

1
00:00:23,759 --> 00:00:20,170
welcome to shattered reality with your

2
00:00:26,739 --> 00:00:23,769
hosts kate valentine and Farrugia

3
00:00:31,779 --> 00:00:26,749
prepare to have your paradigms shifted

4
00:00:35,979 --> 00:00:31,789
into truths questioned and now shattered

5
00:00:38,290 --> 00:00:35,989
reality why thanks for tuning in this is

6
00:00:41,470 --> 00:00:38,300
Kate Valentine and this is for Russia

7
00:00:44,500 --> 00:00:41,480
and we are most honored today to have as

8
00:00:46,959 --> 00:00:44,510
our guests miss Ellen Hodgson Brown she

9
00:00:49,779 --> 00:00:46,969
has written several books 11 actually

10
00:00:52,900 --> 00:00:49,789
the one will be discussing today is the

11
00:00:57,040 --> 00:00:52,910
one I certainly find incredibly

12
00:01:00,849 --> 00:00:57,050
important it's the web of debt and it's

13
00:01:03,579 --> 00:01:00,859

also canoe title continues the shocking

14

00:01:05,920 --> 00:01:03,589

truth about our money system the sleight

15

00:01:10,120 --> 00:01:05,930

of hand that has trapped us in debt and

16

00:01:12,730 --> 00:01:10,130

how we can break free I will sail and

17

00:01:14,350 --> 00:01:12,740

are you not only described the problems

18

00:01:16,749 --> 00:01:14,360

in the system you're one of the few

19

00:01:18,789 --> 00:01:16,759

authors that describe how to get out of

20

00:01:21,490 --> 00:01:18,799

it and I thank you so much for having

21

00:01:23,679 --> 00:01:21,500

written this book oh thanks yeah I

22

00:01:25,240 --> 00:01:23,689

always try to give solutions because you

23

00:01:27,399 --> 00:01:25,250

can get pretty depressed thinking about

24

00:01:28,810 --> 00:01:27,409

very kind of me unless you start

25

00:01:30,249 --> 00:01:28,820

thinking about well how do we get out of

26

00:01:33,399 --> 00:01:30,259

this I mean you have to think outside

27

00:01:36,370 --> 00:01:33,409

the box just inside the box we're sort

28

00:01:38,319 --> 00:01:36,380

of in deep trouble we're stuck in there

29

00:01:41,020 --> 00:01:38,329

and I'll tell you you know the subtitle

30

00:01:44,050 --> 00:01:41,030

of this show is to get your paradigm

31

00:01:48,190 --> 00:01:44,060

shifted and nothing is a shifting a

32

00:01:49,719 --> 00:01:48,200

paradigm as your books on its I just

33

00:01:51,520 --> 00:01:49,729

want to say one thing before we start

34

00:01:54,490 --> 00:01:51,530

that it's vital absolutely vital for

35

00:01:56,920 --> 00:01:54,500

anybody listening to this show to do

36

00:01:59,950 --> 00:01:56,930

yourself do your family a favor go out

37

00:02:01,630 --> 00:01:59,960

get this book web of debt read it

38

00:02:04,929 --> 00:02:01,640

understand it and then do something

39

00:02:07,090 --> 00:02:04,939

about it so Ellen anyway the way you

40

00:02:10,330 --> 00:02:07,100

described this and I find it very good

41

00:02:12,790 --> 00:02:10,340

as you use frank Baum's analogy of The

42

00:02:15,759 --> 00:02:12,800

Wizard of Oz and you sort of follow that

43

00:02:17,650 --> 00:02:15,769

through how could you just tell our

44

00:02:19,550 --> 00:02:17,660

listeners how you happen to pick the

45

00:02:21,830 --> 00:02:19,560

wizard of oz

46

00:02:23,960 --> 00:02:21,840

well the Wizard of Oz is actually

47

00:02:27,380 --> 00:02:23,970

written as a monetary allegory in the

48

00:02:29,000 --> 00:02:27,390

1890s and in fact that was what problems

49

00:02:30,650 --> 00:02:29,010

when I discovered that that was what

50

00:02:32,270 --> 00:02:30,660

prompted me to write this book I mean I

51
00:02:33,890 --> 00:02:32,280
was always quite interested in the

52
00:02:35,930 --> 00:02:33,900
subject and I had done a lot of research

53
00:02:39,080 --> 00:02:35,940
in it but I didn't really know what I

54
00:02:40,670 --> 00:02:39,090
could say that would be unique and you

55
00:02:44,750 --> 00:02:40,680
know make it more interesting than your

56
00:02:46,460 --> 00:02:44,760
average dry as a moment textbook until I

57
00:02:50,600 --> 00:02:46,470
discovered that about the wizard of us

58
00:02:53,000 --> 00:02:50,610
so in the 1890s there was there was a

59
00:02:55,250 --> 00:02:53,010
depression that was quite like the

60
00:02:58,070 --> 00:02:55,260
depression of the 1930s almost as bad

61
00:02:59,780 --> 00:02:58,080
and before that at that time they didn't

62
00:03:02,120 --> 00:02:59,790
have social security i mean people were

63
00:03:04,550 --> 00:03:02,130

just if you were out of work you were

64

00:03:07,910 --> 00:03:04,560

sleeping in barns that were you know

65

00:03:10,400 --> 00:03:07,920

just out in the street so conditions

66

00:03:15,170 --> 00:03:10,410

were quite bad and there was a movement

67

00:03:17,630 --> 00:03:15,180

to a restore the greenback system of

68

00:03:21,920 --> 00:03:17,640

Abraham Lincoln so the original money

69

00:03:23,509 --> 00:03:21,930

system of the American colonies was to

70

00:03:25,940 --> 00:03:23,519

just issue their own money they just

71

00:03:27,949 --> 00:03:25,950

printed this paper script which were

72

00:03:30,110 --> 00:03:27,959

basically receipts from the government

73

00:03:31,819 --> 00:03:30,120

acknowledging that Goods their services

74

00:03:35,390 --> 00:03:31,829

had been delivered to the government and

75

00:03:38,090 --> 00:03:35,400

that and that the recipient had received

76
00:03:42,500 --> 00:03:38,100
something or had given something to the

77
00:03:44,809 --> 00:03:42,510
collective goodwill and we was do that

78
00:03:47,420 --> 00:03:44,819
in return so those receipts traded in

79
00:03:49,940 --> 00:03:47,430
the community and what allowed them to

80
00:03:52,520 --> 00:03:49,950
keep their value is that they were

81
00:03:54,860 --> 00:03:52,530
acceptable in payment of taxes and

82
00:03:57,080 --> 00:03:54,870
that's actually what people think our

83
00:04:00,020 --> 00:03:57,090
money is today you see the pictures of

84
00:04:01,849 --> 00:04:00,030
the presidents and on you know on the

85
00:04:02,990 --> 00:04:01,859
coins and the dollar bills and you think

86
00:04:05,629 --> 00:04:03,000
that money is issued by the government

87
00:04:07,670 --> 00:04:05,639
but very little of our money is actually

88
00:04:10,129 --> 00:04:07,680

issued by the government today most of

89

00:04:12,890 --> 00:04:10,139

it is created by private banks when they

90

00:04:16,960 --> 00:04:12,900

make loans and that means that we're

91

00:04:22,460 --> 00:04:16,970

paying tribute to a private monopoly

92

00:04:24,500 --> 00:04:22,470

basically or Oleg opoly that did not

93

00:04:25,790 --> 00:04:24,510

have the money in the first place I mean

94

00:04:28,250 --> 00:04:25,800

you might think all right it's their

95

00:04:30,110 --> 00:04:28,260

money is there gold or whatever and we

96

00:04:32,240 --> 00:04:30,120

want to borrow it so okay we owe them

97

00:04:33,140 --> 00:04:32,250

some interest fair enough but it wasn't

98

00:04:35,090 --> 00:04:33,150

even their money and if

99

00:04:37,730 --> 00:04:35,100

restless they actually create the money

100

00:04:41,170 --> 00:04:37,740

on their books and they created as loans

101
00:04:43,310 --> 00:04:41,180
this was acknowledged a year ago by the

102
00:04:45,530 --> 00:04:43,320
bank of england where they wrote in

103
00:04:47,030 --> 00:04:45,540
their quarterly report because it's you

104
00:04:49,160 --> 00:04:47,040
know people have been debating this for

105
00:04:51,200 --> 00:04:49,170
years but they said contrary to popular

106
00:04:52,910 --> 00:04:51,210
belief banks do not lend their two

107
00:04:54,050 --> 00:04:52,920
closets in other words they're not even

108
00:04:55,790 --> 00:04:54,060
lending their own money they're not

109
00:04:58,460 --> 00:04:55,800
letting our money either as most people

110
00:05:01,670 --> 00:04:58,470
think they actually create deposits in

111
00:05:05,840 --> 00:05:01,680
the process of making much yeah and i

112
00:05:07,910 --> 00:05:05,850
think one of the chief just just to get

113
00:05:10,180 --> 00:05:07,920

into its the Federal Reserve System I

114

00:05:12,350 --> 00:05:10,190

think if nothing else comes out of this

115

00:05:14,510 --> 00:05:12,360

people have to understand that the

116

00:05:16,490 --> 00:05:14,520

federal reserve system is not federal

117

00:05:19,700 --> 00:05:16,500

has nothing to do with the government

118

00:05:21,830 --> 00:05:19,710

and it has no reserves whatsoever it is

119

00:05:24,110 --> 00:05:21,840

just owned by several commercial banks

120

00:05:26,780 --> 00:05:24,120

and it prints money for this country and

121

00:05:28,730 --> 00:05:26,790

as such more or less controls almost

122

00:05:31,010 --> 00:05:28,740

everything and I think that's where

123

00:05:33,530 --> 00:05:31,020

people that listen to the show out of

124

00:05:35,750 --> 00:05:33,540

the conspiracy theorists that's where

125

00:05:37,790 --> 00:05:35,760

they you know it's always like follow

126

00:05:39,910 --> 00:05:37,800

the money follow the money and that's

127

00:05:42,800 --> 00:05:39,920

the yellow brick road if you will of

128

00:05:45,440 --> 00:05:42,810

conspiracy theorists and you bring this

129

00:05:48,170 --> 00:05:45,450

to light I mean I never realized that

130

00:05:52,010 --> 00:05:48,180

banks actually no longer have money I

131

00:05:56,120 --> 00:05:52,020

have I have a question okay just on the

132

00:05:59,810 --> 00:05:56,130

sideline here you mentioned the Wizard

133

00:06:02,420 --> 00:05:59,820

of Oz and they're being of it being an

134

00:06:04,840 --> 00:06:02,430

allegory so to speak of what was going

135

00:06:08,210 --> 00:06:04,850

on in the day and you sort of went into

136

00:06:11,630 --> 00:06:08,220

you know at the time the 1890s and so

137

00:06:14,330 --> 00:06:11,640

forth but frank Baum wrote about eight

138

00:06:16,040 --> 00:06:14,340

books in the series The Wizard of Oz is

139

00:06:20,270 --> 00:06:16,050

there something to be found in each of

140

00:06:22,730 --> 00:06:20,280

them or just the first one well I didn't

141

00:06:25,010 --> 00:06:22,740

actually finish that story so so that

142

00:06:28,010 --> 00:06:25,020

the American colonists issued their own

143

00:06:30,260 --> 00:06:28,020

money then when we became a country that

144

00:06:33,140 --> 00:06:30,270

they issued it until King George forbade

145

00:06:34,910 --> 00:06:33,150

them to do it and then some commentators

146

00:06:37,220 --> 00:06:34,920

say that was the real reason for the

147

00:06:39,050 --> 00:06:37,230

American Revolution that they cut us off

148

00:06:43,130 --> 00:06:39,060

from issuing our own money we had to

149

00:06:47,090 --> 00:06:43,140

borrow from the bank of england and we

150

00:06:49,220 --> 00:06:47,100

didn't have gold so so so we went to war

151

00:06:52,010 --> 00:06:49,230

work to regain the right printer on

152

00:06:54,530 --> 00:06:52,020

money but during the war the Continental

153

00:06:56,780 --> 00:06:54,540

is a currency that they did print got

154

00:06:59,960 --> 00:06:56,790

devalued and so the founding fathers

155

00:07:03,350 --> 00:06:59,970

were afraid to to make that the official

156

00:07:07,100 --> 00:07:03,360

currency so we wound up on a gold system

157

00:07:09,110 --> 00:07:07,110

after all but Abraham Lincoln then and

158

00:07:11,150 --> 00:07:09,120

the banks wound up creating our money on

159

00:07:14,810 --> 00:07:11,160

a fractional reserve system where they

160

00:07:16,460 --> 00:07:14,820

would have a certain amount of gold and

161

00:07:18,680 --> 00:07:16,470

they were allowed to issue their own

162

00:07:21,800 --> 00:07:18,690

banknotes which were paper money I'm

163

00:07:23,960 --> 00:07:21,810

even today it's federal reserve note

164

00:07:26,990 --> 00:07:23,970

means of federal reserve bank note or

165

00:07:29,570 --> 00:07:27,000

promissory note so they would issue

166

00:07:31,280 --> 00:07:29,580

their own banknotes supposedly backed by

167

00:07:32,840 --> 00:07:31,290

gold meaning you could take that note

168

00:07:35,600 --> 00:07:32,850

and get that amount of gold from the

169

00:07:39,800 --> 00:07:35,610

bank but the bank only held about ten

170

00:07:41,300 --> 00:07:39,810

percent of the gold necessary to back

171

00:07:43,340 --> 00:07:41,310

all the notes that they printed so they

172

00:07:46,400 --> 00:07:43,350

were lending out a lot of notes that

173

00:07:49,610 --> 00:07:46,410

were not backed by gold so nine tenths

174

00:07:51,080 --> 00:07:49,620

of their notes were just printed paper

175

00:07:52,820 --> 00:07:51,090

money so that's where the money was

176

00:07:54,650 --> 00:07:52,830

coming from I was created by the banks

177

00:07:56,210 --> 00:07:54,660

on that system and it still is today

178

00:07:59,660 --> 00:07:56,220

even though we're not on the gold

179

00:08:02,150 --> 00:07:59,670

standard and then during the Civil War

180

00:08:04,400 --> 00:08:02,160

Abraham Lincoln in order to avoid

181

00:08:06,560 --> 00:08:04,410

borrowing heavily as you would have had

182

00:08:08,510 --> 00:08:06,570

to do and as typically happens in wars

183

00:08:11,720 --> 00:08:08,520

and you could argue that it's the

184

00:08:13,790 --> 00:08:11,730

bankers the big banks that sort of

185

00:08:16,460 --> 00:08:13,800

precipitate wars or certainly encourage

186

00:08:18,890 --> 00:08:16,470

wars because they always win both ways I

187

00:08:22,340 --> 00:08:18,900

mean they both parties go into debt and

188

00:08:25,580 --> 00:08:22,350

so that they come out the big creditors

189

00:08:28,910 --> 00:08:25,590

of countries after Wars so to avoid that

190

00:08:30,770 --> 00:08:28,920

Abraham Lincoln issued his own current

191

00:08:33,680 --> 00:08:30,780

earth had the government issue its own

192

00:08:35,959 --> 00:08:33,690

currency basically going back to the

193

00:08:38,330 --> 00:08:35,969

system of the American colonists so

194

00:08:40,339 --> 00:08:38,340

these were called us notes or greenbacks

195

00:08:41,930 --> 00:08:40,349

and you can still find us notes today I

196

00:08:44,660 --> 00:08:41,940

know my mother has one in her

197

00:08:48,980 --> 00:08:44,670

collections 95 but anyways she's got one

198

00:08:52,040 --> 00:08:48,990

in an envelope somewhere hmm so and in

199

00:08:54,620 --> 00:08:52,050

the 1890s there was a movement to go

200

00:08:57,740 --> 00:08:54,630

back to that system and this was the

201
00:08:59,240 --> 00:08:57,750
first ever march on Washington where so

202
00:09:00,920 --> 00:08:59,250
that was quite a unique thing and it was

203
00:09:03,950 --> 00:09:00,930
in the news that there were this

204
00:09:06,860 --> 00:09:03,960
these group of people they were out of

205
00:09:08,990 --> 00:09:06,870
work laborers and so forth farmers who

206
00:09:11,180 --> 00:09:09,000
marched all the way from Ohio to

207
00:09:13,010 --> 00:09:11,190
Washington DC so this is a major March I

208
00:09:14,990 --> 00:09:13,020
should just watch it marching around the

209
00:09:18,079 --> 00:09:15,000
capital like they do today but they

210
00:09:20,600 --> 00:09:18,089
march long distances in order to try to

211
00:09:22,940 --> 00:09:20,610
get Congress to go back to issuing their

212
00:09:26,240 --> 00:09:22,950
own money and they would use that money

213
00:09:27,530 --> 00:09:26,250

for one was the good road spill so it

214

00:09:29,300 --> 00:09:27,540

was basically for infrastructure

215

00:09:32,389 --> 00:09:29,310

rebuilding the roads and this would put

216

00:09:35,180 --> 00:09:32,399

labor back to work and another they

217

00:09:38,960 --> 00:09:35,190

would use some other money to make cheap

218

00:09:40,639 --> 00:09:38,970

loans to the state government but of

219

00:09:42,470 --> 00:09:40,649

course it didn't it didn't pass but it

220

00:09:45,440 --> 00:09:42,480

was quite unique this march on

221

00:09:47,990 --> 00:09:45,450

Washington and so that was the basis of

222

00:09:51,769 --> 00:09:48,000

the plot of The Wizard of Oz where

223

00:09:55,010 --> 00:09:51,779

Dorothy and her three friends who are

224

00:09:58,420 --> 00:09:55,020

not exactly human but anyway this motley

225

00:10:01,639 --> 00:09:58,430

crew of people who think they they need

226

00:10:04,970 --> 00:10:01,649

they they're looking outside themselves

227

00:10:06,949 --> 00:10:04,980

for solutions and it turns out that the

228

00:10:09,380 --> 00:10:06,959

wizard that they thought would solve

229

00:10:11,060 --> 00:10:09,390

their problems didn't have the answer or

230

00:10:14,570 --> 00:10:11,070

you know he wasn't the magician that

231

00:10:16,790 --> 00:10:14,580

they thought he was but the the answer

232

00:10:19,310 --> 00:10:16,800

was within themselves frank Baum was

233

00:10:22,310 --> 00:10:19,320

also he was not only a populist to march

234

00:10:25,100 --> 00:10:22,320

by night for William Jennings Bryan than

235

00:10:28,579 --> 00:10:25,110

the populace candidate but he was a

236

00:10:30,920 --> 00:10:28,589

theosophist and that basic premise of

237

00:10:35,660 --> 00:10:30,930

theosophy is you create your own reality

238

00:10:38,000 --> 00:10:35,670

you are what you believe so so they

239

00:10:40,130 --> 00:10:38,010

manage so that side so I tried to carry

240

00:10:42,710 --> 00:10:40,140

that theme through as well in the web of

241

00:10:44,630 --> 00:10:42,720

debt that we can have it all I mean we

242

00:10:47,269 --> 00:10:44,640

can manifest our own reality which

243

00:10:49,420 --> 00:10:47,279

holding us back is this false belief

244

00:10:53,090 --> 00:10:49,430

that we're in debt that were limited by

245

00:10:54,680 --> 00:10:53,100

this debt to people who are lending us

246

00:10:57,170 --> 00:10:54,690

something that should have been ours in

247

00:10:59,389 --> 00:10:57,180

the first place I mean it's really we

248

00:11:01,010 --> 00:10:59,399

have the credit within ourselves we have

249

00:11:04,610 --> 00:11:01,020

the national credit that could just be

250

00:11:07,310 --> 00:11:04,620

issued to create the abundance that we

251
00:11:09,530 --> 00:11:07,320
need and deserve and are actually

252
00:11:12,350 --> 00:11:09,540
capable of manifesting and this has been

253
00:11:14,150 --> 00:11:12,360
done before like in Australia in 1912

254
00:11:14,730 --> 00:11:14,160
about the we set up the Federal Reserve

255
00:11:18,030 --> 00:11:14,740
and they

256
00:11:19,560 --> 00:11:18,040
13 in 1912 Australia was also going

257
00:11:21,510 --> 00:11:19,570
through a depression and they decided

258
00:11:24,360 --> 00:11:21,520
that I mean it was a global depression

259
00:11:26,220 --> 00:11:24,370
and they decided that that the private

260
00:11:28,530 --> 00:11:26,230
banks had failed and that they needed a

261
00:11:31,800 --> 00:11:28,540
public bank too and so the government

262
00:11:35,010 --> 00:11:31,810
set up this truly public bank unlike

263
00:11:37,650 --> 00:11:35,020

ours which is purported to be serving

264

00:11:40,110 --> 00:11:37,660

the government and they used that bank

265

00:11:42,260 --> 00:11:40,120

to just issue the national credit

266

00:11:45,090 --> 00:11:42,270

without backing up by anything they just

267

00:11:47,550 --> 00:11:45,100

paid workers and materials for doing

268

00:11:53,060 --> 00:11:47,560

things for the government and in this

269

00:11:58,800 --> 00:11:55,949

products and they funded their

270

00:12:00,810 --> 00:11:58,810

participation in World War one but the

271

00:12:03,420 --> 00:12:00,820

governor of the bank who is the clever

272

00:12:05,490 --> 00:12:03,430

guy who instituted the system made the

273

00:12:07,829 --> 00:12:05,500

mistake of going to England after that

274

00:12:09,750 --> 00:12:07,839

I'm boasting that the Australian people

275

00:12:11,490 --> 00:12:09,760

didn't need to borrow from the bank of

276

00:12:14,430 --> 00:12:11,500

england that anything that they could

277

00:12:16,019 --> 00:12:14,440

imagine they could have just by you know

278

00:12:18,750 --> 00:12:16,029

they could issue the money and they

279

00:12:20,990 --> 00:12:18,760

could produce the thing and that was

280

00:12:23,670 --> 00:12:21,000

such a threat to the bank of england but

281

00:12:25,740 --> 00:12:23,680

for unknown reasons he passed away

282

00:12:27,750 --> 00:12:25,750

suddenly after that i'll have a heart

283

00:12:30,180 --> 00:12:27,760

attack i mean i don't know that there

284

00:12:32,550 --> 00:12:30,190

was any conspiracy involved there but

285

00:12:35,519 --> 00:12:32,560

after that the bank of england came up

286

00:12:37,590 --> 00:12:35,529

with this new rules new system which was

287

00:12:40,440 --> 00:12:37,600

the central banking system not where

288

00:12:42,389 --> 00:12:40,450

well i think that's been a bad Bugaboo I

289

00:12:44,579 --> 00:12:42,399

mean it's sort of the government never

290

00:12:46,440 --> 00:12:44,589

letting a crisis go to waste as our

291

00:12:51,569 --> 00:12:46,450

present government keeps telling us and

292

00:12:53,790 --> 00:12:51,579

out of the one back in the early 1900's

293

00:12:56,280 --> 00:12:53,800

that gave rise to both the federal

294

00:12:59,100 --> 00:12:56,290

income tax which I believe was passed

295

00:13:01,319 --> 00:12:59,110

that was unconstitutional up until the

296

00:13:02,790 --> 00:13:01,329

time an amendment was passed and i

297

00:13:05,220 --> 00:13:02,800

believe the amendment was passed on

298

00:13:08,100 --> 00:13:05,230

christmas eve with a bare quorum of the

299

00:13:11,220 --> 00:13:08,110

senate president at that time most of

300

00:13:13,199 --> 00:13:11,230

whom had banking affiliations and not

301

00:13:16,199 --> 00:13:13,209

only that but the federal reserve was

302

00:13:18,889 --> 00:13:16,209

also created in that year and i think

303

00:13:24,090 --> 00:13:18,899

the rest of course is just history today

304

00:13:27,260 --> 00:13:24,100

today iceland has a broken away and they

305

00:13:28,710 --> 00:13:27,270

seem to have thrown the bankers out and

306

00:13:32,240 --> 00:13:28,720

started

307

00:13:37,170 --> 00:13:32,250

you and doing pretty well what can you

308

00:13:39,269 --> 00:13:37,180

speaking to that yeah well the European

309

00:13:41,639 --> 00:13:39,279

countries in general Iceland was

310

00:13:44,040 --> 00:13:41,649

attempting to get into the EU but they

311

00:13:46,590 --> 00:13:44,050

they weren't and aren't a member of the

312

00:13:50,429 --> 00:13:46,600

EU right country currents countries like

313

00:13:52,889 --> 00:13:50,439

Ireland and Greece were forced to take

314

00:13:56,400 --> 00:13:52,899

these big bailouts from from the troika

315

00:14:02,850 --> 00:13:56,410

that the European Central Bank the IMF

316

00:14:05,759 --> 00:14:02,860

and the EU European Commission in order

317

00:14:07,499 --> 00:14:05,769

to bail bit well first they bailed out

318

00:14:10,530 --> 00:14:07,509

their big banks but they were forced to

319

00:14:12,300 --> 00:14:10,540

do it in order to save the big foreign

320

00:14:13,740 --> 00:14:12,310

investors which would be like Goldman

321

00:14:15,600 --> 00:14:13,750

Sachs you know it was all right bizarre

322

00:14:17,519 --> 00:14:15,610

beings that were invested there so

323

00:14:20,970 --> 00:14:17,529

iceland got in the same sort of trouble

324

00:14:24,929 --> 00:14:20,980

but it was such a huge it would have

325

00:14:26,939 --> 00:14:24,939

bankrupted the people of Iceland if they

326

00:14:30,170 --> 00:14:26,949

had actually actually gone through with

327

00:14:32,369 --> 00:14:30,180

bailing out their big banks and so they

328

00:14:34,799 --> 00:14:32,379

revolted and refused to do it but they

329

00:14:37,559 --> 00:14:34,809

were not part of the EU no I know though

330

00:14:39,540 --> 00:14:37,569

they could get away with it yeah but

331

00:14:41,730 --> 00:14:39,550

there was a big faction that wanted to

332

00:14:43,679 --> 00:14:41,740

be part of the EU and that so there was

333

00:14:46,410 --> 00:14:43,689

a major faction the wish that would have

334

00:14:49,410 --> 00:14:46,420

gone along with this bailout but but the

335

00:14:51,269 --> 00:14:49,420

people revolted and and one well you

336

00:14:53,249 --> 00:14:51,279

wouldn't would you say that was for the

337

00:14:57,090 --> 00:14:53,259

best that the people revolted against

338

00:14:59,369 --> 00:14:57,100

the the idea yeah definitely I mean they

339

00:15:01,400 --> 00:14:59,379

came out they suffered at first as you

340

00:15:05,460 --> 00:15:01,410

would anticipate of course there was a

341

00:15:07,949 --> 00:15:05,470

their currency last value and but but

342

00:15:09,600 --> 00:15:07,959

they've recovered much better than the

343

00:15:11,699 --> 00:15:09,610

it well then Greece for example they're

344

00:15:13,110 --> 00:15:11,709

doing much better than Greece did that

345

00:15:14,910 --> 00:15:13,120

once you get through that initial period

346

00:15:17,100 --> 00:15:14,920

I think we should do the same thing but

347

00:15:19,920 --> 00:15:17,110

of course Greece is a member of the EU

348

00:15:23,369 --> 00:15:19,930

and there's so much pressure for them to

349

00:15:26,309 --> 00:15:23,379

they have they a kind of a different

350

00:15:31,319 --> 00:15:26,319

circumstance I think than Iceland and a

351

00:15:33,689 --> 00:15:31,329

different cultural I me my don't think

352

00:15:37,530 --> 00:15:33,699

it's the right word but you know like

353

00:15:39,059 --> 00:15:37,540

the Icelandic are very independent take

354

00:15:40,829 --> 00:15:39,069

care of themselves kind of people

355

00:15:42,060 --> 00:15:40,839

because they're on that little cold

356

00:15:44,460 --> 00:15:42,070

island

357

00:15:46,320 --> 00:15:44,470

they know that anything that is not on

358

00:15:48,660 --> 00:15:46,330

the island they're going to have to you

359

00:15:51,840 --> 00:15:48,670

know make up for themselves whereas

360

00:15:56,520 --> 00:15:51,850

grease is on a crossroads of a great

361

00:15:59,130 --> 00:15:56,530

deal of of illegal immigration and it

362

00:16:01,170 --> 00:15:59,140

greases in a tight spot but they don't

363

00:16:03,570 --> 00:16:01,180

have the same work ethic as the people

364

00:16:06,930 --> 00:16:03,580

in Iceland do so both things seem to be

365

00:16:08,880 --> 00:16:06,940

working against them I don't know yeah

366

00:16:11,580 --> 00:16:08,890

no I agree that they're in a different

367

00:16:14,790 --> 00:16:11,590

situation but but still they've been

368

00:16:15,960 --> 00:16:14,800

really pushed to the wall and it seems

369

00:16:18,840 --> 00:16:15,970

to me they're going to have to do

370

00:16:21,090 --> 00:16:18,850

something yes it interesting time to see

371

00:16:24,990 --> 00:16:21,100

what happens you don't sound country

372

00:16:27,750 --> 00:16:25,000

Ellen if if you had to guess how many

373

00:16:30,750 --> 00:16:27,760

actual people do you think are behind

374

00:16:32,340 --> 00:16:30,760

this because you can't call it American

375

00:16:34,890 --> 00:16:32,350

or European or anything I mean this is

376

00:16:37,080 --> 00:16:34,900

truly international now how many people

377

00:16:42,210 --> 00:16:37,090

do you think are behind controlling the

378

00:16:44,730 --> 00:16:42,220

money supplies actual individuals I know

379

00:16:46,710 --> 00:16:44,740

at one time they said David Rockefeller

380

00:16:50,580 --> 00:16:46,720

whoo-hoo next month we'll be celebrating

381

00:16:52,560 --> 00:16:50,590

his hundredth anniversary birthday I one

382

00:16:56,040 --> 00:16:52,570

time they said thought David Rockefeller

383

00:16:59,610 --> 00:16:56,050

was at the head of it but i remember

384

00:17:01,530 --> 00:16:59,620

back in you know the book the creature

385

00:17:03,870 --> 00:17:01,540

from jekyll island at that time they

386

00:17:06,540 --> 00:17:03,880

felt seven people control the money

387

00:17:09,689 --> 00:17:06,550

supply of the world do you think it's

388

00:17:12,990 --> 00:17:09,699

still just a handful of individuals well

389

00:17:16,800 --> 00:17:13,000

i know you talk about UFOs when you're

390

00:17:19,920 --> 00:17:16,810

yeah listen nothing is i will tell you

391

00:17:22,140 --> 00:17:19,930

know Ellen nothing is a paranormal as

392

00:17:24,090 --> 00:17:22,150

the money supply I mean you can talk

393

00:17:26,520 --> 00:17:24,100

about go sleep it and how could seven

394

00:17:28,950 --> 00:17:26,530

people even do it I would almost guess

395

00:17:31,410 --> 00:17:28,960

that there are bigger forces you said

396

00:17:34,740 --> 00:17:31,420

yeah this has gone on for centuries

397

00:17:37,770 --> 00:17:34,750

really if you yes back yes what do you

398

00:17:40,590 --> 00:17:37,780

think are these bigger forces well I

399

00:17:45,570 --> 00:17:40,600

wouldn't be surprised if it was some

400

00:17:48,060 --> 00:17:45,580

form of non-human seriously wow you

401

00:17:51,360 --> 00:17:48,070

surprised me by that yeah I think that

402

00:17:52,740 --> 00:17:51,370

she's not the only um lettuce quick do

403

00:17:55,620 --> 00:17:52,750

you mind if I call you a renegade

404

00:18:00,480 --> 00:17:55,630

economist she's not the only one

405

00:18:02,940 --> 00:18:00,490

I've heard other economists suggest

406

00:18:05,910 --> 00:18:02,950

something similar and I kind of bowled

407

00:18:07,980 --> 00:18:05,920

over by it myself when they said it yeah

408

00:18:10,830 --> 00:18:07,990

i can give you two Paul Hellyer was

409

00:18:12,900 --> 00:18:10,840

former defense secretary of Canada and

410

00:18:14,700 --> 00:18:12,910

he says it and he's he's a money

411

00:18:17,670 --> 00:18:14,710

reformer who has written several books

412

00:18:20,610 --> 00:18:17,680

on money reform and Catherine Ashton

413

00:18:24,540 --> 00:18:20,620

said that's the one that is the one that

414

00:18:27,270 --> 00:18:24,550

I her cherry of HUD and lost everything

415

00:18:29,130 --> 00:18:27,280

and was her life was at risk and she you

416

00:18:31,380 --> 00:18:29,140

know she did not want to believe this

417

00:18:33,720 --> 00:18:31,390

either but she tracked her down and she

418

00:18:37,470 --> 00:18:33,730

says that's what it is she's the one

419

00:18:39,240 --> 00:18:37,480

that I heard speaking about met much of

420

00:18:41,760 --> 00:18:39,250

the same things that you're speaking

421

00:18:44,940 --> 00:18:41,770

about she's the one who said she thought

422

00:18:47,910 --> 00:18:44,950

that there was something unusual behind

423

00:18:50,400 --> 00:18:47,920

this it is that it's so powerful I mean

424

00:18:52,860 --> 00:18:50,410

how could any family be that powerful I

425

00:18:54,990 --> 00:18:52,870

mean look at the military with chem

426

00:18:56,700 --> 00:18:55,000

trails and harp and all the things that

427

00:18:58,920 --> 00:18:56,710

we know they're capable of they want to

428

00:19:02,910 --> 00:18:58,930

control the weather by 2025 I mean that

429

00:19:04,350 --> 00:19:02,920

was that was totally published in 1999

430

00:19:06,060 --> 00:19:04,360

the Air Force came out with the thing

431

00:19:08,900 --> 00:19:06,070

that said controlling the weather by

432

00:19:11,430 --> 00:19:08,910

2025 and their their alleged

433

00:19:13,980 --> 00:19:11,440

justification was that the tools are

434

00:19:15,960 --> 00:19:13,990

there I guess there are like 150 patents

435

00:19:19,050 --> 00:19:15,970

or something and controlling the weather

436

00:19:21,450 --> 00:19:19,060

yes anything and I'm sorry go Hannah

437

00:19:24,480 --> 00:19:21,460

sorry if the tools are there and

438

00:19:27,060 --> 00:19:24,490

therefore we the Americans need to be

439

00:19:29,460 --> 00:19:27,070

first somebody else doesn't use them

440

00:19:32,040 --> 00:19:29,470

against do you think that you know

441

00:19:34,020 --> 00:19:32,050

Russia might be using it against us now

442

00:19:36,390 --> 00:19:34,030

in our far west I mean I've heard no

443

00:19:38,400 --> 00:19:36,400

thrown out no I think China is doing it

444

00:19:40,140 --> 00:19:38,410

to California because it'd be easy for

445

00:19:42,090 --> 00:19:40,150

their both Pacific nations and now I

446

00:19:44,070 --> 00:19:42,100

have the specific trade agreement going

447

00:19:45,750 --> 00:19:44,080

on and this enormous drought in

448

00:19:47,520 --> 00:19:45,760

California that's killing this they

449

00:19:50,370 --> 00:19:47,530

think it's China I think it's rush about

450

00:19:53,430 --> 00:19:50,380

that go figure but it's aliens didn't

451
00:19:55,080 --> 00:19:53,440
even get that technology I'm yeah you

452
00:19:57,120 --> 00:19:55,090
know you know I'll tell you the truth I

453
00:20:00,360 --> 00:19:57,130
think it goes back to Sitchin and the

454
00:20:03,780 --> 00:20:00,370
old biblical days and you know the of

455
00:20:05,280 --> 00:20:03,790
the Templars yeah the Templars I love

456
00:20:07,500 --> 00:20:05,290
that i was tempted to write about that i

457
00:20:08,850 --> 00:20:07,510
would that way to my next book but i can

458
00:20:11,640 --> 00:20:08,860
although me say this on your show

459
00:20:13,830 --> 00:20:11,650
but you know I'm head of the public the

460
00:20:18,390 --> 00:20:13,840
Institute and they they discourage me

461
00:20:22,200 --> 00:20:18,400
from going too far I'll say where did we

462
00:20:24,030 --> 00:20:22,210
come from what it's up it's obviously

463
00:20:27,750 --> 00:20:24,040

all connected I mean you can't

464

00:20:30,900 --> 00:20:27,760

disconnect your sis you are your DNA

465

00:20:32,970 --> 00:20:30,910

from now you can't and look at this the

466

00:20:35,010 --> 00:20:32,980

Knights Templar go down to Jerusalem

467

00:20:36,930 --> 00:20:35,020

come back with the treasure of Solomon

468

00:20:38,430 --> 00:20:36,940

not seven guys are not going to slip

469

00:20:41,310 --> 00:20:38,440

back a whole bunch of jewels from

470

00:20:43,919 --> 00:20:41,320

Jerusalem they came back with the idea

471

00:20:46,770 --> 00:20:43,929

of fractional reserve and compound

472

00:20:50,039 --> 00:20:46,780

interest and those two ideas alone

473

00:20:52,590 --> 00:20:50,049

allowed them to initially gather up the

474

00:20:54,840 --> 00:20:52,600

entire money supply of Europe obviously

475

00:20:58,110 --> 00:20:54,850

they became an terrible threat to the

476

00:21:00,600 --> 00:20:58,120

Kings they were killed off and but the

477

00:21:02,510 --> 00:21:00,610

Kings by then learned how to do this and

478

00:21:04,680 --> 00:21:02,520

as you said then the Bank of England

479

00:21:07,169 --> 00:21:04,690

institutionalized Frank fractional

480

00:21:09,299 --> 00:21:07,179

banking and the rest becomes history and

481

00:21:12,210 --> 00:21:09,309

and so where did Solomon learn all this

482

00:21:14,310 --> 00:21:12,220

from he was a brilliant individual and

483

00:21:16,590 --> 00:21:14,320

perhaps he figured it out I don't know I

484

00:21:19,500 --> 00:21:16,600

don't know but that's my little theory

485

00:21:22,919 --> 00:21:19,510

or not but yeah somebody somewhere was

486

00:21:27,870 --> 00:21:22,929

afraid he told ya there was a theory out

487

00:21:30,810 --> 00:21:27,880

there floated about ancient Africa down

488

00:21:34,799 --> 00:21:30,820

in the southeast of Africa where the

489

00:21:36,840 --> 00:21:34,809

gold mines now all right namibia and i

490

00:21:39,720 --> 00:21:36,850

can't think of the name I guess South

491

00:21:42,980 --> 00:21:39,730

Africa and a few of those other

492

00:21:46,680 --> 00:21:42,990

countries and if you go in on a

493

00:21:49,260 --> 00:21:46,690

helicopter ride or if you were taking

494

00:21:53,340 --> 00:21:49,270

pictures from space you can see these

495

00:21:56,460 --> 00:21:53,350

kind of unusual circles and there was

496

00:22:00,690 --> 00:21:56,470

some kind of its Adams calendar yeah

497

00:22:04,260 --> 00:22:00,700

theory formulated that there were there

498

00:22:06,450 --> 00:22:04,270

were some aliens and I'm this is a total

499

00:22:08,250 --> 00:22:06,460

theory i'm not saying i subscribe to it

500

00:22:10,080 --> 00:22:08,260

but i'm throwing it out there because

501

00:22:13,620 --> 00:22:10,090

we're talking about these things that

502

00:22:16,799 --> 00:22:13,630

there were some form of aliens that had

503

00:22:19,260 --> 00:22:16,809

enslaved the humans much as some of the

504

00:22:22,620 --> 00:22:19,270

population of africa is enslaved now by

505

00:22:25,950 --> 00:22:22,630

the mine owners and these aliens were

506

00:22:29,490 --> 00:22:25,960

were bound to take the gold out and they

507

00:22:33,210 --> 00:22:29,500

valued the gold as we value the gold

508

00:22:37,710 --> 00:22:33,220

which brings up a question what is so

509

00:22:40,920 --> 00:22:37,720

special about gold and and what effect

510

00:22:43,380 --> 00:22:40,930

is bitchin yeah what would it what do

511

00:22:45,030 --> 00:22:43,390

you feel about the ghost standard Ellen

512

00:22:46,920 --> 00:22:45,040

I mean what do you do you have any

513

00:22:49,710 --> 00:22:46,930

theories about that what is so special

514

00:22:53,240 --> 00:22:49,720

about gold because it's always been

515

00:22:56,820 --> 00:22:53,250

valued well going back to Sitchin

516

00:22:59,550 --> 00:22:56,830

supposedly there was the gods who came

517

00:23:02,670 --> 00:22:59,560

down were or the aliens who came down

518

00:23:04,290 --> 00:23:02,680

we're looking for gold because it wasn't

519

00:23:07,140 --> 00:23:04,300

the real it wasn't the actual physical

520

00:23:08,760 --> 00:23:07,150

gold but the essence of gold and I think

521

00:23:11,460 --> 00:23:08,770

it was it was either the thing that

522

00:23:14,280 --> 00:23:11,470

allowed them to have an eternal life or

523

00:23:16,170 --> 00:23:14,290

I read somewhere that it was it was like

524

00:23:19,500 --> 00:23:16,180

chem trails that they because they had

525

00:23:23,100 --> 00:23:19,510

destroyed the atmosphere on their planet

526

00:23:24,750 --> 00:23:23,110

they needed the gold it was to you know

527

00:23:28,950 --> 00:23:24,760

if you put that up in the atmosphere you

528

00:23:30,390 --> 00:23:28,960

could you could block out the or somehow

529

00:23:32,040 --> 00:23:30,400

you could restore the environment they

530

00:23:34,830 --> 00:23:32,050

had destroyed their atmosphere just as

531

00:23:37,650 --> 00:23:34,840

we are destroying ours now and they

532

00:23:39,500 --> 00:23:37,660

needed it for their chem trails and

533

00:23:43,020 --> 00:23:39,510

things I think that was a decision

534

00:23:45,270 --> 00:23:43,030

anyway mr. Callander who is written

535

00:23:48,450 --> 00:23:45,280

about that has telling the gold mines in

536

00:23:49,860 --> 00:23:48,460

Africa yeah all right so you know it's

537

00:23:54,150 --> 00:23:49,870

interesting let's go to the gold mines

538

00:23:56,070 --> 00:23:54,160

in the enslavement uh how the thing that

539

00:23:59,040 --> 00:23:56,080

I could never get straight in my head is

540

00:24:02,490 --> 00:23:59,050

how again a handful forget it aliens

541

00:24:05,880 --> 00:24:02,500

humans whatever can control literally

542

00:24:08,130 --> 00:24:05,890

billions of people I think you make that

543

00:24:10,110 --> 00:24:08,140

point so well in your book like

544

00:24:12,690 --> 00:24:10,120

everybody waits for the white knight to

545

00:24:16,350 --> 00:24:12,700

come over the horizon and save us all

546

00:24:18,870 --> 00:24:16,360

from ourselves but unless we again like

547

00:24:21,330 --> 00:24:18,880

in The Wizard of Oz unless we take care

548

00:24:24,300 --> 00:24:21,340

of it ourselves ain't nobody coming over

549

00:24:26,610 --> 00:24:24,310

the horizon and so you have to spread

550

00:24:29,810 --> 00:24:26,620

the knowledge and knowledge is power and

551

00:24:32,400 --> 00:24:29,820

I think that's one of the reasons that

552

00:24:34,950 --> 00:24:32,410

economics and so on is always considered

553

00:24:36,190 --> 00:24:34,960

such an obscure topic and you know don't

554

00:24:38,049 --> 00:24:36,200

bother your head

555

00:24:40,870 --> 00:24:38,059

out the Federal Reserve System it's

556

00:24:43,180 --> 00:24:40,880

there for you don't worry about it and I

557

00:24:46,029 --> 00:24:43,190

I think that's how they keep us all

558

00:24:48,580 --> 00:24:46,039

under their thumb yeah no I totally

559

00:24:51,279 --> 00:24:48,590

totally agree they make it obscure they

560

00:24:53,230 --> 00:24:51,289

make it a boring they make it they use

561

00:24:54,610 --> 00:24:53,240

their own language so that even if you

562

00:24:56,440 --> 00:24:54,620

try to read about it and you're willing

563

00:24:57,460 --> 00:24:56,450

to put up with boredom you still don't

564

00:24:59,259 --> 00:24:57,470

know what they're talking about because

565

00:25:01,000 --> 00:24:59,269

you don't understand the words are using

566

00:25:02,889 --> 00:25:01,010

so that's what I tried to do in the web

567

00:25:05,889 --> 00:25:02,899

of debt was to translate a lot of that

568

00:25:08,560 --> 00:25:05,899

stuff i'm actually a lawyer by training

569

00:25:10,600 --> 00:25:08,570

so I you know research is my thing and

570

00:25:13,269 --> 00:25:10,610

but well I was a writer before as a

571

00:25:14,889 --> 00:25:13,279

lawyer when it I tried to be a writer

572

00:25:16,600 --> 00:25:14,899

and figured out that as a young person

573

00:25:19,149 --> 00:25:16,610

there was no way I could support myself

574

00:25:21,340 --> 00:25:19,159

as the writers are in Alaska but any but

575

00:25:23,279 --> 00:25:21,350

I you know so with writing web of debt i

576

00:25:25,779 --> 00:25:23,289

really enjoyed using my writing skills

577

00:25:28,120 --> 00:25:25,789

putting the hook you know making it a

578

00:25:32,980 --> 00:25:28,130

story trying to make every chapter a

579

00:25:34,930 --> 00:25:32,990

page-turner and so that money truly is

580

00:25:37,299 --> 00:25:34,940

power I mean that really does make the

581

00:25:39,879 --> 00:25:37,309

world go round and if everybody

582

00:25:41,350 --> 00:25:39,889

understood it better a lot of the not

583

00:25:43,769 --> 00:25:41,360

only would the wealth be redistributed

584

00:25:46,480 --> 00:25:43,779

as nowadays everybody's you know

585

00:25:48,549 --> 00:25:46,490

inequality blah blah blah but I think

586

00:25:50,860 --> 00:25:48,559

the thing is not so much that wealth

587

00:25:53,799 --> 00:25:50,870

gets redistributed but the knowledge of

588

00:25:57,490 --> 00:25:53,809

money gets redistributed and then if

589

00:26:00,970 --> 00:25:57,500

people understood what was going on I

590

00:26:03,940 --> 00:26:00,980

think that would stop a lot of the not

591

00:26:06,730 --> 00:26:03,950

so much inequality because but not to

592

00:26:08,649 --> 00:26:06,740

get into that topic but ah but it would

593

00:26:11,529 --> 00:26:08,659

it would just sort of even the playing

594

00:26:14,110 --> 00:26:11,539

field a lot all right as money is

595

00:26:16,810 --> 00:26:14,120

control and I think that how we've been

596

00:26:18,610 --> 00:26:16,820

captured is through this whole money

597

00:26:21,220 --> 00:26:18,620

system where they make us think we're in

598

00:26:22,930 --> 00:26:21,230

debt this one we need I mean we as a

599

00:26:25,000 --> 00:26:22,940

country needn't be in debt we could

600

00:26:26,590 --> 00:26:25,010

issue our own money everybody thinks

601
00:26:28,419 --> 00:26:26,600
that would be inflationary but it

602
00:26:31,269 --> 00:26:28,429
wouldn't we're at the point right now

603
00:26:33,820 --> 00:26:31,279
where well even if you just look at the

604
00:26:36,909 --> 00:26:33,830
numbers after two thousand eight the

605
00:26:39,009 --> 00:26:36,919
shadow banking system which is a m3 l

606
00:26:41,470 --> 00:26:39,019
won't even try to explain that but the

607
00:26:43,120 --> 00:26:41,480
shadow banking system shrunk by four

608
00:26:46,269 --> 00:26:43,130
trillion dollars this is according to

609
00:26:49,090 --> 00:26:46,279
the Federal Reserve's own figures and so

610
00:26:50,200 --> 00:26:49,100
so we you could add four trillion

611
00:26:51,850 --> 00:26:50,210
dollars to the system

612
00:26:55,600 --> 00:26:51,860
you'd only be back to where we were in

613
00:26:59,920 --> 00:26:55,610

2008 plus there's the fact that when

614

00:27:02,110 --> 00:26:59,930

when you add money to the system it's I

615

00:27:04,390 --> 00:27:02,120

mean assuming how you add it but don't

616

00:27:07,720 --> 00:27:04,400

use it for derivatives and speculative

617

00:27:09,700 --> 00:27:07,730

things or to bail out banks but if you

618

00:27:12,060 --> 00:27:09,710

use that money use a government print

619

00:27:14,890 --> 00:27:12,070

money and pay workers and materials as

620

00:27:18,220 --> 00:27:14,900

like Lincoln did and built the railroads

621

00:27:20,200 --> 00:27:18,230

and all those things with them or like

622

00:27:22,150 --> 00:27:20,210

the American colonists did and totally

623

00:27:24,040 --> 00:27:22,160

developed their colony of course there

624

00:27:28,660 --> 00:27:24,050

is no such thing as derivatives and

625

00:27:31,590 --> 00:27:28,670

speculative investments then so if you

626

00:27:33,850 --> 00:27:31,600

do that pay for real productive things

627

00:27:36,310 --> 00:27:33,860

then you're putting money in people's

628

00:27:38,490 --> 00:27:36,320

pockets absolutely we'll go out and

629

00:27:41,500 --> 00:27:38,500

spend it on the things they need and

630

00:27:45,070 --> 00:27:41,510

that means more things will be made like

631

00:27:47,140 --> 00:27:45,080

you when you if the shoe salesman sees

632

00:27:49,720 --> 00:27:47,150

he's got a lot more customers he doesn't

633

00:27:52,120 --> 00:27:49,730

raised his prices he puts in a lot more

634

00:27:54,640 --> 00:27:52,130

orders to the shoe factory and then the

635

00:27:55,990 --> 00:27:54,650

shoe factory tires more people and makes

636

00:27:58,840 --> 00:27:56,000

more shoes so that's the first thing

637

00:28:01,390 --> 00:27:58,850

they do is increase production and only

638

00:28:03,720 --> 00:28:01,400

when they can't produce any more do

639

00:28:05,920 --> 00:28:03,730

prices go up and right now because of

640

00:28:09,220 --> 00:28:05,930

outsourcing which is obviously bad for

641

00:28:12,550 --> 00:28:09,230

our labor but it's good in terms of how

642

00:28:14,140 --> 00:28:12,560

much availability or how much ability to

643

00:28:16,530 --> 00:28:14,150

produce is out there we've got

644

00:28:21,600 --> 00:28:16,540

outsourcing and we've got mechanization

645

00:28:24,370 --> 00:28:21,610

so we're a long way from using up our

646

00:28:28,060 --> 00:28:24,380

productive capacity and only when you

647

00:28:31,210 --> 00:28:28,070

hit full employment and run out of

648

00:28:33,970 --> 00:28:31,220

materials do do prices go up well

649

00:28:36,250 --> 00:28:33,980

because certainly our infrastructure

650

00:28:39,280 --> 00:28:36,260

could use some help I mean just looking

651
00:28:41,650 --> 00:28:39,290
at this this terrible train tragedy

652
00:28:45,040 --> 00:28:41,660
which just occurred and when we look

653
00:28:48,400 --> 00:28:45,050
overseas and we see that the trains that

654
00:28:53,620 --> 00:28:48,410
are available in europe and china and

655
00:28:58,060 --> 00:28:53,630
japan i had on my blog a suggestion

656
00:29:01,440 --> 00:28:58,070
about doing a solar kind of a partially

657
00:29:04,029 --> 00:29:01,450
solar train that would run very quickly

658
00:29:06,999 --> 00:29:04,039
half-buried you know sort of in a group

659
00:29:09,369 --> 00:29:07,009
in the ground and a few people came back

660
00:29:11,320 --> 00:29:09,379
to me and said it was a great idea but

661
00:29:14,379 --> 00:29:11,330
of course you know I'm not an engineer

662
00:29:17,799 --> 00:29:14,389
and not none of that stuff is going to

663
00:29:19,889 --> 00:29:17,809

happen but it's the it's the ideas

664

00:29:24,159 --> 00:29:19,899

having the ideas put out there and

665

00:29:28,239 --> 00:29:24,169

looking to improve our country rather

666

00:29:30,729 --> 00:29:28,249

than financing both sides of of a Middle

667

00:29:33,369 --> 00:29:30,739

Eastern debacle now that we apparently

668

00:29:37,509 --> 00:29:33,379

are buying through some other channels

669

00:29:40,180 --> 00:29:37,519

the petroleum that ISIL is selling or

670

00:29:41,950 --> 00:29:40,190

better yet even having the federal

671

00:29:45,070 --> 00:29:41,960

government account for the seven

672

00:29:47,169 --> 00:29:45,080

trillion dollar subsidy that was what

673

00:29:49,839 --> 00:29:47,179

was that the underwriting everything and

674

00:29:52,690 --> 00:29:49,849

oddly enough that seven trillion dollars

675

00:29:54,969 --> 00:29:52,700

just sorta disappeared oh well I guess

676

00:29:57,159 --> 00:29:54,979

bill and I look at Catherine I stand

677

00:29:59,109 --> 00:29:57,169

fits in trouble was she yeah I was a

678

00:30:02,080 --> 00:29:59,119

time when you go to disappeared and she

679

00:30:03,489 --> 00:30:02,090

started reporting on it yeah well seven

680

00:30:06,669 --> 00:30:03,499

trillion dollars would get you killed

681

00:30:10,330 --> 00:30:06,679

I'm sure but I you know it's a shame no

682

00:30:13,180 --> 00:30:10,340

but but I I think there has to be like

683

00:30:15,219 --> 00:30:13,190

and what about an outside auditor would

684

00:30:17,889 --> 00:30:15,229

that ever work do you think or is that

685

00:30:22,269 --> 00:30:17,899

just really asking for trouble an

686

00:30:25,239 --> 00:30:22,279

auditor of the Fed yeah I'm well the fed

687

00:30:30,369 --> 00:30:25,249

claims that they are audited they audit

688

00:30:33,339 --> 00:30:30,379

themselves and then I audit myself too

689

00:30:38,830 --> 00:30:33,349

yeah me too unfortunately the IRS comes

690

00:30:41,440 --> 00:30:38,840

along and reordered to me a smaller

691

00:30:44,229 --> 00:30:41,450

point but still part of the point

692

00:30:49,119 --> 00:30:44,239

because everybody you know is a part of

693

00:30:52,799 --> 00:30:49,129

the whole and um in the last 15 years or

694

00:30:56,769 --> 00:30:52,809

so we have seen banks come along and

695

00:31:00,669 --> 00:30:56,779

legitimately seize people's homes for

696

00:31:04,419 --> 00:31:00,679

loans they never took oh don't get her

697

00:31:06,310 --> 00:31:04,429

started on the mortgage situation no but

698

00:31:08,349 --> 00:31:06,320

this is that was a beauty the government

699

00:31:10,299 --> 00:31:08,359

who was it Frank and those guys that

700

00:31:12,789 --> 00:31:10,309

came up with that whole you know you

701
00:31:14,710 --> 00:31:12,799
have to lend people money oh they can't

702
00:31:16,869 --> 00:31:14,720
pay it back it's okay give it to him

703
00:31:17,800 --> 00:31:16,879
anyway but jeez and they went bankrupt

704
00:31:19,840 --> 00:31:17,810
no no

705
00:31:21,670 --> 00:31:19,850
no but what I'm talking about I'm that

706
00:31:24,360 --> 00:31:21,680
may very well be I'm not arguing that

707
00:31:27,940 --> 00:31:24,370
point what I am saying is that

708
00:31:30,460 --> 00:31:27,950
individual banks could somebody let's

709
00:31:33,400 --> 00:31:30,470
say the dime Savings Bank or the Chase

710
00:31:37,540 --> 00:31:33,410
Manhattan Bank can tell that's a long

711
00:31:40,240 --> 00:31:37,550
time ago job showing my age but say the

712
00:31:43,180 --> 00:31:40,250
the Chase Manhattan Bank can come to

713
00:31:45,880 --> 00:31:43,190

Kate Valentine's house and say that she

714

00:31:48,730 --> 00:31:45,890

has an outstanding loan which she never

715

00:31:51,280 --> 00:31:48,740

took and then it's up to her to prove

716

00:31:54,160 --> 00:31:51,290

that she didn't have the loan and as a

717

00:31:57,640 --> 00:31:54,170

result of this sort of of real crooked

718

00:31:59,980 --> 00:31:57,650

crooked crooked activity individuals who

719

00:32:03,610 --> 00:31:59,990

have their homes all paid off no debts

720

00:32:05,590 --> 00:32:03,620

or losing their homes yeah and then you

721

00:32:09,430 --> 00:32:05,600

have to pay an attorney to get it back

722

00:32:11,770 --> 00:32:09,440

as well yeah theoretically your innocent

723

00:32:14,110 --> 00:32:11,780

until proven guilty I saw another case

724

00:32:16,120 --> 00:32:14,120

is similar I mean it's related but it's

725

00:32:18,310 --> 00:32:16,130

not about home but now they have this

726

00:32:20,530 --> 00:32:18,320

limit of you can only take out or

727

00:32:23,470 --> 00:32:20,540

deposit ten thousand dollars in cash

728

00:32:28,060 --> 00:32:23,480

yeah at one time yeah so a gas station

729

00:32:32,350 --> 00:32:28,070

owner was depositing like several \$3,000

730

00:32:33,760 --> 00:32:32,360

at a time and they took his entire bank

731

00:32:36,340 --> 00:32:33,770

account of a hundred thousand dollars

732

00:32:39,250 --> 00:32:36,350

because they said that was a serial

733

00:32:41,380 --> 00:32:39,260

deposit of cash which added up to more

734

00:32:43,930 --> 00:32:41,390

than ten thousand dollars in some period

735

00:32:46,390 --> 00:32:43,940

of time right right I mean obviously a

736

00:32:48,580 --> 00:32:46,400

gas station attendant takes cash and of

737

00:32:51,430 --> 00:32:48,590

course it or not dealing in drugs he's

738

00:32:54,430 --> 00:32:51,440

dealing in gas like our coal only takes

739

00:32:56,140 --> 00:32:54,440

cash but so so then the government was

740

00:32:59,380 --> 00:32:56,150

going to give him a settlement of they

741

00:33:01,630 --> 00:32:59,390

would give \$50,000 of it back and he's

742

00:33:05,070 --> 00:33:01,640

fighting it which is good but yeah I

743

00:33:08,170 --> 00:33:05,080

mean why should you have to prove that

744

00:33:09,940 --> 00:33:08,180

that Ramona prove it you were not you

745

00:33:11,770 --> 00:33:09,950

were innocent years if they're supposed

746

00:33:13,750 --> 00:33:11,780

to prove that you're guilty and local

747

00:33:17,140 --> 00:33:13,760

and local police department seized

748

00:33:19,180 --> 00:33:17,150

assets of people that they stopped that

749

00:33:23,190 --> 00:33:19,190

they suspect of a crime but have not

750

00:33:26,650 --> 00:33:23,200

even been a convicted or even charged

751

00:33:29,860 --> 00:33:26,660

officially you know by-by the the court

752

00:33:31,840 --> 00:33:29,870

with a crime and they come along and

753

00:33:35,320 --> 00:33:31,850

take your car because they

754

00:33:37,120 --> 00:33:35,330

have a they have a report that you know

755

00:33:39,310 --> 00:33:37,130

you were involved in a drug deal in

756

00:33:42,700 --> 00:33:39,320

Chicago so they take your car in

757

00:33:44,860 --> 00:33:42,710

Virginia and you know you were never you

758

00:33:48,190 --> 00:33:44,870

were never proven guilty of any any such

759

00:33:49,840 --> 00:33:48,200

thing mmhmm yeah and it's a way it's a

760

00:33:52,360 --> 00:33:49,850

way that they supplement their incomes

761

00:33:54,820 --> 00:33:52,370

because there isn't enough tax money out

762

00:33:56,799 --> 00:33:54,830

there we but you were definitely headed

763

00:33:59,110 --> 00:33:56,809

for a police state I mean I think all

764

00:34:02,470 --> 00:33:59,120

this repressive stuff that's going on is

765

00:34:05,260 --> 00:34:02,480

it's the last thrashings of the dinosaur

766

00:34:08,680 --> 00:34:05,270

that they're you know desperately trying

767

00:34:12,399 --> 00:34:08,690

to protect their billions so what I'm

768

00:34:14,590 --> 00:34:12,409

the mobs which will be irate Lee coming

769

00:34:16,869 --> 00:34:14,600

coming after them it's the more and more

770

00:34:18,909 --> 00:34:16,879

I mean they can't suppress the knowledge

771

00:34:21,790 --> 00:34:18,919

that we're all getting from the internet

772

00:34:25,180 --> 00:34:21,800

and firm shows like yours that expose

773

00:34:27,340 --> 00:34:25,190

all these what's really going on it used

774

00:34:28,869 --> 00:34:27,350

to be they can control the mass media

775

00:34:31,330 --> 00:34:28,879

and that's how they control people's

776

00:34:35,169 --> 00:34:31,340

thinking but but the mass media are

777

00:34:37,930 --> 00:34:35,179

losing market share so what so my friend

778

00:34:40,330 --> 00:34:37,940

David B Edney and I'm sure he's uh he's

779

00:34:43,060 --> 00:34:40,340

got this quote from somebody else like

780

00:34:46,450 --> 00:34:43,070

we're six meals short of a revolution

781

00:34:47,680 --> 00:34:46,460

you know it people just have to miss six

782

00:34:49,750 --> 00:34:47,690

meals and there's going to be a

783

00:34:54,040 --> 00:34:49,760

revolution what should the average

784

00:34:56,710 --> 00:34:54,050

person do to preserve their life to be

785

00:35:03,690 --> 00:34:56,720

able to live a decently you know

786

00:35:07,000 --> 00:35:03,700

according to to you Ellen Brown well I'm

787

00:35:09,040 --> 00:35:07,010

can say what you should do and I mean

788

00:35:11,620 --> 00:35:09,050

I'm one of those do what I say not what

789

00:35:13,720 --> 00:35:11,630

I do should have a garden but do I have

790

00:35:15,160 --> 00:35:13,730

a garden no I live in a condominium I

791

00:35:17,950 --> 00:35:15,170

mean there's no place to have a garden

792

00:35:19,720 --> 00:35:17,960

here so I mean you should don't you grow

793

00:35:22,330 --> 00:35:19,730

your own food if you're capable of it if

794

00:35:24,070 --> 00:35:22,340

you've got a place to do it you should

795

00:35:26,440 --> 00:35:24,080

definitely keep some cash at home

796

00:35:28,150 --> 00:35:26,450

they're trying to make cash illegal

797

00:35:31,840 --> 00:35:28,160

basically I mean there's this there's

798

00:35:33,700 --> 00:35:31,850

this cashless society movement where I I

799

00:35:35,349 --> 00:35:33,710

think one reason they're doing it is

800

00:35:38,140 --> 00:35:35,359

they want to be able to bail in our

801
00:35:40,750 --> 00:35:38,150
money if if the big banks go down and

802
00:35:43,510 --> 00:35:40,760
our money is just numbers in their in

803
00:35:44,980 --> 00:35:43,520
their account is just here with the new

804
00:35:49,500 --> 00:35:44,990
bail and system that they

805
00:35:52,330 --> 00:35:49,510
a the big banks are supposed to

806
00:35:54,910 --> 00:35:52,340
recapitalize themselves by conferred

807
00:35:56,920 --> 00:35:54,920
literally by converting our deposits

808
00:35:58,900 --> 00:35:56,930
into their capital so they can actually

809
00:36:00,700 --> 00:35:58,910
they're actually allowed to confiscate

810
00:36:02,950 --> 00:36:00,710
our deposits and we can't even sue about

811
00:36:05,190 --> 00:36:02,960
it it's legal I mean that's the law they

812
00:36:08,590 --> 00:36:05,200
would join there in the darkness in

813
00:36:10,900 --> 00:36:08,600

Cyprus yeah of doing it yeah what they

814

00:36:12,970 --> 00:36:10,910

did in Cyprus is the law that was just

815

00:36:17,740 --> 00:36:12,980

like the trial run it's now the law as

816

00:36:22,510 --> 00:36:17,750

of last November at when they all met in

817

00:36:24,190 --> 00:36:22,520

Brisbane a g20 met in Brisbane and click

818

00:36:25,300 --> 00:36:24,200

their stamp of approval on it of course

819

00:36:26,920 --> 00:36:25,310

they probably don't even know what

820

00:36:29,440 --> 00:36:26,930

they're proving they Wiz in it's like

821

00:36:31,960 --> 00:36:29,450

this TPP which we don't even get to know

822

00:36:34,390 --> 00:36:31,970

what's in it but they the way they've

823

00:36:36,640 --> 00:36:34,400

managed to get it passed the Senate is

824

00:36:39,190 --> 00:36:36,650

they negotiate it's like okay you don't

825

00:36:41,230 --> 00:36:39,200

like that provision but or they want

826

00:36:43,840 --> 00:36:41,240

this provision in it and then they make

827

00:36:45,910 --> 00:36:43,850

a deal but then they're leaving these

828

00:36:48,550 --> 00:36:45,920

outrageous things in it where we're

829

00:36:52,540 --> 00:36:48,560

totally going to be at the mercy of big

830

00:36:54,120 --> 00:36:52,550

international well you know it what is

831

00:36:56,470 --> 00:36:54,130

that that they said you know will

832

00:37:01,560 --> 00:36:56,480

understand the law after we pass it and

833

00:37:04,690 --> 00:37:01,570

you're screwed I'll tell you later yeah

834

00:37:07,510 --> 00:37:04,700

my team debtors prison so you think

835

00:37:09,130 --> 00:37:07,520

basically you have to almost go back to

836

00:37:11,560 --> 00:37:09,140

the days of the colonies you make your

837

00:37:14,200 --> 00:37:11,570

own food hunt your own animals you know

838

00:37:15,960 --> 00:37:14,210

get a gun at the front door and join

839

00:37:18,700 --> 00:37:15,970

with hey neighbors and make a militia

840

00:37:22,000 --> 00:37:18,710

yeah if you can yeah that's right all

841

00:37:24,310 --> 00:37:22,010

the ammunition if where I live in Los

842

00:37:25,960 --> 00:37:24,320

Angeles if there's a big holocaust I

843

00:37:28,000 --> 00:37:25,970

mean I'm just going down with the ship

844

00:37:30,400 --> 00:37:28,010

because I don't have a way to get out of

845

00:37:32,770 --> 00:37:30,410

the city or a place to escape dude I

846

00:37:34,930 --> 00:37:32,780

mean I just assented I'm exactly

847

00:37:36,730 --> 00:37:34,940

gambling I think I just don't value my

848

00:37:39,220 --> 00:37:36,740

life all that much I mean I it's so

849

00:37:42,280 --> 00:37:39,230

interesting being on the team that's

850

00:37:44,050 --> 00:37:42,290

trying to to fight it off you know I

851
00:37:46,390 --> 00:37:44,060
don't really care if I mean I'm gambling

852
00:37:48,760 --> 00:37:46,400
that will win I think we will win it's

853
00:37:52,870 --> 00:37:48,770
not easy to grow your own food I and I'm

854
00:37:55,480 --> 00:37:52,880
I'm out trying to grow my food and you

855
00:37:58,150 --> 00:37:55,490
know I managed to get a few pairs every

856
00:37:58,760 --> 00:37:58,160
year an apple or two that doesn't get

857
00:38:01,160 --> 00:37:58,770
eaten by

858
00:38:03,950 --> 00:38:01,170
birds a few strawberries in here and

859
00:38:06,230 --> 00:38:03,960
seven and seven Tomatoes you know and

860
00:38:08,000 --> 00:38:06,240
and and all of a sudden I wake up one

861
00:38:11,450 --> 00:38:08,010
morning and all my beans are eaten by

862
00:38:13,700 --> 00:38:11,460
some hungry groundhog are you going

863
00:38:15,500 --> 00:38:13,710

about it all wrong you make friends with

864

00:38:17,270 --> 00:38:15,510

people with excellent gardens they get

865

00:38:19,670 --> 00:38:17,280

bumper crops and you get theirs that's

866

00:38:21,380 --> 00:38:19,680

how you do I said no I think that goes

867

00:38:24,170 --> 00:38:21,390

back to banking you know like you invest

868

00:38:27,260 --> 00:38:24,180

in their in their garden and they pay

869

00:38:29,360 --> 00:38:27,270

you back a certain person I am one hell

870

00:38:32,030 --> 00:38:29,370

of a her an herb gardener though I will

871

00:38:35,330 --> 00:38:32,040

tell you that but so Ellen so going back

872

00:38:37,670 --> 00:38:35,340

so you really feel that if the general

873

00:38:40,010 --> 00:38:37,680

population doesn't wake up and wake up

874

00:38:42,110 --> 00:38:40,020

soon we are going to be at the mercy of

875

00:38:45,010 --> 00:38:42,120

this controlling force regardless of

876

00:38:48,350 --> 00:38:45,020

whether it's human or something else

877

00:38:50,240 --> 00:38:48,360

yeah well I think we're already at their

878

00:38:51,950 --> 00:38:50,250

mercy i mean we've been controlled for a

879

00:38:54,140 --> 00:38:51,960

long time and we are waking up and

880

00:38:57,440 --> 00:38:54,150

that's why they are becoming more

881

00:39:00,740 --> 00:38:57,450

repressive in their in their own manner

882

00:39:04,580 --> 00:39:00,750

of controlling us but because the light

883

00:39:07,010 --> 00:39:04,590

cannot be stopped i mean i think that

884

00:39:09,650 --> 00:39:07,020

maybe i've read it i don't know but it

885

00:39:13,160 --> 00:39:09,660

actually I had an experience in India a

886

00:39:16,130 --> 00:39:13,170

two-day cosmic consciousness sort of

887

00:39:18,290 --> 00:39:16,140

experience I really oh wait don't was

888

00:39:21,560 --> 00:39:18,300

about level yeah well tell us about that

889

00:39:25,610 --> 00:39:21,570

please well I used to live in Africa I

890

00:39:27,710 --> 00:39:25,620

was my ex-husband tourism in work for

891

00:39:30,470 --> 00:39:27,720

USAID so we lived in several different

892

00:39:32,780 --> 00:39:30,480

countries and when we lived in Africa I

893

00:39:36,050 --> 00:39:32,790

started going to this assure him of a it

894

00:39:38,450 --> 00:39:36,060

was a brahmakumaris which is raja yoga

895

00:39:40,430 --> 00:39:38,460

where you just look at a point and don't

896

00:39:42,800 --> 00:39:40,440

think and that's the whole deal too so

897

00:39:44,900 --> 00:39:42,810

it's sort of like you create your own

898

00:39:47,810 --> 00:39:44,910

reality but you you've got a black out

899

00:39:49,580 --> 00:39:47,820

there your left brain is always you know

900

00:39:51,620 --> 00:39:49,590

continually talking to you so you want

901
00:39:53,000 --> 00:39:51,630
to shut that thing down in fact I wonder

902
00:39:55,100 --> 00:39:53,010
about your left brain I think that might

903
00:39:56,720 --> 00:39:55,110
be them talking to it you know how you

904
00:39:58,100 --> 00:39:56,730
get like a song writing through your

905
00:39:59,810 --> 00:39:58,110
head or something and you can't get rid

906
00:40:02,480 --> 00:39:59,820
of it it's like they're creating static

907
00:40:05,450 --> 00:40:02,490
all the time so you can't really you

908
00:40:07,990 --> 00:40:05,460
can't hear the voice of the of the

909
00:40:11,000 --> 00:40:08,000
higher wisdom or whatever your own inner

910
00:40:12,339 --> 00:40:11,010
higher self because it's always being

911
00:40:14,380 --> 00:40:12,349
drowned out by this

912
00:40:19,299 --> 00:40:14,390
chatter that's going on like a radio in

913
00:40:21,190 --> 00:40:19,309

your left brain i couldn't've anymore so

914

00:40:23,979 --> 00:40:21,200

so I so I went there for a while and

915

00:40:25,870 --> 00:40:23,989

they were going to India and then they

916

00:40:28,660 --> 00:40:25,880

allowed me to go along even though I

917

00:40:31,569 --> 00:40:28,670

didn't technically qualify and so it was

918

00:40:32,890 --> 00:40:31,579

a nine-day trip and we we just SAT and

919

00:40:34,900 --> 00:40:32,900

looked at a point they got us up at

920

00:40:36,489 --> 00:40:34,910

three in the morning I always fat looked

921

00:40:38,289 --> 00:40:36,499

at a point that's oh he did when your

922

00:40:40,690 --> 00:40:38,299

words you're supposed to try not to

923

00:40:45,370 --> 00:40:40,700

think just look at this point and after

924

00:40:49,089 --> 00:40:45,380

a week the founder now deceased talked

925

00:40:50,620 --> 00:40:49,099

through a medium a nun for hours and

926

00:40:52,479 --> 00:40:50,630

hours and I got really tired and I went

927

00:40:54,099 --> 00:40:52,489

back to my room after a while fell

928

00:40:55,989 --> 00:40:54,109

asleep and then when I woke up there was

929

00:40:59,200 --> 00:40:55,999

just light coming out of my chest I had

930

00:41:01,029 --> 00:40:59,210

fire out boy I ran back and then so for

931

00:41:03,609 --> 00:41:01,039

the next two days it was just it was

932

00:41:05,710 --> 00:41:03,619

sort of like Disneyland or like it was

933

00:41:07,989 --> 00:41:05,720

just like the essence of the thing not

934

00:41:10,630 --> 00:41:07,999

not like a drug trip now I mean not like

935

00:41:13,960 --> 00:41:10,640

distorted but like more real than real

936

00:41:15,640 --> 00:41:13,970

and just this sort of so so I just and

937

00:41:17,049 --> 00:41:15,650

everything was good you know you feel

938

00:41:19,539 --> 00:41:17,059

good and I mean I can't even remember

939

00:41:22,390 --> 00:41:19,549

the details that much but it was just

940

00:41:25,359 --> 00:41:22,400

like another plateau of existence so I

941

00:41:28,930 --> 00:41:25,369

knew that we were capable if you can

942

00:41:31,390 --> 00:41:28,940

spin your chakras up a notch yeah the

943

00:41:33,249 --> 00:41:31,400

next matchup is something more marvelous

944

00:41:37,799 --> 00:41:33,259

than where we are now so we're actually

945

00:41:41,859 --> 00:41:37,809

like butterflies I mean it's like

946

00:41:44,529 --> 00:41:41,869

caterpillars waiting to become to become

947

00:41:47,200 --> 00:41:44,539

butterflies but soon to me that the

948

00:41:49,989 --> 00:41:47,210

message was my job was to figure out how

949

00:41:52,059 --> 00:41:49,999

to get the you know prepare the ground

950

00:41:54,249 --> 00:41:52,069

so that we're all ready to become

951

00:41:56,529 --> 00:41:54,259

butterflies and I can't do it alone it's

952

00:41:58,989 --> 00:41:56,539

got to be the whole I'd like we're all

953

00:42:01,749 --> 00:41:58,999

taking off together so where do you come

954

00:42:04,650 --> 00:42:01,759

down on the whole idea of of an

955

00:42:08,109 --> 00:42:04,660

enlightened somebody being like a an

956

00:42:12,099 --> 00:42:08,119

ascended master an enlightened soul I

957

00:42:15,640 --> 00:42:12,109

mean apparently the nun who had the Guru

958

00:42:21,579 --> 00:42:15,650

speak through her somehow activated your

959

00:42:24,459 --> 00:42:21,589

chakras yes and I've never had that

960

00:42:25,599 --> 00:42:24,469

experience again except when I would go

961

00:42:30,700 --> 00:42:25,609

to

962

00:42:34,089 --> 00:42:30,710

for a while and there would be this

963

00:42:36,430 --> 00:42:34,099

10-minute reading of the guru named Baba

964

00:42:40,329 --> 00:42:36,440

I mean there's a lot about us but he was

965

00:42:42,039 --> 00:42:40,339

there baba and and during that 10

966

00:42:43,569 --> 00:42:42,049

minutes I would flip into this state and

967

00:42:46,450 --> 00:42:43,579

then it would go away so it seemed like

968

00:42:48,220 --> 00:42:46,460

it was a guru induced thing and you hear

969

00:42:50,019 --> 00:42:48,230

about lots of people who go to India and

970

00:42:54,489 --> 00:42:50,029

get touched you know in some way by the

971

00:42:58,470 --> 00:42:54,499

shutter spot Shakti pots good yes it so

972

00:43:01,809 --> 00:42:58,480

somebody so there's that you need the

973

00:43:04,359 --> 00:43:01,819

person who wakes you up or guide you

974

00:43:06,519 --> 00:43:04,369

through or gets the energy going maybe

975

00:43:09,160 --> 00:43:06,529

activates the energy i'm not sure how it

976

00:43:15,430 --> 00:43:09,170

works i have a very short thing to say

977

00:43:18,099 --> 00:43:15,440

on that I jeevan mukthi yoga classes in

978

00:43:20,859 --> 00:43:18,109

the 1990s in the East Village of

979

00:43:22,180 --> 00:43:20,869

Manhattan and every once in a while

980

00:43:24,700 --> 00:43:22,190

every couple of months they would have a

981

00:43:26,890 --> 00:43:24,710

special session and I ended up going to

982

00:43:31,150 --> 00:43:26,900

this special session with the now

983

00:43:35,079 --> 00:43:31,160

deceased son bear Sun Bear was a Native

984

00:43:37,509 --> 00:43:35,089

American a holy man from the west coast

985

00:43:39,430 --> 00:43:37,519

somewhere that from the northwest and I

986

00:43:41,380 --> 00:43:39,440

should really know more about him

987

00:43:44,109 --> 00:43:41,390

considering the experience I had because

988

00:43:45,970 --> 00:43:44,119

I went to his lecture and he walked

989

00:43:47,559 --> 00:43:45,980

around he talked to people and he gave a

990

00:43:49,900 --> 00:43:47,569

lecture and he asked us all where we

991

00:43:52,180 --> 00:43:49,910

were from and he wanted in our

992

00:43:54,069 --> 00:43:52,190

backgrounds for some reason and I

993

00:43:56,079 --> 00:43:54,079

thought it was a very pleasant lecture

994

00:43:57,849 --> 00:43:56,089

but I wasn't really you know blown away

995

00:44:00,609 --> 00:43:57,859

in the sense that I didn't really feel

996

00:44:03,130 --> 00:44:00,619

anything had happened to me and he was

997

00:44:05,339 --> 00:44:03,140

supposedly giving everybody a healing

998

00:44:08,229 --> 00:44:05,349

well I got back to my apartment and

999

00:44:10,779 --> 00:44:08,239

about a half an hour after I got back to

1000

00:44:13,539 --> 00:44:10,789

my apartment I started running around

1001
00:44:15,970 --> 00:44:13,549
the living room I had I have a nice size

1002
00:44:18,460 --> 00:44:15,980
living room not huge but I rant began

1003
00:44:21,640 --> 00:44:18,470
running around in circles which I did

1004
00:44:23,349 --> 00:44:21,650
for approximately two hours just ran

1005
00:44:25,569 --> 00:44:23,359
around in a circle and I couldn't stop I

1006
00:44:27,940 --> 00:44:25,579
tried to stop I'd stop for like a minute

1007
00:44:29,829 --> 00:44:27,950
or got a glass of water or something and

1008
00:44:32,410 --> 00:44:29,839
I went back to running around my living

1009
00:44:33,940 --> 00:44:32,420
room was the craziest thing ever and I

1010
00:44:35,289 --> 00:44:33,950
don't know maybe it was some form of

1011
00:44:37,329 --> 00:44:35,299
healing he was supposed to be there

1012
00:44:39,130 --> 00:44:37,339
doing a healing and maybe I became

1013
00:44:41,620 --> 00:44:39,140

healed from something but

1014

00:44:43,660 --> 00:44:41,630

I sure had no idea that this was going

1015

00:44:47,530 --> 00:44:43,670

to happen to me so I just throw that out

1016

00:44:51,040 --> 00:44:47,540

there is a as a fun little tidbit wow

1017

00:44:53,200 --> 00:44:51,050

wow well put it but I like that whole

1018

00:44:55,480 --> 00:44:53,210

idea though I mean when you say bring

1019

00:44:58,540 --> 00:44:55,490

out the light I mean that really goes

1020

00:45:01,540 --> 00:44:58,550

back to biblical times like the darkness

1021

00:45:03,760 --> 00:45:01,550

and the light that yin the yang and it

1022

00:45:07,210 --> 00:45:03,770

so if you're saying that perhaps aliens

1023

00:45:09,160 --> 00:45:07,220

are behind all these large human

1024

00:45:11,440 --> 00:45:09,170

families that more or less control of

1025

00:45:13,570 --> 00:45:11,450

banking interests I guess they're not

1026

00:45:15,910 --> 00:45:13,580

very nice beings it seems like they

1027

00:45:19,230 --> 00:45:15,920

would be the dark powers not all of them

1028

00:45:22,030 --> 00:45:19,240

I don't think well I mean anybody who's

1029

00:45:24,070 --> 00:45:22,040

sort of enslaving you know that one of

1030

00:45:27,340 --> 00:45:24,080

the conspiracy theories is this will

1031

00:45:29,170 --> 00:45:27,350

eventually become prisoner 'the and it

1032

00:45:30,880 --> 00:45:29,180

seems like that's where we're headed but

1033

00:45:32,680 --> 00:45:30,890

just really quickly i'm just going to

1034

00:45:35,290 --> 00:45:32,690

interrupt this quickly we are talking to

1035

00:45:38,170 --> 00:45:35,300

Ellen Hodgson Brown she is the author of

1036

00:45:40,780 --> 00:45:38,180

the web of debt it's an extraordinarily

1037

00:45:42,850 --> 00:45:40,790

important book one that not enough

1038

00:45:45,190 --> 00:45:42,860

attention has been paid to because i

1039

00:45:47,500 --> 00:45:45,200

think the powers that be have somewhat

1040

00:45:49,480 --> 00:45:47,510

suppress the media to advertising your

1041

00:45:52,060 --> 00:45:49,490

book so hopefully people who are

1042

00:45:54,670 --> 00:45:52,070

listening get ahold of web of debt read

1043

00:45:57,040 --> 00:45:54,680

it and act on it absolutely you know

1044

00:46:01,300 --> 00:45:57,050

maybe that will help you bring the light

1045

00:46:03,340 --> 00:46:01,310

but yeah so did I I have to get back to

1046

00:46:06,190 --> 00:46:03,350

this you think that possibly there are

1047

00:46:09,390 --> 00:46:06,200

some alien families behind human

1048

00:46:12,250 --> 00:46:09,400

families behind banking families or

1049

00:46:15,610 --> 00:46:12,260

possibility of I wouldn't obviously of

1050

00:46:18,940 --> 00:46:15,620

force you do I don't know but yeah well

1051
00:46:21,160 --> 00:46:18,950
i think the matrix the movie doing i saw

1052
00:46:23,260 --> 00:46:21,170
how it was made error i read how is made

1053
00:46:25,660 --> 00:46:23,270
it was actually that the people who

1054
00:46:27,790 --> 00:46:25,670
wrote it two men i think were i think

1055
00:46:31,630 --> 00:46:27,800
they were from essed and they had had

1056
00:46:33,370 --> 00:46:31,640
this revelation themselves so you know

1057
00:46:35,200 --> 00:46:33,380
they were sort of channeling this idea

1058
00:46:39,010 --> 00:46:35,210
but it that seems about right to me that

1059
00:46:41,050 --> 00:46:39,020
there's another dimension where we're

1060
00:46:43,870 --> 00:46:41,060
we're controlled from so it's not like

1061
00:46:46,840 --> 00:46:43,880
alien families like a number of people

1062
00:46:48,550 --> 00:46:46,850
that physically landed and breed it and

1063
00:46:50,500 --> 00:46:48,560

stuff like that but or maybe I don't

1064

00:46:51,840 --> 00:46:50,510

know who knows but but I would see it

1065

00:46:54,840 --> 00:46:51,850

Morris

1066

00:46:59,250 --> 00:46:54,850

and entities who are not necessarily

1067

00:47:01,920 --> 00:46:59,260

embodied wow what who knows i don't know

1068

00:47:04,050 --> 00:47:01,930

but and i've also read though that the

1069

00:47:05,880 --> 00:47:04,060

reason for things like chem trails and

1070

00:47:10,860 --> 00:47:05,890

heart been messing up the environment is

1071

00:47:13,950 --> 00:47:10,870

to block us from from escape or from it

1072

00:47:17,400 --> 00:47:13,960

stood like imprisoning us within their

1073

00:47:19,800 --> 00:47:17,410

meme are there they are able to control

1074

00:47:21,450 --> 00:47:19,810

the information we get we're not we you

1075

00:47:24,510 --> 00:47:21,460

know it's to keep the light out in other

1076
00:47:27,750 --> 00:47:24,520
words and so that we can't know what's

1077
00:47:29,190 --> 00:47:27,760
going on but the delight will will prove

1078
00:47:31,830 --> 00:47:29,200
it i mean a delight keep sleeping

1079
00:47:33,660 --> 00:47:31,840
through because one reason is the

1080
00:47:38,130 --> 00:47:33,670
internet and the where who brought the

1081
00:47:41,730 --> 00:47:38,140
internet it was good push that itself is

1082
00:47:44,580 --> 00:47:41,740
like our salvation connecting everybody

1083
00:47:46,560 --> 00:47:44,590
making us all one but i think the FTC is

1084
00:47:49,200 --> 00:47:46,570
trying to control that now yes they are

1085
00:47:50,880 --> 00:47:49,210
trying to control it you know they're

1086
00:47:53,490 --> 00:47:50,890
starting to stick the grimy little paws

1087
00:47:55,440 --> 00:47:53,500
into that too because you're right i

1088
00:47:58,440 --> 00:47:55,450

think that's going to be the fly in the

1089

00:48:00,330 --> 00:47:58,450

ointment I don't think I really think

1090

00:48:02,040 --> 00:48:00,340

that is the thing that hit them from

1091

00:48:04,530 --> 00:48:02,050

left field they never saw that one

1092

00:48:06,500 --> 00:48:04,540

coming the internet and I doubt if they

1093

00:48:09,750 --> 00:48:06,510

can control it at this point and also

1094

00:48:12,780 --> 00:48:09,760

alternative power is another is another

1095

00:48:17,940 --> 00:48:12,790

thing that's going to loosen the grip of

1096

00:48:20,670 --> 00:48:17,950

the oligarchs I think because i think if

1097

00:48:23,580 --> 00:48:20,680

we are off the oil standard and whether

1098

00:48:25,170 --> 00:48:23,590

we go with wind or solar or zero point

1099

00:48:27,720 --> 00:48:25,180

energy or something else that comes

1100

00:48:30,150 --> 00:48:27,730

along i think if we can get off oil we

1101
00:48:31,710 --> 00:48:30,160
can get out of some of the problems i

1102
00:48:34,950 --> 00:48:31,720
don't know how you feel about that Ellen

1103
00:48:37,110 --> 00:48:34,960
I agree no I think oil is one of the

1104
00:48:39,240 --> 00:48:37,120
things one of the ways in which we have

1105
00:48:41,550 --> 00:48:39,250
been controlled because they can limit

1106
00:48:43,800 --> 00:48:41,560
it or it is limited or they purport to l

1107
00:48:48,030 --> 00:48:43,810
mean it may not be there such a thing as

1108
00:48:49,830 --> 00:48:48,040
a brick AV AV attic oil that created l

1109
00:48:51,870 --> 00:48:49,840
mean it so we don't we don't even know

1110
00:48:53,910 --> 00:48:51,880
that it's really limited but we are told

1111
00:48:56,520 --> 00:48:53,920
that it's limited and therefore they can

1112
00:48:59,370 --> 00:48:56,530
raise the prices on it I think they play

1113
00:49:01,800 --> 00:48:59,380

that oil I mean this is just my opinion

1114

00:49:05,400 --> 00:49:01,810

but I think that of course oil is being

1115

00:49:08,790 --> 00:49:05,410

produced now in in the earth but in

1116

00:49:11,790 --> 00:49:08,800

such small quantities that I I don't

1117

00:49:14,480 --> 00:49:11,800

believe that it's a limited limitless

1118

00:49:17,760 --> 00:49:14,490

resource I don't believe in the larger a

1119

00:49:19,500 --> 00:49:17,770

picture of abiotic oil only in the

1120

00:49:21,990 --> 00:49:19,510

smaller picture like sure plants are

1121

00:49:24,150 --> 00:49:22,000

dying and they're getting squashed under

1122

00:49:26,700 --> 00:49:24,160

earth and the earth is compounding them

1123

00:49:30,210 --> 00:49:26,710

and somewhere oil is actually being

1124

00:49:34,650 --> 00:49:30,220

produced but the rate of production does

1125

00:49:37,290 --> 00:49:34,660

not equal the rate of extraction as far

1126

00:49:38,520 --> 00:49:37,300

as as far as I could see and I really

1127

00:49:42,390 --> 00:49:38,530

think that we got to look at something

1128

00:49:44,790 --> 00:49:42,400

else yeah well yeah well there's so many

1129

00:49:46,740 --> 00:49:44,800

wedding so it's something else is you

1130

00:49:49,110 --> 00:49:46,750

don't even really I need oil that's also

1131

00:49:50,970 --> 00:49:49,120

a fiction I mean I'll is necessary to

1132

00:49:52,980 --> 00:49:50,980

create plastic and plastic may or may

1133

00:49:55,410 --> 00:49:52,990

not be necessary but other than that who

1134

00:49:57,750 --> 00:49:55,420

needs it you know and I think that would

1135

00:49:59,400 --> 00:49:57,760

really put a damper I think that's as

1136

00:50:02,460 --> 00:49:59,410

you said and this goes back to the

1137

00:50:05,720 --> 00:50:02,470

roster aisles you know money is lent out

1138

00:50:08,250 --> 00:50:05,730

to both sides of a war and right now

1139

00:50:09,840 --> 00:50:08,260

just to kill the Middle East problem you

1140

00:50:11,730 --> 00:50:09,850

could just do away with oil the money

1141

00:50:14,310 --> 00:50:11,740

would dry up and they go back out to

1142

00:50:16,110 --> 00:50:14,320

whatever they had been before they are

1143

00:50:20,160 --> 00:50:16,120

working on billions and trillions of

1144

00:50:21,960 --> 00:50:20,170

dollars that are all oil dollars and you

1145

00:50:24,630 --> 00:50:21,970

know if once those go away they really

1146

00:50:30,620 --> 00:50:24,640

don't have an awful lot left nothing

1147

00:50:32,730 --> 00:50:30,630

actually you know it is such an American

1148

00:50:34,770 --> 00:50:32,740

misconception I always think of the

1149

00:50:36,420 --> 00:50:34,780

cities there is little Santa's I mean

1150

00:50:39,000 --> 00:50:36,430

they're enormous like Turan is an

1151

00:50:42,270 --> 00:50:39,010

enormous City it's a beautiful city it's

1152

00:50:44,730 --> 00:50:42,280

a shiny of the idiots have it but um you

1153

00:50:46,500 --> 00:50:44,740

know that's just my opinion I'm sorry I

1154

00:50:47,940 --> 00:50:46,510

don't need to say that I suppose I'm in

1155

00:50:49,290 --> 00:50:47,950

trouble but then again I'm a woman

1156

00:50:52,890 --> 00:50:49,300

without a burger so I'm in trouble

1157

00:50:57,230 --> 00:50:52,900

anyway so you're away a woman without a

1158

00:51:00,420 --> 00:50:57,240

burka and be a great title for a book I

1159

00:51:05,220 --> 00:51:00,430

don't understand with Bertha is that is

1160

00:51:09,180 --> 00:51:05,230

that better burka yeah yeah I had a

1161

00:51:11,670 --> 00:51:09,190

friend who went around in Iran addressed

1162

00:51:15,060 --> 00:51:11,680

as a boy when she was a teenager she was

1163

00:51:17,520 --> 00:51:15,070

her father was some kind of attache and

1164

00:51:19,300 --> 00:51:17,530

she you know she was more or less kept

1165

00:51:22,000 --> 00:51:19,310

inside even though that was more

1166

00:51:24,460 --> 00:51:22,010

old times so she went out dressed as a

1167

00:51:30,130 --> 00:51:24,470

boy as a fourteen-year-old just so she

1168

00:51:32,230 --> 00:51:30,140

could walk around yeah but so so you

1169

00:51:35,020 --> 00:51:32,240

speculate that there really is sort of a

1170

00:51:36,640 --> 00:51:35,030

war going on now between people that are

1171

00:51:39,640 --> 00:51:36,650

things or whatever they'll want to

1172

00:51:40,990 --> 00:51:39,650

control the whole planet and the rest of

1173

00:51:43,810 --> 00:51:41,000

the planet that doesn't want to be

1174

00:51:48,490 --> 00:51:43,820

controlled does that sort of sum it up a

1175

00:51:51,400 --> 00:51:48,500

little or yeah yeah I think the numbers

1176
00:51:53,080 --> 00:51:51,410
are on our side and yeah I did you well

1177
00:51:54,670 --> 00:51:53,090
the way we definitely got the numbers

1178
00:51:56,650 --> 00:51:54,680
and I mean if it's the ninety-nine

1179
00:51:59,890 --> 00:51:56,660
percent versus the one percent we've got

1180
00:52:03,010 --> 00:51:59,900
the numbers in terms of votes so what

1181
00:52:06,400 --> 00:52:03,020
but what we don't have is a consolidated

1182
00:52:09,820 --> 00:52:06,410
yes the understanding wait once

1183
00:52:11,800 --> 00:52:09,830
everybody knows how we're going to move

1184
00:52:15,160 --> 00:52:11,810
forward you know if we had a united

1185
00:52:18,460 --> 00:52:15,170
front if we had a plan that everybody

1186
00:52:20,350 --> 00:52:18,470
agreed on that I'm for me I'm arguing

1187
00:52:22,630 --> 00:52:20,360
with the other money reformers at this

1188
00:52:24,280 --> 00:52:22,640

stage and I saying no it's one says no

1189

00:52:26,110 --> 00:52:24,290

we've got inflation no this is no a

1190

00:52:27,370 --> 00:52:26,120

difficulty for a sinner you know we

1191

00:52:31,420 --> 00:52:27,380

should be printing the money we should

1192

00:52:33,430 --> 00:52:31,430

be controlling the debt pet sitter so we

1193

00:52:36,100 --> 00:52:33,440

don't even agree on how we can move

1194

00:52:38,770 --> 00:52:36,110

forward but if we did I think we would

1195

00:52:41,080 --> 00:52:38,780

we would necessarily win because we've

1196

00:52:43,000 --> 00:52:41,090

got all the book but it has to be it has

1197

00:52:45,850 --> 00:52:43,010

to be public because there's also a

1198

00:52:48,520 --> 00:52:45,860

conspiracy theory that said that Lincoln

1199

00:52:50,230 --> 00:52:48,530

was assassinated too I mean obviously

1200

00:52:53,560 --> 00:52:50,240

John Wilkes Booth had a lot of other

1201
00:52:56,800 --> 00:52:53,570
issues but greenback issuing had a lot

1202
00:52:59,830 --> 00:52:56,810
to do with it and there was also tales

1203
00:53:04,300 --> 00:52:59,840
that Kennedy was actually creating a

1204
00:53:05,890 --> 00:53:04,310
bill creating redback dollars and when

1205
00:53:08,200 --> 00:53:05,900
he was assassinated the first thing

1206
00:53:10,810 --> 00:53:08,210
Johnson did was run into the office and

1207
00:53:13,330 --> 00:53:10,820
veto that bill so whether or not that's

1208
00:53:16,840 --> 00:53:13,340
true or an urban myth I don't know but

1209
00:53:19,120 --> 00:53:16,850
it seems like unless you have somebody

1210
00:53:22,170 --> 00:53:19,130
willing to do something like that that

1211
00:53:24,430 --> 00:53:22,180
has a lot of people and a lot of

1212
00:53:28,930 --> 00:53:24,440
protection around them they're not going

1213
00:53:31,060 --> 00:53:28,940

to make much headway yeah agreed yeah

1214

00:53:32,410 --> 00:53:31,070

that's a sad but true and and

1215

00:53:34,660 --> 00:53:32,420

governments

1216

00:53:39,460 --> 00:53:34,670

whether you come down on the right or

1217

00:53:41,920 --> 00:53:39,470

the left like live by gurbles theory of

1218

00:53:43,900 --> 00:53:41,930

telling lies enough times that you

1219

00:53:46,420 --> 00:53:43,910

believe them and I don't think that's

1220

00:53:49,780 --> 00:53:46,430

limited to any particular party no

1221

00:53:51,610 --> 00:53:49,790

that's a politician specialty but you

1222

00:53:53,650 --> 00:53:51,620

know they were saying how many things

1223

00:53:55,750 --> 00:53:53,660

came out of World War two and that's one

1224

00:53:58,030 --> 00:53:55,760

of them is propaganda and media control

1225

00:54:00,190 --> 00:53:58,040

they certainly learned that well very

1226
00:54:03,250 --> 00:54:00,200
well actually more so than nuclear power

1227
00:54:05,470 --> 00:54:03,260
that propaganda is stronger stronger

1228
00:54:07,510 --> 00:54:05,480
weapon against the general population I

1229
00:54:09,370 --> 00:54:07,520
think it was gurbles that said that yeah

1230
00:54:10,930 --> 00:54:09,380
well one of them who cares you know one

1231
00:54:13,300 --> 00:54:10,940
of these old guys they're all dead so

1232
00:54:17,080 --> 00:54:13,310
who cares what we have left is a

1233
00:54:20,380 --> 00:54:17,090
propaganda machine yeah well and the

1234
00:54:23,020 --> 00:54:20,390
two-party system means that we you can't

1235
00:54:25,840 --> 00:54:23,030
get any opposing views in there the two

1236
00:54:27,970 --> 00:54:25,850
parties are they used to be the party of

1237
00:54:29,230 --> 00:54:27,980
Rockefeller and the party of Morgan I

1238
00:54:32,320 --> 00:54:29,240

mean there were two big bankers

1239

00:54:35,110 --> 00:54:32,330

competing with each other so if you well

1240

00:54:37,240 --> 00:54:35,120

I actually ran for state treasurer in

1241

00:54:39,790 --> 00:54:37,250

California so I'm good see how hopeless

1242

00:54:42,040 --> 00:54:39,800

it was if you can't don't have the money

1243

00:54:44,740 --> 00:54:42,050

to get onto TV because how are you

1244

00:54:47,230 --> 00:54:44,750

possibly going to reach millions of

1245

00:54:49,660 --> 00:54:47,240

people unless you know you can you could

1246

00:54:52,030 --> 00:54:49,670

win a local election like that we do

1247

00:54:54,610 --> 00:54:52,040

have grout Iran as a green so we do have

1248

00:54:58,350 --> 00:54:54,620

good good good i'm a green i'm a radical

1249

00:55:01,480 --> 00:54:58,360

three you go girls you go you go girl it

1250

00:55:04,830 --> 00:55:01,490

so we have like it we have a green party

1251
00:55:08,230 --> 00:55:04,840
mayor in rich richmond richmond

1252
00:55:10,540 --> 00:55:08,240
california which is a hundred thousand

1253
00:55:12,730 --> 00:55:10,550
population hundred thousands so that's a

1254
00:55:15,550 --> 00:55:12,740
place where you actually can have make a

1255
00:55:17,980 --> 00:55:15,560
difference by getting on local TV doing

1256
00:55:21,100 --> 00:55:17,990
local speeches doing bumper stickers

1257
00:55:23,560 --> 00:55:21,110
putting signs on your lawn and that can

1258
00:55:25,600 --> 00:55:23,570
influence the vote but in a whole state

1259
00:55:27,460 --> 00:55:25,610
the size of California or definitely in

1260
00:55:29,710 --> 00:55:27,470
the inner country the size of the u.s.

1261
00:55:31,660 --> 00:55:29,720
you absolutely have to get on to

1262
00:55:34,420 --> 00:55:31,670
national TV which means you have to have

1263
00:55:36,670 --> 00:55:34,430

the very big basically the big banks

1264

00:55:38,920 --> 00:55:36,680

behind you which means you have to cater

1265

00:55:40,720 --> 00:55:38,930

to the big banks so there's we should

1266

00:55:42,520 --> 00:55:40,730

have at least we should have

1267

00:55:45,280 --> 00:55:42,530

proportional representation like they

1268

00:55:46,390 --> 00:55:45,290

have in europe where if some party its

1269

00:55:49,000 --> 00:55:46,400

twenty percent of the vote

1270

00:55:51,460 --> 00:55:49,010

then they get running out of 5 yep

1271

00:55:54,430 --> 00:55:51,470

resented oh yeah that would be good that

1272

00:55:59,470 --> 00:55:54,440

would be good well what can we can we

1273

00:56:04,180 --> 00:55:59,480

say in terms of this think globally act

1274

00:56:08,049 --> 00:56:04,190

locally which is the green slogan yeah

1275

00:56:10,839 --> 00:56:08,059

well I think did our only hope maybe two

1276

00:56:15,099 --> 00:56:10,849

to act locally and like get your

1277

00:56:18,010 --> 00:56:15,109

community together and provide in your

1278

00:56:20,859 --> 00:56:18,020

community for farming or with you no

1279

00:56:22,240 --> 00:56:20,869

access to food and and you could set up

1280

00:56:24,339 --> 00:56:22,250

here you can set up your own money

1281

00:56:26,500 --> 00:56:24,349

system and I'm head of the public

1282

00:56:28,210 --> 00:56:26,510

banking Institute so our thing is that

1283

00:56:30,519 --> 00:56:28,220

every state should have its own Bank

1284

00:56:33,220 --> 00:56:30,529

like the Bank of North Dakota but also

1285

00:56:35,769 --> 00:56:33,230

you could have city owned banks I live

1286

00:56:38,109 --> 00:56:35,779

in Los Angeles which is 14 times the

1287

00:56:40,269 --> 00:56:38,119

size of North Dakota population wise so

1288

00:56:43,029 --> 00:56:40,279

we could definitely have several city

1289

00:56:44,559 --> 00:56:43,039

owned banks here which could then fund

1290

00:56:47,589 --> 00:56:44,569

or you know if you're just a large

1291

00:56:50,380 --> 00:56:47,599

community you could have your own bank

1292

00:56:52,120 --> 00:56:50,390

funding your own community things so

1293

00:56:53,680 --> 00:56:52,130

basically it would be like a cooperative

1294

00:56:56,710 --> 00:56:53,690

where the profits instead of being

1295

00:56:59,769 --> 00:56:56,720

sucked out all the time would be would

1296

00:57:02,019 --> 00:56:59,779

return to the community so you could do

1297

00:57:04,000 --> 00:57:02,029

long-range things where you could do

1298

00:57:05,319 --> 00:57:04,010

infrastructure if you're big enough for

1299

00:57:07,329 --> 00:57:05,329

infrastructure I mean that's one reason

1300

00:57:08,950 --> 00:57:07,339

why we don't do infrastructure is you

1301
00:57:11,349 --> 00:57:08,960
can't care we're not putting money into

1302
00:57:15,130 --> 00:57:11,359
it you can't get this Congress to think

1303
00:57:17,260 --> 00:57:15,140
beyond short term whereas in China they

1304
00:57:19,569 --> 00:57:17,270
can do like their ten-year plans they

1305
00:57:21,250 --> 00:57:19,579
can look way for a head and they just

1306
00:57:22,960 --> 00:57:21,260
print the money that's where they get

1307
00:57:26,079 --> 00:57:22,970
the money and it works very well for

1308
00:57:29,319 --> 00:57:26,089
them to questions about money one

1309
00:57:31,990 --> 00:57:29,329
question of a has have you ever been to

1310
00:57:35,170 --> 00:57:32,000
heard of or know of da manure in

1311
00:57:38,769 --> 00:57:35,180
northern Italy in the foothills of the

1312
00:57:43,870 --> 00:57:38,779
Alps where it is a commune a spiritual

1313
00:57:45,970 --> 00:57:43,880

artistic civic commune and they have

1314

00:57:50,710 --> 00:57:45,980

their own money that dominora in

1315

00:57:52,870 --> 00:57:50,720

currency there are you aware of that no

1316

00:57:57,309 --> 00:57:52,880

not aware but I know that my daughter

1317

00:57:59,289 --> 00:57:57,319

lives in Europe and that's what she her

1318

00:58:00,069 --> 00:57:59,299

thing is biomimicry where you would

1319

00:58:03,069 --> 00:58:00,079

imitate

1320

00:58:04,479 --> 00:58:03,079

nature but she lectures to ecovillages

1321

00:58:08,170 --> 00:58:04,489

about how they can set up their own

1322

00:58:10,390 --> 00:58:08,180

money systems well da manure has to end

1323

00:58:12,940 --> 00:58:10,400

and it fairly successfully and they've

1324

00:58:16,779 --> 00:58:12,950

pretty much you know they fight they

1325

00:58:20,620 --> 00:58:16,789

fight the church and they fight the the

1326

00:58:23,259 --> 00:58:20,630

country a lot of Italy to keep their to

1327

00:58:27,039 --> 00:58:23,269

keep their own autonomy and they have

1328

00:58:29,170 --> 00:58:27,049

run for local council seats and one at

1329

00:58:31,779 --> 00:58:29,180

first the people the in surrounding

1330

00:58:33,940 --> 00:58:31,789

communities were against them and they

1331

00:58:35,829 --> 00:58:33,950

proved to the local people that they had

1332

00:58:37,630 --> 00:58:35,839

the people's best interest in mind and

1333

00:58:40,420 --> 00:58:37,640

it's really it's really quite a

1334

00:58:42,309 --> 00:58:40,430

beautiful place to visit and I recommend

1335

00:58:46,680 --> 00:58:42,319

it to your daughter into yourself my

1336

00:58:51,339 --> 00:58:46,690

second question ready brother da a.m

1337

00:58:53,940 --> 00:58:51,349

anhu our da manure now there's a dominar

1338

00:58:57,849 --> 00:58:53,950

in Egypt it's not in Egypt this one is

1339

00:58:59,709 --> 00:58:57,859

in in the foothills and val KO sehla or

1340

00:59:05,549 --> 00:58:59,719

something like that in northern in

1341

00:59:09,579 --> 00:59:05,559

northern italy near the town of tori no

1342

00:59:11,559 --> 00:59:09,589

it's it's about 50 60 miles into the

1343

00:59:14,620 --> 00:59:11,569

hills from tory know which is a lovely

1344

00:59:17,459 --> 00:59:14,630

town as well the second question that I

1345

00:59:19,420 --> 00:59:17,469

had for you had to do with bitcoin is

1346

00:59:23,319 --> 00:59:19,430

anything we going to see anything happen

1347

00:59:25,329 --> 00:59:23,329

with that do you think well bitcoins are

1348

00:59:27,459 --> 00:59:25,339

really interesting development I mean I

1349

00:59:29,380 --> 00:59:27,469

don't when people ask me about it I

1350

00:59:31,439 --> 00:59:29,390

don't necessarily recommend that people

1351

00:59:34,299 --> 00:59:31,449

put their money into it because it's so

1352

00:59:35,829 --> 00:59:34,309

volatile it so you could lose your money

1353

00:59:37,359 --> 00:59:35,839

as well as make your money you know had

1354

00:59:39,969 --> 00:59:37,369

you gotten in right at the beginning it

1355

00:59:42,789 --> 00:59:39,979

would obviously been really good but

1356

00:59:45,849 --> 00:59:42,799

it's a very interesting model for how

1357

00:59:48,969 --> 00:59:45,859

you could set up a currency system that

1358

00:59:51,160 --> 00:59:48,979

could not be confiscated by by the big

1359

00:59:53,049 --> 00:59:51,170

bank you know within a bail-in in other

1360

00:59:55,089 --> 00:59:53,059

words it's an independent currency

1361

00:59:59,049 --> 00:59:55,099

system which is still a reliable and

1362

01:00:01,809 --> 00:59:59,059

it's because it's digital it's not you

1363

01:00:03,549 --> 01:00:01,819

don't have like one paper community

1364

01:00:06,729 --> 01:00:03,559

currency competing with another paper

1365

01:00:10,150 --> 01:00:06,739

community currency I saw that Vera

1366

01:00:12,789 --> 01:00:10,160

Farkas the the finance minister for

1367

01:00:13,960 --> 01:00:12,799

Greece had recommended one possibility

1368

01:00:15,400 --> 01:00:13,970

for getting out

1369

01:00:18,720 --> 01:00:15,410

are helping them get out of their

1370

01:00:22,270 --> 01:00:18,730

troubles would be to have a Bitcoin like

1371

01:00:24,430 --> 01:00:22,280

algorithm used to create a local

1372

01:00:28,660 --> 01:00:24,440

currency that would be you know a local

1373

01:00:31,660 --> 01:00:28,670

Greek currency issued by the government

1374

01:00:36,880 --> 01:00:31,670

or by the government's state-owned banks

1375

01:00:39,430 --> 01:00:36,890

to that would be an advance against

1376

01:00:41,140 --> 01:00:39,440

future taxes so it would be acceptable

1377

01:00:44,920 --> 01:00:41,150

in the payment of taxes and that would

1378

01:00:46,780 --> 01:00:44,930

give it its viability but but in order

1379

01:00:51,370 --> 01:00:46,790

to make the whole thing secure you would

1380

01:00:54,339 --> 01:00:51,380

follow the Bitcoin model all right yeah

1381

01:00:57,040 --> 01:00:54,349

that's an interesting idea I think that

1382

01:01:01,330 --> 01:00:57,050

we're coming down to the end of our road

1383

01:01:03,640 --> 01:01:01,340

here of visa V our time but we've had a

1384

01:01:05,260 --> 01:01:03,650

wonderful time talking to you and we

1385

01:01:09,640 --> 01:01:05,270

hope that you'll come back sometime

1386

01:01:11,710 --> 01:01:09,650

Ellen Hodge Hodgson Brown and would you

1387

01:01:13,120 --> 01:01:11,720

like to say other names of some of your

1388

01:01:15,970 --> 01:01:13,130

other books because I know that you've

1389

01:01:17,859 --> 01:01:15,980

written on health issues natural healthy

1390

01:01:19,780 --> 01:01:17,869

preservation and that looked very

1391

01:01:24,910 --> 01:01:19,790

interesting and I'm going to personally

1392

01:01:26,320 --> 01:01:24,920

look into that more deeply okay thank

1393

01:01:29,230 --> 01:01:26,330

you and it's been great talking to you

1394

01:01:31,570 --> 01:01:29,240

too I've written 12 books actually my

1395

01:01:33,910 --> 01:01:31,580

12th is called the public bank solution

1396

01:01:36,310 --> 01:01:33,920

so that was a sequel to web of debt on

1397

01:01:38,859 --> 01:01:36,320

how we could set up our own state-owned

1398

01:01:42,099 --> 01:01:38,869

banks City on banks etc and look it

1399

01:01:44,290 --> 01:01:42,109

there I looked globally and historically

1400

01:01:47,890 --> 01:01:44,300

at other public banking models of which

1401

01:01:49,900 --> 01:01:47,900

there are many and then my first ten

1402

01:01:54,040 --> 01:01:49,910

books are on health alternative health

1403

01:01:56,079 --> 01:01:54,050

care we I had one that I co-authored

1404

01:01:58,210 --> 01:01:56,089

with dr. Lynn Walker that was a

1405

01:02:02,260 --> 01:01:58,220

best-seller called nature's pharmacy

1406

01:02:04,300 --> 01:02:02,270

uh-huh I did I did one called forbidden

1407

01:02:05,920 --> 01:02:04,310

medicine that was it was actually a

1408

01:02:08,650 --> 01:02:05,930

lawsuit I worked on but it was an

1409

01:02:10,540 --> 01:02:08,660

alternative cancer healer who wound up

1410

01:02:12,609 --> 01:02:10,550

spending four years in jail for the

1411

01:02:15,010 --> 01:02:12,619

alleged fraud of saying he had a high

1412

01:02:18,310 --> 01:02:15,020

rate of success with cancer which he

1413

01:02:20,589 --> 01:02:18,320

actually did so quite tragic story

1414

01:02:24,820 --> 01:02:20,599

really bad but I right there I fishing

1415

01:02:27,579 --> 01:02:24,830

skiing in love isn't he no that was

1416

01:02:29,289 --> 01:02:27,589

Jimmy Keller but that the

1417

01:02:31,569 --> 01:02:29,299

terney Rick Jaffe who is the attorney

1418

01:02:35,079 --> 01:02:31,579

for Pierzynski also was an attorney on

1419

01:02:37,059 --> 01:02:35,089

Jimmy Keller's case for part of it wow

1420

01:02:39,400 --> 01:02:37,069

you're fascinating person it's been a

1421

01:02:42,160 --> 01:02:39,410

fascinating conversation and an

1422

01:02:44,469 --> 01:02:42,170

important one I mean you know we can

1423

01:02:47,259 --> 01:02:44,479

speculate about the paranormal but as I

1424

01:02:49,569 --> 01:02:47,269

said before this shifts your paradigms

1425

01:02:52,120 --> 01:02:49,579

more than anything you know those little

1426

01:02:54,670 --> 01:02:52,130

little pieces of paper in your wallet

1427

01:02:57,640 --> 01:02:54,680

aren't worth diddly unless you get your

1428

01:02:59,140 --> 01:02:57,650

act together and start to act and I

1429

01:03:01,269 --> 01:02:59,150

guess this would be the time to do it

1430

01:03:03,910 --> 01:03:01,279

because it's getting real close yes I

1431

01:03:05,890 --> 01:03:03,920

agree and I'd vote for you if you ran

1432

01:03:08,019 --> 01:03:05,900

somewhere where I could vote for you I'm

1433

01:03:11,489 --> 01:03:08,029

a green and I would definitely vote for

1434

01:03:16,029 --> 01:03:11,499

you well I'm not agreeing I vote fer too

1435

01:03:17,859 --> 01:03:16,039

well maybe I will Alan thank you so much

1436

01:03:20,289 --> 01:03:17,869

it's been a real pleasure really thank

1437

01:03:23,109 --> 01:03:20,299

you thank you best of luck in your

1438

01:03:27,910 --> 01:03:23,119

endeavors and your brave woman yes fine

1439

01:03:30,309 --> 01:03:27,920

I think here we are at shattered reality

1440

01:03:32,680 --> 01:03:30,319

yeah well my reality was shattered how

1441

01:03:35,529 --> 01:03:32,690

about yours I thought she was wonderful

1442

01:03:37,539 --> 01:03:35,539

Kate she's a paradigm shifter your he

1443

01:03:40,180 --> 01:03:37,549

was wonderful she was a great guest

1444

01:03:43,269 --> 01:03:40,190

fascinating person too and yes

1445

01:03:48,459 --> 01:03:43,279

absolutely very wide renaissance woman

1446

01:03:53,170 --> 01:03:48,469

of interests and so forth um please like

1447

01:03:57,910 --> 01:03:53,180

us on Facebook Like us on our blog spots

1448

01:04:00,999 --> 01:03:57,920

and like us on iTunes we are looking for

1449

01:04:04,329 --> 01:04:01,009

your comments and we would be happy to

1450

01:04:08,979 --> 01:04:04,339

look at your guest suggestions as well

1451

01:04:13,329 --> 01:04:08,989

and as a thought and this is just a very

1452

01:04:16,359 --> 01:04:13,339

wild supposition I wanted to end with a

1453

01:04:19,719 --> 01:04:16,369

couple of thoughts about the crash of

1454

01:04:22,690 --> 01:04:19,729

the amtrak train the very unfortunate

1455

01:04:25,690 --> 01:04:22,700

crash of the amtrak train which I I did

1456

01:04:27,430 --> 01:04:25,700

start to mention with Ellen there and at

1457

01:04:29,920 --> 01:04:27,440

how it showed that we need to keep up

1458

01:04:31,809 --> 01:04:29,930

our infrastructure because you get on a

1459

01:04:33,670 --> 01:04:31,819

train and you expect to get where you're

1460

01:04:37,410 --> 01:04:33,680

going you know you don't expect one of

1461

01:04:41,890 --> 01:04:37,420

these horrible things that to occur and

1462

01:04:46,750 --> 01:04:41,900

it reminds me of something to do

1463

01:04:50,380 --> 01:04:46,760

with the 1980s late 1980s and 1990s when

1464

01:04:53,140 --> 01:04:50,390

people on the amtrak trains that went

1465

01:04:57,390 --> 01:04:53,150

from philadelphia to wilmington and

1466

01:05:00,190 --> 01:04:57,400

onward towards baltimore and washington

1467

01:05:02,890 --> 01:05:00,200

there were a lot of people who were on

1468

01:05:05,769 --> 01:05:02,900

that train and they would report hearing

1469

01:05:07,690 --> 01:05:05,779

voices in their heads during the time

1470

01:05:10,539 --> 01:05:07,700

really that they were on the train and

1471

01:05:13,269 --> 01:05:10,549

these were people who did not have a

1472

01:05:15,789 --> 01:05:13,279

history of psych psychiatric conditions

1473

01:05:17,049 --> 01:05:15,799

they lived ordinary lives and when they

1474

01:05:20,769 --> 01:05:17,059

weren't on the train they were not

1475

01:05:22,750 --> 01:05:20,779

hearing the voices okay and it was

1476
01:05:25,930 --> 01:05:22,760
reported in the New York Times at one

1477
01:05:28,029 --> 01:05:25,940
point like an article about people

1478
01:05:30,220 --> 01:05:28,039
hearing voices and how it could you

1479
01:05:32,559 --> 01:05:30,230
possibly project a voice inside

1480
01:05:35,710 --> 01:05:32,569
someone's head and as it turns out it

1481
01:05:38,470 --> 01:05:35,720
seems you can do so no they just yeah

1482
01:05:40,750 --> 01:05:38,480
and you know it harks back to days of

1483
01:05:43,599 --> 01:05:40,760
MKULTRA and so forth and in fact a

1484
01:05:45,880 --> 01:05:43,609
friend of mine who lives in Wilmington

1485
01:05:48,279 --> 01:05:45,890
Delaware had a son that was traveling

1486
01:05:50,980 --> 01:05:48,289
along that route going up to Philly and

1487
01:05:54,370 --> 01:05:50,990
back to wilmington and he had some very

1488
01:05:56,079 --> 01:05:54,380

strange experiences of that sort and you

1489

01:05:58,750 --> 01:05:56,089

know he was in his 20s he wasn't a

1490

01:06:01,870 --> 01:05:58,760

psychiatric patient and so you know I

1491

01:06:05,890 --> 01:06:01,880

had some actual confirmation on that

1492

01:06:10,089 --> 01:06:05,900

story so um I wonder if something like

1493

01:06:11,859 --> 01:06:10,099

that could have happened to the the head

1494

01:06:13,660 --> 01:06:11,869

of that train the engineer of that train

1495

01:06:15,640 --> 01:06:13,670

I'm not saying it was it's just

1496

01:06:19,150 --> 01:06:15,650

something that went through my evil

1497

01:06:21,010 --> 01:06:19,160

little mind yeah yeah yeah yeah that's

1498

01:06:23,380 --> 01:06:21,020

the one Joe Biden travels on the gray

1499

01:06:26,170 --> 01:06:23,390

Joe Biden traveled the part of it from

1500

01:06:28,809 --> 01:06:26,180

from Wilmington down to Washington for

1501

01:06:32,200 --> 01:06:28,819

years right maybe the voices were in his

1502

01:06:35,260 --> 01:06:32,210

head too well maybe so I don't know in

1503

01:06:37,450 --> 01:06:35,270

any case a lot of the loving lawmakers

1504

01:06:39,160 --> 01:06:37,460

travel down the amtrak route it's true

1505

01:06:41,620 --> 01:06:39,170

actually them do love you know that's

1506

01:06:44,260 --> 01:06:41,630

interesting that is true that is true oh

1507

01:06:46,900 --> 01:06:44,270

and if you could influence lawmakers far

1508

01:06:52,829 --> 01:06:46,910

for the front far from the only one yeah

1509

01:06:56,049 --> 01:06:52,839

but it people in the Philly to

1510

01:06:57,640 --> 01:06:56,059

Washington stretch would come

1511

01:07:01,390 --> 01:06:57,650

playing about hearing voices in their

1512

01:07:03,849 --> 01:07:01,400

heads and that this stretch where the

1513

01:07:06,339 --> 01:07:03,859

train went out of control is about 15

1514

01:07:09,640 --> 01:07:06,349

miles north of the stretch that began

1515

01:07:10,749 --> 01:07:09,650

but still it seems very coincidental may

1516

01:07:12,489 --> 01:07:10,759

have nothing what they may have

1517

01:07:15,870 --> 01:07:12,499

absolutely nothing to do with the other

1518

01:07:18,609 --> 01:07:15,880

but it's worth thinking about ya okay

1519

01:07:20,650 --> 01:07:18,619

okay well if anybody out there has any

1520

01:07:22,719 --> 01:07:20,660
