

1

00:00:00,000 --> 00:00:28,800

When she was born, she was never christened, never blessed.

2

00:00:28,800 --> 00:00:34,800

The seership was unsinkable, was flying the face of God.

3

00:00:34,800 --> 00:00:38,800

When she died, the world warned her passing.

4

00:00:38,800 --> 00:00:47,800

You can imagine what it was with these women who knew then that their husbands had gone down to ship.

5

00:00:47,800 --> 00:00:56,800

She symbolized it here. When she passed on, our world would never be the same.

6

00:00:56,800 --> 00:00:58,800

She was the Titanic.

7

00:01:06,800 --> 00:01:18,800

Beyond what is known was an unexplored world of shadows and phantoms.

8

00:01:18,800 --> 00:01:27,800

A land that knows no lengths of time or space.

9

00:01:27,800 --> 00:01:38,800

From the dawn of discovery to the nightfall of catastrophe.

10

00:01:38,800 --> 00:01:50,800

A journey to a universe of the unexplained. The unforeseen. The unbelievable.

11

00:01:50,800 --> 00:01:56,800

A place where myth and legend are long, superstition assigns.

12

00:01:56,800 --> 00:02:02,800

A place beyond reality where no question will go unanswered.

13

00:02:20,800 --> 00:02:22,800

Time for our journey to begin.

14

00:02:26,800 --> 00:02:31,800

The Titanic.

15

00:02:38,800 --> 00:02:46,800

We must find out what happened on that night so long ago. And this is our window into the past.

16

00:02:48,800 --> 00:02:54,800

News of the world! Not just big, not just huge, why it's Titanic!

17

00:02:54,800 --> 00:02:59,800

Yes, this week in Southampton, England, Harrods greeted the new pride of the Atlantic.

18

00:02:59,800 --> 00:03:04,800

The white starlight's brand new super ship, the Titanic.

19

00:03:04,800 --> 00:03:09,800

Under construction for the last two years, this great ship is filled with the best money can buy.

20

00:03:09,800 --> 00:03:12,800

And believe us, it bought a lot.

21

00:03:12,800 --> 00:03:20,800

Every state room is filled with the riches of old Europe and the Titanic is justifiably called a floating palace.

22

00:03:20,800 --> 00:03:32,800

But you need to have the riches of a king to afford a deluxe ticket, because white star owner Bruce Ismay expects and gets over \$5,000 for a one-way ticket.

23

00:03:32,800 --> 00:03:35,800

But wait, what have we here?

24

00:03:35,800 --> 00:03:41,800

Like, getting on board in Queenstown, Ireland, it's a humble child of the sod, young Lily Goodwood.

25

00:03:41,800 --> 00:03:45,800

Well, surely you aren't paying that king's ransom for a ticket?

26

00:03:45,800 --> 00:03:51,800

Yes, this young lass is going to America too. Talk about the luck of the Irish.

27

00:03:51,800 --> 00:03:59,800

She and her five brothers and sisters can't wait to get aboard this super liner, a true Titanic of a ship.

28

00:03:59,800 --> 00:04:03,800

Bigger than the Washington Monument, but a lot more sea-worthy.

29

00:04:03,800 --> 00:04:07,800

Bon voyage, Titanic! See you in New York!

30

00:04:08,800 --> 00:04:14,800

If only Lily and her family had read this book, perhaps they would have reconsidered taking that voyage.

31

00:04:14,800 --> 00:04:22,800

Written 14 years earlier, this novel detailed with astonishing accuracy the maiden voyage of the Titan,

32

00:04:22,800 --> 00:04:30,800

a huge passenger liner that struck an iceberg in the North Atlantic, sinking with a great loss of life.

33

00:04:30,800 --> 00:04:37,800

In some ways, this prophecy turns the Titanic into a classic tragedy.

34

00:04:41,800 --> 00:04:44,800

But the end was ordained before the beginning.

35

00:04:47,800 --> 00:04:56,800

Designed to be the last word in luxury, the Titanic was incredible in every way, 880 feet from Barhasdern.

36

00:04:56,800 --> 00:05:02,800

She left on her maiden voyage on the 10th of April, 1912, and there were many photographs taken upon the departure,

37

00:05:02,800 --> 00:05:11,800

including these unique glimpses of the doomship and passengers, taken by a clergyman who disembarked at his ship's last stop in Ireland.

38

00:05:11,800 --> 00:05:31,800

Her captain, E.J. Smith, was considered the finest in all the Atlantic, and this was to have been his last voyage before retirement after an unblemished career.

39

00:05:32,800 --> 00:05:41,800

After leaving Ireland, four days passed uneventfully, passengers relaxed to explore the brand new ship.

40

00:05:41,800 --> 00:05:49,800

Sunday the 14th was a day of rest, and even Captain Smith took the day off, forgoing his usual inspection of the ship.

41

00:05:49,800 --> 00:05:56,800

We know that the Titanic was told of ice ahead, and her wireless room reverberated with incoming warnings,

42

00:05:56,800 --> 00:06:01,800

but she ignored those messages and sped toward the ice field at full speed.

43

00:06:09,800 --> 00:06:13,800

The lookout cried out a warning, but it was too late.

44

00:06:13,800 --> 00:06:19,800

With a horrible grinding, the great ship struck the berg, and immediately came to a silent stop.

45

00:06:19,800 --> 00:06:22,800

The Titanic had less than two hours to live.

46

00:06:23,800 --> 00:06:26,800

Captain Smith knew the unthinkable had occurred.

47

00:06:26,800 --> 00:06:28,800

His ship was doomed.

48

00:06:28,800 --> 00:06:31,800

It was time to abandon her, but with what?

49

00:06:31,800 --> 00:06:35,800

There were really enough lifeboats for a third of her passengers, and Smith knew it.

50

00:06:35,800 --> 00:06:40,800

Women and children first, as the cry slowly and the evacuation began.

51

00:06:40,800 --> 00:06:49,800

The first and second classes became priority on the lifeboat, and amazingly enough, many of the pitifully few boats left half empty.

52

00:06:50,800 --> 00:06:52,800

The end, truly, there.

53

00:06:54,800 --> 00:06:59,800

During this agonizing period, the Titanic frantically called for help.

54

00:06:59,800 --> 00:07:01,800

In vain.

55

00:07:01,800 --> 00:07:07,800

For even though the lights at two other nearby vessels were spotted, no rescue came.

56

00:07:08,800 --> 00:07:14,800

Many of the poor immigrants in the third class were trapped below, in some cases by gun-wielding crew members.

57

00:07:14,800 --> 00:07:18,800

And soon, everyone left on board knew the worst.

58

00:07:18,800 --> 00:07:22,800

The Titanic and all aboard her were doomed.

59

00:07:22,800 --> 00:07:30,800

The ships spanned to gather together on the top deck and played ragtime dance tunes, and then as the water rushed to meet them, him and Smith.

60

00:07:30,800 --> 00:07:36,800

Finally, at 2.20am, she stood on end, and vanished.

61

00:07:36,800 --> 00:07:39,800

There were only 795 survivors.

62

00:07:39,800 --> 00:07:43,800

The events of that Sunday night have become legend.

63

00:07:44,800 --> 00:07:52,800

Now we must go back and walk the decks of the Titanic ourselves, and meet the men and women who went with her into oblivion.

64

00:07:54,800 --> 00:07:59,800

The only voyage of the Titanic was surrounded by bad luck that defies belief.

65

00:07:59,800 --> 00:08:02,800

Everything that could go wrong did go wrong.

66

00:08:02,800 --> 00:08:05,800

It was as if she was cursed.

67

00:08:05,800 --> 00:08:10,800

A cursed some say began when she was launched, but not cursed.

68

00:08:10,800 --> 00:08:16,800

It is now April 12th, 1912. The Titanic has less than 8 hours to live.

69

00:08:20,800 --> 00:08:28,800

I must say, this voyage has exceeded all expectations, and if we keep up this speed, we'll be in New York by Wednesday.

70

00:08:28,800 --> 00:08:32,800

It almost seems a shame to arrive so soon.

71

00:08:33,800 --> 00:08:36,800

What an exciting time we've had.

72

00:08:36,800 --> 00:08:40,800

Only my mum would join us, but she won't come out to the cabin.

73

00:08:40,800 --> 00:08:44,800

You see, there were spokes who got bad feelings and left right before we sailed.

74

00:08:44,800 --> 00:08:48,800

Now mum's scared, she's thinking this ship could seek.

75

00:08:49,800 --> 00:08:51,800

This ship?

76

00:08:51,800 --> 00:08:54,800

I hear they have solar gold faucets above decks.

77

00:08:54,800 --> 00:08:58,800

Oh, I wish they'd let me just take one look.

78

00:08:59,800 --> 00:09:03,800

If you ask me, this whole trip's been marked.

79

00:09:03,800 --> 00:09:06,800

They got a coal fire down below they can't pull it out.

80

00:09:06,800 --> 00:09:09,800

We're nearly hit in New York and we left empty.

81

00:09:09,800 --> 00:09:12,800

Everything is new and not working proper.

82

00:09:12,800 --> 00:09:15,800

Oh, yeah, this is perfect.

83

00:09:15,800 --> 00:09:18,800

They didn't give me no binoculars.

84

00:09:18,800 --> 00:09:20,800

None of the lookouts ever.

85

00:09:20,800 --> 00:09:21,800

Imagine that.

86

00:09:21,800 --> 00:09:23,800

What do they want me to do up there?

87

00:09:23,800 --> 00:09:25,800

Sleep.

88

00:09:29,800 --> 00:09:33,800

The Titanic hit the iceberg at a speed in excess of 22 knots

89

00:09:33,800 --> 00:09:36,800

and even the angle of collision was unlucky.

90

00:09:44,800 --> 00:09:48,800

And you turned 10 seconds earlier, she would have missed the iceberg entirely.

91

00:09:48,800 --> 00:09:50,800

But you turned 10 seconds later,

92

00:09:50,800 --> 00:09:54,800

she would have collided dead on a survivable catastrophe.

93

00:09:54,800 --> 00:09:57,800

But she's tracking the worst imaginable fashion

94

00:09:57,800 --> 00:09:59,800

in such a way that six bulkheads burst,

95

00:09:59,800 --> 00:10:02,800

dooming 1,500 innocent people.

96

00:10:10,800 --> 00:10:12,800

I warned them just as soon as I seen it.

97

00:10:12,800 --> 00:10:13,800

I swear I did.

98

00:10:13,800 --> 00:10:15,800

But there was no waves, sort of,

99

00:10:15,800 --> 00:10:17,800

burgh, no water line.

100

00:10:17,800 --> 00:10:21,800

And it must have just turned over because it was dark blue.

101

00:10:22,800 --> 00:10:24,800

And it weren't no moon.

102

00:10:24,800 --> 00:10:26,800

Everything was pitch black.

103

00:10:26,800 --> 00:10:28,800

Nobody could have seen it in time.

104

00:10:28,800 --> 00:10:29,800

Nobody!

105

00:10:31,800 --> 00:10:33,800

Well, of course, I didn't get into the life though

106

00:10:33,800 --> 00:10:35,800

to head in any women and children.

107

00:10:35,800 --> 00:10:39,800

Everything was moving as smoothly as could be expected.

108

00:10:39,800 --> 00:10:42,800

While Wallace and his band were playing,

109

00:10:42,800 --> 00:10:45,800

keeping spirits high and dry,

110

00:10:45,800 --> 00:10:48,800

everybody waited their turn.

111

00:10:48,800 --> 00:10:51,800

There was absolutely no panic.

112

00:11:00,800 --> 00:11:03,800

We saw the life was going down into the water,

113

00:11:03,800 --> 00:11:05,800

and they won't tell us why.

114

00:11:06,800 --> 00:11:08,800

And they won't let us upstairs.

115

00:11:08,800 --> 00:11:11,800

Dad and Mikey went to go see what they could do.

116

00:11:11,800 --> 00:11:13,800

But they haven't come back yet.

117

00:11:13,800 --> 00:11:15,800

Should we keep waiting?

118

00:11:15,800 --> 00:11:17,800

We don't know what to do.

119

00:11:18,800 --> 00:11:20,800

We don't know what to do.

120

00:11:36,800 --> 00:11:38,800

It was horrible.

121

00:11:38,800 --> 00:11:40,800

Bloody awful.

122

00:11:42,800 --> 00:11:45,800

This one, Jen, jumped off the bridge,

123

00:11:45,800 --> 00:11:48,800

and then it's back on some deck chairs.

124

00:11:48,800 --> 00:11:51,800

Poor Blighter never had a chance.

125

00:11:57,800 --> 00:11:59,800

She was all blue top.

126

00:11:59,800 --> 00:12:03,800

And even though our boat had moved some distance away,

127

00:12:03,800 --> 00:12:05,800

she was magnificent.

128

00:12:06,800 --> 00:12:09,800

You could see the light still on underwater.

129

00:12:12,800 --> 00:12:14,800

There was water.

130

00:12:15,800 --> 00:12:18,800

There was freeze and water up to our ankles.

131

00:12:18,800 --> 00:12:23,800

We tried to climb upstairs, but then the water came spilling down.

132

00:12:23,800 --> 00:12:26,800

It was coming at us from above and below.

133

00:12:29,800 --> 00:12:32,800

She pointed straight up in the air.

134

00:12:32,800 --> 00:12:36,800

The boilers came loose with a terrible roar.

135

00:12:37,800 --> 00:12:40,800

Me, I was in boat six,

136

00:12:41,800 --> 00:12:44,800

and all around us in the water.

137

00:12:45,800 --> 00:12:47,800

I never heard such awful sounds.

138

00:12:48,800 --> 00:12:50,800

Screams.

139

00:12:51,800 --> 00:12:53,800

Prows.

140

00:12:53,800 --> 00:12:55,800

And...

141

00:12:55,800 --> 00:12:57,800

And choking.

142

00:12:58,800 --> 00:13:01,800

It took a long time for someone in to be still.

143

00:13:04,800 --> 00:13:07,800

I don't remember much else, really.

144

00:13:08,800 --> 00:13:10,800

It just got so cold.

145

00:13:11,800 --> 00:13:13,800

So cold.

146

00:13:16,800 --> 00:13:20,800

Lily Goodwin and 1522 others perished that night,

147

00:13:20,800 --> 00:13:23,800

and a few wished they had.

148

00:13:23,800 --> 00:13:28,800

Bruces May died in disgrace 25 years later under a cloud of suspicion,

149

00:13:28,800 --> 00:13:31,800

because he had lived while so many had died.

150

00:13:32,800 --> 00:13:36,800

Frederick Fleet took his own life almost 50 years later,

151

00:13:36,800 --> 00:13:39,800

perhaps the last victim of that April night.

152

00:13:40,800 --> 00:13:42,800

But some did live.

153

00:13:42,800 --> 00:13:45,800

A handful of those survivors are alive today,

154

00:13:45,800 --> 00:13:49,800

and they remember what it was like on that terrible night.

155

00:13:52,800 --> 00:13:54,800

They were little girls then.

156

00:13:54,800 --> 00:13:57,800

They were on the Titanic that night,

157

00:13:57,800 --> 00:14:00,800

and they lived to remember.

158

00:14:00,800 --> 00:14:04,800

Well, my mother had a premonition,

159

00:14:04,800 --> 00:14:07,800

and she never went to bed in that ship at night at all.

160

00:14:07,800 --> 00:14:09,800

She sat up every night,

161

00:14:09,800 --> 00:14:13,800

and he says, Madam, you don't have to be afraid of anything.

162

00:14:13,800 --> 00:14:18,800

He says, you know that the Titanic has watertight compartments.

163

00:14:18,800 --> 00:14:21,800

And the only thing that she felt strongly about was

164

00:14:21,800 --> 00:14:24,800

that she said that the ship was unsinkable,

165

00:14:24,800 --> 00:14:27,800

which indeed was what was claimed.

166

00:14:27,800 --> 00:14:30,800

To say the ship was unsinkable was flying the face of God.

167

00:14:30,800 --> 00:14:33,800

The Titanic was going very fast.

168

00:14:33,800 --> 00:14:36,800

Very fast, and the vibration was terrible.

169

00:14:36,800 --> 00:14:41,800

What woke us up was the stopping of the ship.

170

00:14:41,800 --> 00:14:43,800

And my mother didn't say, ah,

171

00:14:43,800 --> 00:14:46,800

well, I told you something, she said nothing at all.

172

00:14:46,800 --> 00:14:48,800

She just stood there.

173

00:14:48,800 --> 00:14:50,800

He went out and he came back.

174

00:14:50,800 --> 00:14:52,800

He said, there's nothing much there,

175

00:14:52,800 --> 00:14:54,800

and he struck a nice bird.

176

00:14:54,800 --> 00:14:57,800

I think that was probably the last word to get in,

177

00:14:57,800 --> 00:15:00,800

because they lowered the boat right away.

178

00:15:00,800 --> 00:15:03,800

So as they proceeded to know that I had put my father,

179

00:15:03,800 --> 00:15:05,800

put my mother and I in,

180

00:15:05,800 --> 00:15:08,800

and made absolutely no attempt to get in himself.

181

00:15:08,800 --> 00:15:10,800

After we got in the lifeboat,

182

00:15:10,800 --> 00:15:13,800

he says, I'll see you in New York.

183

00:15:13,800 --> 00:15:15,800

Never saw him again.

184

00:15:15,800 --> 00:15:18,800

He went down with the boat.

185

00:15:21,800 --> 00:15:25,800

I'll never forget the terrible noise that the ship made

186

00:15:25,800 --> 00:15:27,800

when it was drawn down.

187

00:15:27,800 --> 00:15:31,800

Human beings screaming in the rush of water.

188

00:15:31,800 --> 00:15:33,800

It was horrible.

189

00:15:33,800 --> 00:15:35,800

The sounds of people drowning

190

00:15:35,800 --> 00:15:38,800

are something that I cannot describe to you,

191

00:15:38,800 --> 00:15:40,800

and I have never heard anyone else.

192

00:15:40,800 --> 00:15:42,800

It's the most dreadful sound.

193

00:15:42,800 --> 00:15:45,800

And there's a terrible silence that follows it.

194

00:15:45,800 --> 00:15:47,800

When the ship was no longer there,

195

00:15:47,800 --> 00:15:50,800

the lights had all gone, and the dark night was round us,

196

00:15:50,800 --> 00:15:53,800

and all these dreadful noises had gone.

197

00:15:53,800 --> 00:15:57,800

I was only seven, but I remember thinking

198

00:15:57,800 --> 00:16:00,800

that everything in the world was standing still.

199

00:16:01,800 --> 00:16:04,800

The Titanic still exists.

200

00:16:04,800 --> 00:16:07,800

In some ways, her story has not yet ended.

201

00:16:07,800 --> 00:16:10,800

Let's journey to her final resting place,

202

00:16:10,800 --> 00:16:13,800

12,000 feet below the North Atlantic.

203

00:16:16,800 --> 00:16:19,800

It is strangely peaceful where she lies,

204

00:16:19,800 --> 00:16:22,800

a rust and crusted tomb that remained hidden

205

00:16:22,800 --> 00:16:25,800

until its discovery in the fall of 1985

206

00:16:25,800 --> 00:16:29,800

in an expedition led by a scientist named Robert Ballard.

207

00:16:31,800 --> 00:16:33,800

All throughout the Titanic expedition,

208

00:16:33,800 --> 00:16:35,800

there were two individuals.

209

00:16:35,800 --> 00:16:38,800

There was the professional, and there was the human.

210

00:16:38,800 --> 00:16:41,800

And in most cases, the professional was very busy,

211

00:16:41,800 --> 00:16:43,800

and the human just had to sit and wait.

212

00:16:43,800 --> 00:16:46,800

But then there were moments, seeing it for the first time,

213

00:16:46,800 --> 00:16:48,800

through the Portola submarine,

214

00:16:48,800 --> 00:16:51,800

or landing on the deck for the first time,

215

00:16:51,800 --> 00:16:54,800

or all the different firsts that happened.

216

00:16:54,800 --> 00:16:58,800

The human would come through whenever he gave it a chance.

217

00:16:58,800 --> 00:17:01,800

And certain images, empty lifebook tablet,

218

00:17:01,800 --> 00:17:04,800

the doll's head, chandelier,

219

00:17:04,800 --> 00:17:08,800

going down the Grand Staircase, that was my dream.

220

00:17:08,800 --> 00:17:10,800

That was my focus for so many years.

221

00:17:10,800 --> 00:17:12,800

I wanted to go inside.

222

00:17:12,800 --> 00:17:15,800

I not only wanted to find the Titanic,

223

00:17:15,800 --> 00:17:18,800

but I always wanted to go inside of it.

224

00:17:18,800 --> 00:17:22,800

And the landing alvin on the entrance to the Grand Staircase

225

00:17:22,800 --> 00:17:24,800

above the elevator shaft,

226

00:17:24,800 --> 00:17:27,800

and then sending JJ down deep inside,

227

00:17:27,800 --> 00:17:31,800

and then moving into that room and then spotting that chandelier.

228

00:17:31,800 --> 00:17:33,800

That was the culmination.

229

00:17:33,800 --> 00:17:36,800

If there was any one thing I did,

230

00:17:36,800 --> 00:17:39,800

that really was what it was all about.

231

00:17:39,800 --> 00:17:45,800

The Titanic has inspired men and women who today keep her memory alive.

232

00:17:45,800 --> 00:17:49,800

Men and women who gather together to celebrate her life,

233

00:17:49,800 --> 00:17:52,800

and commemorate her death.

234

00:17:58,800 --> 00:18:02,800

The Titanic has captured the imagination of the world.

235

00:18:02,800 --> 00:18:08,800

In 1912, this sinking was one of the first media events,

236

00:18:08,800 --> 00:18:11,800

and anyone connected to the tragedy was newsworthy.

237

00:18:11,800 --> 00:18:16,800

Today, little has changed, and Titanic survivors and people fascinated with the subject

238

00:18:16,800 --> 00:18:19,800

gather together at conventions like this.

239

00:18:19,800 --> 00:18:23,800

I think the basic story of the Titanic itself is inherently fascinating.

240

00:18:23,800 --> 00:18:25,800

It reads like a Greek drama.

241

00:18:25,800 --> 00:18:30,800

The Titanic's passengers are themselves a very interesting group of people.

242

00:18:30,800 --> 00:18:34,800

We have everything from 11 millionaires to the humblest immigrant.

243

00:18:34,800 --> 00:18:37,800

And within that range of people,

244

00:18:37,800 --> 00:18:42,800

you have very often someone that you particularly relate to,

245

00:18:42,800 --> 00:18:44,800

and you tend to see the disaster through these people's eyes.

246

00:18:44,800 --> 00:18:49,800

What is essentially going on here at our convention is a sharing of information.

247

00:18:49,800 --> 00:18:53,800

Titanic Society members, each of them do individual research,

248

00:18:53,800 --> 00:18:56,800

and both through the Society's journal,

249

00:18:56,800 --> 00:18:58,800

and also through meetings such as this,

250

00:18:58,800 --> 00:19:02,800

they can share the results of their research with one another.

251

00:19:04,800 --> 00:19:08,800

Pieces of this great ship can be found inside maritime museums,

252

00:19:08,800 --> 00:19:14,800

artifacts that remind us of what life was like on her one and only voyage.

253

00:19:14,800 --> 00:19:16,800

When the great ship went down,

254

00:19:16,800 --> 00:19:20,800

the North Atlantic was covered in debris, and some was picked up.

255

00:19:20,800 --> 00:19:24,800

Other, more personal items were taken from the ship

256

00:19:24,800 --> 00:19:27,800

by passengers who disembarked before she left Ireland,

257

00:19:27,800 --> 00:19:30,800

or taken from the white star offices in London.

258

00:19:36,800 --> 00:19:40,800

Now on display, you can find everything from the surviving deck chairs

259

00:19:40,800 --> 00:19:44,800

to Mrs. Aster's life jacket to an actual piece of the Titanic.

260

00:19:44,800 --> 00:19:48,800

Plush carpeting taken as a memento by one of the men who installed it.

261

00:19:48,800 --> 00:19:53,800

In one such museum, located below decks on the Queen Mary in Long Beach, California,

262

00:19:53,800 --> 00:19:58,800

this huge model of the Titanic can be found as if headed towards its fatal rendezvous.

263

00:20:02,800 --> 00:20:06,800

The memory of this great ship and the men and women who walked upon her decks

264

00:20:06,800 --> 00:20:09,800

will surely live on for as long as we travel the oceans.

265

00:20:09,800 --> 00:20:13,800

The Titanic was overwhelmed by her tragic destiny

266

00:20:13,800 --> 00:20:17,800

and a few seconds of disastrous luck.

267

00:20:21,800 --> 00:20:23,800

The Titanic.

268

00:20:23,800 --> 00:20:25,800

Let's you rest in peace.

269

00:20:39,800 --> 00:20:44,800

Secrets and mysteries presents information based in part on theories and opinions,

270

00:20:44,800 --> 00:20:46,800

some of which are controversial.

271

00:20:46,800 --> 00:20:50,800

The producer's purpose is not to validate any side of an issue,

272

00:20:50,800 --> 00:20:53,800

but through the use of actualities and formatted recreation,

273

00:20:53,800 --> 00:20:57,800

relate a possible answer, but not the only answer to this material.

274

00:21:09,800 --> 00:21:11,800

The Titanic.

275

00:21:39,800 --> 00:21:41,800

The Titanic.

276

00:21:54,800 --> 00:21:57,800

According to a recent poll taken in the United States,

277

00:21:57,800 --> 00:22:03,800

half of its population believed that the universe is inhabited by other intelligent life.

278

00:22:03,800 --> 00:22:07,800

The rest of the world cannot be far behind.

279

00:22:07,800 --> 00:22:13,800

The 1950s witnessed a sharp increase in the number of sightings all around the world

280

00:22:13,800 --> 00:22:19,800

and with it more and more evidence that something unusual was happening in our skies.

281

00:22:19,800 --> 00:22:22,800

Even the United States government took notice,

282

00:22:22,800 --> 00:22:26,800

beginning an official Air Force investigation called Project Blue Book.

283

00:22:26,800 --> 00:22:31,800

Their files soon overflowed with more than 12,000 sightings.

284

00:22:31,800 --> 00:22:33,800

The Titanic.

285

00:22:36,800 --> 00:22:42,800

These water beasts may well be the most ancient surviving inhabitants of our planet.

286

00:22:44,800 --> 00:22:49,800

Did I see the monster? I don't know, but I do believe that, you know,

287

00:22:49,800 --> 00:22:53,800

I saw, I obviously saw some things and nobody's been able to tell me what I saw,

288

00:22:53,800 --> 00:22:58,800

so I think I must have seen the monster.

289

00:23:02,800 --> 00:23:04,800

Stonehenge.

290

00:23:04,800 --> 00:23:13,800

That place has become a metaphor for the magnificent, the unfathomable and the mysterious.

291

00:23:13,800 --> 00:23:20,800

I have the feeling that the people who built it had something very strong in mind,

292

00:23:20,800 --> 00:23:23,800

maybe more than the astronomy and the worship,

293

00:23:23,800 --> 00:23:28,800

and I wish the goodness on you what it was, then maybe I never will.

294

00:23:32,800 --> 00:23:39,800

German scientist Fennifernbräu is considered to be the architect of America's space program.

295

00:23:39,800 --> 00:23:43,800

And Bräu and his team took the technology from the German V2 rocket,

296

00:23:43,800 --> 00:23:46,800

which had been created for destruction,

297

00:23:46,800 --> 00:23:51,800

and applied it to the development of the chariots that would take man to new worlds.

298

00:23:51,800 --> 00:23:55,800

There's never been an astronaut who got on a spacecraft,

299

00:23:55,800 --> 00:23:58,800

whether it was Mercury, Apollo, or even Shuttle,

300

00:23:59,800 --> 00:24:04,800

who didn't fully understand the risk involved and who wasn't willing to take him.

301

00:24:09,800 --> 00:24:14,800

The only voyage of the Titanic was surrounded by bad luck that defies belief.

302

00:24:14,800 --> 00:24:16,800

Everything that could go wrong did go wrong.

303

00:24:16,800 --> 00:24:19,800

It was as if she was cursed.

304

00:24:19,800 --> 00:24:22,800

A curse some say began when she was launched.

305

00:24:22,800 --> 00:24:24,800

When Daphne came back, he said,

306

00:24:24,800 --> 00:24:27,800

it's nothing much, they only struck a nice bird.

307

00:24:32,800 --> 00:24:37,800

This magnificent object is a symbol of genius, of ambition and of dedication,

308

00:24:37,800 --> 00:24:41,800

for it is believed to have taken 30 years to construct,

309

00:24:41,800 --> 00:24:45,800

and that construction is not the least of its miracles.

310

00:24:45,800 --> 00:24:50,800

It stands as one of the most prominent monuments for its size and complexity,

311

00:24:50,800 --> 00:24:53,800

and also its lack of information about it,

312

00:24:53,800 --> 00:24:58,800

to be able to plan and economically accomplish such a large feat,

313

00:24:58,800 --> 00:25:01,800

for the pharaoh is extraordinary.

314

00:25:06,800 --> 00:25:08,800

This is the mark of Sasquatch,

315

00:25:08,800 --> 00:25:12,800

taken from a set of tracks that covered a five mile stretch of dense forest.

316

00:25:12,800 --> 00:25:19,800

The depth of each print indicates that whatever made it weighed 800 pounds.

317

00:25:21,800 --> 00:25:23,800

800 pounds.

318

00:25:27,800 --> 00:25:30,800

And there's other, more dramatic evidence.

319

00:25:30,800 --> 00:25:32,800

On a hot afternoon in October,

320

00:25:32,800 --> 00:25:36,800

Roger Patterson and a friend were riding through some woods in Northern California.

321

00:25:36,800 --> 00:25:38,800

Suddenly their horses shied.

322

00:25:38,800 --> 00:25:42,800

They looked ahead and saw something squatting by the creek.

323

00:25:42,800 --> 00:25:46,800

As the creature ambled away, Patterson took this film,

324

00:25:46,800 --> 00:25:51,800

film that has been analyzed, debated and contested ever since.

325

00:26:46,800 --> 00:26:49,800

Thank you.
