00:00:38,520 --> 00:00:31,779  
truths questioned and now shattered

5  
00:00:40,830 --> 00:00:38,530  
reality hi and thanks for listening to

6  
00:00:44,550 --> 00:00:40,840  
us once again here on chattered reality

7  
00:00:47,210 --> 00:00:44,560  
I am Kate Valentine and I am for Russia

and it's a pleasure to be with you today

9  
00:00:52,380 --> 00:00:50,740

00:00:55,620 --> 00:00:52,390  
we introduce our guests

11  
00:00:58,890 --> 00:00:55,630  
I wanted to simply mention to everyone

12  
00:01:04,319 --> 00:00:58,900  
that this is a non-commercial podcast

13  
00:01:07,499 --> 00:01:04,329

it's free and we are free of any of Big

14

00:01:10,880 --> 00:01:07,509

Brother's interruptions no one tells us

15

00:01:16,469 --> 00:01:10,890

what to say this is free clear

16

00:01:19,739 --> 00:01:16,479

independent podcasting now our guest

17

00:01:23,069 --> 00:01:19,749

today is captain Andy Danziger and

18

00:01:26,249 --> 00:01:23,079

before we welcome him I want to tell you

19

00:01:29,609 --> 00:01:26,259

a very brief story about something that

20

00:01:33,179 --> 00:01:29,619

happened to me at the playground with my

21

00:01:35,609 --> 00:01:33,189

daughter when she was young and it was

22

00:01:37,980 --> 00:01:35,619

in Tompkins Square Park all one of my

23

00:01:40,919 --> 00:01:37,990

neighbors was there with his children

24

00:01:42,899 --> 00:01:40,929

two children and I knew him by sight I

25

00:01:44,730 --> 00:01:42,909

didn't really know him but we were the

26

00:01:47,879 --> 00:01:44,740

only parents in the park I don't know

27

00:01:49,620 --> 00:01:47,889

why it was some form of a holiday and he

28

00:01:51,269 --> 00:01:49,630

was out there with his two kids and I

29

00:01:54,840 --> 00:01:51,279

was with my daughter and they were

30

00:01:56,879 --> 00:01:54,850

playing on the slides and I struck up a

31

00:01:58,830 --> 00:01:56,889

conversation with him and it so happened

32

00:02:00,989 --> 00:01:58,840

I didn't know this before but the

33

00:02:04,169 --> 00:02:00,999

gentleman was an air traffic controller

34

00:02:06,989 --> 00:02:04,179

and he was talking about his job a

35

00:02:10,169 --> 00:02:06,999

little bit and being someone who has

36

00:02:13,170 --> 00:02:10,179

seen anomalous things in the sky myself

37

00:02:20,759 --> 00:02:13,180

I decided to ask him

38

00:02:25,490 --> 00:02:20,769

anything that the pilots ever talk about

39

00:02:29,069 --> 00:02:25,500

a UFO or UAP or anything of that nature

40

00:02:30,780 --> 00:02:29,079

and he said well they all see them I

41

00:02:33,059 --> 00:02:30,790

think they all see them but then they

42

00:02:35,160 --> 00:02:33,069

never talk about them I said what he

43

00:02:36,660 --> 00:02:35,170

said yeah they all it's known that

44

00:02:39,089 --> 00:02:36,670

they're not allowed to talk about them

45

00:02:43,410 --> 00:02:39,099

it's just bad news they don't talk about

46

00:02:47,490 --> 00:02:43,420

them so today we have the exciting guest

47

00:02:52,470 --> 00:02:47,500

yes captain Andy Danziger who has been a

48

00:02:54,539 --> 00:02:52,480

pilot 428 years Wow yeah and that's an

49

00:02:58,800 --> 00:02:54,549

airline pilot that's right and he's

50

00:03:01,619 --> 00:02:58,810

flown around or President Obama and he's

51  
00:03:06,449 --> 00:03:01,629  
flown with American Airlines I believe

52  
00:03:09,569 --> 00:03:06,459  
and it's captain Andy Danziger welcome

53  
00:03:13,020 --> 00:03:09,579  
and thank you so much for coming on to

54  
00:03:14,670 --> 00:03:13,030  
shattered reality because I feel like oh

55  
00:03:18,719 --> 00:03:14,680  
you're very welcome we're hoping that

56  
00:03:21,210 --> 00:03:18,729  
you do shatter some reality so uh I

57  
00:03:23,819 --> 00:03:21,220  
would like to just carry on with what

58  
00:03:27,990 --> 00:03:23,829  
Ferruccio was saying there does seem to

59  
00:03:30,839 --> 00:03:28,000  
be an unspoken edict that any untoward

60  
00:03:33,479 --> 00:03:30,849  
events such as UFOs EU IPS are just

61  
00:03:36,449 --> 00:03:33,489  
simply brushed under the rug is that

62  
00:03:39,780 --> 00:03:36,459  
correct as it as much a career killer in

63  
00:03:42,119 --> 00:03:39,790

aviation as it is in science I don't

64

00:03:45,210 --> 00:03:42,129

think it is so much any Wars it used to

65

00:03:47,999 --> 00:03:45,220

be but it's because the whole issue of

66

00:03:50,099 --> 00:03:48,009

UFOs seems to be so ridiculed by the

67

00:03:52,860 --> 00:03:50,109

government and the press

68

00:03:56,339 --> 00:03:52,870

I think pilots are just reluctant to

69

00:03:58,770 --> 00:03:56,349

talk about them yeah I think it was

70

00:04:00,569 --> 00:03:58,780

one of the most effective ways to keep

71

00:04:02,780 --> 00:04:00,579

the whole thing quiet just that whole

72

00:04:08,219 --> 00:04:02,790

ridicule factor was excellent that

73

00:04:10,649 --> 00:04:08,229

really worked yeah we just don't we just

74

00:04:12,960 --> 00:04:10,659

don't talk about them we talk about them

75

00:04:15,390 --> 00:04:12,970

to each other from time to time but

76

00:04:16,020 --> 00:04:15,400

talking about them publicly is pretty

77

00:04:17,610 --> 00:04:16,030

unusual

78

00:04:22,080 --> 00:04:17,620

we certainly to discuss it with our

79

00:04:24,990 --> 00:04:22,090

friends yeah yeah so you know in a

80

00:04:28,590 --> 00:04:25,000

moment we're going to ask you to

81

00:04:33,060 --> 00:04:28,600

talk about your sighting but what we

82

00:04:35,820 --> 00:04:33,070

were just speaking of would you say that

83

00:04:37,560 --> 00:04:35,830

I've read your article in The Daily News

84

00:04:40,230 --> 00:04:37,570

I've read all your articles in The Daily

85

00:04:44,010 --> 00:04:40,240

News I think but the one about the

86

00:04:46,260 --> 00:04:44,020

Germanwings situation I'm wondering if

87

00:04:51,780 --> 00:04:46,270

they go for further psychological

88

00:04:55,650 --> 00:04:51,790

testing on pilots and co-pilots wouldn't

89

00:04:58,950 --> 00:04:55,660

that even make it more taboo to talk

90

00:05:01,560 --> 00:04:58,960

about UFOs because wouldn't that be a

91

00:05:04,290 --> 00:05:01,570

reason for grounding someone if you they

92

00:05:06,030 --> 00:05:04,300

want it to be nasty about it well it's

93

00:05:08,670 --> 00:05:06,040

an interesting thought I've never really

94

00:05:10,320 --> 00:05:08,680

considered it I guess it probably

95

00:05:14,640 --> 00:05:10,330

depends what the psychologists think

96

00:05:18,270 --> 00:05:14,650

yeah I don't believe that it should be a

97

00:05:20,490 --> 00:05:18,280

taboo subject at all considering that

98

00:05:23,370 --> 00:05:20,500

almost everybody talks about them

99

00:05:25,320 --> 00:05:23,380

privately and quite a few pilots have

100

00:05:27,090 --> 00:05:25,330

actually seen them and quite a few

101  
00:05:30,200 --> 00:05:27,100  
people just walking on the street have

102  
00:05:33,300 --> 00:05:30,210  
seen them from you know over the years

103  
00:05:35,730 --> 00:05:33,310  
it's not a sign of being crazy well I

104  
00:05:38,610 --> 00:05:35,740  
would think yeah and if they were going

105  
00:05:40,320 --> 00:05:38,620  
to start doing psychological testing I

106  
00:05:42,270 --> 00:05:40,330  
don't even know that they would be going

107  
00:05:45,450 --> 00:05:42,280  
there I think they would be going in

108  
00:05:49,980 --> 00:05:45,460  
areas that the psychologists severely

109  
00:05:52,800 --> 00:05:49,990  
established different testing modalities

110  
00:05:56,490 --> 00:05:52,810  
for to check to see if somebody was

111  
00:05:59,820 --> 00:05:56,500  
maybe not playing with a full deck we do

112  
00:06:02,480 --> 00:05:59,830  
have one question from a listener that

113  
00:06:06,480 --> 00:06:02,490

found out that you are coming on and

114

00:06:09,270 --> 00:06:06,490

this listeners name is will and he had a

115

00:06:11,370 --> 00:06:09,280

question for you as a pilot about the

116

00:06:14,750 --> 00:06:11,380

Germanwings flight and it's a it's kind

117

00:06:19,260 --> 00:06:14,760

of a not a technical question exactly

118

00:06:24,240 --> 00:06:19,270

after the the crash happened and after

119

00:06:28,130 --> 00:06:24,250

the cellphone video apparently was

120

00:06:32,969 --> 00:06:28,140

discovered on one of the passengers that

121

00:06:37,170 --> 00:06:32,979

most miss fortunately passed on and it

122

00:06:38,200 --> 00:06:37,180

they had some kind of tussle going on

123

00:06:41,830 --> 00:06:38,210

apparently

124

00:06:43,809 --> 00:06:41,840

where they said the captain who had been

125

00:06:49,300 --> 00:06:43,819

in perhaps in the restroom and tried to

126  
00:06:53,529 --> 00:06:49,310  
get back into the the cockpit was barred

127  
00:06:56,529 --> 00:06:53,539  
entry by the copilot who is said that he

128  
00:07:00,010 --> 00:06:56,539  
crashed the plane and is said that the

129  
00:07:04,689 --> 00:07:00,020  
pilot was using a hatchet to try to get

130  
00:07:07,570 --> 00:07:04,699  
back into the cockpit but will brings up

131  
00:07:10,510 --> 00:07:07,580  
the question isn't the catch it inside

132  
00:07:12,760 --> 00:07:10,520  
the cockpit that's correct so there was

133  
00:07:15,010 --> 00:07:12,770  
some misinformation out there there is

134  
00:07:17,320 --> 00:07:15,020  
no way there was a hatchet outside of

135  
00:07:19,210 --> 00:07:17,330  
the cockpit thank you he's hatchet yeah

136  
00:07:23,589 --> 00:07:19,220  
it's hid inside and mounted up against

137  
00:07:25,420 --> 00:07:23,599  
the back wall so I guess he was just

138  
00:07:27,939 --> 00:07:25,430

using his fists trying to get in or

139

00:07:31,659 --> 00:07:27,949

trying to get through to this guy yeah

140

00:07:34,570 --> 00:07:31,669

sad situation yeah I guess but we would

141

00:07:36,790 --> 00:07:34,580

really glad that you were able to answer

142

00:07:41,379 --> 00:07:36,800

that question so succinctly that our

143

00:07:44,680 --> 00:07:41,389

listener well had and so now let's move

144

00:07:47,140 --> 00:07:44,690

on to your sighting whatever you can

145

00:07:49,510 --> 00:07:47,150

tell us about it we be more than happy

146

00:07:50,520 --> 00:07:49,520

to hear and perhaps ask a couple of

147

00:07:54,969 --> 00:07:50,530

questions

148

00:07:57,760 --> 00:07:54,979

sure well I was flying very early in my

149

00:08:00,399 --> 00:07:57,770

career I started flying commercially you

150

00:08:03,010 --> 00:08:00,409

know for the airlines in 1988 and this

151

00:08:05,999 --> 00:08:03,020

was in April 1989 so I was still a first

152

00:08:10,270 --> 00:08:06,009

officer and it was on a turboprop

153

00:08:12,310 --> 00:08:10,280

propeller plane with jet engines and we

154

00:08:17,469 --> 00:08:12,320

were flying from Kansas City to Waterloo

155

00:08:19,870 --> 00:08:17,479

Iowa and that route is North to

156

00:08:23,140 --> 00:08:19,880

Northeast and it was a late evening

157

00:08:25,390 --> 00:08:23,150

departure so was uh I probably took off

158

00:08:27,550 --> 00:08:25,400

from Kansas City is best I can remember

159

00:08:29,350 --> 00:08:27,560

you know a little bit after 8 o'clock at

160

00:08:30,969 --> 00:08:29,360

night maybe even a little later than

161

00:08:35,409 --> 00:08:30,979

that it could even been nine o'clock at

162

00:08:38,319 --> 00:08:35,419

night and we're flying up in beautiful

163

00:08:41,079 --> 00:08:38,329

visual conditions to Waterloo about an

164

00:08:43,620 --> 00:08:41,089

hour and 10 or alland 15-minute flight

165

00:08:46,990 --> 00:08:43,630

we reached our cruising altitude of

166

00:08:49,150 --> 00:08:47,000

15,000 feet and I just noticed it

167

00:08:51,700 --> 00:08:49,160

nothing unusual but there were a bunch

168

00:08:54,160 --> 00:08:51,710

of thin wispy kind of cloud

169

00:08:56,889 --> 00:08:54,170

why did our altitude which is like I

170

00:08:58,780 --> 00:08:56,899

said something perfectly normal the

171

00:09:00,370 --> 00:08:58,790

thing that was a little odd and

172

00:09:03,070 --> 00:09:00,380

attention-getting and remember when you

173

00:09:05,019 --> 00:09:03,080

fly you see a lot of things and most

174

00:09:06,670 --> 00:09:05,029

things are quite explainable I would say

175

00:09:09,070 --> 00:09:06,680

almost everything is quite explainable

176

00:09:12,280 --> 00:09:09,080

and given time you've seen virtually

177

00:09:17,290 --> 00:09:12,290

everything there is to see but there was

178

00:09:21,070 --> 00:09:17,300

a whitish disc a dim white disc visible

179

00:09:23,350 --> 00:09:21,080

at about hour oh maybe one thirty two

180

00:09:27,250 --> 00:09:23,360

o'clock position you know if you look at

181

00:09:28,900 --> 00:09:27,260

a clock and you hold it vertically deep

182

00:09:30,699 --> 00:09:28,910

that's how you figure out where things

183

00:09:33,670 --> 00:09:30,709

are when you describe them so this would

184

00:09:37,980 --> 00:09:33,680

be out on the right side the right front

185

00:09:41,320 --> 00:09:37,990

of the cockpit and it was a full round

186

00:09:44,139 --> 00:09:41,330

dim but very noticeable white disk

187

00:09:46,300 --> 00:09:44,149

behind the clouds and sometimes you

188

00:09:50,769 --> 00:09:46,310

actually see the moon dimly visible

189

00:09:55,180 --> 00:09:50,779

behind the clouds only thing was is the

190

00:09:58,630 --> 00:09:55,190

moon was right there on the left side at

191

00:10:01,360 --> 00:09:58,640

about nine o'clock and it was a crescent

192

00:10:03,850 --> 00:10:01,370

month wasn't even a full month so right

193

00:10:06,760 --> 00:10:03,860

away you know what we're watching this

194

00:10:08,440 --> 00:10:06,770

thing we're looking trying to explain

195

00:10:10,600 --> 00:10:08,450

what it could possibly be to ourselves

196

00:10:12,940 --> 00:10:10,610

and the first thing of course you would

197

00:10:13,480 --> 00:10:12,950

think is a reflection of the moon on the

198

00:10:15,850 --> 00:10:13,490

clouds

199

00:10:20,980 --> 00:10:15,860

well not possible because the moon was a

200

00:10:23,500 --> 00:10:20,990

crescent and the this disc was a whole

201  
00:10:26,620 --> 00:10:23,510  
disc so the moon was out of the question

202  
00:10:29,740 --> 00:10:26,630  
lookee again we're flying and again this

203  
00:10:31,449 --> 00:10:29,750  
isn't it's strange but it's not while

204  
00:10:33,280 --> 00:10:31,459  
it's unexplainable I couldn't at this

205  
00:10:35,680 --> 00:10:33,290  
point certainly say like oh this is some

206  
00:10:39,040 --> 00:10:35,690  
kind of a UFO I didn't know what it was

207  
00:10:42,670 --> 00:10:39,050  
it just was unusual right looking down

208  
00:10:45,610 --> 00:10:42,680  
from our cruise altitude we were like

209  
00:10:47,199 --> 00:10:45,620  
believers fifteen thousand feet was

210  
00:10:49,960 --> 00:10:47,209  
trying to see if maybe there was a

211  
00:10:51,250 --> 00:10:49,970  
searchlight coming from a mall or a car

212  
00:10:54,880 --> 00:10:51,260  
dealer you know they have those

213  
00:10:57,130 --> 00:10:54,890

promotions and you know we see those all

214

00:10:58,600 --> 00:10:57,140

the time - or periodically and you can

215

00:11:00,699 --> 00:10:58,610

actually see the light on the ground

216

00:11:02,280 --> 00:11:00,709

shooting up through the sky and hitting

217

00:11:05,210 --> 00:11:02,290

a cloud and

218

00:11:07,889 --> 00:11:05,220

looked all over nothing just just

219

00:11:10,650 --> 00:11:07,899

darkness below us between Kansas City

220

00:11:13,050 --> 00:11:10,660

and Waterloo Iowa so we're still flying

221

00:11:14,879 --> 00:11:13,060

along and this just is this white disc

222

00:11:16,860 --> 00:11:14,889

is there and we're the two of us are

223

00:11:20,759 --> 00:11:16,870

talking about it trying to figure out

224

00:11:23,129 --> 00:11:20,769

what it might be and you know 35 40

225

00:11:25,139 --> 00:11:23,139

minutes passes would those wispy clouds

226

00:11:27,210 --> 00:11:25,149

are all still around us

227

00:11:30,960 --> 00:11:27,220

you haven't flown through any which at

228

00:11:32,790 --> 00:11:30,970

the moment never really struck home as

229

00:11:34,999 --> 00:11:32,800

being significant it turned out it was

230

00:11:37,800 --> 00:11:35,009

very significant

231

00:11:40,100 --> 00:11:37,810

yeah we're flying along watching this

232

00:11:42,960 --> 00:11:40,110

thing didn't say anything the passengers

233

00:11:44,550 --> 00:11:42,970

didn't think to at the time because we

234

00:11:47,269 --> 00:11:44,560

were kind of in close to what this was

235

00:11:50,040 --> 00:11:47,279

because it was pretty mysterious

236

00:11:52,319 --> 00:11:50,050

actually approached her then about maybe

237

00:11:53,970 --> 00:11:52,329

40 miles of Waterloo it was time to

238

00:11:57,600 --> 00:11:53,980

begin our descent we get a little bit

239

00:12:00,360 --> 00:11:57,610

busy I remember I was head down getting

240

00:12:03,210 --> 00:12:00,370

the weather from Waterloo and the

241

00:12:05,519 --> 00:12:03,220

captain was doing his thing and neither

242

00:12:08,370 --> 00:12:05,529

of us were looking at this for a little

243

00:12:10,740 --> 00:12:08,380

while and we got cleared by air traffic

244

00:12:14,670 --> 00:12:10,750

control to start our descent and I guess

245

00:12:19,710 --> 00:12:14,680

remember when I looked up it was just

246

00:12:24,329 --> 00:12:19,720

all he heard was just holy [h\_\_\h] there

247

00:12:27,660 --> 00:12:24,339

was this gigantic red all that was above

248

00:12:31,199 --> 00:12:27,670

the clouds it took up probably half of

249

00:12:34,889 --> 00:12:31,209

the wind the window oh my oh he was huge

250

00:12:36,930 --> 00:12:34,899

now huge not so bright it to like you

251

00:12:40,050 --> 00:12:36,940

know light up the cockpit but it was

252

00:12:43,379 --> 00:12:40,060

clearly illuminating itself you know it

253

00:12:45,929 --> 00:12:43,389

was just red and we're just staring out

254

00:12:48,300 --> 00:12:45,939

of like oh my god what on earth is this

255

00:12:50,910 --> 00:12:48,310

thing and we don't even know what to say

256

00:12:52,679 --> 00:12:50,920

we're dumbfounded dumbstruck don't say

257

00:12:54,660 --> 00:12:52,689

again don't say anything the passengers

258

00:12:56,069 --> 00:12:54,670

in the back because we don't even know

259

00:12:57,900 --> 00:12:56,079

what to say to each other we're just

260

00:12:59,579 --> 00:12:57,910

staring at this you know the initial

261

00:13:01,710 --> 00:12:59,589

response of course is there we going to

262

00:13:04,379 --> 00:13:01,720

hit it but it was exactly where that

263

00:13:08,460 --> 00:13:04,389

white disc was but it's above the clouds

264

00:13:10,679 --> 00:13:08,470

now so we're descending slowly and as we

265

00:13:12,600 --> 00:13:10,689

descend you know after maybe 30 seconds

266

00:13:15,140 --> 00:13:12,610

of this thing being completely above the

267

00:13:19,310 --> 00:13:15,150

clouds it starts descending slowly

268

00:13:21,890 --> 00:13:19,320

oh my god and yes yes and as it descends

269

00:13:24,530 --> 00:13:21,900

it starts becoming hidden by the cloud

270

00:13:26,840 --> 00:13:24,540

again so you know three quarters of it

271

00:13:29,420 --> 00:13:26,850

is visible half of it is visible a

272

00:13:31,670 --> 00:13:29,430

quarter of it is visible and then and

273

00:13:33,650 --> 00:13:31,680

this is a swear it's just like right out

274

00:13:36,380 --> 00:13:33,660

of Close Encounters

275

00:13:39,260 --> 00:13:36,390

and I'm sure Spielberg got some of the

276

00:13:41,570 --> 00:13:39,270

ideas based upon reading about UFO

277

00:13:44,329 --> 00:13:41,580

sightings he must have as the entire

278

00:13:48,440 --> 00:13:44,339

thing finally disappeared behind the

279

00:13:51,680 --> 00:13:48,450

cloud white lights hundreds of white

280

00:13:55,400 --> 00:13:51,690

lights just blinking on and off all

281

00:13:58,070 --> 00:13:55,410

around us from the clouds and there were

282

00:14:00,410 --> 00:13:58,080

so many it was really illuminating the

283

00:14:02,360 --> 00:14:00,420

cloud very clearly from inside as the

284

00:14:05,450 --> 00:14:02,370

lights are blinking and you can see the

285

00:14:08,450 --> 00:14:05,460

cloud start separating like a piece of

286

00:14:11,300 --> 00:14:08,460

silly putty and it as it's pulling apart

287

00:14:14,660 --> 00:14:11,310

it's getting thinner and thinner in the

288

00:14:16,760 --> 00:14:14,670

middle and it keeps pulling apart this

289

00:14:21,380 --> 00:14:16,770

was taking place over of about a minute

290

00:14:22,850 --> 00:14:21,390

or so and thinner and thinner and all of

291

00:14:25,790 --> 00:14:22,860

a sudden it gets you know to like a

292

00:14:28,340 --> 00:14:25,800

thread and it like snaps and the two

293

00:14:30,829 --> 00:14:28,350

clouds into into two pieces or the one

294

00:14:35,360 --> 00:14:30,839

cloud into two pieces and the instant it

295

00:14:38,390 --> 00:14:35,370

snapped it was gone every single thing

296

00:14:40,220 --> 00:14:38,400

that we saw was gone the clouds were

297

00:14:43,550 --> 00:14:40,230

gone the blinking lights were gone the

298

00:14:46,220 --> 00:14:43,560

red thing was gone the white disk was

299

00:14:49,449 --> 00:14:46,230

gone it was not a cloud in the sky oh my

300

00:14:51,610 --> 00:14:49,459

god nothing oh it's the most

301

00:14:56,810 --> 00:14:51,620

unbelievable experience of my life

302

00:14:59,030 --> 00:14:56,820

absolutely surreal oh yeah surreal so

303

00:15:02,060 --> 00:14:59,040

you know we looked at each other like oh

304

00:15:04,070 --> 00:15:02,070

my god you know do we say anything what

305

00:15:06,920 --> 00:15:04,080

do we say what do we asked you know do

306

00:15:09,860 --> 00:15:06,930

we even want to and we finally decided

307

00:15:12,079 --> 00:15:09,870

the captain said to me well just ask air

308

00:15:14,120 --> 00:15:12,089

traffic control he's got any traffic so

309

00:15:15,769 --> 00:15:14,130

I said okay so I you know keyed the

310

00:15:18,350 --> 00:15:15,779

microphone and I called the approach

311

00:15:20,030 --> 00:15:18,360

controller for Waterloo and I asked if

312

00:15:22,280 --> 00:15:20,040

he had you I still with the center

313

00:15:24,770 --> 00:15:22,290

controller from Kansas City and I asked

314

00:15:27,110 --> 00:15:24,780

him if he had any traffic out there and

315

00:15:28,070 --> 00:15:27,120

the guy says oh no no nothing at all and

316

00:15:32,610 --> 00:15:28,080

I

317

00:15:34,920 --> 00:15:32,620

mean this very minute but like did you

318

00:15:36,660 --> 00:15:34,930

have anything you know like five minutes

319

00:15:38,970 --> 00:15:36,670

ago was there anything at all on the

320

00:15:41,790 --> 00:15:38,980

strike no no it's just you it's a real

321

00:15:43,680 --> 00:15:41,800

quiet night I say well even not just

322

00:15:45,270 --> 00:15:43,690

five minutes ago like maybe for the last

323

00:15:47,850 --> 00:15:45,280

40 minutes have you had any traffic

324

00:15:50,220 --> 00:15:47,860

editor 1 or 2 o'clock there's no air

325

00:15:52,890 --> 00:15:50,230

Midwest whatever flight number was your

326

00:15:55,490 --> 00:15:52,900

the only claim in the you know in my

327

00:15:58,560 --> 00:15:55,500

sector it's a very quiet night you

328

00:16:01,260 --> 00:15:58,570

you're all I've had since you took off

329

00:16:03,840 --> 00:16:01,270

from Kansas City Wow that's it okay

330

00:16:06,570 --> 00:16:03,850

did you did any of the passengers see

331

00:16:11,730 --> 00:16:06,580

anything they never said anything if

332

00:16:15,000 --> 00:16:11,740

they did it's a wait so now a half a

333

00:16:18,090 --> 00:16:15,010

minute or so passes the controller calls

334

00:16:20,130 --> 00:16:18,100

us back which is really odd and says air

335

00:16:21,480 --> 00:16:20,140

Midwest and I'll just make up the flight

336

00:16:23,460 --> 00:16:21,490

number because I don't remember and like

337

00:16:26,310 --> 00:16:23,470

you know 5570 those are the kind of

338

00:16:30,600 --> 00:16:26,320

numbers we had back then do you want to

339

00:16:32,460 --> 00:16:30,610

report a UFO the two of us looked at

340

00:16:34,470 --> 00:16:32,470

each other I mean I didn't even know air

341

00:16:36,990 --> 00:16:34,480

traffic controllers like come on the

342

00:16:40,170 --> 00:16:37,000

radio saying this kind of stuff and we

343

00:16:42,390 --> 00:16:40,180

looked at each other you know thinking

344

00:16:44,120 --> 00:16:42,400

you know career day is really what we

345

00:16:46,920 --> 00:16:44,130

want to do but I mean it was so

346

00:16:50,070 --> 00:16:46,930

incredible how do you just say nothing

347

00:16:54,210 --> 00:16:50,080

so you know the captain shook his head

348

00:16:56,970 --> 00:16:54,220

and I said yes sir he would this is okay

349

00:16:59,040 --> 00:16:56,980

if you're ready not sure on me okay take

350

00:16:59,550 --> 00:16:59,050

down this phone number advisor and ready

351  
00:17:02,250 --> 00:16:59,560  
to copy

352  
00:17:04,680 --> 00:17:02,260  
so I got out of you know my pen and

353  
00:17:06,630 --> 00:17:04,690  
piece of paper and I said okay and he

354  
00:17:08,850 --> 00:17:06,640  
just read me a phone number he says just

355  
00:17:11,580 --> 00:17:08,860  
give him a call and get on the ground so

356  
00:17:14,730 --> 00:17:11,590  
we landed in Waterloo you know 10 or 15

357  
00:17:16,500 --> 00:17:14,740  
minutes later and once we get rid of our

358  
00:17:20,160 --> 00:17:16,510  
passengers who parked the plane for the

359  
00:17:22,860 --> 00:17:20,170  
night we came in we gave a call to the

360  
00:17:24,300 --> 00:17:22,870  
number it was called the National we

361  
00:17:27,300 --> 00:17:24,310  
didn't know at the time was answered

362  
00:17:29,550 --> 00:17:27,310  
national UFO Reporting Center never

363  
00:17:30,810 --> 00:17:29,560

heard of them and at least I hadn't

364

00:17:34,530 --> 00:17:30,820

heard of them at the time I've since

365

00:17:38,490 --> 00:17:34,540

heard of them yes but so he interviewed

366

00:17:40,650 --> 00:17:38,500

first the captain and then me and the

367

00:17:41,790 --> 00:17:40,660

guy made it real clear at the end of the

368

00:17:43,440 --> 00:17:41,800

interview they

369

00:17:46,320 --> 00:17:43,450

it would seem like real secretive

370

00:17:48,150 --> 00:17:46,330

because it was you know you're never

371

00:17:49,470 --> 00:17:48,160

going to hear from us you're not going

372

00:17:52,310 --> 00:17:49,480

you never going to hear from us again

373

00:17:54,960 --> 00:17:52,320

you're not going to hear you know about

374

00:17:58,230 --> 00:17:54,970

deciding or what it may or may not have

375

00:18:00,330 --> 00:17:58,240

been we just collect information okay

376

00:18:03,390 --> 00:18:00,340

and purportedly they're not government

377

00:18:05,010 --> 00:18:03,400

either that is correct that's correct

378

00:18:07,320 --> 00:18:05,020

that's my understanding

379

00:18:09,180 --> 00:18:07,330

so I finally at the end of the whole

380

00:18:11,550 --> 00:18:09,190

interview he just took two yet a whole

381

00:18:13,230 --> 00:18:11,560

bunch of questions and mostly kind of

382

00:18:17,450 --> 00:18:13,240

things that I'm just relaying to you

383

00:18:20,280 --> 00:18:17,460

here and I should you know are we crazy

384

00:18:23,220 --> 00:18:20,290

is anybody ever seen anything like this

385

00:18:26,190 --> 00:18:23,230

before no pilots and the guy says oh

386

00:18:32,070 --> 00:18:26,200

you're not crazy at all this has been

387

00:18:40,130 --> 00:18:32,080

reported by pilots countless times which

388

00:18:43,920 --> 00:18:43,500

was that Peter Davenport that of you

389

00:18:46,410 --> 00:18:43,930

worried

390

00:18:49,530 --> 00:18:46,420

it gave the report to it or do you not

391

00:18:52,650 --> 00:18:49,540

remember it which is absolutely no idea

392

00:18:55,170 --> 00:18:52,660

who I think he was running it at that

393

00:18:58,050 --> 00:18:55,180

point yeah or he did over for someone

394

00:19:01,260 --> 00:18:58,060

but still I mean for air traffic control

395

00:19:05,100 --> 00:19:01,270

to be in touch with new Fork it was sort

396

00:19:08,130 --> 00:19:05,110

of a little unusual to I mean those air

397

00:19:09,990 --> 00:19:08,140

traffic controllers as pilots are they

398

00:19:13,170 --> 00:19:10,000

may see a lot but they don't speak a lot

399

00:19:15,870 --> 00:19:13,180

and for them to as you said and it's an

400

00:19:18,030 --> 00:19:15,880

excellent point go on the air and give

401  
00:19:21,030 --> 00:19:18,040  
you that number because in that that's a

402  
00:19:23,550 --> 00:19:21,040  
public address one thinks that maybe

403  
00:19:25,860 --> 00:19:23,560  
somebody else reported it besides your

404  
00:19:28,200 --> 00:19:25,870  
plane during the air traffic controller

405  
00:19:29,700 --> 00:19:28,210  
and he was from the ground baby right

406  
00:19:31,800 --> 00:19:29,710  
yeah might have called there or

407  
00:19:35,190 --> 00:19:31,810  
something what's going on but I guess is

408  
00:19:37,350 --> 00:19:35,200  
possible remember at least from the

409  
00:19:40,470 --> 00:19:37,360  
airplane perspective he said we were the

410  
00:19:41,970 --> 00:19:40,480  
only airplane in the sky his sector so

411  
00:19:44,370 --> 00:19:41,980  
it wouldn't have been another airplane

412  
00:19:47,070 --> 00:19:44,380  
at least during the period of time that

413  
00:19:48,900 --> 00:19:47,080

we were up there but yes could have

414

00:19:50,340 --> 00:19:48,910

maybe been somebody on the ground and

415

00:19:56,340 --> 00:19:50,350

they're ready to try it a lot of

416

00:19:59,880 --> 00:19:56,350

attention no idea that is some sighting

417

00:20:03,600 --> 00:19:59,890

really its how large was that red ball I

418

00:20:06,450 --> 00:20:03,610

mean it you know let's say Boeing 737

419

00:20:09,470 --> 00:20:06,460

was it that large or was it maybe like a

420

00:20:12,930 --> 00:20:09,480

little Cessna size or not how big was it

421

00:20:16,350 --> 00:20:12,940

it's very hard especially at night when

422

00:20:19,140 --> 00:20:16,360

you know yeah we appreciation yeah say

423

00:20:21,690 --> 00:20:19,150

how big it was I can tell you it wasn't

424

00:20:24,390 --> 00:20:21,700

tiny right it wasn't like something that

425

00:20:27,450 --> 00:20:24,400

was the size of you know a half-dollar

426

00:20:30,090 --> 00:20:27,460

that was sitting you know two feet from

427

00:20:32,880 --> 00:20:30,100

the window it was clearly something much

428

00:20:35,700 --> 00:20:32,890

much larger and significantly further

429

00:20:38,670 --> 00:20:35,710

away than that but I would only really

430

00:20:41,820 --> 00:20:38,680

be making an estimated guess I would

431

00:20:45,420 --> 00:20:41,830

have to say the thing was as big as a

432

00:20:46,740 --> 00:20:45,430

large or medium sized airplane you

433

00:20:48,780 --> 00:20:46,750

didn't have any resemblance to an

434

00:20:51,270 --> 00:20:48,790

airplane but partly as big as a large to

435

00:20:53,130 --> 00:20:51,280

medium sized airplane that you know a

436

00:20:55,590 --> 00:20:53,140

distance of a mile or something like

437

00:20:58,740 --> 00:20:55,600

that it was very large in the window

438

00:21:02,130 --> 00:20:58,750

yeah no it could be fairly fairly large

439

00:21:04,500 --> 00:21:02,140

and you know I've seen of course tons of

440

00:21:06,840 --> 00:21:04,510

airplanes in the sky and you know for an

441

00:21:09,240 --> 00:21:06,850

airplane to start becoming large in the

442

00:21:12,240 --> 00:21:09,250

window it's got to be really close yeah

443

00:21:15,120 --> 00:21:12,250

this thing either was ungodly close and

444

00:21:17,850 --> 00:21:15,130

as large as a you know small and medium

445

00:21:21,210 --> 00:21:17,860

sized airplane or it was further away

446

00:21:23,910 --> 00:21:21,220

and incredibly large I have no way of

447

00:21:29,810 --> 00:21:23,920

knowing especially at night and she said

448

00:21:34,560 --> 00:21:32,910

cedar rapids-- I mean Waterloo low

449

00:21:37,410 --> 00:21:34,570

clouds in Kansas City there were no

450

00:21:38,910 --> 00:21:37,420

clouds in the sky in between except with

451

00:21:40,680 --> 00:21:38,920

this thing manufacture although we

452

00:21:42,810 --> 00:21:40,690

didn't know it at the time that's a good

453

00:21:45,990 --> 00:21:42,820

clouds all around us and we never fly

454

00:21:48,900 --> 00:21:46,000

through them that has been reported by

455

00:21:51,540 --> 00:21:48,910

other people you I mean I assume by this

456

00:21:54,680 --> 00:21:51,550

time you have read a number of UFO

457

00:21:57,060 --> 00:21:54,690

reports etc that and it always seems so

458

00:21:58,890 --> 00:21:57,070

unbelievable I don't mean that I don't

459

00:22:02,400 --> 00:21:58,900

believe the people reporting but it's

460

00:22:04,530 --> 00:22:02,410

just as a concept it's hard to get your

461

00:22:08,070 --> 00:22:04,540

mind around it that these things are

462

00:22:11,700 --> 00:22:08,080

generating their own camouflage mm-hmm

463

00:22:13,890 --> 00:22:11,710

or maybe they were generating fact that

464

00:22:16,950 --> 00:22:13,900

there's so much going on here it wasn't

465

00:22:20,130 --> 00:22:16,960

a simple you know I've read sightings

466

00:22:22,260 --> 00:22:20,140

like they people saw a red or well I

467

00:22:24,030 --> 00:22:22,270

guess this would be called a red orb but

468

00:22:26,280 --> 00:22:24,040

what about the white disk what about the

469

00:22:28,170 --> 00:22:26,290

flashing white lights what about the the

470

00:22:30,270 --> 00:22:28,180

smokescreen that it put up that looked

471

00:22:33,720 --> 00:22:30,280

like clouds there's so much more to this

472

00:22:35,750 --> 00:22:33,730

right now if they were sucking in heat

473

00:22:37,950 --> 00:22:35,760

to keep that red light going and

474

00:22:43,020 --> 00:22:37,960

chilling the air around them that would

475

00:22:44,490 --> 00:22:43,030

create a cloud right yeah that would be

476

00:22:47,280 --> 00:22:44,500

one way if you lower the temperature

477

00:22:50,370 --> 00:22:47,290

around you to the dew point then you get

478

00:22:52,680 --> 00:22:50,380

clouds and then if it sucked it enough I

479

00:22:55,020 --> 00:22:52,690

don't think you would get the thin wispy

480

00:22:57,390 --> 00:22:55,030

clouds that are all that were all around

481

00:22:59,790 --> 00:22:57,400

and she like just seems a little odd how

482

00:23:04,290 --> 00:22:59,800

could you kind of control you know even

483

00:23:06,870 --> 00:23:04,300

if it was itself very cold then there

484

00:23:09,870 --> 00:23:06,880

would be a cloud around it but why would

485

00:23:12,030 --> 00:23:09,880

the clouds extend out you know hundreds

486

00:23:13,530 --> 00:23:12,040

of thousands of feet in several

487

00:23:15,840 --> 00:23:13,540

different directions from this thing

488

00:23:19,620 --> 00:23:15,850

kind of in a semicircle around it right

489

00:23:22,200 --> 00:23:19,630

it's just a little bit hard to really

490

00:23:24,510 --> 00:23:22,210

figure on what sort of technology could

491

00:23:26,520 --> 00:23:24,520

have even made something like that no

492

00:23:28,410 --> 00:23:26,530

you said when you took off the sky was

493

00:23:30,600 --> 00:23:28,420

clear that they had there were no

494

00:23:34,380 --> 00:23:30,610

reported ceilings or clouds or anything

495

00:23:36,270 --> 00:23:34,390

he said the view was very good it was it

496

00:23:39,480 --> 00:23:36,280

was him it was clear visibility

497

00:23:41,820 --> 00:23:39,490

unrestricted both in Kansas City and in

498

00:23:43,830 --> 00:23:41,830

Waterloo and you know there's limited

499

00:23:45,840 --> 00:23:43,840

weather reporting stations in between

500

00:23:46,680 --> 00:23:45,850

but the weather in between was forecast

501  
00:23:48,960 --> 00:23:46,690  
great too

502  
00:23:51,810 --> 00:23:48,970  
there's nothing it was just kind of like

503  
00:23:53,910 --> 00:23:51,820  
when we leveled off at altitude all of a

504  
00:23:55,200 --> 00:23:53,920  
sudden you know you're busy climbing up

505  
00:23:57,390 --> 00:23:55,210  
you know when you're climbing to

506  
00:23:59,310 --> 00:23:57,400  
altitude yeah because those little

507  
00:24:01,890 --> 00:23:59,320  
airplanes didn't have an autopilot and

508  
00:24:06,090 --> 00:24:01,900  
there's a 17 passenger metroliner

509  
00:24:09,300 --> 00:24:06,100  
and you need a hand fly the airplane the

510  
00:24:11,940 --> 00:24:09,310  
entire time and so while you're climbing

511  
00:24:13,950 --> 00:24:11,950  
especially you're busier than you are

512  
00:24:16,020 --> 00:24:13,960  
and cruise even and cruise you have to

513  
00:24:17,250 --> 00:24:16,030

pay attention really pay attention to

514

00:24:19,680 --> 00:24:17,260

what you're doing because you're still

515

00:24:22,950 --> 00:24:19,690

flying the airplane right

516

00:24:25,619 --> 00:24:22,960

little autopilot no autopilot but all I

517

00:24:28,889 --> 00:24:25,629

know is I didn't know notice the clouds

518

00:24:30,389 --> 00:24:28,899

those thin wispy clouds until after we

519

00:24:33,539 --> 00:24:30,399

got the cruise altitude

520

00:24:36,210 --> 00:24:33,549

I don't recall whether there were any at

521

00:24:39,509 --> 00:24:36,220

all during the climb out yeah when we

522

00:24:41,310 --> 00:24:39,519

leveled off at 15,000 feet and we sort

523

00:24:43,980 --> 00:24:41,320

of settled in for the cruise portion of

524

00:24:46,919 --> 00:24:43,990

the flight now it's time to relax you

525

00:24:49,710 --> 00:24:46,929

look at all those clouds nice you know

526  
00:24:52,200 --> 00:24:49,720  
they're illuminated by the moon what

527  
00:24:56,249 --> 00:24:52,210  
little moon there was but you could see

528  
00:24:57,570 --> 00:24:56,259  
them and then you see this disc but you

529  
00:25:03,330 --> 00:24:57,580  
never wonder how that went

530  
00:25:07,259 --> 00:25:05,039  
why didn't we weren't thinking about it

531  
00:25:09,539 --> 00:25:07,269  
at the time but of course after the fact

532  
00:25:12,389 --> 00:25:09,549  
that's the weirdest thing of everything

533  
00:25:15,210 --> 00:25:12,399  
yeah it's part of the weirdness right

534  
00:25:18,029 --> 00:25:15,220  
well I think this thing was paralleling

535  
00:25:19,860 --> 00:25:18,039  
us at our speed and it just kept the

536  
00:25:21,509 --> 00:25:19,870  
clouds moving along with it I have no

537  
00:25:22,769 --> 00:25:21,519  
idea how it does any of this stuff I

538  
00:25:25,769 --> 00:25:22,779

mean I don't I don't even know what this

539

00:25:26,970 --> 00:25:25,779

thing was enough missing or it wasn't so

540

00:25:29,369 --> 00:25:26,980

totally bizarre

541

00:25:32,369 --> 00:25:29,379

well and then after the clouds separated

542

00:25:34,409 --> 00:25:32,379

that blinking light that that was like

543

00:25:39,629 --> 00:25:34,419

an energy conversion of some sort I

544

00:25:42,240 --> 00:25:39,639

don't know remember the lights were

545

00:25:44,399 --> 00:25:42,250

blinking before the clouds separated

546

00:25:48,889 --> 00:25:44,409

okay okay and then everything

547

00:25:53,490 --> 00:25:48,899

disappeared just like gone in an instant

548

00:25:56,820 --> 00:25:53,500

many of our guests have their own idea

549

00:26:00,480 --> 00:25:56,830

about where UFOs come from what they

550

00:26:02,100 --> 00:26:00,490

could be if it's space travel if it's

551  
00:26:04,799 --> 00:26:02,110  
travel from another dimension

552  
00:26:10,049 --> 00:26:04,809  
if it's time travelers from our future

553  
00:26:15,060 --> 00:26:10,059  
or or what do you have yourself a thesis

554  
00:26:20,480 --> 00:26:15,070  
on this my guess has just always been

555  
00:26:28,200 --> 00:26:25,499  
obviously with incredible technologies

556  
00:26:32,780 --> 00:26:28,210  
who knows what else is possible I don't

557  
00:26:37,820 --> 00:26:32,790  
know but there are trillions and

558  
00:26:40,220 --> 00:26:37,830  
millions of planets and you know more

559  
00:26:45,520 --> 00:26:40,230  
than the grains of sand on the entire

560  
00:26:48,650 --> 00:26:45,530  
face of the earth and yeah so it's it's

561  
00:26:50,210 --> 00:26:48,660  
certainly it would be inconceivable to

562  
00:26:52,640 --> 00:26:50,220  
think that there wouldn't be life out

563  
00:26:55,510 --> 00:26:52,650

there someplace we are at forms of life

564

00:26:58,430 --> 00:26:55,520

you know life that is basic is a

565

00:27:02,150 --> 00:26:58,440

bacteria and as advanced as things that

566

00:27:04,910 --> 00:27:02,160

we can't even imagine you know way above

567

00:27:07,190 --> 00:27:04,920

our wildest imagination not just in

568

00:27:09,380 --> 00:27:07,200

their technology but just in what their

569

00:27:10,730 --> 00:27:09,390

life form has become or is and

570

00:27:14,810 --> 00:27:10,740

everything in between

571

00:27:16,580 --> 00:27:14,820

so asserting that Einstein is right and

572

00:27:20,680 --> 00:27:16,590

you can't travel faster than the speed

573

00:27:23,630 --> 00:27:20,690

of light maybe you're bending time-space

574

00:27:25,550 --> 00:27:23,640

around the spacecraft which is things

575

00:27:28,010 --> 00:27:25,560

that are being proposed currently even

576  
00:27:30,830 --> 00:27:28,020  
NASA's talking about that now as a way

577  
00:27:34,340 --> 00:27:30,840  
to travel very very fast you know make

578  
00:27:37,310 --> 00:27:34,350  
Mars in a couple of months if everything

579  
00:27:38,930 --> 00:27:37,320  
in a few days yes said of in 18 months

580  
00:27:40,640 --> 00:27:38,940  
it's just unbelievable and the further

581  
00:27:43,400 --> 00:27:40,650  
you go the faster you get and that's

582  
00:27:46,750 --> 00:27:43,410  
just basics of what we're starting to

583  
00:27:50,030 --> 00:27:46,760  
understand and you know if space is bent

584  
00:27:52,280 --> 00:27:50,040  
which again it's way over my head I'm

585  
00:27:55,130 --> 00:27:52,290  
not a physicist I'm just a pilot you

586  
00:27:57,890 --> 00:27:55,140  
know but if you know we always learn as

587  
00:27:59,780 --> 00:27:57,900  
kids that the straightest the shortest

588  
00:28:01,610 --> 00:27:59,790

distance between two points is a

589

00:28:04,700 --> 00:28:01,620

straight line right if you take a piece

590

00:28:06,320 --> 00:28:04,710

of paper and you put a dot on one end of

591

00:28:08,780 --> 00:28:06,330

it and a dot on the other and you draw a

592

00:28:10,550 --> 00:28:08,790

straight line well that's the straight

593

00:28:13,010 --> 00:28:10,560

line way of going but if space is

594

00:28:17,180 --> 00:28:13,020

actually bent and you take that paper

595

00:28:19,130 --> 00:28:17,190

and you just bend it so that it looks

596

00:28:21,380 --> 00:28:19,140

like a hole and you take those two

597

00:28:23,540 --> 00:28:21,390

points that were on opposite sides of

598

00:28:26,150 --> 00:28:23,550

the paper and you bring them to you know

599

00:28:29,420 --> 00:28:26,160

a half an inch of each other because of

600

00:28:32,330 --> 00:28:29,430

the way you folded the paper if space is

601  
00:28:34,940 --> 00:28:32,340  
really bent it maybe there's a way to

602  
00:28:38,420 --> 00:28:34,950  
navigate through space and go through

603  
00:28:40,580 --> 00:28:38,430  
those bends and places that seem far

604  
00:28:43,880 --> 00:28:40,590  
away going in one direction or actually

605  
00:28:45,409 --> 00:28:43,890  
right around the corner going through

606  
00:28:48,139 --> 00:28:45,419  
the proper bends

607  
00:28:50,719 --> 00:28:48,149  
indeed yeah but we don't know how to

608  
00:28:52,940 --> 00:28:50,729  
find them or you know obviously go

609  
00:28:56,089 --> 00:28:52,950  
through them our technology hasn't quite

610  
00:28:58,789 --> 00:28:56,099  
gone that far and hopefully not if black

611  
00:29:03,289 --> 00:28:58,799  
holes might not be some of these warp

612  
00:29:07,129 --> 00:29:03,299  
places but getting back to the you AP's

613  
00:29:10,849 --> 00:29:07,139

the UFOs and other pilots you've spoken

614

00:29:13,940 --> 00:29:10,859

I'm sure over the years since 1989 to a

615

00:29:16,519 --> 00:29:13,950

number of other pilots have have you

616

00:29:20,919 --> 00:29:16,529

heard any stories that were similar to

617

00:29:27,199 --> 00:29:20,929

yours or anything that was a worthy of

618

00:29:32,709 --> 00:29:27,209

mention here I had spoken to pilots who

619

00:29:36,440 --> 00:29:32,719

have seen UFOs that were not in flight

620

00:29:40,849 --> 00:29:36,450

I've seen pilots that have seen lights

621

00:29:44,299 --> 00:29:40,859

that were not spectacular but they saw

622

00:29:47,180 --> 00:29:44,309

things that they believed were UFOs

623

00:29:50,569 --> 00:29:47,190

flying across the Atlantic and are you

624

00:29:54,049 --> 00:29:50,579

typically up you know 33 to 40,000 feet

625

00:29:55,759 --> 00:29:54,059

and they look below them and they see

626

00:29:57,979 --> 00:29:55,769

lights that they think of very

627

00:30:00,649 --> 00:29:57,989

mysterious I didn't see him I don't know

628

00:30:03,979 --> 00:30:00,659

what they were you know like I said most

629

00:30:06,680 --> 00:30:03,989

things that you see can be explained you

630

00:30:08,449 --> 00:30:06,690

said not only in flight not in flight

631

00:30:10,609 --> 00:30:08,459

not on the ground they did see you at

632

00:30:12,229 --> 00:30:10,619

some of the guys have seen stuff that

633

00:30:14,839 --> 00:30:12,239

was on when they were on the ground I

634

00:30:17,209 --> 00:30:14,849

remember one guy a pilot I was with like

635

00:30:18,859 --> 00:30:17,219

I said we don't talk about it a lot but

636

00:30:21,949 --> 00:30:18,869

the people that it was close to we would

637

00:30:23,509 --> 00:30:21,959

bring it up and I remember one guy was

638

00:30:26,299 --> 00:30:23,519

on a houseboat

639

00:30:28,639 --> 00:30:26,309

down in the Amazon and he said this

640

00:30:34,369 --> 00:30:28,649

thing came right up above their their

641

00:30:36,499 --> 00:30:34,379

boat light up us and it just was clearly

642

00:30:40,039 --> 00:30:36,509

a UFO you know I don't remember all the

643

00:30:42,499 --> 00:30:40,049

details anymore but he's quite adamant

644

00:30:44,389 --> 00:30:42,509

about what he saw that she had a light

645

00:30:46,849 --> 00:30:44,399

that kind of came out of it and shining

646

00:30:48,979 --> 00:30:46,859

down on them the earth family was on a

647

00:30:51,259 --> 00:30:48,989

houseboat pretty incredible

648

00:30:54,829 --> 00:30:51,269

yes very much you know like famous early

649

00:30:58,069 --> 00:30:54,839

writings in Columbia in that Columbia

650

00:30:58,730 --> 00:30:58,079

I'm sorry in the Amazon in Brazil the

651  
00:31:02,630 --> 00:30:58,740  
island of

652  
00:31:05,419 --> 00:31:02,640  
Caloris had a huge UFO sighting there

653  
00:31:07,910 --> 00:31:05,429  
that people were actually injured by

654  
00:31:11,660 --> 00:31:07,920  
radiation that was about I'm gonna say

655  
00:31:14,150 --> 00:31:11,670  
5060 natives of the island of coladas

656  
00:31:18,919 --> 00:31:14,160  
who you know basically a fishing a

657  
00:31:20,930 --> 00:31:18,929  
fishing Island and they were out doing

658  
00:31:23,419 --> 00:31:20,940  
some night fishing or doing getting

659  
00:31:25,250 --> 00:31:23,429  
ready to do some fishing and a UFO came

660  
00:31:28,250 --> 00:31:25,260  
over and as it turned out they were

661  
00:31:34,970 --> 00:31:28,260  
irradiated and some of them died I

662  
00:31:36,710 --> 00:31:34,980  
believe so that's danger business just

663  
00:31:39,320 --> 00:31:36,720

for a quick break you are listening to

664

00:31:41,510 --> 00:31:39,330

shattered reality with Lucia and Kate

665

00:31:44,840 --> 00:31:41,520

Valentine and we're speaking to Andrew

666

00:31:47,630 --> 00:31:44,850

Danziger and who is a 28 year airline

667

00:31:50,780 --> 00:31:47,640

veteran he has experience of both turbo

668

00:31:53,950 --> 00:31:50,790

drops in Boeing aircraft he is an intern

669

00:31:59,000 --> 00:31:53,960

has been flying internationally on the

670

00:32:01,460 --> 00:31:59,010

757 767s as a captain for the last 14

671

00:32:04,040 --> 00:32:01,470

years he served as an airline ground

672

00:32:07,130 --> 00:32:04,050

school instructor and Czech pilot in

673

00:32:09,410 --> 00:32:07,140

both simulators and aircraft it was one

674

00:32:12,890 --> 00:32:09,420

of the pilots to fly our present

675

00:32:15,470 --> 00:32:12,900

president during his 2008 presidential

676

00:32:19,549 --> 00:32:15,480

campaign those are excellent credentials

677

00:32:22,130 --> 00:32:19,559

and it just verifies that you're a

678

00:32:25,850 --> 00:32:22,140

person who should be taken seriously and

679

00:32:28,070 --> 00:32:25,860

not some silly guy I'll feel sorry that

680

00:32:30,169 --> 00:32:28,080

you see things like this and many other

681

00:32:33,380 --> 00:32:30,179

people see things like this and they

682

00:32:36,200 --> 00:32:33,390

can't be given frontline news in this

683

00:32:38,120 --> 00:32:36,210

country unlike many other countries well

684

00:32:40,460 --> 00:32:38,130

thank goodness the daily news gives you

685

00:32:42,919 --> 00:32:40,470

new life form yeah props on the news

686

00:32:47,060 --> 00:32:42,929

there was some there was a sighting and

687

00:32:49,450 --> 00:32:47,070

a photograph of a purported UFO in the

688

00:32:56,090 --> 00:32:49,460

Bronx about two or three weeks ago I

689

00:32:58,250 --> 00:32:56,100

read about it I yeah I did it was a

690

00:33:00,650 --> 00:32:58,260

little again as typical of many of these

691

00:33:03,680 --> 00:33:00,660

photographs it was not terribly clear

692

00:33:05,360 --> 00:33:03,690

and a little bit difficult to say what

693

00:33:10,270 --> 00:33:05,370

it was which doesn't mean it wasn't real

694

00:33:12,029 --> 00:33:10,280

it just means that you know that

695

00:33:14,460 --> 00:33:12,039

absolute picture

696

00:33:16,590 --> 00:33:14,470

everybody wants that everybody knows is

697

00:33:19,769 --> 00:33:16,600

100% real that they're pretty hard to

698

00:33:22,830 --> 00:33:19,779

come by and I would say that picture was

699

00:33:26,669 --> 00:33:22,840

a little bit vague and not a hundred

700

00:33:29,129 --> 00:33:26,679

percent convincing but not meaning that

701  
00:33:31,440 --> 00:33:29,139  
it was not what the people may have

702  
00:33:34,259 --> 00:33:31,450  
claimed it was it just wasn't clear

703  
00:33:36,090 --> 00:33:34,269  
enough that I would be able to say that you

704  
00:33:38,460 --> 00:33:36,100  
know a hundred percent this is something

705  
00:33:38,879 --> 00:33:38,470  
unbelievable you know I don't know what

706  
00:33:40,769 --> 00:33:38,889  
it was

707  
00:33:42,899 --> 00:33:40,779  
don't forget our pictures basically are

708  
00:33:44,969 --> 00:33:42,909  
based on photons and as you said these

709  
00:33:47,099 --> 00:33:44,979  
have energy fields and who knows what

710  
00:33:49,019 --> 00:33:47,109  
they're shooting out and that may be why

711  
00:33:52,229 --> 00:33:49,029  
you can't get clear pictures of these

712  
00:33:53,789 --> 00:33:52,239  
things but aside from that and I think

713  
00:33:56,820 --> 00:33:53,799

you'll agree with me on this when people

714

00:33:59,369 --> 00:33:56,830

have sightings regardless of where or

715

00:34:02,190 --> 00:33:59,379

when or whatever there's an instant

716

00:34:03,690 --> 00:34:02,200

feeling that you know this is not from

717

00:34:07,529 --> 00:34:03,700

this earth I mean didn't you get that

718

00:34:08,789 --> 00:34:07,539

feeling when you saw this thing okay say

719

00:34:11,430 --> 00:34:08,799

that one more time because you your

720

00:34:11,760 --> 00:34:11,440

volume is very very low so I'm sorry I'm

721

00:34:15,240 --> 00:34:11,770

sorry

722

00:34:19,530 --> 00:34:15,250

are you okay when you see these things

723

00:34:21,809 --> 00:34:19,540

when such as that red ball and other

724

00:34:25,109 --> 00:34:21,819

people who report sightings like this

725

00:34:27,359 --> 00:34:25,119

the feeling is instantly that this is

726

00:34:29,789 --> 00:34:27,369

something way out of the ordinary it's

727

00:34:31,799 --> 00:34:29,799

probably not from this planet and it's

728

00:34:34,319 --> 00:34:31,809

something you don't forget I'm sure

729

00:34:38,159 --> 00:34:34,329

you've had other experiences in your

730

00:34:40,079 --> 00:34:38,169

career that have been explainable but

731

00:34:42,000 --> 00:34:40,089

pretty frightening or harrowing maybe

732

00:34:43,980 --> 00:34:42,010

you've had some close misses but you

733

00:34:45,690 --> 00:34:43,990

tend to forget those things you shove

734

00:34:48,359 --> 00:34:45,700

them in the back of your mind but

735

00:34:51,169 --> 00:34:48,369

something like this like this huge red

736

00:34:54,240 --> 00:34:51,179

ball that you cannot explain that then

737

00:34:56,579 --> 00:34:54,250

has cloud as a camouflage that cloud

738

00:34:58,920 --> 00:34:56,589

rips apart and then it disappears that

739

00:35:03,359 --> 00:34:58,930

stays with you forever and it leaves a

740

00:35:05,819 --> 00:35:03,369

strong feeling wouldn't you say yeah of

741

00:35:08,910 --> 00:35:05,829

course and it was close it was so close

742

00:35:10,500 --> 00:35:08,920

that's why you know it's not like it the

743

00:35:12,660 --> 00:35:10,510

light in the sky that you know it's just

744

00:35:15,299 --> 00:35:12,670

a little bit weird right now I mean you

745

00:35:17,910 --> 00:35:15,309

even get used to seeing that the planets

746

00:35:20,010 --> 00:35:17,920

and the stars and if there was a star

747

00:35:23,220 --> 00:35:20,020

that was in the wrong spot you you

748

00:35:24,790 --> 00:35:23,230

actually kind of recognized that but you

749

00:35:28,180 --> 00:35:24,800

know that can be a million

750

00:35:29,920 --> 00:35:28,190

different things comets and just I

751  
00:35:31,810 --> 00:35:29,930  
hadn't noticed that it's a meeting while

752  
00:35:35,980 --> 00:35:31,820  
meteors go fast you know that just

753  
00:35:38,860 --> 00:35:35,990  
shoots through the sky but yeah it's

754  
00:35:41,170 --> 00:35:38,870  
just stuck sticks with you I mean yeah

755  
00:35:43,390 --> 00:35:41,180  
I've seen that I've actually heard

756  
00:35:47,560 --> 00:35:43,400  
people all chatting on the radio

757  
00:35:49,120 --> 00:35:47,570  
crossing the Atlantic about reporting

758  
00:35:50,890 --> 00:35:49,130  
they're all talking there's an

759  
00:35:52,270 --> 00:35:50,900  
air-to-air frequency where the pilots

760  
00:35:54,340 --> 00:35:52,280  
can talk to each other that aren't

761  
00:35:56,230 --> 00:35:54,350  
talking air-traffic control not it's not

762  
00:35:57,870 --> 00:35:56,240  
not regular air traffic control over the

763  
00:36:00,040 --> 00:35:57,880

Atlantic so don't misunderstand

764

00:36:02,020 --> 00:36:00,050

complicated I won't even explain it here

765

00:36:03,550 --> 00:36:02,030

but there's a place where we can chat

766

00:36:07,080 --> 00:36:03,560

with each other and there was a whole

767

00:36:10,750 --> 00:36:07,090

lot of chatter about this one light

768

00:36:13,090 --> 00:36:10,760

about that was very low on the horizon

769

00:36:16,870 --> 00:36:13,100

that was just flashing tons and tons of

770

00:36:18,430 --> 00:36:16,880

colors and they were all everybody was

771

00:36:20,500 --> 00:36:18,440

wondering what it was well I could tell

772

00:36:22,780 --> 00:36:20,510

you what it was it was the light of a

773

00:36:26,050 --> 00:36:22,790

star that was very close to the horizon

774

00:36:29,980 --> 00:36:26,060

that was either setting or rising I

775

00:36:33,190 --> 00:36:29,990

can't remember which and because it was

776

00:36:35,620 --> 00:36:33,200

going through so much of the horizon it

777

00:36:39,040 --> 00:36:35,630

was called the distortion was causing a

778

00:36:40,930 --> 00:36:39,050

ton of colors and it really was it was

779

00:36:42,850 --> 00:36:40,940

really cool it was but it would stuck

780

00:36:44,770 --> 00:36:42,860

you know and there were a lot of people

781

00:36:47,530 --> 00:36:44,780

talking about that we're questioning

782

00:36:49,480 --> 00:36:47,540

what the thing was you know I hadn't

783

00:36:52,330 --> 00:36:49,490

known about what it was you have

784

00:36:55,420 --> 00:36:52,340

commented on different things about

785

00:36:56,320 --> 00:36:55,430

airline safety and things involving

786

00:37:01,720 --> 00:36:56,330

different era

787

00:37:04,270 --> 00:37:01,730

air air disasters and I was very I was

788

00:37:06,130 --> 00:37:04,280

very taken aback by your your

789

00:37:08,320 --> 00:37:06,140

description of Turkish Airlines had I

790

00:37:11,560 --> 00:37:08,330

heard it before I went to Istanbul I

791

00:37:15,690 --> 00:37:11,570

think I might have rethought my trip

792

00:37:20,020 --> 00:37:15,700

however just about one particular

793

00:37:23,140 --> 00:37:20,030

airline flight 380 the Malaysian

794

00:37:26,140 --> 00:37:23,150

Airlines of flight that was was was that

795

00:37:28,860 --> 00:37:26,150

a good year ago two years ago not quite

796

00:37:31,810 --> 00:37:28,870

a year but it disappeared and it just

797

00:37:35,260 --> 00:37:31,820

disappeared and no wreckage was ever

798

00:37:37,730 --> 00:37:35,270

found and there seemed to be a lot of

799

00:37:42,950 --> 00:37:37,740

confusion about what direction it

800

00:37:46,520 --> 00:37:42,960

then I had spoken privately to some

801  
00:37:49,310 --> 00:37:46,530  
people that I know who fly and they

802  
00:37:52,190 --> 00:37:49,320  
found it hard to believe that nothing

803  
00:37:54,170 --> 00:37:52,200  
was ever found what's your opinion on

804  
00:37:57,950 --> 00:37:54,180  
that and you know we're not holding you

805  
00:38:00,850 --> 00:37:57,960  
to any anything here just you know as a

806  
00:38:03,170 --> 00:38:00,860  
person who is obviously very

807  
00:38:06,170 --> 00:38:03,180  
knowledgeable about air traffic safety

808  
00:38:07,940 --> 00:38:06,180  
and what might be going on what do you

809  
00:38:09,859 --> 00:38:07,950  
think why do you think that that plane

810  
00:38:11,990 --> 00:38:09,869  
disappeared and why couldn't they find

811  
00:38:15,710 --> 00:38:12,000  
that the direction it had actually gone

812  
00:38:17,840 --> 00:38:15,720  
in yeah I would say that anybody that

813  
00:38:22,280 --> 00:38:17,850

the people have told you what they told

814

00:38:24,920 --> 00:38:22,290

you probably are not experienced

815

00:38:26,870 --> 00:38:24,930

ocean-going pilots helping they fly

816

00:38:28,970 --> 00:38:26,880

either privately or just slide

817

00:38:31,730 --> 00:38:28,980

domestically that they don't sound

818

00:38:36,530 --> 00:38:31,740

terribly experienced because the oceans

819

00:38:39,170 --> 00:38:36,540

cover a large chunk of the earth and it

820

00:38:41,180 --> 00:38:39,180

this wasn't like trying to find a needle

821

00:38:43,130 --> 00:38:41,190

in a haystack this you have to find the

822

00:38:44,810 --> 00:38:43,140

haystack first and they didn't even

823

00:38:46,190 --> 00:38:44,820

begin to know where to look when you

824

00:38:48,710 --> 00:38:46,200

once you get out more than a couple

825

00:38:51,020 --> 00:38:48,720

hundred miles out from shore and then

826

00:38:54,440 --> 00:38:51,030

this depends where you are on the earth

827

00:38:56,630 --> 00:38:54,450

is some third world areas don't even

828

00:38:58,640 --> 00:38:56,640

have such good radar like we have here

829

00:39:02,990 --> 00:38:58,650

on the Canadian Maritimes or off the

830

00:39:04,940 --> 00:39:03,000

coast of the UK but the max limit is

831

00:39:06,770 --> 00:39:04,950

about 200 miles and you're off radar

832

00:39:09,590 --> 00:39:06,780

there is just absolutely no radar there

833

00:39:13,250 --> 00:39:09,600

and you're doing what's called position

834

00:39:15,109 --> 00:39:13,260

reporting to say where you are and the

835

00:39:19,280 --> 00:39:15,119

fact that the plane disappeared just

836

00:39:21,050 --> 00:39:19,290

doesn't mean that you know that dropped

837

00:39:22,670 --> 00:39:21,060

it dropped off radar there's just

838

00:39:24,080 --> 00:39:22,680

nothing that's strange about it because

839

00:39:27,650 --> 00:39:24,090

when you're flying out over the ocean

840

00:39:29,330 --> 00:39:27,660

you're not in radar contact at all so if

841

00:39:32,540 --> 00:39:29,340

you're not in radar contact and

842

00:39:35,060 --> 00:39:32,550

something happens whether it's on

843

00:39:37,130 --> 00:39:35,070

purpose or accidental they're certainly

844

00:39:39,790 --> 00:39:37,140

not going to see one radar to see where

845

00:39:43,609 --> 00:39:39,800

you want so they tried using some

846

00:39:45,680 --> 00:39:43,619

interesting science using the Doppler

847

00:39:47,120 --> 00:39:45,690

effect and that the best way to explain

848

00:39:49,580 --> 00:39:47,130

that for those that don't understand

849

00:39:50,540 --> 00:39:49,590

that is one like a firetruck or police

850

00:39:53,750 --> 00:39:50,550

cars coming

851  
00:39:57,200 --> 00:39:53,760  
you and then it passes you how the sound

852  
00:40:00,380 --> 00:39:57,210  
changes in pitch yeah I did yeah

853  
00:40:02,030 --> 00:40:00,390  
well it's exactly the same it was what

854  
00:40:05,270 --> 00:40:02,040  
they were trying to do with the science

855  
00:40:07,160 --> 00:40:05,280  
the airplane had a little electronic

856  
00:40:08,960 --> 00:40:07,170  
device on board that they were not

857  
00:40:11,360 --> 00:40:08,970  
paying for therefore it wasn't

858  
00:40:13,850 --> 00:40:11,370  
transmitting any real information but it

859  
00:40:16,940 --> 00:40:13,860  
was making a basically we described it

860  
00:40:21,440 --> 00:40:16,950  
as a ping it just sent out a little tiny

861  
00:40:23,420 --> 00:40:21,450  
signal frequently but you know it wasn't

862  
00:40:25,790 --> 00:40:23,430  
really being monitored because there was

863  
00:40:30,440 --> 00:40:25,800

no data in the ping just kind of a

864

00:40:32,840 --> 00:40:30,450

handshake signal I'm here back to either

865

00:40:36,440 --> 00:40:32,850

Boeing or so that somebody that meant

866

00:40:38,090 --> 00:40:36,450

that monitors that for the data but like

867

00:40:41,330 --> 00:40:38,100

I said there was no data in the signal

868

00:40:46,370 --> 00:40:41,340

so it's just normally ignored and they

869

00:40:48,440 --> 00:40:46,380

use the frequency of the of the king to

870

00:40:53,420 --> 00:40:48,450

decide whether the plane was traveling

871

00:40:55,910 --> 00:40:53,430

toward or away from the antenna I say so

872

00:40:57,530 --> 00:40:55,920

that was how they did that now I'm not

873

00:41:00,470 --> 00:40:57,540

saying that's cloning science that's

874

00:41:02,750 --> 00:41:00,480

very real science the question is is you

875

00:41:04,160 --> 00:41:02,760

know did it does it actually work the

876  
00:41:07,910 --> 00:41:04,170  
way they were doing it you know because

877  
00:41:09,500 --> 00:41:07,920  
I had nothing of course I have no idea

878  
00:41:12,170 --> 00:41:09,510  
how this is actually done and how

879  
00:41:14,450 --> 00:41:12,180  
accurate it was the way they did this

880  
00:41:17,420 --> 00:41:14,460  
but based upon this they tried to

881  
00:41:20,180 --> 00:41:17,430  
determine that the plane while it was

882  
00:41:26,090 --> 00:41:20,190  
not in radio contact and out of radar

883  
00:41:27,530 --> 00:41:26,100  
contact made a turn away from the

884  
00:41:29,720 --> 00:41:27,540  
direction it was supposed to have been

885  
00:41:31,760 --> 00:41:29,730  
going and started flying in a completely

886  
00:41:32,660 --> 00:41:31,770  
different direction right why did it go

887  
00:41:35,480 --> 00:41:32,670  
in that direction

888  
00:41:36,170 --> 00:41:35,490

don't have the foggiest idea was it

889

00:41:38,720 --> 00:41:36,180

intentional

890

00:41:42,070 --> 00:41:38,730

was it another rogue pilot that locked

891

00:41:46,250 --> 00:41:42,080

the first officer or the captain out and

892

00:41:48,470 --> 00:41:46,260

beaten to death and then turned away and

893

00:41:49,820 --> 00:41:48,480

just crashed the airplane you know flew

894

00:41:53,930 --> 00:41:49,830

until he flew out of gas I have

895

00:41:56,210 --> 00:41:53,940

absolutely no idea and you know finding

896

00:41:57,980 --> 00:41:56,220

that plane it's going to take you know

897

00:42:00,560 --> 00:41:57,990

what it could be found this afternoon it

898

00:42:03,320 --> 00:42:00,570

may not be found for a thousand years it

899

00:42:04,070 --> 00:42:03,330

could be found by a diver or some divers

900

00:42:07,040 --> 00:42:04,080

doing some

901  
00:42:08,780 --> 00:42:07,050  
see stuff you know in a thousand years

902  
00:42:10,340 --> 00:42:08,790  
from now anybody's guess because they

903  
00:42:14,090 --> 00:42:10,350  
don't really know where to look the

904  
00:42:16,160 --> 00:42:14,100  
ocean is huge so you don't think and

905  
00:42:18,620 --> 00:42:16,170  
then this currents remember so the thing

906  
00:42:23,060 --> 00:42:18,630  
even if you think you know where to look

907  
00:42:24,830 --> 00:42:23,070  
every day it moves yes and then the

908  
00:42:29,210 --> 00:42:24,840  
debris on the surface

909  
00:42:30,410 --> 00:42:29,220  
assuming a crest on the ocean what

910  
00:42:31,940 --> 00:42:30,420  
debris that would have been on the

911  
00:42:34,850 --> 00:42:31,950  
surface would have sunk within a few

912  
00:42:36,830 --> 00:42:34,860  
days you know the lighter debris like

913  
00:42:39,130 --> 00:42:36,840

the sheets and stuff like that but not

914

00:42:41,780 --> 00:42:39,140

the seats but the seat cushions some

915

00:42:44,390 --> 00:42:41,790

life preservers that were just you know

916

00:42:46,460 --> 00:42:44,400

not attached to anything that would all

917

00:42:48,250 --> 00:42:46,470

you know eventually sink out and you

918

00:42:51,950 --> 00:42:48,260

know who knows maybe one of these days

919

00:42:53,930 --> 00:42:51,960

some stuffs gonna wash ashore in some

920

00:42:57,350 --> 00:42:53,940

foreign country and you know identify it

921

00:43:00,230 --> 00:42:57,360

is coming from Malaysia 370 uh-huh but

922

00:43:03,080 --> 00:43:00,240

who knows it for when you don't believe

923

00:43:05,780 --> 00:43:03,090

that it's possible that somebody took it

924

00:43:08,360 --> 00:43:05,790

somewhere else to be

925

00:43:11,210 --> 00:43:08,370

for another for another purpose you know

926

00:43:13,490 --> 00:43:11,220

that maybe one of these pilots or the

927

00:43:15,710 --> 00:43:13,500

fellows that were questionable that was

928

00:43:17,450 --> 00:43:15,720

sitting in the front row seats there you

929

00:43:21,220 --> 00:43:17,460

don't think anybody picked the plane up

930

00:43:24,080 --> 00:43:21,230

and took it elsewhere I doubt it because

931

00:43:26,420 --> 00:43:24,090

it would be identified someplace it

932

00:43:28,460 --> 00:43:26,430

would have to fly over land and once it

933

00:43:31,370 --> 00:43:28,470

flies over land it's being picked up by

934

00:43:33,710 --> 00:43:31,380

some rays radar and even if you have

935

00:43:36,230 --> 00:43:33,720

your transponder off that's the radio

936

00:43:38,210 --> 00:43:36,240

that talks to the radar you're still

937

00:43:39,140 --> 00:43:38,220

going to show up and they're going to be

938

00:43:42,400 --> 00:43:39,150

tracking it they're going to be

939

00:43:45,530 --> 00:43:42,410

wondering who this is what is this and

940

00:43:48,080 --> 00:43:45,540

it's just so unlikely I mean I heard

941

00:43:50,360 --> 00:43:48,090

stories I read a lot after it happened

942

00:43:52,790 --> 00:43:50,370

all the planes sitting no doubt in Diego

943

00:43:54,740 --> 00:43:52,800

Garcia out in the Indian Ocean then

944

00:43:56,300 --> 00:43:54,750

these people that said that they really

945

00:43:59,660 --> 00:43:56,310

have no clue what they're talking about

946

00:44:03,320 --> 00:43:59,670

I used to fly as a civilian pilot to

947

00:44:06,620 --> 00:44:03,330

Diego Garcia all the time oh really they

948

00:44:08,540 --> 00:44:06,630

yes they have it's not scheduled air

949

00:44:10,670 --> 00:44:08,550

service don't misunderstand but I did a

950

00:44:12,590 --> 00:44:10,680

lot of flying while I was at North

951  
00:44:15,980 --> 00:44:12,600  
American otherwise North American not

952  
00:44:17,770 --> 00:44:15,990  
American at North American for the US

953  
00:44:21,550 --> 00:44:17,780  
military Katsina under

954  
00:44:23,890 --> 00:44:21,560  
contracts and we flew to Diego Garcia

955  
00:44:24,520 --> 00:44:23,900  
once every two weeks and we were not the

956  
00:44:27,070 --> 00:44:24,530  
only one

957  
00:44:28,570 --> 00:44:27,080  
tons of airlines were flying on a tons

958  
00:44:31,090 --> 00:44:28,580  
of exaggeration but they were probably

959  
00:44:33,520 --> 00:44:31,100  
half a dozen airlines that do that kind

960  
00:44:36,610 --> 00:44:33,530  
of work that are flying to Diego Garcia

961  
00:44:40,120 --> 00:44:36,620  
so they have actually airline service

962  
00:44:42,910 --> 00:44:40,130  
from commercial airlines that are

963  
00:44:45,850 --> 00:44:42,920

landing there almost every day you are

964

00:44:48,790 --> 00:44:45,860

not going to hide a triple 7 on this

965

00:44:50,980 --> 00:44:48,800

little tiny atoll of an island there's

966

00:44:52,900 --> 00:44:50,990

just no place to put it I've been there

967

00:44:55,030 --> 00:44:52,910

I've been there myself numerous times

968

00:44:58,750 --> 00:44:55,040

well it's good that you are able to

969

00:45:02,110 --> 00:44:58,760

dispel to some large extent the rumors

970

00:45:04,720 --> 00:45:02,120

surrounding this missing aircraft and we

971

00:45:07,150 --> 00:45:04,730

thank you for that the other thing I was

972

00:45:09,730 --> 00:45:07,160

wondering when this large object that

973

00:45:13,140 --> 00:45:09,740

was your on your sighting this large red

974

00:45:16,090 --> 00:45:13,150

ball a lot of people have reported

975

00:45:18,160 --> 00:45:16,100

electromagnetic interference how are

976

00:45:21,540 --> 00:45:18,170

your controls at that time but did you

977

00:45:24,370 --> 00:45:21,550

feel that you were constantly and caught

978

00:45:27,010 --> 00:45:24,380

actually yeah were you speaking to air

979

00:45:34,060 --> 00:45:27,020

traffic control at the time or are you

980

00:45:36,390 --> 00:45:34,070

sort of between there was that had to

981

00:45:39,700 --> 00:45:36,400

have been at least a modicum of

982

00:45:42,390 --> 00:45:39,710

communication between us and 83 during

983

00:45:44,680 --> 00:45:42,400

this time but there was we didn't have

984

00:45:46,450 --> 00:45:44,690

much conversation but there was no

985

00:45:47,800 --> 00:45:46,460

static on the radio that we know nothing

986

00:45:50,470 --> 00:45:47,810

it was just normal

987

00:45:53,740 --> 00:45:50,480

the fuel gauges indicated normally

988

00:45:56,020 --> 00:45:53,750

everything indicated normal yeah okay it

989

00:45:57,880 --> 00:45:56,030

just just said on some of the you know

990

00:46:01,120 --> 00:45:57,890

the Bermuda Triangle they report some

991

00:46:02,770 --> 00:46:01,130

electromagnetic effects and and then you

992

00:46:05,230 --> 00:46:02,780

know speaking of that Malaysian flight I

993

00:46:05,980 --> 00:46:05,240

was wondering if perhaps they had been

994

00:46:07,720 --> 00:46:05,990

moved

995

00:46:10,600 --> 00:46:07,730

you know something had happened to their

996

00:46:13,870 --> 00:46:10,610

controls and they lost control of the

997

00:46:16,090 --> 00:46:13,880

plane but so really this thing was

998

00:46:17,770 --> 00:46:16,100

almost sort of harmless this huge red

999

00:46:20,740 --> 00:46:17,780

ball that was floating ahead of you it

1000

00:46:25,000 --> 00:46:20,750

just did you get any feeling that it was

1001  
00:46:27,670 --> 00:46:25,010  
watching you or - there's no question

1002  
00:46:29,290 --> 00:46:27,680  
really it was observing us really what

1003  
00:46:31,420 --> 00:46:29,300  
else would it be doing there I don't

1004  
00:46:35,049 --> 00:46:31,430  
know I mean it paced us

1005  
00:46:37,480 --> 00:46:35,059  
for 200 some odd miles huh what else

1006  
00:46:39,579 --> 00:46:37,490  
would it have been doing interesting do

1007  
00:46:42,190 --> 00:46:39,589  
you think it was like a caught up in

1008  
00:46:44,680 --> 00:46:42,200  
your as you were going through space you

1009  
00:46:47,589 --> 00:46:44,690  
know so like sucked you sucked it in

1010  
00:46:51,309 --> 00:46:47,599  
somehow I mean it was sorta like what

1011  
00:46:55,000 --> 00:46:51,319  
behind you couldn't be caught in front

1012  
00:46:58,720 --> 00:46:55,010  
of you that was no I think it was just

1013  
00:47:01,630 --> 00:46:58,730

it it for whatever reason was observing

1014

00:47:02,859 --> 00:47:01,640

us you know I can't tell you why but you

1015

00:47:05,230 --> 00:47:02,869

know it

1016

00:47:08,349 --> 00:47:05,240

I guess so us in flight decide you don't

1017

00:47:09,700 --> 00:47:08,359

want to go have a look and started

1018

00:47:12,130 --> 00:47:09,710

looking I mean I don't know how else to

1019

00:47:15,519 --> 00:47:12,140

describe it with the kind of technology

1020

00:47:19,329 --> 00:47:15,529

that you are describing it would seem

1021

00:47:22,809 --> 00:47:19,339

probable that it would have detectors of

1022

00:47:25,059 --> 00:47:22,819

some sort maybe even to check out the

1023

00:47:28,000 --> 00:47:25,069

people on board you know as life-forms

1024

00:47:30,099 --> 00:47:28,010

or something I don't doubt it I don't

1025

00:47:31,390 --> 00:47:30,109

know what it could do you know the fact

1026

00:47:34,180 --> 00:47:31,400

that it did everything that I've

1027

00:47:37,029 --> 00:47:34,190

described is so incredible that I

1028

00:47:38,559 --> 00:47:37,039

wouldn't begin to venture a guess on

1029

00:47:40,750 --> 00:47:38,569

what else it might have been able to do

1030

00:47:42,220 --> 00:47:40,760

where it came from how far it had

1031

00:47:44,380 --> 00:47:42,230

traveled where it went when it

1032

00:47:47,230 --> 00:47:44,390

disappeared where it came from when it

1033

00:47:50,319 --> 00:47:47,240

first showed up no idea unknown you know

1034

00:47:51,609 --> 00:47:50,329

yeah unknown had it just been in space

1035

00:47:53,559 --> 00:47:51,619

that had been flying around in our

1036

00:47:57,180 --> 00:47:53,569

atmosphere just checking other things

1037

00:47:59,559 --> 00:47:57,190

out I don't know but it was incredible

1038

00:48:01,329 --> 00:47:59,569

did you get the feeling that there was

1039

00:48:04,470 --> 00:48:01,339

an intelligence there that you were

1040

00:48:07,599 --> 00:48:04,480

being watched more than just recorded I

1041

00:48:12,819 --> 00:48:07,609

can't say either way I didn't really

1042

00:48:15,609 --> 00:48:12,829

think about it I mean I wish I knew you

1043

00:48:19,059 --> 00:48:15,619

know it kind of seems like there was an

1044

00:48:22,900 --> 00:48:19,069

intelligence there only in that it was

1045

00:48:25,059 --> 00:48:22,910

able to navigate to our position and not

1046

00:48:28,529 --> 00:48:25,069

hit us and not let us hit it and

1047

00:48:31,690 --> 00:48:28,539

maintain what appeared to be a constant

1048

00:48:33,670 --> 00:48:31,700

distance from us so yeah it would seem

1049

00:48:36,069 --> 00:48:33,680

like there was an intelligence there but

1050

00:48:37,990 --> 00:48:36,079

I guess something that's that incredible

1051  
00:48:40,870 --> 00:48:38,000  
in the first place yet could have all

1052  
00:48:43,960 --> 00:48:40,880  
been done by a really fancy computer an

1053  
00:48:44,970 --> 00:48:43,970  
auto pilot who knows yeah but you know

1054  
00:48:49,240 --> 00:48:44,980  
to me

1055  
00:48:52,630 --> 00:48:49,250  
part of the beauty of exploration is

1056  
00:48:54,760 --> 00:48:52,640  
that we get to do it you know that a

1057  
00:48:57,790 --> 00:48:54,770  
human being gets to go I mean we just we

1058  
00:48:59,980 --> 00:48:57,800  
got stuff driving around on Mars but the

1059  
00:49:01,480 --> 00:48:59,990  
ultimate goal is for a human being to go

1060  
00:49:03,700 --> 00:49:01,490  
to Mars because that's what we really

1061  
00:49:06,670 --> 00:49:03,710  
want to do and you know if other

1062  
00:49:10,020 --> 00:49:06,680  
life-forms have that same attitude that

1063  
00:49:13,630 --> 00:49:10,030

we do yeah you explore for a while

1064

00:49:15,730 --> 00:49:13,640

automatically you know with some kind of

1065

00:49:18,040 --> 00:49:15,740

an autonomous type spacecraft but

1066

00:49:20,020 --> 00:49:18,050

eventually the whole purpose is you want

1067

00:49:22,060 --> 00:49:20,030

to go and see it with your own two eyes

1068

00:49:28,210 --> 00:49:22,070

absolutely so are you have you

1069

00:49:31,090 --> 00:49:28,220

volunteered for Buzz Aldrin so we're

1070

00:49:33,160 --> 00:49:31,100

sort of passing on that one too but you

1071

00:49:35,320 --> 00:49:33,170

know I think you bring up such a you

1072

00:49:38,590 --> 00:49:35,330

know there's a huge controversy as to

1073

00:49:41,080 --> 00:49:38,600

should you put a person on Mars or

1074

00:49:46,330 --> 00:49:41,090

should you just send these various

1075

00:49:48,820 --> 00:49:46,340

exploration type devices and you know I

1076  
00:49:50,800 --> 00:49:48,830  
have to agree with you I mean yeah you

1077  
00:49:54,640 --> 00:49:50,810  
can send all the robots and the drones

1078  
00:49:56,200 --> 00:49:54,650  
that you want but but you know you got a

1079  
00:49:58,840 --> 00:49:56,210  
really see it with your own two eyes

1080  
00:50:01,930 --> 00:49:58,850  
of course you open it goal is to go

1081  
00:50:03,850 --> 00:50:01,940  
there absolutely you know if you think

1082  
00:50:07,240 --> 00:50:03,860  
about it if we had people on Mars

1083  
00:50:09,840 --> 00:50:07,250  
instead of drones on Mars we would know

1084  
00:50:13,000 --> 00:50:09,850  
if there was some kind of past or

1085  
00:50:15,700 --> 00:50:13,010  
present life forms on Mars but you know

1086  
00:50:19,980 --> 00:50:15,710  
all these guys do the scientists come up

1087  
00:50:22,750 --> 00:50:19,990  
with tests and they send these tests

1088  
00:50:25,120 --> 00:50:22,760

testing laboratories up to Mars and they

1089

00:50:27,430 --> 00:50:25,130

test things and you get back these very

1090

00:50:30,430 --> 00:50:27,440

strange results that are at the end

1091

00:50:32,350 --> 00:50:30,440

inconclusive yet a human being could

1092

00:50:33,940 --> 00:50:32,360

look at it under say a microscope to

1093

00:50:35,860 --> 00:50:33,950

look at this little thing wiggling

1094

00:50:37,330 --> 00:50:35,870

around here there's something that you

1095

00:50:39,010 --> 00:50:37,340

know I don't with the back carrier what

1096

00:50:40,570 --> 00:50:39,020

you would call it but or maybe they

1097

00:50:43,600 --> 00:50:40,580

would find something even bigger I have

1098

00:50:45,850 --> 00:50:43,610

no idea but uh I'd like to be there well

1099

00:50:49,270 --> 00:50:45,860

when the rover turns around they see an

1100

00:50:52,210 --> 00:50:49,280

eyeball looking into the rover but

1101  
00:50:56,710 --> 00:50:52,220  
because really we are the UFOs of Mars

1102  
00:50:58,300 --> 00:50:56,720  
and and so the fact that people think

1103  
00:50:58,670 --> 00:50:58,310  
that they can't be UFO is here from

1104  
00:51:01,660 --> 00:50:58,680  
Ellis

1105  
00:51:03,950 --> 00:51:01,670  
where I think is sort of a little bit

1106  
00:51:06,400 --> 00:51:03,960  
not not 100% correct

1107  
00:51:10,130 --> 00:51:06,410  
I have court have you thought about

1108  
00:51:11,930 --> 00:51:10,140  
writing a book with your sighting and

1109  
00:51:14,750 --> 00:51:11,940  
the perhaps the sightings of other

1110  
00:51:17,300 --> 00:51:14,760  
pilots that you have the opportunity to

1111  
00:51:19,970 --> 00:51:17,310  
meet yeah it would be great because my

1112  
00:51:22,850 --> 00:51:19,980  
daughter actually wants me to do that

1113  
00:51:24,770 --> 00:51:22,860

and just recently since I started

1114

00:51:27,110 --> 00:51:24,780

writing for The Daily News she has

1115

00:51:28,820 --> 00:51:27,120

brought up she wants me to do this so

1116

00:51:32,780 --> 00:51:28,830

whether or not that ever comes to

1117

00:51:35,930 --> 00:51:32,790

fruition or not I'm not certain but you

1118

00:51:39,620 --> 00:51:35,940

know it's a good kind of book to write

1119

00:51:42,980 --> 00:51:39,630

and II may I call you Andy okay it's a

1120

00:51:45,590 --> 00:51:42,990

good kind of a book to write because it

1121

00:51:47,300 --> 00:51:45,600

could be done over the course of time

1122

00:51:49,280 --> 00:51:47,310

just collecting these things and you

1123

00:51:51,770 --> 00:51:49,290

only have to write one account at a time

1124

00:51:54,530 --> 00:51:51,780

and then you can have somebody a friend

1125

00:51:56,030 --> 00:51:54,540

and editor somebody just just jam the

1126

00:51:57,980 --> 00:51:56,040

thing together you know when you've got

1127

00:52:00,350 --> 00:51:57,990

a bunch of different things written down

1128

00:52:02,270 --> 00:52:00,360

it seems like that's a good point that's

1129

00:52:03,440 --> 00:52:02,280

that's the way to do that I guess it's

1130

00:52:05,270 --> 00:52:03,450

not like writing the Great American

1131

00:52:07,280 --> 00:52:05,280

Novel you know well you have to come up

1132

00:52:10,280 --> 00:52:07,290

with a plot or anything you just collect

1133

00:52:12,680 --> 00:52:10,290

these stories and and and write them in

1134

00:52:16,100 --> 00:52:12,690

an expository fashion in bingo you've

1135

00:52:17,690 --> 00:52:16,110

got a wonderful book yeah that's very

1136

00:52:19,910 --> 00:52:17,700

interesting never even thought of it

1137

00:52:22,070 --> 00:52:19,920

that way that's the way to do that and

1138

00:52:24,440 --> 00:52:22,080

my friend that saw the light over his

1139

00:52:25,970 --> 00:52:24,450

houseboat he would be the first person I

1140

00:52:28,010 --> 00:52:25,980

would call there girl was done putting

1141

00:52:30,260 --> 00:52:28,020

my stuff down in detail on paper and

1142

00:52:32,810 --> 00:52:30,270

then I would go from there yes I think

1143

00:52:35,630 --> 00:52:32,820

you'd find a number of people who would

1144

00:52:38,030 --> 00:52:35,640

be yeah everybody wants to tell somebody

1145

00:52:40,460 --> 00:52:38,040

about these things that they've seen and

1146

00:52:42,140 --> 00:52:40,470

there's no place really other as you

1147

00:52:44,330 --> 00:52:42,150

said before you know close friends

1148

00:52:46,670 --> 00:52:44,340

people you work with and even they tend

1149

00:52:48,740 --> 00:52:46,680

to sort of giggle behind your back but

1150

00:52:51,410 --> 00:52:48,750

yeah something like a book like that and

1151  
00:52:54,620 --> 00:52:51,420  
you might even have an emerging quality

1152  
00:52:57,230 --> 00:52:54,630  
like out of all that data it would it

1153  
00:53:00,110 --> 00:52:57,240  
would start to you know something maybe

1154  
00:53:01,850 --> 00:53:00,120  
some real facts some real solid theories

1155  
00:53:04,130 --> 00:53:01,860  
would start to emerge I I would

1156  
00:53:07,400 --> 00:53:04,140  
encourage you to do it I think you're I

1157  
00:53:10,010 --> 00:53:07,410  
think you're an excellent witness yes

1158  
00:53:12,050 --> 00:53:10,020  
a trained witness yeah yeah with a lot

1159  
00:53:14,030 --> 00:53:12,060  
of credibility

1160  
00:53:16,520 --> 00:53:14,040  
and I'm sure the you know uh since birds

1161  
00:53:18,230 --> 00:53:16,530  
of a feather do tend to fly together I'm

1162  
00:53:21,230 --> 00:53:18,240  
sure most of your friends are equally

1163  
00:53:23,540 --> 00:53:21,240

credible and probably oh yeah I think

1164

00:53:25,790 --> 00:53:23,550

they're all credible I haven't met too

1165

00:53:28,100 --> 00:53:25,800

many people that you know I don't

1166

00:53:29,570 --> 00:53:28,110

believe when they tell me things well

1167

00:53:34,270 --> 00:53:29,580

but like I say I've heard a lot of

1168

00:53:36,710 --> 00:53:34,280

things that could be anything and that's

1169

00:53:38,900 --> 00:53:36,720

you just you don't know and you think

1170

00:53:40,520 --> 00:53:38,910

that could does the mysterious lights

1171

00:53:42,110 --> 00:53:40,530

well yeah you're right they were

1172

00:53:45,620 --> 00:53:42,120

mysterious lights I agree a hundred

1173

00:53:49,130 --> 00:53:45,630

percent don't know what they were don't

1174

00:53:52,190 --> 00:53:49,140

know what they weren't yeah but they

1175

00:53:54,440 --> 00:53:52,200

weren't so in-your-face as to be able to

1176

00:53:57,380 --> 00:53:54,450

say oh my god this is the most amazing

1177

00:54:00,550 --> 00:53:57,390

thing that's ever happened to me you've

1178

00:54:03,920 --> 00:54:00,560

heard about the O'Hare Airport sighting

1179

00:54:07,520 --> 00:54:03,930

yes isn't that interesting yes it really

1180

00:54:10,090 --> 00:54:07,530

it really is it's it's an amazing it's

1181

00:54:13,520 --> 00:54:10,100

amazing story and and apparently people

1182

00:54:15,350 --> 00:54:13,530

were suggested that they don't talk

1183

00:54:18,290 --> 00:54:15,360

about it I'm not saying all right and or

1184

00:54:21,920 --> 00:54:18,300

anything but they was suggested that the

1185

00:54:24,500 --> 00:54:21,930

witnesses clam up where do you come down

1186

00:54:27,470 --> 00:54:24,510

on that do you have any opinions on that

1187

00:54:31,880 --> 00:54:27,480

or anything well from the days before

1188

00:54:34,490 --> 00:54:31,890

UAVs so we know it wasn't one of them so

1189

00:54:37,430 --> 00:54:34,500

who knows what that was but obviously it

1190

00:54:39,920 --> 00:54:37,440

was something that defied any kind of

1191

00:54:41,750 --> 00:54:39,930

explanation for the times when it

1192

00:54:45,530 --> 00:54:41,760

happened and punched a hole in the

1193

00:54:48,260 --> 00:54:45,540

clouds so the clouds were also oh yeah

1194

00:54:51,470 --> 00:54:48,270

so I do believe the dark solidedge

1195

00:54:53,090 --> 00:54:51,480

totally bizarre really incredible I wish

1196

00:54:54,560 --> 00:54:53,100

all those people would really come

1197

00:54:56,780 --> 00:54:54,570

together and they need to write their

1198

00:54:58,820 --> 00:54:56,790

story so you put it out there you could

1199

00:55:08,240 --> 00:54:58,830

start there you are there you go Andy

1200

00:55:10,100 --> 00:55:08,250

you can write the story and they can

1201

00:55:12,170 --> 00:55:10,110

call me and I'll tell them my part of it

1202

00:55:13,880 --> 00:55:12,180

you know it's like yeah the stories need

1203

00:55:17,240 --> 00:55:13,890

to get out it's been really wonderful

1204

00:55:19,880 --> 00:55:17,250

speaking with you and you know being

1205

00:55:22,310 --> 00:55:19,890

that we're local here in the new New

1206

00:55:24,320 --> 00:55:22,320

York New Jersey area and you are also

1207

00:55:25,250 --> 00:55:24,330

local we're going to hope that we're

1208

00:55:27,800 --> 00:55:25,260

able to have you

1209

00:55:32,630 --> 00:55:27,810

back on again at some time maybe in the

1210

00:55:38,270 --> 00:55:32,640

capacity of a a technical aviation

1211

00:55:41,090 --> 00:55:38,280

advisor Wow we'd love to be why doing ok

1212

00:55:43,070 --> 00:55:41,100

oh it's been great talking to you thank

1213

00:55:46,760 --> 00:55:43,080

you so much for sharing this well thank

1214

00:55:49,490 --> 00:55:46,770

you so much really a pleasure and you

1215

00:55:51,790 --> 00:55:49,500

take care now okay okay bye now

1216

00:55:55,060 --> 00:55:51,800

thank you again thank you I but I know

1217

00:55:58,400 --> 00:55:55,070

well sounds a great guess he was just

1218

00:56:00,950 --> 00:55:58,410

boundless terrific and we're going to

1219

00:56:05,180 --> 00:56:00,960

have someone else on here today or I'm

1220

00:56:07,880 --> 00:56:05,190

doing an opinion piece for us about the

1221

00:56:10,910 --> 00:56:07,890

Roswell slides we haven't really come

1222

00:56:13,220 --> 00:56:10,920

down on that in any in any real way and

1223

00:56:16,700 --> 00:56:13,230

you know it's kind of politically

1224

00:56:19,730 --> 00:56:16,710

charged event and so we have a our

1225

00:56:23,390 --> 00:56:19,740

friend who is also a technical adviser

1226  
00:56:26,690 --> 00:56:23,400  
of ours mr. David B Edney who's going to

1227  
00:56:29,120 --> 00:56:26,700  
be on with us in a few minutes there was

1228  
00:56:30,830 --> 00:56:29,130  
one other thing I wanted to discuss with

1229  
00:56:35,090 --> 00:56:30,840  
you Kade I don't know if you've read a

1230  
00:56:39,080 --> 00:56:35,100  
blog piece that I found out there on

1231  
00:56:41,080 --> 00:56:39,090  
another site the UFO partisan blog was

1232  
00:56:45,890 --> 00:56:41,090  
writing about a very interesting

1233  
00:56:50,480 --> 00:56:45,900  
correlation between Roswell and the

1234  
00:56:54,470 --> 00:56:50,490  
development of using titanium in our

1235  
00:56:57,890 --> 00:56:54,480  
craft our you know like random strong

1236  
00:57:02,090 --> 00:56:57,900  
right and that prior to Roswell the

1237  
00:57:06,110 --> 00:57:02,100  
production of titanium was very very low

1238  
00:57:08,990 --> 00:57:06,120

and after Roswell it it jumped like a

1239

00:57:12,710 --> 00:57:09,000

thousand times over and it was after

1240

00:57:15,560 --> 00:57:12,720

Roswell that titanium began being used

1241

00:57:18,590 --> 00:57:15,570

in craft that would manufactured on

1242

00:57:20,600 --> 00:57:18,600

earth and that this person posits and

1243

00:57:22,310 --> 00:57:20,610

it's you know it's just a theory but

1244

00:57:24,290 --> 00:57:22,320

it's an interesting it's interesting

1245

00:57:26,960 --> 00:57:24,300

enough to have caught my eye and have me

1246

00:57:31,550 --> 00:57:26,970

repeating it this is the UFO partisan

1247

00:57:34,810 --> 00:57:31,560

blog that it that they found titanium in

1248

00:57:38,090 --> 00:57:34,820

the manufacture of these very very light

1249

00:57:39,290 --> 00:57:38,100

craft that was apparently found at

1250

00:57:42,500 --> 00:57:39,300

Roswell just

1251  
00:57:45,470 --> 00:57:42,510  
to throw that out there to you not to

1252  
00:57:48,200 --> 00:57:45,480  
mention the what is that the transistors

1253  
00:57:50,990 --> 00:57:48,210  
and other things and cables and

1254  
00:57:53,990 --> 00:57:51,000  
touchscreens and everything else that

1255  
00:57:56,900 --> 00:57:54,000  
they also feel that we're back

1256  
00:58:00,080 --> 00:57:56,910  
engineered at Roswell what was such a

1257  
00:58:01,640 --> 00:58:00,090  
that man's name he's he worked for Gen I

1258  
00:58:04,160 --> 00:58:01,650  
didn't know terrible I'm having a moment

1259  
00:58:06,500 --> 00:58:04,170  
here he wrote the book and then he was

1260  
00:58:08,600 --> 00:58:06,510  
so discredited well I think Eyre there

1261  
00:58:13,970 --> 00:58:08,610  
was a problem there because the person

1262  
00:58:17,450 --> 00:58:13,980  
who wrote the book with him was bill

1263  
00:58:20,090 --> 00:58:17,460

birnes and bill burns apparently pushed

1264

00:58:22,670 --> 00:58:20,100

him to finish the book up prematurely or

1265

00:58:24,560 --> 00:58:22,680

brush the alleys too for so he was quite

1266

00:58:26,930 --> 00:58:24,570

ill I think rush the galleys to

1267

00:58:29,600 --> 00:58:26,940

production and the gentleman did not get

1268

00:58:38,660 --> 00:58:29,610

to lie created his own world that's the

1269

00:58:41,870 --> 00:58:38,670

word that I get in any it was all about

1270

00:58:44,090 --> 00:58:41,880

back engineering from the crash and he

1271

00:58:46,370 --> 00:58:44,100

had been affiliated with the general in

1272

00:58:48,380 --> 00:58:46,380

the army and supposedly the back

1273

00:58:52,970 --> 00:58:48,390

engineering contracts were given out to

1274

00:58:54,950 --> 00:58:52,980

various companies it's very a very it's

1275

00:58:56,960 --> 00:58:54,960

a theory so theory it's an interesting

1276

00:58:59,510 --> 00:58:56,970

theory but there are what I will say for

1277

00:59:01,880 --> 00:58:59,520

the theory proven it what I will say for

1278

00:59:05,780 --> 00:59:01,890

the theory is simply that there are a

1279

00:59:08,210 --> 00:59:05,790

lot of ends like a lot of loose ends

1280

00:59:10,070 --> 00:59:08,220

there that haven't been proven to my

1281

00:59:11,780 --> 00:59:10,080

mind one way or the other though people

1282

00:59:14,420 --> 00:59:11,790

will characterize this gentleman as

1283

00:59:16,610 --> 00:59:14,430

having lied about it for some reason

1284

00:59:18,710 --> 00:59:16,620

yeah I just that that's the part I don't

1285

00:59:21,560 --> 00:59:18,720

I mean they may or may not have been

1286

00:59:23,990 --> 00:59:21,570

back engineered but I really find it

1287

00:59:25,910 --> 00:59:24,000

difficult to believe that he lied on no

1288

00:59:28,040 --> 00:59:25,920

I I don't know maybe I'm wrong too maybe

1289

00:59:30,920 --> 00:59:28,050

I have too much faith in humanity but I

1290

00:59:33,830 --> 00:59:30,930

I do feel that he was pretty honorable

1291

00:59:36,410 --> 00:59:33,840

so hang in there a moment okay and we're

1292

00:59:38,300 --> 00:59:36,420

gonna get mr. David B ed neon Allah well

1293

00:59:40,880 --> 00:59:38,310

could you in the meantime could you just

1294

00:59:42,320 --> 00:59:40,890

tell us what the alien slides are that

1295

00:59:47,030 --> 00:59:42,330

we're referring to um

1296

00:59:52,130 --> 00:59:47,040

well as as as well I remember it there

1297

00:59:52,970 --> 00:59:52,140

were two slides that were found near

1298

00:59:55,340 --> 00:59:52,980

Rose

1299

00:59:56,930 --> 00:59:55,350

well in someone at least in the

1300

00:59:59,480 --> 00:59:56,940

southwest might have been you know a

1301  
01:00:03,520 --> 00:59:59,490  
couple hundred miles from Roswell in the

1302  
01:00:06,980 --> 01:00:03,530  
southwest in an estate in a trunk and

1303  
01:00:10,070 --> 01:00:06,990  
somehow that the quote-unquote Roswell

1304  
01:00:12,650 --> 01:00:10,080  
dream team got their hands on it but it

1305  
01:00:14,690 --> 01:00:12,660  
wasn't really their provenance and they

1306  
01:00:17,180 --> 01:00:14,700  
were going to present these slides to

1307  
01:00:21,710 --> 01:00:17,190  
the world at some juncture and then a

1308  
01:00:25,970 --> 01:00:21,720  
Mexican man named Jaime Masson who is

1309  
01:00:28,370 --> 01:00:25,980  
known in the UFO world kind of decided

1310  
01:00:32,090 --> 01:00:28,380  
to sort of grandstand the situation and

1311  
01:00:35,570 --> 01:00:32,100  
charge people money in Mexico City to

1312  
01:00:39,530 --> 01:00:35,580  
see the slides and also to if you wanted

1313  
01:00:42,920 --> 01:00:39,540

like a satellite feed like you could see

1314

01:00:46,130 --> 01:00:42,930

the thing on television cable and that

1315

01:00:47,420 --> 01:00:46,140

was more money and so that's what it's

1316

01:00:50,330 --> 01:00:47,430

all about

1317

01:00:53,140 --> 01:00:50,340

okay and it was sort of like on based on

1318

01:00:59,740 --> 01:00:53,150

the old alien autopsy type thing every

1319

01:01:03,230 --> 01:00:59,750

slide yes well which it was used

1320

01:01:06,230 --> 01:01:03,240

apparently there were pictures of a

1321

01:01:09,140 --> 01:01:06,240

being that was proclaimed to be not a

1322

01:01:11,390 --> 01:01:09,150

human being I see and they they have

1323

01:01:15,890 --> 01:01:11,400

since been revealed

1324

01:01:19,599 --> 01:01:15,900

since the Mexico debacle occurred okay

1325

01:01:25,910 --> 01:01:23,420

hello Kate Valentine here along with

1326

01:01:28,849 --> 01:01:25,920

Ferruccio and you are on shattered

1327

01:01:31,940 --> 01:01:28,859

reality hey hey guys create talk to you

1328

01:01:34,460 --> 01:01:31,950

again good afternoon and Kate you're a

1329

01:01:36,440 --> 01:01:34,470

little low am I really okay yeah I can

1330

01:01:39,740 --> 01:01:36,450

barely hear you okay does that sound

1331

01:01:42,800 --> 01:01:39,750

better no no okay well I'll let

1332

01:01:47,750 --> 01:01:42,810

Ferruccio talk to you and then build off

1333

01:01:49,550 --> 01:01:47,760

the feed on this side so David we're

1334

01:01:53,859 --> 01:01:49,560

having you on today to do a little

1335

01:01:57,440 --> 01:01:53,869

opinion piece about the slides that were

1336

01:02:01,760 --> 01:01:57,450

pro mode by the so called Roswell dream

1337

01:02:12,680 --> 01:02:01,770

team and you turned into a media circus

1338

01:02:14,450 --> 01:02:12,690

by Jaime masa this is this is a real I

1339

01:02:17,120 --> 01:02:14,460

think it's a really basic kind of a

1340

01:02:19,370 --> 01:02:17,130

situation there's been all of this

1341

01:02:23,920 --> 01:02:19,380

debate in all of this discussion and all

1342

01:02:27,020 --> 01:02:23,930

of this finger-pointing about the

1343

01:02:30,140 --> 01:02:27,030

supposedly slides the idea that these

1344

01:02:32,660 --> 01:02:30,150

things showed some sort of an alien

1345

01:02:36,830 --> 01:02:32,670

being that somehow the quote-unquote

1346

01:02:38,900 --> 01:02:36,840

researchers were behind this scam and I

1347

01:02:42,830 --> 01:02:38,910

firmly firmly in the belief that it was

1348

01:02:44,000 --> 01:02:42,840

a complete financial scam I'll just that

1349

01:02:46,280 --> 01:02:44,010

just a moment

1350

01:02:49,400 --> 01:02:46,290

they basically promoted a whole series

1351  
01:02:52,550 --> 01:02:49,410  
of what are I guess you'd have to call

1352  
01:02:55,700 --> 01:02:52,560  
lies about this thing these these pair

1353  
01:02:57,560 --> 01:02:55,710  
of slides that ultimately as I've

1354  
01:03:00,620 --> 01:02:57,570  
discussed many times in the past a

1355  
01:03:03,109 --> 01:03:00,630  
variety of in a variety of venues even

1356  
01:03:06,140 --> 01:03:03,119  
if even if these slides these few slides

1357  
01:03:08,240 --> 01:03:06,150  
had legitimately shown a non-human

1358  
01:03:09,710 --> 01:03:08,250  
entity let's assume for a moment that

1359  
01:03:12,290 --> 01:03:09,720  
that would have been the case that

1360  
01:03:15,320 --> 01:03:12,300  
there'd be some way to prove that could

1361  
01:03:17,870 --> 01:03:15,330  
be no way to tie those entities to

1362  
01:03:21,290 --> 01:03:17,880  
anything at Roswell that was purely

1363  
01:03:24,830 --> 01:03:21,300

conjecture and fabrication meanwhile if

1364

01:03:26,599 --> 01:03:24,840

we dig down deeper we discover that the

1365

01:03:28,640 --> 01:03:26,609

people who were holding these slides and

1366

01:03:31,849 --> 01:03:28,650

this the problem of this goes back to

1367

01:03:33,800 --> 01:03:31,859

provenance the person who came forward

1368

01:03:37,310 --> 01:03:33,810

with these things this character Adam do

1369

01:03:38,750 --> 01:03:37,320

who had clear financial motives for

1370

01:03:40,670 --> 01:03:38,760

doing this the guy was working in a

1371

01:03:42,200 --> 01:03:40,680

documentary about these things called

1372

01:03:45,140 --> 01:03:42,210

Kodachrome

1373

01:03:47,620 --> 01:03:45,150

I think that's named the documentary he

1374

01:03:49,910 --> 01:03:47,630

basically approaches these quote-unquote

1375

01:03:52,580 --> 01:03:49,920

researchers and that's my first problem

1376

01:03:56,359 --> 01:03:52,590

the fact that the people who were sort

1377

01:04:00,230 --> 01:03:56,369

of primary promoters of this hoax this

1378

01:04:02,599 --> 01:04:00,240

this fraudulent situation these guys

1379

01:04:05,000 --> 01:04:02,609

Kerry and Schmidt both of whom I've had

1380

01:04:08,060 --> 01:04:05,010

personal experiences with on the parrot

1381

01:04:10,670 --> 01:04:08,070

cast and my former podcast about these

1382

01:04:12,440 --> 01:04:10,680

topics and one on one I knew that both

1383

01:04:16,700 --> 01:04:12,450

of these guys were basically

1384

01:04:19,040 --> 01:04:16,710

about as honest as george w bush it what

1385

01:04:22,490 --> 01:04:19,050

they were these guys already had very

1386

01:04:25,630 --> 01:04:22,500

very colored paths as far as their

1387

01:04:28,520 --> 01:04:25,640

veracity as quote-unquote researchers

1388

01:04:30,260 --> 01:04:28,530

when you then bring up the name hi me

1389

01:04:33,860 --> 01:04:30,270

mouse on someone i've had extensive

1390

01:04:38,270 --> 01:04:33,870

experience with a guy who is well known

1391

01:04:43,250 --> 01:04:38,280

for promoting and specifically making

1392

01:04:45,950 --> 01:04:43,260

all sorts of money on pushing fraudulent

1393

01:04:48,680 --> 01:04:45,960

cases and fraudulent evidence except

1394

01:04:50,390 --> 01:04:48,690

that he knows his nonsense he was the

1395

01:04:53,420 --> 01:04:50,400

one who then got involved in putting

1396

01:04:55,970 --> 01:04:53,430

together this event in mexico city by

1397

01:04:58,310 --> 01:04:55,980

the way and again not just i I hate to

1398

01:05:01,130 --> 01:04:58,320

sort of harp on these humanistic points

1399

01:05:04,940 --> 01:05:01,140

but I think it's really important to to

1400

01:05:07,220 --> 01:05:04,950

get our brains around the fact that for

1401

01:05:10,130 --> 01:05:07,230

many people the primary interface to

1402

01:05:13,090 --> 01:05:10,140

these topics are these people these

1403

01:05:17,360 --> 01:05:13,100

people who promote themselves as

1404

01:05:19,550 --> 01:05:17,370

researchers as scientists as students of

1405

01:05:21,950 --> 01:05:19,560

this these topics who really as it turns

1406

01:05:25,580 --> 01:05:21,960

out are nothing more than Barker's that

1407

01:05:27,920 --> 01:05:25,590

promoters their salesmen the the way

1408

01:05:29,840 --> 01:05:27,930

they behave is not like researchers it's

1409

01:05:33,950 --> 01:05:29,850

like people who are doing commerce who

1410

01:05:37,510 --> 01:05:33,960

are doing business on this event in

1411

01:05:41,030 --> 01:05:37,520

Mexico City which apparently based on

1412

01:05:43,100 --> 01:05:41,040

relatively credible sources somewhere

1413

01:05:46,070 --> 01:05:43,110

around seven thousand people showed up

1414

01:05:47,960 --> 01:05:46,080

to this thing and paid real money to get

1415

01:05:50,750 --> 01:05:47,970

into this event an event that was being

1416

01:05:54,140 --> 01:05:50,760

promoted by honey mass on on his own

1417

01:05:55,550 --> 01:05:54,150

media network down there as the thing

1418

01:05:57,350 --> 01:05:55,560

that was going to change the face of

1419

01:06:00,370 --> 01:05:57,360

humanity is going to change the course

1420

01:06:04,010 --> 01:06:00,380

of history meanwhile somewhere around

1421

01:06:07,940 --> 01:06:04,020

7,000 people paid from sixty five

1422

01:06:10,670 --> 01:06:07,950

dollars to a few hundred dollars to sit

1423

01:06:12,410 --> 01:06:10,680

in the audience this was beyond the fact

1424

01:06:14,990 --> 01:06:12,420

that they were charging \$20 for

1425

01:06:17,750 --> 01:06:15,000

streaming of this thing it's five hour

1426

01:06:20,060 --> 01:06:17,760

presentation where they left the reveal

1427

01:06:22,880 --> 01:06:20,070

these slides to the very end you know I

1428

01:06:25,420 --> 01:06:22,890

did a little bit of basic math and on

1429

01:06:28,359 --> 01:06:25,430

the low end let's say that of the

1430

01:06:30,309 --> 01:06:28,369

7,000 people he comped or gave free

1431

01:06:32,530 --> 01:06:30,319

access to let's say a thousand of them

1432

01:06:34,630 --> 01:06:32,540

let's say he had a thousand friends and

1433

01:06:37,510 --> 01:06:34,640

people he wanted to be there let's say

1434

01:06:39,790 --> 01:06:37,520

five thousand people five thousand

1435

01:06:42,280 --> 01:06:39,800

people actually paid and let's for a

1436

01:06:44,920 --> 01:06:42,290

moment average that out and let's say

1437

01:06:48,250 --> 01:06:44,930

five thousand people paid what is

1438

01:06:50,020 --> 01:06:48,260

probably a low-end average let's call it

1439

01:06:51,280 --> 01:06:50,030

seventy five dollars because again some

1440

01:06:54,099 --> 01:06:51,290

of these tickets were a few hundred

1441

01:06:56,260 --> 01:06:54,109

bucks but 5,000 people at seventy five

1442

01:06:59,710 --> 01:06:56,270

dollars is three hundred and seventy

1443

01:07:01,359 --> 01:06:59,720

five thousand dollars that's it that's

1444

01:07:06,370 --> 01:07:01,369

just the people who walked in the hall

1445

01:07:08,680 --> 01:07:06,380

that's not counting the livestream stuff

1446

01:07:10,599 --> 01:07:08,690

and we're not talking about an event

1447

01:07:13,720 --> 01:07:10,609

that took hundreds of thousands of

1448

01:07:16,480 --> 01:07:13,730

dollars to put together folks so you had

1449

01:07:19,540 --> 01:07:16,490

these people who basically had a clear

1450

01:07:22,240 --> 01:07:19,550

commercial motive made a serious amount

1451

01:07:24,609 --> 01:07:22,250

of money on this well when it's all said

1452

01:07:26,260 --> 01:07:24,619

and done I'm sure jaime maussan pocketed

1453

01:07:27,970 --> 01:07:26,270

at the least a couple of hundred

1454

01:07:31,210 --> 01:07:27,980

thousand dollars for what was

1455

01:07:33,190 --> 01:07:31,220

effectively a day of presentations you

1456

01:07:35,770 --> 01:07:33,200

know it we constantly hear that nobody

1457

01:07:37,480 --> 01:07:35,780

makes money in this field but if you do

1458

01:07:39,910 --> 01:07:37,490

any kind of due diligence on Jaime

1459

01:07:42,640 --> 01:07:39,920

mouths son you find that he's got this

1460

01:07:45,760 --> 01:07:42,650

production company in Mexico City or

1461

01:07:49,329 --> 01:07:45,770

he's got multiple employees the guy

1462

01:07:52,690 --> 01:07:49,339

likes to put forward videos out there of

1463

01:07:54,819 --> 01:07:52,700

his beautiful mansion outside of Mexico

1464

01:07:56,500 --> 01:07:54,829

City sitting on how many acres of

1465

01:08:01,150 --> 01:07:56,510

pristine property property this

1466

01:08:03,280 --> 01:08:01,160

beautiful place he's doing very well for

1467

01:08:04,900 --> 01:08:03,290

himself and this is something that

1468

01:08:08,020 --> 01:08:04,910

anybody who does any kind of due

1469

01:08:10,049 --> 01:08:08,030

diligence on him realizes much less

1470

01:08:13,059 --> 01:08:10,059

people who put themselves forward as

1471

01:08:16,780 --> 01:08:13,069

researchers or and this is my particular

1472

01:08:19,930 --> 01:08:16,790

pet peeve the quote unquote historian

1473

01:08:23,620 --> 01:08:19,940

associated with this a guy who has now

1474

01:08:25,900 --> 01:08:23,630

been spending a week backpedaling trying

1475

01:08:27,430 --> 01:08:25,910

to claim that this was all and his

1476

01:08:30,519 --> 01:08:27,440

participation was in the name of

1477

01:08:32,439 --> 01:08:30,529

academic research and also brazenly

1478

01:08:35,709 --> 01:08:32,449

stated stating that he would not in any

1479

01:08:38,349 --> 01:08:35,719

way apologize for his participation what

1480

01:08:42,519 --> 01:08:38,359

it really does is it makes it

1481

01:08:44,410 --> 01:08:42,529

certainly to the average person that no

1482

01:08:47,289 --> 01:08:44,420

one can be trusted in the realm of

1483

01:08:49,840 --> 01:08:47,299

ufology there are now many reasons to

1484

01:08:52,410 --> 01:08:49,850

have severe strong distrust of all of

1485

01:08:56,320 --> 01:08:52,420

these players and when I find especially

1486

01:08:58,510 --> 01:08:56,330

disturbing is how the field in many ways

1487

01:09:01,059 --> 01:08:58,520

tries to approach this topic with

1488

01:09:04,450 --> 01:09:01,069

enlightened thinking and tries to

1489

01:09:06,820 --> 01:09:04,460

basically accept these people as flawed

1490

01:09:10,780 --> 01:09:06,830

human beings that didn't know what they

1491

01:09:12,849 --> 01:09:10,790

were doing they made honest mistakes I'm

1492

01:09:14,649 --> 01:09:12,859

sorry it must be the fact that I'm a New

1493

01:09:18,099 --> 01:09:14,659

Yorker I see right through this stuff

1494

01:09:19,990 --> 01:09:18,109

and these are people who all all of the

1495

01:09:22,660 --> 01:09:20,000

people involved in this have

1496

01:09:25,019 --> 01:09:22,670

questionable backgrounds all of them all

1497

01:09:28,180 --> 01:09:25,029

of them have questionable histories on

1498

01:09:30,459 --> 01:09:28,190

this idea that they fed on these

1499

01:09:33,340 --> 01:09:30,469

high-resolution slides for years and

1500

01:09:35,229 --> 01:09:33,350

nobody actually could tell what was on

1501

01:09:39,070 --> 01:09:35,239

the placard that once they actually

1502

01:09:42,789 --> 01:09:39,080

released an actual image to analyze to

1503

01:09:45,430 --> 01:09:42,799

the world it took a couple of days for a

1504

01:09:49,660 --> 01:09:45,440

group of researchers to handily debunk

1505

01:09:51,129 --> 01:09:49,670

this thing as what it many of us were

1506

01:09:54,039 --> 01:09:51,139

saying all along it was clearly

1507

01:09:55,750 --> 01:09:54,049

obviously even to an untrained eye it

1508

01:09:58,060 --> 01:09:55,760

was a mummy

1509

01:10:01,479 --> 01:09:58,070

it wasn't an extraterrestrial and I had

1510

01:10:03,550 --> 01:10:01,489

heard the quote-unquote historian on a

1511

01:10:05,950 --> 01:10:03,560

popular extremely popular probably the

1512

01:10:09,189 --> 01:10:05,960

most popular radio show on this topic a

1513

01:10:11,140 --> 01:10:09,199

day or two after the event still talking

1514

01:10:14,890 --> 01:10:11,150

about how he found the image is so

1515

01:10:17,590 --> 01:10:14,900

compelling he's not a historian ok the

1516

01:10:19,629 --> 01:10:17,600

guy is a writer the people who claim to

1517

01:10:21,729 --> 01:10:19,639

be researchers who were involved in the

1518

01:10:24,310 --> 01:10:21,739

situation in Mexico City they're not

1519

01:10:27,310 --> 01:10:24,320

researchers they're entertainers and

1520

01:10:30,370 --> 01:10:27,320

that's the problem with this field ok

1521

01:10:33,820 --> 01:10:30,380

people make this field into a full-time

1522

01:10:37,270 --> 01:10:33,830

living so they have a motivation to

1523

01:10:40,060 --> 01:10:37,280

basically keep people involved and that

1524

01:10:42,939 --> 01:10:40,070

means telling them any narrative they

1525

01:10:45,129 --> 01:10:42,949

think their audience wants to hear this

1526  
01:10:48,830 --> 01:10:45,139  
is not some kind of a new phenomenon

1527  
01:10:51,500 --> 01:10:48,840  
this is not some weird kind of a

1528  
01:10:54,530 --> 01:10:51,510  
of an exception that happened this one

1529  
01:10:57,830 --> 01:10:54,540  
time we see this situation the field of

1530  
01:11:00,260 --> 01:10:57,840  
ufology again and again and again and

1531  
01:11:03,080 --> 01:11:00,270  
people seem to have no collective memory

1532  
01:11:05,600 --> 01:11:03,090  
they or they're simply willing to

1533  
01:11:08,630 --> 01:11:05,610  
forgive these people any trespasses

1534  
01:11:11,630 --> 01:11:08,640  
because they want to believe like that

1535  
01:11:12,260 --> 01:11:11,640  
infamous poster from the old TV show The

1536  
01:11:15,200 --> 01:11:12,270  
X Files

1537  
01:11:18,290 --> 01:11:15,210  
I want to believe showing an image of a

1538  
01:11:19,880 --> 01:11:18,300

billy meier model that's basically where

1539

01:11:22,190 --> 01:11:19,890

we're at and to me it's kind of

1540

01:11:26,990 --> 01:11:22,200

frustrating and I get very upset about

1541

01:11:29,330 --> 01:11:27,000

this because it ensures that anybody who

1542

01:11:31,900 --> 01:11:29,340

now for the next year wants to try to

1543

01:11:36,950 --> 01:11:31,910

discuss these things in a serious tone

1544

01:11:39,260 --> 01:11:36,960

will have to now answer to this Fiasco

1545

01:11:41,360 --> 01:11:39,270

and again the people who were promoting

1546

01:11:43,700 --> 01:11:41,370

this Fiasco the people who put it

1547

01:11:46,220 --> 01:11:43,710

forward the people who made it happen

1548

01:11:47,120 --> 01:11:46,230

they all made out financially numbers

1549

01:11:49,190 --> 01:11:47,130

don't lie

1550

01:11:52,250 --> 01:11:49,200

they made real money and we'll never

1551  
01:11:53,270 --> 01:11:52,260  
know how that money was split up follow

1552  
01:11:57,410 --> 01:11:53,280  
the money

1553  
01:12:00,530 --> 01:11:57,420  
well every single time this is something

1554  
01:12:03,260 --> 01:12:00,540  
that it becomes so clear when you study

1555  
01:12:05,720 --> 01:12:03,270  
any aspect of politics or sociology or

1556  
01:12:10,010 --> 01:12:05,730  
history follow the money the money tells

1557  
01:12:11,480 --> 01:12:10,020  
you what's going on um it's extremely

1558  
01:12:13,520 --> 01:12:11,490  
frustrating to me and yet again

1559  
01:12:17,030 --> 01:12:13,530  
something I think I said when I was on

1560  
01:12:18,410 --> 01:12:17,040  
your show before ladies um when people

1561  
01:12:19,610 --> 01:12:18,420  
don't have their own personal

1562  
01:12:21,590 --> 01:12:19,620  
experiences and they're involved with

1563  
01:12:23,810 --> 01:12:21,600

the stuff one always has to question

1564

01:12:25,340 --> 01:12:23,820

their motivation I don't think saying

1565

01:12:26,900 --> 01:12:25,350

people get involved with these things

1566

01:12:30,620 --> 01:12:26,910

with these topics without having

1567

01:12:33,380 --> 01:12:30,630

personal experiences maybe they're sane

1568

01:12:35,180 --> 01:12:33,390

and just greedy when in this case I

1569

01:12:37,310 --> 01:12:35,190

think that the motivations of the

1570

01:12:39,110 --> 01:12:37,320

primary players and again the historian

1571

01:12:42,080 --> 01:12:39,120

in this I tried to distance himself from

1572

01:12:45,320 --> 01:12:42,090

it and try to make believe that oh it's

1573

01:12:49,160 --> 01:12:45,330

all fine I'm a researcher and I was

1574

01:12:51,320 --> 01:12:49,170

innocent in all of this no no this if if

1575

01:12:54,230 --> 01:12:51,330

nothing else anybody who studies this

1576

01:12:56,510 --> 01:12:54,240

field understands the notion of guilt by

1577

01:12:57,710 --> 01:12:56,520

association and the person who I'm

1578

01:12:58,940 --> 01:12:57,720

referring to you've noticed I've not

1579

01:13:00,320 --> 01:12:58,950

mentioned his name

1580

01:13:02,240 --> 01:13:00,330

anybody who's really interested in these

1581

01:13:04,460 --> 01:13:02,250

topics can easily find out who all of

1582

01:13:07,670 --> 01:13:04,470

these players are none of these people

1583

01:13:14,290 --> 01:13:07,680

should ever be trusted again not that I

1584

01:13:19,340 --> 01:13:16,490

well you know it's a good point

1585

01:13:23,990 --> 01:13:19,350

and honestly it we just had Andrew

1586

01:13:26,930 --> 01:13:24,000

danciger on he was an airline captain in

1587

01:13:29,120 --> 01:13:26,940

the 737 he saw this object he's

1588

01:13:31,040 --> 01:13:29,130

definitely not making any money on it

1589

01:13:33,140 --> 01:13:31,050

has probably been somewhat detrimental

1590

01:13:34,910 --> 01:13:33,150

to his career and it just reports what

1591

01:13:35,810 --> 01:13:34,920

he saw that's it he didn't come to any

1592

01:13:37,850 --> 01:13:35,820

conclusions

1593

01:13:40,670 --> 01:13:37,860

and that's what you like just this

1594

01:13:42,620 --> 01:13:40,680

collection of data that hopefully one

1595

01:13:45,170 --> 01:13:42,630

day you'll get enough where the truth

1596

01:13:47,870 --> 01:13:45,180

emerges from all this stuff but those

1597

01:13:49,850 --> 01:13:47,880

slides are I mean I took a look at him

1598

01:13:57,110 --> 01:13:49,860

and I went now a four year old boy

1599

01:13:58,670 --> 01:13:57,120

that's what's even say that you're quite

1600

01:14:03,770 --> 01:13:58,680

right let's say for some bizarre reason

1601

01:14:05,480 --> 01:14:03,780

it was an alien being well so okay so

1602

01:14:07,220 --> 01:14:05,490

what I mean again it's something that's

1603

01:14:10,700 --> 01:14:07,230

reported and it doesn't really mean

1604

01:14:13,610 --> 01:14:10,710

anything in and of itself but it was

1605

01:14:15,290 --> 01:14:13,620

quite human looking as we saw and I mean

1606

01:14:17,660 --> 01:14:15,300

maybe a little miss form but certainly

1607

01:14:20,840 --> 01:14:17,670

in their general realm of the human I

1608

01:14:23,600 --> 01:14:20,850

want to thank you very much David for or

1609

01:14:28,250 --> 01:14:23,610

you are fun giving us this opinion piece

1610

01:14:30,560 --> 01:14:28,260

in the in the we invite anybody to make

1611

01:14:36,140 --> 01:14:30,570

a rebuttal we simply invite them to make

1612

01:14:42,370 --> 01:14:36,150

a rebuttal but here we are shattered

1613

01:14:46,520 --> 01:14:42,380

reality a free and independent podcast

1614

01:14:50,480 --> 01:14:46,530

unencumbered by Big Brother mm-hmm so

1615

01:14:51,920 --> 01:14:50,490

Feynman yes David thank you again so

1616

01:14:52,700 --> 01:14:51,930

much it's always a great thanks so much

1617

01:14:56,630 --> 01:14:52,710

really

1618

01:14:58,880 --> 01:14:56,640

sure sure ladies okay bye-bye well I

1619

01:15:02,240 --> 01:14:58,890

guess that sort of wraps it up for today

1620

01:15:04,550 --> 01:15:02,250

and yeah next we citing guests yeah you

1621

01:15:07,700 --> 01:15:04,560

really and speaking of following the

1622

01:15:10,640 --> 01:15:07,710

money next week we are going to have the

1623

01:15:12,060 --> 01:15:10,650

expert on that miss Ellen Brown who is

1624

01:15:15,120 --> 01:15:12,070

quite the economist

1625

01:15:19,170 --> 01:15:15,130

and has published a book web of debt and

1626

01:15:22,290 --> 01:15:19,180

in which she explains how large banking

1627

01:15:24,420 --> 01:15:22,300

cartels can control the world since

1628

01:15:27,180 --> 01:15:24,430

money does indeed make the world go

1629

01:15:30,780 --> 01:15:27,190

round and she will tell us how that

1630

01:15:33,060 --> 01:15:30,790

happens and how it is possible to get

1631

01:15:34,680 --> 01:15:33,070

off the world if you really want to but

1632

01:15:38,280 --> 01:15:34,690

the Ellen Brown will be with us next

1633

01:15:41,640 --> 01:15:38,290

week the author of web of debt among all

1634

01:15:43,890 --> 01:15:41,650

other books as well okay so long this is

1635

01:16:02,370 --> 01:15:43,900

for Russia and this is Kate Valentine

1636

01:16:10,660 --> 01:16:05,860

welcome to shattered reality with their

1637

01:16:13,390 --> 01:16:10,670

hosts Kate Valentine and furs prepare to

1638

01:16:17,470 --> 01:16:13,400

have your paradigms shifted in the
