:31:44,039

expensive they're called helicopters

747

00:31:48,470 --> 00:31:46,679

I never thought of it like that but they

748

00:31:52,250 --> 00:31:48,480

certainly are

749

00:31:53,810 --> 00:31:52,260

um some uh Frank on Facebook says I'm a

750

00:31:56,330 --> 00:31:53,820

little struck by the similarities of

751

00:31:58,250 --> 00:31:56,340

their spaceships to those of Dune in

752

00:32:00,350 --> 00:31:58,260

both cases huge cylindrical ships are

753

00:32:02,690 --> 00:32:00,360

transported long distances by the power

754

00:32:04,310 --> 00:32:02,700

of the mind of the pilot in Drake's case

755

00:32:06,769 --> 00:32:04,320

the captain of the ship making the ship

756

00:32:09,830 --> 00:32:06,779

ethereal in Dune the guild Navigators

757

00:32:12,049 --> 00:32:09,840

warping space probably no connection but

758

00:32:14,330 --> 00:32:12,059

interesting yeah I had not put that

759

00:32:18,889 --> 00:32:14,340

together Frank until I read your comment

760

00:32:20,810 --> 00:32:18,899

and it is very interesting that kind of

761

00:32:24,649 --> 00:32:20,820

um that kind of of connection that kind

762

00:32:27,230 --> 00:32:24,659

of parallel because it's it's very sort

763

00:32:30,049 --> 00:32:27,240

of unexpected uh there's

764

00:32:32,510 --> 00:32:30,059

um a doctor whose story from 1980

765

00:32:34,190 --> 00:32:32,520

Warriors gate which is totally

766

00:32:37,909 --> 00:32:34,200

underrated

767

00:32:41,029 --> 00:32:37,919

um where there is a um a sort of a sort

768

00:32:44,570 --> 00:32:41,039

of time traveling ship that is only

769

00:32:46,370 --> 00:32:44,580

operated by um by the use of the these

770

00:32:48,289 --> 00:32:46,380

sort of sentient creatures who are time

771

00:32:49,789 --> 00:32:48,299

sensitive who are hooked into the

772

00:32:52,490 --> 00:32:49,799

Machinery they're enslaved and hooked

773

00:32:55,130 --> 00:32:52,500

into the Machinery so again sort of this

774

00:32:57,289 --> 00:32:55,140

organic element making the whole thing

775

00:33:00,710 --> 00:32:57,299

the whole thing run

776

00:33:02,930 --> 00:33:00,720

over at saucerlife.com uh red pill

777

00:33:04,610 --> 00:33:02,940

junkie says Drake's explanation of

778

00:33:06,830 --> 00:33:04,620

astrolon's powers feels awfully

779

00:33:08,510 --> 00:33:06,840

reminiscent of Dr occult an early

780

00:33:10,250 --> 00:33:08,520

precursor to modern day superheroes

781

00:33:12,649 --> 00:33:10,260

which was created by Siegel and Schuster

782

00:33:14,509 --> 00:33:12,659

before they came up with Superman back

783

00:33:16,070 --> 00:33:14,519

in those days as Jeffrey kreipel

784

00:33:18,769 --> 00:33:16,080

explains in his Incredible Book mutants

785

00:33:20,210 --> 00:33:18,779

and Mystics I haven't read it uh yet uh

786

00:33:22,610 --> 00:33:20,220

superpowers were derived from what he

787

00:33:24,470 --> 00:33:22,620

calls orientation a reference to strange

788

00:33:27,169 --> 00:33:24,480

supernatural abilities cultivated in

789

00:33:29,389 --> 00:33:27,179

secret societies in the mystical lands

790

00:33:31,130 --> 00:33:29,399

of the Orient instead of alienation as

791

00:33:33,529 --> 00:33:31,140

in the case of Superman a native from

792

00:33:35,450 --> 00:33:33,539

the Planet Krypton Dr occult had the

793

00:33:37,250 --> 00:33:35,460

ability to change his size to become a

794

00:33:38,990 --> 00:33:37,260

giant and also to travel through the

795

00:33:41,870 --> 00:33:39,000

astral plane to distant locations

796

00:33:42,889 --> 00:33:41,880

perhaps Eugene Drake was a secret comic

797

00:33:45,110 --> 00:33:42,899

book fan

798

00:33:47,630 --> 00:33:45,120

it wouldn't surprise me

799

00:33:48,649 --> 00:33:47,640

um comic books used to be popular and

800

00:33:50,750 --> 00:33:48,659

you can say well look at the movies

801
00:33:53,330 --> 00:33:50,760
they're popular now yeah comic books

802
00:33:55,070 --> 00:33:53,340
really haven't been they've never been

803
00:33:56,090 --> 00:33:55,080
as popular as they were in the 30s and

804
00:33:58,430 --> 00:33:56,100
40s

805
00:34:02,690 --> 00:33:58,440
um if sales numbers are to be believed

806
00:34:04,789 --> 00:34:02,700
so Drake influenced by by comic books I

807
00:34:07,070 --> 00:34:04,799
think it's it's absolutely

808
00:34:09,589 --> 00:34:07,080
um absolutely possible

809
00:34:12,530 --> 00:34:09,599
and uh finally another comment over at

810
00:34:15,589 --> 00:34:12,540
saucerlife.com from Matthew Drake

811
00:34:17,750 --> 00:34:15,599
included one Alonzo Mathewson in his

812
00:34:19,669 --> 00:34:17,760
acknowledgments of life on other planets

813
00:34:21,710 --> 00:34:19,679

He's listed as the astronomer of a king

814

00:34:23,930 --> 00:34:21,720

who died 130 years before the book was

815

00:34:25,669 --> 00:34:23,940

published impressive if true the only

816

00:34:27,889 --> 00:34:25,679

other reference for Mr matthewson I

817

00:34:30,409 --> 00:34:27,899

could find online relates to a book by

818

00:34:31,970 --> 00:34:30,419

Helen Butler Wells a medium who claimed

819

00:34:33,710 --> 00:34:31,980

to receive and dictate messages from

820

00:34:35,990 --> 00:34:33,720

Saturn and more Earthly historical

821

00:34:37,849 --> 00:34:36,000

figures I wonder if both Drake and Wells

822

00:34:39,710 --> 00:34:37,859

ever crossed paths and if going down

823

00:34:42,710 --> 00:34:39,720

this Rabbit Hole has drawn my sanity

824

00:34:44,990 --> 00:34:42,720

into question well I wouldn't be doing

825

00:34:47,930 --> 00:34:45,000

my job with the show if I wasn't sending

826

00:34:50,690 --> 00:34:47,940

some of you down some pretty awful

827

00:34:53,750 --> 00:34:50,700

rabbit holes that will that will sort of

828

00:34:56,510 --> 00:34:53,760

make you question your sanity thanks for

829

00:34:58,609 --> 00:34:56,520

the uh the great feedback on our um on

830

00:35:00,589 --> 00:34:58,619

our Drake episode our YouTube Drake

831

00:35:02,870 --> 00:35:00,599

episode I almost said Frank Drake that's

832

00:35:05,450 --> 00:35:02,880

a different Drake who um had things to

833

00:35:09,230 --> 00:35:05,460

say about space and I think now it is

834

00:35:17,390 --> 00:35:09,240

time to get back to apro with May and

835

00:35:24,710 --> 00:35:21,250

all right May and June 1972 starts off

836

00:35:26,930 --> 00:35:24,720

with updates on the French Landing case

837

00:35:30,410 --> 00:35:26,940

further information has come out there's

838

00:35:32,270 --> 00:35:30,420

been an investigation by the gepa which

839

00:35:35,150 --> 00:35:32,280

is the study group on aerial phenomenon

840

00:35:38,089 --> 00:35:35,160

obviously that is a French acronym and

841

00:35:40,910 --> 00:35:38,099

it doesn't say uh what that acronym

842

00:35:42,950 --> 00:35:40,920

stands for in French but their uh their

843

00:35:44,450 --> 00:35:42,960

newsletter the gepa's newsletter is

844

00:35:46,069 --> 00:35:44,460

called the it's called phenomenal

845

00:35:48,230 --> 00:35:46,079

special

846

00:35:50,569 --> 00:35:48,240

that that's my terrible French uh French

847

00:35:53,630 --> 00:35:50,579

pronunciation of things uh phenomenous

848

00:35:56,210 --> 00:35:53,640

Spacey Ox is is how it's uh how it's

849

00:35:59,810 --> 00:35:56,220

spelled uh French people don't uh don't

850

00:36:02,450 --> 00:35:59,820

laugh at me too much so it they sort of

851

00:36:05,750 --> 00:36:02,460

recap the case and

852

00:36:08,690 --> 00:36:05,760

um it uh it sort of goes on to to say

853

00:36:12,109 --> 00:36:08,700

that um he didn't get as much of a

854

00:36:14,150 --> 00:36:12,119

close-up view as he he wanted to and it

855

00:36:16,069 --> 00:36:14,160

was dark but he does think what he

856

00:36:19,910 --> 00:36:16,079

reported initially is what he actually

857

00:36:22,910 --> 00:36:19,920

saw on follow-up questioning and from

858

00:36:25,130 --> 00:36:22,920

what everybody in the area says he is a

859

00:36:29,329 --> 00:36:25,140

reliable person a an upstanding citizen

860

00:36:33,470 --> 00:36:29,339

and a probably an honest witness and

861

00:36:35,750 --> 00:36:33,480

um that's about all they have so it's

862

00:36:37,849 --> 00:36:35,760

not much of an update but

863

00:36:42,250 --> 00:36:37,859

um just a little more a little more sort

864

00:36:45,589 --> 00:36:42,260

of follow-up to that we also have some

865

00:36:50,450 --> 00:36:45,599

reporting instructions from

866

00:36:53,810 --> 00:36:50,460

the apro the appro leadership to field

867

00:36:57,109 --> 00:36:53,820

investigations and this has to do with

868

00:37:04,130 --> 00:36:57,119

the micro filming and the the comcat

869

00:37:08,030 --> 00:37:06,290

preparing the appro report files for

870

00:37:09,770 --> 00:37:08,040

microfilming has demonstrated how

871

00:37:11,630 --> 00:37:09,780

important it is for persons submitting

872

00:37:14,569 --> 00:37:11,640

UFO reports to approach to follow

873

00:37:16,190 --> 00:37:14,579

certain guidelines approach provides UFO

874

00:37:18,349 --> 00:37:16,200

report forms to those persons who

875

00:37:19,849 --> 00:37:18,359

request them those persons who wish to

876

00:37:21,410 --> 00:37:19,859

describe their observations in the form

877

00:37:23,569 --> 00:37:21,420

of written testimonies should do so

878

00:37:25,730 --> 00:37:23,579

separately from correspondence and

879

00:37:27,770 --> 00:37:25,740

membership forms if reports are

880

00:37:29,750 --> 00:37:27,780

contained in letters to apro Xerox

881

00:37:31,370 --> 00:37:29,760

copies have to be made one copy for the

882

00:37:33,890 --> 00:37:31,380

correspondence files and the other

883

00:37:36,829 --> 00:37:33,900

further report files this is added work

884

00:37:38,390 --> 00:37:36,839

and expense for appro likewise persons

885

00:37:40,250 --> 00:37:38,400

who mail press clippings to approach

886

00:37:42,349 --> 00:37:40,260

should Mount them on full sheets with

887

00:37:44,569 --> 00:37:42,359

glue Scotch tape or Staples for filing

888

00:37:46,790 --> 00:37:44,579

if all members did this it would save an

889

00:37:47,730 --> 00:37:46,800

enormous amount of work on the part of

890

00:37:52,010 --> 00:37:47,740

appro staff

891

00:37:55,670 --> 00:37:53,569

if you marks are going to do unpaid

892

00:37:57,230 --> 00:37:55,680

labor for us we want you to do it very

893

00:38:00,950 --> 00:37:57,240

carefully into these exact

894

00:38:02,810 --> 00:38:00,960

specifications I mean I I get it I I get

895

00:38:04,550 --> 00:38:02,820

why they want to do that yes having a

896

00:38:06,829 --> 00:38:04,560

bunch of loose newspaper clippings fall

897

00:38:09,109 --> 00:38:06,839

out of an envelope at you would be

898

00:38:11,990 --> 00:38:09,119

annoying having to make extra copies

899

00:38:16,730 --> 00:38:12,000

would be annoying and this is 1972.

900

00:38:18,589 --> 00:38:16,740

xeroxing is not uh is not cheap in 1972

901
00:38:21,050 --> 00:38:18,599
and some of you out there are probably

902
00:38:23,930 --> 00:38:21,060
too young to remember the word Xerox

903
00:38:26,089 --> 00:38:23,940
that that's not true I've seen uh some

904
00:38:29,569 --> 00:38:26,099
demographic samples and

905
00:38:32,870 --> 00:38:29,579
um many of you are around my age so no

906
00:38:36,170 --> 00:38:32,880
well remember xeroxes

907
00:38:42,290 --> 00:38:36,180
um oh this is interesting apro nycap

908
00:38:48,109 --> 00:38:46,550
on May 26 1972 Mr Stuart Nixon executive

909
00:38:51,109 --> 00:38:48,119
director of the national investigations

910
00:38:53,089 --> 00:38:51,119
committee on aerial phenomenon nycap of

911
00:38:54,589 --> 00:38:53,099
Washington DC was in Tucson for a

912
00:38:56,990 --> 00:38:54,599
two-day round of discussions with the

913
00:38:58,849 --> 00:38:57,000

Opera staff although Mr Richard

914

00:39:01,790 --> 00:38:58,859

Greenwell apro assistant director

915

00:39:03,589 --> 00:39:01,800

visited nycap in 1970 and Mrs Coral

916

00:39:06,050 --> 00:39:03,599

Lawrence and apro secretary visited

917

00:39:07,910 --> 00:39:06,060

their office in 1971. this is the first

918

00:39:10,370 --> 00:39:07,920

time that a nicap staff member has

919

00:39:12,290 --> 00:39:10,380

visited apro headquarters Mr Nixon's

920

00:39:14,450 --> 00:39:12,300

visit came at a time when apero nycap

921

00:39:16,069 --> 00:39:14,460

relations had improved considerably and

922

00:39:18,109 --> 00:39:16,079

it is expected that relations will

923

00:39:20,210 --> 00:39:18,119

improve further as a consequence of his

924

00:39:21,710 --> 00:39:20,220

visit the main topics which were

925

00:39:24,410 --> 00:39:21,720

discussed related to improving field

926

00:39:26,270 --> 00:39:24,420

investigation of UFO incidents improving

927

00:39:28,430 --> 00:39:26,280

apronicap coordination in such

928

00:39:30,650 --> 00:39:28,440

investigations and the general future of

929

00:39:32,750 --> 00:39:30,660

UFO research and the roles which the two

930

00:39:34,609 --> 00:39:32,760

organizations will play in it a first

931

00:39:37,130 --> 00:39:34,619

step toward closer cooperation will be

932

00:39:38,990 --> 00:39:37,140

taken shortly as a result of Mr Nixon's

933

00:39:43,069 --> 00:39:39,000

visit and this will be announced in the

934

00:39:49,069 --> 00:39:45,290

I bet you thought the most important

935

00:39:51,950 --> 00:39:49,079

trip taken in 1972 by someone named

936

00:39:53,810 --> 00:39:51,960

Nixon was President Nixon going to China

937

00:39:56,510 --> 00:39:53,820

to meet with mount saitung

938

00:39:57,890 --> 00:39:56,520

he would be so wrong because this is so

939

00:40:01,190 --> 00:39:57,900

much bigger this is bigger than Nixon

940

00:40:03,230 --> 00:40:01,200

going to China this is bigger than the

941

00:40:06,530 --> 00:40:03,240

arms negotiation uh limitation

942

00:40:10,190 --> 00:40:06,540

negotiations with Brezhnev this is huge

943

00:40:12,770 --> 00:40:10,200

this is apro and nicap talking to each

944

00:40:15,770 --> 00:40:12,780

other and you'll notice that uh

945

00:40:16,790 --> 00:40:15,780

there's no uh there's no major

946

00:40:19,250 --> 00:40:16,800

um

947

00:40:20,750 --> 00:40:19,260

uh Keyhole I almost said major Ed Dames

948

00:40:23,329 --> 00:40:20,760

good Lord

949

00:40:24,410 --> 00:40:23,339

um the uh the the the cold medicine is

950

00:40:28,130 --> 00:40:24,420

really sort of

951
00:40:30,710 --> 00:40:28,140
taking its Soul there's no major Kehoe

952
00:40:32,930 --> 00:40:30,720
the Stuart Nixon is uh is there nycap

953
00:40:34,190 --> 00:40:32,940
had gone through uh gone through some

954
00:40:36,470 --> 00:40:34,200
changes

955
00:40:39,710 --> 00:40:36,480
um but uh it's it's interesting because

956
00:40:41,510 --> 00:40:39,720
this is set up as it reads like you know

957
00:40:43,730 --> 00:40:41,520
this is they're breaking the Diplomatic

958
00:40:46,849 --> 00:40:43,740
ice and you know although there had been

959
00:40:49,490 --> 00:40:46,859
previous visits in 1970 in 1971 this

960
00:40:52,730 --> 00:40:49,500
time nycap came to us

961
00:40:55,370 --> 00:40:52,740
um it's really interesting I I need to

962
00:40:57,829 --> 00:40:55,380
do more on sort of the history of nycap

963
00:41:00,170 --> 00:40:57,839

and and see what might have prompted

964

00:41:02,329 --> 00:41:00,180

this uh I need to do an icap episode

965

00:41:05,270 --> 00:41:02,339

actually but

966

00:41:08,569 --> 00:41:05,280

um I I kind of wanted my cap wasn't long

967

00:41:09,470 --> 00:41:08,579

for the world in the early 1970s so I

968

00:41:11,630 --> 00:41:09,480

wonder if

969

00:41:13,910 --> 00:41:11,640

if there was some sort of merger being

970

00:41:16,250 --> 00:41:13,920

talked about in some way I'm sure

971

00:41:18,650 --> 00:41:16,260

somebody out there will have some

972

00:41:21,050 --> 00:41:18,660

insight into all that because there are

973

00:41:23,150 --> 00:41:21,060

some real nycap Scholars out there uh

974

00:41:25,250 --> 00:41:23,160

which Speaking of which a cheap plug if

975

00:41:26,329 --> 00:41:25,260

you haven't read my friend Jack Brewer's

976
00:41:29,270 --> 00:41:26,339
book

977
00:41:32,230 --> 00:41:29,280
um Wayward Sons about the early history

978
00:41:36,050 --> 00:41:32,240
of nycap and the involvement of the CIA

979
00:41:38,630 --> 00:41:36,060
with some aspects of the the founding of

980
00:41:40,430 --> 00:41:38,640
nycap be sure to check that out uh that

981
00:41:42,410 --> 00:41:40,440
book is so good that I don't feel like I

982
00:41:44,690 --> 00:41:42,420
need to do a nightcap episode because

983
00:41:47,230 --> 00:41:44,700
you know Jack's got it covered now

984
00:41:50,030 --> 00:41:47,240
there's not a lot of other really

985
00:41:54,950 --> 00:41:50,040
interesting stuff in this issue because

986
00:41:58,849 --> 00:41:54,960
about oh gosh about half of the no fully

987
00:42:00,770 --> 00:41:58,859
half of the uh of the the yeah little

988
00:42:05,630 --> 00:42:00,780

man not maybe not quite half

989

00:42:08,150 --> 00:42:05,640

um it's a total of nine pages Pages six

990

00:42:10,550 --> 00:42:08,160

seven eight nine almost half are taken

991

00:42:13,069 --> 00:42:10,560

up with a review of Jay Allen heineck's

992

00:42:14,870 --> 00:42:13,079

book the UFO experience which I mean is

993

00:42:17,690 --> 00:42:14,880

totally appropriate because it is an

994

00:42:20,690 --> 00:42:17,700

amazing sort of groundbreaking book by a

995

00:42:22,910 --> 00:42:20,700

guy who was on the absolute inside of

996

00:42:25,790 --> 00:42:22,920

these uh of these Air Force

997

00:42:28,130 --> 00:42:25,800

investigations and it's a you know legit

998

00:42:31,370 --> 00:42:28,140

scientist to boot but it does tend to

999

00:42:35,630 --> 00:42:31,380

push out other other news and and

1000

00:42:39,050 --> 00:42:35,640

strange strange stories so that is where

1001
00:42:42,050 --> 00:42:39,060
we'll end May and June 1972. let's take

1002
00:42:43,970 --> 00:42:42,060
a look at July and August now the big

1003
00:42:48,109 --> 00:42:43,980
headline at the top of the front page is

1004
00:42:52,849 --> 00:42:48,119
spectacular report from Kansas and this

1005
00:42:54,829 --> 00:42:52,859
is a case from August 19th of 1972 and

1006
00:42:57,770 --> 00:42:54,839
the principal witness is Paul Carter

1007
00:43:00,470 --> 00:42:57,780
officer Paul Carver Carter of the Colby

1008
00:43:03,349 --> 00:43:00,480
Kansas Police Department there have been

1009
00:43:05,690 --> 00:43:03,359
UFO activity in the general area which

1010
00:43:10,069 --> 00:43:05,700
is Northwestern Texas for two weeks

1011
00:43:11,990 --> 00:43:10,079
before he had his experience but he had

1012
00:43:14,870 --> 00:43:12,000
um he had an encounter

1013
00:43:17,150 --> 00:43:14,880

um of his own he was out on patrol when

1014

00:43:19,790 --> 00:43:17,160

a man called in from gem Township to

1015

00:43:21,650 --> 00:43:19,800

report a UFO he was very disturbed and

1016

00:43:25,130 --> 00:43:21,660

about 10 minutes after that report comes

1017

00:43:27,730 --> 00:43:25,140

in officer Carter is patrolling on

1018

00:43:30,230 --> 00:43:27,740

Highway 24 when he saw an object

1019

00:43:33,050 --> 00:43:30,240

sporting alternately flashing red and

1020

00:43:34,490 --> 00:43:33,060

green lights directly ahead of him at

1021

00:43:40,609 --> 00:43:34,500

approximately two to three hundred feet

1022

00:43:44,510 --> 00:43:42,589

Carter turned South and headed out of

1023

00:43:46,430 --> 00:43:44,520

town toward Interstate 70 pacing the

1024

00:43:48,770 --> 00:43:46,440

object at about 50 to 60 miles per hour

1025

00:43:50,870 --> 00:43:48,780

he stopped at the overpass whereupon the

1026
00:43:53,569 --> 00:43:50,880
object which was ahead of him swung back

1027
00:43:55,970 --> 00:43:53,579
over I-70 and came to a stop over a

1028
00:43:57,890 --> 00:43:55,980
pasture east of Carter's Car Carter was

1029
00:44:00,829 --> 00:43:57,900
parked so that the car was Facing East

1030
00:44:02,870 --> 00:44:00,839
and he got a good look as the object red

1031
00:44:05,569 --> 00:44:02,880
and green lights flashing blotted out

1032
00:44:07,250 --> 00:44:05,579
stars and some of the terrain he clearly

1033
00:44:09,589 --> 00:44:07,260
see a Terrace in the field in front of

1034
00:44:11,210 --> 00:44:09,599
the object between his car and it but a

1035
00:44:13,010 --> 00:44:11,220
Terrace on the far side of it as well as

1036
00:44:15,829 --> 00:44:13,020
the telephone poles which he should have

1037
00:44:17,270 --> 00:44:15,839
been able to see were not visible just

1038
00:44:19,910 --> 00:44:17,280

as the objects settled to its position

1039

00:44:22,490 --> 00:44:19,920

10 to 15 feet above the ground it turned

1040

00:44:24,470 --> 00:44:22,500

to an intense bright white light which

1041

00:44:26,630 --> 00:44:24,480

illuminated the field and surrounding

1042

00:44:28,790 --> 00:44:26,640

area as well as the interior of his car

1043

00:44:31,069 --> 00:44:28,800

he says he even spotted a couple

1044

00:44:32,870 --> 00:44:31,079

jackrabbits in the pasture however the

1045

00:44:35,030 --> 00:44:32,880

light was so bright that he had to turn

1046

00:44:38,210 --> 00:44:35,040

his head away and close his eyes because

1047

00:44:44,329 --> 00:44:41,750

now other officers saw something else

1048

00:44:47,089 --> 00:44:44,339

red and green that could have been the

1049

00:44:49,790 --> 00:44:47,099

same object it looks and sounds from the

1050

00:44:51,230 --> 00:44:49,800

story absolutely absolutely phenomenal

1051

00:44:52,849 --> 00:44:51,240

and you know that that's one of the

1052

00:44:55,490 --> 00:44:52,859

great things about looking at these old

1053

00:44:58,370 --> 00:44:55,500

newsletters is you get sort of a glimpse

1054

00:45:01,490 --> 00:44:58,380

of these cases that you might not uh you

1055

00:45:02,750 --> 00:45:01,500

might not be aware of otherwise and a

1056

00:45:04,609 --> 00:45:02,760

lot of times these are these are really

1057

00:45:07,250 --> 00:45:04,619

fascinating and a lot of these do end up

1058

00:45:08,990 --> 00:45:07,260

in the books that the lorenzins will uh

1059

00:45:10,910 --> 00:45:09,000

will write a lot of those the the

1060

00:45:13,250 --> 00:45:10,920

content of those books is recalled from

1061

00:45:16,430 --> 00:45:13,260

the reports they got in the bulletin of

1062

00:45:19,970 --> 00:45:16,440

course but these old newsletters really

1063

00:45:22,010 --> 00:45:19,980

are a treasure Trove for all kinds of

1064

00:45:25,309 --> 00:45:22,020

all kinds of things so there's another

1065

00:45:26,809 --> 00:45:25,319

interesting story here occupants cited

1066

00:45:28,910 --> 00:45:26,819

in Australia and I assume these are

1067

00:45:31,550 --> 00:45:28,920

occupants of a UFO and not just

1068

00:45:34,849 --> 00:45:31,560

occupants of I don't know a car or

1069

00:45:39,770 --> 00:45:36,829

the Queensland edition of the Australian

1070

00:45:41,150 --> 00:45:39,780

for July 22nd 1972 carried a short

1071

00:45:43,670 --> 00:45:41,160

mention of the sighting of what was

1072

00:45:45,530 --> 00:45:43,680

referred to as six aliens near kurabi

1073

00:45:47,690 --> 00:45:45,540

Queensland in the early morning of July

1074

00:45:49,609 --> 00:45:47,700

19th the witness was allegedly very

1075

00:45:51,410 --> 00:45:49,619

frightened and confided in his wife who

1076
00:45:53,170 --> 00:45:51,420
called The Flying Saucer research Bureau

1077
00:45:55,490 --> 00:45:53,180
in Brisbane and related the information

1078
00:45:57,349 --> 00:45:55,500
after the short mention appeared in the

1079
00:45:59,990 --> 00:45:57,359
press the man called The Bureau himself

1080
00:46:02,030 --> 00:46:00,000
and related the following at about 2 A.M

1081
00:46:03,829 --> 00:46:02,040
on the morning of the 19th he was on his

1082
00:46:05,870 --> 00:46:03,839
way to work and went at kurabi not far

1083
00:46:07,849 --> 00:46:05,880
from Kirby's settlement he became aware

1084
00:46:10,190 --> 00:46:07,859
of about six objects on the passenger

1085
00:46:12,410 --> 00:46:10,200
side of the road the six objects became

1086
00:46:15,290 --> 00:46:12,420
figures as he approached they were a

1087
00:46:17,030 --> 00:46:15,300
soft gray in color and as he came even

1088
00:46:19,069 --> 00:46:17,040

closer five of the figures turned away

1089

00:46:21,650 --> 00:46:19,079

the remaining ones stepped out toward

1090

00:46:23,270 --> 00:46:21,660

the road and put out his hand the

1091

00:46:24,650 --> 00:46:23,280

witness tried to determine the features

1092

00:46:26,329 --> 00:46:24,660

of the remaining figure and was

1093

00:46:28,550 --> 00:46:26,339

surprised to see that although he was

1094

00:46:30,950 --> 00:46:28,560

not helmeted his face was covered with a

1095

00:46:33,230 --> 00:46:30,960

sort of faceted covering he compared the

1096

00:46:35,210 --> 00:46:33,240

face to a diamond coming to a point and

1097

00:46:36,829 --> 00:46:35,220

with no features visible

1098

00:46:39,109 --> 00:46:36,839

the man had been traveling about 45

1099

00:46:40,970 --> 00:46:39,119

miles per hour when he first decided the

1100

00:46:42,950 --> 00:46:40,980

figures but after seeing the faceless

1101

00:46:44,690 --> 00:46:42,960

figure and spotting a large solid

1102

00:46:46,790 --> 00:46:44,700

silvery object on the opposite side of

1103

00:46:48,890 --> 00:46:46,800

the road adjacent to or possibly

1104

00:46:50,690 --> 00:46:48,900

touching the power lines he accelerated

1105

00:46:52,670 --> 00:46:50,700

his car and got away as quickly as he

1106

00:46:54,530 --> 00:46:52,680

could at the place where the object was

1107

00:46:56,809 --> 00:46:54,540

seen our new high tension power lines

1108

00:46:58,370 --> 00:46:56,819

during the sighting the man said he kept

1109

00:47:01,630 --> 00:46:58,380

hearing a strange noise when she could

1110

00:47:06,349 --> 00:47:04,490

it gradually faded out as he proceeded

1111

00:47:08,089 --> 00:47:06,359

along the road but he could still hear

1112

00:47:10,490 --> 00:47:08,099

it when he arrived at kurabi railway

1113

00:47:12,710 --> 00:47:10,500

station the foregoing information was

1114

00:47:14,750 --> 00:47:12,720

furnished by April member Lindsay McKeon

1115

00:47:18,109 --> 00:47:14,760

and we hope to make direct contact with

1116

00:47:22,849 --> 00:47:20,569

and we're still a year away from the

1117

00:47:25,190 --> 00:47:22,859

so-called year of the humanoids that is

1118

00:47:28,910 --> 00:47:25,200

an absolutely fascinating story I love

1119

00:47:33,530 --> 00:47:28,920

the faceted diamond-like

1120

00:47:35,329 --> 00:47:33,540

lack of face on the head that is that's

1121

00:47:37,609 --> 00:47:35,339

actually chilling that's that's kind of

1122

00:47:40,250 --> 00:47:37,619

chilling and I can see why the guy tried

1123

00:47:42,410 --> 00:47:40,260

to get away that's not the only story

1124

00:47:45,829 --> 00:47:42,420

from Australia that we would see in the

1125

00:47:49,250 --> 00:47:45,839

July and August 1972 issue of the Opera

1126
00:47:55,190 --> 00:47:53,089
on June 25th 1972 at 12 50 PM a small

1127
00:47:57,770 --> 00:47:55,200
UFO was alleged to have left the ground

1128
00:47:59,809 --> 00:47:57,780
and joined a large delta-shaped craft or

1129
00:48:02,150 --> 00:47:59,819
the Sand Hills near Melville Western

1130
00:48:04,010 --> 00:48:02,160
Australia near Perth professional

1131
00:48:05,930 --> 00:48:04,020
photographer Graham Harris reported that

1132
00:48:07,849 --> 00:48:05,940
he had been covering a rough country car

1133
00:48:09,950 --> 00:48:07,859
test and stopped for lunch when his

1134
00:48:11,990 --> 00:48:09,960
driver Peter Lynn let out a yell from

1135
00:48:14,990 --> 00:48:12,000
the top of the Sandhill upon looking up

1136
00:48:16,670 --> 00:48:15,000
he and Lynn saw a small dark object rise

1137
00:48:18,349 --> 00:48:16,680
from the ground into the sky toward a

1138
00:48:20,870 --> 00:48:18,359

delta-shaped craft cruising slowly

1139

00:48:23,210 --> 00:48:20,880

overhead Harris said the operation was

1140

00:48:25,609 --> 00:48:23,220

quote just like a lunar module rejoining

1141

00:48:27,470 --> 00:48:25,619

its Mothership end quote in immediately

1142

00:48:29,510 --> 00:48:27,480

after the two craft met he said the

1143

00:48:31,550 --> 00:48:29,520

larger object accelerated at a fantastic

1144

00:48:33,530 --> 00:48:31,560

rate and disappeared within moments

1145

00:48:35,750 --> 00:48:33,540

Harris claimed he managed to photograph

1146

00:48:37,550 --> 00:48:35,760

it just as it zoomed away but its speed

1147

00:48:39,890 --> 00:48:37,560

was so great that even though his camera

1148

00:48:42,109 --> 00:48:39,900

photographs three frames per second it

1149

00:48:43,550 --> 00:48:42,119

was gone by the fourth frame this

1150

00:48:45,770 --> 00:48:43,560

information was carried in the Perth

1151
00:48:46,910 --> 00:48:45,780
Sunday times it is hoped that one of our

1152
00:48:48,950 --> 00:48:46,920
Australian members or field

1153
00:48:51,530 --> 00:48:48,960
investigators will be able to procure

1154
00:48:54,490 --> 00:48:51,540
more information and possibly a copy of

1155
00:49:00,470 --> 00:48:58,130
I don't know about this one I I want to

1156
00:49:02,809 --> 00:49:00,480
believe it but professional photographer

1157
00:49:04,490 --> 00:49:02,819
I just wasn't fast enough I don't know I

1158
00:49:06,770 --> 00:49:04,500
mean yep yep there's lots of times when

1159
00:49:08,930 --> 00:49:06,780
people encounter strange things and

1160
00:49:11,150 --> 00:49:08,940
don't sort of think to use the camera

1161
00:49:13,010 --> 00:49:11,160
that is hanging around their neck or in

1162
00:49:15,290 --> 00:49:13,020
the case of of most of us these days the

1163
00:49:17,329 --> 00:49:15,300

camera that is in their pocket sort of

1164

00:49:19,910 --> 00:49:17,339

built into their their phone they don't

1165

00:49:22,430 --> 00:49:19,920

think to do that but it's just such a oh

1166

00:49:25,309 --> 00:49:22,440

come on moment you got the the little

1167

00:49:28,190 --> 00:49:25,319

ship going up to join the the

1168

00:49:30,290 --> 00:49:28,200

um what is it Delta shaped

1169

00:49:32,690 --> 00:49:30,300

um Delta shaped Mothership oh that would

1170

00:49:35,410 --> 00:49:32,700

have been would have been so cool to um

1171

00:49:40,190 --> 00:49:35,420

to be able to be able to see that

1172

00:49:43,130 --> 00:49:40,200

the September and October 1972 issue

1173

00:49:46,130 --> 00:49:43,140

um actually has some really interesting

1174

00:49:48,530 --> 00:49:46,140

stories that I think would be better in

1175

00:49:50,809 --> 00:49:48,540

a full episode but there is some

1176

00:49:53,650 --> 00:49:50,819

interesting stuff in here

1177

00:49:57,890 --> 00:49:53,660

um we had in the previous issue the

1178

00:50:00,109 --> 00:49:57,900

lengthy review of uh Dr heineck's book

1179

00:50:02,390 --> 00:50:00,119

um and there's uh there's a news blurb

1180

00:50:04,250 --> 00:50:02,400

about heinek's book the long-awaited

1181

00:50:06,470 --> 00:50:04,260

book by Dr jail and heineck is in its

1182

00:50:08,690 --> 00:50:06,480

second edition and selling well we urge

1183

00:50:11,089 --> 00:50:08,700

all apro members to obtain or at least

1184

00:50:12,410 --> 00:50:11,099

read a copy as it not only presents Dr

1185

00:50:14,930 --> 00:50:12,420

heineck's version of the Air Force

1186

00:50:16,730 --> 00:50:14,940

involvement in UFO studies but defines

1187

00:50:19,430 --> 00:50:16,740

and discusses his whole the whole UFO

1188

00:50:22,790 --> 00:50:19,440

question and proposes methods of

1189

00:50:25,010 --> 00:50:22,800

investigation and study

1190

00:50:26,870 --> 00:50:25,020

um and it goes on to sort of sort of you

1191

00:50:30,050 --> 00:50:26,880

know have some blurbs from various

1192

00:50:31,970 --> 00:50:30,060

reviews it's it's very interesting that

1193

00:50:33,770 --> 00:50:31,980

uh that it's not that's not the right

1194

00:50:36,589 --> 00:50:33,780

word it's very cool that we're sort of

1195

00:50:38,450 --> 00:50:36,599

here as Dr heinek's book which I think

1196

00:50:41,089 --> 00:50:38,460

most of us who've been into this for a

1197

00:50:42,710 --> 00:50:41,099

long time have encountered in one way or

1198

00:50:46,010 --> 00:50:42,720

another to sort of see it when it was

1199

00:50:47,630 --> 00:50:46,020

new and and very exciting to people but

1200

00:50:50,690 --> 00:50:47,640

there are some cases in here that are

1201
00:50:52,670 --> 00:50:50,700
pretty interesting but really I don't

1202
00:50:54,890 --> 00:50:52,680
know I the more I read them the more I

1203
00:50:57,130 --> 00:50:54,900
was like oh I kind of would rather work

1204
00:50:59,750 --> 00:50:57,140
that into a different episode about

1205
00:51:04,130 --> 00:50:59,760
sightings of that particular

1206
00:51:07,670 --> 00:51:04,140
type so instead of the 1962 occupants

1207
00:51:10,069 --> 00:51:07,680
case it talks about or the um South

1208
00:51:13,549 --> 00:51:10,079
Africa flap we do need to do a South

1209
00:51:16,730 --> 00:51:13,559
Africa episode or discs over Brazil

1210
00:51:19,670 --> 00:51:16,740
I'm going to share with you a an article

1211
00:51:24,770 --> 00:51:19,680
that has the the Intriguing headline who

1212
00:51:30,109 --> 00:51:27,650
at approximately 2 30 a.m on August 25th

1213
00:51:32,390 --> 00:51:30,119

1972 a young man who identified himself

1214

00:51:35,270 --> 00:51:32,400

as Steve Cleveland a carnival worker of

1215

00:51:38,089 --> 00:51:35,280

Eau Claire Wisconsin called WLS radio in

1216

00:51:39,950 --> 00:51:38,099

Chicago Illinois and talked to Gil gross

1217

00:51:41,630 --> 00:51:39,960

Cleveland claimed he was sitting on his

1218

00:51:43,490 --> 00:51:41,640

suitcase outside of Fort Atkinson

1219

00:51:45,470 --> 00:51:43,500

Wisconsin hoping to hitch a ride North

1220

00:51:47,210 --> 00:51:45,480

to Eau Claire the essence of his story

1221

00:51:49,370 --> 00:51:47,220

was that a huge ship came down in the

1222

00:51:52,010 --> 00:51:49,380

adjacent field two beings about five

1223

00:51:53,630 --> 00:51:52,020

feet tall got out took soil samples got

1224

00:51:55,430 --> 00:51:53,640

back into the ship and then lifted off

1225

00:51:58,130 --> 00:51:55,440

he claimed that he watched the object

1226
00:52:00,049 --> 00:51:58,140
for 15 minutes apro has been attempting

1227
00:52:02,089 --> 00:52:00,059
to find this Mr Cleveland if he does

1228
00:52:03,770 --> 00:52:02,099
exist there is the possibility that

1229
00:52:06,170 --> 00:52:03,780
someone heard of the falter stack case

1230
00:52:07,790 --> 00:52:06,180
and decided to pull a little hoax the

1231
00:52:10,130 --> 00:52:07,800
only Cleveland listing in the Eau Claire

1232
00:52:12,290 --> 00:52:10,140
area is not an assigned number so he ran

1233
00:52:13,970 --> 00:52:12,300
into a dead end there inquiries in the

1234
00:52:16,609 --> 00:52:13,980
area were made to schools and colleges

1235
00:52:18,770 --> 00:52:16,619
but with no results it is possible that

1236
00:52:20,569 --> 00:52:18,780
if Steve Cleveland exists at all he may

1237
00:52:22,609 --> 00:52:20,579
be a young man who moves around from

1238
00:52:24,890 --> 00:52:22,619

time to time that Eau Claire may be

1239

00:52:26,750 --> 00:52:24,900

where he originated any member who has

1240

00:52:28,910 --> 00:52:26,760

any idea of how to locate Mr Cleveland

1241

00:52:30,890 --> 00:52:28,920

should get in touch with headquarters as

1242

00:52:32,809 --> 00:52:30,900

soon as possible although only a

1243

00:52:35,030 --> 00:52:32,819

one-witness case the details indicate

1244

00:52:38,569 --> 00:52:35,040

that a thorough investigation should be

1245

00:52:43,250 --> 00:52:41,329

oh please don't fall for this please

1246

00:52:45,170 --> 00:52:43,260

don't fall for this akarni calling

1247

00:52:47,990 --> 00:52:45,180

himself Steve Cleveland

1248

00:52:49,309 --> 00:52:48,000

said all this stuff on a radio show in

1249

00:52:52,430 --> 00:52:49,319

Chicago

1250

00:52:54,230 --> 00:52:52,440

no no I don't think this is going to go

1251

00:52:57,170 --> 00:52:54,240

anywhere but I do love the sort of Hail

1252

00:52:59,170 --> 00:52:57,180

Mary sort of move of of saying if any of

1253

00:53:02,329 --> 00:52:59,180

you out there know Steve Cleveland

1254

00:53:03,770 --> 00:53:02,339

please get in touch I just think that's

1255

00:53:07,250 --> 00:53:03,780

that's kind of

1256

00:53:09,829 --> 00:53:07,260

I don't know folksy is it foxy I don't

1257

00:53:12,589 --> 00:53:09,839

know I that's the thing about apro

1258

00:53:16,069 --> 00:53:12,599

um it just seems like a very

1259

00:53:18,829 --> 00:53:16,079

cozy operation and I know that that from

1260

00:53:22,490 --> 00:53:18,839

things I've read uh particularly

1261

00:53:25,370 --> 00:53:22,500

um Jim Mosley's Memoir Coral Laurens and

1262

00:53:29,329 --> 00:53:25,380

was not a cozy person she could be a bit

1263

00:53:32,150 --> 00:53:29,339

a bit bit flinty and and sharp and a bit

1264

00:53:35,690 --> 00:53:32,160

um a very much

1265

00:53:38,030 --> 00:53:35,700

um insisting upon herself but

1266

00:53:40,490 --> 00:53:38,040

um she was a woman in the UFO field in

1267

00:53:41,569 --> 00:53:40,500

the 50s and 60s and 70s you you've got a

1268

00:53:45,230 --> 00:53:41,579

sort of

1269

00:53:47,329 --> 00:53:45,240

around if you want to uh if you want to

1270

00:53:51,170 --> 00:53:47,339

be be part of that part of that scene

1271

00:53:53,690 --> 00:53:51,180

and um I let's look we're there at the

1272

00:53:58,130 --> 00:53:53,700

end so let's look at the November and

1273

00:54:00,349 --> 00:53:58,140

December 1972 issue of the apro bulletin

1274

00:54:03,650 --> 00:54:00,359

the big headline on the front page

1275

00:54:06,849 --> 00:54:03,660

incident at Nogales Arizona was the

1276
00:54:10,309 --> 00:54:06,859
early morning hours of August 20th 1972

1277
00:54:14,510 --> 00:54:10,319
and a local school teacher encountered

1278
00:54:18,349 --> 00:54:16,609
this is Helen Sutherland a teacher in

1279
00:54:20,450 --> 00:54:18,359
the public school system at Nogales was

1280
00:54:22,910 --> 00:54:20,460
awakened by an unearthly howl from her

1281
00:54:25,609 --> 00:54:22,920
white samoyed dog who was outside the

1282
00:54:27,710 --> 00:54:25,619
house in the back patio she laid in bed

1283
00:54:29,630 --> 00:54:27,720
watching a strange bluish silver light

1284
00:54:32,089 --> 00:54:29,640
which illuminated the curtains of the

1285
00:54:33,530 --> 00:54:32,099
bedroom window the dog continued to howl

1286
00:54:35,809 --> 00:54:33,540
so she went outside to see what was

1287
00:54:38,150 --> 00:54:35,819
wrong going through the kitchen she

1288
00:54:39,890 --> 00:54:38,160

reached the side door stepped out and

1289

00:54:41,809 --> 00:54:39,900

was immediately aware of a peculiar

1290

00:54:43,670 --> 00:54:41,819

droning sound which sounded as though it

1291

00:54:46,010 --> 00:54:43,680

came from above and from some distance

1292

00:54:47,990 --> 00:54:46,020

when she looked up into the sky she saw

1293

00:54:49,790 --> 00:54:48,000

an oval-shaped light source which

1294

00:54:52,069 --> 00:54:49,800

appeared to be the source of a cone of

1295

00:54:54,170 --> 00:54:52,079

bluish silvery light which bathed the

1296

00:54:56,089 --> 00:54:54,180

main section of the city she described

1297

00:54:58,549 --> 00:54:56,099

it as being like a flashlight shining

1298

00:55:00,829 --> 00:54:58,559

down on the ground it kept flashing off

1299

00:55:02,750 --> 00:55:00,839

and on and the light from it gave cars

1300

00:55:04,970 --> 00:55:02,760

and tops of houses a sort of iridescent

1301
00:55:07,370 --> 00:55:04,980
glow as if they were themselves giving

1302
00:55:09,349 --> 00:55:07,380
off the light this Sutherland estimated

1303
00:55:11,210 --> 00:55:09,359
that the light flashed on and off eight

1304
00:55:13,670 --> 00:55:11,220
to ten times and that she watched it for

1305
00:55:15,410 --> 00:55:13,680
approximately 30 minutes her dog had

1306
00:55:16,970 --> 00:55:15,420
quieted down when she came out and she

1307
00:55:19,069 --> 00:55:16,980
was able to observe it closely for that

1308
00:55:21,170 --> 00:55:19,079
period of time although she cannot

1309
00:55:23,270 --> 00:55:21,180
pinpoint the exact time she said that

1310
00:55:25,430 --> 00:55:23,280
the kitchen clock read 2 30 at one time

1311
00:55:27,290 --> 00:55:25,440
when she glanced at it but does not know

1312
00:55:29,630 --> 00:55:27,300
if it was when she came out of the house

1313
00:55:31,250 --> 00:55:29,640

or when she re-entered it after the

1314

00:55:33,650 --> 00:55:31,260

30-minute observation the lights at

1315

00:55:37,370 --> 00:55:33,660

Nogales suddenly went out and Sutherland

1316

00:55:43,490 --> 00:55:39,950

there were other witnesses as well Marco

1317

00:55:47,089 --> 00:55:43,500

Flores was a 22 year old nightclub owner

1318

00:55:49,370 --> 00:55:47,099

and he was called the house and seller a

1319

00:55:52,490 --> 00:55:49,380

nightclub for young people in Nogales

1320

00:55:56,089 --> 00:55:52,500

and he heard a strange humming sound and

1321

00:55:59,510 --> 00:55:56,099

saw a lighted area a quarter mile in

1322

00:56:01,970 --> 00:55:59,520

diameter there was another story

1323

00:56:03,410 --> 00:56:01,980

um or another another witness John

1324

00:56:08,150 --> 00:56:03,420

Gleason an employee of the telephone

1325

00:56:10,010 --> 00:56:08,160

company saw a ball of fire and Consuelo

1326

00:56:13,130 --> 00:56:10,020

Corrales Secretary of Sacred Heart

1327

00:56:14,270 --> 00:56:13,140

Parish Nogales was another witness she

1328

00:56:16,430 --> 00:56:14,280

said that her husband saw something

1329

00:56:17,870 --> 00:56:16,440

flashing and woke her up they looked out

1330

00:56:19,430 --> 00:56:17,880

their bedroom window and there was a

1331

00:56:21,770 --> 00:56:19,440

silver color which she said was a silver

1332

00:56:23,930 --> 00:56:21,780

colored rainbow or Halo of light

1333

00:56:25,790 --> 00:56:23,940

directly east and quite close to their

1334

00:56:29,049 --> 00:56:25,800

house which lit up the surrounding

1335

00:56:32,410 --> 00:56:29,059

terrain so there are a number of

1336

00:56:35,510 --> 00:56:32,420

witnesses to uh to this uh to this

1337

00:56:36,470 --> 00:56:35,520

adventure that's not the right word but

1338

00:56:38,990 --> 00:56:36,480

um there had been a power plant

1339

00:56:40,670 --> 00:56:39,000

explosion close to the time the object

1340

00:56:43,370 --> 00:56:40,680

was seen

1341

00:56:46,430 --> 00:56:43,380

um the the lorensens examine that

1342

00:56:49,490 --> 00:56:46,440

possibility that um that there had been

1343

00:56:51,049 --> 00:56:49,500

some effect from the power plant

1344

00:56:53,450 --> 00:56:51,059

explosion

1345

00:56:55,130 --> 00:56:53,460

um one of the plant managers at uh there

1346

00:56:57,290 --> 00:56:55,140

at the power plant said that there were

1347

00:56:59,089 --> 00:56:57,300

helicopters around and so people might

1348

00:57:01,190 --> 00:56:59,099

have seen the helicopters that were

1349

00:57:02,210 --> 00:57:01,200

lighting the ground around the explosion

1350

00:57:03,290 --> 00:57:02,220

and fire

1351

00:57:05,569 --> 00:57:03,300

um they might have seen some

1352

00:57:07,670 --> 00:57:05,579

conversation of those things

1353

00:57:08,930 --> 00:57:07,680

um I think it's likely that that some

1354

00:57:10,270 --> 00:57:08,940

kind of

1355

00:57:13,790 --> 00:57:10,280

um

1356

00:57:15,349 --> 00:57:13,800

some kind of thing is is is connected to

1357

00:57:18,589 --> 00:57:15,359

the power failure the Laurens don't

1358

00:57:20,329 --> 00:57:18,599

think so but I mean what do I know I

1359

00:57:21,770 --> 00:57:20,339

wasn't there but uh it's it's

1360

00:57:24,230 --> 00:57:21,780

interesting it's it's a it's a good

1361

00:57:27,349 --> 00:57:24,240

story and again multiple um multiple

1362

00:57:29,270 --> 00:57:27,359

Witnesses in uh in in this case again

1363

00:57:31,670 --> 00:57:29,280

this is an issue that spends a lot of

1364

00:57:33,589 --> 00:57:31,680

time probably about a third of its um of

1365

00:57:36,530 --> 00:57:33,599

its coverage on

1366

00:57:39,109 --> 00:57:36,540

um on a book review in this case UFOs a

1367

00:57:40,730 --> 00:57:39,119

scientific debate by Carl Sagan and

1368

00:57:42,049 --> 00:57:40,740

Thornton page from Cornell University

1369

00:57:45,170 --> 00:57:42,059

press

1370

00:57:46,010 --> 00:57:45,180

um that's another sort of uh sort of

1371

00:57:48,530 --> 00:57:46,020

classic

1372

00:57:50,930 --> 00:57:48,540

um and uh the um the best line for the

1373

00:57:53,870 --> 00:57:50,940

review is with few exceptions the book

1374

00:57:55,730 --> 00:57:53,880

is most readable that's really with my

1375

00:57:57,410 --> 00:57:55,740

books all I really hope is that that

1376

00:58:00,589 --> 00:57:57,420

somebody says you know what this was

1377

00:58:04,670 --> 00:58:00,599

this was able to be read uh this was

1378

00:58:08,870 --> 00:58:04,680

very readable so that's kind of a trip

1379

00:58:12,109 --> 00:58:08,880

through 1972 in UFO land at least

1380

00:58:13,190 --> 00:58:12,119

Through The Eyes of the apro the April

1381

00:58:15,049 --> 00:58:13,200

Bulletin

1382

00:58:17,089 --> 00:58:15,059

and what I think sort of jumps out at me

1383

00:58:19,010 --> 00:58:17,099

about this and this was again a whole

1384

00:58:20,809 --> 00:58:19,020

year of newsletters is there were some

1385

00:58:23,150 --> 00:58:20,819

interesting cases

1386

00:58:25,309 --> 00:58:23,160

um not always ones that we have heard of

1387

00:58:27,170 --> 00:58:25,319

and not ones that that you can really do

1388

00:58:29,210 --> 00:58:27,180

much with this is an interesting story

1389

00:58:30,770 --> 00:58:29,220

we don't know what happened we don't

1390

00:58:33,170 --> 00:58:30,780

really have a way to go back and find

1391

00:58:34,849 --> 00:58:33,180

more information but here it is put it

1392

00:58:37,549 --> 00:58:34,859

in the computer put it in the filing

1393

00:58:40,849 --> 00:58:37,559

cabinet we will cross-reference it

1394

00:58:44,210 --> 00:58:40,859

um at an appropriate time if we uh if we

1395

00:58:46,609 --> 00:58:44,220

can or or if we uh if we have to

1396

00:58:47,750 --> 00:58:46,619

um and uh I think one thing another

1397

00:58:51,349 --> 00:58:47,760

thing that's interesting about about

1398

00:58:53,750 --> 00:58:51,359

this year is I think I mean maybe I'm

1399

00:58:56,089 --> 00:58:53,760

not uh not picking up on something but

1400

00:58:58,609 --> 00:58:56,099

it seems almost like the biggest story

1401

00:59:08,270 --> 00:58:58,619

was

1402

00:59:09,410 --> 00:59:08,280

on the board of this this Inquirer award

1403

00:59:11,750 --> 00:59:09,420

thing

1404

00:59:13,130 --> 00:59:11,760

um and heinek was no longer doing the

1405

00:59:16,190 --> 00:59:13,140

doing the Air Force Consulting for blue

1406

00:59:18,109 --> 00:59:16,200

book because Blue Book was gone by 72 we

1407

00:59:21,289 --> 00:59:18,119

are we are well and truly a couple years

1408

00:59:23,990 --> 00:59:21,299

into the sort of wilderness years for

1409

00:59:27,109 --> 00:59:24,000

ufology in the 1970s and early 1980s

1410

00:59:29,690 --> 00:59:27,119

that period after sort of the the Air

1411

00:59:31,730 --> 00:59:29,700

Force investigation debunking

1412

00:59:34,849 --> 00:59:31,740

with blue book that era comes to an end

1413

00:59:37,849 --> 00:59:34,859

with uh with with the um

1414

00:59:40,730 --> 00:59:37,859

the the Condon sorry the condom

1415

00:59:42,849 --> 00:59:40,740

committee report and then um you've got

1416

00:59:45,109 --> 00:59:42,859

this and things pick up again

1417

00:59:47,890 --> 00:59:45,119

unfortunately in the 80s when you've got

1418

00:59:51,170 --> 00:59:47,900

mj-12 and Roswell and the abduction

1419

00:59:53,450 --> 00:59:51,180

phenomenon sort of becoming in quotes

1420

00:59:56,870 --> 00:59:53,460

the abduction phenomenon that we all

1421

00:59:58,910 --> 00:59:56,880

sort of know and love or loathe as the

1422

01:00:01,510 --> 00:59:58,920

case may be but during the 1970s you've

1423

01:00:04,309 --> 01:00:01,520

got interesting cases you've got

1424

01:00:06,470 --> 01:00:04,319

interesting sightings of strange things

1425

01:00:08,870 --> 01:00:06,480

that don't match things that came before

1426

01:00:11,630 --> 01:00:08,880

or really things that came after this is

1427

01:00:12,829 --> 01:00:11,640

the decade of the humanoids as not just

1428

01:00:14,870 --> 01:00:12,839

the year of the humanoids it's the

1429

01:00:17,569 --> 01:00:14,880

decade of the humanoids in a lot of ways

1430

01:00:20,270 --> 01:00:17,579

this is where we get Pascagoula which

1431

01:00:23,289 --> 01:00:20,280

I know it's an abduction sort of thing

1432

01:00:26,390 --> 01:00:23,299

but it's also kind of a weird humanoid

1433

01:00:29,349 --> 01:00:26,400

occupant case as well

1434

01:00:32,510 --> 01:00:29,359

um we've got uh we've got the diamond

1435

01:00:37,730 --> 01:00:32,520

faceted-faced creatures in Australia it

1436

01:00:39,710 --> 01:00:37,740

is a very interesting time and uh it's

1437

01:00:42,890 --> 01:00:39,720

it's I think really one of the most

1438

01:00:46,069 --> 01:00:42,900

low-key fascinating periods of ufology

1439

01:00:47,930 --> 01:00:46,079

the 1970s because you've you've got sort

1440

01:00:49,789 --> 01:00:47,940

of the Air Force out of the way things

1441

01:00:51,829 --> 01:00:49,799

are getting a little bit weird you've

1442

01:00:53,450 --> 01:00:51,839

got Jacque Valley writing more books

1443

01:00:55,730 --> 01:00:53,460

you've got

1444

01:00:58,430 --> 01:00:55,740

um a wider variety of cases than you've

1445

01:01:01,849 --> 01:00:58,440

seen before but

1446

01:01:05,270 --> 01:01:01,859

um not uh not not

1447

01:01:07,549 --> 01:01:05,280

easily debunkable sort of contactee

1448

01:01:10,970 --> 01:01:07,559

style things you've got genuine

1449

01:01:12,770 --> 01:01:10,980

weirdness and some Cults of course and

1450

01:01:15,950 --> 01:01:12,780

you've gotten search of with Leonard

1451
01:01:18,710 --> 01:01:15,960

going through uh the Opera bulletin for

1453
01:01:24,589 --> 01:01:21,180
1972 gives us a

1454
01:01:32,990 --> 01:01:24,599
good idea of what uh what that decade

1455
01:01:37,910 --> 01:01:36,349

1456
01:01:39,470 --> 01:01:37,920

the 30th anniversary of chiso media

1466

01:02:13,549 --> 01:02:10,440

which was formerly chiso records and it

1467

01:02:17,390 --> 01:02:13,559

1468

01:02:21,049 --> 01:02:17,400

reflect on 30 years of

really weird stuff in high school and

1471

01:02:29,150 --> 01:02:25,020
